

## **The Eternal 1521**

### Chapter 1521-seal

The Lotus platform descended slowly, and a vast and mighty force rippled out.

The eye of heavenly Dao in the sky slowly closed.

Under the twelve illusionary lights, everyone's expression was solemn. They felt the vast and boundless power of the heavenly Dao and their hearts were filled with infinite respect.

“BOOM!”

The Lotus seat finally landed above the demon Lord. It was like a holy golden Lotus blooming, and a vast power surged down.

As the eye of heavenly Dao closed, twelve rays of light in the sky suddenly flew up.

“Hualalalalala!”

The sound of chains filled the sky as the twelve beams of light rushed toward Yunxiao while the faint light kept rushing into his body.

“Bang! Bang! Bang! Bang! Bang! Bang!”

Everyone in the sky was sent flying by the sudden surge of light. They all spat out large mouthfuls of blood, and their faces were extremely pale.

Wei Qing's mouth was full of blood. He roared, “bolong, the opening of the seal will injure everyone. Why didn't you tell us in advance?!”

“Pfft!” He was so angry that he spat out blood again.

The water deity’s expression was cold as she said slowly, “ I was planning to remind everyone after I finished reciting the poem, but who knew that the seal would be activated right after I finished reciting it. It’s already too late.

“Pfft!”

Wei Qing spat out another mouthful of blood and roared, “ A ghost wants to hear you recite a poem!”

He was not the only one. The rest of the people also spat out mouthfuls of blood, their faces full of resentment.

Under the Lotus platform, twelve beams of light merged into Yunxiao’s body. The look on the devil Lord PU’s face changed from an angry roar to a Dazed and Confused one, and then he gradually closed his eyes.

The true fiend Dharma idol and its three heads and six arms disappeared.

A cobweb-like mark of twelve virtual lights suddenly appeared on Yunxiao’s chest, and his independent divine sense seemed to be affected as well, causing him to fall from the sky.

“Bang!”

Yunxiao fell to the ground, half of his body buried in the mud.

The vast power of heaven and earth gradually dispersed, and the clear sky slowly returned.

The Lotus seat seemed to have exhausted its power and also fell from the sky to the ground.

The ‘water deity’s’ face also began to lose its luster, and she fell onto the Lotus platform.

The surrounding lotus petals gathered together and completely covered her.

In the distant Sea Forest, within the sea emperor's palace.

ppft! poron suddenly spat out a large mouthful of blood, and his old face shrank rapidly. In an instant, he looked like a bag of bones, and his face was hateful.

"Cough, cough cough!"

He coughed violently, and his vitality was constantly flowing out of his body. He seemed to have aged decades in an instant.

A beam of light appeared in the hall. Zuya's face was filled with shock as he said, "Your Excellency Poseidon, please!"

Poron stretched out his hand and interrupted him, saying, "I'm fine," she said.

"Your Majesty, did you use the power of the heavenly path in the Lotus?" Zuya asked, his face full of worry.

"Hehe, I still can't hide it from you."

this is the first time I've seen the power of the heavenly path," Bolon said with a chuckle. it's really powerful.

His aged face flickered with a luster, as if he yearned for that supreme power.

Zuya said, "the Lotus platform contains a trace of the power of the eye of heavenly Dao. Only the true owner of the Lotus platform can display it. I didn't expect Princess water fairy to be able to refine the Lotus platform. It should be due to her pure heart.

haha, what pure spirit? Zuya, when did you become so good at talking? ”

“To put it bluntly, it’s just that fools have their own good fortune,” said poron with a smile.

He seemed to be very happy, but his expression soon became serious again. I didn’t expect that the demonic Lord PU could be awakened by the water fairy’s blood. I’m afraid that the heavenly martial realm will no longer be peaceful.

everything is set in stone, ” Zuya said. the blood of the water fairy princess may not be enough. That li Yunxiao has part of the demon Lord monarch’s devil essence in his body. The combination of the two produced such an effect.

master PU seems to have changed a lot, ” polong said worriedly. he’s different from what’s written in the records. Could it be that he’s been sealed for countless years, so his temperament has changed? ”

“It’s possible,” Zuya said. But no matter what, it’s already very difficult to stop the demon master from returning to the human world. I can only hope that the two demon masters still have different paths and can’t tolerate each other. Only then will we have a chance. Otherwise, it will be as lady a ‘Rou predicted, the world will be destroyed.”

“Rouwei Wanwan”

master, ” poron called out softly, his face filled with endless love. He seemed to be a little tired as he waved his hand and said,“You may leave. The realm of heaven martial arts is no longer our world. We’ll leave everything to those young people.”

Zuya frowned and said,“Your Majesty, you’re a Pi Xiu.”

Before he could finish his sentence, poron had already disappeared from the hall.

Zuya’s brows furrowed even more. He could only sigh deeply. Poron no longer had any interest in the world. Even if the world were to collapse in the future, it would no longer be his business.

“Al!”

Zuya let out another long sigh and disappeared from the hall.

At this moment, outside the red moon City, the desolate land was barren. The cold wind was blowing and many people were moving, but there was no sound. It was strangely quiet.

Everyone looked at each other with confusion.

“This ... This is considered the end?”

“Are you done? Did we win?”

...

“Can we leave this hell-like place now?”

All sorts of questions were raised. Everyone felt like they were in a dream, as if they couldn't believe that they were still alive.

The wedding, which was supposed to be a joyous occasion, had turned into a killing field the moment Yunxiao stepped in.

Peak nine-star, divine transcendence, sanctuary, soul formation sea, super forces, demon race, various super experts, seven sect Masters, titled martial sovereigns, leaders of two Holy Lands, the terrifying ghost king, the unknown demonic Lord, and the sea Emperor Qianqian, who had arrived in a borrowed body, had all arrived.

The peak nine-star existences that were rarely seen on normal days were as insignificant as ants in this killing ground.

Countless legendary figures and peerless powerhouses who had transcended the mortal world were as weak as dogs.

Even the Saint weapons that had not appeared for tens of thousands of years were suddenly like Street goods. It was as if everyone had a Kasaya.

They couldn't believe their eyes that they were still alive in this dream-like environment. They patted their heads a few times until they bled. Only then did they believe that they were alive.

hahaha, it's really over. I'm still alive. Hahahaha, that's great!

One of the martial artists was overjoyed and went crazy on the spot. After laughing madly for a while, he fell to the ground with a smile on his face and died.

At this moment, everyone's gazes suddenly gathered on the Samsara wheel floating in the sky.

...

All the battles had ended, and it seemed to be time for this Saint weapon to be taken.

Everyone's heart burned with excitement. When they thought of the power that the ghost king had displayed, their eyes couldn't help but light up.

Originally, in this killing field where peak nine-star martial artists were like ants and transcendents and Saints were like dogs, no one dared to make any noise. However, at this moment, these experts were all seriously injured. It would be good if they could make it back. How could they have the strength to snatch the profound level weapons?

Everyone's eyes were not only on the wheel, but also on Ye Fan, who had lost his cultivation and long qianmiao, who was severely injured.

Everyone thought to themselves, "the sword in his hand doesn't seem too bad ..."

There was also the Lotus throne that wrapped around the water fairy, which also attracted everyone's attention. However, everyone knew that this thing belonged to the sea Emperor, and the daughter of the sea Emperor was inside. They could not help but feel nervous and did not dare to act rashly.

Suddenly, a figure flashed and instantly rushed to the side of the Samsara wheel. He reached out and grabbed the wheel!

At the same time, he laughed out loud. haha! This wheel is mine! Goodbye, everyone! His hand landed on the wheel, and a ray of light suddenly shot into his body.

"What?"

The man was shocked. Before he could react, he exploded into pieces with a bang!

"Dammit! Don't let him get away!"

The crowd had just rushed forward in anger, intending to tear that person into a thousand pieces when they heard the explosion. The person in front of them was instantly turned into minced meat.

"?!"

Everyone stopped in their tracks and looked at the wheel in horror. The green light on the wheel flickered non-stop, and they immediately thought of the ghost king in fear.

"Hahaha!"

Yu Shengfeng suddenly laughed and said, Saint artifacts have spirits. They're not something that any random person can take. Hmph!

Everyone looked at each other, wanting to take it but not daring to.

I'd like to try. Even if I die under this profound level weapon, it'll be worth it.

Han Junting walked out shakily. Although she was also covered in wounds, none of them were fatal. She had protected herself well.

Everyone's gaze fell on her, and they all frowned. They did not know where such a person came from.

However, there were also many people who recognized her as the head shopkeeper of the star and moon school. Their expressions changed constantly. On one hand, they hoped that others would be blown to death, but on the other hand, they were afraid that their profound level weapons would be taken away. They were all worried about the gains and losses.

Ning keyun also frowned, but she didn't say anything as her injuries were too serious.

"Hmph, you want it, I want it too!"

A person walked out from the crowd. It was Li Yi, and he did not have a single injury on him.

After absorbing a portion of Shang's power and consuming the great void Dao fruit fragment, his eyes were bright and his origin power surged and rose to nine stars!

Han Junting's face darkened and she said sarcastically, "So it's you, you two-faced traitor of the demon race."

Li Yi was furious and shouted, "old man, you're really tired of living!" This young master is an expert under Lord Wei Qing's command, and I've been hiding my guts and working undercover in the monster race!"

"Tsk! You call yourself a strong person? how embarrassing!"

Han Junting said with disdain.

“You dare to underestimate me? then don’t blame me for killing you first and then taking the wheel!”

Li Yi’s eyes turned cold as he charged forward without a second word. A longsword was unsheathed and he aimed it at han Junting’s throat.

Han Junting’s expression changed slightly. His opponent had just become a nine-stars martial sovereign and was no match for her at all. However, she was injured, while his opponent had not even a single star of injury on him.

Chapter 1522-handled impartially

“Hmph, coward!”

Han Junting laughed contemptuously. To be able to protect herself so well in the midst of a series of battles, this person in front of her was definitely one of a kind.

Disdainfully, she stomped on the ground and dodged it. At the same time, she made a hand seal and spun around the sword aura, pointing directly at Li Yi’s brow.

Li Yi’s heart jolted, and he retreated in shock.

The momentum of that incantation seal was extremely strange. The other party’s control of strength was exquisite and abnormal. It seemed that he was a difficult opponent.

“Hmph!”

After han Junting forced Li Yi back with a single move, she strode toward the Wheel of Fortune.

“Stop,” he ordered.

Suddenly, a voice sounded and Han Junting felt a terrifying aura.

She suddenly retreated in shock, her figure instantly splitting into thousands of shadows in the air, flying in all directions.

“BOOM!”

Under the pressure of a force, all the Phantoms were shattered. She was also directly sent flying, leaving a trail of blood in the sky.

The demon temple stood to the side coldly and said sarcastically, “In the mountains, there are no Tigers and monkeys call themselves Kings. But as long as there are Tigers, even if it’s a sick Tiger, it’s not something that monkeys can call Kings. Look, everyone here is injured, but any one of you can stand up and kill you a million times over! The gap between realms is a chasm!”

Han Junting’s face turned pale and her eyes were filled with shock. She quickly retreated and did not dare to have any more ideas about the Wheel of Fortune.

The rest of the people were also shocked. They immediately broke away from their greedy desires and no one dared to step forward.

Li Yi could not help but wipe off his cold sweat. If he was the one who stepped forward just now, he was afraid that Ci would have killed him immediately.

Just as he was rejoicing, he suddenly felt Ci’s gaze on him. It was as if a sharp blade had pierced through his body, and he was so frightened that he hurriedly fled into the distance.

“You want to leave? It’s too late!”

Ci’s face was frosty, and his hatred for Li Yi was no less than Shang’s.

As the high priest of the monster race, his biggest wish in life was to lead the monster race to prosperity. Shang's appearance had undoubtedly brought him a ray of light. It seemed that the light was right in front of him, but it was destroyed by this lowly human in front of him. He wanted to eat Shang's flesh raw.

"Lord Wei Qing, save me!"

Li Yi hurriedly ran towards Wei Qing, but at this moment, Wei Qing was also lying on the ground with heavy injuries and a gloomy expression.

He wished he could just kill Li Yi right now.

Among the people present, only the divine transcendence experts in the best condition were Yao Ci, who had just sacrificed his life in exchange for being full of blood and demons. Although he was injured by the virtual light of the chains of law, most of his strength was still there.

At this moment, Wei Qing was worried that he would lose his life, and Li Yi even led the demon temple in his direction. He was so angry that he kept coughing violently.

He had vomited so much blood that he almost couldn't spit it out. He coughed so hard that he couldn't see any blood.

"Lord Wei Qing, this demon temple wants to kill me. Please save me, Lord." Li Yi quickly asked for help.

Wei Qing's face darkened. As one of the sanctuary's rulers, he could not possibly give in to the demon race in front of all the powerhouses in the world. He could only glare at Li Yi and said, "Mr. Yao Ci, I'm not sure what kind of grudges you have against Li Yi, but he's now one of my men. I hope Mr. Yao Ci will give me some face.

