

The Eternal 1411

Chapter 1411-answer

Li Yi's expression changed drastically as well. His eyes were burning with rage as he stared at the person in the distance who he had wanted to hack into pieces every single day. His face was extremely cold.

Everyone's expression was different. The only thing that was the same was extreme shock!

"Wuwuwuwu!"

Jiang Ruobing gritted her teeth as tears streamed down her face.

"Tell me your answer. As long as you tell me you're not willing, I'll take you away right now."

Yunxiao smiled faintly, as if there was no one around him, his expression relaxed.

"Ha, haha, hahahaha!"

After a long while, Tang Xin suddenly burst into laughter, obviously shocked by Yunxiao's sudden appearance. take you away? Hahaha! This is the funniest joke I've ever heard in my life!"

His face was full of killing intent as he said coldly, " "It's such a funny joke, but why does it sound so murderous?"

A killing intent so strong that it was almost tangible came pressing down on Yunxiao.

"You, you leave quickly, leave quickly!" Jiang Ruobing said anxiously, " I told you not to worry about me. Why didn't you listen?! You're going to hurt everyone!"

Yunxiao turned a blind eye to Tang Xin's killing intent and just said indifferently, "Tell me your true thoughts. As long as you don't want to, no one in the world can force you."

Jiang Ruobing was so anxious that she burst into tears. my real thoughts are that I'm willing, " she said loudly. hurry up and leave! Hurry up and leave! Who needs you to save me! You're just a Toad, and you're still pretending to be a hero saving a beauty. Who Do You Think You Are?"

Yunxiao blinked and said with a smile, "Really? Then I'll really be leaving."

"Leave? In your dreams!"

Tang Xin roared, and her body suddenly turned into a flash of light as she rushed at Yunxiao. Her endless anger turned into a blow and smashed down! "Stay in the red moon City forever!"

Yunxiao raised his eyes indifferently, and his contemptuous look emerged as he spread his fingers and grabbed at the man.

"BOOM!"

A violent gust of wind exploded in his hand and scattered in all directions.

The entire place immediately became chaotic. The ordinary people and low-level martial artists scattered in fear. All kinds of squeezing and trampling began to happen, and miserable screams continued.

Only the powerhouses around them remained calm and composed, even though their expressions changed.

On the left side of the hall, a slightly plump old man was wearing a luxurious fur coat. He had a face full of fortune and looked like a rich man. He was currently eating fruits with great relish and drinking blood tea as he squinted his eyes and looked down.

“Eh? Your strength is so strong!”

Yunxiao’s pupils constricted, and a look of surprise appeared on his face. He saw that Tang Xin’s fist wind surged with a colorful light and rushed to the surroundings, as if a giant beast was opening his palm, but he couldn’t hold the other party’s fist.

Boundless spiritual pressure surged between his fist and palm. Not only did it squeeze open the space, but it also forced the two of them to retreat.

Tang Xin’s face changed and she said coldly, “ you can actually take my punch?!”

Yunxiao’s expression was a little strange. Although the other party’s power was a little strange, he did not take it to heart.

He still looked at Jiang Ruobing with a burning gaze and said with a smile, “ “If you don’t give me an answer, I’ll really have to leave.”

This feeling was like an adult lying to a child. If you don’t leave, you’ll stay here alone, and your parents will leave.

wuwuwuwu, ” Jiang Ruobing cried and said, ” “You’re bullying me!”

The entire place was silent, everyone looking at each other.

Han Junting, Chen Feng, Cheng haomiao, and the others broke out in cold sweat.

“Ah! Li Yunxiao, you’ve gone too far! I’ll kill you!”

Tang Xin was completely furious. Teasing his fiancée in front of all the heroes in the world ... Even if she cut Yunxiao into a thousand pieces, what happened today would definitely become a joke and a stain in his life!

His body suddenly burst out with infinite light, which condensed into talismans. He joined his fists and punched out!

The sky turned into two rainbows, and there was actually a cloud that gave off a clear, ethereal feeling.

“Eh, this martial skill is so powerful!”

I remember now,” Yunxiao said. it is said that you broke tengguang’s heaven and earth chessboard and were taken in by him. You must have inherited his eight hundred array Dao.

Everyone’s expression changed drastically upon hearing this.

Many people showed a profound look and nodded gently, as if they understood why Tang Xin was the one who married Jiang Ruobing, and not the eldest son, Tang Jie.

Tang Jie’s face also became extremely gloomy. As he clenched his fists, a burst of bone-cracking sounds could be heard, and his eyes shot out cold stars.

Unhurriedly, Yunxiao formed an incantation gesture with one hand, spun in the air, and drew a golden seal before throwing it over.

“Bang!”

The two forces collided, forming a Nebula that spread around the two.

Tang Xin’s body trembled violently and she took a few steps back, her eyes filled with horror.

Yunxiao, on the other hand, was indifferent. With a mocking look on his face, he said, “Did you just say that you’re going too far?”

He raised his sword-like eyebrows and said coldly, "you guys forced me to marry you, and you say I'm going too far?" It was ridiculous! All the heroes of the world are here, does your Tang family still want face?"

Yunxiao's voice was stern and fierce as he used the power of sound waves. A stream of righteous energy shot up into the sky and spread over the entire Red Moon City, reaching everyone's ears.

"Pa!"

The Golden Dragon spitting Pearl handrails on both sides of Tang Qing's body were instantly crushed, and her face was extremely ugly.

He did not say a word when Yunxiao appeared just now because he wanted to give Tang Xin a chance to show off. By his estimation, even if Yunxiao had made rapid progress in the past few years, he was by no means Tang Xin's opponent.

However, after that one move, he knew that he was wrong, and he was ridiculously wrong!

At this moment, after being shouted at by Yunxiao, he fell into an extremely passive state. He could no longer sit still, so he stood up with a gloomy face and said in a cold voice, "Li Yunxiao, don't talk nonsense! My son and lady Ruobing are officially married, and the world can bear witness! If you can't give my Red Moon City an explanation for your unreasonable pestering today, don't even think about leaving!"

...

Yunxiao sneered. an official marriage? If they're not willing, that's daylight robbery." He looked at Jiang Ruobing and smiled. tell everyone. Are you willing? " he asked.

Jiang Ruobing's body trembled violently, and large drops of tears fell from her eyes. The wheel of fate began to turn again, and her originally despairing heart slowly became warm.

Jiang ruomei felt bad and shouted sternly, "Li Yunxiao, of course my sister is willing! You Toad, get lost!"

There was no one else in Yunxiao's eyes. He reached out his hand and said with a smile, "Don't go against your heart. As long as you tell me, no one in the world can threaten you."

Everyone's expression changed drastically. Who in the world would dare to say such arrogant words?

wuwuwu," Jiang Ruobing cried even harder. She covered her mouth with both hands and sobbed loudly, "Li Yunxiao, take me away! I don't want to! I don't want to marry Tang Xin! Wuwuwuwu!"

The Tang family's faces changed drastically, and they looked uglier than pig liver. Tang Xin's face turned purple and she shouted, "You coward!"

The thousands of people in the square were in an uproar, and all kinds of discussions were heard.

The experts present also had strange expressions. They knew that they had gone too far this time, and the corners of their mouths curled up slightly. They wanted to see how the red moon City would end this.

"Ruobing, you coward!"

Jiang ruomei was extremely angry and hurriedly rebuked, "What nonsense are you talking about? Don't be bewitched by li Yunxiao!"

...

Jiang Ruobing cried. I wasn't bewitched by him. I really don't want to marry Tang Xin. I know that I have a heavy burden on my shoulders. I originally thought that I could make do with it, but I really don't want to."

"You're so annoying!"

Jiang ruomei stomped her foot and yelled at ruan Hongyu, " "Mother!"

Ruan Hongyu's eyes were also filled with tears, but she smiled and gave him an encouraging look.

"You, you guys! Sigh, I don't care anymore. Let's see how you guys end this!"

Jiang ruomei was so angry that she stomped her feet and twisted her body to the side.

"Hahaha, well said! Everyone has their own destiny. No matter what your destiny is, don't force yourself to make do!"

Yunxiao laughed and took a step forward. He then grabbed Jiang Ruobing's wrist and tried to take her away.

Everyone's heart skipped a beat, and countless eyes gathered on the two. Were they just going to leave like this?

Sure enough, a figure appeared and shouted, " "Impudent!"

The shadow of the saber flashed, and a golden light appeared above the two of them. Then, it slashed down!

There was a pitch-black crack in the golden light, which directly enveloped the two of them. It was obvious that he also had the intention to kill Jiang Ruobing.

Red Moon city's elders' expressions changed drastically, and anger flashed in their eyes.

Yunxiao's eyes turned cold as he said, " "A nine-stars Martial Emperor dares to act tough in front of me? Now that all the heroes in the world are here, I might as well say arrogantly that no matter who it is, as long as they have the intention to kill me, I will definitely kill them!"

As soon as he finished speaking, his body flashed and disappeared from the spot. In an instant, he appeared below the blade light and punched it!

“BOOM!”

The space trembled, and the entire sky was torn apart by the fist wind. The blade light fell apart under the fist force.

“What?”

A shocked voice came from the sky, and then an old man with a shocked expression appeared. He held a huge saber with both hands, and his face was full of disbelief.

He wasn't the only one. Many of the powerhouses below were also shocked.

The power of the saber just now had suffocated the crowd from far away, and the world had almost changed color, but it was unexpectedly blown away by Yunxiao's punch.

“Pipa!”

A bolt of lightning flashed in the torn Sky, and Yunxiao instantly appeared behind the old man, raising his golden fist and smashing it down!

“?!”

The old man instantly felt the threat of death. He suddenly raised his saber and slashed backward, shattering the entire sky!

Yunxiao was also cut in half from the waist!

“Ah?”

Many people cried out in surprise and widened their eyes in disbelief.

Jiang Ruobing also let out a sharp scream. She felt the world spinning around her, and she was on the verge of collapsing.

Chapter 1412-world-shaking

“Damn, I thought there would be a good show to watch. That braggart from before really thought that it was amazing.”

“Alas, young people are like this. Just because you have a little bit of skill, you think that the world is nothing more than this. With this kind of intelligence, you will be killed sooner or later.”

It's a pity that this young man is quite strong. If he wasn't so reckless and exposed his abilities, he might have been able to become a nine-stars martial sovereign in the future.

“Do you think a nine-stars Martial Emperor is a cabbage? I'll tell you, you're amazing when you're young, but you can't do it when you grow up. You know Lord Lu congzi, right? he was extremely stupid when he was young.”

“?! Lord Lu congzi, how dare you talk nonsense? do you want to die?”

“Hey, I'm telling the truth. Don't ask me how I know. My third uncle's cousin's cousin's third wife's distant cousin's aunt's neighbor's youngest daughter is working as a maid in the sea of soul formation.”

The man said triumphantly. Suddenly, his body trembled as if he had fallen into an ice cellar. It was as if he was being stared at by a poisonous snake. His entire body trembled as if he was suffocating.

His teeth were chattering. He turned his head slowly and saw that someone from the sea of soul formation had glanced at him.

He was extremely shocked. He was a Martial Emperor! Who was it that could almost suffocate him to death with just a glance?

He was covered in sweat and hurriedly covered his mouth with his hands in fear, not daring to speak anymore.

On the seats, the wealthy-looking old man looked at an ordinary-looking old man among the people of the sea of soul formation and suddenly asked, " "This master doesn't look familiar."

The old man sipped his tea indifferently and didn't answer, as if he didn't see the rich old man.

"How arrogant!"

The face of one of the guards beside the wealthy old man immediately sank. He coldly snorted, "Grandmasters, aren't you putting on too much airs? My Lord is the Secretary of the Holy region's finance department, Lord sorrowful, is he not worthy of asking you a question?"

The people from the sea of soul formation all had bitter looks on their faces as they lowered their heads in silence.

The old man snorted coldly and continued to drink his tea. At the same time, he turned his eyes to the sky and watched Yunxiao being cut in half, his eyes flashing with a cold gleam.

Zi Xiaoji furrowed his brows and felt a little angry. He looked at Luo Tian, as if he was asking and blaming him.

Luo Tian felt a wave of powerlessness in his heart. He hurriedly bowed and said, "Lord Zi sorrowful Ji, please forgive him. This master has lived in the sea of soul formation for a long time and doesn't like to interact with people."

"It's fine," Zi Linji said.

He knew very well that alchemists were a group of strange lunatics. However, the old man's casual glance and sharp gaze had caused him to feel a chill in his heart. He felt an unspeakable fear.

There was also a green-robed man beside the old man. He had a sword by his waist and was also calmly drinking tea. He was also unfathomable, which made him extremely fearful.

