

## **The Eternal 1481**

### Chapter 1481-Dao fruit battle

Shang's face revealed a mocking sneer as he swept his gaze across everyone's faces. He formed a hand seal and said coldly, "One universe in the heavens!"

The shooting stars in the sky suddenly turned upside down, and the entire world hung upside down. A vast and mighty force descended from the sky, and countless stars emitted a scorching light. The terrifying power rose to the extreme!

"Not good!"

Everyone's heart trembled. The meteors that were flying down from the sky actually began to riot. Vast star power gushed out and was actually about to explode!

"I am a true God in this heaven!" Yi said ferociously. All of you, die!"

He grabbed with his hand, and the world trembled.

"Boom boom boom!"

The boundless and unstable Starlight pressure exploded, and the destructive power hit the four ends of the universe.

All the experts were hit by the vast power and drowned in it.

In the night sky, countless meteors exploded into pieces and formed a long belt of crushed stones. They circled around the great void Dao fruit and were so deep that one could not see the bottom.

The entire sky fell silent, leaving only Shang's huge demonic body standing. His green eyes were staring coldly at the four poles of the universe.

“This bi an ...”

On the ground, everyone was shocked. With their strength, they were not qualified to participate in the battle just now, but the sky was filled with divine transcendence experts. Destroyed in one move?

Everyone’s mind was petrified. They looked on in a daze, even forgetting their fear.

The few demons also had their mouths wide open, and they stood on the ground like statues.

Feini’s heart skipped a beat. She grabbed Yunxiao’s arm and said in surprise, “One move to kill all the transcendents and Saints! Is this for real?”

Yunxiao was also extremely shocked, and he could not believe what he was seeing.

“The ten rules are one level above the nine Heavens realm, so it’s not strange that they have such power,” said Beimang. However, this big demon hasn’t completely mastered the ten rules yet. He’s only a demigod, so it’s impossible for him to kill several divine transcendence experts with one move.”

Cl suddenly appeared behind Shang and said in shock, “Lord Shang, are they all dead?”

Under the armillary sphere, he was the only one who had not suffered the impact. At this moment, he was still in shock. The move “one universe in the armillary sphere” just now was too terrifying. It was not a move that should exist in the human world!

Shang snorted coldly, staring at the spinning belt of crushed stones. “Come out, what’s the point of hiding in here? As a divine transcendence expert, even if you die, you should die in a decent way!”

However, the asteroid belt remained silent. It revolved around the great void Dao fruit like a celestial ring.

“Hmph, since you’re all playing dead, I’ll pick this fruit!”

Shang's eyes were burning with passion. He knew his current condition, and he was still one step away from becoming a true God. If he could eat this Dao fruit, he would step into the legendary realm and become the first person in the heavenly martial realm in 100000 years!

Tens of thousands of years of persistent pursuit, right in front of their eyes, who wouldn't go crazy?

He walked forward step by step, and every step he took seemed to weigh tens of thousands of pounds. As he stepped on the power of rules, ripples were created.

Everyone on the ground held their breaths as they watched this historical scene nervously.

Even without a Dao fruit, with his current demigod realm, he was the first person to do so in 100000 years!

Everyone's expression was different, both sad and happy, but no matter who they were, they all felt a boundless reverence for the heavenly Dao.

After a few steps, he stepped into the stone belt and crushed a piece of Starstone.

"Clang"

Suddenly, a ray of green light appeared, emitting a piercing light, and suddenly slashed over!

The underworld wheel turned into the size of a millstone. It was covered with strange and terrifying runes. It let out a strong trembling sound as if it was going to split this Starry Night space!

Yu Shengfeng's figure suddenly appeared, followed by the giant sword Gu Chen. With a wave of his hand, millions of Jade Dragons soared into the sky and roared!

"Attack!"

Wei Qing's voice suddenly rang out as the mountains and rivers flew out like a painting, activated to the extreme, like a battleship shooting out a golden light into the sky, directly attacking Shang.

At the same time, the other people also appeared one by one. In a flash, they surrounded Shang and attacked.

The attack just now was so shocking that everyone was injured to varying degrees. However, compared to the shock to their souls, the physical injuries were insignificant.

This time, no one dared to hold back, and all of them attacked with their strongest killing moves!

"Lord Shang, be careful!" The demon temple was shocked.

A look of contempt appeared on Yi's face as he clenched his fists and roared. The Golden and silver horns on his forehead glowed with light, and his entire body exuded a vast and mighty force.

His eyes turned black and white, and a Taiji diagram appeared under the stars. It was a few acres in size, and it enveloped everyone!

Even The Dark Wheel, the power of the ancient dust, and the picturesque landscape had stopped at this moment. All the spiritual Qi had disappeared!

"Not good! It's the innate divine ability of the huodou clan-the Taiji heaven-sealing seal!"

Duanmu Youyu cried out in shock. He immediately felt a strange force suppressing him. His entire body seemed to be bound and he could not move at all!

The rest of the people did the same. Their dantian seemed to be locked, and all the origin power in their bodies was cut off.

how did this happen?!

what? ” Xuan Hua cried out in shock and said in horror, ” sealing a person’s magical power in one go, how are we going to play? ”

Shang’s face darkened. The gold and silver horns on his head flickered with a strong light. One of his pupils was black and the other white, both moving erratically.

He looked at the crowd coldly and continued to step forward toward the Dao fruit.

Yu Shengfeng’s face was filled with a Vulture as he said coldly, ” “Don’t panic, everyone. This divine ability was famous all over the world in the past. I didn’t think that there was still someone from the huodou clan alive! The Taiji sky-sealing seal can seal everything in the Three Realms and five elements. However, the only flaw of this move is that he can no longer use his abhijna after using it to its maximum.”

“So that’s how it is. Otherwise, he would really be invincible.”

Yu Shengfeng snorted coldly and said, ”Hmph, if they could seal everything in the world and kill people at the same time, the world would have been ruled by the Huo Dou clan long ago.” It’s impossible for such a heaven-defying thing to happen.”

...

Shang suddenly stopped, turned around and sneered, ” there is nothing in this world that is impossible. As long as I leave 10% of my strength behind, it is enough to kill you all.

Yu Shengfeng sneered coldly, ”even if you use your full strength to seal us, you can only seal us for ten breaths at most. Can 90% of your strength seal us for three breaths?.”

you’re right, ” Shang suddenly laughed. I can’t seal all of you with 90% of my power, but ten breaths is enough for me to get the fruit. He turned around and walked to the great void Dao fruit. He extended his hand to pluck it.

Suddenly, the heavens and earth trembled, and the black and white Taiji diagram in the sky suddenly dissipated.

The Taiji sky-sealing seal disintegrated instantly, and a huge seal rose up slowly before disappearing. The experts immediately regained their freedom.

Yao Jinliang was shocked, "didn't you say you can seal it for ten breaths?" It's only been seven breaths."

The rest of the people looked serious as well, but each of them channeled their elemental energy to the maximum and became extremely alert. Their fear of Shang had reached its peak!

Shang's expression changed as well. His hand stopped a foot away from the Dao fruit, ready to take it down in an instant.

However, he felt a chill that directly rushed to his heart.

The chill made him feel extremely dangerous. If he insisted on taking the fruit of the way, he would be seriously injured even if he didn't die.

hehehehe, the little kid is very smart. He knows not to touch it.

...

A strange laugh came from the sky. The sound was extremely unpleasant to hear, and everyone frowned.

"Ah? It's the ghost king!" Feini was shocked. Under the night sky, the ghost king's body slowly appeared. He was staring at the great void Dao fruit and his saliva was overflowing. He did not have the demeanor of a powerful cultivator and his saliva dripped down onto his chest.

"Gulp!"

Everyone who had seen the ghost king's attack before couldn't help but feel a chill in their hearts, and their faces paled.

Yu Shengfeng's eyes lit up, but he soon revealed a suspicious expression.

"The ghost king?" Shang frowned.

"Hehehehe, little kid, you recognize me?"

The ghost king's eyes rolled a few times, and his fingers tapped on his head as if he was thinking. He said, "Hmm, I think I've seen him before. However, the huodou clan all look similar, so perhaps I've met some of your ancestors."

A figure rushed into the sky. It was Yao Li. He was shocked and furious as he shouted, "Lord ghost king, please stop! I summoned you with the contract, how can you go against my partner!"

don't be angry, little girl from the Jiuli clan," the ghost king cackled. after I eat this Dao fruit, I'll immediately fulfill our previous contract.

"You coward!"

"This Dao fruit belongs to Lord Shang, you can't take it!" Li was enraged and said coldly.

The ghost king's face darkened, and a cold air flickered on his face. He said coldly, "What did you just say? I can't take it? This Lord only has a contractual relationship with you, and I will help you complete your mission later. As for the rest, what qualifications do you have to care about me?"

"Lord ghost King, don't forget the contents of the contract," Li said coldly. If you insist on taking the Dao fruit, then don't blame me for using the contract to suppress you. Even if I die from the backlash, I'll drag you down to hell with me!"

what did you say? you dare to threaten me?!

The ghost king was shocked and angry. A terrifying aura gushed out of his body. His face glowed green and he was extremely angry.

a ghost king who doesn't abide by the contract is not a good ghost king, " Shang said slowly. this Dao fruit is too important to me. Otherwise, what's the point of sacrificing it to you? "

The ghost king's face was gloomy and uncertain. He stuck out his Scarlet tongue and swept his mouth full of saliva. His eyes were still staring at the Dao fruit, as if he didn't want to give up.

Wei Qing's heart was also uneasy. If the ghost king had appeared, then what about Luo Qingyun and the ghost Asura? They wouldn't have been completely annihilated, right? The losses would be hard to estimate!

"Hey! Two monsters, they don't even put us in their eyes!"

Xuan Hua grinned hideously and grabbed the longbow. He poured his essence force into it, and it instantly shot out a brilliant glow.

He slowly drew the bow until it was a full moon.

"Armor piercing hundred spinning arrow!"

A ray of white light condensed into an arrow on the longbow. It was pointed forward and shot out!

"Swish!"

An ear-piercing sound pierced through the air. The white arrow light suddenly disintegrated in the air, turning into tens of thousands of densely-packed arrows that fell like raindrops.

Chapter 1482-Dao Ling

Everyone's pupils contracted as they stared at the rain of arrows.

Shang and the ghost king's gazes were cold, and their lips curled into a mocking smile. They did not care at all.

Although the arrow was strong, they didn't care about it at all.

you're looking down on us! Wei Qing also said coldly, " you deserve to be killed!

Five rays of light flashed at the same time and charged towards Shang and the ghost king.

"Hmph!"

Yi sneered,"Lord ghost king, why don't we join forces and kill these humans first?" Your contract with li is over, and I have better offerings for you."

The ghost king's eyes rolled a few times, and he said with a smile,"Hehe, good! These people are quite strong, so they must have some treasures on them, hehehe!"

He laughed wildly and immediately gave up fighting for the Dao fruit. In a flash, he strode toward the crowd. At the same time, he waved his hand, and the space in front of him turned, shattering the countless armor-piercing arrows.

Shang's eyes flashed coldly. He reached out with both hands and twisted the space around him, shattering the arrows.

Suddenly, a bad feeling welled up in his heart. His body trembled and he shouted, " " What are you doing?"

Everyone was shocked by his sudden scream and couldn't help but look over.

Yunxiao's pupils constricted as well, and he gasped in horror. "?! This kid is really daring!"

In the rain of arrows, a silent Iron Arrow suddenly appeared and shot into the martial will of the Dao fruit without any warning. It passed through and shot into the Dao fruit!

ah??!!

Everyone's mouths were wide open in shock!

Xuan Hua laughed and said, "haha, everyone must be feeling great now?" Don't even think about it!"

"Argh! You should die!"

The referee clenched his fists and roared in anger.

He was already a half-God and was only one step away from the true God Realm. His Dao fruit was destroyed and all his efforts were in vain!

Wei Qing and Yu Shengfeng's mouths were also wide open in shock. Then, their faces turned extremely gloomy and anger shot out from their eyes.

Obviously, both of them had the intention of snatching the Dao fruit, but now that it had completely failed, how could they not be angry?

Yao Jinliang and the rest were much calmer. Their eyes flashed, and Duanmu Youyu heaved a sigh of relief. He smiled and even gave Xuan Hua a thumbs up.

"Haha, no one will be able to eat this time!"

The ghost king also could not help but laugh. Then, his expression turned ferocious as he stared at Xuan Hua and said coldly, "It's the worst evil to destroy a delicacy!"

He roared and flew forward, wanting to kill Xuan Hua.

Xuan Hua chuckled, and the longbow in his hand turned into a cloud splitting arrow, which was shot out fiercely!

