

## **The Eternal 1331**

### Chapter 1331

#### 1331 True spirit Phoenix

Yunxiao was even more shocked. In the center of the sea of fire, countless fire runes condensed above feini's body and slowly revealed their shape, turning into a true spirit Fire Phoenix, and its terrifying aura instantly rose to the extreme!

"True spirit?"

Yunxiao was also overwhelmed with horror. The vast and mighty force that came at him had gone beyond the scope of martial arts, and it made him shudder.

Even though he was in the divine realm tablet, the feeling of being in control of everything disappeared instantly and was replaced by a fear and trembling that came from the bottom of his heart!

The fire Phoenix condensed and its eyes were closed, as if it was still in an endless sleep.

The huge body of fire was burning fiercely, facing Yunxiao from a distance.

"Bang!"

All of a sudden, the Phoenix Fire body exploded.

It didn't cause a huge impact. It only turned into countless fire symbols and dissipated in the sea of fire.

The temperature of the entire sea of fire suddenly rose, and the flames burned even more fiercely.

Black cracks began to appear around the sea of fire. It burned through the entire space inside the stele and shattered.

Yunxiao was horrified. If the flame was allowed to continue burning, the entire divine realm tablet would be destroyed!

He hesitated for a moment, and finally quickly formed a hand seal. Golden runes were sent into the sea of fire, lowering the shocking temperature.

At the same time, a fire cloud mark appeared between his brows and turned into the shadow of a Phoenix. It opened its mouth and sucked.

“Hu hu!”

Boundless flames instantly flew up and surged towards the space between his eyebrows.

Yunxiao’s body suddenly shone with a golden light. The extremely high temperature forced out his indestructible golden body, which automatically protected him.

The fire talismans hit his body in the chaos, bursting into flames.

Under the constant roasting of the divine flame, the Golden body turned dark gold and blacker.

“Hu hu hu!”

An hour later, the entire sea of fire had been absorbed by him and returned to his body.

A strange feeling emerged in his heart. It was as if the flame had a greater spirituality than before and was no longer dead.

“Could it be that the ancient celestial Phoenix is really going to be resurrected?”

Yunxiao was surprised. Feeling the blazing fire energy in his body, he felt a little uneasy.

Feini suddenly gave a soft "hmm" and furrowed her brows. Her sleeping posture gradually relaxed.

It was like a Red Bird spreading its wings in the spring.

The slender body twisted and turned in front of Yunxiao's eyes, giving him a warm, fragrant, and smooth feeling. Coupled with the Crimson Blue gauze dress covering his body, it made him feel thirsty.

Even Yunxiao could not help but swallow.

"Eh? Ah!"

Feini finally opened her eyes. When she saw Yunxiao, her first reaction was to cry out in embarrassment.

Then, the fiery red figure flashed and disappeared.

In the next moment, a red light flashed and appeared in front of Yunxiao. "Why are you looking at me like that? Does it look good?"

Yunxiao blushed and said in embarrassment, "Ahem, I'm just checking to see if there's anything wrong with your body."

"Oh, you're that concerned about me?"

Feini chuckled and began to dance gracefully in front of Yunxiao with her hands. "Go ahead, feel free to look."

It was like a flower or mist, graceful and elegant.

Two streams of blood flowed down from Yunxiao's nose as he said in a daze, "Young master Feini, please conduct yourself with dignity!"

"Respect?"

Feini stopped dancing and said, "You're staring at me while I'm asleep, and you want me to respect myself? You've seen it, are you trying to deny it?"

Yunxiao wiped the blood from his nose. I really just want to observe your physical condition. Don't misunderstand.

Fei Ni smiled slyly. how's the observation? does it look good? " she stammered.

Yunxiao turned his head. He could not stand her aggressive look and said, "Well, you seem to have advanced to nine-star?"

"What?"

Feini was stunned and immediately became alarmed. He circulated the elemental energy in his body and a vast force immediately gushed out.

The entire area instantly turned red.

This power was the power of a nine-stars Martial Emperor!

"Yingluo really advanced Yingluo."

Feini was also stunned, but she was soon overjoyed. Her eyes flickered with excitement as she giggled, "as expected of my man. Not only did you heal my injuries, but you also allowed me to advance by one star. Tsk tsk, I'll definitely follow you in this lifetime."

Yunxiao's face darkened as he said in embarrassment, " "This is completely due to your unique Constitution, it has nothing to do with me."

hehe, I like a modest and low-key man like you. You don't leave your name when you do a good thing, and you don't take credit for it.

Feini chuckled, her face filled with joy.

hey, don't talk nonsense, " Yunxiao said. I was just about to ask you, what's the matter with the Nirvana body of the heavenly Phoenix? "

"This is a big secret of mine, but since you asked, I have to tell you." Fei Ni bit her red lips and replied.

...

"The Phoenix-kind is the same as the dragon-kind," she explained,"in fact, there are many different branches. For example, the ancestral Dragon, the first Dragon, the horned dragon, and so on of the dragon clan were all true spirit level existences, but they were all descendants of the ancient true dragon. The Phoenix race is the same. Fire phoenixes, red phoenixes, black phoenixes, ice phoenixes, feather phoenixes, and other true spirit level existences were all evolved from the ancient heavenly phoenixes, the ancestor of all phoenixes. The so-called Heavenly Phoenix Nirvana body is a strange body that contains a trace of the power of the heavenly Phoenix Nirvana!"

I roughly understand, " Yunxiao said. then, what is the so-called power of Nirvana? "

Feini furrowed her brows and said,"I'm not too sure about this either. There are too few Heavenly Phoenix Nirvana bodies in the long river of history. However, the obvious advantage I have is my extremely fast recovery speed." No matter how serious his injuries were, as long as he didn't die, he would definitely recover in a few days. Furthermore, this recovery speed is also constantly decreasing as time passes. The great master once calculated that as long as my Heavenly Phoenix Nirvana body is complete, I will have an almost undying body in the future. Any injuries can be healed in an instant."

"Undying body! Instant recovery!"

Yunxiao was taken aback. "That's too much of an exaggeration. I'm afraid even the ancient celestial Phoenix herself couldn't do it! There must be a limit to the time it takes to recover, but no one has reached it yet."

Fei Ni blinked her eyes and laughed. I'm not sure. Anyway, her Heavenly Phoenix body is very powerful. It won't be a disgrace to your status.

Yunxiao wiped his cold sweat and said, "you're talking nonsense again. Since the heavenly Phoenix Nirvana body has the power of the heavenly Phoenix, how did Mr. Quan seize it back then?" Extract your blood, or directly refine you into a pill?"

Feini's body trembled violently, and a look of fear and despair appeared on her face. you, Qianqian, you also want to take my Heavenly Phoenix Nirvana body?"

Her eyes were filled with endless desolation and sorrow, making one feel pity for her.

you're overthinking it again! Yunxiao said, sweating. I was just asking casually. You don't have to answer me.

Fei Ni finally came out of her fear and despair, she said, "I only hope that the king's heart is like my heart, and I will not let down my yearning."

...

I'm not interested in your Heavenly Phoenix Nirvana body," Yunxiao said indifferently. I'm not interested in you, either. You don't have to pity yourself. As long as you make a heart's vow not to reveal the fact that I have a transcendent grade profound level weapon, you can leave at any time."

"If that's the case, there's no need for me to leave." Fei Ni's tears turned into a smile. It's a good place, I'll stay here and cultivate."

Yunxiao frowned. the spirit Qi here is far worse than in the heavenly Ridge. Besides, young master feini is missing. Sooner or later, they will find out that I'm here. I don't want to be hunted down by the long family.

"If they really come after you, I'll just show myself and you'll be fine, right?" Fei Ni laughed.

Yunxiao was rendered speechless. "It's up to you, do whatever you want."

"Don't go!"

When feini saw that he was about to leave, she hurriedly turned into a red ray of light and chased after him like a cloud.

Yunxiao ignored her and was about to leave when his face suddenly changed and turned a little solemn.

With a wave of his hand, a huge floating island appeared out of thin air. It was the spirit vein mine.

Then, with a flash, he flew down and began to meditate.

After running for three days and three nights, he had consumed a lot of energy and was in a hurry to recover.

This was because he could already feel a trace of a breakthrough, and this premonition was getting stronger and stronger. He could advance at any time.

If one's origin power could not recover and was not enough to support the breakthrough, it was extremely likely that the breakthrough would fail, and the consequences would be too serious.

"BOOM!"

Muffled explosions kept coming from his body, and his major acupuncture points opened up one by one like fried beans. Soon, he was filled with essence force, and his meridians expanded several times.

Not only did his entire body expand, but it also transformed into a brilliant golden light that illuminated a thousand feet.

“What’s going on?”

Yunxiao was taken aback. He could not suppress the surging power at all, and it kept washing through his limbs and bones.

“What’s wrong with you?” Fei Ni was also shocked.

get out of my way! Yunxiao cried out in a deep voice. I can’t control the primordial energy in my body. I might be about to make a breakthrough!

Fei Ni quickly dodged and appeared a thousand feet away from the mine vein. She looked on nervously.

Naturally, she was aware of the situation of a breakthrough, especially after she had become a high-level martial Supreme. Every breakthrough was like a life-and-death battle.

When she had advanced to the level of an eight-stars Martial Emperor, the entire Sky Ridge long family had been in a state of tension, and the long family master had even personally protected her.

Yunxiao’s face darkened as he cried out, “One Qi of creation!”

An unusual force appeared around his body, and then countless blue runes gushed out of the entire mine. They flashed on the surface of his body and were all absorbed into his skin.

Feini’s eyes widened as he looked at the scene in front of him in shock.

Yunxiao's figure and appearance could no longer be seen clearly, as it was covered by a large amount of spirit Qi.

He could vaguely see countless origin power taking form. They were like Mini Dragons that surged into his body crazily.

The spirit Qi, which had taken form, almost solidified and poured into Yunxiao's body!

"?!"

Feini was shocked. This was not absorbing spiritual energy, it was more like a pile of Supreme-grade spiritual stones!

However, she was also a genius. After a brief moment of shock, she calmed down and her beautiful eyes were filled with excitement.

Chapter 1332-failure

"BOOM!"

The rumbling sounds from inside Yunxiao's body grew louder and louder, and finally converged into a crack that exploded above his dantian.

A huge Nebula was circulating in his body, as if it was the end of all his meridians. It was constantly devouring the elemental energy in his body.

The power that was originally surging in his meridians was instantly emptied out, and his swollen body instantly returned to its original state, and even shriveled up.

Yunxiao frowned. He was no stranger to breaking through to eight-stars Martial Emperor, but he did not need so much primordial energy in the past.

The consumption was like a bottomless pit, as if it had no end. No matter how much spiritual energy he put in, it would never be filled.

Even though his absorption speed was extremely terrifying, there was also a feeling of not being able to make ends meet.

At this moment, the strength of his physical body had been pushed to the extreme. A golden light was shining like the sunset, and his skin emitted a metallic luster. Moreover, deep humming sounds were constantly heard.

“It’s not enough!”

Yunxiao’s face darkened as he made a grabbing gesture in the air. All kinds of heavenly materials and earthly treasures, bejeweled nectar and fruits appeared in his hand, and he opened his mouth wide to swallow them.

Feini’s face was full of surprise. Not to mention the amount of spirit energy he had consumed, the speed alone was enough to stuff an eight-stars Martial Emperor to death. But, judging from Yunxiao’s gradually shriveling skin, it seemed that it was far from enough!

At that moment, a circle of Nebula had appeared in the sky right above Yunxiao, spinning continuously.

“How could it be like this?”

Fei Ni mumbled to herself. She could immediately tell that this phenomenon was due to the insufficient supply of elemental energy in her body. if the accumulation of elemental energy isn’t sufficient, why would there be an advancement? ”

Yunxiao could not figure out the answer to this question.

It was said that there was still a long process of accumulating essence energy before he could break through to the level of an eight-stars Martial Emperor. It was impossible for him to break through at this

point. The vast amount of essence energy that he needed to advance to the next level was now running low, which clearly explained this.

His heart trembled as he thought of the reason. The Phoenix divine flame must have changed, which caused the sudden change in his cultivation base!

