

The Eternal 1391

Chapter 1391-defeat

Lingmu di laughed and said, "if it can be made into seven colors, even a holy weapon would not dare to compete with it." I'll teach you the refining method now."

The two of them immediately sat down cross-legged and reached out their hands to touch each other in front of them. A wave spread out in all directions with their palms as the axis.

This was an extremely powerful spiritual sense communication technique. It was said that there were even more powerful telepathic thoughts that directly entered the other party's mind. It was already similar to a spiritual attack, and only an extremely powerful existence could accurately grasp it without damaging the other party's spiritual altar and sea of consciousness.

By using their bodies as a medium, Yunxiao and lingmu di had greatly reduced the risk.

After a while, the two of them slowly put down their hands.

A strange look shot out of lingmu Di's eyes, and a disdainful aura began to appear. His face twisted into the shape of a bitter melon, and he stopped moving.

are you alright, my Lord? " Yunxiao was taken aback. are you alright? "

The expression on lingmu Di's face became one of struggle, and a surging baleful Qi gushed out of his body.

Yunxiao's face darkened as he knew that the aftereffects of the rainbow stone had begun to act up again. He hurriedly circulated his spiritual energy and formed a few hand seals.

"Pa!"

Lingmu di reached out his metal hand and clenched Yunxiao's arm as he cried out, "What are you doing?"

my Lord, you're going to be possessed by the devil again. Yunxiao's eyes narrowed slightly. I'll help you suppress it.

"Hmph, suppressed?" Lingmu Di's bean-like eyes narrowed into slits. He said coldly, "It's actually the spiritual energy. You want to kill me, right?"

I won't kill you, my Lord," Yunxiao said seriously. I can't kill you. The only thing that can kill Daren is the devil's will."

"What a joke! Who Do You Think You Are to teach me how to behave?"

Lingmu di was furious, and his five fingers clenched hard!

"Bang!"

Yunxiao's arm exploded into countless lightning bolts.

Soon after, his bean-like eyes narrowed as he threw a punch. A small icy flower bloomed on the fist wind and grew bigger and bigger.

Yunxiao's pupils constricted. He knew how powerful the ice fiend Heart Flame was, and he did not dare to be careless even when he was in the divine realm tablet.

His figure flickered and instantly disappeared.

The Ice Flower missed, but it didn't explode. Instead, it condensed and retracted the heart of the lingmu flute's fist.

He snorted coldly, and a hint of mockery appeared at the corner of his mouth. Then, he shouted and punched out several times, cracking the sky with a loud rumble!

The lingmu flute had actually torn apart the power of a realm and created a passage from the stele. It wanted to leave!

Naturally, Yunxiao would not let him have his way. He appeared above him in an instant, then performed an incantation gesture with both hands and made a grabbing motion in the air. Clanking iron chains rang out, and a black chain appeared in the void.

“Hualala!”

The sound of chains being dragged could be heard all around the lingmu di. In front of the black passage, black iron chains crossed the sky, as if waiting for him to walk into a trap.

“What a joke! I can easily tear apart the power of a world, so what are these chains?” He sneered and threw a punch!

“Hualala!”

The force of the punch landed on the iron chain, causing it to shake. The sky was filled with shadows, and “Hua Hua” sounds were like flowing water.

“What? These chains ...”

Lingmu di was shocked and immediately felt that something was wrong. At this moment, his limbs, body, and neck were all tied up. Only then did the chains stop shaking.

“?! This is the devil essence lock!”

Lingmu Di’s eyes were filled with horror. He struggled for a few times, but the clattering sound still filled the air, and he could not break free.

Yunxiao's eyes flickered as he said, " I was just testing it out. It seems that this lock can not only lock up demonic essence, but also has great effect on people like you who have been affected by the rainbow stone.

"Dammit! Let this Lord out!"

Lingmu di roared in shock and anger. His body twisted violently, causing the chains to clatter in the air.

He tore at the chains with his hands, and countless runes jolted out of the chains, appearing along with the power vortex.

Yunxiao was taken aback. He had no confidence that the chains could really suppress the lingmu flute, and if they were shattered, it would be an incalculable loss.

He grabbed the heavenly hammer in his hand and condensed ten thousand Thunderbolts to strike down!

"BOOM!"

The thick green lightning struck the lingmu flute's head, and the entire metal body shone brightly. A large amount of lightning leaked out from the iron chain, covering the entire iron lock with lightning.

Lingmu Di's entire face turned dull. His beady eyes slowly stopped moving and he passed out again.

"It's really full of internal and external troubles."

Yunxiao heaved a heavy sigh and said to himself, " when those alchemists can't hold on any longer, we'll send everyone out to encircle and annihilate Qiu Mujie. Even if we can't kill him, we'll surely injure him severely!

At this moment, in the heavenly martial realm, the spirit God battleship slowly rose into the sky under Luo Tian's control.

A surge of energy rose from the battleship, directly condensing into the shape of a giant spirit with half of its body.

The half-body giant spirit was blue in color and was formed from pure spiritual energy. Its body was covered in all kinds of formations, and its hands were in simple hand seals as it stood there motionlessly.

"It's just a small spirit God battleship. What can it do to me?"

"The progress of the new era won't stop because of ants like you!" Qiu Mujie laughed and mocked.

He suddenly drew out his essence force, and a large amount of spirit Qi in the battleship fish was directly sucked up, pouring into all the major organs and limbs of his body. The long tail behind him stood up high, like a scorpion's tail, flashing with a red poisonous light.

At the same time, the podao in his hand was also filled with power. Its Jade-like luster flashed constantly, and from time to time, it turned into the shadow of a giant elephant.

On the giant spirit warship, Luo Tian's figure suddenly appeared. With a stern expression, he shouted fearlessly, "The heavens are constant, responding to it is good, and chaos is bad! You've been completely reduced to an evil man, and everyone has the right to kill you. You're still talking about a new era? what a joke!"

...

Qiu Mujie's face darkened as he sniggered, "Laughing at a dead person? I wonder who will become the laughingstock of this old man today!"

Luo Tian said, " even if I can't defeat you, I'll still die to defend my art. I'll die without regrets. I'll die without any resentment!"

“If that’s the case, then go to hell!”

Qiu Mujie’s eyes flashed with an ominous glint as his podao suddenly slashed over. A circle of blade light whistled out and flew up in an invincible manner!

“Spirit God tyrant power fist!”

Luo Tian’s expression was cold. He put his hands together and the light of the seal shot out. His robe fluttered in the air, and his face was filled with determination.

The formation light on the arms of the giant spirit figure that had condensed above the battleship flickered continuously. After getting into a stance, it threw a punch.

“Boom boom boom!”

Under the fist force, the surrounding air exploded, and the terrifying power swept in all directions!

“Everyone, attack together!” Yong tianyun shouted from afar. He made a hand seal and a sharp blade appeared out of thin air, flying over!

The remaining people also gritted their teeth and made a desperate move!

...

“BOOM!”

The light of the podao cut into the fist wind directly!

The giant Spirit’s arm was suddenly split into two, but it still didn’t dissipate and continued to crash down!

Qiu Mujie looked at the incoming fist radiance and grabbed out with his large golden hand to block it. The long scorpion tail behind him suddenly pointed out, transforming into a red light that seemed to penetrate through space!

“Heavenstring poison light!”

“Bang!”

Luo Tian, who was standing on the battleship, suddenly trembled. A battle suit automatically flew out to protect his body, but it was still penetrated by the red light and directly touched his body.

“Pfft!”

Luo Tian spat out a mouthful of blood and took a few steps back, but his body remained firm. However, blood was seeping out from the front of his body, and it had turned into a strange red color, soaking his chest.

In front of Qiu Mujie, a huge golden furry hand grabbed out and suddenly exploded!

“BOOM!”

The Phantom of the giant spirit was also annihilated, and a terrifying whirlwind was formed, blowing in all directions and swallowing all the attacks.

“All of you, go to hell!”

Within the whirlwind, Qiu Mujie’s roar rang out as several more blade glints slashed out, causing everyone to flee in fear.

However, the power of the saber Light sealed the sky and locked down the earth. A large number of experts were directly cut into two, and their entire bodies turned into ashes.

In an instant, there were only five or six people left. Even Lei Ling was turned into ashes by the light of the blade.

Apart from Fu Yichun, the people of Red Moon City had all been wiped out. Even the Warriors of the sea of soul formation were either dead or injured. The remaining people were all alchemists, and because of their powerful divine sense, they seemed to have an advantage in dodging attacks.

However, their eyes were filled with despair as they stared at the half-beast fish monster in front of them. Even their fear had disappeared.

“Is he invincible?”

He could feel the surging power from Qiu Mujie’s body, which was completely undamaged.

Luo Tian’s face was also filled with bitterness. The poison had already spread throughout his body, and his entire body had turned Scarlet. He did not even have the strength to drive the warship.

“BOOM!”

The spirit God battleship crashed to the ground. Luo Tian also fell with his head raised. He looked up at the sky with a dull gaze, waiting for death quietly.

“There’s no need to struggle.”

Qiu Mujie said coldly. After sweeping his gaze, he stared at the distant sky and sneered, When I kill them all, it’ll be your turn, li Yunxiao!

Yunxiao slowly opened his eyes and came back to his senses from his meditation. Then, he emerged from the void with a calm face.

The time was too short. Luo Tian and the others could only hold on for a shorter time than he had expected. At this moment, they had not even recovered 20% of their energy. They would definitely lose this battle!

Unless all the experts in the divine realm tablet came out, they would not have a chance!

“Even if you kill all of us, you can’t snatch the fate of heaven and earth and turn the era into evil. There are many people in the world who can kill you!” Yong tianyun said with a sad face.

“Hmph, you’re still so stubborn even when you’re about to die! I’ll send you to heaven first!”

Qiu Mujie moved the podao in his hand and light condensed.

Yong tianyun forced a smile and stood in the sky in a daze. He seemed to have lost the confidence to resist and was waiting for death.

Suddenly, Qiu Mujie’s eyelids twitched, and his green eyes narrowed as he looked toward the ground.

Everyone also seemed to have noticed something and looked down in shock.

Chapter 1392

1392 Dignity

Waves of elemental energy fluctuations came from the ground, as if lava was about to erupt from the depths of the earth. It was even more powerful than that.

“BOOM!”

All of a sudden, the entire earth vein cracked, and a green light burst out, shooting into the sky.

The Azure light transformed into a humanoid figure with a solemn expression. He looked around with a slightly surprised expression, seemingly surprised by the faces in front of him.

“Bo Yuqing? It’s you!” Qiu Mujie’s brows furrowed as if he was slightly shocked. He continued to look down and a ray of light rushed up. It was actually a huge bird.

The bird was transparent, and there were two people standing on its back. They were Xiao Xiao and Huan mie.

The two of them turned their gazes and looked at the people around them. They were also rather shocked, especially Qiu Mujie’s current appearance, which caused their hearts to shiver.

“Hmph, let’s see where else you can run to!”

Xiao Xiao’s face revealed a sneer. She leaped from the bird and appeared in front of Bo Yuqing.

Huanmie also blocked him from behind, a killing intent spiralling out and locking onto Bo Yuqing.

The bird chirped happily and circled a few times above Xiao Xiao.

“I know, I know. I’ll fulfill my promise now and return your freedom,” Xuxu said.

He formed a hand seal with one hand and sent out a seal, which directly hit the flying bird.

“Bang!”

A ray of golden light appeared on the bird’s soul body, and it immediately disintegrated and disappeared.

The bird was overjoyed and let out a few chirps before spreading its wings and flying into the sky, quickly disappearing from everyone’s sight.

Bo Yuqing's face turned a little unsightly, especially when he saw Yunxiao not far away.

Yunxiao was also very surprised. He touched the bridge of his nose and said with a strange expression, "Brother Yu Qing, it's a small world, but isn't this kind of meeting a little too new?"

"Bo Yuqing?"

Yong tianyun frowned, revealing a stunned expression. This name seemed to make him think of something, but when his eyes turned to Bo Yuqing, he seemed to be in disbelief.

Bo Yuqing said indifferently, "life is full of coincidences, but there are also people who are not as they wish." Young master Yun doesn't seem to be doing well either."

Xiao Xiao's eyes swept across the field, and the corners of her mouth revealed a strange smile. "Everyone's here. What an interesting encounter."

Qiu Mujie's Green eyes flickered as he asked suspiciously, "I seem to have seen the two of you before, Wei Qing's subordinates Xiao Xiao and Huan mie?"

Xiao Xiao squinted her eyes and nodded with a smile, " "Lord Mujie, it's the two of us. This Bo Yuqing knows a lot of things. I hope Daren can help us destroy him together."

"Oh?" "Bo Yuqing and I can be considered to have some friendship," Qiu Mujie said. "I don't know what he knows to actually provoke the two of you to chase after him for thousands of miles?"

Xiao Xiao laughed. it's a confidential matter. I'm sorry I can't tell you.

