

## The Eternal 1551

### Chapter 1551-aura of death

“It’s not a bad decision to choose this place to do that,” Chen Yuyu said.

“What exactly are you two discussing?” Qiu Mujie asked in a deep voice.

this isn’t something an outsider like you should know, ” Chen Yuyu sneered. just follow us obediently.

Qiu Mujie’s expression changed slightly, and a hint of mockery appeared on his face. He sneered, “You fool, do you think I’d be interested in knowing? Hahaha.”

shut up! Chen Yuyu was furious and shouted, ” shut up!

Yunxiao sighed. Although Chen Qianyu had extraordinary strength, she still had too little experience. How could she compare with Qiu Mujie? she was a complete rookie.

it’s nothing more than Yuan gaohan and Li Yunxiao doing some unspeakable things behind the sacred zone’s back, ” Qiu Mujie sneered.

“Young master Yun, is this person really reliable?” Chen Yuyu was furious and said. There can’t be the slightest mistake in such a big matter. What if there’s a mishap?”

alright, ” Yunxiao interrupted. you’re angry again. You must learn to control your emotions. Why hasn’t Yuan gaohan arrived yet?”

Chen Qianyu was stunned for a moment. He was slightly shocked. After a cold snort, he said, ” “Lord Yuan gaohan might have been delayed by something.”

Yunxiao scolded himself for being stupid. Why didn’t he just ask Yuan gaohan’s soul in the divine realm tablet? why did he ask him again and again?

Inside the divine realm tablet, in Mount inch.

"I might have been targeted by someone, and I'm trying to find a way to shake them off," Yuan gaohan said with a solemn expression.

"Do you know who it is?" Yunxiao asked.

"No clues, but they're most likely Wei Qing's men," Yuan gaohan replied. Wei Qing came to me because of Chen Yunyu's matter, but I retorted. He was full of anger. Furthermore, it doesn't matter who it is. What's important is that you can ensure the safety of your side."

don't worry, " Yunxiao said. no one knows that your second soul is with me. Even if Wei Qing comes in person, I can make sure he never returns.

Yuan gaohan was startled for a moment, then immediately said, " I already know what happened in the red moon City. Although the Holy region has not officially issued an order for your arrest, you have already been listed as the most wanted person. Next are Ye Fan and che you. However, if the order for your arrest is issued, the impact will be too great, so we can only keep it a secret.

what they want is just a Saint artifact, " Yunxiao said with a smile. how did the Holy region deal with the Great Wheel of Samsara? "

"The Samsara wheel?" Yuan gaohan was stunned for a moment, a puzzled look on his face.

I didn't expect them to hide this matter from you, " Yunxiao said. but there were many people present at the time. Could such a thing be kept a secret? " He then briefly explained the Great Wheel of Samsara.

Yuan gaohan's expression changed slightly, and although he looked calm, a trace of anger flashed in his eyes as he coldly said,"Let them study it first."

if I can't figure it out, I'll eventually have to find you to study it with me," Yunxiao said with a smile. especially after you merge your two souls and reach the peak.

"Let's not talk about this for now," Yuan gaohan said. I'll shake off those people following me first and take them to the North Region for a walk. I'll immediately inform you once I have news."

Yunxiao nodded and disappeared into the divine realm tablet.

In jiangyu city, Yunxiao said, "I'm afraid Yuan gaohan won't be able to come for a while. Let's stay here for the time being. Besides, I'm very interested in the environment here.

"Environment? You mean this great five elements conversion formation?" Qiu Mujie said after some thought.

I came here once in the past," Yunxiao said with a smile. at that time, I was only interested in exploring this great five elements transformation array. I'm no longer interested in it.

"Then, could it be that you're interested in the aura of death this time?" Qiu Mujie asked.

that's right," Yunxiao said seriously. if I'm not wrong, this thing is an extremely strong mutated earth element power. I've already noticed it back then, but I didn't pay much attention to it."

His eyes lit up. Things were different now. If he could find an extremely strong earth element and refine it into the Tushita heaven, no one would be able to match its power!

Qiu Mujie didn't know about this and only said,"If you can refine such a powerful earth element for your own use, it'll be extremely powerful. However, this thing has existed in Wutian for so long, and I don't see anyone taking it away. I'm afraid it'll be extremely difficult for you to take it."

you're right," Yunxiao said. but how can we know without trying?" At our level, it's extremely difficult to advance in both the art of cultivation and martial arts."

Qiu Mujie's eyes flashed with surprise as he said, "So you took over his body and re-cultivated?"

Chen Yunyu's heart trembled as she looked at Yunxiao in horror.

that's none of your business, " Yunxiao said. I'll leave it to you.

"Kekekeke!" Qiu Mujie let out a strange laugh and said, so, you are even more extreme than I am. Hahahaha!

what? " Yunxiao said coldly. can this make you excited? "

Qiu Mujie immediately shut his mouth, his face filled with anger and coldness.

Chen Yuyu seemed to be unable to recover from the shock and said in a daze, " "Young master Yun, Y-y-you're ..."

just focus on this matter, " Yunxiao said. don't be distracted. Don't bother about what you shouldn't.

Chen Yuyu was shocked again. Yunxiao's words were always enlightening, so she immediately believed Qiu Mujie's words.

At this moment, the fog that filled the sky began to gradually dissipate, and the air gradually became dry. There were not many pedestrians, and they were all frowning.

Chen Yuyu raised his hand and looked at it. He said in surprise, " "What a strong aura of death. My skin that was still moist just now has started to dry up in an instant. The dehydration is too severe."

Yunxiao raised his arm as well. The strength of his fleshly body was far above Chen Qianyu's, and his skin seemed to be covered with a thin layer of dust. When he gently blew at it, the dust did not move.

Qiu Mujie stretched out his hand and made a grabbing motion in the air. The air in the surroundings flowed along with it and slowly gathered into a gray block of soil the size of a broad bean in his palm.

He immediately grabbed it with his hand and suddenly frowned. He flipped his palm over and saw that the skin that came into contact with the soil began to wrinkle and even fall off.

how is this possible?!

Qiu Mujie was greatly alarmed. Although he had yet to transform, the strength of his physical body was not something that ordinary martial artists could compare to. even my physical body can't withstand this deathly grey energy. How can those ordinary martial artists still survive in such an environment? "

you'll get used to it after a long time, " Yunxiao said. besides, we're all exposed to the dust with our physical bodies, and the others are all protecting themselves with primordial Qi. Besides, who can gather the dust in the air with your bare hands like you? I'm afraid that this small piece of dust you have drawn all the earth element power within a thousand feet.

"That's true," Qiu Mujie said with a smile.

"It's indeed a good cultivation method to use elemental energy to protect your body against this environment all year round," Chen Yuyu said. And I think the closer you get to Wutian, the greater the damage."

Yunxiao raised his hand, and countless beads of water suddenly gushed out of his arm, gathering into trickles and slowly washing away the gray dust.

As soon as the dust touched the water, it was washed away.

...

"Mutated water?" Qiu Mujie frowned.

yes, this water is called the natural water element. It seems that it can be used here, ” Yunxiao said.

All of a sudden, the three of them furrowed their brows and made a subconscious move almost at the same time.

A gust of palm wind broke through the air and slammed toward Yunxiao’s back.

Suddenly, Yunxiao turned around and reached out his hand. His five fingers clasped the man’s arm and cut off his primordial Qi.

“Bang! Bang! Bang! Bang!”

The surging vital Qi flowed smoothly in his meridians, but after being cut off in an instant, it couldn’t be reversed. It immediately rushed into the major aperture acupoints in his arm and exploded!

“Ah!”

ah! the man cried out miserably, his eyes filled with shock and unwillingness. With a flash of his left hand, a sharp sword was thrust at Yunxiao’s throat.

A cold light flickered on the sword ray, and a sharp sword intent was spat out like a long snake.

Yunxiao raised his hand again and flicked his finger.

...

“Bang!”

The sword light was instantly extinguished, and the entire sword was also sent flying out of his hand.

This time, the man who launched the sneak attack no longer had an unwilling look on his face, but was full of shock. Using the force of Yunxiao's finger that sent him flying, he stomped on the ground, turned around, and flashed in the air before disappearing from the street.

"What Birdman?" Chen Yuyu frowned.

I don't know," Yunxiao chuckled. let's go and have a look.

He took a step forward and disappeared. The other two followed closely behind and disappeared in an instant.

The man who had launched the sneak attack was short and lean, and he seemed to be very familiar with the map of jiangyu city. In a few breaths, he had passed through several streets and picked some strange and remote places to walk through. After a while, he entered a small house.

A moment later, the man came out from the inside and completely changed his clothes. His expression and temperament were completely different from before.

The man strolled around the streets a few times. After making sure that he was not followed, he walked into a seemingly luxurious house.

"Yan Xing, why are you dressed like this? did you run into trouble?"

In the luxurious mansion, more than ten people were gathered together, seemingly discussing something.

"Sigh, don't mention it, it scared me!"

The man took off the big felt hat on his head and wiped his face with his hand. Immediately, all the makeup on his face was removed, revealing his true appearance, which was still full of fear.

"What happened? it's rare to see you so scared."

The eyes of the leader in the hall lit up. He was wearing a wide cloth robe and sat at the head of the table casually. One of his feet was directly on the chair. His upper lips were slightly pursed and his hair was white. He had obviously gone through a lot of vicissitudes.

“Brigade leader, if I hadn’t run fast enough, I’m afraid I really wouldn’t have been able to come back to see my brothers this time!”

Yan Xing immediately walked forward and picked up the wine jar on the table. He took a few big gulps before he panted heavily and his face gradually turned red.

“What happened? Who in the city doesn’t know that you’re a member of our green Colt mercenary group? how dare you provoke us?”

All of a sudden, everyone was in high spirits. They were all angry and wanted to avenge Yan Xing.

Only the brigade leader, Zuo Cheng, had a solemn expression on his face as he slowly said, “Are they people from the outside or from the inside?”

He was supposed to go back today, but his flight was canceled at the last minute. He felt dizzy and had to stay at the airport for a long time before he could settle down. He had to wait until so late.

Chapter 1552-green Colt mercenary group

“I’m from outside,” Yan Xing replied.

“Outside?” The hall quieted down and everyone looked at Yan Xing.

“Don’t you know the rules of the regiment?” Zuo Cheng’s face darkened. Outsiders must not be offended. What kind of place is this jiangye city? how can ordinary people come here so casually?”

that’s right, Yan Xing. You’re usually quite a smart person. Why are you suddenly so muddleheaded? ”

according to the rules of the regiment, all outsiders are not allowed to make a move before figuring out their background. You're really courting death.

it's good that she's fine. Don't make this mistake again in the future and make the regiment commander angry.

When the crowd saw that Zuo Cheng was angry, they began to chide him.

"Are you sure you're not being followed?" Zuo Cheng asked in a deep voice.

that's impossible," Yan Xing hurriedly replied. I've been circling around the city for half a day before I came back.

"Yan Xing's stealth technique is very advanced. You can rest assured, Regiment commander." One of them said.

Zuo Cheng nodded and said, "tell me the details. The environment in jiangyu city is extremely harsh. No one would come here for fun without a strong power and purpose. You're also a smart person. Why did you make such a low-level mistake?"

Yan Xing wiped the cold sweat from his forehead as if he still had lingering fears. His arm was aching faintly, causing his brows to furrow. "The reason why I suddenly attacked in a hurry was because I discovered that that person's body had an extremely strong mutated water element."

a mutated water elemental?!

This time, everyone was shocked, and all of them had grave expressions. A dozen pairs of eyes even bloomed with light.

Even Zuo Cheng's expression changed drastically. He said,"Are you sure?"

"I'm sure," Yan Xing nodded, "that's why I couldn't help but take action. Besides, that man was very young." When I made my move, I thought that I was very confident that even if there were some twists and turns, I would still be able to succeed in the end. No matter how bad it was, escaping would not be a problem. After all, if I don't make a move, he will be discovered by other mercenary groups very quickly. By then, the mutated water elemental may be gone."

"No wonder!" Zuo Cheng said. What happened after that?"

"After that?" "I ran away after that!" Yan Xing's body trembled as he replied in shock.

"Escape? I'm talking about the process of pointing fingers." Zuo Cheng asked in dissatisfaction.

Yan Xing's face turned pale and he pursed his lips. Perhaps it was because of the environment or something else, but his lips were chapped and bleeding. He muttered, "Terrifying. That young man's strength is too terrifying. I, Ping Sheng, have never seen such power before. I only used two moves, and he easily blocked them. Could it be that he didn't intend to kill me? otherwise, I wouldn't be able to escape at all!"

"Pingsheng has never seen it before? Are you sure?"

