

The Eternal 1451

Chapter 1451-immortal body

“What?” Ann’s eyes were wide like copper bells.

The visual impact of Yunxiao’s smash was too strong, and a fierce beast with the combat strength of a nine-stars Martial Emperor was instantly turned into a meat paste.

Not only that, but the surrounding beasts were also sent flying several feet away.

An Xin was shocked, and even Han Junting and the others were shocked.

“Haha, that mountain peak of yours is too awesome. When are you going to get one for me?”

The evil spirit’s face was full of envy as it cried out and slashed at the fierce beast in front of it.

“Hmph!”

Yunxiao retracted the mountain, took out his ice sword, and slashed at it. That thing was too energy-consuming, and with his own strength, he could only use it three or four times at most.

As soon as everyone made their move, the group of beasts was instantly killed and pushed back. A large number of them fell down, and their formation was in chaos.

Ann suddenly came back to her senses and hurriedly pointed out with her right finger, drawing a seal in front of her. Very quickly, a Scarlet seal was drawn and she slapped it down, shouting, “All of you, get up!”

The seal pressed on the stone array, and a red light flashed, as if a trace of blood was spreading.

“Roar! Roar!”

Deep roars spread out from the formation. The eyes of all the ferocious beasts began to turn red one by one. The long fur and scales on their bodies also began to change color.

The brutal aura of the ancient barbarian spread throughout the entire array, forcing everyone to feel a little breathless.

“The beasts in the illusion can go berserk?” Han Junting was shocked.

“A bunch of boring cats and dogs, let’s kill them slowly!” Luo Qingyun said coldly.

He thrust his spear forward and struck the scales of a ferocious beast with a clang, causing sparks to fly.

He couldn’t help but frown. He patted the spear with his left hand, causing countless golden waves to rise before stabbing it in.

“Roar!”

The beast’s eyes were bloodshot, and it rushed up even though its stomach was pierced. It used its sharp horn to hit Luo Qingyun!

Luo Qingyun didn’t retreat or dodge. The five fingers of his left hand opened, turned into a Dragon Claw, and suddenly clawed forward.

“Bang!”

A brutal aura exploded in his palm, shaking the surrounding space, but it couldn’t push him back.

“The power of these things has indeed increased by quite a bit.”

Luo Qingyun's pupils shrank and he shouted, "True dragon break!"

The spear stirred, and a Dragon's might spread out from his body. It turned into golden waves that swept out along the spear and directly blasted into the body of the beast.

"BOOM!"

Green gas came out of the beast's body, and its flesh exploded, turning into a bloody rain. The scene was bloody and cruel.

Although all the beasts' strength had been greatly strengthened, they were still being pushed back.

The nine ghost Asuras were no less brutal than the beasts, and under the suppression of the countless violent auras, the baleful Qi in the Dragon blood continued to spread out, making them abnormally vicious.

Besides, Yunxiao noticed a detail. Although the nine ghost Asuras had consumed a lot of their strength, they were also replenishing it very quickly. From time to time, 'mouths' would pop out of their bodies to devour their primordial cores.

For example, after ghost Asura No. 10 cruelly smashed a ferocious beast's heart with a punch, he threw a pile of primordial cores into the air, curled up his long tail, and swung it in the air.

Nine mouths suddenly appeared on the tail, which was five to six feet long. The mouths were surrounded by a circular formation, which formed a straight line. They all opened, revealing white teeth.

With a roll of its tail, the nine mouths swallowed the primordial core one after another. After chewing a few times, the primordial core slowly disappeared.

Even the nine formation circles had become extremely dim and almost undetectable.

Soon after, his entire tail was filled with surging spiritual energy. As if he had been injected with hormones, the ghost Asura No. 10 roared a few times, and his aura continued to rise.

Although these ghost Asuras couldn't use a medium like the 'battleship fish' like Qiu Mujie, which could transform vital stones into vital energy at a 100% rate and form a terrifying state that would never be exhausted, they could still recover their strength very quickly by relying on this 'vital eating pill'. This was an extremely abnormal pioneering move.

Each of the ghost Asuras wore a spatial ring on their fingers, which should be filled with primordial cores.

"Hmph!"

Qiu Mujie, who was fighting at the side, coldly snorted. He had clearly seen this detail as well, and his face was gloomy.

Yunxiao suddenly had a whimsical idea as he teased, "Feng zijie, these ghost Asuras are really similar to you. If you were to be injected with tenth-tier dragon blood, would your 'ultimate body' be able to evolve into a physical body of the late stage?"

"Your thinking is too simple," Qiu Mujie said coldly. In the study of the human body, there was no one in the world who was better than him. In the human body, there are three great barriers that are difficult to overcome, namely the soul, the bloodline, and the genetic chain."

"Based on my research on bloodline power, as long as the concentration of dragon blood reaches thirty percent, the other 'vessels' will not be able to withstand it. Thirty percent is like a chasm that is hard to cross, and according to my estimation, the tenth-grade blood is at least ninety percent!"

"If such thick dragon blood is injected into my body, the danger will be even greater than the five major poisons of extinction. It will definitely destroy the balance of my 'ultimate body', causing my physical body to completely collapse! Wei Qing chose the 'main body' to modify, so the higher the original concentration, the better. Otherwise, the investment would be too great, and even the sanctuary-realm would not be able to withstand such losses."

what? ” Yunxiao was shocked. if we can develop a ‘container’ that can withstand the Dragon blood, does that mean we can mass-produce ‘true spirits’? ”

Qiu Mujie frowned. in theory, that’s the case. However, the key to creating the ‘container’ lies in the breakthrough of the ‘genetic chain’ of the three major barriers. The difficulty of this research is no less than the blood barrier itself.

His eyes suddenly lit up and he said with excitement, ” I have a feeling that if I can completely unlock the ‘genetic chain’, I won’t need level 10 blood anymore. I can even sanctify my body directly!

however, with my current level of art, I can’t even figure out how many genetic chains there are in my body, much less unlock them all.

At the end of his sentence, Qiu Mujie became a little dejected and shook his head.”The bloodline research that Wei Qing chose might be the simplest of the three great strongholds. In fact, the cultivation of any godly body, including the transformation of my ‘ultimate body’, is all about opening and modifying the gene strands to release the original power of the body.”

Yunxiao kept nodding, obviously having learned a lot.

The opening of the eight gates of the physical body and the cultivation of the tyrant body tempering technique were also constantly releasing the power of the physical body.

He had similar speculations before, but after hearing Qiu Mujie’s words, many key points suddenly became clear.

As Ann watched the beasts being killed one after another while Yunxiao and Qiu Mujie talked and killed indifferently, as if they did not take the array seriously at all, she cried out in anger, ” “Damned human! I’ll personally deal with you!”

...

He leaped up and pounced at Yunxiao.

Yunxiao was someone Li Qian had repeatedly urged him to find a way to kill. If he could not complete the task, he would not have the face to see li.

Moreover, when the great demon set up the array and retreated, he had patted his chest and promised that he would kill everyone. Now, it seemed almost impossible to kill everyone, so he could only kill Yunxiao first and then think of a way.

“Swish!”

All of a sudden, a terrifying sword Qi flashed through the air, tearing through the sky without any warning and piercing through Ann’s body!

Under the sword Light, Ann was cut in half at the waist.

The upper half of his body was still in a daze. Then, his eyes widened as he looked at his broken waist in disbelief and fell.

“Pa!”

The upper half of the body fell directly at Yunxiao’s feet, and its eyes were filled with unwillingness as it slowly closed.

Yunxiao’s eyes lit up as he looked at the beautiful man in white in the sky and said, “Beifeng Nan, your power seems to be recovering.”

The person who had just attacked was beifeng Nan. He nodded and said, “perhaps it’s because I’ve absorbed the spiritual energy. In addition to My Immortal body, I do feel an increase in power.

...

When he first came out of the black Tortoise starry sky, his power was so strong that he was not even close to the peak of the nine-star, but now he could kill a peak nine-star monster with one sword. Although it was suspected to be a sneak attack, the body of a monster was far better than that of a human.

“Immortal body?”

Qiu Mujie was taken aback and sized him up, but he didn't see anything unusual.

“The person in charge of the formation is dead. Why hasn't the formation been broken yet?” ning keyun frowned.

this array has been integrated into the great illusionary array, ” Yunxiao said with a wry smile. it has nothing to do with the person in charge of the array. Let's kill them slowly. It'll be fine after we're done.

He raised his sword and was about to slash at a fierce beast in front of him when his body suddenly froze and stopped.

“What?”

Yunxiao's face flickered, and he quickly lowered his head. He saw that an's half-body was holding one of his feet with both hands. He should have been dead, but at this moment, his bright eyes were wide open and there was a look of ridicule on his face.

“Hehe, are you surprised? Haha, this is the innate divine ability of our ugly demon clan. This is the true undying body!”

Ann burst into laughter. Her body, which had been cut in half, suddenly grew taller and grew out a complete lower body. Then, she suddenly threw a punch at Yunxiao's heart!

“?! This Yingluo ”

Everyone was dumbfounded. At that moment, the beast in front of Yunxiao pounced on him, raised its huge, furry palm, and slapped down!

At this moment, another extremely dangerous fluctuation came silently.

At some point, the lower part of his body, which had been cut in half, had turned into a complete person. He appeared behind Yunxiao like a ghost and threw a punch at him.

The three attacks locked down the sky and the earth, completely surrounding the space.

It had happened so suddenly that the people around him could no longer save him, and Yunxiao was in no hurry to Dodge. He could only roar as a golden light glowed from his body.

He formed a hand seal with his hands and slapped at the giant hand in the sky.

At the same time, four arms appeared behind his back, each of them performing hand seals, both hands forming fists and palms, slapping forward.

He formed a hand seal with his other hand and used both moves to meet the fist behind him!

“What?”

This time, it was Ann’s turn to be shocked. The two Ann’s in front and behind both looked stunned and shocked.

“BOOM!”

The three forces collided together, and the golden light spread in all directions, soaring into the sky!

Chapter 1452-wife

At the same time, demonic energy gushed out of the golden light. Yunxiao had three heads and six arms, and countless demonic patterns covered his body in the golden light.

The demonic beast in the sky was sent flying by the hand seal. It spat out a large mouthful of blood in the air and died.

Yunxiao was struck by the two Anas, and the tremendous force shook his body, injuring him in an instant. His three heads vomited blood, and his six eyes were cold.

“?!”

Ann was shocked by his materialization state. After the attack, she immediately understood that she had lost her best opportunity. The two figures flashed in the air and actually escaped in two different directions.

“Hmph, stay!”

Beifeng Nan shouted coldly. He took a step in the air and appeared behind an Ann. He raised his hand, and a green light danced on his palm. It turned into a simple triangular mark and slapped down.

In his shock, an couldn't Dodge in time and hurriedly turned around to punch at the palm print.

“Bang!”

When the two forces collided, Ann seemed to have lost her strength because she had sent her clone out. She was forced to take a few steps back.

Bei Xiaonan stomped his foot and rushed forward, suppressing his fist print. Green light shot out from his fist and palm, turning into a dense Qi.

“This is a Kasaya.”

Ann's eyes popped out, filled with fear and shock. She saw that her fist had turned green and her entire arm had lost all feeling.

That green color was still spreading at an unimaginable speed. He had clearly used Emperor Qi to seal his meridians and acupuncture points, but it had still spread to half of his body!

"Ah!"

He suddenly let out a blood-curdling screech as half of his body instantly rotted away. He could only watch helplessly as it corroded away. Moreover, under the scene of this blood-curdling screech, his entire body turned green.

"Y-you

He opened his mouth but couldn't speak. He only spat out a few mouthfuls of green gas and fell backward. He fell to the ground with a bang and his body slowly corroded.

"?!"

Everyone looked at beifeng Nan in fear.

Now, they finally understood why the ghost king summoned by li had abandoned the offerings and fled with one move.

There was a contract between the ghost and the summoner. Not only would they lose the sacrifice if they ran away, but they would also suffer the backlash of the contract. The backlash was extremely brutal, and few people dared to violate it.

Qiu Mujie's eyes suddenly burst with light as he cried out, "Green Poison! The seven Illusion Green damask of the major five poisons of extinction! You, Who are you?"