"Face?"

"Wei Qing, you seemed to want to kill us all just now!" Ci said coldly. His face turned cold, and his eyes were like knives as he looked at Wei Qing with disdain. His body was full of killing intent.

Wei Qing cursed in his heart and kept blaming himself for speaking nonsense. How could face be more important than his life at this time?

He could only bite the bullet and say, " Mr. Cl, you've misunderstood. Our two clans have always been on good terms. We've lived in peace and harmony for so many years. Sir wouldn't want to cause a war between the two races because of a misunderstanding, right? As for this Li Yi, even though he's one of my men, he has to bear the consequences if he does anything wrong. I don't care how you guys deal with him."

He used the monster race to threaten the temple. His meaning was obvious. If they dared to touch him, the two races would go to war. At the same time, he showed his submissive side and voluntarily gave up on Li Yi in exchange for the other party's favor.

"Hmph!"

Naturally, Cl understood what he meant. Although he was extremely unwilling, the strength of the two races was clear for all to see. He had no choice but to give in. He could only snort heavily and walk towards Li Yi.

Lord Wei Qing! Lord Wei Qing! You can't just leave me like this! Li Yi was shocked and said hurriedly.

Wei Qing said indifferently, "Li Yi, you have to be responsible in life. Although you're my subordinate, there's no such thing as reason in this world." If you have your reasons, you should make it clear to Mr. Cl. I believe that Mr. Cl is a reasonable person and will not make things difficult for you. But if you don't, I won't protect you even if you're my subordinate. I'll deal with you fairly."

Everyone's face darkened as they looked at Wei Qing with disdain. However, they were under the roof and the situation was more pressing than they were, so they had no choice but to lower their heads. It was indeed unwise to anger the demon temple for someone like Li Yi. As the ruler of the sanctuary, Wei Qing was smooth and slick, so he would not make such a small mistake.

Li Yi's face contorted as he immediately understood what was going on. He was so scared that he quickly ran away.

If he was caught by the demon temple, he would definitely die. An ordinary death would be fine, but he would probably be tortured in all kinds of ways, and he would rather die than live.

Suddenly, a rumbling sound came from the sky, as if it had been struck by a hammer.

Soon after, a dense grid line appeared and began to spread in the air.

Just as everyone was shocked and confused, a huge black hole appeared. It was so deep that they couldn't see the bottom.

“What? Is there another monster?”

Everyone's expression changed. They all blamed themselves for being too greedy. They didn't know how to escape just now, but now they couldn't even escape.

Wei Qing's pupils shrank as he immediately saw the reason for this formation and was overjoyed.

“Boom boom boom!”

Sounds kept coming from the black hole, as if a battleship was traveling in the air.

Finally, a ray of golden light shot out and turned into a small black boat, spinning in the air.

The small boat was covered in golden runes as it slowly descended.

“Black universe protector!” Wei Qing was overjoyed and shouted.

Everyone was shocked and looked at the small boat. Although they didn't know the people on it, they immediately relaxed when they heard Wei Qing's words. They all wiped their sweat and thought, how could there be so many monsters in the world?

On the other hand, the demons' expressions changed drastically, especially the demon temple. With a sudden shake of its arm, a silver sword appeared and was thrust at Li Yi.

...

If the people of the Holy region interfered, he would no longer have a chance.

Li Yi was quite cunning. The moment the warship appeared, he immediately ran over. When he heard Wei Qing's shout, he shouted even more wildly, "Lord Black universe protector, please save me! I'm Li Yi, a subordinate of Lord Wei Qing!"

The few people on the battleship were horrified. Putting aside the destruction on the ground below, the people who were meditating on the ground were all powerhouses of the present age. There were even a few titled martial sovereigns among them!

"?!"

Ling Baiyue and Nanfeng Xuan were both shocked, and Hei Yuhu was also shocked.

It was one thing for so many experts to appear all of a sudden, but the most unbelievable thing was that all of them were like arrows at the end of their flight, and some were even on the verge of death.

Just as the few of them were in shock, they saw Li Yi running away with a sword from the demon temple behind him.

Black universe Guard's brows furrowed. Although he did not recognize Li Yi, he knew that Li Yi was Wei Qing's subordinate, so he was naturally one of his own. Meanwhile, the pursuers behind him were obviously from the demon race.

When he looked over, his eyelids twitched violently. His heart sank and he thought to himself, "It was actually the monster race's high sacrificial temple!

The moment he recognized Ci, he did not think too much and teleported over.

"Dang!"

...

He raised his hand, and a finger helmet instantly appeared on his fist, which he struck out.

"Bang!"

When Ci's sword ray was shattered, he stopped his pursuit, his face filled with regret and anger.

He blamed himself for not making a move earlier. If he wanted to kill Li Yi now, it would be even more difficult than ascending to heaven.

"Wuwuwuwu!"

Li Yi felt the terrifying sword aura brush past him and shatter into pieces. Once again, he narrowly escaped death, and he could not help but burst into tears.

Black universe protector frowned and revealed a look of disdain. Was this person really Wei Qing's subordinate? He couldn't help but look at Wei Qing.

Wei Qing's face was slightly red and he coughed a few times.

Ci said coldly, "Lord Wei Qing, do you still remember what you said just now? nothing in the world can escape the word 'reason.'" If Li Yi is being unreasonable, you'll definitely deal with him properly."

“Of course,” Wei Qing said with a straight face. Although the status of the sanctuary is transcendent, we must uphold justice, fairness, and reason. We can not use force to suppress others. However, Mr. Ci, you didn’t reason with Li Yi just now. Instead, you killed him right away. Isn’t that too beneath your status as a great priest?”

Ci was stunned and furious. He gritted his teeth and said, “ Wei Qing, is this what you meant by fair and just?!

“Why? does Mr. Ci have any objections?” Wei Qing frowned.

The demon temple’s face turned ashen. It looked at hei Yuhu and the others and snorted, “Good, today’s matter is over. The Green Mountains will never change, and the green water will flow forever. Everyone, take care!”

In a flash, he came to Shang’s side, planning to leave with him.

“Hold on!”

Wei Qing suddenly shouted, his eyes shooting out cold stars, “You can leave, but leave the armillary sphere behind!”

“What? The demon clan’s holy artifact, the armillary sphere, has reappeared in the human world?”

what? ” hei Yuhu was shocked. He suddenly understood why this place was so dangerous and why the titled martial sovereigns were all heavily injured.

However, he was still quite puzzled. Was the armillary sphere really so powerful?

Ling Baiyue’s face was even gloomier. Now that the armillary sphere was exposed, she would definitely not have a share. Moreover, she did not see Wei Min at the scene, so he was most likely dead.

He had lost a peak nine-star subordinate for nothing and did not get any benefits. He took a deep breath with a gloomy face and exhaled a white breath, as if to relieve the anger in his body.

Nanfeng Xuan suddenly smiled slyly and said, " lady Bai Yue has to cultivate and regulate her breathing even when she's on a mission. No wonder her strength has improved so quickly!

Chapter 1523

1523 Threatening

Bai lingyue's face was full of black lines. She smiled awkwardly."You must be joking."

With a serious look, Nanfeng Xuan said seriously, " I'm not joking, I'm speaking the truth. Lady Baiyue's elemental energy has already materialized. Fengxuan is impressed!

Bai lingyue's expression darkened. Nanfeng Xuan, can you stop spouting nonsense?!

Nanfeng Xuan chuckled and disappeared from the battleship in a flash. She landed beside hei Yuhu and said, " "Greetings, Lord Wei Qing."

Wei Qing replied with a soft "hmm" and said as if greeting, " "You're here."

that armillary sphere is so powerful? " Nanfeng min asked. even so many titled martial sovereigns can't withstand it? " A rare look of surprise flashed across her eyes.

the process is very complicated, " Wei Qing said. I'll tell you in detail later. Now, the best thing to do is to intercept a few Supreme grade profound level weapons.

"A few?"

Nanfeng Xuan was shocked for a moment, and hei Yuhu's pupils also contracted, shooting out rays of cold light.

Wei Qing nodded. that's right. The demon clan's armillary sphere, the Great Wheel of Samsara in front of you, the Noah's ship in this kid's hand, and the divine realm tablet in li Yunxiao's possession.

Black universe Guard's body trembled as he said in shock, " Noah's ship and the divine realm tablet have also appeared?! His eyes were filled with shock.

He didn't know what the Samsara wheel was, but Noah's boat was the only super-grade profound artifact made by human beings in tens of thousands of years, and the divine realm tablet had only been recorded in sporadic historical records.

Ling Baiyue was also shocked,"four pieces of Supreme-grade Xuan artifact?" What's going on with the heavenly Dao? no wonder Yan Tianyi would have such a strange phenomenon!"

Wei Qing frowned and said, " so it's a heavenly instrument phenomenon. No wonder you guys came to the red moon City by force. However, it shouldn't be these transcendent-grade profound level weapons that triggered the heavenly instrument phenomenon. It should be the heavenly way Divine Art that the Lord had just displayed. It directly dropped the chains of law, which triggered the phenomenon.

He pointed at the Lotus seat. At this moment, the water fairy was completely wrapped by the Lotus and his face could not be seen clearly.

the chains of law?!

The few of them were so shocked that their faces turned pale. Nan fengxuan's eyes bulged as she cried out, " "Lord Wei Qing, are you sure you're not wrong? Or did I hear it wrong?"

"You didn't hear wrong." Wei Qing shook his head and said,"it's hard to explain the details. The woman of the sea Emperor, poron, is inside this Lotus platform. I've heard that this Lotus platform is a Supreme grade profound level weapon. The situation was very complicated, and the master of Red Moon City, Tang Qing, had also died. Lord Black universe protector, let's keep these Supreme grade profound level weapons first before we discuss further."

"Alright!"

Hei Yuhu immediately understood the importance of the matter. Although he did not know what had happened, the fact that so many titled martial sovereigns were seriously injured, four to five Supreme grade profound level weapons that had not been seen for tens of thousands of years, and even the descent of the chains of law, this was far beyond any ordinary incident.

Nanfeng Xuan and Ling Baiyue's faces were also unusually solemn. They knew that this was probably the most important moment in tens of thousands of years.

In a flash, the two of them surrounded the great demons.

Qin Chuan's face was also pale as he looked around the arena. When his eyes fell on Yunxiao, his pupils constricted as he thought, 'I'm not going to let you go. Is He Dead?

Wei Qing! Ci's face was full of anger. I didn't make things difficult for you when I was still capable. How can you repay kindness with enmity!

"Mr. Ci, you make it sound like I owe you something," Wei Qing said coldly. Besides, I don't intend to kill you all. I just want you to hand over your profound level weapons. Whether your life is more important or the profound level weapons is more important, you can choose for yourself."

After Shang used the sky-Sealing Stamp and was injured by the demon Lord, he was unable to recover. His face was still pale as he gritted his teeth and said, "the armillary sphere is a sacred object of our demon race. It is impossible to hand it over. If you insist on it, then you can only fight to the death. Are you sure you can defeat us?"

"I'm not sure, but this is a Saint artifact. Even if I'm not sure, I'll still have to give it a try."

"Since you insist on trying, I'll risk my life to accompany you," Yao Ci said with a smile. Lord Hu, let's give it a try. We might be able to kill them all and take the other Saint artifacts."

Shang's brows furrowed, and a look of desperation flashed across his eyes. "Good! I'll try out the power of these mighty people of the human race. At most, I'll self-destruct the armillary sphere and we'll all die together."

“What? Self-destructing a Saint artifact?”

Everyone was stunned and retreated in shock.

“Saint artifacts can also self-destruct?”

Doubt rose in everyone’s hearts. Although these words sounded like a threat, a Saint artifact was still a profound artifact. A ninth tier profound artifact could self-destruct, so logically speaking, it was also logical for a Saint artifact to self-destruct.

However, he had never heard of a Saint artifact exploding, so he didn’t know if it was true or not.

Wei Qing and hei Yuhu’s expressions turned ugly. They looked at each other, not knowing if the Saint artifact would self-destruct.

“Shang, you’re lying to us,” Wei Qing said sternly, “we’ve never heard of anyone who could self-destruct a Saint weapon.” If it really can, then wouldn’t this move be invincible and able to kill anyone?”

I don’t need to explain much, ” Yi sneered. whether I can self-destruct or not, you’ll know once you try.

Li said, “how many Saint artifacts have there been since ancient times?” Furthermore, Lord Shang has already fused with the armillary sphere, we can live and die together.”

Black universe protector was also indecisive. Not to mention the self-destruction of a Saint artifact, even the self-destruction of two transcendent Saints, Shang and Ci, was not something he could handle.

even a rabbit will bite when it’s anxious, ” Ci said coldly. if you want to snatch the armillary sphere, then don’t even think about getting a single profound level weapon. You can all die with us!

