

The Eternal 1301

Chapter 1301

1301 Meeting

In the private room, Qin Chuan muttered, " it seems that he is determined to get this stone, but I don't know how much he is willing to pay. Zhou Chu, stop. If the price goes up any further, it may break through his psychological price. At that time, you will spend more than 20 million to buy this stone. The loss outweighs the gain.

Zhou Chu's face twitched. The high price made him feel a little scared. He just wanted to deliberately raise the price and make Yunxiao bleed, but he did not really want to buy it.

He pondered for a moment and said, " since this boy is a ninth-tier Alchemist, he must not only be rich, but also have the stubbornness and temper of an Alchemist. I'll raise the level a few more times.

"25 million!" He shouted.

On the round platform on the isolated island, ke tongguang was already smiling like a flower. He secretly thought that it would be great if he could encounter such a bickering person every time he auctioned.

"Twenty-five million going once!" He said with a smile. He even gave Yunxiao a disdainful glance, intentionally or unintentionally provoking the young man.

Yunxiao raised his eyes and looked at ke tongguang's childish trick with undisguised contempt.

"Twenty-five million going twice. If there's no higher price, this rare and peerless Goblin iron will have to choose its owner!" Ke tongguang smiled awkwardly.

Everyone turned their eyes to Yunxiao, but they only saw the young man gently close his eyes, as if he had given up.

Zhou Chu's heart skipped a beat and his face turned pale.

Ke tongguang chuckled and said, "a treasured sword begets a hero, and a beauty begets a beauty." This piece of Goblin meteoric iron is sold for 25 million Supreme-grade primordial stones, and it will go to the lucky gentleman in the private room on the second floor!"

"En!"

Zhou Chu suddenly grunted. He felt his blood rush up to his chest and he almost spat out blood.

Although he tried his best to hold it in, his neck and face turned red.

The others looked at him speechlessly. Chen Feng and his wife smiled at each other, while Li Feiyu coughed a few times.

"Hmph, Zhou Chu is a pig!"

In another room not far away, Han Junting sneered with a look of disdain.

although the price is very high, " grandma sunflower said, " it's not necessarily a bad thing to stop Yunxiao from getting the Goblin iron.

"With Zhou Chu's brain, how could he have thought so much?" Han Junting laughed. He was just trying to raise the price for Yunxiao, but now he's suffering the consequences of his own actions. Not only did he lose more than twenty million Supreme-grade primordial stones for nothing, but he also got himself into trouble!"

"Get into trouble?"

Zhou Chu is Lord Cangwu Qiong's direct disciple, " grandma sunflower said in disbelief. although there is a great conflict between the two of them, he is Lord Cangwu Qiong's direct disciple after all. How would Yunxiao dare to kill him? " Besides, he has no evidence. As long as Zhou Chu denies it, what can he do?"

granny, you've underestimated li Yunxiao's intelligence and overestimated Zhou Chu's," han Junting said with a smile.

Grandma sunflower was puzzled. why? "

However, han Junting only smiled and did not say a word. On her aged face, her eyes flashed with the beauty of a young girl.

After Zhou Chu and Yunxiao's ruckus, the auction went back on track. The next ten or so materials were sold for a maximum price of six million. Mo Huayuan had attacked several times, but to no avail.

After that, several profound level weapons were auctioned off, causing quite a stir.

Yunxiao had also participated in a few bids, but the prices of the items soon exceeded his bottom line, so he had to give up.

Although there was almost no one present who was richer than him, it would be too ostentatious. Moreover, there was a person in the private room on the second floor who specialized in raising the price. Every time he made a bid, he would be able to come out and carry the palanquin.

The auction continued for several hours, and the bidding gradually weakened.

"We've already auctioned half of the items, and everyone has gained a lot. Considering everyone's financial resources, many of you have already exhausted all your resources, so it will be very difficult for you to participate in the auction later on. Therefore, the auction will be suspended for 12 hours. Those who need primordial stones can go to the counter outside to exchange with items. As long as it is a valuable item, myriad treasures store will take it all!"

"?!"

Many people below started to curse. Myriad treasures store was sucking their bones dry. Seeing that everyone was about to run out of money and couldn't afford to bid anymore, they did this.

However, many people were still overjoyed. They had been worried that they did not have enough primeval stones, so when they heard that there was such a good thing, they immediately rushed out of the door.

The rest of the people were afraid that they would fall behind, so they also went out to exchange for more primordial stones and all kinds of treasures that they could not use.

With Tianyuan trading company as a guarantee, Yunxiao naturally did not need to exchange anything. Besides, he knew myriad treasures store's habits. It would be a miracle if the items exchanged here could be sold for two-thirds of the price of the item itself.

Twelve hours was exactly half a day's time. Many people were also afraid of being slaughtered by myriad treasures store, so they directly rushed out of the auction venue and went to the major trading areas to raise primordial stones.

Yunxiao watched as ke tongguang, aunt Jiu, and the others retreated behind the scenes to rest on the round platform on the island. Mei Dong 'er kept looking back at him and winking at him as she greeted him.

"Young master Yun, that girl is hinting at you," mo Huayuan said with a smile.

In a flash, Yunxiao disappeared from his seat and went to the backstage of the auction.

The entire auction hall was a spatial pocket. In addition to this large ring-shaped venue that could accommodate tens of thousands of people, the back of the hall was also very wide, and there were cultivators standing guard everywhere.

Yunxiao walked through a long corridor, and behind it was a large courtyard, hidden by the green water.

Just as he was about to enter the courtyard, an extremely strong aura suddenly pressed against his face.

The air shook slightly and a man's figure appeared. He stared at him coldly and said, "Retreat!"

With a flip of his hand, Yunxiao threw a token over and said, "With this, can I go over?"

The man grabbed at the air, frowned after a glance, and threw it back, saying, "This is the VIP pass of Tianyuan Chamber of Commerce, which ranks second in the merchant Union. You can have many special rights, but you can't enter. It's because the organizer of this auction is myriad treasures store, unless there's guidance from myriad treasures store."

Yunxiao was put in a difficult position. He could not force his way in, nor could he retreat.

"He's my friend. Can you make an exception for me?"

Suddenly, ninth aunt's voice rang out, and a figure flashed in the courtyard. It was ninth aunt and Mei Dong'er.

The man pondered for a moment and said, "since you're ninth aunt's friend, you can naturally go in." But if he causes any trouble, you'll have to take full responsibility, ninth aunt."

alright, " aunt Jiu said with a smile. if he causes any trouble, just blame it all on the Mei family.

The man nodded and disappeared in the air.

aunt Jiu, " Yunxiao laughed. aren't you afraid that I'll burn down the auction hall and make the Mei family go bankrupt? "

young master Yun, you're still as outspoken as ever. aunt Jiu was taken aback for a moment before she chuckled. if it were someone else, I wouldn't dare vouch for you.

...

Mei Dong'er also stuck out her tongue mischievously. Her joy was completely revealed from her big eyes.

The three of them chatted and laughed as they walked into a side courtyard in the courtyard.

In addition to the three bedrooms in the courtyard, there was also a room used to receive guests. Soon, a maidservant brought out all kinds of fragrant tea Spirit fruits.

it's been a long time since we last met," aunt Jiu said with a smile. young master Yun, you're even more elegant than before.

Yunxiao smiled. you flatter me, ninth aunt. Dong 'er's cultivation base has reached a high-level martial honor in just a few years. The Mei family must have put in a lot of effort. I can't thank you enough.

Aunt Jiu looked surprised and said, " Dong 'er is a member of the Mei family and is extremely talented. It's only right for the Mei family to do everything they can to cultivate her. Why are you thanking me, young master Yun? "

"This bi an ..."

Yunxiao was also rendered speechless, not knowing how to explain.

Mei Dong 'er's face suddenly reddened. She fiddled with her hair shyly, her heart beating especially fast. Yunxiao's words seemed to imply that she was one of his people. His face immediately burned, but his heart was extremely sweet.

it's a coincidence to meet you, young master Yun," aunt Jiu said with a smile. I have something to discuss with you.

Yunxiao laughed in surprise. what a coincidence! I also have something to ask you. May I know what you want? please go first.

...

Aunt Jiu nodded, her expression turning serious. "I'm weak, so I'd like to ask young master Yun to set up a restriction here."

Yunxiao's heart jolted. This spatial pocket belonged to the merchant Union, so it was only right for them to be on guard.

He made a hand seal, and a layer of golden light appeared on his body. An ancient Maha character appeared, and he suddenly slapped it into the void.

The Maha ancient character instantly grew in size and disappeared into the void. At the same time, a fluctuation appeared in the surroundings for a few moments before it stabilized.

Aunt Jiu was shocked, "Maha ancient character? Young master Yun has actually mastered the Maha ancient character?"

it's just a few words," Yunxiao said with a smile. under this seal, it's impossible for the other party to eavesdrop on our conversation unless they are experts of the ten divine realms.

Aunt Jiu nodded. then I'm relieved. I'm not suspicious of the merchant Union. It's just that the matter I'm going to discuss with young master Yun should be known to as few people as possible.

"If that's the case, I'll leave for a while," Mei Dong 'er hurriedly said.

it's fine," aunt Jiu said. you're a core member of the Mei family, and you have an extraordinary relationship with young master Yun. There's no harm in listening.

"Yes."

Mei Dong 'er replied softly. She carefully waited on him and listened quietly.

At this moment, there was a resplendent Hall within the spatial pocket of the building, and there were several tens of mirrors that were eight feet tall.

There were all kinds of human figures flashing in the mirror. If one looked carefully, they were all the images of the entire mustard seed space.

Everyone's every move, even their voice, was being monitored by dozens of tall mirrors.

Suddenly, a few rays of light flashed in front of the hall. Three figures appeared in the air and flew down.

"Greetings to Lord tongguang, Lord mingri, and Lord Feiyu!"

When the two guards in front of the hall saw the three of them, they immediately saluted.

The three of them didn't pay any attention to him and disappeared from the hall in a flash, entering it.

"The seventh room in the East courtyard should be here," Hu mingri said as he looked around. He walked straight to the front of a mirror, and his expression suddenly changed to one of shock.

The other two people hurriedly dodged over and were stunned at the same time.

Chapter 1302-dispel doubts

The surface of the mirror was a blur, rippling like raindrops falling on a Lake. All the scenery at the bottom of the lake was covered, making it impossible to see anything.

Hmph, ninth aunt is really interested in my ten thousand treasures building. She even set up a restriction. Do you think we will spy on them?"

Ke tongguang's face darkened, and extreme displeasure flashed across his face as he spoke angrily.

"Ahem."

“Well, aren’t we peeking at her right now?” li Feiyu replied, somewhat embarrassed.

Hmph! ke tongguang blushed and snorted. if she wasn’t with li Yunxiao, why would we spy on her? ”

Chu mingri said, ” that li Yunxiao is indeed not simple. All the movements in this building will be reflected in these thirty-six Disha mirrors. He can actually isolate them with a spell. His divine power is not weak!

“It seems like it’s true that his deified soul can penetrate the room’s mirror walls.” Ke tongguang’s face was filled with shock.

it’s not important whether it’s true or not, ” Chu mingri said. Qin Chuan and Zhou Chu have brought the iron Order of the Holy realm and asked us to help investigate Yunxiao. The problem now is how to explain to them.

Li Feiyu felt a headache coming on. it’s just the two of them who investigated Yunxiao. It should have nothing to do with the sacred zone. Don’t forget that Yanwu is still under the protection of the sacred zone. I’m just afraid that they’ll have a conflict. To be exact, I’m afraid that they’ll have a conflict in new Yan city.”

Hu mingri nodded and said, ” indeed, li Yunxiao’s identity is not simple. We don’t dare to provoke Qin Chuan and Zhou Chu either. We must prevent them from having any conflicts in new Yan city. As long as they are out of the city, it’s none of our business, even if they die together!

“I think the three of them will have a battle sooner or later. We can only ‘drag it out’ for now. I’ll try my best to deal with Qin Chuan and Zhou Chu, and I’ll leave Yunxiao to you, Lord Hu.”

Chu mingri said, ”I’ll send someone to keep an eye on him. If there’s no other choice, we can’t let them fight within our sphere of influence even if we have to use force.” This is only the worst outcome. Now, myriad treasures store is extremely short of manpower. In addition to bi haodang, there are many unknown factors in the auction venue, which makes me feel uneasy.” He looked worried.

