

## The Eternal 1441

### Chapter 1441-great demon's temptation

"You're thinking too much. You can slowly figure it out in the netherworld!" Tang Jie's face changed and snorted.

His aura rose and he transformed into a demon. He spread his wings with a bang and rushed toward the divine realm tablet with a roar.

Han Junting looked at Tang Jie's monstrous look and frowned. "With Tang Jie's current appearance, can he still be considered human?"

Li turned to look at her and said softly, "What's so good about humans? Wouldn't it be better to be a demon?"

Han Junting's expression changed and she snorted, "It's just a matter of wasting your breath on the race's superiority, there's no need to say anything more. According to the plan, you will take Yunxiao's life, and I will take his holy weapon."

Li smiled and said, "sure." However, you don't seem to know much about Saint artifacts. Every Saint artifact has its own destiny, and it has its own choices and fixed trajectories. If it's not your Saint artifact, you won't be able to obtain it no matter how much you want it. "

Han Junting snorted in disbelief, "what Destiny's path? nonsense!" After I kill Yunxiao, he'll be mine, right?"

you can try, " Li Xiao said. if it was that simple, why would I give up on the Saint artifact? "

humans and demons are different, " han Junting sneered. that's because you're trying to be mysterious. Or perhaps this is a holy weapon of the human race. It's useless for you to take it.

Li Dao said, "even if it's really useless for us to take it, the value of a Saint artifact is immeasurable." Han Junting, I can see that you are extremely talented. I'm from the nine Li demonic tribe. If you're willing to

join my demonic tribe, I can make your body even more powerful. In the future, you'll definitely surpass me."

Han Junting looked at Tang Jie's ghostly face and shuddered. She shouted, "Don't you dare try anything on me. After today's battle, we'll have nothing to do with each other. We'll just pretend we never knew each other."

"Can I turn back into a demon after I become one?" little Myna asked with a strange expression.

"Transform back?"

Li stared at him coldly and said, "no demon would want to turn into a human." "I won't help just anyone. For example, you're not talented enough. Tang Jie's talent wasn't good either. Helping him become stronger was just a condition of the deal. Head shopkeeper han, you have the right to do so. Please consider it carefully."

Han Junting's heart turned cold and she shouted, "Don't be long-winded, make your move!"

medicine can not cure an illness," li sighed. it seems like you're not fated to be one.

On the divine realm tablet, Yunxiao's face darkened as he looked at Tang Jie, who was flying toward him. He was indeed in a very bad state at the moment, and it would be difficult for him to make a move again. Meanwhile, Luo Qingyun was still under the divine realm tablet, and it was unknown whether he was Dead or Alive.

He cast an incantation seal onto the tablet. With a flash of light, the evil spirit and the officials flew out.

The evil spirit gave a loud shout. The broad axe in his hand enlarged, and he suddenly chopped down.

A terrifying crack appeared in the sky. Tang Jie didn't dare to resist it in fear and hurriedly turned around in the air, retreating.

haha, this kid is not bad. He has self-awareness. Leave it to me to cut him down!

The evil spirit laughed and rushed forward.

The guest turned his eyes and frowned. li Yunxiao, you're getting more and more unreliable. Why did you call me out when you encountered a group of minions? " "Other than this demoness, the rest are really nothing," he said as his gaze fell on li.

you mean, you want me to call you out when I meet a titled martial sovereign? " Yunxiao asked.

The guest was stunned, and cold sweat began to drip from his forehead. "Just call me when you see any goons."

Yunxiao nodded and said, " since you are so confident, you can get rid of all of them. I'll rest for a while. There's a powerful one suppressed under the divine realm tablet.

"Alright!" The guest loudly replied.

His body glowed with a golden light, and all kinds of runes gushed out. He looked like a giant spirit in golden armor, and he walked toward them with a cold expression.

"Intermediate nine-star power, not bad indeed. Leave this man to me, and you go and kill li Yunxiao."

Li said softly as she stepped out.

Her feet tapped lightly on the void, and an array pattern spread out. It seemed to have the will of laws, and the space around her became blurry.

The guests and Yunxiao frowned at the same time as they watched Yao Li's step in surprise.

Yunxiao's eyes were filled with surprise. Yao Li's aura was growing stronger and stronger, and it was no weaker than the guests.

Could it be that she had already completely recovered to the state she was in tens of thousands of years ago? What about Shang and the other two?

Yunxiao's heart sank as he felt that things had become complicated.

He had heard from Qing that the demons had used the sacrificial formation to put him to sleep in order to understand the rules of the ten directions in the armillary sphere. He did not see Shang or the other two demons here, could it be that he was at a critical moment?

If Shang had fully recovered to his peak state, or if he had truly comprehended the rules of ten directions, would that mean that he could break through to godly state and become the first godly state expert in tens of thousands of years?

A series of questions emerged in Yunxiao's mind, and the more he thought about it, the more likely it was. If Shang broke through to the immortal realm, the humans would be the first to bear the brunt of the attack in this sky.

The demon race had long been divided into two. One was suppressed under the five Cloud Mountain, and the other was left in the star and moon illusion. Once an earth-shaking leader appeared, it would certainly turn the world upside down.

Just as he was feeling uneasy, the vassal suddenly shouted. Countless golden lights burst out and he punched out!

"Bang!"

The space where Li was located suddenly became blurry, and his afterimage was instantly destroyed.

"Hehe, what strong muscles, hehe."

Li's laughter rang out, and the guests and ministers were surrounded by afterimages. Li's position was erratic and difficult to capture.

Yunxiao's heart sank as he shouted, "Be careful of her steps!"

The guests were shocked. They realized that Yao Li had left behind transparent footprints wherever he stepped. In an instant, there were dozens of footprints.

hehe, li Yunxiao's eyes are very good.

Li's movement technique was extremely fast, like a dancing butterfly or a slippery loach. As he laughed, he suddenly appeared ten meters away from the guests and officials. He took the last step and said, "Too bad it's too late."

As soon as his foot landed, demonic light surged from the dozens of footprints. Countless strange demonic words appeared around the guests and officials, which were difficult to read.

The guest was shocked. He suddenly put his hands together, and the formation patterns on his body continued to shoot out, turning into a strange image and rushing into the demonic Qi.

"BOOM!"

With a move of Kuafu chasing the sun, he slapped out fiercely. Above his palms, he directly suppressed the surging demonic Qi, and the two forces collided non-stop.

"What a powerful divine body."

...

"There is indeed no lack of geniuses among the human race. Unfortunately, it's useless now." Li's eyes revealed a look of admiration.

A red light flashed on her body, and a small drum was attached to her waist. She slapped it down with one hand.

“Bang!”

The sound of the drum reverberated, and the sky trembled. The strange demon characters disappeared one by one. The guest only felt his palms loosen, and the force that resisted him disappeared without a trace. Just as he was surprised, a sense of death welled up in his heart.

“Not good!”

“BOOM!”

Without any warning, a huge black hole exploded in the sky, right where the guest was standing. He was instantly swallowed up, and all his power disappeared.

“Ah?”

Everyone was shocked and dumbfounded.

Han Junting was also in shock. Cold sweat trickled down her forehead and her eyes were filled with fear.

“D-dead?”

...

Yunxiao’s eyes nearly popped out of their sockets. Although he had sensed the danger of the move, he did not expect it to be so brutal that it could kill someone in an instant!

The evil spirit also stopped its axe in fear and looked over in horror.

“Bang! Bang! Bang! Bang! Bang! Bang!”

A thousand feet away, the sky suddenly broke apart, forming a long black track. The bodies of the officials suddenly flew out.

“Pfft!”

The burly divine body glided dozens of feet in the air before it stopped. Blood kept spurting out of his mouth. The golden light on his body faded, and his aura weakened.

huh? with your mid-stage nine-star Martial Emperor strength, you’re not dead after being hit by my move. That’s quite impressive.

Li smiled in his surprise and walked toward the guest. He appeared in front of him in one step.

The guest gasped in fear and hurriedly retreated.

Are you kidding me? Just now, he couldn’t even withstand a single move from her when he was at his peak. Now that he was seriously injured, he would really die if she attacked him again.

However, no matter how he retreated, Li Du was still within three feet of him, looking at him with a smile.

“Dammit! You can’t escape if you can’t beat them!”

The guest was furious. He mustered up his strength and once again raised his essence force. He punched out with both fists, punching out hundreds of times in one go, causing the sky to explode with “ Bang Bang “!

die! Die! Die!

Countless fist shadows flew out, but Li's figure was still in front of him, like a flower in the water or the moon in the mirror. He was constantly dazed by the fist force, but he still couldn't reach.

"What's going on?"

The guest's heart sank.

hehe, it's all in vain. You must be tired. Have a good rest and don't wake up again.

Li smiled indifferently. Suddenly, a dagger appeared in his hand and he swiped it across the guest's neck.

Cold sweat trickled down the guest's cheeks like a river. He clearly saw the dagger coming at him, but he found that he could not avoid it no matter what. He could only wait for death.

That feeling was indescribable and torturous. His heart was suppressed beyond words.

"Bang!"

The dagger slashed down and hit a sharp sword, causing a golden light to flash.

The owner of the sharp sword was dressed in white and had an indifferent expression.

Her distinct facial features looked as if they had been carved out. They were so exquisite that even men would be jealous of her.

Li's pupils constricted as he stared at the person who had suddenly appeared in front of him. He said in a serious tone, " peak nine-star!

It was beifeng Nan. He shook his right hand and pushed the dagger away, then said to the guests, " "You retreat first,"

Then, he put his sword back and stood up with a lazy look on his face. However, his eyes still glowed as he stared at li Dao."The nine Li demonic tribe?"

The guest had just escaped from the gates of hell. He shivered and hurriedly said, " "Many thanks!"

Then, in a flash, he appeared next to Yunxiao, his face so pale that he could not come back to his senses for a long time.

Chapter 1442-ghost king appears

I thought these minions were not enough, " Yunxiao said with a smile. I thought they were not enough?  
" Why did you almost lose your life?"

li Yunxiao, " the guest said angrily, " I'm helping you kill your enemy, and you're mocking me? "

Yunxiao chuckled and said, " don't be angry. I just want to tell you that there are too many experts in the world. The higher you go, the more you respect the heavenly Dao. Don't think about underestimating your enemy at any time.

The guest was stunned. After a cold snort, he fell silent.

Yao Li's expression turned serious as he stared at beiming Nan and said, " "Who are you?"

Jiuli tribe, " beiming Nan said indifferently, " I've met one of your ancestors. He was very impressive.

"Ancestor?" Li qingxiao didn't say anything. She had been asleep for more than 30000 years, and the 'ancestor' that the other party was talking about was most likely her own junior.

But she didn't know that beifeng Nan had been asleep for a hundred thousand years.

“Since you have an affinity with my ancestor, are you still going to stop me?” Li blinked her eyes and smiled. She could feel that bei Xiaonan was not a simple man, and she did not want to make him her enemy.

“Yes, even if your ancestors came, I would still stop them. I can’t kill Yunxiao. If your ancestor were here, he would agree with my decision.” Beifeng Nan said indifferently, his face still expressionless.

Hmph! Nonsense! You and Li Yunxiao are indeed Birds of a Feather!

Li’s face sank. He snorted coldly. even so, there’s no point in saying more. Make your move!

you’re her descendant, ” said beimang Nan. I won’t hit you, as long as you don’t attack li Yunxiao.

“Idiot!”

Li felt angry and amused at the same time. He couldn’t be bothered to argue with him. He waved his dagger horizontally in front of him and formed a seal. Countless spiritual Qi in the surroundings rushed into the seal. With a shout, he slashed out in the air!

She didn’t stop after the attack. Instead, she took a step forward and white light surged from her body. Her right hand suddenly hit the small drum at her waist.

“Bang!”

A huge drum materialized in front of him, emitting a fierce and violent rumbling sound. It was as if thousands of troops and horses had gathered, and the momentum was astonishing.

“Bang!”

He struck out again, and the sky shook. Black Qi gushed out from the drum and turned into three ferocious demonic beasts. They pounced out ferociously. All of them were pitch-black and had two horns on their heads.

Beimang Nan's face was still calm. His long sword turned into a sword talisman in front of him, and his essence force was constantly poured into it, rapidly compressing.

"Transform into a sword!"

With a light shout, the sword talisman suddenly split open and broke into countless tiny blades, slashing across the sky like a crescent moon!

"Bang!"

The blade of the dagger was suddenly shattered, and the crescent moon pierced through it, instantly cutting the three transformed demonic beasts into two.

Li's expression changed to one of shock. His right hand quickly formed a seal and hit the drum.