"If that's the case, then this old man has no time to meddle in your Affairs. You guys capture your Bo Yuqing, I'll continue to kill these damn people."

Xiao Xiao laughed. it's good to be in a relationship. We won't interfere with each other's Affairs.

“That’s right, did the two of you chase him all the way here from the Holy region?” Qiu Mujie suddenly asked.

Xiao Xiao was stunned. She became alert and said, ” “Sir mu Jie, what do you mean by this?”

“It’s nothing. I just find it strange,” Qiu Mujie said unhurriedly. If not, the two of them and Bo Yuqing should have met in Fengling city. I’m very curious, why did Wei Qing send you two to Feng Ling city?”

The smile on Xiao Xiao’s face was still there, but it was a little stiff. She forced a smile and said, ” “It’s a secret, so I’m sorry I can’t tell you.”

The hall quieted down, and no one made a sound.

“Are you two lords from the Holy region’s Lord Wei Qing?” Yong tianyun suddenly shouted. I’m Luo Tian of the soul formation realm. I would like to request the two of you to assist me in killing Qiu Mujie, the traitor of the soul formation realm!”

The people from the sea of soul formation also looked at Xiao Xiao with eager expressions. These two people seemed to have extraordinary strength. If they were willing to help, they might be able to go back alive.

“Eh?!”

Xiao Xiao’s face revealed a strange expression, and she said, ” “You think you’re at the sea of soul formation just because you say so? I don’t even know you, okay? Please don’t ask for help from strangers.”

Yong tianyun’s body swayed and teleported to Xiao Xiao’s side. He hurriedly handed over a token that was neither gold nor Jade and said, ” “This is my identification. The sea of soul formation and the Saint realm are the two great Holy Lands of the heavenly martial continent. They lead the group and work together to maintain the order of the continent. I hope that the two of you can take action and eliminate the evil!”

Xiao Xiao took the token and glanced at it. She fiddled with it in her hand and looked at Qiu Mujie with a strange expression. She smiled bitterly and said, "It's indeed the real token. This Wufu is really making things difficult for me. Lord mu Jie, what do you think I should do?"

"Do whatever you want. I'm not your master," Qiu Mujie sneered.

"En, Yingluo."

Xiao Xiao nodded. then there's nothing we can do," she said in a low voice. we're friends with Lord mu Jie after all.

Xiao Xiao clenched her hand and crushed the token into a ball, slapping it toward Yong tianyun!

"What? You!"

Yong tianyun was frightened. He didn't expect that Shi Yan would attack him all of a sudden. He immediately twisted the space and tried to escape.

But to his horror, he found that the spatial power had been completely confined, and he could not move it at all with his power as a ninth-tier Alchemist!

"Bang!"

The palm hit his chest, and the token that had been crushed into a ball penetrated his body and jolted out of his back.

Then, Xiao Xiao's face revealed a look of anger. She raised her foot and stepped on it directly.

"Bang!"

The power of that kick landed on Yong tianyun's body, directly pushing him into the ground, raising countless dust and gravel.

tsk, tsk, a ninth-tier Alchemist of a generation has been buried in the wilderness just like that. It's really sad. Xiao Xiao clapped her hands and smiled.

"You ... You're from the Saint realm, but you killed Grandmaster Yong tianyun!"

...

Only then did the remaining alchemists of the sea of soul formation realize what was going on. They were all shocked and angry, and even more so, they felt a sense of grief and indignation.

Xiao Xiao looked at them coldly and said, " I've already told him not to ask for help from strangers. He didn't listen, so who can he blame? "

He sneered in disdain and said sarcastically, " "Are all alchemists such fools? Hahaha!"

"Pipa!"

Yunxiao clenched his fists, and an explosive sound came from between his bony fingers, with thunder and lightning flashing on the tips of his fists.

His face was livid and his eyes were burning with anger!

Although he had only met Yong tianyun once, they got along quite well. Moreover, his opponent was a ninth-tier Alchemist, a Grandmaster of his generation, yet he was killed by a villain. His dignity as an Alchemist was completely trampled on!

Bo Yuqing also stared at the pile of rubble below, Yong tianyun's body hidden within, and the blood that was slowly seeping out, a cold light flashing through his eyes.

“Is Your Excellency Qianqian really Qianqian, Qianqian Bo, Yuqing, Sir Qianqian?”

Luo Tian’s trembling voice came from the warship. He was lying on the ground with poison all over his body and had completely lost the ability to move.

“Luo Tian, it’s me,” Bo Yuqing said. Don’t talk and have a good rest. I’ll save you later.” His face was ice-cold, and there was an indescribable expression in his eyes.

...

“It’s real, it’s really, it’s you, Sir,”

Luo Tian’s emotions became agitated. He trembled as he tried to use his hands to support his body, but he was completely unable to do so.

An Alchemist hurriedly flew down and helped Luo Tian up. Then, he took out several golden needles and pricked him with them, and at the same time, he took out several antidotes and put them into his mouth.

Luo Tian didn’t stop him. He looked up at the sky and felt a burst of absent-mindedness, unable to see Bo Yuqing’s true face.

After the acupuncture, his mind and injuries seemed to have stabilized. He slowly said, “It is allheaven’s fortune to be able to see you again in this lifetime. For the sake of the Dao Arts branch, I hope that everyone can relay this matter back to the sea of soul formation.”

Bo Yuqing frowned and didn’t say anything. Instead, he turned to Qiu Mujie and said, “Give him the antidote.”

Qiu Mujie’s expression changed to one of anger. He coldly snorted, “What a joke! Since this old man was the one who poisoned you, I won’t cure it!” “Besides, who are you to me? what right do you have to order me around?” he mocked.

I'm not an order, " Bo Yuqing said. I can exchange conditions with you.

"Oh? It's very interesting."

"I'll agree to your request if you exchange it with the item in your body," said Qiu Mujie with a smile.

Yunxiao's expression flickered, and a strange look flashed in his eyes. He naturally understood what Qiu Mujie was talking about.

"Yes." I'll add on one more condition, help me kill these two as well."

Qiu Mujie's eyes narrowed as he fell into deep thought.

Xiao Xiao's expression changed drastically, and she said hurriedly, " "Lord mu Jie, we are on the same side! I just killed that ninth-tier Alchemist, which is enough to show our stand!"

Qiu Mujie, " Bo Yuqing said coldly, " since Wei Qing sent you here to take li Yunxiao, why did he send the two of them? are you really a fool? "

Xiao Xiao and Huan mie's hearts sank at the same time, and they knew that this was not good.

Xiao Xiao's expression sank, and she suddenly pointed a finger at Bo Yuqing, pointing it straight at his throat, shouting, " "You're about to die, what nonsense are you spouting!"

Bo Yuqing sneered, his left hand holding the sword at his waist as he retreated, laughing. "Weren't you very arrogant? What are you afraid of now?"

The power of that finger pierced through the void and struck Bo Yuqing.

Bo Yuqing's figure became dazed, disappearing in an instant, and appearing a thousand feet away in the next moment.

Xiao Xiao's face darkened. She looked at Qiu Mujie and said, "Sir Mujie, our Alliance has been going on for a long time. I hope that Sir will not be incited by a few words."

"Don't worry. I can still tell which is more important." Qiu Mujie nodded.

Bo Yuqing stood in the distance, his expression changing.

Xiao Xiao was overjoyed. Sir mu Jie, please help us! she said hurriedly. let's capture this man together!

"Alright!" Qiu Mujie said.

The Blackpool feathers on his body suddenly spread out, and spatial power instantly appeared. His body disappeared from the spot.

"Heavenstring poison light!"

Suddenly, a strange red light appeared and directly pointed at Xiao Xiao's throat!

Chapter 1393-falling out

"Swish!"

Xiao Xiao's body shook slightly, and the red light broke through the air, shooting directly past his neck.

The entire arena instantly fell into a deathly silence. Everyone was stunned as they looked at the Scorpion tail behind Qiu Mujie, which was raised up high. The Scarlet poisonous needle chilled people's hearts as it pointed directly at Xiao Xiao.

Everyone was confused. Didn't they just talk about cooperation? Did he hit the wrong person?

Xiao Xiao's eyes were filled with killing intent. Her face turned extremely cold as she said in a cold voice, "Lord Mujie, don't you want to give me an explanation?"

"Explain?"

Qiu Mujie sneered and mocked, "Isn't this heavenstring poison light the best explanation?"

"Why?" Xiao Xiao's face darkened. I don't understand."

"You don't understand? Think about what you just said." Qiu Mujie's face turned cold and he said ferociously, "You said that all alchemists are idiots? This sentence is enough for you to die 10000 times!"

"Just because of one sentence?"

Xiao Xiao opened her mouth wide and was completely stunned. She felt that she was lying.

"Hmph, just a single sentence?"

"Insulting the Supreme art Dao is a capital offense. Besides, do I need many reasons to kill a lowly person like you?"

Xiao Xiao only felt an indescribable grievance and felt that this was too much of a joke. These alchemists were indeed lunatics, and Qiu Mujie was a lunatic among lunatics!

He suppressed his anger and said, "Qiu Mujie, don't forget who my superior is!" Without Lord Wei Qing's protection all these years, you would've been dismembered by the sea of soul formation. Are you so ungrateful?"

"Ungrateful?"

Qiu Mujie laughed out loud and said, "haha, to think you're still an adult! There's no free lunch in this world. Do you think that Wei Qing is Martial Emperor Lei Feng who doesn't care about himself but only benefits others and likes to help others?"

all right, Xi Xi. Xiao Xiao's face was gloomy as she said, " "Could it be that the benefits between you and Lord Wei Qing can't be compared to this kid?"

"Do you know who this brat is?" Qiu Mujie sneered.

Bo Yuqing? " Xiao Xiao frowned and said, " Bo Yuqing seems familiar, but I can't recall it at the moment.

"Forget it if you can't remember. Just be a muddled ghost in peace!" Qiu Mujie grinned hideously. He laughed loudly several times, and the aura on his body burst out as he slashed over with his saber!

Xiao Xiao's face was extremely gloomy. As her eyes flickered, she raised her fist and smashed it down!

"BOOM!"

He sent out a fist force, which violently shook the blade light. At the same time, he jumped back and said angrily with a Vulture-like face, "Qiu Mujie, are you really going to betray your alliance with Lord Wei Qing?"

"Bah!" Qiu Mujie said disdainfully. Do you really think I'm stupid? Since Wei Qing asked you to follow me, he must be wary of me or extremely distrustful of me. The cooperation between smart people can not be naive!"

The coldness on his face grew even more intense as he said coldly, " and I've long been wary of Wei Qing. The appearance of Bo Yuqing is the best opportunity for me to get rid of Wei Qing's shackles!

"Xiao Xiao, even if you didn't say those words, you will still die today! However, if you say it, you will die a worse death! Later, this old master will capture you alive and make you beg for death. Then, I will slowly cut open your stomach and head, pour in your feces, and let's see who is the real idiot!"

“?!”

Xiao Xiao broke out in a cold sweat by the vicious method he mentioned. Her infinite anger burst out in an instant, and her killing intent was awe-inspiring!

“Hahaha!”

hahahaha, this is so funny. I’m really looking forward to that, hahaha!

“Shut up!”

“Kill, kill, kill!” Xiao Xiao roared. Kill this lunatic for good, and scatter his ashes!”

Huanmie stopped laughing and coldly said, I told you earlier that we would kill Feng zijie and then capture li Yunxiao. Then, Lord Wei Qing’s mission would be completed, right? You just had to say that you would wait and see, and plan for the future, but now you’ve made the situation complicated. You deserve to have sh * t poured into your brain, haha!”

Murderous intent burst out from Xiao Xiao’s body as she said angrily, ” “You still dare to say that!”

Qiu Mujie’s expression changed drastically as he furiously said, ”Good! So that Wei Qing sent you here to kill me!”

Yunxiao was shocked as well. He did not expect that Wei Qing had already set his eyes on him, and from the conversation between the two men, he learned that Wei Qing wanted to capture him alive. It seemed that he wanted to get some value from him.

“Hmph, you half-fish, half-beast monster, do you think Lord Wei Qing values you? Just like what I said, there is no such thing as a free lunch in this world. You have no more value, you idiot!”

Xiao Xiao’s face was full of sarcasm, and she directly raised her middle finger in disdain.

“Wow, damn it! After I kill the two of you, I’ll go kill Wei Qing!”

Qiu Mujie’s eyes glowed with a vicious light as he unleashed his Blackpool feathers and disappeared from his original spot.

Xiao Xiao’s face darkened, and she immediately became extremely vigilant.

Suddenly, he raised his fist and turned it into a palm in the air, slapping toward the void!

“BOOM!”

The void exploded as Qiu Mujie’s body appeared. He held his saber with both hands and blocked the power of the palm strike. He roared in rage, “Die!”

