

The Eternal 1491

Chapter 1491

1491 Scaring

Han Junting's expression was grim.

"If it really is the million sword illustration, then the situation is complicated," she said after some thought.

Grandma sunflower said, "it's not that bad, is it?" The million sword illustration has always been our sect's divine treasure. Even if he did obtain it, how could he have comprehended it so easily?"

Han Junting's face turned ugly and she said, " "These are the key to the problem! Yunxiao suddenly rose from the southern region of the heavenly martial realm and swept across the sky like a comet. In the blink of an eye, he turned from a minion to an eight-stars Martial Emperor, with a holy weapon and all kinds of peerless divine powers. This time, he even killed a formidable man like Tang Qing. Who is he?"

She withdrew her eyes from the sky and looked at another group of people. She saw that ning keyun's face was also full of shock and horror, which made her guess about the sword formation more certain.

Her body couldn't help but tremble slightly. Thinking that she had always been an enemy of such a terrifying person, she couldn't help but clench her fists and break out in cold sweat.

From the group of people in the distance, ning Kewei's shocked voice came from the White robe, " are you sure this is the million sword illustration, the most precious treasure of the divine cloud Palace? "

Ning keyun nodded solemnly and said, "I'm definitely not mistaken about the 36 swords formation." Not long before we came to the red moon City, Hua Shang had just mastered the thirty-six swords and we had a great battle."

but, the thirty-six sword diagrams that Hua Shang transformed into don't seem as powerful as li Yunxiao's! she said with a surprised look on her face.

Ning Kewei said, "it's not surprising that I can't compare." Yunxiao's thirty-six swords are all ninth-tier Mystic artifacts, made of Northern heaven cold star Iron."

Ning keyun was greatly shocked, " if I hadn't seen it with my own eyes, I wouldn't have believed it. There's actually someone who can use thirty-six ninth tier profound armaments at the same time. Moreover, he can use them so freely! But where did he get his Heavenly Sword picture?"

Ning Kewei chuckled. things are getting more and more interesting. Who is this li Yunxiao? with long qianmiao's strength, he can dig out all his secrets. I'm afraid there will be a good show to watch today.

"Could it be that the variable in gongzi Yu's prediction was this million sword illustration?" ning keyun asked.

"Not yet," ning Kewei replied. Although the million sword illustration was powerful, Yunxiao's strength was obviously limited, and he could not exert much of its power at all. I'm curious about his identity. Perhaps your sister already knew about it. "

Ning keyun was shocked and said, "so we're just going to watch and not do anything?" After all, this is the territory of the red moon City."

"The territory of the red moon City?"

Ning Kewei smiled bitterly and said, " after this battle, Tang Qing is dead. The three elders are seriously injured. My kung fu is also crippled. The Redmoon city has been completely destroyed. We no longer have the power to resist Wei Qing, so we can only leave Green Mountain alive and think of a way in the future."

"Are the seven superpowers going to become six?" ning keyun asked in a daze.

Ning Kewei said, "not necessarily." In Wei Qing's opinion, if he wanted to let that brat with the true dragon's blood control Red Moon City, with eight or more ghost Asuras holding the fort, Red Moon City would still be able to keep its position. Even if the red moon City becomes an empty shell, it is still an empty shell of a super force. With Wei Qing's shrewdness, how could he give up?"

Ning keyun said, "I understand." Wei Qing supported the red moon city's status and did not fall in order to control the Eastern Region through the red moon City."

"Yes," ning Kewei said. In the entire Eastern Region, there was no other force that could play the role of the red moon City. If the kid with the true dragon's blood entered, he would be even more powerful than when Tang Qing was in control. It's not necessarily a bad thing for us. At least, when we have the strength to take back everything in the future, what we take back won't be a mess."

Ning keyun's mood was a little low. She said slowly, " "Come back Yingluo, can we come back Yingluo?"

However, her emotions were quickly swept away, because the sword images that filled the sky instantly spread out, and the entire heaven and earth turned into a world of swords!

Even the ghost king's eyes were filled with surprise. He suddenly clapped his hands and sent The Dark Wheel flying. It returned to Chu Shengfeng's hand after flying in a circle.

Then, the ghost king formed a seal with both hands, and green qi surged around his body. The large wheel started to spin.

Yu Sheng Feng was startled. He was surprised to find that the pressure had reduced. The ghost king seemed to have withdrawn a lot of his power.

He furrowed his brows and pondered for a while. He did not seek a breakthrough. Instead, he sat down cross-legged and began to adjust his internal injuries.

Ever since Zhan tengguang, he had been using up a lot of his energy. However, this wasn't the main point. What really hurt his Yuan Qi was the ghost snake Silver Dragon of the demon temple, which had directly bitten into his soul.

If the ghost king hadn't fought with the eight ghost Asuras and killed all the ghost snakes and silver dragons with his terrifying power, he would have been killed.

At this moment, he was using the soul refining technique to heal his various injuries.

Luo Qingyun also noticed the two's strange movements, but he didn't make a move. The eight ghost Asuras arranged themselves in a formation and completely surrounded the two, not afraid that they would cause any trouble.

At this moment, he was staring at the sword shadows that filled the sky. His eyes were bright and he was extremely excited.

The dense sea of sword Qi stirred the warlike Qi in his blood, and his blood gradually heated up. He chanted, "strong, what a strong power. I'm really looking forward to the battle in the future!

The hand holding the spear couldn't help but tighten, and the spear let out a low buzzing sound.

li Yunxiao, "long qianren said coldly. are you really going to hit a rock with an egg?"

if I'm an egg, "Yunxiao said coldly, "you're just a slightly bigger egg. If I break, you won't be any better.

Long qianmiao sneered, "Hmph, you think too highly of yourself. This sword formation is indeed profound, but it's still too weak!"

He raised his foot and stomped down!

"Swish!"

A wave of power surged out from under his feet, causing the swords to hum and ripple as if they were unable to resist.

Long qianren sneered. I can't even withstand one stomp. Do you think this sword array can hurt me?"

Yunxiao's face was cold as he kept performing all kinds of incantation seals with his arms, sending them into the sword array. The thirty-six Northern heaven frigid star swords flew up in the air and kept approaching long qianmiao.

“Who said I’m going to hurt you with the sword formation?” he sneered.

“What?”

Long qianmiao furrowed his brows, and the rest of the people were also confused, not understanding what he meant.

Yunxiao’s face darkened as he said coldly, “ I’m going to blow up all 36 swords. Do you think I’ll blow you up to death?!”

“?! What?”

Everyone was shocked, especially Wei Qing and the others who were closer to him. They couldn’t help but take a few steps back and became extremely vigilant.

Long qianmiao’s forehead was also covered in sweat. Looking at the shining Northern heavens cold star sword around him, he could not help but break out in a cold sweat.

What kind of joke was this? if all thirty-six ninth grade profound armaments exploded at the same time, even if he was a divine transcendence, he might not be able to block it!

Long qianren swallowed his saliva and said, “ “Are you crazy? With your cultivation, not to mention that it’s impossible to detonate thirty six ninth tier profound armaments, even if you do, the backlash will definitely kill you first!”

“Hehe!”

Mr. Long da, ” Yunxiao said ferociously, ” do you think I have any other choice other than this? As for whether I can detonate them or not, you don’t have to worry about that. Once the treasured sword exploded, the terrifying power would continue to spread along the sword formation. It would split into two, then three, and even infinite. Not to mention you, not many of the people here will survive!”

...

“?!”

His words gave everyone a fright, and some of them wanted to run away.

However, more people didn't believe it.

Which one of them wasn't an unparalleled expert? If Long Qianmiao, who was in the center of the array, was killed, they would have believed it.

Young man, don't be too rash,” Long Qianyun said. You'll blow Feini up.

Fei Ni, who was trapped on the ground, shouted, “I'm not afraid! I would rather die in my husband's hands than take me back!”

Shut up! Long Qianmiao was furious.

He had not taken Yunxiao seriously before, but now he found that the latter was indeed a threat to him, and he could not help but fly into a rage out of humiliation.

The bright Northern Heavens Cold Star sword emitted waves of cold air. All kinds of strange runes appeared on it, exuding an extremely strong power.

He had no doubt that Yunxiao could detonate all thirty-six swords. Although it sounded a little outrageous, he could do it.

This was because the runic lights on each sword were different. This proved that the thirty-six swords and this formation were all under the control of this youth.

...

Even though he would be finished the moment he detonated the sword formation, long qianmiao was not confident that he could withstand the terrifying power.

The entire area within a thousand feet was dead silent.

I can't help it," Yunxiao said coldly. I'm such an impulsive person. Long qianmiao, you've completely infuriated me. I really want to drag you down to hell with me!"

He licked his dry lips, looking crazy.

Xuan Hua suddenly transmitted a message to his side,"this kid might really be Gu Feiyang!" &Nbsp;

The voice was filled with extreme surprise, trembling, and disbelief.

Liu Feiyan also nodded lightly and transmitted, " "I also noticed it. Even if he could buy divine swords and learn divine arts, his expression would not change. Although his face was filled with madness, the depths of his eyes were as calm as still water. If I'm not wrong, he's calculating all the factors around him in order to gain the most."

"Yes."

Xuan Hua also agreed,"if I hadn't been with him for so long, it would've been very difficult to catch these clues." He's just trying to scare long qianmiao. I don't believe that this kid would be so reckless."

His eyes flashed with joy, and he said, " I didn't expect him to possess an origin core and be reborn. I knew it. I knew it. With his shrewdness and strength, how could he die silently in the tiandang mountains!

Liu Feiyan nodded and said,"it should be him without a doubt." More than ten years ago, you and I went to the tiandang mountains many times, but we didn't find anything. I had my suspicions then."

Xuan Hua snorted. this kid didn't tell you and me even after he was reborn. He clearly doesn't trust you and me.

Chapter 1492-human growth

Liu Feiyan said, " you can't blame him. First, he might not have the chance to contact you and me. Second, he's an extremely proud person. His strength dropped so much all of a sudden. He must have found a place to hide and cultivate hard.

"Only you understand him!" Xuan Hua snorted. His tone was filled with unspeakable jealousy.

Liu Feiyan smiled lightly and said, " don't be happy too early. All of this is just our guesses. He might not be the real one.

"Yes."

Xuan Hua responded lightly and said solemnly, " "In short, keep an eye on the situation. We can't let him die."

He suddenly had an idea and looked at the ground with a strange expression.

Teng Guang was currently sitting cross-legged below with his hands placed on his legs in an incantation gesture. He was quietly recuperating from his internal injuries, and although he was watching everything in the sky, he didn't seem to care in the slightest.

He finally remembered the strange words that Teng Guang had said before, and suddenly, cold sweat broke out on his forehead. Then, he remembered Yunxiao's previous behavior and remembered that he had scolded him three or four times.

"What's wrong?" Liu Feiyan frowned.

"I'm, I'm fine,"

Xuan Hua said embarrassedly, and could not help but wipe the cold sweat on his forehead.

In the middle of the Sea of Swords, long qianmiao could no longer hold it in and said, " Li Yunxiao, I know it's hard for you to accept that I'm taking feini away, but the growth of a person is to constantly bear the world.

Chicken Soup for the Soul, my ass! Yunxiao cursed. you can say whatever you want, but if you insist on going against me today, I'll take you down with me!

He performed hand seals on his six arms, and the 36 Northern heaven cold star swords started to roll around. Dao weapon hums rang out from within them, and the entire sky was filled with terrifying sword intent.

Long qianmiao's expression changed drastically. The weapon reserve power that surged from the swords made his heart sink.

These were all genuine ninth tier profound armaments, and their quality was extremely high. If he self-destructed eight to ten items, he was confident that he could withstand it for a while. However, if he self-destructed thirty-six swords, even an immortal state warrior would die on the spot.

"Don't be rash!" He hurriedly said. The matter of taking feini away can be postponed!"

"Oh?"

Yunxiao stopped performing the incantation gesture and said, " "Didn't you just say that this is the will of the entire long family's upper echelon? This isn't easy to change, is it?"

Long qianmiao's eyes were filled with anger. He was one of the seven sect Masters, yet he was threatened by a young man in front of countless experts. If this news got out, he would lose all his face.

However, when he sensed the cold Qi of the northern heaven cold star sword beside him, he could only swallow his anger.

What was his identity? what was the identity of the other party? It would be a real joke if he was dragged down by a crazy young man!

He gritted his teeth and said, "the long family's will can not be changed, but it is not absolute. It will take some time." As long as you're outstanding enough, you might have a chance."

I see," Yunxiao said. as long as Mr. Long da claims in front of all the experts today that he will no longer interfere with feini's marriage, I will put away these swords, and we will pretend that nothing has happened, and we will still be good friends.

