

The Eternal 1371

Chapter 1371

1371 Following

The old man's pupils shrank as he felt the huge pressure coming from the mountain, but he didn't care too much. He raised his hammers and smashed them over!

"BOOM!"

A surge of tremendous force blasted the mountain peak. Three-colored rays of light shot out and swirled around, causing the mountain to shake.

"BOOM!"

A series of rumbles came from within the mountain, directly jolting back the power of the Twin Hammers!

"What?"

The old man was shocked. His pupils shrank and he dodged in the air. However, he could not hide the shock in his eyes as he looked at the peak of the three-colored light.

Yunxiao frowned slightly, and he was quite surprised that the old man could resist the weight of the mountain with his strength. With a wave of his hand, he retrieved the mountain and hid it in his palm.

"What kind of profound level weapon is this?" the old man's face was gloomy as he asked in a cold voice.

you may hear the truth in the morning, but you may die in the evening," Yunxiao said. Lord tianshang, you still want to gain knowledge before you die. You are indeed a senior.

The old man was so angry that his teeth itched. He looked at the old woman in the distance who was gradually unable to hold on. He suppressed his emotions and said, "Dark Palace is doomed for today's matter. Tell your men to stop and we'll leave!"

Yunxiao's mouth was wide open as he said in surprise, "Is Lord Tian Shang telling a joke? If we fail, we will die. You two have lost, and now you want to admit defeat and leave?"

"Then what do you want?" the old man asked coldly.

His face was ashen. With his status, he had always been high and mighty. Now, he was talking terms with a junior. He was really furious.

"I don't want anything," Yunxiao said coldly. "I just want to clean up the ants with a broom."

"Ants? Hahahaha!"

The old man was so angry that he laughed, and his entire head was smoking. He said in a cold voice, "Under the heavens, even the seven sect Masters wouldn't dare to call me an ant! Since you're so stubborn, then go to hell!"

His two hammers flew in front of him, and soon, the area around him was covered in a golden light, and the shadows of the Hammers were fluctuating.

"Roar!"

In the distance, the DarkThunder turned into a bolt of golden lightning and shot down from the nine Heavens. The terrifying lightning left a long trail in the sky like a Golden Path that reached the sky!

The Golden lightning rushed into the shadow of the hammer. In a daze, he could vaguely see the old man swinging the hammer and hitting the DarkThunder.

"BOOM!"

Countless golden lights exploded, and the power of Thunder spread in all directions. The entire world was engulfed in a sea of golden lightning.

The evil spirit raised its axe and chopped down the last enemy. It looked at the explosion with its mouth wide open, revealing a look of horror.

After pondering for a moment, he raised his axe and rushed over.

The old woman in the distance was also shocked. Her heart was filled with anxiety. In an instant, she was punched several times by the guests and officials, causing her to vomit blood.

He spat out a mouthful of blood, which was green in color!

“Ah? You!”

The old woman pointed at beifeng Nan in panic, and was shocked to find that her body was gradually turning green, and was corroding at a speed visible to the naked eye.

The officials were also shocked as they looked at beiming Nan with fear. When he had broken through the old woman’s Emperor Qi defense with a few punches, the invisible poison had followed him like a shadow and entered her body.

After a few breaths, the old woman’s body started to tremble and Twitch. In the end, she completely rotted and her body was completely rotten, unrecognizable.

Cold sweat covered the officials’ faces. After glancing at beifeng Nan, they rushed into the golden light and began to fight the old man.

As for beifeng Nan, he appeared next to Yunxiao in a flash and looked at him with a complicated expression as he said, “There are no more godly state experts under this sky. I didn’t expect that someone could still control the divine realm tablet. This way, I’ll have no more doubts. This eternal Imperial Sword has accompanied me for a hundred thousand years. I’ll give it to you now.”

The sword in his hand flashed, and he held the sword with both hands. There was a bit of reluctance in his eyes as he handed it over.

what? ” Yunxiao chuckled. are you eager to die? ”

Beimang Nan’s expression was indifferent. I’m not far from death. It’s just a matter of time. I don’t want it to be buried in the dust with me, and I don’t want it to be taken by some arrogant people. I’m sorry to be humiliated.

Yunxiao pushed the sword back and said, ” “Although I don’t have a way to save you, I’m sure I can still suppress your injuries and prevent them from getting worse.”

Beiming Nan frowned and said, ’are you trying to use the divine realm tablet’s power to suppress my soul injury? This method is feasible in theory, but your control of the divine realm tablet is too low, so it’s difficult to achieve good results.”

borrowing the power of the divine realm tablet is one of the reasons, ” Yunxiao said. I’ll teach you a set of soul cultivation techniques that complement each other. With them, it’s very possible for you to recover to your peak, let alone suppress it.

Beimang Nan’s expression changed. No one wanted to die if they could.

although I’ve learned the soul cultivation technique, it’s not my possession, so I have no right to teach it to others, ” Yunxiao said. I’ll go and ask the owner of the technique first. He’s also in the divine realm tablet.

“Alright,” he said.

“I’ll help you finish the battle in the distance first,” beiming Nanfeng said with a nod.

no need, ” Yunxiao hurriedly said. they’re enough. Old man heaven pain will die for sure. Try not to make a move, or your soul injury will worsen.”

“Alright,” he said.

Beimang Nan responded, then muttered, “ since you’re the master of the divine realm tablet of this generation, I’ll follow you and do whatever you want.

Yunxiao was taken aback, but then he laughed and said, “That’s good,”

He separated a part of his soul and manifested it in the divine realm tablet, directly appearing on Mount inch.

It was quiet in the mountain, without the light of refining and the surging spirit Qi that was being wantonly absorbed, which made Yunxiao feel a little uncomfortable.

A ray of light flew out from the mountain. It was Gu Yuesheng. He stepped forward and bowed, “ greetings, Lord cloudsky!

“Where’s your master?” Yunxiao asked.

Gu Yuesheng was a little embarrassed. master told me that he’s going into seclusion. If Lord Yunxiao comes, tell him that the darknorth cold star sword has been completely refined and that he’s already in his shoes. Tell him not to look for him again.

“Hahaha!”

...

haha! Yunxiao laughed and said, “ what a good old Yuan! Did he think I would take advantage of him? ” I originally had something to discuss with him, but since that’s the case, I’ll take it that he’s agreed. If you don’t like it in the future, please don’t blame me. ”

He left these words and was about to leave.

“Hmph!”

Yuan gaohan’s dissatisfied cold snort came from the mountain and he shouted, “What tricks are you trying to play? Come in!”

Yunxiao smiled and entered the cave.

“What? Are you going to teach my Starlight soul technique to someone else?”

Yuan gaohan exploded and rushed up, wanting to strangle Yunxiao to death as he roared, “If you dare to do this, I’ll take your life!”

Yunxiao had expected this reaction. In a flash, he teleported behind the man and said with a smile, “Calm down. My friend’s soul has been seriously injured, and for some reason, he has lost too much soul power. In this world, I can’t think of a second good method other than your Starlight soul technique.”

“Even if your friend is dead, you’re not allowed to spread my technique to outsiders!” Yuan gaohan angrily said.

tsk, tsk, don’t be so excited. Nothing is impossible in this world. The reason why it can’t be done is because the benefits are not enough. Yunxiao said leisurely.

“Hmph, what benefits do you think you have that I’ll give you in exchange for the Starlight Soul Art?” Yuan gaohan replied coldly.

...

brother Gao Han, your two souls have merged into one, ” Yunxiao said. Don’t You Want Me to protect you? ”

li Yunxiao! Yuan gaohan shouted angrily, " do you still have any shame?! How dare you threaten me with this matter! Are you going to go back on your word about the agreement we made earlier?" He was so angry that his face turned red and smoke rose from the top of his head!

Yunxiao was taken aback by his excitement. "Is there such a big reaction? Brother Gao Han, don't be too excited. I'll naturally fulfill my promise to you. My friend is the owner of the seven Illusion Green damask. With his help, the safety of brother Gao Han will be increased by at least 10%.

"What? One of the five poisons, the seven Illusion Green damask?"

Yuan gaohan was startled, and his face revealed a strange expression,"Your friend has the heaven Earth venomous body?"

"Yes!" Yunxiao said. Other than the heaven Earth venomous body, who else in the world can control the five great extermination poisons?"

Yuan gaohan pondered for a while and said,"alright, I can agree to this." However, other than protecting me, your friend here will owe me a favor."

"This Yingluo ... Alright, I'll agree on his behalf."

Yunxiao hesitated a little, but when he thought of beiming Nan's current situation, he had no choice. Besides, he had already said that he would follow Yunxiao, so it was not too much to accept the favor on his behalf.

"You must also make him swear that he will never teach this technique to anyone else," Yuan gaohan said.

"Naturally."

Yunxiao's figure flickered as he was about to leave.

“Wait!” Yuan gaohan suddenly said. “You want to go to the red moon City to abduct people?” he asked slowly with a serious look.

“What?” Yunxiao asked. This isn’t a secret, is it?”

Yuan gaohan snorted and said, “ your reputation has been rising recently. Even I’ve heard of it. The tallest tree in the forest will be destroyed by the wind. You’re only a seven-stars Martial Emperor, li Yunxiao, now, not a titled Martial Emperor, Gu Feiyang. Don’t forget your own strength and do something that will only bring about your own destruction!”

Yunxiao rolled his eyes and chuckled. “Brother Gao Han, it’s not like you just met me today. You didn’t ask me to stay just to teach me how to be a good person, right?”

Yuan gaohan’s expression changed slightly and he snorted, “I’ve never doubted your intelligence.” I don’t care about the result of the trip to Red Moon City. Jiang Ruobing is just an insignificant woman in this era. I just don’t want you to die and cause this era to lose an interesting person.”

so?” Yunxiao narrowed his eyes and smiled. so?”

Yuan gaohan rolled his eyes at him. I’ll have Chen Yuyu follow you in secret. I’ll save your life when it’s necessary.

Yunxiao was taken aback. Chen Yunyu?” he asked. This brat is so arrogant, hasn’t he been beaten to death yet?”

even you are still alive! Yuan gaohan angrily retorted. no matter how arrogant he is, he can’t be compared to you!

Yunxiao laughed and said, “ haha! This kid was also a once-in-ten-thousand-years genius. Unfortunately, he was so conceited that he was beaten up by someone before the battle of wind and cloud. As a result, he felt that he was too ashamed to participate in the battle of wind and cloud. Otherwise, he could have made a name for himself. So many years have passed, his cultivation level is now at bi an.”

Chapter 1372-seven colored Tusita Heaven

Yuan gaohan's face revealed a trace of a comfortable smile, he just broke through to peak nine-star some time ago. We can let him come out and try his hand.

ha! Yunxiao laughed. even if he is a peak nine-stars martial sovereign, there is still a big gap between them. I'm looking forward to his performance.

At the same time, Yunxiao was surprised. With an expert like Chen Yunyu by his side, and as the head of a spiritualist, he still felt unsafe. He didn't know if the situation was really so strange or if Yuan gaohan was overthinking it.

if you let Chen Yunyu leave your side, then your body's safety will be compromised.

"It's fine,"

Yuan gaohan's eyes shot out cold stars as he coldly said,"If someone really wants to harm me, they'll definitely choose to do so when my two souls merge. They would never have thought that I still have a trump card like you!" The coldness in his eyes turned into boundless killing intent.

Yunxiao nodded slightly. With his current strength and Chen Yunyu's, they had nothing to fear even if the enemy sent a peak nine-star expert.

After the two reached an agreement, Yunxiao flashed out of the divine realm tablet.

Under the siege of two men and one beast, the old man was like an arrow at the end of its flight and could die at any moment.

As for beifeng Nan, he didn't say a word, quietly watching the battle in the distance.

Yunxiao nodded slightly at him and said, " I've already discussed it with my friend. This technique is the second most important cultivation technique I've ever seen in my life, but you must remember not to teach it to anyone else.

The first was naturally his great expansion divine technique, but the great expansion divine technique was of great importance and could not be disclosed. Coupled with the characteristics of the divine Art itself, Yunxiao did not know how to teach it to others.

Beiming Nan didn't ask any further and nodded, "Many thanks."

Yunxiao threw him a Jade slip and said, "You can enter the divine realm tablet to comprehend. As long as you have enough Starlight stones, you can ensure that your injury won't worsen. With the help of the divine realm tablet's power, you'll get better."

After taking the Jade slip, Beiming Nan let The Light Between Yunxiao's brows shine on his body and then absorbed it.

The world inside was clear. He looked around and couldn't help but sigh.

"Oh right, I still have something to ask."

