

The Eternal 1421

Chapter 1421-minions

Lingmu Di's body moved slightly, and countless swirls of light shot out from his body, leaving shallow marks on it.

"What an overbearing move," he said in a deep voice, "I'm afraid it's not easy for you to control it in your current state." If you're careless, not only will everyone in the formation be killed, but you will also be dragged into it!"

Teng Guang's expression was cold, and a mocking sneer appeared on his lips. "You're thinking too much. It's just killing a few of you. Do you think I'll have to use all the power of the formation?"

Lingmu di sneered, "aren't you too arrogant?" I could easily exterminate tens of millions of minions like you back then."

"....."

Everyone instantly forgot about their fear and were dumbfounded. Someone actually called a titled martial sovereign a minion?

Teng Guang was also stunned. He then laughed and said, "Haha, interesting! How many years has it been since I've heard someone call me a minion? I really miss this title."

"There are no Tigers in the mountains, only monkeys call themselves Kings!" Lingmu di said coldly. He raised the reverse soul whip and let out a light shout. A few strange notes came out of his mouth.

Countless runes appeared on the reverse soul whip, and the entire body of the whip let out a clanging sound of an unsealing seal. In an instant, it turned into a silver sword, and the top of it was overflowing with light and colors. Strange sword runes hovered around it.

"This is a Kasaya."

Teng Guang was startled, only to see the sword suddenly stab down towards him.

He snorted and formed a seal with his left hand. His fingers changed and a Whirlpool appeared in his hand.

“Clang”

The silver sword struck the light directly, but it couldn't break it.

Lingmu Di's eyes were filled with irritation and anger. Just as he said, this kind of existence who didn't even have the immortal state could be killed with one move a hundred thousand years ago, but now he was at a disadvantage.

A look of contempt flashed in Teng Guang's eyes, and his face became increasingly cold under the light. you're very strong, but it's a pity that it's over.

He clenched his fingers and the swirling lights in the sky gathered together to form a huge light diagram. It was as bright as the Galaxy and fell from the sky in a spiral shape.

All the martial artists within the barrier were shocked. They felt the formation energy surging wildly around them and hurriedly circulated their origin power to resist.

Lingmu di stood in the center of the boundary and said coldly, “If we're going to die, we'll die together!” He clenched the fingers of his right hand, and the ice fiend Heart Flame, which was balanced between the two of them, suddenly went berserk and bloomed.

“Die together?” Teng Guang's eyes flickered as he sneered. You think too highly of yourself!”

His right hand made a hand seal, and his Tiger form changed. A miniature mountain flew out of his palm, and an extremely powerful weapon charm surged, pressing down on the ice fiend Heart Flame!

Although the heavenly immortal mountain was not as overbearing as the Tushita heaven, it was full of the power of the rules of the Four Seasons and was a profound level weapon that he was very satisfied with.

As soon as the mountain appeared, the Four Seasons changed. Time flowed like water, and spring, summer, autumn, and winter formed a region of their own.

The ice fiend Heart Flame seemed to have frozen under the mountain's pressure.

Lingmu Di's beady eyes shrank. He was at a loss as to what to do. He could only watch the huge spiral light come down!

"BOOM!"

The gourd Little King Kong's body was rolled up under the swirling light, and countless slashes fell on his body. In an instant, he was cut beyond recognition, and a shocking mark appeared.

"Eh? What a tough body."

Teng Guang's brows furrowed. He pinched his thumb and index finger together, and a golden seal appeared. He slapped it down and shouted, "Shatter!"

The seal was swept into the whirlpool, and the power of the slash instantly increased. An ear-piercing "Bang Bang" sound rang out.

Finally, there was a loud "bang". The gourd Little King Kong's entire body was twisted into pieces and completely scattered.

"Swish!"

The heaven patrolling Bulldog roared and charged forward in grief and indignation. A huge bull shadow appeared in the sky and started galloping.

Within the God-slaying barrier, every movement would cause countless whirlpools to slash its body. Its eyes were bloodshot, and the aura on its body was extremely violent.

Teng Guang coldly looked at it and said, "You want to self-destruct? Within my barrier, how can your life and death be up to you? You're a puppet that's contained within a divine formation. I'm afraid you won't be able to find a second one in this world. You're so valuable that I can't let you die."

He waved his hand, and the unaging mountain that was suppressing the ice fiend Heart Flame immediately flew over. With a rumble, it suppressed the heaven patrolling Bulldog, causing dust to fill the sky.

The ice fiend Heart Flame, which should have exploded long ago, finally exploded with a boom, and a boundless and terrifying white light spread in all directions.

Teng Guang's expression changed drastically. Under this attack, a huge hole was directly opened in his God slaughtering barrier. It only slowly melted after a few breaths.

"What exactly is that thing, Yingluo?"

He couldn't help but feel aghast. Fortunately, he had been suppressing it all this time. If it had exploded when the other party had first entered his body, he would have really died here.

Teng Guang's heart was also filled with fear. He frowned as he looked at the fragments of the gourd Little King Kong on the ground and fell into deep thought.

Yu Shengfeng's expression was also serious and his eyes were filled with fanaticism. He stared at the fragments on the ground and snorted coldly.

In an instant, the entire God-slaying barrier became completely silent.

Everyone's faces were filled with shock and cold sweat. Although Teng Guang had already known that this would be the outcome when he appeared, the process still made everyone's heart jump.

In particular, Teng Guang's slightly pale face and the streak of blood at the corner of his mouth made everyone unable to believe it.

The 10 people who represented the world's strongest were actually injured and fighting with such difficulty.

Among them, the most frightened was Tang Qing. If it weren't for tengguang's cross-regional arrival, the political power of the red moon City that he had established would have been completely destroyed.

Suddenly, dozens of rays of light flashed in the sky. They reflected the sunlight and were blinding.

Teng Guang raised his hand slightly, and the thirty-six Northern heaven cold star swords immediately spun one by one, all pointing their tips downward at Yunxiao, who was standing not far away with a calm face.

"These swords are very interesting, but what's even more interesting is the sword diagram just now. Can you tell me what that sword diagram is about? Perhaps I can spare your life." Teng Guang said in a gentle voice.

Han Junting couldn't help but shiver and listen carefully.

Yunxiao's face was calm, as if he had given up struggling. He was slowly adjusting the primordial energy in his body as he said indifferently, "I'll tell you, and you'll send us off safely, okay?"

Teng Guang frowned and sneered, "I haven't decided whether I'll spare you or not, and you actually want me to protect you when you leave?" Aren't you too naive?"

...

you injured my friend and put us in a desperate situation, " Yunxiao said coldly. and you still want me to tell you the sword formation? " Aren't you too naive?"

The entire barrier fell into a deathly silence, and many people swallowed their saliva.

Only this lawless young man would dare to use such a tone to tease the king level master. Moreover, he was in a desperate situation.

“Hahaha, interesting!”

Teng Guang laughed and said, “ you’re much more interesting than I thought. You also have many secrets. I’m getting more and more interested in you. I have plenty of time to slowly grind away at it with you. Follow me to the array source.”

The so-called “ source of the formation ” was where he cultivated.

With a wave of his hand, all the swords of Northern heaven’s cold star pierced into Yunxiao’s body.

His hands danced in the air as he performed all sorts of incantation gestures. The millions of revolving lights on the Golden barrier dissipated and turned back into runes that flickered incessantly.

“Bang! Bang! Bang! Bang! Bang! Peng! Peng! Peng!”

The martial artists within the barrier suddenly shot out like arrows.

Tang Qing was suddenly startled and said,“Lord King level master!”

...

Teng Guang turned around to look at him and said, I’ll take Tang Xin back. You don’t have to worry about it. He slapped down with a seal.

Tang Qing wanted to Dodge, but he found that his body was sluggish, and a pressure came down from the sky.

He thought for a moment and did not resist, allowing the seal to hit his body. His body suddenly became dazed and he was directly transported out of the barrier.

Yunxiao's face flickered. He knew that Teng Guang had changed his formation in the air and was about to fly away.

In just a few breaths, the weaker martial artists were sent flying one by one. Only a few nine-stars Martial Emperor powerhouses were left standing in the formation with grave expressions. No one knew what they were thinking.

Luan Junhao's face was dark as he said to Yunxiao, " I've already fulfilled my promise to you. From now on, we have nothing to do with each other.

Without waiting for Yunxiao's answer, his figure flickered and he rushed out of the enchantment.

The rest of the nine-star martial sovereigns also left the barrier space in a flash.

Soon, there were only three people left standing still in the entire space, except for Tang Xin, Yunxiao, and the others, as if they had not heard anything about what was happening around them.

"Master Luo Tian, could it be that you want to have tea with me at the source of the formation?" Teng Guang's eyes narrowed as he smiled.

With a bitter smile, Luo Tian extended his hand and respectfully introduced, " "This Lord will be in charge of all the operations in the sea of soul formation this time."

"What?"

Everyone's heart moved as they all looked towards Yu Sheng Feng.

Zi Xiao Ji's expression changed, as if he had expected it.

Tang Qing's pupils shrank as he suddenly remembered the message from Wei Qing and couldn't help but look in horror. It seemed that his previous guess was getting closer to the truth. This person was very likely the expert who killed Xiao Xiao and Huan mie.

Although Teng Guang was extremely shocked, his expression remained the same. He said, this Lord looks unfamiliar. Since he can represent the sea of soul formation, he naturally can't be a nobody.

Yu Shengfeng smiled and crossed his arms in front of him, "it's been silent for a long time. Not many people remember my name. It's better not to say it. He waved his hand and pointed at Yunxiao as he said, "I'll take this person and that piece of human spine. You can take the rest."

Everyone was shocked and aghast. They all thought to themselves, "Who was this person who actually dared to speak to Teng Guang in such a manner? Moreover, even master Luo Tian was respectful to him. He was definitely not a rash person.

However, even the experts of the soul formation sea would still be polite when they were in front of a titled martial sovereign.

Teng Guang's eyes narrowed. The smile on his face didn't decrease, but it became cold. "Oh, are you telling me a joke?"

The formation light around his body also flickered, gradually returning from a transparent color to a golden color. A sky full of swirling light appeared, turning into a God-killing formation. It was clear that the killing intent in his heart had risen again.

Chapter 1422

1422 The celestial ten earthly Yin thunder fire formation

The atmosphere that had just quieted down suddenly became murderous again.

The crowd in the distance was shocked. Was there going to be another fight? Who was this person that dared to challenge the king level master?

"I never joke," Yu Shengfeng said indifferently. You're quite strong, but you're still a little too young. The world is vast and the martial path is endless. You must avoid extravagance and luxury. These are my words to you from the bottom of my heart."

Everyone was speechless,"too tender, Yingluo."

Only Yunxiao and the people in the sea of soul formation knew that he was telling the truth.

Teng Guang also could not help but laugh, and said, haha, I've really broadened my horizons today. The people I've met are all crazier than the last!

"Good advice is always unpleasant to the ear," Yu Shengfeng said.

Teng Guang's eyes flickered, and he was too lazy to waste any more words. His finger descended from the sky and pointed over, shouting,"Suguang,"

A huge cross-shaped light appeared on his fingertip and he suddenly slashed out.

Everything within a ten-thousand-foot radius turned into a golden sea. Countless palm-sized cross-shaped light rays flew up and slashed toward Yu Shengfeng along with the huge light ray.

Yu Shengfeng's expression remained the same as he took a step forward. His body flickered, but he was suppressed by the power of the barrier, and blade light constantly bounced back from his body.

Teng Guang's pupils contracted, and his expression turned grave.

"Clang"

A huge sword was unsealed in Yu Shengfeng's hand, and countless Dragon shadows flew up with ferocious expressions.

It was the Dragon Sword in Yu Yixian's hands that day in the ruins-ancient dust. It had also been completely refined by Yu Shengfeng.

As the sword Qi danced, the golden light barrier was suddenly pushed open, and an independent space was formed around Yu Shengfeng.

"I've come out of the blue and seen all the spring in the human world."

"Three million flying Jade Dragons, causing the heavens to turn cold."

"Melting in summer, overflowing rivers, humans may be fish or turtles."

"Who has ever spoken of a thousand years of Meritorious Service?"

As he slowly recited the poem, tens of thousands of Dragons surged outside the sword, forming a green barrier that spread within the God-slaying domain.

The sword will flew up. Outside the green barrier, there were countless rotating lights, like golden lamps, but also like a Starry Night.

The Dragon travelled in the wild, heaven and earth dark and yellow.

Ten thousand Dragons were restless as they rushed out of the green light and rushed towards the endless Starry Night!

"Boom boom boom!"

The two terrifying forces collided together. The sun and the moon hung upside down, and the sky and earth cracked!

The people thousands of meters away were so frightened that they retreated again and again, looking at the destructive scene in front of them in horror.

“Who is that person?”

