

The Eternal 1311

Chapter 1311-bet

With Qin Chuan and Zhou Chu's high status and power, they could give the heavenly Eagle deity temple many things. It was not difficult for them to convince yang Tianhao to come.

"I don't want to make an enemy out of young master Yunxiao," yang Tianhao said seriously. "I just want young master Yunxiao to trade for the level 10 divine herb so that I can go back and explain myself." Young master Qin Chuan had predicted that young master Yunxiao would definitely not be willing to exchange, so he gave these two items to me as the chips for the bet. I didn't believe it at first, but I do now."

these two things are indeed something I must get," Yunxiao said solemnly. I must get them. Qin Chuan's move is indeed brilliant. First, he gave you these two items to help Zhou Chu get rid of trouble. Second, he played with you like a spear. It's indeed a good spear. What's the method of this bet?"

"Take 10 moves from me and you won't die," yang Tianhao replied, "or you can last for an hour in the martial arts duel."

take 10 moves?!!

sect master yangtian," Yunxiao sneered. do you still have any shame? " You're suppressing me with your mid-stage nine-star Martial Emperor strength. I'm just a seven-star Martial Emperor. Do you think I can withstand ten moves from you?"

Yang Tianhao laughed. young master Yunxiao's cultivation base is unfathomable. I don't have the confidence to kill you even if I were to use ten moves to withstand the purple lightning tribulation in Seawood town.

resisting the purple lightning tribulation head-on?" Yunxiao said coldly. do you believe in such a ridiculous rumor? "

"I didn't believe it at first," yang Tianhao replied seriously, "but there were many people of high status present, so I'm 90% convinced."

no way! Yunxiao flatly denied. it's impossible for me to withstand ten moves. You think too highly of me.

"As long as young master Yunxiao can last an hour in my hands, you win," yang Tianhao said with a smile. I've heard that young master Yunxiao's movement technique is unparalleled in the world. I might not even be able to touch your sleeve in an hour."

Yunxiao hesitated. If it were an ordinary mid-stage nine-star Martial Emperor, he was very confident that he could withstand ten moves from him, but yang Tianhao was different.

He didn't know much about yang Tianhao, but when he was dominating the world, this person was one of the most dazzling new stars. He was equivalent to the current four prodigies of the North Region and had the ability to kill people above his level.

Moreover, he did not know if the intermediate nine-star cultivation that he was showing now was real or fake. If he was hiding something, he would be courting death if he took ten moves head-on.

"Alright, we'll bet on this!"

After weighing the two options, Yunxiao chose the latter. He had great confidence in his movement technique.

I heard that the biggest arena in new Yan city has integrated all kinds of space rules and can withstand the attack of a nine-star martial sovereign without being destroyed. It's a good time to test it out. Yunxiao said indifferently.

"No!" Yang Mu suddenly said. This time, the bet must be held outside the city where no one is around."

"What?"

Yunxiao's face darkened as he stared at yang Tianhao and said coldly, "Is sect head yang joking with me?"

“Yang MU’s right. The bet must be held in a place with no one around.” Yang Tianhao nodded. After all, as the master of heavenly Eagle temple, it would be inappropriate for me to bully you. If you win the bet and the world knows about it, it would be even more inappropriate.”

He spoke of his concerns openly and said, “This martial arts competition is only for our own interests, and it is only limited to you and me. I don’t want to lose the prestige of the heavenly Eagle temple.”

Yunxiao’s eyes turned cold as he said sarcastically, “What a joke. How would I know if the sect master isn’t trying to kill me in the name of a martial arts competition? If there is no one else to witness this, I will let you do as you please.”

young master Yunxiao, ” yang Tianhao laughed. you’re confident that you can last an hour in my hands. If you’re determined to leave with such strength, how can I stop you? ”

if you shamelessly besiege me, ” Yunxiao said with a gloomy face, ” even a peak nine-Star Warrior might not be able to escape.

“With heavenly Eagle temple’s reputation and prestige, how could we do such a shameless thing!” Yang Mu rebuked. His expression changed, and a mocking smile appeared on his face. He sneered, ” if you don’t dare, just say it. I advise you to obediently hand over the level 10 divine herb so that you don’t lose face and your life!

Yunxiao chuckled and gave him a contemptuous glance. Such a low-level goading method naturally did not work. Under Yunxiao’s clear gaze, Yang Mu could not help but blush and feel his face burn.

“Swish!”

what is integrity worth? ” Yunxiao sneered. There was no room for negotiation without visible conditions. It’s not that I can’t leave the city for a martial arts duel, but the spirit finger compass and the Goblin metal must be on me. Otherwise, please go back to where you came from, sect master.”

Yang Tianhao only thought for a moment before he replied, ” “Alright!”

With a light tap of his hand, the two items on the table were pushed to Yunxiao by a force.

Yunxiao examined the two items, and after making sure that there were no mistakes, he put them away and said, "Let's go," he said.

Yang Tianhao's eyes narrowed, and he saw Yunxiao's expression and movements as he inspected the items. "Young master Yunxiao is indeed a cautious man. I'm also very curious and excited about this battle. The number one rising star, what kind of shocking strength does he have under this great reputation?"

His eyes shone with excitement as he licked his lips and chuckled.

He had once been a peerless genius and was now an expert standing at the top of the continent. In his bones, there was also a monstrous battle intent and unruly arrogance!

sect master," Yang Mu said, "new Yan city is under martial law now. If you want to leave the city, I'll inform the merchant Union first.

Yang Tianhao laughed. there's no need for that. The merchant Union sealed the city in a moment of panic. It should be about time. He made an inviting gesture and smiled. "Young master Yunxiao, let's go."

Yunxiao nodded slightly.

With a wave of his hand, a ray of light bloomed, illuminating the entire Inn. Then, the dark clouds in the sky rolled and disappeared.

The crowd of onlookers in the distance finally reacted. They were all shocked. Everyone wanted to know what had happened, but no one had the courage to investigate.

Xinyan city, inside the purple Pavilion.

In front of a nine-Dragon screen carved out of gold silk red sandalwood, there was a pear marble desk.

There were dozens of Jade slips on the table, as well as an octagonal bronze mirror.

Light and shadow flickered continuously in the mirror, and from time to time, there was a buzzing sound, like lightning and thunder. After that, it was as if the clouds had been cleared and the sun had appeared, and everything returned to normal.

What was displayed on the mirror was the scene of the southern part of the city. At this moment, the dark clouds had dispersed, and clear light shone through the mirror, reflecting a stunning face.

It was Han Junting, who had restored her original appearance. Her golden hairpin was adorned with purple jade, her tassels were scattered with black hair, her red silk was more delicate than flowers, and her mouth seemed to be filled with red pills.

"It's been hard on you, head shopkeeper, to have to hide such a beautiful face," grandma sunflower sighed.

Han Junting smiled and said, "Flowers wither, flowers fly, and the sky is filled with flowers. Who will pity you when the red leaves and the fragrance is broken? It's not as if a silk bag holds Beautiful Bones, a Pure Land covers the wind."

Grandma sunflower's heart trembled as if she was touched by the scene. She could not help but let out a long sigh.

Han Junting looked at the octagonal mirror and her eyes sparkled. Li Yunxiao was indeed taken away by Yang Tianhao, and Qin Chuan's scheme is indeed unparalleled. It's not in vain that I've always valued him so much.

Grandma sunflower finally recovered from her sigh and frowned. Yunxiao fell into Qin Chuan's trap at such a low level. Will he be killed this time? "

Han Junting's eyes lit up and she chuckled, "Granny, you've underestimated li Yunxiao. Although Qin Chuan is smart and yang Tianhao is powerful, Yunxiao is not to be trifled with. I'm also looking forward to the outcome of their collision."

'In my opinion, li Yunxiao is most likely going to suffer,' grandma sunflower said thoughtfully. No matter how heaven-defying he was, he was no match for yang Tianhao. Head shopkeeper, aren't you afraid that the second wood spiritualism will be robbed?"

...

Han Junting shook her head, "even if I were to encounter yang Tianhao, I would still be able to escape even if I can't defeat him." 'Yunxiao's strength is not below mine, so he won't die so easily. Furthermore, our current mission is to wait for the appearance of the sword Snatcher.' li Yunxiao can still be found if he's lost, " she said faintly. but if these sword Snatchers are lost, it'll be like looking for a needle in a haystack.

Grandma sunflower said, " fortunately, the head shopkeeper is quick-witted. Last time when myriad treasures store called for everyone to hold a sword appreciation meeting, he left a mark on it. That's how we could determine the position of the sword. Otherwise, we would've lost it this time!

Han Junting stretched out her slender fingers and drew a few lines in the air. A faint golden light condensed at the tip of her finger and she gently touched the octagonal copper mirror.

A patch of white mist rose in the mirror. There was a faint flash of light, but it was nowhere to be seen.

She sighed. at that time, in order to avoid being discovered by myriad treasures store, the imprint left behind was too weak. It could only sense that the sword was in the city, but it could not accurately locate it.

"This is already very impressive," grandma sunflower said. In the entire city, other than the head shopkeeper, no one else knew that the sword was in the city. Haha, just let those people go around and turn the world upside down!"

Han Junting pointed in the air and a ball of essence water gathered on her fingertips. She carefully cleaned the mirror and smiled. "Granny is also underestimating myriad treasures store too much. Previously, the matter happened too suddenly, and myriad treasures store was only momentarily flustered. Now, they must have already woken up. If my guess is correct, the city will be unsealed soon in order to lure out the person who seized the sword."

Grandma sunflower was shocked, "head shopkeeper, does that mean myriad treasures store also knows that the sword is still in the city?" I don't know who that sword Snatcher is, but he actually has such ability!"

"There was more than one person who took the sword," han Junting said with a serious expression. "Now that I think about it, there were at least three people at the auction. Although the man who broke the Golden barrier had changed his appearance, he gave me an extremely familiar feeling. I already know who the blue-robed man who shouted during the chaos is. The one who found the teleportation formation and lured Hu mingri and the silver-armored warrior away must be one of their people."

"Could it be done by some force?" grandma sunflower asked in surprise.

"I wonder if granny has heard of the death god Palace?" han Junting nodded.

...

"I've heard of it, but I'm not too sure," grandma sunflower said with a frown.

Chapter 1312-ocean of illusory fists

Han Junting said, "the death god Palace is just an unranked power. There's nothing to be afraid of." Even the death god Palace's Palace Master only had the strength of a martial honor. However, above death god Palace, there are still a few extremely powerful hidden characters. They call themselves the 'eight symbols'."

"Eight symbols?"

Grandma sunflower felt that the name was extremely unfamiliar. She shook her head and said, "who cares about the eight elephants and eight bears? in this world, we have nothing to fear, even if it's the two Holy Lands.

Han Junting nodded and said, "The strength of these eight elephants is extraordinary, and their origins are not simple. A few of them are already famous experts and are extremely fierce, wanted and hunted by the world. If that was all, we wouldn't have to be afraid, but the chief of the eight Supremes, Suan ni,"

Her body trembled slightly, and her calm eyes rippled. A trace of fear flashed across her face, and she turned slightly pale.

Grandma sunflower's heart trembled as she said in disbelief, "Head shopkeeper, who is this chief of the eight symbols? It can even make you feel fear?"

Han Junting pursed her lips. After a while, you LAN said, "Night Shadow-Ling Baiyi!"

"?!"

Grandma sunflower sucked in a breath of cold air as her face turned pale. She cried out in horror, "Martial Emperor Night Shade, Ling Baiyi?!"

Other than shock, her eyes were also filled with extreme suspicion. She could not believe it. However, she knew that whatever han Junting said would not be wrong, so she was extremely shocked and frightened.

"Head shopkeeper! If it was really Ling Baiyi, then grandma sunflower could no longer remain calm.

Han Junting looked at her in surprise and laughed, "Why? does granny know Ling Baiyi?"

"How do I know him?" grandma sunflower's expression changed.

“Then why are you so surprised?” Han Junting laughed. Granny just said that we don’t need to fear the two great Holy Lands, so why should we be afraid of a mere Ling Baiyi?”

“Hmph, a mere Ling Baiyi?”

Grandma Sunflower snorted heavily as her face darkened. She said coldly, “I’ve never met Ling Baiyi before, so I don’t know how strong he is. However, he was ranked fourth on the Heaven and Earth Power chart, while Gu Feiyang, who was ranked third, was defeated by the purple Star formation of the Palace Master, which attracted the power of thousands of stars.”