His face was full of ferocity. Although he had a strong sense of threat, no one dared to really try, just in case it was true.

If the two divine transcendence experts self-destructed and used the armillary sphere, everyone's soul would probably be scattered. Not to mention strengthening all the Saint artifacts, they would even lose their lives.

Wei Qing's heart was tangled, but he finally gritted his teeth and said, "Alright, you guys go!"

"Hmph!"

you want a profound level weapon, but you're afraid of death. Lord Wei Qing, I feel ashamed for you! Ci laughed coldly and said sarcastically.

"Demon temple, don't be so smug," Wei Qing angrily said. Since the monster race has the armillary sphere, I will come to visit sooner or later!"

Ci's expression changed, and he was also extremely angry. He snorted heavily and no longer paid attention to him.

The referee replied, "the green robe remains unchanged, and the green water flows forever." If you wish to visit the demon race, I welcome you on behalf of everyone."

A cold look flashed across his face, and all the great demons had a high fighting spirit, as if they were looking forward to the battle in the future.

"Let's go," Ci said.

He waved his hand, and a ray of light rose.

The demons immediately hid in the clouds and slowly flew up, finally disappearing from the earth.

Wei Qing stared at the few of them leaving and said coldly, "It seems like I have to pay more attention to the illusory realm of stars and moon."

...

"I'll send people to pay more attention to this. It's best to set up some more measures outside the star and moon illusion," Ling Baiyue said.

we'll discuss it in detail when we get back, " Wei Qing said. now, bring everyone back to the sacred zone!

Everyone's expression changed drastically, and they were both shocked and angry.

"Wei Qing, what right do you have to take us away?" Xuan Hua said angrily.

Xuan Hua, right? " Wei Qing said coldly, " I'll settle the score with you bit by bit in the red moon City. Let's go back to the Holy region first, and I'll see how I'll deal with you!

Black universe protector looked at everyone. They were all renowned experts, and there were a few unfamiliar existences who were also emitting powerful auras. He growled,"Take him away."

why did I forget to bring some subordinates with me when I came out? " Nan fengxuan complained. I can only work hard on my own.

She stretched out her hand, and a red glow appeared. It turned into a bundle of Dragon tendons in the air and flew down, throwing it to Qin Chuan. "Seal them all, then use this Dragon tendon to tie them up and bring them back."

Ling Baiyue's eyes flickered and landed on the Samsara wheel. She swallowed and said, " "Is this also a Saint artifact?"

His eyes were filled with greed as he walked over.

Wei Qing frowned but didn't say anything.

...

At this moment, Ling Baiyue's heart was in a dilemma. She really wanted to take the wheel and run away.

With a sacred artifact in hand, he didn't want to be the Secretary of a sanctuary division anymore.

He carefully walked forward and reached out his hand to grab it.

"Ling Baiyue!"

Nanfeng Xuan suddenly cried out and directly appeared beside him, striking out with her palm.

"Pa!" Ling Baiyue's palm was pushed away.

what are you doing! Nanfeng Xuan?! Ling Baiyue was furious and shouted!

Nanfengxuan chuckled. lady Bai Yue, I saw your eyes glowing with greed and your forehead covered in cold sweat. You must've been intimidated by this Saint artifact. That's why I'm reminding you and saving you.

Ling Baiyue trembled with anger and said, "I don't need you to save me! Nanfeng Xuan, f\*ck your mother's egg, don't talk to me anymore!"

"Hehe, fine, I won't say it."

Nanfeng Xuan blinked her eyes and flew away.

Only then did black universe protector turn his gaze over, "I'll take back all of this Saint artifact for now. When we reach the Holy region, we'll discuss how to deal with it."

He reached out to grab the Samsara wheel.

“Pa!”

Although the Samsara wheel trembled, he still managed to grab it.

Then, with a flash of green light, he disappeared.

After taking the wheel, hei Yuhu looked at Ye Fan, “Is Noah’s ship with you?”

Ye fan’s expression changed. Although hei Yuhu did not have any Yuan power on his body, every step he took, the pressure of a superior still made him feel like he was in an abyss, and beads of cold sweat started to drip down.

“Noah’s ship is a human race’s sacred artifact, so it should be kept by the sanctuary. No matter who you are, just hand it over.”

“Hand over the Saint artifact and I won’t make things difficult for you,” said black universe protector while extending his hand.

Ye Fan gritted his teeth: “Is this how Saints Rob others?”

Black universe protector said, “Noah’s ship was once owned by Lord ye Nantian. Lord ye Nantian was the leader of the sacred zone. In the end, this sacred artifact should belong to the sacred zone. How can you take it by force?”

Ye Fan said, “I am the descendant of ye Nantian’s ancestor.”

“What?”

Everyone was shocked, they started to look at Ye Fan and thought: " No wonder ...

Chapter 1524-supporting role

Hei Yuhu was also stunned. He didn't know what to do. Right now, he couldn't win over the ownership of the Saint artifact.

"A descendant of master ye Nantian?"

Nan fengxuan was shocked, she landed beside Ye Fan and sized him up, she giggled, " what a handsome young man! Ye Nantian is the most powerful man I admire. I am his fan. What is your name? "

"Ye Fan," Ye Fan replied.

"Ye Fan? It's really nice to listen to!"

Nan fengxuan immediately hugged Ye fan's arm, acting like a little girl, and said shyly, " "I'm so happy to see the descendant of my idol. It's just that you're too weak, so let big sister keep Noah's ship."

Ye fan's face was filled with black lines. He quickly said: " no need, I can keep it safe.

Nanfeng Xuan's face darkened, as if she was angry. She said angrily, " "What, you don't trust me?"

Ye Fan hurriedly replied: " no, I've been keeping it by myself. I think it's pretty good.

"Since you won't let big sister keep it, then I won't care if Lord hei Yuhu wants to snatch it away from me," Nanfeng Xuan snorted.

Ye Fan cursed in his heart, what was the difference between you and him?

Black universe protector also nodded and said, "Nan fengxuan is right. This Noah's ship is too dangerous for you." For the sake of the human race's profound level weapon and for your own sake, it's still necessary to place it in the Holy region. We don't want master ye Nantian's descendants to die because of this profound level weapon."

Ye Fan gave Yunxiao a bitter look in the distance, who was still lying on the ground in a coma. He said helplessly, "How about you let me consider it?"

"You still need to consider?" black universe protector frowned.

Ye Fan was speechless, "not even considering?."

"Alright, think about it," black universe protector said. It wasn't good to force his hand or push him too far. After all, everyone was watching. He could just bring Ye Fan back to the Holy region.

Then, he turned to Yunxiao with a suspicious look and said, "I've also seen some scattered records on the divine realm tablet in some ancient books. It seems to be an extraordinary thing.

Yu Shengfeng's face darkened and he was extremely anxious. Yunxiao had too many things that he wanted, but now, let alone fighting for them, he was afraid that he could not even protect himself.

Beifeng Nan's face flickered slightly. He took a deep breath and appeared next to Yunxiao in a flash, shielding him behind him.

Although he had also suffered various kinds of heavy injuries, his physical body was, after all, at the phenomenal stage. It had decayed for 100000 years, but it was not damaged. When he held the sword, he was still majestic and imposing.

"Zombies?" black universe protector frowned.

leave li Yunxiao! beiming Nan pointed his long sword and said, "leave li Yunxiao!

don't listen to him," Wei Qing said. we don't know where he came from. If we can bring him back to the sanctuary, then we'll do some research. If we can't, then we'll just kill him.

"That's good then," black universe nodded.

He clenched his fist, and a finger helmet appeared on his fist. In a flash, he attacked.

The powerful air pressure was like a falling meteorite under that punch!

Beifeng Nan had wanted to use his sword to slash at it, but he found that the power of the punch was so shocking that he was completely suppressed. He could only hold his sword in front of him to resist the power of the punch!

"BOOM!"

The eternal Imperial Sword was bent down, and it let out an endless trembling sound. He couldn't take it anymore and was sent flying.

The sword trembled in the air, and beifeng Nan was forced back a thousand feet by the sword!

"Eh, what a strange body."

Black universe protector was surprised. But in such a situation, how could someone be simple?

Seeing him grab at Yunxiao, beiming Nan panicked. He waved his sword with his right hand and pulled back his left palm, where a ball of green lingered.

"That's Yingluo."

Wei Qing's heart suddenly trembled as he looked at the fluorescent green light with a surprised and suspicious expression.

“Octagon shadow, eternal sword control!”

With a wave of the sword, it turned into a sky full of sword shadows, and in an instant, the whole sky was filled with dense sword Qi.

“Friend, everyone here is an expert. Don’t show off such a small skill.”

Ling Baiyue’s body flickered a few times, and a feather fan suddenly appeared in her hand. It was inlaid with seven blue gemstones, emitting a vivid radiance.

“Wild waves!”

With one fan, boundless astral wind gushed out and spun in the sky, covering all the sword Qi. It turned into a boundless sword Qi whirlwind and hit back Under Ling Baiyue’s control.

Beiming Nan’s expression changed, and he dodged the attack.

Ling Baiyue frowned as if she felt that this person was more difficult to deal with than she had expected. She said, “Lord Black universe protector, just leave this person to me.”

Hei Yuhu nodded and looked at Yunxiao on the ground. His robe had been torn into pieces, revealing his fair chest, on which a golden array had been engraved.

In the center of the formation, there was a Lotus-like shape, and a virtual light formed by twelve exquisite runes was pulled into the distance.

He gave it a few glances and found that he had never seen such an array before. Without thinking much, he reached out and grabbed at Yunxiao.

Suddenly, his arm stopped in the middle of reaching out. His five fingers were still open in the air, but they could not move forward at all.

Everyone's heart suddenly stopped. At the same time, they sensed a terrifying power spreading in the field.

"Who is it?"

Black universe Guard's eyes narrowed as he looked up at the sky.

Layers of white clouds floated above, but nothing seemed to be out of the ordinary.

Suddenly, a ray of green light flashed and shot out from the White cloud. It landed on the ground and turned into a green figure.

The man frowned as he looked at Yunxiao on the ground and said, "Is He Dead?"

...

"Who are you?" the black universe protector asked.

The man was completely unmoved by his question. He walked straight to Yunxiao's side, bent down, and checked him. Then, his brows furrowed.

Everyone's eyes fell on the person in front of them, and they all revealed a puzzled expression. The aura of a powerful expert emanating from his body was definitely an existence that could shock the world, but why did it feel so unfamiliar? None of them knew his background.

All of a sudden, everyone's mouths were wide open, and their eyes were as big as copper bells.

The Azure-robed man suddenly raised his foot and stomped on Yunxiao!

“Bang!”

A vast force burst out under his feet, and Yunxiao’s body was stomped into the ground, cracking it in all directions.

“Bang! Bang! Bang! Bang! Bang! Bang!”

The man kept stomping on the ground, stirring up dust and dust.

“Pfft!”

Yunxiao, who had been unconscious, suddenly vomited a mouthful of blood and flew out of the deep pit.

...

The green light shot into the sky and turned into Yunxiao’s figure. In a great rage, he clenched his five fingers, and a large amount of lightning gathered together as he thrust his palm down!

“Step on me! I’ll kill you!”

“BOOM!”

Countless bolts of lightning struck the man’s body, but they were only afterimages that exploded instantly.

The man appeared a thousand feet away and said coldly, “ don’t be so ungrateful. I’m already giving you face by not stepping on your face.

Yunxiao frowned and looked confused as he said, “ Che you, it’s you?”

The green-robed man nodded. fortunately, I came in time to save you. Otherwise, you would be in trouble. You're still the same as before, seeking death wherever you go!

it can't be helped," Yunxiao said. the protagonist's life can't die no matter what. The ones who save the scene are usually the supporting characters.

if that's the case," che you said coldly," then you can live on with your main character's life. I'll take my leave first. He turned around and was about to leave.

don't go, old dragon," Yunxiao said in a hurry. hehe, you know that I have a cheap mouth. You'll be the main lead today, and I'll be the supporting role."

Hei Yuhu's face turned a little unsightly. The aura emanating from che you was not weaker than his, and Yunxiao clearly had an extraordinary relationship with this man.

"What's going on? did you start a war with the world?" che you looked around.

With a bitter look on his face, Yunxiao said," "It's a long story, but I haven't seen you for a few days and you've improved a lot."

"With my talent, I can easily find a place to go into closed door cultivation for a few days and I'll be able to make rapid progress. Even if you risk your life every day, you'll only be able to reach this level."

that's great," Yunxiao said. I can see that hei Yuhu and the others don't look too good. Go and teach them a lesson so that they will be more sensible and not bully people outside all day long.

"I'm not here to fight for you," che you said with a frown. His gaze shifted to black universe protector and the others. however, if anyone wants to fight, I can teach them a lesson. It's free.

