

## The Eternal 1541

### Chapter 1541-Luo Tian takes action

Hanxuan's body trembled slightly, as if she could not believe her eyes. Although the man with the smiling eyes in the distance was different from the one in her memory, and he was dressed in simple clothes and looked honest and stupid, the evil smile on his lips, the unruly carefreeness in his eyes, and the calm look in his eyes ... Who else could it be but Yunxiao?

The only difference he had from when he was in Haitian town was that he was more wise and calm, and his angular face looked more mature.

The night breeze was slightly cold, and Hanxuan's alcohol kicked in. A bright red flashed across her face, and her eyes were slightly moist.

it's been a while, " Yunxiao said with a smile. I've seen Hanxuan again after we parted at Haitian town.

Hanxuan pursed her lips, her eyes slightly red. She then smiled and said, "After we parted that day, I thought we would never meet again. Today, we must drink and chat."

although the world is big, it is not, " Yunxiao murmured. there are many opportunities to meet.

"Then why did I only get the chance today after we parted at Haitian town? and it was so coincidental," Hanxuan said slowly.

this is everyone's fate, " Yunxiao said with a smile. there are countless people in the great thousand world, and it's fate that we meet each other. We can't be fated to meet each other every day.

Hanxuan's face turned redder and redder, and she seemed to be a little resentful as she said, "It turns out that I, young master Yun, am just one of the countless living beings."

The company commander looked at Hanxuan's expression, and his face immediately twisted. He almost roared, "You know this country bumpkin?"

Hanxuan's face darkened, and she said coldly, "Company commander young master, please be more respectful when you speak!"

"Respect? Hmph, Hanxuan, even a fool can tell what I mean to you, but I've never seen you give me a flirtatious look before. On the other hand, you're smiling so happily to this country bumpkin!"

The company commander's face turned green, and his body was filled with killing intent. With these two things combined, he was about to explode!

In his eyes, Yunxiao had been sentenced to death. "Alright, I'll wring off this country bumpkin's head and kick it like a ball. Let's see if you can still laugh!"

Hanxuan was furious, but when she thought of Yunxiao's strength, she had nothing to worry about. She looked at him coldly, as if she was looking for death.

The company commander was driven even more mad by her contemptuous and mocking eyes. With a "boom", he dispersed his aura, shaking the surrounding air and a very strong killing intent spread out.

Song Guang and 'li Yunxiao' also frowned, especially 'li Yunxiao'. When he saw Yunxiao's face, his heart skipped a beat, as if he was very similar to the figure in the city of Red Moon.

However, his current appearance of a dirty country bumpkin dispelled a lot of the doubts in his heart.

The first time 'li Yunxiao' had met him was during Jiang Ruobing's groom search competition. After so many years, Yunxiao had changed a lot, especially when he cultivated physical arts. His temperament and demeanor were completely different. Coupled with his current attire and the occasion, 'li Yunxiao' felt that it could not be him.

"Smell it, it smells so good."

Yan xinghuo's nose suddenly twitched. He looked in ding Zhengde's direction in surprise. "Lord Zheng de, why does your thing smell so good?"

The company commander's body trembled, and he suddenly took a deep breath. His expression changed drastically, and he was both shocked and angry, but even more so, he was overjoyed. He roared, "Ten Thousand Flowers hundred treasures dew! So it was you guys who stole the treasure!"

"What?"

Everyone present was shocked and looked over in disbelief.

"Are you sure, company commander?" song Guang was surprised. You can't just randomly accuse me of this."

After all, Ji Zhengde's strength was limited, and his location was extremely far, so it was impossible for him to steal the ten thousand Flowers hundred treasures dew.

the ten thousand Flowers used in my ten thousand flower hundred treasures dew are all precious, " the company commander said coldly. a drop of dew is hard to find, and the fragrance is unique. It's impossible to imitate it in the world!

Everyone's nose also twitched slightly as they sniffed, and they all revealed shocked expressions.

"It's exactly the same as the previous fragrance. I didn't expect it to be stolen by the people of the star and moon school!" Yan xinghuo exclaimed.

His eyes emitted a cold light, but there was more joy in them. The star and moon school had offended the Lian family. At least, they would not be able to survive in Yongxiang city.

"Haha, stupid thieves, I'll see how you die!"

The company commander let out a loud roar. He was like a great ROC soaring in the sky as he directly stretched out his five fingers to grab. His face was filled with killing intent as he roared, "I'll kill your entire family if you dare to steal from my company commander!"

“Ah!”

Ji Zhengde screamed and his face turned pale. He trembled and the strong aura almost suffocated him. He cried, “Something has happened. Something has happened. What should we do?”

Yan Xing Huo couldn't help but burst out laughing. haha, Lord Zheng de, I didn't expect you to be so bold. How dare you ignore the city Lord, young master Yunxiao, and the company commander? tsk, tsk. Is the star and moon school so domineering and arrogant? ”

He hit Ji Zhengde when he was down and put all kinds of hats on him, hoping to crush Ji Zhengde to death. Then, he could take over the foundation of the star and moon school. Even if the star and moon school sent people again in the future, he would not have to be afraid.

Xuan Hua laughed and said, “the main character has come, what should we do?.”

‘What do you mean? I didn't take his myriad flower hundred treasures dew, did you?’

“No, no, of course not!” Xuan Hua hurriedly waved his hand and said.

“Hmph, you still dare to quibble! I'll skin you all and find you!”

The company commander suddenly clenched his fingers into a claw and grabbed at Yunxiao.

Although he felt that Ji Zhengde should be the main person among these people, he still wanted to tear Yunxiao into pieces first!

Suddenly, Luo Tian moved and stood in front of Yunxiao, saying, “I'll do it.” He formed a palm with one hand and slapped it down without even looking.

After all, the company commander was his beloved disciple's disciple, so he had a protective heart, fearing that Yunxiao would kill him.

The company commander suddenly turned pale with fright in the air. He discovered that all the elemental energy in his body had been completely shackled, and he could hardly circulate it.

Not only that, but the surrounding space also twisted, and his body was thrown out fiercely.

With a “bang,” he smashed into the garden.

“What?”

Everyone was shocked. Many of them were experts, so they could naturally see the power of Luo Tian’s palm.

“Swish Swish Swish!”

There were many figures flying around, and a large number of martial artists appeared in the sky. Their auras gathered in the sky and locked onto Ji Zhengde and the others.

Song Guang also stood up from his seat with a grave expression and said loudly, “Who are you, Sir?”

Luo Tian thought for a moment and said, “unrelated people, but there are some things that I can’t bear to see.” City Lord, please keep your eyes open and don’t be deceived by these liars.”

...

“Scammer?”

“Who are you referring to?” song Guang’s face darkened.

'Li Yunxiao's' pupils constricted as he slammed the table and rose to his feet while snorting angrily, "You sure have a big tone. Are you calling the company's eldest son a liar, or are you calling this young master a liar?"

Luo Tian glanced at him indifferently and said, "You know it in your heart."

'Li Yunxiao' was furious. How dare you! he shouted. "Since you have the guts to shoot me down, then do you have the guts to tell me your name?" he said coldly.

"Although my name is not well-known, I don't want to announce it to you people with no faults. Otherwise, it would be shameful," Luo Tian said.

"Young master Yunxiao, these people are from the star and moon school," Yan xinghuo hurriedly said.

"Oh? Star and moon school?"

'Li Yunxiao' said coldly, "before I went to Red Moon City to Rob Ruobing, I had a small meeting with your head manager. He even entrusted me to take care of your business in many ways. Hehe, it seems that today's matter can only be solved by your head manager!

Song Guang also said coldly, "Your Excellency should be an expert sent by the star and moon school, right?" Although the business of the star and moon school in Yongxiang city is cold and the influence is very small, I have never looked down on your sect and have helped you in many ways. Is this your sect's way of repaying me today?"

"Dammit! You dare to hit me!"

...

In the distance, the company commander soared into the sky and flew over with his body covered in mud. A cold light flashed in his hand as a sword appeared in his hand. He immediately stabbed at Luo Tian.

“Dang!”

Luo Tian directly stretched out two fingers and caught the sword. With a slight flick of his fingers, the long sword was sent flying with a clang. The company commander also felt the pressure coming at him. He could not help but spit out a mouthful of blood and was sent flying again.

“Young master!”

The Lian family’s servants hurriedly rushed up and supported the company commander.

Because the Eastern Region was originally within the Lian clan’s sphere of influence, and the company commander’s own strength was also not ordinary, there were no experts around him. They were all servants who arranged their living arrangements and ran errands.

how dare you hurt me?! Tell me your name! he roared in shock.

Song Guang’s pupils contracted as well. the eldest young master of the company is a martial Supreme powerhouse, but you managed to win so easily. You must be at least a mid-stage martial Supreme. You can’t be a nobody. Please tell me your name so that others won’t say that my song family is bullying an unknown person.”

you don’t deserve to know my name, ” Luo Tian said. if not for Hongyang, I would have killed this company commander.

Everyone’s expression changed drastically, and the company commander was also shocked and angry. He said ferociously, ” “Haha, since you know how powerful my master is, you still dare to hurt me! ‘Hmph, you’re also an Alchemist, aren’t you? I sensed a very strong mental power fluctuation when you performed the space conversion just now. Let me guess, seventh-rank? Level 8?”

As soon as he said that, everyone was shocked, especially those from the song family, who looked embarrassed. If the other party was an eighth-tier Alchemist, they would be in trouble.

Song Guang couldn't help but look at the other person in the field. He was an old man in a white robe who was sitting not far away. He had white hair, a ruddy complexion, and a pair of bright eyes.

He was Yuan Liang, the president of Yongxiang city's Alchemist Association. He was also an eighth-tier Alchemist, but he was still a well-known figure in Yongxiang city.

When he heard the company commander's words, he could not help but turn pale with fright. He sized up Luo Tian a few more times and felt that he looked familiar, but he could not remember where he had seen him before.

Yuan Liang felt the inquiry in Song Guang's eyes. After thinking for a while, he really couldn't remember this colleague in front of him. He most likely had only met him in a hurry during some seminar.

Chapter 1542

1542 Who's this pig head

haha, do you think that an eighth-tier Alchemist is so great? "

"I can see that you're at most at the initial eighth rank," the company commander laughed maniacally, "do you know what realm my master's cultivation is at right now?"

Yuan Liang's body trembled and he said in shock, "could it be that Grandmaster Hongyang is in a daze?"

"That's right!" The company commander said loudly. Not long ago, the sea of soul formation sent back a message that my master has successfully broken through to the ninth-tier Alchemist!"

Everyone was shocked. This time, the company commander's background was even more powerful. A ninth-tier great Alchemist was an existence that no one in the world dared to provoke.

Song Guang was also shocked. Fortunately, he had not forced the company commander too much.

Luo Tian frowned, and a trace of displeasure flashed across his face. "What does your master's Ascension to the ninth step have to do with you? They don't know how to cultivate behind closed doors and only know how to use master's name to stir up trouble outside."

"Who Do You Think You Are?" the company commander shouted angrily. "You dare to control me?"

Luo Tian's face darkened, and the company commander immediately felt a chill in his face. He immediately retreated a few feet in fear, then turned around and said, "Master Yuan Liang, since he's from The Alchemist Association, he should naturally abide by the Association's rules."

Yuan Liang pondered for a moment. He did not want to offend the unknown man in front of him, but the company commander was Hongyang's disciple, and Hongyang was now an Alchemist of the nine Heavens. So, he had no choice but to say, "Master, I am the president of Yongxiang city's Alchemist Association. Please state your name and show me your badge."

"I have the right to do as I please and not show my badge," Luo Tian said.

"That's indeed possible," Yuan Liang said with a frown, "but if that's the case, we can only treat you as a non-guild member."

"As you wish," Luo Tian said.

Yuan Liang was also angered by his indifferent attitude, and coldly said, "Then I won't be polite." "Take this man down!" He waved his hand and shouted.

Several martial artists appeared behind him. They all had cold expressions and their auras burst out. They were all Martial Emperor powerhouses.

"City Lord, my Ten Thousand Flowers hundred treasures dew was stolen by these people. As long as we capture them, we can prove my innocence!" The company commander said.

Song Guang pondered for a moment. Ji Zhengde was already scared out of his wits and was lying on the ground, trembling non-stop. However, Luo Tian and the others were a little too calm. After all, he was

the Lord of a city and was also an experienced and knowledgeable person. He knew that there must be a problem, so he said, "Do you really not want to report your names? In that case, I can only label you as thieves and have my men apprehend you."

'A thief?' Yunxiao asked. Do you have any evidence?"

"This fragrance is the evidence!" The company commander said angrily.

fragrance?" Yunxiao laughed. Is it very fragrant? I'm telling you, that was just a fart I just farted."

"You coward!" The company commander was furious.

