

## The Eternal 1601

### Chapter 1601-plan

why can't we kill the devil Lord?" Xu Xu asked. could it be that he's immortal?"

Gongyang Zheng said curiously, "I can't figure out the reason as well. The undying body is just a fairy tale. Even if it's the five elements spirit body, it's impossible for it to not be killed. That's why I'm planning to send someone into the myriad forms collector's item to look for information on the demon master. Lin Yuanbo will be in charge of this right now, and collect all possible information as soon as possible."

"Yes."

An old man said slowly. His thin figure was extremely inconspicuous in the crowd, and he had no sense of existence at all. However, the people looked at him with no disrespect.

"What's the difference with the demonic tracks we've discovered so far?" asked black universe protector.

"There are two known clones, and they both seem to be thinking of ways to devour each other. Wei Qing, what was the demonization on Yunxiao's body in the battle of Red Moon City that day? I've always wanted to get to the bottom of this matter, so it's best for you to explain it."

Wei Qing's brows furrowed, and he pondered with some doubt, "There are two streams of devil essence in Yunxiao's body, one being ordinary and the other being Emperor, and they seem to be incompatible with each other. That mo PU seems to have some sort of connection with the ocean Emperor's lineage."

"Poseidon?"

this matter involves li Yunxiao again," Gongyang zhengqi murmured. he really is involved in all kinds of trouble!

besides, li Yunxiao and the daughter of the sea Emperor are so intimate, " Wei Qing said. it's hard to tell what kind of relationship they have. He's with the daughter of the sea Emperor openly. I wonder what kind of attitude polong has. Oh right, I almost forgot about someone. If it's about those Devils, this person might be very important."

"Who is it?" Gongyang zhengqi blurted out. The others were also very curious.

"This person is Chu Shengfeng." Wei Qing said word by word.

As soon as this name came out, the expressions of everyone in the hall changed slightly.

The news that Yu Sheng Feng was still alive was no longer a secret, but when everyone heard this name, they were still very surprised.

Gongyang zhengqi muttered, " it's indeed surprising that Sir kun Shengfeng is still alive. I don't know if it's a good thing or a bad thing. However, it's inevitable that the sea of soul formation will have a storm. I can only hope that this matter can be settled soon and not become the source of turmoil.

the stability of the soul formation sea is indeed important to the overall situation of the world, " Cangwu Qiong said. Yu Shengfeng's appearance is really not at the right time.

Wei Qing snorted,"it's precisely because the heavens are abnormal that demons and evil are rampant." In fact, we can completely eliminate these hidden dangers one by one with the momentum of sweeping away thousands of troops!"

"Oh? Wei Qing, do you have any good ideas?" Gongyang zhengqi asked in surprise.

Wei Qing's eyes flashed, " "It's simple. The first step is to stabilize the seven great sects and gather the seven sect leaders for a meeting. If there are any dissenters, suppress them first. As long as the seven great sects are stable, they will be like seven giant pillars supporting the earth, and the situation will be stabilized."

"What a lousy idea! This is simply nonsense!"

Gongyang zhengqi immediately interrupted and said in a bad mood, " suppressing the seven great sects and convincing them to submit to us. Only you can come up with such a brainless idea!

"Wei Qing's idea might be a little extreme, but I think it's a good idea to use the seven suzerain's power to calm the world," Cangwu Qiong suddenly said with a frown.

"We definitely have to borrow the strength of the seven great sects, but we can only placate them and not make a move." Gongyang Zheng said curiously. Otherwise, we'll just be creating more trouble for the already troublesome realm of heavenly martial arts."

it's good if the seven major sects listen to us, " Wei Qing said coldly. if they don't, they'll become the source of chaos sooner or later. It's better to calm them down as soon as possible and control them in our own hands.

"This method is indeed extreme," black universe protector replied. Lord zhengqi can summon the seven sect Masters for a meeting to test their attitude, it is indeed necessary."

"Yes, I'll do it tomorrow," Gongyang Zheng said curiously. Is that Luo Qingyun from the Eastern Region's Red Moon City qualified to attend the meeting?"

"Of course!" Wei Qing's expression lifted. Although Luo Qingyun's strength was insufficient, his current identity was the master of Red Moon City. If he lost the right to discuss matters, his reputation would inevitably fall, and the influence of Red Moon City on the Eastern Region would be even smaller. This was very unfavorable to the situation in the Eastern Region, which had just been calmed down. On the other hand, it will increase his prestige and help him guard the Eastern Region better."

"That's reasonable," black universe protector replied. Luo Qingyun might not be qualified, but the master of Red Moon City definitely is."

"Yes, that's true."

“What about the sky Ridge long family?” Gongyang zhengqi pondered. After long qianmiao died, he passed the position of sect master to young master Fei Ni. But where was that girl now? Can you suppress the long family?”

Wei Qing’s pupils shrank as he said, “a little girl naturally can’t suppress him.” If she was allowed to become the head of the long family, it would definitely cause chaos in the long family. As for the person to participate in the meeting, I already have a candidate in mind, so let him come.”

The people around were all slightly shocked. It seemed that Wei Qing and the long family were no longer close, but had completely interfered.

“Who is it?” Gongyang zhengqi didn’t seem to mind and just asked.

“Yi Hongming,” Wei Qing said indifferently.

“It’s him!”

Everyone was shocked, and many people began to whisper.

The other rulers also frowned and remained silent.

Gongyang Zheng said curiously, “there’s no problem with Yi Hongming’s strength. However, his bloodline is too violent. Once he goes crazy, he can’t even control his rationality. He’s definitely not a good leader. I’m afraid more people will be dissatisfied.

we’re in troubled times now,” Wei Qing said coldly. we can’t care so much. The others have to be convinced even if they don’t want to.

Gongyang zhengqi frowned a few times and said, “Alright, it’s the long family’s business anyway, so I have no right to interfere. I’ll leave Wei Qing to you.”

“Yes.” Wei Qing responded with a slight smile.

Gongyang zhengqi's words had a hidden meaning that everyone understood. Since Wei Qing had decided on Yi Hongming, he was naturally in his hands, which was equivalent to controlling the long family. It was not impossible under the current situation.

Ling Baiyue suddenly said, "my Lords, I suddenly remembered something when you talked about the seven major sects." According to the analysis of the recent news, it seems that shenxiao Palace is about to reopen its gate."

"F \* ck!" Gongyang zhengqi said gloomily. Everything is squeezed together!"

Ling Baiyue said, "the palace Master of shenxiao Palace went into seclusion because of love. If he finds out that Gu Feiyang is still alive, I will be angry."

Yunxiao? " Gongyang Zheng said curiously, " after going around and around, they came to li Yunxiao. It seems that li Yunxiao is indeed a key figure in the world's turmoil this time. We have to find a way to win him over."

Wei Qing said in a deep voice, "rope him in?" In my opinion, the best way is to capture him and imprison him in the sanctuary. Don't forget what Yunxiao has with him. I've already given the order that the whole world will take him!"

Gongyang zhengqi frowned and said, "you can just take back the iron Order. It's not a troublesome matter." If we can rope him in, we might be able to share the items. Even if we can't, there's nothing bad about it being in our own hands."

"Hmph, Lord Zheng Qi is really generous!" Wei Qing's expression was extremely ugly, and the atmosphere became a little tense.

we can see what happens to Yunxiao, " Cangwu Qiong said. our strategy is not fixed. Lord Wei Qing, you only said one thing, to stabilize the seven great sects first, then what?"

Only then did Wei Qing's expression ease a little. He snorted and said, " the first step is to stabilize the seven great sects. The second step is naturally to capture those titled martial sovereigns. Although these

unruly figures will give us some face, they're all acting in public and going against us in secret when we dispatch them. They don't take the Holy region seriously at all.

"I've also experienced this myself." Gongyang zhengqi nodded. Last time, I had Duanmu Youyu investigate the matter of songyue yang city, and Zhuo qingfan suppress the demon Lord's clone, but it was all left unsettled. They were all arrogant and condescending."

"Dealing with these people will be even more difficult than dealing with the seven sect Masters," Cangwu Qiong replied. After all, the seven sect Masters still had to consider the interests of their sects, so their attitude towards the sacred zone was much more humble. To put it nicely, the ten great martial sovereigns are conferred the title of the Holy region, but to put it bluntly, they are the ten great Desperados. They are existences that fear no one in the vast world. We can only use the method of offering Amnesty, and we must not use force."

...

"That's natural," Gongyang Zheng said curiously.

Wei Qing sneered,"although those ten desperadoes don't listen to orders, it's not difficult to rope them in as long as the benefits are enough." It's been almost thirty years since the battle of wind and cloud, and I'm wondering if we should do it again and gather all the experts in the world to try and recruit as many talents as possible into the sanctuary-realm to strengthen ourselves."

The surrounding people were all shocked, and then fell into deep thought.

"This method is indeed not bad," black universe protector said."If we were to start the Billboard ranking battle again, it might be even more intense than the last time. We also have a rough understanding of the world's powerhouses, and we can even recruit many of them."

yes, this can be done, but don't be too hasty. It's not too late to start when the time is right. Gongyang zhengqi nodded slightly.

Wei Qing said,'as long as we control the seven major sects and the ten martial sovereigns, and recruit heroes from all over the world with great benefits, the world will be stable. Then, they would join forces

with the sea of soul formation and split their forces into two. One of them would suppress the demons and seize the armillary sphere while the other would focus on attacking the moon pupil. How could they fail? After we've dealt with the monster race and the moon eye, we'll look for the sea Emperor polong to discuss the matter of the demon master. It'll be best if the sea Race can help, but if they want to stay out of it, that's fine as well. Our strength alone is enough to suppress the demon master."

He finished in one breath and looked at Gongyang zhengqi with disdain. He laughed and said, "In fact, what kind of trouble is there in the world? It's Lord zhengqi's fault."

Everyone pondered and felt that Wei Qing's words were feasible.

Gongyang zhengqi ignored his sarcasm and muttered, "Lord Wei Qing's plan is indeed clear and can be tried. However, things change too quickly, and I'm afraid that things won't go so smoothly."

"Naturally," Wei Qing replied. My plan is not static and must change with the changes, but the core point is to be down-to-earth and push forward bit by bit, constantly increasing our own strength and control of the world. Only then can we cope with the myriad changes."

Chapter 1602-wonderful realm of spiritual flower

"Wei Qing's words make sense, I agree," Cangwu Qiong said.

Gongyang zhengqi looked at hei Yuhu and Si tingyu and said,"What about you guys?"

"This method is feasible, but you can't be too forceful. You should be gentle," the black universe protector said.

Gongyang zhengqi nodded. these people are all unparalleled experts. If we don't handle it well, it will backfire. I will be careful.

"That's good," black universe protector replied,"I have nothing to worry about. When I come out of seclusion, I'll start organizing people to prepare for the second siege on the moon pupil. I hope that Lord zhengqi can help me pay attention to this matter and provide as much support as possible."

“Of course!” Gongyang Zheng said curiously. The moon eye is the common enemy of the human race. Other than the Saints, the other powers should at least do their part. Lord Black universe protector, please rest in peace and recuperate, while I organize the manpower.”

“Then I’ll have to trouble you,” hei Yuhu said, pleased.

The green light on the stone table suddenly turned a faint red and slowly became darker.

Gongyang Zheng said curiously, “ the formation has reached its limit. The three of you can go back to your work. I will gather everyone again if there are any changes. Everything will be decided according to what we have discussed today.

He sent a seal into the array.

Suddenly, the red light circled around the stone table and slowly sank down. Wei Qing and the other two light figures suddenly disappeared.

The light in the entire Hall dimmed, and the silence and solemnness from before were restored.

“All of you may leave as well. Perform your duties and work as one.” Gongyang Zheng said curiously. At the same time, the matters discussed today can not be leaked in the slightest, or else you will be punished with a crime and will not be lenient!”

“Yes!”

yes! everyone responded and began to leave.

Cangwu Qiong also stood up and walked out.

“Lord Cangwu Qiong,” Gongyang zhengqi’s eyes narrowed as he replied.

Cangwu Qiong stopped, turned around, and said, "What's the matter, Lord zhengqi?"

"Was Gu Feiyang's death an accident?" Gongyang zhengqi asked slowly.

Cangwu Qiong pondered for a moment and said softly, "Maybe? Who knows?"

Gongyang zhengqi's expression changed drastically, and he was faintly angry. He said, "So, how do you plan to deal with your relationship with li Yunxiao now?"