"Who are you?" black universe protector asked.

you don't need to know who he is," she you said. I'm going to take Yunxiao away now. Is there a problem?"

"Yes," black universe protector replied.

"That's good, you've chosen to be beaten up" she you nodded.

The two of them looked at each other, but the faint spiritual pressure continued to spread out. The entire space became blurry and kept swaying.

Nanfeng Xuan and Bai lingyue's expressions changed. They immediately moved to the two sides of she you and became alert, ready to attack at any time.

Yunxiao leaped back and flew to where feini was in the distance, where he carefully checked her injuries.

His body, which had been almost dried up, was now soft and smooth. His face was also full of blood, full of vitality.

However, he seemed to be sleeping soundly, and no one knew when he would wake up.

Yunxiao reached out his hands and tried to pick her up, in case she you and the others hurt her. But suddenly, a Heavenly Phoenix primordial light appeared between feini's eyebrows and turned into the shadow of a Phoenix. With a "bang", his hand was flicked away.

Yunxiao was not shocked, but delighted. It seemed that feini was most likely fine. He tried to take her into the divine realm tablet, but there was a force that stopped him from doing so. He could not take her away or move her, so he had to give up and stay by her side with peace of mind.

At this moment, his heart skipped a beat. He looked into the distance. Long qianmiao's body was shriveled, and his eyes were dull. He was lying on the ground like a dead fish, and his empty eyes were looking at him.

Yunxiao snorted coldly, not bothering to pay attention to the man.

After the Dragon essence and Phoenix light were forcefully extracted by the devil Lord PU, long qianmiao's strength fell from divine transcendence. Such a drop in realm would be difficult to recover for the rest of his life. In the realm of heavenly martial arts, there would probably be no more legends of this person.

Chapter 1525-grandmother zu

After staring at che you for a while, black universe protector said slowly, friend, I don't know who you are, but standing against me is the same as standing against the Holy region, standing against all the people in the world. Have you thought it through?"

Che you frowned, "you talk too much. If there's anything else you haven't finished, please say it. I'll beat you up until you have nothing to say.

Nanfeng Xuan giggled. Lord Black universe protector, this person is a stupid blockhead. Let's break his head.

Che you's gaze turned cold, he shouted,"f \* ck you, die!"

Having been with Yunxiao for a long time, he had learned a lot of those rumors and ruffian words. With a light cry, he disappeared from where he was with a bang.

Nanfeng Xuan's expression changed drastically. She felt a vast Dragon's might engulf the world, bombarding over like a mountain.

Wei Qing and Luo Qingyun were both shocked. The power of the Dragon was not weaker than long qianmiao's.

The two of them had the same thought-could it be that there was someone else other than them who could reach the tenth level of true spirit blood?

Although Nanfeng Xuan was shocked, she did not panic. She stepped lightly on the ground and twisted her body into a strange posture. Then, she suddenly straightened her body and clapped her hands in the air.

A few bolts of lightning suddenly fell from the sky. They were red and light green in color, and a thunderstorm crashed in front of him.

“BOOM!”

The lightning rain formed a storm of lightning that spun continuously.

When your traces could no longer be hidden, he instantly appeared and punched out!

“BOOM!”

The entire sea of lightning exploded in an instant, shooting in all directions.

“Bang!”

Nanfeng Xuan took the punch head-on. She felt a sharp pain in her palm and was sent flying. Her two arms were also crushed by the Dragon's might, and her sleeves burst open, revealing two white Lotus-like arms. She immediately looked embarrassed.

After your attack, he suddenly felt a powerful force coming from behind him. He grabbed in the air and a Whirlpool appeared in his palm, causing the space to spin as he turned around and attacked!

“BOOM!”

The sky suddenly became unstable, and countless spatial explosions occurred one after another. Bai lingyue was also sent flying, and her figure rolled in the air for thousands of feet before she could stop.

“Divine transcendence!”

Everyone was shocked. He had easily repelled a peak nine-star expert with one move. He was undoubtedly extraordinary and divine!

As his face darkened, he snorted, “You can actually take one of my attacks. You little insects are quite capable. Come, come, come, try again. Let’s see if I can kill you with my next move.

Nanfeng Xuan and Ling Baiyue’s expressions changed drastically, and they didn’t dare to continue.

“The two of you, take everyone away! Kill anyone who doesn’t comply!”

His face turned cold. The situation had changed and he could no longer deal with it slowly. If something else happened, he would be in big trouble.

“Yes!”

Yes,” Bai lingyue replied and was about to fly away.

Suddenly, a ray of sword light slashed down from the sky at an unusually fast speed. He dodged it in shock, and a few strands of his long hair fluttered in the air.

His gaze turned cold, and in the distance, Beifeng Nan’s face was filled with provocation.

“Hmph!”

Ling Baiyue grabbed her blue jade feather fan and flew away. Nanfeng Xuan, I’ll leave the cleaning of the battlefield to you.

With a dissatisfied expression, Nanfeng Xuan pouted her little mouth and said, “Qin Chuan, hurry up!”

“Yes!”

At this moment, Qin Chuan’s status was the lowest, and he was completely playing the role of a minor character. His hands formed a seal, and the Dragon tendon that Nanfeng Xuan had given him suddenly flew up, forming a dense net in the air above the ground.

Suddenly, the sword Qi in his hand trembled. With a clang, the huge net was cut into pieces and condensed into dozens of small nets, which covered everyone.

“What? We’re also going to catch them?”

The cultivators in the distance were all shocked and angry. Looking at the green net falling from the sky, they wanted to resist, but they were suppressed by a force.

When the green net landed on their bodies, it silently disappeared in a flash as if nothing had happened. However, the origin power in their bodies instantly stagnated and could no longer be circulated.

don’t be afraid,” Wei Qing said. everyone, come with me to the Holy region. I’ll treat you well.

“We can’t accept such a good gift!” Han Junting snorted.

The rest of the people also showed dissatisfaction, but the weak had no human rights, so they could only swallow their anger.

“Hmph!”

Yu Shengfeng’s expression was cold. A light flashed in his hand, and the falling Dragon tendon net was instantly shattered.

Among the divine transcendence experts, only Xuan Hua and Liu Feiyan’s injuries were too serious. When the net landed on their bodies, they were directly hidden.

The two of them looked gloomy and their eyes were burning with anger.

Qin Chuan trembled under their gazes, and cold sweat broke out on his forehead. He was really unlucky to have two titled martial emperors bearing a grudge against him.

The remaining people all attacked one after another, cutting the Dragon vein blue net into pieces, looking arrogant and unruly.

“Kill anyone who disobeys!” Wei Qing said coldly.

Qin Chuan trembled. Although he was strong enough to kill these seriously injured experts, the aura of these world-shaking existences made him unable to raise his killing intent.

“Hmph, kill?”

Yunxiao sneered as a sword beam emerged in his hand and he teleported up to slap at Wei Qing!

Wei Qing was shocked and quickly retreated.

...

Qin Chuan frowned. He did not dare to attack the martial seniors and bright sovereigns present, but he was still very eager to deal with Yunxiao. Li Yunxiao, don't be rude! He held his sword and charged forward!

“Bang!”

As the two sword gleams intertwined, they rippled out, and the aftermath of the blast swirled up.

Qin Chuan was no match for him and was forced back a few steps. He had a shocked expression on his face.

“Qin Chuan, what’s the matter with you?”

to think that you’re the number one talent among the juniors in the Holy region. I thought you were an invincible expert among the rising stars, ” Nanfeng min said angrily.

“Lord Nanfeng Xuan, this man in front of you is the genuine one, the number one rising star whose name has shaken the world,” Qin Chuan said with a bitter smile.

“Oh?”

Nanfeng Xuan clasped her hands together in front of her, her face full of stars as she said shyly, “ handsome, you’re my idol. I’ve heard about you every day in the Holy region, and I’ve long wanted to see you in person.

Yunxiao snorted. granny Nanfeng Xuan, you’re almost a hundred years old. I can’t bear to hear you talk to an eighteen-year-old beautiful young man like this.

A strange silence fell on the field. Everyone was dripping with cold sweat. They felt the temperature in the field drop inexplicably, and a murderous aura was almost solid, spinning in the field.

...

“What did you just say?” Nanfeng Xuan’s face was so dark that it had turned purple. She spread her fingers and spoke word by word, her body trembling slightly.

granny zu, you’re scaring me, ” Yunxiao said coldly. can’t we just have fun together? ”

“Die!”

A sharp whistling sound rang out, almost piercing the sky.

A crescent moon-shaped slash suddenly slashed out, splitting the entire sky!

don't kill li Yunxiao! Wei Qing was horrified. spare his life!

However, Nan fengxuan was not willing to listen. Her girlish appearance suddenly turned malevolent and terrifying. Talking about age was her bottom line. Even Wei Qing, hei Yuhu, and the others did not dare to mention age in front of her.

“Die die die!”

She shouted crazily. Her killing intent soared to the sky, almost condensing into a god of death.

“Swish!”

The half-moon slash cut Yunxiao in half, but both of them turned into Thunderbolts and then condensed again in a flash.

Cold sweat trickled down his forehead as well. He knew that Nan fengxuan did not talk about age, but he did not expect it to be to such an extent.

“I will kill you today!”

When Nanfeng Xuan saw that he was still alive, she charged over again in a fit of rage.

All of a sudden, a ray of light appeared in the sky, turning into a sharp slash, and slashed towards Nan fengxuan.

The figure was very huge, and it looked very strange as it stood in front of Yunxiao. It was none other than Qiu Mujie, who had revealed his ultimate body at this moment. His lower body was completely that of a strange blue fish, and all kinds of limbs were revealed.

“BOOM!”

Even Nanfeng Xuan didn't dare to underestimate the power of his blade. She calmed down a little and retreated in the air.

Qiu Mujie's eyes revealed an incomparably cold intent as he said, Li Yunxiao, leave this man to me. You go and kill Wei Qing!

Yunxiao was taken aback, and it was only then that he realized why the man wanted to help him. Wei Qing was their common enemy.

Furthermore, Qiu Mujie's ultimate form would never be exhausted, and his injuries would also heal extremely quickly. He was probably the number one person under divine transcendence. Even Nanfeng Xuan would not be able to defeat him.

great! Yunxiao was overjoyed. good! He turned his gaze and looked at Wei Qing.

Wei Qing's body trembled and he retreated a few steps in shock. He said angrily, "Feng zijie, if you are willing to submit to me now, I will write off all the previous matters and I will not pursue this matter!"

"Wei Qing, do you still have any trust in me now?" Qiu Mujie sneered. One of us must die!"

Wei Qing's expression was grave. He knew that it was impossible for Qiu Mujie to turn back. He immediately shouted, Qin Chuan, Luo Qingyun, stop li Yunxiao! he shouted.

He himself took out all kinds of medicinal pills and kept swallowing them, his expression extremely gloomy.

The rest of the powerhouses also sped up their recovery. Some of them even directly used secret techniques to increase their strength.

Luo Qingyun frowned. Although he was quite reluctant, he still waved his spear and stood with Qin Chuan, facing Yunxiao.

Wei Qing's gaze turned to a person in the distance, "Mister long da, please give me a hand!"

Although long qianmiao's dragon essence and Phoenix light had been extracted, and his cultivation base had fallen, his tenth-tier Dragon might and peak nine-star strength were enough to kill Yunxiao.

However, long qianmiao's face was blank and he didn't listen to any calls.

Wei Qing's face darkened. He understood long qianmiao's current situation. Anyone who encountered such a situation would be so shocked that they couldn't stand up, so he didn't force it.

Luo Qingyun, "Yunxiao said coldly. didn't you want to fight me alone?"

"A fair fight is what I want," Luo Qingyun said. At this moment, I'm seriously injured while you're almost in perfect condition. It's already unfair, so it's not too much to join forces with others. Moreover, today's battle is not between you and me. "

what a good 'fight not between you and me'! Yunxiao sneered. do you think you can defeat me by joining forces? "

He clenched his hands, and the aura on his body suddenly exploded. The powerful strength continued to rise, directly rushing to the nine-star realm!

Chapter 1526-imperishable golden body

Luo Qingyun and Qin Chuan's expressions changed drastically.

“A nine-stars Martial Emperor!” Qin Chuan was shocked. Be careful, this person’s strength can’t be simply measured by his realm!”

Luo Qingyun’s understanding of Yunxiao was far better than Qin Chuan’s. He slowly clenched his spear with his five fingers, and his face was unprecedentedly serious.

Yunxiao’s aura was still rising, and a stream of air was spinning around him. Even the space around him was in a trance.

“This is a Kasaya.”

Everyone was taken aback, and the shadows of Dragons and phoenixes slowly emerged behind Yunxiao. Although they were very faint, they were indeed real Dragons and phoenixes!

“Kill!” Luo Qingyun said in a deep voice.

With a sweep of his spear, a golden light appeared and he thrust it upwards.

“What, are you scared?”