“Small tricks!”

The ghost king shouted and slapped the arrow with his bare hand. With a bang, the arrow was smashed into pieces and disappeared in the air.

After that, he grabbed with his five fingers and smacked towards Xuan Hua’s head!

Xuan Hua chuckled and drew his Broken Star bow, which turned into a saber to meet the attack!

“Bang!”

The star shattering blade was slapped down by the ghost King’s Claw, and it started to emit a Pearl-like aura.

The blade also trembled non-stop, and Xuan Hua was forced back several feet before he could stabilize his body.

His face was filled with shock. Although the battle had consumed a lot of his energy, especially the battle with Yao Jinliang, which had almost exhausted him, he was still shocked that his opponent could withstand the sharpness of the saber with his pure physical body.

“Hmph, if you only have this much strength, then go to hell!”

The ghost king shouted as he charged forward in anger.

Suddenly, a red light flickered, and sword intent soared.

The sound of the sword being drawn was slow and melodious, causing the ghost king's body to freeze.

Then, a Red Lotus flew up and bloomed under the night sky. It was as red as fire and as bright as the sun.

“Jian Ge!”

Liu Feiyan softly muttered. The water sword in her hand cut across the sky and slashed towards the ghost king.

“Hmph, interesting.”

The ghost king chuckled, but there was an obvious fear in his eyes. He clenched his big hand into a fist, and a powerful Qi flew out and bombarded it.

“Bang!”

The Red Lotus exploded into flames that filled the sky. However, the flames did not extinguish and surrounded the ghost king.

Liu Feiyan's sword technique lightly guided, and the sword's body flashed with flowing light. Runes danced, and she turned around and lightly slashed down.

The heaven-revolving flame condensed and turned into a huge Red Lotus. It flew around the ghost king and kept roasting him.

At the same time, the sword Qi was like an ocean, and the sword light was like a shadow as it suddenly slashed down!

The ghost king's expression turned cold. For the first time, he didn't use his hands to slap it directly. Instead, he formed a seal with his hands in front of him, forming a circular seal. He shouted loudly and spat out a strange syllable before slapping it down.

“BOOM!”

A terrifying power was unleashed from the seal, and the Red Lotus flames that filled the sky were instantly dispersed.

At the same time, the ghost king clenched his right fist and raised it up to meet the attack!

...

“Bang!”

The sword light hit the fist and suddenly shattered. At the same time, the fist force was reflected back, and the air waves stacked on top of each other, vast and boundless.

Liu Feiyan's long sword fell in front of her, and a sword boundary appeared. Under the power of the ghost king's fist, it suddenly shattered, causing her to retreat several steps.

“Haha, you're quite strong!”

The ghost king's eyes revealed a look of admiration. He gave a rare compliment and continued to step forward with a ferocious expression.

Liu Feiyan's expression remained calm. She raised her long sword and pointed the tip forward as she stared at the ghost king warily.

Xuan Hua also drew his bow and nocked an arrow. A dark green Arrow was pointed at the ghost king, and a circle of pressure was first to spread out.

Suddenly, everyone was stunned. An inexplicable feeling emerged in their hearts. They raised their heads and looked into the distance in shock.

The skin of the Dao fruit that had been pierced by the mystic birch arrow kept cracking open, and streams of power shot out.

that's the power of the Tao Wu Dao fruit?? ”

Everyone revealed a look of surprise. The light that shot out was indeed the will of the great void. It was as if the heavenly Dao was flowing and rippling in the starry night.

...

Shang's heart burned with rage as he roared, ” “The Dao fruit, the great void Dao fruit that should have belonged to me!”

“Your great void Dao fruit? Are you retarded?” A cold voice was heard.

Everyone's heart trembled.

Yunxiao also cried out in surprise, ” “Soaring light?” His eyes were filled with shock.

Next to the Dao fruit, the space gradually distorted and transformed into a fresh and beautiful figure. Her face was slightly immature. It was Teng Guang, the throne. She sat cross-legged beside the Dao fruit.

“Soaring light?”

Shang was shocked as well, and his face showed confusion. “You've been here all this time?”

“Where else can I go if not here?” Teng Guang raised his eyes and asked.

His face was filled with boundless killing intent as he stared into the distance. His gaze swept across everyone's faces and he said coldly, "it's all of you who destroyed my great illusionary Dao. Don't blame me for not considering our old friendship. None of you can leave today!"

Everyone furrowed their brows, their expressions cold and disdainful.

The great illusionary land had been destroyed, and all the power of the illusionary Dao had been condensed into a Dao fruit. Teng Guang did not have the power to kill them all.

"Impossible!" Shang's brows furrowed as he snapped. The Dao fruit has always been under the surveillance of my armillary sphere. If it was hiding nearby, how could I not sense it?"

"Woof! This so-called 'heavenly Dao' evolved from your armillary sphere, don't make me laugh to death!"

A sneer appeared on Teng Guang's face as he coldly said, "That can only mean that your 'Dao' is far worse than mine! That's why you can't spy on me, who is hidden by the great void Dao power!"

He raised his hand and formed a seal with one hand. A seal appeared in his palm and he slammed it down on the Dao fruit!

"Bang!"

The entire Dao fruit suddenly shattered, and the black iron Arrow that was stuck in it also broke with a bang.

a rainbow-colored light began to transform, slowly congealing into a human figure that stood up.

The figure was white in color and had a rather heavy face. His body was filled with the power of rules, and Dao will flowed through him. Just by standing there, he was like the embodiment of the heavenly Dao!

“This, this is a Kasaya.”

Shang was shocked and could not help but take a few steps back, his face full of shock.

Everyone was extremely shocked. Even the ghost king gave up on Xuan Hua. His eyes shot out rays of light as he stared at the human figure.

Beifeng Nan suddenly opened his mouth and softly said, “Daoling.”

“Dao Ling? What’s a Dao spirit?”

Yunxiao could not help but ask. The aura exuded by the White figure was too powerful and shocking.

At this moment, the entire sky was silent. All of them were peerless powerhouses, and when the conversation between Beifeng Nan and Yunxiao reached their ears, they could not help but turn their eyes to look.

Even Teng Guang furrowed his brows and revealed a surprised expression as he said, tsk, tsk, there are indeed many amazing people in the world. There’s actually someone who recognizes Dao Ling.

Under everyone’s gaze, Beifeng Nan didn’t feel uncomfortable at all. He slowly said, “The so-called Dao spirit, as the name implies, is just a Dao fruit turning into a spirit. It’s not rare.”

“Tsk! Not strange? Will you die if you don’t brag?”

Teng Guang’s expression turned cold and he revealed an extremely unhappy expression, as if he had insulted his Dao spirit.

“The rules and power of heaven and earth contained in the Supreme Dao fruit are too powerful, it’s normal for it to take a form. As for Dao fruits below the ten directions divine realm, it depends on fate if they want to turn into spirits.”

It was only then that Yunxiao came to a realization and said, "to put it bluntly, it's just an item turning into a spirit. Only, the spirit is from the Supreme Dao fruit, so it's awesome.

"That's right," Beiming Nan nodded.

Teng Guang stared at Yunxiao for a moment, then snorted coldly and turned his eyes back to the crowd in the sky. "Everyone, how do you think I should kill you?"

Shang suppressed the shock in his heart and stared at Dao Ling. His expression was dark and uncertain. After a while, he said, "Mr. Teng Guang, we could be considered comrades on the same front line. My name shouldn't be on your kill list, right?"

Teng Guang glanced at him and said coldly, "Hmph, you're really lucky. If you hadn't comprehended my great void illusory Dao, you probably wouldn't have been able to break through this last barrier and comprehend the divine Dao. I've fulfilled your wish.

"Mister Teng Guang's words may be biased, but I have indeed comprehended the divine Dao by relying on the will of the great illusory Dao. However, even without today's opportunity, as long as I can endure for three to five years, I will still be able to comprehend it."

"You're not wrong. Seeing that you've helped me before, take your people and get lost!" Teng Guang said.

Chapter 1483-power of one realm

"Get lost? Why do I feel so uncomfortable hearing this?"

"I've done my best to help Mister Teng Guang," the referee said unhurriedly, "even if I don't have any credit, I've worked hard, right? In exchange for a 'get lost'?"

"Mr. Yao Shang, I think you're starting to court death," Teng Guang sneered.

Dao Ling was spinning beside him quietly. There was only a faint outline of his face and his body was like a piece of glass, like a spirit.

“Mr. Teng Guang’s words are too hurtful,” Shang said, looking at Dao Ling.

“If you don’t want to be sad, then stay and hurt your body,” Teng Guang said.

“I’m still one step away from the immortal state,” Yi said. “I hope I can borrow this Dao spirit.”

“As expected, you don’t need to leave,” Teng Guang sneered.

Duanmu Youyu said, “tengguang, everything is determined by fate. You can’t evolve the great Dao. That is also determined by fate. Now that it has condensed into a Dao fruit and transformed into a Dao spirit, it can be considered a good result.”

“Good result?” Teng Guang coldly said, “then I’ll cripple everyone’s dantian today. I’ll let you all indulge in the mountains and rivers. You don’t have to fight and kill anymore. This can be considered a good result!

“Nonsense!” Wei Qing shouted. However, no matter what, you’re still a member of the human race and a martial sovereign of the world. The right way is to join forces and kill these demons first!”

“I know what I’m doing. Wei Qing, mind your own business,” Teng Guang said coldly.

Wei Qing was furious, but he couldn’t help it. There was no point in saying anything, so he could only sneer.

The situation in the sky suddenly became complicated, and silence descended.

Ever since Teng Guang appeared, he had been sitting cross-legged without moving.

At this moment, his hands formed a seal and a Halo appeared around him.

Dao Ling also raised his hands, and the two of them made the same hand seals. Dao Ling's body suddenly moved sideways and merged into Teng Guang's body.

ghost king! Yi's eyes narrowed and he shouted, "ghost king, stop these humans. I'll take out the Dao spirit first. After studying it, I'll let you swallow it!

He formed an incantation gesture with one hand, and his entire body moved forward. Two of his fingers directly shot towards Teng Guang.

If he allowed Teng Guang to completely merge with his Dao spirit, he would be in big trouble.

The ghost king's eyes were filled with joy as he laughed, "Haha, good! I'll snatch it for you to study first, and if it's useless, I'll eat it!"

He no longer paid attention to Liu Feiyan and turned into a ray of light, flying towards the light.

"Stop him!"

Wei Qing shouted and chased after the ghost king.

The rest of the People's faces also turned cold as they chased after him.

A cold glint shot out of Teng Guang's eyes as he formed a seal with his hands and also pointed towards the referee.

A Halo of light spread out from his body, and the seals on his fingertips kept changing.

"BOOM!"

The two seals clashed, and a terrifying power spread out.

Teng Guang seemed to be at a disadvantage and was forced to retreat continuously. He suddenly took a step, and a golden light flashed where the tip of his foot landed.

At the same time, the Dao spirit in his body came out, and the glass-like palm formed a seal and slapped toward Shang's face.

A terrifying power of the will of the way pressed down, and the space inside the armillary sphere trembled. The referee withdrew the seal in horror and turned to retreat.

His hands danced, and the stars in the sky began to move.

"Zi Wei charge, star formation!"

Shang's demonic Qi soared to the sky, and light swirled around his gold and silver horns, making him look even more extraordinary.

He raised his two huge hands into the sky and thousands of radiances revolved around his palms. Countless stars gathered and poured into his hands.

The area within a thousand feet of him was filled with monstrous demonic Qi, and no one dared to get close.

The ghost king's body also stopped outside the vortex, his eyes showing a serious look.

The rest of the powerful cultivators were all shocked. They stood outside of Shang's soaring aura and looked on coldly.

That kind of vast and mighty power made everyone's heart surge.

At their level, it was already very difficult for them to advance any further. However, the power that was displayed in front of them was constantly impacting their bodies and minds. Their desire to become stronger was getting stronger and stronger!

“It’s just the will of the divine Dao that he comprehended from my great void illusory Dao. How can it go against my great void Dao spirit!” Teng Guang’s expression turned serious as he replied coldly.

He made a simple hand seal and placed it in front of him.

The Dao spirit in his body floated up and kept performing seals above him. Rings of light spread out from the two of them, and in an instant, it was like a seven-colored Galaxy under the starry night.

“That’s not necessarily the case. The student is better than the master! Under the endless Starry Night, I am God! Take my heaven in one universe!”

The referee shouted and drew a circle in front of his body with his palms. The stars in the sky trembled, and a vast and mighty force descended with the power of his palms, pressing down on the realm.

Teng Guang reached out with his right hand and grabbed lightly. A string of magical beads fell into his hand. There were a total of sixteen beads, each of which was engraved with a symbol. Suddenly, sixteen strange images appeared and struck forward.

