

## **The Eternal 1471**

### Chapter 1471-summon

“bang! Bang!”

Beifeng Nan and Luo Qingyun were knocked back, and dozens of silver lights directly cut into Yu Shengfeng’s body.

Yu Shengfeng’s body was abnormally strong, and even ten thousand swords couldn’t hurt him.

However, the silver light turned into Silver Snakes and bit his skin tightly. Blood slowly appeared on the brown tips of his teeth.

The demon temple’s eyes were filled with killing intent, and the silver snake sword glowed.

“Ah!”

Suddenly, a scream rang out. The six great demons in the distance were being forced back by the nine ghost Asuras.

Unable to hold on any longer, he lost an arm and a large piece of his shoulder.

The ghost Asura’s face was full of anger. He waved his two sabers again, splitting the sky for thousands of miles. He was going to take his life!

Yao Ci’s body trembled, and he revealed a look of shock and anger. If these subordinates were sacrificed, so what if he killed Yu Shengfeng?

He roared and his figure flashed. He landed in front of Xian and slashed out with his sword!

“Bang!”

The two blade auras were instantly shattered, and Asura GUI was forced to retreat a few steps, his face sinking.

Then, the figure moved again, and sword Qi streaked across the sky, saving the few great demons.

The six of them had extremely unsightly expressions, covered in a layer of shadow.

Qin hemeng’s body was bathed in blood, his injuries extremely severe.

Even in a one-on-one fight, the three patriarchs of the eight tribes were no match for Asura ghost, not to mention that they were outnumbered.

everyone, Tang Qing is dead, ” Yunxiao sneered. since you don’t represent the demon race, do you have any reason to fight? ”

A cold light flashed in CI’s eyes. since Tang Qing is our friend, of course we have to avenge his death. That’s all the more reason to fight.

Yunxiao nodded and said, ” good! Well said! After I kill you today, I will invite my friends to destroy your base in the illusory realm of stars and moon!”

“Today’s matter was our own doing, how can you implicate my clan!” CI was furious.

it’s my own personal matter to destroy your nest in the future, ” Yunxiao chuckled. it has nothing to do with the human race. Could it be that only the few of you are allowed to act on your own and we can’t?”

you’re right, ” ning keyun said seriously. we all want to go to the illusory realm of stars and moon in private.

“Damn it!”

Cl’s face was covered in a layer of ice.

“Lord Cl, let’s go!” Are you going to drag down the entire monster race just for Shang’s will?”

“Shut up!”

die! Cl han shouted. His sharp gaze stared at the drool, causing his face to turn pale.

“Milord, it’s not that we’re afraid of death, it’s that we don’t want to die in such a baffling manner. Even if I die, I want to die with value and a worthy death!”

“If you all die Here today, that will be the greatest value!” Cl said coldly.

“This Tao Wu!”

Qinyi was speechless and snorted heavily. He then sulked at the side.

“Lord li, the Jiuli tribe has a secret technique to summon the ghost king. What do you think?”

“I’ve tried this method before, but the ghost king ran away as soon as he saw the man’s seven Illusion Green damask,” Li said with a bitter smile. She pointed to the South of Beizhen.

“Seven Illusion Green damask! Escape?”

Cl’s heart trembled. These two pieces of information shocked him. He said in shock, ” “The seven Illusion Green damask is indeed powerful, but ghosts are bound by contracts. How can they escape?”

“But the fact is that he did escape,” Li Dao said. Maybe my power hasn’t recovered to its peak yet, so I can’t summon a higher level one, or maybe the sacrifice isn’t attractive enough.”

most likely,” the demon temple replied. If I descend upon Lord Li’s body, can we summon an even more powerful existence with our combined strength?”

Li’s brows furrowed, and then his eyes flashed. “I forgot that Lord Ci is our tribe’s high priest and has the divine hook Jade. This method is feasible.”

The conversation between the two was not concealed at all, and everyone could hear it clearly.

what?” Yunxiao was taken aback. Kill them!

“Don’t worry, they won’t be able to do anything,” Luo Qingyun said with a frown. He swept his long spear and made a sound.

The nine ghost Asuras also used this time to open their “mouths” from different parts of their bodies and swallow the primordial cores to replenish their energy.

As soon as he heard Luo Qingyun’s call, a murderous aura burst out of his body and he rushed forward with a roar.

Qiu Mujie’s face was extremely gloomy as he stared at the ghost Asuras with a glint in his eyes. No one knew what he was thinking.

“Spiritual light reversal!”

The demon temple let out a soft cry and slapped down with its left hand in a strange manner.

A water mirror opened up, and a chasm appeared in front of him. Light and shadow seemed to separate the entire world.

The nine ghost Asuras seemed to have rushed onto a spring, and they were all jolted back.

After Ci made his move, he turned around and took out a square-shaped Jasper from his long sleeve. He made a hand seal with one hand and pointed at the Jade.

Suddenly, a flash of green light dispersed.

Li's entire body trembled. His eyes shined brightly and he spread out his arms.

The bell at his waist rang. It was as if he had returned to the ancient battlefield, and endless killing intent surged.

...

The Jiuli war drum rumbled loudly and green light gushed out continuously. It formed a huge formation talisman in the sky and instantly turned into a formation.

"Rise!"

The seal in Ci's hand changed, and he patted on the God-hooking Jade. A shadow flew out of his body and entered the Jade.

Then, Li's expression changed. His face was filled with fierceness as he made hand seals with one hand.

In front of him, a shadow of a palm that was more than ten feet tall appeared. His five fingers moved rapidly, and his hand seals changed.

"Ha!"

The giant palm of light closed its three fingers together, and two of them clenched lightly. It descended from the sky and slapped the giant drum.

“Bang!”

Countless rays of light surged forth, and the green light formation in the sky suddenly became dazzling. Then, an illusory figure slowly rose from within.

After the nine ghost Asuras were repelled by the spiritual light reflection, they all roared in anger and unleashed their ultimate skills to slash at it!

“Bang Bang Bang Bang!”

...

Above a heavenly chasm, a terrifying power exploded. In just a few breaths, the spiritual light reflection shattered and the heavenly chasm disappeared.

Golden light flashed on the bodies of the nine people as they used spatial bending.

Fu and the other four roared and rushed forward, blocking Ci Heli's path, their faces full of determination.

“F \* ck, I'm really going to die here this time!” He cursed.

“If you're afraid, then get to the back,” Wing said with a cold smile.

Xian Nu glared at him and snapped, “If it wasn't for Zhen's recklessness, we wouldn't be in this situation! It's not that I'm afraid, but I don't want to die in such a cowardly way, at the hands of a group of Living Dead!”

“Don't say anymore,”

Meng, who had been silent, suddenly said, "If you're so smart, why aren't you the high priest?"

"Meng, what do you mean by this?"

Meng said, "you are not the high priest, which means that the high priest is superior to you, so you must listen to his orders." Have you forgotten the oath you made when you became the clan leader?"

Saliva's entire body trembled, but it immediately calmed down, "You're right, I shouldn't have doubted the high priest's decision."

Qin was also touched, and he grinned hideously. "Alright, let the three of us die together to prove our will!"

Fu looked at the three of them and didn't say anything. Instead, he roared and charged forward.

The axe turned into a giant axe and slashed forward, shrouding the nine Asuras.

"Bang!"

His talisman was instantly shattered, and the huge force bounced back, causing him to spit out a mouthful of blood.

Wing laughed loudly. haha, you're also too greedy. You want to fight one against nine. It would be strange if you didn't die!

Fu's mouth was full of blood, and his eyes were wide open. He roared and charged again.

The other four also got into formation and charged forward.

However, it was undoubtedly like throwing an egg at a rock. The formation was broken in an instant, and the five of them were beaten to the point of spitting blood.

“You guys, retreat!”

Fu roared loudly, and golden light surged from his body. Countless runes flew out and circulated around his body.

he’s going to explode! Yunxiao said in a deep voice. he’s going to explode!

Luo Qingyun snorted, his face cold and unconcerned.

Fu! Yi was shocked and said in anger, “ Fu, what are you doing?!”

Fu smiled indifferently and said, “goodbye, comrades.” We won’t be able to have fun together in the future.”

The battle-ax glowed with countless rays of light as he slashed out with a loud roar.

It was as if all its power had been exhausted. The axe shadow was cold, and time seemed to have stopped. The whole world lost its color.

“BOOM!”

The nine ghost Asuras were all covered by the power of the axe and were sent flying hundreds of feet away.

Fu spun the axe in his hand and placed it on his shoulder. He didn’t move.

Wing’s body trembled violently, and he could not help but shed tears. He even let out a whimper.

The second of the companions who had been around with him for tens of thousands of years had left.

He couldn't help but reach out with his trembling hand, trying to grab the talisman.

However, the demon's body gradually separated into specks of light and disappeared into the sky, leaving only the Xuan Hua axe to fall and be inserted into the earth, telling a sad story.

The other three great demons also roared in grief and indignation, their eyes spitting fire.

"Retreat!"

"Don't let him die in vain!" Meng shouted.

"Where can we retreat to now?" Qin said pitifully. We can only delay for as long as possible. The two of you may withdraw."

"What do you want to do?" Meng's body trembled.

"Did Lord Fu die a worthy death?" If that's the case, I, Qin, can do it as well. I'll try my best to buy as much time as possible."

"You're crazy!" We'll only be able to buy more time if we retreat together!"

"It's too late!"

The confusion in Ginn's eyes grew less and less as he looked at the nine Asuras charging towards him, and it was replaced by determination.

"If I were to use that move, it should be enough."

He raised his hand and formed a hand seal in front of him. A terrifying power swirled around his body.

They turned into white nets, spreading out layer by layer, flashing in the air.

“Heaven snow demon silk!”

In an instant, the sky changed color. The bodies of the nine ghost Asuras froze at the same time. If one looked carefully, they would find that their bodies were stuck by a dense, hair-thin spider web.

A huge net appeared in the sky, and he stood in the center of it, his hand in an incantation gesture, his expression calm.

His body surged with elemental energy, and just like Tang Qing, he pierced through his sea of Qi and poured his terrifying power into the spider web.

The nine ghost Asuras kept struggling, but they couldn't break free.

“These demons are truly powerful,” Luo Qingyun said with a frown.

you pity them?” Yunxiao asked. are you feeling sorry for them? ”

“Pity is the greatest insult to a pair of strong people!” Luo Qingyun snorted.

Chapter 1472-ghost king

“Cough cough!”

cough cough! Yunxiao coughed and said, “ if I can't beat you one day, please have pity on me and let me go.

“I'll definitely kill you,” Luo Qingyun snorted,“I can't ruin your image in my heart.”

it's just a fight," Yunxiao said with a dark face. it's good that you've had your fun. Why do you want to take people's lives? "

"Not killing you won't be enough!" Luo Qingyun said.

The two of them were talking nonsense when a bell-like voice suddenly rang out in the air.

"Hehe, there's already a place to show off your skills."

The sky trembled slightly, and a Red Cloud appeared. It then turned into flames and fell.

A graceful figure flickered within the flames. It was feini. She was chuckling as she stepped on the spider web.

"Bang!"

The entire spider web burned and turned into flames in an instant. Although the spider silk was flexible, it was restrained by the divine fire and turned into nothingness immediately.

The nine ghost Asuras instantly broke free.

Qin watched helplessly as the flames burned his body. He laughed bitterly and helplessly. He was already like a lamp that had run out of oil. Perhaps turning into ashes was the best choice. At least he didn't look so miserable.

"Qin!"

" you ...! in the distance, saliva roared, its eyes completely red, and its body began to tremble.

The nine ghost Asuras were released and instantly rushed forward in anger.

“Fu, Qin, thank you.”

The sorrowful voice of the demon temple rang out, and the young face seemed to have aged a lot.

“Lord CI!”

Xian suddenly turned around with a face full of sorrow, only to see a huge ghost king appear behind li. It had a green face and fangs, its huge mouth was as red as a basin of blood, and its eyes flickered with a sinister look.

Yunxiao and the others were shocked. This was completely different from the little ghost li had summoned before.

Even the nine ghost Asuras that were charging forward seemed to sense danger. They stopped in their tracks and stood in a row, watching fiercely.

“We must avenge Lord Fu and Qin!” He said in grief.

Li was also extremely sorrowful. He gritted his teeth and said, “Ghost king, help me kill all these people in front of me!”

“Kekekeke!”

The ghost king laughed strangely and licked his lips with his foot-long tongue. “I’ll contribute as much power as you offer.”

CI took out a Jade box. After opening it, a ray of light rushed out like a layer of smoke, forming a seven-colored illusion.

The ghost king’s pupils contracted and shot out beams of light.

“Hehehehe, it’s actually this!”

He let out a few strange laughs, and with a flash of his long Scarlet tongue, he swallowed the smoke.

“Is this enough?” li asked.

