

The Eternal 1361

Chapter 1361-patrolling bullfight

The green iron Bull let out a low and distant “Moo” that shook the heart.

“Sky-patrolling bull Pixiu Pixiu”

“Isn’t a pet Pixiu a divine Phoenix?” mu Jie asked in a daze.

Yunxiao’s pupils constricted, and his heart trembled. As he stared at the green Bull, he suddenly recalled the similar bull-shaped true spirit he had seen on the countless stone pillars in the ocean emperor’s palace!

“This thing is a true spirit?!” He cried out.

Everyone trembled in shock when they heard this.

“The sky-patrolling bull is indeed one of the true spirits,” said beimang Nan. “It almost died in the battle to suppress the demons back then. Lord lingmu di begged someone to make this banner body so that its soul could have a place to live.” His eyes were filled with complicated emotions, and his thoughts seemed to be drifting away.

Mu Jie’s face turned pale as she said, “a true spirit, a brutal soul, and a divine phoenix body.”

Hmph! lingmu di snorted coldly. I can’t believe that I’ll have such a day. It’s so tiring to deal with a few martial sovereigns.

The body of the gourd Little King Kong was recovering bit by bit, but its momentum was not as good as before. The strength of the gourd Little King Kong would not be reduced, but the soul power of the lingmu flute and its control over its body would be weakened.

Especially when the amount of Green Poison on his body was increasing. His body, which was made of a mixture of metal, could not withstand the poison and began to rust and fester. His face was twisted into a bitter gourd as he said, "Zhenan, you've always been my most capable arm. I don't want to hurt you. You have no chance of winning against me. Quickly remove the poison from this Lord's body and be my subordinate again."

Beiming Nan frowned and kept silent.

Lingmu Di's face darkened and he said coldly, "this body is not worth mentioning to me. After I kill all of you, I'll just change to a new one. I just can't bear to kill you and want to give you another chance. Don't be ungrateful!

Yunxiao suddenly sneered and said, "Senior mu di, lying is not a good thing. It's very difficult to fuse with one's own soul after taking over a spiritual body, and the physical body will constantly devour the soul. You can only completely control it by taking over some low-level martial artists, but it will inevitably destroy the natural talent of the physical body, and even if you cultivate again, it will be difficult to reach the peak!"

"As for the possession of a spiritless puppet, it will be difficult to advance for the rest of your life. Not only that, without the nourishment of the physical body, dantian, and meridians, your soul power will also continue to flow away, and eventually, your mind will die and you will become a low-rank bi'an spirit. Only the bi'an you're occupying now is left."

is it a surprise?" Yunxiao smiled indifferently. is it?"

Lingmu di trembled and said in shock, "You, what do you mean by that?"

Yunxiao sneered. you should know better than me what I mean. I'm afraid this body is the most suitable for you in the world. I can't find a second one like this. It's not just the compatibility, but also the ice fiend Heart Flame!"

"Bang!"

Lingmu Di's entire body trembled, and his twisted body expanded. He clenched his five fingers tightly, causing the surrounding air to shatter and explode with a loud explosive sound.

you don't need to ask me how I know," Yunxiao said slowly. because the puppet you're occupying is made by me. This time, I came to the two world Mountain specifically for it. I didn't expect to be involved in this boring storm, and I didn't want my puppet to be taken by you."

The crowd was taken aback as they looked at Yunxiao in surprise.

Mu Jie was also stunned for a moment before a look of realization appeared on her face and she nodded lightly.

"You refined it?"

Lingmu Di's expression changed. He suddenly laughed and said, "Haha, since you can make one, you can naturally make a second one, and a third one."

"Not necessarily," Yunxiao said.

Lingmu Di's brows instantly rose and he shouted, "Why?"

first of all, the materials are hard to find, and the opportunities are hard to come by," Yunxiao said. it's also a coincidence that this puppet has developed into its current appearance. Secondly, the most important point is that I'm not in a good mood, so I can't refine anything."

An ominous glint flashed in lingmu Di's eyes. He said coldly, "Hmph, I'll help you relax your bones and soul, and you'll be in a good mood." His hand was like a reverse soul whip, and he spat out a strange note.

"Swish!"

The heaven patrolling Bulldog barked in a low voice and slowly turned around. Its eyes emitted a green light like two huge gems. Rings of light waves spread out from under its four hooves.

The entire sky was covered by the green light patterns, like a green net that covered the sky and the sun. It filled the entire barrier, and everyone was trapped inside.

“What the hell is this?”

Yunxiao looked surprised. The green light was like a spider web, and he was completely stuck to it. Not only that, but even his primordial energy was bound, and he could not even move his fingers.

Everyone’s expression changed as they tried to circulate their origin power. Although they could still move, they were greatly suppressed.

Furthermore, within this thousand mu barrier, it was completely enveloped by this light net, there was no place to hide!

“This is the innate divine ability of the heaven-patrolling bull,” said Beiming Nan. “The boundary power it carries is similar to a barrier, but it’s slightly different. Not only can it attack anyone within the net through this green light, but it can also absorb the energy of everyone who is injured.”

“What? How can we fight this?” Everyone was stunned, their mouths wide open.

Even darknorth Yuan hai and the others looked solemn and seemed to be worried.

Lingmu Di’s body had basically recovered. He held the reverse soul whip and sneered, “you traitor! You’ve betrayed us thoroughly!

“Lord mu di, as long as you give up the rainbow stone, I’ll immediately remove the poison in your body,” said Beifang Nan. From what that person just said, this body is very important to you.”

“Shut up!”

I'll give you one last chance," lingmu di shouted. detoxify and surrender, or die!

Beiming Nan's eyes were filled with sorrow. all of our companions in the two world Mountain died trying to seal the demon. Even you, my Lord, have perished. I only have a remnant soul left. Even so, no one had a single complaint. What was there to be sad about in life and what was there to be sad about in death? I'm even willing to turn into a rotting corpse and guard this place for another 100000 years. However, how are you going to face the souls of more than 3000 of our friends from the two world Mountain in your current state?"

Lingmu Di's body trembled, as if he was extremely touched, but his eyes were soon replaced by a fierce look. He shouted, " "The rainbow stone in my body is the safest place in the world! This was the meaning behind the sacrifice of more than three thousand friends! You actually ignored everyone's sacrifice and wanted the rainbow stone to fall into the hands of these unknown people? The one who sacrificed himself is you, bei Xiaonan!"

A large amount of light surged out from the lingmu Di's body, accompanied by the poison of the seven illusions green damask. His entire face was twisted as he roared, " "All of you, go to hell!"

The reverse soul whip was waved and turned into a silver light in the sky. Countless runes flickered and fell down.

The entire barrier was covered in this rain of silver runes, and it swept toward everyone with a vast and strange force.

Everyone was shocked. Not only were those silver runes extremely aggressive, but they also directly attacked people's souls.

At the same time, the heaven patrolling Bulldog let out a low roar and raised its right front hoof before stomping down.

"BOOM!"

The light net trembled, and countless green lights surged up. Green runes also flew out from within, and the entire space within the barrier was filled with green light.

“Bang!”

...

One of the cultivators was already severely injured. As the green runes covered his body, he instantly exploded into a pile of flesh and blood!

“What? This thing can explode?”

Everyone’s scalps went numb, and they desperately used their ultimate skills in great shock, pushing the green runes that filled the sky a hundred feet away!

“BOOM!”

Even so, the runes were still rolling and exploding, and the terrifying impact force reverberated on the green net.

The silver runes in the sky also fell down like demonic snowflakes, floating and spinning inside the enchantment.

“Ah!”

All kinds of screams rang out, and the cultivators who were struggling to resist the power of the explosion suddenly felt a splitting headache and blood flowing out of their pores.

“Bang! Bang! Bang! Bang! Bang! Bang!”

The power of the reverse soul whip struck directly at the divine sense and soul, instantly accelerating the slaughter. Many people were already killed by the silver talismans before the green talismans exploded.

The entire sky was filled with the stench of blood from the powerhouses. Almost everyone below the rank of a high-level martial Supreme had been annihilated!

...

On the other hand, there was a level of one star above a high-level Martial Emperor. The seven-stars Martial Emperor powerhouse was not in a better state. He was also bleeding from his seven orifices, and his body began to crack. An eight-star Martial Emperor could barely protect himself, and only a nine-star Martial Emperor was basically without any worries.

Under the joint attack of lingmu di and the heaven patrolling bullfighting, more than half of the martial artists were instantly killed, leaving only 30 to 40 people. Moreover, half of them were seriously injured. They might not be able to withstand the next attack!

Everyone's eyes were filled with fear, and even the people from the darknorth Yuan hai region were furious.

Beifeng Nan was also hit by the double impact, and his eyes became a little dazed. His rotten body was almost undying, but the reverse soul whip directly countered his soul power.

"Damn it!"

Bi haodang suddenly let out an angry roar. A red light flashed across the sky, and his figure appeared on the heaven patrolling Bulldog. A golden light flashed in his hand, and a long spear was thrust straight down!

"Swish!"

The bull let out a low roar and moved its head. The green net in the sky suddenly shrank and wrapped around bi haodang. Then the net flashed and he disappeared.

In the next moment, bi haodang was directly teleported a thousand feet away, and his body was covered with green runes.

“What?”

Bi haodang’s eyes almost popped out of their sockets, and his heart instantly sank to the bottom of the valley. The flag in his long sleeves spread out, and five-colored light poured out.

“BOOM!”

The green runes exploded instantly, and a terrifying power soared into the sky. The other Warriors could feel the power of destruction from far away.

The power of the explosion dissipated, and the light of the five elements around bi haodang was in a daze. His entire body was covered in dust. Although he was in a sorry state, he was fortunately not injured.

Yunxiao was shocked. Although this territory was not like the divine realm tablet, which allowed the owner to do as he pleased, it was similar to the Thunder realm of the Thunder Tiger and fire leopard, which was almost an evolution of a divine power.

Chapter 1362-Nine Heavens Douluo ring

“Does anyone have any good ideas?” Duanmu Cang’s eyes flickered.

Xie ting’s eyes were filled with despair as he said, ” “This is the combination of a true spirit and brutal soul with a divine armor. It’s almost like a god-level existence. It’s just one power against ten. No matter how we fight, it’s useless.”

don’t be too pessimistic, ” Yunxiao said with a sneer. if he were really an immortal state being, we would have been annihilated by the blow just now. Do you think we would still have the chance to talk here? ”

“That’s right. A hundred thousand years ago, the heaven patrolling Bulldog had been severely injured. After its soul was fused into the puppet, it had fallen to the immortal state after the passage of time. The power of the attack just now was not even one percent of its full power.”

Beifeng Nan stared at the sky-patrolling bull and said with a complicated expression.

“Less than one percent?” Everyone’s hair stood on end. How strong would he be at his peak?

senior Zhenan, ” Yunxiao said. can your seven illusions green damask restrain it? ”

Beiming Nan shook his head and said, ” I should have been able to do it before. Although my soul power is damaged, this rotten body is a complete heaven and earth poison body. It’s enough to control the five poisons of great extinction. but now, ” he said bitterly, ” under the reverse soul whip, my soul’s state is unstable. I don’t have much time left, so it’s even more difficult for me to attack.

Yunxiao’s pupils constricted as he stared at the rotten body in horror.

His disciple, Meng Bai, also had the heaven and earth venomous body, one of the strange divine bodies. The so-called great completion meant that all eight gates were opened, and the physical body was sanctified.

Beifeng Nan’s body must have gone through some special treatment, which was why he was still alive after a hundred thousand years.

His eyes were blurry and he was indeed losing his mind. It was obvious that he had suffered heavy injuries from the two reverse soul whips.

Although lingmu Di’s expression could not be seen, other than the fierceness in his eyes, there was also a complicated look that was constantly conflicted.

Yunxiao looked at him coldly without saying a word. Instead, he closed his eyes and began to regulate his breathing as if the matter had nothing to do with him.

Duanmu Cang replied, "since it's not even one percent of its original power, I must have a way to counter it. I have an abhijna, but it'll take some time." &Nbsp;

Lord Cang, "darknorth Yuan hai said, "do as you wish. If it's just to delay these two old monsters for a while, I and my friends can still do it.

The others rolled their eyes at him. He had dragged everyone into the water for no reason, but at this moment, if they didn't work together, they were afraid that no one would be able to escape, so they didn't say anything.

"Alright, I'll have to trouble all of you," Duanmu Cang said in a deep voice.

She made a hand seal and put her hands together in front of her body. Nine beams of light flew up around her like an unbloomed Lotus, wrapping her in it.

A holy aura rose from the Lotus, and countless golden runes appeared on the flower buds that had yet to bloom.

Duanmu Cang stood quietly in the lotus flower. A shadow appeared behind him. It was a thousand hands and a thousand eyes!

Lingmu Di's expression changed greatly. this is a Kasaya.

"Kill them!" He shouted, his entire body trembling. He waved the reverse soul whip in his hand and a silver light flew out.