Yunxiao grinned hideously. After The Fiend Lord took over his body, he had absorbed a lot of dragon essence and Phoenix light, which could be considered as his wedding dress.

“Ha!”

He suddenly roared, and that power directly soared into the sky, exploding to the limit.

His entire arm suddenly turned golden as he grabbed the war spear!

“Bang!”

Luo Qingyun's Aragami bright moon spear trembled and burst into beams of spear light under Yunxiao's grip, but it could not shake him at all.

Qin Chuan also knew that things were not good. With a flash of his sword, he directly flew up and slashed.

His face was solemn as he combined his sword and body.

I let you escape last time, " Yunxiao sneered. I'll see how you die this time!

His left hand also turned into a claw and grabbed in the air.

"Dang!"

Even though they were a few feet away from the sword momentum, the air wave in his palm hit the sword, and the sound of metal hitting metal could be heard.

Qin Chuan's heart trembled. The power of a single palm had completely suppressed him.

"Die!"

Yunxiao gave a loud cry as he pushed out both palms at the same time, pushing the two away. Then, he quickly performed an incantation gesture, and a golden light rippled out from between his palms, condensing into a square golden seal that spun and flickered in front of him, on which countless runes surged.

"Floating like a dream, flying with a seal!"

"BOOM!"

The seal fell and enveloped the surroundings.

Luo Qingyun and Qin Chuan couldn't avoid it. Under the extreme shock, the talent of martial artists was highlighted. The two of them instantly calmed down and didn't panic in the face of danger.

Luo Qingyun's pupils contracted, and he shouted as his Dragon's might surged.

"Six broken spear art-vacuum break!"

A roar came from the battle spear as it pierced the sky!

Qin Chuan raised his long sword in front of him, and circles of sword talismans flew out, turning into a vortex that filled the sky.

"Da Qian sword technique-Nine Heavens and ten earths criss-cross!"

A huge sword shadow appeared and suddenly slashed at the seal!

The two powers were both powerful and overbearing. They chased each other and rushed into the seal.

"Boom boom boom!"

The floating life seal shattered in an instant, and two forces rushed toward Yunxiao.

"Hmph!"

A cold smile appeared at the corner of Yunxiao's mouth. He clenched his fists, and his whole body turned into a golden light as he took a step forward.

"Ha!"

He suddenly roared and his two fists suddenly smashed down. The air exploded layer by layer and fell on the spear technique and sword light!

“Boom boom boom!”

Under the impact of the force, waves of air were stirred up, but Yunxiao’s body glowed with a golden light in the sky, and he was unharmed!

“That’s Yingluo, that’s Yingluo!”

The crowd was horrified as they stared at Yunxiao’s current state with their eyes wide open!

Wei Qing cried out, “tyrant body tempering technique!” The imperishable golden body!”

This cry of surprise made everyone’s hearts beat wildly, revealing a look of disbelief.

These were the words that represented invincibility!

Yu Shengfeng gritted his teeth and said, “just how many more secrets does this kid have?!” Damn it, damn it!”

Qiu Mujie, who was in the distance, was also shocked. He was the number one expert in the study of the physical body in the world, and he couldn’t help but take a few more glances.

“Hmph, you still dare to be distracted when facing me!”

Nanfeng Xuan said coldly, her eyes filled with killing intent. The half-moon Golden Wheel in her hand was like a scimitar, and she slashed out in a strange posture.

Qiu Mujie was instantly startled and hurriedly came back to his senses. He turned his podao and charged forward.

...

However, the strange Golden Moon wheel wrapped around the blade and flew up into the air, emitting a metallic clang as it slashed toward Qiu Mujie.

“What?”

Qiu Mujie’s heart trembled, and the horn on his forehead directly knocked down.

“Bang!”

A ray of golden light flew into the sky, and the horn was instantly cut off by the Golden Moon wheel!

Qiu Mujie was greatly shocked. With a sudden flap of his wings of the dark swamp, a strange light shot out from his thousand eyes, piercing straight towards Nanfeng Xuan’s head like a sharp blade.

Then, the long tail swung and the Scorpion needle suddenly stabbed down!

Nan fengxuan’s expression darkened. She flipped her body in the air and dodged the attack. The half-moon Golden Wheel in her hand turned and slashed toward his neck.

“Hmph!”

“Ha!”

Qiu Mujie’s nostrils suddenly enlarged, and he let out a “Hmph ha” that caused the air currents to spin and the entire sky to explode.

...

The power of the sound waves attacked indiscriminately, and no matter how Nanfeng Xuan moved, she could not avoid it.

With a cold snort, she shook her right hand, and dozens of rays of light bloomed from the Golden Wheel, splitting the sky in an instant. The rays of light shot out from her body, and she disappeared on the spot.

Qiu Mujie immediately became alert, not daring to be the slightest bit careless or distracted.

As the head of the Holy region's Law Enforcement Division, Nanfeng Xuan's strength was publicly acknowledged to be the strongest. She was also basically the candidate for the next Governor. Although she usually looked like a little girl, this old woman was already a hundred years old.

Hei Yuhu and che you stood in the air, not moving at all.

However, hei Yuhu's expression was calm and indifferent, without any fluctuations in his emotions. On the other hand, che you's lips were curled into a cold smile, as if he was watching a show.

"Al!"

Hei Yuhu finally let out a sigh. He originally wanted to hold che you back and let Nanfeng Xuan and Ling Baiyue clean up the battlefield, but both of them were being bitten by two monsters. Nanfeng Xuan was in even more danger and couldn't even protect herself.

After Yunxiao displayed his inextinguishable golden body, he knew that it was impossible for Luo Qingyun and Qin Chuan to defeat each other with their Joint Forces.

He stretched out his hand, and a sharp killing intent spread out. His five fingers clenched with an explosive sound. His figure flashed and directly turned into five figures. Each of them was determined, and they formed a formation and attacked together.

Ning keyun, who was far away, said, "this is a Kasaya."

Ning Kewei frowned and said, "it's just an identity incarnation. It's nothing compared to the Yi Qi turning San Qing." &Nbsp;

Che you's expression hardened, and with a wave of his right hand, the winds and clouds in the sky changed drastically. A small mountain appeared in the sky, and it shone with a bright light. It descended slowly, spun in the air, and turned into a sharp sword that slashed down.

"That's Yingluo!"

Everyone was shocked. The vast power of the sharp sword made everyone's heart tremble.

Long qianmiao's face was pale, and his eyes were hollow. He trembled and almost jumped up from the ground. He looked at the sword in shock and exclaimed, "Xumi anatta!"

"There's someone who knows what's good," the carriage Dragon snorted.

He formed a seal with both hands and slapped it directly in the air. Several incantation seals were sent into the Xumi anut sword, and thousands of sword lights were produced at once, slashing toward the five avatars!

"BOOM!"

As the two forces collided, the space shattered and the world collapsed!

Black universe Guard's five bodies combined into one as he threw out another punch.

Che you sneered, he grabbed the hilt of his sword and slashed out.

“Bang!”

Black universe protector’s arm glowed with a metallic light as he took the sword head on. He snorted as his right fist suppressed the Xumi anatta while his left fist punched down!

Che you’s pupils shrunk, he shouted.

“Clang!”

The Xumi andot sword split into two, and the second sword shadow slashed at the left fist.

“BOOM!”

With a slash, the two of them were instantly separated.

Che you’s expression was cold, his long sword danced around his body as he shouted, ” “Sword technique-demon slaying!”

“?! What?”

Everyone was shocked. Most of the people present had seen this sword technique before and naturally understood its power!

Light shot up from the Xumi anatta. Countless halos spread out, and a green energy sphere appeared. It was the Dragon field!

“BOOM!”

As the terrifying sword fell, the entire sky was split into two. Countless spiritual energy and clouds rolled.

The ground was directly torn apart by the spirit pressure, and a ravine appeared, which looked like a cliff!

The sword intent was boundless as it spread around black universe Guard's body, continuously eroding his protective Dipper energy.

"Qingyang martial arts!"

Black universe protector roared as he raised both his hands. A vast amount of energy surged out from his body and swirled in front of him. It then condensed into a light on his fist and struck out!

"BOOM!"

The sword essence that filled the sky was shattered by this punch.

"Bang! Bang!"

Black universe Guard's pupils shrank, his face filled with shock. Although the power of the punch was mighty, the armor and finger helmet on his arm had reached their limit and exploded!

How could the people in the surroundings withstand the impact of such a vast and mighty Qi wave? they all fled in an instant.

Even Yunxiao was shocked. The power of this sword technique displayed by che you was almost as powerful as his in the past!

"Hmph, this sword move is nothing more than this."

Che you snorted contemptuously as he glanced at Yunxiao, intentionally or unintentionally.

Everyone was stunned. Who would say that about their sword?

Xuan Hua and the others who knew Yunxiao's identity understood the meaning of his words. He was just deliberately mocking Yunxiao, and they could not help but smile wryly.

"Oh? Do you have any sword moves more powerful than Gu Feiyang's sword technique? I'd like to experience it!"

Even though black universe protector's finger helmet had been shattered, his battle intent was still ignited. His eyes flashed with a brown light as he approached che you.

"Hmph, I'll try my sword!"

Che you gripped the hilt of his sword and the Xumi anatta trembled. The sound of weapons could be heard and it shot out in all directions.

In an instant, eight illusory swords appeared around the sword. All of them were spinning and vibrating with the Dragon Sword.

"What?"

Che you was concentrating on his sword when he suddenly sensed something. He couldn't help but look down at long qianmiao.

The two of them looked at each other and their hearts trembled.

"That's Yingluo."

Che you was shocked, and he saw long qianmiao's body start to ripple with sword will. Heaven and earth could not fly out suddenly, and they spun in front of him!

A Green Dragon domain rippled out, as if it had formed its own world!

“Ah? That’s a Kasaya!” Che you was shocked.

The two true dragon Swords resonated with each other, and their auras continued to rise!

Chapter 1527-betrayal

heaven and earth can’t use a sword?! che you was shocked.

A sharp light shot out from his eyes, and he had a look of shock and joy.

Suddenly, a wave of pressure in front of him broke through his Dragon’s might and headed toward his heart.

“BOOM!”

Black universe protector’s fingers were like blades as he clenched his fist and shouted, ” “You’ve been distracted, die!”

“Bang!”

He clenched his fist in the air, and a stream of energy shot out, breaking through his protective dragon essence.

In his shock, che you quickly dodged and unleashed his true dragon Avatar.

“Bang!”

Although he had avoided the attack, the force of the punch still hit his chest. The Dragon scales were shattered, and he spat out a mouthful of blood as he was sent flying.

Having succeeded in his first attack, black universe guard snorted coldly and charged forward. His entire body emitted a blinding light, making it difficult to see his true form.

“Bang!”

He punched out once more and the Dragon domain was instantly shattered by his fist radiance!

He was once again sent flying a thousand feet and he was extremely furious. He waved his sword and his entire body gave off a colored light along with the Xumi anatta.

He and his sword became one as he flew over and slashed!

Black universe protector’s face was solemn as he clenched his fists in front of him, “Unmoving as a mountain!”

A domineering protective vital spirit burst out, and he was surrounded by a barrier.

“Bang!”

As the Xumi anatta slash came down, the astral wind barrier trembled non-stop. Black Cosmic Guard’s body trembled, and several rays of light shot out from his body. They turned into four figures behind him and attacked at the same time.

“Pa!”

The four of them transmitted their energy to each other before finally striking out with their palms behind black universe protector. As the energy surged into his body, black universe protector condensed his palms and struck out!

“BOOM!”

His protective Dipper energy suddenly burst out and blasted the sword energy away.

Black universe guard struck out with his palms, and the four outer-body incarnations once again entered his body. Each of his fists split into ten million incarnations as they chased after che you!

“Bang! Bang! Bang! Bang! Bang! Bang!”

The powerful Qi continued to blast on cheyou’s body, his scales were flattened inch by inch and dragon essence light was formed.

The result of being distracted was that he was repeatedly suppressed by the other party and fell into a situation where he could not fight back at all.

“True dragon Avatar!”

Che you roared and instantly turned into an Azure Dragon that soared into the sky, causing the ground to shake.

The true dragon celestial body was surrounded by the green light of the Dragon essence. The Xumi anatt sword suddenly became bigger and slashed in the air!

The essence force in front of the black universe shield surged as it suddenly clenched a fist and struck!

“BOOM!”

A terrible blast of air rushed out, throwing everything within thousands of feet into chaos. Yunxiao and the others were also affected, and all the martial artists who were healing below fled in all directions.

Yunxiao’s face froze, and he looked surprised. Che you seemed to be at a disadvantage.

He turned and looked at long qianmiao in the distance. Suddenly, his body flickered, and a sword will gushed out of his hand, slashing at long qianmiao.

“BOOM!”

The sword Qi cut into the ground, and long qianmiao leaped to avoid it. He said with a gloomy face, “What are you doing?”

