

The Eternal 1561

Chapter 1561-elephant puppet

I can't believe I've become so famous, " Yunxiao said in surprise. any bird can guess my identity.

Su ping said, " I'm not some random bird. Although you're famous in Red Moon City, this is Wutian in the Western Region. You can't do whatever you want here.

Yunxiao smiled and said, " that's strange. WUFA must be the territory of the soul Devourer sect. Since we can't do as we please, of course, you people from myriad Stars Valley can't do as you please either.

Su ping furrowed his brows. He seemed to be unable to refute his words and could only say, " after all, myriad Stars Valley is a big sect in the Western Region. Compared to you guys, they're considered a landlord.

Yunxiao chuckled and said, " we are all from the heavenly martial continent. Wutian or the mountain of fighting souls are the territories of the human race. We are all landlords.

The wrinkles on su Ping's brows deepened, as if he knew that these people in front of him were difficult to deal with. He said, " "I won't say any more nonsense. What do you want before you're willing to leave?"

"Hand over that demonic deer!" Qiu Mujie said.

"I can't do that," su ping immediately rejected.

what's going on? " Yunxiao asked. what's the dead aura in this mountain? " What's up with this divine will purple gold worm?" He spread out his hands, and the bugs sprawled on his hands emitted a dazzling golden light.

Su Ping's eyes narrowed slightly, and an awkward expression appeared on his face. He hesitated for a while before saying, " "If I tell you these two things, will you be willing to leave?"

“Su ping!” Yuxiu called out.

“Although I’m not afraid of these three people, I don’t want to cause any more trouble,” su ping said.

that will depend on how valuable your information is,” Yunxiao said.

“That will depend on your understanding of its value,” su ping said. If I don’t tell you, I’m afraid you’ll never know the origin of this deathly grey Qi and the insect in your hand.”

Yunxiao thought for a moment and said, “ alright! Tell us the origin of these two things, and I’ll leave the myriad Stars Valley’s business alone. However, you can’t stop me from finding these two things.”

“You want to find the source of this deathly aura and the bug?” su ping frowned.

“Right!” Yunxiao said seriously.

Su Ping’s expression turned ugly and he said, “ “If you’re willing to come back in three days, I can tell you everything.”

“Three days later?” The three of them were suspicious.

are these two things still here in three days?” Yunxiao asked. are they still here? ”

“Who knows?” su ping replied indifferently.

Yunxiao laughed hideously as he crossed his arms over his chest and said lazily, “ “Then there’s no other way. It’s not appropriate to talk about it.”

A cold glint shot out from su Ping's eyes. His gray robe fluttered slightly, as if his inner emotions were in turmoil. He said, "The three of you are all famous figures in the world. I really don't want to be enemies with the three of you, but if I have to fight, I'm not afraid at all."

"Tsk!" Qiu Mujie sneered in disdain.

Chen Yunyu's eyebrows twitched. He did not seem to want to fight either, but he still looked over with Yunxiao in the lead.

Yunxiao's eyes slowly narrowed and flickered with the will to fight. in Yu Zang's memory, he was very unconvinced of you. How could a mere teenager be in charge of the overall situation of the myriad Star Valley? "

Yu Zang is too narrow-minded, " su ping said. otherwise, his path of martial arts would not have stopped here. Perhaps he would not have fallen so easily today.

hehe, " Yunxiao said. I'm also very interested in it!

Su Ping's eyes were piercingly cold. His gray robe became as hard as iron under the agitation of his essence force. His entire body seemed to have frozen. In just an instant, he had returned to his original state.

Diao Xiu and the other two immediately became nervous as cold sweat broke out on their foreheads. If they had to do it all over again, they would definitely not provoke these three fiends.

"What?"

Yunxiao's eyes narrowed as he turned slightly. Suddenly, a vortex appeared beside su ping, gradually transforming into a burly man, who was also wrapped in a gray robe, and his face was completely unrecognizable.

His pupils turned slightly and became strange. Spots of colorful light appeared in his eyes, as if they wanted to penetrate through the layers of obstacles and see the face under the gray robe clearly.

The burly man seemed to have noticed something. He raised his hand and spread his fingers.

The patterns on his fingertips were extremely strange. They emitted light waves that rippled in front of him.

Yunxiao's pupils constricted as his vision was completely torn apart by the wave of light, and the figure of the gray-robed man became even more dazed.

He knew that he would no longer be able to see the other party's face clearly. His eyes returned to normal, but his face was full of surprise.

"General, can you stop these three people for three days?" su ping asked.

Marten Xiu and the other two shuddered as they looked at the gray-robed man in shock. They seemed to have guessed something as their eyes were filled with shock.

A cold light flashed in the gray robe, and the burly man said in a deep voice, "I'll try my best."

Su ping nodded, turned around, and walked into the passage, as if the matters of the outside world had nothing to do with him.

After a brief moment of shock, Diao Xiu and the other two hurriedly chased after su ping. Countless questions welled up in their hearts.

Yunxiao and the others did not chase after them. The passage soon closed, and the inside suddenly became bright, like the light of countless night pearls, warm and illuminating people's hearts. It was filled with a holy aura, which was completely different from the outside.

"Su ping!"

Diao Xiu finally couldn't hold it in and caught up with him, "Was that man really the general?"

Su ping nodded. His face still had a serene expression that was completely inconsistent with his age.

Diao Xiu's eyes widened and he sighed, "I didn't think that even the general would come. It seems that the sovereign's trust in you is extraordinary. With general here, there's nothing to worry about."

"Woriless?"

"I hope so," su ping muttered to himself.

The passage was filled with holy light, and his figure seemed very lonely.

He took a few steps and stopped. He made a hand seal in front of him, and a circle of green light appeared.

"Yes, what's wrong?"

The green light kept spinning in front of su ping, and a voice came from within. "You look like you're in trouble."

...

Su ping looked at the circle of green light and said indifferently, "Do I look any different from before?"

"Hahaha!" The voice laughed, "it's exactly the same. There's no difference. It's just that you wouldn't have come to me if there was nothing. I'm very curious, what kind of soul is under your body? Hehe, I'm really looking forward to having a taste!"

"There are a few more interesting souls out there now. Are you interested in trying them?" su ping asked.

The voice fell silent for a moment, then snorted heavily and sneered, "I knew that you wouldn't come looking for me for anything good. Do you want me to help you fight off the enemy?"

"There's no need. I've already asked the general to go," su ping said. It's just that I'm still feeling a little uneasy. You can just help the general to hold the line."

The voice was silent for a moment before it said, "you're still worried with the general around?" I've been keeping a close eye on the soul Devourer sect for you, and no one has come. Could it be an expert from another region?"

one of them is li Yunxiao, the other is Qiu Mujie, and the last one has an unknown identity, but he's also a peak nine-star expert," su ping said.

"What? It's these two people!"

li Yunxiao has just caused a stir in Red Moon City," the voice said in extreme shock. how did he come to the Western regions? "

"I'm here for the items here and the Divine Will purple gold worm," su ping said.

"So it's like this. Tsk tsk, what an unexpected guest." The voice smacked his lips a few times and said, " it is said that the soul in li Yunxiao's body is that man.

...

Su ping frowned and said, " I've also heard of it. If you have the strength, you can go and try. However, if you're not completely confident, don't make a move. Help the general stop the three days Kasaya."

Before he could finish speaking, Azure light revolved around him and he disappeared without a trace.

Su Ping's brows furrowed even deeper as he helplessly continued to walk into the passage.

Outside the mountain, the passage disappeared behind the burly gray-robed man.

Yunxiao and the other two did not move, still standing quietly in the same place. They seemed to have sensed that the burly man was not simple.

The burly man didn't move either. His mission was to stop the three of them, and he didn't want to make the first move.

you're the general?" Yunxiao suddenly asked. you're the general? "

"You know me?" the burly man asked.

I've searched Yu Zang's memories," Yunxiao said. of course I know. The general was the most mysterious person in the myriad Stars Valley. He followed the myriad Stars Valley's sect master, Tian Xingzi, like a shadow and had never been separated. Even the people of the myriad Stars Valley never knew of the general's identity. Unfortunately, I happen to know. Who exactly was that su ping? Could he be Tian Xingzi's illegitimate child?"

The general did not answer.

"Who exactly is this general?" Qiu Mujie asked with a frown. He had also noticed that the other party was extraordinary.

it's an elephant puppet! Yunxiao smiled. it's an elephant puppet!

All of a sudden, the general's body moved slightly. A gust of wind came from somewhere, causing his long robe to flutter.

"An elephant puppet?" Qiu Mujie and Chen Yuyu were both stunned.

Elephant puppet was the most common and simple confrontation game, and almost everyone would play it.

the general who followed Tian Xingzi is the 'general' of the elephant carriage," Yunxiao said. back then, Tian Xingzi took his elephant carriage to gamble with Teng Guang, but he still lost.

"You even know such a secret," the general said.

you're right! Yunxiao smiled. tengguang is full of praise for you.

The general said, " Lord King level expert's array technique is unparalleled in the world. Back then, I was trapped in the array. I was almost killed. I admitted defeat.

although I know you are a 'general'," Yunxiao said, " I'm still curious about what kind of existence you are.

"You'll see it soon," the general said.

He opened his hands and grabbed his robe. As the robe fluttered, a ray of sunlight shone on him. The glaring golden light was reflected, and the whole area was filled with golden light.

Qiu Mujie's pupils contracted as he said in shock, a puppet?!

The general was clad in a golden armor that was engraved with arrays. His face was calm and his eyes were intelligent.

The general raised his hands, six golden beads between his ten fingers. Each bead was engraved with a small seal's words: Soldiers, elephants, horses, chariots, cannons!

Chapter 1562

1562 Wind-chasing cannon

The steady golden hand moved, and six chess pieces flew out, turning into six streams of light and falling.

In a flash of golden light, six majestic figures began to appear.

Yunxiao and the other two frowned slightly, because the aura in the six golden lights was very powerful, which made them very uncomfortable.

All of a sudden, a dazzling golden light burst forth, and six golden puppets of different shapes and sizes appeared in the surroundings.

The six puppets all had strange expressions, but they were very agile. Their deep eyes looked over at the same time, making the three of them feel uncomfortable.

“General, are you going to deal with these three pieces of trash?”

A puppet with broad shoulders and a short body, carrying a five-foot cylinder on his shoulder, looked over with a cold expression.

The puppet’s body turned slightly, and a metallic “ka” sound was heard. Its surface flashed with light.

“Hehe, cannon, don’t underestimate these three.” One was thin, his head was like a vertical New Moon, and under his long eyelashes, his eyes were smiling, but they emitted a red light.

When he looked in carefully, there was a sea of red blood in the depths of his eyes.

The word “Knight” was printed on the heart of the puppet.

Hmph! cannon snorted, “do you think these three things can do anything?”

“Why would the general ask us to come out if it wasn’t a big problem?” the “Knight” laughed. Furthermore, my bloodthirsty Demon Eye can also tell that these three are extraordinary.”

Shi Wushuang is right, " the general said. these three are very difficult to deal with. Our mission is to trap them for three days.

"Trapped for three days? It's that troublesome?"

A puppet with a round body and a millstone-like character 'Xiang' printed on its belly had a solemn expression on its face. It stretched out its short hand and made a grabbing motion in the air, and a golden light flew over.

The light in his hand grew longer, turning into a golden sickle twice the length of his body. With a clang, he carried it on his shoulder.

"Hu hu!"

Suddenly, a domineering and wild aura spread out, shaking away the dead gray air around him, forming small tornadoes that whistled and rushed up.

The seven chess board members all had cold and murderous expressions. Golden light circulated in the air, making it look magnificent.

Yunxiao's eyes swept over the seven men as he nodded and praised, " "Is this the true face of the elephant puppet beside Tian Xingzi? Looks like it's going to be a thorny problem."

"Tsk!" Qiu Mujie sneered. I was wondering what they were. They're just a bunch of puppets with decent combat strength. It's laughable that Tian Xingzi still treats these things as treasures.

"These things?"

Pao's face darkened, and he immediately spat out his anger. He said coldly, " "General, can we just kill them?"

The general's expression did not change. of course, " he said calmly, " but it's very difficult. Just trap it.

“Very difficult? Then let me test the strength of these three pieces of trash!”

Cannon’s feet suddenly let out a “boom” and a huge pit was blasted out. His entire body had already turned into a golden light and shot out.

“So fast!”

Yunxiao and the other two were taken aback. The ‘cannon’ looked short, but its speed was incredible.

It was not teleportation, but pure speed. The entire space was deformed by the pressure!

“BOOM!”

A golden light exploded in the air above Qiu Mujie. Amidst the swaying ball of golden light, the ‘cannon’ had sent out a punch that directly smashed into Qiu Mujie’s fist!

“Ah!”