As she said this, her body trembled uncontrollably. Her eyes were filled with fear and reminiscence, and her dull face turned pale. After so many years, Ling Baiyi’s strength must have grown even more powerful than before. If he really is here, this old woman will not allow Head Shopkeeper to have any more ideas about the divine sword!”

“Granny, you’re overthinking it. If Ling Baiyi was here, why would they need to hide?” Han Junting smiled. Just pick up your sword and leave, who would dare to stop you?”

Grandma Sunflower was taken aback, but then she realized that it made sense. Ling Baiyi was unstoppable when he snatched the sword, and with his status, it was impossible for him to do such a thing. So, Head Shopkeeper, you mean to say that he is Qianqian?”

Han Junting said, “According to my guess, it was Ling Baiyi’s idea for the eight symbols to snatch the sword.” He was inferior to Gu Feiyang in the ranking battle back then, so he would definitely be interested in Gu Feiyang’s relics. But with his status, how could he lower his face and make a move? That’s why they sent their men to snatch the sword.”

“Even so, since Ling Baiyi is interested in this item, Head Shopkeeper, you have to consider pulling back to avoid facing this person directly,” Grandma Sunflower said with a grave expression.

Han Junting laughed. “Granny, you’re overthinking it. A titled martial sovereign’s pride won’t allow him to do it personally. Even if he were to put down his pride and come to snatch it, he definitely wouldn’t kill me.”

“It’s better to be more cautious,” grandma sunflower’s expression changed several times.

“As long as Ling Baiyi doesn’t make a move, I’m confident that I can get this sword.” Han Junting smiled. Let them hide for now, and we’ll just sit and watch the fight between Yunxiao, Qin Chuan, and Zhou Chu.”

Grandma sunflower’s expression changed slightly. She nodded and said, “ I hope Yunxiao can keep his life. Otherwise, it’s very likely that he will lose the second wood spiritform.

Han Junting smiled without saying a word, as if she no longer cared about the outside world. She picked up a Jade slip and read it carefully.

Outside the southern part of Xinyan city, a dark cloud covered thousands of miles in an instant. After the time it took to brew a cup of tea, it stopped in a barren land hundreds of miles away.

The dark clouds dispersed with a bang, and a ray of light fell, turning into several human figures.

“Let’s choose this place. What do you think, young master Yunxiao?” yang Tianhao laughed.

Yunxiao glanced around and found nothing unusual. He nodded and said, “ “Yes,”

“Good, you’re indeed more courageous than others. As long as you can last an hour under my hands, I’ll turn around and leave!” He raised his right hand and a ray of light shot out, forming a hourglass of time that was dozens of feet tall not far away.

This hourglass was completely formed by light and it was unstable. The fine sand inside was also made of countless spots of golden light. The moment it was formed, it began to flow down.

“This Lord won’t be polite!”

Yang Tianhao's face darkened as a surging aura emanated from his body. He clenched his fists and the surrounding space seemed to have been struck by a giant hammer. Bang Bang Bang ", it dispersed in all directions.

Not only did the air explode under his aura, but even the space became unstable, and his figure was almost invisible.

In the distance, Yang Mu and the other four were watching with rapt attention.

"Do you guys think there's any suspense in this bet?" one of the martial artists asked.

"There's no suspense," someone said. Yunxiao is famous, but it's impossible for him to last an hour in the sect leader's hands."

That person nodded. one star is a world. Although it's not absolutely impossible to cross, the accumulation required for each challenge of crossing one star is unimaginable. Moreover, the higher you go, the more difficult it is.

that's right, " the other man said. but how long Can Li Yunxiao last? this battle is still worth watching.

One of them laughed and said, 'Lord Yang Mu, what do you think? If Yunxiao is defeated, will the sect master kill him?'"

The rest of the People's hearts trembled as they perked up their ears to listen.

Although Yang MU's strength was on par with them, his status as the chief Steward of heavenly Eagle temple was much higher.

"It's hard for me to guess the sect master's thoughts, but he'll most likely let him go. After all, killing him won't do any good to the heavenly Eagle temple. It might even bring trouble to them. This li Yunxiao is indeed powerful, but he's too young and too arrogant. It's good to let sect leader kill some of his fiendish Qi."

The four of them couldn't help but nod in agreement.

On the ground far away, yang Tianhao's body was covered in dust as the space around him reversed. His figure could no longer be seen clearly. There was only a vast and surging force, as well as a strange and unpredictable feeling.

"Illusionary fist like the sea!"

A deep voice rang out, and the entire world shook.

Yunxiao felt as if the world had been turned upside down, and the surrounding environment had changed completely. It was no longer a barren land, but an obscure space.

His body was also swaying along with the space, like a small boat in the waves.

"What? Wasn't the sect master overestimating him? He's actually using an illusory fist!"

One of the Warriors was shocked.

The other person was also stunned for a moment before he said awkwardly, "This way, the outcome will be decided. When Lord sect master gave the condition of an hour, I thought he wanted to have some fun."

...

Yang Mu also frowned and remained silent.

Yunxiao's face was unusually solemn. The fist Ocean World was like a world of swords. It was the extreme comprehension of a martial artist's technique, extending from the realm of 'technique' to the realm of 'Dao'. After the monstrous martial intent, a domain space was opened up in the martial technique, forming a vast ocean.

This fist intent space was yang Tianhao's comprehension of the fist way.

Yunxiao's expression remained unchanged. He knew that at a time like this, he couldn't afford to panic.

"He's so calm!"

It was unknown whether a voice of praise or mockery came from the sea of fists. Then, the surrounding golden light flashed, and the space was suddenly compressed. It was as if a punch had broken the air, and it came down with a rumble!

Yunxiao moved in an instant, and a stream of sword energy suddenly burst out of his hand, flowing like water and cold light. The boundless sharp energy condensed into a sword beam, which unhurriedly stabbed toward the fist shadow.

The sword light created ripples that spread out in the fist ocean.

"Bang!"

The sword Qi touched the fist shadow and exploded.

However, it did not have the destructive power that he had imagined. The sea of fists shook slightly, and the sword light was instantly annihilated.

...

Yunxiao's pupils constricted as he found that he had still underestimated his opponent. In this ocean of fists, unless he could break his opponent's martial intent, there was no way he could get out.

After the sword light was extinguished, the fist will came down from the sky like a huge wave in the vast ocean. It came from all directions and was about to capsize his boat.

Yunxiao performed an incantation gesture with one hand and circulated a Fiend Art.

Circles of demonic runes appeared on his skin. At the same time, a light flashed between his brows, and the demonic sky armor suddenly appeared on his body. A force of enchantment spread out, and demonic vitality protected his body, blocking the monstrous fist power!

“Bang! Bang! Bang! Bang! Bang! Bang!”

There were no fist shadows around him, but he was constantly hit by fist marks. They all hit the armor enchantment, shaking the space and making dense explosions.

Every time a fist mark appeared, a black pattern would surge up and dance in the sky.

Yunxiao did not dare to use the imperishable golden body directly, so he could only use the battle suit to protect himself.

However, he still stood there unmoving, like a nail that was firmly nailed into the middle of the sea!

“What? I’m not seeing things, am I?”

In the distance, several people’s eyes almost popped out as they looked on in shock. One of them even cried out in shock, “ what cultivation technique is this? He can actually withstand the sect master’s illusory fist?”

“That black Qi looks like demonic Qi that can devour anything.” Yang Mu was also extremely shocked. It’s said that there have been devil cultivators since ancient times, but they’re extremely rare. I didn’t expect him to be one!”

One of them was still in disbelief and said in shock, “ “Are mo skills really so powerful?”

Yang Mu pondered for a moment and said, "there are many legends about demonic Qi, but they're not as powerful as this." I think he's relying on that strange battle suit and the fact that the sect master hasn't used all his strength to resist."

"Eh?"

Yang Tianhao's voice could be heard from within the sea of fists. He was obviously curious and shocked as well. Then, he laughed, "haha, interesting! Let's see how much of my fist power you can block!"

Chapter 1313-air refining technique

As soon as yang Tianhao's voice fell, the entire fist ocean started to surge with waves as rings of air currents exploded in all directions.

A force several times more powerful than the previous hundred punches surged around Yunxiao, turning into a vortex that changed the color of the sky.

Yunxiao's pupils constricted, and his pitch-black demonic eyes turned into blood moons as he stared at the figure. In the vortex, the fist will took shape, and a huge transparent figure hundreds of feet tall stood up. Could it be that he could not see the giant spirit at all even with eye techniques?

The transparent figure's facial features were indiscernible, only the shape of his body. After standing up, he raised his hand, and the entire vortex shrank, gathering in his palm. He clenched his fist and smashed down.

The vortex in the giant Spirit's fist dispersed, and a vast force gathered around the fist. It was as if it had formed its own world and rumbled down!

From the outside, it looked as if the sky inside the fist ocean had suddenly collapsed, forming a hole in the shape of a starry cloud that was pressing down on Yunxiao!

The people in the distance were all shocked, as if they had seen something terrifying.

Yunxiao's face flickered. The manifestation of fist intent contained at least half of the opponent's strength. He did not have time to think. Before the fist landed, the power of the fist intent had already suppressed his qi and blood. Under the black demonic patterns on his skin, they began to flash with golden light.

Yunxiao reached out and made a grabbing motion. All the light in the entire space seemed to gather in an instant, and the sky suddenly darkened.

Then, he opened his palm and a ray of light spread out. It was like a golden hairpin flower that appeared and disappeared in the blink of an eye.

But in that brief moment, beams of mirror light were reflected, forming all kinds of irregular rhombuses around him and refracting Yunxiao's figure into thousands of shapes, all of which were reflected on the surface.

After the Epiphyllum bloomed, a precious mirror as warm as Jade floated in the air. A thin layer of mist floated around the bronze-yellow mirror light, and one could vaguely see the inside, but one could not see the truth.

“BOOM!”

The Nebula funnel of the fist intent sea fell, and the handle-shaped part directly blasted into the mirror formation, landing on the great sorrow sunset Cloud Mirror.

“Swish!”

The light on the mirror was scattered. The fist intent pierced through the mirror and was shot in all directions. A terrifying power rippled out.

“Bang Bang Bang!”

The water-like mirrors projected from the array were also shattered one after another, turning into glittering powder that filled the sky, and thousands of Yunxiao's figures disappeared.

At the same time, a huge force shot out from the mirror and bounced up along the giant Spirit's fist. A "Wu Wu" sound came from the great sorrow sunset Cloud Mirror. The mirror shook slightly, and all the lights and shadows blurred. The treasured mirror disappeared.

"Bang!"

The arm of the fist will giant spirit crumbled inch by inch, and the entire giant spirit leaned back. A dull vibration sound came from its body, and it exploded with a bang, once again turning into the turbulent waves in the fist ocean.

"Good move!"

Yang Tianhao exclaimed, "you can actually hide in my fist intent ocean. That's incredible!"

A ripple spread out from the ocean of fists, and yang Tianhao's figure slowly emerged. He looked at the empty surroundings with a shocked expression.

since it's my fist intent domain, I can travel ten thousand miles in an instant with a thought. How can you really hide?"

Yang Tianhao laughed coldly. He raised his hand and formed an incantation gesture before striking the sea of fists.

Instantly, a golden light bloomed and spread across the entire fist ocean. It was as if the first rays of the morning sun had risen over the ocean, illuminating the entire area.

Not far in front of him, the golden light swept past and a pitch-black area appeared.

"What?"

Yang Tianhao's pupils contracted as he opened his eyes and looked over. His body trembled!

As the golden light swept through the clouds and mist, the pitch-black darkness that was revealed grew larger and larger, revealing its true appearance all of a sudden. It was actually a true fiend Dharma idol that was several hundred feet tall, with three angry eyes and six arms spread out!

“When did this young master Dodge? I’ve been standing in front of you the whole time, yet you don’t even know. To think that you’re having so much fun playing by yourself.”

A figure slowly turned in front of the true fiend Dharma idol. It was the demonized Yunxiao. He also had three heads and six arms, and his face was either sneering, Vulture, or angry.

Its six arms quickly formed hand seals, and a devilish Yuan Star Ring surrounded the giant Spirit’s body. Monstrous devilish Qi rolled inside, and there were faint weapons floating inside.

Yunxiao’s face darkened as he performed an incantation gesture with his six arms and remained as still as a mountain.

The true fiend Dharma idol raised its six arms, and the illusionary image of a weapon appeared in each of its arms. They were either sabers, shields, or calligraphy scrolls.

A pitch-black Vortex appeared in front of fa Xiang, as if it was facing an endless abyss!

The six weapon phantoms plunged into the vortex, and the vortex seemed to stop spinning for a moment before a vast force rose!

