

The Eternal 1461

Chapter 1461

1461 Feeling good now?

Yunxiao was a little surprised as well. He smiled and said, " Oh, it's Lord Luan Junhao. I didn't expect to meet you here. You look so relaxed. Are you taking a walk? "

Luan Junhao frowned and looked around. He said strangely, " "You're the only one here?"

Yunxiao followed his gaze and said, " "Daren doesn't count his own?"

Luan Junhao's face turned red, and anger flashed across his face. He snorted and said, " "Since you're alone, then there's no mistake. Come with me."

Yunxiao was a little baffled. "Leave? Where to? You're here to pick me up?"

"What do you think?" Luan Junhao said coldly. This is Sir Teng Guang's great illusionary Palace, so I'm naturally here to bring you to him."

Lord Luan, " Yunxiao said in surprise. when did you join tengguang? "

"Seek refuge?" Luan Junhao snorted coldly. this great illusionary Palace contains all of Sir Teng Guang's comprehension of the heavenly Dao. I have received permission from Sir to cultivate here. I'm only helping Sir do some things in passing.

did tengguang ask you to catch me? " Yunxiao asked.

"If you don't leave, then I'll capture you," Luan Junhao said.

Yunxiao laughed strangely and said, " Lord Luan, you are also a powerful man of your generation. First, you helped han Junting, then you helped me, and now you are helping tengguang. I suggest that you fight for the title of Lei Feng the next time the Billboard is reopened.

Luan Junhao's expression changed drastically, and he said furiously, " "You dare to mock me!"

I don't dare, " Yunxiao said leisurely. I just admire you from the bottom of my heart.

Luan Junhao was unusually embarrassed and angry, and he said coldly, " "This Lord was still thinking of old ties just now and kept talking nicely, but now I know how cheap you are, even if you were beaten to death, it wouldn't be too much!"

He turned his hand into a palm and suddenly slapped out!

Yellow sand swirled around his palm, and a strong wind burst out from his palm in all directions. A surging force blasted out.

"Bang!"

The space there was shattered by the yellow sand, and Yunxiao's figure turned into countless shadows and dissipated.

Luan Junhao's eyes turned cold, and he said ferociously, " "Even if I have to risk being punished by Sir Teng Guang, I'll break your four limbs and shatter your dog teeth!"

He clenched his fist.

The surrounding space suddenly contracted. With his palm as the center, an endless vortex was derived. The entire narrow space was under his control.

"Let's see if you can escape to the ends of the earth!"

over here! Luan Junhao's face darkened and he shouted, " over here!

The five fingers suddenly clenched, and the entire space was compressed. Golden spots of light appeared on the fist, like the eternal yellow sand in the eternal river.

His fist intent was monstrous, and his eyes were cold as he punched at a space!

"Get out here!"

"BOOM!"

The space there exploded instantly, and a green shadow shot out.

"It's too late for you to leave!"

Luan Junhao's eyes were filled with anger and killing intent. He took a step forward suddenly, and all the space around him instantly flew past. In an instant, he was in front of the light shadow, and his palm struck down.

"Great Ganges palm!"

An eternal river emerged in front of him, instantly sucking him in and then exploding!

"Boom boom boom!"

A huge explosion rose into the sky, and the surrounding flower tree corridor was turned into dust.

With Luan Junhao as the center, a vacuum with a radius of a thousand feet appeared. Everything was destroyed by the palm.

The space trembled slightly, and a stream of blood shot out. Then, Yunxiao's entire body fell out of the crack and fell to the ground, covered in wounds.

"Pa!"

Luan Junhao took a step forward and stomped his foot on Yunxiao's head, pressing his entire head into the ground. No matter how hard he struggled, it was useless.

"Hmph, trash!"

Luan Junhao lifted the tip of his foot and stomped on it a few times before he kicked him away.

The dust on the ground was lifted up, and a long trace was left on the ground, which was full of blood.

"So, are you obedient now? Bitch!"

Luan Junhao's eyes flickered as he stepped forward and said, "Hand over your Saint artifact, and I can spare your life and let you see Sir Teng Guang alive."

Covered in blood, Yunxiao stood up shakily, his face full of fear as he said, "Don't, don't come over. If you kill me, tengguang will not let you off!"

Luan Junhao stopped in his tracks and revealed a disdainful smile. He said disdainfully, "Hmph, a mere piece of trash. Do you think you're worth anything in the eyes of Sir Teng Guang?"

"Bang!"

His body suddenly moved, squeezing through the air and appearing in front of Yunxiao. The impact alone lifted Yunxiao's body.

Yunxiao opened his mouth and tried to speak, but no words came out.

Luan Junhao's right hand shot out, his five fingers forming a claw as he pinched Yunxiao's shoulder and tore it apart!

"Ah!"

Yunxiao cried out in pain as his entire right arm was torn off in an instant. Blood gushed out of his mouth, and his face was covered in sweat.

"Hahaha! Hahaha!"

Luan Junhao could not help but laugh out loud. He was extremely happy to vent his anger after being humiliated.

...

"Hahahaha!"

The laughter echoed between heaven and earth, and all was silent except for the sound of laughter.

"Beg me, kneel down and beg me! Quickly kneel!"

die! he shouted, and his eyes were filled with killing intent.

All of a sudden, he felt a sharp pain in his stomach. He didn't know why, but his internal organs seemed to have been twisted. It was as if a force had entered his body and opened them.

A huge pain spread out, and at the same time, a stream of blood rushed to his throat.

"Pfft!"

Finally, he spat out a mouthful of blood. His face was full of fear as he stared at the pool of blood on the ground. There were also pieces of his internal organs in it. His eyes were filled with disbelief.

“?!”

Luan Junhao seemed to have realized something. He suddenly sucked in a breath of cold air, and the elemental energy in his body instantly exploded out, rising to the extreme!

“Great Ganges palm, break everything!”

...

“BOOM!”

The long river surged, penetrating the world as a turbulent power surged out continuously.

The surrounding scene became blurry under the power of the Ganges River, then gradually became clear.

Luan Junhao’s body trembled, but the surrounding scene did not change at all. Yunxiao was still standing in front of him, the only difference being that he had suffered internal injuries.

“My Lord, are you alright? Why are you shouting like a madman?”

Yunxiao’s eyes flickered with mockery as he sneered.

“You coward! Your illusionary technique can actually deceive me!”

Luan Junhao was extremely embarrassed and angry, but there were still huge waves of shock and horror in his heart. He instantly took a few steps back and became extremely vigilant.

fortunately, I gave you a punch," Yunxiao said. otherwise, I don't know how long you'll be mesmerized for. He looked at the sky and said, "it's getting late. Take me to see tengguang. Maybe I can make it for dinner.

"Impossible!"

Luan Junhao was burning with anger, and his entire face was so blue that it looked like it had been painted with paint. He roared, "I don't believe you have the ability to fight me!"

He clenched his fists, and yellow sand filled the air, filling the entire space.

As he clenched his fists, two tornadoes slowly formed. They were like dragons that were being captured and were constantly struggling up and down. Their power was getting stronger and stronger.

Yunxiao's figure flickered as he flew back a thousand feet in an instant. With his right hand holding the ice sword, he performed an incantation gesture with his left hand, and a space of sword intent emerged beside him, spreading out like a barrier.

The yellow sand that filled the sky swept up and attacked him continuously, but it could not move him at all.

"Junior!" Luan Junhao said coldly. No matter how talented you are, you will never be able to see how high the sky is!"

Yunxiao held his sword horizontally in front of him, his whole body within the boundary of sword intent. "Then may I ask, my Lord, How High is the Sky that you can see?"

"At least higher than you!" Luan Junhao said coldly.

He pulled his hands forward, and two dragons danced in the air. The energy turned into slashes and scattered.

“Try out the ultimate skill that I’ve just comprehended, Double Dragons tearing Wind Slash!”

He shouted and threw out his arms.

Heaven and earth trembled as the two horned Dragons roared and slammed into the barrier of sword intent.

“So strong!”

Yunxiao’s face flickered, and the frost Sword sank down. It kept ringing, and the barrier kept shrinking.

“BOOM!”

The horned dragon continued to drill down, and countless yellow sand surged around it, filling the sky.

“Bang!”

Finally, the barrier broke, and the two horned Dragons burrowed into the ground, causing the earth to crack.

Yunxiao felt a vast force hit his body, and then he was thrown out into the sky and disappeared in a flash.

“Hmph! Do you still want to use illusions? The same move is useless Against Me!”

Luan Junhao shouted, put his hands together, and suddenly tore the sky in front of him!

“Swish!”

The sky was torn in half by him like a curtain, and all the scenes changed. A thousand feet away, Yunxiao’s figure appeared, his eyes filled with surprise.

An extremely powerful force came from all directions, instantly shackling him, completely unable to move!

Luan Junhao’s figure flashed, and he closed in, suddenly punching down!

“The sky that I can see is enough for you to look up at!”

“Bang!”

The force of the punch smashed into Yunxiao’s body, causing him to cough up a mouthful of blood. His face turned pale in an instant as he fell from the sky.

Luan Junhao stared at Yunxiao, who was falling, with a murderous look in his eyes and a complicated look of struggle on his face.

This brat’s rate of improvement was too fast and too frightening. Moreover, he had a Saint tool with him. If he was allowed to grow, it would probably take him less than a year or two to truly be no match for him.

“Lord Teng Guang wants to capture this child most likely for the Saint artifact on his body.”

Luan Junhao fell into deep thought. His eyes flickered with a dark light. if I kill him and escape with the Saint artifact, I wonder if I can leave the great void Hall.

After thinking for a while, he seemed to feel that he had no confidence and could not help but sigh.

“Fine, let’s take him to tengguang first and observe the situation. I don’t have the power to go against Teng Guang yet, but the great void illusory Dao is extremely beneficial to me.”

After making up his mind, he landed in a flash and appeared directly next to Yunxiao. “Bitch, are you happy now?”

Yunxiao’s face was ashen, and the corners of his mouth were covered in blood. He kept his mouth shut and stared at the man with a resentful look.

That punch had directly shattered a large portion of his meridians. His skin was bleeding everywhere, and he was in an extremely sorry state. He had almost no strength left to fight.

Chapter 1462-sacrifice

“Slut, come with this Lord!”

Luan Junhao made a grabbing motion with his hand, and the power of space shackled Yunxiao down, making him unable to break free no matter how hard he struggled.

Soon after, a ray of light flew up and disappeared at the end of the corridor.

Everything returned to silence. A moment later, a few Black Lightning bolts suddenly appeared. As they flickered, the space twisted and Qiu Mujie’s figure appeared.

Frowning, he looked at the corridor with a suspicious look. The corners of his mouth curled up into a sneer. He spread his wings again and disappeared.

After the time it took to brew a cup of tea, Luan Junhao arrived in front of the small central tower and directly flew down.

The small Pagoda was exquisite on all eight sides and was wrapped in gold. It was like a twelve-story building, exquisite and beautiful.

Luan Junhao flew down, and Yunxiao was shackled by him with a stream of primordial energy. He fell directly behind him and coughed up blood again.

He glanced at it contemptuously, then turned to bow to the Golden Pagoda and said, "Sir Teng Guang, I've brought this person."

The Golden Pagoda rotated and a ray of light shot out. A figure appeared in front of the pagoda and sat in the void. He was dressed in luxurious clothes and his expression was calm.

"Thank you for your hard work." Teng Guang glanced at him and said indifferently.

Luan Junhao chuckled. you're just an ant. It's as easy as blowing off dust to catch you. What's there to suffer?"

"You may leave. Rest well and recuperate." Teng Guang nodded.

"Injuries?"

Luan Junhao was stunned for a moment, then he patted the dust off his body and smiled. "It's just some dust. I did use up some Yuan power. It's nothing."

Teng Guang's expression was strange as he sighed. what a powerful illusionary technique. It reminds me of an old friend.

Luan Junhao's pupils constricted, and his expression turned ugly. "Lord Teng Guang, what are you saying? I don't quite understand."

"You're already giving me face by bringing him back without killing him," Teng Guang said.

of course, I have to give you face, Your Excellency," Luan Junhao chuckled. but, I wonder, what's the use of capturing li Yunxiao?"

“I’m not talking to you,” Teng Guang said.

Luan Junhao’s expression changed. Suddenly, a bad feeling surged through his body. For some reason, this feeling became stronger and stronger.

A large amount of cold sweat gushed out of his body, and his body suddenly began to tremble. Beads of sweat rolled down like soybeans.

His long robe was soaked in sweat. Not only sweat, but also blood. In an instant, he was covered in blood!

“What’s going on?”

illusion! he shuddered and cried out, “ am I under an illusion again?!

Yunxiao’s leisurely voice rang out, “ “It’s not really giving you face. It’s easy to confuse him with my illusion, but it’s hard to kill him.”

“?!”