Qiu Mujie let out a miserable cry as his burly body trembled. The entire ground was instantly crushed and caved in by three feet!

Cannon’s attack speed was too fast, causing him to be forced to meet the attack before his arm could change shape. The bones in his fist were shattered, and the front of his wrist was a bloody mess!

“Hmph! You Blabbermouth, remember the name of the person who killed you. My name is ‘wind chasing cannon’!”

Wind chasing cannon retracted his fist. His speed was so fast that it was almost unreal. His entire body was blurry and in a daze.

The five-foot-long cannon barrel fell from his shoulder and smashed down like a stick!

“Bang!”

Qiu Mujie’s left hand transformed into a golden ape’s arm, and his five fingers spread out to block the cannon. His entire arm trembled, and his body was forced to slide several Zhang away, leaving two foot-deep grooves in the ground that were a ghastly sight.

“Goodbye, scumbag!” Wind chasing cannon sneered.

Countless formation patterns suddenly appeared on the Golden cannon barrel, and a powerful weapon reserve power suddenly spread out. Behind the dwarf-like short body, a formation with a radius of several feet appeared, and countless runes danced in the air!

Qiu Mujie’s pupils constricted in shock. He could only feel a terrifying power shooting out from the cannon in his hand!

“BOOM!”

A huge beam of light shot out and directly blasted into the ground. The surging power scattered and spread throughout the mountain.

The mountain was blasted into pieces, and it was a terrible sight. The entire terrain was completely changed.

However, under this shocking change in appearance, the mountains and fields were covered in golden light after the bombardment, like spring rain sprinkling over the earth, and it was a thriving scene.

“Ka!”

After the cannon was fired, it was once again placed on his shoulder.

Wind chasing Cannon's eyes were cold as he looked at the golden light all over the mountain. He said coldly, "Has he been blasted into pieces?"

Shi Wushuang's blood red eyes suddenly focused and he shouted, "Be careful!"

Wind chasing Cannon's body shook, and his originally small body shrank like a tree stump. A slash flew past his head.

Qiu Mujie's body was covered in injuries and his face was gloomy. He held his podao in his hand and stood ten Zhang away.

...

"Hmph, I knew you weren't dead. I was waiting for you."

"Bang!"

The place where the wind chasing cannon was standing suddenly exploded, and his body shot out. He punched out, and the air exploded layer by layer.

Qiu Mujie spread his wings, and The Thousand Eyes of the feather of the dark pool opened.

"What?" The wind chasing cannon was shocked. It seemed to be shocked by Hei Yu and thousand eyes.

"BOOM!"

The punch completely shattered the space, but it only destroyed the afterimage left behind by qimu Mujie. His real body appeared behind the wind chasing cannon.

"Be careful, cannon!" Shi Wushuang shouted in shock. He's mastered a spatial god art!"

“It’s fine!”

The wind chasing cannon shouted, and the barrel on its shoulder bounced up again. It spun in the air and suddenly hit behind itself.

you short Wintermelon, you’ve completely angered me!

...

Hmph, you unscrupulous scum. So what if you’re angry? you still have to die!

“BOOM!”

With a tap of the cannon, another space was shattered, and Qiu Mujie’s afterimage was directly crushed into pieces!

All of a sudden, countless tentacles appeared in the air and tied up the wind chasing cannon in an instant. The tentacles tightened and he could not move.

“Squeak!”

Several tens of tendrils tensed up. On the other end was Qiu Mujie. His ten fingers had transformed into sharp claws that flickered with green light, but the sternness in his eyes was even more intense.

ominous claw, space tear!

“Bang Bang Bang!”

the space around the tentacle shattered, and everything turned pitch-black.

The wind chasing Cannon's spatial slashing power continued to fall, leaving countless marks on it. It was like a thousand wind blades, endless.

Qiu Mujie's eyes narrowed and shot out a cold glint. His ominous Dark Claw had torn apart space, yet his opponent was still as steady as Mount Tai under the tearing force!

it's useless. Our bodies are almost indestructible. An attack of this level can only scratch an itch!

The sound of the wind chasing cannon was heard from the tearing sound. Then, a golden light soared into the sky, cutting countless tentacles apart. The terrifying cannon suddenly blasted out!

"Bang!"

A massive beam of light streaked across the sky, blasting Qiu Mujie's location into pieces.

The wind chasing cannon frowned. Although he was extremely fast, the other party had mastered the space god art. It was not a good idea to keep missing.

"What?"

The surroundings suddenly became quiet. There seemed to be no sound except for the tentacles exploding in the sky. Wind chasing cannon held the barrel under his armpit with his right hand and was on guard.

Suddenly, pieces of blinding light shot over, and scales appeared all over the sky, sprinkling down like snowflakes.

The light reflected from the scales penetrated the golden light. Suddenly, all the scales turned, and under the pull of a force, they connected together and swept up.

The wind chasing cannon was shocked. Those scales seemed to have formed vines, and a total of two came from the left and right, binding it with "Bang Bang Bang" sounds. As it moved, it cut its body, but it could only leave shallow marks.

"Didn't I say it's useless? You're so annoying!"

Wind chasing cannon was furious. The "cannon" character on his shoulder suddenly lit up and burst out with golden light. His aura suddenly increased.

"Break!"

The cannon barrel flew out from under his armpit, blowing away all the scales with a spin. His body emitted circles of golden light, like rings of stars revolving around his body.

Suddenly, a shadow appeared in the sky, growing larger and larger.

what? that's?!

Everyone raised their heads. A huge footprint landed in the sky, and a vast demonic power spread out. At this moment, all the space was sealed, and the word "swish" appeared in the footprint.

Wind chasing Cannon's body trembled. At this moment, the Golden Star Ring was spinning, and his strength was raised to the extreme. However, under the seal of that kick, it was as if there was an endless mountain pressing down on him. He could not display his speed!

"Dwarf! Die!"

Qiu Mujie's furious roar resounded through the heavens, shaking the earth.

This kick contained his monstrous anger, filling the sky with strange demon characters and the vast demon power of the truth listener beast!

Yunxiao's face finally relaxed as he praised, "Will this stomp turn this short winter melon into a metal plate? If he was stepped into a discus, would he die? If he's not dead, can he recover on his own?"

He asked three questions in a row.

The puppets also felt the force of the kick, and their expressions changed drastically.

Shi Wushuang's blood-red pupils suddenly shrank and he shouted, "Danger! MA Feifei!"

One of them had a horse-like head and a tall body. The word 'horse' occupied half of his face, covering his left eye.

He lazily raised his eyes and said, "understood."

Then, he stretched out his right hand, raised it in the air, and snapped his fingers casually.

"Jump!" He said.

In the distance, wind chasing Cannon's figure suddenly flickered and disappeared from his original spot in an instant. He then reappeared dozens of Zhang away!

"What?"

Yunxiao's pupils constricted and shone brightly!

This direct teleportation was something that even Qiu Mujie didn't notice. Truth listener's foot landed on the ground and its vast power instantly exploded!

Chapter 1563-difficult to win

"BOOM!"

Di ting stomped his foot into the ground, shattering the entire earth vein. The terrifying force spread in all directions, lifting the mountain!

Everyone retreated instantly. The vast demonic energy flattened the entire mountain, forming a huge Canyon. It was as if the bottom of a pot had been placed in the continuous mountain range, so deep that the bottom could not be seen!

“Tsk, damn it!”

Amidst the sky of light and ashes, Qiu Mujie’s figure flickered. A circle of green light turned into a spiral and charged towards the wind chasing cannon.

you think you can survive just because you dodged it once?!

The wind chasing cannon was shocked, and its face turned serious. It no longer looked down on him like before. It took off the cannon barrel and aimed it forward.

Countless formation lights appeared on the cannon.

The green light suddenly stagnated and transformed into Qiu Mujie’s figure in front of the wind chasing cannon. With a cold expression, he spread his wings and opened his thousand eyes.

“BOOM!”

A beam of light shot out from the cannon, shattering the layers of space.

All of a sudden, the thousand immemorial heavenly eyes shot out a strange light. Qiu Mujie made hand seals with one hand, and the void in front of him became strange. The originally straight light beam suddenly twisted and turned into a spiral.

“What?”

The wind chasing cannon was shocked and its eyes opened wide.

“This Lord’s anger is not something a dwarf like you can bear. Take it with your life!”

Qiu Mujie’s eyes turned cold as he drew a circle in front of him with his right hand. The beam of light moved along with his hand gesture and was reflected back with a spin!

The other chess board members were all shocked.

He retracted the barrel of the wind chasing cannon, and his whole body was like the wind, rushing dozens of Zhang away.

As soon as his figure came to a stop, he saw Qiu Mujie’s sneering face. He no longer looked human. He had a copper nose and iron mouth, and there were horns on his forehead.

“Hmph! Ha!”

Two waves of sound waves exploded out and stacked together. Like a wave, the entire space was shattered!

“Shua shua!”

The wind chasing cannon grabbed the cannon barrel with one hand and blocked in front of him. It was immediately swept in by the power of the sound wave and was shaken to the point of sliding in the air.

Suddenly, a huge shadow silently appeared behind the wind chasing cannon. It suddenly opened its mouth, revealing a dark hole.

“Not good!”

“MA Feifei!” Shi Wushuang was shocked.

MA frowned and said unhappily, “I know. Also, please address me by my proper name. I’m ma Feiying.”

“Alright, MA Feifei.”

“You’re asking for a beating!”

“I know, MA Feifei.”

“.....”

Ma Fei Ying raised his hand and snapped his fingers, “Jump!”

A smile appeared at the corner of Yunxiao’s mouth as he said, “If the same technique is used twice, the effect will be greatly reduced.”

MA Feiying’s body trembled as he revealed a look of shock. The wind chasing cannon under the fish’s mouth had not been deflected!

“What?”

Not only him, but the rest of the chess board also turned pale with fright.

“MA Feiying’s spatial leap is a teleportation technique that focuses on a single point of power. It can instantly break through the constraints of the spatial laws and produce teleportation. There is a fundamental difference between it and teleportation that relies on spiritual power. Even if the space is locked, it will not be ineffective,” the general said.

that's because he's no longer under the space you see," Yunxiao chuckled. he's no longer under the space you see.

"What do you mean?" the general asked, frowning.

Shi Wushuang's eyes glowed red and he suddenly exclaimed, "That layer of bubble mist"

Everyone looked over and saw a layer of water film appearing around the wind chasing cannon, as if a huge bubble had enveloped him.

Not only that, but countless bubbles of various sizes flew out of the battleship fish's mouth, and the whole space became dazed.

After Ma Fei Ying's jump failed, the battleship fish directly bit down and swallowed the wind chasing cannon.

After a brief moment of shock, the six chess board members returned to their normal expressions, without a trace of nervousness.

"It's good to let cannon fodder suffer," MA Feiyong chuckled."Who asked him to have such a fiery temper?"

Shi Wushuang twisted his body and blinked, "hehe, I'm just afraid that staying in the fish's stomach will make him even more irritable and he'll fire a cannon.

Yunxiao gave them an indifferent look and said, "You guys must think that your bodies are almost undamaged, and that it's fine even if the cannon is swallowed, right?"

"Isn't that so?" Shi Wushuang laughed. To tell you the truth, with that kick just now, even if MA Feifei didn't do anything, the cannon might not be in any danger."

"Why don't we make a bet?" Yunxiao said.

“What bet?” Shi Wushuang asked.

The corner of Yunxiao’s mouth turned up slightly, and his eyes shone with a cold gleam of ridicule as he said, “I bet that the cannon will never come out again!”

“What?” Shi Wushuang was shocked.

The general also looked up with a grave expression.

...

All kinds of chaotic auras in the sky gradually dissipated, and the air was restored to a lifeless gray.

The battleship fish’s huge body was floating in the sky, quietly.

With a cold expression, Qiu Mujie stood on the fish’s head and looked down at the ground. He said coldly, “There are still six pieces of scrap metal. Come up and let this Lord’s fish use them as nourishment!”

He stepped on the fish’s head with both feet, and two arrays expanded under his feet. An astonishing amount of spiritual energy continued to pour into its body, rapidly recovering the power that had been lost just now.

“We’ve indeed lost the connection with the wind chasing cannon!” The general said with a heavy expression.

“What? This is impossible!”

The other five people were shocked, and Shi Wushuang even exclaimed.

The general stared at the battleship fish for a while and said, " could it be that the array on the fish's belly has blocked my sense of the wind chasing cannon? "

you ... Shi Wushuang found it hard to believe. but General's perception of us should be undying!

The general said, " I know that the wind chasing cannon is still alive, but I can't sense his existence at all. I don't know what kind of powerful force it is that can cut off the connection between us. This is the first time since the seven of us were born.

He turned his head to Yunxiao and said, " "Can you tell me why?"

...

