

The Eternal 1501

Chapter 1501-United battle

Immediately, a wave of hatred and ruthlessness spread through the crowd. All of them had determined looks on their faces as they roared and charged at the meritorious officials.

Long qianmiao also grabbed the heaven and earth invisible sword in the air. A sword light bloomed and instantly crushed the two advisors in front of him.

“Hmph, a centipede dies but never falls down. This King will personally send you to the West!”

The ghost king’s face darkened. He grabbed the reincarnation blade in the air and slashed it down.

“Bang!”

Long qianmiao raised his sword to meet the attack, and a terrifying force shook him away. Under the power of reincarnation, his body kept bleeding, and the hand holding the sword trembled.

The dragon tail that was wrapped around his waist suddenly unraveled, and rays of golden light bloomed. It was like a long whip that was flung out fiercely, causing ripples to appear.

“Haha, you’re already at your wit’s end?”

The ghost king laughed and his fingers turned into a claw. He grabbed in the air and the sky suddenly froze. A force caught the tail and it couldn’t move at all.

Long qianmiao’s heart sank. After the transformation, his opponent’s strength seemed to have reached another level, and he was completely suppressing him.

Could this be the power of the God Realm?

This terrifying thought rose in his heart, and his fighting spirit was constantly drooped.

“Hmph, have you already noticed the difference?”

The ghost king felt the change in his aura and couldn't help but sneer, “ forcing this King to use all of his trump cards will inevitably lead to a period of extreme weakness. This debt will be repaid with everything you have!

His eyes turned cold, and his five fingers were like sharp blades. He grabbed down and stabbed into the dragon's tail, causing blood to spurt out.

“Ah!”

Long qianren's body trembled in pain. He could no longer withstand the slash of the reincarnation blade and was sent flying again. A striking wound appeared on his chest, through which one could see his white bones.

The ghost king's expression turned cold. The blade light rose again and slashed down!

“Bang!”

A figure rushed over in an instant. Under the vibration of the ancient dust sword, Jade Dragons danced in the air, and the sound of the weapon accumulation was heard, blocking the power of the blade.

Yu Shengfeng's entire body was covered in black demonic patterns. He had three heads and six arms, and his expression was malevolent.

He gritted his teeth and held the reincarnation blade. The Dark Wheel on one of his arms flew out and slashed.

Then, the Royal carriage flew out and turned into a huge ruyi scepter that pressed down.

Long qianmiao was the pillar of support for everyone. If he collapsed, it would be a fatal blow to everyone's psychological state, let alone the competition of strength.

"Hmph, you're also a tough one. It's the same if I kill you first!"

After frowning, the ghost king grinned hideously and pressed down his blade.

"Pfft!"

Yu Shengfeng's body trembled and he spat out a mouthful of blood. The devil marks on his body surged wildly, but he still couldn't resist Samsara!

"Are we really going to die Here, Yingluo?"

Everyone felt a chill in their hearts. From the beginning to the end, they had never had such thoughts and thoughts.

After all, all the top figures in the realm of heavenly martial arts were gathered here. The seven sect Masters, the ten martial emperors, and the people from the two Holy Lands. No one would believe that such a powerful force could be wiped out.

However, it was not until long qianmiao was crippled, min Shengfeng was about to die, Wei Qing couldn't withstand the Joint Forces of two meritorious virtues, and countless other experts died in one move that the thought of a team wipe began to spread in everyone's mind.

Duanmu Cang's face turned pale as he asked, "brother, could it be that we've miscalculated before?" Everyone ended up like this?"

Duanmu Youyu's face was also filled with solemnness as he said, " I can't see any hope of escaping. The entire wheel is a place of reincarnation and slaughter. There's death Qi everywhere. Where is the way to survive? "

His face darkened, and a Jade-like golden light appeared on his body. Rows of Jade slips flew out and danced in the air.

Duanmu Cang was shocked, "brother, you're ..."

"Wait for me to use the deity mirror technique to see the secrets of heaven!" Duanmu Youyu said in a deep voice.

Just as Duanmu Cang was about to stop him, a ray of light flashed and a fist was thrown at him.

The Jade lots that filled the sky were suddenly pressed down. Duanmu Youyu's expression changed greatly. At the same time, the cold Jade ruler in his hand struck forward.

"Bang!"

The Jade ruler hit the Meritorious Service officer's arm, but it only pushed him back a little. The other party then pushed his fist forward and shook the Jade ruler away.

A large number of runes surged out from the Jade stick in front of Duanmu Youyu and shattered.

His expression suddenly changed, and endless anger flashed through his eyes.

"Brother, it's time to go," Duanmu Cang quickly said. There's no need to know the outcome. Let's think of a way to kill all these meritorious contributors first."

Duanmu Youyu's expression was solemn. these things can't be killed. Did you notice? the two meritorious officials who were killed by long qianmiao just now have come back to life again.

"What?"

Everyone was fighting with all their might and did not pay attention to this matter. After hearing Duanmu Youyu's words, they swept their gazes across the battlefield and could not help but suck in a breath of cold air. There were still thirty-three Meritorious Service Cao!

"Damn it, how can we fight this!"

Even the nine-star martial sovereigns and divine transcendence felt their hearts turn cold, let alone the martial artists with low strength.

I'm afraid there's an endless supply of these things," Yunxiao said in a deep voice. as long as the Great Wheel of Samsara is still here, they will never die. It seems that the key to breaking through is the ghost king. We have to kill him."

Xuan Hua smiled bitterly. it's easy to say. Who doesn't know that you have to kill the ghost king? you go and try.

I'll try," Yunxiao glanced at him and said. I'll try. He raised his hand, and a four-colored radiance appeared. The Tusita peak slowly flew up.

Xuan Hua was taken aback. He had just made a casual remark, but he did not expect Yunxiao to really want to make a move. But, what could he do with his meager strength? he was afraid that even the ghost king could not get within three feet of him.

...

The spiritual energy in his body circulated, but it was not suppressed by the power of reincarnation. Rings of light fluctuated.

Everyone was shocked as they looked at the vast power. Although it was not strong, it gave people a sense of solemnity and holiness.

"What kind of power is this?"

Xuan Hua was shocked, and his face revealed a strange expression.

Duanmu Youyu's pupils constricted and he exclaimed, "Spiritual energy?"

"Huala"

As soon as he said this, the people in the hall were in an uproar, and all of them looked shocked.

Above the nine Heavens martial sovereign, only the ten directions divine realm could condense the spirit power, which represented the Supreme and strongest power in the world.

The Emperor Qi of the nine Heavens suppressed everything because there were only level nine rules left in the world, and everything was under the rules.

But now, reincarnation was beyond the Three Realms and not within the five elements. The Emperor Qi was completely suppressed.

how many more secrets does this kid have?!

...

With a livid face, Wei Qing secretly made up his mind that if he could leave this place alive, he would capture Yunxiao and bring him back to the sacred zone to slice him up for research.

A merit officer's face was gloomy. He suddenly spread his five fingers and rushed over. The space was immediately suppressed and covered the sky.

Yunxiao snorted coldly. Suddenly, a silver light flickered on his body, and a huge body rushed out, heading directly toward the merit Cao.

"Bang!"

The merit officer's body was actually bounced back.

"What?"

Everyone was shocked as they looked below the silver light.

Woof!!

The sound of a bull came from within the silver light, and it gradually turned into a heaven patrolling bull. Its body was full of rotating runes, and it looked majestic.

Duanmu Cang was shocked and cried out, "it's this thing!" You've actually subdued it?"

Back in the black Tortoise Star Palace in the two world Mountain, she had also experienced it personally. She had seen how powerful this bull was. Her eyes lit up and she was elated.

This bull had the body of a divine Phoenix, forged with tenth-tier materials and the rules of the immortal state. Even if it was suppressed by the power of reincarnation, the impact would probably be extremely small. From the collision just now, it could be seen that it would not have a problem suppressing at least one merit Cao.

As soon as the bull appeared, it stood in front of Yunxiao, staring vigilantly in all directions while letting out a low growl and stomping its four hooves, sending waves rippling out from under its feet.

Liu Feiyan was stunned for a moment. such a cute cow is actually so powerful. What exactly did he go through all these years? he's become even more difficult to guess.

Xuan Hua snorted coldly and said, " birds of a feather flock together. He's surrounded by all sorts of strange things. He really doesn't change his old habits!

Liu Feiyan said slowly, "you used to be by his side all the time too"

Xuan Hua,"hehe."

After the heaven patrolling bullfighting bull repelled one of the advisors, several beams of light flashed across the sky. As if they were connected by heart, the number of advisors increased to four in an instant, and they joined forces to rush at Yunxiao.

"Swish!"

The heaven patrolling Bulldog raised its head and roared. With a stomp of its feet, countless green lights shot out and criss-crossed, forming a dense net that covered the entire sky.

"What?"

Not only was everyone shocked, but even the ghost king also became alarmed. He stared at the Azure net that covered the sky. There were several that passed by him, and an extremely strong binding force faintly transmitted over.

"Hmph!"

"What a joke!" The ghost king sneered.

A green light flashed in his eyes, and countless floating lights shot out from the wheel, instantly shattering the green net.

"Pfft!"

Yu Shengfeng, who was suppressed by his reincarnation blade, also spat out a mouthful of blood. His eyes were filled with anger and resentment.

“Hmph, weaklings only have the fate of being slaughtered. I can feel the uniqueness of your body, and there’s an extremely strange force that’s attracting me. Just be a fish on my anvil and let me fill my stomach, alright?”

The ghost king licked his lips with his long Scarlet tongue, then stretched it out in the air and licked towards Yu Sheng Feng.

The strong smell of blood, the visual stimulation of the blood, and the drooling saliva made long qianmiao, who was recuperating behind him, shiver. His face was extremely pale, and he thought that even if he exploded and died, he couldn’t let this thing eat him.

“F * ck!”

Yu Shengfeng’s face also turned deathly pale with a “shua” sound. After a cold shiver, he began to tremble violently. He suddenly let out a loud roar, and his body let out a light “bang” sound, as if his clothes had been torn. A strange force spread from his limbs and bones.

His eyes suddenly turned red. He flicked his wrist, and countless runes appeared on the ancient dust sword, pushing back the reincarnation blade.

“What? This power is so strong!”

“You’re actually hiding your strength?” the ghost king was shocked and cried out involuntarily. How is that possible?”

Chapter 1502-heavily injuring the ghost king

“Hmph!”

An ice-cold snort came from Xi Shengfeng’s mouth. It seemed to have transcended time and space, causing one to shiver.

All of a sudden, the ancient dust sword’s aura surged, and it let out a joyful cry. Many Jade Dragons flew out on their own and circled around the sword, releasing rings of sword intent.

“Clang!”

Countless runes were also activated on the blade of reincarnation, spreading out in circles and suppressing the ancient dust sword.

The ghost king’s face turned cold. if it’s not you, Who are you?! he shouted.

The change in Yu Shengfeng’s body attracted everyone’s attention, but they were all puzzled.

It was already unbelievable that such a person could survive until now, so no one would be surprised if any changes happened to him.

Moreover, in this dead land, if there was life, everyone would be happy to see it.

Only Xuan Hua, Liu Feiyan, and Bo Yuqing showed great concern in their eyes. Yunxiao’s pupils also constricted, and his heart twitched as he cried out in surprise, “Ah!”

Xuan Hua was startled and hurriedly turned his head around, saying, “What’s wrong?”

Yunxiao’s eyes were fixed on Chu Shengfeng, and his face was filled with horror. A guess suddenly emerged in his heart, but he could not confirm it.

“It’s fine, it was just a false alarm.” Yunxiao sighed slowly.

Xuan Hua’s heart jumped, and he shouted, “ ugly people do many strange things. It’s really you! Even the tone is the same!”

His eyes shone as he stared at Yunxiao. In addition to extreme surprise, there was also great anticipation on his face.

With the exception of a few people, everyone looked suspicious as they tried to guess Yunxiao's identity from their looks.

Yunxiao frowned. why are you making a fuss at a time like this? let's talk about it when we can get out of here alive.

"Hahaha!"

Xuan Hua laughed, seeming to be in a very good mood. He was nine-percent sure of Yunxiao's identity before, but now it had become ten-percent.

Liu Feiyan also laughed lightly, like a fairy among lotuses. Her slightly disheveled face also relaxed a lot.

Wei Qing, on the other hand, was shocked. Yunxiao had only risen to power a few years ago, so how could he know two titled martial sovereigns? he had a vague bad feeling in his heart, but he just found it ridiculous and hard to believe.

Xuan Hua said,"what were you shocked about just now?" There aren't many things that can make you lose your composure."

this is not the time to talk, " Yunxiao said. let me give him a hand. His figure flashed, and a weak bolt of lightning flickered with a "pa" sound before disappearing into the sky.