At the thought of this, Yunxiao's eyes narrowed. A fire cloud flickered between his brows, and a surge of flame power gushed out and burned his body.

"This huoqianqian."

Feini was shocked. The flame aura that was charging at her was unusually strong but it gave her a very comfortable and friendly feeling. She could not help but want to jump into the embrace of the flame.

Feini calmed down a little and carefully took a step forward, directly walking to the edge of the flames.

As soon as he stepped into it, the bloodline in his body was activated, emitting a vast and surging power.

"Pi Li pa la!"

There was also a chain-like explosion in her body. At this moment, her bones seemed to have begun to shatter. She grimaced in pain and broke out in a cold sweat.

In the midst of this immense pain, determination flashed in feini's eyes. Instead of retreating, he advanced and took another step forward.

"?!"

All of a sudden, she felt a sharp pain in her back, causing her to tremble as if her entire body was about to explode from the force!

“BOOM!”

With a loud boom, all the chaotic energy poured out from behind him.

His entire person became relaxed.

Fei NI’s face was pale and she was sweating profusely. Her pupils suddenly shrank as she looked at her own shadow above the sea of fire in horror!

Long Phoenix Feathers appeared behind him, as magnificent as fire!

“This is a Kasaya.”

Feini turned around in shock and looked at the colorful wings on her back. She was in a daze. atavism demon transformation? ”

Not only did his body change, but Phoenix scales also appeared on his hands and some of his vital parts.

Any light that shone over would be refracted into a myriad of colors that scattered in all directions.

His entire being was completely enveloped in a dazzling light, giving off an indescribable noble and gorgeous aura.

In this state, feini was delighted to find that his strength had risen to an unprecedented height, and an extremely inflated confidence arose spontaneously.

It was as if he was already standing at the peak of martial arts, enough to look down on the world!

“Argh! Li Yunxiao!”

She was smug for a while before she suddenly realized that Yunxiao was in an extremely bad state at the moment.

The appearance of the divine flame brought with it a vast amount of energy to make up for his insufficient Yuan power. The bottomless black hole seemed to be slowly filling up, but the power of the flame began to burn his body. His body, which was shining with golden light, had already been burned to a dark golden color.

Yunxiao was also anxious. The divine flame was clearly under his control, so how could it hurt him?

There was only one explanation, and that was that his control over the divine fire was getting weaker and weaker!

He forcefully endured the pain and allowed the fire to burn him. Otherwise, if he failed to advance, he might lose the possibility of advancing again forever.

He would rather die than sink into oblivion!

After making up his mind, he calmed down and quietly let the fire burn his body. Fortunately, the inextinguishable golden body was strong enough, so he would not be burned to death in a short time.

Suddenly, a drop of clear feeling fell on his lips.

Yunxiao opened his eyes and saw feini cut her wrist. Drops of crystal-clear blood fell and dripped on his lips.

my Phoenix blood is the purest among all the experts with the Phoenix bloodline in the past tens of thousands of years. Eat it quickly. It'll help you resist the burning of the divine fire.

With a concerned look on her face, feini bent down and brought her cut wrist to Yunxiao's lips.

Due to her special physique, the wound on her wrist healed very quickly.

Feini frowned. A red light flashed on her left fingernail, and blood spurted out of it, then she put it on Yunxiao's lips.

...

Yunxiao trembled and wanted to refuse, but the Crimson blood flowed directly into his mouth, and there was a sweet taste.

He couldn't bear it and couldn't open his mouth, allowing the blood to flow down his throat.

Along with the cool feeling, there was a fierce and noble power.

The flames on his body trembled and seemed to be less intense, greatly reducing his pain.

"Thank you," he said.

"No need,"

After the simple conversation, they were both speechless.

Suddenly, Yunxiao's body trembled, and his face changed. Lunar pupils suddenly appeared in his eyes, and they shone with an extremely fierce light.

Feini was shocked. Under the gaze of that pair of eyes, she jumped back and hurriedly retreated a few feet. She felt as if she was being stared at by a poisonous snake and was in an unspeakable panic. "You, are you okay?"

Yunxiao's face immediately twisted, and blue veins bulged on his face. Half of his face was occupied by the moon eye, and he kept screaming.

“Ah! This power, this power, this power, this power!”

...

The feini's blood that he had swallowed was actually burning in his body, directly incinerating his internal organs!

Li Yunxiao, what's wrong with you? ”

Feini was flustered and was at a loss.

Yunxiao's forehead was covered in cold sweat as he said in a trembling voice, ” I'm fine. Leave this place quickly. I'm afraid something will happen!

The burning pain almost seeped into his soul, and his whole body trembled.

And it wasn't just his body, even his consciousness was beginning to corrode. Indistinctly, there seemed to be a Phoenix lying dormant in the depths of the flames, slowly awakening.

He forcefully endured the excruciating pain. As soon as this advancement stopped, he could use the great expansion divine technique to expel the Phoenix Fire from his spiritual altar and sea of consciousness. However, if he did that, he would definitely fail to break through to the eight-stars Martial Emperor realm, and the consequences of failure were very likely to be forever stuck in front of him!

He was unwilling!

A stubbornness that would never admit defeat spread throughout his body. He would rather be burned to ashes in the flames than to stop at this moment.

“Pa!”

An electric arc suddenly flickered above his dantian, making a soft sound.

However, it made Yunxiao tremble as he swept his divine sense toward the purple Thunder seed.

The seed that had been silent all this time suddenly cracked open, and purple gas seeped out.

It seemed to have sensed the surrounding environment and began to change slightly. A layer of purple paste-like substance appeared on the seed.

Suddenly, a red flame flashed and struck the seed.

“Pa!”

As soon as the flame touched the paste, it was extinguished in an instant. Yunxiao felt a sharp pain in his dantian, and he could not help but let out a light groan.

Then, a violent and fierce intent surged in his body. Behind his body, it directly transformed into the shadow of a Phoenix, and slowly opened its eyes!

“?! This is Yingluo.”

Feini was shocked and could not be more shocked. The Phoenix looked down from the sky and its eyes were blurry. It seemed to have no intelligence, as if it had not fully woken up from its sleep.

But even so, the Phoenix formed by the flames still made her mind tremble. She was stunned on the spot and looked like a wooden chicken!

The Phoenix glanced at Yunxiao, who was under it, then suddenly flipped and shot into Yunxiao’s lower abdomen with a whoosh, sending flames into the sky.

“Ah?”

Feini trembled and came to her senses, then looked at Yunxiao in horror.

“Ah!”

Yunxiao suddenly roared, and his imperishable golden body exploded inch by inch, causing blood to spray out.

A terrifying wave of air gushed out from his dantian and instantly turned into a vortex, shaking away the surrounding flames and air!

“Boom boom boom!”

Feini was also pushed thousands of feet away by the impact. She looked at Yunxiao in the distance in horror, only to see him covered in blood and his eyes empty.

At this moment, the phenomenon of advancement in the sky had also disappeared. Blood was still gushing out of Yunxiao’s body, as if his vitality was extremely weak. However, there was a terrifying invisible force surging around him, which sent chills down everyone’s spine.

“Did I fail?”

Feini was completely stunned. She stared at the clear sky in a daze, but there was no sign of advancement. Yunxiao was still a seven-stars Martial Emperor at the moment.

“Impossible! With your talent, you can’t possibly fail!”

Feini felt an inexplicable pain in her heart and two streams of tears flowed down her face. Her phoenix-like body trembled in the sky as if she could not accept this.

“I’m not the man chosen by ni. I’m sure I’ll be the world’s Overlord in the future and a peerless martial sovereign. You can’t be like this. You can’t stop at the eight-stars martial sovereign realm.”

you asked me how to seize the Nirvana body of the heavenly Phoenix," feini murmured, her eyes flashing with determination as she walked toward Yunxiao. in fact, there is another way, and that is to pass the power of the heavenly Phoenix to you when we have sex.

Hot tears flowed from her eyes as she smiled bitterly."However, if I do that, I will completely lose the power of my bloodline. But it doesn't matter, because I like the strong, and you are the one who will become the strongest of this era!"

Chapter 1333

1333 Thoughts

At this moment, Yunxiao was completely 'empty', not only in the strength in his body, but also in the consciousness in his mind.

Although he was still alive, it was as if everything did not belong to him. He just existed silently, without moving or thinking.

Only when he gradually regained his senses in his dantian and a warm feeling flowed through his entire body did he slowly wake up.

"I'm not dead yet?"

Yunxiao silently looked into his body, and his face was filled with shock and contemplation.

When the Phoenix had rushed into his dantian, it had opened its mouth and swallowed the purple Thunder seed. As a result, it had caused a huge explosion and caused the true body of the Phoenix to return to its flaming state.

He had also lost all his senses at that moment and thought that he was dead for sure. He did not expect that he was still alive.

What made him even more confused was that there were three forces floating above his dantian. They were the divine flame, the purple lightning, and an extremely strong white light, which was the spirit power.

The strength of his spiritual energy seemed to be much stronger than before, and within the lightning, a purple lightning flashed, which was abnormally terrifying.

Even the divine fire that he was most familiar with seemed extremely unfamiliar at this moment. He could only feel waves of surging will.

Yunxiao gave it a try and found that he could only control the energy freely, and even after spending a great deal of effort, he could only extract a part of the divine fire.

But to his delight, just a portion of the flames was much stronger than before.

Ever since the divine flame had been repaired in the sea Forest, it had been changing constantly until feini's Heavenly Phoenix Nirvana body appeared and reacted with the divine flame. It was as if a spirit had appeared, as if it had awakened.

At that moment, Yunxiao could see with his divine sense that it seemed to have fallen into an endless sleep again, and the little bit of intelligence seemed to have been destroyed by the purple Thunder.

Yunxiao tried to move the purple Thunderbolt again, but no matter how hard he tried, he could not move it at all.

He had tried all sorts of methods, but they were all fruitless. He could only sigh and give up.

However, this purple lightning had an extremely strong magical effect of protecting the dantian. The last time, it directly broke the seal at the auction at the myriad Treasure Tower. This time, it even destroyed a trace of the Phoenix's spirituality, saving him from the edge of death.

He carefully checked his body and found that other than being badly damaged, there was basically no major problem.

What made him extremely depressed and puzzled was that his current realm was still a seven-stars martial sovereign, which meant that he had completely failed to advance. However, the power in his body had increased greatly.

However, the bottleneck of the eight-star realm had also completely disappeared. He could not sense it at all.

“What’s going on? He clearly didn’t advance, so why is the bottleneck gone?”

Yunxiao frowned and said, “Without the bottleneck of the eight-stars realm, does it mean that I will never be able to break through to the eight-stars martial sovereign realm? However, the power in my body ...”

He circulated his essence force slightly, and a vast feeling instantly surged in his meridians. He had indeed improved greatly.

Based on his understanding of the Martial Emperor realm in his previous life, his current cultivation strength was at least at the peak of eight-star!

“It’s indeed very strange.”

Yunxiao thought for a while, but he could not figure it out. Although he was a little worried, he was relieved that his strength was really improving.

Suddenly, an alluring body appeared in front of him.

Feini’s robe had already been removed, revealing her snow-white skin, and a fresh fragrance wafted over.

Her eyes were blurred, and there were tiny tears hanging on her long eyelashes. Her face was misty.

Its hot body was almost pressed against Yunxiao's.

Yunxiao felt his nostrils heat up, and two streams of blood sprayed out of his mouth, his face red.

He suddenly covered his nose and shouted, "You, what are you doing? Young master feini, please conduct yourself with dignity!"

Fei Ni's entire body trembled and she recovered from her dazed state. Her eyes became clear and she said in a daze, "You, you're fine?"

my nostrils are already bulging. How can I be fine?! Yunxiao's eyes widened, and he did not dare to look at her.

With a wave of his hand, a flowery dress with colorful Phoenix patterns appeared on feini's beautiful body.

Feini's face was also burning, but there was a charming smile on her face. When she saw Yunxiao's evasive look, she felt a little proud.

"Do you like this kind of clothes? Then I'll wear this from now on."

Feini raised her hand and twirled in the air as if she was dancing. She looked very happy.

Yunxiao was speechless. He gave her a look and said, "How's your current state? When I saw you in your demon form earlier, you seemed to be extremely powerful."