Everyone's body trembled, and they revealed shocked expressions at the same time. The five poisons of mass extinction were extremely famous, but this kind of thing seemed extremely far away. They didn't expect it to have such divine might.

Qiu Mujie appeared extremely agitated, and his emotions seemed to fluctuate greatly. He hoarsely said, "To be able to control the five major poisons of extinction, you must have the divine body of the heaven Earth venomous body! Why have I never heard of such an expert?"

Beimang Nan's expression was calm as he said softly, "There are many experts you have never heard of."

This sentence caused Qiu Mujie to choke, not knowing what to say.

Not far away, an was also stopped by ning keyun. He was beaten up so badly that he kept spitting out blood.

"Don't you have an immortal body? Why is he still vomiting blood?"

Ning keyun said coldly. With a flip of her hand, she slapped a few more times and an Zhen fell to the ground, smashing a big pit. He was lying in the pit with blood all over his body.

"Martial uncle, stop fighting. One more move and he'll die."

Han Junting stopped ning keyun.

"Hmph, what eight demon clans, they're trash!" Ning keyun's face was gloomy and she spat.

Ann lay in the deep pit, blood flowing out of her seven orifices. She raised her hand as if she wanted to refute, but her throat made a few gulps and she couldn't speak at all.

don't kill him, " Yunxiao said. keep him for interrogation. If he doesn't say anything, I'll search his soul directly."

He had just been attacked by the combined forces of an and the other two, and his body had suffered quite a bit of injury. If he were to search his soul now, he was afraid that his injuries would worsen.

Furthermore, these demon race's divine arts were strange. If by any chance the soul power backfired, the consequences would be even more unimaginable.

Ann struggled a few times in the pit. Her eyes were filled with unyielding resentment.

"We've lost track of li, so we can only rely on him now," han Junting said. Everyone, let's kill all these beasts first."

Everyone nodded and quickly rushed into the hundreds of beasts, fighting even faster.

Li zhuangmeng did not expect that Luo Qingyun and Asura ghost would appear. The heaven-destroying hundred beasts array, which was originally set up, could kill even ten yunxiao.

A foolproof plan was still no match for the arrangement of fate.

After the time it took to brew a cup of tea, the hundred beasts were all killed. The entire desert was illuminated red under the scorching sun, and the smell of blood filled the air. Everything within a radius of ten thousand feet had turned into bloody sand.

However, everyone present had their hands stained with blood. Although the scene was glaring, they didn't care.

"What do we do now?" ning keyun asked.

She looked at Yunxiao, who seemed to have become the backbone of everyone at the moment.

But, Yunxiao had been sitting cross-legged in the desert, as if he had entered a meditative state and was adjusting his injuries.

Ning keyun could only look at han Junting, her wise and resourceful junior nephew.

Han Junting sighed and said, " I know nothing about illusions. Let's wait for Yunxiao to wake up, or wait for this Yao an to speak. Then, we'll capture him and interrogate him about Li's whereabouts. There must be some way to contact him.

"Right!" "Since he stayed behind to cover the retreat, he must have a way to catch up," ning keyun said.

She jumped into the pit and checked on Ann's injuries. He then took out a few pills and stuffed them into his mouth, forcing him to swallow them.

Although an was seriously injured, her mind was still clear. She stared at ning keyun with resentment and resisted the medicine forcefully.

In the end, ning keyun broke all his teeth with a single slap and swallowed the pill along with his broken teeth.

...

"You refuse a toast only to drink a forfeit, you're cheap!"

Ning keyun scolded him a few times and at the same time, she patted several important acupoints on his body and branded them, in case he ran away after recovering his strength.

Ann had also noticed it, and her eyes turned ashen.

After meditating, Yunxiao showed up in the divine realm tablet.

All of a sudden, a beam of sword Qi rose into the air and slashed at his head.

“Clang”

Yunxiao raised his hand and gently pinched the broadsword between his two fingers, causing a golden light to flash out.

The entire broadsword was vibrating non-stop. No matter how much force the water deity exerted, she could not move it at all.

“What are you doing? Are you bored?”

Yunxiao glared at her, then raised two fingers and flicked the water deity several feet away.

“Good! You’re bullying me, I’m going to kill you!”

...

The water deity was covered in golden armor. As she waved her sword in front of her, dragon language was heard around her.

“This is a Kasaya.”

Yunxiao’s pupils constricted, and a look of horror appeared on his face.

The space behind the water deity became blurry, and a huge black shadow slowly appeared. In an instant, 11 deep-sea monsters crossed the boundary and came!

“This, this Yingluo”

Yunxiao was completely dumbfounded as he said in a daze, “ you can actually summon this thing into my divine realm tablet? ”

He was stunned for a moment before he suddenly understood and muttered, since I can come to the realm of heavenly martial arts as you please, it's not surprising that I can come to the divine realm tablet.

“Hmph! Li Yunxiao, I've got the wrong person, and I'm going to kill you today!”

The water deity's face was full of anger, and the sword technique was displayed in front of her. The sea of bitterness was boundless, and turning back was the shore.

The sword momentum accumulated higher and higher, and a golden light dazzled.

The 11 deep-sea monsters behind him also began to sway, ready to attack at any time.

The chemical cultivator crossed his arms in front of his chest and stood quietly in the distance, looking on with a cold expression.

Yunxiao gave him a look and said, 'what's wrong with water fairy? What's wrong with you?"

“Hmph!”

The chemical cultivator snorted and turned his face away, as if he did not want to see Yunxiao.

go to hell, li Yunxiao, you big liar!

The water deity was furious. In a flash, the sword Qi slashed down, cutting a huge hole in the sky. The power of the slash was extremely sharp and arrived in an instant.

“Swish!”

In a flash, Yunxiao disappeared from where he was and reappeared directly above her, shouting, "Wait! What exactly happened? explain clearly! If I let you continue, my divine realm tablet will be finished!"

"Wuwuwu!"

The water deity burst into tears. Her eyes were red as she said, "li Yunxiao, you big liar! You already have a wife!"

Yunxiao, 'hehe'.

"Wuwuwu, since you already have a wife, why are you still with me?"

The water deity cried very sadly and kept on sobbing.

The chemical cultivator looked at him coldly and said, "What I hate the most in my life is a married man like you who pretends to be single to seduce an underage and innocent girl. Fortunately, my Junior Sister discovered it early. Get lost, and don't ever come looking for my Junior Sister again. Uncle, we're not meeting!"

Yunxiao, 'hehe'.

He patted his head a few times and didn't know what to say. He only heard the water deity cry even harder.

Yunxiao was speechless. He made a few gestures in the air with his hands before he said, "First, I don't have a wife. Two, my ran ran "

"What? You're still trying to deny it?"

The water deity cried. that Phoenix called feini called you husband. You're still pretending. You can continue pretending!

Yunxiao found it hard to explain, so he could only glare at her and say, "I, Li Yunxiao, have been honest all my life. When have I ever pretended? Besides, what does it have to do with you whether I have a wife or not?"

The water deity wiped her tears and said with a pitiful expression, "You really don't have a wife?"

Yunxiao felt a headache coming on. It's not a matter of whether I have a wife or not. It has nothing to do with you. Do you understand?"

The chemical cultivator said coldly, "Junior Sister, do you still want to be fooled?" What he's saying is that he has a wife."

"Wuwuwu!" The water deity immediately started wailing. The golden light around her body also disappeared. She just squatted in the air and cried.

Yunxiao, 'hehe'.

"My Junior Sister is the daughter of the ocean Emperor, the princess of the four Seas," the huaxiu said coldly. "She would never share a man with another woman!" Li Yunxiao, put away your filthy heart!"

Chapter 1453-cultivating spirit eyes

"Filthy your sister! One more word and I'll beat you to death!"

Yunxiao gave the chemical cultivator an angry shout and sent him away with a wave of his hand.

Water fairy was the only one left squatting in the sky and crying. Yunxiao did not know what to do, so he suddenly shouted, "Don't cry!"

As expected, water deity stopped for a moment. She raised her head and looked at him. Her eyes were filled with tears, and then she started crying again.

Yunxiao was speechless, so he had to give in and comfort her, " "Don't cry, I really don't have a wife. I'm not lying to you."

"Really? Really?"

Only then did the water deity stop sobbing, but her tears still flowed down like a spring.

"Really," Yunxiao said. But you have to understand that whether I have a wife or not has nothing to do with you."

"Waah, wuwuwu! You're saying that again, so there must be something!"

Water deity's voice was filled with tears, and her tears started to flow again.

stop stop stop, I really didn't. I swear, I really swear I didn't!

Yunxiao was finally scared, and he did not dare to say anything else.

The water deity then used her sleeve to wipe her tears and smiled, " "Really?"

Looking at her red eyes and innocent face, Yunxiao could not help but feel touched, and a strange feeling welled up in his heart.

He reached out to wipe the tears off her face and said gently, " "It's true."

"Wuwuwu, so I've wrongly blamed you!"

The water deity fell down and threw herself into Yunxiao's arms. She buried her head in his arms and hugged him tightly.

Yunxiao's body trembled as a sweet fragrance wafted into his nose, and he could not help but have a reaction.

Water deity's entire body trembled as she said, "fish, fish bones hehe, the fish bones on your body are poking me hehe."

Yunxiao, 'hehe'.

He could feel his blood flowing faster and he could feel the water deity's body temperature rising. The face that was pressed against his chest felt hot.

He couldn't help but open his arms and hug the water deity tightly. He sniffed the fragrance and was lost in his thoughts.

The water deity's face also turned red, and she said, "Those fish bones ... Those fish bones seem to be very hot. Why do you have fish bones on your body? I'll help you pull it out."

Yunxiao quivered, and the confusion in his mind was instantly cleared.

He gently stroked the water fairy's hair, and a trace of confusion flashed in his eyes. He slowly held her arm and gently pushed it away.

The water deity blushed. She lowered her head and looked at the tent under Yunxiao's body, then reached out and grabbed it.

Yunxiao was embarrassed. He hurriedly grabbed her hand and said, "it's okay. Fish bones don't appear often. They'll be gone soon."

The water deity didn't understand and couldn't figure it out after thinking for a while. She only gave a soft "Oh" and lowered her head, looking more embarrassed than a flower.

Yunxiao chuckled and knocked her on the head as he said, "Don't be like this, I won't be used to it."

“Yes.” The water deity moaned softly, her head still lowered as she fiddled with the corner of her clothes.

Oh! Yunxiao patted his head and said, “I almost forgot what I’m here for. His face turned serious, and he said, “Water deity, I need the power of your blood to help me cultivate my spirit eye sacred art.”

Narcissus was stunned for a moment before he said, “we’ve already made an agreement to provide you with the power of blood.” However, my bloodline has yet to be fully developed, so can I help you?”

Yunxiao nodded. sure, but I’m not very confident. But, I don’t have time. You should be able to see the situation outside, right?”

yes, ” water deity said. I can see the divine realm tablet with my eyes of truth, but I can’t see through the great illusionary land.

it’s a pity, ” Yunxiao sighed. if your father were here, he would have been able to see through everything with his power. I need the power of your blood to improve my pupillary abilities. I hope I can break through this illusion.”

“Alright!” Water deity raised her snow-white arm and said, ” “I’ll give you as much blood as you want!”

don’t be so brave! Yunxiao said, ” I only need two drops of blood, but you have to help me control it and stimulate the power in it.

“Mm, don’t worry, I’ll listen to your orders,” the water deity replied.

Yunxiao began to prepare. He took out a Jade slip and carefully read it again, then thought for a while after memorizing it.

Soon after, he stretched out his hand and made a grabbing motion in the air. A brilliant golden light immediately appeared in his hand, and it was as sharp as a sword’s radiance.

“What is this?” “What a strange bug,” Narcissus said with his eyes wide open.

The worms that had been hit were the gold spirit worms. After eating many precious metals, the glow on these worms’ bodies became purer and purer.

I don’t know what this thing is called,” Yunxiao said. let’s call it the gold spirit worm for the time being. It feeds on all kinds of precious metals and can produce gold spirit Qi. The spirit eye ability I cultivate is to use this golden qi to blind my eyes.”

The water deity was shocked,”metal spiritual energy?” Are you crazy? You’ll blind your own eyes!”

don’t worry,” Yunxiao said with a faint smile. These insects are still very young, and the golden light they release is still far from the real gold spirit Qi. I have the power of spirit to protect my eyes, and with the power of your Neptune bloodline, I will be fine.”