The green Bull shook its head and stomped its hooves. In a flash, its huge body appeared in front of Duanmu Cang.

The two horns on his forehead were like iron towers, directly pushing up.

Two ripples spread out from the top of the tower, and the space was pressed down by the green bull's great power, rushing toward the illusionary shadow with a thousand hands and a thousand eyes.

Before the crowd could react, Yunxiao teleported and appeared directly in front of the green Bull. With a loud cry, he reached out to grab the horns!

"Boom boom boom!"

The space under his palms was crushed, and his arms glowed with a golden light. He grabbed the bull's horns and blocked the force!

"What?"

Everyone was aghast, their eyes filled with shock. The terrifying power that shot out from the green bull's horns could not be blocked even if they used all the power of their profound level weapons, let alone their physical bodies!

why aren't you attacking?!

Yunxiao roared angrily, blue veins bulging on his body as he said, "Within this territory, it can teleport as it wishes!"

The heaven patrolling Bulldog had a force of 10000 Jin, and it crushed his Golden Arm. Golden blood flowed out, and he kept retreating.

Duanmu Cang's eyes opened slightly as he cast the spell. A hint of shock flashed past his eyes.

Only then did the rest of the people react, and no one dared to hold back. Several figures flashed and appeared above the fighting bull.

Only then did Yunxiao withdraw his hands and turn his body into Thunder.

The power of the green bull's horns suddenly arrived and instantly shattered his body of lightning into pieces. Countless bolts of lightning shot out in all directions.

Then, it gathered in the sky again and transformed into Yunxiao's figure, but his face was pale and his arms were covered in blood.

At this moment, darknorth Yuan hai flicked his ten fingers, and a Jade-colored finger helmet appeared. A dense Yin Qi jumped on his fingertips and suddenly pointed down!

"Seven fingers of mysterious Yin!"

"Bang Bang Bang!"

Every time his finger hit the back of the green Bull, a dark ice Phoenix would appear and slow down the movements of the green Bull. Its entire body was covered in a thin layer of ice and was almost frozen there.

Then, he put his hands together, and endless cold air burst out of his body, turning into whirlwinds and shooting out.

The entire sky changed color, and white snow fell from the sky. It was a piece of silver that was exceptionally enchanting.

"Flowers of ten thousand trees-thousand feet of snow!"

He formed his palms and slammed them down.

The goal of the darknorth primordial sea was very clear. It wasn't to injure the enemy, but to delay them as much as possible. The sky trembled as the two palms struck down.

The heaven patrolling Bulldog was instantly frozen. Its entire body was constantly frozen, and in an instant, it turned into an Ice Mountain that rose directly into the nebula!

The rest of the People's mouths were wide open as they looked at the strange scene in front of them in horror. They even felt a trace of fear towards the darknorth primordial sea.

it's too late. the darknorth primordial sea took a deep breath and said, " I've used the 10000-year-old ice to suppress it. I wonder how long it can last.

it should be fine, " great-uncle Xie ting said. I'll add a few more seals.

He put two fingers together and a yellow talisman suddenly appeared. Golden talismans kept appearing on it. With a swing, it turned into thousands of them, all of which stuck to the iceberg.

...

Suddenly, a sealing force appeared, and the iceberg emitted a myriad of colors. Through the ice layer, one could still see the heaven patrolling Bulldog frozen inside, unable to move.

"Hmph, childish!"

Lingmu Di's mocking voice was heard. In a flash, he stepped on the iceberg. The rainbow stone on his forehead flickered continuously. The green Poison all over his body was forced into his left palm, turning dark green.

The venomous arm immediately formed a hand seal, and a round golden light lit up.

Beiming Nan's body trembled, and he suddenly shouted, " "Everyone, run!" He was the first to fly up and in a few flashes, he had escaped to the edge of the barrier.

Before the others could react, lingmu di said word by word with a cold smile, " "Nine Heavens Douluo ring!"

"BOOM!"

As his voice fell, the ice Mountain under his feet suddenly shook violently. The tens of millions of talismans instantly floated up and shook in all directions.

The mountain was also torn apart inch by inch, and an earth-shaking roar came from the bottom of the ice Mountain.

Through the thick ice, a round collar had appeared on the Bulldog's neck. It had become extremely red and emitted a terrifying force that surged in all directions.

"Boom boom boom!"

...

The entire Ice Mountain was instantly shattered, and a vast power surged over like waves. The mountain instantly disintegrated into water, forming a huge wave.

Woof!!

On top of the huge wave, the heaven patrolling Bulldog's four hooves stomped on the ground. Its body glowed with green light and runes danced around it.

A red circular collar was spinning above his head, emitting a terrifying force that pressed down in all directions!

Lingmu di stretched out his hand and grabbed the collar. The collar fell into his hand and then he threw it down. It suddenly expanded to several acres in size and pressed down from the sky!

At the same time, the heaven-patrolling bull stepped out of the territory again. The runes dancing on its body condensed and turned into a magnificent golden armor.

He stepped out of the clouds with his four hooves, and instantly, a golden light dazzled, making him look like a god.

“BOOM!”

Under the pressure of the collar, everyone felt their blood and Qi spurting out, and their bodies almost exploded!

A few martial artists who were already seriously injured directly spat out blood and died on the spot.

“Push it up!”

Mu Jie’s eyes bulged. She let out a furious roar and made hand seals. A huge puppet stood up in front of her. Its hands were crystal clear like diamonds, and it suddenly pushed toward the collar.

“BOOM!”

Although the puppet was not as burly as Kai Shan Tian Ding, it was still extremely fierce. Its two diamond-like palms formed a seal, and a green light appeared in the palm of its hand, resisting the collar.

“Crack!”

With a crisp cracking sound, the pair of clear and transparent palms instantly exploded!

“Boom boom boom!”

The entire giant puppet exploded into countless pieces, and the barrier shook. Everyone felt as if they were hanging on a green net, shaking back and forth, their faces pale.

Lingmu Di's face was full of sarcasm. His eyes were full of contempt, as if he was looking at an ant. Suddenly, his expression changed and he turned around.

Duanmu Cang's Lotus had already bloomed. His thousands of hands were performing different hand seals. Hundreds of eyes were open, looking at the world.

"Not good!"

He suddenly made a grabbing motion and the nine Heavens Douluo hoop flew back. The hand seals changed several times before it struck toward Duanmu Cang.

All of a sudden, a figure flashed across the sky. The Golden spear pierced through the collar with an ear-piercing sound, and a golden vortex appeared.

It was Bi haodang, and his hands were constantly sending seals into the spear, causing all kinds of runes to surge.

The nine Heavens Douluo hoop flashed with red light and shattered the spear with a bang. The shattered pieces also gathered together under the power of the hoop, turning into thousands of hidden weapons that shot down.

Bi haodang's expression changed, and he took a step back in the air. The five-element flags were spread out, and the power of the five elements gushed out and condensed into an array.

They complemented and countered each other, constantly evolving and stacking, with endless changes.

He also knew that the ultimate move that Duanmu Cang was preparing at this moment was very likely their only hope of turning defeat into victory. Hence, he spared no effort in stalling for time.

"BOOM!"

The nine Heavens Douluo loop crashed into the rainbow light, causing space to tremble and the Azure realmverse to shatter into pieces.

The power of the five elements suddenly weakened and was fiercely suppressed. The light on the flag bloomed and was incomparably hot. It was already a sign that it had reached the limit of what it could bear!

Chapter 1363-revealing karma

“Hu Chi!”

The five-element flag burst into flames, and the five elements instantly dispersed, breaking the defensive barrier!

The nine Heavens Douluo hoop charged over and crushed bi haodang into dust, but he was reduced to specks of light.

Seeing that the situation was not right, he immediately left behind an afterimage and fled.

When he saw the nine Heavens Douluo hoop rush into the Lotus of light, Duanmu Cang’s eyes opened. He raised his hand and gently grabbed the hoop.

A golden light seemed to flow out of his fingertips. When he touched the ring, a metallic sound could be heard.

“Bang!”

The nine Heavens Douluo hoop was caught by her, and her entire body trembled as blood trickled from the corner of her mouth.

The Thousand Eyes behind him opened and looked at the world.

After that, they waved their hands and formed hand seals to protect all living beings.

Duanmu Cang muttered in Sanskrit, if I am the one who can benefit and bring peace to all living beings, let me have a thousand hands and a thousand eyes.

After that, countless Golden Seals flew out from the thousand hands and gathered in the air. They instantly turned into a golden cloud and a huge "fan" character appeared!

"Whoever becomes righteous today will be released as a great light. Whoever can be at ease today, Yan Fangxi has great divine power."

"Thousand eyes and thousand hands, today is the karmic seal!"

The Thousand Eyes blinked and the thousand hands waved. The "fan" character suddenly fell, as if passing through the infinite past, the infinite present, and the infinite future.

The heart of the past could not be obtained, the heart of the present could not be obtained, and the heart of the future could not be obtained.

Once the seal was formed, cause and effect would follow, and the negative karma would arrive, causing the creation and destruction of all things.

The nine Heavens Douluo loop vibrated and was instantly sent flying from Duanmu Cang's hands.

It transformed into a necklace and hung on the heaven patrolling Bulldog's neck.

Today, the print of karma had crushed the territory of the green Bull. The power of destruction fell and the enchantment around the altar also collapsed.

Lingmu Di's expression changed drastically. The rainbow stone between his eyebrows spun and the ice fiend Heart Flame condensed again, turning into a terrifying flower and suddenly shot out!

At the same time, the heaven-patrolling bull sensed danger. In a moment of shock, its huge body swayed and a huge Green Bull light shadow rushed out from its body. Its eyes were wide with anger as it roared and charged towards the boundless seal.

“BOOM!”

The sky was shattered and the universe was turned upside down.

The entire starry sky turned dark and lightless. Hundreds of altars shattered at the same time, and the entire mountain range collapsed!

“Buzz buzz buzz!”

In the midst of the explosion, there was a white light and a loud trembling sound of the profound level weapon.

The nine Heavens Douluo loop flew out again and expanded to half an acre in size, protecting the lingmu flute and the heaven patrolling bullfighting bull within it. It constantly emitted red power and withstood most of the impact of the karma.

“Bang!”

That Luo Huan finally reached its limit and burst open. A very deep crack appeared, and then it instantly turned back into a collar shape and hung back on bullfighting's neck.

Lingmu Di's gourd Little King Kong body was once again deformed by the explosion. The Golden armor on the heaven patrolling Bulldog was shattered, and the entire Iron Bull was rolled up by the huge force and thrown into the air.

Under the attack, Duanmu Cang's face instantly lost all color. His entire person became dispirited. The Thousand Eyes and thousand hands phenomenon disappeared and he spat out a mouthful of blood.

Suddenly, two beams of light shot toward the lingmu flute. They collided in the air and attacked each other.

Li Yunxiao, do you want to die? ”

One of them was darknorth Yuan hai. His face was cold as he shouted.

What do you mean, Lord yuanhai? ” Yunxiao sneered. what do you mean? ” This puppet is mine, and you want to kill me and Rob me?”

Darknorth Yuan hai was at a loss for words. His face darkened as he said coldly, ” “What you say is yours?” He stretched out his finger and said,”one word, get lost!” Otherwise, the other word is death!”

“Die, your sister!”

Yunxiao opened his mouth and spat out a mouthful of phlegm. The phlegm shot through the air, and its power was no less than that of an ordinary Mystic artifact.

“You’re looking for death!”

The darknorth essence ocean was furious and punched down, shattering the spit. The power of the punch didn’t decrease at all, and the entire sky was frozen.

A sneer appeared at the corner of Yunxiao’s mouth as he threw out a palm. A Wind and Fire slash flew out of his palm, instantly splitting the ice fist in half and slashing at it.

The darknorth Yuan sea was furious and killing intent flashed in his eyes. Suddenly, a series of laughter came from the distance.

“Hahaha, this divine ox is mine!”

A martial artist appeared directly beside the heaven patrolling Bulldog and grabbed its horn with both hands, trying to break it off.

Under the karma print, the bull was smashed and its armored body caved in, losing its might.

However, it still struggled in anger and kicked out with its front hoof. With a “bang,” the air exploded and directly hit the martial artist, kicking him back several feet.

After the heaven patrolling Bulldog’s attack was successful, its eyes shone with a fierce light. Although its body was somewhat deformed, its monstrous ferocity did not decrease at all. Moreover, although the ring on its neck had cracks, it was still flashing with light, and there was a weapon accumulation spreading.

The martial artist was shocked and didn’t dare to move forward.

The patrolling Bulldog glared at him fiercely before turning around and running down in the direction of the lingmu flute.

Lingmu di seemed to have completely fallen into a coma. The deformed body of the gourd little guardian deity was suspended in the air, motionless.

“Hmph, since you’ve been chosen by me, don’t even think about leaving!”

A trace of ruthlessness flashed across the martial artist’s face, but he was also afraid of the divine bull’s power. With a determined look in his eyes, he rushed forward at full speed.

...