Only then did feini put away her mischievous look and recited, "That's one of the changes of the heavenly Phoenix Nirvana body, the first level of the heavenly Phoenix nine transformations. I wasn't sure before, but after the transformation, some inheritances seemed to have been opened, and I naturally knew about it in my mind."

"Nine Phoenix transformations?"

what? ” Yunxiao was taken aback. the first transformation is already extremely oppressive. What level will it reach if there are nine transformations? ”

Fei Ni chuckled and said, ”below the ninth transformation, I can fight against a true spirit.” However, it was extremely difficult to achieve the ninth transformation. In the history of the heavenly Phoenix bloodline, not a single one has ever changed.”

She blinked her eyes and said, ” “If I didn’t meet you, I’m afraid I wouldn’t have been able to experience such a change in my life.”

this is my personal opportunity, ” Yunxiao said. it has nothing to do with me. I’ve also benefited from you. It seems that my Phoenix divine fire has evolved.

Feini was shocked and said in shock, ” “I seemed to have seen the true form of the fire Phoenix! It seems to have entered your body.”

Yunxiao did not hide anything. He nodded and said, ” it is indeed in my body, but my spiritual sense was destroyed by another force. Now, I have returned to the state of fire element.

“His spiritual sense was destroyed by another force.”

Fei Ni was dumbfounded. She could not imagine it at all. She said in a daze, ” “How’s Yingluo doing?”

Yunxiao frowned slightly as he sighed and said, ” you saw it yourself. I failed to advance. I don’t know what happened.

“Failing to advance doesn’t mean that there’s no hope forever. It’s just that the road ahead will be more difficult,” Fei Ni consoled him.

Yunxiao remained silent, because it was not a simple failure, but a very strange state. He could not explain it for the time being, because he could not understand it either.

Feini thought that he was extremely depressed. She gently combed her hair that was scattered on her face and smiled sweetly, "It's fine even if you can't advance anymore. I can give you the heavenly Phoenix Nirvana body. With the help of the divine flame, it won't be a dream to cultivate to the ninth transformation. At that time, I'll also be able to command the world."

...

Yunxiao's eyes rippled, and a slightly stunned emotion spread through his heart. He finally understood what had happened to Feini just now, and he felt his blood heat up as he was extremely touched.

"Young master Feini has entered the first transformation of the heavenly Phoenix, and his martial arts future is limitless. He might even become the head of the long family in the future. He might not be weak."

"You don't have to say anything, I know what you mean."

Feini placed her hands behind her back and smiled, "I'll do my best to fight for the position of the head of the long family, but I won't give up on you even if you want to. I've said it before, I like the strong, and I'm willing to bet that you'll become the most dazzling genius of this era, and even the number one in the world in the future!"

Her eyes flickered with excitement, as if she could already see Yunxiao ruling the world.

Although I'm not an unparalleled beauty, I think highly of myself. Under this sky, no one is worthy of my love and worthy of me except you, Li Yunxiao.

She stared at Yunxiao affectionately and said, "You've appeared in this world before. Everyone else will have to make do with it, but I'm not willing to."

Yunxiao was completely stunned when he heard her voice out her thoughts and feelings.

"What's wrong? Am I not worthy of your love?"

Feini furrowed her brows and said angrily, " I know you have a few other female confidants, Ding Ling 'er and Luo yunshang. Which of them can compare to me? "

Yunxiao shook his head with a wry smile and said, " "It's too sudden, I can't react in time. Let's talk about this in the future."

...

The anger on feini's face disappeared in an instant. She smiled and said, " "Alright, I'll listen to you! However, you can't drive me away. I'll stay here, and you have to lend me your divine fire for cultivation!" Her face was full of hope, like a little girl begging.

Yunxiao thought for a moment and said, " That divine flame is closely related to you. While it helped you, it was also nourished."

He formed a hand seal with one hand and a cloud of fire flew out from between his brows. It wrapped around feini and teleported him away.

Yunxiao breathed a sigh of relief. At the thought of feini's confession just now, his expression changed several times, and in the end, he shook his head with a wry smile.

He stretched out his hands and grabbed at the air. Two boxes appeared in his palms.

Yunxiao stared at the two boxes for a while, then sighed and put them away.

The two Jade boxes contained the nine-five Supreme pill and the tenth-grade Starburst orchid. He had originally planned to take the nine-five Supreme pill and study the Starburst orchid, but the state of his body made him completely lose the mood to take pills.

After all, the nine-five Supreme pill was already a peerless pill. There were one less pill in the world every time he used it, so he couldn't waste it easily. The tenth grade spirit herb couldn't be used without absolute confidence.

After putting away the two Jade boxes, he swallowed some medicinal pills and natural treasures, and began to meditate in the air to regulate his origin power.

After all, his body was riddled with holes and in a state of ruin.

A few days later, a golden light was retracted inside.

All of Yunxiao's injuries had recovered, and he seemed to be under the influence of a wave of primordial energy. His skin was smoother than before.

He came out of his meditation and checked his body. He muttered to himself for a while.

Then, he waved his right hand in the air. Several rays of light shot out and appeared in front of him one by one, turning into twelve puppets in total.

Although their forms were simple and crude, each puppet was extremely lifelike. Under the simple shape, they had a moving expression and gave people a sense of pressure.

They were the six ding six Jia of that person from the MU clan!

Chapter 1334

1334 Two world Mountain

Yunxiao gave the twelve puppets a look. With a flash of light, a large cauldron flew out of his body.

He struck the cauldron with a palm print, and countless white rays of light shot out, engulfing the twelve puppets in an instant.

Yunxiao quickly performed incantation gestures with both hands, and all kinds of patterns on the cauldron became full of spirit Qi, as if they were alive, while the ancient Maha character kept flashing.

Soon after, hundreds of materials were spread out in the sky. Under the control of his spiritual sense, they flew into the cauldron one by one and began to refine.

A few days later, Yunxiao put away the cauldron, and the twelve puppets were all refined. At first glance, they looked brand new.

His dark skin reflected a five-colored light under the light.

Furthermore, not a single bit of origin power fluctuation could be felt from each of the puppets, as all of them were contained within.

Only then did Yunxiao put away the twelve puppets with satisfaction.

Soon after, a blinding light suddenly flashed, followed by the trembling sound of a weapon, and a burst of moonlight.

A beam of moonlight suddenly appeared in Yunxiao's hand, and in it, a nearly transparent sword was flashing and extinguishing, letting out a cheerful cry.

He used his divine sense to sense the sword, and his expression immediately changed, a trace of anger flashing through his eyes.

Back then, he had left an extremely strong star-destroying sword intent on this sword, which could almost condense Qi into a flying sword to kill.

At this moment, the sword essence had disappeared!

Yunxiao's face darkened. The sword intent must have been taken away by someone. Since the sword had only circulated in myriad treasures store's hands, the person who took it must have something to do with myriad treasures store.

If the sword intent was still there, it was almost like an additional life-saving charm. Even a peak nine-star expert could be killed by surprise.

“My sword is damaged. Could it be that someone forcefully broke it and took away the sword intent within?”

Yunxiao caressed the sword, his eyes flashing with affection.

A moment later, he appeared in the teleportation area of the small city. After paying enough vitality stones, he left in the light of teleportation.

In the next moment, there was a spatial fluctuation in the sky above the small city.

Suddenly, two men appeared. They were both extremely young, but their faces were filled with pride. They were obviously disciples from large sects.

One of them was holding a circular formation plate and exclaimed, “Quickly look! There’s a change in elemental energy!”

The other person stared at the disk array carefully and said, “Judging from the energy fluctuations, a high-level Martial Emperor has just left. It must be Li Yunxiao, whom we’ve been looking for!”

“It seems that the news from the star and moon school is true!” The person from before said in surprise. “Hurry, hurry and send a message back. The destination of that wave of teleportation just now was Wufu.”

The other person crushed a Jade token and sent a message.

“Golden Zhang city?” he asked.

“What? Our Beiming family’s Jinzhang city? What was he doing there? “Ah!” Could it be for Yingluo?”

The first person revealed a strange expression and nodded, "It's highly possible. But we don't need to worry about these things. Quickly send the message back, and it will be a great merit!"

The two of them hurriedly turned into a ray of light and flew towards the small city.

Several hours later, outside another big city of the North Region-golden Zhang city, a flash of lightning was rapidly flying in the sky.

The lightning movement technique could travel ten thousand miles in an instant, so fast that it was almost impossible to detect with the naked eye.

Half a day later, the lightning bolt finally stopped near a mountain.

With a flash of lightning, Yunxiao's true body appeared, and his eyes were filled with surprise.

The mountain in front of him was steep and towering. There was a faint red glow in the sky, and colorful clouds flew. It was a spiritual mountain and a treasure land.

He took out an astrolabe and cast an incantation seal into it. All kinds of golden runes flew up, and a circle of light and shadow rippled out.

Yunxiao carefully verified it, then put away the astrolabe and muttered to himself, "That's right, I've calculated it from Seawood town's location. This should be the place that leap sect was talking about."

Back then, leap sect had scattered pink crystal dust to teleport the gourd Little King Kong away. According to the spatial location he had mentioned, it should be in this mountain range.

Yunxiao took out a small golden box and opened it.

A golden light flickered within the box, and a faint golden qi lingered around it. A diamond-shaped needle within the box began to spin.

He stared at it for a while, and his eyebrows immediately rose, revealing a strange expression.

The rhomboid needle swayed left and right at an extremely fast speed, unable to stop, as if it was broken.

The Golden qi kept flowing out of it, and there was a continuous trembling sound.

“Interesting, Yingluo.”

Yunxiao closed the small box and stared at the mountain below with a thoughtful look.

“The ninth-rank finger spirit disc can detect all ninth-rank heavenly treasures within a thousand li. It will also point to the item with the highest rank and character. Now that we can’t point it out, it means that there are many treasures in this mountain range that are on the same level as the gourd Little King Kong!”

The gourd Little King Kong’s body was made of Northern heaven cold star Iron, heavenly shining que gold, and countless other precious materials. It was extremely precious and should have been locked on by the finger spirit compass immediately.

“But this mountain range is so big, how can we find it?”

Yunxiao was a little worried as he spread out his divine sense below.

Suddenly, he frowned and revealed a strange expression. In addition to the aura of a large number of demonic beasts, there were also traces of many humans.

Yunxiao took out a white jade slip and scanned it between his eyebrows.

The Jade slip recorded the map of the entire North Region. Although it was not complete, it was the most complete map that the human race in the realm of heavenly martial arts had explored.

Countless places and territories flashed through his mind, and his divine sense finally located jinzhang city.

One hundred and fifty thousand miles South of jinzhang city, a mountain range was marked with a faint white smoke. The two world Mountain was one of the 26 high-grade spirit veins under the beiming family's control.

"It's actually the beiming family's high grade spirit vein, no wonder it's so rare!"

...

Yunxiao was enlightened, but then he frowned and asked in confusion, "If it's only a high-grade spiritual Meridian, it shouldn't be able to interfere with the level nine finger spirit plate! Even a Supreme-grade spirit vein can't compare to the northern heaven cold star Iron. There must be a great treasure in this spirit vein!"

His eyes flickered as he looked at the mountain range below with greed.

"That's not right, this is the beiming family's high grade spirit vein. It seems like it has been excavated for many years. Normally, a mine with such a large spirit vein would have a dedicated seeker Spirit Master to survey and estimate. This method is far more complicated and precise than the spirit finger plate. If there's a valuable treasure, there's no way we'll miss it,"

Yunxiao thought for a while, but he could not figure it out. He turned around and turned into a bolt of lightning, flying into the mountain and landing directly next to a warrior who was in a hurry.

"Who is it?"

The man immediately noticed someone and shouted.

He moved a hundred feet away in an instant, then turned around vigilantly and stared at Yunxiao while shouting, "Who are you?"

are you from the beiming family, Sir? ” Yunxiao chuckled. are you from the beiming family? ”

The man was dressed in a purple robe, and his eyes flickered as he said, ” “So what if I am? so what if I am not?”

this is the beiming family’s high-grade spirit mine, ” Yunxiao said. it’s normal if it is, but if it isn’t, I’m sorry.

