

## **The Eternal 1591**

### Chapter 1591-original sin

“Tian Xingzi, you’re seeking your own death, so don’t blame me!” Shang Chen shouted excitedly. Eat this divine skill-Genesis!”

“BOOM!”

The giant spirit hacked down with the light axe, and the whole world fell into chaos. It was as if the heaven and earth had not been separated, and the sky was like a chicken egg.

That axe light cut through the chaos and endless light shone down, landing on Tian Xingzi’s blade light!

The two forces collided fiercely, and the saber Light shattered continuously. Tian Xingzi’s entire body swayed unsteadily under this divine skill, as if he would be annihilated at any time. He continued to roar and poured all his strength into the saber, but he still couldn’t block this power!

“BOOM!”

The entire ground caved in and split open for a thousand miles. Wherever the light passed, a terrifying energy storm swept through everything!

Yunxiao’s heart trembled as well, and he was forced back by the impact while he transformed into a golden body to resist it.

The strength of this power had even exceeded his understanding, not the slightest bit weaker than the ghost king he had met outside Red Moon City. In his countless experiences, the only thing that could suppress this move was the six paths demonic weapon of a demon master.

“Boom boom boom!”

A deafening boom reverberated through the heavens and earth as the giant spirit disappeared. Shang Chen's face was flushed red and his body trembled slightly as if he was extremely excited.

There were three corpse puppets standing side by side in front of Yi Gu, and they all displayed protective light rays to protect him behind them. Their bodies were already badly damaged.

The remaining few corpse puppets were directly turned into ashes by the aftermath of the attack just now.

Yi Xi's heart trembled violently, and beads of sweat dripped down from his temples. This was the power of divine transcendence, which made his heart surge.

"Hahahaha!"

Shangchen's maniacal laughter resounded from the sky. It was somewhat hair-raising. "Now you understand why I wanted my master to be born!"

Yunxiao wiped off his cold sweat and said, "so, it's a joint attack. Besides, after ding feizhi died, he only has one body now, and his strength is very weak. He is almost as strong as you, and his cooperation is even better.

"Lord Vanquisher is indeed intelligent," Shangchen replied coldly. However, this move, splitting heaven and earth, was not a joint attack. It could only be used with extraordinary power. It's a pity that I've been stuck at the door and unable to break through the shackles of the martial Dao. Only through this method, using the remaining martial essence in master's body to perform a joint attack, can the divine skill be reproduced!"

"When my master was alive, he used this move to kill divine transcendence beings," he said excitedly. No matter how strong Tian Xingzi is, I'm afraid he's already an arrow at the end of its flight. Let's see who can save you!"

Yunxiao looked at the constantly changing and flowing space in front of him. Tian Xingzi had disappeared, and he was afraid that the situation was not good.

after today's battle, I'm afraid myriad Star Valley has completely cut off all ties with the Holy region.

"Hmph, there are no eternal enemies in the world, only eternal interests. After I kill you, there won't be any conflict between the Holy region and myriad Stars Valley. Lord po Jun, you are the original sin, let me cut off your sin and send you to your death!"

Shang Chen took a step forward with the Qitian sword in his hand. His breathing was very turbid, and it was obvious that he had consumed a lot of energy in the last move.

Ding feizhi placed his halberd behind his back and stood there quietly without any emotions.

"The existence of the Holy region was originally to maintain the peace of the world, but in the past few years, it seems to have become the instigator of all kinds of trouble. Do you want the world to fall into chaos? What are the five Lords thinking?" Yunxiao said calmly.

"The five Lords have their own plans," Shangchen sneered. "If you're really thinking about the world, then hand over the Saint artifact and Yuan gaohan." Not only will the world be safe, but even you will be able to keep your life. I finally understand why Yuan gaohan's second soul has never been found. It's in your Saint artifact! Hehe, I was right to say that you're an original sin!"

original sin? " Yunxiao asked. Hmph, don't you have any shame? The red moon City was completely massacred, and the entire Eastern Region was in a state of panic as the cards were reshuffled. The fall of the long family of the sky Ridge would definitely cause chaos in the long family and become the beginning of chaos in the North Region. The myriad Stars Valley's Valley master is seriously injured, and the Western Region's two poles are in an imbalance. The future situation is bleak, and which one of these isn't caused by you?"

"Haha, that's quite a thorough analysis." I didn't think that much, " Shangchen sneered. the existence of the dark agents is to obey orders and do things that the sanctuary can't do in public. It's useless for you to argue with me. In short, I'm definitely taking the Holy artifact and Yuan gaohan today!"

"Tsk!"

Yunxiao sneered and said, 'Are you sure? Who gave you such confidence?'

“Confidence comes from one’s own strength, not from anyone!” Shang Chen snorted. die! he raised the Qitian sword and shouted, “ since you refuse to come to your senses, then die!

A ray of sword light slashed through the air. In addition to the power of the sword itself, there were also countless strange runes spinning around, constantly devouring the spiritual Qi in the sky.

Yunxiao took a step back and flew backward as he said, “ “Since you know that I have a Saint artifact, aren’t you afraid that there’s an expert hidden in it that will make it impossible for you to return?”

Shangchen sneered, “why are you still pretending?” There were only a handful of truly powerful people in the world. If there were, they would have appeared long ago. Why would they still be hiding now? In addition, with my master’s and my strength, there are not many people in the world who fear us!”

Yunxiao snorted as he turned into a Thunderbolt and kept spinning under the sword Qi.

Suddenly, a cold light flashed in his hand, and a sword light slashed out without any warning. It hit the strange runes, and with a “ Hong ” sound, it exploded. The entire area was instantly blown up, and a bolt of lightning instantly flew out.

Shang Chen was startled. as expected of Lord Vanquisher. He was the number one swordsman back then. He was able to see through the weakness of my technique with a single glance. He was able to break through it with just a single point. But even if you can escape one move, can you escape the second?” He raised his sword and his eyes turned cold.

“The prerequisite is that you can use a second move.”

A calm voice rang out, and a green light appeared in the sky. Beiming Nan’s face flashed across the sky, and a huge sword shadow slashed down!

“What? It’s so strong!”

Shang Chen's heart jolted with shock. The power of this sword strike wasn't any weaker than his own. He hurriedly changed his direction and met it with his own sword.

"BOOM!"

The two sword intents collided in the sky without any tricks. The terrifying power turned into light rings and dispersed. There was even a strong light that shot into the sky.

Shangchen's entire body trembled. He was actually at a disadvantage in this head-on collision, and his body trembled violently.

Countless strange sword talismans appeared in the surroundings, dancing up and down, flashing with green light, giving off an extremely dangerous aura.

The sword talismans turned into corpse puppets that were green in color and flew up.

"Ah?"

Shangchen couldn't help but let out a low cry as he sensed the danger. He suddenly slashed open a passage in the sky with his sword, crushing countless corpse puppets to pieces as he tried to retreat from the battle.

However, a sword aura had already formed in the sky. Beimang Nan attacked in white, and the cold light shone on his pale and handsome face, making him look cold.

"Octagon reflection, focus as a sword!"

The sword aura slashed down toward Shang Chen's head, covering a radius of a thousand feet and sealing off all his escape routes.

Shang Chen was greatly shocked. The other party was fighting him head-on with no regard for his life, as if he was certain that he didn't have enough follow-up power. If he was at his peak, he naturally wouldn't be afraid, but now he was indeed at a disadvantage.

"Yi Xi, quickly ask my master to take action!" He suddenly roared and did not dare to wait for help. He poured all his power into the Qitian sword and blocked the attack with a soaring sword force.

...

Yi Xi was also greatly shocked. He hurriedly made a hand seal and controlled it.

Ding feizhi swung his halberd and a red light shot out towards beimang Nan.

"BOOM!"

The two sword auras intertwined and were completely shattered by the red light. The whole world collapsed, and both beifeng Nan and Shang Chen were sucked into it. Then, they were both sent flying.

"Pfft!"

Shang Chen spurted out a mouthful of blood. This was the first time he had been seriously injured since he had appeared. His face was pale as he raised his head and stared in front of him with hatred.

Bei Xiaonan stopped a thousand feet away. Although his complexion was not good, his face was still white and his lips were red. He was extremely handsome.

"Who are you?" Shang Chen shouted in shock and anger.

"Ask more," said beiming Nan.

“You coward!” Shangchen was so angry that he almost spat out another mouthful of blood. After calming himself down with great difficulty, he said in a cold voice, “Since you’re looking for death again, Tian Xingzi will be your example!”

With a wave of his black robe, it immediately covered the sky and the earth, covering a thousand feet, and pressed toward Beimang and Nan.

...

At the same time, Ding Feizhi held his halberd and arrived in front of Beishen Nan with one step. He swept his halberd across.

Beifeng Nan’s expression changed slightly. He brandished his long sword and blocked the halberd with a clang, using the momentum to push it away.

Suddenly, a strange suction force descended. All of his Yuan power was madly gushing out of his body and being sucked away by the black robe in the sky. It was as if a black hole had appeared above his head. Not only was his Yuan power being pulled, but his body was also being pulled by a strong force.

“Dark art?” Beifang Nan frowned and immediately pushed the halberd away, retreating backward.

“You want to leave? It’s too late!”

Shangchen’s angry voice came from within the black robe, and the black-robed man chased after him.

Beifeng Nan slashed out a ray of sword Qi towards the sky, but it instantly disappeared into the sky. He couldn’t help but frown even more.

Suddenly, the temperature in the surroundings rose sharply, and the entire sky became a little hazy. White smoke continued to rise from the ground, and the entire world became a furnace without any warning.

A white cloud was instantly burned red. It was like cotton that was constantly being squeezed out of shape. Finally, it turned into a Firebird and let out a long cry that pierced people's hearts.

The Firebird spread its wings, and its gorgeous form occupied Half the Sky. It kept dancing, making people dazzled.

true spirit Fire Phoenix?! Shangchen's voice came from within the black robe. His voice was filled with disbelief, and it even trembled slightly.

The Phoenix flapped its wings and swooped down. Its eyes were clear and full of spirit.

"Swish!"

The black robe that was half an acre in size was suddenly set ablaze. The flames quickly spread and burned more than half of it.

"Ah!"

The black robe instantly shrank, and in the blink of an eye, it turned into the figure of Shang Chen. His body was covered in fire, and he kept patting the fire on his body, but it couldn't be extinguished.

He hurriedly formed hand seals with one hand, and his entire body was like a black hole, instantly devouring the surrounding spiritual Qi and flames. The divine flame struggled for a moment before it was continuously sucked in.

Chapter 1592-dust to dust, earth to earth

The flames that filled the sky rolled and gathered on the Phoenix. The Phoenix's body gradually shrank and gradually turned into a human figure.

Shang Chen's eyes widened in horror as he saw the figure land in front of him with a sneer on her face. She then stretched out her soft and delicate hands and made a seal.

“Eight Treasures fire butterfly.”

Her red lips opened slightly, and she felt that the incantation seal was in a trance for a moment. Cold sweat suddenly broke out on Shangchen’s forehead, and he found that countless butterflies were stuck to his black robe, desperately flapping their wings.

The wings of those butterflies were covered with strange symbols, each of them exuding a violent flame aura.

“My Lord, don’t be afraid. They are very gentle when they explode.”

Fei Ni chuckled as her hair fluttered in the wind and she changed her hand seal.

“Ah?”

Shangchen let loose a loud cry, and his long robe billowed up like a cloud as he attempted to escape.

“BOOM!”

The fire butterflies exploded in an instant, covering the two of them. The flames spread out for a thousand feet, dyeing the sky red.

In the distance, Yi Xi was extremely shocked. Large beads of cold sweat trickled down his face, as if he had realized that the situation was getting worse.

Ding feizhi’s body moved and he rushed into the fire and slashed out with his halberd. The wind on his body instantly blew away the fire and the cold halberd turned into a red light, locking on to feini and slashing down.

Feini was shocked. Half of his body turned into flames and he retreated.

However, the halberd was unusually sharp. It completely ignored the existence of space and pointed directly at his heart.

Suddenly, feini's body twisted and was sucked away by a force.

A figure appeared behind him, and amidst the flickering golden light, it was Yunxiao who had used the moon pupil and absorbed the man into his right eye. At the same time, he transformed into three heads and six arms, an indestructible golden body.

The four arms behind him all opened up and grabbed at the halberd.

"Clang! Clang!"

The four golden arms grabbed onto the halberd blade and cut open his palm. Red blood flowed out and dripped down.

The halberd continued to push forward until it stabbed into his chest, making a metallic sound and slightly red.

Yunxiao frowned slightly, but his four arms still held the halberd tightly. His hands kept making incantations in front of him, sending out one seal after another, all of which were thrown at ding feizhi.