“I will do my best to help you, be careful!” The water deity said nervously.

don’t worry,” Yunxiao comforted him. it’s starting!

He reached out and grabbed the golden light from the insects, which he then began to display in his hand.

Then, he made a hand seal with his left hand, and a demonic power shot out of his eyes. The moon-shaped pupil was squeezed out of his eye, and all kinds of meridians covered his forehead. His head was full of meridians and blood vessels, which was extremely terrifying.

“Ah?”

The water deity was also shocked. She covered her mouth in shock and took a few steps back.

“Don’t be afraid, this thing has already become a part of my body.”

Yunxiao consoled her a little, then flicked his finger. Two golden dots of light emerged from his palm. They were only the size of beans, and gradually condensed in the air.

...

The moon pupil's pupils shrank, and a strange mark appeared. The space in front of it shook slightly.

The two specks of golden light were sucked into his pupils with a whoosh, and his pupils immediately burst out with a blinding light.

Yunxiao performed an incantation gesture with one hand, and a strange runic seal surged out of his palm and flew into the eye at the same time. Then, the eye was closed.

Strange ripples kept appearing on his eyelids, spreading in all directions.

What he cultivated was mu Jie's small wheel three phase life transformation mystic art, spirit eye. However, the records of this spirit eye technique were incomplete.

But, Yunxiao had the lunar pupil and the heaven-peeking eye, which made him an expert in this field. After many trials, he had basically mastered them. Coupled with the power of the water immortal bloodline, he was very confident that he could cultivate the wondrous spirit eyes with the lunar pupil.

The water deity watched nervously from the side, holding a Golden Dagger in her hand, ready to donate blood at any time.

Yunxiao's eyelids turned golden, and the space behind him slowly twisted. Then, a huge shadow of a moon pupil appeared, like a Blood Moon hanging high in the sky.

All kinds of runes kept surging out of the Blood Moon, forming a myriad of shapes, and a strange force shot out from its pupils.

The water deity felt a chill run down her spine. Under the gaze of that huge eye, she felt as if she was completely naked and everything had been seen. Her cheeks turned red and her body started to tremble.

“Blood!”

...

Yunxiao suddenly cried out.

“Ah!”

The water deity was shocked. She quickly cut her hand with her dagger and a spray of hot blood gushed out. The blood glowed with golden light.

Yunxiao opened his eyes, which were completely golden, with two vortexes spinning inside, making it impossible to see his pupils.

The blood splashed directly into Yunxiao’s eyes, and the Golden vortex seemed to boil. His eyeballs suddenly protruded out of the inside, and countless blood wisps spread out from his pupils.

“Ah?”

li Yunxiao! the water deity cried out in surprise, “ are you alright? Do you have enough blood? If it’s not enough, there’s more!” She raised her dagger and tried to cut it again.

“Stop!”

I only want two drops! Yunxiao cried out. why do you have so many? ” His tone was filled with concern and blame.

"I ... I got too many in a hurry," Narcissus said awkwardly. On her Lotus-like hand, there was an extremely deep bloodstain that made one feel tender love.

stop the bleeding quickly," Yunxiao said. then, use your Bo family's Secret technique to stimulate the power of blood in my eyes.

"Alright!"

The water deity answered quickly, then performed an incantation gesture with one hand and pointed her two fingers at Yunxiao's eyes.

Two golden runes instantly appeared in the moon pupil, and all the golden light was immediately swallowed by a blood-red color. The moon pupil suddenly swelled up, as if it had swelled up to the size of two oranges, embedded in the face.

"

Yunxiao roared in pain, his body trembling violently.

There was a burning pain in his eyes, as if he could not bear the power of the bloodline.

"Argh! Li Yunxiao, what are you doing?"

"Is there too much blood?" the water deity asked anxiously.

It was indeed the case, but Yunxiao was afraid that she would worry and blame herself, so he quickly said, "I'm fine. This is a normal reaction. Push it aside!"

"Are you really okay?" asked the water deity. But your eyes are bleeding. I'm so scared."

"I said it's fine, retreat!"

With a light cry, Yunxiao waved his hand and teleported water fairy a thousand miles away.

Then, his body twitched violently. He held his head in his hands and wailed loudly.

”

His orange-sized eyes were scarlet red, and a few streams of blood flowed down. He was in so much pain that he wished he was dead.

“No! I have to get through this, or else this pair of moon eyes will be completely useless!”

The great pain was not unbearable, but the worry in his heart was what made Yunxiao really nervous. If his eyes were disabled, he would be better off dead.

The power contained in the water fairy’s blood was far beyond his expectations. Moreover, the girl suddenly spat out a large amount of blood, and her moon eyes reached an unbearable level.

Sensing that his eyes were about to burst, Yunxiao gritted his teeth and pulled out the rest of the gold energy, then turned it into a sharp beam of light and slashed it directly into his eyes!

“Swish!”

As soon as the golden light entered his eyes, it was immediately devoured by the boundless blood. It only stirred up a small wave before it disappeared without a trace!

It’s my birthday today, so I didn’t tell anyone. But in just one day, all the major platforms had received thousands of well wishes.

Chapter 1454-second level

“What?”

Yunxiao's body trembled, and he found it a little hard to understand.

The metal spiritual Qi was the metal of the five elements and could break anything.

When he refined his eyes, he only dared to take a small pill, and he couldn't completely suppress it. That was why he thought of using the blood of the Bo family to harmonize it.

However, the situation was completely reversed. His bloodline power had already devoured everything and filled his eyes completely. Any power that came into contact with it would be swallowed immediately.

"What's going on?"

Yunxiao's mind was filled with question marks, and cold sweat broke out on his forehead. He hurriedly circulated his spiritual energy.

The meridians all over his head had long been burned red by the blood, and blood kept oozing out and steaming. Wherever the spiritual energy passed, the burning force was immediately suppressed. A white light flashed and gathered into two octagonal symbols in his pupils, protecting his pupils.

However, in less than half a cup of tea's time, the two octagonal symbols suddenly disintegrated and shattered with a bang like a mirror. Two lines of blood shot out from his eyes, and his entire eyes turned red.

"Ah!"

Yunxiao cried out in pain as he struggled in the sky, his fingers turning into claws as he tried to pull Yue Tong out. But, his reason kept him from doing so.

His heart sank to the bottom, and his vision began to turn blood-red, then slowly blurred and gradually lost the light.

Not only that, but the vast bloodline power began to surge into his brain, burning his five senses and six Senses, and even his consciousness began to numb.

“How can he be so perverted, Yingluo?”

Yunxiao’s heart was filled with bitterness. If it was only the moon pupil that was damaged, he could still get two pairs of fake eyes to continue cultivating the wondrous spirit eyes like mu Jie, but if he lost all his senses, he would be completely reduced to a walking corpse.

I’m going to die anyway. I’ve experienced many more dangerous things than this. Let’s try this move!

He formed a seal with both hands, and monstrous demonic Qi poured out of his body. His face turned dark, and countless flower-like demonic patterns appeared on his skin.

The exposed meridians on his forehead had also turned black. In his Scarlet eyes, a black stream of air gushed out from his pupils and slowly spread out in a spiral.

The demonic Qi seemed to be unimpeded in the blood-red moon pupil. It was not hindered by any power.

To Yunxiao’s surprise, he found that not only that, but the power of the water fairy’s bloodline seemed to be very close to the demonic energy, and it even began to show signs of fusion!

“This bi an ...”

Yunxiao looked surprised and said, “ What a Wonderful World. What’s going on with the Bo family bloodline and the devil essence? ”

The burning pain on his face had completely disappeared under the cleansing of the devil essence, instead turning into a warm feeling, surging in his eyes.

The light in his eyes kept changing between red and black, and finally condensed into a Tai Chi fish, slowly shrinking into his pupils.

A ray of white light shot out from his eyes and then disintegrated into red, orange, yellow, green, cyan, blue, and purple. The seven-colored light flickered non-stop.

Yunxiao changed the seal in his hand, and after the seven-colored light spun in the air, it was retracted, and his eyes returned to their normal color, as clear as water, giving people an unfathomable feeling.

there's a seven-colored illusionary light in his eyes. Did I just step into the second realm?" Yunxiao fell into deep thought.

According to the records, the wondrous spiritual eyes technique had a total of five realms. The second realm allowed one to conjure a seven-colored Aurora, which was completely in line with what he had just seen.

He instinctively felt that the Bo family bloodline seemed to be related to the devil essence.

And thinking about it carefully, although the Bo family was the master of the four Seas, they had always been in human form and did not seem to have any characteristics of the sea Race.

After thinking for a while, he was puzzled. With a thought, he teleported to the water deity's side.

He saw that the girl was kneeling on the mountain peak with tears all over her face. Her hands were clasped in front of her body, and she was actually praying for him.

I beg you, ancestor sea god, to bless Yunxiao through this difficult time. I'm willing to listen to my father from now on. I'll never be willful again, I'll never bully Bian Niu and bend them again, I'll never go to the sea corner to dig fire earthworms and fish for Monkey Fish again, I'll never eat candy before bed, I'll never be picky with my food, and I'll never roast sweet potatoes again, hehe.

Yunxiao stood quietly aside and listened for a long time, but none of them was difficult to do. A strange look appeared on his face. It seemed that this little girl was not stupid, as she kept making deals with her ancestor with insignificant things.

cough cough!!

He coughed heavily a few times, waking water deity up.

“Li Yunxiao!”

The water deity shouted excitedly, jumped up, and pounced over.

wuwuwu, you’re finally fine. The ancestors have blessed you!

Yunxiao stroked her hair and said with a gentle smile, “I’m fine, but you’ve promised our ancestors so much, how can you keep your promise?”

The water deity raised her head and said seriously, “I’ve spent all my time on cultivation. I won’t think about being naughty. The sooner I become a great existence like Father, the sooner I can protect you. No one will be able to bully you anymore.

Yunxiao was taken aback. He did not expect her to think this way. He was extremely touched when he felt her strong sincerity.

“Silly, I don’t need your protection. No one in the world would dare to bully me,” he said with a gentle smile.

“Okay, then you protect me.”

“Okay, I’ll protect you.”

The two of them looked at each other. Their eyes met, and they were both as clear as water, filled with sincerity and affection.

After staring at it for a while, Yunxiao felt a little embarrassed, so he said in a hurry, "by the way, when I was cultivating the spirit eye technique just now, I noticed that the Bo family's bloodline is very similar to the devil essence. Is the origins of the Bo family related to the devil Lord?"

"It can't be. I've never heard of the devil Lord before," Narcissus said in confusion.

Yunxiao knew that the other party would not lie to him, so he frowned and said, "Your Bo family doesn't seem to be part of the sea Race, so how did you suddenly become the ruler of the four Seas?"

"I don't know either," water deity shook her head. "Now that you mention it, it seems to be true. Why do I have to say that I'm different from those sea tribes?" she asked in surprise.

Yunxiao felt a little dizzy, and he knew that he could not ask any more questions, so he said, "You stay in the divine realm tablet. I'll go out and break the illusion."

The water deity grabbed his hand and said, "you must be careful. I'll be watching you. If you're in danger, let me come out and save you."

Yunxiao patted the back of her hand and said with a smile, "Don't worry, I'll be fine."

...

His figure flickered and disappeared from the water deity's sight. The next moment, he appeared in another place.

Lingmu di, who was in front of him, had already returned to his normal body and was meditating.

"Lord mu di," He called out softly.

Lingmu di opened his eyes and said indifferently, "You're not dead yet."

Your Excellency, " Yunxiao said with a wry smile, " the way you greet me is really special.

there are too many strong people out there, " lingmu di said. it's not easy for you to survive with your trashy strength.

Yunxiao said in embarrassment, " "Am I that trashy? He's still an eight-stars martial sovereign, alright?"

"You're here for the great illusionary land, right?" asked lingmu di. To be able to create the great illusionary land with a cultivation base below the immortal state, that kid called Teng Guang is indeed a man of great talent!"

he is the strongest array master in the world today, " Yunxiao said. no one can surpass him.

"I see."

this array is indeed a little tricky, " lingmu di said with a sudden realization. sit down and I'll tell you everything I know.

...

Yunxiao sat down, and the two of them put their palms against each other, transmitting messages through their consciousness.

