

## The Eternal 1401

### Chapter 1401-sacrifice

Cold sweat poured down Bo Yuqing's face as he knelt down with a plop and cried, "Master, your disciple was wrong. All these years, every time I think about this, I feel so much pain that I want to die."

"Get up. It's also your master's fault for not telling you the plan in advance," said Yu Shengfeng. "You were used by him." I didn't want to alert the enemy, but I didn't expect Lu congzi to be so brave and astute that he could break my arrangements and finally turn the tables." In addition to the coldness in his eyes, there was also an unusual gloominess, as if he was very afraid of this disciple!

Bo Yuqing cried bitterly. back then, Lu congzi came in a hurry and told me that something had happened to master. That's why I followed him to break through the array. I didn't expect to ruin master's great plan. Later, when I saw master make a move and believed his lies, I thought that master had been bewitched by the aegirine and that his divine sense was no longer clear. Thus, I made a hasty move, resulting in a thousand years of regret!"

Yu Sheng coldly snorted, "I know your character very well. Although you are somewhat clever, you are loyal and would not betray me. Otherwise, how could I spare your life?"

"Master just said it was a deliberate setup back then?" Bo Yuqing asked.

Yu Sheng Feng's pupils shrank slightly as he nodded, I've long noticed that Lu congzi has evil intentions, so I've been on guard against him. I didn't expect him to be on guard against me first!

He glanced at Bo Yuqing and said, "this matter has to start from this piece of ni Shi." When I obtained this stone, I was overjoyed and immersed myself in it, wanting to refine it and achieve an extreme Yin body. But do you know that in the notes and insights left behind by the ancestors, it clearly stated that the two rainbow stones can not be refined, and there is only one way to do so?"

however, I was too proud to believe in such things. Hence, I refined it for ten years without any progress. I had no choice but to believe it.

"How many ten years of life do you have to waste?" Yu Sheng Feng said with a sigh.

what? ” Bo Yuqing was a little confused. didn't master just say there was only one way? ”

Yu Shengfeng said, ”that's right, the only way is to 'sacrifice'!” Using 'death' to refine the two stones, although they can be fused, there is no life force left. It is just a waste to help others!”

Bo Yuqing's expression suddenly changed, revealing a shocked expression as he cried out, ” “Could it be, Zhenzhen? Zhenzhen?”

Yu Shengfeng nodded and said, ”that's right, I can tell that you're cultivating the 'death sacrifice' technique.” Hehe, Lu congzi must have taught you this, right?”

Bo Yuqing's face was pale, and apart from the emptiness in his eyes, there was also extreme anger. He clenched his fingers and said coldly, ” “Lu congzi! You should die!”

Yu Shengfeng laughed. you're not stupid. You must have stopped refining for a long time. Otherwise, you would have died long ago!

Bo Yuqing was silent. If it wasn't for the fact that he had been on Xian Kong Island all these years and had the Saint weapon ru I heard that it had been constantly leaking divine power to suppress his injuries, he would have died long ago.

Yu Shengfeng laughed, ”among the past generations of demonic servants, only Grandmaster Yu Yixian has cultivated this 'death sacrifice' technique. It can be considered as a blessing for future generations.” Back then, I already knew where Grandmaster was hiding, but I didn't go to look for him. This is because the rejection of a possessed body is very great, and it's very difficult to completely fuse with it. Unless you devour the other party's soul as well, Qianqian.”

“?!”

Bo Yuqing's body trembled and he said in fear, ” “Master's meaning is Wufu?”

Yu Shengfeng's eyes turned cold as he said in a cold voice, "That's right. That's why I chose Lu congzi to be the 'sacrifice'! They wanted him to cultivate to the final stage and at the moment of life and death, they wanted him to possess his body and devour his soul! In this way, I'll be the only one in history to cultivate the dual polarity divine body!"

He said coldly, " moreover, Lu congzi's soul power is extremely strong. It'll benefit me greatly if I devour it. In addition, I'm already very wary of this person. It's killing three birds with one stone! It's a pity that he's far more powerful than I expected!"

Bo Yuqing's body turned cold when he heard this, only feeling a chill. He had always thought that Lu congzi had deceived his master and killed his ancestor, and he had been deceived into becoming an accomplice. Now that he heard it, Lu congzi's situation was excusable.

Yu Sheng Feng looked at him coldly and said, "In this world, strength alone isn't enough to run amuck. Wisdom and talent are also of utmost importance. In terms of intelligence, you're far inferior to Lu congzi. In the past hundreds of years, the only person who can be mentioned as his equal in my eyes is this li Yunxiao!"

His eyes flashed with a sharp light, but no one knew what he was thinking.

Bo Yuqing lowered his head and did not dare to say a word. He knew many of Yunxiao's secrets, and he was hesitating whether to tell him or not. After a moment of thought, he finally fell silent.

Yu Shengfeng didn't know what he was thinking and continued, I'll let bygones be bygones. From now on, you'll follow my orders and deal with Lu congzi together. Don't take out the neon stone in your body for the time being, or it'll damage your body and cultivation. I'll teach you a set of martial arts that can temporarily suppress it and also use a little bit of the power of the aegirine."

"Thank you, master," Bo Yuqing said, overjoyed.

Yu Sheng Feng nodded and began to teach.

At the moment, Yunxiao was also recuperating in a secret chamber of the cabin. On the way here, he had observed the seal on his dantian for a long time, but he did not dare to move it at all because he had no confidence in breaking it.

He took out a Jade slip, placed it on his forehead, and scanned it with his divine sense. He immediately frowned. This Jade slip was secretly passed to him by Qiu Mujie along the way. It contained the plan to work together and escape.

He fell into deep thought. It was almost impossible to escape from a divine transcendence expert. Moreover, the seal on his dantian could not be removed. There was no point in escaping.

He remembered that during the auction, the purple lightning seed in his dantian had broken the restriction on its own. This time, there seemed to be no reaction. This also proved that the restriction that Chu Shengfeng had placed was extraordinary.

One had to know that this person was a legendary figure, the master of the chief of the sea of soul formation. Even if he recovered to his peak strength from his previous life, he would not dare to underestimate him.

Yunxiao pondered for a moment. After memorizing the contents of the Jade slip, he destroyed it and entered the divine realm tablet.

The lingmu flute was still hanging on the devil essence lock. Its head was lowered, and its expression was calm, as if it had returned to normal.

Yunxiao performed an incantation gesture and was about to withdraw The Fiend lock when lingmu di suddenly said, "Don't move, just let me stay on these chains."

His eyes revealed a look of surprise, and he said, "How was this thing made? it's completely suppressing the rainbow stone baleful Qi in my body."

I'm afraid I can't keep this chain," Yunxiao said with a wry smile. I'm afraid I can't. He then explained the origins of the demonic vitality lock, the demonic servant lineage, and the matter of nie Shengfeng.

Lingmu di was stunned for a while before he said, "I didn't expect such a thing to happen. Back then, there were too many demonic servants, and I thought I killed them all. I didn't expect there to still be fish that escaped the net. The demon servants were controlled by their demon masters and could not betray them. They could only pass down their demonic techniques and no longer have that kind of will. It's a great achievement to be able to create such a chain."

Lord lingmu di, "Yunxiao said. do you have a way to get me out? "

I don't know what kind of state 'divine transcendence' is," lingmu di said. but it's beyond the peak of nine-star, and I can't defeat it now. However, if we fight to the death, with the undying power of this body, the ice fiend Heart Flame, my heaven patrolling bull, and beiming Nan's seven Illusion Green damask, we might have a chance."

'Forget it,' Yunxiao said with a wry smile. Not only is Yu Shengfeng a divine transcendence expert, but he has also refined the extreme Yin body of the aegirine. He also has demonic techniques and many powerful profound level weapons. I'm afraid that even ordinary divine transcendence experts are not his match."

"Refined the aegirine? It's impossible!" Lingmu di was shocked and denied it.

there is no absolute in this world," Yunxiao said. as a demonic servant, he can refine fiend lock, so it's not impossible for him to suppress the fiendish energy of the rainbow stone.

Lingmu Di's small eyes slightly contracted. "If that's the case, it might not be a bad thing." He also fell into deep thought, as if he was thinking of something.

I'm really at my wit's end now," Yunxiao sighed. I'm being controlled by this man. Other than the devil essence lock, he can't hand over anything else he wants."

Lingmu Di's eyes flashed with a cold light."The key is whether you have the confidence to break the seal in your body. When the time comes, hand me over, and I'm confident that I can use the ice fiend Heart Flame to injure him when he's caught off guard!"

do you mean a battle? " Yunxiao asked thoughtfully.

he knows that you have the ice fiend Heart Flame and how powerful it is," lingmu di said coldly. how can he let it go? "

Yunxiao nodded. I was going to use him to hold back red Moon City for me. Now, I can only take one step at a time. I'll try to break the seal in my body first.

He bade farewell to Ling mudi and teleported to Mount innerheart. He said, " "Brother Gao Han, I've come to visit you again."

Yuan gaohan, who was cultivating with his eyes closed, slowly opened his eyes.

I'm really at my wit's end this time," Yunxiao said with a wry smile. I came to see brother Gao Han to see if there is a solution.

...

Yuan gaohan replied coldly,"a dead end?" With this holy weapon in your hands, you will never be at a dead end. What do you want to lie to me for? just say it!"

a Saint artifact is powerful," Yunxiao said. but who can exert one hundred percent of its power? "

Yuan gaohan rolled his eyes at him and said,'I'm afraid no one can force you into a desperate situation except for a peak nine-stars martial sovereign, right? Don't tell me you're being hunted down by a peak nine-stars Martial Emperor."

brother Gao Han, you're right," Yunxiao said. he is indeed not a peak nine-stars martial sovereign.

"Hmph!" Yuan gaohan snorted,"then what do you mean by being at a dead end? Don't bother me if there's nothing! I've never seen someone as thick-skinned as you in my entire life!" His face was filled with anger.

Yunxiao smiled wryly. if he was a peak nine-star expert, I wouldn't have come to bother you, brother Gao Han. I'm really lucky this time, and the probability of me meeting a divine transcendence Pi Xiu is even smaller than meeting a ghost.

Staying up late was really uncomfortable. Both his body and mind were tired.

Chapter 1402

1402 The Purple Heart origin pill technique

Yuan gaohan stared at him for a long time before saying, "You're playing with me?"

he has already put a restrictive spell on me," Yunxiao said with a wry smile. I'm here to ask for your help, brother Gao Han. "Look at my bitter face, do I look like I'm toying with you?" he pointed at his face.

Yuan gaohan swept his divine sense over Yunxiao, but the latter did not have any defense and let his divine sense enter his body directly. He immediately found something strange in his dantian, and when he carefully observed it, his face changed.

With a thought, Yunxiao gently pushed his divine sense away and said leisurely, "Now you believe me?"

Yuan gaohan's face was as red as an eggplant as he roared, "Why do you always stir up trouble? you even dare to provoke divine transcendence! You're really looking for death!"

I was doing well alone," Yunxiao said bitterly. it was him who suddenly appeared and caught me off guard.

"Who is this person?" Yuan gaohan asked in a deep voice.

this matter involves too many people, so I can't tell him his name for the time being," Yunxiao said. in short, he used to be an earth-shaking figure, but few people know about him now.

Yuan gaohan replied coldly, "to be able to break through the limits of martial arts, which one of them isn't an earth-shattering person?" There are all kinds of wonderful techniques in the world in the Holy realm. Tell me about this person's background so that I can find the formula for you. Otherwise, How can I find information in the vast sea of techniques?"

but this matter does involve too many people, " Yunxiao said seriously. you have to make a heart oath first to never disclose this man's matter.

"He placed a restriction on you, yet you're still protecting him?" Yuan gaohan asked curiously.

I'm not protecting him, " Yunxiao shook his head. I'm just afraid that the world will be involved in this mess, which will directly break all kinds of situations and cause a bloody storm.

"It's that serious?" Yuan gaohan frowned. I'm really curious." "Can you tell me now?" he immediately swore a heart's oath.

do you still remember Gu Shengfeng? " Yunxiao asked. do you remember him? "

"?!"

Yuan gaohan sucked in a cold breath and jumped up from the ground. He grabbed Yunxiao and cried out in surprise, " Who are you talking about? Did I hear you right?"

Yunxiao slapped his hand away and said, " that's right. He's the master of the world's chief of alchemy, Lu congzi, and the president of the soul formation sea. He's Chu Shengfeng.

Yuan gaohan was stunned for a moment. Perhaps he was too shocked and seemed to be a little numb. He said in a daze,"How is this possible? How old was he? How could he still be alive?"

not only is he still alive, " Yunxiao said. he's already unimaginably powerful. Even when I was at my peak in my last life, I didn't dare to say that I had the confidence to win against him. He had extraordinary cultivation, a saint's body, top-tier Arts, and a few extremely terrifying profound level weapons. Tsk, tsk, I'm afraid there are only a few people in the world who can defeat him."