Long qianren's body trembled in anger. He felt as if ten thousand alpacas were running across his heart. 'Be your f * cking best friend!'

But, he had to maintain his demeanor after all, and could not curse directly like Yunxiao. So, he had to clench his teeth and say, " "I, I will no longer interfere with feini's marriage! However, this can only represent my will!"

Yunxiao clapped his hands and said with a smile, " thank you, Mr. Long da. By the way, Zhenzhen. he blinked and said, " Mr. Long da won't kill me if I take back these swords, will he? "

Long qianren was so angry that he was about to explode. He said coldly, " "Of course I won't!"

will you beat me half to death? " Yunxiao asked again. will you? "

li Yunxiao! long qianmiao roared, " don't go too far! You dare to threaten me again and again!"

don't be angry, Mr. Long da, " Yunxiao said. the growth of a person is to constantly learn to control his emotions.

Long qianmiao, "Yingluo."

“Hahaha!”

Xuan Hua couldn't help but burst out laughing.

Long qianren trembled with anger. After this incident, his reputation would be greatly tarnished.

Yunxiao is right,” Liu Feiyan chuckled. what are you laughing at? ” A person has to learn how to control their emotions to be mature, am I wrong?”

“That's right, that's right, hahaha!”

Xuan Hua held his stomach and laughed. I just suddenly heard such a wise saying. I was overjoyed for a moment. That's why I laughed happily.

Liu Feiyan laughed. you, ah. You can't even control this little bit of emotion. You're still an immature man.

“Hahaha, yes, yes, you're right, Yanyan.” Xuan Hua laughed for a while, and the people around him all revealed knowing smiles. Long qianmiao's face was so dark that it was almost dripping water.

However, he was, after all, an Overlord of the world and a hero of his generation. He quickly recovered from his shock and realized that he had indeed been too angry.

Furthermore, he had been provoked by a young man to this extent. It was indeed somewhat inconceivable.

In addition to feeling strange, he was even more shocked. He slowly said, li Yunxiao, I underestimated you. I accidentally fell into your array and was threatened by you with my life. However, I'm not someone who's afraid of death. Agreeing to not take feini away and not killing you is already my bottom line. As for whether I'll teach you a lesson, it'll depend on my mood.”

Mr. Long da seems to be in a bad mood, ” Yunxiao said. then let’s die together. In any case, I’ll drag the seven sect Masters to hell with me. I’ve made a fortune!

“You coward!”

Long qianmiao realized that this young man was a complete Scoundrel. He couldn’t reason with him at all, but this move was indeed very effective, forcing him to submit.

Even if he was willing to take the risk and escape from the self-destruction of the profound level weapon, feini below would die without a doubt. This was an unbearable loss for the long family, and even killing ten thousand yunxiaos would not make up for it.

“Alright!”

alright, ” long qianren said coldly, ” I’m done for today. As long as you don’t provoke me, I won’t attack you!

Yunxiao pondered for a moment, then laughed and said, ” with Mr. Long DA’s status, his words naturally carry enormous weight.

He threw a hat over and checkmated long qianmiao so that he couldn’t go back on his words. Then, he made a hand seal with his six arms, and the sword Qi that filled the sky was retracted.

The thirty-six Northern heaven cold star swords flew through the air and into the heaven light sword case.

Long qianmiao’s eyes were as cold as ice. His essence force surged around his fist, and the sound of air exploding was heard.

...

Wei Qing also heaved a sigh of relief. Although he was standing quite far away, if the 36 sword strikes had really exploded, he would have definitely been caught in the crossfire.

He suddenly felt that Yunxiao was even more terrifying than he had imagined. With the thirty-six swords in his hand, he had a trump card to fight against transcendent and divine powerhouses. Although he would die with Yunxiao, at least he could take revenge before he died, which was an extremely ruthless method.

Yunxiao's pupils constricted when he sensed long qianmiao's vast killing intent. He suddenly became vigilant and said in a cold voice, "Mr. Long da, are we going to break our promise?"

Long qianmiao's eyes glinted coldly, and he said, "I won't attack you, but that doesn't mean others won't."

He clenched his fist and a ray of green light gathered in his palm, gradually forming an iron rod.

The iron rod was about three feet long and silver-gray in color. It looked ordinary, but it gave people a cold feeling.

Yunxiao's pupils constricted, and his eyes flickered with a seven-colored light. He was surprised to see the true body of the iron staff at once. It was a long sword two fingers wide, and he did not know why long qianmiao had hidden it in the staff.

"Mr. Long da, do you want them to come out?" Wei Qing frowned.

how can I vent my hatred if I don't kill li Yunxiao? " long Qianyun asked. I'm not going to kill him. Besides, I'd like to see their power."

The long staff in his hand turned and emitted a "Weng Weng" sound. Rays of light appeared around him.

"What?"

...

Yunxiao was shocked. His body trembled as he looked at the Halos in disbelief. He finally understood why long qianmiao would be with Wei Qing.

The crowd was also filled with disbelief and shock.

From within the Halos, figures slowly walked out. There were five people in total, and all of them had blank expressions.

On their bodies, there were also numbers, from one to five.

Luo Qingyun's pupils also shrank, shooting out rays of cold light.

He had felt long qianmiao's power just now. It was the power of the Dragon blood that was not weaker than his, and it was also the Dragon's might that could control the ghost Asura!

"Ah!"

Feini suddenly exclaimed as if she had seen something terrifying. She screamed, "Zhang San, Li Si!"

In the distance, Qi GUI's body also trembled, and his face turned pale. Beads of sweat rolled down his forehead.

Feini's entire body trembled, and an uncontrollable sadness gushed out. She almost cried as she said, "Sect master, you, you ..."

Long qianmiao's face was calm. This is the path they chose. This is the consequence of failure. As a companion, you should respect their choice.

Feini could not help but cover her mouth and whimpered softly.

“Five?” Wei Qing asked. Tsk, tsk, that’s not bad.”

“The success rate is still too low,” long qianren said.

Wei Qing laughed and said,“haha, Mr. Long da, you should be content.” Putting aside the abilities of these five ghost Asuras, just the fact that you’ve successfully raised your blood to level ten means that you’re already the head of the seven sect Masters, enough to suppress the ten martial sovereigns!”

Long qianmiao snorted coldly, and a cold gleam flickered in his eyes. With a wave of his hand, the five ghost Asuras immediately rushed toward Yunxiao.

this person has too many secrets, ” Wei Qing hurriedly said. don’t kill him so easily. I’m going to bring him back to the sacred zone.

Long qianmiao’s face turned cold. He snorted. you saw what happened just now. How can I calm my anger if I don’t kill him? ”

don’t worry, ” Wei Qing said coldly. I’ll bring him back to the sanctuary and hand him over to you when he’s no longer useful.

Long qianmiao thought for a moment, then waved his long rod and said, ” “Just cripple him, but leave him alive.”

The five ghost Asuras trembled slightly, as if they understood what he meant. They roared ferociously and charged.

Chapter 1493-scheme

Yunxiao was taken aback. The threat of five ghost Asuras was stronger than long qianmiao’s.

The first person’s speed was extremely fast, as fast as lightning. He threw out a punch, and a Halo appeared under the wind of the punch, suppressing the surroundings!

“Zhang San, stop it, Zhang San!” Feini shouted in a trembling voice.

But how could the ghost Asura hear him? other than a ferocious and vicious expression, there was no other emotion on his face.

The space was suppressed, and Yunxiao had no way to avoid it. He could only spread his arm and punch out with his right fist. However, he felt like he had hit an iron plate, and a sharp pain came from the tip of his fist.

“Bang!”

A beam of golden light surged out of Yunxiao’s arm, rolling and pushing away like a wave.

He gritted his teeth and grabbed Zhang San with his left hand. He grabbed Zhang san’s fist with his two hands and pulled it forward. At the same time, he kicked Zhang san’s lower body.

Zhang San instinctively raised his foot, but his body was immediately pulled by Yunxiao. A twisting force came from his arm, and his whole body was thrown into the air.

A strong wind circulated between Yunxiao’s hands, spinning Zhang San dozens of times before he threw him at the other four ghost Asuras.

The four ghost Asuras didn’t have the time to catch their companions. They dodged with a flash and attacked at the same time.

Yunxiao did not dare to fight with four ghost Asuras. As he shook off Zhang San, he suddenly retreated, and with a flash of lightning, he fled a thousand feet away.

However, the four ghost Asuras had already locked onto him. They twisted the space and appeared around him, attacking him at the same time.

“Swish!”

An arrow shot through the air with a long red tail, splitting the sky and changing the color of the clouds.

The two ghost Asuras who were at the front suddenly became alert. They didn't panic or panic. They only roared at the same time and each made a hand seal and struck out at the same time.

His two palms actually complemented each other in the air, forming a light mirror.

“Bang!”

The arrow flew down and directly penetrated the mirror. The powerful force of the arrow exploded and immediately forced the two ghost Asuras back.

The pressure on Yunxiao was instantly reduced, and his body instantly turned into Thunder, shooting out countless afterimages and dashing in all directions.

The remaining two ghost Asuras were stunned, as if they couldn't tell if it was real or fake. One of them held a sword in one hand and directly stabbed towards the center of the lightning.

The tip of the sword pierced into a ball of lightning. Countless runes surged up and suddenly exploded.

“BOOM!”

The terrifying power of Thunder swept the two ghost Asuras into it, but their bodies trembled and they retreated calmly. However, there were electric currents flowing on their bodies, making them look slightly embarrassed.

A flash of lightning gathered in the sky, and Yunxiao's figure appeared hundreds of feet away, his face cold and vigilant.

In the battle just now, he seemed to have discovered a weakness of the ghost Asura.

Even though these ghost Asuras retained their combat abilities and were even more ferocious, their intelligence was slightly lacking. They were not very sensitive to magical powers such as illusions and movement techniques.

If his guess was correct, then he might have a chance of winning against one or two.

Long qianmiao's face darkened. He stared into the distance and shouted coldly, "Xuan Hua!"

Xuan Hua smiled faintly and said, "long time no see, Mr long da." Tsk tsk, I've never seen your true appearance. I didn't expect you to be so rough. I've been disrespectful."

"Xuan Hua, I want an explanation from you!" Long qianren shouted.

"If I say that my bow accidentally trembled and accidentally fired, would you believe me?" Xuan Hua said awkwardly.

alright! long qianren said coldly, " I will kill you first!

The aura around his body suddenly exploded, and a unique domain power spread out in the surroundings. It was vast and mighty, and a Supreme Dragon's might swept through the heaven and earth!

Xuan Hua was the first to bear the brunt. His body suddenly retreated a few steps, and he grabbed the broken star bow, becoming vigilant.

Liu Feiyan touched her chin with her fist and pondered, " Mister long da has never shown his face to anyone before, but today, he has revealed it completely. I have never seen Mister long da in action before, but today, he has also made a big move. It is really strange.

“Hmph, I’ve never shown my face to others because I don’t want to be stained with dust. I’ve never made a move because there’s no one I want to make a move on.”

Long qianmiao walked towards the two of them and said coldly, “But today, I’m going to be involved in this and kill a few people I want to kill!”

“Mr. Long da, I’ll attack with you!”

Yao Jinliang’s figure moved and he held the ghost hunter in his hand. He unsealed it, and silver fish scales popped up on it, flashing with a cold light.

His eyes were filled with hatred and killing intent as he stared at Xuan Hua. A trace of blood appeared in his eyes.

Liu Feiyan said, “Lord Wei Qing, you said before that brothers are afraid of their own enemies. Now, the demons are still watching us. Are you going to fight among yourself?”

Shang and the others were suddenly alerted, and their expressions turned sharp.

“Feiyan is right, Mr. Long da. Let’s suppress these demons first.” Wei Qing’s eyes narrowed. As for Yunxiao, as long as he hands over the Dao fruit and returns to the Holy region with me, I’ll make sure he’s safe.”

Long qianmiao’s pupils shrank. He was obviously very dissatisfied with this decision, but he only snorted and didn’t say anything.

Liu Feiyan sighed. I can enlighten him with the Dao fruit fragments. However, I still want to bring him back to the sea of soul formation. Can Lord Wei Qing make an exception?”

“You can’t!” Wei Qing said firmly.

Liu Feiyan was surprised, "eh? How could a mere li Yunxiao get Lord Wei Qing's favor? Why can't I see that he's so charming?"

"Liu Feiyan, there's no need for you to say anything in front of me." Wei Qing snorted coldly. There are three things I must do today. First, I must take back all the Dao fruit fragments, second, I must suppress these demons, and third, I must bring Yunxiao back. I can't do anything less!"