A yellow talisman suddenly appeared in his hand and he cast a few incantation seals into it. With a loud roar, he slapped it at the heaven patrolling Bulldog!

A yellow light fell, and with a “pa” sound, a rune was stuck on the back of the bullfighting.

The fighting bull was furious. Just as it was about to show its might, its body trembled. Countless Maha ancient characters surged out of the yellow talismans and completely bound it!

Everyone was shocked. This talisman was the yellow talisman on the evil suppressing stele.

The martial artist was not too sure about its effects and had only casually activated it. He did not expect it to have such a miraculous effect. The bull became obedient under the protection of the yellow talisman. The fierce light in its eyes gradually weakened as if it was about to fall asleep.

“Haha, if it’s mine, then it’s mine. No one can take it away!”

He laughed as he took out a beast taming bag and put the Iron Bull into it. He then laughed and said, “Milords, this one still has matters to attend to, so I’ll take my leave first!”

“Hmph, stay!”

A cold voice rang out. Fang Shi’s long spear was held horizontally, and a cold spear light was thrust out.

“Oh, it’s the Lord of beiming Dark Palace. These ownerless items belong to whoever takes them, and only the fated ones can have them.”

The martial artist sneered and dodged the ice spear with ease. He then appeared in front of Fang Shi with a cold look in his eyes.

...

“?!”

Fang Shi’s heart skipped a beat, and a bad feeling welled up in his heart. The martial artist slapped his palm, and the power of his palm grew bigger and bigger in his pupils.

He wanted to Dodge, but he found that an invisible force had bound him tightly, and he could not move at all.

“What?”

He was greatly shocked. That was an extremely powerful pressure, and it was an existence above his realm. you're so arrogant!

“Pfft!”

Fang Shi's chest was hit, and his internal organs were instantly crushed. He spat out a mouthful of blood and fell.

The man chuckled and swept his gaze across the crowd. Finally, his eyes fell on lingmu di. He sneered, “I'll be taking this bull, and I'll leave the puppet to you guys. Goodbye.”

He laughed and immediately turned into a stream of light and flew away.

Yunxiao's face flickered, and without saying a word, he rushed toward the lingmu flute. He wanted the sky-patrolling bull very much, but not only did he want the lingmu flute, he had to have it!

Furious, the darknorth primordial sea did not know whether to chase or not. But when it saw Yunxiao move, it rushed down and circulated its primordial energy, throwing out a boundless Dao!

“Are you crazy? That person killed your subordinate, and you're not chasing after him, but bothering me instead?”

Yunxiao was furious. He transformed into a Thunderbolt and unleashed his sword Qi at the same time, shattering the phenomenon and sealing the sky and earth as he fled.

Darknorth Yuan Hai's face was extremely gloomy as he shouted, “Get lost for this old man!”

The origin power in his body instantly erupted, and streams of cold Yin Qi formed a strong wind outside his body. It spread out in circles, and his entire aura directly rose to an unprecedented peak. Then, a strange phenomenon appeared behind him. It was the second of the three moves from beyond the heavens, Swift and graceful.

“This power is so strong!”

Everyone was shocked, and anger appeared on their faces. At this moment, everyone was injured, but he was getting more and more courageous.

On the contrary, Duanmu Cang’s expression was even calmer. He merely looked at everything indifferently and slowly recuperated from his injuries.

Yunxiao’s face flickered as he said coldly, “Old man, since you’re looking for death, I’ll send you to heaven first!”

He was truly angered now. As he formed hand seals with both hands, a brilliant golden light appeared. Three heads and six arms appeared, and an illusionary figure appeared behind him. The illusionary figure slowly stood up and rose into the clouds.

The true fiend Dharma idol also took on a three-headed, six-armed form, and a demonic ring appeared around the projection. Demonic Qi surged within it, and demonic flames overflowed into the sky!

“Ah? You coward!”

Not far away, Beifeng Nan’s body trembled violently, and his face was filled with horror. His injured divine sense seemed to have been awakened by a sudden stimulation, and he stared at Yunxiao’s true fiend Dharma idol with wide eyes in disbelief!

Duanmu Cang also covered his mouth and cried out in shock. For the first time, a look of shock appeared on his face. He too could not believe what he was seeing.

don't be surprised," Yunxiao said seriously. this is a demonic divine ability left behind by your big brother!

The true fiend Dharma idol had only appeared after Chiaki Imperial saber master had left.

The shock on beiming Nan's face slowly disappeared, but he was still shocked as he muttered to himself, "But Yingluo, but Yingluo"

His voice gradually became inaudible, because the two people in the sky had a monstrous aura. The might of the spirit pressure produced squeezed out an ear-piercing sound in the air, causing people's eardrums to burst.

Everyone's expression was ugly as they glared at the two of them. Ten thousand 'f * ck you's ran through their hearts.

It seemed that in the previous fight, these two beasts were the same as the beast who took off the talisman to steal the cow. They were both people who didn't put in any effort and waited to reap the benefits at the end!

Yunxiao and Yuan hai naturally sensed the anger of the others, but they pretended not to see it. They just stared at each other coldly, their killing intent growing stronger and stronger!

Chapter 1364-shocking everyone

After a brief moment of rage, the darknorth primordial sea calmed down.

His killing intent toward Yunxiao had never been as strong as it was now.

The man in front of him was too talented. He only had the cultivation base of a seven-stars martial sovereign, but his aura was no weaker than his.

To be enemies with such a genius, just thinking about it made his scalp tingle!

that's strange," Yunxiao said in surprise. Lord Yuanhai seems to hate me so much that his eyes are bloodshot. Do we have such a big grudge between us?"

"There are!"

Darknorth Yuan hai said with a cold voice, " your talent and achievements are the greatest hatred!

Everyone was stunned for a moment, but they immediately understood.

The tree that stood out in the forest would be destroyed by the wind. This was a principle that had never changed.

ha, hatred often causes one to fall into eternal damnation. Lord Yuan hai is the best example today.

Yunxiao smiled indifferently, the corners of his mouth turning up in a mocking smile.

The darknorth primordial sea wasn't angry and said calmly, " I understand that young people are proud and arrogant, but wasn't this old man the same back then? I'm so lucky to have met you today. You only have the power of a seven-stars Martial Emperor!"

"Ha, taking advantage of your seniority!"

With a sneer, Yunxiao clenched his fist, and a ball of lightning slowly condensed in his palm, with countless Thunder patterns surging on it.

He grabbed the Thunder hammer with one arm and smashed it down on the ball of lightning!

"BOOM!"

Tens of thousands of lightning bolts shot out and a sea of lightning spread out.

“Thunder World!”

break! Yunxiao cried out. The ball of Thunder kept splitting up, and like a territory, the entire sky turned blue.

The ball of lightning was like a peeled egg. Under the green lightning was a white light, and there was a black line in the white light.

The pupils of the darknorth primordial sea’s eyes contracted as he focused his gaze on the White ball of lightning. The transparent runes kept flashing, and he couldn’t see their shape clearly, but they gave him a bad feeling.

Mu Jie’s eyes turned gray and her body trembled in fear. She cried out, “Purple lightning! It’s a wisp of Zifu world-destroying sacred lightning!”

“What?” Everyone was shocked.

Darknorth Yuan Hai’s scalp was so numb that it exploded. His eyes widened in anger as bean-sized beads of sweat rolled down his face!

“Impossible! I must have seen it wrong, it’s fake!”

Darknorth Yuan hai wiped his cold sweat. Although he didn’t believe it logically, he still focused all his attention on his hands, forming all kinds of complicated hand seals and tapping on the ball of lightning!

“Seven fingers of mysterious Yin!”

“Bang Bang Bang!”

A total of seven finger radiances pierced through the air. Each time, they tore the Thunder World apart and pointed into the Thunder Ball. However, they were all swallowed and there was no reaction at all.

Darknorth Yuan Hai's eyes narrowed as a sneer appeared on his face. He formed a hand seal and shouted, " "Thousand feet of snow!"

The spinning ball of lightning suddenly stopped, and a large number of ice runes gushed out of it, causing the temperature of the surrounding space to drop.

"BOOM!"

The white light in the entire ball shone to the extreme and finally exploded, shooting out a hundred thousand feet of light!

Everyone's vision went blind. In that white trance, it seemed as if a purple shadow had soared into the sky and transformed into a Dragon!

"Roar!"

In the huge shockwave of the explosion, a huge shadow crossed the sky and charged towards the beiming Yuan ocean in the White world!

However, the power of the shadow was too weak. It was just a Dragon, but it was torn apart by the darknorth Yuan Hai's palms and dissipated into light.

Hmph, it's just an illusion of the purple lightning. A Fox exploiting the Tiger's might!

His voice was filled with disdain, but his heart was filled with shock.

To be able to conjure a Phantom, it meant that the other party had at least touched the threshold of purple lightning. Perhaps one day, he would be able to get the real purple lightning to descend.

His figure flickered in the sky, and a cold beam of light bloomed from his hand, stabbing directly at Yunxiao's magnificent golden body.

The cold light condensed in the air and turned out to be a treasure sword with a cold light shining on the water.

“To be able to force this old man to use a profound level weapon, you can die with pride!”

“En, what a joke!”

A sneer appeared on Yunxiao’s face as he folded his hands in front of him and formed a Dragon-shaped mark, then he grabbed at the sword!

“What? Empty-handed?”

It wasn’t just the darknorth essence ocean; everyone else’s eyes almost popped out.

Yunxiao’s golden hands kept changing incantation gestures in the air, and finally, he clenched his fingers and condensed the sword force in his hands, stopping the sword from advancing any further!

The sword trembled violently, and countless sword runes surged up, cutting Yunxiao’s arm and filling the sky with golden light.

However, the wound recovered in an instant, leaving only a faint mark.

“What? This is Yingluo.”

what?! Yuan hai was horrified as he suddenly realized that he had miscalculated Yunxiao’s strength. Yunxiao’s true combat strength seemed to be even more terrifying than what he had seen!

“Ha!”

...

Yunxiao's pupils constricted as he opened his mouth and gave a loud cry!

A boundless Dragon's might surged over, as if an ancient true dragon had opened its eyes and crossed the endless Galaxy to look down.

It was the might of the first Dragon that he had absorbed from the end of the sky in the rain land.

Yuan hai was an old man who had been famous for a long time, so Yunxiao did not dare to neglect him. Therefore, he attacked with all his killing moves and took the initiative!

Beiming Yuan Hai's heart trembled. In his daze, he saw the true fiend Dharma idol's six arms form hand seals and a Black Nebula descended from the sky.

"Star Jade explosion!"

"Boom boom boom!"

An unparalleled force as vast as the sea poured down.

Heaven and earth instantly collapsed, and a wave of magic power rippled through the vast wilderness.

The darknorth primeval sea instantly pulled back his sword and retreated like a falling leaf. At the same time, the sword spell in his right hand and the fist intent in his left hand condensed two streams of profound Yin power and slashed down at the incoming star Jade explosion!

"BOOM!"

...

The terrifying spirit pressure became even more complicated, surging in all directions.

Everyone retreated a thousand meters and looked on in horror.

Those martial Supremes who were lucky enough to survive, especially those who were heavily injured, cast a complicated glance at the battle before them. They then turned into flowing lights and fled into the distance resolutely. They did not want to get involved in this mess anymore!

In an instant, more than half of the martial artists had left, leaving only a few people behind who were still watching the battle with a serious expression.

Yunxiao sneered. With a divine flame burning on his body, he instantly transformed into a crocodile and pounced on the man.

Darknorth Yuan Hai's eyes narrowed and he punched out in anger, creating a hole in the crocodile's chest. However, it instantly healed and the crocodile bit down.

"Damn it!"

f * ck! the darknorth Yuan hai cursed and his figure disappeared in a flash, retreating 100 meters.

He had just steadied himself when his heart sank, and a bad feeling welled up in his heart.

He saw a formation light being opened up under his feet, followed by a flash of cold air, which turned into an ocean of sword Qi!

The stars in the sky shone, and suddenly, the sword swept up a Thousand Waves. The sky was filled with sword shadows, and they slashed down at him!

The darknorth essence ocean was shocked. This formation contained endless danger, which made his hair stand on end. He immediately circulated his essence force to try and break the formation.

Suddenly, a beam of mirror light shone down. With a flash of yellow light, the entire space froze!

Yuan Hai's energy was also suppressed in an instant. He looked up in anger and saw Yunxiao holding a mirror above the sea of sword Qi. The mirror was covered in a layer of white mist, and there was a faint golden light flashing inside.

With his other hand, he turned the sword box and his other four arms quickly formed hand seals. In an instant, more than thirty swords were condensed in the air, dazzling to the eyes!

Yunxiao's face also turned pale under the thirty-six swords, as if he could not hold on any longer. The silver patterns on the box danced so violently that it was a blur!

"One Qi of Dao, go!"

His six arms suddenly stopped, and a sharp sword talisman appeared. It was like an ancient character of a big kun, and every stroke was sharp. If one looked closely, one's eyes would hurt.