“Sir, are you from the beiming family?” the man’s eyes narrowed and he asked coldly.

...

His question had exposed his identity.

“No,” Yunxiao chuckled.

“Then why the hell are you meddling in other people’s business?!” The man’s eyes darkened.

Yunxiao blinked and said, ” I’m just passing by. I’m a little curious. I noticed that there are many cultivators in the two world Mountain, but they don’t seem to be from the beiming family.”

“Hmph, curiosity has always been the main cause of death.”

this mountain range is more than 100000 miles away from the nearest golden Zhang city, ” the man sneered and said mockingly. it’ll take several days to get there. You actually happened to pass by here and know that this is the two world Mountain. You also know that there are many cultivators who are not from the beiming family. Tsk tsk, this ‘coincidence’ is really amazing. Why haven’t I been ‘coincidental’ before?”

Yunxiao burst into laughter. He knew that the other party was a cautious person, and he had seen through so many flaws at once.”Cough, I did come to the two world Mountain for something, but I don’t

know what happened to attract so many powerful cultivators. Isn't this the Beiming family's high grade spirit ore vein? Who would dare to act so recklessly here?"

The man obviously didn't believe him. He snorted and said, "you're pretending to be stupid, but in my eyes, you're really stupid. Please leave, I don't want to go with you."

With a flick of the purple robe, the man was about to leave.

Yunxiao's figure flickered as he teleported in front of the man and reached out to block his way.

The man was shocked, and his eyes were filled with anger as he shouted, "What are you doing?" A trace of fear flashed through his eyes. He was surprised at the speed of the other party's movement technique. He was completely unable to catch it!

With a smile, Yunxiao stretched out his hand and opened his palm. An ancient green jade appeared in his palm and he handed it over. please don't take offense, Your Excellency. I do have a private matter to attend to, and I don't know why so many Warriors have suddenly appeared in borderline mountain. Please tell me. This piece of ninth-grade blue jade can be considered as payment for the information."

The man stared at the LAN Lin Jade in Yunxiao's palm with a gloomy expression. After confirming that the Jade was indeed a ninth-grade item, he looked surprised and said, "You're really not playing dumb?"

Yunxiao threw the Jade stone over with a smile and said, "People can play dumb, but this ninth-grade item can't."

That person took the Jade and completely believed it. No one would be generous enough to give away ninth tier materials just to play dumb.

With a flip of his hand, he kept the Jade stone. His expression immediately became much gentler as he asked, "Then why did you come to the two world Mountain?"

I'm looking for something that has been lost," Yunxiao said. It used to be mine. I've recently received news that the item should be in the Two World Mountain."

The man frowned, as if he could not understand. But, seeing that Yunxiao was unwilling to say more, he did not ask further. "Actually, it's not a secret. It has already spread in Jinzhang City. The miners in the Two World Mountain found something unusual not long ago. The entire mountain range glowed at night!"

Chapter 1335-Mystic Divine lot

a treasure?" Yunxiao blurted out in surprise. A treasure has appeared?"

The man glanced at him and continued, "In the beginning, the people of the Beiming family also thought so. They dug a huge mine, and inside it was a ruin that used to be inhabited. It covered an area of tens of thousands of acres!"

tens of thousands of mu?!

Yunxiao was taken aback, and his eyes flickered as if he had understood something. "So you're saying that this place used to be a sect, but was later buried in history?"

"You're not from this area, are you?" the man asked.

Indeed," Yunxiao said. I just came to the North not long ago.

The man nodded and said, "That's it. Otherwise, it's impossible that you don't even know about the Two World Mountain, which used to be a Holy Land for reclusive cultivators." The Two World Mountain had a great reputation in the area of Jinzhang City. Although it was not a sect, it was more famous than a sect. Back then, almost all of the wandering cultivators in the North Region gathered here and made this spiritual mountain and Great River their temporary residence for cultivation."

I see," Yunxiao said. It turns out to be an organization of itinerant cultivators. The place that the Beiming family discovered this time should be the base of this rogue cultivator organization. Even if a treasure was discovered, why didn't they seal the mountain? With the Beiming family's strength, even if

they don't send any experts, as long as they issue a beiming order, no one would dare to enter this mountain."

That person said,"you're right. When we first discovered the ancient martial arts ruins in the two world Mountain, the beiming family did seal off the mountain range and explored the area on their own." However, not only did we not find any treasures, but powerhouses also fell one after another. Even the two high-level martial sovereigns who were in charge of this mountain range died one after another."

what? " Yunxiao was taken aback. how did this happen? " The power of a high-level martial sovereign is enough to change the world and the stars. Even if he dies, it must be a grand event and cause a great commotion."

"That should have been the case, but the truth is that the two high-level martial Supremes died inexplicably just like that," the man said. A trace of fear appeared on his face as he said, " "After that, the beiming family investigated for a long time, but they were still unable to find out the reason. However, the strange phenomenon in the night sky was still as strong as ever."

Yunxiao looked a little enlightened as he said, " "I roughly understand what happened next. With the beiming family's nature, they would definitely transfer the risk to someone else. Thus, they opened the seal and spread the news, asking everyone to take the risk and die for them."

The man was a little surprised, and he could not help but give Yunxiao a few more looks as he praised, " "That's right."

This time, it was Yunxiao's turn to feel strange. "Since you know it's so dangerous, why are you all so eager to come over? Don't tell me you guys think that you're even more powerful than the beiming family?"

"No, I didn't,"

"It's because there's been a rumor circulating in jinzhang city these days," the man said with a chuckle. He blinked and continued, " "A miracle has reappeared in the two world Mountain. It's a great opportunity, but it's not a blessing."

Yunxiao's face darkened, and he could not help but mock, " "Sure enough, the treasure has blinded my eyes. This is obviously a little trick by the beiming family to trick everyone into taking the risk for them. The powerhouses who can cultivate to the rank of martial Supreme are all extremely talented and have encountered many opportunities. Can't you see through this little scheme?"

The man chuckled and touched the tip of his nose with his finger. "It's no wonder you think this way, it's human nature. However, what if I tell you that this prophecy comes from the mystic Divine lot?"

Yunxiao trembled and said in surprise, " "The Duanmu family's Mystic Divine lot? Is that true?"

"Of course it's true!" The man replied with a straight face. Many experts had seen it with their own eyes, and even the beiming family started to pay special attention to it. I originally thought that it was just a small ruin with at most some small things emerging, but now I've sent an old man over!"

The old su of the beiming family must be a nine-stars Martial Emperor.

Yunxiao's face turned serious as he said in a deep voice, " "The Duanmu family may be mysterious, but their divination skills are unparalleled. Furthermore, they won't just randomly perform divinations for no reason. It seems like the situation here is extremely special,"

"Yes!" The man said. Moreover, the Duanmu family's divination techniques are divided into four levels: heaven, earth, black, and yellow. The fact that the phenomenon here requires the use of a black-level divine lot is already enough to explain the problem!"

Yunxiao's face was full of thought.

He had originally only come to find the gourd Little King Kong. Everything was within his calculations. With the specific coordinates and the finger spirit plate, it wouldn't take him a few days.

However, not only did the spiritual pointing plate lose its effectiveness, but it also involved the Duanmu family's Mystic Divine lot. It would be difficult to solve this problem in a short time.

"Then what does the prophecy mean by 'a great opportunity is a blessing but not a blessing'?" he asked.

The man laughed, "as long as it's an opportunity, it will always involve disputes of interests, and it will definitely cause a bloody storm." In the end, only the capable can occupy it. As for those who are incapable, it's naturally not a blessing."

Yunxiao frowned. He felt that the explanation was a little farfetched, but it was reasonable. "Does the mysterious God's lot state when the divine miracle will descend?"

"Tomorrow!" The man replied.

"Such a coincidence?"

Yunxiao suddenly had a strange feeling. He had just arrived, and he had already encountered such a thing. It was as if the so-called 'miracle' was waiting for him.

hehe, " the man said. everyone who has come to the two world Mountain is for this. I'm afraid there will be more people coming tomorrow. I can see that you have extraordinary skills, so no matter what it is, it's better to put it aside first and wait for the divine miracle to be over."

fine, " Yunxiao said. I have no idea what I want to do. I'll just wait and see what the so-called miracle is.

"If that's the case, why don't you and I form an alliance and travel together? we can look out for each other." One must know that many experts would seek an Alliance at this moment. After all, their strength was limited. Let's not talk about the other cultivators, just the beiming family alone is enough to give everyone a headache."

Yunxiao thought for a moment, then refused, " "Forget it. I'm used to being alone. I like to be free. I'm really sorry."

The smile on that person's face froze, and gradually turned cold. He snorted, " "Since that's the case, I won't force you. I've already told you everything I need to say. It's worth that blue jade. I wish you good luck!"

He cupped his fists and did not stay any longer. He used his body technique and disappeared into the mountain range in a few flashes.

“Since the mystic Divine lot has appeared, this miracle is most likely true. I wonder if anyone from the Duanmu family has appeared here.” Yunxiao fell into deep thought alone.

He took out the finger spirit plate again, only to see that the needle was still shaking violently. He couldn't locate it at all, so he could only sigh helplessly.

Then, he used his divine perception to scan the entire mountain range. He found that there were indeed more and more martial artists. Moreover, most of them seemed to have gathered in a Mountain Valley hundreds of miles away.

After thinking about it for a while, he understood that the Col must be an important place, and the purple-robed man must have something else to say.

He immediately took to the air and flew towards the Col at a normal speed, so as to avoid attracting attention if his escape technique was too fast.

After the time it took to brew a cup of tea, there was indeed a flat plot of land in the depths of the mountain range that was over a thousand acres in size.

Yunxiao observed the area carefully. The Col was in the middle of several peaks, and it seemed to be an important mining area for spirit ores, as there were broken stones scattered all over the place.

Moreover, there were traces of excavation all around. At least half of the flat land was excavated by man.

He stood in the air and looked down, immediately attracting the attention of many people.

Although there were people flying around in the sky, most of them were people with limited strength. A high-level martial Supreme like him was still very eye-catching.

Yunxiao's divine sense swept across the area without restraint, and he could not help but frown. There was not a single high-level Martial Emperor, not even the purple-robed man he had met earlier.

He looked around and flew down, landing beside a tall and strong man.

With a flick of his finger, the barrier's power spread out and turned into a circular barrier that directly covered the two of them.

The man was greatly alarmed and revealed a look of horror. He said in terror, "My Lord, what are you doing?"

don't be nervous," Yunxiao said. I'm just asking you a few questions. You just have to answer them truthfully.

...

The burly man breathed a sigh of relief. Since the other party had said so, he would certainly not hurt him casually. Moreover, there were many cultivators here, so he should not act rashly.

He was only at the peak of the martial honor realm. He had come here to test his luck and see if he could have the opportunity to break through to the martial Supreme realm.

"I don't know what your Excellency wants to ask, but I will definitely tell you everything I know."

The burly man's expression immediately became respectful and well-behaved. Yunxiao's aura made him afraid to show even the slightest hint of anger.

yes! Yunxiao nodded. why is everyone gathered here? " Could it be that this is the place where the miracle appeared?"

"That's not the case," the burly man replied,"because the phenomenon is right above us." Moreover, the terrain here is flat, so it's easy to gather people."

Yunxiao nodded secretly. It was almost as he had expected. He continued to ask, " why is this place filled with people with weak cultivation bases? there isn't even a high-level martial Supreme here!

The burly man was taken aback. He could not tell Yunxiao's cultivation base, but judging from his tone, he seemed to be a high-level martial sovereign."Those powerful lords have all entered the ruins. We don't dare to enter because we are too weak. In addition, there are people from the beiming family guarding the place, so those who don't meet the requirements aren't allowed to enter."

He spoke in one breath, not even daring to breathe.

although he appeared to be very respectful on the surface, he was still suspicious in his heart. although he could not see through yunxiao's cultivation base, his age was indeed true. he could not believe that the man in front of him was a high-level martial sovereign.

"I see."

...

yes! Yunxiao nodded and said, " where is the relic? what are the conditions to enter?"

The burly man pointed with his finger and said, " there's a mine tunnel at the bottom of the mountain in the North that leads directly to the relic. The whole relic is actually just below this Col. It's many times wider than this flat land. As for the entry requirements, I'm not sure about them."

