

The Eternal 1581

Chapter 1581-unexpected

you want to kill me? is that even possible?!

Huangfu bi let out a few thunderous roars while constantly swinging the Pangu banner, filling the sky with the shadows of his attacks.

Yunxiao quickly regained his composure. He cast an incantation gesture with one hand and looked at Huangfu bi with a cold face.

Previously, the great expansion divine technique on the ancient God inscribed wall was indeed real. He had also wanted to borrow Huangfu Bi's power to further understand it, but he had never expected such an outcome.

However, to him, it was not necessarily a bad thing. It was just that the peerless expert had become so crazy that he could not help but sigh in his heart.

“Gu Feiyang, come out! I'm going to kill you!”

Huangfu bi crazily attacked all around, each strike was extremely fierce, and he shouted, “Tian Xingzi, come out and face your death!”

“BOOM!”

The Pangu flag struck down from the sky and immediately shattered a part of the sky. The shattered part began to fade and a ball of light appeared.

Two cold beams shot out of Yunxiao's eyes as he stared in shock at the light, and a door gradually appeared!

Putting aside the fact that there was a door in the lunar dimension, he had seen it before!

The door opened with a clang.

Two figures walked out from inside.

Yunxiao's pupils constricted, and his expression flickered for a moment before returning to normal. Although he was very surprised, he knew both of them.

The person in front had a kind face. His eyes were slightly sunken, and his face seemed to have experienced the vicissitudes of life. He looked at the two of them in surprise.

The man behind him was dressed in a gray robe. His face was cold, and his eyes were filled with shock as he looked at Yunxiao in disbelief.

Yunxiao's eyes narrowed slightly as he said coldly, "it's a small world, but with this situation, are you two here to seek death?"

haha! Martial Emperor Vanquisher is still as graceful as ever!

The old man in front stroked his beard and laughed, the wrinkles on his forehead all smoothed out.

"Tian Xingzi, die!"

Huangfu BI's eyes were filled with madness as the Pangu banner swept across.

The old man's figure suddenly flickered and appeared behind Huangfu Xuan. He raised his palm and struck out. At the same time, he shouted, "Wake up!"

A circle of green light shot out from his palm and landed on Huangfu BI's back.

“Bang!”

“Pfft!”

Huangfu bi spat out a large mouthful of blood, his aura weakened and his eyes were filled with struggle.

The old man performed a few incantations with his left hand and pointed in the air. A golden light gathered at his fingertips and slowly condensed into a bright pill. He shouted, “Open your mouth!”

Huangfu bi obediently opened his mouth, allowing the other party to put the pill into his mouth and swallow it.

I don't think I need to tell you how dangerous it was just now,” the old man said. take a good rest and adjust your breathing.

Yunxiao clenched his fists, and anger surged on his face as he said, “Nanqiu Yu, are you trying to go against me?”

The old man laughed and said, “I wouldn't dare.” He did not expect Martial Emperor Vanquisher to have learned the great expansion divine technique. It was an enviable fortune. Originally, you could have gotten a natural moat token with this, but who would have thought that Lu Jianbo had already given it to you. Tsk tsk, Lu Jianbo's taste is indeed good.”

The old man behind him said humbly, “you're too kind, Sir. I saw that he had extraordinary talent, so I wanted him to try. I didn't expect martial sovereign Vanquisher to be reborn. No wonder.”

The man was Lu Jianbo. Although there was some shock in his eyes, he still nodded at Yunxiao with a friendly smile.

Yunxiao's face was dark as he said coldly, “I exchanged something for that natural moat token, right? Why does it sound like you're giving it to me?”

Lu Jianbo laughed. Mr. Po Jun, you must be joking. The natural moat token is a precious item. Although I lack the iron tears, how can they be compared to the natural moat token? ”

Yunxiao waved his hand and interrupted him. I won't talk about the natural moat order. But, what do you mean by showing up and saving Huangfu bi from my hands? ”

Huangfu Qi, who was recuperating from his injuries, opened his eyes and shot out two cold beams that pierced through Yunxiao's heart.

His strength had not weakened much, but he had suddenly gone berserk. Then, he was pulled by Yunxiao's illusion, making it even more impossible for him to deal with it. He was on the verge of collapse, but he was pulled back by nanqiu Yu.

“I'm close to Lord Huangfu bi, I naturally can't just leave him in the lurch,” nanqiu Yu replied.

I understand what you mean. Yunxiao nodded. you're saying that we don't have a friendship, right? ” Nanqiu Yu, when Tian Xingzi and I come to your natural moat ocean, I hope you will remember what happened today. Your death is not an injustice.”

Martial Emperor Vanquisher, please calm down. I saved Huangfu bi for another important reason other than being close to him. nanqiu Yu was sweating profusely.

Yunxiao's face flickered. is the eternal world of Langya Grotto-heaven opened?! he cried out in surprise. is it because of this?!

Huangfu bi was also extremely shocked.

“That's right,” nanqiu Yu smiled.

Both Yunxiao and Huangfu Bi's faces changed drastically. They could not help but mumble the same words, ” the ultimate of martial arts and the beginning of God. The realm of enlightenment, the realm of eternal life.”

Nanqiu Yu was also a little excited. "After so many years, the eternal world has finally opened. At this time, how can I let you kill Lord Huangfu bi!"

Lu Jianbo said, "the realm power of the eternal world can only be broken by soul power. Lord Huangfu Bi's comprehension of the soul path is rare in the world. He also has the Golden Whisperer, an old monster who has not died for ten thousand years. He is the person my master has the most faith in.

"It's an unexpected discovery that Lord po Jun has learned the great Yan true technique, one of the four great divine techniques," nanqiu Yu said. Hehe, Master Po Jun even dared to go to the tiandang mountains. Of course, you will not miss the opening of the eternal world."

"Hmph!"

Yunxiao snorted coldly and said, "Since I already have the natural moat token, of course I will go." He stretched out his hand, and the simple token appeared in his hand. He frowned and said, "No reaction."

I know the rules of the opening of the Fairyland," nanqiu Yu said. now is not the time. "Sir po Jun, you should also take this opportunity to further understand the great expansion divine technique. Perhaps you can unlock the secret of the eternal world and benefit the whole world."

calm down," Yunxiao said. don't expect too much about the eternal world. I only want to know how today's matter will end."

Nanqiu Yu glanced at Huangfu bi and said, "Sir po Jun, please stop this eye technique. It's really scary to see such a big eye hidden in the void staring at me.

...

Yunxiao snorted coldly. A lunar pupil slowly emerged behind him, like a bright Blood Moon, and then disappeared in the blink of an eye.

Everyone felt the space around them change and return to the sky. There was still a cold wind around them.

In the distance, the battle between Tian Xingzi and the eight Soul Devourer sect elders was still ongoing. All kinds of ultimate moves were used, and they were locked in a fierce battle.

“Master Yi, please make them stop,” nanqiu Yu said.

Huangfu Bi’s face turned gloomy and he said unwillingly, “If I tell them to stop, can Tian Xingzi stop? You should ask Tian Xingzi to stop first.”

He immediately ignored nanqiu Yu and continued to form hand seals. Rays of golden light flew out from his fingertips as he extended the Pangu banner.

The cold wind in the surroundings was immediately affected, whistling and flying over, all of them being absorbed into the house.

The Golden image of The Whisperer on the streamer suddenly lit up and slowly regained its vitality. Its empty eyes gradually regained their vigor.

Yunxiao looked at him coldly. He had indeed comprehended it from the great expansion divine technique, and it still retained a certain divine charm, but it had been changed into an evil path.

After the Golden Whisperer returned to its original form, Huangfu Bi suddenly put away the Pangu banner and said, “All of you, stop.”

The people in the distance had long discovered the situation here and had been paying attention to it. When they heard this, they immediately separated. Eight rays of light flew over and said in surprise, “Sect master, please!”

...

“Oh, it’s lady nanqiu Yu of the natural moat ocean!” Xi yulun was shocked.

The rest of the elders were also shocked. They looked at the two old men in front of them with respect.

“Nanqiu Yu! You dare to meddle in my business!”

Tian Xingzi was flustered and exasperated. He raised his saber and wanted to slash down.

Nanqiu Yu quickly waved her hands and begged, “Lord Tian Xingzi, please calm your anger. Today’s actions were really unintentional. I came to find Lord bi and did not expect to see you two fighting to the death. As an outsider, I’ll just have to be thick-skinned and try to mediate.”

Tian Xingzi said coldly, “unintentional?” Since you want to find Huangfu bi, you should have gone to the soul Devourer sect. Why did you come to Wutian? For today’s situation, I’ve planned for a long time and put in a lot of effort, but it was ruined by your ‘unintentional move’! ” “Haha, it seems like I’ll have to have no more feelings for you from now on!” He laughed out of anger.

Nanqiu Yu said, ‘Lord, you’re really scaring me if you think that way. At this moment, Lord po Jun has already stopped and you are left alone. If this old man does not stop the fight, Lord bi and the eight elders should be enough to defeat you, right?’

“This, you f * ck!”

Tian Xingzi was rendered speechless. If Yunxiao were not here, he would have indeed lost. When he saw Yunxiao’s calm face and no dissatisfaction, he snorted and said, “If you hadn’t suddenly appeared, Gu Feiyang wouldn’t have stopped. Anyway, today’s matter has formed a grudge between you and me!”

His ten thousand stars Valley had suffered heavy losses. Qi Sanzi, Qi gan, and even his blood brother had all fallen in this battle. The more he thought about it, the angrier he got. A mouthful of blood welled up in his heart and he almost spat it out.

“Nanqiu Yu, since he doesn’t know what’s good for him, why don’t you let me kill him to avoid future trouble?” Huangfu bi said with a mocking expression.

“You can’t!” Nanqiu Yu hurriedly said. I’m here to stop the fight, I don’t want to see you two killing each other again.”

“Alright, I’ll spare his life today for your sake!” Huangfu Shang said. “Tian Xingzi, I’ll slowly settle today’s score with you!”

Tian Xingzi himself was not injured, but he was extremely angry. When he saw Huangfu BI’s sneer, his body trembled slightly.

“The soul Devourer sect and the myriad Star Valley have lived in the Western Region for tens of thousands of years,” nanqiu Yu said. “Why should we fight for the secular world?” Don’t people of my generation have to wholeheartedly pursue that great Dao? Now that the eternal world has opened, it’s the best opportunity!”

Chapter 1582

1582 Earth-type true spirit

“What? The eternal world is about to open?”

Tian Xingzi’s body trembled in shock.

“Yes,” nanqiu Yu nodded. This is the reason why I am here to find Lord bi.”

Tian Xingzi’s expression changed slightly, and he snorted coldly, “ there are many more soul masters in the world who are more powerful than him. Even Lord Gu Feiyang is far better than him. What’s the point of looking for him? ”

no matter how useless I am, there will be people looking for me. But there will be people looking for you, you useless thing! Huangfu Qi said coldly.

“Damn it!”

Tian Xingzi raised his saber and slashed, drawing a white light in the air.

Nanqiu Yu's expression changed slightly. She raised her hand and slapped it down. With a "bang", it hit soul Slayer saber and shook Tian Xingzi away.

Tian Xingzi's expression changed drastically. nanqiu Yu, " he said angrily. are you determined to deal with me with him?!

Nanqiu Yu retracted her palm and stood with her hands behind her back, saying indifferently, "Lord Tian Xingzi, if you insist on making me your enemy, I will not be afraid."

Tian Xingzi was fuming with anger. He knew that it was impossible to kill Huangfu bi this time. He suddenly felt empty, and a sense of powerlessness welled up in his heart.

Tian Xingzi, " Yunxiao said. the heavenly Dao is normal. It's enough to do your best. Perhaps the soul Devourer sect should not have been wiped out this time, so no matter how hard you try, it will be in vain."

Nanqiu Yu praised,'Sir po Jun's words are to my liking. Don't be disappointed anymore, I'm giving you this natural moat commanding plate. Perhaps, there will be a bigger opportunity waiting for you."

A token flew out from his hand. Tian Xingzi caught it, took a look, and let out a long sigh.

Seeing that he had accepted the order, nanqiu Yu knew that he had been forced to accept the current situation and smiled.

lady nanqiu Yu, " Huangfu Qi said. the environment here is harsh and not suitable for conversation. Please come to the headquarters of the soul Devourer sect for a chat.

"Alright," nanqiu Yu nodded. I wonder if Sir po Jun is interested in joining? I will explain more about the eternal world."

Yunxiao frowned slightly. He did want to know more about the eternal world, but it was not the right time.

"I appreciate your kindness, Mr. Nanqiu. Let's talk again when I come to the natural moat ocean next time,"

"Then I'll set up some tea and wine at the natural moat ocean and wait for you," nanqiu Yu said. After he finished speaking, he flicked his sleeves and entered the door with Lu Jianbo and the rest of the soul Devourer sect.

Then, the door flashed with white light and disappeared.