"Let's go with what we discussed just now. It'll be best if we can handle this gently," Cangwu Qiong said.

Gongyang zhengqi's face was livid. li Yunxiao is now involved in almost everything. A slight change will affect the whole. My Lord, you must handle it well.

"I'll do my best," Cangwu Qiong replied. Even I don't want to provoke that madman." After he finished speaking, he turned around and left.

Gongyang zhengqi looked at his back as he disappeared at the entrance of the hall, and the worry in his eyes deepened.

"What are you worried about, my Lord?"

There was only one person left in the hall, and that was Xiao binwei.

"There are many things I'm worried about, but what I'm most worried about is the devil Lord. Xiao bingwei, from today on, raise the security of the sanctum to the highest level. In addition to strict control over the exit, we must also investigate the entry of outsiders in detail. No suspicious people can be allowed in."

"Yes, my Lord!" "But isn't it a bit too much to raise the security to the maximum now?" Xiao binwei said in a deep voice.

“Not at all!” Gongyang zhengqi said coldly.

“Are you worried about the demon Lord?” Xiao bingwei asked, frowning. That’s not possible, is it?”

“Right now, the demon master is only living in the form of a clone,” Gongyang Zheng said curiously.”His strength isn’t strong, so it’s impossible to attack the holy city of misty snow. I want you to raise your defense power to the extreme. The core is to protect the spiritual flower mirror.”

“Spiritual flower mirror!” “Isn’t the realm of spiritual flowers the place where that Lord lives?” Xiao binwei asked in surprise. With that Lord’s strength, you can’t even compare!”

“I’m naturally assured of his strength, but we can’t be too sure of anything.” I might as well tell you, but do you know that the people who sealed the devil Master back then wanted to set up a sanctuary organization in the land of misty snow? This is because a fiend clone is sealed beneath the holy city of lanxue.”

“?!”

Xiao bingwei was shocked. could it be that the sealed land is in the spiritual flower Wonderland?!

“That’s right,” Gongyang zhengqi nodded. So from now on, no one is allowed to enter or leave the spiritual flower Wonderland. No matter who it is, they all need my personal orders. In the event of an unexpected situation, you have the right to directly cut off the link between the spiritual flower Wonderland and the Holy region, letting it float into the void. As long as we guard this clone, the devil Lord will never be able to recover his true body.”

“Yes!”

Xiao bingwei’s expression turned serious as he realized the severity of the situation.

In the sky above the holy city of lanxue, a cloud was shining brightly.

Zhou Chu stood in the air, and when he saw Cangwu Qiong walk out of the main hall, his eyes lit up. He quickly flew down and called out, " "Master,"

"Yes."

Cangwu Qiong replied softly. He was expressionless as he walked in front of the group. Each of his steps was a hundred feet long.

Zhou Chu wanted to say something but stopped. He followed closely behind and walked carefully.

"What?"

Suddenly, Cangwu Qiong stopped in his tracks.

A ray of colored glass shot down from the rainbow in the clouds like a thin line. It slowly fell from the sky and changed in front of him. It gradually turned into a blurry projection. The projection sat cross-legged and opened its eyes.

"Si tingyu, what's the matter?" Cangwu Qiong asked.

Si tingyu's projection was a little dazed, as if she had used a great divine power to show herself. She said, " I want li Yunxiao. Please bring him here.

"Why?" Cangwu Qiong frowned and asked.

"The wheel of Samsara," si tingyu said.

"Could there be something wrong with the wheel?" Cangwu Qiong asked.

Si tingyu closed her eyes slightly and didn't answer. She seemed to be waiting for his answer.

...

li Yunxiao has a Saint artifact, and Ye Fan is following him with Noah's ship," Cangwu Qiong said. they are indeed the most suitable candidates to study Saint artifacts in the world today. I promise you, I will try my best. However, you should have heard of his personality. If he can't be invited, I'll just capture him." A cold light flashed in his eyes.

"Yes."

Si tingyu acknowledged and made hand seals in front of her. Her entire projection disappeared without a trace.

Cangwu Qiong stood in the sky as if he was thinking about something. He looked at the endless clouds and seemed to be in deep thought.

"Zhou Chu," He suddenly called out softly.

"Ah? Yes, master!"

Zhou Chu, who was also full of thoughts, was startled and quickly bowed.

You've met li Yunxiao. What do you think?" Cangwu Qiong asked softly.

Zhou Chu was shocked and said nervously, "Arrogant, despotic, supercilious, arrogant, and disdainful!"

"And what?" Cangwu Qiong asked.

and he's so powerful. Master, is he really Gu Feiyang?" Zhou Chu asked carefully. He didn't dare to raise his head, but his forehead and sideburns were already wet with sweat.

...

Cangwu Qiong nodded and said, "I'm 100% sure." I'm surprised that Gu Feiyang didn't die. When I heard this news, I didn't dare to believe it. The world is really like a game of chess, man proposes but God disposes."

"Then, what does Qianqian's master plan to do?"

Zhou Chu's face turned pale. He thought about how he had provoked such a fiend in new Yan city. Not only did he almost lose his life, but he had also been thinking about how to take revenge. It seemed like he would not die if he did not seek death!

Now, he could only hope that the other party would forget about this matter and not seek revenge on him.

"I'll make a trip to the Wonderland of spiritual flowers and have a chat with that old freak, Ren Xifan," Cangwu Qiong sighed.

Just as he turned around, he suddenly reached out and grabbed at the air. A white light condensed into a Jade card, and it was shining brightly. It disappeared in a flash.

He frowned and looked at a side hall in the distance. He snorted and changed his direction.

Zhou Chu was puzzled. He followed Cangwu Qiong's gaze and saw that the side hall was where Wei Qing cultivated.

"Did you summon me?"

The two of them strolled down the steps. A man in front of the hall was looking up. Cangwu Qiong glanced at him and said indifferently, "

“Sir is serious. I only sent out an invitation, so how could I dare to invite you? please come inside the hall.”

That person was Luo Xing, one of the four peak nine-star experts under Wei Qing. The other three had all died in the incident at the red moon City, and he was the only one who survived by luck.

The three of them moved into the hall. Suddenly, a ray of light flashed and the restriction was opened, completely isolating them from the outside world.

“Master Cangwu Qiong has always been elusive,” Luo Xing said with a smile. “It’s my honor to finally meet him today.”

“If you have something to say, just say it. If not, I’ll be leaving,” Cangwu Qiong said indifferently.

Luo Xing broke out in a cold sweat and said awkwardly, “ Then, I’ll get straight to the point. How do you plan to deal with li Yunxiao, my Lord? ”

Cangwu Qiong looked at him and said, “ since you’ve asked me to come, it must be Wei Qing’s order. I’m naturally following what we’ve discussed. I’ll try my best to recruit him.

“Oh? Does Daren really plan to do this?” Luo Xing’s lips curled into a smile.

Cangwu Qiong’s eyes turned cold. He was extremely displeased by the smile and said coldly, “ Are you testing me?”

A wave of pressure suddenly exploded from his body and crushed over with a rumble.

Luo Xing was shocked and quickly retreated.

However, the pressure arrived in an instant. He hurriedly put his hands together and rushed forward.

“Bang!”

Luo Xing shuddered as his power was destroyed. He was sent flying and crashed into a pillar. The stone shattered into pieces.

“Pfft!”

Luo Xing forced himself to stand up, and a mouthful of blood gushed out of his throat under the violent shock of the power.

“Milord, what are you doing!” He was furious, and there was a trace of fear in his eyes.

Cangwu Qiong’s face was dark as he said coldly, “Who Do You Think You Are to have the qualifications to test me? If you have anything to say, let Wei Qing come to me.” He turned around and was about to leave.

Luo Xing stood there in a daze. His face was filled with hatred, but he did not dare to stop her.

Suddenly, countless white lights gathered from all around the hall and condensed into a ball in front of Cangwu Qiong. Gradually, it turned into a burly figure. He was about eight feet tall and had a strong back and a stocky waist.

It was Wei Qing’s kun nu. His eyes were closed, and a yellow mark suddenly appeared between his brows. He then opened his eyes, and a cold light shot down toward Cangwu Qiong.

Chapter 1603

1603 The long family

Cangwu Qiong raised his head and looked kun nu in the eye. “Is Ken here by himself?”

“Hmph!”

Kun nu shouted in a deep voice, his face filled with anger, "Don't you know that my external incarnation consumes a lot of energy? When I was summoned by Gongyang zhengqi just now, it already consumed a lot of my true essence."

"If that's the case, you should cut to the chase," Cangwu Qiong said.

alright, Qianqian," kun nu said. I'll just ask you one thing. How do you plan to deal with li Yunxiao?"

"That's strange," Cangwu Qiong said,"why does everyone care about this?" In fact, he's even more concerned about it than I am."

"What do you think?" kun nu sneered. Not to mention that Yunxiao's previous life was Gu Feiyang, who was a peerless figure who could attract the attention of the world with a casual move, the current situation alone shows that he is involved in almost everything, which is by no means a coincidence. Although I don't believe in fate, this man is definitely a key figure of this era!"

I agree with you," Cangwu Qiong said. then we can only use the method we mentioned earlier. We'll use a gentler approach and see if we can recruit him.

"Hmph, Amnesty?" Kun nu lowered his head and glared at Cangwu Qiong with his sharp eyes."Let me ask you, was Gu Feiyang's death really an accident?"

Zhou Chu and Luo Xing's hearts were beating fast and their palms were sweating. They had never thought of such a secret.

"Of course it was an accident," Cangwu Qiong replied. Gu Feiyang died in the tiandang mountains. You know what kind of place that is. Is there anyone in this world who has the ability to set up an ambush in the tiandang mountains to ambush him?"

"The tiandang mountains is a place where the heavens are buried," kun nu sneered."It means that even the heavens have to fall within it. Why did Gu Feiyang go to the tiandang mountains if he had nothing better to do? Don't talk to me about pursuing the divine Dao. There are indeed many lunatics in this world, but he is definitely not a brainless one."

Cangwu Qiong looked up and said slowly, " that's hard to say. He probably knows why he wants to go to the tiandang mountains.

The cold smile on kun nu's face gradually disappeared. He became expressionless and said, " "If that's the case, then there's nothing to talk about. You're on your own." A yellow light flashed on his forehead and turned into the shape of a small flower. His body suddenly became faint.

Cangwu Qiong's face twitched, and he suddenly said, " "If Gu Feiyang's death was not an accident, what does Lord Wei Qing want?"

A cold smile appeared on kun nu's face as he grabbed out.

In a corner of the hall, there was an ancient table with many Jade slips stacked on it. One of them flew up and landed in kun nu's hand.

Kun nu placed it on his forehead and slowly imprinted his divine sense into it.

As if Wei Qing was unable to catch up, kun nu's body started to fade faster. Finally, before he disappeared, he flicked his wrist and shot out the Jade slip.

Cangwu Qiong reached out and grabbed the Jade slip. Kun nu had already disappeared.

He placed the Jade slip on his forehead and read the information with his divine sense. His expression changed several times before finally returning to normal.

"Hmph!"

With a light snort, the Jade slip turned into ashes in his hand and scattered in the air.

"Let's go," he said.

He called out softly and left with Zhou Chu.

Luo Xing looked at the dust on the Jade slip on the ground and his face turned dark. He turned around and left the hall.

“Master, what did Lord Wei Qing say?”

In the sky above the Holy region, Zhou Chu, who was following Cangwu Qiong, could not help but ask.

“Nothing good,” Cangwu Qiong replied indifferently.

Zhou Chu’s heart felt like it was being suffocated. If he had known that this would be the answer, he wouldn’t have asked. He continued, “Then are we still going to the spiritual flower Wonderland?”

“Yes, of course I’m going.”

Cangwu Qiong replied. He increased the power of his Divine Art, from a hundred feet to a thousand feet, then a thousand feet. Finally, he shrank the ground into inches, and every time he flashed, he traveled a thousand miles in an instant.

At the same time, in a dangerous mountain range in the northern region, a mountain peak that looked like a giant pillar stood tall in the endless Mountains.

With the mountain peak as the center, a huge amount of spiritual Qi spread out, forming a white cloud pattern that slowly spread out.

From time to time, a powerful aura would spread out from the mountain range. Many high-level demonic beasts were scattered around the mountain peaks to cultivate. It was a dangerous place with very few people.

On the top of the mountain, clouds filled the air. There were many houses, dormitories, and courtyards.