Within the seven-colored Milky Way, the 16 strange phenomena connected in the sky and turned into a string of magical beads that were hundreds of acres in size. Each bead was like a world on its own as they flew towards the vast stars.

“BOOM!”

Suddenly, the universe was turned upside down and the power of the stars in the sky shattered. The vast power on Shang’s body was directly dispersed!

The 16 giant magic beads fell from the sky and chased after Shang.

The qi and blood in his body surged, and he couldn't help but spit out a mouthful of blood. In his panic, he grabbed at the void with his big hand!

Suddenly, the starry sky disappeared, and all the strange phenomena gathered into one point, turning into a round Xuan artifact. It fell from the sky and was caught by Shang.

...

“Clang”

The two axes of heaven and earth on the armillary sphere kept spinning, sending out circles of tremendous force. He hurriedly threw the object out.

“BOOM!”

The armillary sphere transformed into a mountain, and the two axes rotated according to a certain rule. The vast power was like an infinite slash, blasting towards the world of the 16 magic beads!

“Bang! Bang! Bang! Bang! Bang! Bang!”

The power of the world shattered one by one, and the phenomenon of the entire magic bead disappeared. Teng Guang's expression changed as the terrifying power backfired. He couldn't help but spit out a large mouthful of blood and retreated in the air.

The Dao spirit turned around and disappeared into his body.

Her pale face was slightly flushed.

He didn't dare to be careless for even a moment. He made a hand seal with one hand, and golden light surged from his body as he stared ahead vigilantly.

The two of them exchanged a move and it was almost a draw.

Everyone's heart was in turmoil as they felt the vast power. The qi and blood in their bodies surged, and they wanted to rush up and fight.

...

Yi's face was cold as he took the armillary sphere back and held it in his palm. He said in a cold voice, "My profound level weapon is an ancient divine item that can transform the heavens and earth. Now that this weapon is one with my mind and I've reached the divine Dao, how can you fight me?"

Teng Guang laughed coldly, "haha, relying on the might of a profound level weapon, and you think you're so great?" You can create a small world, but don't forget that the great illusionary land is a big world created by me!"

He raised his hand, gently formed a seal, and pointed down from the sky.

Suddenly, the entire world trembled, and the earth and sky began to spin rapidly like a spiral.

Countless rays of light shot into the sky from all directions and gathered above him.

"What?"

The referee was shocked. The power from all sides contained endless array intent. The martial artists trapped in the 800 array Dao were also drained of their strength in an instant and were all drawn over to him.

this great illusionary land has been destroyed. I'll use the power of this realm and see how you can block it!

Teng Guang's eyes turned cold, and the hand seals in his hands changed in an orderly manner.

The spirit turned into a shadow and sat cross-legged behind him. Its hands formed a seal and it remained motionless.

Colorful light surged in the sky, and countless runes tumbled within.

A light shout came out of Teng Guang's mouth, "ten thousand sins, three filthy scenes, yuanchen together protect, Dao return to nature!"

The Dao spirit behind him suddenly grew bigger.

Countless colorful lights fell from the sky and entered Dao Ling's body.

Its glass-like body turned colorful and continued to grow in the sky. In the blink of an eye, it reached the clouds like a giant spirit!

Dao Ling raised his hand and grabbed.

The power of one realm instantly spun in his hand, forming a vortex of colorful light. The earth trembled, and everyone felt as if a great disaster was imminent, as if the end of the world had arrived!

not good! Yunxiao cried out in surprise. this illusion is really going to collapse!

Previously, they had been looking forward to it collapsing, but now that it was really about to collapse, everyone was frightened and panicked.

Feini grabbed Yunxiao's arm and put her head against it as she said softly, "Hold on tight, I'm scared."

Yunxiao's face darkened. He tried a few times, but to no avail, so he had to give up. "Senior Zhenan, will everyone die from this madman's one move?"

it's hard to say, " said beimang Nan. this move draws on the power of the entire illusion, so it's hard to estimate how destructive it is. However, I'm more confident that this demon called 'Shang' is going to die."

what? " Yunxiao was taken aback. he has the armillary sphere, but he can't take it? "

"Look at his previous battle, it's just so-so. If there's a good opportunity, he might be able to keep his life, unless he's bi an," said beimang.

He turned his eyes and looked at the ghost king in the distance. Suddenly, his pupils shrank and shot out a bright light.

The ghost king moved as expected.

Wei Qing's expression turned complicated.

"Should we stop him?" Yao Jinliang asked with a frown.

Wei Qing stared at it for a while and said,"no need." Soaring light's move is too overbearing. If it's used, not only Shang can't take it, but we'll also be affected. It's good to let this Ghost Block it!"

Yu Shengfeng and the others all nodded slightly, becoming vigilant. They clearly agreed with his point of view.

On the ground, a green figure was standing somewhere. It was Luo Qingyun. He held a spear in his hand and stared at the terrifying sky with a serious expression.

Behind him sat eight ghost Asuras in a straight line. They were all eating primordial cores to recover their strength.

ghost king! Yao Li's face was filled with anxiety as he shouted, " Lord ghost king, attack!

The ghost king's face was gloomy. He didn't say a word as he walked forward step by step. No one knew what he was thinking.

Shang held the armillary sphere in one hand and continuously sent incantations into it. All kinds of Dao will were displayed, forming a small world of its own. However, compared to the terrifying celestial phenomenon, it was insignificant.

"Lord ghost king, help me!" He said with a grave expression.

"Why should I help you?" the ghost king snorted. This was clearly the rhythm of negotiating conditions.

Chapter 1484-illusion shattered

"Say it. As long as it's something I can accept, I'll agree to it!"

The ghost king's eyes suddenly lit up. I want to change the contract with the Jiuli tribe!

"What?"

Yi was stunned for a moment and gave him a strange look. Then, he looked at Li in the distance.

Li was also a little stunned. He didn't expect such a condition. He didn't react at all and stood there in a daze.

I can't remember how many years ago," the ghost king said. I made a bet with the leader of the Jiuli tribe, Yao Zhi. In the end, I lost and signed this unfair contract. If I help you, the condition is to break this contract."

Li thought for a moment, but he didn't have the name of this ancestor 'Zhi' in his memory. It must have been a very long time ago.

"Alright!" She readily agreed. However, the condition is not for you to help him this time, but for you to help Lord Shang obtain his Dao spirit and kill all the humans present!"

Everyone's body trembled, and their eyes shot out cold killing intent as they stared at li.

If looks could kill, li would have been dismembered.

The ghost king hesitated. There were too many experts present, but he didn't want to give up this opportunity to regain his freedom.

All of a sudden, the sky was filled with colorful clouds. Teng Guang's Dao spirit absorbed the power of the first realm into his body and formed a hand seal with one hand. A cloud of colorful light turned into a talisman that spun in his palm and slammed down!

The four corners of the world fell into darkness, and the four poles collapsed!

"Good! I promise you!"

The ghost king gritted his teeth. The situation was already set in stone, and he had no time to think.

A vast and strange force gushed out from his body. The strange wheel flew into the sky and grew to half an acre in size, spinning continuously.

Yunxiao's pupils constricted. this thing again? " he cried out in surprise. is this wheel also a Supreme-grade Mystic artifact? "

No one could answer him.

Shang suddenly shouted and threw the armillary sphere in his hand. It also transformed in the air, turning into an endless starry sky with Dao will multiplying.

The two terrifying forces swirled in the air, each forming a realm of their own.

Dao Ling's palm slammed down on the two profound level weapons. The whole world trembled and a huge light spread out from the center of the three forces. The entire illusion was filled with colorful lights and the sky and earth cracked!

The 800 array palaces exploded under the Halo, and the trapped Warriors inside were all sent flying. Each of them spat out a large mouthful of blood, but they quickly circulated to resist. Those who were weaker directly died.

The ghost king let out a roar as his hands kept sending seals into the wheel. The 33 merit Cao appeared again and large amounts of ghost energy flew out to resist Dao Ling's palm!

Shang's face was also ferocious. His body glowed with gold and silver light, and a terrifying energy wave was transmitted into the armillary sphere. The force of the realm pressed down and bounced back through the profound level weapon, causing his body to tremble. The black and white in his eyes rippled like water.

"No, I can't lose! Tens of thousands of years have passed, and I've finally gotten to this point. I must win, I must win!"

Clouds of blood mist suddenly burst out from that huge body. Endless power surged into the two horns, and the two radiances quickly spread out and rushed into the sky.

The balance seemed to be broken at this moment, or the illusion finally couldn't hold on. A cracking sound came from between heaven and earth, as if the sky was broken!

"BOOM!"

The sky collapsed and the earth caved in. Everything was in chaos!

The terrifying power spread out in all directions, and everyone was swept into it, spinning in the storm of the end of the world.

Shocked, Yunxiao took out the Tusita heavenly peak again, and the four-colored force shot out and fixed the space.

Feini and beimang Nan protected each other on the left and right. The three of them were covered by the four-colored earth elemental power. Although they could not see the violent outside world, the inside was still very quiet and safe.

After an unknown amount of time, that terrifying power gradually dissipated. The entire world was covered in a dense gray mist. The sun and moon had lost their light, as if the world had just been created.

When the energy storm gradually dissipated and became lighter, Yunxiao took back the four-colored mountain and looked at everything in front of him in horror.

Everything within a thousand miles had been razed to the ground. At the place where Teng Guang and the other two were fighting, there was a huge natural chasm on the ground. The crack seemed to lead directly to a bottomless abyss, with no end in sight.

The three of them stood above the chasm, their faces pale.

Feini's voice trembled, "Is He Dead?" Are they all dead?"

Suddenly, two rays of light flickered in front of him and fell from the sky. They turned into two figures with ferocious and terrifying faces.

"?! You ... You're not dead yet?"

Feini was shocked and could not help but take a few steps back. The two people in front of him were Shang and ghost king.

However, their expressions were also extremely unsightly. Their bodies were still panting, and the origin Energy they emitted was extremely unstable.

Shang, in particular, had lost all his luster with his horns, and he looked like he was about to collapse. He gave Yunxiao a fierce look, and a murderous aura burst out of him.

“What a powerful killing intent.”

Yunxiao sneered and said, ‘why are you staring at me like that? Do you want to get beaten up?’

He grabbed with his bare hand, and the Tusita heavenly peak hung under his palm, smashing over fiercely!

Shang was enraged, his fingers clenched into a fist and he punched.

“Bang!”

With a loud explosion, the mountain was sent flying, but the sound of bones cracking could be heard from Shang’s arm as he was sent flying backward.

He was bewildered. He looked at his fist in shock. A few of the bones in his fist had actually broken. He was stunned.

Yunxiao was also shocked. This was the first time he had seen a four-colored mountain being blown away. It was clear that although Shang had consumed a lot of energy at the moment, the strength of his physical body was still far above that of an ordinary great demon!

“Yi, this is a Kasaya.”

The ghost king exclaimed in surprise as he looked at the four-colored Tusita peak with a strange expression.

But in the blink of an eye, he withdrew his gaze. His eyes were filled with green flames as he began to look around.

...

“Come out!”

He suddenly shouted. His voice reverberated, and the sky started to shake.

“Pfft!”

Chang tianshang suddenly spat out a mouthful of blood. Teng Guang’s figure appeared with an unusually pale face.

The green fire in the ghost king’s eyes suddenly flickered and shot out a sharp light.

Under that move just now, it seemed that he was the only one in the best state.

“How lamentable, can you still fight?”

The ghost king’s face was cold and filled with unspeakable ridicule.

“Pfft!”

Teng Guang spat out another mouthful of blood. His face was abnormally pale and his muscles were gradually shriveling. His life force was also rapidly depleting.

“Soaring light!”

...

Yunxiao cried out in surprise and teleported to his side to support him. “How is it?”

Teng Guang shook his head slightly. I can't make it. My Dao Foundation has been destroyed. I don't think I'll live long.

He grabbed Yunxiao with an eager look in his eyes, and his lips trembled slightly as he sent a voice transmission, " with that move, Dao spirit died and turned back into the true body of the Dao fruit. It's in my body now. Kill me quickly and take the Dao fruit.

Yunxiao trembled as he looked at him in horror and said, " don't let your thoughts run wild. Just hang in there. As long as the power of the Dao fruit is dissolved in your body, it should be able to heal your injuries.

Teng Guang laughed bitterly. so what if I'm cured? my life's work was destroyed in a day. I have no more attachments to this life.

"Bang!"

He suddenly raised his hand and thrust it into his chest, then pulled out the Dao fruit and stuffed it into Yunxiao's hand, urging, " "Let's go!"