Tian Xingzi let out a heavy breath of resentment, but his eyes were still extremely unwilling.

since things have come to this, it's no use for you to think too much, my Lord. It's better to open your mind and face the future," Yunxiao said.

Sir po Jun is right," Tian Xingzi said. the myriad Stars Valley has suffered heavy losses this time. I'm afraid they won't be able to recover in the short term.

the soul Devourer sect isn't any better," Yunxiao said. this might be a good thing for the two sects and even the entire Western Region. Besides, nanqiu Yu is right, we should put more effort into finding opportunities, not fighting for them."

Tian Xingzi said,"I can only comfort myself like this." Thank you for your help this time, Sir po Jun, otherwise I would have been defeated long ago."

I'm helping you for my own sake," Yunxiao interrupted. because you've offered me a condition that is worth my help.

Tian Xingzi's brows twitched and he asked,'what does Lord pojun want to do in WUFA heaven? With Lord's strength, as long as it's not divine transcendence, there's no need to worry."

it might not be very dangerous, ” Yunxiao said. I’m just taking precautions.

Tian Xingzi was secretly displeased. He did not believe Yunxiao’s words about taking precautions, but since the other party refused to say anything, there was nothing he could do. And now that the eternal world had opened, Yunxiao’s value was so great that even nanqiu Yu wanted to curry favor with him, so Tian Xingzi naturally had to lower his attitude.

“Right, what’s with this Wutian weather? Just now, I heard that Lu Han was formed by the filthy soil of the netherworld. Is this filthy soil of the netherworld still in WUFA heaven?” Yunxiao asked.

“My Lord, you seem to be looking for the Divine Will purple-gold worm and the foul soil of the netherworld?” Tian Xingzi asked. He smiled and explained, ” Wutian’s climate has been around for tens of thousands of years. I didn’t notice it before until Lu Han appeared. I didn’t expect it to be Huangfu Bl’s scheme. How hateful! You should die!”

Yunxiao gave him a strange look. ‘You were the one who schemed against me first, but now you’re blaming me?’

Tian Xingzi seemed to have read something from his eyes and was a little embarrassed. He chuckled and said, ” “I was also very surprised when Lu Han appeared, so I began to pay attention to and investigate the origin of this area. As expected, I found a lot of useful information. A nation had existed here a long time ago, and their totem was the Divine Will purple-gold worm. Afterwards, for some reason, a true spirit descended-the eight Yin ancient star bird.”

the eight Yin ancient star bird! Yunxiao cried out in surprise. it’s the earth element true spirit of the five elements!

“Yes,” Tian Xingzi replied. According to the investigation of the traitor, there was a traitor in that country. After he was exiled, he traveled the world. Not only did he cultivate a peerless super power, but he also subdued an eight Yin ancient star bird. He came back for revenge and went through an earth-shaking battle, which eventually turned this place into ruins.”

that is to say, the source of this deathly gray air-the foul earth of the netherworld-is condensed from the earth element power of the eight Yin ancient star bird after its death, ” Yunxiao said. it’s the foul earth of the netherworld. But what’s up with these grain-sized purple-gold divine will bugs?”

“These things can’t be considered true divine will purple-gold worms,” Tian Xingzi said. However, after the Divine Will purple gold worm died, all of its essence was buried here. After a long time, it sank into the ground and swam in Wutian. The five-element true essence could die, but it would not be destroyed. A large amount of metal-type energy spread out, creating countless of these tiny existences.”

Oh, I see,” Yunxiao said in realization. I see. “It’s a pity that the gold spiritual energy produced by these divine will purple gold worms isn’t pure,” he said with a tinge of regret.

Tian Xingzi laughed,” could it be that my Lord wants to collect pure gold spiritual energy?”

Oh? ” Yunxiao’s eyes lit up. do you have one, my Lord? ”

Tian Xingzi shook his head and said,”although I didn’t, I was also thinking about these two things after investigating Tian WUFA’s background.” After all, the spiritual energy of metal and the filthy soil of the netherworld are both rare existences in the world, especially the latter, which has already turned into Spirits in the Sky.”

“Spirit transformation?” Yunxiao’s body trembled as he thought of little Qing. “Isn’t that a true spirit?”

Tian Xingzi replied,”not to the extent of a true spirit, but its power can not be underestimated.” Even Huangfu bi and I didn’t dare to fight at the center of Wutian. Instead, we chose to fight at the border-the battle Soul Mountain.”

He looked at the desolate war Soul Mountain, which had long been reduced to ruins and no longer existed. He sighed and said,”It would be best if we don’t go too deep in.”

Yunxiao’s eyes lit up as he chuckled and said, ” “I’m really hoping to meet a true spirit.”

Tian Xingzi,”Suan Suan”

“Let’s go,” he said.

With a roll of his sleeve, Yunxiao turned into a beam of light and flew toward the center of the sky with Chen Xiaoyu.

Tian Xingzi was stunned for a moment and said, "you're really going?." He hurriedly followed.

The reason why the battle with the soul Devourer sect was chosen to be at the battle Soul Mountain was not because they were afraid of the earth element spirit, but because they did not want to cause unnecessary trouble. The soul Devourer sect had the same thoughts, so they had decided to set the battle at the battle Soul Mountain.

The three of them flew for a long time, but all they could see was a gray wasteland.

Yunxiao suddenly stopped and looked up at the faint sunlight in the sky. It was a little hazy through the layers of gray fog, and he could not help but frown.

...

"What's wrong?" asked Chen Yuyu. He was panting a little, and a layer of faint white light protected his body.

At this moment, the deathly gray air was several times thicker than the outside. In addition, he was already seriously injured, so Chen Qianyu's expression was very ugly.

"Could we have been tricked?" Tian Xingzi asked.

"Hit?" "What do you mean?" Chen Yuyu was shocked.

Tian Xingzi also raised his head to look at the sky. I had my suspicions at first. However, Sir po Jun was here. There was no illusion in the world that could deceive him. Thus, I was not sure.

Yunxiao turned around and said, " you think too highly of me, my Lord. We are indeed walking in circles. This place is so heavily guarded that I didn't even notice it. "

"To be able to deceive both of you, I'm afraid he's not far from a true spirit," Chen Yuyu said in surprise.

not necessarily, " Yunxiao said. the key is that this dead gray air has blocked divine sense, and this place is so empty that the sun can't shine down. Without any reference, it's hard to detect it no matter how far we fly.

"Then what do we do now?" Chen Yuyu asked. Although he was a little shocked, he did not panic. The two people in front of him were famous figures. There was almost no problem that could not be solved.

"What do you think, Sir po Jun?" Tian Xingzi asked.

just call me Yunxiao, " Yunxiao said. Army destroyer and Gu Feiyang are all in the past. I would also like to hear your opinion, my Lord.

...

Tian Xingzi's eyes flashed with surprise, " "If that's the case, then I'll have to call you little brother Yunxiao. What we can be sure of now is that we are in an illusion. As long as we find the enemy, we can solve it. In addition, your research on this Dao is unparalleled in the world, so you should have a better way."

What he said was equivalent to not saying anything, and Chen Yuyu was speechless.

what's difficult is the environment here, " Yunxiao said. the earth-element demon beast can completely integrate with the environment, so it will be a hundred times more difficult to find it.

Tian Xingzi blinked and smiled,"no matter how difficult it is, brother Yunxiao will have a way .."

With a wry smile, Yunxiao began to form incantation gestures with both hands. Demonic runes gradually emerged on his body, and his lunar pupils suddenly protruded.

Tian Xingzi's eyes suddenly widened, and he stared at him without blinking.

Then, a seven-colored light appeared on his body and gathered in the sky, forming a huge eye shadow. It slowly opened and looked at the earth.

Four strange arrays appeared in the eye and were placed on the left and right of the eye. All kinds of lights shot out from the eye. Then, the eye turned and the entire space shrank instantly. It was about to be sucked in!

Chapter 1583

1583 Clone

Chen Yunyu and Tian Xingzi's bodies twisted. They were shocked and hurriedly made hand seals to stabilize their bodies.

The entire world continued to spin, and a large amount of deathly grey energy was absorbed into the moon eye shadow. The depths of the eye gave birth to an endless amount of energy.

"Roar!"

Suddenly, a loud roar was heard. A monster appeared in front of the shadow of the moon pupil. It was covered in thick earth armor and raised its big hand to hit the shadow.

"Bang!"

A large amount of deathly grey Qi exploded in the moon pupil's shadow, and the entire eyeball disappeared in an instant. The world's distortion returned to normal.

Yunxiao's right pupil constricted, and a strange rune flashed in his eye.

The three of them stared at the monster in front of them. It was like a standing beetle. Its body was covered in a large amount of soil, and its head was extremely small. There were even two feelers on it.

The monster's body trembled slightly before it suddenly plunged down, wanting to charge into the ground.

"Swish!"

Tian Xingzi's figure moved and appeared in front of him. He sneered and sent out a palm.

The moment the monster appeared, the three of them had already locked onto it.

"BOOM!"

A palm materialized in the air and slammed into the monster's body. A large amount of dust burst out, and the monster's body instantly turned into fine powder, falling from the sky.

"What?" Chen Yuyu was shocked. It's not his real body?"

"How can the true body appear so easily? but that thing is definitely onto us," Tian Xingzi said.

"What do we do?" Chen Yuyu asked.

it seems that we can only find a way to lure that thing out, " Yunxiao said. I wonder how intelligent it is.

Oh? " Tian Xingzi's eyes lit up, and he said, " brother Yunxiao, do you have any good ideas? "

if I lure that thing out, " Yunxiao said, " how confident are you that you can trap or kill it? "

Tian Xingzi pondered and said, "I can't say for sure, but I'll do my best." No matter how powerful that thing is, it can't possibly be stronger than the three of us combined."

that's good," Yunxiao said. if I'm not confident, I'm afraid it will backfire.

He waved his hand, and a silver light shone down. The 36 Northern heaven cold star swords turned into countless sword Qi and fell to the ground, disappearing in a flash.

Then, he clenched his fist and grabbed at the air. Four-colored rays of light swirled out, and the Tusita heavenly peak gradually grew bigger in his palm before falling down.

Tian Xingzi's eyes lit up and he said in surprise, "what a dense earth elemental power, it's even stronger than the surrounding environment!" What is this mountain?" His tone was filled with shock.

"BOOM!"

The Tusita Heavenly Mountain fell directly into the ground, causing countless layers of dust to roll. Its vast power spread out in all directions.

Tian Xingzi had a shocked expression on his face. That soul-shaking power emitted a fluctuation of weapon accumulations, causing his blood vessels to expand.

this thing is a combination of several mutated earth elements," Yunxiao said. it will definitely attract that thing's attention.

Tian Xingzi was shocked. no wonder there is such a powerful force. However, mutated elements are all existences with extremely strong personalities. How can they co-exist? "

As soon as he finished speaking, a roar came from the ground. It was getting closer and closer, and the whole ground was like waves.

The three of them immediately became alert.

The light on Dou Shuai heavenly peak suddenly brightened, and the four colors converged into a multicolored light in the sky, creating a beautiful scene.

Suddenly, a white silver light surged from the ground and shot into the sky. It started to spin around the Tusita heavenly peak and turned into countless sword shadows.

the sword array has been activated! Yunxiao shouted. that thing is coming!

He made a hand seal with one finger and the sword shadows that filled the sky suddenly stopped. Then, the sword tips all pointed down and fell to the ground like raindrops.

“Bang! Bang! Bang! Bang!”

As the sword Qi fell, the ground exploded continuously, releasing a large amount of earth-elemental Qi. It was pale yellow-green in color, which was completely different from the dead-gray Qi.

“The foul Qi of the netherworld!” Tian Xingzi was shocked.

He formed a hand seal with one hand and shouted. A multicolored light rose from his body and changed irregularly in the air, like clouds and mist.

Within that ball of multicolored light, there was a faint shimmer of runic light. In an instant, it transformed into a drizzle that pattered down onto the ground.

The raindrops fell on the foul energy of the netherworld, constantly washing away the yellow-green aura.

The sword light and raindrops met on the ground and worked together to kill the power.

“BOOM!”

The ground suddenly burst open, and a long gray snake with black spots gushed out, rising from the ground.

His body rolled in the air and he shot into the light of the Tusita heavenly peak.

Yunxiao's face flickered as he hurriedly cast an incantation seal into the Tusita heavenly peak. The vast power of earth element instantly condensed into a barrier and pressed down on the long snake like an iron wall!

With a flash of light, the snake's body seemed to turn transparent as it passed through.

"What?"

Yunxiao was taken aback. With a flash of light in his hand, the box of tianguang sword fell into his palm, and he quickly performed an incantation gesture with his right hand and pointed at it.

Tens of thousands of sword lights rushed up from the ground, directly condensing into a huge sword that chased after the gray snake and slashed!

"BOOM!"

The snake's body was cut in half, but it turned into two long snakes in an instant. Like a rope, they tied up the Tusita peak and slowly sank into the ground.

