

## **The Eternal 1341**

### Chapter 1341

#### 1341 Stacking space

Yunxiao was taken aback. Mu Jie's eyes were staring at him like a venomous snake, and they were extremely sharp.

Not only that, everyone around looked shocked, but most of them were suspicious, and most of them were just looking on with disdain.

Yunxiao, on the other hand, was shocked. 'There is such a magical eye technique in the world? isn't it even more powerful than the eye of truth of the Neptune clan?'

He suppressed the shock in his heart, forced a smile, and said, "Lord mu Jie is too kind. Profound level weapons and magical powers, I am indeed capable, but they are not as exaggerated as what Lord mu Jie said."

Mu Jie's expression turned suspicious. Her eyes turned gray once again, and five lights were reflected in her turbid eyes.

"Three gold and two purple, there's no mistake!" He said. The purple Qi rushing into the sky is the highest phenomenon that my wondrous spirit eyes can see. Ever since my spirit eyes were formed, I've never seen anything like it! Little brat, this old man is very interested in your profound level weapons and divine abilities."

The grey light in his eyes dissipated and he regained his clarity.

With a flash, the figure disappeared from where he was and reappeared directly on the huge Jade pillar where Yunxiao was standing. Although three people were standing on it, it still looked very wide.

Yi Yan was shocked. He shouted warily, " what are you doing?!"

Mu Jie looked at him with disdain and said, cultivation base, profound level weapon, and divine power. The three lights are gold, the flesh is brown, and the consciousness is green. Although it's not bad overall, it's still trash in my eyes.

Yi Yan's body trembled. When mu Jie spoke, an unrivaled, vast aura surged over and suppressed him, making him unable to move.

Cold sweat broke out on his forehead, and his face turned pale.

Yunxiao suppressed the shock in his heart and said with a smile, "Is it really good for Lord mu Jie to bully the weak like this? I'm also very interested in your wondrous spirit eyes technique."

"Hehe," mu Jie chuckled and said, "you're indeed not simple to be able to remain so calm under my aura. But this old man really wants to see what the profound level weapons and magical powers of the purple Qi soaring into the sky look like!"

"BOOM!"

The air around them exploded, and mu Jie's aura condensed, almost materializing into a pillar of strong wind that blasted directly at Yunxiao!

Yunxiao's face flickered, and his eyes flashed with anger.

It was too rude and arrogant for the other party to beat him up. However, when he thought of the other party's identity, he could only sigh helplessly. It seemed that such a stupid character flowed in the blood of the MU family.

Who asked him to be targeted by such an idiot?

"Bang!"

The astral wind pillar hit Yunxiao directly, shattering his body into countless green lights and making him disappear before his eyes.

“Mm, it’s Azure lightning.”

Mu Jie was taken aback. She looked up and saw Yunxiao’s figure in a ball of lightning a hundred feet away, staring at her coldly.

He grinned and said, “hehe, the Thunderbolt transformation technique of the Jiang family of the red moon City is indeed a top magical power, but it’s not as good as the light of purple clouds soaring into the sky.”

Yunxiao’s face was cold as he said, “Mu Jie, are you really going to fight me?”

His tone carried a hint of anger and threat. Circles of elemental energy rippled from his body, and his aura grew stronger.

The surrounding people were all shocked and revealed suspicious expressions.

Although they did not believe the five-colored light that mu Jie had mentioned, Yunxiao’s Thunderbolt transformation had lit up their eyes, and they did not look down on him anymore.

“This place is not suitable for fighting.”

Suddenly, a pleasant female voice was heard.

It was Duanmu Cang. She had appeared beside the Jade pillar at some point, and there was a hint of surprise in her beautiful eyes as she looked at Yunxiao.

“That’s right. Don’t destroy the altar here and ruin the big plan.”

Yuan Hai's figure flickered and appeared on the Jade pillar in an instant. He also gave Yunxiao a look of surprise.

Mu Jie was silent for a moment before she replied, "alright." But don't go, kid. I must find out what that purple Qi is all about."

Yunxiao's face twitched, and his eyes flickered with anger. But, on second thought, his anger dissipated and he returned to his usual calm.

"Is the wondrous spell spirit eye cultivated by Lord mu Jie the small wheel three phase life transformation wondrous spell spirit eye?" Duanmu Cang asked.

"Young lady Cang also knows of this technique?" mu Jie was startled.

Duanmu Cang's beautiful eyes flickered and finally revealed a look of surprise. "I was just casually guessing, I didn't expect it to be true! This technique has already surpassed the ninth-rank and is truly a divine technique!"

"What?"

The surrounding people were all shocked, revealing a look of horror.

They were all Martial Emperor powerhouses of the nine Heavens realm. Naturally, they understood what a divine skill was!

Darknorth Yuan Hai's expression also changed drastically. His eyes widened and flickered with uncertainty.

Yunxiao was also greatly shocked, and his mind raced. He seemed to have heard of the name 'small wheel three-phase life transformation magical spirit eye', but he could not recall it for the time being.

"Hahaha!"

Mu Jie sensed everyone's shock and horror and laughed complacently. She stroked her beard and humbly said, "Young lady Cang is indeed knowledgeable. This technique is indeed a divine technique of the ten directions, but it's still a bit disdainful."

"But I haven't fully mastered it. It's just an incomplete technique. It's far from the real spirit eyes of the small wheel three phases life transformation." He said honestly.

"I see."

"What a pity," Duanmu Cang sighed.

"Although it's an incomplete technique, it's still enough to be unrivaled in the world," mu Jie's expression changed slightly as she said proudly.

Everyone's face darkened. This guy seemed to be the most afraid that others didn't know how powerful he was. He was just short of writing "I'm very powerful" on his face.

"That's true. Even though it's just an incomplete technique, it's still extremely powerful. The MU family's Foundation and strength can't be underestimated," Duanmu Cang said.

"Hehe."

When mu Jie heard the praise, she immediately beamed with joy.

...

Only then did the darknorth primordial sea understand this person's temperament. He also smiled and praised, "This old man's horizons have been broadened today. If you don't mind, you are always welcome to visit the beiming family. We will definitely treat you as a distinguished guest."

"Haha, well said, well said."

Mu Yu was grinning from ear to ear. She felt that she had displayed the MU family's elegance and was a little confused.

The surrounding people were speechless. They only felt that this person's magical power was powerful, but his mind was simple. He wasn't a difficult person to deal with, and he could be taken down with just a few words.

It was only then that Duanmu Cang turned his eyes to Yunxiao in the sky and said, "I'm also curious about your identity. Although I have some guesses, I'm not sure."

my identity is not surprising," Yunxiao said with a faint smile. Lord Cang, you'd better focus your mind and energy on these altars. It was said that the Duanmu family's divination techniques were unparalleled in the world. They could see through the currents of time and space and peer into the past and the future. Could it be that they couldn't even divine the strangeness of this place? The rumors are too exaggerated."

The crowd's hearts trembled as they looked at Yunxiao in surprise. He had actually spoken to Duanmu Cang in such a way.

One must know that the Duanmu family had always been extremely mysterious. Outsiders knew very little about them. Even the seven superpowers did not know much about the Duanmu family.

The only thing he knew was that this aristocratic family had extremely powerful divination abilities and Duanmu Youyu was one of the ten titled martial sovereigns.

Duanmu Cang did not get angry. He said indifferently, "The rumors in the outside world are indeed exaggerated, and the art of divination is a heaven-defying act, so it must be punished by the heavens. Even for us, we're very careful every time we spy on the heavenly fortune, and we don't dare to rashly spy on it."

Yunxiao's eyes flickered as he thought of water fairy's mother, the wife of the ocean Emperor, poron. She had lost her life because she had peeked at the heavenly fate, and now she was only alive because of a Seven Star Lamp.

...

Tai-Shu Xie ting's sigh could be heard, "The great Dao is boundless, and people are like ants. The heavens are endless, who can see everything? Who would dare to peek?"

Everyone fell silent. The atmosphere seemed to have become a little depressing.

All of them were powerhouses of the present age. Those who could step into the realm of the nine Heavens martial sovereign had all kinds of opportunities, talents, and perseverance. However, they were all deeply moved by the long journey of martial arts.

The darknorth Yuan ocean was also touched, and it was even more so for nine-star martial sovereigns like them.

The first move of the three moves from beyond the heavens was 'my life is limited', while 'Dao is boundless'.

Yunxiao's heart trembled. The word 'dare' made his heart palpitate.

He remembered what the ocean Emperor had told him about ancient God Maha. The 3000 great DAOs had condensed into words, but they were not accepted by a world, and in the end, they exploded and disappeared.

Duanmu Cang smiled and said, "I order Xi to be together with Jie Xi." "Please do not be hasty." The road is long and I will search up and down."

Tai-Shu Xie ting laughed. Lord Cang is open-minded and ambitious. You are a role model for our generation.

Duanmu Cang chuckled. Lord Xie ting, you're making fun of me. Did you find anything after walking around? "

Tai-Shu Xie ting's smile disappeared, and he said seriously, "It's indeed strange. There seem to be traces of overlapping space here."

Yunxiao's eyes narrowed, and a hint of surprise flashed through them.

Duanmu Cang was also stunned. Then, he seemed to have come to a realization and said, "Overlapping space? If that's the case, then it makes sense that someone died and their body couldn't be found."

what? " the darknorth primordial sea was shocked. my Lord, you mean those dead people were dragged into another space? " In that case, there really are living things here?"

Everyone was shocked and could not help but gather around the altar, as if they could huddle together to keep warm.

Tai-Shu Xie ting pondered and said, "I can't say for sure. After all, stacking spaces is an extremely advanced formation technique. Even though I can barely do it." However, even King level leader Teng Guang would not be able to maintain such a complicated and energy-consuming formation for tens of thousands of years."

what if there's a living creature that has been maintaining this array for tens of thousands of years? " Yunxiao suddenly asked.

"This Suan ni is good."

Tai-Shu Xie ting was stunned for a moment. His expression turned strange as he said, "Are there any living things that can live for tens of thousands of years without dying?"

this kind of 'living thing' is not necessarily a real living person, " Yunxiao said. it's not like it's alive.

"Young master Yun, do you know something?" Duanmu Cang asked.

Yunxiao looked up at her and said, "Lord Cang has indeed guessed my identity. I have indeed encountered something."

Chapter 1342-Earth Rune

"What?"

Everyone was shocked, and their eyes were all focused on him.

Yunxiao explained what he had encountered before. As for how he had destroyed the carrion with a divine ability, he simply said that he had destroyed it with a fire-elemental martial technique. "Those zombies can't be destroyed, but they should be restrained by fire."

"There's actually such a thing!"

what?" the darknorth primordial sea was shocked. Bai Zifeng's memorial tablet did shatter before! why didn't you say something so important earlier?! he shouted, glaring.

Yunxiao gave him an indifferent look and said, "Strange, why should I tell you?"

"Hmph, there are really people in this world who don't want to live!"

Darknorth Yuan Hai's eyes were filled with killing intent, "don't think that I won't kill you just because Lord Cang is here!

Jiao Hao was shocked. He shouted, "Argh! He's Li Yunxiao!" His voice was filled with shock and horror.

li Yunxiao?"

"Li Yunxiao!"

Everyone was shocked and finally reacted.

The one who was rumored to be god-like, with heaven-defying strength and a boundless arrogance, the number one rising star in the world!

li Yunxiao? ” mu Jie was startled. so, you’re li Yunxiao? ” He had heard about Yunxiao before he left the MU family, and he could not help but look thoughtful.

Yi Yan was shocked. A sudden realization welled up in his heart. No wonder there was such a huge difference between him and the other party.

His reputation was well-deserved!

“What?”

Hmph! Yunxiao snorted and said, ” why are you all showing such faces? it’s as if you know me. I’m sorry, but I don’t know you.”

Darknorth Yuan Hai’s pupils constricted as he shouted, ” “So, you are li Yunxiao? It really didn’t take much effort to get it!”

He clenched his fist, and a series of bone-cracking sounds rang out. A layer of faint ice clouds appeared around his fist.

The space shrank and collapsed on the ice cloud, leaving countless wrinkles and terrifying black lines.

The bodies of the people around the darknorth primordial sea seemed to have changed shape.

Everyone from the beiming family couldn’t help but take a step back. Jiao Hao said in shock, Lord yuanhai, just let me capture this brat. There’s no need for you to personally do it.

there's no time," said beiming Yuan hai coldly. I'll take this kid down first and you can take him back to beiming Dark Palace. You don't have to get involved in this matter.

Jiao Hao was stunned and a hint of anger flashed in his eyes. Opportunities were so rare and he was about to miss it.

