

## The Eternal 1571

### Chapter 1571

#### 1571 Soul Stream sword

Although Yumi was gloating, he was a little afraid when he saw Yunxiao's strength. "Nine elders, attack together!"

The nine men flickered and surrounded Yunxiao in an instant, blocking his way.

At this moment, su ping was still standing within the star Ring. His expression was stern as he said, "elder Diao Xiu, Shi Wushuang, it's time for the both of you to devote your lives to the sect.

"Yes! Only after death!"

Diao Xiu's expression darkened, as he and the other seven loose disciples revealed a determined expression.

Shi Wushuang and the other chess board didn't have any intention of betraying either. Golden light also burst out from their bodies, ready to fight to the death.

The atmosphere in the entire cave became extremely tense, and the Holy aura that was flowing in the air also froze.

Yunxiao stepped forward with his sword in hand and said, "Huangfu bi, today you destroyed the myriad Stars Valley and even extracted my soul. Aren't you too ambitious? Perhaps this sudden decision will make you regret it for the rest of your life."

Gu Feiyang, "Huangfu Shang sneered. you used to be the most powerful being in the world. No matter how strong your soul is, you only have a body with the cultivation of a nine-stars martial sovereign. What can you do to me? Moreover, I have already made arrangements for you, elder Chu lang."

He called out softly, and one of the nine elders responded softly. The old man's eyes were slightly sunken, showing a dark brown color that seemed to be colorless.

"Oh, I forgot. With elder Chu Lang's abilities, it'll be a piece of cake for him to deal with Gu Feiyang," Xi Yulun said, overjoyed.

"Sect master and vice sect master, you're too kind. I'll do my best," Chu Lang replied.

"I'm not trying my best, I must take him down!" Xi Yulun said.

"Yes!"

Chu Lang shouted as his aura surged out in all directions. It was as if countless astral winds were blowing in the cave.

However, everyone here was an expert, so they didn't feel anything unusual.

However, Huangfu Bi slightly frowned and said, "This Holy Qi is so calming. I wonder where it comes from?"

"You don't need to know," Wan Xingzi snorted.

"Alright, I'll investigate it later." Huangfu Bi nodded.

After Chu Lang's aura exploded, he suddenly made a hand seal, and a strange rune flew up and spread out!

"

He opened his mouth and a strange breath came out of his mouth. A large amount of green light emerged and a strange-shaped long sword slowly came out.

The hilt of the sword was in the shape of a terrifying Ghost Face, and the body of the sword was both illusory and real, drifting erratically.

After spitting out the sword, Chu Lang's spiritual energy was greatly reduced, and his body became somewhat stiff, like a shriveled walking corpse. Only when he held the sword in his hand did his sunken eyes start to glow.

"One sword to slash the heavens!"

His long sword danced in the air as Yi lang and his sword became one, and he charged straight at Yunxiao.

there's something strange about the sword, but so what? "

Yunxiao raised his sword and slashed down with the same heaven-splitting sword.

"One sword to slash the heavens!"

The entire space suddenly split open, and a sharp sword Qi churned as it slashed towards Chu lang.

"BOOM!"

The sword aura pierced through the soul Stream sword and directly slashed at Chu Lang's body. The sword radiance passed through his body and shot out from his back with a loud bang. It then shot toward the cave wall, causing countless rocks to fall.

Chu Lang's face contorted in pain as he spat out a large mouthful of blood. He was already heavily injured.

haha! Chen Yuyu laughed involuntarily and said, " this elder is too arrogant. Just as he was smiling and shaking his head, his smile suddenly froze on his face. He said in shock, " "Young master Yun, w-what's wrong?"

Yunxiao's body trembled for some reason, and large beads of sweat rolled down his forehead as his face turned pale.

It was only then that Chen Yuyu discovered that the long sword in Chu Lang's hand had extended more than a hundred feet like a soft whip and pierced directly into Yunxiao's chest. The blade was almost transparent, with strange runes constantly flowing on it.

This change shocked everyone except the soul Devourer sect. Su Ping's pupils constricted as he exclaimed, " "Soul Stream sword! This is the soul Flow sword technique!"

"What's a Soul Stream swordsmanship?" Chen Yuyu asked in surprise. Young master Yun will be fine, right?" He stood with his sword in hand, vigilantly looking around as he protected Yunxiao.

haha! Li Yunxiao has possessed a connate fetus. Now that he's been cut by the soul Stream sword, he's dead for sure!

Yumi was overjoyed, his eyes bursting with excitement as he shouted, " elder Yi lang, please don't injure his soul too badly. I still want to eat it. Hehehe!

Yunxiao bent over in pain and covered his chest with one hand, his pale lips trembling.

Su ping said, " the soul Stream sword isn't just a sword. It's a magical power passed down by the soul Devourer sect. It can condense one's soul into a sword and directly attack or even devour the other party's soul. As long as one strike succeeds, it's almost a sure win.

'Soul Suan ni!' Yunxiao said in a trembling voice, " this power ... It's extracting the power of my soul ...

Huangfu Qi said coldly, " although you can merge seamlessly with your physical body by possessing an innate fetus, your soul power is too strong and can't be fully exerted through your physical body. You're

like a tiger in a cage. The soul Stream sword is the best way to deal with you. There are so many heroes buried in this war Soul Mountain. It's worth it to bury you, Gu Feiyang."

Yunxiao's forehead was covered in cold sweat as he desperately slashed at the soul Stream in his chest with his sword, but it went through directly, as it was invisible.

Chu Lang's zombie-like body began to slowly recover its vitality, and finally had some luster. it's useless. This sword is my soul. It's shapeless and formless, flowing like water. This is the meaning of Soul Flow. Once the bridge is built, there will be no solution until your soul power is drained by me.

are you saying that the sword itself is your soul?" Yunxiao asked. is it your soul? "

"That's right," Chu lang nodded. Lord po Jun, I know what you're thinking. You want to counterattack my soul, but that's not realistic. I've been cultivating this sword of Soul Flow for over a hundred years, and I've absorbed countless souls. I've refined it to the point where it can not cut without a soul. Even a ninth-tier great Alchemist can be easily killed by it. "

Chu lang, you! Yumi exclaimed. you've drained him of all his soul power! How am I supposed to eat him? "

don't worry, vice sect leader, " Chu lang said. I'm only draining his soul power, not devouring it. You can just take his life yourself later.

that's the only way, " Yumi said. if the soul power is drained, the soul will still be there. It needs to be fed with a large number of souls.

Seeing that Yunxiao had no strength to fight back, Chen Yuyu could not sit still any longer. With a furious roar, she raised her sword and rushed forward.

Hmph, look clearly at where you are. How can you act so atrociously here!

...

The elder of the soul Devourer sect clenched his fist and struck out!

“BOOM!”

A vortex burst out under the wind from the punch. It opened like a barrier and shook Chen Yunyu back.

The injuries in Chen Qianyu’s body were torn apart, and he couldn’t help but spit out blood.

His eyes were filled with powerlessness and resentment, and the veins on the hand holding the sword were bulging like an old tree.

His body trembled slightly under the great humiliation.

Ever since his strength had stepped into the peak of nine-star, he felt that he could already command the wind and clouds, look down on the world, and rarely had any opponents.

When Yuan gaohan sent him to the red moon City, although he was one of the seven superpowers, he was still full of confidence and thought that he was important enough to affect the overall situation of the red moon City. However, the result was so tragic that it made people vomit blood.

During his second mission, he thought that it was time for him to play a role after getting away from those extraordinary perverts. However, he was seriously injured by the general with a single palm strike. Now, he was even more powerless. A casual punch from the elder of the soul Devourer sect had caused his internal injuries to split open, and he was almost killed on the spot.

A huge sense of humiliation welled up in Chen Qianyu’s heart. A violent murderous aura spread through Chen Qianyu’s body. His eyes turned red in an instant and the sword let out a long “ Chi ” sound.

Everyone looked at him coldly. With everyone’s eyes, they naturally knew that this was the precursor to his Qigong deviation.

...

“Calm down!”

Yunxiao suddenly raised his head and said two words, which rang out like a clear stream and shook his heart.

Chen Yuyu’s body trembled. He wasn’t a radical person to begin with, and he immediately recovered from the state of being possessed by the devil.

“Young master Yun, I, I’m really useless!” Chen Yuyu was ashamed and resentful.

Yunxiao’s forehead was covered in sweat, but he still forced a smile and said, “Hehe, it’s really useless for a peak nine-star expert to say that. How many heroes in the world would be angered to death by this sentence? We can only say that there’s always someone better, and there’s always someone better. We can’t be complacent, but we can’t belittle ourselves either.”

“Your Excellency’s teachings are correct!”

After knowing Yunxiao’s identity, Chen Yunyu’s attitude toward him became respectful, and she was willing to listen to his teachings. “My Lord, what should we do now?”

Although Yunxiao’s face was pale, the corners of his mouth curled up into a sneer as he said, “If a mere Soul Stream sword could kill me, I would have died millions of times!”

The last few words were said through gritted teeth. He used a sound wave martial technique that contained a trace of Dragon’s might. It reverberated throughout the entire cave, deafening everyone.

Yunxiao’s body trembled, and a transparent shadow slowly rose from his body. The Shadow’s hand grabbed the soul Stream sword.

“This is a Kasaya.”

Chu lang was shocked. His stiff face was filled with shock as he exclaimed, " you, you can directly separate your soul from your body?!"

Everyone was shocked. The soul was one of the three major difficulties in the study of the human body. Even the secret skill of the soul Devourer sect could not make the soul leave the body so easily.

The shadow was pitch-black and exuded a terrifying power. Even Huangfu bi and Wan Xingzi were frightened.

The two of them were shocked at the same time, and they looked over in disbelief. Just the pressure alone could affect the mind of a divine transcendent expert. It was not something that could be explained by 'strong'!

"Leave your mother! In what way do I look like his soul?"

The black shadow slowly opened its eyes, and a gaze as sharp as a knife pierced through Chu Lang's body. Chu Lang's entire body trembled, and the soul Stream sword showed signs of breaking.

"Argh! You, you're Yingluo."

Chen Yuyu's sweat was like rain, and his body trembled. "P-p-devil Lord PU Qianqian!"

The dark shadow was none other than PU, the demon Lord. The soul Stream sword had pierced Yunxiao's soul, which had also wounded him, and woken him up.

Chapter 1572-collapse

Yunxiao was also shocked. He had wanted to use the great expansion divine technique to devour the soul Stream sword, and he was very confident about it. But as soon as he circulated the power of the divine technique, The Fiend woke up on his own.

"Trash, you dare to hurt me!"

PU's face turned cold. A surge of demonic power gushed out and instantly shattered the soul Stream sword. Countless black runes rushed in from all directions and covered Chu lang.

"Bang!"

Demon Lord PU made a hand seal, and Chu lang was instantly blown to pieces. Then, he kept performing incantation gestures with both hands, and his whole body slowly rose from Yunxiao's body, as if he was about to break free.

Yunxiao was horrified. If the demon escaped, the consequences would be unimaginable.

"Huala Huala!"

Suddenly, thousands of golden lights shot out from his chest. The chains of law were activated. PU's body froze. The twelve chains of law bound him and he couldn't move at all.

"Dammit! Those damn chains of laws!"

arghh! demon master PU screamed as his body struggled and shot out beams of golden light.

However, the seal of the void light became tighter and tighter, slowly suppressing him. His voice became softer and softer, and finally disappeared without a trace.

Yunxiao felt as if a huge mountain had sunk into his soul in an instant, shaking his mind and body, and stirring his blood and Qi.

No one could react in time, and they stood in the sky in a daze.

Chu lang had already been blown into smithereens, not even a speck of dust remained. The eyes of the remaining eight elders were filled with shock, feeling that what had just happened was not real.

“Demon Lord, that’s the demon Lord!”

Tian Xingzi was shocked and muttered, “ it is said that in Red Moon City, the world’s experts fought with the demon master, and finally, under the divine ability of the sea Emperor, poron, they successfully sealed the demon master in Yunxiao’s body. I can’t believe it is true!

Huangfu BI’s eyes were also shining, no one knew what he was thinking.

Yumi was completely stunned. How could they fight this? With such a fierce demon living in the other party’s body, just the aura alone was enough to make it hard for him to breathe.

“Let’s attack together and take Gu Feiyang down!” Huangfu bi said with a grave expression.

“This bi an ...”

The few elders all looked at each other, clearly frightened.

don’t worry, ” Huangfu Shang said. if the demon master really runs out, the first one to suffer will be Gu Feiyang! He’s just a sealed vessel at the moment. Hehe, this is a great unexpected harvest. Let’s do it all!”

With his order, no one dared to resist. The eight elders and two vice sect leaders could only brace themselves and attack. The sound was earth-shattering, and the entire karst cave began to show signs of collapsing.