Ke tongguang laughed. Master Chu, you’re probably too nervous. It’s only right for you to be on high alert, but don’t give yourself too much pressure.

Hu mingri nodded, and the three of them soon disappeared from the hall.

At this moment, in a central hall of the East courtyard, backstage of the auction.

“Did you notice anything unusual in the Mei family’s Wuding River, young master Yun?” aunt Jiu asked with a grave expression. Or did you touch something?”

what? ” Yunxiao was shocked. why do you ask, ninth aunt? ”

young master Yun, ” aunt Jiu looked at him and said, ” your expression is flickering. I think you have one? ”

did something happen to the Mei family or the Wuding River? ” Yunxiao asked.

The two of them asked each other for advice and refused to reveal any information.

Aunt Jiu smiled bitterly and said helplessly, ” it’s such a disadvantage to talk to young master Yun. Wuding River is the origin of our Mei family’s power and is extremely important. I don’t dare to hide it from you. Ever since the Wuding River has been reopened, the spiritual energy inside has become stronger and stronger, and the toxicity has also become stronger. In the beginning, the disciples of the Mei family benefited a lot and I was also secretly happy. It was also thanks to this that Dong ‘er was able to break through to the high-level martial honored realm so quickly. But later on, Wuwu ”

Her face was filled with worry as she said, ” “Dong ‘er, you say it.”

Mei Dong ‘er replied with a grave expression.”I should be the one with the deepest feelings regarding this matter. The strange poison in the Wuding River can allow the Mei family to possess an extremely strong appraisal technique. The strength of this ability is completely proportional to the poison in the body.”

She raised her hand and circulated her elemental energy. A dark green aura seeped out from her palm.

Then, he formed an incantation gesture with his right hand, put two fingers together, and pointed at the green aura.

A ray of golden light circled around his fingertip and formed a ring-sized golden ring. The dark green aura seemed to be bound by this golden ring and slowly rolled around before finally condensing into a green crystal that was like fine sand.

Mei Dong 'er's face was already pale, and her forehead was covered in sweat.

With her strength as a nine-stars martial Supreme, she was almost exhausted after doing this.

“Big brother Yunxiao, this thing is the poison. In the past, with the toxicity concentration in the Wuding River, even if it was inhaled into the body, it would never be able to condense into a crystal state. But now, not only the quantity, but also the quality seemed to have changed.”

As Mei Dong 'er spoke, cold sweat trickled down her forehead. She continuously poured her elemental energy into the ring-like golden bangle to maintain the state of the poison Crystal.

Yunxiao's pupils constricted as he looked at the green crystal in surprise. It was only one-tenth the size of a grain of rice.

the effects of this poison on the Mei family are still unknown,” aunt Jiu said. but the yin poison that Dong 'er forced out is extremely powerful. She threw out a piece of silver metal, which flashed in the air.

Mei Dong 'er changed her hand seal, and the Golden Ring suddenly dispersed, turning the green crystal back into smoke. She clenched her five fingers and suddenly slapped at the silver metal.

With a flash of light, a green light instantly pierced through the silver metal and burned a thumb-sized hole.

Yunxiao's face flickered as he said in shock, “Northern heaven frigid Star Iron!”

The metal that had been pierced through was none other than the northern heavens frigid Star Iron that he had used to forge the million sword illustration!

He suddenly made a grabbing motion, and the northern heaven frigid Star Iron immediately flew into his hand. He began to examine it with a grave expression.

Aunt Jiu looked helpless and smiled bitterly. although the effects of this poison on the body are still unknown, young master Yun has already seen its power. As the head of the Mei family, I can't sleep and eat in peace if I don't figure out the situation of this thing!

The surroundings of the hole were extremely smooth and flat, as if it was a natural hole and not caused by an external force.

it means that this item can not only give your Mei family a special ability, but it also has such a strong corrosive power.

Yunxiao's forehead wrinkled as he said in a deep voice, "Dong 'er, once you feel any discomfort, stop immediately. You must not enter the river to cultivate!"

Mei Dong 'er's heart warmed when she saw how concerned he was about her. She wiped the sweat off her forehead and smiled sweetly. "If the situation is not right, I will definitely stop cultivating. However, this matter concerns the future of the Mei family. I must get to the bottom of this before I can be at ease."

Yunxiao nodded and said, "I've never seen this thing before, but it is indeed very terrifying. Dong 'er, can you give me another one to study?"

Mei Dong 'er said awkwardly, "this item can only form crystals under the suppression of a powerful force. We've also tried various methods to preserve it. However, we've failed. As soon as it is released, it will immediately turn back to gas and corrode everything."

you just need to force it out of your body," Yunxiao said. I have my own way.

“Alright!” Mei Dong ‘er was stunned for a moment.

She circulated her essence force again and gritted her teeth to condense that tiny green crystal. Her entire body couldn’t help but tremble, as if she couldn’t hold on for too long.

With a casual wave of his hand, Yunxiao caught the particle, and then it disappeared in his palm with a flash of green light.

Aunt Jiu and Mei Dong ‘er’s eyes lit up in disbelief.

young master Yun! aunt Jiu was shocked. how did you put this away? ”

I’m sorry, ” Yunxiao said. I can’t teach it to anyone else, and I’m the only one who can use it. His method was actually very simple. He just had to put it into the divine realm tablet and suppress it with the power of rules.

“If that’s the case, I can’t force it,” aunt Jiu said disappointedly. Young master Yun, can you now tell me what happened in the indefinite River?”

...

Yunxiao nodded and said, ” in fact, nothing happened. I just found a Jade tablet at the bottom of the Wuding River. On it were written the words ‘winding river leading to hidden depths’. The material of that Jade tablet was very special. At that time, I wanted to take it away, but a terrifying power came from below, forcing me to give up.”

“Jade tablet? The winding river leading to ethereal opening?”

Ninth aunt was shocked. She seemed to have thought of something and her expression changed.

ninth aunt? ” Yunxiao asked in surprise. you know about this monument? ”

Aunt Jiu's face was solemn. I seem to have seen similar records in the ancient books of the Mei family. I'll go back and read it after this auction. Maybe I can find the key.

Yunxiao saw her flickering expression and knew that she must be hiding something. But, this was her family matter, and although he was very curious, he did not ask too much. I'll do my best to find out what's going on with that green crystal. If there's any news, I'll inform ninth aunt immediately.

"Thank you very much, young master Yun," aunt Jiu bowed and said.

Her gratitude was genuine. Although she did not get much useful information, Yunxiao had at least provided her with a clue, which gave her a starting point.

"Young master Yun, you said that you have something to discuss with me. May I know what it is?" Aunt Jiu asked curiously.

Yunxiao smiled wryly. it's just that I don't know anything about it. I want to ask ninth aunt, who can appraise all things, to help me see what it is. He opened his palm in front of aunt Jiu, and a yellow worm the size of a rice grain appeared.

"A living thing?"

...

what a powerful metal element! aunt Jiu's pupils shrank. if I hadn't felt the vitality, I would have thought it was the mutated metal element itself!

Mei Dong'er also had a curious look on her face. She came over and was equally shocked.

Aunt Jiu put her hand on Yunxiao's palm, and there was a slight fluctuation between their palms, like the surface of water rippling. The Golden bug's body also trembled slightly.

“Ah?”

Aunt Jiu suddenly screamed and retracted her hand reflexively. She was so scared that she retreated.

“Ninth aunt!”

Mei Dong ‘er was shocked. She hurried forward to support her ninth aunt, her face full of shock. She had never seen her lose her composure like this.

Yunxiao was also puzzled. “What ability does this thing have to make ninth aunt so afraid?”

Aunt Jiu’s face was filled with horror, and her breathing became a little heavy as she stared at the worm in Yunxiao’s hand in disbelief.

After a while, she said with a lingering fear, “I’ve never seen such a strong sense from this thing in my life. Although I don’t know its origins, it’s definitely a descendant of the true spirit, or even the true spirit itself!”

Chapter 1303-discovery

the true spirit itself?!

how is that possible?” Yunxiao laughed. I don’t even believe it if you say it’s a descendant of a true spirit. In the true spirit atlases that have been passed down, have you ever seen any records of such a tiny object?”

Aunt Jiu said, “most of the true spirit atlases that have been passed down are incomplete. Moreover, most of them record some of the most famous true spirit existences in the past. It’s not surprising that some of them are missing. I can’t determine the true identity of this object, but the feeling it gives me is indeed exceptionally terrifying, causing me to shiver. May I know where young master Yun has obtained these things?”

“I’ve already killed the original owner of this item. Now that I’ve heard what ninth aunt said, I really regret taking his life. I should’ve captured him and searched his soul.”

Yunxiao's face was full of regret as he described the killing and soul-searching so lightly that both aunt Jiu and Mei Dong 'er felt their scalps tingle.

since this thing has already appeared in the world, we must be able to find out its origin," aunt Jiu said. I wonder what characteristics it has. Perhaps we can make a guess?"

this worm can emit something similar to the energy of gold spirit," Yunxiao said. but it seems to be getting weaker and weaker. A golden light flashed in his hand, and another ten or so of these insects appeared. They were all yellow, but some were deep and some were light. A faint golden light emitted from their bodies.

Yunxiao's palm immediately turned golden, as if he had forced out the imperishable golden body to protect himself under the little bug's sharp aura.

Back then, the blue-robed man from the MU clan had used his demonic flame to suppress the metal spiritual energy on the little bug, not daring to use his physical body to grab it.

"This bi an ..."

Aunt Jiu was shocked. She reached out and carefully touched the light gold. Her white fingers trembled slightly at the touch and then retracted.

Her Jade-like hand was covered in wounds, and blood was flowing non-stop.

"Be careful, ninth aunt," Yunxiao said.

"It's fine,"

yes," aunt Jiu replied softly. With the circulation of her essence force, the external injury was instantly healed.

A strange expression appeared on her face. this golden light is indeed like the Qi of the gold spirit, but it's much weaker. If these insects have combat power, they should be very powerful as well.

Yunxiao's face turned a little strange as he stared at the bug in his palm, not moving an inch, his eyebrows raised.

"Big brother Yunxiao, did you discover something?" Mei Dong 'er's heart stirred.

Yunxiao pointed at his palm, and a yellow worm the size of a grain of rice bounced up and was caught by another hand. He presented it to the two and said, "The first time I saw this insect, the golden light was much brighter than now. Could it be that it has been used up, so it is getting weaker and weaker?"

young master Yun, do you mean that the light similar to the gold spirit Qi can increase and decrease in a short period of time? " aunt Jiu asked in surprise.

"Could it be that he's hungry, so he's used up his energy?" Mei Dong 'er said, embarrassed.

it's very likely, " aunt Jiu said. but I don't know what this thing devours to replenish itself.

Yunxiao thought for a moment, then put the piece of Northern heaven cold star Iron, which had been penetrated by the green poisonous gas, in his palm and gently touched the rice-sized worm.

The light on the insect's body flickered imperceptibly, and it slowly moved toward the cold star Iron.

"?! As expected!"

Aunt Jiu exclaimed. Although the worm was extremely small, the three of them could see the situation clearly with their sharp eyes. The worm was indeed eating the northern heaven cold star Iron, but it was eating very slowly.

Yunxiao thought for a moment, then threw the other dozen bugs over. Sure enough, they all began to gnaw on the northern heaven frigid Star Iron.

hehe, it's quite fun. I wonder if they'll grow up after eating the northern heaven frigid Star Iron? "

Mei Dong 'er laughed and tilted her head as she recalled.

"Just this piece of Northern heaven frigid Star Iron alone will take several days to finish. I'll recuperate and observe for a while."

Yunxiao pondered for a moment, then with a flip of his hand, he put away all the bugs.

I'll go back and look for some information, " aunt Jiu said. the Mei family has left many books about the ancient true spirit. Maybe we can find some clues.

"Then I'll have to trouble ninth aunt." Yunxiao thanked him.

They chatted for a while, then Yunxiao got up and took his leave.

Mei Dong 'er's heart tightened. there's still a long time before the next auction, " she said hurriedly. why don't I accompany big brother Yunxiao for a walk? "

that's good, " Yunxiao said with a smile. that's good.

The two of them quickly left the auction venue and strolled around new Yan city.

Mei Dong 'er said softly, " I've been traveling around the world with ninth aunt all these years. I've often heard some news about big brother Yunxiao. I've always been on tenterhooks. I'm relieved to see that big brother Yunxiao is fine.

Yunxiao's heart stirred. Although what they had done in the past few years was not a top secret, it was by no means something that could be heard easily. Mei Dong 'er had most likely asked around.