"Bang!"

Countless echoes resounded from the attack. The entire sky was filled with a murderous aura that took on all sorts of forms, and demons danced wildly.

Beiming Nan frowned, his left hand formed a seal and he shouted, "Eternal sword control!"

He drew a circle in front of him with the sword in his right hand. Instantly, countless fist-sized sword balls appeared, making a buzzing sound.

Upon closer inspection, it was actually a large number of corpse puppets flapping their wings. The astral wind that was constantly shot out from their wings turned into countless sharp blades.

“Octagon reflection, focus as a sword!”

Bei Xiaonan’s sword momentum rose, and all the corpse puppets emitted a sharp sword light, slashing up with “Xiu Xiu Xiu” sounds!

In an instant, the sky was filled with countless sword marks, and the momentum of the thousands of soldiers and horses instantly collapsed.

A wave of backlash shook out from the drum. Li’s body trembled and a mouthful of blood rushed into his throat. However, he held it in and swallowed it.

“Ghost king, come out!”

She bit her finger and drew a blood talisman in the air, slapping it on the war drum.

“BOOM!”

This drumbeat was completely different from the ones before. It was like lightning and thunder, and it seemed as if the entire void was shattered.

A large number of corpse puppet sword lights were annihilated by the sound of the drum, and the remaining ones all flew back into the long sword.

The cold light of flowing water on the sword disappeared, and it became extremely ordinary.

Beifeng Nan kept his sword and stood there elegantly, as if he had no intention of continuing the battle. He only wanted to stop li from killing Yunxiao, and he had no ill intentions toward li.

The sound waves on the war drum continued to surge for a long time without stopping. Suddenly, green runes surged out from the center of the sound waves and spread out in the sky.

“What? ‘It’s a bi an!’ Yunxiao was taken aback, and his face filled with horror.

There were many powerful divine arts in the demon race, and even he did not dare to underestimate them. The move displayed by li was somewhat inexplicable, but the aura that gushed out of those green talismans was terrifyingly powerful.

Beiming Nan frowned and said slowly, “Summon the ghost king?”

Li’s entire body trembled and he revealed a shocked expression. Then, his face turned gloomy and he snorted, “I’ve forgotten that you know the clan leader of a certain generation in the Jiuli clan. It’s not surprising that you know the ghost king’s supernatural power. Then you should also understand the power of this move, it’s not too late to stop now.”

“I’ve killed a ghost king at its peak before. I wonder how much of its power you can summon?” said beimang Nan.

“Killed one? Hahaha, what a boastful boast!”

Li Jing laughed and said, “even a godly state expert wouldn’t dare to block the complete power of the ghost king!” You’re indeed an arrogant person, I wasn’t wrong at all.”

“Bang!”

She raised her hand and hit the drum again. A sound wave shot out from the war drum and spread out. The runes in the sky lined up in a regular pattern.

A faint green light slowly appeared from the sound wave and slowly turned into a huge skull.

...

“Giggle giggle!”

The skeleton's teeth suddenly trembled up and down, and it let out a sound. It actually laughed loudly and cried out in a strange voice, "Who summoned this King?"

it's me, the leader of the Jiuli tribe," Li Du said, his face pale. kill this man for me.

"Jiejiejiejiejie! This person is a peak nine-star expert and is also handsome. If I want to kill him, I will get a lot of benefits!" The skeleton laughed strangely.

"Don't worry!" Li shouted with a gloomy face. When have I ever mistreated you?" She grabbed in the air, and a lizard-like living thing was caught in her hand. It was covered in golden scales and constantly struggled with a pleading look in its eyes. It was obviously very intelligent.

"Hmph!" Li Leng snorted and threw it into the air without hesitation.

a ninth-rank dragon lizard, and it's of Royal quality!

The skeleton's eyes emitted a green flame that burned brighter and brighter.

As soon as Dragon lizard got away, he immediately turned into a gold light and tried to break the sky.

"Hehehehe, what a naughty little girl!"

The skeleton laughed. It opened its mouth and spat out a beam of light that wrapped around the Dragon lizard like a tongue. It then directly swallowed the Dragon lizard and started chewing.

...

The sound of grinding teeth sent chills down everyone's spine, and their stomachs churned.

"Not bad. This dragon lizard is good. I'll try my best to help you kill the person in front of you, but the power I use can't exceed the sacrifice you've given me."

The skeleton looked satisfied after eating dragon lizard.

“Of course, I’ll leave this person to you!” Li said.

“Hehehehe, no problem!”

The skeleton laughed and rushed over, opening its mouth wide and biting towards bei Xiaonan.

Bei Xiaonan’s white clothes fluttered in the wind as he said indifferently, “ you really haven’t changed. I’ll also give you some offerings. Eat as much as you want.

With a flip of his hand, a ball of green qi appeared. His finger drew a seal in the air, forming a huge green spider that fiercely pounced toward the skeleton.

“What?” The big skeleton was stunned for a moment. Then, the green fire in its eyes suddenly shot up high and burned its entire head. It cried out in horror, “ “Poison, poison, this is the green Poison!”

“BOOM!”

The giant spider pounced on the skeleton, and the green light around the skeleton suddenly shrank back into its eyes, shrinking to the size of a green bean.

“Bang!”

The space trembled, and the skeleton broke through the air and disappeared, causing the spider to miss.

Not far away, the skeleton appeared again, full of fear. It opened its mouth and spat out a mouthful of blood essence. There were even golden light spots in the blood. It shot towards li and said, I haven’t digested the sacrifice yet. I’ll return it to you. Don’t summon me again!

“Bang!”

With another air-piercing sound, the skeleton disappeared on the spot.

Li, “Yingluo.”

Everyone, “hehe.”

Yunxiao wiped the cold sweat off his face and said in embarrassment, “What is that ghost king?”

With a wave of his hand, the giant spider turned back into green qi and returned to his hand. He then kept it into his body and said, “that was probably just a ghost soldier. A real ghost king wouldn’t be so afraid of death, even if only part of his power had descended.

Li’s face was covered in cold sweat. you ... he said awkwardly, “Who are you?”

you can go,” beiming Nan said. I won’t let you hurt li Yunxiao.

Li’s face darkened and he said coldly, “Head shopkeeper han, I’ll leave li Yunxiao to you. This man is very tricky, and I can only find a way to keep him busy.

“Be careful,” han Junting said. “Just keep him busy.”

Li Yi nodded and disappeared in a flash.

Then, the wind and clouds in the sky surged, and the war drum expanded to several acres in size, pressing down like a cloud.

All sorts of strange powers churned on it, and all sorts of terrifying images appeared one by one.

Beifeng Nan's expression changed. He suddenly condensed his sword Qi and shot it in all directions.

The sharp sword ray was suppressed by the formation force after it had rushed out a few hundred feet, and it could not break through.

"I'll use the war drums as a formation," Li said loudly, "I can hold him back, but I can't last long!"

Han Junting immediately understood what he meant. Her face turned cold as she stared at Yunxiao, her eyes filled with all kinds of complicated emotions apart from killing intent.

Li Yunxiao, I really don't want to be your enemy. It's not a good feeling.

me too. Why don't we shake hands and make peace? we can get rid of these demons together.

"Hmph, you're always constantly assessing the situation and then making all sorts of judgments and strategies, but this Lord is also the same. Although today's victory was not a fair one, a battle between wise men has never been a battle of martial strength."

Han Junting's aura continued to spread out from her body. Her old face began to twist and turn, but gradually, it began to shine.

Tang Jie and the others were shocked. Shenxiao temple had never accepted male disciples, and they had once doubted Han Junting's identity. Now it seemed that she was indeed in disguise.

Chapter 1443-talent

you're too good at scheming," Yunxiao said indifferently. "That's why you've underestimated the effect of your own strength on the result. It was the same in New Yan City, and it was the same now. You're always thinking of scheming against others and using all the power you can use to do things for you, but you've neglected your own power. Don't forget that your own power is the foundation of your standing in this world!"

you're right," Han Junting said. "If I had made up my mind to fight you outside Xinyan City, today would have been a different scene."

The changes on her body became greater and greater. The wrinkles all over her body were removed one by one, and her shriveled skin was rejuvenated and as smooth as Jade. Her entire person was like smoke and fog, but her beautiful face had already appeared, which was amazing.

“Flowers wither, flowers fly, and the sky is filled with flowers. Who will pity you when the red leaves and the fragrance is broken? It’s not as if a silk bag holds Beautiful Bones, a Pure Land covers the wind.”

As the poem slowly fell, her peerless beauty gradually revealed itself. She was as misty as the light clouds covering the moon, and as fleeting as the snow returning to the wind.

This was the first time she had revealed her true appearance in public, and she seemed to be a little unaccustomed to it. A touch of red flashed across her face, and her eyes flickered like the moon shining on the cold river, giving people a cold and ethereal feeling.

Everyone was a little stunned. Even Li, Beifeng Nan, the evil spirit, and Tang Jie, who were standing in the distance, couldn’t help but be stunned.

Shenxiao temple is really a magical place,” Xiao Ba exclaimed. Even a random disciple is so beautiful. What about the world’s most beautiful woman, Qu Hongyan?”

Li Yi gulped and only turned around after a while. That was many years ago. Even if she was once the most beautiful woman in the world, she has aged in the blink of an eye. She can’t be more beautiful than her, right?”

Han Junting’s face darkened and she glared at him coldly,” “My master’s looks are a hundred times better than mine, so how dare you rascals talk about it? If I hear any more disrespectful words, I’ll kill you all first!”

The two of them were shocked and took a step back under the stern look. It was unknown whether it was because of the overwhelming killing intent or the overwhelming beauty.

“Hehe, so the head shopkeeper is such a beautiful little sister. I’m so jealous.”

Laughter came from the divine realm tablet, and a fire Phoenix flew around it, turning into feini in the blink of an eye and standing next to Yunxiao.

She blinked at Yunxiao and chuckled, "My husband's self-control is truly astonishing. Such a beautiful younger sister, even I can not help but be moved. Husband is actually able to maintain such calmness, no wonder he usually doesn't care about me. It really makes one worried."

feini, " Yunxiao frowned. if you want to fight, just do it. Why do you have to talk nonsense every time you come out? "

Feini pouted and said, "If my husband is angry, then I won't say anything."

Han Junting's expression turned ugly. Feini's aura was much stronger than it was in new Yan city. She said coldly, "Young master feini, don't forget your identity. Is it worth it to risk universal condemnation for a man?"

"As the saying goes, marry a chicken and follow the chicken, marry a dog and follow the dog, of course it is worth it. If I remember correctly, didn't the palace Master of shenxiao Palace also risk universal condemnation for a man?" Feini retorted coldly.

Han Junting's expression changed and she said coldly, "You dare to use my master as an excuse, I can't indulge you anymore."

She made a grabbing motion with her hands, and two balls of light immediately appeared. They were all seven-colored, and countless runes gushed out from them. They bloomed like a Peacock spreading its tail, and suddenly transformed into wings.

this is a bi an! Yunxiao said in surprise, "Butterfly transformation!"

Han Junting's face darkened as she raised her hands and shouted, "Ranchen!"

A wisp of smoke rose from the surroundings, and the countless stone fragments on the ground trembled and surged into the sky, turning the world into dust.

Feini laughed coldly and her body transformed into a demon. Phoenix Feathers spread out behind her and floated a hundred feet in the air. There were countless colorful patterns on her feathers, which were red and Noble.

“The Phoenix soars to the nine Heavens!”

She spread her Red Wings, and the entire sky turned into a cloud of fire that was completely set ablaze.

Blazing flames filled the sky, and Feini’s eyes were filled with passion as he said excitedly, “this power seems to increase with every battle. Is this the heavenly Phoenix Nirvana body?”

I only got such a terrifying power after I met Li Yunxiao. He is my chosen one!

The fire in Fei Ni’s eyes turned into the shadow of a Phoenix and she shouted, “The Phoenix soars to the nine Heavens!”

From the fiery clouds in the sky, a Heavenly Phoenix flew out and lit up the entire earth in red. It then charged towards Han Junting.

Han Junting’s figure stood on her own, without any panic or fear. She extended her slender fingers and chanted, “Thousand rain!”

“Pipi pipi pipi pipi pipi pipi pipi!”

The dust that filled the sky let out an explosive sound and fused with each other. They were densely packed, like rain falling on lotus flowers.

After that, every speck of dust began to tremble violently, as if they were filled with energy. The frequency of their throbbing increased continuously, and they shot out one by one with a bang.

In an instant, the number of dust particles increased, and the sound of dust particles hitting each other filled the sky, as if a thousand raindrops had fallen on the ground.