Yunxiao suddenly appeared in front of him, and with a flash of light in his hand, the three-colored divine peak appeared. "Do you recognize this?"

Beiming Nan's eyes flashed as he forced a smile and said, "This is the seven-colored Tusita sky made by Lord lingmu di. I didn't expect it to be in your hands. It's good this way. With Lord mu lingdi's current condition, he is not suitable for this profound level weapon. It will be a rare treasure if you keep it."

"Seven-colored Tusita Heaven?" but why do I only see three colors? " Yunxiao asked in surprise.

the seven-colored Tusita Heaven is an extremely powerful profound level weapon passed down in ancient times, " Beiming Nan said. although it's not as magical as a Saint weapon, its power is no less than ordinary Saint weapons. Lord lingmu di imitated it according to the ancient recipe. Unfortunately, he only collected three kinds of earth element sources and only made three colors."

what? ” Yunxiao was taken aback. do you mean that this thing needs seven Supreme earth elements to be fused together? ”

“That’s right,” said beiming Nan. Before the demon-sealing war, the heroes of the two world Mountain were all trying to collect the materials for this profound level weapon. In the end, they lacked the four strongest earth-type origins. Coupled with the arrival of the demon-sealing war, they put it on hold and did not expect that the tricolor Tusita sky would be formed.”

Yunxiao looked at the spinning mountain with a thoughtful look on his face.

It was no wonder that this object possessed such immense weight and vast earth intent. It was actually refined from three Extreme Earth-type origins and countless rare materials.

“If I can gather the other four earth sources, can I refine it completely?” he asked slowly.

A warm current surged in his heart. Just three colors were already so powerful. If he could refine a seven-colored mountain, how powerful would it be? that infinite weight and heaviness would probably kill anyone who touched it!

“You can ask Lord lingmu di about the refining method,” said beiming Nan.”He’ll definitely know.” If this mountain can be fully cultivated, it’s said that it can derive the divine ability of the boundless Pure Land. It’ll probably be an invincible existence under the current Sky.”

“I understand.”

cultivate in peace, ” Yunxiao said as he put the mountain away. I have as many Starlight stones as you want.

After he finished speaking, he appeared in another place on the divine realm tablet in a flash.

The gourd Little King Kong was sitting cross-legged and was actually cultivating in the air.

However, under Yunxiao's divine will, there was no trace of spirit Qi in the surroundings. Even if he cultivated for a hundred thousand years, he would not get any result.

After he appeared, the calabash Little King Kong slowly opened his eyes, which were filled with vicissitudes and complicated emotions.

master lingmu di, " Yunxiao called out softly. master lingmu di.

Lingmu Di's eyes moved and fixed on him. After a long time, he sighed deeply and said, " the master of this generation's world deity, What is your name? "

Li Yunxiao, " Yunxiao said. you can call me young master Yun.

'Li Yunxiao, please welcome young master Yun!'

Lingmu di muttered to himself and said, " you're indeed the chosen one. With your age and achievements, even if you were placed under the sky a hundred thousand years ago, you would still be an extraordinary genius. You deserve to possess the divine realm tablet!

it seems that Your Excellency has a deep relationship with the previous owner of the divine realm tablet, " Yunxiao said. I would like to know some secrets from back then.

Lingmu di said, " it's a long story back then. But in this era, I've returned from the void, and the divine realm tablet has appeared once again. Is it because fate is changing? is there going to be another great Tribulation? "

Yunxiao frowned. I don't know what great Tribulation it is, but the devil Lord's seal has indeed been broken in many places. Is this a Great Tribulation? "

Lingmu Di's body trembled, and he mumbled with an expression of shock, " no wonder Qianqian, no wonder Qianqian. Even with the power of a world's powerhouses, you still can't seal him forever?!!

His tone was filled with unwillingness and even anger.

A light suddenly flashed between his brows, and the shadow of the rainbow stone appeared. Lingmu Di's face instantly sank, and a fierce light began to flash, becoming ferocious.

Yunxiao performed an incantation gesture with one hand, then waved it in the air and pointed at it.

An incantation seal shot out from between his fingers, hitting the rainbow stone precisely. As if it was sucked in his hand, it slowly pulled out from inside.

" Stop!"

Lingmu Di's eyes were filled with shock as he roared, " Bastard, stop! You little bastard, I'm going to kill you!"

No matter how mad he was, he was completely suppressed by Yunxiao in the divine realm tablet and could not move at all. But, his face was filled with extreme pain as he kept wailing.

Yunxiao's expression was extremely calm, and he turned a deaf ear to all the curses and threats, as if he had not heard them at all.

After the time it took to finish a cup of tea, the rainbow stone was pulled out of the calabash King Kong's forehead and spun in Yunxiao's palm, emitting a strange force.

Lingmu Di's face suddenly became dull. His eyes widened in a daze, and then he fell to the ground.

...

Yunxiao's expression kept changing as he stared at the Rainbow stone. He felt an inexplicable emotion growing in his heart, making him feel a little uneasy.

Suddenly, his entire body quivered and he woke up. He was shocked and immediately sent out several spiritual arts, which turned into seals and flew out, directly sealing that rainbow stone layer by layer.

Slowly, the light on the rainbow stone was completely retracted, and its surface became dull, just like an ordinary stone.

Yunxiao breathed a sigh of relief, then flew to the ground and began to check the lingmu flute's injuries.

His divine sense swept through the body of the gourd little Guardian Kong and was shocked. The soul power of the lingmu flute was not as weak as beifeng Nan's. On the contrary, it was very strong, like a raging fire. Once his divine sense entered it, it was devoured!

"Could it be that the rainbow stone can also nourish the soul?"

Yunxiao was very surprised. After all, souls were very fragile, and anything that could nourish and refine souls were all priceless treasures. Even so, the effect was very little.

For example, the soul nurturing wood refined from the Kunwu Divine Tree was one of the finest, but its effects were also extremely limited. The lingmu flute had experienced 100000 years, but its soul power had not decreased. It was completely inconceivable.

Yunxiao glanced at the sealed rainbow stone, and a look of fear appeared on his face. It seemed that the demon Lord monarch's strength was even greater than he had expected.

Lingmu di was only unconscious at the moment, so his life should not be in danger. However, he did not know when he would wake up. He could only ask about the seven-colored Tusita Heaven later.

He sighed slightly and left the divine realm tablet.

...

The battle outside was coming to an end. The old man's hammers were sent flying, and he was split in half by the evil spirit's axe.

"Ha, haha, cool, cool! Unfortunately, I haven't had enough fun yet. This old man is too weak!"

The evil spirit laughed wildly. It was covered in wounds, and its face was pale. It was sweating profusely, but it still refused to admit it.

I can't stay here for long," Yunxiao said. I'm afraid the beiming family will kill me all over the world.

He put all three of them into the divine realm tablet and soon disappeared.

After an unknown period of time, ripples appeared in the sky, and a beautiful pink warship sailed out.

The warship wasn't large, about twenty Zhang Long. The bow of the ship was in the shape of a cute Red Swan, and it was slowly moving forward in the rippling energy.

Chief shopkeeper, that li Yunxiao is so lucky! Not only did he take the treasure of borderline mountain, but he also killed the beiming Dark Palace's tianshang Difu!

Two rows of maids stood neatly on the sides of the warship, each of them holding a long sword, looking valiant and heroic.

A stone table was placed at the bow of the ship, filled with precious fruits and fine wine. Spiritual energy lingered around it, dense and pressing.

However, han Junting, who was sitting on the throne, had no such thoughts. Her lean face was as dark as water.

Looking down at the two world Mountain that had completely collapsed and the countless battle scars, her body trembled.

Grandma sunflower's face was ashen as well. She said in a deep voice, " this kid is too dangerous. Who knows how many experts are hidden in the treasure he's carrying? I'm afraid that even the weakest of the ten sects of the North Region can be killed at will!

Chapter 1373-Wei Wuya

Han Junting's face darkened and she remained silent.

head shopkeeper, this kid is too dangerous, " grandma sunflower said hurriedly. we can't let him continue to grow. Otherwise, there'll be no one in this world who can suppress him!

Han Junting looked tired and said, " "Then, in Granny's opinion, what should I do?"

Grandma sunflower was stunned for a moment. She frowned as well, seemingly at a loss.

Han Junting glared at her and said, " "I also know that I can't let him go, but who can suppress him for me? Since beiming Dark Palace can't do it, I can only place my hopes on the red moon City."

"Red Moon City?"

"Didn't head shopkeeper promise to help him contain the three elders?" grandma sunflower asked in surprise.

"The Redmoon city today is not the same as it was yesterday. Even without the three elders, it is still the Redmoon city." Han Junting smiled.

Grandma sunflower was stunned for a moment. She was confused, but seeing han Junting in deep thought, she did not ask.

"It's just that he's angry."

Han Junting's face turned serious as she mumbled to herself, " "But can the red moon City keep him?"

His tone was full of doubt, even a trace of helplessness, and a bit of expectation.

The pink warship started to move again, and ripples spread out in the sky. The ship slowly became transparent and gradually disappeared into the sky.

After leaving two world Mountain, Yunxiao went straight to the teleportation point of golden Zhang city.

“What? The passageway to the red moon City is closed?” Yunxiao’s face darkened.

The guard of the teleportation array felt the waves of surging elemental energy on his body and was instantly alarmed. He hurriedly said, “Your Excellency, this matter is absolutely true! A month ago, there were only seventeen passages left in the red moon City. The rest were all closed.”

“Seventeen? Which places?”

Only then did Yunxiao’s face turn a little better. Seventeen sounded like a lot, but compared to the vast heavenly martial realm, it was a pitifully small number.

“In the North Region, there are only the Holy region and the four great sects,” the guard hurriedly said. “The other regions only have passages for the Super sects. If Daren wants to go to the red moon City, you can teleport to the East region’s Feng Ling city, Yong Guang city, Yan Nan city, Min yang city. These four cities all have a passage to the red moon City.”

These four cities just happened to circle around the four major directions of the red moon City, North, South, East, and West. They acted as barriers to enter the red moon City to prevent the flow of people from being too large. All people who entered the city had to go through a strict inspection.

“Feng Ling city then.”

Back then, the Lu family of Feng Ling city had some conflicts with him, but things had changed. Today, he had already left the Lu family several streets behind and no longer had any concerns.

After Yunxiao handed over the primordial stones, he disappeared in the light of teleportation.

After watching Yunxiao leave, the guard finally breathed a heavy sigh of relief.

A young-looking guard came forward and said in a low voice, " "Second commander, I saw that person just now and the wanted man bi an."

"Pa!"

The Guard's expression changed drastically. He slapped the young guard's mouth, causing it to swell. He glared at the young guard and shouted, "Be serious, what are you daydreaming about!"

After a moment of shock, the people around him burst into laughter, filled with ridicule.

The Guard's lips were swollen like sausages and he covered his face with his hands. He was at a loss and confused. When he saw the guard walking towards him, he hurriedly lowered his head.

"Hmph! If I find out that you're daydreaming again, I won't let you off easily!"

The second commander flicked his sleeves and left.

The Guard's face was filled with grievance and resentment. Suddenly, a soft whisper sounded in his ear. It was the second commander's Secret voice transmission. "You brat, be smart! If you had recognized the identity of that person just now, you would have already turned into ashes! It's fine if you die from stupidity, but don't drag everyone down with you!"

The Guard's entire body trembled, and he could not help but feel a chill run down his spine. He raised his head again, only to see the other guards looking at him coldly with a sneer on their faces.

It turned out that everyone was an understanding person!

His heart full of grievances and resentment immediately turned into incomparable gratitude. He laughed a few times in embarrassment and then continued to maintain order.

In the misty snow sacred city, a magnificent building could be vaguely seen between the clouds and water.

In a huge Palace, a magnificent figure stood in it. His hands were constantly making hand seals, and rays of green light were shot into a water mirror in front of him.

Tens of thousands of golden lights were condensed in the mirror, gradually converging into a strange symbol that bloomed with various colors.

The figure cut his arm with his finger and shot out a few drops of blood, which directly stuck to the Golden symbol.

Suddenly, the blood began to boil and slowly eroded the colorful mirror, turning it into a blood-red water mirror. As the mirror rippled, an old face was revealed.

The face looked a little tired. He slowly opened his eyes and said weakly, "Wei Qing, why did you call me?"

The majestic figure was one of the five rulers of the Holy region.

Wei Qing raised his eyes and said, "father, Yuan gaohan seems to have noticed something about us. I'm going to erase him. However, I'm afraid that the situation will escalate. So, I want to ask for father's opinion.

"Eh? Yuan gaohan?"