Rays of light surged from ding feizhi's body. Those seals passed through his body and became more and more, covering his entire body.

"What are you doing?" Yi Xi exclaimed in shock as he realized that the connection between him and ding feizhi was being cut off.

The three corpse puppets who had been standing guard in front of him immediately rushed at Yunxiao.

"Hmph!"

Beifeng Nan snorted, and a wave of sword light swept over, forcing the three men back.

However, Yi Xi was already in a hurry. He desperately controlled the three corpse puppets to rush forward, forcing Beifeng Nan to retreat.

“Impossible! How do you know the sealing technique? It’s impossible!”

All of a sudden, the connection was cut off. Yi Xi’s face turned pale and his eyes were as pale as dead ash.

As the last incantation was injected into Ding Feizhi’s body, the elemental energy waves on his body finally stopped. He became like a normal corpse and did not move.

A red beam shot out of Yunxiao’s right pupil, transforming into Feini’s true form several feet away. My husband! she cried out happily. She jumped over.

Yunxiao sighed and gave Ding Feizhi a rather emotional look as he said in a lonely voice, “Feini, send this Lord to where he should be.”

He had learned the sealing technique from searching Yang Yuanshu’s soul, so he hadn’t expected it to be of use.

“Yes!”

Feini immediately understood Yunxiao’s meaning. She performed an incantation gesture with one hand and spat out a stream of flame.

“Hu hu!”

Ding Feizhi’s body started to burn.

“Don’t!” Two shrieks could be heard.

Yi Xi was so angry that he pounded his chest and stomped his feet. Not far away, Shang Chen’s figure appeared, and he was shouting and gnashing his teeth. He looked like he was about to go crazy.

But now, he understood that the situation was hopeless. After a moment of anger, he turned into a black light and left.

“You want to leave? My Lord, you seem to have forgotten to leave something behind, right?” In a flash, Yunxiao stood in front of Shang Chen and pointed a finger at him. Thirty-six Northern heaven cold star swords hung upside down in front of him, shining with a cold light and locking onto him.

“Are you trying to kill me?” Shang Chen was so furious that his entire body trembled.

Yunxiao chuckled and said, “My Lord is the head of a division in the Holy region, so of course I wouldn’t dare to kill him. However, it’s better for you to leave the Tusita heavenly peak behind. Otherwise, you won’t be able to leave.”

Feini turned into a beam of red light and landed beside Yunxiao. She looked at Shang Chen with a smile, which made him feel very afraid.

“Hmph, I’ll remember today’s matter!”

Shang Chen flicked his sleeve, and the Tusita peak flew out. There was no fluctuation of origin power on it, nor was there any light, as if it had been sealed by some secret technique.

At the same time, fearing that Yunxiao would change his mind, he fled a thousand feet away, leaving only a black dot in the blink of an eye.

“Wait for me, my Lord!” Yi Gu was startled and hurriedly said.

With ding feizhi dead, Yi Xi was no longer of any value to Shang Chen. He didn't even bother to pay attention to it and had already disappeared from everyone's sight.

"Swish Swish Swish!"

Yunxiao pointed with one hand, and the thirty-six Northern heaven cold stars flew up, cutting off Yi Xi's path and trapping him like a cage.

Yi Xi was shocked. Lord po Jun, I'm also from the sanctuary now. I'm under the direct command of Lord Wei Qing of the administrative division. You can't kill me!

...

don't be nervous," Yunxiao said with a smile. I won't kill you.

Yi Xi was overjoyed and heaved a sigh of relief. As long as he didn't die, everything else could be discussed. thank you for your magnanimity, Lord po Jun!

don't thank me," Yunxiao said, waving his hand. because someone else wants to kill you.

"Who is it?!" Yi Xi immediately became alert.

crazy Jie," Yunxiao laughed. you've been hiding and watching the show for so long. It's time for you to come out, right? "

Yi Xi's face instantly turned pale, and his body couldn't help but tremble violently. He could even hear his teeth chattering.

"Hmph, unfilial disciple, unfilial son!"

A bone-chilling voice sounded in the air, making Yi Xi feel as if he had fallen into an ice cellar. He could not feel any warmth at all. He suddenly burst into tears and knelt down in the air. He knelt down and kowtowed to the figure that was gradually appearing in the distance. He kowtowed desperately and begged for mercy, "Foster father, foster father, please spare me! I know I'm wrong, I won't do it again, foster father, foster father!"

The words "foster father" were clearly spoken, but the smile on Qiu Mujie's face grew colder and colder. The corners of his mouth curled into a cruel smile as he said, "Foster father? Didn't you just say that it was all nonsense? I'm just a lunatic, how can I be qualified to be your foster father?"

Yi Xi's body trembled even more violently. It turned out that the other party had been hiding in the surroundings all along. He was already flustered and completely out of his wits. He could only keep shouting "I'm wrong" and "I won't dare to do it again. his head kept knocking on the ground so fast that it seemed to leave afterimages.

Qiu Mujie slowly walked over and sighed. sigh, I didn't expect you to betray me. You've really hurt my heart.

...

When Yi Xi heard that the other party's tone seemed to be a little soft, it was as if she had caught a life-saving straw. She cried bitterly and said, "It's my fault. Please spare my life, Lord Foster father. I was also threatened by Wei Qing, and in a moment of greed and fear of death, I did what I couldn't do to father Yi. I don't care if I die, I just hate that I can't find Wei Qing to take revenge for my foster father. I hope that you can keep your useful body, and it's enough to die in Wei Qing's hands!"

"A useful body?"

"Since you're willing to correct your mistakes, I'll fulfill your wish this time and let your 'useful body' be of some use," Qiu Mujie sneered.

He took a step forward and his five fingers immediately stabbed into Yi Xi's head. With a "bang", five bloody holes appeared.

“Ah!”

Yi Gu’s body trembled in pain. He wanted to resist, but he found that an extremely strong pressure had directly suppressed him, and he couldn’t move at all. His soul was being extracted bit by bit.

“It’s rare that you’re repenting, so I’m giving you a chance to atone for your sins. Extract your soul and pass me the useful information inside,” Qiu Mujie said.

In the distance, Yunxiao and beiming Nan were both expressionless and watching coldly.

Yunxiao took a closer look at the Tusita heavenly peak in his hand. There was a faint layer of dark aura on it, which completely covered the power of the peak. It was none other than Shang Chen’s dark art.

He estimated that it would not be difficult to break this technique. He could take the opportunity to refine this profound level weapon again and completely destroy the spirit of the foul land of the nine nethers.

On the other hand, Fei Ni’s emotions were affected by Yi Xi’s screams. Her face turned white and she felt that it was too cruel to look at, so she turned her head slightly.

Normally, when people read someone’s memory, they would just send their divine sense into the other party’s sea of consciousness to search. If they were lucky, the other party would only lose a little bit of memory. If they were unlucky, they would end up as an idiot for life.

On the other hand, Qiu Mujie had directly extracted Yi Xi’s soul to read his memories. After reading his memories, Yi Xi’s soul could only be destroyed. This father and son duo were both ruthless people.

Fortunately, Yi Xi’s screams only lasted for a short while before he was basically dead. All that was left was a ball of yellow light struggling in Qiu Mujie’s hand, which immediately dissipated with a slap.

“My good son, you’ve been cleared of your sins.”

Qiu Mujie slowly exhaled and closed his eyes, as if he was digesting those memories.

Yunxiao put away the Tusita heavenly peak and said with a smile, " congratulations to Lord Mujie for recovering from his injuries and getting his revenge.

"Hmph!" Qiu Mujie coldly snorted before opening his eyes slightly and saying,"That Shang Chen couldn't have escaped. Why didn't you kill him? I don't believe you don't dare to."

Yunxiao smiled and said, " brother Mujie has been eavesdropping for a long time. I'm sure you already know what I'm doing here. If he killed the high heavens, the sanctum would be the first to sense it. At that time, they would forcefully open the channel and teleport experts over, which would be a big problem. It would be better to let him go. He would probably be too ashamed to ask for help now and would definitely be thinking about the next step. A heavily injured, limited-power-wise highgod will be much easier to deal with than an unknown saint."

Chapter 1593

1593 The Asura sea

"I knew that you're not a soft-hearted and cowardly person. You must be up to something," Qiu Mujie said.

a scheme?" Yunxiao smiled wryly. a scheme? I'm only seeking self-protection."

"Hmph, self-preservation?" Qiu Mujie sneered,"there seems to be a powerhouse with a true Dragon's body hidden in your Saint artifact, right? If he had acted earlier, Shang Chen and my unfilial son would've died long ago, and Tian Xingzi wouldn't have been beaten to the point where his whereabouts were unknown."

yes," Yunxiao said. that friend is indeed in my divine realm tablet. But you have to understand that he's just my friend, not my subordinate. He's not someone you can command as you please."

Qiu Mujie snorted. there's no need to explain it to me. How can I not understand that you're not a good person after getting along with me for some time? What do you plan to do next? Is this the place where Yuan gaohan's two souls merge?"

“Yes,” Yunxiao said. Even though this place was filled with danger, it was still a safe place. The foul soil of the netherworld no longer exists, and the deathly aura that filled the sky will slowly dissipate. Jiangye city will no longer have such a vile environment.”

Qiu Mujie said, “ the foul soil of the netherworld is gone. This piece of land will no longer produce earth Emperor pearls. As a small city at the border, I’m afraid that Jiangye city is no longer of value. The entire city will soon be destroyed.

Feini was stunned for a moment and muttered to herself, “ endless filth brings endless vitality. There is life in the dead, and there is no life after death. She looked confused.

Yunxiao sighed. there is no absolute good or absolute bad in this world. It’s just that you have me in you, and I have you in me. Isn’t your Heavenly Phoenix Nirvana body the same, finding a new life from death?”

Feini’s tightly furrowed brows relaxed and a look of realization appeared on her face. She was like a flower in spring that had bloomed and was full of life. She laughed and said, “ Husband’s words are very true, Feini understood immediately.”

Yunxiao shook his head with a wry smile. He knew that she could not change the way she addressed him, so he let her be. “How’s your Heavenly Phoenix Nirvana body? I can sense an extremely powerful aura that is completely different from before.”

Feini was overjoyed, “that’s right!” After absorbing the true Dragon’s Qi, my Nirvana body has undergone a tremendous change. I feel like I’ve been reborn, and it seems like I’ll be even stronger than after the ninth transformation.”

true dragons and heavenly phoenixes are the two most powerful ancient true spirits, ” Yunxiao said. it’s needless to say that they are powerful. There are no more obstacles on your path of martial arts. As long as you persevere, it will only be a matter of time before you step into the divine transcendence realm. It is even possible for you to break through to the immortal realm.”

“This is all thanks to my husband. Thank you, my husband.” Feini was overjoyed and smiled.

it's my own fortune," Yunxiao said. it has nothing to do with me. I have something to ask you. What do you plan to do with the long family?"

Feini's face was filled with worry. After a moment of contemplation, she said, "I've already decided to leave the long family and follow my husband, so I naturally can't take over the position of the head of the long family. Wait for me to find an opportunity to return the sect leader token to them."

long qianmiao passed the position of family head to you before he died," Yunxiao said. he also gave you the sect leader's token. All the heroes in the world saw it.

Fei Ni was startled and said,"husband means Zhenzhen?"

the world is in chaos now," Yunxiao said seriously. the impact will be widespread, and no force can stay out of it. Both the Eastern and Western regions were in chaos. If the Holy region was not satisfied, it would be difficult to suppress the turmoil in the world. If you can take over the long family, you'll be able to calm down and it'll be of great benefit to the world."

"Since my husband has said so, I shall take over the position of sect leader. From now on, the long family will be my husband's right-hand man and will be at your beck and call!" Feini said.

that's good," Yunxiao said. besides, with your current strength, you are qualified to be an Overlord.

Fei Ni giggled. I don't want to be some Overlord. Just let me stay by my husband's side in peace and be a little woman.

Yunxiao's face was full of black lines. He turned his head away, pretending not to hear.

"I'm afraid it's already too late for you to think about taking over the long family now," Qiu Mujie suddenly said.

Yunxiao frowned. what do you mean? " he asked. what do you mean? " What information did you get from Yi Xi's memories?"

“Wei Qing didn’t come to Wutian in person because he hasn’t recovered from his injuries yet, and he went to the long family in heaven Ridge,” Qiu Mujie replied.

Feini was shocked and snorted, “you’re indeed a formidable person of your generation, a wily old fox!” He has just killed the Lord family head, and now he’s harming the long family. He’ll definitely cultivate his own forces to control the long family, just like in the red moon City.”

Qiu Mujie glanced at her and sneered, the thoughts of a little girl are always so simple. It’s important to control the long family, but Wei Qing’s bigger goal isn’t the power of the long family.