“BOOM!”

The heavenly Phoenix lowered her body and charged downward. Under the thousand Rain World, she was struck by countless vacuums, and dense ripples spread out from her entire body, like a pool of wrinkled spring water.

Han Junting’s hands formed a seal and she shouted, “Shi nu!” The seven-colored wings flapped, and a light smoke rose.

After the countless dust particles shattered the heavenly Phoenix’s shadow, they all stopped in the air and gathered together. In an instant, a huge rock spirit was formed and roared as it charged at feini.

The fist force was so powerful that it created layers of air waves and shattered the space.

Yunxiao reached out his hand, and a handful of dust fell into his palm. With a casual slap, the dust immediately formed a hexagon and was evenly distributed in his palm.

“Such fine control!” He exclaimed.

“What’s wrong?” the guest turned his head and asked in confusion.

Yunxiao pointed at the dust in his palm and said solemnly, “the power in every speck of dust is exactly the same. That’s why when an external force strikes down, it can produce such a pattern.

“?!” “H-how is this possible?” the guest was shocked. How much dust is there?”

that's the problem, " Yunxiao said. even with my strong soul power, I can't do it, unless I'm Lao Ai. a terrible thought came to his mind as he said in surprise, " could it be that Qianqian's soul power is above mine?!

"Are you saying that she's also a ninth-tier Alchemist?" the guest asked in surprise. Tsk, tsk, this world is too unfair, isn't it? She was such a beautiful and talented person, but she was also a ninth-tier Alchemist? Other than you, I've never seen such a monster in this world."

Yunxiao was shocked and kept silent. He was a peerless expert who had been reincarnated, while Han Junting was a true peerless genius.

"BOOM!"

The fire clouds in the sky were destroyed by Shi nu's punch.

With a flash of red light, Feini appeared behind Shi nu, his palm pressed on his back as he shouted, "Ugly stone, explode!"

"BOOM!"

A fire talisman was shot into it, Shi nu instantly exploded, turning into rock fragments that shot out.

...

Han Junting's expression did not change as she shouted, "Xing Yi!"

The body parts that had been split apart immediately froze. There were a total of seven pieces, and they glowed with talisman light as they automatically fused together.

They instantly turned into seven huge white go pieces and fell from the sky. Pa! Pa!" With the heaven and earth as a chessboard, he placed the pieces around Fei Ni.

With every move, the rules of heaven and earth emerged. Fei Ni felt as if he had been struck by lightning, and his blood Qi surged.

As the seven pieces fell, it was as if the universe was settled!

“Pfft!”

Finally, he couldn't take it anymore and spat out a mouthful of blood.

“Be careful!” come back! Yunxiao cried out. you're no match for her!

Feini's expression was cold. the battle has only just begun. Don't make any random conclusions. I haven't even used my ultimate move!

That mouthful of blood landed on the flames in front of him, and it was as if oil had been poured on them. The flames shot up high, and the pillar of fire directly shot into the clouds.

The seven Star chess pieces suddenly became as warm as Jade and emitted a soft light. There was a faint nomological line in them that connected the seven chess pieces into a formation. Ni Zheng was in the middle, and no matter how she used her divine power, she could not break out of the formation.

...

Yunxiao's face flickered as he cried out, “ don't move! No matter how much power you have, you won't be able to shake it off. Now settle down and use stillness to control movement, waiting for the change in the position of the stars.”

The flames around Fei Ni's body slowly died down and returned to her body. Her red body stood in the sky, unmoving as she stared at han Junting coldly.

Han Junting's face changed and she sneered, “ Stop the movement with stillness? If you can't break my seven stars stabilizing the universe, how are you going to stop it?”

since the world has been set, you can't touch her unless you change the position of the stars," Yunxiao said. but once the position of the stars changes, she will be free.

what a pair of eyes! han Junting exclaimed. I'm going to dig your eyes out later!

tsk, tsk! Yunxiao laughed. you have such a beautiful face, and yet you don't make me afraid at all when you say such cruel words.

you should care about yourself, li Yunxiao.

A cold voice came, and two figures suddenly landed on the other side of the divine realm tablet.

They were Li Yi and Lil eight, both of them holding their swords in front of them. Li Yi's eyes were filled with coldness, while Lil eight was calm and still had that frivolous look.

it's such an amazing battle," Yunxiao said with a smile. do you have the heart to miss it?"

I don't have the heart to do that," Li Yi replied. but I can't bear to let go of such a good opportunity to kill you!

with your cultivation bases," Yunxiao said. even if I'm not in my best condition, I can still kill you with a flip of my hand.

li Yunxiao," eighty said with a wry smile," last time in Red Moon City, we were still in the same League. You've improved too fast! Why don't you join us, the eight symbols? you'll have a better future than wandering around alone."

don't talk nonsense," Yunxiao said. It's already your honor to be able to speak a few words with me with your weak strength, yet you still dare to make such a big fuss here. Do you believe that I can destroy you in minutes?"

Chapter 1444-death of the two

Li Yi was furious and roared, "damn it!" Don't underestimate me, I will make you regret it!"

He clenched his palms, and yin and yang light appeared in front of him, forming a Tai Chi. Like the sky, it came crashing down.

At the same time, eighty unleashed its sword Qi, and with a flash of cold light and a circle of sword shadows, it thrust directly at Yunxiao's throat.

The two of them were extremely decisive, ruthless, and accurate.

Yunxiao smiled indifferently and did not take it seriously at all. Then, he threw an incantation seal into the air. Suddenly, a bolt of golden lightning appeared and turned into a Dark Thunder that instantly pounced over.

"?! A ninth-order monster beast?"

The two of them were shocked. The combined power slammed into the DarkThunder, forcing the beast to retreat.

The two of them did not hesitate and immediately retreated. It was impossible for them to fight the DarkThunder with their current strength.

"Roar!"

The DarkThunder was furious after being hit, and countless lightning bolts surged out of its body to chase after it.

With a flash of its body, it used the light of Thunder escape and caught up to Li Yi in an instant. Countless bolts of golden lightning surged out of its long fur and shot towards Li Yi.

"?! Damn beast, why didn't you go after him?"

In his shock, Li Yi waved his right hand, and a cloak immediately covered his body. The cloak glowed with a runic light, and he disappeared.

“BOOM!”

The Golden lightning struck the cloak and immediately shattered it.

a one-time teleportation profound level weapon?” Yunxiao said in surprise. what a good treasure!

In the next moment, Li Yi’s figure appeared directly above little Myna. His eyes were filled with hatred and pain, but he did not have time to think. He passed little Myna and fled into the distance.

what?” little Myna was shocked and said anxiously, ” you’ve attracted the demonic beast here. That’s not very kind of you!

Li Yi shouted, ” you’ll die but I won’t. I’m sorry. Take care!

“BOOM!”

The DarkThunder was extremely fast. In a flash, it took form and threw out countless golden lightning bolts.

How could little Myna run away? the dense Thunder balls bombarded him and he was directly hit by one of them. His body was instantly charred black, and white smoke came out of his mouth. His mouth moved as if he was saying something.

The powerful power of lightning constantly attacked his internal organs, snatching away his life force in an instant, and he fell from the sky.

Li Yi was so scared that he felt a chill run down his spine. Although he was much stronger than little Myna, he probably could not withstand a single blow from that demonic beast, so he began to run away in a frenzy.

Li was shocked. He could no longer suppress bei Xiaonan. He hit the war drum and a sound wave was shot out.

“BOOM!”

The countless lightning bolts that DarkThunder had thrown out all exploded under the shock of the sound wave.

The terrifying golden lightning spread out in all directions.

Li Yi retreated in fear, but he was still caught up in it, screaming in pain.

Although the thunderstorm was fierce, it threw him out with a roll. His body was also charred black by the lightning, and he fell right beside eighty.

“Bang!”

Li was distracted for a moment, and the drum formation finally couldn't suppress bei Xiaonan any longer. He swung his sword and cut a path out.

Li was hit by the backlash of the war drum on the spot and spat out a mouthful of blood.

The DarkThunder was also furious. It turned around and spat out a bolt of lightning at li.

“BOOM!”

The lightning hit li, causing her to spit out blood again. She was thrown out with the war drum.

However, just as his body landed on the ground, he suddenly bounced up and appeared beside Li Yi in a daze. He wrapped himself in a ray of light and shouted, "Let's go!"

DarkThunder's body flickered as it descended and stomped on the two of them!

"Boom boom boom!"

A flash of lightning exploded. Li beat the war drum and it instantly expanded to half an mu, blocking the lightning.

She spat out a third mouthful of blood and her face was deathly pale. She stomped her feet non-stop, and the sound of the drum reverberated.

Suddenly, dark clouds gathered in the sky, and Thunder rumbled as if thousands of soldiers and horses were coming down.

what?" Yunxiao's pupils constricted. beiming Nan, keep them!

"Forget it. She's the descendant of my old friend. Let her go," said beiming Nannan unhurriedly.

Yunxiao was upset, but he was not strong enough at the moment, and the Thunderbolt of the DarkThunder had been scattered by the heavenly voice, so he could not keep the two of them here.

In the distance, Tang Jie, who was fleeing in all directions after being killed by the evil spirit, was shocked and hurriedly said, "Lord li, save me!" He flapped his wings and rushed over with all his might.

As the war drum flashed, it turned into a ray of light and disappeared into the sky.

Tang Jie was shocked and directly pounced on empty air. His face was full of fear as he was hacked in the air.

haha, I haven't had enough yet. You can stay here and let me chop you into meat paste!

The evil spirit was overjoyed. It rushed over in an awe-inspiring manner and chopped down with its axe.

Tang Jie's heart turned cold. How could he still have the mood to fight? he hurriedly said, Li Yunxiao, let's talk!

"Tell it to my axe!"

The broad axe suddenly enlarged in the air and fell down like a millstone. With a "boom", Tang Jie was sent flying and a mouthful of blood sprayed in the sky.

...

The evil spirit's eyes flashed with killing intent as it rushed down and struck again with its axe!

"BOOM!"

A stream of blood shot up into the sky, and a Gully appeared on the ground. Tang Jie's body fell directly into the bottomless abyss.

Yunxiao looked at the figure swallowed by the gully and said indifferently, "I admit that you have the heart to constantly improve. Unfortunately, you have chosen the wrong opponent.

He turned his eyes to a place not far away and said coldly, "Han Junting, it's your turn."

Bei Xiaonan had already appeared behind her, and a Silent Force was circling around her.

Han Junting's face turned pale. She had a premonition that something bad was going to happen the moment Li made his move to escape, but Bei Fengnan had already locked her in place.

Han Junting's beautiful face was covered in cold sweat as she said, "Li Yunxiao, I admit defeat. You're not really going to kill me, are you?"

"What do you think?" Yunxiao said coldly.

Han Junting waved her hand and the seven chess pieces exploded. The power of the formation that was holding Fei Ni back disappeared. She said, "I admit defeat. How do you want to deal with me?"

Yunxiao was taken aback. You're so straightforward! he said.

...

Han Junting said coldly, "The green Poison he used just now should be the seven Illusion Green damask, right?" In a battle where there's no chance of winning, continuing to fight would only lead to disastrous consequences.

Fei Ni escaped from the chess piece and landed on the tablet. She smiled and said, "Husband, this Han Junting is pretty and powerful. Why don't you take her in as your mistress?"

Han Junting's face fell and she said angrily, "If you dare to have any ideas about me, I'll make you pay even if I die!" Her face turned extremely pale.

Yunxiao was also having a headache. She was Qu Hongyan's disciple and Yunshang's junior Sister, so he could not kill her. If he let her go, she would go against him in every way. If she was caught in the divine realm tablet, with her strength, she might break out of the realm at the critical moment and ruin his plan.

"Let her go!"

Suddenly, a voice was heard and two figures appeared. They were ning keyun and grandma sunflower.

Ning keyun said, " there is no great enmity between you and Junting. She just made a mistake. If you kill her, the consequences will be hard to predict. Her face was a little pale. She had cried too much earlier and looked extremely Haggard.

so, it's lady keyun, " Yunxiao said. then, I'll naturally give her face. But, what if she comes to me for trouble again in the future? " He could also use this as an excuse to get rid of this big trouble, but he couldn't give it away for free.

Ning keyun looked at han Junting and reproached, " "What's going on?"

Han Junting pursed her lips and did not say a word. She did not know if she should tell him about the Saint artifact.

I don't care what grudges you have before, " ning keyun said. but if you want to live, you'll have to make a statement to li Yunxiao.

uncle-master, " han Junting gritted her teeth. if you're willing to help, we can totally take li Yunxiao down!