At the same time, Huangfu BI’s gaze also became colder. His figure suddenly flickered and did not disappear on the spot, but his real body had already appeared in front of Tian Xingzi. He took a stance and punched out.

The momentum of the fist was very ordinary. It was the simplest Tiger subduing fist. It was a lively Tiger shape with its neck hunched, head shrunk, eyes wide open, and teeth bared.

Tian Xingzi's face darkened, and a never-before-seen solemnness appeared on his face. Even when facing ten thousand real tigers, he would not have such a serious expression. Huangfu Bi's moves had returned to their original state, and any martial technique he used was not inferior to divine arts.

Tian Xingzi raised his leg and kicked at the Tiger's Claw. His leg momentum was like the wind, and it was extremely simple. It was actually the Arhat leg, one of the basic martial arts techniques.

"Hmph!"

Huangfu bi sneered and seized the opportunity. His five fingers flashed with green light and directly stabbed into Tian Xingzi's calf.

When his fingers touched the leg, he felt a strong force and couldn't pull it back.

Not only that, Huangfu bi felt the elemental energy in his body surging and flowing into his opponent through his arm. It was actually absorbing his vital essence.

"Hmph, childish!"

Huangfu bi clenched his five fingers and instantly condensed his Zhen Yuan in his palm. Then, he turned his fist into a palm and slapped down.

"Bang!" A ray of light burst out, and a vast amount of elemental energy spread out.

Tian Xingzi's leg was sent flying, and his entire body soared into the air. He suddenly spread his arms and used the basic martial technique, White Crane unfurling its wings, like a white goose spreading its wings.

Huangfu bi returned his punch. At this moment, Tian Xingzi's arms were spread out, and his entire body was exposed in front of him without any defense. There were weak points and flaws everywhere.

His eyes focused. The more he did so, the more he didn't dare to be careless. At first glance, his body was full of flaws, but they were all integrated into one, and there were no flaws. With a backhand grab, he used the Black Tiger Steals Heart!

Tian Xingzi's expression changed. The aura around him was suppressed by the black Tiger digging out his heart, and an extremely oppressive force rushed to his heart. He leaned back and kicked out with Arhat leg again.

Huangfu BI's pupils shrank. is it really good to use the same move twice?! he shouted. The move, Black Tiger Steals Heart, struck the Arhat's leg.

"Bang!"

With a huge explosion, Tian Xingzi was sent flying and crashed into the mountain wall, shattering a large number of rocks.

On the other side, the people of the soul Devourer sect and myriad Stars Valley were also in a chaotic battle. Yunxiao had suffered a backlash after the demon master woke up, and the twelve light seals were completely relying on extracting his power to operate, so he was weakened in an instant.

Fortunately, PU's might was too terrifying, and the strength Yunxiao had displayed earlier was also extraordinary, so the people of the soul Devourer sect did not dare to get too close to him. They only tried to stall him by moving around tentatively.

On the other hand, Diao Xiu and chess board could not withstand the attacks and were on the verge of collapse after a few moves.

Most of the techniques of the soul Devourer sect were extremely harmful to the soul. Evil ghosts and wandering souls kept pouring into the five chess pieces, destroying them from the inside. Soon, the soldier and elephant's souls were eaten, and they stopped moving.

All of a sudden, a huge ray of light lit up. Not only did it light up the entire cave, but it was also extremely dazzling.

Su ping stood on the body of the huge deer-shaped monster and made hand seals with one hand. The light of the surrounding Star Ring suddenly increased by more than a hundred times.

All of the divine Qi surged around him and was absorbed into the sleeping deer-shaped monster.

Everyone was shocked, and their eyes were attracted to it.

Huangfu bi, who was fighting with Tian Xingzi, also glanced at him from the corner of his eye. He could not help but be slightly shocked and said in realization, "So this Holy Qi is coming from Lu Yan's body. Could it be Qianqian?"

Su ping did not move his hand as he formed a seal with one hand. He was not disturbed by anything from the beginning to the end. The sleeves of his clothes fluttered under the surging Holy Qi. Suddenly, the seal changed. He opened his eyes and a strange gaze shot out, causing everyone's heart to tremble.

"Ten thousand Zhang buried!"

He formed a series of hand seals and bent his body. He slapped Lu Yan's head and the seals in his palm turned into an array.

...

"Huala"

Lu Yan's body trembled, and the chains around him rattled and swayed in the cave.

The Holy Qi that filled the sky poured into Lu Yan's body and was absorbed in an instant. A surge of demonic Qi suddenly spread out.

Lu Han opened his lantern-sized eyes, which glowed with a Scarlet light. He slowly opened his mouth and exhaled!

“Roar!”

A powerful aura of death suddenly erupted, and the entire cave shook. The entire space seemed to have frozen, and everyone instantly felt suffocated. It was as if their entire bodies and even their blood vessels were covered in dust. Their vitality seemed to have been taken away in an instant, and a layer of scabs formed on their skin.

“BOOM!”

As Lu Yan exhaled, the star Ring around su ping also dispersed and bombarded the four sides, completely shattering the entire cave wall.

The earth quaked and the mountains shook. The entire cave caved in and the mountain collapsed.

Looking down from above, the entire mountain range of fighting spirit Mountain seemed to have suddenly broken, and directly collapsed into the ground. An amazing air of death gushed out from it and scattered in all directions.

The faces of the green foal mercenaries, who had been guarding the foot of battle Soul Mountain, turned pale with fear. No longer caring about the deterrence of Yunxiao and the others, they ran like crazy.

...

Zuo Cheng was also wailing at the top of his lungs. He cried and scolded, “What did those fiends do? The entire mountain range was destroyed!”

Ke an threw out a piece of wood the size of a finger. It turned into a towering tree in the air, exuding a strong vitality.

“This is a Kasaya?” Zuo Cheng asked in surprise.

don't worry about it! he shouted. if you don't want to die, follow me! He was the first to jump onto the giant tree, and his face, which had already turned gray, regained some color.

The giant tree exuded a strong life force, but it was also being devoured. Soon, it would become a dead tree.

The green Colt mercenaries did not hesitate any longer and jumped onto the giant tree. The tree glowed with a green light as they quickly escaped from this land of dead ashes.

The battle Soul Mountain collapsed and there was no life within a thousand miles. Everything became dead silent and grey.

Above the collapsed ruins, a huge deer-shaped monster stood upright. Its horns were like towering trees. It was the giant beast, Lu Yan. Its eyes were like two red lanterns hanging high in the air.

Lu Yan was like a statue, standing there quietly, not moving.

On top of its head, there was a ball of Holy Qi, which was incompatible with the surrounding deathly Qi. Su ping stood calmly in the Holy Qi, his eyes clear as water as he looked at the two blurry figures not far away.

The two of them were still in the same position as before the mountain collapsed, looking at each other vigilantly. However, Huangfu Bi's expression was the same as when he first appeared. On the other hand, Tian Xingzi's face was full of fatigue and blood was flowing from the corner of his mouth.

"Huala"

A piece of broken rock was lifted up, and a ray of light shot up into the sky.

"Huala Huala!"

Then, the sound of stones breaking and rolling could be heard everywhere. There was a continuous stream of light flying into the sky. It was the martial artists. Not a single one had died in the landslide.

However, other than Shi Wushuang and Chu che, the other martial artists' expressions changed slightly as they circulated their origin power to resist the deathly grey Qi.

Everyone's eyes turned to Yunxiao at once. The water energy of heaven and earth had directly separated the air of death and ash from entering his body, causing everyone's eyes to turn red.

Yunxiao did not care at all. Instead, he looked at the giant deer in surprise and said, "is this a demonic beast born from the mutated earth element?"

yes. su ping nodded. this beast would've been a rank ten true spirit if the ancient world hadn't changed. Now, it's only at the peak of rank nine. His tone was filled with emotion.

Chapter 1573-golden speaker

Everyone's heart trembled, and their faces revealed shock.

A peak nine-star demonic beast was already close to divine transcendence. Moreover, such a huge demonic beast emitted a deathly grey Qi that made people feel nauseated and uncomfortable. If it was coupled with its powerful combat strength, it was enough to affect or even reverse the entire battle situation.

The faces of the soul Devourer sect's disciples turned pale, and their expressions turned grave.

Tian Xingzi laughed wildly and said, "haha, Huangfu bi, you only know that I want to use this deer armor to heal my injuries. You don't know that my other purpose is to subdue this deer armor and make it my myriad Star Valley's Mountain Guardian divine beast. Now, it's time to test my power on you!

Huangfu bi looked over, his eyes glimmering. No one knew what he was thinking.

"Lord sect master, I really didn't know about this," Yumi replied in a panic. "Tian Xingzi, you old fogey, you actually hid such an important matter from me!" He rebuked angrily.

Tian Xingzi was so angry that he shouted and gritted his teeth, " "After I kill Huangfu bi, I'll skin you alive, pull out your bones, and light a sky lamp!"

that's a good idea," Yumi sneered. but you have to save your own life first.

Tian Xingzi looked at him coldly, the corner of his mouth raised in ridicule, as if he was looking at a dead man. This made you MI's heart tremble, and he had a bad feeling.

Under su Ping's control, Lu Yan suddenly opened his mouth and let out a loud roar. A Saturn ring suddenly shot out, and a vast power crashed out like a wall.

"BOOM!"

The soul Devourer sect's people were caught off guard, and the dust that filled the sky surged over, penetrating through all holes. The star ring's power ruthlessly hit their bodies.

The eight elders and the two vice sect leaders were instantly knocked back dozens of feet, and all of them were covered in a deathly grey Qi.

Marten Xiu, who was far away, was shaken by the deathly grey Qi. He retreated a thousand feet with a shocked expression. Although Yunxiao was protected by the natural water energy, the aftermath of the collision had consumed his energy very quickly. Anyone would have a headache if they were to face such a demon beast.

"BOOM!"

Lu Han stepped forward, and every step he took caused dust to rise into the sky. He couldn't see within a radius of several thousand feet, and even his divine sense was greatly suppressed. He could only sense around ten feet. The only thing that could be used as coordinates were Lu Han's two big red eyes that were like copper bells.

"Swish!"

Two sharp beams of light suddenly shot out from the red eyes and struck an elder of the soul Devourer sect.

“A single step to the heavens!”

The elder was shocked, but he calmed down in an instant. With a shout, he used a movement technique to fly up and avoid the two red lights.

Suddenly, with a loud boom, the deathly grey Qi in the surroundings gathered together and formed a ring of stars in the sky, which then fell down and tied the elder up like a dumpling.

“What?”

The elder was shocked. The extremely corrosive power of the earth element poured into his skin, instantly petrifying his meridians.

“BOOM!”

The two rays of red light from the eyes hit the elder’s body and exploded into countless pieces. They had all turned into stone!

“?!”

The others were shocked. The elder’s skin and meridians were almost petrified when he was bound by the Saturn ring. The moment he was blown to pieces by the red light, the earth element power also petrified the pieces of his body. The power and speed were unimaginable!

“Quickly retreat, be careful!”

Xi yulun shouted in alarm and retreated a few hundred feet to avoid becoming the next target.

The rest of the elders were also shocked. With such terrifying power, an existence at the same level was killed instantly without any chance to fight back. How could they fight?

Yunxiao was shocked as well. Although Lu Han's strength was extremely strong, it was not enough to threaten him. The most terrifying thing was that all the earth elements in the world were under his control. To put it bluntly, Wutian had almost become his personal barrier!

Huangfu bi also noticed this and his face finally revealed a serious expression.

Lu Han's eyes turned to him, and a red light shot out of them. An identical ring of Saturn condensed from the surroundings and locked on to Huangfu bi.

Huangfu bi slapped out a Tiger subduing fist.

Before the Saturn ring could fully condense, it suddenly condensed and exploded with a bang. The two red lights hit nothing.

Huangfu bi had already dodged the attack. Just as he steadied himself, a fan-shaped light beam fell down and split the sky.

"Bang!"

Huangfu Bi's two fists joined together and smashed forward, shattering the fan-shaped formation. Tian Xingzi's figure was revealed, and his palms pressed down from the sky!

"BOOM!"

A Halo bloomed between the two of them, shooting in all directions.

At this moment, Lu Yan raised his head, and his two horns turned black as he pushed forward.

“BOOM!”

A huge rock was formed in the sky and it was thrown towards Huangfu bi!

“Hmph!”

Huangfu Yan ignored the huge rock and said coldly, “Do you think that one more demonic beast will change the outcome? This is simply ridiculous!”

Countless rays of golden light burst forth from his body, and the space around him seemed to freeze.

Tian Xingzi’s expression changed drastically. The golden light had an endless suction force that seemed to want to pull his soul out. In his shock, he struck out with his palms and immediately shattered the suction force, retreating.