Chapter 1336-eternal light wall

Yunxiao looked in the direction the burly man was pointing. He could vaguely see that someone seemed to be guarding the foot of the mountain to the North.

"One last question, did the Duanmu family send anyone here?" he asked.

"I'm weak, so I know nothing about this," the burly man replied after a pause. His heart skipped a beat when he saw Yunxiao frowning slightly, and he said in a hurry, "but I heard that the mysterious divine lot was personally displayed by the Duanmu family in Jinzhang city. If the rumors are true, I believe someone will come?" He also looked uncertain.

Yunxiao knew that he could not get any more information, so he said, "You can leave now."

A green light flashed around him and the barrier disappeared. He took a step forward and disappeared.

The big man was startled and came back to his senses. He looked as if he had just survived a disaster and hurriedly walked away, heading to a place with many people.

With a few flashes, Yunxiao arrived at the northern side of the Col. A solitary and steep peak was inserted in the Col, blocking out the sun and the stars.

At the foot of the lone Peak, among the Cypress trees and green pines, a flat road was opened up. There were deep wheel tracks on it, obviously used to transport ores.

"Who is there? stop!"

The end of the road led to the bottom of the lone Peak. In front of a large mine, two warriors stood, one of them frowning and shouting towards the blue light.

At the same time, the two of them clenched their fists, and elemental energy waves spread out. They were extremely vigilant.

Yunxiao's figure appeared in the blue light. He glanced at the two men indifferently and said, "I want to go in."

The pupils of the person on the left contracted. He swept his divine sense over and immediately touched a barrier. He only felt his whole body tremble.

He hurriedly pulled his other companion to the side and said respectfully, "Your Excellency, please come in!"

With an expressionless face, Yunxiao flew into the cave with a flash of green light.

The two guards in front of the mine entrance heaved a sigh of relief. The man on the right asked doubtfully, "Such an unfamiliar and young face, how could he have a cultivation level that even you and I can't detect? Could there be a trap?"

The man on the left glared at him and snorted coldly, "Maybe he's specialized in cultivating his divine sense, or maybe he used some kind of treasure. Under the circumstances where we don't know the other party's background, we shouldn't look for trouble for no reason, in case we get into trouble."

The man on the right nodded. that's true. If his cultivation wasn't high enough and he forced himself into it, he might have died inside.

well, he's courting his own death. Who can he blame? "

The person on the left sneered.

The two of them ignored him and continued to stand in front of the door, cultivating with their eyes half-closed.

Not long after, a few powerful auras suddenly hit them in the face. The two of them were shocked and opened their eyes in horror.

There were three more people in front of him. The old man on the left had white sideburns and a ruddy face. The old man on the right had a head full of messy hair and a messy beard. His face was covered with wrinkles and he was dressed in a tattered Brocade Blue robe. One look and one could tell that he was the kind of person who did not care about his appearance.

The two old men's auras were astonishing, and they did not hide their Emperor Qi at all. They had a lofty appearance, as if they did not put outsiders in their eyes at all.

The woman in the middle was wearing a long white dress with pink patterns embroidered on the wide hem. She had a ten-foot-long purple silk scarf on her arm.

Although her face was covered with a light veil, her eyes were watery, and her sharp gaze seemed to be able to see through everything. She had a light air about her, giving people a sense of beauty and elegance.

The two guards were shocked. Just as they were about to ask, the woman in the palace dress asked in a soft voice, "How many people have gone in?" The voice was soft and clear, extremely moving.

The guard on the left swallowed and quickly replied respectfully, "Sir, more than 30 people have entered."

"So many?"

The ruddy old man frowned and said, "they're all high-level martial sovereigns?"

The guard on the left replied, "our strength is limited, so we'll let anyone who can't see through their cultivation in .."

"Hmph, the two of you are only at the peak of the martial honor realm. It seems like those thirty-odd people are only martial Supremes. There aren't many experts here!"

A look of disdain appeared on the dirty-faced old man's face. "Could it be that the beiming family, as one of the seven superpowers, can't even send out a martial sovereign? Aren't you afraid of becoming a laughingstock by letting two martial venerable dogs guard the door?"

The two guards' faces immediately revealed shock and anger. The one on the right shouted, "Since you dare to speak such arrogant words, you must be someone with a great background. Please state your name so that we can pay our respects!"

"Two revered martial artist dogs are not worthy of asking for my name," the old man sneered.

“You coward!”

The two guards “faces were filled with anger, and their eyes were almost spewing fire. However, the three people in front of them had extraordinary auras. If they were to act rashly, they might be instantly killed.

Although he was about to explode from anger, he suppressed his emotions and did not dare to speak.

The white-haired old man’s eyes turned dark as he glanced at the unkempt old man. He seemed to be very dissatisfied, but he did not say anything.

The woman’s face was covered with a thin veil, so her expression couldn’t be seen, but her eyes were still watery and emotionless. She continued to ask, “Is Lord yuanhai inside?”

The two guards were shocked, and their expressions kept changing. The one on the right cupped his fists and said, “Lord yuanhai has already entered.”

“Alright, let’s go in,” the lady in the court dress nodded gently.

Without waiting for the two guards to agree, there was a flash of light, and the three of them completely disappeared from the entrance of the mine.

The two of them were stunned for a while before their faces darkened.

The face of the person on the left turned ashen as he said hatefully, “where did this wild dog come from? it’s best to die inside!”

The expression of the person on the right changed for a moment before sighing, “Everyone below the martial Supreme realm is an ant. It’s our fault for being stuck at this stage. Don’t be too angry, that woman seems to know Lord yuanhai, if they hear us, we’ll be in big trouble.”

The face of the person on the left turned gloomy for a long time, and he didn't say anything.

After Yunxiao entered the mine, he went deep into it along the largest tunnel.

After walking for a few miles, it finally became wider and wider. Suddenly, a beam of light shone, and a whole new world appeared in front of them.

The bright light was like the morning sun. There were clusters of grass and trees that seemed to have been petrified and reached into the sky.

At a glance, Yunxiao saw that it was indeed thousands of acres in size, and all kinds of wind and water were constantly flowing into his ears. It was obviously a living place.

The ruins were dotted with damaged houses, and there were more than a thousand of them.

He turned into a ray of light and flew above the ruins. His divine sense kept scanning the surroundings, and other than sensing the origin power fluctuations of martial artists in the distance, he did not find anything unusual.

...

He then took out the finger spirit plate and opened the box, only to be stunned.

The needle on the disk was no longer moving. Instead, it was pointing straight in a direction, the center of the ruins.

Yunxiao pondered for a moment, then put away the spirit finger disc and headed in the direction it pointed.

Soon, a huge altar appeared in front of them.

The altar was more than a thousand feet high, like a mountain. It was made of white jade and was surrounded by dense spiritual Qi.

White light seeped out from the spiritual Qi, like four huge Crystal Jade lampshades.

In addition, there were hundreds of identical altars of different sizes, like stars surrounding the moon. They were also shrouded in a layer of spiritual Qi as thin as silver threads and as thin as gauze.

It was only then that Yunxiao realized that all The Light in the Ruins came from there.

From time to time, the figures of martial artists flashed across the hundreds of altars. They had probably already searched all of them.

He stopped in the sky alone and looked down, deep in thought.

Then, his body became blurry and he could not see clearly.

...

A figure seemed to overlap with his body as he walked out directly. It was array master PU Jinshan.

“Young master Yun, why have you summoned me?”

PU Jinshan hurriedly saluted Yunxiao while looking around. When he saw the hundreds of altars below, he was even more surprised.

we are in a mine in the borderline mountain of the North, ” Yunxiao said. it should be a relic left by ancient martial cultivators. What do you think of the altars below? ”

PU Jinshan took a look at those altars, and his expression changed drastically. He said in shock, ” this bi an, this is a bi an. other than shock, there was also disbelief and uncertainty on his face.

“Just say it,” Yunxiao said.

“Gulp!”

PU Jinshan swallowed with difficulty and said in shock, “The four sides of these altars look like the legendary eternal brightness wall!”

Yunxiao’s expression froze as he said in surprise, “Are you talking about the eternal light wall that is used to maintain the life force and the soul?”

“Yes, so young master Yun also knows about this eternal brightness wall.”

PU Jinshan bowed and respectfully explained, “The eternal brightness wall is the best way to maintain a person’s undying array. Usually, when the severely injured are placed inside, not only can they retain their life force, but they can also slowly recover, so it is also called the undying wall! It’s just that the method to create this material and its formation have long been lost.”

Yunxiao suddenly felt an inexplicable fear in his heart, and he could not help but shiver.

PU Jinshan sensed his abnormality and said in a strange tone, “Young master Yun, what’s wrong?”

Yunxiao licked his dry lips and said slowly, “Don’t you think all of these altars are filled with living people?”

“?!”

PU Jinshan sucked in a breath of cold air, and his face turned pale.

The two of them were already high up in the sky, and all they could feel was the cold wind. They felt an unspeakable chill, and a chill ran down their spines to their heads.

“Ha, haha!”

PU Jinshan laughed dryly, wiped the cold sweat off his forehead, and said awkwardly, “How can you really be immortal? The wall of eternal brightness was only there to maintain life and delay death. These ruins look like they’re at least tens of thousands of years old. It’d be strange if they could survive!”

Yunxiao’s face was still solemn, and he was not as optimistic as PU Jinshan.

This was because he had personally experienced such a living example. Shang, Li, Yi, GE, and Fu, these five peak monster race experts, had been sleeping in the soft song forest for tens of thousands of years!

Chapter 1337-star map of chaos

When they found the five of them, they were basically dying.

However, in the past tens of thousands of years, the four demons had worked together to help Shang comprehend the ten rules in the armillary sphere, which resulted in the loss of too much power.

If it was just a deep sleep, the sacrificial formation under the light Singing Forest might have been able to last for tens of thousands of years.

When PU Jinshan saw Yunxiao’s face turning uglier and uglier, he smiled embarrassedly and comforted him, “young master Yun, you’re thinking too much. These ruins might have been here for a hundred thousand years. There isn’t even a dead ghost here, let alone a living person!”

Yunxiao shook his head slightly, knowing that things were not that simple.

Firstly, many experts had already died in the ruins, and even the beiming family couldn’t find out the cause. Secondly, even the Duanmu family’s divine lot had appeared. It was enough to show the severity of the matter.

“Take a look again,” he said, “other than the four sides of the altar being constructed by the eternal brightness wall, is there anything special?”

“A special place, Yingluo.”

PU Jinshan took a closer look, and his expression quickly changed as he said in shock, “The stars surround the moon, the star chart?”

Yunxiao nodded. yes, it is arranged according to the stars, and even its size corresponds to the stars in the sky. But, I look a little unfamiliar with it, and I can’t remember which star map it is.

“There are billions of stars in the sky, who can remember all of them?” PU Jinshan said. However, the star chart was almost the same. It was nothing more than borrowing the power of the stars. This area seemed to be in a daze. He frowned and revealed a confused look.

“No, this can’t be right. How can this be?”

what? ” PU Jinshan was shocked and said, “ these are the parts of the three star region maps combined. It’s a random star map in the big picture of the stars, but it occupies three star areas at the same time. That’s why it’s so messy.”

it’s not impossible to randomly select a Star Domain, ” Yunxiao said with a frown. it’s just that the power of an incomplete star array will be greatly reduced. The person who set up such a scheme back then should have understood.”

PU Jinshan also revealed a strange expression and didn’t know how to explain, so he could only say, “ this area is not only set up on the eye of the spiritual vein, but it also borrows the power of the stars. It must not be simple.

I’ll go down and take a look, ” Yunxiao said. you can come down with me.

“Yes!”

yes,” PU Jinshan replied. He had also aroused great interest in this area and hoped to study it further.

The two of them turned into rays of light and flew down. They passed through the layers of spiritual Qi mist and landed on the largest altar, immediately attracting everyone’s attention.

The Jade on the altar glowed like a Pearl, accompanied by a slight chill that made people want to touch it.

PU Jinshan couldn’t hold it in any longer. He squatted down and used his hand to wipe the floor on the stage. The white light shone on his face, and his eyes were filled with amazement.