Ning keyun's face darkened as she shouted, 'why do you want to take li Yunxiao down? He is our friend, not our enemy!"

Han Junting remained silent.

"Hurry up and make your stance clear, or else I won't be able to help you," ning keyun said.

alright! han Junting thought for a moment and said, " if li Yunxiao falls into my hands one day, I'll let him go this time!

"What are you saying?" ning keyun said angrily.

Yunxiao was also stunned for a moment, then he shook his head with a wry smile and said, "forget it. This girl is too stubborn. I'll let her off this time for the sake of lady ke n. If there's a next time, I won't let her off so easily.

Ning keyun glared at han Junting, as if blaming her for being insensible. "Did you see anyone else? What's going on with this illusion?"

this is tengguang's Natal array, the great illusionary land," Yunxiao said. once this array is activated, it proves that tengguang is already in a very dangerous situation.

"If Teng Guang were to die Here, it would definitely be a major event that would shock the entire world," ning keyun said in shock.

it'll definitely shock the world," Yunxiao said with a wry smile. because once he dies, we'll probably be finished as well. Without the support of the soaring light Natal flame, the great illusionary land will instantly turn into the great illusionary killing formation and kill all the living beings inside."

Ning keyun was surprised,"so serious?" Since it's a formation, there should be a way to break it, right?"

as far as I know, there is indeed a way to break this array," Yunxiao said. but, with my understanding of arrays, I can't find it at all.

"The great illusionary land?" "I've heard about this formation from Lord mu di. Perhaps he knows something about it," said beifeng Nan with a frown.

Yunxiao was overjoyed. if it's him, he might have a way. But, he was badly injured before, and he's still recuperating.

"Maybe we don't have to worry too much," ning keyun said."After all, so many experts are trapped inside. They must have a way to break the formation."

Yunxiao shook his head. but Lord Yun, you don't understand how terrifying this array is. As far as I know, it's a real ultimate array, and the king level experts use it to kill people. Once he dies, the people in the formation will be buried with him!"

Ning keyun frowned and said,"it seems that this Teng Guang is not a good thing either. He's so brutal!" If he had any family members by his side when he died, wouldn't they have been buried with him?"

tengguang only has one disciple, Tang Xin, " Yunxiao said with a wry smile. he has no relatives.

"There's still one more person who might be able to break this formation," han Junting suddenly said.

Chapter 1445-true hero

Somewhere in the great illusionary land, a beam of light shot over and stopped abruptly.

It was the nine Li battle drum. Li Yi's face was pale as he knelt on the drum, blood flowing from the corner of his mouth.

"Are you alright?" Li Yi asked.

Li Qiang stood up and said,"He's still holding on. I didn't expect Yunxiao to have such a mysterious expert with him. Tang Jie and Xiaoba are dead. This is going to be troublesome."

Li Yi snorted. the situation in Redmoon city is precarious. If we can't survive this disaster, the Tang family will be in trouble. It's fine if Tang Jie is dead, but what does it have to do with us if Yunxiao killed him? " It's just that little eight is so embarrassed."

A cold light flashed in his eyes as he said coldly, " it's better that he's dead. I'll put this debt on li Yunxiao. Let Ling Baiyi go to him!

Li glanced at him and said indifferently,"he came out with us but only the two of us returned. It doesn't make sense." &Nbsp;

“Hmph, morality? How much can morality be worth?” “Can you still walk?” Li Yi’s gaze shifted.

“Let’s rest for a while,” Li said. This is the great illusionary land. As long as we don’t encounter other experts, we won’t be in any danger.”

“Is this formation really that magical?” Li Yi asked in bewilderment.

Li Dao said, “ the great illusionary land is a formation of reality. The complete great illusionary land can evolve into a real world. This formation is still flawed, but it’s already at the peak.

“What if I can’t break it?” Li Yi asked.

“The heavens fell and the earth cracked,” li Dao said.”All the living beings in the formation were destroyed. Even those divine transcendence experts can not escape this fate, only Lord Shang might be able to escape with the help of the armillary sphere.”

Li Yi’s heart trembled as he asked,’that serious? Could he only survive by relying on a Saint artifact? What about li Yunxiao?”

his understanding of the rules of the Saint artifact is limited, ” li Dao said. I’m afraid he won’t be able to escape.

Li Yi heaved a sigh of relief and snorted, ” “So he’s going to die too. I’m relieved.”

Li glanced at him and said,”don’t worry, I won’t let you die.” There were two ways to break this incomplete great illusionary formation. The first was to break the formation with force, which was impossible without immortal state cultivation. The second is to find the core of this formation, which is where Teng Guang is currently at-the great illusionary Palace Hall. We can either destroy the great illusionary Palace Hall or revive Teng Guang.”

both of these are very difficult, ” Li Yi said. you should recuperate first, and we’ll go meet up with Shang.

Li nodded. Suddenly, she stopped and looked up.

Li Yi was shocked as well. who's there?! he shouted.

The space in front of them moved. A man with a deep scar on his face walked down. He laughed, "Is the Shang you guys were talking about a big monster?"

Li immediately became alert and said coldly, "Who are you?"

The man laughed. there's no need to be so hostile to me. I'm Wei Luan. I'm here to find Yao Shang, but I don't know why I fell into this illusion.

"Who the hell are you?" li asked. And why are you looking for Shang?"

"I heard that Shang has a pretty good profound level weapon, so I'd like to borrow it to take a look," Wei Yong said with a smile.

"Get lost!"

Li's expression changed as he rebuked angrily.

In her anger, she aggravated her injuries again, and another mouthful of blood rushed up her throat and she spat it out.

hehe, she's still so hot-tempered even though she's so seriously injured. She's a little demon girl with integrity.

Wei Yan laughed and walked forward. His face was cold and he said, "I don't want to hit a woman. But you're not a woman, you're a Banshee!"

He raised his hand, and the world condensed palm suddenly slammed down.

“BOOM!”

The two of them did not put up any resistance and were instantly sent flying.

Wei Yong clenched his fingers and pulled Li Lingkong over. He clutched Li Lingkong in his hand and a cold glint flashed in his eyes. “Bring me to Shang!”

Li was covered in blood. He squeezed out a word with difficulty. get lost.

“Hehe, what a backbone you have.”

Wei Yong glanced at Li Yi in the distance and also grabbed at the air. Li Yi’s body was pulled over and he was directly held in the air by a force. “Eh? The power in your body seems a little strange, but what’s the point of keeping a useless person?”

He clenched his fingers, and a force instantly pressed down on Li Yi, causing blood to burst out of Li Yi’s chest with a ‘bang’.

“Don’t! Don’t kill him!”

Li was shocked. He screamed and struggled with all his might, breaking free from Wei Yong’s hands.

As soon as his feet touched the ground, he bounced up, grabbed the war drum, and smashed it like a hammer.

“Bang!”

Wei Yong gently raised his hand and sent her flying to the ground. He revealed a surprised and strange smile. haha, could it be that you, little demonic girl, have taken a fancy to this scum? ”

He sized Li Yi up and laughed, "Not bad, you're quite good-looking. Tsk, tsk, even the demon race women are captivated by you. To be honest, I've never had sex with a demon woman before. How's the taste?"

"Bah!"

Li Yi spat out a mouthful of blood and said angrily, "If you have the guts, kill your grandfather!"

Wei Yong's face darkened and was covered in frost. The five fingers on his left hand closed together like a knife and he raised it high, ready to chop down.

"Wait," Li Yi was shocked, "you don't want to find Shang anymore?"

"Aren't you not afraid of death?" Wei Yong was stunned.

Li Yi's face reddened as he replied awkwardly, "I'm indeed not afraid of death, but it would be best if I don't have to die."

Wei Yong was stunned. He wanted to laugh, but he didn't find it funny. After thinking for a long time, he said, "That's a good point, do you know where Shang is?"

Li Yi shook his head. I don't know. However, Lord Li can lead you there.

Li man's eyes were filled with rage as he glared at Li Yi.

...

Li Yi bit the bullet and said, "there's only death if you don't agree. I'm not afraid of death. It's just that if you and I die, it'll be a huge loss to Lord Shang. We can't let our emotions get the better of us. It's easy to die, but a true hero must live with determination."

Wei Zheng, "Yingluo."

Li was speechless for a moment and instantly lost his temper. He said in a deep voice, " "Alright, I'll Take You There."

"That's more like it," Wei Yong smiled.

He formed hand seals with both hands, and two stone golems rose from the ground with a rumble and grabbed the two of them.

He turned into a beam of light and disappeared into the sky.

.....

"Li? That demoness just now?"

"If I had known that she could break this formation, I wouldn't have let her go," ning keyun said with a frown.

the Jiuli tribe has many priests, " said beimang Nan. they are the most resourceful tribe among the demon tribes and are the most likely to produce geniuses. The demon woman's achievements in array Dao are indeed very high.

it doesn't matter if she can break it or not, " Yunxiao said. first, we must find tengguang's great illusionary Palace.

...

I heard from li that this is a real world, " han Junting said. it's not an ordinary illusion. I'm afraid ordinary spells won't work.

Yunxiao laughed. fake is real, and real is fake. There is nothing, and there is nothing. No matter how real it is, it is still an illusion. I have a way to find the great illusionary Palace.

“Clang”

All of a sudden, the sound of a weapon ringing could be heard. The Aragami bright moon spear that was stuck in the ground suddenly started to vibrate.

A vast power continuously spread out from the spear and gushed into the surroundings.

“BOOM!”

A tremor came from under the divine realm tablet, and a huge force gushed out of the earth vein, as if it was going to lift the entire tablet.

Yunxiao’s face flickered as he flew into the air, and so did the few people standing on the stele.

He cast an incantation seal, and the giant monument suddenly became small. It turned into a stream of light and flew into the space between his eyebrows.

As the divine realm tablet was pulled up, a terrifying deep pit appeared on the ground, and a ray of green light shot up into the sky. Luo Qingyun transformed into a half-dragon form and landed beside the spear. He immediately pulled out the spear and held it in front of him.

At this moment, he was covered in blood and his face was dirty. Only his clear eyes were still the same.

you’ve already lost this battle,” Yunxiao sneered. you’ve lost.

“How can you say victory or defeat before life and death are decided?” Luo Qingyun shouted angrily.

I'm not interested in fighting you anymore," Yunxiao said. We have the advantage in numbers at the moment, and killing you is as easy as killing a dog.

Luo Qingyun's face turned cold, and he said in a cold voice, "What I seek is a fair battle with you. If an outsider interferes, everything will be meaningless. Don't forget that I can summon the ghost Asura at any time. Which one of you can defeat him?"

Everyone's expression changed drastically. Ning keyun even said coldly, "This person is Wei Qing's test subject, we can't let him go!"

Her father had been killed by Wei Qing, and she hated the people of the Holy region to the bone!

Luo Qingyun snorted coldly and extended his long spear in front of him. He made a hand seal, and spatial ripples appeared around him, spreading out.

"Not good!"

Ning keyun was shocked and rushed down. The red silk spread in front of him and bound Luo Qingyun.

"Pa!"

A furry hand stretched out from a spatial ripple and directly grabbed the red silk. A golden "eight" was clearly printed on the arm.

"Swish!"

In front of the furry arm, there were sharp claws that cut the red silk in a flash.

The binding force that filled the sky collapsed.

Soon after, ghost Asuras began to appear one after another.

Everyone's faces turned extremely ugly. Han Junting and grandma sunflower had never seen such a thing before, and their eyes were wide with shock.

one?" Yunxiao suddenly asked curiously. why is one missing?"

Only then did everyone realize that only nine ghost Asuras had appeared. From the numbers, they should be missing the number "4."

Luo Qingyun also frowned. He had never failed to summon these things with dragon blood. That "four" had most likely met with an accident.

One had to know that these ghost Asuras had 'ultimate bodies' like Qiu Mujie. In addition to the half-finished dragon blood, the concentration of their blood was even higher than that of Yun Xiang. Even if they encountered a peak nine-star expert, they would not be defeated.

There were only a few existences within the great illusionary realm that could kill the ghost Asura.

Moreover, ghost Asura seven was still bleeding and panting. It was obvious that he had been fighting a tough battle, and no one knew who he was fighting against.

Luo Qingyun couldn't care less about this. Although the creation of ghost Asuras was also very difficult, required a huge amount of resources, and had an extremely high failure rate. However, it was something that could be replenished after all. With the resources of the sanctuary, there was nothing to be regretful about.

with these nine ghost Asuras protecting us," he said coldly, "li Yunxiao, let's fight and see who can stop us!