He gave Yunxiao a venomous glare, but he had no choice but to answer, "Yes!"

Duanmu Cang was shocked,"Lord yuanhai!"

"Lord Cang, there's no need to say anything more. I must take this person!" Darknorth Yuan hai said coldly. He raised his head, his eyes flashing with a cold light. are you going to surrender, or do you want to suffer a little?"

is there a third option?" Yunxiao laughed. is there a third option?" For example, we can pretend that we don't know each other and continue to play happily together."

"Hmph, this old master doesn't like people with glib tongues. It seems like you want to suffer a little. It's good for a young man to suffer a little more."

Darknorth Yuan Hai's expression turned cold as he shouted and raised his fist.

The ring of faint ice clouds rose and suddenly melted, illuminating the entire dome into an icy color.

"Frozen Jade water!"

Darknorth Yuan Hai's eyes slightly narrowed as countless water-colored runes floated on his fist wind. All of a sudden, his arm rotated and he punched out!

"BOOM!"

Countless shattering sounds in the sky were like the shattering of a Glacier, and they entered everyone's ears. Everyone's expression changed drastically.

The huge ice cloud layer in the sky shattered, and the light dimmed in an instant. An invisible stream of water turned into a tornado pillar and blasted toward Yunxiao!

Beiming yuanhai's expression didn't change as rays of light bloomed from his body. He then made a hand seal and shouted, " "Water clouds like cotton!"

Countless ice crystals in the sky condensed, turned over, and fell on Yunxiao like an avalanche!

The crowd was shocked when they saw Yunxiao being swallowed by the ice cloud in an instant.

Yunxiao was taken aback as well, and he was instantly caught in a huge vortex of power. He did not expect Yuan hai to be so fierce in his first attack.

These two moves were actually one move, Jade ice water cloud like cotton. The northern underworld primordial sea was afraid that he would die after one move, so he used them separately, reducing their power.

Lord Yuan hai thinks too highly of me, using such a ruthless move right off the bat, aren't you afraid of losing your demeanor? "

At the center of the ice cloud, Yunxiao's clear voice came from within the swirling water.

"What?"

Everyone was shocked. Although they didn't expect this person to die so easily, his voice was powerful and resounded, as if he was doing it with ease.

Darknorth Yuan Hai's eyes narrowed and his face darkened.

Then, a ray of golden light bloomed from the ice layer, giving off a blinding light. It was like a lotus blooming in the depths of the sea of clouds!

“BOOM!”

The entire layer of ice, with the water cloud vortex as the center, instantly collapsed. The power of the water cloud was the exact opposite. Under the power of the astral wind, it became even more violent.

However, it changed its direction and blasted towards the dome of the sky!

“Not good!”

Several people gasped in surprise.

...

The whirlpool water column borrowed the power of the astral wind and shot up to the sky like a Rising Dragon!

“BOOM!”

The space trembled and the mountains shook!

All kinds of huge rocks fell down one by one, and the entire mine cave was about to collapse!

“Damn it!”

The darknorth primordial sea was also shocked and furious. This space was within the mountain range of the two world Mountain, and the space above them was the surface of the mountain.

He had also considered the safety of this place when he made his move, but he did not want Yunxiao to use the force to attack him. Not only did Yunxiao ingeniously pull him up to the dome, but his power also seemed to have multiplied!

Duanmu Cang's eyes flashed with a hint of blame as he said, Lord yuanhai, please work together and set up a barrier to cover this area.

Yuan hai gave Yunxiao a fierce glance and said, " "Alright, this old master will let this brat off for the time being!"

"Everyone, attack together and protect this altar!" He shouted.

Apart from the members of the beiming family, who were circulating their Yuan Qi and preparing to attack, the rest of the People's faces were ice-cold, and they were completely indifferent.

...

Everyone had the same thoughts. This situation was caused by you, so why should everyone bear it together?

Darknorth Yuan Hai's face darkened and anger surged out as he looked around with his sharp eyes.

Everyone who met his gaze hurriedly turned their heads away, completely ignoring him.

"Hehe, I'm used to being a loner, and I don't have the habit of taking orders from others."

The eyes of the darknorth Yuan hai fell on a chubby old man in a red robe. The old man didn't Dodge or retreat, but the corner of his mouth twitched and he said with a sneer.

Yunxiao's eyes narrowed. He knew the old man as well. He was bi haodang, whom he had met at the auction in new Yan city.

He didn't notice this person before, so he must have just entered.

Jiao Hao seemed to have recognized Bi Haodang as well, and he hurriedly whispered into the ears of the Darknorth Primordial Sea.

The Darknorth Yuan Hai's eyes became even gloomier as he stared at Bi Haodang with intense killing intent.

At this moment, the dome was still collapsing, and large pieces of rocks were falling down.

Not only that, the shock from the previous attack seemed to have damaged the surrounding mountain veins, and it seemed like the mountain was really going to collapse!

Duanmu Cang's eyes were filled with shock as he shouted, "Once this place is destroyed, no one will get any benefits. I have an earth talisman that can create a barrier. Everyone just needs to put in some effort."

Tai-Shu Xie Ting said, "The earth talisman can indeed suppress mountains and rivers. You only need to use power to maintain the talisman's light. Lord Cang, please use it."

Everyone had a look of support on their faces as they nodded continuously.

Duanmu Cang then pinched his fingers and a yellow talisman flew out from her palm, floating in the air.

After that, her hands kept changing incantation gestures. The talisman suddenly emitted a bright light and instantly condensed into a dome-shaped barrier. It was hundreds of acres in size and fell from the sky.

The wizardry barrier disappeared in a flash and disappeared into the surroundings. However, the entire mine became calm in an instant, and the feeling of collapse disappeared.

The yellow talisman was still floating in the air, and the light on it was flashing, as if it could not hold on any longer.

let's do it together," tai-Shu Xie ting said loudly. we only need to contribute less than half of our strength.

He first cast a spiritual art, and with a surge of Yuan power, it flew into the yellow talisman. Immediately, the yellow light became bright, and the various talisman paths on it could be clearly seen.

At this time, everyone was too embarrassed to continue looking.

In addition, less than half of his strength could be recovered in a few hours. If he took some medicinal pills, he could recover it in the time it takes for an incense stick to burn.

Immediately, dozens of incantations rose into the air and flew into the yellow talisman. Suddenly, the talisman shone with a brilliant light and disappeared into the void.

The rocks on the dome were still cracking and collapsing, but the surrounding mountains had already stabilized. Only a few rocks had collapsed, but it did not affect their safety.

Huge rocks kept falling, but as soon as they touched the power of the enchantment, the yellow light in the air dissipated and they were shattered into powder.

Thousands of martial artists had already gathered on the hundred mu of flat land above the rock formation. As the earth shook and the mountains shook, they all flew up into the air and looked at the collapsing Mountain Valley with shock.

there is no problem for now. Lord yuanhai, I hope that any grudges can wait until this matter is over.

Duanmu Cang looked at the darknorth primordial sea with a slightly reproachful look. His tone seemed to have an unquestionable aura.

A trace of shock flashed through the eyes of the darknorth Yuan hai before he returned to normal. He crossed his arms in front of his chest and said, " Alright, since Lord Cang has spoken, I'll naturally give you this face.

Duanmu Cang's beautiful eyes looked around and said,"The others are the same. I hope everyone can restrain themselves."

Mu Jie suddenly raised her head and looked over. Her eyes were filled with a dense gray mist as she said,"A strange phenomenon has appeared."

Everyone's body trembled as they looked up at the sky. Apart from the collapsing rock formation, they couldn't see anything.

Everyone looked at mu Jie with envy, jealousy, and hatred. They knew that he had cultivated the wondrous spirit eyes technique, which allowed him to see through things.

Chapter 1343-zombie

the earth talisman has already stabilized the mountain's ley lines, " tai-Shu Xie ting said. why don't we just blow this layer of rock away? "

"It's better to be careful. Just make a hole so that everyone can see the unusual phenomenon," Duanmu Cang said.

"Fang Shi," the darknorth primordial sea replied.

"Yes!"

Fang Shi immediately understood and walked out from behind the darknorth primordial sea. He took out his hands from behind him, and a silver light flashed, forming a dazzling silver spear in his hands.

As the spear momentum rose, a silver brilliance streaked across the sky.

“Bang! Bang! Bang! Bang!”

The silver light turned into countless spear shadows, each of which pierced through the rock layer and shot into the sky.

The thousands of martial artists outside were in an uproar and were shocked. They scattered with a loud ‘boom’.

Hundreds of holes instantly appeared on the rock layer, and the entire sky could be seen at a glance.

Red silk rolled under the starry sky, and under the sudden appearance of purple light, the stars were brilliant, and the atmosphere was myriad!

“This is a Kasaya.”

It was the first time for many of them to see such a phenomenon, and they were all amazed.

“Such a vast scene makes one feel excited,” the darknorth primordial sea said. But the strange thing is that you can only see it in this Mountain Valley. Once you leave the mountain, there is no such sight.”

Tai-Shu Xie ting said, “if that’s the case, this strange phenomenon is indeed caused by this altar.” The location of these strange phenomena is indeed the black turtle star area.”

Everyone looked over. Where the phenomenon rose, under the brightest starry sky, a huge turtle shadow could be vaguely seen.

combined with what li Yunxiao said just now, it seems that the root of the problem is still in these altars, ” mu Jie said. why don’t we open one and see? ”

Everyone fell silent, unable to come to a conclusion.

it's Xu now," Yunxiao said. there are only four hours left before midnight, as Lord Cang said. I suggest we wait.

"From what I can see so far, this place is dangerous," an old man snorted coldly. "Who knows if it'll be a blessing or a curse in four hours." If we open an altar now, we might be able to get a lot of information. If there's a disaster, we'll have a better plan."

His words immediately resonated with many people.

I agree with young master Yun," Duanmu Cang frowned. such an auspicious phenomenon is probably not a bad thing. Moreover, signing the prophecy also meant that an opportunity had arrived. As for whether it was a blessing or a curse, it would depend on one's luck. If we rashly destroy the altar now and cause the heavens to change, then it will really be a blessing or a curse."

"That's right, Lord Cang's words are reasonable."

Darknorth Yuan Hai's gaze swept coldly and he said in disdain, " "Those who are afraid of death can leave first."

Many people's expressions changed slightly. The old man from before pondered for a moment, then cupped his fists and said, "This old man's judgment is that this place is ominous and not auspicious. Since you all insist on doing things your way, this old man will not accompany you any longer."

He turned around and turned into a ray of light.

Everyone looked at the light. Some were deep in thought, some were sneering, but most were indifferent. No one could see their expressions.

Bi haodang laughed coldly. who here has not fought their way out of countless life and death situations? in order to obtain the opportunity to advance, they have died countless times. Why would they care about this? "

Everyone's expression turned cold. These words seemed to have a stimulating effect, and those uneasy hearts all calmed down.

Suddenly, Yunxiao's face flickered. He narrowed his eyes and looked in the direction where the old man had fled.

Then, he turned around and saw tai-Shu Xie ting looking at him with a surprised expression. "Did young master Yunxiao notice it too?"

yes. Yunxiao nodded. I've experienced it once before, so I'm naturally more sensitive.

"Young master is too modest," Xie ting said. "The person who left just now has been sucked into the overlapping space," he said with a grave expression.

"What?"

Everyone was shocked. Many people said, "Didn't he already leave? I clearly saw him disappear in a flash of light."

Great-uncle Xie ting said,"that person ran to the edge of the altar and disappeared." It's very well hidden, and I wasn't sure before, but young master Yun sensed it too, so it should be right."

that man should be under attack at the moment," Yunxiao said. whether he can survive or not will depend on his strength.

Yi Yan's face turned pale. that person only has the power of a four-star Martial Emperor. From what we've seen before, he's most likely dead.

Darknorth Yuan hai grabbed at the table, and dozens of spirit tablets flew up and floated in the air.

"Ka!"

Suddenly, a spirit tablet exploded. A name on it cracked open and lost all its spirit Qi.

Everyone's expression changed drastically, and their faces turned extremely ugly.

"He's dead, as expected."

Darknorth Yuan hai nodded slightly and revealed a cold smile. if there are still people who are afraid of death, you can leave. Hehe.

Everyone's faces were pale, and no one said a word.

"Don't be afraid, everyone. No matter how terrifying this region was, it was man-made. With the combined strength of everyone present, it was really difficult to find an opponent in the world. Fear comes from the unknown. When everything is clear, there's nothing to be afraid of."

indeed, " mu Jie chimed in. from what young master Yun said, the corpse seems to be controlled by a strange corpse rotting insect. This reminds me of a kind of corpse-controlling technique that uses corpse puppets.