The ghost king raised his eyes and looked forward. He was stunned for a moment, then said, “So many experts?” “Not enough!” He frowned.

“What?”

“Lord ghost king, aren’t you being a little too greedy?” Since you recognized that thing, you should know its value!”

“Hehehehe, of course I know!” “But not a single one of these people in front of us is mediocre!” The ghost king said with a sinister smile.

Cl’s face turned green. He gritted his teeth and took out another Jade box. He opened it on the spot. His face was gloomy and uncertain. He was obviously very hesitant.

“Sniff, sniff.”

The ghost king’s nose twitched, and he suddenly revealed a shocked expression. “This, this is a Kasaya.”

“Hmph!”

Cl’s face was almost dripping with water. With a flick of his finger, a white pill shot out from the small box.

The ghost king's face was filled with urgency. With a roll of his tongue, he instantly swallowed the pill. His face glowed with white light and he was pleasantly surprised.

"Is this enough?" Ci was annoyed.

"Enough, enough, enough! Hahaha!"

The ghost king laughed out loud, and his eyes emitted ghostly fire. He said coldly, "Don't worry, I'll help you get rid of these people after taking their money!" He said.

His eyes turned and fell on Luo Qingyun. He stared at him for a long time before he suddenly exclaimed, "the blood of a true dragon?!"

Li Dao said, "although it's not the blood of a true dragon, it's still immortal state dragon blood. And these zombie-like monsters are all high-quality dragon blood. Eat to your heart's content!"

"Hahaha, cool, this is too cool! I can't believe there's such a good thing!"

The green light in the ghost king's eyes grew even more intense, and it was filled with excitement.

Luo Qingyun's face turned cold. He raised his spear and was about to command the ghost Asuras to charge forward.

Yunxiao suddenly stopped him and said loudly, "Hold on!"

He stared at the ghost king and said, "you are Lord ghost king, right?" Since you've accepted their sacrifice, are you willing to accept mine? I'm willing to pay double the amount, I hope you can work for me."

The surroundings fell silent, and everyone looked at Yunxiao with a strange expression.

“Hahahaha!”

...

The ghost king laughed out loud, as if he had heard something extremely interesting. He laughed for half a cup of tea’s time. hahahaha, this is so funny. I haven’t heard such an interesting thing for a long time. He wants me to follow him, hahaha!”

Yunxiao chuckled dryly and said, ” “Do you want to eat this?” With a wave of his hand, a stone-like object appeared in his hand. It did not seem to be anything special, and was completely a stone.

li Yunxiao, you’re a coward!

Beifeng Nan was shocked, and his face flashed with anger.

That stone was the rainbow stone that he had obtained from the lingmu flute. How could he use it as a joke?

Yunxiao chuckled and put away his palm with a flip of his hand, a calm look on his face.

However, the ghost king was no longer indifferent. Green flames shot out of its eyes as it shrieked,”That’s Yingluo, that’s Yingluo!”

eh? you really know it? ” Yunxiao asked in surprise. I wonder if you can eat it.

“I can, I can, I can eat! Hurry up and give it to me!”

The ghost king’s eyes glowed with greed, showing an impatient look.

Li’s expression changed drastically, and it became extremely ugly all of a sudden.

...

it's easy if you want to eat," Yunxiao said with a smile. let's kill these demons first, and then we'll slowly talk about cooperation.

The ghost king's expression gradually calmed down. He licked his lips gloomily and said,"Kid, the ancestors of the Jiuli tribe have a contract with me. That's why they can summon me with a certain amount of offerings. You're just an eight-stars martial sovereign, and you want to summon me with a sacrifice?"

in that case, there's no need to talk about it," Yunxiao said coldly. you can forget about the thing.

The ghost king laughed hideously. haha! What a childish little chick. Since I've seen it, how can I not eat it?"

A strange Scarlet symbol appeared on his forehead, and he gradually revealed his true form from the huge war drum. He walked down step by step, and his figure was more than 30 meters tall, like a giant spirit.

His eyes were fixed on Yunxiao the whole time, as if he had to get the rainbow stone!

Yunxiao was extremely depressed. He had wanted to trick the ghost king into coming here, but he did not expect to get himself into trouble.

Luo Qingyun's face darkened. He swept his spear and shouted,"Kill this thing!"

The ghost Asuras all soared into the sky and attacked the ghost king.

"Bang! Bang! Bang! Bang!"

When the weapons of the ghost Asuras struck the ghost king's body, they only caused sparks to fly and were unable to harm it in the slightest!

"What?"

This time, everyone was shocked.

Even li HEI and the others were surprised, but they also looked happy.

"A first-rate Holy physique?" beiming Nan was shocked.

Not far away, Yu Sheng Feng, who was sitting cross-legged in the air and struggling to resist the gnawing of the ghost snakes, suddenly opened his eyes. A look of shock flashed through his eyes.

hehe, the quality of this dragon's blood is not bad. Each of them can be considered a high-quality sacrifice!

Green flames flickered in the ghost king's eyes as he laughed and grabbed at a ghost Asura!

The ghost Asura was furious. He let out a low roar and sent Five Finger swords flying over.

At the same time, strange runes were emitted from the horn on his head, which turned into a sharp awl and pushed forward.

The ghost king didn't Dodge or evade. He laughed as he grabbed at the finger sword. With a "bang," the five sharp swords were all caught in his hand. With a violent twist, they all shattered!

"Bang!"

The ghost king didn't move, but there was a sound of the air being broken. The ghost Asura was kicked into the air, and then a red light broke through the air.

“Bang!”

The long tongue pierced through the ghost Asura’s body and hung him in the air.

The blood that gushed out of his chest flowed down the tongue.

The ghost king’s mouth was drooling, and he let out a strange laugh. There was also the sound of blood being sucked, which was creepy.

“Ya ya ya!”

The Asura ghost hanging in the air by the long tongue didn’t die. He let out a series of strange screams and his body shape changed. He raised his hands and put them together, then suddenly chopped down on the tongue!

“Swish!”

The ghost king was also shocked. It didn’t expect this thing to be so strong. Although the tip of the tongue was sharp, the entire tongue was a weak part. Afraid that it would be cut, it quickly retracted it, causing the slash to miss.

Soon after, his figure flickered, and his huge body, which was over 100 feet tall, was surprisingly agile. He scuttled to the side of the ghost Asura in an instant, grabbed his head with his big hand, and lifted it up, stuffing it into his mouth!

Creak! Creak!

The ghost Asura was stuffed into the ghost king’s mouth, and the ghost king began to chew it in large mouthfuls. It seemed that it was not very easy to chew, and there was always a “crunch crunch” sound in his mouth.

“?!”

Everyone sucked in a breath of cold air. Ci and Li's faces turned pale, not understanding what kind of monster they had summoned.

However, Ci's eyes were filled with joy and excitement.

To be able to summon such a powerful thing, it was undoubtedly a huge help to the demon race!

Yunxiao's forehead was covered in cold sweat. He had experienced the same scene in the East Sea. Guangyuan was also a man-eater, but not as terrifying as this one.

Han Junting's face turned pale and she said, " "We couldn't have been eaten by him, right?"

Although Ning Keyun was also scared, she still pretended to be calm and said, " how is that possible? we have so many peak nine-star experts. We can even kill a few divine transcendence experts!

Han Junting was still a little scared and said in a trembling voice, " "R-really?"

The ghost king seemed to have heard her and turned his head around. While chewing the ghost Asura in his mouth, his eyes glowed green and he said, " it's not delicious. The pretty little girl is more delicious!

Chapter 1473-suppression

“?!”

Han Junting trembled in fear. No matter how smart and powerful she was, she was still a girl. How could she not be afraid when she saw such a terrifying scene?

Feini's face was pale as well. She quickly leaped back and hid behind Yunxiao, her hands wrapped around his arms.

Yunxiao's arm trembled slightly, but he could not do anything about feini's grip. Although he felt that it was inappropriate, he could not bear to shake her off when he saw how scared she was.

Qiu Mujie's expression was also extremely unsightly as he said, "Who can tell me what this ghost king is?"

don't think too much now, " Yunxiao said in a deep voice. think about how to kill this thing.

He glanced at bei Xiaonan. The little brat was scared away by his seven Illusion Green damask.

I'm not too sure about that, " beimang Nan said with a frown. it seems to be the same as what Luo Moyan has.

"Ramayana?" Everyone was shocked.

The so-called "Ramayana" was the name of the God of killing. It had been passed down since ancient times. As long as a person had enough killing intent, they could condense the God of killing finger.

Back in Tianshui, Yunxiao had asked the students to condense the shadow of the finger many times.

It was said that as long as one had enough killing intent, they could summon the God of Slaughter, Ramayana, and kill anyone who stood in their way. They were invincible.

although I know that it's condensed from killing intent, " Yunxiao said, " I'm still confused about what it is exactly.

I haven't thought too much about these things, " said bei Xiaonan. Lord mu di must know more than me. You can go and ask him if you have time.

I wonder if your Green Poison will work on this thing? " Yunxiao asked.

Beimang Nan said, " we have to try it even if it doesn't work. This thing is really a complete physical body. At this moment, there are no rules of the ten directions in the world. I'm afraid it's the most powerful existence." It's just that without the rules of the ten directions, even the accomplished physical body will be shackled, just like the divine transcendence. In the past, there was no such realm at all, and above the peak of the nine-star is the God."

At this moment, the remaining eight ghost Asuras all exploded. Although they didn't have much intelligence, they still had the emotion of anger and killing. Seeing their companion killed, an indescribable emotion burst out.

It was a chaotic battle in the sky. Under the impact of all kinds of forces, the sky became abnormally distorted.

From time to time, divine arts and moves would land on the ground, blasting out a Wolf's cry.

Ning keyun looked at the battle in the sky in horror and muttered, " how is this possible? eight ghost Asuras can't even defeat this thing? "

Luo Qingyun was also extremely shocked. The eight ghost Asuras were forced into an extremely miserable state in the air. If it weren't for the fact that they didn't have any consciousness and weren't afraid of death, they would have been defeated long ago.

He didn't care about Asura ghost's life and death. In fact, he even hoped that they would die soon.

After all, they had been chosen as test subjects together, and he couldn't bear to see them become walking corpses.

If it was anyone else, if they had any thoughts, they would want to die quickly, right? But now, seeing that they were really at a disadvantage, he still felt extremely uncomfortable.

Luo Qingyun! Yunxiao cried out, " can you handle it? " If we can't, we'll just run away."

Everyone's face darkened. Luo Qingyun snorted, " "Don't worry, I'll be able to handle it,"

His aura rose and he waved his spear in front of him. He shouted, "Form the formation!"

The eight ghost Asuras trembled and immediately changed. They stopped their chaotic fighting and stood in a certain formation.

The ghost king's expression finally became somewhat grave.

A strange power gushed out from the bodies of the eight ghost Asuras. The eight of them did not have their own consciousnesses and were completely under Luo Qingyun's control, so they had a great advantage in the formation. Every ghost Asura was connected to each other in their hearts and minds, as if they were one.

"I don't care if you're the ghost king or whatever, I'll turn you into a real ghost today!" Luo Qingyun said coldly.

He held his spear in front of him and shouted, "Eight-winged cicada formation!"

The ghost Asuras in the sky immediately began to move at high speed. Their movements were unusually coordinated, and they attacked from all directions.

All sorts of noises broke through the air, causing the ghost king to feel irritated. He shouted, "Shifting stars!"

He clapped his hands and continuously formed seals. Specks of Starlight appeared around him, filled with a strange power.

That huge body became dazed and actually wanted to break through the sky and leave.

"You want to leave? Suppress!"

As Luo Qingyun shouted, the eight ghost Asuras immediately attacked at the same time. Rays of golden light gushed out from their bodies, complementing each other and stacking on top of each other. It was actually a seamless process.

The power of a golden barrier suddenly condensed under the attacks of the eight people. It directly sealed the sky and locked the earth, turning into a heavenly net that completely suppressed the ghost king, making it unable to come out.

“Damn it!”

The ghost king let out an angry roar, and a faint green light burst out from his eyes. It flickered continuously, but it could not break through the joint suppression of the eight people.

He could only attack madly, causing the light on the barrier to flash and the sky to shake, but it was to no avail.

Everyone was overjoyed, but at the same time, they were extremely fearful.

For Luo Qingyun to be able to control the ghost Asura so skillfully, just these eight experts by his side were enough to make him invincible.

Qiu Mujie was filled with jealousy and anger as he muttered to himself, “Invincible? If we add eight more ghost Asuras, or sixteen more bi ‘an, who in the world would be his match?”

Yunxiao glanced at him and sneered, “Lord Mujie is thinking too much. There’s no need to increase it. With Luo Qingyun’s current condition, he can sweep the world with these eight Asuras. I’m afraid that even ao changkong is no match for him!”