The face in the mirror was that of Wei Qing's father, Wei Wuya. His wrinkled face scrunched up and he said with a hint of anger, "this person is Tenshou Zi's beloved disciple. How could you be so careless? he'll find you very troublesome.

Wei Qing's face was indifferent and expressionless, "So, after much hesitation, I still feel that we should get rid of him. He had already made an application to enter the divine capital to meet with Amaterasu, but I managed to suppress it. If I kill this person, will you be able to suppress Tenshou Zi?"

"Amaterasu has always been a free-spirited, reclusive cultivator," Wei Wuya said with raised brows. "But if anyone really thinks so, then they'll have to laugh. I haven't seen these two old farts for more than ten years. However, I've already peeked into the door and am not far from success!"

"Really?"

Wei Qing's body trembled and his expression changed. His eyes shot out a bright light and he looked like he couldn't believe it.

"What, are you still suspicious of your father?" Wei Wuya chuckled.

"I wouldn't dare, it's just too shocking," Wei Qing hurriedly replied. The expression in his eyes changed several times as he said, "if that's really the case, then there's no need for some traces, Lao Ai."

"I'll keep it for now. How's the heaven Earth venomous body?" Wei Wuya muttered to himself.

he's cultivating in the shattered cloud sky River," Wei Qing answered. he's stimulating his divine body with the poison in the river. Recently, there's been red mist everywhere like the morning glow, but it's also gone sometimes.

...

Wei Wuya's eyes lit up and he laughed. "Haha, the heavens are helping me! According to what you said, it should be the red poison of the five major poisons of extinction-the eight charm Vermillion saliva! Tsk tsk, these two were originally kept as trump cards in case they were used to restrain old man Meng. I didn't expect them to bring me such a pleasant surprise! This eight charm Vermillion saliva is very important, we can't make any mistakes!"

“Don’t worry, father. I’ll bring him to fairy’s capital once he has condensed the eight charm Vermillion saliva,” Wei Qing said.

“Slow down,” Wei Wuya said, “I’m afraid old man Meng will notice if I bring him to Shen du. I’ll let you know when I’ve succeeded.” As for that Yuan gaohan, even if you want to kill him, don’t do it yourself. Make some noise to muddy the waters and buy us some time.”

“Yes.”

Yuan gaohan seems to have sensed the location of his second soul, ” Wei Qing replied. the best time will be when he regains his soul. I’ll arrange everything and make use of some useless things.

“Just keep everything under control,” Wei Wuya said, “I need to make the best use of my time.”

there’s one more thing, ” Wei Qing said. recently, there’s a young man in the heavenly martial arts realm who’s doing very well. He’s from the Tianshui of the southern domain and is Meng Bai’s master. He’s full of secrets, and he seems to be related to Gu Feiyang.

“Hmm, Gu Feiyang?”

“We don’t have to worry about Gu Feiyang, but if he’s a stumbling block, we’ll erase him as well.” Wei Wuya frowned. It’ll take too much power to open a channel to contact you. In short, you’ll be in control of the overall situation. Do whatever you need to do, and don’t disturb me if there’s nothing important.”

As soon as he said that, the blood-red water mirror buzzed and trembled a few times. Then, it exploded with a bang, turning into countless water lights and evaporating in an instant.

Wei Qing’s expression was dark and uncertain. In the end, his eyes flashed with a sharp light and he disappeared from the hall.

...

The next moment, he appeared above a side hall. He formed a few hand seals and pressed them down.

A restriction appeared in a flash and shattered with a bang under his palm print.

A cold snort came from inside the hall. Lord Wei Qing.

Wei Qing's figure flashed and he appeared in the hall.

There was only one white jade bed in the large side hall, and a man was lying on it. He was comfortably holding a white jade slip and reading it.

In front of the bed, there was a small cauldron half the height of a person, distributed among the nine Dragons. Green smoke was coming out of their mouths, curling up, and the spiritual energy was refreshing.

Bai lingyue, " Wei Qing said indifferently. your cultivation is getting higher and higher. You can actually see through me.

"Other than you, Lord Wei Qing, who else would dare to barge into my Palace?" Bai lingyue sneered.

"Hmph!" Wei Qing snorted and said,"how's the matter I asked you to investigate?"

Bai lingyue stood up immediately and put away the Jade slip in her hand. we have a rough idea. That person's body is Murong Zhu, the one who caused such a huge commotion back then. And the mind that controlled the body is the moon eyes!

"Moon pupil?" Wei Qing frowned. "Is it related to Gu Feiyang?" he suddenly asked.

Bai lingyue shook her head. this must be another moon eye. It's controlling Murong Zhu's body. It's also because of this body that ning keyue followed. As for that huge eyeball, I've gone through a lot of information. It should be the first generation ancestor of the moon pupil clan-the ultimate!"

Wei Qing's expression changed, "ultimate?" Isn't that an existence like an immortal state true spirit?"

the strength of the ultimate is still a mystery, " Bai lingyue said with a wry smile. I sent three waves of experts, but they were all killed by the moon eye. It's really hard to follow the eye clan, I was just planning to suggest a plan to Daren."

Wei Qing said, "your plan is hehe."

Chapter 1374

1374 Interesting

Bai lingyue held the Jade slip in her hand as she paced around the hall. She said slowly, " I think they seem to be looking for something, but the lunar eye and the ultimate are, after all, foreign species. It is very dangerous for the human race to wander around the realm of heavenly martial arts. We should gather strong cultivators and annihilate them, or at least capture them and bring them to the sacred zone, and control them under our control.

with the power of the moon eye, the ultimate, and ning keyue, who can come out? " Wei Qing asked.

it's impossible with just Nanfeng Xuan's power, " Bai lingyue said. at least two or more Lords have to personally go out to have the confidence to return victorious. We can also inform the Murong family and red Moon City about this. With their help, we will be more confident and we can also test Red Moon city's attitude."

"The attitude of the Redmoon city?" Wei Qing's eyes narrowed and he said leisurely, " "What do you mean by this?"

"Isn't that what Lord Wei Qing wanted to know?" Bai lingyue smiled. Tang Qing is now frequently on good terms with other sects, and several Daren and secretaries are all under his persuasion, as if they want to break free from Daren's control."

Wei Qing snorted lightly and did not mind, " "Who would be willing to be controlled by someone else? If it was you, would you?" His eyes suddenly turned cold as he stared at Bai lingyue, as if he wanted to see through her heart.

“Control? Haha, Lord Wei Qing must be joking.”

Bai lingyue smiled and said, “lingyue and Sir are only interested in benefits. With Sir’s wisdom, you wouldn’t be so stupid as to think that you can control everything, right?” If there’s a day when the benefits are reversed, not only will you want to deal with me, but Bai lingyue’s sword will also be pointed at you.”

“Hmph, you’re rather honest!”

“If there’s anyone in the Holy region that I fear the most, you, Bai lingyue, are one of them,” Wei Qing said coldly.

Bai lingyue smiled. you’re too kind, Sir. I’m just in charge of the intelligence Department. I know more than others. Moreover, when it comes to cooperation, we should make our interests clear and avoid suspicion. It’s good for both sides.”

Wei Qing seemed to have lost interest in the matter of Tian si, and said, “That’s good. It’s much easier to work with smart people. Tang Qing had the strength, courage, means, and was decisive in doing things. He was a very capable person! Although he seems to be under my command on the surface, as his position became more and more stable, my control over him also weakened. Moreover, he also has something that I fear.”

control is a stupid thing,” Bai lingyue said with a smile. as long as our interests are aligned, we’re the best companions. Moreover, I’m afraid that Tang Qing’s marriage to a daughter-in-law will also be full of twists and turns.”

“Oh?” Wei Qing’s sword-like eyebrows raised, revealing a curious expression.

‘My Lord, do you still remember li Yunxiao?’ Bai lingyue asked. Last time, you asked me to pay special attention to this person, and I found many interesting things, and each one was more shocking than the last.”

li Yunxiao? ” Wei Qing’s pupils constricted. the one Jiang Churan praised as the number one rising star? ”

that's right. Bai lingyue nodded. ever since he was wanted by the entire Red Moon City, I've officially become interested in him. In the battle between the Eastern Region and the sea Race, this person had appeared several times and then disappeared without a trace. It was said that he had died in the battle. However, a month ago, he suddenly appeared in the northern region's dingtian city."

"The dingtian city?" what? " Wei Qing's expression changed. is it the place where the demon Lord wreaked havoc, the dingtian city where the city Lord's mansion was wiped out?!

Bai lingyue's eyes flickered as she nodded. "It's precisely that dingtian city. Many people saw him chatting and laughing with the demon Lord."

"Oh?" Wei Qing was stunned. This was really interesting. This person is extremely mysterious, and now that he's actually related to the devil Master, it makes me even more curious."

ever since the changes in the burial land, I've looked up a lot of information about the demon Lord," Bai lingyue said. I learned that this person was divided and suppressed back then. I don't know how many seals have been broken. If we let him recover his true form, I'm afraid he'll be more dangerous than the moon eye!

tell Gongyang zhengqi in detail about the matter between the devil Lord and Yue Tong, " Wei Qing said. let him make the decision. I'm only interested in li Yunxiao now.

yes, " Bai lingyue replied. Lord zhengqi will definitely gather everyone to discuss this. You'll be more interested in what happens next after li Yunxiao shows up in dingtian city."

"Oh?" "Then I'm all ears," Wei Qing smiled indifferently.

Bai lingyue paced back and forth. "At that time, in Seawood town not far from dingtian city, the second wood spirit was born in the sea of spirit lightning fruits, attracting countless experts to fight for it. Even the Thunder Tiger Fire leopard, Chen Fengyuan, and feini, the two young masters of the long family, went. In the end, the Thunder Tiger and fire leopard died, Chen Feng's cultivation was destroyed, and the second wood spiritualism was finally obtained by li Yunxiao!"

Wei Qing's expression suddenly changed and he shouted, "yi wood spirit transformation?" Is this information accurate?"

"I'm absolutely sure," Bai lingyue replied. Could it be that Lord Wei Qing is also interested in the second wood-ifying spiritual sense?"

The expression on Wei Qing's face changed a few times before returning to normal, "It's normal to be interested in such a Wondrous Item. However, the death of the lightning Tiger and fire leopard was really unexpected. Chen Fengyuan probably risked his life to kill it, right? I wonder how the eastern sea will react."

Bai lingyue smiled. I'm afraid the East Ocean won't be doing anything for a while. I heard an even more unreliable rumor. It's said that the spirit veins in the East ocean's royal family's lair were cut off, and all the collections in the palace were robbed.

Wei Qing was surprised and said, "there's no smoke without fire. Since lady lingyue said it, it must be credible." I wonder who is so bold to court death like this!"

I heard about it, " Bai lingyue said indifferently. I only heard about it. It seems to be this li Yunxiao who did it.

The hall fell silent.

Wei Qing's eyes suddenly burst with a sharp light, he said in a deep voice, " "Bai lingyue, I know you very well. You never say anything you're not confident in!"

"Haha, I've only 'heard' about it. I can't possibly send someone to the royal family of Dong Hai to find out, can I?"

Bai lingyue chuckled and said, " "But the next two things are certain. The final item of the auction that caused a stir in new Yan city some time ago, the divine sword Star Destroyer, was found to be in li Yunxiao's hands."

“It’s just a Broken Sword,” Wei Qing snorted coldly. He seemed to be extremely disdainful.

Bai lingyue nodded. it’s indeed nothing to be concerned about. However, the two world Mountain that beiming Dark Palace was in charge of suddenly changed. A Star Palace from 100000 years ago descended from the void, along with the remnant soul of an expert from 100000 years ago.”

“A hundred thousand years? What happened after that?”

Wei Qing’s face was filled with shock, and his eyes shot out cold stars.

“According to our intelligence, lady Cang from the Duanmu family was also present,” Bai lingyue replied.”Beiming yuanhai, du Yucheng, bi haodang, and tai-Shu Qianqian from the beiming Dark Palace were also present.”

“Stop, stop, stop! There’s no need to list out these minions one by one, just get straight to the point!”

Wei Qing’s expression became impatient.

Bai lingyue smiled in surprise. the point is that most people were buried in the two world Mountain. The last bull-shaped puppet, which was possessed by a true spirit, was taken by a mysterious man, and the other human-shaped puppet, which was possessed by a one-hundred-thousand-year-old remnant soul, was taken by Yunxiao. It is said that it is also inside the rainbow stone.

“Rainbow stone!”

Wei Qing’s expression finally changed, and he hurriedly shouted, where is li Yunxiao now? ”

“Why? does Lord Wei Qing want to treat him to tea?” Bai lingyue asked with a smile.

