

The Eternal 1611

Chapter 1611-level suppression

Yunxiao's act of breaking Yi Hongming's demon body with one move shocked everyone.

Feini laughed and said, " husband, you're so bad. Elder Yi Hongming's intelligence is not high, yet you still bully him like this.

this is called attacking one's weakness," Yunxiao said. we must win!

"Pfft!"

Yi Hongming, who was lying on the ground in the distance, spat out another mouthful of blood after hearing this.

Although Yunxiao's illusion was powerful, if he had not been too greedy and excited, he would not have been smashed by the Tusita peak, which had destroyed more than half of his demon body. At the moment, he was struggling on the ground, his flesh and blood rolling, looking disgusting.

Shi kangcheng suddenly shouted,"quickly kill him!" Don't let him completely transform!"

Yunxiao frowned and looked over. He saw that Yi Hongming's body was indeed changing as his flesh and blood were rolling, and an even more terrifying aura kept oozing out.

A streak of fiery light flashed past, and feini appeared above him in an instant. Feini formed a seal with both hands and slammed it down.

"Hu hu!"

A pillar of fire formed and fell from the sky.

“BOOM!”

A barrier suddenly appeared above Yi Hongming and blocked the fire column. The fire spread in all directions and dyed the clouds around the mountain peak red.

“Zhang Haosi, you coward!”

“You’re helping the evildoer! The long family will be destroyed in the hands of you villains!” Shi kangcheng was furious.

Beside Yi Hongming stood a grey-robed old man. He raised one of his hands to the sky and a faint green light spread out from his palm. He blocked Fei NI’s divine flame and his eyes were filled with shock.

The flames continued to burn his barrier power, and the true essence in his body gushed out like water. If this continued, he wouldn’t be able to hold on for long.

“Right and wrong, everyone has a different judgment. I don’t object to feini inheriting the position of the long family’s head, but she just called this brat her husband. If she’s already married, how can she lead the long family? Or rather, the true master of the entire long family has become this kid.”

Zhang Haosi said slowly. Although he was shocked inside, his face still looked as if nothing had happened.

“Preposterous!” Shi kangcheng was furious. Just because of this? Your head must have been kicked by a donkey!”

“A grown woman can’t be kept at home,” Zhang Haosi said.

Shi kangcheng was so angry that he almost vomited blood. He cursed, “You despicable villain, you were clearly bribed by Wei Qing and Yi Hongming, yet you still speak so much reason, bah! My master Kang Cheng was blind, he used to call you brother!”

Zhang Haosi's brows furrowed deeply, and he opened his mouth slightly to argue, but the true Qi in his body was being consumed too quickly, and the divine fire that poured down actually had the tendency to break through his barrier. His face turned ashen, and he couldn't speak.

Shi Kangcheng saw that his expression was ugly and he opened his mouth to say something but stopped. He thought that he had silently admitted it, so he became even angrier and scolded him even more.

"Since I've been invited to oversee the long family's matters, how can I let you act so atrociously?"

Wei Qing's expression turned cold and he finally made his move. He casually slapped his palm across the air.

"Be careful!" Yunxiao cried out in alarm.

"Bang!"

The spot where Fei Ni was standing exploded, causing countless sparks to fly. Her real body had already come down the moment her opponent attacked.

The pillar of fire lost its source of power and was destroyed.

Zhang Haosi suddenly felt his whole body relax, and a surge of qi and blood rushed to his throat, causing him to groan. At the same time, he was extremely shocked. From the result of the move just now, if he were to fight with Feini alone, he would most likely not be her match. This conclusion was difficult for him to accept.

"Haosi, are you alright?"

Lu Yuan, who was standing at the side, saw that there was something wrong with his expression and asked suspiciously.

“I’m fine. What can a mere pillar of fire do to me? It’s just that seeing feini and Shi kangcheng being so stubborn, I’m a little heartbroken.” Zhang Haosi immediately pretended to be fine, his face calm.

“Phew! Hu! Huhu!”

Yi Hongming, who was lying on the ground, began to pant heavily. The rolling flesh on his body began to heal, and his entire body was covered in fur. His body size was more than twice as large as before.

Zhang Haosi couldn’t help but take a step back, his face full of shock.

zhuyan, is this the real body of zhuyan?!

The rest of the people were also shocked. They had never seen Yi Hongming in such a state. Moreover, all of them possessed the true spirit bloodline. They knew how powerful the bloodline power was if they wanted to return to their ancestors!

“Roar!”

Yi Hongming finally stood up. He faced the sky and roared. The entire peak of the mountain trembled and all the White clouds were blown away.

A monster that looked like an ape or a monkey with a red body and a white head and huge feet stood there. There was a strange golden word “ Yan ” on its chest. With a roar, a violent aura swirled in the surroundings, and all the elders could not help but retreat.

“Is this the real body of zhuyan? How could he return to his ancestors to such an extent?! This power!!!!”

Hu Yuan’s face was filled with shock as he cried out.

“Haha, so strong, such a strong power! I’ve never felt such power before. This feeling ... Have I already transformed into a true spirit?”

Yi Hongming couldn't help but laugh wildly. His eyes were red. His laughter made the long family's people pale and they couldn't help but step back.

"Pressure! The pressure of a true spirit!"

An elder screamed, his eyes filled with fear.

The long family members all had the true spirit bloodline. Under the pressure of this bloodline, they couldn't help but tremble from the bottom of their hearts and feel a fear of submission.

"What a joke! How dare you call yourself a true spirit at this level?"

Fei NI's face turned cold and the aura on his body soared into the sky. He turned into a fire Phoenix and soared in the sky. The flames that filled the sky burned half of the sky and a white light slowly rose from the divine fire. It gradually turned into the shadow of a Green Dragon and circled behind the fire Phoenix.

"Dragon flying and Phoenix dancing!"

The elders cried out in alarm at the same time. The apparitions of the true dragon and Heavenly Phoenix appeared in the sky, and all of the true spirit descendants immediately found it difficult to hold on, and a large number of them knelt down with a thump.

...

Other than a few elders who were trying their best to resist the fear in their hearts, all the young masters and protectors could not take it anymore and knelt down.

Even Yi Hongming couldn't help but feel a shiver in his heart. His huge feet took a few steps back with 'Bang Bang Bang' sounds before he could stabilize his body.

“Eh, this move is so useful?” if I had known this earlier, ” Yunxiao said in surprise, ” I would have summoned a strange phenomenon to suppress everyone as soon as I came. Then, I wouldn’t have to waste so much time.

Although Shi kangcheng was sweating profusely as he resisted the pressure, he could not help but laugh, ” “Haha, the true dragon and Heavenly Phoenix, the head of all creatures! Even if you don’t acknowledge her as the head of the long family, so what? She’s the leader of all spirits!”

Wei Qing’s expression also became extremely ugly. All the long family elders and guardians ‘eyes fell into his eyes, and they were all shocked and pale. His heart was probably already wavering.

“Shut up!”

Yi Hongming roared and struck his palm towards Shi kangcheng.

The force of the palm created a whirlwind, sending sand and stones flying.

Yunxiao performed an incantation gesture with one hand while a gust of strong wind also rose from the palm of his other hand and blew at the man.

“BOOM!”

The two gusts of wind collided with a loud boom. They merged into one and shot into the sky, turning into a boundless astral wind that dispersed.

...

“Hu la!”

The flames that filled the sky also dissipated under the power of the squall, and the sky became clear.

Feini also retracted her Phoenix form and transformed into her true form, standing in the sky.

Only then did everyone from the long family feel that the pressure was gone. They all stood up and looked at feini in the sky with fear and mixed feelings. Their hearts were beating violently, and they did not know what to do.

Wei Qing took in everyone's expressions and said without changing his expression, "Is this the most powerful Dharmakaya of the true spirit race? No wonder you wanted to kill long qianmiao and take his dragon essence."

"Tsk, Wei Qing, you can really f*cking talk nonsense!"

Yunxiao raised his middle finger and said disdainfully, "long qianmiao stole feini fengguang, and all the heroes in the world saw it. Then, he was beaten back to his original form by the devil Lord, and before he died, he felt extremely guilty and passed the sect master's position to feini. Not only did the strange ghost of the long family witness the whole process, but all the heroes in the world also saw it. Are you insulting everyone's intelligence?"

qigui! Lu Yuan shouted. is what li Yunxiao said true?"

Everyone looked at Qi GUI. In fact, everyone understood the general process. After all, it was not a secret. However, the words he said now had an extraordinary meaning.

Moreover, the commotion on the cloud Peak was too great, and it had long alarmed the entire long family. Hundreds of people had already gathered a few hundred feet away, watching from a distance and not daring to get close.

When feini's body appeared just now, they were deeply affected even though they were thousands of feet away. Many of them knelt down in public and now they looked at the figure in the distance like a god.

Qi GUI's expression changed slightly. After his complicated eyes flickered a few times, he walked forward and bowed to feini in front of everyone. Yunxiao's words are true. I pay my respects to Your Excellency!

“Whoosh.”

There was a commotion in the crowd. The elders, protectors, and most importantly, the long family members in the distance were all shocked and in disbelief.

“You traitor, die!”

Yi Hongming roared and slapped the strange ghost.

“Squeak!”

The air gave off an ear-piercing sound of friction under the tyrannical palm force. Before the palm wind arrived, Qi GUI’s body began to twist and change shape.

Suddenly, the space twisted in the opposite direction, and Yunxiao’s figure emerged from the distortion. He stood in front of the strange ghost and thrust his sword at it.

The cold light shone on the water, and it was sharp and lethal.

“Bang!”

The sword Qi stabbed at the palm wind, but it couldn’t break it. It trembled slightly.

As Yi Hongming’s palm pressed down, his sword force bent slightly as if it was going to be shattered on the spot.

“How can he be so strong?”

Yunxiao was taken aback. An existence who could resist his sword with a palm strike must have an extraordinary power.

“Hmph,” he snorted.

He grunted and pointed at the sword, making a trembling sound.

The sound of the sword trembled, and the sword light became even sharper. A monstrous cold air rushed up, and the light under the palm became hotter and hotter, as if it was going to break out of the palm.

Chapter 1612-martial arts competition

Yi Hongming was shocked. He felt a sharp pain in his palm. His opponent’s sword intention was so strong that it almost tore his body apart. He quickly retracted his palm.

Suddenly, a ray of sword light lost its resistance and shot up, cutting the entire sky. It turned into a strange scene above the clouds.

li Yunxiao, ” Wei Qing said coldly, ” are you going to meddle in the long family’s Affairs? If that’s the case, I won’t just stand by and watch!”

His face was filled with Vulture’s expression. Today’s matter was already gradually heading towards the worst possible outcome.

