

The Eternal 1321

Chapter 1321

1321 Great palm of Ganges

This was because Chen ZhongXi realized that the other party's strength was not as terrifying as he had imagined. His confidence instantly increased greatly.

Luan Junhao's face became gloomy and twisted. In the past, he was just an ant in front of him. Now, he could actually fight to a draw with him!

His heart was filled with pain.

Back then, he had been injured by Gu Feiyang's palm on the snowfall peak in shenxiao Palace. It was not a serious injury. However, that palm had not only injured his body, but also his self-confidence and self-esteem. His heart of martial arts was on the verge of collapse.

"Save me, save me! Palace Master!!!"

"Palace Lord, these ten people are all dead."

"Treat their injuries and let them go."

"Yes! However, this person's Origin Energy is in a mess and his meridians are tangled. He's already in Qi deviation. Even if he survives, he'll probably be a cripple."

"A cripple? No, no, I don't want to become a cripple. Palace Master, please save me. As long as you can save me, I'll do anything!"

"Your heart of martial arts has already collapsed, and you need an immortal pill to stabilize it. Even so, it all depends on your luck. The price to save you is too great."

please, I beg you, Palace Master, please save me. As long as I don't become a cripple, I'm willing to be loyal to the divine cloud Palace's Lao Ai forever.

When her thoughts returned, the past had already become smoke and clouds.

That greatest enemy had also fallen in the tiandang mountains. Luan Junhao felt a sense of loss.

After his cultivation was restored, the first thing he did was to find the other nine people who had participated in the battle of shenxiao Palace and kill them all!

Because he wanted to erase his past, erase his humiliating past!

Luan Junhao regained his senses and looked at the former ant in front of him. He said coldly, "Do you think that you can compete with me just because you are also peak nine-stars? How childish!"

As soon as he finished speaking, the sleeves on his body flapped, and streams of origin power shot out like a strong wind, turning the world gray.

In the sky, a yellow sand-like cloud layer surged and changed its shape in the sky. It was either a Dragon or a Phoenix, and in the end, it condensed into a huge hand.

There were countless palm patterns on his palm that rippled like water, dazzling the eyes.

After the giant hand condensed, it slowly descended from the clouds.

The yuan power in the area became frighteningly restless, and everyone felt unusually suppressed. Even though they were ten miles away, they still felt a wave of discomfort.

Many people flew up and retreated several miles away again, afraid that they would be affected.

Chen ZhongXi's eyes were wide with anger. He suddenly opened his hands to the left and right, and the Taiyi five elements smoke net suddenly straightened.

It turned into a huge circle with a radius of a few hundred feet. The essence force inside was surging, and countless runes were surging around the round ball.

"Ignorance is fearlessness!"

Luan Junhao sneered and formed a seal with both hands. The huge hand in the sky suddenly surged with boundless yellow light, illuminating the world.

"Great Ganges palm imprint, crush him!"

die! a loud shout was heard, and a golden light flashed in Luan Junhao's hand.

The countless palm patterns in the palm in the sky gathered and formed an eternal river that transcended time and space. It was as if time was silent and it had stood eternally in the world since ancient times.

"Boom boom boom!"

The palm fell, and the world collapsed wherever the palm wind passed!

Chen ZhongXi's face was flushed red. Rays of green light flew out from his body and gathered around him without dissipating.

He suddenly clapped his palms in front of him, and a vast power rippled out from his palms. The entire round ball let out a buzzing sound!

The Taiyi five elements Yanluo seemed to have been activated to the extreme, and it kept bursting out a dazzling light.

A suit of armor slowly formed around Chen ZhongXi. The armor was formed from illusory light and continuously transformed into a human. In the end, it grew into a giant green spirit that was 30 meters tall.

The veins on Chen ZhongXi's forehead were bulging. It was obvious that he was also going all out.

He clenched his hands in the air, one at the front and one at the back.

Bolts of lightning crackled between his hands.

As for the Green Giant spirit, it raised its hand and a pitch-black spear appeared between its two hands. The spear was filled with spiral-shaped green patterns and a terrifying weapon essence was released!

Chen ZhongXi roared, his face contorted into a ball, and the blood vessels in his body expanded to the extreme!

"Earth fiend Shadow Armor spear!"

The black War spear rippled in the air and suddenly stabbed out!

The spear pattern expanded and charged at the primordial five elements smoke net barrier, welcoming the great Ganges palm print!

"Bang!"

The two terrifying forces squeezed together, instantly turning the world upside down and shattering mountains and rivers!

The people in the distance felt a mighty force pouncing on their faces. Many people were directly sent flying and vomited blood on the spot.

Even a master like Hu mingri was shocked and showed extreme fear.

The ultimate battle between the two peak nine-stars Martial Emperor powerhouses caused the sky to fall and the earth to crack, and the sun and moon to lose their light!

Yunxiao, who was hiding in the void, also felt his chest being unusually stuffy, as if a huge rock was pressing down on him, and he could not breathe.

His expression was grave as he looked towards the two ultimate moves.

At this moment, he was completely gone, and there was only a blinding Aurora.

There was no distinction between superior and inferior, no distinction between life and death.

Under the gaze of the moon eye, the two forces were still in a stalemate within the Aurora of the strange phenomenon.

...

The so-called blinding auroras were the spiritual pressure from the confrontation between the two ultimate moves, which exploded into countless photons and shot out.

On the plain thousands of miles away, the octagonal copper mirror trembled violently. The light on the mirror surface was like autumn rain falling into a pool, and the water in the pool was wrinkled.

Han Junting's expression changed slightly. She cast an incantation into the mirror. The mirror light stabilized for a moment, then with a bang, the incantation was shattered and the mirror became chaotic again.

"Is this the power of a peak nine-star?" han Junting's eyes widened.

She looked into the distance in shock. There seemed to be dark clouds in the distant sky.

Grandma sunflower's expression was also grave as she said, "this place is a thousand miles away, but I can still feel the yuan power fluctuations that are spreading over. This kind of power is too terrifying!

"Bang!"

The octagonal copper mirror let out an explosive sound, and the ripples on it disappeared. The mirror light was also extinguished.

Han Junting was shocked. She waved her hand and grabbed the mirror. After checking it carefully, she put it away.

Grandma sunflower said, "the mirror couldn't withstand the power of the fluctuation. It disappeared on its own. Should we go and take a look?"

Han Junting shook her head and said, "we'll only cause more trouble if we go there. Let's just wait here." I believe that he will most likely be able to return."

...

After she finished speaking, she sat cross-legged in the air and began to meditate and cultivate.

After Chen ZhongXi and Luan Junhao's ultimate moves clashed for a while, they finally began to crack.

The cracks on the sphere formed by the sand-like hand and the Taiyi five elements Yanluo became wider and wider, and more and more dense. Finally, they shattered!

"BOOM!"

A destructive power spread out in all directions, and the entire world fell into darkness!

The light of the impact, which only had two forces left, poured into the endless dark sky!

The people in the distance felt the huge force pressing down on them again. The few people who were seriously injured before were knocked unconscious on the spot. Their bodies involuntarily flew up and fell far away.

Yunxiao sucked in a cold breath in the void as well, and in a flash, he had traveled a hundred miles in an instant.

Terrifying elemental energy fluctuations spread out in all directions, and no one noticed his actions at all.

He stood alone in the distance, his eyes turning into the color of the moon. He carefully observed the center of the soaring energy, and joy flashed in his eyes.

This earth-shaking power, even if the two of them had extraordinary strength, they would still be seriously injured.

The best situation would be for both sides to suffer heavy losses, so that he could fish in troubled waters.

From the center of the explosion, a ray of green light suddenly shot out and instantly flew in front of the people of the ten thousand treasures building.

It was Chen ZhongXi. His face was deathly pale and his eyes were wide open. He spat out a large mouthful of blood on the spot!

“Great elder!” Everyone in the myriad Treasure Tower was taken aback, and a few people hurriedly went forward to support him.

Chen ZhongXi pushed ke tongguang’s hand away and shouted with all his might, “Chase! Hurry up! He’s escaped, don’t let him escape!”

Chen Zhongxi seemed to have used all his strength to say these words. He spat out a mouthful of blood and fainted on the spot.

Hu mingri was shocked, he shouted hurriedly, "Da Xi Yu, you take care of the great elder! The rest of you, follow me!"

Everyone in the ten thousand treasures building looked at each other, unable to move their feet at all.

Li Feiyu immediately understood everyone's thoughts and said in a deep voice, "That person's strength is on par with the great elder's. If the great elder is injured to this extent, that person must not be in a good state. Any Martial Emperor could easily get the divine sword back!"

"That's right!"

"Whoever disobeys will be punished according to the sect rules!" Hu mingri said seriously. His eyes flashed with a sharp look.

Only then did everyone's spirits lift. All of them rushed into the sky and turned into dozens of light rays before flying away.

Yunxiao's eyes narrowed in the distance, as if he had discovered something.

He pondered for a moment and teleported away. With a few flashes, he disappeared into the night.

A few hundred miles away, there was a desolate mountain range.

A few demonic beasts that had been sleeping in the mountains suddenly woke up. Their eyes widened and their hair stood on end.

As if he had encountered something terrifying, his entire body began to tremble.

“Owwuuu!”

The few powerful demonic beasts let out a long hiss in fear and instantly turned into a stream of light to escape, not even caring about their old nest.

“Si si!”

A few flames suddenly appeared in the barren mountain, illuminating the top of the mountain.

The flames spread out in a circle, and the space within them began to shake violently under the light of the flames, becoming extremely unstable.

A pale and powerful hand suddenly reached out from the void, followed by an entire arm, half a body, and finally a complete person.

It was Luan Junhao. However, he was covered in blood at the moment. Even his eyes were bleeding. His injuries were extremely serious.

His face was extremely gloomy. He looked around and slowly landed on the mountain. He took out a few medicinal pills and swallowed them.

“Cough, cough cough!”

The moment he swallowed the elixir, his injuries were aggravated and he coughed out a few large mouthfuls of blood.

“Ten thousand treasures tower! I’m definitely going to get back at him!”

Luan Junhao gritted his teeth and made a vow. Then, with a wave of his hand, he extinguished the flames and hid in the dark forest to regulate his breathing.

Chapter 1322-scheme

Thousands of miles high in the sky, Yunxiao looked down at Luan Junhao silently. He used to be a hero of his generation, but now he was in such a miserable state.

Time was like a butcher's knife, withering many heroes.

He sighed with emotion and formed a hand seal with both hands, striking out a seal in the air.

The seal flashed and turned into a boundless golden light. It suddenly enlarged in the air like a lotus blooming.

A beam of light shot down from the lotus flower, illuminating the entire mountain range where Luan Junhao was.

"Who is it?" Luan Junhao was shocked.

His eyes were like Lightning in the Dark night. He looked sharply at the sky, but all he could see was a dark night. Other than the huge lotus flower, there was no other figure.

At the same time, he was so angry that he almost spat out a mouthful of blood.

There was a huge light screen on the lotus flower, which clearly projected him and the surrounding environment.

He was just short of writing "Luan Junhao is here" directly!

"Over there! It's over there!"

From the distance came the cries of martial artists. In an instant, countless lights appeared on the horizon, and dozens of powerful auras crossed the sky.

who is scheming against me?!

Luan Junhao's face was livid, and his injuries, which had just recovered a little, worsened even more. His eyes were full of murderous intent!

However, in just a few breaths 'time, the sky was filled with dozens of martial artists, including many who came to watch the fun.

The experts of myriad treasures store and the silver-armored guards slowly descended from the sky. Each of them had cold eyes, but most of them were cautious.

Everyone knew how dangerous the person in front of them was, so they didn't dare to get too close.

Even when he was at the end of his rope, it was still extremely dangerous.

"Lord Luan, you're also a powerful expert who once commanded the world. Why do you have to make things difficult for us? As long as you hand over the Excalibur, we will immediately turn around and leave!" Hu mingri said seriously.

Luan Junhao snorted heavily and said, "if I wanted to take it out, I would have done so earlier. It's impossible now. If you're not afraid of death, come over!"

His shout scared everyone so much that they took a step back.

"Haha, is the myriad Treasure Tower all like this?" Luan Junhao's face was full of sarcasm.

Huring gave the people around him a look and said coldly, "Since Your Excellency is so stubborn, we'll have to experience it!"

"Whoosh!"

His saber flew out, and he suddenly held it in his hand, slashing down!

In an instant, countless saber shadows crisscrossed, densely connected together, like a net of sabers.

At the same time, the rest of the people also made their moves.

The green jade ruler in Bai SU's hand expanded to a hundred feet in size in the air. Like a beam of moonlight, it shot out from a distance.