The jagged rocks in the sky crashed into the golden light and disappeared.

Yunxiao’s pupils constricted as he thought in his heart, ‘what? If it wasn’t spatial transfer, could it be Wufu?’

Everyone trembled as they stared at the golden light, which gradually condensed above Huangfu BI’s body and finally condensed into a dark golden skull, emitting a terrifying aura.

Heaven-grade Golden Soul-gold Whisperer!

Tian Xingzi’s expression was grave, and he said, “has he finally appeared?.”

“Tsk!”

...

you're talking as if you've been waiting for it," Huangfu Xuan chuckled. as if you have a way to deal with it.

The Golden Whisperer's eye sockets suddenly emitted green flames with a " Chi " sound. It was actually very spiritual, as if it had extremely high intelligence.

In the distance, the faces of the soul Devourer sect's people turned pale, as if they felt uncomfortable under the suppression of this heaven grade Golden Soul.

"Huangfu bi, why have you summoned me?" Gold speaker asked directly.

Yunxiao was taken aback. Ordinary primary souls were completely under their master's control, but Huangfu BI's Golden Soul seemed to be on the same level as him, and judging from the faces of the elders of the soul Devourer sect, it seemed to be a matter of course. He thought to himself,"could it be that the host soul will gain its own intelligence after it steps into the heaven class?"

"Help me kill Tian Xingzi and this deer-like giant beast," Huangfu Shang said.

The flames in the Golden speaker's eye sockets flickered a few times, as if he was observing something. He said, " it's actually the master of the myriad Stars Valley and the demonic beasts born from the foul land of nine nether. Speaking of which, isn't Wutian, where the foul land of nine nether is located, the territory of our Soul Devourer sect? "

"The filthy soil of the netherworld!"

Yunxiao was taken aback. This must be the culprit behind the strange environment in WUFA.

Huangfu Yun said, " it's Tian Xingzi who coveted my Soul Devourer sect's item and forcibly took this beast away. Fortunately, I was prepared and beat him at his own game. Now is the best time to destroy the myriad Star Valley in one fell swoop!

“Oh? There’s such a thing?” The flames in gold Whisperer’s eyes burned even more, ” “Good! I’ll help you eliminate this man and beast!”

...

Countless golden runes spewed out of golden speaker’s mouth and filled the sky. The entire deathly grey gas was completely isolated, and golden light spots were everywhere.

it’s a Suan ni! Yunxiao was taken aback. He saw that the space he was in had turned into the shape of a huge skull, and the Golden speaker seemed to be the master of the world!

what?! su Ping’s face darkened as he shouted, ” earth-shattering!

Lu Han opened his mouth and roared. The entire skeleton space trembled, and countless deathly grey Qi gushed out of his body, attacking the spatial power.

Gold speaker said in a cold tone, ” from the filthy lands of the netherworld? what a pity. It was originally a pretty good pet.

As soon as he finished speaking, the skull space began to move. It opened its eerie mouth and bit Lu Han directly. As if the sky was pressing down on him, a huge scream came out of Lu Han’s mouth.

“How is it? can it be devoured?” Huangfu bi was overjoyed.

“Let’s try,” gold speaker said.

Tian Xingzi was shocked, and his hands formed hundreds of incantation seals that rotated around his body. Suddenly, a round profound level weapon flew out and turned into a Dharma Wheel. It started to spin under the sky full of runes.

“BOOM!”

The wheel turned with difficulty, and the space trembled.

Su Ping's expression was stern. He formed hand seals with both hands and slapped them on Lu Yan's head. Violent earth-elemental Star Rings blasted out continuously, attacking the spatial mouth.

"BOOM!"

"BOOM!"

Under Tian Xingzi and su Ping's joint attack, the Golden speaker's face became distorted.

what? " Chen Yuyu was shocked. is that wheel tadpole the legendary space-time wheel? "

you're thinking too much, " Yunxiao said. the space-time wheel is a legendary item that can reverse time and space. How can such an abnormal thing exist in the world? even if it's true, it's most likely a holy artifact. The item in Tian Xingzi's hand is called the 'void magic Wheel', which is also an imitation of the space-time magic Wheel, but its power is on a completely different level."

"That wheel is detestable!" Huangfu bi shouted. A golden light flashed in his hand, and a soul devouring banner appeared. He threw it over.

The soul devouring flag was silver in color and it flew above the Dharma wheel like a bolt of lightning. It then struck down!

"Bang!"

The streamer hit the magic Wheel directly, but it didn't shake it off as if it was sticky.

Huangfu bi made a hand seal and the soul devouring banner was activated. Immediately, an endless murderous aura surged and pressed down as if it had the power of an entire world!

“BOOM!”

The void magic Wheel trembled and almost couldn't hold on any longer. It stopped spinning completely.

Without the Dharma wheel's void power, Lu Yan's body trembled and half of it was bitten off by the spatial mouth. He could barely hold on.

Tian Xingzi was shocked, and his figure disappeared in a flash.

Not far away, golden speaker also flashed and disappeared.

In the next moment, Tian Xingzi appeared on Lu Yan. Before he could stabilize his body, a golden light rushed up from under his feet and shot toward his body.

Chapter 1574

1574 The final blow

Tian Xingzi snorted coldly. His long robe waved, and a few needle-like radiances shot into the golden light.

The dazed golden light was fixed in place and turned into the appearance of golden speaker. He showed a painful expression and screamed, "Exquisite jade needle!"

The needles were dark green in color, and they were like nails that were nailed into the Golden skull. It was as if a few freckles had grown on the smooth and lively face, causing the entire face to be distorted.

Tian Xingzi sneered, "although this nail can't cause you any real harm, it can easily trap you for a while .."

In a flash, he appeared on top of Lu Yan's head and made a grabbing motion. The void Dharma Wheel shook the soul devouring flag away with a clang and flew back with a buzzing sound. It expanded in the air and split the space of the mutated skull in half!

“BOOM!”

The entire distorted space instantly returned to normal, and Lu Yan broke free. She seemed to be bursting with boundless anger as she opened her mouth and spat out several Star Rings.

“Roar! Roar!”

“Bang! Bang! Bang! Bang!”

The star Ring crashed into gold Whisperer’s body, and the Golden luster weakened, turning dim.

Lu Yan strode forward, causing the earth to rumble.

Huangfu bi frowned as he felt the deathly grey Qi coming towards him. He raised the soul-devouring banner and launched it in the air. The world was changed and a sun and moon emerged in the sky.

“The Pangu flag! It’s the Pangu flag!”

Yunxiao was slightly surprised. It was said that the soul devouring banner of the sect master of the soul devouring sect was not refined by himself, but inherited. When he inherited the position of sect master, he had used the Pangu banner to devour the original soul devouring banner.

Inside the Pangu flag, there was the sun, the moon, and the rivers. Although it was not a holy weapon, it was still a world with infinite power.

Tian Xingzi shouted and sent a seal into the Dharma wheel in the void. It immediately grew to several acres in size and was about to open this world.

The power of the two profound level weapons continued to rise. It was as if two worlds were colliding with each other, giving off a violent roar that was constantly heard.

Su ping placed one hand on Lu Yan's forehead while his other hand kept changing hand seals. Lu Yan's body seemed to have begun to disintegrate, turning into circles of deathly gray Qi that spread out.

In the blink of an eye, five huge tornadoes, which were as large as flood Dragons, were seen rippling in the air, roaring and rushing towards Huangfu bi.

Huangfu Bi's face was cold. He drew a circle in front of him with his hands, which suddenly turned into five tiger claws. With a long roar, he rushed out and grabbed the five tornadoes. No matter how they struggled and roared in the air, they could not break free.

The air of death filled the sky, but the Pangu flag trembled slightly. The essence of the sun and moon sprinkled down, and all the air of death dissipated instantly. The world inside the flag returned to a clear and bright sky.

Tian Xingzi's forehead was covered in sweat as he continuously sent incantations into the Dharma wheel in the void, colliding with the entire world. It was obvious that he had reached the most intense moment.

After Lu Yan broke down the five tornadoes, his body shrank by more than half. Su ping kept making hand seals with both hands, and his lantern-like red eyes became as bright as gemstones, emitting a cold luster.

Low roars came from Lu Yan's body. Then, he slowly raised his two front hooves and his whole body froze.

Su Ping's hand seals also stopped. Two fingers of his right hand formed a seal, and his entire body began to tremble slightly. It was obvious that the power of this move was too great, and he was a little unable to control it.

Tian Xingzi glanced over from the corner of his eye and said in joy, "Are you done?"

"It's done!" Su ping said.

“Good! Let’s join forces and take his life!” Tian Xingzi revealed a maniacal smile and said, “Haha, Huangfu bi, let’s see how you can resist our combined attack!”

He waved his hand, and the Dharma wheel flew to the top of his head. The entire space twisted, and the heaven and earth inside the Pangu flag seemed to be torn apart.

Huangfu BI’s face darkened. The five tiger claws around him were still holding the tornado tightly. He made a hand seal with both hands, and the Golden speaker also recovered from the pain and flew into Huangfu BI’s body. Suddenly, a golden light gushed out of his body.

He put his palms together and his body began to grow. His entire body glowed with golden light, like a giant in golden armor. He exuded an unparalleled aura of ferocity.

“This is the Suan NI’s soul battle technique?” Yunxiao was taken aback. Among the techniques of the soul devouring sect, one could only choose to cultivate either the soul battle technique or the soul devouring banner, and he had never heard of anyone who could combine the two techniques.

Even Tian Xingzi’s face was filled with horror as if he had not foreseen that the other party would have such a move. He shouted and took down the void wheel. The entire space froze, and the oppressive atmosphere reached its extreme.

Everyone held their breath as large beads of sweat rolled down their foreheads. It was as if a life-or-death Strike was about to descend. The entire world lost its light and lost its color.

Huangfu BI’s eyes shot out a sharp light and the corners of his mouth curled up as if he was sure of victory. He raised his fists and suddenly slammed down, shouting, “Cloud-shocking dancing wind art!”

A beam of golden light shot out from his hand, and the sun and moon in the Pangu flag gushed into the golden light. It was as if an infinite golden squall had opened, sweeping across the heaven and earth and threatening to destroy the world!

Tian Xingzi’s expression turned serious as he also felt the huge pressure. He gritted his teeth and said, “If we attack together, he has no chance of winning!”

“Void slash!”

The Dharma wheel left his hand and flew out in an instant, making an ear-piercing sound. Everyone’s eardrums were in pain. The sky in front of them was directly cut open. The Pangu flag was sent flying from the sky with a bang. Then, the Dharma wheel cut directly into the golden light.

However, the golden light was too domineering and sharp. The moment the void wheel cut in, there was a strong backlash.

Tian Xingzi’s body swelled up, and his vital Qi surged out. His strength had already reached its limit as he shouted, “Hurry up and attack!”

Su Ping’s expression turned grave, and his eyes became as clear as water. At this critical moment, he entered an absolute “silence”. He raised his hand and clapped, sending a seal into Lu Han’s head.

“Bang!”

A ring of Holy Qi spread out. Lu Yan roared loudly. His red eyes turned dead gray and the color was terrifying.

“The foul energy of the netherworld!”

“BOOM!”

A terrifying aura gushed out of Lu Han’s body and seeped through his eyes, about to shoot out.

“Bang! Bang! Bang! Bang!”

At this critical moment, a chain-like explosion came from Lu Yan’s body, and his huge body collapsed. The terrifying foul Qi of the netherworld burst out of his body and damaged his own body!

“BOOM!”

Lu Yan’s body was directly annihilated. He was enveloped by a layer of gloomy gray Qi and completely collapsed.

“What?”

Everyone turned pale with fright as they looked at the scene in front of them in disbelief. The sudden change at this life-and-death moment made everyone unable to react at all!

...

“This is impossible!”

Tian Xingzi roared madly, his voice was filled with endless despair and unwillingness. Although the foul Qi of the netherworld was powerful, it could not hurt him due to the distance. The key was that his void wheel could not withstand Huangfu BI’s cloud-shocking dancing wind spell!

“Pfft! Pfft! Pfft!”

Tian Xingzi’s aperture acupoints kept exploding, and blood gushed out.

“Bang!”

The Dharma wheel finally couldn’t hold on any longer and directly exploded in the golden light. The golden light sprinkled down like moonlight and instantly swallowed Tian Xingzi!

“BOOM!”

Tian Xingzi was blasted into a bloody mess, and his entire body flew out like a kite with a broken string.

Everyone's eyes widened as they looked at this decisive scene with different expressions.

After this move, the whole world became quiet, as if the victory and defeat had been decided.

Huangfu Bi's golden color returned to normal, and his face turned pale for the first time. It was obvious that the move just now had consumed a lot of his energy.

...

The Pangu banner had also lost its luster. It was held in his hand and tapped on the ground like a walking stick.