"Corpse puppet?"

what? " Yunxiao frowned. Lord mu Jie, do you mean that someone is controlling those zombies from behind the scenes? "

"It must have been like this in the beginning," mu Jie said. However, this old master doesn't believe that anyone can survive here for tens of thousands of years, so those corpse puppets must be unconscious right now and are only attacking and occupying people's bodies at will."

Lord mu Yu is too optimistic, " Xie ting said. we can't let our guard down no matter what. But there's no need to be too afraid.

"That's right. Everyone, take a good rest. It's almost midnight," Duanmu Cang said.

After she finished speaking, she closed her eyes and stood still in the air. A ray of light emitted from her body, making her look dignified and divine.

...

Everyone quieted down and began to regulate their breathing.

Under the beautiful starry sky, an ancient altar and a quiet space gave people a sense of peace.

Just now, after the dome had trembled, some Warriors flew in from time to time. They were all slightly surprised, but they all surrounded the crowd in silence.

As soon as Yunxiao entered a meditative state, he heard a faint, secret voice.

“Young master Yun, do you have the confidence to leave the beiming Dark Palace safely?” mu Jie asked.

Yunxiao opened his eyes slightly and saw that mu Jie’s eyes were tightly shut, and her lips were not moving. Obviously, she was using a very powerful secret voice transmission.

“Sir, what do you mean by this?” he asked, puzzled.

“I want to make a deal with you, young master Yun,” mu Yu chuckled.

Yunxiao smiled wryly. my Lord, you’re still thinking about the so-called soaring purple clouds. I think you haven’t fully cultivated your wondrous spirit eyes yet, so there must be some deviations.

“Hmph! This old man’s wondrous spiritual eyes can’t be wrong!”

“But my deal with young master Yun is for another matter,” mu Jie snorted, slightly displeased.

...

Yunxiao did not find it strange that he had something that could catch his eye, and there were two of them.

young master Yun, " mu Jie said, " I remember something about the zombies and insects you mentioned earlier. It's called a zombie, and it's an extremely powerful spirit insect. Not only can it control corpses, but it's also extremely aggressive and has almost no flaws. I hope young master Yun can help me subdue this insect."

Lord mu Jie is far stronger than me, " Yunxiao said confusedly. and even if we need help, Lord Cang and Lord Xie ting are also very strong. They are the best candidates.

"Hehe, they can't."

"As I said earlier, this insect has almost no flaws and can't hurt any of the five elements," mu Jie said. If young master Yun is able to kill this insect with a fire skill, the flames must be extraordinary. If I'm not wrong, the fire-type divine ability that young master Yun possesses is the purple clouds soaring technique!"

Yunxiao was slightly surprised, thinking that mu Jie was indeed not simple. "Let me think about this. What's the other thing?"

Mu Jie was a little anxious and said, "what's there to consider?" This old master can ensure that you leave this place safely. The other thing is a long story. I want young master Yun to join my Mu family and participate in a martial arts competition on our behalf."

"Martial arts?"

Yunxiao's face turned strange as he said, " your sect's strength is not inferior to the seven superpowers. The experts who are stronger than me are like a basket. Why are you so cowardly? "

“This is an internal battle of our secluded sect. Only young experts under the age of 30 can participate. Although our sect’s mu Fenghua’s strength is not inferior to yours ... Cough, cough, cough ... I feel that he’s still a little lacking in experience ...” Mu Jie said a little awkwardly.

Yunxiao immediately understood that their competition was similar to the competition of martial arts and sorcery in the merchant Union, and it must also involve a conflict of interests.

It seemed that these hidden sects were not that pure-hearted and content with their lot.

“Since it’s a battle between sects, it must be someone from your mu clan, right?” Yunxiao asked.

“That’s simple,” mu Jie chuckled. You can choose from all the women of the right age in the MU family. It doesn’t matter if you choose one or a few. In any case, marry into the family and let the family head bestow you with the surname ‘mu’. Won’t the problem be solved then?”

Yunxiao’s face darkened. I see. I happen to have a little problem as well. If Lord mu Yu can help me solve it, neither of these two things will be a problem.

“Oh, what little trouble?”

Mu Jie opened her eyes, which were sparkling.

I accidentally made an enemy of beiming Dark Palace and red Moon City, ” Yunxiao said. I plan to take revenge on these two sects and let them know how powerful I am. As long as the MU family is willing to help me, those two matters will not be a problem.”

“What? To take revenge on beiming Dark Palace and Redmoon city?”

Mu Jie’s face twitched violently. She coughed and said, ahem, well, Huanhuan, the martial arts competition has not been decided yet. I’ll discuss it with young master Yun after I’ve confirmed that I need his help.

what? ” Yunxiao asked. is the MU family afraid of the red moon City and beiming Dark Palace? ”

“How could that be!”

“As long as the MU clan really wants to deal with them, they can only beg for mercy,” mu Jie immediately said with a serious expression. However, I don’t have the final say in the MU family. I’ll report this to the family head and give young master Yun a reply.”

Chapter 1344

1344 The Black Tortoise Star Palace

Yunxiao laughed in his heart. I see. I can’t make the decision. I have to go back and report to my parents. I’ll give you a reply then.

Mu Jie’s eyes were wide open, and she didn’t know what to say. young master Yun, you can agree to the martial arts competition first. As long as you win, the Lord patriarch might be happy and help you deal with Red Moon City and beiming Dark Palace. In fact, as long as the news of young master Yun marrying into the MU family spreads, these two major forces will naturally not dare to provoke you.”

“Hehe, let’s talk about it later, Zhenzhen.”

Yunxiao chuckled and blinked twice before he continued meditating.

Mu Jie thought for a while and sent a voice transmission,“Let’s not talk about the martial arts for the time being, that corpse puppet.”

Yunxiao smiled in his heart. I can do my best to help you with the corpse puppet, but there is no free lunch in this world. I am very interested in your magical spirit eyes, my Lord.

Mu Jie’s expression changed and she was filled with anger. Her voice became sharp. you’re just helping me, yet you want to spy on my wondrous spirit eyes technique!

Yunxiao's eyes widened slightly as he rolled his eyes at him and snorted, "Free trading, willing to take the bait. Besides, the things you like are priceless. If you miss this chance, you might miss it for the rest of your life."

Mu Jie's face was ashen as she licked her dry lips.

Yunxiao's words hit the nail on the head. The corpse puppet was indeed very difficult to find, and according to the records, it was invulnerable and impervious to all five elements. He was not sure if he could subdue it.

"Yes! However, the deal must be made after the matter is over, and the premise is that I obtain the corpse puppet. Otherwise, there's no room for discussion!"

Mu Jie's eyes flickered as she said, "It's just my initial guess that it's a corpse puppet. Moreover, I only have the incomplete version of the spirit eye technique of the small wheel three phases life transformation."

"Alright! It's settled then!"

Yunxiao pondered for a moment and then agreed.

Although the wondrous spiritual eyes technique was incomplete, it was also a remnant of a divine skill.

If he could study it, it would definitely be of great benefit to his eye technique. Such an opportunity was hard to come by.

The two of them had reached a preliminary agreement, and it was quiet all of a sudden.

Suddenly, Duanmu Cang opened his eyes and spread his hands in front of him. A ray of light spread out like a mirror.

Waves flashed in the mirror of light, and there were faint murmuring of water and splashing of water.

A golden light slowly gathered to form a talisman. It flashed in the air and disappeared into the void.

This attracted everyone's attention, and countless eyes fell on her.

Duanmu Cang raised his head and a glint flashed across his eyes. "They're here."

Everyone's heart trembled as they hurriedly looked up.

Through the hundreds of densely packed holes, one could see countless stars shining in the black turtle Galaxy under the night sky, getting brighter and brighter.

The specks of Starlight gathered into lines, forming a vast star map with golden scales and colorful feathers.

"That's Yingluo."

Yunxiao's sharp eyes narrowed as he saw a golden rainbow rolling in the vast star map. It was a building with a long bridge, stone pillars, and golden doors!

Mu Jie also discovered it very quickly. She said in shock, the immortal Palace?!

At this moment, hundreds of altars gushed with light. Countless golden patterns appeared on the eternal brightness wall, and a dense aura spread.

Everyone was shocked. Afraid that something was wrong, they hurriedly leaped up from the altar and looked up and down in horror.

Under the starry night, the huge Palace that looked like a black turtle became solid from the flashing light and shadow. The shape of a snake could be clearly seen, and the aura of a turtle could be seen. There were all kinds of winding corridors, jade stone bridges, and golden altars.

“This star field city is falling rapidly!” The darknorth Yuan hai exclaimed in shock.

Even without him saying anything, everyone’s eyes were wide open. They had already discovered it, and they all rubbed their eyes, feeling that this was not real!

“Gulp.”

“Is this an illusion?” mu Jie gulped.

“Argh! So that was how it was! So that’s how it is!”

Tai-Shu Xie ting suddenly shouted, and a light bulb went off in his head. He said excitedly, “I finally understand!”

He started dancing with joy.

“What do you understand? speak!” Mu Jie shouted.

The vast scene in front of them had already frozen everyone’s thoughts, and their minds were almost blank.

Such a vast and magnificent scene was not something that could be done by human hands!

“Haha, I finally understand what these altars are all about,” Xie ting laughed.

He stretched out his hand and pointed at the starry sky ten thousand miles away, saying, “Look at this palace complex, it’s completely a star map of the black turtle. Those gold altars were set up in the dipper, danger, chamber, and wall areas of the black turtle star area. Except for the three small star areas, the ox, the girl and the void Star areas. Do you all understand now?”

Everyone was shocked and hurriedly looked down at the group of altars and then at the sky from time to time.

Those with weaker cultivations couldn't even see the palace clearly, so they could only worry.

"Are you saying that these altars were originally part of the celestial Palace, but they were left in the two world Mountain?" mu Jie groaned.

Tai-Shu Xie ting stroked his long beard and seemed to be in a good mood. He laughed and said, "That's right! The function of these altars was to connect with the star Palace complex. If I'm not wrong, the person who set it up back then threw this group of star palaces into the void. But he was afraid that it would be lost, so he left these altars in the two world Mountain so that he could position and guide them at any time, just like the string that pulled a kite."

since you want to hide this sub-Star Palace and don't want it to be lost, " Yunxiao said, " why did you come to this world at this moment? Isn't it good to let it stay in the void forever?"

Tai-Shu Xie ting laughed and said, " that's because this kind of arrangement is also at its limit. Once the line is broken, this Star Palace will be lost forever. Therefore, it would appear once in a while. We don't even know how many times it has appeared since we saw it this time. This is from the perspective of setting up the formation. If it's according to Lord Cang's words, it's an opportunity."

Duanmu Cang's eyes were filled with excitement as he laughed, " "This is the first time I've seen such a wondrous sight. I'm looking forward to seeing what's inside the star Palace."

Although Yunxiao was also surprised, he was not as excited as the others. Instead, he said in a deep voice, " "In master Xie ting's opinion, we should fly a kite into the void and bring it back after tens of thousands of years. To be able to set up such a grand plan, what kind of powerful existence could do it?"

Tai-Shu Xie ting was stunned, and his eyes shone. with the current strength of the heavenly martial arts realm, unless the Holy realm joins forces with all the major sects, it is impossible to set up such a magnificent statue!

although the two world Mountain is a place for itinerant cultivators, ” Yunxiao said, ” I don’t think their strength has reached the level of the Saint realm, right? ”

...

Fang Shi said, ” I’ve always been in charge of the two world Mountain. This mineral vein is also the beiming Dark Palace’s reserve mineral vein. Before it was officially mined, there were often itinerant martial artists living in it. However, their strength was very limited. As for what the golden age was like tens of thousands of years ago, I don’t know.”

in that case, although the two world Mountain is full of itinerant cultivators, it can also be considered an inheritance, ” said the darknorth primordial sea. it’s just that it’s broken.

“That’s right,” Duanmu Cang said. According to my deduction, this place has been set up for a hundred thousand years, and it’s extremely likely that it was left behind by a God Realm expert.”

a hundred thousand years!

Everyone’s hearts jolted. This era was unusually sensitive at all times, because the extinction of deity realm powerhouses basically started from that period of time.

haha, to be able to get a glimpse of the divine Palace left behind by a godly state expert, even if I die, this trip will not be in vain. Haha!

A person suddenly laughed wildly. It was bi haodang. Everyone looked over and frowned.

Xie ting gazed at the starry sky and said, ” “This Star Palace should be landing in this area and merging with the altar to restore the two world Mountain to its former glory! Based on the speed at which it’s descending, it should take about an hour.”