Wei Qing said coldly,”no matter how good a person’s luck is, there’s a limit!” It seems that this li Yunxiao is not only lucky, but also very strong. What’s more terrifying is that this man may have the will of heaven, and he will become an extraordinary figure of this era!”

“Yes, the Mandate of Heaven is illusory, but it must be believed.”

I don't know where li Yunxiao is now, ” Bai lingyue said. but I know he'll definitely go to Redmoon city. He was the one who saved Jiang Ruobing and her daughter back then, and he won't sit by and watch them suffer. According to my intelligence analysis, this person is the key person who knows whether Jiang Churan is Dead or Alive.”

“Red Moon city's Kasaya.” Wei Qing's eyes flickered.

Bai lingyue asked, 'my Lord, do you want to make a trip to Redmoon city? I just received news that Chen Yunyu seems to have gone to the red moon City.”

“Chen Yunyu?”

“Could it be that there's news about Yuan gaohan's second soul?” Wei Qing's eyes narrowed.

...

Yuan gaohan has been showing up frequently before, ” Bai lingyue said. it seems like he has the intention of befriending the major sects, but he's been hiding recently, so we can't figure out what he's up to. But the more mysterious it was, the more it meant something was up. I think I've already found his second soul, but I can't find any clues. It's really strange. Could it be that his second soul is hidden in Red Moon City?”

Wei Qing squinted his eyes and muttered to himself, “Red Moon city's Pixiu, hehehe, Pixiu is really interesting!” He pondered for a while and revealed a playful smile.

“Lord Wei Qing,” Bai lingyue exclaimed, “don't tell me you really want to personally visit the Redmoon city?”

Wei Qing snorted and walked out of the hall with a wave of his robe.

Bai lingyue watched as he disappeared and muttered to herself, "Will Red Moon City be turned upside down by this li Yunxiao? Based on the information we've gathered over the past few years, there's no peace wherever he goes. All the major events that have happened in the past few years are more or less related to him. Could it be that there's really a saying of fate?"

Since you're so worried, why don't you let me go and meet this li Yunxiao?"

A faint voice suddenly came from the hall.

there's no need," Bai lingyue said with a smile. since Wei Qing has his eyes on him, this kid's fate has come to an end. Wei Yong, compared to that li Yunxiao, I need you to investigate another matter."

His eyes focused and he said, "there are a few demons who are following RUO Yin and Ruo Li from death god Palace. One of them is called Shang. He has a very interesting profound level weapon in his hands called the armillary sphere. I want you to help me get it and study it.

"Armillary sphere? Alright, where is Shang now?" The voice replied.

Bai lingyue's lips suddenly curved up. "Red Moon City has indeed become very interesting."

Chapter 1375-offense

Somewhere in the realm of heavenly martial arts, under a gray sky, the surroundings were bleak and desolate, and the sun and moon could not be seen.

The land was desolate and everything was dead. It seemed that there had been no signs of human habitation for a long time.

"BOOM!"

Suddenly, a loud sound came from a mountain, and the entire mountain was blown away, turning into countless gravel.

A ray of green light shot out from it, and the entire mountain was split in two.

The beam of light shot into the sky and turned into rings of light that rippled in all directions. The green light contained an extremely powerful vitality, which was in sharp contrast with the deathly silence of the world.

After a while, the light beam disappeared. All the green glows suddenly flashed and turned into specks of fluorescent light that dissipated into the sky.

Life had only appeared for a moment before it turned into depression again.

A green shadow appeared and churned in the air. It was actually a long Dragon, flying in the heavy world.

The long Dragon somersaulted a few times and flew down from the sky. It directly transformed into a human and stood on the ground. On the peak of the highest mountain, its face was as cold as frost as it looked at the ruins.

"I've recovered some of my memories, but it's not enough. How many pieces had the Dragon field been broken into? It seems that I have to go to the East sea's rainy land."

The person said with a serious expression. His handsome and cold face was gradually revealed under the grey mist. It was che you who had left for a long time!

"In this land of rain, Shi Long's sleeping space is quite similar to the Dragon field. It's just that the Dragon head and the coordinates of the rain are a little troublesome,"

Che you pondered for a while, and Yunxiao's figure flashed in his mind. He could not help but frown and say, "Perhaps this human can help me. This brat has a few Saint artifacts, and his methods are extremely powerful. He's definitely an important figure of this era. The enmity between me and him is so complicated that it's almost impossible to explain it clearly,"

alas, I'll take this Dragon field before I go to li Yunxiao.

He raised his hand, and a sharp sword light flashed out. The long sword in his hand was faintly discernible, emitting a blinding light that illuminated the entire world.

The world trembled and the entire space collapsed. Everything was sucked into the long sword and everything became blurry.

After a while, the entire Dragon field was absorbed into the Xumi Anton sword. Che you's body flashed and disappeared.

.....

Eastern Region, Feng Ling city.

It was bustling with activity, with heavy traffic and people coming and going.

As it had become one of the main cities leading to the red moon City, the flow of population had suddenly increased, more than several times more than before, and the trend of this flow was still increasing.

On a crowded main road, everyone's eyes were greedily sneaking glances at a woman in white.

The woman was elegant and refined. Her skin was as white as snow, and she exuded a rare aura of purity. Her facial features were exquisite and soul-stirring, and all the passersby slowed down and stopped to admire her.

Behind the woman was a strange-looking man. He had a rough face, dark gray skin, long and fierce eyes, and a brown ball of flesh on his forehead, which seemed to have a horn.

His black hands were exposed outside his long sleeves, and his ten fingers were as sharp as claws. There were actually scales shimmering on the back of his hands, and it was obvious that he was not human.

However, the aura they exuded was extraordinary. It was obvious that they were experts with extremely high cultivation.

The woman's eyes were like water, but they carried a faint coldness. Her steps stopped, and her face suddenly sank.

The ugly man behind him also stopped. He was startled and said, "Little Junior Sister, what's wrong?"

The surrounding people all thought, "so they're senior and junior Brother. What a bunch of flowers and cow shit. I wonder which sect they're from."

The woman's eyes flashed with killing intent. the pedestrians on this road are too despicable. Go and dig out their eyes for me!

"?!"

The people around them gasped and looked shocked. The woman's eyes were full of killing intent. She didn't seem to be joking!

This time, everyone quickly lowered their heads and walked away with cold sweat all over their bodies. The speed of the people around the woman suddenly increased, and they all passed by the two of them in a hurry.

The ugly man frowned and said, "Little Junior Sister, this is human territory. Let's restrain ourselves. Master has specifically warned us not to cause trouble for no reason."

The woman's face was covered with a layer of frost. She said coldly, "Am I causing trouble for no reason? They were staring at me without any restraint. This is already a capital offense! Chemical cultivator, someone has offended me, and you're actually not moved?"

The ugly man was at a loss for words. He looked around and saw that there were thousands of people on the street. Everyone who passed by couldn't help but steal a glance. Including those who had left earlier, he estimated that he would have to kill tens of thousands of people.

He wiped his cold sweat and said awkwardly, "the human race is an ignorant and uncivilized race. Their character is extremely low. Little Junior Sister, please don't take it seriously.

"Hmph, commander Mo Sha is still the best. He has never disobeyed my orders. It's a pity that he's already dead."

This woman was water deity. Her cold face suddenly became sad. She sobbed, sad, and sweet, making one's heart break.

The chemical Elementalist broke out in a cold sweat. He was flustered and did not know what to do.

It was his first time coming to the heavenly martial continent, and it was a big city like Fengling city. In addition, the population had increased sharply recently, so he had long been dazed by the bustling scene.

The sea tribe's confidence of being high and mighty was gradually crumbling, and he could feel many powerful auras looming in the crowd at any time. He was like a country bumpkin entering a city for the first time, and his mind was in a daze.

"Little Junior Sister, since the people here are so detestable, why don't we go directly to the red moon City?"

The chemical cultivator suggested. There were too many people in the city and there were many hidden dragons and tigers everywhere, giving him a sense of oppression. Otherwise, even if there were tens of thousands of them, he would not even blink if he killed them all to please the water deity.

The water deity snorted. you have to register and wait in line to go to the red moon City. You have to wait for at least three days. I'm not going! Only a high-level martial Supreme can make an exception and teleport directly. You've already fulfilled the conditions, so you can go by yourself!"

The chemical cultivator smiled bitterly and said, "my mission is to protect Little Junior sister's safety. If she's not going, why should I go?" Then let's find a place to settle down first, and we won't have to wander aimlessly on the streets."

Water deity frowned and said, "if we settle down, how can we meet li Yunxiao? Are you trying to trick me on purpose?"

Yunxiao! the chemical cultivator said bitterly, " since Lord Cang has predicted that Little Junior Sister will meet li Yunxiao, it can't be wrong. Whether we settle down or not won't change the result."

"That may be the case, but if we walk more on the streets, we might meet earlier," water deity said.

As the two of them were talking, a person who looked like a housekeeper came from afar. In a few steps, he came straight in front of the two of them, cupped his fists, and said with a smile, my two friends, I'm the head butler of Fengling city's Lu family, Lu Qichun. I would like to invite my two friends to my residence.

"A seat in the mansion? Why do you want to go?"

The transformation cultivator was on his guard and blocked the water deity's path. He stared at Lu Qichun coldly as killing intent surged from his body.

...

Lu Qichun was secretly shocked. The aura exuded by this foreign man was actually not inferior to his!

"Hehe, my family's eldest young master is naturally fond of talent and has a wide range of friends in the world. Seeing that the two of you are extraordinary, I really want to get to know you." After a brief moment of shock, Lu Qichun calmed down and smiled gently.

"Get to know him? I'm not interested!"

The chemical cultivator waved his hand and pointed at him, "Your family's eldest young master must have seen my Little Junior sister's beauty and harbored ill intentions. If you know what's good for you, then quickly get lost!"

Lu Qichun's face was filled with black lines as he thought that this foreign being looked rough but he was actually quite meticulous.

He chuckled and said, "this friend's words are really unpleasant. My family's eldest young master only wants to get to know the two of you. At the same time, there are young talents from other continents. It's a rare opportunity that you can't get even if you want to. You two don't look familiar, so you probably don't know that the Lu family is the Lord of Feng Ling city, right?"

"I only know that Tang Qing is the Lord of Redmoon city. I wonder how your family compares to Tang Qing?" the chemical cultivator sneered.

Lu Qichun's expression changed drastically as he said in shock and anger, "This junior is rude!" He thought that the other party was deliberately teasing him, but he didn't know that the transformation cultivator really only knew Tang Qing.

The water deity suddenly said, "there are other young talents?" I wonder who they are?"

Only then did Lu Qichun's expression turn for the better as he said, "there's also young master Qin Yu of the Jade Toad sect of the North Region.

"What else?" water deity asked.

...

Lu Qichun thought for a moment and said, "shunyu, the young master of the three blades sect in the Eastern Region, and Qianqian, the young master of the Huang family in Feng Ling city, Huang Cong."

The water deity had been listening for a long time, but she did not know any of the ten or so people. In fact, she did not know anyone except Yunxiao.

Is li Yunxiao here? ” She asked directly.

li Yunxiao? ” Lu Qichun’s brows furrowed, and his face changed drastically as his pupils constricted. you know li Yunxiao?!

“Yes, yes, I was just about to look for him. Do you know where he is?” Narcissus said joyfully.

The chemical cultivator frowned. Little Junior Sister, be careful. He might be lying to us. Humans are full of tricks!

“What’s your relationship with li Yunxiao?” Lu Qichun asked.

“Friend, I’m his friend!”

Yunxiao! water deity was overjoyed. you must know where Yunxiao is now!

Lu Qichun probed,”friend? I don’t know where Yunxiao is, but we’ve been looking for him. Is he in Fengling city?”

The water deity was a little disappointed and said,”he’s definitely in Feng Ling city.” By the way, you’re the city Lord of Feng Ling city, so you’ll definitely be able to find him, right?” She was happy again.

Lu Qichun’s expression turned slightly cold as he nodded, ” “As long as he’s in Feng Ling city, we’ll definitely find him. Since the two of you are his friends, please come to my lü family and wait for news together.”

alright, ” water deity said. since you are also looking for Yunxiao, I’ll go and have a chat with you.

The chemical cultivator stopped the water deity and said, ” “Little Junior Sister, be careful of a trap! He doesn’t look good, he doesn’t seem to have good intentions!”

Water deity's face darkened and she said coldly, "No matter how bad his expression is, he's still better looking than you!"

Chapter 1376

1376 Ordering food

"This Tao Wu ..." The chemical cultivator was a little dizzy.