Yuan gaohan was in disbelief, "how could it be like this?!"

that's the truth," Yunxiao said. I feel that the world is getting more and more chaotic. Don't be in a daze. Help me think of a way to break the restriction on my body."

Yuan gaohan came back to his senses and said in a deep voice, "If it's Sir Chu Shengfeng's technique, I'm afraid there's nothing in the world that can break it, only force!"

why would I come to you if I wanted to break the seal with force?" Yunxiao said grumpily. I don't want to see you. This spell seal is sealed in my dantian, so if I break it with force, it will definitely damage my dantian's sea of Qi. The consequences will be so severe that it's difficult to estimate."

"What else can we do?" Yuan gaohan asked. Sir Xun Shengfeng is a legendary figure who is of higher seniority than my master, how can you and I break the seal he planted?"

He was a little angry as he pointed at Yunxiao and scolded, "if you didn't always cause trouble outside, how could you have provoked master Sheng Feng? why didn't he deal with other people, but you!"

Yunxiao touched the bridge of his nose and said with a wry smile, "I'm really innocent. He really just had to deal with me. Let's not talk about this for now, help me think of a way first."

"A way? I'm just a little Alchemist, how can I have the ability to break the restrictive spell set up by Sir Hu Shengfeng!" Yuan gaohan's face was filled with anger.

I remember there's a divine ability in the Holy region called the Purple Heart origin pill art," Yunxiao said. it can turn the purple mansion in one's dantian into an iron wall, and nothing can hurt it.

Yuan gaohan frowned and asked suspiciously, "What is this divine ability? I've never heard of it before, and I don't know if it exists in the Holy region. How did you know?"

Yunxiao smiled. I've heard of it before, but I've never seen it. Now I remember it by accident.

“Alright, I’ll check it out for you now,” said Yuan gaohan. Even if it does exist, I don’t know if we have enough time.”

“Go,” Yunxiao said.

The two sat down opposite each other, and Yunxiao began to plan how to escape from Yu Shengfeng.

In the Holy region, Yuan gaohan turned into a ray of light and flew out of the spiritual priest, then landed in a side hall.

The two guards were shocked. After seeing his face clearly, they hurriedly saluted and retreated to the side.

Suddenly, a figure flashed through the hall and slowly walked out.

Yuan gaohan’s body froze, and a sharp light flashed through his eyes, “Lord Wei Qing.”

“So it’s Lord Yuan gaohan.”

It was Wei Qing who slowly walked out of the hall. His expression was calm, and a strange light flashed in his eyes. “Why has Lord Yuan gaohan come to the ocean of books Pavilion?”

“I’m looking for some information,” said Yuan gaohan. Lord Wei Qing rarely comes, is he also looking for information?”

“Yes.”

Wei Qing responded and walked out calmly, “Lord Gao Han, please enter.”

Yuan gaohan wasn't polite, directly walking past him and stepping into the hall.

Suddenly, Wei Qing's voice came from behind, "By the way, do you know the whereabouts of Daren's second soul?"

Yuan gaohan's pupils contracted, but a smile soon appeared on his face, "There are already clues. It should be soon."

"Oh?" "If there's any news, find it as soon as possible," Wei Qing said. I'm also looking forward to your breakthrough to the peak of the art Dao as soon as possible."

"Thank you for your concern, my Lord," Yuan gaohan said.

With that, he stepped into the hall and disappeared from Wei Qing's sight.

Wei Qing's eyes narrowed. After a moment of silence, he turned into a ray of light and disappeared from the hall.

Divine realm tablet, under mount inch.

Yuan gaohan suddenly opened his eyes, revealing a look of surprise, "I found it! There really is such a technique!"

Yunxiao's face lit up with joy, and his eyes shone.

Yuan gaohan looked at him suspiciously and said, I don't know where you learned this technique, but it's strictly forbidden to teach it to outsiders in the book Ocean Pavilion of the Holy region. However, the situation is urgent now, so I'll make an exception for you! he said.

...

the way of the Purple Heart, with the zhengyuan pill, close your breath and go up to the top, ” Yuan gaohan began to teach them one by one.

As he tried to understand and learn, he couldn't help but be shocked.

This method was completely to cultivate the dantian's sea of Qi, making it as solid as an impregnable fortress. It was the foundation of all techniques. If a martial artist could learn this method, the dantian's ability to withstand it would be more than a hundred times stronger.

In other words, when he was absorbing vital Qi, he no longer had to worry about his body exploding and dying. He could do as he pleased. This also meant that his cultivation speed would be greatly increased.

Yuan gaohan's forehead was covered in cold sweat. At first, he thought it was some kind of obscure secret technique, but he didn't expect it to be such a powerful cultivation technique. He began to regret it.

But now that the arrow was nocked, he could only force himself to read out the entire technique.

Yunxiao's face was filled with contemplation, and then he began to meditate and cultivate.

A large amount of spiritual energy gathered from all directions. Other than being absorbed through the pores on his body, most of it gathered directly in his dantian, forming a faint Nebula vortex. It was as if there was a strange beast in his dantian that was directly devouring the spiritual energy.

Yuan gaohan was dumbfounded. Even if he had the Purple Heart inner core technique, he couldn't withstand this kind of torment!

Yunxiao's dantian's ocean of Qi was much stronger and larger than that of ordinary Warriors, and now it was like a wild beast swallowing all rivers and oceans.

The spiritual Qi around his body transformed into water dragons and poured directly into his dantian, scaring Yuan gaohan so much that he kept retreating as if he had seen a monster.

...

“BOOM!”

After staying in this terrifying state for several hours, a muffled sound came from Yunxiao’s dantian.

A Whirlpool appeared above his dantian, turning into a purple lingering area.

He opened his eyes, and a flash of lightning appeared.

The spiritual power in his body circulated and pressed down on the restriction.

“BOOM!”

When the seal was touched, a huge force fluctuated, and a terrifying, vast force shot out of Yunxiao’s dantian. Even Yuan gaohan could feel the suppression, and he cried out in surprise, “ Li Yunxiao, are you alright? ”

Yunxiao’s face began to twist and turn hideous, and his eyes flashed with lightning and thunder. He did not say a word, but quickly made a hand seal.

Beams of golden light shot out from his body and transformed into a three-headed and six-armed transcendence golden body. Each face was ghastly and twisted to the extreme.

“Bang! Bang! Bang! Bang!”

His dantian suddenly exploded, and waves of power became violent. They directly blasted out from the inside and exploded into a bloody mist.

“What?”

Yuan gaohan was shocked, and a chill ran down his spine. It seemed that he had underestimated the restrictive force. With such a huge impact, Yunxiao was probably completely finished!

“Pfft!”

All three of Yunxiao’s faces coughed up blood, and a fierce look flickered in his eyes. He flapped his six arms and roared, “This young master doesn’t believe it!”

He suddenly activated the purple lightning in his dantian. Although it was extremely slow, it was spreading out bit by bit. Slowly, his entire body turned into lightning. Lightning flashed and Thunder roared in his sea of Qi, gradually turning purple.

As the purple lightning flickered, the power of the restriction was compressed, and the space became smaller and smaller.

But, once the purple Thunder seed was lured away, it was no longer under Yunxiao’s control. It gradually devoured his body of Green Thunder and turned into a purple light.

Yuan gaohan’s body trembled violently as he felt the destructive power sweeping through the entire world!

Yunxiao’s hair and beard were standing on end, and his body was covered in a purple light. He turned around and gave Yuan gaohan a look, then said with a wry smile, “I’ve gone too far this time, I can’t control myself anymore.”

“This is a Saint artifact!” Yuan gaohan shouted in shock, “the power of the world is under your control, so how can you not control it?” You didn’t die in tiandang mountain, so don’t die Here!”

Chapter 1403-realm power lock

I don’t want to die, ” Yunxiao said with a bitter face. I’ll try.

At this moment, the restrictive power had been completely devoured by the purple Thunder, but it had filled Yunxiao's entire body. He could not control it at all, and it seemed like it was going to explode.

With a single thought, Yunxiao's entire body appeared ten thousand miles high in the sky.

His six arms danced wildly and the great realm divine technique was used. The sky was golden and filled with Maha ancient characters that flashed continuously.

All of a sudden, Yunxiao's heart jolted as if he had come to a realization. He then performed a strange incantation gesture with his hand.

The ancient characters flickered and turned into light. They slowly condensed into a golden iron chain that stretched across the sky and bound his limbs.

"Hualala!"

Purple light flickered and the golden chain trembled, appearing and disappearing in the air.

The entire golden chain was created by the realm power in the Saint artifact. It was used to suppress the power that transcended the rules.

Yunxiao's entire body was bound dozens of times, and the other two ends of the chain extended to an infinite distance, as if there was no end.

Every time his body shook, a large number of boundary talismans would be sent out, and the suppressing force would increase. The violent purple lightning seemed to be suppressed and slowly retracted into his body.

Yunxiao was overjoyed. A crisis was gradually resolved, and his understanding of the divine realm tablet seemed to have deepened a lot.

The purple color on his body gradually faded away, and a brand new power gushed out from his dantian and rushed to his limbs and bones.

“You’ve advanced?”

Yunxiao was taken aback. The laws of heaven and earth emerged around him and slowly merged into his body.

‘Eight-stars Martial Emperor Qianqian’

He couldn’t help but feel a little strange. Although he had failed the last time, his strength had clearly increased. Now, he had just entered the eight-star realm, and he was vaguely touching the threshold of the nine-star.

“I don’t care, it’s a blessing in disguise. Not only has he become an eight-stars Martial Emperor, but he has also condensed this realm power chain.”

Yunxiao clenched his fist, and a golden chain appeared in his hand, flickering and flickering.

With a thought, the chain disappeared into the sky with a whoosh.

Yuan gaohan stood at the peak of Mount innerheart and looked at everything in the distance. He was shocked and muttered, “ he didn’t even die like this. This kid is really blessed by the heavens!

“Hahaha!”

Yunxiao’s loud laughter came from the sky, and then he disappeared in the blink of an eye.

The next moment, he appeared in the secret room.

His eyes flashed and a yellow light flickered in the secret room. He reached out and grabbed it, and a message was transmitted to his ears.

His pupils contracted slightly, and he tidied up his disheveled body before opening the door and leaving.

In the main hall of the small courtyard, Yu Shengfeng was already waiting.

“The two of you have recovered well.” With a smile in his eyes, Yu Shengfeng glanced at Yunxiao and Qiu Mujie and said, “Have the two of you considered it?”

He sat lazily above, completely fearless under the suppression of absolute power.

Qiu Mujie’s face was extremely unsightly as he glanced at Yunxiao with a very strange look in his eyes, as if he were asking for Yunxiao’s opinion.

Yu Shengfeng’s eyes turned slightly, a smile on his lips, and he didn’t care at all.

do we still have a choice now?” Yunxiao asked in a deep voice.

Qiu Mujie’s face changed drastically, and he looked shocked and angry, as if he was very angry at Yunxiao’s decision.

Yu Shengfeng rolled his eyes at him in disdain and laughed, “You must have tried to break the seal, what was the result?”

my Lord, you are Lu congzi’s master,” Yunxiao sighed. how can I break the restrictive spell you set up?” That “ice fiend Heart Flame” is in one of my puppets. I don’t have the ability to extract it. Lord, you can go and research it yourself.”

His glabella flashed, and the gourd little Vajra instantly landed in front of Yu Shengfeng.

Yu Shengfeng's eyes flashed with excitement as he said, "It's this puppet! I still remember it! When I first saw the ice fiend Heart Flame, I was really frightened!"

He stepped forward excitedly and observed carefully. Suddenly, a look of suspicion appeared in his eyes. Li Yunxiao, your puppet seems a little strange.

Of course it's strange," Yunxiao said. otherwise, how could it contain the ice fiend Heart Flame?" He waved his hands and a black chain appeared. He threw it over and said, "My Lord, this is your devil essence lock."

Yu Shengfeng's pupils suddenly constricted, and his eyes burst with killing intent as he stared coldly at Yunxiao.

With a smile on his face, Yunxiao performed an incantation gesture with both hands, and the devil essence lock spread out in the air, turning into a spider web and falling down, directly hacking into the wind lock.

Qiu Mujie's body trembled, and a look of pleasant surprise appeared in his eyes. He clenched his fists, and his arms transformed into golden fur as his body began to transform.

Yu Shengfeng didn't move from the beginning to the end, allowing the devil essence lock to bind him. He only looked on coldly, and the corner of his mouth curled up into a sneer, "You two, I really don't understand, where do you get the chance of winning?"