Zuo Cheng's expression was grave as he stared at him and asked, "What's the real age of that person?"

"Yes, I'm sure!" Yan Xing replied. Although I don't dare to believe it either, that person's strength is definitely above our leader's! As for age, Yingluo is estimated to be around 20 years old."

The hall fell silent, and everyone's solemn and greedy eyes suddenly became stunned.

"Hahaha!"

Then, everyone burst into laughter. They were all laughing so hard that they could not stand straight. Their eyes were full of contempt and mockery.

Yan Xing's face turned red as he angrily shouted, "What are you all laughing at? Everything I've said is the truth!"

Zuo Cheng did not smile. He merely frowned and said, "Around twenty years old, and his strength is above mine?"

"Yes, I'm not wrong about this!" Yan Xing said firmly.

Zuo Cheng said, "I'm a Peak Eight-stars martial sovereign. I've been in WUFA for many years. I can fight a nine-stars martial sovereign with my true strength. What does it mean to be stronger than me?" A mid-stage nine-star Martial Emperor at the age of twenty?" He couldn't help but laugh.

Yan Xing was stunned for a moment and his face turned even redder. There was no way he could refute this. A twenty-year-old mid-rank nine-star martial sovereign was definitely non-existent on the continent. However, he knew that his feeling was not wrong. That person was really only twenty years old and was indeed stronger than Zuo Cheng. However, he could not explain it because it was hard for him to accept it when he saw it with his own eyes, let alone others.

that person is still in the city," he said calmly. you'll find out sooner or later.

"Where's that person now?" Zuo Cheng's eyes gleamed. How many people are there in a group?"

I met them in the middle of the main street," Yan Xing said. there were three of them. The other two don't look like they're easy to deal with. I'm afraid other mercenary groups have their eyes on them.

"Guild leader, let's make our move! It's just three people. It's worth it to get a mutated water element!" One of them suggested as his eyes lit up.

the mutated water element is extremely useful in Wutian," another person said. it's a must-have item for home travel, murder, and robbery!

The expression on Zuo Cheng's face kept changing, as if he could not make up his mind.

“Captain, if we can have the assistance of a powerful mutated water element, the success rate of our plan will definitely increase greatly!”

“Yup! In this damned place, being able to resist the power of the deathly grey means that you have gained a great advantage. Isn’t it because of the Luo King precious water that BISE of the White Fang mercenary group is able to suppress us in every way?”

Everyone’s voice rang out, all in favor of snatching it.

“Yan Xing, what do you think?” Zuo Cheng asked.

Yan Xing sighed and said, “regimental commander, if everyone insists on going, I’ll naturally follow. We’ll live and die together.” But I really don’t want everyone to go, because it’s really courting death!”

“Hmph, I don’t believe it! He’s only a twenty-year-old youth, yet he’s able to scare you like this!” One of them snorted in dissatisfaction.

An extreme struggle flashed across Zuo Cheng’s face. He gritted his teeth and said, “Let them wander around the city for a while. We’ll keep a close eye on them and let the other mercenary groups test their strength.”

“Guild leader, won’t we miss out on this opportunity?” One of them said unhappily.

Yan Xing’s eyes brightened and he seemed to heave a sigh of relief.

I don’t really believe Yan Xing’s words either, but I’m still the commander. I have to be responsible for the safety of my Lord. It’s better to be careful. Besides, even if that person isn’t as terrifying as Yan Xing made him out to be, he’s still a tough nut to crack, ” Zuo Cheng said.

“Pa! Pa! Pa!”

A crisp clap rang out as Yunxiao smiled and said, "not bad. You're qualified to be the group leader. That decision just now has already saved you from death.

"Who is it?"

Everyone was startled and became restless. They flew up and surrounded Yunxiao and the other two in an instant.

Yan Xing's face turned pale and he said in fear, "it's him! It's him!" You, how did you find this place?" Although he had thought of the answer, he didn't dare to believe it, or rather, he couldn't accept it.

Yunxiao smiled. you don't have to be vigilant, because it's useless for you weaklings to be vigilant. I'm sorry, but I've always been so direct. In addition, I don't have any ill intentions towards you."

...

"What did he just say? You shamelessly said that we're trash!" The crowd was furious, but the sudden appearance of Yunxiao and the other two had indeed shocked them. They were on high alert and did not dare to make a move.

Zuo Cheng also felt great pressure. There was not a single trace of origin power fluctuation on the three of them.

He was extremely shocked. These three people were obviously not mortals. This could only mean that his cultivation level could not see through them!

"If Yan Xing has offended you in any way, he has already been severely punished. Please show mercy."

Zuo chengqiang suppressed the raging waves in his heart and immediately gave in.

The members of the green Colt mercenary group had been through life and death situations for many years. When they heard their leader's words and tone, they immediately understood that the three men in front of them were no match for them. They couldn't help but be shocked.

hehe, " Yunxiao laughed. you're a very smart Captain.

"My Lord, you're not here just to make fun of me, are you?" Zuo Cheng said bitterly.

"What do you think?" Yunxiao asked.

Zuo Cheng pondered for a moment. my Lord must have come to jiangyu city for something else. I am the leader of the green Colt mercenary group, Zuo Cheng. Our group is quite famous in jiangyu city. If you need anything, we are willing to help you!

"Are you so sure that we're here for something?" Chen Qianyu couldn't help but ask.

...

"The Lord just said that our strength is nothing in his eyes, and he has no ill intentions toward us," Zuo Cheng said with a smile. If you only want to punish Yan Xing, with the strength of the three lords, you will definitely not let him get away."

that's right, " Yunxiao said. I like to deal with smart people. I do have something to talk to you about. "How much do you know about WUFA heaven?" he asked directly.

"How much do you know?" Zuo Cheng chuckled. I can't say much. After all, this world is too strange. However, there are not many people in the realm of heavenly martial arts who know this world better than us. I've been here for almost 50 years!"

Yunxiao's eyes lit up. that's right! he said. it seems that I've found the right person. Tell me everything you know about Wutian."

Zuo Cheng was stunned for a moment before he asked, "tell me everything?" What did this mean? There are too many things going on. Everything I've been doing for the past fifty years is related to WUFA."

"There's no need to go through so much trouble. Why don't you just search his soul directly?" Qiu Mujie frowned.

"?!"

Everyone sucked in a breath of cold air and retreated in fear.

Zuo Cheng's expression changed drastically as well. He quickly retreated a hundred feet and smashed the hall into pieces. A white light lit up in his hand. It was a shiny saber. He stared at the three of them warily.

Chen Yanyu frowned in anger and said coldly, " crazy Jie, put away your dirty and vicious heart. Don't let others think that I'm on the same side as you!

look at you! Yunxiao said. you've scared everyone. "I'll do the asking. Does Captain know how this lawless sky was formed?" he asked.

"The formation of the Wutian?" Everyone was taken aback and fell into deep thought. Zuo Cheng was also deep in thought. He said slowly, "No one knows how long WUFA heaven has existed, but I've heard some legends. It's said that beneath this land is the netherworld Kingdom. Because the aura of the netherworld came up, it led to the world's metamorphosis and the current environment."

Chapter 1553

1553 The mountain of battle souls

"Oh?" Yunxiao was taken aback, but he did not say anything. He just asked, " "Do you believe in this legend?"

"To be honest, I don't really believe it," Zuo Cheng said with a bitter smile.

then you must have your own ideas, right?" Yunxiao asked.

Zuo Cheng said, "I believe that the root cause of the climate is the earth vein. The entire earth vein below has undergone changes similar to elemental variation. It has accumulated for countless years to form the current appearance.

a change in the earth vein?" Yunxiao asked. There should be a reason for the change in the earth veins."

"Why don't you just ask him directly if it's possible that it's caused by a mutated earth element?" Qiu Mujie coldly replied.

"A mutated earth element?"

"I've thought of that as well, but how powerful must the earth element be to cause such a large-scale environmental change?" Zuo Cheng was shocked. I'm afraid it has already reached the level of the living earth."

"It's said that the soil of breath evolved into the earth, and it's an existence that's the closest to the earth-type origin source. Could it be that there's the Earth of breath here?" Qiu Mujie frowned.

Yunxiao knew that it was impossible. The breathing earth was the most powerful earth element, and the chances of it mutating were very slim. "Have you ever been to the center of WUFA heaven?"

Everyone from the green Colt mercenary's face fell. Even Zuo Cheng's forehead was covered in cold sweat. He stammered, "Milord must be joking. We are weak, wouldn't going there be suicide?"

is it that terrifying?" Yunxiao asked in surprise. is it?" You're a Peak Eight-stars martial sovereign. Even if the living earth were to smash you, it would be difficult for you to be hurt."

Zuo Cheng replied, "normal mutated earth elements are nothing much. No matter how strong the power of the elements is, it can still be resisted by the Emperor Qi of the nine Heavens. However, the death Qi contained in this earth element is the nemesis of all living things. It can directly consume one's life force. It's terrifying!

this environment with elemental damage is indeed a headache," Yunxiao said. no wonder you want to steal my water elements.

it's a good thing I met you, my Lord," Zuo Cheng said with a bitter smile. you're so magnanimous. If it were anyone else, Yan Xing would have been dead by now.

don't think that I'm some kind person," Yunxiao snorted. since I've come to you, I naturally have something to tell you. I need you to lead the way to the central area."

"What?" Everyone's expression changed drastically. Zuo Cheng said in shock, "Milord, you must not go! There's really no return there!"

if you really can't return," Yunxiao said with a smile, "you'll be buried with him.

Yan Xing's expression changed several times. Regiment commander, I'm the one who caused this trouble. Let me bring them there! he said.

Zuo Cheng's face was extremely dark. He suddenly said slowly, "My Lord, near the center of WUFA heaven, there is a mountain called the war Soul Mountain."

"Guild leader!"

A person suddenly cried out in alarm. His eyes revealed a look of shock. The expressions of the others also changed drastically, but they quickly returned to normal.

"We didn't have much confidence to begin with," Zuo Cheng said. "Now that the three of you are here, we might stand a better chance."

Oh?" Yunxiao asked in surprise. Oh? Is there something good?"

Zuo Cheng said, "the battle Soul Mountain is Wutian's boundary between life and death. Once you cross the battle Soul Mountain, you will die without a doubt. I have been in Jiangye city for half a hundred years. I have only seen one person cross the battle Soul Mountain and return safely. The rest of them died inside without exception.

"Who's so awesome?" Chen Yuyu asked in surprise.

A glint flashed across Zuo Cheng's face as he said, master of Soul Devourer sect... Lord Huangfu bi!

Chen Yunyu was shocked. He nodded. So it's him. With his strength, even the most dangerous tiandang mountains might not kill him.

"Since that old fogey can go over, there shouldn't be a problem for us," Qiu Mujie said.

The hall instantly fell silent, so silent that it was as if there were no ghosts.

Zuo Cheng wiped the cold sweat from his forehead and said awkwardly, "This Lord seems to be extremely confident and is quite dissatisfied with Lord Huangfu bi. Although this WUFA heaven is located at the border of the Western Region, it is also within the territory of the soul Devourer sect. You should be careful with your words."

A killing intent flashed through Qiu Mujie's eyes, causing Zuo Cheng's heart to convulse violently and his face to instantly turn pale.

That killing intent was just a flash, but it directly stabbed into his heart like a knife. This was the strength of the other party's martial intent, almost solid, and could take a person's life with a single look!

If it wasn't for the fact that he wasn't weak, he would have been scared to death by that cold light.

His heart couldn't help but beat wildly. Who were these three people? It was impossible for them to be nobodies on the continent. They claimed to be as powerful as the sect leader of the soul Devourer sect. Could they be titled martial sovereigns?

Zuo Cheng's pale face turned ashen. He couldn't recover for a long time. He became more respectful than he had ever been. He said with fear, "May I ask the names of the three lords?"

there's no need to ask for our names," Yunxiao said. go on and tell me about the mountain of fighting souls.

"Yes!" Zuo Cheng did not dare to disobey. He suppressed the shock and curiosity in his heart, organized his thoughts, and said, "It's well-known that Wutian produces earth Emperor beads, and the quality of the beads is better the closer you are to the center. The top quality earth Emperor beads are all produced in the fighting Soul Mountain, and there are very few of them in the world. Therefore, the price of the Supreme-grade earth Emperor Pearl is unimaginably high, and there is an endless stream of people who come to the mountain to die."