It was a thankless effort, but firstly, he had a heavy responsibility on him, and secondly, he had been in love with water fairy for a long time, so he could only let her be.

The water deity snorted and followed Lu Qichun. The transformation cultivator was anxious and followed closely behind.

The passers-by on both sides quietly watched for a long time, and only after the three people disappeared did they start discussing, most of them shaking their heads and sighing.

"Al, such a beautiful girl is going to be killed again! The Lu family is really heartless!"

recently, the number of beautiful women in the city has been arrested by the eldest young master of the lü family in order to entertain his bad friends from all over the world.

I don't think so. These two people have extraordinary bearings. They might be disciples of a big sect. The Lu family might not dare to mess around.

"Hmph, the disciples of the truly large sects would have gone straight to the red moon City long ago. Most of the sects that are left in line are mid-sized sects."

you're right. The day before yesterday, the young master of the Phoenix dance sword sect, Feng Yiyi, and her four beautiful maidservants were captured on the streets. They haven't been released yet. I'm afraid they've already been tortured to death!

“Tsk! I don’t think so? Why are you sighing when you look so poor? Wasn’t it just saying that grapes were sour because they couldn’t eat them? I see many young girls loitering in front of the Lu family’s Zhai Xing Lou every day. They can’t wait to be pampered by the Lu family’s young master!”

All sorts of voices were heard, each with their own opinions. Some sighed, some scornfully, some disdainfully scoffed.

After a while, the crowd dispersed.

On an elegant building in Feng Ling city, the words “picking stars” were written in a flamboyant manner. It was a thousand feet tall and one could pick the stars with one’s hand.

The pavilion at the very top was accessible from all sides and had boundless scenery, allowing one to have a panoramic view of the entire city.

A few young men were leaning against the railing, drinking and chatting.

One of them’s eyes lit up and said excitedly, “They’re here!”

The surroundings quieted down. Everyone stopped drinking and looked into the distance, revealing strange expressions.

“Haha, Brother Qin Yu, what do you think?”

The man beside him had a handsome face and slanted brows. He was the Lu family’s eldest young master, Lu Heng. At this moment, he said with a proud expression, “The Lu family has some status in Fengling city. Even if we’re Dragons crossing the river, we still have to bow and greet them to save some face. Furthermore, I’ve already given them enough face by asking Butler Qi Chun to personally invite them.”

The man whose eyes were filled with excitement had distinct facial features and fair skin. His eyes were staring into the distance with evil fire in them. He unconsciously licked his lips and praised, “tsk, tsk, this little girl’s looks are even better than Jiang Ruobing’s. She’s simply a peerless beauty!

hehe! Lu Heng's lips curled up as he laughed weirdly. hehe, from what Brother Qin Yu said, it seems like you're also drooling over miss Jiang Ruobing? "

"Gulp."

Qin Wei swallowed but was still unable to soothe the dryness in her throat. She took a sip of tea to calm herself down and chuckled."Little sister Ruobing's beauty goes without saying. It's a pity that her identity is too special. Although this brother is hungry for her, I can only look at her but not reach her. "

"Hahaha!"

Everyone burst into laughter, their voices full of lust.

"Well, the Jade Toad sect's background can't be compared to them," Qin Wei sighed. Who would've thought that I'd be able to meet such a fresh and refined beauty in Feng Ling city, the heavens have truly treated me well."

Lu Heng patted his shoulder and said,"old brother, to be honest, this girl is indeed too beautiful. Even I'm moved." But since you've taken a fancy to it, this little brother will definitely not have second thoughts."

"Hehe, it's still a question of whether I can succeed or not." Qin Wei put on a modest look and chuckled. "When the time comes, I'll have to ask for brother Lu Heng's help."

"I'll leave it to you, brother." Lu Heng clapped his hands and smiled. Since she's willing to come, she's naturally giving face to my Lu family."

The other man, Huang Cong from Feng Ling city, smiled and pointed at a Street not far away. "The one in the blue jade smoke shirt and the one in the light pink dress. Just these two tonight, wash them and send them to my room."

“Tsk, tsk, brother Huang Cong, you have sharp eyes and quick hands. That innocent and lovely girl in the light pink dress is probably only twelve years old, right? I originally wanted to choose, so I’ll let you have it.”

Three blade Zong shunyu laughed lightly and pointed below. The two women in white seem to be a master and disciple. They look good. I’ll choose them.

Lu Heng’s eyes focused as he stared into the distance. With their eyesight, they could clearly see the face of the woman within a few thousand meters. He couldn’t help but praise, “Brother shunyu, you have good eyes. Those two girls seem to have trained in the soft body technique. Tsk, tsk, those figures are so smooth to the touch. You’re really lucky.”

“Hahaha! If we are talking about luck with women, who can compare to big brother Qin Wei today?”

The crowd burst into laughter. Qin Wei was also overjoyed. She stared at the approaching water deity and felt her body burning up.

A few other young masters also began to “order.” The Lu family martial artists behind them laughed lecherously and locked onto all the “dishes” with their divine senses before flying down to help the young masters with their work.

After a while, the sound of footsteps came from the corridor.

Everyone smiled and looked at the entrance of the corridor. That beautiful figure appeared in front of everyone. She was like a spring breeze, refreshing everyone’s heart.

Lu Heng was dumbfounded. The water fairy in front of him was more than ten times more beautiful than when he looked up. Previously, he had only seen her appearance, but now, her extraordinary and solemn temperament hit him in the face, like a fairy descending to the mortal world.

He wasn’t the only one. The rest of the people were also dumbfounded, their eyes wide.

“Gulp.”

The sound of Qin Wei swallowing her saliva came from her throat.

Lu Heng immediately returned to his senses and his heart sank. He was extremely vexed and regretful.

He glanced at Qin Wei from the corner of his eyes and a layer of haze appeared in his eyes. Such a peerless beauty must be his. He could not give her to this Toad!

However, the veins on his neck bulged, and his hands clenched tightly.

“Eldest young master, we have brought the two distinguished guests.”

Lu Qichun looked at everyone’s expression and couldn’t help but sigh in his heart. The young man was full of vigor and was on his guard.

The water deity looked at the crowd and her beautiful eyes suddenly narrowed. A trace of anger appeared on her brows.

Lu Heng clenched his right fist and coughed heavily. head butler, thank you. My two friends, I’m lu Heng, the young master of the Lu family in Feng Ling city. I’m sorry for my sudden invitation, I hope you can forgive me.

Although he said that they were ‘two friends’, his eyes were on the water fairy from the beginning to the end. He did not even look at the transformation cultivator.

The rest of the young masters also came to their senses. They all put away their unruly looks and revealed their handsome, gentle, and elegant appearances.

Lu Qichun almost burst out laughing when he saw this, but he held it in for a moment. He secretly gave a look and said slowly in a low voice, “ Young master, these two are li Yunxiao’s friends. They said they were looking for him in the city.

Li Yunxiao?!

...

Lu Heng's entire body trembled as a trace of fear flashed through his heart. This name was too sensitive. Everyone's expression changed drastically, and their brains that had been corroded by the sperm suddenly sobered up a little.

is li Yunxiao in Fengling city? " he asked in surprise. is he in Fengling city? "

The water deity suppressed the disgust she felt towards these people and nodded, " "He must be. You're the young lord of Feng Ling city. I hope you can help me find him."

That silver bell-like melodious sound made people's whole body go soft. They swallowed their saliva again and their minds were filled with sperm again.

Lu Heng had also forgotten Yunxiao's sensitivity. He rolled his eyes and came up with a plan. He could not help but be secretly delighted as he said, " "Since Yunxiao is in Fengling city, this is a big deal. I'll need your cooperation. Take them to the mansion first, Chief Steward. I'll be there soon."

He could use this matter to free the fairy from Qin Wei's hands, and then take her down by force when they arrived at the mansion of the Lu family. He could have a good time first, then slowly interrogate Yunxiao about it. Perhaps he could even take down Yunxiao along the way and earn a great merit!

When he thought of this, he was so excited that his body reacted.

"Hold on!"

Yunxiao! Qin Wei shouted decisively. these two are just Yunxiao's friends. What do they have to do with him? " It's better to ask clearly before we speak."

Brother Qin Yu, " Lu Heng snorted unhappily, " you should know very well who that li Yunxiao is. If you miss the opportunity to capture him, you'll have to bear a great responsibility. When the time comes for the red moon City to blame you, will you be able to bear the responsibility?"

Qin Wei saw the duck in her mouth and refused to let her go. She said coldly, " He's just li Yunxiao. As long as I nod my head, the Jade Toad clan will help us capture him. He won't be able to escape even if he has wings!

...

Everyone's face darkened, thinking that this was too big of a boast.

"Capture? What do you mean by that?"

The chemical elementalists had long noticed that there was something wrong with these people's gazes. They were already wary of them, but now they seemed to have noticed something.

"Hehe, what do you mean?"

since you're Yunxiao's friend, " Qin Wei sneered, " don't you know that he has been wanted by the whole world in Red Moon City? "

"What? Li Yunxiao is wanted?"

The water deity was shocked and immediately looked anxious, " "When did this happen? Then what should he do? He won't be in danger, right?"

Her anxious and miserable appearance made people's hearts ripple, and the sound of people swallowing their saliva came and went.

"Haha, don't worry, miss."

Qin Wei was even more elated and her lower body began to react. She patted her chest and said, " I'm the young sect master of the Jade Toad sect of the North Region, and even Red Moon City has a good relationship with my sect. If I speak for Yunxiao, Red Moon City will more or less give me some face, and maybe they will take back the arrest warrant. But ...

but speaking for Li Yunxiao is a huge favor," he said with a troubled look. "I'm not familiar with him, so why would I help him for no reason?"

Water deity was taken aback. "That's right," she repeated. "You don't know Yunxiao well. Why did you help him for no reason?"

Seeing that she was very understanding, Qin Yu was delighted and smiled elegantly. "But I feel like old friends with you at first sight, so why don't we become friends? For your sake, I'm willing to help you with this great favor."

Chapter 1377-two ribs stabbed

"Really?"

The water deity's eyes lit up, and she said happily, "You're willing to help Li Yunxiao just because he's your friend?"

"Of course! For friends, I, Qin Wei, have always been willing to risk my life!"

Qin Wei patted her chest confidently, showing a heroic feeling of sacrificing herself for others.

Lu Heng cursed in his heart. "What do you mean by risking your life for a friend? You're stabbing your friend twice for a woman!"

Li Yunxiao has been wanted by Red Moon City for a long time," he said coldly. "The Jade Toad clan is in the northern region. How can they be as close as the Lu family with Red Moon City?" Brother Qin Yu can't make the decision on this matter, let this little brother make the decision!"

Hmph! Qin Wei's face darkened and she snorted angrily. The Liu family is close to the Redmoon city, but their strength is limited. Can they influence the decision of the Redmoon city? "The interactions between the large sects were not based on friendship, but on strength! If you don't have the strength, even if you kneel down and lick the boots of the red moon City, they won't care about you!"

"You coward! Qin Wei, how dare you slander my family!"

Lu Heng flew into a rage. Since the other party had spoken to this extent, he was not giving him any face at all. He immediately mocked, hehe, the Jade Toad clan is indeed powerful. Once the red moon City put pressure on them, they obediently sent Jiang Ruobing out without even daring to say a word!

Qin Wei's expression turned cold and killing intent shot out from her eyes. "You stupid bird who only knows how to play with women all day long, what the hell do you know! A piece of trash at your level will never have the chance to come into contact with the interests of the large sects in your entire life!"

The two of them fell out and immediately became hostile. Their auras became tense. Two extremely powerful forces intertwined and suppressed each other. The entire Zhai Xing Lou began to shake.

The rest of the young masters were all stunned and at a loss. Just now, the two of them were still talking and laughing, drinking and chatting merrily. How did they suddenly turn hostile? and it was even a life and death battle!

"I won't have the chance to come into contact with it in this lifetime, and neither will you ever!" Lu Heng replied coldly. Head butler Qi Chun, take him down!"

Lu Qichun's brows furrowed slightly. He was in charge of receiving and serving these young popinjays, so he naturally couldn't be as impulsive as them. Suddenly, a powerful force pressed down on him as he said, "Two young masters, please don't be impulsive. We all have good intentions and want to help this young lady. How can we hurt our relationship because of this?"

Under Lu Qichun's pressure, the two's surging power instantly dispersed and they were forced to retreat.

Especially Qin Wei. A look of shock flashed across her face. She just remembered that this was someone else's territory. Although she didn't believe that the Lü family would dare to kill her, she was afraid that she would meet some brainless people who would really kill her.