...

"You must be joking!"

Yunxiao was shocked that the monster wanted to snatch his Tusita peak. In a hurry, he threw out the divine realm tablet and hit the snake.

“Bang!”

The two snakes were hit by the power of the world and exploded again. Their bodies were split into more than ten pieces, and they wrapped around the mountain peak, trying to drag it into the earth.

The Tusita peak was formed from four types of earth elements, and it was a Fatal Attraction to earth-type monsters.

“This thing doesn’t seem to be able to be killed, what should we do?” Tian Xingzi was shocked.

it’s indeed an elemental body, ” Yunxiao said. it’s an elemental body. He crossed his arms in front of his body, and a light blue ball of water appeared. Under the incantation seal, it suddenly turned into a fierce tiger, roared, and rushed down.

Most of the Tusita peak had already been dragged into the ground. The moment the grey snakes saw the Tiger, they straightened their bodies as if they had been stimulated. They suddenly gathered together and formed a huge ape.

“Roar!”

The earth ape roared and raised its fist to punch the Tiger.

“BOOM! BOOM! BOOM!”

...

Under the brutal attack, the Tiger-form formed by the water elemental energy in the world exploded.

Suddenly, a golden light flashed and several chains appeared in the sky, completely locking the earth ape like a spider web.

The other end of the chain reached into the divine realm tablet, and a large number of Maha ancient characters gushed out of the tablet. The power of the world shone down like moonlight, illuminating the body of the earth ape.

“A Saint artifact!” Tian Xingzi was shocked.

His eyes were filled with shock and greed, but he quickly suppressed it. However, his shock did not decrease, and he looked at it without blinking.

Tian Xingzi, “ Yunxiao said with dissatisfaction, “ didn’t you just say that you would try your best? Did you already try your best when you attacked once before?”

Tian Xingzi laughed awkwardly, “hehe, this thing has an elemental body, so it’s a little difficult to deal with.” This old man doesn’t have any special methods.”

even an elemental body can’t escape the rules of all things, “ Yunxiao said. he’s now suppressed by my realm power lock. Please cripple him, my Lord.

“Good! Since brother Yunxiao has trapped him with a great Divine Art, I will do my best!”

Tian Xingzi landed in a flash and appeared directly in front of the earth ape. Without any fancy moves, he struck out with the Tiger fist.

“Bang!”

The fist force was so powerful that it directly exploded on the earth ape’s chest, blasting a huge hole.

“Roar!”

The earth ape cried out madly as its body constantly struggled, causing the chains to clatter and the white light around it to flicker.

Yunxiao's face flickered as he performed an incantation gesture with both hands, and a large number of ancient Maha characters surged behind him. It was the great realm divine technique, which kept flashing.

The flowing light on the divine realm tablet fell, reflecting each other, and the white light gradually stabilized.

Tian Xingzi didn't dare to be neglectful and struck out a few more punches. Every punch exploded on the earth ape's body, continuously scattering its true essence. No matter how hard the earth ape struggled, it was suppressed by the divine realm tablet and finally settled down.

"It's done."

Yunxiao suddenly cried out as he performed an incantation gesture with one hand and struck down.

Tian Xingzi immediately stopped. The earth ape looked weak as it was bound by the realm power and flew into the sky.

I don't know how intelligent you are, " Yunxiao said as he looked at the ape. but, since you've met me, you must submit to me. He formed a seal in his palm and slapped it toward the earth ape's forehead.

"Bang!"

"Roar!"

When the seal hit the earth ape's forehead, a bright red mark appeared, causing it to wail in pain. Suddenly, a crack appeared between his eyebrows and gradually grew bigger. In an instant, it spread to his entire head.

oh no! Yunxiao cried out in shock. not good!

“BOOM!”

The earth ape’s forehead suddenly exploded, and a wave of energy soared into the sky, radiating in all directions. Even his own body was blown into dust by the impact, and half of the sky was covered in dust.

Tian Xingzi looked at the dust in shock and said, “It’s actually a clone!”

A flash of lightning flickered a thousand feet away, and Yunxiao emerged. His face was extremely unsightly as he stared at the ground and said coldly, “Dammit! You really dare to take my things!”

The Tusita heavenly peak was nowhere to be seen and the entire land had returned to its calm state, leaving no traces behind.

“What?”

Tian Xingzi was shocked and hurriedly turned around. His forehead was full of cold sweat as he said in shock, “How is that possible? How could he steal the mountain peak from right under my nose?”

Chen Yuyu also didn’t quite believe it and said in shock, “This ... Could this be an illusion again?”

Yunxiao’s face was gloomy as he said, “It’s definitely not an illusion! The Tushita heavenly peak is related to me and it has indeed been stolen. He probably took advantage of the explosion just now, so the two of you didn’t notice.”

Tian Xingzi’s face was also full of anger, and he snorted, “I didn’t expect this thing to have such cunning intelligence!”

Yunxiao sneered, “This young master’s things are not so easy to take! Although you have the body of the earth element, it’s impossible for you to refine my Tusita peak in a short time. I can sense your existence at any time!”

As soon as he finished speaking, his face suddenly froze, and then it turned uglier than a pig's liver.

"What's wrong, my Lord?" Chen Qianyu asked, stunned.

I can't sense the Tusita heavenly peak anymore! Yunxiao gritted his teeth and said. I can't sense it anymore!

Chapter 1584-no way

Tian Xingzi was also shocked and said,"how is this possible?" If that profound level weapon was refined by brother Yunxiao, even a true spirit wouldn't be able to erase the imprint in an instant, right?"

Yunxiao pondered for a moment and said," he must have used some method to isolate my sense of the Tusita peak. This is bad. This place is his home ground. It's as difficult as climbing to the sky to find it. His face turned ugly.

"Even if there's a secret technique to hide it, it's impossible for there to be no aura at all, right?" Tian Xingzi said.

Yunxiao was in a difficult position. He had only refined a little of the Tusita heavenly peak, and he did not know much about its structure.

"I'll think of a way."

He sat down cross-legged in the air and entered the divine realm tablet with his divine sense to find lingmu di.

A moment later, he slowly opened his eyes. A ray of light shot out from between his brows, and the heaven patrolling Bulldog appeared from the light, swaying.

Yunxiao stepped forward and patted its forehead, then lowered his head and whispered a few words in its ear.

The bull shook its head and its eyes glowed with a green light. It raised its hoof and stomped down.

A Green Grid spread from under its hooves, extending to Infinity.

It let out a low groan, raised its feet, and walked in one direction. The space under its feet stretched and shrank, and in an instant, it was a thousand feet away.

“Brother Yunxiao, this puppet isn’t simple!” Tian Xingzi said in shock.

I borrowed this puppet from someone, ” Yunxiao said with a wry smile. I hope I can find the Tusita peak, or I’ll really suffer a big loss.

The three of them hurriedly followed the heaven patrolling Bulldog and began to stroll in the sky.

With every step iron Bull took, a green light bloomed under his feet. His speed became faster and faster, and in just a few jumps, he had already run far away.

Suddenly, it raised its head and howled. The front half of its body was lifted up, and a green ox Phantom appeared in the sky. It then took a step forward!

“BOOM!”

The sky instantly shattered, forming a violent storm that swept into the ground!

“Boom boom boom!”

The entire ground was constantly being lifted up, and dust filled the air wherever the storm passed.

After the attack, the Bulldog turned around and charged down, directly sinking into the ground.

“BOOM!” Suddenly, the ground exploded and a ray of green light shot out. It was the patrolling Bulldog that was sent flying.

attack! Yunxiao shouted. &Nbsp;

He nimbly formed a hand seal with one hand, and his body instantly turned into lightning. A bolt of lightning fell and struck the place where the heaven patrolling Bulldog had flown out. In an instant, the lightning on the ground rumbled like waves, and even the entire sky changed color.

“Thunder World!” Tian Xingzi was bewildered. He didn’t dare to delay, and his figure flashed as he flew down.

“BOOM!”

The ground split open, and an earth-type monster broke free from the restraints of the Thunder World and stood up.

Its body was more than ten Zhang Long, and its grey body was covered in black spots. There were two horns on its forehead, and a flexible snake-like tail behind it.

Just as it rushed out of the ground, its eyes filled with endless anger, it felt an extremely dangerous aura falling on it.

A huge palm print fell like the sky, and countless lines of defense sealed the sky and the earth.

The monster opened its mouth and spat out a stone.

“Bang!”

The huge rock was instantly crushed by the palm print. The overwhelming aura caused the monster to tremble and bend down.

“BOOM!”

The power of the palm completely landed on its head, blowing up countless soil and stones, rolling down like a collapsing mountain.

A strange sound came out of the monster’s mouth. Half of its face fell off and its entire body fell backward.

“The water element of the world!”

Yunxiao’s cold voice rang out as a cloud of light blue water vapor rose up and changed in the sky. transform into a sword!

The water vapor instantly condensed into a huge sword and slashed toward the monster’s back!

“Bang!”

The monster seemed to have a low agility, so it was struck by the sword. The sword of heaven and earth Water element directly pierced through its back and came out from its chest.

‘Is it another clone?’ Yunxiao thought in his heart.

“Bang!”

The monster suddenly exploded, and the power generated by its huge body swept through the world. The entire world was filled with a deathly gray aura, which was suffocating!

“Something’s wrong! It’s not a clone!”

Yunxiao was taken aback. The powerful earth element power had completely blocked his divine sense and vision, but a force that made his heart palpitate was pressing down on him, and it was extremely dangerous!

“Pa!”

He put his hands together in front of him, and his eyes turned black. A seven-colored light appeared around his eyes. A Black Vortex surged behind him, and the true fiend dharma body slowly stood up. It raised its hand and slapped toward the endless dust in front of it!

“BOOM!”

The giant true devil bent down and reached its pitch-black Hand down.

“Roar!”

An earth-shattering roar resounded, and a huge elemental energy fluctuation spread out. It seemed to be extremely angry.

“Hey!”

...

Yunxiao’s lips curled up as he said, ” “Let’s see how you’re going to escape!” The hands that were placed in front of his body separated and formed a seal. He transformed into three heads and six arms and formed a sword seal with one hand.

Thirty-six Northern heaven cold star swords flew out at once and slashed over!

“Swish Swish Swish!”

The shadow of the sword flew forward and disappeared. Only the sound of the sword piercing through sand and stone could be heard.

Although Yunxiao's eye technique could not see through all the layers of dust, he could catch the figure of the monster. It was in the same shape as before, only several times smaller.

The huge form just now should have been formed by the condensation of a large amount of Earth Power, which was a shell.

The thirty-six swords stabbed into the monster's body, while the giant true Devil's large hand grabbed it tightly. Its demonic Qi continuously resisted the foul energy of the netherworld.

The monsters were formed from the earth of the five elements, so they were very difficult to kill.

A soft light flickered in Yunxiao's hand, and the divine realm tablet slowly fell. He cast an incantation seal and sent it flying.

The body of the stele flickered with a glazed light that spread out continuously.

The golden light within the glass shone and there were chains that flickered.

...

The monster's clone had been locked by the divine realm tablet's chain of laws earlier, so it was still in a state of shock and struggled even more violently.

"Bang!"

The giant true devil Spirit's hand finally shattered, and the monster twisted its body with great difficulty. The thirty-six swords stabbed into its body, and silver sword light spread across its body, wantonly destroying it. The foul Qi of the netherworld continuously burst out.

Seeing the divine realm tablet flying toward it, it opened its mouth and roared. It spat out a stream of gray air.

“What?”

Yunxiao was taken aback. He could vaguely see a mountain spinning in the gray air. It was his Tusita heavenly peak, and it attacked directly under the influence of the foul air of the netherworld.

He sucked in a cold breath. If that thing hit the divine realm tablet, God knew what the consequences would be. He hurriedly made a hand seal, and the divine realm tablet suddenly became sluggish. Then, it changed the direction of space and flew back.

The monster stretched out its five fingers and grabbed the Tusita peak in its hand. Other than the original four colors, it was now grey. The five-colored light spread out and shone on its body.

“Bang! Bang! Bang! Bang!”

Under the five-colored light, the northern heavens cold star swords were jolted out one by one.

Yunxiao was dumbfounded. Not only had that thing refined the Tusita heavenly peak, but it had also directly fused the foul energy of the netherworld into it, refining it to the fifth level!

When Ling mudi explained to him about the production of Tusita heavenly peak, he clearly said that it was extremely difficult to grasp the progress of each level and that it required a great deal of effort. But how long had it been since this thing was obtained from Tusita heavenly peak?

“BOOM!”

The monster’s head suddenly exploded, turning into dust.

It was Tian Xingzi who had rushed over and smashed his head. He frowned and said, “ he died so easily. Could it be a clone too? ”

be careful! Yunxiao cried out.

Dust and sand swirled around the monster that had its head blown up, forming another head. It grabbed the Tusita peak and threw it over!