He paused a few times, as if he had touched on something. An undetectable pain flashed across his face, and he continued, "Therefore, although the mountain of fighting souls is dangerous, we still found many things. Recently, there has been a piece of news that has only been spread in a small area. No one knows if it's true or not, but all the mercenary groups have been unable to hold back."

there are countless mercenary groups in riverbank city. Every year, dozens of mercenary groups are wiped out. Over the years, there are about eight mercenary groups that have made a name for themselves. The green Colt mercenary group is one of them, but it is also ranked at the bottom of the eight major mercenary groups.

"As the saying goes, the older you are, the smaller your courage. Usually, it's those rookie mercenary groups that enter the battle Soul Mountain. Our eight mercenary groups have never rashly entered the restricted area. However, for some reason, the extremely powerful Twilight mercenary group, which is ranked in the top ten among the eight mercenary groups, suddenly entered the restricted area and went deep into the battle Soul Mountain!"

A hint of shock and complications flashed across Zuo Cheng's eyes. "The result was a team wipe!"

The entire Hall quieted down, emitting layers of oppressive atmosphere. Everyone's breathing was heavy.

what? ” Yunxiao frowned and said, ” they must be driven by great interests to do such a crazy thing. Is it because of the benefits that you’ve received?”

Zuo Cheng’s expression changed and he quickly said, ”Daren is indeed wise! No one knew where the Twilight mercenary group got the news from, but almost all the eight mercenary groups knew about it. There’s a huge deer-like monster in the mountain. It has extremely strong earth-type power and can swallow the sky and spit out the earth. The Twilight mercenary group found that after the monster’s feces turned into earth, they could form an earth Emperor Pearl that’s even higher than the highest grade!”

Chen Yuyu didn’t have much of an expression and only said in surprise, ” “There’s such a thing?”

On the other hand, Yunxiao and Qiu Mujie’s faces changed drastically. Qiu Mujie said in a grave voice, ” the Supreme-grade earth Emperor Pearl is already at the ninth rank. It’s not that there aren’t any monsters that can produce such an effect, but they’re all extremely rare and rare! His eyes lit up, and he even licked his lips.

what do you want to do now? ” Yunxiao asked. what are you doing? ” You wouldn’t be so stupid as to go and kill that monster, would you?”

“The monster seems to have fallen into a deep sleep recently,” Zuo Cheng said.”It left a few of its Cubs in the mountains.”

Yunxiao frowned as he finally understood what they were thinking. “If it’s only a Cub, how did the Twilight mercenary group get wiped out?”

“This is what I’m worried about,” Zuo Cheng said bitterly.”Now all the mercenary groups are moving in the dark, and it seems that they are going to move towards the mountain of fighting souls.” There’s strength in numbers. If we act together, we can also keep each other warm.”

I see, ” Yunxiao said. to enter the central area of WUFA heaven, we must cross the fighting Soul Mountain, right? ”

that's right, " Zuo Cheng said. the mountain of the fighting soul is the boundary between life and death. It's a place we must pass.

...

alright, " Yunxiao said. let's go into the mountain of fighting souls and have a look. If it's really dangerous, you can stay in the mountain and don't need to follow us. You've never entered anyway, so you'll only be a burden if you follow."

"If it's only until the mountain of fighting souls, the green foal mercenaries would be more than happy to help!" Zuo Cheng was overjoyed.

With Yunxiao and the other two, they could escort them, and the risk of going to the mountain of fighting souls would be greatly reduced.

"Let's go," Yunxiao said.

Zuo Cheng was taken aback and asked,"we're leaving?" I'll get everyone to get ready!"

no need, " Yunxiao said. there's no time to waste. Besides, you don't have anything to prepare. Just lead the way."

A strange look flashed in his eyes, and his pupils contracted slightly. The entire Hall spun, and the world changed instantly.

"Ah? This is Yingluo."

Everyone was shocked. They were in the hall a moment ago, but now they were in a wasteland. Looking over, they were already outside jiangyu city!

Cold sweat broke out on everyone's foreheads. In this deathly silent environment, they could only feel their bodies turning cold. This kind of great teleportation technique could teleport everyone away without anyone knowing. Not to mention seeing it, it was simply unheard of!

At that moment, everyone looked at Yunxiao as if they had seen a ghost. Yan Xing's face was drained of blood, and he finally realized what a stupid thing he had done.

...

everyone! Zuo Cheng shouted, " let's go to the mountain of fighting souls!

Immediately, a few rays of light shot into the sky, followed by ferocious roars. Three huge gray beasts suddenly appeared on the ground, emitting an extremely strong gray color.

The beasts were covered in armor, and each of them pulled a chariot.

Chapter 1554-ke an

Chen Yuyu frowned and said, 'a beast-pulled carriage? Why is it so primitive?'

Zuo Cheng smiled bitterly. my Lord, you may not know this, but Wutian's earth veins are extremely powerful. It's impossible to use the needle to determine the location. We can only rely on the earth copper ox beast to sense the direction.

I see, " Chen Yuyu said in realization. this thing's body and aura are consistent with the surrounding environment. I think it'll be easy to adapt.

does anyone have to use this copper ox beast to pull their carriage when they go to war Soul Mountain?  
" Yunxiao asked.

Zuo Cheng said, " that's not necessarily the case. Some powerful beings can directly leave the coordinates on the mountain of fighting souls. They can use their own spatial divine arts to forcefully break through the air and leave. I can do it anywhere else, but the earth element in the mountain is too strong, so it won't work."

Yunxiao nodded but did not say anything.

In this way, he could leave the coordinates in the mountain and let Yuan gaohan come directly. Moreover, he could also get rid of a large number of dangerous factors, which was an unexpected benefit.

“Roar!”

The three earth copper ox beasts kept growling, and someone immediately came forward to feed them. After they were full, they raised their heads and roared, full of energy.

“Tell them to keep a low profile and not attract too much attention,” Zuo Cheng said with a frown.

Everyone got on their respective chariots, and the earth copper ox beast immediately began to run wildly in the wasteland, kicking up a cloud of dust that was blocked by the formation light on the chariot.

The dust in the sky was extremely harmful to the body, so no one was willing to get it on.

There were several huge copper lamps placed side by side in the chariot, each of which contained liquids of different colors. These liquids were released through the arrays on the copper lamps, filling the entire chariot with mist and nourishing the body.

Yunxiao and the other two were riding on their own, galloping across the earth in a mighty manner.

Chen Yuyu frowned. this WUFA heaven is indeed dangerous. The divine sense is severely suppressed here. I don't know what will happen when we get to the mountain of the fighting soul or the central area.

Yunxiao looked at Qiu Mujie, who was deep in thought, and suddenly laughed. “Brother Mujie, are you thinking about the deer-like behemoth?”

“You also know that I like to study these things. According to my speculation, it’s very likely that those things are some kind of mutated demonic beast. Who knows, they might be able to extract some powerful things from them,” said Qiu Mujie. His eyes shone with excitement.

Yunxiao was speechless. this place is not simple, ” he said. don’t get yourself into it.

“Tsk!” “Other than a few people in the world, who else dares to say that they can drag me into this?” Qiu Mujie sneered.

that might not be the case, ” Yunxiao said with a smile. I know there are several powerful existences in this world that are enough to kill you.

“Oh? I’d like to hear the details.”

Qiu Mujie’s eyes lit up as he asked with interest.

you want to remember them one by one, ” Yunxiao said with a smile. then you can catch them one by one and study them.

“The path of art is endless,” Qiu Mujie chuckled.

Yunxiao’s heart jolted. This Qiu Mujie was also one of the few alchemy experts in the world. He could not help but feel respect for him as he began to talk.

The two of them were both extraordinary talents, and once they started talking, things would get out of hand. Both of their eyes were shining, and they were in high spirits along the way. Without realizing it, several days had passed.

Chen Yuyu, on the other hand, was bored. He sat cross-legged in the chariot with his eyes closed and regulated his breathing.

Suddenly, the copper bull let out a low roar and stopped.

It had stopped a few times before because the ox Beastman's physical strength had been exhausted and it needed to eat once a day. However, it had just finished its meal, so it was obviously not the reason.

"I was wondering who it was that dared to cross WUFA heaven to come to this place. So it's the brats of the green foal mercenary group. Hehe, you want to spy on the giant deer with your little power?"

A sinister laughter came from the front. The voice was loud and clear, stirring up a cloud of dust and sand that rushed toward the war chariot. The earth copper ox beast was swept up by the dust, and it couldn't help but growl and retreat.

"It's koan!"

The two chariots were filled with frightened voices. All of a sudden, it became noisy and chaotic.

At this moment, Zuo Cheng's voice was heard. He shouted, "Koan, what are you doing here? Could it be that only you can come, and we're not allowed to?"

In front of them, there was a light yellow light. Two bronze bulls could be seen in the light. They were different from the ones in the green foal Chamber of Commerce. They were riding on their own. Two people were sitting on them, and their bodies were hidden in large gray robes.

The person on the left laughed coldly. of course you can come. You can come at any time you want, but now is not the time for children to play. If you know what's good for you, go back the way you came.

Zuo Cheng snorted, "which mercenary group is trying to monopolize the business of the mountain of fighting souls?" They must have paid a high price to hire you. Do they have the confidence to do what the Twilight mercenary group can't?"

He focused his gaze and looked at the person on the right.

Ke an had always been a loner and was very famous in jiangyu city. Other than looking for raw materials to sell himself, he was often hired by others. The green Colt mercenary group had wanted to hire him for this trip to battle Soul Mountain, but they couldn't contact him. It turned out that he had been hired by someone first. Therefore, the person on the right must be the employer.

Unfortunately, the power of the dead ash here was too strong, which blocked his divine sense, making him unable to see the person's true appearance.

hahaha, I don't need to think about what you're asking. All I need to do is to stop some trash. Koan laughed.

"Trash?" Zuo Cheng sneered. Koan, I advise you to leave and move aside, or the consequences will be too much for you to bear." If Yunxiao and the other two had not followed him, he would have flown into a rage at this moment and rushed forward to kill them. But now, he was extremely calm, and even had a hint of gloating in his heart.

"I can't bear the consequences?"

Koan's expression turned strange, but he soon burst out laughing."Hahaha, the green Colt mercenary group is getting weaker and weaker, but they are getting more and more powerful." "I'll be honest with you. With me here today, none of you will be able to get past me!" He laughed hideously.

"Lord Yuri, I'll have to trouble you for a moment. Your chattering is very annoying." Yunxiao's voice rang out faintly.

"You'll be sentenced to death for disturbing our discussion!" Qiu Mujie coldly replied.

Chen Zhiyu had followed Yuan gaohan for a long time, so he naturally knew about the research and persistence of alchemists in the art of alchemy. He had always admired them, and although he was not on good terms with Qiu Mujie, it did not affect his respect for his achievements in the art of alchemy.

"The two of you can continue your discussion. Just give me five breaths."

As soon as he finished speaking, Chen Yuyu's figure disappeared from the chariot. At the same time, a voice rang out in the air, "Zuo Cheng, continue forward."

Zuo Cheng was overjoyed. He quickly shouted, "Continue forward!"

The three earth bronze bull beasts roared at the sky and slowly pulled the chariot with heavy steps, increasing its speed.

The bodies of the two riders within the yellow light trembled slightly, and their faces revealed anger.

"Zuo Cheng, how dare you look down on me like this? die!" Ke an was even more furious.

...

He spat out a word and his aura suddenly soared. A flash of Saber Light instantly slashed out, shattering the yellow light around him and sweeping up the dust.

The sleeves of their clothes fluttered in the wind, and they exuded a sharp murderous aura.

"Boom boom boom!"

The blade light swept across the sky and cut a huge ravine on the ground, which continued to crack forward!

"Bang!"

Suddenly, a crisp sound rang out, and the huge Saber Light instantly collapsed, turning into countless specks of fluorescent light.

Just as everyone's mouths were agape in shock, Chen Qianyu had already appeared in front of the two riders. A biting cold aura burst out of his body, and then a sword light flashed.

Ke an and the other man were greatly shocked. Before they could recover, they discovered that the copper bull they were sitting on had been cut in half!

In their shock, the two of them wanted to jump up, but their hearts suddenly sank. They only felt a pressure coming from the sky, completely suppressing them, and they couldn't even resist!

“BOOM!”

Just as the two earth bronze bull beasts were killed, the two of them were sent flying like bullets, causing dust to fill the air.

...

Chen Yuyu stood in the air and looked ahead coldly. His body was covered with a layer of faint white light. It was the protective Emperor Qi, which isolated the power of the dead ash to prevent his life from being harmed.

“Bah! PEI! PEI! PEI!”

The two people in the distance stood up from the ground and kept spitting out dust from their mouths. Their entire bodies were covered in dust. The exposed skin on his body had shriveled up and was covered in a thick layer of dust.