"Disgusting!" Even Xuan Hua was disgusted, and he gave Yunxiao a fierce glare.

"Take these people down!" Song Guang's face sank.

The surrounding Warriors immediately flew down from the sky, and together with the few people from The Alchemist Association, they surrounded the crowd.

Hanxuan immediately sobered up a little, and her heart was in her mouth. Although she knew that Yunxiao was powerful, she did not know if he could deal with so many experts.

young master Yunxiao, these thieves seem to have some skills," song Guang said to 'li Yunxiao. please help us.

'Li Yunxiao' nodded and said, " don't worry! With me here, he will have to admit defeat even if he is a ninth-tier Alchemist!

When song Guang heard him say this, he immediately felt relieved. That's right, he had such a powerful son-in-law who even dared to Rob the red moon City, turning the world upside down and changing the city Lord. What else was there to be afraid of in this world?

The dozens of Warriors surrounded Yunxiao and the others and approached them step by step.

The leader of the group held his saber with both hands and said coldly, "Are you going to give up or do you have to move your muscles and bones?"

"Who's up?" Xuan Hua said.

Ning Kewei said, "keyun, make your move." After all, this is the Eastern Region. As the host, we can't let so many distinguished guests make a move."

"Yes!"

Ning keyun responded and raised her hand. A red silk ribbon danced around her. Her aura was so strong that everyone was forced to retreat.

just teach them a lesson, " Yunxiao said. there's no need to hurt them. We're just here to watch the show, not to bully people.

"Just as you said, young master Yun," ning keyun said.

She spread out the red silk in her hand. Immediately, the sky was filled with Silk Shadows and an array appeared in the garden.

Everyone was shocked and immediately felt an irresistible force. Before they could react, they felt their vision blur and lost consciousness, falling to the ground one by one.

"Ah? This Tao Wu!"

The crowd was completely stunned. They did not see ning keyun's movements clearly. How did dozens of powerhouses faint just like that? two of them were mid-stage Martial Emperor powerhouses!

Song Guang's heart suddenly thumped. He knew that he had kicked an iron plate. He cried out in horror, "Young master Yunxiao!"

'Li Yunxiao' was shocked as well, and he shouted angrily, " "Impudent! How dare you act so arrogantly in front of me? do you know the relationship between me and the current city Lord of the red moon City? If you're smart, then surrender!"

"Young master Yun, what should we do with this man?" ning keyun asked.

"I'll do it," Yunxiao said.

In a flash, he appeared directly in front of 'li Yunxiao', completely teleporting.

"Ah!"

'Li Yunxiao' was taken aback. He kept stepping back and said in anger, " "You dare to touch me?"

tell me, " Yunxiao chuckled. what's your relationship with the current city Lord of Red Moon City? "

'Li Yunxiao' snorted. the reason why Luo Qingyun is now the city Lord is entirely my own idea. 'li Yunxiao' said.

Yunxiao,'hehe'.

'Li Yunxiao' said, " believe me. A few days ago, after I killed Tang Qing and his son, I went to the Holy region and talked to Gongyang zhengqi about this matter. I believe that Red Moon City can not go a day without a master. Gongyang zhengqi asked me to take a break.

"Pa!"

Before he could finish, Yunxiao did not want to listen anymore. He slapped him and sent him flying to the ground.

...

“Ah?”

Not only ‘li Yunxiao’, but everyone else was also dumbfounded.

“You, you dare to touch me?”

‘Li Yunxiao’ roared, ‘I’ll make you regret it!’

“Pa! Pa! Pa! Pa! Pa!

In a flash, Yunxiao landed beside him and slapped him without saying a word. He raised his right hand and swung it down so fast that it left countless afterimages in the air.

From a distance, it looked like the thousand leaves hand of great sorrow was constantly slapping ‘li Yunxiao’s’ face, and the sound of slapping echoed throughout the whole garden.

“It’s quite rhythmical.”

Xuan Hua let out a surprised cry and hummed along to the rhythm.

Everyone was completely dumbfounded, especially the song family. Song Guang and his two daughters had their mouths wide open and were completely stunned.

In fact, ‘li Yunxiao’ himself was quite strong, and with his endless nonsense, he dared to say anything, which was why he could deceive people time and time again. But unfortunately, the gap between him and the real li Yunxiao was too great.

...

“Pa pa pa pa!”

The sounds continued. After the time it took for half an incense stick to burn, Yunxiao seemed to be tired, so he stopped and moved his wrist.

‘Yunxiao’s’ head had completely turned into a pig’s head, covered in a purplish-red color. All his facial features were gone, and his face was beyond recognition. His mouth was full of blood and teeth, and he kept making ‘wuwuwu’ sounds.

The company commander was also stunned, and he said in shock, “Where did young master Yunxiao go? Who’s this pig head?”

Yunxiao patted ‘li Yunxiao’ on the shoulder and said, “Come, swallow your teeth first, then tell everyone who you are.”

‘Li Yunxiao’ made muffled noises as he stared at Yunxiao hatefully, and his muffled voice came out intermittently, “If you dare to hit me, my friend will come and kill your entire family.”

Yunxiao frowned. ‘This pig-head has some backbone,’ he thought. ‘He can still talk nonsense even after being beaten up like this.’ who’s your friend? ”

‘Li Yunxiao’ stuttered, “I have countless friends. The two Holy Lands, the seven great sects, ao changkong, Zhuo qingfan, Ling Baiyi, Yao Jinliang, Xuan Hua, and young master Yu Qianqian.

“Pa!”

Yunxiao slapped him to the ground again, then jumped up and stepped on his face with his feet.

“Bang! Bang! Bang! Bang! Bang! Peng! Peng! Peng!”

“?!”

Everyone sucked in a cold breath and covered their faces, not daring to look again. This was too brutal.

The head of ‘li Yunxiao’ had been completely stepped into the ground, and his entire upper body was embedded in it.

Yunxiao stomped on it for a while before he stopped and said, “Fortunately, I’m wearing nail shoes, so it’s not slippery.”

Everyone shivered, and their faces broke out in cold sweat. All of them were pale.

Song Guang’s face was unsightly, as if he had realized the identity of ‘li Yunxiao’.

“Bang!”

Yunxiao stepped on ‘li Yunxiao’s’ side and jolted him up. Then, he spread his fingers and held him in the air as he said, “Now, tell everyone who you are.”

‘Li Yunxiao’s’ entire face was gone, and it was a bloody mess. There was a hole in his mouth, and he whimpered a few times before he said, “I was wrong, I’m a fake Yingluo.”

“Ah?”

The whole garden was shocked. Although everyone had guessed it, when he said it himself, it was still a big shock. Everyone secretly looked at song Guang, whose face had already turned purple like a pig’s liver.

“Ah!”

The song sisters also screamed and fainted on the spot.

“Bring the two young ladies down!” Song Guang gritted his teeth. Immediately, servants helped the two sisters out of the garden.

‘What’s your name?’ Yunxiao asked. Introduce yourself.”

‘Li Yunxiao’ sobbed intermittently, ” “Wu Dacheng,”

do you know what I hate the most about you? I wouldn’t be angry if you impersonated Yunxiao to commit murder, arson, and robbery, but you just had to impersonate him to get a cannon. I really want to chop you to death, you know that?”

wuwuwu, I was wrong. Spare me, spare me.

Wu Dacheng sobbed. His face was covered in blood, and bloody bubbles kept popping up. It was a terrifying sight.

forget it, ” Yunxiao said. killing you will dirty my hands.

He clapped his hands. city Lord, do as you see fit. No need to thank me. My name is Lei Feng.

Song Guang’s face was already dripping with water. He said coldly, Take this fake li Yunxiao away. I’ll think about how to deal with him. I can’t let him die so easily!

Chapter 1543-hanging out with young master Yun

A few Warriors from the song family immediately came forward and dragged Wu Dacheng away.

Everyone looked at the blood on the ground and the cultivators who had fainted. The scene at this time was a huge contrast from the lively banquet before, making people sigh with emotion.

Song Guang cupped his fists and said, "Who are you? can you tell me so that I can show you my gratitude?" If it wasn't for your timely help, I'm afraid my daughter would have been humiliated for life!"

no need, " Yunxiao said, waving his hand. we're just here to watch the show.

"Hanxuan," he said to jinxuan, "I'd like to borrow some of your power."

"I'm always at your service, young master Yun," Hanxuan nodded. It was obvious that she was really willing, but her heart was full of joy, as if she was happy that she could do her best.

When the company commander saw this, his face turned extremely gloomy, but at this moment, he did not dare to make a sound. He could only stare with a Vulture's eyes, burning with anger, and occasionally flashing a look of resentment.

"I hope you've learned your lesson today," Luo tianliang said bitterly. "Don't be too arrogant. Only when you're strong can you be considered capable. Your family is powerful and your master is powerful, but that's not because of your ability. It will only make more people look down on you. You're on your own now."

"Young master Yun, you guys go first. I'll go to the Guild with master Yuan Liang," he said.

Yunxiao knew that he wanted to help him with the help of the Guild, so he did not hold back. He nodded and left with Hanxuan.

How could the company commander listen to him? he only felt that the other party was mocking and ridiculing him to his heart's content. It was like a knife cutting his flesh, and it was painful to the heart. He was ashamed and resentful, and his resentment was a hundred times more than before!

Ji Zhengde's mood today was like riding a roller coaster. He was scared silly just now and his mind was blank as he followed the crowd.

The remaining people in the garden were also dumbfounded. They were unable to react to the dramatic change today.

Song Guang's face was gloomy and uncertain, but he was more furious than ever. Yan Xing Huo's face also became serious, and fear flashed in his eyes. These people from the star and moon school seemed to be very powerful.

The rest of the people also had their own thoughts, and soon the banquet naturally ended on a bad note.

The Purple Cloud Chamber of Commerce was in charge of the Tianyuan Chamber of Commerce's business in Yongxiang city, so it had a large business and was almost the leading Chamber of Commerce.

"What? You want to find the whereabouts of that Yue Tong?"

In the reception room of The Purple Cloud Chamber of Commerce, after Yunxiao explained his purpose for coming, Hanxuan was shocked and said, "I've heard of Yue Tong as well. She's been causing a lot of trouble recently, and even the Holy region has suffered a lot. Young master Yun, you must not go!

you really have news! Yunxiao was overjoyed. please help me find out!

if it were any other matter, Hanxuan would definitely try her best," Zi Xuan said unhurriedly. but this is too dangerous, and I don't want young master Yun to take this unnecessary risk.

there are many things in life that you can't avoid even if you want to," Yunxiao said. I'm taking the initiative now, which is better than waiting passively. Besides, you should know me very well. I won't do anything that I'm not completely confident in."

Hanxuan said,"but that moon pupil Kasaya ..."

no buts! Yunxiao said. you must help me this time! His eyes were filled with determination, and he had an unquestionable temperament.

Hanxuan was put in a difficult position, but she could only agree. even so, I hope young master Yun can consider your own safety. After all, sister Ling 'er is still waiting for you.

Yunxiao's pupils constricted. I haven't heard from Ling 'er for a long time. Do you have any news about her? " he asked.

Hanxuan muttered to herself for a while before looking at the rest of the people, as if trying to avoid suspicion.

Yunxiao thought for a moment, but decided not to ask further, so he said, " I almost forgot, let me introduce you to my friends, this is Xuanhua Chengcheng."

Xuan Hua squinted his eyes and praised, " You Rascal, girls like you wherever you go. You're really The Public Enemy of all men in the world!"

Hanxuan's face was slightly red. She nodded and said, " nice to meet you, Mr. Xuan Hua. That's a good name. It's the same as the Silver Moon Martial Emperor.

Yunxiao smiled without saying a word and continued, " "This is Liu Feiyan."

Liu Feiyan nodded her head and smiled as a form of greeting.

Hanxuan was stunned and said awkwardly,"Liu Feiyan?" Xuan Hua scoffed at Liu Feiyan. She smiled bitterly and said, sister Feiyan's name is the same as Mr. Xuan Hua's. They both have a strong aura.

Liu Feiyan also smiled faintly and didn't comment.

this is Lord ning Kewei, " Yunxiao said. this is his daughter, ning keyun.

Hanxuan,"Hanhan."

She looked at ning ke, who was nodding to greet her on behalf of her father, and her heart trembled. For some reason, she began to break out in a cold sweat. young master Yun, why do the names of these friends all sound like those of some important figures? ”

“Did I?”

this one is expressionless and ugly, ” Yunxiao blinked and said, ” his name is Qiu Mujie, and the one who went to The Alchemist Association is Luo Tian.

Finally, he pointed at the three old men in the corner and said, ” “I don’t know the names of these three Wushuang, but people call them the red, yellow and blue elders.”

Hanxuan,”Hanhan.”

