

The Eternal 1531

Chapter 1531-land of Ascension

After Yunxiao and the others left, Noah's ship flew across the sky as fast as lightning.

Everyone on the warship looked at each other.

Ye Fan sent out a few hand seals, the entire space changed, everyone was sitting on top of a huge formation, endless spiritual Qi turned into smoke and rose up from below, invading everyone's limbs and bones, it was extremely comfortable.

it's all thanks to your joint efforts that we survived the disaster," Yunxiao said with a smile. do you want to have a little drink or something? "

Xuan Hua's eyes flickered with extraordinary splendor, and he said somewhat excitedly, "Y-you're really Yingluo?"

Yunxiao raised his hand and interrupted, "It's fine as long as you understand it in your heart. There are outsiders here, so it's not appropriate to say it out loud,"

Xuan Hua's heart was greatly reassured. This time, he was 100% sure. He chuckled and said, "Who do you think can't guess it?"

I'll hide it for as long as I can," Yunxiao sighed. I'll hide it for as long as I can.

Many people were confused.

Xuan Hua looked around the field and chuckled a few times. He then understood that he was afraid that ning keyun would know that the other party was an elder of shenxiao Palace.

I'm also very curious about young master Yun's identity," ning Kewei said. I wonder if the outsiders young master Yun mentioned include me? "

I risked my life to fight Wei Qing for you outside Red Moon City," Yunxiao said. although it was for my own selfish reasons, it was also because of me. I'm very grateful. As for my identity, I'm afraid I can't hide it for long. However, I'll drag it on as long as I can."

Ning Kewei frowned and said,"alright, I'm really curious." But no matter what, I hope that young master Yun will always be a friend of the Redmoon city."

"Red Moon City?" after this battle," Yunxiao said with a smile, " I'm afraid Red Moon City will only exist in name.

The rest of the people also had emotional expressions. Such a huge city, a giant of a region, was gone just like that, collapsing in the blink of an eye. The impermanence of human life could be seen.

On the contrary, ning Kewei seemed to be very open-minded and said indifferently, " "There's no eternal Overlord in the world. It's normal for the tides to rise and fall, and for the clouds to roll and relax. However, there's no need to be so pessimistic. As long as the name of the red moon City remains, there's hope that it will recover one day."

it's rare for you to have such a broad mind, old city Lord," Yunxiao said. that's great. Nothing is impossible in this world, but I'm afraid that someone with a heart will do it.

Ning Kewei sighed, " it's a pity that I'm old. No one in the younger generation of the entire Red Moon City can take on a great responsibility. My daughter, keyue, is missing. The future Red Moon City will need your support."

that's good," Yunxiao said hurriedly. as for keyue jianjia, " he said with a worried look on his face.

"Young master Yun, do you know where my daughter is?" ning ke asked in surprise.

Yunxiao turned over his hand and said, " keyue left me this jade pendant when we parted in Red Moon City last time. She told me to break it if anything happened. She would come to save me as soon as possible.

Ning ke was shocked and quickly picked up the jade pendant to examine it. "It's indeed my daughter's aura." "Since my daughter can make such a heavy promise, I'm afraid her relationship with young master Yun must be extraordinary, right?" he asked, somewhat surprised.

she is indeed extraordinary, " Yunxiao sighed. she's with tiansi now. I wonder how she is doing.

"Tiansi?"

Ning Kewei was shocked and said,"isn't the thing that attached to Murong Zhu the moon eye?" Is it the illusory Tian si?" He was once the city Lord of Red Moon City, so he naturally knew of Tian Si's existence.

"What exactly is a heaven's will?" ning keyun was also shocked.

Yunxiao's pupils constricted. it's hard to say for now. I only know that it has been living in the pupil clan for a long time, and it is a sentient body created by the first lunar pupil, and its ability is no less than that of ordinary lunar pupils.

Ning Kewei said,'it was created by the first moon pupil sinkhole? In the records of the red moon City, in order to restrain the power of the moon pupil, one must obtain Tian si."

those records are most likely misleading and wrong, " Yunxiao said. I'm afraid they are wrong. Xuan Hua, Fei Yan, come with me. I want to see if I can save ke Yue."

Liu Feiyan said,"sure, but we came out on a mission this time. We never expected to meet you." How about we meet up with you after we return to the sea of soul formation?"

Yu Shengfeng's expression changed and he said coldly, " "By" complete your mission,"do you mean to bring this Lord back?"

Liu Feiyan said,"my initial thought was only to bring Lord Bo Yuqing back. Since Lord min Shengfeng is also here, it would naturally be best to go back together."

"Hmph, in your dreams!" Yu Shengfeng coldly replied.

Bo Yuqing was also nervous. He held the hilt of his sword with both hands, his face gloomy.

Liu Feiyan said, "actually, the two of you don't need to worry about anything. Foster father just misses the two of you."

Yu Shengfeng laughed mockingly, "haha, missed?" What he's worried about is our lives and other things!"

Xuan Hua said angrily, "why are you telling them so much?" They can just bring it back directly. It's not up to them to decide whether they want to go or not!"

Liu Feiyan frowned and said, "I can't agree with Lord's wild guess .."

Yu Shengfeng sneered. you can't guess Lu congzi's thoughts. I'll go back to the soul formation sea. But not now.

"Do you have a choice at this moment?" Xuan Hua said.

The light in Yu Shengfeng's eyes narrowed slightly. He snorted and ignored him, then turned to Yunxiao and said, " I want to make a deal with young master Yun.

deal? " Yunxiao frowned. deal? Master Yi said that he would give me some benefits, how did it become a deal? Even if we make a deal, I've already paid you by taking you out of the red moon City. Next, it's time for you to Give Me The Goods."

"Haha, this amount of money is far from enough!"

"My bargaining chip is enough for you to enter the divine transcendence realm!" Yu Shengfeng said coldly.

Yunxiao's body trembled, and everyone looked horrified.

Divine transcendence had already transcended the shackles of the martial Dao and drifted between the martial Dao and the divine Dao. No one dared to say that they could help people enter this level. Otherwise, there would be countless divine transcendence cultivators.

Yunxiao chuckled. I own a Supreme-grade Mystic artifact, the divine realm tablet. I cultivate both the art of cultivation and the physical body. It's only a matter of time before I become a divine transcendence.

Yu Shengfeng praised, "I'm afraid there's no one else in the world who has such confidence other than you. However, are you really 100% confident?" And have you considered the time factor? You'll need ten years, fifty years, or even a hundred years?"

you mean, it can speed up the process of becoming a divine transcendence?" Yunxiao asked with a frown.

Yu Sheng Feng's eyes lit up, "That's right! It's not just becoming a divine transcendence, it's also a world-shaking opportunity!"

"A world-shaking opportunity?"

Yunxiao understood the meaning of his words word by word. After some thought, he said, "It's most likely related to the matter of the demon Lord, right?"

Everyone's body trembled. When they thought of the might of the demon master, their expressions changed.

...

Yu Shengfeng said solemnly, "that's right. The power of a Devil Master can capsize a boat, but it can also carry it." If the deal is successful, I'll tell you a few things about the demon master. I'm afraid that no one in the current heavenly martial arts realm knows more about these secrets than I do."

Yunxiao raised his eyebrows. He did not believe that. The king of the northern region, who had led the great demon-sealing war in the divine realm tablet, must know more, but there was indeed no one in this world who was better at using the devil essence.

don't believe him, " Xuan Hua said. if the demon master revives, I'm afraid no one in the world will be able to suppress him!

Yunxiao was also hesitant. "Tell me the details, I'll think about it."

"There are too many people here, so it's inconvenient to say it out loud. Please set up a barrier," said Yu Shengfeng. He had little strength at the moment, and the restrictions he had set up would not be able to stop so many experts.

With a wave of Yunxiao's hand, a flash of lightning spread out and appeared directly over him and Yu Shengfeng. They were isolated from the outside world, so the sound wave could not be transmitted at all. It was transmitted by a little electric field and Thunder energy.

Yu Shengfeng's eyes revealed a strange expression as he looked at the faint electrical energy that was evenly distributed on his skin. He was clearly very satisfied with this method and said, "Young master Yun, how much do you know about the demon Lord?"

Yunxiao frowned and said coldly, " "Are you going to tell me the secret, or do I have to tell you the secret? If the following conversation is like this, then there's no need to talk."

Yu Shengfeng smiled embarrassedly and said, "alright, then I'll be Frank." Young master Yun, you must have heard of many experts searching for lost spaces, right? Even if those so-called lost spaces really existed, it would be very difficult for them to become gods. However, I do know of a few places where there is a chance of becoming a god!"

what? " Yunxiao's pupils constricted. which places? "

Yu Shengfeng laughed, " the other places are too difficult. Even I don't dare to venture there. However, there is one place where the risk is extremely low. It's just that no one has been able to find that place for countless years.

...

then what you're saying is useless, " Yunxiao snorted. don't you think so? "

Yu Shengfeng chuckled. young master Yun, don't be so anxious. It's different now, because Demon Lord PU has descended once through your body. With young master Yun's ability, you should be able to sense his coordinates, right? "

the place you mentioned ... Yunxiao was shocked. don't tell me it's the place where the devil Lord PU is suppressed? "

"It is!"

Yu Shengfeng's eyes lit up and he said excitedly,"Lord PU's sealed land is the best place to become a God in this world!"

you are the inheritor of the demonic servants, " Yunxiao said coldly. I really have to think about whether you are trying to harm me on purpose. Your real purpose is to use me to open the seal, right? "

Everyone saw their lips moving and their expressions changing rapidly. They all had strange looks on their faces. They didn't know what they were talking about, but they were sure that it was an extremely secretive matter.

young master Yun, please don't misunderstand me, " Yu Shengfeng hurriedly said. I am the demonic servant of the demon Lord, and the demon Lord and Lord PU have always been mortal enemies. I would never break Lord PU's seal.

I heard the Emperor say that PU and he used to be one, " Yunxiao said with a strange expression. what's going on? "

Chapter 1532-a thought of good and evil

The look on Yu Shengfeng's face changed several times as he considered whether he should say it or not. But when he saw Yunxiao's cold eyes, he sighed and said, "Although this matter is extremely confidential, it's not something important, so there's no harm in telling you. There is only one true myriad ancient Devil Master, and that is the Thearch. However, over the long years, the Thearch's mind changed and she began to have some contradictions with her own will. Later on, these contradictions grew greater and greater, to the point where they were like fire and water."

split personality?" Yunxiao frowned. split personality?"

Yu Shengfeng smiled bitterly, "you can say that. One of them is evil and the other is good. With the continuous splitting of personalities, Lord PU was finally born and separated from the Thearch's body, taking away the Thearch's good will."

what?" Yunxiao was stunned. is there such a thing?" Then the demon Lord Emperor was the embodiment of evil, and the demon Lord PU was the embodiment of kindness? But I didn't see how kind he was just now."

Yu Shengfeng said, "I don't know the details. Lord PU took away a small part of the Thearch's power. Although he's also a demon master, his strength is far inferior to the Thearch's. After that, the two lords were suppressed."

the demon Lord Monarch was dismembered and suppressed in all parts of the heavenly martial realm," Yunxiao said. what about the demon Lord PU?" Could it be that he was also dismembered?"

the difference in power between master PU and the Thearch is too great," Yu Shengfeng said. it seems that they weren't suppressed separately. They should be preserved somewhere in the realm of heavenly martial arts.

have you demon servants never found the place where the seal was after so many years?" Yunxiao asked.

“There’s a very suspicious place. We’ve investigated it a lot, but we didn’t get any results. That’s why all these years, we’ve all believed that master PU is most likely sealed in the sea Forest!”

the forest of the sea?” Yunxiao asked in surprise. what?” He muttered to himself and scanned the water deity in the tablet with his spiritual force. It seemed that she was still in a deep sleep.

The Lotus seat had an extremely strong healing ability. Back then, Guang Yuan had relied on this item to recover from his serious injuries. Since Polong was at ease and left the water fairy behind, it was likely that there would be no problem, so he was not too worried.

Yu Shengfeng continued, “moreover, Lord PU has indeed been to the four Seas and stayed there for quite some time.” Today, you’ve been stained with the blood of the Poseidon bloodline, and master PU’s body has descended upon you. This has further confirmed my inner thoughts.”

if the place where general PU is sealed is in the forest of the sea, and the place where he is sealed is very easy to become a God,” Yunxiao said. then ...

“That’s right!” Yu Shengfeng said with a serious expression. This is the key to verifying what I’m thinking. The sea Emperor Polong has descended with a borrowed body, and he can actually open the eye of heavenly Dao. This kind of magical power is unheard of since ancient times! Would you believe that the ocean Emperor wasn’t a godly state expert? I don’t believe it!”

