

The Eternal 1291

Chapter 1291-Mr Quan

“Head shopkeeper’s wisdom is unparalleled in the world. I have no doubt about it,” grandma sunflower said.

“You’re too kind, granny.” Han Junting smiled. The mission this time was only to bid for the divine sword Star Destroyer. I didn’t expect to find the second wood spiritualism by accident. This can be considered our opportunity. That Yunxiao’s target should be the spirit disc and the supernova sword, so he won’t leave new Yan city for the time being. Let’s go back and make some arrangements.”

At the same time as Yunxiao killed the man in blue, in a desolate land a hundred miles away ...

Feini glared at the person in front of him and said coldly, “Quan, I’ve already given you a clear answer about the deal, so don’t even think about it!”

The man who imitated Yunxiao’s aura and tricked feini out was none other than man Quan from the demon clan. With a calm face, he said, “I hope young master feini can consider this carefully. Your bloodline is not pure and the heavenly Phoenix Nirvana body has reached its limit. Instead of slowly disappearing from the ranks of geniuses, it’s better to take a gamble and perhaps be reborn.”

Feini’s expression changed and she said angrily, “Quan, you’re really scheming. You even know my situation!” Where did you get this information from?”

The shock in her heart was indescribable. The fact that her body had reached the limit of the bottleneck was her biggest secret, and no one else in the world knew about it.

Even in the long family, the head of the long family, who attached great importance to her, did not dare to say it.

If she couldn’t break through the bottleneck, her status and position in the long family would plummet. This was something she couldn’t bear.

"I can't disclose the source of the information, but I'm determined to get the celestial Phoenix blood. And from the change in the young lord's expression, it's most likely true."

even if I use your method to break through to the nine-stars Martial Emperor by luck, my Heavenly Phoenix Nirvana body will definitely collapse once I lose my bloodline. I'll never be able to make any further progress in my life. feini said coldly.

"Not necessarily," Quan said, "there are so many magical powers in the world that it's hard to count. There's bound to be one that suits you. Moreover, that distant time was not something that should be considered now. Young master's top priority now is to break through the shackles of the cultivation body and step into the nine stars realm."

"I've already thought of a way to break through, you don't have to worry about it." The corner of Fei NI's lips curled up as she sneered. If there's nothing else, please get lost, Quan!"

"I know what you're trying to do. You're using the power of the tenth-grade divine fire of the Phoenix," Quan said with a frown. "It's feasible and very suitable for you." But, would Yunxiao give you such a precious thing so easily? Even if you take the initiative to express your goodwill, the other party doesn't seem to be interested."

"Get lost!"

Fei NI's expression changed and she was instantly filled with anger. Rings of flames surged out from her body and it was as if the sky was filled with red clouds as they burned brightly!

A cold light finally flashed in Quan's eyes. since the deal is off, I can only offend you. Because I'm determined to obtain the celestial Phoenix blood today."

His aura turned cold as he looked at the flame from afar. His face was calm and indifferent, as if Fei NI's power was nothing in his eyes.

"You dare to underestimate me!"

Feini's expression turned cold. Her ten fingers moved repeatedly and the image of a fire Phoenix slowly appeared behind her. It carried endless flames and stood tall in the dark night.

"Let me see how strong your Heavenly Phoenix Nirvana body is." Quan nodded in appreciation.

"Eight Treasures fire butterfly!"

Feini flicked her fingers and spread out her hands in front of her. The fire Phoenix behind her exploded with a bang.

In the next moment, eight streams of fire surged around the spring, coming from different directions.

Quan's expression turned serious. Feeling the temperature of the flame, he didn't dare to be careless. He put his fingers together and formed a seal in front of him.

A similar crimson red light flashed on his fingertip, jumping around like lightning and making an ear-piercing chirping sound.

"Bang Bang Bang!"

The fire burst out and turned into eight fire butterflies, flapping their wings.

Each of the butterflies had a strange formation pattern on their wings, and they were all as fast as lightning, swarming down in an instant.

Suddenly, the wings of one of the fire butterflies were set on fire. bang! With a loud explosion, a terrifying power surged out from it.

Quan's pupils shrank, and two fingers drew in front of him. A red circle appeared, as if it had directly cut a piece of space.

“BOOM!”

The terrifying flame rushed down and hit the red circle, but it was bounced off.

The other seven fire butterflies also flapped their wings. With every flap of their wings, the flames on their bodies would increase a little, and their energy would continue to rise.

Quan’s face sank and a trace of surprise flashed through his eyes. A furry thing suddenly appeared on his palm and the sharp claws at the front of his two fingers turned dark green.

The two fingers of the big furry hand pointed out repeatedly and quickly drew a circle in front of him.

In the blink of an eye, dozens of strange circles of various sizes appeared in front of him. They were crooked and flashing. Each circle seemed to cut a piece of space, like a dozen circular patches stacked on top of each other and wrapped around the body.

The seven fire butterflies flew down in a flash, and their bodies suddenly exploded in the air!

“Bang Bang Bang!”

The terrifying power of the flame rushed down and poured into those rings of light. In an instant, all the Rings were filled with flames, turning into a vast sea of fire that swallowed the spring.

it’s useless. No matter how heaven-defying the power of an eight-stars Martial Emperor is, it’s impossible for him to defeat me.

A calm voice rang out, and a circle with a radius of several feet was suddenly drawn out in the sea of fire. It was pushed open like a door.

A pitch-black vacuum was suddenly revealed in the sea of fire. Quan crossed his hands behind his back, his face becoming somewhat demonic, and the light in his eyes had turned dark green.

Feini's expression changed. She bit her red lips and disappeared into the night.

"Vein-breaking light flame!"

A light shout rang out, and the sky above the spring suddenly split open. A beam of light spread out in a fan shape, and suddenly struck down!

between martial sovereigns, one star is different from the world. Even the legendary Heavenly Phoenix Nirvana body can't make up for this one star difference? "

Quan raised his hand, and a red light flashed on his green fingertips. With a " shua shua shua " sound, it was as if the sky had been smashed, and countless red lights scattered like earthworms.

"Bang!"

When the vein-breaking light flame slashed at the tip of his finger, the sky trembled and the cracks became more dense, but it did not shatter.

Quan raised his head and his dark green eyes turned cold.

When their eyes met, feini's body trembled and she lost control of her mind.

"Not good!"

...

In an instant, feini regained her senses, but that was enough time for her to die.

He screamed in his heart, and a sense of death welled up from the bottom of his heart, as if he had fallen into an ice cave!

“Profound record finger!”

Quan’s dark green claws enlarged in her eyes, and a sharp light instantly broke through her defense. It hit the life gate on her shoulder armor, and with a “bang,” she burst into a pool of blood.

Feini’s entire body convulsed in pain and curled into a ball in the air. Rings of flames spread out around her like a fireball.

One of the eight gates, the life gate, had been broken by a single finger. To experts with special physiques like them, it was undoubtedly a fatal injury!

At this moment, not only was the elemental energy in feini’s body in chaos, but her Heavenly Phoenix body was also starting to collapse. Her smooth skin instantly dried up and flames would burst out from time to time.

She hugged herself in pain and moaned in a low voice.

“Heavenly Phoenix Nirvana body is only so-so, is it because your strength is not enough, or is it that you only have this much power?”

Quan retracted his demonized hands and returned to his warm skin. He walked towards feini. to be honest, I can’t help but feel a little disappointed.

The trembling on Fei NI’s body became weaker and her face turned pale. The flames around her body became smaller and smaller, and there were signs of extinguishing.

...

“Should I directly turn you into a pill, or should I take you back and slowly cook you?”

Quan's face showed a difficult expression, and he hesitated, "The life force in your body is flowing away too quickly. If you die, the medicinal properties will be greatly weakened. If I want to concoct pills now, I still have a few medicinal catalysts that I haven't found, so I can only concoct pills of lower quality."

tsk, tsk, I didn't expect you to be an Alchemist. There aren't many demons who know about the art of alchemy.

Suddenly, a "tsk tsk" sound of praise came from the void.

It was just that the praise seemed to be filled with endless coldness. It sounded emotionless, but it made people feel a bone-chilling coldness.

Quan's face changed, his eyes turned into the dark green demon eyes again as he looked at the void and sneered, "There aren't many demons who are familiar with the Dao of magic? Have you forgotten that when our high priest, Lord AI, came to the sea of soul formation, he defeated all your ninth-tier alchemists in a row, and no one dared to fight him in the end?"

The voice mocked, "AI?" I have to say that he's a genius in the arts, but why did he leave in the end?"

"In that battle, you humans, Gu Feiyang, used underhanded means and was despicable. That was how you won by luck," Quan said coldly.

The voice laughed, "hehe, despicable?" Victory is the truth. Even AI du understands this principle, so don't tell me you don't?"

Quan's face sank and he said coldly, "What's the use of talking about the past? Now that you've appeared, are you trying to reason with me?"

"Swish!"

The voice spat disdainfully and said, "There's a difference between humans and demons. Do you understand my human logic?"

Quan suppressed the anger in his heart and coldly said, "Then you want to watch me refine pills?"

no, no, no," the voice denied. I just want to teach you how to be a good person.

"Oh? I really want to know how to be a person!"

The green light in Quan's eyes turned cold, and he said, come out, li Yunxiao!

Not far from the fireball, the space blurred, and Yunxiao's figure slowly appeared.

His face was as calm as water, and no emotion could be seen. He looked down as if he had seen all the changes in the world. He was as indifferent as the stars in the sky, without a trace of life.

Quan suddenly sucked in a cold breath. For some reason, a chill surged up his spine and he felt cold all over.

Chapter 1292

1292 So principled

Quan couldn't help but be shocked.

Yunxiao was only a seven-stars Martial Emperor, so how could he produce such a powerful aura? he could make him shudder with just a single glance.

Moreover, Quan was also an Alchemist, and his mental power was extremely strong. Even if he ran into a powerhouse of the same level, he would more likely win than lose.

He couldn't help but be on guard, knowing that he had encountered a strong enemy that couldn't be underestimated!

Yunxiao looked away and glanced at feini, who was not far away. She had fallen into a coma, and her vitality was constantly dissipating.

He took a step forward and appeared next to the fireball. He reached out his hand and grabbed the flames.

“Get lost!”

Quan’s eyes focused and a red finger light shot out.

“Swish!” Yunxiao’s body was pierced through by the beam, leaving a big hole in it.

The hole was surrounded by green lightning, flashing non-stop, and there was no flesh or blood.

In the blink of an eye, the hole closed up on its own.

Yunxiao did not look back at him during the whole process. He reached out his hand and grabbed feini, then with a flash between his eyebrows, he put her into the divine realm tablet.

Quan’s pupils shrank, and he said coldly, “ body turning into lightning! A Supreme grade profound level weapon!

Yunxiao frowned, then turned around and said coldly, “Who are you? You actually know that I have a Supreme grade profound level weapon.”

“Oh, you didn’t even deny it?” Quan asked.

why should I deny it? ” Yunxiao sneered. I’m not going to deny it.

Quan’s face darkened, and a trace of anger flashed in his eyes, “ you’re so confident that you can keep me here? ”

His expression became extremely unsightly, and he said, "I can feel that your strength is even more terrifying than the rumors say. At this moment, I really don't want to fight with you. As long as you hand over the heavenly Phoenix Nirvana body, any conditions can be discussed."

what if my condition is to skin you alive?" Yunxiao said coldly. What if I do? "

Quan was furious, but he suppressed his emotions. from what I know, feini also wants to take your Phoenix divine fire. Although she took the initiative to approach you, her motives are not pure. You don't seem to be interested in it, do you?" Why would you make an enemy out of me for an annoying woman?"

No. Yunxiao shook his head and sighed. even if I hate a person, if she suddenly says she likes me, I won't hate her at all. It can't be helped, I'm just that principled, I can't hate someone with good taste."

"Haha, what a narcissist! Then, is today's battle unavoidable?"

Quan was so angry that he laughed. His aura continued to rise, but he still held a glimmer of hope.

Yunxiao raised his head and stared at him coldly as he said, "Tell me who you are, and I'll think about it. Maybe I'll let you go."

"No need! I'm determined to obtain the heavenly Phoenix Nirvana body. Let me see what kind of strength the number one person of the younger generation in this continent has to be worthy of this title!"