Luan Junhao sucked in a cold breath and felt as if he had fallen into an ice cave. He turned his head abruptly and saw Yunxiao standing there indifferently without any injuries, with an indescribable smile on the corner of his mouth.

“How is that possible?”

Luan Junhao’s head was instantly filled with blood, and his eyes burst with countless blood vessels. He turned red in an instant and roared, “ that’s impossible!!

Yunxiao looked at him with a faint smile and said, “ “Your Excellency just asked me if I felt good, and now I know that you’re the one who feels good.”

“Pfft!”

The injuries on Luan Junhao’s body were not serious, but the mental blow was huge. Under the combination of shame and anger, he spat out a mouthful of blood, and his face was ashen.

Teng Guang’s eyes shone as he praised, to be able to make a peak nine-star Martial Emperor fall into an illusion without even knowing it, your illusionary technique can be ranked in the top ten in the world.

“Oh? If it’s only the top ten, who are the other nine?” Yunxiao raised an eyebrow, seemingly unconvinced.

“I know you’re very strong, but don’t underestimate the sky,” Teng Guang said with a smile.

do you also want to tell me the height of this sky? ” Yunxiao laughed. I’ll tell you.

“Am I not qualified enough?” Teng Guang’s gaze focused and he said unhurriedly.

Yunxiao snorted coldly and looked at him without fear. “You can try.”

“Milord, Lord Teng Guang, let me take care of him!”

Luan Junhao hissed. He looked as if he had gone mad. The surging elemental energy in his body gushed out continuously, and he was almost on the verge of Qi deviation.

“Victory and defeat are common in the military, so you don’t have to be so concerned. His illusionary technique was able to confuse you because he borrowed the power of my great void illusionary Palace. Otherwise, even if he could confuse you for a while, he definitely wouldn’t have been able to trap you. However, even if he were to use his illusionary power, it would still be extremely difficult for him to kill you.”

Teng Guang paused for a moment before continuing, "his talent is indeed far superior to yours. You've spent a few days in my Palace to comprehend, but it's not as good as him spending a few hours to comprehend .."

" I don't care, I'm going to kill him!"

Luan Junhao's face was so twisted that his facial features were almost squeezed together. His appearance was completely distorted.

"You can't kill him, you'll just be wasting time," Teng Guang said. He flicked his finger in the air, and a ray of light shot directly into Luan Junhao's body. Only then did the violent flames of arrogance gradually suppress.

Luan Junhao's reason gradually came back to him, and he stared at Yunxiao with hatred in his eyes.

Teng Guang ignored him and turned to Yunxiao, " "Are you willing to be my disciple? I can teach you the great illusionary Dao."

When Luan Junhao heard this, his venomous expression became even more intense, and his face was so gloomy that water was dripping out.

the great illusionary Dao is indeed good, " Yunxiao said. but the sky is too low, and it's not suitable for me.

"Brat, you're too arrogant!" Teng Guang's body trembled and he shouted.

"You called me here just to tell me this?" Yunxiao asked. Tengguang, this great illusionary land is your Natal formation. I thought you were going to die. Now it seems to be safe and sound. Could it be that you don't intend to withdraw the formation and instead want to let it continue to evolve?"

Shock appeared in Teng Guang's eyes as he said in shock, "Who are you?"

...

it doesn't matter who I am," Yunxiao said. if this array is allowed to continue, I'm afraid no one will be able to leave it, including you. Do you want to die for the Dao? "

"Since you're so smart, what do you think?" Teng Guang blinked and smiled.

"You're crazy!"

that must be it! Yunxiao laughed. so, I have to kill you now.

Teng Guang also smiled. since you have some understanding of this formation, you should know that if I die, this place will immediately become the great void killing formation. It will kill all living beings.

if we don't kill him," Yunxiao said, " once he really turns the void into reality, this great void realm will become its own world, and I'm afraid we'll never be able to get out again. At least there's still hope to kill you. You should have seen it just now, we have the Noah's boat. Can your void killing formation destroy this holy weapon?"

"I don't have the confidence, but do you think you can kill me?" Teng Guang nodded.

Yunxiao shook his head. I can't kill him. But, if I'm not wrong, you should be suppressing Yu Shengfeng in this Pagoda. I'm still a little confident that I can save him.

"Chu Shengfeng?"

Teng Guang's eyes narrowed and his expression changed drastically. He said in shock, "You're saying that person is Chu Shengfeng!"

tsk, tsk," Yunxiao laughed. how did you survive? After fighting with the other party for so long, you don't even know his name."

...

Luan Junhao also suddenly remembered this name. He was so shocked that his mouth was wide open, and he could not believe it at all.

“Hahaha!”

After a brief moment of daze, Teng Guang couldn't help but laugh out loud, “It's my honor to be able to fight against Sir Chu Shengfeng and not lose.”

His words seemed to be directed at Yunxiao, but also to the people in the pagoda.

“Hmph!”

Chu Shengfeng's dissatisfied voice came from the pagoda. He said coldly, “Li Yunxiao, Get Me Out Of Here, and I'll kill him for you. We'll leave this place together!

with your strength, my Lord, ” Yunxiao said with a smile, ” tengguang must have used the five peaks to suppress you.

you know him well, ” Yu Shengfeng said. I can break the five peaks myself. You just have to hold off his clone so that he doesn't have time to use the seal on me.

Teng Guang forced a smile and said, “Lord Chu Shengfeng, are you in such a hurry to leave?” If you miss this beautiful scenery, you will never see it again.”

Yu Shengfeng snorted coldly and said, “you have your Dao, and I have mine. Li Yunxiao also has his Dao. It's a pity that your Dao is not good enough, so you can only come up with this insidious trick to borrow everyone's strength to help you achieve your Dao.

Yunxiao suddenly trembled and cried out, “Yu Shengfeng, what do you mean by that?”

Chu Shengfeng's sneer came from the pagoda and he said, " Li Yunxiao, you're so smart. Can't you guess it? "

these palaces transformed from 800 array diagrams are all prisons, " Yunxiao said in shock. I thought they were used to resist the enemy. Are you going to sacrifice them with human beings? "

"Tsk, resist the enemy? Am I that childish?"

A strange light appeared on Teng Guang's face as he chanted,"To achieve the great Dao, shouldn't you have a heart of respect? Isn't it normal to offer sacrifices?"

I understand, " Yunxiao said in a deep voice. Yu Shengfeng just said that your cultivation is not enough, so he laid out eight hundred Dao arrays to attract all the experts in the illusion to come here and offer sacrifices to prove your great Dao! Even you yourself will be a sacrifice to the great void sect!"

"Although it's a little biased, it's indeed the case. It's just that I don't need your lives, I'm just extracting your power."

Luan Junhao was shocked,"Your Excellency, what are you doing?"

Teng Guang said, " you don't have to worry. You're too weak. It doesn't matter if you're here or not. As long as you follow my orders, you'll be fine.

Luan Junhao's face was full of embarrassment. He did not know whether to be happy or sad.

Yunxiao sighed in his heart. Luan Junhao had gone further and further on the road, and there was no turning back. His achievements in this life would be like this.

Back then, he was also a hero whose name shook the world. How could he have become like this?

li Yunxiao, " Teng Guang said, " you can also consider submitting to me. Not only will you be safe and sound, but you'll also be able to learn my true teachings. In fact, the entire great illusionary land will be yours in the future."

"Hahahaha!"

Chu Shengfeng's loud laughter suddenly came from the pagoda.

"What are you laughing at?" Teng Guang's brows furrowed.

Yu Shengfeng laughed, " I'm laughing at you for not understanding the person in front of you at all. He's a stubborn stinky stone that often makes people gnash their teeth! Hehe, this is the first time in my life that I feel that this kind of personality can make people feel very comfortable!"

Chapter 1463-dream

Yunxiao laughed. Yu Shengfeng, don't think that I'll save you just because you're flattering me now. I've never fallen for such tricks. That's right, how much strength do you have left, and to what extent can you restrain Teng Guang? I don't want to be instantly killed by him the moment I make a move."

Hmph! Yu Shengfeng's voice rang out, " he doesn't even have the strength to suppress me now. You'll be the straw that breaks the camel's back!

alright, " Yunxiao said with a smile. I'll count to three, and we'll attack together.

The atmosphere became a little strange. Teng Guang and Luan Junhao were both a little stunned. How could there be such a logic? they were actually discussing how to attack in front of the two of them.

"One!"

Yunxiao said softly, a smile on his face.

"Two!"

His eyes focused, and as soon as he said the word “two,” his body moved and disappeared from the spot in an instant.

A Thunderbolt spread out in the air and made a crackling sound. In the blink of an eye, Yunxiao appeared in front of Teng Guang, his palm full of Thunderbolts, and he thrust it out!

“Five lightning strikes!”

“BOOM!”

Under his five fingers, lightning flickered and turned into Dragon-shaped attacks.

Teng Guang, who was sitting cross-legged in the air, raised his hands and slapped down.

A layer of light appeared between his palms, and with a “Chi” sound, it spread out like a water mirror, swaying in front of him.

“Boom boom boom!”

The huge tremors continued to ring out. Teng Guang’s entire figure became blurry, as if he was going to disappear at any moment.

At the same time, a roar came from the pagoda. The entire Pagoda shook and emitted a bright light.

The illusionary image of five mountain peaks condensed above the tower, flickering and emitting a terrifying will of rules.

Yunxiao’s pupils constricted as he said coldly, “You really don’t have much strength left.” He shouted and transformed into three heads and six arms. He raised his hammer with one hand, and the might of the Thunder kept increasing.

“Didn’t we agree to attack on the count of three?” Teng Guang said with a strange expression. Where’s the basic trust between people?”

Yunxiao snorted coldly. you want to use us as human sacrifices, and yet you still want to trust us? aren’t we fools? ” Go to hell, Nine Heavens Lightning Dragon!”

The hammer smashed down, and with a “boom,” the sky and earth cracked. Countless lightning bolts flashed under the heavenly hammer, illuminating the entire world with a blue color. A few purple threads were swallowed and spat out under the hammer.

“BOOM!”

The water mirror suddenly shattered, and countless bolts of lightning struck Teng Guang’s body, shattering his bones.

The Thunderbolts did not lose their momentum. After destroying the Teng Guang’s clone, they landed on the pagoda, causing it to shake violently. A large number of runes and patterns emerged.

“BOOM!”

“BOOM!”

The Thunderbolts continued to fall, and strange images rippled around the pagoda. They continued to disappear.

Suddenly, a ray of green light shot out of the pagoda and turned into a Jade Ruyi in the air, which crashed toward the top of the five peaks!

“BOOM!”

The two powerful profound level weapons clashed together, shooting out countless rays of light that illuminated the sky above the main hall.

The two of them suddenly attacked, and in a flash, Luan Junhao was dumbfounded. He only reacted then and roared, " Li Yunxiao, don't be presumptuous!

Yellow sand rushed up, and the Ganges River fell straight down from the ninth heaven, rushing toward Yunxiao and flowing into the sea, never to return.

I've been presumptuous, " Yunxiao sneered. what can you do to me? "

His body flickered and disappeared on the spot.

"Twin Dragons ripping wind twist!"

die! Luan Junhao suddenly shouted, and countless yellow sand gathered together, turning into two horned Dragons that chased after the lightning!

"Bang!"

A horned dragon exploded, and Yunxiao's figure emerged from the dust. He suddenly turned around, his pupils constricted, and petals appeared around him as he stared at the figure.

"?!"

Luan Junhao sucked in a breath of cold air, afraid that he would fall into the trap again. He shouted coldly, " Without Lord Teng Guang's illusion Dao law, you're nothing! Kill, kill, kill!"

A murderous aura filled the sky as it blasted toward Yunxiao!

"Bang!"

Yunxiao's body was instantly twisted and exploded, and countless pieces of flesh and blood sprayed into the sky. Only his head was left, falling to the ground and rolling far away.

"Hehe, he's finally dead!"

Luan Junhao laughed hideously. His face was cold, but his forehead was covered in sweat, and his expression was getting uglier and uglier.

"What's going on? why can't I relax at all?"

"Could it be that Qianqian?"

He swallowed his saliva. The head stopped rolling and faced him. It suddenly grinned.

"?!"

"Dammit! You should die!"

Luan Junhao roared at the sky. He instantly went crazy and roared, "Come out, come out! Come out and fight me fair and square!"

"Luan Junhao, impudent!"

...

A deep voice resounded, and a man in luxurious clothes slowly appeared in the sky. He had a cold and aloof expression-it was Teng Guang.

"Lord Teng Guang?" Luan Junhao was stunned. No, no, li Yunxiao, you're li Yunxiao!"

Teng Guang's face darkened. Luan Junhao, " he shouted. you dare to shout at me!

The veins on Luan Junhao's face bulged as he roared, " so, you are li Yunxiao! Don't even think about deceiving me with this low-level illusion! Go to hell!

"Great Ganges palm!"

He exploded on the spot and struck out with his palm!

"Quickly stop! I'm real!"

