

The Eternal 1431

Chapter 1431

1431 One Qi turning into Three Pure Ones

“Hmph, what a powerful spear power! You’ve actually completely fused with the spear!”

A sword beam surged out of the thunderstorm and cut down the spear with a loud boom. Then, Yunxiao’s figure emerged, his face cold.

He held his sword horizontally in front of him with one hand and raised his hammer high with the other. Countless shattered Thunderbolts gathered together and condensed into an Azure Dragon that wandered around.

“Heavenly Tribulation, Nine Heavens Lightning Dragon, annihilate the world!”

With a light shout, he smashed the hammer down ruthlessly.

“BOOM!”

Thunder rumbled, and the sky changed color. The heavenly Tribulation turned into a Dragon, destroying the world and rebirth!

Yunxiao’s primordial energy was instantly drained, and his face turned pale.

This was the second time he had used this move today, and it seemed to be difficult for him to hold on.

Luo Qingyun was shocked, but his eyes lit up and he laughed wildly, “Haha, powerful! This is the battle I’m looking forward to!”

The mighty long spear shook over, creating a flurry of spear afterimages. It turned into the illusionary image of a wild beast with a ferocious look in its eyes.

ancient desolate beast, devour it!

Luo Qingyun shouted and directly struck down with his spear. The desolate beast Phantom instantly roared and rushed up!

“Boom boom boom!”

The lightning dragon’s claws turned purple as it fought with the desolate beast, creating waves of ripples and causing the space to become blurry.

Yunxiao was taken aback. In his eyes, Luo Qingyun was standing with his spear, as if he had reached the state of anatta. He was one with the spear, one with heaven and earth, and one with nature.

The desolate God’s moon spear was like his ice sword. They were both obtained from the divine Palace of Mount Meru. They were both Maha ancient weapons, so it was extremely difficult to refine them completely.

Even with my comprehension of both martial arts and technique, I can’t completely refine the frost on the cold sword. How did he do it?

“BOOM!”

He didn’t have time to think about it. Luo Qingyun’s spear momentum rose, and he turned into a stream of light and stabbed forward. The strange phenomenon of the Dragon and beast fighting was instantly broken. A sharp spear light came up and suppressed the space.

Yunxiao’s body lit up with a golden light, revealing his inextinguishable golden body. Like a celestial being, he held the sword high with both hands and slashed down without any fancy moves.

“Bang!”

The two profound level weapons clashed violently, emitting a blinding light. Under the impact, Yunxiao was knocked back hundreds of feet, and his hands were numb.

Luo Qingyun was also pushed back several feet at the same time, but the impact of the power was obviously less.

Yunxiao's eyes were filled with horror as he said, "Your physical body is in a Kasaya."

Luo Qingyun seemed to be quite surprised as well. He said in surprise, you can actually take one of my attacks head-on. Li Yunxiao, you've got a great opportunity as well.

you do have the strength to fight me," Yunxiao said with a cold face. but now is not the time.

The corners of his mouth curled up as he turned into a bolt of lightning and was about to escape.

At this moment, everyone was being held back, so it was the best time for him to leave alone. Only a fool would stay here and fight a meaningless battle.

"Don't leave!"

Luo Qingyun was shocked. He roared and thrust his spear!

"Swish!"

The spear shadow pierced through the void, and Yunxiao had long disappeared from where he was.

"Stay here!"

"Roar!"

Luo Qingyun suddenly let out a loud roar, and his body instantly transformed into a Dragon. An endless Dragon's might suddenly rushed into the heaven and earth, and the entire sky changed color. The heaven and earth were upside down!

“BOOM!”

The sky and the earth shook violently, as if they were trembling under this roar.

The entire space, with Luo Qingyun as the center, kept rolling in all directions, like a huge wave on the lake.

Not far away, Yunxiao fell out of the trembling space with a horrified look on his face. “Roar of the true dragon!”

The power of this roar actually contained the purest Dragon might!

He was not the only one. Everyone in the world was affected as well. They were distracted and looked over with surprise.

“Eh? This kid ...”

Yao Jinliang's eyes glowed, and no one knew what he was thinking.

Elder Hong's pupils shrank and he was overjoyed. He shouted, “Blood shadow hell hand!”

Tens of thousands of bloody hands appeared and fell on Yao Jinliang's body!

Old Huang also made a move in an instant. The light blade in his hand shot out with a “Chi” sound, and he quickly slashed over.

“If this Lord doesn't show his might, do you think this Lord is a sick cat!”

Yao Jinliang's eyes turned cold. His right hand drew a circle in front of him, and a huge golden symbol appeared in his palm. It kept spinning.

“BOOM!”

A vast power surged out of the golden seal in his hand and instantly suppressed the thousands of blood-colored palm shadows.

He sneered and suddenly smacked out his right hand, shouting, “All of you, go to hell! The battle Saint technique!”

Golden light bloomed and the blood-red Sky was swallowed up. The huge golden talisman turned into a “Dou” character and directly pressed down on the two elders.

...

“Not good, let's go!”

The red and yellow lights flashed in the air and shot in different directions. Even elder LAN, who was fighting to the death with the burying Cloud Beast not far away, was sent flying.

“BOOM!”

The ‘fighting’ character seal shook the ground, and the earth instantly shattered. The earth vein was crushed into powder.

Everyone was affected by the shockwaves and fled in horror.

High up in the sky, the wind and clouds were raging.

Ning Kewei's figure also suddenly appeared, but he didn't care about the damage caused by the battle Saint technique. Instead, he looked at Luo Qingyun in shock and said, "The true Dragon's Roar? Wei Qing, did your experiment succeed?"

A green light in front of him suddenly turned into a human figure and said, "Hehe, what do you think?"

Ning Kewei stared at Luo Qingyun and said, "Indeed, the Dragon's might is vast, and it has the aura of a true dragon, but it's obviously not a true dragon."

"If you were a true dragon, would you still be able to struggle?" Wei Qing sneered. The ancient true dragon was born from the heaven and earth. Even the most powerful Dragon can't reach that level, but it's not impossible to return to the true spirit realm!"

"True spirit?" Ning Kewei was shocked.

...

"I should worry about my own fate first."

Wei Qing's face was cold and full of sarcasm. He put his hands together and five huge kun slaves appeared in front of him. Their facial features were indistinguishable and their faces were solemn. They surrounded Ning Kewei.

Kun nu held profound level weapons in his hands. There were swords, sabers, and halberds as he slashed over.

Humph, the outer-body incarnation is indeed magical, but don't these peak nine-star kun nu feel that it's of little value? "

Ning Kewei's fingers glowed with a golden light as he drew a talisman in the air. With a light shout, he slapped it out.

The talisman turned, and all kinds of golden light emerged and shot in all directions.

“BOOM!”

The five kun nu’s bodies became sluggish under the impact of the golden light. After being forced back a few steps, they once again circulated their origin power and slashed over.

“BOOM!”

Five rays of light fell, and the space shook. Ning Kewei’s figure had long disappeared.

“Hmph, playing hide-and-seek with me?”

“Since you know you can’t win, why don’t you just surrender and die?” Wei Qing sneered. He raised his hand, and a golden light appeared in his hand. It turned into a scroll and suddenly unfurled.

“The rivers and mountains are like a painting, how many heroes are there at a time.”

Instantly, a golden light flashed and illuminated the sky.

Within the golden light, there were mountains and rivers, thousands of miles of divine land. One was picturesque, the other was magnificent and magnificent.

The strange phenomenon was like a waterfall of rainbows, penetrating time and space and rolling toward ning Kewei.

Ning Kewei felt the space around him freeze. His eyes narrowed and his hands quickly formed a seal. His hair and beard fluttered and his robe puffed up.

A stream of light flew out from his hand seal and turned into a bronze dagger-axe in the air. Light and shadow swirled on the surface of the dagger-axe and runes surged.

Four ancient characters were engraved on the body of the dagger-ax, 'dancing flowing light'!

Wei Qing's expression changed drastically. He clasped his hands together and the five kun nu instantly turned into flowing light and disappeared, entering his body. He shouted and slapped out with both palms.

A huge blood seal flew into the Golden Scroll, and it immediately gushed with a bright red color. The setting sun hung in the West, the north wind was biting cold, and a small bridge flowed with water.

"The rivers and mountains are like a painting, the setting sun is like blood, and now I'm going to start from the beginning!"

The entire sky was blood red, and the clouds were high. The sun set in the West, and endless vitality instantly disappeared.

Ning Kewei's wrinkles reappeared and deepened as she was enveloped by a red light.

"Hmph, dancing light!"

With a light tap of his hand seals, the dagger-axe in front of him began to spin. Under the countless runes, golden light circulated and time flew.

"Can't you see that the water of the Yellow River comes from the sky and flows to the sea, never to return?"

if you don't see it, the bright mirror in the high Hall will turn white, and the morning will be like black hair, and the evening will be like snow.

A buzzing sound came from the dagger-axe, and the vibration shook the nine Heavens. It was like a sad song that reverberated from the ancient times and rushed through the mountains and rivers!

Ning Kewei grabbed the dagger-axe with his right hand and formed a hand seal with his left hand in front of him, forming three afterimages.

The shadow on the left formed hand seals, and the halberd turned into thousands of swords that evolved into the great Dao. Different martial intents collided with each other.

“Take this, this Lord’s ten thousand flowing without regrets!”

The figure in the center raised his spear high, and circles of ancient patterns flowed around his body, like the stars in the sky.

“Take this, bright Mirror White hair!”

The shadow on the left was surrounded by frost and white flowers. The snow was like willow catkins that were blown by the wind.

“Take this, this Lord’s Black hair turns into snow!”

The power of the three weapons suddenly rose, as if it was earth-shattering and sky-shattering, the clouds parted and the moon brightened, and they slashed towards the picturesque landscape and blood-red setting sun!

“Boom boom boom!”

The two terrifying powers clashed, and the sky turned pitch-black as an endless energy storm swept out in all directions.

The sun and the moon lost their light, the world shattered, and the world fell into darkness.

“Your sister, here you go again!”

It was this kind of terrifying power that engulfed everything in the world.

Yunxiao cursed, but he was instantly devoured by the aftershock and disappeared without a trace.

The result of the battle between Yu Shengfeng and Teng Guang had yet to be determined, and this place was once again shrouded in darkness. It was as if the world had yet to split apart.

In the darkness, a golden light suddenly flashed. It was the flowing light that flew and stabbed forward!

“Bang!”

Endless shattering sounds rang out. The sharp edge of the dagger-ax rippled as if it had pierced into an endless abyss.

“Swish!”

A touch of blood dyed the night sky red, and Wei Qing’s figure slowly appeared, his face pale.

The dagger-axe was stabbing into his shoulder, and the body of the dagger-axe kept buzzing and vibrating, as an ancient aura spread out.

The blood slowly dyed his green robe red, which became striking in the endless night.

Wei Qing’s lips were white as he stared at the darkness in front of him and said, “Yi Qi turning San Qing, amazing! As expected of one of the former seven sect Masters, your strength has improved instead of regressing!”

Chapter 1432-time waits for no man

In the dark night, ning Kewei’s old face slowly emerged. His heavy breathing could be felt. The blue veins on the hand holding the spear were like tree roots, showing the vicissitudes of life and calmness.

“Hehe, Wei Qing lost, no way?”

The night slowly dispersed, and everyone looked at this scene in shock. Yao Jinliang furrowed his brows, crossed his arms in front of his chest, and cupped his chin with his right fist, deep in thought.

father, Zhenzhen. ning keyun looked at the old figure in the sky and called out softly.

three purities? ” Yunxiao was also surprised. what an amazing divine ability! Did Wei Qing lose?”

Everyone stopped fighting and looked at the sky in shock.

If Wei Qing was killed, then the battle would be over, and there would be no point in continuing to fight.

Ning Kewei’s eyes narrowed and he said coldly, ” “Wei Qing, your status as a chess player ends here. This heavenly Go game has nothing to do with you anymore.”

A golden light flashed on top of the flowing light, and countless runes surged out, stabbing forward!

Clang! Clang!

The crisp sound of metal clashing rang out, and the dagger-axe could no longer penetrate any further!

“What?” Everyone trembled and revealed a look of shock.

Ning Kewei’s pupils contracted, and his heart sank.

A golden ripple appeared on the wound where Wei Qing’s dagger-axe had been pierced and spread out.

Under the skin and flesh, one could vaguely see a golden bone banner with tiny runes engraved on it!

Ning Kewei's face instantly turned ugly. He gritted his teeth and said, "Daluo Golden Bones!"

The corner of Wei Qing's mouth raised slightly, and a cold air surged in his eyes, "Now you know the difference between you and me, right? You're the one who has lost your qualification as a Go player, the once all-powerful Ning Kewei. This world is no longer for you old people to play with!"