Yunxiao was taken aback by his behavior. The Dao fruit was covered in Scarlet blood, which was dripping down.

"Give it to me!"

die! the ghost king roared and instantly charged forward. At the same time, he opened his palm and slapped down, causing a vast power to sweep out.

"Can you leave?"

Wei Qing's cold voice also sounded out. His figure flickered as he also rushed over and shouted, " "Give me the Dao fruit, or it'll be taken by this ghostly thing!"

Yunxiao's face darkened, and he made a prompt decision to throw the Dao fruit away, which turned into a stream of light and shot into the distance.

"You coward!"

Teng Guang was shocked and furious.

don't be angry," Yunxiao said with a wry smile. you'd better recover from your injuries first. How can I protect that Dao fruit with my power? Forcefully possessing it would only lead to one's own destruction."

Teng Guang's expression was gloomy and uncertain, but he was even more unwilling and desperate. As he looked at the Dao fruit that flew away, his eyes were filled with despair.

As expected, as soon as the Dao fruit was thrown, the ghost king and Wei Qing immediately shifted their positions in the air. They no longer cared about them and directly went to the Dao fruit.

Suddenly, the space in front of him shook and Yu Shengfeng's figure appeared. His eyes were filled with excitement as he opened his hand to grab the Dao fruit.

"Swish!"

The space twisted and the Dao fruit suddenly shifted. Immediately after, a cloud splitting arrow shot down and flew past his arm.

"Damn it!"

Yu Shengfeng was furious. He unsheathed the ancient dust sword, and the sword light slashed in all directions. Countless Dragons flew out, and the sword light directly stabbed towards the side of the Dao fruit!

“Bang!”

Xuan Hua’s figure could not hide under the sword Qi. The broken star bow blocked in front of him, but sparks were created by the big sword.

“The Dao fruit is mine, no one can snatch it!”

In a moment, the ghost king caught up. He grabbed with his five fingers and sealed the space around him. Then, he grabbed the Dao fruit happily.

All of a sudden, a red light flashed, and a sharp long sword stabbed toward him silently.

“Jian Ge!”

Liu Feiyan shouted softly, and a Red Lotus suddenly bloomed and fell directly into the ghost king’s big hand.

“Damn it!”

The ghost king was furious. He suddenly clenched his fist and struck at the Red Lotus, shattering it. At the same time, he grabbed at the Dao fruit with his other hand!

Liu Feiyan’s expression froze and a cold light flashed across her eyes. As her figure flickered, a sharp sword will immediately struck out. However, it did not slash at the ghost king, but directly at the Dao fruit!

“Dammit! What do you want to do?”

The ghost king roared, and the rest of the people also stopped, their hearts twitching violently!

“Stop!”

Under the ghost king's strong wind, most of the sword Qi was blocked. However, Liu Feiyan's long sword shook, and a deafening sound spread out. It was like a cold water sword suddenly slashing onto the Dao fruit!

"Ah?"

In an instant, everyone was completely dumbfounded. Their eyes were wide open as they watched this heartbreaking scene!

Chapter 1485-fighting for the fragment

The sword Qi slashed into the Dao fruit, and colorful lights shot out. Cracks began to appear on the Dao fruit, growing larger and larger.

"Bang!"

A heart-wrenching sound rang out. Under everyone's dumbfounded gaze, the Dao fruit suddenly split open and turned into several rays of light that shot in all directions!

"Damn it!"

The ghost king roared and a terrifying power gathered on his fist, blasting towards Liu Feiyan!

"Bang!"

Liu Feiyan blocked with her sword, and that vast power directly bent the water-like cold sword. With a sudden shake, her entire body was instantly sent flying a few hundred feet, and the long sword in front of her was still vibrating.

A strange look appeared in her eyes. A strange force invaded her body along the sword. She circulated her essence force and instantly shattered that force. However, she was still extremely shocked.

The ghost king's killing intent rose after the attack. He was about to pursue, but he suddenly found that several rays of light rose directly into the air and chased after the light of the shattered Dao fruit.

“Argh! All of you stop! The Dao fruit is mine!”

He roared and suddenly chased after the figure closest to him. I'm going to kill all of you!

Liu Feiyan also hurriedly chased after a ray of light.

The Dao fruit was cut into five pieces by her sword and shot in five different directions.

Teng Guang couldn't help but bitterly laugh and spit out another mouthful of blood. His cough was abnormally intense.

He pushed Yunxiao away and said, “hurry up and grab the Dao fruit fragment. With your strength and talent, even if you only have a fragment, you can comprehend many things and step into the great Dao of the God Realm.

Yunxiao, however, did not move. He took out a pile of heavenly materials and earthly treasures and handed them over as he said, “Don't talk nonsense. Let's suppress our injuries first.”

Teng Guang was stunned. Within the pile of treasures, a primordial essence elixir was emitting astonishing spiritual Qi. He said in surprise, “Nine-five Supreme pill?”

Yunxiao nodded.

“You've been to shenxiao Palace?” he asked suspiciously.

Yunxiao shook his head.

“Forget it, let’s not waste it,” Teng Guang said with a bitter smile. In my current state, my Dao Foundation has been destroyed. Even if I recover my strength, I’m afraid I’ll never be able to advance again. What’s the point of living?”

it’s always good to be alive, ” Yunxiao said. maybe there’s still a chance. If I die, I won’t have a single chance.”

“A!”

Teng Guang sighed and looked listless. He took the pill and swallowed it. Although he had started to heal his injuries, his eyes were lifeless, as if his heart was dead.

The people around had long disappeared, all of them crazily snatching the Dao fruit fragments. Even beiming Nan and Fei Ni had disappeared in a flash.

The sound of a violent battle suddenly rang out in the distance.

It was the ghost king that was chasing after Yu Sheng Feng and attacking him, constantly roaring.

Yu Shengfeng was suppressed in a few moves and felt somewhat powerless. He couldn’t help but be furious, I don’t have only one Dao fruit fragment. Why do you have to fight with me? do you think I’m easy to bully?!

all the fragments are mine, ” the ghost king said coldly. whoever takes them will die. I’ll kill you first!

The wind from his fists continued to blow. Although he didn’t have a profound level weapon, his physical body was strong enough to resist the ancient dust sword. He suppressed Chu Shengfeng to the point where he couldn’t fight back.

Yu Shengfeng was shocked and angry, his face was livid as he said in a cold voice, “Shang’s fragment is the largest one, mine is only of the middle grade. If you waste any more time here, don’t even think about getting the other fragments!”

I'll remember everyone here," the ghost king said coldly. even if I run to the ends of the earth, I'll still be able to get them back!

He cupped his hands and suddenly raised them up and slammed them down.

"Bang!"

Yu Shengfeng blocked with his sword, and under the impact of a huge force, his body was pushed back.

The ghost king's eyes turned cold, and with a step, he shrank the ground into an inch and chased after him, saying,"Hmph! I'm going to kill all of you anyway, so I'm killing two birds with one stone!"

Yu Shengfeng was furious. His body flipped a few times in the air and his hands immediately formed a seal. A circle of devil essence flashed and turned into three heads and six arms.

"What?"

The ghost king was shocked. His eyes widened and he said in horror, " "Who are you? A Dharma true body?"

"I'm the one who will kill you!" Yu Shengfeng sneered.

Behind him, he raised the MA Liang divine brush and waved it down from the sky. Zhu mo pointed and immediately drew an inescapable net, which instantly came out from all directions and covered the ghost king.

"What kind of nonsense is this?"

The ghost king shouted and suddenly opened his arms and raised his fists. Endless ghost Qi surged from his body and rushed in all directions, shaking the inescapable net and preventing it from landing on his body.

Yu Shengfeng's expression turned cold as he raised the Royal carriage. Green light rushed out and all kinds of strange phenomena spread out from his body.

The ghost king's pupils shrank as he shouted. The wheel flew out and instantly scattered the inescapable net around him, directly pressing down on Yu Sheng Feng.

“BOOM!”

The huge wheel was like a millstone that was suppressing the apparition of the treasure carriage. It kept grinding and shattering the apparition.

Yu Shengfeng was shocked. He spread his six arms, and The Dark Wheel flew up, turning into a huge light wheel that directly slashed at the wheel!

“Swish!”

The ghost king's figure flickered and stepped on the big wheel. He put his hands together in front of his body and formed a claw seal, covering The Dark Wheel.

Clang! Clang! Clang!

Under the attack of his palms, the underworld wheel kept spinning. The sharp edge of the underworld wheel cut through his scales, making loud noises.

Yu Shengfeng's face was filled with anger. He grabbed the ancient dust sword and continuously slashed upwards. Dragon shadows bombarded the wheel, trying to break it!

...

The Dao fruit was cut into five pieces by Liu Feiyan. After she was pushed back by the ghost king, she also flashed and chased after one of the pieces.

Suddenly, a ray of cold light flashed, like the sun shining down.

It turned into a silver snake and bit over.

Liu Feiyan's face darkened. She unsheathed her long sword and with a "clang" sound, she slashed.

The silver snake suddenly turned back into a silver sword and coiled around the opponent's long sword, creating a circle of sword momentum.

Liu Feiyan's brows furrowed and her left hand formed a seal and slapped onto the sword!

"Dang!"

The sound of the sword reverberated, and circles of light shot out, bouncing off the silver sword that was wrapped around it, and creating rays of light in the air.

"Heavenly record Wu Hua!"

die! she shouted, and her long sword chased after the silver snake. The sword Qi turned into a tornado in the air, tearing the entire sky into countless pieces.

"Bang!"

...

The silver sword fell into the hands of the newcomer, and he hurriedly waved out dozens of sword Qi, shooting them up.

"Boom boom boom!"

Rays of silver light cut into the storm of sword Qi and finally stopped the power of the sword.

The demon temple took a closer look and saw that Liu Feiyan had already drifted away after she slashed out with her sword. She was a few hundred feet away from him.

“Damn it!”

The demon temple let out a loud roar, then transformed into a stream of light and chased after him.

“Swish!”

Suddenly, the wind and clouds stirred, and an arrow light shot over like a shooting star toward the demon temple.

“BOOM!”

The arrow light exploded in front of the demon temple, and a terrifying force rushed forward, blocking the temple’s path!

“Feiyan, go after the Dao fruit. Leave this to me.”

A light flashed in the sky, and Xuan Hua walked over step by step with a longbow on his back.

His face was cold. Although he was exhausted from the previous battle, he was confident that he could still hold the demon temple back.

Cl’s face sank. He knew that there was no hope of snatching the second Dao fruit. He immediately snorted and flew away.

A few thousand feet away, Shang’s hand grabbed a Dao fruit fragment, his eyes flashing with excitement.

He flipped his hand and put away the Dao fruit fragment. Then, he said coldly, "Is it really good to spy on me in the dark? Get out!"

Ripples that looked like water appeared not far away from him. Duanmu Youyu walked out with a calm expression. He kept forming hand seals as if he was calculating something. There was a look of doubt on his face.

"What, do you want to have a fight too?" the referee asked coldly.

"No need," Duanmu Youyu said after some thought.

"Oh? Are human powerhouses afraid of death?"

The judge sneered.

Duanmu Youyu said, "It's not that I'm afraid of death. I don't have any intention of arguing about the fruit of the way. Also, I did a free Divination for you just now. It was the worst fortune. You have to be careful.

"Tsk! Ha, haha, can you not make people laugh their heads off?"

Qianqian laughed. You're also a divine transcendence expert. You don't dare to make a move, so you're using nonsense to deceive people. You're really powerful.

Duanmu Youyu smiled faintly. It's fine if you don't believe it. The destiny of the heavens is an objective existence. It won't change just because you don't believe it.

trash," Shang sneered. If you have nothing else to say, I'll take the fruit and leave.

Duanmu Youyu still had a smile on his face. He made a gesture and said, "Please," he said.

“Hahahaha, so this is a human expert? It’s so embarrassing!”

Shang laughed mockingly, and in a flash, he returned to where he was.

He took out the Dao fruit fragment and stared at it for a while. Extreme desire and excitement appeared in his eyes, and he suddenly said, “Li ci, protect me!”

Cl had just returned from chasing Liu Feiyan and was about to go after the other Dao fruit when he heard Shang’s words. He flashed and flew to his side.

Li also flew up to the sky and landed in front of Shang, “Shang, what are you doing?”

Shang grabbed the Dao fruit fragment and said, “After the fruit split open, the divine Dao will be quickly lost. I have to take advantage of the fact that it’s still useful to refine it and rush to the final step!”

His eyes were filled with determination and excitement!

“Lord Shang, is one-fifth of the Dao fruit fragments enough?” Cl asked in shock.

“Perhaps not, but I still have another move. With these chips, it’ll be enough!” The referee smiled strangely.