There were also fertile fields, medicinal fields, shops, roads, teahouses, restaurants, and so on, just like a city.

In the magnificent building complex on the peak, in a courtyard where spiritual flowers and rare plants were in full bloom, a green-robed man slowly exhaled and gradually opened his eyes.

His forehead was covered in sweat, and his face was slightly pale. However, his eyes were bright, and golden lightning flashed faintly when he opened them.

“Lord Wei Qing, how is it?”

An old man with a curly beard asked, his eyes full of doubt.

Wei Qing tidied up his long robe, picked up a cup of tea and took a sip, then said leisurely, “Gongyang zhengqi is just looking for me to discuss a matter. It’s nothing.”

“So it’s Lord Gongyang zhengqi’s summoning, did Lord Wei Qing mention the long family?” the old man said.

“You’re fine, don’t worry,” Wei Qing said.

The old man was overjoyed and quickly bowed, “Thank you, Lord Wei Qing, for your help!”

Wei Qing reached out to help him up and said, “no need for formalities. We have the same interests, so we’re just taking what we need.” Now that the world is unstable, after Lord long qianmiao’s death, the long family is in need of a strong leader like you. Not only is it beneficial to the long family, but it is also important to the world.”

“Lord Wei Qing is right,” the old man quickly said. After I become the head of the long family, I’ll definitely follow your lead and do what I can for the peace of the world.”

“It’s rare for you to have such a broad mind. I’ll thank you on behalf of the people of the world.” Wei Qing nodded with relief.

“This is my duty,” the old man replied. After I take the position, I will immediately help you select people and conduct the bloodline purification test.”

“Yes.” you have to be careful about this, ” Wei Qing replied. to avoid all kinds of criticism and dissatisfaction. After all, the success rate is not high, and the sacrifice is quite big.

“Hehe, without sacrifice, how can it be precious?”

The old man sneered, ‘if the success rate is high, then wouldn’t tenth-rank divine blood be in abundance? How precious could it be? Those who achieve great things don’t mind tips, and my long family can afford this little sacrifice. Moreover, failure isn’t completely useless. Being able to become a ghost Asura is also a wonderful thing.”

“It’s great that you think that way. It’d be great if the other members of the long family thought the same way as you,” Wei Qing said.

...

“Hmph, don’t worry, my Lord,” the old man replied coldly. If anyone is stubborn, I’ll have to open their minds! Moreover, this was an experiment that long qianmiao had started. I have no reason to stop it, right? This matter is of great significance to the long family, the world, and even the entire realm of heavenly martial arts.”

that’s true, ” Wei Qing said. refining the bloodline of a true spirit might be the most effective way to become a God in the world.

The old man said, “Your Excellency is thinking for the whole world. I, Yi Hongming, will lead the entire long family to follow you!” However, there’s one thing that the long family’s sect head token is missing. There are still many stubborn old men in the long family who only recognize tokens.”

Wei Qing raised his brows. I understand this. If you kill feini and steal the token, you'll definitely face great resistance from within the long family. Even if you forcefully suppress it, it'll definitely affect the stability of the long family. Leave the token to me.

"Many thanks, my Lord!"

Yi Hongming was overjoyed. The sect leader's token and the matter of long qianmiao's death had been a knot in his heart. If he could not handle it properly, he would face many obstacles even if he forced himself to rank up. It would be difficult for him to command the entire sect.

"In addition to the token, that girl feini must also die. Otherwise, she will always be a disaster!" Yi Hongming's eyes were filled with killing intent. His eyes gradually turned red.

"Don't worry, I'll take care of everything," Wei Qing said.

A light suddenly flashed in front of the two of them and a man appeared. He knelt on one knee and said, "Lord Wei Qing, Lord Yi, all the elders, protectors, and the seven young masters are here."

Yi Hongming's entire body trembled. An indescribable excitement welled up in his heart. He laughed and said, "Haha, have you all arrived? I've been preparing for a long time. Today will be the day the long family reaches its peak!"

Wei Qing's eyes also flashed with a cold light, "Everything is going according to plan. Let's go, head chief Yi!"

...

Just as Wei Qing and Yi Hongming were plotting the long family's matter, Cangwu Qiong and Zhou Chu had also entered the realm of spiritual flowers in the holy city.

He was surrounded by exotic flowers and plants. In addition to the astonishing spiritual Qi, there was also a strange feeling, as if he had walked into some kind of formation.

Zhou Chu looked around and said in surprise, " "This is the spiritual flower Wonderland? Although I've heard of it, I've never been here before, so I don't know how to get in."

"It's a good thing you didn't know how to get in," Cangwu Qiong said."That old monster would have killed you if you had barged in."

"Master, who is that lady Ren Xifang? is she from the Holy region?" Zhou Chu was shocked and quickly asked.

Cangwu Qiong chuckled and said,"in general, he's from the sanctuary, but very few people can command him." Although the spiritual flower Wonderland is within the misty snow sacred city, it's an independent space. He can also be said to be the master of the spiritual flower Wonderland, and he likes this identity more."

"He doesn't even listen to the orders of master and the other great governors?" Zhou Chu was a little shocked.

"He'll listen if it's to his liking, otherwise he won't," Cangwu Qiong replied.

Zhou Chu,"Yingluo."

Cangwu Qiong smiled and said loudly, " "Ren Xifan, I'm here to see you."

The voice was loud and powerful, and it reverberated in the wonderful realm. It was like a spring breeze blowing, and all the exotic flowers and plants swayed with a "shua shua" sound, emitting a refreshing fragrance.

Not only that, but the flowers and grass seemed to have changed. They kept shifting around, and waves of array power seeped in from all directions, pressing down on the two like waves.

Chapter 1604-magic servant

Zhou Chu was shocked. Even with his cultivation, he found it difficult to resist the formation. However, he did not panic as he followed Cangwu Qiong.

As expected, Cangwu Qiong smiled and stretched out his hand.

A barrier with a diameter of several feet instantly opened up, and all the pressure disappeared.

“Hmph, come in!”

A voice sounded from the sky, following which all of the spiritual flowers and plants returned to their original positions, as if they had never changed. A faint fragrance and rich spiritual Qi filled the air, as if everything that had happened was just an illusion.

Cangwu Qiong took a light step and crossed over. An exquisite Pavilion appeared in front of him, and he entered it with one more step.

In an elegant small hall, it was empty and quiet. There were only two millstone-sized futons placed on the ground.

Cangwu Qiong walked over and sat down on a futon with Zhou Chu kneeling behind him.

“Speak, why have you come to find me?”

As the voice from before rang out, the futon opposite Cangwu Qiong slowly flashed with black light. A black shadow kept growing, and finally turned into a human figure. Its true appearance could not be seen.

“Gu Feiyang is not dead,” Cangwu Qiong replied.

The figure paused for a moment, then snorted, “If you’re not dead, then you’re not dead. Why are you telling me?”

“Ren Xifan, you were more or less involved in that incident back then,” Cangwu Qiong smiled and said.

The black shadow swayed and said coldly, "I just helped you out. Besides, I didn't plan to target Gu Feiyang. Even if it was related to me, I was just used by you."

"What? are you scared?" Cangwu Qiong chuckled.

"Afraid? Hahaha!"

The shadow laughed and said, "I just don't want to take the blame for you for no reason. If I did it, I won't deny it." Even if Gu Feiyang really came to me, do you think I would be afraid of him? Hmph, a titled martial sovereign might be a god-like existence in the eyes of ordinary people, but he's nothing in my eyes."

"I know what you're capable of," Cangwu Qiong laughed. Actually, my main purpose here is not to talk about Gu Feiyang, but about the devil Lord. It is said that all the seals of the devil Lord have been opened."

The shadow trembled and shook violently. "Oh? All the seals? Are you sure?"

"It should be," Cangwu Qiong replied. Gongyang zhengqi was currently worried about this matter. I'm afraid no one in the Holy region has a better understanding of 'demons' than you. I want to hear your opinion."

The shadow said, "the demon master has been suppressed for many years. Even if he is unsealed, his strength will definitely not be as strong as before. There's nothing to worry about. Besides, I'll be guarding the last seal, so there's no need to worry."

"I wanted to ask you," Cangwu Qiong said, "has the seal changed recently?"

"Change?" "There's no change," the shadow replied after some thought.

that's good," Cangwu Qiong said. we're in a critical period right now. I suggest that you don't touch the seal anymore and try to strengthen it.

"I know what I'm doing," The shadow snorted and said disdainfully.

"Since you're so confident, I have nothing to worry about," Cangwu Qiong nodded. I'll take care of Gu Feiyang. If things really get out of hand, I hope you can help me. "

"Eh?" the shadow was surprised. Could it be that Gu Feiyang is so powerful now that you're afraid of him?"

it's complicated, " Cangwu Qiong replied. it's hard to explain in a short time. I'm afraid you don't have the patience to listen.

I'm indeed impatient, " the shadow sneered. but isn't this your most important purpose in coming here?  
"

"There's a lot of them, regardless of their primary or secondary goals," Cangwu Qiong chuckled.

"Hmph, I understand. As long as it doesn't harm my interests, I'll do my best to help you."

"If there's nothing else, you can leave now. I won't see you out," the shadow said leisurely.

"Good, you're indeed a straightforward person."

Cangwu Qiong seemed to be very satisfied. He stood up and said, " "Then I won't disturb you any longer."

With a wave of his sleeve, he left with Zhou Chu. In two steps, they had left the wonderful realm and disappeared from the sky above the holy city of misty snow.

The shadow looked at the two people's departing backs and suddenly trembled. It began to shake violently.

“Argh! Ah!”

A painful cry came out of the shadow’s mouth. Suddenly, light shot from all directions and entered his body, gradually turning into a real body with flesh and blood.

An old face was revealed. His hair and beard were all like silver, and the wrinkles on his face were like ravines, describing the vicissitudes of time.

“Argh! Ah!”

Ren Xi Qian groaned in a low voice as her body kept rolling in the air and spinning on the ground.

“I was wrong, I was wrong. I beg you to let me go!”

He kept wailing, his eyes filled with pain, and beads of sweat flowed down his cheeks as he trembled.

“Hehehehe, wrong? What were you doing earlier?”

A large amount of black gas suddenly surged out of Ren xiqian’s body and condensed on the dome of the hall.

A figure gradually emerged from it. With a wave of his hand, all the black gas was absorbed into his body and swept away.

Only then did Ren Xi Fang’s pain dissipate, but she was still trembling on the ground. Her eyes were filled with fear as she looked at the person in the sky with a complicated expression.

The man smiled contemptuously and snorted disdainfully, “ this is your end if you want to devour and absorb me to cultivate the Supreme demonic body!

Ren Xi Qian got up from the ground and said fearfully, " di Jia, I already know I'm wrong. Why are you being so aggressive? "

The young man was di Jia. He smiled evilly and said, " "Now you admit your mistake? You already F \* cked him? The reason why I didn't kill you is because you still have some strength and are a useful talent. As long as you obediently become my demon slave, not only will you be spared from death, but you will also be able to obtain greater power!"

"Demon slave! No, absolutely not!"

"Wouldn't that be worse than death for me?!" Ren xiqian shouted in horror. You want to make a divine transcendence expert your demon slave? you're too much!"

"Tsk! I'll spit!"

...

Di Jia spat at him and said in disdain, " "Back then, those who became my fiend slaves were all godly state existences. Trash like you don't even have the right to kneel and lick my boots, and now you're trying to act tough with me?"

His face turned cold, and his figure flickered. He instantly turned into a black light and shot into Ren Xifan's body.

"Ah!"

Ren xiqian screamed and rolled on the ground in pain. my Lord, please spare me! "I'm an expert of my generation! How can I be a slave? ah!" Help, help!"

"Hmph, fine. Seeing that you're still considered the number one figure in this era of trash, I'll give you a little promotion and make you this Lord's demonic servant. I'll give you three breaths to consider."

Di Jia's cold voice sounded in his body.

Ren Xi Yuan trembled in pain. The immense pain did not only come from her internal organs, but also from her bone marrow and meridians. It seeped out from every pore in her body, and even her soul felt like it was being torn apart. She was in so much pain that she wished she was dead.

He had never dreamed that he could torture a person to such a painful extent.

"I, I, I yield, I yield, I promise you! Wuwaa!"

Ren Xi Xi burst into tears like a hundred-year-old man. Her trembling body twitched on the ground and she looked very pitiful.

"Hmph, don't act pitiful in front of me! I'm telling you, this is a great fortune!"