His right hand suddenly grabbed the dagger-axe while golden light lingered on the five fingers of his left hand. The sound of wind and thunder roared as he shouted, "Die on the beach in peace!" He slammed it down fiercely!

Ning Kewei's face turned cold, and he circulated his Qi in his palm. The wind and clouds changed color, and he slapped against the palm force. He said coldly, "It's not certain who will die!"

"BOOM!"

The two palm forces surged out, washing over the two bodies, and twisted in the sky.

"Ah!"

Ning Kewei suddenly screamed as a sharp pain came from his left hand.

Wei Qing's palm had already turned into a Golden Dragon Claw, crushing his left hand into pieces!

Yunxiao's body trembled, and his eyes were filled with shock. This was Qiu Mujie's Secret art, which could transplant a powerful true spirit body into his body!

Wei Qing's expression was Savage. A fingernail-sized formation appeared on his Golden Dragon Claw, and a Dragon's Roar could be faintly heard.

The Golden Dragon Claw suddenly opened, and a Dragon's Roar resounded. A green shadow flashed, and it slapped out again.

In a moment of desperation, ning Kewei could only throw away his dagger-axe, form a seal with his right hand, and launch a golden seal!

“Bang!”

The two of them did their best, and the wind and clouds surged in all directions.

Ning Kewei’s body was obviously weaker, and he began to tremble under the impact of the aftermath.

“Daddy!”

Ning keyun shouted and rushed to the sky.

Suddenly, a white light appeared in front of him, and a huge palm slammed down. Bai Gutang sneered, “With me here, how can you be so presumptuous!”

In the red silk, the beautiful figure was directly blasted down, dust flying in the air.

“You should’ve died decades ago when the aegirine entered your body,” Wei Qing said coldly, “why live in pain until now?”

Ning Kewei’s face turned pale and he gritted his teeth, “Because I haven’t finished what I want to do, I can’t die!”

“Can’t die? Tsk, time only left hatred, never people! Regret it in the afterlife!”

Wei Qing’s eyes turned cold. He grabbed his dagger-axe and twisted it, stabbing it towards ning Kewei!

“Swish!”

The flowing light pierced through ning Kewei's body and chest.

daddy!!

Ning keyun's mournful scream was heard. She rushed over and the short dagger in her hand turned into thousands of light shadows that slashed at Bai Gutang with all her might.

Cold sweat broke out on Bai Gutang's forehead. He was slightly weaker to begin with, so he did not dare to take it head-on and dodged it.

Ning keyun suddenly spread out her red silk and flew into the sky.

"Don't come over!"

Ning Kewei suddenly roared, and a mighty force burst out of his body. His eyes turned cold and full of infinite power.

Wei Qing was shocked and said, "you!!"

"Pa!"

Ning Kewei grabbed the flowing light and said coldly, "Even if I die, this old master will take you with me. That way, I can have less hatred and let go of many things!"

His body suddenly split into three afterimages, all with determined expressions. In a flash, they surrounded Wei Qing, each quickly forming a seal and forming a formation.

Countless golden runes gushed out and dyed the entire sky golden. The space where the two of them were was constantly blurred and it was almost impossible to see clearly.

Wei Qing was shocked. Under the surge of the vast power, even he was suppressed. He roared, "Ning Kewei, you should die!"

...

Ning Kewei laughed wildly and said, "Wei Qing, don't you deserve to die too?" These two damned people just so happen to have companions on the path of reincarnation!"

"Father, don't!" Ning keyun screamed.

"Keyun, the three elders, the red moon City will be in your hands from now on!" Ning Kewei said resolutely.

Although the three old men were also sad, they didn't feel too sad. They all sighed.

"You want me to accompany you? dream on!"

Wei Qing roared and formed a hand seal. Golden Dragon scales appeared on his body, covering his entire body.

Ning Kewei's eyes flashed and he recited, "One Qi into Three Pure Ones, Three Pure Ones return to origin. Everything is set by the heavens, and the people of the world are in vain!"

"Boom boom boom!"

the entire world trembled as a terrifying power surged through the world. Space was so twisted that no one could be seen.

Ning Kewei and Wei Qing seemed to have disappeared from the world, leaving behind only a vast wave of power that filled the vast universe.

“Hmph!”

...

Suddenly, a cold snort rang out, and golden light shot into the sky.

Yao Jinliang’s expression was cold. He clenched his fist, and the entire turbulent sky instantly twisted.

The center of the storm was constantly torn apart.

“Yao Jinliang, what are you doing?”

Elder Hong roared in anger. Three beams of light shot into the sky and instantly turned into a Tai Chi fish that swirled in the sky, calming down the shaking sky.

At the same time, three figures landed and attacked Yao Jinliang!

Yao Jinliang frowned. Ning Kewei and Wei Qing’s auras had been lost in the terrifying spatial turbulence, and he did not know if they were alive or dead.

He had wanted to tear open the sky and check if the two were alive or dead, but he didn’t expect to be entangled by the three old men. He immediately said angrily, “Old man, I’ll send you to the West first!”

His body suddenly transformed into a demon, and a huge amount of power gushed out. At the same time, he made a hand seal and used the battle Saint technique.

A vast power surged in the sky and turned into a vortex.

Heavenly light flashed from within the vortex as the burying Cloud Beast emerged. It lowered its head and went into hibernation. Its eyes were filled with a ferocious light as the beast armor on its body circulated.

A man and a beast, one tall and one short, seemed to follow some kind of law. The terrifying demonic Qi slowly merged into one.

Yunxiao's face flickered. He knew that it was a joint attack of Yao Jinliang and the cloud-burying beast. The man and the Beast had always been inseparable, and their minds had long been connected.

"You old fogey, follow your city Lord!"

"The fury of the candle demon!"

Yao Jinliang let out a roar and pushed out both his palms. The burying Cloud Beast let out a roar at the same time. The two forces intertwined and instantly fused into one attack that blasted out in all directions!

"BOOM!"

The simultaneous attacks of the three elders of Red Moon City were directly swept away by this force, sweeping across the sky.

The three of them spat out a mouthful of blood and flew back a thousand feet, their eyes filled with shock.

"Hmph, I'll kill the three of you later!"

Yao Jinliang's face was full of anger, and the demonic Qi on his body soared to the sky. He was like a god of death, and no one dared to block his sharp edge.

He clenched his fingers again, and the power Whirlpool in the distance was pulled apart and began to disintegrate.

"Yao Jinliang, die!"

Ning keyun was filled with grief and anger. She madly rushed up, grabbed the dagger, and directly cut down!

Yao Jinliang's pupils contracted, and he said coldly, "Get lost!"

"Roar!"

The burying Cloud Beast let out a loud roar. The power of the sound waves spread out, causing ning keyun's body to become sluggish.

Then, with a flash of white light, the cloud burying beast pounced forward.

As the beast pounced forward, the shadow of an ancient beast appeared behind the beast, as if it had fused with it.

Ning keyun was shocked, and only then did he come to his senses. The red silk spun into countless circles and wrapped around him.

"Chi Chi Chi!"

The burying Cloud Beast was tightly bound and tied up countless times, like a big dumpling.

"Bang!"

A terrifying demonic energy burst out from the huge dumpling, scattering the red silk in the air. The burying Cloud Beast roared and pounced over.

Ning keyun had no choice but to retreat a thousand feet away.

Yao Jinliang looked at the strange spatial distortion in front of him and shouted, "Break!" He swung his arm, and a slash flew out.

"BOOM!"

The sky was instantly split into two, and the countless strange spaces bounced away one by one.

Two figures shot out.

"Daddy!"

Ning Keyun screamed in shock and rushed forward to hug Ning Kewei. However, her heart trembled and sank to the bottom.

Ning Kewei's expression was calm, but his body was extremely cold. He had already lost his life.

"Father! Daddy!"

A sorrowful cry rang out, reverberating in the sky and earth.

Yunxiao's heart trembled as well, and his eyes flashed with desolation and boundless anger as he clenched his fists.

Luo Qingyun seemed to have sensed his emotions. He turned his head slightly, his eyes as calm as water.

Lord Wei Qing, you're still alive. Congratulations.

Yao Jinliang's face was full of amusement as he watched the green figure fly into the warship.

Wei Qing was completely covered in blood at this moment. All the Golden Dragon scales on his body had fallen off, and his face was pale. Just standing on the battleship, he seemed to be on the verge of collapse, and his body was constantly trembling.

“Yao Jinliang, quickly kill all these people!”

Wei Qing’s face was pale as he stumbled back to his throne, his green robe dyed red with blood.

Chapter 1433-Asura ghost

Yao Jinliang’s eyes flickered and he chuckled. “Killing these minions is as easy as lifting a finger, but Wei Qing, you’re the one who’s heavily injured.”

Wei Qing’s entire body was bleeding. Large pieces of his dragon scales were shattered, and many shards were embedded into his flesh. He was badly injured.

“Don’t worry about me!” Wei Qing’s breathing was extremely heavy. A dark light flashed on the huge black jade ring in his hand, and a few suet Jade bottles appeared. He poured out various colored pills and swallowed a few.

In particular, there was a pill the size of a pigeon’s egg that was full of strange patterns. Once it appeared, it kept shaking in Wei Qing’s hand as if it was going to break through the air.

Wei Qing snorted coldly and clenched his fist. He opened his mouth and threw it in, swallowing it.

The light in Yao Jinliang’s eyes disappeared as he said, “I didn’t expect that my Lord would have a legendary Holy item like the three-mark Double Dragon pill. It seems like my injuries will heal very soon. I’ve been overthinking.”

Wei Qing’s face regained some color and said, “Kill everyone except li Yunxiao! he ordered.

“Eh?!”

Yao Jinliang responded softly. With a wave of his long sleeves, he turned around and walked toward the three old men.

Everyone became nervous. Some were surprised and some were happy. They would rather die than be defeated. The situation had taken a turn for the worse. The sanctuary's side had already won more than half of the battle.

The next crucial battle would be the battle between the three elders and Yao Jinliang. However, from the previous battle, the three elders seemed to be at a complete disadvantage.

Wuwu, father, Wuwu! ning keyun was still crying in grief. She held ning Kewei's corpse and sat on the ground in pain.

"Keyun, take the old city Lord's body and leave quickly," elder Hong's face darkened. He seemed to have already made a bad plan.

After crying for a while, ning keyun's voice gradually became lower. Killing intent slowly rose in her body. She said coldly, "I'm not going anywhere, I'm going to kill Wei Qing!"

She put down ning Kewei's body and rushed into the sky with a flash. A wild power emerged and she roared as she rushed toward the warship!

"Return my father's life!"

Wei Qing's pupils shrank and turned cold, but he did not panic.

A figure flickered at the bow of the battleship, and Bai Gutang appeared. He stood with a sword in his hand, and his sword aura continued to grow.

"Little girl, I can understand how you feel, but it's a martial arts competition, and someone has to die. When your father left, he was still very tragic."

“Then I’ll kill you first!”

Ning keyun had gone completely mad. Her face was filled with tears and killing intent. She slashed her dagger at Bai Gutang.

“Bang!”

Bai Gutang raised his sword to block the attack, shooting out endless sword intent. He took a step back and steadied his body.

Although he was not as powerful as ning keyun, there was no way to retreat. Wei Qing was right behind him. If he dodged, Wei Qing would be in danger.

die! Die!!

Ning keyun slashed down madly, and the sky was filled with sword shadows. Bai Gutang was flustered, and his body was constantly injured.

Suddenly, a green light flashed in the distance, and Yunxiao disappeared from where he was.

“Not good!”

Luo Qingyun was taken aback when he saw a green light suddenly appear on the warship, which turned into Yunxiao.

“Stop!” He shouted in anger.

The desolate God’s moon spear pierced through the air, and with a “ bang “, it struck a thousand miles in the air.

Yunxiao's face was cold, and he seemed to turn a blind eye to the spear. He raised his hand, and the four-colored Tusita Heaven slowly flew out.

"Bang!"

Luo Qingyun's spear directly pierced a big hole in his body. He turned into a green lightning body, grabbed Dou Shuai Tian with a gloomy face, and smashed him down!

"BOOM!"

As soon as the mountain peak made its move, the sky trembled. The entire space was compressed, and the four-colored light spun rapidly.

The Earth's momentum was vast, and virtue carried all things.

The entire warship trembled under the immense pressure.

Wei Qing's expression changed drastically as he raised his head in shock. He looked at the four-colored mountain peak in disbelief as if it was going to crush everything!

Yunxiao's face was cold, and his eyes were filled with killing intent.

This was the best chance to kill Wei Qing when he was at his weakest. Once he missed it, it would be extremely difficult to kill him!

are you looking down on me?!

Luo Qingyun's angry voice was heard. In a flash, he landed beside Wei Qing. His body suddenly transformed into a demon, and he roared as he threw a punch!

"True Dragon's great Meridian!"

“BOOM!”