"I did experience some things, but most of them were more frightening than dangerous," he said with a smile.

big brother Yunxiao's experiences must be more thrilling than what I've heard," Mei Dong 'er said. I'd like to hear some of them from big brother Yunxiao.

Yunxiao smiled and picked out some of the less important things that had happened after they had parted in nanhuo city. Mei Dong 'er's eyes went blank as she listened, and she became nervous from time to time.

it's a pity that I'm too weak," Mei Dong 'er said faintly. I can't help big brother Yunxiao solve his problems.

Dong 'er is already very strong," Yunxiao said seriously. but you must remember not to rush your cultivation. If you notice anything wrong, stop immediately!"

After all, the unknown poison was too powerful, which made Yunxiao very worried.

Mei Dong 'er nodded her head vigorously. I will. I will not let big brother Yunxiao worry.

Yunxiao nodded slightly. Suddenly, his expression flickered as he caught a glimpse of a figure out of the corner of his eye, who disappeared in a flash at the corner of the street.

big brother Yunxiao, what's wrong?"

Mei Dong 'er could not help but ask when she saw Yunxiao's slightly dazed look.

I have something to do now," Yunxiao said. go back to the auction hall first.

"Big brother Yunxiao, you're not going to participate in the next auction?" Mei Dong 'er was shocked.

yes," Yunxiao said. I'll be back in time.

After he finished speaking, he walked in the direction of the figure and disappeared into the corner of the street in the blink of an eye.

...

Mei Dong'er stood there in a daze. After a long while, she sighed and revealed a faint look of disappointment.

In a flash, Yunxiao locked onto the man in front of him.

However, there was a trace of mockery in his eyes. His body swayed and gradually faded until he disappeared.

A moment later, three figures appeared at the place where Yunxiao had disappeared, and all of them looked surprised.

"What's going on? I can't catch a trace of him at all. Did he really disappear?"

his aura is still lingering around here, and not a single bit of it has leaked out. Could it be that his escape technique is strong enough to escape our pursuit?"

he seems to have caught up with someone, and the person he's chasing seems to be heading towards the South Gate. Should we chase him or not?"

"The two of you, go ahead and take a look. I'll go back and report to master Hu mingri."

The three of them came up with a plan and immediately split into two groups.

In the South of Xinyan city, a hunchbacked old man with a bamboo hat quickly left the city.

The old man was wearing a brown patched farmer's uniform, and he staggered as he walked. However, after he left the city, he disappeared outside the city gate in a few steps.

...

A force fluctuated slightly in the sky, and Yunxiao, who was hiding in the void, followed closely.

The old man in front was none other than the tyrannical sky Tiger, one of the eight signs of death god Palace!

After half an incense's time, the tyrannical sky Tiger crossed a Hill and three figures appeared on a flat ground in front of it.

Yunxiao was slightly taken aback, and his eyes turned cold. Two of the three men were unfamiliar to him.

One of them was tall and slender, with long purple hair draped over his shoulders. He was an eight-star Martial Emperor. The other man had a cold expression on his face. He was dressed in a blue brocade robe and was also a seven-stars Martial Emperor.

The last man left was Mr. Quan from the demon clan, who had just fought with Yunxiao.

"Fifth brother, why did you come out? Could it be that the plan is going to change?"

Mr. Quan was sitting cross-legged on the ground to regulate his breathing. He seemed to have suffered some minor injuries in the battle with Yunxiao that day and had not yet recovered.

The other two also frowned at the tyrannical sky Tiger.

"I'm afraid it won't be that simple," the tyrannical sky Tiger said in a deep voice. "There are many strong competitors in this auction. I'm afraid that the vitality stones I brought are far from enough."

“From the start, I didn’t agree to buy it with primordial stones, so I just snatched it. With the four of us working together, although we can’t defeat the merchant Union, it won’t be a problem for us to escape.”

The blue-robed man said disdainfully. His face was ice-cold and his killing intent was obvious.

“No!” The tyrannical sky Tiger shook its head. There are too many experts on the field, and myriad treasures store’s arrangements are extremely tight, it’s too difficult to succeed!”

A trace of resentment flashed across Mr. Quan’s face. He said angrily, “ If it weren’t for li Yunxiao, who not only robbed me of the heavenly Phoenix Nirvana body but also made me exhaust three feathers of my ‘no’ true spirit, how could a mere auction stop me? ”

“Third brother, it’s not that I want to criticize you,” the purple-haired man said coldly. The three feathers of ‘nothingness’ that the boss had exchanged with others with great effort, you actually wasted them on a mere junior, and even delayed the important matter. If you can’t bring that thing back smoothly, I’ll see how you’ll explain it to boss.”

Mr. Quan’s face turned cold and he said angrily, “ I don’t need you to teach me a lesson. I know what I’m doing!”

The purple-haired man sneered. it’s good that you know what you’re doing. I’ll just quietly watch you show off your power, third brother.

Mr. Quan’s face turned extremely ugly. He gritted his teeth and said, “ Prepare the second plan!”

The four of them immediately stood up and headed in four different directions-East, South, West, and North. Mr. Quan took out an iron box-like formation disk and threw it in the middle. His hands quickly formed a seal, and all kinds of seals were sent into the formation disk.

The other three people also had calm expressions. They coordinated with each other and all kinds of formation lights flashed continuously.

Yunxiao hid in the void and watched for a while before he learned that they had set up a medium-sized teleportation array.

Ordinary teleportation formations could not be set up in a short time unless it was an extremely small area. However, they used formation disks as their Foundation. It was still very easy for them to set up a simple one-time, mid-distance teleportation formation.

Chapter 1304

1304 Testing the waters

A moment later, a huge formation took shape around the four of them. It slowly flickered and the light became weaker and weaker, and finally disappeared into the ground.

The four of them heaved a sigh of relief, their faces turning pale. Setting up such a large-scale formation all of a sudden, even if they were powerful, it was still a little too much for them.

“Take some recovery pills and restore your strength to its peak as soon as possible,” Mr. Quan said. Later, sixth brother, you will bid for that item. If you fail, everyone is ready to listen to my orders and snatch it.”

“Why me? not fifth brother?” the man in the blue brocade robe frowned.

someone seems to have recognized me,” the tyrannical sky Tiger said with a wry smile. and that li Yunxiao is also here. With his strong divine sense, I can’t be seen through by him no matter how I disguise myself.

Hmph! You’re all talking about that li Yunxiao as if he’s a God. Don’t you feel that you’re disgracing the death god Palace?”

The purple-haired man’s expression darkened as he spoke coldly. His eyes were filled with anger.

“Before the mission is completed, no one is allowed to provoke that fiend. Otherwise, don’t blame me for being merciless!” Quan’s face sank.

Although the purple-haired man and the blue-robed man were slightly dissatisfied, they did not dare to disobey Mr. Quan's order. They only snorted coldly to express their dissatisfaction.

"You two are still young. Young people are always impetuous." The tyrannical sky Tiger smiled bitterly. I really regret it now. Back in the red moon City, I should've killed him even if I had to die. Now, he's become a big problem. I didn't expect that even you, third brother, are not his opponent. I'm afraid that only boss can kill him."

I don't believe in heresy," the purple-haired man said disdainfully. after this matter is over, let me send him to the West.

as long as this is done," Mr. Quan sneered, "you're willing to die. I'd be happy to see that too.

The four of them began to discuss some strategies to snatch the auction items. They came up with various plans and how to deal with unexpected situations. Then, the four of them turned into rays of light and headed toward new Yan city.

Yunxiao suddenly emerged from the void with a strange look on his face. is Ling Baiyi also interested in my sword?"

He appeared in the sky above the formation.

Mr. Quan had used a special technique to hide the medium teleportation formation under the ground. It was impossible to find it.

this formation disk that can set up a medium sized teleportation formation is also worth a city. It's a pity to leave it here. Let me bring it back.

With a cold and evil smile on his face, Yunxiao made a grabbing gesture in the air. Suddenly, the power of an array emerged under his feet, and an iron box shot out of the array's eye, which he caught in his hand and put away.

After a few hours, the auction started again, and all the martial artists filed in.

Yunxiao also appeared in the auction hall on time and sat down next to mo Huayuan.

Mo Huayuan laughed and said, "you've chatted for so long?" Every place in this pocket dimension is under the surveillance of the merchant Union. You didn't say anything embarrassing, did you?"

you're such a loyal friend, " Yunxiao said coldly. you only reminded me now? "

"Ahem, I forgot about it."

"Did you really say it?" mo Huayuan asked with a strange expression.

"Yes."

yes, " Yunxiao replied, looking a little embarrassed.

"Ha, what did he say?" Mo Huayuan immediately perked up his ears.

Yunxiao was a little embarrassed and fidgeted. I said I've always been shy.

"Very? Very what?" Mo Huayuan asked.

"I really like Yingluo."

"What do you like a lot?"

Yunxiao's face suddenly turned cold as he slapped the man and said coldly, " I like to beat up jokers!"

“Pa!”

Mo Huayuan was hit hard on the back of his head. He did not know what kind of spell Yunxiao had cast, but a heart-piercing pain pierced into his head, making him almost scream.

“I’ve killed the sperm in your head with this slap,” Yunxiao said coldly. please call me Lei Feng. No thanks!

Mo Huayuan rubbed his head with a bitter smile, silently scolding himself for asking for trouble. He really deserved to be beaten.

Their movements could be clearly seen in the malevolent earth mirror. Hu mingri’s face turned solemn.

Li Feiyu and the others in the private room also felt their hearts thump. To be able to casually beat Mo Huayuan up like this, and not even dare to make a sound after being beaten up, just how powerful must one’s background be to do this!

“Thank you for returning to the venue again. I wonder if you’ve exchanged enough primordial stones? Now, the second half of the auction!”

Ke tongguang, ninth aunt, and the others reappeared on the round platform in the middle of the island with smiles on their faces.

The venue was filled with clamoring curses and all sorts of urging.

“Hehe, the next item is a ninth-rank auxiliary tool.”

Ke tongguang clapped his hands, and a beautiful maidservant walked forward with a smile. She raised the tray and lifted the red silk.

A gray round metal object was placed in it.

The beautiful maidservant showed the ironware, then walked to aunt Jiu and asked her to evaluate it.

Aunt Jiu gently touched the iron weapon and said with a smile, "There's no need for me to explain the effects of the finger spirit plate. It can accurately find heavenly materials and earthly treasures within a certain range. The ninth-order finger spirit plate is even more precious. This finger spirit plate is complete and in good condition. It is worthy of being a Supreme grade item."

"The base price is three million," ke tongguang said.

After a moment of silence, someone called out, "Three million five hundred thousand!"

Although the finger spirit plate could accurately find the treasures of heaven and earth, its range was insignificant compared to the vastness of the realm of heaven martial arts.

Every sect and force had their own ore-seekers, each of whom wore a finger spirit plate of different levels and flew around the heavenly martial continent all day long to find primordial stones.

This kind of people were mostly cultivators with a bleak future in the sect and no talent, so they were arranged to do these things.

If they could find a mine or some heavenly treasure, it was very possible for them to enjoy it for the rest of their lives. They might even be bestowed with various medicinal pills and cultivation techniques by the higher-ups of the sect, which might allow them to break through their current realm.

Therefore, there were still many people looking for mines. However, because the heavenly martial continent was so vast, there were not many people who could really find the mine source. Therefore, no one was interested in the spirit finger plate.

...

"Four million!"

Another person shouted, and then it became quiet.

Ke tongguang was about to speak when Yunxiao shouted, "Five million."

"Five million five hundred thousand."

The person from before pondered for a while and raised the price again.

"Six million," Yunxiao said unhurriedly.

Their voices were not loud, but the auction hall was very quiet, so everyone could hear them clearly. However, no one was willing to snatch it.

After hearing the price of six million, the man seemed to have exceeded his expectations and kept quiet.

"Seven million."

A cold voice sounded. Everyone's heart skipped a beat, and different expressions appeared on their faces. Some were shocked, some were strange, and some were mocking. They all looked towards a private room on the second floor.

Most of them were waiting to watch a good show with smiles on their faces.

...

Because they had recognized that this was the box that had fought with Yunxiao for the Goblin iron, and now it was starting again!

Ke tongguang's heart tightened as well, but he maintained a professional smile on his face.

Naturally, he knew that Zhou Chu was causing trouble. He was no longer as happy as before, but he hoped that nothing bad would happen.