Ning Kewei’s face was also filled with shock, his eyes flashing with a bright light, and his expression was unreadable.

“So strong, such strong power! He’s actually on par with Sir Teng Guang. When did the sea of soul formation produce such a character?” Ning keyun was also shocked as she felt the elemental energy fluctuations coming at her.

“Equally matched?” “I’m afraid tengguang is no match for this person,” ning Kewei said with a grave expression.

“What?” Ning keyun was even more shocked. She said in horror, “Father, what did you say? How was this possible? It’s already unbelievable that the sea of soul formation has produced such a figure out of the blue. It’s simply too unbelievable that he can defeat Teng Guang.”

She was stunned for a moment, and then said in a daze, “I understand now. Lord Teng Guang was injured by that humanoid puppet in the previous battle,”

“This person should be the one who caused the huge explosion in the city last time,” ning Kewei said. “Even if tengguang isn’t injured, he’s no match for him. This person is right, although Teng Guang’s strength is extraordinary, he’s still a bit too inexperienced!”

Ning keyun’s mouth was wide open. She was so shocked that a watermelon could be stuffed inside.

Although she didn’t dare and didn’t want to believe it, she never doubted her father’s judgment. She could only say with difficulty, “Who is this Lao Ai?”

Not only the father and daughter, but everyone else had the same question in their minds. Their faces were filled with shock and disbelief.

I'm determined to get Li Yunxiao. If you don't want to die, get lost!

Yu Shengfeng's voice sounded from the endless energy fluctuations. His burly figure stepped forward with a murderous aura, completely ignoring the terrifying impact that was wreaking havoc in the world.

Cold stars shot out from Teng Guang's eyes. His expression was as heavy as water as he quickly formed hand seals. The golden light that filled the sky was retracted and turned into a Golden Ball in his palm. Countless runes surged out.

His entire body flickered and turned into a golden light as he fell down. Things are extreme and Yang, so I'll just watch from the sidelines!

"Hmph, drawing the ground as a prison!"

Yu Shengfeng stretched out his left hand, and a Jade brush spun out. It turned into a shadow in the air, and the red ink scattered down, creating a colorful scene.

With just a few strokes, a wall of light rose from the ground under his brush, like an iron wall.

"BOOM!"

Teng Guang's palm slammed down, and the Golden Ball spun non-stop in his hand. The terrifying power of the spiral light flew out and crushed the light wall, distorting it.

Yu Shengfeng's pupils shrank as he felt a terrifying force coming at him, trying to break his blue and red brush. He shouted, "Die!" He raised his sword and the two huge ancient dust characters on it flashed with golden light. Then, he slashed down!

“BOOM!”

Three million Jade Dragons flew up, and tens of thousands of Dragon shadows galloped forward, roaring.

Countless Hills crumbled, and the earth cracked, leaving thousands of terrifying ravines. The entire place was riddled with holes!

Under the impact of the Jade Dragon, Teng Guang's body turned into a golden light and dissipated in the air with a bang.

Yu Sheng Feng's eyes turned and he said coldly, "Don't put up a stubborn resistance." The sword in his hand turned and suddenly swirled down. He shouted, "Ten thousand rivers flow!"

“BOOM!”

...

An extremely domineering sword Qi rushed in all directions, shattering the entire sky. It was as if a huge mirror of water had been shattered into countless pieces.

However, Teng Guang was still nowhere to be seen.

“What?”

Yu Shengfeng's pupils shrank. He saw that among the countless fragments, there were countless beads. Looking carefully, there were runes engraved on each of them. Like hail falling from the sky, he was instantly trapped inside.

Countless golden lights slowly appeared in the sky and slowly transformed into the appearance of Teng Guang. He was a thousand feet tall and looked down with an ice-cold expression. He said in a cold voice, "Have a taste of my heaven and earth Ruyi Yin thunder fire formation!"

The giant golden figure formed a hand seal and the yin thunder fire Beads in the sky started to move. They formed a huge array around Chu Shengfeng. It was a hundred mu wide array with billions of beads!

Yu Shengfeng's expression changed drastically. An extremely bad feeling welled up in his heart. He shouted and stabbed with the sword in his hand, instantly splitting the void.

"You want to leave? It's too late!"

The strange golden light that gushed out of the void was like an invisible wall, filling up the crack.

Yu Shengfeng's pupils shrank and he suddenly turned around. His sword momentum turned back and stabbed into the ground. A wave of sword intent spread out and turned into a formation.

He then let out a loud cry and revealed his three-headed and six-armed Dharma form. The six arms made hand seals at the same time and danced wildly. The power of a barrier was unleashed and mirror lights appeared all over his body. His figure suddenly became absent-minded.

...

All the martial artists were shocked and felt extreme danger. Fear welled up in their hearts and they fled into the distance.

Yunxiao teleported to Jiang Ruobing and the others and shouted, "Let's go!"

A few figures, wrapped in his escape light, teleported a hundred miles.

The patrolling Bulldog also broke through the sky and rushed out of the suppression of the unaging mountain.

There was also a ball of iron, which was the calabash Little King Kong. It was still slowly recovering and was no longer in its human form.

Tang Xin was anxious when she saw Yunxiao and the others leave, but she could not care less at this critical moment.

Under such a terrifying ultimate move, a single mistake could result in one's body being crushed into pieces.

father! ning keyun cried out in the distance, " this ultimate move is going to make li Yunxiao run away!

Ning Kewei said in a deep voice, " it's okay. The rules of time and space have been disrupted by these two. We can't leave. What I'm worried about is that this place isn't too far from Red Moon City, so don't let it affect it. "

"It's thousands of miles away. It's impossible to affect it, right?" ning keyun was shocked.

"Who knows?" ning Kewei's eyes were cold.

In the sky, the eyes of the Golden figure became extremely sharp. It raised its huge hand and slammed it down. A huge rune instantly expanded to a thousand feet.

The billions of Yin thunder fire Beads were agitated and suddenly exploded!

"BOOM!"

A truly destructive power erupted. The four poles collapsed instantly, and the entire sky fell into darkness.

The light around Yu Shengfeng's body lasted for a moment before it was swallowed up by the endless darkness.

The cultivators in the distance were still fleeing for their lives when suddenly, space reversed and everyone was sucked in. Their figures flickered around the huge energy vortex, and they were thrown around until they were dizzy.

Some of the weaker martial artists were even unable to withstand this spatial compression power, and their bodies exploded and died on the spot.

Ruan Hongyu and Jiang ruomei were also caught in it. They spat out blood and their faces turned pale.

Suddenly, a figure flashed and slapped down with both palms. A barrier immediately spread out and protected the two of them.

“Lord Yichun?”

Ruan Hongyu was shocked and touched. “Thank you, my Lord.”

A look of shame flashed across Fu Yichun’s face. “Don’t thank me, it’s too much.”

Ruan Hongyu hurriedly asked, “my Lord, have you seen Ruobing?” She’ll be fine, right?”

Fu Yichun shook his head. I didn’t see her. But I saw li Yunxiao take her away. She should be fine.

Only then did ruan Hongyu relax.

Now that things had come to this, she only wanted her two daughters to be safe. She didn’t want to think about anything else.

The terrifying energy fluctuations swept through the sky and the earth for a full cup of tea’s time before gradually dissipating.

On the entire land, as far as the eye could see, the hills were all flattened, and a huge sinkhole appeared. It was so deep that the bottom couldn't be seen, and it was filled with traces of cold air.

In the space thousands of feet away, the Warriors were shaken out one by one, all of them pale and horrified.

Was this the strength of a titled Martial Emperor?

Such a terrifying move was completely destructive!

Not only that, but the 11 deep-sea monsters that had been standing on the horizon had also become extremely faint, slowly disappearing one by one.

Yunxiao also rushed out of the chaotic space, his face extremely pale. He had consumed too much energy just now, and he had suffered such an impact before he had fully recovered. His internal organs were directly injured, and his eyes flickered with a fierce look.

Jiang Ruobing and the others had all been put into the divine realm tablet by him. Now that he was all alone, it would be extremely convenient for him to escape.

Chapter 1423-power of seven Worlds

As soon as Yunxiao came out of the space, he stomped on the ground and turned into a bolt of lightning, rushing into the distance.

"Hmph, you want to leave? in your dreams!"

The space in front of him shook slightly, and Tang Qing's entire figure appeared. He slapped at him on the spot.

Under the terrifying power just now, Tang Qing had been paying attention to Yunxiao's movements, and as soon as he appeared, he rushed over.

Yunxiao was the initiator of this incident, and if he escaped, he would become the laughingstock of the world. So, he had to be killed at all costs today!

Therefore, he did not hold back at all with this palm strike. It was almost an all-out attack.

Yunxiao was shocked, and his face turned pale.

Tang Qing's palm sealed the sky and locked the earth, making him unable to escape. Moreover, his essence force took form, and the palm force came wave after wave, blasting open the entire space!

“BOOM!”

Suddenly, a figure flashed past, and he also struck out with his palm. As the two moves collided, air waves rolled and turned into a circular barrier that surged in the surroundings.

“Who are you?”

Tang Qing flew into a rage. The woman in Palace attire in front of him was very unfamiliar to him.

Ning keyun and Tang Qing's palms met, and she was secretly shocked by the other party's strength. After fighting with Luan Junhao for so long, he still had such an abundant essence force. He was indeed worthy of being an Overlord.

you can't kill li Yunxiao, ” she said indifferently, retracting her palm. he's mine now.

The crowd was stunned. How did Yunxiao suddenly become so popular that everyone wanted him?

Yunxiao was taken aback as well. He found the woman in front of him very familiar. Suddenly, he had an idea, and he immediately remembered who she was.

Ruan Hongyu, Fu Yichun, and the rest also recognized ning keyun and were shocked.

“What did you say?” Tang Qing roared. Get lost!”

“Hmph, Tang Qing, you’re very impressive.” Ning keyun wouldn’t fall for it. She said coldly, “ Step aside if you know what’s good for you. I’m definitely taking li Yunxiao.

Tang Qing’s face was so gloomy that water was about to drip out. He clenched his fists so hard that “ pa pa ” sounds were heard. However, he was a hero after all, not a reckless person. The strength of the woman in front of him was not inferior to his at all.

If he was at his peak, he might have a chance to fight, but he was no match for the other party now. He could only swallow his anger and say, “ Alright, I can leave if you want. But at least tell me your background and identity!”

“I don’t plan to have anything to do with you in the future. There’s no need,” ning keyun said.

“You! You’re going too far!”

Tang Qing was so angry that he gritted his teeth. He turned his eyes and saw Luo Tian in the distance. He immediately shouted, “ Master Luo Tian, isn’t li Yunxiao someone you must capture in the sea of soul formation? ”

Everyone immediately revealed a look of disdain. They were not strong enough and could not do anything to the other party, so they had to use this low-level method of attracting trouble.

Luo Tian’s brows sank as he looked at the surroundings of the terrifying sinkhole. Teng Guang and Yu Shengfeng’s figures were completely gone. He looked at Bo Yuqing and asked, “ My Lord, what should we do now?”

Yunxiao! Bo Yuqing said. we are determined to get him. He squinted his eyes and stared at ning keyun with an arrogant look on his face, as if he had the other party in the palm of his hand.

Luo Tian said,“but, Zhenzhen.” He looked worried.

“Don’t worry, my master will be fine,” Bo Yuqing assured.

Everyone’s hearts trembled as they looked at the sky pit. They suddenly sucked in a cold breath and retreated.

Only to see Teng Guang standing near the sinkhole, coldly looking into the sinkhole without saying a word.

Ning keyun’s complexion also changed greatly, and she became extremely vigilant. Teng Guang’s appearance seemed to be fine, but his face was a little pale because he had consumed too much energy.

Tang Qing was overjoyed and quickly said, “Sir Teng Guang, please!”

Teng Guang completely ignored him and continued to stand there. His silver robe had long been destroyed, as if he had been petrified.

“BOOM!”

Suddenly, the ground trembled. Everyone was shocked and hurriedly flew into the air.

With the deep pit as the center, countless cracks appeared, causing the ground to crack beyond recognition.

The entire earth vein had been destroyed. Looking down from the sky, it looked like a stone Valley.

The power to change the landscape with human strength was extremely strong.

Everyone’s heart was beating wildly. What made them even more shocked was that the man from the sea of soul formation realm was still alive after being hit by such a terrifying power.

“Bang!”

Finally, the ground caved in once again. A ray of light shot up into the sky and took the shape of a human in the air.

Yu Shengfeng’s face was ferocious, and his demonic Qi was rolling. The surface of his skin was covered with strange demonic patterns.

“?!”

Everyone gasped. They had thought that even if this person did not die, he would at least be seriously injured and covered in blood. However, looking at him now, he was no different from the martial Sovereign King. It seemed that he had only used up some origin power.

“Dammit! To be able to put me in such a sorry state, your title of martial sovereign is well-deserved!”