Countless tentacles pierced down from above her head, instantly piercing countless holes in Xiao Xiao’s body with a “Xiu Xiu Xiu.”

However, Tao Wu’s face was expressionless, and his body suddenly became faint, leaving behind an afterimage.

After that, the space flickered slightly and Xiao Xiao appeared directly on the battleship. Her eyes were cold as she stomped her feet and rushed up, pointing her finger at Qiu Mujie’s forehead.

“Arrogant!”

Seeing that Tang Wulin still dared to approach him so casually, Qiu Mujie laughed out of extreme anger. He grabbed his podao with one hand and slashed down while his other hand transformed into a vicious claw and clawed at the air!

“Hu!”

The podao cut through Xiao Xiao's body, and another afterimage was broken into two pieces!

"What?"

...

Startled, Qiu Mujie hurriedly retracted his sharp claws and placed them in front of him.

"Bang!"

A finger appeared in the air and touched his palm, releasing an extremely strong spiritual pressure and green light.

Qiu Mujie felt an immense pain in his palm and couldn't help but feel shocked. His ominous claws could cut through gold and Jade, and nothing could harm it. Yet, it was injured by a single finger from the other party. It was like a dream!

Xiao Xiao's figure slowly emerged. Her finger turned into a faint golden color and was exceptionally sharp.

Yunxiao's heart stirred. The aura exuding from the fingertip was the same as the aura of the gold spirit bug he carried, but purer!

"It's actually the metal spiritual energy!"

Qiu Mujie's eyes narrowed. The internal space of his battleship fish was also refined from this Supreme element, so he was able to see through it with a single glance. He said in surprise, "To be able to refine the metal spiritual energy into one's own finger, that's an impressive achievement!"

"Hmph, the metal of the five elements in the world can cut all things! Can your netherworld claw withstand it?"

sky-splitting finger! Xiao Xiao sneered and shouted.

“Bang!”

...

An even sharper finger force exploded forth. Qiu Mujie’s arm trembled as his ominous claws were actually pierced through by the Golden radiance and shot toward his body.

“Bang!”

The golden light shot onto a dragon scale on his shoulder, causing sparks to fly.

“Dammit! Since you’ve come over, you can go to hell!”

Qiu Mujie was enraged. His podao spun in the air and slashed forward!

At the same time, as the wings flapped, The Thousand Eyes opened. The surrounding space suddenly stagnated, and Xiao Xiao’s strange movement technique lost its magical effect. After a pause, she transformed again.

“?! What the hell is this?”

Xiao Xiao was also shocked. He was very close to those eyes. No matter how strong his mental strength was, he would be scared to death if hundreds or thousands of eyes suddenly stared at him. Not to mention that these eyes were flashing with a strange force, which broke his body movement technique in an instant!

At this moment, countless formation patterns emerged on the battleship fish. Suddenly, it launched a series of attacks, which criss-crossed toward Xiao Xiao.

Xiao Xiao was horrified. He clenched his fists and kept blasting away the light beams of the formation. However, the entire space was shackled by the tens of millions of eyes, making it difficult for him to move his body.

“Dammit! Flying God ten consecutive slashes!”

He put his hands together in front of his body, and all ten of his fingers were instantly covered in golden light. With a slap, they instantly turned into a large golden net and slashed out in all directions!

“Swish!”

The space was shattered into pieces. The golden net was indestructible and broke the shackles of the eye power in an instant. Xiao Xiao’s figure flickered and was about to disappear on the spot!

“It’s too difficult to leave!”

Qiu Mujie’s face sank. Hmph, ha!

The two sound waves merged into one, and the space in front of him suddenly exploded. The space fragments twisted by the golden net were swept up in the sound wave storm and annihilated together.

A figure shot out of the storm and fled into the distance.

“Hmph!”

A sneer appeared on Qiu Mujie’s face as he spread open his fingers and instantly formed an incantation gesture.

Countless scales immediately flew up from the battleship fish, forming a dense net of scales that covered the figure.

Xiao Xiao was shocked. She operated the sky-splitting finger again and cut a passage through the rain of scales. Suddenly, with a flash of red light, the Scorpion-tailed poisonous needle came to her in an instant!

“Pfft!”

The power of the poison needle shot into his left shoulder and exploded into a cloud of blood mist.

“Swish!”

Xiao Xiao made a prompt decision. With a flash of golden light on her finger, she cut off a piece of bone from her left shoulder.

The flesh and bone that flew away immediately corroded in the air, turning into a pool of poisonous water in an instant.

Xiao Xiao’s face turned pale and unsightly.

“How is it?” huanmie’s expression was also grave.

Xiao Xiao gritted her teeth and said, “if both sides are exhausted, I will win without a doubt. But this monster’s spiritual energy is never exhausted. How can we fight it?”

“We can only cut the Gordian knot quickly and kill him before our elemental energy is greatly depleted,” huanmie said with a frown.

“Hahahaha, what a joke!” “That’s not a bad idea, but is that even possible?” Qiu Mujie laughed wildly.

Huan mie’s expression turned cold as he stepped out in the air, planning to attack.

Suddenly, with a flash of green light, Bo Yuqing stood in front of him and said leisurely, " "You've been chasing me for so long, don't you want to see my strength?"

Huan mie and Xiao Xiao's faces turned very ugly. Bo Yuqing's strength was undoubtedly peak nine-star, and in a one-on-one fight, they might not even win. At this moment, they were fighting separately, and they had already fallen into the worst situation.

Bo Yuqing's expression was cold as he walked towards huanmie, " "I've never killed a Saint realm trash before."

Chapter 1394-who can keep him?

Huan mie's expression was extremely serious as he slowly raised his hand. With a flash of light, a short bronze blade appeared. It was a foot and a half long and covered with teeth.

"This blade is called Wuxuan."

He introduced the saber calmly, his eyes filled with love. His left hand gently stroked the blade.

The black saber let out a joyful cry and became bright. Symbols surged and occasionally jumped into the sky, flickering.

As his aura grew stronger, the world fell into a state of law. As his divine sense swept over the area, his body and Wu Xuan became one.

Bo Yuqing's eyes were cold and he didn't say anything. He just slowly pulled out his sword from his waist, and an extremely strong force surged out of his body, forming a vortex around him.

Yunxiao's heart trembled. He was very familiar with the strange power outside Bo Yuqing's sword intent. It was the powerful force of aegirine.

"Could it be that he can already control the aegirine at will, or has the body of extreme Yin already been formed?" Yunxiao could not help but fall into deep thought.

Huang mie's pupils constricted as a hint of fear and dread flashed through the depths of his eyes.

Wu Xuan in his hand seemed to feel a great pressure, and instead cried out excitedly, his battle intent constantly rising!

The two of them didn't make a move, but the aura that erupted from them had already turned the sky into two distinct colors. They squeezed out thousands of spiritual pressures and directly shook out a terrifying phenomenon. The heaven and earth collapsed and the sky was destroyed!

In the distance, Xiao Xiao's expression changed several times. Finally, she heaved a long sigh and said, "Huanmie, stop! There's no need to fight, the mission has failed, let's go."

The aura that erupted from Bo Yuqing's body wasn't any weaker than huanmie's. On the other hand, he was no longer able to defeat Qiu Mujie. This battle was bound to end in defeat, and there was no longer any need for him to stay.

As for Yunxiao, Fu Yichun, and the few remaining alchemists from the sea of soul formation, they were all ignored by Xiao Xiao. In his eyes, the combat power of those people would not even add a fraction to it.

Huanmie's expression changed. After thinking for a moment, he put away Wu Xuan and looked at Bo Yuqing, "I'm looking forward to fighting you, but it might not be now." His face was filled with regret as he turned around to leave.

"What a joke! Just because you say it's not, it's not? Then wouldn't I lose face?" Bo Yuqing's expression turned cold as he ridiculed.

He spun the sword in his hand, and his eyes shot out tens of thousands of cold stars. He shouted, "It's not up to you to stay or leave! Wailing sword Yufeng-realm control!"

A terrifying sword intent spread out, and like a black hole suddenly appearing, it continuously spread out. There was also an extremely strong sense of oppression that instantly enveloped the entire world!

Qiu Mujie also looked over with a focused gaze, his green eyes flickering with a strange light.

Huan mie's expression changed and the black blade was unsealed again. A huge Fang Fang sword appeared in the sky and he shouted, "Red sun!"

The giant blade spun in a circle and suddenly slashed towards the vast vortex around Bo Yuqing!

"BOOM!"

The two forces collided and the universe was shattered. Heaven and earth were reversed and the sky was hanging upside down!

"Bang!"

A shockwave spread out, and huanmie's body trembled. He was instantly sent flying back a thousand feet before he could stop himself.

Moreover, he only felt the qi and blood in his body roiling. A mouthful of blood rushed up his throat, but he still forced it down.

The aftershock of the impact caused The Phantom to sway.

He stared straight ahead, his eyes filled with horror.

Under the aftershock of the shock, the shadow gradually solidified and Bo Yuqing slowly walked out.

His face was still cold, endless waves charged at his body but he wasn't hurt at all!

"What? This body Kasaya "

Huanmie was shocked and his heart sank.

It turned out that the other party's cultivation base was similar to his, but the strength of his physical body was far beyond his reach!

If they continued to fight, they would lose more than they would win.

"Let's go, today is really unlucky!"

Xiao Xiao's figure suddenly appeared beside Huan mie, shaking her head gloomily.

"Leave? Did you ask me?" Bo Yuqing's face instantly turned gloomy, full of evil, and his face became strange.

Yunxiao was taken aback, and a vigilant look appeared on his face.

"Hey!"

Qiu Mujie sneered and flapped his wings. He appeared behind Xiao Xiao and Huan mie and said, "Do the two of you think that you're Zhuo qingfan, and that you can come and go as you please?"

Xiao Xiao's face was full of disdain as she ridiculed, "Do the two of you think that you're ao changkong and that you can keep whoever you want?"

"Then let's try it." The smile on Qiu Mujie's face vanished as the origin Energy on his body began to circulate.

The evil look in Bo Yuqing's eyes grew more and more intense, and a Nebula even appeared behind him. His terrifying power seemed to be endless and constantly increasing. Qiu Mujie, stall them for a moment. I want them to know the consequences of insulting an Alchemist!

Xiao Xiao was startled and immediately felt that something was wrong. She snorted and said, "I don't have time to play with you!" He formed an incantation gesture with one hand and countless runes surged out from his body, causing the two of them to become blurry.

"You want to leave? Do you think I'm invisible? stay!"

Qiu Mujie's expression changed as he roared in rage. He opened his thousand eyes and sealed the space.

"Swish!"

A beam of golden light appeared in Xiao Xiao's palm. As she clenched her fist, it suddenly burst out, and countless dazzling lights rushed in all directions!

"Swish Swish Swish!"

Countless cracks appeared in the sky like a spider web, and the power of The Thousand Eyes instantly broke through! Moreover, under the intense light, the countless eyes on the feather of the dark swamp instantly felt a piercing pain, and half of them were closed.

"What?"

Qiu Mujie was startled. The metal spiritual energy cut through the seal, and the two of them were instantly freed from the restraints of the eye.

"Woof! Goodbye, everyone. The next time we meet will be the day of your death!" Xiao Xiao laughed coldly. He and huanmie traveled a thousand miles in a single step. In the blink of an eye, they were a thousand feet away and were about to disappear into the distance.

...

Suddenly, the space trembled and a cold voice said, "Small tricks!"

Yunxiao finally made his move. He stood in front of the two men and thrust his sword at them.

"Li Yunxiao? What a joke, even you want to make us stay? This world is really ridiculous!"

After a brief moment of shock, Xiao Xiao was extremely disdainful. Killing intent shot out from her eyes as she slapped out.

"Bang!"

The sword intent and Yunxiao's body were instantly shattered, and a Thunderbolt emerged in the sky, turning into Yunxiao's true body. He also threw out a palm and sneered, "It's difficult for me to keep you alive, but if it's just to delay you for a few breaths, I'm sure I can do it."

"You can do it? You're overestimating your own strength!"

Xiao Xiao sneered. it's fine. I'll just capture you and take you away. At least I didn't come here in vain!

His finger turned golden as he pointed it at Yunxiao's palm.

Suddenly, three rays of light shot out from the palm. They spun non-stop and a small mountain suddenly fell!

"Woof! You're the one who's using petty tricks!"

...

Although Xiao Xiao felt the extraordinariness of the three-colored mountain peak, she didn't think much about it. After all, the power of his finger was enough to split a mountain and crack a rock. Thus, she pointed at it with a sneer.

“Bang!”

There was a huge tremor and a “ PA ” sound. The indestructible finger was broken!

”

Xiao Xiao screamed in pain. In her horror, she hurriedly performed a secret movement skill and disappeared on the spot.

“Boom boom boom!”

The three-colored Tusita Heaven missed, but the entire space collapsed and shattered.