Teng Guang was shocked and roared in anger. However, the might of that palm strike pierced through the heavens and earth, instantly crushing him into pieces.

The scene in front of him dispersed and the light and shadow changed.

haha! Li Yunxiao, you are too naive!

Luan Junhao laughed maniacally. His confidence increased greatly after the palm strike, and his eyes were as sharp as knives as he stared ahead.

...

Lord Luan Junhao, what did you just say? "

Suddenly, a voice rang out. There were all kinds of laughter and laughter, and it was a happy and harmonious scene.

Luan Junhao's entire body trembled. He turned around in horror, and his face instantly turned pale. this, this is a Kasaya.

In front of him was a sea of golden light and auspicious Qi. A Palace made of green jade and transparent precious Jade stood in front of him.

The pillars of the palace were filled with jade carvings of true dragons and golden scales that shone brightly under the sun. The four sides of the ceiling were painted with colorful feathered phoenixes that circled in the sky, looking extremely lifelike. Outside the palace, there was a sea of clouds churning, making it look like a scene of Immortals.

"?!"

Luan Junhao's entire body trembled. His face was as pale as paper, without a trace of blood.

In the hall, a blue-bearded elder smiled as he stroked his beard. "Who dares to disobey the shenxiao order? Palace Master qu only needed to say a few words to summon us here. There's no need for such a great gift!"

In the main seat of the hall, that beautiful face was gradually revealed in the mist. Everyone's pupils shrank and their eyes widened. They didn't even dare to breathe.

Qu Hongyan was dressed in a simple green robe without any gorgeous accessories. When she showed her face, hundreds of flowers paled in comparison.

She waved her hand and said softly, "the nine-five Supreme pill is one of the best level-nine pills in the world. It contains the laws of heaven and earth of the number nine-five. The method of refining it has long been lost. Our divine Palace only has a dozen or so of these pills, and this is the only pill we can offer to invite you all to help. Even a martial sovereign of the ninth heaven would benefit greatly after taking it."

"This is Yingluo, this is Yingluo."

Luan Junhao's mind instantly went blank, as if he lacked oxygen. He only felt that it was extremely difficult to breathe, and cold sweat poured down his head.

The scene in front of him was so familiar that it changed his life and he would never forget it!

A man who was covered in fire stood up and said loudly, "Palace Master qu is too polite, but I'm currently at a bottleneck in my cultivation. With this nine-five Supreme pill, I'll definitely be able to successfully break through, so I really won't be polite. Other than dealing with Gu Feiyang this time, mu Yangxu will follow all the palace master's orders in the future."

"It's fake, fake! All of this is fake, an illusion, an illusion!"

Luan Junhao suddenly shouted and rushed into the main hall. He pointed at the experts and roared, "You're all fake! This scene has already happened a long time ago, and you have all either died or been injured! This is all an illusion!"

Everyone was stunned. Mu Yangxu frowned and said, "Lord Luan Junhao, what's going on with you?"

could it be that something went wrong with your cultivation recently?" Fu qishui asked curiously. plus, you're facing a powerful enemy, so you're under too much pressure and went into Qi deviation?"

"Hahaha!"

Everyone laughed, except qu Hongyan, who sat quietly on the upper seat. She did not laugh, but her eyes were filled with infatuation, as if she had turned a blind eye to the scene in front of her.

Luan Junhao's face twisted in anger as he roared, "All of you shut up! What right do you people in the illusionary realm have to laugh at me! Gu Feiyang will be here soon, and he'll kill all of you with one move!"

He roared for a while, then immediately came to his senses and said, "No, no! This is an illusion!"

Everyone's faces changed drastically, and they looked furious.

"Luan Junhao, is your brain filled with sh * t?!" Mu Yangxu shouted angrily. With all the Lords and Palace Master qu on the snowfall peak, even a God Realm expert would have to lower his body and crawl away. What nonsense are you spouting?"

Kong yuankui also snorted coldly and said sarcastically, " if you're afraid, you can go down the mountain first. I didn't expect the genius expert Luan Junhao to be such a coward!

Fu qishui stroked his beard and said, " yesterday, I heard master boasting that he had mastered the unparalleled super power of the Ganges martial sovereign-the Ganges great palm. He said that you could deal with Gu Feiyang alone. But now-you're so scared. It's really sad.

Luan Junhao's face turned red, and his eyes burned with anger. He snorted, " "You can mock me however you want, but what's there to say to you unrealistic people?"

Si chenhai laughed out loud and said, " brother Jun Hao, you don't have to worry. I'm just a nobody. Not long ago, I found a Mystic weapon beyond the ninth grade in an ancient site-the reincarnation spear. When combined with my hundred-battle spear technique, I can kill gods and demons in my way!

that's right. All ten of us are martial sovereigns of the nine Heavens realm. In addition to Palace Master qu, even the top three on the heaven and earth Power chart wouldn't be able to return alive, let alone Gu Feiyang. Marquis Wen nodded and smiled.

Luan Junhao looked at all of this coldly. Although he knew that it was all fake, he felt more and more uneasy in his heart. He was drenched in cold sweat, and his long robe was covered in sweat.

Chapter 1464-final defeat

"Did Lord Luan just eat an oval-shaped, tri-colored fruit?" qu Hongyan suddenly asked.

Luan Junhao's heart trembled and he frowned. He definitely did not eat any oval-shaped tricolored fruit back then, but after qu Hongyan mentioned it, he seemed to have a vague impression of it.

“Yaoqin, did you take out the three-lives fruit?” qu Hongyan’s face darkened.

A blue-robed woman ran over in a panic and knelt on the ground with a “plop.”

The woman in blue kept kowtowing. Her weak body trembled as she said, “Spare me, Palace Master, spare me! I was careless and checked the three lives fruit just now, and one is indeed missing!”

“Could it be the three lives three lives fruit?” Marquis Wen was shocked. Eating one will cause hallucinations and you’ll spend three lifetimes in the hallucinations?”

Qu Hongyan said, “it’s this fruit. Due to the negligence of the servants, this fruit was most likely mixed into the spirit fruits that were served to Lord Luan just now. This caused Lord Luan to fall into an illusion. Although it was just a short instant, it went through three lifetimes.”

Her eyes turned cold as she stared at the woman in blue and said coldly, “You can’t even handle such a small matter, what use are you? Drag him down and he’ll be punished to fall into an ice cave for ten years!”

“Ah!”

The blue-robed woman fell limply to the ground, and two other women immediately came forward and took her away.

so it’s the effect of the three-lives fruit, ” Fu qishui said. no wonder Lady Luan is so nervous. We’ve misunderstood her.

The wrinkles on Luan Junhao’s forehead became deeper and deeper, and his brows were completely knitted together.

He looked at his own table. There were indeed a few spirit fruits missing from the plate. He seemed to have really eaten an oval-shaped three-colored fruit just now. He still remembered that it tasted sour with a hint of astringency. With a bite, the spirit energy was overwhelming and refreshing.

After he ate it, it was as if his entire soul had been nourished.

As he thought about it, the shape and taste of the fruit became more and more clear. He couldn't help but be surprised. He looked around at the crowd and said, "Could it be that I really had a pipe dream? Impossible, how can it be so real?"

Qu Hongyan said, "if ordinary people eat the three lives three lives fruit, they will be lost for three lives in an instant. With lady Luan's cultivation realm, I'm afraid that she will be lost for 20 to 30 years after eating this fruit.

twenty to thirty years old.

Luan Junhao's entire body trembled. After the battle on the snowfall peak that year, hadn't it been more than 20 years?

Could it be that everything he had experienced over the years was just an illusion?

He looked at the people in front of him and felt the spiritual energy and vast magnificence of the snowfall peak. It was a feeling of light that connected heaven and earth.

The water vapor that filled the sky came from the clouds and penetrated into his skin. It was unspeakably comfortable.

"Illusion, so the experience of the past 20 years was an illusion, hehe."

Luan Junhao felt everything in front of him. He became more and more aware that he had eaten the three lives three lives fruit and experienced everything that had happened before.

Qu Hongyan said, "Lord Luan, you're lucky. This fruit has a strong enhancement effect on your comprehension of the heavenly law. I can see that your vital energy is surging at the moment. It seems that you've made a lot of progress.

Although Luan Junhao still felt a little uncomfortable, he could not help but nod and say, "That's right, I'm much stronger than before!"

He clenched his fists and felt the power in his body. He couldn't help but want to shout, "Gu Feiyang! You've made me suffer so much in my illusionary realm, so I'll tear you apart inch by inch in this real world!"

"So that's what happened. I've wrongly blamed Milord just now!"

Mu Yangxu hurriedly stepped forward and cupped his hands in apology. There was even a trace of envy in his eyes.

The rest of the people also stood up and cupped their fists, expressing their apologies for the verbal collision just now.

Luan Junhao waved his hand and said, "it's fine. I was the one who joined the devil. I don't blame you. However, everyone must be careful and not be careless!"

Si Chenhai sneered. don't worry, my Lord. What I'm worried about now is that Gu Feiyang won't dare to come to the battle after knowing that so many of us are gathered here.

Qu Hongyan's face was still calm, but a trace of fatigue flashed in her eyes. She said lightly, "don't worry, everyone. If Gu Feiyang doesn't dare to come, just take it that he has lost. I will keep my promise and give you the nine-five Supreme pill."

Luan Junhao frowned. He had just accepted the "reality" in front of him, but suddenly felt that something was wrong.

Si Chen Hai's eyes lit up and he smiled, "That's good. I don't think he'll dare to come. However, it's not a wasted trip to see the immortal realm of shenxiao Palace."

Shenxiao temple was a famous paradise on earth, and the snowfall peak was located at the end of the sky, at the top of the sea of clouds. Looking out from the entire Palace, the sound of celestial music could be heard, and the scenery was magnificent.

A group of people stood in the living room, tasting the best wine in the world, listening to the heavenly music, and watching the sea of clouds rise and fall outside the palace. It was a very pleasant scene.

The smiles on everyone's faces did not diminish, and even Luan Junhao gradually opened up his heart.

Fu qishui raised his cup and drank to his heart's content, "haha! Shenxiao temple is indeed a paradise on earth. I don't think Gu Feiyang will come, so let's have a drink and make this trip worthwhile!"

Everyone raised their glasses and drank, talking and laughing. Mu Yangxu sneered, " Martial Emperor Vanquisher? third on the heaven and earth Power chart? that's nothing.

Si chenhai laughed. you can't blame him for this. If he knew that there were 11 martial Supremes waiting for him, no one would have dared to come. Haha!

Luan Junhao's entire body trembled. He kept feeling that something was wrong. Although everything in front of him was very real, he kept feeling that something was wrong.

GUI Yuan, who had been silent all this time, suddenly said, " "Do you think Gu Feiyang will also ask for help? If he also invites ten martial sovereigns to help him, then this battle will be a tragic one."

Everyone was shocked and thought of this possibility. Their carefree mood was faintly smeared with a layer of worry. Si chenhai coldly said, "Even if it's ten against ten, we might not lose. When the time comes, just leave Gu Feiyang to me. "

Qu Hongyan lay on her side with her hand on her forehead. She looked at the crowd and said coldly, " "Gu Feiyang won't ask for help,"

"How can you be so sure, Palace Master?" asked Sichen hai.

There was a trace of confusion in Luan Junhao's eyes as he said awkwardly, "The next sentence is 'because he's already here',"

"What? He's already here, where is he?"

Everyone was shocked and became alert. Their divine senses spread out like waves, but they couldn't sense anything above the sea of clouds.

A look of surprise flashed in Qu Hongyan's eyes as she looked at Luan Junhao. Their eyes met, and Luan Junhao's eyes became cloudy.

"Could Lord Luan have guessed wrong?" Si Chenhai said coldly.

Qu Hongyan retracted her gaze. Luan Junhao's guess was right. Didn't you notice that the wind has started?" she said.

"Wind?" "This place is located on the top of a mountain, so it's normal for the wind to blow," Mu Yangxu said with a frown.

All of a sudden, everyone in the reception room felt a light breeze blow against their faces, and the corners of their clothes were gently blown up. All of their expressions changed drastically, and they became vigilant.

...

Outside the reception room, a golden light spread from the sky, shining on the entire sea of clouds. Suddenly, the clouds rolled and rumbled up, like steaming water vapor, boiling between the heaven and earth.

The wind was strong and the clouds were flying!

The sea of clouds and water vapor that filled the sky were drawn by the endless suction force and gathered towards the sky. The sea of clouds above the entire shenxiao temple was sucked away, and the beautiful Green Mountains and rivers appeared from the clouds for the first time in tens of thousands of years.

A vast golden cloud hand formed in the sky. It was so dazzling that it was hard to look at.

The huge palm was like a god descending to the world. It suddenly fell with a loud bang, carrying with it the rolling power of heaven.

The wind and clouds rise in the world, and the wind and clouds are all up to me!