“Eight million!”

Yunxiao’s face darkened as he said coldly, ”

“Nine million!”

Zhou Chu followed him closely in the room, as if he was determined to kill him.

“Hehe!” All kinds of laughter came from all around, full of mockery and sarcasm. They seemed to be very pleased to see other people’s ashen faces.

“15 million!”

Yunxiao’s face darkened as he raised the price.

Zhou Chu thought for a moment and continued coldly, ” “16 million.”

you’ve opposed me time and time again, ” Yunxiao said coldly. do you really think I don’t dare to touch you? ”

In the private room, Zhou Chu sneered, ”what a joke!” Do you really think I’m afraid of you?”

Yunxiao nodded and did not say anything else. The coldness in his eyes disappeared and became calm.

“Not good!”

Chen Feng’s expression suddenly changed as he cried out in alarm.

“Yes, what’s wrong? You’re making a fuss.” Zhou Chu snorted unhappily.

The rest of the people also looked at Chen Feng, who said with a serious expression, “Young master Yun’s words just now were a test for brother Zhou Chu. Although he had definitely guessed that it was brother Zhou Chu who was going against him, he was not completely sure and had no evidence. However, after testing him just now, he was certain that he could confirm it, so he didn’t continue to raise the price.”

Zhou Chu’s face turned cold and he snorted, “so what if I’ve confirmed it?” You mean he’ll come and snatch it?”

“That’s right,” Chen Feng nodded.

Li Feiyu’s face changed drastically. A conflict in new Yan city was the last thing he wanted to see. even if li Yunxiao can confirm it, he has no evidence after all. As long as brother Zhou Chu denies it, he can’t do anything, can he? ”

Chen Feng looked at li Feiyu with a hint of pity, as if he was worried about li Feiyu’s intelligence. brother Zhou Chu will definitely not deny it, and with young master Yun’s personality, as long as he’s certain of something, does he need any evidence? ”

“Hehe, I can’t wait to see that!”

Zhou Chu’s expression turned ferocious, and his eyes burned with fighting spirit.

Li Yunxiao’s identity is not simple. Brother Zhou Chu, don’t be impulsive!

Li Feiyu hurriedly tried to persuade him, but his gaze was fixed on Qin Chuan.

“His identity isn’t simple. This might be a good opportunity to probe his identity.” Qin Chuan smiled.

“Qin Chuan wants to give it a try?” li Feiyu asked, stunned.

Qin Chuan laughed. we'll see how it goes. I won't take the initiative to provoke him. But if we encounter him and it's inevitable, let's just go with the flow and fight him. A cold glint flashed in the depths of his eyes, as well as a raging fire.

In another private room not far away.

Han Junting's eyes were also cold as she said, " that idiot Zhou Chu will definitely be taken care of by li Yunxiao!

Grandma sunflower's expression was still rigid. She said disdainfully, " "The two of them are not at the same level at all. Can Zhou Chu withstand ten moves from li Yunxiao? The key is still to count on Qin Chuan to take action."

“Even I can't see through Qin Chuan's shrewdness. I can't be sure if he will make a move, but we just need to wait in the dark for the situation to develop. The divine sword star obliteration, the second wood spirit transformation, we can't miss any of them!”

Chapter 1305-finale

The auction of the finger spirit plate didn't cause much of a stir. It was just a lively event, and everyone continued to focus on the intense auction.

Looking at Yunxiao's calm face, mo Huayuan felt an inexplicable uneasiness in his heart. He snorted and said, " I don't know who it is, but they must've been kicked in the head by a donkey to specifically oppose young master Yun!

that's good," Yunxiao said lightly. it'll save me a lot of primordial stones.

“Could it be that young master Yun knows who it is?” mo Huayuan's heart skipped a beat as he asked.

hehe, " Yunxiao laughed. you'll know soon. Let's continue watching the auction. There are indeed many amazing things in the auction of myriad treasures store.”

Mo Huayuan knew that he was unwilling to say anything more, and his heart grew even more uneasy. In fact, he had already guessed that the person was Zhou Chu. He couldn't let them get into a conflict. He didn't want to see either of them get hurt.

The auction continued to heat up, and many of the following items were sold for extremely high prices, causing all kinds of clamor.

Bi haodang had also made several attempts, but he had returned without success. It seemed that his only ambition was the elemental five-element flag, and he did not have much desire for other things after obtaining it.

There were tens of thousands of people in the field, mixed with good and bad people. The four men of death god Palace were scattered in different directions after disguising themselves, but they did not know that they had been locked on by Yunxiao's divine sense.

The four of them did not bid once. They had already made up their minds to deal with the star Destroyer sword.

The auction went on for several hours. Suddenly, the entire auction hall fell silent. Everyone's heart trembled, knowing that the finale of the auction was about to appear.

The atmosphere in the hall suddenly became a little tense, and the oppressive atmosphere began to spread.

This was especially true for those experts who had been absent-minded and indifferent to the previous auction. Many of them had a bright glint in their eyes.

On the contrary, the group of martial artists who had been in a particularly intense competition before began to give up at this time.

hehe, the entire auction has been going on for more than a day. I'm sure many people are getting impatient from waiting, right? "

“If I were to announce the end of the auction at this moment, would I be beaten to death by everyone?”
ke tongguang laughed.

The crowd burst into laughter, and the tense atmosphere was immediately dissolved. Many people shouted, “not only will he be killed, he will probably be turned into ashes! don’t babble anymore. Hurry up and start! “You’re not just an auctioneer, you’re also a Joker!”

Ke tongguang chuckled a few times and said, “Let’s cut to the chase. Everyone should already have an understanding of the next three grand finale items. Let’s go straight to the first item, the tenth tier spirit herb, the Qixing orchid!”

The scene immediately fell silent, and everyone held their breath.

Even Yunxiao’s heart trembled violently, and his eyes flickered.

A beautiful maidservant slowly walked out from the island. She was holding a tray with a flat Jade box that was half a foot wide.

“What’s up with this tenth tier spirit herb?”

A deep voice came from a private room on the second floor. Although it had been processed by a mirror, it still sounded very serious.

Everyone held their breaths, not daring to breathe too loudly.

Yunxiao’s face was also extremely solemn. Ever since Qing told him the reason why he could not enter the tenth-tier immortal state, he understood that not only were Warriors stopped before the immortal state, but all kinds of heavenly and earthly treasures could also only stop at the peak of the ninth-tier and could not go any further.

This was because there were no more tenth-tier rules in this world, and all living things could not evolve further.

hehe, this tenth-tier spirit herb is definitely a genuine one. Please have a look, ninth aunt. Ke tongguang smiled confidently.

Aunt Jiu looked serious and nodded. I've examined countless treasures, but I've never seen a tenth-tier item. I'm not confident that I can identify it. Let me try.

Her words were neither haughty nor humble, and she was honest and didn't hide her shortcomings at all, making everyone look at her in a new light.

The voice from the private room on the second floor rang out again, " with ninth aunt's appraisal, we're 10000% assured.

Everyone had the same thought. Ninth aunt was already the most powerful appraiser in the current era. If even she could not figure out the reason, who could?

Aunt Jiu nodded and walked forward. The jade box was engraved with all kinds of strange symbols and array patterns.

She gently placed her hand on the jade box, and a warm jade light suddenly lit up from the box. The array pattern on it suddenly became bright, and countless silver patterns flew up.

The silver patterns spiraled up and condensed two feet above aunt Jiu's palm, forming a huge silver array.

Aunt Jiu's body trembled slightly and she was forced to take a few steps back. She looked shocked.

Everyone's hearts were in their throats as they watched with wide eyes, not daring to blink.

The voice from the box rang out again, " "Ninth aunt, how is it?"

Aunt Jiu's expression was grave. there's no doubt that there are level 10 divine herbs inside, but I can't sense the exact situation clearly. I hope that some friends can help me.

"How do you want me to help? please tell me," the voice in the box said.

this level 10 divine herb is sealed in a Jade box, " aunt Jiu said. it can ensure that the medicinal effects inside won't be lost, but it also blocks my sense. I need a powerful friend to help me break the seal. However, doing so will cause a slight loss of the divine herb's medicinal strength."

Ke tongguang's expression changed slightly as he said,"you can't!" Level ten divine herbs are the best in the world, and the loss of any medicinal power can not be compensated for."

then I can't do anything about it, " aunt Jiu said. I can only guarantee that there are indeed tenth-tier divine herbs inside. I don't know the details.

The crowd immediately burst into an uproar. All kinds of discussions sounded and lingered on.

The voice in the box spoke again, " "The information inside is not clear and there is no way to refer to it. This item is really difficult to auction. Don't tell me that myriad treasures store doesn't have any information?"

"This item was found in an ancient site. The myriad treasures store can only conclude that it's a level 10 divine herb, the Qixing orchid. They didn't have any more information," ke tongguang said.

"Hmph!"

The voice seemed very dissatisfied, " "If it's auctioned off at a sky-high price, but there's nothing inside, how do you explain it?"

"That's right! Can myriad treasures store be responsible for returning goods?" There were voices of dissatisfaction all around.

Ke tongguang was put in a difficult position. He thought for a while before he said, since everyone has a request, myriad treasures store can't be unreasonable. Then, ninth aunt, please give it a try. I wonder how you can break the seal? "

I don't know much about sealing techniques, " aunt Jiu said. are there any experts here? "

The audience fell silent, all of them thinking.

Heroes from all walks of life were gathered here, and there were many experts who were proficient in the art of sealing. However, this was a matter of great importance, after all, and no one dared to be careless.

"If ninth aunt and myriad treasures store are at ease, let me do it."

...

A voice slowly rang out, and everyone's eyes immediately focused on it. They could not help but reveal shocked expressions.

"If young master Yun is willing to help, that would be great," aunt Jiu said with a faint smile.

The man who spoke was Yunxiao. Under the watchful eyes of the crowd, he flew up into the air and slowly landed on the round platform on the island.

"Hold on!"

Suddenly, a soft cry rang out from the crowd. A silver-robed man revealed a look of dissatisfaction, "Who is this person? If we randomly find someone to test it on, who can bear the responsibility if the seal or the spiritual herb is broken?"

Everyone looked at the silver-robed man and many of them exclaimed.

“So it’s Mr. Cai from the White Feather villa!”

“Mr. Cai? You mean the younger brother of the White Feather villa’s master, the ninth-rank great array master, Mr. Cai?”

“That’s right! I didn’t expect you to be here as well, Mr. Cai. This matter of suppressing the seal is naturally your responsibility!”

Mr. Cai’s face was full of pride as he said leisurely, “ young man, I can see that your strength is extraordinary, but suppressing the seal requires not only strength, but also a strong spiritual power that is enough to recognize every rune in the seal. Do you think you can do it? ”

this Jade box should have been left behind a long time ago, ” Yunxiao said. I already know the runes that appeared when you were testing me just now. If you still have other tricks up your sleeve, I can only follow them step by step and deal with them as they come.

...

“Hmph, what a big tone!”

Mister Cai’s face darkened. I’m a ninth-rank formation master, ” he said. I don’t even dare to recommend myself. You should know that there’s always someone better than me. I just hope that someone stronger than me will take action.

I’ll try my best, ” Yunxiao nodded and said.

Mister Cai almost choked to death. He shouted angrily, ” “What a joke! What’s the use of trying your best? Hurry up and get down!”

Aunt Jiu’s eyes turned and she said slowly, ” Mr. Cai, please calm down. With my understanding of young master Yun, he can take on this great responsibility.

Ke tongguang recalled that the mirror wall of the private room had almost been penetrated by this person's divine sense. He immediately said, "With young master Yunxiao's abilities, you should be able to do it."

"Young master Yunxiao? He's Li Yunxiao!" Someone suddenly exclaimed.

"What? Li Yunxiao?"

This time, it was like a stone that caused a thousand ripples. The entire place was shocked and all sorts of discussions broke out.

is it Li Yunxiao, the one who is known as the number one rising star and not even the four prodigies of the North are his match? "

"Wasn't this person wanted by the entire Red Moon City and executed long ago?"

"This kid is so young. Does he really have such powerful strength? I can't believe it!"

Yunxiao frowned slightly. He did not expect that he would be so famous that everyone seemed to know him.

Mr. Cai was also surprised. He didn't expect this young man to be so famous, but he was still stubborn. He snorted and said, "I've heard of young master Yunxiao's strength, but the Dao of sealing isn't that simple. How about this, I'll simply cast a sealing art, and if young master Yunxiao can break it, I have nothing to say."