On the other hand, a sword radiance flashed on ke tongguang's body, and three giant swords appeared. They formed a simple three talents sword array and slashed out in succession.

The silver-armored guards also raised their swords and formed a formation. Countless silver sword talismans surged up, spinning in the air and slashing down towards the center.

Everyone worked together, and all kinds of light illuminated the world.

The entire mountaintop couldn't withstand such power at all, and more than half of it directly collapsed with a bang.

Luan Junhao's entire body also landed, but his expression was not what he should have been looking at, and he appeared unusually calm.

His eyes, which were filled with killing intent, suddenly became bright and cold.

Hu mingri caught a glimpse of his eyes and he was shocked. He shouted, " "Not good! Be careful!"

"Hmph! A group of ants dares to have ideas about this Lord!"

The aura on Luan Junhao's body rose to the peak of nine-star instantly!

A surge of majestic power surged out. Just the boundary formed by the condensation of essence energy blocked everyone's moves!

how is this possible?!

Ke tongguang's face twisted as he exclaimed in shock, "How can you still have such great power?"

Bai Ling suddenly gritted her teeth and said, "everyone, let's go all out!" It's impossible for him to still have his peak strength. Otherwise, why would he need to escape? he must have activated some kind of potential!"

Hu mingri's eyes glinted as he said, "Well said! As long as he can survive this, he will die!"

The rest of the ten thousand treasures building's people were also greatly shocked. They attacked with all their might, and the force pressing on the air barrier increased by a few points!

"My friends in the sky, please lend us a helping hand! We will reward you handsomely!" Li Feiyu shouted.

The people in the sky looked at each other, but no one was willing to make a move.

Because no one was stupid.

"Hmph, the prerequisite is that you can survive!"

die! Luan Junhao roared and formed a seal with both hands in front of him. Instantly, thousands of rays of light surged out from his body, and a power that could destroy the world burst out!

"Sun corrosion wave, explode!"

Luan Junhao's expression was cold as his thin lips moved slightly.

The people of the ten thousand treasures tower were all shocked, and a chill rushed up from their hearts. The power they had blasted out was crushed like rotten wood.

“Bang! Bang! Bang! Bang!”

All the lights and profound level weapons were knocked away.

...

Everyone was unable to move under the pressure of that mighty force, and they could only watch as the force crushed over!

“BOOM!”

The entire mountain range was filled with light, and the people of the myriad Treasure Tower were completely annihilated.

The cultivators who were watching the show in the sky retreated in horror.

The three experts of ten thousand treasures tower were the first to bear the brunt. Their weapons were all sent flying, and the huge force rushed into their bodies. Bai kui and ke tongguang's internal organs were directly shattered, and their bodies turned into ashes.

The armor on Hu mingri's body also shattered. He roared madly and blood flowed out of his seven holes, but he still stood in front of them!

The silver-armored guards were smashed into pieces. All their armors exploded, and more people died from the shock.

Li Feiyu, who was standing quite a distance away, was also spurting out a large mouthful of blood. His face turned pale and his entire body instantly withered.

That pair of unreconciled eyes slowly closed, and he directly fell from the sky.

Among the spectators in the sky, Chen Feng furrowed his brows and finally moved.

In the next instant, he appeared below and grabbed the unconscious Li Feiyu.

...

huh?!

After Luan Junhao's attack, the origin power on his body surged, and the space around him twisted and rotated. He was stunned as he stared at Chen Feng.

Chen Feng suddenly felt as if he had been locked on by a Wolf. He was so frightened that he roared, "run! He threw out a few escape talismans in the air.

The space slightly shook, and his and Li Feiyu's figures blurred. In the next moment, they appeared several hundred meters away.

Liang Yuyi also turned into a ray of light and chased after him. She held her long sword in the sky and was extremely vigilant.

After a while, Chen Feng and Liang Yuyi finally heaved a sigh of relief. They turned around and did not dare to stay any longer, immediately fleeing.

"Hmph!"

Hmph! Luan Junhao snorted coldly. He swept his gaze across the sky and looked at the spectators.

“?!”

Everyone trembled in fear, and after a few shouts, they fled for their lives.

The whole world became quiet in a split second.

In just a few moments, the entire mountain range had been completely changed beyond recognition. An extremely terrifying deep pit had appeared, and the entire mountain range that extended for thousands of miles had been destroyed!

Luan Junhao did not relax. Instead, he looked into the sky and said coldly, “Who was the one who schemed against me just now? come out!”

The sky was silent, and there was no response.

Luan Junhao’s face was full of anger as he shouted, “you have the guts to scheme against me. Don’t you have the guts to meet people?! Coward!”

He shouted a few times and cursed a few times, but he still didn’t get any response.

He knew that the person was hiding very deeply and would not be provoked out. He stomped his foot fiercely and said angrily, “Don’t let me find out who you are!” He turned into a ray of light and was about to escape.

“BOOM!”

Suddenly, the sky trembled, and a dazzling green ring of lightning appeared. It suddenly grew larger, covering the sky, and pressed down on Luan Junhao!

“Hmph, rat!”

f * ck! Luan Junhao cursed.

However, his pupils shrank as he watched the ring of Thunder stars descend. He didn't dare to be careless and hurriedly raised his hand, sending a palm wind over!

“BOOM!”

The lightning Star Ring suddenly exploded under his attack, turning into endless lightning that streaked across the sky. A few extremely thick lightning bolts were like heavenly Dragons that surged over!

“Damn it!”

Luan Junhao was shocked. He reached out and grabbed in the air. The space was instantly pulled into shapeless shapes, like a piece of cloth being kneaded in his hand.

A ray of green light appeared in his palm, and he pushed it forward.

“Boom boom boom!”

A spatial storm immediately swirled out, drawing in the infinite power of Thunder and scattering it in all directions.

“Who is it? Come out!”

Luan Junhao's face was extremely gloomy. Although they had only exchanged one move, he already knew that the newcomer was not simple!

“Sir is indeed a peak expert, to actually be able to hold on until now.”

An indifferent voice rang out not far away. As the space trembled, Yunxiao's figure slowly appeared.

As soon as Luan Junhao saw this person, he was shocked by his youth. At the same time, a strange feeling welled up in his heart, as if he knew the person in front of him.

He couldn't help but be shocked, "Who are you?" Have we ever met?"

When he asked this, even he himself felt strange. He had clearly just come out of seclusion not long ago and had definitely not seen this person before.

why do we need to know each other when we meet?" Yunxiao said. As for my name, you don't need to know it. You can just hand over the star Destroyer."

"Haha, what big words!"

Luan Junhao was so angry that he laughed. where did this brat come from? you want to snatch my things? call your family's adults over!

Yunxiao raised his eyes and looked at him quietly as he said, " "Lord Luan, there's no need to pretend. In your current condition, it's impossible for you to escape from me. Which is more important, your life or your sword? I believe that Daren is a smart person."

Luan Junhao's body trembled as he shouted angrily, " what nonsense are you spouting?!

However, he felt a chill in his heart, because the other party's eyes, which were as clear as lake water, gave him a bad feeling.

in the battle with Chen ZhongXi, " Yunxiao said, " at the last critical moment, Your Excellency used a doppelganger talisman to take a lot of the impact on your behalf. That's why you have the opportunity to kill the people of the myriad treasures store here."

He turned his gaze and looked down at Hui mingri, who was still standing in the sky. He could not help but sigh.

Hu mingri had already lost his life, relying on his Dao energy and martial intent to keep himself standing.

Chapter 1323

1323 Dedicated

you have saved more power than I expected. Otherwise, I wouldn't have watched them die.

Yunxiao said with a sigh, and a trace of self-blame flashed in his eyes.

"Hmph, stop being so hypocritical! Weren't you the one who caused these people's deaths? Is it fun to cry like this?" Luan Junhao flicked his sleeves and laughed coldly in disdain.

you really know how to talk nonsense, " Yunxiao said in surprise. heaven and earth can bear witness to this. You were the one who killed them just now, and yet you can blame it on me. I don't think you're cultivating the great Ganges palm, but the great face of the Ganges."

"If you didn't lure them here, would they have died?" Luan Junhao scoffed.

Yunxiao sneered. I'm afraid you've been planning to lure them here and kill them all this time, Sir. he said. I'm afraid you've already planned this. I didn't think of this before and thought that you were seriously injured and had hidden to heal. Now, it seemed that he had completely prepared to ambush them. I'm just pushing things forward. However, how much peak nine-star power do you have left at this moment? By my estimation, even if I were to use my full strength again, it would be at most an intermediate nine-star power."

Luan Junhao's heart trembled. The other party's estimation was not wrong at all. However, he still looked calm and sneered, " you can try. But even if it's an intermediate nine-Star attack, can you withstand it? "

how do you know if you don't try? " Yunxiao said. I'll try.

Luan Junhao's face darkened, and he said ferociously, " "Brat, do you really want to die?"

the more nonsense you talk, the more confident I am, " Yunxiao said with a faint smile.

"You're courting death!"

die! Luan Junhao shouted angrily. He put two fingers together and formed a seal in the air!

A circle of yellow light retreated from the two sides of the incantation seal. The incantation seal burst out with sharp Starlight, and the space with him as the center suddenly collapsed with a bang!

Luan Junhao's feet seemed to be stepping on a black hole, reflecting his ashen face.

A terrifying power surged in the black hole. Under the starlight, the seal split into two, two into three, and all of a sudden, it gave birth to nine seals that shone with golden light!

As soon as the nine seals were released, Luan Junhao's murderous aura soared to the sky, and his robe fluttered in the light of the seals.

As if he was a judge, he made a seal with his hand and shouted, " "Sacrifice your life for your ignorance! Sun corrosion wave-nine seals!"

The nine Golden Seals trembled slightly and released countless energy ripples at the same time. They spread out in the air like dense spider webs.

The power of the ripples was like hundreds of rivers flowing into the sea. They could clearly be seen gathering in his hands and condensing into a point!

“Bang!”

Luan Junhao swung his arm and suddenly blasted the power of the Ji seal out!

“BOOM!”

The entire dark sky was blasted open, and the vast universe instantly expanded under this vast power.

Golden vortexes spread out crazily and rushed toward Yunxiao!

“What?”

Yunxiao’s face changed drastically as he said in horror, “This power is so strong!”

He didn’t have time to think carefully. His body suddenly turned into lightning and expanded. His round green face was filled with anger as he grabbed the hammer and smashed down!

“BOOM!”

Wherever the hammer hit, a ray of green light seemed to be flattened, shooting out countless Thunder patterns and instantly turning into a ring of Thunder stars that burst open!

“BOOM!”

The ring of lightning stars instantly expanded to several acres in size, sweeping across the sky and crashing into the layers of golden vortexes!

“BOOM!”

“What?”

Yunxiao’s body trembled, and the Azure Thunderbolts that filled the sky shattered with a loud bang, turning into lightning bolts and disappearing into the dark night.

Although the Golden ripples had become much dimmer, they continued to spread without any reduction in power, covering the entire sky in an instant.

“Pfft!”

Under the impact of the golden light, Yunxiao coughed up a mouthful of blood, and his aura became extremely weak.

He didn’t dare to stay any longer, turning into a bolt of lightning and fleeing.

Luan Junhao’s face darkened. He wanted to attack again, but a sharp pain came from his body, and the serious injuries in his body were pulled out.

He grunted and could only watch as the other party escaped.

At this moment, a strange light suddenly appeared in the dark night ahead.

The light flashed and disappeared like a meteor in the night sky. When it brightened again, it was directly above Yunxiao.

If one looked carefully, they would find that the shooting star was actually a sharp and fierce sword beam, which slashed at Yunxiao with the momentum of sweeping away thousands of soldiers!

“Ah? Don’t!”

Yunxiao's face was filled with horror as he let out a long and shrill howl. He wanted to stop the sword Qi, but it was too late.

"Swish!"

The sword Qi broke through his protective Emperor Qi and instantly cut him in half!

Blood splattered all over the sky. Yunxiao's eyes were filled with disbelief and despair as he slowly fell from the sky.

Luan Xinghao, who was watching from a distance, was shocked. He had a bad feeling. In this endless night, God knows how many experts were hidden!

"Who is it?" he shouted in anger. Come out!"

His powerful voice spread out, but there was no echo. It seemed empty and powerless, just like his current state, strong on the outside but weak on the inside.

"Ha, haha! I didn't expect to get rid of that guy so easily, haha!"

As if not hearing Luan Junhao's angry shout, a voice in the sky laughed out loud.

...

A talisman appeared out of thin air and burst into flames with a bang.