He wondered how many more such monsters were hidden in the sea of soul formation.

"?! How could this be? He's still not dead after being cut in two?"

A clamor suddenly came from the square. Zi Xiaoji was also shocked and hurriedly looked towards the sky.

Yunxiao, who had been cut in half, had a sneer on his face as he formed a hand seal with both hands, which turned into a Thunder seal and smashed directly at the old man's face!

"What?"

The old man was shocked. When he had cut Yunxiao apart with one strike, he had breathed out heavily, but for some reason, he could not relax in his heart. But now, he suddenly understood!

Hurriedly, he turned his Saber Light and blocked it in front of him.

"Five-blow-Thunderstruck!"

Yunxiao's face was cold, and his eyes flickered with killing intent as he performed an incantation gesture and landed on the saber beam!

"Boom boom boom!"

The Thunder art turned into lightning and instantly struck down from the nine Heavens.

Ten thousand bolts of lightning exploded, turning the world into a sea of lightning. The elder's body was instantly pierced through by the lightning, and he let out a series of earth-shaking screams!

"?! This is Yingluo."

Everyone looked at the green lightning that filled the sky, and their faces were filled with shock.

"Lightning? How can the lightning transformation have such power?"

Ruan Hongyu's face was full of shock, and the rest of the Jiang family members were also shocked. They looked at the lightning shadows in the sky and saw the Jiang family's super power shine. They couldn't help but feel their blood boil.

Ning hangfeng was in a corner, his body trembling slightly, his eyes flashing.

A seed of hot-blooded hope quietly took root and sprouted in the hearts of all the elders of Red Moon City, and their faces revealed an eager expression.

The old man's body twitched violently in the lightning, and his screams gradually weakened until he was completely silent.

All the lightning energy in the sky was retracted instantly, and the sky became clear in an instant, as if nothing had happened.

Then, a thin bolt of lightning condensed and turned into Yunxiao's true body, his face calm and indifferent.

The blade-wielding old man's entire body was charred black and completely cooked. He couldn't be any more dead as he fell from the sky.

"Bang!"

The old man fell heavily to the ground and broke into pieces, emitting a strong smell of meat.

“?!”

The surrounding people all scattered in horror.

Tang Xin’s eyes were also dazed, and her mind was blank.

He had thought that after obtaining the throne soaring light true inheritance and cultivating the formation body, he would have an overwhelming advantage among the younger generation and become the leader of the group. But he did not expect to be completely suppressed the first time he made a move, he did not even have the chance to display his skills.

When Song Yue was in the city, his cultivation base was still above Yunxiao’s, and his true combat strength was comparable to Yunxiao’s. But now, it seemed that he had been left in the dust by the other party.

His boundless self-confidence and self-esteem crumbled in an instant, and he became dispirited all of a sudden, as if he had been sapped of all his strength.

Even Chen Feng, Han Junting, and the other people who knew Yunxiao’s strength were shocked by the swift and thunderous strike, and they could not calm down for a long time.

“Ah! You, you scared me to death!” Jiang Ruobing’s mood changed so quickly that she almost collapsed to the ground.

...

With a faint smile, Yunxiao’s figure disappeared in the sky. He teleported down and continued to hold her hand as they walked forward.

He raised his eyes and looked forward.

“?!”

“Huala”

There was an uproar in the crowd in front of him, and a path was instantly opened up. No one dared to stay under his burning gaze.

The entire city was silent as everyone looked on quietly.

Between heaven and earth, in the vast city, in the sea of red flowers, it seemed that only two figures were left holding hands.

“Good, good, good!”

After saying “good” three times in a row, Tang Qing’s face turned livid and she said in a cold voice, “Do you think that there’s no one in our Red Moon City? This old man will personally take you down!”

The nine-stars Martial Emperor, who was an elder of the four extremes sect, could not even take one move from Yunxiao. He already knew in his heart that this young man had grown to an extremely shocking level. No one in the world could suppress him except for a peak nine-star martial sovereign!

In addition to anger, he suddenly felt a sense of regret. Why didn’t he use all his strength to kill this child? today, he was finally eating the bitter fruit!

...

Yunxiao’s body froze as he felt the strong wind blowing at his face from behind, changing the color of the world. The silk flowers around him were all over the place, like a rain of flowers.

However, he only paused for a moment before he held Jiang Ruobing's hand and continued to walk forward as if no one was around.

Everyone's faces changed drastically, shocked by Yunxiao's boldness and arrogance!

Even the other six sect Masters did not dare to ignore Tang Qing's attack.

Everyone in the younger generation turned pale. Other than shock, they also felt a deep sense of defeat.

What kind of wild and heroic spirit was there in that desolate clear shadow? what kind of free and unrestrained bone was there?

Even if he had to go through mountains of daggers and seas of flames, even if he had to go through a Dragon's pool or a Tiger's Den, even if he had to go against the entire world, he had never once frowned.

Except for Tang Qing's astral wind palm, the whole city was silent, and everyone looked on in silence.

After this incident, whether he was Dead or Alive, this carefree young man's name would definitely shake the world!

Of everyone, Li Yi's expression was the ugliest. Not only was his face ashen white, but his eyes were also lifeless and deathly still, his fingers digging into his flesh.

At this moment, he finally understood that the difference between the two of them was not as simple as cultivation.

What he lacked was the strength of character, the pride to look down on the world, and the grace to laugh at the heavens.

Under everyone's shocked gazes, he was like a Grandmaster.

Li Yi looked at the back view that was getting further and further away in despair. It was just like how the road between the two of them would only get further and further. No matter how hard he tried, he would never be able to catch up.

“Good spirit! But can you really be so arrogant?”

Tang Qing’s palm struck, and countless golden lights flickered in the square. Flowers danced in the sky, making it look luxurious.

Yunxiao’s divine power was magnificent. you can just be your merchant, ” he said with a smile. why do you want to meddle with the world? ” Your strength is not bad, but it’s a pity that your opponent is not me. If you can survive today, I will come back to take your head another day.”

He turned around, smiled, and ignored her. He continued to hold Jiang Ruobing’s hand and walked forward.

“?!”

Everyone was overwhelmed with shock. Who would dare to speak such outrageous words when he said that he would take the head of the city Lord of Red Moon City in the future?

Tang Qing was extremely furious. Suddenly, a similarly overbearing squall swirled over.

A gray figure suddenly appeared behind Yunxiao. That person’s palm technique moved rapidly, and as he opened and closed his five fingers, a strange phenomenon appeared.

Under the light of the sky, a River of Ganges descended from the nine Heavens.

“BOOM!”

The collision of the two palm forces was earth-shattering, and the entire universe was shattered. The bright heaven and earth instantly fell into darkness!

All the silk flowers were crushed, and a large number of golden lamps were extinguished by the wind from the palm. Only sixteen red lanterns were left floating in the sky, and they suddenly became dazzling.

there's a Phoenix, " " fragrant red and green jade, " " dense and pure, " " apricot curtain in sight. the sixteen characters danced under the lights, creating a colorful scene.

Chapter 1413-I'll go even though there are millions of people

Han Junting's hands trembled as she looked at the cold-faced figure. She covered her mouth with her right hand, afraid that she would scream.

In a Pavilion a few thousand feet away, ning keyun's eyes darkened and he said in surprise, " "Why is it him?"

Ning Kewei was still wearing a black robe, but his hood was flipped over, revealing his silver hair. He said in surprise, " "This person looks familiar, but I can't recall who he is."

After a brief moment of shock, ning keyun's eyes flashed with suspicion. if it were twenty years ago, father would have heard of this person. He's an outstanding talent of his generation. It's a pity that his life was ruined in the battle on the snowfall peak in the divine cloud Palace.

Ning Kewei's eyes darkened as he said,"I remember now. Luan Junhao!" The move just now was the great palm print of Ganges, which was indeed powerful. These Tang Qing were in trouble. No wonder Yunxiao is so fearless. It turns out that he has such a strong expert backing him up."

Ning keyun's face was full of suspicion. it's really strange. Luan Junhao was very afraid of death back then. He cried and begged the palace Master to save him. He served shenxiao Palace his whole life. He should be protecting Jun ting at the moment, but why was he with Yunxiao now? Could it be that Junting is hiding something from me?" A cold expression flashed across her face, as if she was extremely unhappy.

Ning Kewei chuckled and said, " I don't know much about this person. It's not surprising that he's such a coward. He'll serve many masters. It's a pity that this person's martial Dao talent doesn't have the heart of a powerhouse, and he can't advance further."

Ning keyun was a little dissatisfied, and her face turned gloomy. She said coldly, " "With Luan Junhao's help, I'm afraid Tang Qing is in trouble. Was her father going to just watch Yunxiao leave so arrogantly? Isn't this too much of a blow to the prestige of the red moon City?"

Ning Kewei said indifferently,"just watch quietly. You've underestimated Tang Qing." If you only have this little ability, how can you be the master of Red Moon City?"

Ning keyun thought for a while and no longer said anything. She looked into the distance.

The square was in chaos. Tang Qing shouted angrily, " Who are you?!

Someone who could take his palm was definitely not a nobody.

All the heroes in the world also looked over, revealing shocked expressions.

Luan Junhao's expression was wooden, and he did not seem to want to say much. He only snorted.

Tang Qing's face was almost twisted into a ball as he roared, " "Do you really want to be enemies with the red moon City?"

" my mission is only to hold you back, " Luan Junhao said indifferently. as long as you don't make a move, I won't either.

"Then go to hell!" Tang Qingzhen angrily said.

His figure turned into a ray of light and fell from the sky with all his strength.

Before the two palms landed, the entire earth could not withstand the power of the palm and cracked a thousand miles!

Everyone was shocked, and the weaker martial artists fled frantically into the distance.

What a joke! The mere aftershock of the battle between two peak nine-stars Martial Emperor powerhouses could turn them into ashes!

Luan Junhao furrowed his brows and unwillingly formed a palm force in front of him to meet the attack.

The task Yunxiao had given him was to hold Tang Qing back. He thought that with his strength, he would be able to make the other side fear him and not make a move. But, he had greatly underestimated Tang Qing's determination.

The wedding was supposed to tell the world that Red Moon City had stepped into a new era, but now it was disrupted by Yunxiao. If they could not turn the situation around, everything they had carefully arranged and even their long-term efforts would be in vain.

Therefore, even if he knew that the outcome could not be determined in the short term, Tang Qing had to give it his all and take down Luan Junhao!

"BOOM!"

The two palms collided, and the entire square was shattered by the aftershock. All the green granite bricks were turned into powder.

In the powerful collision, Luan Junhao's expression changed drastically. The gray robe on his body was completely torn to pieces. He was forced back a few steps, and a look of shock appeared on his face.

The two of them were about the same in strength, but their beliefs and goals were completely different. One was only to restrain the other, while the other was a battle that could not be lost. The winner was immediately determined!

Under the endless palm energy, everyone was on high alert, and what shocked and impressed them more was Lao Ai.

Yunxiao had been walking leisurely with Jiang Ruobing, as if he did not care about the fierce battle between the two top experts.

Jiang Ruobing followed the man's steps, and her expression gradually calmed down from her previous fear. A trace of calm gentleness appeared in her eyes as she looked at the man who had pulled her.

That pair of pure white and powerful hands seemed to contain the most powerful force in the world, able to block all the wind and rain for her.

He had never felt so calm and warm in the past few years.

She just wanted to follow him like this, gradually walking out of the haze and towards the clear sky.

Tang Qing's pupils shrank, and a trace of fear suddenly emerged in his heart. He was inexplicably afraid of that bleak back.

He was greatly shocked. After his cultivation had reached the peak of nine-stars martial sovereign, his understanding of the heavenly Dao was far beyond ordinary people's reach. He was extremely shocked to have such emotional fluctuations.

all people of Red Moon City, hear my order! Kill li Yunxiao at all costs!

die! he roared and passed down the order. He then attacked Luan Junhao furiously, fighting with no regard for his life.

Gusts of strong wind exploded on the ground, completely engulfing the two of them. It was abnormally fierce.

The entire square had been completely destroyed, leaving only sixteen lanterns in the sky. All the experts who had yet to escape were confident in themselves. They also flew into the sky and watched coldly.

Luan Junhao's heart was extremely depressed. After resisting a few moves, he became more and more furious. When he went crazy in anger, he used moves that did not care about his life.

In an instant, dozens of people appeared in front of Yunxiao and blocked his way.

Among them was Fu Yichun. Even though he was extremely unwilling, he had to at least put on an act. He shouted sternly, "Li Yunxiao, stop! It's not too late to turn back now!"

"Repent and be saved?"