Everyone's heart trembled. To be able to use such an escape technique under the suppression of the reincarnation power, he had indeed cultivated spirit power.

In an instant, Yunxiao appeared above the ghost king, and the Tusita heavenly peak in his hand was activated to the extreme, with ancient runes dancing all over the sky.

He flipped his right hand and slapped it down.

The mountain suddenly emitted four-colored rays of light. The mountain continued to grow in size as it fell from the sky.

The ghost king's face was filled with shock and anger. The reincarnation blade in his hand was suddenly pressed down by Yu Shengfeng, as if it was about to turn over. The four-colored mountain peak fell from the sky. One look and one could tell that it was a powerful heavy profound level weapon, specially used for bombarding.

He was still a few hundred feet away from the Tusita peak, but he could already feel the terrifying pressure. The space around him kept exploding with loud bangs.

“Hmph!”

He snorted coldly. Although the power of this profound level weapon had surprised him, under the Great Wheel of Samsara, everything except Saint weapons was suppressed. Even the ancient dust sword, which was so powerful, began to weaken after the explosion.

Although Yu Shengfeng had become a bit strange and his power was surging, it was still wishful thinking to try to turn the situation around.

As for the mountain peak in the sky, it was nothing in its eyes. With a contemptuous sneer, it clenched its fist and suddenly punched it.

A wave of fist power revolved around him and suddenly shot up into the sky.

“BOOM!”

In an instant, the fist will shattered the moment it touched the Tusita heavenly peak, and its shocking power accelerated.

Yunxiao performed an incantation gesture with both hands and gave a loud cry. Then, an incantation seal rolled in the air and slammed into the mountain!

“BOOM!”

The ghost king shuddered and before he could react, the Tusita peak hit the tip of his fist!

“Pi pa Pi pa!”

The sound of bones cracking came from his arm, followed by a loud boom. He was shaken by the Tusita peak!

Everyone’s heart jerked violently as they looked at the four-colored mountain peak in horror. Only Beifeng Nan and Teng Guang revealed a knowing smile.

This object was the original power of the earth element, one of the five elements that built the world. Other than the heavenly Dao itself, there was nothing else that could suppress it.

Beifeng Nan naturally knew how powerful this thing was, and Teng Guang had personally tested it once. With just a touch, his fist bones were shattered, but the ghost king still smashed down like this. It was already very powerful that he wasn’t crushed into pieces.

At the thought of this, Teng Guang could not help but shiver. He gave Yunxiao a resentful look.

As expected, under the Tusita peak, cracks appeared on the ghost king’s armor-like body. He was no longer calm!

Yu Shengfeng’s pupils shrank and he immediately seized the opportunity. He shouted, “Holy light jade Dragon slash!”

Countless Golden Jade Dragons gushed out from the ancient dust sword and rushed toward the ghost king who was suppressed by the Tusita Sky Mountain.

Long Qianmiao, who was behind him, also leaped into the air. He swung out his true dragon sword, forming a beam of light and slashing out.

heaven and earth can't do anything ... Behead sin!

The two of them were both experienced and astute people, so they naturally would not give up this excellent opportunity to make a move.

Two streaks of sword Qi streaked across the sky and slashed over in a cross!

“BOOM!”

...

A Halo of light burst out from the bottom of the Tusita heavenly peak, shooting in all directions.

Yunxiao's face was filled with horror. The mountain had been shaken by two sword auras, which was simply incredible.

He formed hand seals with both hands and grabbed in the air, sucking the Tusita heavenly peak up.

Everyone looked at the profound level weapon in shock. Their hearts were beating like little drums and their foreheads were full of cold sweat.

Teng Guang's face was also somewhat pale. He didn't think that this thing would be so powerful. It seemed that he was lucky to have broken some bones in his hand.

However, even though they were shocked, everyone could see the weakness of this object. It was not fast enough. As long as they were careful, they would not be hit.

After the Tushita sky peak was withdrawn, the ghost king's entire body was shriveled as if it had been deformed. There were two terrifying sword marks on his body, and the sword Qi had penetrated through his back.

His entire body fell onto the Samsara wheel. He couldn't stand steadily and kept retreating several steps, his face deathly pale.

"Still not dead?"

The entire arena was so quiet that even breathing could be heard.

let's kill him together! Yunxiao suddenly shouted.

...

His body flickered as he took out the Tushita heavenly peak again and smashed it over.

The ghost king's pupils contracted, and a look of fear flashed through his eyes. This time, even a fool would know how powerful this thing was. Who would dare to take it head-on? he forced his body to flash, and disappeared from where he was.

"BOOM!"

The Tusita heavenly peak landed directly on the wheel, shaking the earth and the mountains. Everyone was thrown back and couldn't stand steadily.

Yu Shengfeng raised his sword and chased.

Suddenly, several rays of light appeared and transformed into Cao Cao in front of the ghost king. A total of eight people joined forces and attacked Yu Sheng Feng.

"Go to hell!"

Yu Shengfeng's expression turned cold. His sword Qi soared into the sky, and countless Jade Dragons flew out.

“Bang! Bang! Bang! Bang! Bang! Bang!”

Those merit officers only had the power of a nine-stars Martial Emperor. How could they be a match for a single sword strike from Chu Shengfeng? moreover, Chu Shengfeng, who had become extremely strange, seemed to have increased his power by a large margin. The eight merit officers instantly exploded and turned into balls of green gas.

Only then did everyone clearly see the revival process of these meritorious virtues. After they died, the green gas was immediately absorbed by the big wheel. Then, runes surged around them and condensed into bodies again.

After the eight advisors were killed, the rest of them rushed over and surrounded the ghost king, their expressions grave.

It could be seen that the ghost king was indeed seriously injured. Without making a sound, he directly sat down cross-legged and began to regulate his breathing.

The wheel spun even more violently, and the eight reincarnated advisors returned, surrounding the ghost king in the center.

“Everyone, attack together!” Yu Shengfeng shouted.

He took the lead and raised his large sword. Endless sword intent gushed out and the surging power spread out, instantly giving everyone a glimmer of hope and joy.

Yunxiao and the others looked at him in surprise, as if he had become a completely different person. Not only his demeanor and movements, but also his strength, which was much stronger than before.

Bo Yuqing's eyes also revealed shock and confusion.

Although it was a little strange, now was not the time to think about these things. Everyone suddenly attacked, and the anger that was suppressed by Gong Cao exploded in an instant, their power soaring to the sky.

Yunxiao raised his hand again. Rings of energy spread out in his palm, and the Tusita peak emerged, then he threw it directly at the ghost king.

“BOOM!”

The air above the wheel exploded continuously, turning into boundless waves of air that blasted in all directions.

The thirty-three gongcao below had all escaped. With their strength, they would probably die if they were hit by the mountain.

The ghost king's body turned again and disappeared on the spot.

“Bang!”

The four-colored mountain once again smashed onto the wheel, causing heaven and earth to tremble.

Everyone felt this tremendous force and was both surprised and delighted.

Yunxiao could not help frowning. It was indeed not easy to smash like this, and with his strength, he could only do it three or four times at most.

“Whoosh! Whoosh! Whoosh!”

Suddenly, Three Shadows appeared. Three Meritorious Service officers appeared around him and attacked him fiercely, as if they did not want to give him any more chances to attack.

“Hmph!”

Yunxiao snorted lightly as he took a step forward and cast the three advisors aside before he rode on the Iron Bull’s back.

Everyone looked at his leisurely appearance and felt so aggrieved that they wanted to vomit blood. Even divine transcendence had been suppressed, but he was completely fine.

The ghost king sat in the distance, staring at Yunxiao with infinite killing intent in his eyes.

Under Chu Shengfeng’s lead, everyone kept gaining the upper hand and killed the meritorious advisors. Every time his sword fell, two or three meritorious advisors would be scattered.

All of a sudden, Yu Shengfeng’s brows furrowed and his eyes shot out rays of light. They were abnormally bright, like night pearls that were resplendent.

Chapter 1503-falling into despair again

“Master, what’s wrong?”

Bo Yuqing was the first to notice his condition and hurriedly went forward to observe.

“Bang!”

Suddenly, a ball of energy exploded from Yu Shengfeng’s body and sent him flying.

Fortunately, the power wasn’t too strong. Bo Yuqing’s qi and blood only rolled a few times before he stood firm. However, his eyes were filled with horror as he exclaimed, “Master!”

Yu Shengfeng’s eyes flickered with light. He held the sword in one hand and stabbed it into the Samsara wheel, not moving like a statue.

“Sir Chu Shengfeng, what’s wrong?” Wei Qing was also shocked.

At this moment, Yu Shengfeng was the pillar of support in everyone’s hearts, and also the hope of escaping. No one wanted anything to happen to him.

“Hmph!”

Yu Shengfeng suddenly snorted, and no one knew what he meant. After that, there was no more movement, and he continued to be in his sculpture state.

Yunxiao’s pupils constricted, and he was shocked. What he saw in his eyes finally confirmed his previous guess.

The strange light in Yu Shengfeng’s eyes at this moment was the soul Fire that he had projected, and it was two completely different soul fires!

There were two souls hidden in this body. One of them was Yu Shengfeng, and the other was the original owner of this body-Yu Yixian!

Yunxiao was dumbfounded. He was already considered a monster if Yu Shengfeng was not dead, but now he found that Yu Yixian was not dead either. What was this? The Demon King?

Some strange thoughts flashed through his mind, and he suddenly saw beifeng Nan, who was desperately killing enemies in front of him. He was stunned for a moment, and felt that Yu Shengfeng was normal.

“I see!”

Yu Shengfeng suddenly said in a strange manner. The soul Flame in his eyes flickered and changed continuously.

“My Lord, what’s wrong?”

Long qianmiao asked in a deep voice, his eyes revealing his worry.

After Yu Shengfeng stopped, the remaining people couldn't block the counterattack of the thirty-three merit Cao.

Only divine transcendents could barely fight against one or two of them. As for the rest, only Qiu Mujie, Bo Yuqing, Luo Qingyun, and the many ghost Asuras could resist one or two of them.

Suddenly, four Meritorious Service advisors appeared in the sky. They formed hand seals and joined hands to form a combined attack. They directly slammed down from the sky towards Yu Shengfeng!

Yu Shengfeng's face sank and he suddenly let out a roar, "You can't do it, let this Lord do it!"

A burst of energy exploded from his body and spread in all directions.

Then, his aura dropped sharply, and his face became distorted as he shouted, "Dammit! Yu Yixian, you actually set up a trap to harm your own descendants, you damn thing!"

His voice came into everyone's ears. Except for Bo Yuqing and Yunxiao, the others were all at a loss, not knowing what was going on. The only thing they knew was that he was in big trouble.

"What? Yu, Yu Yixian!"

Bo Yuqing's face turned pale, his eyes almost popping out.

Yunxiao sighed inwardly. It was just as he had guessed. With a flash, he disappeared from where he was with the heaven-patrolling bull and teleported directly above Gu Shengfeng.

The eyes of the Bulldog glowed like gemstones. It pushed its horns up and a wave of power rose into the sky.

Meanwhile, Yunxiao performed an incantation gesture with one hand, and a strange light flashed in his left eye, turning everything he saw into nothingness.

The four meritorious advisors' bodies froze as they were fixed in place by the pupils. The power in their bodies rapidly drained away, and not only that, the surrounding space began to twist and spin.

After that, the strength of the Iron Bull soared into the sky and blasted onto the four of them, causing light to shoot out in all directions.

“Clang”

A wave of sword radiance swept over, engulfing the four of them. They exploded into green gas and were absorbed by the wheel.

The last sword ray was slashed out by Bo Yuqing. He had the power of aegirine and wasn't suppressed by the power of Samsara, so he could strike freely.

After that, he flew down and landed beside Yu Shengfeng. He said anxiously, “Master, how can I help you?”

A struggle could be seen in Yu Shengfeng's eyes. It was obvious that he was having a battle in his heart. He roared again and again, and a terrifying force exploded, sending Bo Yuqing flying again.

I'm afraid he can't make it,” Yunxiao said. The two of them are fighting for the possession of the body, and they can't care about the outside world. We can only leave this matter to fate.

Bo Yuqing didn't know what to do and said awkwardly, “What should we do now?”

Yunxiao glared at him and said, “What should we do? Of course, it's to kill the ghost king!”

“Eh?!”

Bo Yuqing responded, his appearance in a mess. His figure flashed and he rushed into those merit Cao to fight.

the power of the Meritorious Service Cao is coming from the Great Wheel of Samsara, and the power of the Great Wheel of Samsara seems to be endless. This doesn't make sense! long qianmiao said in a deep voice.