“Earth element spirit, you can’t even be killed,” Tian Xingzi said.

be careful! Yunxiao shouted. be careful! Don’t touch that mountain peak!”

Although Tian Xingzi also knew that this Tusita peak was extraordinary, he did not think too much about it. He just struck out with his palm normally and suddenly sensed that something was wrong.

The five-colored light smashed against the palm and the palm force immediately collapsed. A vast and enormous force pressed down.

Fortunately, Yunxiao had warned him in time, which made him put his guard up. He immediately withdrew his palm and retreated.

But even so, he was still swept by the five-colored light. He felt his body shake, and his qi and blood almost spurted out of his throat.

When monster saw that Tian Xingzi had dodged it, he grabbed the Tusita peak back and swept a cold glance at the two of them before flying back to the ground.

Yunxiao was a little dumbfounded. He stood there, not knowing what to do.

The Tusita heavenly peak was a perfect match for this earth-type spirit. When the two combined, their power multiplied. No one knew how to subdue it. They could only watch as it plunged into the ground and disappeared.

Tian Xingzi came back to his senses and said in shock, "how can that mountain be so strong?" Just the five-colored light was like a mountain pressing down on me, almost suffocating me. If I had been hit directly, aww ... He couldn't help but break out in cold sweat.

if I'm hit," Yunxiao said, "I'll probably be crushed to pieces.

Tian Xingzi was extremely shocked. At their level, there were very few things in the world that could kill them, but the Tusita sky peak was definitely one of them.

you don't have to worry too much," Yunxiao said. I found that this thing has absorbed the foul soil of the netherworld, and its attack speed has slowed down a lot. As long as you don't underestimate your enemy, it'll be very difficult for you to be hit."

Tian Xingzi said with lingering fear, "this is the balance of creation. If that thing had speed, then this monster would be invincible .."

I don't think he stole the Tushita heavenly peak just to use it as a weapon," Yunxiao said. it's also very beneficial to his own cultivation, so it's hard to make him spit it back.

"Then, Yingluo has given up?" Tian Xingzi asked.

Yunxiao frowned and snorted. how is that possible? It's just that I can't think of a way to deal with it at the moment, and Daren is not willing to use your full strength."

Tian Xingzi's body trembled and he smiled awkwardly, " what are you saying, brother Yunxiao? I've exhausted myself in the battle just now. I'm already doing my best.

Yunxiao did not comment, but just stood there in deep thought.

Tian Xingzi felt a little embarrassed and did not disturb him. Instead, he retreated to a distance and began to observe the heaven patrolling Bulldog.

Yunxiao's pupils suddenly constricted, as if something had happened. His face turned nervous.

Chapter 1585

1585 Countermeasure

Inside the divine realm tablet.

Yunxiao immediately materialized on Mount inch and asked in surprise, "You're here?"

Yuan gaohan, who had been waiting for a long time, said with a solemn expression, "I've already arrived at jiangyu city. Where are you now?"

what a coincidence," Yunxiao said. I'm in trouble now.

Yuan gaohan's brow wrinkled, seemingly extremely unhappy, "This is the border of the Western regions. With your ability, what trouble can you cause?"

it's a long story," Yunxiao said. I'll ask Chen Yunyu to come and pick you up first.

"Chen Zhiyu, are you afraid that it's not enough?" Yuan gaohan asked worriedly.

so serious?" Yunxiao was shocked. it's that serious?" Could it be that Wei Qing has personally come?"

Yuan gaohan replied, "I don't know for now. I'm just being followed. The stalker is not simple. They most likely have an ulterior motive for my second soul. He frowned and asked, 'you're not in jiangyu city? Why can't my main body sense the existence of my soul?"

you're in Wutian in jiangyu city at the moment," Yunxiao said. I'll ask Ye Fan, Chen Zhiyu, and beiming Nan to pick you up. I'll think of a way to solve the problem at hand first.

Yuan gaohan nodded. if it's dangerous, I can stay in the divine realm tablet. I've waited for so long. There's no need to be in a hurry.

well, I'll solve the problem at hand first, and then invite them into the pot. Yunxiao said.

Yuan gaohan's eyes flashed with coldness as he coldly said, I also want to know who is stirring up trouble in the Holy region. This time, we must completely expose them!

Wei Qing? " Yunxiao asked suspiciously. are you not guessing Wei Qing? "

"I hope it's only Wei Qing!" Yuan gaohan snorted.

Seeing that he was unwilling to say more, Yunxiao did not ask. Instead, he summoned Chen Yunyu into the divine realm tablet, and at the same time, called Ye Fan and Beiming Nan to tell them about the matter in detail.

When Chen Yuyu saw Yuan gaohan's second soul, she was so shocked that she couldn't speak. At the same time, she said in great joy, " no wonder Sir and Sir po Jun are so confident. It's a sure win.

he has to go through the test of the rules of the heavenly martial realm before he can merge his two souls, " Yunxiao said. so, he can't merge them in the divine realm tablet. I have to find a way to deal with the Earth Spirit outside.

"What?" Yuan gaohan was shocked. The spirit of the earth element, one of the five elements?" He scolded unhappily, "when will you stop worrying?" With your current strength, it's rare for anyone below divine transcendence to be your match. I thought that following you would be much safer, but you went to provoke the spirit of five elements that even divine transcendence would not dare to touch!"

I didn't want to, " Yunxiao said with a wry smile. now, a very important profound level weapon has been taken away by that thing, and I'm having a headache.

"I don't care," Yuan gaohan snorted coldly, "just don't mess up my big plan! Otherwise, I'm not done with you!"

"Earth Spirit?" Beiming Nan suddenly asked. Could it be the eight Yin ancient star bird?"

Oh? ” Yunxiao was overjoyed. does big brother Zhennan know the way to crack it? ” Although this monster isn’t the eight Yin ancient star bird, it’s born from the foul Qi of the netherworld that the eight Yin ancient star bird transformed into after its death. Its strength is already close to divine transcendence.”

“If it’s born from the earth elemental essence of the eight Yin ancient star bird after its death, its power will definitely be much weaker than before,” said beimang. The heaven-patrolling bull and your Lightning God art are both wood-type powers, so they should be able to counter it. ”

it has taken the Tushita heavenly peak, and it has directly merged with the foul soil of the netherworld, ” Yunxiao said with a wry smile. now it is shining with five colors.

Beiming Nan’s mouth was wide open in shock as he waved his hands repeatedly, ” “You’re on your own. Xiao Yezi, let’s go.”

Yunxiao, ‘hehe’.

goodbye, big brother Yunxiao, ” Ye Fan said with a smile. goodbye. He directly took out Noah’s ship, and the golden light instantly wrapped around the three of them, and they disappeared in a flash.

Yuan gaohan also snorted, then turned around and flew into Mount inch.

Feeling depressed, Yunxiao had no choice but to summon up his courage and go to lingmu di.

On a huge rock, in the formation formed by countless Starlight stones, the body of the gourd Little King Kong sat cross-legged.

Above the gourd little Vajra, the lingmu Di’s soul appeared. He was wearing a green muslin robe and had a handsome face with sharp edges. His hands were placed on his knees, and he looked peaceful.

Star power continuously gushed out from the formation, nourishing his soul. He was also cultivating Yuan gaohan’s Starlight soul technique.

“Ahem, Lord mu di.”

Yunxiao coughed a few times in embarrassment, interrupted the MU lingdi’s cultivation, and told him what had happened.

Lingmu di frowned and said, “Five-colored light? Don’t be fooled, even its predecessor, the eight Yin ancient star bird, could not refine the Tusita Heavenly Mountain so quickly. However, from what you’ve said, this thing should have an extremely high intelligence and has a certain level of control over the Tusita peak.”

He paused for a moment, then raised his eyes to look at Yunxiao and said, “At the very least, the Tusita peak is more powerful in its hands than in your hands.”

then, my Lord,” Yunxiao said awkwardly. please help me get the mountain back.

Lingmu di snorted and looked down at the body of the gourd Little King Kong. He said, “this piece of scrap metal is not even enough for Tushita Tian to smash it. If I go out and fight that thing, it will be deflated!

Yunxiao was sweating profusely as he said, “what should we do then? We can’t just give up, can we?”

you’re the only one who can restrain the Tusita peak,” Ling mudi said. the combination of five earth elements can only be broken by the strongest wood element. Don’t forget the purple Thunder in your body.

Yunxiao’s heart skipped a beat. He stretched out his hand, and a purple mist slowly surged out of his palm, gradually gathering into Thunder and flashing.

it’s fine inside the tablet. I can use the power of the tablet to suppress and control it. Once it’s out of the tablet, the power I can use is very small.

“Tsk, tsk, it’s indeed purple lightning.”

Lingmu di licked his lips, his eyes shining. "Don't be so ignorant. The power of the five elements in the realm of heavenly martial arts is not balanced. Among them, the extreme power of the wood element-the Zifu world-destroying sacred Thunder-is far stronger than the other four elements, because this thing is not born from heaven and earth, but condensed by the realm power, and can destroy everything!"

He added,"if it was the complete seven-colored Tusita peak, even a Saint weapon would not be able to break it, but it still can't block the world-destroying sacred Thunder." This divine lightning is formed from the laws of this realm. To put it bluntly, it represents the Dao of this realm itself!"

I understand what you're saying, " Yunxiao said. but even if I try my best, I can only use this thing once. I'm afraid it's not enough.

one chance is enough, " lingmu di sneered. you'll have to rely on your intelligence to make up for the rest.

Yunxiao,'hehe'.

After lingmu di finished speaking, he closed his eyes again and ignored him.

Yunxiao held the purple Thunder in his hand and felt the surging power. Although the light was as weak as a spark, it had a sense of sacredness and vastness, as if there was a world of its own in the Thunder, endless.

In the next moment, his soul-form returned to his main body, and he said to Tian Xingzi, " "My Lord, I've already thought of a way to deal with that monster. Please do your best to help me,"

"Brother Yunxiao, please give me your orders. There's no need to be so polite," Tian Xingzi hurriedly said.

...

'If it weren't for you, you old fox, not putting in any effort, you would have been able to fight that monster with your cultivation base alone, and there wouldn't have been so much trouble,' Yunxiao thought to himself.

But on the surface, he still said politely, "I'm truly grateful for elder brother's loyalty."

At this moment, he you was cultivating in the divine realm tablet and comprehending the heaven and earth no sword, so he didn't want to disturb him unless he had to. Moreover, Yuan gaohan's situation was still unclear, and he you was definitely his last trump card.

Tian Xingzi replied, "it's only right, it's only right." If you have any instructions, just tell me directly."

I need you to create an opportunity for me," Yunxiao said. I need you to do it. I have a technique that can break its earth element spirit body, but I can only use it once with all my strength, so I need a chance."

"This is an ..."

Tian Xingzi hesitated for a moment and cursed in his heart. Isn't this clearly letting me be a meat shield to create opportunities for you? he said, "I'm afraid that thing's strength has already reached divine transcendence. Furthermore, the foul energy of the netherworld was extremely strong here, and it was his home ground. He has also taken your treasure, and this old brother is not at his peak state right now. Of course it doesn't matter if you urge me to fight him, even if I die, I'm not afraid. I'm just afraid that I won't be able to complete the task and will let down this old brother!" When he saw Yunxiao's eyes turn cold, he hurriedly changed his tone.

Yunxiao gave him a sideways glance and said, "Since you're not afraid of death, then go and try. At most, you'll just die."

Tian Xingzi's chest tightened, and he said, 'this Suan ni, this Suan ni, this isn't good, right? Besides, I only promised you that I'd keep you safe and sound in Wutian, but I didn't promise to be your fighter."

are you saying that everything you said just now was nonsense, brother?" Yunxiao said coldly.

of course, this Kasaya is not a Kasaya. Tian Xingzi wiped his sweat, not knowing how to answer.

...

That monster's strength was extraordinary, and he did not want to fight it rashly. Moreover, he still had lingering fears about the Tusita peak, so how could he be willing to risk his life for someone else?

However, Yunxiao had the great expansion divine technique, which would inevitably make him an important figure in the exploration of the eternal world, so he had to be on good terms with him. Especially now that he had completely shed all pretenses of cordiality with the soul Devourer sect, he had to find a reliable ally to enter the eternal world, and Yunxiao was the best candidate.

After thinking through this, he gritted his teeth and said, "alright!" Then I'll risk my old bones and give it a try! I hope that brother Yunxiao will remember this friendship of mine in the future."

Yunxiao narrowed his eyes and kept nodding with a smile. "Don't worry, brother. I won't forget. At the same time, I'll get the bullfighting bull to cooperate with you."

After Iron Bull was sent flying, he had been watching from the sky and didn't make a move.

Yunxiao flew to his side and whispered in his ear.

The bull let out a few neighs and stomped its hooves a few times before walking down from the sky. Once again, it stomped on the ground, creating an endless Green Grid as it began to search for traces of the monster.

The two men and one bull walked in the air for a while. Suddenly, the patrolling Bulldog's eyes turned green and it charged down with a roar.