Yunxiao laughed hideously. haha! Open your eyes and take a look. This Red Moon City is a boundless sea of suffering. You are the ones who want to turn back!

"Why are you talking nonsense with him? Activate the city's defender array and send out all the high-level martial Supremes!"

A figure flashed over. It was Tang Xin. Her face was extremely cold and her eyes were spewing fire.

The powerhouses of the red moon City hesitated for a moment. They knew that they were no match for him, but they still rushed forward.

everyone! a nine-stars Martial Emperor powerhouse shouted, " everyone, use your ultimate moves! We'll kill this guy together!

Fu Yichun's face flickered, but he could only follow the crowd and attack Yunxiao, but he only put on a show and did not put in any effort.

"Die!"

The man in the front was an eight-stars Martial Emperor with a fierce look. The Golden ringed saber in his hand slashed out countless saber lights that enveloped the area.

...

With a faint smile, Yunxiao reached out and grabbed the blade. His arm turned golden, and with a clang, he caught the blade in his hand.

“Bang!”

He shook it hard, and the thick blade broke.

“What?”

The eight-stars Martial Emperor was horrified, and before he could come back to his senses, Yunxiao had already grabbed the broken blade and slapped it at him. He was immediately scared out of his wits.

“Bang!”

The blade jolted into his body and came out from his back.

Its eyes gradually lost their luster, and its huge body fell to the ground with a loud bang.

A murderous look flashed in Yunxiao’s leisurely eyes as he stepped toward the crowd and slowly read, “Where the Dao is, I will go even if there are millions of people!”

“Bang! Bang!” Two more people rushed up, but they were smashed into pieces by his palm and fist.

“I’ve done what I should do, and I’ll have no regrets even if a thousand pieces of gold are scattered!”

...

He took a step forward, and his blood-stained killing intent filled the air, causing the few people who were approaching him to retreat in shock.

All of a sudden, a strong and fierce wind blew over. It was the nine-stars Martial Emperor who had shouted earlier. He instantly appeared above him and struck down with his copper hammer!

The nine-stars Martial Emperor's face twisted as if he had exhausted all his strength. The entire space exploded.

Yunxiao's eyes turned cold as he performed an incantation gesture with his left hand. A chill gushed out of his body, and his whole body seemed to have transformed into a sword, crystal clear and flawless.

Jiang Ruobing was taken aback. She clearly felt Yunxiao's hand turn cold, and she was about to let go so that he could fight without restraint and not become a burden to her.

Who knew that the big hand was still holding on tightly, without the slightest bit of loosening.

"The secular etiquette is like dung."

Yunxiao continued to lead Jiang Ruobing forward as he chanted softly. At the same time, his left hand transformed into a sword, and an unparalleled sword will spread out around him.

The sword of the third slash, slash the sky, slash the earth, and slash people!

The three slashes merged into one, and the three sword intents instantly merged into his palm. Using his hand as a sword, he slashed toward the copper hammer!

His eyes were still looking forward, and he didn't even look at the person.

“Bang!”

A beam of sword Qi shot up and instantly split the copper hammer into two. The entire sky was split open.

The nine-stars Martial Emperor’s body also cracked. All his internal organs burst out and scattered on the ground.

“?!”

This time, the people who were besieging him were all shocked and scared out of their wits. They retreated one after another.

Fu Yichun was also shocked. He gave Yunxiao a frightened look, and without even daring to put on an act, he retreated faster than anyone else.

Only after the attack did Yunxiao’s killing intent dissipate a lot. With a sneer on his lips, he recited a poem with each step he took and said slowly, “Where I’m happy, I’ll drink three hundred cups with you!”

“Dammit! I’m going to kill you!”

Tang Xin’s eyes were full of fire, and her whole body suddenly flashed with golden light. Formation light kept flying out of her body, and all kinds of strange forces poured into her fists, full of killing intent.

His strength was raised to the extreme, and he seemed to be in extreme pain. However, what he couldn’t bear was the defeat and humiliation!

He gritted his teeth and quickly formed hand seals. Immediately, the 800 array Dao appeared one by one and the laws of heaven and earth were triggered.

“Three elements in one body, water separation formation!” A huge formation diagram appeared between his fists. It changed continuously and gave rise to endless power.

Tang Xin was overjoyed. Looking at the Golden array that gave birth to all kinds of spells and flickered, she said in ecstasy, “Hahaha! The picture was successfully condensed! Li Yunxiao, go to hell!”

His eyes turned cold, and his fists suddenly struck down. Strange phenomena appeared in the sky, and the movement was so great that it even overshadowed the battle between Tang Qing and Luan Junhao.

Chapter 1414-an ant shaking a tree

It was said that the entire world was a huge formation that would never be exhausted. All the rule force was just the power of the formation talismans. If one could comprehend the Dao of formation, one could borrow the power of the heavens and have an endless supply.

The formation light came from all directions, condensed into a force in the sky, and turned into a huge ancient character “swish”. It was superimposed on Tang Xin’s fists and pressed down fiercely.

Yunxiao looked at the strange phenomenon, which made his clothes flutter and caused the spirit pressure around him to open.

However, he still stood there calmly, smiling, “Tang Xin, I’ve been missing you ever since we parted in the city. It’s rare to meet you today, so I’ll teach you two idioms. What is ‘a Mantis trying to stop a chariot’, and what is ‘an ant trying to shake a tree’?”

His left hand grabbed in the air. A sword Qi opened between his five fingers, and the happy and ear-piercing sound of the sword was heard.

Han Junting’s face flickered as she looked over coldly. She saw Yunxiao’s hand transform into a sword, and suddenly, her sea of Qi tumbled and the world changed colors.

Everyone’s pupils constricted, and there was no lack of powerhouses whose expressions changed drastically.

As soon as the long sword appeared, it merged with heaven and earth, as if it was not a profound level weapon, but a sword will.

Countless sword talismans appeared in an instant and surged into the sky. They were like thousands of stars from ancient times, vanishing overnight but lasting forever in the world.

A beam of light rippled across the vast land, turning into a sea of sword Qi that stirred up waves.

“Sword technique-star destruction.”

break! Yunxiao murmured as he raised his sword. Suddenly, he turned into a sword shadow under the sky, leaving the world behind.

Everyone’s eyes widened in shock as they felt the sword intent that was rippling in the heavens and earth. It was endless and layered like a fine net that densely penetrated the entire time and space, even crossing through the past and present.

“?! This feeling ...”

Everyone in the entire Red Moon City was shocked. They only felt that the sword essence was like a wave of air, and even slid across the surface of their skin. It was as gentle as water, but also as cold as the wind.

“Gu Feiyang’s Sword Art!”

Many people’s pupils shrank and their hearts trembled. Other than shock, their faces were filled with all kinds of complicated expressions. Their blood was surging in their bodies.

Han Junting’s face turned pale as she looked at a man in a silver robe not far away. The other party happened to look in her direction as well. The two of them looked at each other and saw the shock and fear in each other’s eyes.

The silver-robed man's eyebrows shot up, and his eyes flashed with killing intent. His face was filled with killing intent and determination.

It's indeed the divine sword Star Destroyer. It's actually in this kid's hands! All sorts of exclamations rose and fell as thoughts ran through their minds.

No one could relax under this sword essence.

The terrifying Sea of Swords in front of them indicated the birth of a peerless expert. This youngster, who was only at the age of 10, symbolized the strongest martial artist of the younger generation, Lao Ai.

Perhaps, he would lead the entire era in the future!

The two Holy Lands, the seven major sects, the merchant Union, and the other heroes all looked gloomy and uncertain.

The rise of such a powerful youth was not in everyone's interest.

Tang Xin's talisman light suddenly disintegrated under the impact of thousands of sword Qi, without any resistance.

Suddenly, a clear idea flashed through his mind. He seemed to have really understood what was "an ant trying to shake a tree" and "a Mantis trying to stop a chariot."

"Pfft!"

He spat out a mouthful of blood and his face turned pale. His confidence had completely collapsed.

He allowed his body to ripple in the sea of sword intent, not caring about life or death.

Tang Xin!!

Tang Qing's eyes were about to pop out of their sockets as he roared endlessly. Each of his palm strikes was filled with killing moves that did not care for his life. Luan Junhao was overwhelmed, and the more he fought, the more terrified he became.

The person in front of him was clearly a madman who didn't care about his life. With his cowardice, he fell into a disadvantageous position and was in danger again and again.

"Tang Jie, save your brother!" Tang Qing shouted.

At the moment, Tang Xin's body was rolling in the Sea of Swords, and the array light on her body was constantly disintegrating. Her life and death were completely in Yunxiao's hands.

However, Yunxiao did not seem to have the intention to kill. Instead, he let the sword intent soar into the sky and slowly closed his eyes, as if he was comprehending something.

could he be meditating on the way of the sword? "

Everyone was shocked. At this critical moment, he could still calm down and comprehend martial essence and sword Dao. What kind of heart did this young man have? Was he really in his Prime?

Everyone was overwhelmed with shock, and the grave look in their eyes became even more intense!

Tang Jie's pupils shrank as he looked at Tang Xin, who was floating in the sky like a Fallen Leaf. He sneered and said, "Father, my body is injured, it's not suitable for me to fight. Let someone else do it."

"You coward!"

Tang Qing was so angry that smoke was coming out of his forehead. His whole body trembled, and he wished he could slap his son to death.

At the same time, he was also very anxious. Such a big movement should have alerted ning Kewei, the red, yellow and blue elders. As long as any one of these four people made a move, the situation would be completely suppressed.

However, after such a long time, there was still no Sign of the Four of them.

Could there be an unforeseen event?

His heart continued to sink. He knew that ning Kewei must have left the position of an ally and had his own plans.

She must be looking at him from somewhere, or she wanted to re-evaluate the situation.

Tang Qing's face was extremely gloomy. The reason why he dared to fight for the position of the city Lord of Red Moon City was because of the balance of many interests, which gave him a lot of powerful help.

Ning Kewei was undoubtedly one of the most important allies. If he had any disloyal thoughts, things would be very bad.

Suddenly, a blinding light flashed not far away. The Sea of Swords suddenly froze and was pushed away by a vast and mighty force!

"What? That's Yingluo."

Everyone was shocked and looked at Tang Xin, who was like a floating duckweed. They saw that his hands suddenly made a strange seal and slammed down!

A strange golden symbol broke through the wind and waves, raising endless waves in the Sea of Swords and pressing down on Yunxiao!

...

Yunxiao suddenly opened his eyes in horror and said, "Not good!"

He stood with his sword in hand. A golden light exploded from his body and he suddenly rushed up!

"BOOM!"

The mighty force dispersed, and the city fell into a sea of light.

Not only did the seal break the ocean of swords, but it also crushed Yunxiao's imperishable golden body, causing his blood and Qi to roll.

However, his eyes were still wide open as he resisted with all his might. A golden barrier was constantly spinning around his body. At the same time, he tightened his grip and pulled Jiang Ruobing closer to him.

Jiang Ruobing was anxious. She could feel the overwhelming pressure, and two streams of tears wet her clothes. She cried, "Leave quickly, don't worry about me!"

Yunxiao ignored her. With a slash of his divine sword, the barrier suddenly retracted, and the world vanished.

He raised his head and felt a wave of power coming at him. He exclaimed, "Not good, it's him!"

"Who is it?" Jiang Ruobing asked subconsciously.

Everyone's eyes were filled with doubt after the shock. They saw Tang Xin's hands form a seal again, and her whole body opened up.

...

Rays of formation light appeared around his body and turned into countless webs that spread out one by one. There was also an endless stream of power being used around him.

Tang Xin's face was expressionless and peaceful. Her eyes were as clear as water, but they were lifeless.

"This power is so strong!"

Many people were shocked, and Han Junting's expression changed as well.

Yunxiao suddenly grabbed Jiang Ruobing's hand and shouted, "Follow me!"

From the moment they entered the Red Moon City until now, he, who had always been calm and elegant, finally revealed a trace of anxiety. The light wrapped around the two and instantly flew into the sky.

Tang Qing's face suddenly became overjoyed, and she shouted wildly, "Open all the defenses in the city! We must keep Li Yunxiao here!"

In an instant, thousands of auspicious clouds appeared in the sky. They flashed and disappeared. Countless radiances rose into the sky and disappeared into the bright universe.

The entire city seemed to be in a daze, as if it was not real. However, it was only for a moment before it returned to normal.

When Yunxiao's beam of light rushed up into the sky, he was suddenly stunned. A huge pressure came from the sky, making it difficult for him to move.

Not only that, but his divine sense also trembled as if countless golden needles had pierced into his brain, causing his expression to change greatly!

Jiang Ruobing's expression suddenly turned dull as well. Then, she spat out a mouthful of blood and exclaimed, "This is Red Moon City's Taiwu profound Yin soul slaying formation!"