Yunxiao chuckled as well and said, "Many times, it's worth a shot even if there's a slight chance."

"But in my eyes, you don't even stand a chance," said Yu Shengfeng.

Not necessarily," Yunxiao said with a smile. Moreover, there were many more times. Even if there was no chance, he had to take a gamble. Who asked me to be so tough that I can't be a slave? Speaking of which, I have to Thank you, sir, for giving us some time to prepare."

Yu Sheng Feng sighed, "I knew that someone like you wouldn't bow down to others, otherwise you would have let me down .."

thank you for your praise, my Lord, " Yunxiao said. I'm flattered.

Killing intent flashed across Yu Shengfeng's face as he said, "Since you've chosen to die, I'll kill you even if I have to give up the soul refining Divine Art!"

in fact, my Lord and I don't have such a great hatred, " Yunxiao said. why don't we bury the hatchet? " Yunxiao still held a glimmer of hope. If he could resolve the immediate crisis without bloodshed, he would naturally be the best choice.

A cruel smile appeared on Yu Sheng Feng's face as he said, "He's too much of a genius. This in itself is a great hatred! If there are a few more people like you in the entire realm of heavenly martial arts, how can we, who are mediocre, live?"

The reason rendered Yunxiao completely speechless, and he could only smile wryly.

one Lu congzi is enough. I can't stand the appearance of a second Lu congzi in this world!

...

Yu Shengfeng's expression turned cold, and endless killing intent shot out from his eyes.

Yunxiao made a move in an instant. He performed an incantation gesture and shouted, " "Bind!"

Countless runes immediately surged on the web-like devil essence lock and became extremely strong, locking Hu Shengfeng in place.

"Hmph, the demonic vitality lock is indeed effective against the power of the aegirine, but have you forgotten that this chain originally belonged to me? Showing off your skills in front of an expert, you're a laughingstock!"

Yu Shengfeng sneered. A light flashed between his brows and a strange seal appeared.

The cobweb-like chains immediately began to shake with clattering sounds, as if they were about to break.

attack! Yunxiao suddenly shouted. attack!

He stretched out his hand and with a surge of his spiritual energy, the three-colored Tusita sky appeared in the air and fell down!

“Release!”

Yu Shengfeng’s eyes shot out cold stars as he shouted.

The chains around his body were shaking violently, but they were still tightly locked, showing no signs of being unlocked!

...

“What?”

Yu Shengfeng’s heart suddenly sank. His gaze was like a knife as he looked at the chain. He saw that there were golden spots of light on the Black Devil essence chain that flickered.

In the void, there seemed to be a long golden chain that overlapped with the mana lock.

that’s a Pixiu, Pixiu!!

Yu Sheng Feng suddenly sucked in a cold breath and cried out in alarm, “Realm power lock!”

“BOOM!”

The three-colored Tusita sky fell, and space pressed down like an hourglass. Yu Shengfeng’s body was knocked down, and he was confused!

The tricolored Tushita was knocked back at the same time. With a wave of his hand, Yunxiao put it away, and at the same time, he cast a sword incantation, sending out thirty-six Northern heaven cold star swords!

Qiu Mujie had been preparing for a long time. When he saw Yunxiao make his move, his figure flickered at the same time, and a huge footprint stomped down!

“Di ting’s feet!”

Yu Shengfeng was shocked and angry. Although the three mountain peaks didn’t hurt him, he was still hit by them. Now that the two of them joined forces, he could feel the danger.

However, his entire body was bound by the devil essence lock and the realm power lock, and he couldn’t move.

“Dammit! Don’t forget that you’re under my restriction. Explode! Explode! Explode!”

He was extremely furious. He spat out a string of seals and shouted the word “explode” three times.

But nothing happened.

The 36 swords turned into sword talismans and slashed down on his body, making “Bang Bang Bang” sounds. Sword marks were left on his body, and the overbearing sword Qi rushed into his body and destroyed it.

At the same time, di ting’s foot landed on his body!

“BOOM!”

Yu Shengfeng’s body was hit hard, and he felt a mouthful of blood rush into his throat, almost spitting it out.

The demonic vitality lock and the chains of realm power in the surroundings clattered. His power was suppressed by the demonic vitality lock, and the appearance of the chains of realm power made him even more shocked. He was almost completely at a loss.

It was said that in the world, when a power that transcended rules appeared, it would gather the power of the world and form chains of rules.

His mind was blank. Even a God Realm expert could not mobilize the lock of realm power. He did not know that it was the seal of realm power condensed by Yunxiao from the divine realm tablet. He thought it was the power of law of the heavenly martial realm, and he was completely dumbfounded.

“Not good! His physical body is complete, and he has an undying Holy body! Ordinary moves can’t hurt him at all. Use your ultimate moves!”

At Yunxiao’s command, he withdrew the northern heaven cold star sword, and the divine realm tablet slowly flew out, turning into a magnificent monument that fell from the sky!

Qiu Mujie’s expression was also malevolent. With a loud roar, a single horn appeared on his forehead and suddenly shot down!

After a short moment of shock and anger, Yu Shengfeng finally came back to his senses and discovered that this so-called world power lock seemed to be different from the legends. At least, its power was far from what it was rumored to be. If it wasn’t for the devil essence lock’s assistance, it wouldn’t have been able to restrain him at all.

“Dharma idol true body!”

He roared and summoned three heads and six arms at the same time. One of his arms held the underworld wheel and slashed at the devil essence lock!

Chapter 1404-speculation

Suddenly, a figure appeared in the sky and directly grabbed the underworld wheel!

“Bang!”

One of the gourd Little King Kong’s arms had been split in half, but he was expressionless. His bean-like eyes turned and he said, ” “The ice fiend Heart Flame you wanted, here you go.”

“What? You!”

Yu Shengfeng’s heart sank as he suddenly discovered that there was something wrong with this puppet. An arm behind him suddenly punched over.

Lingmu Di’s mid-brows flashed, and a gorgeous Ice Flower appeared. Like a short-lived Epiphyllum, it fell on the wind created by the fist!

At the same time, beifeng Nan’s voice echoed in the air.

“One controls ten thousand worlds, eight water chestnuts shine, focus the spirit as a sword!”

A patch of Green Poison appeared, and it transformed into the shadow of 10000 swords that slashed down!

“BOOM!”

In an instant, a terrifying force soared into the sky, and the entire courtyard was instantly turned into ashes. The impact force spread in all directions.

“Let’s go!”

Amidst the chaos, Yunxiao gave a loud cry. Lingmu di and beiming Nan were pulled into the divine realm tablet by him, and he turned into a bolt of lightning and disappeared from where he was.

Qiu Mujie also spread his wings and his spatial energy surged as he disappeared.

“You want to leave?”

Yu Shengfeng’s furious voice was heard. The devil essence lock and the realm power lock were shattered by the huge impact. His burly body rushed out of the terrifying ice flame with blood on the corner of his mouth. He looked at the two spatial fluctuations in shock and anger.

“Stay here!”

An aura came pressing down from his body, and the space in the distance was distorted. Yunxiao and Qiu Mujie, who were about to disappear, reappeared again, their faces pale as they cried out in alarm.

Suddenly, Yu Shengfeng’s pupils shrank as he looked at the green qi surrounding his body. It was as if he had seen a Ghost as he screamed, “ seven Illusion Green damask?!!

The powerful pressure suddenly dissipated, and his head burst with cold sweat. He hurriedly made a hand seal with one hand, and all his strength was retracted to protect his body.

Yunxiao and Qiu Mujie immediately felt the pressure being lifted. Overjoyed, they transformed into beams of light and disappeared from where they were.

Yu Shengfeng’s eyes were filled with anger as he watched the two of them leave. Then, the green Poison around his body slowly faded under the suppression of his power. Finally, it turned into a colorless green smoke and dissipated.

The battle between the three directly alarmed the entire Red Moon City. For a time, countless rays of light surged in the sky and came from all directions.

Yu Shengfeng's face was extremely gloomy. He immediately retracted his aura and flew to the group of people from the sea of soul formation. He stared at Luo Tian coldly, signaling him to be smarter.

Not only had the entire courtyard been destroyed by the attack, but the secret chambers had also been reduced to ashes, and several alchemists had died without even leaving a corpse.

Bo Yuqing also came out of the secret room in shock. When he saw his master's face, which was as pale as a frost eggplant, and then looked at the ground full of wolves and Qiu Mujie's missing figure, he immediately understood what had happened.

He was also shocked, not understanding how the two of them had managed to escape.

Yu Shengfeng grabbed in the air, and the devil essence lock that had fallen to the ground was put away. The only gain this time was the lock.

In an instant, the sky was filled with dense human figures that emitted surging elemental energy fluctuations. They all looked at the crowd in shock.

"Master Luo Tian, what's going on?"

The space shook slightly, and Tang Qing's figure appeared, her face full of confusion and anger.

Luo Tian said bitterly, "I'm sorry, my Lord. I accidentally made a mistake when I was practicing just now. Many innocent people lost their lives. I'm really sorry.

"Did something go wrong with your cultivation?"

Everyone was shocked. The terrifying energy fluctuation just now was shocking. Many people were cultivating in secret rooms and almost vomited blood. It was just an accident?

Tang Qing was also full of doubts, and said slowly, "Master Luo Tian's strength is terrifying. The power of the fluctuation just now was at least the strength of a peak nine-stars martial sovereign."

"?!"The people in the sky turned pale with fright as they looked at Luo Tian in horror.

Luo Tian's martial Dao was so powerful that his name was known throughout the world. No one expected him to be a peak nine-star expert. Everyone looked at him with respect.

Luo Tian smiled bitterly. city Lord, you're too kind. I was testing an extremely dangerous Divine Art just now and couldn't control it, which led to this disaster. I'm really ashamed to have caused more trouble for everyone.

"I see," said Tang Qing. I don't dare to cause any trouble, but Lord Luo Tian, please take care of yourself and don't let anything happen to you. Otherwise, how can I face the sea of soul formation? The matter of Lord Yong tianyun has already made me feel uneasy, so I can't escape the blame."

"Tianyun was destined to have this tribulation. It has nothing to do with you," Luo Tian said.

"No one can live here anymore. I'll have someone take you to another residence," Tang Qing nodded and said.

"Thank you," Luo Tian said.

Very quickly, Luo Tian and the others were settled in another place. The small courtyard from before had already been completely abandoned and scorched earth.

Tang Qing immediately ordered people to seal it up and began to clean up the place, planning to rebuild it.

"What do you think?"

On the ruins, the father and son were one after another. Tang Qing asked lightly, as if she was testing Tang Xin's opinion.

Tang Xin took a few steps on the scorched earth and said, "Luo Tian does not have such a powerful force. Wei Qing might be right. These alchemists are hiding something from us.

Tang Qing said, "if Luo Tian is lying, then Fu Yichun is lying too." It proves that they encountered an extremely powerful figure on this trip and subdued all of them."

"Could it be Qiu Mujie?" Tang Xin was shocked.

Tang Qing pondered for a while and said, "I can't rule out this possibility." If Qiu Mujie had killed Lei Ling and Yong tianyun before subduing Luo Tian and Fu Yichun, it would make complete sense. If that was the case, then what about the qiumujie people? And what about Yunxiao, who had fought with him in Fengling city? Most importantly, Lord Xiao Xiao and Lord Huan mie are both peak nine-stars martial sovereigns. Could they have been killed by Qiu Mujie?"

"Father, do you mean there's someone else?" Tang Xin asked. His face darkened and he said coldly, "why don't we capture Fu Yichun and interrogate him?" Hmph, it's been so long, and these remnants of the red moon City still haven't sincerely pledged their allegiance to us!"

"We must not beat the grass and alert the snake!"

"These three questions are the key to the whole matter." Tang Qing's pupils shrank and he said cautiously. "From the image sent by the photoessence from Feng Ling city, I can roughly deduce Qiu Mujie's strength. He's at most a peak nine-star Martial Emperor. He might not even be as strong. It's impossible for him to kill Xiao Xiao and Huan mie, two peak martial Supremes. If an even more powerful existence appears, then everything will make sense."

...

He looked at the scorched earth on the ground and said thoughtfully, "How is it?"

“What do you mean?” Tang Xin was stunned and didn’t know why.

Suddenly, an old voice rang out, ” “That terrifying power just now seems to be a legendary item, but I’m not sure. If it’s really that thing, then we’ll be in big trouble.”

An old man in a black robe had appeared on the scorched earth without anyone noticing. He stood in front of Tang Qing and his son silently.

“?!”

Tang Xin was shocked and hurriedly took a step back, becoming extremely vigilant. If he hadn’t seen it with his own eyes, his divine sense wouldn’t have been able to detect the person in front of him!