Quan's eyes turned cold and a force exploded from his body. The surrounding space shook and became dazed.

His body swelled up by more than half, and his clothes were torn apart, revealing his furry arms and upper body.

His face also turned extremely ugly, and his two ears kept sticking up, becoming long.

A powerful demonic energy swirled around him. The faint green elemental energy almost materialized, causing the space to become unstable and spin in a spiral direction.

As soon as Yunxiao appeared, he gave him a great sense of oppression, so he did not dare to be careless and completely transformed into a demon.

“Bang!”

The space where Quan was suddenly split open and he disappeared, leaving behind a pitch-black void and bits of dark green essence force.

“BOOM!”

In the next moment, a huge tremor came from above Yunxiao. The dark night began to spin like clouds, and a furry fist reached out of it.

Wherever the fist landed, the entire space was twisted and shattered by the spinning power. An indescribable force fell like a meteorite to the ground, as if the entire sky was collapsing.

Yunxiao’s face flickered with horror.

Quan’s cultivation level was only at the beginner nine-star level, but the power of this punch had far exceeded that of an ordinary beginner nine-star.

He didn’t dare to be careless. His entire body turned golden, and the muscles on his arms bulged. He roared and threw a punch!

“BOOM!”

A golden vortex gushed out, and as the two forces collided, the night sky churned, shaking the entire world!

“What?”

Quan was greatly shocked. The physical strength of the demon race was far above that of the human race, and he himself was an expert.

The punch that was originally full of confidence actually came to a draw with the other party!

This caused a huge wave in his heart, and he could not accept the reality in front of him!

Yunxiao’s primordial energy rolled in his body, and every pore in his body opened. Part of the demonic energy that the other party had sent into his body was directly absorbed, while the rest was expelled from the surface of his skin.

Dan Quan was, after all, very intelligent. After a brief moment of shock, he came back to his senses. His dark green eyes focused, and his entire figure became blurry.

“You want to leave?”

Yunxiao sneered. He narrowed his eyes, and the power of the moon pupil emerged, turning the entire space demonic.

Quan’s originally blurry figure suddenly solidified!

“What?”

He was shocked again, but this time, he did not have time to think, because a sword beam bloomed in Yunxiao’s hand and came slashing at him from the air!

“Profound record finger!”

Quan Meng gritted his teeth, put two fingers together and shot down!

...

“Bang!”

The finger radiance was broken by the sword Qi.

Yunxiao was extremely fast. In the blink of an eye, he had closed in on Quan and swept out like a cold sword, aiming at his head.

“The brocade staff!”

In his shock, Quan hurriedly grabbed in the air, and a completely gray stick appeared in his hand, which he suddenly smashed towards the sword light!

There were countless patterns carved on the staff. Under the infusion of demonic power, the originally gray staff suddenly became bright and emitted a golden light.

“Bang!”

The two weapons collided with each other, and the sky was split into two!

Yunxiao felt his arm go numb, and then the frost Sword was knocked back. He looked at the blade with a pained expression.

Other than the loss of some of its spiritual energy, the sword was completely unscathed. Only then did he feel relieved.

Quan, on the other hand, was shocked again. A gap had been cut off on the endless staff!

...

“?! What kind of profound level weapon is this?”

Quan took in a cold breath. He knew how powerful this stick was, and now he understood how terrifying the ice sword was.

no matter what profound level weapon it is, you’ve already stirred up my killing intent!

Quan’s face was gloomy. He waved the brocade staff in his hand and struck out a shadow of the staff. The roar of wind and thunder came from it and fell all over the sky!

Yunxiao turned into a bolt of lightning and retreated. He put away the cold sword and the frost, then picked up the hammer and raised it high.

“BOOM!”

Lightning suddenly flashed and Thunder rumbled. Rings of lightning stars condensed around him, and a large number of lightning runes floated up from his body. It was as if the god of lightning had descended.

“Green lightning Dragon!”

With a loud shout, he grabbed the hammer and smashed it down!

“BOOM!”

A Thunder Dragon appeared under the hammer’s strike. It raised its head and roared. With a boom, it rushed into the sky full of staff shadows.

Every time the rod fell and hit the green lightning Dragon, there would be a violent sound of wind and thunder, and tens of thousands of lightning rays would burst out.

The Golden staff shadow and the power of lightning intertwined and devoured each other.

Dan Quan's body was surrounded by the staff's shadow, and the Thunder Dragon could not get close at all. Soon, it was suppressed by the splendid staff, like a trapped beast.

"Hmph!"

With a sneer, Yunxiao turned back into his physical form and raised one hand to hold the box. The patterns on it brightened and silver light flowed.

"Whoosh! Whoosh! Whoosh!"

Twenty-four Northern heaven cold star swords flew out and formed a formation around the spring. Immediately, a sea of sword Qi spread out.

Quan's pupils shrank. As soon as the Sea of Swords rose, he felt a chill in his heart and realized how terrifying the formation was. Instead of tangling with the Thunder dragon's heart, the cudgel swept out a golden light and hit the Thunder dragon's head, causing a monstrous Thunder light.

With a flash, he broke through the void and tried to escape out of the heavenly Sword picture.

"Get down here!"

Yunxiao's figure flickered as he teleported directly above the spring, then suddenly formed a seal with both hands and smashed down.

"Boundless heaven and earth, six paths reincarnation!"

The heaven and earth golden seal was formed and fell down with a loud bang. It merged the power of the four extremes of heaven and earth into one seal and covered the entire area.

Quan Jing was furious. He swung his long stick, grabbed it with both hands, and roared at the golden seal!

“BOOM!”

The seal was smashed into pieces by the brocade staff, and Yunxiao's body was also hit by a great counterforce, sending him flying hundreds of meters away. He felt a suffocating feeling in his heart and a salty taste in his throat.

The spring was blocked by the heaven and earth seal and fell into the formation again.

In just a breath's time, the sharp sword intent had already increased several times in strength. The 24 Northern heaven cold star swords were like stars, stabbing into the sky in fixed positions.

A golden sword talisman slowly appeared above the formation diagram. The surrounding space could not withstand the sword force and began to twist and change.

Quan's pupils contracted, and his eyes burst with a fierce light. The brocade staff danced around him.

The dense staff shadows formed a golden barrier, separating the Sea of Swords.

Yunxiao's eyes flickered with ridicule as he made a hand seal in the air.

All of a sudden, the 24 Northern heaven cold star swords exploded with a 'clang' and began to vibrate.

The sea of sword Qi surged with waves of air, surging toward the Golden barrier.

The sword talisman in the sky turned into a huge sword and slashed down!

“BOOM!”

The sword-shaped sword fiercely slashed on the Golden barrier. The sky trembled violently, and the surrounding space was shattered. Only the sword-shaped sword was left in the sky, and it kept stabbing into the barrier.

you want to kill me? impossible!

Quan’s face was ferocious, and he roared repeatedly, waving the long staff in his hand faster and faster.

The barrier that was about to collapse suddenly became solid, and the golden light expanded greatly before it shook violently!

“Bang!”

The sword shape of the heavenly Sword picture suddenly shattered like glass, turning into specks of fluorescent light and disappearing.

Quan heaved a sigh of relief, his eyes revealing great joy.

But in the blink of an eye, his pupils suddenly widened as he saw a stream of light falling rapidly, turning into an immortal monument and pressing down!

Chapter 1293

1293 Nirvana body of Heavenly Phoenix

The immortal monument shone with light and golden rings of stars circled around it. Countless Maha ancient characters surged out and a white power of the world spread.

Quan’s body trembled violently. Under the suppression of the monument, the entire time and space were crushed, the universe was overturned, and the universe was shaken!

The brocade staff in his hand suddenly rose up and hit the cauldron on the divine realm tablet!

“Bang!”

The divine realm tablet pressed on the head of the stick, and a golden light burst out. The stick cracked instantly, breaking into pieces and collapsing continuously.

Quan’s pupils shrank, revealing an unconcealed shock. He cried out, ” “A Saint artifact!”

His expression turned unsightly, and three feathers suddenly appeared in his hand, which he threw into the sky.

The three feathers were grey in color and nothing seemed out of the ordinary. However, the space around them rippled slightly.

Yunxiao’s face darkened, and a cold light flashed in his eyes. you want to leave? ”

The moon pupil suddenly appeared, and strange symbols condensed around the pupil. Under the power of the pupil, the space within a hundred feet of the spring instantly froze and became as strong as an iron bucket!

Quan’s expression changed slightly. Although he was surprised, he didn’t panic.

The three tail feathers drifted down like ink, and the space became a little unreal.

Yunxiao’s body trembled. Under the power of his lunar pupils, Quan’s figure gradually became blurry!

“Pupil technique-mirror flow!”

Yunxiao's heart skipped a beat. He immediately cast the heaven-peeking eye technique, trying to mirror everything he saw in front of his eyes.

The pupils of the moon eye rippled like water, and a world that was exactly the same as the outside world was reflected in it.

However, his pupils suddenly shrank, revealing a look of horror!

In the entire mirror world, only Quan's figure was missing.

"I won't give up on the heavenly Phoenix Nirvana body."

Quan's figure became fainter and fainter in the dark night. The brocade stick was completely shattered. The divine realm tablet pressed down, and the White power of the world swept him in.

However, it was just an afterimage. It completely dispersed in an instant and disappeared into the sky.

"Bang!"

The three tail feathers burst into flames.

Yunxiao teleported and tried to grab the three feathers, but they were burned to ashes in the blink of an eye. What he held in his hand was only a little black ash and a few thin gray feathers.

He placed the few strands of feather in front of his eyes and observed them carefully. Suddenly, his body trembled, and he revealed a look of shock and realization.

It's the tail feather of this thing. No wonder it has such a powerful spacetime rule. Even my moon pupil and divine realm tablet can't suppress it!

Yunxiao pondered for a moment, then turned around and disappeared into the dark night.

Although this place was far from new Yan city, the sounds of their battle and their elemental energy fluctuations could still be heard.

After a long time, various Scouts appeared from time to time, but they all returned without success.

After defeating Mr. Quan, Yunxiao returned to the Purple Room in the sacred land of serenity.

He entered the divine realm tablet at once.

Feini was still unconscious. Her body was curled up like a baby sleeping soundly.

The flames around him had already shrunk to a radius of several Zhang, and they were in danger of being extinguished at any moment.

A white light emerged in front of Yunxiao, and it was Yuan gaohan. With an impatient look on his face, he said, "What's the matter now?"

However, his gaze was immediately attracted by the fireball. After staring at it for a while, he asked with some uncertainty, "Heavenly Phoenix Nirvana body?"

it seems that I've found the right person," Yunxiao said. how much do you know about the Nirvana body of the heavenly Phoenix? "

Yuan gaohan's face sank and he coldly said,"Could this woman be from the long family of the sky mountains? I've heard that the long family has a young master with the bloodline of the ancient celestial Phoenix." His eyes flashed with anger as he stared at Yunxiao.

yes," Yunxiao nodded. it's the young master of the long family, feini.

Yuan gaohan patted his head, a feeling of powerlessness spreading in his heart. Finally, he couldn't help but explode, angrily shouting, "You f*cking keep causing trouble outside all day! He had offended all seven superpowers! You'll be courting death sooner or later! How did I know someone like you!"

Yunxiao shrugged and said with a smile, "We already know each other. What do you want to do?"

Yuan gaohan was so angry that he almost vomited blood, wishing he could rush up and tear him to pieces. After a long time, he finally calmed down and gritted his teeth, "Tell me, what did you call me out for? Don't tell me you want me to help you refine this Heavenly Phoenix body into a pill?"

what?" Yunxiao asked in surprise, "can you increase your strength by refining pills and eating them? If it's possible, I don't mind you helping me."

Yuan gaohan's eyes were cold as he said, "If you refine the young master of the long family into a pill, there will no longer be a place for you in this world!"

Yunxiao picked his ear and asked curiously, "Eh, why does this sentence sound so familiar? it's like many people have said it to me before."

Yuan gaohan was completely powerless and really didn't want to talk to him anymore, so he waved his hand and said, "Tell me, what do you want me to do? I've finished refining the rest of the northern heavens cold star sword, and the agreement between us is about to be fulfilled. After that, we will part ways and have nothing to do with each other."

we'll part ways in the divine realm tablet," Yunxiao said with a chuckle. we can still meet again in the heavenly martial realm.