Moreover, he was extremely afraid of one person, the true dragon celestial body and the expert with two swords of the world. It was very likely that he was in Yunxiao’s divine realm tablet. If he were not afraid of that person, he would have taken action to clean up the situation.

“Oh? Lord Wei Qing is speaking as if he is watching by the side.”

then, what should we do in your opinion, my Lord? ” Yunxiao sneered.

Wei Qing said, "I don't want to talk about what happened before. It's better to let the long family solve it themselves." In fact, the simplest way to decide whether Yi Hongming or Feini is more suitable is to let the two of them engage in a martial arts competition. The winner will be King."

"No!" what the long family needs is a legitimate young man with an extremely talented bloodline," Yunxiao said decisively. not a simple-minded fool who has only a few days left in his hundred years of life.

He had just exchanged a blow with Yi Hongming and he knew how terrifying the other was. Feini was definitely not his match.

Wei Qing sneered. in this world, whoever has the bigger fist has the final say. Don't tell me that choosing a sect leader doesn't depend on one's fist but on one's intelligence? are two people sitting together to take a test on the sudden turn of the brain? "

good idea! Yunxiao laughed. I agree.

li Yunxiao, I'm not going to waste my time talking to you," Wei Qing snorted coldly. if you want to interfere in the long family's Affairs, I'll have no choice but to do it!

"Let me do it, husband." Feini said. Although Yi Hongming is powerful, I still have a chance of winning. Don't forget that my Heavenly Phoenix Nirvana body is undying."

Yunxiao hesitated. In terms of strength, feini was no match for Yi Hongming, unless something happened to him, which was not impossible.

He had observed carefully just now. This was probably the first time Yi Hongming had appeared in a true spirit-like state. He had most likely been modified by Wei Qing's Secret technique to purify his blood. There must be side effects.

"No, this battle is too dangerous. It's not suitable for you."

Yunxiao rejected the idea. Yi Hongming looked to be in an excellent condition at the moment, so the side effect would not happen for a while.

Feini felt a warmth in her heart and softly called out, "Darling husband"

This gentle gesture shattered the hearts of many young men from the long family, and they all burst into tears.

if you want a martial arts duel," Yunxiao said, "I'll fight in her place.

"You?" Wei Qing frowned and said coldly, "What qualifications do you have? Even her husband isn't a member of the long family without the approval of the elder Council."

she risked her life to save me outside Red Moon City," Yunxiao said. I should fight for her. As for whether the Council of Elders will pass or not, it's not important. What's important is that you, Lord Wei Qing, have passed.

The faces of several elders of the long family turned blue and white. The position of the long family's master and the future of the situation were not decided by the long family, but by two outsiders. Everyone's face burned, and the young men were hot-blooded, wishing they could rush out and beat Yunxiao and Wei Qing to death.

Wei Qing pondered and was a little hesitant.

Yi Hongming shouted, "Lord Wei Qing, let this kid fight me. I want to tear him apart completely!" Let feini watch her beloved die in my hands, let her kneel down and beg for mercy!"

Wei Qing nodded and said, "alright!" However, the premise is that you must fight alone. If you have helpers, then this King will have to take action!"

of course," Yunxiao said. I'm not a man of my word.

“Husband, you have to be careful!” Feini said anxiously.

Yunxiao had already appeared in front of Yi Hongming in a flash and said with a sneer, “Since you still want it, this young master will beat you until you don’t want it anymore.”

“Roar! Die!”

Yi Hongming was furious. He opened his mouth and shot out a sound wave. The sound was ear-piercing.

“BOOM!”

Yunxiao’s body shattered and turned into ashes.

“What?” Everyone was shocked and in disbelief. It ended just like that?

Shi kangcheng’s eyes also widened and he was stunned on the spot. He thought that since this kid volunteered, he had a chance of winning. Even if he was not good, he could at least fight for 300 rounds. Who knew that he would be instantly killed.

Everyone felt that it was impossible, but this was what they were seeing. With their power, they could not see any problems.

“Don’t be careless!” Wei Qing suddenly shouted. He’s the Vanquisher martial sovereign, Gu Feiyang. His eye sorcery and sword skill are unparalleled in the world!”

Yi Hongming sneered. of course I know. You want to deceive me with such an illusion? dream on!

He suddenly reached out his hand and shattered a piece of space with a rumble. The furry palm shuttled through the void, grabbed Yunxiao, and pulled him out.

“Hahaha! Go to hell!”

Yi Hongming was overjoyed. He grabbed Yunxiao with his hand, swung him a few times in the air, and then squeezed hard, trying to crush him into pieces.

“Idiot! It’s this Lord, quickly let go!” Wei Qing’s angry shout came from the palm.

Yi Hongming’s entire body trembled. He then realized that the person he had captured was Wei Qing. His expression changed and he laughed angrily. you want to deceive me with such a small trick? you dare to impersonate Lord Wei Qing? you’re really tired of living!

li Yunxiao is right behind you! Wei Qingzhen said angrily. look for yourself!

“What?” Yi Hongming was taken aback. He felt as if there was a dagger behind him. He turned his head and saw Yunxiao sneering at him. A cold light flashed, and a sword beam soared into the sky and slashed toward him.

“How could it be like this!”

Yi Hongming was shocked. The sword Qi was so strong that he did not dare to neglect it. He immediately let go of Wei Qing and threw a punch.

“BOOM!”

Wherever the fist wind passed, everything was turned into ashes, and the sword beam and Yunxiao were annihilated in an instant.

“This Taowu!” Yi Hongming was shocked.

“It’s not wrong to call you an idiot.”

Yunxiao's sneer came from behind him. 'Wei Qing', who had just let go, suddenly turned back into Yunxiao and said sarcastically, "If transforming into a true spirit would damage one's brain, then what's the point of transforming?"

...

A beam of sword Qi shot up, emitting a strong sword aura. Countless sword talismans danced in the air, and the clouds surged.

The entire world seemed to have lost its color, as if everything had turned into the shadow of this sword. There was only one lone figure left in the world.

"Star sword slash!"

Countless sword talismans gushed out, and ancient Maha characters popped up on the ice sword, which then disappeared one by one.

The sword Qi streaked across the sky and went straight for Yi Hongming's head!

"?!"

The huge ape couldn't help but tremble. The sword brought with it an aura of death. The heroic spirit and invincible feeling it had when it obtained supreme power had completely disappeared.

He suddenly opened his arms, and his chest expanded forward. The word "hate" suddenly emitted a resplendent golden light, and his two large hands also became golden. He suddenly roared and put his palms together in front of his body, slapping towards the sword light!

"This sword intent, this sword intent, this sword intent, this sword intent, this sword intent ..."

Everyone's heart trembled as they felt the earth-shaking power. When they saw Yi Hongming's hands slapping towards them, they could not help but sweat.

Wei Qing's face was also extremely gloomy. Although Yi Hongming was stronger than Yunxiao, Yunxiao was obviously more scheming. Coupled with the terrifying power of the lunar pupil, the situation was not good.

...

“Bang!”

Yi Hongming's two huge golden hands caught the huge sword essence, which burst out with a dazzling light.

The sword force continued to push forward and rubbed between his palms. The sound made one's teeth ache. His body kept retreating under the pressure of the sword force. The strength of his arms was raised to the extreme, and they trembled violently.

However, after sliding for several thousand feet, he finally stabilized his body and blocked the earth-shaking sword essence.

Yunxiao was also extremely shocked. He had used almost all of his strength in this attack, and it was his strongest one. Moreover, he had caught the enemy off guard, but he did not expect that he could not win!

His pupils turned blood-red and strange runes flashed in his eyes. Two heads and four arms appeared on his back. One of the arms was raised slowly and the Tusita Heavenly Mountain flew up. Five-colored lights swirled in the sky and smashed toward Yi Hongming.

“What?”

Yi Hongming's eyes almost popped out. His strength had already reached its limit. It was already a miracle that he could block such a terrifying sword attack. Now, he was scared out of his wits as he watched the Tusita peak fall!

He had taken a hit from that thing earlier, so he naturally knew how terrifying it was. He would rather be cut by the sword essence than be smashed into meat paste again!

“Roar!”

After he made up his mind, he roared loudly and raised his hands that were holding the sword spine high up and broke it with force!

“BOOM!”

The entire sword force suddenly collapsed. The terrifying sword intention burst out in an instant. It was like a dam that had burst its dam, instantly swallowing Yi Hongming.

“Boom boom boom!”

A terrifying vortex of sword Qi formed in the sky and spread out continuously. It was a few thousand feet wide.

Under that shocking phenomenon, everyone could feel the sword rules flowing in the sky. The countless sword intents were like a light breeze that brushed past everyone’s skin, feeling cold.

However, if you move, you will immediately bleed.

“Ah!”

Not far away, some of the weaker cultivators couldn’t help but tremble. Their skin suddenly burst open, and thousands of wounds appeared on their bodies. It was a terrible sight.

Dou Shuai heavenly peak stopped in mid-air and floated there quietly.

Yunxiao grunted and hurriedly retracted his avatar, his eyes returning to normal.

His entire body turned pale.

He had never used a second move while executing the star slasher before.

This was because this sword technique required him to pour all of his essence, Qi, and spirit into it to make his body's strength and will reach a 100% compatibility. It was the most powerful technique.

However, he did not expect that his opponent would be able to block it. This forced him to break through his body's limits and throw the Tusita peak out.

Chapter 1613-both sides suffer

A stream of salty blood rushed up his throat. Yunxiao swallowed it down and stared ahead with a cold gaze.

He had used his spiritual energy to the limit just now, which had caused a large area of his meridians to tear. His aura had instantly fallen, and he was breathing heavily in the air.

The surface of his body glowed with a faint golden light. Power swirled around five of the eight gates like a Nebula, constantly repairing his physical body.

At this moment, the sword Qi vortex in the sky was gradually weakening, and the countless sword talismans were slowly being destroyed.

“How is that possible? How is this possible?”

Shi kangcheng muttered to himself in shock. The other elders and protectors were so shocked that they could not speak.

Qi GUI's face turned pale, and large beads of cold sweat dripped from his forehead. He recalled how unruly he was when he first met this person and wanted to teach him a lesson. A feeling of fear welled up in his heart.

“BOOM!”

A golden light suddenly gushed out of the vortex, and two furry arms the size of cattail-leaf fans stretched out and tore the vortex apart!

“Damn it!”

Yi Hongming, who was covered in blood, rushed out in a sorry state.

“Hmph,” he snorted.

Yunxiao snorted coldly as he suppressed the injuries in his body and conjured a seal with his energy.

“Boom boom boom!”

Dou Shuai heavenly peak shone with five-colored light and fell down.

“?!”

Yi Hongming was startled. A violent force burst out from his body and his muscles tensed up. With a ‘bang’, he exploded the space and bounced a thousand feet away!

“Pfft!”