Yunxiao crossed his arms over his chest, his robe fluttering in the wind as he said with a faint smile, " "It's nothing. I've been to the stomach of the battleship fish. It's an independent space built with metal spiritual energy, and it might be the strongest prison in this world."

The general said,"gold spirit cage, no wonder, no wonder."

the gold space is not just a cage, " Yunxiao said with a smile. it's also a space for refining.

The general's body trembled, and his calm face finally changed for the first time. He cried out, " "Refining space? Don't tell me, Yingluo "

Yunxiao nodded. he is a ninth-tier great Alchemist. Although your bodies are hard, can you withstand the refinement of a great Alchemist? " he asked.

Shi Wushuang was anxious, but he still asked suspiciously, " "You're with him, so why are you telling us this?"

can your blood demon Eye distinguish between friend and foe? " Yunxiao sneered. "

Shi Wushuang no longer hesitated and shouted, "MA Feifei, sky elephant!"

"Swish!"

Ma Fei Ying instantly transformed into a streak of golden light and soared into the sky.

"Please give me some face when there are outsiders around. My name is sky-devouring elephant!" The round "elephant" replied.

"Swish!"

After saying that, he also took his sickle and left.

Two rays of light, one from the left and one from the right, pierced through the sky and closed in on Qiu Mujie.

Ma Fei Ying's two fingers pinched together, and he raised them up high. Suddenly, he snapped his fingers and shouted, "Explode!"

"Bang!"

Qiu Mujie's figure instantly disappeared, and the fish head he was standing on suddenly exploded, causing a large number of bubbles to surge out and float all over the sky.

"Be careful of that bubble!" Shi Wushuang shouted.

The heaven devouring elephant frowned and suddenly took a deep breath. Its round stomach grew bigger and it spat it out!

"Hu hu hu!"

A gust of wind blew out, blowing away the bubbles that filled the sky.

Suddenly, a Scarlet ray of light flashed past. It was incomparably Swift and shot out from the countless bubbles.

“Heavenstring poison light!”

The heaven devouring elephant’s eyes narrowed. He wanted to Dodge, but the speed of that red beam was too fast, instantly arriving in front of him.

“Bang!”

A poisonous needle was directly inserted into his belly button, connecting to the distant Qiu Mujie like an umbilical cord. It was Qiu Mujie’s Stinger.

“Pfft!”

The heaven devouring elephant spat out a mouthful of turbid air, and its entire face contorted. Its sickle swayed as it slashed toward the slender tail.

“Bang!”

Qiu Mujie’s figure flickered as he struck out with his podao and fiercely slashed at the scythe. A Halo suddenly burst out like a scorching sun, radiating with boundless radiance.

“Fatty, get lost!”

Qiu Mujie shouted loudly and swung his long tail. The heaven devouring elephant was instantly sent flying and spun in circles in the air along the long tail before finally being flung out.

“Hmph! Ha!”

The two sound waves merged into one, stirring up a spatial storm as they pursued.

“BOOM!”

The heaven devouring elephant was struck by the windstorm, and its entire body was sucked in, disappearing from the sky.

Ma Fei Ying was greatly shocked. He took two steps forward and passed through the sky full of bubbles. He then threw a punch at Qiu Mujie from behind.

“Pa!”

Qiu Mujie turned his body to the side, and his large, furry golden hand suddenly grabbed the other party’s fist.

“Ka!”

With a flash of his body, he teleported behind MA Feiying and bent the punch. MA Feiying lost his balance and was lifted up into the air.

“Tsk, can’t you break it? Then this Lord will twist you into a fried dough twist!”

Dozens of fleshy tendrils flew out from the top of Qiu Mujie’s head and bound MA Feiying up. He began to pull MA Feiying up, and his tall metallic body twisted in an extreme manner.

Ma Fei Ying bit his teeth, and suddenly, two rays of light flew out from his body, one on the left and one on the right, turning into two Ma Fei Yings that were exactly the same as him.

“What?”

Qiu Mujie was shocked and said in disbelief, a puppet can also split its body?!

On the left, MA Feiying formed a hand seal and pointed his finger.

On the right, Ma Fei Ying opened his horse stance and threw a punch with both fists.

Qiu Mujie's brows furrowed as he retracted his tendrils. He leaped back and returned to the warship fish in a few steps.

“BOOM!”

The two Ma Fei Yings' attacks clashed together, and a shocking light burst out.

The distorted original body returned to its original form, and the two doppelgangers instantly returned to his body. The original body's eyes were filled with anger, and he leaped and chased after them.

With a cold expression, Qiu Mujie quietly watched as Tang Wulin charged over. The fish head that had exploded earlier had already completely recovered.

The general looked on with a grave expression and said, “It's hard to win!”

Chapter 1564-sacrificing himself to protect his master

Shi Wushuang's face was a little dull as he said awkwardly, “that person's strength seems to be at its peak. He fought three people in a row, but he didn't weaken at all. What's going on?”

“I've noticed it too,” the general said. can you tell us what's going on?” he asked Yunxiao.

I'm sorry I can't tell you that," Yunxiao said. you just need to know that this man is the number one person under the Saint plane.

the number one person under divine transcendence!

what?! Shi Wushuang was shocked and said anxiously, " follow me! Her body moved and she soared into the sky.

The soldier also squatted down and jumped up to chase after Shi Wushuang.

Only the general and the "carriage" were left.

The general seemed to have noticed something. He turned his gaze over and said, " "What's wrong?"

Yunxiao chuckled as he walked toward the two and said, " I have to give qimu Jie a thumbs up for drawing five people away at once. It'll be much easier for me to enter the mountain now.

"Are you guys going to make a move too?" the general asked.

if you don't stop us," Yunxiao said, " we don't have to do anything.

"Our mission is to trap you for three days," the general said.

that's a pity," Yunxiao said. I'm sorry.

A cold light flickered in his hand, turning into a cold sword of ice, burning with cold air.

Yunxiao held the sword in front of him and pointed it at the general as he said, " "Can your near-indestructible bodies withstand the sharp sword in my hand?"

“Regardless of whether we can hold them off or not, we must hold them off for three days!” The general said.

“Then, there’s no need to say more.”

Yunxiao’s sword glowed as countless sword runes emerged around him, and he instantly thrust his sword forward.

The general’s expression did not change. He raised his hand and knocked with two fingers.

“Bang!”

His two fingers tapped on the sword, causing golden halos to spread out.

Yunxiao felt the sword in his hand sink, but with a shake of his wrist, he cut it up along with the force.

The general’s burly body finally moved. He gently dodged the sword and then punched out with his left hand. The boundless fist power turned into a spiritual light in the air and pressed down.

A golden light gushed out of the power of the fist, like a waterfall falling from the nine Heavens.

Yunxiao touched the sword with a finger, and with a crisp clang, the cold sword suddenly became sentient and slashed at the sky.

“Swish!”

The entire Golden Waterfall was torn apart by the sword and stabbed down.

“Clang”

The tip of the sword was caught by the general's two fingers, unable to advance an inch.

However, the sword was too sharp. The tiny sword ray opened at his fingertips and immediately flicked up, shaking the sword away with a "dang" sound.

At the same time, although the fist power was torn apart by the sword force, its power was not reduced at all, and it slammed into Yunxiao!

"Bang!"

A golden light bloomed from Yunxiao's body as he was sent flying hundreds of feet away before he could stabilize himself.

"So strong!" Yunxiao praised sincerely. When his inextinguishable golden body was activated, it glowed with a golden light that was comparable to the chessboard.

"You're also very strong," the general said.

the warm-up is over," Yunxiao said. now, the main course is ready! He focused his gaze and poured surging elemental energy into the sword. A Halo of light started to spin around.

The ancient Maha characters kept popping up on the ice sword, flying into the air and vanishing.

The sound of the sword was deafening and reverberated in the surroundings. Phantoms gradually appeared on the body of the sword, like a beautiful woman, but also like a ferocious beast. There was also the appearance of a city and an ancient road in the snow.

"What a powerful sword intent," the general's expression turned serious.

Yunxiao was slightly surprised himself. These strange scenes seemed to have been recorded by the cold sword.

He didn't have time to think. He raised his long sword, and a terrifying sword intent surged in the surroundings. The entire heaven and earth seemed to sense it, and the wind and clouds pressed down.

"Sword technique-demon slaying!"

"BOOM!"

The sky shattered, and an unparalleled sword essence gushed out, sweeping across the entire mountain range!

Even the few people fighting in the sky revealed expressions of shock.

Shi Wushuang was also distracted and looked down with a shocked expression.

The general's expression was stern. He clenched his fists and stood in place without moving.

The entire mountain range split open in front of him, and a huge ravine appeared. The sword intent was like an unstoppable power of heaven and earth, rolling over.

"Flame spear!"

Suddenly, there was a soft voice, and the body of the carriage moved. The golden light turned into a beam and shot over, producing flames in the air.

"BOOM!"

When the golden light hit the sword radiance, a terrifying power rippled out, and a storm rose up.

The general stood still on the ground and did not move.

...

Where he was standing was the coordinate leading to the inner part of the mountain range. He had to guard it and could not move an inch!

In the center of the storm, the sound of metal being cut apart rang out. Chu Che's expression was grave, and his body became more than twice as big as before. He grabbed a spear that was burning with flames in his hand and gritted his teeth to resist the remaining power of the sword Qi.

Yunxiao did not make another move after the first attack. Instead, he looked away and carefully studied the cold sword.

The strange scene that had appeared before had disappeared, and the sword returned to its water-like body with flowing light.

That cold and pure beauty must have been the Queen of the snow country, Shuiyan Luo, and that sinister-looking demonic beast must have been the demon race's calamity that had brought disaster to the snow country.

He had also noticed that Huo Dou's ferocity was similar to Shang's, but with more ferocity and violence.

A ripple mark appeared in his left eye and he opened it.

within the eye-bloodline technique dimension, a massive afterimage was suspended in the air, as if it had fallen into a deep sleep.

"As expected!"

When he was helping the sea Emperor's wife Rou Wei light up the lamp in the forest of the sea, he had taken out this remnant soul of Huo Dou and kept it in the dimension of his left eye. It seemed like it was the remnant soul of Huo Dou in the sword.

As for why Rou Wei's body contained the remnant soul of a great demon from the snow nation, he had no idea. If he wanted to find out more, he would have to make a trip to the forest of the sea.

...

At this moment, the Storm of Swords gradually dissipated. The body of the carriage was also revealed, but the light on its body had become much dimmer.

"BOOM!"

An explosion suddenly erupted not too far away, and a round Golden Ball flew out. It was the heaven devouring elephant that had been swept away by Qiu Mujie's harrumphing sound. It had finally been pulled back.

Chen Yunyu, you deal with that fat man," Yunxiao said. I'll cut this carriage! His figure flickered and disappeared from the spot.

In the next moment, he appeared in the air above the carriage and suddenly slashed down with his sword!

The emperor's body had already returned to normal. With a swing of his golden spear, a flurry of spear afterimages appeared as he pointed them forward.

"Bang!"

The two profound level weapons collided, and cracks immediately appeared on the spear. The carriage seemed to be weak, and it was pushed back by Yunxiao.

Chen Yuyu also drew his sword in response and slashed at the heaven devouring elephant. The two of them quickly fought.

The general frowned. Yue che, don't fight him head on. That sword is abnormally sharp. It poses a great threat to our bodies.

A series of metal clanging sounds were heard from the ruins.

don't fight head-on? " Yunxiao laughed. Is he up to it?"

The two of them were locked in a fierce battle, and all their moves were head-on. Yunxiao had calculated every move well, trying to hit the same place on the spear. He didn't want to think about other tactics. He used the most effective and stupidest method to cut the other party into pieces bit by bit!

"Bang!"

Finally, under the sword, the flame spear was broken!

A shocked expression appeared on Chu Che's face. His two pupils suddenly contracted, and the cold sword and ice had already reached him!

The general stood behind the carriage with a dark expression. He raised his fists and punched out, shouting, "Hitting an ox across the mountain!"

"BOOM!"

The two punches instantly penetrated the chariot and hit the sword beam, knocking Yunxiao away with a bang.

In the sky, Qiu Mujie was exhausted by the three chess board members. When he saw that Yunxiao had not come down after a long battle, he roared, "What are you still playing at? Hurry up and use your real strength!"

Yunxiao retreated hundreds of feet away before he managed to dissipate the fist force, then he smiled and said, "I'm not playing. The power of the 'general' and 'chariot' seems to be more powerful than other chess games."

"Then come and Exchange with me!" Qiu Mujie snorted in anger.

no need," Yunxiao said with a smile. I've already found a way to win.

"A way to win?" the general's eyes narrowed. Without absolute power, it would not exist."

where you are standing is the coordinate mark leading to the inner part of the mountain, right?" Yunxiao said. so, you'll guard here and never leave.