Darknorth Yuan hai clenched his right fist and coughed a few times. “Cough, cough. There’s still an hour, which is long enough. We can all discuss this.”

“Discuss?”

Everyone furrowed their brows, their expressions somewhat strange.

...

“Discuss what?” mu Jie asked.

“Hehe.”

“Although the two world Mountain used to be glorious, it has been buried in the dust with the passage of time,” said the darknorth primordial sea with a smile. Now that this land belongs to beiming Dark Palace, this Star Palace will naturally belong to my beiming family.”

Everyone’s faces sank and stretched long, not a single one of them looking good.

Indistinctly, a wave of public anger seemed to be forming.

“Hmph, shameless!”

Bi haodang snorted contemptuously and said sarcastically, “When beiming Dark Palace sealed off the mountain to search for treasures on their own, no one said anything. But later on, they opened the mountain and announced that they would allow everyone to enter and explore. Now that they’ve found the treasure, they actually want to keep it for themselves. Is there anything more shameless than this in the world?”

Everyone was angry but did not dare to speak out. Once bi haodang spoke, it immediately attracted a response. Everyone cheered and all sorts of curses were heard.

Darknorth Yuan Hai’s face was filled with killing intent. He glared at bi haodang and shouted, “Quiet! When did this Lord say that I wanted to take it for myself? Although it is indeed my beiming Dark

Palace's, but as the saying goes, those who see it will have a share. Beiming family is not a place that doesn't care about human feelings, and they will definitely not let everyone return empty-handed."

Mu Jie frowned and said, "darknorth primordial sea, what do you mean by this?" He's just like the owner of the immortal Palace, Humph!"

Darknorth Yuan hai placed his hands behind his back and said, " "It's nothing. If we really want to choose the master of the immortal Palace, there's no one else other than my beiming family. For example, the treasure that was dug out from your backyard, doesn't it belong to your family?"

Everyone was at a loss for words and found it difficult to refute. Although this was the truth, they would not be so stupid as to give up their interests at this time.

"Tsk!"

Yunxiao sneered. if you want to count the treasures in the backyard, these should be the altars. It's fine if your beiming Dark Palace takes them. As for the star Palace, it has been floating in the void for a hundred thousand years. Could it be that the entire void world also belongs to your beiming family?"

"Haha, you're right!"

Mu Jie clapped her hands and laughed. She blew on her beard and raised her eyebrows in praise.

Chapter 1345-treasurelight Palace

yes, yes, yes. Young master Yunxiao is right!

"Everyone, please don't have any designs on these altars. They belong to the beiming Dark Palace, so we'll just enter the star Palace later,"

"Yes, speaking of this Star Palace, it was probably discovered under Lord Duanmu Cang's guidance. Whoever sees an ownerless object can have it."

Everyone continued to chatter, causing the face of the darknorth primordial sea to turn green in anger.

even if this Star Palace is from the void, it was drawn down by the altar of the two world Mountain! he shouted angrily. the beiming Dark Palace will take at least 70% of the treasures in the star Palace!

“Woof! 70%, is Lord yuanhai trying to make everyone his enemy?”

An old man said unhurriedly. His face was thin and cold, and his body was as bony as a skeleton. He didn't look like a good person.

Furthermore, the aura that he exuded was not any weaker than that of the people from the darknorth primordial sea.

Duanmu Cang also said slowly, “where there's an opportunity, it's for the fated.” As everyone had seen, they were all fated people. If Lord Yuan hai acted arbitrarily, he would miss the opportunity. Moreover, no one knew what was going on in the star Palace, so he couldn't be too optimistic. Don't forget that there's something else under the altar in the overlapping space.”

Her words were reasonable, so the darknorth primordial sea's face darkened and he no longer said anything.

The most important thing was that he had also realized that his previous speech had isolated him from the crowd. Moreover, there were indeed many experts hidden among these people. If they joined forces, they would not be able to gain any advantage at all.

He glanced at Fang Shi beside him and whispered, “Immediately use a secret technique to send a message back. At least send two more elders.”

Fang Shi was shocked. He nodded with a serious expression and retreated to the back, secretly casting a spell.

Many people saw this scene and could not help but feel their hearts sink. They were deeply worried.

Duanmu Cang looked up at the sky and stared at the vast Star Palace. He did not say anything.

Yunxiao also cast an eye technique and saw everything in the star Palace clearly.

All of the buildings were surrounded by a yellow glow, as if the power of the stars was circulating. It was reflecting off the black Tortoise star field in the sky. He knew that this was the star Palace absorbing the power of the stars.

Suddenly, a melodious voice rang in his ears. It was Duanmu Cang. He blinked his beautiful eyes at him and said, "Is young master Yunxiao willing to form an alliance with me?"

Yunxiao was greatly puzzled. He then sent a voice transmission over, "My strength is mediocre, why would Lord Cang choose me?"

Duanmu Cang smiled faintly. I'm quite clear about young master Yunxiao's strength. me, great-uncle Xie ting, mu Jie, and you are more than enough to resist any kind of trouble.

Yunxiao was taken aback and asked in confusion, "You can even calculate the number of strength?"

Duanmu Cang chuckled and said, "mu Jie's wondrous spiritual eyes won't make a mistake." In addition, I recently met an interesting friend who told me a lot of things. Speaking of which, I still have to thank young master."

"Who is it?" thank you? " Yunxiao asked in surprise. where do you get your gratitude? "

"You'll know soon enough, young master," Duanmu Cang said with a smile in his eyes.

Yunxiao's face darkened as he snorted and said, "This young master really doesn't like the feeling of being schemed against. At the same time, I really hate women who think they're smart."

Duanmu Cang was unconcerned. He smiled indifferently. "A fortune-telling family has to give people a sense of mystery. Young master Yun should have seen the beiming Yuan Hai's plan to move his troops. I've come to find you for absolute safety. If young master is not willing, I can find someone else."

then, Lord Cang," Yunxiao said coldly. find someone else. He knew that with his current strength, unless he encountered an extraordinary expert, he was very confident that he could escape even if he was attacked by a peak nine-star.

Duanmu Cang's eyes narrowed and he smiled bitterly. what an arrogant young man. No wonder he has such achievements.

After she finished speaking, she continued to observe the star Palace, wondering if she was planning to form an alliance with another person.

Soon, the vast Star Palace slowly descended. It occupied an area of a thousand mu, just the size of the entire area.

The vast power from the star Palace spread throughout the entire mountain range. The mountains around the altar couldn't withstand the pressure and began to collapse.

Rays of yellow light shot out from all directions, forming a huge barrier.

The barrier flickered and turned into a floating talisman. It was the earth talisman that could freeze the surrounding mountains!

"BOOM!"

With a loud noise, the highest saber wall in the North finally couldn't hold on any longer and collapsed, with all kinds of boulders flying.

"It's dangerous! Run!" Duanmu Cang's eyes flashed. She turned into a ray of light and flew toward the entrance of the mine.

The energy on the earth talisman was still abundant, enough for everyone to leave safely.

A moment later, the entire mountain range of thousands of acres was crushed by the vast and mighty force, turning into flat land.

The magnificent ancient Star Palace shone with golden light and fell on the altar.

“BOOM!”

As the buildings landed, a bright light shot up into the sky. The entire mountain range was illuminated as if it was daytime. At a glance, there were a few beautiful buildings and Jade palaces, like a Celestial Palace.

On the palace in the center, there was a huge Jade plaque with the words “ Black Tortoise Star Palace ” written on it. It seemed to contain some kind of rule. When one looked at it, not only would it hurt one’s eyes, but it would also make one feel dizzy.

Many people’s hearts trembled, and they bit the tip of their tongues to wake themselves up, not daring to look up.

Tai-Shu Xie ting’s eyes lit up with excitement. “Such a grand move, indeed, only the ancient Almighty could do it!”

The immortal Palace covered thousands of acres, isolated from the sun and the sky, and no stars or moon could be seen.

There were hundreds of winding corridors in the palace, each with its own terrain, carved with Dragons and carved with phoenixes, and a yellow glow.

As the star Palace fully appeared in front of him, the power of the Starlight slowly receded, and after a long time, everything returned to normal.

the Black Tortoise Star Palace is vast, and I've never seen any ancient records of it. How many golden ages have been buried in the dust? "

Duanmu Cang let out a long sigh in shock.

apart from this eternal starry sky, " Yunxiao said indifferently. is there anything eternal in this world? "

Everyone's heart trembled as they looked at him in surprise. Such slanderous words that had seen through the mortal world did not seem to come from the mouth of a young man.

haha, who cares if it's ancient or not. I'll laugh at the ancient Hill and enjoy the wind!

A red figure laughed heartily and charged towards the star Palace in the blink of an eye.

...

"Bi haodang!"

run! the darknorth Yuan hai was shocked and shouted, " run!

He took the lead and chased after it in a flash.

The rest of the people from beiming Dark Palace also followed him and flew into the palace.

"Split up!" Beiming Dark Palace shouted. You guys go to the side halls!" He himself was the first to head to the main hall.

The entire Star Palace was too big, and he was afraid that there would be too many treasures, which would benefit others. If he had known that there would be such a good thing, he would have sent ten times more people.

The faces of mu Jie and the others also changed. Without a word, they rushed in and headed for the main hall.

The thousands of cultivators immediately burst into an uproar and scattered like birds and beasts, covering the sky and flying towards the star Palace.

Many people still knew their own limits. They watched as the crazy crowd rushed towards the main hall, while many flew towards the surrounding side halls and pavilions, hoping to take advantage of the situation.

Yunxiao pondered for a moment. The main hall was located in the place where the altars had been set up according to the three small star systems of bull, woman, and void. It was not as simple as it seemed.

He wasn't in a hurry to enter, but instead flew towards the slightly larger side halls.

...

Cloud dispatching Palace, five brightness Palace, Lingbo Palace Xuanji

Looking at the name of each side Palace, Yunxiao was more and more shocked. It was hard to imagine that they were built by a group of itinerant martial artists.

He unhurriedly took out the finger spirit compass. The needle on the compass had already stopped shaking and was pointing towards the main hall.

Yunxiao performed an incantation gesture with one hand and sent a few incantation seals into the finger plate. The pointer immediately began to spin a few times, then finally pointed to a building on the left.

Yunxiao fixed his eyes on the plaque hanging on the wall. Treasureshine Hall.

At that moment, several figures had rushed in and disappeared in a flash, followed by Yunxiao.

As soon as he stepped through the door, a few figures flew over.

It turned out that there was a huge golden cauldron made of pure copper in the center of the hall. Yellow light flowed on it, emitting circles of earth-colored power.

And those few people who had rushed up were directly jolted away.

“What powerful earth elemental energy.”

Yunxiao was surprised. He stared at the cauldron, and his eyes went straight.

Through his eye technique, he could see that there was a faint ring of crushed stones floating in the earth-colored light around the cauldron.

Another person rushed in and exclaimed, “It’s a mutated earth elemental power!” He was overjoyed as he suddenly flew towards the cauldron and reached out his five fingers to grab it.

“Bang!”

A yellow light splashed out, and the man seemed to have been hit by a heavy hammer. He spat out a mouthful of blood on the spot and was sent flying.

“Haha, you’re overestimating yourself!”

Most of the others laughed at him, but their eyes were also flashing with greed and solemnness. A few of them were even looking at Yunxiao with fear, as if they had sensed that he was extraordinary.

“Young master Yun, are you also interested in this item?” One of the men said in a deep voice.

Yunxiao looked over and saw that the man had a round face, big ears, and a beard. He had a mighty aura and was also an eight-stars Martial Emperor, but Yunxiao did not recognize him.

the treasure in this Hall should be the elements in this cauldron. If I wasn't interested, I would've turned around and left a long time ago.

Yunxiao said slowly.

Under the probing of the spirit finger needle, this was the place with the highest level of treasures, other than the main hall.

It was no wonder. The star Palace had been floating in the void world for 100000 years. Other than the five elements, even if it had other heaven-defying treasures, their spiritual Qi would have been exhausted long ago, and they would not be worth the attention of the finger spirit plate.

The man's expression turned ugly as he muttered, since that's the case, why don't you and I join forces to expel the others and split the treasure in the cauldron into two? "

Everyone's expression in the hall immediately changed, their eyes wide open, but they didn't dare to say anything.

Although there were other martial emperors among the dozen or so people, Yunxiao and the man had the highest cultivation base.

Chapter 1346

1346 The three-colored divine mountain

"Fei Hong, you've gone too far! An ownerless item, anyone who sees it will have a share!"