She was completely dumbfounded and stood rooted to the ground. She said in a daze, ” “These Pixies, these friends, are they really Pixies? are they really Pixies, the big shots?”

what Big Shot? ” Xuan Hua laughed. they’re all just followers.

Hanxuan was shocked. y-you’re really the Silver Moon Martial Emperor, Sir Xuan Hua?!

Any of the names Yunxiao had just mentioned was enough to shake the world, and now they were all gathered in her house drinking tea. How could she believe it?

“Hehe, it’s just a false reputation, nothing worth mentioning,” Xuan Hua became humble all of a sudden, but the expression on his face was obviously extraordinarily proud.

“Ah!”

Hanxuan was scared out of her wits and found it difficult to breathe. She gasped, ” so, you’re the Red Lotus Martial Emperor, Lord Liu Feiyan, the previous city Lord of Red Moon City, Lord ning Kewei, Lord

ning keyun, an elder of divine cloud Palace, Lord Qiu Mujie, who's known as the crazy Alchemist, and the world-famous three elders of Red Moon City? "

it's these people, " Yunxiao said with a smile. you don't have to make such a fuss.

Hanxuan felt a little dizzy and staggered a few steps before she hurriedly bowed and said respectfully, "Hanxuan didn't know it was the Lords coming, please forgive her for her neglect."

Ning Kewei smiled. you don't have to be so polite, President Hanxuan. What master Xuan Hua said just now was right. We are just following young master Yun.

"I'm just following young master Yun, Zhenzhen."

Hanxuan murmured a few times as she looked at Yunxiao helplessly with a resentful look in her eyes, as if she were saying, " What level had he reached now?!

don't listen to their nonsense, " Yunxiao said with a smile. with everyone's help, do you think it's dangerous for me to deal with yuetong now? "

...

Hanxuan desperately nodded and said, " "One or two of these Lords is enough to deal with yuetong. Now that they are all by your side, I can rest assured. I'll send people to find out more about Yue Tong and I'll let you know as soon as I find anything."

"Thank you for your hard work," Yunxiao said.

Hanxuan quickly ordered people to clean up the room and took them in. She also gave the order for the best treatment and to satisfy all of their requests.

It was simple for everyone. They only asked for a secret room for cultivation and went into seclusion, not leaving the house at all.

Yunxiao then asked about the extreme heavenly ice essence and the wood of eternity, but Hanxuan had no clue either, so she agreed to have someone investigate it as soon as possible.

Inside the divine realm tablet.

Yunxiao reached out his hand, and a white light emerged in his palm, which transformed into the fragments of the great void Dao fruit.

He stared at the Dao fruit fragment for a while, and a warm look appeared in his eyes.

Feini was still in a deep sleep at the moment. She seemed to have slept for a very long time. Yunxiao could feel the vitality in the flame and the slowly increasing power, so he was not worried.

although this isn't the best time to consume this Dao fruit fragment, I've used many methods, but I can't prevent the loss of its fruit flavor. If this continues, this Dao fruit fragment will probably be useless.

Yunxiao sighed with emotion. If he had waited until he reached the peak of nine-stars martial sovereign or transcended the mortal world to use this Dao fruit fragment, it would have the best effect. Unfortunately, he could not wait that long.

...

He pondered for a moment and no longer hesitated. He swallowed the Dao fruit fragment directly and sat cross-legged in the void. He began to comprehend.

At this moment, the atmosphere in the entire Yongxiang city began to become somewhat unusual.

The song family had become the laughingstock of the entire city, but the entire city was patrolled by armored martial artists. Anyone who heard gossip would be arrested without mercy. It seemed to be in a high-pressure state.

All the major forces were also very cautious. They forbade public or private discussions about this matter, in case they accidentally spread it and became a thorn in the Song family's side.

Hanxuan also began to get busy. She used all sorts of connections to investigate the moon pupil's whereabouts. Fortunately, more and more people seemed to be paying attention to the moon pupil's matter, and all sorts of news kept flying to Yongxiang city.

In this solemn atmosphere, Yan Xing Huo was also restless. No matter how he asked, he could not find out the identities of the Warriors from Star and Moon School. He only knew that The Alchemist Association was very close to them, and he often saw Master Yuan Liang visiting The Purple Cloud Chamber of Commerce, which was not a good sign for him.

Time passed by unknowingly. More than ten days later, inside the divine realm tablet.

Yunxiao sat in the air and performed incantation gestures with one hand. Ancient Maha characters kept flashing around him and then disappeared.

A shadow of an eye slowly appeared behind him. It slowly opened its blood-red eyes, and countless runes and magatama flickered within. With a blink, it emitted a seven-colored luster.

Yunxiao slowly raised his hand, and a beam of golden light flashed at his fingertip. Then, with a boom, it spread out like a barrier.

He changed his hand seal, and the enchantment gushed with light. It turned into countless golden runes that flew up and poured into the pupil.

In an instant, the light in his eyes changed. The seven-colored light turned into a golden light. His pupils slowly contracted, and countless strange marks flashed in them.

Chapter 1544—a thousand miles with a single glance

The light turned and looked forward. It passed through layers of space and seemed to take in the entire heavenly martial land.

Yunxiao was slightly surprised. It felt like he could see through the divine realm tablet and move forward rapidly in the heavenly martial realm.

In an instant, he felt as if he no longer existed. He was just a ray of light without any thoughts. He simply flew in the sky and looked down at the magnificent mountains and rivers.

The first thing that came into view was the Yongxiang city Lord's Manor. The people inside were in a hurry, and all of them had their heads lowered. The atmosphere seemed to be a little depressing.

In a small house next to them, there were sounds of people being beaten, scolded, and shrill screams.

Yunxiao could not help but feel a little strange. He could only see and not hear anything, so why did he hear a 'scream'?

With a thought, he could see the interior of the room clearly.

Song bi held a long whip in her hand and was constantly hitting the servant girl. The servant girl's body was covered in shocking wounds and blood was all over the ground. She was curled up in a corner and twitching, almost on the verge of death.

Just a moment ago, he could still hear the scolding and screams outside the house, but once he entered the house, there was no sound, only the scene in front of him.

Song BI's hand raised and the whip fell. Her face was extremely ferocious and her eyes were filled with cold killing intent. It was as if she had made up her mind to beat the servant girl to death.

Yunxiao's heart skipped a beat, and his eyes immediately darted around, taking in the entire city Lord's mansion.

Song Guang paced back and forth in the courtyard before walking into a dungeon. Wu Dacheng's entire body was soaked in some kind of medicinal liquid. His body was constantly twitching, and he seemed to be in extreme pain.

His gaze moved forward again, and in an instant, he was out of Yongxiang city. Furthermore, his speed became faster and faster, as if he had traveled ten thousand miles in an instant.

Many cities flew past his eyes, and the land he could see became larger and wider.

Yunxiao's heart was filled with surprise. He felt that his eyes seemed to be attracted by something, and they were moving forward at an unimaginable speed.

After crossing countless miles of mountains and rivers, the scene in front of him suddenly changed.

Several huge ravines appeared in a mountain range, and the surroundings were filled with ruins.

In contrast to this destruction, powerful spiritual energy continued to overflow from the mountain and shot straight into the sky. It was the scene of the Feng Shui lines in the spirited mountain breaking and the spiritual energy leaking out. It was like the final radiance of a person's life, blooming all the light in his life.

It was as if an earth-shattering battle had just taken place. The sky and earth were shattered, and the mountains collapsed. There seemed to be human figures flashing in the spiritual energy that filled the sky.

Yunxiao could not help but narrow his eyes. His eyes had been able to see through everything along the way, but for some reason, he could not see through the fog at this moment.

Suddenly, a trembling figure was staggering in the spiritual Qi. It wasn't that the person couldn't move, but that his injuries were too serious, and he looked like he was staggering.

Yunxiao grew a little anxious, and it was only at this moment that what he saw slowly became clear. Under the feet of the staggering figure were corpses, and all of them were dressed in the same clothes. They must have come from the same sect.

His heart trembled violently because he was no stranger to this sect. It was the Murong family!

The staggering figure emerged as well, and the vague outline that became clear gave Yunxiao a great shock that rushed into the sky like a stormy wave!

“Ning keyue!”

Yunxiao cried out in his heart, but no matter how hard he shouted, ning keyue could not hear him at all. She could only watch and walk, trembling.

“Eh?”

Suddenly, a clear voice entered his ears, causing his body to tremble once more. He could not help but shiver.

“Tiansi! Tiansi!”

Yunxiao almost went crazy as he roared, “Where are you? Where was he? Come out!”

“Hehe, it’s you indeed.”

In front of ning keyue, the figure of a majestic man slowly appeared. Under Yunxiao’s gaze, he could only see his thin lips.

There was blood at the corner of his mouth, and he seemed to be injured. However, at this moment, he smiled and said, “You’ve already cultivated the moon pupil to this level? It seems like even trash can be picked up and used.”

“Where are you? Quickly tell me where you are!”

Yunxiao roared hysterically. When he heard the voice and the face that gradually became clear in his eyes, he could not help but burst into anger, and the scene in the ancient world kept emerging in his mind.

“I know your name. You are Li Yunxiao, right? Hehe, good luck. There’s still a long way to go before the full power of the moon pupil is activated. I hope that when I find you, you’ll be able to meet my expectations.”

Tian Si’s chuckling rang out, and Murong Zhu’s face gradually appeared in front of Yunxiao’s eyes. There was no blood on his fair face, and his eyes flickered with a light as deep as the ocean, looking extremely demonic.

“Whoosh!”

Suddenly, the world changed, and the entire time and space changed.

”

Yunxiao felt a sharp pain in his head, and then he came out of the state of traveling ten thousand miles in a flash, and his eyes returned to the divine realm tablet.

His face was extremely gloomy, and his body was still trembling. The boundless flames of anger burned his body, and cold sweat kept dripping from his forehead.

“What’s wrong? Why was it that when others cultivated, they would sit quietly, peaceful and quiet, with the appearance of an expert? And every time you cultivate, you’re in a state of extreme pain. Your face is either pale or your veins are bulging. This time, your body is even trembling violently. I saw that you’ve been trembling for half a day, are you alright?”

A voice resounded as the you’s body appeared before him.

Yunxiao looked up, his eyes filled with anger and fierceness. He gave the man a glance, then slowly adjusted his emotions. He exhaled and said, “I’m fine,” she said.

“I thought you’d be possessed by the devil and was considering if I should step on you, but who knew you’d recover on your own?” she frowned.

Yunxiao gradually regained his composure and said, "I just saw ning keyue and tiansi."

"You must have fallen asleep," che you's eyes narrowed.

Yunxiao shook his head and said through gritted teeth, "I really did see it. It seems that because I've cultivated the wondrous spiritual eyes, I've completely released the power of the moon eye, directly penetrating through ten thousand li of space."

Che you was shocked, "there's such a thing?." No wonder you had such a huge emotional fluctuation, so you've already found where Tian si is?"

I only know that it's in a mountain range," Yunxiao said. I can't pinpoint the specific coordinates at all. Besides, the ground is full of corpses, all of them from the Murong family.

"The Murong family has also moved out?" che you asked. Hmph, unless they turn out in full strength, they won't be a match for Tian si and the ultimate. They'll only be courting death."

Yunxiao was silent for a while, and then he remembered what Tian si had said just now. He said that there was still a long way to go before the full power of the moon pupil was activated.

...

could it be that the moon pupil's limit has not been unleashed yet? "

He had always thought that he had mastered the moon pupil spell and that the situation just now should have been the highest state that appeared after cultivating the wondrous spirit eyes. Moreover, he had suddenly entered this state when he was comprehending the Dao fruit of great void. Now, no matter how hard he tried, he could not reproduce it again. He could not even see through the secret chamber where the divine realm tablet was located, let alone travel ten thousand miles in an instant.

Che you saw that he was sweating profusely, as if he was trying to do something, he looked like he had failed, he consoled him: "You can't force things, just do your best. And you're destined to meet him

sooner or later, so what are you afraid of? What you need to do now is to continuously increase your strength.”

Yunxiao sighed, nodded, and said, ” “You’ve already refined the heaven Earth no way sword?”

Che you’s eyes shot out a bright light, he was filled with excitement, ” “It is!”

He raised his hand, and with a clang, a sword shadow appeared in the sky.

The sword shadow was green in color, and it opened up like a barrier, instantly enveloping the space within a radius of ten thousand miles.

Even though Yunxiao was the master of the divine realm tablet, he was shocked by the power. It seemed that it could break through the realm power at any time.

Within the green barrier, a Dragon’s Shadow appeared. It was the embodiment of the heaven and earth swordless sword.

“If I can find the four Swords of the true dragon and combine them into one, I can also use this sword to break through the bloodline barrier and achieve the ten directions divine realm!”