Yang Tianhao’s heart skipped a beat. This was the first time he had seen such a demonic technique and he was stunned.

At this moment, he could feel a mighty force coming from the vortex. It was as if it did not exist in this world and had crossed through time and space. Even he felt a sense of fear and danger.

“Since you’re so happy, then let’s be even happier!”

A sneer appeared at the corner of Yunxiao's mouth. He suddenly changed his hand seal, and Fang Xingyun suddenly pressed down!

"Star Jade explosion!"

A vast and mighty force descended from the sky and suddenly exploded!

"BOOM!"

A huge hole was blasted in the sea of fists. Boundless devil essence surged in the sea and sky, constantly tearing the hole!

The sound of shaking and shattering was endless. Looking from afar, the entire fist intent world instantly collapsed and began to die.

Yang Mu and the other four widened their mouths so wide that watermelons could almost be stuffed in. They were completely dumbfounded.

His brain was instantly petrified, and he couldn't think of any questions.

Yang Tianhao's heart trembled as he looked at the dark hole in disbelief. Yunxiao had already escaped from his fist ocean.

He took a deep breath and suddenly withdrew his fist intent. The fist power that filled the sky suddenly dispersed, and the world instantly returned to its original color!

However, he had completely lost sight of Yunxiao in the vast wilderness.

Yang Tianhao's expression turned extremely ugly. He could easily hide in his ocean of illusory fist, and now that he was out of the birdcage, he could hide even more.

...

It was only then that he understood why Yunxiao had chosen the second bet. This kind of escape technique was really heaven-defying!

“Young master Yunxiao, your performance just now has aroused my boundless fighting spirit, and you are worthy of being the world’s leader. When I was your age, I definitely didn’t have your abilities. I really want to exchange a few more pointers.”

Yang Tianhao said in a deep voice as he looked around.

However, there was only silence between heaven and earth, and there was no echo at all.

Yang Tianhao’s face turned even gloomier and he started to feel anxious. If his opponent continued to hide like this for an hour, he would definitely lose.

He glanced at the radiant hourglass not far away. One-tenth of the time had passed.

“Li Yunxiao, are you going to hide it until the time is up? Even if you win the bet, you’ll lose the heart of a martial artist, and the respect I have for you!”

Yang Tianhao’s face changed as he shouted.

But it was still quiet, without a single sound.

“Young master Yunxiao, the rarest thing in life is to meet a worthy opponent. As long as you come out and fight with all your heart, I will give you an unexpected surprise in martial Dao! Perhaps, it is not impossible for him to break through to one-star while he is in a state of enlightenment.”

Yang Tianhao tried his best to console her, but it was still as quiet as a graveyard.

...

“Good! I gave you a chance to live, but you refused to take it and insisted on digging your way into death. Don’t blame this Lord for being ruthless!”

Yang Tianhao had finally gone mad. His eyes were filled with killing intent as his aura changed and his face turned dark.

In the distance, Yang MU’s heart skipped a beat. He seemed to have guessed something and said in horror, “Could it be that Lord sect master wants to ...”

“What do you want?”

that li Yunxiao is as timid as a mouse, ” one of them said with a frown. he’s extremely cunning. I don’t know what technique it is, but it’s hidden so deeply!”

“Have you all forgotten that the heavenly Eagle deity temple has a sacrificial refining technique?” Yang MU’s face turned serious.

The four people’s bodies trembled at the same time, and they were all extremely shocked. One of them said in surprise, ” you mean the profound Qi air refining technique?!

Yang Mu sighed and nodded. this li Yunxiao’s escape technique is unpredictable. He can actually hide from everyone. There’s no other way except this. However, this way, he’ll really be dead.”

His eyes were cold and filled with disdain.

One of them said, ”this technique can refine an area of heaven and earth, and everything within the five elements can be refined!” However, it requires the use of a martial artist’s profound Qi, which is extremely harmful to the body. What conditions did young master Qin Chuan promise sect master that made sect master not hesitate to hurt his own profound Qi?”

Yang MU's face turned cold. "This matter is only known by the sect master himself, it's best if you all don't inquire too much."

The four people's expressions suddenly became stern, and they no longer said a word.

Yang Tianhao's aura was completely different from before. His body was filled with coldness and killing intent, and his eyes were like a Vulture.

He raised his hand and slapped it in the air. Every time he did so, a silver light would shoot out in different directions.

Under the silver light, there were triangular flags. They were instantly inserted in different positions, and the silver light flashed.

A strange energy rippled through the world with the appearance of these flags, giving off an extremely oppressive feeling.

Yang Tianhao looked at the sandbag and said coldly, "Li Yunxiao, I cherish your talent, and I'll give you one last chance. Will you come out?"

After waiting for a few moments, he finally lost his patience. He snorted fiercely and his figure flashed.

In the next moment, he appeared thousands of miles in the sky. He sat down cross-legged and formed an incantation gesture with his hands.

The silver light on the flag flickered, and the world began to turn gray and hazy, as if sand and stones were flying.

Yang Tianhao flicked his finger and a drop of blood essence shot out. It dissolved in the air with a "Chi" sound and covered the grey sky with a layer of blood.

Soon after, his entire body also turned silver, and a strange note came out of his mouth. Beads of sweat gradually appeared on his forehead, and they rolled down.

A silver vortex suddenly appeared behind him, and a terrifying power slowly seeped out from it, as if something terrifying was about to descend.

In the distance, Yang Mu and the other four were terrified. They seemed to be affected by this strange force and felt extremely uncomfortable. They all retreated a few thousand meters.

Chapter 1314-winning

In the gray world, other than the silver yang Tianhao and a few small silver flags, nothing else could be seen.

The silver Whirlpool behind yang Tianhao slowly formed a huge human-shaped shadow. Its facial features could not be seen, but there was a seven-foot horn on its head.

The shadow slowly opened its mouth and let out a strange sound, as if it was sighing.

Soon after, he formed a few incantation seals with his pale silver hands. His movements were extremely slow, and each time he made a seal, the world would tremble. The small silver flags bloomed with a scorching light, and the entire world was filled with silver light.

“What is that thing?” A warrior in the distance was shocked. Looking at the huge human-shaped shadow, he felt extremely depressed.

Yang MU’s face twitched, but he appeared to be slightly calmer. “It’s just a type of giant spirit ability, don’t be too flustered. The so-called giant spirit magical power is mostly when the power is too strong and is limited by the body’s inability to bear it, then it is condensed into a giant spirit and cast through projection.” “But there are exceptions, just not many,” he added after some thought.

After the giant Silver Spirit made the final seal, its entire body seemed to be fixed in place. It did not move at all, but countless silver runes floated from its body.

Rotten silver light shone through the area in front of him. Everything stopped and trembled under a terrifying force.

At that moment, Yunxiao was in a mustard seed, turning into a speck of dust in the world.

This Sumeru mustard seed was obtained after he killed yang yuanshu in the Dragon Necropolis. It possessed great concealment abilities, and even the Dragon race's heaven observation mirror was unable to capture it.

It was because of this item and his Thunder art that Yunxiao was 100% confident in betting with yang Tianhao.

After breaking through the sea of illusory fists, he had hidden in the Sumeru mustard seed, planning to wait until the end of time before leaving.

He could hear yang Tianhao's words clearly but he pretended not to hear it. He sat down quietly and started cultivating to recover the yuan Qi He had lost.

Suddenly, the Sumeru mustard seed trembled and a Silver Ripple spread in the air.

Yunxiao's eyes snapped open in shock.

The ripples caused by the silver ripples gradually grew larger, and runes kept surging out from within. The surrounding space began to distort, squeezing towards the center of the ripples.

The infinite space in the mustard seed suddenly became limited, and the silver ripples were like a Galaxy, pressing down on the dome.

"Not good! It's going to collapse!"

Yunxiao was taken aback, and he could not believe it. A divine ability that could come from a distance must be a great divine ability!

Moreover, the spatial pocket was not collapsing as he had thought. Instead, it was gradually becoming unstable and was actually melting!

air refining technique?!!

Yunxiao's heart trembled as if he had thought of something. With a burst of sword energy, the cold sword swept across the sky, and a huge sword-shaped sword slashed out, leaving a long ice-colored trail in the air.

“BOOM!”

The sword Qi rushed into the silver ripples and messed them up. The entire sky started to shake!

Ripples appeared, and the silver patterns became chaotic.

Suddenly, silver light flashed and a silver triangular flag appeared in the sky.

Countless strange silver patterns flew up from the surface of the flag and spread out in all directions. With the silver Flag as the center, an extremely deep vortex formed, surging with an infinite suction force, and the entire space collapsed into it!

“Bang!”

As the vortex spun, Yunxiao's sword beam was annihilated in an instant, and the specks of fluorescent light that it had turned into were also devoured.

The entire space was rapidly shrinking and dissolving!

Yunxiao's eyes narrowed, and a golden light flashed between his brows, then a figure suddenly emerged.

“Hurry up and use Noah’s ship to rush out!”

The refining power that came from afar was already so powerful. If the Sumeru mustard seed collapsed and was bound by the space-refining technique from the outside world, it would be impossible for him to escape!

Ye Fan also understood the situation, a golden light appeared in his palm, turning into a golden battleship that was dozens of Zhang in size.

All kinds of strange golden patterns appeared on the battleship, and hundreds and thousands of different formations were activated at once, causing the surrounding space to tremble. There were even faint sounds of wind and thunder.

“The space here is too weak, it’s going to collapse!”

follow me! Ye Fan shouted in a deep voice, saying loudly, “ big brother Yunxiao, follow me!

The Sumeru mustard seed was only a ninth-tier Mystic artifact, so the stability of the space was naturally not comparable to that of the heavenly martial realm. The Noah’s ship’s level was even higher than it. Once it appeared, it made the hidden space Mystic artifact tremble.

With the sky refining flag pressing down from the dome and Noah’s ship stimulating powerful spatial power inside, the entire mustard seed space finally couldn’t hold on and collapsed instantly!

“BOOM!”

On the ground outside, a speck of dust instantly exploded, and the force of the impact shot up into the sky, reaching a height of a thousand feet!

A golden light flashed within the explosion.

Yang Tianhao's pupils contracted as he shouted, " "You want to leave? In your dreams!"

He changed his hand seal and a Silver Flag appeared above the explosive force and pressed down!

"BOOM!"

The power of the explosion was instantly suppressed, and a large silver Flag was suddenly inserted into the ground. Countless silver patterns danced on it, and the terrifying power rumbled and destroyed everything in the surroundings.

However, the golden light only appeared for a moment before it completely disappeared without a trace!

"What?"

Yang Tianhao jumped up high in shock! His eyes were bulging like copper bells!

In the distance, Yang Mu and the other four might not have noticed anything, but he had clearly sensed that Yunxiao had disappeared!

Although he didn't see clearly what the golden light was, the intuition of a warrior couldn't be wrong. Just like before, he had clearly sensed that Yunxiao was hiding in this world and had not fled far!

This time, his face was completely gloomy, and the huge Silver Spirit behind him seemed to have stopped casting spells. The silver runes in the sky were getting fewer and fewer.

"What's going on? The sect leader seems to have stopped."

...

Yunxiao? " a warrior asked in surprise, " did he kill li Yunxiao with one move just now? "

“It must be so. Even an early-stage nine-stars martial sovereign can’t withstand the power of the flag just now, so there’s no way Yunxiao could have survived.” Another person said faintly. His tone was full of regret, as if it was a pity that such a genius had died.

“Al, this kid thinks too highly of himself. He has no one in his eyes and his arrogance is boundless. Otherwise, you’ll be an Overlord in the future, a Dragon among men.” Another person also sighed.

Yang MU’s brows were tightly furrowed as he felt that something was amiss.

As the head steward of heavenly Eagle temple, he had a deep understanding of yang Tianhao. His current appearance did not look like he had won. However, the giant Silver Spirit was slowly disappearing, and the power of space refinement was also dispersing.

Soon, the world returned to its clear state.

Yang Tianhao stood silently in the sky. Other than his Vulture-like face, there was only a dark green color. However, his eyes were flashing with a sharp light as he said coldly, Li Yunxiao, if you run away, you’ll be violating the bet!

“What?”

The five people in the distance were shocked. They were all petrified on the spot!

“Hehe, it’s a good thing I haven’t run away yet, or I would have given people a reason to talk.”

A voice rang out not far away, and the air rippled slightly as Yunxiao’s figure appeared.

...

There was an unruly smile on the corner of his mouth, and his eyes were still as clear as water, but a trace of deep fear flashed through them.

“Ah?”