"So what if I am? this is something that can be easily discovered," the general said.

it's nothing," Yunxiao said. since you want to protect this space, I'll shatter it.

Four rays of light flew out from his palm and intertwined in the air. They turned into a mountain and flew out.

Yunxiao performed incantation gestures with both hands, and runes kept pouring out of the Tusita heavenly peak. The mountain grew larger and larger, with an area of half an acre at the bottom. It flew over the general and smashed down!

The general was finally moved. He looked at the falling Hill with a shocked expression.

However, he didn't want to escape. He clenched his fists tightly, and the aura on his body rose exponentially. The power of the pressure actually condensed into a physical substance and soared into the sky.

"Green light fist!"

Two golden fists suddenly smashed out, forming a green light barrier in the air above his body. A huge ray of light shot out to meet the mountain peak, as if it wanted to smash everything in its way!

“BOOM!”

The fist force of the green light hit the mountain and shattered. It only managed to block the Tusita heavenly Peak's falling momentum for a moment before it fell again!

“What?”

The general's entire body was in shock, and for the first time, he was in a daze.

“BOOM!”

As the small mountain fell, the entire space was distorted by the pressure and shattered in all directions.

Next to the deep pit that truth listener's foot had stepped into, another huge sinkhole was blasted out. Sand and stones all surged into the sky, making it impossible to see.

After smashing it, the Tusita heavenly peak turned into a beam of light and flew back into Yunxiao's hand, spinning in his palm, full of spirit energy.

“MA Feifei!”

Suddenly, he heard Shi Wushuang's heart-wrenching cry.

As the dust settled, a Golden Shadow could be seen in the sinkhole. It was the chessboard that had been completely crushed by the Tusita heavenly peak.

However, from the looks of it, it wasn't the general but MA Feiyang.

“Oh?” Yunxiao asked. The moment he died, he used all his strength to break through the spatial barrier and kicked the general away. He sacrificed himself to protect his master. He is worthy of praise.”

Chapter 1565-crucial battle

The space above the metal piece moved, and the general’s figure appeared, his face full of anger.

The few chess pieces in the sky also flew down. The heaven-devouring elephant also withdrew from the battle and landed in the sinkhole.

“MA Feifei, wuwuwu!”

Shi Wushuang couldn’t help but cry, and two lines of tears flowed down. He cried, ” “Get up, get up! If you can stand up, I will not call you MA Feifei anymore. I will call you by your full name!”

Every chess puppet felt a sense of sorrow in their hearts and remained silent.

“I was too careless and got MA Feiying into trouble,” the general said.

“Haha, well done!”

Qiu Mujie flew to Yunxiao’s side and gave him a thumbs-up as he praised, ” two out of seven have been eliminated. The remaining five can be taken care of very soon!

‘Ah, I was a little too harsh,’ Yunxiao said. I feel a little apologetic when I see how sad they are.”

Qiu Mujie sneered, ”stop pretending to be compassionate!” If you don’t kill them, they’ll kill you. Don’t be fooled by their cute looks! Besides, it’s just a puppet. Even if it’s flattened, it can still be refined back.”

“What do you know!”

master! Shi Wushuang cried and shouted, “ even if master can refine MA Feifei back, it won’t be the MA Feifei from before!

tsk, it’s fine if you’re not. You’re just a puppet anyway!

Qiu Mujie’s face was filled with disdain as he scornfully said, “To put it bluntly, it’s just a product of artifact crafting.”

“I’m going to kill you!”

Shi Wushuang shouted in grief and indignation. His eyes turned blood-red as he charged forward.

“Shi Wushuang!”

The general shouted and appeared beside Shi Wushuang in a flash. He grabbed her shoulder and said, “Calm down!”

“Hmph, what’s the use of being calm? If you want to live, then get out of my way!”

I’ll tell you another piece of bad news that makes things worse,” Qiu Mujie sneered. I’ve also refined that short dwarf who offended me into an iron block!

“Hahaha!”

He laughed sarcastically, his face full of contempt and disdain.

Yunxiao and Chen Yunyu frowned slightly. Both of them felt that it was extremely inappropriate for him to lose his composure.

Shi Wushuang's eyes were already red and his body was trembling slightly.

The general said, " we can't be impulsive in the current situation. All of you, remember this. The purpose of our existence is to complete the mission, not to settle grudges.

"Yes, general!"

The four of them shouted in unison. Their voices were filled with anger and grief, as well as the determination of a United will.

Yunxiao could not help but frown. "I'm very curious, which genius in the world is able to create existences like you?"

"Hmph, don't think too highly of them." Qiu Mujie coldly replied, "they're just some simple puppets fused with an external soul to achieve a relatively balanced state. Even the MU clan, the most powerful puppetry in the world, can't possibly refine such a nimble puppet."

if it's an external soul, " Yunxiao said, " MA Feifei's body will only be injured. How can she die? "

"The soul is one of the three major problems in the refinement of the human body. It's difficult to fully understand it. Their bodies were already embedded with all kinds of complicated formations, imprisoning their souls within and causing certain changes. You've destroyed the foundation of their existence, so you'll naturally die."

The five chess board members 'expressions changed slightly, but they returned to normal in an instant.

"No matter how you look down on us, no matter how you speculate about us, no matter how strong you are, we will stick to our mission," the general said.

"Tsk, tsk, very ambitious, but can you do it?"

Qiu Mujie sneered and said, I'll deal with two of them. You guys stall the other three for a while. I'll come to help you after I'm done with the other two!

He rushed forward and teleported. He grabbed his podao and slashed at Shi Wushuang's head. He grinned hideously and said, "Half a month and that little pawn, come up and die!"

"Swish!"

All of a sudden, a sharp light transformed into a vital Qi slash that streaked across the sky.

"Bang!"

Qiu Mujie's blade Force was jolted away.

It was none other than the heaven devouring elephant. It held a long scythe in its hand and stared at him with an ice-cold gaze, a look of determination on its face.

"Tsk, fat pig, this Lord will deal with you later!" Qiu Mujie beckoned at Shi Wushuang and sneered, "If you want to take revenge for those two idiots, then come over."

Shi Wushuang raised his eyes and looked at him. Qiu Mujie was slightly startled. His Scarlet eyes that were filled with hatred had already returned to normal and he was as quiet as a Virgin.

guard your position," the general said. as long as we don't make any mistakes, they can't do anything.

"Yes!"

yes, general! the four answered in unison and surrounded the general according to certain rules. They vaguely complemented each other, attacking and defending each other.

Qiu Mujie's expression immediately turned cold. He knew that trouble was coming.

as expected of a general," Yunxiao praised. you can quickly recognize the situation and organize it. However, without the horse and the cannon, it's impossible to stop the three of us."

He raised his hand, and the Tusita heavenly peak flew up again.

! You can't take this thing head on!! The general's expression changed drastically.

The four-colored light swirled, turned into a small mountain again, and fell in the middle of the chess board.

"Retreat!"

The general shouted, and the five of them immediately turned into rays of light and dispersed.

...

"Attack!" Yunxiao said.

Qiu Mujie didn't wait for him to speak and had already charged toward Shi Wushuang.

The general's expression turned unsightly. He had broken through their defensive formation with just one move, but this move was so powerful that it was impossible to resist.

Chen Yuyu also wielded his sword and charged forward, once again engaging in battle with the sky-devouring elephant.

The carriage and the soldiers returned to the general's side, as if waiting for orders.

The general raised his eyes in worry and said, "The two of you, go and support Shi Wushuang."

The Emperor cart was startled and said, "general, then you should be careful."

"Do as I'm told!" The general said.

"Yes!"

Although the two of them were very worried, they did not dare to disobey. They turned into rays of light and soared into the sky.

general?" Yunxiao asked in surprise. are you going to deal with me personally? "

...

The general looked at the Tusita peak that was spinning in his hand and said, "if 'horse' and 'cannon' hadn't died, and you didn't have this profound level weapon in your hand, you wouldn't have been able to pass through if the seven of us formed a formation.

there are too many conditions for this hypothesis," Yunxiao said with a smile. it's not what a general should do to let his imagination run wild.

"I know the situation can't be reversed, so I'm betting the key battle on myself," the general said.

As soon as he finished speaking, his eyes lit up. The flowing light on his body seemed to be more agile.

Golden flames filled the sky, and a domineering aura spread out.

you mean," Yunxiao said. the overall situation will be settled as long as you defeat me? "

The general clenched his fist and said, "yes!" As long as the three of you can break one of them, the overall situation will be settled!"

"Green light fist!"

A terrifying light burst out from his body and turned into a green light in front of him, shooting out into the air.

Yunxiao's body flickered, and he retreated hundreds of feet away. He had just steadied his body when he felt a fist power falling behind him.

"So fast!"

He was slightly shocked. This speed was almost on par with the wind chasing cannon. Without thinking twice, he directly reached out and grabbed it!

"Bang!"

The general's fist hit his palm, and he felt a sharp pain. Although he had the indestructible golden body and the five gates of the physical body, he still felt that many of the bones in his arm had cracked.

"What?"

The general was shocked. He could not believe that his opponent could take his punch.

"Again!"

"Chaos King fist!"

"Boom boom boom boom!"

Suddenly, the sky was filled with fist shadows and countless figures that had exploded the air. Their fists fell like meteors, but they were all golden in color.

Not only did each punch explode with energy, but it also suppressed the surrounding space, making it impossible to escape.

Yunxiao was shocked. The power of the fist was domineering and wild, and it was extremely fierce, but there was a hint of flexibility in the toughness, which allowed the surrounding spirit Qi to rotate and be absorbed into the fist.

He didn't dare to take it head-on with his bare hands. He turned around and stood with his sword in hand. Instantly, countless sword patterns surged on the sword, flew into the air, and disappeared in a flash, turning into a sword enchantment!

“Bang Bang Bang Bang!”

The countless fist shadows landed on the barrier, like clear waves in a pond.

“Good block!”

The general shouted, and his aura suddenly increased. The power of his fist doubled!

“What?”

While Yunxiao was shocked, the barrier was suddenly broken, and the sky was filled with fist shadows, which kept hitting his sword and body!

“Bang!”

Yunxiao took a few punches, and his qi and blood rushed up to his throat. He coughed up a large mouthful of blood and was sent flying.

“What was that just now? The force was so strong that Yunxiao was shocked. Before he could stabilize his body, he felt a mountain-like power coming at him from the sky.

“Sword intent!”

He let out an angry roar and struck the ice sword with a single hand seal. In an instant, a ray of light shot out and slashed at the pressure!

“BOOM!”

The pressure was immediately stopped, and Yunxiao seized the moment to stand firm and come back to his senses.

“Good sword!”

“You have a sword, so do I!” The general praised.

A ray of golden light shot out from his hand and instantly condensed into a golden sword.

“This is the king’s sword, it won’t be dirty to cut you!”

The golden sword emitted rays of light, and a series of arrays suddenly appeared on it. The surrounding spiritual Qi surged in and was instantly absorbed!

“Royal sword beheading authority!”

A vast golden light fell from the sky, and all the spirit Qi He had absorbed seemed to be poured out at once, turning into a terrifying sword energy that rushed toward Yunxiao!

it's just overwhelming power. Can you call that a sword? ”

Yunxiao's face turned cold, and his eyes were as still as a deep pool of water. All of a sudden, he became extremely 'quiet'.

a real sword is an existence that has breathing, life, and soul. It's not just absorbing and spitting out power.

His body brightened up. He didn't move, but countless sword talismans gushed out from his body and danced in the sky.

“Open your eyes wide and look carefully. If your sword is considered a king's sword, then mine can only be called a God's sword!”

Yunxiao's pupils constricted. The sword talismans that filled the sky condensed and flew into the frost of the cold swords. In an instant, the sword energy burst out, and the terrifying power of rules swept forward like a turbulent wave!

Chapter 1566-turning the tables

Heaven and earth were suddenly split apart by that sword.

Everyone stopped fighting and looked over in shock.

Countless sword energies surged around Yunxiao, and circles of sword talismans danced in the sky like countless yellow papers, telling the story of death.

The two vast sword energies finally collided, and a mighty force swept across the entire world, dragging Yunxiao and the general into it.

Everyone was shocked. Under the surge of that terrifying power, all the light was constantly swallowed up. Even their divine sense and eyes were absorbed, and they could not sense the situation at all.

He only felt that there were two faint rays of light shuttling back and forth.

“Bang!”

A loud sound of metal clashing rang out, followed by a sharp sword circle, which dispersed the majestic power!

A water-like sword light suddenly rushed up, directly into the clouds, and split the sky!

A huge pressure was produced within a radius of a thousand feet from the sword light, and all matter was instantly crushed into pieces.

Chen Yuyu and the heaven-devouring elephant retreated a thousand feet at the first moment, but they still felt the power of the sword. The two of them were terrified.