Their eyes were filled with horror because the pressure just now had directly suppressed the Emperor Qi in their bodies, causing them to be unable to use their Yuan power to resist. A large amount of deathly gray Qi directly invaded their bodies, and a large amount of vitality was lost.

The two of them tried their best to peel off the gray shell on the surface of their skin. A circle of light rotated around them, expelling the dead gray air from their bodies.

“Ta ta ta ta!”

The three copper earth bull beasts ran directly to the two of them and stopped.

Zuo Cheng walked out of the chariot and looked at the two of them coldly. He said sarcastically, "Lord koan, hurry up and do something. If you don't do something soon, we'll have to go over."

"Hahaha!"

A burst of laughter came from the chariot, full of ridicule.

Ke an's face turned red, and his eyes flashed with shock and fear. He looked at the chariot at the side. The person who had attacked just now had entered it.

"W-who was the Lord who attacked?" He asked in surprise. The person beside him was also shocked.

Zuo Cheng thought to himself, 'you're asking me? I want to know too.'

He snorted heavily and turned to look at the other person. He said coldly, "Friend, you look unfamiliar. You must be koan's employer, right?"

The man's expression changed slightly, and a hint of arrogance flashed through his eyes. However, when he saw the chariot, he immediately became vigilant and said, "No matter who that Lord is, the battle Soul Mountain is not as simple as you think. I hope you can listen to my advice and leave."

"Who Do You Think You Are?" Zuo Cheng laughed coldly. "you think you can back out just because you want to? if you do, how will our green foal mercenary Corps have the face to continue staying in jiangyu city?"

Chapter 1555-starry token

The man furrowed his brows with a hint of anger, but after seeing the still chariot, he suppressed it and said in a friendly manner, "your reputation is important, but your life seems to be more important. Commander Zuo Cheng is a smart man. Don't you know how to weigh the pros and cons?"

“Are you saying that I’ll die if I don’t listen to you?” Zuo Cheng asked coldly.

“That’s right,” the man said with a straight face.

“Bang!”

The place where that person was standing exploded instantly. He spat out a mouthful of blood and was sent flying into the sky. After that, he fell to the ground far away, his face filled with terror.

Qiu Mujie’s cold voice rang out, “Kill these two, let’s continue!”

“?!”

That person and ke an both turned pale with fright and hurriedly retreated. The person said in shock, “You ... You can’t kill me!”

Zuo Cheng’s face was cold as he mocked, I don’t know who you are, but perhaps you’re someone the green Colt mercenary Corps can’t afford to offend. However, the Lords in this chariot are people you can’t afford to offend.

The man looked at the chariot in horror. The inexplicable strike had instantly injured him. Coupled with the fact that Chen Qianyu was behind him, he shuddered and said in horror, “Everyone, please stop and take a look at this item!”

A ray of light shot out from his hand. Zuo Cheng held the token in his hand and looked at it. Immediately, his pupils shrank and his face turned pale. His body could not help but tremble. The hand that was holding the token trembled so badly that he could not hold it firmly.

“Guild leader, what’s wrong?”

The other members of the green Colt mercenary immediately noticed Zuo Cheng's condition and surrounded him in shock. When they saw the token, they felt as if they had fallen into an abyss. They all sucked in a cold breath and the surroundings became deathly silent. Everyone's face was as ashen as the weather.

The token was half the size of a palm and was engraved with a sky full of stars. It was rotating under a Nebula and at first glance, it actually made one feel dizzy. It was magnificent and magnificent.

"Hehe ... Hehe ..."

The man heaved a heavy sigh of relief. With a smug look on his face, he said, "Commander Zuo Cheng, why aren't you saying anything?" He glanced at the chariot, intentionally or otherwise, and said, "I'll remember today's matter for the time being. Now that I have something important to do, I won't argue with you. I'll settle this score with you another day."

"Swish!"

Suddenly, the sound of something breaking through the air could be heard. The token in Zuo Cheng's hand was taken away by a force and flew into the chariot.

"Tsk! I was wondering what the hell it was. It turns out to be the myriad Stars Valley's myriad stars order, trash!"

Yunxiao's voice rang out, and then a beam of light shot out.

Everyone's expression changed drastically, and cold sweat broke out on their foreheads. There was actually someone in this world who dared to say that the myriad Stars Valley's starry token was trash?

"Bang!"

The ray of light landed on the ground, causing a faint glow.

“?!”

When everyone looked down, they couldn't help but suck in a breath of cold air. They were so scared that all the pores on their bodies stood up.

There were even some who were stunned on the spot, their minds going blank.

The starry sky order had been crushed into an iron ball. There was a deep handprint on it, and the original appearance could still be vaguely seen through the patterns.

“Y-y-you're

That person from myriad Stars Valley seemed to have been choked by someone and was completely unable to speak. His entire face was flushed red.

Ke an was completely at a loss and was a little dumbfounded.

The space on the chariot trembled slightly, and Yunxiao emerged. His eyes were as clear as water as he said indifferently, “I'm very curious. Why would the people of the myriad Stars Valley appear here? what's going on on at the battle Soul Mountain? why are people not allowed to enter?”

After a brief moment of shock, the man finally came back to his senses. When he saw that Yunxiao was just a young man, his fear was greatly reduced. kid, who the hell are you? you actually dare to be disrespectful to the myriad Stars Valley!

Yunxiao's eyes gleamed with a cold light as he said, “What a joke. Why should I respect myriad Star Valley? Do I have to burn three joss sticks and worship it? Quickly answer my question, this young master has no time to chat with you.”

That person's heart was abnormally shocked. He could tell at a glance that this young man's expression was that he really didn't put the myriad Stars Valley in his eyes and was definitely not pretending. However, he still couldn't believe it in his heart. He swallowed his saliva and said, “you're really bold. The myriad Stars Valley is a bi an.

“Bang!”

With a wave of Yunxiao’s hand, a bolt of lightning shot down and sent him flying in an instant. His skin and flesh were torn, and he was charred black. this is your last chance. If you don’t want to say it, you don’t have to say it again.

“Tell me, I’ll tell you, but don’t do anything!”

The man was really scared, and his voice was trembling. His body was full of electric energy, and all the major acupuncture points in his body were filled with lightning energy. Even the top of his dantian was a sea of lightning. If the young man had hit him harder, he would have been turned into ashes.

the myriad Stars Valley has something important to do on the battle Soul Mountain. Therefore, they sealed the road here to prevent it from being destroyed. “As for what it is, I’m not too sure,” the man replied honestly.

that’s it? ” Yunxiao said coldly. it’s that simple? ” Then there’s no point in keeping you alive?”

“It’s useful, it’s useful!” The man shuddered and said. Myriad Stars Valley has set up many checkpoints along the way. If I lead the way, we’ll definitely be able to pass through smoothly!”

“My Lord, let’s bring him along,” Zuo Cheng said, wiping his cold sweat.

His heart was beating like a drum, feeling that things were more complicated than he had expected. He was afraid that if Yunxiao really killed the people from myriad Stars Valley, the green Colt mercenary Corps would be doomed.

it’s up to you, ” Yunxiao said. in any case, just get into the battle Soul Mountain as soon as possible. I’d like to see what’s going on in myriad Stars Valley.

Everyone was sweating profusely. Normally, when one heard that the myriad Stars Valley was in front, they would not even have the time to escape. He actually wanted to rush over to watch the show.

Zuo Cheng's palms were sweating. He knew that he had encountered an unprecedented crisis. Both Yunxiao and the other two, as well as myriad Stars Valley, were powers above him. If he was not careful, he might be involved in it and be crushed to pieces.

However, this was no longer up to him. He shouted, "The two of you, come up and speed up!"

The three earth copper bull beasts immediately began to run wildly on the barren land, kicking up a cloud of dust.

That person from myriad Stars Valley and he and both had gloomy faces.

"May I ask for your name, Sir?" Zuo Cheng asked.

"Just call me Smooth Jade," the man said with a frown. He turned his eyes to the other chariot with fear and said, "Who is that person inside?"

Zuo Cheng looked at him deeply and said, "Don't ask so much. Those adults are not people you can inquire about."

Smooth Jade's body trembled and she immediately shut her mouth.

...

Half a day later, in the vast wilderness, he finally saw a tall mountain. It was a continuous mountain range that lay at the end of the earth.

Yunxiao walked out of the chariot and looked over, his eyes filled with a strange light.

He saw that the mountains in the distance were filled with a deathly aura, which was much thicker than the entire border of Wutian.

Several hours later, in the wilderness at the foot of the mountain, there was a strong elemental energy fluctuation. Many figures flickered, and they were actually fighting.

“It’s the Firebird mercenary group!” Zuo Cheng exclaimed.

The sounds of killing shook the heavens as twenty to thirty people were caught in a chaotic battle.

The most intense battle was between the two men. The origin power fluctuations were so strong that they directly pushed the others a thousand feet away, and the entire battle ring was their battlefield.

One of them was an old man in a green robe. He had a serious expression on his face, but his eyes were bright and full of spirit, like a copper lamp flashing. He waved his saber in an airtight manner, and circles of saber radiance spread out like waves in the sea.

On the other side was a burly man with a face full of scars. His fists were impressive, and his helmet was constantly blooming with a fiery luster. From time to time, strange signs would rise and shatter the saber ocean’s Qi waves.

The two of them were no weaker than Zuo Cheng, and they were locked in an intense battle. All sorts of spiritual pressure burst out in the sky.

“Old man flying bee!” Ke an frowned.

...

“What?” Zuo Cheng was shocked. That old man was old man flying bee? How did these two get into a fight?”

Smooth Jade replied, “there’s nothing strange about it. The Firebird mercenary group had also passed our test before they were allowed to enter.” Old man flying bee was most likely hired by our myriad Stars Valley.” His level was too low, and he was only in charge of the first obstacle, so he didn’t know.

Zuo Cheng's face became serious. That old man flying bee was a cultivator who had been living in seclusion in Wutian. He had been famous for dozens of years, but he hadn't been famous in recent years. Everyone thought that he had left this place. They didn't expect that he was still living in seclusion.

The suspicion in his heart grew even more. Myriad Stars Valley's strength was unparalleled, so why did they still hire these experts to do things for them?

As long as the myriad Stars Valley gave the order to not let anyone get close to the mountain of fighting souls, naturally, no one would dare to violate this taboo.

"Not good, someone's coming."

In the distant battle ring, a martial artist suddenly shouted, his face full of anxiety, "Old man flying bee, use your ultimate move!"

The face of the green-robed elder who was in the middle of an intense battle suddenly sank. He glanced over from the corner of his eye and saw the three earth bronze bulls. His face turned ugly and he snorted angrily, "smooth Jade and koan in front are really useless. They can't stop anyone!"

The treasured saber in his hand suddenly bloomed with a Saber Light, shaking the enemies in front of him away. Then, he grabbed in the air with his left hand, raised it up, and threw it out like scattering beans.

Suddenly, many small dots appeared in the sky, making a buzzing sound.

"Not good, it's the flying Wolf Jade bee!"

Everyone instantly retreated in all directions. The fierce-looking man was also shocked, and cold sweat broke out on his forehead. He clenched his fist and shouted, "Little bastard, exterminate them all!"

"Great Tiger head fist!"

“Roar!”

Under the might of the fist, the roar of a Tiger shook the forest!

A red blood-Striped Tiger with wings appeared behind him and suddenly charged down.

“BOOM!”

The flying wolves and Jade-shaped bees that filled the sky were instantly killed, but even more had already surrounded him and stung him.

“Ah!”

The burly man suddenly let out a blood-curdling screech. His protective Emperor Qi shot out in all directions, trying to kill the flying bees, but it was completely ineffective.

In an instant, a dense swarm of bees crawled all over his body. His entire body was in intense pain, and he almost fainted.

Chapter 1556

1556 Three corpses

“Guild leader!”

The martial artists in the surroundings were shocked. They all roared and rushed forward, taking out all kinds of weapons to cut down the flying bee.

More than ten rays of light rushed into the swarm of bees, killing a few with each attack, but it was like a cup of water on a burning cart of firewood in the face of thousands of bees.

Hmph, a bunch of ants. Even the life of a single bee of mine is much more precious than yours. Die!

Elder flying bee's face was cold as he shouted, "Bee's Loop!"

"Buzz buzz buzz buzz!"

The flying bees that filled the sky suddenly dispersed and actually formed a pattern. They flew in a regular pattern and continuously stung the crowd.

all the martial artists were shocked. They found that the bees' movements were difficult to track, and as they formed groups, the power of the Stingers instantly broke through the Emperor Qi defense and stabbed into their bodies.

At first, there was a huge pain at the place that was stung, then it became numb and unconscious. Everyone's resistance slowed down, and all kinds of screams came one after another.

haha, you're overestimating yourself to fight with the old man flying bee!

the old man flying bee was an expert whose name had shaken the entire Western Region decades ago!