I’ll give you a chance. Pledge your loyalty to me and you won’t die today! Yu Shengfeng’s face was dark and cold.

“Tsk! Could it be that my attack destroyed your brain?”

A mocking expression flashed across Teng Guang’s face, but his eyes quickly became extremely serious as he said coldly, “Your strength has indeed exceeded my expectations. May I know your name?”

Everyone perked up their ears. At this moment, they still didn’t know who this person was. They even looked to the people around them for help, but no one knew.

This was too strange.

It must be known that the experts around him were all heroes or big shots of various sects. They had connections all over the world. As long as they were some famous experts, even if they had never seen them before, they could at least guess a little. Only this person in front of him had no clue at all.

“Hmph, I knew it. To be able to cultivate to such a realm, there’s not a single one who isn’t stubborn!”

...

Yu Shengfeng’s face was gloomy. The demonic flame on his body churned even more fiercely, and his aura kept rising. Rings of demonic power spread out as he coldly said, “Then there’s no other way. Your fate ends here. As for my name, there’s no need to know!”

He grabbed at the air and the underworld wheel appeared in his hand. He slashed it down.

The sky was split into two like the waves on the sea under the slash.

“Die!”

A shrill cry came. The Dark Wheel expanded to half an acre in size and suddenly slashed down!

Teng Guang’s face was pale and his eyes were filled with a cold glint. He slowly waved his hand and formed a hand seal. A dazzling light appeared and slashed towards The Dark Wheel!

The cross-shaped light vortex was also huge. There were countless golden lights flashing within it, spinning rapidly and sweeping across the sky.

Yunxiao frowned. At this moment, Teng Guang had obviously stopped gathering his strength, and he was afraid that he would lose if they continued to fight.

A complicated look appeared in his eyes. Although he didn’t know who he hoped would win, seeing Teng Guang at a disadvantage made him feel a little uncomfortable.

The current situation was too complicated. He had revealed too many things and attracted everyone’s attention. Even ning keyun was attracted to him. It would be even more difficult for him to leave.

He could only recover his strength as soon as possible and observe the situation, trying to find a way to break the balance between all sides.

...

“BOOM!”

The green underworld wheel and the White vortex clashed violently, creating a sky full of light shadows. They shot in all directions, looking extremely beautiful.

However, the power of the underworld wheel had the upper hand and pressed down!

“Boom boom boom!”

The place where Teng Guang was standing was instantly split into two, and a terrifying ravine appeared in the ground.

In the next moment, Teng Guang appeared high in the sky. His hands quickly formed hand seals, and colorful radiances appeared around him, spreading out in all directions.

Seven profound level weapons gushed out from the incantation gestures of his hands. They were a saber, a sword, a shield, a Bell, a drum, a Xiao, and a halberd.

He changed the seal in his hand and the seven profound level weapons surged with terrifying elemental power, forming their own boundaries.

Wind, rain, fire, Thunder, frost, snow, and fog!

The power of the seven Worlds spread out instantly, shining on each other and filling the entire sky.

Yunxiao was shocked. Before the accident in his previous life, he knew that Teng Guang had collected these seven elemental barriers from all over the world and combined them into one. But, many of them were damaged, and it was extremely difficult to do so.

Now that it was displayed, it had already been fully integrated. With seven powerful profound level weapons as the eye of the formation, it was one and majestic. He must have spent a lot of time on this formation over the years.

One had to know that at their level of cultivation, it was almost impossible for them to advance any further. To Teng Guang, comprehending Dao from the array was undoubtedly the best choice.

Yu Shengfeng's expression sank. He was shocked and angry. He didn't expect the other party to have such powerful strength. He put away The Dark Wheel and waved his sleeve.

A ray of green light shot into the sky and turned into a ruyi scepter, which suddenly spun.

A strange phenomenon appeared on the Jade scepter, and it continued to expand as its body grew.

A series of life-like images appeared in front of everyone. The verdant mountain ranges, high up in the sky, flying pavilions, flowing pills, and no land below.

There were martial artists meditating on Lotus Thrones, there were children pouncing on herb mountains, the snow covered mountains, and the bright candle in the South. It was a complete scene of a Fairyland!

“What? This Ruyi Kasaya ”

Suddenly, han Junting shouted, ” “The Royal carriage! This precious Jade is the life profound artifact of Lord Sheng Feng, the acting chief of the sea of soul formation. Who are you?”

Everyone was shocked and their expressions changed.

The name Yu Shengfeng had disappeared for a long time, but after all, his name had been too big in the past. After a brief moment of shock, many people reacted and revealed shocked expressions.

Everyone knew that Chu Shengfeng was Lu congzi's master, so such a powerful Natal profound weapon should naturally be passed on to his own disciple. This person's identity was almost obvious.

He must be Lu congzi's direct disciple!

Everyone had the same guess in their hearts, and they firmly believed it.

Zi Xiaoji's expression darkened. When did Lu congzi take in such a disciple? how could the sanctuary not know?

What made him even more annoyed was that this disciple's strength was so terrifying and tyrannical. From this, it was speculated that there were other hidden strengths in the sea of soul formation, which he knew nothing about.

He cursed the people from the intelligence Division in his heart. He wanted to rush back and beat Bai lingyue up so badly that they could f * ck her up!

Chapter 1424-come out

Yu Shengfeng frowned and revealed a shocked expression. He said seriously, "Seven elements barrier? Hmph, what a pity. Not only was his elemental power too weak, but his fusion was also a mess. No, this can't even be called fusion, it's completely piecing things together. You're embarrassing yourself by bringing this out?"

Teng Guang's expression sank and became unsightly.

His move was indeed impure and was still far from the complete seven elements barrier. Unfortunately, he had no other moves to use against such a powerful enemy. He could only force himself to use it. He didn't expect that his opponent would see through it with a single glance!

A cold glint flashed in his eyes, and he said, "Hmph, what's the use of trying to show off? Even if it's incomplete, it's enough to deal with you. Could it be that your saintly being is complete? Tsk!"

Yu Shengfeng's expression changed drastically and sank. He indeed hadn't completely sanctified his body. Otherwise, he would've ended the battle long ago and wouldn't have dragged it until now.

However, he couldn't understand why he was so short of this step. This was exactly what he was depressed about. He didn't want to be seen through by the other party at a glance, and he became angry from embarrassment.

"Oh, really? Once this move is defeated, it will be the time of your death!" He desperately activated the Royal carriage, sending countless spirit talismans into it, almost transforming it into a world.

"You too!"

Teng Guang's expression turned cold, and he clenched his fists in front of him. Immediately, the seven Worlds merged into one, and extremely violent powers stacked together.

The seven powers of wind, rain, fire, Thunder, frost, snow, and fog penetrated each other and created a chaotic scene. The area within a thousand feet of Teng Guang became blurry and was filled with terrifying elemental power.

Yu Shengfeng's expression became unusually grave. Even Teng Guang himself couldn't control this kind of terrifying elemental barrier. It was enough to show that the other party was really planning to go all out, not even caring about his own life.

"Divine Royal technique, demon subduing treasure carriage!"

A ruthless look flashed across his face. As he performed a hand seal, the Imperial carriage suddenly shone with a brilliant green light, as if it was going to pierce through the chaotic sea of elements in front of him.

"Hey!"

The corners of Teng Guang's mouth raised into a sinister smile as he laughed loudly, "It hasn't been this interesting for a long time. This trip to the red moon City was not in vain!"

He clapped his hands together and a huge golden talisman appeared. In an instant, the sky changed color and the seven profound level weapons started to ring. The entire ground was filled with ear-piercing sounds.

The power of the seven elements gushed into the Golden talisman at the same time and expanded to several acres in size. It blotted out the sky and pressed down on the Imperial carriage!

"Not good, quickly run!"

It was unknown who shouted, but those who were watching nervously with their mouths agape finally reacted. If they didn't run, they would be completely finished if they were caught in the shockwaves!

"Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!"

Countless rays of light flew up and scattered in all directions.

Ning keyun also turned around and picked up Yunxiao, fleeing into the distance.

Bo Yuqing's expression changed as he turned into a cold sword light and chased.

"BOOM!"

Finally, the two forces collided, and heaven and earth collapsed. Everyone only felt the intent of trembling, and time was completely reversed. Everyone was once again sucked into the spatial turbulence.

The power this time was far greater than before, and the area affected was even wider. Thick smoke could be seen thousands of miles away, like the pressure before a storm, filling the sky!

Ning keyun could not avoid the spatial turbulence, but she was calm and did not panic. She stood there quietly with Yunxiao in her hand, allowing the surrounding scenery to change.

Yunxiao gave her a look and suddenly laughed. "Are you ning keyue's sister from the divine cloud Palace?"

Ning keyun's face changed and a trace of anger flashed through her eyes. She shouted, "How do you know me?"

so be it, " Yunxiao said. why are you angry? "

Ning keyun was stunned for a moment. She couldn't help but look at the boy in front of her a few more times. She felt that he was indeed different from the rest. Then, she calmly said, very few people know me. I'm just very curious.

my aunt told me, " Yunxiao said with a smile. she's the one who told me.

"Your aunt?" ning keyun frowned.

your younger sister, " Yunxiao said. she is.

It was only then that ning keyun realized what ning Kewei had said. Since he wanted to win Yunxiao over, he would naturally not make things difficult for him. "I didn't expect my sister to mention me to you."

Yunxiao blinked and asked casually, " "Didn't the divine cloud Palace seal off their mountain? Why did you come out?"

Ning keyun's expression changed, but she quickly returned to normal and said, " don't ask about things you shouldn't ask. It's easy to get into trouble if you meddle in other people's business.

Yunxiao laughed. trouble? I'm already in big enough trouble.ai, ai, ai. Now, the Redmoon city, the sea of soul formation, and even the monarch Teng Guang are looking for trouble with me. I don't have to be afraid even if it gets bigger."

Ning keyun was stunned again. It made sense. There was probably no bigger trouble than this in the world. This kid must be a dead pig that was not afraid of boiling water. He wanted to break a broken pot and throw it away.

She immediately consoled him. it's already happened. There's no point in thinking too much. Just don't cause any trouble in the future. I'll try my best to help you.

"Help me? Why are you helping me?" Yunxiao found it strange. Han Junting was also from shenxiao Palace, and they were on opposite sides. Had the situation changed?

Ning keyun was a little annoyed. She said impatiently, "Don't ask me any more questions. I don't want to answer them. Also, follow me, I won't harm you."

Yunxiao's eyes flickered with surprise, but he could tell that ning keyun was not lying. It seemed that she was really helping him, but he could not figure out the reason.

Since the other party was not willing to say, he was too lazy to ask, so as not to make him feel disgusted. Besides, ning keyun might be the key to get him out of this predicament.

"BOOM!"

The surrounding space shook, and the two of them were finally shaken out of the turbulence.

It was still a barren land in front of him, but he was already hundreds of miles away from the terrifying energy explosion zone.

Moreover, the ground below was filled with cracks from the shockwaves of the battle between Yu Shengfeng and Teng Guang.

Ning keyun looked back and said, " I didn't expect it to be so far away. It's good to avoid any trouble. Let's go.

"Leave? Didn't you hear what I said before?"

The space froze, and Bo Yuqing emerged from the void with the sword at his waist in his hand. He looked at Yunxiao with a complicated expression, then at ning keyun.

Ning keyun's face turned cold and she said coldly, " "Tell me your name first, or you don't have the right to fight me!"

Bo Yuqing slowly pulled out his long sword, the sword light cold, he calmly said, " "No need."

...

"Hehe, why hide brother Yu Qing's great name?" brother, do you still remember the agreement of the East Sea? " Yunxiao asked with a smile.

Bo Yuqing frowned,"I remember." If you help me suppress the strange force in my body, I will promise you two things."

Yunxiao nodded. it's good that you remember. Then, the first thing you need to do now is to leave.

"What a pity, master has already taught me the method to suppress it," Bo Yuqing said indifferently. I don't need your help anymore, so that promise is naturally void."

I can't be that untrustworthy, can I? " Yunxiao said with a wry smile.

Bo Yuqing snorted. you can't speak nonsense. We each take what we need. Naturally, we have promises. Now that I don't need you anymore, what's the point of talking about promises? I have nothing to say if you insist on imposing a hat of untrustworthy."

He gave Yunxiao a look and said in a gentle voice, "Li Yunxiao, you and I know too many secrets about each other. You should know that I won't let you go. Why don't you return with me? with your talent and strength, master won't make things difficult for you."

Yunxiao's eyes widened. you've seen the conditions I offered before. Isn't this making things difficult for me?" he said. Forget it, brother Yu Qing, if you still remember our old relationship, please leave."