Liu Feiyan's eyes flickered and she said, "I don't object to the first two things, but li Yunxiao must return to the sea of soul formation with me, and this is also what Feiyan must do.

"Liu Feiyan, do you mean that you must be my enemy?" Wei Qing said angrily.

"If you change the third condition, we won't have any more conflicts," Liu Feiyan said with a smile.

Wei Qing said coldly, "then there's no need to talk anymore!" Two titled martial sovereigns can't do anything to me! Mister long da, Yao Jinliang, I'll leave these two to you."

...

"Don't worry!" Yao Jinliang said coldly. I will kill Xuan Hua! Then I'll give Liu Feiyan to Mister long da!"

He had already accumulated a stomach full of anger, and the ghost hunter twist suddenly unfolded, turning into a light and shadow that slashed over.

Xuan Hua laughed and retreated. The broken star bow suddenly turned into a blade and blocked in front of him.

"Bang!"

The demon ghost twist suddenly struck down, containing Yao Jinliang's boundless Fury. It shook Xuan Hua's arm until it went numb, and he was sent flying.

Liu Feiyan's brows furrowed. Suddenly, a cold intent and vast might locked onto her.

Feiyan, " long qianmiao said in a low voice, " you're no match for me. Why don't you just surrender and stay aside? "

Liu Feiyan smiled and raised her long sword in front of her.

The sword shadows spread out and turned into red lotuses. Clear waves rippled in the air as if they were fairies among the lotuses.

Long qianren sighed. forget it. Since you're so stubborn, I don't have to be gentle with you.

He raised the iron rod in his hand and raised it high, making a fighting gesture.

...

A Dragon's might surged around his body and became stronger and stronger. Runes began to flash on the plain iron rod and dance in the air.

Liu Feiyan's feet stopped and she stopped in front of him with a serious expression.

Wei Qing snorted coldly. He knew long qianmiao's strength. He was already stronger than a titled Martial Emperor, and now that he had the true dragon's blood, even two titled martial emperors might not be his match.

He raised his head and looked at Duanmu Youyu, who had been watching silently from the sky, " "There's young master Yu, please help me take down these monster race people!"

Wei Qing, " Duanmu Youyu said, " you've made a good plan. You even included me in your plan. Why should I help you? " I'm already giving you face by backing out of the Dao fruit battle."

Wei Qing smiled indifferently and said, "you've indeed given me a lot of face. However, these demons have the armillary sphere, a Supreme-grade profound-level weapon. If we let them go, I'm afraid there will be endless trouble in the future. Will you do nothing about it?"

Duanmu Youyu said in a deep voice, "these demons must indeed be suppressed!" Wei Qing, this young master is willing to be used by you once!"

Wei Qing said seriously, "gongzi Yu, what do you mean by 'taking advantage'?" This is a matter of the rise and fall of the two clans. Liu Feiyan and Xuan Hua are insensible, but is young master insensible as well?"

"With my abilities, I can at most help you suppress one person," Duanmu Youyu said coldly.

"That's enough!" Wei Qing smiled.

"Luo Qingyun, join forces with Childe Yu and kill all these demons!" He shouted.

"Yes!"

Luo Qingyun responded, and brought 8 of the ghost Asuras to surround Shang and the rest.

"Lord ghost king!" Li was anxious.

The ghost king's eyes turned cold as he laughed, "Little girl of the Jiuli tribe, I promised you that you could terminate the contract after killing all these people. I will do that, but I didn't say that I will protect your lives."

He stuck out his Scarlet tongue and licked his lips, making a creepy "smacking" sound.

"Ghost king, what are you doing?"

Li panicked. He didn't know what this ghost was thinking, but he couldn't command it at all.

A titled Martial Emperor and eight ghost Asuras locked onto them with their soaring auras. Everyone's expression turned grave.

Wei Qing also looked at the ghost king with some fear. Even eight ghost Asuras could not kill him. He was afraid that only three experts of divine transcendence could contend with him.

Fortunately, although this thing was summoned, it had a strong personality and would not listen to anyone's command.

He just sat quietly on the wheel, not knowing what he was thinking.

Yunxiao's heart jolted, and he looked surprised.

Only his wondrous spiritual eyes could see the Phantoms of the thirty-three Cao techniques on the big wheel. In a short time, those phantoms became more solid, and the aura on their bodies became stronger.

The power accumulated on the wheel was enough to completely suppress or even kill Yu Shengfeng, but the ghost king still didn't move.

"Could it be that Qianqian is going to summon all the thirty-three gongcao?"

Yunxiao was taken aback by his own guess, but the truth before his eyes was becoming more and more like it.

Chapter 1494-suppression

"I'll deal with this great demon Shang. You can deal with the rest," Duanmu Youyu said to Luo Qingyun.

Luo Qingyun waved his spear and said in a deep voice, "Alright!"

The aura of the eight ghost Asuras immediately soared to the sky and pressed down on the demons.

Duanmu Youyu even held the cold ruler in his hand and locked onto Shang.

His expression was also very solemn, not because of how strong the other party was. After being heavily injured, Shang's current strength was not worth mentioning.

It was the power that he had never been able to predict that made him feel extremely uneasy. He knew that something big was about to happen, but he couldn't grasp it. It was a kind of anticipation and fear for the upcoming "future."

Wei Qing looked like he was in control of the situation. At this moment, only the four greater demons, Li, Yi, Xian, and Meng, and the high priest temple were left. The eight ghost Asuras were enough to kill them all.

The only possible variable was the ghost king. At least for the time being, this thing did not seem to have any plans to attack. Once the situation had stabilized, it would be too late even if he wanted to attack.

After making up his mind, Wei Qing's eyes looked into the distance and became cold.

In the distant sky, it was Qiu Mujie who had been watching coldly from the side. He could feel the coldness from Wei Qing and snorted arrogantly, as though he was extremely dissatisfied and unconvinced.

"Zi Fei Ji, Luo Xing," Wei Qing said coldly.

Two figures appeared in the air.

"My Lord has such great power in your hands, do you still want me to risk my life?" Zi Xiaoji laughed bitterly.

“It’s a critical time now. Even if you’re the head of a division, you must listen to my orders,” Wei Qing said.

“I understand,” Zi Bei ji sighed.

“The two of you, kill Qiu Mujie and bring his head to me!” Wei Qing’s eyes flashed with killing intent.

“Yes!”

The two of them replied and flew toward Qiu Mujie.

Qiu Mujie’s entire body trembled as he furiously said, “Wei Qing, you ungrateful thing, burning the bridge after crossing the river, this old man will definitely kill you one day!”

“One day?” Luo Xing said coldly. “We’ll talk about it when you live to that day!” He circulated the essence force in his hand and suddenly blasted it over.

Zi Xiaoji was also expressionless. Although he had some guesses about the enmity between the two of them and was also dissatisfied with Wei Qing’s arbitrary control over him, this was indeed a critical period.

Everyone present was a peak expert. Whether it was the demon race or the sea of soul formation, Qiu Mujie, or Yunxiao, the fate of each person would directly affect the future of the heavenly martial realm.

If they could not suppress all these forces today, the situation that the Holy region would face in the future would be much more complicated and the pressure would be greater.

The responsibility was too great. He didn’t dare to disobey Wei Qing’s order, so he could only attack with a gloomy face.

Qiu Mujie bellowed as the energy on his body continuously surged out violently. It directly soared into the sky and formed a storm that swept towards the two of them.

As long as his ultimate form was replenished with vitality stones, it would never be exhausted. If he were to fight to the death, he might not lose to the two of them.

A sneer appeared at the corner of Wei Qing's mouth. He also understood Qiu Mujie's state, but he didn't mind.

The key to today's situation was still the victory and defeat of these divine transcendence experts. The most important thing was to suppress the demon race and the sea of soul formation.

As long as Xuan Hua and Liu Feiyan were suppressed, killing these peak nine-star experts would be as easy as raising their hands.

He only sneered at Qiu Mujie's rage, then turned to Yunxiao and said, "Young master Yunxiao, you're a smart man. Do you want to fight me now? As long as you hand over the Dao fruit fragment and return to the Holy region with me, I can guarantee your safety."

Wei Qing, that ghost king seems to be summoning something powerful," Yunxiao chuckled. if you don't kill him first, you'll be in trouble later.

Sitting on the big wheel, the ghost king's eyes suddenly shot out a fierce light, as if his mind had been seen through. He stared coldly at Yunxiao with a murderous intent.

"I know what I'm doing. As long as you submit to me, I'll have the strength to kill him," Wei Qing said.

although I'm from Tianshui like Li Yi," Yunxiao sighed, "it's a pity that I don't know how to flatter him at all.

your answer is within my expectations," Wei Qing said indifferently. it's a great honor to have these three ghost Asuras deal with you.

Killing intent surged out of the three ghost Asuras as they charged at Yunxiao.

Yunxiao retreated a thousand feet and said with a wry smile, "Three ghost Asuras, Lord Wei Qing really thinks highly of me."

"I've always thought highly of you," Wei Qing said, "my heart was set on the bright moon, but the bright moon shone on the ditch."

can I switch opponents with Qiu Mujie? " Yunxiao said. can I? "

"No," Wei Qing said.

With a wave of his hand, the three ghost Asuras immediately roared. The power on their bodies exploded and soared into the sky, forming three storms just like Qiu Mujie.

The fierce Qi continued to surge in the air, creating endless waves of air that pushed forward.

Yunxiao's pupils constricted as he summoned his transcendence golden body, each hand holding a profound level weapon.

Suddenly, two rays of light shot over. Under the flickering of human figures, two rays of sword Qi arrived in the air. One swept across the sky, and the other cut through the sky. Their targets were the same, the three ghost Asuras!

"BOOM!"

Two streaks of sword Qi, one horizontal and one vertical, directly cut into the storm created by the three ghost Asuras. Suddenly, they exploded, and a blinding sword light burst out in all directions.

Immediately, their powers became chaotic. The three ghost Asuras roared and rushed out of the light with weapons in their hands.

The two sword Qi's owners came from the sky and landed on both sides of Yunxiao.

One of them was beifeng Nan. He stood elegantly with his sword in his hand and said indifferently, "Let's go together."

The other person's expression was cold, his sword-like eyebrows raised, and his eyes revealed a fierce look. His white clothes fluttered in the wind, and his face was solemn and alert.

Chen Yunyu! Yunxiao's eyes lit up. Chen Yunyu! he said in joy.

The man nodded, "Lord Yuan gaohan sent me to help you, but I didn't think of Xi Jue."

He paused for a while and looked around. His face was bitter as he said, "I just didn't expect that all the people who came were earth-shattering big shots. I'm afraid I can't help you much."

...

don't undervalue yourself," Yunxiao said with a smile. you're already very good. The three of us will each take on one of them. Don't fight with all your strength. Without divine transcendence, it's very difficult to kill these ghost Asuras. Just hold them back."

"En!"

The two of them responded softly, and their sword attacks were deftly unleashed, slashing toward Asura ghost separately, separating the combined attacks of the three.

Yunxiao also turned into countless afterimages and slashed at one of the ghost Asuras with his sword, luring him out. Then, he began to take advantage of their lack of spiritual intelligence and began to fight them.

Wei Qing's face sank and he shouted angrily, "Chen Yunyu!" You dare to oppose me?"

As soon as Chen Yunyu came into contact with Asura ghost, he was immediately suppressed by the other party's ferocious momentum. The monstrous flame came down like a wave and directly shattered the sword Qi around him.

He was furious. The sword in his hand became faster and faster, slashing out countless black cracks like a dense drizzle!

The Asura ghost held the war spear in his hand and spun. The spear momentum swept across the area, causing "Bang Bang Bang" slashing sounds to be heard.

Then, he let out a low roar and held his spear horizontally in front of him. He made countless incantation seals, and the spear light exploded in all directions like fireworks, completely suppressing the sword momentum.

In Chen Yuyu's shock, he saw that Asura ghost had already broken through and was stabbing his vital point. Under the suppression of the heavenly cycle spear aura, he could not escape.

He was extremely shocked. He suddenly brandished his long sword and slashed in front of him, instantly forming a light circle.

...

"Bang!"

The Halo was instantly scattered by Asura ghost. The tip of his spear touched the sword, forcing him to retreat several hundred meters before he could stop.

His heart was filled with shock. Although he had just broken through to the peak of the nine-star not long ago, he was indeed a true peak expert. However, he was suppressed and beaten by something that was neither human nor ghost. He felt unspeakable discomfort in his heart.

But when he heard Wei Qing's shout, he was even more furious and shouted, "I will only listen to Lord Yuan gaohan's orders, no one else can order me around!"