The space around them trembled slightly, and two young faces were revealed. They were Qin Chuan and Zhou Chu.

Luan Junhao's entire body trembled, and he revealed a look of disbelief.

The two men in front of him were just like the man who had just been killed. They were both very young, but their strength was extremely extraordinary.

"What's going on? Had the heavenly martial arts realm changed? How come every single one of the younger generation has such terrifying strength?"

When he thought of Han Junting, he could not calm down. The age and strength of these juniors did not match!

could it be that some kind of extremely powerful secret cultivation technique has appeared in recent years?"

While he was lost in his thoughts, Zhou Chu burst into laughter.

I told you," he said smugly. that kid is just an undeserved name. Killing him is easy!

Qin Chuan frowned as he looked at the place where Yunxiao was killed. He sniffed a few times, and there was still a faint smell of blood.

"Although it seems reasonable, I still feel that something is wrong," he said with a strange expression.

...

"Wrong? What's wrong with that?"

"That kid was injured by Luan Junhao and fled in a panic. I managed to sneak an attack on him," Zhou Chu said disapprovingly. It would have been wrong if he had been able to escape from that situation just now."

killing two birds with one stone! he grinned hideously. not only did I take care of that idiot, but I could also get the star Destroyer sword!

Luan Xinghao's face darkened and he became extremely vigilant. His eyes were full of fear.

At this moment, he was really like a lamp without oil. Any one of the two men in front of him gave him a feeling that it was difficult to win.

At the peak of martial arts, his intuition could not be wrong.

The atmosphere in the sky suddenly became heavy. An invisible force field between the three of them made the environment abnormally oppressive.

Suddenly, Qin Chuan was shocked and shouted, " "Not good!"

With a shake of his hand, an Azure light flashed and turned out to be a treasured sword. The sky was filled with sword shadows like a treasured umbrella. With a whoosh, it opened up and covered Zhou Chu!

"What are you doing?"

Zhou Chu was shocked. Just as he was about to ask what was going on, an extremely sharp sword energy broke through Qin Chuan's sword energy barrier and stabbed at his chest!

"?!"

A boundless chill rose from the bottom of his heart, and he instantly felt as if he had fallen into an ice cave. For the first time in his life, he smelled the danger of death!

"BOOM!"

A blazing light suddenly burst out from his dantian, and countless dazzling scales suddenly emerged on Zhou Chu's skin.

"Bang!"

When the sword Qi hit the scale armor, it immediately shattered into countless crystal-clear particles. They shone in the dark night and were almost the same size, like pearls.

Fresh blood immediately seeped out of the broken piece of scale armor.

"Pfft!"

Zhou Chu groaned and spat out a mouthful of blood. His eyes were filled with shock.

"Eh, Cangwu Qiong's night scales treasure robe is on you. Tsk, tsk, you can live a little longer now."

A bleak figure slowly emerged in the dark night.

With a cold face, Yunxiao walked out of the darkness, his eyes shooting out cold stars.

The cold sword in his hand glowed like flowing water, like a bright light in the dark night.

"Y-you,

Zhou Chu! two words came out of his throat, and then he was speechless. The sword Qi had directly injured his main meridians, and there was endless coldness spreading through his body. He felt cold all over.

Luan Junhao, who was in the distance, was also shocked. He revealed a look of disbelief and said in shock, "you're not dead?!"

Qin Chuan's face turned extremely ugly.

The power of the sword just now was almost unpredictable. Not only did it penetrate his sword Qi barrier, but it couldn't even cut through the night scale treasured clothing!

He said coldly, "not only did he not die, he wasn't even injured!" The previous losses, injuries, and escape were all an act!"

this, no, impossible!!

Luan Xinghao was completely stunned.

Qin Chuan stared at Yunxiao and said coldly, "I have to say, you're a good actor, your acting skills are really good!"

Yunxiao chuckled and said, "Ever since I met yang Tianhao, I've been feeling that something's not right. It's as if someone is following us, but I can't detect it. There was no basis for that feeling, it was just an instinctive action. You must know that there aren't many people in the world who can escape the detection of my spiritual sense. So you're using invisibility talismans. Tsk tsk, how extravagant."

"So you beat him at his own game and pretended to be no match for Luan Xinghao. You even spat out a mouthful of blood and screamed in such a realistic way."

haha! Yunxiao laughed. I rarely vomit blood. I'm afraid I'm not acting well. That's why I didn't use my full strength when I was facing Luan Xinghao's nine seals. I let a part of the power enter my body, which forced me to spit out a mouthful of blood. I'm really injured. Hehe, I guess you're dedicated to your work?"

"Hmph! For the sake of acting, you've really put in a lot of effort!"

Qin Chuan snorted heavily. In a flash, he appeared in front of Zhou Chu and began to carefully examine his injuries.

Chapter 1324-great gan sword technique

Luan Junhao was completely petrified. His mind was completely blank, and he could not think at all.

Although the nine seals just now only exerted the power of an intermediate nine-star martial sovereign, the move itself was extremely powerful and overbearing. Even if an intermediate nine-star martial sovereign were to come in person, he might not dare to take it head-on.

Not only did this young man take the attack head-on, but he also took the initiative to draw the seal light into his body and was injured!

This Kasaya

Were all the young people nowadays so arrogant and unruly?

Not only had he recovered from his previous injuries, but he had also improved by another step. That was why he was able to leave with ease, even though he had the upper hand in the battle with Chen ZhongXi. He could have gone straight to Han Junting, but he was too conceited to wait for the pursuers to catch up with him. He did not expect such a powerful person to be hiding in the dark!

Luan Junhao's feelings were even more complicated than a mix of emotions.

Qin Chuan made Zhou Chu swallow a few pills to stabilize his injuries.

Zhou Chu's body was filled with a burning energy. It dissolved the pill and slowly repaired his broken meridians.

Purple Heart spirit stabilizing pill? " Yunxiao sneered. tsk, tsk! You can be willful when you're rich. For a dying man to be willing to give away such a precious item, give me this pill and I'll just kill him a moment later."

Qin Chuan's eyes were filled with gloom as he pushed Zhou Chu far away. do you really have the guts to kill Lord Cangwu Qiong's most valued disciple? ”

hehe! Yunxiao chuckled. just now, he wanted to kill me without mercy. Even Cangwu Qiong himself would be sentenced to death, let alone his disciple!

“What? What nonsense are you spouting?”

Qin Chuan's face turned pale. He was extremely shocked and in disbelief.

Luan Junhao's heart trembled violently as well. He looked at the person in front of him as if he was a lunatic.

He actually dared to sentence one of the five rulers of the Holy region? And it was a capital crime?

It was a funny feeling, but the two of them couldn't laugh at all.

I don't want to fight you today, ” Qin Chuan said coldly. I'll take Zhou Chu and leave. I'll leave Luan Junhao to you. What do you think? ”

Yunxiao stared at him and said coldly, ” I warned him a few days ago. My patience has run out. Obviously, he did not take it to heart. Therefore, he should stay and use this pitch-black night sky as his grave.”

“You really want to kill him?” Qin Chuan's heart trembled. He still didn't believe it.

“I don't know where your sense of superiority comes from, but your strength is weak, yet you always provoke the strong. Isn't it just death? There has been no exception since ancient times!”

Yunxiao's eyes turned cold, and he disappeared from where he was in a trance.

“Not good!”

Qin Chuan’s heart sank. He knew that he was in big trouble!

Not far away, Zhou Chu opened his eyes. His face was still pale. He was also not used to this. He had never been in such a disadvantageous situation in his life. However, he was still unconvinced. His eyes were full of arrogance and raging anger.

“BOOM!”

A layer of fire clouds suddenly gushed out of the sky and began to spin rapidly, burning the entire sky in an instant.

In the center of the flames, Yunxiao materialized and performed an incantation gesture. A strong wind whistled up and then was thrown down.

“Bang!”

The astral winds exploded in the sea of fire and swallowed the flames in an instant. The rolling sea of clouds turned into a pillar of fire that shot into the sky and rumbled down from the nine Heavens!

The power of the entire sea of fire was poured into the pillar and was constantly compressed, forming an extremely hot energy. It quickly opened, and the entire space shattered.

Under the fierce and fierce fire, cold sweat seeped out of Qin Chuan’s forehead. The sword in his hand spread out, and a cold light bloomed.

The sword Qi flew in the sky and turned into a cold blue sword shadow.

Each sword aura turned into a sword talisman and finally condensed into a huge sword shape in the sky.

“Go!” Qin Chuan shouted as he waved his sword.

The sword shape soared into the sky, stirring up millions of sword waves. Its boundless cold color shook the world as it faced the firecloud pillar from a distance and fiercely collided!

“BOOM!”

The sword light pierced into the pillar of fire like a roaring Dragon. The sharp sword light shot out from the pillar of fire, turning the red Sky into an azure blue!

“Eh?”

Yunxiao sighed in the void and said, “The thousand shadow nine mysteries sword?”

When Qin Chuan heard this, his entire body trembled, and his eyes revealed a look of disbelief.

This sword had been passed on to him by black universe protector. At this moment, it had yet to be unsealed, and there were only a few people in the world who could recognize this sword!

Who are you?!

Qin Chuan’s face was cold as he gritted his teeth and asked.

“Hey!”

Yunxiao just chuckled and did not answer.

After the sea of fire was washed away, a bolt of lightning flashed.

Qin Chuan’s expression turned cold. He held his sword and stabbed to the left.

“Swish!”

The dark night was split apart by the sword ray.

“Dang!”

The crisp sound of profound level weapons clashing rang out in the darkness.

At the end of the thousand shadows nine mysteries sword, Yunxiao’s figure appeared with the cold sword in front of him, his eyes shining with surprise.

...

“You can catch my movements? He’s really not simple.”

“Hmph, are you trying to flatter yourself?”

Qin Chuan’s wrist flicked, and the sword suddenly burst into a cold blue light. Sword talismans began to rotate around the sword.

“BOOM!”

A terrifying sword intent burst out of the seal like a violent beast, and the aura alone pushed Yunxiao hundreds of feet away!

“Not bad, you’re quite something. Let me see how much you’ve learned from black universe protector.”

Yunxiao’s face darkened as he stretched out his hand, and a fist-sized ball of Thunder appeared in his palm.

The ball of lightning spun rapidly, and countless lightning patterns floated on its surface. Fierce lightning bolts shot out one after another.

A golden light shot out from his palm and slowly touched the surface of the ball of lightning. Suddenly, he clenched his five fingers and instantly pinched into the ball of lightning!

“BOOM!”

The surging power of Thunder suddenly spread out, as if heaven and earth had exploded, shaking the entire universe!

...

The entire pitch-black sky suddenly turned bright green and was completely enveloped by this green light.

Not only did Qin Chuan and Zhou Chu's expressions change drastically, but even Luan Junhao, who was standing in the distance, was also shocked beyond words!

The green light covered the sky in an instant. In this environment, the three of them immediately felt an extremely strong pressure and discomfort.

Luan Junhao swallowed with difficulty, and his throat made a gurgling sound. He said with difficulty, “A world of its own, the power of the elements a world of its own, is this young man really only in his twenties?”

Yunxiao slowly raised his eyes. He could sense every single change in the Thunder World.

It was a wonderful feeling. Although it was not as easy as the one in the divine realm tablet, he was still the king of a region, the master of a domain!

“I have learned this move for the first time. I hope you will accept it.”

Yunxiao said lightly as he flicked his finger.

With a flash of green light on his fingertips, two lightning dragons descended from the sky in an instant. Before they could take form, they instantly blasted toward Qin Chuan and Zhou Chu’s heads!

Qin Chuan’s figure moved, and the long sword in his hand shook. Suddenly, a sword light cut through the suppression of the Thunder World, and he moved a few feet in the air, dodging it.

Although Zhou Chu was injured, he had only been injured once by a sword. Under the effect of the Purple Heart spirit stabilizing pill, he had already recovered 20 – 30% of his injuries.

He then used his origin power to form a Qi wall and covered his damaged meridians, so he could basically move without any problems.

As soon as he saw the lightning Dragon, he shouted angrily and grabbed forward with both hands.

A pair of two-handed halberds in his hands bloomed with golden circles that spread out to both sides.

Then, he brought his halberds together in front of him. With a clang, all the Golden rings of light instantly merged into one, forming a dazzling trajectory that slashed toward the Thunder Dragon!

“BOOM!”

The lightning Dragon that had yet to fully form was split into two by him. Zhou Chu’s aura rose and a golden light appeared behind him. He raised his eyebrows and roared, “Go to hell!”

The two halberds formed a seal in front of him, and with a loud bang, they turned into countless mighty halberd shadows that filled the sky and slashed at Yunxiao!