Yunxiao sneered. Mr. Long da, I can see that you have lost your fighting spirit. It seems that you don’t want to live anymore. Why don’t you give me the sword in your hand? ”

sword of the true dragon? ” long qianmiao’s eyes narrowed. you want the sword of the true dragon? ”

“Yes, yes. It looks very handsome. I really want it.”

Yunxiao chuckled, but his eyes were cold.

sure! long Qianyun replied, ” I’ll give it to you if you return the Dragon essence Phoenix light to me!

Mr. Long da, ” Yunxiao said, ” are you dreaming? The Dragon essence and Phoenix light have already been absorbed by me and feini, how can we return it!”

Long qianmiao’s face seemed to be covered with a layer of frost. He gritted his teeth and said, ” I don’t care about what you have. As long as you give me feini, I’ll also give you this sword with both hands.

do you think that’s possible? ” Yunxiao said angrily. do you think that’s possible? ”

Long qianmiao snorted,if you can’t do it, then forget it. You’re indeed very strong at the moment, but you’re still a little lacking if you want to snatch the sword from my hands.”

Yunxiao! Wei Qing's eyes lit up. Mr. Long da, take down li Yunxiao, and I'll try my best to help you recover your strength!

Long qianmiao frowned. Wei Qing, " he said, " other than the Dragon essence Phoenix light, there is no other power in this world that can help me.

"I can even create tenth grade dragon blood, so what if it's dragon essence and Phoenix light?" Wei Qing asked. Besides, if you want the Dragon essence and Phoenix light, you have to take down li Yunxiao!"

A strange look flashed in long qianmiao's eyes, and he said, " "Good! My power has been greatly weakened, so I'll join hands with these two juniors without caring about my status!"

Wei Qing was overjoyed and said,"good, quickly take him down!" In the entire realm of heavenly martial arts, the only person who can help you is me, Wei Qing!"

Long qianmiao was a hero of the world. He was not careless at all. After making up his mind, he slashed out with his sword, and the entire land cracked!

Yunxiao's face darkened, and he instantly transformed into a bolt of lightning and fled.

...

However, the sword will transformed into a Dragon in the sky, roaring and chasing. No matter how he dodged, he could not avoid it.

"Hmph!"

Yunxiao snorted in anger. Instead of running away, his body glowed with a golden light as he clenched his fists, and a violent force poured out of his body as he tried to grab the Dragon Sword Qi!

Suddenly, a flame soared into the sky and turned into the shadow of a Phoenix. A graceful and beautiful figure appeared in the sky. She raised her hand, and a colorful butterfly danced on her fingertips. As it flapped its wings, it grew larger and larger as it flew toward the sword Qi.

“BOOM!”

Under the impact of the butterfly, the sword Qi exploded in an instant, shaking in all directions.

However, there seemed to be a spiritual pressure in front of the figure, which blocked all the waves.

feini, ” Yunxiao said in surprise. you’ve recovered? ”

“I’m sorry for making you worry, husband,” feini smiled slyly. Although she was smiling, there was a hint of worry on her face.

Long qianmiao was stunned. feini, ” he said coldly, ” are you going to betray me and the long family?!

Fei Ni raised her eyes and a cold glint flashed in her eyes, ” sect leader, it’s not me who wants to betray the long family. You’re the one who wants to take my life.

...

Long qianmiao frowned. I had no choice in the situation just now. You should understand my efforts.

“Painstaking effort? Hehe.”

“When I was unconscious just now, I only needed a little bit of the origin Dragon’s power to activate my Heavenly Phoenix Nirvana body and rise from the ashes. It won’t affect your strength at all.” It’s impossible for someone with the bloodline of a true dragon like you to not know this, but you directly extracted my Heavenly Phoenix origin light and put me in an eternal damnation!”

Everyone was shocked and revealed strange expressions.

In the distance, Qi GUI's face was also aghast as he muttered, "Feini Qianqian"

Long qianmiao's face darkened. I was in a hurry then. I didn't think it through properly. Feini, return to my side. You are still the young master of the long family, and I will definitely pass the position of the long family to you. After today, you can be one of the seven sect Masters!"

"The seven sect Masters? Hahaha!"

Fei Ni suddenly laughed and said,"so what if there are seven sect Masters?" I don't want the seven sect Masters."

Her eyes were filled with sadness and confusion as she chuckled, " I like the strong, and I like to fight with the strong even more. My husband will definitely be the world's number one, and being the world's number one's wife is more than enough to win the position of sect master!

if that's the case, I will personally kill you, you traitor! long qianren said coldly. I will extract all the Dragon essence and Phoenix light from your body!

The heaven and earth invisible sword in his hand suddenly appeared, and countless sword wills surrounded it. A Dragon Realm opened up and suddenly slashed down in the sky.

Yunxiao was startled and was about to make a move when he heard feini say, " husband, let me do it. This is a grudge between me and the sect leader. Let me end it with my own hands.

"You're too weak," Yunxiao said with a frown.

Feini turned around and smiled in surprise, " "Don't underestimate me."

alright! Yunxiao nodded. be careful.

Fei Ni raised her hand and her entire body transformed into the form of a demonic Phoenix. A light flickered on her fingertips like the light of a Firefly and suddenly pointed down!

“BOOM!”

With her as the center, an infinite amount of power burst out from her finger and turned into halos, shaking the universe and all directions!

“BOOM!”

The two forces collided, causing shockwaves to spread out and countless ripples to ripple in the sky. It was as if the two of them were unable to calm down.

The sword in long qianmiao’s hand danced as he gritted his teeth and said, “Feini, you are indeed the most outstanding young master of the long family. How can I bear to kill you with my own hands!”

Fei Ni was also emotional as memories of the past surfaced in her mind. Her heart softened and she said, “sect leader, put down the true dragon Sword and leave. Feini doesn’t want to hurt you.

“Hmph, hurt me? Feini, you’re way too confident!”

Long qianren roared and appeared in front of feini in an instant. He swung his long sword, and the sword radiance split the sky.

Fei Ni’s figure was in a daze. The afterimage was shattered by the sword light, while her real body was thrown backward and she kicked forward.

Long qianmiao’s first attack failed, so he retreated instantly. Then, he raised his sword again and stabbed down.

Feini raised her right hand and used two fingers to pinch the blade of the sword.

“Bang!”

The sword trembled and produced rings of light, but it could not hurt her at all.

“What?”

Long qianmiao was shocked, and his face immediately darkened. When he thought of the fact that Feini and Yunxiao’s strength had been extracted from his dragon essence and Phoenix light, his heart burned with anger, and he felt like he was about to explode!

“You dare to underestimate me! Heaven and earth can’t do anything, so all living beings must be beheaded!”

“Bang!”

Two of Fei Ni’s fingers were jolted away, and fresh blood splattered in the air. The sword Qi had injured her palm, and it gathered an infinite amount of power before slashing down.

“BOOM!”

After the afterimages were slashed, Fei Ni’s real body appeared in the sky. She swept her fingers and stained them with her own blood. She looked down and said, “This drop of blood shall be used to repay the sect master’s kindness in nurturing me.”

Hmph! If you’re really grateful to me, take Li Yunxiao down with me, and you’ll still be the future sect master of the Long family!

Long qianmiao was extremely shocked. Feini’s strength seemed to be above his, but he remained calm and snorted.

Fei Ni chuckled and said, “It’s a pity that our paths are different. I can’t go back to the past and I don’t want to be the young master of the Long family anymore.” Mister Long da, let’s end this today.”

She made a hand seal with one hand, and a red light flashed between her eyebrows. Flames filled the sky, and a huge Phoenix shadow condensed behind her, dancing in the nine Heavens!

Chapter 1528

1528 Desolate

Long qianmiao's expression changed, and he said coldly, "Since you're so stubborn, then our friendship is over. You're no longer a member of the long family!"

Fei Ni furrowed her brows but quickly relaxed. She said indifferently, "As you wish."

"Go to hell!"

Long qianmiao was furious. He raised his long sword and slashed down from the sky!

Fei Ni rose into the air and soared through the nine Heavens. A Phoenix Feather appeared behind her and she was surrounded by the Phoenix light as she charged forward!

"Bang!"

The sword intent struck the Phoenix light, creating countless rings of light.

Fei Ni's true form was revealed, and endless flames followed, swallowing long qianmiao with a loud bang.

Yunxiao was shocked. The two of them had used their strongest moves almost as soon as they attacked, and it was extremely dangerous. But, it would not take long for the winner to be decided.

He was also surprised by feini's progress. However, she had the heavenly Phoenix Nirvana body and the power of the Dragon essence. It was hard for her not to evolve.

While he was watching the battle carefully, Luo Qingyun and Qin Chuan also rushed over. Both of them were top rookies in the world, and they were not willing to be suppressed by Yunxiao, so they launched a series of fierce attacks.

The spear radiance and sword Qi streaked across the sky, and each move was extremely dangerous.

Yunxiao's face was filled with anger as he said coldly, "Since you two are courting death, I'll send you to heaven first!"

A sharp cold light flashed on his body and suddenly turned into sword shapes, spreading around him.

The 36 Northern heaven cold star swords danced in the air under the sword technique, forming a great formation and falling on the two of them.

The swords glowed with a cold light, and the two of them felt their bodies turn cold as if their temperature had suddenly dropped.

Not only that, but the two of them felt the space suddenly change. Countless rules of sword came from all directions. The position of the 36 swords directly locked on to the power of heaven and earth, and everyone's rules were at their mercy.

Yunxiao sneered. both of you are rare rookies in the world, and I admire you very much. But, it is very likely that you will die Here today. I'm very curious, who will die first? "

His face turned cold, and countless sword shadows appeared around him. The myriad sword formation suddenly began to operate, and dense sword light flew toward the two people in the formation.

In the distance, han Junting's body trembled as she felt a sense of helplessness in her heart.

Even the surrounding experts looked at each other in surprise.

Qin Chuan's expression changed drastically. He dispersed the thousand Shadow Sword and shouted, "Spirit shadow thousand blades!"

The Azure sword Qi rose up and instantly formed a barrier, protecting him within it and blocking the rain of swords.

"Bang! Bang! Bang! Bang! Bang! Bang!"

Countless rays of light slashed down, and in just an instant, the sword enchantment was shattered.

Qin Chuan was shocked. The last time he fought with Yunxiao, it was the same sword diagram and the same move, but when he used the spirit shadow thousand blades sword technique, Yunxiao could not break it at all. But this time, he could only hold on for a few breaths. The gap between them was growing larger and larger.

He didn't have the time to think anymore, and a determined look flashed in his eyes.

Yunxiao frowned as he saw Qin Chuan's sword suddenly burst out with seven-colored lights-red, orange, yellow, green, cyan, blue, and purple. His heart trembled as he knew that Qin Chuan had a divine sword skill. His pupils constricted as he stared at it carefully.

ancient tree in the moonlit night, with a thousand shadows of the sword, like a man, like jade, ten thousand miles of Qin Chuan.

"Forget all the nine mysteries, end all the nine Realms."

"May I ask what color, taste, shadow, sound, interest, and state?"

The nine streaks of light combined into one, and a white light rose up. It was as if a ray of moonlight was surging within the million sword illustration, and the surroundings became hazy.

The surrounding experts were all shocked. The power of the divine skill was unparalleled. However, in addition to talent and strength, one also needed great luck to cultivate a divine skill.

There were countless experts present, but no more than five of them had truly mastered a divine skill, and they didn't dare to use it rashly.

As soon as the sword appeared, the momentum of the ten thousand swords was blocked. Even Yunxiao, who was setting up the array, felt the pressure coming from it. His face could not help but change as he put two fingers together and raised them high with a sneer.

A white light flickered between his two fingers. He leisurely drew a seal in the air, and a seal the size of a millstone formed in the air, then suddenly fell.

Clang! Clang! Clang!

The 36 swords started to tremble, and the cold light scattered in all directions. They reflected each other, and it was like a cold world of swords.

The illusory swords that filled the sky were still flying and slashing continuously, bombarding Qin Chuan's divine skill. Bang Bang Bang Bang " sounds rang out before they all shattered.

Qin Chuan's sword momentum finally rose to the extreme, and he slashed down with a loud shout!

"BOOM!"

A streak of white silk appeared in the sky and slashed apart the sword shadows that filled the sky!

At this moment, Luo Qingyun also gathered thousands of forces on the spear. The battle spear suddenly bloomed with a vast power and turned into a giant spirit that stood up directly.

The countless sword intents landed on the giant Spirit's body, causing a golden light to flash, but they were unable to harm it at all.

Luo Qingyun transformed into a Dragon, and his hands shone in front of him as he struck out.

The profound level weapon spirit followed suit and punched.

“Dragon Spear-brilliant field!”

The power of the four punches turned into a whirlwind and rushed out with him as the center.

“BOOM!”