I don't want to see you again in this life," Yuan gaohan said coldly. hurry up and tell me what you want me to do. I'll leave once I'm done!

"Hahaha."

Yunxiao could not help laughing. After a while, he said, "How much do you know about the heavenly Phoenix Nirvana body? Tell me everything, I've only heard of this kind of physique."

"I don't know much either," Yuan gaohan muttered to himself. It was said that ancient phoenixes were immortal and could be reborn from the ashes. The heavenly Phoenix Nirvana body is a special Constitution that is stimulated by the Blood of the Phoenix. It can continuously be reborn, causing the body to gradually approach perfection."

He paused and said with uncertainty, "it's similar to a divine body. It can be classified as a type of divine body, right?"

if she's constantly being reborn," Yunxiao said with a frown, "then, in her current state, even if I don't care about her, she can be resurrected by herself?"

Yuan gaohan said, "maybe we can. Maybe we can't. Even if we can, it won't be a short time. It might take a long time. However, you have the true Phoenix Flame. If you are willing to help her, then it will be different. It's said that phoenixes rise from the ashes. The level of the flames around her is too low. If she wants to gather the power of Nirvana, God knows how long she will have to wait."

...

Yunxiao hesitated and said, "What if I accidentally burn her to death if I use the divine flame to help her?"

Yuan gaohan's eyes almost popped out as he angrily said, "What nonsense are you saying! She had the Nirvana body of the heavenly Phoenix, and was immune to all fire! Moreover, this is your space of the transcendent grade profound armament and you can do anything you want. How could you possibly burn her to death, unless you did it on purpose!"

Yunxiao laughed a few times, then pointed a finger in the air. A stream of flame appeared out of thin air and fell from the ninth heaven, wrapping the fireball where Feini was and burning it.

Feini's curled up body seemed to tremble slightly before she stopped moving again. However, her pale face seemed to have become more peaceful.

"You can't hurt this woman," Yuan gaohan said in a deep voice.

"Oh, the long family members all have the bloodline of the ancient true spirit. Is she more special?"

Yunxiao looked calm, but he was a little curious.

"Indeed!" Yuan gaohan said. The blood of the celestial Phoenix was one of the most difficult bloodlines to pass down, appearing only once every tens of thousands of years. And most importantly, it's said that when the bloodlines of the true dragon and the heavenly Phoenix are combined, they will produce unimaginable power."

I see," Yunxiao said. the bloodline of a true dragon is not rare, but the concentration of the blood varies. As for the blood of a Heavenly Phoenix, it's really rare to hear of it.

that's right," Yuan gaohan said. the head of the long family will definitely arrange a mate with extremely thick dragon blood for her. When the two of them combine, not only will their strength increase, but the potential of their descendants will also be immeasurable.

Yunxiao's face turned strange as he said, " "You've already chosen your spouse? Then if this woman is with another man,"

...

"Then this man must be the mortal enemy of the entire long family!" Yuan gaohan snorted coldly. "You're not the man you're talking about, are you?" he asked with a strange expression.

"Haha, what a joke!"

how could it be me?" Yunxiao said in embarrassment. I was just asking.

"That's good," Yuan gaohan nodded. Although you're extremely powerful and have endless potential, there are still many terrifying existences in the realm of heavenly martial arts. Even though the sanctuary seemed to be the sovereign of the world, there were still many existences that they did not dare to offend. Long qianmiao, the head of the long family, is definitely one of them!"

Yunxiao frowned. long qianmiao has always been the most mysterious man among the seven sect Masters. Even I have never seen him before. What kind of person is he? " What kind of bloodline does he have?"

Yuan gaohan's pupils contracted,"apart from the long family, I'm afraid no one else knows about this." I have never seen this person in action before. However, his strength is definitely one of the top among the seven sect leaders. Therefore, you must not provoke their people, especially this woman!"

Yunxiao nodded and said, " I understand. The long family rarely moves around the continent, so if they don't come to provoke me, I won't be interested in provoking them either."

"I hope so," Yuan gaohan said. The last batch of Northern heaven cold star swords will be completed in a few days. I hope that I can have a meeting with you."

Yunxiao pondered for a moment and said, " no problem. I will keep my promise. You can choose the time and place.

I'm trying to reach the peak of the art Dao with my two souls combined, " Yuan gaohan said with a serious expression. I hope you can protect me.

what? " Yunxiao's body trembled slightly. do you think the Holy region is not safe? "

Yuan gaohan said, " I don't know if it's because of excessive bow and snake shadow. I keep feeling that the atmosphere in the Holy region has been a little strange recently. Even though you're an unreliable person, you still have your word."

then you can let your true self come to my divine realm tablet to break through to the peak, " Yunxiao said with a smile. I'll help you.

Yuan gaohan shook his head and said, " the world inside this Saint artifact is still in the initial stage of evolution. The power of the various rules is still shallow. It won't be a problem for it to advance normally. However, you should know how difficult it is to reach the peak of the art Dao."

Chapter 1294-six ding six Jia

if you succeed this time, your achievements in the art of Dao will be enough to rank in the top five of the entire human race," Yunxiao said. only Lu congzi and Tian zhaozi can slightly beat you.

"The world is so big, and there are countless people with extraordinary abilities. The higher you go, the more you feel how small you are," Yuan gaohan sighed.

Yunxiao laughed and said, " "You're right, but those who can truly make you and I fear hiding from the world are as rare as Phoenix Feathers and water chestnuts, almost negligible. As long as you can succeed this time, you will definitely be one of the top five in our clan!"

"I'll see what I can do. If there's nothing else, I'll take my leave first," Yuan gaohan said.

His figure slowly faded in the air until it disappeared.

Yunxiao pondered for a moment, then observed feini's condition. He found that in the divine flame, her pale face was gradually regaining some color.

Moreover, the self-protecting life-force fire around her body had long been withdrawn into her body. At this moment, she was completely immersed in the divine fire, as if she had returned to the embrace of her mother. Her peaceful face was written with unspeakable comfort and satisfaction.

"Hmm, it seems that she'll be fine for a while."

Yunxiao breathed a sigh of relief and ignored her.

Instead, he flipped his hand and a few storage Mystic artifacts appeared in his palm. There were three rings, a bracelet, and a few cloth bags.

It was the item left behind by the blue-robed man after his death.

Yunxiao took out a purple jade slip from his bracelet, put it on his forehead, and began to read it carefully. Soon, he fell into deep thought.

The Jade slip contained a general outline of the puppetry art. It was all-encompassing and breathtaking, and it recorded a total of one hundred and eight methods of refining puppets.

Puppets were a 'special profound artifact' derived from profound artifacts, so Yunxiao had a certain understanding of them. But, after reading the Jade slip, he was shocked beyond words.

The Jade slip contained a detailed explanation and classification of various puppets, as well as some incredible ideas.

For example, the armor-type puppets that had appeared many times in the MU family had more than a dozen forms, and the most advanced form had also appeared in the East Sea, which was the mountain-splitting heavenly ding.

There were also some ideas about puppets, which could be formed in a set like a combined profound level weapon. As long as one cultivated a kind of divine sense that could turn spiritual thoughts into threads, one could control many puppets at once, and inscribe a strong enough formation on each puppet, and embed many simple martial arts techniques, making each puppet unique.

Yunxiao was extremely shocked. This Jade slip was definitely recorded by the ancestors of the MU family, because the method of controlling a complete set of puppets had been developed to the acme of perfection in the MU family, and the divine power of transforming beans into soldiers was based on this.

The man in blue was already dead, and his identity was a mystery. Perhaps the star and moon school would know, but it was no longer important.

Yunxiao could not help but regret killing this man. Otherwise, he would have been a great help to him.

And at the back of the purple jade slip, there were some contents that made his heart race!

And the name of the owner of the Jade slip: Mu Chen.

Mu Chen wrote down a paragraph at the end of the Jade slip. The ultimate concept of puppets was to develop their intelligence. Just like how plants could transform, a new race would be born. They would have their own thoughts and be able to comprehend the heavenly Dao on their own.

At that time, the puppet would be able to evolve on its own and advance forward through its own cultivation.

Furthermore, Mu Chen had even listed more than a dozen attempts, as well as the problems that arose, the reasons for failure, and so on.

All living things in the world could absorb the essence of the sun and the moon and transform into spirits.

However, the process was extremely slow and complicated. Existences like the ancient evergreen and the Kunwu Divine Tree had unique advantages, but it was more difficult to transform.

The simplest form of transformation was the spirit of the profound level weapon.

With the understanding of the rules of heaven and earth and the structure of all living things, alchemists could disassemble and reassemble all kinds of heavenly materials and earthly treasures, and the 'profound artifacts' that were born were the crystallization of wisdom, and it was the easiest for them to produce artifact spirits.

However, this kind of Artifact Spirit was only a spiritual existence with dense emotions, and it did not have true intelligence. Unless it was the kind of profound level weapon where the external soul was forcefully injected into it, forcing and refining it, turning it into a weapon spirit, just like the parasite in the star sword slash.

According to Mu Chen's analysis, the reason why the weapon spirit could not develop into a complete intelligent body was that it was limited by the structure of the profound level weapon itself and the time was too short.

He believed that there must be a perfect profound level weapon structure and method that could "mature" the weapon spirit in an extremely short time, turning it into an intelligent life form like humans.

For this reason, he had collected all the treasures in the world, and after countless experiments, he had created a puppet that he believed to be the most perfect-the Royal armor!

Even though Royal God's pet did not achieve independent intelligence in the end, its intelligence had taken a qualitative leap from the foundation of an Artifact Spirit, reaching an unprecedented level.

It was a pity that the Jade slip didn't have much to say about this Yu Tian 'er, nor did it describe in detail what the leap in quality was.

"?! You're hiding it when you're writing a biography!"

Yunxiao was extremely dissatisfied. As a fellow great Alchemist, he felt an itch in his heart, and he was very curious about the method of 'ripening' artifact spirits.

Although the little Vajra that he had randomly created was different from the perfect puppet that Mu Chen had recorded, and the process of its creation was also different, they seemed to be heading in the same direction.

If he could obtain the refining method of the Royal chariot and the various key points within it, he might be able to directly raise the gourd little guardian deity to an unimaginable level.

"Since the owner of this Jade slip is surnamed mu, he must be a member of the MU clan. Why don't we go to the MU clan to inquire about it some time?"

He thought of those arrogant and haughty families and couldn't help but laugh.

However, the MU family's image in his heart was slowly changing. From his various contacts, he could see that they were indeed an unusually powerful family. If they were to appear, they might not be inferior to the seven superpowers.

Yunxiao then checked the other few storage Mystic artifacts. In addition to some heavenly materials and earthly treasures, most of them were puppets of all kinds of strange shapes, as well as the methods of refining them.

In one of the storage bags, he also found a set of profound level puppet weapons. It was the same set of equipment.

There were a total of twelve of them, and they all had the appearance of human-shaped martial artists, looking very powerful.

Each puppet was dressed in battle armor and held various profound armaments in their hands. Their expressions were different. Some were cursing, some were laughing, some were deep in thought, and some were acting strange. They were all remarkably similar.

Yunxiao took one out and held it in his hand. It was only three inches in size, but it felt extremely heavy in his hand.

He revealed a look of surprise and scanned the puppet with his divine sense, constantly analyzing the structure of the materials.

"Purple bead, blood Firestone, Heavenly Dragon Zoysia."

He listed out the materials one by one and muttered to himself, "So it's mixed with celestial pole soil. No wonder it's so heavy. There are also a few materials that I can't sense their rhythms, so I don't know what treasures they are."

"Mao, Jia."

Two ancient characters were carved on the three-inch man's chest and back, and Yunxiao read them out loud.

He grabbed the other figurines again and placed the same words on their chest and back. In the same position, there were the words, "ding, Chou."

...

"Six ding six Jia!"

Yunxiao was taken aback. When the Jade slip explained the suit puppet technique, Mu Chen mentioned a set of puppets he had refined himself, which was called 'six ding six Jia'. It seemed that they were undoubtedly the twelve little men.