Due to the excessive force and the sword wounds all over his body, he finally couldn’t help but spit out a large mouthful of blood.

There was also a sharp sword Qi that cut into the acupuncture points all over his body, causing intense pain in his limbs and bones. His injuries seemed to be expanding.

Yunxiao frowned slightly. Yi Hongming looked like he was at a disadvantage at the moment, and it was impossible for him to win again. However, Wei Qing did not seem to be too worried except for his Vulture-like expression, which made Yunxiao vigilant.

I'm going to tear you apart, li Yunxiao!

Yi Hongming had gone completely mad. His eyes were red and his whole body looked as if it had been dyed with blood. It was a shocking sight.

"Bang!"

The space exploded, and Yi Hongming appeared in front of Yunxiao in an instant. He threw a fierce punch, the Golden color of his fist expanding and spreading to his arm.

"Burn your blood!"

Yunxiao was taken aback. He quickly turned his body and dodged the attack in an extremely strange posture.

The Golden fist slid past his chest, and the violent aura from the arm shook his body away.

"Bang!"

Yunxiao felt a heavy hammer hit his chest, and he was forced to take dozens of steps back before he could stabilize himself in the sky.

Fei Ni's expression changed and she shouted, "stop!" Yi Hongming has gone completely mad. By burning his bloodline power, even if he wins, his cultivation level will drop and he will not be able to be the head of the long family. There is no need to fight this martial arts competition!"

Her body ignited with flames and she was about to charge into the battle.

Suddenly, a ray of green light descended and suppressed her. Wei Qing said coldly, "You think we don't need to fight just because you say so? Even if Yunxiao dies, he will die in your place."

"You coward! You're a devil!" Feini was shocked and struggled with all her might, but she could not break free.

The cold light in Wei Qing's eyes grew stronger as he stared unblinkingly at the battle.

It would be best if Yi Hongming could kill Yunxiao directly, but the possibility was too low. After all, his opponent had a holy weapon, and he would definitely summon the true dragon Avatar in the end. But in that case, he would lose.

In the current situation, Yunxiao could either be killed or admit defeat. Either way was extremely beneficial to him, so he could not let anyone ruin the battle.

After Yi Hongming had burned his blood, his aura grew stronger and stronger. With just a raise of his hand, he had the power to destroy the world, forcing Yunxiao to flee in all directions.

"Lord Wei Qing, there's indeed no need to continue this battle," Lu Yuan could not help but say. Even if Yi Hongming wins, he will be crippled. We are willing to make young master Feini the head of the long family."

"Hmph!"

Wei Qing snorted and looked over with a gloomy gaze, "Since it's a martial arts contest, we must respect the spirit of the martial artist's contract. It's not considered over if the person involved doesn't admit defeat. If you admit defeat, you'll naturally have to abide by our previous agreement."

Everyone was shocked and angry. How could a person who had burned all of his bloodline power lead the long family? Wei Qing naturally didn't care about this. Yi Hongming was just a puppet to begin with. Perhaps this was better. It would be even more impossible for him to escape from Wei Qing's control.

Yunxiao's divine sense was very sharp, so he could hear all of Wei Qing's words. He could not help but laugh and say, " Lord Wei Qing is really worried about the long family. As for the outcome of the martial arts duel, Qianqian, you're thinking too much. How can I lose? "

He threw out the Tushita heavenly peak and struck it with several incantation seals. Five-colored light spread out and formed a barrier that trapped him inside.

"BOOM!"

Yi Hongming's palm struck down and immediately shook the barrier.

Yunxiao's face flickered slightly, but he breathed a sigh of relief. Although the backlash from the Tusita heavenly peak was extremely strong, he could still withstand it.

"Argh! Go to hell!"

"BOOM! BOOM! BOOM!"

Just as he had regained his composure, Yi Hongming punched out hundreds of times as if he had gone mad. The entire barrier was shaking continuously, and the backlash from the Tusita heavenly peak was stimulating the qi and blood in his body.

"Pfft!"

Finally, he couldn't take it anymore. He spat out a mouthful of blood and cursed, " "You're crazy!"

As soon as he kept the Tusita peak, the fist power landed on his body like a meteorite.

...

"Bang!"

His body exploded instantly, turning into countless lightning bolts that shot in all directions. One of them instantly morphed into his real body, and he put two fingers together to form a sword technique and pointed down.

“Clang!”

Countless cold lights flew out of his body and circled around him. Then, they turned into sword lights and slashed down.

“Roar!”

Yi Hongming opened his mouth and let out a furious roar. The air waves rolled up and shook off all the northern heaven cold star swords.

Yunxiao was taken aback, and cold sweat broke out on his forehead. The giant ape’s strength had already reached the divine transcendence, and he could not resist it at all.

“Since that’s the case, I’ll drag you to death! Let’s see how much blood you have left to burn!”

His eyes turned blood-red in an instant, emitting seven-colored rays of light. The entire sky changed in an instant, and the vast expanse of white around him turned out to be the sea.

“What?”

Everyone was shocked. They all found themselves submerged in the sea and sinking.

...

“An illusion? How can it be so real!”

The long family members' expressions all changed, and they were all shocked.

Wei Qing's face also sank, and he knew that this was not good.

"Gulu, Gulu, Gulu, Gulu!"

Yi Hongming also continued to sink. He was stunned for a moment before his body immediately bounced up. He split the sea water with a punch and created a huge wave.

"Come out!"

He shouted and rushed up into the sky.

"Huala"

Yi Hongming finally broke through the surface of the sea and rushed out.

"Roar!"

Suddenly, an earth-shattering Dragon's Roar resounded in the sky. An Azure Dragon swooped down and spat out a dragon's breath.

"?!"

Yi Hongming's entire body trembled as a trace of fear surged in his heart.

"Impossible! It's a fake Kasaya, but ... But why do I feel fear?"

He kept consoling himself in his heart, but a fear from the depths of his soul emerged clearly.

The Azure dragon's eyes were like lanterns, coldly staring at him. It was as if it could see through his entire heart, causing his hair to stand on end.

"Huala"

Yi Hongming was shocked. He didn't dare to look at the Green Dragon. He plunged into the sea and escaped.

"Uh, this Dragon's might is quite useful,"

The Azure Dragon suddenly murmured to itself, then transformed into Yunxiao. The scene just now was an imitation of the power of the first Dragon of the rain land, and as expected, it had scared Yi Hongming away.

"Looking at the time, no matter how much blood this fellow has, it won't be enough to burn. Once the time is up, I'll skin him alive and pull out his tendons."

Yunxiao snorted coldly, then transformed into a bolt of lightning and disappeared.

Suddenly, the space twisted, and an extremely overbearing fist power rumbled over. The seawater was split open with a splash.

"How dare you lie to me? go to hell!"

Yi Hongming turned into a beam of light and rushed in front of him. The power of his fist twisted the entire illusionary space and the illusions disappeared.

Shocked, Yunxiao instantly summoned his transcendence golden body and clenched his six hands, throwing out six golden balls, which turned into a Nebula and struck out.

"BOOM!"

The Golden Nebula was shattered by the punch, and it hit Yunxiao's chest.

"Pfft!"

All three faces coughed up blood. Yunxiao's body trembled violently, and his chest caved in as if it had been pierced through. It was a shocking sight.

However, he clenched his fists and made a hand seal behind him. Several golden chains flew out and wrapped around the giant ape.

At this moment, all the illusions disappeared, and everyone returned to the clouds.

Dodge! Wei Qing's pupils shrunk as he shouted, " Dodge!

Yi Hongming struggled with all his might, breaking the chains of law one by one.

"It's too late,"

A ferocious smile flashed across Yunxiao's face as he reached out an arm and grabbed the Tusita peak in his hand, then smashed it down!

"?!"

Yi Hongming was scared out of his wits. Although the spiritual Qi on the mountain peak was insufficient and there was no five-colored radiance, he could feel the danger of death.

"No!"

He suddenly roared and broke all the chains of laws in an instant, trying to escape.

“BOOM!”

However, the mountain peak had already come crashing down and completely suppressed the space. The ray of light disappeared in an instant and the Tusita heavenly peak struck his back directly!

“Bang!”

The giant ape’s back exploded, turning into a bloody mess.

Yi Hongming let out an earth-shaking wail. He struggled in the air in pain and kept falling to the mountain peak.

Yunxiao’s face was pale as well. He retracted the Tusita heavenly peak and fell down as well.

Yi Hongming’s punch had shattered his internal organs. If he did not have the body-tempering art, he would have been crushed into pieces.

Chapter 1614-opportunity

“Bang!”

“Bang!”

The two of them fell to the clouds at the same time, leaving long scratch marks on the ground. The marks were filled with Scarlet blood, which was a shocking sight.

“Husband!”

Fei Ni turned into the heavenly Phoenix Dharmakaya and tried to break the restraints set by Wei Qing, but he could not break them.

“Yi Hongming’s monster body is destroyed, he has lost completely!” Shi kangcheng shouted.

Everyone’s faces were pale, shocked by the tragic battle just now.

At this moment, Yi Hongming was lying on the ground and struggling. However, there was a big hole on his back. His blood vessels were bursting and his muscles were breaking. The sound of bones breaking could be heard from time to time.

This was already a sign that his injuries were severe and his body was about to collapse. However, he was using his tyrannical strength to slow down the speed of his body’s collapse, but it was useless. (However, it was of no use)

“It’s just a lose-lose situation, isn’t it too early to say who’s the winner?” Wei Qing said coldly.

“Must one of them die to determine the winner?” Shi kangcheng was shocked and furious.

“Of course not. In a martial arts duel, if one side admits defeat, the winner will be determined. Don’t you know this basic rule, elder Shi kangcheng?” Wei Qing said.

Shi kangcheng naturally understood. He was so angry that he could not speak. At this moment, Yi Hongming’s eyes were red and chaotic. He was probably unconscious. There was no way he would admit defeat.

Yunxiao was lying on the ground in the distance, covered in blood. His chest was rising and falling violently, but his life force was very strong.

Everyone heaved a sigh of relief. Even Lu Yuan, Zhang Haosi and the other elders were slightly relieved. At this moment, everyone was inclined to believe that feini would succeed the sect. If Yi Hongming were to become the sect master, it would be a great humiliation.

A cold light flashed in Wei Qing’s eyes, and he suddenly began to quickly make hand seals.

Feini was shocked, "stop!" What are you doing?"

Wei Qing's expression didn't change, but the coldness in his eyes became colder. He stared at Yi Hongming's body and a terrifying cold light flashed across his eyes.

"Ah!"

Suddenly, an intense scream was heard. Yi Hongming's body trembled and the huge wound on his back was healing gradually.

"What?"

Everyone's eyes widened. That kind of fatal injury could actually be cured?

"No! Don't, don't!"