...

A large amount of demonic Qi gushed out of his body and turned into di Jia's appearance. He said coldly, "Besides, you only have yourself to blame for this. Who asked you to have designs on my Lord and be so bold as to directly refine and devour me? Haha, what I didn't expect was that your body had accumulated a large amount of devil essence. That devil essence originally belonged to me! Tsk, tsk, what a nostalgic power!"

Ren Xi trembled as he knelt on the ground. He did not dare to speak as he wiped his tears.

Originally, he had been cultivating in the spiritual flower Wonderland because he had taken a fancy to the devil Master under the seal here. He had also found a way to pry open a crack and let the devil Qi seep out from time to time for him to absorb and refine.

After decades of accumulation, he had reached a very considerable level and his mo skills were abnormally strong.

However, what annoyed him was that the seal on the devil Master seemed to have a spirit of its own. It constantly repaired the cracks he pried open, and every time he tore a crack, the power consumed increased several times. As a result, the amount of devil Qi that could seep out later was very little, which made him feel very distressed.

And just when his mo skill was at a standstill and his mo body was not tempered enough, di Jia broke into the realm of spiritual flowers and was caught red-handed by him. With his Demonic Cultivation, he naturally recognized that di Jia's cultivation method was of the same origin as his, and he had a large amount of demonic essence.

In his ecstasy, he melted di Jia without distinguishing right from wrong, turning it into the purest devil essence and absorbing it into his body. However, he didn't expect that what he absorbed was the devil master's avatar, and his will was undying.

In the end, not only did di Jia not die, but he also devoured all the demonic essence that had been accumulated in his body for decades and planted a demonic seed that could directly corrode his body. At first, his internal organs hurt, then it spread to his limbs and bones, and finally even invaded his three souls and seven spirits. He was in so much pain that he wanted to die.

"Open up your spiritual altar and sea of consciousness, and let my demonic seed enter. This way, you will be bestowed with infinite power and become an existence of Supreme glory." Di Jia said coldly.

Ren Xixi's entire body trembled violently. He knew that no matter how much he resisted, the demonic seed would spread to his spiritual altar and sea of consciousness sooner or later. It would only cause him more pain.

In his despair, he finally gave up on resisting and allowed the demonic seed's power to spread throughout his body, finally entering his spiritual altar and sea of consciousness.

"Ah!"

He suddenly flipped up from the ground, holding his head and screaming in pain. His head felt like it was going to explode.

Di Jia sneered. this is an inevitable process. How can you see the rainbow without experiencing wind and rain? ” If you can’t even endure this little bit of suffering, what qualifications do you have to be my servant?”

Ren Xi Fang’s wailing was even louder than before, but the aura on her body was constantly strengthening. Her silver hair and beard were constantly turning black, and the wrinkles on her face were gradually smoothed out and began to shine.

Chapter 1605

1605 Above the sky Ridge

In the divine realm tablet, high up in the sky.

A ball of golden light, like molten metal, wriggled in the air.

Suddenly, a seven-colored light gathered in front of him and turned into circles of light. An eye slowly opened inside. The eye was red and black, and strange symbols were scattered around it.

The eye blinked, and the Golden Ball of light was instantly sucked in by a force. It turned into rays of light that shot into the eye and were directly absorbed into the red and black eyes.

The symbols around the eyeball were constantly shattered by the golden light. The entire eye seemed to be in pain and trembled a few times in the air.

Soon after, his entire eye turned golden and shot out tens of thousands of rays of light.

However, it only lasted for a moment. In the blink of an eye, all the golden light disappeared and everything returned to normal.

Yunxiao’s figure suddenly appeared, covering his eyes with his hands. Blood was oozing out between his fingers. He was injured.

big brother Yunxiao, blood!

A white figure also appeared. It was water deity. She looked on in fear and anxiety.

“It’s fine,”

Yunxiao said indifferently, then lowered his hand. His eyes were like a sea of blood, looking a little terrifying. the energy of the gold spirit is too strong, and the cultivation technique of the minor cycle three-phase Mystic technique is incomplete. Although I have deduced a lot, I can’t reach the fourth level.

if you can’t make it, don’t force it, ” the water deity said anxiously. why don’t you cultivate my family’s eye of truth? ”

Yunxiao shook his head and said, ” the eye of truth must be completely integrated with the Bo family’s bloodline. The innate divine ability derived from it is not easy to cultivate. And this little cycle three phase wondrous technique spirit eye seemed to be the general outline of all spirit eye techniques. Back then, I happened to obtain the five techniques of the heaven peeking eye technique in the little spirit heaven of Langya heaven. It seems like they were derived from this wondrous technique, the spirit eyes.”

The water deity’s face was bitter as she said, ”even if this technique is powerful, what’s the point if I can’t cultivate it?” It’ll be too harmful if you force yourself to cultivate it. Big brother Yunxiao, you’d better not cultivate it. ”

Yunxiao’s heart softened when he saw her pleading face. “Don’t worry, I know what I’m doing. I won’t let my losses outweigh my gains.”

“En, big brother Yunxiao must keep your word.” The water deity said with a straight face.

Yunxiao could not help but laugh. “When have I ever gone back on my word?”

The water deity clapped her hands happily. that’s great! That’s great! she said.

Yunxiao smiled wryly. alright, you should go and cultivate. We're near the heavenly Ridge now. I'll go out and see what's going on.

The water deity hurriedly grabbed his arm and said, " I want to go out too. Big brother Yunxiao, take me out.

you'd better calm down and cultivate with peace of mind," Yunxiao said. refine and control NAIRU as soon as possible, and then you can go anywhere in the world.

"I've been working very hard, a hundred times harder than I was in the sea Forest!" No matter how much you cultivate, you should at least relax and rest!"

Yunxiao was speechless. Looking at her pitiful face, he said, " "Alright, you'll come with me."

The two of them turned into white light and disappeared into the divine realm tablet.

The next moment, with a golden light, the two of them appeared directly on Noah's ship.

"Little sister Water deity, why are you out here too?"

Feini turned around, her eyes narrowed as she giggled.

"Sister feini."

The water deity jumped over and held feini's hand. She seemed to be very happy and said, " I asked big brother Yunxiao to let me out to rest. I'm almost bored to death cultivating in there all day.

Although the two of them had not seen each other much, after the battle in Red Moon City, they were like life-and-death friends and had an extremely good relationship. Moreover, the two of them seemed to have a tacit understanding of each other's Affairs.

“That’s great, we’ll be at the long family’s residence soon. I’ll show you around.” Feini laughed.

“Yay!” The water deity was overjoyed. She was jumping around and looking out of the warship from time to time. It was a vast mountain range and she would chat with Feini from time to time.

Yunxiao was speechless as he looked at Ye Fan, then he said, “We’re about to reach the long family. Isn’t it too ostentatious for Noah’s ship to fly over like this?”

“Don’t worry, big brother Yunxiao,” Ye Fan said. “Big sister Feini has already told me the approximate location. When we arrive, I’ll send the warship into the void. I won’t be discovered.”

“That’s good,” Yunxiao said.

“Hehe, the Asura sea? I’m looking forward to it.” Qiu Mujie, who was sitting nearby, suddenly opened his eyes, and two rays of light shot out.

“Shut up! Don’t mention the word ‘Shura’ in front of me, or else the long family will be your death!”

The expression of Fei Ni, who was in the middle of teasing the water deity, suddenly darkened. Her expression changed instantly and a sharp gaze shot over. Her body was burning with flames and her killing intent was overflowing.

“Tsk!”

Qiu Mujie sneered disdainfully, as if he couldn’t be bothered to argue with her. He closed his eyes and continued to cultivate.

Fei Ni’s face was filled with anger. The long family was her home. Even though the competition between her fellow disciples was extremely intense and they had all sorts of schemes and tricks up their sleeves, these were all beautiful memories at this moment.

She could not help but shiver at the thought of a large number of her fellow disciples becoming Wei Qing's test subjects and becoming The Walking Dead. Furthermore, she herself had a true spirit bloodline, so she could feel the sorrow and pain even more.

"Sister Feini, don't be angry. I know him, he's a bad guy. Let's ignore him."

The water deity was shocked by her appearance and quickly comforted her.

The raging fire on Feini's body gradually extinguished. She exhaled and stroked the water deity's hair, "good sister, this is big sister's home. I will never allow bad people to come to my home and cause trouble.

The water deity nodded, not fully understanding, "yes!" I won't allow any bad guys to cause destruction in the forest of the sea. I'm with my sister, and I'll kill whoever causes destruction!" Her eyes also suddenly turned cold and shot out two rays of murderous intent.

Feini was shocked and her anger dissipated. She looked at the water deity in surprise. She did not expect that there would be killing intent under her pure and innocent appearance.

In fact, the water deity was not involved in many things. She was usually in a high position. Although she did not have to kill people personally, many people had been killed because of her. To put it bluntly, she did not have much concept of killing people. When she was unhappy, she might have the intention to kill.

Fei Ni patted her head and chuckled, "Alright, we'll kill whoever sabotages the way."

The Noah's ship soon entered the long family's detection range. Ye Fan used a few hand seals, and the ship immediately disappeared into the sky.

A moment later, Yunxiao and the others appeared on the top of the mountain, which towered into the clouds, on a winding bluestone Street.

Ye Fan looked around in surprise, praising: " I didn't expect that there would be a city-like layout on a mountain peak. It doesn't feel restrained at all, and instead has a unique flavor.

...

"Yes, yes! It's my first time coming to such a strange place!" Water deity was also very happy. She grabbed Yunxiao's arm with one hand and feini with the other, looking around.

the long family is divided into the inner and outer sects. The inner sect disciples are all beings who have awakened the true spirit bloodline, while the outer sect disciples are ordinary people who have not yet awakened it. However, they must be the descendants of those who have the true spirit bloodline. This is to ensure that there will be bloodline Awakeners among their descendants in the future," said feini.

Ye Fan said: " no wonder there is such a huge city gathering place. This place is already equivalent to a mid-sized city. Are all the people here true spirit bloodline descendants? "

"Not exactly, but most of the original residents are," feini said. As the city's scale was built, various Chamber of Commerces were stationed there, and the number of foreigners was also very large. Moreover, not all descendants of the true spirit bloodline were outer disciples. Many descendants could not even form a sea of Qi and were destined to be ordinary people for the rest of their lives. The minimum standard for outer disciples was to be a warrior. Even if you don't awaken your true spirit bloodline, you can become an inner disciple directly as long as you cultivate to the rank of a Nine Heavens martial sovereign with your own efforts."

what's the probability of awakening a true spirit bloodline among the descendants? " Yunxiao asked.

"One in ten thousand," feini replied.

"What? It's that low?"

Both Ye Fan and water deity were very surprised, while Yunxiao and Qiu Mujie were much calmer.

this ratio is actually not low, " said feini. there are tens of millions of descendants of the true spirit bloodline in the sky Ridge. Many of them are also scattered all over the heavenly martial arts realm. The long family currently has more than 10000 inner disciples.

ten million Taowu means that the city on the heavenly Ridge has nearly a hundred million people. It's not any smaller than a medium-sized city! Ye Fan exclaimed again.

"Including the outsiders, there should be more than 100 million people, which is the standard for a large city. The sky Ridge is 108000 feet high, the highest mountain in the realm of heavenly martial arts. Even if an ordinary person lived to a hundred years old and rode a horse from the bottom of the mountain, he would never reach the top of the mountain."

...

why didn't we go directly to the long family? " Yunxiao asked. why did we come to the center of the city? "

The rest of the people were also suspicious as they looked at feini.

Feini raised her head and looked at the mountain peak that reached into the clouds in the distance. Her face was filled with worry as she said, " "When we entered the Tian Ling range, I noticed that the mountain-protecting formation had been activated. If I wasn't familiar with this formation and knew how to get around it, we probably wouldn't have been able to get in."

"Mountain-protecting formation?" what? " Yunxiao's eyelids twitched. did something happen? "

Fei Ni nodded and said, " even if the mountain-protecting formation doesn't defend against attacks, the primordial stones used in one day is equivalent to the long family's total income in one day. It's a huge sum. If it wasn't an urgent matter, I wouldn't have activated this formation."

"It seems like Wei Qing is already here!" Qiu Mujie sneered. Tsk, tsk, there's a good show to watch!"

if it's really Wei Qing who wants to plot against the long family and has already found a mole, " Yunxiao said, " it makes sense that he activated the mountain-protecting array to avoid outside interference. However, I can see that everyone in the city has a serene expression on their faces, as if nothing has happened."