"From the Jade slip, these 'six ding and six Jia' are all ninth-ranked puppets, and each of them possesses a different martial art technique. They can fight alone, and their power is difficult to estimate. But why didn't the blue-robed man use this set of things even when he died?"

Yunxiao could not help but doubt.

If the blue robed man was able to unleash the full power of this set of profound level weapons, although the chances of him escaping alive in the end was not high, at least he would not be defeated so easily.

"Controlling a puppet requires an extremely large amount of soul power, but that person has used a giant spiritual puppet. Perhaps he has no time for other things? Or perhaps this puppet suit requires the spiritual sense thread transformation technique, and he hasn't mastered it yet?"

Yunxiao thought of many reasons at once, but he soon overthrew his own opinion and found the real reason.

This set of "six ding six Jia" was actually damaged!

He looked at each puppet carefully, and the degree of damage was different. They should have been crippled in battle.

“It’s a good thing that this information recorded the method to repair these puppets, so it’s not difficult to repair them. I only lack some materials.”

He was a great Alchemist himself, and after reading the information about these puppets, he was almost 10% sure that he could repair them.

...

“I’ll just have to fix up these six ding six Jia’s. By studying their power, I’ll be able to figure out the situation with that Royal chariot.”

Yunxiao’s mind was still occupied by the refining technique of the Royal armor.

In a flash, he went out of the divine realm tablet and the Purple Room, heading toward the new Yan city.

This was the headquarters of the merchant Union, the world’s first Merchant City, where almost all the materials could be found.

After visiting the trading area of a few major Chambers of Commerce, he had almost collected all the materials. However, because he had revealed too much wealth, he had attracted the attention of many people.

Finally, they came to a large trading area with a few words written on it: Tianyuan trading company.

The so-called trading zone was a commercial Street established by the members of the seven merchant alliances within their own territory.

Only the star and moon school, because it had just risen, had almost no attached forces. On the contrary, there were many strong enemies, which made it seem extremely lonely.

In the commercial district, in addition to their own main shops, the rest of the shops were small shops attached to the Chamber of Commerce. There were many smaller Chambers of Commerce that had no support, but they would rent a shop at a very high price as a place for external trade and business.

Yunxiao walked through the commercial Street and went straight to the main store of Tianyuan trading company.

A few familiar figures suddenly appeared in front of the wide store door, talking and laughing.

They were Han Junting, grandma Sunflower, Qin Chuan, and Zhou Chu. There were also a few people with extraordinary auras around them who seemed to be from Tianyuan trading company. They were having a friendly conversation with the four of them.

Chapter 1295

1295 Threatening

When they saw Yunxiao, they were all taken aback.

Han Junting's eyes lit up and she smiled, "Young master Yunxiao, are you here to find Ding Ling'er? Didn't I tell you that Ding Ling'er is not in the Chamber of Commerce? don't you believe me, young master Yunxiao?"

you're overthinking it," Yunxiao said. you're overthinking it, head manager Han Jun. I'm only here to purchase some materials. I've been to all the other trading zones, and I'm still missing a dozen or so."

"You are young master Yunxiao?"

A man of Tianyuan trading company asked in surprise, his eyes glittering.

Yunxiao looked over and saw a strange face.

The man hurriedly stepped forward and saluted, "I'm Su Hong from Tianyuan trading company, the manager in charge of the trading area in new Yan city. Young master Yunxiao is a distinguished guest of Tianyuan trading company. It's my great honor to meet you today! I wonder what materials you need, young master Yunxiao. If they are too precious, I'll have my men collect them immediately."

He heard that Yunxiao had gone to other trading zones, so he did not have much confidence.

The surprise on his face was not an act, but came from the bottom of his heart. The matter between Yunxiao and Ding Ling'er had spread to the whole world, and the young man in front of him might become the big boss in the future. Even the chief shopkeeper of the headquarters' trading area would have to try his best to curry favor with him.

I'm curious as well," Han Junting said. What kind of materials do you need, young master Yun? I've searched all the major trading districts, but I couldn't find them.

It's not very rare," Yunxiao said. It's just a little unorthodox. He listed out more than ten materials.

Han Junting and Su Hong listened attentively and fell into deep thought.

"Besides kongxun sand and Goblin iron, Tianyuan trading company has all the materials you need, young master Yunxiao," Su Hong said. It's just that it's too rare and can't be sold for much, so the Chamber of Commerce usually only collects them and doesn't sell them. I'll send someone to get it now. As for kongxun sand and Goblin iron, I will order people to purchase them from all over the world."

He waved his hand and immediately gave a few instructions to the people around him.

I have some kongxun sand," Han Junting said. I'll get someone to bring it to young master Yunxiao later. As for the Goblin iron, it just so happens that there's this treasure in the auction this time. Young master Yunxiao, don't miss it."

Thank you," Yunxiao said happily. Thank you so much!

Su Hong quickly patted his chest and said, "young master Yunxiao, you're too kind!" If you have any problems in new Yan city, just look for me! At the auction, if young master doesn't have enough vitality stones, you don't have to worry. Tianyuan trading company will guarantee all your bids!"

When he made this promise, the people around him were all greatly shocked.

Zhou Chu was especially unhappy and his expression darkened. He did not even look at Su Hong kindly anymore.

Qin Chuan smiled bitterly. head shopkeeper Su Hong is so generous. I'm also short of vitality stones. I have a few precious items that I want to bid for the Kasaya.

Cold sweat broke out on Su Hong's forehead as he said in embarrassment, "Young master Qin Chuan is also miss Ding's close friend. A little vitality stone is nothing to him. Tianyuan trading company will vouch for you."

Han Junting laughed, "Ding Ling 'er and Shui luoyan are the most beautiful women in the merchant Union. They've attracted the attention of all the heroes in the world." Young master Qin Chuan, I've heard that you're in love with Ding Ling 'er. Do you feel a lot of pressure at this moment?"

"Haha, a fair and graceful lady is a good match for a gentleman."

Qin Chuan raised his eyes and said with a faint smile, "I accept all challenges."

Yunxiao was taken aback. He could not help but give Qin Chuan a few more glances, and a strange look appeared on his face.

This time, among the few experts of the same generation, only han Junting and Qin Chuan gave him a feeling that he couldn't see through them. And this feeling was even more intense for Qin Chuan, who seemed to be even more difficult to deal with than han Junting.

"So you also know Ling 'er."

Yunxiao said lightly, no expression on his face.

“Hmph, what do you mean by know each other?”

“Qin Chuan and Miss Ding are childhood friends, a match made in heaven,” Zhou Chu said sarcastically. “They’re a perfect match. However, in front of these pearls and Jade, there’s a Toad. It’s really nauseating!”

Yunxiao’s face flickered as he recited, “Childhood sweethearts?”

“It’s something that happened when I was young.” Qin Chuan smiled. My family and the Ding family have been friends for generations, and I often played with Ling ‘er when I was a child. After that, I entered my master’s tutelage, and it has been eight years since I last saw Ling ‘er. I didn’t expect that I wouldn’t be able to fulfill my wish in this trip to New Yan City.”

Su Hong smiled and said, “It’s indeed unfortunate this time. Both of you are very thoughtful. When Miss Ding returns, I’ll report the visit of the two of you and head shopkeeper Han Jun to the higher-ups immediately.”

Just report their arrival to the higher-ups,” Han Junting said with a smile. My men will come again next time.

“By the way, I’m a little curious. The materials that young master Yunxiao just mentioned seem to be used to make puppets, right?”

Han Junting said with a smile in her eyes.

Yunxiao’s pupils constricted as he snorted and said, “Head shopkeeper Han Jun also knows the art of puppetry?”

“Hehe, how can a rotten wood have such ability? He was just a businessman, so he had to have some understanding of the rare treasures in the world. Moreover, the blue-robed man I invited to the trade fair the other day was an expert in this field.”

Han Junting chuckled and said, "that's strange. He disappeared after the gathering that day. Did you see him, young master Yunxiao?"

Everyone's heart trembled as if they had understood something, and they all turned their eyes to Yunxiao.

Yunxiao was slightly angry. He knew that she had learned that he had killed the man in blue, and now she had deliberately pointed it out, as if to threaten him.

He sneered in his heart and thought to himself, "there's no evidence for what happened that night. I'll never admit it. What can you do to me?"

"Oh, really?" he asked lazily. That was a pity. I wonder who that person is and where he lives? If I have the time, I would like to pay a visit and ask for advice."

Han Junting snorted coldly in her heart, 'stop pretending!

I saw that young master Yunxiao was very interested in the spiritual energy of metal and the puppet he traded. I thought you would have a private exchange. What a pity, " she said in surprise.

She shook her head and sighed. as for the identity of that teacher, he's from a reclusive family. I'm afraid I can't reveal it.

Yunxiao's pupils constricted slightly. He was pretty sure that the man in blue was from the MU family.

Furthermore, han Junting's words revealed that she was from a reclusive family. Anyone who had a deep understanding of the powers on the mainland would know the identity of the man in blue.

This was a naked threat to him.

“Hehe, who knows if they’ve communicated in private. Maybe it was an exchange, so that gentleman disappeared, and that’s why someone went around collecting puppet materials.”

“Head shopkeeper han,” Zhou Chu sneered, “you’d better quickly inform that man’s family and tell them that he can’t return.”

Han Junting was shocked. She blinked her eyes and said, “Surely not? That man is extremely powerful.”

“Of course not,” Zhou Chu laughed, “but it’ll be hard to say if someone sneaks up on us. Otherwise, why would some people start collecting materials after that man disappeared?”

...

young master Yunxiao is a ninth-tier great Alchemist, ” Su Hong said with a frown. everyone knows that. It’s normal to collect alchemy materials at any time, right?”

A cold gleam flashed in Yunxiao’s eyes as he sneered in his heart. ‘Since you’re having fun, I’ll play with you!’

He looked at Zhou Chu coldly and said, “Do you know why I’m not willing to talk to you?”

Zhou Chu’s eyes narrowed and his face darkened.

it’s simple, ” Yunxiao sneered. because you are not qualified.

“What? You deserve to die!”

Zhou Chu was instantly infuriated. Elemental energy burst out of his body and he was about to kill.

All of a sudden, a wave of pressure pressed down from the sky beside him, suppressing him.

It was none other than Qin Chuan. His face was cold as he shook his head slightly, as if he was extremely dissatisfied with his behavior.

“Hmph!”

Zhou Chu snorted unwillingly. With a wave of his sleeve, he dispersed all the elemental energy in his body, his face ashen.

...

Although he had an irascible temperament, he was extremely respectful to Qin Chuan. This made the people around him even more fearful and suspicious of Qin Chuan.

Yunxiao gave Qin Chuan a look and continued coldly, “I didn’t teach you a lesson earlier because of your master. However, no matter how much face a person had, it would be used up eventually. Let me formally remind you that you’ve already used up all your master’s face. If you provoke me one more time, I’ll have to teach you a lesson on behalf of Cangwu Qiong.”

“Li Yunxiao! I’m officially challenging you now. Sign the life and death contract and we’ll fight to the death!”

Zhou Chu’s neck was swollen and his face was red with anger. He looked like he was about to explode.

Yunxiao gave him a contemptuous glance, then opened his thin lips and said, “you don’t deserve it.

”

Zhou Chu couldn’t hold it in any longer. The aura on his body exploded, and a faint roar came from his fists. The air around his fists spontaneously rotated, condensing into wind blades that shot out.

With just the movement of his origin power, he had the power to break through the void!

The surrounding shopkeepers of Tianyuan trading company were shocked and scattered in a hurry.

“Young master Zhou Chu, this is the trading area of Tianyuan trading company. Please conduct yourself with dignity!” Su Hong was shocked and furious.

“Zhou Chu!”

Qin Chuan did not intend to interfere at first. However, when he heard Su Hong’s words, he immediately frowned and shouted coldly. His eyes were filled with coldness.

“He’s a bully!”

Zhou Chu was burning with anger. He turned around and looked at Qin Chuan’s eyes. He couldn’t help but tremble. The anger in his heart seemed to have been extinguished.

“Hmph, fine, I’ll endure it one more time!”

Zhou Chu pointed at Yunxiao and said coldly, “Stay in new Yan city forever if you dare!”

wait for me outside Xinyan city for the rest of your life if you have the guts,” Yunxiao said with a sneer.