“Then what is it for?” Fei Ni frowned.

Asura ghost?! Yunxiao was shocked.

Fei Ni’s face turned pale. She immediately recalled Tom, Dick, and Harry who had been with her before. They had turned into zombies and were no different from the zombies she had encountered before. In other words, they were living zombies.

“Hehe!”

Qiu Mujie grinned and said somewhat cruelly, “It’s Asura ghost! Members of the long family all possess the bloodline of a true spirit, making them the most ideal vessel for the blood!”

‘This is indeed a big problem,’ Yunxiao said. However, the cost of making ghost Asuras is too high. Other than the container itself, it also costs a lot of money. Even Wei Qing can’t mass-produce ghost Asuras without any restraint.”

“It’s indeed very costly,” said Qiu Mujie. “This makes it even more necessary to control the long family. As one of the seven superpowers, and as the vessel itself, the long family of Sky Ridge could very well become a sea of Asura, hahaha!”

His laughter was filled with pride and excitement. He was very happy that his research results could be widely promoted.

On the other hand, feini's hair stood on end and she could not help but shiver a few times. Her face was filled with fear.

The long family was the place where she had been born and grown up, and she had a deep bond with them. She definitely did not want to see that Holy Land become a living hell filled with walking corpses.

She could not help but grab Yunxiao's arm.

Yunxiao felt a pain in his arm, and then he immediately sensed the fear coming from feini. He patted the back of her hand and comforted her, "Don't worry, it's not as serious as you think. What the ghost Asura needs is the blood of a true dragon that's close to the tenth rank, and any possible existence would have been chosen for experiments long ago. Even for the current long family, it's not that easy to find so many excellent dragon blood descendants."

Feini's lips were a little white. She bit her lips and nodded.

"Haha, the blood of a true dragon? How childish!"

"Do you think that my research results are limited to the blood of a true dragon?" Qiu Mujie sneered smugly. "I'll tell you a piece of tragic news. The result of my research is the blood of true spirits, and not just limited to true dragons!"

"What?" Yunxiao was shocked, and his heart sank. He immediately had a bad feeling.

Qiu Mujie chuckled and said, "the reason why Wei Qing chose all the Dragon blood powerhouses in the first batch is that dragon blood is the easiest to find and the species with the most abundant samples. As long as the bloodline inheritance of other true spirits is strong enough, they're qualified to become a candidate for the ghost Asura, hahaha!"

"Is there a better place in the Asura sea than the long family?" he laughed. "Hahaha!"

Feini's face was almost transparent and she could not even stand properly.

This time, even Yunxiao's face turned pale, and he did not know what to say.

"This is truly a great era." Qiu Mujie grinned hideously. "Although I hate Wei Qing and wish I could kill him, I can't help but think about it. However, I have to admit that only he can bring my research results to greater heights!"

"Abnormal!" Beiming Nan couldn't help but curse.

"Hmph, those who aren't abnormal are all mediocre!" Qiu Mujie replied disdainfully, not hiding the contempt in his eyes.

Yunxiao patted feini's hand and comforted her, "Even if Qiu Mujie's words are true, controlling the long family and producing the ghost Asuras will take an extremely long time. After we're done here, we'll immediately head to the long family and try to minimize the damage."

"The most important thing now is to take over the Asura sea that belongs to the long family," Qiu Mujie said. A Vulture-like aura flashed in his eyes as he said coldly, "if we can control the long family and create a large number of ghost Asuras of our own, we'll be able to sweep across the sacred zone and even the entire world!"

...

"I'm sorry," Yunxiao said. "Although I'm also an Alchemist, and I've praised and marveled at your research results, as well as expressed my endless admiration, I'm still very sorry. However, I'm not interested in this kind of method of refining a living person into a walking corpse."

"Don't forget that the ghost Asura is just a by-product of the God's blood refinement process." Qiu Mujie snorted. "My initial wish was to refine true tenth-grade divine blood and find a path to godhood. And there have already been successful examples, Luo Qingyun!"

perhaps I'll be able to accept it when the success rate reaches an extremely high ratio," Yunxiao said indifferently. "Refining it now is almost certain death. Luo Qingyun's heart of martial arts and will are so

strong that ordinary people can't achieve it. Even if he doesn't refine the God blood, I believe that he will eventually cross the shackles of martial arts."

"Hmph!" "How are we going to increase the success rate without a large number of experiments?" Qiu Mujie sneered. Any research on the human body must be carried out by stepping on piles of corpses."

then you can find some demon beasts and sea beasts to study," Yunxiao said. you can study them," he said.

"Don't tell me that those demonic beasts and sea beasts don't have intelligence and are inferior to humans? do they deserve to die?" Qiu Mujie sneered in disdain.

of course not," Yunxiao said. Who asked the strong to be respected and the weak to be treated like ants in this world? if humans are too powerful, the other races will naturally be in trouble. Although I don't like this kind of bullying and even feel ashamed, it's still better than you using your own kind as an experiment. You're a great Alchemist, and you've been unscrupulously pursued by the secular world. That's why you're not tolerated."

Chapter 1594

1594 The gold space

Qiu Mujie's expression was dark as he sneered,"The mortal world is just an ant in my eyes. I'm dedicated to the highest Dao of sorcery, so what's the harm in sacrificing hundreds of millions of lives? Their lives were so insignificant compared to the art of Dao that they could be ignored. It's their honor to be able to sacrifice their lives for my pursuit. This will also allow their lowly lives to bloom with some light and become more meaningful."

I understand," Yunxiao said. as an Alchemist, I can understand your thoughts. However, what we value might not be valued by others. If you regard the Dao of sorcery as Supreme, others might not care about it. Therefore, you took the lives of others for your own selfish desires and broke the laws of the secular world. Naturally, the secular world would not tolerate you. You think you're high and mighty, but don't forget that you're just an ant living in the mortal world. Even if you have extremely high aspirations, you can't break these rules. Only if you've truly reached the level of being able to rule the world and sweep everything in your path can you change the rules and no one will dare to control you. Unfortunately, you're not."

Qiu Mujie's face twitched, and he snorted heavily before falling silent.

let's not waste any time," Yunxiao said. let Yuan gaohan's two souls merge now and go to the long family in Sky Ridge as soon as possible.

He threw out the divine realm tablet, and it immediately shone brightly. Countless chains of law flew out and spread out densely, sealing the surrounding heaven and earth.

The three-seven Blue Flag in the sky flashed and turned into countless flag shadows, then disappeared.

There was a flash of light on the divine realm tablet, and several figures emerged one by one.

It was Yuan gaohan and the others. The appearance of two identical Yuan gaohans gave everyone a strange feeling.

"The foul air here is still very heavy," Chen Yuyu said. "Will it affect Your Excellency's cultivation?" Now that the pursuer has left, why don't we change our location?"

"No need," Yuan gaohan said. Although this place was somewhat oppressive, it had been occupied by the power of the earth element for a long time. It was also considered a treasured land of Feng Shui and was very suitable for displaying the Starlight soul body. I'll lay down some more tricks just in case."

old Yuan," Yunxiao said, "it's unnecessary for you to set up a defense.

"Hmph, if it was someone else protecting you, it would indeed be a waste of time. As for you, you really don't have much Chi!" Yuan gaohan's face was filled with disbelief as he took out a set of array tools and unfolded them in front of him.

Suddenly, there was a faint flash of golden light in the ground. It was like a piece of beautiful jade that was emitting a dense Qi. It was brilliant and colorful, and the inside was filled with a vast expanse of gold.

“That’s Lao Ai!” The few of them were shocked and looked down vigilantly.

The ground rose slightly, higher and higher, and the ground turned golden, spreading out in all directions.

“A precious treasure has appeared?” feini was shocked.

“Brother Mujie, what do you think?” Yunxiao narrowed his eyes.

Qiu Mujie’s expression was grave. He thought for a moment before saying, “It should be the gold spiritual energy.” The stomach of the battleship fish was a cage made of metal spirit Qi, so he had a certain understanding of this power.

‘Brother Mujie’s guess is the same as mine,’ Yunxiao said. If I’m not mistaken, after the battle between the two five-elemental true spirits, the foul soil of the netherworld came into contact with the earth and was nourished, constantly evolving and suppressing the metal spiritual Qi. Therefore, for countless years, it could only give birth to the Divine Will purple-gold worm that was the size of a rice grain. Now that this world has lost the foul soil of the netherworld, it can no longer suppress the gold spiritual energy.”

“The heavens and earth are created by the five elements, and they reinforce and counteract each other. This Wutian has lost the filthy soil of the netherworld, but it has gained a kind of metal spiritual Qi, which may give birth to another opportunity.”

it’s impossible,” Yunxiao said with a smile. it’s impossible. This is because this young master is taking this metal spiritual energy.” His eyes flashed with spiritual light, and he looked very happy.

“It’s precious, but it’s not of much use to me. Fine, you can have them all.”

“Thank you,” Yunxiao said. Without further ado, I’ll go down and collect it. I’m afraid I’ll have to rely on you all for old Yuan’s fusion.”

Chen Yuyu frowned and said, "Lord pojun, Lord Yuan's important matters are at hand. He shouldn't be distracted right now, right?" The metal spiritual energy is contained in the ground and can't escape." He was rather dissatisfied.

who said we can't run away?" Yunxiao said. The foul soil of the netherworld has just dissipated, and the metal spiritual Qi has gathered together involuntarily. I'm afraid that it will disperse again soon, and it will take more time and energy to collect it. "

li Yunxiao is right, " Yuan gaohan said. this is indeed a rare opportunity. With these Masters protecting me, even if a divine transcendent comes, I'll still have the power to resist."

yes, " Yunxiao said. I'll leave it to you all. He immediately turned into a bolt of lightning and rushed into the ground. It was the place where the golden light was the most intense, and he disappeared in a flash.

Yuan gaohan said, " there's the power of the boundary barrier from the divine realm tablet and the three-seven Blue Flag. In addition, I've prepared the ancient formation disk. It's foolproof. Please stay a thousand feet away from me and protect me. "

"Yes, my Lord!"

Chen Yunyu was the first to respond. He flew back a thousand feet and spread out his divine sense, standing still like a door God.

"Lord Yuan, please be careful," feini smiled. She and beifeng Nan also took a position.

East, South, West, North ... In the last direction, the patrolling Bulldog's shadow slowly appeared and stood there quietly.

"Although I'm on a different path from you guys, it's indeed not easy for you to reach this stage, old Yuan. I'm happy to see that," Qiu Mujie said.

Yuan gaohan said, " thank you for your kind words, brother mu Jie. I hope you don't blame me for being petty. Please go outside the circle.

“That’s what I should do,” Qiu Mujie said with a smile. In a flash, he retreated out of the protective circle of the few people, crossed his arms in front of his chest, and quietly watched.

Only then did Yuan gaohan carefully unfurl the array board in his hand. Like a Tower card, it opened up into eighteen sides, surrounding him. Those cards were full of pictures and some difficult to understand words.

Qiu Mujie’s eyes lit up and he couldn’t help but exclaim in a low voice, “An ancient formation plate?” He stared at the pictures and words with interest and began to study them carefully.

After Yunxiao rushed into the ground, he immediately felt that he could hardly move, and his body was in pain.

Metal countered wood, and his Thunder-type body was severely suppressed. After flying a few times, he transformed into a figure, and his entire body was covered in golden light. He displayed the inextinguishable golden body and continued to sink into the center of the golden light.

In a Golden World, tens of thousands of purple-gold divine will bugs were wandering in the same direction.

The further down he went, the stronger the suppression became, and his divine sense was also gradually blocked.

Yunxiao’s eyes suddenly shot out colorful beams of light, which condensed into a strange demonic eye state, and his vision was immediately widened.

“What? That’s a Kasaya!”

He was shocked. In the center of the golden light, there was a bug that was more than two meters wide. It was the giant divine will purple gold worm. The grain-sized beings kept entering it and became a small part of its huge body.

in The Golden Ocean, the insect's aura continued to increase, and it was full of intelligence.

divine will purple gold worm!

Yunxiao was shocked as he looked at the bug in disbelief. Its body was shimmering with a dense golden light, and from time to time, a purple light would flash out.

Furthermore, as the golden light and the grain-sized purple-gold worm of divine intent were absorbed, runes kept flashing on its body, and its body was still growing.

“Gulp!”

Yunxiao swallowed with difficulty as he stood in the sky, not knowing what to do.

If he went any further, he would feel an inexplicable sense of danger, but he was unwilling to retreat.

“This thing can't really be a true spirit, right?”

He thought for a while and muttered to himself, “if it's a true spirit, it wouldn't have been suppressed by the filthy earth of the netherworld for so long. It should be slowly gathering its initial form. It's probably impossible to recover its previous power.