Qiu Mujie’s expression turned even uglier as he roared in his heart, ‘I’m the one who created these ultimate bodies, so I should be invincible!

Although the monster race cultivators in the distance were also quite surprised, they were still overjoyed that the ghost king was able to hold back the eight ghost Asuras.

“We’ll have to kill these humans ourselves,” li Dao said. I don’t care about the others, but I must kill li Yunxiao!”

“Kill that brat with the true dragon’s blood as well!” CI said.

What a joke. If he couldn’t kill the eight ghost Asuras, he wouldn’t be able to sleep at all.

In the demon temple’s eyes, Luo Qingyun was even more terrifying and damned than Hu Shengfeng.

“Leave the human with the seven Illusion Green damask to me. Kill the rest separately!”

...

As soon as he finished speaking, he took a step in the air and appeared in front of beimang Nan in the next moment. His killing intent was overflowing.

Bei Zhennan’s pupils constricted and he took a step back, immediately retreating a thousand feet. However, CI did not leave his side, always several feet away from him, and the distance between them was getting closer and closer.

“Hmph!”

Beifeng Nan snorted heavily. He knew that he couldn’t avoid it, so he immediately raised his sword, and a cold light shone on the water.

His left hand drew a circle in the air, and a green light lingered in his palm.

He knew that CI Ji was not simple, so he used his ultimate skill at the very beginning. He used both sword and poison at the same time.

“It’s no use. You’re one realm lower than me. You can only be suppressed by me.”

Cl’s eyes were calm. He raised his hand and pointed his finger. Suddenly, a force suppressed Bei Feng Nan, making him unable to move.

Bei Feng Nan’s expression changed, and he said coldly, “Realm suppression? Hmph!”

He snorted disdainfully and withdrew his left hand. He formed a seal in front of him and flicked it on the sword. Suddenly, a clear sword sound flew out, and in an instant, it turned into countless corpse puppets.

Each of the corpse puppets had a faint green color on their bodies. At the same time, sword Qi flickered as they rushed over in an earth-shattering manner.

...

“What a strange profound level weapon and technique.”

Cl was stunned for a moment. He quickly retracted his finger and also formed a seal in front of him. Then, he shouted, “Divine light reversal.”

A water mirror opened up, immediately blocking all the corpse puppets outside.

These things carried the green Poison. Although he was not afraid, there was no need to risk his life.

“Hmph!”

Bei Feng Nan snorted again and jumped up. He pointed in the air and a large number of corpse puppets flew over, turning into a poisonous sharp sword under his fingertips, and slashed down!

Cl grabbed at the air and the silver snake sword appeared in his hand. Several rays of sword light flew out from it and turned into snake shadows, slashing out with tricky and strange postures.

“Bang!”

Beifeng Nan’s poisonous sword was shattered by a single strike, once again turning into countless corpse puppets that flapped their wings and flew away.

He drew a circle with his hands, and the green Poison circled around him. Instead of retreating, he advanced and took the initiative to attack.

“Interesting human.”

Cl couldn’t help but nod and praise, saying, “I can sense an extremely strange aura from you, and I can’t see through your actual age. It’s too strange.”

“There are many strange things.”

Beifeng Nan said indifferently. The wind from his palm came and hit the water mirror formed by the spiritual light reflection.

“Bang!”

The water mirror released waves and turned green. The seven Illusion Green damask directly corroded it and passed through.

“What?”

“This poison is so difficult to deal with?” Cl asked in shock.

He immediately retracted his hand seal and disappeared from his original spot in a flash. In an instant, he appeared in the sky above Beifeng Nan and slashed down with his sword.

“BOOM!”

The silver sword Qi cut into the ground, stirring up countless dust.

Although Beifeng Nan managed to Dodge the sword, he was still forced back by the sword Qi.

The difference in their cultivation levels was still difficult to make up for.

In the distance, several other demons came to Yunxiao in a flash and shouted, “You guys deal with the others, and I’ll kill Li Yunxiao!”

Killing Yunxiao had always been their top priority, and the others, including Luo Qingyun, were not important to them.

Because no matter how many ghost Asuras there were, they could not defeat Shang, who would completely control the armillary sphere in the future. But Yunxiao was different, as he also had a Saint artifact, which was what they feared the most.

“Husband, your eyes are blurry.”

Feini suddenly became concerned and stood in front of Yunxiao as she said, “I’ll deal with this person.”

“A descendant of the heavenly Phoenix bloodline?” Yi asked coldly. Today, even if the heavenly Phoenix comes in person, I’ll kill Li Yunxiao!”

Feini laughed, “bragging doesn’t cost money, you can brag however you want.”

“Ten sword entangling heart kill!”

Wing could not be bothered to waste his breath on her. The ten swords in his hands combined into one and suddenly slashed down!

The ten sword rays formed a sword net and trapped the two of them. The space was also cut into countless pieces and shattered!

Chapter 1474-thirty-three meritorious virtues

Feini was shocked and her body instantly turned into a demon. She was in a half-Phoenix state and a raging fire was burning behind her.

She formed a hand seal and weaved a fire net. The temperature kept rising.

“BOOM!”

The fire net suddenly flew out and collided with the sword net. It was instantly cut into countless flowers and scattered in all directions.

The sword Qi from his ten fingers didn't decrease and continued to slash down amidst the countless flames!

Feini was shocked and suddenly an arm was placed on her shoulder.

Yunxiao's left eye shone with a strange light of seven colors, and the two of them suddenly disappeared under the light.

“You won't be able to escape even if you have wings today!”

Wing said coldly. With a flash, he left an afterimage in the air and gave chase.

Li's figure also moved, and suddenly, rainbows fell from the sky. They were actually ribbons that spread out around her, forming a world of their own.

Ning keyun held the short sword in her left hand and stood in the middle of the formation. She stared at her opponent and said, "I'll be your opponent."

Li's expression changed slightly. The other party's aura was not below his own. Moreover, summoning the ghost king just now had consumed a lot of energy. It was almost impossible to defeat the other party.

She pondered for a moment and decided to just stand there without moving and slowly adjust her Yuan power.

"Although the outcome of our battle won't affect the entire battle, I can't just sit by and watch you rest," ning keyun said.

She waved the short dagger in her left hand, and a sword ray slashed down from the sky.

Li's expression was calm. His body flickered in the air and he disappeared. He teleported several feet away, but he was still in the formation formed by the red silk.

This formation was a world of its own. It was vast and endless. With Li's current strength, it would be difficult to break it in a short time.

However, she didn't want to win. It was enough to hold back a peak nine-star expert.

"Uncle-master, if the three of us join forces, we can definitely defeat her!"

The barrier flashed and han Junting and grandma sunflower appeared. The two of them suddenly separated and surrounded Li Lei.

Li's brows furrowed slightly as he chuckled."Han Junting, how long have we been working together and we're already enemies?"

"The world is like a game of chess. You summoned the ghost king, do you think he will let me go?" han Junting said.

if you're willing to join the monster race, " Li said with a smile, " not only will I let you go, but I'll also focus on nurturing you.

to put it simply, I won't let it go, " han Junting said. I'm curious. You've signed a contract with the ghost king. If you die, will this thing disappear? "

of course not, " Li said with a smile. I can't control him once he's summoned. He only needs to complete the contract with me. As for when to leave or not to leave, it's all up to him to decide."

"Understood," han Junting nodded.

Li rolled her eyes and suddenly laughed."I also understand."

Han Junting frowned and snorted, " "What do you understand?"

Li chuckled,"you're really scheming." 'The ghost king is going to kill Yunxiao now, and you're afraid that killing me will make the ghost king disappear and miss a chance to kill Yunxiao.' When I said that the ghost king wouldn't disappear, I noticed that your expression relaxed."

Ning keyun frowned and looked at han Junting in disbelief.

nonsense! han Junting retorted. The Grudge between us is between our two races. In the face of justice, who would believe you? "

Li laughed. it doesn't matter if you accuse me of sowing discord. I don't care. You know the truth in your heart.

“No matter how sharp your words are, you’re going to die today!” Han Junting laughed coldly.

She clasped her hands together and countless fluorescent spots condensed around her body, reflecting her beautiful face, cold and peerless.

Grandma sunflower also held her breath and focused her mind. She was extremely serious. A battle of this level was no longer something she could participate in. She could only carefully provide some support.

Ning keyun shouted, “Jun ting, the art of void Mystic, graceful and mysterious, its form can not be seen.”  
&Nbsp;

The three of them suddenly became absent-minded and disappeared into the red silk array, like a breeze.

Li’s expression turned serious as a sense of extreme danger welled up.

As her figure turned, the war drums soared into the sky. The sound of the drums reverberated in all directions, dispersing the dangerous aura.

In the distance, Meng and Xian had surrounded Qiu Mujie and were attacking him together.

Qiu Mujie’s arms were like that of an ape’s and he had a horn on his forehead. He unleashed all sorts of ultimate techniques and was actually able to suppress the two demons.

The two great demons had been severely injured by the ghost Asura earlier. Now that they were being suppressed by a monster like Qiu Mujie, they were so angry that they were wailing loudly. They attacked with all their might, and there were signs of a reversal in the situation.

“Hmph!”

Qiu Mujie sneered contemptuously. He displayed his movement technique and began to move around. In his eyes, these two great demons were like arrows at the end of their flight. He had no interest in fighting to the death with them. As long as he could hold them back for a certain amount of time, he would naturally be able to obtain an easy victory.

Everyone understood that the key to victory was the battle between the eight ghost Asuras and the ghost king.

At this moment, the ghost king was sitting cross-legged in the middle of the formation. His body was constantly spinning, and his appearance had changed. His body was covered in a layer of green scales.

The scales were full of patterns. As he made a hand seal, countless rays of light surged from the patterns and gathered to form talismans in the surroundings before spreading out.

However, under the suppression of the formation, the ghost talismans all gathered above the enchantment, and more and more of them appeared.

Luo Qingyun's face turned serious. The ghost king didn't seem to be using all of its power. Instead, it was carefully using its power bit by bit, as if it had some concerns.

"This feeling is terrible!"

A sense of uneasiness welled up in his heart, and his body disappeared with a bang, only to see an Azure Dragon soar into the sky.

The eight ghost Asuras opened their eyes at the same time and changed their hand seals. The power of the barrier suddenly disappeared, and all the ghost symbols also disappeared.

Asura ghost held one hand in front of his body and raised his other hand high. Golden light gushed out of his body and gathered in the sky.

...

At the same time, each of the ghost Asuras took a different step. A formation intent rippled and condensed into a light circle, sealing the ghost king in the center.

The eight golden lights flew up and danced in the sky. In the center, a light shadow flashed and Luo Qingyun's shadow appeared.

With a grave expression, he spun his spear in front of him. Suddenly, eight forces combined into one, turned into a Dragon, and fell from the nine Heavens!

"The Dragon fights in the wild!"

The shadow of the Green Dragon tore the sky and the earth apart, and a vast pressure rolled over. The ripples that rippled out shocked everyone.

Everyone stopped fighting and retreated to a certain distance from each other. They looked at each other in shock.

Even Yu Shengfeng opened his eyes abruptly. A fierce look flashed in his eyes, which then turned into confusion. It was like a stone had been thrown into a Clear Lake, creating ripples with a "Chi" sound.

The ghost king's face turned cold as he raised his hands and shouted.

The ghost Scriptures that had disappeared suddenly reappeared, spinning around his body.

A ring of light descended and condensed into a wheel that was half an mu in size. Light flickered on it, and all kinds of strange symbols were engraved on it. It was completely unrecognizable under the high-speed rotation.

"That's Yingluo, that's Yingluo!"

...

Li's face was filled with shock. He stared at the wheel and seemed to have thought of something.

A gleam flashed in Yunxiao's left eye, and he was suddenly shocked when he looked at it.

From time to time, ghostly figures appeared on the big wheel, standing around the ghost king. In an instant, there were 33 ghostly figures, all of them with ferocious faces and one hand making hand seals.

"What's with those evil ghosts?"

this thing can summon evil ghosts?" Yunxiao asked in surprise. it can summon evil ghosts?" The aura of those evil ghosts was actually not inferior to Asura ghost.

How were they supposed to fight against 33 Asura-like existences?

"Evil ghost? What evil ghost?"

"Husband, I didn't see any evil spirit," feini said with confusion in her eyes.

Yunxiao's pupils constricted as he said in surprise, " "What? you can't see those evil ghosts? there are 33 of them, and they're all forming seals on the wheel."

Fei Ni was stunned, she shook her head and said, " I didn't see anything. Perhaps my husband's eye technique is too powerful.

Yunxiao was a little shocked. He had not used a very powerful visual technique, but he could see the truth with just a glance. How could the others not see it?

He glanced at beifeng Nan, who was frowning and shaking his head.

"Water deity, what about you?"

Yunxiao sent a voice transmission to the divine realm tablet. The water fairy's eye of truth had reached a certain level, and she could see the scene outside through the tablet.