Bo Yuqing's eyes revealed a complicated look. After a moment of silence, he finally made up his mind and said coldly, "It's a pity, li Yunxiao, that there doesn't seem to be any old feelings between us.

alright," Yunxiao blinked and said, "even if we don't have an old relationship, I'll let it go. Right now, your master and tengguang are having a peak-level battle, and it's uncertain whether he'll survive or not. Aren't you going to show some concern for him?"

I believe in master's strength," Bo Yuqing said. how can a mere tengguang do anything to him?"

...

Ning keyun, who was standing at the side, seemed to have lost her patience. She snorted, "Why are you talking so much nonsense with him? Since he's not willing to leave, I'll just use some effort to send him on his way!"

The yuan power on her body moved and a red silk flew out. It revolved above her palm and quietly floated there. It formed a formation that could attack and defend.

A strange look flashed in Bo Yuqing's eyes. With a wave of his sword, a sword wind appeared and he instantly disappeared from his spot.

In the next moment, countless forces of wind appeared above ning keyun and spiraled down. In the center, a bright sword trembled. There was a faint shadow of a fierce beast that slashed down fiercely!

"Wailing sword rain wind-Shadow Realm!"

Ning keyun's face changed greatly. He didn't expect that the other party would use such a fierce move. He made a seal with his left hand and the red silk spread out to form a circular array. A strange symbol surged up.

"Bang! Bang! Bang! Bang! Bang! Bang!"

The violent sword will continued to bombard the array, shaking up sword lights, but it could not break it.

Ning keyun's eyes were filled with horror. The power of her barrier was gradually weakening, and it was about to collapse. She suddenly grabbed with her right hand, and a short green dagger suddenly appeared in her hand, ready to stab it.

Suddenly, the sky full of sword shadows disappeared, and Bo Yuqing appeared a few feet away in a flash, his face cold.

Ning keyun raised her eyebrows and couldn't help but sneer, "What, you're not going to fight anymore?"

"You're very strong and qualified to fight me," Bo Yuqing said. However, we can't let others benefit from our battle. Come out, everyone."

Ning keyun's face darkened. She looked around but didn't see anyone.

As a ninth-tier Alchemist, Bo Yuqing's divine sense was much stronger than his. "Do you want me to invite them one by one?"

The space finally shook slightly, and Tang Qing walked out of the void. She said expressionlessly, "As expected, the Lord of the sea of soul formation has an impressive divine sense."

Bo Yuqing glanced at him indifferently and said leisurely, "also, be more self-conscious. All of you, come out.

Please continue to ask for monthly votes!

In fact, I have a very complicated mentality about this month's monthly votes. I hope to make it into the top three, but I'm afraid that I won't be able to make it to the top three next month.

But no matter what, he had to fight for it first!

Chapter 1425

1425 Chess piece

The surrounding space trembled and another human figure appeared. Zi Xiao Ji's figure appeared.

The situation became a little delicate.

"What do the two of you mean?" Bo Yuqing's eyes turned.

Li Yunxiao is the culprit, " Tang Qing said coldly. he must be executed in Red Moon City!

Bo Yuqing and ning keyun's faces twitched, clearly not agreeing with his statement.

"Where's Lord Zi Xiaoji?" ning keyun asked.

Zi Xiaoji was filled with the aura of wealth, his face was filled with fortune as he chuckled, " Li Yunxiao has nothing to do with the sacred zone, so I won't interfere in your business. I'll just watch.

"See?" Bo Yuqing sneered. Should we look at the situation, or should we just keep looking?"

"Aiya, how can I be sure?" "This Lord is making things difficult for me," Zi Bei Ji said with a smile.

what? " Bo Yuqing's expression turned cold. you mean to say that if the situation is favorable later, we'll intervene? "

“Hehe, that’s hard to say.” Zi Xiaoji blinked as he spoke, a smile still on his lips.

“Shameless!” Bo Yuqing mocked.

“Hehe, I’m flattered!” yes. Zi Beiiji cupped his fists and said humbly, “ I’ve heard everyone’s conversation just now, and I feel that you’re still better.

“Hahaha!” good! Yunxiao clapped and praised. Lord Zi Yiji is indeed knowledgeable.

Zi Xiaoji looked at him with deep meaning and chuckled, “ If young master Yunxiao is interested, why don’t you come back to the Holy region with me and have a good chat for three days and three nights?”

His words immediately put everyone on guard. At least, he had revealed his true intentions.

Yunxiao pointed at Bo Yuqing and Tang Qing and said with a smile, “ These two want to capture and kill me. Sir, please help me drive them away first, and then we can talk.”

Zi Xiaoji chuckled and didn’t say anything else.

The few of them secretly thought that this person wasn’t stupid, his words were watertight, but on second thought, if he was stupid, how could he stir up the wind and cloud and become famous?

Anger and embarrassment flashed across Bo Yuqing’s face, but it disappeared in an instant. He stared into the void and said in a clear voice, “ I’ve always been curious. Where are the red, yellow and blue elders of the red moon City? He made such a big commotion and yet there’s no sign of him. Could it be that he’s already fallen and is no longer alive?”

As soon as he finished speaking, three colors-red, yellow, and blue-appeared in the air, forming a Tai Chi fish pattern. They chased each other and slowly descended.

A trace of complicated anger flashed in Tang Qing’s eyes, and she was gloomy and uncertain.

Elder Hong was expressionless. Hmph! You've made a mess of the red moon City and now you've finally remembered us three old farts! he said.

Yunxiao was secretly amazed. He wondered how han Junting had done it, stopping the three old men from attacking.

However, since the three old men were related to han Junting, and han Junting and ning keyun were from shenxiao Palace, perhaps the three old men were on the same side as ning keyun.

Yunxiao was overjoyed. If he had the help of the three old men, he would not have to worry about the situation. Now, the only thing he could think about was ning keyun's purpose.

Zi Beiji smiled, "I pay my respects to the arrival of the three elders." So the three of you are like me, a fellow Daoist who has been hiding and not daring to come out."

"Impudent!"

"Who's hiding like you and doesn't dare to come out?" elder Huang was furious and shouted. Don't you dare make irresponsible remarks!"

Zi Xiao Ji revealed a shocked expression and hurriedly said, "What, isn't that the case?"

"Of course not!" Elder Huang snorted angrily. The three of us have matters to attend to, so how can we be like you, afraid of death!"

"Oh?" "May I know what made the three of you disregard the safety of the Redmoon city?" Zi Xiaoji smiled.

Elder Huang was startled and said thoughtfully, "this Kasaya ..."

Yunxiao was speechless. He knew that the three old men spent all their time in seclusion and never made contact with anyone, so he was afraid that the old fox would be able to get them to spill the beans

with a few words. Although he also wanted to know how Han Junting had restrained them, it was obvious that Zi Xiaoji was the enemy at the moment. "What is the meaning of Sir Zi Xiao Ji asking about this? Could it be that he's trying to probe the three elders, or is he trying to get some information about the red moon City?"

Hearing this, elder Huang immediately shut his mouth. Anger flashed across his face, and he became vigilant.

Zi Xiao Ji laughed and said, "Li Yunxiao, what are you saying? you're overthinking it! The Holy region and the red moon City were in perfect harmony, and they couldn't be any better. How could they ask for information? Nonsense, nonsense!"

"Oh, what a good" blend in water and milk "?" now that Red Moon City is in trouble and has a completely different face, why don't I see you helping us? " Yunxiao sneered. instead, you're hiding somewhere and waiting to reap the benefits? "

'This Lao Ai' Zi, hei Ji, was rendered speechless. He thought to himself that this child's tongue was really sharp. He looked at the three old men's eyes that were gradually becoming unkind. He wiped his cold sweat and said awkwardly, " it's a titled Martial Emperor who's stirring up the situation now. I'm not someone who can get involved with this.

Hmph! Yunxiao snorted. is there anything in the world that the sacred zone doesn't care about? " Even if he was a titled Martial Emperor, as long as His Excellency appeared, Teng Guang would have to give His Excellency some face, right? However, at this critical moment, Daren, who has a good relationship with Red Moon City, turned a blind eye to it and only wanted to hide to save his life and see if there is a chance to reap the benefits. Tsk tsk tsk tsk."

When the few people present heard this, they all felt that it made a lot of sense and could not help but reveal looks of disdain. Even Zi Xiao Ji himself felt that it really seemed to be the case and could not help but feel ashamed as he hurriedly explained, " "It's a misunderstanding. Everyone, you've really misunderstood." However, his explanation seemed weak and powerless.

"Misunderstanding?" Bo Yuqing sneered. If he had known earlier, there wouldn't be many good things in the Holy region. It's just a little trick, and it'll be a joke if I expose it. "

Zi Linji's face was red with anxiety. He stammered, not knowing how to explain himself. At the end, he sighed and stomped his foot. He simply stopped talking and just stared at Yunxiao resentfully.

Yunxiao smiled faintly, cupped his fists, and said respectfully, "Since the three old men have come out, I wonder what their attitude towards me is? To capture, to release, or to kill?"

"Everything will be decided by lady ning keyun," elder Hong said.

"What?" Everyone was shocked, and they all knew that it was not good.

Tang Qing was even more furious and shouted, "Elder Hong! Don't forget that I'm the master of the red moon City!"

Elder Hong's eyes were cold. He squinted his eyes and completely ignored him.

Tang Qing was so angry that smoke was coming out of his seven orifices. He said angrily, "Where is he? Get him to see me!"

Only then did elder Hong raise his eyes and say in disdain, "Tang Qing, Who Do You Think You Are? do you think you are worthy of 'him' seeing you?"

what? " Tang Qing's face changed greatly and said coldly, " you mean, the cooperation between 'him' and I is over? "

Yunxiao, Bo Yuqing, and Zi Xiaoji were all slightly shocked. They did not know who the 'he' they were talking about was, but he must be a key figure.

it's not over. elder Hong's face turned serious. it's just that 'he' doesn't want you to attack li Yunxiao.

Everyone could tell that elder Hong's momentary silence was definitely caused by someone using Secret Sound transmission. They couldn't help but be shocked and spread out their divine senses.

...

Yunxiao and Bo Yuqing, in particular, could not sense anyone around them at all. Their faces flickered, and they knew that it must be an extremely powerful figure.

However, the two of them had completely different expressions and feelings.

“Haha, what a joke!” if I let li Yunxiao go, ” Tang Qing said coldly, ” how can I still be the city Lord? ” How will the people of the world view me?”

He looked at the universe and shouted, ”come out!” If you can’t kill li Yunxiao today, the cooperation between us will end here, and I will tell the world your identity and secret!”

Ning Kewei’s voice was heard, and he said slowly, ” “Tang Qing, you’re too impulsive. Li Yunxiao is not the key. Don’t forget the original intention of our cooperation.”

“Hahaha, was I impulsive?” Tang Qing sneered. Today, I was slapped by Yunxiao in front of the world. If I don’t get back at him, how can I continue as the city Lord? what’s the point of my original intention?”

Even ning keyun and the three old men were shocked. They wanted to know what the two men’s ‘original intention’ was.

Yunxiao frowned. The voice seemed a little familiar, but he could not recall who it was at the moment. Countless figures flashed through his mind, but he could not find the person who made the connection.

“Is face really that important?” ning Kewei asked.

Tang Qing’s face darkened and she snorted, ” when I have no strength and status, my face is naturally not important. It’s worthless! But now, I’m a peak nine-star expert, the leader of the Redmoon city, how can I lose my face?”

Ning Kewei said, ’is a peak nine-star powerful? Did you really take over the Redmoon city?’

...

Tang Qing's body suddenly trembled. These two questions seemed to be pointing at his inner weakness. His face turned livid and gradually twisted.

His lack of strength and his illusionary control of Red Moon City had always been his two major worries.

Ning Kewei continued, "peak nine-star is nothing." Which of the few people in front of you is worse than you? In my eyes and in his eyes, your face is not worth a single mention. Even you yourself are a chess piece that can be abandoned at any time. Because you've never had the right to play chess with us, and that's strength!"

Everyone was shocked. They searched for the source of the sound in horror, but they found nothing.

What kind of existence could reprimand Tang Qing like this?

The answer seemed to be self-evident. The only thing that made everyone extremely curious was this person's identity.

Tang Qing's face was blue and purple with shame and anger, but she kept her mouth shut, as if she couldn't refute.

Ning Kewei continued, "don't you think it's funny that a person without strength talks about face?" This is truly embarrassing!"

How could Tang Qing not know these words? it was just that she had always been immersed in the glory of being the city Lord of Red Moon City and was unwilling to face it.

He gritted his teeth and said, "that's right, you're absolutely right!" I'm just a chess piece, but aren't you also a chess piece?"

Ning Kewei said, "I'm also a chess piece, but at least I'm an important chess piece. Sometimes, I'm even a chess player." And you're just a chess piece from the beginning to the end. Only I would occasionally treat you as a chess player. If you insist on going against my will, then I will directly abandon you as a chess piece without him even having to make a move."

chapter 1426-invitation

Tang Qing was extremely furious and seemed to be in disbelief. She roared, "You're going to abandon me for Li Yunxiao?"