Looking at the rolling heaven's might that fell like a meteorite, Luan Junhao's expression changed drastically. He roared, " "No, no! If it's real, how can I predict everything that's going to happen? It's an illusion, it's still an illusion!"

He was so angry that he spat out a mouthful of blood on the spot. He roared, " "Li Yunxiao, how dare you expose the scar in my heart? I'll kill you! I'm going to kill you!"

Violent Qi gushed out from his body. He raised his palm, and countless palm patterns gathered together to form an eternal river that transcended time and space. It was as if time was silent, and it had stood eternally in the world since ancient times.

Everything on the snowfall peak, including the palace, the sea of clouds, and the figures, all turned into a scene and disappeared.

However, the wind and clouds from the palm did not disappear. Instead, it became more and more dazzling. It absorbed the light of the four poles, shooting into the sky and illuminating the universe!

...

There was also the figure behind the great wind Cloud Palm. His clothes fluttered in the light, and his face could not be distinguished.

“BOOM!”

The two huge palm prints collided, and a huge black hole appeared in the sky. All the light was swallowed up, and the sky collapsed!

Luan Junhao’s body collapsed along with it. Under the power of the wind and clouds, his physical body was attacked. His blood vessels exploded continuously, and his body was covered in a bloody mist.

“No, don’t!”

Luan Junhao roared and said sternly, “ I can’t accept this, I can’t accept this!!

this is the place where you’ll first lose. I’ll choose this place as your final defeat.

An ice-cold voice rang out as that figure descended from the sky. He was dressed in a simple and unadorned robe, standing alone in the vast sky as his reflection extended to an endless distance.

“You Yingluo, you are Yingluo.”

Luan Junhao’s pupils constricted, and the scene in front of him became blurry. No matter how he rubbed his eyes, he could not see clearly.

He only felt that figure, that face, that voice, that light breeze and the clouds, that uninhibited and disdainful look.

In front of his blurry eyes, the figures of Yunxiao and Gu Feiyang gradually merged into one.

At this moment, he was filled with shock. He seemed to have understood something. His vitality was constantly flowing away, and his mind was blank.

“In fact, you were already dead in that battle,” the figure sighed.

The scenes in front of him started to disappear. The sky returned to the sky above the great illusionary Palace in front of the pagoda outside of the red moon City.

Luan Junhao was lying on the ground, covered in blood.

The light in his eyes became weaker and weaker. The White clouds in the vast sky were getting further and further away from him. Finally, he closed his eyes.

Chapter 1465-ending

The sky was bright and beautiful, and the light shone on Luan Junhao’s corpse. It was silent.

A powerhouse of his generation had returned to the place where he had fallen, fallen again, and would never be able to get up again.

The space trembled slightly, and Yunxiao fell out of it, his eyes bloodshot and his face pale.

He looked at Luan Junhao’s corpse and said, “You’re the one who defeated yourself in the end! The moment you returned, this was already destined to be your ending.”

“BOOM!”

A golden light suddenly burst out from the pagoda, and the entire twelve-story Pagoda exploded layer by layer. The terrifying aura kept shaking out and impacted in all directions.

“BOOM!”

With a final loud sound, the entire Golden Pagoda crumbled, and two figures shot out.

The five extremes peak and the Royal heaven Ruyi in the sky also separated and flew back to their Masters.

Teng Guang's figure flickered and appeared a thousand feet away. His face was extremely pale. He looked at Luan Junhao's corpse on the ground in shock and said in disbelief, " "You actually killed him? How did you do it?"

Yu Shengfeng also appeared a few thousand feet away, holding the Imperial carriage that had flown back. His expression was also cold as he looked at Luan Junhao's corpse and snorted.

His fear of Yunxiao had also deepened.

Yunxiao took some medicinal pills and breathed a sigh of relief. It's all thanks to Lord King level master's great illusory Dao that I was able to kill him. Otherwise, how could I, a mere eight-stars Martial Emperor, trap a peak nine-stars Martial Emperor? "

Teng Guang's expression was serious. You can actually use my power of illusion as you please. It's obvious that your achievements in this Dao are no less than mine. You also have amazing eye sorcery and an uninhibited personality. Do you know Gu Feiyang? "

yes? " Yunxiao smiled and asked, " does it have anything to do with you, my Lord? "

Teng Guang had been staring at Yunxiao's face the whole time, trying to find some clues from the subtle changes in his expression, but he obviously failed. Yunxiao's smile was flawless, as if it had been carved.

Ripples appeared in Teng Guang's eyes as the light in his pupils gradually condensed. His eyes were clear as he said word by word, "You are Gu Feiyang!"

Yunxiao's heart jolted, and he finally looked surprised this time.

In the distance, Yu Shengfeng also frowned. The ten martial sovereigns were his juniors, and he did not know any of them. He had only heard of their names after coming out of the pink crystal dust. He also knew that Gu Feiyang, the Vanquisher martial sovereign, had died in the tiandang mountains.

what made you make such a bold guess? ” Yunxiao asked. what is it? ”

Teng Guang suddenly laughed. His eyes were filled with splendor as he said, “Haha, it’s you! After we parted at the formation source, I missed you. When I heard the news of your death, I thought it was strange and didn’t believe you were dead. However, I haven’t heard any news about you for the past twenty years, so I thought you were really dead. I didn’t expect you to possess an innate fetus!”

Yu Shengfeng’s body trembled as he looked at Yunxiao in disbelief.

He naturally understood what it meant to possess a natural born fetus. It was to parasitize and possess the fetus while it was still in the mother’s body. This would allow the body and soul to achieve the greatest compatibility.

However, the risks involved were self-evident. If the possession was carried out too early, it was very likely that during the process of the fetus ‘formation, its memories would be cleansed by the innate Qi and it would turn into a pure and unconscious energy body. The possession would fail completely.

If the possession was too late, the innate fetus would develop its own soul, and it would be even more dangerous. To erase the other party’s soul without harming the fetus’s innate talent was no less difficult than killing a divine transcendence.

Yu Shengfeng stared at Yunxiao with a gloomy face. He did not know what kind of possession Yunxiao was trying to do, but in any case, once he succeeded in seizing the body of an innate fetus, the greatest benefit was that he would have an extra life.

Yunxiao’s hair stood on end when he was stared at by the two men. His reincarnation was fundamentally different from the possession of a connate fetus, but he was too lazy to explain it. “You haven’t answered me yet, how would you dare to make such a guess?”

Teng Guang smiled slyly. it’s actually very simple. You give me the same feeling as Gu Feiyang. You’re just not as arrogant and domineering. You have more of a young man’s vigor. How could a young man in his twenties have the grace of martial sovereign Vanquisher? with your eye technique and stinky stinky stone personality, it’s most likely the case.”

“Hahaha!”

hahaha! Yunxiao laughed. you dead man, I can't believe you saw through me with one glance. I'm not prepared for this at all.

Teng Guang looked at Yunxiao's body and praised, "Among all the experts back then, I was most impressed by you because your ideas were bold and unconstrained, just like your personality. You gave me a lot of inspiration in comprehending the heavenly Dao. It was truly an unforgettable time. But now, it seems that not only are your ideas bold and imaginative, you've even put them into practice. With this body, your soul, and Noah's ship in hand, you'll definitely be number one in the world in the future!"

His eyes shone with envy as he said, " tsk, tsk. The wind and clouds of a thousand years pass with a smile. The world flies and shines from the past to the present!

Yunxiao laughed. you flatter me. No matter how bold and imaginative I am, I'm just a minor Dao. You've transformed the great void into your own world. That's the true Supreme great Dao. I admire you.

“So you agree with my plan?” Teng Guang's eyes lit up.

yes! Yunxiao nodded and said, " if I were you, I might do the same. But unfortunately, you are you and I am still me. As long as you let me and my comrades go, I will give you my best wishes and wish you to attain the great Dao soon."

Teng Guang smiled bitterly and said, "Gu Feiyang, you're making things difficult for me. Once the great void sect has evolved, even I can't leave." If they let go of a line, this world would completely collapse. To be able to observe the evolution of a world here, I'm afraid that such a blessing will be difficult to come by again in this life, so why not cherish it?"

I do treasure this opportunity, " Yunxiao said. but I treasure my life more. Younger brother Teng Guang, if you insist on not agreeing, then this older brother will not be able to remember our old friendship."

Teng Guang said, " this is not a matter of determination. In my great illusionary path, if it continues to evolve, it will eventually become an existence like the heavenly martial arts realm. The result would

either cause the realm of heaven martial arts to explode or be separated from the realm of heaven martial arts. However, no matter what, it would not affect everyone's survival, but they would never be able to return to the realm of heaven martial arts. Furthermore, if it is allowed to continue developing, it will be able to give birth to tenth-tier regulations on its own and fulfill everyone's dreams of reaching the immortal level."

you're all alone," Yunxiao snorted with a gloomy face. do you think I'm as lonely as you? At the beginning of chaos, it evolved into the great void. As long as there is enough time, it can naturally become a complete world, but that will be hundreds of millions of years later. To think that you can come up with such a thing!"

"In order to vindicate Dao, it's worth it to make a little sacrifice." Teng Guang laughed.

then, it's normal for me to sacrifice you in order to live," Yunxiao said coldly.

Yu Shengfeng coldly said, " why are you talking nonsense with him? this madman has already become demonic. Just kill him!

He had long lost his patience. With a flash of green light, The Dark Wheel left his hand and the sky was silently split open!

"Swish!"

Teng Guang's body was cut in half. The upper half of his head was still staring at the profound level weapon, revealing a shocked expression.

"?!!"

The two broken bodies gradually became illusory and disappeared in the air, directly condensing a thousand feet away.

"You can't kill me."

Teng Guang said leisurely, " my body has already started to merge with the great void sect. Unless you destroy this place, I will not be able to do so. However, I have set up 800 Dao array diagrams here. There are also many experts who are in my array that belong to me. Can you do that? "

Yu Shengfeng sneered,"can't be killed?" You're scaring me! This embryonic form of the great illusionary land is only good enough to deceive a young bird like li Yunxiao, but it's far from good enough to brag in front of me!"

He formed a hand seal, and the Royal carriage flew up into the air. It suddenly transformed into a strange scene that pressed down on Teng Guang.

"I'll directly take you in and see if you'll die!"

The surroundings of the treasure carriage were strange, and it was actually trying to absorb the soaring light.

...

Teng Guang's expression changed drastically. He threw the five extremes peak out and smashed it in the air!

"BOOM!"

The entire treasure carriage began to shake violently, and the abnormalities began to disintegrate.

"Hmph, child's play!"

Yu Shengfeng's hand seals changed. With a "Zheng" sound, the underworld wheel flew into the sky from behind him and directly expanded to half a mu in size. Countless formation light surged on it and slashed towards the five peaks!

Teng Guang was startled, and said, "so it turns out that he's refined the small capital Heaven dark wheel formation into his weapon, no wonder it's so powerful!"

"BOOM!"

The five peaks trembled, and one of them was split open by The Dark Wheel.

The five peaks collapsed and turned into five peaks. They rotated continuously and their power was greatly reduced!

Teng Guang's expression turned cold. He said in shock and anger, " Yu Shengfeng, I respect you as a senior. Do you really want to force me to kill you?!"

Yu Shengfeng laughed, "you're threatening me when you're about to die?" Can I take your actions as cowardice?"

...

Cold stars shot out from Teng Guang's eyes as he coldly said, "It's not that I'm afraid of death, but I don't want to use my power in these meaningless battles. It's already a foregone conclusion that I'm going to evolve into the great void. If I have the strength, I'd better use it to evolve the heavenly Dao. Who's interested in competing with you, life and death!"

"Great praise!"

Suddenly, an unfamiliar voice rang out. In a flash, several figures appeared in the sky and lined up in a row.

It was a group of powerful demons. The one who had just spoken was Shang. He had a look of admiration on his face as he said, Lord throne, your great illusionary Dao is to my liking. I also admire your persistence in pursuing the heavenly Dao. I hope you can continue.

Yunxiao was taken aback. He had searched Ann's soul memories and knew who these great demons were.

Yi Hefu was also among them, and the aura on his body was extremely powerful. As soon as the two of them appeared, they stared at him coldly, and their eyes were filled with killing intent.

He also saw a familiar figure among them. Xuan Hua lazily held his head with his hands and smiled as he swept his gaze around, as if he found the matter in front of him very interesting.

Chapter 1466-gathering of experts

Yunxiao frowned, wondering why he was with these demons. But, judging from their expressions, they did not seem to be on the same side.

Moreover, Li Yi was nowhere to be seen, so it was unknown if he had been kept into the armillary sphere by Shang or if he was dead.

"Oh, I didn't hear wrong, did I?" Teng Guang said with a strange expression.

"No, I'm very supportive of you," Richard said seriously. He even gestured with his fingers to confirm his attitude.