...

After making his judgment, he became more courageous and slowly flew down vigilantly.

“Ta!”

His two feet gently landed on the insect's body. It was extremely soft, as if he was stepping on cotton.

this world is really strange. The world's toughest metal spiritual energy has transformed into a spirit, but it has the softest body.

Just as he exclaimed, runes flashed under his feet and a golden light spread out.

“Bang!”

The two feet were instantly cut into pieces. The golden light was like a bulldozer, crushing everything in its path into dust.

Yunxiao sucked in a cold breath as he transformed into a bolt of lightning and fled.

“Swish!”

In an instant, the golden light shot a few thousand feet away. The golden light rose from the Divine Will purple-gold worm's body and stopped about three hundred feet away. It turned into a circle of light and spread out in the air.

Under the blue lightning, Yunxiao's body slowly emerged. His face was pale, and cold sweat was dripping down his face as he looked down in horror.

...

If it wasn't for the fact that his body was close to the five elements spirit body, he would have been completely crippled just now.

However, since the power of metal element was extremely effective against the power of wood element, the injury he suffered this time was even more serious than when his body was crushed by the Tusita mountain. The remaining power of metal element was still flowing in his body, cutting all his meridians and flesh, and was gradually absorbed by the power of the imperishable golden body.

“I was too careless. This thing is too strong. What should I do?”

Yunxiao thought hard. Then, he tried to see the power of the Divine Will purple-gold worm, but he still could not figure out its strength.

“I can only try this.”

He took out Dou Shuai heavenly peak and held it in his palm, it did not shine at all. He poured a little force into it, and a black rune immediately flickered. His power disappeared without a trace, completely out of control.

“This dark art is really strange. It’s like a black hole that can devour everything. Let me try to refine it.”

After thinking for a while, Yunxiao took out the cauldron of mountain and river, threw the Tusita heavenly peak into it, and began to refine it on the spot.

The cauldron of mountain and river suddenly let out a loud roar. The entire body of the cauldron shook violently. Light shone out and a pure white space appeared in the entire world of golden light.

The Divine Will purple-gold worm seemed to have sensed something and raised its head slightly. Two small balls were hanging on its two golden tentacles, flashing like lanterns.

However, it didn’t do anything. After its two antennae swayed a few times, it quieted down and continued to absorb the metal spiritual Qi in the surroundings.

Yunxiao gave it a sideways glance, then breathed a sigh of relief and began to concentrate on refining the Tusita heavenly peak.

Chapter 1595-two souls as one

The entire world was covered in a world of golden light, as if a part of the space was directly embedded into the earth. The people in the sky seemed to sense the energy fluctuations, but they didn’t care and continued to guard Yuan gaohan with high vigilance.

At this moment, Yuan gaohan's two bodies were sitting opposite each other, their palms touching, quietly hanging in the air, as if nothing had changed.

Beifeng Nan's pupils suddenly shrank. He raised his head to look at the sky and shouted, "Who is it? Come out!"

The rest of the people were shocked and were on high alert.

Yuan gaohan frowned and gave beifeng Nan a surprised look. Even as an Alchemist, he could not sense anyone, but this mysterious man seemed to be getting stronger and stronger every time he appeared.

"Hmm, not bad. He has indeed cultivated the Starlight soul body to the extreme. As long as the two souls merge, he can reach the peak of the art of sorcery and even step into the realm of sorcerer God."

A voice said slowly from the sky.

"Not good! It's the soul Devourer sect's sect master!" Qiu Mujie exclaimed in shock.

Everyone was shocked. The two figures of Yuan gaohan in the ancient formation plate trembled, and the power around them fluctuated, their emotions somewhat unstable.

"Don't panic, don't make any mistakes."

The voice in the sky sounded again, and Huangfu Bi's appearance slowly emerged. He stood in the air and looked down coldly, "Once the fusion begins, there's no way to stop it. Lord Yuan gaohan, you must succeed, for me and for yourself."

what do you mean by 'for you'?"

Chen Yuyu's face turned pale and he shouted, "If you want to touch Lord Yuan gaohan, you'll have to do it over our dead bodies first!"

Huangfu bi ignored him and said, "Don't worry everyone, I won't make a move until Lord Yuan gaohan has successfully fused. Don't worry about that. If there are enemies, I'll even help you block them."

The space behind him fluctuated, and another figure appeared. This figure was completely covered in a black robe, but only his face was revealed. It was Shang Chen.

"Where's Gu Feiyang?!" Shangchen's eyes flickered as he asked coldly.

Feini sneered, "you've lost, yet you still have the face to call for help?" Do you think I won't burn you to death?"

"Little girl, you don't know the immensity of heaven and earth!" Shangchen roared in rage. If it wasn't for the fact that my cultivation was greatly damaged, with that little flame of yours, even ten of you wouldn't be my opponent!"

Feini stuck out her tongue and stretched out her hand to gesture on her face, " tsk, tsk, shameface, to think you're still the head of a division. You don't know how to repent after losing to a little girl like me. You only know how to find excuses and reasons.

"Damn it!"

Shangchen was furious and was about to attack, but he was stopped by Huangfu bi who shouted, "Don't delay my important matters."

A wave of pressure spread out, and Shangchen only felt a chill. His expression immediately changed, and he suppressed the anger in his heart. "I hope master Huangfu can help me take down Gu Feiyang after extracting Yuan gaohan's soul so that I can report back to the higher-ups."

"Don't worry," said Huangfu Jue. That Gu Feiyang is also on my must-kill list, so I'll take care of him as well. I'm just afraid that Tian Xingzi isn't dead and is hiding somewhere, waiting for an opportunity to cause trouble."

Shangchen smiled. don't worry about that, my Lord. My move, split heaven and earth, is invincible. Even if Tian Xingzi isn't dead now, he'll be greatly damaged. He won't be able to recover without three to five years.

Huangfu Bi's eyes flashed with joy as he said, "If that's the case, I'll have to thank you very much."

"I don't dare to thank you, my Lord. All you need to do is help me take down Gu Feiyang," Shangchen hurriedly replied.

A murderous aura burst out from Huangfu Bi's body, he snorted coldly and said, "Don't worry, as long as he's still in this lawless land, he'll never be able to leave!"

When Yuan gaohan heard the conversation between the two, he felt uneasy and secretly regretted not moving to a different place. After driving away the upper realm, an even more troublesome Huangfu bi came, who specialized in extracting souls and was the most hated person among alchemists in the world.

His two bodies suddenly began to tremble, and at the same time, they revealed a look of shock and knew that things were not good.

The distraction just now had caused his cultivation to become unstable. In his shock, he hurriedly calmed his mind, and large beads of cold sweat rolled down from his head.

"There's no need to worry, Sir. We can handle these two," Qiu Mujie said with a frown.

Huangfu bi snorted coldly and said, "Lord Yuan gaohan, don't worry. Calm your mind and focus, expel the inner demons, and cast the spell with peace of mind." I'll protect you."

Yuan gaohan's face was livid. He raised his head and glared at Huangfu bi and Shang Chen, his eyes filled with anger.

if you want to blame someone, Lord, blame Gu Feiyang, " Huangfu Shang said. if he hadn't defeated my golden speaker and urgently needed the nourishment of a Super Soul at the peak of the art of sorcery, I would never have had any ideas about you. The situation forced me to do so, and I had no choice."

It turned out that after Shangchen was defeated, he felt that he couldn't return to the Holy region to explain himself. He then thought of another great force that was hostile to the myriad Star Valley and rushed to the soul Devourer sect.

Huangfu bi had just sent away the two from the natural moat cliff and was about to go into seclusion to wait for the opening of the eternal world in Langya heaven. However, he didn't expect that Shang Chen would come looking for him and reveal that Tian Xingzi's whereabouts were unknown after being defeated and that Yuan gaohan was trying to reach the peak of the art Dao.

"This time, it won't be golden speaker that's going to be defeated, but your true body," said beiming Nan indifferently.

Huangfu Bi's eyes shot out a cold light, he pointed at him and said, "I hope you still remember these words later. Then you'll know how you died."

I've seen many Warriors like you over the countless years, " said beimang Nan. all of them have turned into ashes. I'm the only one who's still alive.

Huangfu bi sneered, as if afraid of disturbing Yuan gaohan, he no longer spoke. However, he was also very puzzled. Where did such an expert come from? he had never heard of him before and had no impression of him at all.

Yuan gaohan's heart calmed down a little. Although he didn't know much about beifeng Nan, he knew a little about his situation. The person who cultivated his Starlight Soul Art seemed to be stronger than he had expected.

He immediately focused his attention on the fusion of the two souls, ignoring the outside world's interference.

As the four palms came into contact, the Starlight soul body began to change. It kept fading, turning into Starlight and pouring into the body.

The surroundings immediately became abnormally quiet. Everyone was breathing slowly, watching attentively, and at the same time, extremely alert.

Yuan gaohan's body began to tremble slightly, as if it was gradually reaching its limit. His face revealed a painful expression, and the yellow light on his body flickered unsteadily before turning into a faint white light.

The world was quiet, but a storm was coming. The extremely oppressive atmosphere caused the clouds in the sky to roll as if a Dragon was traveling within.

Everyone looked on warily, even holding their breath.

He allowed time to pass slowly. Several hours had passed.

All of a sudden, the wind and clouds churned, and a spiral-shaped white cloud rolled up in the sky. A ray of light fell from the sky and directly shone on Yuan gaohan.

"Heaven and earth phenomenon! He's going to succeed!"

Shang Chen was startled. He clenched his fists and stared at the figure.

Yuan gaohan sat cross-legged in the rainbow light, the pain on his face gradually dissipating, and his body surged with Starlight, from time to time flowing in a regular pattern and being absorbed into his body.

Huangfu bi suddenly let out a breath and looked down, " "Could it be that Gu Feiyang has gone into the earth to collect the metal spiritual Qi?"

...

He had long since noticed the golden light rising up from below. It was as gentle as a beautiful jade, and it would occasionally emit faint fluctuations.

“As the leader of a sect, you sure have a lot of nonsense to say,” feini snorted coldly.

“Shangchen, are you willing to go down and meet Gu Feiyang?” Huangfu Shang asked.

“My Lord, aren’t you afraid of affecting Yuan gaohan?” Shang Chen asked in surprise.

“Lord Yuan’s fusion of his two souls is going very smoothly,” Huangfu Qi said. “His soul force is already very high now, and it’s only a matter of time before it stabilizes. To me, it’s no longer important whether it’s stable or not.”

Everyone was shocked, and they were all extremely vigilant, immediately shrinking the protective circle.

“I see.” then I’ll leave these ants to you, my Lord. Shang Chen was overjoyed. without your helper and the Saint artifact, Gu Feiyang is dead for sure!

He immediately turned into a black light and rushed toward the rising golden light.

Feini was shocked and was about to give chase when a wave of pressure suddenly came from the sky and suppressed her. She could not move at all.

let him go, ” Qiu Mujie said in a grave voice. that Shangchen is injured at the moment, and he’s no match for Yunxiao at all. He’ll only be courting death if he goes down.

“But my husband is also injured, and he doesn’t have the divine realm tablet anymore,” Fei Ni said anxiously.

...

don't you know? " Qiu Mujie interrupted. don't you know that li Yunxiao has many tricks up his sleeve? " If you really want to save him, you'd better think about how to deal with the master of the soul Devourer sect first. This guy is the Overlord of the world, not a joke!"

Lord Qiu Mujie is right, " Chen Zhiyu hurriedly said. if we are defeated by him, not only will Lord Yuan be killed, but Lord Yunxiao will also be in trouble if he continues to sneak in.

"It seems that you're quite confident in Gu Feiyang," Huangfu Qi sneered. I also hope that he can hold on, because I really want to tear him apart with my own hands. Now, let me enjoy Lord Yuan's delicious meal first!"

A ray of light condensed in his hand and suddenly smashed down.

The light enlarged in the air and turned into the Pangu banner, which stirred up the wind and clouds in one direction and stabbed into Yuan gaohan's head.

Clang! Clang! Clang!

The divine realm tablet's nomological chains kept emerging around the Pangu flag and shattered inch by inch. The divine realm tablet floating in the void was spinning with flowing light, and suddenly, it shone brightly.

A ball of white light gushed out of the divine realm tablet. The entire tablet flashed and then disappeared. The next moment, it appeared directly beside the Pangu flag and crashed into it!

The power of the world spun, crushing all the power in the surroundings.

"BOOM!"

As the two profound level weapons collided, the sky shook and split apart.

“Bang Bang Bang!”

A golden light flashed across the sky. The cobweb formed by the chains of law appeared and shattered.

The light on the divine realm tablet also dimmed and returned to its ordinary appearance. It floated quietly not far away, as if it had lost its spirituality.