The two shocking forces exploded in the sword pattern. The 36 swords trembled violently, filling the sky with sword shadows and trembling sounds.

Yunxiao’s face flickered. He did not expect that the power of the two men’s joint attack would be far beyond his imagination.

He knew that it would be difficult to hold on any longer, so he hurriedly made a hand seal, and the 36 swords flew back. The two forces under the joint attack of Luo Qingyun and Qin Chuan were like ferocious beasts that had opened the gates, rushing out of the cage and roaring towards him.

“Ha!”

...

The two forces were so strong that even he did not dare to face them.

Tusita peak slowly rose in his hand and smashed down towards the two forces!

“Boom boom boom!”

The four-colored light smashed down, and the two forces were instantly destroyed.

The force of the rebound passed directly through the Tusita heavenly peak, and Yunxiao's blood and Qi were shaken. He performed incantation gestures with both hands, and countless incantation seals flew into the mountain.

The Tusita heavenly Peak's momentum didn't slow down, and it flew away.

Luo Qingyun's expression changed drastically. The profound level weapon spirit hurriedly turned back into a war spear. With a clench of his fist, he suddenly escaped.

He had seen the power of this thing before. Even the ghost king could not withstand it. With his cultivation and strength, he would probably be turned into meat paste with one touch.

"Boom boom boom!"

The Tusita heavenly peak spun in the sky. It was not fast, but it caused the space to rumble.

Qin Chuan's expression changed, revealing a suspicious look. Just as he was about to slash out with his sword, he heard Wei Qing shout, "Quickly Dodge!"

...

Qin Chuan didn't seem to mind, but he still didn't dare to disobey Wei Qing's order. In a flash, his figure disappeared into the sky.

The Tusita heavenly peak rumbled past the afterimage he left behind.

'What a pity,' Yunxiao thought.

Then, he formed a hand seal and the mountain disappeared in a flash.

At this moment, Feini and Long Qianmiao's battle had also turned into white heat.

Long Qianmiao's every move was fierce, and the sky had long been shattered. His essence force was decreasing rapidly.

Wei Qing's eyes were filled with worry. He could naturally tell that even though Fei Ni was at a disadvantage, she was not defeated. Her advantage was getting smaller and smaller. If there were no more variables, she would definitely lose.

How could Long Qianmiao not know? After a few strikes, his mood became extremely violent, and his movements became more chaotic.

Feini Phoenix shadow continued to shuttle back and forth under the sword. Suddenly, she put her hands together and slapped out.

Countless colorful butterflies flew into the air, and in an instant, the sky was filled with the shadows of butterflies. It was as if they were shuttling through a cluster of flowers, and they stuck closely to Long Qianmiao's body.

Long Qianmiao's heart skipped a beat. He raised his sword, and a Dragon domain spread out, trying to shatter the butterflies in the sky.

Feini retreated and formed a hand seal with one hand. "Explode!"

"BOOM!"

A burst of fire shot into the sky, and thick flames soared into the sky.

A formation suddenly formed around the flame, and like a chain, it trapped Long Qianmiao within.

Long qianmiao's expression changed. The fire around him burned his dragon essence directly. He quickly held the sword in front of him with both hands, and a Dragon Realm opened up to resist the burning of the divine fire.

A cold glint flashed in Fei Ni's eyes. Her hands danced like a large bird and her entire body glowed with Yuan light like a colorful Phoenix.

A ray of green light slowly gathered above her and turned into the shape of a Dragon.

The dragon and phoenix chimed and circled around the pillars of fire, like the two eyes of the formation. Suddenly, the binding force doubled.

Long qianmiao's expression changed drastically, and his eyes were filled with a complicated look. In the end, he retracted all the sword Qi and held his sword without moving.

Feini's heart trembled as if he had a premonition. He retreated a thousand feet and stared at the scene vigilantly.

Long qianmiao stared at her for a long time before he said slowly, "you're really strong, far stronger than I was in the past. You might be the most powerful young master of the long family in so many years.

"Mr. Long da, you flatter me. I'm no longer the young master of the long family." Feini frowned.

Long qianmiao smiled bitterly and said, "it's not just me. I can't remove the young master from his position. Feini, I'm very pleased with your achievements today."

"You, what do you mean by that?" feini was startled.

Long qianmiao raised his hand, and the heaven and earth invisible sword flew out. Then, with a slap, a green light shot out.

Feini was shocked and grabbed in the air. A huge hand appeared in the sky and grabbed the two items.

Other than the sword, there was also a jade pendant.

“Sect master’s order!” Feini was shocked.

“Hahahaha!”

Long qianmiao laughed out loud, and the energy around him dissipated. He did not put up any resistance and allowed the flame to burn into his body.

His eyes were filled with relief. He sat down cross-legged and his figure slowly became blurry.

“Sect master!”

Feini was shocked and was about to disperse the flames.

let him go,” Yunxiao said. this is what he wants.

Feini said anxiously,”but Zhenzhen.”

Yunxiao’s expression was solemn as he said, “ his heart is dead, and there is no possibility of him recovering his strength. He is better off dead than alive. Perhaps dying in the divine fire is his favorite destination.

Feini held the token in her hand. The firelight shone on her face and she looked extremely sorrowful.

All the experts were moved, their faces solemn.

The sect master had died in front of their eyes. A deep sense of sorrow spread in everyone's heart. They felt sad for the death of their kind.

Chapter 1529-seizing the sword

Although long qianmiao's death was a pity and sorrowful thing, the intense battle in the sky did not stop. Instead, it became even more intense.

The battle between Qiu Mujie and Nan fengxuan had already caused the heavens and earth to collapse. Terrifying Qi waves rolled everywhere, and their auras were not inferior to divine transcendence at all.

Nan fengxuan's figure was almost invisible. There were only golden halos spreading in the sky, shooting into the distance like countless flat surfaces.

Qiu Mujie, who was known as the number one expert below divine transcendence, was beaten to the point where he was unable to fight back at all. Many of his limbs were broken, and his two furry golden ape arms were covered in blood.

Only Ling Baiyue and beifeng Nan's battle seemed very relaxed. The two exchanged moves, one against another, and they fought very gently.

Several sword lights danced in front of beimang Nan, cutting off all the attacks from his opponent. He stood with his sword in hand and said coldly, "You're playing with me?"

Ling Baiyue smiled in surprise and said, "play?" I'm playing very seriously."

"I don't know what you're thinking, but there's no need to continue playing like this," said beimang.

Ling Baiyue smiled, "as long as you don't attack and just watch, we can indeed not fight."

Beiming Nan glanced at Qiu Mujie in the distance, and his pupils contracted. "What a powerful woman, her battle is so fierce."

Ling Baiyue smiled. The feather fan she used to attack was now used to fan the wind. She nodded and said, lady Nan fengxuan is publicly acknowledged to be the strongest among all the secretaries in the Holy region. Even divine transcendence would have a headache if they met her.

He saw that beifeng Nan was about to make a move, so he waved the feather fan in his hand and directly blocked his way. He said, "Everyone can just watch. Why don't you and I take a break?"

"If you want to rest, you can get lost!" Bei Xiaonan snorted coldly. The sword aura in his hand soared into the sky, and countless sword talismans appeared in the surroundings. They combined into one in front of him and slashed out fiercely.

"Swish!"

That sword momentum was like a shooting star, its power boundless.

Ling Baiyue frowned and sighed helplessly. She flapped her feather fan and flew into the distance.

Initially, he only wanted to pin down beifeng Nan and did not want to get involved in this battle. After all, the final battle would still be between hei Yuhu and che you. Even if he won against beifeng Nan, it would be meaningless if hei Yuhu lost.

Who knew that beifeng Nan would not appreciate it, and after fighting for a while, he became bored. Suddenly, his sword Qi burst out, forcing him to face it with all his might.

Suddenly, Qiu Mujie roared loudly, his eyes bulging out as he roared, damn old hag, I'll kill your entire family!!

He seemed to have been completely angered. His body was covered in wounds. Although they were not fatal, he was getting more and more aggrieved.

"Bang Bang!"

As he roared, his hands grabbed in front of him, and a row of small balls appeared. There were red and green, big and small, but all of them exuded a strong demonic power.

The small balls danced under the seal of his hands and circled around him. The demonic Qi on them crackled like lightning.

“Monster core?” Everyone was stunned, not understanding why he had taken out so many demonic cores.

Some people saw that he kept feeding the battleship fish primordial cores during the battle to maintain his demonic state, and thought that these demonic cores were also for eating.

“What did you just say?”

Nanfeng Xuan’s cold voice rang out from the void. The half-moon golden ring transformed into a Rainbow Bridge that descended from the sky, pressing down on Qiu Mujie.

A lithe figure appeared on the Golden bangle. It was Nan fengxuan. Her face was filled with anger as she coldly said, “ what did you call me? ”

“Old hag!” Qiu Mujie bellowed. You bastard old woman! ‘It was Yunxiao who called you granny zu at first, but you’re actually venting your anger on me? do you have any integrity? Then I won’t be polite, old woman, great-grandmother, and O ‘basang!’

“Die!”

Nanfeng Xuan’s sharp cry pierced through the sky. The half-moon golden bangle let out a trembling sound, and in an instant, it turned into a Crescent Blade and landed in her hand. She then slashed down fiercely!

“Boom boom boom!”

The sky was instantly split open as that massive moon-shaped slash slashed toward Qiu Mujie, causing the entire world to be shrouded in a somber aura.

“Hmph, you’re the one who’s going to die!”

Qiu Mujie roared and continuously formed hand seals, sending all sorts of seals into the demonic cores in front of him. A power in the shape of stars and clouds appeared around each demonic core, constantly spinning and emitting a terrifying aura.

“That’s Yingluo.”

Everyone revealed a puzzled expression, not knowing what move this was.

Suddenly, Yunxiao trembled, and his eyes flickered with a fierce light, as if he had thought of something.

Qiu Mujie’s dantian had been sealed by Lin Shengfeng, so he had directly exploded his dantian and replaced it with a Yao core.

In other words, he had the ability to transform the demonic cores into the sea of Qi in his dantian. The demonic cores in front of him were now in the form of sea of Qi!

“He’s going to self-destruct those demonic cores!”

Yunxiao suddenly thought of this possibility, and his eyes widened. With so many ninth-tier demon cores exploding at the same time, even Qiu Mujie himself might not be able to withstand it!

“Eleven demonic cores, Qi transformation vortex!”

Sure enough, just as Yunxiao had expected, Qiu Mujie clenched his fists in front of him, and the eleven ninth-tier demon cores suddenly opened, releasing a terrifying aura.

“This is the sea of Qi formed by the Tao Wu demonic core? How is that possible?”

All the experts were shocked. In their shock, the 11 demonic cores exploded one by one!

“BOOM! BOOM! BOOM! BOOM!”

The terrifying air current immediately dispersed and condensed into a vortex before Qiu Mujie before blasting toward the Half Moon golden chakra slash!

Qiu Mujie himself was also instantly devoured by the power of his sea of vital energy!

“BOOM!”

That slash was instantly destroyed, and Nanfeng Xuan’s face contorted. She turned around and tried to escape, but it was already too late, and she was directly swallowed by the air wave.

“Boom boom boom!”

The huge explosion continued to reverberate in the sky and spread far and wide. The two figures could not be seen at all.

...

Both hei Yuhu and Wei Qing’s faces darkened.

The power of this move was comparable to the attack of a divine transcendence expert.

Since Qiu Mujie dared to use it, he could naturally control the damage to himself. Nanfeng Xuan would most likely be severely injured.

The situation was becoming more and more disadvantageous, and black universe protector knew that the key was to suppress the opponent. However, with the opponent's strength, even if he won, it would be a Pyrrhic victory, and he might not be able to control the situation.

He was vexed. Why didn't he bring more people? He originally thought that he, along with Nanfeng Xuan and Ling Baiyue, would be able to deal with all the problems. He did not expect the seriousness of the matter to far exceed his expectations.

Suddenly, Yunxiao took the heaven and earth invisible sword from Feini's hand, then performed an incantation gesture with one hand and pointed at the sword. He flicked out sword talismans and threw them into the battlefield, shouting, "Old dragon, take the sword!"

When Che You's eyes were filled with joy, he flew towards the true dragon sword and said, you're indeed my companion who has been inseparable from me for so many years. We ate, slept, and shared a bed together. You know everything I'm thinking about!

As soon as he said that, everyone looked at Yunxiao with a strange look in their eyes.

Fei Ni was also stunned, she pointed at Che You and said, "Husband, you, you have the same yang fetish?"

Don't listen to his nonsense! Yunxiao's face was dark as he said angrily.

"Eh?!"

...

Feini had a look of disbelief on her face as she said, "Oh, it's nothing, actually." Everyone was in disbelief.

Yunxiao even had the thought of killing Che You. He turned his eyes and saw Luo Qingyun and Qin Chuan still staring at him. "One more look and I'll dig out your eyes!"