"Our own clansmen don't support me, and a group of outsiders came to say they support me?" Teng Guang asked suspiciously.

it means that your intelligence is the same as these demon beasts," Yunxiao said with a smile. it's incredible.

"Hahaha!"

Xuan Hua could not help clapping his hands and laughing. He gave Yunxiao an appreciative look and praised, "Kid, you're interesting."

Teng Guang looked at Xuan Hua with a strange expression and chuckled. "Brother Xuan Hua, I haven't seen you for many years. I've missed you."

Xuan Hua laughed. "uncle Teng, you're older than me, okay? don't pretend to be young here."

"You're the one pretending to be young, aren't you?" Teng Guang said with a sullen face. "I remember that you're a few times older than me." Yunxiao! he pointed at Yunxiao and said, "you called him a kid?"

"Don't call him brat, don't tell me you're going to call him old man?" Xuan Hua said. "But I'm not that much older than him, so I should be calling him" little brother."

"Hahaha!"

"Do you know who he is?" Teng Guang laughed out loud.

Xuan Hua frowned and could not help but look at Yunxiao a few more times. After making sure that he was no more than twenty years old, he snorted, "Even if he's some Lord's illegitimate son, it's not too much for me to call him little brother, right?"

"Hahaha!"

Teng Guang held his belly and kept laughing. Looking at Yunxiao's happy face, he said, "Let's not talk about this anymore. You'll know his identity sooner or later. Xuan Hua, are you also supporting me?"

"Support you?" "Are you scolding me for having the same intelligence as a demonic beast?" Xuan Hua snorted.

"I think it's very possible. Otherwise, why would you two be together?" Teng Guang chuckled.

Xuan Hua said coldly, "tengguang, you've gone too far this time." Everyone was trapped by you and offended so many experts at once. If they don't kill you, they'll cripple you."

“Why don’t you guys have any spirit of sacrifice?” Teng Guang sighed.

Xuan Hua said, “who said there wasn’t?” If there’s a choice, I’ll sacrifice you.”

He looked at Shang and said, “big demon, didn’t you ask me to help you break the formation?” Why has the wind changed?”

“Because the great illusionary Tao suits my taste,” Shang laughed, “I’d love to see it fully developed.”

Yunxiao’s heart jolted, and he looked surprised.

He was the only one who had seen Shang use the armillary sphere. The armillary sphere was also a Saint weapon used to deduce the heavenly Dao. It was similar to the great void illusionary Dao. It was obvious that Shang had comprehended something from the great void Dao, which was why he hoped that Teng Guang could continue.

And he had lived for tens of thousands of years, his understanding of Saint artifacts was not something Ye Fan and himself could compare to. He probably had a way to leave, which was why he supported Teng Guang.

One was to be able to comprehend the heavenly Dao and obtain benefits. The second was to use the power of the soaring light to suppress the many human experts.

Since he had already regrouped with the monster race in the starry lunar illusion, he would definitely take further action to restore the monster race’s glory. Suppressing the human experts was an inevitable path!

Xuan Hua said, “you mean, we are enemies?”

“If Lord Xuan Hua is willing, we can not be enemies,” the referee said.

Xuan Hua said, "it means that we still have to be enemies .."

"Hmph! I already said to kill this person, or else he'll be a disaster!" Saliva coldly snorted.

Xuan Hua's gaze turned cold as he looked over. Instantly, Ling Xian's body trembled and he didn't dare to make a sound.

He withdrew his gaze contemptuously and swept it across everyone's faces. In the end, his gaze landed on Yu Sheng Feng. He revealed a surprised expression and coldly laughed, "All of them are unpleasant to the eye. I really want to shoot everyone to death."

A layer of frost appeared in Yu Shengfeng's eyes as he coldly said, "You can try."

Although it was the first time he had seen Xuan Hua, he knew his identity. He was Lu congzi's man. Killing intent could not help but appear in his eyes. If he could kill this person here, it would definitely be a big blow to Lu congzi.

"Haha, I wouldn't dare!"

Xuan Hua laughed out loud. dreams are dreams. They're full, but reality is too cruel!

Everyone's face darkened, but Yunxiao smiled and said, "Xuan Hua, why don't you kill a few of them and I'll see if I can deal with the rest?"

Xuan Hua was surprised. you're the most trashy person here. You even have to solve it? "

you called me trash! Yunxiao pointed at him and said, "I'll remember that.

Xuan Hua: " Yingluo, trash, trash. So what if I scold you? " "Come and hit me if you have the guts, hit me!" He laughed.

Yunxiao held out three fingers and said, "It's been three times,"

Xuan Hua: "Huahua! You're crazy!"

He cursed and ignored him, but then he heard Yunxiao mumble 'four times', which made his face darken and cold sweat break out for no reason.

Teng Guang laughed loudly and said, "haha, Xuan Hua, you're going to be out of luck!"

Xuan Hua said coldly, "tengguang, you're stalling for time, right?" The longer you drag this out, the more advantageous it seems for you. I'll ask you one last time, do you want to activate the formation?"

Teng Guang's smile disappeared and he sneered, "That's impossible,"

"Then there's no room for discussion!"

Xuan Hua looked at Chu Shengfeng and said, "although I don't like you either, I have no choice now." You can choose Teng Guang and these monsters. Leave the rest to me."

Yu Shengfeng snorted coldly and said, "you're not enough!" Those who are hiding in the dark, come out!"

Xuan Hua's pupils contracted slightly, and a trace of surprise flashed through his eyes. With his divine sense, he actually didn't discover anyone around him, but Xi Shengfeng could sense it. This at least meant that the other party's divine sense was far above his.

...

"Hmph!"

A cold voice sounded, and the sky rippled like a lake. Wei Qing's face was cold as he stood in the sky and stared down coldly.

The injuries on his body seemed to have healed, and he returned to his cold and aloof attitude. He said, "Yao Jinliang, you should come out too."

A few hundred feet away from Wei Qing, energy fluctuations also spread out, and the figures of Yao Jinliang and the burying Cloud Beast gradually appeared. However, their faces were filled with killing intent, and they stared coldly at Xuan Hua.

Xuan Hua was slightly shocked in his heart, but he said with a smile on his face, "Yao Jinliang, I haven't seen you for many years, and your strength has improved a lot. He didn't die from my arrow."

"I'm not dead, so it's time for you to die!" Yao Jinliang pointed at him and said coldly.

Xuan Hua smiled embarrassedly. don't be too impulsive. It's better to squash enmity than keep it alive.

"Enough!"

Yao Jinliang waved his hand and interrupted, "Don't have any more fantasies. I'll definitely kill you today!"

"Roar!"

The burying Cloud Beast also let out a violent roar. All the hair on its body stood up and its eyes were filled with a menacing light.

...

"Hmph, interesting."

“Including gongzi Yu, there are four titled martial sovereigns,” Wei Qing snorted.

His eyes gradually turned cold as he stared at the group of demons and said in a cold voice, “So it’s Lord Ci and the patriarchs of the eight tribes. Are you going to tear up the agreement between the two tribes and interfere with the affairs of my tribe?”

of course not. We were just passing by Red Moon City. We didn’t expect to be trapped here. What bad luck. Ci’s face revealed a difficult expression.

No one believed his words, but it was reasonable to say it, so it was not good to refute it.

“Hmph, what a good” passing by “!” “Now that this Lord wants to kill Teng Guang, you guys won’t interfere, right?” Wei Qing snorted coldly.

Ci frowned and turned to Shang for his opinion.

“Lord Shang and these monster friends are my old friends,” Tang Qing suddenly said, “they’re all here for me.” Since Lord Teng Guang is my son’s master, I will naturally stand on his side.”

“That’s right,” Shang laughed. What Mr. Tang Qing said is very true. We helped him only because of our personal relationship, and it has nothing to do with the agreement between the two clans.”

what a good personal relationship! Wei Qing sneered. then you can all die with this dog that I abandoned!

“You coward!” Tang Qing was so angry that his whole body was trembling.

No matter what, he was still an Overlord of a region, yet he was actually insulted like this. He was so angry that his beard was trembling.

Yao Jinliang, Xuan Hua, li Yunxiao, ” Wei Qing said. you three kill these demons and Tang Qing! Lord of the sea of soul formation realm, how about we join forces to kill Teng Guang?”

The expressions of the few people changed, revealing extremely dissatisfied expressions.

Yao Jinliang said coldly, "Wei Qing, I'm sorry but I can't follow your orders this time!" If I don't kill Xuan Hua, it will be difficult to dispel the hatred in my heart!"

Xuan Hua was also amused. Lord Wei Qing is so impressive. Tell me, what right do you have to command me? "

Yu Shengfeng and Yunxiao had the same expression, both of them looking unruly.

Wei Qing snorted, "you're still doing things your own way when a great disaster is imminent!" At this moment, other than this Lord, who else would be your leader?"

The few of them thought about it and felt that it was true. Everyone present was a world-famous figure, and no one was convinced by the other. Wei Qing was indeed the most suitable person to lead the arrangement.

Yao Jinliang gritted his teeth and said, "even if I let Xuan Hua off for now, I will never join forces with him!" I will kill Teng Guang with you and let the two soul formation realm cultivators deal with these demons!"

Wei Qing furrowed his brows and said, "alright, this method works too." What do the two of you think?"

Yu Shengfeng and Xuan Hua looked at each other. They both knew each other's identity. They were originally enemies, but it was obviously not the right time to fall out.

Xuan Hua said, "alright." But I've been in the sea of soul formation for so long, and I've never seen this Lord before. Where did this imposter come from?"

"You weren't even born when I was in the sea of soul formation!" Yu Shengfeng sneered coldly.

Wei Qing was slightly shocked and started to guess Chu Shengfeng's identity.

He had just arrived from the outer hall when he was exposed by nie Shengfeng, so he had to show himself. He did not hear Yunxiao call out his name.

Xuan Hua smiled. that's good. Let me see the strength of a fake sea of soul formation master like you.

"Why do I feel like I've become a fruit, waiting to be distributed by everyone?" he said bitterly.

"Hmph!" Wei Qing snorted coldly, "who asked you to not take your own path and insist on seeking death? Make your move!"

With a shout, a green shadow flashed and attacked Teng Guang!

Chapter 1467

1467 The battle to break the formation

A green light rose from Wei Qing's body. He opened his five fingers and slapped down, suppressing the sky where the light was.

The space under his palm shook, and Teng Guang's figure became blurry, as if he was about to collapse.

"Hmph!"

Teng Guang's expression was cold as he drew a circle in front of him with his right hand. Instantly, a talisman appeared on his palm and shot out a beam of light that shot towards Wei Qing!

"BOOM!"

A huge wave of light scattered in the air, and the suppressing force was instantly broken.

Teng Guang turned into a ray of light and rushed up.

“Clang!”

A weapon sound reverberated in the sky, melodious and piercing.

Then, there was a flash of silver light, and a strange silver blade appeared under the scorching sun, emitting a dazzling light.

“Ghost’s eye twist!”

No one could be seen in the sky. Only Yao Jinliang’s deep voice could be heard, and that strange silver knife suddenly slashed down, slashing towards Teng Guang’s escaping light!

The ghost banner was unsealed in the air, and silver light burst out of the sky.

Under the immense pressure, the fleeing light transformed into a figure of light. As it somersaulted in the air, its left hand formed an incantation gesture and its right hand clenched into a fist, blasting towards the slash.

“Bang!”

The entire sky exploded, and a terrifying energy storm swirled continuously a thousand feet away from the soaring light fist radiance.

Yao Jinliang’s body flickered in the air and disappeared again. In an instant, he appeared in front of Teng Guang, and the cold ghost’s domain was slashed horizontally!

Teng Guang’s hands formed a seal in front of him.

With a flip of his palm, a silver light array the size of a futon spread out in the seal, like a millstone, and pressed down on the silver blade!

“Dang!”

The demon ghost twisted between his hands, and countless light beams appeared. The space trembled!

Teng Guang’s fingers clamped down on the ghost hunter twist and it was unable to move.

“Let’s turn around and take a look,” Yao Jinliang said.

Beads of sweat rolled down Teng Guang’s forehead as he sniggered, “Do you think I’m stupid? that beast must be behind me, waiting for me to turn around and bite my neck.”

“If I don’t bite your neck, I’ll smack your head!” Yao Jinliang said coldly.

A huge gust of wind fell from the sky.

Looking from afar, the cloud burying beast behind Teng Guang suddenly went berserk. Its entire body continued to grow in size as it raised its forelegs. Standing in the air, it swiped down with its claws!

Teng Guang’s expression changed drastically as he shouted angrily, “Saras seal!”

“Bang!”

A force exploded under the guidance, shaking Yao Jinliang and the ghost hunter away at the same time.

Teng Guang’s hands formed a series of hand seals as he turned around in the air. Countless runes surged out of his body as he extended three fingers and pointed upwards.

“Bang!”

A heavenly curtain of water appeared between his three fingers, and with a “boom,” the burying Cloud Beast was pushed away.