Tang Qing’s expression changed and he seemed to be a little surprised,“What do you mean by big trouble? Even you can’t suppress it?”

Tang Xin was a little frightened. The man in front of her had no breath, and she couldn’t see his face under the black robe. At first glance, it was like a sea of stars, deep and bottomless.

“I can’t tell for now, but I have a feeling that this wedding is not simple. I’m afraid we’ll meet strong cultivators of the same level,” the voice in the black robe said.

Tang Qing’s expression changed greatly. He naturally knew what the so-called “same level” of the black-robed man was, and a look of horror flashed through his eyes.

Black robe said indifferently, ” you don’t have to worry too much. Heaven’s will is constant. Everything is under the heavenly Dao. We’ll do our best and leave it to fate.

...

“Thank you for your hard work,” Tang Qing nodded.

Tang Xin was still suspicious and guessing the identity of the person in front of her when she suddenly trembled and was shocked to find that there was no one in front of her. The black-robed figure had disappeared without her knowing.

“Let’s go,” Tang Qing said.

Tang Xin’s throat made a “ka” sound a few times, but she finally held back from asking. Because he knew that the time was not right. When the time came, Tang Qing would naturally tell him everything.

Outside the red moon City, at an unknown distance, two figures stood tall and mighty, both staring coldly at each other.

Qiu Mujie suddenly sneered and said, “I can’t deny that you did a lot to escape this time. But you’re too naive if you think you can make me stay. I’m not being arrogant, but I’m the first person below divine transcendence!”

He gave Yunxiao a contemptuous look and said, “For the sake of our Alliance this time, I’m already being very kind by not killing you. Hurry up and get lost!”

Yunxiao smiled indifferently and crossed his arms before his chest as he said, “I’m not used to master Mujie’s sudden change of heart.”

“You’ve risked your life, so I’ll spare your life this time,” Qiu Mujie snorted.

Yunxiao’s smile did not fade. don’t, don’t do this. I’m really not used to it. Please don’t spare me. Come, come, come and kill me.”

A cold aura gushed out from Qiu Mujie’s body as he furiously said, “You really want to die?”

Yunxiao narrowed his eyes as he nodded and said, “It’s true.”

Qiu Mujie's face was gloomy and uncertain. He suddenly spread his wings and shouted, "This old master doesn't have time to waste with you, don't cross the line!"

The spatial energy on the feather of the black Swamp fluctuated and was about to break through the air.

With a smile, Yunxiao threw a punch, and the entire space was instantly compressed. The twisting force around Qiu Mujie bounced back and became flat, failing to break through the air.

Li Yunxiao! Qiu Mujie shouted angrily, " don't force me!

The smile on Yunxiao's face faded as he said coldly, " "Crazy Jie, why are you still pretending in front of me? You can also break Yu Shengfeng's restriction, it really surprised me. I really want to know how you did it!"

Qiu Mujie's expression changed slightly. He gritted his teeth and said, "I can't hide it from your eyes. Indeed, I self-destructed my original dantian to break the restriction, and I'm using my spare dantian."

Yunxiao's mouth was wide open in shock. He wiped the cold sweat off his face and said in a daze, " "There's a backup for the dantian?"

Chapter 1405

1405 Sanctifying the body

Qiu Mujie sneered. the dantian is condensed into a sea of Qi in a human's body, while it's condensed into a demonic core in a demonic beast's body. This old man's quasi-Sage body can use both the sea of Qi and the demonic core. I still have many spare dantian! It's just that it hasn't been fully integrated yet. You must've seen the flaw from di ting's foot, right?"

indeed, " Yunxiao did not deny it. at that moment of crisis, when your full-strength attack was not even as strong as in Fengling city, I knew that you must have had an accident while breaking the restrictive barrier. It's just that this young master didn't even dream that it would be broken in such a way."

“There’s a lot more that you can’t imagine!” Qiu Mujie said coldly. He furrowed his brows and asked, “by the way, how did you crack it?” Yu Shengfeng’s seal is indeed powerful. There’s no other way to break it apart than by force.”

“I’m not obliged to answer your questions,” Yunxiao said with a smile. “I’ve already said so much nonsense. Do you want to be beaten, or just surrender?”

“Although my dantian and Qihai aren’t smooth at the moment, I’m still not someone you can defeat at your level. I’ll be able to kill you even if I’m seriously injured at the very least!” Qiu Mujie said furiously.

“Lord Jie,” Yunxiao sneered. “stop pretending. When I attacked just now, you saw my two trump cards, right? otherwise, I wouldn’t be in such a hurry to leave.”

He waved his hand, and a golden light appeared in front of him. Lingmu di and beifeng Nan appeared on Qiu Mujie’s left and right respectively. The three of them formed a formation and sealed off Qiu Mujie’s path of retreat.

Qiu Mujie’s expression changed drastically and became extremely grave. After staring at the two of them for a while, he slowly said, “You have the sacred artifact Noah’s ship with you?”

“guess whatever you want,” Yunxiao said. “I just want to know if you want to be beaten or obey me.”

Qiu Mujie was so angry that he laughed. “even nie Shengfeng can’t make me submit to him. Who Do You Think You Are?!”

Yunxiao smiled and said, “my Lord, don’t be so excited. What Gu Shengfeng wants is a servant, and what I want is an Alliance. The Alliance between experts can be found everywhere. Moreover, even if Yu Shengfeng couldn’t kill you, I might be able to.”

“I know you have a glib tongue, but I really can’t see what qualifications you have to form an alliance with me!” Qiu Mujie said coldly.

the qualification is very simple, " Yunxiao said. if the three of us join forces to fight you, we will have a fifty percent chance of winning, and we will control your life and death. That is the qualification! As for benefits, did Daren forget about Wei Qing?"

"What do you mean by that?" Qiu Mujie's body trembled as he shouted.

Yunxiao smiled and said, " it's nothing. Don't forget the purpose of Xiao Xiao and Huan mie's trip. They wanted to capture me to kill you. Now, they are both dead. If you were Wei Qing, who was far away in the sacred zone, what would you do? "

Qiu Mujie's brows furrowed. He had also cut off contact with Wei Qing. Putting aside who had killed Xiao Xiao and Huan mie, since Wei Qing had the intention to kill him, he would definitely not give up just like that given his style of doing things. His next operation would be even more thunderous.

Seeing his hesitation, Yunxiao laughed and said, " "Wei Qing will definitely think that you're the one who killed Xiao Xiao and Huan mie, and his evaluation of your strength will rise to a level that far exceeds your own strength. Do you think you can escape the next time you attack?"

"From your tone, could it be that you can help me kill Wei Qing?" Qiu Mujie said coldly. If he had the strength, would he still need to form an alliance with me?"

it's true that I don't have the ability to kill Wei Qing, " Yunxiao said. but at least we have a better chance if we work together, right? There was a saying that the enemy of an enemy was a friend. To be honest, I also find it disgusting to work with a half-human, half-beast like you. If it wasn't for the fact that Wei Qing's power is too strong, do you think I would be willing to work with a disgusting person like you?"

"Hmph, you're too smart. How do I know you're not using me?" Qiu Mujie said in fear.

he's aiming at Wei Qing even though he's using it as a spear, " Yunxiao said with a smile. compared to me, the first person he wants to deal with is you, right? "

Qiu Mujie was clearly moved by his words and said,"Do you have any good ideas?"

“Not for now,” Yunxiao said. Because I don’t know Wei Qing well enough, I not only need your strength, but also your information.”

“I don’t know much about him, but I do know that he’s conducting a secret experiment,” Qiu Mujie said with a frown.

a secret experiment? ” Yunxiao frowned. a secret experiment? ”

Qiu Mujie’s face suddenly paled, and his body trembled. With a look of fear, he cried out, “Could it be that Yingluo’s experiment was a success? No, that’s impossible!”

He suddenly felt as if he had lost his soul. He muttered to himself, “No, he must have succeeded, he must have! Otherwise, he wouldn’t have tried to kill me. How could he succeed? I don’t believe it, I don’t believe it!”

Towards the end, he almost used up all his strength to scream, and his entire face became extremely ferocious!

what kind of experiment is this? ” Yunxiao shouted. what kind of experiment is this? ” Calm down and speak clearly!”

With a shout, the sky trembled, and Qiu Mujie woke up from his daze. However, his face was still completely pale. He gritted his teeth and said, “The experiment of creating a God!”

“God creation?”

Yunxiao raised his straight eyebrows and immediately understood. After a long pause, he finally could not help but laugh. hahahaha! What a joke! What a big joke! As a top-tier Alchemist, would you believe such a thing? Hahaha!”

Qiu Mujie did not smile. His expression was extremely calm as he said, “Didn’t I create my half-Saint body?”

Yunxiao's smile faded as he said coldly, "You're different. Even if you gather the most powerful point of all the powerful creatures, you still can't sanctify your body. That's because 'gods' can not be created. Unless you control the universe and the 3000 great DAOs, then you can create gods!"

"It's impossible to become a God in this world, but there's a way to strengthen one's physical body and infinitely approach the level of a first-rate Holy body. For this goal, Wei Qing and I have done many experiments. That unparalleled divine physique official was also our test subject because he is extremely likely to open the eight gates and sanctify his body."

what's the result of the experiment?" Yunxiao asked solemnly. what's the result?" You're the only half-beast fish?"

"I secretly developed this condition myself, so Wei Qing doesn't know about it. I only know a small portion of the information he has. I'm just a small branch of his big experimental project. What I'm doing here is only the study of Body Fusion. As for how to make up for the shortcomings and eliminate the backlash, you've seen it for yourself, the results are amazing!"

Hmph! Yunxiao snorted coldly and said, "could it be that Wei Qing has already obtained the results of your research, so he doesn't need you anymore?" Or did you offend him in any way?"

"I definitely won't!" Qiu Mujie shook his head. I'm the only one who knows about this method to achieve balance after eliminating all the backlashes. As for offending Yingluo, Hmph, at our level, is there anything more important than reaching the immortal level?"

Yunxiao fell into deep thought, and his face turned extremely serious as he said, "According to what you've said, you're of no use to him anymore, so he killed you. And he doesn't need this countercharge balancing technique anymore?"

"That's right." Qiu Mujie's face turned pale. He invested a lot of energy and resources to support my art research, but now he doesn't want it anymore. It's too strange. Therefore, I'm guessing that he's most likely already mastered the true technique of achieving full mastery of the physical body!"

Lingmu di, who had been silent all this time, suddenly said, "one only needs to open eight gates to complete the physical body. It's a way to cultivate one's own body. Even if there are no rules of the ten

directions in the world, it can be done, but it's more difficult. It's not like there's no precedent of achieving all eight gates through the art of sorcery."

"What?"

Yunxiao and Qiu Mujie cried out in alarm at the same time.

my Lord," Yunxiao said in surprise. you know the method to attain physical perfection?" Qiu Mujie, on the other hand, stared at lingmu di with a puzzled expression. He did not know who this person was to dare to say such big words.

yes," lingmu di nodded. I do know of a way to break the eight shackles through art. Some divine pills are extremely powerful and can do this. However, all of them could only be achieved by using the power of the omnidirectional divine realm and condensing rules. Under the current Sky, it's very difficult."

"There's a person with a complete physical body here, why don't you ask him?" he suddenly pointed with his finger.

w-what?!

The two were shocked again. Yunxiao was slightly better, as he knew that beiming Nan had the heaven and earth poison body and had condensed the seven Illusion Green damask. In that era, it was not surprising that he could sanctify his body.

Beiming Nan's face was filled with a complicated expression as he slowly said, "I'd rather not have a complete physical body back then and return to the earth long ago. I don't want to stay in this world and become like this, neither human nor ghost."

"We're here to listen to your opinion, not your lament," said lingmu di, rolling his beady eyes.

Qiu Mujie's eyes squinted and turned green as he saw through beiming Nan's appearance. He couldn't help but be shocked.

Beimang Nan sighed. actually, there's nothing strange about it. Back then, I directly refined the seven illusions green damask and combined it with my heaven Earth venomous body. I opened the eight gates and sanctified my body. I didn't use the power of the ten rules.

...

Yunxiao's heart skipped a beat as he blurted out, " if there's a martial artist with the heaven Earth venomous body now and I let him refine the five major poisons of extinction, would I be able to sanctify my body? "

Bei Xiaonan frowned and thought for a while, then said, " "As long as I don't die, I should be able to. The so-called Heaven Earth poison body isn't impervious to all poison. At least the five major exterminating poisons can take its life. If one can refine it into an undying body, one can stimulate the power of the poison body to the limit and break through the eight gates shackles."

Qiu Mujie's eyes were filled with fear. He couldn't help but be extremely wary of beiming Nan.