Li’s heart skipped a beat. Then, he understood and said, “Are we finally going to use it? However, Lord Shang, it would be inconvenient for the human powerhouses to look around. It’s better to leave as soon as possible and find a safe place.”

“No, it’s too late.” I’ll use the Taiji heaven-sealing seal to seal this space, then I’ll use the armillary sphere to set up a barrier. With the two of you guarding the outside, even if they join forces, it won’t be easy to break it in a short time. Besides, we’re all fighting for the Dao fruit now. Who has the time to care about me?”

“Be careful, Shang!” Li said.

Yi nodded his head and immediately used his innate ability. His golden and silver horns brightened and his eyes turned black and white. A Taiji diagram appeared around him.

Chapter 1486-counter

The Tai Chi pattern flew up from Shang’s body and into the sky. It instantly expanded to half an acre in size and turned this area into a forbidden land.

At the same time, he waved his hand and the armillary sphere spun out with a “ Weng Weng Weng ” sound. It suddenly flew into the sky and directly merged into the Tai Chi.

The heaven and earth dual axes gushed out a vast power, and the sun, moon, and stars were lined up on the axis.

Li He Ci immediately stood guard around the barrier, guarding it vigilantly.

Shang’s action immediately alarmed the crowd. Yunxiao asked in surprise, “What is he doing?”

Teng Guang raised his head and said expressionlessly, “That Yao Shang snatched a piece of the Dao fruit fragment and wanted to comprehend it on the spot.”

Dao fruit fragments? ” Yunxiao cried out in surprise. haha!

Teng Guang’s eyes were filled with a complicated expression as he said, “The innate divine ability of the huodou clan is indeed very powerful. When they seal themselves, it’s very difficult for the outside world to break through. With the protection of the armillary sphere and the demon temple, I’m afraid only the ghost king has such ability.”

but the ghost king is with them, " Yunxiao said. if Shang can completely absorb this Dao fruit fragment, I'm afraid that not only will his injuries be healed, but he will also be able to advance a hundred feet further! His face also revealed a trace of solemnness.

Inside the Taiji heaven-sealing seal, under the armillary sphere.

Shang stared at the Dao fruit fragment that was the size of a baby's fist and said excitedly, " "It's not complete, but it's enough."

He directly threw this Dao fruit fragment into the air and it flew into the sky, emitting a white light. Then, he cast a seal into the armillary sphere.

The sun, moon, and stars rotated, and a yellow light shot down, turning into a human figure.

"Li Yi, I need your help."

Yi said as he looked at the figure, his eyes flashing.

Li Yi nodded and said, "I understand." Didn't you cultivate me for today? To be able to witness Lord Shang's Ascension to godhood, I, Li Yi, am honored!"

you don't have to worry too much, " Yi said. I'm just extracting the Qi of the demonic mother in your body. I won't harm your life.

Li Yi smiled indifferently and said, "so what if it's life-threatening?" To die for Daren, what is the meaning of death, we are on the same mountain!"

His gaze gradually softened, and a look of reminiscence flashed in his eyes. He said softly, " I've come from the southern region, step by step, and reached a realm that I've never dared to imagine in my life. I've become a martial sovereign and dominated the world. It's all thanks to Shang and the Lords 'care. I can die with no regrets. It's just that I'm proud. he looked worried.

“What wish do you have? I can help you fulfill it.” Once you extract the mother’s power, you may lose all your cultivation.”

A murderous look flashed in Li Yi’s eyes as he pointed a finger at Yunxiao in the distance. His face was full of anger as he said coldly, “My greatest wish in this life is to kill li Yunxiao! Can Master Yi help me realize my wish?”

“Even if you didn’t mention it, I would have killed him anyway,” Shang laughed. When I step into the God Realm, it’ll be as easy as lifting a finger and I’ll turn him into ashes with a snap of my fingers.”

“Alright!”

Li Yi’s face was filled with determination as he gritted his teeth and said, “as long as Yunxiao dies, I will have no regrets even giving my life to you, not to mention all my cultivation base!

don’t worry! the judge said. after I succeed, I’ll kill li Yunxiao in front of you and fulfill your life’s wish!

Li Yi nodded and opened his arms. He slowly closed his eyes and said, “Take all my cultivation! Let me, Li Yi, witness with my own eyes the birth of the first immortal state warrior in tens of thousands of years in the realm of heavenly martial arts!”

“Thank you,” the referee said.

A glint shot out of his eyes as he drew a talisman in the air with one hand and pointed a finger at Li Yi.

“Woof! Buzzzzzz! Buzzzzzz! Whoosh!”

Several finger radiances directly pierced through several of Li Yi’s acupuncture points. A strange power surged in Li Yi’s body and condensed into an array that connected all the wounds.

Li Yi’s expression turned into one of pain, and bean-sized beads of cold sweat began to drip down his forehead.

The referee's face turned serious as he kept making hand seals, sending them all into Li Yi's body.

A light red energy began to flow out of Li Yi's body like dust.

Richard's pupils constricted and shone with excitement. It quickly formed a seal with both hands and slammed it onto the formation in front of Li Yi's chest.

Immediately, a red light enveloped the two of them.

don't resist! Shang shouted, " let my power draw out the mother's power!

"Don't worry, Lord Shang," said Li Yi through gritted teeth, his face pale."Go ahead and draw!"

"En!"

The referee responded and slowly closed his eyes. A mark appeared in his hands, continuously extracting the pink Power from Li Yi's body.

The people outside the seal watched with their eyes wide open in shock.

Yunxiao's eyes flickered with realization as he seemed to understand why the demons had been cultivating Li Yi at all costs.

Suddenly, Li Yi's body moved. He put his hands together in front of him and made a strange mark as well. Then, he grabbed Shang's arm.

"Bang!"

A pink halo spread out from Shang's arm, and a strange Tai Chi pattern appeared between Li Yi's hands.

Li Yi, what are you doing?!

you're courting death! Shang bellowed in shock, as if he had sensed something.

Li Yi's face gradually turned from pale white to rosy red, and he grinned evilly, " hahahaha, Yao Shang, you want to extract my martial arts and turn me into a cripple. Today, I'll extract your power!

"What? W-what kind of cultivation technique is this?"

Shang was shocked. He could only feel that after his arm was grabbed by Li Yi, he could not move at all. The demonic energy that was originally flowing from Li Yi's body was not only flowing back, but it was also wantonly extracting the power that originally belonged to him!

"You, you coward!" The referee was shocked beyond words and shouted, " "What are you doing? Stop!"

Shang was not the only one who was shocked by the turn of events, everyone else was dumbfounded as well.

Outside the seal, li HEI was completely petrified and was at a loss.

The sky-sealing mark was so powerful that outsiders could not enter at all. Even if they joined forces, they weren't confident that they could break through it, not to mention that there was a barrier formed by the power of the armillary sphere. They were completely unable to rescue him.

...

Yunxiao's pupils constricted as he stared at the strange Tai Chi pattern in Li Yi's hand. "What kind of divine ability is this? it's so strange."

Teng Guang also frowned, and said, it's similar to Shang's technique. It's like it's specialized in restraining the opponent from extracting his elemental energy.

Within the barrier, Li Yi's face was dark as he said coldly, "Yao Shang, do you really think that I'm so stupid that I'm willing to die for you? You're raising me like a domestic fowl, and when the time comes, you'll slaughter and eat me, yet you want me to thank you? I'm grateful to you for your entire family of bastards! I'm telling you, even a rabbit will bite when it's anxious!"

Shang's expression turned extremely unsightly. He did not know what kind of strange skill Li Yi was using, but it seemed to be specifically targeted at him.

At this moment, most of his strength was used to maintain the operation of the Taiji sky-sealing seal and the armillary sphere. Under Li Yi's grip, he could not move at all and could only watch as his strength flowed away.

"Dammit! Damn it! Stop!"

Shang roared repeatedly, his body shaking uncontrollably.

Li HEI, who was standing outside, was completely dumbfounded. He only reacted after a while.

"Stop!" He shouted. Otherwise, I'll tear you to pieces!"

Li Yi sneered, his eyes filled with mockery as he said, "If I stop, I'll really be dead. It's better to risk my life! I'll be the one to become a God if I drain all your power! Hahaha!"

Li trembled with anger. Li Yi, I've saved you from the edge of death so many times. How dare you return my kindness with ingratitude!

...

"Save? Your mother's fart! If you didn't treat me like a pig and fatten me up so you could kill me, would you save me?"

Li Yi cursed loudly, his eyes filled with ferocity. "I've been preparing for today since the first day I was chosen to be reared by you! I've never been a master who would wait for death without doing anything! Whoever wants my life, even if I can't defeat him, I will make him lose three layers of skin!"

Shang gradually calmed down. This was his most dangerous moment, and if he was not careful, he would really end up benefiting Li Yi. He said calmly, "Li Yi, even if you take a portion of my power, you can't become a God. Once I break free, we'll both be injured, and you'll be hunted down by my demon race!"

Li Yi sneered, "Yao Shang, you're in the wrong." If you can become a God, why can't I? Moreover, I'm a demon mother, so my talent shouldn't be weaker than yours, right? Since you're thinking about the great cause of the monster race, why don't you just give me all your power? I'll definitely treasure your power and protect your monster race. By the way, do you have any other wishes? Tell me and I'll complete it for you."

The gang leader's body trembled with anger as the origin power in his body constantly fluctuated, transforming into halos that spread out in all directions.

However, even more power was rapidly flowing away, madly surging into Li Yi's body.

"Oh, and this Dao fruit! You can eat it, so why can't I?"

Li Yi jerked his head up and looked at the Dao fruit fragment that was suspended quietly in the sky. He opened his mouth wide and inhaled!

The entire space twisted, and a large amount of air was sucked into his lungs, causing his body to expand.

The Dao fruit fragment also flew down rapidly, heading for his mouth.

"Damn it!"

The referee was furious and made a prompt decision!

She would rather be heavily injured than allow Li Yi to continue absorbing it. If he were to snatch away her essence force and the Dao fruit, her cultivation and tens of thousands of years of hard work would be in vain!

die! he shouted, and the two horns on his head shot out a terrifying force that surged forward.

The seal barrier that filled the sky also collapsed at this moment. With a "boom", it turned into countless fragments.

Richard spat out a large mouthful of blood and forcefully broke free from Li Yi's grip. His face was abnormally pale.

As soon as he let go, he channeled his elemental energy into his palm and slapped it out without a word, intending to kill Li Yi on the spot!

The rage in his heart could no longer be described with words. Only by blasting Li Yi into dust could he slightly vent his anger.

Li Yi was shocked and swallowed the Dao fruit in one gulp. At the same time, he threw out his fists to meet the attack, pouring all his strength into this one attack!

Chapter 1487-defeat

"BOOM!"

The terrifying power of the fist dispersed, and a ray of green light spread out.

Shang was actually forced back a few steps by the green light. He was shocked and stared ahead in anger.

After the light dissipated, a green figure appeared in front of Li Yi, looking at Shang with a mocking expression.

Li Yi was overjoyed. He quickly went forward and bowed, "Lord Wei Qing!"

That figure was Wei Qing. His eyes flashed with killing intent and he said coldly, "Did you eat that Dao fruit fragment just now?"

Li Yi's body trembled as he hurriedly lowered his head and said, "The situation was urgent just now. I thought I was dead for sure. Afraid that the Dao fruit would be snatched back, he gritted his teeth and swallowed it. This Dao fruit fragment was originally seized and presented to Daren. I deserve to die, I deserve to die! Please punish me!"

Wei Qing stared at the face for a while before saying, "So be it. It's your fortune to be able to obtain a Dao fruit fragment. In addition, since you've been secretly relying on me, I'll give you this Dao fruit fragment."

Shang's expression turned cold, and a boundless rage burst out from him as he glared at Wei Qing and Li Yi.

It suddenly dawned on Yunxiao as well. He recalled how Li Yi had countered Shang's attack just now. If he did not have a strong backer, how could he have obtained such a magical cultivation technique?

He didn't expect this kid to have joined Wei Qing so early on, but he didn't know how he managed to contact him.

Li Yi cursed in his heart. If he had not been smart enough to eat it in one bite, he would not have had his share now.

However, he still pretended to shed tears of gratitude and was so excited that he was speechless. He said loudly, "Many thanks for Lord Wei Qing's fruit. Lord has given me a new life! The heavens and earth can't compare to Daren's kindness, how can the deep River and deep sea compare to Daren's kindness!"

Everyone had goosebumps all over their bodies, and Wei Qing also felt uncomfortable all over. He snorted and said, "Go rest and digest the Dao fruit. As long as you are loyal to me, you will be of great use in the future!"

"Yes, Thank you, sir!"