Like a meteor shower, they left long trails in the green Thunder World.

interesting. No wonder you dare to provoke me time and time again.

Yunxiao sneered and reached out his hand.

With a thought, layers of ripples spread out from his palm. The sky in front of him became chaotic, and countless ripples collided with each other.

Luan Xinghao's expression was ugly and he shook his head slightly.

Even though he was heavily injured, his eyes were sharp enough to know that Zhou Chu's efforts were futile.

"Boom boom boom boom!"

When the halberd shadows landed on the Thunder Shield, the space trembled and all kinds of Thunder patterns were thrown into disorder, but they could not hurt Yunxiao at all.

Yunxiao's pupils constricted slightly as he snorted. Then, he performed an incantation gesture with his other hand, and a demonic cloud emerged behind him, immediately transforming into a true fiend Dharma idol.

The true fiend Dharma idol's face became extremely clear. It opened its eyes, and its gaze was like lightning.

He raised his hand and grabbed at the air. The Phantom of the agama bone Cleaver appeared in his hand, and he slashed it down at a certain spot in the Thunder World!

With a Flash of the Blade, the entire Thunder World was instantly split open, leaving an extremely deep crack.

At the end of the crack, Qin Chuan's figure appeared. Other than shock in his eyes, there was also a trace of ruthlessness and calmness. Although he was shocked, he did not panic!

He kept performing sword techniques with both hands, and the thousand shadow nine mystery sword kept spinning in front of him, filling the sky with blue sword shadows.

All of a sudden, a vast and mighty force erupted from the sword, causing the entire space to tremble.

Qin Chuan's body seemed to have sensed something, and a vague shadow appeared on his body. It seemed to overlap with his body, and the true appearance could not be seen clearly.

The Phantom raised both of its hands high, and the thousand Shadow Sword flew up with a "whoosh", as if it had landed on a sword rack.

Countless blue sword talismans were flying around him. Qin Chuan's face could no longer be seen clearly, and only the surging sword force could be felt.

Luan Junhao swallowed with difficulty again, his eyes full of shock.

These juniors' strength was so powerful that it practically wanted to destroy his martial Dao confidence!

He was once an unparalleled genius, but in front of these three people, he was completely rotten fluorescent light, competing with the sun and the moon for brilliance!

"Da Qian sword technique-Nine Heavens and ten earths criss-cross!"

The sword talismans around Qin Chuan's body suddenly froze. A cold and grave expression was revealed from the Azure sword light. His eyes were like stars as he stared ahead!

"BOOM!"

Countless sword talismans began to spin rapidly again, all of them entering the thousand shadow nine mystery sword that the illusory figure was holding high.

Suddenly, with a loud clang, the sword soared into the sky and split the entire Green Thunder realm!

Chapter 1325-might of the fist

Qin Chuan's entire body was covered by the Azure sword light, and it was completely hazy.

The surrounding Thunder World was no longer able to withstand this level of sword intent, and it shattered to pieces on both sides of the sword light.

The Thunder World was formed by Yunxiao's divine ability of Thunder Tiger and fire leopard. It had the shape, but was far from the power, so it could be called a small Thunder World.

The shadow of the handao condensed in the air and shattered with a bang when the sword light hit it.

Yunxiao's pupils constricted as he immediately felt the horror of the sword.

Zhou Chu also knew that this was a critical moment of life and death. He gritted his teeth and combined his two halberds in front of him, instantly turning them into a huge golden halberd. He raised it high.

Golden patterns rippled around the halberd, and endless evil energy spread out from it.

It seemed to have sensed the power of the thousand shadow nine mystery sword. Under the pressure, it exploded with a terrifying power.

Zhou Chu's face was pale and his entire body trembled under the halberd. The power he had unleashed had already exceeded his current limit. The sword wound in his body was on the verge of breaking.

He didn't dare to accumulate any more power. He suddenly formed a seal, and a force pulsed in his palm like a heart. He turned his palm and slapped out.

A dazzling golden light flew up, and an ancient Maha character bloomed and flew into the halberd.

“Swish!”

The Golden halberd spun in the air and instantly expanded to a thousand feet in size before it slashed down at Yunxiao!

“What?”

Yunxiao was horrified. He had seen the ancient character of Maha very clearly. In addition to the powerful weapon essence, the rules of the ancient character also surged in the halberd. The two merged with each other, and the power of the halberd kept rising.

He also realized that he had underestimated the two people in front of him.

His eyes flashed and his body immediately turned demonic. Circles of demonic runes appeared and covered his body.

His hands quickly formed a seal, and circles of lightning surged, illuminating his face.

The entire Thunder World trembled and he retreated a hundred kilometers in an instant. Boundless lightning gathered in his palms and with a boom, they turned into lightning stars that revolved around him.

Then, he grabbed the hammer, and the ancient Maha character of the law of Thunder flew out. Countless Thunder patterns danced in the sky, and his entire person seemed to be covered in a pocket-sized Thunder World.

Suddenly, a dragon roar shook the nine Heavens!

A mini Dragon Shadow appeared on the hammer, circling around it. It grew bigger and bigger, and finally, it stretched its neck and let out a long roar.

Yunxiao performed an incantation gesture, and with a flash of lightning in his hand, the Thunder Dragon flew out!

At this moment, in the sky, after The Phantom of the agama bone Cleaver was shattered, the true fiend Dharma idol's pupils constricted. It made a hand seal and transformed into a three-headed and six-armed Dharma idol, with a huge ring of fiend aura spinning around it.

He raised his six arms, and suddenly, the shadows of six weapons fell and were thrown in front of him at the same time.

“BOOM!”

A black cloud of stars appeared, and the shadows of the six paths of mo weapons floated within.

The true fiend Dharma idol's six eyes opened in different forms, and its six arms rapidly formed hand seals, sending out devil seals.

Star Cloud-explode!

The countless black imprints surged into the nebula, and a terrifyingly vast power surged up to meet the endless blue sword radiance!

Qin Chuan's heaven-shaking sword pierced through the air, directly piercing into the nebula!

“BOOM!”

The entire sky exploded, and the void was filled with a terrifying power.

The true fiend Dharma idol was unable to withstand the immense force of the Nebula explosion and collapsed layer by layer.

An ear-piercing sound of a weapon rang out. The terrifying energy fluctuation layer was suddenly split apart, and a sword ray shot out!

The thousand shadows nine mysteries sword turned into a huge sword and slashed down with a blue light!

At this moment, the Azure Lightning Dragon also collided with the halberd. The two forces exploded in the air and two vortexes appeared with a rumbling sound, clashing with each other.

Two Golden Powers floated up from the vortex and turned into two completely different Maha ancient characters, each representing a law.

“Bang!”

The two Maha ancient characters suddenly shattered, and a golden light flashed through the sky like a flash of lightning and instantly fell.

It was the giant halberd. Although its power had been greatly reduced, it was still abnormally sharp, enough to sweep through everything!

A sword and a halberd appeared in Yunxiao’s pupils. He closed his eyes slightly, and when he opened them again, they were filled with a dazzling golden light!

He raised his hand and clenched it into a fist.

Wind, fire, Thunder, devil, and all kinds of lights turned into Star Rings and spread out, intertwining to form a blazing white light. With a gloomy face, it blasted towards the two profound level weapons!

“What?”

The three of them were shocked and their eyes widened.

Luan Junhao even rubbed his eyes, afraid that he was seeing things.

Such a peerless weapon could cut through hair and kill with a single touch, but this kid was actually going to fight it with his bare hands?

Although the power of that punch was indeed shocking, it was too much of a joke!

“BOOM!”

The Azure sword fell, the Golden halberd slashed, and Yunxiao threw a punch!

“BOOM!”

The terrifying power exploded upon contact, causing dazzling light to burst out on the spot, blinding everyone.

...

It was as if a sun had appeared, illuminating the endless night as if it were day!

Qin Chuan and the other two closed their eyes due to the piercing pain. When they opened them again, the extremely dazzling light hung in the air. The terrifying power rippled out layer by layer, and they could not see anything clearly.

“Is He Dead? He should be dead, right?” Luan Junhao muttered to himself.

The battle between the three of them had already been deeply imprinted in his mind, and he would never be able to get rid of it.

After his return, his originally exuberant ambition suddenly disappeared without a trace. Any one of the three people in front of him would have achievements far beyond his in the future.

“Not good!”

Suddenly, Qin Chuan’s shocked voice came from the sky.

A blue sword light shot out from the Aurora, followed by a halberd.

Qin Chuan’s body was almost deformed in horror, but he made a prompt decision and disappeared from his original spot in a flash. His hand suddenly stretched out in the air in front of him and grabbed the thousand shadow nine mystery sword, then disappeared again.

The next moment, the space around Zhou Chu shook and Qin Chuan appeared. He grabbed Zhou Chu and shouted, “Let’s go!”

Before Zhou Chu could react, he caught the halberd with one hand and his body trembled!

...

The huge force of the halberd was directly transmitted into his body, instantly tearing open his injury and causing him to spit out a mouthful of blood.

His eyes were filled with shock and disbelief!

The halberd’s light became extremely dim, and a low “Wu Wu” sound could be heard.

He raised his head in horror and saw the Aurora slowly spread out. He looked inside.

Inside, there was a blurry shadow, but it could be clearly seen that it was walking forward step by step, gradually becoming solid.

“?!”

Zhou Chu and Luan Junhao both sucked in a breath of cold air, and their minds were in chaos.

Qin Chuan had only sensed Yunxiao’s power from the sword just now, but when he saw Yunxiao in person, he could not help but be shocked and almost lose his Dao heart!

The illusory figure gradually revealed its face. Its entire body flickered with golden light, and demonic patterns appeared on it. Its eyes were as vast as the stars, and it was staring at them coldly!

“How is it possible, Yingluo? how is it possible, Yingluo?”

The three of them were filled with fear, their faces pale and powerless.

Yunxiao turned his head and glanced at his right arm, which was covered in blood and had a terrible wound.

The blood flowed out and was reflected by the golden light and the mo matrix into a golden and black color, extremely demonic.

Qin Chuan and the other two were shocked, and Yunxiao was just as shocked.

With his current physical strength, he could even crush a ninth-grade Lightning Beast with his bare hands. However, he was injured by the joint attack of the two of them!

Moreover, the sword and the halberd were shot out after breaking his Thunder art and true fiend Dharma idol, which showed how powerful they were!

“Let’s go!”

Qin Chuan regained his senses from the shock and grabbed Zhou Chu, dragging him away forcefully!

“Hmph, all of you can stay!”

Yunxiao’s eyes also shone with a golden light as he disappeared from where he was, leaving only a Golden Flash behind.

In the next moment, Qin Chuan and Zhou Chu’s escape lights were blocked by a huge force.

Dozens of long swords appeared above the two of them in an instant. Each sword was like a stream of water as it came down!

“Swish Swish Swish!”

More than 20 long swords instantly stabbed into the night sky, trapping the two of them inside. The surging sword intent surged up like a wave.

At the same time, the sword diagram appeared in the sky.

Qin Chuan’s heart sank.

He was also an expert in the way of the sword, so he could naturally feel the power of this sword array. Moreover, those twenty over long swords were all ninth tier profound armaments. If he didn’t see it with his own eyes, he wouldn’t dare to believe it!

“Qin Chuan, quickly leave. Don’t worry about me!”

Zhou Chu's eyes widened and he pushed Qin Chuan away. He seemed to be determined to die and shouted, "I'll block it for you, you should leave quickly!"

Qin Chuan's eyes narrowed and he said in a cold voice, "what are you doing?" Let's go together!" A trace of cruelty flashed through his eyes, and his black pupils slowly emitted blue light.

Zhou Chu immediately noticed the change in him and said in surprise, "Qin Chuan, you ran ran."

"Nonsense!"

Qin Chuan's shout seemed to have an irresistible Majesty. Then, he suddenly roared towards the sky, and the thousand shadow nine mystery sword once again began to hum!

The sword intent expanded limitlessly. The blue light in Qin Chuan's eyes grew stronger and stronger, reflecting the Azure sword Qi!

"What?"

Yunxiao was taken aback, and his face darkened. He shouted in the air and cast a sword incantation.

The talisman formation above the heavenly Sword illustration instantly transformed into tens of thousands of sword auras that suddenly slashed down!

The sky was filled with a dense rain of swords. This was a real Sea of Swords!

"Spirit shadow thousand blades!"

Qin Chuan shouted coldly. The thousand Shadow Sword rippled out, and an Azure-colored sword Qi gushed out. In an instant, a sword barrier was formed, blocking the rain of swords.