"Yeah, I noticed that too," said Qiu Mujie. That only means that Wei Qing's matter is still in progress and has yet to succeed. That's why no one in the entire Tian Ling sect knows about the change in leadership."

Chapter 1606

1606 The vessel

in that case, it seems that we have to calm the storm before Wei Qing takes action," Yunxiao said. only then can we minimize the casualties.

Qiu Mujie chuckled and said,"do you think it's that easy? Wei Qing's strength and wisdom were far above ordinary people, and he rarely failed in his tasks. Even though the battle at Red Moon City was earth-shattering, the final outcome still returned to his control."

Feini looked at the road in the distance worriedly. It led straight up to the sky Ridge, towering into the clouds.

Suddenly, a group of people came from behind. There were seven or eight 12 or 13-year-old children. They were led by a few guards and were walking over.

The children were talking and laughing, and everyone's face was filled with joy. There were also some adults following behind them, and they all had extremely happy expressions.

The leader of the guards suddenly stopped, turned around, and shouted, " alright, don't follow me. Go back!

The adults behind him slowed down their pace and tried their best to signal to the children with their eyes, constantly smiling.

how annoying. If any parent comes again, take the child back!

A Guard's face darkened as he impatiently shouted.

Only then did the team that was following them stop, and no one dared to step forward.

it's no wonder. Who wouldn't be excited to see their children and grandchildren have the hope of awakening their bloodline and their family will soar from then on? "

why didn't I encounter such a good thing back then? " the other guard clicked his tongue. I went through a lot of trouble to activate my bloodline and almost lost my life.

"Yes." The guard looked at the eight children and said, " if he can really awaken his bloodline, he will be directly accepted into the inner sect. The treatment at home will be completely different. From then on, he will be above the rest.

In the long family of the sky Ridge, these ordinary mortals had to pay a considerable amount of money to the sect every year. If they could produce an outer sect disciple, they could reduce the tax accordingly based on the strength of the outer sect disciple.

However, once there was an inner sect disciple, not only would they receive a comprehensive amount of offerings, but they would also receive a large portion of the long family's rations every year. Even their family's status would rise with the tide. It could be said that they had reached the heavens in a single step.

"Don't talk nonsense, let's go!" The guard leader's face darkened as he shouted.

Immediately, there was no more sound. The guards and the eight children increased their pace.

"Yanhuai,"

Suddenly, a faint voice directly entered the guard commander's ears. His entire body trembled as he said in shock, "Who is it?"

This voice was very familiar, and it was filled with a kind of condescending Majesty. A beautiful figure instantly appeared in his mind, and his body trembled as he said in shock, "Lord feini, is that you?" His voice was filled with excitement.

He looked forward and saw that the people in front of him had extraordinary auras. At first glance, he could tell that they were Dragons and phoenixes among men. The woman who was looking at him was feini.

"Greetings, Lord feini!" Yan Huai stepped forward and bowed.

"No need to be so polite. What are you doing?" Feini's gaze fell on the children. She had heard the conversation between the guards and her eyes were filled with suspicion.

Lord feini, these children meet the requirements to activate their bloodline. They're being sent to the trial area for the activation of their bloodline. Yan Huai said respectfully. His eyes were filled with excitement and his face was flushed. Facing the young master of the long family who had the most potential, the goddess in the hearts of all the long family youths couldn't help but feel nervous.

Feini's expression changed, "bloodline activation criteria?" What is this?"

Yanhuai was shocked by her appearance and said, "Don't you know, Lord feini? This is the latest research result. It's said that children who meet the criteria can awaken the potential in their blood and revive their true spirit before they're fifteen."

Qiu Mujie's brows twitched. He looked at the children and said, "As expected, could it be that Wei Qing has already perfected my research? Or is it still an incomplete technique?"

Feini was shocked, "what technique?" It's your doing again!"

Qiu Mujie sneered and said, "Hmph, Hmph. What do you mean by 'I did it'?" "There's no good or bad in techniques, only good and bad people."

Yunxiao smacked his head and said, "you make it sound like you're a good person. This is not the place to talk. Let's go somewhere else to avoid causing a disturbance."

Just now, when Yan Huai revealed Fei Ni's identity, the people around him had heard it clearly. They were all shocked and surrounded him in a circle.

"We're on our way back to the cloud Summit, why don't you come with us?" Yan Huai said.

"Alright, let's talk about it in the chariot," Fei Ni said.

Yan Huai was overjoyed. He hurriedly took out a chariot with all kinds of real spirit patterns embroidered on it.

Everyone flew into the battleship, including the eight children. They quickly turned into a stream of light and flew towards the top of the sky Ridge.

Qiu Mujie walked up to a child and reached out to grab him.

The child was scared and cried out loudly. However, how could he escape? he was picked up by Qiu Mujie like a little chick and started wailing.

"Hmm, it's indeed my method."

Qiu Mujie touched the child's sea of vital energy a few times and spread out his divine sense to check.

"What's going on?" Fei Ni asked anxiously.

"What did you use to test these kids?" Qiu Mujie asked.

Yan Huai became alert and looked at Fei Ni awkwardly, " "This is the long family's top secret. I'm sorry, but I can't follow your orders."

Qiu Mujie sneered in disdain. it's fine if you don't tell me. It's most likely a medicinal powder refined from Qilin bud stones and poisonous neidan. It's used to smear on their Qi Zheng, Tai Lake, and Shen ting acupuncture points. If there's a dark color, it proves that they have the qualifications.

you, how did you know?!

Yan Huai was shocked. He clenched his fists and became nervous. He had realized that these people were not simple. At least, anyone who could be with young master feini would not be simple.

"I'm the one who created this technique. How do you think I know?" Qiu Mujie sneered.

"Ah?" Yanhuai was stunned.

Feini was extremely frustrated and said, " will there be any negative side effects if I activate my bloodline after I'm selected? "

"It depends on the degree of opening," said Qiu Mujie. The spell technique I've developed can increase the power of their bloodlines limitlessly."

"Unlimited improvement?"

Everyone was shocked and somewhat confused.

"Don't think it's strange, guys. It's an unlimited upgrade. However, the premise is that your body must be able to withstand it. Otherwise, your body will explode and you will die. Furthermore, the more it is stimulated, the smaller the potential for future growth."

so, you mean to say that stimulating one's potential is just pulling up seedlings to help them grow, " Yunxiao said. it's harmful and not beneficial? "

...

"You can't say that either," said Qiu Mujie. Some people might not be able to awaken their bloodline for the rest of their lives. Although my secret skill will hurt their bodies, at least it gives them a chance."

"Indeed," yanhuai said,"it's better to have a secret technique cast on you than not being able to awaken for life."

"I've said it before," Qiu Mujie sneered,"there's no good or bad in techniques, only good and bad in talents. As long as the technique was controlled, it would be extremely beneficial to the long family. However, I'm no living Lei Feng. When I first developed this technique, I was completely aiming for level ten divine blood, and countless vessels exploded in the process."

Yunxiao seemed to have heard something, so he asked, " "What happened after that?"

Qiu Mujie glanced at him and chuckled. then, I thought of a way. While I was constantly refining the concentration of their bloodline, I used another secret technique to strengthen their physical body. This way, the number of body explosions was greatly reduced.

Everyone's expression changed drastically. They could imagine how much pain the test subject would be in if they did that.

Yunxiao's eyes flickered as he said, " "What happened after that?"

Qiu Mujie's face flickered with excitement as he said,"After that, the vessels that could simultaneously strengthen the body basically won't self-destruct anymore. However, most of them couldn't bear the pain and died from a mental breakdown. Thus, I thought of a way to increase their spiritual energy!"

Lunatic, a complete lunatic!

That was what everyone was thinking. They finally understood why the sea of soul formation wanted to kill him back then. It was too crazy and cruel.

Qiu Mujie's eyes narrowed and a sinister smile appeared on his face. Under the condition that I stimulated their spiritual power with a secret technique, a large number of samples still died. The last batch that survived all turned into Shura!

...

"?!"

Fei Ni sucked in a breath of cold air and felt a chill run down her spine. She looked at the eight ignorant children who were filled with confusion and her heart could not help but tremble.

"A batch? How many are there?" Yunxiao asked in surprise.

"Don't worry. It's just a Shura, not an ultimate body ghost Shura," Qiu Mujie chuckled.

Everyone's faces were very ugly. Yan Huai more or less understood what was going on, and his face turned pale as if he didn't believe it at all.

What's the strength of that Asura? " Yunxiao frowned. What's his strength like? "

Qiu Mujie said, " I call all these failed products of alchemy Asuras. The one who was the most unfortunate and fell one step away from level ten divine blood was the ghost Asura you've seen before. It's extremely precious. The rest of them are divided into gold, silver, copper, and iron according to their strength. Except for the gold Asura, who may bring you some trouble, the other three levels are completely trash."

You're the trash! Yunxiao gritted his teeth. You're the trash!

"Haha, thank you for your praise!" On the contrary, Qiu Mujie laughed smugly.

“Yanhuai, how long has it been since we’ve been picking children everywhere?” Fei NI’s face was cold. How many children have been chosen?”

Yan Huai trembled and immediately realized the severity of the situation. it’s already been three to four days. There are a total of twenty groups choosing from various places. I estimate that more than a thousand people have been sent to the top.

His cheeks were also dripping with cold sweat, and his body couldn’t help but tremble as he said, “ I don’t believe what you’re saying. How could the Lord patriarch do such a thing? ”

Feini looked at him and sighed deeply, “ the family head has already fallen outside the red moon City a month ago.

Chapter 1607

1607 Wanted man

“What?”

Yan Huai’s body trembled, and his mouth was wide open, unable to speak.

The other guards and the eight children were all shocked, thinking that they had heard wrong.

“Lady feini, w-what did you just say?” yanhuai’s voice trembled.

“It’s been a while, has the elder Council sealed the news?” feini asked. That’s right, if it were to spread, the consequences would be hard to predict.”

Yan Huai’s face was pale. He took a deep breath and said, “ “How is this possible? Lord sect master’s divine arts are unrivaled in the world, who in this world can kill him!”

Fei NI’s heart trembled, and her shoulders trembled uncontrollably. Although long qianmiao had committed suicide after his strength fell, he was killed by her divine flame in a battle with her.

“Lord feini, tell me how the sect leader died!”

Yan Huai’s eyes were red, and a wild power gushed out of his body, glowing with white light.

Feini raised her hand and patted his shoulder. The force was immediately suppressed and she sighed, “You’ll know sooner or later, so don’t ask so much. Take us to the elder’s home first. The long family might have already fallen into an unprecedented crisis.”

Yanhuai instantly felt a force dispel his violent aura, and his heart felt warm. He nodded and said, “Yes, don’t worry, Lord feini! If anyone tries to harm the long family, I will be the first to die on the battlefield!”

Feini nodded, her face full of worry as she turned to look at Yunxiao.

The water deity also felt the seriousness of the atmosphere and had been silent all this while. At this moment, she said, “Don’t worry, big sister feini. With big brother Yunxiao here, we’re not afraid of any bad people.”

Feini smiled faintly, her face flushed.

Yanhuai’s heart skipped a beat, as if he had caught something. His eyes shot out a fierce light as he stared at Yunxiao with a gloomy face.

Yunxiao felt different eyes on him, and he felt that he was really innocent. He had made enemies without doing anything.

“Lord feini, what about the eight youths?” Yan Huai asked after staring at him for a while.

“Bringing them up there would be sending them to their deaths. Let’s just leave them here and let them go down the mountain by themselves,” said feini.

“No, I don’t want to go down the mountain. I want to activate my bloodline!”

A boy shouted with an anxious expression, “If I can’t open my bloodline, I’d rather die there!”

The other seven children also had determined expressions and refused to leave no matter what. This was their only chance to change their fate, and to them, it was more important than their lives.

“It’s good to bring them along. I’ll follow them and see to what extent Wei Qing has developed my research results,” Qiu Mujie said. He looked at feini’s angry face and smiled, “Don’t worry, I can guarantee their safety. If necessary, helping them awaken their bloodlines won’t be a problem. Furthermore, I have no interest in the internal affairs of your long family.”

‘That’s good,’ Yunxiao said. We’ll split into two groups. Brother Mujie will go to the experimental site and try to rescue all the test subjects. Let’s go to the elder’s home and help feini become the sect master.”