Yi Hongming seemed to have regained his consciousness. He cried out mournfully and begged, "Don't! Let me die, Lord Wei Qing, I beg you, please don't!"

Everyone looked on in shock, not knowing what was going on.

After Yi Hongming wailed a few times, he could no longer make a sound. His face had become dull and lifeless.

"Swish."

Yi Hongming suddenly made something simple. He took out a storage bag and grabbed a handful of primordial cores. He threw them into his mouth like beans, chewing and swallowing them.

“This bi an ...”

Everyone was dumbfounded as they watched him eat the primordial cores, not knowing what was going on.

“Ghost Asura!”

Feini screamed in fear, “You ... You turned Yi Hongming into a ghost Asura!”

“What is a ghost Asura?” Shi kangcheng frowned.

Feini’s face turned pale and she shrieked, “Wei Qing, you interfered in the martial arts competition, you cheated! Elders, quickly kill Yi Hongming. He has already become a zombie that has no will and only knows how to kill!”

“What!” Everyone was shocked. Yi Hongming was still standing there quietly eating the elemental elixir. However, his face was becoming more and more stiff. The elemental energy fluctuations on his body were very stable. He did not seem to be injured at all.

Fei Ni said anxiously, “the ghost Asura is a product of a failed refinement of true Spirit’s blood. It has no soul at all and only has a physical body. It’s almost undying and extremely powerful. The reason why Wei Qing wants to control the long family is to use the long family’s people to create a large number of Asuras!”

“?!”

A chill spread from the clouds, and everyone felt their hands and feet turn cold.

“Elder Peng Yue!” Lu Yuan suddenly shouted in shock. What’s the content of the Research Institute?”

A slightly chubby, round-faced old man trembled and paled. He seemed to be rather flustered.

Lu Yuan's face immediately turned ashen. He said coldly, "Could it really be as Feini said?"

Peng Yue felt the killing intent around him and couldn't help but retreat. He said in a trembling voice, "Yi Hongming supported the establishment of this organization. I'm not sure about the details."

Shi Kangcheng gritted his teeth and said, "You're fully in charge of this matter, and now you're telling us you don't know?" Pushing the responsibility to a Walking Dead?"

Peng Yue's face turned pale and he said firmly, "I really didn't know about this!"

What a joke. If he admitted it now, he would no longer be able to gain a foothold in the long family.

Wei Qing sneered, "Everything has its advantages and disadvantages. Feini, don't try to cover up the whole." We can start this experiment from Lord Long Qianmiao, and the ultimate goal is to extract tenth-grade divine blood and break through to the God Realm!"

"God Realm?"

Everyone trembled, especially those elders, whose eyes were wide open.

Wei Qing said, "You all saw Yi Hongming's power just now." It was because of this secret technique that I successfully broke through to divine transcendence. If I had not been killed by Yunxiao, I would be a true divine transcendence expert now."

"Everyone, don't listen to his nonsense!" Feini said anxiously. Yi Hongming's last desperate plea is still vivid in our minds. Everyone saw it!"

"Hmph, you have to give something up to gain something." This is the condition I've discussed with Yi Hongming," Wei Qing said coldly. I'll do my best to help him break through to level ten divine blood. If he fails, I'll turn him into a ghost Asura and make him listen to my orders. He was the one who had chosen his current state, so who could he blame? If you want to blame someone, blame not Ni, but Li Yunxiao!"

“That’s right. If this is elder Yi Hongming’s own choice, he can’t blame anyone else,” Peng Yue said.

“I’m just fulfilling the contract between me and him,” Wei Qing said leisurely. The bloodline refining experiment could be controlled. As long as it didn’t exceed the limit, there wouldn’t be any problems. Everyone here, don’t you all desire to improve?”

...

This sentence made everyone’s heart tremble, and they all fell silent.

Fei Ni laughed coldly, “hehe, improved even further?” Everyone, please take a look at elder Yi Hongming’s current appearance.”

“?!”

This caused everyone to suck in a breath of cold air. They all woke up from their sweet dreams, and many of them were even covered in cold sweat.

Wei Qing sneered, “there’s no such thing as reaping without sowing or taking risks to gain great benefits.” At least I’ve pointed out an unprecedented path for all of you. It’s up to you whether you want to walk it or not. I’m not forcing you. In order to seek a little bit of fortune, many people have gone through a narrow escape but still can’t get it. ”

Only then did Peng Yue’s expression improve. He squinted his eyes and smiled: “That’s right, Lord Wei Qing is right. No one is forcing us. We are all adults and have to be responsible for what we have done. Many people can’t get their hands on this opportunity even if they want to!”

Everyone was silent. If there was a chance to become a God, they would be willing to try even if it meant death.

Even the long family members in the distance were stirred up. It seemed that many people were eager to try.

Peng Yue said, " this is also the last chance for you to cross the limit after your strength has stagnated. As long as you are not greedy, you can control it within a safe range. If elder Yi Hongming wants to blame someone, he can only blame himself for being too greedy!

"This isn't the time to talk about this. Let's end the martial arts competition first," Wei Qing said.

"What!" Wei Qing! Fei Ni was shocked and said angrily, " do you still have any shame?!

...

Wei Qing said coldly, "I really don't understand what you're saying, young lord ni. Has the outcome been decided?" Who died, or who admitted defeat?"

"Even if my husband admits defeat, does Yi Hongming still have the right to be the sect master?" Fei Ni said angrily.

then there's another problem, " Wei Qing said. don't worry, everyone. If there's a problem, we'll solve it one by one. He made hand seals with both hands and kept muttering something that seemed to be a secret language.

Yi Hongming instantly stopped eating the primordial core and rushed toward Yunxiao.

"Bastard! You big bastard!"

Fei Ni cried out in panic and struggled with all her might, but the restrictions set up by Wei Qing around her did not move at all.

Yunxiao was lying on the ground, constantly repairing his body. He heard everything they said, but he was too lazy to speak.

The moment Yi Hongming moved, he sat up with a cold look in his eyes. He made a hand seal with one hand and teleported to the sky to avoid the attack.

“BOOM!”

Yi Hongming’s fist landed on the ground, causing dust to fly up and the entire Cloud Summit to shake.

After he became the ghost Asura, although the extraordinary power of the divine triggered by the burning Blood was no longer there, the power of the peak of the nine-star was completely preserved.

Lord Wei Qing, ” Yunxiao said coldly, ” you’re the one controlling this thing, aren’t you? Is the martial arts competition a two-on-one fight?”

I’ve only triggered the potential in his body and made him transform, ” Wei Qing said. everything else has nothing to do with me. How can you say it’s two against one? ”

yes! Yunxiao nodded and said, ” Lord beiming Nan, come out.

In a flash of white, beiming Nan appeared next to Yunxiao and slowly raised his sword, his aura rising.

li Yunxiao, ” Wei Qingzhen said angrily. you’re looking for help? ”

are you confused, my Lord? ” Yunxiao sneered. what’s wrong with you? ” I only asked beifeng Nan to come out, he was the one who wanted to fight, what does that have to do with me? I can’t possibly fight with Yi Hongming while stopping beifeng Nan from making a move, right?”

you’re right, ” beiming Nan nodded. I wanted to cut this ape myself. It has nothing to do with li Yunxiao.

A sword Qi rushed up, stirring up the wind and clouds. Countless sword talismans circled around him.

“Eternal sword control!”

The sword radiance suddenly fell and slashed towards Yi Hongming.

“Roar!”

Yi Hongming roared loudly. A ruthless aura was emitted from his body as he suddenly threw a punch!

“BOOM!”

A terrifying power exploded above the clouds, rolling in all directions like ocean waves.

The entire mountain peak couldn't hold on any longer. Countless formation lights poured in from all directions like fireflies.

The entire peak of the cloud Sea finally stabilized.

Chapter 1615

1615 Educate him a little

Everyone was shocked, Shi kangcheng shouted, “Stop! If this continues, Cloud Summit will be completely destroyed!”

Beimang Nan looked down expressionlessly. Yi Hongming was also expressionless.

li Yunxiao, “ Wei Qing said coldly. are you really going to break the rules of the martial duel? ”

“PAH!”

Yunxiao's face darkened. He spat and said coldly, “This young master has called you” Lord “a few times, and you really think you're an adult? I don't care if you throw your weight around in the long family, but don't blame me for slapping your face if you try to play tricks in front of me! Turning Yi Hongming into a ghost Asura to fight with me, do you think I'm stupid or are you stupid? Would I do such a thing?”

Wei Qing's face was livid with anger and he said coldly, " "Since you've shamelessly broken the rules of the martial arts tournament, then this Lord has no choice but to personally take you down!"

Their long robes fluttered under the surging elemental energy, and a surging power spread out. Everyone felt a sense of suffocation, and they retreated in shock.

everyone knows who is shameless," Yunxiao said with a sneer. everyone in the long family knows. You're the Holy region's administrative department. Others might be afraid of you, but I'm not. If you continue to play by the rules, I'll play with you to the end. If you want to bully me, then I'm sorry, I can only slap your ear."

Cold sweat broke out on everyone's foreheads. How dare Yunxiao talk to Wei Qing like that? although Yunxiao's background was also terrifying, there was still a huge difference in strength between them.

Wei Qing was also furious. No one had ever dared to speak to him like this in his many years of living.

However, he was not triggered by anger. Instead, he became calmer and said coldly, " "Is that true dragon Dharmakaya expert in your holy weapon?"

so what if he's here? " Yunxiao asked. so what if he's not? "

if you're here, you might still have a chance to live, " Wei Qing said. if you're not here, I'm sorry, martial sovereign Xuanji pojun will really die.

you only know how to bully the weak, " Yunxiao said disdainfully, raising his middle finger. if you have the ability, pick a divine transcendence to fight.

"Hmph! Li Yunxiao, why have you become so childish? This world doesn't bully the weak, but is it the case that the weak are bullying the strong?"

Wei Qing's face was filled with mockery as he stepped in the air. Every step he took was at the same frequency as the heaven and earth, and his aura became stronger and stronger.

“Let me meet that true dragon Dharmakaya master and see if he has the ability to take you out of the heavenly Ridge. At the same time, I’m also very curious. When did such a powerful figure appear in the realm of heavenly martial arts? even I didn’t know about him.”

“Tsk!”

An unfamiliar, cold voice sounded. there are still many things you don’t know. The realm of heavenly martial arts is so big that you can’t measure it, ant.”

“?!”

Everyone trembled. The coldness in that voice made everyone shiver.

Just what kind of existence was this person who could make many experts tremble with just his voice?

Wei Qing looked behind Yunxiao with all his attention, and then a green light flickered in and out of his sight, and che you’s figure gradually emerged.

Feini suddenly felt the shackles and the barrier around her disappear. She immediately flew to Yunxiao’s side with a concerned look on her face.