“You!”

Zhou Chu’s chest suddenly felt like it was being smashed by a huge rock. Even his head felt a little dizzy. He hurriedly adjusted his elemental energy and calmed his mind.

If he continued to be provoked like this, he would probably go into Qi deviation on the spot.

Chapter 1296-rogue

Zhou Chu was a proud man. In addition, his master was one of the five great rulers of the Holy region. He had a natural sense of superiority. He did not even take the experts of the seven superpowers seriously.

The four prodigies of the North Region, the three heroes of the West region, and the seven stars of the East region were not worth mentioning in his eyes. The only people he was interested in were the few people who cultivated with him in the Holy region.

So, when Yunxiao appeared, the title of the world's strongest expert, the cautious and fearful look on everyone's faces, and the cold arrogance of looking down on the common people in Yunxiao's own arrogance and unruliness all made him feel extremely uncomfortable.

The cold arrogance that was emitted from his bones was not an act, but a genuine pride. This kind of temperament was present in every genius, but no one could compare to him.

What was even more unbearable for him was that even those who were not Ni Chenfeng and the others whom he had looked up to, all agreed that he was not Yunxiao's enemy. This feeling of being looked down on made his hatred for Yunxiao grow day by day, and it was getting harder and harder to suppress.

Han Junting saw all of this and couldn't help but smile in her heart.

Just as she was smiling in her heart, she suddenly felt a chill. She saw Yunxiao staring at her coldly.

Han Junting calmed herself down and chuckled. Young master Yunxiao, aren't you being too arrogant? even if young master Zhou Chu isn't invincible among his peers, he's at least an outstanding one. You're going too far!

She immediately added fuel to the fire and became even more fierce towards the end, feeling extremely indignant for Zhou Chu.

"Hehe."

keep pretending, head shopkeeper han, ” Yunxiao said with a smile. keep pretending.

Han Junting’s expression changed and she said unhappily, ” “Acting? What does young master Yunxiao mean by this?”

head shopkeeper han, ” Yunxiao sneered. do you think we are all fools? You’ve said so much for two purposes. One is to threaten me so that I’ll be under your control. The other is to sow discord between me and Zhou Chu so that you can kill me with someone else’s help. Hehe, other than that idiot Zhou Chu, who else could not understand? To play dumb in front of so many smart people, isn’t that a little girl’s way of thinking?”

Zhou Chu’s face changed drastically, and his fingers dug into his flesh, wishing he could tear Yunxiao apart right now. Although he could see han Junting’s intention to sow discord, Yunxiao was still someone he had to kill even without han Junting.

Han Junting’s face flickered. Smart people always had hidden meanings in their words, and they would stop when they spoke. She did not expect Yunxiao to speak so directly, which made her feel very embarrassed and angry.

Especially the last sentence, saying that she had a “little girl’s” mindset was obviously a threat to her. She immediately became angry and said, ” “This old man doesn’t understand what young master is saying. What threat? Could it be that the blue-robed man was really killed by young master Yunxiao?”

“Hehe, threatening.”

I killed him, ” Yunxiao said sarcastically. I did. So what? ” Is head shopkeeper han going to take revenge for that person?”

Han Junting was taken aback. Yunxiao’s straightforward admission caught her a little off guard.

Then, her heart trembled as she saw Yunxiao’s eyes gradually turn cold, staring at her like two sharp blades. There was a faint overbearing pressure in them that made her face turn pale, and she could not help but want to step back.

Grandma sunflower, who had been standing behind her, also felt it. She took a step forward in shock.

Han Junting suddenly felt the pressure on her being lifted. She said coldly, " that man is a friend I invited. Young master Yunxiao actually killed him. He really doesn't respect the star Moon school!

I don't care, " Yunxiao sneered. what can you do to me? "

"You coward!"

Han Junting was also speechless. The other party did not care about anything else and was acting like a hooligan.

Su Hong's head was also covered in cold sweat. He naturally knew a lot about Yunxiao, but meeting him in person was still better than hearing about him. He wanted to mediate the conflict between the two sides, but his strength and status were limited, so he could only try but not do so.

"Good, good! Since young master Yunxiao has put it this way, you're no longer a friend of the star Moon school!"

Han Junting said coldly, " I'll inform the MU family of that man's death as soon as possible. I'll also spread the news that young master Yunxiao is in Xinyan city. Young master, you're young and impetuous. You seem to have offended many people.

"Hahaha!"

Yunxiao laughed and said disdainfully, " "As you wish. The head shopkeeper's mouth is on his face, and he can't control what he wants to say. Similarly, I have my own speculations about the power behind the head manager and the star and moon school, and the whole world will know about it soon."

Han Junting's body trembled and she said angrily, " Li Yunxiao, what do you mean by this? "

Qin Chuan and the people of Tianyuan trading company were all shocked. The star and moon school and head shopkeeper Han were both forces that suddenly appeared. They were also very curious about the identity of the star and moon school.

Who had such powerful strength to be able to cultivate such a huge existence in such a short time?

the star and moon school's intelligence gathering ability is among the best in the world," Yunxiao said slowly. you should know that I'm a very timid person. Once I'm scared, I might tell you everything.

Han Junting's anger was palpable, and her eyes were filled with killing intent. Her face was filled with anger as she said, "What do you mean, young master Yunxiao? forgive this old man for being slow-witted and not understanding!

Yunxiao's face darkened as he said coldly, "You don't understand? Then I'll say something that everyone can understand. Head shopkeeper Han's true identity is Qianqian."

"Shut up!"

Han Junting shouted as her white hair stood on end. Li Yunxiao, are you not afraid that I'll tell others about you? "

what a joke! Yunxiao sneered. you're going to look for people to kill me, head shopkeeper Han. What do I have to be afraid of? "A person can't die without nodding his head. To be able to stir up a storm before death and do something interesting, isn't that a pleasure?"

Han Junting was furious, but there was nothing she could do about his shameless behavior.

She suddenly realized that the sense of control that she always had was gone.

Han Junting felt that they were all geniuses who would stand at the peak of the continent in the future. Even when facing an enemy, they should be hiding their abilities and be unpredictable.

Since she had made up her mind to seize the second wood spirit transformation and list Yunxiao as an enemy, she had been constantly calculating the scene when the two of them fought. After all, Yunxiao was the number one rookie in the world, so he should have a fresh, refined, and elegant posture.

However, they didn't expect it to turn into a gangster-like dispute.

"Hehe, you want to deal with me? This young master will fight it out with you all!" Yunxiao threatened fiercely.

Han Junting felt a little dizzy, but she tried to maintain her composure and suppress her emotions. young master Yunxiao promised me to keep this a secret.

you want to kill me? " Yunxiao frowned and scolded, " and you want me to keep your secret? " Are you out of your mind?"

"You, you're a coward, vulgar!"

Han Junting finally couldn't take it anymore. She felt her chest tighten and her body trembled. how can you go back on your word?!

"Hehe."

in any case, I don't care, " Yunxiao grinned. if I find out that the star and moon school is going to harm me, I, as a big mouth, will immediately lose control.

Han Junting almost vomited blood. She realized that she had lost her standing by arguing with such a scoundrel."Grandma sunflower, let's go!"

She didn't want to stay here any longer.

...

There was another more important reason, and that was that she realized that her heart was in a mess, and she had completely lost her cool.

This was something that had never happened before, so she urgently needed to calm herself down so that she could better come up with the next strategy.

Yunxiao, in particular, could not be anxious or panicked at the moment. If he really made his identity public, the power behind him would be exposed, which was an outcome that could not happen.

Ten thousand killing intents flashed through her heart, but the scene of Yunxiao killing the man in blue that night kept replaying in her mind. She kept calculating her chances of winning, but she was not confident.

“That’s right, head shopkeeper has promised to give me the kongxun sand, so I hope you can deliver it soon. If the head shopkeeper goes back on his word, then I will also go back on my word.”

Yunxiao’s words came from a distance, and Han Junting staggered and almost fell.

“Shameless!”

She gritted her teeth and shouted in anger. Then, she and Grandma Sunflower turned into a ray of light and disappeared in front of everyone.

Yunxiao’s eyes turned slightly cold, and a gleam of light and solemnness flashed across his unbridled face.

This Han Junting was indeed a terrifying enemy. She was extremely intelligent. What made him even more puzzled was why the Star Moon School would target him.

Young Master Yunxiao, you’re really not as good as your reputation.

...

Qin Chuan had a smile on his face, but his words were filled with sarcasm. I've also heard some things about you and Ling 'er. Thank you for helping Ling' er several times, young master Yunxiao. In the future, the matters between Tianyuan trading company and Ling 'er will have nothing to do with you.

"Oh?" Yunxiao said slowly. Do you really think you're a Big Shot?"

"Since young master Yunxiao is unwilling to give up, I won't mind," Qin Chuan said with a smile. It was human nature for a gentleman to be attracted to a Fair Lady. However, you must be mentally prepared for failure."

He had a smile on his face the entire time and was extremely calm. He smiled and said, "We'll part ways here today. See you at the auction."

Zhou Chu's face was still gloomy, and the anger in his eyes did not diminish at all. The two of them also disappeared into the sky with a flash of light.

Su Hong finally could not help but ask, "young master Yunxiao, you are all heroes of the world. You are all geniuses that are as rare as Phoenix Feathers and Qilin horns. Why can't you all live in harmony? why must you keep fighting?"

Yunxiao laughed in surprise. don't you see it, shopkeeper su? they are targeting me for no reason. Don't tell me that when someone else's slap comes down, you still want to receive it with your face?"

"This, this Yingluo"

Su Hong was at a loss for words. He shook his head and said, "I'm weak and can't get involved in these matters. Young master Yunxiao, please come in. The materials have been prepared."

Chapter 1297

1297 The auction

Yunxiao was soon invited in. After passing through several courtyards, he came to a luxurious wing room.

The ten or so materials were quickly delivered to him.

“Thank you, head manager Su Hong.”

how many primordial stones are these? ” Yunxiao put them away and asked. how many primordial stones? ”

Su Hong smiled. how can I accept young master Yunxiao’s primordial stones? it’s too much.

Yunxiao knew that he would not accept it, so he did not put on an act and said, ” “Then I won’t stand on ceremony. I wonder where Ling ‘er is now?”

you’re too kind, young master Yun, ” Su Hong replied. I’m not sure about miss ding’s whereabouts either.

Yunxiao frowned and said, ” Oh? Who’s the current manager of Tianyuan trading company?”

“It was young master ding Peng,” Su Hong answered honestly.

Yunxiao was taken aback as he recalled the nouveau riche’s appearance. Feeling a little surprised, he asked, ” “Is ding Peng here right now?”

“Young master is at the headquarters, handling all sorts of matters,” Su Hong replied.

I’ve already informed the young master, ” he said awkwardly. he said that he had something to do, so he won’t be coming.

Yunxiao knew that ding Peng was avoiding him. He had taught ding Peng a good lesson in songyue city, so he probably could not bring himself to do so.

However, he was Ding Ling 'er's younger brother after all, and it was good as long as he could make progress.

"Fine, shopkeeper su," he said, "there's one more thing I need your help with."

"Young master Yun, you're too polite. I'll follow your orders," Su Hong hurriedly replied.

Yunxiao nodded, then raised his hand and opened his palm. A tiny rice-like object lay in his palm, orange-yellow in color and emitting a faint yellow light.

"Head shopkeeper, do you recognize this item?"

"This is a Kasaya."

Su Hong squinted his eyes for a while and asked suspiciously, "Is this thing a living thing?"

"Yes," Yunxiao said.

His eyes flickered, and a strange force seemed to shoot out. The orange rice grain seemed to tremble, and the space above the box became hazy. Then, it slowly condensed into the shape of a giant worm.

The giant worm was formed by light and shadow. Its body was segmented and had a total of nine rings. There were thin, transparent yellow hair growing on its surface, and there were nine black spots on each segment.

The giant worm was an enlarged version of Yunxiao's projection, one hundred thousand times larger.

There were small holes on the head of the giant worm, and hundreds of white tentacles slowly emerged from them.

Su Hong was shocked. He stared at the giant worm for a while and said, "the shape of this thing is similar to that of an ant or a silkworm of the same family, but there is still a huge difference."