One of the Martial Emperor powerhouses could not help but open his mouth and berate him. The flesh on his face moved in anger.

Fei Hong's expression turned cold. I don't have time to argue with you scums. Get lost if you don't want to die! he said coldly.

He opened his palm and grabbed at the Martial Emperor.

At once, a huge invisible force bound the Martial Emperor and he clenched his fist.

"Ka ka pa!"

"Ah!"

The Martial Emperor screamed as his protective Emperor Qi was instantly broken. His bones and armor were shattered and deformed. It was a horrible sight!

"Get lost!"

Fei Hong swung his arm and the Martial Emperor expert shot out like a spring.

The entire treasure hall suddenly became deathly silent, and everyone's faces were ashen.

Fei Hong glanced around and said coldly, "It's fine if you don't want to leave, but if anyone has any improper thoughts, I'll directly crush him into meat paste!"

At this moment, no one dared to say anything. With a smug and contemptuous look in his eyes, Fei Hong turned to Yunxiao and said, "Young master Yun, let's go for the treasure."

Yunxiao gave him a look and said, 'as the saying goes, an ownerless object is shared by those who see it. I can't go too far. How about this, this golden cauldron is yours, and the item inside is mine.'

"What?" Fei Hong's face darkened and he said angrily, "I'm not an Alchemist, so what do I need this cauldron for? Why don't you give the cauldron to young master Yun, and I'll take the item in it?"

I'm sorry," Yunxiao said. I want the earth element in the cauldron.

Fei Hong's eyes shot out a sinister look and he sneered, "Without my help, you might not have been able to break this elemental barrier by yourself!"

Alright," Yunxiao said expressionlessly. just watch. He took a step forward, and a wave of aura from his body directly pressed over.

With a "Weng" sound, the cauldron trembled and immediately shot out a circle of earth-colored light. It formed a barrier and resisted the aura.

Yunxiao immediately felt as if he had hit an iron wall, and his blood and Qi were in turmoil. He snorted coldly as a cold sword light appeared in his hand. He held the cold sword in his hand and slowly thrust it forward.

A sharp rule force circled around the sword, and countless runes bounced up from the sword, forming blue ice flowers in the air. When the tip of the sword touched the barrier, a circle of ripples appeared, and then it was inserted into it little by little.

Fei Hong's pupils shrank and a look of surprise flashed across his face. He turned into a Vulture.

He was one of the first people to rush into the hall. He had tried to attack three times, but he was bounced back by the power of the earth elemental barrier. He naturally understood how powerful this barrier was, and he looked at the cold sword with some uncertainty.

"Buzz buzz buzz!"

Suddenly, a trembling sound came from the ice sword. The blue runes quickly flew up and a large amount of cold air spread out. Some of the Warriors who were close to it directly formed a thin layer of ice.

The advance of the sword force also came to a halt. A thin layer of white light was released from the layer of yellow light, covering the sword. Yunxiao suddenly felt that he had a force of hundreds of millions of pounds in his hand, and he could barely lift the sword!

“Ha!”

He suddenly shouted, and the skin all over his body turned golden. The power of the four gates suddenly spread out, and his arm became more than twice as thick. The trembling sword body instantly stabilized, and he stabbed forward again!

“Boom boom boom!”

The Golden cauldron made of pure copper began to shake, and the sound of thunder came from within. It sounded like thousands of troops and horses, but it also sounded like a landslide and tsunami. Waves of the will of the earth spread.

The air rumbled and exploded, and the space became unstable.

The golden light all over Yunxiao’s body was immediately suppressed, his muscles completely shriveled, and his entire body deformed!

“Bang! Bang! Bang! Bang!”

As soon as the surrounding martial artists came into contact with the will of the earth, it was as if they had been hit by meteorites. Their entire bodies were in a daze as they were sent flying, and they spat out large mouthfuls of blood.

There was even an existence at the peak of the Martial Emperor realm who exploded into minced meat and a rain of blood in an instant.

“Retreat!”

A one-star Martial Emperor powerhouse was shocked. He instantly turned into a beam of light and fled out of the hall!

Under the will of the earth, his Emperor Qi of the nine Heavens could only hold on for a few breaths before his chest was crushed and his internal organs were torn apart. He was severely injured.

Immediately, more than ten rays of light lit up and they all retreated.

However, four of them exploded one by one before they could even escape, turning into a pile of flesh and blood.

Fei Hong was also shocked. He circulated his Emperor Qi as much as he could, and a layer of white light appeared on his skin. His entire body was also suppressed by the fluctuations of the will of the earth, and his shape kept changing.

A fierce look flashed in Yunxiao's eyes as he shouted, "Open it!"

The long sword trembled and a sword intent surged. Around the cold sword, countless tiny snowflake-shaped crystals appeared. If one looked carefully, they would find that they were actually symbols.

"Bang!"

The earth enchantment suddenly exploded, and a vast power hit him in the face!

The entire space was completely twisted, compressed into an extreme point, and then expanded.

Yunxiao was taken aback. He hurriedly pulled back his sword and turned into a bolt of lightning to flee.

However, the power of space instantly pressed down.

"Bang!"

Yunxiao felt as if he had been hit by a mountain. The golden light all over his body dissipated, and he coughed up a mouthful of blood as he retreated a hundred meters.

Fei Hong was not feeling well either, but he had already started running before the barrier was broken. He grunted and blood trickled down the corner of his mouth.

After the power of the barrier dispersed, the entire space in the hall instantly returned to its original state.

The Golden cauldron also quieted down.

...

“Swish!”

Fei Hong instantly turned into a ray of light and rushed forward. His five fingers turned into a huge sharp claw and like a fishing net, he grabbed the entire cauldron!

“Haha, young master Yun, thank you! We’ll meet again!”

Fei Hong laughed smugly. He suddenly grabbed it and his smile froze!

Not only did the cauldron not move at all, but a huge force was pressing down on his palm. It was as if someone had pulled it hard, and his body involuntarily bounced down.

“Bang!”

His entire body slammed into the cauldron, and with a clang, the Golden cauldron exploded into pieces.

Three colors of light suddenly gathered in the air. They were purple, green, and blue.

Within the three lights, a miniature mountain glowed brightly.

The small mountain happened to have Three Peaks, each of three different colors, and it exuded a powerful earth element power.

Even from a hundred meters away, Yunxiao could feel the spatial compression coming at him, making him feel uncomfortable.

...

After Fei Hong crashed into the cauldron, his head was bleeding. He was just a few meters away from the hill. He spat out a mouthful of blood and was sent flying, leaving a long trail of blood on the ground.

“What is this? He’s actually so overbearing!”

Yunxiao was shocked, and his eyes shone with excitement as he looked at the three-colored mountain.

This mountain peak was definitely not a simple mutated earth element. It was a profound armament that had been refined by someone, completely made from three types of mutated earth elements.

The mountain peak was full of spirituality. After coming out of the cauldron, it stopped in the air for a while. Then, the surroundings began to twist and slowly become blurry. It was actually about to break through the air and fly away!

“Stay here!”

As soon as Yunxiao threw the divine realm tablet out, it immediately transformed into a huge Jade tablet and hovered over the mountain.

The golden light on the stele circulated, and countless runes surged out.

The power of the world sprinkled down like moonlight, pressing the distorted space back down!

The mountain peak seemed to have sensed the power of the divine realm tablet. It trembled, and the surrounding space shattered. The entire Hall shook and was about to collapse!

“You want to leave? Obediently go in for this young master!”

Yunxiao quickly performed an incantation gesture with both hands, and a circle of Maha ancient characters flashed in the air and circled around the mountain.

The three-colored light of the entire mountain was washed by the power of the world, and it suddenly became so faint that it was almost impossible to see clearly. The mountain also slowly rose, about to be sucked in.

Yunxiao was also pleasantly surprised. If it were an ordinary profound level weapon, it would have been taken away in an instant, but the mountain was too heavy, so heavy that it was extremely difficult to move.

Suddenly, a huge black Claw shadow appeared in the sky and clawed at Yunxiao!

A silver light gushed out from the black Claw. It was actually countless scales that opened up and slashed down like blades!

“Hmph, you’re looking for death!”

Yunxiao’s face darkened as he continued to cast the great realm divine technique with both hands to collect the three-colored divine mountain.

However, a golden light surged behind him and transformed into three heads and six arms. Two of the heads glared at him, and the four eyes were filled with cold killing intent!

“What?”

Fei Hong’s shocked voice could be heard from the void.

The light on one of his arms turned, and the heaven’s light sword case appeared on his arm. His other hand continuously formed hand seals and struck out, then he pointed with two fingers.

“Clang”

The sword case opened, and countless silver lights shot out. The sword Qi soared into the sky.

“Bang Bang Bang Bang!”

The entire Black Hand was pierced through in an instant. A sword talisman appeared in the air and condensed into a sea of sword Qi, dispersing all the black gas.

In the sword formation, the space was torn apart, and Fei Hong’s figure was revealed, his face full of fear and horror.

spare me! Lord cloudsky, spare me! I know my mistake!

He kept begging for mercy, but the aura on his body became stronger and stronger. It was obvious that he was gathering power to break through the sword formation.

“Hmph!”

Yunxiao snorted angrily as he pulled the sword box behind him. He changed his sword incantation gesture, and suddenly, the sword momentum rose.

“Don’t!”

Fei Hong let out a terrified roar and his potential exploded instantly. He blocked the sword attack and turned into a light to escape.

However, the dome of the hall suddenly darkened and was filled with green light.

Yunxiao’s third face was full of sarcasm. He grabbed the hammer with one hand and performed a Thunder incantation with the other, ready to strike.

“BOOM!”

The hammer smashed down!

The Thunderbolt landed on the sword momentum and broke through Fei Hong’s Emperor Qi. It struck directly on his head, ending his life.

Yunxiao grunted as he retracted all his Mystic artifacts and Dharma idols, his face turning pale.

The three-colored divine mountain was finally taken into the divine realm tablet. His eyes were full of joy. He waved in the air and grabbed the divine realm tablet back.

Sensing it carefully, he found that the divine mountain was floating in the divine realm tablet, motionless, as if it had become quiet.

He was still a little worried, so he sent out a shadow of his divine sense to guard the divine mountain in case it broke through the realm and left.

After doing all this, he took out some pills and ate them.

Killing Fei Hong did not take much energy. The key was that his internal organs had been injured by the earth element. Breaking the enchantment and collecting the sacred mountain had also taken a lot of energy.

After adjusting his origin power for a moment and recovering most of it, he transformed into an Azure light and flew out of the treasure shine Hall.

Chapter 1347

1347 17 doors

Outside the treasure shine Hall, more than a dozen martial artists were still waiting and watching. As soon as they saw Yunxiao come out safely, they knew that the treasure was gone, and their faces darkened.

Yunxiao glanced at the crowd, then turned into a beam of light and headed toward the main hall.

The cultivators immediately rushed into the treasure shine Hall to see if there was any more soup to drink. When they saw Fei Hong's Black corpse, they were all shocked, but they also felt the pleasure of revenge.

As soon as Yunxiao stepped into the main hall, he saw only a few Warriors, which was completely disproportionate to the hundreds and thousands of people who had rushed in earlier.

There was a gray formation in the center of the hall, which was used for teleportation.

Yunxiao was a little surprised. The entire Star Palace was neither small nor big, so there was no way it could use a teleportation array.

The main hall was connected to the altars of the three small star areas, so they were most likely teleported to the overlapping space.

The few Warriors beside the array were still hesitating. Yunxiao stepped into it and began to cast incantation seals to activate the array.

All of a sudden, several streaks of light flew in from outside the palace and also fell into the formation.

A total of more than ten people disappeared in the light of teleportation.

In the next moment, a light flashed in a dark space, and several people appeared.

“Hmm, what’s going on?”

Yunxiao’s expression changed. There was no one in this dark space, only seventeen doors open before everyone’s eyes.

And the arrangement of the 17 doors was exactly the 17 stars of the dangerous small star field in the Black Tortoise star field, forming the tail of a turtle snake.

“It’s very simple. Out of these 17 gates, 16 must be the gate of death, and only one is the gate of life. I’m afraid only one-seventeenth of those who came here before entered alive.”

A man said coldly with a mocking tone. He was Jiao Hao from the beiming family, who had always found Yunxiao an eyesore.

The other six were also experts of the beiming family. The seven of them had searched the nearby side halls but found nothing, so they came to the main hall, where they happened to be teleported in with Yunxiao.

As for the remaining three people, they were completely unrelated martial artists. They also came together when they saw that there were many people.

“Are you sure?” Yunxiao asked in surprise.