"Swish Swish Swish!"

The 36 Northern heaven cold star swords came crashing down in an instant. The sword talisman even spun in the air like a falling star. Sword light rushed and condensed in the Black Tortoise star field!

The darknorth Yuan hai was horrified and felt the danger of death for the first time in his life. He looked at the rain of swords in disbelief as if it was the power of the starry sky Palace.

Behind the rain of swords was a handsome but cold face.

There was also a pair of indifferent eyes that did not match his age. He peeked through several times of coldness and stared at the vicissitudes of life.

"Argh! You!"

At the moment of life and death, the darknorth primordial sea trembled under the gaze of that light, as if a memory had been evoked in his mind.

He was instantly scared out of his wits, but he had no time to think. In an instant, he circulated his elemental energy to the extreme, and a grand vision appeared.

Three moves from beyond the heavens-Swift like a startled Swan!

Its shape was graceful like a dragon, like the light clouds covering the moon, like the snow returning to the wind.

The darknorth essence ocean had been immersed in this move for a hundred years. At this moment, it poured all its strength into it and instantly entered a state of selflessness, completely becoming one with the move!

“Swift as a startled Swan!”

With a flash, the figure of the darknorth primordial sea disappeared into the White light.

The entire sea of Swords trembled violently. The 36 Northern heaven cold star swords stopped in their tracks. The sword talisman suddenly exploded, and a vast and mighty force swept through the world!

Not only did the entire starry sky shatter, but a terrifying force also rushed into the earth vein, causing the entire two world Mountain range to collapse.

Everyone once again retreated in shock, an indescribable fear surging in their hearts.

The destructive power shook the sky for the time it took to brew a cup of tea before gradually dissipating.

Everyone looked up at the sky in shock. Yunxiao was covered in blood and his face was pale, but his eyes were as clear as water and flickering with a bright light.

On the other hand, the darknorth Yuan ocean was spotless and unmoving. Even his long robe didn't move in the night wind. He was like a statue.

Everyone's hearts trembled, and they were so shocked that they couldn't be any more shocked. They only felt that their throats were dry and thirsty.

They were all peak experts, so they naturally discovered that the darknorth primordial sea was dead with a single glance.

“Ka!”

The body of the darknorth primeval sea suddenly split apart like a stone statue and turned into dust, dissipating into the sky.

Yunxiao moved his body slightly and pointed at the air.

A beam of green light shot out from between his fingers, and in an instant, a Halo opened up in the sky. Lingmu di was hiding in it. His aura was extremely weak, but he had not lost his mind. He was just looking at Yunxiao with a complicated expression.

Yunxiao ignored him, but turned to the crowd and said slowly, “I'm taking back my puppet. Do you have any objections?”

Everyone's hearts trembled, and their eyes narrowed slightly.

Although they were afraid, no one was willing to give up the benefits in front of them!

Chapter 1365-one sword, ancient

Everyone was staring at Yunxiao with a solemn expression. Although they had guessed that his combat strength must have been greatly reduced at this moment, and that he was no match for them at all, the terrifying divine ability he had displayed just now had already sent a chill down their spines.

“Ha, haha.”

Mu Jie suddenly clapped her hands and laughed out loud, “This old master has no objections. This puppet originally belonged to young master Yunxiao, and now it’s returned to its original owner. That being yuanghai doesn’t deserve to be an old man, and he actually has the intention to kill and rob. He’s simply a shameless thief who deceives the world!”

After a brief moment of shock, mu Jie was the first to react.

His secret agreement with Yunxiao was to help him seize the calabash Little King Kong. He did not do anything at the moment, and for fear that Yunxiao would break his promise, he quickly chose a side and made his attitude clear.

However, when the others saw his attitude, they felt more disdain and contempt than anger. They all rolled their eyes.

“Since this puppet belongs to young master Yun, it’s only natural that it should be returned to its original owner. But we’ve all suffered a lot on the way here, and now you’ve taken all the good things, how can that be justified?”

Du Yucheng’s face was ashen as he spoke slowly.

that’s right, ” tai-Shu Xie ting also said. if we’re talking about contributions, this old man feels that Lord Cang has made the greatest contribution.

After a short rest, Duanmu Cang regained some color, but he was still like a lamp without oil. She did not say anything, but the look in her eyes as she looked at Yunxiao became extremely strange.

The rest of the people also nodded in agreement and stood in a line, huddled together for warmth.

I only have one puppet, " Yunxiao sneered. do you want me to cut off its limbs and give them to you? "

the puppet is young master Yun's, " Xie ting said. we naturally don't want it. However, leave the reverse soul whip and rainbow stone to us."

Yunxiao's face flickered as he said coldly, " "Why didn't I see anyone stop the person who stole the bull just now to split the benefits? Do you think I'm easy to bully?"

Without a word, he reached out his five fingers and immediately grabbed the gourd Little King Kong in the air. A light flashed between his eyebrows and he put it away.

During the whole process, lingmu Di's expression was very dejected. A hint of struggle flashed in his eyes, but he still surrendered.

Beifeng Nan's body moved slightly, but he didn't say anything. Instead, he slowly closed his eyes and began to adjust his breathing.

Great-uncle Xie ting's face changed drastically, and anger flashed across his face. He took a step forward and stood in front of Yunxiao as he said in a cold voice, " "Young master Yun, are you really going to keep all of this to yourself?"

Yunxiao frowned slightly and said, " Lord Xie ting seems to be very excited. Why didn't you stand up when we were dealing with lingmu di? "

Tai-Shu Xie ting snorted disdainfully and said, " isn't young master Yunxiao the same? he's more than a hundred times more powerful when he was dealing with the darknorth sea than when he was dealing with lingmu di!

why are you saying this now? " Yunxiao said coldly. I'm a little tired and want to go home to eat and sleep. Please make way, Sir."

Tai-Shu Xie ting's eyes turned sinister. He laughed coldly and said, "Since young master Yunxiao is so insistent on going the wrong way, Qianqian ..."

He squinted his eyes and shot out beams of cold light. He suddenly slapped down with both palms and shouted, "Then go to hell!"

"Bang!"

Two yellow runes flew out of his palms and drifted toward Yunxiao.

Yunxiao's pupils constricted. He had a hunch that tai-Shu Xie ting would make a move, but he did not expect him to be so decisive. It seemed that this man was also a ruthless character, and he had hidden his strength well before!

The two yellow runes flashed in the air. One of them had a seven-in-one exquisite Pagoda drawn on it. With a flash of runic light, the light Pagoda flew out and instantly grew to a height of 300 meters, supporting the sky and the earth!

Yunxiao was taken aback as he said in horror, "This is a Kasaya."

The Tower of Light flickered and pressed down on Yunxiao, pressing him into the ground with a boom. The already collapsed mountain was completely shattered by the impact, sending dirt and rocks flying everywhere!

The other yellow talisman flashed with spiritual light and turned into an invisible golden blade of light. It flew around the giant Pagoda and then disappeared into the pagoda.

"A ninth-tier Artifact Spirit talisman?" mu Jie was shocked.

Tai-Shu Xie ting didn't say a word. His face was ashen, but he didn't relax at all. His hands continued to form seals as he flew into the light tower.

Suddenly, with a whistling sound, a flame that seemed to come from the nine Serenities hell appeared under the tower inexplicably, burning fiercely.

Under the illumination of the flame, everyone's faces kept shaking. It was impossible to see what they were thinking, but their eyes were full of shock.

The so-called Artifact Spirit talisman was the complete extraction of the profound level weapon's power and refining it into a talisman.

The advantage of this was that low-level martial artists could activate it without too much consumption of origin power. Moreover, the amount of power was completely dependent on the profound level weapon's power that was extracted.

However, the profound level weapon that had been refined into talismans after extracting its power would be completely scrapped.

It was already very impressive for an ordinary Alchemist to be able to draw out half of the power of a profound level weapon of the same grade, but the weapon spirit transformed by tai-Shu Xie ting's two weapon spirit talismans was almost tangible, containing at least ninety percent of the power.

Inside the light tower, Yunxiao was pressed down by a beam of golden light, which carried the force of a great mountain!

Even though his physical body was strong, he had suffered a great loss in the battle with the darknorth primordial sea. At this moment, his blood Qi was surging and his imperishable golden body was starting to crack and burst out with blood!

At this moment, the lower part of his body suddenly felt hot. A flame of the nine underworld came up and swallowed him directly. The power of the mystical Fire was extremely cold and strange, and it seeped into his skin directly.

"Ah!"

An immense pain spread throughout his body. His golden skin was completely flipped over, and he was badly mangled.

Yunxiao's face was twisted, and his eyes were filled with killing intent as he shouted, "The water element of the world!"

Blue water elemental power gushed out of his body to expel the flame.

The nine underworld flames transformed into a venomous snake, flicking its tongue as it charged down.

Yunxiao performed an incantation gesture with both hands, and the water energy between heaven and earth condensed into a giant spirit, which then threw a punch.

"BOOM!"

The power of water and fire exploded in front of him, and the terrifying power scattered in all directions, loosening the suppression force within the light tower.

At that moment, Yunxiao's pupils constricted as a yellow beam of light flashed in the terrifying force and slashed down as fast as lightning!

"Swish!"

The light tower's extremely strong suppressive power made his movements slow. He couldn't Dodge in time and his head was directly cut off.

However, there was no blood at the place where the head was cut off. Instead, there were circles of lightning. The head that flew out opened its eyes wide in anger, and it was completely livid with lightning!

...

“Tai-Shu Xie ting, I will kill you!”

With a roar, Yunxiao’s head turned into a flash of lightning and returned to his neck.

A sharp sword Qi surged up in his hand and turned into a sword force, pushing away the suppressing force!

A cold glint shot out from his eyes as he looked at the light blade that was flying towards him again. He raised his hand.

The sword let out an excited sound, and sword intent gushed out.

In an instant, Yunxiao became the center of a Nebula of sword Qi. The sharp sword energy was mighty even though it was not angry, and it spread out in all directions, hitting the entire light tower.

“This feeling ...”

“That’s so good, Zhenzhen.”

The moment he held the star obliteration, his entire heart calmed down, and the world became clear.

Although the divine sword was damaged, its weapon essence was still there.

This Star Destroyer sword was formed by sword intent and was the incarnation of a sword technique!

...

Countless star runes surged out from the sword. In an instant, the sword essence circulated in the entire light tower, and the countless sword runes flashed like Starlight.

The light tower suddenly trembled. Tai-Shu Xie ting seemed to have noticed something strange, and he frowned.

He pondered for a moment and made hand seals again. All kinds of strange hand seals were sent into the tower. He also threw out dozens of yellow talismans of various kinds, which circled in the air like a giant ring.

All of a sudden, the countless stars in the sky flickered and then disappeared.

The entire sky and land fell into dead silence in an instant!

“What? What’s going on?”

Everyone was shocked. In the world they were in, only the light tower was still emitting a dim light, and the nine underworld flames were still burning.

The stars in the sky disappeared like the moonlight, as if they had never appeared. The whole world was dark!

“This is a Kasaya.”

Everyone was overwhelmed with shock because they had already sensed an unparalleled sword intent shooting out from the light tower. Before the sword Qi had even risen, the sword intent had arrived!

“Gulp!”

He could only hear the sound of swallowing saliva, but it was still difficult to moisten his dry throat.

Everyone’s palms were covered in cold sweat. This kind of ability that could change the world and directly affect the operation of the sun, moon, and stars was almost a divine skill.

Tai-Shu Xie ting's face instantly turned pale. Bean-sized beads of cold sweat rolled down his face, and he was terrified.

Bi haodang seemed to have recalled something, and his expression changed drastically as he cried out, "Divine sword Star Destroyer! The divine sword is in his hands!"

"What?"

Everyone was shocked. The incident in new Yan city could be considered to have shocked the world. The last Grand treasure, the star Destroyer, had been robbed and its whereabouts were unknown.

The entire merchant Union had issued an order to pursue them, and they were looking for clues all over the world.

Du Yucheng was shocked. It's said that the supernova divine sword contains a sword intent left behind by Gu Feiyang. Is it true?!

Everyone's expression changed drastically, and they all retreated a hundred meters.

Even Beifeng Nan seemed to have sensed something and followed the crowd to retreat.

Duanmu Cang's eyes flickered as if he had recovered a lot of energy. He muttered to himself, "Could it be that I can recreate Gu Feiyang's sword technique?"

Everyone's words reached tai-Shu Xie ting's ears. A cold chill ran up his spine, and his whole body was cold.

"Are you kidding me? The intent of Gu Feiyang's sword?"

He only felt his scalp go numb and about to explode. Although he sensed that the light tower wasn't that terrifying, everyone's emotions had already affected him. Finally, he couldn't bear the huge psychological pressure. He gritted his teeth and threw down the light tower, flying into the distance.

“BOOM!”

The moment he withdrew his hand, the entire light tower suddenly exploded. It was like an Epiphyllum blooming in the dark night, blooming the most beautiful flower of its life.