The next moment, Xiao Xiao appeared not far away. She stared at her right index finger in shock and anger, which was completely bent backward at a right angle.

Huanmie was also shocked. His face darkened, and Wu Xuan attacked Yunxiao again.

Yunxiao smiled. He had been on guard and did not intend to fight with the two. Before Wu Xuan’s attack reached him, he exploded on his own, turning into countless Thunderbolts.

His true form flashed in the lightning and kept the tricolor Tusita Heaven before disappearing.

Xiao Xiao suddenly straightened her broken finger and shouted, ” “This person is not simple, let’s go!”

His face was extremely gloomy. He had thought that the mission would be easy, but he didn’t expect to fall so far.

“Leave first? It’s too late!”

“Well done, young master Yun!” Bo Yuqing’s cold voice rang out.

Yunxiao suddenly appeared a thousand feet away and said with a wry smile, “I can only do this much. It’s up to you whether or not we can keep them here.”

yes! Bo Yuqing nodded and said, “ anyone who disgraces an Alchemist, anyone who dares to trample on the dignity of an Alchemist, must pay a painful price!

As soon as Xiao Xiao and Huan mie’s plan was exposed, they had become Yunxiao and Qiu Mujie’s mortal enemies, and Bo Yuqing was also being chased by them.

Yong Tian Yun’s death had become an opportunity for the three of them to unite against a common enemy.

Besides, the relationship between Bo Yuqing and Yunxiao was complicated and strange, and it was a little inexplicable.

Xiao Xiao and Huan mie’s expressions changed drastically. They suddenly felt that they were being suppressed by a strange force, and they couldn’t escape.

At this moment, a strange power flashed on Bo Yuqing’s body, like a star. The world suddenly fell into a strange state, and the entire space seemed to melt into water, slowly flowing.

Everyone was taken aback, and Yunxiao stared at the aegirine’s light without blinking, carefully observing the changes in the strange force.

Xiao Xiao and Huan mie were greatly shocked. This feeling made them extremely uncomfortable and depressed. An inexplicable fear welled up in their hearts.

The two of them looked at each other and instantly understood each other’s thoughts. They wanted to fight with all their might!

All of a sudden, the strange force dissipated, and that uncomfortable feeling disappeared into thin air.

”

Bo Yuqing’s body suddenly trembled violently, the aegirine on his forehead disappearing. His face was extremely pale, and bean-sized cold sweat poured down.

“What’s going on?”

Except for Yunxiao, who knew that it was the backlash of the aegirine, the others were all surprised and puzzled.

“Oh? It seems that the cultivation method has backfired.”

hahahaha! Xiao Xiao laughed suddenly and said wildly, “if you want to keep us, you’ll have to do it in your next life! As I said, all alchemists are idiots! What, you’re not convinced? If you’re not convinced, then come and hit me, hit me!”

He put his hands to his ears and made a face. He even stuck out his tongue. Then, his figure began to fade and slowly disappeared in the midst of his sneer.

Chapter 1395-half a piece of “Kun Lun”

Everyone was furious, but they were helpless!

With the backlash from boyu Qing’s aegirine, Qiu Mujie’s thousand eyes technique was no longer able to restrain the two of them.

“Damn it!”

Qiu Mujie was so angry that he roared and raised his podao to slash at Xiao Xiao. However, he only managed to destroy the shadow. Xiao Xiao's faint smile was full of ridicule.

Suddenly, there was a flash of light, and the clouds split open. A crack appeared in the space, and a light wheel emerged. It was like the sun and the moon in the sky, and the stars came crashing down!

“What?”

Xiao Xiao's indifferent figure revealed a look of shock. The light wheel actually cut through the void and chased after his body.

Then, a golden light appeared in the sky. It was his finger of metal spirit that he had straightened. He pointed it at the light wheel.

“Bang!”

The light wheel trembled violently, but in an instant, Xiao Xiao's scream was heard, “ ah!

Everyone looked over in shock.

Wherever the light wheel passed, Xiao Xiao and Huan mie's figures reappeared.

What was even more shocking was that Xiao Xiao's entire arm was cut in half by the light wheel, just like the sky!

Qiu Mujie's pupils contracted. He had just fought with Xiao Xiao, so he naturally knew how powerful that finger that was infused with the metal spiritual energy was.

It was understandable that the three-colored mountain peak was destroyed, but now it was cut in half by the light wheel. It was simply unbelievable and shocked him!

Yunxiao's face changed as well. A profound level weapon began to spin in the wheel of light, and he immediately knew who had come!

"Not good!"

He suddenly exclaimed and turned into a bolt of lightning on the spot, trying to escape!

A cold voice rang out in the sky, "You should stay too!"

As the strange force emerged, Yunxiao felt his body stagnate, as if he was being pressed down by Dou Shuai Tian, unable to move at all.

He was shocked and his expression became extremely serious.

Bo Yuqing's body also trembled, his pupils almost bursting out, his face full of horror.

He was already suffering from the backlash of the aegirine, and now, in his shock, sweat poured down like rain, almost curling into a ball and trembling violently.

Qiu Mujie was equally shocked. Although he did not know who the newcomer was, he knew that a man who could cut off the finger of gold spirit with one move, suppress Yunxiao with a single sentence, and make Bo Yuqing so afraid was definitely an earth-shaking person!

He immediately became alert, feeling that the atmosphere between heaven and earth had become extremely oppressive.

Fu Yichun and The Alchemist who had already formed one of his divine seas were at a loss. They had long given up on any battle because the difference in strength was too great. They would only become cannon fodder if they went up. They could only go with the flow, hoping that the final winner would let them go.

"Who is it? Who is it?"

Xiao Xiao looked around in horror. At this moment, his face was still filled with disbelief. If the pain from his broken arm was not so real, he would have thought it was an illusion.

The wind and clouds suddenly rose between the heaven and earth. Under the flash of the Aurora, tens of thousands of white spots slowly appeared. It was like a dream or a fog, as if a Fairyland had descended.

An imposing figure slowly flew over.

Only to see the sleeves of his clothes fluttering, his long hair tied up, but his true face could not be seen.

The clouds behind the person gradually receded, and a long shadow crossed the sky, the sky light like colored glass.

Huan mie's face sank. He knew that he was in big trouble. He suddenly attacked with the black blade. If he couldn't defeat this person, he would probably die today.

"Red sun!"

He shouted and Wu Xuan was released. He gathered his strength in the air and struck out!

That person stopped in his tracks and raised his right hand to grab at the air. Suddenly, a ray of light flickered and returned to his left hand. It was a circular weapon with teeth. It was like a shield that was protecting his body.

"Appearing out of the blue, mang Kun Lun"

A long poem was slowly recited from the person's mouth. A light flashed in his right hand and a sharp sword appeared. Suddenly, the sword light burned and slashed towards the "red sun"!

"I've seen all the spring in the human world."

“BOOM!”

The entire “red sun” technique was completely destroyed by the sword. The terrifying sword force pierced through and directly slashed towards Huan mie and Xiao Xiao!

“Not good!”

Xiao Xiao’s face turned pale. She gritted her teeth and flashed away. She made a hand seal with one hand and disappeared on the spot with Huan mie.

In the next moment, they appeared 10000 meters above the ground, and their auras rose to the peak!

Xiao Xiao grabbed a green bronze mirror with her left hand and suddenly unsealed it, turning it into an ancient sword in her hand. The blade of the sword was shining like a mirror, and tens of thousands of shadows emerged in the air.

“die! huanmie lifted Wu Xuan up with both hands, and yellow light swirled around him, forming the image of a peerless blade.

The two of them were mentally connected and knew that they had foreseen a crisis they had never seen before. They immediately joined forces without holding back and used the strongest skills in their lives.

“Jade pure sword technique!”

“Gouchen heavenly blade!”

The 10,000 illusionary swords and the domineering blade directly cut through the sky and the earth, like hundreds of rivers flowing into the sea, surging over.

The man didn’t seem to feel it and continued to walk forward, reciting a poem, “fly up the Jade Dragon for three million tadpoles.”

The big sword was lifted up and spun in the air.

That person formed a hand seal with one hand, and several incantation seals were slapped into it. The image of a true dragon appeared on the sword, and it split into tens of thousands of swords, slashing down in the sky!

...

“It’s making the heavens cold!”

“Boom boom boom!”

Tens of thousands of Dragons were like carps in the river, galloping in the sky, stirring up the wind and clouds, and changing the color of the sky and earth.

“BOOM!”

The Jade pure sword technique and the gouchen heavenly blade were instantly swept into the ten thousand Dragons. The universe was suspended upside down, and the four extremes were reversed!

Xiao Xiao and Huan mie were devoured by it, and it was unknown whether they were alive or dead!

Shocked, Yunxiao cried out in surprise, “Bo Yuqing, attack together! Otherwise, no one will be able to escape!”

He no longer had any illusions. He immediately transformed into a three-headed and six-armed transcendence golden body. Each of his six arms held a profound level weapon. His aura instantly rose to the extreme!

Qiu Mujie looked up at the sky in horror and was also shocked by Yunxiao’s sudden change.

Bo Yuqing seemed to have sobered up, his eyes revealing great fear, but he still roared to encourage himself. He suddenly waved his long sword, and the wailing sword rain and wind were displayed, turning into a boundless Sea of Swords!

“What?”

...

The man snorted and said with endless contempt, “The summer melts, the river flows and gurgles.”

He opened his fingers and raised them high. A green cloud slowly rose from his hand and turned into a ruyi scepter in the air, spinning.

A vast and mighty force surged down, as if there were thousands of troops and horses galloping inside.

“Humans may be fish or turtles.”

The Jade Ruyi suddenly fell, and the patterns on it were revealed one by one. It was a verdant mountain range that rose up to the sky, flying pavilions, flowing pills, and no land below.

There were martial artists meditating on Lotus Thrones, boys pounding herbs in mountains, snow covering mountains, and bright candles in the South.

Under the suppression of the Jade Ruyi, Yunxiao and Bo Yuqing felt that it was extremely difficult to circulate their energy, as if a great disaster was imminent.

“Qiu Mujie, hurry up and attack!”

“He won’t let you off either way!” Bo Yuqing roared.

Qiu Mujie's entire body trembled. He had long been dumbstruck by the might of the heavens and earth. Although he didn't know who this person was, judging from the might and domineering aura, it was unlikely that he would be allowed to leave so easily.

He also made up his mind and roared. His podao spun and a giant elephant Phantom suddenly rushed up!

Under the combined strength of the three, the Jade Ruyi seemed to show signs of being suppressed.

This was just their beautiful illusion, Yingluo.

"Who has ever spoken of a thousand years of Meritorious Service?"

The sound of a poem rang out again, and it fell like jade. The mighty force was vast, and the joint attack of the three instantly collapsed!

"BOOM!"

The entire world fell into chaos. All sound died out, leaving only a white mist, as if the world had not been separated.

Yunxiao's body trembled violently, and he coughed up a mouthful of blood on the spot. He felt a sharp pain all over his body, and his transcendence golden body was instantly beaten back to its original form. He was sent flying thousands of feet away before he could stop himself.

His eyes were filled with shock. At this moment, not only were his meridians broken, but even his internal organs were twisted by the huge force. He spat out a large mouthful of blood.

That stern figure finally descended from the clouds. The bright sky reflected his beauty, and those bright eyes that were like the moon gave people a kind of gentle and moving charm.

At the end of the song Kun Lun, the world was vast and everything was bleak.

The entire world was filled with destructive Qi. Other than the rustling wind, there was no other sound.

“Pfft!”

Bo Yuqing finally couldn't help but cough violently, spitting out mouthfuls of blood. The color was strange, red with a hint of dark brown.

“Bang!”

The ground suddenly cracked, and two figures crawled out. They were Xiao Xiao and Huan mie, both covered in blood and in a sorry state.

Xiao Xiao's face was pale and she was panting. Her broken arm seemed to have stopped bleeding, but her whole body was more seriously injured, with thousands of holes!

Huanmie wasn't any better off, his entire body was like an arrow at the end of its flight. The arm holding the black blade was still trembling, and his face was ashen.

Qiu Mujie was in a slightly better state. The formation on the battleship spun rapidly, and a large amount of spiritual energy surged up to make up for his losses.

Spiritual energy was easy to replenish, but it was difficult to recover from injuries in a short period of time. His face was full of fear as he stared at the man vigilantly.

With just a few simple moves, he had defeated the Joint Forces of four peak experts, and Yunxiao, who was not inferior to them, was also here. Was this man a divine transcendence?

That person stretched out his hand and grabbed in the air. With a “Hua la”, Xiao Xiao and Huan mie were instantly pulled into the air, unable to move their bodies.

“Who was the one who said he wanted someone to beat him up?”

His eyes turned cold, which made Xiao Xiao and Huan mie tremble.

At this moment, Xiao Xiao wished she could pull out her own tongue, so she said with difficulty, "Your, Your Excellency, we are the Warriors under Saint realm Lord Wei Qing. We hope that Your Excellency can help us."