“I guessed it,” Jiao Hao sneered.

that's what I was saying, " Yunxiao said. how could the master of the star Palace possibly set up such a stupid trap? "

Li Yunxiao, How dare you! he cried.

there's only a few of us here! Jiao Hao shouted. do you think anyone will come to save you? "

The other six men of the beiming family flickered and surrounded Yunxiao.

The remaining three people's expressions changed. They alertly huddled together and kept a certain distance from the eight people.

we haven't even figured out the situation here, " Yunxiao said indifferently. don't you think you're being a little thoughtless by suddenly turning hostile and attacking us? "

Hmph, it's only a matter of minutes to take you down. It's the same to study the situation here carefully. Let's go!

With a wave of his hand, Jiao Hao's aura exploded as he pulled out a long bone whip from the darkness. The spine of an unknown demon beast flickered with black light.

"Ground-breaking giant teeth!"

The black bone whip trembled and turned into countless whip shadows. They were all pieces of bones, accompanied by the sound of wind and thunder. It was eerie and terrifying.

The other six people formed a formation and shouted as they joined forces.

Yunxiao had fought with the northern underworld primordial sea before, so no one dared to underestimate him, and they used all their strength as soon as they arrived.

Together, the six of them formed a huge Halo that completely shackled Yunxiao.

Countless small rings flew out from the ring of light, layer upon layer, and trapped him, making him unable to move.

“Well done!”

Jiao Hao laughed wildly. They had made a secret agreement that the six of them would only be in charge of suppressing the enemy. He would rely on his whip to attack.

Not only could the countless rings of light seal off space and movement, but they could also lock up elemental energy.

“Bang Bang Bang!”

Countless whips fell, each of which hit Yunxiao and burst into clouds of black smoke.

The terrifying power spread in all directions, and the six people’s faces changed. Feeling the power coming at them, one of them shouted, “Retreat!”

Yunxiao’s primordial energy was locked, so he was almost certain to die when he was hit by the black whip. The six men immediately withdrew their primordial energy and stepped back to avoid the impact of the long whip.

“Are you done?”

The clouds of black smoke gradually dissipated, and Yunxiao’s figure was revealed with a mocking look on his face.

He stood in place, not even moving.

“Ah? What the f \* ck!”

The seven men from Beiming Dark Palace were shocked, and their eyes were wide open in disbelief. A bad feeling spread in their hearts.

Jiao Hao, in particular, was drenched in cold sweat. His face turned pale. How could you be cowardly?”

A look of contempt flashed in Yunxiao’s eyes. With a teleportation, he appeared directly in front of the man, raised his fist, and punched out with a flash of golden light!

“Bang!”

The fist directly punched into his opponent’s chest and suddenly exploded!

Jiao Hao wanted to Dodge, but he found that he couldn’t move. He could only watch as the Golden fist hit his chest and then a big hole appeared.

Yunxiao’s physical strength could even tear a nine-stars Martial Emperor apart with his bare hands, but Jiao Hao was only an eight-stars Martial Emperor, so he was killed on the spot.

The other six people, as well as the other three who had nothing to do with it, were all shocked to the extreme, and their eyes revealed extreme fear.

...

are you Dead or Alive?” Yunxiao pointed at the six men and asked.

The six men were stunned for a moment. One of them mustered up his courage and said, “Y-you’re willing to let us go?” After he finished speaking, his forehead was already covered in cold sweat, almost freezing.

of course, ” Yunxiao sneered. I’ll let you go with conditions. Open these 17 doors one by one.”

“Ah? This, isn’t this sending us to our deaths?” That person became anxious.

Yunxiao’s face darkened. I’m not betting my life! he shouted. I’ll die now!

The six people’s faces suddenly changed, and their eyes revealed hatred, but no one could do anything. The six people looked at each other, and no one dared to step forward.

Daoji, ” Yunxiao said coldly. you go! He casually pointed.

The man’s face turned pale. He gritted his teeth and flew over. He glanced at the 17 doors and closed his eyes to calculate. Then he walked to one door and opened it.

“BOOM!”

A huge force rushed out like a flood and a fierce beast, instantly blasting him into pieces. He didn’t even have the time to scream.

Everyone shuddered and revealed a look of fear, trembling in fear.

...

After the door was opened, it gradually disappeared, leaving only 16 doors.

eh, it’s really what that person said. 16 gates of death and one gate of life.

Yunxiao rested his chin on his hand and blinked as he said, ” “This saves me the trouble. I’ll just have to try them one by one. If I had known earlier, I would’ve spared the whip man’s life, it could’ve offset a gate of death.”

The remaining five people from Beiming Dark Palace trembled and shivered, and their faces were ashen.

Stop wasting time! Yunxiao shouted. You! He casually pointed.

The man who was pointed at dodged quickly and pointed at a man behind the man.

“Ah?”

The man who was pointed at opened his mouth wide and looked angrily at his companion who had dodged, his eyes spewing fire.

His companion immediately turned his head over.

“Yi Feng, if I don’t die, I’ll never let you off!”

The man roared and flung his sleeves. He walked toward a door and pushed it open.

“Bang!”

As soon as his hand touched the door, there was a deafening explosion, and the space where the door was located collapsed from all directions.

The man was sucked into the black hole and turned into a singularity, disappearing into the night.

This time, the remaining four people’s faces were even paler. This feeling of waiting for death was like using a knife to cut their flesh. It was even more uncomfortable than directly cutting them.

This is what you get for attacking me,” Yunxiao said coldly. At least I gave you a chance to live.

“We understand. Thank you, young master Yunxiao.”

One of them sighed and took the initiative to fly up and choose a door, but the result was still instant death.

The other two also had looks of despair on their faces. They flew up one after another and chose two doors, one at the end and one at the end.

“BOOM! BOOM!”

There were two explosions, and all the bones were gone.

Yi Feng’s face was as ugly as a pig’s liver. He almost cried as he said, “Lord Cloudsky, I beg you to let me go. I really don’t want to die! Wuwuwu!”

The other three looked at him indifferently. Although there was shame in their eyes, they didn’t mock him. After all, no one was afraid of death.

“What’s the point of keeping you alive?” Yunxiao said sarcastically. “You’re going to try the door. What’s the point of keeping you?” “Do you think I should just leave the trash aside and risk it myself?”

“As long as you let me go, I’m willing to be your slave,” Yi Feng wailed.

“I don’t need trash,” Yunxiao waved his hand and said. “Are you going to test the door or die now?” “I’ll give you three breaths to consider.”

“My Lord, my Lord! I still have value!”

Yi Feng seemed to have recalled something. He looked at the other three people warily, then moved his lips and began to transmit his voice.

Yunxiao's face flickered as he fell into deep thought. Then, he sneered and said, "Alright, I'll spare your life! But I'm not at ease with you. You're very agile."

Yi Feng's face was red with shame. But knowing that he could save his life, he was even more surprised and excited. He quickly bowed and said, "thank you, thank you. Lord Yunxiao's kindness of not killing me will be unforgettable. I will never forget it, Qianqian."

"Alright, alright!"

Yunxiao was too lazy to listen to his flattery. He simply performed an incantation gesture in the air and slapped it on Yi Feng's body.

"Bang Bang Bang!"

Three air-rending sounds were heard. Yi Feng groaned as blood flowed from the corner of his mouth. His eyes were filled with fear.

I've already left a mark on you. I'll come to find you after I'm done. I can't be bothered to tell you what the mark does. You can try betraying me. Yunxiao said slowly.

"I wouldn't dare!"

Yi Feng said hurriedly. He circulated his essence force and found nothing unusual. His heart sank.

The more seemingly harmless the restriction was, the more powerful it was.

But at the same time, he breathed a sigh of relief. Since Yunxiao was willing to leave the mark, it proved that he did intend to spare his life.

Chapter 1348

1348 The thousand labyrinths

At this moment, there were only twelve of the seventeen doors left. They were like twelve tombstones standing there.

Sensing Yunxiao's gaze, the other three men gasped and retreated a thousand feet away, looking extremely vigilant.

Lord cloudsky! one of them cried out in shock, " Lord cloudsky, we have no grudges!

I know," Yunxiao said. but there are still twelve doors left. What should we do? " If we don't find a way out, I'm afraid we'll be trapped here forever."

The three of them had extremely ugly expressions. One of them had a pair of triangular eyes, a flat nose, and a crooked mouth. He said, " "I have a method, but I don't know if it will work."

The other two people looked at him with eager expressions.

"I'm a beast Tamer, and I have a few spirit beasts with me. Perhaps I can try the door," the man said.

"Great!"

"Why didn't you say so earlier?" one of them said in surprise.

"I haven't had the chance to tell you," the man said.

"Gah!"

Yi Feng gritted his teeth and his face turned ashen. His eyes were spitting fire. The five members of the beiming family had died in vain!

The triangular-eyed man took out a sack and threw it into the air. Then, he cast a few incantation seals into it.

The rope that was tied to the sack was untied. The sack opened wide and a single-horned horse, followed by a colossal armed ape, a winged centipede, a lightning rat, a huge toad, and a Red Elephant, a Pixiu, ran out.

Suddenly, more than 20 animals came out and ran around in the sky.

what? ” Yunxiao was stunned. I thought beast tamers can only tame one? ”

“That’s true. No matter how powerful a Beast Tamer is, they can only choose two demon beasts at most. Otherwise, it’ll be difficult for them to advance with their own cultivation. I’m one of those beast tamers who can’t advance any further, so I made a few more when I had nothing to do. I don’t have a strong control over these monster beasts, but I’m sure it won’t be a problem for me to just have them open a door.”

that’s right! Yunxiao nodded and smiled. your ability is the nemesis of this scheme.

The triangular-eyed man laughed awkwardly and quickly made a hand seal while uttering a strange note.

The demonic beasts quieted down immediately. They lined up obediently and began to rush up to open the door one by one.

“BOOM!”

“BOOM!”

“BOOM!”

One by one, the demonic beasts were annihilated. Triangular-eyes’ forehead was covered in sweat, but more than that, he felt pain in his heart.

Soon, under everyone’s shock, all 11 doors were destroyed, leaving only one door standing there alone.

“This bi an ...”

Triangular eyes also felt dizzy and shouted, “I can’t be that unlucky, right?”

it’s not a matter of luck,” Yunxiao said. it’s probably because the layout has always been like this. No matter how you open the door, the first sixteen paths are bound to be a dead end. Aiyaya, what a vicious design. If the number of people teleported at one time is less than 17, wouldn’t it mean that they would all be wiped out?”

Triangle-eyes wiped his cold sweat and said in horror, “Even if a large number of people were teleported over, at least 16 people would have to die before we can get over.”

not necessarily,” Yunxiao said with a smile. since it’s a seal, there must be a way to break it. It’s just more convenient to try it one by one. Anyway, I’ll be using the people of beiming Dark Palace to fill the hole, so I don’t feel any heartache.”

Cold sweat broke out on Yi Feng’s forehead, and he felt that his entire body was drenched. He glanced at the three men with a Vulture’s eyes and memorized their faces.

In his heart, these three people had already been sentenced to death. Otherwise, if the news of him begging for mercy was spread, he would be completely embarrassed, and he might even be turned into ashes by beiming Dark Palace.

Triangular eyes controlled a monster with a human head and a snake’s body to wrap itself around the handle of the door and forcefully opened it.

Suddenly, a ray of white light shone out, illuminating the entire dark space.

The scenery around him changed. In the white space, there was the sound of metal hitting metal.

It was endless, and every strike was heart-wrenching.

“This is a Kasaya.”

The few of them looked over. The White fog gradually dispersed, and a set of complicated chime-bells appeared in front of them.

At a glance, there were a total of 13 big bells, 33 medium bells, and 72 small bells. Among them, 13 big bells were slightly vibrating, and the “ rustle ” sound was coming from them.

A gust of wind blew, and the thirty-three bells began to shake.

The sound of the bell became more and more complicated. Then, the seventy-two small bells chimed in a continuous and magnificent way. It was shocking.

The few of them were all shocked. They felt that under the impact of this music, there was a feeling of uncertainty and a lot of things actually came to mind.

He thought to himself, “what’s the matter?”

Very quickly, the few people’s faces appeared as if they were sleep talking, suddenly happy, suddenly worried, suddenly dazed, then suddenly awake. That triangular-eyed person even directly sat down in the air and started crying.

Yunxiao’s eyes were cloudy, and his face was miserable.

With a sudden jolt, he immediately sobered up, and his eyes regained their clarity.

The row of chime-bells had already stopped in his eyes. They hung quietly in the air, without any more fluctuations.