“If you dare to make another move today, you will be representing Yuan gaohan to fight against my will. I will definitely settle the score with him when I return!” Wei Qing said coldly with a gloomy face.

Chen Yuyu sneered. The sword in his hand split into thousands of swords and slashed over. He shouted, “ a total of three hundred and sixty sword strikes. Remember it clearly!

The dense sword shadows enveloped the ghost Asura, and the entire space was twisted into countless fragments and exploded.

Wei Qing’s face was livid with anger and he roared, “ Kill, kill, kill! Kill Chen Yuyu and leave nothing behind!”

“Roar!”

However, Asura ghost roared and the countless sword lights were destroyed like fireworks. The spear light burst out and rushed forward again.

Chen Yunyu was horrified and retreated a thousand feet again, feeling extremely aggrieved. He had broken through to the peak of nine-star with great difficulty. He had thought that he could run amuck in the world and achieve an immortal reputation.

He didn’t expect that he would be beaten up so badly that he couldn’t even fight back.

Moreover, everyone present was more powerful than him. He could not help but want to vomit blood.

Just as he was feeling depressed, Yunxiao’s voice rang out, “ don’t fight them head-on. These ghost Asuras are ferocious, but they don’t have enough intelligence. Try to fight them.

His heart trembled, and he immediately adjusted his attitude. He retracted his sword Qi and began to Dodge.

In fact, he wasn't the only one who was depressed. Everyone who had faced Asura ghost was so depressed that they wanted to vomit blood.

Beiming Nan and Yunxiao were fine. One was a steady and calm man, and the other was not surprised by the situation, so it did not matter to them.

The members of the demon clan were suppressed by Luo Qingyun and the eight Asuras.

Xian and Meng were already heavily injured, their eyes red, and they were fighting with all their might. He roared and spat out blood.

However, the other party was even more ruthless. The two ghost Asuras who were fighting them also roared repeatedly, and their attacks became more and more ruthless. They were fighting with no regard for their lives, and with a few moves, they destroyed the other party's ruthlessness, obtaining a situation of complete suppression.

Li Heyi's condition was slightly better, but he was also in a passive position, mainly dodging.

Cl was the high priest, a transcendent Sage expert, but he was also forced to a corner by the four ghost Asuras. As the silver Snakes danced in the sky, he could not escape at all. Moreover, the more he fought, the weaker he became, and his aura was constantly suppressed.

Chapter 1495-Samsara wheel

Li was very anxious. She also found that the other party was strong but not smart enough. She could deal with him with her own steps.

However, there was a fatal problem. The rate at which his elemental energy was being consumed far exceeded that of the Asura ghost. The other party could consume Vitality Pills while fighting and maintain a very slow consumption rate.

"Ghost king, if you still don't make a move, I'll directly activate the power of the contract and summon you back!" She shouted loudly.

“Jiuli,” the ghost king’s eyes narrowed, and he said coldly, “if you summon me back, you will all die.”

if you don’t make a move,” li Dao said, “ what’s the point of keeping you in the realm of heavenly martial arts? ”

“I can’t get away now,” the ghost king snorted, “if you can’t defeat me, then come back to my side.”

“Don’t be stubborn, let’s go!” Li shouted.

She was the first to shake off the ghost Asura in front of her. With a few steps, she shrank the ground into inches and retreated behind the ghost king.

The ghost Asura gave chase. He had two heads, and one of them spat out a bolt of lightning.

“Bang!”

The lightning exploded several feet away from the ghost king. A green barrier suddenly appeared and disappeared in a flash.

The ghost king sneered, “ Even eight monsters like you can’t do anything to me. Who Do You Think You Are?”

He formed an incantation gesture with one hand and suddenly slapped down.

A green light suddenly appeared on the wheel and shot over.

The ghost Asura was furious. He shook his other head a few times and spat out a gray gas. It collided with the green gas and suddenly exploded!

“Bang!”

The green light was clearly stronger, and it shook Asura ghost's head so much that he spat out a mouthful of blood. His entire body was forced to retreat.

Wei Qing's eyes narrowed and he snorted coldly. He descended from the sky and walked toward the ghost king step by step, with the two ghost Asuras following behind him.

"The ghost king? I'd like to see who you are!"

Wei Qing took a few steps and waved his hand. The scroll appeared in his hand and a few rays of golden light shot out.

"Bang!"

The golden light slammed into the enchantment barrier that was opened up by the big wheel, causing it to shatter continuously. However, it did not dissipate. It turned into a Golden Dragon and pressed down forcefully. It squeezed out spiritual pressure that filled the sky, like branches and leaves spreading out.

Wei Qing arrived in a flash, and the mountains and rivers in his hand were like a painting. Suddenly, the beautiful and magnificent scenery of China blasted on the barrier!

"BOOM!"

The green light suddenly collapsed and the Golden Dragon came down in a flash. It turned into a sharp golden light and slashed at the ghost king.

"Hmph!"

The ghost king snorted coldly and formed the shape of a Tiger with one hand. The faint roar of a Tiger resounded through the forest as he grabbed the golden light and extinguished it.

Wei Qing's figure landed at the same time, stepping on the big wheel and stepping up. He held the painting in his left hand and pointed at the air with two fingers of his right hand.

The ghost king sat cross-legged on the turntable and could only lean back to avoid the power of the finger. At the same time, he kicked out fiercely at Wei Qing's throat.

The force of the kick kept exposing the air, and the space seemed to be in a trance, as if it was unstable and could not be figured out.

Wei Qing's expression changed, and his figure became dazed.

"Bang!"

The blurry figure exploded from the kick, turning into light and dispersing.

At the same time, a golden light flashed on the wheel and a palm appeared. It made a hand seal in the air and several golden dragons came crashing down!

"Bang! Bang! Bang! Bang! Bang! Bang!"

The ghost king dodged continuously, and the Golden dragons all slammed into the wheel. The space around them trembled, and the aura on the wheel became chaotic.

The ghost king's eyes narrowed and flickered with anger. With a loud shout, his hands continuously drew circles in front of him, finally forming a Halo, and he suddenly pushed it into the sky!

The Halo spread out and the sky trembled. Wei Qing's figure appeared with a cold expression. He opened the scroll and struck down!

"BOOM!"

The two forces collided, and Wei Qing's body trembled. He was forced back with a shocked expression.

As he shouted, the three ghost Asuras behind him who had not moved all this time also roared and charged forward.

Two of them were brought by long qianmiao, and one was great battle demon li, who had been forced to retreat by the ghost king.

Under the will of Luo Qingyun and long qianmiao, all the ghost Asuras obeyed Wei Qing.

“BOOM!”

As soon as the three ghost Asuras made their move, the pressure on landscape as a painting was immediately reduced. The green halo was suppressed and continued to fall.

The ghost king's expression changed drastically, and he kept forming hand seals with both hands.

The incomplete 33 merit Cao suddenly turned into shadows and sat cross-legged around the big wheel. They also made hand seals and a vast force spread out.

“What?”

Wei Qing's heart was filled with shock. Even with the three ghost Asuras working together, they were still unable to suppress the ghost king.

The power of the green halo seemed to be endless. Not only that, but it was also rising continuously. From the previous decline, it became an even match, and now it was even stronger!

“Gu Shengfeng!” Wei Qing suddenly shouted.

Yu Shengfeng, who had been suppressed by the wheel for a long time, suddenly opened his eyes and said, "Understood!"

He leaped into the air and cast a few incantations seals into the carriage. The Jade Ruyi immediately turned into a flying boat and slammed into the big wheel!

...

"BOOM!"

The two profound level weapons collided with each other, causing a shocking spiritual pressure. The entire sky turned into two colors, and an extremely deep black crack was squeezed out between the profound level weapons. It kept devouring the spiritual Qi in the sky, as if it was going to suck everything in.

"Damn it!"

three reincarnations! the ghost king shouted as green light shot out from his eyes. He raised his hands to the sky and shouted, "three reincarnations!"

Countless strange runes flew out from his hand, and the big wheel suddenly started to spin. Countless ghostly shadows flew out, and the sky changed color. In an instant, it was enveloped in light and shadow.

"This is a Kasaya."

Wei Qing and Yu Shengfeng were both shocked. The strange power on the wheel filled the world and directly changed the stars, changing the world!

Everyone was shocked to find that the entire world had disappeared, and only this big wheel was left between heaven and earth, spinning under their feet.

The wheel was carved with countless obscure symbols and countless lines that ran across heaven and earth.

Around the large wheel stood thirty-three merit officers. Their faces were ghastly, and their hands were in hand seals. Everyone's posture was different, and they were all extremely beautiful.

damn it! What's going on?!

...

The crowd of onlookers in the distance cried out in surprise. They were also drawn into the wheel and were shocked.

"Is it an illusion again? Damn it! It wasn't easy to escape from death, and now it's here again!"

All sorts of roars and curses rose and fell.

"This is Yingluo, this is Yingluo."

Teng Guang was suddenly shocked, his face filled with horror.

Everyone stopped fighting and became alert.

Yunxiao's eyes flickered with seven colors. To his horror, he found that this was no illusion, but a world derived from the big wheel!

could it be that that thing is also a Supreme grade profound level weapon? " His heart trembled.

At this moment, the ghost king had already disappeared. Only the 33 Meritorious Service officers' faces were like ghosts, ferocious and terrifying.

“Everyone, shut up!” Wei Qing shouted in a deep voice.

At his words, everyone fell silent.

To be able to survive until now, they either had extraordinary strength or extremely high intelligence. Naturally, they understood that in the current situation, they had to calm down first.

“Don’t panic, everyone!” Wei Qing snorted coldly. The two Holy Lands, the seven sect Masters, and the ten great martial sovereigns are all here. With everyone working together, even if that ghost king is a divine realm expert, he will be annihilated!”

His words might not be reliable, but they were indeed like a tranquilizer, calming everyone down.

A few demon clansmen flew down and landed beside Li. They were all injured and panting.

Only Shang and Duanmu Youyu were left in the sky. Xuan Hua and Yao Jinliang were still fighting. They seemed to be fighting with boundless anger. No matter how the world changed, they could not stop.

Liu Feiyan’s entire body was covered in blood as she fell from the sky. She directly sat on the big wheel and made hand seals with one hand to recover her energy.

Long Qianmiao’s face was green. Although he had used up a lot of essence force, he was still suppressing Liu Feiyan. His breathing was slow and long.

“Wei Qing, what’s going on?”

Long Qianmiao walked up and asked in shock.

Wei Qing’s expression was also cold. He looked around but couldn’t see the ghost king’s figure at all. Hearing the continuous explosions in the sky, he was upset.

“Everyone, stop!” He shouted. Gongzi Yu, Yao Jinliang, come back!”

A few rays of light suddenly burst out in the sky, and the two pairs suddenly separated, both falling from the sky.

The four of them were pale and covered in blood.

The only one in a better state was Duanmu you Yu. Although his face was pale, he could still maintain His grace.

Duanmu Cang flew over and said,“Brother, are you okay?”

Duanmu Youyu shook his head and looked around. is this strange wheel the power that blocks the result of our calculations? ”

“I don’t know. The forces before us are too strong. We can’t figure it out unless we work together and use the deity’s mirror,” Duanmu Cang replied.

Duanmu Youyu calculated with his fingers and said with a frown, ” “Something seems to be wrong. Forget it, let’s wait for the situation to develop.”

“Father, do you know what’s going on?” ning keyun asked in a low voice from the crowd.

Ning Kewei said,“this should be in the space created by the profound level weapon. It’s not far from a Saint weapon.” I’ve never heard of a ghost king before. The world is so big that it’s hard to estimate. What seven sect Masters? they’re just a joke.”

Ning keyun frowned and said,“father, you don’t have to belittle yourself.” Divine transcendence is already the peak of this world. Even if this ghost king has a stronger power, he will still be suppressed by the power of the natural order. It’s not a big deal.”

“Yes.”

Ning Kewei agreed. the highest rules in this world are only level nine. Even if the ghost king is really in the immortal state, he will be suppressed to the divine transcendence. Otherwise, he will be defying the rules of the heavenly way.

Shang landed in front of the demons, his body covered in wounds. “What’s going on?”

“This should be the ghost king’s profound level weapon space.” Li’s face was a little pale.

“Profound artifact space?” “A Saint artifact?” Shang was shocked.

Li nodded and said, “small wheel three phase life transformation reincarnation wheel!.”

Yunxiao’s body trembled. Although he had never heard of this big wheel, the name made him realize that it was exactly the same as his small wheel three-phase life transformation magical spirit eyes!

Chapter 1496-acting mysterious

“Al, it’s indeed this item.” Teng Guang suddenly sighed.

Everyone’s eyes gathered on him. Wei Qing appeared in front of him in a flash and said, “You know the origin of this item? Tell me quickly.”