After the time it took to brew a cup of tea, Yunxiao stood up with a solemn face.

"How confident are you in breaking this formation now?" asked lingmu di.

I was only thirty percent confident before, " Yunxiao said. now, I'm forty percent confident.

“Four points? That’s enough, you can go.”

Lingmu di continued to close his eyes and adjust his breathing.

Yunxiao stood there, hesitating several times before he finally could not help but say, “If Daren is willing to go out and help me, I have a fifty percent chance.”

Lingmu di opened his eyes and snorted in dissatisfaction. “You want me to go out and embarrass myself? With such a rotten body, this Lord was beaten into pieces by a mere God Realm trash. How can I face my old friend in the netherworld in the future?” His tone was full of complaints.

this is the strongest body I can offer, ” Yunxiao said with a wry smile. it’s almost immortal. There are only a few bodies in the world that can defeat it. ”

Lingmu di muttered to himself for a moment, then took out a blank Jade slip and placed it on his forehead. He imprinted a message on it and threw it over, saying, “Help me gather all the materials inside and I’ll teach you how to forge divine steel!”

“Divine steel?” Yunxiao was taken aback. He had never heard of this name before. “Could it be a tenth-grade alchemy product? But there are no rules of the ten directions under this sky!”

you have the power of spirit, ” Ling mudi said. as long as you find something that contains tenth-order rules, I have a way to extract the power of rules.

“Extracting rule force?”

Yunxiao’s face flickered. He was a top Alchemist, so he naturally knew what it meant. He knew rank nine regulations like the back of his hand, but he did not dare to say that he could extract rank nine regulations of the world from a rank nine item.

And more importantly, Yingluo

Lingmu di seemed to have seen through his thoughts. He laughed and said, "Stop dreaming about becoming a deity. The rule force contained in a tenth-tier item was not complete. Can you break through to the rank of a martial Supreme by drawing rank nine rules?"

Yunxiao was taken aback, and then he smiled wryly.

He took out an item and handed it over, saying, "Sir, please take a look at this item. Is it useful?"

Lingmu di looked at the Jade-like small box, which had light flashing on it from time to time. He asked in surprise, "You actually have a tenth tier spirit herb on you?"

He used his hand to wipe it, and the sealing formation on the jade box immediately manifested, giving off the power to resist.

Lingmu di didn't break the seal by force. He only sensed it for a while, then put his hand down. That's right, it's a tenth-tier spirit herb, the Qixing orchid. Although it has consumed a lot of spiritual Qi, its rule force is still there and can be used.

Yunxiao breathed a heavy sigh of relief. The other materials were easy to find, but this tenth-tier item was something that could only be found by chance.

Back then, he had only bought it because he wanted to explore the level 10 rules. He did not expect it to really come in handy.

Chapter 1455-extinct

Thinking about being able to refine tenth-tier items, he couldn't help but feel his blood boil.

It was the lifelong pursuit of many top alchemists to have a glimpse of the divine Dao.

Lingmu di snorted coldly when he saw how excited he was, "don't think that the other materials are easy to find. Come to me when you've found them.

Yunxiao picked up the Jade slip and placed it on his forehead, and his face soon turned green.

“There are a few things in there that even I have never heard of before. I’m afraid they’ve long gone extinct on this continent,” he said with a green face.

the production of divine steel is indeed a bit harsh, ” said lingmu di. but it’s the only one that doesn’t require tenth-tier materials as raw materials. If you can’t even get these, then there’s no need to learn it. And I can only make do with this broken body.”

“Good! As long as these things still exist in this world, I will definitely get them!”

Not only was it related to the refinement of a tenth-tier item, but the calabash King Kong was also Yunxiao’s tool pet, so it was not appropriate for it to be occupied by the lingmu flute all the time.

He muttered to himself for a moment, then in a flash, he arrived at Mount innerheart.

“Brother Gao Han, I’ve come to see you again.”

Before he entered, Yunxiao shouted from a distance, then waited quietly for the man to get angry.

After a while, there was no movement in the mountain.

Just as he was feeling a little surprised, Yuan gaohan’s voice was heard, surprisingly not angry, “If you have something to say, just say it.”

brother Gao Han, you are really considerate! Yunxiao laughed.

He threw the Jade slip in, and said, ” “I hope brother Gao Han can help me prepare a few sets of the things inside.”

After a long time, a furious voice came from inside and shouted, "How many? You're joking, right? Do you know how precious the raw materials are? I'm afraid the entire realm of heavenly martial arts would be extinct!"

brother Gao Han, you are indeed knowledgeable," Yunxiao praised. there are a few things in it that even I have never heard of. I didn't expect you to know them. Since you recognize it, then you most likely have it. "

A light flashed outside the cave and Yuan gaohan directly appeared, holding a Jade slip in his hand, his face full of seriousness,"This recipe is not simple. It seems to be an ancient recipe? Where did you get it from, and what are you refining?"

with your means and status, brother Gao Han, " Yunxiao said with a smile. it won't be difficult.

"Hmph, you say it so easily! Among them, the eternal wood, the profound heavenly blood jade, and the extreme heavenly ice essence are all no less valuable than the heavenward gold. In fact, they can even be compared to divine items!"

besides, the other things are not cheap either, " Yuan gaohan said coldly. do you think I'm the Lord of the World who can get whatever I want? "

what are these three materials? " Yunxiao asked. why haven't I heard of them before? it's too abnormal, isn't it? "

"It's normal that you've never heard of them," Yuan gaohan said,"because these three names only existed in ancient times. It had basically disappeared over the countless years, so it was hard to see it again. The eternal wood was the current iron from the Earth's core. Countless years ago, there was a dense forest made of a large amount of iron from the Earth's core that lived as long as the world, so it was called 'eternal'. Many years ago, it was an extremely common ninth ranked armament refining material. Now, not to mention the surface, even the core of the earth might not have it. "

Yunxiao felt a little dizzy. so, it's the Earth's core iron. This item has gone extinct for a long time. Is there a secret treasure in the sacred zone? "

I don't know if there's a secret treasure," Yuan gaohan said coldly. even if there is, it's extremely precious. How can I take it out so easily?"

"What about the other two items?" Yunxiao asked.

"The so-called xuantian blood is actually the blood of a true spirit. Where are you going to get it?" Yuan gaohan asked.

Yunxiao was taken aback, and then he fell into deep thought. There was one blood of true spirit outside the divine realm tablet at this moment, so it was not difficult to get it.

He had already agreed to fight with him, and when the time came, he would just beat him flat and draw his blood.

"The extreme heavenly ice essence is the essence of the ice soul found in the extreme North's small icy sky," Yuan gaohan continued.

"Extreme north, little frozen sky, Suan ni"

isn't the little icy sky of the extreme north a World of Ice and snow that once existed in legends?" Yunxiao said, wiping off his cold sweat. it was later lost from the heavenly martial realm.

"That's right," Yuan gaohan said. The northernmost frozen sky did exist before, but it has been lost for a long time. If you can find it, it will be a contribution to the realm of heavenly martial arts."

Yunxiao said in a daze, "The Holy region should also have this item in their collection, right?"

don't even think about getting your hands on the sanctuary," Yuan gaohan said coldly. not to mention that the sanctuary doesn't have it, even if they do, they won't give it to you.

brother Gao Han," Yunxiao said. have you ever heard of divine steel?"

“Divine steel?”

A look of confusion flashed across Yuan gaohan’s eyes, and his body trembled as he cried out, the toughest divine item in the world, the metal that was known as the number one in artifact crafting in ancient times-divine steel?!

His eyes gleamed as he grabbed Yunxiao and said excitedly, “Don’t tell me you’re collecting these materials to make divine steel!”

Yunxiao slapped his hands away and chuckled. “Yes, I am.”

“Divine steel! It’s divine steel!”

Yuan gaohan could no longer remain calm as he roared, “Tell me, tell me the recipe!”

I’ve told you the materials,” Yunxiao said. as for the recipe, ahem, I can consider letting you observe when I’m refining it. It all depends on your performance.

Yunxiao patted his arm with a smile and said, “Little Yuan, you know.”

“Big brother Li, I understand, I understand!” Yuan gaohan’s attitude suddenly changed, and he bitterly said, “But the sanctum really can’t take out these three items. However, I have some clues about the eternal wood and the extreme heavenly ice essence. As for the blood of the true spirit, where are the true spirits in this world?”

I can get the blood of true spirit,” Yunxiao coughed and said, “but do you have any clues about the other two?”

“You can get the blood of true spirit?”

Yuan gaohan’s eyes widened like two copper bells, his face full of disbelief.

don't worry about it," Yunxiao said. you don't have to worry about it.

Yuan gaohan suppressed the shock in his heart. Although he also wanted to know what was going on with the blood of true spirit, it was clear that the divine steel was the thing that really made him go crazy.

He organized his thoughts and muttered, "It's a long story, and it involves other things. I'll tell you about it when my two souls fuse. I'll think of a way to prepare the other materials first."

Yunxiao narrowed his eyes and smiled. yes! Little Yuan! All the best!

li Yunxiao," Yuan gaohan said coldly with a dark face," if you lie to me, I'll definitely skin you alive!

...

hehe," Yunxiao laughed. as long as these materials can be collected. Don't even talk about divine steel, GE will bring you to the nine Heavens to catch the moon, and bring you to the five oceans to catch turtles."

Yuan gaohan was speechless for a while, snorted heavily, and disappeared outside mount innerheart.

Yunxiao pondered for a moment, then his figure faded as his split soul returned to his main body.

"Husband, you're awake."

When he opened his eyes, he saw feini eagerly standing by his side, like a little bird leaning on a man, more beautiful than a flower.

Yunxiao felt his throat a little dry and thirsty. He swallowed, then withdrew all his primordial Qi and said, "I'm fine."

At this moment, the power in his dantian was extremely strong. As long as he crazily poured spiritual Qi into it, in addition to the imperishable golden body and the bright moon divine body, he could forcibly recover from any serious injury in a short time.

However, in the eyes of the others, they were more or less surprised.

it's only been two days," han Junting said. and from the looks of it, young master Yunxiao seems to have improved. Young master Yunxiao's talent is so good that it makes people jealous."

Yunxiao frowned as he gave her a cold look and said, "Han Junting, I think you're starting to have some weird ideas again. You've forgotten the pain so quickly, do you really need me to beat you up to feel good?"

Han Junting's face changed and she said angrily, "I'm concerned about you out of good intentions, but good intentions can't be exchanged for good things. There's really no good man in this world!

...

hehe," Yunxiao laughed. according to miss Junting, you seem to have been hurt by a man?" Come, come, tell everyone and make everyone happy."

"Get lost!"

Han Junting flicked her sleeves in anger and turned around, ignoring him.

don't talk nonsense, li Yunxiao," ning keyun said. Junting grew up in shenxiao Palace and has never touched a man. What should we do now? this demon won't reveal any information no matter how much we force him."

Ann's injuries had also mostly recovered, but she had been placed with more than a dozen restrictions by the group. She could not escape even if she had wings. She sat obstinately at the side with a mocking expression.

brother! Yunxiao stepped forward and said, " you're very stubborn.

"I can be killed, but it's just a death," Ann sneered.

alright! Yunxiao nodded. I won't be polite then.

you ... Ann was stunned for a moment and frowned. you want to kill me? "

Yunxiao shook his head and said with a smile, " it's just a soul search. It's not fatal. I really like this body of yours, it's still useful to me. "

Ann's entire body trembled, and her eyes revealed a venomous look. She said coldly, " "I'm a peak nine-stars martial sovereign. You're courting death by searching my soul! Our ugly monster clan's soul power is very powerful!"

Before he could finish speaking, his body trembled and his eyes burst out with a bright light, full of shock.

Yunxiao's eyes suddenly turned demonic, turning red and black, turning into a Tai Chi pattern.

"You, you really dare to search my soul? do you want to die?"

Ann screamed in fear, but she was shocked to find that an extremely strong force had rushed into her mind.

In Yunxiao's eyes, the black and red light instantly turned into a seven-colored light, and the whole space became blurry.

The rest of the people were also shocked as they watched quietly from the side, sweating for Yunxiao's boldness.

A hint of green appeared in Qiu Mujie's eyes, and fear flashed through them.