Yunxiao's face darkened as he hurriedly held Jiang Ruobing with both hands and flew down slowly.

With his physical body and the power of deified soul, it was not a problem for him to force his way out. However, if he did that, Jiang Ruobing's soul would probably be destroyed.

Yu Shengfeng looked at him and couldn't help but smile, "This is troublesome. What should we do with this kid?"

Zi Yiji turned to look at him and frowned. Without saying a word, he continued to look at Yunxiao, who was flying down, and then turned his eyes to Tang Xin with more surprise.

The grid lines around Tang Xin became denser and denser, like a strange array was running slowly, and an extremely terrifying power surged out of it.

In the building in the distance, ning Kewei also frowned and said, "What a powerful force. Someone is coming from another region. Who could it be?"

Ning keyun's face was solemn as she slowly said, "This force is so powerful that it can't be a nobody. Judging from Tang Xin's master and formation, it's most likely the Lord with the title of King level."

"Oh, a titled martial sovereign has arrived?" "This is really troublesome," ning Kewei suddenly smiled and said.

now it all depends on whether Yunxiao can break the array before tengguang arrives," ning keyun said calmly. if he can't, everything will be settled when tengguang arrives.

Ning Kewei said, "break the formation?" It was probably not easy. The Taiwu profound Yin soul-slaying formation is one of the most powerful formations in the world. If it were not for the fact that the Tang family's strength is too weak, even a peak martial Supreme would be cut down if I were to control it!"

A rare cold light burst out from his eyes, as if a former powerhouse had suddenly returned, but it was like a flower that disappeared in the blink of an eye, returning to the previous turbid and lightless state.

“Father, look, that’s a Suan ni!”

Ning keyun suddenly cried out in shock, looking at the sky in shock.

Ning Kewei came back to his senses and followed his gaze. He was stunned and completely stunned.

Chapter 1415-confidante

A woman in a long white dress appeared in the sky. Her eyebrows were like green feathers, her skin was like white snow, and her long hair reached her waist.

The woman’s hands continuously formed hand seals, and rays of golden light gushed out from her body. It was as bright as the sun, and it was as if the rays of the sun were sprinkling down, making one feel a burst of warmth.

Beside the woman stood a strange-looking man with a cold expression. He looked down vigilantly and protected the woman.

“Who is that person?”

Everyone’s heart was filled with doubt. The strength of the two didn’t seem to be strong, but the golden light that scattered down seemed to be some kind of extremely powerful divine ability.

Not only that, but the woman also spat out a series of strange notes that were difficult to understand.

Yu Sheng Feng’s pupils shrank as he asked suspiciously, “Dragon language?” His face moved slightly as he noticed the change in the expression of the person behind him.

His gaze turned to Bo Yuqing behind him and said, “You know this person?”

Bo Yuqing bowed and gathered his voice into a line, transmitting, " Master, this is Bo zhixian, the daughter of the ocean Emperor, Yunxiao's confidante.

Yu Shengfeng's entire body trembled as he cried out, " "What? Are you sure?"

Everyone was attracted by the change in his expression and looked over, all of them revealing a puzzled expression.

"Absolutely not," Bo Yuqing nodded. She must be summoning a giant beast to help Yunxiao break the array."

The expression on Yu Shengfeng's face kept changing, and his eyes also flickered with a bright light. No one knew what he was thinking.

"Summoning a giant beast?"

Everyone frowned, as if they didn't understand.

All of a sudden, everyone's expression changed drastically as they looked up into the sky in horror. They saw a huge shadow appear, standing in the sky like a giant spirit!

These giant beasts had strange shapes and cast huge shadows between the clouds and fog, pressing the entire city in their shadows.

"?! That's Yingluo."

Many Warriors in the city exclaimed in fear and shivered!

"Heavens! Isn't that a deep sea monster?"

One of them shouted, his voice trembling with fear as he ran.

Humans didn't know much about the sea Race, but in the battle of the eastern sea that had just ended, the huge deep-sea beasts that the sea Race had summoned had shocked and terrified everyone.

Especially the people of the Eastern Region, almost everyone recognized this giant-like existence. That terrifying power shook the hearts of people and was engraved into everyone's bones.

Those who had participated in the war between the two races and had seen such an existence in the battle were so scared that their faces turned pale.

"A deep sea monster?"

In the building, ning Kewei was also shocked. His eyes focused on water deity's figure and he said, "Who is this woman?"

Ning keyun was also surprised. She shook her head and said, I don't know Qianqian. The woman who can summon deep-sea Giant beasts, Qianqian. This Qianqian ...

Ning Kewei said solemnly, "the royal families of the four Seas once had a contract with the ancestors of the deep-sea Giant beasts. They were willing to listen to the royal family's orders in times of crisis." However, I've never heard of a woman who can summon a deep-sea Giant beast at will!"

"Once this matter is over, I will immediately order Junting to investigate this matter thoroughly!" Ning keyun said.

Summoning so many deep-sea Giant beasts at once ... What an ability!

If they were used to attack cities and raze strongholds, who in the world could resist them?

"BOOM! BOOM! BOOM! BOOM!"

Just as everyone's faces were covered in cold sweat, those deep-sea Giant beasts finally moved. Each of them opened their mouths, and the world-breaking Black light suddenly blasted into the sky, creating black waves.

The entire city trembled. Rays of colorful light appeared in the sky, mixing with the black light and spreading in all directions.

The chemical Elementalist was also shocked. Looking at the eleven deep-sea Giant beasts behind him, he felt his hair stand on end.

As the water deity's abilities continued to improve, the number of giant beasts she could summon also increased.

He thought, if one day he could summon hundreds of giant beasts at once, who in the world would be his match?

Yunxiao was surprised, but then he was overjoyed.

Under the bombardment of the realm-breaking Black light, the Taiwu mysterious Yin soul slaying formation began to become illusory, and it seemed to be unable to withstand it.

Han Junting's face darkened as she turned to the silver-robed man and said, "Lord Zhangsun Yu!"

The silver-robed man's eyes were also incomparably sinister. He nodded and said, "I understand." He took a step forward and was about to enter the battlefield.

Everyone's gazes gathered and they all stared at him with different expressions.

"Lord Zhangsun Yu, does your beiming family also want to interfere in this matter?" Chen Feng's face darkened as he shouted.

Zhangsun Yu looked at him coldly and snorted, " Li Yunxiao is a major suspect for killing many people of our beiming Dark Palace. The Dark Palace is preparing to put him on the wanted list all over the world, so it's a good time to capture him.

"Lord Zhangsun Yu, have you ever thought about what kind of enemy beiming Dark Palace will attract if we fail today?" Chen Feng asked in a deep voice. Don't be fooled by some scheming b * tch!" He looked at han Junting coldly.

Han Junting was instantly enraged and her killing intent surged. what did you just say? I dare you to say that again!"

Chen Feng did not know that she was a woman, and his words had unintentionally touched her reverse scale. He only snorted coldly and said, " No need to show off in front of me. I admit that I can't beat you. But do you dare to kill me? If you don't dare, then put away your killing intent, it'll only make you laugh!"

Han Junting's face turned green as she clenched her fist and said, " Good! Chenfeng, you dare to insult this old man today, I'll make your blade sect pay back a hundred times in the future!"

She suppressed her emotions for fear of exposing her identity. She could only swallow her anger.

Chen Feng laughed indifferently, " Please."

Han Junting's face was cold as ice. She ignored him and stared at the battlefield.

Yu Shengfeng glanced at her, intentionally or otherwise, with a faint smile in his eyes.

As soon as Zhangsun Yu took a step forward, a silver light flashed in the sky, and he instantly flew above Yunxiao and thrust his palm down.

...

Yunxiao's face flickered, and he finally let go of Jiang Ruobing and pushed her away. "Stand aside and be careful!"

Countless bolts of lightning surged around his body as he grabbed the hammer and slammed it into his opponent's palm!

Endless lightning surged, rising like a tide.

Jiang Ruobing retreated a few meters and shouted, "Be careful, I'll take good care of myself."

"BOOM!"

Zhangsun Yu's palm descended, pressing down on the lightning. With a loud roar, he spread his fingers and shouted, "break!"

"Bang!"

The Thunderbolts suddenly exploded, blasting out thousands of green lights.

Yunxiao's body also shattered into countless green thunders, which instantly gathered in the sky. His eyes turned cold as he said, "Zhangsun Yu, I will use your head today to unveil the prologue to the destruction of the beiming Dark Palace!"

His words caused everyone present to shiver and reveal shocked expressions.

Fortunately, he had threatened to kill Tang Qing before, so everyone knew that he would not stop until he shocked everyone to death.

...

"Haha, the Dark Palace was destroyed? That's too big of a claim!"

Zhangsun Yu laughed maniacally. Endless cold air surged from his body, and his entire silver robe was covered in ice. The cold air froze the heaven and earth, forming an ice-cold world around him.

Countless Thunderbolts gushed out of Yunxiao's body, and half of the sky was covered with a sea of Thunder and a hell of lightning. The two bright colors divided the sky.

"You're indeed very strong. If I can't kill you today, I'm afraid it'll be a great trouble!"

it's a pity that you've offended two superpowers at the same time, " Zhangsun Yu said coldly. how can you not die?!

Yunxiao's face was extremely unsightly, not because he was frightened by Zhangsun Yu's words, but because he glanced at Tang Xin not far away. He saw that the spatial power was getting stronger and stronger, and that vast, powerful, and familiar aura could break through the air and come at any time!

Endless killing intent gushed out of his body in an instant. He didn't want to kill Tang Xin, but if he let Teng Guang cross the region, everything would be irreversible today!

Yunxiao moved his body, trying to kill Tang Xin first even at the risk of being seriously injured by Zhangsun Yu.

Suddenly, a crimson red Hand landed on his shoulder. It was actually a burning flame.

"Keke!"

A melodious silver bell rang out, and the endless green lightning slowly turned into a flame that rose behind Yunxiao. husband, you go kill Tang Xin. Leave this person who's looking for death to me.

Yunxiao frowned. don't talk nonsense! Who is your husband? " he said.

“Hehe! And you’re too shy to admit it? Alright, all the heroes of the world are gathered here, so I won’t force you.”

Slowly, a graceful figure emerged from the flames. She was smiling as she walked out from the depths of the endless sea of fire.

Feini was dressed in red and was exceptionally enchanting. Under her light smile, she was more beautiful than a flower. With a red pill in her mouth, her every frown and smile could move people’s souls.

Her bright eyes were fixed on Yunxiao affectionately, and there was a smile on her lips.

It was just that one look, clear and flowing, and that smile, it was like a wild goose falling and a fish sinking.

Han Junting’s expression changed drastically as she shouted in shock and anger, “ Young master feini, are you with li Yunxiao? ”

“What? Feini? One of the young masters of the long family of Sky Ridge?”

Everyone’s expression changed drastically, revealing their shock.

They did not understand where Yunxiao had found so many helpers. Feini herself was not the main point, but her identity and her behavior at the moment represented her attitude.

The long family of the sky Ridge was a mysterious existence among the seven major sects. They rarely moved around the continent, but their strength made the other six sects extremely fearful.

Zhangsun Yu’s face darkened as well, and he said coldly, “ “The young master of the long family? Are you sure you want to help Yunxiao and become enemies with beiming Dark Palace and Redmoon city?”

With a faint smile, Feini retracted his gaze. With a step, a flame rose and replaced Yunxiao's sea of Azure light and Thunder, illuminating the entire sky and making it face The World of Ice and snow.

She walked forward gracefully, and the fire shadows that filled the sky danced with her steps. Light gradually condensed in the void, turning into a huge Phoenix that lay dormant in the sky.

Fei Ni's smile gradually disappeared and turned into a cold expression. She said coldly, "Are you deaf? Didn't you hear me call him my husband?"

As her emotions changed, the huge Phoenix slowly opened its eyes. A single glance was enough to see through the past and present!

Chapter 1416-no one is leaving

"?!"

Zhangsun Yu's body trembled. The Phoenix's gaze had actually caused his soul to feel a sharp pain, as if it was being burned.

Not only that, but he felt as if his skin had been scalded. He was shocked and quickly turned his eyes away, not daring to look at the Phoenix's eyes.

Tang Qing's face was also so gloomy that water was about to drip out. He madly attacked Luan Junhao, wanting to get out as soon as possible.

However, although Luan Junhao was a little timid, his strength was indeed tyrannical. His face was ashen, and he held on tightly to him.

"This Suan ni, this flame Suan ni"

All the alchemists in the sea of soul formation were terrified. They were all experts in fire, so they could naturally feel the power of the fire seed.