"Bang! Bang! Bang! Bang! Bang! Bang!"

Countless sword lights slashed down and landed on the sword barrier, causing countless ripples, but they couldn't break through!

Yunxiao was greatly shocked. Qin Chuan's strength was clearly at its peak before, but why did his blue eyes seem to have improved a little in this strange state?

Yunxiao's primordial energy was also greatly depleted, so he was somewhat unable to control the million sword illustration.

"Hmph!"

Qin Chuan let out a muffled groan, and his face was also illuminated blue.

As if he had seen through Yunxiao's weakness, he waved his sword, and the power of an enchantment immediately gathered on the tip of the sword before he slashed out!

"Bang! Bang! Bang! Bang!"

Countless sword shadows were shattered by this sword.

Chapter 1326-human and Jade

Within the million sword formation, a path was instantly split open. Qin Chuan sheathed his sword and stood upright. With one hand holding onto Zhou Chu, he stepped out!

"Impudent!"

who allowed you to leave?! Yunxiao roared in a deep voice.

At the end of the sword map passage, a golden light flashed between Yunxiao's eyebrows, and the divine realm tablet shot out.

The Golden Ring of light circulated around the stele, and in the blink of an eye, it turned into a huge mountain that pressed down!

“BOOM!”

The vast blue light around Qin Chuan’s body was suppressed by the power of the world. His entire body froze, and he could no longer move!

“BOOM!”

The divine realm tablet fell several inches, scattering the blue light.

Zhou Chu was hit by a huge force. He couldn’t help but spit out more blood, and his face was full of fear.

The sword force in his body worsened again. The main meridians that had been repaired burst open, and the wound spread in all directions.

Li Yunxiao, you’ve gone too far!

what?! Qin Chuan was shocked and furious. He roared, “ must we fight to the death?!”

I don’t have time to waste on people with bad memories, ” Yunxiao said coldly. I’ll leave you here forever!

His hands quickly formed seals, and golden characters entered the divine realm tablet one after another. The power of the world turned into circles of light that rippled and completely suppressed the two of them!

Zhou Chu spat out another mouthful of blood. The night scales treasure robe on his body was also activated, automatically protecting his body and emitting a faint light.

A trace of ruthlessness flashed in Qin Chuan's eyes, and his expression was determined!

He extended his long sword and held it upright in front of him. There was a blue light floating on the sword, which turned into sword circles and shot out.

The thousand Shadow Sword trembled in his hand, and a prismatic light shone, breaking all the light apart. Instantly, it turned into nine colors of red, orange, yellow, green, cyan, blue, and purple!

ancient tree under the moonlight, with a thousand shadows of the sword, as human as Jade.

"Forget all the nine mysteries, end all the nine Realms."

"May I ask what color, taste, shadow, sound, interest, and state?"

The nine rays of light merged into one, and a white light rose up. Under the moonlight, it looked down on the surroundings.

A vast and mighty force crossed over from the sword. It was solemn and solemn as it cut through everything!

Yunxiao's body trembled, and his eyes shone with horror. The power of the sword was like the vast universe, endless!

"Ten directions divine skill!"

His heart trembled as these words flashed through his mind. That kind of Grand and solemn might was like his divine eye technique, vast and boundless!

"BOOM!"

Under the divine realm tablet, the mighty force collided and the void cracked!

As the two forces intertwined, the force that was restraining his body dissipated.

Qin Chuan's face was so pale that it was almost transparent. He made a hand seal with one hand, and Zhou Chu's figure suddenly became blurry.

However, that pair of azure blue eyes became increasingly clear, like the stars in the night sky, and also like a peerless gem.

After the suppressive force was broken, Qin Chuan took Zhou Chu, who was almost unconscious, and disappeared into the sky.

“BOOM!”

The sword force disappeared, and the divine realm tablet once again condensed its power to suppress it, shattering the sky!

The Golden rings spread out, illuminating Yunxiao's gloomy face.

With a wave of his hand, Yunxiao recalled the divine realm tablet and the northern heaven cold star sword into his body. Then, his figure blurred, and in the next moment, he appeared in front of Luan Junhao and reached out to grab them.

“Hand over the divine sword!”

Luan Junhao trembled. He wanted to make a last-ditch struggle, but his body was completely suppressed by Yunxiao's Emperor aura, and he could not move at all.

He couldn't help but smile bitterly. A hero of his generation, a peak nine-star strong man, had actually fallen to such a helpless state.

A Tiger would be bullied by a dog, and a Phoenix would be worse than a chicken.

But the only thing worth rejoicing was that the other party was at least a peerless genius in the past ten thousand years. Dying at the hands of the younger generation was not considered a loss.

Suddenly, a wisp of green smoke appeared out of thin air and turned into a walking stick, which then knocked on the back of Yunxiao's hand.

The pupils of the two men contracted, and their expressions instantly changed.

Yunxiao's fingers immediately turned into empty claws as he turned his hand over to receive the blow from the crutch!

"Bang!"

The two forces shook in the air, creating a vortex that disappeared in a flash.

Under the impact of the two forces, Luan Junhao was forced back a few feet. He could not help but spit out blood, but his eyes were full of joy.

"Head shopkeeper!"

He yelled in shock as two figures appeared in the air. They were Han Junting and Grandma Sunflower.

"Thank you, Lord Luan," Han Junting nodded.

"That's what I should do," Luan Junhao hurriedly said.

Han Junting nodded slightly, then turned to Yunxiao and said with a smile, "Number one in the world, invincible among his peers. His reputation is well-deserved!"

...

Yunxiao's face was gloomy as he began to adjust his aura in secret. "You guys have been hiding in the dark?"

Han Junting's face was filled with regret, " "It's a pity that I'm late. They only saw Qin Chuan displaying the ten directions divine skill, which was incomparably brilliant. I'm really remorseful. I should have been more shocked before, right?"

Yunxiao's face was gloomy. He did not know whether Han Junting was telling the truth or not, as he had no time to care about anything else during the battle with Qin Chuan.

What he was most worried about was that the other party would see through the origin of the sword formation.

However, the heaven sword picture was a peerless cultivation method even in Shenxiao Palace, and it was difficult for ordinary people to see it.

"What, young master Yun doesn't seem happy to see this old man?"

Han Junting said coldly as the smile on her face disappeared.

'I can't think of anything that makes me happy to see you,' Yunxiao said. I didn't expect Lord Luan to be from Star and Moon School. If Myriad Treasures Store knew about this, I wonder what would happen?"

Han Junting sneered, " "Young master Yun, you're still threatening this old man?" Her eyes flashed as she changed the topic, " I've heard that a second wood spiritualism once appeared in Seawood Town, and it fell into young master Yun's hands? "

Yunxiao's heart stirred, and he immediately understood the other party's intention. "So what if I am? So what if I'm not?"

Han Junting smiled faintly and said, "I really like the second wood spiritualism. If it's in young master Yun's hands, I hope you can part with it." If not, then young master Yun is lying to this old man. "

...

"Hahaha!"

are you saying that I have to hand it over whether it's in my hands or not? " Yunxiao laughed. am I right? "

His eyes were full of mockery, as if he was looking at a fool.

Han Junting blushed and coughed awkwardly, but she still nodded and said, " "It's so convenient to talk to smart people."

Yunxiao's face darkened, and his eyes gradually turned cold as he said in a cold voice, " "But I don't like to talk to self-righteous idiots."

Han Junting seemed to have expected this and said, " Young master Yun, are you rejecting my proposal? "

it's not just a rejection, " Yunxiao snorted. if you weren't a woman, I would have slapped you long ago.

"Impudent!"

Grandma sunflower shouted in a deep voice. She threw her walking stick in the air, causing ripples to form. Her body emitted a surging origin power fluctuation. It was clear that she was ready to attack.

"Han Junting, if you're really a smart person, hand over the planet destroyer."

Yunxiao did not even bother to look at her. Instead, he narrowed his eyes and stared at Han Junting as he said coldly, "Otherwise, I'll make you regret it!"

Han Junting's face turned cold and she snorted, "Li Yunxiao, don't you think you're being too arrogant? If you were in perfect condition, I might be a little afraid, but now ..."

Her eyes were full of confidence, as if victory was already in her grasp.

"Head shopkeeper, he's stalling for time," grandma sunflower said in a deep voice.

"There's no way we can make up for his losses in such a short period of time, unless we have something that can instantly restore his elemental energy!" Han Junting laughed in disdain.

"But we haven't gotten the item yet, so it's better to be careful." Said grandma sunflower.

Yes, granny is right. I'll have to trouble you then. Han Junting said seriously, her face gradually turning cold as she stared at Yunxiao.

"Haha, don't worry, head shopkeeper! Let this old woman test this kid's strength first, I will definitely not be disappointed!"

Grandma sunflower laughed out loud as a gloomy look flashed across her face. She picked up her walking stick and walked over step by step.

With every step he took, the elemental energy ripples under his feet would ripple more rapidly.

Yunxiao's head ached as he thought about it.

If he released the experts from the divine realm tablet, he would definitely win this battle.

However, he was not sure about Han Junting's status in Shenxiao Palace, but he was sure that it was not low. If he killed her rashly, how would he explain it to Qu Hongyan in the future?

However, if he didn't kill them, he would either expose the secret of the divine realm tablet or be in trouble.

"Hmph, kid, aren't you very arrogant? Why do you look so pale?"

Grandma Sunflower sneered. It's no wonder. When death is near, no one would be happy! With a strange laugh, she lifted her cane and sent out a strong gust of wind toward Yunxiao.

A ripple appeared in the air, and a strong gust of wind was extremely sharp, making a piercing sound.

She had used almost all her strength in one move, not holding back in the slightest!

Yunxiao's face darkened, and his figure flashed like a bolt of lightning.

However, the other party's nine-star Emperor Qi's pressure sealed the heavens and locked the earth, while he only had twenty to thirty percent of his origin power left. Under this situation, his escape technique was immediately blocked.

"Bang!"

The gust of wind hit his left shoulder and exploded into a golden light, directly blowing up his shoulder blade!

"?!"

Yunxiao sucked in a cold breath in pain as he looked at his injuries in rage, the killing intent in his eyes growing stronger and stronger.

“Haha, the rumors are not true! How come you’re so weak that you can’t even block a single move from me?”

Grandma sunflower grinned hideously as she raised her iron cane again and charged forward.

The walking stick created layers of afterimages in the air, which blotted out the sky and covered the earth as it pounced at Yunxiao from all directions.

Yunxiao was prepared for this. He summoned his sword energy and sent out a cold beam of light that cut through the air, breaking the seal with a bang as he transformed into a Thunderbolt and fled a thousand feet away!

“Han Junting! I’ll ask you one last time, are you really going to do this your way?”

Yunxiao gritted his teeth and called out her name. His face was so dark that it was almost dripping with water. Clearly, he had reached the limit of his patience.

Han Junting’s heart skipped a beat. The coldness in Yunxiao’s eyes made her feel afraid.

However, after careful calculation, he was almost certain that he would win. There was no possibility of the other party turning the tables.

“We’ve already said so much, is there still room for negotiation?”

Han Junting replied coldly. Her aged face was slightly flushed, making her look like a young girl.

Chapter 1327-going with the flow

Yunxiao’s face grew colder and colder as he nodded with a gloomy face and said, “Since that’s the case, there’s no turning back. I’ll make you regret your decision today!”

He put two fingers together and a seal smacked forward.

A golden light flashed between his eyebrows, and the light of the divine realm tablet shot out, directly transforming into two figures. They were the officials and the evil spirit.

As soon as the two appeared, their powerful auras instantly pressed down like mountains!

The surrounding air instantly exploded with a “Bang Bang” sound, surging in all directions!

“Ah? This Yingluo ”

Han Junting and the other two were stunned by the aura.

The three of them had their mouths wide open and their minds were in a daze. They were completely dumbfounded!

Why did two people suddenly appear out of thin air?

“Hehe, you should’ve let us come out and move around a long time ago. Tsk, tsk, this old woman is so ugly. I want to blow her face up, haha!”

The evil spirit held the axe with both hands and laughed wildly. Its huge dragon eyes flashed with a brutal light.

you’re welcome, ” Yunxiao said coldly. kill these three as you please!

As soon as the order was given, the auras of the officials and the evil spirit burst out and soared into the sky.

“A nine-star Martial Emperor! Both of them are nine-stars martial sovereigns!”

Grandma sunflower's body trembled in shock!

The guest and the evil spirit were not ordinary nine-star martial sovereigns. One of them had a peerless divine body, and the other was a descendant of a Dragon. Their strength was far superior to those of the same level!