Everyone was equally confused. Even if Shang had the armillary sphere, he would not be able to withstand the power of any profound level weapon if he used it for a few hours. However, the wheel of Samsara seemed to be spinning without any restraint.

Teng Guang smiled bitterly, " I've already said before that this is not an ordinary profound level weapon. It's an array weapon. Moreover, it's made by extracting the power of reincarnation. Even I can't understand the laws contained in it. Now, I'm guessing that this place is most likely a projection of the true place of reincarnation."

"A projection of reincarnation?"

"Tengguang, the things you're saying are getting more and more unreliable," Duanmu Youyu said in shock.

Teng Guang said, " I also want to be more reliable. However, as long as this work is not destroyed, the wheel will not stop. How do you want me to explain it in a more reliable way? "

Wei Qing glared at the demon clansmen and gritted his teeth, " what the hell did you summon?!

"Hmph!"

Shang only snorted coldly and ignored them, continuing to focus on defense, resisting the attacks of the few advisors.

we can't go on like this, " long qianmiao said in a deep voice. the ghost king's recovery speed is extremely fast. Once he recovers, no one will be able to escape.

...

Wei Qing looked at Chu Shengfeng's state and knew that he couldn't count on him. He immediately shouted, " whoever has a way to break out, no matter what idea or method you have, just say it out. We can only try it as a last resort now!

Xuan Hua smiled bitterly. if there was a way, I would have used it long ago. Why would I wait until now?
"

you only know how to pour cold water on me! Wei Qing said angrily. it's useless!

Xuan Hua also flew into a rage. you're f*cking useful! Go! he shouted.

shut up! long qianmiao said in a low voice. He looked at Shang and said, " Mr Shang, if you want to break through this place now, it is impossible with normal Xuan artifacts and cultivation techniques. Can your armillary sphere be of use? "

my body is damaged, " Shang said coldly. if I use the armillary sphere by force, it'll be fine if I can break the wheel of Samsara. If I can't, I'm afraid the profound level weapon will backfire on me and I'll probably fall from my cultivation level.

His face turned cold as he glared at Li Yi, his killing intent overflowing, " "This is all thanks to this friend of yours from the human race!"

Li Yi's body trembled as he quickly hid behind him. He did not dare to meet his gaze.

if you can use the power of your Saint weapon to create a crack in this space, I can use the heaven and earth invisible sword to tear it open. Then, we can escape! long Qianyun said.

Shang frowned and thought for a moment before gritting his teeth. "Good! I'll try my best, but if I can escape, you can't attack me again!"

"Of course!" Long Qianyun replied. I promise that if everyone can get out of here alive, I will kill anyone who dares to harm you with my sword!"

...

"Don't!"

Suddenly, Li shouted. Her injuries had not fully recovered yet. Her shout aggravated her internal injuries again, and she spat out a mouthful of blood.

Shang hurried forward to help her up, and asked with concern, "Li, just rest well."

Li reached out and grabbed Shang's arm, shaking it. Lord Shang, it's useless. This wheel of Samsara is just like what Mister Teng Guang said. It's a projection of the power of Samsara. The armillary sphere's power is derived from martial arts. It can't be broken.

but we're in a desperate situation. We have to try. We can't just sit here and wait for death," Yi said with a frown.

Li hurriedly hugged his arm and refused to let go. Two lines of tears flowed down and she sobbed in a low voice, "Lord Shang, even if what you say makes sense, I can't just watch you die. With your broken body, you will definitely suffer the backlash of the armillary sphere and the impact of the power of reincarnation. Even if you transform into the true body of the calamity, you will not be able to escape death."

"Pa!"

Shang grabbed her arm and pried it away, saying indifferently, "I've never been afraid of death. I'm only afraid that I'll stay in the same place and never be able to take a step forward."

Li's eyes were filled with tears that kept flowing down. He cried, "It's all my fault. It's all my fault for creating this monster."

Watching the two of them say goodbye, Han Junting could not help but move a little, as if she wanted to say something, and then she looked at Yunxiao.

"Keyun, what's wrong?" Ning Kewei suddenly asked.

Ning Keyun pursed her lips and finally sighed. "No, I didn't,"

Ning Kewei said, "Alas, you're my daughter after all. How can you hide your troubles from me?" "Do you have a way to leave this place?"

Ning Keyun trembled, and there was a difficult look in her eyes. She did not say a word, but only stole a glance at Yunxiao.

Ning Kewei frowned and said, "You mean that kid has a way to leave?"

Ning Keyun's heart was at war, and she didn't know what to do.

He had promised not to reveal Yunxiao's Noah's ship, so if he did, he would be breaking his promise. But if he did not say anything, would he really wait for the ghost king to recover and wipe out the whole team?

She was also very puzzled. How could Yunxiao still be so calm at a time like this? What was he thinking?

"Pfft!"

Suddenly, in the distance, Zi Xiao Ji's defensive barrier was broken by a merit Cao. A palm struck his chest, and he spat out a large mouthful of blood before being sent flying.

His face was extremely pale, and it was obvious that he was already an arrow at the end of its flight. He suddenly cried out, "Li Yunxiao, what are you waiting for at this time? Was he waiting for everyone to be wiped out? Quickly take out your Noah's ship!"

"What?"

Everyone was shocked by his words!

Everyone turned around in a flurry and stared at Yunxiao in shock.

Shang, who was about to fight to the death, suddenly stopped and looked up in surprise. In an instant, countless eyes focused on Yunxiao!

Chapter 1504

1504 The last hope

Shang, who was about to fight to the death, suddenly stopped and looked up in surprise. In an instant, countless eyes focused on Yunxiao!

There was a strange look on Shang's face. He knew that Yunxiao had a Supreme-grade Mystic artifact called the Jade tablet, which was definitely not Noah's ship.

Wei Qing was the first to react and said in shock, "Li Yunxiao has Noah's ship?"

Besides Zi Xiaoji, many people knew about this, and Yunxiao knew that he could no longer hide it. So, he could only smile wryly and say, "Lord Zi firmament Ji, you'll bring me a fatal disaster."

Yunxiao's words were equivalent to admitting it himself. Horror spread like a plague, and everyone was stunned.

The most famous profound level weapon among the human race, the thing that countless people had spent tens of thousands of years searching for, but could not find, was actually in Yunxiao's possession?

Ning Kewei was also shocked. He looked at ning keyun and said, " "You already knew?"

Ning keyun sighed. it was also in the great illusionary land. This kid took it out and showed it once. However, it seemed to belong to someone else. It was not him.

"Another person?"

Ning Kewei frowned and was very puzzled. But ning keyun did not say much, and he would know the answer soon, so he did not ask any more questions. Instead, he stared at Yunxiao with bright eyes.

With Noah's ship in his possession, the value of this child was immeasurable.

All the people present were the overlords of the world, and they also thought of the problem. They also thought of what Yunxiao had just said about 'seeking death', and it was probably true.

Now that he had personally admitted that the Noah's ship was on him, even if he could leave the Samsara wheel, he would be hunted down by everyone in the world.

Zi Xiao Ji continued to swallow pills, dodging left and right in an extremely sorry state, repeatedly shouting, " "At this time, there's no time to think. Everyone's depending on you to survive!"

Wei Qing also reacted. His eyes were filled with complicated emotions, but they were quickly swept away. He said seriously, Li Yunxiao, Zi Xiaoji is right. If you can resolve this crisis, it will be a blessing for the world!

the blessings of the world are my disasters," Yunxiao said with a wry smile. I suddenly feel that I'm so high and mighty that I have to sacrifice myself to save everyone.

"Don't worry. As long as you can get everyone out of this predicament, we won't have to worry about the evildoers. The Holy region will naturally stand on the side."

"Hmph, standing on his side is probably for Noah's ship, right?" Xuan Hua ridiculed.

“Shut up!”

“You prick!” Wei Qing shouted angrily, “you’re still going against me at a time like this!” I really regret not killing you at the first moment!”

Xuan Hua was also furious. Just as he was about to curse back at her, Liu Feiyang shot him a look and he suppressed his anger.

Liu Feiyang’s lips moved slightly and she said, “We’re in big trouble now. I’m afraid that Feiyang will be intercepted and killed after we repel the ghost king. We don’t even need to force the ghost king to retreat. Perhaps someone will attack as soon as we leave.”

Xuan Hua frowned, and a murderous look flashed in his eyes.

Liu Feiyang transmitted her voice again. so don’t be angry. Just focus on healing your injuries. Even if you fail this mission, you must protect Feiyang. You must not let anyone hurt him.

Xuan Hua nodded with a heavy expression and did not say anything else.

Yunxiao looked hesitant. In fact, he had long thought of leaving on Noah’s ship. First, he was afraid that the matter would be exposed, and it was best to keep it a secret. But now, it seemed impossible.

Secondly, he didn’t know if ye Fan had the confidence to leave, after all, this place was too strange, no one had ever come into contact with the power of reincarnation.

However, the current situation was urgent. If they didn’t try, they would really be wiped out here.

“Let me try.”

Ye fan’s voice came from the divine realm tablet, “Even if I can’t get out, I can try to break this wheel!”

alright! Yunxiao frowned and said, " I'll do my best!

A light flashed behind him, Ye Fan appeared, a golden light flashed on his forehead as a small boat appeared, growing to a foot in size in his palm.

Everyone's pupils contracted. Just as they were wondering why a young man had suddenly appeared, their hearts trembled as they were attracted by the small boat.

Although they were mentally prepared, they were still shocked when they saw the legendary Saint weapon.

"It's this item, it's this item, it's this item!"

Wei Qing's eyes lit up. Other than the ye family, the only other people who knew about Noah's ship were the sanctuary.

He had already studied all kinds of information countless times and tried to search the whole world, but to no avail. He didn't expect that it would be related to an inexplicable young man. At the same time, a question appeared in his mind. Who was this person?

Ning Kewei finally knew what the "other person" was. He was also shocked and confused, and his face was full of complicated feelings.

Ye Fan tossed the Noah's ship and instantly, a golden light shone. It expanded in the sky and countless golden runes surged out. The power of the treasure spread out, causing the entire Samsara wheel to be in a fight.

"That's Yingluo."

The ghost king was also shocked. It finally spoke for the first time since it was injured. He looked at the sky in horror and said in a daze, " A Saint artifact!"

Shang's heart was pounding as well, but his expression was grave. The armillary sphere in his body also sensed it, and he looked up at the sky with a complicated expression.

He had spent tens of thousands of years to completely refine the armillary sphere, but the young man in front of him was so young that he could use the Holy weapon so skillfully. This made him extremely shocked and emotional.

The ghost king's face suddenly turned cold as he shouted, "Kill that young man!"

The thirty-three gongcao instantly stopped killing. After a short pause, it suddenly rushed towards Ye Fan.

"Protect him!" Wei Qing shouted.

Everyone's heart trembled, and their fighting spirit rose.

The light was right in front of him, and the desire to live brought about endless potential. The aura seemed to have condensed into a powerful field, which reduced the power of reincarnation.

At this moment, everyone knew that their last hope, their only hope, was Noah's ship. Everyone immediately gathered toward Ye Fan and Yunxiao, surrounding them.

The seven ghost Asuras were at the outermost layer, and the rest had all died in battle. They were the vanguards on the outer layer, while the few transcendent and divine experts were on the second layer. The rest of the experts gathered in the middle.

Although Asura ghost's power was no match for the meritorious Minister under the suppression, he was not afraid of death. He recovered quickly and was fierce enough. With the countless experts behind him fighting desperately, he stabilized the battle.

Ye Fan continuously sent all kinds of seals into Noah's ship, golden light flickered as it gave off an extremely strong spatial power. Soon, rumbling sounds came from the ship's surroundings, as if an ancient door had been opened.

The ghost king was shocked and furious. He could also see the power of the Saint artifact. It was constantly emitting super strong spatial force, and the shape of the battleship was obviously for traveling.

...

If everyone left the Samsara wheel, he wouldn't have the confidence to kill them all. In his shock and anger, he couldn't care about healing his injuries anymore. He roared and soared into the sky.

With a Flash of the Blade, the reincarnation blade was formed again on the big wheel. He held it in his hand and slashed at it!

"Stop him!"

Wei Qing shouted and threw the picturesque landscape over.

At the same time, all kinds of profound level weapons flew up into the sky, all of them bombarding the blade light.

Everyone was working together, if they let the ghost king kill Ye Fan, it would be the same as killing all of them.

Under the power of the great Samsara wheel, everyone's profound level weapons were suppressed. Fortunately, there were many of them. As they rushed up to the sky, they completely suppressed the ghost King's Blade!