Teng Guang’s eyes revealed a strange expression as he said, to be able to die under this profound level weapon, it’s a worthy death. Not bad, not bad.

“Shut up!” Wei Qing angrily said. Who wants to die like you? Quickly tell me the origin of this profound armament!”

Teng Guang then said slowly, “ in this world, there is a rule that, although it belongs to the heavenly way, has surpassed the shackles of the heavenly martial realm. It does not exist in the Three Realms or the five elements.

Everyone's heart trembled as a bad feeling rose in their hearts.

"Get to the main point!" Wei Qing said in a deep voice.

"This is the power of reincarnation," Teng Guang said. Under the heavenly Dao, many powerful formations were born. The heavens and earth were one formation, and so was the cycle of reincarnation. They were all under the evolution of the heavenly Dao, but they affected each other. Nothing in the world can escape the cycle of reincarnation."

Wei Qing's face turned green, and he said coldly, "You mean, this is the place where heaven and earth reincarnate?"

Everyone's hearts were greatly shocked, and they were instantly in a state of confusion. These were all mighty forces that only existed in legends, and they were as inaudible as the heavenly Dao. How could they appear before their eyes?

Many people rubbed their eyes and knocked on their heads, hoping that it was an illusion and that they would wake up soon.

"What nonsense are you thinking about?!" Teng Guang said in embarrassment. Unless it was the heavenly Dao itself, who else could enter the cycle of reincarnation? I've read about this profound level weapon in the records. It's an existence with unparalleled power in ancient times. It was refined directly with the power of reincarnation. It's just a profound level weapon, and it only contains a trace of the reincarnation rules."

Oh? " Wei Qing heaved a sigh of relief and said, " so the quality of this profound level weapon is also in the category of Saint weapons? "

Teng Guang frowned and said, "it's hard to define." The Saint artifacts we're talking about are all created by integrating the rules of the ten divine realms. Although the Great Wheel of Samsara doesn't have the ten divine realms' rules, its power of Samsara isn't weaker than the ten divine realms' rules. If we have to classify it, it's naturally a Saint artifact, and even above ordinary Saint artifacts!"

fear comes from the unknown," long Qianyun replied. now that I know his bottom line, I'm not afraid anymore. And it's something that's been recorded in the history books, so it must have existed in the realm of heavenly martial arts."

Teng Guang nodded and said,"I have nothing to live for. If I die, I die." If you want to live, you'd better understand that the rules of reincarnation are not suppressed by the realm power of the heavenly martial realm. This ghost king seems to be an existence that has existed for a long time. Perhaps he is a true God Realm expert!"

"Kekekeke!"

The ghost king's loud laughter came from the sky. Green flames floated around and gradually gathered into a huge skeleton, which looked exactly like the ghost king.

He stuck out his long Scarlet tongue and licked his lips. He clicked his tongue and praised, " I didn't think that there would be someone other than Jiuli division who could recognize this wheel.

His eyes flickered with green light as he looked at Yunxiao and said, " what's more unexpected is that in today's heavenly martial arts realm, there is actually someone who can practice the heaven-defying magical power of the little cycle three phase life transformation technique, spirit eyes.

Yunxiao shivered when he was stared at by the man's Green eyes, as if he had fallen into an ice cave.

It was a chill that came from the soul and penetrated the body.

"Ghost king, what do you mean by this?" Li Jing asked.

"What do you mean?"

hehe! the ghost king laughed weirdly and said, " naturally, I'm going to fulfill my promise to you and kill all these people!

“But there’s no need to drag us in, is there?” Li said.

The ghost king chuckled. I can see that your companions are quite strong as well. They also have a lot of good things on them. Why don’t you let me eat them all? hahahaha!

“Ghost king, if you dare to have any ideas about us, I will summon you back right now!” Li Yunfeng was furious.

She grabbed the war drum, and a series of words appeared on it, flashing in the air.

The ghost king laughed, “hahaha, summon me back?” Don’t you think it’s too late?”

although the power of the Samsara wheel is not suppressed by the realm force of the heavenly martial realm,” he said coldly, “ the heavenly martial realm has lost the ten rules. My own power is still suppressed. This way, I can’t bring the entire Samsara wheel to the heavenly martial realm. I need time.

Li’s expression changed drastically, and he suddenly cast incantation seals onto the battle drum. The characters flickered and disappeared in front of him one by one, and a strange power appeared around the ghost king, like a Nebula that lingered around him.

“Hmph!”

The ghost king snorted heavily, and a green flame flashed in his eyes. The strange force immediately dissipated with a “bang.”

A rumbling sound came from the war drum, and all the words were instantly annihilated, turning into light smoke and dissipating.

Li was shocked, and his eyes were filled with disbelief.

“Kekekeke!”

The ghost king laughed complacently, "The reason for the failure of the recall is that your power is unable to exert the power of the contract to the extreme. The power of the Samsara wheel is not suppressed by the heavenly martial realm, and I can use 100% of my power. With the wheel itself, none of you will be able to escape death!"

Everyone's heart trembled. The ghost king's strange laughter was like a heavy stone pressing on their chest, making it difficult for everyone to breathe.

a hundred percent?" Yunxiao suddenly asked. a hundred percent?" I don't think this big Wheel of Fortune is a complete body!"

The ghost king's pupils constricted as he stared coldly at Yunxiao and said, "As expected of the wondrous spiritual eyes. I was in a hurry just now and didn't manage to send the entire Great Wheel of Samsara over. However, this is at least 60% of my main body's power, which is enough to kill all of you. After we've eaten all of you, we'll descend with the complete profound level weapon and become invincible in the world!"

Wei Qing sneered. I've told so many jokes. They're not funny at all. How cold.

"Even a complete Saint artifact and a true godly state expert can't kill all of us," Yu Shengfeng sneered.

haha! Yunxiao laughed. the intelligence of creatures is always a weakness.

"Damn it!"

The ghost king flew into a rage. The outline of the giant ghost head trembled, and the large wheel suddenly began to spin.

Rays of light rose from under everyone's feet and then dispersed in the air.

Everyone's body trembled as a strange force came from all directions, directly suppressing the essence energy in their bodies!

“What? This power is so strong!”

Everyone was gobsmacked. Circulating essence force at this moment was actually a hundred times more difficult!

The martialists below the rank of a Nine Heavens martial sovereign were also suppressed like mortals. They had no strength at all.

“Hmph, you’re just pretending!”

even if it’s the power of reincarnation, it’s still a rule of the heavenly Dao,” Yu Shengfeng said coldly. since it’s also a rule, what nonsense are you talking about killing us for!

...

Demonic flames surged up from his body, and he formed three heads and six arms with a hand seal. Then, he slashed the ancient dust sword toward the sky!

“BOOM!”

Countless Jade Dragons flew up, completely unaffected by the power of reincarnation.

“What?”

The ghost king’s eyes widened in shock.

“BOOM!”

The giant ghost King’s shadow was instantly shattered, turning into morning stars that filled the sky.

Yu Sheng Feng kept his sword and sneered, " after acting mysterious, your strength is not as good as before. Bah!

A few rays of light gathered on the wheel and turned into the ghost king. He said with a gloomy face, " I forgot that you're cultivating devil essence. It's impossible to suppress it!

"What about me?"

Long qianmiao's cold voice was heard. Suddenly, a huge iron rod appeared in the sky and smashed down!

...

The ghost king was shocked. The boundless pressure under the iron rod directly suppressed him. In his horror, he suddenly raised his hand to block it.

"Bang!"

The iron rod hit his wrist directly, and with a cracking sound, the scales on his right arm cracked!

The vast and powerful force shook his arm until it went numb, and he was forced to retreat.

"The might of a true dragon! This is a vast Dragon's might!"

The ghost king was greatly alarmed and his face turned green.

you can't even suppress the true Dragon's might, " long Qianyun replied. what can you do? "

With a wave of his staff, the five ghost Asuras rushed up and attacked.

The five of them all used their own techniques and struck out.

The ghost king's expression changed. He clasped his hands in front of his body and a mirror light defense appeared.

"BOOM!"

The five people's attacks were instantly blocked, and the violent force from the impact spread out in all directions, creating a cloud of smoke.

Long qianmiao frowned. Asura ghost's power is indeed suppressed a little. But not by much.

"If that's the case, you and Luo Qingyun alone are enough to deal with him," Wei Qing said.

Hmph! long qianmiao snorted. I alone am enough. Why does Asura ghost need to do it? "

He carried the iron rod and walked forward step by step.

Long qianmiao had never revealed his strength in front of others, but no one dared to underestimate him. The battle with Liu Feiyan was considered his first public attack, and he had beaten a titled martial sovereign to the point where he spat out a mouthful of blood, yet he acted as if nothing had happened.

This kind of power was enough to sit firmly at the top of the seven sect Masters.

This was also the reason why Wei Qing had sent him a message when he realized that the situation was not right, asking him to cross the boundary to help suppress everything.

The ghost king's face darkened. Although he was no longer as arrogant as before, he still had a cold and arrogant attitude. He said coldly, "The tenth level dragon's blood is indeed a little troublesome, but I'm not afraid of it. Unless you really have turned into a true spirit, then I'll still be a little afraid."

Hmph! long qianmiao snorted coldly. you can't hide your guilty conscience by saying such nonsense.

His body suddenly flashed and appeared above the ghost king. He grabbed the iron rod with both hands and smashed it down!

A rod shadow streaked across the sky, flashing with silver light. It was extremely gorgeous.

“Bang!”

The ghost king's figure suddenly disappeared from where he was standing. The staff directly scattered the afterimages and smashed onto the big wheel, causing the space to tremble.

“So strong!”

Everyone couldn't help but be shocked.

Even though it was already shocking that Liu Feiyan vomited blood after being hit by him, but at this moment, everyone's eyes were focused on him, and they could feel the vast Dragon's might even more.

Liu Feiyan's eyes were also focused, and her face was calm. It was as if she didn't have any hatred or resentment because of her injury.

Luo Qingyun's blood was boiling. The vast Dragon might resonated with the Dragon blood in his body.

Long qianmiao's current strength was what he was after!

Chapter 1497-violent beating

your arrogance is making me want to kill you!

The ghost king's cold voice came down, and a large hand suddenly appeared in the sky, bombarding down.

There were countless green formation patterns on the palm, and they were so dense that they gave off waves. They stacked on top of each other and pushed each other away.

“You can only blame yourself for being useless!”

Long qianmiao shouted and threw the iron rod on the ground, shaking the wheel of Samsara. A vast Dragon's might rushed out from his body.

The Green Dragon Qi spiraled up from his body, and everywhere it passed, it turned into a demon. His smooth skin was covered with scales that shone, and his forehead bulged left and right like bamboo shoots breaking out of the ground. Two green Dragon horns grew out of his head, and the spiritual Qi was overwhelming.

His hands also transformed into dragon claws, and his five fingers were as sharp as blades. A Dragon Tail grew from his back and wrapped around his waist.

He completely transformed into a half-demonic human-dragon form, and with a loud roar, a Dragon roared through the nine Heavens.

The power was like a shocking Thunder that rushed straight into the nine Heavens. It even condensed into the form of a Dragon, baring its fangs and brandishing its claws as it rushed towards the palm print!

“BOOM!”

The layers of waves under the giant hand were scattered by the Dragon form, and its entire might was completely lost. The palm was even jolted back, and it continued to push towards the sky.

“BOOM!”

In a few breaths, it completely exploded under the Dragon's might and disappeared without a trace.

There was only a faint Dragon's Shadow left in the sky above the wheel. It seemed to have passed through and gradually disappeared before everyone's eyes.

Such a shocking strike was vast and powerful, giving off a feeling of infinite power.

Everyone was surprised and happy. Some were in awe, some were afraid, some were worried, but more than that, they were ecstatic. With long qianmiao around, they felt a sense of security.

A trace of fear appeared in Liu Feiyan's eyes. Before, she wasn't his match before she turned into a Dragon. Now, with that soul-threatening power, it was even harder for her to fight.

"What?"

The ghost king's surprised voice rang out in the sky. A green light flashed in the sky, and his true body appeared, his face full of shock.

if you only have this much strength, " long qianmiao said coldly, " you're a laughingstock.

The ghost king trembled with anger and said coldly, " you're indeed very strong. With the blood of a true dragon, the power of reincarnation can't suppress you at all!

"Tsk!"

you're afraid? " long qianmiao mocked disdainfully. are you saying that you've admitted defeat? "

"Hmph!"

The ghost king snorted coldly and said, " "Just because the power of reincarnation can't suppress you doesn't mean that this King can't do anything to you."