Chapter 1446-hatred for Shui Changdong

Somewhere in the great illusionary land, on the peak of a mountain, there was a continuous stream of terrifying battle light.

The sound of all kinds of profound level weapons clashing reverberated non-stop. The surrounding mountain peaks had long been flattened, and the entire mountain was gradually sinking.

“BOOM!”

An insect-like Ghost Asura covered in scales was waving its hundred arms. Each of its hands was holding a saber, and it was madly slashing forward!

“Boom boom boom!”

As the huge space shattered, Bo Yuqing continued to spin, dodging with extreme difficulty.

Not long after the great illusionary land had appeared, he had already encountered this ghost Asura number four. Under that wild and brutal combat technique, he had been forced to the point where he had no ability to fight back.

Furthermore, the ghost Asura’s cultivation was slightly higher than his. Not only that, Bai Gutang stood coldly with his arms crossed in front of his chest. He stood in the sky in the distance and watched all of this with a mocking expression, like a cat toying with a mouse.

Bo Yuqing’s expression became uglier and uglier. He had already completely fallen into a dead end, and the more he fought, the more trouble he would have.

“Sky Feather Wind chant!”

He circulated the elemental energy around his body, and light feathers appeared in the sky. He wanted to use his mental energy to break through the air and escape.

“Swish Swish Swish!”

The ghost Asura’s eight blades slashed down, and the entire sky was reduced to dust.

“Stay!”

Bai Gutang sneered contemptuously. In a flash, he appeared in the sky above the distorted space and slashed down with his sword.

“Bang!”

Bo Yuqing’s figure appeared, the sword in his hand raised to block, and his entire person was instantly pushed back.

Asura ghost roared and slashed eight more times. bang, bang, bang! the saber Light and Qi force sliced his body, causing him to bleed and retreat continuously.

haha, I didn’t expect this damn thing to be so powerful. Lord Wei Qing is really amazing! Bai Gutang praised with a smile.

Bo Yuqing’s expression was gloomy, and his eyes revealed ruthlessness. He had already been forced to the end of his rope, and his only trump card was to completely release the power of the aegirine, but in this way, he would probably die.

“I’m going to die anyway, so I have to kill these two bastards!”

He made up his mind, and a wave of ruthlessness immediately came into play as he began to slowly unseal the sealing aegirine.

“Bang!”

Suddenly, a burst of energy came from the sky and sent Asura ghost flying.

“What? Who is it?”

Bo Yuqing and Bai Gutang were both shocked and suddenly looked in the direction not far away.

A flash of red light approached from afar, as if the clouds were on fire. Within the fiery red clouds, it was as if a Lotus was in full bloom.

Bai Gutang's expression turned serious and he shouted, "Who is it? Come out, don't try to play tricks!"

To be able to force Asura ghost to retreat from such a distance with a single move, the strength of the figure in the fire cloud was truly terrifying.

Asura GUI seemed to be filled with fear as well. His eyes shone with a fierce light as he glared at them and growled.

In his shock, Bo Yuqing seemed to see the person in the Lotus clearly. His expression suddenly changed and he cried out, "It's you!"

Within the fiery red Lotus, a graceful figure slowly gathered and walked out of the lotus in a daze.

the flowers in the forest have wilted and reddened in spring. It's too rushed, and the cold rain comes in the morning and the wind comes in the evening.

Rouge tears, drunk together, when the time is heavy, life will naturally be filled with hatred.

An indigo-blue pair of boots with red embellishments and gold embellishments stepped out. As the foot landed in the air, a flame appeared, like a burning red Lotus.

"Stepping on the flames of war, each step is like a lotus!"

Bai Gutang's face turned pale. He immediately knew who the person was. He could not care about anything else. He did not care about Asura ghost anymore. He turned into a ray of light and escaped.

However, he had only charged out a few feet when he was suppressed by a huge pressure, making it difficult for him to move.

Beads of cold sweat broke out on his forehead and dripped down his cheeks, soaking his long robe.

The figure slowly revealed his true form. A crimson sword with cloud patterns hung on his waist, and he was dressed in a light blue battle armor. His shoulders were thin, and his waist was thin. He was full of heroic spirit.

“Clang”

The sword was pulled out, and the sky glowed with a sword cry.

“Swish!”

The woman’s sword danced in the air and slashed down. A colorful glow streaked across the sky, and the entire sky was instantly split into two.

“Don’t!”

Bai Gutang screamed in fear and immediately drew his sword and slashed!

“BOOM!”

As soon as his sword Qi flew out, it was devoured by the other party’s sword light. His entire body was covered in wounds from the impact of the sword.

“Roar!”

Number four Asura ghost suddenly soared into the sky. He roared and waved his eight arms, countless blade lights slashing over.

The sword in the woman's hand danced and formed fiery lotus flowers in the air, forming a half-moon shape. She shouted, "Jian Ge!"

"BOOM!"

The countless fire lotuses turned into swords and rained down. They pierced through the layers of knife net and hit Asura GUI's body with a series of "Bang Bang Bang" sounds, shooting straight into his body.

...

"

Asura ghost opened his mouth wide and howled in pain, as if he was extremely unwilling.

His broken body was repairing itself at a speed visible to the naked eye, and several strange arrays appeared on his body and began to operate.

"What?"

The woman seemed to be dissatisfied that she had failed to kill Asura GUI with one strike. She changed the direction of her sword light again and raised the long sword.

The wind blew and the clouds churned. Countless rule force turned into talismans that spun like a hurricane.

"Heavenly record Wu Hua!"

The sword intent condensed and suddenly slashed down.

“Boom boom boom!”

The terrifying sword Qi instantly devoured Asura GUI. His body, which was in the process of self-recovery, crumbled and shattered again.

Bai Gutang, who was severely injured, couldn't Dodge in time and was swept in.

...

The sword Qi carried the two of them over a thousand feet away.

Bai Gutang spat out a mouthful of blood and fell from the sky.

The Asura ghost roared again and again, and his entire body continued to collapse. It was as if the backlash from his different limbs had been triggered. His flesh twisted, fused, disintegrated, and all kinds of strange forces attacked. In the end, he gradually melted into a disgusting ball of meat and fell from the sky.

“Bang!”

The meatball fell to the ground and turned into minced meat.

The woman sheathed her sword and slowly descended from the sky. She said expressionlessly, “Lord Bo Yuqing, foster father sent me to take you back.”

Bo Yuqing's face twitched and he said, “Liu Feiyan, your strength is improving so quickly!”

“Thank you for your praise, my Lord,” Liu Feiyan said.

Hmph! Bo Yuqing snorted. go and tell Lu congzi that I know everything about what happened back then. Also, he used me as an experiment. I'll settle this score with him sooner or later!

“I don’t intend to meddle in the grudges between you and foster father, but it’s not up to you whether you leave or not.” Liu Feiyan said.

“What, you want to kidnap me back?” Bo Yuqing said angrily.

Liu Feiyan smiled lightly like a spring breeze and said, “Why not? However, I still hope that my Lord will be willing to follow me. After all, you once taught me swordsmanship, so I have great respect for you.”

I didn’t expect Lu congzi to send two titled martial sovereigns just to capture me, ” Bo Yuqing said coldly. since when did my senior brother think so highly of me? ”

“Foster father has always valued you,” Liu Feiyan said with a smile.

Bo Yuqing’s expression was gloomy, but he quickly calculated in his heart. It was clearly impossible for him to escape with his current strength, so he could only place his hopes on Hu Shengfeng.

However, there was no news of Yu Shengfeng and the king level expert after their battle, so no one knew what had happened.

What worried him the most was that even if Yu Shengfeng appeared, he might not be able to defeat the two titled martial sovereigns.

He pondered for a while and said, “let’s not talk about whether I will follow you back to the sea of soul formation. This place is the great illusionary formation. I’m afraid it will be difficult to leave.

Liu Feiyan said, “it’s indeed unexpected. I didn’t think that tengguang would be forced to reveal his life formation by that Lord.” However, there are many experts in the formation, and it should be only a matter of time before it is broken. I will follow by Daren’s side during this period of time, so that I can take care of Daren’s safety.”

Bo Yuqing's eyes flashed, " "Good! With you by my side, I don't need to hide everywhere. I can proudly go and find trouble with those people! At this moment, Wei Qing is seriously injured. Why don't we join forces to kill or capture him?"

Liu Feiyan was shocked. She said, " I don't dare to make such a big decision on my own. It's best if you don't cause any trouble. Once the illusory formation is broken, you can leave with me.

Hmph! Bo Yuqing snorted coldly. these people from the sacred zone are too arrogant. You've just killed their people, they won't let you off.

Liu Feiyan smiled bitterly,"that's also to save Lord. If they can't understand, then I can't do anything." This illusory formation seemed to be endless, and he didn't know how big the location of the formation source was. Xuan Hua was probably also trapped in the formation. Let's find him first. With the two of us here, Daren's safety will be assured."

She took out a Jade tablet and crushed it into powder.

A ray of green light rose from it, circled in the sky, and then shot into the distance.

"Let's go," he said.

Liu Feiyan and Bo Yuqing instantly turned into two rays of light and followed the green light.

.....

"A fair fight?"

before I fought you, I had a fight with tengguang, " Yunxiao sneered. so, it can be said that you and tengguang fought me one after another. It's really fair!

Luo Qingyun frowned. it's a pity that I can't find a better situation. Now is the best time to force you to fight. If I miss it, I'll never see you again.

Luo Qingyun, " Yunxiao said, " what you're pursuing is the pinnacle of martial arts, and you just want to surpass me. But what I seek now is the stability and future of Red Moon City. If you can help me, I'm willing to pick a day to have a fair fight with you, until I knock out all your teeth and pluck out all your scales!"

A gleam of joy flashed in Luo Qingyun's eyes. He knew Yunxiao well. Although he was unruly, he always kept his word. But, he frowned and said, " "How can I help you? It's impossible for me to betray Wei Qing and stand on your side. However, I can promise you that after I enter the red moon City, I will expel the Tang family and the four extremes sect and restore the three families to their previous state of CO-existence."

"Hmph!" Ning keyun was shocked and said angrily. You don't know the immensity of heaven and earth, do you think that just because you have Wei Qing's support, you really think you are the master of Red Moon City? You're far from qualified!"

Luo Qingyun snorted and ignored her. Instead, she stared at Yunxiao, waiting for his answer.

Chapter 1447-peace

a man who is so determined to reach the peak of martial arts? " Yunxiao asked curiously. it's hard to imagine that he would care so much about the position of the city Lord of Red Moon City.

"This is my personal matter, it has nothing to do with you," Luo Qingyun said.

Yunxiao looked at ning keyun and said, " now that the Tang family is on the verge of collapse, it will certainly be unable to preside over Red Moon City. But, who do you think is the most suitable candidate, Lord Yun? "

Ning keyun remembered what ning Kewei had said to her and said, " "Naturally, it's my sister."

Yunxiao said, " ning keyue is indeed the best candidate, but her whereabouts are unknown at the moment. Red Moon City can't be without a Lord for a day. Can Lord Yun take over the city in person? "

I'm a member of Shenxiao Palace," Ning Keyun said, stunned. How can I be the city Master of Redmoon city?"

It's not a bad choice for Luo Qingyun to serve in Red Moon City temporarily," Yunxiao said with a smile.

Ning Keyun was furious. He's Wei Qing's man! Wei Qing is my father's murderer! I won't agree to this!

But Lord Yun, you just said that you're from the Divine Cloud Palace," Yunxiao said. It doesn't seem appropriate for you to interfere in the affairs of Hongyue city. Moreover, when the Lord was alive, wasn't he on the same side as Wei Qing? After today's events, how much power does Red Moon City have left to maintain its supremacy after the Tang family and the Four Extremes Sect rise?"

Ning Keyun's expression was extremely ugly. After this battle, even the three elders were seriously injured. There was no other peak nine-star expert.

It's not a bad choice to let Luo Qingyun temporarily take over the city Lord's position," Yunxiao said. At least, it can form a balance with Wei Qing again. Even if you can find a suitable candidate, after today's matter, who in the Red Moon City can take it if Wei Qing sends people again? Moreover, the nine ghost Asuras in Luo Qingyun's hands can even kill divine transcendence experts."

Ning Keyun was silent. After Ning Kewei's death, the Red Moon City had really lost a chess player who could play against Wei Qing, and had completely become a chess piece.

Uncle-master," Han Junting said, "letting Luo Qingyun take over the city Lord's position might be the best and only choice.