There was such an impact even from a thousand feet away. How could the person in the center of the sword light withstand such a shocking sword?

Chen Yuyu’s body trembled as he said, “ he’s bi an, he’s bi an. Sword slashes stars, he’s sword slashes stars!

“General!”

The heaven devouring elephant roared and transformed into a golden beam of light, charging forward.

The sword in Chen Yuyu’s hand sank and turned into thousands of swords that rose into the air like a net of swords and fell on the body of the heaven-devouring elephant.

The sky-devouring elephant’s scythe spun in the air, and its entire body spun like a top. Countless saber shadows stood on the sword net, shaking out a sky full of golden light.

Shi Wushuang and the others' hearts sank. They would never believe that the general could survive the sword intent just now.

Qiu Mujie knew Yunxiao's identity, and although he was also shocked, he was obviously much calmer. Taking advantage of the distraction of Shi Wushuang and the other two, he madly absorbed primordial pills to replenish his strength.

The dust on the ground dispersed, and the two figures pressed together slowly appeared in front of everyone.

"General!"

Shi Wushuang couldn't hold it in any longer. Two streams of tears flowed down as he covered his mouth and cried.

On the ground, half of the king's sword was held in the general's hand. The cold sword pierced his chest and came out from his back.

Yunxiao's face was cold and pale, and the veins on the hand holding the sword were bulging and trembling slightly.

"What's the name of this sword?" the general's face was extremely calm.

Yunxiao circulated his primordial energy to calm his slightly trembling body, then said, "Sword slashes the stars."

"So it's this," the general said, suddenly enlightened.

you're very strong," Yunxiao said. you can still survive under swordcut Star City. I thought you were dead for sure.

“If it were them, they’d definitely be finished,” the general said. But I’m a general, so my structure is a little different from theirs.”

Yunxiao’s eyebrows twitched slightly as he said, ” “How different?”

“Bang!”

The general raised his hand and grabbed the cold sword, frost, and pulled it out!

Yunxiao’s heart trembled, and his arm trembled. He had consumed too much strength in the attack just now, and the sword was constantly being pulled out of his body by the general.

“Bang!”

The general swung his arm with all his might and pushed Yunxiao back several feet.

Then, a golden light rushed out from his body. His pupils suddenly shrank and shot out a sharp cold light.

Yunxiao trembled violently, and the gaze seemed to penetrate his body and heart!

“Y-you’re bi an!” He exclaimed in shock, ” “How could a puppet have such sharp eyes!”

“Pa!”

The general put his hands together, and a monstrous aura surged from his body. The power level kept rising, and his entire golden body was shining as if it was about to melt.

“So, Yingluo, you’re still the one who lost in the end! Gu Feiyang!”

The general's eyes became extremely deep, like the blue sky that could see through everything in the world!

"Blue howling tyrant fist!"

A golden light shot out from his palms and a monstrous force surged out. He suddenly punched out!

"This punch, Wufu, you're Wufu!"

Yunxiao's body trembled, and he suddenly understood something. The fist momentum carried an endless roaring martial intent, as if it had crossed time and space!

The aura of death welled up in his heart so clearly that he didn't have time to think anymore. He circulated the imperishable golden body to the extreme and transformed into three heads and six arms. The four Fists behind him held golden light and suddenly bombarded!

He formed a hand seal in front of him and summoned the devil Sky silk.

He drew his sword with one hand and slashed out again!

"Sword technique-demon slaying!"

"BOOM!"

The sword intent was shattered by the fist radiance and struck the devil Sky armor!

"Bang!"

...

The devil-sky silk was safe and sound, but Yunxiao coughed up a mouthful of blood. He retracted his Dharma idol, and his entire body was sent flying like a kite.

It was hitting the cow across the mountain!

After the general's punch landed, he made a grabbing motion with his right hand, and The Broken king's sword flew into his hand. Then, with a flash, he disappeared from where he was and continued to pursue Yunxiao.

A surge of elemental energy poured into the broken sword, and with a "bang," it gushed out of the sword spine.

"What?"

The general frowned as he raised his sword and slashed at Chen Yunyu, who had suddenly blocked Yunxiao's way.

"Bang!"

Chen Qianyu raised his sword and blocked it horizontally, but he was immediately pushed back several feet!

how can he be so strong?!

He was shocked in his heart. He was a peak tier 9 powerhouse, and he was actually forced back by a single sword!

"A King cuts his power!"

...

The general seemed to have lost his calm and collected demeanor. He swung his sword fiercely, and the surrounding spiritual Qi was instantly absorbed and spat out!

“BOOM!”

Chen Yunyu and Yunxiao were instantly hit by the sword Qi, and the whole mountain was split open again. It was like a cake, completely ruined.

On the broken sword, the sword energy pulsed a few times before gradually disappearing.

The general stood in the air with the broken sword in his hand. His cold eyes looked into the endless ruins, sweeping over them bit by bit.

“I know you’re not dead yet, come out!”

The general shouted coldly, but there was no response.

“Didn’t you want to enter the inner part of the mountain range? I’m standing right here, come out!”

He shouted several times, but there was no sound at all.

Sky-devouring elephant flew down and said, “ general, that li Yunxiao has been injured by the power of your fist. Coupled with the power of your sword, even if he doesn’t die, he will be seriously injured. It will take him at least a year to recover.

The general frowned slightly. Although he did not believe that Yunxiao would need a year and a half to recuperate, he would not be able to run away in ten days or half a month. By then, he would have been long gone.

He raised his head and looked at Qiu Mujie.

Qiu Mujie's entire body trembled as he spread his wings and leaped a hundred Zhang away. He became vigilant.

Even he would have been seriously injured by Yunxiao's star slash, let alone turn the tide.

"Crazy Jie, aren't you very arrogant?" The general said coldly.

Qiu Mujie was taken aback. The aura of the general in front of him was completely different from before. The sword mark Yunxiao had left on his chest was still there, and one could see the back through the hole.

if you're not the general, Who are you?! He asked.

Shi Wushuang and the others were also shocked. They had never seen the general in such a state.

"The world is big, not everyone you can afford to offend," the general said.

Qiu Mujie frowned as he pondered the meaning of these words.

Suddenly, there was a flash of golden light in front of him. The general took the opportunity to teleport and grabbed at him with his five fingers wide open!

"Impossible!"

In his shock, Qiu Mujie suddenly flapped his wings!

"Woof! Whoosh!"

The general's five fingers suddenly turned into sharp swords and shot out. Under the dazed state of space, two sword gleams pierced through!

The feather of the dark swamp was instantly cut off, and the sky was cut into three parts!

“Ah!”

Qiu Mujie cried out in pain, and cold sweat burst out of his forehead. However, he didn't have time to think. He swung his tail and thrust out the heaven vein poison light!

“Bang!”

The broken sword spat out sword energy once again and slashed at the long tail, cutting off the poisonous needle!

Qiu Mujie was greatly shocked. He suddenly transformed into a copper nose and iron mouth, and with a “Hmph ha” sound, he blasted out with his full strength!

Scales appeared all over his body as he retreated, instantly fleeing a thousand feet away.

The general's sword slashed into the sound wave storm and was instantly destroyed. The sword intent continued to pursue Qiu Mujie and landed on his scaled body, causing a series of sparks to fly. Although he was injured, it was not fatal.

Not far away, the battleship fish also disappeared after spitting out a few bubbles.

“Hmph!”

The general turned around and flew down.

Shi Wushuang and the others were all stunned. They looked at the familiar figure, but it seemed extremely distant and unfamiliar.

The general stood on the ground and kept making hand seals, sending them into the void in front of him.

A green array appeared and suddenly opened, revealing a passage.

"Let's go," he said. The general called out softly.

Shi Wushuang's body trembled and that familiar feeling came back again. She was stunned and said, "Leave? Where to?"

The general said, "inside the mountain, the outer body of the mountain has been completely destroyed. No one will come here in a short time. After we go in, no one will be able to find the entrance.

Shi Wushuang said, "general, you were ..."

"No need to ask," the general said. He took the lead and stepped into the passage, slowly walking inside.

Shi Wushuang and the others looked at each other and followed closely behind.

Soon, the green tunnel gradually closed and disappeared without a trace, leaving behind only a mountain of rock powder. Even the shape of the mountain had completely disappeared.

After a while, a ghostly light suddenly appeared on the ruins, wandering in the air like a will-o'-the-wisp.

After flying a few rounds, the ghostly fire suddenly fell and transformed into a tall and slender figure on the ground. The figure's entire body was withered and thin, and it looked like a skeleton.

He looked around and said, "I don't see Gu Feiyang's soul. He shouldn't be dead. He just escaped. What a pity!"

“I don’t know if it’s a blessing or a curse that he didn’t come out just now! Although I lost Gu Feiyang’s soul, I discovered the general’s Secret!”

The man stroked his sparse short beard and muttered to himself.

“The matter of Gu Feiyang’s soul can be put on hold. He is seriously injured at the moment and will need at least ten days to half a month to recover. It’s more important to deal with the battle Soul Mountain first.”

The skinny man made his decision. His body flickered and he turned into a ghostly flame again. He flew a few rounds before disappearing with a bang.

Chapter 1567

1567 Inside the mountain range

The battle Soul Mountain had completely lost its mountain form and was in a mess. The earth veins were all destroyed and the sound of breaking was constantly coming from the ground.

After the ghostly flame disappeared, the space twisted slightly, and Yunxiao and Chen Yunyu’s figures emerged.

The two of them were pale and injured.

“Cough cough!”

Yunxiao coughed up a few mouthfuls of blood and said in a self-deprecating manner, “It’s true that I’m seriously injured, but why do you all think that I’ll need ten days to half a month to recover? Do I look that weak?”

He took out a large number of heavenly treasures and swallowed them without even looking at them. Then, he made a hand seal and a formation light flew out from his body. Vast spiritual Qi surged from all directions and poured into his body.

Chen Yuyu was dumbfounded. He didn't dare to delay under the impact of this vast spiritual energy and hurriedly adjusted his breathing to absorb it.

The spirit Qi around Yunxiao almost condensed into a Dragon as it kept pouring into him.

Chen Qianyu felt that it was greatly beneficial, but it didn't last long before the spiritual energy of the Dragon gradually dissipated.

When he opened his eyes, he was shocked to find that Yunxiao's face was ruddy, and his injuries seemed to have been suppressed.

young master Yun, your ... Your injuries are not good," he said awkwardly.

what?" Yunxiao asked. do you also think that I will need ten days to half a month to recover?"

Chen Qianyu was speechless. no, no. It's just that ... Isn't this a little too fast?"

the strength of my physical body is far beyond your imagination," Yunxiao said. besides, my injuries have not fully recovered. I think I've only recovered by seventy or eighty percent.

70 to 80 taels of silver?" Chen Yuyu was dumbfounded and didn't know what to say. His injuries should have been much lighter than Yunxiao's, and he had not even recovered by ten percent.

Little did they know that Yunxiao's imperishable golden body could directly absorb his opponent's power, so his injury was far less serious than they thought. Coupled with his speed of absorbing spirit Qi, he was dozens or even a hundred times faster than ordinary people.

Yunxiao dropped the topic and said, "The person that the ghostly fire transformed into seemed familiar, but I can't remember who it was."

you're right! Chen Yuyu's expression was grave. if I'm not wrong, that person just now should be the Deputy sect leader of the soul Devourer sect, you mi!

“Ah, yes, that’s him!”

Yunxiao clenched his fist and said, “Why do I find him familiar? has this kid already become the Vice sect leader? Tsk, tsk, a scholar who has been away for three days must be treated with new eyes.”

this battle Soul Mountain is the territory of the soul Devourer sect, ” Chen Qianyu said. it’s not strange for people from the soul Devourer sect to appear here. But why would they tolerate people from the myriad Star Valley acting so atrociously here? ”

there can be many possibilities, ” Yunxiao said. for example, the soul Devourer sect has just discovered it, or they have already discovered it a long time ago and kept it a secret, hoping for a bigger conspiracy. Anyway, Yumi’s appearance has made things more interesting and complicated.”

“Is it good or bad?” Chen Yuyu asked.

it’s hard to say, ” Yunxiao said. let’s just take it one step at a time. I originally thought that the three of us would be able to take down everything, but now it seems that we’ll be in quite a bit of trouble. Even that ‘general’ can’t be taken down. We still don’t know how many masters there are in the mountain range, so we must solve this matter as soon as possible, otherwise, if Yuan gaohan comes, it will make things more complicated.”

Chen Yuyu’s face was still filled with lingering fear as she said, ” “What’s with that ‘general’?”

in the end, ” Yunxiao said, ” the one who turned the defeat into victory was Tian Xingzi.

“What? Ten thousand stars Valley’s sect master, Tian Xingzi!”