Yu Shengfeng was also dumbfounded. He said in a daze, "Is this the real phoenix divine fire?"

Ning Kewei, who was far away, was also shocked. The shadow of the sea of fire flickered in his eyes.

Ning keyun's mouth was also wide open, and her face was full of disbelief. She said in surprise, "Heavens, what did I just see? A Phoenix has descended upon the Redmoon city?"

Ning Kewei shook his head and said, "how is that possible? phoenixes are the leader of all birds. They have long disappeared from the world. This young master of the long family must have the blood of the heavenly Phoenix, which was why he could create a true shadow. However, Huo Kong Dong's face darkened, and he said seriously, "this is a real level ten divine fire!

"Tenth-grade divine fire Kasaya!"

"I've heard that there's an extremely powerful body with the heavenly Phoenix bloodline called the heavenly Phoenix Nirvana body. It's an immortal body!" Ning keyun said in surprise.

Ning Kewei said, "immortal body is an exaggeration. Who can be immortal since ancient times?" Even the real ancient celestial Phoenix had been buried in the passage of time. However, the heavenly Phoenix Nirvana body combined with this level ten divine fire can directly achieve Nirvana and become a saint after nine transformations!"

Ning keyun swallowed and muttered, the long family has produced an amazing genius. If he becomes a 90% Saint, the long family's power will probably be above the other six sects.

Ning Kewei said, "the long family's strength has always been a mystery. Fortunately, they don't interfere with the continent's Affairs." Even with the divine fire, it was extremely difficult to achieve the nine transformation Nirvana. I don't think han Junting from your shenxiao temple is any weaker than this woman."

father has a very high opinion of Junting, "ning keyun said with a smile. he's not stingy at all. His opinion of Junting is even higher than that of my sister.

Ning Kewei's eyes narrowed and he said seriously, "Han Junting gives me the feeling that she's not as simple as she looks. She'll definitely surpass your sister in the future. I originally thought that she was a rare genius of the younger generation, but now it seems that there is always a higher mountain, and the new generation is endless. It really makes me sigh."

father," ning keyun said. are you talking about this li Yunxiao?"

Ning Kewei nodded. this man is already indescribably monstrous. Even if Gu Feiyang reincarnated, he would not be able to display the sword intent of that sword just now at his age.

father, do you mean that li Yunxiao's future achievements will be even greater than Gu Feiyang's?" ning keyun asked in shock.

Ning Kewei said solemnly,"I'm afraid that's not all." If it was only sword intent connecting to the heavens, his father would not have placed so much importance on it. The key was his heart of martial arts, which was simply too terrifying! Where the Dao is, I will go even if there are millions of people!"

Ning keyun's face also became serious. She said coldly, "If this person is so terrifying, why don't I make a move and end him here!"

Ning Kewei looked at her and sighed. "Keyun, the killing intent on your body is too strong. Although his cultivation was not below that of keyue and Chu ran, he would never be a candidate for the city Lord position. I've heard that Chu ran praised this kid as the number one among the younger generation. It's clear that his vision is far more accurate than everyone else's, and this is how Chu ran treats this child?"

li Yunxiao has a very good relationship with brother Chu ran and sister Chu ran," ning keyun said after a moment of silence. he's very close to them.

Ning Kewei said,'that's right. The heavens are vigorous, and a gentleman must strive for self-improvement. Although the strong were strong, they were still within the great Dao and could never go against the heavens and change their fate. Only by being as humble as water can one absorb the ocean of rivers and achieve greatness."

Ning keyun said, "I understand. Father wants to recruit this child." However, I can tell that he's not an easy person to deal with."

Ning Kewei smiled and asked, "what do you mean by" paying respects "?" A true expert views the customs of the secular world as dirt. The sea is vast, and the sky is high, and the birds can fly freely. They can not be restrained."

Ning keyun said, "then father's idea is Huanhuan."

Ning Kewei said, " he's willing to put himself in danger for Ruobing. This shows that he values relationships. As long as Ruobing marries him, it's enough. In the future, with your sister as the city Lord, you as the foreign aid, and the help of the powerful li Yunxiao, Red Moon City will definitely be able to restore its prosperity."

Ning keyun said, "I understand what you mean, father." If Yunxiao is in danger later, we'll save him, which is equivalent to doing him a great favor. However, we'll have to offend the Tang family and even a titled martial sovereign. Is it really worth it?"

Ning Kewei's eyes were cold as he said, "father will do the things that offend people." Before I die, I must create a future for the red moon City!"

Ning keyun's body trembled, and she could not help but say, " "Who is the person who is coveting the red moon City that father mentioned?"

Ning Kewei narrowed his eyes and said coldly, " it's too early to talk about it now. Yunxiao's wedding may be the best touchstone. That man has worked so hard to control Hongyue city, and he will never watch the city fall.

On the square, it was a World of Ice and snow, and the blazing sun was like fire.

The corner of Fei Ni's mouth curled into a cold smile. She clasped her hands together and in a flash, she disappeared into the sea of fire.

“Eight Treasures fire butterfly!”

A soft sound rang out, and Feini suddenly appeared in front of Zhangsun Yu, slamming his hands down.

Zhangsun Yu’s expression changed, and he raised his palms to meet the attack!

“Bang!”

The two forces collided and turned into terrifying squalls that spread in all directions.

The corners of Fei Ni’s mouth curled up into a smile, revealing a mocking expression.

Zhangsun Yu’s pupils contracted as he realized something was wrong. Eight fiery butterflies had appeared out of nowhere and landed on his arms and shoulders.

Feini tilted her head, blinked her eyes and laughed, “Is this butterfly pretty? They’re explosive.”

Zhangsun Yu shuddered, and large beads of cold sweat rolled down his face. He said, “Young master Feini, the Beiming Dark Palace and the Long family have always been at odds.”

“Aiyaya, you’re starting to talk nonsense. Why didn’t you try to build a relationship with me just now?” Feini spat out a word in annoyance, “Explode!”

“Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang!”

The eight butterflies exploded one by one, and the Emperor Qi protecting Zhangsun Yu gushed out. He turned into a stream of light and escaped.

The entire world of ice and snow crumbled under the explosions.

“Giggle, don’t go!”

fei ni’s crisp laughter resounded in the sky as she turned into a flame and chased after them.

With a flash of killing intent in his eyes, Yunxiao teleported in front of Tang Xin and thrust his palm at her!

Although he didn’t have any grudges with the king level expert, and the two of them had even drank and chatted happily, he had no other choice at this time and place.

...

“How dare you, you Rascal!”

Tang Qing shook Luan Junhao away with one move and roared madly. A blood-red light flashed on his body. He had actually used a secret technique to boost his power to the extreme. In an instant, he tore the space apart, and the distance of a thousand feet was reduced to inches.

“Go to hell!”

Tang Qing roared as he clenched his fingers into a claw and struck at Yunxiao. The five green shadows were like long finger blades, directly splitting the space!

“Chi Chi!”

Yunxiao’s body was cut into several pieces, turning into lightning and dissipating.

However, the Thunderbolt at the front instantly condensed back into its true form and hit Tang Xin.

“Bang!”

A gust of wind from her palm hit Tang Xin, but it was stopped by a golden light in front of Tang Xin and could not advance any further!

Yunxiao's pupils constricted as he cried out, " "Not good!"

A vast power came across space and directly shook him away!

...

Before he could steady himself, he shouted, " "Feini, let's go!" He teleported and appeared next to Jiang Ruobing. He grabbed her and escaped into the sky.

The water deity was also anxious and shouted, "hurry up!" You can't even break a small formation, you're too useless, hurry, hurry, hurry!"

She kept stomping her feet, and her eyes were golden. She looked at the mighty force pouring out of Tang Xin, as if she had seen something, and she was anxious.

"BOOM!"

The sky lit up and all the clouds suddenly broke apart, disappearing into the void. The entire formation was broken down and the sun shone down.

Everyone's expressions changed drastically. They were shocked by the power of the deep-sea Giant beast. This kind of great formation, which was one of the few in the world, could also be broken in such a short period of time. They could not help but feel a strong fear of water deity.

The sun shone on Yunxiao, but he could not feel the slightest warmth. He stopped in the air with a bitter smile on his face.

Yu Sheng Feng's pupils suddenly shrank as a sharp light flashed.

Ning Kewei's expression darkened as well. His eyes shot out cold stars, and a wave of essence force rippled from his body.

The water deity was 10000 meters above the ground. She stomped her feet anxiously and shouted, "Quickly come up! What are you waiting for?"

Yunxiao shook his head slightly and said bitterly, "you're too late. He's already here. Take Ruobing and leave quickly.

He patted Jiang Ruobing's waist with his right hand, and Jiang Ruobing turned into a ray of light and shot toward water fairy.

Shocked, Jiang Ruobing tried to break free from the light, but she could do nothing. Watching Yunxiao getting further and further away from her, she cried out anxiously, "I'm not leaving! Li Yunxiao, come with me, or I won't leave!"

Feini was taken aback as well. She stopped chasing Zhangsun Yu and retracted the sea of fire, then turned to look behind Yunxiao in horror.

A ray of glass-like light appeared out of nowhere and transformed into a hundred different colors that flickered and changed continuously.

The entire square was silent. There was no sound at all. Everyone's eyes were filled with horror and they held their breath.

He couldn't help but feel the blood in his body surge as he stared at the glass figure.

"Since I'm here, no one should leave."

The figure in the glass light flickered and slowly gathered into a true body, which became clearer and clearer.

A majestic force spread out from the light, and the sun, moon, and stars stopped moving. The entire world instantly froze!

Chapter 1417

1417 The five Finger Mountain

Within a radius of 10000 feet where the glazed light appeared, it was as if all time and space had frozen. Jiang Ruobing's body was also frozen in the air, her face full of horror.

Yunxiao took a deep breath. Under this vast power, his heart became unusually calm. As he took a deep breath, he felt countless spiritual Qi surging in from all directions. He swallowed them all into his lungs and turned them into little bits of power that spread to his limbs and bones.

The bones in his entire body made a soft "pa pa" sound, as if they were being stretched out, like a silkworm breaking out of its cocoon.

The figure in the glass light gradually solidified and turned into a beautiful young man in a Guangling brocade robe.

Everyone's eyes widened in shock.

Very few people had ever seen the king level master's true appearance. They didn't expect him to be dressed in such a young manner.

His long black hair danced in the wind, and his eyes were like precious Jade, warm and clear, suffused with the bewilderment of precious stones. They were like colored glaze revolving around his body. Once he appeared, the whole world had him as the protagonist, and there was no one else.

Her watery eyes turned slightly as she spread her fingers and grabbed at Yunxiao while murmuring, "World Cage!"

The fingerprints on his hand turned golden and spread out in front of his palm. With his five fingers as the center, a round sky and a round earth appeared, and the entire world changed.

Yunxiao's pupils constricted. He saw the stars shift, and he was all alone in the world. There was no one in the world, only five pillars that held up the sky, which turned into five mountains and fell from the sky.

“BOOM! BOOM! Boom! Boom! Boom!”

Five earth-shaking sounds rang out as countless rays of light shot into the sky. In this empty world, they turned into five peaks that reached into the clouds.

A vast and surging Qi spread out from the five peaks. The power fluctuations were layered, covering the entire universe.

Not only Yunxiao, but all the people in Red Moon City were shocked to find that under Teng Guang's move, they had been teleported, and no one knew where they were. Only the five pillars were left standing, like pillars that held up the world.

Ning keyun said in horror, “father, hehe.” There was no one around her.

As he called out, the space on his left moved slightly, and ning Kewei's figure appeared. He stared at the five pillar peaks without saying a word.

Teng Guang stood on top of a pillar with his hands behind his back. Suddenly, his eyes narrowed and his expression became stern.

Tang Xin was sitting cross-legged not far from him. Green light gushed out of her body as she was healing her injuries.

Suddenly, a ray of golden light descended from the sky, directly splitting the clouds of the five Finger pillar mountain and cutting it down.

Teng Guang raised his head, his face expressionless, and raised his right hand in front of him.

“Bang!”

Countless golden lights scattered in all directions, and a huge broadsword pressed on his wrist guard, unable to move it in the slightest.

The water deity’s body glowed with golden light and a circle of golden splendor appeared in her eyes.”Go to hell!”

She held the broadsword with both hands and raised it high. Sword talismans flew out one after another, turning into a sword rain and slashing down!

“Ha!”

The eight distresses sword intent soared. Life was a sea of bitterness, turn back and you’ll be saved.

“Eh? This power is so strong!”

Teng Guang’s eyes narrowed and revealed a surprised expression. He raised his arm to block again.