When it was sent flying by the monster earlier, it was also filled with anger. But, he had only promised to help Yunxiao find it, so he had been too lazy to do so. Now that he had received lingmu Di's order, he was no longer going to be polite!

Chapter 1586-heavily injured

Two rays of green light shot out from the horns, turning into a circle of light and falling into the ground.

“BOOM!”

A large amount of dust was lifted up, and a gray ring of light was reflected upwards, hitting the heaven patrolling Bulldog directly and exploding with a “PA” sound. It was as if countless whips had left deep marks on it, and its body was covered in gray marks.

The heaven patrolling Bulldog was furious. It was the soul of the true spirit and was extremely proud. Its huge head lowered and it opened its mouth to spit out a circular ring of light.

The ring of light expanded to several acres in size. It was the nine Heavens Daluo hoop, and it pressed down on the ground!

“BOOM!”

A layer of grey light surged from the ground and directly blocked the great Luo ring.

The heaven patrolling Bulldog descended from the sky and stomped down. There was a huge tremor, and countless huge runes flew out from the nine Heavens Douluo ring. The gray light was on the verge of collapsing.

Suddenly, a five-colored light shot out from the ground, and the Tusita heavenly peak flew out.

The mountain Rose from the ground and reached the clouds!

“Bang!”

The nine Heavens Douluo hoop was shattered into pieces, turning into a red light and flying back into the heaven patrolling Bulldog’s body. The heaven patrolling Bulldog was also catapulted out with an endless roar of unwillingness and disappeared without a trace.

now! Yunxiao shouted. brother, it's time!

Tian Xingzi was shocked by the power of the Tusita peak and wiped his sweat. However, he was also an expert of his generation. Since he had made his decision, he didn't hesitate in the slightest. He instantly landed on the ground, pulled out soul Slayer saber, and fiercely stabbed it into the ground!

"BOOM!"

A huge saber shadow appeared on the saber, instantly splitting the earth and shooting out countless streams of foul Qi of the netherworld.

"Roar Roar!"

The monster's angry roar came from the ground. A huge claw reached out and slapped toward Tian Xingzi.

"Hmph!"

Tian Xingzi sneered and slapped his palm on the blade. In an instant, a huge, dazzling light shot out. The saber spirit emerged from the light and opened its arms to embrace the big hand.

"BOOM!"

The saber spirit grabbed the hand and pulled it up into the sky. The monster's body was pulled out of the ground like a carrot.

After the Tusita Heavenly Mountain shattered the nine Heavens Douluo loop, it fell to the ground.

The monster roared again and again. It opened its hand and made a grabbing motion, causing the Tusita peak to fly over.

Tian Xingzi's pupils contracted, and he pulled soul Slayer saber from the ground with both hands and slashed in the air!

A huge slash shot into the sky, directly splitting the entire world into two! A huge chasm appeared in the sky, like a Galaxy, but also like an abyssal crack!

The Tusita heavenly peak fell into the crack of the world and disappeared.

The monster was shocked and frightened. It slapped the saber spirit with both hands, broke free from the restraints, and turned to escape.

However, Tian Xingzi had already blocked its path of retreat. He made hand seals with one hand, and the surrounding scene changed. Countless spots of light flickered around the monster like fireflies.

"Star prison!"

The light spots seemed to have locked the space, and the monster's body froze.

"Brother, now is the time!" Tian Xingzi shouted.

The world that had been split open was slowly healing, and the ravines kept disappearing. Five-colored rays of light shot out, and the Tusita peak flew towards the monster.

Tian Xingzi was startled and hurriedly said, "Hurry Up, Brother!" I can't take it if that thing flies back!"

Yunxiao had already transformed into a Thunder body, and he was now as swollen as a balloon. He held the hammer high, the ancient Maha character flickering on it, and a purple dragon the size of an earthworm swimming around on the surface of the hammer.

The moment Tusita peak appeared, he knew that he could not wait any longer. He immediately teleported down and appeared above the monster, smashing down with his hammer!

“Go to hell!”

The lightning on the heavenly hammer spread, and it ruthlessly fell down with a long tail!

“BOOM!”

With a loud sound in the sky, the purple lightning shot out and quickly entered the monster’s body. The monster’s eyes widened, and they were filled with fear.

“Bang!”

Before it could even wail, its entire body exploded. Countless lightning bolts shot out from within and instantly shattered its body.

Countless soil and rocks were turned into smoke by the lightning.

A ray of dim light shot out from the explosion and headed towards the Tusita peak.

However, dust filled the air and a large amount of foul energy of the netherworld dispersed, so neither of them noticed it.

Yunxiao breathed a heavy sigh of relief, and his body of lightning returned to normal in an instant. His whole body was pale, as if all his blood had been sucked dry, and blood vessels could be clearly seen on his skin.

Tian Xingzi’s heart trembled as he looked at Yunxiao in horror. Even he had felt the danger of death from the power of the blow just now, and his heart was palpitating.

“Did you succeed?” Tian Xingzi regained his senses and suppressed the shock in his heart. He looked at the dust in the sky and muttered.

“Yes, that thing is most likely dead. Even if he doesn’t die, he won’t be able to grow in a short period of time.” the filthy soil of the netherworld has been scattered, ” Yunxiao said as he looked ahead. I wonder if we can still collect it.

The dust carried an extremely strong aura of death and ash as it flew towards the two, but it was blocked by a faint layer of light, unable to hurt the two.

As the Tusita heavenly peak slowly flew over, Yunxiao performed an incantation gesture with his left hand and made a grabbing motion with his right hand. The energy in his palm turned into a vortex, attracting the mountain to fall.

Tian Xingzi was shocked again. Looking at the faint white light, he cried out, ” “Spiritual energy?”

Yunxiao nodded. I got some by chance. This mountain is towering and majestic. It can’t be controlled without the power of spirit.

...

He carefully guided the mountain towards his palm. After all, it had only been four colors before. Now, it had suddenly turned into a five-colored light. He did not dare to be careless.

The mountain peak slowly fell and directly touched his palm. Only then did he heave a heavy sigh of relief.

All of a sudden, a sense of extreme danger welled up in his heart without any warning, causing his hair to stand on end and an extremely suppressed emotion to surge in his heart.

“What?”

The Tusita peak in his palm suddenly turned and crashed towards his chest!

“Bang!”

Without any warning, Yunxiao was smashed into pieces. As soon as the mountain landed, it shone with a five-colored light, then blasted open the space and flew straight into it, disappearing.

“Ah?”

Tian Xingzi was dumbfounded, but it was too late to make a move.

With a flash of lightning, Yunxiao’s body was formed in an instant, and he kept coughing up blood!

Tian Xingzi’s eyelids twitched, and he was even more shocked. Yunxiao’s body of thunder element was almost the same as those spirits of five elements, but he was still not dead after being hit by such a heavy blow!

...

“Brother, are you alright?” He asked with concern.

Yunxiao vomited a few mouthfuls of blood in a row as he swayed in the sky, the lightning around him flickering. “I can’t even stand properly, do you think I’m okay?”

“Eh?!”

“Then what do we do now?” Tian Xingzi asked.

Yunxiao’s face was extremely unsightly. He swallowed a few medicinal pills before he could stabilize himself and said, “This is going to be troublesome. I didn’t expect that thing to escape and hide its spirit body in the Tusita heavenly peak. I’m heavily injured right now, so it’ll be even more difficult to subdue it!”

“Why don’t we leave this place first and return to my myriad Stars Valley? we’ll come back after we’ve recuperated,” Tian Xingzi suggested.

‘No!’ Yunxiao said. That thing’s body has been destroyed by me, and only its spirit body is left hiding in the Tusita Heavenly Mountain. If it’s given time to refine and transform into a body of the mountain, I’m afraid it’ll be difficult to subdue it again!”

Moreover, he still had Yuan gaohan’s matters to attend to, so he had to wait for Ye Fan and the others to return before he could leave. Those who wanted to deal with Yuan gaohan were also from the Holy region, so Tian Xingzi might not be willing to protect them. If it involved benefits, it wouldn’t be surprising if they suddenly turned against him.

please protect me, brother, ” Yunxiao said. I’ll stabilize my injuries first. Although he was in a hurry, he was not too worried. Other than che you, there were also experts like beiming Nan and Fei Ni, as well as Tian Xingzi, enough to control the situation.

Tian Xingzi said,”good! Since little brother insists on staying, then you can recuperate at ease. I also have some medicine that might be of use.” He generously handed over a few Jade bottles.

Yunxiao’s eyes flickered with surprise when he opened it, but he quickly swallowed it with great joy.

Tian Xingzi was stunned. He said in surprise, ” brother, you’re too anxious. The medicinal power of these pills is too strong. I’m afraid it’ll only harm you instead.

“It’s fine,” Yunxiao said with a smile.

Under Tian Xingzi’s extreme shock, Yunxiao took out a large number of heavenly materials and earthly treasures again and swallowed them without even looking at them. It took him an hour to recover from his injuries at a speed visible to the naked eye.

Tian Xingzi was completely dumbfounded. He finally understood why Chen Yunyu was still seriously injured when the general, who was Tian yuezi’s clone, had injured the two men with one palm, while Yunxiao had recovered.

He had thought that Yunxiao was uninjured, but now, his knowledge was completely subverted.

Suddenly, there was a flash of golden light in the sky. The space collapsed toward a point, and a passage appeared.

Tian Xingzi was shocked and immediately became alert. His eyes shot out a cold light and he shouted, "Who is it?"

A golden battleship came out of the passage. It was Noah's ship.

master! Chen Yuyu shouted. it's US!

Tian Xingzi frowned and his gaze swept across the other people on the battleship. Finally, his eyes landed on one person and he revealed a shocked expression."Lord Yuan gaohan, the head of the spiritualist division of the Holy region?"

The man's expression was calm. Chen Yuyu had already told him everything. He immediately cupped his fists and said, " it's this Yuan. I didn't expect to meet the myriad Stars Valley's master here. It's really my good fortune.

Suspicion flickered in Tian Xingzi's heart, and he glanced at Yunxiao, who was healing his wounds, from the corner of his eye. "Could it be that Your Excellency is here for younger brother Yunxiao?"

"That's right!" Yuan gaohan said. What about Yunxiao? Was he injured by the Earth Spirit?"

Tian Xingzi sighed,"that's right, that thing is very cunning and difficult to deal with .." He then briefly explained what had happened.

what? " Ye Fan asked in shock, " will big brother Yunxiao be alright? " He made a few hand seals and put Noah's ship away with a face full of concern.

This scene entered Tian Xingzi's eyes and he was shocked. He had also heard rumors about Noah's ship, and the aura that the Golden battleship gave him was very powerful. It was most likely Noah's ship. He couldn't help but look at Ye Fan a few more times.

Chapter 1587-men

don't worry, he won't die," Yuan gaohan said. the foul air here is extremely heavy. It's better to find another place to heal.

"You can't!" Beiming Nan said. Dou Shuai heavenly peak is lost and must be found. "

Yuan gaohan frowned. He did not know who beifeng Nan was, but he felt that the aura he gave off was very strange. But when he thought about Yunxiao, who was a monster himself, it was not surprising that Birds of a Feather would flock together.

"Hmph, get it back? How was he going to find her in this situation? Furthermore, there was an unknown enemy behind them. Let's leave the danger zone first, then we'll think about it. "

"It's easy to leave, but it won't be easy to find Dou Shuai heavenly peak again." Beiming Nanfeng's brows furrowed slightly before relaxing.

Tian Xingzi said, " that monster is indeed not simple. Now that its body has been destroyed and it has only occupied the Tusita peak for a short time, it is indeed the best opportunity to pursue it. However, brother Yunxiao's condition was extremely bad at the moment, and it seemed that there were still foreign enemies according to Lord Yuan gaohan. After weighing the two options, I also think it's better to retreat first."

He also had a plan in his heart. Before, Yunxiao had asked him to ensure his safety in Wutian, but he did not understand why. Now, Yuan gaohan's sudden appearance and the mention of 'foreign enemies' made him understand.

An enemy who could make things difficult for the head of a Department in the Holy region was definitely not a simple person. He immediately incited them to leave.

"You can't!"

Yunxiao suddenly opened his eyes. Although his breath was still very weak, he seemed to have stabilized his injuries and stopped them from spreading. the monster is still in Wutian. If we delay too long and let him refine Tusita heavenly peak and leave, it will be difficult to catch up with him, and even if we do, we will not be his match.

“Then what good plan do you have?” Yuan gaohan asked.

“Seal this place first,”

Yunxiao raised his hand, and the divine realm tablet flew out of his palm, shining brightly.

Countless golden chains flew out of the stele and spread in all directions like a spider web, covering thousands of miles in an instant.

Upon closer inspection, these chains were all made up of countless tiny runes. After forming a huge net in the air, they swayed a few times before disappearing in a flash.

Tian Xingzi looked at the divine realm tablet in horror. It was like an immortal monument that stood in the sky.