“Oh? It seems that you know a lot about the realm of heavenly martial arts. How about you explain it to me, an ant?” Wei Qing said slowly.

But, his heart sank, knowing that it would be very difficult to kill Yunxiao today.

Che you laughed, “explaining is too troublesome, I should teach you properly” I’ll let you know that your Weibo is really not enough.”

hehe, then you’ll have to put in more effort. Don’t get slapped by me. It won’t look good. Wei Qing’s eyes suddenly turned extremely cold, like ice crystals.

With a “whoosh,” Wei Qing disappeared.

Che you’s face darkened, he snorted heavily and said, “Little li-Zi, get lost!” He grabbed in the air and a vast sword essence appeared and slashed out.

“Swish!”

The sky was split in half, but no cracks could be seen. It was as if the two Skies had been perfectly pieced together. However, the tearing force at the point of the piecing was too strong, and countless clouds and spiritual energy poured in.

Yunxiao, ‘little li, Qianqian’.

Although he was unhappy, he still retreated a few thousand feet away with feini and looked on quietly.

“Good sword!”

A voice of praise could be heard as Wei Qing appeared in front of che you. He drew a circle in his palm and struck out.

Che you raised his left hand, it turned into a Dragon and grabbed down.

“Bang!”

A wave of spiritual pressure suddenly burst out between the two of them and spread out in all directions. The spiritual pressure was unstable, like the surface of a Lake shaking.

Che you laughed coldly, his body started to dragonform, at the same time, he raised his sword and slashed towards Wei Qing’s head.

“Swish!”

The spirit pressure in front of him was directly cut in half, and one of Wei Qing’s afterimages also suddenly split open, with a few strands of long hair and clothes fluttering in the air.

“Your actions are too obvious, don’t embarrass yourself!”

Che you shouted loudly and swept his long tail behind him. bang! it felt like he had hit an iron plate and it actually hurt a little.

“What?”

Che you was greatly shocked. His body was made up of a Dragon secret treasure, a true spirit body. Even swords and blades could be blocked by it.

His body shrank slightly, and he was shocked to find that the other party’s five fingers had pinched his long tail. He immediately shouted angrily and kicked behind him.

Wei Qing calmly grabbed his long tail and spun it. At the same time, he made a hand seal and slapped it down.

“Bang!”

The incantation seal accurately struck the shin bone of cheyou’s calf. A piece of dragon scale was pressed down and blood oozed out.

“Swish!”

Che you’s heart skipped a beat, he didn’t dare to be careless anymore. The Xumi anything instantly opened up, terrifying sword essence surged and he turned around to stab at the sword.

A Dragon's Roar could be faintly heard from the sword, and realm power spread out in all directions, pressing down along with the sword.

...

"Is this the legendary dragon Realm? It is indeed very powerful."

Wei Qing felt the pressure around him and slowly said, "I understand now. You're also an expert with the blood of a true dragon, and you accidentally obtained nine Dragon secret treasures, which allowed you to cultivate the true dragon celestial body. Hehe, when nine secret treasures are combined, they can manifest a true dragon. Legends are really boring."

He raised his hand and knocked on the door with a seemingly casual finger.

"Dang!"

His fingertips hit the body of the Xumi anatta sword, and circles of sword light spread out in all directions.

Wei Qing's figure instantly shrunk and he retreated ten Zhang.

"What? Nine Dragon-type secret treasures! This person is a true dragon Dharmakaya?" The long family members around were all shocked. he can still use the Dragon Realm. I'm afraid his strength is no less than the sect leader's.

"So what?" che you snorted angrily. Although this body isn't perfect, it's enough to kill you!"

Another sword swept across the sky, and the light spread out like a fan.

"It's no use."

Wei Qing's expression didn't change at all. He just kept moving his body and appeared in front of che you. He said coldly, "You have a powerful physical body, but your bloodline is not strong enough. If you can be transformed by me, you will be the most perfect existence, surpassing everything!"

...

"Perfect your sister!"

Che you cursed and the sword force in his hand rose. Suddenly, a green light kept spinning in the sky. The sword talismans surged and vaguely formed the shape of Mount Meru, which was floating in the light.

"This is a Kasaya!"

Wei Qing's expression suddenly changed. He finally felt the danger and hurriedly retreated.

"You want to leave? aren't you very ***?"

Che you's expression turned cold, "Sword Art-demon slaying!"

Although Wei Qing retreated quickly, the power of the Dragon Realm around him increased along with the sword force, completely suppressing him. He couldn't escape the sword force at all.

"The vast territory is impregnable!"

He threw the scroll and cast a seal on it. It immediately unfurled, and a magnificent scene of rivers, mountains, and country flew around.

"BOOM!"

The world of swords slashed down, and the entire sky was torn apart.

On top of the clouds, Lu Yuan and the others were all pale. They had already formed a formation and joined hands to strengthen the power of the mountain-protecting formation. They did not want the heavenly Ridge cloud carriage, which had been lonely and proud for 10000 years, to be destroyed by the aftershock of the two.

“Eh? How can he be so resistant?”

Che you was shocked. Within the gradually dissipating energy storm, Wei Qing held the scroll in his hand and stood proudly.

The green robe fluttered, and the mountain and river State Painting seemed to have lost a lot of spiritual energy, and no fluctuation could be felt.

“Daluo Golden Bones!”

Yunxiao suddenly thought of something and said loudly, “be careful. What secret technique has this guy cultivated? it’s called the Daluo Golden Bones!

It was still outside the red moon City, when ning ke had thought that the three forms of long spear would determine the victory in the battle with Wei Qing, but he did not expect to be defeated by the Daluo Golden Bones.

But, Yunxiao did not know what the Daluo golden bone was.

“What? The Daluo Golden Bones!”

Che you’s pupils shrunk, his face filled with shock.

“Eh? You also know about this secret technique? It seems that they are indeed related.”

Wei Qing seemed to find it a little strange and put down his right hand. He put away the river, mountains, and state Painting in his hand and slowly said, " "Since you know the origin of this technique, you should also understand that you can't kill me with your abilities."

"Haha, what a joke!"

"Not to mention secret techniques, even the world Energy, the laws of heaven and earth, the true dragon Sword can easily cut them apart!" Che you laughed scornfully.

He grabbed with his left hand, and another vast power rippled out. It was true that the heaven and earth couldn't use a sword. It appeared in his hand.

The two swords appeared at the same time, and a Dragon's Roar shook the nine Heavens.

The wind blew and the clouds churned in the sky, and the shadow of a true dragon appeared.

"This is the sword of the Xuanji sect's sect master!"

Most of the long family members recognized the sword and were all shocked.

At the same time, the Dragon's might that came from the sky seemed to have crossed the ancient times and directly transmitted the pressure of an ancient true dragon through time and space.

"Plop!"

"Plop!"

"Plop!"

How could the members of the long family withstand this Dragon's might? the fear that came from the depths of their souls caused a large number of them to instantly kneel down. Only a few elders were still bitterly supporting the Dragon.

The only person who did not feel the pressure was Feini. She had the Dragon essence and Phoenix light now. Even if a true spirit appeared, she would not yield.

Chapter 1616-Godslayer

A Dragon's Roar resounded through the clouds. He held his sword with both hands and formed a sword stance. A Green Dragon appeared behind him and almost became one with him.

Wei Qing finally couldn't stay calm anymore. Under the surge of the Dragon's might, his body was forced to retreat.

"So strong!" He was greatly shocked, and his entire body's bone armor kept making crackling sounds, as if he had sensed an extraordinary power.

A huge blood seal spread out in front of him. The sky was filled with clouds, and the setting sun was like blood. All the life in the sky was quickly drained away by this seal.

All the experts on the Cloud Peak were pale-faced as they struggled to hold on. They felt that their life force was also disappearing continuously, and they were all abnormally terrified.

"The rivers and mountains are like a painting, how many heroes are there at a time."

Wei Qing let out a soft cry and stepped on the power of the Dragon Realm with one foot, then suddenly slapped out with both palms.

"BOOM!"

The boundless power of the draconic realm shattered in large areas, and the green light in the sky was constantly devoured by the red glow.

His eyes turned cold and his body continued to transform into a Dragon. The two true dragon Swords intertwined with each other and gave off a vast power.

His body trembled under the influence of the two swords, and the scales on his body flipped up.

“The power of a true dragon, God-slaying sword!”

The two swords suddenly slashed out, and the sword rays were like giant Dragons in the air, chasing and intertwining with each other.

“Pfft!”

“Pfft!”

The long family members below could no longer resist that absolute power. A fear that came from the depths of their souls caused their blood to surge wildly in their bodies.

There were already a few martial artists whose meridians had been shattered and had fainted on the ground.

The two sword auras turned into Dragons and broke through the blood seal, shattering the chaotic River and blood landscape painting!

The shocking sword Qi surrounded Wei Qing and suddenly exploded. The figure seemed a little proud and lonely in the sword light, and his clothes were fluttering.

“BOOM!”

The terrifying sword light shot up into the sky like a huge wave on the top of the sea of clouds. It charged directly towards the boundless Milky Way.

The entire heavenly Ridge trembled under the might of this sword. All the clouds dispersed, and countless birds and beasts were startled in the mountain range that spanned a hundred thousand miles. There were all kinds of wails as if it was the end of the world.

The terrifying power continued to rush toward the Silver River. The sky was completely twisted into a funnel, devouring all the spiritual Qi within a radius of several miles, forming countless illusions and shaking, making people feel as if they were not in the human world.

Everyone's face was pale, and cold sweat broke out on their foreheads. Their bodies were long drenched.

Such a terrifying power, just thinking about it made one's hair stand on end and one could not help but shiver.

As the sword Qi continued to dissipate, Che You's true dragon Avatar appeared. It had almost completely transformed into a Dragon and was slowly floating in the air.

The scales on his body disappeared one by one, and he transformed into a human in an instant.

The two swords disappeared in a flash in his hands. He grinned and let out a proud laugh. hahaha!

"Pfft!"

After laughing a few times, he spat out a mouthful of blood, which shot three feet high. His momentum fell to the bottom, and he took a few steps in the air before he stabilized himself.

why are you acting tough if you don't have the strength?" Yunxiao said, blushing.

"Hahaha!" Che You laughed wildly, he said excitedly: too powerful, this power is too powerful. I like it!

He laughed a few times and coughed out a lot of blood. It was obvious that he was also injured.

don't be too smug," Yunxiao said. that man might not be dead.

"What?"

Everyone's heart thumped wildly. At this moment, there was no one within 10000 miles. Moreover, he had been swallowed by that shocking attack just now. How could he have survived? Even the Council was not a God!

Chen's heart was also shaking, his eyes were wide open as he looked towards the void.

After that one move just now, although he felt that he would definitely win, he couldn't relax the tension in his heart.