Yunxiao was deep in thought. Although Yu Shengfeng’s guess was very reasonable, he had been to the forest of the sea. He did not know how the sea Emperor was in the past, but he was sure that he was not in the immortal realm now.

As for the eye of heavenly Dao and the chains of law, they were indeed a little strange. He did not believe that Polong had such strength, and this strangeness was most likely due to the Holy artifact, Amitabha.

the forest of the sea, huh?” Yunxiao muttered to himself.

that's right, " Yu Shengfeng said. with your strength, you should be able to sense it after Lord PU's body arrived, right? " And have you noticed that the ocean Emperor's bloodline doesn't seem to be part of the sea Race at all, whether it's in terms of blood or form?"

Yunxiao frowned slightly. He had noticed this a long time ago, and he had asked water fairy about it, but she did not give him any answer. That girl seemed to know nothing.

Yu Sheng Feng saw that he was silent and suddenly laughed,"It's okay if you can't sense it. I can teach you a Divine Art that can trace the connection."

there's such a divine ability? " Yunxiao asked in surprise. is there such a divine ability? "

Yu Shengfeng laughed. you're still young. The world is vast and immeasurable. Just watch.

Without another word, he immediately made a hand seal. Three fingers on his left hand stood up, and two fingers on his right hand formed a ring.

A wisp of golden light rippled out from his glabella and turned into a flash of light.

The rest of the people were shocked and didn't know what was going on.

However, in Noah's ship, Yu Shengfeng couldn't do anything. After the shock, he frowned and thought about the seal he had just used, but no matter how he thought about it, it felt unfamiliar and he didn't understand what it meant.

Yunxiao's pupils constricted. After thinking carefully for a while, he also put his left hand together and pointed three fingers to the sky, while his right hand drew a circle as well.

A Halo bloomed from the space between his eyebrows.

Suddenly, speckles of golden light appeared in the Halo and scattered.

His eyes instantly turned into blood moons, then black, and then golden, flashing with cold light.

Ning Kewei trembled, as if she was frightened, and looked at Yunxiao in horror and disbelief.

“Father, what’s wrong?” ning keyun asked.

Ning Kewei seemed to have thought of something, and his heart was in turmoil. What he had just seen was definitely the eyes of the moon. Although they had turned golden now, he could not be mistaken about the strange light in their eyes.

He finally understood Yunxiao’s identity, but he could not accept it for the time being.

“Father, are you alright?”

Ning keyun grabbed his arm worriedly.

Ning Kewei shook his head with a solemn look on his face. He glanced at his daughter and finally understood why Yunxiao refused to disclose his identity.

The whole world knew about Gu Feiyang and qu Hongyan. If his daughter found out his identity, qu Hongyan would probably come out of seclusion soon, and the divine cloud Palace would also come out of seclusion.

No wonder he said that he would drag it out as long as possible.

Thinking of this, he shook his head and said, “I’m fine.”

Ning keyun frowned and asked in confusion, “Did father’s injuries act up?”

“A little,” ning Kewei said. His face was full of solemnness and contemplation.

No wonder he had such a good relationship with Keyue. He didn't expect this person to be Gu Feiyang.

A strange feeling surged in his heart. Originally, he was the biggest enemy of Red Moon City, but at this moment, he seemed to have become a friend. Moreover, he had become a friend that he hoped to rely on in the future.

At that moment, a golden light shone out of Yunxiao's forehead, and his eyes were golden with strange symbols in them.

Suddenly, two beams of light shot out from his strange eyes. He cried out, "What?"

As his body trembled, the seals in his hands dispersed and the golden light in the sky disappeared. Everything returned to normal.

Yu Sheng Feng's pupils shrank and he quickly said, "you saw it?" Is it the forest of the sea?"

Yunxiao was stunned, and his brows furrowed deeply, but he did not answer.

The place he had just seen was not the forest of the sea, but the state of Tianshui in the southern region!

An unhappy expression flashed across Yu Sheng Feng's face as he said, young master Yun, I'm teaching you this technique in order to capture information about the sealed land. You're not so filthy as to not tell me after seeing it, are you?"

Yunxiao wiped his cold sweat in embarrassment. He did not want to say it, and his face immediately turned bitter.

"You really don't want to tell me?" Yu Shengfeng's expression changed greatly and he said angrily.

...

this place is beyond my expectations," Yunxiao said with a wry smile. let me think about it. He struggled for a while and felt that he couldn't say it no matter what. But if he didn't say it, it would be too immoral.

"It's just too strange. I can't accept it at the moment. Let me think it through first," he said.

Yu Shengfeng's face was covered in ice as he angrily said, you're too shameless!

how about this? " Yunxiao said with a headache, " I'll take it as I owe you for this, and I'll forget about the favor of saving you.

"Save him? Haha, do you really think that I will be captured by them?"

Yu Shengfeng's face was filled with anger, but it soon darkened as he said,"Since you're such a despicable person, then there's no need to make a deal!"

Yunxiao smiled wryly. it's just that there are too many accidents in that place. How about this, I promise you that if I go to find the place where devil Lord PU was sealed, I'll definitely call you along."

Yu Shengfeng's expression became slightly better as he said,"Hmph, how can I believe you with such an attitude!"

I have my own difficulties, " Yunxiao said seriously. I'll tell you when the time is right. What I saw was not the sea Forest.

"What? Not the forest of the sea?"

Yu Sheng Feng was shocked, he didn't seem to believe it.

...

of course," Yunxiao said. I have no need to lie to you.

"Alright, I'll believe you this time," said Yu Shengfeng. In any case, you won't be able to become a God without my help. You must remember that we're all bound together for good or bad. I believe that you're a smart person."

don't worry," Yunxiao said. I still have some integrity.

yes! Yu Shengfeng nodded. I still want to make a deal with you. It's about your rainbow stone! His eyes shone with excitement, as if he could not suppress his excitement.

no! Yunxiao made a prompt decision. I'm not selling rainbow stones!

Yu Sheng Feng frowned,"you can think about it, as long as it's not too much I can accept it!."

what do you know about the extreme yang body?" Yunxiao suddenly asked. do you know anything about it?"

"Extreme yang body!"

Yu Shengfeng's eyes shot out rays of light as he said in shock,"Is there anyone in the world who has an extreme yang body? Could he be a descendant of the divine cloud Palace?"

it's the divine body of nine yang," Yunxiao said. it's the divine body of nine yang.

Yu Shengfeng was stunned for a moment before muttering, I didn't expect the nine yang divine body to reappear in the world.

is it really okay for my body to fuse with the rainbow stone?" Yunxiao asked suspiciously. is it really okay?" Are there any side effects?"

Yu Shengfeng's brows rose up and he fell into deep thought. originally, only my family knew how to fuse rainbow stones. But thousands of years ago, Gu Qingqing of the divine cloud Palace fused with the rainbow stones and became almost invincible. The patriarch was shocked and wanted to find out how to fuse them. In the end, he was severely injured and died not long after.

since you can also fuse with the aegirine, " Yunxiao said in surprise, " both of you have dual-extreme divine bodies, so your strength should be equal. Even if you can't defeat him, you won't be killed, right? "

A trace of shame flashed across Yu Shengfeng's face as he said, " "It's hard to tell outsiders the whole story. In fact, the method of fusing the aegirine is flawed."

Chapter 1533-unperturbed identity

flaws?!

Yunxiao was taken aback. When he saw the depressed look on Yu Shengfeng's face, he could not help but look at him a few times and said, " "Could it be that Yu Yixian's remnant soul in your body was born from that so-called 'flaw'?"

Hatred flashed in Yu Shengfeng's eyes. He snorted heavily and said, "That's not it, but if it wasn't for that flaw, I wouldn't have to go through so much trouble to obtain Yu Yixian's body. It's precisely because of this that we've placed great importance on the matter of the divine body of nine yang fusing with the rainbow stone, and we've sent people to investigate it many times. The ancestor that Gu Qing Qing killed was Yu Yi Xian's master."

Yunxiao's mouth was wide open in shock as he said in a daze, " "There's still this layer of origin?"

Yu Shengfeng said, " after all, after the demon-sealing war a hundred thousand years ago, my lineage is the one who knows the most about demon masters in the world. How can we not be surprised that someone can fuse the rainbow stone seamlessly? " Later on, Yu Yixian did everything he could to go to shenxiao Palace to investigate the matter and found some clues. The fusion of the rainbow stones also had flaws."

what flaw?" Yunxiao was shocked. what flaw? "

Yu Shengfeng said,"actually, this sentence is the opposite. It should be that there is a flaw in the fusion of rainbow stones, which led to the fusion of the neon stones." This is because the method of fusing the aegirine that Yu Yixian perfected was based on Gu Qingqing's Secret technique."

Suddenly, a thought flashed through Yunxiao's mind. what kind of flaw is it? if a nine yang divine body were to fuse with the rainbow stone now, what would happen?!

The corners of Yu Shengfeng's mouth revealed a trace of a playful expression as he chuckled, eh, young master Yun, you seem to be very nervous about this. We can have a good talk about it then.

Yunxiao's face darkened, and anger welled up in his heart, but he tried to suppress it. "Yu Shengfeng, this matter is extremely important to me. I hope you can tell me everything without holding back."

Yu Shengfeng snorted and said,"from the beginning, everything I've talked to you about was extremely important. You've made me angry for quite a while." This art of fusing rainbow stones is a secret art of our sect, so how can I say it so easily?"

Yunxiao nodded. you're raising the price on the spot. What do I have to do before you're willing to tell me? "

Yu Shengfeng's eyes flashed,"Give me the rainbow stone!"

it's not like I can't give you the rainbow stone, " Yunxiao said. although it's strange, it's not of much use to me. But is the information you gave me worth a rainbow stone?"

Yu Shengfeng said, " it depends on who it is to. It might be worthless to others, but it might be worth it to you.

then tell me first, " Yunxiao said. I'll see if it's worth rainbow stones.

“Hahaha!”

Yu Shengfeng laughed out loud, then his face darkened and he said angrily, Li Yunxiao, are you playing dumb, or do you think I’m a fool? ”

Everyone was confused. They only saw that they seemed to be arguing, but they didn’t know what they were talking about. They could only lower their heads and watch while healing.

Yunxiao pondered for a moment, as if he could not make a decision. He did not dare to take out the heart of rainbow stone out of the blue, but since it was about yunshang, he could not care less. “Good! I can give you the rainbow stone, but you must ensure my good friend’s safety!” He briefly explained what had happened to yunshang.

Yu Shengfeng frowned. if I’m not wrong, it’s very likely to be a trap set by Gu Qingqing. Just like that old dog Yu Yixian.

Yunxiao was shocked, and he could no longer remain calm. He stood up and shouted, ” “Then what should we do? If Gu Qing Qing takes over his body, can he recover?”

“It’s hard to say, but the sooner we find her, the safer we will be. Otherwise, hehe hehe,” said Yu Shengfeng.

Yunxiao was so vexed that he could no longer care about the demon Lord. He paced back and forth in the cabin.

The others looked at his annoyed face. They didn’t know why, but it seemed inconvenient to ask.

Liu Feiyan said softly,”what could have made you so anxious? this is not like you ..”

“A!”

Yunxiao sighed. Feiyan, I've indeed changed a lot over the years. I've lost a lot of my enthusiasm. he said.

Even ning keyun didn't know his identity. Hearing him speak to Liu Feiyan like this, they were all stunned and revealed strange expressions.

Liu Feiyan chuckled. although he looks more childish now, his personality has matured. It's just that nothing can be rushed. Haste makes waste.

"You're right!" Yunxiao said.

"But Lord Yun, I have something to ask!" He turned around and said.

Ning keyun was stunned and asked subconsciously, "What's the matter?"

Yunxiao's eyes flickered as he said, "where is Luo yunshang's nine yang divine body going to inherit Gu Qingqing's legacy?"

Ning keyun was stunned for a moment. She didn't expect this question. She frowned and said, "I don't know much about this matter either, I'm afraid only the palace Master knows."

Yunxiao frowned at the thought of meeting qu Hongyan, and he could not help but feel a headache.

Ning keyun said, "Luo yunshang's acceptance of the inheritance is a major event in shenxiao Palace. It is said that many elders have secretly gone to protect her. The news has been kept confidential. I know you have a deep relationship with yunshang, but you can't disturb her at this time."

The cold gleam in Yunxiao's eyes gradually gathered as he said, "I want to see your Palace Master!"

"What?"