The power of the Shama finger spun in the air and chased.

“Bang Bang Bang!”

The power of the three fingers exploded and turned into three spinning light shadows, like runes.

A mighty force descended and pressed down on the body of the burying Cloud Beast, sending it flying with a bang.

“Roar Roar!” The burying Cloud Beast let out a series of angry roars as it clawed at the air.

Suddenly, a golden light danced in the air, and the scenery of mountains and rivers filled his eyes.

White silk soared into the sky, smoke spread across the vast expanse, hundreds of birds fought for flow, and the mountains and rivers were like a painting!

Teng Guang was shocked. He grabbed in the air and the five extremes peak flew over. It emitted a vast force and smashed towards the Golden Book!

“Bang!”

A wave of golden light shook and the sky was filled with a dazzling golden glow.

Wei Qing’s face darkened, and his figure disappeared in a flash.

In the next moment, he directly appeared in the dense golden light. He stretched out his hand and patted it. The mountains and rivers were like a painting with immortal music curling up. It was a magnificent scene!

Once again, it pressed down on Teng Guang's body!

“BOOM!”

Teng Guang finally couldn't withstand this attack, and his entire body exploded with a loud bang, turning into countless light shadows that dissipated.

Wei Qing's expression turned cold as he kept the scroll in his hand.

“Hmph, you want to hide? Where can you hide in the hands of two divine transcendent experts?”

Wei Qing took a step forward and disappeared in the air.

Yao Jinliang and the burying Cloud Beast also disappeared in a flash.

The great illusionary Palace was formed by the power of formations. Everything that was destroyed in the palace could be replenished in an instant and restored to its original state.

...

Yu Shengfeng watched the three of them disappear into the sky before he retracted his gaze and stared at the demon clan members. Finally, his gaze landed on Ci as he said, “give me this old monster. You can deal with the rest of the trash.

Xuan Hua clapped his hands and praised. old monster against old monster. This distribution is good!

“Hmph!”

Yu Shengfeng didn't pay attention to him. He made a grabbing motion in the air and the ancient dust sword appeared in his hand. Then, he walked towards Ci.

In an instant, the two of them looked at each other. It was as if nothing existed in the world, and only the two of them were left.

"Tsk tsk tsk tsk!"

Xuan Hua exclaimed in admiration. look at how they are looking at each other affectionately. They're really an old pair of gay friends. They'll look at each other until the end of time.

Everyone's face was filled with black lines. Yu Shengfeng also withdrew his gaze and glared at him.

The temple's face was still full of wrinkles. It stood there quietly, as if it had not moved since it had appeared.

There was no light in his muddy eyes, as if he was blind.

"Don't you dare speak rudely to Lord Ci!" She said angrily.

...

"Aiyaya, you little monsters, watch me shoot you to death!"

Energy burst out from Xuan Hua's body, and his purple clothes fluttered.

The wind and clouds in the sky stirred, and a gray vortex appeared. A ray of colorful light shot down, turning into a longbow that slowly descended.

He turned his head slightly and said to Yunxiao, " go further away. With your trashy cultivation, don't die from the impact of my bow.

Yunxiao's face darkened. Looking at his old friend acting cool, he had the urge to rush up and hit him.

However, he still endured it and retreated a hundred meters in a flash, watching quietly.

The Overlord bow was made of pure silver with yellow embellishments. Purple Qi lingered around it, and countless tiny gemstones were embedded in it, like the stars in the sky.

Xuan Hua pulled in the air, and the space around him instantly distorted. With a " Zheng " sound, several Qi forces shot out toward those great demons!

"A false bow?" Yi Jing angrily said. You're underestimating me!"

He swung his arm, and a black shadow appeared behind him. It was actually a shadow in his original form.

Its beak was like a steel beak, and its eyes were like an eagle's.

Wing raised his hand and gave a loud shout. Ten finger swords slashed forward!

A sharp blade turned into a storm with him as the center. A terrifying power rushed to the sky and swept toward the void arrow!

"BOOM!"

Heaven and earth trembled, and Xuan Hua's few void arrows were swallowed up and twisted into pieces!

After a few breaths of time, the storm gradually stopped and the surroundings became a mess.

Yunxiao was shocked. As expected, he was a peak nine-star!

He didn't know how strong these great demons were at their peak. If they were all from divine transcendence, it would be a big problem. Maybe they could return to their peak in the future.

Xuan Hua's face darkened, and he said in a cold voice, "I was just trying to pull the bow, but you didn't give me any face. It seems that you really want me to kill you!"

you're just a divine transcendence," wing said coldly. don't act like you're invincible. When this Demon King swept across the world, no one in your human race dared to block my edge!"

"Oh?"

you?" Xuan Hua was surprised. your original body looks like a bird. If it wasn't revealed just now, I would have thought it was a Flying Bull.

Xian coldly snorted,"even if you're a divine transcendence, you can't possibly defeat so many of us! I'll kill you first, then kill him!"

This "he" was referring to Yu Shengfeng.

Yu Shengfeng and Ci continued to look at each other quietly, as if they were in a trance. They looked at each other as if they had entered the long river of time.

"How many people do we need to pin him down?" Shang suddenly asked.

"If you want to pin him down, talisman and I can do it," wing said.

The hearts of the three tribe leaders trembled, and they revealed looks of shock and disbelief.

After all, the other party was a divine transcendence expert, and his name was well-known in the world. Even if the three of them joined forces, they were not confident of holding him back.

“Alright,” the referee said. The two of you, plus li, restrain Xuan Hua. You three go and kill li Yunxiao.”

“What?” Everyone was shocked.

“You’re joking, right?” Are you trying to humiliate us by asking three peak nine-stars experts to kill an eight-stars martial sovereign?”

Qin He Meng also had an extremely unsightly expression.

what? ” Xuan Hua was also stunned. an eight-stars Martial Emperor actually gets the same treatment as me? ”

“Lord Shang’s orders have their reasons,” Yi replied coldly, “if the three of you are not willing, then we’ll just exchange for it.” The three of us will kill Yunxiao, and you three will deal with Xuan Hua.”

“It’s just an eight-stars Martial Emperor. I’ll just take one blow from each of them!” He snorted.

Mr. Tang Qing, ” the judge said with a frown, ” you stay here and supervise the battle. You must kill li Yunxiao!

“Lord Shang, aren’t you thinking too highly of him?” Tang Qing was also confused.

Yunxiao, who was a thousand feet away, was also very depressed. “Yao Shang, aren’t you going too far? Although there are some small grudges between us, it’s not to the extent of being so brutal, right?”

“I originally wanted to end you personally, but I have to go and help sir Teng Guang. I don’t have the time to take care of you,” the referee said.

His figure suddenly became blurry and disappeared.

“Hmph! He’s really an unreliable person!”

he’s just a mere eight-star Martial Emperor! Let’s kill him with one move! Then, we’ll kill a titled Martial Emperor together! saliva said disdainfully.

He also flashed through the air and appeared in front of Yunxiao as he shouted, ” “Die!”

He directly threw a punch!

Yunxiao had been prepared for this. At the moment his opponent made his move, he was smashed into pieces, leaving only an afterimage.

In the next moment, he appeared a thousand feet away.

“Eh, you’re quite good at hiding.”

“Haha, no wonder I was afraid I couldn’t kill you. You run fast,” Xian laughed nastily.

you won’t be able to laugh in three breaths,” Yunxiao sneered. I’ll give you three more breaths.

“What a joke! I’ll break your neck in three breaths and see if I can still laugh!”

His figure flickered and he attacked again.

Yunxiao chuckled and ignored him. His figure flickered, leaving countless afterimages in the air, dazzling everyone’s eyes for a moment.

“Eh, this movement technique is quite interesting.”

Xuan Hua's brows furrowed, and he wasn't in a hurry to make a move. He held his chin and began to think.

Chapter 1468-reversal

She threw out a few moves in a row, but failed to hit Yunxiao, and she could not help but fly into a rage.

Thinking back to how he had just boasted that he would take care of him in one move, he was even more furious. After a few roars, a violent aura surged and a demon shadow slowly appeared.

a peak nine-stars great demon? " Xuan Hua asked curiously, " does he need to use his own strength to deal with an eight-stars Martial Emperor? "

He was genuinely confused, but it was undoubtedly a huge irony to Xian's ears.

"Damn it!"

" die! Xiu roared, and his true body began to roar as rings of demonic Qi surged, transforming into ripples that spread through the air.

Suddenly, the sky trembled and a huge shadow descended, blasting towards the saliva with lightning speed.

"What?"

Everyone was taken aback. Under the gaze of that huge Phantom, it was actually a huge foot!

"Di ting's feet!"

"BOOM!"

Caught off guard by Qiu Mujie's sneak attack, he was directly stomped into the ground, causing the surrounding Palace to shake violently.

"Ah?"

Everyone was taken aback, their mouths wide open.

The afterimages in the sky faded away, and Yunxiao revealed his true body. Looking at Qiu Mujie, who was slowly descending, he said with a smile, "Madman Jie, you're finally willing to come out?"

Qiu Mujie looked at him in disdain and said, "Don't tell me you've been waiting for me to save you?"

of course not, " Yunxiao said with a smile. Don't think that I don't know you. If it wasn't for the fact that everyone had come, would you have taken the risk to come out?"

"Hmph!" Qiu Mujie coldly snorted.

Tang Qing frowned and said loudly, "not good, there are many people approaching!" Kill li Yunxiao!"

He shouted at Qin hemeng, but how could the two of them listen to his command? they snorted lightly and turned their heads away with undisguised contempt.

Tang Qing stomped his foot anxiously. He had lost all his power and was almost alone. Shang was his only backer and hope, and he had to do what he was told.

His figure flickered and he took action personally.

"Bang!"

The ground exploded, and the saliva turned into a huge monster. It rushed out of the huge footprint and roared, "I'm going to kill you!"

The demon's body was red and covered in scales, as if there were flames burning on it.

The giant palm suddenly clenched and smashed toward Qiu Mujie!

"Hmph!"

Qiu Mujie's expression didn't change. His arms turned into a furry golden color and he also attacked!

"Bang!"

The three fists smashed together, two small and one big, creating waves of light that shot out in all directions.

Qiu Mujie's body kept on transforming. Both of them had monstrous appearances, but Qiu Mujie seemed to be even weirder, as a ferocious look appeared on his face.

"Swish!"

The scorpion's tail flickered and shot towards saliva's eyes.

"?!"

The saliva was shocked and hurriedly shook off the other party, dodging to the side.

At that moment, the sky fluctuated, and Tang Qing appeared in front of Yunxiao in an instant, throwing a palm at him with a gloomy face!

He had used all of his strength in that one palm strike, trying his best to kill the other party!

However, the palm force was only halfway out when it came to a halt. His body did not dare to move.

An ice-cold sword edge was pressed against his back. Although it was invisible, it felt so real. As long as he made a move, his heart would definitely be pierced on the spot.

The person behind him was none other than beifeng Nan.

you've finally arrived," Yunxiao said with a smile. you've finally arrived.

"It's a maze all around," said beiming Nan. "It's hard to walk through. If it wasn't for the fact that the elemental energy fluctuations here are too great, I'm afraid I wouldn't have been able to come over in a short time."

Yunxiao was also brought here by Luan Junhao, or he would have been lost in the outer hall.

Tang Qing, " Yunxiao said with a smile, " you've finally fallen into my hands.

"Landed on?"

"Although the sword is behind me, I'm afraid it'll be difficult to kill me," Tang Qing sneered.

Yunxiao smiled and said nothing as he looked into the distance, " "Xuan Hua, go help Wei Qing. Leave this to me."

what? " Xuan Hua was stunned and said strangely, " although there are still people continuously approaching this place, I'm afraid it's very difficult to deal with these demons, right? "

"It's fine," Yunxiao said with a smile.

Xuan Hua's brows furrowed, and he said, "you're really confident?."

stop wasting time," Yunxiao said. if this great illusionary land is dragged on any longer, we really won't be able to leave.

"Alright, then I won't care if you die."

Xuan Hua threw down a sentence and disappeared on the spot in a flash.

...

"Don't even think about leaving!"

Fu suddenly shouted, " Xuan Hua axe!

The axe on his shoulder suddenly slashed down, trying to break the sky!

"Bang!"

The sky trembled, and a terrifying chasm was slashed out. However, Xuan Hua was still nowhere to be seen.

kill li Yunxiao and the others! Li Jing said. quickly!

Suddenly, a ray of green light flashed and a Dragon's might was felt. Luo Qingyun suddenly appeared.

He turned his gaze and had a certain understanding of the situation in front of him.

With a wave of the spear, golden waves rippled, and the nine-headed ghost Asuras emerged one by one.

“Not good!”

Li’s expression changed drastically, revealing a shocked expression.

...

Wing was also shocked and said, ‘what? Nine peak martial sovereigns?’