Ning Keyun sighed and said, "I have the heart but not the strength to deal with the matter of the Red Moon City. This is where I was born. I don't want to see it fall. You guys can make the decision. I'll decide what to do after I find my younger sister."

She was no longer stubborn, and she knew that she could no longer be stubborn. The trend was inevitable, and it could not be changed by a person.

don't worry, li Yunxiao," Luo Qingyun said. I'm a good friend of miss Ruobing. I won't let her suffer.

in the battle on qionghua Island of Tianshui a few years ago," Yunxiao said with a sigh, " I never dreamed that you would one day become the Overlord of the world and one of the seven great sects.

"How could I have imagined that a random encounter would turn a native monkey of the southern mountain range into the sky that countless young heroes of this era look up to?" Luo Qingyun said.

"The sky?"

Yunxiao smiled wryly. Countless young people in this era had far surpassed him in his past. If he hadn't lived two lives and had the great expansion divine technique and the divine realm tablet, he would have long been shaken off by the young people of this era.

Han Junting's body trembled as she looked at Yunxiao with a complicated expression. A hint of disdain flashed in her eyes, and her eyes became a little cloudy.

"Let's think of a way to break out of this illusionary formation first," ning keyun said."It's not a good idea to stay in there all the time."

"Yao Li told me about this Grand illusionary formation before," han Junting said."She seems to have a way." "Previously, I was also very wary of these demons, so I unconsciously left a secret Mark on her. Now, it's just right to come in handy," she said slowly.

Everyone's expression changed slightly, secretly thinking that this little girl's thoughts were too deep.

Yunxiao, feini, and the others had strange looks on their faces. They hurriedly circulated their divine senses to check their bodies to see if they had been branded or something.

Han Junting's face darkened. those demons are not of my race. That's why I have to be careful. You're all of my race. I don't have the time to leave my mark on you!

Suddenly, Fei Ni frowned and a strange look appeared on her face. She opened her mouth and spat out a thread of green light.

She grabbed it with her hand, and the green strand turned into a symbol and disappeared in the air.

“What is this? Sister Junting, explain it to your sister!”

Fei Ni’s face was filled with anger, the elemental energy on her body was like fire, and her eyes flickered with a cold light.

Han Junting looked a little embarrassed and said, “This, this bit isn’t young lord Ni’s Heavenly Phoenix Nirvana body. It’s rare in the world, so I just want to study it.”

Yunxiao was a little worried when he found no problem after checking it again, so he checked it again and breathed a sigh of relief.

Even ning keyun, Luo Qingyun, and grandma sunflower were secretly using their divine senses to check if there was anything wrong with themselves.

Han Junting seemed to have noticed it and said angrily, “grandma sunflower, what are you doing?!”

“No, I’m just meditating to regulate my breathing,” grandma sunflower replied, shuddering.

Han Junting felt like she was being isolated. Everyone was looking at her strangely. She said coldly, “I’m going to chase after li now. Don’t come if you’re afraid I’ll leave an imprint on you.”

She took out an astrolabe, drew a few seals in the air, and inserted them into it.

The astrolabe immediately began to spin. The needle on it trembled and then pointed in a certain direction.

Han Junting looked at the crowd coldly. She grabbed in the air and threw a Golden Leaf out.

The Golden Leaf suddenly grew to a size of half an acre.

“If you’re not afraid, then come. If you’re afraid, then get lost!”

let’s go! she shouted and walked up first. At the same time, she kept making hand seals and sent them into the huge Golden Leaf, which turned into a stream of light and flew away.

Everyone moved and flew into the Golden Leaf. The Golden Leaf was like a battleship, flashing in the sky and then disappearing.

Half a day later, the Golden Leaf appeared in the sky above a Valley with a strange terrain.

After that, he made a turn in the air and flew toward the valley.

Ning keyun frowned. what a strong elemental energy fluctuation! Someone has fought!

that’s Yingluo! Someone’s running away!

Yunxiao cried out in surprise, and a strange light flashed in his eyes as he vaguely saw a figure flying through the air.

“They must have noticed us,” han Junting said. She took out the astrolabe, and the needle on it began to spin. The vibrations were so strong that it seemed impossible to determine the position. fortunately, the mark on Li’s body is still there. It’s just that we are in a fluctuation of space at the moment. We can determine the position later.

The Golden Leaf swayed a few times in the air before falling into the valley. There were indeed traces of a battle on the ground.

Not far away, there was a corpse lying on the ground. There was a big hole in his chest. He had died.

“This person is Yingluo.”

Han Junting stared at the man for a while and said, “He looks familiar, but I can’t remember who he is.”

...

Ning keyun bent down to check the man’s injuries and said with an ugly expression, “we’re in big trouble. This person is a peak nine-star expert. His strength is not below mine!

a peak nine-star martial artist’s chest was crushed by a punch?! han Junting exclaimed.

look at the wounds all over his body,” Yunxiao said. he was not killed in one move. He must have been fighting for a while. However, for those demons to have such a powerful expert, I’m afraid that their strength has already exceeded our expectations.”

Fei Ni blinked and laughed, “what are you afraid of? we have Luo Qingyun here. Those nine ghost Asuras are not to be trifled with.” Even if a divine transcendent came, he would still be killed.”

“Hmph!”

Luo Qingyun snorted and didn’t say anything. What he said was true.

It was just that everyone felt a little uncomfortable. Just a moment ago, they were terrifying existences on opposing sides, but in an instant, they had become comrades.

Life was really like a game of chess and a dream.

The nine ghost Asuras were sitting obediently behind Luo Qingyun. The injured ghost Asura number seven was glowing with light, and his body was healing itself.

Suddenly, Yunxiao raised his hand, and a sword beam shot out from between his fingers as he shouted, "Who is it?"

"Bang!"

...

The space not far away was cut open, and a man's figure fell.

The man spat out a mouthful of blood on the spot and hurriedly said, "Don't attack, it's me!"

Everyone looked over and saw that it was the sacred zone's Finance Minister, hei Ji. He was covered in blood and looked extremely pathetic.

who injured you like this?" Yunxiao asked suspiciously. who did it?"

Zi Xiao Ji's eyes revealed a look of fear, "demons! Those demons are so strong!"

what?" Yunxiao frowned and shouted, "be more specific!"

the leader of the sacred zone's First Division, "ning keyun said coldly. you look like a dog in such a sorry state!"

Zi Xiaoji swallowed his saliva, feeling as if he had just survived a disaster. Seeing that Luo Qingyun was also there, he immediately heaved a sigh of relief, "You don't know how powerful that demon is. Originally, I had already forced Tang Qing into a desperate situation, but now I was also rescued by them. The person who was killed was also a Saint realm expert, Wei Yong. However, he was a little suspicious and said, "He's Bai lingyue's subordinate. Why is he here?"

how many of them are there? ” Yunxiao asked. how many are there? ”

Zi Xiaoji’s expression was strange as he shook his head, ” “I didn’t see Qianqian clearly. There were two demons in total who killed Wei Min and seriously injured me, but there seemed to be a few more hiding in the surroundings. I thought I would die for sure, but fortunately, you came.”

Yunxiao’s face turned unsightly. At least two demons had reached the peak of nine-stars, so it was very likely that these demons had recovered their strength!

Zi Xiaoji wiped the cold sweat off his forehead and said awkwardly, ” “Luo Qingyun, how did you two end up together? Could it be that Lord Wei Qing has made peace with you?”

“It’s just that I personally made peace with them, it has nothing to do with Wei Qing,” Luo Qingyun said.

“Zhenzhen, my friends, Lord Yun, young master Yunxiao, let’s make peace,” Zi Beiiji said.

“Peace?” ning keyun coldly replied. I’ll kill all of Wei Qing’s lackeys I see. Today, I’ll kill you first!”

young master Li Yunxiao, save me! Zi Linji said in a hurry. I still owe you my life. If I die, I won’t be able to pay you back, and it will be a great loss for you.

Yunxiao was a little speechless. He patted his head and said, ” “I can spare your life, but tell me, what’s the value of your life? What’s the use of keeping something that’s worthless?”

Chapter 1448-main body

young master Yunxiao, you must be joking, ” Zi Beiiji hurriedly said. I’m the head of the Holy region’s finance department. I’m in a high position and have great power, and my wealth is comparable to that of a country. If you say that I’m worthless, then there aren’t many people in the world who are valuable, hehe!”

all right, ” Yunxiao said. open your mind and let me leave a mark on it, and you’ll be able to live. He

Zi Xiaoji's expression changed and he said furiously, "Do you know what you're saying? Not to mention that I'm the leader of a division and a peak nine-star expert. My name is well-known in the world. How can I be humiliated by you like this?"

Leaving a mark in one's sea of consciousness was equivalent to handing one's life completely into the hands of the other party. As a slave or a servant, one could live and die with a thought.

"Pa pa! Pa pa!"

great! Yunxiao clapped his hands and praised, "Lord Zi Xiaoji's eternal Spirit is worthy of our admiration. The look of admiration on his face instantly turned into a cold killing intent. He waved his hand and said, "Grant his wish, kill him!"

"?! Wait!"

Zi Xiaoji sucked in a cold breath and suddenly spread out his five fingers to stop everyone, "Let's talk this out! We're all well-known figures in the realm of heavenly martial arts, so there's no need to fight and kill each other. If the conditions for peace are not enough, we can always talk about it again."

Yunxiao stepped forward, patted sorrowful silence on the shoulder, and pulled him to the side as he said in a low voice, "How about this, give me a copy of the Holy region's income and expenditure accounts for the past thirty years, and we'll be friends, not enemies."

"No!"

Zi Xiaoji's entire body trembled, shaking his head like a rattle-drum. He said repeatedly, "No, no, if I do this, I'll instantly become the number one traitor and die without a burial place."

what about the ones in the last ten years?" Yunxiao asked.

"No, absolutely not!"

Zi Bei's face was bitter as he trembled, "Young master Yunxiao, why don't you change the terms to something I can accept? Besides, it's the financial situation of the sacred zone. Why are you looking at it?"

The rest of the people also looked at each other with strange expressions, not understanding why Yunxiao would look at these useless things.

Only Han Junting's face lit up with surprise, as if she had understood Yunxiao's intention.

Hehe, Lord Zi Xiaoj, you also know that your status is noble and your name is known throughout the world. How can you sell the life of such a precious person at such a low price?"

Why would I come here if it were an ordinary condition?" Yunxiao sneered. I don't need it. It's better to kill a peak nine-star expert and the leader of a division of the Holy region to satisfy my craving!"

Ever since Luo Qingyun and Asura ghost appeared, he realized that the Holy region was far more complicated than he had thought.

Moreover, Di Jia had once said that The Last Avatar of the demon master was also suppressed inside.

With the existence of such a huge force, the best way to figure out its various operational relationships was to check the financial breakdown.

For example, Wei Qing's research on these ghost Asuras must have received the full support of the Ji finance department. With a massive amount of resources invested, he was able to create so many terrifying existences.

Moreover, from the various financial situations, one could directly measure the size of the sacred zone.

Zi Xiaoj also knew the key point, so how could he be willing to let it go, "I'd rather give you all my wealth than do such a thing. Don't mention this again."

Yunxiao's face turned cold. so, you're saying that if the deal fails, I'll have to start a killing spree? " he asked.

" you want me to take out the accounts? " Zi Beiiji said with a long face, " that's no different from killing me!

how about this? " Yunxiao said. have a good talk with me about Wei Qing. If you do well, we'll write off all the previous grievances. If I'm not satisfied with the negotiation, then hehe."

Lord Wei Qing is the ruler of the sacred zone, " Zi Linji said. his rank is above mine. How would I know his situation? this is the first time I've seen these ghost Asuras.

how could Wei Qing have developed these things without the financial support of the sacred zone? " Yunxiao said coldly. As the head of the finance department of the sacred zone, would the inexplicable consumption of a large amount of resources not attract your attention? Zi Xiaoji, you're continuously wearing down my patience, you're looking for death!"

"Young master Yunxiao, you've really misunderstood me," Zi Beiiji hurriedly said. Although I'm in charge of the finance department, the large expenses are all approved by the higher-ups." the only thing I can reveal to Lord Yunxiao is what Lord Wei Qing has done, " he said in a low voice. it costs one-third of the sacred zone's annual budget.

one-third?!

Yunxiao was taken aback. With the size of the Holy region, a third of it was definitely an astronomical figure.

Even ning keyun and the others, who were not shrewd, felt that this amount was too large and was definitely not normal.

Ning keyun's face turned ugly and she said, " "In that case, the other rulers also know about Wei Qing's ghostly things? Or perhaps this was the intention of the sanctum in the first place?"