“Hmph, it’s just a mere restriction.” Huangfu bi gave a cold sneer, then cast a spell with one hand and struck on the Pangu flag. With a loud bang, the flag was launched again.

Chapter 1596-shame

This time, the divine realm tablet didn’t respond. After the restriction of the chain of law was broken, everything in the outside world seemed to have nothing to do with it.

“Be careful, everyone.”

Qiu Mujie’s figure disappeared from his original spot in a flash. Soon after, a green sharp claw appeared in the sky and slashed at Huangfu BI’s body.

“Chi la!”

There were five cracks in the sky, but there was no trace of Huangfu bi.

Behind the sharp claws, Qiu Mujie’s figure appeared. His body was covered in scales, and he raised his tail in shock, pointing behind him.

“Heavenstring poison light!”

“Hmph, piecing things together, childish, low-level!”

The poisonous light pierced into the darkness. The dark red Stinger suddenly stopped and was caught between two fingers.

Huangfu Bi's figure emerged with a sneer on his face. "Are the legendary mad alchemists just acrobatic monkeys?"

Qiu Mujie's face darkened and he coldly snorted. "If you have the guts, don't Dodge! Take this old man's kick!"

He turned around in the air and kicked out. A golden light rose up and a huge swastika appeared.

Huangfu Bi's expression changed as he felt a mountain-like pressure pressing down on him, causing him to feel suffocated.

He suddenly raised his palm and slammed it down with an angry roar!

Although he could feel that this kick was extremely extraordinary, he was proud of himself and could not show weakness!

"BOOM!"

He slapped his palm on the listener's foot, causing his blood and Qi to roll. He was sent flying a thousand feet away and was even sent sliding by the violent force for a long time before he stopped.

His face instantly paled, and the power in his body was in chaos. His previous injuries were affected, and his condition fell sharply.

Hmph, so that's all the soul Devourer sect's master can do. It seems like I've been overthinking.

Qiu Mujie retracted his hands and feet, a look of disdain flashing through his eyes.

“Pfft!”

Huangfu Yan was so angry that he spat out a mouthful of blood and his body trembled.

He had fought with Tian Xingzi and Yunxiao a few times before, and he had even fallen into Qi deviation. Although he was pulled back in time by nanqiu Yu, he had suffered a great injury, and he had just stabilized his condition. Initially, he thought that it would be easy to deal with a few peak nine-star existences. However, he did not expect that he would be beaten up so badly that he vomited blood.

“Take his life while he’s sick!”

Beifeng Nan shouted, and a ray of sword light shot out from his hand, directly slashing towards the enemy!

Huangfu bi didn’t dare to act arrogantly anymore. He roared furiously and reached out his hand.

The Pangu flag landed in his hand and spun continuously, striking at the sword radiance.

“Bang!” The huge sword shadow was shattered.

Once again, he was forced to take a few steps back. A mouthful of blood rushed up his throat and he forcefully swallowed it down. Extreme shock flashed in his eyes.

Whether it was Qiu Mujie or Beiming Nan, they could be said to be well-known figures above the peak of martial Dao and were only a step away from divine transcendence.

Beifeng Nan’s physical body was even more complete. He was once a God Realm expert, and his comprehension of martial essence was far superior to everyone else.

“I thought it would be a simple matter, but I didn’t expect it to be so big.”

Huangfu Bi's face was gloomy as he shouted, "All elders, come out and help me kill these people!"

"Yes, Lord sect master!"

Six figures appeared in the sky again. They were the elders of the soul Devourer sect who had been here before. The only one who was missing was the Deputy sect master, Xi yulun. Xi yulun had been seriously injured in the previous battle and immediately went into seclusion after returning.

Qiu Mujie and the others "expressions changed drastically. Although the six elders were also injured, they were generally fine. Just by standing in the sky, they were like the ocean's divine needles, with an aura as if the overall situation had been decided.

"I'll deal with Huangfu bi, you guys think of a way to deal with the other six," said beifeng Nan with a cold look in his eyes. He raised his sword and appeared in front of Huangfu Yan in one step, stabbing at him.

Huangfu Bi's face darkened as he retreated along with the momentum of the sword and shouted, "Don't worry about me. Kill the others quickly!"

The six elders looked down and one of them said, "Everyone, be careful. These three people and one bull aren't easy to deal with. Don't be careless."

The other person said, "there's nothing to fear. It's just that crazy Jie is a little more troublesome. Two people will be enough to deal with him. Make your move!"

"Yes!" The rest of the people responded and instantly separated, turning into different lights and swooping down.

Yuan gaohan stood in the center of the ancient array disc, his expression solemn. He couldn't help frowning as he raised his head to look outside, then formed a seal and shot it out.

The space outside the formation plate changed and a blue light flashed out, turning into a huge flag.

The sound of war drums and Thunder came from within the flag, and killing intent surged.

An elder who was at the forefront of the group suddenly froze. The soaring killing intent in the battle flag was almost tangible, and it shook his body, causing him to retreat in shock.

“Be careful, everyone!” He hurriedly shouted.

At this moment, a sword light cut across the sky. Chen Yuyu held back all his strength and slashed down on his head.

Then, red light filled the sky. Feini also transformed into the heavenly Phoenix celestial body. The rolling flames burned the sky red like a river, flowing around the battle flag and burning the six of them.

The heaven patrolling Bulldog also let out a low roar and walked towards the center step by step.

Qiu Mujie’s eyes were cold as he locked his divine sense onto the six of them. He would attack with all his might at the slightest opportunity in order to kill them in one strike!

In the gold space under the ground, Yunxiao, who was refining the Tusita heavenly peak with all his heart and soul, seemed to have sensed something. He gave a light cry of surprise and looked up.

The demonic eye contracted and rotated, radiating a strange power with a seven-colored luster.

However, the metal spiritual Qi in the space was too strong, and even his gaze could not penetrate it.

...

the chains of law are all broken, and the restrictions I set on the divine realm tablet are all broken. Who is causing trouble? is it the mortal world? ”

Yunxiao could not help but be suspicious. The power of the dust should not be enough to shake the few experts above. is there another powerful figure? ”

“I don’t care anymore. I’ve already informed che you. If anything happens, that brat should be able to act immediately. But is Yingluo that kid really reliable?”

He wiped the cold sweat from his forehead and remembered that he had always bullied him in the past. Now that his wings had hardened, he was afraid that it would be difficult to command.

“It seems like we can’t completely rely on che you Chi Chi for the matters outside.”

I should hurry up and refine the Tusita heavenly peak, keep the worm below, and go out to take a look.

With that thought in mind, Yunxiao immediately focused his mind, no longer being disturbed by the outside world, and began to concentrate on refining.

After a few hours, the shaking of the cauldron of mountain and river became weaker and weaker. The light also became gentle and soft as it was absorbed into the cauldron.

Yunxiao was overjoyed. He flew over and slammed several incantation seals on the cauldron, causing it to rumble and shake with all kinds of runes.

After a few breaths, the cauldron of mountain and river finally stopped.

A ray of light shot out from the cauldron, followed by another, then three, and then four.

...

A total of five-colored light shone above the cauldron. At the same time, it spun like a Peacock spreading its tail. It was a pleasing sight.

Yunxiao was overjoyed. He immediately sensed the connection with the Tusita heavenly peak in his heart, so he quickly performed an incantation gesture and shouted.

“BOOM!”

The lid of the cauldron was opened, and the Tusita heavenly peak flew out and slowly fell back into Yunxiao’s palm.

The mountain peak had already changed. Not only was the light different, but the shape was also different. There was an additional mountain peak that looked like five fingers.

from the looks of it, if the seven colors are complete, then Seven Peaks will have been formed.

Yunxiao carefully dragged the mountain with his hand, and only put it away after he had checked it with his divine sense and made sure that there was no problem.

Then, he went to take the cauldron of mountain and river. His arm that had just reached out suddenly froze. He immediately made a hand seal and hit the body of the cauldron with a bang.

The cauldron of mountain and river trembled, and a beam of light shot out. The various patterns on it brightened up once more. The mountains and rivers, the birds, beasts, flowers, and plants, all came to life.

“Bang!”

The ray of light shot into the void and suddenly exploded.

A black shadow emerged from the huge tremor and said through gritted teeth, ” “Gu Feiyang, we meet again so soon!”

Only then did Yunxiao grab the cauldron of mountain and river and put it away. With his hands behind his back and a smile on his face, he said, "so it's Lord Shangchen. Why did you come back? I wonder what kind of reinforcements you've brought?" He glanced up at the sky indistinctly.

Shangchen was furious. He felt that the other party's words were filled with endless humiliation, and he rebuked, "Don't underestimate me. Now that you have lost your helper, let's see how you can show off!"

The Qitian sword slashed out instantly, and a black light was torn out of the Golden World, falling down.

"Hahaha."

Yunxiao laughed and easily dodged the attack. He then threw a provocative look of contempt and flew down.

"Dammit! Go to hell!"

Shangchen was so angry that he transformed the Qitian sword into a huge sword shape and merged with it, then chased after Yunxiao in the air and struck down.

"Haha, my Lord, please don't be angry. It's a great taboo to have emotional fluctuations when fighting an enemy. Don't you understand that, Sir?" Yunxiao performed a movement technique and kept flashing left and right.

Although the sword aura had locked him down and it was difficult to escape, it was not possible to hit him in one strike.

"I only know that I have to kill you!"

Shangchen's roar came from the huge sword shadow, and the light of the sword grew brighter. When he saw Yunxiao's foot land on the ground, he slashed down with all his strength!

Yunxiao raised his head and smiled. Suddenly, his body faded, and a golden light rose from under his feet, shattering everything it passed.

“What? An afterimage?”

Shang Chen was startled. He had already struck down with his sword, and it was difficult for him to withdraw it.

At that moment, what made him even more uncertain was the Halo that rose from Yunxiao’s afterimage, as well as a White Worm that was three or four meters long lying on the ground.

“What’s that?” He had a vague feeling in his heart that Yunxiao had deliberately lured him to kill the bug. When he realized that he had been fooled, he was immediately filled with shame and anger.

But at this moment, he couldn’t care so much. The sword momentum had already been unleashed, and it was difficult to turn back.

The Qitian sword’s sword shadow trembled continuously and released a huge amount of weapon power. It then slashed at the Divine Will purple-gold worm!

“BOOM!”

A violent force suddenly shook, and countless ear-piercing noises poured into the eardrums of the two people, causing them to feel extremely painful.

Chapter 1597-remnant will

Shang Chen felt as if his sword had stabbed into something extremely soft, but a series of extremely sharp golden rings of light surged forth and continued to cut up the sword.

Clang! Clang! Clang!

The entire sword trembled intensely, and the vibrations were abnormally intense. The patterns on the sword were constantly being erased by the ripples of the light circle.

“The Qi of metal spirit!” Shang Chen exclaimed in shock. He had to expend a great deal of energy to block the light ring that spread over from the sword, and he had used up a great deal of essence force.

He made a hand seal and the Emperor Qi around him turned into a layer of faint black. The Golden rings of light followed the Qitian sword and were sucked in by the black light as soon as they touched his body. It was like a bottomless pit that kept devouring the terrifying gold spiritual Qi.

Yunxiao suddenly appeared three hundred feet away and said with a surprised smile, “Lord Shangchen’s abilities are truly extraordinary. This dark art seems to be able to devour everything. Could it really be endless? We can test it out today. The metal spiritual energy here can cover a radius of several miles. Sir, take your time to absorb it. I have faith in you!” He gave her a thumbs up and praised her.

Sure enough, Shang Chen’s expression changed drastically, becoming as unsightly as a pig’s liver. His body began to tremble slightly, and it was clear that he couldn’t hold on for long.

However, his sword had already pierced into the divine Will purple-gold worm and was stuck to it by a strong sticky force. He could not pull it out no matter what.

“Is this old man going to die Here for no reason?”

His eyes were wide open and he was extremely anxious, but he couldn’t think of a good solution.

eh?” Yunxiao suddenly said, “ Lord Shangchen is really powerful! It seems that the bug is about to be split apart by you.

Shang Chen was startled and looked down. All kinds of runes were surging on the Divine Will purple-gold worm’s body, and it seemed to be a little unstable.

With the Qitian sword as the center, cracks appeared on the insect’s body.

Shang Chen was overjoyed, as if he had seen a glimmer of hope in a desperate situation, and he erupted with all his potential.

The black light around his body turned into a spiral and opened up. A seal suddenly slapped on the body of the sword, and the ear-piercing sword cry almost turned into a physical energy that spread in all directions.

Shang Chen's Black robe was completely torn apart, and his long hair was dancing in the air. He had reached the strongest state of being one with the sword.

"Split open the sky!"