Ning Kewei said calmly, "What? Do you think you're important?" You're just a chess piece he's using to check and balance me, and I'm happy to use you as a buffer, as a tacit understanding between us. If you need it, you can replace it at any time. Tang Qing, I've always thought you were a smart person. Haven't you seen through your own fate?"

Everyone's heart jumped when they heard this. The Red Moon City's City Lord was also a chess piece. What kind of chess game was this?!

Haha, I understand. I've long understood!

"I just can't accept it!" Tang Qing roared and laughed.

Ning Kewei said, "In this world, only those who have become Saints are qualified to be chess players. As a chess piece, you can only judge the situation and choose a chess player that is most in line with your interests. And being my chess piece is undoubtedly your best choice."

This chess theory made everyone's heart palpitate with fear, and cold sweat seeped out of their palms. To dare to use the world as a chess game, what kind of courage and magnanimity was this, and what kind of strength was this?

However, who was this person?

Tang Qing laughed bitterly, and a cold and sinister look flashed in her eyes. She gritted her teeth and her body trembled. It seemed that she had to use a great deal of strength to suppress her emotions and said in a cold voice, "I understand!"

you're very smart," ning Kewei praised. you're a good chess piece. I like you very much.

"If one day, as a chess player, I'll definitely put you into a dead end!" Tang Qing said coldly.

"I'm looking forward to that day. I hope I can see it again," ning Kewei said with a smile.

Tang Qing's whole body was emitting a gloomy aura. She stood aside without saying a word, as if she had nothing to say.

The rest of the people also didn't dare to move. Although they didn't know who this person was, just his words had already intimidated them. No one dared to move.

Bo Yuqing and Zi Xiaoji, in particular, felt like there was a dagger at their backs and were extremely uncomfortable.

Bo Yuqing swallowed and cupped his fists respectfully, "I don't know which Lord has arrived, please show yourself."

"Hmph, are you worthy of showing yourself?" Ning Kewei's sneer was heard.

Bo Yuqing's expression changed greatly, but he didn't dare to get angry. He could only say, "Then please tell me your name, at least let me know who you are?"

"There's no need. You and Zi Xiaoji can just get lost," ning Kewei said indifferently.

what?" Bo Yuqing said angrily, "I'm going back empty-handed like this, how can I explain it when I go back?"

it's your business how you want to explain it," ning Kewei said coldly. if you don't get lost, it's my business.

His tone was full of threat, and a terrifying aura came faintly, making Bo Yuqing's expression change greatly.

He gritted his teeth and said coldly, "even if you are a divine transcendence expert, you want me to get lost with just a few words? you are too naive!"

The sword in his hand flashed, and light bloomed. His sword intent and his body became one, and he stabbed into the sky.

"Hmph, if that's the case, then stay here forever!"

Ning Kewei's cold voice came. The White clouds in the sky suddenly rolled and turned into a big hand, pressing down.

"Boom boom boom!"

The layers of air were crushed and turned into energy that shot in all directions.

"Bang!"

Bo Yuqing's sword intent was suddenly scattered, and his entire body was directly smashed into the ground, causing dust to fly.

"Tsk, you overestimate yourself!" Li Yunxiao! Ning Keyun sneered and said, "come with me."

"Hold on!"

Suddenly, Zi Yiji said slowly, his eyes flashing with a strange light, "I want Li Yunxiao's Sacred Realm."

“Eh? Lord Zi Xiaoji, are your eyes bad?”

Ning keyun sneered and pointed at the pit on the ground.

Beads of sweat trickled down Zi Xieji’s cheeks, and his forehead was also densely covered in cold sweat. He said awkwardly, “I don’t intend to keep you all here. It’s just that a Lord just sent me a message and asked me to invite you all to stay for a moment.”

Everyone’s expression changed slightly. The so-called stopping for a moment was naturally to let him delay everyone.

Tang Qing’s face changed greatly, and her eyes flickered. She said in a cold voice, “Could it be that he’s here?”

Zi Xiaoji’s body trembled as he took out a white handkerchief and carefully wiped the sweat off his forehead. “Could the ‘he’ that everyone was talking about be this Lord?”

Just as he finished speaking, a cold snort rang out, shaking the earth. Zi Xiao Ji, asking so many questions, are you tired of living? ”

master! Zi Linji’s voice trembled. your ... Your Excellency, you’ve indeed come!

“Who is it?”

Ning keyun was shocked and looked around in horror.

The three old men’s faces also changed greatly, as if they were facing a great enemy.

Yunxiao’s pupils constricted, and he could no longer remain calm. His face was filled with shock and anger. He had already recognized who the man was.

“Hehe, I’m the chess player that your father was talking about.”

The voice laughed coldly. The sky rippled like water, and a chariot slowly drove out.

Ning keyun’s face was full of shock. She had never understood who the “person” her father was talking about was. Now that she could finally see the real face, her heart suddenly tightened.

As for Yunxiao and Zi Yiji, they trembled and cried out almost at the same time, “What?”

Both of them knew ning keyun’s identity, so they naturally knew who her father was! Their faces were filled with shock and horror.

The battleship in the sky slowly emerged. The body of the battleship wasn’t large, only about ten Zhang Long, but it was very exquisite. There were many arrays revolving on it, and it shone with a brilliant light.

“?! You’re Lord Wei Qing!”

Ning keyun suddenly shouted. Her voice was so sharp that it almost pierced the sky!

...

On the warship, a man sat quietly on an exquisite Jade-inlaid throne. He supported his forehead with his hand and leaned to the side. He seemed to be in deep thought, but also seemed to be adjusting his breath with his eyes closed.

Although the man had a lazy expression, he had a dignified appearance. His eyes were as clear as crystal, but the corners of his eyes were slightly raised. His pure pupils seemed a little demonic, and his thin lips were as light as water.

Zi Xiao Ji’s figure flickered and he appeared on the battleship. He chuckled, “It’s indeed Lord Wei Qing. Like I said, how could there be so many experts in the world? Only the Lords of our sanctum are capable of intimidating these little brats.”

Wei Qing's brows raised, "Zi Lin Ji, go to the side."

"Yes!"

Zi Xiaoji was still smiling, he winked at the few people behind Wei Qing as a form of greeting, and then obediently stood to the side.

He was an extremely smart person and knew not to care about things that he shouldn't care about and not to ask things that he shouldn't ask. Otherwise, he wouldn't be in charge of a rich place like the finance department of the sacred zone.

At this moment, Bo Yuqing had also crawled out of the pit, blood dripping from the corner of his mouth. He was in a sorry state as he looked at the sky in shock.

Wei Qing's lips curled up and he smiled, "ning Ke Wei, I'm coming, why don't you come out to meet me?."

In front of the battleship, the space rippled like water. Ning Kewei, who was wearing a black robe and had silver hair, walked out indifferently.

With every step he took, a ripple would appear under his feet as he slowly walked toward the battleship.

...

Wei Qing, do you also covet this li Yunxiao? "

Ning Kewei said slowly. His face was calm and full of wrinkles, which did not hide the traces of time.

"Hehe, we appreciate wondrous things together, but we can resolve our doubts together. Since everyone is so interested in him, how can I not be interested?"

Wei Qing's gaze was like the moonlight, giving people a soft water-like color.

But, Yunxiao's face was cold, and his eyes shone with a cold light as he stared at them without fear.

li Yunxiao? " Wei Qing looked surprised and said, " this is the second time we've met. It's just that this Lord didn't pay attention to you the first time, and you've never seen this Lord's true appearance, so how could there be such a grudge?"

Yunxiao said coldly, 'keep pretending! You're the one who took my disciple Meng Bai and his sister Meng Wu, right? You're the one who ordered Feng Ling city to send people to capture me, right? why do you look so stunned now, as if you're even more innocent than me?"

"Cough cough!"

Wei Qing coughed heavily a few times and said, " "Isn't it better for me to teach the Meng siblings than you? This was also for their own good. As for me sending people to capture you, I've been wronged. It must be my subordinates 'incompetence. I've repeatedly warned them to treat them with respect, but they actually dared to use the word' capture'! I'll definitely punish him severely!"

He said it so seriously as if it were true that even Yunxiao almost believed him.

Yunxiao blinked and said, " "So Lord Wei Qing is inviting me to sanctuary Luo?"

"That's right," Wei Qing nodded. The sacred zone has always been willing to spare no expense in nurturing a rising star like you. In fact, you're welcome to join us."

li Yunxiao, " ning keyun said. don't go!

thank you for your love, Lord Wei Qing, " Yunxiao said. although you invited me, I have something to do, so I won't be going. Please go back, my Lord.

Wei Qing was stunned for a moment, his face darkened, and he sneered, "Such arrogance, there is actually someone in this world that I, Wei Qing, can't invite."

Yunxiao sneered, 'do you really think you're something? There are many people you can't invite!"

"How audacious!"

Zi Beiji was shocked and was covered in cold sweat. He had never seen anyone speak to Wei Qing like that.

Wei Qing's expression turned cold, "Why don't you tell me who in this world I can't invite?"

Poseidon, the Lord of the four Seas, " Yunxiao said coldly. can you invite him? "

Wei Qing was stunned for a moment, and then said honestly, "I can't."

can you invite the great demon Alchemist, AI? "

"I can't invite this Yueyue."

"Hmph, all you do is pester endlessly. These two are from foreign races! Even so, Lord Wei Qing might be able to invite him. Why don't you tell us who in our Clan Lord Wei Qing can't invite!" Zi Xiaoji hurriedly interrupted him, afraid that he would continue to be unreasonable.

if it's possible to invite these two people, " Yunxiao said coldly, " then Lord Wei Qing will definitely not be able to invite this one in my clan!

"Oh?" Wei Qing's interest was also piqued, even if it's the ten titled martial sovereigns, the leaders of the soul formation sea, and the seven sect Masters, I can't say that I won't be able to invite them.

Chapter 1427-betting on heads

don't listen to his nonsense," Zi Linji said. this person is the best at talking. I finally know him.

Zi Xiaoji," Yunxiao said coldly," you are in charge of the finance department of the sacred zone, and your wealth is comparable to that of a country. Do you dare to make a bet with me?"

Zi Beiiji snorted,"bet?" Hmph, how could this be a bet? If you randomly pick someone and insist that Lord Wei Qing can't invite them, are you really going to let Lord Wei Qing invite them?"

I have my own way to make you convinced," Yunxiao said.

Zi Linji frowned. He really couldn't think of anyone that Wei Qing couldn't invite. Not only him, but the rest of the people were also extremely curious.

"Bet with him," Wei Qing ordered.

Zi Beiiji said anxiously,"Daren, if he goes back on his word, Nannan ..."

"If he dares to go back on his word, I will punish him," Wei Qing said. He did not believe that Yunxiao could convince everyone. It would save him a lot of trouble if he took Yunxiao back to the Holy region with this matter as an excuse.

li Yunxiao," Zi Xiaoji said. what do you want to bet with me?"

to be honest, I don't have anything I want," Yunxiao said. I'll bet on your head.

"?!" what?" Zi Xiaoji jumped in shock and said angrily," I have no enmity with you. Why do you have such evil intentions?"

it's nothing," Yunxiao said coldly. I just feel annoyed when I see some people who flatter me.

"Damn it!" "If you can't convince everyone, then I'll take your dog head!" Zi Linji said coldly.

good! Yunxiao clapped and praised, " you're bold! This has made me think much more highly of you. Perhaps I'll be happy and not take your dog head."

" hurry up and tell me who it is! Zi Linji said coldly. I'll take your head! He thought to himself that no matter who the other party said, he would not be convinced.

I, li Yunxiao, am the one who Lord Wei Qing can't invite! Yunxiao sneered. I, li Yunxiao, am the one who can't be invited by Lord Wei Qing!

"Ah? This Yingluo "

Everyone was stunned for a moment, and then they revealed strange smiles.

If he were talking about anyone else, they wouldn't have been 100% convinced, but since he was talking about himself, they couldn't refute or not believe him.

Zi Xiao Ji had wanted to say that he was unconvinced, but the word " no " was still stuck in his throat. He could no longer say it, but his eyes were wide open.

Wei Qing was also stunned and speechless.

Zi Xiaoji, " Yunxiao said coldly. I'll behead that dog! He raised his hand, and a beam of sword Qi slashed over.

Zi Xiaoji naturally wouldn't let him slash at him. With a flash, he dodged and said angrily, " Li Yunxiao, don't mess around!

"Nonsense?" Yunxiao raised his straight eyebrows and said coldly, " everyone here is an expert with a reputation. Do you all think that what happened earlier was nonsense? "

Ning keyun said, " of course not. It's a bet between Warriors. Besides, my father and Lord Wei Qing are witnesses. Who dares to say it's nonsense?!"