"Your art of Dao is very special. Do you have any art that can help me recover my appearance?" beifeng Nan glanced at him.

Qiu Mujie was stunned for a moment before he frowned and said,"isn't this Yingluo a little difficult?" You've already become a rotten corpse, how are you going to recover?"

"Ai, ai, ai, ai." Bei Xiaonan sighed.

Chapter 1406-long time no see

"Don't worry too much about your appearance," lingmu di comforted him."What men pursue is the ultimate strength." Moreover, your saintly being is still at a very elementary level. If you continue to cultivate, you'll definitely be able to recover on your own."

I know that too, " beimang Nan said. but under this sky, there aren't any rules of the ten directions. How can I cultivate? "

Everyone was speechless.

“Who exactly are you two?” Qiu Mujie asked in a daze.

alright, back to the topic, ” Yunxiao said. do you want to resist or cooperate with me? ”

“What kind of cooperation?” Qiu Mujie asked with an ashen face.

let’s fight Wei Qing together, ” Yunxiao said. stay in my Saint artifact, and when we encounter Wei Qing’s minions, I’ll ask you to come out and kill them.

Qiu Mujie’s expression changed and he sneered,“Li Yunxiao, aren’t you being too insincere? Once you enter the Saint artifact, your life and death will be in your hands!”

I don’t think I have any reason to kill you, ” Yunxiao said. I don’t think I have any reason to kill you. Furthermore, with your abilities, isn’t it easy for you to break through the barrier? Your power will never be exhausted. If this place can’t suppress you, it’ll also be difficult to suppress you in the Saint artifact. Besides, don’t you think that the Saint artifact is your safest place? Wei Qing would never know where you are even if he cracked his head.”

“Say no more!”

“It’s impossible for me to enter your Saint weapon directly!” Qiu Mujie said coldly.

it seems that I have to drag you in, ” Yunxiao said with a cold look in his eyes. I’ll have to drag you in.

“Tsk! Do you have the ability to do so?”

Qiu Mujie immediately became alert. His body began to transform as dark claws, ape arms, black wings, horn, tentacles, scales, and so on appeared one by one.

He put his palms together and made a strange hand seal. The green battleship fish also appeared and swam around him.

He grabbed the podao in his hand and stared at the three people vigilantly, especially Beiming Nan.

Lord mu di, " Yunxiao said with a smile, " this mad hero is not honest. What should we do? "

"Then let's beat him until he's honest!" Lingmu di laughed. He raised his hand and the reverse soul whip shot out tens of thousands of golden lights and struck down.

Qiu Mujie's eyes darkened as he raised his saber and slashed down, shattering the 10000 golden light beams in an instant!

"Argh! This is Yingluo."

His head ached, and he felt like it was about to split.

Lingmu di faced the blade head on, allowing the blade light to hit his body. He was only knocked back a few feet, leaving a shallow mark, and then he rushed back.

Beifeng Nan also made his move. A sword as cold as water cut through the air and slashed down.

Qiu Mujie was incomparably furious. He held his head with one hand and grabbed his podao with his right hand to meet the attack.

Suddenly, there was a flash of golden light in the sky, and the divine realm tablet fell directly from the sky. In addition to the power of the world, golden chains also appeared and locked Qiu Mujie up.

"What? You should die!"

He was extremely shocked. He knew the origin of this thing and also understood that it was thanks to this chain that he was able to escape from Yu Shengfeng's hands.

The power of the realm directly wrapped around his arm, and the power of the knife suddenly weakened.

"Bang!"

The eternal Imperial Sword struck the podao and sent it flying.

Beifeng Nan formed an incantation gesture with one hand and a cold light flashed on the treasured sword. It suddenly disintegrated, turning into countless corpse puppets that directly drilled into Qiu Mujie's body.

"Ah? What is this?"

Qiu Mujie was greatly shocked and violently shook his body. Densely packed scales covered his entire body, but the corpse puppet had intelligence and specially wormed into the gaps of the scales, directly squeezing in to eat the meat.

"

Qiu Mujie's entire body was in excruciating pain. He suddenly clenched his fists and a surge of energy gushed out from his dantian. His body instantly turned into an iron wall as he trembled!

"Bang Bang Bang Bang!"

The countless corpse puppets were all sent flying, but their bodies were covered in blood.

Beifeng Nan chuckled. With a wave of his hand, countless corpse puppets gathered together, turning into a sharp sword and returning to his hand.

Right at this moment, a large, icy-cold hand noiselessly grabbed onto Qiu Mujie's neck from behind.

The gourd Little King Kong's head came close to his ear and whispered, "Do you know what the ice fiend Heart Flame is?"

Qiu Mujie's entire body trembled. He didn't know, but the terrifying power of that Ice Flower when he was dealing with Lin Shengfeng earlier was still clearly reflected in his mind.

His forehead was full of beads of sweat, flowing down his temples and down his neck.

"Why are you sweating so much?" lingmu di asked in surprise. Why don't I use a flame to help you roast it?" His cold hands clenched even tighter.

Qiu Mujie only felt a sharp pain on his neck, but he didn't dare to move. At this moment, beiming Nan was looking at him with a faint smile. A ball of green smoke rose from his hand and kept changing its shape, becoming crystal clear.

"Gulp!"

He swallowed with difficulty and said in a trembling voice, "Good! I'll cooperate!"

Lingmu di patted his shoulder with a smile and said, smart people should have been like this long ago. Why suffer a beating for nothing? "

Qiu Mujie's face paled as he gritted his teeth and said, But, li Yunxiao, you have to swear that you will not do anything to me!

Yunxiao pondered for a moment, then shook his head and said, "I can only promise that I won't deal with you before I deal with Wei Qing. I can't guarantee anything else."

Qiu Mujie's expression changed several times before he finally nodded and replied, "Good! Then it's settled!"

Yunxiao changed the incantation gesture with both hands, and the divine realm tablet in the sky shone with tens of thousands of golden beams as a whole new world slowly descended.

Other than shock, Qiu Mujie's eyes also had a trace of helplessness and near despair.

The lingmu flute carried him and flew in. Beifeng Nan's figure also flickered and flew back into the divine realm tablet.

...

Yunxiao put away the profound level weapon and breathed a heavy sigh.

Subduing Qiu Mujie would definitely be a great help, but he still had to be on guard against his betrayal.

With the appearance of Yu Shengfeng in Red Moon City, everything had become even more unpredictable. Moreover, the death of Xiao Xiao and Huan mie would definitely attract an even more powerful force from Wei Qing.

Yunxiao pondered for a while, then looked at Hongyue city with a complicated look and murmured, "I wonder where Ruobing and her daughter are now?"

He instantly turned into a bolt of lightning and flew in the direction of the city.

After the huge commotion, the entire city was filled with discussions and speculations. However, the city's defense was not strengthened. Tang Qing also knew that the so-called city defense could only control some low-level martial artists. It was almost useless against martial Supremes and above.

"Did you hear what happened just now? I heard that the huge explosion caused by the soul formation realm master hai Luo Tian's experiment killed Lord Yong Tian Yun!"

“?! No way? Lord Yong tianyun is also a ninth-tier Alchemist, so there shouldn’t be much difference between their strength, right?”

“Hehe, you probably don’t know. How could you believe in rumors? It was all to cover up the truth, and it was said by people with ulterior motives. The truth is that Lord Luo Tian assassinated Lord Yong tianyun in order to compete for the position of the chief of the sea of soul formation. Then, he said that it was an accident.”

“No way? Was Lu congzi, the chief of the sea of soul formation, coming down? How did you know?”

“Luo Tian is planning ahead. He’s using all means possible to eliminate strong competitors. As for how I know, hehe, let me tell you, I have people in the two sacred lands and the seven great sects!”

...

“What? You’re not lying to us, are you? If you have such connections, why would you still be a small rogue cultivator in the red moon City?”

“Tsk! What do you know? I’ve just seen through the world and have no intention of conquering the world. Think about it, how many things in the past and present were laughed at? it was better to drink a pot of turbid wine. Otherwise, if I wanted to, how could the position of the city Lord of Red Moon City be given to Tang Qing? Tsk, he would at most be a Deputy city Lord! Don’t look at me with that look of disbelief, or I’ll poke your eyes out!”

“Gulp! He believed her, but he still had some doubts. Since you’re so capable, can you please take care of this little brother?”

“Of course you can. Two sacred lands, seven Supreme sects, where do you want to go? It’ll only take a few words.”

“Ah? I can go? It’s really a happy event that fell from the sky. Ah, ah, ah, how should I choose? two Holy Lands and seven major sects? it’s too difficult to choose?”

“It’s fine, take your time. By the way, who was that girl in the long dress who was with you last time? The one with the slender waist, the one with her hair in a bun, the one with Rouge on her face, the one who wriggled as she walked, the one with the most coquettish look.”

“Oh, you’re talking about Lili. She’s my distant cousin. He came to the red moon City to see me. ”

“Brother, I’m definitely going to be friends with you. I’m bringing Li Li out to have some fun tonight. Oh right, the blade sect seems to be lacking a vice sect leader. Although I only need to say one sentence, you’re not strong enough. Even if you become the leader, it’ll be hard to convince the public. I’ll think of a way to get you an essence replenishment pill in the next few days, so that you can break through to the martial King realm. That way, you’ll become the Vice sect leader, and the people under the blade sect won’t have anything to say.”

“Really? Aiya, brother, thank you, thank you. I’m really grateful. If you can become the Vice sect leader of the blade sect, you’ll be my great benefactor!”

“It’s fine, it’s a small matter. It won’t be a problem for you to become the Vice sect leader, but you’ll still have to work hard in your cultivation. Only then will you be able to properly break through to the martial King realm, or even the Martial Emperor realm, or even the martial revered realm. Only then will you be able to truly become an Overlord of a region.”

the Martial Emperor and the martial venerable are the overlords of the world. I dare not think about it. I never dared to think about it!

“Hehe, I didn’t dare to think about it in the past, but now that I’ve met you, I’ll have a chance even if I’m a martial sovereign of the nine Heavens. By the way, remember to bring Li Li out to play tonight. Otherwise, don’t even think about entering the two Holy Lands or the seven great sects in this lifetime.”

“Yes, yes, definitely!”

As Yunxiao strolled through the city, all kinds of rumors were spreading everywhere, and the description of what had happened just now was beyond recognition.

Suddenly, his eyes focused as a familiar back came into view. That person was carrying a jar of wine in his hand and walking forward powerlessly.

He stared at the slightly hunched back and slowly recited, "In the peach dock, there is a peach nunnery, and in the nunnery, there is a peach fairy. The peach blossom immortal planted peach trees and picked peach blossoms to exchange for wine money."

The figure's body trembled and he turned around. His face was full of stubbles and he looked listless. A sharp light suddenly flashed in his eyes as he said in surprise, "Li Yunxiao!"

Yunxiao's eyes were smiling as he nodded and said, "Long time no see, master ning hangfeng."

Chapter 1407

1407 Early birds fight for warmth in several places

The dispirited figure was ning hangfeng, the former commander of the Imperial Army of the Redmoon city, a four-star Martial Emperor.

At this moment, he was dispirited and listless, looking like he had given up on himself.

As soon as he saw Yunxiao, a ripple appeared in his cloudy eyes, and a bright light and a hint of excitement flashed in them.

a friend once told me that the more you drink, the warmer you feel, and the colder the water, "Yunxiao said leisurely. the more you drink, the warmer you feel. But later, a friend told me that the more she drinks, the colder she gets. Do you know why?"

Ning hangfeng's eyes glowed and he laughed, "I heard my sister say that last time because her heart is cold."

"What about you?" Yunxiao asked.

"Me?" Ning hangfeng took a few gulps of wine and said, "I've long lost my heart."

His eyes were cold as he said, "Are you here to save Ruobing?"

yes, " Yunxiao nodded and said, " do you know where he is? "

Ning hangfeng laughed,"haha, you're still a righteous kid!" Come with me!"

He threw the wine jar away, scaring the people around him. The two of them disappeared from the street one after another.

Moreover, the conversation between the two was not concealed at all. Many passersby stopped to look at each other, revealing strange and stunned expressions.

Very quickly, the two of them came to a building and looked into the distance. Ning hangfeng pointed ahead and said, "It's the place where my sister used to live."

Yunxiao looked over and saw a peaceful paradise with small bridges, flowing water, and winding corridors.

take Ruobing away, " ning hangfeng said. get as far away from this place as possible. It was best to find a place to live in seclusion and never ask about the affairs of the world again. If you can't, at least let Ruobing live in seclusion so that she can live happily."

Yunxiao gave him a look. she is Jiang Churan's daughter, the daughter of the former city Lord of Red Moon City. This is her home.