"Boom boom boom!"

Many profound level weapons exploded in the air, causing many cultivators to vomit blood from the backlash.

Picturesque mountain and river was also sent flying back and fell into Wei Qing's hands. It had lost all its spiritual energy and was like ordinary iron.

"Hmph, let's see how many of you can block this King's Blade!"

...

The ghost king looked at Noah's ship gloomily. He gritted his teeth and slashed out again. A cold light flashed as he flew out.

At the same time, the thirty-three merit Cao also began to attack crazily. Four of the seven ghost Asuras were instantly killed, and the remaining three were also struggling to hold on, their bodies covered in blood.

Feini and qigui were also killing their enemies in the crowd. At this moment, their eyes flashed with pain.

Among the four ghost Asuras who had just exploded and died were their companions, Zhang San and Li Si. Although they did not have a deep relationship usually, they could not help but feel a burst of pain in their hearts when they saw their former companions fall to such a state.

Long qianmiao shouted and flew up into the air. The true dragon Sword in his hand slashed out green shadows continuously, and the sword Qi made a deafening sound as it slashed toward the ghost king!

"BOOM!"

Long qianmiao's internal injuries were too severe, and he was sent flying with just one blow, leaving a trail of blood in the air.

"Die!"

The ghost king roared and ignored long qianmiao. He flashed toward Ye Fan.

Suddenly, a four-colored radiance appeared in the sky and the Tusita peak reappeared.

“?!”

The ghost king was shocked. He suddenly stopped and retreated. He didn't want to touch this thing a second time in his life.

Fortunately, the four-colored mountain was extremely slow. After he stabilized his mind, he snorted and charged forward again.

This time, he used his movement technique, his body was filled with after-images as he charged towards Ye Fan from different directions.

Suddenly, Yunxiao performed an incantation gesture with both hands, and the Tusita heavenly peak shook. Then, it split into two, then into three, then into countless, and suddenly, countless Tusita heavenly peaks burst out!

“?! What?”

The ghost king was shocked and immediately broke out in a cold sweat. This thing could transform into countless illusions?

In his short moment of shock, the sky was filled with distorted space, and a huge mountain was pouncing toward him.

“Retreat!”

He was shocked and quickly retreated. However, the sky was filled with the shadows of the mountains, and they were spinning along with the wheel. There was no way to retreat!

how is this possible?!

The ghost king was shocked. The reincarnation blade in his hand slashed out, and a vigorous and unparalleled power burst out. He didn't care about his internal injuries, and put all his strength into the blade!

“BOOM!”

Saber shadows filled the sky, and the illusion of a big wheel appeared among them, rushing toward the mountain peak that filled the sky!

“Boom boom boom!”

A boundless might surged in the sky and rings of light spread in all directions, causing the entire space to tremble.

Chapter 1505-falling short

“Eh, what's the ghost king doing? Are you trying to scare us with your power?”

Suddenly, someone was bewildered and raised the doubts in his heart.

I don't know. I guess he's under an illusion. Look at the light in li Yunxiao's eyes. It's so strange that it makes my hair stand on end. Someone immediately explained.

Everyone was taken aback and found it hard to believe that Yunxiao's illusion could fool the ghost king.

After the wheel trembled violently, the ghost king was taken aback and looked forward in shock. He saw Yunxiao, who was covered in cold sweat, staring at him with a mocking look.

“Aiyo, you're pretty good with the big saber. One more time.” Yunxiao clapped his hands and praised.

“?!”

The ghost king sucked in a breath of cold air, and his face turned pale. The mountain peaks that filled the sky just now were actually an illusion!

This kid’s illusionary technique actually deceived me?

The ghost king was instantly flustered. Furthermore, this was under the Samsara wheel, which was filled with the light of Samsara and suppressed all power.

In fact, it was his own inner demon that gave him a fright when he saw the Tusita peak, which was why Yunxiao seized the opportunity and dragged him into the illusion.

“Boom boom boom!”

Noah’s ship burst with a shocking light, and the surrounding space constantly distorted. The light shone for tens of thousands of feet, extending into infinity, and the world was shimmering with golden light.

A loud boom came from the wheel as if this force had stimulated its potential. It also shot out colorful lights and instantly split the heaven and earth in half. With the two profound level weapons as the center, they started to devour each other.

“This is the Suan ni, the light of reincarnation!”

“Not good, the light of reincarnation is devouring everything!” Teng Guang exclaimed.

Yunxiao’s eyes flickered, and in the depths of his eyes, an array slowly condensed in the void. It was a complete simulation and mirror image of the big wheel!

However, when the formation was formed, it collapsed at the same time, unable to take shape.

“Can’t the power of reincarnation be captured?”

A sharp pain suddenly came from his eyes. The array suddenly exploded, and a strange light shot out from his eyes. There was a shattering sound in his eyes, and two streams of blood flowed down.

“My husband!”

Feini had been paying attention to his condition and was even more shocked. She flew to his side and wrapped her arms around his arm, afraid that he would fall.

“I’m fine,” she said.

Yunxiao’s face darkened as he closed his eyes and let the blood flow. “This isn’t the real light of reincarnation. Just like what Li said, this wheel is just a projection of the light of reincarnation. It’s just this projection that has transformed into the real body.”

“A projection?”

Everyone was horrified. Just a projection could devour the light of Noah’s ship. If it was the real light of reincarnation, how terrifying would it be?

“Don’t even think about leaving!”

The ghost king was furious. He raised his blade again and turned into a green light, charging into the golden light and towards Ye Fan.

Everyone was greatly shocked. Seeing that their chances of survival were at hand, they all roared and used their ultimate skills. They no longer cared about the siege of the thirty-three merit Cao, and all of them attacked the ghost king.

However, the dozens of rays of light were instantly suppressed by the power of reincarnation. Under the projection of the light of reincarnation, no power could penetrate it.

Only long qianmiao's Qi of true dragon was left. He could barely break through, but it was too weak and was destroyed in an instant.

"Ah, this Yingluo."

Everyone was dumbfounded as they watched the ghost king slash towards Ye Fan.

Suddenly, a beam of light turned sharply, and Yunxiao suddenly appeared in front of Ye Fan. He transformed into a three-headed and six-armed transcendence golden body, which was covered in demonic patterns, and let out a loud cry as he attacked.

The Tusita heavenly peak was sent flying. The four-colored light was unafraid of the reincarnation as it rumbled and rumbled over.

The ghost king's face darkened, and his body flickered as he transformed into a green light and disappeared, avoiding the mountain.

In the blink of an eye, his true body appeared three feet away from Ye Fan and he roared as he slapped out.

Countless dazzling halos of light spread out from his palm. It was the power of reincarnation.

Yunxiao's face flickered. The projection of the light of reincarnation could not break through the golden light of Noah's ship for a while, so it shot out of his palm with the help of the ghost king.

Ye fan's body became dazed.

Yunxiao's figure flickered and teleported in front of Ye Fan. The four arms behind him quickly performed incantation gestures, and then he clasped his hands in front of him, from which a purple light spun out.

The purple light continued to emit strong light, and a fist-sized space was opened up by the golden light and the power of reincarnation.

“That’s Yingluo.”

Everyone’s hearts trembled. They didn’t understand what power in the world could resist these two vast forces.

Shang’s body trembled, and his eyes shot out cold rays as he mumbled, “Purple lightning, how can this be?”

His expression became complicated, and no one knew what he was thinking.

“Nine Heavens Lightning Dragon, annihilate the world!”

Yunxiao’s tightly closed eyes flew open, and they were bloodshot. His hands kept flying in the air as he suddenly slapped down!

The purple lightning instantly condensed into a mini Dragon and collided with the ghost king’s palm!

“BOOM!”

A terrible force exploded. The purple Thunderbolt was too rare, so it only lasted for a moment before it was devoured, and countless reincarnation power struck Yunxiao.

“Bang Bang Bang!”

His transcendence golden body was broken, and the meridians all over his body were broken under the power of reincarnation. The acupoints all over his body exploded, and blood shot out.

...

He was instantly sent flying and landed on the ground far away, spitting out large mouthfuls of blood.

“My husband!”

Panicking, feini spread her colorful wings and appeared next to Yunxiao in the blink of an eye.

The ghost king’s eyes darkened. He felt that Yunxiao was too dangerous. He glanced at Ye Fan and made up his mind to give Yunxiao another palm strike.

The power of reincarnation swirled in his palm, and he slapped down!

Yunxiao was shocked. He pushed feini away and shouted, “Let’s go!”

However, his Dharmakaya had collapsed and he could not push her. He only managed to stain her clothes with blood.

“I’m not going anywhere. We’ll die together!” Fei Ni laughed bitterly and said resolutely.

She unfurled her colorful wings, and streaks of Phoenix light flickered in the sky. Her expression was extremely calm.

“Feini, quickly go away!”

Long qianmiao’s eyes widened, and he roared in anger.

...

Feini turned a deaf ear to his words. His eyes gradually narrowed and he spread his hands in front of him, shooting out rays of light.

“Feng DU’s magic spirit!”

The shadow of a Phoenix suddenly appeared behind her. It slowly opened its eyes, and the power of reincarnation seemed to stagnate.

Then, the shadow continued to burn and somersaulted in the air before charging forward.

“Boom boom boom!”

The ghost king’s palm descended, and the power of reincarnation shattered everything. It pressed down on the illusory Phoenix, continuously extinguishing the flames.

“Bang!”

The Phoenix finally could not take it anymore and collapsed under the force of the palm. The power of reincarnation struck down and jolted into Fei NI’s body!

“Bang!”

Coughing out a mouthful of blood, feini was sent flying on the spot. The waves of energy from the palm swept everything on the ground, including Yunxiao, who was next to him, and threw him far away.

“Bang! Bang!”

The two of them fell far away one after another, their internal injuries worsening as they continuously spat out blood.

“Feini!”

Yunxiao and long qianmiao cried out at the same time, both of their voices extremely mournful.

Qi GUI's body was also trembling as he watched helplessly. His eyes were filled with anger, but he was helpless. He clenched his fists so tightly that they exploded.

Yunxiao struggled to his feet and walked shakily toward feini. The petite body lying on the ground in front of him was trembling and bleeding.

Xuan Hua and Liu Feiyan also trembled. They wanted to go forward, but they couldn't. They couldn't even protect themselves under the death of those people.

A large number of casualties appeared in the crowd again. Many people self-destructed their dantian in despair, dying together with the meritorious officials.

In the sky, the ghost king's face was gloomy. He was furious that Yunxiao was still alive, but there was no time. He could not care about Yunxiao anymore, so he flew toward Ye Fan.

"The human race's Supreme profound artifact, Noah's boat? What a pity, it's all in vain!"

The ghost king's expression turned serious as he struck out with his palm again, sending out a reincarnation power.

Ye fan's strength was nothing in his eyes. Even with the golden light of Noah's ship, it was impossible to compete with him.

Everyone's eyes revealed a look of despair, and their hearts sank to the bottom of the valley.

At this moment, there was no one who could stop the ghost king from killing this young man in front of him. With the death of this young man, all hope of escape would be completely destroyed. He only felt that his future was bleak.

Ye fan's expression changed greatly. Driving Noah's ship had already exhausted him, and at this moment, as Noah's ship's power continued to spread, he was shocked to find that he could no longer control himself.

At this moment, every incantation was not something he could do himself. It was an unconscious movement. A large number of incantations flew out of his hands that he did not recognize at all.

At this moment, seeing the ghost king's palm strike, he was completely unable to Dodge in his shock.

Suddenly, a strange mark appeared between his eyebrows. It looked like a half-moon, but also like a cluster of flames.

His entire aura changed as he drew a circle in front of him with one hand. Countless strange golden runes flew out and formed a few large, obscure characters in the air.

Ye Fan was shocked. Although he didn't mean to use this palm technique, he recognized it. It was the Prajna divine palm!

all techniques are void. Prajna divine palm!

Under the palm, all the techniques became empty. A Halo bloomed in front of his body, revealing a divine aura.

"What? This is Yingluo."

The ghost king was shocked. Under the reincarnation palm, he felt a powerful rebound. He was shocked and furious. He roared, "What kind of monsters are you? What's in their bodies?"

Everyone's face was filled with black lines. He actually called someone else a monster.

However, everyone was still shocked by the power Ye Fan displayed, and at the same time, they were happy.

no matter how powerful you are, I am a true God on the wheel. All of you, die!

The ghost king was completely mad, power surged out from his hand, the entire wheel shook, the power of reincarnation fell down and swallowed Ye Fan.

“BOOM!”

Ye Fan finally could not resist, he spat out a mouthful of blood, his aura fell as blood burst out of his body, he retreated.