Ning keyun was taken aback, and not only her, but the rest of the people were also surprised. After all, most of them knew Yunxiao's identity.

Xuan Hua was stunned and said, 'did I hear wrong? You want to see qu Hongyan?'

Ning keyun frowned and said, 'the palace Master is in seclusion. I'm afraid he won't see anyone.' And I don't have the right to accept it for you.'

Yunxiao knew that the divine firmament Palace was a ten-thousand-year-old sect with many rules and was very troublesome to do things. 'How can I see qu Hongyan?'

Ning keyun said, 'you have to report to the higher-ups. If you don't have a good reason, they won't let you in.' If this matter was done by Jun ting, it would be much easier than me. After all, she is the palace master's direct disciple and has the qualifications to directly report.'

Yunxiao immediately regretted not bringing han Junting with him.

Ning keyun saw through his thoughts and said, 'If you really want to see the palace Master, what is it that you need to tell me? I'll help you pass the message.'

you just need to tell her that the man from the eternal seal on the snowfall peak has returned,' Yunxiao said with a sigh. '

Ning keyun was stunned for a moment, and suddenly, her body trembled. Her expression changed drastically, and she retreated in shock. 'Y-you y-y-y-you

As he was too shocked, he could not speak at all.

yes, I am,' Yunxiao said. I am that man.

He did not want to admit his identity in front of the people of shenxiao Palace, but he had no other choice. The longer he delayed, the more danger yunshang would be in.

Luo Tian was also shocked as he cried out, "Yingluo, are you Yingluo?"

yes," Yunxiao nodded and said, "Luo Tian, it's me.

...

Luo Tian was stunned for a moment before he suddenly laughed and said, "haha, it's my first time seeing you in the sky-reaching huge city. I've already felt that you're very familiar. I've not imagined that it's you, haha!

it's a long story about my rebirth," Yunxiao sighed. if yunshang had not been in danger, I would not have wanted to see her at all.

"Danger zone?" "Although I don't quite understand, I'll arrange everything immediately," ning keyun was shocked and said.

thank you, Lord keyun," Yunxiao said.

Ning keyun hurriedly returned the bow. Sir po Jun, you're too serious. This is what I should do! She suddenly became cautious. Thinking of how she had treated this person as a junior, she couldn't help but have mixed feelings.

"Gu Feiyang, it's really you," ning Kewei said with emotion.

I haven't seen you for many years, my Lord," Yunxiao said with a wry smile. I hope you can forgive me for not recognizing you before.

Ning Kewei waved his hand and said,"why are you so polite?" This isn't like the unruly you."

I used to think that my strength was superior, " Yunxiao said. I thought that there was nothing in the world that was impossible. It's only after all these years that I finally understand how weak I am. I've placed myself in heaven and earth, but I'm just a drop in the ocean. It's laughable."

"When you realize that you're weak, that's when you're at your strongest," ning Kewei said.

I'll remember your words, " Yunxiao said seriously. I'll remember your teachings.

...

Ning Kewei shook his head with a bitter smile. I'm old. This world has long been yours. I'm very pleased that you're not dead. With you here, I'll be much more at ease about saving keyue."

killing Tian si and saving keyue has always been my top priority, " Yunxiao said. it's just that I can't rush it. If you help me, I'll have a great chance of winning.

Xuan Hua said,"what is Tian Si's strength?" As long as we don't have the ghost king and the demon Lord, we should be able to kill them easily."

Liu Feiyan also said,"our mission can be pushed back, we'll help you deal with nae first."

"Yes, let's save my sister first," ning keyun quickly said. If you want to see the palace Master, you have to report to the higher levels. It won't be that fast. I will ask Jun ting to handle this matter. With your identity, there should be no problem."

alright, " Yunxiao said after pondering for a while, " I hope Lord keyun can arrange Luo yunshang's matter as soon as possible. As long as we can find Tian Si's location, we will be able to kill him with everyone's combined strength!"

li Yunxiao! Yu Shengfeng frowned and said, " I didn't promise to kill Tian si for you! After you save yunshang, you have to give me the rainbow stone."

of course! Yunxiao said. I've always kept my word.

"Hmph!" Yu Sheng Feng snorted and no longer spoke.

with Xuan Hua and Feiyan's help, as well as Lord Che you and Lord Kewei, killing tiansi is almost a done deal! Yunxiao said.

let's find a place to settle down first, " ning keyun said. I'll contact Junting. She should have some information on tiansi's movements.

Once again, Yunxiao regretted not bringing han Junting with him. He nodded and said, "I hope she doesn't hold a grudge against me for what happened just now."

don't worry, " ning keyun said. Junting has always been a sensible child. Although she can be a little temperamental sometimes, she can still distinguish right from wrong in the face of major issues.

Yunxiao frowned. He had never had a good impression of han Junting, but it was not the time to say anything. "That's good!"

Chapter 1534-sun Sutra

After Ye Fan received the order, he quickly flew towards the nearest city.

No one said anything more and all of them began to meditate.

Everyone had a pile of all kinds of heavenly materials and earthly treasures and medicinal pills on them. After pouring them into their bodies, the entire cabin was filled with an extremely strong spiritual power, and it was quiet.

Yunxiao's figure flickered and disappeared from where he was, then he went straight into the divine realm tablet.

His eyes narrowed slightly as he made a hand seal. A white mist emerged from his body, followed by a colorful light.

The phenomenon of a real Dragon and a Heavenly Phoenix appeared in the sky, dancing in the nine Heavens. It was a majestic atmosphere.

Soon after, a bright moon emerged from the sky Sea, and the strange phenomenon of twenty-four moonlit night divine bodies suddenly appeared.

The eight doors on his body emitted divine light. The light started from the first door and continued down. The second door opened, the third door, the fourth door, and then the fifth door. It opened without any hindrance.

The power of his divine body suddenly became stronger, and it surged directly toward the sixth door. It slowly gathered into a vortex, constantly washing over his body.

After the demon master had occupied his body, he had used the Dragon essence and Phoenix light to cleanse his body. Not only had his cultivation reached the level of a nine-stars Martial Emperor, but his body had also been filled with power, allowing him to enter the next realm.

However, the power was concentrated on the sixth door, and it seemed difficult to open it in a short time.

He wasn't in a hurry and directly sat cross-legged in the air, releasing the power in his body to his heart's content, allowing it to surge and transform into thousands of strange phenomena.

After an unknown amount of time, the power of his physical body was almost released. The power surging into the sixth door began to weaken after reaching its peak. It continued to dissipate, but in the end, it did not break open.

Yunxiao frowned and pondered for a while. He could feel the loosening of the sixth gate, but it seemed to lack an opportunity, so he could not cross it at once.

He withdrew his physical strength and made a hand seal in the air.

Two nebulas appeared behind him, one golden and the other pitch-black, and they both slowly turned into giant shadows. Two true fiend Dharma idols stood between the heaven and earth.

As the seals in his hands continued to change, the two giant spirits gradually merged behind him, gradually becoming one. The entire giant Spirit's body was circulating with two colors, and golden runes kept flashing on its pitch-black body.

Yunxiao had a strange look on his face. The two forces were indeed very compatible. Just as Yu Shengfeng had said, they came from the same source, but the Golden devil essence was born because of the mutation of the evil and good thoughts.

He once again recalled his previous exchange with the sea Emperor. The Bo family had always cultivated the sun Sutra, one of the four Scriptures closest to the Maha ancient true formula in the heavenly martial arts realm.

He suddenly thought of the possibility that the demon Lord monarch's personality had split because he had read the sun Sutra, and that his good and evil thoughts were incompatible with each other. It was also the sun Sutra that had turned his demonic energy into a golden color.

If that was the case, then who was the sea god back then? Could it be the demon Lord himself? If that was the case, then wouldn't the Bo family be PU's inheritor?

From demon master PU's previous conversation with Polong, it didn't seem like it.

Yunxiao thought about it carefully for a while, but he could not figure out the main point, so he stopped thinking about it. Everything would come to light eventually. At this moment, he could feel that his devil essence had become more powerful after fusing with the Golden Power.

"Although I have never seen the sun Scripture, I have the bloodline power of the Bo family. It can be considered as the inheritance of this Shen methodology. In addition to the great expansion Shen methodology and great realm Shen methodology, I have already obtained three of the four Shen methodology. This hidden fate, it can't be that it wants me to collect all four Shen methodology, right?"

He pondered for a while, then untied his front lapel. When he circulated his Yuan energy, the marks of the twelve illusory lights of laws emerged at the same time, like a projection of an array in the sky. The exquisite characters flashed one by one. Yunxiao opened his eyes and looked at them carefully, but he felt a stabbing pain in his eyes, making it difficult to recognize them.

“Is this the basic structure of the lock of realm power that forms the rules of heaven and earth? The power of a world is indeed not something that can be easily controlled.”

After several attempts, Yunxiao knew that he could not comprehend the twelve chains of law with his current strength, so he had no choice but to give up.

Suddenly, he had an idea and teleported to a certain spot in the sky.

The Lotus seat that had never had any reaction all this time began to spin, emitting rays of golden light that shot in all directions.

All the petals bloomed at the same time, filling the sky with Lotus shadows. The water fairy sat quietly inside, meditating with a peaceful expression. Her pure white body was surrounded by golden light.

At this moment, the golden light that emerged from the countless lotus petals began to squirm and gather into ancient Maha characters that flashed in the air.

Yunxiao trembled and cried out, “The sun Sutra!”

His eyes were filled with joy as he hurriedly focused his mind and began to figure it out.

Noah’s ship galloped across the vast Eastern Region, and after a few days, it finally arrived above a huge city.

Ye Fan kept Noah’s ship, and everyone appeared in the sky, landing one by one.

Everyone's complexion had improved. Although not all of them had recovered, at least half of them had recovered.

Yunxiao had also come out of the divine realm tablet with a thoughtful look on his face. He had forcibly imprinted the sun Sutra into his mind, but there were too many things he could not understand, and he could not make a breakthrough in a short time, so he had to put them aside for the time being.

Ye Fan, you've had a long journey. Come to my divine realm tablet and take a rest. Yunxiao said with concern.

Ye fan's face was pale but his mental state was good, he smiled: "It's just a simple flight. It doesn't take much of my mental and physical effort. To me, it's a form of training. After the battle outside of Red Moon City, I gained a deeper understanding of how to control this Saint artifact. I've gained quite a bit recently, so I'm thinking of going into seclusion to comprehend it."

With a smile, he turned into a beam of light and was put into Yunxiao's glabella.

A white light flashed between his eyebrows, and the shadow of the divine realm tablet flickered and then disappeared.

Everyone's faces were filled with envy and jealousy as they stared at him.

"In this era where Saint artifacts are rampant, when can I get one to play with?" Xuan Hua wailed.

"Overflow? You're overflowing with Saint artifacts but you won't. There have been countless godly state experts since ancient times but I've never heard of countless Saint artifacts." Yunxiao rolled his eyes at him.

"But why do I feel like everyone has one?" Xuan Hua said worriedly.

The rest of the people nodded in agreement, as if they had the same feeling.

Yunxiao patted him on the shoulder and said, "Young man, work hard. Maybe one day you can really get one."

Xuan Hua's eyes lit up, and he said excitedly, "you're not consoling me, are you?"

Yunxiao glared at him and snorted. "To comfort you, of course! With your talent and strength, it's impossible for you to possess a Saint artifact in this lifetime. However, if you speak the truth like this, Won't You Be struck to death?"

Xuan Hua rushed up in anger and roared, "I'm going to kill you! In terms of talent, I'm higher than you. In terms of looks, I'm more handsome than you. In terms of fate, I'm better than you. Why do you have a Saint artifact and I don't?"

The two of them immediately started fighting outside the city. They were both strangling each other's necks with all their might and directly hitting each other's faces with their fists.

Liu Feiyan frowned and said, "enough, stop fooling around. When can you guys be more serious!" Xuan Hua, even if you have a Saint weapon in your hand, its power may not be comparable to the star shattering bow."

that's true," Yunxiao said. I've had the divine realm tablet for a long time, but I can't say that I can completely control it. Even with Shang's unparalleled talent and cultivation, it took him tens of thousands of years to fully cultivate the armillary sphere. Without great perseverance, talent, and luck, even if you have a Saint weapon, it's still a disaster."

...

His words were to the point and immediately put out the fire of jealousy in everyone's hearts, calming their minds.

Ning Kewei said, "although Yongxiang city is not the main city of the Eastern Region, it is still one of the big cities. The teleportation array basically covers more than half of the main cities and some nearby cities. Let's rest and gather information about that tiansi here.