However, Yi Feng and the others were still trapped in the illusion, unable to extricate themselves. It was as if the bewilderment in their hearts never stopped.

Yunxiao reached out to push Yi Feng away, trying to free him from the illusion, but the scenery around him changed.

All he could see was a world of white snow, and he stood alone on the peak of the snow-capped peak.

Yunxiao's pupils constricted, and a thoughtful look appeared on his face.

Ever since he had been teleported over from the Black Tortoise Star Palace's main hall, everything he had seen had been real. However, after experiencing it himself, it was clear that he had been in one illusion after another, as if there was no end to it.

Yunxiao stretched out his hand. The snowflakes floating in his hand were cold and refreshing, and it was indescribably comfortable.

...

He touched it with his hand. It was real.

"What exactly is going on, Yingluo?"

Yunxiao stood alone on the lonely peak. At a glance, he could see everything covered in silver and white, and the sky was high.

All of a sudden, the snow that was falling in the sky froze.

"Bang Bang Bang!"

Countless snowflakes exploded one by one, each turning into a ferocious long-armed ape. The fur on its body stood up, and it charged at him from all directions with sharp fangs and claws.

“What?”

Yunxiao was taken aback, and his face turned pale.

The thousands and thousands of ape soldiers not only sent chills down one’s spine, but also made one’s scalp tingle.

This scene was similar to mu Yijun’s [ scattering beans into soldiers ]!

“Impossible!”

...

Cold sweat broke out on his forehead. His eyes focused and shot out an ominous light, turning into a Scarlet Blood Eye.

A strange power rippled in his eyes. Wherever he saw, the fierce apes disappeared in droves.

Yunxiao was one hundred percent sure that since they were teleported down from the main hall, they had fallen into a huge illusion, and the first seventeen doors should be fake.

As for the people of beiming Dark Palace, if they died in the environment of the 17 doors, they would really die.

Even if he were to be torn apart by these vicious apes at this moment, he would also end up dying!

“I peeked at the yin outside the bamboo, the water outside the tree, and the clouds outside the peak. Did I do it intentionally or unintentionally?”

His spiritual energy surged and filled his body in an instant. A solemn and holy aura emerged from his face.

With a calm expression, he made a hand seal in front of him and remained motionless.

The pupil in his eye condensed into a strange shape, like a small formation. With a glance, it was as if he had crossed through time and space, crossing the ancient times.

“Birds come to spy on people, the moon peeks at wine, and the snow peeks at books, but they see that he is heartless.”

The power of the moon pupil suddenly opened, and everything in sight disappeared.

The floating clouds scattered in a single glance, and all techniques turned into nothingness.

The scenes around him continued to fade away. Under the moon pupil divine skill, they all became empty.

“Phew, finally out?”

As the snow receded, he closed his eyes and the flush on his face disappeared, turning pale.

When he opened his eyes again, he was floating above a sea.

There were 18 stone pillars on the surface of the sea, and a person stood on each of them. They were the people from the northern underworld primordial sea, Duanmu Cang, and the others. They were all looking at him with strange expressions.

“You’re here.”

When Duanmu Cang saw Yunxiao, he greeted him with a smile, as if he was not surprised at all.

Yunxiao looked around. There were fifteen people in total, and three stone pillars were empty. He flew down and occupied one of them, then asked in surprise, "There were more than a thousand people, and only fifteen of you are left?"

"We came in batches. The others might still be trapped somewhere," Duanmu Cang said.

Yunxiao thought for a moment and agreed. God knew how many people would be trapped in that kind of great illusion. "Could this place still be an illusion? Could it be that everyone is also stuck?"

At a glance, the weakest among the fifteen people present was a peak seven-stars Martial Emperor. It was simply unbelievable that he could stop them.

Duanmu Cang laughed. this isn't an illusion. It's the center of the thousand labyrinths. It's indeed an ocean space.

"The thousand labyrinths? Could it be the great illusion from before?" Yunxiao asked.

Xie ting laughed. that's right. This is the great illusionary realm under the main hall of the Black Tortoise Star Palace. There are a total of 1000 changes, and everyone's experience is different. The fact that young master Yun was able to escape from it shows how extraordinary his strength is."

Duanmu Cang blinked and smiled. there are two ways to break through the thousand labyrinths. One is to survive the three trials, and the other is to break out of the illusion with great divine power. And the difficulty of the three tribulations is directly related to the strength of the person undergoing the Tribulation, especially the last tribulation, where death can be brought back to life."

There was a look of lingering fear on Yunxiao's face. In the last tribulation, countless fierce apes had been entangled in it. If he had not used his divine skill, he would have been in great trouble.

His face was slightly ruddy, but using his spiritual energy to use eye techniques was indeed very taxing.

"Then what's the situation here?" he asked."It seems like you're waiting for something?"

“Hehe, you’re right.” Mu Jie chimed in. We can’t go any further, so we can only wait.”

“Wait?” Yunxiao looked puzzled.

Mu Jie chuckled. the layout of this place is extremely simple. However, it’s also the most difficult to pass through. There’s a limit-triggering restriction in this illusory ocean domain.

what’s the limit? ” Yunxiao asked. what’s the limit? ”

He was not unfamiliar with this kind of restriction. Many secret realms had it. For example, the age restriction on Mount Meru was also a limit trigger.

Mu Jie said,“it’s a kind of extreme boundary of power. The power in this area must reach a certain level before it can be converted.” However, no one knows how powerful this power is.”

Chapter 1349-divine talisman

what? ” Yunxiao frowned. if the extreme value of the power is infinite, does that mean I’ll be trapped here forever? ”

Duanmu Cang laughed. there’s a limit to a man’s strength. No matter how great this boundary is, it won’t exceed the strength of the person who set it up back then. Moreover, with the passage of 100000 years, the power of the restriction will also be greatly reduced. If we still can’t get through after we have more people, we’ll break through by force.”

Tai-Shu Xie ting also said, ” I’ve already seen it. The key to this area is on these 18 Jade pillars. If we can’t get through, we can work together to break the seal. It shouldn’t be a problem.

I see! Yunxiao nodded. I see.

He also waited with peace of mind and consumed some heavenly treasures to recuperate.

From time to time, experts would appear on the sea. After seeing everyone, they had the same doubts, and some familiar people would explain.

After more than half a day, seventy to eighty people had gathered on the sea.

Everyone's strength was different. As expected, the strength of the illusion they encountered was different. It was not the case that the higher one's strength was, the easier it was to pass.

Everyone stood quietly in the air above the sea and discussed in low voices.

There were 18 people standing on top of the Jade pillars, and they were all cultivating calmly with expressionless faces.

Suddenly, there was another fluctuation in the space. A tall and thin man in linen clothes appeared in the sea. He was stunned at first, then he frowned.

When the martial artists beside him saw this person, they were shocked and hurriedly retreated.

The burly man grinned and grabbed at the air, pulling a low-level Martial Emperor powerhouse out. "Come over and tell me what's going on here."

The low-level martial sovereign's face turned pale. He seemed to be extremely afraid of this person. He told the man everything he knew in a submissive manner.

"I see."

The burly man looked around and frowned. He snorted, "there are so many people here, but the space still hasn't opened. Who knows how long we'll have to wait!"

He looked down and saw that the 18 people were standing on stone pillars. Their faces were calm and their eyes were closed, as if they were not bothered by the outside world.

“What?”

In a flash, he appeared next to Yunxiao. He released his aura and pressed it down on Yunxiao as he shouted, “Open your eyes!”

Yunxiao frowned as he slowly opened his eyes and said, “What’s the matter?”

The burly man snorted coldly and said, “I’m a little tired from flying. Let me have this pillar and you can get lost.” He raised his middle finger and said sarcastically, “A seven-stars Martial Emperor wants to occupy space? You’re the weakest out of the eighteen, so this position is mine.”

Yunxiao ignored him and continued to close his eyes to regulate his breathing. He had only recovered a little of the primordial energy he had consumed when he used the divine skill.

The burly man’s face sank and his eyes were filled with anger. With a flash of cold light, he sent a kick flying.

With a flash of green light, his leg technique was so fast that the air exploded, and the impact turned into a beam of light that instantly hit Yunxiao’s head!

“Ah!”

Many people’s hearts trembled violently. The head of the young man in front of them was about to explode. They couldn’t bear to look at him and hurriedly turned their faces away.

“Bang!”

Yunxiao’s upper body exploded, but it was not a bloody mess as everyone had imagined. Instead, countless green thunders burst out.

The green Thunderbolts spread out like dragons, then flashed in the air and gathered together again, turning into Yunxiao’s appearance with killing intent in his eyes.

The five fingers of the giant lightning hand clenched, and countless bolts of lightning gathered together. A ring of lightning fell and caught the burly man in linen clothes!

“?! What?”

The burly man’s eyes were filled with fear. He was shocked to find that he had no power to resist the green lightning!

“I’m a little tired, so I can go and die!”

A murderous aura rose from Yunxiao’s body as a ball of lightning flew out of his hand. Countless Thunderbolts spread out like wings, and runes flew all over the sky.

“Argh! No, don’t, don’t, don’t!”

“BOOM!”

The ball of lightning exploded on the burly man’s body, and countless bolts of lightning shot through his body.

The burly man’s entire body seemed to be frozen. His mouth was still wide open in fear, but his life force was gradually disappearing as he fell from the sky.

“Huala”

The corpse fell into the sea, and after splashing a circle of waves, it sank without a trace.

“?!”

The nearly one hundred people standing in the air all sucked in a breath of cold air. They felt a chill surge up their spines, and their bodies instantly turned cold.

An eight-stars Martial Emperor was killed by his opponent in one move!

Many people swallowed hard, remembering Yunxiao's face clearly in their minds and reminding themselves not to provoke him.

The people on the 18 pillars also opened their eyes, and their eyes were filled with shock.

To be able to kill an eight-stars Martial Emperor with one move, his strength must have reached the level of a nine-stars Martial Emperor at least. However, the person in front of him was clearly only a seven-stars Martial Emperor!

Duanmu Cang's beautiful eyes flickered but she did not say anything. It was as she had expected.

On the other hand, darknorth Yuan Hai's face turned gloomy, and his killing intent became even stronger.

"I've killed an eight-stars Martial Emperor, so I'll have to wait for a lot more people," mu Jie chuckled.

After the burly man was killed, the entire sea region became much quieter. Everyone waited quietly, and no one dared to cause any more trouble.

The number of people continued to increase. When there were more than a hundred people, Yi Yan and Yi Feng appeared in the sky above the sea.

The Beastmaster with triangular eyes and the other two were nowhere to be seen.

As another Martial Emperor powerhouse entered, the 18 Jade pillars suddenly lit up.

...

The hundred or so people's expressions all changed as they looked on in bewilderment.

Rays of light shot out from the pillars and connected with each other, forming all kinds of complicated patterns on the surface of the sea.

The eighteen people were all quiet and motionless, not disturbed by the strange phenomenon in front of them. The formation light evolved under their feet, and soon, the light radiated in all directions, covering a hundred mu.

In an instant, the rippling formation light suddenly disappeared.

The entire space changed, and the sea disappeared. Everyone was stunned.

Everyone was in a large hall that covered an area of 100 mu. They were not unfamiliar with this Hall. It was the main hall of the Black Tortoise Star Palace!

"What? Could it be that after going around in a circle and narrowly escaping death, he returned?"

f \* ck you, I only came here because one of my arms was broken. Which bastard set this up to play with us!

"I'm going to tear this place down! One of my intrinsic profound level weapons was lost in that illusionary realm!"

All sorts of curses and complaints rose up, and a maniacal anger spread among the crowd.

However, everyone's voices gradually weakened, and in the end, it became very quiet.

...

This was because they realized that the 18 people standing in the main hall were all carefully observing their surroundings. They were not as frantic as they were.

Only then did everyone realize that although this Hall was exactly the same as the main hall from before, they were not in the same place.

Tai-Shu Xie ting said slowly, "this place should be the overlapping space, which is where the real black Tortoise Star Palace is located." From the looks of it, the setup is quite simple. I'll set up a thousand bewildering formation above the real star Palace's main hall, then project the star Palace's main hall through the thousand bewildering formation to the other shore."

"But there's nothing in this Hall!" The darknorth Yuan hai said with a gloomy face.

Great-uncle Xie ting said, " that's not entirely true. Isn't there a stone tablet there? There should be some records."

Everyone followed his gaze, and sure enough, in an unremarkable corner, there was a seven-foot-long stone tablet. The carvings on it could not be seen clearly.

Everyone flew over, and they couldn't help but be stunned.

The stone tablet was as smooth as Jade, and there was not a single word on it. There was only a light yellow talisman stuck on the top of the tablet.