Hmph! Yunxiao poured cold water on him. you won’t be able to get the boundless calamity sword in the Dragon head’s hand, let alone four, unless you are confident that you can defeat Lord first dragon, the ten true spirits.

...

Che you’s brows revealed a worried expression, but it quickly relaxed, he smiled: ” “Haha, I’m not afraid. With a fiend like you by my side, even Shi long would die if he met you. Tsk, tsk, I came to find you because I’ve reached a bottleneck in my cultivation and wanted to see if I could have a chance to make a breakthrough. I didn’t expect to get this invisible heaven and earth sword as soon as I saw you. You’re really the chosen one. As long as I follow you, I’ll find the four Swords sooner or later.”

Yunxiao was speechless. alright! he said, " it's pretty cool to have you as my bodyguard.

"Hmph!" Che you said coldly,"you still think I'm a slave?." I'm telling you, unless your life is hanging by a thread, this Lord will never make a move. You're on your own!" After he finished speaking, his figure flickered and disappeared into the sky.

Yunxiao was speechless for a moment, then he shouted angrily, " "Then what use do I have for you? Get lost!"

However, there was no one in the sky, and no one answered him.

Yunxiao gradually calmed down and began to think about his previous state. It should be an extremely powerful divine ability of wondrous spell Spirit's eyes. When he was comprehending the Dao fruit, he had suddenly activated the power of the moon pupil and inadvertently cast it.

Now, no matter how hard he tried, it was completely fruitless.

"Forget it, cultivation can't be forced."

"Tiansi must have just fought a huge battle with the Murong family. If we can use this opportunity to pursue him, we'll definitely be able to kill him in one fell swoop!"

Thinking of this, he left the divine realm tablet and went to find Hanxuan.

Outside The Purple Cloud trade union, there were shadows flashing from time to time, and dozens of lights fell one after another.

The people of the Chamber of Commerce were shocked and hurriedly reported.

Chapter 1545-good ears

Hanxuan was in a small courtyard, holding a Jade slip in her hand, frowning.

Suddenly, a report came from outside, and she flew out in a hurry.

Outside the Chamber of Commerce, a powerful aura hit them in the face. It was actually the joint efforts of several martial artists to set up a barrier, sealing off the entire Chamber of Commerce.

When she saw who it was, she immediately flew into a rage and shouted, " Captain, what are you doing?!"

Among the dozens of figures, the one in front was the Lian family's eldest young master, the company commander. Seeing Hanxuan appear, his face immediately turned cold and he said, " Hanxuan, where are those people from the star and moon school? Tell them to come out."

Hanxuan's expression changed slightly, and the expressions of the people beside the company commander also turned grave. At a glance, one could tell that they were all experts from their surging Yuan power.

it's a good thing that they showed mercy on you during the wedding banquet that day and didn't make things too difficult for you, " she said angrily. you mustn't return evil with good. Otherwise, the consequences won't be something you can bear!

"Haha, repaying evil with good? Beating this young master in front of the entire city, and actually saying that I repaid evil with good!"

The company commander was furious and shouted to the person beside him, " Fourth uncle, you heard it too, right?"

His fourth uncle Lian Tong nodded and said, "As expected, there are people who don't know the immensity of heaven and earth. I really want to know what kind of consequences in this world my Lian family can't bear."

"For the star and moon school to become one of the seven Chambers of Commerce from a nobody in just a few years, there must be something extraordinary about it. Let's call them out to make things clear, and ask them to be fair and just. Don't use force to oppress others."

A red-robed man said unhurriedly.

The man's face was handsome and his expression was calm. The red robe he was wearing was embroidered with cloud patterns and looked very gorgeous.

"Yes, master!"

The company commander hurriedly bowed to receive the lesson, his face full of respect.

Lian Tong laughed. Grandmaster Hongyang is very eager to see his disciple. When he heard that Chang'er had suffered a loss, he immediately rushed over. However, he still did not lose his bearing as a Grandmaster.

Hongyang said, "although the strong are respected in this world, we can't go against our hearts. We can't do things against our hearts. We can't use our power to bully others.

the words of the great master are indeed righteous and compassionate. No wonder he can achieve remarkable achievements in the art of sorcery and earn the respect of the world.

"Company commander, you must remember Grandmaster Hongyang's teachings," an old man in a green shirt said slowly.

"Yes, your disciple will always remember the teachings of the two masters!" The company commander quickly said.

The old man in green was Yichun, the company commander's martial arts teacher. He had also heard that Hongyang had entered the ninth-level of alchemy and had specially rushed over to congratulate him. Who knew that he would just happen to run into the company commander's matter?

master Hongyang?" Hanxuan was shocked and hurriedly bowed. so it's master Hongyang and Lord Yichun. Hanxuan greets the two lords.

She muttered in her heart. She did not expect that the red-robed man was actually the ninth-tier great Alchemist who had been famous throughout the Eastern Region and had been in the limelight recently.

Hongyang said, "there's no need to be so polite. I've heard of guild leader Hanxuan's name for a long time. Now that I've met you, you're indeed a capable person."

"Grandmaster, you're too kind. I hope that you can ask the Lian family to leave, so as not to make a big deal out of this small matter," Hanxuan hurriedly said.

"Difficult to end? Hmph! This matter is already difficult to resolve!"

Lian Tong shouted, "in the entire Eastern Region, no one dares to disrespect the Lian family. The merchant Union is really lawless. Not only did you steal my nephew's myriad flower hundred treasures dew, you even injured him. Do you think this matter can be settled easily?"

Hanxuan frowned. it's hard to tell right from wrong, but it's already happened. I hope that the big thing can be reduced to a small one and the small thing can be resolved.

"Oh? I would like to know how miss Hanxuan can turn a big matter into a small matter into a law." The company commander said coldly.

how about this," Hanxuan said. you name a condition, and The Purple Cloud trade union will compensate you. Then, we'll forget about this. We'll pretend that it never happened.

"I'm just afraid that you won't agree to my conditions," the company commander said coldly.

"As long as it's not too much, I'll try my best to satisfy you," Hanxuan said with a frown.

She really didn't want to fall out with the Lian family. Although Yunxiao and the others could oppress them for a while, she was a member of the Chamber of Commerce, and thousands of her subordinates were making a living with her in the Eastern Region. It was unwise to offend such a powerful local tyrant.

“It’s not too much, not at all,” the captain chuckled, “and it’s a great benefit for miss Hanxuan.” As long as miss Hanxuan marries me, I’ll pretend nothing happened.”

He saw Hanxuan’s face was gradually filled with anger, and he quickly said, “Although I already have a wife, as long as you marry me, I will immediately divorce her and you will be my wife. With the Lian family’s power and the relationship between you and Tianyuan trading company, it is not a dream to make The Purple Cloud trading company the biggest trading company in the Eastern Region!” He was getting a little excited and his eyes were shining.

Hanxuan was furious and gritted her teeth, “All of you, get lost!”

Lian Tong’s face darkened. scolding the Lian family is already a serious crime, ” he said coldly. what’s more, you even insulted Lord Hongyang and Lord Fu Yichun. Your crime is unforgivable!

Hongyang and Fu Yichun’s expressions also darkened, and they did not look good.

“Miss Hanxuan, could it be that my disciple isn’t good enough for you?” Fu Yichun asked.

it’s not a matter of whether I’m worthy or not, ” Hanxuan said seriously. it’s just that I don’t have a good impression of the company’s eldest son at all. How can I force a marriage? ”

Fu Yichun said, “how can people of our generation decide their own marriage?” Guild leader Hanxuan was a woman among women, so she should understand a lot of things. An Alliance of interests is the final destination of marriage.”

Hanxuan frowned and said coldly, “really?” Just like young master Tang Xin and lady Ruobing?”

Fu Yichun’s expression changed drastically. News of the great changes in Red Moon City had spread all over the world. Because of a marriage, even the city Lord’s head was separated from his body, and he had become the laughingstock of the world. Now that Hanxuan had brought it up in front of him, it was obvious that she was intentionally slapping his face. He immediately said coldly, “Since Hanxuan refused a toast only to drink a forfeit, then don’t blame my disciple for not being polite!”

The Lian Tong's eyes were cold as he shouted, "Go, capture Hanxuan!"

Suddenly, several rays of light rushed up and flew toward Hanxuan.

"Stop!"

Suddenly, a loud shout rang out, and several figures descended from the sky. The one in the lead waved his hands and blocked Hanxuan behind him. He shouted angrily, "Hongyang, get them to stop!"

When Hongyang took a closer look, he saw that it was Yuan Liang, the president of Yongxiang city's Alchemist Association, and a few Warriors who followed him.

Hearing the other party call him by his name, he felt extremely displeased. He said coldly, "So it's master Yuan Liang. Could it be that you're with the merchant Union to bully my disciple?"

Yuan Liang's eyes widened in anger, "Hongyang, what do you mean by this?" I told you to stop for your own good!"

"For our own good?" Hongyang's face darkened. I know that there's an eighth-tier Alchemist among these people," he said coldly. he seems to be from the sea of soul formation as well. I wonder which great master he is. Could it be that he has a strong background? "

Yuan Liang revealed a strange expression, and said, "Anyway, don't ask. You and I have known each other for many years. Why would I harm you?"

Hongyang frowned. Before he became a ninth-tier Alchemist, Yuan Liang had been very respectful to him. For one, his alchemy was at the peak of the eighth-tier, and he could break through to the ninth-tier at any time. For another, his master was master Luo Tian, who was famous all over the world.

...

Logically speaking, after he stepped into the ninth step, he should be even more on the same side as him. Why did he feel a little strange?

His heart sank, wondering if the eighth-tier Alchemist had a more powerful background. After all, his master was not the leader of the sea of soul formation.

Fu Yichun replied coldly, "for our own good?" Grandmaster Yuan Liang is really worried about us. Grandmaster only needs to stand aside for our own good."

Fu Yichun, " Yuan Liang said angrily, " I also advise you to take care of yourself. Don't let yourself be consigned to eternal damnation!

"Beyond redemption? Hahaha!"

Fu Yichun laughed wildly and said coldly, " Red Moon City has been through a lot of ups and downs for decades. I, Fu Yichun, have survived the chaos of Gu Feiyang, the chaos of earth and heaven, and the chaos of li Yunxiao not long ago. I'd like to see how you can make me die for all eternity!

Yuan Liang suddenly laughed coldly and waved his hand to have his subordinates stand to the side. He himself also stepped back and made an inviting gesture, saying, "Since you all say so, then please. If you want to touch her, I won't interfere."

Both Hongyang and Fu Yichun frowned.

The Lian commander snorted. you're acting all mysterious. There's nothing the Lian family can't handle in the Eastern Region. Arrest him!

He shouted, and the Lian family's martial artists once again leaped forward.

Suddenly, a lazy voice rang out, " I don't know if it's because this secret chamber is trash, or if my hearing is too good. I want to go into seclusion in peace and increase my strength, but I can't even do it in peace. There's so much noise outside, is it really environmentally friendly? "

...

“Bang! Bang! Bang! Bang! Bang! Bang!”

As the voice fell, Xuan Hua’s figure appeared outside the Chamber of Commerce. He turned his gaze and looked at the Lian family.

“What? How is that possible?”

The company commander and the company commander trembled in shock. Two of the martial artists who had attacked just now were eight-stars martial emperors!

They actually all flew away in one move?

No, it should be said that he didn’t even meet her once! Because they didn’t see clearly how the person in front of them had attacked, it was as if those people had flown away by themselves!

But could those people fly away by themselves?

Of course not!

Under Xuan Hua’s gaze, the uncle and nephew of the Lian family felt a chill in their hearts. It was as if they had been thrown into ten thousand years old black ice, and their bodies were cold.

“Ah? Y-you’re Yingluo!”

Hong Yang and Fu Yichun both cried out in shock at the same time, their faces filled with shock.

Yuan Liang sneered as he looked at the few of them. However, doubt also welled up in his heart. He only knew Luo Tian among these people.

He suddenly recalled something. Recently, he had only been in direct contact with Luo Tian. He had never seen any of these people. It felt like Luo Tian was running errands for these people.

Beads of cold sweat trickled down his forehead. His premonition seemed to have become clear, but his rationality made him unable to believe it.

Chapter 1546-scared out of his wits

Xuan Hua said coldly, "Hongyang, you still recognize me? You must be master Chun. We just parted at the red moon City, and we meet again so soon."

"Yi, Lord Yichun actually didn't die in the calamity of the red moon City. It's really a miracle."

Yunxiao also appeared in a flash, looking at Fu Yichun with a smile in his eyes.

Fu Yichun felt the world spin around him, and his body trembled violently.

Because in addition to Xuan Hua and Yunxiao, he also saw ning Kewei, ning keyun, the three old men, Liu Feiyan, Qiu Mujie, Luo Tian, and others walking out one by one.