Ning keyun said, " tiansi caused a huge ruckus and killed many law enforcers. More and more people are starting to know about this. It should be easy to track him down. There's also a branch of the star Moon school here. I'll first inquire about Jun ting's news and ask her to immediately investigate this matter."

Yunxiao, Xuan Hua, Liu Feiyan, Qiu Mujie, Luo Tian, Lin Shengfeng, ning ke as father and daughter, and the three elders of Red Moon City, a total of twelve people.

After obtaining the heaven and earth invisible sword, che you had hidden himself in the divine realm tablet to meditate and cultivate, and he did not seem to care about Yunxiao.

After obtaining the Dragon essence, Fei Ni performed the Dragon flying and Phoenix dancing phenomenon and went into seclusion.

Everyone concealed their auras, and there were no elemental energy fluctuations on their bodies. They entered the city directly like ordinary merchants.

The low mumbling of the two guards came from behind. Although it was soft, how could it escape everyone's hearing? it all entered their ears.

brother Ren, why did you drag me along just now? there are so many people going in without taking any money. How big of a loss would you have suffered? "

"Collect money? Be careful or you'll lose your life! What's the most important thing in our line of work? It's his eyes!"

"Could it be that these people are important figures? I can sense that they don't have any elemental energy fluctuations. They're definitely ordinary people!"

...

"Hehe, ordinary people? There were no elemental energy fluctuations on their bodies, and there were no transport ships or transport vehicles following them. How did they arrive outside Yongxiang city? Don't tell me that these people are from the nearby villages!"

“Well, brother Ren’s words make sense. Did they deliberately suppress their aura? Impossible! You and I are both Five Element realm martial Kings. I still don’t believe that he can hide from you and me!”

“Hmph, you’re still too young! Don’t think that you’re so great at being a martial King. If you were, you wouldn’t have been sent to guard the door!”

Everyone had a strange look on their faces and couldn’t help but look back at the two guards. Ning Kewei smiled and said, “This guard is really good. He has a good eye. If there is an opportunity in the future, we can send him to the red moon City.”

Chapter 1535

1535 Yongxiang city

Yunxiao felt a little emotional. The distribution of spirit Qi on the heavenly martial continent was extremely uneven. The northern region was the leader, followed by the Eastern and Western regions, and the southern region seemed to be out of touch, as if they were not in the same world.

A Five Element realm martial artist could be respected by thousands of people in any country in the South Region. In the other three regions, they could only guard the gates. But to any martial artist with a desire to improve himself, no one would be willing to stay in the southern mountain range.

He suddenly recalled what he had seen earlier. If nie Shengfeng’s Secret technique was correct, then Demon Lord PU should be suppressed under the state of Tianshui in the southern region. Perhaps the huge change in spirit Qi was related to Demon Lord PU.

Thinking of this, he couldn’t help but be shocked. How strong was the seal that could trigger the spiritual Qi of the entire world?

Ning keyun suddenly felt a little sad and said, “Father’s heart has been broken for the red moon City all his life.”

Ning Kewei shook his head. that’s not right. The decline of the red moon City started with my hands. I’m deeply remorseful and guilty. I can’t face everyone. Now, I only hope to do my best and die.”

“City Lord!”

The three old men were filled with grief and indignation. The rest of the experts were also shocked. After witnessing the collapse of such a huge city and a super force, each of them had different feelings.

but, my Lord, you don't have to blame yourself, ” Yunxiao said. as you said before, there is no eternal superpower in the world. We just have to do our best. I, li Yunxiao, will do my best to bring everyone back to red Moon City. Keyue, Ruobing, and all of you.”

“I'm relieved to hear Martial Emperor Vanquisher's words,” ning Kewei said with a smile.

“Thank you!” Ning keyun also said softly.

no, ” Yunxiao said. I owe you! His face was bleak, as if he had been touched, and his face was a little gloomy.

it's all that bastard Wei Qing's doing, ” Xuan Hua said. since we don't have any news of Tian si now, why don't we go to the sacred zone and kill him first!

Liu Feiyan frowned and said,“alright, I'll leave this task to you. Go quickly.” Remember to bring Wei Qing's head to us, if you don't see it, don't come back.”

Xuan Hua smiled embarrassedly and said,“I'm just saying it.” &Nbsp;

Everyone was speechless. To think that he was a titled martial sovereign, yet he was actually so ridiculous.

let's go to the star and moon school to get the latest news, ” Yunxiao said.

The star and moon school rose up in a short time and became one of the seven Chambers of Commerce. Although they had a wide background and resources, they didn't have a strong foundation, and their main business scope was in the North Region.

Although there was a branch of the star and moon school in Yongxiang city, it was very simple and had few people. It couldn't even be compared to the market of an ordinary Chamber of Commerce.

Ning keyun couldn't help frowning. As soon as she entered the door, she called out to the person in charge and threw a Jade card to him.

The person in charge was not old, about thirty years old, but his body was short and he looked very smart. When he saw the token, he was shocked and handed it back with trembling hands, "So, so it's Your Excellency from above. I'm Ji Zhengde. Please forgive me for not welcoming you."

He hurriedly invited everyone in, and all kinds of fragrant fruits and fine wine were quickly served.

Ji Zhengde wiped the cold sweat on his forehead and asked carefully, "Why didn't my Lord inform me of your arrival so that I could make some preparations? these spirit fruits are also high-grade items, but I don't know if they suit your tastes."

How could the crowd be interested in this level of tea and snacks? they all sat there and did not even bother to look at it.

"I'm not here for an inspection. I just happened to pass by and have something important for you to do," ning keyun said.

"Sir, please give me your orders. I'm just afraid that my ability is limited," Ji Zhengde quickly replied. He doesn't know who these people are, but the plate just now was indeed the highest standard of the star and moon school's VIP plate. He didn't dare to slack off in the slightest."

"Have you received any news about the Redmoon city recently?" ning keyun asked.

"Red Moon City?"

Ji Zhengde was taken aback, then he respectfully said, "I've indeed heard a little, but it's rather vague. It's said that the Redmoon city has encountered a great change. Some unknown experts suddenly appeared at young master Tang Xin's wedding and disrupted the entire wedding. These people are extremely powerful, and the Redmoon city is still in chaos."

Ning keyun's face was filled with anger and she shouted, "Nonsense! This news is just a joke that has been circulating on the streets. Don't you have any real news?"

Ji Zhengde was shocked to see her angry and quickly said, "Lord, please calm down. I didn't pay much attention to this matter. I'll send someone to inquire about it."

"Hurry up!" Ning keyun said angrily. Also, do everything you can to contact the head shopkeeper han Junzi as soon as possible!"

head manager han, han Junzi?!

Ji Zhengde was shocked, and his impression of these people became even higher. He quickly said, "Yes, I'll go now!"

After he left, ning keyun said in embarrassment, "I've made a fool of myself."

Luo Tian said, "the star and moon school has just been established. After all, it can't radiate its influence all over the world like the other old forces. However, it's already shocking to have such an achievement in such a short time. Shexiao Palace is indeed a place with tens of thousands of years of history. With Palace Master Qu's ability, it's too terrifying."

Only then did ning keyun's expression ease a little. She said, "master Luo Tian, you flatter me. The star and moon school is still an Independent School for the time being. When the divine cloud Palace comes out of seclusion, it will be under the name of the divine cloud Palace.

"In the beginning, I was very curious about the rise of the star and moon school," Liu Feiyan said."Later, I found out that it was the divine cloud Palace that supported them. In such a chaotic world, the

appearance of shenxiao Palace will play a great role in the peace of the world. We are all looking forward to it.”

Ning keyun nodded slightly and could not help but glance at Yunxiao, thinking that this was where the headache came from. She wondered how Palace Master qu would react when she learned that this man was not dead.

Although she did not want Yunxiao to die, it seemed that she might as well have died back then.

Ji Zhengde returned quickly and reported, ” I’ve already contacted him, and I believe that I’ll be able to contact head manager han Junzi very soon. As for the recent events in the Redmoon city, I’ve also found some information to inform him. You can ask him about it, my Lord.

Ning keyun was extremely displeased. a large part of our business is selling information. Now, we’re actually buying other people’s information. Wouldn’t it be embarrassing if the news got out?!

Ji Zhengde said bitterly, ” my Lord, you don’t know this. The star and moon school has just been opened in Yongxiang city. The manpower and resources have not been transferred over yet. Now, it is no different from an empty shell. It is very difficult to do things. Could it be that it is very famous? it is even more difficult to gain a firm foothold.

Ning keyun frowned. He didn’t know much about business, but he felt that it was rare to hear this, so he said, ” “Alright, you can let that message pass.”

Soon, an old man came in with squinted eyes. He looked like a person who often mingled in the streets. When he saw that the seats were full, he couldn’t help but tremble and almost knelt down on the spot.

Although everyone’s origin power was restrained and they didn’t reveal any deterrence, their all-powerful posture still made the messenger sense something was wrong and couldn’t help but be extremely nervous.

“You are the messenger?” ning keyun asked.

The messenger hurriedly replied, "that's me, no one in the entire Yongxiang city has more information than me .."

alright, " ning keyun said. let me ask you. How much do you know about the major event that happened in Hongyue city a few days ago? "

The messenger thought for a while and said, " a few days ago, the red moon City held a grand wedding for young master Tang Xin of the Tang family to marry Jiang Ruobing, the second young lady of the Jiang family. Li Yunxiao came out of nowhere and disrupted the wedding. The entire Red Moon City fell into chaos. It's said that it's only said that it might not be true."

He said worriedly, " it's said that apart from the inner regions of the red moon City, there were also a large number of experts who came to the red moon City to participate in the tragic battle. There were no lack of experts from the Holy region and the sea of soul formation. King level martial sovereign Teng Guang was also present. Many people even spread the rumor that there were other titled martial sovereigns. I don't know if it's true or not.

Ning keyun nodded slightly and thought that the news was reliable. She asked, " "What's the current situation in the red moon City?"

during the chaos, all the forces fought for their own interests. It was really a world-shaking battle. It was said that Tang Qing and his son all died in this battle. The Tang family's power was completely disintegrated.

...

He observed everyone's expressions and found that there was no change in their expressions. He heaved a sigh of relief and continued, " the current Redmoon city is already under the control of the sanctum, and there will be two city Lords.

"Two?"

"Do you know who he is?" ning Kewei frowned.

The Messenger's body seemed to move a few times, as if he wanted to say something but stopped.

"No matter what you know, just tell me," ning Kwei said.

The message channel said, 'this is also a piece of news that has just arrived. Because the matter of the city Lord being parachuted happened this morning, I don't know if it's accurate. One of them is called Luo Qingyun, and he's quite the character. The other Vice City Lord is someone I've never heard of, but he has some background, and his name is Li Yi.'

"What?"

Yunxiao almost choked to death. "Li Yi? Did I hear you right?"

The rest of the people also frowned. They had never heard of this person before going to the red moon City. It was only when Shang extracted the power of the mother in his body that he had plotted against him and swallowed a Dao fruit fragment. Only then did everyone know that there was such a person in the heavenly martial arts realm. They did not expect Wei Qing to assign such an important task.

The messenger chuckled and said, "That's right, it's Li Yi. It's normal that you've never heard of him before, but this Li Yi does have some background. It's just that he's been overshadowed by someone else."

Yunxiao frowned and said, 'Oh? Tell me about it. "

...

'Li Yi and Li Yunxiao are both from Tianshui in the southern region, and according to reliable sources, they're family. Li Yi's strength has always been good, but the world's attention is on li Yunxiao.'

"A family,"

Everyone looked at Yunxiao with strange eyes.

Chapter 1536-half a year's agreement

Cold sweat broke out on Yunxiao's forehead. It was really difficult to explain.

Although Li Yi was a spy sent by an enemy country, he was indeed a relative of the Li family in Tianshui, and he had even controlled the Li family for a period of time. It was not an exaggeration to say that they were one family.

Yunxiao had no choice but to wipe his sweat and say awkwardly, " the details are very complicated. In short, he has no blood relationship with him.

The messenger was stunned for a moment and said, " "My Lord, how do you know this?"

go on, " Yunxiao said, waving his hand. don't ask me.

The messenger then said, " although this Li Yi doesn't reveal his true strength, he's still extremely powerful. I heard that during the incident in Red Moon City, a demon race powerhouse appeared and massacred my people. It was also this Master Li Yi who defeated the demon race powerhouses and turned the situation around in Red Moon City.

Everyone looked at each other in dismay. How did such a filthy existence become a hero? perhaps Wei Qing had deliberately spread the news to create prestige and image for Li Yi, so that he could smoothly become the Deputy city Lord of Redmoon city.