“Sect master?” Yanhuai was shocked.

long qianmiao had passed the position of sect master to feini before he died,” Yunxiao said. he has a token as proof, and the heroes of the world have witnessed it.

Yan Huai was stunned for a moment, then suddenly knelt down and said, “Yanhuai greets Lord sect leader!”

The guards and the eight children behind him also knelt down in shock.

Fei Ni waved her sleeve and a force lifted everyone up. She said, “the position of sect master can’t be passed down through inheritance alone. It also requires the approval of the elder Council. Without going through the proper procedures, I’m not the head of the long family.

“Don’t worry, Lord feini. The sect master has passed away and has appointed you to be his successor. The elder Council won’t object. Moreover, out of all the Lords in the long family, only you are most qualified to inherit it.”

Suddenly, the Starship trembled violently as a force of resistance shot through it. Everyone felt their bodies stagnate, and the entire Starship came to a stop.

“What’s going on?”

Yanhuai was shocked and hurriedly left the cabin.

Fei Ni’s expression changed as she said, “it’s the inner formation!” I didn’t expect the inner formation to be activated!” “There are two protective formations on the mountain, the inner and outer,” he explained.

Just as everyone was in the battle cabin, they saw several beams of light converging and quickly surrounding the warship.

The leader’s face was cold as he said, “Yanhuai, who’s on the warship? The energy fluctuations are so great!”

He raised his eyes and was stunned.”Lord feini!”

“That’s me. Open the inner formation, I want to go in,” feini said.

The man’s face twitched and he said in a deep voice, “I’m sorry, but I can’t do that.”

“What?”

Fei Ni was shocked, and even Yan Huai was shocked. Then, he became furious and shouted, “Sha Fei! Do you know who you’re talking to?”

“I’m very clear,” Sha Fei said with a serious tone. With a wave of his hand, the people in the surroundings immediately surrounded him. Origin power exploded from their bodies, and they were all holding weapons.

“Pa!”

At the same time, a Jade token was smashed into pieces in his hand. A green light flashed and disappeared.

“Sha Fei, what are you doing?!” Yan Huai was shocked.

Sha Fei looked at feini and said, “Lord feini, the elder Council has ordered the cloud Summit to be sealed for three days, and no one is allowed to enter.”

Feini’s eyes glinted coldly and said, “Anyone? Does that include the young master of the long family?”

Sha Fei nodded and said, “Moreover, the elder Council has ordered us to stop young master feini and report to him at once if we see him.”

“How could the elder’s home be like this?!” Yanhuai was shocked and furious. Do you know Yingluo?”

Feini waved her hand to interrupt him and asked calmly, “Which elder gave the order?”

Sha Fei did not seem to want to say anything, but when he saw feini’s calm eyes, his heart trembled. “Elder Gong haomin.”

“Him?”

Feini frowned.

“How is it?” Yunxiao asked.

...

“The possibility of Wei Qing choosing this person is not high. He’s not strong enough, and he’s not very intelligent either. There should be someone else above him.”

“Hmph, little girl, how dare you speak of this old man like that!”

An angry shout came from the sky, and then a ray of light came from far away, appearing in front of everyone in a few blinks.

The person had a wide forehead, a broad face, a Tiger’s body, and a bear’s waist. His entire body was pitch-black, and he had a pair of wings.

He retracted his wings and shot his gaze at Fei Ni. He snorted coldly, “no wonder he’s so arrogant. It turns out that he’s become more capable!

Sha Fei’s body trembled as he hurriedly went forward and bowed, “Elder Gong haoxuan, I was bi an just now.”

“There’s no need to explain,”

Gong haoqian stretched out his hand and said, “This old man is never afraid of people talking about my name, you didn’t do anything wrong,”

“Yes! Thank you for your magnanimity, elder!”

Sha Fei heaved a heavy sigh of relief and retreated to the side.

Gong haoyan’s eyes swept over Yunxiao and the others one by one, and finally landed on Qiu Mujie. Then, a solemn look flashed across his face as he said, “Who are you?”

...

“Judging from your current demonic form, you should be a descendant of a bat-type true spirit, right?” Qiu Mujie said with a smile. Tsk, tsk, they’re really rare. I really want to capture them and study them.”

“Impudent!”

“This is the long family of the heavenly Mountains! If you don’t want to die, you’ll have to follow the rules of the long family!” Gong haoxun was furious.

“Oh?” “What rules?” Qiu Mujie asked with a smile.

everyone, except feini, ” Gong haoqian said coldly. the rest of you, step down from the clouds. We won’t be receiving any guests for the next three days!

why did feini stay? ” Yunxiao asked curiously.

“Feini is now a wanted criminal of the long family, so of course he has to stay,” Gong haoqian sneered.

“Elder Gong haomin, what do you mean by that?” Fei Ni was shocked and furious.

how could this be? ” Yan Huai was also shocked. why have I never heard of it? ”

Gonghao Qian sneered. nothing much. The elder’s house just listed you as a wanted criminal not long ago. It’s just that they haven’t announced it yet. Follow me to the cloud Summit and you’ll find out.

Yunxiao laughed and said, ” well, since you’re all wanted criminals, feini, you don’t have to go back. I don’t think anything good will happen to you. Let’s go together.

“You want to leave? No way!”

Gong haoxiao's face turned cold. In a flash, he appeared in front of Yunxiao and reached out his hand.

Yunxiao instantly retreated and dodged the attack. "Didn't you just say that we should leave?"

the friend I was talking about broke into the sky Ridge and the clouds! Gong haoqian grinned hideously. how can he leave so easily? "

"Then what do you want?" Yunxiao asked.

simple, " Gong haoqian said coldly. take three moves from me, and you can leave if you're still alive.

three moves? " Yunxiao said slowly. three moves? " How about this, you take one of my moves, and if you can take it, you'll let us pass."

f \* ck, impudent!!

Gong haoqian was furious. you're just an early-stage nine-star martial sovereign. How dare you talk big in front of me? you're sentenced to death!

When Yunxiao saw that he was about to rush at him again, he dodged and retreated hundreds of feet again. "Since you're so confident, why don't we make a deal of one move? if you can withstand it, I'll surrender. Not only me, but you can also capture them. How about it?"

Gong haoxuan was stunned. He didn't seem to be joking, so he asked suspiciously, " Really?"

"Of course," Yunxiao said with a smile.

"His words represent me," feini said.

Ye Fan and water deity also said: " they also represent me.

“Hmph!” Qiu Mujie snorted coldly and said, “although his words don’t represent mine, I’ll turn around and leave if you can take a single move from him.”

Yan Huai, Sha Fei, and the others were all shocked. They looked at Yunxiao in disbelief, not understanding why so many people believed him.

If the others didn’t know Gong haoxuan’s power, at least Lord ni knew Elder Gong haoxuan’s strength, so why did he agree?

“Alright!”

hahaha! Gong haogan could not help but laugh. you’re too arrogant, kid. No wonder feini is so arrogant. Birds of a Feather really do flock together! Today, I’ll teach you how to behave!”

Yunxiao narrowed his eyes and said with a smile, “ all right, all right. Then please teach me how to be a good person, my Lord. I’m going to make a move. Don’t hide.

A five-colored ray of light shot out from his palm, and the Tusita heavenly peak rose slowly.

Chapter 1608-already heavenly abyss

Gong haoqian was slightly surprised. Although he could sense that the mountain was extraordinary, he was still very confident. It was impossible for him to be unable to withstand a single attack. After all, the other party’s cultivation base was obvious.

Qiu Mujie and the others all looked at Yunxiao with strange eyes, thinking to themselves that this kid was really vicious. He had used a profound level weapon as soon as he made his move, and even extraordinary Saints would not dare to take it with their bare hands.

be careful, my Lord,” Yunxiao said. this profound level weapon of mine is a gravity-type weapon. I don’t know how many tens of thousands of pounds it weighs. Even a peak nine-stars martial sovereign might not be able to take it!

Gong haoqian sneered. I'm only one step away from becoming a peak nine-stars martial sovereign. A mere profound level weapon is nothing to me!

He looked at the Tusita peak that was flying towards him and a serious look flashed across his eyes. However, he did not think too much about it. With a loud shout, his entire body transformed into a demon.

His body was twice as big as before, and his wide face protruded forward and became a little sharp. His entire black body was filled with muscle lumps. With a loud shout, he formed a seal with his hands and slammed it towards Tusita peak!

At the same time, he spat out a rune, which turned into endless sound waves that spread in the sky.

All of a sudden, the Tusita Peak's falling momentum sank, and the entire sky was compressed, constantly squeezing down.

"BOOM!"

The power of Gong haoyan's seal instantly disintegrated, and the power of the sound wave was completely annihilated by the distortion of space!

"What!"

Gong haoyan was dumbfounded. "My full-power attack was like a Mantis trying to stop a car. It was like a stone sinking into the sea. It didn't even make a splash. How is this possible?"

However, he was not stunned for long as the Tusita peak fell directly. Before it touched his body, it was crushed into pieces by the five-colored light, turning into countless pieces of flesh.

"Ah!"

Everyone from the long family was dumbfounded, their mouths wide open.

Apart from the swooshing sound of the Tusita peak, there was no other sound in the sky. The long family members were all petrified.

“Ka ka.”

Yanhuai made a few noises from his throat. He rubbed his eyes and hit his head from time to time.

illusion, it must be an illusion!

He kept hinting to himself that the battle between the two of them should be earth-shattering and Shatter the Sky. How could it have been so silent? Elder Gong haogan had been reduced to ashes without even a grunt.

“Let’s go, yanhuai.”

“Anyone who blocks my path will be killed without mercy!” Feini said indifferently.

Yanhuai shivered. Feini’s words made him sober up a little, and he realized that what he had just seen was not an illusion.

“Ah? Just now, just now, just now, just now,”

Sha Fei was also jolted awake. His face instantly contorted, and bean-sized beads of cold sweat poured down like rain.

Yan Huai hurriedly told the others to start the warship.

Sha Fei said anxiously, “you guys can’t be scared!”

Before he could finish, he saw Yunxiao turn his head. He was so frightened that he immediately shut his mouth and retreated to the side.

“Whoosh!”

The battleship immediately turned into a beam of light and disappeared from the mountain road.

Lord Sha Fei, what do we do now? ” A martial artist was also covered in cold sweat.

“What do we do?”

Sha Fei mumbled to himself. He only came to his senses when he saw the warship disappear in front of him and suddenly said, ” hurry up and inform the elder’s home!!

The battleship continued to speed along the mountain road, passing through the clouds, and the peak gradually appeared in front of them.

“Wow, it’s so beautiful!”

Water deity clapped her hands and praised.

Countless towering trees with leaves and branches were like huge mushrooms blooming on the clouds. Magnificent palaces were located in the distance, like a Fairyland.

“Yanhuai, take Lord mu Jie to the experiment site,” said feini. Husband, Sister Water fairy, Ye Fan, come with me to the elder compound.”

“Ah? Fu Qie Fu Qie Fu Qie Fu Qie Fu Qie ”

Yan Huai’s mouth was wide open. He was even more shocked and stunned than when he saw Gong haoxuan being killed instantly.

Yunxiao did not bother to explain. The four of them flew out of the warship, and under feini's lead, they flew toward the clouds.

Ye Fan, water fairy, " Yunxiao said. the long family's elder compound is very dangerous. You should go back to the divine realm tablet first. Without waiting for the two to agree, a light flashed between his brows and they were directly taken in.

"It seems like my husband has already made preparations for a great battle," feini smiled bitterly.

we have to fight even if we don't want to, " Yunxiao said with a smile. we've been surrounded.

"What?" Feini was shocked and spread out her divine sense, but there was no one around. She exclaimed, " "Could it be Huaqing?"

The space suddenly became hazy. A dozen or so figures appeared a hundred feet away from the two. They were all wearing silver-white clothes with an array drawn on them that seemed to be able to suppress and hide their auras.

Only one of them was dressed in a long robe. He held a large sword in his right hand and placed it on his shoulder.

"It's indeed Huaqing, are you going to arrest me too?" feini said.

The man had been staring at Yunxiao since he appeared, and only then did he turn his eyes to him and say, " "Young lord feini, surrender and follow me to the elder's Hall."

Feini sneered. that's good. You don't have to trouble yourself, Hua Qing. I'm on my way to the elder's home.

yes. Hua Qing nodded and said, " let me place a seal on the two of you to lock your origin power. You can go then.