Li Yi's face was filled with gratitude as he hurriedly landed on the ground. He carefully hid far away and was on high alert against the devil clan.

Although he had absorbed a portion of Shang's power and eaten the Dao fruit, he could not digest it in a short time. However, Shang's power seemed to be very approachable to him, and it was warm and comfortable inside his body.

Shang's body was already green with rage, he grabbed the armillary sphere and pointed it at Wei Qing, "Get lost! I'm definitely going to kill that brat today. If you don't scam, I'll kill you as well!"

Li He Ci also flew to Shang's side, his face full of anxiety.

They knew that Shang had gone completely berserk, but now was not the time to clash with the humans. If they did, the situation would only get worse.

"Lord Shang, let's leave first, we'll discuss further!" Li mustered up his courage.

"Kill me?" Wei Qing's face was cold as he mocked. Leave? These two things are too difficult."

He waved his hand and a ray of green light fell. It was Luo Qingyun, followed by eight ghost Asuras who had fully recovered.

"Not good!"

Not only the few great demons, but the rest of the people also had a grave expression on their faces, knowing that things were not good.

The eight ghost Asuras were enough to control the entire situation!

Luo Qingyun's expression was cold. He waved his spear, and the sound waves on it surged. The eight ghost Asuras opened their eyes wide, and the power in their bodies surged out.

"Kill all three of them!" He ordered coldly.

Li and the other two felt the killing intent and their bodies turned cold. Shang also gradually woke up from his anger and slowly regained his consciousness.

A few flashes of light appeared in the distance. It was wing, Meng, and the other two. They flew behind Shang, their faces serious.

Li even directly raised his war drum and beat it repeatedly, trying to summon the ghost king.

"Hold on!"

Wei Qing suddenly shouted. Luo Qingyun frowned and swept his spear across, stopping the eight ghost Asuras.

let's not kill these people first! Wei Qing said. let's get the Dao fruit fragments back first! "Nie Shengfeng, Liu Feiyan!" He said coldly.

Out of the five Dao fruit fragments, Chu Shengfeng, Liu Feiyan and Shang had each taken one. The last one was in Wei Qing's hands.

As for the last piece, he stared into the distance and saw three figures engaged in a fierce battle. It was Qiu Mujie fighting beiming Nan and feini for the last piece.

Hmph, a peak nine-star also wants to snatch the Dao fruit. He's really out of his mind. Kill them all!

Wei Qing's expression turned cold as he said, "you go and snatch the two pieces from nie Shengfeng and Liu Feiyan's hands. Leave these few pieces of trash to that person .."

Luo Qingyun was stunned and frowned. He had doubts in his heart, but it was not appropriate for him to ask. He directly flew away with the eight ghost Asuras.

The ghost king was still standing on the big wheel with the underworld wheel in his hands. He was suppressing Gu Shengfeng and seemed to have entered a delicate balance.

However, the large wheel continued to emit all kinds of halos, as if they were endless and would never be exhausted. On the other hand, the Royal heaven treasure carriage was gradually getting weaker and weaker, constantly being worn down.

The ghost king's expression was calm, as if he was doing this with ease. He concealed his strength and purposely wore out Chu Shengfeng.

Yu Shengfeng's three faces were completely filled with rage as he continuously let out low roars, clearly unable to hold on any longer.

After Xuan Hua and Liu Feiyan obtained a Dao fruit fragment, they flew away. They couldn't let nie Shengfeng be killed by the ghost king. They had to bring him back to the sea of soul formation. This was the highest order given by Lu congzi.

The two of them turned into rays of light and landed on both sides of the ghost king. They were a few hundred feet away from each other, and they looked at each other coldly.

The ghost king raised his eyes and looked at the two of them, but the corners of his mouth were slightly raised, and there was unspeakable ridicule.

Feiyan, " Xuan Hua snorted coldly. this monster is looking down on us. Attack. He took out his bow and began to channel his elemental energy.

Liu Feiyan frowned and said, "wait a little longer." It seems that Sir Xun Shengfeng can still hold on for a long time. We will attack after he is exhausted."

The two of them had a direct conversation without any concealment.

Yu Shengfeng was furious when he heard this and roared, "You two little brats, hurry up and attack! If I can't hold on, then with your meager strength, you'll only die!"

Liu Feiyan pursed her lips and smiled, " Lord Yu Shengfeng, you don't have to worry about us. If you really have the intention, please fight seriously and consume more of the ghost king's power. It'll save us a lot of effort when the two of us take action later."

"Haha, you're right!"

Xuan Hua praised and gave a thumbs up.

...

Chu Shengfeng was so angry that he almost vomited blood. His three Dharma forms roared continuously, and the demonic patterns on his body surged stronger and stronger. However, no matter how he attacked, he couldn't break through the wheel's suppression. He didn't know what kind of profound level weapon this was.

Just as the two of them were waiting, their expressions suddenly changed drastically, and they coldly looked at Luo Qingyun and the eight ghost Asuras flying over, standing in a row in front of them.

The ghost king also opened its eyes, which flickered with a green light. It seemed to have become somewhat vigilant.

He had just suppressed the eight ghost Asuras by himself, but was unable to kill them. Naturally, he understood the power of these things.

Yu Sheng Feng laughed out loud. haha, two little brats. You want to take advantage of this old man. You're happy now, right? "

Luo Qingyun's face was calm. He stretched out his hand and said, "I'm only here for the Dao fruit fragment. Hand over the Dao fruit fragment and you can leave."

Liu Feiyan raised her hand, her fingers flowing through her hair as she laughed, " "I also want the Dao fruit fragment."

"Then I'm sorry, you two can die now!" Luo Qingyun snorted.

The eight ghost Asuras flew up and formed groups of four, completely surrounding the two.

Xuan Hua's brows furrowed. the essence energy fluctuations on these ghostly things 'bodies don't seem to have decreased in the slightest. How did they recover so quickly? "

Liu Feiyan's eyes flickered non-stop. She suddenly reached out and held the Dao fruit fragment in her palm, emitting a strong Dao will.

...

"Little brother, take it."

She smiled sweetly, and the Dao fruit fragment immediately flew up into the air and headed toward Luo Qingyun.

Luo Qingyun was stunned for a moment. He didn't expect the other party to be so forthright. He nodded and said, a wise man submits to circumstances. Red Lotus Martial Emperor is indeed able to recognize the situation.

He took a step forward and grabbed the Dao fruit fragment.

The ghost king's pupils also contracted, and green light burst out from them. He couldn't help but smack his mouth, obviously wanting to eat it very much.

"Feiyan, what are you doing!" Xuan Hua was shocked.

"This little brother is right. A wise man submits to circumstances." Liu Feiyan said. Xuan Hua, how much of your power do you still have? They were simply no match for these ghost Asuras. Besides, the purpose of our trip is not the Dao fruit, so it's good that we can get it, but there's nothing to regret if we can't."

Xuan Hua fell silent, but his face was still filled with unwillingness as he snorted heavily.

Luo Qingyun caught the Dao fruit fragment and put it away, then said, "You didn't play any tricks. Very good. You two can go to the side."

Xuan Hua's face was gloomy, while Liu Feiyan smiled indifferently and gave him a look. The two of them retreated into the distance.

Luo Qingyun's eyes narrowed as he looked at the ghost king.

The eight ghost Asuras also appeared around the ghost king in a flash, all of them exuding killing intent.

Everyone's gazes gathered on him, as if they were ready to kill him at any moment.

Yu Shengfeng, who was under the big wheel, saw that the opportunity had come. He roared again and again and continuously slashed out Jade Dragons to break the suppression.

Cl's face darkened, "I don't know what's going on with that ghost king. He couldn't even take down Hu Shengfeng. He's not as sharp as he was when he dealt with the ghost Asura." There seems to be a problem. I'm afraid it'll be difficult to rely on him to kill all the humans!"

“It’s certain that the ghost king is hiding his power, but if he really wants to regain his freedom, he must fulfill the promise he made with li,” Yi said coldly with a livid expression. Let’s wait for the situation to develop. I don’t believe Wei Qing can eat all five Dao fruit fragments!”

His desire for the Dao fruit fragment had not died down, and his eyes were glancing into the distance, wondering how he could capture Li Yi.

Now that he had lost the Dao fruit, he had lost Li Yi as well, and a portion of his power had even been taken away. It was a complete defeat, and all of this was caused by Li Yi. His hatred for Li Yi had reached its peak!

Chapter 1488

1488 Resistance

Lord Shang, ” Ci said coldly with a dark expression, ” why don’t you just use Li Yi to make the elixir when we capture him? even though the effect isn’t as convenient as extracting his power directly, at least it’ll be foolproof.

I’ll torture him once more! Shang said coldly. I’ll make him regret living in this world. Then, I’ll use him to make pills!

Although Li Yi could not hear their conversation from a distance, he could feel the bone-chilling gazes of Shang and the others. He could not help but shiver and be on high alert.

After today’s battle, he could be considered to have completely broken off from the monster race. He could only hug onto Wei Qing, this big tree, to seek a chance of survival.

The threat from the monster race had always been like a huge rock pressing on his chest. He had been thinking of ways to survive all this time. Today, they had finally broken off, and his heart felt a burst of relief.

At the same time, he couldn’t help but be secretly happy. He didn’t expect the person behind Tang Qing to be the ruler of the Holy region. He had found the right person. As long as he followed Wei Qing well, it would not be a dream to become successful in the future.

At this moment, Yunxiao looked at Li Yi with a strange look in his eyes. 'This kid came from Tianshui, just like me, and I've never taken him seriously. I can't believe he has become a top figure at this moment.'

Moreover, he had just broken off relations with the monster race and knocked Shang out of the dream of entering the immortal state, directly turning the current situation around. It could even affect the power structure of the realm of heavenly martial arts for the next few decades. To the human race, it could be said that he had made the greatest contribution.

Li Yi also felt Yunxiao's gaze, and his eyes immediately shot out a murderous aura as he looked back coldly.

Although he was not Yunxiao's opponent at the moment, he had absorbed part of Shang's power and swallowed a Dao fruit fragment. He would definitely surpass Yunxiao in the future. A lofty ambition spread in his heart, and he could not help but hold his head high.

Suddenly, a light laugh rang out, and Duanmu Youyu's figure appeared before the demons. He said, "Hehe, Mr. Shang. Do you believe the Fortune I just read?"

He had a smile on his face, and his expression was calm and relaxed, as if everything was within his calculations.

Shang's eyes glowed, and his expression changed.

First, he had nowhere to vent his anger. Second, he had doubts about divination and no longer dared to underestimate the person in front of him.

"Then why don't you perform another divination and see how the situation is today?" he said coldly.

Duanmu Youyu's expression became contemplative. "I've already tried it just now, and there was an extremely strong force that blocked the results of my calculations. I'm also very curious. This is also the reason why I stayed to see the results. Otherwise, I would have left long ago if the Dao fruit shattered."

"Extremely strong power?"

Shang and the others frowned and looked at the ghost king. At this moment, the most powerful person was probably this mysterious and unfathomable ghost king.

“As expected, even GE can’t calculate it?”

A beam of light descended. It was Duanmu Cang. His expression was also grave as he said, “I’ve also tried many times, but I still can’t figure it out. It’s as if something big is about to happen. Why don’t we join forces and use the deity’s mirror to see what’s going on?”

Everyone was slightly shocked. The deity’s mirror was said to be the most powerful divination technique of the divination family, but no one had seen it before.

Wei Qing and the others all frowned as they stared at the two siblings.

Duanmu Youyu said, “the deity’s mirror is too harmful to one’s body. Even if one uses it, one might not be able to see the secrets of heaven.” Moreover, even if he did, he wouldn’t be able to change anything. Little sister, you are a natural-born spiritual diviner. Since you have a bad premonition, something big must have happened. Fortunately, it won’t take too long. We just need to watch quietly.”

“Young master Yu, are you saying that there will still be accidents in the current situation?” Wei Qing asked coldly.

Duanmu Youyu nodded and said, “exactly.”

“If there’s an accident, it’s most likely him,” Wei Qing said with a faint smile.

“Him?”

Duanmu Youyu furrowed his brows. Everyone also revealed suspicious expressions, not knowing what was going on.

At this moment, the great illusionary land no longer existed. All the martial artists who were trapped inside and were lucky enough to survive when the illusionary land shattered had all come out.

However, all of them flew far away, and no one dared to approach the center where Yunxiao and the others were.

However, the martial artists who were watching from afar did not leave. Instead, they watched in horror.

This was because these experts' auras were suffocating even from a thousand feet away. Each of them was like a thunderclap that shook the world. They usually only existed in legends, but they were all gathered here at this moment.