"The flying Wolf Jade-shaped bee is the king of the Golden sand field-the most dangerous place in the Western Region. Any expert who encounters it can only run for their lives!"

The cultivators in the surroundings were all overjoyed and began to discuss proudly, as if they were laughing at the Firebird mercenary group for overestimating themselves.

On the chariot, Yunxiao and the other two watched quietly, and Qiu Mujie's eyes flickered.

are you thinking of catching these flying wolves and blue bees and fusing them into your body?" Yunxiao asked with a smile. so, you want to make them part of your combat power?"

Qiu Mujie's brows slightly furrowed. He glanced at Tang Wulin and said, "It's disgusting to guess other people's thoughts like this." "But you're indeed very smart," he added after a pause, "then guess if I'll choose to capture or not?"

no! Yunxiao laughed. I won't!

"Why?" Qiu Mujie's eyes narrowed.

this thing is indeed an extra combat power when you put it into the warship fish, " Yunxiao said. it doesn't affect your current state at all. But at our level, how useful can this thing be? If you really need it, you should go to the Golden sand field."

"You're right. The flying Wolf Jade-shaped bees are powerful, but their numbers aren't even enough to scratch an itch," Qiu Mujie said.

"Should we save that person?" Chen Yuyu asked.

this is someone else's private matter, " Yunxiao said. let's not get involved. Let's go straight there. His voice was so loud that Zuo Cheng and the others could hear him clearly.

Although Zuo Cheng's expression was a little ugly, he still shouted, " "Continue forward!"

"There are thousands of flying wolves and blue bees up ahead. It's too dangerous for us to go over," slippery Jade said in shock.

"With the three lords around, what's there to be afraid of?" Zuo Cheng asked.

The rest of the people also gathered their courage and rode their earth copper ox beasts forward.

The three copper earth bull beasts revealed a look of fear, but under the control of the human-monster hybrid, they still braced themselves and ran forward.

it's the green foal mercenaries! Captain Zuo Cheng, please save us!

The cultivators who had been surrounded by the flying bees and were fighting desperately saw someone coming and immediately felt hope in their hearts, shouting desperately.

However, the green Colt mercenary group seemed to be unmoved, and the earth copper bull beasts were running faster.

The hearts of the Warriors of the Firebird mercenary group sank.

"Al, stop shouting." We don't know them well, and we even had a conflict over a piece of resource last time. How could they help us?"

if we don't join forces, we can't defeat old man flying bee! another person said anxiously, " our leader can't hold on much longer!

The man with the scar on his face was almost unrecognizable. His body was covered in bees, and occasionally, there would be light shooting out, but then it would gradually be completely extinguished.

Elder flying bee's eyes narrowed as he appeared in front of the green Colt mercenary group, staring at them coldly. The cold Yin Qi from his body spread out, instantly making the three copper ox beasts stop in their tracks.

get out of my way within three breaths, " Yunxiao said with a cold face. otherwise, you'll die.

Old man flying bee was stunned for a moment, then he laughed wildly and said, " "Hahaha, where did this wild child come from! The words he said made people laugh their heads off!"

Yunxiao raised his hand and pointed at the sky. Immediately, the clouds in the sky surged, and countless Thunderbolts gathered. The entire sky was dark, and countless green Thunderbolts flashed on the ground.

The smile on old man flying bee's face froze, and fear appeared on his face.

The nearby flying wolves and Jade-shaped bees also suddenly slowed down, and for some reason, electricity suddenly appeared in the swarm of bees, causing them to crackle.

"Pi Li pa la!"

In just an instant, every bee's body seemed to be charged with electricity. They affected each other, and an entire stretch of electric radiance flashed across the sky.

The buzzing sound weakened and a large number of bees fell from the sky, electrocuted to death!

"What?"

All of the cultivators were shocked as they looked at the falling flying wolves and blue bees, as well as the flashing lightning in the sky. It was as if they had entered a sea of lightning.

"S-Stop!"

ah! old man flying bee was shocked and shouted in panic. He didn't care about the flying Wolf and blue bees and turned into a ray of light to escape.

Yunxiao pointed his finger, and a Thunderbolt as thick as an arm fell from the sky, chasing after the old man.

"BOOM!"

"Ah!"

Old man flying bee let out a blood-curdling screech as he fell from the sky, his entire body smoking. It was unknown if he was still alive or not.

All the lightning in the world instantly dissipated, and the sky was deathly silent. Everyone's mouths were wide open, and they were completely dumbfounded.

I'll spare your life this time because it's not easy for you to cultivate," Yunxiao said. If there's a next time, you'll really be dead.

...

Old man flying bee lay on the ground and trembled. Smoke kept rising from his body, and his eyes were full of fear and terror. He didn't dare to make a sound.

The three earth copper bull beasts ran over and soon disappeared from everyone's sight.

At this time, someone finally came back to his senses and couldn't help but shiver. He said in shock, "What, what's going on? Who was that person just now?"

"Gulp!"

Everyone was swallowing their saliva. No one could answer this question.

"Who are those three people?"

Zuo Cheng rolled his eyes at Smooth Jade when she asked the same question again. Of course, Zuo Cheng wanted to know the answer as well.

There were only a handful of people in the Western Region who could defeat the old man flying bee with a single move, and they had no impression of these three people at all.

Could he be from another region?

The few of them thought of this possibility, and their hearts felt heavy as if lead had been poured into them.

The three copper earth bull beasts soon arrived at the foot of the mountain. The aura of death was getting stronger and stronger, and the frequency of the copper earth bull beasts eating also increased. There was some green liquid mixed in the food, which seemed to make them more energetic.

...

“Why is there such a powerful pressure?” Qiu Mujie asked with a frown. If it’s just a giant beast or earth-type origin Energy, it wouldn’t be able to maintain such an overwhelming effect.”

that’s right, ” Yunxiao said. it’s like there’s a formation running continuously. It seems that the mountain is very interesting.

The earth copper ox beasts all stopped in their tracks, and the green foal mercenary group also stepped out of their chariots. All of them had a serious expression on their faces, and their bodies glowed with a faint light as they fought against the deathly aura.

“My Lord, this is the mountain of fighting souls,” Zuo Cheng said respectfully.

Yunxiao gave smooth Jade a look and said, ” the people of myriad Stars Valley are all inside? ”

At this moment, slippery Jade did not dare to have any other thoughts. She replied carefully, ” “Yes, my lord.”

“The deathly grey Qi here seems to be even thicker than usual, does Daren really want to go up the mountain?”

nonsense! Yunxiao said. why didn’t you come up the mountain? ” Let’s go.”

Zuo Cheng and the others had a bitter look on their faces, but they had no choice but to follow behind. The mountain road was rugged and full of twists and turns. It would be difficult to make a detour without a familiar path.

Yunxiao took a few steps in front and said in surprise, "There seems to be a change in gravity?"

Zuo Cheng quickly said, "The fighting Soul Mountain is divided into the outer and inner parts. The gravity on the outer part can reach up to 100 times, but the inner part is unpredictable. Sometimes it is normal gravity, and sometimes it can suddenly increase to hundreds, thousands, or even tens of thousands. If you are not careful, you will be crushed into pieces.

"What? It suddenly increased to 10000 times the gravity?" Even Chen Yuyu's expression changed drastically.

"That's right. That's why no one has ever dared to set foot in the inner region. Those who are cultivating in WUFA are at most at the outer area of the mountain."

you haven't been to the internal department either?" Yunxiao asked.

"I set foot here once many years ago," Zuo Cheng said with a bitter smile, "but I retreated within a mile. It's too terrifying."

alright," Yunxiao said. you can leave after you bring us to the inner circle. We'll walk around the rest by ourselves.

"Yes, yes!" Zuo Cheng was overjoyed and quickly replied. My Lord, please follow me!" He could finally get rid of it, and he couldn't help but heave a sigh of relief.

Moreover, after sending these gods of plague away, they could stroll around the periphery and perhaps find the baby deer.

After walking for a short distance, everyone suddenly stopped in their tracks. Not far ahead, there were bloodstains everywhere, and three corpses were lying on the road.

“This is a Kasaya.”

Zuo Cheng’s heart skipped a beat. He hurriedly stepped forward to examine the corpses. They were almost dried up. Apart from the horror and pain on their faces, their bodies were festering. The person who did this was extremely ruthless.

“He just died not long ago!” Zuo Cheng’s expression turned grave. He said coldly, “And they were killed!”

Yunxiao only gave it a glance and did not pay too much attention to it. “You know them?”

“I don’t know him,” Zuo Cheng shook his head. I know most of the people who are in jiangyu city and dare to come to the fighting Soul Mountain. I’m afraid they’re cultivators who’ve been cultivating in seclusion all year round and rarely show their faces.”

A trace of fear flashed across ke an’s face as he said, “ I’ve seen these three people before. They were indeed independent cultivators who had been cultivating in seclusion. Their strength was amazing, especially when they had a set of joint attack techniques. When they joined hands, they were extremely powerful. How could they die just like that?!

Chapter 1557-you all “deserve death”

someone from myriad Stars Valley? ” Yunxiao asked. did they do it? ”

Slippery Jade could feel the unfriendly gazes from the crowd. Feeling uneasy, she hurriedly said, “ I don’t know, perhaps it should or might not be Yingluo.”

As he spoke, his voice became lower and lower. Even he was sure that it was most likely the doing of the myriad Stars Valley. Otherwise, how could this battle Soul Mountain have such a powerful force?

it’s most likely myriad Stars Valley, ” Yunxiao said. what is their purpose? I’m really curious. Is it also that giant deer monster? ”

Qiu Mujie's eyes gleamed as he said, "That's most likely the case. It's most suitable to take such a huge beast as a Guardian beast. Let's hurry up and leave, don't let the people from myriad Stars Valley get there first!"

Everyone felt dizzy. These few people still wanted to snatch things from the myriad Stars Valley!

However, when they thought about their strength, they were most likely some amazing existence, so they all led the way in front with fear.

Somewhere inside the mountain of fighting souls, there was a thick gray fog, and it was hard to see one's fingers.

Suddenly, a wisp of green light lit up and slowly spread out in the gray fog. It gradually condensed into a green space and separated the gray fog.

Only then did several figures appear. They were all clad in long gray robes, and their faces could not be seen.

"Su ping, why did you call us here?" One of them snorted. His tone seemed to be extremely impatient.

In the center of the crowd, a petite man's robes fluttered slightly, and the green light covered his handsome face. He was actually very young, and his face revealed a calm and steady expression that was rare for his age. He said, "Someone has entered the mountain."

The man from before frowned, revealing a terrifying scar that ran down from the left side of his forehead, passing through his eyes, nose, and lips, embedding itself several inches deep into his face. One look was enough to send shivers down anyone's spine.

It was obvious that he had been slashed in the face!

Cultivators at this level could change their appearance at will, and healing this degree of scar was a piece of cake. However, this person had obviously kept it on purpose, and the meaning was self-evident.

“Hmph, a few flies just flew in. Is there a need to be so nervous?” “Is this your ability to plan the overall situation?” the scar-faced man asked coldly. Su ping, you’ve really disappointed me!”

Su Ping’s delicate and handsome face remained calm under the flickering green light. He said quietly, “The people who entered this time are not simple.”

He took out a square-shaped profound level weapon. With a “ bang “, it shot out a ray of green light and spread out.

Suddenly, a formation that filled the sky spread out, and countless runes flashed within. Everyone was under the light of the formation, staring at the flashing runes without blinking.

“This is a Pixiu!” The scar-faced man suddenly trembled and cried out, “15%? How could this be possible? The measuring device must be broken!”

Su ping said, “ this energy-sensing disc can accurately sense even the most powerful force. The strength of the person who entered the mountain has reached a very terrifying value. It has increased the energy in the entire battle Soul Mountain by 15%. Even Lord Yu Zang might not be able to reach this level of power.”

Yu Zang’s face suddenly twitched, and the scar wriggled like a centipede, making him look even more gloomy and terrifying. He said in a cold voice, “How many people entered the mountain in total?”

“Nineteen,” su ping said.

“Hahaha! It’s not a big deal for nineteen people to increase energy by fifteen percent, Hmph!”

Yu Zang waved his sleeve and said sarcastically,“I’ll kill them so that su ping can rest assured.” In the future, don’t call everyone over for every small matter! Your ability to plan is really weak. I really don’t understand why Lord sect master would feel at ease letting you preside over this matter, Hmph!”

With a flash of his figure, he turned around and disappeared on the spot. Several other figures also disappeared with him.

“Be careful, Lord Yu Zang,” su ping said.