Yunxiao's eyes narrowed, and the projection of the giant worm disappeared. He put the rice-sized worm away and said, "I need the head shopkeeper to help me find out the origin of this item. The more detailed, the better. The faster, the better."

"What are the characteristics of this insect?" Su Hong was stunned.

"I only know that it has an extremely strong metal attribute," Yunxiao said. "I don't know anything else. I'll need your help, shopkeeper su."

"I wouldn't dare!" Su Hong hurriedly replied. "I've already recorded the image of this item and will immediately distribute it as the highest order. Once there's any news, report it to young master Yun immediately."

"Thank you," Yunxiao said with a nod.

After that, Yunxiao asked some more questions about the Chamber of Commerce, and, intentionally or unintentionally, he wanted to test Ding Shan's situation.

However, Su Hong was able to answer his questions fluently and did not reveal any more information. He only said that the old president had stopped caring about worldly affairs.

Seeing that he could not get any more information out of him, Yunxiao got up and took his leave.

After sending Yunxiao off, Su Hong pondered for a while, then hurried back to the backyard. After passing through several corridors, he entered a side hall.

A handsome young man dressed in expensive clothes was pacing back and forth in the hall, constantly thinking about something.

“Young master, young master Yunxiao has left,” Su Hong hurriedly walked forward and said.

This man was Ding Peng. His temperament and demeanor were very different from when Songyue was in the city, and his eyes were shining.

“I know. I’ve already seen the effects of your conversation. That insect is indeed a little strange. I don’t know what use it has to make him so cautious.”

Ding Peng thought for a while and said, “ maybe we need to find some special people who can identify it. This is the highest priority. We must complete it for him at all costs.

“Yes!”

Su Hong’s heart skipped a beat. He hurriedly accepted the order and left.

Ding Peng’s expression became a little strange, and he muttered to himself, “ Li Yunxiao, Oh, Li Yunxiao, have you begun to doubt father? Hmph, how much value can you bring to father? Hurry up and get stronger.”

After leaving Tianyuan trading company, Yunxiao returned to the Purple Room.

The next day, myriad treasures store’s auction started. The auction hall in the center of new Yan city opened.

From time to time, there would be flashes of light in the sky as they headed towards the auction house.

The auction venue was actually a resplendent building. It was not very big, and it was suspended in the center of new Yan city, emitting a nine-colored light.

Below the auction hall, the ground was covered with dense formations that seemed to be spread out in all directions.

One of the vacuum passages pointed directly at the Golden building in the sky. Looking at it from a distance, it felt unreal.

With just a glance, Yunxiao knew that there must be a universe inside the Golden building.

At the front of the passage, there was a huge oval-shaped unpolished jade. The Jade was smooth and warm. Every warrior who flew past it left a shadow on it.

This was the merchant Union's image stone. As such, all the participants of the auction were under its surveillance.

Yunxiao's shadow also flickered in the unpolished jade as he flew straight into the building through the vacuum tunnel.

...

The moment he entered, there was a spatial fluctuation, and his eyes lit up.

A huge ring-shaped venue appeared in front of them. There were tens of thousands of people.

On the upper level of the ring, there were dozens or hundreds of private rooms for distinguished guests. They were only for the distinguished guests of the merchant Union and were never open to the public. No matter how many vitality stones one had, it was impossible to book a room.

Furthermore, there were all sorts of talismans engraved on the boxes, which could isolate all divine senses.

Yunxiao glanced around, then randomly found an inconspicuous seat and sat down.

In a private room in the sky, a crystal ball was placed in front of han Junting, on which Yunxiao's face was directly displayed.

“Hmph, this brat really came.” Grandma sunflower’s eyes turned cold as she said in a cold voice.

There were only the two of them in the entire room.

Han Junting looked at Yunxiao’s image and said indifferently, “He’s Li Yunxiao, and he’ll naturally come. The finger spirit plate, Goblin iron, and the star Destroyer sword are the items he’s bidding for this time.”

“There are countless people who want to bid for that Star Destroyer divine sword. He’s just dreaming,” grandma sunflower sneered. As for the first two items, why don’t we take them and let him have nothing?”

there’s no need to. han Junting smiled. if you’re bored, you can raise the price.

...

how dare this brat threaten the head shopkeeper?” grandma sunflower said gloomily. he’s asking for death. Why don’t we kill him later?”

Han Junting’s face was expressionless as she said, “I’ve been reading up on him these past few days, trying to figure out what kind of person he is. One conclusion could be drawn: this person was extremely proud. A proud genius would easily court death. But what’s surprising is that he’s extremely lucky to have survived until now.”

Grandma sunflower sneered. of all things he shouldn’t have done, he shouldn’t have offended the head shopkeeper. He’s used up all his luck.

Han Junting shook her head and said, “luck is also a person’s strength. It can’t protect you forever.” So, Yunxiao must have something other than luck that allowed him to survive several dangerous situations, and even live well when facing a strong enemy.”

“So head shopkeeper, you mean that Zhenzhen won’t kill him?” grandma sunflower asked.

“Killing him or not isn’t the main point,” han Junting said. His main goal was to obtain the star Destroyer divine sword and the second wood spirit transformation. If we can kill him along the way, then we’ll do it.”

Seeing that grandma sunflower seemed to be a little dissatisfied, she immediately smiled and said, “There are many people who want to kill him. Red Moon City, Sea Race, demon race, death god Palace, and so on. Their strength is not much weaker than us, so it’s not much if they have us, and it’s not much if they don’t have us. If he wants to die, these forces are enough. If he doesn’t want to die, we might not be able to kill him.”

“Head shopkeeper’s words are a little profound,” grandma sunflower said with a frown. I only know that with head shopkeeper’s intelligence, there’s almost nothing that can’t be done.”

Han Junting smiled and said, “medicine can cure illnesses because everything I do is doable.” Get someone to send Kong xunsha to him and stabilize him first. After we get the sword, we’ll ask him for the second wood spirit transformation.”

“Yes.”

Even though grandma sunflower was unhappy, she did not dare to disobey han Junting. She immediately went to pass down the order.

Han Junting looked at Yunxiao, who was resting with his eyes closed, and said to herself, “ the world has always been boring. It’s rare for such an interesting person to appear. It would be a pity if we were to kill him.

Not far from the box of the star and moon school, in another VIP box.

Li Feiyu and the other young experts were also gathered together, flipping through the catalog.

A fist-sized piece of unpolished jade was placed in front of the crowd. Suddenly, a light flashed above it, and a projection was projected? Out, he threw it directly at the wall on the side.

It's Li Yunxiao!

Zhou Chu suddenly shouted. He threw the catalog to his side and stared at the projection.

"Strange," Li Feiyu muttered to himself. Not only could this image recording stone leave behind a person's aura and influence, but it could also see through all disguises, including one's appearance and cultivation realm. According to the test results, Li Yunxiao does indeed only have the strength of a seven-stars Martial Emperor."

Qi GUI frowned slightly and said, 'could the seven-star Martial Emperor Qianqian have made a mistake? That guy's combat strength was definitely comparable to a nine-star Martial Emperor. Everyone here knows that it's almost impossible for anyone above a high-level martial Supreme to challenge someone of a higher level."

haha, this proves that everything that this kid did before was just an act!

"Actually, he's too weak to even withstand a single blow. You've all been fooled by him!" Zhou Chu grinned.

Chapter 1298

1298 We'll meet one day

haha! Chen Feng laughed, " all these speculations are just speculations. If you are not convinced, you can try it out for yourself.

Liang Yuyi tied up her hair and smiled.

Their attitude infuriated Zhou Chu even more. He said coldly, " I don't need you guys to tell me, I will fight him sooner or later!"

Li Feiyu frowned. Li Yunxiao is indeed a genius, and his actual combat strength is as strong as it has been tempered thousands of times. But I still don't believe that a seven-stars Martial Emperor can compete with a nine-stars Martial Emperor.

Qi GUI was also silent. Although he knew that Yunxiao was far better than him, he had some doubts in his heart because he had not seen him in Seawood town.

“Look, master mo Huayuan is sitting beside him,” he said.

They looked out through the one-way mirror in the private room, and sure enough, they saw mo Huayuan appear beside Yunxiao, and he seemed to be asking if they could sit together.

Li Feiyu’s face darkened as he snorted. I invited master Huayuan to come here before, but he turned me down. I didn’t expect that he was here to wait for li Yunxiao.

master Huayuan is master Yuan gaohan’s direct disciple and has a very high reputation, ” Chen Feng said curiously. why is he so humble to young master Yun? is li Yunxiao related to the Holy region? ”

Everyone’s gaze fell on Qin Chuan and Zhou Chu.

Zhou Chu’s expression changed and he said firmly, “absolutely not!” At least, I’ve never heard of li Yunxiao in the Holy region, and I’ve only heard of him recently.”

“Brother chenfeng, you’ve guessed wrong this time. Speaking of the relationship between these two, I’m quite clear about it,” li Feiyu replied.

He pondered for a moment, then told Yunxiao what had happened in Yufeng city. At that time, mo Huayuan had been extremely respectful to him.

At that time, he was also very shocked, and he immediately sent someone to inquire about it. Only then did he learn about what had happened in South Fire City, but he did not know much about it. He only knew that mo Huayuan had completely lost to Yunxiao in the art of sorcery.

Yunxiao’s art can suppress master mo Huayuan?!

is he also a ninth-tier Alchemist? ” Qi GUI was shocked. is he a ninth-tier Alchemist? ”

Chen Feng nodded, "even if he isn't, he's not far from it." In the past, Song Yue was the best in martial arts and sorcery among her peers, suppressing everyone else."

Zhou Chu's face grew even gloomier as he clenched his fist.

The status of a ninth-tier great Alchemist was extremely noble, not to mention that he was so young. It was simply unbelievable. Based on this point alone, Yunxiao's status was no lower than his.

Qin Chuan leaned back on the nanmu chair, gently picked up the cup of tea, and took a sip of fragrant tea. He leisurely said, "Everyone, don't be anxious. Sooner or later, the whole world will know how strong he is. As long as everyone is still on the path of martial Dao and never stops, we will meet one day."

Everyone's heart trembled, and they became somewhat solemn.

At this moment, in the circular center of the auction hall, beams of light suddenly rose up like pillars, and they were as thick as two people hugging each other.

The entire place instantly quieted down. The previously noisy scene suddenly became silent.

A deep rumbling sound came from under the light pillar, as if the earth was about to split.

Many people in the hall panicked and stood up one after another. Some couldn't sit still.

Most of the people had calm expressions on their faces, as well as mocking looks on their faces as they looked at those people who were making a fuss.

"BOOM!"

An extremely heavy earth-shaking sound rang out, and the ground in the center, several mu in size, directly rose up. The light pillar emitted a colorful light, and the entire round platform was like an isolated island, quietly floating at a height of several hundred feet.

A light flashed on the round platform, and several people appeared.

Yunxiao was taken aback. There were a few familiar faces among the people.

On the right stood three graceful women. The one in front had a graceful figure and a Platinum veil that covered her face. She was the ninth aunt, the head of the Mei family.

“Eh, it’s actually her?”

Mo Huayuan was surprised. His lips curled into a smile and his eyes sparkled.

Mei Dong ‘er was one of the two women behind aunt Jiu.

After not seeing her for a few years, Mei Dong ‘er had become even more elegant. She was wearing a green pleated dress, and her red lips were even more distinct against her white skin. She always had a smile on her face, and her two dimples were sunken. She was as lovely as a fairy.

There was a fresh smile in her eyes, full of tranquility. It was obvious that she was used to such a Grand scene.

Yunxiao thought to himself. Aunt Jiu had not lied to him, and she had indeed taken good care of Mei Dong ‘er. With a sweep of his divine sense, he found that the little girl was already at the peak of martial honor, which was even better than the geniuses of the major forces.

“Young master Yun, you had quite a deep friendship with the Mei family back then,” mo Huayuan chuckled.

yes! Yunxiao nodded. she is now slim and elegant, and she can take charge of an area on her own. There was a hint of sadness in his tone.

“Everyone’s improved a lot over the past few years,” mo Huayuan laughed. But compared to young master Yun, it’s like a Firefly competing with the moon.”

Yunxiao gave him a meaningful look and said, “I’m quite curious. Is master Huayuan very familiar with the star and moon school? I didn’t expect that you’d come all the way here from the Holy region for a small gathering.”