Grandma sunflower immediately felt extremely uncomfortable. The two huge pressures made her chest feel tight.

a Saint artifact! It must be a Saint artifact!

Han Junting suddenly came to a realization and said, "You actually have a Saint artifact! Could it be Noah's ship?"

Luan Junhao was also shocked at the same time. The series of mental attacks made his nerves numb.

no wonder, no wonder I couldn't sense the second wood spiritualism aura from you. It turns out that you've placed it in the Saint artifact!

Han Junting's voice suddenly became shrill, and she became a woman again. Although the disguise was still on her face, her expression was completely girlish.

His eyes were filled with indescribable excitement and shock. All kinds of complicated expressions gathered in his eyes and flickered.

"Ha!"

The evil spirit roared and swung its battle axe in the air.

Grandma sunflower was shocked. There was no way she could withstand the mountain-like pressure, but if she did not, she would die!

He could only brace himself and wave his iron crutch, shouting to block.

A dim light flashed on the walking stick, and he lifted it up in the air.

“Bang!”

The walking stick trembled violently. Due to the special material it was made of, it did not break apart. It only snapped in the middle. Grandma sunflower’s hands were also covered in blood from the impact. She was also forced to retreat by the force of the battleaxe. Her eyes were filled with fear.

“Hehe, you can’t take a beating! It’s not satisfying!”

The evil spirit grinned and said, “a few more hits and he’ll be dead.” He took a step forward with his axe.

Grandma sunflower’s face turned pale as she retreated behind Han Junting and said, “Head shopkeeper, what should we do?”

Han Junting’s heart skipped a beat and she quickly said, “Young master Yun, stop! We can have a good talk!”

“Talk? You’re playing with me, Yingluo!”

Yunxiao’s face darkened as he said coldly, “now that you know that I have a Supreme grade profound level weapon, there’s no possibility of negotiation. You can die in peace.

He waved his hand, and a cold aura spread in the air.

haha, I’ll leave this old man to you. I’ll fight that old woman!

The evil spirit glared at the officials. In a flash, it appeared above grandma sunflower and chopped down with its axe!

“BOOM!”

Grandma sunflower flicked her walking stick and fled a thousand feet away. She looked on in shock and anger.

The guest's face was also cold. He looked up lazily and threw a punch at Han Junting.

A few strange formations appeared on his fist, and the sky creaked as it was compressed to the extreme by the fist wind, forming a terrifying black ball.

The small ball stirred up a strong wind and suddenly split open!

“BOOM!”

A tremendous force opened and swallowed Han Junting.

Han Junting's body was swept away by the force and she was floating in the whirlpool as if she could not resist at all.

However, her expression was one of shock but not panic, and her body was well protected, without any injuries.

Yunxiao snorted. He knew that the battle would not end so soon. In a flash, he came up to Luan Junhao and said coldly, “Take it out,”

yes! Luan Junhao's face was filled with bitterness. hand over the exterminating star sword and can you let me go? ”

you can't tell anyone that I have a Saint artifact, ” Yunxiao said. so, you can't leave. However, if you submit to me, I can take you into the Saint artifact. Not only will you be able to keep your life, but your future will definitely be brighter than it is now.” He had the intention of recruiting Luan Junhao.

“Hahaha!”

Luan Junhao laughed out loud and said, “I’m a dignified peak nine-star expert. I’ve had enough of being ordered around by others! And now you want me to listen to your commands, who the f*ck do you think you are?”

...

His face turned malevolent, and he roared, “Don’t think that you’re invincible just because you’re in power now! You’re not qualified to control me!” His eyes were filled with mockery as he snorted heavily, “If you want to kill, then kill!”

At this moment, he had lost all his spirit, and when he saw talented juniors like Yunxiao and Qin Chuan again, he felt a little dejected. Thinking of the painful days he had been through for the past 20 to 30 years, he suddenly had no more thoughts of living.

Yunxiao nodded and said, “not bad. You have some backbone. However, the loser has no right to choose, not even if it’s a life or death choice.”

A golden light flashed between his brows, and he opened his five fingers to grab Luan Junhao.

Luan Junhao dodged in a hurry, but he was seriously injured, so he could not escape Yunxiao’s suppression. He was instantly sucked into the divine realm tablet.

An ancient black jade ring fell into his hand.

Yunxiao touched it gently, and the brand on the ring immediately collapsed. He scanned it with his divine sense, and his face immediately lit up with joy.

Then, he looked at the battlefield. The officials and the evil spirit had an overwhelming advantage. It was only a matter of time before they won.

He snorted and put away the ring. He sat in the darkness and began to regulate his breathing.

Han Junting, who was far away, was getting anxious. Although she was not using her full strength, she knew that she would not be able to win today's battle.

Grandma sunflower vomited a mouthful of blood as she was beaten up by the evil spirit. The evil spirit seemed to be playing tricks on purpose, constantly bombarding her with its big moves, not giving her any satisfaction. It only did its best to torture her, and she kept laughing happily.

...

"Young master Yun, please listen to me. Let's talk this out!"

"Even if I wanted to steal your second wood, I've never thought of taking your life. I'm willing to pay a sufficient price in exchange for today's outcome!"

"Oh? A sufficient price?"

Yunxiao opened his eyes, blinked, and said with a hideous smile, "You're not referring to yourself, are you? Tsk, tsk, let me tell you, you're not worth much."

"Woof! What nonsense are you spouting?"

Han Junting was embarrassed and she shouted, "Li Yunxiao, we are all smart people. It's better to cooperate with the star and moon school than to be enemies. My thoughts change with the situation, and I believe I can give you a satisfactory price!"

Yunxiao pondered for a moment and said, "Completely offending me isn't something that can be settled by casually giving me some origin stones. I'd like to see how you can satisfy me." A golden light flashed between his brows, illuminating the entire sky.

“If you’re sincere, then come into my Saint artifact! Otherwise, you will die!”

go! Yunxiao shouted in a deep voice as he looked at Han Junting coldly.

At this moment, the guests and officials had already stopped. They crossed their arms in front of their chests and stood in the sky.

Han Junting’s face darkened as her mind raced.

She had been in a defensive state the entire time and had not used her full strength. If she had used her full strength, she had a 70% chance of escaping from the hands of the guests and ministers, but Grandma Sunflower would definitely die.

If the guests and the evil spirit joined forces, her chances of escaping would be less than thirty percent, and with Yunxiao, who was eyeing her covetously, she might not even have a twenty percent chance.

However, if he were to enter the other party’s Saint artifact to take a look, he would be in danger.

She had read a lot of research materials about Saint artifacts. There was a world inside, and the rules of the world were all controlled by the realm Lord. With a thought, he could crush her.

However, if he entered the Saint artifact, he would become a lamb waiting to be slaughtered without any room for retaliation.

“What, head shopkeeper, do you want to choose death?”

Yunxiao said coldly, his eyes full of mockery.

Han Junting gritted her teeth and said, “although I’m not afraid of death, I don’t want to die like this!” Alright, I’ll bet on your character this once. I hope you’re not that shameless! I lost today because you have a Saint artifact, which is unexpected. It is the will of the heavens, and I did not calculate wrongly!”

a victory is a victory, and a loss is a loss, " Yunxiao said with a sneer. the loser always has more excuses.

Han Junting's face reddened in embarrassment and anger. She closed her eyes and allowed the golden light to absorb her.

stop fighting," the guest said to the evil spirit in the distance. young master Yun is going to negotiate with them. They'll be worthless if you kill them.

"En, Yingluo."

The evil spirit responded and kicked grandma sunflower's stomach a few more times, causing her to faint from the pain.

The disguise on han Junting's face began to melt away under the golden light of the tablet, revealing her beautiful face.

The guest and the evil spirit were all shocked. They looked at it with wide eyes, revealing a look of surprise.

Although Yunxiao had seen her before, when she showed up again, he was still moved. He sighed and thought of another face that was just as beautiful.

"What?"

Han Junting suddenly opened her eyes and looked into the distance in shock.

It was actually countless rays of light flying over.

Han Junting was overjoyed. She knew that the person must be from the myriad treasures store or the merchant Union. The situation had turned for the better.

She hurriedly circulated her essence force and tried to break free from the golden light's restraint.

Yunxiao's face darkened. since you're here, let's take things as they are! he shouted. come in! He formed a hand seal and a light bloomed from his forehead. At the same time, he struck out with his palms and hit Han Junting's protective Emperor Qi.

Chapter 1328

1328 The nine-five Supreme pill

Han Junting's body trembled, and the struggle that she had just mustered up was instantly shattered. She looked over in shock and anger, but suddenly, her mind went blank, and then she felt a sharp pain!

It was a spiritual attack!

In just a moment, when she recovered, it was already a blue sky and white clouds that had been absorbed into the divine realm tablet.

Yunxiao breathed a heavy sigh of relief and looked at the light that was flying toward him from the distance. His eyes narrowed for a moment as he cried out in surprise, "It's him? Not good, let's go!"

The officials, the evil spirit, and grandma sunflower were also absorbed into the tablet.

His body moved and he turned into a bolt of lightning to escape.

stay behind! a loud shout came from the distance.

Then, dark clouds rolled in the sky, and an extremely terrifying aura came from the sky.

"BOOM!"

A ring of Thunder stars rippled out of Yunxiao's body and shattered the pressure. Then, he teleported a few times in a row and was now thousands of feet away.

Then, he turned into a bolt of lightning and disappeared into the horizon.

“Hmph!”

A loud and furious roar came from behind him. In the blink of an eye, a shadow rushed out from the many rays of light. The escaping light all over its body turned crimson red, and its speed increased several times.

Three days later, in a remote small city tens of thousands of miles away.

Suddenly, a Thunderbolt flashed in the sky, and Yunxiao’s figure appeared. He landed in an empty corner of the city without attracting any attention.

At this moment, his face was extremely pale. It was obvious that he had used up too much energy.

He looked around with some lingering fear before letting out a long breath.

The one who had chased him before was a strong man from the ten thousand treasures building who had been in seclusion for a long time. It was rumored that this person had long passed away, but unexpectedly, he was still in the human world, and his strength was getting more and more unfathomable.

Fortunately, his lightning evasion technique was unparalleled in the world, and he only managed to shake off his opponent after three days and three nights.

With a sweep of his divine sense, he could sense all the movements in the small city.

The strongest person in the city was only a three-star Martial Emperor. Moreover, he was getting old, and his real combat strength was probably only at the level of a one-star Martial Emperor.

After confirming that there was no threat, he teleported and found a secret cultivation room in the Martial Emperor's mansion. He then went into seclusion.

"Head shopkeeper han, we can have a good talk now."

On a mountain peak in the divine realm tablet, Yunxiao reappeared and looked at the two with a chuckle.

Han Junting returned to her original appearance, and her beautiful eyes were moving.

She had a calm expression on her face, and it was clear that she had already accepted reality.

Although grandma sunflower had also woken up, she had been punched countless times, and her body had become a little bloated. At the sight of Yunxiao, she looked surprised, and her eyes flickered with fear.

Yunxiao chuckled and waved his hand, turning into stone tables and chairs out of thin air, as well as a table full of fine wine, spirit fruits, and mountain treasures.

"It's a remote and humble house. I don't have anything good to serve you, head shopkeeper. I hope you can forgive me."

Yunxiao made an inviting gesture and sat down first.

Han Junting also understood that time was not on her side. She nodded slightly and sat opposite Yunxiao. how many people in the world can enjoy such a remote and humble house? I'm honored to have been invited by young master Yun."

Yunxiao smiled, and his eyes flickered as he said, " "She's clearly a peerless beauty, but how can she hide it? What a pity."

"What's a pity?" han Junting bit her lip.

Yunxiao sighed faintly. it's a pity that I won't be able to see such a beautiful woman on such a beautiful day. I'm afraid I won't be able to see her again after you leave.

Han Junting blinked and smiled. then, Major General Yun, I'll let you out. In the future, I can remove your disguise at any time.

"Ahem, what a pity." Yunxiao coughed a few times.

"What's there to pity?" han Junting asked.

it's a pity that I don't know much about romance," Yunxiao said with a smile. I just want to get some practical benefits. Can a feast for the eyes lead to longevity? Can it greatly increase my strength? If you can't, then don't."

"Hmph, state your conditions."

Han Junting's face darkened, as if she was ready to be slaughtered.

"Yes."

yes," Yunxiao answered. we're friends, but we have to settle the accounts clearly. I have no enmity with the head shopkeeper, yet he wants to use the death of the MU family to threaten me. How do we settle this score?"

Han Junting was stunned for a moment and said,"even this needs to be settled?"

of course! Yunxiao said. Blood Brothers have to settle their accounts clearly!