"Wei Qing?" The man interrupted him and frowned. "I understand. You're talking about Wei Wuya's son, right? Tsk, tsk, even if Wei Wuya were here, I'd still slap you to death in front of him!"

He opened his big hand and suddenly slapped down.

"Pa!"

The two of them were hit in the face by a huge force at the same time, and a large mouthful of blood spurted out. Their entire lower jaw was dislocated, and their heads were tilted to the side and almost broken.

"Ugly, embarrassing!"

The man spat and slapped them with his palm. With a "bang", the bones and muscles of the two men were shattered and their bodies were turned into mud!

Chapter 1396-those who submit will prosper

"?!"

The rest of the people all sucked in a breath of cold air, all of them aghast!

Although he wanted to skin these two alive, the other party was also considered a peerless expert with monstrous martial strength, yet they were so easily destroyed.

This was the same as when he killed Yong tianyun.

The man's gaze swept across everyone. When he looked at each of them, their hearts turned cold, as if they could see through their hearts in an instant.

Yunxiao smiled wryly and helplessly, knowing that he was in big trouble.

Bo Yuqing's face was pale, his body trembling violently, and his feet actually retreated.

The man squinted his eyes and stared at him. After a while, he smiled indifferently and said, "My poor disciple, is the neonite fun?"

Bo Yuqing's voice trembled, "M-M-master huhu!" He bent into a ball, almost kneeling on the spot.

"?! What?"

Everyone except Yunxiao sucked in a cold breath, especially Luo Tian, who seemed to have thought of something. His eyes were filled with horror, and his body, which had just stabilized from the poison, began to tremble again.

Qiu Mujie's mind was also blank, and he was unable to think. He said in a daze, "M-master? Bo Yuqing's master Qianqian."

"Hehe, you still recognize me? do you still think I'm your master?"

Yu Shengfeng said indifferently with a cold smile.

"Plop!"

Bo Yuqing couldn't hold on any longer, his psychological defense instantly collapsed. He suddenly knelt down and kowtowed desperately, crying and crying, "Master, master! I was wrong, I was wrong!"

“Gulp!”

The rest of the people swallowed their saliva and finally understood who the person in front of them was. They no longer had any doubts.

Yu Sheng Feng raised his cold eyes and looked at him indifferently, “What a stupid disciple. Not only was he used by Lu congzi to deceive his master and destroy his ancestor, but he also became someone else’s experiment. Hehe, I, Chu Shengfeng, don’t have such a stupid disciple. It seems that the two Saint realm scumbags were right. There are many idiots among alchemists!”

Bo Yuqing knelt on the ground and kept kowtowing, not daring to say a word. The backlash of the aegirine had not been completely suppressed, and his face was full of pain.

Yu Shengfeng ignored him, but turned his eyes to Yunxiao and said with a faint smile, “ Li Yunxiao, long time no see. Your progress is so fast that it makes me feel uneasy.

Yunxiao smiled wryly. you’re too kind, Lord Xi Shengfeng. I should congratulate you for completely fusing with this body and directly achieving the dual-extreme divine body, turning your physical body into a Saint!

“?!”

The rest of the people trembled in shock, their faces full of disbelief.

Although they didn’t fully understand what he meant, peak experts like them naturally understood what it meant to sanctify one’s body!

Qiu Mujie’s huge body was trembling slightly. His life goal was to sanctify his physical body. He had researched for his entire life, but he still couldn’t achieve his current state. Yet, he had to watch someone else achieve it!

Yu Shengfeng's sword-like eyebrows rose, but he didn't comment. He smiled and said, "I regret not being able to kill you in the battle that day. Now, I can finally fulfill my wish."

Yunxiao's face flickered as he said with a wry smile, "Sir Yu Shengfeng's cultivation has reached the peak and stands at the peak of the continent. Would he still be bothered by a small fry like me? In addition, you and I can be considered to be fated. Whether it was when you escaped from the pink crystal dust or when you obtained this body, I did a lot."

"What you said is true, but that's not a reason for you to continue living," Yu Sheng Feng said with a frown.

Yunxiao's heart jolted, as if he had heard something. The other party did not seem to want to kill him that much, and perhaps there was still a chance of survival.

As for running away, he had completely given up on that thought. Even if all the experts in the divine realm tablet were to come out, it would still be impossible.

"Then, what is the reason for me to continue living?" he asked tentatively.

"It's simple," replied Yu Shengfeng. Hand over three things, the devil essence lock, the ice fiend Heart Flame, and the soul-refining Divine Art. Then, swear your allegiance to me." When he saw Yunxiao remain silent, he sneered, "What, could it be that these things are more important than your life?"

I can return The Fiend essence lock to you," Yunxiao said. I can't control the ice fiend Heart Flame myself, so I'll give it to you if I can. As for the soul-refining Divine Art, I haven't fully mastered it yet. As a top Alchemist, you should know that I have not mastered it, so how can I pass it on? Then how about loyalty? we can work together happily, why force each other?"

"If you can't do these things, you won't be able to live." Yu Shengfeng said indifferently. His face was cold and his eyes were filled with killing intent.

if you really kill me, my Lord," Yunxiao said with a wry smile, "the soul-refining Divine Art will be lost forever.

“What, are you afraid of death?” Yu Sheng Feng suddenly laughed.

Yunxiao clenched his right fist and coughed twice before he said, “Although I’m not that afraid of death, I don’t want to die if I can. Let me think about a few things.”

Yu Shengfeng nodded and said, “you don’t have any choice, but I can give you time.” You’re a smart person, so you should understand that you can’t play any tricks in my hands.”

Yunxiao remained silent. He knew the strength of a divine transcendence better than anyone else present, and it was indeed impossible for him to escape.

When he saw Yunxiao’s silence, Yu Shengfeng sneered and turned his eyes to Qiu Mujie.

Qiu Mujie’s entire body trembled as he instantly became extremely vigilant. He couldn’t help but take a few steps back.

The man in front of him was a legendary existence, the master of the current leader of the art Dao!

Yu Shengfeng looked at him and nodded, “That’s right. Although it’s a little disgusting, it’s also a strange way. The sword is unconventional to the extreme, but you can still control it. Record all your knowledge and pledge your loyalty to me, and you can live.”

Qiu Mujie’s face darkened and revealed a vicious expression. He furiously said, “This is the result of my lifetime of hard work. Why should I give it to you?”

“I can understand your feelings,” said Yu Shengfeng. But you have to understand that I’m also an Alchemist, and the fact that I think highly of your research is enough to prove that your research is valuable. In addition, you have no other choice.”

“There’s no need for proof!” Qiu Mujie angrily said. If I don’t want to give it, no one can take it away!”

Yu Shengfeng laughed and said, "it's true that I don't have the confidence to search the souls of top alchemists like you, and neither do I have the confidence to search Yunxiao's soul. I can only take your lives with my own strength and use it to threaten you. If you're not afraid of death, Lao Ai," he said coldly, "Then I'm really going to die today!"

"Don't underestimate me!"

Qiu Mujie was enraged. He suddenly spread his wings and was about to leave.

"What a joke!"

Yu Shengfeng revealed a speechless expression and shook his head, "I'm starting to believe what those two scumbags said. Alchemists are indeed not very smart sometimes."

With a flash, he disappeared on the spot with a "bang."

...

"BOOM!"

Qiu Mujie's body trembled, and all of his spatial energy dissipated as he fell back to his original position.

Yu Shengfeng placed his hands behind his back and coldly stood on the battleship. He observed his surroundings as if he was looking around.

"Damn it!" Qiu Mujie was shocked and furious. He raised his long tail and suddenly pointed it down!

"Heavenstring poison light!"

With a flash of red light, it instantly fell!

Yu Shengfeng raised his eyes and stretched out his hand to grab it.

“Bang!”

A strange force condensed between his five fingers and shackled the poisonous tail, making it unable to touch his skin!

“Eh, five-flower scorpion tail. It’s a rare item.”

Yu Sheng Feng clenched his fist and with a “bang,” the Scorpion tail was crushed.

...

“You coward!”

Qiu Mujie was furious and raised his podao, about to slash down.

Yu Shengfeng’s face turned cold as he said, “I don’t have time to waste with you! Those who follow will prosper, and those who resist will perish. This is a principle that has never changed since the ancient times!”

“Clang!”

A light flashed in his hand, and the underworld wheel flew out.

With a bang, the podao was instantly broken!

“What?”

Qiu Mujie was greatly shocked. Before he could react, the light wheel spun and sliced off one of his arms.

“Ah!”

He cried out in pain, his face covered in cold sweat. Under the cold light of The Dark Wheel, the aura of death, which had not been felt for a long time, once again surged into his heart.

“Surrender, or die!” Yu Shengfeng said coldly.

Qiu Mujie spoke with great difficulty, “I also need some time to consider.”

“Alright, I’ll give you the same treatment,” Yu Sheng Feng laughed.

He flew up into the air, formed a hand seal with one hand, and slammed it out.

The incantation seal flashed in the air, then immediately split into two and shot toward Qiu Mujie and Yunxiao.

The two’s pupils contracted. The seal was not strong and could be completely blocked.

However, both of them knew that this was a restriction. If they blocked it, they were afraid that there would be more powerful means to impose on them. Therefore, they looked bitter and watched the brand enter their bodies.

“Bang! Bang!”

The two of them shuddered as they felt an extremely overbearing force drill into their bodies, disappearing in a flash.

Then, a ball of white light appeared above his dantian. It was like a floating cloud. It had no aura, but it hung there quietly without moving.

Both of them were top-notch alchemists, and they could immediately sense the abnormality of the restrictive barrier, and their faces twisted into bitter gourds.

Only then did Yu Shengfeng no longer pay attention to the two. Instead, he turned his gaze to Luo Tian and said, "You are the leader sent by the sea of soul formation to the red moon City?"

Luo Tian's heart was also filled with mixed feelings. He forced himself to stand up and bowed deeply. Luo Tian greets Lord Chu Shengfeng.

The handsome man in front of him was already a legendary existence when he had just stepped into the art Dao.

With his eyesight, he could naturally see that Yu Shengfeng's body was unusually strong and young, and it definitely wasn't the kind that changed his bone age and appearance.

Could it be that Sir Chu Shengfeng had already become a Warlock God?

Luo Tian's heart trembled, and his attitude became even more humble.

not bad," Yu Shengfeng said. you've made great achievements. Are you willing to submit to me? "

Luo Tian said bitterly, "why do you say that, my Lord?" Don't tell me that Daren is ..."

Yu Shengfeng interrupted, "stop pretending!" I've already sent someone to look for you, and you should be very clear about the current situation in the sea of soul formation. I and my traitorous disciple Lu congzi are irreconcilable. Surrender or die, it's your choice."

His face was stern, and there was an indescribable aura around him that was difficult to resist.

Chapter 1397-tasteless but a pity to throw away

Luo Tian's face was full of bitterness, but a flash of determination appeared. "Since that's the case, Luo Tian will choose death!"

"What made you so persistent that you don't even care about your life?" Yu Sheng Feng frowned.

Luo Tian said solemnly, "Luo Tian is indebted to Lord Lu congzi's kindness. That's why he has achieved what he has today. I'm already feeling guilty that I can't help you. How can I betray you?"

"Haha, you're quite loyal. It's a pity that Lu congzi betrayed his master and destroyed his ancestor. Is such an immoral person worth your life?"

Yu Shengfeng's smile froze. He grabbed at the air and a ball of light appeared. He said coldly, "You're the same as the other two. Think about it."

The light seemed to be different from the previous two and shot into Luo Tian's body, forming a strange symbol in front of him before disappearing.

How could Luo Tian's weak body withstand this torment? he spat out a mouthful of blood, but his complexion improved, as if his vitality was constantly recovering.

"This seal is so powerful!" His face was full of shock.

Yu Shengfeng sneered coldly. I have many peerless techniques in my hands. Back then, Lu congzi attacked me in a hurry, so many things were not passed down. If it weren't for my luck, I'm afraid they would have been lost. Not only is he deceiving his master and betraying his ancestor, he's also a malignant tumor of the art Dao!"

"Sir Ren, you can't change my mind even if you exaggerate so much!" Luo Tian's expression changed and he said coldly.

Yu Shengfeng laughed, "the spirit enslavement seal curse I just cast on you contains the Qi of life and death, you can live and die." I know you're not afraid of death, but I'm going to make you beg for death.

This spell is the best way to wear down your will. As far as I know, there are only a few who can survive it.”

Luo Tian’s face was cold and filled with anger.

Yu Shengfeng seemed to be very confident in his incantation seal. He walked away from Luo Tian and turned to the other alchemists, saying, ” “Your cultivation isn’t bad either, choose.”

Those few people were extremely embarrassed. They looked at each other, not knowing what to do.