Yunxiao knocked his forehead and said, " Wei Qing made Li Yi the Vice City Lord most likely to contain Luo Qingyun, so that he won't be too easy to control. Although the rumors are a little nonsensical, Li Yi's role in this battle is indeed very important."

The rest of them nodded. If he had not stopped Shang, there would be another godly state monster in the world now. The danger would be indescribable. In that case, Li Yi's contribution was really great.

continue, " ning keyun said. do you have any more news? "

The messenger thought for a while and said, "there's basically nothing about the red moon City." Ah, the red moon City is also full of ups and downs, and it's been an eventful autumn. Originally, after defeating the sea Race, I thought that things would settle down, but who knew that we would encounter such a big incident again, and the great Tang grandfather's entire family was also lost. I don't know when things will settle down."

what about the sacred zone and the sea of soul formation? " Yunxiao asked. are there any movements from them? "

I don't know about the sea of soul formation, " he said. but the Holy region has indeed made a big move. Do you know about the moon pupil? "

Everyone's heart trembled, and their eyes shot out cold light.

"What's wrong with yuetong?" Yunxiao asked. He was just asking casually, but he didn't expect to get to the key point.

The messenger was shocked by everyone's appearance and only came back to his senses after a while. He wondered what kind of people these people were. Why was it that a single expression and action could make people so frightened?

some time ago, it was said that the moon pupil had possessed a strong man and was doing evil everywhere, " he said, trembling. the sacred zone has already sent strong men to encircle and annihilate him.

the sacred zone sent people to encircle and annihilate yuetong? " Yunxiao frowned. Do you know who you sent and where is Yue Tong?"

"I don't know," the messenger shook his head.

Yunxiao asked a few more questions, but he could not get any more answers. Only then did he let the messenger leave.

Then, everyone fell into deep thought. Ning ke Yunxi said, "If there's a Saint to deal with Yue Tong, we'll be able to save ourselves some trouble."

what do you think?" Xuan Hua asked Yunxiao. what do you think?"

there are two major problems for the sanctuary to deal with tiansi," Yunxiao said thoughtfully. first, how much does the sanctuary know about tiansi? can they take him down?" The second is whether or not it will hurt keyue."

"I didn't think of that. If the Holy region were to attack without any regard for anything else, my sister would be in danger!" Ning keyun was shocked.

we have to find tiansi as soon as possible," Yunxiao said. He took out the jade pendant again and looked at it. He was filled with melancholy.

if that's the case, we should mobilize all our forces," Luo Tian said. we shouldn't limit ourselves to the star and moon school. We should also mobilize the forces of the business union and the technique Pagoda in Yongxiang city.

Luo Tian is right," Xuan Hua said. I'll go to the merchant Union, and you go to The Alchemist Association. Mobilize all our forces to find tiansi's location, and go there as soon as you find any clues!

"Alright!"

Everyone immediately came to an agreement. Only Yu Shengfeng and Qiu Mujie remained unmoved and coldly looked at everyone.

"Ji Zhengde, send a few people to lead the way for these Lords," ning keyun said.

Ji Zhengde was secretly shocked and felt that these people were becoming more and more mysterious. He hurriedly said, "Actually, there's no need for us to act separately. Right now, almost all of the influential people in the city are in the city Lord's mansion. Because there's an extremely important guest in the city Lord's mansion, everyone has gone to accompany him."

“An extremely important guest?” Everyone was stunned.

he is the one who caused the uproar in Red Moon City, ” Ji Zhengde said. he is the rising star, li Yunxiao, whose name has shaken the world!

Yunxiao, 'hehe'.

Everyone, "hehe."

who do you think is in the city Lord's mansion? ” Yunxiao asked.

yes, ” Ji Zhengde said respectfully. it's Lord li Yunxiao, who I mentioned earlier.

“Tell me in detail, what's going on?” ning keyun asked.

that Lord li Yunxiao has been in Yongxiang city for a few days, ” Ji Zhengde said hurriedly. he's here to marry the city Lord's two daughters. It is said that after the incident in Redmoon city, Lord li Yunxiao happened to pass by Yongxiang city and happened to see the city Lord's two daughters on the street. He fell in love with them, so he gave them the betrothal gifts on the spot and married them.”

Yunxiao, 'hehe'.

“Hahaha!”

Xuan Hua couldn't help but burst out laughing, tears flowing from her eyes as she laughed. “Don't tell me the people from the city Lord's mansion didn't even confirm it and just believed it?”

“What? is there a problem?” Ji Zhengde asked. Of course it has been confirmed, otherwise the city Lord would not have betrothed his only two beloved daughters to him.”

Yunxiao? ” Yunxiao wiped his sweat and asked, ” how did you confirm it? ”

“I’m not sure about the details, but it’s said that the princess of the red moon City, Jiang Ruobing, is with him and has agreed to let him take two concubines,” Ji Zhengde replied.

Yunxiao’s mouth fell wide open as he said, ” Even if Jiang Ruobing is by his side, what does Yunxiao’s wife and concubines have to do with her? ” he said.

Ji Zhengde was stunned for a moment before he laughed, ” “Milord, of course it’s related. Yunxiao loves Jiang Ruobing so much that he would do anything for her. Otherwise, do you think he would risk making himself an enemy of the whole world to break into Hongyue city? Now that the father and son of the Tang family are dead, he naturally has the beauty in his arms.”

“Hahahaha!” Xuan Hua kept laughing.

The rest of the people also smiled, revealing a look of understanding.

why? ” Yunxiao wiped his sweat and said, ” since you love her so deeply, why do you want a concubine?
”

“Hehe, hehe, hehe,” Ji Zhengde laughed mysteriously.”Men, Yingluo, everyone knows Yingluo.”

“Haha, we understand, we understand, we all understand!”

Xuan Hua laughed and patted Yunxiao on the shoulder as he said, ” Let’s go and see the world-shaking li Yunxiao take a concubine!

...

Ji Zhengde quickly went down and prepared to set off, while Yunxiao looked depressed.

Yu Shengfeng stood up and said, "It's just some boring things, I won't play with you anymore. Li Yunxiao, don't forget your promise."

Xuan Hua's face darkened, and he blocked him directly, saying, "You want to leave? I'm afraid it's not up to you."

"If I want to leave, who can stop me?" Yu Sheng Feng laughed. Kid, don't put on an act in front of me. You know in your heart that at most you can keep Bo Yuqing, but you will have to pay the price."

Liu Feiyan said slowly, "what's so urgent, Master Yi? don't you want to see such an interesting thing?"

"Interesting?" Yu Sheng Feng laughed. Why can't I find it interesting at all? He's just a sneaky kid pretending to be Yunxiao to get a cannon."

"Woof! Lord Hu's words are really unpleasant to hear!"

Liu Feiyan's face was slightly red and a hint of anger flashed across her face.

"Haha, brilliant!"

Xuan Hua smiled and said, "but even if I don't look at the cannon, I can't leave." If you find it boring, then follow me back to the sea of soul formation."

kid," Yu Sheng said coldly, "if you want to take me away, it's better to let Lu congzi come personally!

...

The aura from his body was released, and the entire Hall shook. The rubble on the roof kept jumping up, as if it would collapse at any time.

Xuan Hua's face was cold, and a hint of mockery flashed past.

“All of you stop,” Liu Feiyan suddenly said.

Xuan Hua’s brows furrowed, but he still retracted his aura and stood there quietly.

Yu Shengfeng also withdrew his aura and said, “Little girl, what do you want to say?”

“It’s fine if you want to leave, but you have to at least leave us something so that we can return to the sea of soul formation to report,” Liu Feiyan said.

“Leave something behind? What do you want?”

“Could it be that you still want one of my arms or legs?” Yu Sheng Feng said coldly.

Liu Feiyan smiled. of course not. I want a word from you, a promise. You can choose a time and come to the sea of soul formation.

Everyone frowned. Going to the sea of soul formation with Yu Shengfeng’s identity, wasn’t that sending himself to the door?

“You actually dare to say such things?” Yu Sheng said coldly.

Liu Feiyan laughed. since Master Chu Shengfeng has decided to return to the world, he will come to the sea of soul formation sooner or later. Foster father only wants to meet with master. Don’t tell me master doesn’t even have the courage to do this? ”

“What a good goading technique. I won’t be goaded by you, but I can give you my promise!”

half a year, ” Yu Shengfeng muttered. I’ll visit the sea of soul formation in half a year and get back everything I’ve lost from Lu congzi!

“Half a year?” who can wait for you for half a year? ” Xuan Hua said angrily. half a month is about right!

“Alright, half a year it is. I’ll tell my foster father about what happened today. I’ll be waiting for you in the sea of soul formation in half a year.”

Feiyan, ” Xuan Hua said in shock. this matter is too important. You can’t make a decision so easily!

Liu Feiyan smiled and said,“I didn’t make a decision easily. I thought about it carefully.” If the size of the sea of soul formation couldn’t wait for master Hu for half a year, what was the point of bringing master Hu back now? Moreover, what foster father wishes for is to have a long chat with Daren, not to meet on the battlefield.”

haha, interesting. What a bold little girl!

“It’s Lu congzi’s good fortune to have an adopted daughter like you,” Yu Shengfeng praised.

“Bo Yuqing, let’s go.” He turned around.

Bo Yuqing hurriedly followed.

Chapter 1537-meeting an acquaintance

Xuan Hua’s expression was dark and uncertain, as if he didn’t agree with Liu Feiyan’s decision. However, he only stared at Chu Shengfeng and didn’t stop him.

Yu Shengfeng glanced at Luo Tian, raised his hand, and formed a seal in the air.

“Bang!”

As soon as the mark entered Luo Tian’s body, his body suddenly burst into a bright light. He grunted as blood trickled from the corner of his mouth.

Luo Tian's eyes were filled with joy as he hurriedly said, "Thank you, master Xi!"

Yu Sheng Feng snorted and no longer paid attention to the crowd, walking away as he leisurely said, Li Yunxiao, I'll be waiting for your news!

"Swish!"

A beam of light flew over and landed in Yunxiao's hand. It was a communication Jade token.

As he watched Hu Shengfeng and Bo Yuqing leave, Yunxiao said with a sigh, "This Yu Shengfeng is also a character of his generation."

Luo Tian also sighed, "it's a pity, Zhenzhen. he shook his head repeatedly.

Ning Kewei said, "when I first found out his identity, I was really shocked. I thought I was old enough. I didn't expect there to be someone even older. Hehe, the heavenly Dao has changed, and evildoers are running amuck."

Yunxiao thought to himself, 'I still have two hundred-thousand-year ones in my divine realm tablet.' When it came to age, no one could compare to them.

Very quickly, Ji Zhengde had prepared a warship.

Although Yongxiang city was not the main city of the Eastern Region, it was still one of the major cities. Without a warship, ordinary people might not even be able to reach the city Lord's mansion in a few days.

He also noticed that two people were suddenly missing, but he did not say much. These Daren in front of him were all extraordinary, and he was not qualified to be associated with them.

we don't want to cause any more trouble," Yunxiao said. we'll just pretend to be servants of the star and moon school.

how can this make Zhenzhen? ” Ji Zhengde was shocked.

it doesn't matter, ” ning keyun said. we just want to see who is impersonating li Yunxiao and mobilize all forces to find yuetong's whereabouts.

why are you so sure that li Yunxiao is an imposter, my Lord? ” Ji Zhengde asked in a daze. ”

“You'll know when the time comes,” ning keyun waved her hand.

Although Ji Zhengde was full of questions, he did not dare to ask.

The battleship soon arrived above the city Lord's mansion. A light barrier protected the front, and it could no longer move forward.

A warrior made a hand seal in the air and put away the warship.

The group descended from the sky and headed towards the city Lord's mansion with Ji Zhengde in the lead.

“So it's shopkeeper Ji! Quick, please come in!”

The city Lord's mansion was filled with a jubilant atmosphere. It was decorated with lanterns and streamers, and people were coming and going.

The gifts received in front of the gate had piled up into a mountain. It was also a kind of deliberate show-off in the house, with powerful martial artists maintaining the security around.

A red-robed old man saw Ji Zhengde and quickly welcomed him with a face full of joy.

Although the star and moon school was not powerful enough in Yongxiang city, they had a great reputation and prestige, so the local forces did not dare to underestimate them.

“Oh, it’s master Song Han, personally welcoming the guests at the door.” Ji Zhengde quickly returned the greeting.

Song Han laughed and said, “haha, I’ve been too busy. I don’t have enough manpower.” Moreover, they were all distinguished guests, so he didn’t dare to be negligent. Lord Zheng de, please come in.”