The light on the sword instantly brightened, and the three ancient characters of 'Qitian sword' on the sword were almost transparent. A vast power was released and pressed down.

The number of cracks on the purple-gold worm instantly increased by several times, and the sword continued to stab into it.

This "Sky Splitter" was half of the divine technique "Sky Splitter," and it was also the ultimate technique that Shang Chen could use!

Yunxiao's eyelids twitched as he chuckled and said, "Lord Shangchen is indeed valiant. I'm so scared. I'd better hit you now.

Five-colored rays of light flew out from his palm, and the Tusita heavenly peak transformed into a giant mountain that crashed toward Shang Chen!

"Don't!"

Shang Chen's eyes almost popped out of their sockets. The pressure was like Rolling Thunder, and it suppressed his body so much that it kept trembling. The sword intent in his hand was on the verge of collapsing!

“Gu Feiyang, you’re despicable! You’re a despicable person!”

Shang Chen let out a blood-curdling screech as the sky-splitting sword suddenly collapsed. The endless sword light shattered and was swallowed up by the Golden Ring of light that soared into the sky.

The Divine Will purple gold worm also let out a low sound, and endless light shot into the purple sky!

The five lights on the Tusita heavenly peak also swirled and pressed down!

The two forces had completely suppressed Shang Chen. He couldn’t even move his fingers, let alone escape. He could only glare at them with resentment and unwillingness.

“Bang!”

The two mighty forces finally collided, and Shang Chen’s body instantly shattered into specks of black light before completely disappearing.

“Clang”

The Qi Tian sword was sent flying, and it kept vibrating under the pressure of the two forces. Finally, it broke with a bang, turning into two pieces of scrap iron and shooting out.

Yunxiao watched in shock as the vast power of the five elements spread out and rolled up and down, not allowing each other to exist.

The entire Golden World started to twist and change under the influence of these two forces. More and more metal spiritual Qi was absorbed by the Divine Will purple gold worm, causing the space to become even more unstable.

Yunxiao's entire body turned golden as he resisted the fluctuations of the power. His eyes were bloodshot as he stared at the center of the two forces. He could sense that the fluctuations of the Tusita heavenly peak were very rapid, as if it had met its match.

"That's Yingluo!"

Yunxiao's pupils constricted, and his eyes widened in horror as he looked over in disbelief.

A purple-gold shadow slowly appeared in the center of the power fluctuation. It kept stretching out, as if it could be pulled to Infinity.

At the same time, a ray of grey light surged from the Tusita heavenly peak and expanded gradually, turning into a strange-looking ancient bird that spread its wings.

"The remnant will of the Truesoul?"

Yunxiao was taken aback. The two monsters in front of him were the wills of the eight Yin ancient star bird and the Divine Will purple-gold worm.

As soon as the eight Yin ancient star bird appeared, its eyes were like lightning. A star pattern flashed on its forehead and it pecked down.

The Divine Will purple-gold worm's body shook slightly, and two strong beams of light rippled from the antennae on its forehead. They combined into an extremely sharp slash and slashed forward!

"BOOM!"

As the two forces were pushed away, Yunxiao felt a sharp pain in his eyes. A large amount of metal and earth-elemental powers were spinning around him, making it difficult for him to see clearly.

"Boom boom boom!"

The violent power kept coming, and the gold space collapsed.

Yunxiao felt a spinning force roll him up and throw him into the sky.

“BOOM!”

The earth was split open and cracks spread in all directions. The terrifying power transformed into a huge pillar of light that shot into the sky!

The people who were fighting were all shocked and suddenly separated, turning into several rays of light to escape to the side.

Yuan gaohan was still stabilizing his realm, but when he saw the terrifying light pillar, he was so scared that he hurriedly teleported away, disappearing together with the ancient formation plate.

...

The next moment, he appeared thousands of feet away. Countless rule force fell again and poured into his body. His sea of consciousness was in chaos, and he spat out a mouthful of blood on the spot.

Huangfu bi and beifeng Nan were fighting each other, and the Golden speaker's soul had merged with his soul. After its transformation, its entire body was glowing with a faint golden light, almost suppressing beifeng Nan. However, the other party seemed to be unkillable and stuck to him like a piece of sticky candy, unable to be shaken off no matter what.

“Go to hell!”

He roared in anger, and his anger burst out as he punched out. At the same time, his other hand formed an incantation gesture, and the Pangu banner was unleashed, sweeping across a large area.

The two forces made up for each other's shortcomings, leaving beiming Nan with nowhere to hide. He could only raise his sword to protect himself.

“Bang!”

The longsword kept vibrating and buzzing, and his entire body was almost deformed. Under the extreme compression, he shot out like a spring.

Huangfu Jue caught his breath, grabbed the Pangu banner, and turned to Yuan gaohan.

The golden light that had rushed out of the ground gave him an extremely dangerous feeling, and the whole scene was likely going to be difficult to control. The most important thing now was to extract Yuan gaohan’s soul and leave as soon as possible.

Yuan gaohan was shocked. He had just spat out a mouthful of blood, and at this moment, his breath was in chaos. Although his soul power was strong, it was difficult to control it for a while.

Taking a deep breath, the surrounding ancient formation plates flew out and lined up in front of him, forming a world that firmly protected him.

...

you’ll be mine sooner or later! Huangfu Bi’s eyes were burning with anger. why struggle so hard? can’t you just save yourself from all the pain?!

The golden light on his body brightened, and the Golden speaker’s Phantom appeared behind him. He grabbed the Pangu banner with one hand, transformed into the soul world, and slammed it toward the ancient formation disk.

“BOOM!”

It was as if the power of two great domains had collided. The ancient formation disk’s barrier instantly shattered.

Yuan gaohan's face was gloomy. Although he was full of anger, his heart was unusually calm. He could also see that Huangfu bi was seriously injured and there was no way for him to recover. As long as he could hold on for a while longer, he would be safe.

His hands quickly formed a seal, and a large blue Flag suddenly surged up beside him. He swept it in front of him, and his entire figure disappeared.

"Come out!" Huangfu bi shouted in anger.

There was only a Blue World in front of him, and the flags were fluttering in the air.

"Get out of my way!"

"Chi la!"

A large patch of blue was torn apart by him, but Yuan gaohan's figure was still nowhere to be found.

All of a sudden, a heart-palpitating force emerged from behind him, and all kinds of exclamations came from behind him. In shock, Huangfu bi quickly turned around.

On both sides of the pillar of light, a huge purple bug and a strange dark gray bird had appeared at some point in time. They were fighting each other.

divine will purple gold worm and eight Yin ancient star bird!!

Huangfu BI's body trembled and his mind went blank for a moment.

WUFA belonged to the soul Devourer sect, so he naturally knew about the origins of this place. He immediately understood what the two true spirits were when he saw them in the sky.

The rest of the soul Devourer sect's elders were also horrified as they stared at the two true spirits fighting in the sky.

Although the power of the five elements that rippled out was not strong, the high and mighty attitude that looked down on all living things in the world was shocking and fascinating.

"It really is a true spirit Kasaya!" Feini was also dumbfounded. The heavenly Phoenix blood in her body began to heat up, as if it was being stirred by the pressure of the true spirit.

Li Yunxiao, what the hell is this? "

Yuan gaohan suddenly appeared beside Yunxiao, pointing angrily at the true spirits fighting in the sky and almost roaring, " "You're always causing trouble! When you were a minion, you provoked a Martial Emperor, when you were a Martial Emperor, you provoked a martial Dao peak expert, and then you provoked a divine transcendence expert. Now, you actually provoked two true spirit mayflies. You, you're a coward!"

He was so angry that his face turned white and he almost spat out blood. The light on his body flickered, and he almost couldn't stand still.

Yunxiao wiped his cold sweat and said in embarrassment, " "This was purely an accident. I didn't want this to happen either."

"An accident?" Yuan gaohan angrily replied. Why is it that no one else has ever been surprised, but you have an accident every day?"

"Hehe, this will make my husband stand out from the rest."

A ball of flame fell and turned into Fei Ni's real body. It was full of love and there was a smile on the corner of his mouth.

Chapter 1598-departure

Yuan gaohan weakly patted his head and said, "I actually thought of letting a lunatic like you protect me. I've been with you for too long, and my brain is missing a nerve."

brother Gao Han, how did it go? " Yunxiao asked. did it go smoothly? "

I almost lost my life. Do you think it went smoothly?! Yuan gaohan said angrily, his eyes almost spewing fire.

He had originally wanted to find a safe place to carry out the fusion of the two souls, but who knew that he would encounter a danger that he had never experienced in his life. He looked at the true spirits fighting in front of him and the people of the soul Devourer sect, feeling speechless and helpless.

it's fine as long as the fusion of the two souls is successful, " Yunxiao said, sweating. what's happening now is just a scare but no danger.

"That's right." Fei Ni laughed. Lord Yuan gaohan has to learn from my husband and not be afraid in the face of danger. No matter how great the danger and difficulty, he would not be as angry and grumbling as you."

Yuan gaohan, "hehe."

Feini snorted and said arrogantly, " "If it wasn't for today, you wouldn't have had the chance to see the true spirit in your life,"

Yuan gaohan's body trembled slightly as he raised his head to look at the two true spirits fighting to the death, "It's powerful enough, but it's not strong enough. This should only be the will left behind by the true spirit. However, it's a rare sight."

When he thought of this, his mood gradually relaxed. In addition to the fact that he had just fused with a soul body, his entire person was filled with strength and a heroic spirit rose in his chest.

Chen Zhiyu, Qiu Mujie, and the others also retreated.

The two sects each stood on one side and watched the battle between true spirits while vigilantly watching each other.

“Gu Feiyang, where’s Shangchen?” Huangfu bi asked with a gloomy face.

Lord Shangchen was killed by these two true spirits! Yunxiao said angrily. these two true spirits killed Lord Shangchen! Lord Huangfu and Lord Shangchen have come together, and I hope that you can avenge Lord Shangchen for the sake of the sanctuary!”

Huangfu bi, “bi an.”

After a short moment of speechlessness, he snorted and said coldly, “Don’t try to quibble! Shangchen went to kill you, so how could he be killed by a true spirit? you must have killed him!”

how can you be the master of a sect? ” Yunxiao sneered. how can you say such things without any evidence? ” If I say I’m not, do you dare to use your head as a guarantee?”

Huangfu bi snorted and said, “you don’t have to explain these words to me. It doesn’t matter to me whether it’s true or not. You’re on your own now.” If we meet again, I’ll definitely take your head!”

At this moment, he also knew that it was almost impossible to catch Yuan gaohan again, so he could only return resentfully.

in the same way, ” Yunxiao said with a smile, ” if I have the chance to take your head next time, I won’t give up.

Huangfu bi flicked his sleeves and left with everyone.

“We’re just letting them go like this?” Chen Yuyu asked anxiously.

Yuan gaohan glanced at him and snorted, “Then you go and stop them.”

Chen Yuyu's face turned red and she immediately returned to Yuan gaohan's back, not daring to make a sound.

Qiu Mujie looked at the two true Spirit's will and said, the Divine Will purple gold worm and the eight Yin ancient star bird don't have any special divine abilities. Just their five elements spiritual bodies are enough to look down on other existences.

feini," Yunxiao said. give me a hand and scatter the remaining will of the Divine Will purple-gold worm.

"Yes."

Feini responded and a ball of fire shot up into the sky, forming a Phoenix that flew towards the two true spirits.

The Crimson flames burned the entire sky red. The Phoenix spat out a line of fire from its mouth, which was aimed at the Divine Will purple gold worm.

"Hu Chi!"

As soon as the Divine Will purple-gold worm came into contact with the divine fire, it started to struggle and wriggle its body, trying to escape.

The eight Yin ancient star bird opened its mouth and cried out. It flapped its wings and caught up with them. It turned into a Tusita mountain in the sky and smashed down.

The Phoenix flapped its colorful wings and made a turn in the sky. Its tail swept across, and a sea of fire whizzed up, pushing forward like countless waves.

The Divine Will purple-gold worm was a little afraid. It shrank back, and the Tushita peak immediately fell!

"BOOM!"

There was a huge tremor. The Divine Will purple gold worm was smashed and its form exploded. It turned into a ball of gold and gave off a blinding light. However, it had no intelligence and just floated there quietly.

After the Tusita heavenly peak was smashed, it flew out of the surging golden light and also floated not far away. It emitted five-colored light and was very lively.

Overjoyed, Yunxiao grabbed at the Tusita peak. At that moment, he could feel the changes in the peak. The remnant soul of the eight Yin ancient star bird was residing in it, like an Artifact Spirit.

“BOOM! BOOM!”

Dou Shuai heavenly peak slowly spun over and he held it in his hand. After checking it carefully and confirming that there were no problems, he put it away.