Endless light shot out in all directions like shooting stars.

In the midst of the sparks and meteors, a ray of sword light crossed the ancient starry sky.

He would travel through the distant past, cut the present, and cut into the future!

Chapter 1366-might of the mountain

The light of the sword seemed to have evolved to the extreme of swordsmanship, so beautiful that it was suffocating.

Tai-Shu Xie ting was already drenched in cold sweat. Fortunately, the sword light was not as powerful as he had imagined, especially after breaking the light blade and light tower. There was not much power left.

“Evil Wind Atlas!”

He threw out a yellow talisman and it spread out in the air. It connected the heaven and earth, turned into a River, and separated the world.

“Pfft!”

The flood River was instantly split apart by the sword radiance, and all the phenomena disappeared. The sword’s momentum did not decrease as it directly descended!

Tai-Shu Xie ting's pupils contracted. He no longer had the fear he had before. He let out a loud roar, and his body glowed brightly. A yellow armor flew out and grew in size in the air.

"Bang!"

The armor was pierced through in an instant and the sword Qi suddenly slashed at the Emperor Qi around him. He spat out a mouthful of blood and retreated.

However, it was only so and did not endanger his life.

this sword momentum looks good, but its power is limited. Strange.

Du Yucheng touched his chin and looked like he was in deep thought as he muttered to himself.

Bi haodang frowned. perhaps it's been too long. The power has been used up. After all, this sword is a defective product.

Du Yucheng also nodded gently. that's right. The strength of that sword intent is almost the evolution of the ultimate martial arts. It's amazing. It's hard to imagine how terrifying it would be when the three swords combine into one."

Tai-Shu Xie ting's life was spared, and he felt a sense of relief after surviving the disaster. He roared ferociously, "You dare to scare me? this old man wants you dead!"

Suddenly, his pupils shrank as he saw a flash of three-colored light in the sky. It was like a rainbow coming from the sky. It turned into a mini three-colored mountain in front of him and directly fell down.

"That's Yingluo!"

Beifeng Nan's body trembled, his eyes filled with shock.

“Eh? A heavy type profound weapon, ha ha, showing off in front of an expert!”

Tai-Shu Xie ting laughed wildly. The muscles on his right arm suddenly burst open, becoming several times thicker. It was covered with scales, and the veins were like old tree branches coiling around his arm.

“Arm of a Hercules?” Mu Jie was stunned for a moment before her expression returned to normal.

“This old man has cultivated the strongmen’s arm, and has reached great completion!”

Tai-Shu Xie ting laughed evilly. He suddenly opened his five fingers and grabbed at the tri-colored small mountain. Pangu muscular arm!

“BOOM!”

A tri-colored light flashed on the small mountain. Endless earth elements pressed down, and the space collapsed instantly!

“Bang!”

As soon as tai-Shu Xie ting’s arm touched the small mountain, his falling momentum was stopped, and his entire arm swelled up more than twice in an instant!

“What?”

“BOOM!”

Tai-Shu Xie ting was so shocked that he lost all feeling in his arm. Then, the small mountain fell on his body, and he lost consciousness.

In front of everyone's eyes, they saw the mountain Fall and instantly crush his entire body, turning him into pieces in the air!

"Ah!"

At this moment, everyone's mouths were wide open and they were completely petrified. Even Duanmu Cang's beautiful eyes narrowed and he was completely stunned.

With a flash of lightning in the sky, Yunxiao flew over. A white light flickered on his body as he put away the small mountain.

He was also shocked. He didn't know how heavy the three-colored mountain was, so he didn't dare to take it head on unless he controlled it with his spiritual energy.

The people below all looked at him with pale faces, as if their elemental energy consumption was even greater than his.

"Gulp!"

Mu Yu swallowed his saliva and said resentfully, "What kind of Kasaya was that mountain peak just now?"

it's just a small thing," Yunxiao said, pretending to be calm. it's not worthy of being called a Grand item.

"Hehe, what a good little thing."

Bi haodang's eyes flickered as he said, " young master Yunxiao, you're really lucky. The finale item of the myriad treasures store's auction, the star Destroyer sword, is in your hands. Now, you've taken the treasure of the two world Mountain.

The others also looked at him with envy and jealousy.

what? ” Yunxiao said coldly. are you jealous, brother haodang? do you want to end up like great-uncle Xie ting in the beiming primordial sea? ”

Bi haodang smiled faintly and said, ” young master Yunxiao is unrivaled. He killed two experts in a row. This is simply unbelievable. I don’t believe that you can kill me now.”

you said you don’t believe me, brother haodang, ” Yunxiao said with a smile. but you’re still very afraid of me.

“I don’t deny it, especially the hill where you killed tai-Shu Xie ting,” bi haodang laughed. Moreover, young master Yunxiao seems to have an endless stream of divine arts, which is really frightening.”

“What do you mean, brother haodang?” Yunxiao asked.

Bi haodang looked at the rest of the people and said, ” “It depends on everyone’s opinion. If I’m the only one doing this, I’ll definitely not do it. But if we’re United, hehe, this old man might want a share of the loot.”

The rest of them looked at each other. To be able to survive a series of tests, and even hold on until now, they had some confidence in themselves.

But at this moment, he was hesitant and indecisive.

They had all seen Yunxiao’s divine ability just now, but they would definitely win if they joined forces. But, there were still two key problems.

One was how much benefits he could get. No one would do something without any benefits, let alone risk their lives.

The second was whether they could kill Yunxiao completely. Once they did, a grudge would be formed. With his talent and strength, if he wanted to take revenge in the future, no one would be able to stop his anger.

...

Thinking about these two questions, everyone's expression changed slightly, as if it was not worth it.

young master Yunxiao is invincible, and that puppet originally belonged to you. Naturally, it should belong to you. I have no intention of fighting for it.

An early-stage nine-star Martial Emperor finally spoke slowly.

The rest of the people also chimed in and praised him, indicating that they did not have such thoughts.

Yunxiao smiled faintly. It seems that all of you are reasonable people. Since you are not interested, please.

He did not move and made a gesture to see the guest out.

Everyone's face twitched. They knew it was meaningless to stay, so they cupped their fists and left one by one.

Bi haodang also greeted him with a smile before he turned into a red light and disappeared into the sky.

There were only four people left in the field. Yunxiao turned his eyes and said with a smile, "Lord Cang, seeing that you're not saying a word, your thoughts are very different."

Duanmu Cang's eyes flickered and said, "I do have some thoughts and would like to discuss them with young master Yunxiao."

but I don't have anything to talk to you about, Lord Cang," Yunxiao said. I'm sorry.

...

Duanmu Cang smiled. what a willful boy. Someone's looking for you. As for who it is, you'll meet him soon.

Yunxiao frowned slightly and said coldly, "Are you done? If you're done, then leave."

Duanmu Cang was taken aback. His large eyes blinked twice and he said with a smile, "Why are you not curious at all? It doesn't seem like the mentality of a young man at all."

first, " Yunxiao said, " you won't tell me even if I'm curious. Second, since we're going to meet soon, I can wait."

Duanmu Cang smiled bitterly and shook his head."You have many secrets, and I'm also very interested in you. However, I can also wait. We will meet again."

She blinked her eyes, chuckled, and turned into a faint fluorescent light, disappearing under the starry night.

Yunxiao's eyebrows rose as he fell into deep thought. Duanmu Cang's words seemed to have a deep meaning.

Seeing that he was entranced, mu Jie called out to him softly,"Young master Yunxiao."

Yunxiao came back to his senses and said with a smile, "Is Lord mu Jie waiting to fulfill her promise?"

Mu Jie chuckled and said,"we've agreed to exchange the wondrous spiritual eyes for the Kasaya containing the secret of puppets."

although I took this puppet back myself, " Yunxiao said, " Lord mu Yu did me a small favor. I'm very willing to exchange it.

He took out a blank Jade slip, placed it on his forehead, and used his divine sense to imprint the formation process of the gourd Little King Kong. However, he naturally did not mention the ice fiend Heart Flame.

Mu Jie was overjoyed. She also took out a rusty round discus that looked like a piece of scrap iron.

The two exchanged for a while, and after checking each other, their expressions changed slightly.

Mu Jie was completely stunned as she said, "that puppet Suan ni is a half-beast, half-tool Suan ni." A trace of anger appeared on her face, as if she had been played.

Yunxiao gave him an indifferent look and said, "What, a half-beast half-artifact is already unprecedented. If we continue to research it, we'll definitely have a major breakthrough. On the other hand, the wondrous spirit eyes inheritance that Lord mu Jie gave me is the Kasaya."

His face immediately darkened, and anger flashed through his eyes. it's incomplete. The cultivation stages inside are all nonsense. It's impossible!

"Hehe!"

Only then did mu Jie reveal a trace of smugness, and said, "Who said it's impossible? Didn't this old man refine it? I can guarantee that this cultivation technique is completely real! After all, it's a divine skill, so how can it be measured by ordinary divine abilities?"

let's talk about the first important trial, " Yunxiao snorted coldly. you have to use the energy of gold spirit to blind your eyes. Won't You Be blinded instantly? "

"Not bad, you'll go blind once you touch it."

The flesh on mu Jie's face twitched, as if she was a little afraid.

When he saw Yunxiao looking at him in confusion, he chuckled and said miserably, "Do you think that my eyes are real?"

His eyes turned and shot out a strange light. There were countless tiny runes flashing on them.

"?!"

Yunxiao sucked in a cold breath, and his face changed as he said in horror, "you, you, you are faking it?!"

Mu Jie then turned her eyes away and returned to her normal appearance. She laughed and said, "That's right. As you said, the wondrous spiritual eyes is a divine ability cultivated by a God Realm expert. We are only Nine Heavens martial sovereigns, so we can't fulfill those requirements. This old man's eyes were at the very first trial, and I was blinded by the metal spiritual energy. But later, I came up with an idea and thought of using a fake eye instead. Finally, my efforts paid off and I made some small achievements. This pair of eyes is no different from real eyes now."

Yunxiao's scalp tingled when he heard that. It was impossible for him to blind himself and change to a bunch of false eyes to cultivate. It seemed that he could no longer cultivate the magical spirit eyes, or he had to find another way.

Chapter 1367-exchange

Mu Jie chuckled and said, "young master Yunxiao, as long as you agree to join my mu clan and fight in the martial arts competition for the MU clan ..." This old man will definitely personally get you a pair of false eyes. Otherwise, even if I tell you the method to refine these false eyes, you won't be able to find many of the precious materials."

Yunxiao's face turned pale. It was impossible for him to blind his eyes and change them into a pair of false eyes."Let's put this matter aside for now. I'll think of a way to obtain the wondrous spirit eyes technique. However, I'm interested in the MU clan's puppet techniques. If my Lord can teach me a thing or two, I can consider the matter of the martial arts competition."

Mu Jie raised her eyebrows and smiled, "isn't that great?" The MU family's divine arts can only be cultivated by the MU family's descendants. Young master Yunxiao's marriage to the MU family is killing three birds with one stone. You'll win the martial arts competition, cultivate divine abilities, and return with a beauty in your arms."

“Ahem.”

cough! Yunxiao coughed and said, “ if that’s the case, let me think about it.

don’t tell me that the MU family’s surname, beauty, and magical powers aren’t enough to attract young master Yun? ” mu Jie said unhappily. His face was full of anger and dissatisfaction.

Yunxiao’s face darkened. we’ll talk about this later. Let’s leave this place first. I’m afraid someone from the beiming family will come soon. he said.

“Alright, I’ll come and find you again,” mu Yu said. He turned his gaze and flew away in a stream of light.

The entire two world Mountain had been destroyed and had become a barren land.

Bei Zhi and Nan Zhi stood in the sky in a daze, silently watching everything.

“Senior, what are you doing?” Yunxiao asked.

Beiming Nan’s face twisted slightly, looking extremely ugly as he said, “ I have nowhere to go, so I’ll just follow you. I’ve used up a lot of my soul power, and I’m afraid I can’t live for long. Besides, Lord lingmu di is with you.” A peculiar expression appeared on his face.

that’s good,” Yunxiao said. I also have a lot of things to ask you, senior.

Bei Xiaonan turned his neck and replied with a soft “hmm.”

Yunxiao wanted him to go into the divine realm tablet, but he felt that it was a little inappropriate, so he said, “ Senior, why don’t you change your appearance to avoid attracting too much attention?”

“Alright,” said bei Xiaonan.

He made a hand seal, and a white light gushed out of his body. His whole body changed. His festering body became smooth as fat in an instant, and his face was like jade. He was wrapped in a white robe, and his exquisite facial features were carved into a beautiful face.

Even Yunxiao’s eyes froze as he exclaimed, “Just cover it up a little, there’s no need to make it so handsome.”

“This is how I originally looked like,” said bei Xiaonan.

it’s still very eye-catching even if you make it so handsome,” Yunxiao said. it’s still very easy to attract people’s attention. Why don’t I turn back into a zombie?”