Yunxiao also carefully observed the altar. The entire platform was not flat, but uneven.

Not only were there many huge stone pillars, but there were also sunken places. All of these seemed to have been deliberately built.

He flew up and stepped on the highest pillar, looking around.

All the altars in the surroundings were exactly the same. The only difference was their size.

“You two, come here.”

Suddenly, a cold voice rang out, and it was directed at Yunxiao and PU Jinshan.

The two of them turned around at the same time and saw a few people standing in a corner of the altar. In front of them was a table with many memorial tablets.

Yunxiao’s pupils constricted. He could tell at a glance that these people were from the beiming family from their temperament and appearance.

He also recognized the person in the lead. More than 20 years ago, this person was a nine-stars martial sovereign and one of the elders of the beiming family-beiming yuanhai.

PU Jinshan raised his head, straightened his body, and said with some fear, "What's the matter?"

"I told you to come over, so come over. Why are you talking so much nonsense?"

One of the experts from the beiming family shouted as his eyes flashed with a cold light.

PU Jinshan's face darkened, and his eyes flickered with anger, but he did not dare to say a word. Instead, he raised his head and looked at Yunxiao.

Yunxiao's eyes gleamed with cold light, and a mocking smile hung on the corner of his mouth.

That expert was furious and was about to explode, but he was stopped by the darknorth Yuan ocean.

He was extremely thin and tall, with slanted eyebrows and long cheeks. His temperament was extremely cold, which was the result of years of cultivation of the profound cold Qi.

He slowly raised his eyes and looked Yunxiao up and down. His eyelids twitched slightly as he said, "Kid, Who are you?"

Yunxiao sneered as he stood still on the Jade pillar. what does it have to do with you? "

"Impudent! Do you know who this Lord in front of you is?"

The expert from before shouted angrily, as if he was scolding him for failing to recognize Mount Tai. He said coldly and arrogantly, "This Lord is an elder of beiming Dark Palace, Lord beiming yuanhai!"

He had thought that the other party would be shocked and obediently admit his mistake.

The result stunned everyone. The other party looked as if he had never heard of the beiming Yuan sea.

Only PU Jinshan's expression changed drastically, and his eyes were filled with shock and fear.

then, do you know who I am? " Yunxiao asked.

"I don't know." The man frowned. Other than curiosity, there was also undisguisable contempt in his eyes, as if he was saying, "Who Do You Think You Are?"

Yunxiao smiled as he jumped off the pillar and grabbed PU Jinshan.

The two of them turned into a ray of light and disappeared in front of everyone with a whoosh. Only a long laugh could be heard. haha, it's good that you don't know.

The members of the beiming family were instantly stunned and dumbfounded.

"Dammit! You dare to trick me!"

The man was furious and was about to give chase.

"Forget it,"

Said the darknorth Yuan hai. His voice was cold, causing everyone to shiver.

...

"Yes!"

The man hurriedly responded and didn't dare to pursue.

"There's something strange about that brat. He's not as simple as he looks on the surface. Don't make any trouble at this moment."

The darknorth primordial sea looked at the memorial tablets and said, "Including the two of them, there are a total of thirty-seven people on this altar."

The tablets on the table were all exactly the same, except for the names engraved on them. There were four rows of tablets, a total of thirty-five tablets.

The words 'darknorth primordial ocean' were written on the front.

"If these two don't imprint a trace of their Natal primordial spirit, we won't know even if they die," said an expert behind him.

it doesn't matter," said the darknorth primordial sea. it doesn't matter if one or two more people die. The key is to find out the cause of their death.

"Bang!"

All of a sudden, a spirit tablet on the table flashed with golden light before exploding with a bang and dissipating.

Then, a "ka" sound came from the memorial tablet. The three words "Bai Zifeng" on it instantly split open, and the entire memorial tablet became dull.

...

"Another one died!"

“Seven people have already died since we entered this place!” Someone behind him exclaimed.

The other person said in a serious voice, “this person’s cultivation is an advanced seven-stars martial sovereign!” The highest cultivation base among the six people in front of us is only a five-star martial sovereign. It seems that the danger of this place is even higher than we had expected!”

The face of the darknorth primordial sea was still gloomy. He didn’t express any opinion, allowing his subordinates to make all kinds of guesses and calculations.

At this moment, many people came in one after another. They were all ordered to leave their life imprints.

Most of the people obediently followed his orders. Even if they were extremely unwilling, they did not dare to resist.

However, there was one four-star Martial Emperor who was too stubborn and refused to cooperate. He was killed by a beiming family’s expert with one slash.

Yunxiao and PU Jinshan went to some of the smaller altars around them to check.

The entire altar was a single entity, and there were no gaps or doors that could be used to enter.

They checked a few in a row, but all of them were the same. Finally, they gave up and stood on a medium-sized altar.

“Young master Yun, apart from the eternal brightness wall and the chaotic layout of the star field, there’s nothing else unusual here,” PU Jinshan said.

I know,” Yunxiao said. thank you for your hard work. You can go back now.

At this moment, PU Jinshan could no longer play any role, so he put PU Jinshan into the divine realm tablet and began to think alone.

Originally, it was extremely normal for there to be no problems, but the key was that they couldn't find any problems, but people kept dying.

"It's you."

Suddenly, a familiar voice came, interrupting Yunxiao's thoughts.

Yunxiao turned around, and two beams of light instantly landed on the altar.

One of them was a handsome man in white with a smile on his face, while the other was in a purple robe with a cold face. It was the man they had met in the mountain.

Yunxiao's eyes swept across the room and immediately stopped on the man in white. He seemed to be sizing him up with great interest, and his brows immediately furrowed.

The man in white smiled and did not take it to heart. He only nodded slightly as a form of greeting.

I knew you would come in," the purple-robed man said. you should be aware of the current situation, right? you can reconsider the Alliance I proposed earlier.

Oh," Yunxiao said. I really don't see the need to join forces.

The purple-robed man's expression changed. He seemed to be angry as he shouted in a low voice, "do you know that four to five Martial Emperor powerhouses have already died here in just a short while?"

Yunxiao's heart stirred as he said in a deep voice, "How did he die?"

The purple-robed man shook his head with a serious expression and said with difficulty, "I don't know!"

He looked at Yunxiao coldly. it's because I don't know that it's even more dangerous! And even if there's nothing unusual, how can we fight against beiming Dark Palace when we're all alone?"

Yunxiao fell silent.

The purple-robed man saw that he seemed to be moved and immediately struck while the iron was hot, " not only beiming Dark Palace, as far as I know, a few nine-star martial sovereigns will also come, including the Duanmu family's experts.

Yunxiao's pupils constricted slightly, but they returned to normal in the blink of an eye.

However, the light in his eyes seemed to have turned cloudy. even if you want to form an alliance, you have to let me see the value of the Alliance.

The purple-robed man was stunned for a moment. Then, he clapped his hands and laughed, " "Of course! We must be equal in strength to truly benefit each other."

He pointed to the man in white beside him and introduced, " this is an ally that I've just befriended. He's an advanced seven-star Martial Emperor, Bai Zifeng!

Chapter 1338-life

Bai Zifeng nodded and smiled. The curve of his lips was just right, almost perfect.

brother Zifeng, your cultivation base seems a little strange, " Yunxiao said. may I know what cultivation technique you are cultivating? "

only then did bai zifeng smile. " i made some mistakes while practicing. sorry to have embarrassed myself. "

A strange expression appeared on the purple-robed man's face. He couldn't help but size up Bai Zifeng a few more times and said, " "Brother Zifeng, are you feeling unwell? I have some medicinal pills here that can be used to strengthen one's Foundation and cultivate one's vitality." He took out several kinds of

medicinal pills and handed them over. Among them, there were extraordinary high-quality pills with an overbearing spiritual Qi.

Bai Zifeng's smile faded as he frowned and said in a deep voice, "I really don't need it. It's just that my elemental energy is a little chaotic."

The purple-robed man then retracted his hand and said, "alright, let's form an alliance and attack and defend together. If you have any difficulties or needs, just tell me. Don't be polite."

Only then did Bai Zifeng's expression change slightly, and he nodded.

The purple-robed man continued his introduction. I'm Yi Yan. I'm also a seven-stars Martial Emperor. The three of us have the same strength. We're quite fated.

young master Yun, " Yunxiao said. you can call me young master Yun.

The purple-robed man frowned and was slightly unhappy, but he did not say anything.

On the other hand, Bai Zifeng's expression was calm. He still had a smile on his face, as if he hadn't heard the conversation between the two.

Yunxiao ignored Yi Yan's displeasure and said, "There's no sound other than dead silence. It was too unbelievable that he could kill a Martial Emperor powerhouse without a sound. If it were us, even if we couldn't defeat them, we would at least be able to let out a cry before we die."

Yi Yan said sternly, "that's what I'm most afraid of. Furthermore, the expert who died has completely disappeared. Even his corpse can't be found. Could he have been swallowed by the altar?"

"Swallowed? Brother Yi Yan, are you saying that these altars are alive?"

Yunxiao raised an eyebrow and fell into deep thought.

“Ha, I’m just casually guessing.”

Yi Yan laughed and denied himself. “How is that possible?”

Yunxiao’s eyes flickered as he pointed a finger into the distance and said, “But I just felt that the altar seemed to have changed.”

“Hmm, what change?” Yi Yan asked in shock.

I was here just now,” Yunxiao said. I used my divine sense to check the entire area, and the altar suddenly disappeared from my perception.

“There’s such a thing?” Yi Yan was shocked. He hurriedly spread his divine sense over, but there was no one on the altar several miles away, and nothing was wrong.

Yi Yan frowned and said, “young master Yun, are you mistaken?” There doesn’t seem to be any difference.” A strange expression appeared on his face as he said, “Young master Yun, did you just say that your divine sense can radiate to the entire area? ”

Yunxiao did not answer the question, but said, “It did disappear from my perception just now, and then it reappeared. It completely disappeared out of thin air and appeared out of thin air. However, the altar is always there. I can see it clearly, but I can’t sense it with my soul consciousness.”

Yi Yan fell into deep thought. now that young master Yun has put it this way, it’s indeed a little strange. Why don’t the three of us go over and investigate? ” he asked.

no need to investigate, ” Yunxiao said. just ask brother Zifeng.

“What? What do you mean by that?”

Yi Yan was shocked. He then looked at Bai Zifeng, and his expression changed as he retreated in shock!

The smile on Bai Zifeng's face was long gone. In its place was a ferocious expression, and his eyes flashed with a strange light.

Yunxiao's pupils constricted as he said coldly, "Brother Zifeng, please tell us what happened at the altar. When I lost contact with the altar, brother Zifeng happened to be there. Unfortunately, my eyesight is also very good, but I can't see brother Zifeng's shadow at all. When the altar reappeared in my perception, Zifeng also appeared."

Yi Yan was shocked. Bai Zifeng, " he said. is that true? " What happened there?"

"Hmph!"

Bai Zifeng let out a heavy snort. It was heavy and vexed, and it didn't sound human at all.

Along with the sound came a rotten smell, so rotten that it made people extremely uncomfortable.

Yi Yan's expression changed drastically. His purple robe made fluttering sounds as his essence force surged out. A thin layer of spiritual mist enveloped his body, making him extremely alert.

Bai Zifeng's body began to change subtly. Aside from a pungent smell, green spots began to appear on his smooth skin.

"Livor mortis?"

Yi Yan was shocked and exclaimed, " young master Yun, what's wrong with him? "

what? " Yunxiao turned his eyes and said, " compared to him, I'm more concerned about what's going on with this altar we're on.

"An altar? What do you mean by that?"

Yi Yan was shocked. He quickly scanned his surroundings with his divine sense and said, "There's nothing unusual."

look at the main altar in the center," Yunxiao said. it's the main altar.

Yi Yan's divine sense quickly spread out into the distance. Suddenly, his expression changed greatly and he said in horror, "He's gone? The people of the beiming family and the other cultivators have all disappeared?"

Yunxiao smiled wryly. they're not the ones who disappeared. It should be us. This altar should have undergone the same changes as the one I had observed before. Or perhaps some kind of restriction had been activated, so they were separated into two different worlds. Bai Zifeng must have been hit at that time, so he became like this."