Water deity said, "there seems to be a ghostly shadow, but I can't see it clearly." Big brother Yunxiao, you must be careful. This move is so powerful that I'm scared even with the divine realm tablet between us!"

Yunxiao was surprised, but he still comforted her, " "Don't be afraid. Luo Qingyun and the ghost Asura will be the first to die. They will be the first to die. We are safe."

"Yes." The water deity calmed down a little.

Li turned his head and revealed a look of disbelief. He said with difficulty, " "You can clearly see the 33 merit Cao on the Samsara wheel?"

"Thirty-three merit points? What's that?"

Yunxiao's heart jolted, and his eyes shone as he asked abruptly.

"Gulp!"

Li gulped, cold sweat dripping from his forehead. Looking at the strange demon eyes, he was shocked and shouted, could it be that the eye technique you cultivate is the small wheel three phase life transformation mystical spiritual eye?!

Yunxiao's pupils constricted as he snorted and said, " "You also know about this technique?"

"?!"

"How is that possible?" Li was shocked. This technique should've already ceased to exist in this world!"

stop wasting time! Yunxiao said. tell me what the thirty-three merit Cao is, and what's this big wheel? ”

After a brief moment of surprise, li suddenly chuckled and said, Li Yunxiao, you're the biggest threat to our demon race. How can I tell you this? you can go to heaven with your doubts, hehe.

Yunxiao,'hehe'.

On the big wheel, the ghost king raised his hands to the sky. The power of the thirty-three Cao's body gathered and condensed into a huge green skeleton.

A terrifying power gushed out from the ghost king's body. The seal between his hands suddenly changed, and the green skull was imprinted in his palm. It emitted a heavy rainbow light, like thirty-three heavens, and slammed forward!

Chapter 1475

1475 Spatial storm

The terrifying rotating force struck the Dragon Shadow, and the Dragon suddenly exploded!

“Boom boom boom!”

Heaven and earth trembled, and the entire wheel and the ghost king's figure were devoured by the vast power.

Luo Qingyun and the eight ghost Asuras weren't spared either. They were instantly trapped. The vast power turned into a Silver sea of stars that swept out as if it wanted to devour everything.

“My husband!”

Feini cried out in shock. Her body was lifted up and was about to be swept away.

Yunxiao's pupils constricted as he suddenly grabbed her and held her in front of him with his left hand, circulating his spirit power.

The four-colored light gathered and flickered to form the Tusita heavenly peak. The will of the earth was rich in virtue and load, directly determining the wind, water, mountains, and rivers!

A spatial storm surged around him. The two of them were enveloped by the four-colored light and were not affected at all.

However, Yunxiao did not have much essence energy left, so it was still very difficult for him to drag the Tusita peak like this, and beads of sweat rolled down his forehead.

Suddenly, a fragrant scent wafted over. Feini took out a handkerchief and helped him wipe the sweat off his forehead.

young master feini, " Yunxiao said, frowning. please conduct yourself with dignity!

"Respect? Hehe."

Feini blinked and smiled, then leaned forward and hugged Yunxiao's arm.

Yunxiao's body trembled as he felt a warmth on his arm, but more sweat appeared on his forehead. At this moment, the water deity must be staring at the tablet with wide eyes. He said hurriedly, " "If young master feini continues like this, I'm going to let go."

A faint smile appeared on Fei Ni's face as she said, " "If you let go, I'll die. If you want me to die, then I'll die."

"You're so stubborn."

Yunxiao was completely speechless. He suddenly felt that he could not do anything to these girls even though he had been titled Army destroyer in his previous life and was praised by the world as 'a smile on

the face of a thousand-year wind and clouds, and a thousand-year flight that illuminated the past and present'.

Feini's eyes were filled with sorrow. She placed her red lips next to his ear and said, "I know you won't let me die because you like me. Even if you don't like me now, you'll definitely like me in the future.

Yunxiao felt the warm wind in his ear, as well as the body that was getting closer and closer. A fragrance assailed his nose, and he actually became hard in the terrible spatial storm.

"Husband, why is your face red?"

Feini chuckled and covered her mouth, her cheeks were also red.

Yunxiao only felt a hot breath assailing his nose. Her graceful figure was pressed against his body, and he could feel all the curves.

His nostrils were hot and about to bleed. He quickly pulled a long face and shouted, "Nonsense, don't hug me so tightly!"

then kill me! If you kill me, I won't be able to hug you tightly anymore! Fei Ni groaned.

Yunxiao's face darkened, and he was completely speechless.

Feini looked at him and placed her head on his arm. She said softly, "I'm a weak woman, I'm afraid."

you're almost a peak Martial Emperor," Yunxiao said, speechless. what are you afraid of? "

"I'm afraid of being blown away by the wind," feini said.

Yunxiao rolled his eyes at her and said, "it's fine if it's blown away. At most, you'll get a bloody head. You won't die.

Feini's voice suddenly became gentle as she said, "I'm not afraid of death, I'm just afraid that I won't be able to find you after I'm blown away."

Yunxiao's heart trembled slightly, but he kept his face as if nothing had happened. "It's good that you can't find it."

hehe, " Fei Ni chuckled and said, " although you're cold to me, I know that you still care about me. She stretched out her slender finger and touched Yunxiao's heart.

don't talk nonsense, " Yunxiao said. you're overthinking it again.

"Husband, if I'm beaten to death, will you be sad?" feini smiled charmingly.

Yunxiao's eyes bulged as he gave her a glare and said, " You have the Nirvana body of the heavenly Phoenix, and you will be reborn before you die. Isn't it a good thing that you are getting stronger?"

Feini pinched him angrily and said coquettishly, " I'm saying if, what if he really died? For example, the ghost king's attack just now. With such a powerful force, I wouldn't have been able to reach Nirvana in time. I would've definitely been turned into ashes and died."

that's good, " Yunxiao said. if you keep pestering me like this, I'll throw you at the ghost king the next time he uses his ultimate move.

Feini angrily kicked him a few times and said, " You're so annoying. If I die, you'll regret it sooner or later!"

Yunxiao did not bother to pay her any more attention. He dragged Tusita heavenly peak along with him, and the two of them were safe and sound under the four-colored earth elemental light as they waited quietly for the storm to stop.

After an unknown period of time, everything in front of him gradually became clear.

The scenery of the great void Hall had completely disappeared. It was a complete ruin. In the distance, the remains of the 800 array Dao palaces could still be seen.

“How did the spatial storm disappear?”

Feini obviously felt that the hug was too short, so she reluctantly left Yunxiao’s body, but her hands were still holding his arm.

Yunxiao quickly pulled it out and took a few steps forward to keep a distance from her.

Feini chuckled and took a few steps forward to catch up with him. However, she stopped sticking to him.

At this time, she was shocked to see the scene around her and said in surprise, “This ... This is where we were just now?”

Yunxiao’s eyes flickered as he said, “That’s right, the others have probably been swept away. However, this is the great illusionary Palace. Even if it was swept away, it wouldn’t be too far away.”

He revealed a strange expression and said, “It’s just that it’s been destroyed to this extent. Can Teng Guang’s great void sect still evolve?”

“Huala!

Suddenly, a pair of shattered rocks gushed up from the ground, and a person charged out from within. He was covered in blood, and it was none other than Qiu Mujie.

He gave Yunxiao and feini a strange look and said in a strange voice, “How can you not be injured?”

what can a mere spatial storm do to me? It’s only useful to you dregs.” Fei Ni was also covering her mouth and laughing.

...

Qiu Mujie coldly snorted and dusted off the dust on his body.

He knew very well what Yunxiao was capable of. He guessed that Yunxiao must have some kind of magical divine ability or unique profound artifact that allowed him to escape.

He made a hand seal with one hand, and the expression on his face became strange.

A ripple suddenly appeared on his chest. His skin was like water, rippling with his belly button as the center.

Feini's face was filled with disgust as she said in disdain, " what a disgusting skill. What is he doing? "

Qiu Mujie ignored him and changed his hand seal before pressing it down on his belly button. His belly button suddenly opened up to the size of a fist and a fish head slowly extended out.

Soon after, all the elemental energy undulations disappeared, and the fish head was revealed on Qiu Mujie's belly, looking extremely comical.

Yunxiao wiped his cold sweat with a strange face and said, " "You're a Yingluo."

"This is the simplified form of my ultimate form," Qiu Mujie said after exhaling. He took out a pile of essence pills and stuffed them into the fish's mouth.

Immediately, the fish's mouth made a "Gugu" sound, as if it was spitting bubbles.

The inner core instantly turned into Yuan power and directly passed through the fish's body to his limbs and bones. The injuries on his body recovered at a speed visible to the naked eye. In just half a cup of tea's time, he was full of blood and was at his peak condition.

...

Yunxiao wiped his sweat again and said in embarrassment, "This move is indeed impressive, but isn't it a little too bad for the aesthetic? Brother Mujie, can you think of a way to improve it? If it doesn't affect its beauty, I also want to modify it."

"No!"

Fei Ni panicked. that's disgusting! A fish head on your stomach! I'd rather you get killed than see you turn into this!

"Don't worry. My ultimate form technique is priceless." Qiu Mujie sneered. Even if the two of you knelt down and kowtowed to me, I wouldn't pass it to you."

crazy Jie, have you seen the others?" Yunxiao asked. is the ghost king dead? "

Qiu Mujie snorted coldly. the others have been blown away. That ghost king is so powerful that even divine transcendence isn't his match. How can he die? Luo Qingyun should be the one to die.

Yunxiao's eyes flickered slightly. He had the same thought. Although Luo Qingyun and Wei Qing were on the same path, they had always appreciated each other. When he thought that he was very likely to die under the blow just now, he still felt very uncomfortable.

"Who is it?"

He and Qiu Mujie shouted at the same time and turned around.

The sky rippled slightly, and three figures appeared.

Yunxiao trembled as he looked at the woman who was the leader of the three. For a moment, all kinds of feelings welled up in his heart, and his face was filled with complicated emotions.

Qiu Mujie was also greatly shocked as he cried out, "Liu Feiyan!"

The woman in the middle had a red sword with cloud patterns on her waist. She was wearing a light blue jade water thin smoke battle armor and had a heroic spirit. She was Liu Feiyan.

The two people behind him were Bo Yuqing and Zi Xiaoji.

She and Bo Yuqing were lost in the illusion Palace, following the elemental energy fluctuations they felt and moving forward. Along the way, they met Zi Xiaoji, which was why they came together.

Liu Feiyan's eyes were clear and her sweet voice sounded, "So it's Qiu Mujie. You actually didn't die."

"Hmph!" "I won't die even if you die!" Qiu Mujie coldly replied.

Liu Feiyan said, "we'll deal with what happened in the future. Now, can you tell me what happened here just now?."

Bo Yuqing and Zi Xiaoji's expressions also turned serious.

That Yuan power vibration just now was extremely terrifying. They could clearly feel it from who knows how many layers of space. Even Liu Feiyan didn't have such power.

Qiu Mujie frowned and said, "Just now, the conflict between the Saints and the demons caused an extremely strong spatial storm. Everyone was blown away, leaving only the three of us here."

"Could it be Lord Wei Qing?" Zi Bei was shocked.

"Wei Qing?" Qiu Mujie snorted. You're overestimating him. It was Luo Qingyun who joined forces with eight ghost Asuras to deal with a ghost king of the monster race."

“Eight ghost Asuras?”

The three of them were shocked. They all knew how powerful Asura ghost was. He was indeed a peak Martial Emperor and was even more powerful than an ordinary peak Martial Emperor.

“What’s the result?” Zi Beiji hurriedly asked.

“The result?” Qiu Mujie sneered. Don’t you all have eyes? this is the result.”

Chapter 1476

1476 The great void Dao fruit

She had previously killed a ghost Asura, so she naturally knew how powerful that thing was. Even if three of them worked together, it would be a very difficult matter for her, let alone eight.

Qiu Mujie snorted and crossed his arms in front of his chest, no longer saying anything.

The three of them thought that he was putting on airs and refused to say anything. Six pairs of eyes looked at the fish head above his belly button, revealing a strange and puzzled look.

Bo Yuqing was slightly better off, knowing Qiu Mujie’s ultimate body, while Liu Feiyan and Zi Xiaoji’s eyes were wide open, finding it very funny. They wanted to laugh, but it was not convenient for them to.

li Yunxiao, ” Bo Yuqing said. what’s going on? ”

Yunxiao gave him an indifferent look and said, ” the ghost king was summoned by the demon clan. It is said that it is the same kind of existence as Ramayan.

“Ramayana?”

The three of them were shocked, and then they looked thoughtful.

Liu Feiyan said, "it's said that Ramayan is the Supreme God of killing, capable of killing all existences." If the ghost king is as terrifying as him, who in the world can defeat him?"

yes," Yunxiao replied. if Wei qingren can create dozens of ghost Asuras, he can probably kill the ghost king.