Ning Kewei also nodded. if you say that he's a troublemaker, he's looking down on me and Lord Wei Qing. He must be punished!

Zi Xiao Ji was a little unsettled, only feeling that it was abnormally absurd. He couldn't cut off his own head for such a nonsensical matter, right?

Lord Wei Qing, please make the decision for me," Yunxiao said. at the same time, you can also protect the reputation of the sacred zone, so that it won't fall and become a laughing stock for the world.

Wei Qing frowned. He knew that Yunxiao was deliberately accusing him, but everyone present was a powerful expert, and it would only get more and more troublesome if he deliberately made things difficult for them.

"Li Yunxiao, you did win the bet just now. But Zi Xiaoji is still the leader of a division in the Holy region. If you kill him, Won't You Be making enemies with the Holy region? In my opinion, why don't we let him live and let him compensate us in other ways?"

After Wei Qing finished, Zi Xiao Ji immediately said, " "Yes, yes, yes, treasures of heaven and earth, profound level weapons, pills, magical power secrets, as long as I can take them out, I will not feel heartache. Li Yunxiao, if you insist on killing me, I'll have to fight you to the death, and the consequences will be bad for both of us."

I see," Yunxiao said. alright, I'll let you go today. But all of you can testify for me that Zi sorrowful Ji owes me a life. If he doesn't return it in the future, I ask all of you to help me seek justice."

Zi Xiaoji's face was filled with black lines. He really had eight lifetimes of bad luck, inexplicably owing a life. His expression was extremely ugly.

"Alright, I'll keep an eye on this for you. If the child is not returned, I will definitely seek justice for you. However, young master Yunxiao, you'd better return to the sacred zone with me. This isn't an invitation. Just treat it as young master Yunxiao doing me a favor."

Everyone's expression changed slightly. Wei Qing had promised a favor in public, which was worth a city, and also showed his sincerity.

Yunxiao laughed. am I that popular? The governor of the Holy region, the two generations of city Masters of the red moon City, the titled martial sovereign Teng Guang, and the mysterious expert of the sea of soul formation all want to invite me to be a guest. Am I considered a very popular person?"

Wei Qing and ning Kewei's expressions both changed slightly, and they turned to look at Bo Yuqing, causing him to tremble.

"Your face seems familiar, but I can't recall who you are. Who are you?" Wei Qing asked.

Ning Kewei said, " the person who fought with Teng Guang is extremely powerful. His magical powers are unparalleled. He can't be a nobody. Who is he? "

These two questions immediately made Bo Yuqing's expression change. If his identity was discovered at this moment, it would definitely cause a great uproar, but under the interrogation of two powerful experts, he felt like he was sitting on pins and needles.

it seems very interesting, " Wei Qing said. you should come back to the Holy region with me. His words carried a sense of Majesty and an irresistible feeling.

the sacred zone meddles too much in the matters of my sea of soul formation, " Bo Yuqing said coldly. " He gripped his long sword tightly, his face full of vigilance.

I suspect that you are not from the sea of soul formation, " Wei Qing said indifferently. so, I brought you back for investigation. If I can prove your identity, I will naturally send you back to the sea of soul formation and make amends.

"What a good excuse!" Bo Yuqing said angrily.

Bai Gutang, Luo Xing, " Wei Qing said indifferently. you two take li Yunxiao and this man who is pretending to be master sea of soul formation back first. I'll stay behind. I'd like to see who the person who has the strength to fight Teng Guang is."

He completely turned a blind eye to Bo Yuqing's anger. Minions had no human rights, this was the law of the world. He looked into the distance with a grave expression.

After the terrifying explosion, there seemed to be no more movement. It was completely silent.

"Yes, my lord."

The deck of the battleship flashed, and two figures, one green and one white, turned into two people.

One of them was dressed in a grass-green silk robe, with his hair tied up with a bamboo hairpin. The other was dressed in a snow-white robe, spotless.

Both of them were smiling as they turned their eyes to Yunxiao curiously.

Everyone's heart trembled. These two people who came out casually had the power of peak nine-stars martial sovereigns, which gave people an unusually dangerous feeling.

Ning keyun took a step to the side and stood in front of Yunxiao as she said coldly, " Li Yunxiao didn't say he would go with you. Is Lord Wei Qing going to arrest him in person? "

...

in order to invite Yunxiao, " Wei Qing said, " I sent Xiao Xiao and Huan mie, but they died outside Red Moon City for some reason. In order to verify the death of these two people, it's not impossible for this Lord to personally take action. But ning keyun, you want to stop me? what identity and position do you have?"

Ning keyun was stunned. this is my own doing. I came to help the red moon City as a father and daughter. It has nothing to do with the divine cloud Palace, ” she said in a deep voice.

“That’s what I guessed as well,” Wei Qing said,”then there’s no conflict between us. The two generations of city Lords of Red Moon City are all here and have no objections. You should step aside.”

Ning keyun was stunned for a moment and looked at her father. If he didn’t say anything, she was in no position to do anything.

The wrinkles on ning Kewei’s forehead were deeply sunken, and they became even more twisted the moment Wei Qing appeared.

Seeing his body move slightly, Wei Qing was about to speak, but he immediately said, ” “According to the rules of the red moon City, the position of the city Lord is respected and Noble, and can be decided with a word. Then, Lord Tang Qing, please state your position.”

Tang Qing revealed a bitter expression. Everyone’s eyes were fixed on him, and his palms couldn’t help but sweat.

The three of them had used each other to their advantage, and now that they had a disagreement, it was time to pick a side.

Should he join ning Kewei or Wei Qing?

The former was more in line with his interests and would make it easier for him to escape in the future, while the latter was more powerful. Once he offended it, the consequences would be unimaginable.

Cold sweat seeped out of his forehead. He also knew what Wei Qing meant. First, they would talk about the rules of the red moon City, and then push him to the front stage to make the decision. This way, they could avoid direct conflict with ning Kewei. It seemed that he did not want to fall out with ning Kewei now.

...

Ning Kewei's current appearance also seemed to have the same thought. Although there was a conflict of interest with Wei Qing, he did not want to break up with him, so he became the unlucky one who made the choice.

He swallowed his saliva, and his eyes suddenly flashed as if he had an idea. He said, Red Moon City has no subjective opinion of Yunxiao. After all, it's his own business, and it's up to him to decide whether he wants to go or not. Red Moon City respects his own choice.

Everyone secretly cursed the old fox and pushed the question back to the original point.

Wei Qing nodded, "if that's the case, then the red moon City won't care about this matter." Bai Gutang, Luo Xing, bring the two of them back."

"Yes!"

As soon as the two of them got off the battleship, the space around them suddenly froze. A huge pressure suppressed the two of them, making it difficult for the essence force in their bodies to circulate.

"Eh? My Lord, what is the meaning of this?" Bai Gutang's eyes narrowed as he stared ahead and said coldly.

Luo Xing slowly clenched his fist as green Yuan power swirled around him. His expression was cold.

Wei Qing's eyes seemed to be like a pool of blue water, clear and shining with a cold light, he said leisurely, "Ning Kewei, I heard you talking about chess just now. Are you going to play chess with me now?"

Ning Kewei chuckled and said, "I'm old. I don't know if I can beat you young people."

Chapter 1428-break off

“Ning Kewei, have you considered the consequences of your actions?” Wei Qing’s face turned cold.

“Consequences? It’s just a broken bone. We old guys don’t have long to live anyway.”

Ning Kewei seemed to have made up his mind. The wrinkles on his forehead smoothed out one by one as he spoke lazily, his face filled with a playful smile.

The three elders, red, yellow, and blue, became nervous as well. They stared at the warship vigilantly. After all, the opponent was a Saint.

Wei Qing said coldly, “two peak experts of the Holy region disappeared near the red moon City. I’m going to bring them back for investigation. Anyone who stops us is a major suspect. If the red moon City stops us, I have reason to believe that the red moon City is involved in this matter, or even organized it.

“If that’s the case, I’ll have to use the blade of judgment!” He said, his eyes cold.

Everyone’s bodies trembled, and they revealed looks of shock.

The so-called “ruling blade” was not only an extremely powerful profound level weapon, but it also symbolized the Supreme power of the sanctuary-ruling the world!

Ning Kewei’s eyes also flashed with solemnity, and he said coldly, “Humph, the ruling blade? Do you really think I’m so old that I can’t remember? The blade of judgement can only be used with the approval of three rulers. Do you think the other four will be as crazy as you, Lord Wei Qing?”

“How would we know if we don’t try? what if we really pass?” Wei Qing said.

Ning Kewei’s face turned livid. He knew that the other party was threatening him. He snorted, “This old man has left the red moon City long ago and is now a free man. How can you blame my actions on the red moon City? is there anyone as shameless as you?”

“Oh? Now you want to get away with it?”

“Since you’re so wary, why do you want to interfere?” Wei Qing snorted.

Ning Kewei said coldly, “I’ve already said that it’s just my personal behavior. Do you think that everything I do has to be blamed on Red Moon City? In that case, why don’t I join the Saint-level now? In the future, when I kill some people or something, I can go to the Saint-level to wipe my ass.”

“If that’s the case, what about the three elders?” Wei Qing’s eyes were cold. Have you also left the red moon City?”

The three elders were stunned. After a moment of silence, elder Hong said, “Of course. The three of us, like Lord ning Kewei, have already left. Otherwise, we wouldn’t have not made a move even after the incident in Red Moon City.”

Wei Qing said, “very good, we’ve cleared all relations.” What about you, Lord Tang Qing? He wouldn’t have also left the red moon City, right?”

“How could that be? Lord Wei Qing must be joking.” Tang Qing replied.

Wei Qing nodded. that’s good. Now I’m going to investigate the cause of death of the two peak-stage Saint realm Warriors. Lord Tang Qing, please come with me and take these people down.

Tang Qing’s body trembled. He knew that Wei Qing was forcing him to take a side. It seemed that he was really going to break off with ning Kewei.

Ning Kewei had always been a bargaining chip he used to check and balance Wei Qing. With Wei Qing’s strength and power, if he completely surrendered to him, he was afraid that he would be completely reduced to a chess piece in the future and would never be able to rise again.

Didn’t he jump out of the merchant Union to seek a wider space? He would rather die than be a slave for the rest of his life!

“Isn’t it just to investigate the cause of death of the two lords? I have some clues here.” according to my investigation, the deaths of Lord Xiao Xiao and Lord Huan mie are closely related to these people in the human-form divine sea, ” said Tang Qing. it has nothing to do with li Yunxiao.

The world was like a game of chess. The man who wanted to kill Yunxiao the most was now defending him under great pressure.

what? ” Wei Qing’s pupils shrank and he said coldly, ” has Lord Tang Qing really investigated it? ”

“Of course!” Replied Tang Qing with a straight face. This is Red Moon City, and I am the city Lord of Red Moon City. Who would know more about the things happening around here than me?”

Wei Qing’s expression turned cold. I understand, ” he said coldly. it seems that the red moon City has reached the season of changing city Lord.

“What? What do you mean by that?”

“It doesn’t seem to be the Holy region’s turn to interfere in the world’s sects” Affairs, right?”Tang Qing was shocked and furious. Moreover, can Lord Wei Qing represent the entire Holy region?” Although he had expected Wei Qing to turn hostile, he did not expect it to be so explicit.

Ning keyun also said coldly,“Lord Wei Qing’s words seem to have gone too far.” Although I’m no longer a citizen of the red moon City, the seven great sects are of the same breath and branch, and my status is transcendent. How can I tolerate such insulting words!”

Wei Qing looked coldly at the crowd, killing intent flashing in his eyes, ” “Six peak nine-star experts, including semi-transcendent existences like the three old men, plus ning Kewei, this force is enough to defy the heavens. However, the existence of the sanctum is to eliminate all unstable factors that can endanger the continent. No matter how strong the opponent is, we will never retreat.”

Ning Kewei said, [you’re so arrogant. Are you going to fight us in the name of justice?] Wei Qing, there are countless experts in the world, and not everything is up to you. For example, the Super existence in the sea of soul formation is far beyond your expectations, right? If we fight today, have you thought about how you’re going to explain to Gongyang zhengqi and the other Lords? If this battle results in bad

consequences and affects a wide area, you will definitely lose your position as the ruler of the divine capital!"

Wei Qing said coldly, "that's why we have to be direct and efficient. There can't be any sloppiness." Since the pawns are useless, we can only abandon them."

"Abandoned? It seems that Lord Wei Qing is really treating us as pawns, aren't you afraid of being bitten back?" Ning Kewei said coldly.

Wei Qing's expression was indifferent as he said, "since I've abandoned you, I naturally have full confidence." The new generation replaces the old. Red Moon City has experienced too many twists and turns, and it's time to change its face. It should be able to be revitalized if it's taken care of by energetic young people."