Yi Yan's face turned green and he looked extremely ugly. does that mean we've been tricked too? "

Yunxiao crossed his arms over his chest and said indifferently, "Not yet, but if I can't beat brother Zifeng, I'll probably fall for it."

The two of them were on high alert as they stared at Bai Zifeng.

The changes on Bai Zifeng's body were getting more and more obvious. His face had peeled off, and there was not a single piece of undamaged skin on his body. His entire body was rotting.

"Ah!"

Bai Zifeng opened his mouth and exhaled. He was like a rotten corpse that had been sleeping for countless years, and the air around him immediately turned sour.

Both of them almost vomited as Emperor Qi gushed out of their bodies and separated the air from the outside world.

Yi Yan pulled a long face. how did he become like this all of a sudden? his mind and everything else were normal before this.

Yunxiao's eyes were also filled with disgust as he said, " "Ask him. Although his appearance has changed, his mind might not have."

After Bai Zifeng exhaled, he raised his head. His two eyeballs were completely exposed, as if they were stuck to his face. He turned a few times, opened his mouth, and a low, rotten voice came out. vitality mayfly, I want vitality mayfly. You guys, give me some vitality mayfly.

...

"Are you Bai Zifeng or someone else?" Yi Yan asked warily.

Bai Zifeng slowly shifted his body and walked towards the two of them. Bai Zifeng, of course I'm Bai Zifeng, why, why, why am I so talented? why am I so handsome? I'm the one who's rotten, not you guys. Why?"

Yunxiao and Yi Yan exchanged a look. They both touched their hair, tidied their robes, stuck out their chests, and raised their chins slightly.

"Give me back my life force!"

A loud roar came from Bai Zifeng's mouth, and his entire face became even more terrifying.

"Bang!"

Bai Zifeng's body swayed, and the air around him was compressed. His entire body shot out at an extremely fast speed, and he threw a punch!

The speed of the punch was so fast that it created sparks. With a boom, it hit where Yi Yan was.

The two of them were prepared. Yi Yan dodged in an instant. The wind on his fist exploded and flames scattered, scattering the afterimages.

Bai Zifeng's eyes, which were stuck to his face, turned to look at Yunxiao.

Looking at his face, Yunxiao felt disgusted. The space around him trembled, and he teleported away, landing on a jade stone pillar on the altar in the next moment.

...

"Ah!"

Bai Zifeng spat out another mouthful of corpse Qi. His body flickered as well, and he charged towards Yi Yan. This time, his speed seemed to be even faster than before.

Yi Yan was shocked. His forehead was covered in cold sweat. A golden light flashed in his hand, and a blade light burst out.

"Bang!"

The blade collided with the tip of Bai Zifeng's fist, and a bright light spread out. The blade was blocked by a green corpse Qi, unable to harm his body.

Yi Yan and Yunxiao's pupils constricted as they stared at the layer of green corpse Qi.

"Ah!"

Bai Zifeng roared and increased the strength in his hand. The green corpse Qi swelled up and finally exploded with a bang!

Yi Yan's expression changed and he shouted, "sky-illuminating cloud!"

The Golden air blade in his hand shook, and suddenly, a blade flower bloomed, turning into shadows that filled the sky.

Countless runes flew out from the blade, and all the blade shadows froze, forming an invisible wall of blades. It separated the green corpse Qi and collapsed!

The transparent wall of blades fell and split into countless blade shadows, slashing down!

“Bang! Bang! Bang! Bang! Bang! Bang!”

The saber shadows were abnormally sharp, tearing apart the corpse Qi on Bai Zifeng’s body and directly slashing at his physical body.

“Ah!”

Bai Zifeng was suppressed by the saber Qi and couldn’t fight back. His body was cut inch by inch, and a pained expression appeared on his face as he let out a muffled groan.

After a rain of blades, his rotten body was riddled with holes. However, Bai Zifeng did not die. Instead, he turned his eyes and looked at Yi Yan.

Yi Yan jumped in fright under that terrifying gaze. He felt a chill run up his spine to the back of his head. For some reason, he felt cold all over.

“BOOM!”

Suddenly, there was a flash of red light and a ball of flame exploded above his head!

“Ah!”

Yi Yan's body dodged. His hair was burnt and disheveled. He jumped out of the fire in a sorry state.

"What are you doing?"

His face was full of anger as he glared at the sky.

Where the flame exploded, the space rippled, and Yunxiao's figure emerged. He raised his hand, and a few beams of light shot down.

Yi Yan's pupils shrank. He saw that there seemed to be something in the light. His five fingers reached out and grabbed the light in the air. He studied it carefully.

He saw that a few rice-like things had been burnt black. Even so, he could still see their shape at a glance.

Yi Yan's body trembled. corpse rotting bugs?! he exclaimed in shock.

Chapter 1339

1339 Duanmu Cang

it's not an ordinary corpse rotting worm," Yunxiao said. otherwise, it would have been impossible for it to sneak into you without a sound.

Yi Yan couldn't help but shiver in fear. He said awkwardly, "Thank, thank you, thank you so much!" He glanced at Bai Zifeng. He really couldn't imagine what it felt like to be in that state.

The gratitude he felt for Yunxiao immediately exploded. these mutated corpse rotting bugs should be the murderer, but where did the people who died before go? did they become like this like Bai Zifeng?"

As soon as he finished speaking, the space above Bai Zifeng twisted, and more than a dozen figures appeared out of thin air. They were all ordinary rotting bodies that emitted a strong corpse Qi.

Yi Yan shut his mouth immediately. He wanted to slap himself.

Although the rotten bodies looked extremely tattered, the corpse Qi on them was even more severe than Bai Zifeng's. They no longer looked like they did before.

"What do we do?"

In his horror, he flew up and stood side by side with Yunxiao, raising his saber vigilantly. These people don't seem to be weaker than Bai Zifeng! he said.

It's alright," Yunxiao said. Leave it to me.

"Eh? What did he say?" Yi Yan was stunned for a moment. He thought that he had been too nervous to hear her clearly.

Yunxiao repeated, "It's fine, leave it to me. You stay back."

Yi Yan was shocked. He looked a little dazed as he said, "You ... You want to deal with these zombies alone?"

These things are afraid of fire," Yunxiao said. It just so happens that I've cultivated a fire-elemental divine ability that I'm quite proud of. Let's give it a try.

Yi Yan hesitated for a moment. Alright. Don't force yourself. I'll support you! He retreated 30 meters, the treasured saber in his hand shining. He didn't dare to let his guard down.

The knife wounds on Bai Zifeng's body gradually healed, and he seemed to have an undying body.

He slowly raised his head and suddenly jumped up. With a loud roar, he rushed toward the two of them.

The zombies that had appeared out of thin air behind him went berserk as well. All sorts of terrifying sounds came out of their mouths, and they turned into more than ten beams of light that flashed across the sky.

Yi Yan's heart sank as an ominous feeling welled up in his heart. He could not help but tighten his grip on the treasured saber.

Yunxiao's eyes narrowed slightly. Now that he had found the reason for the murder, he had no time to waste on these non-human and non-ghost things. Moreover, he was very curious about this space and wanted to study how to get out.

He stretched out his hands and spread them open.

There was a breeze on his left hand, and a flame appeared on his right hand. It burned more and more fiercely, and suddenly it was dozens of feet high, like a fierce beast baring its fangs and brandishing its claws, almost about to take shape.

Yi Yan was slightly surprised, but he was soon overjoyed. He could feel the terrifying power in the flame. The stronger Yunxiao was, the greater their chances of survival!

"Bang!"

Yunxiao made a grabbing motion with his right hand, and the flames dissipated in an instant. Then, he put his palms together, and with a loud bang, a huge firestorm wheel spun in front of him!

The entire sky seemed to be under the power of this Wind and Fire!

"Ah, this Yingluo."

Yi Yan was taken aback. The power of the two elements fused together and the pressure increased several times, forcing him to retreat.

The zombies were also stunned by the incoming force. Bai Zifeng's eyes, which were stuck to his face, revealed a look of surprise for the first time.

"Eh, you guys are afraid too?"

Yunxiao immediately caught Bai Zifeng's expression, and he found it very interesting. "Since he's scared, he'll definitely die."

"Go!"

He spread out his hands, and the huge firestorm wheels rolled over, crushing everything!

"Argh! Ah!"

Under the illumination of the light, the rotting corpses were so disgusting that they looked like they were about to vomit. When they saw the wind-fire wheels approaching, their faces were filled with fear.

However, not a single one of them managed to escape. Bai Zifeng took the lead and roared, punching forward with both fists, creating countless fist shadows.

The rest of the zombies unleashed their own techniques as well, filling the sky with green light and bombarding the firestorm wheels!

"BOOM!"

The firestorm wheels exploded, and the flames and squall blasted in all directions, engulfing all the zombies.

Under the raging flames, the faint shadow of a Phoenix could be seen lying dormant, and the temperature of the entire sky rose to a terrifying degree.

Yi Yan's mouth was wide open in horror. The elemental power that filled the sky made him feel a deep sense of fear. He couldn't help but secretly estimate whether he could withstand this move.

The answer made him shudder. Under the extremely high temperature, he felt cold, and the look he gave Yunxiao turned from gratitude to deep fear.

The zombies wailed in fear under the flames, but their voices grew weaker and weaker, and eventually died down.

After all of them were burned into ashes, they were blown away by the astral winds. The entire sky suddenly became quiet.

young master Yun's strength is shocking. I was blind. Please forgive me for my previous negligence!

Yi Yan immediately became respectful and went forward to apologize. fortunately, young master Yun is here today. Otherwise, I'll definitely die Here. I won't forget your life-saving grace!

you're welcome, " Yunxiao chuckled. since we're in an Alliance, you and I are naturally on the same side.

Yi Yan's face reddened and he looked a little embarrassed. young master Yun is ten times stronger than me. I dare not mention the Alliance again, but if there's anything I can do for you, I'll go through fire and water without hesitation!

He was speaking the truth. He would only be confident of winning if there were ten zombies, but he did not expect to be killed by the opponent in one move. He felt that he had underestimated the opponent's strength after thinking about it.

Yi Yan could not help but feel shocked. The other party's body did have the origin Energy fluctuation of a seven-star martial sovereign. Even when he had attacked just now, there had been no change. How could there be such a huge difference between the two of them in the same one-star realm?

Moreover, he was not an ordinary seven-stars Martial Emperor. Not only had he been promoted for more than ten years, but he also had a few trump cards in his hand.

He had originally thought that there were very few people in the same rank who could beat him. Even if there were people who could not beat him, it would be very easy to retreat.

However, when he recalled the great firestorm wheels, he realized that he had been too naive.

Yunxiao did not seem to hear him, and his face turned serious.

...

After scanning the surroundings with his divine sense, he said in a deep voice, "There is indeed someone controlling this altar in the dark. We have returned."

Yi Yan was taken aback. He hurriedly looked around and saw that all the members of the Beiming family were present on the main altar. There were also many more cultivators who had entered later.

"Young master Yun, you mean there's someone hiding in the altar?" he asked, surprised and delighted.

It might not be a human," Yunxiao said. It might be something else, but it will definitely show its true face. By the way, you said that someone from the Duanmu family will be here as well. Do you know who it is?"

"I heard that she's Lord Duanmu Youyu's younger sister, Duanmu Cang," Yi Yan hurriedly said.

"It's her?"

Yunxiao raised an eyebrow as a cold and dignified face appeared in his mind.

"Young master Yun, you know him?" Yi Yan asked, stunned.

Yunxiao smiled and said nothing. let's go to the main altar. That thing failed to attack us, so it should not choose us as its targets anymore.

The two of them used escape techniques and flew onto the main altar.

At this moment, other than the members of the beiming family, there were also many other cultivators scattered around the area. The main altar was extremely large, and the number of people had doubled, but it still seemed very empty.

...

Yunxiao and Yi Yan chose the highest pillar, stood on it, sat down cross-legged, and began to cultivate.

"It's that kid!"

In the corner of the altar, among the crowd of beiming family members, the arrogant man's eyes turned cold as he recognized Yunxiao. I'll go and teach him a lesson!

Forget it, didn't Lord Yuan hai just say not to cause trouble? "

The other person said,"look, the companion beside him seems to have changed. Could it be that the initial-stage martial sovereign has already died?"