However, the figure had already disappeared, so how could he hear it? even if he did, there would be no reply.

alas, Yu Zang is too narrow-minded. Su ping, don't lower yourself to his level.

A gray-robed man said with a sigh. His voice seemed old, but it was still vigorous.

elder yuxiu, ” su ping said, ” I haven't met him before. It's just that the people who entered the mountain this time are extremely strong. It makes me feel a little uneasy.

“Oh? There's such a thing?”

Yu Xiu pondered for a while and said,“you can take care of the things inside. Leave the outside to me.” If Yu Zang is no match for him, I will go and help him.”

Su ping said, ” then be careful, elder yuxiu. It's very likely that the person who entered the mountain is from the soul Devourer sect. These few days are a critical period. We can't be disturbed at all. However, if the intruders are really strong, elder, don't fight them head-on and retreat into the mountain. I have my own ways to stop them.”

Yu Xiu was slightly surprised, thinking,“if even I can't stop him, what can you do?” But he still nodded and said,“alright, I'll remember that.”

The green light flickered, and several more figures disappeared.

The only person left behind was a tall and sturdy man. The man's entire figure was covered in a gray robe, and his true appearance couldn't be seen at all. He only indifferently said,“It is indeed difficult for you to manage the battle Soul Mountain.”

“There’s no such thing. Let’s go,” su ping said quietly. He turned around, and the two of them quickly disappeared into the green light.

Soon after, the green light slowly weakened and was finally completely submerged by the deathly aura of the grey Phoenix. The entire area returned to its previous state.

At the foot of the mountain, the green foal mercenary group was slowly making their way around the mountain range. Everyone’s faces were just like the environment, gray and dusky.

Along the way, they found a few more bodies. They were all hermits who were cultivating in the mountain. The entire mountain seemed to have been cleaned.

Chen Yuyu’s expression was cold as he said, “ if it was really done by the myriad Stars Valley, then isn’t it too devoid of conscience!

The members of the green Colt mercenary turned around and looked at him strangely.

“The weak are prey to the strong, and all those below the strong are ants. Aren’t your words a little too childish?” Qiu Mujie sneered.

even if it’s the law of the jungle, ” Chen Yuyu said angrily. don’t you have any mercy as a strong person?  
”

“Mercy? Jiejiejiejiejie!” Qiu Mujie suddenly laughed out loud, causing everyone’s hair to stand on end. you’re kind to others, but have others been kind to you? ”

Chen Yuyu’s face was ashen and he didn’t say anything.

you’re right, ” Yunxiao sighed. the strong should have a merciful heart. Don’t be confused by crazy Jie’s words, he has already walked to the extreme of the evil path. However, there are many things in the world that can not be changed by human power. For example, I also want to know who is the person behind the cleansing of battle Soul Mountain. I also want to know who is so vicious to bury so many innocent people for his own benefit.”

“Tsk!”

“Don’t tell me you’ve killed fewer people than them?” Qiu Mujie mocked in disdain.

quite a few, ” Yunxiao said. but I will not sacrifice innocent people for my own purpose.

“You think they’re innocent, but the people from myriad Stars Valley think they deserve death. So what?” Qiu Mujie sneered.

I don’t want to make such a nonsensical argument with you, ” Yunxiao said with a frown.

...

Qiu Mujie laughed. it’s indeed a flawless judgment. That’s because all the laws in the world are set by the powerful. If they say that you deserve death, then you really do.

The members of the green Colt mercenary wore sad expressions. Although they all understood this truth and knew how cruel the world was, they only understood how sad it was when they were no longer in control of their own fate.

“Pa! Pa! Pa!”

“Well said!”

A wave of applause and praise came over. A few more figures appeared on the mountain path, all wrapped in gray robes, blocking in front of the crowd.

“Who is it?”

All the members of the green Colt mercenary Corps were taken aback. They quickly ran down and hid behind Yunxiao and the other two.

The power of the dead ash in the mountain of fighting souls was too strong, and everyone's divine sense was greatly suppressed. They only reacted when a few people appeared beside them.

"I'm the one who condemned you as 'damned' experts," one of the gray-robed men sneered.

"Argh! It's Lord Yu Zang!"

Smooth Jade was shocked. She then ran over in joy and said, "Sir, Sir, save me!"

...

Yu Zang's face darkened. I asked you to set up a checkpoint outside the mountain, " he said coldly. you went up the mountain with your people? "

Slippery Jade could feel the killing intent and trembled as she said, " My Lord, there are a few powerful experts that I can not defeat. After a bitter battle, I was captured by them and brought here."

"In that case, it's been hard on you." Yu Zang's expression softened.

"It's my duty to do my best for the sect. How can I complain about being tired?" slippery Jade panicked.

you're not bad, " Yu Zang nodded. go to the back.

Smooth Jade ran to the back in joy.

Yu Zang looked at the crowd coldly and said, " I'll show you mercy now. As long as you retreat now, I won't pursue you."

“No way,” Yunxiao said, puzzled. With the way you guys do things, shouldn’t you have just killed everyone and cleared the area?”

Qiu Mujie sneered. this fellow’s eyes are pretty sharp. He knows that he’ll be dead if he makes a move. That’s why he’s bragging to scare us away.

you! Yu Zang was furious and shouted, “ since you want to die, don’t blame us!

With a wave of his hand, a ray of light flew out from his sleeve and slashed down!

Qiu Mujie laughed savagely and directly reached out with his large hand.

The light was caught in his hand, and with a clench, it was instantly annihilated.

what? ” Yu Zang’s pupils shrank. attack!

He didn’t dare to underestimate him anymore. His Emperor Qi exploded, and a mass of black fog appeared in front of him. It turned into runes that flashed in the air, and the roar of a demon beast could be heard.

Yu Zang’s figure flickered and disappeared into the black gas.

At this moment, the gray-robed men behind him also attacked at the same time. A large number of ear-piercing explosions came from the air inexplicably. In an instant, half-moon shaped wind blades filled the sky and fell down like endless falling trees.

The wind blades were surrounded by black cracks, and the entire mountain path was shattered. The green Colt mercenaries were already bleeding from their ears from the explosion. Their faces were pale with fear as they gritted their teeth and stared at the sky.

With a calm expression on his face, Yunxiao made a grabbing gesture with his right hand. Instantly, endless Thunderbolts gathered and turned into a huge hammer with crackling sounds, which he then smashed into the sky!

“BOOM!”

The spatial node under the hammer exploded in an instant, and countless green lightning dragons surged in all directions, devouring all the wind blades in an instant.

Chapter 1558-seven loose sons

The power of the Thunderbolt did not decrease and directly charged towards the myriad Star Valley’s people.

The few gray-robed men suddenly swayed their bodies and disappeared from the mountain path, leaving only smooth Jade there. She screamed in horror and wanted to escape, but she was struck by a Lightning Dragon!

“Bang!”

The lightning Dragon passed through his body and exploded him into pieces.

Suddenly, a mass of black smoke appeared in front of Yunxiao, and a big hand came out of it, squeezing the Thunder energy away and pressing toward his chest.

“Hmph!”

With a sneer, Yunxiao’s hands turned golden and he reached out.

“Pa!”

His ten fingers pressed on the acupuncture points on the front and back of the arm, and his essence force pressed down.

“Bang!”

The arm suddenly exploded and turned into a Black Dragon that flew up into the sky, pushing Yunxiao’s arms away and shooting into the sky.

Countless runes gushed out of the black Dragon’s body, and it roared as it descended.

At the same time, several gray-robed men suddenly appeared around Yunxiao and surrounded him, all of them throwing out palm strikes in the air.

A mountain-like pressure surrounded them like an iron bucket. It pressed down from all directions. A Black Dragon circled in the sky and charged down with a ferocious expression.

Yunxiao’s expression was calm, and he was not moved at all. All of a sudden, he transformed into his three-headed and six-armed transcendence golden body and clenched his fists.

His fist was covered in a ball of golden light, and his entire body was covered in a golden halo. He shouted and pushed in all directions.

His six punches turned into palm techniques that blasted out in all directions!

“Boom boom boom!”

The Golden Palm wind collided with the power that filled the sky. It was like a wave crashing into a rock, causing thousands of waves. Countless palm shadows exploded in the air.

As the Black Dragon charged forward, it was actually bounced back by the spiritual pressure from the collision of the two forces. After circling a few times, it charged down again!

“Boom boom boom!”

As soon as the Black Dragon landed, its body continuously turned into runes and collapsed.

The palm force that blotted out the sky lost its balance, and the spirit pressure collapsed instantly. Countless black runes fell on Yunxiao's body and exploded like chains!

“Bang Bang Bang Bang!”

Yunxiao's face was solemn, but he still stood still with his six hands folded into a fist, letting the power of the Black Dragon bombard his body. A faint golden light was shining on the surface of his skin.

The countless exploding black runes scattered in front of him, and suddenly, a faint figure appeared, fiercely slapping out with both palms.

As soon as the palm momentum rose, it was like a mountain uprooting the ground, and the sky trembled!

“Moon-leaning palm!”

Yu Zang shouted, and his body made of virtual light suddenly became solid. He slammed his palms down, as if the entire mountain of fighting souls was pulled up and pushed directly.

Yunxiao's lips curled into a cold smile as he said, “I've been waiting for you!”

He grabbed with his six arms and six more golden lights appeared. He threw them forward and they turned into a cloud of stars.

The hands in front of him were like floating clouds and flowing water, stirring in the golden light. Suddenly, he formed a seal and forcefully slapped out!

“Floating life seal!”

“Bang!”

The two extremely powerful forces collided, and the entire space trembled.

Many of the green Colt mercenaries behind him spat out a mouthful of blood. They were immediately invaded by the deathly grey energy and hurriedly circulated their inner Qi to resist it.

“BOOM!”

The force in front of the two of them exploded again, as if a mountain was collapsing.

Yu Zang only felt that his moon-leaning palm force was crumbling layer by layer. The other party's power was like an endless wave, layer by layer, and there was no end.

“Pfft!”

He finally couldn't take it anymore. He spat out a mouthful of blood and was sent flying. His body flickered through the air and immediately disappeared into the deathly grey Qi, completely disappearing.

“Not good, he escaped!”

Chen Yuyu started to blame himself and said, “It's all my fault for being careless. I didn't expect them to escape so quickly!”

“Escape? What a joke!”

Yunxiao grinned hideously. A blood-red color appeared in his eyes, which then turned black and shot out seven colors again, and finally returned to tranquility.

“Come out and face your death!”

“Clang”

The sound of a sword vibrating rang out, followed by a sword ray shooting out in the air. Several screams were heard, and a few streaks of red blood appeared in the gray fog.

Then, several figures fell to the ground, all dead!

One of the largest sword beams stabbed to the left. Yunxiao stepped forward, and the cold sword pierced into the chest of one of the men, leaving a bloody mark.

The gray mist dispersed, revealing Yu Zang’s pale and frightened face, which was filled with disbelief.

“What, you’re not convinced?”

it’s a pity that I don’t have time to make you submit, ” Yunxiao said indifferently. do you want to tell me what I want to know, or do you want me to search your soul? ”

...

“Soul search?”

Yu Zang’s body trembled, and then a look of realization and ridicule appeared on his face. “Hahaha! Who Do You Think You Are!”

“Bang!”

Yunxiao was too lazy to talk any more nonsense. He clenched his fingers into a claw and smashed the man’s skull!

“Ah!” Yu Zang screamed.

Under the severe pain, the defense of the spiritual altar and sea of consciousness was weakened to the minimum. In an instant, tens of thousands of needle radiances pierced in, and he lost consciousness completely.

The faces of the green Colt mercenaries turned pale and their bodies began to tremble. This kind of soul-searching technique was rare, let alone the soul of such a powerful existence.

The identities of Yunxiao and the others became even more mysterious and terrifying. They had been guessing in their hearts before, but now they did not even have the courage to guess.

Yunxiao’s skin glowed with a faint golden light, and his eyes turned strange, with strange runes flashing in them.

Chen Yuyu’s expression was serious. He held the hilt of his sword with his right hand and said coldly, “Crazy Jie, you better behave yourself!”

Qiu Mujie placed his hands behind his back and shot a disdainful glance at him. He laughed and said, “I just want to see his soul-searching technique. Don’t be nervous.”

...

“I hope so,” Chen Yuyu said coldly. If you try anything funny, I’ll immediately take your head!”

“Tsk!”

Qiu Mujie sneered sarcastically and didn’t say anything else.

Ten minutes later, the golden light on Yunxiao’s body slowly disappeared. Yu Zang’s arm loosened, and his body fell to the ground, turning him into a complete idiot.

“Bang!”