Han Junting had already returned to her old self and was inconspicuous in the crowd.

There was a trace of doubt in her eyes as she stared at another group of people in the distance. Ning keyun also wore a veil and hid her Qi. She was hidden among the group of people and was not noticed.

However, there was a white-robed man beside ning keyun. His entire body was wrapped in a white robe, and his face could not be seen clearly.

Han Junting's eyes lit up as she fell into deep thought.

At this moment, other than the divine transcendence and the peak Martial Emperor experts, no one dared to approach.

Everyone was already sighing in admiration that they had managed to survive the great illusionary land.

Wei Qing is in control of the situation now," ning keyun said in a low voice. if we can join forces with the few people from the sea of soul formation, we might have a chance of winning.

A voice came from the white-robed man, "it's fate that the world will meet." Even if Wei Qing wins today's match, it's only a small victory. Moreover, he might not even win today's match."

"Did gongzi Yu predict something?" ning keyun asked with a frown.

The voice in the White robe said, "I didn't calculate anything." But this was also what he was puzzled about. Let's just wait and see for now. The chess game is no longer in our Red Moon city's hands. The experts of the world have only borrowed the territory of Red Moon City."

"That's good," ning keyun said. His father had just been resurrected and his cultivation was incomplete. In addition, the three old men were also like an arrow at the end of its flight, so it was indeed not appropriate for them to attack. Let's conserve our energy and sit and watch the storm rise. It's just a pity that the Dao fruit is wasted, ai, ai, ai, ai, ai."

In the distance, the final battle for the Dao fruit had also been decided. Beiming Nan held Qiu Mujie back while Fei Ni snatched the Dao fruit and flew back in a few flashes.

Wei Qing snorted coldly as he stared at Fei Ni who was flying over from the distance. He said leisurely, "Young master feini, thank you for your hard work."

Fei Ni was stunned and her face was filled with vigilance. She snorted coldly, "Hard work? With the Dao fruit to take, how can it be hard?"

She took a few steps back and quickly landed. She hurriedly handed the Dao fruit to Yunxiao and said, "Husband, here you go."

you snatched the Dao fruit and gave it to me? " Yunxiao asked in surprise. what? "

Fei Ni blinked and smiled. I have the heavenly Phoenix Nirvana body. I'll be able to attain a phenomenal-success physical body sooner or later. You'll be able to attain the peak of the martial Supreme realm very soon after eating this Dao fruit fragment.

Yunxiao stared at the pure white Dao fruit fragment, which looked like a crystal-clear heart with a faint luster.

“No need, just swallow it,” he said firmly.

“What?”

Feini was shocked and seemed to be in disbelief.

...

The rest of the people also frowned, revealing a look of confusion.

The Dao fruit fragment was right in front of him, yet he could still refuse. There was actually such a fool in the world.

“You’re still as proud as ever!” Teng Guang smiled bitterly.

Yunxiao smiled faintly and did not comment.

Duanmu Youyu’s lips also curled into a smile, and his eyes were filled with an indescribable playfulness.

A cold glint flashed in Wei Qing’s eyes, “Young master feini, since li Yunxiao doesn’t want it, I’ll take it.

“My husband doesn’t need it. I can just eat it like candy. Why should I give it to you?” feini was on her guard and said coldly.

As soon as she finished speaking, she suddenly felt her heart stagnate. An inexplicable emotion welled up in her heart, as if she had a bad feeling.

Duanmu Youyu frowned. He formed a seal with his hands and said, "It's him."

Then, everyone's expression changed. A ray of light gradually condensed in the air and formed a human figure.

The figure looked at Fei Ni and said, "Because Lord Wei Qing's will is my will."

...

Fei Ni's body trembled and she said in shock, "your, Your Excellency!"

Yunxiao's pupils constricted as he said in surprise, "The head of the long family, long qianmiao!"

The light gradually revealed a figure in red, with thick eyebrows and big eyes, and a stiff face.

It was also Yunxiao's first time seeing long qianmiao's true face, but his lofty demeanor and the change in feini's expression made him immediately realize that this man was the head of the long family!

What surprised him even more was that he was walking with Wei Qing.

The rest of the people were also shocked, thinking that things were not good. Wei Qing, Yao Jinliang, and the eight ghost Asuras, as well as Zi Xiaoji, who was watching from afar, were already a force that could suppress the masses. At this moment, the head of the long family had actually come!

Duanmu Youyu's face flashed with confusion. He asked curiously, "Could it be Mister long DA's power that caused my deduction to be obstructed?"

Duanmu Cang was also hesitant. "Something doesn't seem right,"

Fei Ni was covered in cold sweat as she lowered her head and said, "Sect master, isn't our long family supposed to be above the world and not form alliances with others?"

Long qianmiao's clear eyes looked down and he said, "The long family indeed doesn't form an alliance with others. The one who formed an alliance with Lord Wei Qing is me. Are you willing to listen to my orders?"

Everyone felt like fainting. What kind of logic was this? if a sect leader formed an alliance with someone else, what difference was there between this and an Alliance between sects?

Fei Ni's face turned pale. She finally understood why Wei Qing did not care about her snatching the Dao fruit. He knew that the sect master was coming.

Qiu Mujie and beifeng Nan's fight had also stopped. Qiu Mujie's eyes were filled with surprise, while beifeng Nan returned to Yunxiao's side with a calm look in his eyes.

"Feini, give him the Dao fruit," Yunxiao said.

Feini trembled and turned to look at Yunxiao.

Yunxiao smiled indifferently. I didn't agree with fighting for the Dao fruit fragments in the beginning, because we don't have the strength. We just need to watch. This Dao fruit is a disaster, not a blessing, for you and me. "

Long qianmiao raised his eyes and gave Yunxiao an indifferent look, with a hint of praise in his eyes.

Fei Ni's expression was solemn. Suddenly, she smiled and turned to long qianmiao, "Sect leader, since you are the one who has formed an alliance with Wei Qing, then feini will be bold enough to disobey."

Chapter 1489-please respect yourself

"What?"

Everyone was stunned, even long qianmiao. His eyes were filled with disbelief.

“What nonsense are you talking about, feini!”

A loud shout came from the distance. It was Qi GUI. No one knew when he had arrived at the red moon City. He stared at feini with a face full of shock and revealed a look of blame.

“Hahaha!”

“Mr. Long da, you don’t seem to be good at disciplining your subordinates,” Wei Qing suddenly laughed.

“Can you tell me why?” long qianmiao’s eyes narrowed. Feini.”

His voice was soft, as if he didn’t blame her, ” “Do you want to eat this Dao fruit fragment? In just a few months, your progress has shocked and delighted me. At this rate, with your Heavenly Phoenix Nirvana body, you won’t need this Dao fruit to form an indestructible body.”

“Sect leader, do you know how I improved so quickly?” feini asked.

Long qianmiao frowned. I’ve heard some things from Qi GUI, but I don’t know the whole story. Is it because of the man behind you? is it because of the rising star, li Yunxiao, whose name has spread all over the world recently? ”

Feini nodded and said,“that’s right.” After I met Yunxiao, I knew that he would be the man who would change my life.”

you must have gone through several Nirvanas to reach this level, ” long qianren said. it must be the tenth-grade Phoenix godly fire he gave you.

“Yes, he didn’t just give me the divine fire,” feini said. A bright red color flashed across her face as she gritted her teeth and said, ” “I’m already in love with him!”

Everyone’s faces changed slightly, and Yunxiao’s forehead was covered in cold sweat. He did not expect feini to be so bold as to say such a thing in front of all the people in the world.

Wei Qing and the others did not show much expression, but Feini had long seen Yunxiao's affection for his children.

However, the crowd in the distance was quite shocked. All kinds of discussions were heard, and most of them were filled with envy, jealousy, and hatred.

The young master of the long family and the Nirvana body of the heavenly Phoenix ... No man in the world could get such an honor, but Yunxiao had it.

Yunxiao could sense the rolling hatred rising in the distance.

Long Qianren was stunned for a moment before he said, "girls are all grown up, and they have to get married eventually." But you're the young master of the long family, my most valued descendant. I don't want your marriage to be so hasty."

Feini smiled indifferently, "sloppy?" No, it was not sloppy. In the entire world, who among the young men could compare to him? Who is worthy of me, Feini?"

Her face was filled with cold arrogance, as if no man in the world could enter her eyes.

"Hmph!"

Li Yi, who was far away, was extremely dissatisfied. He snorted heavily and his face darkened, but no one paid him any attention.

Long Qianren frowned and gave Yunxiao a few more looks before he said, "Let's not talk about this for now. Give that Dao fruit to Lord Wei Qing first."

Fei Ni chuckled and said, "Lord sect master, thank you for your guidance." Feini could not comply this time. 'Since I've fallen in love with Li Yunxiao, I'm no longer the young master of the long family, but his woman. I hope I can do my best to help him reach the top. I can only give him this Dao fruit fragment."

Yunxiao's heart trembled, and his eyes were filled with shock. He was completely dumbfounded. He did not expect Feini to have such thoughts, and an inexplicable emotion surged in his heart.

The Dao fruit fragment in her hand seemed to emit a hot luster, causing his eyes to sting.

"Impudent!"

Long Qianmiao's face turned dark and gloomy. He shouted, "I think you're crazy! I'm here today, and I won't allow you to mess around!"

"Lord sect leader, I did not mess around, I hope you can grant my wish!" Fei Ni's face was filled with determination.

Long Qianren's face turned green with anger and he said coldly, "You've disappointed me too much. Since you're so stubborn, I can only capture you and let you reflect on yourself!"

He stretched out his hand and it turned into a huge palm. It was like a huge futon and it grabbed Feini.

"Stop!"

Yunxiao reacted in an instant. His eyes were filled with anger as he slashed out with his sword.

Long Qianmiao's eyes flashed with surprise, but he sneered and said, "You're very strong, but it's still too early to fight me."

The huge palm shook in the air, and a vast Dragon might spread out, slamming into Yunxiao and sending him flying like a mountain.

Everyone's heart trembled, and they revealed shocked expressions.

Yunxiao's pupils constricted, and he was horrified. How could he be so strong?

Under that shock just now, a vast Dragon's might surged out, and that kind of suppressing power actually made him jump in fear.

However, feini had been captured and he could not think too much about it. He charged forward again and countless sword talismans flickered on his cold sword.

"What? That's a Kasaya!"

Wei Qing's entire body trembled, and his pupils suddenly contracted as he looked at the sword momentum in shock.

Long qianmiao's eyes were also filled with surprise, "Is this Gu Feiyang's Sword Art?"

Although he didn't participate in the battle of the wind and cloud back then, he had personally witnessed it.

In the distance, Xuan Hua and Liu Feiyan were also shocked. They didn't dare to believe it as they looked at the familiar sword shadow.

"It seems like you still have some secrets, but it's useless," long Qianyun said. A smart person would have understood the difference after that shock."

He withdrew his right hand from feini's body and reached for Yunxiao. An unknown force was still restraining feini. It turned into circles of light around her and she could not break free.

"BOOM!"

The big hand slapped down directly, and Yunxiao's figure was smashed into pieces.

“Eh?”

Long qianren was shocked, and his eyes shrank. “You can actually cast an illusion under my nose?”

Suddenly, a sword talisman appeared above his head and slashed down!

“It would be a joke if I let you hurt me!” Long qianren sneered.

...

He clenched his fist and punched forward.

The powerful Dragon’s might rumbled around him, and the expressions of the people around him changed slightly, and they could not help but step back.

Shang and the other demons were also shocked. The Dragon’s might seemed to have a greater effect on them, as they felt a surge in their bodies.

“What’s with this power?” The pressure of a true dragon?”

Cl’s face darkened. we’re in big trouble. Long qianmiao seems to have the blood of a true dragon too!

“What?”

Everyone was shocked. Luo Qingyun, who was far away, was also shocked. He was very familiar with the power of long qianmiao.

no wonder he formed an alliance with Wei Qing, ” Liu Feiyan said in a deep voice. it’s most likely related to the true dragon’s blood.

There was a solemn look in her eyes as she stared at Yunxiao. Her heart was filled with horror, and an inexplicable throbbing emerged in her heart. The man in front of her gave her a very familiar feeling.

Yao Jinliang's face was also gloomy, and a cold light flashed in his eyes.

"BOOM!"

...

Long qianmiao's fist momentum soared into the sky and shattered the sword light, while Yunxiao's body exploded again.

"What?"

This time, not only long qianmiao, but everyone else was shocked. They widened their eyes in disbelief and cast the illusion twice in a row.

A sword's gleam suddenly appeared around feini and cut off the restraints on her body with a Swoosh.

It was only then that Yunxiao appeared and grabbed her as he shouted, "Let's go!"