Diao Xiu's body trembled as he muttered, "impossible, impossible. How could it suddenly self-destruct? could it be that the heavens want to destroy my myriad Stars Valley?!"

The Vice sect leader and elders of the soul Devourer sect were overjoyed. All of them were extremely excited. The battle between the two sects, which had been going on for countless years, had finally come to an end on this day. They were the witnesses and participants of this historical moment!

"Haha, Tian Xingzi, you still want to kill me? I'll feed your soul to my soul devouring banner!" Yumi laughed wildly, his face twisted. and your closest disciple, Oh, no, that guy is definitely your illegitimate son. He's also finished with you. Haha, the myriad Stars Valley has no successor and has been completely annihilated! Hahaha!"

Yunxiao frowned as he looked at Lu Yan, who had fallen to the ground after the self-explosion, with a strange look on his face. The previous explosion seemed a little strange, not like an accident.

"Cough, cough cough!"

In the ruins, Tian Xingzi's trembling body slowly struggled to stand up. His body was covered in blood, and his physical body had been damaged to the point that it was difficult to repair. His vitality was constantly flowing away, and he had aged a hundred years.

“Tian Xingzi, do you have anything else to say now?” Huangfu Shang asked.

Tian Xingzi’s eyes were filled with resentment and unwillingness. He gritted his teeth and said, “If you’re not as good as me, you can kill me if you want. It’s just that man proposes but God disposes. If it wasn’t for the failure of the last move, today’s outcome would have been rewritten!”

“Man proposes, but God disposes?”

Huangfu bi stroked his little beard, gave a weird smile and said, “Do you really think that Lu Han’s sudden self-destruction was an accident?”

“What?”

Tian Xingzi was shocked. Looking at Lu Han’s broken body, he couldn’t help but shiver and said, “Could it be, Zhenzhen? Zhenzhen?”

“Yumi, why don’t you do the talking?” Huangfu Shang said.

“Hehe!”

Yumi’s face was dark, and he sneered proudly, “old man, I’ve already planted a trap in Lu Yan’s body. The final move of extracting the foul Qi of the netherworld will definitely fail!”

“You, you coward!” Tian Xingzi was so angry that he couldn’t speak. He could only spit out large mouthfuls of blood, and with every mouthful of blood, his aura weakened a little.

The mighty Lord of a generation was in imminent danger at this moment, like an old man who could die at any moment. The light was constantly disappearing.

“Hahaha!” don’t even mention the trap inside Lu Han’s body, ” Yumi laughed triumphantly. even if it’s this Lu Han, if it weren’t for the sect leader’s design and arrangement, do you think that such a shocking demonic beast would be born in the foul land of the netherworld out of nowhere? ”

“What?” Tian Xingzi was shocked,“this Luhan, Luhan, Luhan!”

Chapter 1575-who’s going to die?

“Not bad!”

“Ten years ago, I heard that you suffered from Qi deviation and were seriously injured. You had to find an extremely powerful earth-type demonic beast to heal your injuries. This plan has been in motion since then.” The sect master had calmly made arrangements to use the foul soil of the netherworld to refine such a demonic beast and set up a trap within the period of time, waiting for today’s situation! Old man, in order to kill you, we have been making arrangements for ten years. It’s not like your so-called man’s plan is not as good as God’s plan. You didn’t die in vain!”

Tian Xingzi was completely stunned and muttered to himself, ” no wonder my healing failed. Even if you didn’t destroy my avatar, I could feel that it was impossible to succeed. It was all a scheme.

Yunxiao’s brows furrowed, as if he had something on his mind.

The elders of the soul Devourer sect also looked at each other. They did not expect the ambush to be so far away. They could not help but be frightened. Fortunately, they were on their side.

“Tian Xingzi, you and I have been good friends for many years,” Huangfu Wan said. Do you have anything else to say?”

“Explain yourself to your eighteen generations of ancestors!” Tian Xingzi cursed.

Huangfu Bi’s face turned cold as he snorted and said, ” a loss is a loss. You’re cursing and swearing on the street. Where’s the imposing manner of a mighty Lord? ” Fine, I’ll take your life now. From now on, the myriad Stars Valley will become history!”

He walked forward step by step, and every step he took was in the air, creating waves under his feet.

Marten Xiu and the other seven loose cultivator were completely powerless. They staggered a few times and directly sat on the ground. They had clearly been resigned to their fate.

Even Shi Wushuang and Chu che stood there in a daze, their faces filled with confusion and not knowing what to do.

The soul Devourer sect's elders held their breaths as well. Their faces were filled with excitement as they witnessed this historical scene.

“Swish!”

All of a sudden, a beam of light appeared out of thin air and appeared in front of Huangfu Xuan silently. Then, a punch was thrown.

Huangfu bi was inexplicably shocked. That punch was extremely powerful and its power was not inferior to his. He quickly dodged and dodged the attack.

The shocking fist radiance suddenly shook in the air and turned into a golden talisman. With a “ Puchi ” sound, it started to burn. The shocking power dissipated from the flames and disappeared without a trace.

“What? A fist-like talisman?”

Huangfu BI's heart suddenly sank, as a bad feeling welled up in his heart.

The so-called “ fist-like talisman ” was a talisman that incorporated the fist intent of a punch into it, allowing people to feel the existence of the fist intent during cultivation. It was a very common talisman, but it was very rare to create a fist-like talisman that could create such a shocking power.

“Swish!”

Just as Huangfu bi realized that something was wrong, a dagger pierced through his chest from the back and came out from the front!

“Ah? This, this Suan ni!”

This sudden change stunned everyone, and they couldn't react at all.

The people from the soul Devourer sect were petrified on the spot. Their mouths were wide open, and they had completely lost their ability to think. They were like statues.

Although the newcomer had relied on sneak attacks and tricks, how many people in the world could injure the sect leader of the soul Devourer sect with sneak attacks and tricks?

Yunxiao was shocked as well. His eyes shone with a seven-colored light as he stared at the man behind Huangfu bi. He felt that there was a faint layer of mist around the man, making him unable to see through it.

Huangfu BI's face turned extremely unsightly. He lowered his head and looked at the dagger in his chest, then said with a trembling voice, "Soul Slayer blade!"

“Yes, I am.”

A calm voice came from behind him. It was as quiet as the Echo of a deep valley, empty and without a trace of human emotion.

“Su ping!”

Yumi suddenly screamed as if someone was strangling his neck. His hands trembled as he covered his face, as if he couldn't believe it.

The rest of the people had the same expression, their eyes almost popping out.

Yunxiao gradually narrowed his eyes, as if he had come to a sudden realization, but there was still a look of surprise in his eyes.

Huangfu Bi's body trembled under the dagger, and he said with a trembling voice, "even if you have soul Slayer blade, you can't hurt me. You're definitely not a 20-year-old youth. Who are you?! There was a hint of fear in his voice.

"You guess!"

Su Ping's answer was only these two cold words. His face was like a Glacier that would not melt for thousands of years, and he rarely revealed any expression.

cough cough, ha, ha, cough!

Tian Xingzi couldn't help but laugh out loud. He was extremely proud, and his laughter became louder and weirder. The life force in his body was disappearing at a visible speed, but he didn't care at all. Instead, he was very happy and said, "If the soul Devourer sect can die because of me, this old man will be enough. Lord sect master, this old man will take his leave first! Hahaha!"

The maniacal laughter suddenly stopped, and Tian Xingzi's body stiffened. He finally lost his vitality.

"What? Sect leader? "You, you're Yingluo." Huangfu Bi couldn't believe it and turned his head with difficulty. Under Su Ping's tender and calm appearance, there was a pair of eyes that were as deep as the sea.

Su Ping looked at Tian Xingzi's body and calmly said, "rest in peace, my substitute for a hundred years, my brother Tian Yue.

"?!"

Everyone suddenly sucked in a breath of cold air. The words of "su ping" revealed a huge secret, and it was so shocking that everyone present could not come back to their senses.

no, impossible, impossible!

Yumi suddenly shouted, "You're lying! I've been in the ten thousand stars Valley for so long, but I've never heard of any Tian yuezi! Su ping, what tricks are you playing? These were all strange techniques that would not work! Only the final strength was the key to determining the outcome of the battle! Tian Xingzi is already dead, so don't even think about turning the tables with your little tricks!"

His voice was hysterical. Although everyone agreed, they all had a bad feeling and knew that things had changed greatly.

'Su ping' didn't pay any attention to him. Instead, a gash suddenly appeared on his face, and then it split open in all directions uncontrollably.

In an instant, there were tens of thousands of cracks on his body, and he slowly shattered in the air.

A small piece of skin floated out of his body, and then thousands of pieces of skin fell off one after another, flying away like dandelions.

A face that was exactly the same as "Tian Xingzi" from before appeared. His eyes shot out a biting cold light that seemed to penetrate everyone's heart. A domineering aura silently spread out.

"?!"

As soon as this face was revealed, everyone immediately believed it without a doubt. They all trembled in fear and retreated.

Especially you mi, he was so scared that his legs went soft. Under Tian Xingzi's cold gaze, he almost knelt down.

...

sect ... Sect leader! Diao Xiu was also completely dumbfounded. He did not know that Tian Xingzi had a brother who was a substitute. He instantly came to a realization. No wonder 'Tian Xingzi' thought so highly of 'su ping'. It turned out that 'su ping' was the true myriad Stars Valley's sect master, Tian Xingzi!

Tian Xingzi's eyes were cold and emotionless. He was so calm that he didn't seem human."Huangfu bi, I have to say that your intelligence is very high. But it's a pity that ten years ago, I suffered a Qi deviation and was seriously injured. It was all set up by me! I didn't expect you to be able to set up such a trap. You're quite talented."

Huangfu BI's face turned pale. The soul Slayer was an extremely special profound level weapon. It was extremely difficult to forge and was used to kill people's souls.

However, with his cultivation level, an ordinary soul Slayer saber would not be of any use at all. This saber, however, was clearly very extraordinary.

Tian Xingzi said, " this saber was forged ten years ago and has never been revealed. Everything was for today's battle. But unfortunately, the moment it was revealed, victory and defeat were already decided. As the traitor said, you didn't die in vain because of my ten years of planning."

"You knew about Yumi's betrayal long ago?" Huangfu bi gritted his teeth and asked.

Tian Xingzi said coldly, " I know he's playing the game of Infernal Affairs. He wants to obtain the greatest interest from the two factions. However, I've been waiting for him to make his final decision. Just now, he had already made his choice. This has also determined his fate.

Yumi's body trembled as if he had fallen into an ice cellar. He could not help but break out in a cold sweat.

Although Huangfu BI's expression was pained, he still forced a smile and said,"Tian Xingzi, you really didn't let me down! If I had died just like that, I would have been a little disappointed!"

Tian Xingzi's brows furrowed and he snorted disdainfully, " "You speak as if you can turn defeat into victory."

it's true that you won this round, " Huangfu Shang said hideously. but do you think that you can kill me with a mere soul Slayer? "

...

"I don't think you have any way to escape from this blade," Tian Xingzi said.

As soon as he finished speaking, his expression suddenly changed.

The soul Slayer blade in his hand seemed to be fixed in place by something. It was as solid as a rock and could not be moved.

A layer of golden light covered the blade, and at the same time, Huangfu BI's entire body was flashing with golden light.

Tian Xingzi was shocked and said,"how is this possible?" Your heaven-grade Golden Soul is only a soul, so it should have been injured by my soul Slayer saber. How come it's fine?"

Huangfu BI's face gradually twisted and his expression kept changing. In the end, it turned into a cold look. A huge golden hand stretched out from behind him and grabbed the sword.

The giant hand and the golden light that covered the sword merged into one, and the face of the Golden speaker appeared behind Huangfu BI's head, with a cold and murderous look in his eyes.

"Impossible!" Tian Xingzi was shocked. The soul Slayer saber could not move. He did not dare to be careless and immediately formed a hand seal with his left hand and slapped it towards the back of Huangfu BI's head, the face of the Golden speaker!

The Golden Whisperer was furious. It roared and stretched out its left hand. The Pangu flag appeared in its hand and it struck out.

"BOOM!"

A terrifying force exploded from the middle and directly hit the two of them.

“???”

The soul Slayer was constantly being pulled out of Huangfu BI's body while producing an ear-piercing grinding sound.

Tian Xingzi attacked again and again, and in an instant, countless palm prints appeared in the surroundings. They continued to hit the barrier of the Pangu flag.

Golden speaker's entire upper body had completely left Huangfu BI's body. He directly held the Pangu banner to form a barrier. Under the tens of thousands of palm techniques, it was getting harder and harder for him to hold on.

Meanwhile, Huangfu BI's body was constantly trembling as cold sweat rolled down his body. His face was extremely pale as he circulated his Yuan energy to force soul Slayer out!