The remaining ball of golden light was directly put into the divine realm tablet.

“I didn’t expect these two Supreme treasures to be in young master Yun’s hands in the end. Tsk, tsk, what a great opportunity,” Qiu Mujie said enviously.

I have to thank you for letting me win, brother Mujie,” Yunxiao said with a smile. if you had wanted to snatch it from me, I would have been in big trouble.

“These two items may be precious, but they’re not of much use to me. I’ve never done anything that would harm others without benefiting myself.”

“Husband, Lord Yuan’s matter has been completed. You have also successfully collected the Qi of the metal spirit and the nine nethers filthy earth.” Fei Ni flew back as well.

Yunxiao knew what she meant, so he nodded and said, ” “Let’s go to the long family of the sky Ridge. I wonder what brother mu Jie and Lord Gao Han’s plans are?”

Yuan gaohan frowned and said, " I didn't expect the person who captured me to be the leader of the dark agents, Shang Chen. The person who can command the dark agents must be one of the rulers. It's most likely Wei Qing. Since that's the case, why don't I follow you to the heavenly Ridge?"

that's good, " Yunxiao said. it's much safer with me now than in the sacred zone. Besides, I'd like to have a good talk with brother Gao Han.

"Wei Qing has already gone to the long family of the heaven Ridge. I'd like to see how he's going to spread my art research to greater heights. Hahaha," Qiu Mujie added.

alright, " Yunxiao said. since we're still going the same way, let's go to the long family in heavenly Ridge first. However, one of us must go to the ten thousand stars Valley and tell them about Tian Xingzi's situation. We must also wait for Tian Xingzi's news."

Yuan gaohan also said worriedly, " the myriad Stars Valley has suffered great losses. Lord Tian Xingzi's whereabouts are unknown. The power balance in the Western Region has been lost. I'm afraid it'll be troublesome. Luanyu, you shall go to the myriad Stars Valley."

Chen Yuyu said in surprise,"then what do you think, my Lord?"

I'll be with Yunxiao, " Yuan gaohan said. there are so many experts here, so you don't have to worry about my safety.

...

Chen Yuyu still wanted to say something, but seeing Yuan gaohan's firm attitude, she agreed.

They didn't stay any longer. They teleported to riverbank city and headed to the heavenly Mountains of the northern region.

At this moment, in the northern region's LAN Xue sacred city.

A remote building was hidden in an unremarkable corner, only two stories high.

There were several rows of long tables in the building, and dark green jade plates were placed on them. Each of them was flowing with spiritual Qi and exuding vitality.

Suddenly, a slight cracking sound came from the second floor.

A warrior who was inspecting the Jade plate was stunned for a moment. Then, his pupils gradually enlarged, and cold sweat began to drip from his forehead.

“Whoosh!”

With a gust of wind, he rushed to the second floor like lightning.

Then, a shrill scream rang out, echoing in the air above the entire building.

“What? Shangchen’s fate sect is broken?”

...

In the main hall of the Holy region, Gongyang zhengqi slammed the table and stood up, causing the armrest of the throne to shine. who did this?!

He was extremely furious as he stared at the broken Jade token in the hand of the reporting cultivator, his eyes almost spewing fire.

The people below were also whispering to each other, their voices filled with shock.

The dark supervisor was one of the two most mysterious departments in the Holy region. Even many people present had never heard of the name 'Shang Chen'.

A person slowly walked out of the crowd. It was Bai lingyue. She said softly, "Lord upper earth has indeed left not long ago, but I'm not sure what he's doing. We'll need to investigate further."

"Check it! Hurry up and check!"

Gongyang zhengqi was furious. Coldness flashed in his eyes as he said, "The dark agents would never leave the Holy region for no reason, unless they have a mission. And only the five rulers could mobilize the dark agents. It's actually very easy to investigate."

His eyes turned cold as he turned to a person sitting not far away from him and said in a cold voice, "Don't you agree, Cangwu Qiong?"

The man was hidden in the dark, and his face could not be seen.

As Gongyang zhengqi's gaze turned over, his face was gradually revealed. It was a plain and ordinary face, the kind that would be forgotten immediately even if one walked in a crowd. There was not the slightest bit of brilliance.

"Indeed. If it's not you or me, then there are only three people left. Hei Yuhu has been in closed-door cultivation ever since he was injured in the battle with Yue Tong. The possibility of that is low, so there are only two left."

"Hmph! Don't be in such a hurry to eliminate everyone. We can't exclude anyone, including you and me!"

Gongyang zhengqi snorted and stared at him with cold eyes.

Cangwu Qiong raised his head. His eyes were clear, and he did not look ashamed at all. "It's important to figure out why the exalted celestial left the sacred zone, but it's more important to find out who killed him."

“These two questions are actually only one. If we know what he’s doing, we’ll naturally know who killed him. Lord Cangwu Qiong, you’re rarely in the Holy region. Why did Shangchen leave as soon as you returned?”

“It’s just a coincidence,” Cangwu Qiong replied. Could it be that Lord zhengqi suspects me?”

“Before we have any evidence, all five of us are suspicious,” Gongyang Zheng said curiously. “It’s normal to suspect each other. Daren can also doubt and question me.” He had a calm appearance.

“Of course I trust Lord zhengqi,” Cangwu Qiong replied. If I send Shangchen out, even if he’s dead, there’s nothing I can’t say. Why don’t you send a message to the three of them and ask them about this matter? perhaps there will be an immediate result?”

Gongyang zhengqi’s brows furrowed slightly, then he said firmly, “ alright, I’ll immediately send a message to the three of them. I hope someone will step forward and admit it. Please don’t disappoint me!

Chapter 1599-meeting

Gongyang zhengqi raised his hand, and a five-sided formation suddenly appeared above the main hall. It shot down a ray of green light and directly projected it on the ground.

A stone table slowly rose from the ground and merged with the formation light.

Gongyang zhengqi smacked the table with his palm.

Suddenly, countless rays of light shot out from his palm. The stone table glowed with light and illuminated the entire Hall.

Suddenly, three figures slowly appeared around the table. They were in a trance and very dim.

One of them was Wei Qing. He frowned and said, “ Lord zhengqi, why have you summoned us?”

There was another light figure, Hei Yu Hu, who also opened his eyes slightly. His expression was calm, but his eyes flashed with worry.

The last person's eyes were closed, her face was dignified and delicate, and her long hair was tied into a bun. It was a woman. Her figure was in a trance, as if she didn't care about the gathering, and was peaceful and quiet.

Gongyang zhengqi looked at the three of them and said, "Shangchen is dead."

These few words were like a stone sinking into the sea. There was no sound at all, and the entire place became extremely quiet.

"How did he die?" Wei Qing asked.

Gongyang zhengqi glanced at him, then at the other two, and said, "The reason why I called you all here is to know how he died."

Shangchen is the head of the Secret Service," Wei Qing said. there's indeed no one else but the five of us who can order him around. Or perhaps he's acting on his own.

"The dark agents never have any contact with the outside world," Gongyang Zheng said curiously."Even many people in the Holy region have never come into contact with them. As for Shangchen, he's been in hiding all this time. It would be a lie to say that he died because of a private matter."

"Ling Baiyue, do you have any clues?" Wei Qing turned around and asked.

yes. Ling Baiyue nodded slightly and said, " this happened too suddenly, and the dark agent's actions were not under our surveillance. We have no clues. If you want to investigate, you should start with the time and place Lord Shangchen left."

Gongyang zhengqi looked towards the crowd and said,"Xiao bingwei, do you have any leads?"

A man with a burly figure stood out and cupped his hands. Lord Shangchen left five days ago for the new Yan city in the North.

“New Yan city?” Everyone frowned. New Yan city was the recently established headquarters of the merchant Union. It was connected to all directions, and there were only a few more teleportation formations than in the Holy region, which could lead to any place on the continent.

Most people went to new Yan city to change routes or to deliberately wander around so that people could not figure out their true itinerary.

The latter was most likely the reason why Shangchen had traveled from the Holy region to new Yan city.

“Where are you two, black universe protector and Si tingyu?” Gongyang zhengqi asked in frustration. Do you have any clues?”

“I’ve been in seclusion ever since my battle with the moon pupil,” the black universe protector replied,”and I’ve never left the secret chamber. I’m completely unaware of this.”

The woman’s eyes remained closed, and she said indifferently, ” “I don’t know,”

“Hmph!” Gongyang zhengqi seemed to be very dissatisfied with these answers. He sneered and said, ” “The four of you don’t know, but I’m most likely the one who sent Shang Chen out!”

Everyone was silent.

“I just thought of something,” Xiao bingwei suddenly said.”It’s not that surprising.” However, it was extremely rare for a dark agent to take action in the Holy region, not to mention that Lord Shangchen had left in person. Right before Lord Shangchen left, Lord Yuan gaohan also went to new Yan city. I wonder if these two incidents are related?”

“Yuan gaohan?” Everyone was shocked.

Gongyang zhengqi's expression also changed drastically, and he said, "Who knows where Lord Yuan gaohan has gone?"

Everyone looked at each other, not understanding.

I'll send someone to ask the people in the spiritual Department," Xiao bin said. but I'm guessing it's probably because of the soul.

Gongyang zhengqi's brows gradually furrowed as he said, "If it's because of the soul, why didn't you inform me? He wants to carry out such an important matter in secret by himself?"

could it be that old Yuan is trying to avoid causing more trouble?" Xiao bin asked. could it be that he's doing it alone in secret?"

Gongyang zhengqi's face was filled with anger, and faint origin power fluctuations were emitted from his body. He said coldly,"If that's the case, he must have noticed something amiss and is afraid that someone will harm him!"

Everyone in the hall was shocked.

"Lord zhengqi, do you have any evidence?" black universe protector frowned.

"Evidence? Hmph, if this old man had evidence, would today's meeting still be so peaceful?" Gongyang zhengqi said coldly, and his eyes kept shooting out cold light.

Everyone was endlessly shocked. It was extremely rare to see him angry. This time, he was clearly really angry.

"Hmph!" Wei Qing snorted coldly and said,"since you don't have any evidence, it's better not to talk nonsense."

“Nonsense?” Gongyang zhengqi’s eyes were as sharp as knives as he glared over and said in a cold voice, “The last time Yuan gaohan asked to open the passage to Shen ‘du, it was the three of you who rejected him, which led to the matter being dropped. You should know who’s the one with a guilty conscience.”

“What?”

The surroundings were in an uproar, and everyone revealed shocked expressions.

The world only knew that there were five wonderlands in the realm of heavenly martial arts, but only four of them could be counted. They were the earth and heaven in the Eastern Region, the Mount Meru in the southern region, the smoke and cloud ancient shine in the Western Region, and the heaven of Langya in the northern region. Very few people knew what the fifth Wonderland was.

After a long time, the world only knew of the four great celestial realms, and the last one was slowly forgotten.

The fifth great immortal realm was hidden above the Holy region-Shen du.

Someone asked, “what’s yuan gaohan going to Luoyang for?” It takes a lot of energy to open an immortal realm by force. It’s not worth it if there’s no special reason.”

Many people also nodded, but even more people frowned. The more they did so, the more serious the problem might be.

“Yuan gaohan looks like he’s in a daze,” Wei Qing snorted, “I won’t object if he can come up with an appropriate reason. However, he didn’t give any reason and wanted to open the divine capital directly. Not to mention that he’s only the head of a division, even a ruler doesn’t have the right to do so!”

Black universe protector also nodded his head, “Lord Wei Qing is right, if Yuan gaohan can come up with a legitimate reason, I naturally won’t object.”

Si tingyu’s eyes were still closed as she simply said, “The same.”

“Hmph!”

Gong yang zhengqi had nowhere to vent his anger, so he said coldly, “I don’t care what you’re thinking, but you’d better not let me find out anything wrong, or I’ll be the first one to kill him!”

Lord zhengqi, “ Cangwu Qiong said. now that things have come to this, let’s think of a way to deal with this.

...

“If the source of this matter is from our own people, we must first find the root of the problem,” Gongyang zhengqi said with a gloomy face.

Gongyang zhengqi, “ Wei Qing said coldly, “ there’s no need to make insinuations here. These words make me very uncomfortable. Just tell me what you want!

“Alright!” Gongyang Zheng said curiously. Since Lord Wei Qing has said so, then I will directly say what I think. From today on, any division’s deployment must be approved by me and known to all five of us.”

Wei Qing’s expression changed several times before he sneered, “I have to get your permission?” Do you mean that you have to hold the power all to yourself?”

Gongyang zhengqi’s expression didn’t change as he said, “I can’t say that I’m in power alone.” However, the operation of the Holy region has been under my control for many years. When have the few of you ever meddled in anything? Moreover, I’ve already said that I’ll inform the four of you of any division’s deployment, so you can monitor me together.”