With a “bang,” the broadsword shattered the defense on his wrist guard and directly hit the weapon body. With a “ka” sound, the wrist guard split open.

Teng Guang’s face darkened and he shook his arm. Suddenly, a ray of light appeared and directly sent the water deity flying.

“Ah!”

The water deity shouted in shock and her entire body shook into the clouds, disappearing in an instant.

Teng Guang snorted coldly and opened his five fingers, grabbing towards the sky.

Suddenly, a gust of wind and clouds surged, and the entire space froze. It was pulled down by his grab.

“Ah!”

The water deity screamed again as she was pulled down by a huge force. She fell onto the mountain peak with a loud “bang”, causing the dust to rise.

“Junior Sister!”

The angry voice of the chemical cultivator came from the sky. Suddenly, a sharp tail smashed down in front of Teng Guang.

Teng Guang’s gaze focused, and an invisible force instantly exploded.

“BOOM!”

The chemical cultivator’s entire body exploded out from the void. He spat out a mouthful of blood into the sky and fell together with the water deity. He was in a sorry state.

and you, since you are my disciple’s fiancée, come with me.

Teng Guang’s expression was indifferent. He reached out his hand and grabbed again. The space twisted, and Jiang Ruobing was ruthlessly thrown out, landing on the ground.

“Who’s your disciple’s fiancée? did I agree to that? It’s all your own wishful thinking!” Jiang Ruobing was filled with hatred. She stared at tengguang with bloodshot eyes, as if she was filled with endless anger.

Teng Guang frowned and said coldly, “did I wrong you?” Since you’re unwilling, I’ll make the decision to cancel this marriage.”

“Oh, really?”

Jiang Ruobing was stunned for a moment and looked a little dazed, as if she couldn't believe that the problem that had caused her so much pain for a long time was solved just like that.

Teng Guang snorted coldly and said, “have my words ever been false?” With my disciple's talent, his future will be limitless if he obtains my array Dao inheritance. It's your fortune to be willing to marry you. Since you don't cherish yourself, then this fortune is naturally gone.”

Jiang Ruobing still felt like she was in a daze. She said awkwardly, “Then, then can the Tang family listen to your words?”

“What do you think?” Teng Guang was rather speechless.

Jiang Ruobing finally came back to her senses. The other party was a titled martial sovereign and Tang Xin's master. Even the Tang family would not dare to disobey his words. She was overjoyed and said, “Thank you, thank you. Since they're not arresting me to get married, it should be fine, right? Please let us and Yunxiao go, my Lord.”

“Release?” Li Yunxiao injured my disciple, ” Teng Guang said coldly. even if I want to release him, I'll have to break his limbs and beat him until he's all over the ground. A trace of anger flashed across his face, and he said coldly, “My disciple is useless, so I can only do it myself as a master.”

Li Yunxiao was forced to do so, ” Jiang Ruobing said anxiously. where is he now? ” Where did you take him?”

...

“Forced?” Teng Guang sneered. Tsk! Don't worry, he's currently at the foot of my five pillar peaks, enjoying the relaxation of his muscles and bones.”

“Liar!” The water deity said angrily. It’s not relaxing his muscles and bones, it’s clearly using the power of five mountains to suppress him. I saw him struggling hard and in extreme pain!”

“Hahaha!”

Teng Guang laughed and said, “if I can withstand it, it’ll be a comfortable muscle and bone massage.” If you can’t, then you can only be crushed to pieces.”

“You, you animal, perverted, murderer!”

The water deity struggled in anger and raised her sword to attack.

“Bang!”

Teng Guang gently waved his hand and sent her flying again. He said in a strange tone, “This kind of burning and piercing power, you must be from the Bo family, the sovereign of the four Seas.”

“Now that you know, let Li Yunxiao go! He’s my friend, or else my father and I will never let you off!”

Water deity threatened angrily. With her character, she did not want to use her parents’ name to pressure people, but for Yunxiao’s sake, she could not care less.

“Hehe, you’re indeed of the Bo family bloodline. I’m looking forward to you and your father not letting me go. I’ll be waiting for you at any time.” Teng Guang said indifferently.

...

“You’re good!”

“Then don’t blame me for being impolite,” the water deity’s face turned cold and she said angrily. Golden light flickered around her body as she began to speak in the strange dragon language.

Above the five Finger pillar mountain, at the end of the clouds, more than ten huge black shadows appeared in an instant. They started to shake and spat out black light that flew towards the sky.

“BOOM! BOOM! BOOM! Boom! Boom! Boom!”

Rays of black light shot into the clouds of the five Finger pillar mountains, causing rays of formation light to appear. The five mountain peaks trembled at the same time.

Teng Guang’s expression changed. Although his World Cage was impregnable, it was still inferior to the Taiwu profound Yin soul slaying formation of the red moon City. He was afraid that it would not be able to withstand the continuous attacks of this black light.

As the surrounding mountains trembled, a huge force suddenly came from the center of the five peaks at the same time. The rumbling sound was like it was surging out from the endless earth veins, about to pull the mountain up!

Teng Guang’s eyes focused slightly as he looked towards the valley. A suspicious expression flashed across his face as he muttered to himself, he’s just an eight-stars Martial Emperor. Where did he get such powerful strength? ”

He furrowed his brows and thought for a moment. Then, he raised his hand and copied the talismans in the air. Rays of golden light flew up and instantly wrote down six big characters, ” mo, ” ” MA, ” ” ni, ” ” BA, ” ” mi, ” and ” mo.

The six characters flashed with golden light and arranged themselves neatly, turning into a golden talisman that floated in the sky.

Teng Guang formed a seal with one hand and pointed in the air. A finger light hit the talisman.

That talisman instantly split into two, turning into yin and yang. The yin talisman floated up into the sky, while the Yang talisman suddenly fell and shook into the valley.

“BOOM!”

The sky and the ground shook, and the entire surrounding mountains trembled for a moment before stabilizing. The power to pull up mountains and break through the earth immediately dissipated.

A barrier also appeared in the sky. Under the bombardment of the realm-breaking Black light, five-colored divine light was produced. Six words, “ buzz, ” “ MA, ” “ ni, ” “ pa, ” “ mi, ” and “ hum, ” kept flashing in the sky, making the power of the entire cage more solid!

“Now you’re all obedient.”

Teng Guang stood with his hands behind his back, a leisurely expression on his face.

“Come on, come on!”

The water deity stomped her feet anxiously and scolded, “ What’s the use of having trash like you? you can’t even break open a few mountains! If you don’t give it your all, I won’t play with you anymore!”

It was unknown if the deep-sea Giant beasts understood her or if they were influenced by her emotions, but “ lulululu Lulu ” shaking sounds kept coming, and the explosions became more violent.

“BOOM! BOOM! Boom! Boom! Boom!”

Teng Guang’s brows furrowed as he looked at the flashing Yin symbol in the sky, not knowing how long it could last.

While he was hesitating, his expression suddenly changed. He looked at the bottom of the endless Valley within the five mountains in horror.

A cold voice came from below, directly into the clouds.

“Honest your sister!”

“BOOM!”

At the bottom of the valley, the six words “mo,” “MA,” “ni,” “BA,” “mi,” and “mo” flashed and then suddenly disappeared. The Yang talisman was sent flying, burning in the air and turning into ashes.

Soon after, the entire formation light emerged and transformed into countless dense and complicated runes. Then, they shattered one after another with a bang.

Chapter 1418

1418 Nine Heavens Lightning Dragon

“Bang! Bang! Bang! Bang! Bang! Bang!”

As the countless formation lights shattered, a golden light shot up into the sky and into the nine Heavens.

“Rainbow-like sword Qi?” Teng Guang’s face revealed shock.

The golden light spread out sword shadows that filled the sky, sweeping across the sky. The six-word Yin talisman in the sky also broke with a “Chi” sound.

“Boom boom boom!”

As the black light descended, it finally shattered the clouds and headed towards the five Finger Mountain peak, attacking Teng Guang.

The sword shadows that filled the sky retracted and turned into a human figure. He formed a hand seal and formed a Thunder World. Then, he slammed his hands down fiercely!

Light and shadow swirled around one of the peaks, and several extremely domineering forces chased each other and struck down one by one!

Teng Guang's expression was as calm as water as he flipped his hand and slapped out.

"Bang!"

The power to break the world suddenly shattered and dissipated under his palm.

Then, he used his palm technique and shattered the black light with every strike. He stood on the spot and did not move at all. His Guangling robe fluttered under the mighty force.

"BOOM!"

A flash of lightning fell. He raised his hand and slapped it, shattering it into thousands of Thunderbolts that scattered in all directions. They left traces in the space of the five Finger Mountain and shattered it one by one.

In the center of the Thunderbolt, a figure flashed and turned into Yunxiao, who had three heads and six arms and was entirely golden.

He put his hands together in front of him and shouted loudly. A wave of Dragon's might surged out, rippling in front of Teng Guang and being dispersed in all directions.

The other Four Peaks trembled violently under the sound wave, and countless broken stones flew up.

"This is a Kasaya."

Teng Guang's heart jolted. Although the power of this sound wave couldn't hurt him, it gave off a supreme majesty that couldn't be offended.

Even his state of mind was rippling under the true might of the Dragon language.

After Yunxiao's roar, the three Dharma forms glared at the same time, raised their four arms, and clenched their fists.

Countless bolts of lightning flickered on his fist. He opened his hands and grabbed the hammer with his right hand. The Golden Maha ancient character appeared. His left hand formed an incantation gesture and the lightning talisman flickered.

Teng Guang raised his head in surprise and stared at the sky.

A huge black shadow emerged behind Yunxiao and slowly stood up, supporting the sky.

The black shadow also had three heads and six arms. When the Dharma form opened, all kinds of weapons fell from the sky and flew into the six arms.

Although it was only a Phantom, it exuded an extremely terrifying aura.

“?!”

All the experts who saw the battle were shocked. They looked at the giant spirit with the supernatural power standing in the clouds and were shocked.

“This is a Kasaya!”

Yu Shengfeng's entire body trembled, and he was instantly dumbfounded.

“Six paths demonic weapon Suan ni, it's the six paths demonic weapon Suan ni!”

His heart trembled violently, and his entire body couldn't help but tremble. He was so shocked that he couldn't control himself.

“How is that possible? How could this be? How did he conjure the six paths of mo weapons?”

Countless question marks filled his mind, and his eyes burned with a fiery light as he licked his dry lips.

“Master, is this Divine Art very powerful?” Bo Yuqing couldn’t help but ask.

Yu Sheng Feng gave an “en” sound and said, let’s not talk about divine abilities. Those six weapon phantoms are existences that surpass Saint weapons. They are known as heavenly Saint weapons.

“An existence that surpasses a Saint artifact? A heavenly Saint artifact!”

Bo Yuqing jumped in fright and said in horror, “What is a heavenly Saint tool? And why did Yunxiao have a heavenly Saint artifact? And six at once?”

Yu Shengfeng looked at him and said, “it’s hard to say. He doesn’t have the six pieces of the heavenly Saint artifact. He can only borrow a trace of the power from the heavenly Saint artifact. That is, the six shadows.

Bo Yuqing was shocked speechless, staring into the distance. This was also the first time he had heard of such a secret, and the first time he knew that there were existences that were even stronger than Saint weapons.

Yu Shengfeng’s expression became extremely fanatical, his fists clenched so tightly that cracking sounds could be heard. He unwillingly roared, “He must have merged part of the demon Lord’s consciousness into his brain, which is why he can borrow the power of the heavenly Saint artifact! I’m the inheritor of the demonic servants, why didn’t such a good thing happen to me!”

Teng Guang stared blankly at Yunxiao in front of him and the giant true devil spirit behind him, then said with a sudden realization, “no wonder my disciple isn’t your match. You’re indeed much weaker than him.

Thunder and lightning surged over Yunxiao's golden body as he said coldly, "Tengguang, if you stop now, we don't owe each other anything. Otherwise, I'm afraid your name will be buried here!"

"Haha, what a big tone!" "If you have the ability to ruin my reputation, I'm really looking forward to it!" Teng Guang sneered.

Yunxiao's face turned gloomy under the endless flashing lightning, but his cold eyes were as bright as stars and as calm as ever.

I knew I couldn't persuade you. Then, accept my anger!

A gleam of determination flickered in Yunxiao's eyes as he suddenly raised his hand. Countless Thunderbolts gathered on the hammer, and a boundless sea of Thunder burst out.

The entire heaven and earth was shrouded in a Thunder World. The space of the five Finger Mountain was completely shattered, and all the people of Red Moon City were revealed.

Everyone looked over in shock. They saw that some of the metals on their bodies had involuntarily become magnetized under the sea of Azure lightning, causing them to flash with fine electric radiances.