Chapter 1576-overestimating oneself

Tian Xingzi drew a circle in front of him with his palm, and countless runes surged in the air to form seals. Thousands of palm techniques instantly converged into one, forming the shape of a Dharma Wheel, which slammed down.

“BOOM!”

The Pangu flag emitted countless rays of light as the power of the enchantment was broken.

“BOOM!”

Finally, gold Whisperer could not hold on any longer. Huangfu bi was sent flying, leaving a trail of blood in the air. Soul Slayer was also thrown out of his body.

Tian Xingzi's move succeeded, and the soul Slayer saber in his hand turned into countless saber shadows!

A sharp blade light soared into the sky and then slashed down like the Milky Way falling from the nine Heavens, splitting the entire universe!

“BOOM!”

Heaven and earth crumbled as the saber Light chased after Huangfu bi and finally cut him down!

“Bang!”

The golden light on Huangfu BI's body was instantly dispersed and blood spurted out. He was sent flying and disappeared in the air.

The entire world fell silent. The faces of the soul Devourer sect's disciples turned pale, and their palms were cold. They felt as if they had fallen from heaven to hell. They were all stunned and could not react to the reality before them.

Tian Xingzi carried soul Slayer saber and carefully stepped in the air, not daring to be careless.

Although he had successfully stabilized the situation and injured his opponent, his opponent was not only one of the most difficult people to deal with in the world, but also one of the smartest people in the world. Any carelessness in the details could turn the situation around.

Waves of ripples spread out from under Tian Xingzi's feet, shaking in all directions.

It was an extremely advanced detection technique that could sense everything through the subtle changes transmitted by the ripples in the air.

After taking five steps, he put his feet together and stopped. He frowned and said, "I didn't expect the soul Devourer sect's sect master to be so good at escaping. No one can find him once he hides.

There was no sound in the surroundings. Obviously, Huangfu bi would not be provoked by his words.

Tian Xingzi said, " since that's the case, I'll kill all of you elders first. Without these peak experts, the soul Devourer sect is just a shell. It's only a matter of time before we are exterminated.

"Haha, annihilate your entire clan? Tian Xingzi, aren't you overestimating yourself!"

Xi yulun sneered,"for countless years, many people have tried to destroy my Soul Devourer sect, but have they ever succeeded?" Not to mention your myriad Stars Valley, even the world might not be able to do it!"

Tian Xingzi sneered,"the world?" The one who thinks too highly of himself is your Soul Devourer sect, right? The world today is already turbulent. You, who have always been in a corner without any desire to improve, should have long been annihilated by the tide of the times. If Red Moon City can be destroyed, so can the soul Devourer sect. Since you're so ignorant and fearless, I'll start with you!"

He turned around and soul Slayer saber slashed down from the sky. The saber ray tore through the air and shattered the sky and earth.

Xi yulun was greatly shocked. His figure suddenly retreated and a powerful force bloomed from his body. He gathered it in his fists and punched out!

everyone, let's attack together. No matter how strong he is, he can't possibly defeat all of us!

"BOOM!"

The wind from the fists was immediately cut apart by the saber radiance, and a sharp saber Qi directly penetrated Xi yulun's body. There were no injuries on his body, but his face turned pale in an instant, and he spat out a mouthful of blood.

That powerful big demon state directly deteriorated, and the light in his eyes became a little dazed.

Yunxiao was taken aback. Tian Xingzi's soul Slayer had directly injured Xi yulun's own soul and the demon Soul he had fused with. For the soul devourers, who relied on soul power to fight, this soul Slayer was a nightmare!

The other eight elders and Yumi also attacked at the same time. Everyone understood that this was a life-and-death moment, and they could not afford to be careless.

Moreover, no matter how strong Tian Xingzi was, he couldn't fight against so many experts at the same time.

As soon as the nine of them attacked, the whole sky was turned upside down, and the air of death soared into the sky.

One of the elders clenched his fingers and picked up the remains of Lu Yan on the ground, forming a storm that swept over.

"Chariot!" Shi Wushuang shouted.

"Here!"

The emperor's gaze turned cold, and a gunshot shot into the sky. His entire body turned into a cold light as he charged towards the remains of the deer spine.

"Bang!"

he became one with his spear and pierced through the storm. His metal body was unaffected by the death energy, and he roared as he shot toward the elder like an arrow.

"Die!"

The elder's eyes widened in anger. His move had been destroyed, and he was extremely angry. He cupped his fists and struck out!

“Bang!”

The two of them collided, and a terrifying energy storm was created.

Chu che seemed to be determined to die. Braving the cold storm, he shouted as he advanced, his war spear once again stabbing forward.

“What the hell is this? go to hell!”

The elder was furious and threw another punch at the vortex. At the same time, he was shocked. The impact of the storm between the two was too strong. His physical strength was in pain, but the other party was brave and fearless.

“Swish!”

The battle spear pierced through layers of energy barriers and stabbed into the wind created by his fist!

“Bang!”

A golden light burst out, completely engulfing the two of them, and they were both sent flying.

Marten Xiu, the other seven loose disciple, and Shi Wushuang also attacked in an instant. Each of them was determined to face death, and they each blocked an elder of the soul Devourer sect.

Even so, the remaining five people joined forces to attack Tian Xingzi. That power was like a wave that swept over from different directions and was endless.

Everyone knew that it was a matter of life and death, so they were all very alert and poured in all their life's knowledge.

Tian Xingzi's expression changed slightly. He snorted coldly and his figure flashed. A blade light slashed out from the gap between the five people's joint attack. With a "Hong" sound, the two people closest to him were shaken away and a path was cut open. His figure flashed and he rushed out.

...

"BOOM!"

The five people's joint attack missed, and at this moment, because of the heavy injuries, that seven loose child was ultimately no match for the other party. After letting out a miserable cry, his soul was directly drawn out by the other party and absorbed into the soul devouring banner.

Marten Xiu roared in grief and anger. He was also forced into a dangerous situation.

"Don't stop, take his life!"

Yumi let out a loud cry and rushed over first. The soul devouring banner slammed down, and countless Yin souls poured out.

Tian Xingzi's face was full of mockery. you are just a bunch of martial arts ants. You are so arrogant. No matter how much I can't defeat you, how can you kill me?"

Soul Slayer waved in front of him, and a blade light slashed out, turning all the yin souls into smoke.

The blade light cut into the soul devouring banner without any reduction in power. A scream was heard as Yumi's primary soul escaped. He was also affected by the backlash and a mouthful of blood gushed out.

More than that, a kind of fear spread in his heart. When he saw the disdainful sneer at the corner of Tian Xingzi's mouth and the killing intent in the depths of his eyes, he only felt his whole body turn cold and couldn't help but shiver.

The five of them were able to force Tian Xingzi to retreat not because they could fight him together, but because Tian Xingzi was afraid of Huangfu bi, who was nowhere to be found.

“BOOM!”

...

A ray of light exploded in the distance. The emperor's carriage was finally no match for the elder. The elder of the soul Devourer sect had injected his power into the emperor's body, shattering his soul and killing him.

The elder was covered in blood and anger. After killing the emperor's carriage, he continued to punch the puppet's body several times, smashing it into the ground.

Shi Wushuang's eyes were filled with grief and indignation. She was the only one left in the entire chess board organization. She and Marten Xiu were the only ones left in the myriad Stars Valley. Marten Xiu was also constantly retreating and spitting out large mouthfuls of blood. He could die at any moment.

“Hurry up and clean up the last two pieces of trash! Let's attack him together!” Xi yulun shouted. After a short period of rest, he gritted his teeth and took the lead.

He couldn't be weak now, or it would be troublesome if Tian Xingzi broke through them one by one. He also understood that the key to victory still lay in Huangfu bi. They could only continue to attack and create trouble for Tian Xingzi, causing him to reveal his flaws.

Tian Xingzi furrowed his brows. He wanted to save Marten Xiu, but the moment he moved, he was attacked by a few people. He had no choice but to retreat.

Gu Feiyang, help my myriad Stars Valley. Otherwise, if I'm defeated, you won't be able to escape this calamity either. Under the siege of several elders, Tian Xingzi looked at Yunxiao with a solemn expression.

Yunxiao and Chen Yuyu seemed to have nothing to do with it. They watched quietly and kept adjusting their injuries.

Yunxiao, who had fully recovered, chuckled and said, "Sir, you think too highly of me. The strength of these elders is not below mine. If I act rashly, I'm afraid I'll already invite disaster."

Tian Xingzi continued to Dodge and block casually, and said coldly, "Why are you still pretending? With your soul and the devil Lord, will Huangfu bi let you go? And these two things are useless to me. If Huangfu bi doesn't die, you'll be in big trouble."

Yunxiao rested his chin on his hand and said, "I see, that makes sense. However, I'm not that stupid to risk my life for my Lord and offend the most terrifying force among the seven superpowers, the soul Devourer sect, with just a sentence."

"State your conditions," Tian Xingzi said.

In the distance, Marten Xiu's consciousness was already blurry and he was completely defeated. At this juncture, Tian Xingzi would agree to any harsh conditions.

Yumi and the others were anxious and kept attacking, trying to force Tian Xingzi to attack, but he only dodged and didn't attack, preserving his best state.

it's very simple," Yunxiao said. I'll help you at this moment. After this battle, regardless of the outcome, the myriad Stars Valley must help me complete one thing."

Tian Xingzi frowned. why don't you tell me what you want? as long as it's not too much, I'll definitely agree to it.

it's very simple," Yunxiao said. I have to do my best to ensure my safety as long as I don't die.

“It’s that simple?” Tian Xingzi asked. His tone was filled with suspicion.

“It’s that simple.”

Yunxiao said seriously, looking very sincere.

Tian Xingzi no longer hesitated and immediately said, “Alright, no problem!”

Seeing that they had reached an agreement, the people of the soul Devourer sect were furious and continued to attack.

Suddenly, a golden light flashed and cut Yunxiao in half. Then, the Golden speaker appeared with a cold face.

“Ah? My Lord!” Chen Yunyu was horrified to see Yunxiao being cut into pieces. With a horrified look on his face, he drew his sword and slashed at the Golden speaker!

Chapter 1577-saber sealing

“Swish!”

Chen Yuyu’s sword passed through the Golden speaker’s body, as if it had hit nothing in the water.

Gold speaker’s face turned around and stared at him coldly, his deep eyes flashing with ghostly fire.

“Bang!”

“Ah!”

Chen Yuyu suddenly screamed. His entire face was injured by the explosion without any warning, and it was a bloody mess.

“Keke!” Gold speaker laughed weirdly, “ the soul of a peak nine-stars Martial Emperor is a great tonic!

His figure moved and was about to head towards Chen Yunyu when a green light suddenly shot into his body and exploded.

“BOOM!”

“Ah!”

The Golden Whisperer let out a miserable cry as countless Thunderbolts came out of his eyes, ears, mouth, and nose. They gathered in the air and turned into Yunxiao’s figure, who looked at him with a cold and mocking expression.

The Golden Whisperer’s shape was deformed by the explosion, and it kept twisting and shaking in the air, roaring repeatedly.

“My Lord, are you alright?” Chen Yuyu asked in shock.

‘This is not enough to hurt me,’ Yunxiao said. Huangfu bi, you’re underestimating me too much.” His eyes shot out seven-colored rays of light as he looked over and said, “No wonder Tian Xingzi couldn’t find your true body. You were actually swallowed by your own host soul.”

Gold Whisperer’s expression changed. His eyes flashed with anger and his will-o’- the-wisp jumped.

“Bang!”

A space in front of Yunxiao exploded, and a layer of water-like defense appeared in front of him. It was squeezed down, but it could not hurt his body.

“BOOM!”

In the distance, Tian Xingzi slapped away the people who were besieging him, and soul Slayer blade instantly came down from the sky.

Gold Whisperer's face flickered. He gave Yunxiao a fierce glare, then turned and disappeared.

“BOOM!”

The sky was split open, but it hit nothing.

Tian Xingzi arrived in an instant, and his eyes were filled with anger as he said, “Where is he?”

don't be angry,” Yunxiao chuckled. I'll help you find him. He formed a hand seal with one hand and his eyes turned blood red. A strange light shot out from his moon-like pupils.

The entire space was distorted, and the surrounding scenery kept changing.

Everyone turned pale with fright and was on high alert.

A green light emerged a thousand feet in front of Yunxiao's eyes and gathered into a large net. It swayed up and down as it was about to close, and as it pulled, a golden light emerged and pulled the Golden speaker into it.

“What?”

Everyone was shocked, and even gold Whisperer and Tian Xingzi found it hard to believe.

Gold Whisperer even roared, “Damn Gu Feiyang, kill him!” He spat out a cloud of golden qi, which burned a big hole in the green net. It turned into a golden light and rushed out.