Yu Shengfeng’s face turned cold as he said, ”Your cultivation is not bad, but it’s not indispensable. If you feel that it’s difficult, this Lord will send you directly to heaven. Who asked this Lord to be kind and not like to make things difficult for others?”

Those few people were shocked. Finally, someone couldn’t bear it under Chu Shengfeng’s imposing manner. He stood out and bowed to the end, saying, ” we are willing to pledge our allegiance to you, Sir. You are the leader of the sea of soul formation and the Orthodox Dao of sorcery in the world. It is only natural for us to respond to your call!

“We are willing to pledge our allegiance to you, Sir, and pledge our allegiance to the Orthodox Dao of magic!”

The rest of the people no longer had any concerns, and they all submitted, bowing to the end.

“Haha, you’re very tactful. As an Alchemist, not only do you have to study the art of alchemy, but you also have to open your mind more often, so as not to become an idiot. Not only will you be laughed at, but you will also easily fall into a desperate situation.”

Yu Shengfeng began to teach him a lesson.

“Yes! I will follow Daren’s teachings!”

Everyone responded in unison, bowing their bodies and not daring to raise their heads.

Only then did Yu Shengfeng look satisfied. He turned to Fu Yichun and said, "How about you?"

Fu Yichun's heart clenched. He quickly went forward and bowed. I'm fu Yichun. Greetings, Sir Chu Shengfeng.

"Your strength is not bad, are you willing to submit to me?" Yu Shengfeng said.

"Me?" "I'm an elder of the red moon City, not someone from the sea of soul formation," Fu Yichun quickly replied.

"Oh, so you're saying that you're useless?"

Yu Shengfeng said indifferently, the killing intent in his eyes slowly gathering.

Fu Yichun felt the pressure, and cold sweat broke out on his forehead. He hurriedly bowed and said, "I am willing to submit to you, Sir!"

He thought to himself, this person in front of me killed two nine-star pinnacle experts of the Holy region without even blinking an eye. In his eyes, I'm probably not even comparable to an ant. If I don't submit soon, I'll probably lose my chance.

"Hmph, you're smart!" "I need the power of the Redmoon city, so you can be the spy," Yu Shengfeng said coldly.

With a casual slap, Fu Yichun fell on the spot and spat out a mouthful of blood. He felt pain all over his body and trembled violently.

However, he quickly stood up and walked forward with big steps. He cupped his hands and said, "Yes! We will follow your orders!"

Even though he was forced to submit, Fu Yichun felt a strange feeling in his heart. Instead, he felt relaxed and a little happy.

Since Red Moon city was taken over by Tang Qing, these old people had not been treated well. Their former nobility was no longer there, and their resources were also tightly limited. Their hearts had always been unusually depressed.

At this moment, submitting to nie Shengfeng was more than a hundred times more glorious than submitting to Tang Qing. It seemed that the long-term depression had been swept away.

“Luo Tian, what’s the relationship between the sea of soul formation and red Moon City?” asked Tong Shengfeng. What’s Lu congzi’s attitude towards the red moon City?”

Luo Tian’s expression turned ugly. He slowly closed his eyes and ignored the man.

“Hmph, being stubborn is just a waste of time, but there’s no other way.”

Yu Shengfeng’s palm struck Luo Tian’s chest with a “pa” sound, and the seal that had been hidden before suddenly appeared.

”

Suddenly, Luo Tian’s face contorted and his body twitched violently as he howled in pain.

Yu Shengfeng said indifferently, “ it’s only physical pain now. Later, it will slowly seep into your spirit and erode your soul. You will experience endless pain in your consciousness. In an instant, it’ll be a hundred years of pain.”

Luo Tian was drenched in cold sweat as he curled up on the ground and trembled. It was as if he could no longer hear clearly.

The rest of the People’s faces changed drastically, revealing a look of horror.

Even Yunxiao and Qiu Mujie's eyes turned cold, and they couldn't help but sneak a glance at each other, as if they wanted to discuss something.

However, in front of Yu Sheng Feng, he didn't dare to make it too obvious. After a glance, he immediately regained his calm.

Qiu Mujie had also recovered from his terrifying half-fish beast state. He had applied some white ointment on his broken arm and just like that, it was reattached. He was actually still able to move freely.

The battleship fish instantly transformed into the size of a normal carp and was even a little cute as it swam around Qiu Mujie.

They were all alchemists, so they were not surprised.

Bo Yuqing was still prostrating on the ground, not daring to raise his head, but the backlash from the aegirine seemed to have weakened, and his trembling was no longer as strong as before.

"Fu Yichun, why don't you tell us?" Tong Shengfeng said. Tell me as much as you know about the current situation between the sea of soul formation and the red moon City."

"Yes!"

...

yes," Fu Yichun replied. After the depression in his heart was swept away, he was full of energy. Submitting to Chu Shengfeng seemed to have become an extremely glorious and correct thing to do. His only worry now was his family in the city, and he had already begun planning how to evacuate them all.

"After Tang Qing took over the Redmoon city, the attitude of the soul formation sea towards the city has been very erratic and unpredictable. In the war between the two races, Tang Qing used a large number

of resources to exchange for the support of the sea of soul formation, and the relationship between the two sects became closer.”

Fu Yichun went on and on, telling him everything. Although he was not directly related to Tang Qing, he was the leader of the old forces in Red Moon City. All kinds of operations were handled by him, so he knew very detailed information.

After hearing this, Yu Shengfeng’s expression turned cold and he sneered, Tang Qing is really generous. He actually gave half of the resources accumulated by the red moon City for countless years to the sea of soul formation. This kind of generosity is even a little crazy!

Fu Yichun’s face was full of grief and indignation as he complained, ” “In order to secure his position, Tang Qing is willing to do anything. Let alone giving up half of it, I’m afraid he would even give up all of it! After countless generations of accumulation, the red moon City is as rich as a country. In just a few years, not only have they lost their financial resources and Foundation, but they have also lost countless Masters. They have long lost their former glory!”

Yu Sheng Feng frowned and said, ”Is that so? that’s going to be a little troublesome.”

“Sir, what trouble are you talking about?” Fu Yichun was stunned.

Yu Shengfeng placed his hands behind his back and didn’t say anything. He suddenly asked, Li Yunxiao, what do you think I should do? ”

Yunxiao was taken aback. He did not expect that Yu Shengfeng would consult him. After pondering for a moment, he smiled and said, ” “There are only two problems that my Lord mentioned.”

“Oh?” A cold light flashed in Yu Sheng Feng’s eyes, ”Tell me about it.”

first, ” Yunxiao said, ” the relationship between red Moon City and the sea of soul formation is not shallow, and it has reached an unshakeable level. Or rather, the relationship between the soul formation sea of red Moon City and Lu congzi could not be shaken. Just think about the Alliance that Tang Qing had exchanged half of what the red moon City had for. If he gave it up easily, wouldn’t the heavenly

resources he had given out be for nothing? Even you and I wouldn't do this kind of thing, let alone Tang Qing, a businessman who started his family!"

...

Fu Yichun was shocked. He muttered to himself, "that's true. In order to establish a relationship with the sea of soul formation, Tang Qing has put in a lot of effort in addition to the huge transmission of benefits. Tang Qing's idea may be to tie the sea of soul formation to his chariot, support himself to sit firmly in the position, and in turn support Red Moon City to slowly grow.

"And the second one?" asked Yu Shengfeng.

second," Yunxiao said, "Red Moon City is of little value to you, my Lord. It was tasteless, but it was a pity to throw it away. Although the red moon City and the sea of soul formation are tightly bound, there is no alliance that can not be broken as long as there are enough benefits."

Yu Sheng Feng snorted and said, "where do you want me to find such a great benefit to rope in Red Moon City?"

you're joking, my Lord," Yunxiao said with a smile. you're joking. The most precious thing in the world was nothing more than one's own life. With your extraordinary strength, would Tang Qing dare to resist if you put a knife to his neck?"

Yu Shengfeng's eyes shot out a cold light as he said, "You want me to hijack the red moon City?"

No. Yunxiao shook his head and said, "this is exactly what I meant by chicken ribs. No one could predict the fluctuations that would be caused by the kidnapping of Tang Qingyi and the kidnapping of Redmoon city. There's so much unknown ahead. Even if we manage to obtain the Redmoon city, according to Lord Fu Yichun, the Redmoon city is now only strong on the outside but weak on the inside. It's tasteless."

Yu Sheng Feng's pupils shrank as he praised, "what a good" tasteless, but a pity to throw away "!" Li Yunxiao, your wisdom and intelligence make me a little uneasy!"

Chapter 1398-turning from guest to host

I've already been hit by your strange seal," Yunxiao said with a wry smile. don't you have confidence in your own technique, my Lord? "

Yu Sheng Feng's eyes flickered with a cold light,"I did, but I suddenly feel that you are even stranger than my jinzhi!"

my fate with you is not shallow," Yunxiao said. besides, there is no real conflict of interest between us. We can totally work together and benefit from it.

"That's true, but the feeling you give me is too terrifying!" Said Yu Shengfeng.

Fu Yichun and Qiu Mujie were a little puzzled. They did not understand why such a powerful man like Lin Shengfeng would be afraid of Yunxiao.

my Lord, " Yunxiao said. whether I'm scary or not has little to do with you. What His Excellency wanted was to seek revenge from Lu congzi and take back the sea of soul formation. And after that? After that, it was nothing more than searching for the God Realm Dao and that wispy opportunity. I can assist you in resisting the sea of soul formation together. As for the matter of bowing down to you and becoming your servant, I'm sorry."

Yunxiao chuckled. hehe, I'm still young. I've been a servant for someone else a long time. How can I raise my head and mingle with the people on the continent in the future? "

Fu Yichun's face turned red instantly. He was embarrassed and angry, and his eyes flashed with anger.

The rest of the alchemists from the sea of soul formation also lowered their heads, their faces dark.

Yu Sheng Feng said coldly,"you're good with words. You'll free yourself whenever you have the chance." Let's not talk about this matter for the time being, you can continue to talk about it. Red Moon City has become of little value, then what should I do? Do you want to eat this chicken rib or not?"

His face was calm, but his eyes were focused and flickered. Obviously, he valued Yunxiao's opinion very much.

Yunxiao narrowed his eyes and said with a smile, "Of course I won't eat it, but I can't just abandon it!"

"Neither eating nor abandoning, what is the meaning of this?"

a piece of chicken rib is actually already in Lu congzi's mouth. It's tasteless to eat it when you took it, but Lu congzi ate it with relish. Why don't you put some sh * t on this chicken rib so that he'll vomit it out after eating it? "

The flesh on Yu Shengfeng's face trembled slightly, revealing a disgusted expression as he said, "What do you mean?"

Yunxiao's eyes turned cold as he said, "Kill Tang Qing!"

Everyone's heart trembled, and they looked at Yunxiao in disbelief, thinking that he was a madman.

Shocked, Fu Yichun's eyes rolled. He seemed to understand Yunxiao's meaning, and the corner of his mouth curled up in a mocking smile. He knew that this kid was trying to kill him with a borrowed knife.

He knew the relationship between Yunxiao and Jiang Ruobing, but it would only do him good if he killed Tang Qing, so he did not point it out.

"Haha, you're really daring!"

Yu Shengfeng laughed and said, "Tang Qing is nothing, but the Lord of the red moon City can't be killed so easily!" Once Tang Qing is dead, unless someone can take over this position and quickly stabilize the situation, the impact will be incalculable!"

He looked at Yunxiao with a profound look and said, "Don't tell me you have a grudge against Tang Qing and deliberately tricked me into being a gun?"

Yunxiao smiled. there is indeed a small conflict between us. It can only show that my Lord and I share a common interest. If we work together, we will both benefit.

Hmph, stop talking nonsense. It's impossible to kill Tang Qing!

Yu Shengfeng said coldly,"if you kill the red moon city's master, you'll really lead this Lord to a desperate situation." At that time, not only Lu congzi, but the sacred zone would also send people to deal with me. I'm not arrogant enough to deal with the people of the world!"

What if I don't need you to do it, my Lord? " Yunxiao chuckled. what if I find someone else? "

"Who?" Yu Sheng Feng frowned.

Yunxiao's eyes gleamed coldly as he said, " "It's me," he said.

"You?"

Everyone was shocked. Yu Shengfeng suddenly smiled and said, " "You really have a grudge with Tang Qing."

let's not talk about me and Tang Qing, " Yunxiao said. don't you think this is a feasible solution, my Lord? "

Yu Shengfeng pondered and said, if you can kill Tang Qing and stir up the waters of the red moon City, Lu congzi will lose a helper. It is indeed a good choice. At least, it will not be a loss for me. However, are you confident that you can kill him?"

no, " Yunxiao said. I don't have any confidence. But if Daren is willing to help me, then the chances are extremely high."

Yu Shengfeng gave him a strange look and praised, Li Yunxiao, I have to admire your thinking and eloquence. You really convinced me.

it's easy to form an alliance when our interests are aligned," Yunxiao said with a smile. Daren is a smart person and not how powerful I am."