Feini said, " since you also treat me as a wanted criminal, then I have nothing to say to you. You are not my opponent. I don't want to kill you for the time being. Move aside.

Hua Qing said, " young master feini, you're indeed very talented. You've only left the long family for a few months, and even I can't see through your cultivation. I'm afraid you're already a nine-stars martial sovereign.

...

Feini said, " if you know, then move away. The long family is on the verge of death. Although you have always made me hate you, you are still upright. I don't want to kill you.

Hua Qing frowned and said,"life and death?" These words really scared me to death. Feini, you're on the verge of life and death, right? You colluded with Yunxiao and plotted against our sect master! Even if you die ten thousand times, you won't be able to pay for your sin!"

His eyes were filled with sweat as he unsheathed the sword on his shoulder and slashed at feini without a word!

"We, Huaqing, will not allow such a traitor to approach the elder Council!"

A ray of red light flew over like a rainbow.

The silver-clothed martial artists also gathered around. They took a step forward and disappeared into the sky.

"Dumbo!"

Feini cursed and jumped away, unwilling to block the sharp light.

Suddenly, a dangerous aura came from all directions. Those silver-clothed martial artists directly attacked from the air. Although they couldn't reveal themselves, there were still essence force fluctuations.

Fei Ni formed a hand seal and a ring of flames surrounded her body before it dispersed with a loud boom.

“Bang! Bang! Bang! Bang!”

...

With several explosions and screams, seven or eight men in silver appeared in the air, their bodies covered in fire and shouting.

Hua Qing was shocked. He hurriedly rushed over with his sword and slashed horizontally.

Fei Ni's gaze was cold as she said, “before I left the long family, my strength was on par with yours. However, I lacked actual combat experience and might not be able to defeat you in the end. But now, I'm so weak ...”

“Hu hu!”

The greatsword swept across and directly slashed through her body. However, it was as if it had sliced through the air and could not hurt her at all.

“What?”

Hua Qing's pupils contracted, and his eyes almost fell out.

Feini laughed softly. He was already upside down in the air. His right hand was on the broadsword as he flipped forward.

“But it’s already the heavenly abyss now!”

She pressed her body against Hua Qing’s face and gently slapped her hands out.

“Bang!”

Hua Qing was shocked. He could not Dodge the palm and it hit his chest. He heard countless bones in his body crack and fly out.

Not far away, Yunxiao had a smile on his face the whole time. He reached out and grabbed at the air, pulling out a warrior in silver and punching him away.

“Pa!”

The second place was pulled out by him again and sent flying with a punch.

Third place, fourth place, Youyou.

A total of seven people were sent flying with a single punch. He clapped his hands and smiled at feini.

Feini forced a smile but she could not bring herself to be happy. She said, “ Huaqing is the commander of the long family’s guards. Even he listed me as a wanted criminal and accused me of killing the sect master. It seems that this trip is much more dangerous than I thought.

Yunxiao smiled faintly. the worst case scenario is to make the entire long family our enemy. It’s not like we haven’t offended the seven major forces. From Red Moon City to the soul Devourer sect, who are we afraid of? ”

Feini’s heart warmed and the smile on her face brightened. She smiled and said, “ I knew that my husband was a hero and would definitely become the number one expert in this world!

you're thinking too much," Yunxiao said, his face dark. let's go to the elder's house first. He didn't want to be entangled in this matter anymore, or it would be too awkward.

"Hehe!"

Fei NI's laughter could be heard from behind them. She seemed to have regained her cheerful mood and the two of them immediately flew towards the palace.

"No! I won't agree to this!" The sound of an intense argument came from within the palace.

A white-robed old man shouted sternly,"The sect master's position has always been chosen from the young masters. Since when did an elder have the qualifications to succeed him? How can the long family's rules that have been in place for tens of thousands of years be abolished?"

At the bottom of the hall, there was a row of young experts. They were the seven young masters of the long family. All of them had gloomy expressions. Qi GUI was also sitting among them, but he was sneering.

"Shi kangcheng, why are you so excited?"

Yi Hongming slammed the table and stood up. He explained to the other elders,"I'm only acting as the sect master for the sake of the long family. After the situation stabilizes, I'll choose a young master to take over. If long qianmiao didn't die so suddenly, I could just be my own elder. Why would I bear this responsibility and this burden?"

Shi kangcheng laughed coldly. if you don't want to bear the responsibility, you don't have to. Furthermore, the elder's Institute has no intention of letting you bear the responsibility. You're the one who's getting emotional, aren't you? "

"What did you say?"

Yi Hongming's face darkened and he said coldly, "Long qianmiao was killed by feini, and you've always been biased towards that little girl. Now that the long family is in danger, you've come out to pick a fight. Who knows, you might be the one behind this!"

Chapter 1609-shocking strike

"What a venomous slander!"

Shi kangcheng was also furious. He pointed at him and shouted, "The sect leader had already passed the position to feini before he died. The most important thing now is to find feini and help her to overcome the long family's difficulties. It's such a simple matter, yet you're stirring up trouble here. What are your intentions?"

Yi Hongming laughed and said, "haha, pass the throne to feini?" Looks like you're really the mastermind behind this! Long qianmiao was harmed by feini, and you still want to pass the throne to her? Feini is now the long family's mortal enemy. The elder Council has already passed the decision to strip her of her status as the young master and arrest her!"

"What?!" Shi kangcheng was furious. He turned to look at the other elders, and they all hurriedly lowered their heads or turned away, not daring to meet his eyes.

"You guys, good, good! It turns out that Yi Hongming had bribed them all!" He was so furious that his chest heaved up and down, and his hair and beard trembled. elder Lu Yuan, even you are on their side? Among all the elders, I respect you the most!"

A purple-robed old man sighed heavily with an ashamed expression, "Kang Cheng, the sect leader has unfortunately passed away. What the long family needs the most now is to be United. We can't afford any more trouble."

Shi kangcheng sneered, "United?" Yi Hongming had colluded with the ruler of the sacred zone to seize power shamelessly, angering both man and God. How many people in the long family do you think will be United by his side? He's just relying on the backing of the sanctuary, a Fox exploiting a Tiger's might!"

Wei Qing, who had been sitting at the head and not saying a word, suddenly changed his expression. His eyes shot out cold light, and the surrounding temperature suddenly dropped.

Yi Hongming sneered, "Shi kangcheng, you can eat whatever you want, but you can't say whatever you want." This time, I forgive you for being old and muddleheaded. If you dare to speak nonsense again, don't blame me for using my authority as acting sect master to cripple you!"

"Acting sect master? Haha, you really think you're a Big Shot!"

Shi kangcheng's gaze turned cold and a look of mockery flashed across his eyes, " "At worst, I won't be an elder, and I can go anywhere in the world! Cripple me? Are you qualified?"

Yi Hongming grinned hideously. I'm a magnanimous man. Although I didn't do anything for the long family all these years and wasted a lot of resources, I thought that it wasn't easy for you to cultivate and that you didn't have a bad heart. Therefore, I wanted to give you a chance. However, I didn't expect you to Harbor such evil intentions and not know what's good for you. Go to hell!

He rose into the air and opened his arms, grabbing towards Shi kangcheng.

A giant red Claw appeared in the sky above the hall and fell down. Everyone in the hall had a cold look on their faces as they felt the violent aura.

The entire space was in a daze.

The seven young masters' expressions changed drastically. They immediately flew back from their seats and landed on the two sides of the hall, circulating their Yuan power to resist.

"How dare you make a move in the Dragon Hall. Yi Hongming, you are too presumptuous!"

Shi kangcheng was furious, but he did not dare to act rashly. If the two of them exchanged a single blow, the entire Dragon Hall would be destroyed. He could only turn around and escape.

The killing intent in Wei Qing's eyes became even more intense. as an outsider, I shouldn't interfere in the long family's Affairs. However, the world is in turmoil now. I've also invited elder Yi Hongming to

come and take charge to prevent the worsening situation from spreading. Now, I have no choice but to take action.

Everyone's expression changed slightly. It was undoubtedly a great humiliation to let outsiders interfere in the long family's Affairs. However, the situation was stronger than the person, and no one dared to stand out. They could only show anger in their eyes, but did not dare to say anything.

Wei Qing clapped his hand and a golden light flew out from his sleeve. It instantly spread out in the air, forming a beautiful scene.

Shi kangcheng's light stopped and he revealed his true body. He looked up at the sky in shock. The painting was life-like and filled with spiritual energy, completely suppressing his power.

"Bang!"

Yi Hongming's sharp claws landed on Shi Yan's body, shattering the protective Emperor Qi and penetrating his body.

"Pfft!"

Sputting out a mouthful of blood, Shi kangcheng was sent flying like a kite with a broken string.

"Heh, those who are stubborn and don't know what's good for them, die!"

Yi Hongming grinned hideously. He did not wait for his body to land on the ground. He took a step forward and clawed with his five fingers. Five sharp lights shot out from his fingertips, emitting an ear-piercing sound. He was going to take the opponent's life.

"Yi Hongming, stop!" Lu Yuan was shocked and shouted angrily.

A few other elders also stood up, all of them unable to suppress their anger.

Wei Qing's eyes turned cold. He said, "elders, please calm down. Lord Yi Hongming is only cleaning up the house. The black sheep will always be a disaster if they are left alive.

The few elders did not dare to voice out their anger. The elders' meeting that had been held in secret the day before had already suppressed all of them. The surrounding guardians and young masters were all extremely shocked. Although they were not clear about the exact situation, they knew that Yi Hongming was definitely going to be the clan master.

"Swish!"

Just as Shi kangcheng was about to be killed, a sharp sword Qi suddenly appeared.

"Bang!"

The five rays of light were destroyed in an instant.

"What? Who is it?"

Yi Hongming was furious that someone dared to meddle in his business.

"Tsk!"

A disdainful sneer rang out, and what responded to him was a cold light. Under the flash, the sword Qi instantly attacked, and the chill penetrated into the bone marrow!

"?! What?"

Yi Hongming was shocked. The sword radiance was so sharp that he did not dare to resist it. He quickly retreated.

The space around his body kept twisting as he tried to avoid it with teleportation.

However, the sword radiance was as bright as water. It was crystal-clear and extremely domineering. It directly shattered the space and locked onto Yi Hongming. He had no way to escape!

“It’s a Sword Art, be careful!”

Wei Qing suddenly shouted in a deep voice, and suddenly slapped out with his palm.

The space was compressed in an instant. The palm wind was not aimed at the sword radiance but Yi Hongming!

His body was twisted by the force of the palm, and his bones made a cracking sound. Then, he was shot out with a bang.

“Swish!”

The sword that was as bright as water slashed past his chest. It was like a flowing river, giving off a clear and cool feeling. A layer of ice formed on the entire sword path.

“Bang!”

A large hole was pierced through the wall of the hall, allowing light to shine in.

“Who is it? Who dares to ambush me!”

...

Yi Hongming’s face turned pale. He was trying to establish his prestige, but he was embarrassed. This made him furious.

The sword attack just now was really a bit unprepared, otherwise, he wouldn't have been in such a sorry state.

Wei Qing's face turned cold and his eyes flashed with killing intent. He stared at the two figures slowly approaching the hall and said in a cold voice, "Gu Feiyang's Sword Art, Li Yunxiao!"

The expressions of everyone present changed drastically. There were also some elders and protectors who had always been focused on cultivation and never asked about the world, and their faces revealed a confused look.

"Tsk, tsk, is Lord Wei Qing leading the long family elders for a meeting?"

Yunxiao walked in with a smile on his face.

This sentence made all the long family members extremely embarrassed and ashamed, and they glared at each other.

Following that, Feini also stepped in and supported the injured Shi Kangcheng. She asked with concern, "Elder Kang Cheng, are you alright?"

"Feini!"

Several exclamations rang out, but the emotions they contained were completely different.

Shi Kangcheng was also shocked. Then, he said anxiously, "Run! These people have been bribed by Wei Qing and Yi Hongming. They will not tolerate you!"

...

Fei Ni's brows furrowed. Although she had expected the situation to be very bad, she did not expect it to be to this extent. No one dared to resist when an elder was publicly killed.

Yi Hongming's eyes glowed as he grinned. "So it's you, the traitor! It's really good, it saved me a lot of trouble!"

Wei Qing's face was cold as he stared at Yunxiao and said, "Should I call you Gu Feiyang or li Yunxiao?" As soon as he said that, more people were shocked.

it's up to you," Yunxiao said with a smile. as long as my Lord is happy. Otherwise, I won't be able to take it if Daren kills me when he's unhappy."

li Yunxiao, I'm not going to waste my breath on you," Wei Qing said. you're a Martial Emperor of the Holy region. I hope you can come back with me.