“You still want to leave?”

Tian Xingzi was already prepared. He made a hand seal and slashed out with soul Slayer in pursuit. It seemed to have locked onto the Golden speaker’s aura, and no matter how it penetrated, it could not escape the power of the blade.

The gold Whisperer turned around and its body grew in size. It grabbed the Pangu banner and opened it.

“Bang!”

The blade light was sucked into the house and exploded, causing countless screams. A large number of Yin souls were destroyed.

Gold Whisperer’s face was livid. He gave Yunxiao a murderous look, then disappeared again.

Tian Xingzi had already slashed out a second time and could only cut down an afterimage. He shouted in anger, “Old man, come out!”

Yunxiao’s eyes flickered as he said, “I’ll force him out.” He formed a hand seal with one hand and disappeared in a flash with the cold sword.

Suddenly, a sword light shot up into the sky.

The Golden speaker’s body flickered under the sword beam, and his eyes were full of surprise. He was now one hundred percent sure that Yunxiao could indeed track him, and he shouted angrily, “Die!”

The Golden figure flashed and several golden lights shot out.

“You can’t determine life and death with your mouth.”

With a sneer, Yunxiao patted the sword with one hand, and a barrier of sword energy was opened.

“Bang Bang Bang!”

The beams of golden light broke through the enchantment and struck the ice sword, forcing it to retreat.

Tian Xingzi suddenly appeared in the sky and slashed down with soul Slayer.

The Golden speaker didn't Dodge, but looked up coldly.

“Swish!”

The blade directly hit his head and cut down.

“Yaya!”

arghh! gold Whisperer screamed in pain. Its body kept changing until it lost its face and turned into a pure golden light.

Soul Slayer saber suddenly stopped, as if it had been greatly hindered. Tian Xingzi's brows furrowed, and a cold light shot out from his eyes.

The ball of golden energy flickered continuously, like a melted Pearl. Suddenly, it shrank and spread along the sword like water.

...

Tian Xingzi slapped his palm on the sword, and with a clang, the golden light was scattered, and the blade returned to its original state. His left hand kept forming hand seals and patting the saber. Beams of cold light shot out and disintegrated all the golden light.

After the golden light retreated, it condensed not far away and formed the shape of a skull again. It opened its mouth and spat.

“BOOM!”

He actually spat out a fist intent.

Tian Xingzi sneered, and the saber Light turned and slashed down.

“BOOM!”

The fist intent was blasted away, and suddenly, a hand seal burst out from the fist intent, revealing Huangfu Bi's entire body. He made a hand seal and slapped down.

Tian Xingzi was shocked and hurriedly blocked it with his saber.

“Bang! Bang! Bang! Bang!”

Huangfu Bi struck out three seals in a row, all of them landing on the blade. Every time he struck, a green light would emerge, as if something was flashing and disappearing into the blade.

Tian Xingzi frowned and slashed again with soul Slayer.

...

“Bang!”

This time, Huangfu Bi grabbed the Pangu banner and blocked the attack. The two profound level weapons emitted a bright light.

Tian Xingzi's heart jumped, and he said in shock, "What? You were just ..."

The corner of Huangfu Bi's mouth rose as he sneered, "I just used a divine ability to seal your soul Slayer blade. Let's see how you're going to defeat me now!"

There were indeed three green marks on the blade, like a picture drawn on it.

Tian Xingzi's expression darkened, and his left hand slammed toward the few imprints.

"Hmph!"

Huangfu Bi sneered, and the Pangu flag was slapped over. "Do you think I'll let you break the seal?"

The Golden speaker rushed into his body. The power of the Pangu flag was extremely strong. It swept through the air as if the entire world was crashing down.

Tian Xingzi didn't dare to be careless. He could only change the move of his left hand at the last minute, form a seal, and hit the blade. Suddenly, the blade light burst out and slashed out.

"Bang!"

Under the impact of the two forces, they were almost evenly matched, and the shock forced the two of them to take three steps back.

Tian Xingzi's expression was extremely unsightly. His initial advantage had suddenly been lost, and he was extremely anxious. He could feel that soul Slayer was constantly being corroded by the seal. If he couldn't break it soon, he would be in trouble.

However, Huangfu Bi's continuous attacks left him with no chance.

In the distance, Marten Xiu and Shi Wushuang were no match for him, and they both died in the hands of the soul Devourer sect elder. This made Tian Xingzi furious and upset.

The two elders who had succeeded immediately ran over to help Huangfu bi.

Yunxiao was also in danger at the moment, and the other eight elders rushed at him at the first moment.

With the eight of them joining forces, even the peak of his previous life did not dare to underestimate them. At this moment, he no longer had any intention to fight. He said to Chen Zhiyu, "Let's go!"

"Leave? The biggest joke ever!"

"Stay!" Yumi shouted coldly. He threw his soul-devouring flag at Yunxiao, and his primary soul flew out to bite him.

The other seven people also used their own unique skills, their faces cold.

Yunxiao turned and took a step into the distance, then his figure turned into a bolt of lightning and began to sway.

"Bang!"

Several fist winds came, and he exploded in an instant, with lightning shooting in all directions.

"What?"

Everyone was shocked, and one person said, "That's the true body?"

"Don't worry, stop them all!" Another elder shouted.

He patted the soul devouring banner in his hand, and countless ghosts rushed out to bite the lightning.

“Eh, that’s a good idea.”

One of the Thunderbolts stopped and turned into Yunxiao’s figure. He looked at the ghost chasing after him in surprise, then shattered it with a slap of his hand.

The elder laughed wildly as he waved his soul-devouring banner. Countless ghosts instantly gathered and condensed into a huge Golden Soul above Yunxiao, which then bit down.

“Gulp!”

Yunxiao did not retreat or dodge, but was directly eaten by the soul.

“Ah?”

Chen Yuyu was dumbfounded again and exclaimed, “Sir, please!”

After the Golden Soul devoured Yunxiao, the elder was overjoyed. He threw out the soul-devouring banner and kept making hand seals to put the Golden Soul back into it.

“Hahaha! Gu Feiyang’s soul is mine!”

The elder’s eyes were filled with excitement as he looked at the soul devouring flag in his hand.

Yumi’s face darkened and he said coldly, “Although you’ve taken Gu Feiyang, the sect master’s intention is very clear. This soul is for me.”

The elder immediately became wary. He blocked the attack with the soul devouring banner and sneered, "Give it to you? What a big joke, do you think you are the sect master himself? Give it to you? To think that you can think of that, Hmph!"

Yumi was furious and was about to explode.

Suddenly, with a bang, the soul devouring banner exploded. A sword Qi rushed up and cut the elder in half!

"Ah!"

The elder only had time to scream before he was beheaded. Behind the sword beam was Yunxiao's figure, who stood upright with a mocking smile on his face and said, "Accept me? To think that you can think of that, Hmph!"

Yumi was also shocked, but his eyes lit up in the next moment. He threw the soul devouring flag at the elder's corpse and shouted, "This is mine, no one is allowed to snatch it from me!"

A few elders' eyes also lit up. After looking at each other, although they were extremely dissatisfied, they still suppressed their inner emotions.

The primary soul in the soul-devouring flag flew out and swallowed the elder's Golden Soul. Then, it flew towards the elder's body with a cold light in its eyes and passed through it in an instant.

When it came out, the Golden Soul bit another soul. It was the elder's soul. It was struggling in the Golden soul's mouth, but it was useless. It was eaten in an instant.

Chapter 1578-fierce battle

"Hahaha!" Yumi laughed wildly, his eyes shining.

After his Golden Soul ate the elder's soul and Golden Soul, it grew stronger immediately. The previous decadence and weakness were swept away, and even Yumi's own condition seemed to have recovered.

The rest of the elders of the soul Devourer sect were mostly dissatisfied and angry. It was not that they thought it was cruel, but they were just angry that Youmi had taken all the benefits for himself and did not share any of it with them. It was not uncommon for people to devour each other's souls in the soul Devourer sect.

what a disgusting man," Yunxiao said with a frown.

"Hmph!"

this is the soul Devourer sect's rule of survival," Yumi said coldly. you don't eat others, but others will eat you. His hands kept forming seals and sending them into the Golden primary soul. He shouted, it's your turn now, martial sovereign Vanquisher's soul! Become a part of my main soul!

At this moment, the Golden Soul was extremely arrogant. Its body was a faint dark golden color. It bared its fangs and claws as it charged forward.

Unhurriedly, Yunxiao performed a Thunder incantation with one hand, and a Thunderbolt appeared in his palm, which then turned into a green beam and spread out.

"BOOM!"

The ball of green lightning exploded and turned into a realm that trapped the Golden Soul. Countless lightning turned into Dragons and blasted in from the outside.

"Bang Bang Bang!"

The Golden Soul in the small Thunder World was constantly distorted and roaring. The gloomy aura of its whole body was completely dissipated by the bombardment of the green lightning. In the end, it directly curled into a ball and floated inside, motionless.

With Yunxiao's current strength, apart from Qiu Mujie, who could fight him, there were few who could match him.

After the lightning Dragon shattered the layer of golden light, Yumi also suffered a backlash, and his face paled as he yelled in anger, everyone, let's attack together! What are you waiting for?!

The rest of the elders had cold expressions as they turned their heads away. Some of them didn't even bother to hide their shrugging and mockery.

it seems that you are not popular, " Yunxiao said. in that case, I'll follow everyone's wishes and send you to the West.

He made a hand seal with one hand, and a purple light suddenly appeared in the green lightning. An ancient Maha character flew out from it and exploded with intense golden light.

"Not good!" Yumi's heart trembled as he felt a great sense of danger. He quickly cast a few incantations into the soul-devouring banner.

The ball of golden light that was trapped by the green lightning trembled and tried to return to its skull form. However, the moment it opened its eyes, the green lightning exploded!

"BOOM!"

A destructive force rushed in all directions. The Golden Soul was smashed into pieces by the lightning. Yumi also felt like he had been hit in the chest by a heavy hammer. He spat out a large mouthful of blood, which was mixed with the fragments of his internal organs. It was as if all of his essence energy had been sucked out. He could not stand still in the air, and after taking a few steps back, he spat out another large mouthful of blood. His aura was dispirited, his eyes were dull, and his whole body was listless.

This thunderous explosion shocked everyone. They immediately woke up from their daze. Now was the time for a life-and-death battle, not an internal battle within the sect. In the distance, Huangfu bi and the two elders were fighting hard with Tian Xingzi. They had to quickly take down Yunxiao and send him over as reinforcements.

"Let's kill him together!" Xi yulun shouted.

The other five elders didn't hesitate and immediately attacked. The Thunder art Yunxiao had just used had shocked them. He had killed Yumi, who was full of blood and devil energy, so easily. If they were to fight him alone, no one would be his match.

A cold light flashed in the eyes of one of the elders. He extended his soul devouring banner and flew directly towards Yumi.

Yumi's eyes were filled with shock. He opened his mouth wide and wanted to scream, but the moment he used his Qi, blood rushed into his throat and he spat out another mouthful of blood. At the same time, in extreme fear and panic, he was swept away by the soul devouring flag without any resistance.

When Xi yulun saw this, his brows furrowed but he did not say anything. Soon, they relaxed.

The elder seemed a little embarrassed and chuckled, "Vice sect master Yumi has already lost his Golden Soul and will not be able to recover his strength for the rest of his life. Why don't you use some of your remaining heat to nourish my soul devouring banner?"

A few soul combat skill cultivators looked at him with disgust and coldness. Even within the soul devouring sect, everyone kept a respectful distance from soul-sucking cultivators like him. He was not popular.

"Cut the crap. Let's take down Gu Feiyang first and we'll talk about it!" Xi yulun said expressionlessly.

"Yes!"

The elder heaved a sigh of relief when he saw that no one had any objections. After all, he had devoured the Vice sect leader, which was suspicious of insubordination. He immediately became even more energetic, and killing intent burst out from his body as he sent a palm strike.

With the six of them working together, Yunxiao was forced to retreat. He laughed and used his Thunder movement technique to fight back and forth.

Chen Yuyu could only stand aside anxiously, cursing himself for being useless. But after a while, he found that Yunxiao was not in danger every time, and the six men could not hurt him at all, so he was relieved.

Xi yulun was furious. Lord po Jun, you're a man with an indomitable spirit and a world-shaking reputation. How do you look like a titled martial sovereign?" she shouted. Do you want us to laugh at you?"

Yunxiao laughed mockingly. Xi yulun, you are the Deputy sect leader of the soul Devourer sect. Although you are not famous in the world, a few people know you. You are already an adult, but you are still trying to provoke me in such a childish way. Don't you feel ashamed? "

Hmph, my Lord, you have a sharp tongue, but that doesn't change the fact that you're timid, afraid to fight, and cowardly. Xi yulun continued to mock.