His pupils were also taken from fierce beasts and had been completely refined by him. Now, there were actually traces of fear coming out of his eyes.

my green eyes were plucked from the ancient eye clan's ferocious beast. However, it's currently trembling in fear!

Qiu Mujie's heart was stirred as he stared at Yunxiao's rainbow-colored eyes and felt the strange spiritual power. "What's wrong with his eyes?"

Ann's face began to turn dull under the seven-colored light. Her entire body was suspended in the air, and her limbs gradually loosened. She completely lost consciousness.

Chapter 1456-humiliation

Yunxiao's spiritual power was like countless sharp swords, breaking through the other's spiritual altar and sea of consciousness and rushing in.

Even if he did not cultivate the wondrous spirit eyes, he was confident that he could directly search an's soul. However, the moon eye was too famous after all, and its characteristics were too prominent, so it was not suitable to use it in public.

Now that he had cultivated the small wheel three phase life transformation Mystic spiritual eye, the entire moon pupil seemed to have evolved. The pupil's shape was no longer limited to the Blood Moon pupil shape, which made it extremely convenient for him to use.

Ann's memories were constantly being opened under the impact of the eye, but the soul power of a peak nine-star expert was far beyond that of an ordinary person. When Yunxiao forcibly broke the memory chain, he also felt a very strong backlash, which was all blocked by the eye.

Furthermore, the memory chain of this peak-stage devil expert was extremely powerful. As it was being broken, it was constantly being destroyed, and a large amount of memories were broken down and dissipated.

Yunxiao was extremely anxious, and the entire memory chain began to shatter. He could only read a few bits and pieces, which were all insignificant.

Moreover, they were basically fragments of his cultivation and some news about the illusionary realm of stars and moon, but they were also very fragmented.

Yunxiao's pupils constricted slightly, and the seven-colored light stopped spinning. His pupils turned black, and even his body turned demonic, with demonic runes appearing on it.

A bright gleam flickered in Beiming Nan's eyes as he looked at Yunxiao's demonic runes with a solemn expression, not knowing if it was a blessing or a curse.

After the demonic energy appeared, the seven-colored light gradually dissipated and turned into a pitch-black demonic eye.

In Ann's memories, the destructive force was completely dispersed by the devil Aura Light. A large number of memories surged up and turned into countless runes. They rushed up in her spiritual altar and sea of consciousness and continued to dissipate.

A huge black eye appeared in the sky above Ann's consciousness. It stared down coldly, searching through the countless memory runes that surged up.

Suddenly, his pupils shrank and a circle of black light spread.

Among the talisman power that filled the sky, a few strings of talismans were caught by that strange force and directly absorbed into his eyes.

Yunxiao's eyes flickered, and the black light was retracted. His eyes were clear again, but he looked a little tired.

"Pfft!"

Blood gushed out of Ann's seven orifices. She no longer had the strength to drag his body and fell to the ground. Her eyes were listless and she had completely become an idiot.

"You succeeded?"

Ning keyun asked anxiously. Although she had already guessed it, she still could not believe it. After all, the other party was a peak nine-star expert.

A strange look flashed across Yunxiao's face, as if he was digesting the man's memories.

The crowd didn't urge him, and just waited quietly.

After a while, he said, "I've found a way to track down those great demons, but they're very powerful." Not only did the eight demonic tribes send four commanders, but they also sent a divine transcendence expert."

the demon race's divine transcendence?!

Everyone was shocked. Ning keyun said in a deep voice, "The monster race has been in the illusory realm of stars and moon for so many years, so it's not surprising that they have divine transcendence experts. You must know that the eight demon tribes are the pillars of the demon clan, the foundation of their Foundation. Isn't it too strange for four commanders to come at once?"

Puzzled, everyone looked at Yunxiao together.

Even without searching their souls, Yunxiao knew that these demons must have come for Shang and the armillary sphere. Moreover, he seemed to have read some unusual information from Ann's memory.

Regarding the appearance of Shang and the armillary sphere, the opinions of the monsters were divided.

However, these things were extremely confidential and could not be easily revealed. He said, " "This demon's memory has been damaged too much. I'm not too sure either. Let's wait until we catch up to those demons before asking."

Everyone had a look of disbelief on their faces, but since the other party had already said that they didn't know, it wasn't good to ask further.

this body is not bad," Yunxiao said. you must have possessed it, you idiot. He looked at the evil spirit.

The evil spirit was taken aback and said, " I've just gotten used to this descendant's body. Is it inappropriate to suddenly change the vessel? " And this demon looks like a pretty boy, which doesn't match my rough personality!"

Everyone was shocked again and looked at the evil spirit strangely. So this kid had taken over a body.

One must know that there were many restrictions to possession, and they would not do such a thing unless they had no other choice.

This was the reason why Yu Shengfeng had been living in Heng Yuan's martial Grandmaster body until he found Yu Yixian.

However, this evil spirit was very strange, as if it was born to live by lodging.

Yunxiao's face darkened as he shouted, " cut the crap! Hurry up! This is the body of a peak nine-star, and you've seen his immortal divine ability just now."

The evil spirit's eyes lit up. It swallowed and said, " that move was indeed impressive. He split them into two!

Soon after, a faint wisp of smoke gushed out from the Dragon Guard's head, gradually condensing into a ferocious face in the air. It laughed loudly as it charged towards naan.

Everyone wiped their cold sweat, their eyes almost popping out.

It was extremely difficult to possess someone's body, and a mistake could happen if one wasn't careful. In the worst case, one's soul would be destroyed. However, in the eyes of this strange spirit, it was like a game.

They could not help but look at Yunxiao with a strange look. What kind of strange things did this kid have around him?

"Hahaha!"

The evil spirit body rushed into Ann's body and quickly jumped up. Ann's idiot-like face was instantly filled with a fierce look as she laughed out loud.

haha, so strong! What a strong body!

"Even stronger than that Dragon!" He laughed wildly, his face covered in blood.

"Yingying succeeded just like that?"

Everyone was completely dumbfounded, and their minds were filled with question marks.

The rest of the people were still fine, but Qiu Mujie, who was also an Alchemist, had his mouth wide open and was completely dumbfounded.

Soon after, his dazed expression gradually turned gloomy, and his eyes glowed with a green light. From time to time, a bright light would flash.

The matter of possession was related to the two great barriers of the human body, the "soul" and the "vessel." He, who had studied the human body to the extreme, could not explain the current situation of the evil spirit.

He couldn't help but stick out his tongue and lick his lips a few times.

The evil spirit jumped to the Dragon Guard's side and took out the axe. "I'm still used to this!"

Everyone felt a little dizzy and dazed, as if the scene in front of them was extremely unreal.

...

"Keke!"

hahahahaha! Fei Ni suddenly burst out laughing. my husband is a monster himself, and he's surrounded by monsters as well. I love it!

She pounced on Yunxiao, trying to hold him, but only managed to hold an afterimage. She could not help but snort a few times, looking extremely dissatisfied.

let's go," Yunxiao said. we've been delayed for two days, and Li hasn't broken this illusory formation yet. I'm afraid that tengguang will die, and then there's really no turning back.

Han Junting threw out a Golden Leaf that transformed into a warship, while Yunxiao took out a needle. It was the demonic power needle he had obtained from Ann, and it would point at the great demon who had made the needle at all times.

The Golden Leaf fluttered in the air a few times, then turned into a stream of light, flying in the direction of the pointer.

Far away in the great illusionary land, a magnificent building stood between the sea and the sky, covering more than 300 miles and separating the sky and the sun.

Nine waterfalls poured down from the sky above the palace, forming the momentum of Nine Dragons drawing in water. Countless splashes were created, and they turned into mist that spread out, making the palace look like an immortal Palace.

Four golden characters flickered in the sky. It was the name of the palace: Great Illusionary Palace.

Several figures suddenly appeared a few thousand feet away from the palace. They stepped on the water silently and stood there quietly.

Their attire was very strange. It was simple and primitive, with all kinds of Jade hanging on their bodies. There were also skeletons and branches as decorations. They were full of wild arrogance and untamed wildness.

...

"It's definitely this without a doubt."

The one who spoke was Yao Li. He had changed back into the clothes of the demon race, and his aura was completely different from before. It was filled with a sense of coldness and nobility.

"This is the seventh one we've found. Are you sure?"

Wing crossed his arms in front of his chest, and his slender fingers were exposed like white bones, making him look extremely striking.

"I'm sure," Li said. She turned back to look at Shang, quietly waiting for his order.

Shang was dressed in a long silk robe, which was more like a human's attire. He was dressed like a young master from a rich family, with a piece of beautiful jade at his waist, which glowed gently under the sun.

At this moment, his face was like the beautiful jade, clear and lustrous, but also simple and gentle.

"Such a magnificent palace," Shang praised, "I've never seen such a magnificent palace before!" No wonder the human race can become the master of the realm of heavenly martial arts. Just this kind of magnificent spirit is beyond people's reach."

you flatter me, Lord Shang, ” li laughed. this is just an illusion. No matter how grand it is, it can not be real.

Shang shook his head. one’s appearance is born from the heart. Such a Grand State is the state of mind of a King level expert. Impressive!

this illusory realm is indeed powerful. I have to admit that it’s even more powerful than the illusory realm of stars and moon.

A great demon looked at the nine Dragons flying down in front of him, causing countless murmuring sounds. He was also filled with emotions.

This great demon was wearing a felt hat, and his eyes were like cat’s eyes. He was wearing a jacket made of animal skin, which was covered with natural runes. At a glance, it gave off a ferocious feeling.

Cold stars shot out from wing’s eyes, and a dissatisfied expression appeared on his face. He snorted, ” “Ever since the birth of the realm of heavenly martial arts, my clan of demons has been unrivaled in the world! I can’t believe that your generation was actually forced into an illusionary realm by a mere human race! You’re really making us ashamed!”

“You! Impudent!”

Behind the big monster, a monster with a green face and fangs shouted angrily, ” “We respect you as our ancestors, but we can’t be rude to Lord Ci!”

The three demons behind the great demon with the felt hat were all furious. They immediately became hostile and glared at wing.

“Lord Yi is right, what are you so excited about?” Ci sighed. They had to admit the gap between them and humans. For the past tens of thousands of years, we’ve indeed brought shame to countless ancestors.”

Chapter 1457-blocking

Yi said coldly, "you heard that? CI himself admitted it." You're all so embarrassing, and you won't allow me to speak?"

"Damn it!"

The green-faced demon clenched his fists so tightly that his knuckles cracked. He stepped forward and asked, "Lord CI, please allow me to teach this insolent and impudent fellow a lesson!"

"Lord Yi is right, you may leave," CI said.

"My Lord!"

The green-faced demon with fangs roared in anger. His face turned black and the elemental energy in his body rippled, but he had no way to vent it.

The other two monster race mighty figures "expressions also turned cold.

I understand your anger," CI said. but Lord Yi is right. If we can't face our weaknesses and the gap between our two races, how can we revitalize our race if we live in arrogance all day? "

A great demon behind him said sarcastically, "you think we can revitalize our clan just by adding them?" It's just a few more idiots who only know how to fight among themselves, and they're even colluding with the human race. This is ridiculous!"

He coldly glanced at Tang Qing, who was following behind him, with a strong killing intent in his eyes.

Tang Qing's face was dejected from the beginning to the end, as if he had a sense of defeat. He didn't say a word. Even if the great demon directly targeted him, his face was calm, as if he didn't hear it.

"Qin is right!"

The monster with a green face and fangs said sarcastically, "If Lord Shang had not refined our clan's treasure, the armillary sphere, I would not have come to Red Moon City. If Lord Shang had not taken the armillary sphere back then, perhaps our monster race would not have ended up in such a state."

"You've gone too far!" Cl's face changed and he shouted.

"I'm too much?" the green-faced demon snorted coldly. I don't think we can count on these so-called 'ancestors'. Why don't we take the armillary sphere away and revitalize the demon race?"

He looked at the other great demon and said, "Meng, what do you think?"

The great demon's body was covered with jade stones and he wore a silver helmet with embellishments that were blazing.

"I agree with the two of you, but I'll listen to Lord Cl's instructions," the masked man said calmly.

"Lord Cl's orders are naturally important, but the three of us are the leaders of the eight tribes and we have our own opinions. After all, the rise and fall of our clan is everyone's responsibility."