Yang Mu and the others opened their mouths wide once again. Their minds were completely blank. Escaping from the air refining technique was beyond their ability to think.

Yang Tianhao looked at the radiant hourglass in the distance. More than half the time had passed.

“How did you escape? I really want to know.”

“I’ll admit defeat if you tell me the answer,” yang Tianhao replied.

then you’d better admit defeat,” Yunxiao said with a faint smile. just admit defeat.

Yang Tianhao’s expression was extremely calm. He did not express any dissatisfaction with the answer and nodded, “My request is too much. Such an escape technique must be your ultimate life-saving skill, so you naturally can’t tell me. I’ll use an equally powerful sacred art to exchange with you, how about it?”

Yunxiao pondered for a moment. He was very interested in the space-refining technique that yang Tianhao had just used. Unfortunately, the method he had used to escape was not a martial technique, or he would have really exchanged it. So, he could only refuse helplessly.

Yang Tianhao pondered for a moment and said, “ the space refining technique is one of the three great techniques recorded in the ancient books of the heavenly Eagle temple. It can only be broken through with absolute power. I’ve never heard of anyone escaping with an escape technique. I have some natural treasures in my possession, and perhaps young master Yunxiao will be interested in them.”

He still didn’t want to give up and wanted to trade with the other party.

I’m sorry,” Yunxiao shook his head. it’s a confidential matter, so I can’t disclose it. He looked at the sandbag and said, “ there’s still one-third of the time left. Sect leader yang, are you not going to make a move? ”

Yang Tianhao let out a bitter laugh and said helplessly, "You possess such a wondrous technique. Unless two existences like me join forces, there's no way to stop you."

Yunxiao could not help but feel a little ashamed. "Hehe, if that's the case, I'll be taking those two items."

"I admit defeat. I have nothing to say." Yang Tianhao nodded. However, as the saying goes, out of blows, friendship grows. I, yang Tianhao, will definitely befriend young master Yunxiao today! If young master is free, you're welcome to visit heavenly Eagle deity temple, I will definitely have my collection of top quality wine to entertain you."

With Yunxiao's talent and strength, his future was limitless. As the leader of a sect, he naturally understood the pros and cons, so he immediately began to make friends with him.

Yunxiao smiled indifferently. He was about to say a few humble words when his face suddenly changed. He turned and looked into the distance with a shocked look on his face.

"What's the matter?" yang Tianhao frowned.

Yunxiao instantly regained his composure and said with a playful smile, "I have important matters to attend to, so I won't be staying any longer. I'll definitely go to the temple to drink when I'm free."

Without waiting for yang Tianhao's reply, his body flickered with lightning before it slowly faded away.

Chai Jing's "Under the Dome" was recommended to every friend. No matter what your point of view was, no matter what your position was, this film was worth pondering.

Here, I pay my respects to Chai Jing.

Chapter 1315-tracks exposed

Yang Tianhao looked at Yunxiao's disappearing figure and remained silent for a long time.

Yang Mu and the other four flew over. Their faces were ashen and dejected, and they couldn't muster up any energy.

"Lord sect leader, are we just going to let him go like this?" Yang Mu was unwilling to accept this.

Yang Tianhao looked at him coldly and said, "Release?"

Yang Mu was speechless. He felt goosebumps all over his body from yang Tianhao's cold gaze and quickly lowered his head.

This ending wasn't that they were released, but that they couldn't be kept!

Yang Tianhao returned to his usual expression and said, "Young masters, please come out. You two saw everything with your own eyes."

Everyone was shocked and looked around vigilantly.

A yellow light suddenly appeared in the sky and gradually turned into a long strip. Countless runes flashed on it. It was a talisman.

After the talisman appeared, it burst into flames with a "bang." Two figures slowly emerged from the flames. It was Qin Chuan and Zhou Chu, both of them with ashen faces.

Yang Tianhao's eyes glinted as he looked at the two of them. He said indifferently, "What do you think of this Li Yunxiao, young masters?"

"What do you think, sect head yang?" Qin Chuan asked back.

Yang Tianhao laughed before his expression turned serious. "I've never seen such strength, wisdom, and talent in my life!"

These words made Qin Chuan's face turn even uglier, as if there was no blood in it.

Zhou Chu's face darkened and he snorted through his nostrils. He was not convinced. He's just an expert in evasion techniques. If we really fight, he won't be able to withstand a single move from Lord sect master!

No. Yang Tianhao shook his head. He already has the power of a nine-stars martial sovereign when he broke my ocean-like illusory fist. It doesn't seem like he's using all his strength.

The two's expressions changed slightly, and they appeared to be very wary and gloomy.

Yang Tianhao sighed, "The result of the bet was completely out of my expectations. I'm truly ashamed of the trust you two have placed on me. I have no intention of staying any longer. I'll return to Heavenly Eagle temple now. We'll meet again.

"Sect head Yang has already tried his best, we are extremely grateful. It's just that the conditions are a bit awkward," Qin Chuan hurriedly replied.

"I understand." Yang Tianhao's expression changed slightly. "We've lost the bet and even lost two of young master's treasures. Naturally, we have no face to raise those conditions again, so we'll take our leave!"

"The divine sword Star Destroyer is lost. Doesn't sect head Yang wish to observe the situation quietly?" Perhaps the divine sword will choose its master in the end."

"Haha, young master must be joking. I know my limits."

Yang Tianhao let out a long laugh and said with a deeper meaning, "The world is already yours. The birth of the star Destroyer divine sword is perhaps a musical note of an era. I, this old man, will not get involved in this mess."

Under his smile, he seemed a little dejected.

In fact, he was in the prime of his life, and his strength was at the peak of his life in all aspects. Moreover, he was still improving.

However, after the battle with a monster like Yunxiao and thinking of his age, he suddenly felt a little disheartened.

Yang Tianhao did not want to say anything more. He cupped his fists and turned to leave. Together with the five of them, they turned into a ray of light and disappeared into the wilderness.

“What do we do now?”

Zhou Chu asked Qin Chuan.

Qin Chuan’s eyes narrowed as killing intent gradually appeared in them. He slowly said, wait for the opportunity. Kill him if you can. Otherwise, this person will definitely become a big problem!

Zhou Chu’s body trembled as he felt the killing intent emanating from Qin Chuan’s body. He couldn’t help but feel a chill in his heart.

But most of them were overjoyed and laughed, “Haha, you’ve thought it through? We’ll catch up to him now. You and I won’t lose to him in a one-on-one fight, and if we join forces, he’ll have no way to escape!”

Qin Chuan crossed his arms in front of his chest and muttered, “Don’t be too hasty. Remember, ‘wait for the opportunity’. If there’s no opportunity, don’t move. As the situation changes, we’ll find an opportunity to kill him.” His eyes turned cold and he sneered. Han Junzi, that old thing, wants to use our hands. Why can’t we use him in return? we can also investigate the origin of the star and moon school!

“Alright! I’ll do as you say!”

Zhou Chu nodded, and the two of them immediately flew in the direction where Yunxiao had disappeared.

.....

At that moment, several beams of light were flying rapidly in the sky above new Yan city, heading out of the city at lightning speed.

White cloud tracks were drawn in the sky, creating ripples. The entire city was filled with an inexplicable tension.

In the purple Pavilion, han Junting's eyes sparkled as she stared at the light.

Grandma sunflower could not hold it in any longer and said, " "Head shopkeeper, the eight symbols" tracks have been discovered. Is it really okay for us not to pursue them?"

Han Junting stared at him for a while before saying, " "There are too many experts chasing after him. As members of the merchant Union, we can't show any intention of snatching it, so let him go. With his strength, it should not be a problem for him to secretly attack. I'm just worried about how the eight elephants of death revealed their whereabouts."

"How was it exposed?" grandma sunflower asked in confusion. Naturally, he was discovered. As the saying goes, there will be brave men under great rewards. Although new Yan city is large, there are more people, so it's not easy to hide."

"It's better to be careful," han Junting said with a puzzled look. "I have a feeling that the people of the eight symbols have exposed themselves. It seems that they are very confident that they can escape." Tell that person to get the sword at all costs."

"Exposed? You can't be that bold, right?"

Grandma sunflower was stunned for a moment before she said, " "There won't be a problem if we let that person go. Moreover, it's indeed the best choice for him to take action." With that, he turned around and left.

.....

Outside the South Gate of Xinyan city, a huge, pitch-black Crow was flying in the sky as fast as lightning.

The crow's expression was wooden, and its body glowed with a red light. It was a chariot.

There were five people sitting on its back. Other than Mr. Quan, the tyrannical sky Tiger, the purple-haired man, and the blue-robed man, there was a skinny man with a zombie-like face.

haha, little seven, your black-feathered Crow is indeed useful. You've shaken them all off in one go!

The purple-haired man couldn't help but laugh out loud as he looked at the light rays behind him.

The zombie-like man's face darkened, and his eyes burned with anger as he shouted, "It's the black light divine Crow! If you call my divine Raven chariot again, I'll throw you down!"

hehe, don't get angry. People with bad tempers often appear childish.

...

The purple-haired man sneered.

Mr. Quan said in a deep voice, "stop it!" Little seven, how much longer can you last?"

"With this speed, it won't be a problem to last until the destination you set up," the zombie-like man said.

"That's good," Mr. Quan said with a sigh of relief. Although this operation was dangerous, it was still a success."

The tyrannical sky Tiger stood up shakily and said in a low voice, "I'm old, I really can't stand this kind of torment. When we go back this time, we must apply for retirement."

The purple-haired man rolled his eyes at him and said unhappily, "If you leave, won't we become the seven symbols?"

"Haha, seven elephants, it should be called eight neither elephants."

haha! the tyrannical sky Tiger laughed and said, "the new generation will always replace the old. We have to constantly have new people to fill in the gaps. I'm considered a senior elder of the death god Palace, I should be retiring and enjoying my life. I'll leave these life-risking matters to you young people. As for the vacancy, I think that Li Yi and Yao Shang are both pretty good and can fill it."

Mr. Quan's brows furrowed slightly, then relaxed. He just looked ahead without saying a word.

"No, no, no!"

The man in blue shook his head like a rattle-drum and objected, "I object to adding in new people! Unless the ranking is reset, won't the newcomers be ranked ahead of me? Little seven, you won't agree to it either, right?"

...

The zombie-like man snorted lightly and didn't comment.

The tyrannical sky Tiger laughed. don't look down on these newcomers. Their strength is not below yours or mine. If we really re-rank them, their positions will not change much.

"Hmph, fifth brother just loves to talk nonsense!"

The blue-robed man was obviously unconvinced and said sarcastically, "Unless the two of them replace one another, I might still have some reservations."

Mr. Quan said coldly, "why are you so worried about these things?" If fifth brother really wants to quit, boss will make arrangements!"

The man in blue blinked and said, "Third brother, take out the divine sword Star Destroyer and let everyone look at it. I really want to take a closer look at the weapon that defeated boss back then."

Mr. Quan looked at him coldly and said, "If your words are heard by boss, you're dead. It's not like you haven't seen this sword before at the auction."

"Hehe."

The man in blue couldn't help but shiver. He looked around and chuckled, "As long as you guys don't betray me, how would boss know? It was too blurry at the auction, so everyone wanted to take a closer look, right?"

He looked at them one by one, begging for help with his eyes.

The purple-haired man chuckled. I was the one who snatched the sword. I've long since seen enough of it.

what's there to see about a Broken Sword?" the tyrannical sky Tiger also said. if you want to see it, you can do it after we leave and are safe.

fifth brother is right," Mr. Quan said. we're being pursued by a strong enemy. Everyone, stay alert. We can't relax!

The blue-robed man was helpless. He looked at the zombie man and said, "Little seven, what about you? do you want to see?"

The zombie-like man frowned and said very seriously, "There's definitely something wrong with the so-called heaven and earth Power chart ranking. With boss's terrifying strength, he was only ranked fourth? I won't believe it even if you beat me to death! It must be because the first three are on

extremely good terms with the Saints that they've managed to pull some strings and place us in the front."

what?" the blue-robed man was taken aback. He frowned and said, "you're right. After hearing what you said, I also think that the possibility is very high.

Mr. Quan looked at the two of them coldly and said, "Frog at the bottom of the well, aren't you afraid of being laughed at for saying such words? The strength of the people on the heaven and earth Power chart is beyond our imagination. They're already infinitely close to the immortal state!"

"Infinitely close to godly state? If boss's level is not immortal state, how strong is he?"

The blue-robed man frowned, unable to understand.

"Godly state?"

Mr. Quan mumbled to himself. His eyes lit up and then became gloomy.