"Tell me, how do you want me to help you? if this pool of water sinks too deep, I might not do it," said Yu Shengfeng.

Yunxiao's eyes were smiling as he said, "My Lord, you have control of allheaven now. As long as you hide among the people of the sea of soul formation and help me with your identity, you will be able to kill me. Even if we fail to kill Tang Qing, it will create a barrier between Tang Qing and Lu congzi. Once the Alliance loses trust, it will soon collapse."

Yu Shengfeng's eyes lit up and he said,"this plan is feasible!" When do we make our move?"

Everyone looked at each other in dismay, and the way they looked at Yunxiao became extremely fearful. This young man not only had extraordinary strength, but he was also very meticulous and shrewd.

Fu Yichun started to feel a little scared. Not only did such a scheme win Chu Shengfeng's trust and give him the leverage to escape, but it also helped him find such a powerful ally to deal with Tang Qing.

He had thought that Yunxiao's fight against Red Moon City was undoubtedly like an egg striking a stone, but at this moment, he had a vague hope of success.

Under his own restraints and in a desperate situation, he was still able to turn from guest to host and lead Hu Shengfeng by the nose.

Such a scheme made him feel a burst of fear.

Qiu Mujie's expression was gloomy as well. No one knew what he was thinking.

Yunxiao clenched his fists and said in a cold voice, "Tang Xin's wedding will be the best time!

"Alright!"

let's take Tang Xin's wedding as the time," said Tong Shengfeng. I'll leave with my men as soon as the time is up. You can clean up the mess yourself.

Yunxiao's eyes gleamed coldly as he smiled and said, "Sir, don't worry. As long as you help me on the wedding day, I'll settle the rest myself."

Yu Shengfeng nodded and said, "before you attack, give me those three items." If you can still live after this, then come to me with this jade pendant. I'll help you remove the restriction on your body." He threw a jade pendant to Yunxiao.

Yunxiao frowned slightly and said with a wry smile, "The older the ginger, the spicier it was. If his Red Moon City did not die, it would still be under his control.

However, he didn't have time to think about it anymore. It was already a great surprise that he was able to get Yu Sheng Feng's help.

Previously, he was worried about the forces behind Tang Qing. Now, with the extraordinary master, Yu Shengfeng, here, even if he couldn't kill Tang Qing, he was confident that he could at least take Jiang Ruobing away!

I'll need you to deal with this matter," Yu Shengfeng said to Fu Yichun. cooperate with li Yunxiao.

...

"Yes!"

yes," Fu Yichun replied hurriedly. He started to come up with a plan in his mind.

He was the most sincere person to rely on nie Shengfeng. He also knew that his price wasn't high and hoped to make some achievements.

At this moment, Luo Tian was lying on the ground, motionless, as if he had completely fainted.

Yu Shengfeng pointed his finger in the air and with a "PU" sound, one of his acupuncture points exploded. It was so painful that he immediately jumped up, his face full of pain.

To everyone's surprise, the poison in Luo Tian's body seemed to have been mostly expelled, and he was full of vitality.

Qiu Mujie's expression became even gloomier. His five-flower Scorpion poison was considered an ultimate poison and was extremely rare. He originally thought that no one in the world except him could cure it, but he didn't expect it to be so easily dissolved by Xun Shengfeng.

Luo Tian sobered up from the intense pain, and a trace of doubt and dullness flashed through his eyes. His face immediately turned pale, and his face was filled with fear as his body trembled.

Yu Shengfeng seemed to have expected this and turned a blind eye to his appearance, "Luo Tian, you'll still be leading the group. Return to Red Moon City. Just say that their mission to capture Yunxiao and Qiu Mujie had failed and that they had suffered heavy casualties. The few of us will become your followers."

"It's, it's Lord Xuanji!"

Luo Tian bit his lips, his eyes filled with fear and shame. He finally gave in.

...

Yu Shengfeng glanced at Bo Yuqing, who was lying on the ground, and said, "Idiot, you should get up too!"

m-master Qianqian. Bo Yuqing finally dared to speak, but he was still sweating.

“Hmph, you’ve already remembered that I’m your master? Tell me, is the aegirine fun?” Yu Sheng Feng bent down, his eyes cold.

Bo Yuqing’s face was bitter and he didn’t know how to answer. He could only bitterly say, “It’s not fun,”

Everyone was drenched in cold sweat, and they couldn’t bear to look at it.

Although Bo Yuqing was Chu Shengfeng’s disciple and it was nothing to be beaten, scolded, and taught a few lessons, he was still a powerful expert after all, skilled in both martial arts and technique, and the junior Brother of the world’s chief of alchemy, so he had to give him some face.

Just as everyone was thinking, suddenly, Yu Shengfeng’s figure moved and he stepped over, directly stomping Bo Yuqing’s head into the ground!

“Bang!”

The ground cracked and shattered as Bo Yuqing’s entire upper body was stuck in the ground.

“?!”

There was a slight sound of cold air, and everyone was sweating.

After that kick, Yu Shengfeng seemed to have calmed down a little. He went forward and directly grabbed Bo Yuqing’s hair, pulled him out, and kicked him in the butt.

How could Bo Yuqing dare to resist? he was sent flying dozens of steps before he could stabilize his body. He was in a sorry state and his hair was a mess.

“You embarrassing thing, I’ll let you stay by my side for now. I’ll decide how to deal with you after I see your performance in the future!”

Yu Shengfeng snorted coldly and left with a wave of his long sleeves.

Everyone did not dare to say a word and followed behind him.

Yunxiao looked back at the ground. A cloud of fire flashed between his eyebrows, and a huge Phoenix flew down and burned all the traces to ashes.

In the flames, the spirit God battleship slowly rose into the air. It suddenly turned into a ray of light and headed toward Red Moon City.

Chapter 1399-exiting seclusion

Within The Purple Cloud Peak, a sea of clouds covered the peak of a mountain. Under the sunlight, it was as red as a pill.

Suddenly, a line in the clouds turned into a strange color, and the extreme sky shook. The red light turned into a five-colored light, which was a mix of Crimson and bright.

The five colors gathered from all directions and formed an ancient bronze door with hundreds of nails on it. The two huge bronze rings looked like snakes and Dragons.

“He’s out!”

On the peak of the mountain, two warriors flew out of an octagonal pavilion and looked up at the clouds with surprise.

The two huge bronze rings turned and transformed into long snakes that slithered around. The door nails flashed with a myriad of colors and slowly gathered into various formations.

“Swish!”

The heavy and thick copper Door of unknown weight slowly opened, and the two martial artists were overjoyed. Just as they were about to inspect it, they felt a wave of spiritual power hit them in the face.

The two of them were shocked at the same time. The strength of the spiritual energy almost swept through the entire space!

“Bang! Bang!”

The two of them were sent flying at the same time. They spat out a mouthful of blood and were extremely frightened.

After the spiritual power spread out, the copper Door had disappeared into the clouds, and only a man in embroidered clothes stood with his hands behind his back. The two of them were shocked and hurriedly went forward to pay their respects. “Greetings, young master Tang Xin! The young master has finally come out of seclusion!”

The person in front of him was Tang Xin. Spiritual light surged all over his body, and his body seemed to become a little transparent. After a while, it gradually became solid.

The two martial artists were shocked. Tang Xin had just broken through to the Martial Emperor realm when she started her closed-door cultivation, but they could not detect her cultivation at this moment, and there was a very terrifying aura vaguely.

“What time is it?” Tang Xin let out a sigh of relief. Her eyes were misty as she looked at the sky lazily, as if everything was like a few floating clouds in the sky.

“Young master, there are still three days before the wedding! If young master still doesn’t come out of seclusion, I’m afraid that the first master will send someone to forcefully break out.” One of the Warriors said hurriedly.

“Break through by force? Hmph.”

Tang Xin waved her hand. he knows the importance of my closed-door cultivation this time. If I don't show up in three days, the old man will probably find someone to replace me.

“This bi an ...”

The two cultivators “expressions became strange, both of them wearing a look of disbelief. After all, the wedding was announced to the world, and the strong would gather. Sending a substitute would not be able to hide it from the eyes and ears of the world.

Moreover, everyone knew the purpose of this wedding. It was to win over the Jiang family and appease the old forces in the red moon City, so that Tang Qing's position would be more stable.

After the battle with the sea Race, the strength of the entire Eastern Region was greatly weakened, and the red moon City also suffered heavy losses. However, on the contrary, Tang Qing's prestige was gradually rising, and she had basically taken full control of the red moon City. With this marriage, there would be no future trouble.

Therefore, this wedding was an extremely important marriage in the eyes of many forces in the world. It symbolized the replacement of the old and the new in Red Moon City and the beginning of the era of the Tang family's dominance.

Tang Xin saw that they didn't believe her and laughed, “Do you think that the old master wants to secure his position as the Overlord through marriage with the Jiang family?”

“Haha, what a bunch of ants! This is also why my father is the master of Red Moon City and you are not!” Tang Xin's face was full of sarcasm.

The two martial artists looked at each other and lowered their heads, not daring to make a sound. They did not know what he meant.

A light flashed in Tang Xin's eyes, and there were runes moving and disappearing. The two martial artists were shocked and felt that Tang Xin's aura was completely different, as if she was a different person.

Tang Xin opened her arms, closed her eyes, and breathed gently, as if she was embracing the whole sky. After a while, she said sternly, " "To become the Overlord of the world, it's useless to rely on a few wives and allies! What was an Overlord? Only those who are strong can be the Overlord!"

The two cultivators felt the surging intent coming from his body and were horrified, hurriedly replying, "Yes! Young master is right!"

Tang Xin restrained her breath and said, " let's go. Take me to the old man. You arranged this marriage for me without my consent, but I heard that Jiang Ruobing is as beautiful as a fairy, so I don't mind having a taste of her. "

The three of them flashed and disappeared into the sky.

In the red moon City, there was a majestic main hall with six white jade pillars. Dragons and phoenixes were carved on the pillars, as well as hundreds of beasts.

The hall was shrouded in spiritual energy, and there were many figures standing tall.

The man in the middle bowed and did not dare to raise his head for a long time. Beads of sweat seeped out of his white hair, and his breathing began to become uneven.

The atmosphere in the hall seemed to be a little oppressive.

"Hmph!" Finally, someone couldn't help but say, " I won't say anything about li Yunxiao and Qiu Mujie's overwhelming strength. I just find it strange that you managed to come back alive when the whole Army was annihilated!

The person who bowed was Fu Yichun. Tang Qing's silence had long angered him. At this moment, his face was filled with anger and he said with a livid face, " "If you have any doubts, you can ask the masters in the sea of soul formation!"

"Lord Yichun, there is no need to be angry."

Tang Qing's voice came slowly, "The operation this time can be said to have been implicated by the sea of soul formation. If it weren't for Qiu Mujie's extraordinary strength, it would be more than enough to capture Yunxiao with the strength of my Lord and our brothers. What a pity!"

"Luo Tian and the other grandmasters are also seriously injured and have returned to their courtyards to recuperate." It's a pity that Lord Yong tianyun died. I'm afraid the sea of soul formation is going to hunt down Qiu Mujie."

The person from before said,"old master, what should we do now?" Yunxiao must have come to Fengling city for young master Tang Xin's wedding. Although we aren't afraid, if we were to be ruined by this brat in front of all the heroes in the world, we would really lose all our face."

Tang Qing leisurely turned around and said,"Qiu Mujie has nothing to do with us. However, he has appeared near the Redmoon city. Moreover, his strength is heaven-defying, so we have to be on guard." As for Yunxiao, he was stunned.

as for li Yunxiao, it doesn't matter! Suddenly, a clear voice was heard.

The pupils of the people in the hall contracted as they looked out of the hall.

A ray of white light flew over and landed in the center of the hall. Three people appeared.

The two martial artists behind him quickly knelt down and said, "Greetings to the old master, greetings to all the Lords!"

The leader of the group was dressed in fine clothes and had a calm expression. He smiled coldly and said, "If li Yunxiao dares to come, it'll be exactly what I want.

"Xiner!"

Tang Qing's face changed, and then she showed a look of great joy and said excitedly, "You've successfully come out of seclusion?"

This person was Tang Xin. She smiled faintly and said, "Yes, I am."

"Hahaha! Good, good, good!"

A rare smile appeared on Tang Qing's face, and she said "good" three times in a row. The excitement on her face almost made her lose her composure.

The surrounding people were a little confused. He had just finished cultivating. Even if he had made some progress, he didn't have to be so happy.

...

Many people turned their eyes to Tang Xin and only felt that his aura was really different from before. They even had a feeling that they couldn't see through him, which suddenly made everyone feel shocked.

Tang Xin smiled, "I've just come out of seclusion. I was worried that no one would test my cultivation. If that Li Yunxiao dares to come, my wish will be fulfilled."