The strange mark between his brows also disappeared.

Chapter 1506

1506 The death of the heavenly Phoenix?

Noah's ship also seemed to be affected. The light lost its sharpness and became gentle. The power of the weapon also gradually lowered.

Everyone's heart sank. The rising Hope seemed to be extinguished in an instant, and everything in front of them was dead.

“Hahahaha!”

The ghost king suddenly laughed out loud, feeling extremely proud. He looked down on the crowd and said coldly, at this moment, who else can fight me?!

His voice reverberated in the air, and the thirty-three Meritorious Service Cao stopped their attacks. They surrounded everyone with cold expressions and endless ridicule.

“Hmph, wait for this King to take this Saint artifact before coming to deal with you!”

The ghost king's face darkened, and he flew toward Noah's ship, his eyes filled with greed and excitement.

Yunxiao only raised his eyes to look at Ye Fan being sent flying. He did not have much of a reaction. Instead, he supported his body and walked to Feini's side with trembling hands.

why are you so stupid? this is fun, right? the fire Phoenix will become a blood Phoenix.

Yunxiao lost his balance and fell to the ground. His body was covered in blood, which mixed with Feini's blood.

Fei Ni's body was breaking down and blood was oozing out of his seven orifices. A hand reached over and grabbed his hand. "Then do you like my stupidity?"

"Of course I don't. I hate people who think they're smart."

"Hehe, I'm sorry to have made you hate me again."

"Forget it. I've always been surrounded by people like you. It doesn't matter if you're here."

Yunxiao waited for a while and said, "Hey, what's wrong? Are you alright?"

Feini's eyes slowly closed and her aura became weaker and weaker. Her life force was constantly flowing away.

"Hey, hey, what's the matter with you? You have the Nirvana body of the heavenly Phoenix, so you can be reborn directly."

Yunxiao shouted a few times, but there was no response.

Hey, hey, get up. Don't scare me!

Yunxiao grew anxious. He climbed onto her body and kept shaking her head while taking out a large number of heavenly materials and earthly treasures and stuffing them into her mouth. Then, he took a deep breath and condensed a divine flame in his palm, which looked like a lotus flower, before he slapped it down.

“Bang!”

The flames burned on Feini's body. The light shone on her face, making her look very peaceful.

“You have the heavenly Phoenix Nirvana body. With this divine fire, you can definitely be reborn.”

Under the burning of the flames, some color seemed to have returned to her face. It was unknown whether it was her vitality or the last radiance of her life, but she opened her eyes slightly.

As the divine fire burned, a layer of dense yellow light rose from her body, filled with divine power.

What a strong vitality! Yunxiao breathed a sigh of relief and said, “he should be fine.”

this ... This doesn't seem to be my power. Darling, I'm a little afraid. I'm afraid that I'll die and I won't be able to be with you.

Yunxiao's heart jolted, and the scene from before suddenly emerged in his mind.

“I'm a weak woman, I'm afraid.”

you're going to be a peak Martial Emperor soon. What are you afraid of?”

“I'm afraid of being blown away by the wind.”

“If it’s blown away, then it’s blown away. At most, I’ll get a head injury and bleed, but I won’t die.”

“I’m not afraid of death, I’m just afraid that I won’t be able to find you after I’m blown away.”

“It’s good that you can’t find it.”

“Husband, if I was killed by someone, would you be sad?”

“You have the Nirvana body of the heavenly Phoenix, and you will be reborn before you die. Isn’t it a good thing that you are getting stronger?”

“I’m saying if, what if he really died? For example, the ghost king’s attack just now. With such a powerful force, I wouldn’t have been able to reach Nirvana in time. I would have been turned into ashes.”

that’s good. If you continue to pester me like this, I’ll throw you over the next time the ghost king uses his ultimate move.

“You’re so annoying. If I die, you’ll regret it sooner or later!”

Yunxiao’s heart trembled, and he quickly said, “What nonsense are you talking about? this is clearly a very pure and holy Phoenix aura. You will be reborn from Nirvana soon.”

Feini moaned, “don’t lie to me. I know my body’s condition very well.” This time, it’s different from the past. That reincarnation power is so powerful that it directly destroyed my divine body. I feel like I’m really going to die this time.”

Yunxiao’s pupils constricted. With his magical spirit eyes, he could naturally see feini’s current state. Feini’s body had suffered great damage, and his vitality was constantly dissipating. The gradually dissipating divine aura seemed to be the final radiance of the setting sun.

Feini’s consciousness gradually blurred as she mumbled, “do you know? the saddest thing for me is not being able to see my husband ascend to the top of the world. You must escape and live well.

Yunxiao's throat made cracking sounds, but he could not say anything. He shook feini's body and shouted, "Don't talk nonsense! Pull yourself together, you won't die!"

Feini's consciousness did not seem to be awakened. It was getting more and more blurry as she muttered to herself, "Do you know what wish I made for that shooting star? You're right, it doesn't work at all, hehe."

"Stop talking! I must save you!"

Yunxiao's eyes were about to pop out of their sockets. A force suddenly surged out of nowhere, drew several runes in the air, and sent them directly into feini's body.

The power continued to pour in, but it could not restore her broken body. Her seven-colored demonic eyes were full of pain.

give up, li Yunxiao.

Suddenly, a figure walked behind him. It was long qianmiao, and he said seriously, "This is the origin light of the heavenly Phoenix. It is the divine power that a Phoenix will release before it dies."

"Heavenly Phoenix origin light?"

Yunxiao was taken aback. He felt that his injuries were slowly healing.

that's right, " long Qianyun said. the light is the essence of the Phoenix. It can heal all injuries, but it can't heal itself.

...

"I can't heal myself, hehe."

Yunxiao trembled, and his eyes widened as he roared, "Do you have a way to save him? You're the head of the long family, and you have the blood of a true dragon. You must have a way, right?"

Yunxiao jumped up and grabbed long qianmiao.

The heavenly Phoenix primordial light shone, and long qianmiao's injuries were recovering at a speed that was visible to the naked eye.

the only way to save her is to use the power of the Dragon essence and let her enter the divine transcendence realm. Long qianmiao said slowly.

"Dragon essence power Kasaya."

Yunxiao was taken aback. what if I output the power of dragon essence? " he said.

if I use the Dragon essence, " long qianren said, " my strength will fall back to the peak of nine-star.

Yunxiao's body trembled as he grabbed long qianmiao with one hand and said through gritted teeth, "Please, I beg you, I beg you to save her! I'll agree to any condition you have!"

li Yunxiao, " long qianren said expressionlessly, " it's not that I can't bear to watch you die. I'm the head of the long family. How can I die so easily? "

Yunxiao lowered his head, his eyes filled with tears of blood as he said in a trembling voice, "Mr. Long da, please save her!"

...

"Feini is my most beloved disciple, but I'm sorry!" Long qianmiao said in a deep voice.

Yunxiao felt weak all over as he stumbled back to feini's side. That day, the heavenly Phoenix's primordial light grew stronger and stronger. He bent down and picked feini up, saying, "I don't believe that other than Long Yuan, no one else in the world can save you!"

"You can't take her away!"

although feini is dead, " long qianmiao suddenly said, " she left behind the heavenly Phoenix Nirvana body. This vital bloodline body is the key to breaking the wheel of reincarnation.

what do you mean? " Yunxiao's eyes grew cold. what do you mean? "

"My dragon essence can save her," long Qianyun said."It'll help her break through to divine transcendence." At the same time, this Heavenly Phoenix origin light can also help me break through one more step, enough to defeat this ghost king!"

Yunxiao was furious and said coldly,'you want the power of feini's body? In your dreams!"

Long qianmiao sighed. I know you like her. How can I not like her? it's just that I can't control the situation.

I don't care who it is, " Yunxiao said angrily. in any case, it's wishful thinking if you want to touch feini!

li Yunxiao, " long qianmiao looked up and said, " you're still too young.

haha, long qianmiao, stop acting old in front of me!

whoever dares to touch her today will die! Yunxiao said fiercely.

Everyone in the distance looked over. When they heard long qianmiao say that there was still hope, their desire to live was ignited, and their eyes were filled with anticipation.

li Yunxiao, " Wei Qing said with a frown, " do you still remember what feini said before she died? "

"F * ck you! You're the one who's f * cking dead! Do you even know how to talk?"

Yunxiao flew into a rage and cursed.

Wei Qing's face turned green with anger, but he could only suppress his anger and gritted his teeth, " Alright, I misspoke! Do you remember what feini said just now? she wants you to live well, escape from here, and aim for the top of the world! Do you want to let her down?"

sacrifice feini's Nirvana body to escape? " Yunxiao sneered. do you think I can do that? "

li Yunxiao, " Yao Jinliang said coldly, " you can't be too selfish. Everyone's life is on the line, and you're saving yourself!

are you deaf? " Yunxiao said coldly. are you deaf? " I'll say it again, whoever has any ideas about feini today will die!"

"A!"

Xuan Hua sighed, gave a thumbs up, and said, " I support you! But you don't have to be too sad, we're all going to die together. We'll see each other again soon."

"Hmph!" Yunxiao snorted coldly with a gloomy look on his face.

Wei Qing's killing intent surged. He said coldly, " this is such a big matter. How can it be up to you? if you continue to be stubborn, you will be the first to die!

The rest of the people were also standing on the side with Wei Qing, all of them showing hostile expressions and gradually gathering around.

Long qianmiao frowned and said, " li Yunxiao, feini is a member of the long family. We should have the final say on how to deal with her body. What right do you have to do so? "

In the distance, the ghost king was rapidly making hand seals, constantly sending all kinds of incantations into Noah's ship. He was busy taking this item as his own. From time to time, he would glance over, and when he saw that everyone had fallen into an argument, he revealed a sneer and a mocking expression.

Although the Noah's ship was no longer under Ye fan's control, it was still extremely difficult to take it down. The ghost king put his hands together and shouted, " "Thirty-three meritorious virtues, return to your position!"

He didn't update today. He had wanted to make a big scene, but he had to go to Yangzhou at the last minute.

Chapter 1507-willful life

The thirty-three merit Cao that had been motionless on the Samsara wheel suddenly opened their eyes and flew up into the air, heading towards the ghost king.

A huge green skull appeared in the sky above the ghost king. Its eyes were empty and green flames were burning in them. It opened its mouth, revealing a pitch-black hole. There seemed to be an extremely strong suction force, and the thirty-three gongcao flew in.

"He's going to merge with the Samsara wheel in order to take Noah's ship!" Li was shocked.

"What do you mean by 'merge into one'?" Wei Qing asked in a deep voice.

Li Dao said, "even if you have me in you and I have you in me, this wheel will become a part of the ghost king's body." No wonder he doesn't care to kill us. As long as he can directly merge with this wheel, we will become a part of his body and will be directly melted by the light of reincarnation, turning into his nourishment."

it's too late! long qianmiao shouted. li Yunxiao, give me the heavenly Phoenix Nirvana body! His eyes were filled with anger.

The ghost head above the ghost king continued to devour the 33 gongcao. The ghost King's Own power gradually grew stronger and suppressed Noah's ship.

Ye Fan sat cross-legged in the distance healing. He didn't dare to move at all, his body was on the verge of collapsing. He could only force his injuries to not spread as he looked on bitterly at the ghost king taking Noah's ship.

"Haha, once I fuse with this wheel and this Saint artifact, I'll truly be invincible! Even if I kill Li, I'm confident that I can resist the backlash from the contract!"

The ghost king grinned hideously. The thirty-three Arts were all eaten by the ghostly shadow above him, and his strength continued to increase.

Under the ghost king's suppression, Noah's ship continued to shrink, and the light gradually shrank. It constantly trembled and struggled, but it was to no avail. It couldn't break free.

Li Yunxiao, "Duanmu Youyu said. although I really want to stand on your side, I really can't let you do as you please this time.

The crowd continued to close in, anger flashing in their eyes.

Yunxiao's face was cold as he performed an incantation gesture with one hand. Immediately, thirty-six Northern heaven cold star swords flew out and formed a formation in the air, then slowly descended and stabbed into the ground beside him.

The vast sword Qi spread out, just like his mood at the moment was cold. Everyone was in the Sea of Swords and could not help but shiver.

The Beiming family's Zhangsun Yu coldly said, "You want to use these thirty six profound armaments to scare people again? If you can't break the cycle of reincarnation, everyone will die. You can't scare anyone!"

A murderous look flickered in Yunxiao's eyes. Without saying a word, he raised one hand, and a long sword shot out. It spun in the air and then shot out.

"You coward!"

Zhangsun Yu was shocked and immediately retreated, trying to avoid the attack.

However, his power was severely suppressed by Samsara and he was severely injured at the moment. How could he Dodge? he was instantly cut into two!