All the sperm in his mind was dispelled, and he snorted heavily.

The expression on Lu Heng's face also changed and he became much more clear-headed. Although the Lu family did not have much contact with the Jade Toad sect, their overall strength was still stronger than the Lu family's, so there was no need for them to recruit a great enemy for no reason.

The two of them fell silent, and the upstairs fell into silence.

The chemical cultivator crossed his arms in front of his chest coldly and sneered. These people, including Lu Qichun, were just ants in his eyes. He could kill them all in minutes.

you're looking for Li Yunxiao, miss," Lu Qichun said. as long as he's in Fengling city, the Lu family will definitely be able to find him. As for Red Moon City, as long as the Jade Toad sect and the Lu family intercede for you at the same time, there won't be any problems."

"Yes, that's true. There aren't many things in this world that my Jade Toad sect can't do."

Qin Wei walked up the stairs and started to brag again.

"That's great, are you guys really willing to help me?" water deity said in joy.

Lu Heng thought to himself,"why is this girl so innocent and easy to deceive?" A dark look flashed in his eyes as he said, "Of course I'm willing! Why don't you come back to my mansion with me first, and I'll send someone to look for Yunxiao, then send a letter to Red Moon City to ask them to withdraw the arrest order and let Yunxiao go? what do you think, miss?"

"Let him go? Why do you want them to release it?"

The joy on the water deity's face disappeared, and a cold look flashed in her eyes. "Since they want li Yunxiao, we'll go and destroy them! Young master Qin Wei, young master Lu Heng, I'm definitely going to befriend you two. Please send some experts to follow me to destroy the Redmoon city!"

Silence. It was all quiet.

Everyone's voice was completely gone, and they were all stunned.

"Gulp!"

Lu Heng swallowed his saliva and said, "young lady, you, what did you just say?" Annihilate, annihilate the Redmoon city?"

The water deity's face was serious as she said, "yes!" How dare the red moon City attack Yunxiao? we are all his friends, so of course we have to help him destroy the red moon City!"

"Gulp."

Now, everyone understood that this fairy was not normal.

It was a pity that such a beautiful girl had a mental problem.

"However, it doesn't affect our pleasure," everyone thought with lust in their minds.

Lu Qichun's eyes lit up and he smiled, " "Young lady's words are correct. This one has dispatched some people here, so I ask young lady to wait here for a while."

"Okay, go ahead. Thank you."

The water deity was overjoyed as she clapped her hands and praised.

“Come, come. Miss, please sit here.”

Lu Heng naturally understood Lu Qichun’s thoughts and smiled as well. He hurriedly greeted him warmly and ordered for all sorts of rare and precious fruits to be served.

The water deity didn’t stand on ceremony and started eating happily. She rarely tasted the various spirit fruits on the continent, and it seemed to suit her appetite.

Lu Heng was dumbfounded. If he had known that this woman was so unscrupulous, wouldn’t it save him a lot of trouble by directly putting some powerful medicine in the tea?

The only thing that everyone was wary of was the expressionless transformation cultivator. His face was cold and his eyes looked like he was looking at a dead person, which made people feel uncomfortable.

At this time, a martial artist ran up and said, “The women that the young masters have taken a fancy to have been settled, and all kinds of props have been arranged according to the interests of the young masters.”

“What did he mean?”

The entire room upstairs became unusually quiet. Only Daffodil Daydream’s question could be heard.

The chemical cultivator’s expression changed. A furious killing intent surged up. Instantly, a terrifying aura spread out, trapping everyone within.

Everyone felt as if they had fallen into an Icehouse. Their faces turned pale green as they looked at the chemical cultivator in shock. They did not expect the other party to be so powerful!

“Who are you? What are you doing up here?”

Lu Heng made a prompt decision and rushed forward. He used all his essence force and slapped down!

“Pa!”

The martial artist was unable to react in time. His head was hit heavily, and before he could even scream, it exploded like a melon.

...

Blood spurted into the air, and his body shot out of the building like a dart, disappearing.

Lu Heng clapped his hands and smiled at the two of them. “He’s a psychopath. I don’t know him.”

The water deity blinked her eyes, and a golden light appeared around her pupils. you’ve already killed him. He’s a psychopath. He’s quite pitiful.

Yingluo, it’s alright. She’s already delirious. There’s no point in living.

Lu Heng mumbled a few words before the water deity ate the spirit fruit and nodded.

The chemical Elementalist also retracted his aura, but his gaze became colder and colder. His eyes were filled with a deathly indifference.

His indifferent eyes suddenly flashed with a sharp light, and his pupils shrank.

Outside the building, figures suddenly flickered in the sky. In the space of a few breaths, they had formed a dense encirclement. At a glance, there were over a hundred people.

The water deity’s eyes lit up and she said in joy, “so many people, thank you all ..”

Lu Heng's courage suddenly rose as his expression changed. He laughed out loud, haha, no need to thank me. Helping others is the root of happiness.

"Hahahaha!"

...

The rest of the young masters also laughed out loud. Even Qin Wei sneered, but with an extra layer of Vulture.

He was determined to get the water fairy's beauty. Once the lü family got it, he would immediately go to his father and ask him to personally put pressure on the lü family to get this girl.

He had already calculated in his heart that he had to go immediately. The longer this woman was in Lu Heng's hands, the more danger she would be in.

"Although there are many of them, they are all very weak. Can they destroy the red moon City?" the water deity frowned. She revealed a suspicious expression.

"Haha, of course it's not enough to destroy Red Moon City, but it's more than enough to destroy you two. I think young lady's brain is also sick. Come, come into big brother's arms and I'll treat you."

hahahaha! Lu Heng burst out laughing, especially after the two five-star martial emperors from the Lu clan entered the pavilion.

"Hahaha!" The rest of the people laughed ferociously as well. Their gazes were all sizing up water deity without any restraint.

The water deity immediately understood and said in embarrassment, "I know, you lied to me. You're bad guys!"

The chemical Elementalist wiped his cold sweat and thought, "you just found out? your reaction is really slow."

"Bad guys? Haha, if you say big brother is bad now, I'll make you call me big brother later, haha!"

Lu Heng laughed lecherously and began to fantasize about the pleasure of getting the water fairy. He felt a burst of heat on his body and the tent below was raised high.

"Die!"

Without waiting for the water deity's instructions, the transformation cultivator spat out a word. A light flashed in the sky and he charged forward, appearing in front of Lu Heng.

"Crack!"

His action was as fast as lightning. Before the crowd could react, he had already grabbed Lu Heng's neck and broke it in an instant.

"Ah?"

Everyone was instantly stunned and petrified. The entire Pavilion immediately fell into a deathly silence.

Lu Heng's head was still hanging on his neck, but it drooped down. His eyes were protruding out, and he was completely lifeless.

Everyone's brains crashed, and they couldn't react in time.

The eldest young master of the Lu family had been so lively and lively just a moment ago, jumping around and shouting that he wanted to have fun, but he had become a dead fish in an instant?

Especially the experts of the Lu family, they all woke up from the shock and felt like they had fallen into an ice cellar!

Chapter 1378

1378 Ironstone caltrop

The eldest young master was dead, and none of them could escape responsibility!

“Argh! You should die!”

The two five-star Martial Emperor powerhouses at the forefront instantly exploded. Their auras rose and instantly blew up the entire Zhai Xing Lou.

“Hmph, I wonder who deserves to die.”

The chemical cultivator laughed coldly. The two of them were the strongest among the people present, but they were still like ants in his eyes.

He was already furious. How dare he fantasize about the woman he loved in front of him? he would kill him a hundred times.

Unfortunately, Lu Heng couldn't withstand being killed and died with a light twist of his neck. He also regretted letting this person off so easily. Now, it was the perfect time to kill the entire Lu family!

“You dare to kill my family's eldest young master? no one in the world can save you!”

Lu Qichun's heart turned cold as well, and he rushed over in a rage.

“Haha, what a joke! Just you small fries, sitting in Feng Ling city and looking at the sky, not knowing the vastness of the sea and the sky!”

The chemical cultivator laughed wildly, and the murderous aura on his body rose to the extreme. He formed a seal with his right hand and drew a circle in the air with his left hand. Then, he launched two separate attacks at the two five-stars martial sovereigns.

His cultivation base as an eight-stars Martial Emperor was not on the same level as his opponent's. The vast Emperor Qi instantly suppressed the two of them and they could not move.

“Ah? This pressure! Y-you're a high-level martial Supreme!”

One of them shouted in horror. In the blink of an eye, the chemical cultivator's fists and palms landed on the two of them, instantly blasting them into pieces!

“Ah?”

The people in the surroundings were stunned. They stood in the sky in a daze. The mid-stage Martial Emperor who was usually high and mighty and out of reach was crushed to death like an ant.

“Not good! He's a high-level martial Supreme, run!”

It was unknown who shouted, but everyone immediately scattered in all directions.

“You want to leave now? It's too late!”

The chemical cultivator laughed coldly. He was like a god of death who had just walked out of hell. He released his vast Emperor Qi and everyone was stunned. No one could move.

His five fingers closed together, and his palm turned into a blade, slashing down from the sky. Every time he raised his hand and swung his blade, several people would scream and die.

“Hehe.”

The chemical Elementalist's face turned red, as though he enjoyed the feeling of being judged. Looking at the fear and despair in the eyes of the humans, he felt a sense of relief.

"Y-Your Excellency! Please show mercy!"

Lu Qichun said in a panic, " we were blind to have designs on you. We indeed deserve to die. However, the Lu family is a vassal force of the red moon City. I hope that Your Excellency will spare us for the sake of the red moon City!"

I'm the young master of the jadetoad sect, " Qin Wei pleaded. my sect is extremely powerful. Please spare my life, my Lord!

Immediately, the others also began to beg for mercy. In an instant, the sky was filled with cries for mercy.

Lu Qichun's heart was filled with anxiety. He looked into the distance from time to time, trying his best to stall for time, hoping to attract the attention of the clan.

At this moment, the patriarch of the Lu family, Lu Zhiyuan, and the sect master of the Jade Toad sect, Qin Xi, as well as a few other sect Masters, were in a meeting. As long as they rushed over, the two people in front of them would be executed.

The chemical cultivator looked at the water deity hesitantly, asking for her opinion.

The water deity's face was as cold as frost. She said coldly, " Not only are they bad people who want to bully me, but they are also vassals of Red Moon City, and they will also harm Yunxiao. Kill them all!

"Yes!"

yes! the chemical cultivator replied. The killing intent on his body surged and a horn grew out of the meatball on his forehead. He opened his mouth and spat out a golden flame.

The flames turned into a ferocious image and spread across the sky, instantly engulfing everyone. Screams rose and fell, and in a few breaths, everyone quieted down.

There was an extremely strong golden light in the flames, like an exploding sun, blinding people's eyes. In addition, Zhai Xing Lou was in a high position. In an instant, everyone in the city looked over and revealed a look of shock.

The transformation cultivator recovered from his half-demon state and said, "Junior Sister, we've already killed them all. What should we do now?"

"Since we have nothing to do, let's go to the city Lord's mansion and kill everyone from the Lu family!" The water deity said with a cold gaze.

The chemical Elementalist frowned but did not refute. Instead, he nodded slightly.

"Who is so bold? You dare to kill my Lu family's people!"

A deafening roar was heard. In the distance, several rays of light shot into the sky. In a few turns, they arrived outside Zhai Xing Lou.

Several powerful auras surged in and surrounded Zhai Xing Lou. The chemical cultivator and water immortal's expressions changed slightly. There was no lack of experts among these auras!

"Where's my son?"

One of the men had thick eyebrows and huge eyes. He had a stern expression on his face. He was Qin Xi, the sect master of the Jade Toad sect. He scanned the place with his divine sense and found that there were only the auras of the transformation cultivator and water immortal on the star picking tower. He immediately had a bad feeling.

"Where's my son?" The other middle-aged men all cried out as well. Their faces were covered in frost and their expressions were frighteningly cold.

Lü Zhiyuan was also fuming with anger, and a similarly bad feeling spread in his heart. He forcefully suppressed the huge emotional fluctuation and gritted his teeth, "Who are you two? Where's my son?"

the hundreds of people just now have been burned to ashes," the water deity said coldly. I wonder if your son is inside.

"What?"

Several people in the sky felt dizzy. They felt that the sun in the sky was extremely dazzling, and they felt like they were about to fall.

"Ah! Wei 'er, you all deserve to die!"

Qin Xi roared in grief and indignation. He rushed into the building in an instant. The belt on his waist was untied and turned into a three-foot-long sword, which was aimed at the throat of the Hua Xiu.