Han Junting snorted and said, "Speak!"

Yunxiao nodded and said, " If the head shopkeeper really informed the MU family of this matter, then I will be in danger. The severity of the situation is self-evident. However, I've always been a kind person, so I'll just compensate you with a nine-five Supreme pill."

"What? Are you crazy?"

"Nine-five Supreme pill, do you know what it is?" Han Junting shouted angrily. How dare you make such an excessive request!"

"Hehe, of course I know."

Yunxiao raised his eyebrows and said, " it's the only spirit pill among the Supreme-grade tier nine medicinal pills that can enhance the strength of a nine-stars Martial Emperor. But, you can only take one. It'll be a waste to take a second one, and it won't have any effect.

"Then did you know that the nine-five Supreme pill's refining method has long been extinct?" Han Junting asked coldly.

of course," Yunxiao said with a smile. The extinction of the refining method doesn't mean that the elixir is extinct. With the ability of the star and moon school, we can get it. "

"You're overestimating us!" Han Junting glared at him.

...

then there's no other way," Yunxiao said slowly. if the star and moon school can't even do this, I really can't think of any value that you can use to redeem your life for me.

"You coward!"

Han Junting was furious but she had nothing to say.

The two of them fell silent. Yunxiao was not in a hurry, and he kept drinking the wine with a smile on his face.

Han Junting finally sighed. The initiative was completely in the hands of the other party, and she had no room to fight back. She spoke first, "Do you know something?"

As soon as she said that, she stared at Yunxiao with her charming eyes without blinking.

The woman's face was so beautiful that Yunxiao could not help but turn his head and say, "Know what?"

Han Junting looked at him for a while before sighing again. With a flash of light, a Jade box appeared in front of him.

Startled, Yunxiao picked up the jade box and opened it. nine-five Supreme pill! he cried out in surprise.

A round, orange-yellow pill lay in the box. It was the size of a Dragon's Eye and flickered with boundless spiritual energy.

"Tsk, tsk, the star Moon school is indeed powerful!"

...

Yunxiao laughed and put away the jade box. He knew that shenxiao Palace had this thing, but he did not expect han Junting to have one with her, which further proved her status.

"What else do you have to settle?" han Junting's face darkened.

there's no hurry," Yunxiao said with a smile. these bejewelled nectar fruits are also very rare. Won't you have some, head shopkeeper?"

Han Junting was not in the mood to eat. She only felt more and more frustrated.

Yunxiao ate by himself for a while, and when he saw the man's face getting darker and darker, he immediately put the wine and berries aside and began to say slowly, "Forget it, let's forget about the other small grudges. Take this time for example. I could've easily obtained the star Destroyer sword, but you came in and tried to steal my second wood spirit transformation. If I didn't have some hidden cards, not only would you have succeeded, but even my fate would be unknown. How does head shopkeeper plan to compensate me?"

"Tell me!" Han Junting said angrily.

Yunxiao thought for a moment and smiled. how about this? although I'm poor, there are not many things in the world that can interest me. You just need to let me play with the star and moon school for two years.

Han Junting was completely stunned. Then, she was so angry that her whole body trembled. you want the star Moon school? Are you crazy or did I hear you wrong?"

I don't want it," Yunxiao said indifferently. I'm borrowing it. The loan period will be two years."

"In your dreams!"

Han Junting's face darkened and she said, "Just kill me! Not to mention that I'm just the manager of the star and moon school, not the master. Even if I'm the master of the star and moon school, I can't let you 'use' it for two years!"

Hmph! grandma sunflower also snorted. you can't afford to offend the master of the star and moon school. I hope you don't get yourself killed!

Yunxiao raised his eyes and said in surprise, "Oh, who is the master of the star Moon school?"

Han Junting's pupils constricted, and she snorted coldly.

I really can't think of anything else that can redeem your lives," Yunxiao said. I can't think of anything else.

"Just kill us!" Han Junting said coldly.

tsk, tsk," Yunxiao laughed. don't think of me as such a bad person. Although I can't let the two of you leave, this place has beautiful mountains and clear waters, and the spiritual energy is still passable. Why don't the two of you cultivate here? when you reach the peak of the nine stars, perhaps you'll have the opportunity to break through this world and leave."

Han Junting's face was extremely dark.

Han Junting gritted her teeth and said,"if the star and moon school really let you rule for two years, you wouldn't dare to accept it!" I can promise to provide you with any information outside of my sect for free within a year!"

it's still too cheap," Yunxiao said. I can mobilize all the resources of the star and moon school within a year, including manpower and material resources.

"What's the difference between this and letting you control it?" han Junting said angrily. Li Yunxiao, don't go too far! You should know that greed makes you poor!"

"Is that so, Yingluo?"

Yunxiao tapped his index finger gently on the table and said," how about this? give me information for free for a year and help me with one thing.

Han Junting frowned and said in disbelief," "One thing?"

"Yes, one thing,"

yes! Yunxiao said seriously, " you know about the wedding in Red Moon City in a month, right? I'm going to save Jiang Ruobing."

Han Junting was taken aback and said, " "You want to ruin the wedding in the red moon City? It was not a good choice to go against Red Moon City, but if it was just to kidnap people, it was not impossible to try. Are you sure Jiang Ruobing is willing to go with you?"

don't tell me that it's their own wishful thinking," Yunxiao said. it's a mutual love.

Han Junting suddenly smiled and said,"I do have some information." It didn't matter whether Jiang Ruobing was willing or not. What was important was that this was a win-win situation. As the daughter of the Jiang family, how could she decide on marriage? You'll probably cause even greater harm and incalculative consequences if you act so recklessly."

Chapter 1329-settled

if you were Jiang Ruobing," Yunxiao said, " would you hope that someone would come and save you? "

Han Junting's eyes lit up and she said, " "There is only one person in this world who can control my Affairs." Her eyes were filled with sadness.

Yunxiao was a little surprised. Judging from her look, she seemed to have someone in her heart, and it seemed like she could not cut it off, and her heart was in a mess.

"Young master Yun, Have you ever had someone in your heart?" han Junting suddenly asked.

Yunxiao frowned slightly and said indifferently, " "Isn't your Star Moon school's intelligence network unparalleled in the world?"

Han Junting laughed and said,"I wouldn't dare claim to be unparalleled in the world, but I did find out a lot." There are many women around young master Yun, but Ding Ling 'er and Luo yunshang are his confidants. I wonder which one is young master Yun's lover, or perhaps both of them have their own lovers?"

where is Yunshang now? ” Yunxiao raised his eyebrows and asked.

Han Junting was slightly shocked, but she remained calm and said, ” “This matter is related to some secrets of the star and moon school, so I’m sorry I can’t tell you.”

Yunxiao was silent. The place Yunshang was going was where Gu Qingqing had left the rainbow stone, so it was not an exaggeration to say that it was a secret of the divine cloud Palace.”Is she safe now?”

Han Junting looked at him and said,”according to the information I have, it should be safe.” Speaking of which, young master Yun’s two female confidants have some connections with me, so we should be friends and not enemies. It’s all this Lord’s fault for being blinded by the word “sharp,” resulting in today’s predicament, ai, ai, ai, ai, ai.”

She let out a long sigh and a short sigh, looking extremely remorseful.

Naturally, Yunxiao would not be fooled. He said indifferently, ” “It doesn’t matter. As the saying goes, friendship comes from a fight. I’m very easy to talk to. As long as you give me enough benefits, I can naturally leave.”

Han Junting,”hehe.”

for the trip to Red Moon City, ” Yunxiao said with a smile, ” star and moon House will send three peak nine-stars experts to help me, and we’ll forget about what happened before.

Han Junting’s face turned green. She gritted her teeth and said, ” young master Yun, if you continue to tease me like this, just kill me with one strike!

your Chamber of Commerce can even send a strong man like Luan Junhao, ” Yunxiao blinked and said. I suppose you can also send three peak nine-star martial artists, right? ”

Han Junting snorted angrily,”young master Yun, are you trying to play dumb?” Do you think that peak nine-star experts are like cabbages? If I had one more of such an existence by my side, would I have fallen into your hands today?”

then let's get ten nine-stars martial sovereigns to help us," Yunxiao said with a smile. I'll give you ten nine-stars martial sovereigns.

"No," Han Junting replied coldly.

Yunxiao's eyes narrowed as he said coldly, "Then What's Your Price? Head shopkeeper, it's you who needs to save your life now. If you can't satisfy me, what's the use of keeping you besides being a woman?"

"Shameless!"

Han Junting slapped the table in anger and embarrassment.

Yunxiao laughed as his figure blurred. The palm force passed through his body, but it could not hurt him at all.

Han Junting's eyes were filled with anger as her chest heaved up and down. It was obvious that she felt wronged, but she had no choice but to accept the situation.

This could be said to be the biggest setback she had suffered since she started cultivating.

However, she was an extremely intelligent person after all. She quickly adjusted her mentality and said, you're only afraid of the three elders of Hongyue. I can think of a way to stop the three elders of Hongyue from making a move. It'll be worth it to provide three peak nine-stars martial sovereigns!

"Oh? Can you really do it?"

Yunxiao's eyes narrowed and flickered with joy.

Han Junting said, "the situation in the red moon City has also been analyzed by the star and moon school. The three elders and Tang Qing are not of the same mind. They will only be United when it

concerns the interests of the red moon City. It is not impossible to divide them over Jiang Ruobing's matter.

what I want is a guarantee, not a possibility! Yunxiao said. I want a guarantee! One wrong move could lead to a complete loss."

"Alright!" Han Junting gritted her teeth. I can agree to this matter! But you are not allowed to state any other conditions!" Her eyes were burning with anger. She was obviously extremely angry.

"Haha, sure!"

haha! Yunxiao laughed. I have one last condition. It's the three questions I asked you last time!

Han Junting was silent for a moment before she said, "I've already told you the answer to one of them, and I'm not sure about the other one. The only one left is bi an."

She hesitated, and her eyes flickered. After a long time, she said, "Although Gu Feiyang died in the tiandang mountains, there was something fishy about it. I don't know if it was the sanctuary behind it, but it must have something to do with people from the sanctuary. If you really want to investigate, Hua qianshu might be the key person. The star and moon school has also spent a lot of energy to investigate this matter, but they only touched the surface. If we go deeper, it's very likely to bring danger."

Han Junting looked around and asked, "Could it be that young master Yun is related to Gu Feiyang? Gu Feiyang had been dead for more than ten years and had long since returned to his former self. Moreover, there were at least 800 peerless experts who had died in the tiandang mountains. It was not surprising. With young master Yun's age, it's really hard for me to understand how Gu Feiyang could be related to him."

Yunxiao's face was expressionless as he said indifferently, "The information you've given me is enough. As for the rest, you don't need to know. I don't want the star and moon school to investigate me again."

I have all the information I can find about young master Yun," han Junting said. I don't think it'll be easy to get the rest.

Yunxiao nodded slightly. Although his expression was normal, there was a chill and Thunder in the depths of his eyes.

He had long felt that there was something fishy about what had happened back then, but the situation was urgent and he had no time to investigate further.

Ever since she was reborn, her doubts had been buried in her heart.

Until the last time di Jia confessed that The Last Avatar of the devil Master was actually in the Holy region!

Everything flashed through his mind like lightning, as if he suddenly understood many things.

Han Junting looked at Yunxiao in surprise, as if he had a lot on his mind. She was also very curious.

Gu Feiyang's death was the key information that the star and moon school wanted to find out, but they had not been able to find out anything about it. They did not expect that there would be someone who was interested in this matter, and this person himself was also full of mysteries.

everything has been settled," han Junting said carefully. young master Yun, can you fulfill your promise and let us go?"

Yunxiao came back to his senses and said, "Of course. However, just in case, the two of you must swear a heart's oath not to tell anyone about me."

"Sure," han Junting said.

This was within her expectations. Although she was extremely unwilling, she still had to do as she was told. She put two fingers together and solemnly swore an oath.

Grandma sunflower's face twitched a little, but she did the same.

alright! Yunxiao said with satisfaction, " the deal is done. I can send the two of you off at any time, but I still want to inquire about one thing. Who is that blue-clothed man of the MU clan, and where does he live?"

Han Junting breathed a heavy sigh of relief. Since Yunxiao had said that the deal was made, he would not go back on his word.

His life was saved, although he had to pay a high price for it.

...

I only know that he's from the MU family, " han Junting said. but he's not on good terms with the MU family. He might be a traitor. He's been cultivating in the outer area of WUFA heaven.

"WUFA Tian?"