Similarly, Hongyang's glass heart shattered into pieces. When he saw Luo Tian walk out, his inner defenses crumbled instantly, and he knelt down on the spot with a plop.

"Ah? Master, two masters, what's wrong?" The company commander was shocked and hurriedly went forward to help Hongyang up.

"Bang!"

Fu Yichun immediately slapped him across the face and shouted hysterically, "Damned little bastard! What kind of people have you offended! You've caused your master's death!"

The company commander's body flipped over a dozen times in the air, and his teeth fell all over the ground. This slap was merciless, and blood splattered in the air.

Fu Yichun didn't dare to show any mercy. After the palm strike, he hurriedly went forward and bowed. He said in a trembling voice, "S-greetings, milords!"

The company commander and company commander were dumbfounded. Seeing this, how could they not understand? they knew that they had offended a Big Shot!

But no matter who they were, they were not people who could scare the two lords to death. Fu Yichun was as submissive as a dog, and Hongyang was even kneeling down. W-who were these people? His mind went blank.

The Lian family's people who had besieged The Purple Cloud trade union had long since spread like wildfire. Soon, many Warriors had surrounded them and watched from a distance. After seeing this scene, they were all dumbfounded, and many of them fell from the sky.

f \* ck, am I seeing things?!

They rubbed their eyes and looked at the scene in disbelief. Could it be that the person who had made the ninth-tier Alchemist, Grandmaster Hongyang, kneel in fear was the Lord of the Holy Land, one of the seven grandmasters, and a titled martial sovereign?

The song family had also rushed over as soon as they heard the news. They didn't want the Lian family and the merchant Union to have a conflict in their own territory. If that happened, they wouldn't be able to get on the good side of both sides.

By the time song Guang arrived with a large group of experts, they were just in time to see Hongyang kneeling down and the company commander being sent flying by Fu Yichun's slap. They were all dumbfounded and stood not too far away, forgetting what they had come here for.

"Hmph!"

Elder Hong snorted coldly and raised his eyes, " "We're not Lords, you're Lord Yichun!"

Fu Yichun's forehead was covered in cold sweat, and he almost knelt down on the spot with Hongyang.

"Hongyang, you've truly disappointed me," Luo Tian sighed.

Upon hearing this, Hongyang trembled in fear. He immediately knelt on the ground and kowtowed violently, as if he was pounding garlic. His head was covered in blood after a few kowtows. He said in a trembling voice, " m-master, I was wrong. I'm sorry to you and all the other generous elders. If I had known that you and all the other elders were here, I wouldn't have dared to come even if you beat me to death!

"Ah!"

This time, everyone was stunned, but they also understood.

Who was Hongyang's master? Everyone present knew that he was the world-renowned ninth-tier Alchemist, Luo Tian!

Song Guang was also dumbfounded. Such an unremarkable old man was actually Luo Tian!

He hurriedly led everyone to run forward and bow, " "Yongxiang city Lord song Guang greets master Luo Tian!"

Luo Tian waved his hand, indicating that there was no need to be so polite.

The company commander and company commander were completely dumbfounded. Their minds were blank, and only a few words kept flashing in their minds. it's over. It's over, Yingluo.

Elder Hong said,"just now, I seemed to have heard someone say that there's nothing in the eastern domain that the Lian family can't handle." Yichun ah, you should deal with us three old men first. If you kill us three old farts, it will save us the trouble of not seeing and not worrying."

Fu Yichun put on a long face and said with a trembling voice, "My Lord, my three lords, Yichun deserves to die!"

"Pa! Pa! Pa!"

He actually slapped himself in the street, each slap heavier than the last, and his face was red and swollen after a few slaps.

The entire Street was filled with the sound of his slaps. Everyone was dumbfounded and felt as if he was slapping himself.

Ji Zhengde, who had been staying in The Purple Cloud trade union all this time, was also dumbfounded. He felt that the world was changing too fast and he could not understand it.

Now, everyone knew that the Lian family was in big trouble. They all watched from a distance, and no one dared to approach.

The company commander and company commander were on the verge of breaking down. Of their two greatest supporters, one was kneeling on the ground and kowtowing in repentance. His forehead was covered in blood, and the other was slapping himself with his head lowered. Both of their faces were swollen like pig heads.

Song Guang originally wanted to step forward, but he was immediately scared silly by the scene. How could he still dare to step forward?

Luo Tian glanced at his beloved disciple and sighed. "Alright, you may rise."

It was only then that Hongyang crawled up from the ground, trembling with fear. He stood there unmoving, allowing the blood to flow freely from his head, not daring to deal with it at all.

"Why are you still standing there?" Luo Tian shouted. Hurry up and apologize to young master Yun!"

Hongyang looked confused, as he had no idea who young master Yun was. Only after Luo Tian gave him a look from the corner of his eye did he come to a realization. He hurriedly bowed to Yunxiao and said, "Hongyang was blind to have offended young master Yun. He deserves to die a thousand times. I hope young master Yun can forgive him.

Although he was very respectful and sincere, he was still mumbling in his heart, 'who the hell is this young master Yun?

stop fighting," elder Hong said to Fu Yichun, " go and apologize to young master Yun.

"Yes!"

Fu Yichun was very straightforward. After all, he knew what kind of person Yunxiao was, so he did not have any anger in his heart. He went over and apologized.

I don't deserve it," Yunxiao said lightly. in fact, I should be the one apologizing. I took your disciple's myriad flowers hundred treasures dew and hit him. I should be the one apologizing.

young master Yun, you must be joking. The company commander's ability is low, and he's arrogant and unruly. Fortunately, he met young master Yun. If it were anyone else, he would have been beaten to death.

Fu Yichun said righteously, " "Little bastard, hurry up and come over here to kowtow and apologize to young master Yun!"

The company commander ran over in a hurry. He didn't dare to show any dissatisfaction. He knelt down with a "plop" and begged for mercy.

Yunxiao found it boring, so he said, " "You didn't do anything wrong, so you don't have to apologize to me. The reason I didn't like you and took your ten thousand flower hundred treasures dew was because you had bad intentions towards my friend. This made me very unhappy."

Hanxuan's heart was moved, and a warm current rippled in her heart. Although she knew that Yunxiao only regarded her as an ordinary friend, she still felt a sweet and happy feeling.

...

"Yes, yes, I deserve to die, I deserve to die!" I shouldn't have had improper thoughts about miss Hanxuan," the company commander said with a long face. I shouldn't have been a Toad lusting after a Swan's meat. I deserve to die! Please, young master Yun, spare me!

what?" Yunxiao frowned. didn't you hear what I said? You didn't let me down."

Fu Yichun kicked him mercilessly, causing him to spit out a mouthful of blood. He shouted, "You're apologizing to miss Hanxuan, you pig head!"

He looked fierce, but in fact, he was protecting his disciple. It was better for him to beat him up rather miserably than Yunxiao killing him when he was upset.

The company commander didn't bother to wipe away the blood and hurriedly crawled over on his knees. He repeatedly kowtowed and said, "Hanxuan, miss Hanxuan, please spare my dog life."

At this moment, song Guang finally mustered up his courage and walked over from a distance. He said, guild leader Luan Xuan, the company's eldest son may have offended you, but he did it because he likes you. Please let him go this time.

"Since the city Lord said so, I won't hold it against you, but I hope you won't do it again," Hanxuan said.

"Yes, yes, I definitely won't!"

The company commander was almost about to cry. After today's incident, he was so scared that he didn't even dare to have any other thoughts.

Although Yunxiao and Hanxuan had let him go, the aftermath of the matter was far from over. Several days later, after the Lian family found out who he had offended, they directly abolished his title of eldest young master, forever deprived him of his right of inheritance, and exiled him as a foreign disciple.

Fu Yichun said, 'miss Hanxuan is so kind, you little b \* stard, hurry up and thank her! If there's a next time, I'll be the first to cripple you!' Although he looked fierce, he was actually a coward. In the end, he heaved a sigh of relief.

...

"Yes, yes! Thank you, miss Hanxuan! Thank you, young master Yun!"

The company commander cried and crawled. Finally, he managed to save his life. He was so excited that he really cried. At this moment, he was still in a state of shock and fear. Who on earth did he offend?

This was also a question that Song Guang wanted to know, and he turned to Hanxuan with a pleading look.

After all, among these people, he only dared to talk to Hanxuan.

my Lord, " Hanxuan said with a smile. young master Yun is your good son-in-law.

"Good son-in-law?"

"Ah?"

Song Guang suddenly reacted, and was so shocked that he sucked in a breath of cold air. He finally understood something.

Yunxiao was very irritated at the moment, and he had no interest in the matter at hand. He just asked, "Hanxuan, Yuan Liang, is there any news recently?"

Yuan Liang's face revealed a trace of solemnness, and he said, "I just got some information, I don't know if it's valuable."

me too," Hanxuan said. it looks like it's most likely true. Why don't we verify it together? "

"Alright!"

Yuan Liang nodded in a deep voice.

let's talk inside," Yunxiao said. I don't want to be watched by so many bored people.

Everyone walked in, while Hongyang, Fu Yichun, song Guang, and the Lian family stood outside, not knowing whether to leave or not.

Very quickly, Luo Tian walked out again and said, " "The three of you, come in. The rest of you, get lost!" He pointed to Hongyang, Fu Yichun, and song Guang.

The three of them trembled and immediately followed him carefully into The Purple Cloud trade union.

As for the Lian family, they ran away as if they were flying. The martial artists who were watching felt that it was still not over, but they could not see what was going on, so they slowly dispersed. However, for a long time, the teahouses in Yongxiang city had many more exciting scenes.

Chapter 1547-staying or leaving at will

After entering The Purple Cloud trading company, everyone sat down. Hongyang and the others did not dare to sit. The maidservant brought a stool over and carefully sat down at the bottom.

master Yuan Liang, Hanxuan, " Yunxiao said. tell me your news.

The two of them looked at each other. Yuan Liang said,"I'll go first. Actually, this isn't a secret anymore. The commotion this time was too big, and I'm afraid it'll spread all over the world very soon. This time,

one of the sanctum's rulers, Lord Black universe protector, along with the Nangong family's leader, Nangong Buhai, and many other experts are attacking Yue Tong."

then we were defeated," Yunxiao said. countless people died.

Everyone was shocked. Yuan Liang said in astonishment, so young master Yun already knows. He looked at Hanxuan reproachfully, thinking that she was the one who said it.

"Young master Yun, how did you know?" Hanxuan asked innocently.

I seem to have sensed something with tiansi," Yunxiao said with a wry smile. I don't know the details. Just now, he was feeling uneasy during his seclusion, so he came out. I don't know the details though."

Those who knew his identity all looked enlightened. After all, everyone in the world knew that Gu Feiyang had the moon pupil technique.

Hanxuan was taken aback. so that's how it is. The sacred zone's attack on the moon pupil has resulted in many deaths and injuries. The world is shocked. Even Lord Black universe protector was heavily injured. that yuetong is so powerful," she said worriedly. young master Yun, you shouldn't get involved. The sanctuary will deal with them.

Nangong Buhai is known as the world's number one illusionist," Liu Feiyan said with a serious expression. with the addition of black universe protector and the Murong family, his strength is no weaker than ours. We can't be careless.

Xuan Hua chuckled. with hei Yuhu and the others taking the lead, that Yue Tong must also be seriously injured. We just have to find them as soon as possible, pick up a big bargain, and kill them in one fell swoop!

Song Guang and Yuan Liang's hearts trembled with shock. These people claimed to be on par with hei Yuhu, Nangong Buhai, and the others. Just who were they? But, he must not be a simple man since he was with Yunxiao.

Hanxuan frowned. that's where the problem lies. Right now, all the major forces are paying attention to the moon pupil's movements. But after this battle, the moon pupil seems to have disappeared from all the major forces 'eyes. There's no trace of it at all.

"Disappeared?"

Yunxiao was taken aback. such a shocking battle has attracted the attention of the world, " he said suspiciously. how can it disappear from everyone's eyes? "

"It's extremely easy for them to avoid detection given their abilities," Qiu Mujie said coldly.

Yunxiao frowned. Qiu Mujie was right. With Tian Si's ability, it would indeed be difficult to find him if he wanted to hide.

This also proved that Tian Si was indeed heavily injured, just like what he had seen in his eye technique.

Liu Feiyan said,"since he has the intention to hide, I'm afraid he won't appear again for a short time." Yunxiao, why don't you return to the sea of soul formation with us first? once there's news of tiansi, you can make your move. Furthermore, by borrowing the power of the sea of soul formation and learning from what happened to the sanctum, you'll have a great chance of success."

yes, " Xuan Hua said. I'm very interested in what you've done all these years. Tell me about it later.

Yunxiao's face turned ugly. After pondering for a while, he said, " I still have other things to do, so I won't go back with you. I will definitely come to the appointment between min Shengfeng and the sea of soul formation in half a year.