A servant boy immediately ran out from behind Song Han and led the way.

Song Han looked at the people behind Ji Zhengde in a daze. She felt that there were too many people following him. They were all weird and there were even a few old men who were staggering.

The group followed the manservant inside and passed through a few cloisters. They could vaguely see a song, dance, and pipe music.

The banquet was set up in the large courtyard, and more than half of the seats were already filled by guests, who were all exchanging pleasantries.

The banquet was divided into several venues, and this was the one with the highest standards. Those who could appear here were all famous people in Yongxiang city.

Yunxiao scanned the place with his divine sense and was surprised to find that there were many martial emperors among them.

haha, Lord Zheng de, long time no see. It turns out that Lord Zheng de had gone to focus on doing charity. I admire your virtue.

Ji Zhengde had just walked to his table when someone shouted from afar.

The table was on the lower left side, almost close to the gate of the garden. It could be seen that he did not have a high position in the city Lord's mansion.

The person who was shouting was on the right side, obviously having a higher status than him.

"This man is Yan Xing Huo, the president of the silver horse Chamber of Commerce," Ji Zhengde whispered.

He saw the confusion on everyone's faces and explained, " although the silver horse Chamber of Commerce is not well-known on the continent, it is quite famous in Yongxiang city and the nearby large cities. Many of its businesses are above that of the seven great Chambers of Commerce.

After his explanation, he cupped his fists at Yan Xing Huo. master spark, you must be joking. I'm not doing any charity. It's probably just a rumor.

"No," Yan xinghuo glared. I saw so many old men behind you, so I thought you opened a nursing home and went to Ji Shitang, hahahaha!"

He laughed maniacally, causing everyone to laugh and look at him with mocking eyes.

The three elders of Red Moon City looked too old. Coupled with the injuries on their bodies, they looked even more critically ill, which was indeed eye-catching.

Ji Zhengde was furious and his face was ashen.

The rapid expansion of the star and moon school had indeed offended many local forces. For a place like Yongxiang city, it was easier to be bullied if one had a sign but no strength.

But, except for Ji Zhengde, who was half-dead from anger, Yunxiao and the others were completely unmoved. They stood behind him one by one, and the three old men even closed their eyes and began to regulate their breathing.

Ji Zhengde was slightly shocked. He thought to himself that these people were really cultured. If an ordinary martial artist with some strength was slandered like this, he would have killed them long ago.

However, this was the city Lord's mansion of Yongxiang city, where more than half of the city's experts were gathered. Even if they were angry, they would not dare to burst out easily.

He said coldly, "although the business of the star and moon school is not very big, it's enough for you to enjoy your retirement. After you go bankrupt, I'll be happy to do this charity.

...

Yan Xing Huo's laughter stopped. He said coldly, "Hmph, bankrupt? Ji Zhengde, Who Do You Think You Are? you actually have the right to sit in this seat. If it wasn't for the star and moon school's great business and influence in the North Region, you would only be qualified to sit in the last seat!"

Ji Zhengde sneered, "it's a pity, there are no" if "in this world." No matter how bad the business of the star and moon school was in Yongxiang city, it was still one of the seven Chambers of Commerce. No matter how powerful the silver horse Chamber of Commerce was, could it be ranked in the top 100 in the Commerce Union's headquarters, Xinyan city? Hmph, I'll report what Lord Xin Huo said truthfully. I hope the headquarters won't come and find trouble with you!"

Yan Xing Huo's expression changed. He chuckled. "Lord Zheng de, who are you trying to scare? With your shabby appearance, if reporting it was useful, the headquarters of the star and moon school would have sent people to help you. Now, you're just using your name to cheat people. The city Lord's beloved daughter is getting married today, you wouldn't be here empty-handed to eat and drink, right?"

"Although I am poor, I can still prepare a generous gift for the city Lord. You don't need to worry!" Ji Zhengde said coldly.

"Haha, your so-called generous gift can't be a few hundred mid-grade primordial stones, right? Hahaha!"

Yan Xing Huo laughed without restraint. His eyes were filled with mockery and coldness.

Many merchants and nobles around him also echoed and ridiculed him, looking down on him.

Ji Zhengde's face was ashen as he sat down and drank his wine. He was filled with anger.

Ning keyun sighed, "how did you end up so miserable?" Although the star and moon school was established not long ago, its name is still well-known in the world. These small Chambers of Commerce that I have never heard of actually don't give them face."

Ji Zhengde said bitterly, " it's not too bad. If it wasn't for my reputation, I'm afraid I wouldn't have a seat in the first row today. It's already the city Lord's honor to arrange me here.

Ning keyun nodded. it's been hard on you. After I contact Han Junzi, I'll talk to him on your behalf and ask him to focus on supporting Yongxiang city.

...

"Really?"

Ji Zhengde was overjoyed and said hurriedly, " "Many thanks, my Lord!" His heart was surging with excitement. Not to mention greeting the highest shopkeeper, even if he greeted the chief in charge of the Eastern Region, his poor days would be filled with happiness.

"I still don't know your name, Sir. Can you tell me?" he asked in a low voice.

"You don't need to know about this," ning keyun said.

"Yes, yes,"

Ji Zhengde saw her cold expression and did not dare to ask anymore.

However, his heart was filled with apprehension. Sometimes he was excited, and sometimes he was excited. He sat there and drank happily. His mood was like a completely different person.

In the distance, Yan xinghuo noticed his expression. He frowned and cursed, " crazy!

He did not bother to hide his voice and it entered everyone's ears. Ji Zhengde was so angry that he threw his wine cup away and his body trembled.

Yunxiao patted him on the shoulder and said with a smile, " "Calm down,"

"En, I'm fine, but I've dragged you all into this. However, you must endure and not get into a conflict with him, or we'll be the ones to suffer in the end."

"In Yongxiang city, Yan Xing Huo is a smooth and influential person. Even the Lord of the city has to give him some face," Ji Zhengde said with a serious face. The reason why he always has a problem with me is that the star and moon school's shops have always been the meat in his eyes. Moreover, our gradually expanding business has some impact on the main business of the silver horse Chamber of Commerce, so he has always wanted to drive us away."

Yunxiao gave him a thumbs up and praised, " you've already succeeded in making your opponent fear you. I believe that you'll soon be able to turn the tables on your opponent.

Ji Zhengde was stunned for a moment before he replied, " "I hope so." After that, he began to drink alone.

Yunxiao smiled faintly, and then his eyes suddenly flickered with surprise.

He saw a familiar face at the top of the banquet table. It was luanxuan, the president of The Purple Cloud trade union.

Hanxuan's expression was dignified and elegant at the moment. She was wearing a light pink robe and had a worried look on her face.

There was no lack of powerful martial artists around her who came up to propose a toast to get close to her, but she only smiled out of courtesy and took a small sip.

does The Purple Cloud Chamber of Commerce have a high status in Yongxiang city? ” Yunxiao asked softly.

“Yes, The Purple Cloud trade union is powerful, and it is the base of Tianyuan trade union in Yongxiang city,” Ji Zhengde said. The Tianyuan trading company was originally doing well in Yongxiang city, but for some reason, they retreated some time ago and handed over all their business to The Purple Cloud trading company. This resulted in The Purple Cloud trading company’s wealth and overbearing manner.”

Chapter 1538-powerful background

“Tianyuan trading company has retreated?”

what happened? ” Yunxiao was taken aback. what happened? ”

“I don’t know much about this either. If you want to know the details, you should ask President Luan Xuan.” Ji Zhengde said. I didn’t expect her to show up at the wedding.”

since she’s in Yongxiang city, ” Yunxiao said, ” the city Lord’s daughter is getting married. She should at least give her some face.

“That’s true, but it’s not easy to meet President Hanxuan.” Ji Zhengde said. She’s so young, beautiful, powerful, and rich. She’s the goddess in the eyes of millions of men. If you want to consult her, now might be a good opportunity. It’ll be difficult to see her again after the wedding banquet.”

I understand, ” Yunxiao said.

However, he remained unmoved. He stood behind Ji Zhengde without saying a word, as if he was an ordinary person, like a stone on the roadside.

“Miss Hanxuan, I haven’t seen you for a few days. Why do you look so worried? I pity you.”

A handsome man with a smile on his face appeared in front of Hanxuan.

The man's facial features were distinct, as if they had been carved by a knife. There was a domineering air between his brows, and he was dressed in a green robe made of herbs. His face was filled with confidence and grace.

"Those who know me say I'm worried, those who don't know me say what I want."

The man leisurely recited a poem and waved the paper fan in his hand. He had a calm expression as he said with an elegant smile, "I wonder if this one has the qualifications to help miss Hanxuan smooth out the wrinkles on her face?"

Hanxuan's face didn't look good, but she forced a smile when she saw the man. "So it's the company commander."

"What has made such a beautiful young lady Hanxuan so worried that I can't help but pity her?" the man chuckled.

"You're joking, company commander," Hanxuan said seriously. Recently, the Chamber of Commerce's matters have been too chaotic, and I'm so busy that I can't deal with it. "

"Oh? Is it just a matter of the Chamber of Commerce?"

The company commander folded his paper fan and smiled. I've also done some research on the operation of the Chamber of Commerce. Why don't we have a good discussion? "

The two subordinates behind him immediately moved a jade chair over and placed it beside Hanxuan. He did not hesitate to sit on it.

Hanxuan's expression changed. She stood up and pointed at the seat of honor. "Company commander, your seat is over there."

“I’m not used to sitting alone,” the company commander chuckled, “I wonder if I can invite miss Hanxuan to drink with me?” We can also talk about the Chamber of Commerce. I believe that with my ability, I can solve all the problems that miss Hanxuan has.”

“You’re the one I’m most worried about right now, so please go back to your seat,” Hanxuan said.

“Miss Hanxuan, my young master is the Lian family’s eldest young master. With his status and background, can’t he even have a drink with you?” a servant behind the company commander said angrily. Young lady is too arrogant!”

The other servant also said coldly, “Hmph, young lady should think about it more. What would be the consequences if you offend my young master!

The company commander’s face changed and he rebuked angrily, “what nonsense are you two servants talking about?!” Although this young master’s family background is extremely great and my power is overwhelming, I’ve never used my status to oppress others! Moreover, Hanxuan was a peerless beauty, so how could he be rude? You two dog slaves, hurry up and apologize, then get out and face the wall!”

“Yes, yes!”

The two of them hurriedly apologized to Hanxuan, and even slapped themselves while blaming themselves for speaking too much and asking for forgiveness.

“Miss Hanxuan, this servant doesn’t know how to speak. If you’ve offended him, you can beat or kill him as you wish,” the company commander said.

When the two of them heard this, they were so frightened that they immediately knelt down and kowtowed desperately to beg for mercy.

Hanxuan felt a sense of powerlessness in her heart. She waved her hand and said, “Get up and quickly return to your seats. The banquet is about to begin. If everyone looks at you, it will be a loss of style.”

“You’re right, miss Hanxuan,” the company commander chuckled.

In his heart, he was sneering. His goal was to let everyone know that Hanxuan belonged to his company commander. If anyone dared to have any thoughts about her, they would have to bear the anger of their Lian family.

As expected, the young masters who had been trying to please Hanxuan all had ugly expressions.

The company commander sneered and said, “You two dog slaves, hurry up and help me move the Jade stool back!”

“Yes, yes!”

The two of them trembled as they hurriedly lifted the Jade stool and walked up.

The company commander’s seat was very close to the front, just below the main seat, which showed that his status was extremely noble.

Xuan Hua patted Yunxiao’s shoulder and said with a strange smile, “Your love rival?”

you’re the love rival! Yunxiao’s face darkened. your whole family is love rivals!

Ji Zhengde’s expression changed slightly. He covered his mouth with his hand and whispered, “Milords, please be careful. You can’t provoke that company commander. His background is terrifying. If you’re not careful, you might get killed and your entire clan exterminated.”

Yunxiao turned a deaf ear to his words and did not take them to heart at all.

Xuan Hua laughed strangely and said, “Oh? I don’t know where this person came from, but tell me so that I can be careful. I don’t want to accidentally offend him and end up being chased to his lair.”

“Since his surname is Lian, I guess he’s from the Lian family of the three cities of the Eastern Region,” ning Kewei said indifferently.

“It is!”

the Lian family is very powerful in the Eastern Region. They directly occupy the resources of three main cities and have a wide circle of friends. Their power can be said to spread throughout the entire Eastern Region. Besides the Super power of the red moon City, the Lian family is definitely one of the most powerful families! Ji Zhengde said with a serious expression.

indeed, ” ning Kewei said. apart from the red moon City, the Lian family’s strength is enough to rank in the top ten in the entire Eastern Region.