Hmph, a few dozen? do you think you're growing cabbages? "

Qiu Mujie coldly snorted in disdain.

Zi Xiaoji still had a look of shock and disbelief, saying awkwardly, " "Fighting against eight ghost Asuras? H-how is this possible? could it be that the ghost king is a God?"

Suddenly, a soft sigh could be heard, " "The number of days is in disorder, I can't see clearly."

Ripples appeared in the air, and two lights slowly condensed as two figures descended from the sky.

The man hummed softly, "looking at the beautiful scenery, the green bamboo is like a house." There are bandits who are like gold, like tin, like GUI, like bi."

The woman smiled faintly. the heavens and the earth of the peach have a truth. The leaves rustled and glowed with brilliance.

The two of them had extraordinary bearings, light as Jade, and had extraordinary demeanors.

Liu Feiyan's brows relaxed and she said in surprise, " "Young master Yu."

sister Fei Yan, " Duanmu Youyu said with a smile, " long time no see. You've become even more charming.

Duanmu Cang covered his mouth and laughed, "brother, don't talk nonsense." Little sister Fei Yan is a tomboy, and she's very heroic."

Liu Feiyan said, "it's really a grand event in Red Moon City today. So many distinguished people have come." There are so many powerhouses that they are not any less powerful than those in the martial arts tournament."

Duanmu Youyu laughed. they're even more powerful. There are six titled martial sovereigns, as well as the Almighty demons, the epoch-making product of the art of cultivation, Asura ghost, and a transcendent existence like the ghost king.

"Six?"

Liu Feiyan's body trembled and her eyes shot out a bright light, " "Who else is there?"

Duanmu you Yu chuckled and did not say anything, as if he was hanging the other party's appetite.

Yunxiao's pupils constricted as well, and his eyes shone as he stared at Duanmu Youyu.

Duanmu Youyu, Liu Feiyan, Teng Guang, Yao Jinliang, Xuan Hua, a total of five people. If there was no one else, the six he was talking about should be himself.

"Hmph!"

He snorted coldly and said, "young master Yu, what about ning ke?"

Duanmu Youyu sighed. but he died for you. What a pity. I have already buried him.

Yunxiao frowned and sneered, " "Are you looking down on everyone's intelligence?"

"Really?" Duanmu you Yu blinked and smiled.

Liu Feiyan gave Yunxiao a few surprised looks. How would an eight-stars Martial Emperor dare to talk to Duanmu Youyu like this?

Bo Yuqing, on the other hand, was calm and composed. He knew Yunxiao's identity, but he did not point it out.

young master Youyu, " Zi Linji said. your divination skills are unparalleled in the world. Please perform a divination. Can we leave this place? "

Duanmu Youyu said, "Lord Zi sorrowful Ji, have your ears really become bad as you grow old?" As soon as I came out, I said that the number of days was chaotic and I couldn't deduce it. "

Zi Xiaoji was given the cold shoulder and snorted, " I can't calculate it when I need it. I can calculate some trivial things more accurately than anything else. What's the use of divination? "

"Why don't I tell you when you'll die?" Duanmu you Yu's expression turned cold.

"You coward!"

Zi Beiji was furious, he scoffed and waved his sleeves, not making a sound.

Liu Feiyan said, "don't be angry. At this moment, everyone has the same idea. We all want to leave the illusion." I wonder where those people went with Teng Guang."

Duanmu Youyu said, " the attack of the ghost king just now was earth-shattering. The impact was so great that it was difficult to estimate. Even the main hall of the great illusionary Palace was destroyed. This place was originally created by an illusion, and once it was destroyed, it would immediately return to its original state. But now, after so long, there's no sign of it being restored at all."

Yunxiao's body trembled, and he looked shocked.

If Duanmu Youyu had not mentioned it, he would not have noticed it. Only now did he realize that something was indeed wrong.

“What do you think, young master Yunxiao?” Duanmu Youyu asked.

the great illusionary Palace has stopped its self-repair,” Yunxiao said. I’m afraid that something is wrong with the Dao’s evolution. I think tengguang is going crazy.

“Go crazy?”

what?” Duanmu Youyu was suddenly stunned. if he goes crazy, there should be some changes. We’ll just wait quietly. I hope that it doesn’t turn into the great void killing formation, or it will be troublesome.”

there are too many experts in this array,” Yunxiao said. even if it really becomes a killing array, I’m afraid it won’t be able to kill all of us. Of course, the vast majority of them will still die.”

sigh,” Duanmu you Yu said worriedly, “I don’t want to be one of the vast majority. Let me eat a few spicy strips to calm my nerves.

As everyone was talking, the ground suddenly trembled and the mountain shook. The ground beneath their feet shook unsteadily.

A ray of colorful light came from afar and enveloped everyone in an instant. It even extended out, as if the entire great illusionary Palace Hall was enveloped within.

...

“What’s going on?”

Everyone was shocked. Suddenly, the space in the distance was torn apart, and a huge black hole appeared, shooting out all kinds of light.

The black hole slowly sank, like the setting sun falling to a certain place on the earth.

“Boom boom boom!”

The ground trembled and countless cracks appeared as if it was about to collapse.

Feini was shocked, “husband hehe.”

don’t scream, ” Yunxiao said in a deep voice. I think something has happened.

Everyone flew into the sky and stared at the black hole in the distance. After it sank into the earth, a terrifying power spread in all directions.

The 800 array Dao palaces began to collapse inch by inch. It was like the end of the world.

“That’s Yingluo.”

Yunxiao suddenly cried out as he stared into the distance with an extremely shocked expression.

...

Qiu Mujie’s eyes also flickered with a green light as he was also dumbstruck.

after the black hole entered the ground, a light shadow turned into a tree and slowly grew.

This Tree of Light was abnormally gorgeous and colorful. From a seedling, it continuously grew, extending countless thin branches. The leaves of light were crystal clear, like a dream.

The entire process lasted for the time it took to brew half a cup of tea before it finally grew into a towering tree with luxuriant branches and leaves.

A nine-colored ray of light suddenly shot out from the top of the tree. Countless runes flickered in the light and gradually gathered into a chapter, shaking in the air.

That talisman had thousands of words, spreading out in the sky for a thousand miles. Each word was huge and majestic.

this is the 800 Scriptures of array Dao! Yunxiao cried out in surprise.

After the Scripture floated in the air for a while, it began to fade away word by word, turning into a fluorescent light that fell and sprinkled on the towering tree.

The speed at which the Sutra characters were disappearing was getting faster and faster. After the time it took to brew a cup of tea, the thousand-mile Sutra characters were disappearing overnight.

The nine-colored rays of light on the towering tree grew brighter, and a white flower bud slowly grew out and bloomed.

“?! That’s Yingluo.”

Qiu Mujie’s entire body trembled, and he could no longer remain calm. A nine-colored fruit lay quietly within the blooming flower.

Duanmu Youyu’s expression was also grave. He formed hand seals with one hand and continuously calculated something. Strange runes flew out from his hand and disappeared into the void.

A water mirror appeared in front of him. There were flickering lights and shadows on it, as if it was evolving something.

Liu Feiyan’s eyes lit up as she said in shock, “Then, could that be Yingluo?”

Yunxiao suppressed the extreme shock in his heart and said, "That's right, the Dao fruit condensed by the great illusionary Dao!"

As soon as he finished speaking, the space beside him shook and Liu Feiyan and Duanmu Youyu disappeared from their original spots.

Qiu Mujie's entire body trembled as he furiously said, "Dammit! We can't let them get there first!"

He spread his wings and Qian Ren opened his eyes. Spatial power suddenly appeared and he disappeared.

"Great void Dao fruit?" Zi Beiji was shocked. What is this?"

Feini was also puzzled. She looked at Yunxiao with wide eyes and said, "Is this thing very powerful?"

I didn't expect such a thing to appear," Yunxiao said with a wry smile. do you know about the martial will Dao fruit? "

"Of course I know. I've eaten countless of them," feini mumbled.

the martial will Dao fruit is also a kind of Dao fruit," Yunxiao said. it contains a level of martial will, but the strongest one is only the Martial Emperor Dao fruit of the nine Heavens realm. If you go any further, you'll leave the realm of martial Dao and step into the divine Dao."

divine Dao?!

Everyone was shocked and revealed a look of horror.

Zi Xiao Ji's voice sounded as if he was being strangled. His breathing became heavy as he shrieked, "You can't be telling me that this is a Supreme Dao fruit?!"

Yunxiao gave him an indifferent look and said, "We're almost there. The great illusionary path is an existence that far surpasses martial arts. Even if the Dao fruit formed is not a Supreme Dao fruit, it would not be far off."

"?!"

Hmph! Zi Xiaoji sucked in a breath of cold air. His expression changed several times in an instant, then he turned into a ray of light and flew away.

Yunxiao glanced at Bo Yuqing, Duanmu Cang, and Feini, then smiled and said, "What, you three are not interested?"

"If my husband is interested, then I am. I will follow my husband." Feini smiled.

Yunxiao's face darkened.

Bo Yuqing sneered. There are so many extraordinary and divine experts here. It's fine if we nine-star martial sovereigns aren't interested. If we are, I'm afraid we won't live long.

Duanmu Cang laughed in surprise. Lord Bo Yuqing is right. He has the same thoughts as me.

The Dao fruit has its own fate," Yunxiao said. It doesn't belong to whoever is stronger. This requires one to fight against fate.

Chapter 1477

1477 Xuan Hua VS Yao Jinliang

Duanmu Cang smiled and said, "Young master Yunxiao, don't you want to take a gamble with destiny?" This is the Supreme Dao fruit!"

I know my own limits," Yunxiao said with a smile. Although I'm very tempted, I'll be no different from cannon fodder if I go there now. Lord Cang, you can divine who will get this Supreme Dao fruit."

Duanmu Cang laughed. I'm not tired of living. I'm not trying to divine a divine item. I'm afraid I'll die on the spot from the backlash.

Zi Xiaoji is right," Yunxiao said. we can't divine it when we need it, but we can calculate the most accurate things in the world. What's the use of divination? "

haha, that's why the divination family has always been in an awkward situation. Duanmu Cang laughed.

Yunxiao was speechless. although I don't dare to go up and Rob them, I plan to hide in the side and see if I can get some benefits. Goodbye, everyone.

With a flash, he turned into a ray of green light and disappeared.

"My husband!"

Feini screamed and tried to grab him, but he missed.

She stomped her feet in anger and spread her fiery red Wings behind her. With a flap, she gave chase.

li Yunxiao is right," Bo Yuqing said. although I don't dare to Rob it, I can't not even have the courage to take advantage of it. "Sky Feather Wind chant!" He said softly.

Pure white feathers appeared around him and floated in the air. Bo Yuqing's entire body also disappeared.

The smile on Duanmu Cang's face gradually disappeared and was replaced by a serious and doubtful look.

She didn't try to snatch the Dao fruit. Instead, she sat cross-legged in the void and formed a seal with both hands. A faint shadow appeared behind him, and with a light spiritual Qi flowing, a thousand hands and a thousand eyes appeared. He immediately entered a meditative state and started cultivating.

Around the towering colorful tree, a stream of light floated, as if separated by a heavenly River. The colorful tree was wrapped in the middle like a crystal clear sculpture, as unreal as a dream.

Suddenly, a light figure flickered in the rainbow Celestial River. It was the burying Cloud Beast. Its huge body rose into the air and pounced towards the Dao fruit.

“Bastard, get lost!”

A loud shout was heard as a golden light shadow descended, accompanied by a palm technique, and slapped towards the head of the beast.

“Bang!”

The force of the impact was too great, and it was unable to stop its body. It was sent flying by the impact.

His body roared in the air and rolled a few times before coming to a stop. His head was smacked and blood flowed down, dyeing his fur red.

It lay dormant and stared ahead with a fierce light in its eyes.

The golden light turned into Xuan Hua’s figure and sneered, “A beast wants to seize this divine item? One more step and I’ll kill you!”

After he finished speaking, he turned around and walked toward the Dao fruit. Suddenly, he stopped.

The space above started to spin as a domineering force came crashing down. It was accompanied by a roar, “Die!”

The buried Cloud Beast, which had been lying dormant all this time, also rushed over, turning into a stream of light.

Xuan Hua was startled. The hand seals changed several times, and a palm went up to meet it.

“BOOM!”

Under the impact of the two forces, the aftershock jolted into the rainbow River and circulated around the Dao fruit, but it did not spread over.

Xuan Hua’s body was forced to retreat several steps, and he said in shock, “You actually came out of that play?”

That figure was Yao Jinliang, and his entire body was filled with killing intent. The burying Cloud Beast leaped up, and its body suddenly became several times smaller. It laid on Yao Jinliang’s shoulder, staring at Xuan Hua fiercely.