"What? Half a year?"

where are you going? " Xuan Hua was shocked. you're actually taking so long? "

Liu Feiyan also looked at him with a frown.

the fewer people know about this, the better," Yunxiao said. you can go back to the sea of soul formation first.

Xuan Hua's brows furrowed, and he seemed to be a little unhappy, but he quickly dispersed and said, "If anything happens, we can all shoulder it together. After all, your current strength is very weak."

it's just a small matter," Yunxiao said with a smile. I'll call you if there's anything serious that I need to do to get myself killed.

"Get lost!" Xuan Hua laughed and scolded.

"No matter what it is, we can help you." Liu Feiyan said.

Yunxiao laughed. I can't ask you to help me with every little thing. I've been a warrior of the origin realm for a long time, and I've been through a lot. Now, I'm only one step away from the peak. There are not many people in the world who can hurt me.

Liu Feiyan knew his temperament and knew that there was no point in saying anything more, so she could only say, "Then take care. I'll be waiting for you at the sea of soul formation in half a year. In this period of time, I'll keep an eye on tiansi's news, and if there are any clues, I'll inform you at the first moment. Similarly, if you do find tiansi, you must not travel alone. Remember to inform us."

"Take care," Yunxiao said.

Liu Feiyan nodded her head. Although the few of them were reluctant, they knew that the time to part had come.

Everyone was a free and easy person, so Xuan Hua said, "When we meet again in the future, we'll drink and chat happily, and we'll part here."

The two of them left together, with Luo Tian and Hong Yang following closely behind. Without waiting for Hanxuan to send them off, they had already disappeared from everyone's sight.

Lord Xuan Hua and Lord Liu Feiyan are truly god-like existences, " Hanxuan said. how did young master Yun get to know them? "

Only then did Song Guang and Yuan Liang's entire bodies tremble. They understood who that person was just now. Both of their hands were sweating, and a chill ran down their backs. Only now did they understand what kind of terrifying person their company commander had offended.

I don't know why young master Yun has gone, " Ning Kewei said. it's not convenient for me to ask. In the future, don't forget to inform me if you want to deal with Tiansi and save my daughter.

Where are you going, my Lord and the three old men? " Yunxiao asked.

I'm no longer in the Redmoon city, " Ning Kewei said. I'll go to Shenxiao Palace with my daughter.

"The divine cloud Palace?" Yunxiao frowned.

Ning Keyun said, "I'll temporarily place my father and the three elders in the Star and Moon school and wait for the changes in the world's situation." After all, the palace Lord has yet to come out of seclusion, so it's inconvenient to bring them into the palace."

Song Guang and Yuan Liang were even more shocked. The woman in front of them was actually a member of divine cloud Palace, and from her words, it seemed that Star Moon school and divine cloud Palace had a very close relationship.

Song Guang had a sudden realization. No wonder the star and moon school could establish itself in the merchant Union in such a short time. He suddenly felt lucky that he had always treated Ji Zhengde well. In the future, he would have to pay more attention to the development of the star and moon school in Yongxiang city.

That's good, " Yunxiao said. with the protection of the divine firmament Palace, it won't be easy for Wei Qing to find trouble with you. Lord Yichun, what's the current situation in the red moon City?"

“After the last battle, the Tang family and the four extremes sect’s power completely disappeared,” Fu Yichun quickly explained. Apart from Castellan Luo Qingyun and Deputy Castellan Li Yi, who are outsiders, the situation has basically returned to the control of the Jiang, ning, and ruan families. However, the three families have also suffered heavy casualties. The strength of Redmoon city is no longer what it used to be.”

“If the old Castellan and the three elders don’t go back, there’s no way we can go against Luo Qingyun and Li Yi,” he said with a troubled expression.

Ning Kewei said, “ behind these two people is Wei Qing. After Chu ran died, the red moon City lost the power to compete with Wei Qing. After the Tang family collapsed, they lost the power to deal with Wei Qing again. Even if we go back, we will only make the current stable situation turn chaotic again, which is extremely unfavorable to the red moon City.

“Old city Lord, are you really willing to give up Redmoon city just like that?” Fu Yichun asked.

Ning Kewei said, “ it’s not necessary to give it up. Now is not the time for me. If I forcibly oppose the world’s forces, I’ll be putting myself to death. I’ll definitely be crushed and it’ll be a disaster for Red Moon City.

Song Guang, who was listening, was covered in cold sweat. He had some guesses about the identity of the person in front of him, but he didn’t dare to believe it.

but Your Excellency is right, ” Yunxiao said. it is indeed the best ending to let Red Moon City be under Wei Qing’s control for the time being. Besides, Luo Qingyun promised me that he wouldn’t make things difficult for everyone, because this is not his goal.”

Ning Kewei said, “ not bad. That kid is not bad. His future will be limitless. Yichun, is your heart on our side or on Wei Qing’s side?”

...

Fu Yichun shuddered and said hurriedly, “ Naturally, I’m on the side of the old city Lord! Yichun was nurtured and promoted by the old city Lord all its life, and I will never forget it!”

I know your loyalty, " ning Kewei said. I'll leave everything in the red moon City to you.

Fu Yichun's face was red with anger. "Yichun will definitely not let you down, Sir. I will do my best and do my best until death!"

how are ruan Hongyu, Jiang ruomei, and the others? " Yunxiao asked. how are they? "

Fu Yichun replied, " everything is fine. Luo Qingyun doesn't seem to care about the matters in the city. I'm in charge of everything now. It's just that Li Yi seems to be very ambitious and will interfere with me everywhere."

Yunxiao said, " when Li Yi was in Tianshui, he was already an expert at playing politics. Besides, this man is not willing to be under anyone. I think he will find ways to cultivate his own forces. This is not necessarily a bad thing.

"It might not be a bad thing?" Fu Yichun didn't understand, and so did the others.

Yunxiao smiled. Red Moon City has gone through a catastrophe. People's hearts will definitely be unstable under the great waves. Let's use him as a touchstone.

Ning Kewei's eyes lit up. young master Yun, you're really smart. In this way, those who are not determined to fight for the Redmoon city will definitely be roped in by Li Yi, and the rest will be loyal to him. They'll also be the most solid force to seize and build the Redmoon city in the future!

that's right, " Yunxiao said. and that Li Yi is indeed strange. He seems to have a very strong fate, and he was able to turn misfortune into fortune in a series of events, and even profited from them. There were a few times when I wanted to kill him myself, but he managed to escape. I also want to see how much he can grow in the future."

then we'll do as young master Yun said, " Fu Yichun said. I'll try not to have any conflict with him and avoid him as much as possible.

...

Yunxiao nodded. Then, a pink beam of light shot out from between his eyebrows and turned into a figure in the hall.

“Young lady Ruobing,” Fu Yichun was shocked.

Ruobing, I’ve told you what everyone said just now, ” Yunxiao said. do you want to come with me and continue to cultivate in the divine realm tablet, or return to the Dragon’s pool and Tiger’s Den in Red Moon City? ”

Jiang Ruobing’s face was full of worry. After meeting ning Kewei and the three old men, she looked up at Yunxiao with a strange look in her eyes. Yunxiao, do you want me to stay or leave? ”

Everyone’s heart stirred as they looked at Yunxiao in unison.

Chapter 1548-something came up

An imperceptible look of worry flashed across Yunxiao’s face as he said indifferently, ” “It’s up to you to stay or leave.”

Jiang Ruobing shuddered and said with a sad smile, ” “Since that’s the case, I’ll go back to the red moon City.”

it’s extremely dangerous in Red Moon City, ” Yunxiao said. it might be a good choice for you to stay in the divine realm tablet and cultivate.

Jiang Ruobing’s eyes lit up. “Are you trying to make me stay?”

it’s just a suggestion, ” Yunxiao said after a moment of silence.

Jiang Ruobing smiled and said, ” although the people who stay in the divine realm tablet are at ease, their hearts are uneasy. The people who went to Red Moon City were uneasy, but their hearts were at

ease. The red moon City is my home, and I will eventually return there. I'm the princess of the red moon City, and I should go back at this time. Besides, big brother Luo Qingyun and I are quite familiar with each other, so he'll take good care of me. "

since you've made up your mind, " Yunxiao sighed, " take good care of yourself.

Jiang Ruobing smiled. we met by chance in the city that day. We drank and forgot our sorrows together. I hope that we can still have fun when we meet again in the future.

"Take care," Yunxiao said.

Jiang Ruobing smiled faintly and turned to leave.

Ning keyun sighed slightly and also left after saying goodbye to everyone.

At this moment, only Yunxiao, Qiu Mujie, Luan Xuan, and song Guang were left in the hall.

Song Guang was still extremely nervous as he sat upright, not daring to say a word.

"What about you, brother Mujie?" Yunxiao asked. Are you going back to the chu bo mountain, or are you following me, or are you going to find Wei Qing to settle the score?"

"What's in it for me to follow you?" Qiu Mujie snorted.

"No benefits," Yunxiao said.

"If there's no benefit, why should I follow you?" Qiu Mujie sneered and snorted in disdain, "You're not thinking of me as your free fighter, are you?"

although there are no benefits, there are no disadvantages, " Yunxiao said. I'm not sure if there are any benefits.

“What do you mean?” Qiu Mujie coldly asked.

it’s impossible for you to get even with Wei Qing, ” Yunxiao said with a smile. I dare say that if you act alone, you’ll never have the chance to kill Wei Qing in your life. Secondly, Mount ganbo is no longer yours. You should understand this. Even if you want to go, it’s just a trip, and you can’t take it back. Although following me doesn’t bring you any benefits, it doesn’t bring you any harm either, right?”

Qiu Mujie’s expression changed several times. He was an extremely intelligent man, so he naturally understood what Yunxiao said. It was impossible for him to deal with Wei Qing on his own. However, he was not convinced and could only snort heavily.

Yunxiao smiled faintly, knowing that Qiu Mujie would not leave. If Qiu Mujie was there, he would be of great help to him.

He turned around and said,”city Lord, it’s my first time in Yongxiang city, and I’ve already caused quite a bit of trouble for your place. I’m truly ashamed.” &Nbsp;

“I don’t dare, I don’t dare!”

Song Guang hurriedly stood up, his face full of fear and trepidation as he said, if it weren’t for young master Yun’s help, not only would my two children’s reputation be ruined, but the song family would also be humiliated and ridiculed by the entire city. Young master Yun is the song family’s great benefactor!

I wouldn’t dare, my benefactor, ” Yunxiao said. that guy actually pretended to be me and did such a dirty thing. Naturally, I have to interfere. Hanxuan is a good friend of mine, and I hope that you can take care of her when we’re in Yongxiang city.”

“Naturally, that’s only natural!”

“From now on, the business of The Purple Cloud trade union is my business!” Song Guang patted his chest and said.

that's good," Yunxiao said. I'm relieved.

"Young master Yun, you're leaving?" Hanxuan asked with a trembling voice.

all good things must come to an end," Yunxiao chuckled. didn't we meet again soon after we parted last time? " The next time we meet won't be long."

With that, he turned into a bolt of lightning and disappeared from the hall.

Qiu Mujie snorted coldly before following after him in a flash.

The entire Hall suddenly became empty, and Hanxuan finally couldn't hold back her tears anymore.

After leaving The Purple Cloud Chamber of Commerce, Yunxiao went straight to the teleportation zone of Yongxiang city and entered Long Valley City, one of the main cities of the Eastern Region.

"What? You're going to WUFA heaven?"

Qiu Mujie was taken aback as he gave Yunxiao a strange look and said, " that place is almost isolated from the rest of the world. There are few people there. Are they looking for some natural treasures? "

I guess so," Yunxiao said. but there is something more important. You'll know when you get there.

"What does your business have to do with me?" Qiu Mujie coldly replied. I don't need to know, so don't expect me to help you with anything."

many times, many things are beyond our control," Yunxiao said with a smile. I can't help it.

Qiu Mujie's face was filled with ridicule. He didn't believe him at all. He only glanced left and right before saying, "WUFA is at the border of the Western Region. This is the main city of the Eastern Region, so there should be a domain-teleporting formation that can directly teleport you to the Western Region. If you don't leave quickly, how do you have the time to drink tea here?"

At the moment, the two were in a teahouse. Yunxiao had ordered a few kinds of good tea, arranged them in a row in front of him, and tasted them one by one. Qiu Mujie did not even touch them, as if he was extremely disdainful of these ordinary things.

"I'm waiting for someone," Yunxiao said.

"Who?" Qiu Mujie frowned.

you've seen it before," Yunxiao said. you'll know later.

At that moment, two men in a corner of the teahouse caught Yunxiao's attention.

The two of them were in their forties and were dressed in plain clothes. However, they appeared to be well-off and were drinking to drown their sorrows.