The arrogant man's face darkened, and he snorted, "Fang Shi, this Lord's actions don't need you to interfere!"

He sneaked a glance at Yuan hai, who had his eyes slightly closed. Seeing that the latter did not object, he smiled coldly and walked toward the big pillar where Yunxiao was with his arms crossed.

Fang Shi's expression changed slightly, but seeing that the darknorth Yuan hai didn't say anything, he didn't say anything.

Suddenly, Yuan hai opened his eyes and shouted, "Jiao Hao, come back!"

The arrogant man was stunned. He stopped in the air.

there's an important guest," said the darknorth primordial sea. don't cause trouble. He raised his head and looked at the void in the sky. He said slowly, "Are you Lord Duanmu Cang?"

The cultivators on the altar were shocked. They came back to their senses from their cultivation and looked up at the sky.

The air rippled and three figures appeared. They were the woman and the two old men.

The woman's face was covered with a thin veil, and her eyes were somewhat cold. She exuded a unique temperament that seemed impossible to see through.

She walked down from the sky and said, "Lord yuanhai, sorry for the long wait." The two old men behind her also followed her step by step.

Darknorth Yuan hai smiled,"to be able to welcome Lord Cang's arrival, it's worth it no matter how long I wait." I don't know who these two friends are, but from their looks, they both have extraordinary auras. I hope Daren can introduce them."

Yunxiao looked over. Although the woman's face was covered, he could tell at a glance that it was Duanmu Cang.

As for the other two old men, he recognized the ruddy-faced old man in the White robe. He was a formation master of his generation.

As for the other person, he was completely unrecognizable. He had a dirty face, but he had an arrogant expression, as if he didn't put anyone in his eyes, as if he was the only one.

All the ancient martial art practitioners on the altar focused their attention on Duanmu Cang, wanting to see this legendary extraordinary lady.

From time to time, there were people flying over from the other altars. Most of the people in the entire area had basically gathered here.

Duanmu Cang pointed at the white-robed old man and said, "this Lord is the leader of his generation in the Dao of formations. He's the famous tai-Shu Xie ting." &Nbsp;

"?! What, it's actually him?"

Everyone was taken aback. They shifted their gazes away from Duanmu Cang and studied the white-robed old man.

Tai-Shu Xie ting looked like a gentle, humble, and kind old man. At first glance, he gave people a good impression. Coupled with his identity, he immediately made people respect him.

Chapter 1340-wondrous spiritual eyes

The darknorth primordial sea was both surprised and delighted as he hurriedly said, " "So it's Lord Xie ting, it's an honor to meet you!"

He was shocked that Duanmu Cang had come prepared and even invited an array master to come out of the mountain. He was happy that with more strength, the success rate would be higher.

"Lord yuanhai is too polite," Xie ting said.

"Hmph!"

A soft, cold snort sounded. Although it was as soft as a mosquito, everyone present was an expert and heard it clearly.

It was the old man with a dirty face and a dark glow. He looked unruly and seemed to be dissatisfied with Duanmu Cang's introduction of tai-Shu Xie ting.

"This is an expert from the hidden Mu family, the puppet master-mu Jie-" Duanmu Cang smiled-

The dark-faced elder raised his head slightly, his eyes flashing with a sharp light as if he was above everyone else.

Yunxiao was taken aback, and his brows furrowed. He did not expect it to be a member of the MU family.

He couldn't help but guess the reason why Duanmu Cang invited the MU family over. However, no matter what Duanmu Cang's intentions were, the MU clan's ordinary appearance on the continent seemed to indicate that they were unwilling to be left out.

"The great puppeteer? There are big and small puppet masters?"

"So it's a hidden family, no wonder I've never heard of it."

so it's a reclusive family. No wonder their expressions are different from ordinary people. They must have become stupid after being reclusive for a long time.

"Puppets are just auxiliary tools, and they're actually being used as main tools. Will such a sect have a future? No wonder he went into seclusion."

The crowd's disdainful comments rang out, causing mu Jie's originally dark face to almost turn charcoal black, and her eyes were spewing fire.

"All of you, shut up!"

die! mu Jie roared, and a powerful aura spread across the altar, deafening even the deaf!

Only then did everyone's expression change, and they all fell silent. Not to mention this person's puppet skills, just the power of his vital Qi was enough to intimidate any Rascal.

Yunxiao's expression was calm. He knew a lot about the MU family, and he knew that the strength of this sect was actually very terrifying, not at all inferior to the seven superpowers.

The darknorth primordial sea naturally knew of the MU family's name and was even more bewildered. He didn't know why Duanmu Cang would invite the MU family over.

However, he suppressed all the doubts in his heart and forced a smile on his face. He revealed a look of joy and quickly said, "so it's the great puppeteer of the MU clan. Although the MU clan has always been aloof from worldly affairs and secluded from the world, their reputation has not diminished. They are still admirable!

When mu Jie heard this, her expression slightly improved. She nodded and said, "Hmm, you're a smart person."

The darknorth primordial sea was stunned and said, "someone who understands? What do you mean by that?"

"You know the MU family's reputation and power," mu Jie said.

Dark lines appeared on Yuan Hai's face, thinking that this person must be crazy. He actually took a few polite words seriously. If it wasn't for the fact that the situation was complicated and you dared to act tough in front of my beiming family, I would have sent you flying with a slap!

Duanmu Cang also shook his head with a bitter smile. It was as if he had not expected the MU family to be so foolish. He changed the topic and said, "Did Lord yuanhai notice anything strange about this place?"

"Not yet," said the darknorth primordial sea seriously, "a total of nine people have died since I entered, leaving no traces at all. Adding on the number of people from before, there should be several tens of them."

“This place is not simple indeed. Lord Xie ting, can you see anything?” Duanmu Cang said.

when I was looking down at these altars from above, ” tai-Shu Xie ting said slowly, ” they seemed to be arranged according to the star map. But it’s not a complete star map.

“Star map?”

The darknorth primordial sea was stunned and immediately said,“Lord Xie ting, you mean this altar is broken?” But I, Fang Yuan, have checked all of them and didn’t find any signs of damage.”

“That’s what I don’t understand,” Xie ting said. Judging from the abilities of the person who arranged this star map, he would never have made such a mistake.”

He opened his hand and a black stone appeared in his palm. A golden seal was sent into it.

The stone glowed with a bright light that shot into the sky. Fluorescent spots appeared and formed a star chart.

Everyone looked up, as if they were under the starry night.

Tai-Shu Xie ting pointed in a direction and said, ” “These are the three small galaxies of the Black Tortoise Galaxy, ox, nu and Xu, and they are not complete.”

The place he was pointing at suddenly brightened up, and the illusory images of the bull, female, and Void Star areas appeared. They were like Bulls, bats, and mice, and their shapes were very realistic.

At the border of the three star areas, hundreds of stars suddenly brightened up, which was just right for the layout of the altar.

“I see!”

Many people exclaimed in surprise as they looked at the vast starry sky. They felt a sense of mystery and couldn't help but feel a deep respect for the battle Mage.

Tai-Shu Xie ting said, " although the star map of this altar is in disorder, it can't borrow the power of the stars. It's just that its power is much weaker. This old man's guess is that perhaps the original intention of this game was to only require a Little Star power, and any more would instead be harmful, so this chaotic Star Game was set up."

Duanmu Cang's eyes flashed. Lord Xie ting's analysis is very reasonable. From the current situation, it should be the case. I wonder what the purpose of these altars is? "

"These four sides are the eternal light wall. This structure should be used to store life force and power. I'm afraid there's something extremely powerful in these altars," mu Jie said.

"It really is the eternal light wall? This old man didn't dare to confirm it at first, but now that Lord mu Yu has said it, it's confirmed." Tai-Shu Xie ting was amazed by the arrangement of this place.

"I'm afraid that only my Mu family knows the refining method of the eternal brightness wall in this world. Therefore, I can tell at a glance that these walls are of the highest quality. The success rate is extremely low!" Mu Jie said proudly.

Tai-Shu Xie ting's expression changed, and he said,"the MU family actually has the method to refine the eternal brightness wall?" I'm willing to exchange it with a treasure, I wonder if you're willing?"

"I can't make the decision, but I'll pass on Lord Xie ting's message," mu Jie stroked her beard and smiled.

Xie ting cupped his fists and said, " I'll have to trouble you then. Although I'm not as rich as those alchemists, I still have some precious treasures in my hands. I won't let your sect down.

"Hehe, you're too kind." Mu Jie's face was filled with pride.

Seeing that they had digressed, the darknorth primordial sea hurriedly said, " just now, the two lords said that there was a powerful living creature in the altar. What should we do now? "

"It's simple. Just blow up an altar and you'll understand," mu Jie said.

"You can't!"

Duanmu Cang was the first to object,"this area is very important. We can't rashly destroy it!" When the opportunity comes, we will consider opening the altar if there are no more clues."

...

Lord yuanhai, " Xie ting said, " it's been a while since you discovered this altar. Haven't you tried to destroy one? "

sigh, " the darknorth Yuan hai sighed. actually, I did do it before, but those people have all gone missing. No one knows the specific situation.

Everyone's expression changed slightly, only feeling a kind of chilly feeling.

"Lord Cang, there's still 110 hours to midnight. Will something really happen?" His face was filled with suspicion.

The rest of the cultivators were also in disbelief. Although the Duanmu family's divination was famous, not many people had actually seen it.

"Yes, I think so. Midnight is when the power of the starry sky is at its strongest. Combined with the arrangement of this altar, it can be confirmed that there is no mistake."

"I'll look around first. Maybe I'll find something," Duanmu Cang said.

alright, " darknorth Yuan hai said. but Lord Cang, be careful.

Duanmu Cang nodded and turned into a ray of light, flying into the distance.

Xie ting, on the other hand, flew up into the sky and continued to look down from above, hoping to find something.

Mu Jie snorted lightly, then turned her eyes and flew to a huge Jade pillar. She sat down cross-legged right opposite Yunxiao's pillar.

...

At this moment, many martial artists flew in from the outside one after another, and it began to become a little noisy.

Yunxiao's divine sense covered the entire area, but he did not find anything unusual, and no one had disappeared.

It seemed that after the previous battle, the entire area had returned to normal.

"Kid, what's your name?" Suddenly, a deep voice was heard.

Yunxiao turned around. Mu Jie, who was sitting on the Jade pillar opposite him, had opened her eyes and was staring at him with a strange look.

you're a country bumpkin," Yunxiao said with a smile. your name is not worth mentioning.

"Hmph, you're very special."

"There are many people who want to catch my attention. I look down on them, but I look up to you," mu Jie snorted coldly.

Yunxiao felt the eyes on him from all directions, and he did not know whether to laugh or cry. But, he also knew that the MU family had a very high opinion of themselves, and it was not easy for them to look up to them. I'm flattered. What did I do to deserve your respect? "

The strange look in mu Jie's eyes became even more intense, and a layer of gray appeared on her pupils. I've cultivated a kind of magical power called the wondrous spiritual eyes. It can roughly gauge a person's strength, and I can tell that you're very strong!

Yi Yan was instantly shocked. His view of mu Jie seemed to have changed. This haughty old man indeed had sharp eyes.

Yunxiao was also taken aback. "How did Daren see through it?" He no longer dared to underestimate the MU family's strength.

Mu Jie smiled, and the gray color in her eyes dissipated, shooting out bits of light. to measure a person's strength, there are no other things than cultivation, divine sense, physical body, profound level weapons, and divine powers. Under my wondrous spiritual eyes, the five colors will appear.

Yunxiao's face darkened, and his heart was filled with shock.'If there is really a spirit eye technique that can see the five features of a person, how heaven-defying would that be? wouldn't I be able to see everything in front of the other party at a glance?'

Mu Jie's eyes narrowed slightly, and the light in them was reserved. She seemed to be in deep thought as she said,"Three of them are golden. They're the cultivation base, physical body, and divine consciousness. All three of them have reached the level of a high-level martial Supreme. What's even more shocking to me is that your profound level weapon and light of magical ability are the purple Qi soaring light that I've never seen before!"

what's going on?!

Mu Jie's pupils constricted, and her eyes shot toward Yunxiao like lightning!