Chen Feng and Liang Yuyi's faces were filled with shock. They naturally recognized this move. It was the abhijna of the lightning Tiger and fire leopard.

At this moment, when Yunxiao used his full strength, he was not inferior at all!

The huge Maha ancient character flashed and rolled in the sky, containing the boundless rules of Thunder. It continued to evolve and change. Under the ancient character, it gradually took the shape of a Dragon, which was extremely lifelike.

The true fiend Dharma idol also spread its six arms, and The Fiend Star Ring appeared. It rippled, and the six fiend soldier phantoms entered it.

...

At the same time, his six arms continued to form hand seals. The six demonic weapon phantoms floated in the ring of stars, and demonic light surged.

Such a huge phenomenon shocked all the cultivators in the city, and even Chen Feng and the other experts couldn't help but flee into the distance.

Everyone knew that the next attack would definitely be earth-shattering, and it would even be enough to destroy the entire Red Moon City!

Tang Qing was also shocked. The situation had completely gone out of control. As the master of Red Moon City, he could only go with the flow at this moment.

He gritted his teeth and retreated a thousand feet, looking up at the sky with a dark expression.

At this moment, most of the phenomenon on the five Finger Mountain had collapsed, leaving only the peak where the light from the throne stood. It still rose into the clouds and merged with the physical body of the red moon City.

Ning keyun said, " what a powerful Thunder technique and demonic technique. I'm afraid he has the power to compete with a peak nine-star Martial Emperor. Even I can't say that I can escape unscathed.

Ning Kewei's expression was grave as he said, 'the six profound level weapon phantoms in the hands of the true devil giant spirit are extremely strange, and they give me a feeling of trepidation. It's just a shadow, but it's already so powerful. What is that thing?"

I didn't pay attention to the six weapons, " ning keyun said in surprise. dad, look at the ancient character of Maha. Li Yunxiao seems to have completely mastered the rules of this character. It's incredible.

Ning Kewei said, 'li Yunxiao is really strong. This man is too heaven-defying! It's a pity that his opponent is the throne Teng Guang. Otherwise, if it was Tang Qing, he might have a chance to win."

Ning keyun said, "father, are you going to make a move?" Do you need my help?"

...

Ning Kewei didn't answer, but squinted at the distance and asked suspiciously, "li Yunxiao should also understand the gap between the two of them. Where did he get the courage to fight a King level master head-on?"

"Maybe he knew that he would lose, so he decided to take a gamble," ning keyun said with a faint smile.

"Yes, you're right." but I don't think it's that simple," ning Kewei said. maybe he has his own ideas.

"My own thoughts? Hehe."

Ning keyun laughed and said, "father, you must be joking. No matter how heaven-defying an eight-stars Martial Emperor is, how can he have his own thoughts when he's facing a titled King level expert?" At most, you'll think about the aftermath, hehe." She covered her mouth and laughed.

Ning ke did not say a word, but stared vigilantly into the distance, not letting go of any of Yunxiao's movements.

On the pillar of fingers peak, Teng Guang's brocade robe fluttered in the wind under the pressure of the Thunder World, and his face was also illuminated by the green light.

"To have the courage to face me head-on, this is enough for you to be famous."

Yunxiao spat out, 'f * ck! What was there to fear about life and death? It's just a battle!"

Water deity and Jiang Ruobing, who were standing behind Teng Guang, were shocked.

Junior Sister! the chemical cultivator shouted hurriedly. come here quickly! Don't get too close to him, or it'll be dangerous!

The water deity's eyes turned cold as she shouted, " if you're afraid of death, get away from me. You've been holding me back the entire way. What's the use of having you!

She raised her large sword, and endless golden light rose from her body, turning into runes that flew around. The Phoenix-winged purple-gold crown and the Lotus silk Cloud-walking shoes also resonated with her.

The chemical Elementalist was stunned for a moment. He was instantly embarrassed and angry, and he pounded the ground repeatedly.

Suddenly, a fiery shadow flashed across the sky. A dash of red suddenly enlarged and turned into a Phoenix that circled above the finger peak before slowly descending.

A human figure appeared from the flames. Feini's entire body had transformed into a demon. Her long Phoenix tail spread out and the Phoenix landed on her shoulders, almost merging into one.

Teng Guang turned a blind eye to their actions and just looked at Yunxiao as he said, " your heart of martial arts is enough to earn my respect. Since you don't fear death, I'll fulfill your wish and grant you the honor of dying under my ultimate skill.

"Don't be so presumptuous, I don't want to slap your face."

Yunxiao raised his eyes, which were as clear as water, as if he had seen a hundred years of vicissitudes. His lips moved slightly as he shouted, " "Heavenly Tribulation, Nine Heavens Lightning Dragon, annihilate the world!"

He raised his right hand high, and the hammer emitted endless lightning. He looked like the God of Thunder.

The Azure Dragon under the ancient Maha word suddenly turned ferocious, baring its fangs and brandishing its claws as it descended from the nine Heavens.

Wherever the Dragon passed by, destruction followed. Not only that, the Dragon scales and the Dragon's five claws started to turn purple in the endless Thunder World!

Yunxiao's face was cold, and above his three heads was a solemn Dharma idol. Without exception, purple lightning was flashing in all six eyes.

"This, this is a Kasaya."

Not only did everyone turn pale with shock, even Teng Guang couldn't remain calm. Under the illumination of the purple light, his young face turned pale as he said in shock, Taixu Yuqing purple mansion Nirvana world destroying divine Thunder??!!

Chapter 1419-heaven and earth great shift

purple, purple lightning?!!

In the distance, ning keyun's eyes almost popped out of their sockets."How is that possible? The Zifu Brahma destroyed the world?"

Ning Kewei was also shocked, and his figure moved, about to disappear.

"Father, are you going to make a move?" ning keyun asked.

Ning Kewei's figure disappeared on the spot, and his calm and anxious voice was heard, "It's not real purple lightning! However, this battle is too terrifying. I'm afraid that Red Moon City can't be saved, so I must use the universal great teleportation formation to send them out!"

Just as ning Kewei's figure moved, three rays of light appeared in an unremarkable place in the red moon City. They were red, yellow, and blue, and they rushed into the city Lord's mansion.

Everyone present was shocked by the world-shaking Thunder and felt the waves of heavenly might. It was as if God was punishing the world and sending down Heavenly Tribulation.

Under heaven's might, human strength was like a drop in the ocean, insignificant.

Han Junting couldn't help but shiver in fear. This was the first time she felt fear from the bottom of her heart. The person she had always wanted to kill, what kind of monster was he?

Yu Shengfeng's breathing also became heavy, and his eyes flashed. He thought to himself that there were too many secrets on this child, and he must capture him for interrogation!

"Phew, you scared me to death. I really thought it was purple lightning and almost ran away, almost losing my reputation."

Teng Guang's face was gloomy. Clearly, he was also angered as he coldly said, however, to be able to do this, you can be considered a rare genius. To show you enough respect, take this divine formation diagram of the world's first dust.

He formed a seal with his hands and used it in front of him.

His entire body turned into the color of glass and rays of formation light appeared. He formed a seal and his hands moved quickly. Hundreds of gray light balls appeared around him, floating up and down.

Yunxiao was taken aback, knowing how powerful the move was. He also understood that Teng Guang had officially regarded him as an opponent, and he didn't know whether to be happy or sad.

However, he didn't have time to think. After drawing the Dragon, the true devil giant spirit also suddenly attacked. The demonic Star Ring made "Zheng Zheng" sounds and became violent.

Teng Guang was expressionless. He was still performing incantation gestures, and the sky was filled with Golden Shadows.

The grey balls of light suddenly unraveled and turned into strange array diagrams that continuously rotated and enlarged. The various array patterns inside bloomed like flower buds and actually displayed endless wonders.

The clouds were gone, and the rain was falling. The area was bright, and there was actually a Lake and a mountain, and the sound of water.

Countless seals danced like the breeze, and her figure was peerlessly independent. Her lips slightly opened as she chanted, "The dance of the rainbow, the vast waves of a thousand li, the bright eyes falling, the dust of the world."

As soon as he finished speaking, he made a seal with both hands. Countless beautiful scenery merged in front of him and turned into a long scroll. It suddenly unfolded and countless array talismans surged out.

The Thunder Dragon fell, and a Dragon's Roar shook the nine Heavens.

"BOOM!"

The purple dragon body crashed into the formation diagram, creating endless lightning. It was like a sea of lightning had exploded, turning into green lightning whirlpools that spread in all directions.

A white cross-shaped light gushed out from the formation diagram. It was several acres in size and split the entire Thunder World apart. The heaven and earth instantly became clear.

The true fiend Dharma idol let out a loud roar and its three faces were filled with anger. A star Jade explosion suddenly pressed down and blasted on the light vortex.

"BOOM!"

Demonic Qi exploded and spread in all directions, dimming the cross.

Yunxiao was taken aback, and his face changed.

His two strongest moves couldn't even shake the other party in the slightest. Although he was mentally prepared, he still felt an inexplicable sense of loss.

The corner of Teng Guang's mouth slightly raised, and a trace of coldness flashed through his eyes. He changed the seal in his hand and pointed down in the air.

The light on the divine formation diagram of the first earthly phase brightened again. At this moment, the whole world was filled with lightning and demonic Qi. Under the sweeping light of the light, it became clear.

With a point of Teng Guang's finger, the whirlpool spun toward Yunxiao.

Feini and water deity were shocked and they attacked at the same time.

"Eight Treasures fire butterfly!"

Feini formed a hand seal and eight butterflies danced in the air before striking down.

"Life is a sea of bitterness, turn back and you'll be saved!"

The water deity's expression was also serious. She extended her sword and the boundless sea of bitterness spread.

The violent divine fire and the light of the sword Qi suddenly blasted in front of Teng Guang. The light on the divine formation diagram of the Amitabha dust rose and directly turned into a white barrier, blocking the two moves.

The origin power that was jolted away turned into a wave of air that rebounded back and surged in the sky.

"What?"

The two of them were shocked at the same time. They couldn't even break the other party's defense under their joint attack. How could they fight?

Yunxiao's pupils constricted as he retreated in the air in horror. But, no matter what movement technique he used, he could not Dodge the attack of the light vortex.

The eye-piercing light swirled in the sky, constantly sweeping away the haze and slashing down on his body!

At this critical moment, the world suddenly trembled. Everyone felt the space tremble as if a vast and mighty force had filled the entire world.

The cross-shaped vortex of light, which was several acres in size, suddenly trembled and deviated from its direction, then slashed down at Yunxiao's side!

"Boom boom boom!"

The power of the light spiral landed on the ground, instantly splitting the earth for a thousand miles. A terrifying chasm appeared, endless and deep!

The power of this slash was shocking, but at this moment, everyone was not shocked by the light spiral slash, but by the great change in the space they were in. They were no longer in Red Moon City, but a barren land.

"What's going on? Another illusion?"

"No, impossible! This kind of terrain is obviously the wilderness of the Eastern Region. We've been teleported out!"

"What? Could it be that the spatial tremor just now was a Chi Chi?"

Everyone was shocked, and Tang Qing was also shocked, but she instantly understood, and a haze appeared in her eyes.

...

“Eh, the universe great teleportation formation? I didn’t think that there would be such a peerless formation hidden in Red Moon City. Interesting.”

A playful expression appeared on Teng Guang’s face as he pointed at the formation diagram. A white light suddenly appeared and began to rotate again.

Yunxiao’s face darkened. He knew that he was just lucky just now, and it was impossible for him to teleport again. With a flash, he teleported directly in front of Teng Guang and thrust his palm at the divine formation.

“Eh? What a bold kid. Although your body is strong enough, it’s still not enough for my shining cut of Mi Shi chu Chen.”

Teng Guang smiled and changed the seal in his hand. His finger changed direction and hit the formation map.

“BOOM!”

Suddenly, there was a huge tremor. The divine formation map of the world of beginnings trembled and started to distort.

The cross-shaped Whirlpool that he had formed earlier suddenly disappeared.

“What?”

Teng Guang’s heart trembled as he saw a four-colored light emerge from Yunxiao’s hand, and then a miniature mountain smashed directly on his array.

Not only did it cause the space to collapse, but it also began to spiral in the direction of the divine mountain. The entire formation suddenly became strange.

...

“Bang!”

Finally, the formation light shattered and the entire map turned into specks of light, dissipating between the two of them.

Teng Guang’s eyes widened as he stared at the four-colored Tushita heaven in Yunxiao’s palm, as if he could not believe it.

“Take this!”

Yunxiao gave a sudden cry as he clenched his five fingers and pulled Dou Shuai Tian into his hand, then threw him at Teng Guang!