Qin said coldly, "I agree with saliva's suggestion. Make these people hand over the armillary sphere." After all, times have changed, and the current realm of heavenly martial arts is no longer the world of these 'seniors'."

Wing looked at him contemptuously and sneered. "Of course it's not our world, but the human race's world."

"You! As expected, it's hard to change one's virtue!"

"Lord Cl, we respect you very much, but if you insist on doing things your way, I'm afraid you'll bring harm to the entire demon race!" Qin said angrily.

Cl's gem-like eyes slowly turned cloudy, and the wrinkles on his face increased. "If you still respect me, then stop making trouble."

"My Lord!"

The saliva stomped its feet, causing water to fill the air. It fell into the sea with a "Huala" sound, causing countless ripples. Just like his heart, it could not calm down.

"Without Lord Shang's words, the humans would be hard to defeat." You are the patriarchs of the eight tribes, the strongest force of the monster race. However, Ann has already fallen."

His murky eyes instantly became clear and then dimmed again.

"What?"

Everyone was shocked and in disbelief.

how can that be? " Li Jing cried out. I've set up the heaven-destroying hundred beasts array. Unless there are a hundred li yunxiao, they will all die in it.

"Lord Li is right, I'm very clear about the power of the formation. Moreover, with this formation, even if Ann couldn't defeat him, he could at least escape unscathed. Unfortunately, he did die."

"Damned humans!"

He gritted his teeth and said, "an must have carried the honor of our race and refused to escape. He fought to the death and unfortunately died!" Lord Cl, let's go back and avenge an!"

Cl's mood was very calm. He indifferently said, " there's no need to go back. Those humans are already coming through the pointer. "Lord Shang, what do we do now?" he turned around.

Shang had not said a word during the previous argument, as if he was thinking about something. li Yunxiao is a man with the will of heaven," he said. I'd find it strange if he was killed by Ann. This man's fate is very strong, he won't die so easily. The right way is to leave the great illusionary Palace now. Let's go in first and try not to get into a conflict with them."

"What?"

"A human has just killed one of our comrades, and it's the eight tribe leaders at that! How dare he run away without even fighting?" Did I hear it wrong?"

if you want to fight, then stay here. Shang looked at him and said, "I don't need idiots by my side.

"It's fine if we stay, but hand over the armillary sphere and we'll leave now!" Xian said coldly.

"Don't be presumptuous!" He shouted. Listen to Lord Shang's words and enter the palace. Whoever disobeys will be killed on the spot!"

"Lord CI, how are you?"

Xian and Qin DU's faces were filled with disbelief. They could not believe that CI would kill their eight tribe leaders so easily just to protect Shang.

Only Meng was still calm, like a thousand-year-old stone. No matter what, he would not show any emotion.

"Let's go!" CI coldly said.

A ray of light flashed in his hand and turned into a wooden cane.

There was a Star Cloud pattern embedded on it. With a flash, a ray of light enveloped everyone and brought them toward the great illusionary Palace.

Suddenly, there was a wave in the sky, and the entire sky suddenly darkened.

In the clouds, there seemed to be a ray of light rushing down, like a comet sweeping across the sky, falling in front of the nine Dragon waterfall.

The entire space was affected by the power of that light, pressing down layer by layer, as if it was squeezed into a point, becoming the tail of that light, changing into a strange scene in the sky.

“Not good!”

Cl suddenly shouted, and the light immediately stopped. Everyone appeared at the same time.

“Disperse!” He shouted.

...

The dot of light in the sky was actually shooting towards them, and the power was like a mountain pressing down on them.

The entire surface of the sea was compressed by that power, and the water level within a radius of ten thousand feet directly sank more than ten feet!

However, everyone present was a peak expert. As soon as Cl spoke, several rays of light instantly shot out in all directions and instantly appeared a thousand feet away.

The bright light finally fell. It was an arrow that shot directly into the sea!

“BOOM!”

The entire ocean water exploded, forming an unparalleled tornado force, raising huge waves thousands of feet high and surging towards the clouds!

A terrifying phenomenon appeared on the surface of the sea. A huge water pillar of unknown size continuously shot into the sky. A vast ocean flowed in reverse, and the spectacular scene instantly overshadowed the great illusionary Palace and the nine Dragon waterfall.

“Who is it?” he shouted. Come out!”

A ball of light suddenly flew out of the huge water pillar and slowly floated in the air.

There was a purple figure in the ball with a huge longbow on his back.

With a “Bo” sound, the ball of light shattered, and the purple figure fell down. With a “ta” sound, he stepped on the surface of the sea, his body rising and falling with the waves.

...

“Who are you?” Why are you attacking us?”

The person in front of him was the closest to him, and the aura that he exuded made him feel uneasy.

Tang Qing, who was in the distance, was also quite surprised. She said, ” “Silver Moon Martial Emperor Xuan Hua!”

“?!”

The saliva was greatly startled and hurriedly leapt up, retreating several thousand feet away.

Although he was a member of the demon race, the names of the ten titled martial sovereigns in the heavenly martial arts realm were like thunder to his ears!

“Eh, you know me?”

Xuan Hua looked at Tang Qing, his fingers circling on his forehead, and said thoughtfully, “you look so familiar. Why can’t I remember who you are?”

Tang Qing’s face was extremely gloomy and she snorted heavily.

As the master of Red Moon City and one of the seven sect Masters in the world, the other party actually said that he didn’t know him. This was naked contempt.

“Aiya, I really can’t remember. I’m sorry.” Xuan Hua blinked. but a person can’t be nameless. I’ll just call you Zhang San.

Tang Qing’s face turned green with anger. If it were not for the fact that the other party was a titled martial sovereign, he would have already charged forward and fought with his life. If they charged forward now, it would be suicide.

“So it’s the martial sovereign with the title Silver Moon. Why are you stopping us?” CI asked warily.

Xuan Hua took the bow down and it disappeared from his hand.

A few demons nearby were startled by his action and could not help but retreat a few hundred feet. When they saw the bow and arrow disappear, they were ashamed and angry.

Xuan Hua smiled and said, “nothing much.” I’ve been wandering around in this illusion for a few days and haven’t met any ghostly people. It’s not easy to see some living people, so I’m very excited. By the way, why do you all look so strange?”

All the great demons ‘faces darkened. The other party asked the question despite knowing the answer. He was clearly looking for trouble and looking down on his own demon race.

Cl said coldly, "in this old man's eyes, Lord Xuan Hua also looks very strange." If there's nothing else, please step aside and don't block the way."

Xuan Hua said, "I have nothing to do anyway, so I'll follow you in to take a look." I came to this Hall yesterday, but I didn't dare to go in. Now is a good time, please take me. "

"Lord Xuan Hua, you must be joking," Cl Yuan said.

Xuan Hua blinked her eyes and said with an innocent look, "What joke? If you don't want to bring me, I'll follow myself. Please go ahead, you guys go your way, I'll go mine."

"Lord Cl, he's clearly looking for trouble!" Qin said coldly. Why don't we all kill him together and destroy the prestige of these humans!"

Saliva's eyes also emitted a cold light as he said, if I can kill a titled Martial Emperor, this trip will not be in vain!

The rest of the great demons also suddenly spread out. Everyone was in a scattered formation, surrounding Xuan Hua in the middle, ready to attack at any time.

Cl's eyes also became clear. He turned his head and said, "Lord Shang, you decide."

Xian heqin's brows furrowed, revealing an extremely dissatisfied expression.

But now that the enemy was in front of them, he did not reveal it.

Chapter 1458-entering the illusion Palace

"Lord Cl, do you think we can kill him?" the referee asked.

"Yes, but it's difficult!" Cl frowned.

yes. Yi nodded. the most important task now is to leave the great illusionary land to avoid unnecessary injuries. Let him be willful for once.

“But this person is always following behind us, what if it messes up the big matter?”

everyone’s goal is the same, ” Shang laughed. it’s to break the illusion, unless he doesn’t want to live anymore.

“You have a point,” CI nodded.

“Lord CI, he’s clearly afraid of death!” She said angrily.

“Shut your mouth and let’s go,” CI said indifferently.

Saliva,”he he”

His eyes were almost spitting fire, he could not understand why CI valued Shang so much, wasn’t it just an armillary sphere? He didn’t believe that no one in the demon race could refine this weapon.

She looked at him with respect, obviously having the same thoughts.

Although he was angry, he didn’t dare to let it out and could only follow the crowd.

Xuan Hua also revealed a stunned expression and chased after him, shouting, ” you guys fight when you say you want to fight and stop when you say you don’t want to fight. You guys are really refreshing.

yes, ” Shang turned back and smiled. if there’s a need to break the formation, I hope Lord Xuan Hua can help me.

Xuan Hua tilted his head and gave a strange smile.

Everyone's figures quickly disappeared into the layers of mist in front of the hall.

After an unknown amount of time, a golden light flickered in front of the hall and turned into a small boat, which slowly floated into the water.

The Golden Leaf enlarged, revealing everyone's figures. Holding the needle, Yunxiao looked in the direction of the hall and said, "They've entered."

Ning keyun said, "is this the great illusionary Palace?" It's actually so Grand. Should we go in too?"

Yunxiao's eyes turned black as he stared at the mist in front of the hall, where a tiny wave was gently spreading.

The ripples were completely covered by the raging waves caused by the nine dragon flying waterfall. They were completely undetectable and could only be clearly seen under the moon pupils.

At the center of the ripples was a white light, which was submerged in countless splashes, but Yunxiao could clearly see that the white light was condensed and not scattered, and the power of the ripples was also very stable and lasting.

What's wrong, li Yunxiao?"

Han Junting noticed him and looked into the water, but she saw nothing.

"I'm fine," yunxiao said with a smile. "it's just that the demons are not the only ones who have entered the great illusionary palace."

it's not that strange," han Junting said with a frown. if we can find our way here, it's not surprising that those powerful beings can come too.

let's go," Yunxiao said with a smile. this great illusionary land is becoming more and more real. The longer we stay, the more dangerous it will be.

He took the lead and walked towards the magnificent giant door. The rest of the people hurriedly followed. More than ten people also disappeared into the misty water.

Inside an extremely spectacular Crystal Cave, it was exquisite and clear, white as Jade, and gave off clouds of mist.

Two figures were reflected on the wall of the cave. They sat quietly facing each other without making any sound.

"BOOM!"

Suddenly, a drop of pure white jade liquid fell down and shattered on the rock.

one of them slowly opened his eyes. under the light of the jade in the cave, his handsome face seemed a little devilish. his eyes flashed with a smile and he said, "So many interesting people have come."

The middle-aged man sitting across from him had a burly figure and a cold expression on his face. He opened his eyes and a cold light shot out like lightning. He said coldly,"hmph, be careful of playing with fire. in the end, all your efforts will be in vain!"

Teng Guang chuckled. hehe, there's no need for you to worry. Even if I really die from a breakdown, at least I've tried. I'll die with no regrets. Moreover, the current situation is much better than I expected, and many acquaintances and friends have come to support us."

it's a pity that I'm not interested in accompanying you to your death," Yu Sheng Feng said coldly. wait until I break through this seal, and it will be the day of your death!

His body trembled violently for a moment, and a Halo of light appeared above his head. There were a myriad of colors inside, and the mountain momentum extended, pressing down on the entire space and making it tremble.

the mountain range began to rumble under chu shengfeng's struggle and showed signs of collapsing. large amounts of clouds were shaken out from the halo.

Teng Guang calmly raised his hand to form a seal and pointed it out in the air.

Many golden characters appeared in the air, flying into the Halo. Immediately, the shaking was greatly reduced, and everything returned to normal.

The light flashed and disappeared above Yu Sheng Feng's head.

Hmph, you dare to use the entire mountain range to suppress me? unfortunately, your strength is limited. I'd like to see how long you can last! Yu Shengfeng snorted coldly and said sarcastically, "I'll be able to break this seal two to three more times, and that'll be your end!"

"We'll talk after you break it," Teng Guang said with a smile.

Yu Shengfeng snorted heavily, then closed his eyes and continued to adjust his breathing.

On the other hand, Teng Guang's eyes flickered and his hands continuously formed hand seals. Tens of thousands of strange talismans flew up and scattered in all directions.

These talismans all contained extremely deep laws. They flew into the surrounding crystal walls and disappeared.

His skin seemed to have been drained of blood, and it became extremely pale, even transparent.

.....