Ning hangfeng was stunned and smiled bitterly,"home?" This used to be everyone's home, but now, many people have lost their homes."

so, what we need to do is not to hide, " Yunxiao said. we need to take it back.

Ning hangfeng's whole body trembled, his eyes flashed with a complicated look, then he laughed like a deflated ball, "Haha, take it back? Where do you think you are? This is the red moon City! One of the seven superpowers, the red moon City, what could they use to take it? Just you? Or me? Hahaha, this is too funny!" He laughed so hard that two lines of tears came out of his eyes, with blood in them.

Yunxiao looked at him calmly and said, "Ning hangfeng, you were a four-star martial sovereign the last time we came to the red moon City, and I was only a six-stars martial Supreme. Now I'm an eight-stars martial sovereign, but you're still a four-star martial sovereign. Not only me, but your sister will also be disappointed in you."

Ning hangfeng's body trembled, and he suddenly said, "My sister? By the way, do you know where my sister is? Is she still alive?"

He seemed to have spent a great deal of effort to ask this question. He was sweating like rain, and his face was pale.

Yunxiao's pupils constricted slightly, but he quickly regained his composure and said, "Your sister is still alive."

"Ah? It's true, it's true, you're not lying to me?"

Ning hangfeng was overjoyed. He was so excited that his tears flowed.

he's still alive," Yunxiao said. but he's under someone else's control. I was hoping that you would save her, but now it seems that I've been overthinking." He shook his head in disappointment.

"Subject to who?" ning hangfeng's face was full of shame and anger.

tell me," Yunxiao said. wouldn't I be sending you to your death? "With your weak strength, you can't even get within a thousand meters of him," he said scornfully."You'll only add to my troubles if I ask."

"Pipa!"

Ning hangfeng clenched his fists so tightly that his knuckles cracked, and his whole face was red with shame and anger.

everyone's situation is different," Yunxiao said. their positions and energy are also different, and their future achievements vary. Some people can break through to the peak of the martial sovereign realm and peek into the Supreme divine path, while some people may be stuck below the martial sovereign realm forever, with no hope of reaching the nine Heavens realm for the rest of their lives. The common people are like ants, so what are the strong?"

He pointed at ning hangfeng's heart and said seriously, true experts are here. They don't turn back, become braver the more they suffer, and never admit defeat. That's the true expert!

Ning hangfeng's body trembled violently. His fingers dug into his flesh, and blood dripped to the ground.

I'll tell you about ning keyue when you become a strong man," Yunxiao said. I'll tell you about her.

With that, he took a step forward, and his entire person became absent-minded, turning into green smoke and dissipating in the tower.

”

Ning hangfeng's wailing came from the tower, his voice full of hatred and sorrow.

Above the building, the space slightly rippled, and a figure slowly emerged. He was completely wrapped in black robes, looking at the peach Garden in front of him, and did not move for a long time.

Ning hangfeng was only a few meters away from the black-robed figure, but he did not notice it at all. His cries of pain gradually died down, and finally, he turned into a ray of light and flew away.

The black-robed old man stared into the distance and muttered to himself, "Li Yunxiao? Who the hell are you?"

It was a paradise, filled with fresh grass and flowers. The willow trees were green, and the shadows moved in the wind.

Butterflies and dragonflies danced among the flowers, smoke rose in the water, and spiritual Qi dispersed in the air. It was quiet, completely different from the bustling Red Moon City.

A few swallows were chirping on the willow tree, carrying dead branches and soil in their mouths as they built their nests.

“Early birds fight for warmth in several places, whose new swallow pecks at the spring mud.”

Under the willow, a woman in white looked at the spring swallow and smiled. It was a rare smile that seemed to silently nourish the world and add spring to the flowers.

“Ah, you still have the mood to admire the flowers and birds. This is called the old swallow in front of Wang Xie’s Palace, flying into the homes of ordinary people. You and I, the noble princesses of Red Moon City, were instantly reduced to other people’s playthings, not even comparable to a bird.”

A red-robed woman beside him lazily raised her arm and sighed with hidden bitterness, “you’re fine. If you marry Tang Xin, you may even be the mistress of Red Moon City in the future. Your status will not be lowered. I’m in for it. I’m reduced to a pile of mud, and I don’t even know who I’ll end up in.”

if sister likes it,” Jiang Ruobing said, “you can marry Tang Xin.

Jiang ruomei was filled with resentment and anger. She pinched Jiang Ruobing’s delicate face and looked her up and down. “I don’t think you’re prettier than me, so why are you the bride? Don’t be too greedy. Even if you’re still a Princess, the person you’ll marry will be nothing more than this. After you get married, serve young master Tang Xin well and strive for a favored position. I’m still counting on you in the future.”

Jiang ruomei’s face was full of jealousy. She proudly stuck out her Twin Peaks, her chest wrapped in red satin, which was captivating.

After she was completely reborn, she had a slender waist, smooth skin, and Jade bones. She was wearing a red gauze dress, and her charm was no less than Jiang Ruobing's. In fact, she was even more charming.

Jiang Ruobing frowned. sister, don't talk nonsense. I'm willing to sacrifice myself for the smooth transition of the red moon City. But how can I treat Tang Xin sincerely? "

Aiyo, you still want to sacrifice yourself? I've wronged you, right? "

...

Jiang ruomei sneered. you're a lady in dire straits now. He's the son of the city Lord of Red Moon City. Who's trying to claim connections with who? " Do you still remember how those people looked down on you in the Jade Toad sect? Even that Toad Qin Wei wanted to touch you, but when the Tang family sent a message saying that they wanted to marry you, didn't you see how those people's attitude towards us changed? Qin Wei's perverted eyes have changed!"

Jiang Ruobing felt upset and said, " "Aren't sister and Qin Wei together? She'll serve Qin Wei well and become the matriarch of the Jade Toad sect in the future. Her status will be extremely high."

"Hmph, why are you the mistress of the red moon City and I can only be the mistress of the Jade Toad clan?" Jiang ruomei was not convinced. in terms of birth, I'm the same as you. In terms of beauty, I'm not inferior to you. In terms of pleasing men, I'm more than a hundred times better than you. Why should I be inferior to you? "

A look of shame and anger flashed across Jiang Ruobing's face as she rebuked, " "It's rare for me to come out for a walk, yet I still have to listen to elder sister's nonsense!"

"How am I spouting nonsense?" Jiang ruomei asked coldly. Which part is wrong?" A light flashed in her eyes, and she suddenly laughed, " Are you still thinking about that li Yunxiao? "

Jiang Ruobing's body trembled and she hurriedly said, " "No, don't talk nonsense!"

“No?” Jiang ruomei smiled slyly. then forget it. I thought you were interested in li Yunxiao. I’ve just heard some news about him. I wanted to tell you, but it seems that there’s no need to.”

“What? What’s the news about li Yunxiao?”

Jiang Ruobing panicked. She knew that Jiang ruomei was bullying her on purpose, so she said angrily, “If you don’t want to tell me, then please leave immediately!”

“Okay, okay, okay, I’ll tell you, don’t get angry.”

Jiang ruomei smiled and said, “ and you said you didn’t miss him? but it’s no wonder. Li Yunxiao is handsome, confident, and strong. He has a wild and unruly personality, and he is a disdainful man.

...

“Enough!”

Jiang Ruobing’s face turned red and she rebuked, “ “Just tell me the news!”

Seeing that she was really angry, Jiang ruomei didn’t dare to continue. She changed the topic and said, “ I just heard from the people of the four extremes sect that not long ago, li Yunxiao made a big mess in Fengling city and almost destroyed the entire city. Now, the four extremes sect has already sent experts to capture him, and even the experts of the sea of soul formation have been dispatched. I’m afraid he won’t be able to escape this time.”

Jiang Ruobing’s expression turned ugly and she said anxiously, “ “What is he doing in Feng Ling city? Don’t you know that we’re in troubled times right now? What a fool, a Dumbo!”

“What are you doing?” Jiang ruomei chuckled and said, “do you really not know or are you just pretending?” The entire world knows that he came to the red moon City to save you.”

Jiang Ruobing's face instantly turned pale. She bit her lips until they were bright red. "I'm fine, why do I need him to save me? Hurry up and get him to leave!"

"Are you alright?" Jiang ruomei asked with a smile. Why can't big sister see it? you've been frowning all day, and in just a few days, you've lost even more weight than me. It really makes big sister jealous. Why are all The Good Men in the world blind? Which part of me can't compare to you?"

Chapter 1408

1408 Come with me

Yunxiao? " Jiang Ruobing gritted her teeth and asked, " sister, do you have a way to contact Li Yunxiao? " Tell him to leave early and not get involved."

you really think too highly of your sister, " Jiang ruomei said angrily. it took me a lot of effort to get this information. You don't know how those people from the four extremes sect looked at me when they told me the news. They looked like they wanted to eat me up. If you ask me to find a way to contact Li Yunxiao, you're forcing me to sell my body."

"Then what should we do?" Jiang Ruobing asked anxiously. If li Yunxiao comes, wouldn't he be walking right into a trap?"

"Hey, what are you worried about? A fool who overestimates his own ability is coming to him. What a romantic story."

Jiang ruomei was extremely envious. She started to analyze the situation like a love-struck fool. li Yunxiao and Tang Xin are two men with completely different styles. They are handsome and handsome young men. An ignorant girl like you may like li Yunxiao's unruly wildness more, but Tang Xin's gentle and elegant behavior and prominent family background can move a mature woman like me. Yunxiao is only suitable to live in romance. If he dares to come, he will magnify the romance to the extreme and then shatter it like fireworks. Wow, what a beautiful feeling!"

Jiang Ruobing was so shocked by her " bang " that her whole body trembled. She said angrily, " "Don't talk nonsense, hurry up and leave!"

Jiang ruomei snorted coldly. I'm just thinking about it. Yunxiao is a smart man. He won't come to his death for a woman. Even if he really came, what ability did he have to take you from Tang Xin? You don't have to worry, just enjoy the spring and wait for you to be the bride!"

Jiang Ruobing was feeling frustrated. If it wasn't for the fact that it was her own sister in front of her, she would have gone over and slapped her to death."Get lost, get lost with me right now!"

Hmph, I'll get lost then. Good intentions don't get rewarded. I won't tell you any more news next time!

Jiang ruomei's face darkened. She turned around and was about to leave when she was suddenly startled. She looked in front of her in horror. A man had appeared leisurely under the willow.

"Ah?"

The two sisters cried out in alarm at the same time, their faces pale with shock.

long time no see, miss ruomei," Yunxiao said with a smile. you look like a newcomer, as beautiful as a fairy.

"Keke!"

After a short moment of shock, Jiang ruomei giggled. She blinked her charming eyes and said softly, "young master Yunxiao, long time no see. You're even more handsome now. You've even learned how to talk and please girls.

Yunxiao crossed his arms over his chest and said with a smile, "Is there? It's just a fact."

"You, why are you here?"

Jiang Ruobing also woke up from her daze. Her eyes could not help but flash with tears. She secretly wiped them away and looked around anxiously."This place is heavily guarded, how did you get in? Hurry up and leave, leave the red moon City and never come back!"

Yunxiao! Yunxiao nodded. well, come with me.

“No!”

The two sisters said loudly at the same time.

Jiang ruomei stood in front of Jiang Ruobing, her eyes turning cold as she looked at Yunxiao and said, “Don’t even think about taking my sister away. You’ll only bring harm to everyone!”

Yunxiao looked at Jiang Ruobing, his eyes as bright as stars and as clear as water, without any ripples.

Jiang Ruobing’s face turned red and her heart ached at the same time. She couldn’t help but shed tears and said, “My sister is right. You should leave quickly. I will not go with you.”

Oh, is it really as you said, miss ruomei? ” Yunxiao laughed. is Tang Xin’s gentle and elegant appearance and prominent family background so attractive? ”

Jiang ruomei replied coldly, ‘at least I’m much stronger than you! You Toad, don’t even think about touching my sister. If you don’t leave, I’ll call for help! There are at least a hundred experts lying in ambush nearby. I only need to shout, and they’ll tear you to pieces in minutes!’

Jiang Ruobing hurriedly stopped Jiang ruomei, afraid that she would really call for help. “You should leave quickly. My sister is right. I’m too involved.” “I’m no longer a child,” she said with a sad smile, “I can’t be willful anymore.” My father is gone, so I have to take responsibility. Marrying Tang Xin might really be the best ending for me. ”

Yunxiao’s heart twitched, and an inexplicable sense of irritation spread out. “Think about it. I’ll come to you the day after tomorrow. Give me an answer.”

“Let’s go, don’t come and cause trouble! My sister will never go with you. I’ll give you the answer now. Get lost, you Toad!”

Jiang ruomei retorted and raised her fist in a punching posture.