A ray of golden light suddenly appeared in the sky, shooting out a thousand rays of multicolored light and causing a huge wave to spread.

In the golden light, a huge blade-shaped profound level weapon was floating.

"Pfft!"

A stream of blood sprayed into the sky from the back of the saber.

Suddenly, a golden skeletal arm grabbed the hilt and raised it up.

Tens of thousands of golden lights flew up like the blazing sun in the sky.

"?!"

Everyone was shocked and couldn't help but tremble.

Wei Qing's entire body was unrecognizable. Half of his body had lost a large amount of flesh, revealing his golden skeleton that was flashing with hundreds of runes.

Yunxiao was also shocked, and he cried out, "The ruling blade!"

These words were like thunder, shaking everyone's hearts. The long family elders all trembled, their faces filled with fear.

Countless purple-black lights floated around the huge blade and started to spin.

Che you's heart skipped a beat. Just looking at the blade made him feel a sense of fear.

"How is this possible? I have a true dragon Avatar, so why do I still feel fear?"

He didn't dare to believe it and suddenly shouted, "Li Yunxiao, what the hell is this blade of judgment?"

...

It was only then that Yunxiao's body trembled as he came back to his senses and said, "You can't take the blade of judgment head-on! It is merely a blade that stores evil energy. It is enshrined in the sanctuary and has killed countless experts, absorbing their blood essence and resentment. Only after many years of accumulation can it have such a terrifying might."

Che you calmed down, he said: "so that's how it is. No wonder it's so terrifying. Once the blade is out, the entire world is like an Asura's purgatory. It makes one shudder.

Yunxiao's face was solemn as he said in a deep voice, "countless peerless experts have died by this blade. It's a sharp weapon used by the sanctuary to rule the world, so it's called the 'blade of judgment'. This blade itself is a grave for experts!

“If it’s just the aura of hostility and hatred, I will destroy it in minutes!” Che you became alert and said coldly.

don’t underestimate it! Yunxiao said in surprise. although this saber is not a Saint artifact, I’m afraid even a Saint artifact can’t compete with it!

Half of Wei Qing’s face had also peeled off, revealing his Golden Bones. His face was hateful, but his eyes gradually recovered from the endless killing intent before and became extremely calm.”Li Yunxiao, even at this time and place, I’m still willing to give you another chance. As long as you follow me back to the Saint-level, I can take back this blade.”

Yunxiao calmly analyzed, “ you must have the consent of more than three council members before you can use the blade of judgment. You’ve most likely taken it out of the Holy region without permission. Once you use it, it will definitely be noticed. And this blade is too powerful. In your current state, even if you have the tyrannical Daluo Golden Bones, you may not be able to withstand it. ”

Wei Qing said,“I’ve used this blade countless times. Why should I be afraid of being noticed?” Moreover, the way this blade is used is different from ordinary profound level weapons, so the theory of backlash is completely nonsensical.”

if it’s really harmless to you as you said, ” Yunxiao sneered, ” would you talk to me about conditions? Wei Qing, you’re overestimating your intelligence.”

Anger flashed across Wei Qing’s face as he gritted his teeth and said, ” “So you’re going to continue to be stubborn?”

cut the crap! Yunxiao snorted. if you want to cut me, do it now. I’m not the one who took your attack, so what am I afraid of? ” You’re a coward if you don’t!”

...

“What? Your sister!” Che you went berserk in the sky, cursing.

Wei Qing's face turned blue with anger. He stared at Yunxiao for a while, then turned to che you, who was extremely vigilant and ready to attack with two swords in his hands.

The purple-black Vortex on the blade of judgment gradually weakened, and then was completely absorbed by the blade.

Wei Qing let go of his hand, and the blade gradually faded away before finally disappearing.

Everyone immediately felt their chests relax, and the purgatory-like pressure and fear disappeared in an instant.

Yunxiao breathed a sigh of relief in his heart. His clenched hands were covered in sweat as he gradually loosened them.

He did not have the slightest confidence that che you would be able to block this blade. He was only trying to show his strength to the enemy and let them see his unyielding determination. Who would have thought that he would really stop.

But, Yunxiao knew that there must be a deeper reason for Wei Qing's sudden decision to give up, but he could not guess it for the time being.

The entire peak of the cloud Sea was quiet. No one dared to speak, not even Yunxiao and che you, who had sharp mouths.

Because no one wanted to fight anymore.

"You've won today's battle, but I'll come back to the long family again," Wei Qing said.

Everyone from the long family felt their hearts tremble. Many of them understood what he meant. He was referring to the purification of bloodlines.

Feini mustered her courage and shouted, "go back to the sanctuary!" If the long family doesn't welcome you again, don't ever come back!"

Wei Qing's eyes turned and looked at her. Fei Ni's face turned pale with fear, but she still looked at him firmly.

"Heh, even if you're the head of the long family, can you really represent the interests of everyone in the long family?"

He chuckled and said, "the desire for power in a person's heart can never be suppressed." Don't worry, I won't force any of you. Long qianmiao, Yi Hongming, all of you are willing to follow me. "

Everyone's eyes turned to the ghost Asura Luo Yi Hong Ming. They no longer had the fear and sorrow from before, and they all remained silent.

Everyone asked themselves if they would choose to purify their bloodline if their cultivation base reached its peak and they could no longer advance. As long as he wasn't greedy and controlled the risks, it would be fine.

Many people's answers were positive.

However, was there anyone in this world who was not greedy?

"Hmph, do you think you're the only one who knows how to refine bloodlines? Don't forget who was the one who invented this great secret technique."

A sneer could be heard as a figure flashed across the sky. Qiu Mujie appeared in front of Wei Qing and coldly looked at him from a hundred Zhang away.

Wei Qing's pupils shrank as he stared at him and said coldly, " crazy Jie, you've completely walked to the opposite side of me!

“Didn’t you force me to do this?” Qiu Mujie said.

Wei Qing said in a deep voice, “there are many grudges between you and me, but in general, friendship is more important than hatred.” You’re a rare talent, and you can only unleash your greatest potential under my command. If you’re willing to return to my Majesty, we’ll pretend that nothing happened.”

Shangchen was already dead. Although he didn’t have any news of Yi Xi, he was most likely dead as well. Qiu Mujie’s talent was even more important to him at this moment.

Chapter 1617-kind people are bullied

“Oh? Can you pretend that nothing happened?” Qiu Mujie asked in surprise.

“Those who do great things don’t bother about trifles, and in my eyes, there are no eternal enemies in the world,” Wei Qing said.

“Kekekeke!”

Qiu Mujie let out a strange laugh and said, Lord Wei Qing’s temperament is very similar to mine. My little heart is beating fast. I really want to agree.

you’re a smart man, and a great Alchemist,” Wei Qing said. you should know what the best choice is.

“Haha, that makes sense.”

Qiu Mujie grinned and took a step forward, appearing in front of Wei Qing. He raised his hand and clenched his fist, instantly grabbing the podao and slashing down!

“Bang!”

A ray of metallic light burst out.

Wei Qing's two bony fingers directly clamped the blade. The smile on his face slowly sank as he said in a cold voice, "Is this your choice? I'm so disappointed."

"I don't want you to be disappointed. I want you to die!" Qiu Mujie sneered.

He bent his body, lifted his leg, and threw it out like a whip. He kicked Wei Qing sideways, and the swastika flashed.

"BOOM!"

The space where Wei Qing was kicked exploded, and countless spatial fragments scattered.

Qiu Mujie retracted his leg and his podao also disappeared in a flash. He coldly snorted and looked at the figure several hundred Zhang away.

"Qiu Mujie, the next time we meet will be the day of your death," Wei Qing said coldly. He knew there was no point in staying any longer, so he turned around to leave.

Yunxiao suddenly had an idea, and he shouted, "Wei Qing, how are the mengwu siblings now?"

Wei Qing's body froze, and the corner of his mouth suddenly raised into a strange smile, "Meng Wu and her brother. Hehe, do you know their identities?"

I don't care who they are," Yunxiao said. but one of them is my friend, and the other is my disciple.

"And then?" Wei Qing said with a playful tone.

Yunxiao's eyes flickered with killing intent as he said coldly, "After that, I will bring them back!"

"Tsk, you can come back and say these words to me when you have the strength."

Wei Qing's face showed undisguised mockery, but the depths of his eyes were extremely serious.

Yunxiao stared at him for a while before he returned to normal and said, "Leave. The person you took from me, I will definitely take her back with my own hands. At that time, whether I kill you or keep you alive will depend on this young master's mood."

"Although I don't deny your strength and talent, you're still far from catching up to me!" Wei Qing laughed.

His long robe fluttered as he turned into a ray of light and shot away.

Yi Hongming also soared into the sky and followed closely behind.

The two of them quickly disappeared from the sky Ridge.

"Hu!" Che you exhaled, "he actually ran away just like that, I haven't dismembered his body yet!"

don't embarrass yourself! Yunxiao said. come down quickly!

Che you glared at him and said angrily, "li Yunxiao! I haven't even settled the score with you for what happened just now. How dare you use me as a shield! As soon as he landed on the ground, he threw a punch at Yunxiao.

Yunxiao was taken aback. Although the other party had controlled his strength, he was still injured at the moment, and it was impossible for him to withstand it. He hurriedly teleported away and said, "I'm just lying to him. Did I also lie to you? Your intelligence is comparable to Wei Qing's!"

Hmph, how dare you insult my intelligence? I'll kill you! Che you charged forward again, the two of them turned into a ball of light and flashed around.

The members of the long family looked at each other. No one had expected the current situation. Everyone was stunned and didn't know what to do.

"Shi kangcheng greets the head of the long family, Lord feini!"

Suddenly, Shi kangcheng shouted and knelt down in front of everyone.

Everyone was shocked, and their expressions varied.

Feini was also a little flustered, but she understood that she had to stand up and shoulder the responsibility.

"Elder Kang Cheng, there is no need to be so polite. Please rise." She went forward and helped Shi kangcheng up.

Peng Yue frowned and said, "even if Yi Hongming can't be the sect master, isn't it too hasty to let feini be the sect master?" Why don't we call for a meeting of the elders and discuss this?"

"The elders Guild? What's that?"

Suddenly, a light flashed in the distance, and Yunxiao and che you landed in front of Peng Yue. Yunxiao stared at him coldly and asked, "

Peng Yue was shocked and quickly retreated, " it's the highest Council of the long family. The succession of the sect master must be approved by most of the elders.

"Oh, I see."

Yunxiao nodded and said, " it's so troublesome to hold a meeting. Why don't you just ask if everyone agrees? " Elder Peng Yue, do you agree to this?" He narrowed his eyes and revealed a kind and respectable smile.

Peng Yue's expression changed slightly, "this, this needs to be considered before I can answer." He said awkwardly.

how long do you need to think about it?" Yunxiao asked.