"A young man?" Everyone was stunned, not knowing who he was referring to.

"Luo Qingyun, come out," Wei Qing said.

Yunxiao's heart jolted as he looked up in surprise. At the bow of the warship, several beams of green light gathered and condensed into a ball of green light, which slowly took the shape of a person.

Within the Halo, a man dressed in a long green robe stood at the bow of the ship. His tall and slender figure had distinct features, and his face was as cold as the cool wind in the high sky.

Yunxiao was horrified, and he finally could not help but cry out, " Luo Qingyun, how could it be you?!"

The man was Luo Qingyun, but at this moment, his face was no longer young and tender. Instead, it was filled with the marks of time and looked very calm.

Luo Qingyun's Green robe fluttered in the wind. He opened his eyes, which were like twinkling stars, and said slowly, Li Yunxiao, we've met again in Hongyue city after our farewell in the past.

you're Wei Qing's man?" Yunxiao was surprised. you're Wei Qing's man? "

"I'm just one of my own," Luo Qingyun said, frowning.

Yunxiao's heart was filled with shock, and all kinds of thoughts emerged in his mind. He seemed to have figured something out, but he could not grasp it.

"Lord Wei Qing, aren't you too naive?" Tang Qing snorted coldly. This little brat wants to replace me as the city Lord of Red Moon City? Can the world be convinced?"

"It's no longer your business whether the world is convinced or not. You probably won't be able to see it," Wei Qing said.

Tang Qing was shocked and his face was full of anger.

Ning Kewei sneered. Tang Qing is the master of a sect after all. No matter how chaotic the red moon City is, it is still one of the seven major sects. Is it really good for you to judge the position of the sect master and the life and death of the sect master by your own words? "

my patience has been worn out by you, " Wei Qing said. Ningwei, I'll ask you only one time. Do you really want to stand against me for this li Yunxiao? "

li Yunxiao is just a fuse, " ning Kewei said. you and I both know that we will oppose each other sooner or later.

"Fine, it's better to come early than late." Wei Qing said. You and the three old men are no longer people of this era. Dust to dust, earth to earth, it's time for you to die."

haha, I'm curious. Where do you get your confidence from? " Ning Kewei sneered. he was the most outstanding genius in the entire misty snow sacred city. I'm so old. I'd really like to see him!

...

A solemn and majestic aura gushed out from his body, and his shriveled skin suddenly soothed, like a dry tree receiving spring after a long drought. His entire person was glowing with vitality.

His long black robe fluttered in the wind under the influence of his elemental energy. The former sect master had finally returned.

His turbid eyes instantly became clear and bright.

Wei Qing's face revealed a serious expression as he slowly stood up from the throne and said coldly, "I would also like to experience the true strength of the seven sect Masters."

He was an extremely handsome person to begin with, and under the focused gaze, his long hair casually fluttered behind him, inadvertently revealing an air of elegance, as beautiful as a God.

Luo Qingyun, you take Li Yunxiao, Bai Gutang, Luo Xing, and Zi Xiaoji. You take Tang Qing, Ning Keyun, and this man who is pretending to be from the sea of soul formation.

"Is there a problem?" Wei Qing ordered one by one.

Zi Xiao Ji laughed bitterly, "they are all troublesome existences. I will just gnaw on the toughest bone. I will meet the world's Overlord, the current master of Red Moon City.

Tang Qing's pupils shrank, shooting out cold stars.

The rest of the people looked at him with contempt. Tang Qing had fought with Luan Junhao for so long before. Although he was not at the end of his rope, he was indeed the weakest among them.

"Sir Zi Xiao Ji is indeed a good person in charge of finance, he is very astute and calculative." it's a pity that the two idiots, Xiao Xiao and Huan Mie, are dead," Bai Gutang said indifferently. otherwise, with the strength of the four of us, we would be able to execute a combined attack. There would be no need for you to take action.

...

Luo Qingyun also turned to look at Yunxiao. When their eyes met, they were as clear as water and as bright as stars, staring coldly at each other.

Wei Qing's eyes were still fixed on Ning Kewei. At this moment, his pupils contracted slightly, as if he was glancing at the void from the corner of his eyes. "As for the three elders of the red moon City, I'll leave them to you. Is there a problem?"

Everyone's hearts trembled, not understanding who he was talking about.

Ning Kewei's expression also changed greatly. His eyes suddenly turned into sharp blades, staring at the sky above the warship as if he was going to tear open the space!

cough, cough, I thought I was just watching the show. I didn't think I would really have to make a move. Wei Qing, did you plan this all? " The space above the warship began to twist.

Chapter 1429-melee

Two shadows slowly emerged from the distorted light and shadow, giving off an extremely threatening feeling.

"?!"

Yunxiao sucked in a cold breath. When he saw the man's face clearly, he was shocked and furious.

"Yao Jinliang!" Ning keyun also cried out.

The two silhouettes appeared in the air. One of them had an evil smile on his face and a reddish-brown bat necklace around his neck. The burying Cloud Beast beside him revealed an ominous glint in its eyes as it stepped on the four clouds and breathed heavily.

After the man and the Beast appeared, the Qi in the entire world condensed and became abnormally heavy.

Ning Kewei's face was extremely ugly. He gritted his teeth and said angrily, "Yao Jinliang, are you trying to add insult to injury?"

"Add insult to injury?" "Old man, you're being too serious. I was tricked by Wei Qing to come here," Yao Jinliang said with a strange smile.

Ning Kewei said in a deep voice, "how many chips did he give?" "I'll double it!"

"Haha, double?" Yao Jinliang blinked his eyes and said, "If he gives me the entire Red Moon City, will you give me two?"

"Hmph, I understand now. You've made up your mind to be his Lackey!" Ning Kewei said coldly.

Yao Jinliang's eyes were filled with killing intent as he said coldly, "Old man, mind your words. Don't think that just because you're a few years older, I won't dare to kill you. Respecting the old and cherishing the young is my virtue, but if you're taking advantage of your seniority in front of me, then you're courting death."

He stretched out his hand and pointed over. A wisp of white mist swirled around the tip of his finger, slowly turning into the shape of a skeleton. It then faded away with the wind.

"Childish!!" Ning Kewei said coldly.

"You coward!" Yao Jinliang's expression changed drastically. He snorted. "My cloud burying beast is not picky with its food. Don't think that it won't eat you just because you're an old bag of bones."

"Impudent!" "Don't think that you can talk to my father like this just because you're a titled martial sovereign! When my father was famous, you were still practicing the Vajra fist!" Ning Keyun said angrily.

“Oh, this little girl has a bad temper. Wei Qing, let me deal with this girl. I’ll teach her how to be a woman in minutes, hehe.” Yao Jinliang grinned evilly.

Yunxiao frowned, and a trace of doubt flashed in his eyes. Although Yao Jinliang was not a good man, he did not seem to be as evil as he was now.

“Didn’t you say your burying Cloud Beast isn’t picky?” Wei Qing replied indifferently. Then let it eat the red, yellow, and blue elders.”

Yao Jinliang’s face darkened. it’s better if there’s something more tender, ” he said. it’ll be more appetizing.

Wei Qing snorted. don’t mess around. It’s decided. Kill all three of them. Don’t leave a single one alive! A cold light shot out from his eyes, and his killing intent was chilling.

Ning Kewei looked down worriedly and said, ” “The three old men!”

“Haha, don’t worry, city Lord!” Elder Hong laughed out loud. The younger generation nowadays is really lawless. Let the three of us deal with this Yao Jinliang and that beast. City Lord can be at ease in dealing with Wei Qing.”

Ning Kewei said, ‘alright, but don’t be greedy. Try to delay as much time as possible. After I take down Wei Qing, I’ll come and help you.”

Wei Qing sneered, ”ning Kewei, are you really so stupid that you can’t understand the situation?” Are you still dreaming of getting out of my palm? You’re overestimating yourself by calling yourself a Go player in front of me. ”

“Kill!” He waved his hand and said coldly.

With a flash of his Azure robe, he disappeared from the battleship.

“Bang!”

Ning Kewei seemed to have been hit. Her body twisted backward and suddenly exploded, turning into a black light and scattering.

Everyone hurriedly raised their heads, only to see two squalls continuously spinning in the sky, chasing each other and stirring up the world.

“Alright, alright, let’s get to work. Stop watching the show.” Bai Gutang narrowed his eyes and smiled. He glanced down and said, “Luo Xing, you can have that pretty boy from the sea of soul formation. I’ll take care of this little girl.”

“Little girl?” Luo Xing snorted coldly. Be careful not to break your mouth!” His figure flickered and appeared in front of Bo Yuqing, his palm striking down.

Bo Yuqing’s expression turned slightly cold. It was originally a battle between the Holy region and red Moon City, but he was inexplicably involved. It was simply an undeserved disaster.

“Swish!”

With a twist of space, the afterimage he left behind was instantly split in half, and his entire body was pushed back several feet. He was still holding onto the hilt of his sword and did not unsheathe it, as if he did not want to engage in such a pointless battle.

“Eh, you’re running quite fast. You look like a peak nine-star expert. Is it really good for you to hide like this?”

Luo Xing had attacked for dozens of times, but all of his attacks had failed. He could not help but frown.

“Hmph!”

“This seat has no interest in participating in your dispute, goodbye,” Bo Yuqing said coldly. He put two fingers together and placed them between his brows. A wave of mental energy swirled out.

“You want to leave before this Lord? It’s too difficult!”

Luo Xing’s face turned cold. Suddenly, a powerful weapon sound was heard from his palm. Then, a water-like blade light burst out. An ancient blade appeared in his hand and he slashed down.

“Blade of Qianyuan!”

“Swish!”

The distorted space was split in two and instantly torn apart. The White feathers around Bo Yuqing suddenly scattered, turning into white light and disappearing.

The Space Force was completely broken by that blade!

Bo Yuqing’s heart jolted. He hurriedly turned around and pulled out his sword. The vast sword intent was like the sea as it slashed towards the blade light.

“Bang!”

The two forces swirled together, shooting out a brilliant light. The two figures quickly fought.

Bai Gutang looked at Ning Keyun and chuckled, “Little girl’s strength is not bad, do you have a husband?”

Ning Keyun’s face darkened and she said coldly, “You’re looking for death!” She flicked her long sleeve and a red silk shot out.

haha, it’s flavorful enough. I like spicy food.

Bai Gutang spread his arms and flew over like a ROC spreading its wings.

Ning keyun's face turned serious and she said, " Li Yunxiao, be careful. I'm afraid I won't have time to take care of you.

...

Hong Luan was retrieved and floated around her muslin clothes. With the movement of her origin power, she looked like a fairy.

well, be careful," Yunxiao said. this man is not simple.

Ning keyun was taken aback for a moment and turned to look at him. Yunxiao's eyes, which were as calm as an ancient well, gave her a sense of calm.

She was slightly surprised. She nodded and turned into a red shadow, disappearing from where she was.

"Haha, come and chase me, little girl."

Bai Gutang's teasing laughter came from the sky, followed by a violent fluctuation of elemental energy. The red silk that filled the sky transformed into a huge array that was a thousand feet in size, trapping Bai Gutang within.

"What?"

Bai Gutang was shocked. He finally put away his contempt and looked around vigilantly.

Suddenly, the red silk formation began to move slowly, like a giant python slithering through the air. The entire space changed with it, and illusions kept appearing.

“Today, this Palace will definitely kill you!”

Ning keyun’s cold voice was heard. Suddenly, tens of thousands of dazzling white lights appeared in the formation. They were actually dense sword blades. They cut across the sky like a meteor shower and slashed down.

...

Bai Gutang’s expression turned serious. He raised his right hand into a claw, and his fingers emitted a sharp white light. “Ash cloud Saint fist!”

A vortex of energy gushed out from his palm, and his surroundings instantly turned into a Nebula with countless fist shadows flashing within.

“BOOM! BOOM! BOOM! Boom! Boom! Boom!”

The sword light that filled the sky was constantly shattered by the fist force. The dense moves created countless afterimages, and the two figures were completely wrapped in it, making it difficult to distinguish.

Zi Xiaoji also stepped out of the battleship, shrinking the ground to inches, a step of a thousand feet, and he came in front of Tang Qing. He said bitterly, “Master Tang Qing, I was forced to do this. I hope you don’t blame me.

“Lord Zi Xiaoji, have I ever owed you anything in the past few days when you were in the Redmoon city?” Tang Qing said coldly.

“No, no, I don’t owe you anything.” Zi Beiiji hurriedly said.

“Then why did you still bear to attack me?” asked Tang Qing.

Zi Xiao Ji wiped his cold sweat and said awkwardly, "Indeed, I can't bear to. Why don't you just surrender, old master? This way, I won't have to do anything, and it'll also avoid the awkwardness between us. It won't damage our friendship."

"If you care about our friendship, why don't we both not fight and just wait for them to decide the winner?" Tang Qing suggested.