“How can a mere profound level weapon trap me!” Yao Jinliang said coldly. Endless killing intent burst out from his eyes as he pointed at Xuan Hua and said, “I’m going to take this Dao fruit now. If you dare to move, I’ll kill you first!”

Xuan Hua laughed angrily and said, “haha, Who Do You Think You Are?” I moved, I moved, come and kill me, kill me!” He twisted his body, stepped into the space, waved his hands, and began to dance.

Yao Jinliang’s body rushed forward, and he and the burying Cloud Beast turned into two rays of light at the same time. The terrifying power intertwined and turned into thousands of shadows.

Xuan Hua suddenly stomped on the ground and retreated a few hundred feet. Purple and green qi surged from his body and turned into two arrows of yin and yang in his palm.

He grabbed the broken star bow with his left hand and nocked the arrow.

A Nebula appeared in the surroundings and he shouted, “Qing Yuan!”

The two arrows shot out like two star orbits, shattering the sky!

“BOOM!”

The four beams of light collided, causing the heavens and earth to tremble. However, the strange thing was that the rainbow-colored Celestial River was not affected at all. The energy that rushed into it all turned into the rainbow-colored Celestial River Light, which flowed continuously. It was like a barrier that protected the Dao fruit.

In the midst of the terrifying collision, Yao Jinliang’s body suddenly shot out and instantly rushed in front of Xuan Hua. A silver light flashed in his hand and he slashed down!

“Bang!”

The demon ghost pressed on the broken star bow, and the two profound level weapons made a sound at the same time, which was shocking.

The light that surged out swallowed the two figures, and their faces could not be seen at all.

Yao Jinliang’s face was filled with ferocity. He grabbed the ghost hunter twist with both hands and shouted!

“Bang!”

The silver pieces stood up like fish scales, and when they brushed against the broken star bow, countless sparks were created.

Xuan Hua’s Broken Star bow was exquisitely made. It was inlaid with all kinds of peerless jade stones, and every fine part was in perfect condition. It was a top-grade craft. Under such a rough collision, there was a lot of wear and tear.

“Damn it!”

Xuan Hua was furious. He loved the bow as much as his life. It was as if the ghost hunter twist had directly cut into his body, and he was in great pain.

His left hand formed an incantation gesture and he pulled the bowstring. A white arrow appeared and he shouted, "Die!"

"Swish!"

The arrow was less than three feet away from Yao Jinliang. With such a short distance between them, Yao Jinliang had no way of avoiding it.

...

He could only raise his weapon to block the arrow!

"Bang!"

Yao Jinliang's entire body was thrown back a few hundred feet, leaving a trail in the air.

Xuan Hua turned around and left after one move. He wanted to step into the celestial River to take the Dao fruit.

"Hmph, if I let you get the Dao fruit, then I'll really be F \* cked!" Yao Jinliang's figure flickered and appeared above him. He grabbed the ghost hunter twist with both hands and slashed down again!

"Hahaha!"

hahahaha! Xuan Hua suddenly laughed and said, "there might really be something between you and your dog."

He flipped backward and kicked him hard.

The tip of his foot turned into a shooting star and tapped on the ghost hunter twist, shaking it away with a "bang".

Then, he pulled the bow with both hands and shot out a white light.

"Hmph! I'll tear your mouth apart!"

...

Yao Jinliang's face darkened. The ghost banner flew in the air and shattered the white light. The banner turned into a shadow and descended from the sky.

Xuan Hua sneered and turned the longbow in his hand. Several rays of green light shot out and he disappeared in the air.

The slash of the ghost hunter twist missed.

"Escape? Can you escape?"

Yao Jinliang formed a seal with one hand, causing the surrounding space to ripple. Then, a heaven-shaking roar came.

It was unknown when the burying Cloud Beast had appeared behind Yao Jinliang, but it had grown to a height of more than 100 feet. Its eyes were as red as a agate, and the demonic Qi on its body soared to the sky.

Rings of air currents surged around the man and beast, forming a terrifying storm. The entire space became blurry.

Golden light bloomed from Yao Jinliang's body as he circulated the battle Saint technique to the extreme. The ghost hunter twist was unsealed, and it was like an evil spirit ring in front of him. His eyes shot out an ominous light.

"Battle Saint technique-night martial!"

The dagger-like evil spirit let out a loud clang and turned into a dagger again. Silver light illuminated Half the Sky as it suddenly slashed down!

Xuan Hua was greatly shocked and didn't dare to be careless. His feet firmly stepped on the void and his longbow was fully drawn. A sun, moon, and stars appeared in the surroundings.

The countless gemstones on the broken star bow glowed dazzlingly. The shadow of an arrow flickered between his brows. As it spun, a red arrow appeared on the longbow. It was covered in dense runes.

Xuan Hua shouted in a serious voice. He stepped on the stars, and the shadow of a giant star appeared. It was as if endless star power was poured into the arrow, and it was shot out!

"Sun-opening!"

"BOOM!"

The sky was split apart by these two terrifying forces. Spirit pressure burst forth, and the sky was like a sea of Thunder and a hell of lightning. There were terrifying cyclones everywhere.

However, what was shocking was that the terrifying power spread out and shook the rainbow River, immediately causing a change.

Countless streaks of light converged toward the towering tree.

The white flower that was dragging the great void Dao fruit turned five-colored at this moment.

However, Yao Jinliang and Xuan Hua's eyes were red from the killing and they no longer had the mood to care about the Dao fruit. After one move, they each cast their spells again.

A terrifying force rose around the two of them.

Yao Jinliang's face was gloomy. The silver light on the ghost banner was dazzling as it slashed down from the sky.

The beast armor on the beast's body also melted, and a huge Golden Horn on its helmet surged with runes.

With a single charge, his entire body spun and brought down a terrifying storm.

"Bang!"

A light and unremarkable sound was heard from the air.

The string of the broken star bow suddenly broke, and the whole long bow suddenly bounced back and turned into a saber!

"Seal spin slash!"

Xuan Hua slashed out with his saber, and the Nebula around him instantly turned into saber radiance. The entire surroundings fell into a starry sky.

"BOOM!"

The power of the ghost hunter twist was repelled by the spinning cut, and under the explosion of the two forces, the burying Cloud Beast rushed out, roaring as it pushed out with its Golden Horn.

Xuan Hua was cold. He turned his saber and held it horizontally in front of him. His left hand pulled the string in the air as he shouted, "I'll shoot you to death, you animal! Big Dipper opens the sun!"

"Clang"

The sun, moon, and stars gushed out from the saber. The mark between his eyebrows turned into an arrow and shot out instantly!

The space around them crumbled as countless rule force appeared on the arrows and shot towards the beast.

"BOOM!"

There was another earth-shaking explosion. After two attacks, Xuan Hua also felt extremely exhausted.

The surging power kept hitting his body, and he immediately stepped back.

In the midst of the surging energy in front of him, a pair of Crimson eyes appeared.

A strange power burst out from Yao Jinliang's body, causing the ghost centipede to tremble continuously, as if it was letting out a joyful bloodthirsty sound.

Xuan Hua, today's battle will not end until one of us is dead. No one can save you!

He held the dagger with both hands, and the Scarlet light in his eyes became more and more demonic. A blood-red halo flashed around him.

"Sun piercing!"

"Clang"

The world was filled with the trembling sound of the ghost banner. Then, a red light appeared and the profound level weapon suddenly turned into the ghost banner and slashed down!

Chapter 1478-true Mystic arrow

The burying Cloud Beast rushed up, and the Beast puppets that filled the sky continued to transform. In an instant, they became one with the demon ghost, and fell from the sky.

The moment this move was used, the crystal-clear tree also trembled. Inside the five-colored petals, the Dao fruit flashed with light, becoming more and more rapid.

The origin power on Xuan Hua's body revolved, and a vast power shot into the sky. The star shattering bow in his hand rang out, and the Pearl-like gemstones on it shot out tens of thousands of seven-colored rays of light.

At the same time, a Dragon tendon gushed out from where the string was broken and bound the two ends of the saber. Suddenly, a Dragon's Roar was heard and a green shadow was wandering on the bow.

He made a hand seal in front of him, and the treasure light all over the sky gathered together, and a strange phenomenon appeared in the surroundings.

The snow was falling, and the land was frozen.

In this snowy day, tens of thousands of stars fell from the night sky. A red light came from nowhere and was as red as blood. It gradually took shape and turned into a long Scarlet arrow.

The countless Starlight crazily rushed toward the long arrow, and the arrow began to flash with strange symbols one by one, shooting out countless red lights. Under the ten thousand miles of ice, it was unusually dazzling.

"Yao Jinliang, you are the one who will die today!"

“This is a xuanzhen arrow that I forged using Darkstar iron. It’s the most suitable for killing you!”

Xuan Hua grabbed the long arrow and nocked it on the bow. The sound of metal rubbing against each other resounded, and the bow was pulled fully in an instant.

“Swish!”

Under the endless snow, a red light shot out and passed through the ice.

When the long arrow was shot out, the Dragon tendon was too heavy and suddenly broke. The broken star bow turned back into a saber.

“BOOM!”

The xuanzhen arrow suddenly pierced through time and space, hitting Yao Jinliang’s demon ghost, setting off countless storms, and suddenly exploded!

“Roar!”

From the center of the storm, the Furious roars and screams of the cloud burying beast could be heard.

Yao Jinliang’s entire body trembled as he shouted at the top of his lungs, ” “No!”

He suddenly charged forward with bloodshot eyes. The xuanzhen arrow had pierced through the armor of the cloud burying beast and through its chest!

“Bang!”

The ghost hunter also returned to its normal state in the air, hovering quietly beside the cloud-burier beast. It had lost a lot of its spiritual Qi.

Yao Jinliang's body rushed down and hugged the burying Cloud Beast, his body trembling.

The man and the Beast had been together for many years, and their minds were connected. At this moment, he could clearly feel the pain of the other party, as well as the loss of powerful vitality.

The runes on the xuanzhen arrow continued to surge out, imprinting themselves onto the beast's body and damaging it.

Yao Jinliang grabbed the arrow and felt his palm burning. He wanted to pull it out.

"Hold on!"

Suddenly, a green shadow flashed and Wei Qing appeared, shouting, "If you don't want it to die, don't move!"

"Lord Wei Qing, please save it!" Yao Jinliang was shocked and hurriedly said.

Wei Qing's eyes focused as he stared at the arrow and said with a heavy expression, "This is the Darkstar iron, an extremely vicious metal."

He drew in the air with one hand and conjured a talisman. Then, he slapped it and it turned into a light blue ice color. He imprinted it on the arrow.

Immediately, the runes on the arrow were suppressed and gradually retracted, finally turning into an ordinary Iron Arrow.

Yao Jinliang immediately felt that the pain of the burying Cloud Beast had been reduced. He was overjoyed and said, "Can we remove the arrow now?"

Wei Qing shook his head. It was pierced by an arrow. It's too dangerous to pull it out now. It's better to seal it temporarily with the beast taming Mystic weapon and bring it back to the Holy region to get rid of the arrow.

Yao Jinliang didn't dare to disobey. A copper ring on his arm suddenly enlarged and retracted in the air, sealing the cloud-burier beast inside. It then returned to its normal size and wrapped around his arm.

An angry expression appeared on Xuan Hua's face, and he said in a cold voice, "Wei Qing, aren't you being too nosy?"

"I'm meddling in other people's business, what does it have to do with you?" Wei Qing looked at him and said lightly.

"You coward!"

A complicated expression flashed across Xuan Hua's face, but he finally suppressed his emotions. With his current strength, he would definitely not be able to defeat Wei Qing, not to mention that Yao Jinliang was by his side.

Yao Jinliang's face was covered with a layer of frost. He gritted his teeth and said, "Wei Qing, let's join forces and kill him!"

"If he's alone, there's no harm in killing him," Wei Qing sighed.

Yao Jinliang's pupils contracted, and he saw two beams of light gradually appear behind Xuan Hua.

One of them was dark green, and it turned into Duanmu Youyu.

The other one was a Red Lotus that looked like fire, and it turned into Liu Feiyan. She took a step forward and walked behind Xuan Hua. "Are you alright?"

Xuan Hua sneered, "it's just dealing with two flat-haired beasts. How could there be any problems?" It's just that the xuanzhen arrow that I painstakingly forged was taken away."

Liu Feiyan said,"it's worth it to lose an arrow and kill the burying Cloud Beast." Even if the buried Cloud Beast is able to survive after being shot by the xuanzhen arrow, it'll basically be crippled."

Her words were like a basin of cold water that was poured directly on Yao Jinliang's heart. His entire body turned cold, and he suddenly shouted, " "What did you say?"

Xuan Hua chuckled. figure it out yourself. I advise you to go back quickly and accompany your dog more.

Yao Jinliang's anger soared to the sky. Waves of essence force erupted from his body, forming a vortex that blew away.