Mo Huayuan laughed bitterly and said, “I’ve only heard of the star and moon school’s name, but I’m not familiar with them at all. It was my master who sent me here.”

“Oh? Your master is familiar with the star and moon school?” Yunxiao was a little surprised.

Mo Huayuan shook his head and said, “the star and moon school did send an invitation to my master. My master only said that the star and moon school is not simple. He didn’t want to ruin the relationship with them unless it was absolutely necessary. So, he sent me here as a response.

Yunxiao fell into deep thought. Yuan gaohan was in the Holy region, so he was much more well-informed than ordinary people. He wondered if he knew the background and power of the star and moon school.

However, from what Yuan gaohan had told him and his current actions, he seemed to have discovered some unusual things in the Holy region and seemed to be setting up some tricks.

In the sky above the center, on the left side of the island, there was an old man with a short and hard mustache. His brown eyes were deep in his eye sockets, but they flashed with wisdom.

Yunxiao knew this man as well. His name was ke tongguang, and he used to be a Deacon. Now, he seemed to have the cultivation base of a seven-stars Martial Emperor, and his position was not low.

Ke tongguang chuckled and said, "the passage to the auction hall has been closed. The auction has officially begun." I'll be the host of this auction. Most of you here know me, so there's no need to introduce me. There are also some who don't know me, so I don't plan on introducing them. However, I can't not introduce this beauty beside me. "

isn't this the ninth aunt of the Mei family? everyone knows her, so there's no need to introduce her. Let's hurry up and start!

From somewhere below, someone shouted loudly, immediately causing everyone to burst into laughter.

Everyone on the island couldn't help but laugh out loud.

Ke tongguang laughed and said, "hehe, I didn't expect ninth aunt's reputation to far surpass this old man's. Then, let's not waste time and start. The first item is the dreamless pillow!"

...

As soon as he finished speaking, a beautiful maidservant behind him walked up with a Golden Plate. She lifted the red silk covering it, revealing an octagonal white jade China pillow.

The pillow was about eight inches long and was painted with colorful ink. In the distance, there were green mountains and clear water, so quiet that they could not be heard. Near it, there was a River and a blue pool with a Black Lotus blooming in it. It was like a dark green jade plate, enchanting and alluring.

"What? This item is actually being auctioned first!"

Many people cried out in surprise and then began to discuss.

Most of the people in the auction knew what the items would be. Except for the three finale items, the order of the rest was not fixed.

This dreamless pillow was also considered a rare item, and it was out of many people's expectations to be placed first.

Most of the tens of thousands of people in the entire venue had come prepared, but only a very small number of people could leave with satisfaction. Thus, everyone had gathered their financial resources to bid for one or two items.

Those who had strong thoughts about this immediately became nervous.

After showing off the Jade pillow, the beautiful maidservant on the round platform on the island immediately walked to aunt Jiu and gently placed it on the platform.

Aunt Jiu looked at the Jade pillow for a while, then smiled and said, "That's right, this is the dreamless pillow left behind by Lord Huang Liang, the Secretary of the Holy domain's spiritualist division, more than a thousand years ago. This pillow was also called a golden millet dream, a golden millet pillow. There are many legends about this pillow, but without exception, they all allow one to enter the state of self-oblivion at will. It's one of the most powerful auxiliary profound armaments in the world today."

"Casually entering the unity of heaven and man, isn't this a little too exaggerated? If it really has such an effect, even if one's aptitude is stupid, one will sooner or later be able to cultivate to the end of martial arts. Aren't the rumors too exaggerated?"

...

"Indeed. If it really has such a wondrous effect, I don't believe that the myriad Treasure Tower would be willing to auction it."

Ke tongguang laughed out loud, instantly suppressing all the discussions. haha, casually entering the integration of heaven and man is naturally an exaggeration. To tell the truth, this old man is also very eager to get this item, but unfortunately, it doesn't belong to the myriad Treasure Tower, but a friend entrusted it to be auctioned. According to the results of our many experiments, the probability of entering the unity of man and nature Realm is related to one's aptitude and cultivation technique, but it can increase the probability by at least 20%."

"I see."

Everyone's doubts were immediately dispelled, and their eyes became somewhat fanatical.

It should be known that the probability of 20% was already very high. The integration of heaven and man could only be achieved with great luck. Only some auxiliary profound level weapons that could calm one's mind and communicate with the rules could help a little, and the effect was minimal.

"Such a rare item, could it be that young master Yun isn't interested in it at all?" mo Huayuan asked.

He looked at Yunxiao's calm face, and there was no ripple in his eyes, as if he had completely ignored the dreamless pillow.

hehe, this thing is completely useless. Why would I buy it? "

if it really has a magical effect, " Yunxiao said slowly, " such a treasure would never be sold. He glanced at mo Huayuan and said with a faint smile, " "You didn't take this out to bid for it, did you?"

Mo Huayuan's face turned red. I can't believe young master Yun said that such a divine item is of little value. I'd like to hear more about it.

The conversation between the two of them at this moment was not deliberately concealed, immediately attracting the attention of some martial artists nearby.

Chapter 1299

1299 The elemental five-element flags

Oh? " Yunxiao asked in surprise, " did you really auction it? " Have the Saints become so poor?"

The surrounding Warriors were taken aback, and they stared vigilantly at Yunxiao and Mo Huayuan, instantly forming a barrier between them.

Although many people had looks of disbelief on their faces, most of their attention was still focused on him.

I'm just taking an item," mo Huayuan said awkwardly. after all, it's not easy to come to new Yan city.

Yunxiao nodded slightly and said with a smile, " just take something. From what you said, I can tell that this dreamless pillow is not worth much in your eyes. Increasing the probability by 20% is indeed very attractive, but let me ask you, under your normal state, what are the chances of you stepping into the unity of man and nature?"

Mo Huayuan immediately smiled as he understood what Yunxiao meant.

The surrounding cultivators were also stunned, and they began to ponder.

The probability of stepping into the integration of heaven and man through ordinary meditation was not more than one percent. Even if it was increased by twenty percent on this basis, it was only one point two percent, which was almost equivalent to nothing.

As expected, it was of little value.

The surrounding people immediately lost interest in the item.

"It's true that the chances of an ordinary person achieving the integration of heaven and man are not high, but that doesn't mean that's the case for everyone. The world is so big, and there are all kinds of strange things. This dreamless pillow will definitely find a suitable person. As far as I know, Master Huang Liang's chances of entering the unity of man and nature were more than thirty percent."

indeed, as long as it's a ninth tier profound armament, there's no such thing as trash. They're all fused with an extremely large amount of power of regulation. There's only suitable and not suitable. Yunxiao nodded in agreement.

The surrounding cultivators all revealed thoughtful expressions, seemingly attracted by the conversation between the two.

But, Yunxiao did not say anything after that.

“Twenty million!”

The starting price of the dreamless pillow was ten million Yuan stones. All the primeval stones here were Supreme grade, but the price was doubled in an instant.

hehe, you’re too naive to think that you can buy such a rare item from Master Huang Liang for 20 million Supreme-grade primordial stones!

50 million! a voice rang out in the auction hall. This person had used a method to hide his voice, and every word came from a different direction, making it impossible to trace the source.

This price silenced the arguments in the hall, and no one raised the price for a while.

“50 million is indeed not a low price. Are there any higher offers?” ke tongguang smiled.

He shouted three times in a row, but this price seemed to have exceeded the bottom line of many people, so there was silence.

“Hehe, deal! Please go to the backstage to trade, we will keep your identity a secret.”

The White porcelain pillow was sent away. Ke tongguang smiled and said,“The next treasure is also provided by a friend, and let myriad Treasure Tower auction it on his behalf.” He waved his hand, and a white light shot out.

The white light changed in the air and turned into a Halo. Then, a five-colored light sprinkled down, like a Supreme-grade Pearl of the night.

There was a palm-sized flag within the Halo, and silver runes kept flashing on it. The power of elements was surging from it, making people’s hearts palpitate.

“?! It’s actually this!”

Many cultivators below shouted, and it was as if a pot had exploded.

Yunxiao was also amazed. what a powerful five elements force! Who made this thing? ”

judging from the formation patterns on it, it’s not a technique that’s used in the current era, ” mo Huayuan said. it should be an Ancient One.

Ke tongguang raised his hand smugly, and the small silver Flag immediately flew down. He caught it in his hand and handed it to ninth aunt. He praised, all the items up for auction this time are stunning. I want all of them. What should I do? ”

He started sighing. Although he was smiling, it was obvious that he liked it from the bottom of his heart.

Aunt Jiu took the silver Flag and gently stroked it with her hand. She looked surprised and said, ” it’s an intact elemental barrier flag?!

Everyone’s hearts trembled, and they began to become nervous. This sentence meant that this item would definitely not be cheap.

“That’s right,” ke tongguang said with a smile, “these are the five-element barrier array flags! It could be used as a sect protecting formation, and what was even rarer was that this flag was not damaged at all, so its value was difficult to estimate. When the rankings were first made, it was almost decided to be one of the final three treasures, but it was eventually withdrawn.”

a complete five elements barrier? ” Yunxiao was surprised. a complete five elements barrier? ” Who’s stupid enough to sell such a divine item?”

“I’ve heard that the king level leader, Sir Teng Guang, is able to fuse nine elements into a single formation, creating a world of his own with enough power to destroy the heavens and earth. However, it required an extremely exquisite arrangement, and as long as this formation flag was slightly activated,

it could use the power of the five elements for defense, which was truly heaven-defying. In today's world, there are very few people who can refine such a divine item."

Although the surrounding cultivators didn't know the identity of these two, they already knew that their background wasn't small. Moreover, their eyes were sharp, so they all listened carefully.

All of them were extremely interested in the small silver Flag and were eager to take action.

It wasn't just their small group, the tens of thousands of people present were also a little unsettled.

Ke tongguang chuckled and said, "everyone can rest assured with ninth aunt's verification of the flag." Today's second item is this elemental five-element flag. The starting price is still ten million!"

"Twenty million."

Suddenly, a melodious female voice rang out, causing everyone to be stunned.

Because the person who directly raised the price was ninth aunt. She was staring at the small silver Flag with desire in her eyes and said with a bitter smile, "I also really want it. Although it's an identity appraisal, there are no rules that say that I can't participate in the auction, right?"

Although the Mei family was very famous in the business world, their family's strength was not strong. Therefore, this kind of thing that could greatly increase their defense was very attractive to them.

And most importantly, the Mei family was not short of vitality stones, so they were more willing to exchange vitality stones for strength.

"Hehe, of course you can participate."

Ke tongguang stroked his mustache and smiled. "I'm also very pleased. Thirty million."

“Huala”

The crowd was floored. A ranking master and an appraiser were actually the first to bid.

But since the rules didn’t state that they couldn’t participate in the auction, everyone didn’t care.

“50 million!”

The emotions that had been stirring for a long time exploded all of a sudden. All kinds of bids were called out continuously, and the price instantly rose.

“60 million!”

...

“Seventy million!”

“Eighty million!”

“Eighty-five million!”

“90 million!”

Suddenly, an indifferent voice came from one of the ring-shaped private rooms above, “ 100 million!

Suddenly, the entire auction hall fell silent. Everyone was shocked by the price.

Many people smiled bitterly and shook their heads secretly. Although they had the ambition to participate in the auction at the beginning, they had completely wilted at this moment. A price of over a hundred million was not something they could bear, it was also beyond their ability to bear.

This time, the atmosphere became much more relaxed. Most of the excited martial artists calmed down one by one and turned into watching a good show.

hehe, although it's not a loss to buy the elemental five-element flags with 100 million Supreme-grade primordial stones, there's basically no profit to be made. I'll bid 110 million.

An old man in the ring field said slowly, not hiding his whereabouts at all.

This immediately attracted the attention of tens of thousands of people.

...

The old man was dressed in a red robe, his face ruddy and his face rich. His eyes were half-closed as he rested, waiting for the others "reactions.

Ke tongguang's eyes narrowed as he laughed. hehe, 110 million. Bi haodang, you're really going all out.

"?! It was mighty! He is the martial madman bi haodang?"

Everyone present was shocked and in an uproar.