"Swish!"

Fresh blood spurted out, as beautiful as fireworks, giving people a sense of sadness.

li Yunxiao, what are you doing? " everyone was shocked.

no, " Yunxiao said coldly. I won't say anything more to deaf.

Wei Qing was furious, he waved his hand and shouted, " "Kill!"

The crowd immediately approached him step by step. After all, Yunxiao was not suppressed by the power of reincarnation here, and the strength he had shown just now was really terrifying.

"Brother Yunxiao, I can't help you this time," Bo Yuqing sighed.

He raised his long sword, and rings of sword intent spread out from the blade and headed straight for Yunxiao.

li Yunxiao, " Luo Qingyun said with a frown. you're too willful this time. He also took out his long spear, and his Dragon's might shook.

Luo Qingyun, give me your Natal dragon essence, ” Yunxiao said, his eyes narrowing. I’ll do anything you want.

Luo Qingyun said, ”what do you mean by taking my Natal dragon essence and killing me?” If I ask you to destroy your martial Dao Foundation, would you be willing to do so?”

give me your Natal dragon essence, ” Yunxiao said. I’ll destroy it now.

“I’m sorry, but I can’t fulfill your request,” Luo Qingyun frowned and sighed.

I know it’s hard for you, ” Yunxiao nodded. but if you don’t have a good body, you can exchange it with your life!

Under the primordial light of the heavenly Phoenix, his injuries gradually healed. The thirty-six swords seemed to have sensed his killing intent, and they kept shaking on the ground, releasing their weapon reserves.

At the same time, he made a grabbing motion with his right hand, and the cold sword, Ice Frost, appeared. It glowed with a cold light in his hand.

“If I die, you will definitely regret it.”

“Do you regret it?”

Yunxiao recalled the voice in his mind as he looked up at the sky, his face filled with loneliness.

attack! long qianmiao shouted, ” attack!

He had also been healed by the heavenly Phoenix’s origin light, and most of his injuries had been healed. He was even more determined to obtain the heavenly Phoenix Nirvana body.

heaven and earth can't do anything ... Behead sin!

He used his ultimate move right from the start, trying to fight for time with the ghost king.

Bo Yuqing and Luo Qingyun also made their moves and rushed forward.

Several rays of light flashed in the air. Xuan Hua held the broken star bow in his hand and directly slashed at Bo Yuqing.

Liu Feiyan's sword Lotus Light flew out and appeared in front of Luo Qingyun in a flash, her long sword stabbing straight at him.

A figure suddenly appeared in front of long qianren. It was none other than beiming Nan. He swung his eternal sword and his left hand formed a circle in the air. A seven Illusion Green flag appeared in his palm and he slapped it down.

"BOOM!"

The two of them exchanged a single blow, and beifeng Nan was clearly no match for him. He was forced back dozens of Zhang, his face grave.

Wei Qing was furious. He roared, " Xuan Hua, Liu Feiyan, you two lunatics! Do you know what you're doing?!"

Xuan Hua chuckled and said, " of course I know. Although I also think that li Yunxiao is very willful, we should be willful when we should be willful in life.

"What's the point of living if you're not willful?" Liu Feiyan chuckled.

"Thank you," Yunxiao said.

...

Xuan Hua laughed, "hehe, you're too emotional."

I've always been an emotional person," Yunxiao said. I've always been a sentimental person.

Wei Qing was furious and shouted, "enough!" Xuan Hua, Liu Feiyan, this debt isn't so simple, this Lord will settle it with you all! Everyone, listen to my orders and kill these people!"

Yunxiao's act of protecting a body that was not ni Tianfeng had infuriated the crowd. At this time, regardless of whether they were top experts or titled martial sovereigns, the crowd surged and directly drowned Xuan Hua and Liu Feiyan. Beiming Nan was also overwhelmed and was beaten up so badly that he could not fight back.

Two streams of bloody tears flowed down from Yunxiao's eyes as he said, "I'm sorry everyone. Step by step, you've always been the ones blocking me and even dying for me. This kind of life is terrible. How I wish I was the one who died in front of them!"

Li Yunxiao, you're blaspheming feini's will!

Long qianmiao walked forward step by step and said in a deep voice, "From snatching the Dao fruit fragment to saving your life, feini hoped that you would reach the peak and rule the world. A man like this is the one she likes and has been pursuing. But now, you're going to die Here so easily."

haha, long qianmiao, no matter what you say today, I will not let you take another step forward!

I'll fly under this Sky One day," Yunxiao said coldly. I'll reach the peak of this world! However, I will have to rely on my own efforts and my own heart of martial arts, and not on the corpses of my friends to pave the way for me!"

The killing intent in long qianmiao's eyes grew stronger, and he said coldly, "If that's the case, you'll never have such a day!"

In a flash, he rushed into the sword array and turned into a stream of light, slashing at Yunxiao.

...

The entire sword formation was filled with the sound of weapons. Every sword was suppressed by long qianmiao's aura, and they kept on vibrating. Sword light flew everywhere.

Long qianmiao's figure appeared in an instant. The heaven and earth invisible sword let out a sharp whistle and stabbed at his heart.

Yunxiao smiled indifferently as he held feini with one hand and leaped backward. The sky darkened, and then the Tusita peak suddenly fell.

"Hmph!"

Long qianmiao shouted coldly. He naturally understood the power of this thing. He dodged it in a flash and continued to stab forward.

With a wave of his hand, the thirty-six swords soared into the sky, turning into thousands of spinning swords that suddenly slashed toward the center.

"Bang Bang Bang Bang!"

The swords trembled all over the sky. Long qianmiao shouted and slashed three times in a row. Countless Dragon shadows condensed around him and blasted in all directions!

"Single rainbow slash!"

Long qianmiao shook off all of the northern heaven frigid star swords, and then he struck down with sin-beheading, suppressing the space around him. He followed the sword and arrived.

But, he did not use all his strength in this strike. When Yunxiao fought with the ghost king, he was extremely afraid of the purple Thunder World breaking move, so he did not dare to use it with all his strength, in case he was found out.

Yunxiao's face turned cold as he stepped back. He was indeed preparing to injure his opponent with the purple Thunder, which was the only means he could use at the moment.

He could also see long qianmiao's fear, and he could not help but frown. This old fox was indeed a veteran. He could still be so cautious with a cultivation realm that was far beyond his own.

Suddenly, there was a flash of white light and a figure appeared in the sky. The golden light was blinding.

The water deity broke out of the divine realm tablet, raised her clumsy hands, and slashed at long qianmiao.

“What?”

The two of them were shocked at the same time, but their expressions were different.

come back! Yunxiao cried out anxiously. come back!

Long qianmiao's eyes turned cold, and he turned his sword to stab at the water deity.

“Roar!”

The Dragon Qi on the heaven and earth wayless sword trembled, and when it touched the golden sword, a blinding light was emitted.

The water deity was sent flying with a bang.

Yunxiao was shocked. He suddenly jumped up and grabbed her.

Immediately, two beauties were in his arms, and he could no longer hold his sword.

“Why did you come out?” he asked angrily.

Blood trickled down the corner of the water deity’s mouth. She looked at him reproachfully and said, “Liar, you liar!”

Yunxiao, ” Yunxiao said. how did I lie to you? ”

The water deity cried. you said that you would ask me to help you when you were in danger. You almost died a few times, but you didn’t ask me to help you.

Yunxiao’s heart warmed. these situations are too dangerous, ” he said with a sigh. you can’t stop them.

“It’s because it’s too dangerous that I want to help you,” said the water deity. “I trained in the sea Forest for so long so that I could help you, not be a burden,” she cried.

Chapter 1508-so much blood

Yunxiao comforted her. the situation is critical now, and it’s hard to explain for the time being. Go back to the divine realm tablet first. Don’t come out easily.

“No!”

“I’m not going back,” the water deity said firmly. Big sister feini blocked an attack for you and died. If there’s any more danger, let me block that attack for you.”

Yunxiao trembled and said angrily, ” “What nonsense are you talking about? Go back quickly!”

tsk, tsk, li Yunxiao, you Playboy! Not only did you deceive feini, but you also deceived so many innocent little girls! You're the Worst!

Long qianmiao laughed coldly, raised his sword, and charged forward. His eyes were filled with sharpness. At this moment, Yunxiao was surrounded by people, and it was the best chance to kill him.

"Single rainbow slash!"

The sword streaked across the sky, and the might of a true dragon roared. The sword Qi shook and created a green barrier.

"It's dangerous!"

"Be careful!"

"Be careful!"

"Bastard, don't move!"

Yunxiao was both anxious and angry. He hurriedly grabbed the two men and fled.

The sword Qi was too strong, and even if he had no one in his hands, he was not confident that he could take it. At this moment, he was even more anxious and retreated.

At the same time, he threw out a palm and gently patted the water deity's waist, pushing her away.

"No one can leave. Since this girl wants to sacrifice for you so much, why don't I fulfill your wish and make this so-called Stupid Love more heroic?"

The shadow of long qianmiao's sword spread out, and his body split into two, attacking Yunxiao and the water immortal at the same time.

“Don’t!”

Yunxiao roared. He did not care about his own comfort as he rushed toward the water deity.

There was no way the water deity could block such a powerful true dragon Sword Qi. As he watched the shadow of the sword descend, his scalp went numb.

“Swish!”

Blood splattered across the sky, and the water deity’s white robe was dyed red in an instant. She was like a narcissus flower floating in the wind as she was thrown far away.

“Don’t!”

Yunxiao roared and rushed over. A pain he had never felt before emerged in his heart, as if a knife was cutting his flesh, which was more painful than cutting his flesh.

He watched Feini die and water deity die.

Scenes of the past appeared in his mind. The death of Murong Zhu, Yuwen Bo, and Jiang Churan.

He suddenly felt that the world was very quiet and slow. Everything was happening at an extremely slow speed. He could even see the painful expression on water fairy’s face.

“Water fairy, water fairy!”

Yunxiao walked up to her in a few steps.

“Swish!”

Long qianmiao's other sword shadow also slashed down, and the sharp sword Qi pierced into his body. He still felt that it was very slow, and he could even feel his skin being cut open by the sword light. He felt the slight pain, and although it was very painful, it was far from the pain in his heart.

He felt that he could perfectly Dodge the sword, but for some reason, he did not want to take it. He even straightened his body, wanting to be stabbed by the sword.

Fresh blood gushed out as the Qi of true dragon entered his body, flowing through his limbs and bones, completely crushing all resistance.

He could use his spiritual energy to resist the purple lightning, but he didn't want to do that. Instead, he felt a sense of relief.

"Maybe it won't hurt so much if I die."

"Pfft!"

He fell to the ground, and the three of them fell together.

Long qianmiao's face turned cold. He raised his sword and wanted to strike again, but his hand stopped in the air. He said coldly, "A person who can't even protect himself, how can he protect the person he wants to protect? Although feini died for you, she was happy. At least she has no regrets. As a reward for extracting her Heavenly Phoenix Nirvana body, I won't kill you. Even though your current appearance has disappointed me!"

After he finished speaking, he stretched out his hand and grabbed in the air, pulling feini's body over. He held his arms in front of him and turned to leave.

"Put her down, put her down!"

Yunxiao struggled on the ground and kept crawling over, leaving a long trail of blood on the ground.

Long qianmiao turned around and looked at him. He sneered, " "Stray dog, get lost!"

With a loud cry, Yunxiao's body was sent flying by the force of the sound wave, and he was thrown hard.

Everyone was shocked. Was the number one rising star going to die Here?

Ning keyun was also shocked. She wanted to go forward, but she held back.

Han Junting's face was also pale as she stared at Yunxiao, who was lying on the ground like a stray dog. Her eyes were filled with complicated emotions, and she had an indescribable feeling in her heart.

This was the first time she had seen him in such a sorry state ever since she had met him. He had suffered such a heavy blow and injury. The death of his two female confidants was already a heavy blow that he could not bear.

Bo Yuqing frowned. He looked at the water deity in the distance. Her body seemed to be moving, and she was still breathing on the ground.

His expression became very complicated. He was the only person here who knew water deity's identity besides Yunxiao. The implications of this matter were too great, so he could not make up his mind and did not know what to do.

Beiming Nan hurriedly pushed his opponent away and landed beside him in a flash. He quickly helped him up and said, " "Are you alright?"

Covered in blood, Yunxiao pointed a finger at long qianmiao and said in a trembling voice, " "Save, save feini Qianqian."

I can't do it. I don't have the power to save her, and neither do you. You've tried your best. beifeng Nan frowned.

Wei Qing saw that long qianmiao had already obtained feini, and immediately shouted, "Stop, let them live first. We'll settle the score when we have the chance. It's not easy to have too much internal friction now!" He said.