A Dragon Fist smashed into the mountain, and Luo Qingyun cried out in pain. His arm was deformed, and the sound of bones cracking could be heard. His entire body was sent flying by the will of virtue and tolerance.

However, Dou Shuai Tian also deviated from his position and landed on the warship with a bang, creating a huge pit and being penetrated!

The terrifying power of earth element surged out, and Wei Qing was sent flying along with his chair, spitting out a mouthful of blood in the air.

Even Ning Keyun and Bai Gutang's battle was affected by the impact of the earth elemental energy. The two of them were separated and stood ten feet apart.

A trace of anger flickered in Yunxiao's eyes. In a flash, he appeared below and caught Dou Shuai Tian.

Everyone was extremely shocked in their hearts. The weight of that thing just now was obvious to all, and they didn't understand how he could lift it.

“Wei Qing, are you trying to kill me? Go to hell! Jiejiejiejie!”

Suddenly, a strange and hideous laugh rang out. A flash of Saber Light appeared in the sky and suddenly slashed down.

...

A white-haired old man appeared out of thin air. It was Qiu Mujie, and his eyes were filled with killing intent.

Luo Qingyun's face sank and he shouted. He made a hand seal and swept his spear in the air.

The space in front of Wei Qing suddenly fluctuated, and a figure walked out from it. He raised his sharp claws and struck at the saber Light.

“Bang!”

The figure let out a blood-curdling screech as an extremely deep wound appeared on his arm. However, he stood on the spot and did not move an inch. He only glared at Qiu Mujie with a face full of savagery and roars.

“?! This is Yingluo.”

“Asura ghost!” Qiu Mujie’s body trembled and he exclaimed in shock. The refinement is a success?”

Yunxiao was shocked as well. The man who appeared and caught the attack with his bare hands looked like a demon, like an ape, but very different.

Its entire body was a fluffy gray, and its claws were shining with a dark light. There was a golden “seven” on its chest, and it was neither human nor beast. What was even more shocking was that it was carrying a millstone-sized tortoiseshell on its back, which was very strange.

Although Wei Qing’s face was pale, the spiritual pills from before seemed to have had a great effect and began to turn red. He praised, “Luo Qingyun, well done!”

“I saw that you were in danger just now. If you don’t summon it now, you’ll be in danger,” Luo Qingyun said.

...

Wei Qing coldly stared at Qiu Mujie with killing intent flashing in his eyes.

“That’s right. I didn’t expect this battle to be so difficult.” Especially ning Kewei’s strength, he almost killed me. Since you’ve summoned it, the rest should come out as well. It’s just in time to clear out all the remaining evildoers here and help you ascend to the position of Red Moon city’s city Lord!”

Luo Qingyun furrowed his brows as if he was hesitating, but he quickly said, “Alright!”

He placed the spear on his arm and quickly formed hand seals. The space around him started to fluctuate, and there were nine vortexes in total.

A terrifying aura came from each vortex, and a non-human and non-beast slowly walked out.

“?! Yingluo, you really did it?” Qiu Mujie looked over and immediately said in shock, “How did you manage to control them?”

Yunxiao was also terrified. The nine things that were neither human nor beast walked out of Luo Qingyun’s side, each of them had an extremely powerful aura and were all very strange.

Some had the head of a bull and the body of a snake, with four horns. Some had two horns on their heads, but they were of different species. The other had four heads and eight arms, which was even more terrifying than a true fiend Dharma idol.

Moreover, these things all had numbers on them. Adding the “seven” from before, it just so happened to be from “one” to “ten.”

His face was filled with a gloomy and strange expression as he looked at Qiu Mujie. He was definitely the one who had created all these things.

Qiu Mujie’s face was also filled with astonishment as he growled, “Impossible, this is impossible! I’ve researched for so long before coming up with a balance, how did you do it! Even if you’ve mastered the method, these are all peak nine-star existences. How can you control them so easily?”

The appearance of these ten monsters caused everyone to stop fighting once again. Other than Zi sorrowful Ji and Tang Qing, who had long since run off to who knows where, the rest of the people all looked over with dumbfounded expressions.

Wei Qing snorted coldly, "it's true that you've contributed a lot to the body Fusion. However, you dared to hide it behind my back. That's why I want to kill you. Now that you're on guard against me, you have no other use, so what's the use of keeping you around?"

Qiu Mujie's body trembled and he said in shock and anger, "Yi Xi! Qiu Yixi did it!" "Impossible! This is impossible!" He roared in Fury. Yi Xi is my adopted son, how could he betray me!"

Wei Qing scornfully said, "people strive to climb higher, and water flows lower." If he follows you, he'll just be a dog chased by people all over the world, but if he follows me, he'll be a great Alchemist who can stand on his own. Which one do you think he'll choose?"

"You, you coward!"

Qiu Mujie seemed to have been overstimulated and spat out a mouthful of blood, his face filled with hatred.

Yunxiao had once heard from Gu Yuesheng that Qiu Mujie had countless disciples, but they were all experimental subjects, and only two of them were his true disciples.

One of them was yang yuanshu, whom he had killed, so the second person should be his adopted son, Qiu Yixi.

Qiu Mujie's eyes were filled with resentment. He calmed his mind and said, "Alright, let's say that you've used my secret technique to achieve the great success of the ghost Asura. However, with the violent nature of Asura ghost, how could he listen to your command?"

Wei Qing laughed, "what, you also want to create such a team?" There's no harm in telling you, it's the power of bloodline that tamed them."

“Bloodline?” Qiu Mujie frowned.

Yunxiao was also deep in thought, and Bo Yuqing was on the ground. They were all top alchemists, and although the scene in front of them was immoral and disgusting, it was undoubtedly a great achievement in alchemy.

Qiu Mujie was shocked. He looked at Luo Qingyun in shock and said, “Dragon blood! The blood of a true dragon!”

Chapter 1434

1434 Rank 10 divine blood

Yunxiao and Bo Yuqing were also shocked, and they seemed to understand a little.

Yunxiao, in particular, had just exchanged a few blows with Luo Qingyun, and his opponent’s strength had improved too much. Moreover, the roar of the true dragon was extremely pure and majestic.

Wei Qing laughed and said, “haha, not bad.” Crazy Jie, you’re indeed amazing. You understood everything with just a little bit. The ten ghost Asuras had been injected with dragon blood, but it was only half-finished dragon blood. And inside Luo Qingyun’s body is the completed blood of a true dragon!”

Everyone was shocked, and their minds went blank. It was hard to think.

Moreover, Wei Qing’s words seemed to have revealed a very shocking piece of news.

Finished product?

Semi-finished product?

“D-don’t tell me you’re already able to extract the true dragon’s blood?” Qiu Mujie’s voice trembled.

“There’s nothing to hide,” Wei Qing said coldly, “you’re all going to die today anyway. The blood of a true dragon was not to that extent. That was a powerful existence that stood at the peak of all true spirits! However, if it’s only at the true spirit level, I can already do it!”

“?!”

Except for Yao Jinliang, who was still calm, everyone else gasped. Even Yao Jinliang had a serious expression as he stared at Luo Qingyun and the 10 ghost Asuras.

To be able to refine dragon’s blood to the level of true spirit, how terrifying would that be? it could even change the entire realm of heavenly martial arts!

After all, there were many kinds of descendants of Dragons in the world. There were hundreds if not thousands of them. Even the long family of Sky Ridge named their sect after the leader of the true spirits, the Dragon.

The strength of these descendants of the dragon was different, but the only thing they had in common was that the concentration of their bloodline directly affected their strength level.

For example, the royal families of the four Seas were a race that had a more successful inheritance. Although the power of their bloodline was still declining with the passage of time, they were still much stronger than other Dragon descendants.

If a technique that could directly purify one’s bloodline appeared, the entire world would be in chaos! Not only the descendants of Dragons, but the other descendants of the true spirits would also sweep the world and become the new generation of peerless races!

The people present were all experts who stood at the peak of the continent. They immediately understood the stakes in this matter, and their expressions turned ugly.

Wei Qing glanced at everyone’s expression and chuckled, “ everyone, there’s no need to worry. This kind of refining method is extremely difficult, and the failure rate is extremely high. It’s already heaven-defying to be able to produce the blood of a few experts of the true spirit realm. It’s even more impossible to promote it in large numbers.

Everyone heaved a sigh of relief. It made sense. If there was such a heaven-defying method, the world would really be in chaos.

“Although the failure rate of the finished product is extremely high, these high-quality semi-finished products are also very useful!” Wei Qing said with a smile. Combined with the ‘ultimate form’ developed by Feng zijie, it’s simply flawless, the most ideal killing machine!”

if you want to control these ghost Asuras with semi-finished bloodlines, you must have Luo Qingyun, who has the real dragon blood,” Yunxiao said coldly. if Luo Qingyun betrays you one day, won’t you lose everything at once? ”

Both Wei Qing and Luo Qingyun’s faces flickered, and they glared at Yunxiao at the same time.

Everyone’s hearts trembled, thinking that Yunxiao was so insidious. The most unpredictable thing in the world was the human mind. Wei Qing must also be afraid of Luo Qingyun, and now that he was publicly provoked by him, he was afraid that his fear would deepen.

Qing Yun and I are friends and teachers,” Wei Qing said coldly. how can I allow you to sow discord in our relationship!

Yunxiao chuckled. I was just making a casual remark. You don’t have to take it seriously. With Luo Qingyun’s intelligence, he naturally wouldn’t walk the same path as Qiu Mujie and ning Kewei.”

Wei Qing’s face flickered as he cried out in anger, ” li Yunxiao! How dare you stir up trouble out of nothing?! Luo Qingyun, take him down and kill the rest!”

“Yes!” Luo Qingyun’s face darkened. With a wave of his spear, the ten ghost Asuras immediately roared. The aura on their bodies exploded one by one, shaking the world!

“All of you, come back and let Asura ghost do his best,” Wei Qing said.

“Yes!”

Bai Gutang was overjoyed. He was already injured by ning keyun, and there was a possibility that he would die if he continued fighting.

Luo Xing also kept his profound level weapon and returned to Wei Qing's side in a flash. The battleship had been completely destroyed by Dou Shuai Tian and could no longer be used.

"I've already injured these three old fogeys. Send a few ghost Asuras to take care of them," Yao Jinliang said.

With a wave of his hand, the burying Cloud Beast returned to his side and walked directly behind Wei Qing, seemingly unwilling to attack again.

Luo Qingyun's face was cold as he kept making hand seals.

The 10 ghost Asuras roared out and turned into 10 beams of light, charging towards the crowd.

The six of them immediately surrounded the three old men and started to attack them wildly.

With double the number, the terrifying demonic Qi, and the reckless fighting style, the three old men were suppressed in an instant.

The other two rushed towards ning keyun and Bo Yuqing respectively. The two of them had already consumed a lot of energy in the previous battle. At this moment, facing the two ghost Asuras, their expressions changed greatly, and they became extremely vigilant.

The last two surrounded Qiu Mujie, while the last one swung his long tail over, causing a flash of lightning to appear.

There was also a four-headed and eight-armed one. Each of his hands was holding a ninth-grade saber weapon, and he hacked over like an octopus.

Qiu Mujie's expression changed and he coldly said, "He assigned me two, he really thinks highly of me!" He spread his wings and disappeared.

"BOOM!"

The place where he stood was instantly blasted into dust. The two ghost Asuras swept their divine senses and chased after him.

Wei Qing smiled. Master Mu Jie is the creator of this 'ultimate body'. His achievements will last for a thousand years, and his name will definitely go down in history. Naturally, he should get one more.

Yunxiao's face turned extremely unsightly. It was almost impossible to retreat from today's battle unscathed, and he was afraid that everyone would die here.

Li Yunxiao, "Luo Qingyun said indifferently. Our battle should continue.

Luo Qingyun, "Yunxiao said coldly. Do you really want to fight me?"

Luo Qingyun's pupils contracted, and his endless fighting spirit burst out. He said excitedly, "I want! I've been dreaming of defeating you! Li Yunxiao, you are the symbol of the young generation of this era, the mountain that everyone wants to cross! No, it's the sky!"

Alright! Yunxiao said. I'll agree! Do you have the guts to fight me to the death? I won't rest until I die!"

Luo Qingyun's face was filled with surprise, and then he laughed wildly, "Haha, this is exactly the kind of battle I want!"

Wei Qing's face changed greatly and he shouted, "Luo Qingyun, don't be fooled!" He wants to kill you and then make the ten ghost Asuras lose control!"

Luo Qingyun's eyes turned cold, and he said coldly, "So what?" He raised his long spear and suddenly thrust it across the sky. He shouted, "Let's fight!"

Yunxiao's face was cold. He had made up his mind to kill Luo Qingyun no matter what, or Asura ghost would be too terrifying.

...

Even if Wei Qing could create a second or a third Luo Qingyun, it would be a long time later.