His hands began to form seals, and the entire reincarnation wheel began to spin rapidly. The thirty-three gongcao around him sensed it, and at the same time, the seals in his hands changed. Rays of green light shot out and turned into runes in the air. They all stuck to the ghost king's body and then disappeared into his body.

“Ha!”

The ghost king roared, his eyes wide open!

As the green runes were sucked in, their bodies expanded at a speed visible to the naked eye, instantly becoming more than half their original size.

The air around him was shaken by his physical strength, and then exploded with a ‘bang’.

“You can transform into a Dragon, but I can also increase my strength!”

The ghost king roared and punched out in the air. His entire body turned into a stream of light and flew down with the power of the punch.

“Hmph!”

Long qianmiao snorted heavily. His face was full of disdain, but he didn't dare to underestimate his enemy.

Under the surge of origin power, the iron rod shook with a bang, and he grabbed it in his hand and hit it against the power of the fist!

Countless runes and halos surged on the iron rod, and they were all released under the swing.

“BOOM!”

The two figures collided with each other, and an infinite amount of power spread out in all directions.

Green qi was rolling in the sky, and the Dragon's might was roaring below.

The two forces eroded each other, causing the entire wheel to shake and space to sway.

The two forces were at a stalemate, but as the Samsara wheel spun, green qi kept pouring into the ghost king's body. Slowly, more and more green qi gathered and it started to gain the upper hand.

Long qianmiao's body was surrounded by circles of green light. It was the power of the Dragon's might. However, it was being consumed at an extremely fast speed, causing his face to turn pale.

"Hmph, you're going to die even if you're a true spirit!"

The ghost king sneered as he formed a fist with his left hand and punched down.

The two fists met in the air, and with a bang, green qi burst forth.

Under the might of the fist, the power instantly increased by several times and pressed down!

"BOOM!"

Long qianmiao finally couldn't take it anymore, and he flew up to open it.

The power of the fist slammed into the wheel, sending countless runes flying. It turned into a slash in the air and shot out.

"Bang Bang Bang!"

Long qianmiao waved his iron rod and shattered all the attacks.

The ghost king dashed forward and appeared in front of long qianren with a punch.

“BOOM!”

...

The air exploded, and long qianmiao held the iron rod with both hands. He spun in the air, forming a Tai Chi pattern.

The power of the punch suddenly turned in the Tai Chi diagram and deviated to the side.

The ghost king furrowed his brows as he felt his strength being diverted, causing him to slip past long qianren.

“Hmph!”

He snorted coldly and turned his fist into a claw, grabbing at his opponent’s dantian. At the same time, he threw a punch with his left hand. The space around him was instantly covered by the power of his fist, and he punched forward.

Long qianren was shocked. After absorbing the power of the 33 gongcao, his opponent seemed to have surpassed him.

He lowered his iron rod and placed it in front of his dantian.

“Bang!”

The ghost king’s sharp claws directly grabbed the iron rod, and then the wind from his fist smashed down.

The two of them were fighting close to each other at an extremely fast speed. Those who were not strong enough could only see afterimages, and some could only see flashes of light. They could not even catch their figures.

Long qianmiao was forced to give up on the cudgel. He drew a circle in front of him with his arms and clenched the fingers of his left hand into a Dragon Fist to meet the attack!

...

A Dragon's Shadow appeared on the fist power. The Dragon fought in the wild and roared to the nine Heavens!

"BOOM!"

The power of the fist force surged between the two of them, shaking in all directions.

The martial artists in the distance were shocked. The power made them retreat until they reached the edge of the wheel. It was a dark endless space outside, and no one dared to go out.

"En!"

Long qianmiao groaned. His opponent's punch had broken his Dragon's might.

The qi and blood in his body instantly boiled, and the shadow of a true dragon appeared behind him. It returned to his body and suppressed the power of the fist force.

The result of such a forceful resistance was a mouthful of blood gushing up his throat and flowing out from the corner of his mouth, but he did not take a single step back!

The ghost king also felt a force bounce back from his arm, causing his body to tremble. However, his brows quickly relaxed as he grinned, "You want to rely on your half-dragon body to resist? How childish!"

He shouted and took a step forward. A wave of power was sent out along his arm, like waves pushing away, layer by layer, each wave stronger than the previous.

Long qianmiao's expression changed drastically. He felt his left fist starting to break apart. Even his half-dragon body could not withstand the destructive force. The Dragon scales on his arm burst open, and he felt an excruciating pain.

“Ha!”

He roared and his face turned ferocious. A dragon's head vaguely appeared. His right hand suddenly formed a seal and then he slapped the iron rod.

“Bang!”

A Dao weapon essence spread out, and the rhythm of the profound level weapon emitted from the iron rod shook the entire big wheel.

Everyone was shocked as they looked at the iron rod in shock. They did not know what kind of profound level weapon it was. It looked so ordinary, but it actually had such a spiritual nature.

Yunxiao's body trembled, and his pupils constricted in horror.

Through his seven-colored demonic eyes, he could vaguely see the sword in the iron rod being activated. Countless sword runes gushed out and sword will filled the sky. Not only did it revolve around the two of them, but it also began to condense in the air, forming a sea of sword Qi.

The ghost king's body trembled, and his left hand that was holding the iron rod trembled uncontrollably, as if he had sensed something terrifying.

“Not good!”

He suddenly shouted, and his fist force surged out, pushing his opponent away. He immediately rose into the air and retreated.

“Clang!”

The crisp sound of a sword rang out and reverberated in everyone’s ears. It caused countless tinnitus and made them seem to be temporarily deaf.

Then, there was a flash of cold light that pierced the eyes. For a moment, they were blinded. In their white vision, they seemed to see a white silk spreading out in the sky.

Before anyone could sense the terrifying sword intent, they saw a flash of blood, followed by the ghost king’s scream.

“Ah!”

The ghost king’s body flipped in the air, letting out a loud wail.

Then, he fell down and hit the spinning wheel. There was a terrifying sword mark on his chest. It went from his left shoulder to his right waist. He was about to break.

Long qianmiao’s eyes narrowed, and he said coldly, “What a tough body, but can you block my second strike?”

The sword in his hand shone brightly on the water, causing the waves to boil. Under the trembling, it was as if a long river had been formed, and there was a Dragon moving in it.

what kind of sword is this?!

Everyone’s heart trembled as they looked at each other in horror. They all saw the fear in each other’s eyes.

The ghost king's eyes also revealed a trace of fear as he forced himself to retreat.

Yunxiao even took a deep breath, his eyes filled with disbelief.

Although he had never seen the sword before, the aura it gave him was familiar. However, he could not believe it, so he could not confirm it.

Long qianmiao stepped forward with his sword and said coldly, "to be able to die under this sword, your trip to the realm of heavenly martial arts was not in vain!

After taking a few steps back, the ghost king found that there was no way out. His face immediately sank and he said in a cold voice, I was too careless. I thought that there were no rules of the ten directions in this world, and you were at most ordinary transcendents. I didn't expect that there were still people who had the power of a true spirit!

Everyone trembled. No one knew how strong a true spirit was, but they were all existences of the ten directions divine realm. Could it be that long qianmiao already had the power of the divine realm?

Wei Qing's face was also filled with uncertainty, and his eyes were filled with a complicated expression.

that's right, " Duanmu Youyu praised. with comprehension that surpasses the peak of martial arts and tenth-grade dragon blood, long qianmiao might be the number one person in the world. Ghost king, it's not an injustice for you to die at his hands."

"Hmph, not wronged?"

"do you know that this wheel only descends with 60% of my power?" the ghost king said coldly. it suppresses my power to 60% as well. Once I exceed this limit, I'll be devoured by the cultivation method.

Chapter 1498-heaven and earth can not

Duanmu Youyu raised his brows and said,"so what?" Are you trying to tell everyone that you're not willing to accept your loss?"

“Lose? Hahaha, you guys are too childish! How can this King lose!”

The ghost king roared, and the green qi on his body burst out. He waved his hands, and countless runes appeared, which were continuously sent into the large wheel.

The power of reincarnation surged up from the ground and ghostly Qi filled the sky. There were also countless wandering soul-like things floating in the air. He sucked them all into his mouth and swallowed them.

The ghost king's aura rose once more, and the terrible wound on his chest began to heal at a speed visible to the naked eye.

Long Qianmiao, you've made me willing to suffer the pain of the backlash to raise my power to the peak. You should be proud of yourself!

“BOOM!”

After a few breaths, he seemed to have reached his limit and a terrifying power burst out.

The heavens and earth trembled, and the great Wheel of Samsara trembled for a moment before it slowly regained its stability.

However, the reincarnation power that filled the sky became extremely powerful, and everyone suddenly felt the pressure increase. Even Wei Qing and the other divine transcendence experts frowned.

Long Qianmiao was shocked as well. He flew up and waved his long sword in front of him. He condensed a sharp sword Qi and slashed it forward.

The ghost king's face was filled with anger. He reached out and grabbed in the air, instantly condensing a large blade. It shook out layers of light and struck back.

“Bang!”

The saber power directly shattered the sword Qi and flew out.

At the same time, his figure flashed and his entire body moved along with the saber, slashing down from the sky!

“Bang!”

Long qianmiao held his sword horizontally to block, and the two forces struck him one after another. It was as if Mount Tai was pressing down on him, forcing him to retreat. The saber Light and sword Qi shot up, and it was unusually beautiful.

However, no one was in the mood to appreciate this beautiful scene. They all had solemn expressions as they felt a great suppression and slight coldness.

The blade light carried an extremely strong reincarnation power. It kept tearing long qianmiao’s body apart, and his dragon scales kept cracking.

hehe, your sword is indeed impressive. However, this saber is part of the Great Wheel of Samsara and also possesses the power of the world. How can you block it? ”

The ghost king laughed nastily and pressed down with the saber in his hand, increasing his power.

“Bang Bang Bang!”

The Dragon scales on long qianmiao’s body were shattered into pieces, and dragon blood spurted out. It turned into crystal clear beads of blood in the air and fell to the ground.

“It’s indeed divine blood of ten directions!”

The ghost king's face turned cold, and his eyes burst with an extremely greedy light. He couldn't help but stick out his red tongue and lick his lips, making a "tsk tsk" sound.

"Gulp!"

Long qianmiao swallowed his saliva with difficulty. His forehead was covered in sweat, and he was frightened by his terrifying expression.

He was indeed anxious. The formation light on the saber of Samsara seemed to be able to draw power from the wheel continuously, suppressing his sword body.

Not only that, although his vast Dragon might was not suppressed by the power of reincarnation, it also disintegrated extremely quickly under the impact, and his entire body was a little overwhelmed.

"Hehehehe, be chopped into pieces by the blade of reincarnation! This King hasn't eaten a true spirit for a long time. Hehe, it'll definitely be a great supplement, hehe!"

The ghost king couldn't help but laugh complacently as victory was in sight.

"You want to eat me? Go!"

Long qianmiao felt a wave of fear in his heart, which immediately stimulated his great potential. A ray of green light bloomed from his body, and his aura rose to the extreme.

A hint of ruthlessness flashed in his eyes. His left hand formed an incantation gesture and slapped the sword. He shouted, "Unseal!"

A terrifying sword force spread out, and under the cold light, the shape of a Dragon appeared. Then, the sound of swords and weapons rang out!

"What?"

The ghost king was greatly shocked. The power of the sword actually began to slowly push his reincarnation blade away, and there was actually a reverse pressure!

how is this possible?!

His mind short-circuited for a moment. He was transformed from the original body of a Saint weapon and was one with this reincarnation world. What kind of profound level weapon could shake this saber away?

However, the reality in front of him made him unable to think any further. The soaring sword Qi bloomed like a flower.

Long qianmiao's face was solemn as well. He seemed to be extremely afraid of the sword in his hand and did not dare to be careless.

heaven and earth can't do anything ... Behead sin!

He shouted as his left hand formed another seal.

"Bang!"

A vast and mighty force spread out from the sword. The green light turned into a circle of light and spread out like an entire world. Suddenly, the ghost king was sent flying.

"What?"

Everyone's jaw dropped. Although they felt that the sword intent was extremely powerful, it shouldn't be enough to send the ghost king flying, right?

Just as everyone was in shock, long qianmiao himself could not withstand the force of the sword. He was blown away and spat out a mouthful of blood!

The sword in his hand trembled as all sorts of energy surged out. It was as if he couldn't control it.

The ghost king flew back a few hundred feet before he could stabilize his body. He looked at his arm in horror. More than half of his scales had been cut off by the sword intent. He seemed to have thought of something and suddenly screamed, "True Dragon's sword!"

Long qianmiao's face darkened, and he cast a few incantations into the sword to suppress the surging intent. He then said coldly, "Since you recognize this sword, you can die in peace now!"