He swung his fist down and crushed Yu Zang’s head.

As a top master, if he still had spiritual sense, he would most likely choose to die after falling into such a state.

“How did it go?” Chen Qianyu asked hurriedly.

Yunxiao’s eyes returned to normal, but they were filled with solemnness. After pondering for a moment, he said, “I’m afraid it’s going to be a little troublesome. I originally wanted to settle that matter in this mountain, but I didn’t expect that there would be so many experts in this mountain. Furthermore, the myriad Stars Valley has already laid down layers of arrangements.”

“Then what should we do?” Chen Yuyu asked.

After a moment of silence, Yunxiao said, “Let’s leave,”

“What? Leave?” Chen Yuyu froze and looked suspicious.

Qiu Mujie also frowned and said, “I thought I heard wrong. Is this your style? Li Yunxiao!”

Chen Yunyu, “Yunxiao said, “you should understand that it’s too important, and no mistakes can be allowed. After we are done, we will come back to the battle Soul Mountain to explore. After all, we have obtained some interesting information. I also want to go inside the mountain to have a look.”

“What interesting news?” Qiu Mujie asked. Tell us and we’ll share it. ”

Yunxiao chuckled. no important news. That’s all. Let’s go.

These words caused Qiu Mujie to choke as if he had swallowed a fly. He didn't know what to say and could only give a heavy look of disdain.

"Leave? Where are we going? Are you going back?"

Zuo Cheng asked carefully, his attitude unprecedentedly respectful.

find a sparsely populated, absolutely safe place in WUFA heaven, " Yunxiao said. it's best to stay far away from the mountain.

After learning some things, although Yunxiao was very curious, he also knew that he could not get involved in this muddy water now. The top priority was to facilitate Yuan gaohan's Soul Fusion.

"A safe place with no one around."

Zuo Cheng pondered carefully, and the rest of the people were also thinking hard.

Suddenly, both Yunxiao and Qiu Mujie frowned and revealed completely different expressions.

A hint of impatience flickered in Yunxiao's eyes, while Qiu Mujie was overjoyed as he laughed and said, "Haha, I can't leave." He was in an extremely good mood. His main goal here was to capture the giant deer monster.

"Argh! Yu Zang!"

Suddenly, a gray-robed figure landed beside Yu Zang. Looking at the exploded head, he seemed to be in disbelief. He stared blankly for a while before finally accepting the reality in front of him.

" You dare to kill my myriad Stars Valley's people, you deserve to die!"

The gray-robed man seemed to have gone mad. The aura on his body suddenly exploded, and in an instant, the sky and earth surged. The space also swayed along with it, and everyone could not stand still.

At the same time, six figures appeared in the sky, all standing in the air.

Some of them had their hands behind their backs, some were making hand seals with one hand, and some were clenching their fists, but without exception, all of them were filled with killing intent. The cold air pressed down, and the temperature of the entire mountain path plummeted.

It's him. Yunxiao sighed and said, "myriad Stars Valley's seventh Sanzi.

These words were like a clap of thunder in the ears of the green foal mercenary Corps. Everyone's faces turned pale and they were stunned.

Even though Zuo Cheng and Ke An were powerful, their expressions were ugly to the extreme, and their hearts sank.

The person who roared loudly shouted, "you dare to kill my myriad Stars Valley's people? now that you recognize our names, why don't you surrender? I can give you a quick and painless death!

"Seven loose disciples are nothing. How can he give us a quick death?" Qiu Mujie sneered.

The members of the green foal mercenary company came back to their senses one by one. After hearing these words, it seemed as if the three of them weren't even afraid of seven loose disciples. Those were the seven elders with the highest cultivation in myriad Stars Valley!

you killed all the people on the mountain," Yunxiao said calmly. why can't you let others kill you? "As a martial artist, you have to be prepared to be killed at any time. I killed him. Do you need to be so excited? And according to Yu Zang's memories, your relationship is only so-so."

"What? You even searched Yu Zang's soul?"

The gray-robed man was greatly shocked and could not help but draw in a cold breath. Only then did he dispel the anger in his heart and gradually calm down.

He looked at Yunxiao, Qiu Mujie, and Chen Yuyu, and understood that the problem lay with these three people. The men of the green Colt mercenary group behind him did not even look at them.

Chapter 1559-thousand swords

Lord Yu Xiu, this person killed my myriad Stars Valley's people and directly searched Yu Zang's soul. He already knows a lot of secrets of the fighting Soul Mountain. We can't allow him to leave! A gray-robed man said in a cold voice.

Yuxiu thought of su Ping's words, and his heart felt heavy. He said, "Can you all tell me your names? Since you dare to make a move against my myriad Stars Valley, it's not to the extent that you don't even dare to announce your name, right?"

it's not that I don't dare to," Yunxiao said. it's unnecessary. You are a smart person, letting us leave should be the best choice. Why do you have to sacrifice your interests for a little face?"

you're right," Yu Xiu said. if I hadn't searched Yu Zang's soul, I might have really let you go. But since you already know quite a few of our secrets, there's no reason for you to leave."

"Haha, why are you wasting so much time? You guys from myriad Stars Valley are cowards if you don't take action!" Qiu Mujie laughed as he pointed at Yunxiao and said, "He was the one who killed Yu Zang, and he was also the one who searched Yu Zang's soul. You can kill him."

A strange look flashed in Yu Xiu's eyes. Could these people not be in cahoots? He probed. if the two of you are not this person's accomplices, please leave immediately. The myriad Stars Valley will not involve the innocent.

Qiu Mujie was speechless,"you've cleared the entire mountain, yet you're saying that you won't implicate the innocent. Although I'm not his accomplice, I'd like to see what you're up to!"

"I'm sorry, I'm on his side," Chen Qianyu said.

my Lord from the myriad Stars Valley, " Zuo Cheng said hurriedly, " our green Colt mercenary group is not in cahoots with these three. We'll take our leave now! He turned around and wanted to leave, but he felt a wave of killing intent land on him, directly intimidating him to the point that he couldn't move.

Yu Xiu's expression was incomparably sinister, and he coldly said, " "Since they're not leaving, you guys can't leave either! The myriad Stars Valley doesn't mind killing a few more ants!"

As soon as he finished speaking, his aura exploded. He made a hand seal, and the surrounding deathly grey Qi suddenly turned into a storm, setting off a huge tornado that pressed down.

He did not stop after that move. Instead, his figure flickered as a cold beam of light shot out of his hand and slashed at Yunxiao.

"Swish!"

As the sword light flickered, Yunxiao's afterimage was cut in half, and his real body had disappeared.

Yu Xiu was shocked, he immediately stood up with his sword in hand, on guard.

To be able to suddenly disappear under the lock of his spiritual sense and pressure, it was definitely not an easy person!

"Whoosh!"

The tornado that filled the sky dispersed, and countless dust and sand flew in the air. Chen Yuyu and Qiu Mujie still stood unmoving. A faint layer of light protected their bodies, and the storm could not hurt them at all.

Kun Xiu stood in the center of the storm, his eyes as calm as water, unmoving as a mountain.

"Over here!"

He suddenly let out a loud shout, and his sword formed a long rainbow that pierced through the space behind him!

“Bang!”

When the sword was blocked, Yunxiao’s figure slowly appeared in the storm.

A faint golden light protected his entire body. With one hand behind his back and the other outstretched, his two fingers gently clamped the sword.

“?!”

Kuai Xiu’s heart trembled in shock. His pupils suddenly contracted violently as all the elemental energy in his body was continuously poured into the sword, causing rings of light to spread out on the sword, and the treasured sword even trembled.

The force on the sword grew heavier and heavier, but it seemed that it could not be pushed forward by even an inch. Yunxiao remained calm and unmoving the whole time.

Even Qiu Mujie and Chen Yuyu’s eyes were filled with shock.

In fact, Yunxiao seemed to be idle, but in fact, the flower-pinching finger contained his extremely high understanding of martial arts and divine abilities, and with the help of the imperishable golden body, he could easily defeat the enemy.

The other six sons also made their moves in the sky. The person who could kill Yu Zang was definitely not simple. They did not dare to underestimate the enemy.

Sword beams flickered from all six of them as they fell from different directions, surrounding Yunxiao in the center and forming a barrier of sword beams that cut toward him.

The six streaks of sword Qi were like rainbows piercing through the sun, and the sky was neatly cut open.

Yunxiao's face flickered slightly. With a flick of his finger, he knocked yuxiu's sword away with a bang. Then, he performed an incantation gesture with one hand and made a grabbing gesture in the air with the other. The box of tianguang swords fell into his hand, its light flowing.

Yu Xiu only felt his arm go numb, and the momentum of his sword was reversed. The sword Qi that filled the sky slashed out indiscriminately, almost out of control.

He was extremely shocked, and he gritted his teeth as he raised his sword and slashed again.

Yunxiao's eyes narrowed slightly. With a flash of silver light from the sword box, thirty-six swords flew out and formed an array in the sky. Suddenly, a vast sword intent spread out and formed a world of its own!

Clang! Clang! Clang! Clang!

Qi Sanzi's Seven Rays of sword Qi slashed down, but were blocked by the myriad sword formation. That sky-splitting momentum was instantly frozen!

"What? That's impossible!"

The seven people's expressions changed drastically, and their hearts were in turmoil.

Yunxiao's face was solemn as he performed an incantation gesture with one hand. Sword runes flew out of his body and into the myriad sword array, and the thirty-six Northern heaven cold star swords immediately transformed.

The Dao turned into one, one into two, two into three, three into all things in the miasma.

In an instant, the sky was filled with sword shadows. The 36 swords turned into 72 sword formations, 360 sword formations, and 1080 sword formations.

It was endless and derived to the extreme of the Dao of the sword!

“Not good! Quickly retreat!”

no! kun Xiu suddenly shouted. Although he didn't dare to believe it, the scene in front of him didn't allow him to think too much. The strength of the sword intent that filled the sky was far above his own comprehension!

The other six felt even more so. They felt that they were completely unable to resist this world of swords!

The confidence and courage of the seven people instantly shattered. They suddenly withdrew their swords and fled.

But, Yunxiao did not seem to notice it. He was still performing incantation gestures with one hand, creating a sword array. At this moment, his clothes were fluttering in the wind, and he looked calm, as if he had already integrated into the world of swords.

Qiu Mujie and Chen Yuyu were also greatly shocked.

This was especially true for Qiu Mujie. With his ultimate body, he was practically the number one expert below divine transcendence. However, his heart was beating like a drum at this moment. Would he still be able to deal with this sword formation? He couldn't get a definite answer.

Besides, with Yunxiao's talent, it was almost a done deal for him to enter divine transcendence. If he could not make another breakthrough in his ultimate body, he would be stuck at the door for the rest of his life. At the thought of this, he could not help but feel gloomy and his face turned extremely ugly.

“En, escape?”

...

Yunxiao opened his eyes slightly as if he had come back to his senses, and the corners of his mouth curled up in a mocking smile.

A sword talisman appeared on his fingertip, and he pointed it in the direction of the mountain range where the seven of them had escaped to. He said softly, "Thousand sword style!"

"Swish Swish Swish!"

The sky was filled with sword shadows, like carps crossing the river, densely packed and uncountable!

"BOOM! BOOM! BOOM!"

Countless sword energies crashed into the mountain, causing it to crack and thousands of turtle patterns to spread out in all directions.

The green Colt mercenaries felt as if the sky was falling and the earth was splitting apart. A deathly aura filled the air and rolled in the sky. It was as if there were countless demons and ghosts within it, baring their fangs and brandishing their claws.

Many people were struggling to hold on under this huge shock, their faces bitter.

The powerful sword Qi directly cut into the mountain, and the entire mountain began to crack. The mountain started to shake violently.

"Moving mountains and overturning seas, shaking the heavens and shaking the earth! Who the hell is this young man!"

The green Colt mercenary cried out in pain, and many of them fainted on the spot. Zuo Cheng quickly took out a small Golden Ball and smashed it in his hand!

...

With a “bang,” a golden barrier rippled out. The light was dazzling, and it enveloped everyone before it stabilized.

At this moment, the entire mountain range was completely deformed. A large area of the mountain peak was directly shaved into flat land. Countless cracks appeared on the ground. It was a terrible sight.

“This, this Yingluo”

Zuo Cheng’s face turned pale. He swallowed his saliva and gulped a few times, but he could not speak.

four died, and three escaped,” Yunxiao said. they ran really fast.

He retracted all the sword gleams on his body and slowly descended from the sky with his hands behind his back.

“You have a heaven-shaking might, but your strength is only so-so.” Qiu Mujie snorted. Although he had a disdainful look on his face, everyone could see that he was not speaking from the bottom of his heart.