Cold sweat trickled down Zi Xieji's forehead as he said awkwardly, "It's hard to say. But even if Lord Wei Qing has some small tricks up his sleeve, with such a massive investment of resources, the other rulers will definitely ask about it."

Yunxiao's face was gloomy. If the other four also knew about this, then Wei Qing's attitude toward Red Moon City might be the attitude of the sacred zone.

Making an enemy of Wei Qing and making an enemy of the sanctuary were two completely different concepts.

Zi Xiao Ji looked at the ghost Asuras with a strange expression and a look of surprise flashed across his face, "But then again, these investments are really worth it! Lord Wei Qing is truly an amazing genius! I was very dissatisfied and complained about these expenses before, but now it seems that I was short-sighted."

He immediately sensed the killing intent from the others and shut his mouth.

so, you don't even know how many of these ghost Asuras there are, and how many resources are needed to produce one?" Yunxiao said coldly.

"What you want to know is how many ghost Asuras the Holy region can produce in a year, right?" Zi Xiaoji laughed bitterly. Although I don't know the exact number, the investment in the past few years has been massive. Even if the research is successful, there won't be many produced each year. As you can see, quite a few of the ingredients are the bodies of ancient beasts or even true spirits. To refine dragon blood, one must possess the bloodline of a Dragon. To be able to produce ten of them is already extremely heaven-defying."

Zi Xiaoji's statement was in line with Yunxiao's deduction, but he knew that in addition to these ghost Asuras, Wei Qing must have done something unknown to the sacred zone.

The corpse puppets that yang yuanshu had refined were the corpses of experts of the past generations, so there was no way they would support such a thing.

Although this ultimate form wasn't as freakish as Qiu Mujie, it relied on the power provided by the semi-finished dragon's blood. Furthermore, it didn't have the seven emotions and six sensory pleasures, nor did it know fear. It was even more difficult to deal with than Qiu Mujie.

"Don't worry, it's impossible to mass produce the ghost Asura. The most difficult part of creating it isn't the body of the beast, but the main body," a voice suddenly said.

"Main body?" Everyone was stunned as they looked up into the sky.

With a slight ripple, Qiu Mujie's figure appeared. The injuries on his body had completely healed. He stared at the nine ghost Asuras with a complicated expression. Finally, his eyes fell on Luo Qingyun and he said coldly, "Kid with true dragon blood, I was right, right?"

what?" Yunxiao frowned and said, "your so-called main body is the body of this Asura ghost, right?" He seemed to have thought of something and was shocked. Could it be that Qianqian?"

Luo Qingyun looked at him indifferently and said, "That's right, you're right. The biggest bottleneck for the ghost Asura is not the ferocious beast's limbs, but his main body."

He turned around and glanced at the nine ghost Asuras. A complicated look flashed through his eyes as he said, "These nine people were the same as me, they all had extremely strong bloodlines, that's why they were chosen as test subjects. It was the same for RUO Xiang before, but they failed and became ghost Asuras, while I succeeded. Otherwise, Yingluo might have been number eleven."

His face and tone were extremely calm, but when everyone heard it, it caused a Thousand Waves and a chill to spread in their hearts.

In particular, feini, who had the blood of the heavenly Phoenix, was pale. Looking at the nine ghost Asuras, who had a dazed and ferocious expression, he could not help but tremble.

Zi Xiaoji's face was also pale and extremely unsightly.

...

“Dragon blood can’t be extracted and refined on its own. Only the body of a dragon descendant can be used as a ‘container’.” Therefore, any experiment could only be carried out with the ‘main body’ of dragon blood. Even the chances of ghost Asuras being formed are extremely low, and most of the ‘main bodies’ have been turned into ashes during the experiment.”

Everyone’s hair stood on end.

Han Junting frowned and asked, “don’t you hate Wei Qing?” If you fail, you’ll be a walking corpse, a mindless dog.”

“Hate? Haha, why would I hate him? The result was that I succeeded and they failed.”

Luo Qingyun laughed wildly, but his laughter was very cold, which made everyone’s hair stand on end.

so, you don’t have to worry, ” Luo Qingyun said to Yunxiao. we’ve been his test subjects for many years. He won’t be able to produce any more finished products in a short time.

Yunxiao was also shocked. Looking at Luo Qingyun’s calm expression, he could not help but admire him. How much pressure had this young man been under all this time?

He raised his head and asked, “Feng zijie, how much more do you know about this?”

“I’ve always thought that Wei Qing was behind this,” Qiu Mujie said coldly. “I didn’t expect that the sacred zone would openly support it.” Hehehehe. Back then, when I experimented on human bodies, those pedantic old fogeys in the sea of soul formation said that it was a crooked and evil way that was against the heavenly Dao. What about the behavior of the Saints? Hehe, I really want to see what the sea of soul formation elders think about this.”

don’t make wild guesses before things are clear, ” Zi Beiji hurriedly said. this matter might have been done by Lord Wei Qing alone.

A cold gleam flickered in Yunxiao's eyes as he said coldly, "it seems like the key to this matter is still Wei Qing. As long as we capture him, everything will be clear!

...

"Capture Wei Qing? I'm afraid it'll be very difficult, right?"

Han Junting's eyes narrowed slightly as she glanced at Luo Qingyun. Her hint was obvious. The nine Asuras in front of her was an obstacle that was difficult to overcome.

Chapter 1449

1449 The great illusionary Palace

"Hehe, I'm afraid this true dragon brat has no choice," Qiu Mujie said with a sneer.

Luo Qingyun's eyes turned cold and he said, "You know a lot?"

The nine ghost Asuras behind him instantly opened their eyes. At the same time, their bodies flashed, and they surrounded Qiu Mujie from top to bottom, making it impossible for even a drop of water to pass through.

Qiu Mujie's expression changed drastically, and cold sweat dripped down his forehead. He wiped it off and said in a daze, I'm just guessing. Don't get angry. Young people need to learn to control their emotions.

Anyone would have to admit defeat under the gaze of nine peak Martial Emperor powerhouses.

Everyone suddenly had an illusion that Luo Qingyun might have become the most powerful person in the world.

Yunxiao crossed his arms over his chest and said thoughtfully, "I also agree with Qiu Mujie's deduction. There must be a restriction on Luo Qingyun's body. Wei Qing would definitely not allow himself to be out of control. With such a powerful combat force running around outside,"

Luo Qingyun's eyes flashed with gloominess and he said coldly, "My business is none of your business. But if you want to deal with Wei Qing, I will not stand by and do nothing!"

"It seems like it'll be difficult to catch Wei Qing," Han Junting sighed.

"Not necessarily," Yunxiao said. Don't forget that there are still a few transcendent existences under this illusion. If they can help us, our chances of success will be very high."

Ning Keyun Ningsi said, 'the only ones who can attack now are the divine transcendence expert from the sea of soul formation and young master Yu. The arrow before the illusion appeared should be the Silver Moon Xuan Hua, right?' If the three of them were willing to help us, we would indeed have a great chance of capturing Wei Qing, but why would they help us?"

Yunxiao smiled strangely and said, "the one in the sea of soul formation forced Tengguang into a desperate situation. I'm afraid he has also lost a lot of his primordial energy. Gongzi Yu has always been mysterious, and he's not the kind of person who's easily persuaded. I'm confident that I can persuade Xuan Hua."

"You know Martial Emperor Silver Moon?" Ning Keyun was shocked.

"It's a long story," Yunxiao said. However, it was not enough to rely on Xuan Hua alone. Yao Jinliang alone was enough for him. In my calculations, there are other people who can really be used by us."

"Who is it?" Everyone was curious.

Luo Qingyun's face was even uglier. He said coldly, Li Yunxiao, are you showing me contempt by saying this in front of me?"

I know you've always been magnanimous," Yunxiao said with a smile. Besides, isn't an incisive battle what you've been longing for? I'm helping you look for a worthy opponent. I'm sure you won't be disappointed."

"I know who you're talking about," Han Junting suddenly said.

Yunxiao was surprised. As he looked at Han Junting's watery eyes, his heart suddenly moved. His intuition told him that she had really thought of it.

Smart women are scary," he praised from the bottom of his heart. Beautiful women are also scary. With both, it's extremely scary.

"I'm stupid, that's why I'm cute," Feini chuckled.

Ning Keyun stomped her foot and said, "Junting, who are you talking about?" Hurry up and say it, I'm so anxious!"

Han Junting looked at Wei Yong's body on the ground and said, "In this illusory realm, other than the few people martial uncle mentioned, the only ones who can deal with these nine ghost Asuras are those from the demon clan!"

Ning Keyun replied, "The monster race?" But why did they help us kill the ghost Asura?"

Han Junting said, "Lord Zi Xiaoji just said that the demon race saved Tang Qing. Tang Jie was with Yao Li just now. It's obvious that they're on the same side. Luo Qingyun is the one who robbed Tang Qing of the city Lord of the Crimson Moon City."

Luo Qingyun frowned, snorted disdainfully, and said in a cold voice, "If those people of the monster race don't know what's good for them, I'll send them and Tang Qing to heaven!"

Yunxiao laughed. See? This is an irreconcilable conflict. As long as we send Luo Qingyun to the place where those demons are, and with a little instigation, they will easily fight.

"You coward!" Luo Qingyun was speechless.

"If that's the case, we do have a chance of winning," Ning Keyun said after some thought.

“If that’s the case, I’ll have to make you all stay here forever,” Luo Qingyun said coldly.

there’s no need to lie to your heart,” Yunxiao said with a smile. in fact, you want us to deal with Wei Qing. I don’t know if there’s a restriction placed on you, but I know that a proud expert who possesses the true dragon’s blood will never be willing to be under someone else.”

His eyes turned cold, shooting out cold stars as he said, “ because you’re a true dragon. You’re going to cross the sky!

Luo Qingyun clenched his fists tightly. The fluctuation of his emotions caused the elemental energy around his body to ripple. It was obvious that he was not calm.

Everyone’s heart trembled slightly.

Luo Qingyun, who now possessed level 10 God blood, was bound to become one of the most dazzling new stars in the world.

it’s difficult to even meet those divine transcendence experts,” han Junting said. I didn’t expect so many of them to be here. I’m afraid half of the world’s top experts are trapped in the great illusionary realm.

Yunxiao suddenly laughed. hehe, if Teng Guang dies, this great illusionary land will directly turn into a killing array and kill everyone. Then, Teng Guang’s death will be worth it.

Zi Xiaoji said angrily, “ Teng Guang is too sinister. I didn’t expect him to be such a person. Even if he dies, he’ll drag everyone along!

that’s normal,” han Junting said. I would do the same if I had the ability.

Ning keyun’s body suddenly trembled. She looked at her in surprise, as if it was the first time she felt that her martial nephew was so scary.

Han Junting took out the astrolabe and said, "It's fortunate that Li hasn't discovered the mark yet. Let's hurry up and leave. Those demons aren't far away."

She waved her hand, and the Golden Leaf flew over. Everyone jumped on it, turned into a golden light, and disappeared.

After a few hours, on a vast ocean, huge waves were surging.

A ray of golden light shot out from the void and turned into a Golden Leaf, which flew forward quickly.

The Golden leaves rode the wind and broke through the waves, splitting the entire sea into two and surging to the sides.

"BOOM!"

Suddenly, a wave exploded on the sea in front of them. A completely black human-shaped monster stood up. It was three hundred meters tall, and it held a Trident in its hand. It roared and stabbed down.

"Is this an illusion?" Han Junting asked.

Yunxiao shook his head. I don't know. Anything can happen in the great illusionary realm. I'll just kill him.

"I'll do it," said Bei Xiaonan.

He walked to the front of the Golden Leaf and pulled out his sword with a clang. A huge flying sword appeared above the Golden Leaf and flew with the leaf.

"Ten thousand fathoms, traceless!"

The eternal Imperial Sword in his hand slashed out, and the huge shadow of the flying sword suddenly flew forward, splitting the entire sea and sky!

...

“BOOM!”

The huge human-shaped monster let out a miserable roar. Its entire body was split into two halves, and fresh blood burst out, spraying all over the sea.

As soon as the monsters were killed, the sun shone down and the sky was clear.

“That’s Yingluo.”

Han Junting was taken aback as she stared straight ahead. In the distance, on the surface of the sea, amidst the mist, she could see a Palace standing tall.

great illusionary Palace? ” Yunxiao was surprised. great illusionary Palace? ”

“That must be it!” Han Junting said happily. That Yao Li must have gone to break the formation! Are we just going to wait and see?”

with Li’s strength, he may not be able to break this array, ” Yunxiao said thoughtfully. let’s follow him and have a look. We just need to be prepared to adapt to the situation.