Yunxiao gave Jiang Ruobing a look, then his figure slowly faded and disappeared from the Paradise.

“Hmph, I didn’t think that this Toad would really dare to come!” Jiang ruomei’s eyes turned cold.”I’ll go inform the people of the four extremes sect and have them catch this Toad!”

“Don’t!” Jiang Ruobing grabbed her and said anxiously, ” “Are you trying to anger me to death!”

Jiang ruomei looked at her coldly, then her expression became gentle. She wiped the tears from Jiang Ruobing’s face and said gently, ” “Ruobing, you did the right thing just now. You’re no longer a child, you have to consider the big picture. If you really leave with Yunxiao, not only my sister, but also my mother, the entire Jiang family, and even the old forces of the entire Red Moon City will be consigned to eternal damnation. You won’t abandon us, will you?”

Jiang Ruobing choked bitterly and said, ” “Sister, don’t worry. Of course not.”

“You’re all grown up now, so I’ll naturally be at ease,” Jiang ruomei said, nodding. Suddenly, she had an idea and asked,’what did li Yunxiao say just now? He’ll come to see you the day after tomorrow?”

Jiang Ruobing shuddered and cried out, ” “The day after tomorrow? The day after tomorrow is the wedding, what is he trying to do?”

Jiang ruomei’s eyes turned cold, and the corners of her mouth curled up slightly. With a mocking smile, she said, ” “He really doesn’t know the immensity of the heavens and earth. On the day of the wedding, countless experts in the world will gather in the red moon City, and he actually wants to come and Rob the wedding? ‘Haha, this is too funny. Does he think he’s a titled martial sovereign?’ Hahaha, what an idiot!”

Jiang Ruobing was in a daze. Her mind went blank and she felt like the world was spinning. She fell to the ground powerlessly.

In Red Moon City, in an exquisite wing room.

Incense smoke rose from the furnace, accompanied by music. A red sandalwood screen carved with clouds and Dragons was inlaid with Jade, reflecting beautiful figures and dancing zither strings.

Suddenly, the figure stopped, and the music stopped.

A woman's voice was heard, and she softly called out, "Jun ting,"

Han Junting quickly walked out from behind the screen and bowed, "Jun ting greets martial uncle keyun!" Grandma sunflower also stood by the side respectfully.

A green shadow suddenly flashed in the room, and a woman in a Palace dress appeared. The woman's long hair was tied into a bun with a few scattered golden flowers. Her whole body exuded a noble aura.

She walked straight to the front of the hall and sat down. "How's the matter I asked you to investigate?"

Han Junting was still dressed as an old man, and her every move was mature. She coughed a few times and said, "everything you've told me to do has been investigated thoroughly. I can also deduce some of the flaws.

"Oh? Then hurry up and tell me." The lady in the court dress was a little impatient.

"We can be sure that Jiang Churan is dead, and she was killed by Murong Zhu, who was possessed by the moon eye," han Junting said.

As soon as she finished speaking, her expression changed drastically and she shouted, "Who is it?" His eyes were like blades as he looked into the void.

The lady looked at her in surprise and said, "Jun ting, your cultivation has improved a lot. You can even detect my father's traces."

“What? “This person is Jian Jia?” Han Junting was shocked.

A black-robed man slowly appeared in the air. His face was unclear, and he floated in the air above the wing room like a ghost.

...

Grandma Sunflower was extremely shocked. With her cultivation base of a nine-stars Martial Emperor, she could not sense the existence of the person in front of her at all.

“Father, you’re such a smart spy. You’ve been watching me the moment I entered the Red Moon City,” the girl said.

A pair of old and muddy eyes slowly emerged from the black robe and said slowly, “This matter concerns your younger sister, how can I not be anxious?”

The woman snorted, “If father really cared, he could have stopped Murong Zhu when she came out from the depths of the earth and the sky. He wouldn’t have let Murong Zhu take my sister!”

The black-robed man was silent, as if he had something he couldn’t say, as well as guilt and self-blame.

The woman in the court dress also felt a little regretful. She felt that her tone was too harsh and hurriedly said, “Father, don’t mind me. I was just casually saying it. I was just a little resentful.”

“You’re right. I’m not only an incompetent city Lord, I’m also an incompetent father,” the black-robed man said. Sigh, I’d rather live my life, but it’s a failure after all.”

Han Junting and Grandma Sunflower stood quietly by the side, listening to the conversation between the father and daughter. They did not dare to interrupt.

Ning Keyun hurriedly said, “Father, please don’t say that. I believe that you must have your own difficulties that day.”

Ning Kewei sighed and said, "let's not talk about that day." This head shopkeeper of the star and moon school must be the personal disciple of Palace Master Qu Hongyan of the divine firmament Palace."

"Han Junting greets the old city Lord!" Han Junting quickly bowed.

...

"You're good," Ning Kewei nodded.

Han Junting did not understand what he meant.

Ning Keyun suddenly laughed and said, "father, you rarely praise others. Back then, when my sister was so talented that she could make time sing like a song, you only said 'good'. Now, you're saying 'very good' without hesitation. It can be seen that Junting's talent is far above my sister's.

"I'm glad you still remember what happened that year," Ning Kewei said.

Ning Keyun looked a little angry and said, "Of course I remember! Father has never praised me, as if I've never been as good as my sister. Hmph, if not for that, why would I go to Shenxiao Palace in a fit of anger, away from Hongyue city, and not want to see father again?"

Chapter 1409-others

Ning Kewei took off the black hat on his head and revealed his old face in front of everyone. He had a head full of silver hair and his face was full of chiseled marks left by time. Even such a peerless master could not resist the ruthlessness of time.

Ning Keyun's body trembled. She felt her eyes ache and called out, "father!

"You're already an expert of your generation," Ning Kewei said with a smile.

Ning keyun's eyes lit up and she smiled. "Father, you've finally praised me."

you're a member of the ning family of the Redmoon city, " ning Kewei said. you've come back. You didn't let me down.

"I don't dare to disappoint you, father," ning keyun replied with a faint smile.

Ning Kewei's face turned serious, and he said, " the news just now is confirmed to be true. Is Chu ran really dead? "

"Although no one has seen it personally, I can basically confirm it," han Junting quickly said.

Ning Kewei said, "the moon pupil clan?" Back then, Gu Feiyang was also possessed by Yue Tong. Later, he completely suppressed Yue Tong and used her. Murong Zhu's strength is still slightly inferior to Gu Feiyang's."

"According to the information, Murong Zhu should have died a long time ago," han Junting said. "The current Murong Zhu is only a body, completely controlled by Yue Tong."

Ning Kewei was stunned for a moment and sighed. I see. That child is very outstanding. I didn't expect him to be one step ahead of me. All of them have passed away, leaving only me, this old skeleton, in this world."

"Don't talk nonsense, father," ning keyun said. For my sister's matter, I just went to the holy city of misty snow and saw Lord gong yang zhengqi. The Holy region is planning for this matter and will probably send experts to encircle and annihilate the moon eye."

Ning Kewei's face changed slightly, and he said, "then, your sister Qianqian ..."

"Don't worry, father. Lord Gongyang zhengqi has promised me that he will try his best to save my sister's life," ning keyun said.

I have news too," han Junting said. I heard that Yue Tong has killed many people from the sacred zone. It's reasonable for them to be surrounded. If a Saint makes a move, this Yue Tong won't be able to escape."

Ning keyun said,"yes, no matter how strong the moon eye is, it can't escape the pursuit of the sacred zone." Furthermore, I heard from Lord Gongyang zhengqi that the Murong family will also be sending people to assist in the encirclement."

"The Murong family?" han Junting asked. So many years have passed, would they still care about this matter?"

"I also find it strange," ning keyun said.

Ning Kewei said,"Murong Zhu was also the number one genius of the Murong family. Not only that, but he was also the key to unlocking the Murong family's bloodline." The Murong family must have come for this 'key'."

"Key?"

The few of them were shocked, not understanding the meaning behind it.

Ning Kewei said,"I don't know much about the twists and turns. I've only heard from keyue." It was also because of this "key" that Murong Zhu was unable to control her own fate, which led to the tragedy that followed."

"No matter what, as long as my sister is fine," ning keyun said.

She looked at ning Kewei and finally couldn't help but say, "I still don't understand why father would give up the red moon City to Tang Qing. On the day of the incident in the red moon City, if father had not turned around and helped Tang Qing, the red moon City would still be in the hands of the three great aristocratic families."

Ning Kewei sighed, "the Redmoon city is in Tang Qing's hands. At least it's still under my control." If it was someone else, I'm afraid father would not be able to control it. "

"The others?"

The few of them were shocked and revealed a look of horror. Ning keyun said, "Who's this 'other person'?"

Ning Kewei's eyes suddenly lit up, and he said, " "You guys don't have to ask. Letting Tang Qing take control of the Crimson Moon City is just a temporary measure. Originally, I wanted to wait for the right time to let Chu ran take over again, but now I'm so frustrated."The most suitable person to take charge of the red moon City is your sister. So, keyun, you have to bring your sister back."

Ning keyun was shocked. Her father didn't want to say it clearly because the enemy was too powerful, so he didn't want her to get involved. Who in the world could make her father fear such an existence?

She was a little confused for a moment and replied, " "I know, father."

be careful in everything you do, " ning Kewei said. the red moon City is already in a life and death crisis. If there is trouble in the future, I hope that the divine cloud Palace can help.

Han Junting saw him looking at her and quickly bowed. "This junior will definitely do his best."

Ning ke knew that han Junting was only talking about herself and not shenxiao Palace, but she still smiled and said, " "Then this old man thanks you."

"I wouldn't dare. I should be the one thanking you for your help, old city Lord," han Junting hurriedly replied.

Ning Kewei's face suddenly became strange. He said suspiciously, " Then, will li Yunxiao really kidnap the wedding? "

Han Junting frowned and said, "From this Junior's understanding of this person, he is simply unrestrained, bold, and unexpected. With his personality, he will definitely do it!"

Ning Kewei said, "I've seen this person before. He's indeed a rare genius." Since he has feelings for Jiang Ruobing, I'll give him a chance. The red, yellow and blue elders are under my command now. I will stop their actions. Heh, he's quite an interesting kid. Who knows, he might be able to surprise me."

Ning keyun said, "I heard that you're very close to this man. If you try to break the marriage, won't you die?" Hmph, to come to the red moon City to abduct a bride, this person's strength aside, his intelligence is worrying!"

Han Junting and grandma sunflower's faces twitched and they fell silent.

"What? did I say something wrong?" ning keyun frowned.

Han Junting laughed bitterly. Junior Master, you are indeed biased. This person is very difficult to deal with. He is definitely not the kind of person who is brave but lacks wisdom. If we can not suppress him in the red moon City this time, he will most likely become an existence similar to a titled martial sovereign in the future.

"A titled martial sovereign? Humph, Jun ting, you're too naive." Ning keyun still didn't care and said, "It's inevitable for young people to have hot-blooded impulses, not to mention when their own strength is not bad. If this child is really good, father can consider subduing him and bringing him into red Moon City. After all, the development of the red moon City still needs a lot of new blood."

Ning Kewei smiled and said, "If we can take him in, it would be our greatest gain this time. However, from what I can see, it is too difficult." "I can't stay here any longer," he said. "I'll leave." Keyun, if you have time, go visit hangfeng."

Ning keyun's body trembled slightly and she said, "Yes, father."

Ning Kewei nodded, turned into a black gas, and disappeared from the room.

Junting! ning keyun thought for a while and said, " use all your power to find out who the person my father is afraid of is!

"Yes, Uncle!" Han Junting replied.

Ning keyun's face was solemn. She also disappeared from the room with one step, leaving only a faint fragrance.

The room fell silent.

Han Junting seemed to be deep in thought. After a long time, she said slowly, " I've done what I promised Yunxiao. Now, it's time to find a way to deal with him. We can't let him grow any longer!

I don't think you need to worry, head shopkeeper, " grandma sunflower said. if Yunxiao really dares to abduct the wedding, he'll be dead for sure.

Han Junting shook her head and said,"I think so too, but I don't think things will go so smoothly." If we can't kill him this time, I'm afraid that we'll have to wait for master to come out of seclusion in the future."

"Head shopkeeper, you're not thinking of asking the palace Master to take action personally, are you?" grandma sunflower asked in surprise.

...

Han Junting's eyes flashed with a cold light, " "This kind of monster can't be judged with common sense. It's not impossible to let master take action!"

Grandma sunflower's face was filled with shock and she was speechless.

In the wind and Moon Tower of Red Moon City, the wind blew gently, and the guests were drinking.

After drinking a cup of bright red blood tea, he felt that his whole body was full of spirit Qi, and it was unspeakably refreshing and pleasant.