“Even if you seal off this world, it’s impossible for you to subdue that monster with your current ability,” Yuan gaohan said.

let’s take one step at a time, ” Yunxiao said. you guys go into the divine realm tablet first.

“Since you insist on doing it, no one can change your mind. Be careful,” Yuan gaohan said. He thought for a moment and stretched out his hand. A small blue flag fell into his hand and he said, I’ll give this three-seven Blue Flag to you. It might have a miraculous effect when combined with the power of the divine realm tablet.

Yunxiao’s face was still pale as he said, ” “Many thanks.” He unceremoniously grabbed the small flag in his hand and cast several incantation seals into it before casually throwing it out.

With a flash of blue light, the small flag instantly disappeared into the void.

Yuan gaohan and the others all flew into the divine realm tablet, leaving Tian Xingzi there motionless.

what? ” Yunxiao gave him a look and asked, ” my Lord, are you going to help me outside? ”

Tian Xingzi chuckled and said, ” “A transcendent grade profound level weapon with its own world inside. My younger brother’s luck is really enviable. I’ve heard that the owner of a profound level weapon is the master of the inner world. Is that true?”

“You’re right,” Yunxiao said.

Tian Xingzi said,”hehe, you’re really making me jealous to death. I’ll just stand guard outside for you ..”

Yunxiao smiled and said nothing. He knew that Tian Xingzi did not dare to go in, so he did not force him and continued to regulate his breathing.

All of a sudden, a golden light flashed a few thousand feet away, and the sound of chains clattering was heard. A five-colored light flew out, and a mountain peak suddenly appeared, trying to escape.

Yunxiao changed his incantation gesture, and a golden net appeared in the sky. Countless tiny characters gathered toward the five-colored light, forming a huge ancient Maha character in the air.

“BOOM!”

The mountain crashed into the Maha ancient character, and it instantly shattered. However, the mountain’s momentum was also blocked, and it continued to spin in the air.

Yunxiao performed another incantation gesture with both hands, and a blue light fell from the sky, turning into a huge flag.

The Tusita heavenly peak trembled and shattered the surrounding space. It disappeared before the blue light landed.

Tian Xingzi said, "that thing seems to be not as good as it used to be, there is a good chance of getting it back!"

Yunxiao nodded and said, " it has just attached itself to the Tusita heavenly peak, so it does not have the ability to completely merge with it. Therefore, the power it can exert is not as great as before. That's why I'm in a hurry to take it back!

"Are you alright?" Tian Xingzi asked with concern.

it's not a problem to besiege this thing, " Yunxiao said. the problem is that the enemy is coming.

Tian Xingzi's pupils shrank. He raised his head and looked into the distance. Two rays of light flew over, flashing in the sky at an extremely fast speed.

In an instant, he appeared in front of them. One of them had an ugly face, but he was very young, about thirty years old. The other person was completely covered in a gray robe, and his true appearance could not be seen, giving off a mysterious feeling.

"Who are you?" The ugly young man asked with a frown, his face full of evil.

Yunxiao looked up at him with a hint of surprise in his eyes, but he continued to regulate his breathing, and a vast amount of primordial energy poured into his body like a tidal wave.

This whale-like absorption method made the middle-aged man extremely shocked. Not far away, Tian Xingzi's expression was calm and he did not even look at him. Just by standing there, he had the aura of a mountain and was imposing without being angry.

"Li Yunxiao? Tian Xingzi?"

A cry of surprise came from the black-robed man, as if he could not believe it.

“What? It’s them!” The young man cried out in shock and fear.

Tian Xingzi then turned his head, and his eyes were like stars as if he wanted to see through some obstacles. “To be able to recognize the two of us, he can’t be an unknown person. Who is it? state your name.”

The black-robed man seemed to be silent for a moment before he said, “Are you the helpers that Yuan gaohan found?”

yes, ” Yunxiao said. so what? So what if I’m not?”

The black-robed man said, “if not, I hope the two of you can stand by and do nothing. The less trouble, the better.” If that’s the case, then we’ll be in trouble.”

“Trouble?” there are not many things in the world that can trouble me and the master of myriad Stars Valley, ” Yunxiao said with a smile. ”

Tian Xingzi’s eyelids twitched, and he cursed Yunxiao for being an old fox. He had not figured out the situation yet, and he had been dragged into the water.

The black-robed man said, “ Martial Emperor Vanquisher was born by possessing an innate fetus. His opportunities and skills are better than before. The master of myriad Stars Valley is also famous in the world. If the two of you join forces, there will indeed be few troubles in the world. However, there is no such thing as a coincidence in the world. Even if the two of you interfere in today’s matter, it will be very troublesome.”

“Oh?” Yunxiao lazily stretched his back and said, “You’re making me so scared. Should I kowtow and beg for mercy?”

...

“Sir po Jun is injured?” the black-robed man asked indifferently.

“Do you want to treat me?” Yunxiao asked.

The black-robed man replied, “hehe, my Lord must be joking.” My Lord, you are a ninth-tier great Alchemist, and I dare not show off. I just want to say that if the two of you have nothing to do with Yuan gaohan, I hope you can do me a favor and not get involved in this mess. If it’s related, I’ll compensate you with whatever benefits Yuan gaohan has given you.”

Tian Xingzi snorted. you want us to retreat with just a sentence from you? don’t you think you’re very childish? ”

Although he still looked tough on the surface, he could already feel the seriousness of the matter. The fact that the other party could recognize them at a glance and even expose Yunxiao’s identity, and could still remain calm and composed under such circumstances, and even ask them to retreat, showed that they were really in a mess, and he did not want to get into big trouble for no reason.

The black-robed man’s hand flashed, and a ray of light shot out.

Tian Xingzi stretched out his hand and grabbed, and a black metal-like token fell into his hand. There were no patterns or words on it, and it was not smooth either. There were even pockmarks on it, like a piece of pig iron, but it was extremely heavy.

A trace of suspicion flashed through Tian Xingzi’s eyes, but it instantly shot out a cold light. He felt a chill coming from that piece of pig iron and said in surprise, “You’re a secret agent of the Holy region!”

“Yes,” the black-robed man replied. A dark agent would never act on his own initiative, and it must be an order from above. Milords, do you understand how troublesome this matter is?”

Tian Xingzi was shocked. Only the five rulers of the Holy region could mobilize the dark agents. which Lord wants this? ”

“I’m sorry, but I can’t tell you,” the black-robed man said.

...

“I’m not interested in interfering with the internal affairs of your Holy region, but don’t forget Lord Yuan gaohan’s master,” Tian Xingzi sneered.

The man’s entire body was covered in a black robe, devouring all light like a black hole, making it impossible for anyone to see him in person. I know, but I’m only following orders. The rest has nothing to do with me.

The black-robed man kept the token and said, “Now, it’s time for the two of you to express your position,”

Tian Xingzi hesitated. He did not want to get involved, but it was not convenient for him to express his opinion alone, so he could only look at Yunxiao.

Yunxiao breathed out and slowed down the spirit Qi vortex that was pouring into his body. “I’d like to know how you’re going to deal with Yuan gaohan. Are you going to kill him or capture him, or do you have any other purpose?”

“I can’t tell you that either,” the black-robed man replied.

“Alright,” Yunxiao said. I have no comment on our opinion, either.

Tian Xingzi was taken aback. He did not want to be tied to the same warship as Yunxiao, let alone the opponent was a Saint. “Although I won’t interfere with the affairs of the Holy region, brother Yunxiao and I appreciate each other and are as close as brothers. I won’t let you hurt my brother. I hope the two of you will consider it carefully.”

He made his position clear with one sentence. He did not want to go against the sacred zone, but he would protect Yunxiao. Even if something happened in the future, he would not blame himself, but Yunxiao.

“That’s troublesome,” the black-robed man said. Sir po Jun, is there really no way to turn things around?”

Yunxiao suddenly had an idea. He grinned and said, “It’s not like there’s no room for negotiation. I lost a very important profound armament here before. If the two of you can help me find it, this matter can still be turned around.”

Chapter 1588-variable

“What profound level weapon?” the middle-aged man asked.

“Hehe.”

The black-robed man suddenly laughed. Sir po Jun is such a schemer. You lost something yourself, but you want to trick us into finding it.

I’m just suggesting a way to improve our relationship,” Yunxiao said with a smile. I’m just suggesting a way.

“If the profound level weapon is found, will you not interfere in Yuan gaohan’s matter?” the black-robed man asked.

I can’t agree to that so easily,” Yunxiao said. I can only agree to consider it.

master, you’re joking! the middle-aged man said angrily. there’s no clear answer!

The black-robed man raised his hand and interrupted his anger, “I wonder what you lost, Sir. Tell us so we can make a decision.”

there’s an evil spirit here,” Yunxiao said. when I used a Mystic artifact to deal with it, it was possessed by it, and it escaped. However, I’ve already sealed off the space within a thousand miles, making it impossible for him to leave for a short period of time.”

The two of them raised their heads and looked at the divine realm tablet floating in the void. Surprise flashed in their eyes.

The black-robed man said, " what a powerful weapon accumulation. Even Lord Vanquisher and Lord Tian Xingzi can't deal with that monster. What can the two of us do? "

that evil spirit is extremely cunning, " Yunxiao said. I was also injured by it. If the two of you are willing to help, there's an 8.9% chance that we can take it down."

"Alright, since Lord po Jun has spoken, I can't just stand by and do nothing," the black-robed man said.

"Sir, please!"

The middle-aged man was shocked and hurriedly said, " "His promise is ambiguous, what if he goes back on it?"

"I believe that Lord po Jun will give me a satisfactory decision," the black-robed man interrupted.

Yunxiao blinked and smiled. do I know you? You actually have this much confidence in me?"

The black-robed man chuckled,"I believe that you're a smart man and know what to do." Now, let the evil spirit show itself. I also want to see what kind of existence the monster that has caused Lord po Jun and Lord Tian Xingzi a headache is."

alright! Yunxiao said. then watch carefully!

He made a hand seal with one hand, and an ancient Maha character appeared and entered the divine realm tablet directly.

Suddenly, a brilliant light illuminated the entire sky. Under the bright light, the dense golden chains appeared like a spider web.

The middle-aged man's face was filled with shock as the tiny golden chain pierced through his body.

Although the black-robed man's face could not be seen clearly, the slight trembling of his body revealed that he was not calm at all.

Yunxiao changed the incantation gesture in his hand, and suddenly, a white light surged up not far in front of him, instantly turning into a five-colored mountain peak that kept spinning on the chain, shattering the tiny characters into golden light and shooting in all directions.

The Tusita heavenly Peak's movements were extremely slow, and the monster was clearly unable to control it. However, as it continued to spin with all its might, the space there continued to rise, as if it was going to break through.

everyone, please attack! Yunxiao shouted. I can't hold it back any longer!

Tian Xingzi raised his hand, and a huge hand instantly formed in the sky, like an eagle's claw.

"Ka!"

The five fingers of the Eagle Claw clamped down on the Tusita peak, but with a flash of five-colored light, the entire claw shadow was shattered and a huge boom was heard.

"Clang!"

The chain of laws that stretched out of the divine realm tablet suddenly broke, and countless words were bounced away, turning into golden light spots that scattered all over the sky.

The monster seemed to have noticed the unfavorable situation and wanted to fight to the death.

The middle-aged man was shocked, "what profound level weapon is this?" It's so powerful!"

The black-robed man moved and shouted, "Attack!"

His long robe fluttered, and he flew out directly. His entire person was completely gone, and only his black robe was fluttering in the sky. It grew bigger and bigger, like a blanket covering over.

The five-colored light was suppressed by the black robe and immediately weakened. The Tusita peak turned around and tried to escape into the distance.

Tian Xingzi was shocked and said, "you are bi an?"

The black-robed man suddenly shouted, "Stop it!"

The middle-aged man had already formed an incantation gesture, and a light flickered on his fingertip as he pointed forward.

A ball of light appeared in front of him, then split into two.

There seemed to be a living creature moving in the light ball. It exploded with a "pop", and the living creature stretched out. It turned out to be three strange and extremely disgusting monsters.

"Waaaah!"

The three monsters let out a loud cry and charged towards the Tusita peak.

The one in the lead shot out countless tentacles from its body and grabbed at the mountain peak. pa pa pa " sounds rang out as all the tentacles softly wrapped around the Tushita sky peak and then retracted. The monster opened its mouth and swallowed it.

"Gulp."

A loud swallowing sound was heard, and Tian Xingzi opened his mouth, looking a little stunned.

On the other hand, Yunxiao frowned slightly as he looked at the three monsters, as if he was thinking about something.

“Hahaha, my Gollum eight-clawed ape is still the best! The ape’s stomach is filled with a highly corrosive liquid, and it’s very difficult to get the mountain out once it’s inside. Hahaha!”

the middle-aged man was overjoyed and became so proud that he forgot himself. But before he could finish, the eight-clawed ape’s body changed shape and shot out a five-colored light. With a bang, it exploded and turned into countless pieces of meat.