"Stop!"

Someone reached out to remove the talisman, but tai-Shu Xie ting stopped him with a shout.

The man retracted his hand resentfully, his face showing some dissatisfaction.

this rune is so strange. I don't even recognize a single rune on it.

Mu Jie could not help but reveal a strange expression as she stared at the talisman in a daze.

On the other hand, Yunxiao's eyes lit up, and his heart trembled. The faint runes on the talisman were the ancient Maha characters, which were missing a stroke each, just like the characters carved on the stone pillars of the ocean emperor's palace.

Because the Maha ancient character was formed by the condensation of rules, ordinary objects could not bear it. Therefore, one stroke had to be removed when it was imprinted.

Tai-Shu Xie ting stared at the talisman for a while, but he didn't say anything.

Duanmu Cang said, "there's nothing here. Perhaps there's a hidden mechanism. We can only find clues from this stone tablet.

this talisman is extremely precious," Xie ting said. it should be a divine talisman that contains the power of the tenth level. I just don't know how much power it still has left.

"Level 10 divine talisman!"

Everyone was shocked, and their eyes were shining.

The person who had wanted to take it off earlier was even more vexed, and said, "An ownerless item, whoever sees it gets it!"

Xie ting glanced at him and said, "If that's the case, then try taking it off if you still want more."

The man was stunned for a moment before he was overjoyed. He laughed and said, "Good! I hope you don't regret it, there's no spiritual Qi fluctuation on this stone tablet at all, it should have been exhausted long ago."

He stretched out his hand and grabbed the talisman, but it didn't move at all.

The man's expression changed slightly, and he immediately activated his Emperor Qi. This time, he easily removed the talisman. The talisman flashed with yellow light, and the incomplete Maha ancient characters began to change. The missing stroke was gradually added.

Everyone felt a vast and surging power surge out, and their eyes were wide open.

The man was also a little afraid, but he was also pleasantly surprised. The power on the talisman gradually stabilized, and finally, all the Maha ancient characters flashed and disappeared, turning into the appearance of an ordinary talisman.

"Ha, haha, I'm fine!"

The man was overjoyed. With a flip of his hand, he put away the talisman. He looked at the crowd proudly and said, "I'm sorry, you let me win. The first treasure of the star Palace will be mine."

Although he felt many malicious and vicious gazes, he was confident that he could leave the hall as soon as he stepped out of the hall.

"Words, there are words on the stone tablet!"

Suddenly, someone called out and everyone hurriedly looked over. They saw that where the talisman was removed, nine small words had indeed appeared.

Duanmu Cang's beautiful eyes turned as he looked at the nine small words and read them out softly, "Don't take off the divine talisman!"

Chapter 1350-suppressing evil

"Don't take off the divine talisman!"

Everyone, "hehe."

“What do you mean?” mu Yu glared at him and cursed. These words are under the yellow talisman and can only be seen if the talisman is removed. They’re deliberately toying with us!”

“That’s right, now that it’s been exposed, what do we do?” Everyone started mumbling, and many people shouted, “Should I do as you say and stick it back?”

The face of the man who had obtained the divine talisman darkened. He said coldly, “This item is already mine, don’t even think about it!”

Tai-Shu Xie ting also cupped his chin in his hand and pondered. He said, “It’s indeed a little strange.”

Just as he finished speaking, two large words suddenly appeared on the stone tablet’s smooth surface: Suppress evil!

The characters were written in ancient characters and glowed with a faint golden color. Suddenly, they disappeared!

“Ka!”

A tiny crack appeared on the entire stone tablet, and it grew bigger and bigger. In a moment, the entire stone tablet was covered in dense cracks.

“Bang!”

In front of everyone’s eyes, it let out a light explosion and turned into a pile of fine powder.

“This bi an ...”

Yunxiao wiped the cold sweat off his forehead and said in embarrassment, “I have a bad feeling about this.”

“Me too,” mu Yu said.

The two of them looked at each other. Suddenly, a deep ancient sound came from the hall. A sense of decay spread out as if a Sleeping Ancient beast had awakened.

Everyone’s hearts trembled, and they immediately became alert, even causing panic.

“Calm down!” The darknorth Yuan hai said in a deep voice. A hundred thousand years have passed, and even the most powerful things have become dregs!”

“That’s right, Lord Yuan hai is right.”

“With our combined strength, there’s nothing to be afraid of unless a godly state expert comes,” Duanmu Cang said calmly. And under this sky, God Realm experts have long since disappeared.”

As soon as the two of them spoke, everyone immediately quieted down, allowing the ancient sound to reverberate in the hall.

Desolation and sorrow, they wandered around.

Listening carefully, a silent and desolate feeling spread in everyone’s heart, as if everything was ancient, time had long passed, and only this decadent voice was left in the world.

All of a sudden, a green light flickered in the hall, and a rotten corpse appeared. Its entire body was rotten beyond recognition.

The moment it appeared, the Zombie’s eyes opened wide. It had no eyeballs at all, and it charged down with a loud roar.

Based on Yunxiao’s description, they did not think much of the zombie, and did not find it terrifying.

On the other hand, mu Jie's eyes lit up and flickered with a sharp light.

Just as everyone was on high alert, he leaped up and a green ring of light flew out of his hand. He slammed his palm at the zombie!

"Bang!"

The palm Power hit his chest, creating a big hole.

The green light spread to the Zombie's body and exploded in all directions.

Mu Jie's pupils shrank and a layer of gray light appeared in her eyes. As if she had seen something, she flicked her five fingers and rays of light flew out from her hand.

The rays of light suddenly dispersed and turned into palm-sized spider webs. There were more than ten of them in total, and they were retracted in the air.

He saw that there were some small insects covered in each net, and they were wriggling.

Mu Jie was overjoyed. She suddenly formed a hand seal with one hand and pulled the net in the air.

With a flash of green light, the ten-odd nets were put together.

All of a sudden, the bugs exploded on their own, turning into a thick green poisonous gas that scattered in the air.

"What?"

Mu Jie was startled. The large net enveloped a ball of poisonous gas as it fell. He snorted angrily and swung his arm.

The green net immediately shrank into a ball and shot out like a sharp arrow.

“Bang!”

The sharp arrow exploded in the void in the distance. Green poisonous gas gushed out and slowly faded.

“Argh! This thing has an immortal body?”

One of the Warriors cried out in alarm. The corpse that had been smashed into pieces by mu Jie’s palm moved on the ground like a lump of rotten meat. It slowly gathered together and condensed into a corpse.

However, it was even more terrifying and disgusting than before, and it also emitted a pungent rancid smell that made people feel nauseous.

“Lord mu Yu, what’s going on?” Duanmu Cang asked.

Mu Jie’s face was extremely gloomy as she coldly said, “Just as I expected, these corpses are being controlled by an extremely powerful corpse puppet. As long as the corpse puppet doesn’t die, the corpse won’t fall!”

Duanmu Cang asked, “the corpse puppet is the insect that turned into poisonous gas?” How can we kill these corpse puppets?”

Mu Jie said, “these corpse puppets are different from what I expected. They’re not very powerful.” But it’s not that easy to kill them, so the best way is to use fire.”

“Fire? My strongest technique is fire!”

A surprised look flashed in the eyes of one of the martial artists. He immediately made a hand seal and opened his mouth, shooting out a huge line of fire.

“Hu hu hu!”

The flames instantly engulfed the zombie, and its entire body was set ablaze, crackling as it was burned.

...

A moment later, the zombie was reduced to a pile of charred flesh, leaving behind a human figure that was still emitting thick smoke.

However, to everyone’s horror, the figure moved, then raised his hand, bent his legs slightly, and shot out, charging at the fire-breathing man at an extremely fast speed.

“Ah?”

The man let out a terrifying cry. The Zombie’s body exuded an extremely strong pressure, sealing the surrounding space.

A cold glint flashed in Duanmu Cang’s eyes. He raised his hand and elegantly formed a Lotus-shaped finger and pointed at the man.

“Bang!”

The Zombie’s head exploded in an instant, and its entire body was blown away.

However, the Headless Zombie that had fallen to the ground stood up again.

This time, everyone’s faces turned green, and their mouths were wide open. How could they fight?

Mu Jie snorted coldly. don't embarrass yourself by using ordinary flames. Only an eighth-rank demonic flame would be able to make these corpse puppets fear you. And this is only the lowest-rank corpse puppet. In a place where a large number of such low-level corpse puppets gather, there will definitely be high-level ones.

"Hmph, I don't believe that only a" heavenly flame "can hurt it."

...

Hmph! darknorth Yuan hai snorted and released a ball of cold Qi from his hand. He grabbed at the void and shouted, " ha!

A water cloud gathered in the air and froze the Headless Zombie.

Then, it exploded with a bang and turned into countless ice crystals, leaving no bones behind.

"Beiming Dark Palace's frosty Yin Qi is indeed powerful!" Mu Jie's eyes narrowed as she said.

A hint of pride flashed across the face of the darknorth primeval sea as he said, " "If it's only zombies of this level, I alone will be enough to deal with 100000 of them."

After the zombie died, the hall flashed with a green light again, followed by two and three more rays of light.

At first, there was a constant flash of green light, and with every flash of light, a zombie would appear.

In an instant, hundreds of rotting corpses filled the air above the hall, surrounding everyone.

Everyone's hair stood on end, and their scalps went numb.

They were not afraid of the zombies 'appearance, but they were afraid of the undying bodies that they had seen before.

Yunxiao laughed. don't be afraid, everyone. Didn't Lord Yuan hai say that he is the only one who can send ten thousand people? " If everyone is afraid, it means that they don't trust Lord yuanhai."

right, right, right, with Lord yuanhai here, what are you afraid of!

Mu Jie's mouth also cracked into a wide smile.

Darknorth Yuan hai placed his hands behind his back and said coldly, " "Killing these zombies isn't a problem, but why should I help you bunch of trash?"

this Wufu, Lord yuanhai's words are too hurtful. We are all trapped in the star Palace, who knows what dangers we might face later on. Shouldn't we help each other? "

A warrior couldn't help but say in a moment of desperation, which immediately received the response of the crowd, and they all began to criticize.

"Hehe, how can there be a free lunch in this world?"

The darknorth primeval sea wasn't angry. Instead, he chuckled and said,"If you wish to obtain this old master's protection, you can come behind this old master. However, after leaving this Star Palace, you will owe this old master a favor and have to do one thing for this old master."

"This bi an ..."

Everyone's voices became softer and they fell silent. Although his method of blackmail was shameless, there was nothing to say.

After all, you're free to do whatever you want, and no one is forcing you.

After the zombies appeared, they seemed to have just woken up from a deep sleep. They began to move their limbs slowly and spat out clouds of poisonous gas.

The entire sky was filled with a rancid smell that made one feel nauseated.

Many people started to move and stood behind the people from Beiming Dark Palace. Most of them were martial artists below the martial Supreme realm. There were also some low-level martial Supreme realm martial artists who were not confident in themselves. They also stood behind the people from Beiming Dark Palace with gloomy faces.

Darknorth Yuan Hai's face bloomed with joy as he looked at the zombies. No matter how he looked at them, he found them cute.

"Fangshi, protect everyone. Let those self-righteous and insensible 'experts' go."

The darknorth primordial sea instructed and smiled. "Any of you can change your mind at any time."

"Yes!"

Fang Shi walked out from behind him. A cold light flashed in his hand as he swept his long spear.

A trail of ice formed in the air, forming a large circle. It emitted a terrifying cold air and protected everyone behind it.

"Argh! "Ah!" Ah!"

The zombies that filled the sky gradually became more active. One by one, they opened their eyes and began to rush down.

"Actually, there's no need to be too afraid," mu Jie said. "As long as you're strong enough, you'll be able to shatter their bodies into pieces."

He casually waved his palm, and a green light suddenly spread out, blasting into the body of a zombie.

“BOOM!”

A huge explosion occurred and a green light emerged, directly blowing the zombie into ashes.

However, with his strength, after exchanging a few blows with the zombie, they flew toward Fang Shi with a changed expression.

If it was a one-on-one battle, the group would still dare to fight, but the number of zombies clearly had the upper hand.

As the huge ice spear flew in the air, the zombies seemed to be a little afraid and did not dare to fly over.

After Duanmu Cang crushed a few zombies, his eyes revealed a look of fear.

In order to completely kill those corpse puppets, each attack would consume a great deal of origin power, which was much more tiring than killing martial artists of the same rank. No matter how powerful they were, they couldn't withstand it at all if this continued.

“Sir mu Yu, do you have any way to deal with these zombies on a large scale?” Duanmu Cang asked.