One of them sighed. lady Ziling is such a good girl. She actually wants to marry Shuai Ming lang and be his second wife. It really makes me feel suffocated.

The other person said, " isn't that so? it was clearly agreed that she would be the first wife. All of a sudden, she has become the second wife. I don't know what my wife is thinking. With ink feather merchant Association's current strength, it's easy to find a Rich Family's Son to be the first wife since Ziling is the goddaughter of Yi Furen."

"You don't understand. Even though I'm frustrated, I know that there's nothing I can do about it. That Shuai Ming lang is currently the Shuai family's appointed successor, and he's very powerful. He's one of the best among the younger generation in the entire Long Valley City. Even if you marry him as the second branch, it's far better than marrying someone else. It's just that we clearly agreed that you'll be the first wife, but you suddenly changed your mind like this. The entire ink feather merchant Association is furious!"

He was a little excited as he spoke. He suddenly gulped down the hard liquor in one go and slammed it on the table.

“Yes, miss Zi Ling is usually affable to everyone,” the person on the other side said, “I don’t know how many people in the entire Chamber of Commerce have received her kindness. But don’t forget, she was originally just a maidservant. It was his wife who promoted her status after she thought of her as her goddaughter. It was already a great blessing to be able to marry Shuai Ming lang. Moreover, the Shuai family’s official wife was the daughter of the du family, the Overlord of the Earth Dragon City. What right did Zi Ling have to fight with them? Even if she’s your wife’s own daughter, she’ll still be a concubine!”

The person from before was unhappy when he heard this. He repeatedly called for wine and drank wildly. In the end, he threw down some money and left with a cup.

...

“The Shuai family’s power in Long Valley City is growing stronger and stronger. In the past, there were a few families competing for power, but now, it’s completely dominated by one family. Now, they’ve also formed a marriage alliance with the du family of Earth Dragon City. It seems like they’re going to develop into a force that can’t be underestimated. However, no matter how it develops, if there are no peak experts to oversee it, it will never be able to enter the world’s situation.”

Yunxiao remained silent as he carefully savored the fragrant tea in his hand.

Suddenly, a figure appeared in front of the two of them. He cupped his fists and said, “I’ve made young master Yun wait for a long time.”

Qiu Mujie’s pupils constricted as he suspiciously asked, so it’s Chen Yunyu. I thought he was some sacred being.

Chen Yuyu frowned and said, “so Lord mu Jie is here too. It’s just that he’s a little tired.” He looked puzzled.

don’t worry, ” Yunxiao said. crazy Jie is on my side now. He will only help, not cause any trouble.

Chen Yuyu still didn't seem at ease and said, "It's not that I don't trust young master Yun, but this matter is of great importance, and I can't afford to make any mistakes."

since you trust me," Yunxiao said indifferently, "stop talking nonsense. If you don't trust me, you can go alone.

Chen Yanyu was stunned. Although there was a faint anger in his heart, he didn't dare to flare up. "Good! Before we came, the Lord had instructed us to follow young master Yun's orders."

in that case," Yunxiao said. let's go.

In a flash, the three of them disappeared from the teahouse. No one noticed them at all, but a moment later, they felt a little strange, as if there were fewer people.

...

In front of a grand building, the three figures appeared.

"Aren't we teleported to the Western regions?" Chen Zhiyu asked, puzzled. Why did you come to the city Lord's mansion?"

something came up at the last minute," Yunxiao said. you two wait for me for a moment.

Chen Yunyu frowned and was about to say something, but found that Yunxiao had disappeared.

Qiu Mujie crossed his arms over his chest and rested his chin on his hand as he fell into deep thought.

In the city Lord's mansion, there was a quiet garden with only the chirping of mountain birds and insects. It was an elegant scene.

The current Lord of Long Valley City, the head of the Shuai family, Shuai Junwei, was lying down leisurely. Several people were standing beside him, as if they were discussing something.

A handsome and elegant man said, "father, everything has been arranged. Seven days later, we will send someone to the Earth Dragon City to marry du xianghan. Three days later, we will marry Zi Ling from the ink feather merchant Association. I have carefully reviewed every step, and there will be no mistakes.

Marshal Junwei was lying down lazily with a Jade slip in his hand. His eyes were half-closed as if he was asleep.

However, the slightly rocking chair proved that he was not sleeping. After a while, he said, "Ming lang, what's your opinion on the matter of the red moon City?"

"Red Moon City?"

Shuai Ming lang felt a little strange in his heart. They were clearly talking about his own marriage, so why did they have to talk about the major events that had happened in Red Moon City recently?

But he didn't dare to disobey the general's military prestige. He thought to himself that his father must be testing him. After thinking for a while, he said, Red Moon City has undergone great changes, and many big shots have intervened. Now, two city Masters have appeared out of nowhere and temporarily suppressed the situation. With the support of the Holy region behind them, it is likely that there will not be any chaos.

After thinking for a while, he said, "but the red moon City is not what it used to be. Its strength is not as good as before. The new city Master can't convince the people. Not to mention the many strong people in the red moon City, even the other forces in the Eastern Region are not convinced.

Chapter 1549-killing intent

the red moon City is the center of the Eastern Region. Any change in it will affect the interests of any force. For example, our Long Valley City and the earth Dragon City nearby," said Marshal Junwei.

Shuai minglang was shocked and had a feeling of realization, " "Is this the reason why the du family of Earth Dragon City wants to marry us?"

Marshal Junwei nodded. that's right. Although the red moon City is becoming more and more stable under the sanctuary's control, not to mention the inside of the red moon City, even the surrounding cities have begun to be unconvinced. At this time, it may not be a bad choice for the major forces to unite. So I hesitated again and again, and asked you to put aside the matter of marrying Zi Ling and marry du xianghan first.

Shuai minglang chuckled. that's right. Ziling is very understanding. She has already agreed.

"Al, that's what I'm worried about right now!"

Marshal Junwei suddenly let out a long sigh. His dignified and wise face revealed a deep solemnness.

"Why are you sighing, my Lord?" asked the chief Steward beside him. She was born as a maidservant. If it wasn't for the fact that she was adopted by my wife, how could she be qualified to marry the young master? she should be snickering at herself to be able to have the title of a concubine."

Shuai minglang nodded and said,"you have a point, but Zi Ling is indeed a rare woman .."

Marshal Junwei shook his head and said, \* I've been thinking about it for the past few days. Perhaps I've been too careless." Letting du xianghan be the first wife and Zi Ling as the concubine should be the best arrangement, but I'm afraid this will cause a disaster and lead to a disaster!"

"What?"

Shuai Ming lang and the head butler were both shocked.

Shuai Ming lang was shocked,"father, aren't you exaggerating?" What is a catastrophe?"

“Do you know why the Shuai family has been supporting the mo Yu merchant Association all these years and why we have expanded their business by more than ten times?”

Shuai minglang said, “ I’ve guessed this before. Firstly, ink feather trade union has always been obedient to us. They’ve given us a lot of benefits over the years. Secondly, my Shuai family has contributed a lot when we unified Long Valley City.

The head Butler’s expression suddenly changed as he exclaimed, “ “Is that person the one that the old master is worried about?”

“Yes,” Marshal Junwei said with a serious expression.

The head Butler’s expression also turned ugly as he said, “ “It’s been so long. Besides, Ziling was just a servant girl who had the fate of meeting him once. I guess that person has long forgotten about her.”

Marshal Junwei sighed, “it’s good that she has forgotten. If she hasn’t, she’ll know that we have made her good friend a concubine. Hehe hehe ..”

The smile on his face became a little bitter, and his face even turned a little pale. Dense beads of sweat could be seen on his forehead.

“Head butler, who is that person you’re talking about?” Shuai Ming lang was shocked.

The head butler said, “ when the Shuai family unified Long Valley City, it was not the ink feather Chamber of Commerce who contributed. There was already one person who made the greatest contribution. Even the du family in Earth Dragon City was able to dominate because of this person. It’s just that very few people know about this matter, and the two clans are also very secretive about it and rarely talk about it. ”

Shuai Ming lang was shocked, “there’s such a thing?” Could that person be Ziling’s friend?”

“That man was seriously injured that year and was stranded in Long Valley City,” the head butler said.”It just so happened that miss Ziling saved him. Therefore, he was very grateful and asked the master to

take good care of miss Ziling before he left. This was also the reason why his wife had accepted miss Zi Ling as her goddaughter, and also the reason why the Shuai family had supported Mo Yu merchant Association for so many years. The world only knows that Zi Ling rose in status after she was adopted by his wife, but they don't know that the entire ink feather merchant Association is thanks to miss Zi Ling."

Shuai Ming Lang's face was filled with disbelief, " "Father, is this true? How come I didn't know about such a big thing?"

"It's true." Marshal Junwei nodded. It's just that that person has been wanted by the red moon City for many years, so we can't openly say that we know him, and that we know him quite well."

"Who is that person?" Shuai Ming asked.

"Li Yunxiao," the chief butler said.

"Ah!"

Shuai Ming Lang's face paled, his body couldn't help but tremble as he said, " "Li Yunxiao? The main culprit who has turned the red moon City upside down this time?"

"Yes," Marshal Junwei said. Now that Red Moon City has undergone great changes, the arrest warrant has naturally become invalid. Besides, Yunxiao's name has shaken the world after the battle, which has made me more and more uneasy these days."

The shock in Shuai Ming Lang's heart slowly calmed down, and he forced a smile, " father, you're overthinking it. That li Yunxiao is in the limelight now, so how can he remember a little girl who saved him? " Moreover, although this person was the initiator of the incident in Red Moon City, it was still countless strong people who turned the city upside down. No matter how strong he is, there is a limit to his strength. After all, he is still young."

Marshal Junwei's expression changed slightly, and he shouted, " "Don't even think about it! You can't understand how terrifying Yunxiao is! Although you'll marry du xianghan and Ziling in the future, you can't neglect Ziling, or I won't forgive you!"

“I won’t, father.”

yes! Shuai Ming lang promised, “ I have a good relationship with Zi Ling. If it wasn’t for the sudden marriage between the two families, I would have let Zi Ling be my first wife.

“En, that’s good.” I’ll think about this matter carefully. I hope there won’t be any slip-ups.”

Suddenly, a faint voice was heard, “ I don’t have time to wait for you to think about it. Give me an answer now.”

This voice was as calm as water, but it revealed a sense of coldness that went straight into one’s bones.

Marshal Junwei couldn’t help but tremble. He quickly turned around and exclaimed, “ Li Yunxiao!”

“What?”

Shuai Ming lang and the head Butler’s expressions changed drastically, and they immediately became alert. The head butler even took out a sleeve arrow and shot it into the sky, exploding with a “ PA ” sound.

Immediately, countless streaks of light rose into the air from all directions and converged toward him.

Outside the city Lord’s mansion, Chen Yuyu’s pupils contracted. He said worriedly, “ Did he cause any trouble? Should we go and help?”

“Tsk!”

Qiu Mujie sneered and said, “ he’s the one who stirred up trouble. He’ll have to deal with it himself even if he’s in tears.” Moreover, this is just a mere Long Valley City. There are no experts here, and who can deal with him?”

Chen Yuyu thought about it and agreed. With the strength of his divine sense, he also found that there were no experts in the mansion, so he became indifferent.

Looking at the figure in the corner not far away, Marshal Junwei was so shocked that he couldn't speak. He felt his heart sink, and cold sweat kept dripping down his forehead.

Yunxiao glanced coldly at the sky and said, "Long time no see, is this how Lord Jun Wei welcomes me?"

"Gulp."

Shuai Junwei felt like his throat was stuck. He mumbled a few times but couldn't make a sound, and his face turned red.

You are Li Yunxiao?"

Shuai minglang's face darkened and he shouted, "what do I need to give you an answer for?" What does my Shuai family's business have to do with you?"

Although he appeared tough on the outside, he was actually extremely cautious and fearful. After all, the person in front of him was too famous, and his divine sense was like mud sinking into the sea. It could be seen that the other party's cultivation was far above his.

However, a newborn calf was not afraid of a Tiger, so Shuai minglang was not afraid of anything. After all, the sky was full of experts from the Shuai family, and they had surrounded Yunxiao so tightly that not even a drop of water could get through. There was no reason that they could not defeat him.

...

Yunxiao's eyes turned cold as he gave him a look and said, "Your Shuai family's matter naturally has nothing to do with me. Even if your family was exterminated, I wouldn't care. But Zi Ling is my friend, so it has something to do with me."

“Ziling will be a member of the Shuai family after she marries me. It has nothing to do with you,” Shuai minglang sneered.

is she married to you now? ” Yunxiao asked. is she married to you? ”

“You’ll be married in less than half a month,” Shuai Ming lang snorted.

half a month later? ” Yunxiao said. then why are you screaming now? ”

“You coward!” Shuai Ming lang was speechless.