Chen Yunyu was shocked and said, ‘the general’s identity is actually Tian Xingzi himself? Then who is the Tian Xingzi who usually appears?’

you’re thinking too much, ” Yunxiao said. The general was the general, and Tian Xingzi was Tian Xingzi. It was just that in the end, Tian Xingzi was the one who descended into the general’s body. The meaning of

the general's existence should be to be the vessel for Tian Xingzi's descent. It's very difficult for an ordinary possession technique to unleash such great power, but this general must have been specially refined for this, so the compatibility is very high."

"I see." Chen Yunyu looked at Yunxiao and finally could not help but ask, "Young master Yun, you, you, you are really that Lord?"

what does it matter?" Yunxiao suddenly smiled. what does it matter?"

this bi an," Chen Zhiyu said. I understand.

Yunxiao changed the topic. Looking at the feather of Blackpool and the tail-breaking poisonous needle in the distance, he said with a smile, "mad hero was careless and his limbs were broken by Tian Xingzi. This is not a small lesson.

if it really was the sky Star Valley sect master," Chen Yunyu said with some lingering fear, "I'm afraid only young master Yun's friend can compete with him.

Yunxiao knew he was talking about che you, so he said, "Let's see how things go first. I'll summon him when necessary, but I'm not too sure if he's willing to help."

After che you regained his freedom, his relationship with him was still good, but he was not as easy to command as before. If the other party lost his temper, he could do nothing.

"Let's go. Let's go into the mountain range and see what they're up to."

When Yunxiao came to the place where the general had disappeared, his pupils constricted and turned blood-red. Soon, he found the coordinate point, and the space passage slowly opened under the power of his eyes.

The two of them quickly entered.

A holy aura immediately hit him in the face, making him feel solemn and respectful.

“What’s going on? This power is filled with holiness and vitality, completely different from the deathly aura outside.” Chen Yuyu looked a little confused.

being and non-being exist together, and life and death follow each other,” Yunxiao said. although it’s a little strange, it’s not difficult to understand. The yin and yang of heaven and earth are always born together. If the divine Qi here disappears, the deathly grey Qi outside might also disappear.”

The passage in front of them was not man-made, but seemed to be created by the heavens and earth. The two of them walked inside step by step.

In the interior of the mountain, there was a huge cave, surrounded by towering stalactites that were almost stuck together.

The ground in the middle of the cave was full of mud, and it seemed to be lava below, with hot air bubbles constantly gushing out.

A giant deer-shaped monster was stuck in the mud. Its entire body was gray, and its body was like a stone sculpture, not moving at all.

The monster’s body was bound with silver chains that hung from the mountain walls on all four sides. It shone with a golden light.

Su ping stood on a stalactite pillar and looked at the giant deer monster expressionlessly. An old man in a gray robe was sitting cross-legged on the monster’s head. He had a dignified expression.

The old man’s hands formed a seal, and he didn’t move at all, just like the giant deer.

Su ping suddenly raised his head and looked in the direction of the karst cave. He said, “It’s all settled?”

Five chess board members walked out from that direction. The general was the first to say, " "They've all fled."

Su ping furrowed his brows as he looked at the old man sitting cross-legged on the head of the giant deer monster. "Could it be the sect leader?"

"Yes," the general said.

...

Su ping nodded and said, "I didn't expect it to be so troublesome. You've worked hard." I'll make up for the lost cannons and horses as soon as possible after this matter is over."

Sorrow appeared in the eyes of Shi Wushuang and the others, but it disappeared in a flash.

The general was expressionless and only replied, " "Yes." He just stood at the side and didn't say anything.

Su ping said, " since the sect leader has taken action, I'm afraid the time here will be extended. All of you, strengthen your defenses. In addition to the people from the soul Devourer sect, we also have to prevent Yunxiao and the others from returning."

"Yes." there are a total of six passages that lead to the inside of this mountain, " the general said. why don't we set up a barrier to completely seal it off? we can break the seal and get out when the time comes.

Diao Xiu and the other two seriously injured seven loose disciples were also in the cave. When they heard this, they immediately said, "This method is not bad. Even if the seal is not strong, it can at least alert the enemy."

He immediately ordered the other two to start setting up.

Su Ping's brows furrowed slightly, but he didn't say anything. He allowed them to move on their own. His gaze was still fixed on the gray-robed old man on the head of the giant deer monster. He didn't move.

"Ah!"

ah! suddenly, a blood-curdling screech was heard, followed by a splatter of blood in the cave.

One of the seven loose disciples was currently sealing the entrance of the cave when his head suddenly flew off. Blood spurted out from his neck like a fountain, making hissing sounds.

...

"Who is it?"

Everyone was shocked. Diao Xiu was even more furious and he almost fainted from anger.

The seven loose Masters were extremely famous in the entire Western Region. Although the seven of them couldn't be said to be brothers, they advanced and retreated together. They were almost like a famous name card of the myriad Stars Valley. They were well-known, and their fame even surpassed the sect leader's.

He didn't expect that only half a day had passed, and only two people were left. Five out of seven were gone, so how could he not be angry?

"Tsk tsk, isn't this Duan ganhong of the seven loose disciples? Not bad, not bad, this soul is very good."

The space in the passage trembled, and several figures appeared in an instant. They all had cold and strange expressions, and when their auras spread out, they immediately made people shudder.

"It's you, Xi yulun!"

Diao Xiu exclaimed in shock. Su Ping's brows furrowed as well, and his expression turned ugly.

Xi yulun was the Deputy sect master of the soul Devourer sect. Not only him, but the people behind him were all experts of the soul Devourer sect.

One of them held a yellow light in his hand, shaking it continuously. Duan ganhong's appearance could be vaguely seen inside, and he seemed to be in extreme pain.

"Quickly release Duan ganhong's soul!" Marten Xiu shouted in anger.

"Release? Tsk, tsk, if you want to release it, you can do so with your soul."

The man laughed and looked at Diao Xiu coldly. He opened his mouth and spat out a ray of green light, which turned into a golden skeleton in the air.

The Golden skeleton slowly opened its eyes, which suddenly brightened. It drooled as it stared at Duan ganhong's soul in the man's hand.

"As the leader of the seven loose cultivators, Diao Xiu, since you're so bold as to ask me to release him, then do you have the spirit to sacrifice yourself for your companion?" the man laughed contemptuously.

"You, you, demon!"

Diao Xiu clenched his teeth in anger and clenched his fists. Of course, he would not exchange his soul for it.

"Since you're not willing to sacrifice yourself, what's the point of calling yourself that?" the man sneered. It's not that I don't want to release her, but you're not sincere enough."

He threw away the ball of yellow light, and the Golden skeleton suddenly became overjoyed. It instantly opened its mouth wide and ate it. It kept making "Ba Ji Ba Ji" sounds, which made people's hair stand on end!

Chapter 1568-mole

“Gulp!”

Diao Xiu swallowed with difficulty, and all the hair on his body stood up.

Su ping also frowned and said, “what do you mean?” Do you want a complete war?”

Xi yulun was wearing a loose black robe with countless golden skeletons drawn on it. She stretched and said, “This is the territory of the soul Devourer sect, and you’re still asking me what I mean? Is there something wrong with your brain?”

Su ping said, “even if it’s your territory, can’t we even stay there?” He killed our sect’s elder as soon as he saw him!”

“Of course I can,” Xi yulun sneered. Since we know that this is the territory of the soul Devourer sect, then everyone in the battle Soul Mountain is under the protection of our sect, but they were all killed by you. What kind of logic is this?”

Su ping was at a loss for words and could only say, “When we arrived at the battle Soul Mountain, the people in the mountain were already dead. How can you blame it on us?”

“Oh, I see.”

“That Duan ganhong just now also suddenly died of his own accord. We just happened to see him, so we took his soul in passing,” Xi yulun said unhurriedly.

“Then what do you want now?” su ping knocked his head and asked.

Xi yulun looked at the giant deer monster that was locked in the middle. Only its upper body could be seen above the mud. Its two giant horns were like two strange rugged mountains and its head was like a Hill. The old man sat on it motionlessly as if he was in a trance.

Xi yulun's expression was solemn as she said in a clear voice, "Xi yulun of the soul Devourer sect greets Lord Tian Xingzi!"

Tian Xingzi still did not make a sound, as if he had not heard.

"I, Xi yulun of the soul Devourer sect, pay my respects to Lord Tian Xingzi!" Xi yulun said in a clear voice.

It was still silent, and Tian Xingzi seemed to have been petrified along with the giant deer monster.

"What's wrong with Lord Tian Xingzi?" Xi yulun asked in surprise.

Su ping said indifferently, "Lord Xi yulun, why are you pretending?" If you didn't know that there was something strange about the sect leader, would you dare to kill Duan ganhong?"

"So the news I heard is true?" Xi yulun smiled.

"I'd like to know who told you the news," su ping said.

"Isn't our vice sect leader, Lord Yumi, always by your side?" Xi yulun sneered. What's the big deal about sending back this little bit of information?"

"Nonsense!"

An angry shout came from the cave. After several lights flashed, Yumi's skinny figure appeared. He said with a pale face, "Xi yulun, don't try to frame me!" "Su ping, I didn't do this!" He said.

"Hmph, Yumi, you're a traitor!" Xi yulun coldly said, "you still have the face to say it wasn't you?" He actually sought refuge in myriad Stars Valley! Do you still remember the sect rules?"

Yumi's expression changed slightly before returning to normal, "of course I remember, but I remember the rules of the myriad Stars Valley even more. "Because I was a member of the myriad Stars Valley before I entered the soul Devourer sect," he said indifferently.

"What?"

Everyone was shocked. Even Marten Xiu was shocked. He looked at su ping as if he was seeking confirmation. Seeing that the latter's expression did not change, he knew that what Yumi said was true.

Xi yulun's face was filled with horror. She gritted her teeth and said angrily, "The ten thousand stars Valley's move is really ruthless! No wonder my Soul Devourer sect has been suppressed by you all these years. It turns out to be like this!"

Su ping said, "elder Yumi has indeed played a significant role in the past few years. You've worked hard." However, the soul Devourer sect seems to have planted a mole in my sect, and even elder Yumi's identity has been exposed. I really want to know who the mole is."

"I hope I live up to sect leader's expectations!" Yumi quickly said. I have a few guesses about the mole planted by the soul Devourer sect, but I can't be sure."

that's good, " su ping said. when this matter is over, I'll definitely investigate it thoroughly.

Xi yulun's face darkened and she said coldly, "This matter is over? Since I'm here, can you still leave this place?"

Su ping was moved. all nine elders of the soul Devourer sect have been mobilized. It seems that they really want to fight to the death. Sect leader Huangfu bi, have you considered the consequences of fighting between the two sects? "

Xi yulun grinned hideously, "if it weren't for the sect master's order, would I have dared to make such a decision?" This is a once-in-a-thousand-years opportunity to eliminate your myriad Stars Valley!"

With a flash of his red robe, he charged directly into the center of the swamp.

“Impudent!”

“Leave Xi yulun to me!” Yumi shouted.

With a flash of green light, he caught up with the red-robed man. With the soul devouring flag in his hand, a ghostly figure bit at him.

“You Lackey, you’re really responsible!”

Xi yulun was furious. She made a hand seal with one hand and a sharp sword appeared in her hand and she stabbed it down.

“Bang!”

The light of the sharp sword struck the soul devouring banner and bloomed, shooting in all directions. A few of them went straight for Tian Xingzi, who was in the center.

Su Ping’s expression darkened. He took a step forward and shuttled through, appearing directly beside Tian Xingzi. With a wave of his long sleeve, he swept away the sword light.

no one can save the myriad Star Valley from its defeat today! Xi yulun brandished the long sword in his hand and slashed down. He shouted, “Ten thousand spirit devouring ghosts!”

The long sword disappeared in his hand and turned into a huge Ghost Face full of cracks. It fell apart with a “ bang “.

In an instant, countless fist-sized ghostly faces flew up like carps crossing the river. They made all kinds of “ wa wa ” sounds as they rushed toward the center.

Su Ping’s expression didn’t change. He slapped the ground with one hand.

A dense Halo of light spread out from his palm and condensed into a star with a radius of 100 feet around his body.

“Bang Bang Bang!”

The 10,000 ghosts rushed down and all crashed into it, causing the star Ring to become unstable.

Su ping took out a jade pendant, formed a few seals on it, and threw it out.

“Buzz buzz buzz!”

A bee-like sound came from the jade pendant. As soon as it flew into the ring of stars, countless runes immediately burst out and rotated around the light.

The chaotic celestial barrier immediately became solid, and the ten thousand ghosts were immediately blasted away upon contact, causing them to cry out in alarm.

...

“Damn it!” Yumi shouted in shock and anger. He threw out the soul devouring banner in his hand and spread it in the air. Suddenly, a golden skeleton appeared.