He thought to himself, "I must find a way to get the heavenly Phoenix Nirvana body so that Shang can break through his shackles and become the first godly state expert in countless years!"

Chapter 1316-ancient Bell of separation and reunion

The black light divine Crow was a type of rapid battleship. When it was fully activated, it was comparable to the strongest escape techniques in the world.

Hu mingri and the other experts of myriad treasures store were anxious and chased with all their might.

There was a large group of cultivators behind him. Some were here to watch the show, and some were here to take advantage of the situation. All of a sudden, a large number of fleeing lights gathered and headed in one direction.

The eight divisions had left openly, and the city's defense had directly killed dozens of people, causing too much of a commotion.

Among the pursuing cultivators, their strength was uneven, and they were quickly divided into different grades, one in front, one in back, and one in back.

The four people in front were the experts of the myriad Treasure Tower.

"Elder da Xi, if we don't make a move now, the thief will really be gone!"

Hu mingri was anxious as he urged an old man in white beside him.

The old man's expression changed, but his eyes darkened and he didn't say anything.

"If the godly sword is lost, where will the whole ten-thousand treasures building, including you and me, put our face?" Hu mingri said angrily.

The old man da Xi Yu said, "the enemy's flying profound level weapon should be the legendary Black light divine Crow. It can activate endless flying abilities for a short period of time, but it can't last long." We just need to hold on for a while and we'll be able to catch up."

"How do you know that they don't have more powerful backup plans?" Hu mingri said angrily. These few people dared to come out so openly with just a black light divine Crow. Is it possible to say that they don't have the confidence to escape?"

The other middle-aged man, Bai Dong, had cold eyes. He said coldly, " "This matter concerns the myriad Treasure Tower's reputation, we can't be careless. In the face of such a major event, what is a personal loss?"

"Brother da Xi, I know that you might only have one Heavenly Divine talisman left in this world. However, isn't the purpose of this talisman to deal with such a crisis? Otherwise, what's the use of it?" Ke tongguang also urged.

Seeing that the three of them were blaming him, da Zhiyu also felt a little apologetic. He gritted his teeth and said, "Alright!"

He flipped his hand in the air and a green jade pendant flew out of his hand.

A beam of green light flashed inside the layer of light. Da Xi Yu's entire body swayed and he disappeared from his original spot.

The three of them felt the faint space ripples and looked up.

A green light flashed in front of the black light divine Crow and a palm-sized jade pendant appeared. With a "bang" sound, it shattered and da Xi Yu's figure emerged.

He grabbed the piece of Jade, his face filled with pain and regret, but even more so, he was filled with anger and killing intent. His eyes were filled with cold stars as he stared at the battleship.

"What?"

The five people on the black light divine crow's back were stunned for a moment, and they revealed looks of shock.

Mr. Quan's eyes turned cold, and he sneered, "You're looking for death!" "Charge over!" He ordered.

w-what?!

what?! the zombie man was shocked and said unhappily, "if I crash into it, it will definitely damage my black light divine Crow. One can't be too selfish!"

Mr. Quan was furious. I told you to hit me. Just do it. What are you being so long-winded about?!

Seeing that the zombie-like man was unhappy, the man in blue patted him a few times with a smile and said, "We still have to listen to third brother's orders. If we all attack together, and with the battleship's force, even a mountain would be blown away without any damage."

The purple-haired man and the tyrannical sky Tiger also stood up and walked to the front of the warship. They took out their sharp weapons and were ready to attack at any time.

Mr. Quan also exuded a strong demonic Qi. Red Claws emerged from his five fingers and he was partially demonized.

The zombie-like man was slightly relieved. He quickly formed a few hand seals and slapped them on the back of the divine Crow.

The divine Crow let out a shrill cry and slowed down a little. A layer of black light enveloped the surroundings and formed a barrier.

Although his speed had dropped a bit, he was still much faster than the flying light of an ordinary warrior. He drew a long black track in the sky. The surrounding space had been compressed to the point that it had let out a "boom" sound. Then, he charged at da Xi Yu!

Mr. Quan and the other three stood in front, ready to attack. They sneered, waiting for a thunderous strike!

Da Xi Yu's face instantly turned pale. His elemental energy fluctuated like a wave, causing his sleeves to flutter in the air.

Although he was shocked, he didn't panic. He put his hands together and a metallic luster appeared in front of him. He began to quickly form hand seals. Rays of golden light flashed in his palms, so fast that only afterimages were left.

"Is this idiot out of his mind? You actually want to take it head on?"

The purple-haired man laughed playfully. His gaze became colder and colder. Purple Qi began to rise in his hand. He could not wait to make a move.

look at how confident he is, ” the tyrannical sky Tiger said. there must be something wrong. Everyone, be careful.

The blue-robed man was unconcerned and snorted, ” even a nine-stars martial sovereign can’t stop us when the four of us join forces. What right does he have? ”

Mr. Quan said coldly, ”with the speed of the black light divine Crow, even the best escape techniques in the world can’t catch up with it. How did he catch up?” It’s always good to be careful.”

As da Xi Yu’s hands rapidly formed hand seals, rays of golden light gathered in front of his body and turned into the shape of a giant ancient Bell. It then enveloped his surroundings.

Then, he flipped his hands and the black jade bracelet on his wrist flashed. A small bronze bell appeared in his hand.

Clang! Clang!

He shook the small bell in his hand, and heaven and earth immediately trembled. The image of the huge Golden Bell suddenly became solid.

Da Xi Yu’s figure disappeared in an instant, leaving only the small green bell. After a “dang” sound, it expanded to ten thousand times its original size. It stood upright and hung in the sky like a mountain!

“Ah?”

The people of the eight symbols opened their mouths wide and their faces instantly turned green. Cold sweat broke out on their foreheads!

“Stop! Stop!”

Mr. Quan also screamed and broke out in a cold sweat.

“I can’t stop it!”

The zombie-like man’s face turned pale and bloodless. He seemed to have already foreseen his beloved black light divine Crow being smashed into pieces, and he felt dizzy.

we can’t hide anymore! the tyrannical sky Tiger roared. let’s attack together and shatter this Bell!

He immediately took a deep breath, and his chest expanded. Then, he exhaled with all his might, and an extremely powerful sound wave burst out from his mouth, charging along the trajectory of the ripples.

...

“Bang!”

The power of the sound waves blasted on the bell, and the ancient sound reverberated in the sky, shocking everyone’s heart.

Countless ripples appeared around the ancient Bell, and the space around it started to flow like water.

The people of the eight symbols closest to him were the first to bear the brunt. One by one, their qi and blood swelled and their eardrums shattered!

“Fifth brother, your sister! This is a Bell, and you’re actually using sound waves. Are you trying to get everyone killed?”

“What’s going on? I feel like my whole body is going to split open, and my skin is starting to get wrinkled. Will I be disfigured?”

it's over, it's over. I can't see clearly anymore. My eyes are damaged, and I can't see clearly!

"Your sister! That was a spatial shock! Don't waste time, hurry up and attack!"

All kinds of noises were mixed together, and the five people were all shouting and panicking. However, everyone's aura had risen to the extreme!

Five extremely terrifying forces rushed up at once. The zombie man also made his move. A pair of bracelets blasted out, and the two rings merged into one in the air, turning into a slash!

The black light divine Crow seemed to be unable to withstand the pressure of the five people's auras. It was the first to give in. The black barrier was destroyed in an instant, and the divine Crow let out a "CAW CAW" sound. It seemed to be a little mournful.

...

"BOOM!"

The five powerful forces and the black light divine crow's body finally struck the ancient Bell!

"Dang!" Before the bell could even ring, a "Hong" sound rang out, and a large hole was instantly opened up. The five of them rushed in.

The space above the ancient Bell became hazy for a moment. Then, da Xi Yu's figure appeared. He opened his eyes wide and shouted as he formed a seal with both hands.

Countless runes fell down, and once they touched the bell, it was as if they were engraved on it. Suddenly, the entire green bell became golden and brilliant. The only thing that felt a little out of place was the Big Hole. At a glance, it seemed as if the bottom was bottomless.

"Ancient Bell of separation and reunion, seal!"

Da Xi Yu's entire body flew down and he slapped the bell with his palm. Instantly, golden rays of light shot out in all directions.

The entire Bell slowly spun and fell toward the ground!

The pursuers in the distance were all overjoyed and arrived in an instant.

Hu mingri even urged, "hurry!" I don't know how long brother da Xi will be able to hold on!"

Bai Dong's eyes also flashed with joy, and he said, " this Bell of separation and reunion is most suitable for sealing people. It's a pity that it was destroyed by those thieves. I wonder how much power it still has left.

"Dang!"

The few of them were just talking when that ancient Bell was suddenly struck, the sound reverberating for ten thousand miles!

The golden light was a hundred times more dazzling, and the Golden runes that had been imprinted on it began to protrude one by one as if they were about to burst out!

"Not good!"

Da Zhiyu sucked in a breath of cold air, turned around, and fled.

"Bang!"

The golden light shone for thousands of miles, and the ancient Bell finally exploded. The green copper pieces shot in all directions like sharp blades.

Da Xi Yu's figure had just become blurry when he was submerged by the golden light. The next moment, he appeared a hundred feet away. He spat out a mouthful of blood and his face turned extremely pale.

"Phew! You're finally out. You scared me to death, I thought you were caught."

"Don't be happy too early. Being surrounded by so many people is no different from being covered by that Bell."

"Of course there is! If you're surrounded by them, you can still see the sun, but if you're covered by that Bell, you can't even see the sun."

The purple-haired man and the blue-robed man were both chattering away as if they did not care about the martial artists surrounding them.

Other than the zombie-like man, who was looking at the broken black light divine Crow in his hand with an extremely angry expression, the other four of the eight divisions were extremely calm.

Hu mingri said coldly, "in my opinion, there is no difference." Because you won't be able to see the sun soon."

"Why?"

The blue-robed man asked in confusion.

"Stupid! You've brought shame to our organization. Don't ever say that you know me when you go out in the future!"

"Because the sun is going to set soon, and the stars are going to come out," the purple-haired man sneered.

Chapter 1317-you've worked hard

Hu mingri's eyes turned cold and he said coldly, "This joke isn't funny at all!"

The purple-haired man's lips curled into a mocking smile as he mocked, " "Oh, really? Because this is not a joke to begin with."

At this moment, da Xi Yu had also returned from a distance. There was still blood on the corner of his mouth.

"How is Sir da Xi?" Bai su asked with concern.

Da Xi Yu gently shook his head and said, "I'm fine." His eyes flashed with anger and he said coldly, " these thieves destroyed two of my treasures. I'll burn their bones and scatter their ashes later!

"Hey, you old man, I can't have you!"

it's just an external object, " the blue-robed man shouted. if it's broken, then it's broken. Is there a need to have such a deep hatred? "

"There's no point in acting dumb. Are you going to surrender or resist?" ke tongguang said coldly.

At this moment, not only the four of them, but the rest of the people from the merchant Union and dozens of Warriors from all walks of life had surrounded the five of them.

What made everyone frown was that even though they were in a situation where there was no way out, these five people didn't panic at all, and looked completely relaxed.

In particular, the four people from myriad Treasure Tower appeared to be even more vigilant.

we won't surrender or resist, " Mr. Quan said with a smile. can we choose the third option? "

"Hmph, the third option? Commit suicide to apologize?"

Hu mingri sneered. Although the five people in front of him were powerful, there were dozens of experts from the merchant Union in addition to the four from myriad treasures tower. Even if they were nine-star martial sovereigns, they couldn't escape.

hey, look at what you're saying. You're all businessmen in the merchant Union. Can't you stop killing people with just three sentences?" The man in blue laughed mockingly and gave him the middle finger.

The purple-haired man also said impatiently,"alright, let's not talk nonsense with these scums." I remember a powerful man once said that wasting other people's time is the same as murdering for money."

"Did I?" the blue-robed man asked. Who said that? why haven't I heard of it before?"

"There are many things you haven't heard of!" The purple-haired man snorted.

Mr. Quan also smiled and said, "Thank you for coming all the way here to see me off. As the saying goes, a thousand miles away, there will always be a farewell, so let's stop here."

With a wave of his hand, a formation light appeared under his feet and instantly enveloped the five of them.

"Not good!"

Hu mingri was shocked and said angrily, "They've set up a teleportation formation!"

"Haha, come and kill us, big idiot!"

"Oh my, why did your neck suddenly turn red and purple? Are you a chameleon?"

Even the tyrannical sky Tiger was smiling and waving its hand to greet everyone, "Everyone has worked hard. Let's go back."