When Yunxiao and the others stepped into the hall, they were stunned by the scene in front of them.

Numerous palaces towered over the clouds, densely packed in front of him. They were at least a thousand miles wide.

Each Palace was connected to each other by scaling ladders, and it looked like there was no end to it.

“So that majestic nine Dragon waterfall was just a huge door!” Fei Ni exclaimed in shock.

Han Junting frowned. this is bad. There are at least a thousand palaces here. Who knows where the throne is? ”

...

Yunxiao raised his hand, and the needle stopped moving, as if it had lost contact with him.

“Don’t tell me that the demons have lured us here on purpose?” ning keyun asked cautiously.

that won’t happen, ” Yunxiao said. other than the great demon, there are others who have entered this place. I saw the marks left by others outside the hall earlier.

it’s good that this place is real, ” Zi Linji said. the most important thing now is to find the throne. With so many palaces, why don’t we all split up? ”

Han Junting replied coldly, “I’m afraid Lord Zi sorrowful Ji is trying to slip away, in case Wei Qing gets suspicious when he sees you ..”

“Han Junting, don’t judge a gentleman with your own mean measure!” Zi Xiaoji’s face darkened. I’ll be giving everyone advice!”

Lord Zi Xiaoji, don’t be angry, ” Yunxiao said. we can all feel your sincerity. Why don’t you try to fly into the hall in front of us? ”

“What do you mean?” Zi Jin was stunned. Could there be a restriction?”

He frowned and looked alert. He shot up into the sky and immediately created waves. His entire body was suppressed by a force and bounced back.

“Bang!”

His entire body was pressed down until he bent his body. His two feet stepped into the ground, and his entire feet sank in. An origin power fluctuation burst out from his body and surged out.

...

Everyone immediately felt the impact of the elemental energy fluctuation and revealed shocked expressions.

Yunxiao was also a little surprised. “He’s actually this strong?”

what? ” Zi Xiaoji’s face was dark, ” if I wasn’t on guard, I would have been injured from the shock!

Ning keyun did not believe him and said, ” “Isn’t this too exaggerated? How much power did Lord Zi Xiaoji use just now? Can we break through this blockade with a full-force attack?”

“I used at least 50% of my strength, I might be able to break through if I attacked with all my strength.” However, if we can’t break it and suffer a backlash from the restriction, we’ll be severely injured even if we don’t die.”

“If we suppress our flight, how long will it take us to reach the thousands of palaces?” han Junting asked. Furthermore, there’s no sign of those monster race beings up ahead. They must’ve fled.”

“Haha, this is the time for us to show off our abilities!”

Qiu Mujie suddenly laughed loudly. With a “bang,” he spread his black wings and black Lightning appeared on them. At the same time, he opened his thousand eyes and directly distorted space.

With a “Xiu” sound, he disappeared from his original spot, leaving behind only the rippling spatial power and a proud voice.

haha, I’ll take my leave first. You guys can continue to stay where you are and crawl like turtles, haha!

Luo Qingyun’s pupils shrank. He stepped forward and said coldly, “Li Yunxiao, I won’t keep you company. Remember, once this matter is over, it will be a battle to the death between you and me.”

His right hand reached out, and the Golden spear appeared in his hand. He then thrust it toward the sky.

A Dragon’s might shot up to the nine Heavens.

The clouds in the sky retreated under the roar of the true dragon. The light of a restriction appeared in the sky and shook continuously.

Luo Qingyun turned into a beam of green light and shot into the sky, disappearing before everyone’s eyes.

The 9 ghost Asuras also began to emit a demonic aura. Their bodies began to flash with golden light, which turned into golden balls that wrapped around them. Then, they disappeared into the sky.

“Wow, they’ve all left! Zi Xiaoji, why are you such trash?”

The evil spirit had a mocking expression on its face. It laughed strangely and said with disdain, “haha, although they’re both peak nine-stars martial sovereigns, the gap between them is obvious at the critical moment.

Zi Xiaoji’s face turned red and he snorted coldly, “I just don’t want to risk my life like that. If I use my trump card, let alone escaping, even breaking this restriction will be a piece of cake.”

“Oh? Then show us your trump card! Show us!”

The evil spirit glared at him with undisguised contempt.

Zi Xiaoji raised his head and snorted coldly, “Trump cards are ultimate skills that can only be used when life and death are on the line, how can they be used casually? Have you ever seen someone throw a bomb at the start of a game? Boorish people have no knowledge!”

“Boorish? You said I’m unrefined?”

The evil spirit’s face was ferocious. He directly picked up the axe and hacked over, saying angrily, “You dare to scold me? I’ll chop you to death!”

The two of them soon got into a fight, and “Bang Bang Bang” sounds were heard all around them.

Bin Chen was speechless for a while and said, “after being with this kind of person for a long time, I feel like my intelligence has been pulled down.” Li Yunxiao, you have to think of something. We can’t just wait here.”

there are many ways,” Yunxiao said with a smile. but if we want everyone to cross the other shore together, we can only rely on him.

Chapter 1459-dream ship

“Come out, Ye Fan.” Yunxiao cried out.

A ray of light shot out from between his brows and condensed into a small Golden Boat not far away.

The golden light on the boat was brilliant, and it was full of wealth and elegance.

The space above the ship's bow trembled slightly, and a figure slowly appeared. With a smile on his face, he said, "Board the ship, everyone."

"This ... This is a Kasaya."

Other than the officials and the evil spirit, the rest of the people had never seen Ye Fan and Noah's ship, so they were all stunned.

Zi Xiao Ji's body suddenly trembled and he cried out, "Noah's ship! This is the Supreme artifact Noah's ship!"

Ning keyun and han Junting were both shocked.

Han Junting, in particular, had seen Yunxiao's other Saint artifact. At this moment, she was completely dumbfounded. Did he have two Saint artifacts?

He was momentarily dazed. Other than disbelief, he was staring at the legendary item in a daze.

li Yunxiao! ning keyun was also shocked. is this really Noah's ship? "

Ye Fan smiled: " I am.

"Legend has it that Noah's ship can travel through time and space, bringing people across the other shore. With this ship, can we leave the great illusionary land directly?" feini was shocked.

Ye fan's face was slightly red, he said shyly: "Theoretically, it should be possible, but my cultivation is not high enough, so I can't use its full power. However, it's not a problem for me to bring everyone through the sealed space."

"It's, it's really Noah's ship, Zhenzhen"

Zi Bei and Ning Keyun were completely stunned. Their minds were blank and they could not react.

"A quasi-Saint weapon?" Beimang Nan's eyes flickered.

Yunxiao gave him a surprised look and praised, "Good eyes! Noah's ship is indeed not a complete sacred artifact, but it is already the most powerful alchemy item in the past one hundred thousand years."

"It's already extraordinary to be able to do this much," said Beimang with a nod.

"Quasi-Saint tool, Suan ni"

Zi Xiaoji's entire body trembled. His gaze slanted over and sized up Beimang Nan, his eyes revealing shock.

Ning Keyun's throat moved a few times before she could speak. Li Yunxiao, how did you get this Supreme treasure?"

It's a long story," Yunxiao said. We'll talk about it when we have the chance in the future. Let's get on the ship first.

Fei Ni laughed and flames surged around her body. The shadow of a Phoenix flashed and she stepped on the boat. She laughed and said, "To be able to step onto this legendary object, I immediately feel that I'm on a higher level."

Everyone went up one by one, leaving only Xiao Ji standing at his original spot, his expression complicated.

Lord Zi Xiaoji," Yunxiao chuckled, "your face looks gloomy and uncertain. What kind of crooked idea are you thinking of?"

“Young master Yunxiao, you’re wise. This old man is truly too shocked.” Zi Beiwei smiled bitterly. For this sacred object, the Holy region has spent so much manpower, material resources, and financial resources, but in the end, it has not been obtained. I did not expect it to fall into the hands of young master.”

a sacred object has its own destiny, ” Yunxiao said. how can you force it? ”

Han Junting’s body trembled as her pupils constricted.

Yao Li had said the same thing to her before, but she didn’t pay much attention to it before. Now, she seemed to have felt something and fell into deep thought.

Zi Beiwei smiled bitterly, “although that’s true, it’s hard for people to think that way.” It would have been fine if this thing had not appeared, but now that young master Yunxiao has flaunted it, I’m afraid it will cause a great disaster.”

“Oh?” Yunxiao’s eyes grew cold as he said, “ I can take this thing out and take you across the other side. My intention is clear. I will only show this to two types of people. One is my own people, and the other is the dead.”

Lord Zi Xiaojun, ” he said slowly, ” are you ‘one of my own’, or a ‘dead man’? ”

Zi Xiaojun’s forehead was full of sweat as he said bitterly, ” “I really wish I didn’t see it. My memory has always been bad, so just let me forget about it, okay?”

alright, ” Yunxiao said. open your sea of consciousness and let me erase this memory.

Zi Xiaojun’s face turned ashen, and he was covered in cold sweat as he said, ” “Then there’s no room for discussion?”

when you gave me the Holy region’s expenditure, you thought it was just a slight betrayal, ” Yunxiao sneered. but in my eyes, you actually have no way out. Now that Noah’s ship has appeared, it’s time for you to make a choice. Sincerely form an alliance with me or stay here forever.”

Zi Xiaoji felt his chest tighten. For some reason, Yunxiao seemed to have an irresistible Majesty, and his palms were covered in cold sweat.

don't forget, my Lord, " Yunxiao said. you still owe me two lives.

Zi Beiji said in a low voice, " that bet from before was really nonsensical. It's not impossible for me to form an alliance with you. However, what benefits do I get? " I'm the head of a division in the Holy region, how can I sell my life to you at will?"

"Benefits?" the evil spirit howled. It's already a benefit that I didn't kill you, and you still dare to ask for benefits?"

Zi Beiji said coldly, " the information I revealed before is enough to make up for our previous grievances. If there are no other benefits, then this old man will have to part ways with all of you. "If I insist on leaving, I'm afraid you won't be able to stop me," he said with a cold smile.

Zi Xiaoji, " Yunxiao said with a smile, " let's not beat around the bush. We are not sure if we can keep you here, but you are not sure if you can escape. Moreover, after seeing this Noah's ship, it stirred up a ripple in your heart, or you saw a glimmer of hope and wanted to take a gamble."

Zi Xiaoji was shocked, but he still sneered, " "Nonsense, what hope do I see?"

Yunxiao stared at him and said, " "The hope of entering divine transcendence!"

Zi Xiao Ji was silent.

The peak of nine-star might be the end of his life. No matter how much he cultivated and practiced actual combat, he would still be a peak nine-star.

To be able to reach this step, which one of them didn't have great perseverance and luck? who would be willing to stop forever?

As the head of the Holy region's First Division, he had the peak of wealth and power.

He had everything he needed. At this moment, nothing could move his heart except for the divine transcendence.

What he had thought was impossible in his life was now standing in front of Noah's ship, blinded by the golden light. His heart, which had been sealed for a long time, was indeed rippling as Yunxiao had said.

As the ripples spread out, they became stronger and stronger, slowly forming waves and eventually setting off a storm.

The dusty gate of martial arts seemed to open again in front of him at this moment, and a ray of sunlight shone down.

...

Dreams were like poison. Once it was triggered, it would be difficult to control.

He suddenly felt that time had passed, and the blood in his body was burning bit by bit. His former self had returned.

The smile in Yunxiao's eyes grew wider and wider, and the corners of his mouth rose slightly as he said, "If a person doesn't have a dream, what's the difference between them and a salted fish?"

"Don't even think of using a salted fish to move me," Zi Xiaoji laughed as well.

get on," Yunxiao said with a smile. this is a ship full of dreams. It will send you directly to the other side.

Zi Xiao Ji jumped up and stepped onto the boat, "I don't read much, so don't lie to me. I'll be thankful if I don't get sent to the netherworld after I step on your ship."

Yunxiao blinked and said with a smile, " maybe he's really heading towards the netherworld. Who knows? "

Ye Fan formed seals with his hands, slamming them on the warship, laughing: " "Sit tight, let's go!"

The entire Noah's ship spun in the air, and the dazzling golden light gathered into a ball of light. With a flash, the entire warship disappeared from the sky.

In the next moment, a golden light flew across the sky and streaked across the entire Palace.

Yunxiao's pupils turned black, and they were covered with runes. Looking down, he could see the entire Palace in the clouds.