Ji Zhengde looked at ning Kewei and said, ” it seems that this Lord has some understanding of the distribution of forces in the Eastern Region. Although I know that all of you have extraordinary origins, a powerful Dragon can not suppress a local snake. Many forces in Yongxiang city are attached to the Lian family.

Ning Kewei said, ” as the eldest young master of the Lian family, this company commander is also a top figure. As long as nothing happens, he will be able to occupy a position in the Eastern Region in the future. I hope he is lucky.

“Haha, I think it’s incredible.”

Xuan Hua laughed. I see that this person’s complexion is extremely bad. His glabella is black, and his face has an ashen aura. He’s most likely going to suffer.

Ji Zhengde was shocked and waved his hands, ” “Your Excellency, please don’t speak nonsense. This place is full of crooks and honest folks. There are many eyes and ears here. If this news were to reach the ears of the company’s eldest son, it would be a huge trouble. Even the star Moon school can’t afford to offend such a local tyrant.”

He was so frightened that his face turned pale.

“Lord Xuan Hua, don’t scare him,” ning keyun said with a smile.

...

Ji Zhengde nodded his head repeatedly with a look of fear. He suddenly felt that the name Xuan Hua was familiar, but he could not remember where he had heard it.

not only does the eldest young master have an amazing background, but he is also very talented. He practices both martial arts and sorcery, and his master in both martial arts and sorcery is also very powerful.

Ji Zhengde seemed to be addicted to talking, he simply removed them all and said, “His master is the famous master Hongyang in the Eastern Region. Master Hongyang has long been a Peak Eight-star alchemy master, and it’s said that he’s recently broken through to the ninth level. I don’t know if it’s true, but I think it’s most likely true.”

“I’ve heard of Hongyang before,” ning keyun said. “but how do you know that he has really broken through to the ninth level?”

After all, any ninth-tier Alchemist was an all-powerful existence. Even peerless powerhouses like them had to show some respect.

because master Hongyang’s master is the world-renowned and admired great Alchemist of allheaven,” Ji Zhengde said. “he’s a great Alchemist. With the ability of the great Alchemist of allheaven, it shouldn’t be difficult for him to help his disciple break through to the ninth-tier of alchemy.”

Everyone was stunned as they turned to look at Luo Tian. Even the three elders of Red Moon City opened their eyes.

Luo Tian’s head was covered in cold sweat. He said awkwardly, “Hongyang has indeed broken through to the ninth level. It was not long before I went to the red moon City. Although your analysis was not accurate, the result was correct. However, I really don’t know if Yingluo has this disciple Yingluo.”

Ji Zhengde was taken aback, " "As I expected! Although an eighth-tier Alchemist is also an influential figure, he is on a completely different level from a ninth-tier Alchemist. This company commander's background is even more powerful, so you must not provoke him."

He had used two 'ten million's at once, which showed how deep his fear was.

Luo Tian felt everyone's strange gazes, and his head was covered in cold sweat. He took out a white silk handkerchief and kept wiping it.

...

Qiu Mujie chuckled and said, "who's that kid's Martial Master? He should also be a powerhouse, right?"

the company commander's Martial Master is one of the Council elders of Red Moon City, Lord Fu Yichun. Not only is he highly respected, but he is also a nine-stars Martial Emperor. His name is known throughout the world! Ji Zhengde said.

The three old men's faces couldn't help but Twitch, and there seemed to be some cold sweat on their foreheads.

"Although Fu Yichun is a little rotten, he's still a good person," ning Kewei said.

"?!"

Ji Zhengde was so scared that he sucked in a breath of cold air and said, " "Please don't speak nonsense, my Lords. I don't want to be killed by you!"

He was so scared that he was about to cry. He felt all kinds of eyes looking at him from all directions.

If such treasonous words were to be heard by the company commander, the star and moon school's branch would probably be closed.

Ning keyun found it funny that he was trembling in fear, but she still comforted him, "Don't worry, we won't talk about it anymore."

"That's good, that's good!"

Ji Zhengde quickly shut his mouth and was determined not to say another word. He was afraid that he would provoke them to speak without thinking and cause a big disaster.

Xuan Hua said to Yunxiao with a smile, "this is troublesome. Your love rival has such a powerful background. You're dead!

shut up! Yunxiao's face was dark. if you keep talking nonsense, you'll really die today!

"Hahaha!"

Xuan Hua could not help but laugh. He seemed to want to say something, but when he saw Yunxiao's cold eyes, he quickly covered his mouth and laughed to himself.

At this moment, the music in the hall suddenly changed to a high-pitched celebration. At the same time, the loud crackling of firecrackers sounded, deafening. It seemed that the wedding banquet had begun.

Chapter 1539

1539 Nine-five Azure Lotus divine skill

A group of people rushed in from outside the garden. They walked in joyfully under the high-pitched music, and their faces were full of smiles.

Fresh flowers suddenly fell from the sky, filling the garden with their fragrance.

The old man in the lead was grinning from ear to ear, constantly thanking the people around him for their congratulations.

It was the city Lord song Guang, who walked to the table surrounded by the crowd and constantly nodded to the crowd, full of joy, "Thank you all for your support. Song Guang is extremely grateful. All distinguished guests, please drink to your heart's content!"

city Lord is too polite. The two young ladies are getting married, and their husbands are the world-shaking number one rising star. We are also sincerely happy about such a great happy event!

that's right. Not only can I attend the wedding of the city Lord's daughter, but I can also see the face of the number one young talent in the world. I was so excited that I didn't sleep well for a few days!

"So what if I haven't slept well for a few days? I haven't slept for a few days. I've been chanting Sutras and praying all day long for the city Lord and the two young ladies."

that's right. Without the city Lord's wise leadership, how could we have a happy life in Yongxiang city? every New Year and festival, I visit relatives and friends, thunder and rain, three meals a day, before and after sleeping, I have to pray for the city Lord.

The company commander, who was not far from song Guang, also had a smile on his face, but his face twitched slightly, as if he couldn't stand it anymore. He hurriedly said, "Lord song Guang, it's time to ask young master Yunxiao and your daughter to come out, right? I admire and respect young master Yunxiao, and we've been friends for a long time. I finally have the chance to get to know him."

"Naturally, naturally!"

Song Guang also did not dare to neglect the company commander, and said, the company commander's son's arrival has brought light to my humble home. It's also the time for the two of you to meet each other.

The company commander seemed to be a little excited and hurriedly said, " Lord song Guang, you're too kind. How can my reputation compare to young master Yunxiao's? "

Song Guang smiled slightly, his face full of pride as he loudly said, "Please, young master Yunxiao,"

The music on both sides changed again. Song Han led the way from the outside of the garden, and a young man walked in, talking and laughing.

The young man had delicate features and was fair and tender. He could be considered a handsome man, but he had a bit more of a Rouge-like aura.

Two beautiful women followed behind the man. They were both dressed in bright red robes and had charming expressions. The two of them looked quite similar and were clearly sisters.

She was indeed more beautiful than a flower. No wonder she had attracted 'Yunxiao's' love. Everyone's eyes lit up with envy.

'Li Yunxiao' strode into the garden with a proud look on his face, a cold smile on his lips. From time to time, he would look at the front and the sky, as if no one in the hall was worthy of his attention. But sometimes, he would look at Song Han, and sometimes, he would turn his head to look at his two beautiful wives, his eyes shining.

Xuan Hua was stunned. there's really some resemblance. Could he be your younger brother?" he said. He poked Yunxiao a few times with his hand.

Yunxiao wiped off his cold sweat. The man in front of him had obviously been carefully dressed up, and his appearance was somewhat similar to his. He had most likely seen him before.

"Young master Yunxiao!"

Song Guang immediately stood up and personally went to greet him.

Everyone could no longer sit still and stood up one after another. The company commander also hurriedly stepped out of the ranks, his eyes flashing with a sharp light.

Only Hanxuan was still sitting in front of the table with a stunned look on her face. Then, she seemed to understand something and chuckled instead, the wisp of worry between her brows disappearing.

She seemed to be in a very good mood and couldn't help but pour herself a cup of spiritual fruit wine. As she drank it, her face seemed to relax and her whole person seemed to have a kind of gorgeous aura.

"Greetings to the city Lord."

'Li Yunxiao' stepped forward and bowed with a faint smile.

Song Guang laughed and hurriedly grabbed his hand to help him up. He was all smiles as he said, "Are you still calling me city Lord?"

'Li Yunxiao' chuckled. then, I'll be so bold as to pay my respects to you, father-in-law.

"Haha, it's my father-in-law. Come, come, quickly follow me to the seat!"

Song Guang was overjoyed. He did not let go of 'li Yunxiao's' hand and walked forward.

'Li Yunxiao' had been smiling the whole time. Suddenly, he glanced over and saw Hanxuan, who was sitting not far away and drinking by herself. A look of surprise flashed in his eyes, and then a layer of haze covered them.

Almost everyone was standing to welcome him, except Hanxuan, who was sitting upright and drinking by herself, as if she didn't care about him at all.

An old woman behind Hanxuan, who was the shopkeeper of The Purple Cloud trade union in Yongxiang city, poked her back gently as if to remind her.

"It's fine," Hanxuan replied with a smile.

The old woman looked puzzled and worried. Not only did 'li Yunxiao' see Hanxuan's attitude, but almost everyone else had seen it, and the song family man's face was obviously unsightly.

Song Guang pulled 'li Yunxiao' directly to the right and sat down. The seat should have been reserved for the matriarch of the song family, but it was left empty for 'li Yunxiao'. It was clear that the song family respected and treated this son-in-law beyond the rules.

Song Han and her two wives stood on the left and right, and a charming woman in a Jasmine Dress followed behind them.

"Young master Yunxiao, I'm the company commander of the Lian family of the Eastern Region."

After everyone was seated, the company commander stood up and went forward to greet them.

'Li Yunxiao' raised his eyebrows slightly and said, "So it's the Lian family's eldest young master, it's an honor to meet you."

"I don't dare to call myself young master in front of young master Yunxiao," the company commander said hurriedly, overjoyed. I've long admired young master Yunxiao, and it's my great fortune to be able to meet you today."

'Li Yunxiao' chuckled and said, "you're too modest, young master. I've long wanted to make friends with you. In the entire Eastern Region, the seven stars used to be the leader, so how was it now? In the entire Eastern Region, only the Lian family's eldest young master is outstanding."

"I don't deserve it, I don't deserve it!"

The company commander was overjoyed, and he was so excited that he did not know what to do for a moment. If it were someone else who said this, he would at most smile, but since it came from 'li Yunxiao', it had a different meaning.

Song Guang smiled. company commander, you don't have to be so modest. With your family background, Yunxiao's 'outstanding talent' is well-deserved!

you're too kind. City Lord and young master Yunxiao are too kind!

The company commander was filled with joy and felt light-headed, his mind a little blank.

The rest of the people in their seats also wanted to come forward and get to know Yunxiao, but due to Yunxiao's reputation and their own meager status, they were all nervous.

Song Guang smiled and said, " company commander young master, you don't have to belittle yourself. Just as Yunxiao said, who can compare to you in the entire Eastern Region? " In the entire world, who can compare to my good son-in-law, Yunxiao?"

'Li Yunxiao' said humbly, " there are still many heroes in the world. Last time, Lord Ao changkong, Lord Lu congzi, and I had a good chat while drinking wine to discuss heroes. There are a few who can be called the heroes of the world.

"Pfft!"

Hanxuan, who was drinking fine wine, couldn't help but choke. She coughed non-stop, and her face turned red.

...

'Li Yunxiao's' face darkened, and anger flashed across his face as he said coldly, " "Who is this beautiful lady? You seem to have a problem with this young Master's words?"

"This is the president of The Purple Cloud trade union, miss Zi Xuan," the captain quickly introduced. Please don't blame her, young master Yunxiao. She only choked and was impolite."

"You're choking? Are my words so easy to choke?"

'Li Yunxiao's' face turned even gloomier. He was talking nonsense, and he was very sensitive and guilty.

"Hanxuan, quickly offer a toast to young master Yunxiao as an apology," the company commander hurriedly said.

Hanxuan coughed for a while before she recovered. She blushed at her own rudeness, but her expression was calm. She wasn't as flustered or nervous as the others thought. She smiled and said, Hanxuan lost her composure just now. Please don't blame her, young master Yunxiao.

She raised her wine glass from afar and emphasized the words 'young master Yunxiao'. Then, she smiled and drank the wine in one go.