Hu mingri's body trembled with anger. He let out a roar and his aura burst out. He carried a fierce battle blade on his shoulder and held the handle with both hands, ready to slash down!

The surrounding powerhouses were all shocked by his aura. Bai su and the others, who had originally planned to attack, took a step back, but their faces were extremely ugly.

All of a sudden, Hu mingri's eyes widened and he was stunned. He stopped raising his sword halfway, leaving only the surging elemental energy around his body, but it also weakened.

"Eh? What's going on?"

Everyone was stunned. The light that enveloped the eight death elephants flickered, and the figures of the eight elephants blurred. They were supposed to be teleported away immediately, but they became clear again after the blur.

The five of them were still standing there, laughing and laughing, constantly waving their hands to show that everyone had worked hard.

The smile on the tyrannical sky Tiger's face and its waving hand suddenly froze.

The purple-haired man and the blue-robed man were stunned as well. They looked at each other, then looked around with a confused expression.

Mr. Quan's face suddenly changed, and his eyes were filled with horror.

An extremely bad feeling welled up in his heart. He only felt that his throat was dry, and he stuck out his tongue to moisten his dry lips.

"Third brother, what's going on?"

Beads of cold sweat rolled down the zombie-like man's forehead. He wiped it off with his sleeve and said in a trembling voice, " "You, didn't you say that everything has been arranged?"

The purple-haired man's face was also slightly pale. He said awkwardly, "It should be, it should be just a small accident, right?"

"A, a small accident?"

Mr. Quan also wiped his cold sweat and struck out another seal.

The formation light surged up and then sank down. This time, it didn't even take a breath's time before there was no reaction from the surroundings.

The zombie-like man's body trembled, and his trembling became even more intense. He said in a trembling voice, "This ... This time is also a small accident?"

Hu mingri seemed to have understood something. He put down his saber and stabbed it into the ground. He looked at the five of them coldly.

The other martial artists' eyes also lit up, and they laughed hideously.

Even a fool would know that there was a problem with their arrangement!

The five people of the eight divisions paled and broke out in cold sweat.

Mr. Quan hit the ground with a strong wind and it exploded with a bang, revealing a black hole.

"?! The formation plate is gone!"

He suddenly let out a loud roar, as if someone was strangling his neck. The hair on his head stood up, and he shrieked, "the array board has been taken away!!"

The other four people all trembled, their hearts directly sinking to the bottom.

“Haha, what’s the matter with the five of you? Why do you look so pale?”

Ke tongguang could not help but burst out laughing. haha, it’s no trouble at all. It’s no trouble at all to send a friend on his way!

The last few words were spat out with a sneer, revealing a cold and murderous intent!

...

“Animal! Which bastard did this?”

Mr. Quan almost went crazy. His eyes were red. He looked around and saw dozens of faces sneering at them. It seemed that everyone was a suspect.

“Pfft!” He spat out a mouthful of blood.

Under extreme anger, he was injured before the battle!

“Third brother, third brother!”

The four of them hurriedly helped him up and surrounded Mr. Quan. The zombie-like man was covered in cold sweat as he shivered and said, “Third brother, what do we do now?”

“What do we do? What else can we do?”

The purple-haired man’s eyes flashed with a Purple Haze and his killing intent rose. He said coldly, “We can only kill our way out! Kill one to break even, kill two to earn more!”

A shocking killing intent burst out from his body, causing the hearts of the surrounding people to tremble and they couldn't help but be on guard.

Although they had the advantage in numbers, none of the five people in front of them were pushovers. It was bound to be an unprecedented and tragic battle!

Mr. Quan's mouth was also full of blood. He gritted his teeth and said, "Kill, kill and carve out a Path of Blood!" "If I find out who stole the formation plate, I'll skin him alive and burn his Bones to Ashes!" He roared in hatred.

...

The hatred in his voice was so strong that it could almost penetrate the heavens and earth!

The space not far away trembled imperceptibly, and Yunxiao sighed.

He thought to himself, "you're already an adult, why are you still so angry?" Wasn't it just an array disc? it was just a worldly possession. If he took it, then so be it. Was there a need to have such a deep hatred? If you don't die this time, I suggest you eat some stewed Snow Pear with rock sugar when you get home.

Just as he was thinking about this, the eight elephants in the distance attacked first.

After all, they were professional assassins, and each of them had extraordinary strength. In the blink of an eye, they had accepted the cruel reality and revealed their assassin nature.

After the purple-haired man's killing intent burst forth, he suddenly took a step forward and used the Overlord armor removal. Suddenly, a purple sword essence flew out from his body, cutting through the sky and aiming for Hu mingri's head!

"Hmph, you've got guts!"

Hu mingri sneered and was filled with resentment. He grabbed the huge saber with one hand and directly slashed at the sword Qi without any moves!

“Bang!”

As the two moves collided, purple and red lights flashed, and the shadows of the blade and sword shot in all directions.

The purple-haired man’s entire body trembled. He felt his sword intent being smashed into pieces, and he couldn’t help but take a step back.

Although Hu mingri’s face was a little pale, it was obvious that he had used his true force. However, he seemed to be at ease.

With a glance from the corner of his eyes, he saw dozens of silver lights flashing in the horizon. He knew that the silver-armored guards had arrived. He was overjoyed and shouted, everyone, attack together. As long as you contribute, you’ll be a friend of the myriad Treasure Tower, and there’ll definitely be a great reward!

Everyone’s eyes lit up.

Even a fool could see that the current situation was completely one-sided. As long as they went with the flow and put in a little effort, there would be almost no danger.

The reward was too great, and he probably wouldn’t get any practical benefits, but the words “friends of myriad treasures store” were worth thousands of gold.

There were few people who sent charcoal in the snow, but everyone liked to add flowers to a brocade.

“Tomorrow’s Lord is too polite! It’s the duty of all martial artists in the world to catch thieves!”

“That’s right! What this friend said was very true. People who practice martial arts must have a sense of righteousness in their hearts! Sweep away all evil!”

since ancient times, evil has never defeated good. The virtuous receive more help than the righteous, and the unjust receive little help. We are willing to help the myriad treasures store eradicate these degenerate pests!

All of them had righteous looks on their faces, swearing to be irreconcilable with evil. Their eyes were wide open as they stared at the five people of the eight divisions.

The five of them immediately felt a great pressure, and the surrounding space was locked by the pressure released by these people, as if it was impregnable!

To make matters worse, they also discovered dozens of silver-armored guards coming from the sky.

These were the ten thousand treasures tower’s elite martial artists. Fifty to sixty people had been dispatched all at once. They were all dressed in full sets of armor and stood in specific positions in the sky. A silver light was shining like the sun.

The eyes of the five people of the eight divisions were pierced by the silver light, and their hearts were extremely heavy.

The man in blue laughed bitterly. fourth brother, your explanation just now seems to be wrong. Not being able to see the sun again might be a different matter.

“Shut up!”

The purple-haired man roared in anger and laughed wildly, “When have the people of death god Palace ever been afraid of death? All of you, kill, kill!”

He turned into a purple ray and disappeared from where he was with a whoosh. He rushed in the direction where the strength was the weakest.

As soon as the sword Qi rose, blood splattered in the air. The two people in the lead were directly cut down.

“?!”

Everyone sucked in a breath of cold air in fear. Such ruthlessness also made them sober up at once.

There was no such thing as a free lunch in the world. It was not so easy to be a ‘friend of myriad treasures store’!

Chapter 1318-tragic

everyone, let’s attack together! Hu mingri shouted in anger. don’t be afraid!

He raised his saber vertically, and a wave of saber intent swept out, slashing down at the five of them!

The entire space condensed under the saber shadow, and the power of the saber completely covered the five people. It was as if the saber had the power to split the sky!

“BOOM!”

As the blade shadow fell, the dust shook the sky. The ground suddenly split open, and a huge bottomless ravine appeared.

The five of them attacked at the same time and dodged the saber radiance, scattering in all directions!

“Split up!” The tyrannical sky Tiger roared. He knew that today’s matter would not be spared. If they split up, they might still have a way out.

“Hmph!”

Bai su coldly snorted, then disappeared from where he was.

After the tyrannical sky Tiger dodged the blade light, it rose and fell. More than ten people surrounded it with fists, palms, blades, and swords.

He turned around, and a golden light burst out. A golden sword Qi formed a circle in the sky and spread out in all directions.

“Bang Bang Bang!”

He used all of his strength to push everyone away, then he took a deep breath and jumped up.

Suddenly, the space trembled and a huge hand with a white silk glove appeared silently. It flashed like a ghost and directly grabbed the tyrannical sky Tiger’s neck.

“Ah!”

The tyrannical sky Tiger cried out in alarm, but its voice was immediately cut off. He only felt a force locking his neck. Not only that, but his entire body was unable to move.

“Crack!”

A silver light flashed on the White silk arm, and the tyrannical sky Tiger’s eyes popped out. Its eyes were wide open, full of shock and a trace of fear.

But soon, the head gradually drooped down, and the complicated light in its eyes slowly disappeared.

White Nightmare’s eyes were filled with a cold smile. His other hand formed the shape of a blade and slashed over.

“Swish!”

The tyrannical sky Tiger's head instantly flew up and rolled on the ground like a ball.

A headless body fell down. It was unremarkable in the chaotic battle.

The dozen or so people surrounding the tyrannical sky Tiger were stunned for a moment. They then cupped their hands at Bai Ling and chased after the other four people.

Bai SU's body swayed and he disappeared on the spot.

"Ah? Fifth brother!"

Not far away, the zombie-like man was the first to discover the tyrannical sky Tiger's death. He let out a mournful roar and his eyes turned red. He then madly slapped his palm in all directions.

"What are you shouting for? you'll be able to see him soon!"

An old man's eyes turned cold. He opened his five fingers and slapped forward, meeting the palm energy of the other party.

"Whoosh! Whoosh! Whoosh!"

A dense cluster of Flying Needles suddenly shot out from his palm. Every single one of them had a green glow pulsing on them, and they broke through the palm wind.

"Woof! Ah!"

The zombie-like man felt a sharp pain in his palm, and he suddenly pulled it back. Immediately, the people around him saw the opportunity, and all kinds of attacks swept over, drowning him in an instant.

“Boom boom boom!”

A huge explosion rang out. After everyone succeeded in one move, they still did not dare to be careless. A large number of colorful moves were blasted in.

Circles of huge elemental energy fluctuations and all sorts of radiances spread out!

A moment later, the dust and smoke dispersed, and the zombie man had long been turned into mud.

The three remaining people in the distance were also caught in a bitter battle. The huge commotion here had also affected their state of mind, and they were all extremely sad and angry.

In a short while, the blue-clothed man also fell into a dangerous situation. Under the pressure of the few people joining hands, he was already covered in injuries.

“After killing for so long, you’re finally going to be killed?”

He laughed bitterly, but he was very open-minded. Although his moves were still extremely sharp, his mind had already started to run wild.

“Hmph, since you’ve already made up your mind, why do you have to resist so hard and increase the pain before your death?”

The experts surrounding him all became alert. They increased the size of the battle circle and used more of their strength for defense, afraid that he was already determined to die and would explode with terrifying power.

Even a cornered rabbit would bite.

Li Feiyu was also among the besiegers. Seeing his dazed expression, he couldn’t help but furrow his brows, hand over the divine sword, confess your origins, and accept the punishment of the myriad Treasure Tower. Perhaps you can live.

The blue-robed man seemed to not have heard his words. He seemed to be immersed in his reminiscence as he muttered to himself, "When did he start killing people? Seven or eight years old? It had been too long since he had forgotten. I remember that person said that I have a talent for killing and led me to kill many people. I've been following that person around the heavenly martial arts realm until I met boss hehe. Then, that person was killed by boss, so I followed boss and mixed around hehe."

Li Feiyu's brows furrowed as he asked, who's your boss?!

The blue-robed man seemed to have been startled by his shout. He forced a smile and said, that man said that as an assassin, one should either die in the hands of a peerless expert or die in one's own hands. Otherwise, it would be a disgrace. Are you going to bring me shame? "

"After that person was killed by boss, I began to follow boss to kill people. My initial goal was to avenge that person and hope that I could kill boss one day. However, it seems that this idea is getting further and further away. After so many years, I can't even take a single move from boss. I finally recognize this reality. There is no hope of revenge in this life."

"I'm sorry, I can't avenge you. But no matter what, I've been raised by you, so I can't die in humiliation. It'll be an embarrassment to you."

The blue-robed man's lips curled up as he looked around and his gaze landed on a long-bearded elder.

The old man's strength was the weakest among them, and his heart suddenly sank. A boundless chill surged up, and he shouted in his heart, "Not good!"