The aura on his body exploded like an explosive, and the entire building was turned into dust.

"Junior Sister, be careful!"

The chemical cultivator was shocked. This person's aura was not inferior to his. He was also an eight-stars Martial Emperor. He didn't dare to be slow and immediately transformed into a demon. His entire body was covered in scales and his five sharp claws grabbed out.

...

With a bang, he clenched the sword in his hand and blocked all the sword momentum.

Qin Xi was shocked by the strength of the other party's body, but the great grief and indignation made him disregard his own safety. With a loud roar, his right hand shook, and countless sword talismans surged up. His left hand grabbed in the air and turned into a sword in his palm, slashing directly in the air!

“Hmph!”

The chemical Elementalist snorted coldly. He clenched his right hand into a fist and a black pattern rippled from his palm and struck upwards!

“Bang!”

The two forces collided in the air, forming an extremely strong spirit pressure that spread out.

Both of them suffered a huge backlash, but because the transformation cultivator’s left hand was tightly gripping onto the other’s sword, the shock entered their bodies and they could not disperse it. They had to bear it all.

“Hmph!”

Qin Xi let out a muffled groan, and the smell of blood gushed out of his throat. After two moves, he understood that the other party’s cultivation level was about the same as his, but his physical body was far superior. If they continued to fight, he would lose without a doubt.

The chemical cultivator was shaken by the recoil force. The scales on his body made a rustling sound and disintegrated all the force.

“Hehe, go to hell!”

...

A fierce look flashed in his eyes. His vigorous body shook, and a huge tail appeared in the air, directly swinging over!

The entire space trembled, and a huge black crack appeared. Then, it turned into countless densely-packed thin cracks and spread out. The iron-like giant tail slapped down on the spot!

“?!”

Qin Xi broke out in a cold sweat. If he was hit by this tail, he would be crippled even if he didn't die!

At the critical moment, a stern shout was heard. one sword of snow engulfing blue pass!

Lü Zhiyuan became one with his sword, and a blue sword Qi slashed at that long tail!

“Bang!”

It shot out a sky full of golden light, lü Zhiyuan's hand shook, and his long sword almost fell out of his hand.

He was also greatly shocked. He was afraid that only he and Qin Xi could suppress the alien in front of him. Anyone who fought him alone would be finished!

Qin Xi took a deep breath and quickly formed a seal with his left hand. Several iron caltrops appeared in the air and suddenly shot out!

“Swish Swish Swish!”

“Haha, what a joke! This Lord's body is even tougher than a ninth tier profound armament!”

The chemical cultivator's face was full of disdain. He let go of the long sword in his left hand, crossed his arms in front of his chest, and drifted back. His long tail curled up behind him and he suddenly swung it at the iron caltrops!

“Bang! Bang! Bang! Bang! Bang! Bang!”

A total of seven metal-colliding sounds rang out. The iron caltrops did not bounce off, but all stuck to the long tail.

“What?”

The chemical cultivator was shocked. He looked over and saw that the seven caltrops were clipped between the gaps of the scales on its tail and seemed to be arranged in a certain pattern.

“Heavy!”

A trace of ridicule appeared at the corner of Qin Xi’s mouth. He made a hand seal with one hand and shouted.

The long tail suddenly fell down, bringing the body of the transformation cultivator down from the sky!

What is this?!

The chemical Elementalist was shocked. He felt as if his tail was being pressed down by an infinite force and was being pulled down!

Their battle had attracted the attention of many people in Feng Ling city. When they saw people falling, the ground spread out like ants.

“BOOM!”

Dust flew up from the ground, and dozens of streets were destroyed in an instant.

“Sect master Qin’s Ironrock caltrop is indeed powerful, it can restrain all living things!”

Qin Xi said, " this thing is made of the iron rock of the earth. It's not very powerful by itself. It's just that it forms yin and yang with the soil. Its earth attribute is usually sealed. Once it's released, it's like the two poles of the magnetic field, and it's directly sucked down by the earth!

"No matter what, this person has been suppressed." Lü Zhiyuan heaved a sigh of relief, and a thick sense of fear flashed through his eyes,"If I hadn't broken through to the eight stars realm recently, I probably wouldn't have been able to block the power of his tail just now!"

don't be careless. We'll only be truly done if we go down and kill him!

Qin Xi's eyes revealed a ruthless haze. Thinking of the painful death of his beloved son, he wanted to stab the transformation cultivator to death!

Lu Zhiyuan also felt the same as he felt a heart-wrenching pain. He coldly said to the people in the distance,"You guys, take this woman down! I'll go with sect leader Qin to kill that demon!"

Lu Zhiyuan and Qin Xi immediately flew down, while the rest of the sect Masters and experts of the Lu family swarmed towards the water immortal.

"Hmph, I'm not as easy to deal with as a transformation cultivator!"

A circle of gold appeared in water deity's eyes. She formed hand seals on her body, and rays of golden light appeared on her body. She stepped on the clouds and wore a golden crown. She raised her sword and stabbed towards the crowd.

Chapter 1379-strange green fish

"BOOM!"

The earth trembled and all kinds of light flashed.

The long tail of the chemical cultivator was pressed down by seven caltrops and he couldn't move at all. He could only stand still and let Qin Xi and his rhythmical plant essence attack him.

Although the two of them joined forces and their swords were like rainbows, the other party's body seemed to be indestructible, and only a shallow wound could be left.

The chemical cultivator was also furious. He was even more worried about the water deity in the sky, so he diverted most of his attention to her.

"Damn it!"

Seeing that everyone was attacking the water deity, he was furious. He spat out golden flames which turned into sharp arrows and shot into the sky!

"

All kinds of screams rose and fell in the sky, and a large number of people died!

Qin Xi and Lu Zhiyuan's anger soared to the sky. Not only were they angry, but they were also furious from embarrassment. Under their joint attack, they still had the mind to help others. This was simply an insult to them!

The two's faces turned cold, and they each formed a Sword Art. Rays of sword light spread out and rose up.

"Mind your own business, I can handle these people!" The water deity shouted.

She was wearing the sea God's armor set, and the only thing missing was the golden chain mail. The eight sufferings sword in her hand rose, and she was filled with infatuation and resentment.

Under this sword intent, those strong cultivators actually had the intention of getting lost. They couldn't help but be shocked, and they all protected their bodies with Emperor Qi and retreated.

In addition, the chemical cultivators were still spitting golden flames from their mouths below and would occasionally launch a few sneak attacks, so no one dared to attack.

hehe, what a beautiful little girl. These three profound level weapons make one's eyes burn with envy. Let Grandpa take a look.

Suddenly, an extremely discordant voice rang out. Water deity instantly felt her body become sluggish, and the elemental energy around her body was completely suppressed.

She was taken aback, and her eyes flashed as she vaguely saw something. With a loud shout, she poured all her strength into the sword and stabbed it into the void!

Lines of Maha ancient characters flickered from the sword, representing life, old age, illness, death, meeting of resentment, separation of love, wish for nothing, and accumulation of the five elements.

The eight ancient characters rose into the air and turned into eight rays of golden light. The weapon essence on the sword surged and split the void with a bang!

“What?”

At the crack in the void, a white-bearded old man's face was revealed, and his face was filled with shock.

However, in the next moment, his shocked expression turned into a maniacal laugh. His hands formed a seal and he grabbed the large sword. You're indeed from the Poseidon family. Little girl, Grandpa wants you!”

“Bang!”

The old man's round palm grabbed the big sword, and in an instant, he became skinny and covered in green. He was not a human hand at all!

“Buzz buzz buzz!”

The golden sword in the old man's hand trembled continuously. A terrifying sword intent spread out and slashed at the green arm, setting off waves, but it couldn't hurt it!

The old man's beard and hair were flying under the sword intent as he laughed madly.

"Little girl, let's go!"

He flicked his finger on the sword and knocked it away. His figure flashed like a ghost and grabbed the water deity's neck.

"En!"

The water deity's face turned red and she looked forward in a hurry. She saw that the old man's eyes gradually became strange. She only felt dizzy and slowly lost consciousness.

"Junior Sister!"

The chemical Elementalist roared and his aura instantly rose to its peak. His long tail trembled violently as he tried to escape from the seven ironstone caltrops. The ground continued to crack.

His body slowly grew in size and almost completely transformed into a demon. He was like a huge monster with scales all over his body as he lay dormant on the ground.

His breathing was heavy and his body was heaving up and down. His eyes were red as he stared at the old man, completely ignoring the two experts beside him!

"Haha, it's actually the most brutal giant tail tribe in the deep sea! This old man's trip this time was quite unexpected, haha!"

Not only was the old man not afraid, but his eyes were also shining with excitement. He took out a bracelet and threw it in the air.

The bracelet expanded to several acres in size before disappearing into the air.

Soon after, a huge, strange fish slowly swam out of the void. The strange fish was 300 meters long, and its face could not be seen clearly.

Everyone could only see that the fish's body was green, and two long whiskers hung down from its mouth.

"Small!"

The old man shouted and sent a seal over!

Only then did the strange green fish sway a few times in the air and shrink ten times. Its body turned into a hundred feet long and slowly hung above the old man.

Only then did everyone see the shape of the fish clearly. It had a ferocious look on its face and a pair of round eyes that flickered like golden lamps. The scales on its body were arranged in a very strange way, as if they were inserted piece by piece. Not only were the shapes, sizes, and colors different, but they were also different species.

What shocked everyone even more was that the strange black carp had actually extended a pair of Black Eagle claws with extremely sharp fingers.

The appearance of the old man and the strange fish left everyone dumbfounded and at a loss.

The people in the city looked up, all of them stunned.

"Gulp!"

Gulping sounds could be heard everywhere. A question appeared in everyone's heart. What kind of fish was this?

Even Qin Xi and Lu Zhiyuan felt that it was very sudden. The momentum of their swords slowed down and they were stunned on the spot.

The chemical Elementalist was still staring at the old man in rage. He kept accumulating power and injecting it into his long tail. The entire tail began to turn red. The seven ironstone caltrops trembled non-stop and were about to shatter!

The old man was unmoved by him. He threw the unconscious water deity over for the strange green fish to bite. Then, he patted the strange green fish's head and laughed, "Watch carefully. If there's any mistake, I'll eat you tonight!" He said.

...

The strange green fish's golden light-like eyes looked down, and it opened its mouth. It sucked the water fairy in its mouth and then made a swallowing action.

"Gulp!"

The water deity was swallowed by it.

"Ah?"

The chemical Elementalist went berserk.

"Bang! Bang! Bang! Bang! Bang! Bang!"

The seven iron rock caltrops that were suppressing the long tail exploded, turning into seven streams of blue smoke and dissipating.

Lu Zhiyuan and Qin Xi immediately reacted. In their shock, they saw the transformation cultivator soar into the sky, his huge tail sweeping in the air and suddenly slapping towards the strange fish!

hurry up and spit out my Junior Sister!! His bloodshot eyes looked like they were about to burst!

The strange fish's eyes widened, and two golden lights flashed. It opened its mouth and spat. BOOM!

A bolt of lightning struck down!

...

“BOOM!”

The lightning landed on the long tail and exploded instantly. Countless bolts of lightning spread out, causing the chemical cultivator to be in great pain.

Although he was invulnerable, the power of Thunder broke through his Emperor Qi of the ninth heaven and blasted into his body, wreaking havoc on his physical body.

haha, this is a mature, ferocious giant tail. Don't break it.

The old man's eyes flashed with cold joy. He made a hand seal with one hand and a talisman appeared in his hand. He threw it down.

The talisman fluttered in the wind and expanded to the size of a flag.

The chemical Elementalist was dazed by the lightning. When he saw the talisman fall, his eyes widened and he roared as he punched.

“BOOM!”

The air instantly exploded, and a circle of black lines rippled out from the fist wind. It even penetrated the talisman, and the fist force shot up to the nine Heavens!

“What?”

The chemical cultivator’s pupils shrank and he was shocked. The talisman that had been pierced through did not seem to change at all. It continued to float down and stuck to his body.

The talisman disappeared as soon as it touched his body, but the countless tiny runes on it flew out and covered his body in an instant.

”

The chemical Elementalist suddenly raised his head and screamed. An immense pain spread from his entire body. Those runes did not attack his body but seeped into the gaps between his scales like water.

“Bang! Bang! Bang! Bang! Bang! Bang!”

Countless explosions rang out from his body as blood seeped out from his layers of scales. It was as if he had been hacked by a thousand blades!

The chemical cultivator’s eyes gradually lost their color and his body became stiff. In an instant, he was covered in blood as if he had been soaked in a pool of blood. It was a shocking sight.

tsk, tsk, take this too. Don’t kill him. He’s more valuable alive. The old man grinned.