“Yes, leaving this place is our top priority,” han Junting nodded.

The Golden Leaf’s flying speed suddenly increased, and it was as fast as lightning.

After the time it took to brew a cup of tea, the Golden Leaf stopped in front of the huge Palace. The palace was magnificent, with 18 huge pillars supporting the main hall. At the top of the main hall, there were a few large words painted. It was the great illusionary Palace!

...

"As expected!" Han Junting's eyes lit up with joy, "Those demon clansmen and Teng Guang are most likely inside." Her most ardent wish was to leave as soon as possible, and she did not care about capturing Wei Qing.

why does this Hall look so strange?" Yunxiao asked curiously.

"Such a heaven-defying formation. It's strange," ning keyun said.

maybe there are other people inside," han Junting said. let's go in.

Everyone looked at Yunxiao, as if he were their leader.

I have a feeling of uneasiness," Yunxiao said after a moment of silence. it doesn't seem to be so simple.

"Could it be that all the powerhouses have already gathered in the clouds?" ning keyun frowned.

"Since we're already here, let's take things as they come. There's no reason to retreat," Zi Linji said.

alright," Yunxiao said. since everyone thinks we should go in, I naturally have no objection.

Han Junting quickly cast an art on the Golden Leaf. With a flash of light, it turned into a shadow and penetrated through the hall.

The scene in front of everyone's eyes brightened. The light in the hall was blinding, and there were actually countless bright lamps embedded in the surroundings, making it a resplendent scene.

“Ah? This is Yingluo.”

Han Junting suddenly exclaimed, ” “Soaring light!”

A man was currently sitting on a throne encrusted with gold and Jade in the vast Hall, and his face was abnormally pale.

Teng Guang slowly opened his eyes, revealing a strange expression, and said, ” “You guys are here, Yingluo.”

Han Junting bowed and said, ” “Junior greets Lord King level master. Please put away this array and let us go.”

“Release? Hehe, this Lord’s life is hanging by a thread. No one can leave, all of you can stay and die with me, haha!”

Teng Guang’s face flickered with a demonic color and revealed a cruel expression.

“My Lord, if I can cure your injuries, will you let us go?” ning keyun asked.

Teng Guang snorted coldly and said, “of course you can cure this Lord!” But even I can’t do anything about it, so what can you do with just a few people?”

“I have a few peerless elixirs in my hands, so it’s not impossible,” ning keyun said.

“Oh?”

“Let me see,” Teng Guang revealed a strange expression.

Ning keyun nodded and was about to go forward.

“Hold on!”

stop! Yunxiao suddenly shouted and stopped ning keyun.

His eyes flickered with a demonic light as he stared at the stage. He pointed at Teng Guang and said, “You’re not a King level expert!”

Chapter 1450

1450 Hundred beasts array

The crowd was taken aback and looked at Yunxiao in confusion, but they were all on alert.

“Oh?” Teng Guang revealed a strange smile, and said, “If I’m not a King level expert, then who am I?”

Yunxiao seemed to have expected this. He calmly retracted his hand and said indifferently, “I don’t know who you are, but it’s most likely a trap set by li,”

“Why do you say that?” Teng Guang was stunned and frowned.

because tengguang won’t put away the great illusionary array for the sake of his life,” Yunxiao said.

“Teng Guang” was dumbfounded again. “I don’t understand what you mean. Make it simple.”

The rest of the people were also looking at Yunxiao suspiciously, but they were sure that the man in front of them was most likely not him, so their faces turned grave.

although the great illusionary array is tengguang’s Natal array, his understanding of it is limited,” Yunxiao said with a chuckle. it’s not like he can’t understand it. The real great illusionary formation was the realm of reality, which turned illusionary into reality. It was no longer an illusion. To comprehend the true great void is his lifelong pursuit of the array Dao. For this pursuit, he could die to prove his Dao.”

that doesn't mean I should die," Teng Guang said. don't tell me I don't want to live even if I have the chance? "

Yunxiao smiled. what you don't know is that tengguang has long wanted to prove the way of the great void with his life. The reason why he hasn't made a move is that he is afraid that his cultivation is not enough and he will die in vain. And this great void realm can already pass off as the real one. I'm afraid that the current situation is exactly what tengguang wants. How can he give up the formation's development just because he wants to live?"

"Soaring light" was stunned,"die for Dao? What a lunatic! It seems that breaking this formation will be far more difficult than I imagined!" Yunxiao? " he gave Yunxiao a look and asked, " you are li Yunxiao, right? "

This time, it was Yunxiao's turn to be stunned. "A strange person actually knows me?"

"Hmph! I'm not a random person!"

Teng Guang stood up immediately and his aura began to change. His entire figure became blurry and slowly turned into a stranger's figure. On his forehead, three small round arrays were carved, and they were crossed by a horizontal line.

He had a handsome face, but his body was in a demon form. He stared at the crowd coldly and said, " I am Chang 'an of the ugly monster clan of the eight monster tribes. You can call me Lord an.

"The eight demonic tribes!"

Everyone was shocked. There were eight most powerful races in the monster race, and they were called the eight divisions.

Back then, rain was once a member of the prison demon clan of the eight tribes. However, after the prison demon clan's demonstration, they were eventually squeezed out of the eight tribes.

The eight tribes were the eight most powerful tribes in the current demon race!

And this person was actually the clan leader of one of the eight tribes, his strength was not to be underestimated!

Yunxiao's heart sank, and his face turned extremely solemn. Other than Shang, Li, Yi, and Fu, there was a new monster race, and it was the leader of the eight tribes.

That meant that Shang had already made contact with the monsters in the starry lunar illusion, and had formed an alliance.

Looking at Yunxiao's face, Ann did not know that he had thought so much. She thought that he was frightened, so she snorted and said, "It's useless to be afraid. Since I've appeared, it's your doomsday!"

His eyes were cold as he said coldly, "Daring to injure Lord Li and leave a mark on her body is already a crime worthy of ten thousand deaths! Besides, Yunxiao is a man who Lord Li has repeatedly urged us to kill!"

Han Junting's face turned pale and she gritted her teeth, "So Li Zao already noticed it!"

An Cui laughed. The Jiuli tribe is one of the most ancient tribes of the demon race. If it wasn't for the fact that Lord Li's powers have yet to recover, how could you mere ants hurt her? "As for that childish brand, it's even more laughable."

Han Junting's face was filled with embarrassment and anger. She was obviously angry that she had fallen into the trap.

An's eyes revealed a strange look, and she stared at her with a lustful look. "You're quite pretty. I didn't expect there to be such a beautiful woman among the humans. I'll spare your life, and you'll be my slave from now on, serving me with all your heart."

Han Junting's anger and embarrassment turned into killing intent as she said coldly, "You reckless thing!"

“Hahaha!”

Yunxiao could not help but laugh and said, “Many thanks for Lord Li’s care. Then this great illusionary Palace is also fake?”

Ann waved her hand, and a stretch of demonic words appeared with the flip of her sleeve.

The scene in the hall changed, and they appeared in a desert. There were hundreds of stone pillars around them, and they were all inserted into the ground. Array runes appeared around the stone pillars, and the pillars were covered with all kinds of strange demon characters. The entire desert was covered with countless array runes, and it looked very messy.

“This is the heaven-destroying hundred beasts formation left behind by Lord Li to take your lives!” Ann said coldly. I’ll leave someone to supervise the formation to prevent any fish from escaping.”

Yunxiao was taken aback. The arrangement and arrangement of these pillars were very similar to the pillars of true spirit in the ocean emperor’s palace, and there seemed to be some connection between the two.”How’s the power of this formation? I hope that Lord an can explain it to me so that I can die in a clearer way.”

“Hmph! There’s no need to explain, you’ll know its power very soon!”

Ann’s figure flashed and she teleported to a huge stone pillar. She used one hand to form a seal.

The seal suddenly became bigger and covered the entire area within a thousand feet in an instant. All the stone pillars seemed to be injected with power and turned green like jade.

“Roar!”

Suddenly, a beast’s roar rang out, followed by a second, and then a third.

Everyone was shocked. The Phantom of a fierce beast appeared in each Jade pillar, slowly emerging above the Jade pillar and turning into reality.

“This bi an ...”

Everyone was dumbfounded. The so-called hundred beasts array was actually made up of a hundred beasts, and it seemed like there were more than a hundred of them.

The auras that these ferocious beasts emitted were all abnormally fierce, and they were not any weaker than the ghost Asura.

“This Suan ni, this Suan ni”

Everyone’s heart turned cold. They huddled together back to back and stared vigilantly at the ferocious beasts in all directions. Their palms were covered in cold sweat.

Zi Xiaoji swallowed and said with a shiver, “These, these fierce beasts can’t all be real, right?”

“How is that possible?” han Junting gritted her teeth. A hundred peak nine-star fierce beasts? With this kind of power, that li would have long been the king of the realm of heavenly martial arts!”

Everyone felt that his words were reasonable, and the chill in their hearts suddenly lessened.

Yunxiao’s moon-like pupils flickered with a strange light as he said in surprise, “ Yao Li’s comprehension of formations is extremely high. These beasts have borrowed the power of the great illusionary land. They are neither real nor fake, both real and fake!

what do you mean? ” ning keyun frowned.

these beasts are real, ” Yunxiao said. they are just not as strong as they are. Furthermore, this formation had already been integrated into the great illusionary formation and had become a part of it. Li really isn’t an array master like Teng Guang. Perhaps she can really break the great illusionary array!”

Ning keyun's face turned green and she said, "You're saying that the hundred beasts are real?"

...

"Roar!"

The ferocious beast closest to her transformed from the Jade pillar and pounced down with a loud roar.

Ning keyun formed a palm with one hand and slapped it directly without any moves.

"Bang!"

The beast let out a blood-curdling screech as it was forced back dozens of meters.

That ferocious face was covered in blood, and the violent Qi in his body was released. He roared madly and rushed forward again!

"So strong!"

what?" ning keyun was shocked and cried out, "he must have at least the strength of a nine-stars Martial Emperor to be able to take one of my palm strikes without dying. Could it be that these hundred fierce beasts are Suan ni?"

She didn't dare to finish her sentence, but everyone saw it and their hearts sank.

Even Luo Qingyun's face turned pale. His nine ghost Asuras would be torn to pieces by more than a hundred nine-star Martial Emperor demonic beasts.

“Haha, this old woman is right. Although these beasts were fake, they had the power of a nine-stars Martial Emperor. Furthermore, they are one with the great illusionary land. Unless you can break the entire illusionary land, you will have to kill them one by one! Haha, more than a hundred nine-stars martial sovereigns!”

...

Ann laughed sinisterly and said excitedly, “ you are indeed the ancestor of the Jiuli tribe. If Lord li had not been injured by you, I’m afraid you would have been able to set up the legendary ten thousand beast array, which is enough to destroy the world!

Everyone trembled. If the ten thousand beasts array was made up of ten thousand nine-star Martial Emperor beasts, it would be no joke to destroy the world.

Han Junting looked around at the Horde of beasts. Although she was scared, she still said, “ “These ferocious beasts are basically beginner nine-star martial sovereigns. Luo Qingyun’s Asura ghost can fight ten of them at once, so there’s nothing to be afraid of. With us, we’ll definitely win.”

Yunxiao nodded and said, “ I thought it was just the few of us. I didn’t expect a freak like Luo Qingyun to come. It’s already a great honor for us to set up such a great formation. But, we still miscalculated.

“Miscalculated? What nonsense are you guys talking about?”

“Could it be that he’s gone crazy from fear and is starting to spout nonsense?” an cui said with a smile.

“Hmph, nonsense?”

Luo Qingyun snorted and waved his hand, “Kill!”

With one word, the entire crippled hundred beasts array was filled with killing intent.

The powerful auras that burst out from the nine ghost Asuras instantly condensed into a barrier and turned into a violent wind that attacked the surroundings.

The strength of the astral winds directly sent some of the ferocious beasts that were closer flying.

“What?”

Ann was suddenly shocked, her eyes instantly popping out and her mouth opening wide.

Although he had noticed the nine strange-looking things in the beginning, he did not pay much attention to them. At this moment, the power that burst out was actually peak nine-star!

“Kill!”

Luo Qingyun shouted again, and the ghost Asuras “figures flashed and rushed out in all directions.

He also reached out and grabbed his spear as he charged into the herd of beasts.

let’s go! Yunxiao shouted coldly.

Along the way, his strength had almost recovered. He directly took out the Tusita Heaven and smashed it over. With a boom, a fierce beast was smashed into a meat pie.