After laughing, Tang Qing said, "since you've come out of seclusion, you naturally don't have to be afraid of Li Yunxiao. But, it's just a little awkward." There are too many rumors about Li Yunxiao. Although some of them are exaggerated, he is indeed a man with great strength. You'd better try not to get into a conflict with him. I'll arrange everything.

Although Fu Yichun was also surprised by Tang Xin's aura, he sneered in his heart. Yunxiao's strength was so strong that no one could suppress him except a peak martial Supreme. Even a hundred Tang Xins would die.

Tang Xin's face showed displeasure and said, "Could it be that father doesn't have confidence in me?"

"It's not a matter of confidence, but there can't be any mistakes in the wedding." You can be at ease and be the groom."

Tang Xin wanted to say more, but seeing Tang Qing's determined look, she knew that she couldn't be stubborn, so she had to give up, her face full of dissatisfaction.

Suddenly, Tang Qing's body moved slightly. He turned his palm and a Jade tablet appeared in his hand. He frowned.

His expression turned serious. I'm already aware of the matter. There will be follow-up arrangements. All of you may leave.

"Yes!"

Everyone looked at each other and knew that they could not stay any longer, so they left one after another.

...

Tang Qing pondered for a moment and said, "Tang Xin, you stay." &Nbsp;

Tang Xin stopped, turned around, and looked at her father with some doubts.

"It's time to let you know something, follow me," said Tang Qing.

After a brief moment of shock, Tang Xin was overjoyed and her eyes were filled with excitement.

The two of them walked into the back of the hall one after another. They bent down the corridor and a well-arranged building appeared in front of them.

Tang Qing lifted his feet and walked to a side hall, which was where he lived. Tang Xin followed closely behind.

"Xin 'er, do you still blame me?" Tang Qing suddenly asked.

Tang Xin's heart trembled and her expression changed slightly. "No, I didn't,"

Tang Qing said, " although I supported the demon race in the matter of songyue yang city, I didn't know that they were going to take the lives of the entire city to refine the profound level weapon. If I had known, I would not have let you fall into such a predicament."

A gloomy expression appeared on Tang Xin's face, and her expression couldn't be seen. She just snorted.

Tang Qing sighed and said, " I know this matter must be a knot between you and my father. But I don't mind. I don't care if you hate me or blame me. I only care that you're not capable and that you've become a waste. But these things no longer exist."

Tang Xin stopped and said,"if I can't get out of seclusion smoothly, then ..."

Tang Qing's eyes narrowed. He flicked his long sleeves and said bluntly, " "Then, the person following behind me now is your big brother."

Tang Xin's heart trembled. Although she knew the answer, her face still turned pale.

"If you don't have the strength, letting you stand in this position will only harm you," Tang Qing said leisurely.

Tang Xin clenched her fists and said,"I understand." "The past is like a cloud and smoke. The fact is that you have allowed me to stand in this position, father!" He smiled.

Chapter 1400

1400 What is an Overlord?

"It's good that you can think this way," Tang Qing nodded. You and Jie 'er are both very motivated, and all your efforts are in my eyes. But your achievements will definitely be greater than his, so I don't want you brothers to kill each other. I will find a chance to be honest with him and let him know his place."

Tang Xin's eyes narrowed slightly and said, 'it'd be best if that could be done. I won't care about the past.'

"This is the breadth of mind and boldness that a hegemon of a generation should have," said Tang Qing with a smile. Come with me, I'll take you to see a very important person. Don't say anything later, just watch."

Tang Xin nodded and the two went straight into the side hall. There was no one inside, and it looked a little gloomy.

Tang Qing waved her hand, and a large number of runes flew out from her hand, restricting the surroundings at once. She seemed to be extremely careful.

He then took out the jade pendant, crushed it, and scattered it on the ground.

Tang Xin's pupils shrank. At a glance, he could see that there were several layers of arrays on the ground. As the Jade powder was immersed in it, it was activated and countless green lights surged.

The figure of a man slowly appeared from the light. He had a dignified expression and said with dissatisfaction, "Tang Qing, you've actually dawdled for so long!"

Tang Xin was shocked and looked over. The man looked very unfamiliar. She didn't know who he was, but he dared to criticize her father.

The man's expression changed when he saw him. He said angrily, "who is this person?!"

Tang Qing smiled. I was delayed by something. This person is my son, Tang Xin. Lord Wei Qing, you don't have to be suspicious.

"Wei Qing?" Tang Xin pondered for a moment, and her face suddenly changed. She immediately understood who the person in front of her was!

He seemed to suddenly realize that no wonder his father dared to cut off all means of retreat and take down Red Moon City in one fell swoop. It turned out that he had this Lord behind him! His eyes couldn't help but become heated.

Hmph! Wei Qing's face was cold as he snorted, " what, you plan to retire from the world and hand over the red moon City to this kid? "

haha, " Tang Qing laughed, " I do see him as my successor. That's why I brought him here to meet you, Sir.

Hmph! Wei Qing snorted. I'm not interested in your business. Now, help me do two things!

"What has made Lord Wei Qing so anxious?" Tang Qing frowned and asked.

you know li Yunxiao, right? " Wei Qing asked with a serious face. I'm sure you know him.

Tang Qing's expression changed slightly, and Tang Xin was also a little surprised. The two looked at each other and showed a puzzled look.

li Yunxiao has been wanted by the entire Red Moon City for a long time, " said Tang Qing. of course I know.

this person is very important, " Wei Qing said. I've specially sent mad hero to capture him. Just in case, I've also sent Xiao Xiao and Huan mie to secretly watch him.

"Did you send Feng zijie?" Tang Qing asked in surprise.

"Yes, what's the matter?" Wei Qing nodded.

no wonder crazy Jie and Li Yunxiao fought in Fengling city! Tang Qing said with a wry smile.

“A great battle?” “What’s the result?” Wei Qing’s face darkened. Is li Yunxiao still alive?”

my Lord,” Tang Qing raised his eyebrows and said with a smile, “it seems that you don’t want Yunxiao to die, do you?”

“Tang Qing, are you trying to get information from me?” Wei Qing said coldly.

“I don’t dare to. As for the result of their battle, it’s still unknown,” Tang Qing hurriedly replied. He immediately told her everything he knew.

From Yunxiao and Qiu Mujie’s battle in Fengling city to their teleportation, and then to the information Fu Yichun had sent back, he told them everything in detail.

Wei Qing’s expression turned extremely unsightly, “The people you and the sea of soul formation sent out were almost completely annihilated? Hmph, has the red moon City already weakened to this extent? You don’t even have one or two capable experts?”

the people I sent were only to capture li Yunxiao,” Tang Qing said unhurriedly. but they were implicated by the sea of soul formation and killed by mad hero. I didn’t expect that madman Jie was sent by you, and you didn’t inform me in advance. Shouldn’t you give me an explanation?”

I only asked him to capture li Yunxiao,” Wei Qing snorted coldly. who knew he would cause trouble? ” Don’t tell me that I have to inform you before sending people into the red moon City? Isn’t great sect Master Tang Qing’s time too cheap?”

“Alright, let’s not talk about this matter,” said Tang Qing. Why has Lord Wei Qing summoned me this time?”

Wei Qing said coldly, “the matter should have happened because of this battle!” The information you’ve received is probably wrong!”

“What do you mean?” Tang Qing’s pupils shrank.

Wei Qing said, "on the surface, Feng zijie is submissive to me, but in reality, he has long intended to betray me. That's why I sent Xiao Xiao and Huan mie to secretly monitor him." And not long ago, their life tablets were shattered, and I lost contact with crazy Jie!"

"What?"

Tang Qing was shocked and cried out, " Lord Xiao Xiao and Lord Huan mie are peak nine-star Martial Emperor experts. How could their life tablets be broken?!"

I also feel that this matter is very strange. In the entire Eastern Region, only your Red Moon City can do this! Wei Qing's face was cold.

"Are you suspecting that I did it, my Lord?" Tang Qing asked in a deep voice.

of course not, " Wei Qing said. doing this will do you no good. You're a smart person.

"Could it be that mad hero killed him?" Tang Qing's heart moved.

Wei Qing's face was gloomy and uncertain. He said, " Feng zijie is indeed very strong, but in my eyes, he's not strong enough to fight against two peak nine-stars martial sovereigns. Besides, we've lost contact with Feng zijie. I'm afraid that there's another expert who's making a move. The situation you told me just now sounded too calm. It doesn't match the result of all three of them getting into trouble."

"But this matter was personally witnessed by a group of soul formation realm Masters. Fu Yichun wouldn't lie to me," Tang Qing said suspiciously.

"No matter what, help me find out the truth immediately." Yunxiao's whereabouts and the true murderer of Xiao Xiao's death. As for crazy Jie, let the people of the sea of soul formation take care of him."

"What's the matter?" Tang Qing said with a faint smile, "does my Lord want to kill the donkey when the grinding is done?"

I don't like this term," Wei Qing said coldly. if you don't know how to use it, why don't I find a private teacher to teach you? "

Tang Qing smiled and said,"it's human nature to work together if there's an advantage and separate if there's no advantage." It shouldn't be difficult to find Yunxiao's whereabouts, but I'm afraid I can't find the murderer who killed Lord Xiao Xiao and Lord Huan mie."

"Do your best for these two matters, I'll make other arrangements." Wei Qing said in a deep voice. And, li Yunxiao, don't hurt him. I want him alive."

"The Redmoon city will do its best to complete the task given by the Lord," Tang Qing nodded and said.

Wei Qing snorted and his figure disappeared into the light screen.

"How is it, Xin 'er?" Tang Qing turned around and smiled.

Tang Xin's face was covered with a layer of haze and she said coldly, " "Isn't this Wei Qing a little too arrogant? Although they are famous in the Holy region, they don't have the right to order us around like subordinates!"

...

Tang Qing nodded and said,"if it wasn't for Wei Qing, it would've been very difficult for me to take down the city Lord of Redmoon city." And he also needed a controllable Red Moon City, which was why they agreed. Although we're in an Alliance, there are still primary and secondary matters in an Alliance. Moreover, compared to his reliance on Red Moon City, I need to rely on him more."

I understand," Tang Xin said. one day, I'll make the red moon City and these people really be on equal footing!

"He should have this kind of spirit," Tang Qing praised. The world's Overlord was to dominate a region and not be restrained by anyone. The current Red Moon City is far worse than the other six sects. The

most important thing is not that the red moon City has experienced many twists and turns and the overall strength has been greatly reduced, but father's strength is far worse than the other six sect Masters!" He was a little dejected.

don't be sad, father, " Tang Xin hurriedly said. we'll catch up with the other six sects sooner or later.

Tang Qing shook his head with a wry smile and said, " you don't have to comfort me. This is the peak of my life. I have no regrets if I can help the four extremes sect stabilize in Red Moon City. If the red moon City wants to regain its glory, it will have to rely on you."

He patted Tang Xin's shoulder, and Tang Xin felt a warm stream flowing in her heart, full of strength.

"Fortunately, you didn't let me down." but you must remember that no one can be relied on, " Tang Qing praised. you can only rely on yourself for everything.

Tang Xin nodded cautiously and said, " "I won't let you down, father!"

At this moment, in a row of exquisite courtyards in the red moon City.

Luo Tian and the others returned, but they looked dejected and listless.

The maidservants arranged by the red moon City to serve them were all carefully serving them, not daring to make a sound.

...

Yu Shengfeng and the others had disguised themselves as the dead, so these maidservants couldn't tell.

Seeing that Yu Shengfeng did not give any instructions, everyone went back to their rooms to recuperate. Yunxiao and Qiu Mujie also returned to their own rooms.

Bo Yuqing was stopped by nie Shengfeng and entered the secret room with him.

Bo Yuqing's face was a little pale. Looking at Chu Shengfeng's back, his eyes were filled with guilt and he didn't dare to say a word.

After a while, it was Yu Shengfeng who spoke, "All these years, you've also suffered from the aegirine. You've finally gotten what you deserve."

Bo Yuqing's body trembled as two lines of tears fell, speechless.

alright, since I didn't kill you, I've forgiven you. "I can see that you've already become blind. If you don't receive treatment, I'm afraid you'll die under the aegirine!" Yu Shengfeng said coldly.

save me, master! Bo Yuqing said with a trembling voice. does master have a way to save me? "

"Nonsense!" Yu Shengfeng said. Your master's lineage was inherited from demonic servants. Who in the world knows more about the rainbow twin stones than your master? Hmph, do you really think that I fell into your trap back then?"

Bo Yuqing's body trembled, his face full of horror. A thought he had never had before instantly surged into his mind.

Yu Shengfeng sneered and said,"if I didn't set this up on purpose, do you think Lu congzi can hurt me so easily?" However, I never thought that he would hide his strength so deeply that even I didn't notice it at all. That's why I failed at the critical moment and almost regretted it for the rest of my life! And what disappoints me the most is that you actually attacked together with him. It really disappoints your master!"