Chen Feng laughed. the last gathering was a gathering of the heroes of the world. It's a pity that I was in seclusion and couldn't come. What a pity.

The other young man had a strange smile on his face as he chuckled, "When ruan zimao held the great ensemble here that day, all the people who came were the rising stars and the elites of the world. I didn't expect that in just a few years, things have changed and I can't see any familiar faces."

"Back then, brother Hao Xiang's cultivation base was one of the best among the younger generation, and he still is," Chen Feng said with a smile.

"Haha, brother Chen Feng, don't mock me."

"He's deliberately trying to slander me," Cheng Haobo said with a bitter smile.

"Why do you say that?" Chen Feng asked in surprise. Few people in the world can match the strength of a seven-star Martial Emperor."

"A few?" Cheng Haobo snorted. He probably couldn't even count them with two hands. In the past, he had indeed been a little arrogant. Now, he knew that there was always a mountain beyond a mountain, and a sky beyond the sky. Even in the sky, that li Yunxiao is like a mountain that is almost impossible to cross."

...

Chen Feng and Liang Yuyi looked at each other and smiled bitterly. "There's no need to consider this person, or else it'll be too much of a blow. Among normal martial artists, brother heaven's expanse is one of the most outstanding."

"Let's not talk about this sad topic anymore. Let's continue drinking tea," Cheng Haobo said with a bitter smile.

“This is the world’s trend. It’s the era of the rise of the strong, and it’s bustling with activity.” Chen Feng laughed.

“Haha, that’s right.” Cheng haomiao laughed. I didn’t see many old friends when I came to the red moon City. I felt that it was boring. I didn’t expect to hear such interesting news. I’m looking forward to it.

“Are you looking forward to it, Yingluo?”

Chen Feng smiled wryly as he looked into the distance. His eyes flashed, and no one knew what he was thinking.

A storm was brewing.

Outside Red Moon City, Yunxiao was sitting cross-legged on a hillside with his eyes closed.

There was a calm atmosphere in the battle, and the entire surroundings were filled with an extremely oppressive atmosphere.

Suddenly, four rays of light emerged from his body and spread out, covering an area of several acres. With a hand seal, they were all retracted, turning into a miniature mountain, floating above his palm.

Lingmu Di’s voice was heard, “four colored Tusita sky.” Tsk, tsk, I’m afraid that even a body at the phenomenal-success stage won’t be able to withstand this weight.”

She was embarrassed that it was so late again.

Chapter 1410

1410 Really came

A ball of pure white energy appeared in Yunxiao’s palm, and he kept performing incantation gestures and sending them into the Tusita Heaven. All kinds of runes flew out and circled around.

The entire space also twisted along with the mountain's transformation. The entire process was constantly changing. From a distance, it was a piece of clear glass, and its true appearance could not be seen.

After some time, Yunxiao opened his eyes slightly and praised, " "To be able to come up with such a method of refinement is truly remarkable. I'm looking forward to what it'll be like when I fuse the seven colors."

Lingmu Di's voice was heard, and he laughed, " it's said that the seven-colored Tusita Heaven can create a world of pure Land. Even in my time, it was extremely difficult to make it.

seven different types of mutated earth elements can be used to forge weapons, " Yunxiao said. what about the other four elements? " Can I?"

"This bi an ..."

Lingmu di was stunned for a moment. I've never thought about that. It's probably not possible. After all, the other four elements don't have a fixed form and can only be fused. Then they will certainly devour each other and become one. The power will definitely increase, but it won't have the miraculous effect of the seven-colored Tusita sky.

well, I don't care. I'll study it in the future.

Yunxiao stood up and flipped his hand. The entire mountain shrank and disappeared.

The sky instantly stretched out, and in an instant, there were no clouds for thousands of miles, the sky was clear and blue.

He closed his eyes slightly and faced the wind. He felt a slight chill and heard the faint Sound of Music.

His eyes suddenly opened and he exclaimed, "not good!" What time is it now?"

He became anxious and instantly turned into a bolt of lightning, heading towards the red moon City.

“Shi” had a saying, “uneven vegetables, left and right hairy.” A fair and graceful lady, the drum and Bell are happy.”

It was about marrying a beautiful and skilled woman, and it was necessary to use cheerful drumming.

Ten miles of the city was filled with red makeup. The sides of the road were filled with majestic guards. Colorful silk was hung in front of every house. It was a scene of order.

Bells, drums, stone puppets, and other sounds resounded, and everyone was filled with joy.

The huge central square was already filled with flower lanterns. The ground was paved with all kinds of silk flowers, and the path was paved with colorful lights. Gold and silver glowed, and the jewelry was dazzling.

In the sky above the square, there were 16 huge lanterns with 16 ancient words written on them.

They were respectively “you Feng Lai Yi “, “red fragrant green jade “, “Xuanji Qing Fen “, and “apricot curtain in sight “. The lights were shining and reflecting each other.

The square had long been crowded with people, fighting to watch this rare wedding, and from time to time, there was soft music, showing the wealth and elegance.

The various sect leaders and heroes of the world had all gathered here. Everyone was chatting and laughing with each other as they quietly watched everything that was happening in front of them. However, their smiles each had a deeper meaning.

Tang Xin was wearing a red robe and had an imposing appearance. She had a gentle smile on her face and her eyes were like water as she stared into the distance.

Not far away, there was an expressionless man who couldn't help but snort, and his face sank.

There was a weirdly dressed woman beside her, and she attracted a lot of attention. At the same time, they were shocked. They were completely unable to see her cultivation level.

The woman's expression was very calm, and she only said faintly, "The marriages of you humans are extremely complicated, but they are pleasing to the eye. Look at the decorations, the water and the sky are bright, and the world is full of jewels. It's really something to look forward to."

The men around him were stunned for a moment and looked at him strangely. The man with the ugly expression asked curiously, "Lord li, could it be that you also want to get married?"

The woman was none other than li of the demon race. A hint of embarrassment and anger flashed across her face as she sneered, "Tang Jie, don't talk nonsense!"

The man was Tang Jie. He suddenly let out a strange laugh and said, "I'm talking nonsense? Does Lord li want to marry Lord Shang?"

Li's expression changed drastically, and killing intent gushed out all of a sudden. He said coldly, "Tang Jie, do you want your brother's wedding to become your funeral?"

Killing intent rose from her body, instantly attracting the attention of everyone. Their expressions changed slightly, and she became the focus of everyone's attention.

"It's just a joke. Do you have to be so serious?" Tang Jie quickly replied.

Li also realized that he had lost his composure. He restrained his killing intent and said coldly, "Some jokes can kill people!"

The demons were nowhere to be seen. Only li was there, as if he had been sent here as a representative.

“Aiya, little Li Yi. I’ve heard fifth brother say that the more you care about something, the more you can’t take a joke. I wonder if that’s true?”

Little Myna blinked his eyes and turned his face to Li Yi.

Just as Li Yi was about to speak, he suddenly felt a murderous aura. He immediately changed his words and snorted coldly, “You believe the words of a dead man?”

As expected, the murderous aura immediately disappeared.

Little Myna’s face turned sour and he cried, “Wu Wu Wu, old fifth and the others are all dead. That damned myriad Treasure Tower, I definitely won’t let them off!”

“Hmph!” Li Yi sneered. a jar can’t leave the mouth of the well and break. It’s inevitable for a general to die on the battlefield. As an assassin, you must be prepared to be killed at any time.

Little Myna’s eyes lit up as he laughed. hey, little Li Yi, you’re quite knowledgeable. Why don’t you join us? we’re short of people right now. Tang Jie, Lord li, and Lord Shang will come as well.”

“I’m not interested!”

The few of them snorted coldly at the same time.

Tang Xin looked at the people talking and laughing on the stage, and her eyes couldn’t help but show a trace of coldness. The corners of her mouth raised slightly, as if she was provoking them.

Tang Jie was furious. He exerted force on his feet and immediately crushed the bluestone floor into pieces.

“Don’t be impulsive,” said li coldly.”Let him be proud for a while.”

“Yes, I hope Lord Shang will not disappoint me again.” Tang Jie suppressed his anger and said coldly.

“Don’t worry,” said Li with a slight frown.

Li Yi and little Myna’s expressions changed slightly, and a hint of nervousness flashed across their faces.

Han Junting was also present. She sat on the chair prepared for the merchant Union and looked at everyone.

Suddenly, her eyes stopped and she looked into the distance. A path suddenly opened up in the crowd. Two rows of golden lights opened the path. Under the colorful sun, Feng Luan slowly opened up.

Everyone’s eyes focused on it, and it suddenly became extremely quiet. There was only the joy of bells and drums and the sound of fireworks.

“A new era?”

...

Everyone was silently praying in their hearts. After experiencing countless variables and the assault of the East Sea clan, Red Moon City urgently needed a stable environment.

Tang Xin marrying Jiang Ruobing was in line with the interests and wishes of most people.

Feng Luan stopped, the bead curtain was pulled up, and a bright red embroidered shoe with gold embroidered on it fell to the ground.

The owner of the shoe seemed to hesitate for a moment. His hands trembled slightly as he looked timidly at the path under his feet. In the end, he mustered his courage and walked down the unknown path.

The red on the blanket was a little glaring.

The golden goose had slanted makeup on her cheeks, and the green conch had drawn eyebrows, which were light with lead.

She clenched the handkerchief in her hand, her long black hair hanging down to her waist, her Phoenix Coronet and her robe. Her face was red like fire, making her skin seem even fairer, bright and moving.

Jiang ruomei chuckled and said in a low voice, " that's right. You're not a child anymore. You have to abandon those unrealistic fantasies and be down-to-earth.

Jiang Ruobing couldn't hear anything at the moment. Her mind was blank. The colorful glass and all kinds of incense around her made her a little dizzy. She could only follow them step by step.

All sorts of gongs and drums were used, and she almost fainted from the shock.

With a smile on her face, Tang Xin took a few steps forward and gently took the silk ribbon from Jiang ruomei's hand with a graceful smile.

...

Jiang Ruobing shuddered. She was filled with despair and her heart sank.

The fireworks danced in the sky, but under the sunlight, it was like the setting sun, floating with the wind. It was like her, and no one knew where it would fall.

In the hall, Tang Qing was still smiling. He said to ruan Hongyu, " "After today, the two families will be United through marriage."

Ruan Hongyu forced a smile, as if she was extremely tired. "Everything will be decided by the elder master."

Tang Qing smiled indifferently and said to the guests, "Master Luo Tian, I'll have to trouble you."

yes. Luo Tian nodded slightly and smiled. I'm also very happy to be the witness of young master Tang Xin's marriage.

He stepped out of the ranks, glanced at the newlyweds, and said in a gentle voice, "Today's agreement is eternal, worthy of the same name. Looking at the bright peach blossoms on this day, it's suitable for a family to live in, the butanian melons are endless, and the house will grow. I am writing to Hong Jian with the promise of white hair, so that the Hongye Alliance will be clearly stated as a love chart. Are the two of you willing?"

of course I'm willing," Tang Xin said with a smile. I'm willing.

Luo Tian nodded and looked at Jiang Ruobing. "How about you?"

"Me?"

Jiang Ruobing shuddered and tears welled up in her eyes. How could she be willing to do that? But how could he not be willing?

She smiled sadly. There were many times in life where one was helpless. Who liked to speak insincerely? However, he could only speak insincerely.

Tang Xin frowned slightly and a trace of anger welled up in her heart. Even if he was just putting on a show, with such an unwilling look, wouldn't he become a laughingstock if all the experts present saw it?

A hazy look appeared in his eyes. If it wasn't for the fact that this matter was of great importance, he would have turned hostile on the spot.

Jiang Ruobing sighed and accepted her fate in despair. She said, "I'm Yingying!"

Suddenly, an extremely discordant voice rang out in the quiet square, reaching the ears of everyone who was waiting.

tell us the truth. Tell us your true thoughts. I'm waiting for your answer.

Jiang Ruobing shuddered and turned her head around in disbelief. Her tears blurred her vision, and she could not see the figure's face clearly.

Everyone was shocked and looked towards a corner in horror.

The expressions of the people from the four extremes sect changed drastically. Tang Qing's eyes also turned cold and revealed a look of anger.

"It's him, he's really here, Yingluo."

Jiang ruomei's eyes were also filled with disbelief, shock, and horror. An inexplicable feeling welled up in her heart. She looked at her sister and found that she was actually jealous.

The faces of all the tycoons in the world changed drastically. Although there were many rumors before that Yunxiao was coming to Rob the wedding, rumors were still rumors, after all. How could they be believed, let alone such a nonsensical rumor?

Apart from shock, there were all kinds of strange expressions on everyone's faces. They all looked like they were waiting to watch a good show.