Yunxiao's pupils constricted as he fell into deep thought.

that's right, " han Junting said. he claimed to be from beyond the heavens. Although that place is not as dangerous as the tiandang mountains, it is still a famous place for its ferocity. Few people have ever set foot there.

I know about WUFA, " Yunxiao said after some thought. I've been there once.

"What? You've been to WUFA heaven? How is that possible?"

Han Junting was shocked, her eyes full of doubt. After all, she knew almost all the information about Yunxiao, and there was no such thing.

Yunxiao gave her an indifferent look and snorted. nothing is impossible in this world. Those who think that they know and control everything are the dumbest people in the world.

Han Junting was stunned for a moment, then she said, " "You must be interested in the MU clan's puppetry technique. Back then, the MU clan was considered an extremely powerful existence. After so many years of secluded cultivation, their strength was already difficult to estimate. If you can learn the essence of the puppet, it will be an amazing skill."

Yunxiao did not seem to want to talk about it anymore. "I have no more questions. The two of you can leave at any time. Do you want to leave now?"

of course, the sooner the better, " han Junting said. but, Qianqian, please return Lord Luan Junhao to us as well.

...

Yunxiao sneered. Luan Junhao is Luan Junhao, and you are you. Do you want to buy two and get one free? " The head shopkeeper's chips just now were only enough to redeem the two of you."

"What else do you want?" han Junting was exasperated. Lord Luan is a peak nine-stars martial sovereign. You didn't really kill him, did you?"

I don't need you to tell me how valuable a peak nine-stars martial sovereign is, " Yunxiao said. that's why I won't let him go easily.

"You want to recruit him?" han Junting asked. Hehe, do you think it's possible to subdue a peak nine-stars martial sovereign?"

Yunxiao's eyes narrowed as he said with a murderous look, " "There's nothing impossible in this world. In my holy artifact, those who comply will prosper, and those who resist will die! If he doesn't, then he really won't be able to get out!"

Han Junting's heart skipped a beat as she felt a chill down her spine. She felt that there was nothing this man in front of her did not dare to do.

I'll see you off, " Yunxiao said. remember our agreement just now, or else ...

“Don’t worry, we’ve already made a promise,” han Junting said seriously. Young master Yun, you definitely won’t see the three elders make a move on your trip to Red Moon City.”

“That’s good!”

go! Yunxiao shouted in a deep voice and waved his hand.

The two of them only felt a blur in front of their eyes. A white light flashed past, and in the next moment, they directly appeared hundreds of meters above the small city.

The two of them looked around, as if they were not sure if they had come out. It was only when they saw the millions of people coming and going in the city that they heaved a sigh of relief, and their suspended hearts were finally at ease.

Chapter 1330-under the roof

Han Junting scanned the area with her divine sense, but found nothing. She could not sense Yunxiao’s aura at all.

She sighed dejectedly with a dejected look on her face. This time, she had completely capsized. She had never suffered such a setback in her life.

Grandma sunflower had watched her grow up and naturally understood her thoughts. She consoled her, “ This time, Yunxiao lost because he has a Supreme-grade Mystic artifact. No one could have predicted this, so you don’t have to blame yourself, chief shopkeeper.

li Yunxiao is right, ” han Junting said. a loss is a loss, and losers always like to find excuses for themselves. Yunxiao’s schemes and strength are both above mine. Even if he doesn’t have a Supreme-grade Mystic artifact, we may not succeed this time.”

Her dispirited look was swept away, and her eyes burst with light. Her voice was filled with unconcealable excitement as she said, ” “But I didn’t expect him to have a Saint artifact! It’s such an important matter. We didn’t fail in vain this time!”

“This is truly unexpected and shocking,” grandma sunflower said with a serious tone. There are many rumors about Noah’s ship, but no one has seen it for themselves. Almost every time, it’s fake news. We, the divine cloud Palace, have tried several times, but to no avail. I didn’t expect it to be on him!”

Han Junting’s eyes flickered as she thought, “Even if li Yunxiao doesn’t let me make a heart oath, I will never spread this news, in case it causes disputes in the world! After all, the Saint artifact is of utmost importance, and its value is even higher than the Yi wood spiritualism!”

“Then what should we do now?” grandma sunflower asked.

we’ll take it one step at a time,” han Junting said. we’ll deal with the urgent matters later. Let’s settle the matters in Red Moon City first.

“A!”

“It’s so difficult to convince the three elders of the red moon City not to take action!” Grandma sunflower sighed.

Han Junting’s state of mind seemed to have recovered. She said, “It’s difficult, but it’s not impossible. I already have a plan for this, so there’s no need to worry. On the contrary, if we don’t get rid of this li Yunxiao, he will be a great disaster!”

“Head shopkeeper, are you going to break your promise?” grandma sunflower cried out in shock. We’re Yingluo!”

Han Junting raised her hand and interrupted her. when did I say I was going to break the contract? ” Her beautiful eyes flickered as she said in a cold voice, “This person is even more terrifying than Qin Chuan. He must be eliminated! I only promised to help him persuade the three old men of the red moon City not to kill him, but I didn’t say I wouldn’t kill him!”

Grandma sunflower’s eyes lit up as well, “Indeed! We’ll immediately send a message back to the divine cloud Palace and ask for reinforcements to encircle and annihilate this kid!”

Han Junting shook her head and said, "No." It was not the time for Shenxiao Palace to show itself yet, so it was not appropriate to expose a large number of experts. Besides, we just negotiated a treaty with him, and now we're enemies. We have to kill him, but we don't have to do it ourselves."

Grandma Sunflower thought for a moment and said, "Head shopkeeper, you mean to use the Red Moon City?"

"Even the Redmoon city is in a state of disunity," Han Junting said. "If the three elders don't make a move, I don't think they'll win. Don't forget one more thing, the young master of the Beiming family, the head of the four greats of the North-Beiming Lai Feng, and a few other elders of the Beiming family seemed to have died on the East Sea. Yunxiao, on the other hand, is a bi'an who came back from the East Sea alive!"

Grandma Sunflower praised, "wonderful!" We just need to explain the situation to the people of the Beiming family, and then lead them to believe that the murderer is Li Yunxiao!"

Han Junting shook her head and said helplessly, "Why is it so complicated? The young master of the Beiming family has died, and I'm afraid that the undercurrent is already surging. They know no less than us, so we just need to disclose Yunxiao's whereabouts, intentionally or unintentionally. As long as the situation is in chaos, we might be able to kill Yunxiao and seize the Saint artifact and second wood spiritualism without the help of the Divine Cloud Palace!"

The two of them immediately flew into the city. A few hours later, the teleportation formation was activated, and there was no longer any trace of their aura in the city.

After sending Han Junting and Han Yan away, Yunxiao flashed to a desert.

Luan Junhao was sitting cross-legged, quietly absorbing spiritual energy and recuperating from his internal injuries.

He immediately sensed someone's arrival. He slowly opened his eyes, and his eyes were sharp.

three days is not a short time, ” Yunxiao said with a smile. it seems that lady Luan has not recovered much. Are you so seriously injured? ”

“Hmph!”

Luan Junhao snorted coldly and said, ” “You’ve already taken the divine sword, so why are you still looking for me?”

that’s a strange question, ” Yunxiao said. since I’ve captured you and put you in a Supreme-grade Mystic artifact, I naturally have something to tell you.

Luan Junhao glanced at him and came out of his meditation. He said, ” “To be captured on Noah’s ship is not an insult to my status. Tell me what you want.”

Yunxiao smiled in surprise. It had been more than twenty years, and it felt like a lifetime. He did not expect to see her again, let alone see her like this.

“I have a difficult matter to do and would like to ask Lord Luan for help.”

“You want me to help you? It’s impossible!”

Luan Junhao’s gaze turned cold as he started to mock.

“Aiya, everything can be discussed. Don’t reject so quickly.”

Lord Luan, ” Yunxiao chuckled. don’t you remember your current situation, Lord Luan? Or don’t you understand the old adage of lowering one’s head when one is under another’s roof?”

Luan Junhao’s face was filled with anger. After a moment of silence, he said coldly, ” even if it’s a transcendent-grade profound level weapon, it’s only the power of one realm. It might not be able to trap me!

that was when my Lord was at his peak, right?" Yunxiao laughed. As long as I'm willing to, Daren will never be able to recover to his peak here."

Luan Junhao's entire body trembled, and his eyes were filled with anger as he shouted, "Speak! What do you want me to do? Will you let me leave after I'm done?"

Yunxiao said with a smile, "my Lord, you're finally getting on the right track. I'm going to save a person, and I'm alone. I hope you can help me. After it's done, the sea will be wide like a fish, and the sky will be like a bird flying."

Luan Junhao pondered for a moment and said, "where?" Who is the enemy?"

"Red Moon City," Yunxiao said.

"What?"

what?! Luan Junhao was shocked. you're joking, right?!

Just the words 'Redmoon city' had explained everything, and there was no need for any further explanation.

Although he had guessed that the mission would be extremely difficult, he did not expect it to be this difficult!

I never joke, " Yunxiao said. the overall situation of Red Moon City can not be compared with the past. Besides, I will find someone to restrain the three elders. Without any foreign aid in the city, no one will be a match for you.

Luan Junhao frowned and said hesitantly, " I've also heard about the situation in Red Moon City. If you can restrain the three old men and not make a move, we can try.

He looked at Yunxiao and said, 'it can't just be the two of us, can it? There should be a lot of powerhouses in Noah's ship, right?'

yes, there are a few more, " Yunxiao nodded. the two you saw three days ago will be with them. However, their strength is still on the weak side, so Daren will definitely be the leader."

"If everything goes well, I can help you," Luan Junhao said slowly. However, if something happens midway and my life is in danger, I'll turn around and leave without a word."

Yunxiao looked at him and said, " as long as you don't fight head-on, Your Excellency, how many people in the world can endanger your life? If there are other peak nine-star experts, you just need to help me delay them."

"Sure," Luan Junhao nodded. However, my current injuries can't be healed in a short time. Without several months of bitter cultivation, I won't be able to recover to my peak."

you don't have to worry about that, my Lord, " Yunxiao said with a smile. I'll definitely return you a full-blood demon within a month! However, you must swear a heart's vow to not tell anyone about my possession of a Supreme grade profound level weapon. I can rest assured."

...

Luan Junhao was straightforward this time. He nodded and said, " "Sure."

He immediately raised his hand and made an oath, his face solemn.

Yunxiao smiled and said, " "Thank you for your help, Sir. I wish you a happy cooperation."

With a flip of his hand, all sorts of Supreme-grade heavenly treasures appeared before him.

Then, with a thought, the wind and clouds suddenly rose, and the spiritual Qi in the sky rolled over like clouds.

In an instant, the concentration of spirit Qi around Luan Junhao turned into a liquid state. It was just short of solidifying into dust.

“This is an ...”

Luan Junhao was dumbfounded. He knew that this was the power of the master of a world, and he could not help but be envious.

rest here and recuperate, Lord Luan,” Yunxiao said with a smile. With these natural treasures and such rich spirit Qi, it’s more than enough to last you a month.

Luan Junhao did not stand on ceremony. He kept all the treasures and said, “Good! However, I’ve made it clear that I’ll only take action once. Before saving the people in the red moon City, even if you encounter a life-and-death crisis, I’ll never take action. Otherwise, the agreement with the red moon City will be void!”

“Naturally!”

...

yes,” Yunxiao agreed readily. Then, he laughed a few times and disappeared from where he was.

Luan Junhao’s eyes flickered with all sorts of complicated lights, and no one knew what he was thinking about.

In the end, he came back to his senses and began to pick out natural treasures to consume and recuperate with peace of mind.

After leaving Luan Junhao, Yunxiao teleported to an altitude of ten thousand meters.

In front of them was a sea of red fire. It was a hundred mu in size and was burning in a circular shape. It was like a huge fiery red disk hanging high in the sky.

The Scarlet red flames surged and jumped.

Yunxiao was surprised. He could sense the joyful mood of these fire elements.

In the center of the disc, countless fire symbols appeared, transforming into various forms and dancing.

Feini curled up her body and slept quietly. She was like a baby in her mother's womb, sweet and peaceful, with a faint smile.

Yunxiao's pupils constricted. Behind feini, a faint shadow of a Phoenix could be seen, sometimes appearing and sometimes disappearing.

Just as he was about to leave, he suddenly stopped and turned around.

In the sea of fire, the fire talismans that filled the sky froze, as if time and space had stopped.

A cry from the ancient times flew out of the flame. It was proud and empty, as if it had passed through layers of time and space, and it rang out in the entire divine realm tablet.

At this moment, not only him, but all the people in the inner realm opened their eyes in shock and looked at the sky in shock.