'Li Yunxiao's' heart could not help but skip a beat, as if he felt that something was wrong. Had this man met Yunxiao before?

After all, Yunxiao had fought several times in Red Moon City, and thousands of people had seen him. He had only imitated him after watching from a distance.

He immediately said, "it's just presumptuous and rude. It's fine." I've been cultivating a divine ability recently, which has changed my demeanor and temperament, but if I can master it, I won't be far from being invincible. It's worth it. "

"Invincible?"

...

Everyone was shocked. Song Guang quickly said, "I wonder what divine ability it is?"

'Li Yunxiao' smiled indifferently and said with a proud look, "I haven't thought of the name of the magical power yet. It was created by Lord Gong zhengqi of the Holy region, a few secretaries, Lord Ao changkong, and I. As I made the greatest contribution, Lord Gongyang zhengqi asked me to name this Divine Art. Unfortunately, I haven't thought of a name yet, so I won't mention it for the time being."

Song Guang was shocked. at Yunxiao's age, he's actually able to study martial arts divine arts with these great experts and make the greatest contribution. He's truly a rare genius. In the future, he'll definitely rule the world and become a figure of his generation!

'Li Yunxiao' smiled in embarrassment and said, " 'I've only proposed some key techniques. Although I'm the one who created them, my strength is limited, after all. The power I display is still slightly inferior to that of ao changkong and the other Lords. This Divine Art can hold the moon in the nine Heavens above and catch turtles in the five oceans below. I will name my two beloved concubines song bi and Song Lian. Let's call it the nine five Green Lotus Divine Art!"

"Good, it's a good name indeed!"

"Song bi, Song Lian, hurry up and thank Yunxiao," song Guang's eyes lit up.

with young master Yunxiao's age and talent, " the company commander said enviously, " I'll be satisfied if I can see your back in my life.

Everyone also cheered one after another, all of them looking excited. It was just that they didn't know what they were excited about.

Song bi and Song Lian blushed and hurriedly bowed,"Many thanks, husband. Us two sisters can also benefit from this light and become famous under the heavens."

'Li Yunxiao' felt the burning eyes of the crowd and was very satisfied. He said in high spirits, " "Haha, the two ladies are too polite. If you follow me, not only will you be famous in the world, but you will also be able to help the two ladies to step into the Martial Emperor realm in no time!"

Chapter 1540-myriad flower hundred treasures dew

Xuan Hua's face was black as he slapped his forehead and said, " will you die if you don't show off like this? I can't take it anymore. I should call it 'don't want the Azure Lotus Supreme skill'.

Liu Feiyan also said,"I've been in closed-door cultivation for many years. I didn't expect there to be so many strange people in the outside world. Today is an eye-opener .."

Ji Zhengde was so scared that his face turned pale. He cried, " "Milords, I beg of you, please don't speak nonsense, or you'll die!"

Fortunately, everyone was in high spirits and kept cheering, so no one heard their mumbling.

Suddenly, Yan xinghuo stepped forward. "Why is everyone talking so much? Young master Yunxiao was getting married, and the city Lord's daughter was getting married. If everyone was truly happy, they should show some sincerity. A thousand words can't compare to my thousands of threads."

A ball of white light flickered in his hand and slowly turned into a ball of soft white silk, emitting cold stars.

"Is this the silk of the mayfly ice worm?" Song Guang's eyes lit up.

"Yes, it's Ice Silk. It's three thousand years old and a ninth level upper-grade material. I really can't take it out. I hope you won't mind." Yan Xing Huo smiled.

"Haha, you must be joking, Lord spark. This Ice Silk is the main material for making swords impenetrable. It's extremely precious. Many thanks for brother Yan Xing Huo's generous gift."

Song Guang waved his hand, and immediately, a servant came forward to collect the three thousand years Ice Silk and register it.

Yan Xing Huo was pleased. He smiled. "If city Lord likes it, then I can rest assured."

"Hmph, even though it's a three thousand year Ice Silk, it's only a substandard one that's been refined more than ten times." One of them said disdainfully.

Yan xinghuo was furious. Just as he was about to flare up, he saw that it was the company commander who had spoken. He immediately suppressed his anger and said, "Young master, I, Yan Xing Huo, am naturally not as rich as the Lian family. If young master has any generous gifts, just take them out. There's no need to insult me like this!"

The company commander gently waved his paper fan and smiled, "I'm not trying to insult you, but this 3000-year Ice Silk is a good thing." I'm just a nobody, only a few drops of myriad flower hundred treasures dew, I hope City Lord won't mind."

“What? Ten Thousand Flowers hundred treasures dew?”

Song Guang suddenly stood up, his eyes shining.

Everyone was shocked. Yan xinghuo was taken aback for a moment, then his face darkened and he said nothing. Even ‘li Yunxiao’ was greatly surprised, his eyes flashing.

When the company commander saw the effect, he was immediately proud and said, “ I heard that the city Lord made a mistake in his cultivation last time and accidentally injured his body. I have gone through many hardships to find this medicine. I hope Lord song Guang and young master Yunxiao will accept it.

‘Li Yunxiao’s’ eyes lit up as he said in great joy, “ ‘I’m also getting a share?’”

of course, ” the company commander said with a smile. we found a total of eight drops of myriad flowers hundred treasures dew. It just so happens that the city Lord and young master Yunxiao each have four drops.

He took out two Jade bottles from his body and beckoned the little person beside him to take them.

Both song Guang and ‘li Yunxiao’ were overjoyed. They hurriedly took the Jade bottles and thanked him repeatedly.

The others all had envious expressions. The ten thousand flower hundred treasures dew, as its name suggested, was brewed from the pulp of Ten Thousand Flowers. The effect of each drop was stronger than a ninth-tier medicinal pill.

The company commander’s action was equivalent to taking out eight ninth-tier medicinal pills. The extent of his generosity made everyone present speechless.

After taking the Jade bottles, song Guang and ‘li Yunxiao’ hurriedly opened the caps, and a sweet fragrance spread out, making everyone drool.

“The price of these eight drops of myriad flowers hundred treasures dew is much higher than ten ninth-grade medicinal pills. It’s just that I’m really happy today.” The company commander said proudly.

After saying a few words, he suddenly realized that there was something wrong with song Guang’s expression. His heart couldn’t help but jump, and he stopped to ask, “City Lord, what’s wrong?”

Song Guang’s face was still full of smiles, but it was completely frozen as he stared at the bottle without saying a word.

‘Li Yunxiao’s’ face grew uglier and uglier. Suddenly, he threw the Jade bottle on the table, rolled a few times, and said, “Company commander, what kind of enmity do you have with this young master that you have to play with me like this?”

The company commander was stunned and a little confused. He said, “Why do you say that, young master Yunxiao? I can’t wait to befriend the young master, how could I play? Don’t you like the four drops of myriad flower dew?”

“Hmph!”

‘Li Yunxiao’ slapped the table and said angrily, “Captain, you’re going too far!”

The company commander was shocked and didn’t know what was going on. He said awkwardly, “this ... This Lao Ai ... Young master Yunxiao, why do you say that?!”

Everyone stopped in shock. They didn’t know why, but they were all confused.

Song Guang’s expression also turned cold. He placed the Jade bottle on the table and said, “Company commander, I hope this is just a misunderstanding.”

“Misunderstanding? What misunderstanding?”

The company commander's eyes fell on the Jade bottle, and he could not help but have a bad feeling in his heart. The Jade bottle of 'Yunxiao' was already on the table, and it was empty inside. There was no myriad flowers hundred treasures dew in it!

"Ah?"

With the company commander's eyesight, he naturally saw it. He screamed in surprise and said, "This, this, what is going on? Where's my Ten Thousand Flowers hundred treasures dew?"

His voice was so sharp that it was as if someone had grabbed his neck. After being stunned for a moment, he almost went crazy, and all the hair on his body stood up!

"Who, who stole my Ten Thousand Flowers hundred treasures dew!"

The company commander's eyes were filled with ferocity. He looked around and stared at the subordinate who had been presented to him.

The subordinate trembled as he felt the murderous gaze. He was so scared that he knelt down with a "plop" and said in a trembling voice, "Young, young master, it, it's not me, it can't be me!"

Song Guang chimed in, "with this fellow's cultivation base, it's impossible for him to play tricks in front of everyone. Moreover, young master Yunxiao is here." Hmph, I'm afraid that the person who can do something under young master Yunxiao's nose has not been born yet!"

Captain, " Yunxiao snorted. this Ten Thousand Flowers hundred treasures dew was taken directly from you. No one must have done anything to it.

The company commander's face was as ugly as it could be. He also calmed down in an instant. It was absolutely impossible for the subordinate in front of him to replace or steal the item. He had even checked it last night, and the eight drops of dew were safe and sound. Where did the dew go?

He suddenly felt a chill run down his spine. This impossible thing was happening to him.

“City Lord, young master Yunxiao, you must believe me! I’m definitely not toying with the two of you!”

The captain shouted, but he felt that his words were too pale, as if he couldn’t clear his name even if he jumped into the Yellow River.

His body suddenly trembled, and he walked forward to pick up the two Jade bottles and sniffed them. He suddenly said, “ just now when city Lord opened the Jade bottle, the fragrance filled the air. Now, only a faint residual fragrance is left. This means that there was still precious dew in the bottle just now!

Song Guang’s brows furrowed. He also felt that it was strange. The fragrance that assailed his nose just now was definitely not an incomplete fragrance. There should really be precious dew inside.

Captain! he shouted angrily, “ are you saying that young master Yunxiao and I stole your dew and then framed you?!

The company commander was stunned. According to the analysis, this was the only possibility. However, it didn’t make sense either. He was stunned and his head was covered in cold sweat. He was as anxious as an ant on a hot nest. He didn’t have his own opinion and didn’t know what to do.

...

‘Li Yunxiao’ also had an unsightly look on his face as he said in a strange voice, “ Hmph, Hmph, I’m unrivaled in the world. Whether it’s in the sanctuary, the sea of soul formation, or the seven major sects, I’m a distinguished guest. Today, in Yongxiang city, I’m actually accused of stealing the ten thousand flower hundred treasure dew. Hmph, even the eldest young master should have heard about it. The current Lord of Redmoon city, Luo Qingyun, is my good friend, and the Deputy city Lord, Li Yi, is my cousin. Why don’t we ask them to come and help me reason with this? ”

The company commander was shocked and his head was covered in cold sweat. Only then did he panic and say, “ young master Yunxiao, please calm down. Someone is definitely trying to frame me this time. I will definitely find out the truth and give the city Lord and young master Yunxiao an explanation!

Although he said so, he did not have any idea what to do. After checking the two bottles of myriad flowers dew last night, only this subordinate, song Guang, had contacted ‘li Yunxiao’.

It was impossible for this dog slave's subordinates to do anything in front of so many experts, and it was also impossible for Song Guang and 'Li Yunxiao' to join forces to deal with him. He had never offended them, so he was completely dumbfounded.

The entire place was filled with all kinds of whispers, all of them watching the joke with mocking expressions, feeling very happy.

Yan Xing Huo, in particular, felt an indescribable comfort in his heart. He almost hummed a song.

you're too ruthless," Xuan Hua muttered. you didn't leave a single drop for anyone else?"

Yunxiao glared at him. why didn't you think I was cruel before eating?" he said. now you're saying I'm cruel?"

Xuan Hua scratched his head and laughed, "haha, I'm talking nonsense. This dew is really good. by the way, you took eight drops from them, gave me one, and ate seven. You're too cruel! he said with a frown. I thought it was only two drops!"

two drops?" Yunxiao shouted. do you think you can get a share?" Get lost!"

Their voices were very low, but Ji Zhengde could hear every single word. He seemed to have smelled a faint fragrance.

...

Ji Zhengde's mind went blank and he stood rooted to the ground.

"Sniff, sniff, sniff."

The nostrils of the person seated above him twitched as he asked suspiciously, "It smells so good. What's that?"

what are you guys mumbling about?!

Suddenly, a cold voice came, and the company commander glanced over with a murderous look.

He didn't hear their conversation, but when he looked around, everyone avoided his eyes out of fear. Only the few people behind Ji Zhengde looked calm and ignored him.

In addition, Yunxiao and Xuan Hua were whispering to each other, which immediately ignited the anger in his body, and he seemed to have found a vent.

Ji Zhengde looked at the company commander who was walking over with a gloomy face and an imposing aura. Cold sweat broke out on his forehead and his body could not help but shiver.

Suddenly, Hanxuan's body trembled as she looked down in disbelief. She stood up and exclaimed, "Young master Yun!"