“Ah?”

The middle-aged man was shocked and said angrily, “damn it!” Stop it!”

Countless tentacles flew out from the other two Gollum eight-clawed apes and shot towards the Tusita peak. However, as soon as they touched the five-colored light, they were instantly shattered.

Yunxiao stared at the middle-aged man and sneered, “Are you here to perform?”

...

The middle-aged man’s face turned red. He immediately put his hands together and pushed them forward again. He shouted, “Explode!”

The two Gollum eight-clawed apes immediately charged forward, and their bodies expanded.

“Bang!”

“Bang!”

With two explosions, the impact formed a vortex, sweeping up countless pieces of flesh and blood!

“BOOM!”

The five lights of the Tusita heavenly peak paused for a moment under the force of the self-explosion.

A black shadow descended, his long robe fluttering in the air as he kept the Tusita peak.

Black robe immediately transformed into a human and turned in the air. A ray of light flew out of his long sleeve and he shouted, “Lord po Jun, catch it!”

The light was black in color, and it wrapped around the Tusita heavenly peak and shot over.

thank you! Yunxiao was overjoyed. He jumped forward and reached out to grab the mountain.

...

“BOOM!”

The mountain suddenly exploded at the moment the tentacle touched it, making an earth-shaking sound. Yunxiao’s body was instantly blown into minced meat.

“Ah?” The middle-aged man was stunned for a moment, and his mouth was wide open in shock.

The black-robed man did not stop after the attack. Instead, he suddenly turned around, and with a black flexible sword in his hand, he suddenly stabbed behind him!

“Swish!”

The sound of a sharp weapon piercing through flesh rang out. Blood gradually gathered on the black sword, and Yunxiao's figure slowly appeared. He was pierced by the sword, and blood was dripping from the tip.

Yunxiao looked at his chest, and his face was extremely pale. "How did you see through my movement technique?"

Humph! the black-robed man snorted coldly. although Gu Feiyang reincarnated through possession, how could you, who is pregnant with the moon pupil, be killed by my feint without any preparation? "

Yunxiao reached out and grabbed the sword, trying to pull it out with force, but it was to no avail. More blood dripped down from his palm.

"Gu Feiyang, don't waste your energy." The black-robed man sneered. After seeing this sword, you should have already guessed my identity. Then you should know that if you are stabbed by my Qitian sword, you will die."

Yunxiao's lips trembled as he said in a trembling voice, " "So it's you. You, how dare you kill me?"

"Hahaha!"

The black-robed man laughed smugly, "isn't it normal to kill you?" You've caused a ruckus in Red Moon City, and everyone in the world knows that you have a Saint artifact. The sanctum has already issued a killing order for you, but it hasn't been widely spread yet. I'm even happier to see you than to see Yuan gaohan, haha!"

so, when you promised to help me find my profound artifact, you had already begun to plan to kill me! Yunxiao said through gritted teeth.

"It is!"

Gu Feiyang, " the black-robed man said sarcastically, " it's been decades since we last met. You've become much worse than before. I'm a little disappointed!

He thrust the Qitian sword a little harder, and blood oozed out of Yunxiao's right hand and chest. He groaned in pain, turned his head, and cried for help, " "Master Tian Xingzi, you said you would protect my safety, Yingluo."

Tian Xingzi stood there silently. His expression was gloomy and uncertain.

The black-robed man said coldly, "Tian Xingzi follows your lead, which makes me even more certain that I must kill you first!" Lord Tian Xingzi, you won't sink into a quagmire for a dying person, right?" He still looked at Tian Xingzi with some fear.

Tian Xingzi suddenly laughed. of course not. But you must give me that profound level weapon. Then, I will pretend that I didn't see anything.

"You coward!" Yunxiao was shocked and furious.

"Haha, Daren has indeed chosen the wise move!" The black-robed man licked his lips, glanced at the divine realm tablet in the sky, and grinned hideously, " "As long as you don't fight with me over this transcendent grade profound level weapon, I can give you anything."

He flicked his sleeve and a ray of light appeared on his left hand. The Tusita heavenly peak floated silently in his palm and he handed it over.

Tian Xingzi also revealed a happy expression. He chuckled and stepped forward, saying, "I'm really sorry, brother Yunxiao. Who asked you to die and not have any value?"

Yunxiao's face was completely pale, and his eyes were filled with despair, unwillingness, and hatred.

haha, to be able to slowly admire the state of Sir po Jun's death, it really makes one's blood boil and makes one abnormally excited!

The black-robed man laughed out loud. Two rays of cold light shot out from his pitch-black face. They were those eyes.

Tian Xingzi laughed lightly and walked in front of him in a few steps. He reached out to grab the Tusita peak.

Suddenly, Tian Xingzi's five fingers turned into a palm, and the wind and clouds between heaven and earth surged. The palm force was like the collapse of mountains and rivers, the sun and moon crossing the sky, and directly slapped toward the black-robed man!

“Yingying, Yingying!”

The black-robed man was shocked and furious. Just as he was about to scold the sect master for cheating, his face instantly turned pale and he was scared out of his wits!

Because the Tian Xingzi in front of him had become li Yunxiao!

Chapter 1589-decisive

“Didn't you have a lot of fun, Shangchen? Why does your face look like you've just eaten sh * t?”

With a sneer on the corner of his mouth, Yunxiao thrust his palm forward.

The black-robed man's face turned pale. He realized that his Qitian sword had hit nothing. The real Tian Xingzi was still standing in the distance, staring at him with the same mocking expression.

“Bang!” The palm struck into his body.

Yunxiao only felt that the palm strike had missed, as if it had hit air.

But he laughed hideously and said, “does this trick work on me?.” He clenched his five fingers into a fist.

Suddenly, a force swirled in his palm, and the entire space collapsed toward the center!

“Bang!”

The black-robed man’s body was pulled out of the void and sent flying.

“My Lord!”

The middle-aged man turned pale with fright and hurriedly flew over.

The black-robed man gradually stopped after flying a thousand feet away. A cold light flashed in his black robe, and his eyes were full of anger.

The middle-aged man’s heart trembled. He had never seen the black-robed man’s eyes filled with such killing intent. He could not help but be shocked. “My Lord, are you alright?”

The black-robed man snorted heavily. His voice was extremely turbid, and it was obvious that he was injured. He gritted his teeth unwillingly and said, “Your injury was fake?”

Yunxiao chuckled. of course, I’m injured. It’s just not as serious as you think.

The flesh on Tian Xingzi’s face twitched involuntarily for a moment before it returned to normal.

The black-robed man’s body was heaving with anger as he said, “When did you start using illusions to fool me?”

“What do you think?” Yunxiao asked. You’ve truly obtained the Tusita peak within your black robe. When you threw out the fake Tusita peak to attack me, I saw through it. I was just playing along to lure you into the trap.”

The black-robed man was shocked, and he felt his hands and feet turn cold. “There’s a trick hidden in the technique. First, you cast a small technique to confuse me and let me see through it on purpose, but it’s to hide this great illusion technique! Gu Feiyang, you’re getting more and more scheming!”

it's not that I'm more scheming," Yunxiao said slowly. it's just that my opponent is you. How can I not be careful? " The leader of the dark agents, Lord Shang Chen! Besides, I'm already injured. If not for that, that palm strike just now would've been enough for you to suffer."

"You saw through my identity before I used the Qi Tian sword?" Shang Chen asked in surprise. How is that possible? I don't believe it! Your moon pupil's eye can't see through my dark art!"

my Lord, " Yunxiao sneered, " you've been cultivating in seclusion in the Holy region all day. Is your brain damaged? " We must look at the problem from the perspective of development. Daren, you should carve a boat and ask for a sword."

Shocked and bewildered, Shang Chen looked at Yunxiao's clear eyes, which seemed to be mocking him, and he felt extremely embarrassed.

"My Lord, please calm down. Don't be angered by the other party," the middle-aged man hurriedly said.

Shangchen's heart jolted with shock, but he suppressed his emotions and said,"You're right."

Yunxiao's eyes turned to the middle-aged man and said, " "What's your relationship with Qiu Mujie?"

The middle-aged man's body trembled slightly, and fear flashed across his face. Then, he slowly laughed coldly, " haha! Sir po Jun really has good eyes, I only made a small move and you saw through it. I, Yi Xi, have indeed learned a few under mad hero."

so, you're Qiu Mujie's godson, " Yunxiao said sarcastically. I've heard mad hero talk about you before.

"You coward! What godson? that was pure nonsense! What right does a madman like Qiu Mujie have to be my foster father?" Yi Xi was so angry that his face turned red.

Alright, alright, " Yunxiao interrupted. I don't care what your relationship is. It doesn't matter if you're his son or he's your son. I'm asking you, do you want to stay here and die or leave alive?"

Yi Xi's expression changed several times. She glanced at Shang Chen and coldly snorted, "I'm afraid it won't be that easy to kill me. I admit that Sir Po Jun was once unparalleled, but that was only in the past. Sir also said that we should look at the problem from the perspective of development, not to mention that you are injured now."

you two really can't figure out the situation," Yunxiao said. do you think brother Tian Xingzi beside me is just a decoration? "

"Lord Tian Xingzi, I hope you can stand by and watch today," Shang Chen said. The higher-ups will give you an explanation in the future."

Tian Xingzi's expression was extremely gloomy. He was also at a loss and did not want to offend either side.

Yi Xi suddenly said, " I remember master Tian Xingzi said just now that you have to protect Master Po Jun's life. As long as we don't hurt Gu Feiyang's life, master can stop attacking. This way, we won't go back on our promise.

Tian Xingzi's eyes flashed as he seemed to be moved.

brother, " Yunxiao said coldly, " when you choose a side, you can't always take advantage of both sides. It's impossible to take care of both sides.

Tian Xingzi was shocked. He also understood this logic, but it was difficult to make a decision.

Shangchen said, " Gu Feiyang has a Supreme grade profound level weapon. Soon, the whole world will know about it. By then, his enemy will be the whole world. Even if you dare to fight against the Saints and save him once, do you still dare to fight against the world and save him forever?"

The entire atmosphere became extremely oppressive with Tian Xingzi's breathing.

"Lord Shangchen is right."

After a while, Tian Xingzi said slowly, as if he had made up his mind, and exhaled heavily.

haha! Shang Chen was overjoyed. as expected of an Overlord, my Lord. You're indeed wise and decisive.

Tian Xingzi smiled and raised his hand. "You flatter me. I've made up my mind. Lord Shangchen, if you want to live, you should leave quickly. I believe that as long as you hand over the mountain peak, brother Yunxiao will not make things too difficult for you."

"Eh? W-what?"

Shangchen was startled, and his ears perked up as if he couldn't believe what he had just heard. "What did Milord say?"

Tian Xingzi's expression darkened. He snorted. Shangchen, are you really stupid or are you just pretending? can't you even understand human language?!

Shangchen was stunned for a moment before he finally snapped, "Tian Xingzi, you're really old and muddled! How dare you make an enemy of a Saint!"

you're the old fool, " Yunxiao sneered. how dare you talk to your brother like that? "

"Hmph! As expected, you're looking for death. I'm only giving you face because you're the Secretary of the sanctuary division. Since you don't need it anymore, I'll take back my face!"

Tian Xingzi's aura exploded. He raised his hand, and suddenly, the sky and earth surged. A powerful force gathered in his palm.

Yunxiao's eyes shone with joy. This was the true extraordinary power.

Before this, Tian Xingzi did not put in any effort, but when Shang Chen forced him to make a choice, he had completely and sincerely sided with Yunxiao.

...

“Blue howling tyrant fist!”

Tian Xingzi shouted and clenched his fist. Instantly, all the clouds in the sky were held in his palm. A huge fist shadow appeared in the sky, sweeping across the horizon like a meteor.

“Run!” Shang Chen shouted in alarm.

With a wave of his black robe, he instantly covered Yi Gu and turned into a black light to escape.

“Bang!”

The green fist caught up with the black shadow and shattered it into pieces. A vast force rippled in the air and swept everything!

“Eh? It’s a very strange technique.”

Tian Xingzi tilted his head and looked for a while, then said, “He really disappeared without a trace. He disappeared from my perception.”

Yunxiao laughed. Shangchen is the Secretary of one of the two most mysterious divisions in the Holy realm. How could he have sat there for so many years without some real ability? he even took Dou Shuai heavenly peak.

“Can little brother’s eye technique see through his technique?” Tian Xingzi asked.

it’s not a big problem under normal circumstances, ” Yunxiao said. but I’m severely injured at the moment, and it’s difficult for me to exert the power of my eye technique to the extreme. I have a certain understanding of Shangchen’s dark arts. They won’t be able to escape my chains of law, so I’ll use this opportunity to recover.”

...

Tian Xingzi nodded. with brother's technique of swallowing like a whale, it will only take a few minutes for you to fully recover. It won't be too late to kill them then.