Yunxiao sneered. no matter how you provoke me, it won't change your young IQ. If you can anger me with words, do you think I can still live until now? "

Xi yulun's face darkened. Knowing that there was no point in goading him further, she could not help but feel anxious. If the six of them couldn't defeat him even when they joined forces, it would be very difficult.

since Gu Feiyang is not willing to fight him face to face, " one of the elders suddenly said, " then let's ignore him and join forces to kill Tian Xingzi.

Xi yulun's eyes lit up and she said,"yes!" We don't care about him, let's just kill Tian Xingzi and let him Dodge!"

The six of them stopped their attacks and all headed toward Tian Xingzi.

Yunxiao was taken aback. This was indeed a smart move, as it had forced him to make a move.

Tian Xingzi's expression changed drastically. The moment the six of them flew over, he felt a dangerous aura. No matter how strong he was, he could not stop these people from joining forces. He immediately shouted, "Gu Feiyang!"

don't panic," Yunxiao said. I'll do it. He braced himself and thrust his sword forward, charging into the battlefield.

In a one-on-one fight, he was no longer afraid of anyone below divine transcendence. However, if he were to face these elders of the soul Devourer sect together, he might not be able to win even if he were to face them head-on.

Huangfu Bi's eyes were filled with great joy. He had gained the upper hand. With a wave of his long robe, he disappeared from where he was with a flash of golden light.

Tian Xingzi's expression changed, and he became extremely vigilant. However, under the joint attack of the eight elders, he could only use all his strength to deal with them.

"Over here!"

Yunxiao's pupils constricted, and a beam of sword Qi suddenly shot out and stabbed into the upper left side of Tian Xingzi.

"Swish!"

As the space was pierced, a golden light flashed and Huangfu Bi's traces were revealed. In his anger, he blasted a powerful palm force towards Tian Xingzi.

"Hmph, a coward who only knows how to hide and ambush!" Tian Xingzi sneered coldly as he swept soul Slayer across.

...

The blade drew out a water-like light, and a shadow appeared. It opened its arms to embrace the palm.

“That’s the soul Slayer saber spirit?” Huangfu Qi was shocked. He had clearly sealed the body of his opponent’s saber, so why did the saber spirit appear?

However, he didn’t have time to think too much at this moment. A transparent chill came over him. The saber spirit seemed to want to attack his soul. He hurriedly withdrew his palm force and disappeared in a flash.

The saber spirit missed and fell back into the saber.

Tian Xingzi was furious and used several moves to knock back the people around him. He shouted, “Coward, come out!”

Xi yulun sneered. Lord Tian Xingzi, stop shouting. You can’t even win against the eight of us. You still want to fight the sect leader? dream on!

Tian Xingzi, ” Yunxiao suddenly said. do you have a chance of winning against these eight people? ”

Tian Xingzi frowned and snorted coldly, ” “A group of ants, I can easily kill them!”

His words were a little too conceited, and Yunxiao knew that he was bluffing. But, the man had the soul Slayer saber, which was specially designed to counter the soul Devourer sect, so he might be able to withstand the attack.”If that’s the case, then you deal with these eight people. I’ll stall Huangfu bi. I have the moon eyes, so his escape technique is ineffective against me. After you’ve killed these eight people, come and help me. ”

“What?” Tian Xingzi was startled and looked at Yunxiao in disbelief. The eight elders were also stunned for a moment, and then sneered, ” “Do you really think you’re still the martial sovereign Vanquisher?”

Yunxiao’s figure flickered as he thrust his sword toward a certain spot in the void and said, ” “Do it, don’t waste time!”

...

“Bang!”

A huge golden hand appeared in the void and slapped the sword away. Huangfu Bi's gloomy face was revealed and he said coldly, “Gu Feiyang, you're courting death step by step. There's no way out for you. Don't blame me for not taking our old friendship into account.” He took a step out of the void and shouted, “The eight of you deal with Tian Xingzi. If you can kill him, then kill him. If you can't kill him, then come back after I kill pojun!”

The Golden hand rose again and slammed down at Yunxiao like the top of a Pagoda, trying to suppress one side.

Tian Xingzi's expression changed slightly. Just as he was about to go up and save her, he immediately felt attacks coming from all directions. In a rage, he swept his saber horizontally, and the saber spirit instantly transformed and circled around him.

“BOOM!”

Although a few of them were already injured, the combined attack of the eight people was still earth-shattering, and even Tian Xingzi found it difficult to withstand it. He was directly shaken until his qi and blood churned, and the blade light flashed under the seal.

Not far away, Huangfu Bi's palm fell like the lid of a Pagoda, pressing down on Yunxiao and making him unable to Dodge. His body was constantly pressed by the power, turning into a golden light as his physical strength burst out.

Chapter 1579

1579 The great soul derivation technique

Yunxiao's face was gloomy as he made a grabbing gesture in the air. Four-colored rays of light emerged in his palm, and the Tusita heavenly peak was held in his palm. don't think that you're invincible just because you're divine transcendence. I used to be one! He smacked the mountain and immediately flew toward the palm.

“Bang!”

The Tusita Heavenly Mountain flew into the palm wind and crushed the golden light!

“What?”

Huangfu Qi was shocked. He felt a vast force rising into the sky, and he could not suppress it with his palm.

No, it wasn't that he couldn't suppress it!

Huangfu Bi's eyes were filled with horror as his palm force collapsed instantly under the four-colored mountain peak. The terrifying and unparalleled feeling spread out and almost destroyed everything!

“Soul battle technique-Dragonfish transformation!”

He hurriedly retracted his hand, but the Tusita sky peak had already pressed down. All the space was compressed to the extreme, making it impossible to Dodge. He could only rapidly form hand seals with both hands. The Golden speaker instantly became one with him and struck down with an incantation seal!

“BOOM!”

The seal landed on the Tusita heavenly peak and shook the mountain. However, the seal also disintegrated instantly, turning into countless butterfly-like golden lights that danced.

Under the dazzling light, Huangfu bi gave a muffled groan and his body seemed to shake slightly.

Then, he retreated thirty feet and returned to his original appearance, staring at Yunxiao coldly.

The Tusita heavenly peak flew around in the air and finally fell back into Yunxiao's hand.

The power of this attack shocked everyone in the distance.

Tian Xingzi and the eight elders were in a daze for a moment, unable to react.

However, it happened in an instant. The nine of them were all experts of the current generation, and it was extremely rare for them to be distracted by external matters in a battle of life and death. After each of them relaxed their breath, they continued to fight.

When Huangfu bi saw the mountain disappear in Yunxiao's hand, he said, "It seems that you've also obtained a lot of opportunities in the past ten years. Was that mountain peak a Saint artifact?"

hehe, " Yunxiao laughed. you'll have to guess it yourself.

Huangfu Bi's pupils contracted. I heard that several holy weapons appeared in the battle of the red moon City. You have one as well. Is that true? "

that's your own guess, " Yunxiao chuckled. I'll let you guess.

don't think that you can make up for the gap between you and me just because you have a chance! Huangfu bi burst into a rage and said, " you were once a divine transcendence expert. You should know that that kind of power can't be made up for by chance!

I understand, I understand, " Yunxiao said with a smile. I understand. Thus, I'm only delaying you and buying some time for Tian Xingzi."

"Tsk, what a joke!"

A sneer emerged on Huangfu Bi's face as he faintly glanced into the distance and said leisurely, "Do you think Tian Xingzi can win?"

Yunxiao was also a little worried. "It's indeed hard to say."

Although Xi yulun and the other elders were injured, their strength was still there. If the eight of them joined forces, no one in the world would dare to say that they could win.

“To put it bluntly, the eight of them are stalling for time for me. I will deal with Tian Xingzi after I kill you,” Huangfu Qi said with a sinister smile.

He pointed his long, withered finger at Yunxiao, and a cold gleam flashed across his sharp claws.

“Swish!”

The sky was split open, but Yunxiao’s expression remained unchanged as he clenched his hand and punched out.

With a bang, a bloody gash appeared on the tip of his fist, but it healed on its own in the blink of an eye.

Huangfu Bi’s pupils shrank, his face darkened and he said coldly, “Imperishable golden body?”

that’s up to you,” Yunxiao said with a smile. you have to guess it yourself.

“You’re looking for death!”

Huangfu Qi gave a furious roar, grabbed the Pangu flag, and attacked.

The space kept spinning as the streamer danced, and in an instant, Yunxiao was sucked into it. His body was instantly shattered by the spinning force, turning into countless bolts of lightning.

Taking advantage of the momentum, Yunxiao kept increasing the power of the Thunderbolts, and the Azure Thunderbolts all over the sky were his body.

Huangfu Qi sneered. I can't believe you've formed a five-element spirit body. You're really something. However, it's useless!

"BOOM!"

The Pangu flag struck directly into the spinning thundercloud, and the whole world was filled with explosions. The lightning quickly gathered to resist the power of the Pangu flag.

Two hands of green lightning condensed and grabbed the Pangu banner, trying to pull it out of the thunderclouds.

Yunxiao's body also condensed around the Pangu flag, his eyes cold.

"It's useless. The difference is too great." Huangfu bi struck out a seal.

The Pangu flag shook and shattered the two hands. A golden beam of light broke through the lightning, and the Golden speaker emerged, opening its mouth and biting at Yunxiao.

"Go on, let's see how much you can eat!"

Yunxiao took a deep breath as his body swelled up, and his right fist turned into the size of a millstone as he threw it at the mouth of the gold Whisperer!

"Boom boom boom!"

The violent lightning struck the Golden speaker's mouth, and it flowed in continuously.

"Ha!" Gold Whisperer's face twisted for a moment, but it immediately returned to normal with a hint of contempt in its eyes.

Yunxiao frowned, feeling that his attack had turned from active to passive. At this moment, his right hand was bitten by the enemy, and he could not retreat. Not only were the Thunderbolts filling the sky, but even his thunderous body was being sucked in.

“Absorb, absorb, absorb!”

The Golden Whisperer’s body continued to expand, while Yunxiao’s body began to twist as he was swallowed bit by bit by the other party.

...

you just destroyed a soul-devouring flag and the Golden Soul inside it. Huangfu bi laughed and said, “ do you have the ability to kill my golden speaker? ”

Yunxiao was shocked. The Golden Whisperer seemed to have an infinite power in its body that could devour the world. His power of Thunder was like water entering the sea, completely disappearing without a trace!

“Open your eyes and see if you have the ability!” He said coldly.

The thunderous hand grabbed in the air and four-colored radiances shot out. The Tusita peak reappeared and spun continuously under his palm.

A powerful earth element power spread out. Not only was the golden light in the surroundings scattered, but the dead gray air in the entire world was also touched. Yunxiao’s body suddenly stopped moving, as if it had been frozen in place, and the Golden Whisperer could no longer absorb it.

“Go to hell, you demon!”

With the power of spirit in his palm, his five fingers clutched the mountain peak and smashed it towards the gold Whisperer!

“Soul world, open!”

Huangfu bi suddenly cast an incantation gesture with one hand, threw the flag away and gave a loud shout.

Suddenly, the world changed, and the sky was filled with dancing Yin souls. The Pangu flag flew toward the Tusita peak, and with a sweep of the flag, the four colors were immediately absorbed, and the entire peak disappeared in a flash.

“What?”

...

Yunxiao trembled in horror. The Tusita peak could be said to be the heaviest object in the world. It was enough to stabilize rivers, mountains, and rivers, and the universe. No one could shake it except for the power of spirit. This was the first time it had been taken away by the other party.

The Tusita peak disappeared in an instant, and the suction force from the Golden speaker’s mouth grew stronger. Yunxiao could no longer hold on, and his entire body was sucked in.

“Absorb, absorb, absorb!”

The wind and clouds in the sky were all swallowed by golden Whisperer. It closed its mouth and its body turned into a huge golden fatty.

Huangfu BI’s face lit up with joy, and he immediately waved his hand and took back the Pangu banner.

As soon as the five fingers touched the banner, they were shocked by a powerful force. In his shock, he hurriedly circulated his origin power and clenched his fist tightly. However, his expression was extremely ugly.

what is that mountain peak? even the foul soil of the netherworld doesn't have such a vast earth elemental power.

Huangfu Bi's face was gloomy. Although he had the Pangu banner in his hand, he could not feel the vast force, which made him feel like he could not move it.

"Gold Whisperer, go kill Tian Xingzi. I'll subdue that mountain first."

Huangfu Bi pondered for a while and made a decision.

The Tushita Heavenly Mountain suppressed the entire soul world within the Pangu banner. At this moment, not only was the Pangu banner useless, but it had also become a burden.

He sat cross-legged in front of the Pangu flag, and unleashed a few halos with his hands to cover the flag, allowing it to spin in front of him.