The voice in the box rang out again, " Mr. Cai's method is wonderful. If young master Yunxiao can pass the test, everyone's doubts will be dispelled.

alright, " Yunxiao said without hesitation. you can cast the spell.

Mr. Cai's face turned serious. He jumped up and flew to the round platform on the island.

He snorted coldly in his heart and made up his mind to trap Yunxiao with all he had learned in his life and embarrass him!

Chapter 1306

1306 Level 10 spiritual herb

“Young master Yunxiao, are you ready?”

Mr. Cai’s face turned cold, and a surging aura gushed out of his body.

The space around the island fluctuated slightly. It was the Warriors the merchant Union had arranged to maintain order. They were all on alert for fear of any unexpected changes.

yes, ” Yunxiao said indifferently. it’s done.

He didn’t move at all, not even the expression on his face moved.

Seeing this, Mr. Cai was even more enraged. He shouted in a deep voice, ” excuse me! He pushed his palms forward, and a mighty force rippled out.

The space seemed to have been split into two and twisted in front of him, turning into two rays of light that rotated. A golden and silver Taiji diagram appeared in front of him.

Then, he moved his fingers and runes flew out of his hands one after another. It was a dazzling sight.

In less than two breaths, the two-colored Taiji diagram disappeared from his sight. In the next moment, it shrank to the size of two fists and slammed down at Yunxiao.

Yunxiao neither dodged nor retreated, but let the gold and silver light hit his chest, making sizzling sounds as if a hot iron was burning his skin.

Mei Dong'er's body trembled, and she covered her mouth with her hands. Her eyes were filled with shock and anxiety.

hehe, young master Yunxiao, you're indeed bold. You didn't resist at all.

Mr. Cai was a little surprised, but he was more disdainful. "My golden-silver Taiji diagram can seal one's dantian and sea of Qi. As long as young master Yunxiao can unseal it, I'll be convinced. Hehe, if you can't unseal it, just tell me and I'll unseal it for you."

Yunxiao looked at his chest and looked inside his dantian. Sure enough, a double-colored Taiji diagram had appeared, pressing down and spinning above his sea of Qi. He tried to hit it with his primordial energy, but it was as solid as a rock and could not be moved at all.

"Mr. Cai of the White Feather villa is indeed something." He pondered for a moment.

Mr. Cai was looking at Yunxiao with a smug expression when he suddenly trembled as if he had been electrocuted. He trembled for a moment and was completely stunned, his eyes bulging like pomegranates!

Suddenly, a bolt of lightning flashed from Yunxiao's body, and the gold and silver light was shattered and completely disappeared.

"Ah?"

Many experts below the stage were also people with sharp eyes. They immediately discovered that the seal had been broken, and they all revealed looks of disbelief.

With their eyes, they could naturally see that Mr. Cai had put his life on the line just now. Most of them did not think Yunxiao would win, thinking that he would eventually admit defeat.

Even some of the people who thought highly of Yunxiao were considering how long it would take him to unseal the seal.

The seal was instantly lifted!

Wufu, how is this possible?!

The crowd burst into an uproar, their faces filled with shock.

Especially Mister Cai, in addition to the shock, he also felt like there was a dagger on his back. Many powerhouses were watching him, thinking that he was deliberately going easy on him, and that the two of them were acting together.

Even Yunxiao himself was taken aback, and a strange look appeared on his face.

Just now, he did not do anything. After he failed to break the seal by circulating his Yuan power, the purple lightning seed floating above his dantian suddenly jumped. A purple lightning as thin as a hair struck the gold and silver Taiji diagram, instantly destroying the seal.

After thinking for a moment, Yunxiao understood. The purple Thunder seed had been fed and nurtured by his primordial energy, and the Taiji seal had cut off the connection between the two, which angered the purple Thunder seed, so it had unleashed the Thunderbolt to destroy it.

Yunxiao was also a little shocked. It was just a tiny trace of purple lightning, but it had completely shattered the seal that he could not shake even with his full strength.

“The seal has been opened, I wonder if anyone has any objections?”

Ninth aunt chuckled, her eyes wandering.

All the discussions in the hall suddenly quieted down, so quiet that not even a ghost could be seen.

The voice from the private room upstairs sounded again, “young master Yunxiao’s strength is unbelievable. He’s even stronger than the rumors say.

Yunxiao glanced at the private room, but he did not know who was inside.

In the other boxes, Zhou Chu, Han Junting, and the others were all shocked. They could tell that Mr. Cai did not hold back.

Han Junting's face turned serious and said, "Granny, I'm afraid we've underestimated his strength."

Grandma Sunflower's face twitched as she said in a cold tone, "Even if there's a mistake, it won't be too big of an error. If head shopkeeper and I work together, we can definitely take him down!"

"If it wasn't for the fact that I'm determined to get my hands on the second wood spiritualism, I'd really like to have a fight with such a genius," Han Junting said.

On the round platform on the island, Mr. Cai's face was red and white. He said, "Li Yunxiao, can you tell me how you broke my seal?"

He knew very well how strong the seal he had placed was. It was absolutely impossible for the young man in front of him to break it open with his essence force. There must be something fishy about it.

"It's all thanks to Mr. Cai's mercy," Yunxiao said indifferently. "That's why I have the chance to break the seal."

Mr. Cai's old face suddenly turned red. He knew that the other party was unwilling to tell him, but this kind of unique skill was most likely a secret technique, so it was natural for him not to tell. He cupped his fists and said, "The new generation replaces the old, this old man is convinced!"

After he finished speaking, his body flashed and he flew down.

With no more objections, Yunxiao naturally became ninth aunt's helper.

The two of them communicated in secret for a while, seemingly discussing how to deal with the seal on the jade box, and soon began to implement it.

Aunt Jiu performed several incantation seals and patted the jade box in a certain order and position. The golden light in her palm suddenly dispersed and turned into countless golden powder that floated down, turning the entire Jade box into a golden shimmer.

“Swish!”

The jade box let out a trembling sound, and a layer of formation light emerged. It grew to several feet in size and rotated above the island.

Yunxiao put his hands together, and the power of thunder and lightning condensed in his palms. Then, he thrust them directly into the array light and clenched his fingers into a fist!

“Roar!”

A tiger’s roar came from his palms and resounded throughout the entire venue, causing everyone’s face to change.

Then, a crazy green Thunderbolt gushed out and transformed into the shape of a Tiger. Its claws overlapped with Yunxiao’s arm and tore the seal apart!

Ke tongguang’s head was covered in cold sweat as he watched nervously. If something went wrong, he would have to take responsibility.

...

Aunt Jiu’s face was also very serious. She made a hand seal with one hand and pressed it on the jade box.

A white light lit up from the top of the box, and suddenly, a monstrous spiritual Qi gushed out, showing a white mist state, and gathered above the island.

A faint blue light could be seen within the mist. A seemingly ordinary spiritual herb was faintly visible in the mist, showing a light state.

Everyone held their breath and looked at the spiritual herb in shock. They knew that this was the projection of the Qixing orchid's true body.

Ke tongguang's hands were covered in cold sweat as he repeatedly cried out, ninth aunt, stop! The spiritual energy is almost depleted!

Seeing more and more spiritual energy pouring out of the jade box, he stomped his feet in anxiety.

Aunt Jiu's face was pale, and beads of sweat rolled down her cheeks. Her eyes suddenly narrowed, and she raised her hand to form a seal.

The strange phenomenon in the sky disappeared, and Qi xinglan's figure also disappeared.

Yunxiao spread his hands, and the Tiger's Thunderbolt form turned into a bolt of lightning that flew back into his palms.

The sealing power that was several tens of feet in size immediately returned to its original state before flying back into the jade box, upon which the entire Jade box returned to its ordinary appearance.

"How is it?"

...

Ke tongguang asked impatiently as he wiped the cold sweat off his forehead.

The light in aunt Jiu's eyes gradually faded and she said, "There's no doubt that there are tenth-tier spirit herbs inside. However, most of the meridians of this spiritual herb have already been petrified. Although it's sealed very well and a lot of its medicinal power still remains, it's not worth much."

“Whoosh!”

This judgment immediately caused an uproar below, and all kinds of sighs could be heard.

Ke tongguang was even more dumbfounded. He argued, everyone saw the spiritual Qi and phenomenon just now. If it was as ninth aunt said, why would there be such a big reaction? ”

although there isn't much medicinal power left in this tenth-tier spirit herb, it's still worth more than ninth-tier spirit herbs, ” aunt Jiu said apologetically. it's not surprising that it's unusual. Of course, this is only my side of the story, and my appraisal technique is simple, so I can't glean much information.”

Everyone knew that she was speaking modestly, and also considered it as giving myriad Treasure Tower an explanation. If the ninth aunt of the Mei family said so, this spiritual herb was most likely useless.

Ke tongguang's expression changed slightly. He knew that this spiritual herb could no longer be sold for the expected price. He could only sigh and say, ”In fact, our ten thousand treasures tower has long been prepared for this kind of situation. After all, it's extremely rare for something from who knows how many years ago to be able to leave behind a little residual medicinal power. However, just as aunt Jiu said, this item's value is still above that of a Grade 9 spiritual herb. Other than its medicinal value, its research value is even more immeasurable.”

The voice from the private room upstairs sounded again, ” “What's the starting bid for this herb?”

“30 million Supreme-grade origin stones,” ke tongguang replied after some thought.

The voice from the private room upstairs said, ” I bid 40 million Supreme-grade Yuan stones. If any of you bid higher than this, I'll give up.

After all, the Kirin star orchid could only be sold as a top grade level nine spirit herb, losing a great deal of its value.

The crowd fell silent. Most of the combat cultivators had given up, and only the alchemists were still hesitating. Just as Ke Tongguang had said, the research value of this thing was greater than its practical value.

“Forty million.”

Suddenly, a voice called out, and the crowd couldn't help but burst into laughter. This guy was too mean. He only increased the bid by 100000, which was the minimum increase for every bid in this auction.

Everyone looked over and saw that the bidder was none other than Mo Huayuan.

The voice from the private room upstairs said, “Since Grandmaster likes it, then this one will not participate in the contest.” The owner of the voice had obviously recognized Mo Huayuan, but there were too many people present to reveal his identity.

Chapter 1307-searching for the owner

“Forty million going once!”

“40.00,000 going twice, is there no further bid?”

Ke Tongguang felt a little indignant. He looked around and deliberately dragged out the time.

Yunxiao broke the silence and said, “Forty million two hundred thousand!”

Everyone's eyes immediately gathered on him. Many people even revealed strange expressions and turned to look at a private room on the second floor.

Zhou Chu's face was gloomy. Just as he was about to bid, Qin Chuan stopped him. He shook his head with a serious face, indicating that he should not bid.

Hmph! Zhou Chu snorted unhappily. He sat there sulking, but the killing intent in his eyes grew colder.

Li Feiyu was worried when he saw this. Zhou Chu was obviously possessed by an inner demon, and it was inevitable that he would have to fight Yunxiao. Even if he was forcibly suppressed, the inner demon would still haunt him, and it would be difficult for him to make any progress in his martial cultivation.

“Young master Yun, you also want this abandoned spirit herb?” mo Huayuan was taken aback.

“Cough cough!”

Ke tongguang coughed heavily and said seriously, “Mind your words! Only a portion of the spiritual herb has turned to stone, it’s not useless!”

yes! Yunxiao nodded and said, “ I really want to have some fun.

“Since that’s the case, I won’t fight for it,” mo Huayuan said. After he withdrew from the contest, no one else spoke up.

Ke tongguang shouted three times in a row before he finally said helplessly, “Sold for 40.2 million. Congratulations, young master Yunxiao. After all the finale items have been auctioned off, you can go backstage to exchange.”

Yunxiao nodded and flew back to his seat.

“The first item may be incomplete, but it’s a tenth-tier item,” ke tongguang said in a daze. “It’s enough to be the finale. This old man can Pat his chest and guarantee that the second item is a complete item!”

A beautiful maidservant walked forward with a smile. She was dragging a Jade plate with a pale-green scroll on it. It was densely covered with golden specks of light, making it seem like it was made of an extraordinary material.

“Hehe!”

Ke tongguang licked his lips and said with a look of extreme desire, " since ancient times, soul attacks have been the unique skills of alchemists, and they are extremely brutal. A moment of carelessness would cause them to fall into a daze and lose their lives in an instant. However, tens of thousands of years ago, there was a peerless genius who created a world-shaking martial technique that allowed one to perform soul attacks without using soul power!"

it's the soul attack technique left behind by the unrivaled tan dikun, the unrivaled expert who dominated the world for a time-the critical strike!