He changed the direction of his sword and no longer chased after the ghost king. Instead, he held the hilt of the sword with both hands and stabbed it into the Samsara wheel.

"Boom boom boom!"

...

A deafening explosion rang out, startling numerous Azure Dragons. With the true dragon Sword as the center, they shuttled across the sky above the large wheel and jolted into it. The entire space began to tremble violently!

He wanted to take drastic measures and destroy the wheel completely, rendering the ghost king helpless. Then, he would die without a doubt!

Everyone was shocked and afraid. They were looking forward to the collapse of the entire space, but they were afraid of hurting themselves. They were all extremely vigilant.

Yao Li's face turned white, and his lips trembled as if he was talking to himself. how is this possible? how can long qianmiao be so strong that even the Great Wheel of Samsara can't suppress him? "

"The sword in his hand is called 'heaven and earth WUFA'. It was the divine sword of the leader of all living beings, the true dragon," Yi said.

“A divine sword passed down from the ancient true dragon?” Ci was shocked and asked with a trembling voice. The voice was filled with fear and disbelief.

“Yes,” the referee replied. But it was not a complete sword. According to the legend, in the flow of time, the Sword of the Dragon was fought over by countless strong cultivators. In the end, it was split into four and disappeared under the realm of heavenly martial arts. This should be one of them.”

Li Dao said, “no wonder the Kasaya is so powerful. It’s actually a fragment of the true dragon Sword.”

Shang’s expression turned ugly, and he said in a low voice, “Duanmu Youyu is right. With his extraordinary cultivation and tenth level dragon blood, there are few in the world who can match him. Now that he has the sword of a true dragon, he is truly invincible! Unless I have a complete set of cultivation techniques and obtain that Dao fruit fragment, I won’t have the confidence to defeat him!”

With that thought in mind, his heart was filled with even more hatred. As the world trembled, his vengeful and resentful gaze was directed at Li Yi, as if he wanted to eat his flesh raw!

Li Yi had been panicking as he watched the space collapse. Suddenly, his body shuddered as he felt a sharp light on his back. He quickly turned to face Shang and the others, becoming extremely vigilant.

...

Lord Shang may have lost some power and Dao fruit fragments,” Li said, “but the lost power can be recovered. The lost Dao fruit fragments did not belong to us in the first place, and it was not part of our plan. There is nothing to regret. On the contrary, in the great illusionary land, you have a strong understanding of the king level’s great illusionary array Dao. The effect is not worse than eating the Dao fruit fragments, but you need to spend more time.”

you’re right, Lord Li,” Ci said. In the future, the only one who can compete with Long Qianmiao is you.

“Only me?”

Shang’s eyes narrowed as he looked at Yunxiao, his eyes filled with complicated emotions.

His strength had always been far superior to Yunxiao's, but every time he tried to kill him, he failed. This could no longer be explained by luck. The only explanation was that this man had the will of heaven, and no ordinary person could kill him!

If he could step into the immortal realm in the future, his greatest enemy would not be long qianmiao, but Yunxiao.

Yunxiao was looking at the sword intent with a serious expression when he suddenly felt Shang's coldness. He could not help but glance at it. He snorted in surprise, then turned his eyes back to the true dragon sword without blinking.

He had felt a sense of familiarity just now. This sword essence was the same as the two divine swords that he and the Dragon head had used in the battle in the eastern sea's rainy land.

He was the strongest swordsman in the world today. He could clearly feel the same aura, the same sword intent, and it was exactly the same!

The ghost king's face was filled with fear as he roared, "damn you! You hurt me again and again and even tried to destroy my Great Wheel of Samsara. I'll tear you into pieces!"

He went crazy. His body suddenly enlarged and he slammed his palm on the wheel.

Suddenly, heaven and earth trembled. Countless strange runes flew up, filling the entire space.

Heaven and earth spun rapidly, and everyone was surrounded by the talismans in the sky. A bad feeling welled up in everyone's heart.

only 60% of the Samsara wheel's power will descend. This King will activate it completely even if I have to activate the nomological world power and kill all of you!

The ghost king's eyes almost popped out of their sockets. As he roared, he continuously struck out incantations, each faster than the last. The mighty force of heaven and earth appeared and circulated on the large wheel.

“Bang! Bang! Bang! Bang! Bang! Bang!”

The Green Dragon that was moving unhindered on the ground suddenly shattered. The vast Dragon's might that filled the ground was suppressed and gradually dissipated.

“What?”

Long qianren was shocked. An unparalleled force rushed out from the wheel, as if an ancient beast had awakened!

“Bang!”

The heaven and earth invisible sword suddenly jolted out. His entire body was hit by the impact. It was as if his chest had been hit by an iron hammer. He spat out a large mouthful of blood and was sent flying.

“Not good!”

Everyone was shocked. Even the powerful long qianmiao could not suppress it and fell to the ground with serious injuries. The true dragon sword was also thrown to the side, but its spiritual energy was not reduced, and it was still shining coldly.

“Hahahaha, you bastards! Let's see the true power of the Samsara wheel! Hahaha!”

The ghost king laughed wildly. His body trembled uncontrollably under the vast power, but he was more excited than anything else.

Chapter 1499-Saint weapon's spirit

After the heaven and earth invisible sword was knocked away, the ghost king laughed maniacally as the power of reincarnation became stronger and stronger. A vast and mighty force descended, suppressing everyone to the point where they felt extremely suffocated. It was as if a stone was pressing on their chests, and even breathing became difficult.

Some of the weaker martial artists even sprawled on the ground and kept spitting bubbles. Some even closed their eyes. It was unknown whether they had fainted or died.

Long qianmiao was also lying on the ground. When the true dragon sword was sent flying, the sword force and the power of reincarnation hit his body at the same time. Even though his dragon body was extremely strong, he was still seriously injured.

Although the Dragon's might was not suppressed by the power of reincarnation, the power still attacked his body, causing his injuries to worsen.

Long qianmiao's face turned pale. He took out a Scarlet elixir and swallowed it. Then, he made a hand seal and began to dissolve the medicinal power.

He didn't dare to meditate, and he looked around vigilantly while healing his injuries.

"Hmph!"

Long qianmiao's healing action fell into the ghost king's eyes, but he didn't care at all. He just sneered in disdain, revealing a look of contempt.

At this moment, the rotation of the disc had reached an extremely high speed, and the vast power had also reached its peak. A few martial artists directly exploded on the spot.

"Rise!"

The ghost king roared as he turned around and sent out several seals that flew into the bodies of the merit Cao.

Streams of light were emitted from the thirty-three gongcao's body, and everyone began to become full of spiritual energy. Although their faces were like ghosts, there seemed to be spiritual light floating.

"Not good!"

what?! Li was shocked and shouted, " everyone, be careful! Let's work together and break open the space!

Everyone frowned. The power of reincarnation was being suppressed so severely, everyone knew that things were not good. Did they even need you to tell them?

And if he could break through the air to escape, he would have done so long ago.

Just as everyone was casting looks of disdain at him, the thirty-three meritorious virtues suddenly opened their eyes. They were like the stars in the night sky, shining brightly and penetrating into one's heart!

"?! What's going on?"

Everyone was shocked and immediately became alert. After the thirty-three Meritorious Service officers opened their eyes, they actually walked down from the surroundings.

"What?"

Everyone was shocked, and a bad feeling spread in their hearts.

The meritorious advisors all had ghastly expressions, and their auras were constantly rising, as if they were about to kill.

Yunxiao's eyes flickered as he said in surprise, " although these things look like jade, they don't have a real body. Instead, they are like spiritual beings. What are they? "

Li's face was bitter and he said in despair, "we're finished." He really activated the full power of the great Samsara wheel. The thirty-three gongcao is the spirit of this profound level weapon, and its power is infinite."

"The spirit of a profound level weapon? Why are there so many of them?"

Everyone was shocked. It was already impressive for an ordinary profound level weapon to have one weapon spirit. Even if this was a Supreme grade profound level weapon, it should at most have two or three weapons. How could there be thirty-three at once?

I don't understand either, " Li said. but I've seen records from the ancestors. There were thirty-three. Furthermore, these merit Cao were all refined from the souls of deity realm powerhouses.

"?!"

This time, it was like a thunderclap, making everyone's head buzz.

The soul of a God Realm expert refined into an Artifact Spirit puppet.

Thirty-three mayflies

Everyone was dumbfounded. Even Yunxiao's mouth was wide open, and he was lost in thought for a moment.

Only beifeng Nan was the calmest. He said slowly, " in the ancient times, there were as many godly state experts as there were dogs. Perhaps there were even more than the current martial sovereigns. It's not strange to capture thirty-three of them to extract their souls and refine them into weapons.

"This bi an ..."

Everyone wiped their cold sweat and thought that it made sense. Although it made sense, they couldn't help but feel terrified when they thought that this ghostly thing was actually the soul of a godly state expert.

I really didn't think that they're actually all deity realm souls. Tsk tsk, truly a great deal! Teng Guang suddenly said. His eyes were filled with admiration.

He had long given up hope of living. Being able to see more strange things before death immediately made him feel interested. He was more energetic, and his twinkling eyes kept sizing up the thirty-three gongcao, as if he wanted to catch a few.

if the people of the soul Devourer sect were here," Yunxiao suddenly said, " they would have gone crazy, right? "

Everyone's expression turned strange. With so many God Realm souls, it would be strange if the soul Devourer sect didn't go crazy.

Thinking about the appearance of those terrifying people going crazy, he couldn't help but find it a little funny, and the fear in his heart immediately reduced a lot.

although they're immortal state souls, God knows how many years have passed. I don't think they're even at the divine transcendence level. Some of them are even far from the peak of martial arts," said beimang Nan.

"Al, that's true."

Disappointment appeared in Teng Guang's eyes, and he seemed to have given up on the idea of capturing it. "As for why there are so many, let me explain. The Samsara wheel was actually a Supreme-grade array artifact. It was refined by imitating the Samsara. However, the power of reincarnation is erratic and elusive. Even if tens of millions of people set up the formation at the same time, I'm afraid it'll be difficult to achieve, let alone a mere profound level weapon."

"I understand," Li said in realization, "these Meritorious Service officers are the people who set up the array. The expert who made this Supreme grade array weapon was unable to use the profound level

weapon itself to create the power of reincarnation. In the end, he had to arrange thirty-three people to form the array.”

“That’s exactly the case. Since your clan has a deep relationship with this ghost king, and your ancestor also signed the summoning contract after defeating him, does it have a record of how to break this artifact array?” Teng Guang said.

“I did mention a few techniques, but the world has changed too much, and many level ten divine skills have disappeared. Even if there are, it’s impossible to learn them,” Li said with a bitter smile.

Her eyes suddenly lit up as she stared at Yunxiao and said, “ I remember that the ancestor’s notes said that the small wheel three-phase life-transforming mystical spirit eye and the great Wheel of Samsara are both abhijnas with the power of Samsara. When the mystical spirit eye is cultivated to the extreme, it can directly enter the Samsara and observe one’s past and present life. It can even foresee the past and the future. It also has the power of Samsara and can see the flaws of all Dharma forms!

Everyone was taken aback as they stared at Yunxiao, their eyes filled with all kinds of expressions, many of which were envy, jealousy, and hatred.

hehe, ” Yunxiao said indifferently, ” when you cultivate to the extreme, you can’t comprehend the rules of ten directions. How can you reach the extreme? ” This wondrous spiritual eye technique has a total of five stages, and my current second stage is already the limit that I can reach. Moreover, I was only able to achieve this achievement under countless Lucky Chances. If you want to step into the fifth level, you’ll have to change the heavenly Dao again, and the myriad laws of the world will reappear.”

He was not exaggerating at all. Without any great opportunity, mu Jie could only resort to the extreme method of self-destruction and replacing her eyes with natural objects. She had only cultivated to the first stage, and it was impossible for her to advance any further.

Yunxiao himself was an extremely powerful pupil, and the lunar eye was the strongest existence of the pupil clan in countless years. With the combination of the two and the water fairy’s blood of the sea Emperor, he had only cultivated it to the second level. As for the higher realm, he did not dare to hope for it.

Li was disappointed and said, "without the Supreme wondrous spiritual eyes, it's impossible to see through the weakness of this reincarnation formation unless it's suanni .."

She was suddenly overjoyed and shouted excitedly, "I remember now! There's another way to restrain this wangliang."

...

"Bang!"

Suddenly, Li's body was sent flying. He spat out a mouthful of blood into the sky and fell to the ground with a pale face.

At the place where she had been standing, a Meritorious Service Officer was looking at her coldly with one hand turned into a palm. It was him who had suddenly attacked, and his expression was ice-cold.