"Is that so, Yingluo?"

"That's a good suggestion indeed." Zi Xiao Ji nodded. He pondered for a moment and suddenly said, "no, Master Tang Qing doesn't have enough Yuan power at the moment. How do I know you're not stalling for time?"

A trace of ridicule flashed in his eyes as he rushed forward. His palm was extremely light and weak, but it directly enveloped the surroundings. Before the wind from his palm fell, the earth could not bear the pressure and trembled and cracked.

Tang Qing's body suddenly trembled, caught off guard by the attack. He hurriedly somersaulted in the air and only managed to stabilize his figure after a few dodges. He was just about to curse out loud when he suddenly realized that Zi Xiaoji had appeared in front of him and was about to send another palm strike.

At this moment, it was already too late to Dodge. He could only grit his teeth and circulate his energy, clashing his palms together!

"BOOM!"

Tang Qing obviously didn't have enough Yuan power. When the four palms collided, his body was directly sent flying, and he spat out a mouthful of blood in the air.

"You, you, you're despicable and shameless!" Tang Qing vomited blood and roared a few times in anger, then turned around and ran.

aiyaya, Master Tang Qing, don't go. Let's have a good talk!

Zi Xiao Ji's figure flickered and his speed was extremely fast as he chased after them.

Elder Hong watched as the two figures disappeared in front of the crowd. He snorted heavily and laughed, "It turns out that the people of the Holy region are all so shameless!"

Yao Jinliang snorted. you're about to become the food for my cloud-burying beast. Why are you still so concerned?"

"Hmph, Yao Jinliang! You think too highly of yourself. You've been with beasts all day long, and you've become half-human and half-beast!" Elder LAN cursed in anger.

"Well, it seems that you know that you're going to die, so you're going to give up. Alright, I'll fulfill your wish now."

Yao Jinliang patted the head of the burying Cloud Beast and said, "Bite them to death."

"Roar!"

The burying Cloud Beast suddenly raised its head and roared. A huge sound wave spread out, causing the surroundings to become dazed, as if everything in sight was unreal.

Then, with a "bang", the air was broken through layer by layer. The beast shadow instantly landed above the three elders and bit at elder LAN. The force of the impact shook the robes of the three elders.

Chapter 1430-meeting again at the peak

"Hmph, it's just a feathery animal."

Elder LAN suddenly raised his hand, and a vast and enormous force soared into the sky. The might of his fist was impressive as it shook out.

A fist wave turned into a light ring, rippling in the surroundings and instantly enveloping the entire beast body.

“Bang!”

The body of the burying Cloud Beast trembled and disappeared under the mighty power of the fist, turning into countless fluorescent lights.

“What?” The three old men were slightly surprised. Could it be that this beast also knew movement techniques?

Elder Lan’s pupils suddenly shrank, and he suddenly punched to the left.

“Bang!”

He saw a claw wearing a helmet hit his fist force. An array pattern appeared on the back of the claw’s helmet, and it emitted the power of a vortex.

A huge force was transmitted from the claws, and elder Blue’s entire arm went numb.

“What?”

He was suddenly shocked. With a strong shake, the two forces suddenly separated, and his whole body instantly retreated a few feet, unloading the huge force.

The burying Cloud Beast was also pushed back a few meters, and it was glaring at him.

A set of dark golden armor had appeared on its furry body.

There were hundreds and thousands of complicated formation patterns on it, and the powerful power of the tool rippled out, causing the formation power to flash all around.

“What a powerful beast puppet. Be careful, everyone,” elder Hong said in a grave tone.

“Tsk, tsk, my little Yunyun was just playing with you guys just now. She didn’t get serious. It seems that this battle will disappoint me.” Yao Jinliang laughed in disdain.

His eyes flashed with coldness as he slowly walked down from the sky.

The three of them could feel the pressure, but their expressions were cold and they showed no fear. Elder Hong said coldly, “Hmph, will it kill you to not brag? If you want to laugh, then laugh a little longer now. I’ll make you cry all you want later!”

He suddenly crossed his hands in front of his body and stretched them down. Suddenly, a red light appeared around his body. It was actually a flash of blood light. Suddenly, the sky seemed to be like a sea of blood, boiling.

Elder Hong’s face also instantly became ruddy and flickered with a demonic light.

“It’s an evil blood sacrifice technique,” Yao Jinliang said in surprise.

“No matter what, as long as I can kill you, it’s a good thing!” Elder Hong sneered. He shouted and jumped up. He made hand seals in the air.

Suddenly, the sea of blood gathered together and formed a five-fingered hand seal, which slammed down!

Yao Jinliang’s face darkened. He formed a seal with his hands and grabbed forward.

Suddenly, a golden light gathered in his palm from all directions, suddenly twisting the space. The huge bloody handprint was instantly deformed, constantly rolling and stirring.

“This is a bit!” Elder Hong was shocked. “Body technique?”

Yao Jinliang’s body suddenly became sturdy. Golden light surged in his hands, and he suddenly tore it apart!

“Bang!”

The huge bloody palm shattered instantly, turning into beads of blood that scattered in all directions.

Yunxiao was slightly surprised as well. He glanced at Yao Jinliang out of the corner of his eye. He could sense a change in Yao Jinliang’s body at that moment, but it was definitely not a physical technique.

“Swish!”

Just as he was distracted, Luo Qingyun’s body flickered and landed on the ground, less than 80 feet away from him.

Yunxiao quickly composed himself as he sensed a fierce aura coming at him. He stared at the man and said in a deep voice, “You’re different from before.”

“You’re still the same as before,” Luo Qingyun said with a calm expression.

“You give me a very strong feeling at the moment,” Yunxiao said with a mocking smile. “Wei Qing must have transformed your body. It’s said that he’s been doing research in this area, and it seems to be very effective.”

Luo Qingyun’s brows furrowed for a moment before he calmed down and nodded, “It seems that you’ve learned something. Li Yunxiao, you and I have never had a real fight since the fight for the spot on Mount Meru.”

Yunxiao chuckled. back then, you and I were just minions of martial grandmasters. But, after years, when we fight again, we are already at the peak of the world.

“I’ve always known that I’m no match for you,” Luo Qingyun said. But the current me is no longer the same as before, and I have enough power to fight you. Putting aside all grudges and interests, I’m really looking forward to fighting you again as a martial artist.”

you and I are on different sides today, ” Yunxiao said with a sneer. allow me to ask presumptuously, do you have the right to challenge me? ”

Luo Qingyun frowned and said, “how would we know if we don’t try?” After all, humans had to have goals and dreams. And you are the goal I’ve been pursuing all this time.”

I don’t deserve it, ” Yunxiao said coldly.

Luo Qingyun said, ” I know you’re very unhappy that I’m standing under Wei Qing and opposing you today. However, everyone has their own ambitions and needs. There’s nothing wrong with this in itself.

Yunxiao’s eyes flashed with a cold gleam as he said, ” “You said it very well. Then I won’t feel it a pity to kill you, because the road is one’s own.”

“You can’t kill me. Wei Qing’s power is far beyond your imagination,” Luo Qingyun said. I want to have a fair fight with you, and I only hope to defeat you with my own strength.”

you don’t have enough strength to defeat me, ” Yunxiao said with a contemptuous smile. you’re not strong enough to defeat me.

Luo Qingyun’s pupils shrank. it’s still the same. You won’t know until you try. he said.

He didn’t take a step forward, but his body suddenly moved forward and he suddenly punched out.

The entire space was pressed down, and endless power was concentrated on his fist. The power was so impressive that it actually had the momentum of a Tiger roaring and a Dragon roaring.

Yunxiao's pupils constricted as he stepped back and teleported a thousand feet away.

However, the power of the fist was like a maggot in his bones, and he couldn't get rid of it no matter how hard he tried.

"Hmph!"

Yunxiao's face darkened as he reached out to grab it.

...

His entire arm turned golden in an instant, and a powerful force appeared between his five fingers as he clenched down.

"BOOM!"

The five fingers were like a cage, imprisoning the punch. The Dragon Fist was tightly clenched by Yunxiao, and it could not burst out. It was slamming left and right in the cage, sending out ripples.

"To be able to receive my punch so easily, it seems that your improvement has not disappointed me."

I'm relieved now," Luo Qingyun said. I was worried that you didn't improve, and I killed you.

"What a joke!"

Yunxiao was so angry that he laughed. With a clench of his hand, he crushed the Dragon Qi with a loud bang, sending its boundless force in all directions.

He didn't retreat or dodge, but faced it head-on without a change in his expression. He raised his leg and kicked Luo Qingyun in the face!

"You're still so cheap!"

damn it! Luo Yunqing cursed. With a flash of her body, her afterimage was shattered by the kick, and her real body instantly appeared above Yunxiao, then she suddenly elbowed him in the face!

The two of them used ruthless moves, directly hitting the face.

...

Yunxiao's face was cold as he pulled his foot back, turned around, and clenched his hands into dragon claws. He grabbed Luo Qingyun's elbow, then threw him out with the force of the impact.

Then, with a flash of lightning in the air, Yunxiao caught up with Luo Qingyun, raised his hammer high, and smashed it down on his face!

"BOOM!"

A bolt of lightning struck down at the speed of teleportation.

Luo Qingyun was shocked and broke out in a cold sweat. The power of the lightning was not strong. He was not afraid of getting hurt, but he was afraid of being slapped in the face.

A vast Dragon might rippled out. With a turn of the space, he disappeared from the spot.

"Bang!"

The lightning struck the ground directly, shaking the earth and turning it into dust.

Yunxiao's face was dark as he spread out his divine sense.

There were experts fighting to the death all around, and the elemental energy fluctuations were extremely chaotic. He actually couldn't detect Luo Qingyun's position.

"Li Yunxiao, you're too cunning. We should have made an agreement not to hit faces!"

A few hundred feet away, Luo Qingyun's figure appeared, his face full of anger.

what?" Yunxiao said coldly, "are you afraid that you'll be slapped in the face by me, and you'll be too ashamed to take the position of city Lord of Red Moon City in the future?"

Luo Qingyun flicked his long robe and snorted coldly, "You and I can be considered the world's top experts at the moment, so we should have the demeanor of an expert and not act like children playing house. This kind of action is like spitting on the other party, extremely childish!"

"Ahem!"

Yunxiao spat out a mouthful of phlegm.

The space around the spit spun, and he teleported there with his spiritual power. He appeared in front of Luo Qingyun in an instant.

"?!"

An extremely nauseating feeling welled up in Luo Qingyun's heart, causing all the pores on his body to open up. With a sudden shake of his body, he dodged.

Just as he steadied himself, he realized that the other party had spat out another mouthful of air.

“I’m furious! Are you done?”

Luo Qingyun roared and struck out with his palm. The entire space around him froze and all the water vapor instantly evaporated.

Then, his palm changed. Countless air particles gathered in his palm and were continuously compressed. In an instant, it reached its limit and he slapped it out.

“BOOM!”

The huge impact force exploded, sweeping through Half the Sky and falling down fiercely.

Yunxiao’s pupils constricted as he snorted lightly. He raised a sword beam in his hand, and with a flash of cold light, it cut through the palm wind.

However, countless tiny whirlwinds appeared around the sword, spinning non-stop and surrounding him.

Luo Qingyun made a hand seal with one hand, then clenched two fingers and shouted, “Vacuum burst!”

“BOOM!”

The countless tiny whirlwinds suddenly exploded, and a force even stronger than before turned into a vortex and swept out!

Yunxiao’s body only lasted for a moment in the whirlwind before it shattered into countless lightning bolts with a bang, allowing the vortex to roll him higher and higher.

Luo Qingyun’s expression changed to one of shock.

The whirlwind that had swept up Yunxiao turned into a thunderstorm in an instant, and the terrifying power of thunder and lightning gathered from somewhere. The potential of the lightning was getting higher and higher, and it kept shooting out in all directions.

“You want to beat me? Maybe in the next life!”

Yunxiao’s voice came from within the thunderstorm, which whistled and swept toward Luo Qingyun.

“This power is overwhelming.”

Luo Qingyun’s eyes lit up and he said excitedly, “Only then can it stimulate my fighting spirit!”

He grabbed at the air with his right hand, and a golden spear appeared in a flash.

Runes continuously gushed out from the spear and slowly rotated in his hand. The Spear’s power kept rising.

“Six broken spear art, break!”

With a light shout, the desolate God’s moon spear directly slashed down from the sky, and an invisible spear power suddenly slashed out!

The roar of a ferocious beast could be faintly heard from the spear, causing the entire area to tremble!

The sky was split in half by this spear, and the entire thunderstorm was torn apart, constantly releasing electricity. Tens of thousands of lightning rays shot in all directions, and the ground was constantly shattered!

He had not been in a good state for the past two days, and he was not satisfied with the content he had written. He hoped that he could adjust tomorrow.