Everyone already knew about this item, but when they heard ke tongguang read it out loud, they still could not help but gasp. Their eyes lit up and they swallowed their saliva.

A warrior could not help but shout,"such a peerless cultivation technique, can't you all cultivate it yourself?" It's really hard to believe that you're selling it. Could it be that you left a copy?"

Ke tongguang laughed. you must be joking, my friend. The mark of a peerless cultivation technique can only be passed down on special materials. Moreover, there's only one chance to obtain it. This is basic knowledge. This scroll could only be cultivated by one person. As for why the ten thousand treasures store did not cultivate it themselves, it was naturally because they did not need it. Everyone has their own unique skill. Although the critical strike is powerful, it's still a question whether it's worth the time and energy to cultivate it. "

Everyone fell silent. Such a powerful magical power, even if they obtained the inheritance, it was still a problem whether they could cultivate it. Even if they could cultivate it to the peak, the resources spent would definitely be a lot.

Ke tongguang continued to smile and said,"but this doesn't affect the value of this divine ability!" This was especially true for those friends who had already reached the peak of their cultivation and found it difficult to make any further progress. If they cultivated this cultivation technique, their combat power would probably double. As for friends who have a bright future in cultivation, I don't recommend wasting energy in cultivation."

His words were very honest, and everyone couldn't help nodding.

"The starting price is 50 million!" Ke tongguang said.

The entire place became extremely quiet. They didn't think it was too expensive, but they were all waiting quietly, like the pressure before the storm.

Even if he didn't practice it himself, such an unparalleled technique would definitely be a treasure when he bought it.

"Hehe, since none of you want to speak, I'll raise the price first." "Seventy million!" Bi haodang snorted coldly.

"?!"

Everyone sucked in a breath of cold air, each and every one of them shocked.

The sudden increase of 20 million instantly broke the financial and psychological bottom line of a large number of people. Many people were immediately dumbfounded and were eliminated before the competition even started.

Ke tongguang's eyes lit up. He laughed and said, "Heroic, heroic! Sir bi is indeed willful! But I like it!"

"70 million Supreme-grade primordial stones for this unparalleled super power is not a low price. However, I'm also interested in taking a look at this ability. Seventy-five million!"

In a corner, an unremarkable looking short old man slowly said. He didn't make a single move during the entire auction, as if he had been waiting for this item.

"Eighty million!"

A voice came from a private room on the second floor.

Ke tongguang's pupils contracted as he looked towards the private room. He naturally knew that the person inside was the star and moon school's head shopkeeper.

“850000!” The old man’s face turned pale, and beads of sweat began to appear on his wrinkled forehead.

“90 million.”

In the private room, Han Junting seemed to have no pressure as she raised the price.

Most of the people present were dumbfounded and completely speechless. They were also rubbing their fists and wiping their palms, planning to participate in the bidding, but the price was already out of reach.

The old man’s face became twisted, and his eyes burst with a fierce killing intent. He gritted his teeth and said, “100 million!”

The entire place was shocked by the number!

Ke tongguang’s eyes were also shining with excitement. A treasure that could be auctioned for over 100 million Supreme-grade primordial stones was rare even in the history of auctions.

On the other hand, Yunxiao’s face remained calm. As long as he recovered to his peak strength, no one in the world could defeat him in the field of soul attacks except for Tian si. So, he did not have any thoughts about the item.

Han Junting hesitated for a moment and finally gave up.

She only wanted to buy this magical power to take a look. If it was suitable, she would practice it. If it was not, she would give up. After all, there were many cultivation methods passed down in Shenxiao Palace, and many of them could be used for this critical hit. There was no need to spend more than 100 million to buy them.

Ke tongguang called out three times, but no one responded.

The old man finally heaved a heavy sigh of relief. Almost everyone heard him exhaling.

“Since it’s the auction of the last three grand treasures, you can cash them in backstage after everything is over. There’ll be a special teleportation formation to send the auctioneer away, so there’s no need to worry too much,” ke tongguang said with a smile. Now, let’s bring out the last auction item-divine sword Star Destroyer!”

The third beautiful maidservant slowly walked forward, dragging a large sword case in her hands. She slowly opened it in front of the crowd.

...

Everyone stretched out their necks and looked into the distance with their eyes wide open. They wanted to see what this legendary object looked like.

However, in an instant, everyone felt greatly disappointed. There was a white iron sword lying quietly in the case. It looked ordinary, and it did not even have the luster of a sword.

Yunxiao was the only one who trembled, his eyes filled with endless reminiscence, and the fingers of his right hand even trembled slightly.

Mo Huayuan sensed his excitement and said softly, “Young master Yun also wants to bid for this item? Hehe, that’s probably a sky-high price! I saw that there are many famous old monsters here who have yet to fight. It seems that they are all here for the Starfall divine sword.”

Yunxiao knew that he had lost his composure, so he immediately put away his excited expression and returned to his previous calm state.

“Hehe, does everyone feel a little disappointed after seeing this?”

Ke tongguang took in everyone's expressions and chuckled softly. This thing is incomplete, so it doesn't have the luster of a sword. Ten thousand treasures tower has obtained this sword for some time. Except for using a specific method to stimulate it, it has been so ordinary the rest of the time.

"Clang!"

A sword cry suddenly rang out from the sword case. It soared into the sky and was so sharp that it not only reverberated in the venue, but also pierced into everyone's heart!

"What's going on?"

Ke tongguang was taken aback. He looked over in shock. The White iron sword that had been plain and unremarkable had suddenly turned into a flowing light. The sword's gleam, which was like water, was like a star's gleam that was slowly glowing.

...

The maidservant who was dragging the sword case also turned pale with fear, as if she had sensed the sword intent in it, and her whole body trembled in fear.

What did you do to the sword?!

Ke tongguang angrily rebuked. The aura on his body surged and pressed down on the maidservant. His face was extremely gloomy!

"Head ... Head shopkeeper, I ... I didn't do anything!"

The maidservant was so frightened that she knelt down on both knees, but she still held the sword case firmly. Her body trembled violently, and two streams of tears flowed down.

Hmph, you didn't do anything?!

Ke tongguang's face contorted as he walked forward and said coldly, "We've studied this sword for a year and a half, and we've never seen such a strange phenomenon before. You still dare to quibble!"

The maidservant's body trembled like a sieve. She was so scared that she couldn't speak, but her tears kept flowing and she kept shaking her head.

"Do you know the value of this sword?" ke tongguang asked coldly. Even if I kill 10000 of you, it won't be worth a single bit of the sword!" His face was filled with killing intent.

"Hold on!"

Aunt Jiu stood in front of the maidservant and said, "Lord ke, the strange phenomenon caused by the sword has nothing to do with this girl."

"Oh?" Ke tongguang frowned and looked inquisitive. He still believed ninth aunt's words.

Ninth aunt looked at the sword radiance and said solemnly, "The essence of this sword is the sound of knowledge, and also the intent of the divine weapon to find its master!"

"Ninth aunt, are you saying that this sword knows that it's going to be sold, so it's displaying its sword intent to the best of its ability in the hope of meeting a wise man?" ke tongguang was shocked.

Aunt Jiu raised her eyebrows and said, "the sword intent sounded very happy, as if it had met its master. That should be what it meant.

"Haha, it's indeed a divine sword!"

Ke tongguang laughed out loud, clearly in a good mood. He said to the maidservant, "Get up, I've wrongly blamed you."

Chapter 1308-sky high price

The maidservant was so frightened that she did not know what to do. She only knew how to cry. With Ke Tongguang's help, she stood up shakily.

After all, she was well-trained. The maidservant wiped her tears and grinned at everyone while dragging the sword case.

At this moment, the sword case was emitting a sword light that was like the moonlight. It reflected the stars in the sky and flowed like water.

Ninth Aunt looked at the sword and frowned. Although it was a sign of enlightenment, the sword's reaction was too big.

"There's something strange about this sword,"

such a powerful weapon accumulation," Mo Huayuan mumbled. It's as majestic as a mountain, and it's flowing like water. It's like the sound of a meeting, and it's more like a reunion after a long separation.

Maybe it has an old friend here," Yunxiao said with a knowing smile. Who knows?"

Mo Huayuan was taken aback, and then he frowned. Yunxiao's words seemed to be hinting at something, intentionally or otherwise.

A voice came from Han Junting's room, "From what I know, this sword has been damaged for a long time. It's extremely rare for it to be able to maintain its spirituality. Such a loud sound is very heart-wrenching, and I don't believe that there's nothing stimulating it.

Ke Tongguang's face darkened. He naturally knew who was speaking. He said coldly, "This friend's meaning is that in order to raise the price, the Myriad Treasure Tower deliberately played a little trick to let this sword display its prowess on the field?"

"I don't know if it's true or not, I'm just raising a question in my heart." Han Junting said.

“Friend, if you’re suspicious, just don’t buy it. What are you blabbering about?” ke tongguang sneered.

Anger surged on his face, and he was clearly very unhappy.

Han Junting didn’t say anything more. After all, she was determined to get this sword. If the myriad treasures store really didn’t let her buy it, she would really be dumbfounded.

Ke tongguang snorted heavily and said, “Back then, Gu Feiyang’s three swords combined into one and refined a Supreme profound level weapon, the star severing sword. Speaking of which, this sword isn’t just a mere ninth tier profound armament, but a third of a transcendent grade profound armament. It can be said to be a fragment of a transcendent grade profound armament, isn’t it normal for something to happen?”

Speaking of which, what the friend said just now is true. This sword is indeed damaged. But what’s the point of buying it? ”

Ke tongguang’s gaze turned to the tens of thousands of people below. He stuttered, “Although the sword body is damaged, the sword intent is still there!”

that’s right. This sword’s spiritual connection is far beyond my expectations. That sword intent is most likely within it.

A steady and solemn voice came from a private room on the second floor.

Everyone immediately became nervous, and their eyes lit up. Under the water-like sword radiance that filled the sky, they seemed a little demonic. They licked their cracked lips and felt a wave of thirst in their throats.

Ke tongguang’s eyes also lit up. He said loudly, “Not only is this sword a top-tier level nine sword, but it’s also a fragment of a Supreme-grade profound level weapon. At the same time, it’s not only the divine sword Star Destroyer, but it’s also one of Gu Feiyang’s three sword techniques! The starting price is 100 million Supreme-grade primordial stones, and each increment must not be less than 1 million!”

There was no sound in the field for a few minutes. It was as if time had stopped, and only the sword radiance was moving.

The critical hit in the last round could be sold for a sky-high price of 100 million, so the starting price of Gu Feiyang's sword force and the divine sword itself was not too much.

"One hundred and ten million!"

"One hundred and thirty million!"

"140 million!"

The price instantly soared by forty percent. Most people's faces turned pale, and they pursed their lips in shock.

In the private room on the second floor, Qin Chuan and the others looked at Chen Feng in shock.

"Brother chenfeng sure is generous," li Feiyu forced a smile and replied, "you're calm and composed when you bid 140 million, and you're even drinking your tea with a smile on your face."

"When the price reaches a certain level, it'll just be a number," Chen Feng laughed.

In a private room not far away, han Junting frowned and said, "the location of that private room is 140 million. It's most likely Chen Feng from the blade sect.

Grandma sunflower said, "isn't this rise too fast?" It won't exceed our budget, right?"

Han Junting smiled and said, "budget?" We don't have a budget." "200 million," she said in a clear voice.

"?!"

Everyone in the hall burst into an uproar, looking up at the private room in shock. Most of them turned pale and sighed.

Chen Feng's expression also changed, and the teacup in his hand swayed.

"Hehe, 200 million Supreme-grade primordial stones is indeed just a number," Qin Chuan laughed.

Chen Feng's eyes flickered with a sharp light as he said, "250 million!"

Everyone present felt like they were looking at the ocean and sighing. They suddenly realized that the primeval stones they had prepared were not even enough to fill the gaps between his teeth.

"300 million!" Han Junting replied with a smile.

Chen Feng's body trembled once more, and he finally revealed a shocked expression. After being stunned for a while, he shook his head with a bitter smile and completely gave up.

"300 million is nothing to the saber sword sect," Li Feiyu blinked and laughed.