He suddenly gathered a mouthful of essence force, and his feet moved as fast as lightning as he was about to escape.

...

"Don't go, let me find someone at the bottom."

The blue-robed man's voice rang out indifferently. It was emotionless, but it carried a sense of helplessness. He suddenly shook off the crowd with one move and moved forward, moving in front of the old man in half a step.

"Bastard! If you want to find a scapegoat, go find someone else!"

The old man was both shocked and angry. He released a powerful palm force and fiercely attacked the other party with a seal on his hands.

"Bang!"

The blue-robed man didn't Dodge or evade, and directly used his chest to meet the attack.

"Pfft!"

A large mouthful of blood spurted out.

However, he was already three feet away. His hand was like a claw as he clenched into his opponent's shoulder. His five fingers were like steel claws, directly cutting into the bones.

"Ah!"

The old man cried out in pain, shocked and furious, "are you crazy! Let me go!"

...

The blue-robed man grinned, "hehe, fourth brother said that we have to kill at least one to break even. If I were to lose money, wouldn't I be scolded to death by everyone? You're the weakest, so I had no choice but to look for you."

"No, don't! Let me go!"

The old man struggled with all his might and was scared out of his wits. However, his eyes were filled with ruthlessness as he clenched his fist and punched at his opponent again!

But it was too late.

A ripple appeared under the blue-robed man's five fingers, and he violently pulled!

"Swish!"

A tearing sound was heard. The old man screamed as half of his body was torn off.

Then, the man in blue took a step forward and slammed his head into the wall!

"Bang!"

The old man's head exploded, and all kinds of fluid sprayed into the air, splashing all over the blue-clothed man's body and face.

That delicate face under the cover of the brain matter looked a little demonic and terrifying. What was even more creepy was that he was actually smiling.

"Ha, haha, I broke even, I didn't lose anything!"

He laughed out loud. now, all that's left is to die with dignity. He raised his right hand, his five fingers forming a claw, and suddenly slapped at the top of his head.

"Bang!"

Similarly, his brain had burst open, and half of his head had collapsed. His death was extremely tragic.

Li Feiyu's face was frighteningly dark. As he watched the corpse fall to the ground, his heart felt extremely heavy. It was as if there was a breath of air stuck in his chest, and no matter how hard he tried, he couldn't vent it.

The purple-haired man, he Quan, saw the blue-robed man's death from a distance. Their eyes were still extremely sharp, as if they were not moved at all.

"F * ck, trash!"

The purple-haired man spat and said in disdain, "An assassin actually has such a big emotional fluctuation when facing an enemy. What a waste! Embarrassing!"

His eyes were cold, and although they were extremely fierce, they still emitted a heart-shaking chill.

Suddenly, the space rippled slightly, and a white silk glove appeared. It grabbed at his throat from behind like a ghost.

"Swish!"

A streak of purple sword light flashed past and slashed at the glove.

"Swish!"

The glove was instantly cut open, and a ghastly wound was revealed.

The owner of the white gloves, Bai Ze, frowned. The sword energy in front of him rose again and was aimed at his vital parts. He immediately retracted his hand and flicked his fingers.

A ray of green light shot out from his fingers and touched the tip of the sword.

“Bang!”

The finger radiance was pierced through by the sword Qi and continued to stab down without losing momentum. However, Bai su had already taken advantage of the momentum and retreated ten meters away.

“Hmph, the same sneak attack, can it be used a second time?”

The purple-haired man laughed coldly and mocked.

Bai Ling’s face was as calm as usual as she said indifferently, “It doesn’t matter how many times you use it, as long as it’s effective,”

“It’s a pity that it’s no longer useful,” the purple-haired man sneered.

Bai su looked down at the torn glove and the blood-red sword mark. He frowned, then took off the white glove and threw it away, holding a Jade ruler.

Not far away, there were a few martial artists standing in the air, watching from afar, but they did not participate in the battle.

They were not interested in the myriad treasures store’s rewards and their identity as friends. They were just purely watching the show or had other motives.

“These people are really unyielding, and their strength is extremely extraordinary. It’s really a pity. If I could take him in, it would be worth it no matter how much money I spend.”

A young man sighed with emotion and said with some regret.

This man was dressed in a green brocade robe and looked elegant. However, his strength was only at the low level of a martial honor. Even so, he seemed to have an extraordinary status as he was surrounded by several strong people.

The blade sect's Chen Feng and Liang Yuyi were also in the crowd. Chen Feng looked at this person and revealed a hint of surprise. He smiled playfully and said, "So it's Ding Peng from Tianyuan trading company. Your sister is beautiful and talented, but I didn't expect your brother to be so handsome."

The people in the surroundings retracted their gazes from the battlefield in the distance and began to size up the two people who were talking.

Ding Peng coldly snorted. He could hear the sarcasm in Chen Feng's words. For a man to be praised as handsome, he was obviously saying that he had no other strengths other than his appearance.

Chapter 1319-sooner or later

"Oh? I was wondering who it was, so it's the famous rooster in heat."

"I've heard that no matter where young master rooster goes, he always brings four beautiful women with him," Ding Peng said sarcastically. It's as if he's afraid that others don't know that he's very capable in that aspect. However, I heard that the more you show off, the more you lack something."

"Your sister! You're looking for death!"

Chen Feng's face turned green. Ding Peng, this little dandy, was mocking him in front of everyone. He couldn't tolerate this!

Liang Yuyi pulled back the enraged Chen Feng, and said calmly, "That's true. So, young master Ding Peng, you don't have to show off your pathetic intelligence in front of us."

"Haha, you're right."

Chen Feng clapped his hands and praised.

Ding Peng looked at Liang Yuyi in surprise. He snorted and didn't say anything.

Liang Yuyi was even more surprised. She came from the merchant Union and had heard a lot about ding Peng, but she only knew that he was a piece of mud that could not be helped.

Even when song Yue was in her Prime, her strength was extremely low.

But now, not only did he rush to a low-level martial honored realm, but he also had an extraordinary appearance. It seemed that his entire temperament had undergone a great change.

And looking at the Warriors around ding Peng, all of them had their auras restrained and were breathing slowly. They were obviously experts.

She was also a talented and beautiful person, and she fell into deep thought.

The changes in ding Peng's body seemed to imply that Tianyuan trading company was brewing something in the dark.

Although she was no longer a member of the merchant Union, she still had a connection with it. Moreover, the development of the merchant Union had attracted the attention of the seven super forces.

The two of them bickered for a while, but it ended when ding Peng stepped back.

"I heard that Tianyuan trading company has been recruiting from all over the world and has recruited many experts," a middle-aged man suddenly said.

Everyone looked over. The person who spoke was broad-hearted, fat, and chubby. He was the head shopkeeper of the thunderwind Chamber of Commerce, Zhu yuezun.

"Head shopkeeper Yue Zun, do you have any objections?" ding Peng snorted coldly.

"Of course not, this is your business, what does it have to do with me?"

“It’s just that I haven’t seen your father for too long, and I miss him a little. How is your father doing?”
Zhu yuezun said indifferently.

thank you for your concern, ” ding Peng said with a nod. my father is doing well.

The other party was clearly inquiring about ding Shan’s news, but he immediately brushed it off.

Zhu yuezun frowned slightly, as if he had guessed this would be the result, but he didn’t care.

“Who are these people? He’s actually this powerful.”

One of them couldn’t help but ask. His eyes were filled with shock as he looked at the fierce battle in the distance.

“These people appeared out of thin air,” Zhu Yue said, “judging by their strength, they seem to be a significant force. But no matter how conceited he was, he shouldn’t have had any ideas about the merchant Union. Killing them will serve as a warning to the others.”

“I seem to have some impression of that purple-haired brat. I think I’ve heard of him before.”

An old man frowned and thought hard. He mumbled, ” “He seems to be a great fiend.”

“Are you talking about the murderer who massacred three cities in the Eastern Region ten years ago?”
someone suddenly asked.

“Argh! Exactly, exactly!”

The old man suddenly exclaimed in shock, “In the past, three cities in the Eastern Region were massacred. The murderer’s methods were extremely cruel. The red moon City announced to the world that they had captured the murderer, but to no avail. He also seems to have long purple hair, and is abnormally fierce!”

Chen Feng raised his brows and said, "now that you've mentioned it, I do have some impression of it." At that time, this matter was too vile and shook the world. After that, it was as if the murderer had disappeared."

Liang Yuyi was shocked. this purple-haired man looks like he's in his thirties. Did he have the ability to massacre three cities ten years ago?!

"I didn't expect him to be such a brutal person. He deserves to die today!"

karma will always be rewarded. Those who come out to make a living will have to pay sooner or later!

"I wonder where he has been hiding all these years, and why has he suddenly come out?"

"I see that these people are all extremely vicious and evil, and seem to belong to some kind of power."

Everyone started discussing and explaining their own speculations.

"It doesn't matter who they are or what they've experienced," ding Peng said indifferently. What's important is that those who offend the merchant Union should get the consequences they deserve."

Zhu yuezun also couldn't help but nod, and said, "That's the logic."

Everyone's expression changed slightly. They knew that they were using this matter to educate everyone. Many people began to whine in dissatisfaction, but they did not dare to stand up and openly express it.

The purple-haired man in the distance seemed to have gone mad from killing. He was already covered in blood and unrecognizable.

The long sword in his hand also had cracks on it, which was a shocking sight.

“Haha, this is fun! To be able to kill to one’s heart’s content like this before death, this trip to new Yan city was not in vain!”

The purple-haired man laughed out loud, his eyes shining with excitement.

The surrounding people’s eyes were wide with anger, but they were also shocked and extremely vigilant.

The person in front of him was truly excited, and not mad at the brink of death. It was as if he was Born to Kill!

“Cough cough!”

After the purple-haired man laughed, he triggered his injuries and coughed heavily a few times. He spat out a large amount of blood and crushed his internal organs.

“Ha, haha, cough cough cough!”

He was still laughing non-stop. sixth brother, that good-for-nothing, dragged one down before he died. Now, let’s see how many I can drag down.

His laughter suddenly stopped, but his smile became even more demonic.

...

“Not good!”

The people in the surroundings immediately felt that something was wrong. They were all high-level martial Supreme powerhouses. Their instinctive reaction to danger made everyone’s heart tremble.

Especially those who were not from the merchant Union, who were never willing to risk their lives. They immediately retreated.

Only the silver-armored guards had a sharp look in their eyes as they shouted and slashed down with their long swords!

Seven to eight sword shadows streaked across the air.

Following that, a purple light streaked across the sky. The purple-haired man sneered and his body swelled to more than twice its original size. A purple ring condensed in front of his chest and a terrifying aura spread out!

“He’s going to self-destruct! It’s too late, quickly get into formation!”

Bai SU’s expression changed drastically as he hurriedly gave the order. At the same time, he swept his Jade ruler horizontally and a ring of green light shot out.

The silver-armored guards also put away their swords and stood still. The long swords rippled and stacked together, forming a dense sword net.

“All of you will be buried with me! I really want to know how many people I can drag away, I’m looking forward to it!”

The purple-haired man laughed loudly, and his body exploded with a bang!

...

A ferocious force instantly blasted out and hit the sword net!

“Bang Bang Bang!”

All the silver-armored guards were jolted away like beads and shot into the dust. It was unknown whether they were alive or dead.

The vast power of the self-explosion swept out and spun like a vortex, pressing down on Bai SU's Green light of the Jade ruler. It shook him until he was dizzy and kept spitting out blood.

There were a few other martial artists who didn't manage to escape in time and were crushed to pieces on the spot.

The people in the distance were all terrified.

The vortex lasted for a while before it gradually subsided. The ground was also covered with the traces of the vortex, and it became desolate.

"Pfft!"

Bai su spat out another large mouthful of blood. His entire body instantly became extremely weak, and he fell from the sky.

Not far away, Mr. Quan's eyes flickered for a moment, and then dimmed again. He knew that he could not escape this, and his face was full of unwillingness.

your companions have all been killed," Hu mingri said sternly. do you still want to put up a meaningless resistance? " Or do you also want to drag a few down with you?"

"I don't have much interest in killing people," Quan smiled sadly,"unlike these fools, I can't experience the joy of killing."

Ke tongguang's expression was ice-cold as he said,"Who are you people? Who ordered you to do so?"

"If you have the ability, you can investigate it yourself," Mr. Quan said.

After the purple-haired man's death, he had lost all hope. Looking at the various attacks coming at him from the sky, he no longer resisted. Instead, he gathered all his strength at the tip of his finger and pointed it at the void!