The strange green fish slowly flew lower and the Eagle claws on its body suddenly became long. With a “ka” sound, it grabbed the transformation cultivator who was in his beast form and slowly dragged him up.

There were millions of people in the hall. At least ten thousand Warriors had reached a certain level of cultivation. There were thousands of Warriors with excellent eyesight. They saw the whole process

clearly. Besides the shock on their faces, they were more frightened and scared. Even from a distance, they could feel the cold air coming from their bodies.

Even Lu Zhiyuan and Qin Xi, as well as the other experts of the Lu family, were all watching from afar. Their palms were covered in cold sweat, and no one dared to make a sound.

“Haha, today’s harvest is not bad, what good luck! This trip to the red moon City wasn’t in vain, I’m so happy!”

The old man leaped up and landed on Qing Yu’s body. His face was full of smiles as he stroked his beard.

Lu Zhiyuan discovered that the old man didn’t even glance at him from beginning to end. This was complete contempt and disdain, showing that he didn’t enter his eyes at all.

As the Lord of Feng Ling city, this was a great humiliation, but he didn’t feel humiliated at all. He only hoped that this old man would leave quickly and disappear forever. He would treat today’s matter as a nightmare.

The strange green fish slowly flew up from a low altitude and hovered above the city. It carried the old man to the area where the teleport formation was.

The chemical Elementalist was caught by its claws and was continuously dripping blood.

The entire city was deathly silent. Other than a few ordinary mortals who had never seen this place before, the entire city was shrouded in an oppressive atmosphere.

Somewhere in the city, on the dome of a tall building, a man in a long green robe stood against the wind.

The man’s face was cold and his facial features were exquisite.

His long green robe fluttered in the wind. He had an exquisite sword at his waist and his left hand was holding the hilt. He looked like a Jade tree in the wind.

He silently stood there without moving and watched the entire process. As he watched the strange blue fish slowly swim away, his pupils shrank and he muttered to himself, "I'm afraid Yunxiao will soon know that water fairy has been captured. What will his reaction and action be?"

The man pondered for a moment before his pupils suddenly contracted. His eyes shone brightly as he stared at the strange green fish, and his face revealed a look of horror!

The huge green fish suddenly stopped in the air, and on its tail, behind the old man, a man suddenly appeared!

chapter 1380-hand seal

After a brief moment of shock, a trace of worry flashed through the man's eyes. This brat is truly fearless. He better not be killed by Qiu Mujie!

The veins on his hand that was holding the long sword were visible, but he immediately loosened his grip. He laughed and said to himself, "I'm thinking too much. With his strength and intelligence, even if he can't win, he can at least escape.

The corners of the man's mouth curled up slightly. His right hand formed a seal, and his entire person suddenly became absent-minded. Then, he turned into a wisp of green smoke and disappeared on the spot.

The entire Feng Ling city turned solemn. The huge blue fish suddenly stopped, causing all the Warriors to look over with their eyes wide open.

All of a sudden, everyone's body trembled as they shockingly discovered that there was an additional person on the black carp's tail.

And many people immediately recognized that person's identity!

Because this person had been wanted in Feng Ling city for a long time, his image had been spread throughout the entire Eastern Region!

“What?”

The old man let out a soft “Yi” sound, and a strange expression appeared on his face. He didn’t even turn his head, and only sinisterly laughed, hehehehe, what an interesting young man. I’ll feed my fish with this.

The person behind him had a cold expression, his long hair dancing in the wind. He said indifferently, “Feed your sister!”

All the martial artists present fainted instantly, but at the same time, they were drenched in cold sweat for the young man.

Under shock, Lu Zhi Yuan’s eyes were filled with a complicated expression.

Two years ago, he had been chasing this man for his life. At that time, he was only a one-star Martial Emperor. Now that he had appeared again, he was already a seven-stars Martial Emperor!

Moreover, what shocked him was that he could not do anything to his opponent when he was still a one-star Martial Emperor. Now, his cultivation base had increased by six levels.

Cold sweat broke out on Lu Zhiyuan’s forehead. Although he had also advanced by a star, and his cultivation still suppressed the other by a level, he had a feeling of fear and trepidation, and couldn’t produce the heart to resist.

In particular, Yunxiao’s indifference in the face of the terrifying old man made him feel even more inferior, and the gap between his courage and the heart of martial Dao was instantly widened. The difference between them was even greater!

The old man’s smile froze as he turned around and stared at Yunxiao fiercely.

Suddenly, a strange look appeared in his eyes, and he became extremely surprised. He exclaimed, "What a young seven-stars martial sovereign! Impossible, did you use some kind of spell to hide from my eyes?"

He was stunned for a moment, then shook his head in disbelief. He muttered to himself, "That's impossible. Who can hide a spell from me?"

hahahaha, just in time to capture them and study them together. Another unexpected harvest. This trip was not in vain, this trip was not in vain!

After the old man muttered to himself for a while, his eyes shot out an ominous light and he laughed hideously.

Yunxiao raised his eyes and looked at him coldly as he sneered, "I originally wanted to deal with you after the matters in Red Moon City were settled, but I didn't expect you to come out of your own initiative. That's good, it'll save this young master the trouble of making a trip to Mount Bogan."

The old man's body trembled, and his face instantly twisted. His eyes were like lightning as he shouted, "Who are you?"

The other party had identified his hiding place in a single sentence, causing him to be extremely shocked and extremely vigilant.

After all, his identity and where he was hiding were extremely secretive and of great importance. As soon as his killing intent rose, he immediately locked onto Yunxiao.

"Hmm, this aura is dense."

The old man covered Yunxiao with his divine sense, and a familiar feeling suddenly welled up in his heart. He frowned.

Suddenly, his expression changed and he said angrily, "So it's you!"

Yunxiao smiled sarcastically, his eyes flashing with a cold light as he said coldly, "What, do you remember? Qiu Mujie, you damn madman!"

The old man was none other than Feng zijie. With a ferocious look on his face, he said ruthlessly, "Hmph, I've worn out my iron shoes and searched high and low for it, but I found it without any effort. Where did you hide my peerless divine body?"

Back when they were on xiankong Island in the East Sea, Yunxiao had helped the guests remove the seal in their bodies, and through the power of the seal, he had seen a glimpse of the scene inside mount Bogan.

Following which, Qiu Mujie's divine sense that was chasing after him was directly cut off by him in the air.

That was the first confrontation between the two, but they didn't know who they were.

Qiu Mujie still did not know that one of his disciples was in Yunxiao's divine realm tablet, and the other had been killed by Yunxiao.

Yunxiao glanced at the strange blue fish under his feet and snorted coldly. "Peerless divine body? The Grudge between you and me isn't just about a peerless divine body!"

A cold glint burst out from his eyes. The peerless divine body was a grudge between Qiu Mujie and his vassals. He wasn't interested in interfering.

On the other hand, The Grudge between him and Qiu Mujie was that The Purple Cloud Peak had sent yang yuanshu to kill ning keyue and colluded with Wei Qing. It was just that Qiu Mujie did not know about these grudges.

"What?"

As expected, Qiu Mujie revealed a puzzled expression.

Yunxiao grinned hideously. you don't need to understand. Just let me beat you half to death first, and then we'll have a good talk.

His figure flickered and his entire body appeared in the air. Two of his fingers were like a sword as he slashed down!

"Haha, how arrogant! You're so arrogant that I want to peel off your skin inch by inch!"

Qiu Mujie laughed sinisterly as a strange light flashed through his eyes. With a snap of his fingers, the space in front of him exploded and the sword radiance was instantly destroyed.

Then, he performed an incantation gesture with one hand and charged at Yunxiao.

Yunxiao sneered as he clenched his fingers into a claw and slashed down!

"Haha, you're looking for death!"

Qiu Mujie laughed maniacally and changed the seal in his hand. A ball of green energy immediately appeared and emitted a strong light. It was about to explode!

"Hmph, what a joke!"

Unhurriedly, Yunxiao moved his five fingers and clenched the air. The space suddenly tightened, and the five fingers, like mountains, held up the surroundings!

The ball of green light had just dispersed a little, but under the influence of the fingerprint, it instantly shrank and showed signs of collapsing inward. Countless spiritual energy around it rushed into it.

"What?"

Qiu Mujie's expression changed to one of shock. He formed another seal with his thumb and middle finger, while his left hand formed another seal and pointed out with his little finger.

He put his hands together in the air and the concentrated green light disintegrated. It turned into a lotus flower and slowly flew up.

...

Within a radius of a hundred mu, the Lotus flowers were so lifelike that they were dancing in the wind.

"Hmph!"

Yunxiao sneered again as he changed his hand seal. Three of his fingers overlapped each other, and the remaining two fingers were pressed down like a canopy.

Suddenly, a golden light flew out from the handprint, and the entire blue sky was covered in a golden dome. Countless runes floated in the golden light, and there was a faint sound of Sanskrit.

A magnificent Golden Shadow descended from the sky. Its hands were in a seal, and its face could not be seen clearly.

The Phantom crossed its legs and sat down on the Lotus with a solemn and dignified aura, its body shimmering with golden light.

The green light was suppressed, and the figure slowly descended on the Lotus. As he sat down, the entire sky was filled with golden light.

The human figure and the Lotus suddenly became one, without any distinction between them. They rotated non-stop, and a majestic and vast will spread out in the sky.

Everyone present was dumbstruck. This kind of ability that could move and imitate at will was almost a divine skill. They had never seen it before.

After the Lotus-like apparition spun a few rounds, its power was pushed to the extreme and it suddenly pressed down. It was like the entire golden dome had suddenly collapsed!

“This Tao Wu!”

...

Qiu Mujie’s eyes nearly popped out of their sockets. Hand seals were the strength of all alchemists, and the other party’s hand seals seemed to be no weaker than his.

In fact, he had a vague feeling that he was even stronger than himself. However, as soon as this absurd idea flashed through his mind, he felt uncomfortable all over and immediately rejected it instinctively, taking the result of “equal strength.

Hmph! I forgot that you are also an Alchemist!

Qiu Mujie immediately recalled the first confrontation of divine sense, where he had also been shaken off by the other party. His face sank, and his hands changed. His palms turned dry and blue, and his five fingers clenched into fists.

A pair of huge green claws condensed in the air and grabbed at the illusionary Lotus platform.

“Bang!”

The golden light Phantom was instantly defeated by the claw print, and the golden light that filled the sky disappeared.

The pair of claws and fangs rose and fell at Yunxiao.

Yunxiao scattered the incantation gesture and raised his hands above his head. His aura condensed in the sky, and the saber intent spread out and suddenly slashed down!

“BOOM!”

A transparent blade of light appeared and suddenly slashed at the claws and teeth. Light and shadow filled the sky, and the world trembled!

Qiu Mujie’s eyes narrowed as he teleported and appeared in front of Yunxiao, his sharp blue claws grabbing at his throat!

A black crack appeared between the five claws, and a spatial storm was forming!

Yunxiao’s expression remained unchanged. He clenched his fingers into a fist, got into a fighting stance, and threw out a Vajra fist!

“Bang!”

Qiu Mujie’s Green claws struck the fist, causing a metallic clang to ring out and a golden glow to appear!

“What?”

Qiu Mujie’s pupils contracted as he was overwhelmed with shock. His sharp claws could even split mountains and rocks. Even ordinary ninth tier profound artifacts could be broken through directly, but he couldn’t even break a single punch from his opponent?

He didn’t believe it at all. He snorted angrily and increased the strength in his hand!

Clang! Clang! Clang!

The claws and fangs kept sliding across Yunxiao’s fist, shooting out dazzling golden light, but they could not hurt him at all!

“Hmph, using your claws to touch me, disgusting!”

Yunxiao snorted and changed the momentum of his fist. A vast force rushed out of his fist and slammed into the green claw with a bang, forcing Qiu Mujie back.

He was also quite surprised. The other party’s claws seemed to be even harder and sharper than ninth tier profound armaments. He didn’t know what kind of divine ability or cultivation method he had cultivated.

Qiu Mujie was jolted back onto the back of the strange green fish. His face was filled with shock. impossible! It can actually resist my ominous Dark Claw!

His face was filled with shock, and he immediately flew into a rage out of humiliation. He roared, “Damn it!”

His hands quickly formed a seal, and dozens of talismans flew out from his fingers.

Those talismans were all different, and they emitted light in the air one by one. All kinds of strange forces appeared, seemingly chaotic, but in fact, they were all connected.

In an instant, hundreds of runes formed an array and circled around Yunxiao.