The surrounding space instantly distorted, and he was about to teleport out.

He knew that it was impossible to defeat long qianmiao. He could only hope for the one in ten thousand chance to escape.

Fei Ni suddenly laughed and said, "I thought you didn't like me by your side?" If I return to the long family, wouldn't that be what you want?"

Yunxiao's pupils constricted. Originally, feini returning to the long family was the best choice for him, but for some reason, he wanted to keep her here at this moment.

“Hmph!” “Even if you’re going back, you should be the one walking back on your own, not being caught under my nose.” It doesn’t matter if that person is Wei Qing or long qianmiao.”

Feini’s eyes shone with a strange light, and with a hint of infatuation, she chuckled, “I like the pride that’s buried in your bones, and the way you look down on the world.”

Long qianmiao’s eyes were cold as he said, “If I let you escape, it would really be a joke!”

He opened his mouth and let out a roar. Instantly, the heavens and earth trembled as a Dragon might descended, suppressing everything!

“BOOM!”

The space trembled, and everyone felt a vast force descend. They couldn’t help but tremble.

Even Wei Qing’s face was filled with shock, and his expression became extremely complicated.

Yunxiao’s figure paused in the air for a moment, as if he was blocked by something, but he returned to normal in an instant, then transformed into a bolt of lightning and fled!

“What?”

Everyone was shocked. Even divine transcendence experts were shocked by the Dragon’s might. How could he, an eight-stars Martial Emperor, resist it?

Luo Qingyun was also shocked.

He stared at Yunxiao, wondering if he should help him. When he saw Yunxiao break through the Dragon’s might, he was so shocked that his eyes almost fell out.

Yunxiao had absorbed a wisp of Shi Long's Dragon might at the end of the sky in the rainy land, so he was basically immune to it.

"Impossible!"

Long qianmiao shouted, and with a flash of his body, a boundless force blasted over.

The entire space was immediately set off by the waves, completely distorted.

Everyone's figures looked as if they had been deformed, completely twisted out of shape.

"Hurry up and leave, don't worry about me!" Feini was shocked. She shoved the piece of Dao fruit into Yunxiao's hand and pushed him away.

However, no matter how hard she tried, she could not push it even a little.

She slapped him with all her might and said anxiously, "you damn hooligan, why are you grabbing me so tightly?" Young master Yunxiao, please conduct yourself with dignity!"

"Shut up!"

Yunxiao cried out softly, and a strange look flashed in his eyes. Suddenly, he bent down and put his face on feini's Red lips.

The two of them trembled as an unknown electric current passed through their bodies.

Yunxiao's face was also slightly red as he chuckled and said, " "It's quiet now, right?"

Feini's cheeks were red and her mind was blank. Only one voice echoed, " He kissed me, he kissed me Yingluo.

Chapter 1490

1490 I'll chop you up, you bastard

Long qianmiao's voice was cold, "Impudent!"

The space was torn apart, and a terrifying force came crashing down.

"BOOM!"

The two of them were instantly sent flying, and blood splattered in the air.

Yunxiao's blood and Qi surged, and he was seriously injured in an instant. The Dragon's might rushed into his body and kept destroying it.

Fortunately, his physical body was strong enough to suppress the power in the blink of an eye and slowly recover.

On the other hand, Fei Ni was completely fine. He only had a look of shock on his face. Long qianmiao's exquisite control of his strength had already reached perfection.

"Let's go!"

Panicking, Feini pushed Yunxiao away and spread her arms to block Long qianmiao, who was walking toward her. "Lord sect master, let him go!"

I can let him go," Long qianmiao said coldly. but leave the Dao fruit fragments behind!

"I was the one who took the Dao fruit fragment. If you want to keep it, then leave it with me!" Feini said.

"Nonsense!"

Long qianren roared and clenched his fist. The sky trembled, and a pressure fell like a mountain, suppressing feini and forcing him to fall to the ground.

“BOOM!”

The dust on the ground flew up and a deep pit was blasted out. A Green Dragon light trapped feini in the deep pit. No matter how she struggled, she could not escape. She was running around in circles anxiously and shouting continuously.

Yunxiao stabilized his injuries. Although his mentality was not weaker than long qianmiao's, his aura was completely suppressed, making him look extremely weak.

He took a deep breath, his eyes as cold as water, and said, “ long qianmiao, since you're representing yourself and not the head of the long family, what right do you have to restrict feini's actions? ”

“It's a personal matter for me to help Wei Qing retrieve the Dao fruit fragments,” long qianren said. However, suppressing feini was the long family's master's job. Li Yunxiao, I'm telling you now that feini will never marry you.”

why? ” Yunxiao frowned. why? ”

you're indeed outstanding, ” long qianren said. but it's a pity that feini has the Nirvana body of the heavenly Phoenix and has been through Nirvana several times. I'm afraid she's the first person in tens of thousands of years to attain the bloodline of the heavenly Phoenix. To the long family, the significance of this is far beyond your imagination.

dragon and phoenix? ” Yunxiao's face changed slightly. flamboyant? ”

Long qianmiao's eyes were filled with surprise, ” “So you know about it too.”

it's too difficult, ” Yunxiao said coldly. it's too difficult to get the dragon and phoenix dance. The long family's ambitions are so high!”

Wei Qing's expression also changed slightly, and a sharp light flashed in his eyes.

it's indeed difficult, " long Qianyun said. but the most crucial part is the genuine blood of the celestial Phoenix!

there are thousands of Dragon bloodlines, " he said. although the good and bad are mixed, it's not difficult to find a few powerful dragon blood martial artists. The probability of the heavenly Phoenix blood appearing is extremely low, and it's even rarer to hear of a Nirvana body in the nine transformations. The person she marries must have the blood of a true dragon."

Yunxiao snorted heavily. let's not talk about whether feini will marry me or not, but she can marry whoever she wants. This is her freedom. How can you simply decide who she wants to marry? "

Long qianmiao laughed and said, " 'Li Yunxiao, you're still too young.' This isn't just my will, but the will of the entire long family."

He sneered and said, 'at the top of the realm of heavenly martial arts, who can control their own love affairs? If you didn't insist on ruining Tang Xin and Jiang Ruobing's marriage, how could the red moon City be in such a state? Do you want to do the same thing in the long family of the sky Ridge again?'

"So What if I do it again?" Yunxiao said coldly. In my eyes, the rules of the world are no different from dirt. How can a city I don't like be compared to a friend I care about? If you insist on forcing feini, the red moon City today will be the long family in the future!"

nonsense! long qianren was shocked. nonsense!

Feini bit her red lips and said loudly, "Lord sect leader, I respect and understand the decision of the elders, but I can't follow your orders!" I'll only marry li Yunxiao in my life!"

Long qianmiao's eyes glinted coldly and he said, " Feini, are you forcing me to kill li Yunxiao? " Killing intent rose from his body, and the surrounding temperature immediately dropped.

Yunxiao's words just now had aroused his killing intent. It would be a terrible thing if such a talented young man were to stand against the long family.

After experiencing the fall of Jiang Churan, the invasion of Tang Qing, the continuous internal strife, the external resistance against the sea tribe, and a series of major events that hurt the bones, the Redmoon city had long fallen to the bottom of the seven major forces, and even not on the same level.

However, a starving camel was still bigger than a horse. A marriage that could not have been more ordinary had caused an uproar in the world because of this young man's interference. The Saint realm, the sea of soul formation, and the titled martial sovereigns had descended one after another, turning the world into ruins.

If today's situation was to be brought to the heavenly Mountains, even the long family would not be able to withstand it!

His mind raced, and his killing intent toward Yunxiao grew stronger.

Fei Ni's body trembled as she felt the killing intent in long qianmiao's tone. She revealed a look of fear and said hurriedly, "Sect master, please!"

Long qianmiao retracted his aura slightly and looked down at feini. "Feini, although I'm the head of the long family, there are many things that I can't control. The moment you were chosen as the young master, your fate was already decided. If you want to change your fate, you won't just be going against me, but the entire long family. Do you think you can resist it?"

"Can they contend?"

Fei Ni's face lost all color, turning extremely pale.

Not to mention her, who in this world could fight against seven super forces alone? Her entire being instantly dimmed, and her eyes lost all color, becoming empty.

She looked at the sky in a daze and smiled sadly. She seemed to have made a decision and said, "Sect master, I'll follow you back to Tian Ling. Just let Yunxiao leave with the Dao fruit fragment as a reward for giving me the divine fire."

Long qianmiao's face turned ugly, and he said, "I can choose not to do anything. This is the best I can do. But I can't help him leave."

Suddenly, a cold light flashed.

Yunxiao held the star Destroyer in his hand, its light flowing and its sword intent surging.

His left hand formed a seal, and runes were cast into the sword. Countless sword runes danced in the air, and the Starlight in the sky disappeared. The entire sea of sword Qi dispersed.

Long qianmiao frowned and said coldly, "What, you want to die?" His eyes suddenly focused on the long sword, and his heart suddenly trembled. He said in surprise, "That sword is a Suan ni."

He was not the only one. Many people recognized the long sword and were shocked.

Back then, during the battle of titles, although long qianmiao did not show up, he was one of the guests present. He had witnessed the entire process and had a deep impression of the sword.

Xuan Hua swallowed his saliva, and a few beads of sweat rolled down as he said, "It's indeed the star Destroyer sword skill. Even the sword intent is so similar. Is this guy Gu Feiyang?"

Liu Feiyan frowned and said, "How familiar is this sword?"

...

Xuan Hua wiped his cold sweat and said, "My cloud splitting arrow was also comprehended from that star destruction. In this world, other than him, I'm the one who has the best understanding of this sword. If one were to say that this sword essence is somewhat familiar, it would be very familiar."

" ten points?! " liu feiyan was shocked.

Yunxiao raised his sword, and the Starlight dimmed. long da, you'd better make your move.

His face was cold and his eyes were calm.

Light circulated around his body, and the stars in the sky were extinguished. The entire world was filled with a sharp sword essence.

Under the sword momentum, his entire aura changed.

I don't understand, " long qianmiao said. you want to throw an egg at a rock? "

when a woman sacrifices herself to fulfill your wish, " Yunxiao said, " can you still leave indifferently? "

"So?" long Qianjin asked.

Yunxiao's face darkened as he said coldly, " "That's why I'm going to kill you, you bastard!"

With a flash, he and the sword force formed a line and slashed down. Thousands of stars gathered and the world became dark.

...

"The sword momentum is not bad, but it's too weak!"

Long qianmiao suppressed the shock in his heart. With a cold expression, he stretched out his hand, and a fist power rippled in his palm. It blocked the sword technique instantly, and with a slap, it shattered.

“Bang!”

Yunxiao was pushed back by a great force, and he disappeared in the air in a flash.

All of a sudden, the wind and clouds in the sky surged, and sword talismans rolled in the air continuously. The sharp sword light was fluctuating.

Amidst the sword Qi, Yunxiao sat cross-legged, his body constantly surging with golden light as he transformed into a three-headed and six-armed man.

Six hands formed a seal at the same time, and a Halo was shot out. Thirty-six swords suddenly fell from the sea of clouds and formed an array in the air.

“This sword formation is a Suan ni, could it be the million sword illustration?” Teng Guang’s pupils contracted as he exclaimed.

The sky was filled with sword light, and each sword was shining with sword runes and array talismans. The world was filled with a sea of sword Qi.

Long qianmiao was shocked. He looked at the sharp sword energy and was shocked. He could not understand how an eight-stars martial sovereign could have such a powerful force.

Not only him, but Wei Qing, Yao Jinliang, Xuan Hua, and even the ghost king’s expression changed.

The sword intent spread out, and the area within a radius of several thousand feet was filled with cold air.

The crowd in the distance was also shocked and on high alert. They had managed to survive in the great illusionary land with great difficulty, and they did not want to lose their lives again.

Han Junting’s face turned pale as she mumbled to herself, “This sword formation Kasaya, this sword formation Kasaya, granny, do you recognize it?”

Grandma sunflower, who was following behind her, was equally shocked. “Head shopkeeper, you mean the million sword illustration?”

Han Junting’s face turned serious and she said in disbelief, “I saw him use this formation last time and felt that it was similar to the description, but I couldn’t confirm it. Last time, he used twenty-four Swords. This time, he derived thirty-six swords. From what I can see, it seems like it will continue to evolve until it reaches ten thousand swords!”

Grandma sunflower was shocked. it can’t be. The million sword illustration is our sect’s Supreme Sword array. It’s said that it’s fused with the will of the heavenly Dao. It’s extremely profound. Even the palace Master did not dare to say that he could comprehend it. Currently, in our sect, only Lord Hua Shang, who is the strongest in the field of array Dao, has a deep understanding of this.”