...

Only then did the crowd stop. Xuan Hua and Liu Feiyan, who were seriously injured, hurriedly retreated to Yunxiao's side.

"How are you?" Xuan Hua lowered his body and asked.

Yunxiao's raised arm drooped down, and his eyes were listless as he said, "Take me, Yingluo, take me to water deity, Yingluo."

Beiming Nan furrowed his brows and picked him up. He walked directly to water deity and slowly put him down.

Xuan Hua said anxiously, "Aiya, you're almost dying from your injuries. Don't save this person and that person. Save yourself first."

Beifeng Nan looked at water deity's injuries. A ray of sword light pierced through her body and she was almost split in half. There was no way to save her.

The wrinkles on his forehead deepened as he said honestly, "This woman can't be saved."

"Cough, cough cough!"

Yunxiao coughed violently, and his eyes were completely dull and lifeless, as if he were dead.

pull yourself together, you must pull yourself together. Don't forget who you are. You've never been a person who can't recover from a setback!

Liu Feiyan was also very anxious. With Yunxiao's serious injuries and his reluctant look, it was very difficult to save him.

...

"Hey, Hey, little girl, you should pull yourself together!"

Xuan Hua shot a few rays of light into the water deity's body, wanting to stop the shocking blood from flowing out of her body, but he found that it was ineffective. All his elemental energy was wasted.

"There's something strange about this little girl's blood. It actually completely melted my elemental energy. How is this possible?"

Xuan Hua was stunned.

"Cough cough!"

Suddenly, the water deity's body trembled and she coughed violently a few times. There was an anxious look on her face, but she only calmed down when she saw Yunxiao beside her.

She struggled a few times, only to find that she was seriously injured. With a face full of pain, she crawled to Yunxiao's side and said with great difficulty, "I, I, I, I finally blocked a sword for you. I, I, I'm not worse than feini!"

Beiming Nan and the other two were moved.

Yunxiao's body trembled, and a few specks of light returned to his dead gray eyes. He hurriedly held water fairy up and said, "Don't talk. Quickly recuperate."

He raised his head and looked at the three of them, "senior Zhennan, Xuan Hua, Fei Yan, promise me that you will bring her out of here safely."

“No, I’m not leaving!”

The water deity shouted stubbornly and struggled, “I want to be together with big brother Yunxiao, even if I die!

Yunxiao pushed her away and scolded, “Don’t mess around! Don’t forget your status, you can’t die!”

“Big brother Yunxiao can die, so why can’t I? Moreover, I can’t live any longer. I can feel my own body breaking down bit by bit. There’s no way to recover it, sob sob sob.”

As the water deity spoke of the sad part, she suddenly sobbed and said, “I’m not afraid of death. I just want to die with big brother Yunxiao.

Yunxiao’s mind went blank, and his heart trembled violently. Feini had said the same thing just now, and now water deity was saying the same thing. It was like two knives were violently stirring his heart, and his mind went blank subconsciously.

Liu Feiyan also couldn’t bear to see it and said, “just let her stay by your side.”

“Oh right! Blood, more blood! Big brother Yunxiao, I’ve lost a lot of blood!”

One of the water deity’s palms was covered in blood. She pounced at Yunxiao and lay on his body, pressing the terrible wound on her chest directly against his body. “Didn’t big brother Yunxiao say that my blood is very useful? It’s too wasteful. Big brother Yunxiao, you can take it all.”

Her sad appearance made anyone who saw her feel pity and tears.

Beiming Nan and the other two couldn’t bear to look anymore, and turned their heads away.

Yunxiao trembled as well, and he subconsciously hugged water fairy tightly. The Golden blood flowed through his body, giving him a warm and comfortable feeling.

Bo Yuqing's pupils constricted. He swallowed his saliva. He also yearned for that blood, but now that water deity was killed, it would definitely attract the anger of the four Seas. At that time, those involved would probably not be able to survive.

He looked coldly at long qianmiao, who was trying to seize the Nirvana body of non-ni Tianfeng, and thought to himself, 'even if you're one of the seven sect Masters, you might not be able to withstand the wrath of the sea tribe.'

In the distance, the ghost king had also reached a critical moment in collecting Noah's ship. He looked at long qianmiao with a gloomy face, and as if he felt something, his eyes shot out cold light.

Suddenly, his eyes narrowed, and his body trembled as he turned to look at Yunxiao in shock!

Yunxiao's body was covered in water fairy's blood, and under the Crimson blood were dark demonic patterns. He had completely demonized.

Not only that, but the Golden aura in the water fairy's blood also stuck to Yunxiao's skin, and the demonic patterns gradually glowed with a golden light.

Chapter 1509

1509 The true fiend Dharma idol

"This is a Kasaya!"

Beifeng Nan's body trembled violently, and his eyes were filled with disbelief and shock. He was so frightened that he immediately retreated.

"What's wrong?"

Xuan Hua and Liu Feiyan were shocked. They didn't understand what was there to be afraid of, to actually make him so scared.

"Gulp!"

The fear in Beiming Nan's eyes didn't decrease as he mumbled, "How could this be, Yingluo? how could this be, Yingluo?"

hey, what's going on? tell me clearly! Xuan Hua shouted.

However, Beiming Nan was still in a daze, as if he didn't hear his words.

"What a strange person."

Xuan Hua mumbled for a moment. Suddenly, his eyelids twitched as well, and he suddenly shouted, "What's going on?"

A large number of double-colored runes surged out of Yunxiao's body and danced in the sky, one black and one gold. As the runes danced, they flashed and disappeared.

Then, a barrier-like light emerged and covered Yunxiao's body, then spread out.

The two of them immediately felt an unusually powerful and dangerous aura. They hurriedly retreated and looked at each other in shock.

The change immediately attracted the attention of the people in the distance, and they all looked over.

"Then what's going on?" Quite a few people revealed shocked expressions and said in a strange tone, "this Li Yunxiao is mysterious and unpredictable. What kind of divine power and cultivation technique does he have?"

What a terrifying aura! someone else exclaimed. he's still not dead from such a serious injury? "Is it the final radiance of the setting sun?"

Bo Yuqing was even more dumbfounded. He had been watching Yunxiao's every move from the beginning to the end, and he was the first to discover the change.

And it wasn't just the color that had changed. The aura had also changed. It was terrifying, familiar, and yet unfamiliar at the same time.

He suddenly trembled and gasped in shock. He had only been distracted for a moment, and Yunxiao had gone from lying on the ground waiting for death to sitting cross-legged.

The terrible wounds on his body were still there, but they had stopped bleeding. His eyes were closed, and his expression was calm. His hands were placed on his knees, and there was no emotion on his face.

Wei Qing's face also darkened. The inexplicable aura made him extremely uncomfortable.

Yunxiao had too many secrets. Every time he thought he had discovered all of them, he would be surprised by new ones. Even though he was on the verge of death, he was still surprised!

He secretly made up his mind that if he could break out of the encirclement later, he would capture Yunxiao and bring him back to the Saint realm to peel off his skin layer by layer to see what else he was hiding.

what's going on? why does it make my heart beat so fast? ”

The ghost king's heart trembled, and he said in disbelief, ” “I'm someone who's about to be invincible!”

In his shock, he couldn't help but reveal a look of fear. He suddenly increased the speed at which his hands were withdrawing, and all kinds of seals were sent out like rain.

The light on Noah's ship had basically been exhausted, and after the last few runes were inserted, the ship finally returned to its normal color.

“Pfft!”

Ye Fan spat out a mouthful of blood, his face turning pale.

The ghost king had finally cut off the last connection between him and Noah's ship. Although the imprint on the warship was not so easy to erase, he was now completely unable to control the warship.

He couldn't help but feel extremely bitter in his heart. After so many twists and turns, after so many things, the Saint weapon left behind by his ancestor was finally lost.

Thinking about that, despair flowed out of his eyes. He was hit both physically and mentally and once again spat out a mouthful of blood. This directly affected his internal injuries and his body rapidly deteriorated.

hehehehe, this human race's Saint artifact is finally mine!

A ghostly claw fell from the sky and grabbed Noah's ship with a rumble. It spun and disappeared completely.

"Hahahaha!"

The ghost king suddenly laughed in a strange manner, his pride filling the sky, and he was extraordinarily arrogant.

As his laughter stopped, he turned around and looked coldly at long qianmiao, who was extracting the power of the celestial Phoenix. His eyes were filled with mockery and killing intent.

Long qianmiao's heart skipped a beat, and he knew that something was wrong. He immediately raised his essence force and accelerated the speed at which he was extracting the power of the heavenly Phoenix.

His forehead was full of sweat, and his eyes were full of vigilance, in case the ghost king made a move at any time.

Wei Qing and the others' expressions changed as well. They surrounded long qianmiao, planning to do everything they could to buy time.

“Hmph!”

The ghost king snorted coldly. In a flash, he did not go toward him, but toward Yunxiao.

This time, everyone was stunned.

Could it be that Yunxiao was more frightening to the ghost king than long qianmiao?

At the same time, he could not help but feel delighted. It would be good to let Yunxiao stall for a few more rounds. It would be best if he could fight the ghost king for three hundred rounds before he died.

But was it possible to fight for 300 rounds? It would be a miracle if he could last three rounds without dying.

“Kid, what the hell are you doing? This makes this King extremely uncomfortable!”

The ghost king stared at Yunxiao with a gloomy face and asked a few questions, but he did not answer.

That power made him more and more uneasy. Finally, he couldn't help but shout angrily, “Since you're pretending to be dead and not saying anything, then go to hell!”

He descended from the sky and his expression turned ferocious. He directly formed a huge green palm print in the sky. There were lines of patterns on it and it was full of flashing light of reincarnation. He suddenly struck down!

The space shattered. The ghost king's power was far stronger than before, and it seemed to have improved in quality. Just the pressure from the palm print was enough to make everyone's face change!

how can he be so strong?!

Wei Qing's heart trembled, and he revealed a bewildered expression. Initially, he still had a glimmer of hope that long qianmiao would extract the power of the heavenly Phoenix, but after sensing the ghost king's attack, his hope was gradually shattered, and his face was ashen.

...

Xuan Hua and Liu Feiyan were both shocked and wanted to attack.

Suddenly, a figure flashed past them. Bei Xiaonan grabbed the two of them and said, "Don't worry, quickly retreat!"

He pulled hard, and the three of them turned into a stream of light and retreated a few hundred feet.

"What are you doing?" Xuan Hua was shocked and angry.

As soon as he finished speaking, the ghost king's palm print came down from the sky!

"BOOM!"

The palm print was suddenly blocked a hundred feet away from Yunxiao. A barrier emerged, on which a large number of black and golden runes emerged and intertwined, then flew up and disappeared in the air with a flash.

"What?"

Everyone turned pale with fright, completely not daring to believe what they saw before their eyes.

Yunxiao had actually blocked the ghost king's strike, and it was a terrifying strike that he had absorbed after he had mastered the thirty-three techniques!

With such power, even long qianmiao would not dare to say that he could take it.

...

Long qianmiao was also shocked and couldn't believe it.

The ghost king's heart was in turmoil, and an extremely bad feeling welled up in his heart. He roared, "Brat, what the hell are you doing? stop!"

He grabbed with both hands and the reincarnation blade appeared. The blade had changed greatly and became more towering. He slashed down.

"BOOM!"

The power of the blade was the same as the previous palm print. It couldn't break the enchantment, but only made it shake a little.

A large number of golden and black runes flashed, and Yunxiao's hundred feet around him seemed to be impregnable!

"?!"

The ghost king sucked in a cold breath and roared, "I don't believe it! The eternal reincarnation blade!"

He grabbed with his hand, and the long saber behind him accumulated power. Countless runes gushed out from the saber, and the entire Great Wheel of Samsara trembled. The power of Samsara spun in the sky as if it had been spinning for thousands of generations!

"Swish!"

The saber slashed down, and the saber shadow fell from the sky!

“BOOM!”

It shook the barrier but still could not break through. However, countless saber shadows surged up in the sky and slashed down one after another!

“BOOM!”

“BOOM!”

“BOOM!”

“.....”

The sound of bombardment filled the sky as the barrier around Yunxiao shattered.

However, the ghost King’s Blade intent was full of twists and turns. He was the God of a world in this big wheel. The scattered power gathered together again and then fell again. He was like the 33 skills, immortal.

“BOOM! BOOM! BOOM! BOOM!”

The ghost king’s face was extremely gloomy as he coldly said, ” “Let’s see how many slashes you can last!”

The rest of the powerhouses were already dumbfounded, their minds blank.

“Boom boom boom!”