Furthermore, the conditions to form a true spirit dragon's blood must be extremely harsh. Otherwise, he wouldn't have tried to push Luo Qingyun to the position of the city Lord of Red Moon City to win him over.

"As you wish!"

At Yunxiao's soft cry, Dou Shuai Tian slowly flew up and smashed down!

Both Wei Qing and Luo Qingyun's expressions changed. They both knew how powerful this item was.

The space squeezed down along the trajectory of Dou Shuai Tian's flight, and the sky was completely distorted. Luo Qingyun couldn't Dodge at all.

"Sweep the field!"

Luo Qingyun roared and lifted his spear to hit Dou Shuai Tian!

"BOOM!"

The entire sky trembled, and like a stream of water, it was split into two distinct sections.

The four-colored sky with the Tushita sky as the center pressed down on the spear momentum, and the terrifying power of spirit pressure exploded in all directions, shaking the two people's bodies.

...

The long spear seemed to bend a little as it swayed, causing Luo Qingyun's expression to change greatly.

"True dragon Avatar!"

He roared and swung his long spear, which turned into a Dragon and broke through the sky!

"BOOM!"

The void shattered, and a Dragon's Shadow, combined with the spear, thrust at Yunxiao!

At this moment, dragon scales appeared on his body, and the vast Dragon might was getting stronger and stronger. He did not seem to have used all his strength, but it was enough to make Yunxiao feel stifled.

In his surprise, Yunxiao raised his sword and slashed at it.

"Bang!"

The huge force directly pierced through his sword light and slashed his body. It was as if he had been hit by a mountain, and with a "boom", he was shaken into the ground!

Yao Jinliang chuckled and said, it seems that Lord Wei Qing's worry is unnecessary. This li Yunxiao is only a little stronger than an ordinary mid-tier nine-star Martial Emperor, and he is no match for Luo Qingyun.

Wei Qing's expression looked a little better as he said, "Luo Qingyun has a tenth-ranked bloodline, so it's only natural that he'll win. But, Yunxiao is by no means an ordinary person, and he can easily suffer losses if he is careless."

Yao Jinliang sighed and said, "sigh, it seems like I won't have the chance to see his full power." What a pity."

"Don't worry," Wei Qing snorted, "the power of tenth level divine blood won't let you down."

Not far away, the three elders of the red moon City finally couldn't hold on any longer. They were beaten by the six ghost Asuras until they spat out large mouthfuls of blood. They kept roaring, but they were powerless to turn the situation around.

Qiu Mujie was also barely holding on after a bitter battle.

Bo Yuqing and ning keyun were slightly better off. After all, they only had one opponent, but it wasn't easy.

The entire Holy region was completely overwhelmed, and everyone was complaining in their hearts.

Yunxiao was completely silent after he was thrown into the ground.

However, Luo Qingyun was extremely vigilant, because his martial artist's intuition told him that there was something extremely complicated. It was as if a sense of danger was coming from the earth, and the next attack was very likely to be earth-shaking.

He could also sense Yunxiao's killing intent toward him, but his blood was filled with extreme excitement.

Yunxiao lay dormant in the ground, not daring to move. His eyes turned into blood moons, piercing through the soil and staring at the sky outside, while he planned how to kill Luo Qingyun with a gloomy face.

Suddenly, his pupils shrank and his moon eyes opened wide. He stared at the sky and revealed a shocked expression!

Chapter 1435-this body is still in the great void space

On the ground, the three elders of Red Moon City were in constant danger. Elder Hong even spat out several mouthfuls of blood. A ghost Asura opened his mouth and bit off a piece of bone along with flesh from his shoulder. He was in so much pain that he broke out in cold sweat.

“Roar!”

The two ghost Asuras who were surrounding elder Hong let out a roar. They both held short blades in their hands and suddenly pounced forward.

“Old city Lord, I’ll go with you,” elder Hong said with a miserable smile. A cold glint flashed in his eyes as a crazy amount of power gushed out from his body. He actually wanted to self-destruct his dantian!

“Bang! Bang!”

Suddenly, a rainbow-colored light appeared and descended from the sky. The two ghost Asuras seemed to have been hit on the head by an invisible force and were sent flying in pain.

He kept on crying out “wa wa” as blood burst out from his head. He roared and looked around.

“What?” Elder Hong was stunned. His dantian had already ignited, but it had yet to explode. A powerful Qi force continued to shoot out.

“Who is it?”

Wei Qing and the others trembled in fear as they looked up at the sky with gloomy faces.

To be able to defeat two ghost Asuras in one move without a sound, he was definitely not an ordinary person!

Under a cloud, golden waves rippled, and a vast expanse of white was like smoke.

The waves gathered and scattered, and a red halo slowly emerged from it. There was a vague figure inside.

“It’s you!”

Yao Jinliang’s body trembled as he revealed a shocked expression.

Wei Qing’s expression also changed drastically. His face turned gloomy and his eyes were as cold as frost.

Yunxiao frowned and looked puzzled. He had already seen the figure in the red light.

As the red glow fell, it turned into the figures of a man and a woman. They were both distinguished figures with the appearance of a Phoenix and the posture of a Dragon.

The man was dressed in snow-white silk with profound patterns on his sleeves. His face was like a Jade person, and his charm was transcendent.

His eyes were clear and bright as he chanted softly, “Seeing the beauty of the ocean, the green bamboo is like a phoenix. There are bandits who are like gold, like tin, like GUI, like bi.”

Although the woman’s elegance was not as good, she was still elegant and refined. She had her own light and spiritual Qi as she smiled and said, “In the heavens of the peach, there is a truth, and its leaves are rustling, shining with brilliance.”

The two of them were peerless and independent, with a kind of transcendent elegance, causing everyone present to quiet down. Even Asura ghost had a fierce expression on his face as he stared fiercely.

“What did they mean just now?” Yao Jinliang lowered his head and asked softly.

Wei Qing’s face was gloomy as he snorted and said, “The man says he’s handsome, and the woman says she’s pretty.”

Yao Jinliang’s face darkened. He pointed at the wall and shouted, “Gongzi Yu, do you and your sister still have any shame?”

They were Duanmu Youyu and his sister, Duanmu Cang.

Yao Jinliang, “Duanmu Youyu chuckled. I haven’t seen you for many years. You look more and more like your pet.

“You dare to scold me?” Yao Jinliang said coldly.

Wei Qing’s face was gloomy, and he felt an inexplicable irritation in his heart. He only had a bad feeling and said, “Duanmu Youyu, what are you doing here?”

it’s spring, “Duanmu Youyu said. the flowers are in full bloom. The scenery is pleasant. It’s a good season to go out and play. I’ve been staying in the everlasting sky for a long time and I’m very tired of it, so I came out with my younger sister to relax.”

Wei Qing said coldly, “then have you dispersed enough?” You can leave after you’ve scattered enough!”

Duanmu Youyu nodded and said, “sister, let’s go.”

Duanmu Cang smiled. His figure flashed and he landed on the ground in the distance. He made a hand seal and a light blue burly shadow appeared. It was the water element manifestation.

The elementalist took a step forward and picked up ning Kewei’s body.

This action immediately caused everyone to be shocked.

“Young master Yu! Please save my father!”

A red shadow flashed and landed. It was ning keyun, her face full of tears. She grabbed Duanmu Youyu’s arm and sobbed, “I’ve heard that young master Yu’s divine arts are unparalleled. Not only can you predict the past and future, you can also bring people back to life.”

Duanmu Youyu laughed. knowing the past and the future, living the dead. This Kasaya, even a God can’t do it, right? ”

Ning keyun was stunned. She did not know what to do. She was not an arrogant person. It was true that she could not believe that someone could come back from the dead. However, she only had a glimmer of hope in her heart.

“Brother, I’m done,” Duanmu Cang said.

Duanmu Youyu nodded and said to ning keyun, “You don’t have to be too sad. I still have some karma with Lord Youwei. I’ll take him away first.”

“Don’t leave!”

Wei Qing suddenly shouted, his eyes shooting out cold stars, ” put down ning Kewei’s body!

A chill spread in the air. Wei Qing waved his hand and the six ghost Asuras surrounding the three old men immediately surrounded Duanmu Cang with a menacing look.

Lord Wei Qing, ” Duanmu Youyu said. he’s already dead. Can’t I take him away? ”

“No!”

Wei Qing said coldly, his face expressionless.

With his eyesight, he could naturally see that ning Kewei was indeed dead. Moreover, the power of the three purities returning to origin attack was comparable to the self-explosion of the dantian. It was impossible for ning Kewei to come back to life.

However, the sudden appearance of the Duanmu siblings and their strange actions made him feel extremely uncomfortable.

The Duanmu family had always been extremely mysterious. Their actions were always elusive. He had also heard of rumors about them knowing the past and the future, reviving the dead and growing flesh from bones. Although they were not credible, if they really had something to do with it, he would be in big trouble.

Duanmu Youyu chuckled. but Lord Wei is indeed dead. Don't Lord Wei Qing and Lord Yao Jinliang trust their own judgment? "

"He would rather betray me than be allowed to leave so easily," Wei Qing said."We must set an example for others."

Ning keyun said indignantly,"you bastard!" I won't let you off!"

...

Duanmu Youyu chuckled. the Duanmu family and Lord Youwei once had a relationship. Lord Wei Qing, please do me a favor and let me take him away.

Wei Qing said awkwardly,"of course, I have to give face to young master Yu." How about this, I'll behead him as a warning to the others, and young master Yu can take him away."

"What?" "Wei Qing, you'll die a horrible death!" Ning keyun shouted.

The three elders of the red moon City were also full of hatred, and their bodies trembled with anger.

Elder Hong had previously ignited his dantian, but now he was forcefully suppressing his aura. His entire body was like a ball of skin that had been sucked dry of air, becoming dispirited and shriveled.

The other two elders were also covered in blood, their essence energy clearly unable to hold on any longer, having a feeling like the sun was setting in the West, an arrow at the end of its flight.

Duanmu Youyu smiled and said, "beheading is too offensive." However, how about this, I'll perform a divination for Lord Wei Qing once for free, so that Lord Wei Qing can have a glimpse of his fate and turn misfortune into fortune. Take it as an apology for ning ke and Lord Xiang."

Wei Qing shuddered and shouted, "shut up!" I control my fate, not the heavens! Duanmu Youyu, put away your set of magical tricks in front of me!"

Duanmu you Yu was not angry and laughed instead, " "Sigh, it seems that Daren doesn't believe in fate. This is difficult. Why don't we have a bet? if I win by luck, I'll take ning Kewei away."

Seeing his persistence, Wei Qing was even more convinced that there was a reason behind it. He said coldly, " "I'd rather be the one who killed him, and the corpse is my trophy. Why should I bet with you?"

Duanmu Youyu laughed. Lord Wei Qing's words are too unreasonable. If that's the case, then ning Kewei's corpse is in my hands now. That should be mine, right? "

...

Wei Qing's expression turned cold. Duanmu Youyu, " he said coldly. you're also a martial sovereign bestowed by the Holy region. You should cooperate with the Holy region to stabilize the situation in the Eastern Region and prevent the world from falling into turmoil. Why did you go against the heavens and destroy it?"

Lord Wei Qing's words sound so righteous, " Duanmu Youyu said. may I ask if the other rulers of the sacred zone know about this? "

Wei Qing snorted, "do I have to inform them before I act?" When the situation in the Eastern Region had stabilized, he would naturally inform them. Could it be that you think that with my status, I can't represent the sanctum?"

of course I can represent you, " Duanmu Youyu said. it's just that I don't understand. What does taking away ning Kewei's corpse have to do with your Grand goal? "

"Of course it's related, but do I have to tell you?" Wei Qing replied. How about this, since gongzi Yu is also here, you can be my right-hand man and help me clean up the mess, and you can take ning Kewei's body with you."

Duanmu Youyu laughed bitterly. Lord Wei Qing must be joking. We are only here to have fun and relax. We can't do things like fighting and killing. He raised his head and looked at the sky. "It's getting late, us brother and sister will leave first, if we don't, it'll be too late."

"Too late? What do you mean by that?"

Wei Qing was stunned for a moment. His face darkened and he shouted, " "Stop them!"

The six ghost Asuras roared as they attacked. Monstrous demonic Qi surged from each of their bodies and materialized in an instant. They formed a dense net that covered Duanmu Cang.

Duanmu Cang's face flashed with surprise, but he was not afraid. He appeared to be very calm.

Duanmu Youyu flicked his finger and a ray of light shot towards Wei Qing with a whoosh.

Wei Qing's expression was cold as he reached out to grab it. It was a jade stick with a fluorescent light flowing on it. A few golden rays of light gathered together and slowly formed seven words: His body was still in the great void.

"Profound divine mirror?"

“No, it’s the divine earth mirror.”

“Hmph, I’ve never believed in your tricks!”

Wei Qing’s finger force instantly broke the Jade Mirror with a bang, turning it into dust and dissipating.