“No, I won’t.” Beiming Nan refused.

you’ll be responsible if anything goes wrong,” Yunxiao said angrily.

Suddenly, a light flashed in the dark. Yunxiao’s pupils constricted as he dodged to the side.

A ray of light streaked across. Even with his escape technique, he was unable to Dodge in time. His entire right hand was instantly cut off and flew into the sky.

Beifeng Nan’s expression changed drastically as he slashed out with his qianqiu sword. With a “ bang “, the sword struck a certain spot in the air, causing a bright light to flash.

There was a slight fluctuation in the air, and a man’s figure appeared. He held a strange crescent-shaped hook in his hand, and the hook was shining with a strange luster.

“It’s you!”

Yunxiao's face flickered as he clutched his broken arm with his left hand. His face was extremely unsightly, and large beads of cold sweat broke out from his forehead in pain.

That person was the one who took off the talisman to steal the bull. He didn't run away, but hid nearby. He sneered and said, "the world-shaking young master Yunxiao lost an arm in a moment of carelessness. Tsk, tsk, what a humiliation.

He reached out his left hand and grabbed Yunxiao's broken arm. Looking at the few big rings on his fingers, he chuckled and said, "I'm sorry, but that strange puppet is also mine."

"Oh, really?"

Yunxiao's pained expression disappeared in an instant, replaced by a relaxed one, and there was even a contemptuous sneer on his face.

"What?"

The man's entire body trembled, and a bad feeling welled up in his heart.

He suddenly looked down and realized that the broken arm in his hand had turned into green lightning. It condensed in the middle and turned into a ball of lightning with countless lightning runes flashing on it.

Yunxiao had already performed an incantation gesture with one hand, and he said, "Explode!"

"BOOM!"

The ball of lightning exploded in an instant, turning into countless bolts of lightning that shot in all directions.

Under the explosion of lightning, a figure in battle armor retreated.

The silver armor had lost all its light from the explosion of the ball of lightning. It was like an iron armor that protected the man's entire body.

The man's head was charred black, and he was spitting out large mouthfuls of blood. His exposed skin was also cracked in many places. It was obvious that the lightning might had directly blasted into his body and injured him.

Yunxiao sneered and said sarcastically, " "Rat, you went for wool and came home shorn, are you a clown invited by the monkey?"

The lightning on his right shoulder flashed, and another arm was formed. However, his face was even paler. The repeated battles had completely overwhelmed him.

Beiming Nan looked at Yunxiao with a surprised look in his eyes, as if he was thinking about something.

cough, cough, cough!

The man coughed violently, spitting out a mouthful of blood with each cough. After coughing out more than a dozen mouthfuls, he took a deep breath and hurriedly took out a large number of medicinal pills and swallowed them like beans. Only then did his face become slightly ruddy.

But, the fear in his eyes did not diminish at all. He stared at Yunxiao with hatred, gritted his teeth, and said, " "Spirit body? You actually have a lightning spirit body among the five elements!" His voice was filled with envy, jealousy, and hatred.

Yunxiao frowned. He had heard of the five elements spirit body, which was an extremely special existence among divine bodies. Its characteristics were the same as the spiritualization of the five elements, which made it almost immortal.

He raised his hand and looked at his newly grown arm, deep in thought.

Ever since he had mastered the Thunder art, although he could turn into thunder and lightning at will and be indestructible by ten thousand swords, he had not been as abnormal as he was now.

It was only when little Qing planted a purple lightning seed in his body that his lightning Arts, which had reached the peak of its mastery, improved a step further. Only then did he have the characteristics of a spirit body that was close to the five elements.

“Phew, luckily I have a lightning spirit body.”

Yunxiao heaved a long sigh and wiped the sweat off his forehead with his hand.

...

“Tsk, damn it!”

The man gritted his teeth in jealousy and said, “I’ve never heard of an innate spirit body. You must have the secret of this kind of divine power!”

Yunxiao thought for a moment and said, “well, now that you mention it, it seems to be true. When I was young, I would bleed if I just used a knife to cut my hand. Ever since I started cultivating that Lightning God art, I no longer do that. Tsk tsk, it’s really magical.”

The man was so jealous that he was about to explode. He roared, “hurry, hurry up and give me the spell’s essence!!”

I can give it to you, ” Yunxiao said. where’s the heaven patrolling Bulldog? ”

The man’s expression changed slightly, and his jealousy gradually dissipated. He regained his clarity and mumbled, “You want to use the divine Art essentials to exchange for my heaven-patrolling bull?”

“Yours?”

alright, ” Yunxiao said with a wry smile. yours. Yes, that’s what happened.”

that's a true spirit being," the man said coldly. do you think it's worth it for a mere technique manual? "

it's all up to you whether it's worth it or not," Yunxiao said. a spirit body is almost immortal, not to mention that I'm cultivating the extremely Lethal Thunder body. Whether I want it or not is all up to you.

The man fell silent. He could also see that Yunxiao was an arrow at the end of its flight at the moment, and beiming Nan's soul was also seriously injured. He had a great chance of winning.

...

But, the divine ability might not be with Yunxiao. If he searched Lao Ai's soul by force, he seemed to be a ninth-tier Alchemist, Lao Ai.

A sharp light flashed in his eyes, and he said, " "Okay, but you have to prove that the key to the divine power is on you."

With a faint smile, Yunxiao took out a Jade slip and placed it on his forehead, then branded the first half of the Thunder art into it and threw it over. "You can check it yourself. However, I also want you to prove that the patrolling Bulldog is still on you."

The man caught the Jade slip and scanned it with his spiritual sense. A trace of doubt flashed through his eyes, but he was more overjoyed. He immediately replied, "Alright," he said.

Then, with a wave of his hand, a wind bag was released. A silver light shot out and turned into the shape of the heaven patrolling Bulldog.

That divine talisman was stuck to the bull's back, transforming into tens of thousands of talismans that covered its entire body. No matter how it struggled, it couldn't break away.

"Record all the divine arts and this Green Bull is yours," the man said.

Yunxiao smiled as he took out another blank Jade slip, imprinted all the Thunder incantations on it, and threw it over.

The man caught it and scanned it with his divine sense. He immediately revealed a look of joy and couldn't help but laugh.

Yunxiao's face was calm. After looking at him and laughing for a while, he said, "How is it?"

The man's face revealed a trace of gloominess. He licked his lips and chuckled, "young master Yunxiao is indeed a man of his word. You've given me such a shocking divine power so easily. Aren't you afraid that I'll go back on my word?"

Are you sure?" Yunxiao smiled indifferently. will you?"

The man's face gradually froze as he said, "I will."

He stretched out his hand and grabbed the wind bag. The heaven patrolling Bulldog was immediately sucked into the wind bag. In a flash, it disappeared from his hand.

Then, he glanced at Yunxiao and said in surprise, "Young master Yunxiao, you look very calm."

it's alright," Yunxiao said with a smile. I've seen all kinds of birds in this big forest. However, I'm very curious about your identity, so why don't you tell me? I'll take that sacred art as a way to buy your identity."

The man nodded. this is a good deal. I'm tai-Shu Jing Rong.

what's your relationship with tai-Shu Xie ting?" Yunxiao was taken aback. what's your relationship with him?"

A strange look flashed across tai-Shu Jing Rong's eyes. He snorted, "That's my big brother." He sneered and said, "it's a pity that he's not strong enough and was crushed by young master Yunxiao's divine mountain. It's his fate.

There was no trace of hatred in his eyes. On the contrary, his face was full of disdain, and his eyes lit up as he said, "If that's the case, young master Yunxiao must have a lot of good things on him. I'm also very interested in that three-colored divine peak."

Chapter 1368-heartache

alright," Yunxiao said with a smile. I'll give it to you.

"Exchange?"

"You still want to exchange for my heaven patrolling Bulldog?" tai-Shu Jing Rong laughed strangely.

"No, I won't."

No. Yunxiao shook his head and chuckled. this time, I'll exchange it for your life.

The sky suddenly became silent, and the atmosphere began to become strange.

Tai-Shu Jing Rong's smiling eyes gradually turned dark as he coldly said, "Li Yunxiao, do you really think you are invincible? After killing the darknorth sea and my useless brother, do you still have the strength to deal with me?"

Yunxiao said with a calm face, "How would you know if you don't try? maybe you'll kill him."

"You're looking for death!"

Tai-Shu Jing Rong's eyes turned cold and his figure disappeared in a flash.

In the next moment, a beam of light flew over and instantly cut Yunxiao in half!

Yunxiao's upper body suddenly turned into a Thunderbolt, and his hands were like claws as he pinched tai-Shu Jing Rong's shoulders. He chuckled and said, "I've caught you!"

There was a flash of light between his brows, and a three-colored divine peak flew out instantly.

"?!"

Tai-Shu Jing Rong sucked in a breath of cold air. He was scared out of his wits. The three-colored light on the divine peak flashed, giving off an unparalleled pressure.

Furthermore, he had personally witnessed his big brother being smashed to pieces by this thing.

But at this moment, his shoulders were clenched by Yunxiao, and he could not move at all!

"Little bastard, go to hell!"

Great-uncle Jing Rong roared and kicked at Yunxiao. The space was blasted open, and with a loud bang, Yunxiao's upper body was shattered.

Only then did he spin his long hook, a slashing power condensed and slashed towards the God mountain!

"BOOM!"

A huge force bounced back, forcing tai-Shu Jing Rong to retreat a thousand feet. The qi and blood in his body were turbulent, but he was not injured.

The three-colored mountain paused in the air for a moment before Yunxiao's figure condensed above it. He clenched his five fingers and caught the mountain in his palm, then slowly rotated it.

At this moment, his palm was covered in a dense light that emitted a solemn and solemn aura. It was the power of spirit. Although it was extremely difficult to drag the divine mountain, it was still within the acceptable range.

Tai-Shu Jing Rong's eyes were filled with horror. Although the three-colored holy mountain was not as powerful as he had imagined, it was indeed hundreds of millions of Jin in weight. It was not something that ordinary people could bear.

Tai-Shu Xie ting had underestimated his enemy and used his body to resist, which had led to his body exploding upon contact.

Looking at Yunxiao's relaxed expression, great-uncle Jing Rong's face turned extremely gloomy, and his eyes were filled with hesitation.

Beiming Nan also looked at the tri-colored mountain with a complicated expression, as if he was in a daze.

"Tsk, tsk, didn't my Lord want this divine mountain? I'm giving it to you, why are you hiding?" Yunxiao grinned hideously.

"Hmph!"

Tai-Shu Jing Rong's face darkened as he snorted, his eyes flashing with killing intent.

All of a sudden, the three of them frowned at the same time and involuntarily raised their heads to look up into the sky.

Ripples spread out in the sky, and the power to twist space was tearing it apart.

"BOOM!"

A deep hum came from within the ripple, and then a cold air spread out, and several figures appeared in the air.

There was a total of nine people, and all of them exuded the aura of high-level martial sovereigns. Each of them had a cold expression on their faces.

At the forefront was an old man with a black face that exuded a fierce light.

Beside him was an old woman with silver hair and a face full of wrinkles. She looked like a pond with many twists and turns, gloomy and terrifying.

Yunxiao's pupils constricted. 'Oh no! It's them!'

After a moment of shock, tai-Shu Jing Rong's eyes turned and revealed a happy expression. He said loudly, "Are you beiming Dark Palace's tianshang and Difu elders?"

The old woman's wrinkled eyes slowly sparkled as she coldly said, "Who are the three of you? what happened to the two world Mountain? where are the others?"

"I'm from the Tai-Shu family, and I have a good relationship with your sect," tai-Shu Jing Rong quickly said. The two world Mountain has been destroyed, and the rest of the people either died or left. Your sect's Lord beiming Yuan hai has been killed by this kid!"

"What?"

The nine people in the sky were all shocked, and their faces were filled with shock. A strong killing intent gathered in their eyes, and nine sharp gazes shot down like sword beams.

"Is this true?"

die! the old woman shouted in a shrill voice. The sound waves in the air turned into waves of pressure and pressed down on the three of them.

Afraid that Yunxiao would deny it, great-uncle Jing Rong quickly said, "I saw this with my own eyes! Not only Lord Beiming Yuanhai, but the rest of the Beiming Dark Palace couldn't escape from his hands!"

He was clearly the one who killed Fang Shi, but now he was trying to pin the blame on Yunxiao as well. Compared to the Dark North Primordial Ocean, Fang Shi was just a small figure, so he wouldn't be able to investigate these nine people in a short time.

Yunxiao admitted generously, "I did kill that old man from the Dark North Primordial Sea, and I also killed many other people from the Dark North Dark Palace. However, the treasure of the Two World Mountain, the Heaven Patrolling Bulldog, has been taken by this Lord Jing Rong. Please don't let him go."

Yunxiao chuckled as he stared coldly at Tai-Shu Jing Rong.

When the people of Beiming Dark Palace heard that, their faces turned as cold as water, but when they heard that there was a treasure of borderline mountain behind them, their faces changed slightly, and they turned their eyes directly from Yunxiao.