In the end, after the saber fell, the barrier suddenly collapsed and turned into golden and black runes that slowly surged into the sky.

Yunxiao suddenly opened his eyes. Under the previous bombardment, his face had been calm from the beginning to the end, but when he opened his eyes, they suddenly shone like stars. But, to everyone's horror, one of his eyes was golden, and the other black.

The ghost king's body suddenly trembled violently, like a sieve. Under the gaze of those two strange eyes, his heart was filled with endless fear. That was a fear that came from the depths of his soul!

"How could this be? how is this possible? I'm actually scared?"

The ghost king kept asking himself in his heart, beads of sweat rolling down his forehead.

There was no expression on Yunxiao's face, but he gently performed a strange incantation gesture with both hands.

Suddenly, two waves of energy surged out from behind him and soared into the sky.

The two forces, one golden and one black, slowly condensed into form in the sky, both turning into true fiend Dharma idols!

"What? There are two of them?"

Bo Yuqing was extremely shocked and couldn't help retreating.

Even Yu Shengfeng, who had been caught in a battle of his mind, suddenly woke up. His eyes were filled with ferocity. It was unknown whether it was Yu Yixian or Yu Shengfeng, but they both opened their mouths and exclaimed, " ah!

The two true fiend Dharma idols, one golden and one black, all had three heads and six arms. Furthermore, their six faces were exactly the same.

However, the Golden Dharma Power's face was kind, dignified, and solemn, while the black Dharma Power's face was gloomy, angry, and cold. It was completely like the six emotions of a human, or the six different faces of the same person.

After the two true fiend Dharma idols were condensed, Yunxiao's power was still pouring out of his body and pouring into the two Dharma idols, as if there was no end to it.

After an unknown period of time, the gathering of power finally stopped. The two practicing bodies opened their eyes at the same time, and six sharp lights shot out from their pupils.

The two of them spread out their six arms and made hand seals at the same time, corresponding to each other.

The Golden Dharma on the left suddenly smiled and said, "Ask the enemy, who's the enemy? in the heavens and on the earth, there's no one who's the enemy!"

The black Dharma form on the right, which was also the face in front of him, sneered and said, "enemy of a thousand, enemy of ten thousand. Since ancient times, he has been invincible!"

Chapter 1510-heaven and earth phenomenon

The two true fiend Dharma idols stood in the air, their six arms forming hand seals as they looked at each other in the sky.

The six different gazes seemed to have passed through the ages and came from the endless time.

"This, this is a Kasaya."

In his shock, Duanmu Youyu seemed to have seen something terrifying.

He spread his hands in the air, and all kinds of incantation seals flew out. Runes kept rolling in the air, and there were all kinds of different patterns printed on them, as if they were performing something.

Duanmu you's Jade-like fingers continued to draw in the air. All sorts of strange symbols were sent into those runes, and all sorts of powers continued to rise.

All of a sudden, a series of explosions rang out as all of the runes were shattered, transforming into a vast expanse of spiritual light before disappearing.

"Hmph!"

Duanmu Youyu gave a muffled groan. He seemed to have suffered an extremely strong backlash and suffered internal injuries from the shock. A stream of blood seeped out from the corner of his mouth.

"Brother, how is it?" Duanmu Cang was shocked.

Duanmu Youyu's expression was grave as he shook his head. He used his hand to wipe away the blood at the corner of his mouth and a strange smile actually appeared on his face. "So it's these two true fiend Dharma idols that are obstructing my divination power."

Duanmu Cang's face was filled with worry. He said worriedly, one of the Dharma laksanas is golden in color. It should be a Suan ni formed from the blood of the water deity. Could it be a Suan ni? "

Duanmu you Yu nodded his head seriously and said, " yes, that's about right. We're in big trouble now.

Just as there was a great change outside Red Moon City and two true fiend Dharma idols appeared on the Samsara wheel, a rustling sound could be heard.

Tens of thousands of miles away in the ocean, a figure sitting cross-legged suddenly opened his eyes and shot out rays of light.

The handsome man's face darkened and his eyes were filled with shock. He said in horror, " "This feeling is weird. Could it be him? weird, it's him!"

He stood up abruptly, and his entire body was also covered in black demonic patterns. He made a hand seal with one hand, and a Nebula vortex surged behind him. The sea water split apart with a “Hua Hua” sound, and condensed into an extremely large vortex.

A giant shadow appeared behind him. It also had three heads and six arms, and it reached into the clouds.

The true fiend Dharma idol’s six arms were in an incantation gesture, which was exactly the same as the two Dharma idols behind Yunxiao, and its eyes seemed to penetrate the clouds.

One of the faces had a serious expression as he muttered to himself, “Is that you?”

Then, he slowly closed his six eyes, as if he was sensing something.

After a while, it waved its six arms and began to perform different incantation gestures. A Black Halo spread out above the projection, and countless talisman light tumbled inside, accompanied by lightning and thunder.

“Swish!”

The entire space shook, and di ye’s body and the Dharma form disappeared from the sea and sky in an instant, leaving only the raging waves on the sea that kept spinning.

In a spiritual flower Wonderland in the North Region, the fragrance of flowers filled the air, and spiritual light floated.

A man was pacing slowly among the flowers. His expression was unusually serious, and he was very careful with each step, as if he was in some kind of desperate situation.

All of a sudden, his entire body trembled, and his eyes revealed a look of shock. He raised his head abruptly and stared at the sky in the distance.

“This is bi an, this is his aura bi an”

The man’s face was filled with shock as he muttered to himself, ” “Ask the enemy, who’s the enemy, in the sky and on the earth, beat the world’s invincible bi an”

A cold light burst out from his eyes, and demonic Qi kept pouring out of his body as if he was greatly stimulated. He said in a cold voice, ” “After so many twists and turns, you’ve finally come out!”

The demonic Qi on his body churned, and the flower trees in the surroundings suddenly began to move. Pollen Burst forth, and the entire spirit realm became hazy. Symbols continuously appeared in the sky.

“Not good!”

Di Jia was shocked. He carelessly touched the prohibition here and hurriedly turned into a cloud of black gas, trying to break through the sky and escape.

However, the spiritual light above the wondrous realm swirled and suddenly pressed down. It bound him in an instant and directly threw him down.

“Hmph, audacious, you actually dare to enter the spiritual flower Wonderland! I’d like to see who has the guts to do this!”

A voice came from the sky, and then there was a flash of light. It seemed that a figure was falling toward di Jia.

At the same time, in Tianshui, the southern region.

The entire country suddenly trembled as if the sky was falling and the earth was splitting. Tens of thousands of golden lights appeared in the sky as if the sun had exploded.

A terrifying light shot in all directions, and the earth began to crack. The entire country fell into a scorching heat, as if it was the end of the world.

“What’s going on?”

A court meeting was being held in the palace of Tianshui, and all the civil and military officials were gathered.

Suddenly, the hall trembled, followed by an earth-shattering sound. The Hall’s stone kept falling down, and even a deep gully was cracked in front of the hall.

“?! What, what was going on? Protect the Emperor, quickly protect the Emperor!”

The hall immediately became chaotic. Several figures flew out and landed directly beside Qin Yue, protecting her with vigilance.

The leader of the guards looked extremely young. He shouted with a gloomy face, “Who is it? come out for this King!”

He shouted several times in a row, but there was no response.

In the entire Tianshui, other than the king Qin Yue, the only one who dared to call himself ‘this King’ was LAN Guang, the youngest martial King and the Son of the former chief advisor.

Ever since Yanwu had become a Holy Land for cultivation, all the countries and sects in the southern region had sent their outstanding disciples there.

Although the LAN family and the Li family had been at odds for generations, Li Chunyang was not a narrow-minded person. Now that the strength of the two families was as far apart as the sky and the earth, they would never cross paths again.

When LAN Hong personally came to plead with him, he agreed without a second thought, allowing LAN Guang to live in Yanwu and cultivate.

These few days, he had just broken through to the cultivation level of a martial King. He made a trip home and was bestowed the title of 'country guarding martial King' by Qin Yue.

Just as the entire court was in shock, a military official hurriedly ran up to the court and knelt down, "Your Majesty, something bad has happened. There's a strange phenomenon in the heavens and earth. The clouds within ten thousand li are completely covered in multicolored light."

what?" Qin Yue was shocked. why is this happening?" Have you found out the reason?"

...

"The reason is unknown, but the Imperial astronomer has already gone to the worship stage to observe," the military official replied.

"Good, well done!"

no! Qin Yue said in a panic, " let me know as soon as you find anything! Also, quickly activate the array and send a message to Yanwu!

"Yes!"

The military official hurriedly retreated.

LAN Guang looked at Qin Yue's worried face and said, "Your Majesty, you don't have to worry. If it's only a heavenly phenomenon, it's not the work of human beings. If it weren't for the heavenly phenomenon, we wouldn't have to worry about anything with Yanwu around."

of course I know that, " Qin Yue said. Yanwu is a place where even the Holy region has issued iron laws.

After a moment of worry, he said, " men! Hurry up and get ready! I'm going to Yanwu in person to pay a visit to old man Li and general Li!

The whole state of Tianshui fell into chaos.

The strange phenomenon lasted for more than half a day before it gradually weakened and eventually dissipated.

By the time the experts of Yanwu came to investigate, everything had returned to normal, and they found nothing, so they could only leave it at that.

...

At this moment, who knew how many thousand miles away it was outside the red moon City.

In the strange space of the Great Wheel of Samsara, everyone was shocked. They looked at the two true fiend Dharma idols in horror and were stunned by the terrifying power.

The aura from the two Dharma laksanas made it difficult for everyone to breathe. They all retreated into the distance, not even daring to look up.

what the hell is this? what the hell is this thing? ”

The ghost king roared several times. Although he was terrified, his reason told him that he was the God of a region and could suppress everything!

“The eternal reincarnation blade!”

He spun the saber in his hand and slashed at Yunxiao. At the same time, he made a hand seal, and the shadow of a large wheel suddenly appeared in the sky, pressing down on Yunxiao.

“Hmph!”

Yunxiao’s eyes shone with coldness and endless ridicule, and the look on his face became very strange.

“Ha!”

He made a hand seal with one hand and the seal changed.

The two true fiend Dharma bodies in the sky changed hand seals at the same time and slapped forward fiercely.

The two forces suddenly condensed and formed a Nebula.

In the Nebula, the two figures began to merge and turned into a giant spirit Dharmakaya in an instant. Its body became bigger and bigger, and golden and black runes intertwined with each other.

The true fiend Dharma idol’s arms danced, and each of its hands grabbed a ball of aura. It was also a black and gold dual-color, and it smashed forward fiercely!

“BOOM!”

The two balls collided violently in the air, forming a wall of spirit pressure in front of him.

“BOOM! BOOM! BOOM! Boom! Boom! Boom!”

The eternal reincarnation blade was endless, and the endless waves pushed down and fell on the arm of spirit pressure, but it couldn’t break it!

The moment the blade light touched it, it was shattered into pieces, turning into a chaotic Qi wave that swept across the sky.

At the same time, the arms behind the true fiend Dharma idol formed hand seals and pointed towards the sky. With a boom, it instantly blocked the descending wheel of Samsara.

“What?”

The ghost king’s pupils contracted. He had used all his strength, but his opponent seemed to have only made a casual move, and he had received all of it.

Yunxiao’s face turned cold as he sneered.

His face was like that of an immortal devil, and he revealed a trace of anger.

His last two arms suddenly began to quickly make hand seals. A Nebula vortex condensed above the hand seals, and a terrifying power constantly spewed out from it.

The entire world suddenly began to shake violently, as if it was about to collapse.

The ghost king’s body trembled in fear.

This space was his Great Wheel of Samsara. If it collapsed, it would be the same as the destruction of the tool and the death of the person!

“It’s impossible to defeat me!”

The ghost king roared madly, “cut, cut, cut!” Turn them into ashes!”

The reincarnation blade surged against the wall of spirit pressure wave after wave, causing light rays to fill the sky. Many people spat out large mouthfuls of blood from the aftershock.

Long qianmiao felt a chill in his heart, and he kept increasing the speed at which he was extracting the power of the heavenly Phoenix.

Suddenly, his entire body trembled. His true Dragon’s power seemed to be suppressed by some kind of power, and it actually became difficult to circulate.

His heart trembled violently. Even his Dragon's might couldn't suppress the light of reincarnation. What kind of power could actually suppress him?

In the golden-black Nebula above the true fiend Dharma idol's hands, a weapon slowly descended—a completely black saber.

The blade was engraved with patterns, and there were vague shadows of humans and beasts on it. It was dim and lightless, but as the black blade descended, the power of the entire space suddenly collapsed, as if it was collapsing in all directions.