"Calm down. As long as your life is not in danger, there will be a way." Wei Qing frowned. If I act rashly, I will fall into their trap."

Only then did Yao Jinliang gradually loosen his fists, but his face was still ashen as he stared at Xuan Hua. The latter's face was full of ridicule and disdain.

"Lord Wei Qing, where's Teng Guang?" Duanmu Youyu asked.

"Who knows where he is? isn't he the one who created this great void Dao fruit?" Wei Qing's expression turned cold.

...

Everyone turned their gazes over.

The Dao fruit exuded a rich charm that made everyone's heart itch. The blood and Qi in their bodies could not help but surge.

However, no one dared to make a move rashly. Everyone present was a peerless expert. Once someone made the first move, they would definitely become the target of public criticism.

Suddenly, the space shook, and the heart-wrenching Dao fruit disappeared in front of everyone without warning!

“What?”

Everyone was shocked. Their eyes widened as they looked at the towering tree in horror. Not only had the Dao fruit disappeared, but the colorful flower had also disappeared.

“What’s going on?!” Wei Qingzhen said angrily.

“Hmph, what a good trick. Lord Cl, are you looking down on our human warriors?”

Duanmu Youyu’s expression turned cold. Suddenly, he appeared ten thousand miles in the sky. He formed hand seals with both hands and shot out nine rays of cold light.

The cold light was arranged in nine rows, forming a huge prism that stood between heaven and earth.

The talisman light on the mirror flickered, and under the reflection of the heavenly light, it was dazzling.

...

Duanmu Youyu’s hand seals changed and the nine mirrors immediately shot out a huge beam of heavenly light. It shot into the sky and illuminated the surroundings of the tree.

A figure suddenly flashed through the light.

“Hmph, you still want to Dodge!”

Wei Qing's expression turned cold. He clapped his hands and a sharp sword immediately stabbed forward.

"Swish!"

The sky was suddenly shattered. The figure flipped in the air and transformed into the demon temple with a bitter smile on his face.

At this moment, the Dao fruits and colorful flowers that had been lost reappeared on the towering tree.

"So it's just a smokescreen," Liu Feiyan said.

Xuan Hua sneered. this fellow wanted to use small tricks to deceive everyone. When we panicked, he would take the real Dao fruit away. But to be honest, I really panicked just now.

Liu Feiyan snorted,"this kind of trick can only fool people with your intelligence .."

"Hehe." Xuan Hua scratched his hair and laughed foolishly.

Wei Qing's pupils shrank as he recognized the person in front of him. He said coldly, " so it's the demon race's high priest, Lord Ci. It seems that Lord Ci has lived for too long and wants to taste the taste of death!

"Lord Wei Qing, long time no see." Ci forced a smile.

congratulations, Lord Ci, " Wei Qing said coldly. the demon race has found the long-lost transcendent-grade armillary sphere. It's really enviable.

Duanmu Youyu's heart trembled, and he cried out, " "The armillary sphere? No wonder, no wonder I can't calculate the cause and effect."

Hmph! Wei Qing snorted, " the big demon with the armillary sphere, come out as well!

The sky was quiet, and there was no sign of Shang.

Wei Qing's face turned cold and he snorted, "weren't you very brave when you fought against me just now?" Why are you a turtle hiding in its shell now?"

He called out a few times, but there was no response.

Cl frowned as well. He did not know what had happened to Shang, but knowing that he had the armillary sphere with him, he was probably not in too much danger, so he relaxed.

"Hmph!"

Seeing that there was no response, Wei Qing snorted coldly and said, " "Since the great illusionary land has already borne a Dao fruit, it means that the power of the entire realm has been absorbed. I'm afraid it can't continue to develop. As long as he picked this fruit, the illusion should be broken by itself. But there's only one fruit, so who should it go to?"

Everyone's expression changed slightly. Light shot out of their eyes, but they remained silent.

No one would agree to give such a divine item to anyone.

Xuan Hua chuckled, "Lord Wei Qing wouldn't say that it should be his, right?"

"That's what I thought, but this item naturally doesn't belong to me, it belongs to the Holy region." Other than the Holy region, which power in the world is qualified to possess such an item?"

Xuan Hua sneered, "no need to continue, I object."

Wei Qing said, 'Martial Emperor Silvermoon's reaction is within my expectations, but we can't just let this stalemate continue without any limits. The best way to solve a problem for martial artists is no different from a martial arts duel.'

Lord Wei Qing, " Xuan Hua said. lay out your orders. I, Xuan Hua, will accept them at any time.

right now, " Wei Qing said, " in the entire great illusionary realm, only the Holy region, the sea of soul formation, and the demon race are qualified to fight for this Dao fruit. However, the demon clan is not our clan. In my opinion, it is better to join forces to eliminate the demon clan first, and then we can decide the ownership of the Dao fruit."

moreover, there is a person in the demon race who has a Supreme-grade celestial device, which is not less valuable than this Dao fruit. After we snatch it, our two sects will have a martial arts competition. The winner will take the Dao fruit, and the loser will take the celestial device. What do the two martial masters think? "

Xuan Hua frowned and said, "are you sure that the demon has a transcendent-grade celestial globe?" If it's really a transcendent-grade profound level weapon, its value should be even greater than this Dao fruit. Why does the loser get it?"

Chapter 1479-divine Dao

"Hehe, if Lord Xuan Hua is more interested in the armillary sphere, then after we join forces to kill the demon race, the armillary sphere will return to the divine sea, and the great void Dao fruit will return to the Holy region. This way, it will save the two factions from disputes and won't hurt the harmony."

Wei Qing said slowly with a smile on his face.

Liu Feiyan said, " Xuan Hua, are you stupid? the value of that armillary sphere is indeed great. But do you have the confidence to refine a Supreme grade profound artifact? " I'm afraid I won't be able to get it in my life. However, this Dao fruit is something that everyone can eat."

Xuan Hua came to a realization, "so that's how it is." Wei Qing, you're so selfish. We took the Dao fruit to take it back for research. You seized the Dao fruit to let yourself eat it!"

“Hmph, what a glib tongue!”

“Have you two considered my suggestion?” Wei Qing snorted disdainfully.

Xuan Hua and Liu Feiyan exchanged a look, both unable to make up their minds.

“Wei Qing, you’re just going to exclude me like that?” Duanmu Youyu asked.

“With young master Yu’s knowledge of the past and future, you should know that the chances of winning this Dao fruit are not high,” Wei Qing said.

Duanmu Youyu said, “you’re just going to rule it out just because the chances of winning aren’t high?” According to my calculations, Lord Wei Qing’s chances of winning are zero.”

Wei Qing’s face darkened and he snorted angrily, “don’t talk nonsense!” Young master Yu, please do me a favor today and help me. As long as I get the Dao fruit, everything will be fine!”

Duanmu Youyu laughed lightly. Suddenly, he changed his attitude and laughed, “Of course, I can’t not give Lord Wei Qing face. Just take it as Lord owing me a favor. I’ll withdraw from this Dao fruit battle.

“Just withdraw?” Wei Qing frowned.

Duanmu Youyu smiled. of course. Everyone here is a peerless expert. I don’t want to offend anyone.

alright, ” Wei Qing muttered to himself. you can withdraw from the battle for the Dao fruit today. I owe you a favor.

Duanmu Youyu nodded his head in satisfaction. With a wave of his hand, the nine huge light mirrors suddenly shattered, turning into countless fluorescent lights that disappeared into the sky.

Wei Qing looked at Xuan Hua and Liu Feiyan and said, "If the two of you are willing to withdraw, I will also owe you a favor."

"Hahaha!" Xuan Hua laughed loudly and said, "Lord Wei Qing thinks too highly of himself. Duanmu Youyu thinks that it's worth money. We think that it's not worth a single cent!"

"Hmph!"

Wei Qing's face sank, and anger welled up. Very few people dared to not give him face, but Xuan Hua was one of them.

The demon temple's face was also unusually ugly. He snorted angrily and said, "Wei Qing, what do you mean by this? Can't we just leave?"

"Leave?"

Wei Qing said coldly, "Isn't it too late to tell me to leave now?" If you meddle in my clan's Affairs, none of your clansmen will be able to leave today!"

Cl's face turned cold and he sneered. what do you mean by interfering with your clan's Affairs? that's just an excuse. The key is still the armillary sphere, the most precious treasure of my clan, right? "

"Whatever you say," Wei Qing replied. However, if you can hand over the armillary sphere, I can let you leave safely."

After all, Shang and Cl were both divine transcendents, and the armillary sphere was so powerful that it had trapped him in it. If the power had not disappeared, he would not have been able to come out.

"I'm sorry, but we're free to come and go as we please." Since Lord Wei Qing insists on opposing my clan, I can only join this battle for the Dao fruit."

Wei Qing snorted coldly, "join the battle for the Dao fruit?" Do you have the right to do so?"

“Lord Wei Qing, don’t be careless!”

Suddenly, a light flashed in space and Zi Xiao Ji appeared. He exclaimed, “ these demon clansmen have just suppressed Asura GUI!

“What?”

impossible! Wei Qing’s body trembled as he exclaimed in shock. impossible!

“Impossible?” Ci Yun said sarcastically. Then Lord Wei Qing, try to summon those ghost Asuras and see where they are.”

Wei Qing’s expression changed drastically. He couldn’t summon the ghost Asura, so he could only control Luo Qingyun, but Luo Qingyun was nowhere to be seen.

what? ” Xuan Hua was shocked. could it be that the fluctuations in the outside world just now were caused by your demon race? ”

“If that’s the case, then I have even more responsibility and obligation to eliminate you first!” Wei Qing said coldly.

“Xuan Hua, Liu Feiyan, what else is there to consider?”

“I agree with your opinion. The monster race is an outsider, and brothers should fight against each other from outside the wall.”

Yu Shengfeng’s cold voice resounded and he appeared in front of everyone in an instant.

“How ... How did you get out?” Ci’s pupils shrank.

“How can a few mere snakes stop me?” Yu Sheng sneered coldly.

“I understand,” Ci said after a moment of contemplation. Just now, the battle between the ghost king and the ghost Asura helped you. You relied on the huge impact to shake the silver Dragon to death. It was my negligence. But even if you’ve escaped, your current power is far from divine transcendence.”

“I can kill you with my physical strength alone!” Yu Shengfeng said. He was determined to kill the demon temple.

Ci chuckled and said, “Sir’s soul is damaged. Can you still control this body?”

Yu Sheng said coldly, “Ci, you can try!”

Liu Feiyan’s eyes revealed a strange expression. She looked at Xuan Hua and said, “This must be the Lord that foster father mentioned?”

“Hmph, that Lord? Hahaha!”

Yu Shengfeng laughed and said, “don’t tell me Lu congzi doesn’t even dare to confirm my identity?” Tsk tsk, you must be the little girl he picked up back then. I didn’t expect you to have such an achievement.”

Liu Feiyan said, “it’s all thanks to foster father’s cultivation. Daren’s identity must be further confirmed.” The two of us came here today in the hope that you will return to the sea of soul formation with us. Once your identity is confirmed, it will be a great joy.”

Yu Shengfeng sneered, “Who Do You Think You Are?” Do I need you to confirm my identity? you’re overestimating yourself!”

“If that’s the case, then I’ll have to bring you back in an unhappy way,” Liu Feiyan said calmly.

Yu Shengfeng sneered, “it’s good that you’re not happy.” But I’m even more unhappy!”

Liu Feiyan chuckled. I'm not happy, but we're all from the sea of soul formation. Just now, you said it yourself. Brothers fight against each other from outside the wall. Why don't we, the people of the sea of soul formation, work together and have a greater chance of getting the Dao fruit!"

...

"You're right, little girl," Yu Shengfeng nodded.

Wei Qing's brows furrowed and his expression turned ugly.

If they were to join forces, his side's chances of victory would be extremely low, especially when Zi hei Ji said that GUI Xiu Luo was being suppressed and his current whereabouts were unknown. This caused him to be even more worried.

hahaha, a bunch of ridiculous humans. Do you think you've got me? "

Cl laughed out loud. Suddenly, a majestic power was transmitted over and revolved around the great void Dao fruit.

this is a Tao Wu. Is the power of the Dao fruit about to dissipate? "

Yu Shengfeng was shocked. If the Dao fruit died, the loss would be huge.

"Something's wrong! The power of the Dao fruit hasn't decreased. Instead, it's getting stronger. Is it still growing?"

"What's going on?" Wei Qing was shocked.

Suddenly, the space beside the great void Dao fruit trembled slightly. Boundless power gathered and gradually transformed into a black fruit.

“?! Another Dao fruit!”

...

Everyone cried out in shock.

That black fruit was similar to the great void Dao fruit from before. It exuded a powerful Tao aura and its shape was constantly changing. It seemed to have yet to take shape.

“Crack!”

Suddenly, a slight cracking sound was heard, and it was like a thunderclap that shook everyone’s heart. They all widened their eyes and looked on in a daze.