Peng Yue thought for a moment and said, "for such a big matter, it will take at least three to four months to discuss in detail .."

not bad," Yunxiao praised. elder Peng Yue is very meticulous in his work, and we admire him. Cheyou, let him lie on the bed for 3 – 4 months and have a good rest, and think quietly."

"Yes."

Che you's cold voice resounded.

"Ah?"

Peng Yue was shocked and hurriedly said, "you, your Zhenzhen?"

...

"Bang!"

They didn't even see che you attack. They only saw the space twist and Peng Yue's chest pressed down. The sound of his bones cracking could be heard. This person spat out a mouthful of blood and was sent flying.

I just broke all my bones," Yunxiao said with a frown. I don't need to be in bed for three or four months, do I?" The long family was one of the seven superpowers and had countless healing pills. Elder Peng Yue would probably be fine after taking a few pills and a good sleep. Are you looking down on elder Peng Yue's strength or the long family's healing medicine?"

Che you was apologetic, " I'm sorry, I didn't control my strength. Let me punch him again. This time, I will make sure elder Peng Yue is bedridden for four months. I will give the elder time to think about who the sect leader should be.

Peng Yue laid on the ground, his face was full of pleading. He kept struggling to speak, but the moment he opened his mouth, he would spit out blood. He couldn't make a sound at all and could only wave his hands.

"Bang!"

Che you directly stomped down with his foot, causing this man's chest to instantly collapse and he spat out a mouthful of blood a few meters high.

"I should be able to rest for four months now, right? Elder, please remember to think about it. "

Che you's gaze turned cold and he kicked out once more, sending Peng Yue flying towards the bottom of the cloud Sea.

Everyone's face turned pale, and many of them looked angry, but they didn't dare to make a sound.

Fortunately, Peng Yue was a sinister person and didn't have many friends. In addition, he had colluded with Wei Qing just now, so no one had a good impression of him. Thus, no one was willing to stand up.

...

"Pa pa pa!"

Che you clapped his hands a few times, then returned to Yunxiao's side and said, " I've successfully completed the mission. Sigh, in order to ensure that the elder can recuperate for more than four months, I had no choice but to cripple half of his dantian. Even if his injuries recover, he won't be able to condense Emperor Qi again, and his strength will fall below that of a martial Supreme."

“?!”

Everyone sucked in a breath of cold air and looked at the two in horror. They were all afraid.

Even Shi kangcheng’s face turned pale. He felt that this was too cruel. To make a nine-stars Martial Emperor fall to the rank of a martial honor, it was truly a fate worse than death!

However, he also knew that the situation was not ordinary at the moment. He had to use thunderous methods to suppress everything and quickly support feini to the throne. Otherwise, the longer it dragged on, the more trouble it would be.

“Hmph, he asked for it, he deserved it! Do you think I’m easy to bully? I’m not a kind person, to deal with this kind of thing that doesn’t know what’s good for them, I’ll just kill them directly. I’m really giving you face but you don’t want it.”

Yunxiao mumbled a few words in a low voice. When he saw the fear in everyone’s eyes, he immediately put on a smile and said, “Everyone, please don’t misunderstand. I was just spouting nonsense. Please don’t take it to heart.”

Everyone’s faces were filled with black lines. How could they not take these cruel methods and those cold words just now to heart?

Lu Yuan’s face was livid. young master Yunxiao, you’re openly dealing with those who oppose you. You’re trampling on the rules of the long family’s Elder Council. Even if feini were to become the sect master, everyone would still be dissatisfied.

“Oh, you mean scolding?” please don’t misunderstand me, ” Yunxiao said with a smile. I respect the rules of other sects the most. As the saying goes, When in Rome, do as the Romans do. Just now, che you didn’t like Peng Yue and attacked him, it had nothing to do with me. Can’t you guys be a little more optimistic? don’t talk about conspiracy theories. Things aren’t that complicated.”

“Yes, yes, I didn’t like that guy, so I kicked him out.”

Che you said unhurriedly, " but it's strange. Young master Yun, why didn't these people stand up to protect their dignity and the rules when Wei Qing was here? why didn't they say anything? "

this is what it means to be bullied by kind people," Yunxiao said. if you show them a little kindness, they'll be as brilliant as you are, and if you show them a little bit of respect, they'll start a business. Therefore, it was better to be evil. You can just kill anyone you don't like later. You don't have to worry about my feelings, I'm not familiar with them."

"Alright," he said. Che you nodded and said,"that makes sense .."

He grabbed the Xumi anatta sword in the air and began to play with it. However, the killing intent on his body kept rising, causing ice to form in the surrounding area.

All of the elders 'faces turned pale, and they felt ashamed and angry at the same time. They couldn't show their faces in front of all the long family disciples.

is there any elder who does not agree with feini's succession? " Yunxiao asked with a smile. please take a step forward.

"Swish!"

All the elders subconsciously took a big step back.

Yunxiao nodded with satisfaction. that means everyone agrees. I'm very pleased to see you all working together. I believe that with everyone's support, feini will definitely be able to do well. Don't you agree, Lord Lu Yuan?"

Lu Yuan's expression was extremely unsightly, but he hesitated for a moment. Immediately, a killing intent that seemed to have substance invaded his body, and he could not help but shiver.

Moreover, feini was the best candidate for the long family's position. No matter who was chosen, it would be difficult to convince the masses.

Chapter 1618

1618 The 12 blade moves of the soaring cloud

“That’s right, feini possesses the Dragon essence and Phoenix light, and is also the sect master’s chosen candidate, she is the most suitable candidate to succeed the throne.”

Lu Yuan immediately expressed his stance. At the same time, he knelt down on one knee and said, “Subordinate Lu Yuan greets sect leader feini.”

Feini gave Yunxiao a strange look, but her face was filled with a sweet smile as she said, “Elder Lu Yuan, you’re too polite. Quickly get up,” She stepped forward and helped Lu Yuan up.

‘Why do I need to help you personally?’ Yunxiao said slowly. These old things didn’t know what was good for them, and the key was that they didn’t have any abilities. They were more powerful than the one before, and if they didn’t listen in the future, they would just kill them. The world lacks everything except for jokers.”

His words immediately caused the elders to shiver in their hearts. They looked at each other, but they did not dare to speak out.

Thinking about their actions, they were suppressed by Wei Qing to the point where they did not dare to speak, and now they were suppressed by che you to the point where they did not dare to speak. They really did not have much ability, and their faces could not help but turn red.

Feiniyan said angrily, “don’t talk nonsense.” Every elder is a pillar of the long family and has witnessed and experienced the long family’s glory together. They are also the founders and defenders of the long family’s Supreme status, and the world reveres them.”

She said it with a pious face, but she was laughing in her heart. She knew that Yunxiao was deliberately playing the bad guy and letting her play the good guy to win the favor and support of many elders.

After all, she was still inexperienced, and her strength was not enough to intimidate the entire long family. Even if she took over, there would be a lot of trouble in the future. If she took this opportunity to intimidate all the elders, she would have less trouble in the future.

As expected, the elders' expressions became slightly better, and they showed slight gratitude.

Yunxiao waved his hand and said, "whatever you say. I don't like to listen to nonsense. I only care about what others do. I'm going to say this at the peak of the cloud Sea today. If anyone causes trouble for Feini, I'll exterminate three of their families!"

A chill spread through the clouds, and everyone felt as if they had fallen into an ice cave. An endless chill spread from the bottom of their hearts.

All of their hearts trembled. It was just a sentence, yet as experts at the peak, why did they feel a chill from the depths of their hearts? It caused them to tremble.

The few elders were even more shocked as they looked at Yunxiao's cool figure, standing alone on the peak of the sea of clouds, as if he was looking down on the world.

The corner of Fei Ni's mouth rose slightly, her eyes were slightly infatuated as she chuckled, "my husband is too violent. Since Feini has inherited the position of sect master, she must win people over with virtue and not strength. She will definitely do it to satisfy everyone and protect the reputation of our long family.

"Little Li also likes to win people over with virtue," she chuckled, "but Lao Ai only disrespects dead people!"

His face turned from a playful smile to a cold one, and his words were filled with endless killing intent. His cold dragon eyes swept across everyone. Coupled with the natural pressure of his level, everyone trembled and couldn't help but want to kneel.

don't make it sound so violent," Yunxiao said. it's fine as long as we all understand it in our hearts. This world is actually quite beautiful.

Everyone's face was full of black lines, and their whole body was soaked in cold sweat.

alright," Yunxiao said. since you all support Feini, let's pay our respects.

Everyone lowered their heads and looked at each other's reactions. They all stood still.

"Within three breaths, everyone who is still standing will die!" Che you's face turned cold. He raised the Xumi Andon sword, and a terrifying sword intent spread out. Countless spiritual Qi rushed in from all directions.

Everyone on the cloud Peak was shocked, and the elders' expressions also changed. Finally, they knelt down on one knee and said in unison, "We pay our respects to the sect leader!"

All the elders followed suit and knelt down. Even the disciples of the long family who were thousands of feet away followed suit.

"We pay our respects to the sect leader!"

They shouted in unison, and their voices shook the nine Heavens. They were even teleported far below the heavenly Ridge, and all the birds and beasts within a thousand miles were shocked.

A few days later, on top of the clouds.

A colorful light slowly rose from the clouds and turned into a layer of mirror light that spread in all directions.

In the center of the mirror light, countless runes appeared and rolled.

Several figures stood on the peak of the sea of clouds, looking at the mirror, which was changing unpredictably.

this is the long family's great bright mirror," Fei Ni said softly. it has the ability to break through the limitations of space. It can teleport you to any place in the realm of heavenly martial arts accurately. Her voice was filled with desolation and reluctance, appearing very low.

“Alright,” he said.

yes,” Yunxiao replied. Without saying anything more, he walked into the mirror.

“When will my husband be back?” feini asked anxiously. I’ll have my men guard the border of the heavenly Ridge.”

no need,” Yunxiao said. if I come to the long family, you’ll be the first one I’ll inform.

“What year and month was that?” feini asked.

The water deity, who was dressed in white, also took Yunxiao’s hand and said, “that’s right. Why don’t you stay here for a few more days, big brother Yunxiao? there are so many fun places on the heavenly Ridge, and they’re so beautiful. It’s completely different from the forest of the sea.

why don’t you stay, Sister Water deity?” Yunxiao said. let feini play with you. That will save me a lot of trouble.

“No, no, no!” Water deity pouted and rejected the proposal. I want to follow big brother Yunxiao. I’ll go wherever you go.

Feini smiled sadly and said, “After I settle the long family’s matters, I’ll leave my position as sect master and follow my husband to the ends of the earth.”

the head of the long family has a great responsibility,” Yunxiao said. don’t let go easily. Leave only when the world is stable.