"You have to know that this 300 million is just a bargaining chip," Chen Feng said with a bitter smile. "It's very likely that we'll lose everything. After all, Gu Feiyang's sword intent is so strong that not everyone can understand it. No one knows how much sword intent is left in the sword. If I use a wicker basket to draw water and the 300 million is gone, even I will be killed by the sect."

"Hahaha!"

"The saber sword sect's sword techniques may not be unparalleled in the world, but they're still the best in the world. In my opinion, if there's anyone in the world who can comprehend that sword intent, your father is the best choice."

Chen Feng glanced at him and said, " my father has not used a sword for many years. He has his own way of the sword. No matter how amazing Gu Feiyang's sword style is, my father will never learn it.

After Han Junting called out the bid of 300 million, the entire Hall fell into dead silence. No one made a sound.

Ke tongguang was overjoyed. The price had already exceeded their expectations. He called out twice in a row, but no one else made a bid. Just as he was about to make a final decision, Yunxiao's voice suddenly rang out, " four hundred million.

"?! What?"

This time, it was even more explosive. Everyone was abnormally shocked. How could this kid be so rich?

A person in a private room on the second floor couldn't help but tremble as cold sweat broke out on his forehead.

It was Su Hong of Tianyuan trading company. He felt that it was extremely difficult for him to breathe. He opened his mouth and gasped for air desperately. He clutched his chest continuously and seemed to be going crazy.

Han Junting was also extremely furious. She slammed the table in front of her and it turned into dust in an instant!

...

Ke tongguang already knew that Tianyuan trading company had vouched for Yunxiao, so he was grinning from ear to ear. He gave a thumbs-up and praised, " young master Yunxiao is not only the world's best in martial arts, but also the world's best in wealth. He deserves to be called the world's number one!

He began to flatter without restraint, but no one felt uncomfortable. If it were them, they would probably flatter him even more.

“450 million!”

Han Junting’s voice was cold and murderous, sending shivers down everyone’s spine.

“Five hundred million,” Yunxiao said slowly.

“Damn it!”

Han Junting finally lost her temper and shouted, “ Li Yunxiao, do you really want to go against me? ”

Ke tongguang’s face darkened and he rebuked angrily, “Impudent! Anyone who dares to make any threats in the venue will get lost! I don’t care who you are!”

Han Junting gritted her teeth and said, “ 600 million!”

“Hehe, since this friend likes it so much, I’ll let you have it.” Yunxiao chuckled.

“Dammit! You should die!”

...

Han Junting’s face turned a little ferocious, and her disguise almost fell off. A murderous aura gushed out of her body and surrounded her as she growled in a low voice, “ li Yunxiao, you’re asking for death! You can’t blame me for this!

Grandma sunflower was shocked. She had never seen han Junting so angry. She quickly said, “ Head shopkeeper, calm down!”

She opened her mouth and shouted. A musical note was spat out and spread out. Han Junting’s body trembled, and she gradually calmed down.

“Head shopkeeper,” grandma sunflower exclaimed, “you almost had an evil spirit invade us just now!”

Han Junting broke out in a cold sweat. She had never been so emotional before. She quickly calmed herself down.

However, when he thought of the extra 200 million Supreme-grade origin stones, he trembled and felt pain in his heart.

“Haha, 600 million primeval stones! Are there any friends with a higher price?”

Ke tongguang was also excited and overjoyed. He could imagine han Junting’s current state, and he felt even more delighted.

“Sir ke, I have a presumptuous request. Can you allow me to take a closer look at this sword? if I’m satisfied, I’m willing to pay 700 million!”

A voice slowly rang out, instantly attracting everyone’s attention.

Yunxiao’s pupils constricted, and the corners of his mouth turned up. The man who spoke was one of the eight symbols, the purple-haired man. He knew that a good show was about to start.

However, he was also very curious. If the purple-haired man dared to snatch it, how would he be able to escape from the encirclement of so many experts without the feather of true spirit? even he wasn’t confident of doing so.

“Oh?”

Ke tongguang’s gaze focused, and his excited mood immediately calmed down. this friend looks very unfamiliar. Is there something about this sword that you don’t understand? ”

“No,” the purple-haired man replied coldly, “it’s just that I’ve cultivated a sensing divine ability, so I have a special sense for martial techniques. If I can sense the sword intent in it, then 700 million Supreme-grade primordial stones will be worth it. If I can’t sense it, then even seventy million is too much.”

“Just because you can’t sense it doesn’t mean that others can’t,” Ke Tongguang said coldly. “If the sword is damaged, will you be able to bear the responsibility?”

The purple-haired man said, “I’m here to participate in the auction, so I should have the right to observe clearly, right?” In addition, my senses only need to be within three feet of the sword. If there’s any damage, it’ll be on me.”

Ke Tongguang hesitated for a moment before he said, “Alright, come on up!”

The purple-haired man in front of him had the cultivation base of an eight-stars Martial Emperor, which made him a little afraid. However, when he thought of the restrictive spells and the experts in this place, he was not too worried.

The purple-haired man chuckled and flew up into the air, slowly landing on the island.

Everyone’s eyes were fixed on him as they tried to guess his background.

The purple-haired man’s eyes were cold as he looked at the star Destroyer in the sword case. A sharp light flashed across his eyes as he walked towards the servant girl.

Chapter 1309-snatching sword

The maidservant couldn’t help but shiver, as if she was stunned by the purple-haired man’s aura, and a sense of panic welled up in her heart.

The purple-haired man stopped when he was three feet away. He smiled evilly and reached out his hand.

He clenched his fist, and a strange force spread out, causing the surrounding space to twist and spin.

“Stop!”

A sense of uneasiness suddenly welled up in ke tongguang’s heart, and he immediately felt that something was wrong.

After letting out a fierce shout, the aura on his body suddenly condensed and quickly crushed over. He shouted, “What do you want to do?”

“Hehe!”

The purple-haired man’s brows twitched, and the corners of his mouth curled up. His entire body suddenly became ethereal.

Ke tongguang’s overbearing aura was instantly suppressed. With a “bang”, the purple-haired man’s body was destroyed like a mirror.

At the same time, a sword Qi-like purple light appeared and shot out of the auction house.

“Ah? Sword!”

The maidservant who was dragging the sword case suddenly cried out. The sword with flowing light had completely disappeared!

The sword radiance that filled the sky disappeared in an instant, and the crowd instantly fell into an uproar!

“What?”

The entire place was in an uproar. Everyone stood up in shock. Someone actually dared to snatch it in public!

And in front of everyone, he actually succeeded!

“Hmph, you don’t want your life!”

A cold snort came from the void. The space in front of the purple light distorted and turned into a transparent hand that grabbed down.

At the same time, a series of dull air-piercing sounds rang out in the sky above the venue, and a dazzling silver light burst out.

More than a dozen powerful cultivators appeared, each of them wearing silver armor. Their powerful auras suppressed everyone, and they instantly became quiet.

The transparent hand grabbed at the air, and the entire space was compressed, forming the thousand spatial barriers!

“Bang!”

The purple light was instantly blocked. After being deformed by the force of the grab, it suddenly exploded, turning into tens of thousands of thin threads that spread in all directions!

“Not good! Flowing light escape technique!”

With a scream in the void, Hu mingri’s figure appeared with a face full of shock!

However, he was shocked but not flustered. He formed a seal with his hand, which turned into a colorful butterfly that flapped its wings desperately and suddenly shot out.

The colorful butterfly was struck into the dome, and a golden light spread out like a butterfly spreading its wings. It was extremely colorful and beautiful.

The entire venue trembled for a moment. Suddenly, tall golden walls of light were erected on all four sides. They flashed with a metallic luster and covered the entire venue like an iron bucket.

As soon as the Golden barrier was set up, Hu mingri heaved a sigh of relief. He looked up at the ceiling with a cold expression, and his face instantly turned cold.

The purple shadows in the sky suddenly lost their direction and flew around the dome as if they were trapped.

Yunxiao's eyes suddenly narrowed as he looked at a corner. In that inconspicuous place, a man wearing a mask stretched out his hand and drew a line in the air with two fingers closed.

A sharp ray of light flashed at the tip of his finger, cutting the space apart!

The golden wall of light immediately let out an ear-piercing sound, as if it was cutting metal. It made one's teeth ache!

Yunxiao could tell at a glance that the man was Mr. Quan, but it was too chaotic in the hall. No one noticed him when he made his move, except for a few people around him, until an ear-piercing sound rang out.

"How audacious! What are you doing?"

Hu mingri's face turned dark. With a roar, he waved his robe and slashed out a red light!

A red light flashed in the sky, like the sunset shining on the clouds, the sun setting in the sky.

However, it was too late. Mr. Quan had already drawn a circular mark on the golden wall. He raised his fist and punched down!

He held the silver helmet in his hand, and a silver light appeared. The shadow of a beast appeared inside the helmet, and it roared as it used its horn to hit the helmet.

“BOOM!”

A black hole appeared on the golden light wall.

The entire golden wall of light suddenly flickered and flickered. After a brief moment, it completely shattered into specks of golden light.

Hu mingri's Red light landed on Mr. Quan's body and exploded.

Mr. Quan's body was blown into pieces, but there was no blood. Instead, he turned into light spots and disappeared.

The entire venue was penetrated by the power of this attack, directly blasting a passage, and a large number of martial artists were sent flying in shock.

After one of the golden light walls was destroyed, the countless purple radiances surged over.

More than a dozen silver-armored martial artists lined up in a straight line, drew out their long swords, and slashed in the air. The sword shadows crisscrossed on the dome, shattering a large area of purple light, but many still rushed out.

“Not good, that person has escaped!”

Someone shouted, and there was indeed a flash of purple light outside the building. After a few flashes, the figure disappeared.

“Chase! At the same time, seal the city!”

Hu mingri was both shocked and angry. It was already a great humiliation for him to snatch the treasure away from the top-secret defense of myriad treasures store under the watchful eyes of the public. If he were to escape from new Yan city, he would really become a joke!

Many martial artists also joined in the pursuit, and all of them rushed out.

“Not good! There’s a teleportation formation here!”

...

Suddenly, a skinny old man cried out. In a corner not far from the building, there was indeed a small distance teleportation formation. The top quality spirit stones on it were still shining, clearly having just been activated.

Everyone gathered around. Hu mingri’s face twisted and he roared, “Investigate! Silver-armored guards, follow me!”

He waved his hand, and a row of Supreme-grade primordial stones fell and embedded into the formation. The light of teleportation lit up again.

Hu mingri and the silver-armored guard flew into the formation and were soon teleported out.

due to the suddenness of the incident, new Yan city has already been sealed. I hope that everyone can stay in the city for a while. Please forgive me for the inconvenience caused.

Ke tongguang’s expression was extremely unsightly as he spoke to everyone in a clear voice.

Although everyone was dissatisfied in their hearts, they also knew that they must not go against the myriad Treasure Tower at this time. Otherwise, it was extremely likely that they would become a punching bag.

Hence, they all became reasonable and shouted, " "This is what we should do." "If myriad treasures store has any use for this one, please let me know." it's fine. At most, I'll just stay in the quiet elegance sacred land for a year or so.

Only then did ke tongguang's expression improve slightly. He said,"Thank you for your understanding. Anyone who helps myriad treasures store catch the murderer will be rewarded with 300 million Supreme-grade primordial stones! Those who provide valuable clues will be rewarded according to their value!"

There was an uproar below, and everyone's eyes were shining.

300 million Supreme-grade primordial stones was enough to make them work for him. Even if the other party was powerful, he would be rewarded as long as he provided clues. If he searched carefully, he might really find something.

...

"Friends who won the bid for the beautiful star grass and the critical strike, please come backstage to exchange for your items. The rest of you, please disperse in an orderly manner. Don't mess up the venue." Ke tongguang said.

His entire person became a little dejected. He was completely different from the excited look he had when the exterminating star was sold for a sky-high price of 600 million. He was feeling too dejected.

"Young master Yun, I'll go with you," mo Huayuan said.

no need, " Yunxiao said with a faint smile. let's part ways here. I'll leave new Yan city after I get my things.

"Leave?"

“Didn’t new Yan city get sealed?” mo Huayuan asked in surprise. young master Yun, ” he said after a moment of thought, ” if you’re really in a hurry, I can vouch for you. I’m sure the merchant Union will give me some face.

no need, ” Yunxiao said with a smile. the so-called sealing of the city is just a joke. It’s just a show. If even the auction house in this pocket dimension couldn’t stop him, it’s impossible for a city as large as this to do so.”