Yunxiao's face flickered. The officer was not strong, only a mid-stage nine-stars Martial Emperor, but he was able to send Li flying with one palm and seriously injure him.

Li had been injured before, but the main reason was that his power had been suppressed by the power of reincarnation. He probably couldn't even use half of it.

When everyone thought of this, their expressions changed drastically. All of them turned purple like pig livers, looking extremely ugly.

"Jiuli, you talk too much!"

The ghost king stood in the distance, his feet hanging in the air, his eyes cold.

His body seemed to be much larger than before, and there were also changes in his appearance. Two Antelope-like horns grew on his head, transparent like jade, and the surface of his body was slightly swollen, as if he was wearing a layer of armor, but it was still connected to his skin.

Everyone's heart trembled. They didn't notice for a moment that the ghost king seemed to have become even stronger.

Even long qianmiao, who was recuperating in the distance, had a grave expression on his face.

...

"Li, are you alright?"

Wing flew over and helped li up from the ground.

Li's face was pale and his mouth was full of blood. He opened his mouth and mumbled a few syllables, but they were intermittent and he could not make out anything.

"Li, don't speak and suppress your injuries. Even if we don't have the path of our predecessors, we can still open up a new path and kill this ghost king!" His eyes were cold.

The ghost king's arrogant appearance had long been unpleasant to the eye, but he hated the fact that his cultivation body was too seriously injured. If he forcibly used the armillary sphere, he was afraid that his cultivation body would directly collapse and he would be consigned to eternal damnation.

The ghost king sneered, clasping his hands behind his back, showing a calm expression, and said slowly, "How long has it been since I've revealed my true appearance? This King has also forgotten that you should be proud to be able to force me to this extent. As for resisting, don't even think about it."

Li tried hard to open his mouth and bite the syllables, but he couldn't say anything. In the end, he gave up.

listen to Lord Shang, " wing said hurriedly. rest well and leave everything to us! He carried li and spread his wings, flying back to the demon clan.

Cl took out some medicinal pills for her to consume and then stood guard for her.

An indescribable sense of oppression and the ominous feeling of impending disaster enveloped everyone's heart, and everyone's faces seemed to be covered in frost.

"Gongzi Yu, did you manage to divine anything?" Wei Qing asked.

No. Duanmu Youyu shook his head and said, "under the suppression of the power of reincarnation, I can't calculate anything.

Chapter 1500-death

"Hmph," he snorted.

Wei Qing snorted, as if he was extremely dissatisfied. He still had an expression that said, "if I can't calculate the big things, what's the use of calculating the small things?"

Duanmu Youyu smiled bitterly. divination has too many restrictions. If one can predict the past and the future at will, wouldn't that make one invincible? "However, there's no need for everyone to worry too much. I've already calculated it before. Although the final result is unpredictable, it's overall a frightening situation without any danger."

"Scared but not in danger? Hahahaha, what a lousy fortune-teller. If you were the one setting up a stall, this King would definitely smash your signboard."

The ghost king couldn't help but laugh out loud. His unbridled appearance was almost tearing up from laughing. this King will tell you the ending. Everyone will die, no one will Live!

Everyone's hearts trembled and their faces paled when they felt the tangible killing intent.

amoeba, " Yunxiao said in a deep voice. is this your final state? "

Everyone felt like fainting. Their faces were filled with black lines, and they felt like laughing. But in this state, no one could laugh.

“What? An amoeba?”

The ghost king flew into a rage as he pointed at Yunxiao with both hands and said coldly, “The rainbow stone and the Dao fruit fragments are in your hands. This King will remember to skin you later and play with you slowly!”

“What? A rainbow stone?”

Yu Shengfeng’s body trembled as he stared at Yunxiao in shock and anger and roared in a deep voice, “You have a rainbow stone?”

Many of the other people knew what a rainbow stone was, but at this moment, no one had the time to think about it.

Even ning Kewei, who was in the crowd in the distance, trembled slightly when he heard the words “rainbow stone,” but he soon regained his calm.

Wei Qing also frowned and gave Yunxiao a cold look. He felt that the young man had a lot of secrets, but it was just a thought that flashed through his mind before he returned to his current state with a worried face.

Even for someone as powerful as him, 70 – 80% of his power had been suppressed, and he could only use 20 – 30% of his power. He might not even be able to defeat those meritorious officials, let alone the fighting ghost king.

Yunxiao glanced at Chu Shengfeng and said, “What does the rainbow stone have to do with you?”

“Why didn’t you tell me earlier?”

Yu Shengfeng's eyes burst open, spewing out boundless anger. If it wasn't for the special situation here, he would have rushed up to kill and seize the stone on the spot.

Bo Yuqing's eyes also flashed with shock, his face turning gloomy.

why should I tell you? What are you to me?"

"Argh! You, you, you, damn it! This old man really regrets not skinning you alive!"

Yu Shengfeng was so angry that he started wailing. The importance of the rainbow stone to him was self-evident.

if you have what it takes, go and skin this ghost king first, " Yunxiao said coldly. otherwise, the rainbow stone in my hand will most likely be snatched away by him.

Wei Qing also said,"Sir Chu Shengfeng, we should all work together at this moment, let's not waste any more time." &Nbsp;

After long qianmiao's defeat, the only thing that wasn't suppressed by the power of reincarnation was min Shengfeng's demonic energy. That was why Wei Qing valued him greatly.

"Hmph!" Yu Shengfeng's face was extremely gloomy and discontented. He gave Yunxiao a fierce glare before he temporarily stopped.

"What? Chu Shengfeng?"

Many people were shocked when they heard this name and began to discuss it.

All kinds of gazes were cast over from the distance, as if they were in disbelief.

Ning keyun was shocked,"it's him?" How ... How is this possible?"

no wonder, ” ning Kewei said. I was wondering why such a character suddenly appeared in the sea of soul formation. Is the world going to be in chaos? ” However, the continuous changes in the red moon City are already the beginning of chaos.”

Ning keyun’s face was heavy and she was silent.

The major events that had happened in the realm of heavenly martial arts in the past few decades were not as many as today’s.

The great change of the red moon City, the great void Dao fruit, the blood of the true dragon, the ghost Asura, the demon clan’s armillary sphere, Noah’s boat, the appearance of the ghost king, ” victorious wind ”

Every single one of them was a major event that would shock the entire world. Now that they were happening all at once, their nerves were numbed from the stimulation.

Xuan Hua and Liu Feiyan’s expressions turned serious. Once Yu Shengfeng’s identity was exposed, they were afraid that it would lead to unimaginable consequences.

However, he had already revealed his strength in front of the world’s heroes. It was impossible to hide his identity anymore.

let’s work together. Hehehehe, do you still want to struggle? ”

The ghost king laughed hideously and stuck out his long Scarlet tongue. He flicked it up and down, and his eyes flashed with killing intent. He said coldly, ” “Except for Jiuli division, kill everyone!”

Although he had used all his power, he was still bound by the contract with li. If he killed li, he would suffer an unimaginable backlash for breaking the contract.

The thirty-three gongcao’s eyes lit up. They immediately attacked and rushed toward the crowd.

All kinds of green lights flashed in the sky, and human figures flew around.

“BOOM!”

One of the meritorious officers slammed his palm down, and the crowd that was hiding in the corner was instantly blasted to death, blood and flesh flying everywhere.

“Argh! Quickly run!”

“Where are you going? F * ck!”

The wheel was only so big, and the outside was an illusory space. If one fell in, they would die without a doubt.

Some cultivators gritted their teeth. Since they would die if they stayed, they might as well try. They jumped into the void and died on the spot with a “ bang “. Their flesh and blood could be seen, and they were completely turned into nothingness.

“?!”

Countless gasps of cold air sounded. Those martial artists who were also prepared to jump out were all scared until their faces turned pale and they hurriedly retreated.

This time, everyone was in a mess. They cried and screamed as they ran for their lives on the wheel, and all kinds of frightened curses came one after another.

The thirty-three merit officers were like killing machines, shuttling back and forth on the big wheel at an extremely fast speed. Every move they made would definitely cause blood and flesh to fly, and a large number of people would die.

...

“Attack!” Ning Kewei said in a deep voice.

At this moment, he could no longer stand by and watch.

Although his cultivation method was damaged and he was suppressed by the power of reincarnation, a skinny camel was still bigger than a horse. With a flash of golden light, he swept his dagger-ax over.

“Bang!”

The flowing light directly slashed at one of the Meritorious Service officers, causing a faint light to flash, but it could not break through.

The merit officer’s expression was still wooden. He took a step forward along the dagger-axe and slapped down with one hand.

Ning Kewei’s face darkened. He turned his spear and protected himself with a golden light.

“Bang!”

The merit Cao’s palm pushed forward and pressed down on the dancing light, shaking up countless runes.

Ning Kewei took a few steps back and stepped back with the tip of his foot to withstand the impact. He grinned and said, “ you’re nothing more than this. Take this, black silk turns into snow!

“Buzz buzz buzz!”

...

Countless golden lights surged on the dagger-axe and flowed under the suppression of the merit Cao. Several cold lights flew out and turned into a white light, like green silk turning into snow!

“Bang!”

The meritorious caretaker was pushed back, but he would rather turn his dagger-axe and chase after the other party. He directly stabbed into the other party's chest and came out.

“What? That's Yingluo.”

Everyone was shocked by the aftershock of the battle. It was the first time someone had injured a meritorious advisor, so they couldn't help but focus their eyes on it.

“Yi, good and bad are mixed together. I didn't think that there would be such an expert among the trash.” A look of surprise flashed across the ghost king's face, followed by a mocking expression.

“Ah? He's Yingluo!”

All the experts were shocked. Although they were dressed in white, the flying halberds and the aura on their bodies could not be hidden from everyone's eyes and ears.

Wei Qing had noticed him the moment he made his move. He was so angry that his face turned green and he said coldly, “Duanmu Youyu, you actually managed to save him. Do you want to go against me?!”

At the same time, the shock in everyone's heart was indescribable. They would rather have been killed by him before. That was absolutely true. Could there really be a way to bring the dead back to life in this world?

Wei Qing also found it hard to accept. He had killed Ning Ke with his own hands, so she was definitely dead at that time. How could she have been resurrected?

As he thought of this, he actually became a little dazed in this chaotic environment.

Duanmu Youyu saw that he was in a daze and hurriedly said, "Lord Wei Qing, it's better for us to live than to die. It's better to think of a way to break open this profound artifact space. With one side losing and the other side gaining, these thirty-three merit Cao are enough to kill everyone."

Only then did Wei Qing come back to his senses. He immediately discovered that two meritorious officials had joined forces to attack him. One of them drew a palm with one hand and the other pinched his fingers.

Neither of them was strong. They were only ordinary peak nine-stars, probably only at the beginner level like Chen Qianyu.

However, as soon as he moved, a vast might pressed down from the sky. The power of reincarnation seeped into every pore and blood, and more than half of his power was instantly reduced.

Wei Qing's expression suddenly changed. He suddenly raised a mouthful of essence force, and the mountains and rivers unfolded in front of him like a painting. A vast golden light appeared, like a moat blocking in front of him.

"Bang!"

The power of the palm and the finger struck the picturesque landscape, and the scroll let out an extremely powerful weapon cry. It trembled violently for a few times before it was retracted in the air and flew back.

Wei Qing was shocked. Not only was everyone suppressed by the power of Samsara, but even the profound level weapons were suppressed by the Samsara wheel.

The picturesque landscape flew back, and the combined power of the two Meritorious Service officers suddenly arrived. He grabbed the scroll and blocked it horizontally!

"Bang!"

He only felt his arm go numb and was forced back a few dozen feet before he could stabilize his body. The veins on his forehead were protruding and he was covered in cold sweat.

Wei Qing felt extremely aggrieved as he was suppressed by two powerhouses at the peak of the Martial Emperor realm.

The rest of the people were also exhausted from dealing with the attacks. They had been beaten by the meritorious advisor to the point that they didn't have the strength to fight back at all. A few transcendent Saints could still resist, but the rest could only take a beating. In the end, there were people flying around on the Great Wheel of Samsara, and they were basically all running for their lives.

On the contrary, the ghost Asuras became the backbone of the resistance. Although the half-finished dragon blood couldn't completely resist the power of reincarnation, it was suppressed to a small extent. In addition to their ultimate bodies and fierce and unafraid of death, they could almost fight to a draw with the merit Cao.

"Everyone, don't run! We can't escape from here, so the only way out is to join hands and fight them!"

Long qianmiao let out a loud roar, and a Dragon's might shook the nine Heavens, causing the world to tremble.

Everyone's blood was immediately stirred. Since they would die if they ran, they might as well kill all these bastards!