Duanmu Youyu said, “ but I believe you. Sigh. I can only offend you.

His entire body transformed into a stream of light as he shot forward. In an instant, he gathered above the six ghost Asuras and struck down with his palm.

“BOOM!”

The demonic Qi barrier formed by the six ghost Asuras was suddenly deformed by the pressure, but it was like a drop of water, swaying in all directions, but could not be broken.

Duanmu Cang looked up and said, “brother, these six monsters are so strong.” &Nbsp;

Duanmu Youyu furrowed his brows and revealed a serious expression. The seals in his hands changed and a golden light appeared on his palm. It turned into a strange character and pressed down.

“Ha!”

Countless rays of golden light gushed out, turning the entire barrier golden. Then, it exploded with a bang.

The six ghost Asuras trembled and retreated.

Chapter 1436-star-shattering power

“Let’s go!”

Duanmu Youyu formed hand seals with one hand. A dense Qi rose from his hand and he slapped it down.

A ball of white mist immediately enveloped Duanmu Cang and the water elemental manifestation. The mist rose into the air and gradually became fainter.

Wei Qing was furious, he pointed and shouted, “Duanmu Youyu, you dare to disobey me!”

Duanmu Youyu said, “it’s not that I’m disobeying you, Sir. It’s just that this place is really a place of trouble. It’s not good to stay here for too long. Why don’t we change places and talk?”

Wei Qing said coldly, “with this Lord here, what disadvantage is there?” Yao Jinliang, stop him. You must destroy ning Kewei’s body.”

Duanmu Youyu’s expression changed slightly, and he sent a palm towards the White mist. “You go first!”

The cloud of mist floated in the air and was about to disappear.

“Young master Yu, don’t waste your time. With me here, wouldn’t it be a joke if you wanted to take ning Kewei away?”

Yao Jinliang patted the buried Cloud Beast and let out a heaven-shaking roar. Wherever the sound wave passed, the space twisted into a twisted shape and the entire space froze.

The cloud of white smoke also dissipated soon after, revealing Duanmu Cang and his water element human form.

Yao Jinliang took a step forward at the same time and instantly pounced forward, striking out with his palm.

Duanmu Youyu's expression was as calm as water. A light flashed on his body, and a Jade ruler that was suffused with a five-colored light struck down.

"Bang!"

With a single move, heaven and earth shook, and the two of them retreated at the same time.

"Roar!"

The burying Cloud Beast roared and charged forward ferociously. The runic light on its body gushed forth as its body grew in size.

In the blink of an eye, it turned into a beast that was over 100 feet tall. It raised its claws and slapped at the space where Duanmu you Yu was.

"BOOM!"

The entire space shattered. Duanmu Youyu and Duanmu Cang were plunged into endless darkness.

The burying Cloud Beast let out another ferocious roar. The heaven and earth trembled violently, and countless spatial zones shattered like mirrors. The Duanmu siblings' figures reappeared, but they were forced to retreat by the force of the sound waves.

Duanmu Cang's face turned pale. His water elemental manifestation had exploded under the pressure of the palm earlier. He could only protect ning Kewei's body by himself.

Yao Jinliang chuckled and said, "young master Yu, you don't seem to have made much progress in these years." Just obediently let go of ning Kewei and you two can continue your spring outing."

Thousands of miles away, on a steep mountain peak.

On a large rock that was as smooth as Jade, there was a man lying on his side. His head rested on his arm as he peacefully meditated.

The man's figure was slender and beautiful, his facial features simple and elegant, and his purple robe gave people a sense of vitality.

He lay there quietly, like a beautiful statue.

Suddenly, the space trembled slightly, and the man's purple robe fluttered slightly. His smooth brows could not help but wrinkle.

He slowly opened his eyes, which were as clear as water, like a sea.

"Swish!"

He didn't move, but with a flash of purple light, he was already standing on the peak of the mountain, looking in the direction of the distant Red Moon City.

eh, it's Yao Jinliang's big dog barking. Is he here too? "

The man frowned and muttered, " Yao Jinliang is here too. This is bad. Will she be in danger? "

"Aiya, what should I do? She told me to wait here while she left, did something happen?"

The man's face was full of worry as he paced back and forth on the mountain peak, seemingly unable to make a decision.

Suddenly, his purple robe trembled again. The power of the sound waves in the distance was so powerful that they directly passed through the spatial barrier of thousands of miles.

"Hmph, you barking dog!"

A cold glint flashed in the man's eyes as he said, "Since she won't let me go, forget it. I'll kill this damn dog first to play with."

He revealed a playful expression and muttered to himself, "It won't lead Yao Jinliang here, right?"

"Hehe, who cares! I've long found this fellow an eyesore!"

The origin power on his body moved, and his purple robe fluttered in the air. He grabbed in the air and shouted, "The bow!"

The sky above the mountain peak trembled, and wind and clouds immediately surged up, turning into a vortex.

Within the rolling clouds, there was a faint flash of lightning. Then, with a flash of lightning and a clap of thunder, the entire vortex suddenly split open.

A huge bow made of pure silver and inlaid with yellow slowly dropped down from it. It was surrounded by purple Qi, and countless tiny gemstones were embedded in it, like the stars in the sky.

"Pa!"

The giant bow fell into the man's hand, and it was even longer than the man's body.

The man touched it with his hand, and countless stars flew up from it. There were also runes surging, and two huge ancient characters flickered within. Broken Star!

The man's eyes were cold and his calm face suddenly became serious. He placed his hands on the longbow and pulled it.

Countless stars gushed out from the bow and turned into a Purple Star Cloud. A cloud-splitting arrow slowly condensed and was pulled into a full moon!

The sun in the sky seemed to be affected by the power of this bow. It suddenly became abnormally dazzling, and it seemed to give birth to endless flames that flew around it.

“Eh? What’s going on?”

Yao Jinliang and Duanmu Youyu raised their heads at the same time and looked at the sky. They noticed the abnormality of the sun at the same time.

Yunxiao, who had been hiding in the ground, had been watching the situation outside. Suddenly, his pupils constricted, and a strange light flickered in his moon-like pupils as he looked at the blazing sun in surprise.

...

“The Golden Crow avoids the sun! Don’t tell me it’s him?”

Yunxiao’s eyes flickered with a bright light, and he could not help but look overjoyed. If he is really here, then the situation in Red Moon City will change greatly!

Wei Qing’s expression also changed greatly as he shouted, “Not good, it’s that person! Hurry up and destroy ning Kewei’s corpse!”

His eyes revealed a look of shock, and his face was so dark that it was about to drip water.

Ever since he had appeared, he had never lost his composure like this, even when he was fighting ning Kewei to the death. There was a strong sense of anxiety in his panic.

Yao Jinliang’s face darkened. He stared at the blazing sun with a dark look in his eyes.

“Roar!”

The burying Cloud Beast suddenly became violent and roared madly. Rings of demonic Qi were released from its body, shaking its body in the air and twisting the surrounding space.

Yao Jinliang was shocked and immediately became furious, "could it be that his target is Wufu?"

"BOOM!"

Heaven and earth trembled as an extremely powerful force broke through the air and directly enveloped this part of the world. Countless runes surged out from the beast armor on zang Yun's body, forming layers of spatial barriers that opened up.

...

Thousands of miles away, an arrow light chased after the sun and shot from the sky. The entire space rotated and turned into the power of that arrow!

In the ancient sky, the stars were disappearing.

Duanmu Cang's eyes were filled with shock as he said, "Broken Star bow, cloud splitting arrow Kasaya, Lord Xuan Hua Kasaya"

Duanmu Youyu held the flowing Jade ruler in his hand and a strange look appeared in his eyes. He calculated with his left hand and said to himself, "That's strange. Could it be that the anomaly that my divine earth mirror deduced was him? Then what's the disadvantage?"

He revealed a strange expression, as if he felt that something was wrong.

Yao Jinliang was furious and said coldly, "Xuan Hua, you deserve to die!"

Countless rays of light also surged from his body. He took a step forward and formed a horn formation with the cloud-burier beast. Rule force gushed in from all directions.

“Battle Saint technique-heavenly calamity!”

A vast and mighty force gushed out from the man and beast, forming a combined attack. It was as if the earth vein was spewing out power, rushing into the clouds.

Rings of Origin Energy fluctuations spread out, and the surrounding people were all forced to retreat with horror on their faces.

The ground cracked open for a thousand miles as Yunxiao rushed out in a beam of light.

The power of the arrow was like a comet streaking across the sky and falling down fiercely!

Yao Jinliang and the burying Cloud beast’s surroundings had already been twisted out of shape. The terrifying demonic power pierced through the sky, and the two forces finally collided!

“BOOM!”

The sky collapsed and the earth caved in. Everything was pitch black. The surrounding space became completely chaotic as all kinds of terrifying forces constantly collided.

“Damn, this feeling is back again!”

Yunxiao’s body was torn apart by the turbulent flow, and a golden light shone as he struggled to resist.

However, his face was still filled with joy. as expected, it’s the power of the shattered Stars. It’s Xuan Hua!

“Boom boom boom!”

The surroundings were filled with rumbles that hurt one's eardrums. It was as if everything was being shattered.

"What's going on with such chaotic energy?"

Yunxiao was taken aback, and he looked horrified as he said, "Other than Xuan Hua's star-shattering force and Yao Jinliang's battle Sage technique, there seems to be another force."

His moon-like eyes flickered with a demonic light as he stared into the darkness.

"This is a Kasaya."

He almost cried out involuntarily. He saw that the surrounding scenery had completely changed. The thick black color had dissipated, and the entire world was actually green with mountains and rivers, and white fog.

"An illusion? Why did an illusion suddenly appear?"

Yunxiao was taken aback. He was sure that this was an illusion, and it was impossible for it to be a heaven-defying art that could change time and space.

He was not the only one. At the same time, everyone was dumbstruck.

Even Xuan Hua, who was thousands of miles away, was shocked. He was clearly standing on the peak of the mountain, but it suddenly turned into a field.

"What's going on with this Yingluo?"

He couldn't figure it out no matter how much he thought about it. He frowned and said, "could it be that the arrow just now was so powerful that it directly changed time and space?"

With his purple robe fluttering, Xuan Hua held his chin and thought to himself, "Although I've become a lot more powerful recently, I'm not that powerful yet, right?"

All of a sudden, a dense mist appeared in the sky, and golden light flashed indistinctly.

Then, more and more golden colors appeared, and they slowly gathered toward the center, as if they were combining in a regular pattern.

"That's Yingluo."

Xuan Hua was shocked and suddenly saw clearly that the golden light was actually two big words: The great void!

Duanmu Youyu, who was at the peak of a mountain, raised his head and stared at the sky. "Hmm, so that's what happened. This is more in line with my divine earth mirror."

The space not far away from him turned slightly and Duanmu Cang walked out with ning Kewei's corpse in his arms. He said in surprise, "Brother, what's going on? Fortunately, I can sense your aura, or I wouldn't have been able to find you."

Duanmu Youyu's expression was calm. this is tengguang's life formation. He might be dying soon.

Chapter 1437

1437 The great illusionary land

Duanmu Cang was stunned and asked in surprise, "tengguang is dying?" How could it be?"

Duanmu Youyu looked around and said, "So this is what 'this life is from the great void' means. It refers to Teng Guang's life formation-the great void illusory realm. This formation is Teng Guang's final life-saving technique. It will automatically activate when his life is threatened, so he's most likely going to die."

“King level martial sovereigns are going to fall,” Duanmu Cang said in a daze. “Does that mean that the number of the vast planets has changed?”

Duanmu Youyu said, “he’s just dying. He’s not dead yet.” The evolution is happening too fast, so it’s hard for the divine earth mirror to calculate the result. Let’s just wait here.”

Duanmu Cang was shocked, “who’s the one who severely injured Teng Guang?” Although there are many divine transcendence experts in the world, there aren’t many of them. Are there any that have escaped our calculations?”

Duanmu Youyu’s expression was also solemn as he said, “ this person’s fate is very strange. I’ve tried to calculate it a few times, but I was blocked by the power of the law. I couldn’t calculate it at all.

“What?” Duanmu Cang’s body trembled and he cried out, “ “Deducing him would actually trigger the lock of the realm power?”

yes,” Duanmu Youyu nodded. he’s like li Yunxiao. I’m afraid he’s a key figure of this era.

Duanmu Cang took a while to calm himself down and said, “Brother, is that li Yunxiao really Gu Feiyang, the Martial Emperor Vanquisher? Isn’t it a little too rash to only infer from some signs?”

li Yunxiao’s fated star is the same as Gu Feiyang’s,” Duanmu Youyu said. plus, there are all kinds of signs. There should be no doubt about it. He must have obtained the Yan Shen technique left behind by the Lord in the tiandang mountains, which is why he reincarnated. If he dies in the great void realm this time, what a pity ...”