Fatty Jin turned around and flew towards Tian Xingzi. His speed was extremely slow, and he stopped after flying a few times as if he couldn't fly.

"What's going on?" Huangfu Bi frowned. He was shocked. Could Yunxiao still play some tricks in it?

Gold speaker was completely different from ordinary gold souls.

When the soul devouring banner was cultivated to the highest level, it would be the primary soul of heaven, earth, black, and yellow. The Golden speaker was an existence that transcended these four levels. Moreover, it had been passed down from generation to generation in the soul devouring sect. It was impossible to cultivate it to this level by relying on one's own strength.

Even if Yunxiao was a divine transcendence, he would still have to digest it. Besides, if the Tushita peak had not been sucked away by the Pangu banner, Huangfu Bi might still be a little afraid, but now he was not worried at all.

“What’s wrong with you?” Huangfu bi asked.

Gold Whisperer’s expression was strange. He looked at his fat body and said, “I can’t digest it.” He stretched out his hand and touched his belly. Suddenly, a seal appeared and floated above his belly button.

“Bang!”

The seal suddenly shattered without any warning!

“What?”

Both gold Whisperer and Huangfu bi were shocked. Then, ancient Maha characters gushed out of gold Whisperer’s body, penetrated through it, and floated in the sky, slowly condensing.

“This is Lao Ai!” Huangfu Bi’s pupils shrunk, he instantly gasped a cold breath and shouted out in shock, “Lao Ai, what are you doing? the Maha ancient God technique?!”

“Ah?”

Golden speaker’s mouth was also wide open, and he was completely stunned. Then, he shook his head even more vigorously. impossible, absolutely impossible! The Maha ancient God’s technique has long since ceased to exist in this world. This should be the great soul derivation technique!”

“How is that possible?” Huangfu bi exclaimed. Isn’t the great soul derivation technique the highest cultivation technique in our Soul Devourer sect?”

The Golden speaker’s expression was grave. back then, the first master who refined me was fortunate enough to witness the great expansion divine technique once. However, he was unable to fully master it. He could only rely on his own talent to forcefully memorize the divine technique. After that, he modified it through various techniques and created the great expansion soul refining technique of the soul Devourer sect.

He looked in shock at the divine Art that was forming in the air. The ancient characters flickered in the air as he said in a trembling voice, "This Tao Wu seems to be the complete great expansion divine technique!"

Chapter 1580-Qi deviation

Huangfu bi looked at the constantly changing ancient characters of the deity tier spiritual art with a fanatical look in his eyes. He had already forgotten where he was.

He continuously forced himself to remember what he saw in front of him and cross-checked with the Shen methodology in his mind.

Just as he was looking at it without blinking and understanding what it meant, the Golden speaker suddenly let out a miserable cry. Its fat and bloated body shot out a brilliant light!

"How are you?"

Huangfu bi was greatly shocked and hurriedly asked.

The Golden speaker was completely different from the host soul of the other soul-devouring gongs. Even he could only communicate through divine thoughts and could not sense the other party's situation. Similarly, if the Golden speaker was heavily injured, it would not reflect on him. To put it bluntly, they were two completely independent individuals.

The light that shot out from gold Whisperer's body kept changing colors, and a vast power surged out. His body kept breaking apart.

"Soul refining!" Huangfu Qi cried out.

"Hurry, hurry up and kill him!" Gold Whisperer's face was filled with pain as he screamed, " he's refining me, breaking down my body!"

The shadow of a huge cauldron slowly emerged from the light and covered the Golden speaker. The cauldron was engraved with rivers, mountains, rivers, insects, fish, birds, and beasts, all of which were very vivid.

a Saint weapon?! Huangfu bi exclaimed again.

Cold sweat broke out on his forehead. He wanted to hit the flag with it, but found it difficult to move it.

The Tusita heavenly peak that he had taken earlier had now become a burden.

In his shock, he could no longer care about anything else. He put his hands together in front of his body and poured all his essence force into his palms, releasing a terrifying power.

“Go to hell!”

Huangfu bi struck out with his palms, shattering the entire space and shaking the ancient characters.

“BOOM!”

His two palms directly slammed into the Golden speaker’s body, penetrating it!

“Bang!”

An explosion occurred, and a ray of light flew out from the Golden speaker’s body. The colorful light that filled the sky instantly disappeared.

The beam of light flew thousands of feet away before it turned into Yunxiao’s true body, holding the cauldron of mountain and river in his hand. “Demons and ghosts, do I taste good?”

He patted the body of the cauldron again. With a “Weng” sound, the cauldron of mountain and river flew out. Once again, it emitted a myriad of colors and lit up the entire heaven and earth.

At the same time, the Maha ancient characters that filled the sky appeared and formed a complete divine Art.

Under the interaction of the two forces, gold Whisperer's body kept crumbling and wailing.

In the distance, Tian Xingzi and the eight people were completely stunned. They thought that the outcome of the battle would be decided in a few breaths, but not only did they fall into a bitter battle, but it seemed that Huangfu bi was also at a disadvantage.

"Stop it!" Huangfu bi roared furiously. He charged down and slammed the cauldron of mountain and river.

The Golden speaker was the Golden Soul passed down by the soul Devourer sect for generations. If it were to be refined and disintegrated, the consequences would be unimaginable.

"BOOM!"

The cauldron of mountain and river lost all its light and flew back after being hit.

Yunxiao grunted and spat out a mouthful of blood.

He wiped the blood from the corner of his mouth and sneered, "I didn't think that this Divine Art would have such an effect. What's more, I didn't think that the evil cultivation technique of your Soul Devourer sect would actually come from this Divine Art."

After the cauldron of mountain and river flew away, the great expansion divine technique was still flashing in the sky.

The Golden speaker was refined by the Shen methodology, and his body kept dissipating.

Shocked and bewildered, Huangfu bi did not know what to do. Just as he was about to kill Yunxiao with all his strength, a loud bang suddenly rang out, causing his heart to Twitch violently and his face to turn pale.

The Golden Whisperer finally couldn't hold on any longer and exploded.

A dark and terrifying aura spread out, and the world instantly became hell with countless wandering ghosts.

The Pangu flag seemed to have sensed something and unfurled with a whoosh. The flag fluttered, and the Golden image of a speaker was engraved on it, but it was dull.

The restriction on the Tusita heavenly peak was instantly removed and it flew out of the house.

the soul world?! Yunxiao was taken aback. the soul world?!

Huangfu BI's face turned completely green, and his body trembled with anger, " even if I don't kill Tian Xingzi today, I will definitely kill you! He performed an incantation gesture, and the Pangu banner suddenly flew down from the sky toward Yunxiao.

The wandering ghosts and evil Spirits in the Sky wailed and followed the Pangu flag, falling to the ground.

Yunxiao's body bloomed with a golden light as he transformed into a three-headed and six-armed Dharma form. With golden balls in his hands, he threw them out.

A golden light appeared in front of him and turned into a solid barrier.

"BOOM!"

The Pangu flag struck the barrier, causing it to shake.

Yunxiao's body trembled as he performed an incantation gesture with his six arms. A dark shadow emerged behind him, and the true devil suddenly stood up and threw a punch at the Pangu flag, causing a large amount of demonic energy to roll.

Huangfu Bi's face was gloomy and cold as he pointed with his hand seal.

"Bang!"

The Pangu flag spun in the air and shattered the true fiend Dharma idol's fist. The Dharma idol let out an indignant roar and exploded one after another.

Then, another strike came down.

"BOOM!"

Yunxiao's golden barrier was broken in an instant, and he was sent flying while coughing up blood.

Huangfu bi approached Yunxiao with a step of a thousand feet, reached out a big hand, and said in a cold voice, "Quickly teach me the great expansion divine technique!"

...

"You want the Shen methodology? Then I'll give it all to you!"

Yunxiao's face turned ferocious, and meridians burst out around his eyes, making them look extremely terrifying.

"Moon pupil!"

Huangfu Bi's heart skipped a beat. His body was frozen in the air and a sense of fear emerged in his heart.

However, the surrounding scene instantly changed. It was completely blank, and only a Jade wall was left between heaven and earth. The great expansion divine technique was imprinted on it.

Huangfu bi stared at the Jade wall vigilantly, spreading out his divine sense.

Suddenly, Yunxiao's figure appeared on the Jade wall, and he sat cross-legged on it. "Although the great expansion divine technique is mine, I haven't fully comprehended it. If Lord Huangfu bi is willing, why don't you come and comprehend it together?"

Huangfu Bi's face turned gloomy and he said coldly, "You're that kind? Just give me the Shen methodology, I will comprehend it on my own."

Yunxiao smiled. my Lord, you must be joking. How can I teach you a quarter of the Maha ancient God technique? " This ancient God inscribed board is created by my eye technique, and it can barely make the deity tier cultivation technique's Scriptures undying. This is the only method I can teach you. Unless you search my soul, but can you do that? Even if you do, can your consciousness withstand the great expansion divine technique from my soul?"

There was a moment of silence. Huangfu bi felt that it was reasonable and seemed to have been persuaded.

Besides, the gold speaker had been scattered and had to be re-condensed with the great soul derivation skill, which Huangfu bi himself was not very confident about.

...

this is your only chance," Yunxiao said. if you lose it, you'll never see this Divine Art again in your life.

Huangfu Bi's heart jolted and he hurriedly focused his attention on the ancient God inscribed wall.

The soul Devourer sect's cultivation techniques were all derived from this Divine Art. If they could obtain the complete page, it was extremely possible for them to take the crucial step and directly enter the God Realm.

Yunxiao chuckled when he saw him begin to meditate. Then, he sat cross-legged on the wall, closed his eyes, and began to meditate.

After an unknown period of time, a whole divine incantation appeared behind Yunxiao again, changing continuously.

At the same time, the ancient word "Maha" on the ancient God word wall also changed.

Huangfu Bi's eyes were tightly shut as well. Suddenly, his brows furrowed, while large beads of cold sweat oozed out of his forehead and kept dripping down his cheeks.

The ancient Maha characters behind Yunxiao began to fade away one by one. With each character that was destroyed, the same character would appear between his eyebrows and disappear into his mind.

Every word that flashed through his mind was like a flash of inspiration. His entire soul felt as if it was immersed in the warm sunlight, and it was unspeakably comfortable.

Yunxiao could clearly feel that his soul power was constantly improving, as if he had been reborn.

This was the space created by his moon pupil illusionary technique, and it consumed a lot of soul power. His power was gradually depleting, and now that he was suddenly being nourished by the rivers, his soul was filled with joy.

As the last Maha ancient character flew into the space between his eyebrows, he felt an indescribable comfort. His body unconsciously stretched, and his bones cracked.

"Ah!"

All of a sudden, Huangfu bi let out a blood-curdling scream and spurted out a mouthful of blood, splattering it on the ancient God inscribed board. The Jade board was instantly stained and dissipated into nothingness.

Huangfu Bi's entire body trembled as he bared his fangs and brandished his claws. His face was filled with ferocity, " Gu Feiyang, you're so cruel! You actually used a fake great expansion divine technique to deceive me!"

When Yunxiao saw black lines slowly gathering between his eyebrows and his face turning ugly, he knew that he was about to suffer from Qi deviation. Frowning, he said, " I'm not lying to you. You've already gone mad. If you don't want to die, quickly calm your mind and adjust your true Yuan."

"Hahaha! Qi deviation? Adjusting your true essence?" Huangfu bi laughed wildly, the killing intent in his eyes grew stronger and stronger, and he said coldly, " You want to take this opportunity to kill me, right? Even if there's a slight mistake, I can easily suppress it with my divine transcendence cultivation. You, on the other hand, will die first!"

He flew up, grabbed the Pangu banner, and threw it over.

"BOOM!"

Yunxiao's body exploded into countless pieces.

Hmph, trying to trick me with an illusion? too childish!

Huangfu bi spread out the Pangu banner, and the soul world suddenly opened up, spreading in all directions like a plane, constantly breaking the space.

Suddenly, a huge eye appeared in the void. It shone with seven colors and looked down.

It was pitch-black around the pupil, like a Black River surrounding the eye, with golden symbols floating up and down.

“BOOM!”

As soon as the eye sorcery was used, the places where it was condensed began to dissipate. Huangfu Bi's soul world suddenly stagnated and could no longer expand.

Yunxiao was overjoyed. He felt as if there was an endless power in his soul that was constantly being supplied to him.

Huangfu Qi immediately went crazy. His face twisted even more and was completely deformed.

Without the Golden speaker, the Pangu banner was not as powerful as before, and at the moment, the soul world was suppressed by Yunxiao's eye sorcery. It went crazy immediately, screaming and dancing in anger, looking more and more terrifying.

Yunxiao looked at him coldly. He did not need to do anything. As long as he allowed Huangfu Bi to continue his cultivation deviation, he would be finished.