The skeleton rolled its eyes and flew out under the control of Yumi’s seal. It opened its mouth and ate the hundred ghosts happily.

Xi yulun was furious. He made a hand seal and his long robe fluttered. The shadow of a huge demonic beast appeared behind him and rushed into his body.

“Pi pa Pi pa!”

The muscles on his body continued to burst with power, and in an instant, he transformed into a huge demon. His legs shot out at Yumi.

“BOOM!”

Yumi was shocked. He quickly made a hand seal, and the giant golden skeleton suddenly fell.

“BOOM!”

The power of Xi yulun’s punch deformed the Golden skeleton, and the force of the punch even penetrated it!

“Bang!”

Yumi grabbed the soul devouring banner and held it in front of him to block the remaining power. He was sent flying on the spot, his eyes filled with horror.

...

The soul Devourer sect’s two great magical powers were the soul battle technique and the soul devouring banner. The former was more difficult to cultivate at the beginning, and the progress was slow, but once it was completed, its power would be boundless.

Back then, Yunxiao had performed this skill together with che you, and they had saved the world many times.

Although it was easier to refine the soul devouring banner, after stepping into the Golden Soul Stage, it would need to devour a large number of souls for every increase in strength. This was a taboo even in the soul devouring sect, so it was very difficult to cultivate it.

Yumi’s strength was clearly not as good as Xi yulun’s. After the attack, he had the intention to retreat and did not dare to fight head-on.

“You traitor! I’ll tear you apart today!”

Xi yulun’s face was full of ferocity. Like a mammoth that was standing up, he took a step forward and punched out with his huge fist!

Although the entire cave was large, it was extremely small when it came to fighting. You mi could not avoid it, so he gritted his teeth and used the soul devouring banner.

Suddenly, the sky and the earth changed. The entire karst cave seemed to be in the netherworld. All kinds of wandering souls and wild ghosts flew around. The Golden primary soul opened its eyes wide and spewed out ghostly fire. It was a terrifying sight.

“Tsk, you’re bluffing. Hand over your life!” Xi yulun’s face was filled with a sneer. Wherever the fist force passed, the entire eerie phenomenon was broken apart.

Yumi’s face turned pale. He grabbed the soul devouring banner and prepared to fight head-on. He roared and rushed forward.

“Pa!”

Suddenly, a hand was placed on his shoulder and he said, “I’ll do it.”

With a flash of golden light, the general stood in front of him with his hands pressed together. His eyes were filled with radiance as he shouted, “Blue howling tyrant fist!”

A golden light shot out and met Xi yulun’s fist force.

“BOOM!”

The two fist forces exploded, causing the earth to shake and the mountains to shake. The entire cave was filled with a holy power that seemed to be able to resolve the power and did not collapse.

“What? This strength!”

Xi yulun was shocked to see that he could not block the general’s punch. The vast power was even greater than his!

you ... You’re Jian Jia! he exclaimed.

“Since we’ve decided to make a move, we must be prepared to be annihilated.” The general said. Xi yulun shall be buried under the mountain of fighting souls forever!”

“Bang!”

Suddenly, there was a loud explosion, followed by a burst of golden light. The general’s body froze. He had just raised his fist high when it stopped in the air, as if he could not move.

His eyes, which were as deep as the sea, suddenly shrank. “What’s going on?”

Everyone was shocked. Behind the general, Yumi thrust his sword directly into the wound on his body, where Yunxiao’s star slash had seriously injured him.

Not only that, but the Golden primary soul also rushed into the interior of the puppet. A large number of wandering souls and ghosts also scattered, turning the general’s surroundings into a ghastly and terrifying place.

“Yumi, you coward!” Su ping was shocked and furious.

“Hahahaha!”

Yumi laughed out loud, his face full of smugness. “Everyone, you didn’t expect this, did you?”

Xi yulun was also sneering and smug. She looked at the crowd as if they were fools and sneered.

The general's expression kept changing. The Golden primary soul kept destroying the formation in his body and started to devour his soul.

Su ping gritted his teeth and said, "Yumi, you're the sect leader's adopted son!" Why did you betray the myriad Stars Valley?"

Marten Xiu and the rest were shocked. They did not expect Yumi to have such a relationship.

"Su ping, people change," Yumi chuckled. I've been in the soul Devourer sect for so many years. Aren't you worried that I'll change? Just based on that illusory title of adopted son? Can it compare to the position of the Vice sect master of my Soul Devourer sect?"

Chapter 1569-Tian Xingzi

"General!"

Shi Wushuang was shocked and his eyes turned red. His figure flashed and he rushed over.

At the same time, a golden light rose, and the other chess board members also rose into the air, their faces full of anger.

"Whoosh! Whoosh! Whoosh!"

Several figures stood in front of them, all with mocking expressions. They were the nine elders of the soul Devourer sect.

A violent roar came from one of them, and a wild demonic Qi rushed out. His body instantly turned into a demon, and he grabbed an iron hammer in the air and smashed it down!

"BOOM!"

the space exploded, and a storm swept out.

“Hu hu!”

The bodies of the five chess pieces froze. The storm brushed against their bodies and made a rustling sound, shaking the five of them away.

“Hehe, you better behave yourself!” The elder opened his mouth, revealing his terrifying fangs.

Bang Bang ” sounds kept coming from the general’s body. His face was twisted and his facial features were squeezed together. Suddenly, the pained expression on his face relaxed. His face slowly dispersed, and the light in his eyes gradually disappeared. The metallic luster on his body also dimmed.

“Hahahaha!” hahaha! Yumi laughed wildly. Tian Xingzi, I’ve destroyed one of your clones. You’re like a dragon trapped in a shallow pool today. You’re just waiting to be skinned alive.

“Pfft!”

In the middle of the swamp, the old man on top of the giant deer monster finally reacted. He spat out a mouthful of blood and opened his eyes, staring at Yumi with a cold light.

His gaze was as cold as ice, causing Yumi to shiver.

He hurriedly circulated his distant art to suppress the coldness, but he was still extremely shocked. He vigilantly forced a smile and said, “ Lord Foster father is indeed a divine transcendence expert. Even after one of his clones was destroyed, he still has such courage!

Su ping was shocked. He flew up to the head of the giant deer monster and said, “Sect leader, how are you?”

Tian Xingzi's eyes were filled with disappointment and pity, which made you mi feel uncomfortable, and he turned his head to the side to Dodge.

Tian Xingzi retracted his gaze, and the wrinkles on his face increased. He sighed, "I still failed. Man proposes, God disposes!"

A sharp glint flashed in su Ping's eyes, but he instantly returned to normal and said, "Heaven's behavior can not be violated."

Tian Xingzi nodded, and his eyes turned cold, "However, I will never let these ants of the soul Devourer sect and this old man Yumi off!"

In a flash, he disappeared from where he was. A beam of light pierced through the ring of stars and appeared in front of Yumi in an instant, his five fingers clawing down!

Yumi's entire body trembled. His five fingers were like giant pillars that held up the sky, stabilizing the world. The elemental energy in the acupuncture points all over his body seemed to have frozen in an instant, and bean-sized cold sweat dripped down his cheeks.

"Clear!"

Xi yulun shouted as he drew a circle in front of him with his hands. An imprint condensed between his hands and he slammed it down.

"Mammoth King Gu technique!"

"Bang!"

A vast force surged into long MI's body and instantly broke through all the shackles on his body. Yumi's eyes glowed as the figure of a giant beast appeared in the sky.

"Green Sun ghost record art!"

Yumi's eyes turned green, and the Golden Soul rushed out of his body. He struck out with his palms!

Their powers melded together perfectly at this moment, causing the space in the entire karst cave to spin. Everyone felt an unrivaled, vast power.

Yunxiao, who was hiding in the void, was also shocked. He changed his hand seal, and a transparent rune flew out and spread out.

He and Chen Yuyu were covered in a layer of dark light, but they were safe and sound under the power of the space turbulence.

At this moment, Yunxiao's eyes were white and misty, but there were black spots in the depths of his eyes, which looked very strange.

"Strange." He muttered in his heart.

The power in Yumi's palms pressed forward like an avalanche.

Tian Xingzi's eyes shot out a cold light and he shouted, "Unfilial son, you're looking for death!"

The five fingers clenched and grabbed a Phantom in the air. The entire storm seemed to slow down, and then it suddenly opened up and slapped out!

"BOOM!"

Tian Xingzi's palm slammed into the storm and the entire Golden Soul was deformed. The two forces collided!

"Pfft!"

“Pfft!”

Xi yulun and Yumi both spat out a mouthful of blood as they were sent flying.

The two of them were extremely shocked, but soon, they revealed a look of ecstasy. Tian Xingzi was also bleeding from the corner of his mouth, and it was obvious that he was severely injured.

“Hahaha! Tian Xingzi, you didn’t expect this day to come, did you?”

Yumi laughed wildly as he tried to stop his injuries. there’s no need for Lord sect master to act. We alone are enough to destroy you!

Tian Xingzi’s face turned ashen, and he shouted, “unfilial son, why did you betray me!”

Yumi said coldly, “unfilial son?” Clean your mouth! Who’s your son!”

Tian Xingzi’s expression was unusually ugly. He gritted his teeth and said, “ back then, I saw that your talent was extremely high, so I brought you back to cultivate. I didn’t expect that you’d raise an ingrate!

“Ingrate?” Yumi said coldly. Hmph, you brought me back to the myriad Stars Valley because of my high innate talent. If my innate talent was trash, would you have brought me back? Moreover, you planted me in the soul Devourer sect to do such a dangerous thing. Have you ever considered my feelings?”

Tian Xingzi was so angry that his entire body trembled, and he said in a trembling voice, “You ... You unfilial son!”

“Shut up!”

...

“This su ping is your son!” Yumi shouted angrily. Hehe, what a fair and clean kid. I really don’t know what abilities he has to be able to get you to give him a general! I’m not the only one who’s unconvinced. I’m afraid no one in the entire myriad Stars Valley will be convinced!”

Su Ping’s expression was extremely calm. There wasn’t a single ripple on his face as he stood quietly on top of the giant deer monster’s head. The monster seemed to have been chained up and was in a deep sleep.

“Traitor, why are you finding excuses for yourself!” Marten Xiu said angrily.

Yumi’s eyes flashed with gloominess and he said coldly, ” “Who Do You Think You Are? Are you even qualified to talk to me?”

Marten Xiu’s face turned red and he said angrily, ” “Shameful traitor, everyone can scold you!”

“Haha, Lord Tian Xingzi, you indeed lack consideration. With such talent, how could Yumi not be valued in the soul Devourer sect? but with his cultivation and personality, how could he hide it from the sect leader?” Xi yulun could not help but laugh.

Tian Xingzi said coldly, ”what a good plan. Where is Huangfu bi?” Tell him to come out!”

“There’s no need for the sect master to personally deal with you,” Xi yulun said. We’ve destroyed one of your clones, and now we’ve injured you. As long as Yumi and I work together, we can kill you!”

“Haha, too childish!”

Tian Xingzi’s aura suddenly burst out and pressed down in the air. He mocked, ” “You’re already peak nine-star experts. Don’t you understand the horror of divine transcendence? Even if I only have a wisp of my strength left, you can’t fight Against Me!”

“Boom boom boom!”

...

The air around him rumbled from his aura and swirled around the cave. Yumi and Xi yulun were shocked and quickly retreated.

Tian Xingzi was not stingy with the origin power on his body as he approached the two of them step by step. He said coldly, "Since Huangfu bi is hiding and not coming out, then I'll deal with you two bastards first. I'd like to see if he's capable of leaving you in the lurch."

"You're the one who's an old b * stard who won't die!" Xi yulun shouted.

"Roar!"

The roar of his Demon Soul came from his body. He kicked off in the air and rushed over. His big fist exploded with the pressure and smashed down!

You mi also knew that this was a moment of life and death, so he had to take the upper hand first. However, he was Tian Xingzi's adopted son after all, and his heart was still weak, so he did not have the aura of Xi yulun.

The soul devouring banner turned in the air and waved in the air. The Golden primary soul flew out and opened its mouth to bite him with a strange "hehe" laugh.

"Small tricks!"

Tian Xingzi stood up straight and reached out his hand. He immediately received Xi yulun's punch and was shocked into circles of fist radiance that scattered.

Then, his left hand grabbed at the air and a battle blade flew over. The runes on the blade flickered and there were all kinds of formations. A cold light flashed and he casually slashed down!

"Swish!"

The sky was instantly split open and the Golden Soul was instantly split in half. After revealing a shocked expression, it turned into two golden souls and rushed down.

Hmph, looks like you've also taken the soul Devourer sect's cultivation technique as your main cultivation technique. Now, I'll let you experience the myriad Star Valley's ultimate technique.

"Dao Mei!"