All of a sudden, a streak of black light appeared not far away, transforming into a shriveled face. It flashed before reverting back to a ball of light as it attempted to fly away.

I made him show up with a few words, " Yunxiao chuckled. that's much more useful than an eye technique.

Tian Xingzi also sneered, and said, " Hmph, so what if you're strong? the weakness in your intelligence can't be made up for no matter how much you cultivate. He stretched out his five fingers and made a grabbing motion. The sky stagnated and continued to collapse toward his palm. The black light struggled a few times with all its might, but it was unable to escape.

"Bang!"

The black light suddenly exploded, turning into two figures that separated.

"Let's fight them to the death!" Shang Chen bellowed.

He wielded the Qitian sword instantly, and a huge sword shadow appeared in the sky. Runes kept flashing in the surroundings, and all kinds of strange patterns emerged one by one.

"Slash!"

Shang Chen formed an incantation gesture with one hand, and the entire sky was split open as he pointed his sword at Tian Xingzi's palm.

Yi Xi gritted his teeth and threw out several talismans. They exploded in front of him one by one and turned into seven coffins, which were painted with all kinds of talismans.

The one in the middle was dark gold in color, while the other six were dark red. The two colors were very eye-catching, but they looked very strange when matched together.

Yunxiao's eyelids twitched, and a strong killing intent flashed in his eyes.

He had seen this technique before on yang yuanshu, who used the corpses of experts as puppets to set up a formation. It was extremely powerful.

Although this move was full of imagination and made people gasp in amazement, it was really disdainful and extremely disgusting.

Tian Xingzi looked coldly at the sword. Suddenly, he saw the seven coffins from the corner of his eye. He was stunned and frowned.

“Bang!”

“Bang!”

“Bang!”

The seven coffins exploded, and the bodies inside all emerged.

Everyone's expression was dull, but their edges and corners were clear. They all had excellent temperament and were wearing armor, as if they were alive.

The one in the middle was wearing a golden crown and a battle robe. Under his heroic bearing, if it wasn't for his lifeless face, one would have thought that an Overlord had arrived.

“This is a Kasaya!”

Tian Xingzi suddenly sucked in a cold breath, and his eyes were filled with horror. He had actually forgotten that Shang Chen had slashed down with his sword, and he involuntarily exclaimed, “Lord ding feiche!”

Chapter 1590-splitting heaven and earth

The Qitian sword slashed down and hit the dazed Tian Xingzi. A huge sword radiance burst out and shot into the sky.

Everything within a radius of a thousand feet was struck by the sword power, and even Yunxiao was forced back a thousand feet.

Shangchen was overjoyed, but he didn't dare to be negligent. He hurriedly made a hand seal and sent one incantation seal after another into the sword power in front of him.

Immediately, countless symbols began to roll. It was as if the ocean was being boiled. The entire sky was boiling, and rumbling sounds could be heard.

Yunxiao's face was filled with surprise. Shang Chen's attack was almost his life-long technique, and Tian Xingzi was struck while he was absent-minded. He was afraid that he would be in great trouble.

Even after this strike, Shangchen still didn't seem to be at ease. With a flick of his black robe, he disappeared from where he stood.

In the next moment, a huge black shadow appeared in the sky, and a light purple palm print slowly appeared. Countless black runes appeared in the surroundings, and it fell from the sky.

“BOOM!”

The palm Power crashed into the gradually weakening sword power. The two forces overlapped and set off a storm again.

The boundless power spread in all directions, and the entire sky was shattered.

After two moves, Shangchen retreated a hundred Zhang and landed beside Yi Xi. He stared in front of him vigilantly. At the same time, he grabbed a handful of pills and stuffed them into his mouth. He chewed twice and swallowed them.

The spatial storm gradually dissipated, and everyone looked inside.

A gray eggshell appeared in front of everyone's eyes. On it were array patterns that were neatly arranged. It looked like a turtle shell, but also like a huge walnut. In the middle, there was a large and strange character, and they could vaguely recognize the word “.”

what?” Yunxiao's pupils constricted as he cried out in surprise, “black armor!

Shangchen and Yi Xi both trembled with shock and immediately became alert.

The so-called “polka-black armor” was the shell of a true spirit, one of the hardest things in the world.

“Ka! Ka!”

A sound came from inside the walnut, and the shape of the egg shell opened up. It kept shrinking and turned into a square array plate, which was held in Tian Xingzi's hand.

His face was dark and his long hair was fluttering in the air. His eyes were sharp as a knife as he stared at the formation plate in his hand.

“Bang!”

The array board suddenly exploded into countless pieces and slowly scattered in the air. When the wind blew, they all turned into ashes and scattered into the world.

“It shattered in the wind, it’s indeed the black armor. It’s not simple to be able to use a highgod’s strike to such an extent.” Yunxiao murmured in admiration.

“Hmph!”

Tian Xingzi snorted and clenched his right fist. A burst of earth energy exploded and his aura continued to rise. He said coldly, “That sword just now was the sword that killed yourself!”

His figure suddenly rose up and instantly appeared in front of Shang Chen. Then, he suddenly smashed his fist down!

The entire space was compressed to the extreme, and Shang Chen’s entire figure was completely deformed. His internal organs collapsed toward the center. In his horror, he gritted his teeth and raised his sword to slash out!

“BOOM!”

The fist force hit the tip of the sword, and a stream of power swirled around the long sword, making the whole Qitian sword tremble.

“Bang!”

The black robe on Shang Chen’s right hand was torn apart, revealing his emaciated arm. The blood vessels on his arm had all burst, and he was sent flying.

Tian Xingzi smiled cruelly. Just as he was about to step forward, several attacks suddenly flew in from both sides, all extremely sharp.

“Hmph!”

He roared in anger and struck out with his palm.

“Bang!”

“Bang!”

Several explosions rang out, scattering all the attacks in the surroundings. Vaguely, he could see several figures surrounding him. They were the seven corpses.

The person in the lead wore a golden crown and held a halberd in his hand. He stood in front of him in an awe-inspiring manner.

Tian Xingzi calmed down and stared at that person for a while. Then, he looked at the others and finally looked into the distance, “You really do deserve to die, upper earth. He even dug out his own master.”

“What?”

Both Yunxiao and Yi Xi were taken aback, and they turned to look at the Golden-crowned corpse puppet. Although the corpse puppet’s face was lifeless, there was a boundless loneliness.

Tian Xingzi said coldly, “Lord Ding Feizhi, the ruler of the Holy region hundreds of years ago. He came from the dark side and was the master of Shang Chen.”

“You don’t need to meddle in dark master’s Affairs,” Shang Chen snorted coldly. I understand Shizun’s character the most. Letting him see the light of day again, he’ll definitely be very happy.”

“Haha, no wonder Daren did everything possible to get this corpse puppet out. So it was on purpose, haha!” Yi Xi laughed loudly. This corpse puppet was a priceless treasure to him. He had long known that it had a great background, but he had not expected it to be so great.

Both Yunxiao and Tian Xingzi felt a chill run down their spines. These two had deceived their Masters and destroyed their ancestors, and it could be said that Birds of a Feather really did flock together.

Tian Xingzi snorted coldly, "Lord Ding Feizhi is a senior that I respect very much, now I can only offend him .."

"You're wrong, elder brother," Yunxiao said. "Let him return to his dust and earth. That is the greatest respect."

"Yes," Tian Xingzi replied. He stretched out his hand and made a grabbing motion. Soul Slayer suddenly appeared, and the blade light opened up beside him.

"Tian Xingzi, there's still time for you to stop now. Let's forget about everything that happened before," Shang Chen said with a gloomy expression.

Tian Xingzi sneered, "Not haggle?" "You shattered my black armor and you're telling me that I'll let it go?"

"The black armor is precious, but I'm willing to offer something of equal value as compensation," Shangchen said. "Besides, you were the one who provoked me time and time again, so I had no choice but to take action."

"Something of equivalent value? Even your life isn't worth that much money!"

Tian Xingzi's expression turned cold, and Soul Slayer's saber slashed down. Without any fancy moves, the saber locked onto the seven corpse puppets!

"Even if you're a divine transcendence expert, you're still underestimating my means!" Yi Xi said angrily. His hands rapidly formed hand seals, and countless incantation seals danced around him.

...

The seven corpse puppets seemed to have intelligence. They retreated 100 feet, but they didn't escape. Instead, they attacked separately and formed an array formation.

The huge ring of light suddenly rose into the sky, and countless runes flickered on it. It then shrank toward the center and pressed down on Tian Xingzi.

“BOOM!”

Soul Slayer saber's Saber Light struck the Halo, and the saber spirit emerged. It roared and tore with its bare hands, shattering heaven and earth!

As the seven corpse puppets were forced back, Yi Xi's heart was filled with horror. Large beads of cold sweat appeared on her forehead, and her hands and feet were cold. She seemed to have realized how terrifying her opponent was.

“Don't panic,” Shangchen said. Although Tian Xingzi was strong now, it was obvious that he was lacking in the follow-up. Even though my Qitian sword was blocked by the armor, the sword Qi still injured him. It seemed that he had been unable to do it from the beginning. Control my master's body and use the secret technique I taught you!”

Yi Xi finally calmed down. He put his hands together in front of him and kept making strange hand seals.

After the seven corpse puppets were forced back by the attack, they let out a terrifying groan. Their eyes all opened at once and turned red and yellow.

Everyone's aura was constantly rising, and their postures and seals were different. He seemed to be trying his best to recall what he had learned before he died and was constantly using it.

One of the corpse puppets suddenly burst out. The iron truncheon in its hand was unsealed, and it struck down from the sky!

“Hmph! When he was alive, he was only a peak nine-star expert. After he died, he didn't have any strength left. He's like a Mantis trying to stop a chariot!”

...

Tian Xingzi clenched his five fingers and slapped out.

“Bang!”

The Zombie’s iron truncheon trembled as it was sent flying.

After that, a few more figures flickered. Every corpse puppet seemed to have recalled the ultimate technique of their life and attacked ferociously.

Tian Xingzi’s brows furrowed. Although the power of these corpse puppets was far inferior to when they were alive, they seemed to be even more difficult to deal with because they could no longer be killed.

The chest of the corpse puppet that had been sent flying earlier had caved in, and its internal organs were definitely shattered. However, it was still fine as it roared and charged again.

Yunxiao could see it clearly. These seven corpse puppets were much more powerful than yang yuanshu’s. They must have been specially refined, and their bodies had an extremely strong endurance and were difficult to break.

Moreover, Tian Xingzi’s condition was indeed constantly declining. He had not been able to recover after the battle with Huangfu bi, and he had indeed been injured by the slash of the upper Earth Qi heaven sword.

“Die!”

Tian Xingzi was also enraged. He slashed down with his saber, and instantly, saber shadows filled the sky. They were like cutting machines that pushed in all directions. The entire space shattered, and he wanted to drag those corpse puppets into it.

“BOOM!”

A corpse puppet was attacked by the storm of blades and was instantly ground into pieces.

Yi Xi was shocked and hurriedly controlled the corpse puppets to retreat.

Suddenly, a ray of light flashed and a crack appeared in the sky. A passage was opened among the blade shadows.

A halberd appeared in the air and struck down.

Tian Xingzi's pupils shrank, and he slapped a seal into the blade. In an instant, a bright blade shape flew in the sky and slashed toward the halberd.

“BOOM!”

The two forces collided and the boundless Saber Force swept across Ding Feizhi's body.

Ding Feizhi's body continued to split open but the lifeless him did not retreat. He continued to take a step forward and used spatial bending.

The halberd formed a seal in front of him. He opened his mouth and exhaled, as if he was making a weak sound.

A terrifying power spread out from the halberd and smashed down on Tian Xingzi's head!

Tian Xingzi was shocked. Although the other party was already dead, he did not dare to be careless. He took a few steps back and raised the saber in his hand. Like a Peacock spreading its tail, countless shadows appeared behind him.

“Lord Ding Feizhi, I'm sorry!”

His entire body exuded a sharp aura. The tens of millions of saber shadows converged into one and suddenly slashed down!

Yunxiao suddenly trembled and cried out in alarm, " "Be careful!"

Shangchen had disappeared from the spot and suddenly appeared not far from Ding Feizhi. The Qitian sword in his hand was unsealed again, and countless runes surged up. His eyes were cold.

The light of the halberd became extremely dazzling in an instant, reflecting with the Qitian sword. A giant spiritual phenomenon emerged between the two of them, towering into the sea of clouds and overlooking the earth!

The two forces circled in the sky, one green and one yellow, and finally merged into one, turning into a huge battle axe.

The giant spirit made a grabbing motion, and the battleaxe emitted a scorching, strong light. It was raised high up like the sun.

Everyone's mouths were wide open in shock. Shang Chen was also extremely excited, and his entire body couldn't help but tremble.

Tian Xingzi was even more alarmed. An extremely dangerous aura spread in his heart. This was something that had never happened since he stepped into divine transcendence!