With Luo Qingyun’s appearance, the entire arena fell silent. Even the saliva in the distance was dumbfounded and stopped its battle with Qiu Mujie.

you’re finally here, ” Yunxiao said with a smile. Luo Qingyun, do you know how important you are at this moment? ”

He blinked and smiled. your appearance has directly changed the situation of the war. You have turned the tide. You can even say that you have changed the future of the realm of heavenly martial arts.

Luo Qingyun snorted and didn’t seem to care.

“What should we do?” wing asked in a low voice.

Fu said, ” it seems that these monsters don’t have any consciousness. Although they exude the aura of a peak nine-star, their strength is most likely not as good as ours. It should not be a problem to fight two people alone.

Li shook his head. you’re wrong. These monsters are all ‘ultimate bodies’. In addition, they have no consciousness and are not afraid of death. They are pure killing machines and are far more powerful than ordinary peak nine-stars.

“I don’t believe it!” Fu said with a frown.

He turned around, raised his axe, and slashed down!

“Roar!”

One of the ghost Asuras roared and also held his axe with both hands. His body flashed and he slashed towards the attack!

“Bang!”

The ground shook and the surrounding space was shaken.

Ghost Asura and Fu both took the attack head-on, and the two didn’t take a step back. They were actually evenly matched!

“What?”

Yi was greatly alarmed. The talisman’s power recovered even faster than his. Even he would find it difficult to withstand the power of that axe.

Li’s face turned even uglier. He knew that he was in big trouble.

“Looks like we’re too late.”

A melodious voice came, and the figures in the sky flashed again.

Ning keyun, han Junting, and grandma sunflower appeared one after another.

'It's not late at all! These monster race people are plotting something in red Moon City and will definitely be a huge threat to our clan in the future. We can use today to completely eradicate them!'

Killing intent flashed in his eyes. If he could get rid of all these great demons, it would definitely hurt the vitality of the demon race. The revival of the demon race would be delayed by at least a hundred years!

Luo Qingyun's face turned cold as he ordered, "Kill!"

The ghost Asura instantly flashed and charged toward the demons.

Beifeng Nan also thrust his long sword forward.

Tang Qing's figure flickered and swayed like water. She was about to disappear under the sword light.

Yunxiao sneered and said, "you want to leave? Tang Qing, this is where your bones will be buried!"

He made a hand seal with one hand, and his pupils constricted. Strange runes surrounded his pitch-black demonic eyes, flashing with a demonic light.

under the gaze of his eye, the twisted space was instantly flattened.

"What?"

Tang Qing was shocked that his escape technique was broken by the other party with one look. His real body appeared in an instant and he immediately felt a chill on his back.

"Clang!"

A battle suit appeared on his body and automatically protected him, blocking the eternal Imperial Sword.

However, it was instantly shattered with a clang and turned into countless golden light spots.

Tang Qing seized this moment, and his body forcefully moved horizontally in the air in a strange posture.

“Swish!”

The long sword pierced into his body, but it had already avoided his heart. It was stabbed into his shoulder, and blood spurted out.

He did not stop moving, and at the moment he was injured, he threw out a palm at Yunxiao.

That palm technique floated up and down, but it didn't mess up even though it attacked in a panic. The entire sky seemed to be compressed by this palm, and it suddenly rumbled!

“Woof! This amount of power is not enough to kill me!”

Yunxiao's pupils constricted as he threw out a palm as well. As he turned his palm in the air, the surrounding spirit Qi rushed madly into his palm and transformed into a giant palm!

White clouds floated above the huge palm, and a golden light flickered!

“Bang!”

The two palm forces collided, and the energy was shattered.

Yunxiao was sent flying, and he only managed to stabilize his body after he was hundreds of feet away, his qi and blood tumbling in his body.

Tang Qing's face was full of disappointment in his shock. He had missed the chance to kill Yunxiao.

Beifeng Nan's face darkened. He had already raised his sword and slashed down.

"Swish!"

Tang Qing's figure flickered and retreated a few feet, but he was still hit by the sword aura. Blood spurted out again, spraying into the sky.

His eyes were filled with gloom as he gritted his teeth and retreated.

Seeing that he had lost the battle, he turned into a ray of light and tried to escape.

you want to leave? is that possible?!

Yunxiao's eyes turned cold, and a strange red and black light shot out of his pupils. "Mirror Stream!"

Tang Qing's entire body trembled. He felt that the world had changed, and he had been imprinted into the moon pupil space!

"?! How was that possible? Such a powerful eye-bloodline technique, Who are you?"

His heart was filled with shock and alarm as he stared at the strange eye that was slowly opening in the sky.

Its pupils were red and black, like a Tai Chi fish, and all kinds of strange runes surrounded it.

"It doesn't matter who I am. What's important is that today is the day you die!"

Yunxiao's voice came out slowly, and then his figure slowly appeared under the demonic eye. His cold eyes looked like he was looking at a dead man.

“Haha, death?”

“So what if your pupillary abilities are extraordinary?” Tang Qing laughed in anger. I am a peak nine-star expert! Do you think you can kill me with mere illusions?”

Yunxiao said coldly and emotionlessly, “Look at who’s beside you.”

what?” Tang Qing was shocked. He suddenly realized that there was a corpse floating beside him. The familiar face was Luan Junhao, who had fought to the death with him before!

Chapter 1469-battle in the eyes

“?! You killed him?”

Tang Qing was greatly shocked, and his entire face turned green.

you can say so,” Yunxiao said. he actually died in his own hands. As for you, I will personally kill you.”

Hmph, you can kill me after killing Luan Junhao. Do you think I’ll believe that?”

Tang Qing sneered. this is your illusionary space. You can just randomly conjure up a dead body. It’s nothing more than trying to disturb my mind. Do you think I’m a nestling like you?”

whatever you think,” Yunxiao said. it doesn’t matter. It won’t affect your ending today.

He raised his hand and formed an incantation with two fingers. A sharp light shot out from the black eyes behind him. Like a sunflower, blood-colored symbols swirled around him.

“You’re acting mysterious!”

Tang Qing was secretly shocked, but his face was still full of contempt. His figure flashed and he moved forward.

The palm covered the sky and the earth, including Yunxiao and the moon eye.

Under the pressure, Yunxiao was forced to retreat while drawing circles in front of him with his hands.

The power of the wind and clouds suddenly appeared, and his long robe fluttered under the agitation of his elemental energy.

“I’ll take the wind and cloud!”

A colorful cloud condensed in his palm and suddenly emitted a five-colored light.

The immemorial astral wind wrapped around his arm and condensed into an unparalleled force, blasting towards Tang Qing!

The huge demonic eye behind him turned, and all the blood talismans fused together, gathering behind Yunxiao and condensing into his palm technique.

“Bang!”

The space trembled, and both Tang Qing and Yunxiao were sent flying.

“What? Your strength is so strong!”

Tang Qing was shocked. Although he was injured, he was still not someone an eight-stars Martial Emperor could fight against.

Yunxiao’s expression remained unchanged. With a flash of sword light behind him, he performed an incantation gesture with both hands, and all the swords in the sky immediately flew out and shot out.

Tang Qing suppressed the shock in her heart. She stepped steadily and became more cautious than ever. Her fists danced and bombarded those swords!

“Bang! Bang! Bang! Bang! Bang! Bang!”

Dozens of Northern heaven cold star swords were sent flying, and cold light shone everywhere.

The cold sword in Yunxiao’s hand flickered with frost as it flew over and slashed straight down!

“Swish!”

Tang Qing didn’t dare to take the sharp sword head-on, so she dodged it ingeniously. She made a seal with her five fingers and pointed it out.

“Bang!”

He pointed a finger at the sword, and a cold light rippled out, pushing Yunxiao back dozens of feet.

Tang Qing also frowned. His fingertips actually felt a trace of coldness.

“Hmph!”

Holding the sword horizontally, Yunxiao performed an incantation gesture with his left hand and pointed at the blade.

With a clear and melodious clang, countless ripples spread out. Green light appeared around him, and he stood alone in the sword shadow.

“One sword strike!”

The cold sword, frost, was waved, and a huge sword shadow condensed in the air. It suddenly slashed down, and an ice chasm appeared in the pitch-black space of the eye technique.

Tang Qing was shocked. Under the gaze of those strange eyes, he felt an indescribable uneasiness all over his body. Every movement of his Yuan power seemed to be hindered.

On the other hand, the other party was becoming more and more courageous. In addition to that inexplicable profound level weapon, the sharpness of it was terrifying. Under such circumstances, it was possible that he would really be defeated by him.

As soon as this thought came to his mind, he suddenly felt cold all over. He no longer dared to hold back and shouted, "Helmet!"

A ray of golden light shot out and turned into a battle armor in the air, protecting the vital parts of his body. He grabbed the finger helmet with both hands, and a golden light shimmered.

Tang Qing's hands turned back and directly chopped at the sword ray!

"BOOM!"

The ice chasm suddenly burst open. His figure flashed and rushed out of the ice blue, taking advantage of the situation.

His advantage was his close range, and he was like a fish in water when he stuck close to Yunxiao.

"So fast!"

Yunxiao was taken aback. If it were not for his eye technique, he would not have been able to see the figure clearly.

With the support of the martial helmet, Tang Qing's strength seemed to have been raised to a higher level, and the original tired and weak mental state was swept away.

"Heavenly palm!"

A ray of golden light formed a circle in his hands and suddenly pressed down.

The entire space was spinning under the palm force, and a large amount of spiritual Qi was used and gathered in it.

Yunxiao's pupils constricted, and his huge demonic eyes flickered with horror.

This space was completely under his control, and the rule energy inside was no exception. This was also what he relied on to be confident in killing Tang Qing.

However, he did not expect Tang Qing to be useful. Although he was still greatly shackled, he was much more powerful than he had expected.

Yunxiao noticed that his helmet was engraved with countless arrays, which were connected with each other, just like water fairy's sea god suit.

...

"Vajra punch!"

With no time to think, Yunxiao got into a fighting stance and threw a punch.

"Bang!"

The fist force hit the palm wind and was instantly shattered.

The sleeve on one of his arms was shattered, and his skin turned golden. Countless runes surged up, and it was obvious that he had been shaken and couldn't hold on.

Tang Qing laughed. childish! Your cultivation is as different as heaven and earth. How dare you fight me head on!

The force of the heavenly palm did not lose its momentum. It pressed down layer by layer and broke the Emperor Qi defense around Yunxiao.

Suddenly, a beam of golden light shot up. His left hand formed a seal, and his entire body turned into a transcendence golden body. Countless runes flowed around his body.

“Vajra punch!”

“Vajra punch!”

“Vajra punch!”

...

The four arms behind his back waved at the same time, each hand holding a Golden Ball. Suddenly, a fist wind was created, and the surrounding golden fist shadows all bombarded under the palm force!

“What?”

Tang Qing was shocked by the Dharma in front of him. A fierce and unparalleled force came across the sky, shaking his hands.

“Bang!”

Finally, under a violent attack, his entire body was shaken out, and his body retreated repeatedly.

“One sword to slash the heavens!”

Yunxiao’s face was cold as he raised his sword, and under the cold light, the sky suddenly split open!

“BOOM!”

The place where Tang Qing was at was cut in half. He rose into the air and flashed a hundred feet away. He roared again and rushed over.

If Yunxiao managed to pull away from him, he would be in even more danger.

“It’s useless. You couldn’t even kill me just now. The truth has already proven that you can’t kill me.”

Yunxiao said coldly, his eyes emotionless. His clear eyes suddenly turned cloudy as he looked down at the common people.

then there is only one ending waiting for you. Only death.

in fact, you already understand it in your heart. Why resist? ”

Yunxiao slowly raised the sword and pointed it at the sky.

The wind and clouds surged in the sky, gathering countless rays of light and turning into a rotating sea of clouds. Countless sword talismans poured out from within.

The Three Faces had different expressions as they mumbled something.

His left hand formed a seal in front of him, and the other four walls opened up, forming different seals.

Rays of golden light spread out from his body, forming an aura field within a hundred feet.

At the same time, lightning was flashing inside.

“This is a Kasaya.”

Tang Qing was shocked and stopped abruptly. He felt that the inside of the enchantment was very dangerous, and he was afraid that he would be killed if he rushed in rashly.

li Yunxiao, you killed my son and destroyed the foundation of my Red Moon City! he gritted his teeth in anger. I'll tear you to pieces even if I have to die!

Yunxiao raised his eyes and said slowly, “ then how many people want to tear you into pieces when you bathed the red moon City in blood and snatched the position of the city Lord? ”

“Hahaha!” Tang Qing laughed angrily and said, “the strong are Kings, and the weak are slaves! It was a law that had never changed since ancient times, and it was also the heavenly Dao! What right do you have to meddle in other people’s business!”

then do you know that Jiang Churan died to save me in the end of time? ” Yunxiao said coldly.

“What?” Tang Qing was startled and looked a little dazed as he muttered, “No wonder, no wonder you’ve been going against me, Yingluo.”