Tai-Shu Jing Rong knew that this was bad. As expected, nine pairs of eyes fell on him. He felt as if there was a dagger on his back, and his whole body was covered in cold sweat.

"My Lords, don't listen to this brat's nonsense! He's famous for having a loose tongue, even the dead can be brought back to life by his words!"

...

Tai-Shu Jing Rong wiped his cold sweat and explained hurriedly.

The old woman's brows furrowed as she revealed a suspicious expression.

The old man snorted coldly and said, "All three of them can stay. We'll find out if they're real or not after we check."

Tai-Shu Jing Rong's face turned pale. His change of expression fell into the eyes of hurt heaven and wounded Earth. They all sneered.

A secret voice suddenly rang in Yunxiao's ear, "Young master Yunxiao, the current situation is critical. Why don't we work together to break out of it? after we escape, we can settle our grudges. As the saying goes, brothers fight against each other, while the enemy is outside."

It was tai-Shu Jing Rong, who secretly sent a voice transmission to Yunxiao. He glanced at him indistinctly.

Yunxiao smiled faintly, and the corners of his mouth turned up slightly as he said in a clear voice, "The two elders hurt sky and lay prone. Just now, this person sent me a voice transmission saying that he wanted to join forces with me to break out of this situation and escape from this place."

"You coward!"

Tai-Shu Jing Rong's expression changed drastically, his eyes almost popping out of their sockets. He almost exploded in anger as he roared, li Yunxiao, you deserve to die!

yes, you are li Yunxiao? "

The old man's eyes suddenly shot out a cold light.

...

The old woman was also stunned for a moment, and revealed a pleasantly surprised expression. But her eyes quickly fell on tai-Shu Jing Rong, and she said with a ferocious voice, "You're the one who's not honest!"

Tai-Shu Jing Rong's expression changed. He put two fingers together and a yellow talisman appeared. With a "bang," his body slowly disappeared.

“Hmph, such a small trick, disgraceful!”

The old woman laughed coldly and pointed her finger down as well.

A sound wave appeared in the air, making the entire space jump on the same frequency.

The sound wave swept past the place where tai-Shu Jing Rong was, and his body, which had become transparent, became clear.

Tai-Shu Jing Rong’s face turned ashen and his eyes were filled with despair. He quickly stepped forward and bowed. “I’m willing to hand over the patrolling bullfighting bull to the two elders, and I hope that you can spare my life. The Tai-Shu family and the beiming family have been on good terms for generations, and they have a deep relationship.”

Everyone was stunned. This shameless person took advantage of the situation and was very quick-witted. Hurt heaven and hurt earth originally wanted to kill him, but now they were a little embarrassed to make a move.

Yunxiao sneered. there are at least a thousand forces that have a good relationship with the beiming family. The two elders hurt heaven and hurt earth are famous in beiming Dark Palace. How would they know about a small sect like yours? ”

“Right, what tai-Shu family? I’ve never heard of it.”

The old woman’s eyes flashed with ridicule as she coldly said, ” “As for the patrolling Bulldog, it originally belonged to the two world Mountain, and the two world Mountain has always been the territory of the beiming Dark Palace. As for whether you’re Dead or Alive, seal the origin Energy in your dantian first, then kneel to the side. I’ll deal with you after I kill li Yunxiao!”

“You mayflies deserve to die! Does beiming Dark Palace think that they are invincible?”

Tai-Shu Jing Rong exploded with anger. Although he could bend and stretch, no one could seal his dantian and become a fish on the chopping board, leaving his life and death in the hands of others.

Moreover, the conditions were too humiliating. If he knelt at the side and waited for his punishment, his martial heart would probably collapse.

“Hahaha.”

Yunxiao could not help but laugh and said, “Lord Jing Rong, I think this condition is quite good. You can consider agreeing to it. After all, you still have a chance to live. Unlike me, I’m already on the kill list. Tsk, tsk, it’s so infuriating to compare people. I’m so jealous.”

Tai-Shu Jing Rong’s face darkened as he said coldly, “Li Yunxiao! Although I don’t know where you get your confidence from, you must have a life-saving plan to be so calm and composed. I hope we can be honest with each other and join hands to fight against the enemy!”

“Treat Zhenzhen with honesty”

Yunxiao wiped his cold sweat and said awkwardly, “Why do I have a weird and funny feeling when you say that?”

Tai-Shu Jing Rong’s face turned slightly red, “To show my sincerity, I’m willing to offer the heaven patrolling Bulldog with both hands.”

He knew that he had lost all his credibility, so he made a prompt decision and threw the wind bag at Yunxiao.

Yunxiao’s eyes flickered with a strange look. When he took the wind bag and saw that the heaven patrolling Bulldog was indeed in it, he could not help but secretly admire tai-Shu Jing Rong.

Although this person was cunning, scheming, and despicable, he was decisive and did not drag things out. When he saw that the situation was not right, he would immediately turn around. He could be considered a treacherous hero.

“Good! As long as you can trap one of them, I’ll deal with the rest.”

Yunxiao put away the wind bag and agreed.

He had already planned to release all the experts in the divine realm tablet to kill the enemies. Except for Beiming Nan, the rest of them were all sentenced to death in his heart, including Tai-Shu Jing Rong.

If it weren’t for the nine men from Beiming Dark Palace, Tai-Shu Jing Rong would have been turned into ashes by now.

Chapter 1369-kill them all before leaving

Tai-Shu Jing Rong was stunned for a moment, but then he said with great joy, “Just trapping them?”

if you have the ability to kill one,” Yunxiao said coldly, “that would be great.

young master Yunxiao, you think too highly of me,” Tai-Shu Jing Rong said. even though I’m quite famous for my ability to hurt the heavens and lay the earth, I’m confident that I can still trap one person for a while.

“Haha, trap one of us? It’s too difficult!”

The old man sneered, and his face was full of killing intent.

Tai-Shu Jing Rong directly raised his middle finger and said in disdain, “Just now, this King just didn’t want to hurt the harmony between the two families, so I gave you face and tactfully asked for peace. Unfortunately, your intelligence is limited, do you really think you are invincible? I’ll spit!”

damn you! the old man was furious and shouted, “I’ll tear you apart first!

His body flickered and disappeared from the spot. In the next moment, he appeared directly in front of tai-Shu Jing Rong and struck down with his palm.

The palm created a powerful gust of wind and the surrounding area was instantly frozen by the frosty Yin Qi.

No matter what kind of cultivation technique the beiming family's experts practiced, almost all of them were related to the Outworld dark stone. All of them carried an extremely strong profound Yin Qi, which was extremely cold.

Tai-Shu Jing Rong was startled and hurriedly raised the long hook in front of him to block the attack.

He touched the hook with his finger, and a talisman bounced up, rippling and forming a solid defensive barrier.

“Bang!”

The old man's palm slammed down, and the wind from his palm directly pressed on the long hook. In an instant, the power of the barrier collapsed, and a layer of frost condensed on the entire hook. With a “crack” sound, it bent directly.

Tai-Shu Jing Rong was shocked. He didn't know if it was because of fear or the cold Yin Qi that entered his body, but he felt cold all over.

He hurriedly formed an incantation gesture with his left hand, and a strange talisman was pinched between his fingers.

Suddenly, the Dao turned into one, one into two, two into three, and three into countless Suan ni.

In an instant, the sky was filled with dancing talismans, like a tornado, layer upon layer, countless.

The old man suddenly fell into a world of talismans. In his anger, he increased the strength of his hand.

With a bang, the long hook was broken, and several sharp lights burst out in all directions.

Tai-Shu Jing Rong's eyes didn't even blink. He didn't seem to be moved at all. He quickly formed a hand seal with one hand. Finally, he formed a strange handprint and pressed it down.

"The dancing heavenly crane manual!"

The talismans that filled the sky were like butterflies flapping their wings. They swarmed up and attached themselves to the old man's body with a continuous "pa pa pa" sound. Under the stacking of countless talismans, they immediately turned into a cocoon and wrapped him tightly.

"Old ghost!"

The old woman in the sky let out a cry of surprise. Her eyes revealed a look of anger and horror. Her figure flashed and she rushed down.

At this moment, tai-Shu Jing Rong's right hand was forming a seal while his left hand was pointing forward. One seal after another flew into his hand.

Those talismans kept on flipping around with a "pa pa pa pa" sound, as if they could be flipped off at any time.

When tai-Shu Jing Rong saw the old woman's attack, he was scared out of his wits and shouted, "Young master Yun!"

A ray of sword light came from the sky and streaked across the talismans that filled the sky.

Suddenly, a ripple appeared in the sky and the old woman's body appeared. She looked at the handsome face in the distance in shock and anger.

Yunxiao also turned his head in surprise. With the star Destroyer in his hand, he had already prepared his sword, but he was not the one making the move.

“Have you recovered from your injuries?”

“I’ve recovered a little. This old woman is very strong. You go first, I’ll bring up the rear.”

Beimang Nan said with a calm expression. The eternal Imperial Sword in his hand flickered with a cold black light, and a trace of Green Poison Qi lingered around it.

“It’s not very good to sacrifice yourself for others, is it?”

“It’s fine. I don’t have much soul power left. I won’t be able to live for long anyway. It shouldn’t be a problem to delay a little time for you to leave.”

“Tsk, tsk, this moral character is impeccable! But I’ll be embarrassed.”

“My era is over, and I’m a person who should die. The current realm of heavenly martial arts is your era. Since big brother acknowledges you, I acknowledge you as well. It’s worth it to make use of some of my remaining strength before I die.”

Beifeng Nan said indifferently. His aura continued to rise, and the eternal Imperial Sword in his hand began to play a happy tune.

Tai-Shu Jing Rong’s eyes almost popped out of their sockets as he shouted, “Li Yunxiao! One must be honest! If you leave, you’ll be a despicable and shameless villain! I won’t let you go even if I become a ghost!”

His entire body was covered in cold sweat. At this moment, all of his heart and mind were focused on controlling the talisman manual. If he lost control, he would definitely be shaken away by the old man and hurt himself.

So, he was now in a difficult position and did not dare to move. His only way out was for Yunxiao to finish off the rest of the people and save him before he ran out of energy.

“You want to leave? No way!”

The old woman shouted, “attack!” Kill these two, whether they’re alive or dead!”

The seven experts of the beiming family in the sky immediately released their auras. Like rolling dark clouds, a kind of heaven-suppressing and earth-crushing aura burst out and flew down.

you hold off that old woman for a while, ” Yunxiao said. I’ll come and help you after I take care of these seven people.

“You’re not leaving?” beiming Nan frowned.

Yunxiao smiled indifferently and said, ” I’m leaving. Of course I’m leaving. However, let’s kill these people first before we leave.”

He made a hand seal, and a white light flashed between his eyebrows. The divine realm tablet flew out.

divine realm tablet!!

Beifeng Nan’s body trembled as he cried out involuntarily, his eyes filled with shock.

no wonder Qianqian, no wonder big brother acknowledged you, Qianqian. It turns out that you’re the master of the divine realm tablet of this generation!

Beifeng Nan’s eyes flickered. After a short moment of daze, he immediately regained his senses and no longer had any doubts. In a flash, he raised his long sword and slashed towards the old woman.

...

“Hmph, ignorant Grasshopper!”

The old woman snorted in anger. She stretched out her hand, and a golden iron crutch flew in the air. She grabbed it and smashed it toward Beimang Nan!

As the Golden iron staff hit, a ferocious beast soul roared and rushed down.

Beimang Nan was expressionless. He raised his long sword and immediately slashed out several sword lights that shot into the beast. The sword intent exploded in an instant and shattered the shadow of the fierce spirit.

Soon after, Beimang Nan formed an incantation gesture with one hand and summoned the eternal Imperial Sword. He shouted, “Transform!”

Suddenly, the long sword flashed in the air and turned into the king of corpse puppets. It flapped its wings and rushed down toward the old woman with a buzzing sound.

Great-uncle Jing Rong watched with a gloomy face. Beimang Nan’s attack had made him breathe a sigh of relief, as if he had seen the hope of winning. He just did not know if Yunxiao’s current strength could suppress the seven high-level martial sovereigns.

He looked in Yunxiao’s direction with suspicion, and his eyes popped out again as he cried out in horror, “What’s going on?”

The divine realm tablet flew toward the seven of them. They all had a mocking and disdainful look on their faces, and they suppressed it one after another.

“BOOM!”

Under the joint attack of the seven rays of light, the white light on the divine realm tablet shone brightly. Suddenly, a vast power gushed out from it and pushed back all the seven attacks!

...

“Boom boom boom!”

The seven of them were all hit by a huge force and were forced to retreat in the air. The contempt they had earlier was gone, replaced by shock.

Under the white light of the divine realm tablet, two burly figures appeared, both with fierce expressions. At first glance, one could tell that they were evil people.

“You, you are Yingluo.”

One of them rubbed his eyes, thinking that he had seen wrongly. He said in shock, “Where are you from, and who are you?”

“Hehe!”