Chen Yuyu said, “ didn’t they say that there was a giant deer demonic beast in the mountains? there’s no movement at all even after such a big operation. Could it be that the giant deer was captured by the myriad Stars Valley? ”

Qiu Mujie’s pupils constricted. After witnessing Yunxiao’s thousand Swords Art, he was even more eager to get the giant deer.

that giant deer has been trapped in the inner mountain by the people of myriad Stars Valley,” Yunxiao said. unfortunately, there is not much information in Yu Zang’s mind. The whole thing is presided over by a disciple of myriad Stars Valley named su ping.

“Su ping?” Chen Zhiyu and Qiu Mujie both frowned, clearly not having heard of this person.

it's normal that you haven't heard of him," Yunxiao said. this disciple has been in myriad Stars Valley for less than ten years, and he is only twenty years old now.

twenty years old?!

The two of them were shocked. Chen Yuyu said, "How's his cultivation? What right do you have to take charge of such a situation?"

this man is the direct disciple of Tian Xingzi, the sect leader of myriad Stars Valley," Yunxiao said. he has amazing talent, and even Yu Zang doesn't know how strong he is. In Yu Zang's memories, he was filled with jealousy and resentment towards this disciple."

"The rise of any genius is always under the envious gazes of countless people. It seems like Tian Xingzi values this direct disciple very much." Qiu Mujie sneered.

Yunxiao nodded. it seems that he is being trained as a successor. I'm also very interested in meeting this man. Twenty years old? "Interesting," he smiled.

let's go," Chen Yuyu said with a frown. that matter is more important.

we've already come to this point," Yunxiao said. why don't we stay in the mountain of fighting souls and clear out the people from myriad Stars Valley? "

Cold sweat seeped out of Chen Yuyu's forehead and he said, "Clear the field!"

Yunxiao took a few steps back and came up to Zuo Cheng. "What's with that barrier you just used?"

"My Lord, that's the little gold spiritual Pearl," Zuo Cheng hurriedly replied.

"Little gold spiritual Pearl?" what is that? " Yunxiao's pupils constricted. do you have any more? "

“There are.”

Even though this item was precious, Zuo Cheng did not dare to hide it. He extended his hand and a ray of golden light flashed in his palm. It then condensed into a Golden Pearl.

Chapter 1560

1560 Divine will purple-gold worm

Yunxiao made a grabbing motion, and the bead immediately fell into his palm. A piercing feeling came over him, as if there were countless needles in his hand.

Qiu Mujie’s eyes flickered with a strange light as he said, “Metal spiritual energy? No, it’s a lot worse.” The space in the fish belly of his battleship was built with pure gold energy.

After sensing for a while, Yunxiao suddenly made a grabbing motion!

“Bang!”

The Pearl exploded instantly, turning into countless sharp lights that shot out in all directions. It was like a blooming flower in the palm of his hand. In an instant, all the light was released, and finally, the flowing light scattered on his fingertips.

Zuo Cheng’s heart ached.

where did you get this bead? ” Yunxiao asked. where did you get it? ”

this metal spiritual Pearl is a special product of Wutian, ” Zuo Cheng explained. it’s extremely rare. It’s formed after a type of insect dies. It’s buried underground for a long time, and it’s not destroyed.

Yunxiao made a grabbing gesture with his right hand, and a few gold spirit bugs emerged. “Is it this kind of insect?”

“Yes, yes, that’s the insect!” “The value of these bugs is very high, almost equivalent to the Supreme-grade earth Emperor Pearl,” Zuo Cheng said.

brother Mujie, you know a lot about all kinds of fierce beasts. Yunxiao asked. do you know the origin of this worm? ” He flicked his finger lightly and shot an insect over.

Qiu Mujie grabbed it in his hand and examined it for a moment. His brows rose up, and his pupils suddenly contracted and shot out cold stars. He exclaimed, this bug looks like a Pixiu, but why is a Pixiu so small?!

what does it look like?! Yunxiao suddenly asked. He had once asked ninth aunt to appraise this item. Ninth aunt had once said that it seemed to be a descendant of some kind of true spirit. Now, Qiu Mujie seemed to have a similar judgment.

His main purpose in coming to Wutian, apart from helping Yuan gaohan fuse the two souls, was to find this thing.

Qiu Mujie stared at the insect for a while before slowly saying, “Have you heard of the five elements spirit beast?”

Yunxiao was taken aback, and then he seemed to remember something as he cried out, “ you mean the Divine Will purple gold worm of the five elements spirit beasts? ”

that’s the one, ” Qiu Mujie replied. both its form and the characteristics of the metal spiritual Qi are very similar. It’s just that its size and number are huge. All five elemental spiritual beasts are huge creatures, and there’s only one of them.

could he be a descendant of that thing? ” Yunxiao asked.

Qiu Mujie frowned. although the five-elemental spirit beasts are also true spirits, they’re born from the essence of the five elements in the world. They’re not ordinary true spirits. I’ve never heard of them being able to reproduce.

the world is vast," Yunxiao said. there are all kinds of strange things in it. True dragons were also existences born from the essence of heaven and earth, but couldn't they also produce offspring? If it's not the descendant of the Divine Will purple gold worm, what do you think this worm is?"

"I'm more inclined to believe that these bugs are born and reproduced on their own," said Qiu Mujie. After all, the Divine Will purple-gold worm could be born in the world, so it was naturally not difficult to give birth to this kind of worm. Moreover, it's far from the ancient era, and all kinds of energy and essence no longer exist. It's not surprising that a pocket-sized divine will purple-gold worm with a congenital deficiency has been born."

Yunxiao pondered for a moment and said, " what you said makes sense. Since I'm here in Wutian, in addition to the air of death and ash, one of my purposes is to figure out the origin of these gold spirit bugs.

"Do you still have this bug or the Golden Ball from earlier?" Qiu Mujie stared at Zuo Cheng.

"There's nothing else," Zuo Cheng spread his hands.

huh?! Qiu Mujie's gaze turned cold, and his expression instantly turned unsightly.

Zuo Cheng's face turned pale with fear. He said bitterly,"Milord, there's really no more! I only have a total of two gold spiritual pearls, and they've been in my collection for so many years. I'm not willing to use them unless I have no other choice."

"Where did you buy that thing?" Qiu Mujie asked.

"The price of that thing is almost equivalent to a Supreme-grade earth Emperor Pearl," said Zuo Cheng with a bitter smile. He had picked it up several times when he was wandering around in Wutian. As for the insect, although there are people who buy it, its value is not as high as the gold spirit Pearl, but it is still very rare."

don't worry, brother Mujie, " Yunxiao said. since we're here, we naturally have to figure out what this thing is.

Qiu Mujie's eyes gleamed as he nodded and said, if it's really related to the Divine Will purple gold worm, then this trip to Wutian will be worth it!

Zuo Cheng's heart sank. He did not know what the Divine Will purple-gold worm was, but he knew that it must be something incredible. All he wanted to do now was to leave this place alive.

"Wait for us at the foot of the mountain," Yunxiao said.

"What?" Zuo Cheng's ears quivered.

Yunxiao had long seen the bitterness in his heart, so he said with a smile, "Your mercenary group will wait for me at the foot of the mountain. You won't be of any use for the time being."

"Yes, yes! My Lord!"

Zuo Cheng was overjoyed. He was so excited that he was on the verge of tears. He took a look at the completely destroyed mountain range before he hurriedly turned around and led the group down the mountain.

Within the mountain range, three figures suddenly appeared on an open space. They fell to the ground and staggered. One of them was even spitting out a large mouthful of blood.

"Lord yuxiu, what should we do now? The newcomer is too strong. I'm afraid the matter here will be exposed!"

A gray-robed man said. He clutched his chest with his hand, which was full of blood. His heart had been wounded by Yunxiao's sword Qi.

Yu Xiu's face was also ashen, and he said gloomily, "Let's ask su ping first." He kept making hand seals and struck them into the void in front of him.

A circular formation was formed in front of him, and then a passage was slowly opened. A seal appeared on his fingertip and shot into the passage.

A moment later, there was a slight fluctuation in the space, and a faint figure emerged, swaying in front of the array. It was su ping, but it was only a projection and not his actual body.

“Has it already started?” yuxiu asked in surprise.

Su Ping’s expression remained calm as he said, ” “Soon. Can’t you stop those people?”

Yu Xiu’s face reddened, and he said guiltily, ” I can’t stop them. Moreover, hehe. he looked at the two people left behind him. His eyes were slightly red, and he could not help but shed tears.

“You don’t have to blame yourself. It’s good enough that you came back alive,” su ping comforted. However, who was this person? Are they experts from the soul Devourer sect?”

“They don’t look familiar,” yuxiu shook his head and said.

A hint of fear flashed in his eyes as he said, ” “One of the youths looked to be about the same age as you, su ping. He was extremely terrifying. Yu Zang and the other elders were killed by him, and he only used one move. That move was so powerful that it shook the heavens and the earth. I’m afraid Qianqian has already reached the level of the sovereign!”

The two elders behind him also trembled in fear.

“Similar to my age, at Lord sect master’s level?”

Su Ping’s pupils constricted, and a cold glint flashed across his eyes. He muttered to himself, ” “Could it be that person?”

“Who is it?” Yuxiu was shocked. He couldn’t figure out who it was no matter how hard he racked his brain, but he didn’t expect su ping to have a guess.

Su ping said calmly, "I'm just guessing. It might not be accurate." You've all heard of the recent happenings in the Redmoon city."

...

of course I've heard of it! yuxiu said. it's so shocking! Ah, is su ping talking about the number one rising star, li Yunxiao?!

Su ping said, "he's the only one in the world who has such strength at my age." But what was he doing here in WUFA heaven? It doesn't make sense."

even if that li Yunxiao is rumored to be a God, " said Yu Xiu in horror. I don't think he's as terrifying as this man.

Su ping said, "let's not care about it for now. We'll deal with it when the soldiers come." We are the myriad Stars Valley, who in the world can control us? The three elders, please come with me. It will take them some time to find the entrance."

Yuxiu and the other two hurriedly followed su Ping's projection into the passage.

Suddenly, su ping stopped in his tracks.

"What's wrong?" Asked yuxiu, startled.

"They're here," su ping said with a bitter smile.

"What?"

Yu Xiu and the other two were startled and hurriedly turned around. On the empty ground, there was only a sky full of dead gray Qi floating, and no one could be seen.

Yu Xiu said, "isn't su ping being overly suspicious?" We could've made a long detour to this place to make sure there's no one behind us," The other two elders also nodded slightly, not believing that they had been followed.

...

Su ping said in a clear voice with a calm expression, "since the three of you are here, you should show yourselves." What you guys are going to face is the entire myriad Stars Valley. What's the use of these little tricks? You'll only be lowering your status."

"Hehe, this kid is interesting."

Qiu Mujie's chuckling voice rang out from the sky. Following that, the space around them rotated slightly, and a green light flickered before suddenly expanding into a circle of light. The figures of the three of them emerged from within.

Yu Xiu and the other two's faces immediately turned ashen, and they all froze.

Su ping glanced at the three of them and said, "you're indeed not from the soul Devourer sect. Do you dare to state your name?"

Qiu Mujie frowned. the energy fluctuations coming from this kid's body are so strange. Eh? what's going on? "

Su Ping's expression changed slightly, but he quickly returned to normal and said, " this person can sense my aura. He should be a ninth-rank great Alchemist, right? "

"Only ninth-tier alchemists can sense you?" Qiu Mujie chuckled. It seems like you're very confident in yourself."

"I do have some confidence," su ping said. Since the three of you aren't willing to reveal your names, then you should at least state your intentions."

"I heard that there's a giant deer monster in the mountains. Have you seen it before?" Qiu Mujie asked.

"I'm sorry, but I can't answer that," su ping frowned and said.

"Haha, that means you've met." Qiu Mujie sneered as he stuck out his tongue and licked his lips. "Hand over the monster and you'll be fine."

"I'm sorry, I can't hand it over," su ping said.

brother Mujie, you take the lead, " Yunxiao said with a smile. the giant deer is inside this mountain.

Su Ping's pupils contracted, and he said with a shocked expression, " "Brother mu Jie? It's you, madman Qiu Mujie?"

"Hahaha!" "I didn't expect a little kid to know my name," Qiu Mujie laughed out loud.

Su Ping's eyes turned slightly as he stared at Yunxiao and said, " So, this is li Yunxiao, who is in the limelight and has turned red Moon City upside down? "

Without waiting for Yunxiao's answer, he seemed to be very certain, or perhaps he did not need Yunxiao's answer. His eyes continued to turn and fell on Chen Yunyu, then he said, " "Then, who is this Lord?"