The people around bi haodang all stood up and quickly retreated to the side, leaving him alone on the stone bench.

"No wonder he didn't hide his identity and whereabouts."

of course, it's already a blessing if he doesn't find trouble with others. Who would dare to find trouble with him!

Many people began to discuss carefully, their tone full of fear.

is he very famous? ” Yunxiao asked in a low voice. is he very famous? ” Why haven’t I heard of it before?”

Mo Huayuan also said in a low voice, ” this person became famous relatively late. However, he’s extremely powerful. He’s known as the martial madman. This was because his favorite thing to do was to constantly challenge the sect leaders of the large sects! However, so far, all the sect leaders he challenged have been defeated and killed!”

all of them were defeated and killed?!

Yunxiao’s pupils constricted and flickered. won’t such an arrogant and evil person be besieged by everyone? ”

“Of course there were,” mo Huayuan replied in a low voice, ”but without exception, all those who surrounded him were killed! This also includes the powerful large sects like Heavenly Horse tower and floating Frost Valley!”

Although Heavenly Horse tower and floating Frost Valley couldn’t be ranked among the top ten sects of the North Region, they wouldn’t lose out by too much. If the North Region was ranked twenty or fifteen, these two sects would definitely be selected!

“In his last battle, he killed the Lord of the heavenly Horse tower, MA Feifei, and shocked the entire North Region. After that, the entire Heavenly Horse tower came out to encircle and annihilate him, and in exchange, the entire sect was exterminated! The fact that he has such wealth to bid for this item is probably all thanks to the savings of the heavenly Horse tower.” Mo Huayuan whispered.

There was a certain distance between the two of them and bi haodang. There were at least six to seven thousand people in between them. However, bi haodang opened his eyes slightly and glanced in their direction.

“?!”

Mo Huayuan's entire body trembled as he sucked in a cold breath, his face turning deathly pale.

Yunxiao patted him on the shoulder and said with a smile, "Don't be afraid, he's just a fiend. There are many fiends in this world."

Only then did Mo Huayuan's expression turn for the better, and he nodded lightly.

"Hmph, as expected, you don't feel any heartache over the primordial stones you snatched!"

A cold sneer came from the private room upstairs, and then the bidder said, "120 million!"

Bi haodang's eyes were still closed as he said lazily, "One hundred and thirty million."

"?!"

Everyone sucked in a cold breath. Even Aunt Jiu shook her head and smiled bitterly. She knew that she had no fate with the elemental five-element flags. The winner would definitely be between the two of them.

Chapter 1300-raising the price

"Bi haodang, you're so bold! You actually dare to show your face in public, is there really no one in the world who can deal with you?"

A loud shout came from the private room, shaking the entire place.

Bi haodang slowly opened his half-closed eyes and sneered, "In the auction, the highest bidder wins. If you can't win the bid, you'll threaten me with your life. Hehe, hehe, I'm so scared. I need to eat some spicy strips to calm down!"

On the round platform on the island, Ke Tongguang's expression turned cold. He said coldly, "Attention, people in the VIP Pavilion upstairs. This is the auction of myriads of treasures store. I don't care who you are. I'll give you a warning. If you threaten me again, get out of here!"

Although he did not release any origin power, his expression was stern and dignified. It was as if he had intimidated everyone in the private room, and no one made a sound.

“130 million going once!”

“130 million twice!”

“One hundred and thirty million going thrice!”

Ke tongguang shouted three times in a row. The entire place was silent, and no one answered. He then said, “Congratulations, Mr. Bi. Please proceed with the transaction backstage. After the transaction, there will be a secret teleportation array that can send you away. You don’t have to worry about anyone peeking.”

“Hahaha!”

Bi haodang laughed out loud and stood up immediately. He cupped his fists at ke tongguang from a distance and then swaggered backstage.

After everyone saw this fiend leave, they all heaved a sigh of relief.

Ke tongguang laughed. the two intense auctions seem to have caused the atmosphere to be a little depressing. Next, we will be auctioning twenty rare refining materials in a row. Although they can’t be compared to finished profound level weapons, their value is high. Some of them are even not below ninth tier profound level weapons.

He clapped his hands, and suddenly, beams of light shot from all directions in the sky.

They turned into beautiful women on the island, like a Hundred Flowers blooming, which made everyone’s eyes light up.

The 20 women were all different.

Some were as white as snow, while others were as red as fire. The only thing they had in common was that each of them had beautiful eyes and a smile on their faces. They were all holding a Jade plate in their hands, and each of them was graceful and beautiful.

“What a living painting of a hundred beauties and a thousand beauties. This young master is no longer interested in these materials. I wonder if these twenty beautiful women can be sold?”

A white-robed young master with a pink face gently waved a paper fan in his hand as his eyes lit up.

“Hahaha!”

The entire place burst into laughter. However, most of them had the same thought. How enjoyable it would be to have twenty beautiful women at home.

The 20 women all blushed, but it only added to their charm.

“This young master’s suggestion is very good. We’ll consider it,” Ke Tongguang said with a smile. However, these twenty people are not only extremely beautiful, but also have the cultivation of high-level martial emperors. It’s only a matter of time before they become martial Venerables under the cultivation of the ten thousand treasures tower, so it’s a pity to sell them.”

Only then did everyone become shocked. Their divine senses swept over to those women, and each and every one of them revealed a shocked expression.

In the beginning, he only felt that his eyes had lit up. Now, he realized that these women were only 28 years old, and some were even younger, but their cultivation was terrifyingly high. He couldn’t help but be shocked.

Although the merchant Union was also a powerful force, it had always presented itself as a merchant in front of the world. It was only now that they realized that their ability to cultivate strong cultivators was even stronger than any sect.

Ke tongguang walked up to the first woman and lifted the red silk, revealing a light yellow Rock. It looked no different from any other rock.

Mo Huayuan was taken aback. yellow Mystic stone isn't a top-notch material, but such a large piece of it has already exceeded the category of ordinary yellow Mystic stone. This should be the king of stones.

"A piece of xuanhuang King Stone that weighs 1500 kilograms. The starting price is two million Supreme-grade primordial stones," ke tongguang introduced.

Many cultivators were shocked. A stone the size of a watermelon actually weighed three thousand Jin. Moreover, the woman who was holding the Jade plate had an elegant expression, as if she could not feel its weight at all.

Yunxiao was not interested in it at all. He glanced at the twenty Jade plates and stopped before the seventh woman. Under the red silk cover was the Goblin iron he needed.

No one seemed to be interested in the auction of the materials, except for some alchemists who kept bidding.

However, alchemists were all rich and generous, so the Royal Stone of Heaven and earth was finally sold for six million Supreme-grade primordial stones.

The other materials that appeared after that were all rare items. One of them was a thumb-sized spirit gathering bamboo, which caused quite a stir. Even mo Huayuan had called out a price several times, but it was eventually bought by a man in a private room upstairs for 20 million.

the material below is the metal of the five elements, which is produced by gathering the essence of the earth-Goblin meteoric iron. It weighs 2500 kilograms, and the starting price is still two million Supreme-grade primordial stones.

Ke tongguang lifted the red silk in front of the seventh woman, and a piece of iron as black as charcoal appeared on the Jade plate. However, the piece of iron was dotted with countless gold and silver colors, which glowed in a dazzling manner.

“Three million!” Very quickly, someone called out a bid.

“Nine million!”

Suddenly, a voice rang out, and the entire place fell silent.

Everyone was stunned for a moment and looked towards the source of the sound.

“Ah?”

On the round platform, Mei Dong'er's body suddenly trembled. She hurriedly covered her mouth with her hands, her eyes filled with disbelief and shock.

She had already seen the person who had bid and could not help but be overjoyed. Her eyes could not help but flash.

The woman from the Mei family beside her noticed her abnormality and showed a strange expression.

Aunt Jiu's eyes also flashed for a moment before she regained her calm.

“This young master bid nine million, any higher bids?”

Ke tongguang gave Yunxiao a glance with a smile. He knew that Yunxiao was using the bidding technique to increase the difference by a huge margin and break the bottom line of the crowd. As expected, no one answered for a while.

“Hmph, you want to buy such a big piece of Goblin iron for just nine million? You're too naive!”

A disdainful sneer came from the private room above and said arrogantly, “Ten million!”

Yunxiao frowned, and his face darkened.

From that person's tone, he didn't want to film at all, but was completely bickering with her.

However, the structure of the private room was extremely peculiar. Not only could it isolate divine sense, but even the voice that came out had been specially processed. Apart from being able to distinguish between men and women, it was impossible to tell who the person was.

"15 million!" Yunxiao said coldly.

...

Everyone was shocked. Even mo Huayuan frowned. It was already abnormal for a ninth-tier material to be sold for more than 10 million. 15 million was definitely a sky-high price.

The entire place was silent for a moment. The voice from the box came again, and it said coldly, "18 million!"

"Twenty million!"

"22 million!"

The people present were instantly shocked, and they all sucked in a cold breath, revealing looks of disbelief.

Many people carefully observed the Goblin iron again, afraid that they would miss out on some treasure.

More people could hear the gunpowder in the bidding. They all revealed a knowing smile and waited for a good show.

Ke tongguang chuckled and said, "heroic, heroic! The gentleman upstairs is so rich that he's willful. I wonder if there's a higher price?"

How could he not hear the gunpowder in it? he even ingeniously added oil to the fire.

Aunt Jiu's eyes flickered, and she smiled. "It's true that he's heroic, but it's not worth it. Twenty million is enough to buy three or four pieces of this Goblin iron." She reminded Yunxiao with good intentions.

"Hehe, ninth aunt's words are wrong. The things we love and need are not expensive."

...

Ke tongguang said slowly.

Aunt Jiu smiled indifferently. She knew that her words just now had made ke tongguang unhappy, so she did not say anything. With her status, she could be considered to have done as much as she wanted.

Yunxiao's eyes narrowed as he looked at the box.

Everyone was shocked, only to see his delicate and handsome face suddenly become blurry, as if a layer of clouds had shrouded it, and his true appearance could not be seen clearly.

Within the private room, li Feiyu suddenly shouted, "Not good!"

His fingers quickly formed a seal, and three Golden Seals instantly formed in front of him. With a slap, they all flew into the one-way mirror in front of him.

"Swish!"

The mirror wall trembled and a few rays of light shot up. The mirror surface flickered a few times and dense gray words appeared before disappearing.

“Brother Feiyu, what’s wrong?” Qin Chuan frowned.

Li Feiyu’s eyes were filled with shock, and his voice trembled a little as he said, “how is this possible? Yunxiao’s glance just now actually broke the isolation force of this mirror wall! If I hadn’t pushed the mirror wall’s power to its limit in time, we would have been seen by him!”

“Hmph, so what if you saw it, what’s there to be afraid of!”

Zhou Chu said in disdain.

since he’s a ninth-tier great Alchemist, ” Qin Chuan said, ” it’s normal that his divine sense is far superior to ordinary people’s.

Li Feiyu shook his head, his face extremely unsightly. even a ninth-tier Alchemist can’t see through the mirror in this box. The merchant Union once invited a ninth-tier Alchemist to do an experiment. Since its establishment, no one has seen it. ”

He could not help but feel a chill in his heart as he thought of all the things that happened when Song Yue was in the city. Yunxiao’s amazing talent gradually came to mind, and he even felt a trace of fear.

“That must be a divine sense attack. Although it’s powerful, there are many people in the world who have mastered it,” Zhou Chu sneered.

In the auction hall, the mist on Yunxiao’s face was gone, and his eyes were filled with gloom.

When he used his eye technique just now, he had caught a glimpse of several figures in the box. Before he could see their faces clearly, his divine sense was scattered by a force on the mirror wall, and he couldn’t go any further.

Although he had some guesses in his heart, he wasn't sure.

“Hehe, this brat doesn't know the immensity of the heavens and earth. These 36 boxes are all made of dustless sand and traceless glass, which can isolate all spiritual sense.”

A red-robed old man said slowly with a cold smile.

“?!”

Everyone was shocked, especially the people around the old man. They scattered with a whoosh.

Bi haodang had actually returned!

Ke tongguang was also slightly mocking, and his expression was one that said he was at his mercy. He chuckled and said, “Twenty-two million going once!”

twenty-four million? ” Yunxiao frowned and said.