The killing intent on Yunxiao’s face grew stronger, and the aura around him seemed to sense his emotions and became fiercer.

The sword talismans surged in the clouds in the sky and slowly developed. The entire world was a sea of sword Qi.

“I can’t lose, I can’t lose!”

Tang Qing's eyes flashed with anger as she gritted her teeth and said, "This old man has fought for his entire life, how can I be defeated by a yellow-haired kid like you!"

His hands formed a series of hand seals, and the martial helmet on his body burst out with an intense light. Qi energy surged from his dantian, and his body was surrounded by a sea of Qi!

A vast force spread out, instantly filling Yunxiao's world of swords with a vacuum.

The demonic eye in the sky suddenly contracted, revealing a look of horror, and actually shed a stream of blood tears.

you detonated your sea of Qi?" Yunxiao was shocked. you detonated it?"

Tang Qing's face was gloomy, and the aura on his body continued to surge, turning into a whirlwind and scattering. He said in a cold voice, "I'm a hero of my life. Even if I die, I won't lose!"

Yunxiao's expression turned stern, and his eyes shot out cold stars as he said, "Good, this is more like it, this is the spirit of a world Overlord. I'll grant you your wish and send you to the West with my strongest sword intent as a reward for your courage!"

"Haha, grant me my wish? What an arrogant and ignorant child!"

Tang Qing was so angry that he laughed instead. The primordial Qi in his dantian kept surging out, making his strength rise to an unprecedented peak in an instant. He performed a set of palm techniques in front of him, and countless runes emerged from the surrounding space and condensed into one body.

"I'll be the peak of the mountain river town!"

A shocking palm force spread out in front of him and slammed down. Countless sword talismans exploded, and the entire space began to shake violently.

Yunxiao turned his body, and the sword kept shooting out, thrusting down like a sword.

“Dang!”

When the sword hit the palm print, it was actually pushed back, and his entire body was forced back.

so strong?!

Demon Slayer! Yunxiao was taken aback and shouted, “ sword technique!

“Dang!”

Endless sword intent surged, and ancient sounds came from the cold sword. It was as if there was a ferocious beast roaring, constantly suppressing the power of that palm!

“It’s not enough!”

He roared in anger, and the four arms behind him suddenly made hand seals. Thirty Northern heaven cold star swords suddenly formed a formation and stabbed around Tang Qing, creating a Sea of Swords!

“Explode them all!” Tang Qing shouted.

He clenched his fist, and the huge palm print shattered into a golden Nebula that swept out in all directions. The thirty-six swords buzzed and trembled.

The entire eye technique space crumbled, and blood flowed from the demonic eye as the runes were destroyed one by one.

Suddenly, Tang Qing’s body trembled. In this chaotic world, a chill suddenly rushed into her heart. In the chaos, a sword light slowly rose. It was like a miniature of the whole world, gathering all the rules!

Chapter 1470-nine lives

“What kind of sword intent is this?”

Tang Qing turned pale with fright. At this moment, the sea of Qi in his body had broken, and countless Yuanli gushed out. It was the peak of his life, but he also felt a chill under this sword will.

In that trance, Yunxiao’s figure was faintly discernible.

Under Tang Qing’s horrified gaze, the entire world converged into the shadow of the sword, and the sword seemed to be just a shadow of the man.

hallucination, is this a hallucination? ”

Tang Qing swallowed with difficulty. The strength of this sword intent almost made him suffocate.

“Impossible! That’s impossible!”

He let out a loud roar, and the sea of Qi in his dantian flowed out at an accelerated rate. The last bit of essence force poured into his meridians, limbs, and bones, and his body was stretched open by a few inches.

“I’ll be the peak of the mountain river town!”

His entire body turned into a gust of palm wind, blasting away all the chaotic Qi and pressing toward the sword intent.

Starlight gushed out of Yunxiao’s body and slowly gathered under the fingerprint as he cried out in a cold voice, ” “Star sword slash!”

With a loud cry, the sound reverberated in all directions.

An unparalleled sword shadow came down from the sky and slashed at the palm!

“BOOM!”

The entire eye-bloodline technique space was instantly torn apart, and the demon Eye suddenly exploded!

“Bang!”

In the great illusionary Palace, a cracking sound came from Yunxiao’s right pupil as a blood line shot out.

Then, Tang Qing’s figure flew out from nowhere, followed by a sword will that pierced through the ancient world and chased after him.

“Swish!”

The whole world was cut open by the sword light. Tang Qing’s armor protected his body, but he was still cut in two and died on the spot!

The two of them fought intensely in the eye technique space, but in the outside world, only an instant had passed, and no one felt anything strange.

However, Tang Qing’s sudden death by the sword Qi was too shocking and eye-catching.

Moreover, the sword intent that had chased out just now had been captured by everyone’s sharp senses, and they all revealed shocked expressions.

Beifeng Nan’s face was also filled with disbelief. He then fell into deep thought, as if he was reminiscing about that sword strike.

“The sword momentum is so strong.”

Ning keyun, han Junting, and the rest of the people were also shocked.

Han Junting’s face turned pale. She found that she seemed to never be able to see through Yunxiao. Every time she thought she had seen through him, he always came up with new things.

Li Yunxiao, are you alright? ”

Bei Xiaonan flew to his side, frowning.

Yunxiao’s face was very pale, and his forehead was covered in cold sweat. His right eye had been closed, but blood was still flowing out. He looked terrible.

I’m fine. Yunxiao shook his head and said, “ I’m fine. “Kill all these demons, or there will be endless trouble in the future!” A cold light shot out from his left eye.

“Rest well and don’t die!” Luo Qingyun said coldly.

After seeing the sword essence just now, although he was shocked, his blood was boiling and his eyes were shining with excitement.

Even the demon temple not far away, which had not moved, had a strange look in its eyes as it turned its head slightly.

“What a powerful eye technique. Is this kid really only twenty years old? Or is it a body that was taken over like you, my Lord?”

Yu Shengfeng’s eyes shrank and became cold. He said coldly, “Why do you care so much about other people’s business? Mind your own business first!”

“Hehe.”

Cl chuckled, his forehead unfurling as a slight glow appeared on his wrinkled face, “Daren’s body is also very strange. I’m very curious, what kind of person is the soul under such a body?”

“Demon temple, don’t you already have something in mind?” Yu Shengfeng’s face turned cold.

“It’s indeed you, my Lord. I didn’t expect you to still be alive,” Cl laughed.

Yu Sheng Feng snorted and said, “I’ve been to the star and moon illusionary realm once and had a good chat with Yao Ben. I have a deep impression of you.” I didn’t think that you would really become the high priest of the demon race. This is worthy of congratulations.”

“My master has passed away many years ago,” Cl sighed.

“Did Yao Ben say anything before he died?” Yu Shengfeng frowned.

“My master once mentioned you before he passed away,” Cl said with a smile.

“Oh?” “Why did he mention me?” Yu Shengfeng’s eyes turned cold.

“My master said that you’re extremely intelligent. If you succeed in taking over the body, you’ll become the true master of the world and threaten the situation of the demon race,” Cl said.

Yu Sheng sneered coldly, “I only asked him about soul possession and he’s already on guard against me. The human heart is really not what it used to be. I’m greatly disappointed. I thought he was one of the few friends I had.

Suddenly, his expression changed and his eyes shot out a sharp light. He said coldly, “could it be that Lao Ai did something to the six obstacles dust removal art that he taught me?!”

Cl chuckled and said, "Your Excellency is overthinking." Although my master is afraid of you, he's not someone who goes back on his word."

Yu Sheng said coldly, "Hmph!" After I took over this body, I've always felt that there was something strange about it. This is clearly a body of great completion, but I've never been able to step into the realm of great completion. It's clearly a problem with the six obstacles dust removal technique."

"Your Excellency has really misunderstood my master. There's indeed something wrong with this body. Although I've already noticed something, I can't tell you."

"Oh? That's just right, I'll capture you and interrogate you!"

A strange expression flashed across Yu Shengfeng's face. He grabbed with his left hand and a circle of green light appeared, turning into the underworld wheel.

...

He took a step forward with the sword in his right hand.

Immediately, an extremely powerful aura crashed over like a mountain.

The space seemed to be in a trance, and the body of the demon temple took a step back, as if it was timid.

But the smile on his face grew even wider, and he said, " "Back then, my master was deeply worried about you and spent half his life figuring out a divine ability to restrain you. I originally thought that I would never need to use it again in my life, but I didn't expect that there would be such a day."

Yu Shengfeng's face flashed with anger as he shouted, "Damn it!"

Sword light shot out from the ancient dust sword and slashed down.

At the same time, the underworld wheel spun in his left hand. With a " clang " sound, a light wheel was slashed out, and the space suddenly split!

CI moved and crossed his hands in front of him, saying, " "Spiritual light reversal!"

"Dang!"

Gu Chen's sword intent was blocked by him, but the light wheel directly cut through his defense and forced him to retreat.

Yu Shengfeng snorted coldly, raised his sword, and chopped off Chao CI's head!

...

Yao CI didn't retreat or dodge. Instead, he made a hand seal in front of him, and countless snake shadows appeared around his body.

"Dang!"

The sword fell and suddenly hit CI's head. His skull cracked and a large amount of blood gushed out, flowing down his cheeks.

Yu Sheng Feng's pupils shrank and he said in shock,"you ..."

"Hehe!"

my Lord is a hero of a generation. If I don't make some sacrifices, how can I suppress my Lord? " CI smiled strangely.

Yu Sheng said coldly,"you think you can suppress me just because you sacrificed yourself?" What a joke!"

He poured his Origin Energy into the big sword and suppressed it again!

“Bang!”

Cl’s head exploded, and he became a headless corpse.

“Swish Swish Swish!”

Countless snake shadows flew out from the corpse and turned into several strange arrays in an instant. They wrapped around Yu Sheng Feng and bound him.

“You used your own death in exchange for this show?”

Yu Shengfeng looked at the headless body and couldn’t help but be stunned. Wasn’t this too easy?

Although the snake shadows around him were a little strange, he didn’t think they could hurt him.

“Hehe, Milord has underestimated the enemy.”

Cl’s laughter came from the headless body, and a new head slowly grew out of the neck. The face was delicate and smooth, without any signs of aging.

“What? “Could it be you?” Yu Shengfeng was shocked.

“That’s right, I am the leader of the nine-lives clan, the strongest clan of the nine-headed demon clan!” Using my life to exchange for Daren’s life, it is very worth it!”

“Even if you have 90 lives, you will still die Here today!”

Yu Shengfeng's expression turned cold. The Dark Wheel in his left hand suddenly moved, and a green light slashed out. With a "Chi" sound, those strange snake shadows were cut into two.

However, those snakes actually split into two and wrapped around Yu Sheng Feng's body.

Looking carefully, this time, the long snake actually had a head and a tail. The patterns on its body were silver-brown, and the strange patterns made people feel dizzy at first glance.

"This is a Kasaya."

Yu Shengfeng's body suddenly trembled. He felt countless of these Silver Snakes swarming out of his spiritual altar and sea of consciousness. Under his eyes, it was a world of silver light, and countless snake shadows between heaven and earth swarmed over.

He felt an inexplicable pain all over his body, but he couldn't tell where the problem was. However, the pain was getting stronger and stronger, and he even slowly lost his five senses and six Senses in his mind.

Yao Ci smiled. my master spent decades to cultivate these ghost-patterned silver dragons. They can only bite souls and attack the loopholes of the six obstacles removal art. They are perfect for you, my Lord.

"Dammit! Damn it! I will definitely kill all of you demons!"

Yu Shengfeng roared in anger and formed a hand seal with one hand, causing devil Qi to surge out of his body.

Its smooth skin was covered with black patterns, and it sat down in the air.

"Demonic technique?"

Yao Ci's heart jolted. He knew how powerful this technique was. Moreover, once the demonic technique was used, the pained expression on Yu Shengfeng's face immediately decreased. It seemed to be very effective.

Killing intent flashed across his face. Several silver lights appeared in front of him. He grabbed with his right hand and a silver snake sword appeared in his hand. Then, he stabbed it across the air.

"Save him!"

Yunxiao cried out. Although his right eye was closed and covered in blood, he did not hesitate to shout.

At this moment, the six demons were being forced back by the nine Asuras. If they could hold on for a little longer, they would all be killed.

If he let Ci kill Yu Shengfeng, the situation would probably be reversed.

Beichen Nan's figure flickered and split into thousands of blades that slashed down.

A spear aura also came across the sky. Luo Qingyun suddenly attacked.

Under the pincer attack, the two of them attacked Ci separately.

Moreover, under Luo Qingyun's true dragon roar, those silver dragons seemed to shiver. They were scared, tightening their grip.

Yao Ci's footsteps halted. With a cold and stern expression, he shouted, "Chaotic dance!"

The snake sword in his hand clanged and turned into thousands of snake shadows, slashing toward the three people.