Duanmu Cang was shocked. He shook his head and said, “He didn’t even die during the Tribulation in the tiandang mountains. This time, he will definitely turn misfortune into fortune. Xuan Hua is his best friend, and since he’s here, that Lord is most likely nearby. The three of them have a deep friendship in the sea of soul formation, so Yunxiao should ask them for help.”

Duanmu Youyu chuckled and said, “personally experiencing the development of events is far more meaningful than calculating the outcome.” I’m afraid this illusion won’t disappear for a while, so I can check if ning Kewei can still come back to life.”

Duanmu Cang replied, "when my aunt gave him the Yi Qi turning San Qing divine skill, she had already predicted today's tribulation. At the same time, she taught you and me how to break it. He should be fine." &Nbsp;

let's try, " Duanmu Youyu said. we'll do our best and leave it to fate.

The two of them put down ning Kewei's body and began to treat him.

"The great illusionary land?"

Yunxiao looked at the endless stream of people around him. He was actually in a city, and the noise around him, the people of flesh and blood, were so real.

"Yu Shengfeng is so powerful that even Teng Guang is going to die?"

He looked at the dense sky. The two huge words " great void " slowly dissipated not long after they formed, and the sky became clear.

The sun shone on his body, giving him a warm and comfortable feeling. Everything felt real.

"Li Yunxiao!"

Suddenly, a young and tender cry of surprise was heard.

Yunxiao turned around and looked surprised. no wonder it feels so familiar. It's the capital of Tianshui.

The person who shouted his name in front of him was LAN Fei. He looked arrogant and overbearing.

Behind him were Du Feng, Luo Jie, and the others, all of them looking down with their hands on their hips.

li Yunxiao, the autumn hunt is about to begin. You must remember to sign up, and don't quit this year just because you were humiliated by me last year. If you don't go, it'll be less fun, haha!"

LAN Fei burst into laughter on the street. Du Feng and the others also burst into laughter.

The pedestrians on the road looked at them and knew that they were the rich and powerful sons of the current dynasty. They all walked around them to avoid getting into trouble.

Yunxiao thought for a moment, and there was indeed such a thing.

The first hunt was hosted by the first Prince, Qin Yang. On the way, he was intercepted by LAN Fei and the others, who robbed him of all his prey and even injured him. As a result, he lost all his face in front of the dignitaries.

The second time was hosted by the young prince, Qin Yue. Yunxiao had prepared in advance and set up an ambush in the hunting field, placing a first-tier demon beast, the black iron Turtle, which almost killed LAN Fei and the others.

Later, the matter was blown up and the king investigated thoroughly. He was worried for a while, but for some reason, the matter was left unsettled.

Now, it seemed that it should be before the second hunt.

"What a nostalgic feeling." He looked at LAN Fei and the others with a friendly smile.

LAN Fei's eyes widened and he laughed."Haha, laugh? He was smiling like a fool. Was he scared silly? Hahaha!"

Everyone roared with laughter and all sorts of contemptuous looks.

“Boss, he must be smiling apologetically to please you, so that you can let him go this time and give him a little face.” Du Feng mocked.

“Is that so, Yingluo?”

“Alright,” LAN Fei said unhurriedly. Li Yunxiao, come here and let me beat you up, and I’ll let you go when we hunt.”

Roger burst into laughter. boss is a high-ranking apprentice warrior who has opened seven chakras. He’ll die with just one punch. What’s the point of beating him up? ” Hahaha!”

A cold look flashed across LAN Fei’s face. He said smugly, ” “I just took the Qi-increasing pill given by His Majesty yesterday and opened seven chakras in one go, breaking through to a high-level apprentice warrior. ‘Li Yunxiao, although you and I are the sons of an aristocratic family, our fates are completely different. I’m walking on a bright path, but you, as I grow older, the gap between us will only grow bigger. When I break through to a warrior next year and join the state guardians, you won’t even be worthy of carrying my shoes!’ I can still have some fun with you now, but when the time comes, even if you kneel and lick the soles of my shoes, I’ll find it boring.”

“Haha, boss, why are you talking nonsense with him?”

li Yunxiao! Du Feng shouted, ” come over here and Tie boss’s shoelaces!

The group of people were overbearing and aggressive as they kept shouting at Yunxiao.

Roger directly stepped forward and shouted, ” “I asked you to come over and tie your shoelaces, did you hear me?”

After taking a step forward, he thrust his foot forward and threw a punch at Yunxiao’s chest with the Tiger fist.

“Bang!”

The punch landed on Yunxiao's body, stirring up some dust.

Yunxiao had a strange look on his face. For a moment, he was at a loss and did not know what to do.

Roger's face turned ashen. He gritted his teeth and said, "boss, he's wearing a treasured robe. I can't hit him with my fists!

"Oh? What treasured clothing?"

LAN Fei's eyes brightened, and a sinister smile flashed across his face. "Hehe, how about this, I'm afraid I'll kill him every time I attack. Since we have the treasured clothing to protect us, brothers, we can fight without restraint!"

"Haha, beat him up!"

...

Du Feng shouted arrogantly. He also jumped up and sent a flying kick.

LAN Fei also shouted and circulated his Qi, waving his fists fiercely.

"Bang! Bang! Bang! Bang! Bang! Bang!"

All kinds of punches and kicks landed on Yunxiao's body, causing dust to fly up from his robe.

"Stop!"

Suddenly, a bell-like cry rang out.

Yunxiao's body trembled as he turned around and saw Qin Ruxue, Han Bai, Chen Zhen, and the others in the distance, rushing over with a group of soldiers.

"Not good! It's the princess with her guards. Let's go!"

run! LAN Fei shouted. The few of them withdrew their fists and fled in the other direction.

"Bang!"

He had just run a few steps when he bumped into someone and bounced off. He cried out in pain.

...

"Who's there? Don't you have eyes?"

you're courting death! LAN Fei roared. He saw a young man in front of him with his hands behind his back. His clothes fluttered even though there was no wind, and he had an extraordinary temperament.

Li Yunxiao, so you've been hiding in Tianshui.

The man was Luo Qingyun. He said indifferently, "Our battle has only just begun."

me?" Yunxiao frowned and asked, "how did you find me?"

"What's so difficult about that?" Luo Qingyun asked. "What if a mere illusion can stop my desire to fight you?"

Yunxiao sneered. a mere illusion? This was the great illusionary realm Dao, the strongest formation Dao. Comprehension of the monarch Teng Guang. It's said that the origin of the world came from the great void. When fake is real, it is fake. When there is nothing, there is something, but there is nothing."

“Get lost, get lost!”

LAN Fei kept punching and kicking Luo Qingyun and shouted, “I told you to get lost, did you hear me? You still dare to stand here and block the way? do you know who I am? Do you know who my father is?”

the mortals in the world regard themselves as ‘I’, and the wise regard their hearts as ‘I’, ” Yunxiao said. but, they don’t know that ‘Dao’ is the real ‘I’. The person in front of you is the real LAN Fei!”

Luo Qingyun’s eyes narrowed and he said coldly, “I don’t want to listen to your long fallacy. No one will disturb us here. This battle must be decided by life and death, with you and no me!”

“Boss, stop fighting, let’s go!” Du Feng hurried forward to hold LAN Fei and said, “The princess and the others are about to catch up, it’ll be too late if we don’t leave now!”

LAN Fei kicked Luo Qingyun for a while, but seeing that the other party didn’t move at all and didn’t even look at him, he pointed at him and roared, “Kid, I’ll remember what you look like! There is no place for you in Tianshui!”

After throwing out his threat, he went around Luo Qingyun and escaped with Du Feng and the others.

Li Yunxiao, are you alright? ”

Qin ruxue finally caught up with him, panting.

I’m fine, ruxue, ” Yunxiao said with a smile. I’m fine.

Ruxue was stunned and blushed. “Why did your voice change?”

really? ” Yunxiao smiled. is there? ”

Looking at Han Bai, Chen Zhen, and the others, he felt a warmth in his heart. He thought of Tianshui and Yanwu, and wondered how everyone was doing.

“Wow, boss, your voice is so magnetic!” Hey! Han Bai winked and shouted, “teach me how to speak so gently!”

“Are you saying that these people are real?” Luo Qingyun frowned.

Yunxiao nodded and said, “yes. All forms were born from the heart, and where the Dao was, it was real. Although this place was called the great void, it should be a small great void illusionary land. The true great illusionary land is already similar to the Dao.”

Chapter 1438-first battle

I don't understand what you're saying,” Luo Qingyun said coldly. but what you mean is that these people are made of flesh and blood. They will really die, right?”

“You can just imagine this place as another parallel world. It's the so-called” too empty “or” too empty.””

Yunxiao's pupils gradually constricted, and a boundless coldness exuded from his body as he said coldly, “You want to use these people to threaten me?”

Han Bai and the others suddenly shivered, feeling as if they had fallen into an ice cave.

Yunxiao! Ruxue trembled. is he a friend?” Why are you suddenly so cold?”

Only then did Yunxiao restrain his aura and say softly, “Don't be afraid.”

Ruxue was still scared, but she nodded firmly and said, “En!”

Yunxiao chuckled and stroked Ruxue's hair as he said, “Your Highness, take care.”

Ruxue was stunned, not understanding what he meant.

“Boss, why have you changed?” Chen Zhen was also surprised.

Yunxiao chuckled and said nothing. In a flash, he disappeared from where he was, leaving only a faint echo. “Luo Qingyun, if you want to fight, then come with me!”

Luo Qingyun’s pupils shrank. He took a step forward and disappeared.

Ruxue and the others turned pale with fright at the same time. They looked at each other in horror, not understanding what had happened.

In the next moment, on a ring of islands, the forest was dense.

The space fluctuated slightly, and the two figures appeared one after another.

Luo Qingyun was shocked and said, “this is Suan ni.”

Yunxiao smiled indifferently and said, “do you still remember qionghua Island? This was the place where you and I first fought in the contest for the spots on Mount Meru!”

Luo Qingyun’s pupils contracted, and endless fighting spirit burst out. He laughed and said, “Haha, wonderful! It started at qionghua Island and finally reached qionghua Island!”

runxiang of the northern Sea was also Wei Qing’s test subject, right? ” Yunxiao suddenly asked.

“That’s right, but unfortunately, he’s a failure,” Luo Qingyun said. His blood couldn’t reach the true tenth level, only the level of a ghost Asura. One of the ten ghost Asuras you saw was refined from his blood.”

alright, ” Yunxiao said. I’ll kill you today and take your dragon blood. I’ll see what the blood of a tenth-grade true spirit looks like.

Luo Qingyun’s face twitched, as if she had recalled the humiliation of having her dragon blood drawn by Yunxiao in the battle of qionghua Island.

“If you win, I’ll let you take everything I have,” he said.

“Alright!”

Although Yunxiao was angry at him for going against him, he could not help but admire him at the moment. “If you can kill me, then there will be no one in this world who can stop you.”

Luo Qingyun’s aura kept rising, and he said coldly, ” “Do it, I can’t wait any longer!”

The tenth grade dragon’s blood boiled and burned in his body. Luo Qingyun’s entire body began to dragonify. The scales on his body were dazzling, emitting a majestic and solemn aura.

“Six broken spear art, tap!”

Luo Qingyun’s desolate God bright moon spear made a clanging sound. With the spear in his right hand, he swept it down.

Yunxiao’s figure flashed across the sky, and the place where he had been standing exploded with a bang.

However, his body had yet to take shape when he was still a few feet away. The momentum of the spear had turned into a line and swept over. The entire sky was like raindrops falling as it broke apart with a ” Bang Bang Bang “!

Yunxiao was taken aback. The spears were like rain, completely suppressing the space, making it impossible to avoid them.

“Bang!”

Finally, in his panic, he was hit by the spear and exploded, turning into countless lightning bolts.

Luo Qingyun was overjoyed. He knew about Yunxiao’s divine ability to transform his body into lightning, but it did not mean that he was immortal.

His true dragon Qi was enough to suppress everything. Under the Dragon Breath, even the five elements spirit body would collapse.

In a flash, he appeared above the Thunderbolts. He raised his spear high and suddenly slashed down!

“BOOM!”

All the lightning suddenly exploded, and the sky became clear.

“Eh? Li Yunxiao?”

Luo Qingyun was shocked. He suddenly spread out his spirit sense and became extremely vigilant.

“Mirror Stream!”

A soft sound rang out, like the evening drum and morning bell, coming from a leisurely place.

A Red Cloud appeared in the sky, forming a strange symbol.

Then, the rune slowly spread out and condensed into a huge eye that stared at the ground.

The sky shook, and the scene of the moon was reflected in the eye dimension.

Luo Qingyun's expression changed drastically. Although the whole scene didn't change, the heaven and earth were filled with a strange force, like a Suan ni.

The entire qionghua Island was copied into Yunxiao's right pupil!

"?! This move again?"