Teng Guang recovered from his daze. He couldn’t believe it. He clenched his right hand into a fist and threw it at the small mountain. He wanted to find out what this mountain was. How could it be able to crush his divine array?

“BOOM!”

As soon as his fist wind touched the four-colored light, his expression changed greatly. He knew that something was wrong and quickly retreated.

However, it was too late. A cracking sound came from the entire fist bone.

Fortunately, he had retreated quickly, and only the bones in his fist had been shattered. It was not a big deal.

However, this was already frightening enough. Not only him, but all the cultivators who were watching from afar were also shocked.

They did not know what was going on, but they saw that Yunxiao had knocked back the king level expert with one move, and seemed to have injured him!

“No way? Chen Feng’s eyes widened in shock. He was deeply shocked.

“Gulp.”

Cheng haomiao, who was beside him, suddenly gulped and said, “No, it’s definitely wrong! Defeating a King level master with a single move, that’s too much nonsense. There must be some sort of reason behind it!”

Chen Feng wiped the cold sweat off his face and said, “Let’s not talk about what happened with that attack. To be able to exchange several moves with a King level expert and break his divine array diagram, this ... This is an ...”

Cheng haomiao was also dejected, feeling that this gap could not be made up for in his lifetime.

Chen Feng glared at Han Junting coldly, only to see that she was also frozen in place. Her eyes had lost all light, as if she had been petrified.

Zhangsun Yu and Tang Qing were also so shocked that they broke out in a cold sweat, especially the former, who was sweating cold sweat for his previous actions. He felt that he had made a stupid mistake, and a very stupid one at that.

To everyone’s surprise, Yunxiao did not stop after the attack. Instead, with a flash of lightning, he moved forward, as if he was going to chase after Teng Guang!

He raised his six arms, and all kinds of profound level weapons appeared in his hands. The heaven light sword case turned, and thirty-six Northern heaven cold star swords flew out one by one, forming a formation in the air.

“He still has other tricks up his sleeve? How many divine powers do you have?”

Although the bones in Teng Guang’s fist had been shattered, he was not angry. He was only extremely shocked. The 36 swords drawing a formation in the air seemed to have developed an extremely terrifying formation. Instead, it made his eyes light up as if he had seen something. He exclaimed, “This, this is a Kasaya.”

“BOOM!”

Suddenly, the sky collapsed, and a huge force pressed down on him.

“Bang!”

Teng Guang’s figure instantly disappeared, and the space where he had been standing shattered.

“That’s Yingluo.”

Everyone was shocked and looked at the sky.

From a cloud, a silver iron Bull slowly descended. With a stomp of its foot, a powerful spatial force fluctuated. Within a radius of 100 mu, countless nets appeared and turned into farmland!

“Swish!”

Iron Bull raised his head and let out a long cry. He shook his head and his figure disappeared.

In the next moment, it appeared in front of Teng Guang and used the two horns on its head to hit him!

Chapter 1420

1420 Fleeting and fleeting

Teng Guang's eyes revealed a look of surprise. He immediately raised his foot and stomped down on the Iron bull's head.

"Bang!"

The entire space trembled and the Iron Bull's body trembled violently. A shallow footprint appeared on its head. It was extremely angry and began to roar.

A silver light gushed out from under his feet and formed a formation around Iron bull's head. No matter how hard he struggled, he couldn't break through the power of this kick.

After struggling for a while, countless formations appeared on the Iron Bull's body. They were so dense that even its two horns flashed with formation light. The formation light rippled as it charged forward again.

A strange expression appeared on Teng Guang's face as he looked at the array covering his entire body and said in shock, "Divine Phoenix?"

The Iron Bull's horns suddenly turned Jade-colored and shot out countless rays of light that enveloped Teng Guang's surroundings. They suddenly tightened and bound him.

Soon after, the formation light on the bull's body also gradually turned green, and its entire body began to become crystal clear.

"It's indeed a divine Phoenix!" Teng Guang's eyes suddenly widened. He revealed a look of shock and excitement.

His entire body was bound by the green light. Even the silver light formation on the foot that stepped on the ox's head was scattered by the green light. His entire foot was bent back from the push, and his entire body was bound like a big dumpling.

“Swish Swish Swish!”

Sword beams danced in the sky as Yunxiao’s thirty-six sword strikes turned into a huge sword diagram and slashed down with great momentum!

“Hey!”

The corner of Teng Guang’s mouth rose, and his entire body emitted countless silver rays with a “bang.”

He clenched his right fist, and an octagonal red formation appeared on the back of his hand. Countless spiritual Qi gushed into it.

With a crackling sound, the hand bones that were crushed by the four-colored Tushita heaven were restored to their original state and flashed with transparent light. Then, he opened his fingers.

“Pfft! Pfft!”

The green light binding his entire right arm disintegrated. He moved his body, and the green light binding his entire body also dispersed.

His right foot met the force of the Iron Bull, and with one step, his entire body flew up, like a silver butterfly dancing.

The Iron bull’s head lost the strength to step on the ground, and its whole body suddenly rushed forward, roaring again and again.

“Bang!”

Its green jade-colored horns pressed against Teng Guang’s body, causing the void to tremble.

Teng Guang's body suddenly became dazed, and a strange smile appeared on his face before he turned into a fluorescent light and disappeared.

“Woof! Buzzzzzz! Buzzzzzz! Shua shua shua ”

Countless sword lights shot down and stabbed into the ground. They all missed!

In the distance, Han Junting's body trembled as she looked at the thirty-six swords embedded in the ground. They glowed with a cold light, as if they were arranged in some kind of formation.

“Pa!”

A voice rang out as an arm patted Iron Bull's back, caressing the green jade arrays one by one. He clicked his tongue and praised, this must be a product of the ancient times. No one can refine this kind of divine armor anymore. Also, I've only seen these demigod formations in some scattered information.

Iron Bull shook his body in anger. The formation started to work and shot out countless green lights.

Teng Guang smiled faintly and stepped into the air, easily dodging the attack. His five fingers turned into a sharp knife and cut down on the Iron Bull's neck.

“Today, I'll break you down and see how many peerless divine formations are hidden inside,” he said with a fanatical look.

“Swish!”

His hand rose and fell, and a silver light cut into Iron Bull's neck. He could only watch helplessly as it was about to be dissected.

“Shua shua!”

Even though Iron Bull couldn't feel any pain, he was extremely furious. His eyes turned red as he stomped his four hooves, causing the entire world to shake with a loud boom.

It suddenly twisted its neck and pushed its horns behind its back.

Teng Guang smiled, and his body once again disintegrated into countless specks of light, causing Iron Bull to miss.

In the next moment, he appeared on the other side of the bull's head and raised his right hand again.

"What?"

His body paused for a moment, but this time, he did not slash down. Instead, he swung his arm and slashed diagonally to the side.

"Bang!"

The hand knife cut into the iron wall, shaking up a cold light, and Teng Guang's pupils shrank.

A Vajra puppet appeared in the void. It was using its chest to press down on its hand-blade, and it raised its silver whip high up to strike.

"Another divine venomous insect?"

Teng Guang was completely stunned, but he immediately shook his head and said, "No, this isn't a divine Phoenix."

His figure flickered and was about to disappear on the spot when his expression suddenly changed. His eyes suddenly enlarged and shot out rays of cold stars.

"What? A soul-beating whip?"

Teng Guang cried out in horror. His escape technique had completely lost its effectiveness under this whip. Moreover, countless silver rays directly rushed into his spiritual altar and sea of consciousness and began to wreak havoc, causing him to have a great headache!

“How dare you dissect this Lord’s cow, go to hell!”

Lingmu di was furious. His bean-sized eyes were filled with coldness. The whip contained almost all of his strength!

Yunxiao’s face grew serious as well. He performed incantation gestures with both hands, and the thirty-six swords on the ground immediately soared into the sky and transformed into a huge sword, which then flew down!

”

Teng Guang suddenly roared and clenched his fists. His body glowed with silver light and he raised his arms into the air.

...

“Bang!”

The reverse soul whip struck his arm, and countless strange and tiny characters shot out, filling the entire space.

Soaring light and lingmu flute were wrapped in circles of silver light, and countless obscure runes floated on them, unrecognizable to anyone.

Teng Guang’s body did not move at all, as if he had been confined by the whip. Countless silver lights circulated around his body, as if his entire body was made of liquid metal, and his appearance was difficult to distinguish.

However, all the experts around him could see the pain on his face. They were all shocked.

Yu Shengfeng's expression was even more serious, like a layer of frost covering him.

Even he couldn't recognize the runes that were surging up. He was sure that the gourd Little King Kong must have been possessed by a peerless powerhouse!

The sword-shaped sword that was sweeping across the sky instantly slashed into the silver light ball and shook Teng Guang's body!

"Bang! Bang! Bang! Bang! Bang! Peng! Peng! Peng!"

The entire sword shape kept on collapsing, shaking up countless silver lights.

Teng Guang's body also twisted and trembled under the bombardment of the sword will. However, his face still had that pained expression, as if there were not many changes.

...

Yunxiao's face was as dark as water. He knew that Teng Guang had been careless and fallen into the soul reversing Whip's power, and his soul was now suppressed. This was a once-in-a-thousand-years opportunity, and it was fleeting!

His hands formed a seal again, and the 36 swords all flew up. They formed an array in the sky and directly slashed down!

Lingmu di also knew that this was a rare opportunity. He gritted his teeth and raised his left hand. With a snap of his fingers, a small ice-colored flower appeared in his palm.

He had used all his strength on the reverse soul whip, so he was not strong enough to control the power of the ice fiend Heart Flame. The flower gradually grew larger and brighter.

Yu Sheng Feng's pupils shrank and his expression became extremely cold. He clenched his fists and Yuan power constantly circulated around his body, as if he was unable to suppress the urge to attack.

"Bang! Bang! Bang! Bang! Bang! Peng! Peng! Peng!"

The 36 swords finally fell, and all of them cut into the light ball. The balance that was maintained tilted, and the shining liquid metal body was slashed with sword marks, and a groan came from the mouth.

However, his eyes also flashed with endless bitterness before they instantly regained clarity.

Lingmu di stared at him coldly and said, "It's too late, go to hell, ice fiend Heart Flame!" His left hand suddenly slapped down!

A terrifying force instantly blasted onto Teng Guang's body. The flames instantly entered his body and exploded!

"BOOM!"

The sky trembled, and everyone's faces paled as they looked on in horror.

The ice flame did not explode. Teng Guang's hand had formed a Tiger's Claw and was protecting his heart. A wave of origin power suppressed the Ice Flower.

Lingmu di and tengguang each made a move, their five fingers clenched in the air, like two petals of the white flower, showing an extremely delicate balance.

"What?"

Lingmu di was greatly shocked. His two beady eyes shrank and stared at the ice fiend Heart Flame in fear.

Although it didn't explode, under the suppression of the two's power, it had become abnormally violent. The light became more and more dazzling, and once it exploded, the power would double!

The silver light on Teng Guang's body dissipated and he returned to his normal body. His silver robe had been cut into strips and hung on his body. There were also countless sword marks on his body, revealing his blood and flesh.

A stream of blood flowed down from the corner of his mouth. His face was pale, but he was as calm as water."To be able to injure me to this extent, Who are you?"

"Bang!"

Without waiting for mu Di's reply, he shook his left hand and shook the reverse soul whip away. Then, he formed a seal in front of him.

A golden formation light shot out from the seal and spread out around him, forming countless small golden formations like cobwebs. In an instant, all 36 Northern heaven cold star swords were stuck in the air, unable to move.

The golden light formation continued to expand rapidly, and the entire sky was instantly covered with dense array runes. In an instant, the area within a radius of 10000 feet was enveloped by a huge array. It was like a circular enchantment, filled with terrifying power.

Everyone was overwhelmed with shock and wanted to escape, but they all stopped when the figure moved.

The formation expanded too quickly. Before they could react, they were all enveloped by it. At this moment, they realized that an infinite formation was suppressing their strength. Not only was it difficult to operate, but it also seemed to be very dangerous. A slight move could turn them into ashes!

Everyone's heart turned cold, and a chill went straight into their hearts. Their palms were covered in cold sweat.

Teng Guang was still expressionless as he changed his hand seals.

Above this ten thousand feet wide barrier, the countless talismans all transformed into a cross-shaped light. There were tens of millions of them, covering the sky like the moving stars and clouds, forming a Galaxy.

They were like stars in the sky, beautiful and beautiful, but they gave off the cold aura of death.

Yunxiao trembled, and his heart sank. He knew that Teng Guang had the intention to kill him.

The name of this technique was God-slaying, and it was extremely powerful. It could kill all living beings within the formation light!