"?!"

A terrifying power exploded from his fingertip, causing the entire space to tremble. A black hole the size of a fist appeared.

Everyone frowned and looked a little stunned, but all kinds of swords and knives slashed at his body.

"Swish!"

His chest was even pierced through by Hu mingri's saber!

"Pfft!"

Mr. Quan spat out a mouthful of blood, and his eyes became misty. But he bit his tongue and suddenly became clear-headed.

His fingertip cut backward and actually cut off a part of his finger. Then, he flicked it again!

"Whoosh!"

The finger instantly turned into a ray of light and shot into the black hole. The energy in the black hole kept making "shua shua" sounds, and then it was sealed.

"?! Not good!"

Ke tongguang was shocked. His pupils widened as he exclaimed, "Interspatial ring!"

Everyone trembled. The broken finger had a spatial ring on it, so the divine sword Star Destroyer must be in the ring!

“I don’t like to kill people, but I don’t like to fail missions even more.”

Quan laughed sadly, but his eyes were filled with pride as he said, “Since I failed, I’ll just destroy the mission.”

“Go to hell!”

Hu mingri roared and pulled the saber out of his body. Then, he slashed in the air and cut Mr. Quan into two!

As he had lost too much blood before, he did not spit out any blood after being split in half. He just fell down quietly.

“What do we do?”

Ke tongguang said in shock as he jumped around anxiously.

Now, all the thieves had been killed, but the divine sword Star Destroyer could not be retrieved, and it could be lost in the dark space forever.

“Hmph, don’t worry, Jie Zi is fine.”

Suddenly, a cold voice rang out. Everyone only noticed that the space seemed to tremble slightly, but they could not see the figure.

Hu mingri, ke tongguang, and the rest of the myriad treasures store’s members exclaimed almost at the same time, “elder Chen! His voice was filled with extreme joy.

The voice ignored the crowd and said coldly, "Your Excellency has stolen the fruits of our victory. Don't you want to give us an explanation?"

"Hmph, explanation? What explanation? Is it to kill you?"

An even colder and more vigorous voice rang out.

Chapter 1320 Luan Junhao

haha, what big words. Aren't you afraid of spraining your tongue?"

Elder Chen sneered. The space rippled slightly, and a white-robed old man with a Sage-like appearance appeared.

With his hands behind his back and his eyes shooting out cold stars, he looked like a master who was an outsider, as if he didn't see anything in his eyes.

"Greetings, great elder!"

When Hu mingri and the others saw the old man, they exclaimed and saluted him.

"What? This old man is the ten thousand treasures building's great elder, Chen ZhongXi?" The people in the distance were all shocked and revealed aghast expressions.

"Hmph, Chen ZhongXi. I've heard of your name before, if you don't want to die then get lost!"

The voice was still arrogant and did not change its attitude even after the appearance of the white-robed old man.

Chen ZhongXi's expression immediately darkened. His Sage-like demeanor turned into a cold and fierce aura. Without a word, he stretched out his large hand and grabbed at the void!

The entire sky was like a curtain that was grabbed by his five fingers and then pulled down.

“BOOM!”

With a loud bang, a huge hole was instantly opened!

There was a faint flash of a human figure in the hole, and they felt a powerful aura coming from the sky, pressing down on the earth like a mountain!

Chen ZhongXi’s pupils shrank and he revealed a look of shock. He formed a hand seal in front of him and a golden light bloomed, slapping towards the huge pressure!

“BOOM!”

With a loud bang, all the pressure instantly disappeared.

However, a burly figure had appeared in the sky. His face was gloomy, and his eyes were like those of a dead fish. There was no color in them, but it made people shiver with fear.

Chen ZhongXi furrowed his brows and pondered, “Who are you?”

Hmph! the man snorted coldly. you’re not worthy of knowing my name. If you want to live, get lost!

The heavy “scram” used a sound wave technique, shaking the sky and making it fluctuate.

Chen ZhongXi stretched out his hand and pointed at his face. He said coldly, “Just based on these words, even if you hand over your space ring, you won’t be able to leave today!”

The man frowned and anger flashed across his face.

The two of them stared at each other coldly. Their gazes grew colder and colder, and their killing intent grew heavier and heavier.

Yunxiao, who was hiding in the void in the distance, trembled. He stared at the two men with a solemn look on his face.

“This is going to be troublesome. The divine sword has actually fallen into this person’s hands. Why is he here, and which side does he represent?”

Yunxiao felt a headache coming on. He knew both of them, and they were no strangers to him at all.

Needless to say, although the burly man was not familiar with the great elder of the ten thousand treasures building, he had heard of his name and had fought with him before.

Back then, on the snowfall peak of shenxiao Palace.

Qu Hongyan had invited ten famous Martial Emperor powerhouses to help her kill him, but they were all sent flying by him with one palm.

This man was one of the ten people from that year, Luan Junhao!

Back then, this man had the strength of a peak nine-Star Warrior, and the Ganges palm he cultivated was a great divine ability that once dominated the world. It was a fool’s dream for Yunxiao to take back the divine sword with his current strength!

On a plain a thousand miles away, the bronze mirror had grown to a height of fifty feet and was now standing in front of han Junting.

The plain was vast, and as far as the eye could see, only she and grandma sunflower were there.

Han Junting's eyes narrowed and she said slowly, "Chen ZhongXi actually came out of seclusion at this time. I miscalculated. This is going to be a bit troublesome.

Grandma sunflower was unconcerned and asked, "what's the trouble?" With Luan Junhao's strength, even if he can't win, he should be able to escape, right?"

"With Luan Junhao's status, he would never run away," Han Junting said. Moreover, even if he really did escape, as long as Chen ZhongXi is determined, he might not be able to escape." She began to have a headache.

Grandma sunflower was stunned, "what should we do?" When the two people fought, it was bound to be heaven-shattering and earth-shattering, and the myriad Treasure Tower had the advantage in numbers, so they were bound to win in the end. It's not like we can help."

Han Junting smiled wryly. Luan Junhao was hit by Gu Feiyang in Shenxiao Palace. Not only was he seriously injured, but his heart of martial arts was also on the verge of collapse. He only managed to keep his cultivation level going because of the immortal elixir of Shenxiao Palace. It's only been in recent years that his cultivation level has begun to stabilize. Otherwise, with his talent and 20 years of hard work, how could Chen ZhongXi be his match? Right now, I'm afraid the two of them are on the same level, and it's difficult to determine the winner in a short time."

Grandma sunflower also became worried and said, "Then what do we do?"

"We'll just wait and see." Han Junting smiled bitterly. If the two of them really made a move, it would result in both of them being severely injured. In that case, we'll have to take the sword ourselves. As long as the disguise was good and not seen through on the spot, it would be fine. Even if they have their suspicions, they can't do anything to us without evidence."

Thousands of miles away, Chen ZhongXi and Luan Junhao were confronting each other. The atmosphere was extremely serious and tense.

Hu Mingri and the others were also shocked and retreated to the distance.

No one dared to stay within ten miles of the two.

Chen ZhongXi stared at Luan Junhao for a while, and there was doubt between his brows. He said, "Who are you? This old master sees that you look somewhat familiar, but I still can't remember."

Luan Junhao said coldly, "I haven't been in the mainland for more than twenty years. Have I been forgotten?" If you had dared to point at me like this twenty years ago, you would have been a pile of broken corpses by now!"

"20 years ago, Xuanji."

Chen ZhongXi slowly recalled. Suddenly, his body trembled, and his eyes were filled with shock. "Luan Junhao! You're Luan Junhao!"

"Hehe, it seems like you're not completely stupid!"

Luan Junhao licked his lips and revealed a cold and ferocious expression.

Chen ZhongXi's heart trembled. The person in front of him was extremely famous 20 years ago. In the entire North Region, or even the entire world, it could be said that there was no one who did not know him.

It was just that he had suddenly disappeared all these years, as if he had completely fallen.

When the crowd in the distance heard this name, many of them were shocked and overwhelmed with inexplicable shock.

There were also many rumors about him. Some said that he was too arrogant and was secretly killed by a sect leader. Some said that he had hidden away to cultivate some kind of divine ability.

...

Now that he was standing in front of him in perfect condition, coupled with his surging aura that was not weaker than his own, he could not sense the other party's strength at all. Chen ZhongXi's heart instantly sank.

It was obviously the latter. This person had been hiding and cultivating for the past twenty years.

When he was at the peak of his fame, he was already a peak nine-star expert. At that time, he had just entered the intermediate nine-star level. They were on completely different levels.

Chen ZhongXi was completely confused.

Back then, Gu Feiyang defeated ten nine-star martial sovereigns with one move in the divine cloud Palace, shocking the world.

However, no one knew who the ten nine-stars Martial Emperor powerhouses were. Only a few people knew the inside story.

retreat! Luan Junhao shouted in a deep voice. since you've recognized my identity, why don't you quickly retreat!

Chen ZhongXi's face was ashen. He gritted his teeth and said, "Your Excellency is also a well-known top master, how could you do such a shameless thing!"

Luan Junhao's face darkened, and he said coldly, "Chen ZhongXi, be careful with what you say! What was shameless? Does this space ring belong to you? I took it out from the black hole in the void, what does it have to do with you?"

"This bi an ..."

Chen ZhongXi was also stunned for a moment. He immediately felt that they were in deep trouble.

...

That's right, he wasn't the one who snatched the thing. Now, not only was he at a disadvantage in strength, but even his morality was somewhat unstable.

Humph, the myriad Treasure Tower can also be considered a reputable merchant Association. Could it be that I have to give you all the things I picked up from the void? "

Luan Junhao sneered as he turned around and left. With one step, he disappeared into the sky.

"Don't leave!"

die! Chen ZhongXi roared. His face was filled with anger. If they lost the Excalibur today, the prestige of the entire ten thousand treasures store would plummet.

Even if he had to risk his life, he must retrieve the divine sword!

He condensed Yuan with one palm and his figure flickered. He appeared a few hundred feet in front of him and slammed it into the void!

"Bang!"

The void was directly blown apart, and the entire sky cracked open!

"You're looking for death!"

Luan Junhao's voice rang out, and a surge of power rippled out. A red fire Pearl appeared around the shattered Void.

Countless fire runes flickered on the bead and it suddenly shot towards Chen ZhongXi.

Chen ZhongXi didn't dare to be careless. He grabbed at the air and a layer of mist-like light appeared in his hand. He threw it forward.

The light dispersed and turned into a thin net of clouds and mist, covering the bead and sucking it in.

Luan Junhao's face darkened. He formed a seal with one hand and roared.

The fire bead immediately burst into flames with a bang, and the entire cloud and smoke net was set ablaze. A fire Dragon rushed out from the bead, baring its fangs and brandishing its claws as it passed through the light net and bit at Chen ZhongXi.

Chen ZhongXi was shocked, but he did not panic. His hands formed a Tai Chi and he performed a Dragon-capturing technique.

His five fingers formed a claw, and he elegantly took a step forward, directly grabbing the neck of the fire Drake. His other hand was like fishing the moon in the sea, and he stretched out two fingers to touch the tail of the fire Drake.

At this point, the entire Fire Drake was in his hand. He kept shaking it, but it could not break free.

Luan Junhao's eyes were filled with shock. This Pearl of his was the inner core of a ninth-rank Fire Drake, and it contained the complete spirit of the fire Drake. Its power was not below that of an ordinary ninth-rank demonic beast. He had just thrown it out, and it had been captured by the other party.

His expression turned cold and he decisively changed his hand seal, shouting, "Explode!"

Chen ZhongXi's expression changed drastically. He didn't expect the other party to give up on such a precious treasure just like that and throw it into the distance.

However, before the fire Drake could attack, it turned into pure flames with a whoosh and exploded!

"BOOM!"

Half of the sky had turned into a sea of fire, and Chen ZhongXi's entire body was burning with Scarlet flames.

The flame was a level nine demonic flame, and it continuously burned away Chen ZhongXi's Emperor Qi. He quickly made hand seals, and the light net of clouds and smoke in front of him flew back, turning into a thin layer of cloud and mist that fell.

A five-colored ring of light was emitted from the cloud and mist. It flew around Chen ZhongXi and covered him.

The flames all over his body were instantly driven away by the clouds and mist. The light net spread out at the same time, turning into a round ball that wrapped around Chen ZhongXi, isolating him from the sea of fire.

primordial unity five smoke gauze! Luan Junhao's expression changed.

"That's the treasure," Chen ZhongXi nodded.

His white robe had many large holes burned through it, and half of his hair and beard were gone, making him look a little disheveled.

However, his eyes were still cold and bright.