Luo Qingyun's face darkened, and he said coldly, "It was the same move in the battle of qionghua Island, is there nothing new?"

The Dragon Qi on his body burst out and he roared loudly. Endless green qi seeped out from his body and the Dragon's might spread out. The entire mirror dimension trembled violently.

The desolate God's moon spear unleashed a vast amount of power. The beast figure roared and suddenly, the man and the spear became one as they stabbed towards the moon eye!

Wherever the spear radiance passed by, the space would shatter.

...

The pupil suddenly blinked, and a sword array immediately formed in front of it. It opened up like an umbrella and shot down like rain.

"It's useless! My Dragon's might suppresses everything, and any illusionary technique is useless Against Me!"

As soon as the spear light condensed, Luo Qingyun's figure appeared. He performed a set of spear techniques, and in an instant, the sky was filled with afterimages that shot toward the rain-like sword light!

"Bang Bang Bang Bang!"

With a flash of blade light and sword shadows, the ten thousand sword formation was broken.

The pupils of the moon eye flickered with a strange color. Under its gaze, a huge roar came from the qionghua Island.

As the entire Island rumbled, a huge golden figure stood up. His facial features were indistinguishable, and he was in a haze.

The giant golden figure raised its right hand and suddenly grabbed.

A golden light appeared between his fingers, and countless runes surged out. In the dense light, it was like the first light of dawn breaking through the clouds, revealing a Holy and majestic aura.

The patterns on his five fingers were even more clear and visible. They were actually formed by thousands of different kinds of formations, overlapping each other and evolving endlessly.

Luo Qingyun was shocked. The power of the grab froze the space, making him unable to move.

...

“True dragon Avatar, break!”

With a loud shout, his body shook and he transformed into a half-dragon form. His long Dragon Tail swept out and a Green Seal struck out.

“BOOM!”

The green Mark hit the void and suddenly spun. The surroundings kept exploding, and the firm shackles were broken in an instant.

Luo Qingyun rose into the air and used his dharma body. He traveled thousands of miles in an instant and changed the space continuously.

“What?”

He was shocked to find that no matter how high he flew, the five golden fingers were still in the air.

“BOOM!”

His five fingers descended and suddenly grabbed.

The sky trembled and a vast power surged and shook.

The huge Blood Moon in the sky continued to watch everything with a cold gaze. All of a sudden, those strange eyes narrowed and shot out a cold light.

“Clang!”

A powerful sound came from the five fingers of the giant spirit. Golden light flickered and the space trembled!

Looking closely, Luo Qingyun had a Green Dragon-shaped enchantment around him, which blocked the power of the five fingers.

The hundreds and thousands of formation patterns on his five fingers continued to emit formation power, trying to crush the barrier. However, it was contrary to his wishes and kept being pushed open.

Luo Qingyun’s face was cold. His left hand formed a seal, and his right hand held the war spear in reverse. He directly stabbed it in front of him.

“Clang” With a sound, his weapon reserves surged. The Phantom image of a desolate beast appeared in the sky, and its potential continued to increase.

“Six broken spear art, vacuum break!”

“BOOM!”

A beast’s roar shook the nine Heavens. A desolate beast’s shadow rushed out of the five fingers, baring its fangs and brandishing its claws, roaring towards the sky.

Countless spearlights shot out, and the formation patterns on the five golden fingers exploded one by one. Four fingers were cut off on the spot, and they collapsed like broken mountains.

A Dragon’s Shadow rushed out from it, turning into a flash of lightning, a thousand miles in an instant, flying towards the high and mighty moon eye.

After the finger of the giant Golden Spirit behind him was cut off, its entire body continued to collapse, turning into a sky full of golden light and gradually disappearing into the sky.

The Dragon’s might in the lightning was vast and mighty. The moon’s pupils shrank and continuously turned into tens of millions of sword lights that slashed down, but they were all shattered!

“If your strength is only limited to this, then I’m really disappointed.”

Luo Qingyun’s expression was cold. His left hand formed a seal in front of him, and suddenly, a Dragon’s might turned into a light pillar that soared into the sky and spread in all directions with him as the center.

“Dragon light-cloud scatter!”

“BOOM!”

The entire sky shattered, and the Dragon light instantly shot into the moon pupil. It struck the light in the pupil and scattered the countless demonic runes!

“Ah!”

Yunxiao’s painful scream rang out, and then the entire sky shattered and the earth changed, returning to its original state.

On qionghua Island, Yunxiao was covering his eyes with his hands, his fingers full of blood as he wailed.

The space in front of him blurred for a moment, and Luo Qingyun’s entire figure appeared. His eyes were filled with joy and fierceness as he thrust his spear toward Yunxiao’s chest.

“Golden body protection!”

Yunxiao’s eyes were damaged, and he roared in pain. His skin turned golden, like an iron wall.

“Bang!”

The battle spear fiercely stabbed into his heart, causing a golden light to shake, but he was actually unscathed.

Yunxiao suddenly grabbed the spear with both hands and closed his eyes. Two streams of blood and tears flowed down his face, which were dazzling under the sun.

I have an extremely strong physical body that can’t be injured by ten thousand soldiers. How can you kill me?! His face was pale, and he was almost roaring. His voice was filled with extreme madness and dissatisfaction.

Luo Qingyun’s expression became calm. He held his spear in one hand and stood in the sky. His green clothes fluttered in the strong wind.

Li Yunxiao, you're very strong, very strong indeed. I have to admire you. His eyes were as clear as water as he looked at Yunxiao, who was in a sorry state, and said, "If I didn't get the God's blood, I'm afraid I'd never be able to win against you."

'What a joke!' Yunxiao sneered ferociously. Don't tell me you've already won?"

"The blood of a true dragon is enough to refine any profound level weapon in the world," Luo Qingyun said. This desolate God's moon spear has already been completely fused with me. Your physical body is indeed strong, but can it withstand a strike from a peak ninth tier profound weapon?"

Chapter 1439-profound level weapon spirit

Yunxiao's face flickered as he snorted angrily and said, "Don't you always like to talk about it? how would you know if you don't try?"

The yuan power on Luo Qingyun's body surged as he shouted, "Good! I'll use this strongest spear to end your life. You're qualified to receive my extreme form!"

Golden light circulated on the spear, and countless runes surged up. Luo Qingyun's body was also overflowing with green light, and the spear and the person had become one.

a peak ninth-tier profound level weapon with one hundred percent of its power, plus the refining of tenth-tier divine blood, a self-created extreme move.

it's an eternal seal, li Yunxiao.

"Dragon Spear-brilliant field!"

"BOOM!"

A vast power was emitted from the spear and suddenly pushed forward by 30%!

"Pfft!"

Yunxiao's chest was pierced on the spot, and his long robe was instantly dyed red with blood.

"Unfortunately, under my Dragon Breath, it's impossible for you to escape even if you want to turn into lightning."

Luo Qingyun looked at Yunxiao calmly. Her eyes were covered in blood, and she could hardly open them, but her pale and ferocious face was filled with endless regret and unwillingness.

"Don't worry. Under this sky, how many geniuses have come and gone, and among the peerless figures buried by time, it doesn't lack you."

"However, from now on, I, Luo Qingyun, will be as lonely as snow on my journey to the peak of martial arts."

He suddenly pulled out his spear, turned around, and stepped into the air, wanting to leave the place where the first battle had taken place.

He did not want to and could not bear to see Yunxiao's dying face.

The back that had been chasing after the martial path, the back that was as tall as the sky, finally collapsed in front of him. He had finally crossed over.

For a moment, he had mixed feelings.

The loneliness of being at the top surged into his heart, and he only felt that the sorrow in his chest was difficult to vent.

Those eyes that were as calm as water gradually became restless, and ripples appeared.

"What's going on?"

Luo Qingyun was shocked. He felt his body going crazy, and the blood in his body seemed to be surging uncontrollably.

“Could it be the backlash of True Blood? Impossible! My blood refinement is a hundred percent successful, there shouldn’t be any backlash!”

Luo Qingyun stood in the sky in a daze. The restlessness in his mind was getting stronger and stronger, making him feel extremely uncomfortable.

what’s going on?!

break! Luo Qingyun roared. The Dragon blood in his body boiled to the extreme, and a boundless power burst out, shattering the space around him.

Only then did the impetuous will that was suppressing him dissipate.

“?!”

He sucked in a cold breath. After the manic emotion disappeared, he was shocked to find that the Blood Moon was still in the sky.

He turned around abruptly, only to see that Yunxiao, whom he had just killed, was nowhere to be found.

“How could this be? This illusionary technique can actually deceive my Dragon’s might?”

Luo Qingyun was shocked again and again. He looked at the moon in the sky in disbelief. His eyes flickered as if they were full of endless ridicule.

“Woof! You should die!”

Luo Qingyun's face was filled with anger. He gritted his teeth and cursed, "damn you, Li Yunxiao! I thought there would be no one in the world from now on!"

Yunxiao's indifferent voice came over, "you look so happy, so I'll just let you continue to be happy. How can I bear to disturb you?"

"Woof! You should die!"

Luo Qingyun cursed again. He took out his long spear, which turned into a stream of light and stabbed forward. He shouted, "Take my Ji form! I don't believe that your illusory space can confuse my spear of draconic might!"

"Dragon Spear-brilliant field!"

The power of the spear was like a dragon in the wild. It was like an ancient true dragon that had crossed time and space. It did not seem like a move that should exist in the human world.

The eyes of the moon in the sky were slightly focused. A layer of white clouds drifted by, half-covering the blood color, adding a bit of fun to the strange sky.

A melodious ancient voice rang out, and under the light, Yunxiao's figure was faintly discernible as he walked further and further away on a White Avenue leading to the sky.

"I peeked at the birds outside the bamboo, the water outside the tree, and the clouds outside the peak. Did I do it intentionally or unintentionally?"

The eyes of the moon eye became ethereal and uncertain. Everything in the world seemed to become faint and slowly return to silence, dust to dust, earth to earth.

Luo Qingyun's eyes suddenly became dazed. The Dragon Breath on his body rose up like smoke and dissipated into the endless.

It wasn't just the power of the dragon's breath. Even the light on the spear and his own body were melting away.

"Birds come to spy on people, the moon peeks at wine, and the snow peeks at books, but they see that he is heartless."

Luo Qingyun slowly closed his eyes and let go of the spear in his hand. It was as if he had fallen into a deep sleep. The whole world became peaceful, and endless sleepiness rushed into his mind.

He only felt very tired and wanted to sleep. He closed his eyes and felt comfortable.

The eyes of the moon in the sky flickered with a demonic ghostly light, and it became colder and colder.

The scales on Luo Qingyun's body melted away bit by bit, and his half-dragon body slowly returned to human form as he was continuously disintegrated by the eye light.

"Ah!"

Suddenly, Luo Qingyun let out a loud roar and woke up from his deep sleep in pain. The blood in his body was boiling for some reason, burning his meridians and causing a sharp pain. He jumped up with a loud cry.

That terrifying power kept surging out of his blood, and his body that had already degenerated turned into a dragon again. Dragon scales covered his body.

...

Luo Qingyun was shocked, and cold sweat rushed to his head.

If it wasn't for the boiling divine blood in his body, he would have been dead by now. He broke out in a cold sweat and grabbed at the air.

The battle spear whizzed over, and with a " PA " sound, he caught it in his hand. It emitted a Dragon's might, which shook away the strange force from his body.

The moon-like pupils suddenly shrank, revealing a cold expression.

damn you, li Yunxiao! Go to hell!

Luo Qingyun roared, and the spear light swept across the sky. He shouted, "Dragon battles the world!"

The Spear's radiance roared as a surging power continuously gushed out from his body.

Luo Qingyun himself was also very surprised. He felt that his body was starting to change slightly under the boiling blood. Every part of his body was filled with endless power, as if it would never be used up.

A clear shadow emerged from under the moon-shaped pupil. It was Yunxiao.

His face was solemn, as if he had also noticed the changes in Luo Qingyun's body.

if he used a divine skill in this eye technique space and couldn't kill him, it would be even more difficult for him to win if he let him leave.

...

"Qiang!"

Yunxiao performed an incantation gesture with one hand, and countless golden lights gushed out of his body. A Golden Shadow seemed to flash across the space, then disappeared.

Clang! Clang!

As soon as Luo Qingyun's spear swept out, it seemed to be pulled by a force and deviated from the direction.

Not only that, but his entire body also became sluggish, as if he was tied up by a rope. One could even vaguely see circles of strangulation marks on his arms.

"What?"

Luo Qingyun was shocked. His body was being suppressed by a strange force, but he didn't know what was going on.

His eyes flickered, and there were tears in them. Through the tears, one could see that his body was wrapped in countless golden chains.

The Golden chains were like a cobweb, densely packed and unending, as if they were leading to an infinite distance.

His spear and body were tied up like a rice dumpling.

"What is this?"