"Return to the Saint-level?"

Yunxiao frowned and said, "Is this the will of Lord Wei Qing or the will of the sanctum?"

"Of course it's the sanctuary's idea, and it's also my own idea," Wei Qing replied.

"Oh?"

A playful smile appeared at the corner of Yunxiao's mouth as he said, "Once I enter the Saint-level, will I be able to come out?"

"Of course, it's your freedom to come and go," Wei Qing raised an eyebrow.

"Freedom? What if I don't go?" Yunxiao said.

if you don't go," Wei Qing said coldly, "you'll be disobeying the sanctum's order. Those who disobey will not have freedom.

Cold sweat trickled down everyone's back. These words were too overbearing. To put it bluntly, they had to go no matter what.

"You're a titled martial sovereign, so the Saint realm won't make things difficult for you," Wei Qing continued.

Yunxiao smiled and said, "it's a pity. Gu Feiyang, the titled Martial Emperor, is dead. I'm just Yunxiao, the young master of the Li family of Tianshui. I don't deserve that title.

Wei Qing's pupils shrunk and a bright light flickered, "the Li Yunxiao of today will definitely be no less accomplished than Gu Feiyang in the future. You don't have to be so humble. As for the matter of the title, the sacred zone had already made arrangements. Perhaps the wind and cloud list martial competition would be held again soon. With Yunxiao's ability, it won't be difficult for him to be on the Billboard again."

"What? The wind and cloud list martial arts competition is going to be re-activated?"

Everyone in the long family's main hall was extremely shocked. Many people's blood began to boil, as if that name was filled with magic.

Yunxiao was taken aback as well, and he asked in a strange tone, "You're getting addicted to it? Back then, this young master only wanted something new, but now it's already a leftover, who would want to eat it?"

Wei Qing said, "the new generation will replace the old. Every generation needs some bright stars. Even if it's all new, it's still good.

all newcomers?" Yunxiao sneered. "I'm afraid this isn't in line with the original intentions of the Saints."

Wei Qing said, "the times need to keep moving forward. The sacred zone is the leader of the world, so it naturally has this responsibility." Young master Yun has the will of the heavens on him, and the opportunities he has are enviable. He should cooperate well with the sacred zone to live up to this era."

Chapter 1610

1610 Don't, don't!

"Lord Wei Qing, do you mean that not cooperating with the Holy region is letting down the times? Would they be killed if they failed to live up to the times? I'm so scared." Yunxiao picked his nose a few times.

Everyone's face darkened. This kid was the reincarnation of martial sovereign Vanquisher, but he did not care about his image at all.

"Who knows?" Wei Qing's expression turned cold.

Yi Hongming couldn't help but shout, "Lord Wei Qing, this brat is stubborn and has colluded with the traitor of the long family, feini. In my opinion, it's better to kill him as well! If there's any use in keeping him alive, then cripple him first!"

"Shut up!"

I'm talking to your master, " Yunxiao shouted. you have no right to speak! Lord Wei Qing, your dog really doesn't know the rules."

"You run, you run!"

Yi Hongming was so angry that his entire body turned red. His elemental force exploded violently and was completely out of control.

li Yunxiao, " Wei Qing said with a frown. are you really unwilling to return to the sacred zone with me? "

I'll go back to the sacred zone, " Yunxiao said coldly. but it's not up to you. I'll naturally go back when I'm happy.

"Then when will you be happy?" Wei Qing asked.

it's hard to say, " Yunxiao said while digging his nose. but your dog is always staring at me, so it's hard for me to be happy.

"Waaaaahhhhhhhhhhh! Die!"

Yi Hongming could no longer restrain himself. He roared and his body swelled up. Then, he slammed his palm down and a violent astral wind blasted down.

"BOOM!"

The ground was instantly split open, and a Wild Force seemed to surge in all directions. All the main beams exploded at this moment.

"Boom boom boom!"

The hall collapsed instantly, and dust and smoke billowed.

"Yi Hongming, you dare to destroy the Dragon Hall!" The crowd's angry rebukes came from the chaos.

The Dragon Hall was the main hall of the long family. It was located at the highest point of the sky Mountain and was a symbol of supreme power.

Yi Hongming had gone completely mad, so he could not care about anything else. He locked his eyes on Yunxiao's aura and struck him with his palm one after another. The entire Cloud Summit was covered in dust, and the great Hall was instantly reduced to ruins.

"Yi Hongming, you sinner of the long family!" Shi kangcheng was furious. Elders, if we don't stop him now, the long family will be completely under Wei Qing's control and will be beyond redemption!"

"Your words are very unpleasant to hear." Wei Qing's eyes turned over.

Shi kangcheng only felt a chill and a sense of danger.

Suddenly, a ray of red light descended and wrapped around him. The man shouted, "Be careful," he warned.

A few more flames appeared in the air and exploded one by one. Fei Ni had already teleported Shi kangcheng out.

Shi kangcheng was both surprised and happy, "Feini, you're really strong"

Feini stared at Wei Qing warily and said, "I'm no longer the same as I was in the past. Sir Kang Cheng, be careful."

"No wonder the sect leader passed the position to you before he died," Shi kangcheng said joyfully. "Everyone, why aren't you all waking up?" he shouted. Feini is the sect master's appointed successor, while Yi Hongming is only colluding with outsiders to seize the sect master's position. If he succeeds, the long family will be in an extremely dangerous situation."

One of the elders frowned and said, "under those circumstances, the sect master could only pass the position to feini, right?" Don't forget how the sect master died. All the powerhouses in the world saw it. The one who killed the sect master was feini!"

"Wrong!"

"I'm not the one who killed Lord sect master, it's Wei Qing!" Fei Ni replied in a tone that was neither servile nor overbearing. The sect master met his appointment and died outside the red moon City."

A white light flashed in her hand, and a silver token was raised high in the air. On it was a lifelike drawing of a real Dragon and a Heavenly Phoenix. She shouted, "The long family's orders are here, who dares to disobey!"

Everyone was shocked. No one had ever dared to disobey the orders of the long family's sect master. However, at this juncture, they all lowered their heads in silence, not knowing what to do.

“As expected, it was the sect master’s order. It was also when I returned to the long family.” “Elders, could it be that you’re willing to let this token fall into the hands of a traitor?” Wei Qing asked indifferently. If no one from the long family is going to retrieve it, then I’ll do it for you. However, I may not return it to the long family after I take it back.”

The long family members were all shocked and snorted in anger.

The elder who had spoken earlier pondered for a moment before standing up and extending his hand, “Feini, pass the token to the elder Council. We’ll immediately revoke your arrest order, and you’ll have nothing to do with the long family anymore. You’ll never be able to go to the heavenly Ridge again.”

Fei Ni smiled and said, “I don’t want to fight for the sect master’s position. If there’s a Sage in it, I’ll leave without hesitation.” But now, I can’t be at ease.”

The elder frowned, “What’s the use of saying so much nonsense? Wasn’t he still eyeing the sect leader position? Although Yi Hongming has some flaws, his strength is enough to convince the masses. Coupled with the external support of the sacred zone, it will be very easy for the long family to overcome their current difficulties.”

Feini laughed coldly and said, “no wonder you passed?” The two of them were in cahoots and wanted to drag the long family into eternal damnation! Do you think Wei Qing is like Martial Emperor Lei Feng, who doesn’t care about himself but only benefits others? He only took a fancy to Yingluo.”

“Enough!”

“Elder Heyu, it’s up to you to take this girl down and take back the token of supreme power that originally belonged to your long family,” Wei Qing said in a deep voice.

“Yes!”

The elder acknowledged and walked towards Fei Ni in the air. He kept his hand stretched out and said, "Don't make things difficult for me. Although you've made great progress, it's impossible for you to go against me and the entire elder compound."

"Heyu, don't be so stubborn and unable to distinguish between good and evil!" Shi kangcheng shouted angrily.

"You can't tell good from evil? Hmph Hmph, in this world, those with bigger fists are righteous, and the weak are evil!"

"Besides, the two of you are the stubborn ones!" He Yu sneered. Shi kangcheng, you're injured now. Even if you join forces with feini, you're no match for me. I really don't want to completely fall out with you!"

"Hmph, even if I'm injured, how can you be my match? You've overestimated yourself!"

Shi kangcheng stood in front of feini and blocked her way. He secretly transmitted a message to her, Hurry up and leave, I'll block them for you for a while. With your talent and the sect leader's token, you'll be able to return to the long family one day!

Feini smiled and said, "I've already prepared for the worst before I came. If I had to leave, I wouldn't have returned today,"

She looked at the crowd and said, "the long family is the place where I was born and raised." Outside of Red Moon City, all the heroes in the world saw with their own eyes that I, feini, announced that I was leaving the long family in front of the sect master. However, the sect master passed the token to me after he died, so I had no choice but to return to this place."

She raised the token high and said, "I will return this token to the long family now. The only condition is that Yi Hongming must not become the head of the long family!"

Everyone's expressions changed. They looked at the token with the real Dragon and Heavenly Phoenix engraved on it, feeling a little embarrassed.

...

Yi Hongming was still chasing after Yunxiao not far away, like a beast that had gone completely berserk. Every move he made was earth-shattering, and the entire Cloud Summit seemed to collapse.

“A token?”

His mind suddenly cleared up for a moment. He turned his head and immediately saw the sect master’s order that made him yearn for his dreams and feel uneasy.

“My token! Give it to me!”

He roared and charged over. Even though it was huge, it appeared in front of feini in an instant and tried to grab the token.

Suddenly, a beam of green light flashed as Yunxiao teleported in front of the token and grabbed it before he could. He chuckled and said, “The person who has received this order is the head of the long family, and I am the head of the long family now. Bastard, kneel down!”

Yunxiao pointed at Yi Hongming with the token and scolded him.

“Waa! Damn it! Give me the token!”

Yi Hongming roared and threw a punch.

since you like it so much, ” Yunxiao sneered, ” a gentleman doesn’t take what others like. You can go.

He wasn’t stingy at all and directly threw the token over.

...

Feini was shocked, "husband, what are you doing?"

Everyone was taken aback. They did not expect Yunxiao to be so generous.

li Yunxiao! Shi kangcheng was also furious. what are you doing?! He also suddenly rushed up to grab the token.

"Haha, the token is mine! I'm the real head of the long family!"

Yi Hongming was overjoyed. He grabbed the token with one hand. At the same time, he saw Shi kangcheng rushing over from the corner of his eyes. He shouted angrily, "Scumbag, get lost!"

His body became even more demonic. He raised his leg and stomped down, and a huge force suddenly appeared and pressed down.

Shi kangcheng's expression changed. He felt as if an iron plate was pressing down on him, causing his qi and blood to churn. This also triggered his internal injuries, and he finally could not hold on any longer and fell to the ground.

"Hahaha!" Yi Hongming laughed wildly. His eyes were filled with madness and excitement.

Wei Qing's expression suddenly changed, and he shouted in shock, " "Don't touch that token!"

Yi Hongming was stunned. He immediately became alert. However, his finger had already touched the token. It did not feel like metal. Instead, there was a huge force pressing down on it, causing his finger to feel pain.

"What? This is a mountain peak?"

The moment he touched the token, the illusionary technique was released. The token turned into a mountain peak, emitting a five-colored light. When the light shone on his body, it was indescribably oppressive and uncomfortable, as if his entire body was about to break apart!

what kind of profound level weapon is this?!

Yi Hongming was shocked. His body turned into a red monster. He roared and turned his claws into palms. Instead of retreating, he attacked the mountain!

Wei Qing was shocked and muttered to himself, "it's indeed that profound level weapon!" This fool is looking for death!"

"Bang!"

Yi Hongming's palm hit the mountain peak. His entire arm cracked and was crushed into pieces. His body was constantly bleeding. He was directly sent flying!

A long line of blood was thrown into the air, it was a shocking sight!

"Ah? This Tao Wu!"

Everyone's eyes were wide open, and their eyeballs almost popped out. They couldn't believe what they had just seen.

Yunxiao performed an incantation gesture with one hand and took the Tusita heavenly peak back into his hand. With a sneer on his face, he said sarcastically, " "Didn't you want it? Why did he run away? Hmph, if you dare say you want it again, this young master will smash you until you don't want it anymore."