The evil spirit licked his lips and laughed evilly. “Brother Chen, these people are still drowsy at death’s door, just let them be muddled ghosts!”

young master Yun, why are you getting more and more frustrated?” the guest’s eyes turned cold as he said unhappily, “you’re summoning me to deal with a few ants. Do you know how precious my cultivation time is?”

The evil spirit laughed and said, “In any case, this body of mine was taken over, so it’s almost impossible for me to advance any further. There’s nothing to cultivate. I’m just waiting for young master Yun to get me a peak nine-star body. That would be awesome!”

The guest snorted coldly and said, “stop being so long-winded.” I’ll let you take care of these seven pieces of trash. There’s an ugly woman over there who’s pretty strong, leave her to me.”

Without waiting for the evil spirit's reply, he charged toward the old woman in a flash of golden light.

The two's sudden appearance and conversation stunned everyone. They didn't react until the two started fighting.

When the old woman heard the other party call her an ugly woman, she was so angry that smoke was coming out of her seven orifices, and all her internal organs were on fire!

She was disfigured because of her cultivation of the Qi of frost and Yin, and there were peerless Masters in her generation. No matter how you hide and change your appearance, you can't escape the poisonous eyes of others. So she simply gave up on herself and showed her ugly face to others.

However, the word 'ugly' was her reverse scale, and whoever dared to speak bluntly would almost certainly die!

"This old woman will kill your entire family!"

She held her golden staff horizontally in front of her and slapped it with her palm. The seal immediately opened with a clang, and the sound of chains clattering could be heard as they dragged through the air.

"Reverse blade spinning slash!"

At the end of the chain was a strange half-moon-shaped scimitar. Under the flash of cold light, a circle of blade light shot out.

The guest was shocked and did not dare to be careless. He flipped his body in the air and dodged the saber Qi in a few flashes.

Just as he stabilized his body, he was shocked to find that he had fallen into a circle of chains, and his body was locked by a force.

"Hualala!"

The iron chain was like a long snake moving in the air, full of dragging sounds. All kinds of rule power could be vaguely seen in it. Every time it moved, the guest felt that his body was shackled a little bit and strangled tightly. If it wasn't for his strong divine body, he would have exploded long ago!

Even though he had a peerless divine body, his body patterns flickered non-stop and released golden light as he tried his best to resist the power of the chains.

Suddenly, there was a flash of light in front of him, and the old woman reappeared. She held the strange scimitar in her hand, and her face was full of killing intent and resentment.

"Sir, please show mercy. We can talk about our grudges," the guest said in a hurry.

"If you want to talk, go talk to my saber!"

The old woman's face flashed with ferocity, and her eyes shot out killing intent. She raised her scimitar and slashed down!

The saber Qi swirled in the air, and at the same time, the chains dragged along, binding the guests and officials tightly, making them unable to move at all!

Chapter 1370-suppression

Outside the chains, beimang Nan's expression changed as he raised his sword and slashed down.

Clang! Clang!

The sword Qi struck the chains, but it only caused them to glow. It could not hurt them.

"Haha, you ant! This old man's saber chain is made of cosmic stones and can't be damaged by even ten thousand gold! You stay outside obediently. After I kill this poisonous-tongued man, it will be your turn!"

The old woman's face was filled with shame as she laughed wildly.

At this moment, beifeng Nan's soul was unstable and his strength was too weak. He couldn't help but frown as a green light flashed across his eyes.

He raised his hand, and the seven illusions green flag shifted unpredictably in his palm. The eternal Imperial Sword was also enshrouded in a green light that flickered incessantly.

At this moment, within the chains, the officials' foreheads were covered in cold sweat. As the strange blade light fell, their hearts were filled with endless danger.

"Ah!"

With a wild roar, all his strength burst out in an instant!

One after another, symbols flew out from the formation paths on his body, and the sky was filled with golden symbols. The gates of opening, life, rest, injury, and stop shone brightly, forming a line and suddenly rushing down!

"BOOM!"

A sharp pain came from his body, and the sixth scenic gate released a golden light, surging with power!

"

Bingchen's entire body swelled up, and his face was extremely distorted due to the immense pain. However, the strength of his entire body directly soared to a new level!

He clenched his fists and broke free from the chains with a bang.

The two fists collided in front of him, and a circular golden formation pattern appeared on the two fists.

“Ugly monster, die for me!”

“Heaven fist’s might rules the world!”

A vast and mighty force gushed out from his fists and rushed forward!

“Bang!”

The Golden fist force directly blocked the blade light. The blade of the strange curved blade pressed against the golden light and could not move an inch further!

“What?”

The old woman’s expression changed drastically as she looked in shock at the guest in front of her who was shining with golden light. The tattoos on his body were like tattoos, dazzling her eyes.

” Break it open!”

The guest’s face twisted. At the moment of life and death, he had broken through the sixth gate, but his Foundation was not stable. He gathered all his strength on his fists. Although the scimitar trembled under the pressure, he could not shake it away.

The old woman’s face was like a Vulture’s, and her eyes were spitting fire. She raised her right hand, and a pitch-black talisman appeared in her palm. She was about to press it into the blade to create a Suan ni.

“Bang!”

Suddenly, a crisp sound came from outside the chains, and the iron chains that filled the sky suddenly broke. Under bei Xiaonan’s sword, the iron chains that were as thick as the mouth of a bowl were directly broken!

The broken part was dark green in color, and the iron chain was slowly being corroded.

“Ah?”

The old woman was completely stunned and lost her mind.

die, ugly monster!!

The Minister’s eyes narrowed, and a golden light bloomed out. Under the might of his fist, the scimitar was knocked away with a bang.

A vast fist force swept out!

Only then did the old woman come to her senses, and that dark palm force suddenly smacked down!

“BOOM!”

Under the Golden fist and black palm, they were almost evenly matched, and the shock forced the two of them to retreat.

However, the scimitar chains were originally one and were the old woman’s life profound artifact. After being broken, not only was its power greatly reduced, but it also caused her mind to be injured.

how dare you break my profound level weapon! I’ll kill your entire family!

The old woman grabbed the broken part, and the green spots continued to spread. In a rage, she raised her knife and cut the corroded part into pieces.

After that, his anger soared to the sky, and he swung his scimitar at beimang Nan.

Bin Chen steadied himself a little. His legs kicked in the air, and his entire body shot out like an arrow.

The old woman's expression changed. The chains began to dance and her figure kept retreating. She was fighting two people at the same time. In addition, her profound level weapon was damaged, which put her at a disadvantage.

Meanwhile, the evil spirit not far away was being attacked by seven high-level martial sovereigns. It was covered in wounds and kept crying out and cursing.

Yunxiao, on the other hand, had taken a lot of heavenly materials and earthly treasures to rest in the air. Finally, he could not calm down because of the noise. He opened his eyes and cursed, 'trash' and 'idiot'!

Then, he cast a seal into the divine realm tablet, and suddenly, a violent aura spread out.

"Roar!"

An earth-shattering roar rang out, followed by a flash of lightning. It gathered above the heads of the seven people and turned into a golden beast!

His entire body flickered with golden lightning. He looked down and stared at the seven people with a brutal look.

"?!"

The seven people trembled, and a bad feeling welled up in their hearts. This beast's aura was even stronger than the seven of them!

Great-uncle Jing Rong was also shocked. Looking at the divine realm tablet floating in the sky quietly, the light in his eyes became more and more hot. He seemed to have thought of something. His throat was dry and he made a " Gu Gu " sound.

...

haha, here comes the helper. Come and save me!

The evil spirit immediately recognized the beast. It was the DarkThunder that had completely absorbed the Thunder beast. Although its appearance did not change much, its aura was completely different from before.

The flashing lightning was more like golden sword gleams that illuminated the sky!

In their shock, the seven of them felt a boundless pressure rolling over. With a roar, the DarkThunder spat out a bolt of golden lightning that broke through the void!

“BOOM!”

“Ah!”

One of them couldn't avoid it in time and was directly struck by the lightning. His scream pierced the clouds, making people feel a chill in their hearts.

After the voice stopped, the person's body was charred black and was still smoking. Although he was not dead, he was on the verge of death. He slowly closed his eyes and fell from the sky.

“Hahaha!”

A trace of cruelty flashed in the evil spirit's eyes. With a flash of its axe, an axe light caught up with the charred body and exploded into a pile of meat with a bang.

“Ah!”

...

The remaining six people were scared out of their wits. Each and every one of them was terrified, and their faces turned pale. The attacks on the evil spirit in their hands immediately slowed down. After all, they still had to keep half of their mind on guard against the fierce beast.

“BOOM! BOOM!”

The DarkThunder spat out two more bolts of lightning, which split the space and arrived in an instant!

“Ah!”

One of them dodged in a hurry, but the evil spirit seized the opportunity and split him in half with its axe!

The battle in the sky was instantly one-sided. The old woman was completely suppressed by the officials and being Nan. The remaining five high-level martial Supremes were like radishes. One less person was killed.

While shocked and surprised, great uncle Jing Rong’s heart also sank. If the situation continued to develop like this, he would not have a good end when Yunxiao killed all the people of being Dark Palace.

But now that the talisman manual was sealing Tian Shang, once he withdrew his hand, he would definitely be shaken by Tian Shang’s power and his life would be uncertain.

He became extremely anxious. He could feel that the power of the heaven inflicted pain was getting stronger and could break out of the talisman at any time.

“Lord sky pain, I’ll remove the talisman power to let you out. Please retract your power,” he secretly transmitted his voice.

The old man in the talisman manual had his eyes closed and was constantly attacking the talisman suppression, as if he had not heard anything about the outside world. After hearing tai-Shu Jing Rong’s

words, he slowly opened his eyes and said coldly, " "In ten breaths, I'll break your symbol book and take your dog life!"

"One!"

He reported the number and continued to close his eyes.

Tai-Shu Jing Rong was shocked. As expected, he felt the impact of the attack getting stronger and stronger. He couldn't hold on any longer. He hurriedly said, Your Excellency, that Li Yunxiao is extremely powerful. If we kill each other, we will eventually be killed by him.

The old man's expression did not change. The power around him continued to rise, and his face was fluctuating from the impact of the ripples.

Sir, take a look. Lord Di Fu and the seven men you brought with you are about to die!

"What?"

Only then did the old man suddenly open his eyes. When he looked around, he was filled with anger and shouted, "Dammit! You bunch of bastards!"

"BOOM!"

In a fit of rage, he broke through Tai-Shu Jing Rong's talisman manual in an instant. His entire person turned into a ray of light and rushed out of the explosion.

Tai-Shu Jing Rong only felt a huge force bombarding his chest. His five viscera and six organs were all shattered. He spat out a large mouthful of blood and was sent flying.

Before his body could stop, he was shocked to see the old man holding two hammers in his hands. He rushed towards him with eyes that were about to crack, and with one hand, he raised the hammer and smashed it down on his head!

“Young master Yun, save me!”

He cried out in alarm, and several rays of light shot out from his body. A battle suit also appeared.

“BOOM!”

The old man’s big hammer smashed down, and all the light disappeared. The battle suit also turned into dust with a “crack” sound, scattering with the wind.

Tai-Shu Jing Rong’s eyes almost popped out of his head. He spat out another mouthful of blood, along with the pieces of flesh from his internal organs.

Its eyes were wide open, and it slowly lost its light. Its entire body gradually became stiff, and it fell to the ground.

Not far away, Yunxiao watched coldly as tai-Shu Jing Rong died, then turned his eyes to the old man.

Because the old woman was in constant danger, only four of her seven subordinates were left. They were all heavily injured and could die at any moment. This caused the old man to go berserk in a moment of desperation and break through the symbol book in one go. However, he also injured his own heart meridian.

li Yunxiao, you deserve to die!

The old man’s eyes were about to pop out of their sockets, not understanding how the other side had suddenly gained so many helpers, each of them with extraordinary strength.

it’s not up to you to decide whether I deserve to die or not, ” Yunxiao said coldly. But you are really going to die.”

“You want to kill this old man? Hahaha!”

The old man laughed wildly and said, "When I became famous, you were still in some mother's womb!"

He grabbed the Hammers and rushed up in a flash, smashing them at Yunxiao's head!

"Bang!"

The hammer exploded in the air, shattering Yunxiao's afterimage.

The old man frowned. He realized that the other party's movement technique was not only extremely fast, but also extremely strange. He actually could not catch it.

"Don't hide if you have the guts!"

The old man was furious as he stared at the sky in the distance. Then, with a flash of light, Yunxiao materialized.

hehe, you're bullying the weak, and you don't even allow me to Dodge. Do you still have any shame?"

Yunxiao ridiculed him coldly and raised his middle finger.

"Waa! You should die!"

The old man was so angry that he exploded. A vast power gushed out of his body and turned into boundless Emperor Qi pressure, which suppressed the space Yunxiao was in. Then, he raised the hammer again and smashed it down.

Yunxiao frowned slightly. He raised his hand, and a three-colored mountain peak appeared in his palm as he threw it out.