“Crack! Crack!”

More and more cracks appeared on the black Dao fruit before it finally split open. Its pitch-black surface fell off like a fruit shell, gradually revealing its true appearance. It was the armillary sphere!

“Not good!”

“Attack!” Wei Qing shouted.

The armillary sphere flickered with the stars in the sky, like a vast star map spreading out. The starry sky shone, the Galaxy evolved, and the Milky Way was born.

In an instant, the entire world was under the starry sky, brilliant and gorgeous.

the final development of the armillary sphere martial Dao, this Supreme righteous aura is the aura of the divine Dao!

Cl was extremely excited and his body trembled. Looking at the stars in the sky, he could not help but want to kneel down and worship.

The rest of the People's expressions changed drastically. The vast and mighty force rippled in the sky, causing their blood and Qi to churn. They could also feel an obvious martial Dao suppression!

The only thing that could suppress the martial comprehension of a divine transcendence expert was the Supreme will of the divine path!

Everyone's expression changed drastically, and they were all shocked and solemn.

"Could it be that someone is about to become a God under this starry sky?"

"How is this possible? For so many years, through the efforts of countless powerhouses, no one has ever proved the divine Dao!"

"Is this the power of a Supreme grade profound level weapon? The key to becoming a god is indeed a transcendent grade profound level weapon?"

Under the starry sky, everyone was completely dumbfounded. Their eyes were wide open, and they even forgot to think.

In the distance, Meng Ye and Xian ye finally reacted. Looking at the spinning armillary sphere, they trembled in excitement.

This solemnness and power came from the inheritance of their ancestors. It was like countless demi-human ancestors had transformed into shining stars in the sky, illuminating the path ahead and guiding them forward.

The two of them were so touched that they wanted to cry. They finally understood the reason why Lord Cl praised Shang so highly. They could not help but feel extremely guilty. They knelt on the ground and kowtowed to the distance.

Meng Ye knelt beside him and kowtowed continuously. "Wu Wu" sounds could be heard from his mouth.

"How many tens of thousands of years, Lord Shang?"

Li lingkong knelt down and bowed from a distance.

He had waited too long for this day.

"My companions from back then, did you see them?" she said softly.

This soft cry seemed to travel through time and reverberate under the night sky.

Yunxiao trembled as well, feeling the will of the divine Dao filling the sky in horror. It was an existence far beyond his comprehension.

In addition to the Dao runes of the divine Dao, there were also a large number of Maha ancient characters on the armillary sphere, which constantly burst out and spread in all directions.

Chapter 1480-half god

At this moment, the great void Dao fruit seemed very out of place under the starry night, as if it was an extra item.

Suddenly, a blue light appeared next to the Dao fruit. It was Shang, and he reached for the Dao fruit.

Everyone's body trembled, and their pupils constricted. They immediately recovered from their extreme shock and revealed angry expressions.

"I don't care if you're a god or a human, if you want to touch my Dao fruit, you can all die!"

In front of the Dao fruit, Wei Qing's figure suddenly appeared, and his face was extremely gloomy.

The golden light in his hand spread out, and the scroll flew in his hand, directly striking towards Shang's hand.

Shang's expression was graceful. His outstretched palm flipped in the air and turned into a hand knife, slashing horizontally.

“Bang!”

The Jade-like smooth palm struck the scroll, stirring up a ring of light and forcing Wei Qing to retreat a few steps.

this is a Dao fruit condensed by the human race. You can't be so presumptuous!

Duanmu Youyu's expression was also cold. Although he had withdrawn from the fight for the Dao fruit, he could not watch as the great void Dao fruit was taken away by the demons.

Moreover, it was a great demon who had comprehended the rules of ten directions and possessed a transcendent-grade profound level weapon!

He clapped his hands, and an exquisite fan appeared in his hands, and he slapped it down on Shang's body.

“BOOM!”

The cattail-leaf fan emitted rays of golden light, which transformed into rivers, lakes, seas, terrain, mountains, and rivers. All of them came pressing down!

“Hmph, interesting!”

Shang's face was cold. He raised his fist and punched.

"Bang!"

The entire attack suddenly shattered.

He took a step forward and his head instantly transformed into a demon. Two golden and silver horns grew out of his head. At the same time, a black and white light flashed between his eyebrows and a Tai Chi diagram was formed. He flew out.

"BOOM!"

The light of Taiji appeared on the fan in Duanmu Youyu's hand. It flashed and disappeared.

He was shocked. The runes on the fan in his hand had all disappeared, and only a Tai Chi diagram was left in the center. It was sealed.

"Taiji heaven-sealing seal!"

Yunxiao's face was extremely unsightly. This move was the innate divine ability of the Huo Dou clan, and he had seen Shang use it in the demon land. However, the power was completely different now.

Shang's eyes flashed with mockery, and his killing intent grew stronger. "I don't intend to be your enemy at this moment, but if you continue to force me, I'll start killing!"

Duanmu Youyu laughed coldly. you stole the human race's Dao fruit and said that we are forcing you. You are really shameless to the extreme!

With a clap of his hand, the palm-leaf fan disappeared and turned into a Jade ruler. The surface of the Jade ruler was crystal clear, and the spiritual energy was overbearing.

The rest of the people also reacted, turning into flowing lights and flying into the starry sky, surrounding Shang.

Xuan Hua sneered. I don't believe that you've really become a God. Taking ten thousand steps back, even if you really became a God, with the strength of all of us, killing you is still a piece of cake!

"You're not qualified to take the great void Dao fruit. You should leave!" Liu Feiyan said.

Yu Shengfeng's face darkened. we can't let him go, " he shouted. once he leaves, he'll be a great threat!

"Sir Chu Shengfeng is right, these monsters must be killed today!" Wei Qing said. He also understood Chu Shengfeng's identity. Although he was shocked, it was insignificant compared to this great demon who had become a God.

"Hmph, kill?"

Lao Ai laughed. one, two, three, four, five, six bi 'an. Tsk tsk, a total of six divine transcendence experts. If they all die at the same time, what a meaningful thing it would be.

"Haha, kill six of us? What kind of brain-dead person would say something like that?"

even if you've really entered the godly state, you'll still die Here! Yu Shengfeng laughed. besides, I think you've only just comprehended a little bit of it!

"Who said that Lord Shang is going to fight six of them alone?"

Under the night sky, the figure of the demon temple flashed and appeared behind the referee. With an excited and high-spirited face, he said, "I'm weak, but I can still deal with one."

"It's just a joke to add you!"

Yu Shengfeng's eyes shot out a cold light as he said, "I'll take care of this old man. The five of you, kill that big demon!"

"Alright!"

Everyone responded in unison and attacked at the same time.

Yu Shengfeng grabbed the ancient dust greatsword and slashed towards Ci with a dark expression.

Previously, he had almost died after being schemed against by the other party, and he was already filled with pent-up anger.

Moreover, this scheme had actually started from the previous high priest Yao. His boundless anger transformed into a sword and he swore to kill the other party!

Ci's expression changed, and the silver snake sword also suddenly shook out, turning into thousands of snakes to bite.

"Woof! A small trick!"

Yu Shengfeng sneered as he swung the ancient dust sword. The three million Jade Dragons flew across the sky and shattered all the silver Snakes!

Wei Qing and the rest also acted, throwing out mountains and rivers like a painting, striking down on Shang's body.

Shang's eyes turned cold. His entire body began to transform, revealing his true form. He was 80 feet tall, covered in scales, with demonic eyes and two towering horns.

He clenched his fist, and the stars and clouds around it swirled as he punched toward the picturesque landscape!

“BOOM!”

...

The strange phenomenon was repeatedly shaken by the explosion, and the picture scroll fluttered in the air.

Everyone’s heart trembled as they thought to themselves, ‘I’m not going to let you go. It was not as powerful as he had imagined.

“Attack! What are you waiting for!” Wei Qing shouted.

Yao Jinliang grabbed at the air, and the twisted ghost appeared once again. His figure flickered as he attacked.

At this moment, he was in an extremely bad mood and didn’t have any thoughts of fighting. But if he wanted to save the burying Cloud Beast, he still had to rely on Wei Qing. He could only brace himself and attack. It was good for him to put on an act.

Duanmu Youyu also threw out his Jade ruler. It spun in the air and formed countless runes. Then, they all gathered together and formed a slash that blasted out in the air.

He was only afraid that the demon race would take the fruit of the way. As for who among the human race would eventually obtain it, he did not care.

Moreover, he had already promised Wei Qing that he would withdraw from the battle for the Dao fruit, so he had the heart but not the strength to do so. It was good as long as he did not make a mistake.

The two of them were extremely casual, and their two attacks didn’t have much power.

The referee sneered and punched out with both fists. His big hands were like iron arms that could split mountains and split rocks!

“Bang! Bang!”

...

The attacks of the two were all blasted back.

“It’s boring to fight like this, let’s do something more exciting!” He said with a smile.

Shang raised his hand and grabbed in the air. A strange power gathered in his hand, and a large number of strange runes appeared around him.

the Starlight that has never been extinguished since the ancient times, fall from the eternal Sky!

“Falling stars like rain!”

The stars in the sky started to spin and turned into a star map, flashing down one by one.

In an instant, under the night sky, a meteor shower streaked across the sky. As if it had burned all its strength, it fell to the ground with flames!

“It’s so beautiful!”

Feini was stunned for a moment. Her expression changed from a serious one to a surprised one, and then to a happy one.

She clasped her hands in front of her and closed her eyes.

Yunxiao lowered his head and gave her a look. "What are you doing?"

"Make a wish," feini said.

Yunxiao said in a daze, "This isn't a real shooting star, it's a phenomenon derived from the armillary sphere. It's used to condense the power of a shooting star to kill enemies."

"I know," feini said.

why did you make a wish if you knew?" Yunxiao asked. Will making a wish under such a shooting star work?"

Feini smiled and said, "there are so many meteors. I only wish for one thing. It should come true." You can't do it now, but I don't know when we'll be able to see each other again."

Yunxiao was speechless. Too lazy to pay attention to him, he continued to watch the fierce battle in the sky.

Yao Shang didn't seem to be as powerful as he had expected. He didn't know if it was because he had just comprehended the divine Dao or for some other reason.

The reason why he was able to remain undefeated was because he was under the control of the armillary sphere's sky.

"It's indeed the rules of the ten sides, but there's too little of it."

Suddenly, a voice rang out, and beifeng Nan also appeared beside Yunxiao, staring at the sky.

in senior Zhenan's opinion, " Yunxiao said hurriedly, " has the judge stepped into the immortal realm now? "

“If it was 100000 years ago, this state would be considered a failure to advance because he couldn’t comprehend the comprehensive laws of the God Realm at once. It would be even more difficult to comprehend them in the future. However, in this current environment, it can be considered very successful. Strictly speaking, it can be considered a demigod, right?”

“Demigod?”

Yunxiao had a strange look on his face.

“Due to the changes in the world, the heavenly Dao has also changed, causing so many inexplicable realms to appear. A hundred thousand years ago, a peak nine-star comprehended the rules of ten directions. Those who succeeded were gods, and those who failed were humans. How could there be the existence of so many strange realms?”

Yunxiao sighed. a man’s strength is limited sometimes. He can only follow the evolution of the heavenly Dao. Those who comply will prosper, and those who resist will die. Senior Zhenan, the disappearance of the ten rules 100000 years ago, was it related to the demon-sealing war?”

it’s related, ” beifeng Nan frowned and said, ” but the ten rules have already disappeared before the first demon-sealing war.

what the hell happened? ” Yunxiao asked in surprise. what’s going on? ”

this matter is too important. I don’t know the details. Even if I do, I probably can’t tell you, ” beimang Nan said with a serious expression.

Yunxiao sighed and could only shake his head in disappointment.

However, now that the demon master had appeared, and the godly state expert that had not appeared for a hundred thousand years had also crossed time and space to appear, the number of heavenly DAOs had probably changed again.

In the sky, under the starry night, countless meteors bombarded Wei Qing and the others.

The starry law pressed down, and everyone felt a vast power. The spiritual pressure trembled on the surface of their skin, causing their bodies to be in a trance.

Wei Qing slowly raised his hand, and the Golden Book in his hand shot out rays of golden light, blocking the star pressure from his body.

His expression was cold as he said coldly: " what deity realm expert? it's just relying on a profound level weapon. It's not worth mentioning!

Mountains and rivers swirled around him like a painting, and the strange scenery of mountains and rivers continued to change. He was not afraid of the meteor shower.

The rest of them also formed their own hand seals, and protective Emperor Qi spread out, forming several barriers. They looked at the strange scene in the sky with cold expressions.

Even Yu Shengfeng, who was far away, was also suppressed by the rule force and felt extremely uncomfortable.

However, under the meteor shower, he frowned as if he had some kind of enlightenment, but he could not touch it.