Tian Xingzi waved his left hand, and the saber emitted a buzzing sound. It shot out countless green rays that instantly bound the two golden souls.

"Shatter!"

With a wave of his saber, the two golden souls were instantly crushed.

"Ah!"

Yumi let out an inexplicable scream as thousands of blood pillars burst out of his body. It was as if the power of the blade had cut him. He retreated in the air, his momentum constantly weakening.

Xi yulun was shocked and cold sweat seeped down his cheeks. His fist was caught in Tian Xingzi's palm and he could not move at all. The demon Soul in his body seemed to be restrained.

The myriad Stars Valley and the soul Devourer sect had been at odds for countless years. If one were to say that the one who had the most understanding of the soul Devourer sect's combat techniques and knew the way to crack it deeply in the present world was definitely the myriad Stars Valley.

For countless years, the myriad Stars Valley's various remarkable abilities and unique skills basically all had restraints against the soul Devourer sect.

"I'm going to kill you next!"

Tian Xingzi's eyes turned and landed on Xi yulun. He raised his knife and a cruel sneer appeared on his lips.

"?!" Xi yulun was shocked and his heart sank. He shouted, "I don't believe it!"

Under the careful arrangement of the two peak nine-stars, they destroyed the other party's avatar and joined forces to injure the other party. At this moment, they did not have the power to fight back!

"Mammoth King Gu technique!"

"Boom boom boom!"

An unwilling roar came from Xi yulun's body as his body enlarged again. The fist that Tian Xingzi was holding slowly twisted as if he wanted to break free.

The sneer on Tian Xingzi's face did not decrease as he slashed down!

Just as Xi yulun's heart sank to the bottom and the danger of death loomed over him, thinking that he would die for sure, the saber Light suddenly changed direction. All the dangerous aura disappeared in an instant, and he felt relaxed.

"Swish!"

The saber ray slashed to the side, splitting the sky.

A black figure was split in half by the saber Light. However, the figure was in a daze for a moment before it merged back together. The saber Light seemed to have pierced through his body.

[thank you for your concern.] After dealing with the traffic accident several times, he was completely exhausted. During this period of time, he was in an unstable state of mind, and many things had

happened, so his condition was extremely bad. After the Dragon Boat Festival tomorrow, I plan to find a quiet place to recuperate in seclusion for a while. I will do my best to maintain the update!

Oh right, today is the Dragon Boat Festival. I almost forgot. I wish everyone happiness and all the best. Love you all!

Chapter 1570 Huangfu bi

As soon as the black figure appeared, everyone immediately became nervous, while the people of the soul Devourer sect were overjoyed.

“Sect master!”

Everyone shouted in unison. Their voices shook the sky and reverberated throughout the entire cave.

Wan Xingzi’s expression was cold as he gritted his teeth, “Huangfu bi, you cowardly turtle, are you finally willing to come out?”

The figure had a dark face and two white whiskers on his upper lip. He looked like a rich man, but his eyes were powerful, as if there were lightning flashing in them.

He glanced at Wan Xingzi, then turned to the void and said, “Li Yunxiao, Chen Yunyu, come out.

Everyone was shocked and followed Huangfu Bi’s gaze.

Wan Xingzi and su ping both frowned.

Shi Wushuang’s body trembled and he looked shocked. The other chess pieces also looked up and looked over.

Yunxiao knew that he could no longer hide, so he had no choice but to withdraw the incantation gesture and reveal himself from the void with Chen Yunyu.

Wan Xingzi was shocked and said, "the injuries on your body are terrible."

Yunxiao chuckled. thank you for showing mercy and not killing me with one slap. Thank you for not killing me.

"Hmph!" Wan Xingzi snorted heavily.

Huangfu bi stared at Yunxiao for a while, then touched his two white bangs and said with a chuckle, "it's indeed Gu Feiyang's temperament. Tsk, tsk. I didn't expect that he would possess a connate fetus. He's bold!

Yunxiao frowned. don't talk nonsense if you don't understand. Do you think I'm you when it comes to such evil things?"

Huangfu BI's little beard trembled, and a strange look flashed through his eyes as he said, "Could it be that he didn't possess an innate fetus?"

why are you asking so many questions? It won't do you any good if you know."

Huangfu bi put down his hand and said, "alright, I won't probe further into this matter." You've caused such a commotion in the red moon City, why have you come to my battle Soul Mountain?"

it's a long story, " Yunxiao said. I didn't expect to see you fighting each other. I didn't expect both sect Masters to show up. May I leave now? "

"Leave?" "Don't you want to witness such a historic moment?" Huangfu bi laughed.

can I leave safely after witnessing it?" Yunxiao asked leisurely. I'll be the witness, " he said.

Huangfu BI's eyes flickered with a playful look as he said, " "That will depend on you."

I'm a little stupid," Yunxiao said. you'd better be straightforward.

"Why are you so humble, brother Feiyang?" Huangfu bi laughed. With your intelligence, how can you not understand? Now, my sect's destruction of the myriad Stars Valley is within the palm of my hand. Brother Feiyang, as long as you stand on my side, you will be safe."

it sounds good," Yunxiao said after some thought.

hehe, Gu Feiyang, you're a smart man. Do you believe what you said? " Tian Xingzi's face was full of ridicule.

Lord Huangfu bi said it so sincerely and sincerely from the bottom of his heart, " Yunxiao said in surprise. how can you not believe it? "

Tian Xingzi sneered, " you know the answer. Why are you still pretending? " Although I'm not familiar with you, I've heard many rumors about you. In addition, you faked your death for 20 years and seized the body of an innate fetus. How could a person who could do such a wise and courageous thing be a fool? Don't forget what Huangfu BI's heaven grade host soul wants to eat the most!"

Tian Xingzi, don't try to sow discord between martial sovereign Vanquisher and me before you die, " Huangfu Shang said coldly. we've been friends before.

Tian Xingzi sneered,"your so-called friendship is probably just two cups of tea together .."

it's a cup, " Yunxiao said thoughtfully. it's a cup.

"Hmph!" "Martial sovereign Vanquisher, don't say that I'm not redeeming our friendship. Will you choose to stand on my side, or will you choose to be my enemy?"

Yunxiao smiled wryly. can I not choose any of them? can I just leave? " When you Immortals fight, we mortals will suffer."

that's not up to you," Huangfu Qi said. you're only a nine-stars Martial Emperor now. If it weren't for our friendship, you wouldn't be qualified to negotiate with me.

that sounds really hurtful," Yunxiao said. it hurts my feelings.

"Lord sect master, since this Gu Feiyang doesn't care about our old friendship, why should we give him face?" Yumi asked. Lord sect master has already done his best."

"Hmm, you're right," said Huangfu Shang. You can take the souls of Martial Emperor Vanquisher and Chen Yingyu. It'll help you improve your bones."

Yunxiao's expression remained the same, but Chen Qianyu's face changed dramatically. Her face was filled with anger, and a monstrous killing intent spread out.

"Yes! Thank you, Lord sect master!"

Yumi was overjoyed. His eyes swept over Yunxiao and Yunyang as he said, "Xi yulun, I'll have to trouble you to help me!"

A complicated expression flashed across Xi yulun's face. If you mi were to obtain the souls of these two people, his strength would probably surpass his. However, he couldn't show his unwillingness in front of the sect master at this moment. Not to mention that you mi was involved in Infernal Affairs and played them at their own game. He had made a great contribution to this operation. If they could successfully destroy the myriad Star Valley this time, his credit would be overflowing.

"Don't worry. With me here, they won't be able to escape." Xi yulun answered vaguely.

Yunxiao shook his head and sighed. alas! The world is really like a game of chess. Master Tian Xingzi, you just injured me, I didn't expect that we would be sharing the same fate so quickly."

"Bah! Who's in the same boat as you!" Tian Xingzi said disdainfully, "you're just a nine-stars martial sovereign. What right do you have to share my fate? They're just cannon fodder."

that's hurtful," Yunxiao said with a frown. the weak have no human rights, and they are discriminated against everywhere they go.

haha, since you admit that you're weak, you should accept your fate!

Yumi's eyes gleamed with greed, and he could not help but throw out the soul devouring flag, which swept toward Yunxiao and Yunxiao, trying to devour their souls.

Besides, he had seen the general injure the two men with his own eyes, and it was impossible for them to fully recover in a short period of time. Although there was no sign of Yunxiao's injury, Chen Yuyu's face was unsightly, and his internal injuries were all apparent.

The soul devouring banner spread out in the air, and a sinister and terrifying aura rushed toward the two of them. In an instant, the world changed, and it became a sea of hell with wandering ghosts everywhere.

Chen Yuyu's heart skipped a beat. He was extremely shocked. Any warrior would have a natural fear of the soul Devourer sect's techniques, except for those in the myriad Star Valley.

"Kekekeke!" The wandering souls all laughed strangely and flew around the two of them, constantly devouring their Emperor Qi.

The Golden main soul was standing not far away. Its eyes were shining and drooling.

"Laugh your sister."

...

damn it! Yunxiao cursed as he performed an incantation gesture with one hand. The primordial heavenly eye between his brows opened, and a raging flame shot out.

Then, he formed a circle with his hands, and a strong wind rose with a faint whistling sound.

“Great pinwheel!”

Under the rotation of the astral winds, the flames burst out and instantly burned the entire cave, turning it into a sea of fire.

”

The wandering souls kept screaming and turned into ashes under the flames, annihilating the world forever.

Even the Golden primary soul screamed with a miserable expression. It jumped around in the fire, wanting to rush in and bite, but didn't dare to.

Everyone was shocked as they felt the burning power of the flame. It seemed to have an extremely strong spiritual nature as it kept burning their protective essence energy.

“Heavenly Phoenix true flame?” Huangfu bi frowned.

Yumi's face turned pale. The death of a large number of wandering souls and the discomfort of the Golden souls gave him great pressure. Cold sweat burst out of his forehead as he hurriedly said, “Lord Xi yulun, elders!”

A few elders were about to take action when Xi yulun said, don't panic. This person's divine flame is extraordinary. Take a good look before you act.

...

“My Golden Soul will be in trouble if I can see it clearly!” Yumi said angrily.

Xi yulun frowned. Lord Yumi, plan before you act. The more you plan, the more you win. These are all ways to deal with the enemy.

Yunxiao made a grabbing gesture with one hand, and the Black Hammer fell into his hand, then he threw it out with a large amount of lightning.

“BOOM!”

The lightning directly pierced through the Golden primary soul and exploded instantly. Countless lightning dragons blasted toward the cave walls.

“Pfft!”

Yumi spat out a mouthful of blood as he was sent flying by the backlash. His face turned pale, as if he had suddenly aged more than ten years.

Xi yulun was overjoyed and could not help but show a hint of smugness. She pretended to be angry and said, how dare you hurt my Soul Devourer sect's people! You're courting death!

“Roar!”

A beast's roar burst out from his body as if he was infected. The three elders of the soul Devourer sect behind him also transformed into demons at the same time, and powerful demonic Qi spread out.

“Bang!”

Xi yulun's body flashed through the sea of fire and appeared in front of Yunxiao, throwing a punch at him!

With a sneer on his face, Yunxiao turned the heavenly hammer into a cold sword and thrust it at the fist wind.

The sharp sword light pierced through the fist force with a “Chi” sound.

Xi yulun’s entire body trembled. He felt an ice-cold sensation from his fist and a sense of extreme danger welled up in his heart.

“Bone spikes!”

He suddenly shouted, and white bones emerged from his fist with a “ka ka” sound, like sharp blades!

“Bang!”

Yunxiao’s brows furrowed as he found that he could not cut off the bone spur with his sword.

Xi yulun’s bone spur turned and blocked his sword. At the same time, he threw a punch with his left hand and shouted, “Die!”

“There are not many people who dare to say ‘die’ to me in this world.”

Yunxiao’s face turned cold as he cast an incantation seal on the sword. With a clang, an infinite sword light burst out, and sword runes filled the sky, forming a sword barrier around him.

“Danger!” Huangfu BI’s expression slightly changed as he shouted.

He didn’t move. Wan Xingzi didn’t move either. Everyone knew that once they made a move, the entire cave would collapse and the battle Soul Mountain would be destroyed.

“Bang Bang!”

Two of Xi yulun’s bone spikes were broken, and the sword will circled in front of Yunxiao before spreading out and heading for the left fist!

“BOOM!”

With a loud explosion, Xi yulun was sent flying back with a blood-curdling screech. Her fist was a bloody mess.

don't be careless! Huangfu bi said, " don't forget that the soul in this body is the third martial sovereign, the number one swordsman in the world, Army-breaking Gu Feiyang!

Wan Xingzi's body moved slightly. He seemed to be affected by these words and could not help but pay more attention to the battle.

With a mocking look on his face, Yunxiao drew out his cold sword and stepped forward.