The two of them looked at each other and retreated in tacit understanding.

At the moment, Feini was still standing on the side. With her strength, which could even kill Long Qianmiao, they had no hope of killing Yunxiao, so they had to give up.

Wei Qing's expression was also extremely unsightly. The situation was getting out of control, and their only chance of victory was if Hei Yuhu could subdue Che You and suppress everyone else.

Black Universe Protector also understood the severity of the situation. The Heaven Earth Void Sword was flying towards him, and he snorted coldly. In a flash, he charged forward, and his fist energy exploded.

"BOOM!"

A long line was blasted in the sky, directly forcing Che You to retreat.

"Hmph! What a joke!"

Che You laughed coldly, he sent out a kick, a dragon roar resounded as the green light turned into a Dragon and flew towards Zhong Yue's fist!

"BOOM!"

As the two of them exchanged blows, their figures did not stop. They directly charged toward the Heaven Earth sword.

"Three no three no fingers!" Black Universe Guard shouted.

"Woof! Buzzzzzz! Whoosh!"

The finger force pierced through the air, leaving traces in the air. It broke through the layers of air, making an ear-piercing sound.

“What shady things!”

Che you’s expression changed, he twisted his body in the air and slashed down with his Xu mi ant sword!

“BOOM!”

Those finger forces were extinguished, but the sword Qi didn’t reduce and continued to slash over!

“Swish!”

Hei Yuhu’s shadow was torn apart and his true body appeared in the sky. He was one step ahead of che you as he grabbed at the heaven Earth Void Sword.

“What?”

Che you was shocked and furious, he turned his sword around and slashed out!

“I’m sorry, this sword is mine!”

Hei Yuhu grabbed at the sword with one hand and punched at che you’s sword radiance with the other!

“BOOM!”

The sword radiance was shattered, and the air blast spread in all directions. The sky suddenly became blurry.

Black universe protector stretched out his hand and grabbed at the heaven Earth invisible sword.

Suddenly, a bad feeling welled up in his heart. He had an inexplicable feeling that a great danger was approaching. Although he did not know why, it was an instinct of a martial artist.

In an instant, he suddenly shouted loudly, and his protective upstanding Qi suddenly opened up. The light around his body brightened, and he grabbed the sword with relief.

All of a sudden, the sword glowed with four different colors.

Black universe protector felt a huge pressure on his face, as if a mountain was crashing down on him.

The space above the heaven and earth wayless sword suddenly distorted, and the long sword disappeared. It turned into a four-colored mountain peak, which crashed down!

“What?”

He was shocked and terrified. That sword was actually an afterimage!

Not only him, everyone’s pupils contracted, and their hearts twitched violently!

Chapter 1530-departure

“Not good! Quickly Dodge!”

Wei Qing roared hysterically, blue veins popping out on his face.

Everyone knew the power of this thing. Even divine transcendence couldn’t withstand it!

Even without Wei Qing’s shout, black universe protector had already understood the power of this thing. When he touched it with his finger, he could feel his finger bones shattering. The immense pressure was simply unparalleled, and even his protective Dipper energy was instantly crushed!

“Boom boom boom!”

Black universe protector immediately retreated, but the mountain was already upon him. The Earth’s rhythm shook his body, causing his qi and blood to boil. He couldn’t help but want to vomit blood.

“What a pity!”

Yunxiao sighed and reached out his hand. A rune appeared in his palm.

The Tusita peak immediately started to spin like a stupid bird and slowly returned to his palm, disappearing.

At the same time, his pupils flashed with a strange color, turning into a strange blood-red color, then black, and then normal.

Hei Yuhu was shocked. Yunxiao’s illusion had deceived everyone.

The corners of Che You’s mouth turned up into a playful smile, but then his face turned cold as he stared at Yunxiao and said, “You even included me in your scheme. If I was the one who was one step ahead, wouldn’t I be accidentally injured by you now?”

Hehe, I have confidence in your strength, ” Yunxiao laughed. I know you can’t beat Lord Black universe protector.

Che You’s face was filled with black lines and anger.

He raised his hand, and a sword appeared in his left hand. It was the sword Yunxiao had thrown at him when he killed protector black universe.

He carefully examined it for a while and revealed a look of wild joy. He chuckled and said, “Hehe, for the sake of this sword, I’ll forget about your scheme against me. If there’s a next time, I won’t let you off easily.”

He could not help frowning when he heard Yunxiao's ruthless words. He thought to himself, 'based on my understanding of Yunxiao, this will never be the last time.'

Black universe protector's face was dark and there seemed to be a trace of blood at the corner of his mouth. He looked around and turned to che you, " You can take Yunxiao away, but the others must stay.

"What?"

Lord Black universe protector, " Wei Qing was shocked. li Yunxiao is the most important person in the Army! We can't let him go!

"I understand, but the situation is beyond our control," the black universe protector replied.

Wei Qing fell silent as well. Judging from the current situation, the sacred zone had indeed lost control of the scene, and it was almost impossible to keep Yunxiao here.

Che you turned his eyes to Yunxiao, as if he wanted to ask.

Xuan Hua, Liu Feiyan, Qiu Mujie, feini, water fairy, and Ye Fan, " Yunxiao said. come with me. You can deal with the rest.

"Qiu Mujie and Ye Fan, stay behind. The rest of you can leave!" Wei Qing's expression changed.

The sky trembled, and Qiu Mujie, covered in blood, emerged from the void and looked at Yunxiao.

The unruly him naturally would not ask for anything, but the look in his eyes was obvious.

Feng zijie has done a great job just now, " Yunxiao said. if he stays, he will be killed by you. He must come with me.

Wei Qing's face was gloomy and uncertain. Leaving a character like Qiu Mujie alive would bring a great disaster sooner or later. However, the current situation was indeed out of his control. He could only clench his teeth and say, "Alright, I'll let him off this time! I don't believe that he can escape to the ends of the earth. After bringing this Lord back, I'll immediately dispatch my troops and hunt you all down in the world!"

let's talk about the future in the future, " Yunxiao said with a smile. perhaps when Lord Wei Qing dies, there will be no more trouble in the world.

Hei Yuhu suddenly said, "Ye Fan can leave, but Noah's ship is too weak .."

stop talking! che you interrupted, " there's no room for discussion now!

He held the sword with both hands, and two streams of Dragon origin power spread out. The aura on his body rose violently, and he was much more domineering than before.

Black universe protector's expression was extremely ugly. He snorted heavily and did not say anything else.

li Yunxiao! Yu Shengfeng suddenly said, " take me with you.

Yunxiao was taken aback for a moment, then he smiled strangely and said, " don't scare me, my Lord. With your power, you can go anywhere. Why do you need me to take you? "

Anger flashed across Yu Shengfeng's face as he said, "Don't be too proud! Who doesn't have a time when a Dragon is stranded in shallow waters? if you help me today, you will definitely benefit."

When Wei Qing saw Yunxiao's hesitation, he said angrily, " "Li Yunxiao, don't go too far! If you take everyone with you, we'd rather fight you!"

A sneer flickered in Yunxiao's eyes as he sneered, " "Oh? Lord Wei Qing is so heroic? I'm very interested in the Great Wheel of Samsara that Lord Black universe protector just took."

Black universe protector's expression changed. Even though it was impossible for his items to be stolen if they were to really fight, and he would be able to escape no matter what, the rest of the people would definitely die.

Wei Qing, Zi Xiao Ji, Nanfeng Xuan, Ling Baiyue, Luo Xing, all of them were famous figures in the world, and there was also his beloved disciple. If the Holy region lost so many people at once, those few people in the divine capital would probably go crazy and descend directly.

"Alright, you can take whoever you want." Hei Yuhu waved his hand weakly.

Wei Qing's face was also livid. He knew that he would only be humiliating himself no matter how strong he acted, so he simply didn't say a word.

"Ling Baiyue, immediately send a message back to the sacred zone and request for reinforcements," hei Yuhu ordered.

"Yes!"

Ling Baiyue responded, took out a profound level weapon in front of everyone, and started to work.

Yunxiao's pupils constricted. If the sacred zone sent someone here again, their great advantage would be gone in the blink of an eye."Alright, since master Hu wants to give me some benefits, then let's leave together."

"And US!"

Yunxiao! ning keyun also stood up and said, " li Yunxiao, take us with you.

Yunxiao gave them a look and said, " "You, Lord Kewei, and the three old men can follow them. As for the head shopkeeper of the star and moon school and grandma sunflower, hehe, Lord Wei Qing won't make things difficult for you."

Han Junting's face turned dark. Although Yunxiao was right, she still felt her face burning, as if she had been slapped in front of everyone.

"Hmph!"

Wei Qing snorted coldly and glanced at Ning Kewei. At this moment, Ning Kewei's cultivation body had been crippled. One of the three old men of the Red Moon City had also been crippled. The other two were also seriously injured. They would probably not be able to cause any more trouble.

...

"Let's go," he said.

Yunxiao cried out and said to Ye Fan, "Can you drive Noah's ship again?"

Ye Fan said, "If it's just normal flying, then it won't be a problem. But other things won't work.

Then let's fly normally," Yunxiao said. With Noah's ship's speed, we can leave this place before the reinforcements from the sanctum arrive.

"Alright!"

Ye Fan made hand seals in front of him, a golden light flew out from his forehead, turning into a huge battleship in the air.

Hei Yuhu was filled with regret. If he had not cared about his reputation and snatched this battleship, how good would that have been?

Yunxiao and the others leaped into the warship.

Yu Sheng Feng pointed at the crowd and said, "You'll come with me."

The man's face paled slightly. He sighed and had no choice but to step out and follow behind him. It was Luo Tian, a ninth-tier great Alchemist of the sea of soul formation, who had been put under a restriction by nie Shengfeng.

"Let's go," he said.

...

Together with Bo Yuqing and Luo Tian, the three of them flew onto the warship and carefully sized up this legendary holy weapon. Their eyes flashed.

Yunxiao saw his expression and said, "It's best if master Hu doesn't have any ideas, or it'll be very dangerous."

Yu Shengfeng's expression changed slightly and he snorted. He sat on the battleship without a word and began to meditate.

Ye Fan made hand seals, the formation on the battleship activated, with a loud rumbling sound, it turned into a ray of light and flew away.

What was left was a pile of trash and countless severely injured martial artists. All of them had ugly expressions.

However, everyone slowly became happy. After all, they were lucky to have escaped from the disaster and not die in such an environment.

Lord hei Yuhu, let's return to the Holy region immediately," Wei Qing said. this matter in the red moon City is too important. Many things are beyond our imagination. We must immediately come up with a plan to deal with it!

Black universe protector furrowed his brows and pondered for a while before saying, "bring everyone back and discuss with Gongyang zhengqi. I still have other matters to attend to. I'll wait for Nangong Buhai in the red moon City.

"Nangong Buhai?" Wei Qing was startled. Could it be Yingluo?"

"Yes, it's about the moon pupil. Nangong Buhai has already met up with the experts from the Murong family and will be here soon," the black universe protector said. I'll have to trouble Lord Wei Qing for what happened in Red Moon City, as well as the arrest of li Yunxiao and the others."

Wei Qing could not help but sigh. Sir, you're too polite. It's really an eventful period!

At this moment, a golden light suddenly fell from the sky. It was the half-moon golden hoop, and Nanfeng Xuan's figure also appeared.

Her face was pale without a trace of blood. The moment she appeared, she spat out a mouthful of blood.

Ling Baiyue hurried forward to support her and said, "Are you alright?"

Nanfeng Xuan shook her head as if she was severely injured and did not want to speak at all.

"That Qiu Mujie's methods are exceedingly powerful. He's truly a troublesome character!" Wei Qing said coldly.

Ling Baiyue sighed. sigh, it feels like everything is coming together. We don't have enough manpower.

"Qiu Mujie's side is still fine. We just need to inform the sea of soul formation, and they'll worry about it." Wei Qing's face was gloomy. Now, the only person we have to solve as soon as possible is li Yunxiao, not only because he has too many secrets, but also because he has the divine realm tablet and Noah's ship, two Supreme-grade profound artifacts. We must get them!"

Hei Yuhu took out a pill and passed it to Nanfeng Xuan, "Take it,"

Nanfeng Xuan's eyes were filled with surprise, as if she had recognized the origin of the pill. She immediately ate it without any hesitation, and the expression on her face immediately recovered.

Only then did black universe Guard's hand flash as the Great Wheel of Samsara appeared. He handed it over to her and said, "Bring this item back as well and hand it to Lord Gongyang zhengqi personally."

Wei Qing and Ling Baiyue's expressions changed slightly, and they both looked extremely displeased and angry. Hei Yuhu's actions clearly showed that he did not trust them.

Although he was dissatisfied, he didn't say anything.

Nanfeng Xuan received the Samsara wheel and kept it carefully. "Don't worry, my Lord. I will not fail you!"

"Then I'll be at ease," black universe guard nodded.