“I don’t agree!” Wei Qing flicked his sleeves. His figure became even more blurry, as if it was about to disappear at any moment.

Gongyang zhengqi’s gaze swept across the other people and said, “What about you three?”

“What if you do something stupid?” black universe guard frowned. The reason why the Holy region has five rulers is to prevent one person from dominating.”

“If I act recklessly, how can I convince the masses? moreover, are the four of you vegetarians?” Gongyang Zheng asked curiously.

Hei Yuhu fell silent and turned to look at si tingyu.

Si tingyu remained emotionless the entire time. She slowly opened her eyes and said, “I agree,” He then closed his eyes and returned to his statue-like state.

...

“Si tingyu, what are you doing!” Wei Qing said angrily.

“Since si tingyu agrees, I have no objections,” black universe protector said.

“What?” This time, Wei Qing couldn’t sit still and said angrily, “black universe protector, that old Hag’s Head was crushed. Did your head get crushed as well?!”

“Haha, there are already three people who agree. This decision has been passed.” Gongyang zhengqi laughed out loud and glanced at Wei Qing smugly.

“Si tingyu is currently too busy, so am I.” Hei Yuhu replied indifferently. Even after my injuries are healed, I plan to organize another group of people to encircle and annihilate Yue Tong. I have no time to pay attention to the affairs of the Holy region. Moreover, Lord zhengqi is right, he has been in charge of the affairs all these years, so it’s not impossible for the four of us to monitor him while he’s in charge.”

“What about you, Cangwu Qiong?” Wei Qing’s face darkened.

it’s already three to two, ” Cangwu Qiong said indifferently. my opinion doesn’t matter.

Hmph! Wei Qing snorted. since you all have such thoughts, I naturally have nothing to say. Just don't regret it when the time comes!

"This old man has a magnanimous heart, and I'm confident that I can take on this responsibility!" Gong yangzheng said with a serious expression.

Wei Qing knew that he couldn't change his mind and sneered, "Whatever, you can play however you like."

Gongyang zhengqi ignored the sarcasm in his words and continued, "From today onwards, any vice-director or director who leaves the Holy region must go through my personal order. Any Martial Emperor who leaves the Holy region must go through the approval of each division. Xiao bingwei, I need a detailed record of your entry and exit to the sanctuary."

"Yes." Xiao bingwei replied.

Most of the other people frowned, but they quickly relaxed and didn't have much opinion.

Gongyang Zheng asked curiously, "Zi Xiaoji, from today onwards, the finance department will have to give me the accounts every month." In fact, some of the larger investments have to be approved by me.

"

Zi Xiao Ji stood out and bowed, "Yes, my lord."

Even more people's expressions changed. Even Wei Qing and the others, with the exception of si tingyu, were frowning and seemed to be complaining.

Chapter 1600-origin of the Saint domain

"Lord zhengqi's control over the financial power seems to be interfering with the normal operations of the divisions," Cangwu Qiong said.

don't worry, Cangwu Qiong and the rest of you, " Gongyang Zheng said. I won't control any normal operations. I only have a rough understanding of the various expenses.

When he said that, everyone no longer had any objections.

"The world is currently in turmoil and chaos. I hope that everyone can work together to overcome this difficult time," Gongyang Zheng said curiously.

"Yes!"

Everyone responded in unison.

"The most important thing now is to keep ourselves in a state of chaos," Gongyang Zheng said. Nanfeng Xuan, you'll be in charge of investigating Yuan gaohan's whereabouts and Shangchen's death. Report the results to me as soon as possible."

"Yes!" A smaller figure flickered in the crowd, followed by a string of bell-like laughter, and then disappeared from the hall.

Gongyang zhengqi frowned slightly, as if he was very dissatisfied with her unruly behavior. However, he was used to it, so he could only shake his head secretly and say, "Ling Baiyue, intelligence is extremely important right now, especially the movements of the major factions in the world. There's also the moon eye and some people that can't be offended. We have to keep an eye on them during this period of time,"

"Yes, my Lord," Ling Baiyue replied indifferently. The so-called "not to be trifled with" is referring to Yingluo."

"For example, the forces of the outer sea, titled martial sovereigns, and some powerful itinerant cultivators." Gongyang zhengqi's pupils constricted. especially yuetong and Li Yunxiao, " he said after a pause. these two really make me feel uneasy.

Many people's hearts trembled, and a sharp light flashed in their eyes.

now, we can basically conclude that li Yunxiao is pojun Gu Feiyang," Ling Baiyue said. he is indeed a Xiantian fetus. It's very difficult to deal with. However, he was only a nine-stars Martial Emperor at the moment, so he could still suppress it for the time being. If he's allowed to grow, he'll probably be even more powerful than Gu Feiyang. By then, there'll be no one in the world who can suppress him."

"You mean we should get rid of them now?" Gongyang zhengqi asked with a worried expression.

Ling Baiyue smiled indifferently. I'm only offering my opinion. It's up to you to decide.

"Why do you want to get rid of it? I've been in contact with Yunxiao for a while, and I think he's a very good man. Moreover, Gu Feiyang wasn't an evil person back then." A man stood out and said.

This person had a beard and his hair was dotted with white. He was the head of yuansi, Xu Chu. He had crossed paths with Yunxiao in the Boneyard that day.

"Gu Feiyang is indeed not an evil person, but he's not a good person either," Wei Qing said. I agree with Ling Baiyue. If we don't suppress this person now, it will be hard to suppress him in the future."

"I can't make a decision on this matter. What do you all think?" Gongyang zhengqi said awkwardly.

I agree with Lord Wei Qing," Cangwu Qiong suddenly said. it's better to control the unknown risk in advance to avoid endless trouble.

Wei Qing glanced at him with a profound look and said, "That's right. Back then, Gu Feiyang caused trouble everywhere and caused chaos everywhere. The world isn't at peace now, and one more person like him is like one more bomb that can go off at any time. No one knows when he will go off, but once he does, the consequences will be hard to estimate."

"Where are hei Yuhu and Lord si tingyu?" Gongyang Zheng asked curiously.

Wei Qing's words can be reversed," hei Yuhu said after a moment of silence. although li Yunxiao is not a good man, he is not an evil man either. Back then, even though he had caused trouble everywhere, he

had not caused any trouble. He's one of us, after all. Most importantly, he's extremely powerful and has a grudge against the sacred zone's greatest enemy, the moon eye."

Lord Black universe protector, " Gongyang Zheng said curiously. do you mean to use Yunxiao to deal with yuetong? "

"That's right," black universe protector replied. If we can make good use of it, then the two worries we have will be completely offset."

black universe protector! Wei Qing shouted angrily, " have you forgotten about the fight with li Yunxiao and the others in Red Moon City? " Even you can't take them down. If they are allowed to develop out of control, sooner or later, they will step on the heads of the Holy region!"

"It's precisely because we've fought once in the red moon City that I think they're of value," said black universe protector. If he was too weak, how could he deal with Yue Tong? Besides, Yunxiao has the lunar pupil in his body, so he might be the best person to deal with the other one."

Gongyang zhengqi muttered, " yes, Lord Black universe protector's words are extremely reasonable. If things can develop as you imagine, then two of my greatest worries will be eliminated.

Lord zhengqi knows that it's just his wishful thinking, " Wei Qing said with a sneer. since li Yunxiao is also possessed by Yue Tong, maybe the two of them will join forces. At that time, it will really be a great disaster for the world.

we have to be wary of what Lord Wei Qing said, " Gongyang Zheng said curiously. is it possible for li Yunxiao and Yue Tong to join forces? " he asked. Ling Baiyue, what do you think?"

"This Yingluo."

Ling Baiyue waved the feather fan in her hand and paced back and forth in the hall, as if thinking about how to answer.

"Ling Baiyue, just answer truthfully," Wei Qing suddenly said.

“Yes.”

Ling Baiyue held her fan with both hands and said, “Reporting to the Lords. According to the information I’ve received, Yue Tong and Li Yunxiao are mortal enemies. Murong Zhu, who was possessed by the moon eye, was Gu Feiyang’s good friend. And in the end of time, Jiang Churan was killed by the moon eye, seemingly to save Yunxiao. Now, ning Kewei’s daughter, ning keyue, who was also Gu Feiyang’s good friend, has been taken away by the moon pupil. The possibility of them working together is very low.”

Wei Qing’s expression became more and more unsightly. His eyes shot over like daggers and he said coldly, “Ling Baiyue, have you really investigated thoroughly? If there is a mistake and it leads to serious consequences, you have to bear the responsibility!”

Ling Baiyue said embarrassedly, “this bi an. Of course, there is no absolute in this world. Maybe they will join forces.”

“Your analysis makes sense,” Gongyang Zheng said curiously. Although Gu Feiyang was unrestrained and unrestrained, he was a person who valued relationships and loyalty. Back then, the incident between the East Ocean and tiandang mountain had caused a huge commotion all over the world, all because of his disciple. He dares to provoke the four Seas and isn’t even afraid of death. He can be considered a peerless hero.”

Cangwu Qiong’s expression changed slightly, and he said, “Hua qianshu’s current state is not good. With that fellow’s personality, he might vent his anger on the Holy region.”

“As long as we have a clear conscience, Gu Feiyang is not an unreasonable person,” Gongyang zhengqi said, stunned.

“Hehe, Lord zhengqi, you’re right, but what if I feel guilty?” Wei Qing suddenly grinned, looking a little evil.

Gongyang zhengqi’s pupils contracted, and his expression changed instantly. “What do you mean?”

“Hehe, it’s nothing.”

I’m just saying,” Wei Qing said with a smile. who knows what that madman is thinking? I’ll have to trouble Sir Cangwu Qiong in the end.

if we choose to ally with li Yunxiao, then I’ll go and mediate the conflict,” Cangwu Qiong said. this is what I should do. After all, Hua qianshu has always been my subordinate.

Gongyang zhengqi seemed to have heard something wrong. His expression was a little ugly as he said, Si tingyu, what’s your opinion?”

Si tingyu spoke again and said, ” “Join forces.”

Wei Qing’s and Cangwu Qiong’s eyes gleamed, and their expressions turned unsightly.

“It’s now two against two,” black universe protector said,”the most important vote is in Lord zhengqi’s hands. His Excellency thought about the current situation. If he wanted to suppress Yunxiao in addition to the moon eye, he would probably have to use half of the power of the sacred zone. We are currently facing two greater threats, the monster race and the demon race.”

Gongyang zhengqi flicked his sleeves and sighed.”You’re really rubbing it in. The demons are still easy to deal with. Even if they found the inheritance holy weapon, the armillary sphere, and their overall strength has increased greatly, at least they are still under our control. What I’m most worried about is the demon master’s appearance. Don’t forget the origins of Saints.”

Everyone’s hearts trembled, and they looked at each other.

The leadership of the sanctum had been around for a long time, but no one knew exactly when they had started to exist.

Xu Yu could not help but wonder,’the origin of the Holy region? How did the Holy region come about? could it be related to the demon master?”

...

"This matter isn't a secret. The existence of the Holy region was a powerful organization that first appeared to monitor the seal of the devil Lord," Gongyang Zheng said curiously.

"What?"

This was the first time they had heard of such a secret, and everyone was shocked.

Gongyang zhengqi squinted his eyes and seemed to be in deep thought. He said slowly, "About 100000 years ago, that was the last year of the demon master's reign. All the experts in the world gathered in the holy city of misty snow to discuss how to deal with the demon Lord. At that time, it was just a simple organization with a clear purpose, which was to kill demons. After successfully sealing the devil Lord, in order to prevent him from returning to the human world, these people didn't leave. Instead, they used the holy city as their stronghold and established the sanctum, which was responsible for monitoring the seal of the devil Lord."

"But why don't we know anything about bi an? we don't even know where the devil Lord is sealed." I even joined forces with the people of the sea of soul formation to release a seal at the burial land."

Gongyang zhengqi looked at him indifferently and sighed, "I'm talking about the sacred zone from a hundred thousand years ago. These are all recorded in moldy ancient books. One thing had not happened for 100000 years. Who would still remember? Who would still be alert? Even I once doubted the demon master's authenticity, and I didn't expect to meet Qianqian in this life. I'm so unlucky, Qianqian."

Ling Baiyue waved her feather fan and said, "I know a little about the origin of the sanctuary. From the demonic traces we have so far, the demonic Lord is indeed very powerful. But fortunately, the suppression of 100000 years has divided him into several clones. They are all enemies and can not tolerate each other.

"That's right," Gongyang Zheng said curiously. He couldn't allow any of his clones to devour other existences, or the consequences would be too severe. No one knows how powerful the demon master is, but a hundred thousand years ago, there were many godly state experts in the world. We couldn't kill him back then, let alone now."