He was startled, and struggled with all his strength. The Golden chains that filled the sky were shaking up and down, and a large number of spell symbols were shaking out of the chains.

With a flash between Yunxiao's eyebrows, a white light shot out, and the divine realm tablet continued to grow in the air, turning into an immortal monument and pressing down.

"Huala Huala!"

The Golden locks that filled the sky suddenly tightened and became solid in the flowing light of the divine realm tablet. They became completely visible from their invisible state.

The runes on the stele flashed, and the Maha ancient characters appeared around it, pressing down.

“BOOM!”

The Dragon Qi on Luo Qingyun’s body burst out and condensed into a barrier, resisting the power of the world. The terrifying power burst out, and the entire golden chain shook non-stop, making clattering sounds.

“True dragon Avatar!”

His eyes turned cold. He didn’t believe that there was any power in the world that could restrain his dragon body. As he rose into the air, his entire body began to transform, gradually turning into a Dragon.

The flowing light on the divine realm tablet trembled, and the chains of law swayed violently. Golden runes surged up in the sky, as if they were showing signs of collapse.

With a gloomy face, Yunxiao snorted lightly. Then, a four-colored light shot out of his hand, and Dou Shuai Tian flew up and smashed down.

“?!”

Luo Qingyun gasped in horror. He felt a chill run down his spine, and his eyes were filled with ferocity.

He had experienced the power of that thing before. How could he dare to resist it head-on? if he was heavily smashed, even if he was a true dragon, he would probably be half-dead!

spear pole-Aragami!

Luo Qingyun shouted. Because his whole body was tightly bound, he could only turn his wrist. The battle spear drew out circles of golden light. Within the golden light, it was as if a giant spirit had awakened, and an ancient power burst out.

The entire spear flashed golden and instantly turned into a giant that was several hundred feet tall. Its entire body was covered in all kinds of array patterns. It roared and punched out!

“What? The giant spirit Xuan artifact?”

Yunxiao was also surprised, and his face was filled with horror.

“Bang Bang Bang!”

Wherever the fist shadow passed by, it would break.

“BOOM!”

The power of the punch landed on the Tushita heaven, and the four-colored earth-elemental power split open, causing the sky and earth to collapse!

At the same time, the profound Artifact Spirit turned back into the shadow of a spear, spun in the air, and then shot toward Yunxiao.

“Hmph, what an interesting thing.”

After a brief daze, Yunxiao calmed down. With a flip of his hand, the cauldron of mountain and river flew out and shot out a bright light, pressing down on the spear.

“Zheng Zheng!”

The spear trembled uneasily, and it turned around in the air and flew away.

Luo Qingyun was also shocked. He recognized that the cauldron was the item he had obtained from Mount Meru. In his panic, he struggled with all his might. The mighty dragon might spread out, shaking the chains of law, and filling the sky with the shadows of golden chains.

Yunxiao grabbed the war hammer in the air and raised it up. With a rumble, the world shook, and countless Thunderbolts appeared and gathered into the hammer.

His expression was cold as he made a hand seal with his left hand. Tiny purple lightning talismans surged out of the purple lightning in his dantian and spread out in all directions.

A tiny purple lightning shadow slowly condensed on the war hammer, wandering around the lightning barrier around the hammer.

“What?”

Luo Qingyun was so shocked that his eyes almost popped out!

Chapter 1440

1440 Not important enough

He could clearly feel the power of the purple world-destroying sacred Thunder. It was like a ray of light on his back. He couldn't stay calm anymore!

A true dragon was the most powerful existence born from the heavens and earth. Thus, when many powerful forces were taking on forms of their own, they could easily condense into the shape of a Dragon.

“Aren't you a tenth-tier true spirit?” Yunxiao said coldly. Let's see if the world-destroying sacred Thunder can kill you!”

He raised his hand, and with a loud shout, he smashed it down.

The purple Thunder Dragon roared and its body grew bigger and bigger. The purple color also gradually faded, but it still carried a terrifying Thunder Power as it fell from the nine Heavens!

“Dammit! How can you possess such terrifying strength?!”

Luo Qingyun screamed and clenched his fists. His Dragon Qi exploded, shaking the chains up and down.

However, under the divine realm tablet, the power of the world directly suppressed the power of the Dragon. Every time the power burst out, it was suppressed again.

The Thunder Dragon arrived in a flash and covered the entire sky in an instant. It was getting bigger and bigger in Luo Qingyun’s eyes.

He knew that he couldn’t dodge this attack. His ten fingers instantly formed hand seals, and two seals converged at his fingertips. Power vortexes surged on the Dragon scales all over his body. One after another, they connected and turned into a suit of wind armor, which rushed out of his body.

“BOOM!”

The lightning fell and devoured his body.

The chains of law lost all color in the flash of lightning. They turned deathly white and gradually disappeared into the sky.

Luo Qingyun’s figure also dimmed, and his screams were drowned out by the Thunder.

Yunxiao was still not at ease after the attack. He sent out countless incantation seals into the divine realm tablet, and the power of the world circulated again, gradually developing from a white chaotic world into a colorful glaze.

“Suppress!”

In a flash, he appeared on top of the huge divine monument. He stomped down with both feet and fell down with a loud rumble!

As the endless lightning gradually dissipated, a charred figure was revealed. It was instantly swallowed by the power of the world and suddenly pressed down!

“BOOM!”

The eye-bloodline technique space finally couldn't hold on any longer and shattered.

The entire five-colored glass appeared in the great illusionary realm and landed on qionghua Island.

“BOOM!”

A shocking light shook the sky, and the entire qionghua Island directly collapsed and turned into dust.

The surrounding lake water suddenly surged and then evaporated in the blink of an eye. It turned into layers of water clouds in the sky and the sky suddenly darkened.

In the middle of the dried-up Lake, a majestic monument stood between heaven and earth.

The flowing light on it gradually dissipated, and countless ancient engravings were revealed one by one.

The bottom of the monument stabbed into the ground, and the entire bottom of the lake was reduced to dust. Not even a fist-sized rock could be found.

An exquisite long spear was stuck in the corner of the Jade tablet, and spiritual Qi was flowing non-stop. A circle of smoke and clouds swirled around the spear, as if it was breathing.

The divine realm tablet was thousands of feet tall at the moment, towering into the sky. Yunxiao stood at the top, his face pale and his chest heaving violently.

From the moment he started using his pupillary abilities, he had used all his strength in every move. Now, he was so exhausted that he was about to fall.

He took out a large number of natural treasures and swallowed them. He also threw some essence cores into his mouth.

As he ate, he stared at the desolate God's moon spear with an extremely cold look.

The Spear's luster did not diminish, and its spirituality was still present. It was clear that its master was not dead.

All of a sudden, a blinding light lit up in the sky and shot down like a meteor.

Yunxiao's pupils constricted, and a look of shock and anger appeared on his face. He was the target of the shooting star.

"Swish!"

His body flashed and he was dazed for a moment before he dodged.

"BOOM!"

The ray of light pierced through his afterimage and shot into the bottom of the lake, stirring up a great deal of dust.

Yunxiao's face was pale as he stared coldly at the sky.

The space above them trembled, and an old figure slowly walked out and descended from the sky.

Yunxiao's face turned cold as he said, "Han Junting, you want to kill me?"

The old man was Han Junting. He shook his head and said, "Although there was a small misunderstanding between young master Yun and I, it's all in the past. Why would I want to kill young master Yun?"

Yunxiao sneered. Oh? Then that light just now was a greeting?"

no," Han Junting said. I'm just testing your current condition.

are you concerned about me?" Yunxiao said coldly. do you want to give me some healing medicine or something?"

"Not really," Han Junting replied, "I just wanted to see how confident I am in taking you down. Don't misunderstand, I'm not interested in young master Yun's life."

She pointed at the divine realm tablet and exclaimed, "this is really surprising. I thought young master Yun's transcendent-grade Mystic artifact was Noah's ship, but I didn't expect there to be an ancient sacred artifact left behind.

Her old face flickered with a demonic light of excitement. It had to be said that this disguise was flawlessly done, and even her emotions could be accurately revealed.

you want this thing?" Yunxiao said sarcastically. you want it?"

Han Junting did not deny it. She nodded and said, "Yes, I am."

Yunxiao crossed his arms over his chest and said coldly, "Then come and get it." His face was calm, and his body was full of calmness, with a kind of arrogance.

Han Junting was affected by his confidence and frowned. "I know that there must be experts in this Saint artifact. Jiang Ruobing and young master feini are both inside, right? And that woman who commands the deep sea Giant beast, she's also your confidante, right?"

...

Yunxiao sneered. you're a hero among women, chief shopkeeper. If you want it, just come and take it. Are you trying to test me? do you think your IQ is higher than mine? "

Han Junting smiled and said, " "Young master Yun is really a distinguished and elegant man. He has countless women, and each of them has a distinguished identity and a great background. Jiang Ruobing is the princess of the red moon City, feini is the young master of the long family, Ding Ling 'er is the president of Tianyuan trading company, and Luo yunshang is my master's direct disciple, who is very likely to take over the position of Palace Master in the future. Also, the woman who commanded the deep-sea Giant beast probably had a powerful background. Tsk tsk, as long as I can get these women into my harem, it will be enough to form a super force."

Yunxiao ignored the sarcasm in her words and said with a smile, " "Great shopkeeper Han's appearance is comparable to that of a celestial immortal, so if you're willing, you can also enter my harem. It wouldn't be too much to marry a hundred more beauties like the head shopkeeper."

Han Junting's face was calm, and she did not get angry. "Young master Yun, are you complimenting me, or are you implying that you're a Playboy?"

Yunxiao touched his chin with a playful smile and said, " "I'm complimenting you, of course."

it's such a pity, " han Junting laughed. no matter how talented young master Yun is, he's not worthy of my attention. I'm not fated to be with young master Yun.

"Oh, it seems that head shopkeeper's heart already belongs to someone else?"

Yunxiao could not help but feel a little gossipy and curious, wondering who could capture the heart of such a beautiful woman.

this has nothing to do with young master Yun, " han Junting said faintly. I know that you're just teasing me to buy time, but no matter how talented you are, you won't be able to recover in two or three days. In fact, shenxiao Palace and young master Yun are friends, not enemies. Yunshang is my Senior Sister, and when she marries young master Yun, we'll be a family."

since we're a family, " Yunxiao said, " why do you make things difficult for your own family, chief shopkeeper? "

"What a glib tongue," han Junting laughed. After all, Luo yunshang would be the next sect master of shenxiao Palace if she cultivated the divine body of nine yang. Even if I take this holy weapon away, I'll give it to my master. If I pass it to Luo yunshang in the future, it'll be the same as returning it to young master Yun. Why would you want to be my enemy now and end up with both of us suffering?"

...

what? " Yunxiao was taken aback. you have news about yunshang? "

"A little, but not much." Han Junting nodded. Don't worry, young master Yun, she's fine now."

Yunxiao's face was extremely gloomy. He knew very well about the dangers of the rainbow stone, so how could he be at ease?"Tell me about yunshang."

if young master Yun really cares about her, then cooperate with me and give her the Holy weapon, " han Junting said with a smile. I believe sister yunshang will support you.

Yunxiao's eyes flickered as he said coldly, " I didn't expect you to come out on your own. Now you can give me some unexpected news. I'll capture you and search your soul.

Han Junting's face flickered. li Yunxiao, " she said angrily, " I just want your profound level weapon. How dare you want my life!

Yunxiao chuckled. it's your fault for being dishonest. You know I have a Saint artifact, but you still dare to cause trouble. I wonder where your trump card is from? " Is it confidence in your own strength, or confidence in your hidden helpers?"

"Since you've noticed it, come out," han Junting said.

The space beside her trembled and rippled, and four figures appeared. They were Tang Jie, Li Yi, Lil eight, and Yao Li.

Yunxiao was taken aback, then said with a wry smile, " "Why are you here? I thought it would be someone of some importance. Are you guys with the divine cloud Palace too?"

"You mean we're not important enough?" Tang Jie said coldly.

Yunxiao did not deny it. it's indeed not enough, " he nodded. it's not enough.

"You coward! Hmph, I can't be bothered to say anything to a dying person!" li Yunxiao, " Tang Jie said coldly, " you never dreamed that you would be so carefree in your life, but in the end, you would still fall in our hands.

"....."

Yunxiao was a little confused, but he laughed and said, " "How did I fall into your hands?" He looked around and said, " "What about Shang and the other two? The three of them are not around."

"I don't need Lord Shang to kill you," Tang Jie said. I admit that you're stronger than all of us, but you're like a lamp on the verge of death right now, and with the five of us joining forces, even if you have help, you'll still die."

Yunxiao cupped his chin and pondered for a moment, then said, " "Shang and you minions have always been inseparable, how did he disappear for no reason? Could it be that he was plotting something? Why don't we call him out together? it's time to settle the score with songyue and Yang Cheng."