...

The thousands of palaces below all presented different colors in his eyes. It was a world of light and shadow.

"Hmm, what's going on?"

Yunxiao was taken aback, and his black pupils constricted. Seven-colored light gathered in front of him, piercing directly through the dome of the palace and into its interior.

"What's the matter?" ning keyun asked.

Yunxiao stared at it for a while, and then, as if he had overused his power, he retracted his gaze and closed it slightly, then opened it again and said, " I understand why there are so many palaces. There are a total of 800 palaces here, and they represent the 800 formations of soaring light!

"You mean this Palace is a formation?" ning keyun asked.

Yunxiao nodded and said, "that's right. I just saw through the dome and saw many Warriors trapped in the palaces. They were all sent out by the great teleportation array of Red Moon City, and they have all fallen into the great illusionary land. But, I didn't expect that they had been trapped here for a long time.

no wonder there's such a huge suppression seal here. It's for people to break through. However, with 800 array Dao, who would be able to break through?" Zi Xiaoji said seriously.

so what?" Yunxiao said. so what if we can?" This body is still in the great void."

Everyone's hearts trembled, and they could not help but think of the divine earth mirror that Duanmu you Yu had divined. It was actually so accurate.

I don't know where young master Yu is right now," Zi Beiiji couldn't help but frown. can't we just let him divine the good and bad?"

divination is really strange and unpredictable," Yunxiao said with a smile. the more difficult it is, the more damage it will cause to one's body. It's not easy to be a good diviner.

Ye Fan suddenly called out, "stop chatting! Did big brother Yunxiao find the main hall?" I can't hold on much longer. The seal here is too strong."

His face was red, and it was unknown whether it was because he couldn't hold on anymore or because he was a little embarrassed.

Yunxiao's eyes narrowed as he pointed down and said, "It's right in front!"

Out of all the 800 palaces, only that one was filled with purple Qi. Moreover, the purple Qi gathered and did not dissipate.

"Alright!"

Ye fan's hand seals changed, the entire warship became dazed, it started to dive down from the sky.

From a distance, one could only see a ray of light that flickered in and out of existence, falling to the ground like a meteor.

"Eh? That's Yingluo."

Above a Palace, Bo Yuqing stared at the shooting star, his pupils suddenly contracting as he exclaimed, "It's that battleship! It's Li Yunxiao and his friends!"

Behind him, a woman raised her head and looked over. In her clear eyes, her Willow-like brows slightly furrowed as she said, "eh? why does that battleship give me an extremely unusual feeling?"

1460 The five peaks

Bo Yuqing thought to himself, "that's right."

"It must be that Palace," he said.

Liu Feiyan said, "yes, the marks left by Xuan Hua also point here. They must have gone in already. Let's go."

Bo Yuqing's body didn't move, frowning, "how many experts have been trapped in the 800 array diagrams along the way? this main hall must be extremely dangerous. Why don't you and I wait here? with so many experts inside, there's no lack of you and me."

Liu Feiyan returned his gaze and said, "Lord Bo Yuqing's words are biased. Although this formation map is trapping people, isn't it also helping people? These 800 formation diagrams gathered all of Teng Guang's life's knowledge. How could those people trapped in the formation not be a great opportunity? Once you gain some understanding or breakthrough, it'll be equivalent to several years of bitter cultivation."

She looked into the main hall, her eyes shining. "And if I'm not wrong, this main hall must be the place where Teng Guang's greatest comprehension of the array Dao and the heavenly Dao is. Even for people like you and me, this is a rare opportunity. Can my Lord bear to give it up so easily?"

Bo Yuqing pondered for a moment and said, " "Alright, I'll go and take a look at Teng Guang's comprehension of the heavenly Dao."

He was also a talented person. If he had not been trapped by the aegirine, he would have stepped into the divine transcendence realm. Now that countless juniors had caught up with him, he had long been depressed and hoped to get some opportunities to make further progress.

In a flash, the two of them also headed toward the main palace.

.....

Noah's ship flickered in the air, and the space around it constantly changed. It rushed directly to the core of the main palace, where a small exquisite tower was.

Under the small tower, in the cave within the crystal wall, Teng Guang, who had always had an indifferent look, suddenly revealed a shocked expression as he said in disbelief, "Noah's ship?"

"What?"

Yu Shengfeng, who was sitting cross-legged on the opposite side, suddenly opened his eyes and said, " this strange feeling, is it the Super-grade profound artifact Noah's ship? "

Teng Guang gently nodded and said in a strange voice, "I didn't think that such a holy artifact would be in the hands of an unknown brat. It's a pity that I'm not interested in it at all."

"You're not interested, but I'm," Yu Sheng sneered coldly, "I'll take this boat after I kill you."

A cold light burst out from his eyes. He suddenly shouted, and countless demonic patterns appeared on his body as he roared and struggled.

“BOOM!”

The Halo above his head appeared again and filled the entire crystal wall space. The mountain range inside was endless, making a violent tremor and the sound of the sky collapsing.

“Dharma idol true body!”

Yu Sheng Feng shouted and suddenly transformed into three heads and six arms. Each of his six arms grabbed a strange ball of light and threw it into the sky.

Then, he quickly formed a seal with his hands, and the six light balls condensed in the air, turning into a white light and shooting up.

“Boom boom boom!”

The white light rushed into the Halo, and the mountains began to collapse. From the outside, the mountains collapsed one by one, pushing forward like dominoes.

A fierce light shot out from Teng Guang’s eyes. He put his hands together in front of him and five mountain peaks appeared. They arranged themselves into a simple five elements formation and flew directly above the Halo. Then, they suddenly pressed down!

One of them was the ageless peak, and the laws of the Four Seasons spread out around it. The power of the other Four Peaks was no less than its, and they also emitted the power of a barrier.

Under the combined efforts of the five mountain peaks, the Halo that was on the verge of collapse was finally stabilized.

A wave of power came down and suppressed Chu Shengfeng’s three-headed and six-armed avatar.

” Damned thing!”

Yu Shengfeng roared unwillingly and sat down cross-legged again, returning to his normal appearance, his face full of anger.

“You don’t have to look at me like that. I have plenty of ways to suppress you,” Teng Guang said indifferently. Just stay by my side and watch how I evolve my great Dao.”

Yu Shengfeng sneered and mocked, “You have plenty of ways to suppress me? Chi, if it wasn’t for the fact that my physical body is still a step away from completion, I would have torn you into pieces!”

Teng Guang said, “ a slight difference can lead to a loss of a thousand miles. Moreover, your physical body is sanctified. It’s simply two different realms. It’s easy to suppress you.

Yu Shengfeng laughed mockingly. continue to brag. These five peaks are already your life profound weapons. Give me a few more hours and I’ll be able to shatter them. At that time, let’s see how you’ll suppress me! His eyes were filled with coldness and killing intent.

Teng Guang no longer paid any attention to him. After suppressing him, he casually pointed in the air.

The five mountains began to spin and turned into a huge illusory body that filled the entire crystal wall space. Then, they disappeared in a flash.

In the next moment, the illusory image of five giant peaks suddenly appeared in the sky outside the palace, and they fell toward a golden light!

“?! What the hell is that?”

Ye Fan stood on Noah’s ship and instantly felt a life-threatening danger. His body trembled and he raised his head. He saw the vast light covering the sky and was charging towards him. His face turned pale.

“The five peaks!”

Yunxiao’s pupils constricted as he cried out in surprise, ” “It’s Teng Guang’s intrinsic Mystic weapon, the five peaks! But fortunately, it’s only needed. Everyone, let’s attack it together!”

Although the crowd was shocked, they did not panic.

After all, it was just a Phantom image formed by the profound level weapon. Unless the profound level weapon itself broke through the air, otherwise, the battleship was full of experts and could not stop it at all.

Everyone focused their attention and planned to destroy the illusion of the five peaks.

Suddenly, the entire warship started to shake, Ye Fan spat out a mouthful of blood, he said in pain: ” “I’m sorry, I can’t hold on any longer!”

He had already used up a lot of his energy to drive the battleship through the layers of restrictions in the main hall. Now, under the pressure of the five extremes peak, the battleship collapsed.

Noah’s ship turned into a golden light and flew into Ye fan’s forehead.

A finger-sized golden battleship imprint appeared on Ye fan’s forehead, and with a flash of light, it disappeared.

As soon as the battleship disappeared, everyone immediately felt the power of the restrictive spell outside the main hall. Their expressions changed drastically. With the five extremes peak pressing down on them, they all felt a tightness in their chest as if there was a huge stone pressing on them. They could not help but want to vomit blood.

“Ye Fan, come here!”

Under such power, the one who suffered the greatest damage was Ye Fan, he spat out several mouthfuls of blood and was on the verge of fainting.

A strange force flickered in Yunxiao's eyes as he forcibly twisted the space and teleported himself over. Fortunately, the distance was not very long, so he came to Ye fan's side in an instant, grabbed him, and dragged him into the divine realm tablet.

"BOOM!"

...

At this moment, the illusionary figure of the five extremes peak finally fell and landed on everyone.

Yunxiao was sent flying on the spot, and his indestructible golden body automatically protected him. Even so, he still coughed up a mouthful of blood.

The suppressive force above the entire array diagram immediately arrived. The moment he was sent flying, he was also knocked into the ground!

"BOOM!"

A huge pit was blasted out on the ground, and it was dragged more than 30 meters away, leaving a deep bloody mark.

"Pfft!"

Finally, Yunxiao could not help but cough up a mouthful of blood. Only then did he feel a little better.

In order to save Ye Fan, he was hit by The Phantom of the five extremes peak without any defense at all. Although most of the power had been dispersed by the others, the power of the attack was still extremely unbearable for him and he was in a sorry state.

damn it, what is this place?!

He stood up from the ground and found that he was surrounded by strange plants. The roots of the vines were thicker than his thighs, the flowers had a metallic luster, and the pink mushrooms on the ground were blowing bubbles, etc.

“Soaring light your sister, are you done!”

...

He couldn't help but curse at the sky. Finally, he lost his patience and said angrily, “How long are you going to play with us? I really want to kill you!”

Suddenly, a black shadow flickered. It was actually a black bone bud that bloomed suddenly at the side, and bit down on him like a big mouth.

Its mouth was full of teeth and drooling.

Yunxiao was not afraid, but he was disgusted. With a sudden tap of his foot, he turned into a Fallen Leaf and retreated backward.

“Whoosh!”

A black light flashed past. It was the tongue of the giant flower that had stuck out and wrapped around him tightly.

Yunxiao's face darkened. The so-called 'tongue' was a vine stuck out of the giant flower's mouth. It was full of sharp thorns, and the more it tightened, the more it tried to pierce into his skin, but to no avail.

The immemorial heaven's eye in the center of his brows opened and shot out a line of fire towards the giant flower.

“Si si si!”

The flames instantly engulfed the entire black flower.

“Whoosh!”

The vines on his body were instantly untied, and the huge flower flashed and fled several feet away, directly escaping.

Yunxiao, 'hehe'.

”

The mushrooms on the ground kept spitting bubbles. The bubbles floated up from the ground and became weirder and weirder in the air.

When Yunxiao looked over, he suddenly sucked in a cold breath!

“?! What's going on?”

The floating bubbles grew bigger and bigger until they slowly turned into human heads. In an instant, the entire forest was filled with human heads!

“Heaven glimpse!”

A light shout rang out and the entire space began to twist. Those human heads rotated with a strange force and disappeared without a trace in an instant.

Yunxiao's eyes were a strange blood-red color as he performed an incantation gesture with one hand.

Everything that the eye light saw turned into nothingness!

The entire strange forest also disappeared under his eye technique, and a long corridor slowly appeared in front of him.

Only then did Yunxiao put away the incantation seal and look around.

The place where he was at was the periphery of the main hall, so it should have just been an illusion.

The corridor under his feet led straight ahead, but there was no end in sight.

Only then did he realize that the entire main hall wasn't just a single Palace. It was like a maze.

In this area, the range of visibility was extremely short.

Yunxiao was about to cast the eye technique again when the space not far away suddenly trembled, and a figure slowly appeared.

The man's face was extremely gloomy. He seemed to have realized that someone was there and suddenly raised his head, full of vigilance.

Then, his vigilance turned into shock. He said, "It's you?"