Mo Huayuan nodded his head. that’s true. I wonder who would be so bold. Moreover, that escape technique with a myriad of flowing lights was even more incredible. It wasn’t by luck that he managed to escape.

Yunxiao smiled and said, ’seeing may not be believing.

Mo Huayuan was taken aback for a moment before he fell into deep thought.

Yunxiao went backstage with a smile. Although he had lost the divine sword, he was not worried at all, because he was sure that the purple-haired man was still in the venue and had not escaped!

After the Golden barrier was broken, the person who shouted and escaped was the blue-robed man from death god Palace. The one who found the teleportation formation and tricked Hu mingri was the tyrannical sky Tiger.

From the actions of these two, it could be seen that the purple-haired man was still in the venue, but he had used some secret technique to hide himself.

Yunxiao also secretly admired the four men. Each of them had done their best and cooperated seamlessly, deceiving everyone at once.

Therefore, he wasn’t in a hurry at all. Those people from death god Palace definitely wouldn’t come out in a short period of time and would definitely take advantage of the chaos to leave. The temporary medium teleportation formation outside the city was the only way they could leave, so he could go and get the level 10 divine herb without worry. There was more than enough time.

“Young master Yunxiao, this way please.”

When Yunxiao came to the backstage, a beautiful maid was already waiting to welcome him. He nodded and followed her.

They were in an exquisite house, and there were four Warriors in silver armor standing outside.

The old man who had won the decisive blow was also among them. He took out his vitality stones with a pained expression. After exchanging for the scroll, he revealed a happy expression and put it away after a quick glance.

Yunxiao confirmed the jade box and then completed the transaction.

The man in charge of the transaction said, “There’s a medium-sized teleportation formation here. You can leave directly from here to avoid unnecessary trouble.”

The old man gave Yunxiao a look and said, “But where is the destination of the teleportation?”

“You can reach the small cities nearby. You can choose any of them,” the man said with a smile.

The old man was a little hesitant. He looked at Yunxiao, as if he wanted to hear his opinion.

I appreciate your kindness,” Yunxiao said indifferently. Unfortunately, I still have important things to do in new Yan city, so I won’t disturb your sect.

The old man had a strange look on his face, clearly surprised by Yunxiao’s boldness.

“In that case, be careful, young master Yunxiao,” the man said.

Yunxiao said goodbye to them, and when he came out of the backstage, the entire venue was empty.

He also emerged from his spatial pocket and sneered as he extended his senses.

He could clearly sense the location of the divine sword. It was still within the city.

The merchant Union was not a pushover, either. The eight elephants of death were still afraid and did not dare to leave the city for the time being.

Chapter 1310-heavenly Eagle temple

Yunxiao was not in a hurry to find them. After all, they were in new Yan city, and once he made a move, the divine sword would probably be taken back by myriad treasures tower. He only needed to wait for the eight symbols to leave the city, and then follow them out.

“Young master Yunxiao.”

As he was thinking, someone suddenly called out to him from behind.

Yunxiao turned around and saw a ruddy-faced old man in white. Although his aura was restrained, he could tell at a glance that the old man was an eight-stars Martial Emperor.

I’m yang Mu, the chief Steward of the heavenly Eagle deity temple. Our sect’s Grand Elder would like to invite young master Yunxiao for a while. The old man said humbly.

“Heavenly Eagle deity temple, one of the ten great sects of the North Region?”

yang Tianhao?” Yunxiao’s eyes darkened. is your sect master still yang Tianhao?”

“That’s right. Please make a trip down, young master Yunxiao,” Yang Mu replied calmly.

Yunxiao stretched lazily and said with a laugh, “This young master is very busy. If you have anything to say, just say it directly. There is no need for you to come.”

An imperceptible trace of anger flashed across Yang MU's eyes, but he still said patiently, "This old man doesn't know what it is, but since Lord sect master has personally invited me, it must be something important."

let's hear it from yang Tianhao," Yunxiao said. I'll let him tell you.

Yang Mu was finally infuriated as he shouted, Li Yunxiao, are you so arrogant that you can be on the same level as our sect leader?"

it's not a matter of equality," Yunxiao said slowly. it's a matter of attitude. He's the one looking for me, not me." After he finished speaking, he turned into a ray of light and left, ignoring the stunned Yang Mu.

A moment later, he went directly to the southern city gate and found a random Inn to stay in.

He was not in a hurry to leave the city. After leaving the spatial pocket of the auction house, he found that many martial artists had secretly locked onto him. In order to avoid trouble and expose the plan of the eight guardians of death, he chose to stay for the time being and wait for the opportunity to act.

Hmph! Young master Yunxiao, you're so arrogant!

As soon as he stepped into the shop, a cold snort came from the sky, and an invisible pressure gathered in the sky. Dark clouds also covered the sky.

The expressions of the nearby martial artists all changed drastically. Knowing that an important figure had arrived, they fled in all directions in shock.

In an instant, dozens of light beams shot out in all directions to avoid being caught in the disaster.

There were still some people who did not leave. They only looked up in shock. They did not believe that anyone would dare to act so impudently in new Yan city.

The dark clouds in the sky roiled, and several figures gradually appeared. In front of them was a man wearing a cloud brocade robe, sitting on a chair. He had a proud expression, and his eyes flashed with anger.

Yunxiao looked up and recognized the man on the throne at a glance. He was the master of heavenly Eagle temple, yang Tianhao.

The heavenly Eagle deity temple was one of the top ten sects in the North Region, and it also had the largest empire in the North Region under its jurisdiction. It had hundreds of millions of subjects worshipping it, and all kinds of cultivation resources were available to it.

Yang Mu stood calmly behind him. There were four other men with cold faces and proud expressions. They also had strong auras.

Even though yang Tianhao was infuriated, he was still a sect leader and had to maintain his composure. He said coldly, "This one sent the great manager of heavenly Eagle temple to invite you, but you were not able to move. Could it be that heavenly Eagle temple does not have that little bit of face in your heart?"

"What? Heavenly Eagle temple?"

The surrounding martial artists were all shocked, and after their expressions changed several times, they flew away one after another.

At the same time they were shocked, they were even more curious about who that young man was, to actually not give face to the heavenly Eagle temple.

Yunxiao sat on a wooden chair, leisurely drinking tea, and said, "I'm drinking tea in the inn, and you're sitting in the clouds, shouting at me. Who's more arrogant? you or me?"

The appearance of yang Tianhao and the rest had already caused a huge commotion. The crowd had already gathered in the distance and were watching quietly.

When they heard Yunxiao's words, they all fainted.

"Impudent! The sect master is an Overlord and a hero in the world. Who Do You Think You Are?"

The eyes of a gloomy-looking cultivator behind him turned cold as he became furious on the spot.

"Alright, you guys are awesome, but I'm nothing. Please go back to where you came from, I can't afford to offend the heavenly Eagle temple, but I can still hide, right?"

Yunxiao did not get angry, but said indifferently, "

The martial artist was furious and was about to explode but was stopped by yang Tianhao.

"I've heard that young master Yunxiao is extremely arrogant, and I've seen it for myself today. I've come here today to discuss a matter with young master."

Yang Tianhao slapped the right armrest and the dark clouds in the sky dispersed. A ray of light descended and the few of them appeared in front of the inn.

The Warriors around were all shocked, but at the same time, they also knew Yunxiao's identity. No wonder he's so arrogant! No wonder the master of heavenly Eagle temple came in person! If we had this attitude, I'm afraid we would have died ten thousand times over.

Yang Tianhao went straight to Yunxiao's side, pulled out a stool, and sat down.

Yang Mu immediately took out a tea set and started pouring tea.

The staff in the shop had run away as soon as they appeared. The four Warriors with cold faces stood in front of the door, not allowing anyone to come close.

With a smile in his eyes, Yunxiao nodded and said, "At least you have some sincerity. Speak, what's the matter?"

He had met yang Tianhao a long time ago. At that time, he was just a young junior who had just stepped into the rank of martial Supreme. However, his reputation in the North Region was very well-known and he was one of the best among the younger generation. Later on, he lived up to his expectations and sat on the position of heavenly Eagle temple's sect master. His prestige was extremely high.

His attitude immediately caused Yang Mu and the others to be extremely dissatisfied. The four martial artists even wanted to rush up and tear him apart.

Yang Tianhao laughed coldly, "Young master Yunxiao, you're indeed an extraordinary person. I won't beat around the bush and get straight to the point. Could young master Yunxiao bear the pain and give up the Qixing orchid that he had won at the auction? I'm willing to pay the same price."

Yunxiao found it a little strange and said, "Since you like it, why didn't you bid during the auction?"

there was a situation earlier, so I can't tell you," yang Tianhao said with a smile. I hope young master Yunxiao can part with it.

please go back, Sir," Yunxiao said. I won't sell it even if you offer me ten times the price.

What he said was true. The value of the tenth-tier divine herb to ordinary people was only limited to its medicinal value, and even alchemists had research value at most. Only Yunxiao knew that the greatest value of the divine herb lay in the tenth-tier rule power!

There were no longer any rules of the ten directions under this sky, so any item that had remnants of the rules of the ten directions was an incalculable existence. The reason why he had taken the initiative to invite aunt Jiu to be his assistant was also to see if the rule force was still there.

He was very satisfied with the result. There was indeed a power he couldn't understand remaining in it.

If he couldn't buy the divine herb at the auction, he was going to Rob it at all costs. So, it was true that he didn't want to sell it at ten times the price.

...

However, to yang Tianhao and the others, it had a different meaning.

"Young master Yunxiao," Yang Mu said angrily, "you can't be insatiable!"

Yang Tianhao's expression changed as well. "Young master Yunxiao, I must get this item today. State your conditions. As long as it's within my power, I'll agree to it. "

"Sect master!"

Yang Mu was shocked. He couldn't believe that such a generous offer would be offered.

Yunxiao was also quite surprised. He shook his head and sighed as he said, "If it was something else, with your promise, I would have definitely exchanged it. However, this item is truly too useful to me and I won't sell it for ten thousand gold."

Yang Tianhao's expression changed drastically. He knew that this discussion would not end well!

However, he did not give up and said in a deep voice, "Young master Yunxiao, please reconsider. The ability of the heavenly Eagle temple is not something that any ordinary sect can compare to!

"

I don't need to think about it," Yunxiao sighed. I don't need to.

The atmosphere turned stiff. Yang Tianhao's face turned gloomy for a while before he said, how about this? let's make a bet. If young master Yunxiao loses, you'll give me the tenth-tier divine herb.

...

Hmph! Yunxiao snorted and said, "not interested."

"Don't reject me so quickly. Let's see what I'm betting first," Yang Tianhao replied coldly. He slammed the table, and two rays of light appeared in front of his palm, gradually forming two objects.

"This is a Kasaya!"

Yunxiao was taken aback. The two items were the finger spirit plate and Goblin iron that Zhou Chu had robbed at the auction!

In an instant, he understood everything.

Yang Tianhao must be someone that Zhou Chu had found. He did not know what Zhou Chu wanted, but he was sure that it was not something good.

Yang Tianhao observed his expression and chuckled, "Did young master Yunxiao change his mind?"

how?" Yunxiao asked in a deep voice. how?"

Yang Tianhao's eyes turned cold. as a martial artist, we have to bet on the word 'martial'!

you are the master of heavenly Eagle temple," Yunxiao sneered. you have the nerve to talk to me about martial arts? Do you want your face?"

"Impudent!"

Yang Mu shouted in anger.

Yang Tianhao gestured for them to be quiet before he said, "young master Yunxiao is the number one among the younger generation, and his strength may not be below mine. Of course, I'm a few years older, after all, and it's indeed unfair to carry out the martial arts competition like this. Why don't we use our moves or time as a limit? as long as young master Yunxiao can remain undefeated, I'll consider it my loss."

"Oh? Is there such a good thing?"

Yunxiao immediately understood the other party's intention, and he also understood Zhou Chu's intention. He wanted to test his true strength.

This idea must have been thought of by Qin Chuan. With Zhou Chu's pig brain, he would not have such wisdom.

"These two items should be in Zhou Chu's hands. With your intelligence, I'm sure you know that you've been played, right?" Yunxiao said slowly.

"Hehe, as long as there are enough benefits, what's the harm in being used as a weapon?"

"Since young master Yunxiao already knows, I won't hide anything," yang Tianhao laughed. It was indeed Qin Chuan and Zhou Chu who invited me. As for their purpose, I don't want to guess or understand. As long as the benefits they give me are enough to move me, I'm fine with it. "