“Young master Yunxiao, we know that Ziling is your good friend, but Ziling’s status is low. How can she compare to the du family’s young lady?” the head butler asked. If we let her be the first wife, how are we going to answer to the du family?”

Yunxiao’s eyes turned cold as he sneered, ” “Hmph, so you’re saying that you’ve chosen to give me an explanation?” The killing intent on his body suddenly spread out. The head butler suddenly felt a chill all over his body and quickly retreated.

“Don’t be impudent!”

“Take him down!” Shuai Ming lang shouted in anger.

The faces of many warriors in the Sky darkened as they looked at Yunxiao as if he were a dead man. They did not know where this fool came from, but he dared to behave atrociously in the Shuai family.

...

“Stop!”

Suddenly, an earth-shattering roar rang out, causing the entire residence to shake. An extremely powerful sound wave spread out in the sky, causing everyone to retreat in shock.

Marshal Junwei finally caught his breath and shouted angrily, "All of you, get down!"

father, I don't need to be afraid of li Yunxiao's words," Shuai minglang said in surprise. why should I let him be so presumptuous?"

"Pa!"

Marshal Junwei raised his hand and slapped him away. Then, he shouted angrily at the sky, "hurry up and get lost! Do I have to repeat myself?!"

The martial artists in the sky all sucked in a cold breath. They did not dare to bear the Grand elder's anger. They hurriedly turned around and flew away, disappearing into the air in a few blinks of the eye.

"Head butler, quickly bring out the best spiritual fruit and spiritual fruit in the mansion!"

"No need,"

I'm very busy," Yunxiao said coldly. I don't have time to eat your spirit fruit. Marshal Junwei, I don't want to talk to an idiot. Just tell me. "

Marshal Junwei felt a chill run down his spine. He swallowed a few times and said in embarrassment, "young master Yun, it's like this ... Actually ... Actually ... Actually ... I don't want Ziling to be a concubine either ... It's really ... Really ...

He did not know what to say for a moment, and his head was spinning. He did not understand how Yunxiao knew about it, and it seemed that no matter how he explained, it would be useless.

'You can't tell me? Then forget it, there's no need to say anymore. Just tell me what you're going to do next."

“Next,, next,”

“Ask Qianqian to let me and the du family think about it,” Marshal Junwei said with cold sweat.

it seems that you don't take me seriously at all, ” Yunxiao said coldly with a wave of his hand. there's no need to think about it. The Shuai family will be removed from the continent today!

Chapter 1550-jiangyu city

Marshal Junwei was shocked. He felt a wave of killing intent hit him in the face, and he instantly felt like he had fallen into an ice cellar.

The chill that penetrated into his soul made him instantly wake up. In the face of absolute power, where was the room for his choice? where was the room for him to consider?

young master Yunxiao, let's talk this out. I will definitely handle this matter properly. Miss du will make her a concubine! Marshal Junwei shouted.

The killing intent stagnated for a moment, as if water had flooded his nostrils. If it rose a little more, he would have died.

Marshal Junwei was drenched in sweat, and his heart was filled with horror. Back then, Yunxiao's cultivation base was far inferior to his, but his combat strength was above his. He had been cultivating diligently in the past few years, and his strength was no longer the same as before, but he suddenly found that the gap between them had grown even wider.

Lord Junwei, I didn't hear what you said just now, ” Yunxiao said coldly. I think you're asking my good friend to share a husband with another woman? ”

Shuai Junwei's body trembled, and he quickly said, ” “Wrong, wrong, I said the wrong thing. This mouth doesn't listen to me!”

“Pa!”

He ruthlessly slapped himself, and blood even flowed out from the corner of his mouth. He hurriedly said, “I’ll send someone to break off the engagement! I swear that my son and miss Zi Ling are truly in love, and there will be no third person!”

“Father!”

Shuai Ming lang was extremely dissatisfied and said angrily, “I don’t object to breaking off the marriage with the du family, but this kid is too arrogant, he thinks too highly of himself ..”

“Shut up!”

Shuai Junwei was furious. He slapped Shuai Ming lang again, making him dizzy. don’t talk nonsense!

Shuai Ming lang covered his face in anger. He felt that all the anger he had suffered in his life was not as much as this moment.

But, when he saw the murderous look in Marshal Junwei’s eyes, his momentum immediately weakened. He covered his face and dared not speak, only staring at Yunxiao with resentment.

“Please don’t blame me, young master Yunxiao. My son is really insensible,” said Shuai Junwei with an apologetic smile.

at home, you’ll only get a few slaps if you don’t know better, ” Yunxiao said. but outside, you’ll lose your life if you don’t know better.

“Yes, yes. Young master Yunxiao is right.” Shuai Junwei quickly chimed in and glared at Shuai minglang.

that day, I entrusted Ziling to Lord Junwei’s care because I trusted you, ” Yunxiao said. what I saw today really disappointed me. I hope this is the last time, and it will only be the last time.”

His voice was very soft, but it sounded like a stormy sea in Marshal Junwei's ears. He hurriedly said, "I promise, there won't be a next time!"

'That's good,' Yunxiao said. If there's a next time, I won't waste my breath on you."

Marshal Junwei hurriedly lowered his head and said, "I don't dare. suddenly, he felt the pressure on his body was reduced. When he looked up again, he found that the courtyard was empty, and Yunxiao had disappeared.

The entire courtyard was silent. Only Shuai Ming lang was left standing there, holding his face in anger. The corner of his mouth still hurt a little. Otherwise, everything that had just happened would be as unreal as a dream.

"Have you left, Yingluo?"

Marshal Junwei mumbled to himself, his face was pale and he couldn't come back to his senses.

Shuai minglang covered his face and said indignantly, " father is usually an overbearing man, and no one in the city dares to disobey his orders. He is a formidable Overlord of a generation, and this is our territory in Long Valley City. Why should we be afraid of that li Yunxiao? "

Marshal Junwei turned around and stared at him coldly."Yunxiao is right. At home, you'll only get a few slaps if you don't know better, but you'll probably lose your life if you don't. The Shuai family was able to unify Long Valley City because the young master of the Xin family was insensible and offended him."

what? " Shuai minglang was shocked, " even so, the Shuai family is far from the Xin family of the past. Do we still fear him? "

Marshal Junwei's face darkened, and he said angrily, " "You blockhead, get lost and go into closed-door cultivation! Don't come out until you've thought it through!"

Shuai Ming Ming said,"then, then the marriage?"

“Just wait to marry Ziling. I’ll get someone to withdraw young lady Du,” said Marshal Junwei.

“Then we’ve offended the du family?” Shuai Ming lang was shocked.

“Offend? Hehehe!”

if the du family knows that li Yunxiao has appeared, ” Marshal Junwei sneered, ” I’m afraid they won’t dare to marry their daughter to him no matter how bold they are.

father, don’t think too highly of li Yunxiao. Shuai minglang said with a look of disbelief on his face. you may be afraid of him, but others may not be.

“Get lost! Go and cultivate in seclusion!”

Shuai Jun’s might rose up and he kicked over ruthlessly, directly sending Shuai Ming lang flying as he said angrily, ” “Go and reflect on your actions! Also, if you dare to bully Ziling in the future, I will be the first to kill you! You can die, but don’t drag the entire Shuai family into this!”

Several days later, the Shuai family breaking off the engagement shocked the two cities, and even the entire Eastern Region. For a time, all forces focused their attention on Long Valley City and earth Dragon City.

It was a great humiliation to break off the engagement in public. No family could accept it, not to mention the du family, the Overlord of the Earth Dragon City.

Just when everyone thought that the two factions would definitely act rashly and even trigger a large-scale battle, the two cities remained at peace. In fact, they even became closer, causing everyone to be greatly surprised.

Not long after, two women from the Shuai family directly married into the du family as if it was some kind of compensation.

At this moment, Yunxiao and the other two had arrived at Jiangyu city, one of the main cities in the Western Region, through the domain-teleportation array.

Jiangyu city, one of the main cities at the border of the Western Region, was filled with mist and wet people's clothes.

Yunxiao looked up at the sky. Through the layers of mist, the sun shone directly into his eyes, and it was a little dazzling. "Is it time to condense the essence of the northern Water primordial tree again?"

"I didn't expect the legend to be true," Qiu Mujie said. He glanced at his clothes. There were beads of water as small as sweat on them. Under the sunlight, they appeared to be a faint green and full of vitality.

"Legend? What legend?"

Chen Qianyu frowned. He also felt the abnormality of the mist in the sky. The dry and oppressive air from before was completely new.

Jiangyu city is on the border of the Western Region," Yunxiao said. The environment here is extremely harsh, and it is filled with the aura of death all year round. It is difficult for ordinary people to survive here, and even ordinary Warriors will lose their vitality if they stay here for too long. It is extremely dangerous. Thus, many years ago, a talented senior set up a Great Five Elements Transformation formation under this giant city. Every day, there will be two hours to transform the deathly grey Qi into the essence of the North Water primordial tree, maintaining the vitality of the people in the city. This allowed Jiangyu city to continue existing for a long time."

"Great Five-Elements Conversion Array?" Chen Yuyu asked in surprise. "This works too?"

"The five elements mutually reinforce and counteract each other, so there's nothing strange about them switching between each other," Qiu Mujie said sarcastically. "As long as there are enough primordial stones to power the formation,"

Chen Yuyu suddenly came to a realization and said, "no wonder he took so many vitality stones from us when we entered the city just now. If young master Yun had not stopped me, I'm afraid I would have turned hostile on the spot.

extremely high taxes are the main source of energy to maintain the operation of the array," Yunxiao said. the energy consumed for each transformation of the five elements is extremely astonishing, far beyond the imagination of ordinary people.

"Since the environment is so bad and it's near the border, why are there so many people living here?" And I saw many martial artists come in groups, and they all looked very fierce."

...

Qiu Mujie's brows furrowed and he revealed an impatient expression."Are the people of the Holy region all so ignorant? It's really beneath me to be with you. Get lost!"

"You coward!"

Qiu Mujie, don't forget your identity! Chen Zhiyu said angrily. you're a wanted criminal in the sea of soul formation! Could you be with young master Yun? I'll take you down now!

"Hehe, come on!"

A strange look flashed through Qiu Mujie's eyes. He stuck out his Scarlet tongue and licked his lips. His cold eyes were like those of a dangerous beast as he stared at Chen Yuyu.

Chen Yuyu's heart trembled. He was extremely afraid of his strange appearance. He raised his head with a gloomy face. Elemental energy slowly turned into a cloud of stars in his palm and his aura gradually dispersed.

"Pa!"

Yunxiao grabbed his arm and pressed it down as he said, "Don't mess around, don't forget the purpose of coming here."

Chen Qianyu frowned and dispersed the essence energy in his hand. He snorted coldly and said, "Qiu Mujie, once this matter is over, I'll definitely teach you a lesson!"

"Haha, the ignorant are fearless!"

Qiu Mujie sneered disdainfully, not bothering to hide the contempt on his face.

...

Chen Yuyu's face was livid with anger, but she couldn't do anything to him.

don't argue with him," Yunxiao said. you're already a peak nine-stars martial sovereign. Why are you still so naive? "

Chen Qianyu was stunned and a strange feeling welled up in her heart. She had been taught a lesson by a young man. What was even stranger was that she didn't feel uncomfortable after being taught a lesson.

you're not an Alchemist," Yunxiao continued. that's why you don't know much about riverbank city. This is the only way to WUFA heaven, and WUFA heaven is rich in an extremely important alchemy material-the earth Emperor Pearl."

"The earth Emperor Pearl is actually from WUFA heaven?" Chen Yuyu asked in surprise.

He had been following Yuan gaohan all year round, so he had heard about all kinds of alchemy materials.

The earth Emperor Pearl was an earth-type Pearl that gathered the power of the earth. It had a wide range of uses, and the difference in level was huge. It could be cheap, worthless, and expensive, worth thousands of gold.

The key was that the use and consumption of this item were extremely huge, especially when refining large scale profound level weapons such as warships and other things. The demand was very shocking.

“Yes,” Yunxiao said. The harsh environment of Wutian makes it impossible for ordinary martial artists to stay for long, so there must be a buffer zone, which is Jiangye city.”

“I see.” Realization dawned on Chen Yuyu, “so these groups of martial artists are the teams that are specifically looking for the earth Emperor Pearl? It’s just that the difference in strength is too great.”

do as much work as you can, ” Yunxiao said with a smile. I’ll do as much work as I can. Those who were slightly weaker would stay on the periphery, while those who were stronger could directly enter the inner area. Furthermore, the environment of Wutian was very suitable for earth-type martial artists to cultivate, and there were many rogue martial artists living in seclusion. All in all, although this place is dangerous, it’s still a good place with good feng shui.”