“Alright, I’ll follow my husband’s arrangements.” Fei Ni nodded and said, “I wonder when we’ll meet again.” Can I have one day?”

Yunxiao frowned and thought for a moment, but he still sighed and said, “There will be a day when we meet again.”

“Fa Kaisen,” Fei Ni said dejectedly.

Water deity hurriedly said, “sister feini, don’t be unhappy. Brother Yunxiao and I will come and visit you when we have time. These bags are for you. She took out a few bags that she had bought these past few days and pushed them in front of feini.

Feini laughed bitterly and chose one to keep as a memento. “Then feini will wait for husband and Sister Water deity to come.”

yes,” Yunxiao said. we’ll part ways here. We’ll meet again someday. He waved goodbye and entered the mirror with the water deity. Their figures became more and more faint until they disappeared in the mirror ocean.

At this moment, the mirror’s light filled the sky with colorful clouds. Looking at the vast sea of clouds, it was as if one was standing at the top of the world. The endless sky was vast and deep.

A large part of feini’s heart was lost. Her entire body trembled and she finally could not help but shed tears.

Qiu Mujie’s brows furrowed and he snorted. However, seeing that she was sobbing softly, he couldn’t bring himself to ridicule her. He could only say, “It’s only a temporary separation. The heroes of the world who have come to congratulate you are still waiting to see you below.”

Only then did feini stop her tears. Her eyes were slightly red as she said, “Let’s go.”

She glanced back at the great bright mirror before slowly descending into the sea of clouds. Only then did she go down with Qiu Mujie.

North Region, outside Xinyan city.

...

Eleven figures stood in the sky, discussing something in a low voice. Everyone's face was quite serious.

One of the short old men held a walking stick in his hand. There was a snake's head carved on it. He said, "Why isn't boss here yet? could he be trapped in flat mountain City?"

"What kind of joke is this! Even if the few great families of flat mountain City work together, they won't be able to stop boss. He must have been delayed by other matters."

A yellow-clothed woman said with a cold expression.

"What second brother said makes sense, and what third sister said also makes sense. In my opinion, big brother will be here soon." A middle-aged man in a white brocade robe said in a refined manner while waving a folding fan in his hand.

"Hmph, bullshit!" One of the burly and muscular men cursed, "There aren't many people in the world who can keep boss."

The short elder frowned, "Sixth brother, restrain that arrogant temperament of yours. This was new Yan city, the headquarters of the merchant Union, where there were countless experts. In addition to this matter, as long as you dare to come, you're all people with extraordinary abilities. Don't cause trouble for everyone!"

hehe," the burly man grinned. the world's powerhouses have gathered. It's a good time to make our name known.

we will become famous sooner or later. As long as Ling Baiyi dies, the eight guardians of death will become history. Our organization will then become the number one assassin organization in the world. The man in the White robe had a smug expression on his face as he waved his paper fan.

"Haha, that's right!" The burly man clapped his hands and laughed, "By then, the 12 blades of the soaring cloud will be the most famous!"

“That’s if Ling Baiyi dies. But will he die?” the short elder snorted.

...

The other ten people also fell silent, their faces solemn.

There was probably no one in the world who would dare to say that Ling Baiyi would die.

“Ling Baiyi will definitely die this time!”

Suddenly, a cold laugh rang out. Following that, a light flashed in the sky and a man in gray appeared before everyone.

“Greetings, boss!”

The eleven of them were overjoyed and went forward to pay their respects.

“Mm, very good. Everyone’s here.”

fourth brother was right, ” the man in gray said with a peaceful expression. the gathering in Xinyan city this time is extremely important. It’s an opportunity for the 12 blades of the ascendant cloud to rise to fame.

“But boss, as long as Ling Baiyi is still alive, we’ll never be able to make it big,” the short elder said with a frown.

The gray-robed man chuckled and said,“Ling Baiyi is dead for sure this time.” During the last auction in new Yan city, the last profound level weapon, Gu Feiyang’s star Destroyer, had been robbed by the eight signs of the death god. This was the first large-scale auction organized by the myriad treasures store since the establishment of new Yan city. It was a f * cking slap in the face. All these years, the merchant Union has been cultivating and strengthening its own strength. How could it allow such a thing to

happen? this incident has directly angered thousands, and that's why they sent out the hero invitation, summoning all the heroes in the world to annihilate Ling Baiyi."

"Even so, I don't think he can do anything to Ling Baiyi," the short elder said. I've gathered some information over the past few days. Most of the people who have come to new Yan city are here to watch the show or to take advantage of the situation. I'm afraid that there aren't many experts who can be put to use. That Ling Bai is ranked fourth on the power chart. No matter what, he's still an existence that has transcended the mortal world. Ordinary experts are of no use to him."

Chapter 1619-minion blade

The man in gray crossed his hands behind his back and said slowly, "That's right, quality is more important than quantity in a war. The merchant Union was making a big fuss to let the world see their power. Otherwise, a mere planet destroyer sword wouldn't be worth it for them to act against Ling Baiyi. You must know that the price they'll have to pay for this will be beyond their imagination."

"You're right, boss," the yellow-clothed woman said. The merchant union values profit the most, and they would never do anything without benefits or confidence. Since they want to deal with Ling Baiyi so publicly, I'm afraid they're 100% confident."

"I'm not 100% sure, but I'm at least 70% to 80% sure," the gray-robed man said. He suddenly laughed, and his eyes shone with excitement. and I was indeed delayed by something. If that thing was successful, I would have a 90% chance of killing Ling Baiyi!

"90%?"

The other eleven people were all shocked and didn't know what was going on.

The yellow-robed woman's body suddenly trembled as she said in surprise, "Boss, could it be that your cultivation is weak?"

"Hahaha!"

The gray-clothed man laughed proudly and said, "Lu Xuan knows me best." I've already found the path to divine transcendence! If I can succeed this time, I will be able to step into that realm and be on equal footing with Ling Baiyi!"

Everyone was overjoyed. The short elder hurriedly cupped his hands and said, "Then I'll have to congratulate you first, big brother!"

"Congratulations, big brother!"

The others also hurriedly offered their congratulations.

The muscular man laughed and said, "haha, Ling Baiyi is dead for sure this time!" The name of the twelve blades of the Lingyun shall be known throughout the world!"

The white-robed man also flattered, "as long as boss steps into divine transcendence, the name of the twelve blades will be able to compete with the seven superpowers. Boss's position will also be on par with the seven sect Masters and the ten martial emperors!"

The man in gray was full of smiles. He was obviously very happy. "This is just a guess. It might not be realized in the end."

I'm very clear about the boss's character. He would never say anything if he wasn't confident. He should have at least a 60% chance of entering divine transcendence, right?" the short elder said.

The man in gray nodded and said, "it should be about 70% to 80%." I've also heard something else, though I'm not sure if it's true. It's said that the sacred zone is reopening the heaven and earth Power chart."

"What? The Billboard is reopened?"

Everyone was shocked. Not only were they extremely shocked, but they also felt hot blood flowing through their bodies.

“It’s not confirmed yet, but if it’s true, then ...” The man in gray said, his eyes glowing. “That’s great!”

An extremely powerful might spread out from his body, and the eleven people all took a step back, their hearts surging.

The short elder was pleasantly surprised. He said, “ the heaven and earth Power chart has been out for more than twenty years. During this period, countless powerhouses have emerged. I’m afraid the ten martial sovereigns can’t convince the masses anymore. It’s indeed time for a new ranking. I wish Big brother success in your martial arts so that you can have a place!”

“I wish Big brother success in your martial arts and a place for yourself!”

The rest of the people also congratulated him loudly. If their boss could win the title of a titled martial sovereign, they would all be proud of it.

I heard that in the battle of the red moon City, divine control martial sovereign Yao Jinliang lost his demon pet, the burying Cloud Beast, and martial Sovereign King Teng Guang was crippled. Martial sovereign Vanquisher, Gu Feiyang, has also fallen. If Ling Baiyi dies this time, there will be four empty spots. Boss has a chance! the yellow-robed lady said softly.

“Yeah, I think so too.”

yes! the man in gray nodded and said, “ as long as I succeed this time, no one in the world can compete with me for these four positions after I step into divine transcendence!

boss, I heard that Gu Feiyang, the martial sovereign Vanquisher, is not dead, ” the short old man suddenly said. the famous li Yunxiao was reborn by him by seizing the body of an innate fetus.

The man in gray frowned. I’ve heard a lot about this man. He’s indeed a difficult person to deal with. But I’m even more difficult to deal with than him!

“Naturally!” our boss has been fighting his way out through life and death all these years, ” the short elder said. not only is his strength above Yunxiao’s, but his real combat strength is also far beyond his peers in terms of combat experience. I’m afraid he’s the strongest Man under divine transcendence!

“I dare not claim to be number one, I dare not claim to be.” The gray-robed man chuckled.

However, his expression of enjoyment did not show any signs of embarrassment. On the contrary, it was as if he was the only one who could do it.

“Since everyone’s here, let’s hurry into the city,” the yellow-clothed woman said. The situation in the city is very complicated. Let’s find an unremarkable hotel to stay in and wait for the merchant Union to come out and preside over it. ”

there’s no hurry, ” the man in gray said. it’s not too late to enter the city after I kill these two idiots who are hiding in the void and eavesdropping.

“What?”

The eleven people’s faces changed greatly, and they all became vigilant. They spread out their divine senses and looked around, but they couldn’t sense anything at all.

This time, the eleven people all turned pale with fright. To be able to hide for so long without being detected by them, he must be someone with a heaven-defying cultivation.

The man in gray sneered, “do you want to come out and face your death, or do you want me to drag you out and kill you?” To eavesdrop on our twelve blades of the soaring cloud’s conversation, you can be proud of your courage even after you die.”

A faint voice was heard, ” “I didn’t want to hear it, but I was directly teleported here, and I didn’t want to alert you, so I hid myself.”

“What a stupid excuse,” the man in gray laughed.

Not far away, the space twisted slightly, and two figures appeared immediately. The man was valiant and had an extraordinary appearance, while the woman floated like an immortal, as if she were not mortal.

Everyone was stunned. If there was a "perfect match" in this world, then the two people in front of them were.

The man in gray was also stunned for a moment. Then, his eyes lit up and he stared at the woman, revealing a look of greed and desire.

They were Yunxiao and water deity.

excuse?" Yunxiao said lightly. excuse?" There's no need for that."

"Hehe." The man in gray laughed hideously, "It's indeed unnecessary. The two of you can tell me your names, and I'll decide if I'll spare your lives."

I'm not interested in your name," Yunxiao said. I just want to know what you mean by the road to transcendence and sainthood you mentioned earlier.

"Oh? To be able to remain so calm while facing our Ling Yun's 12 strikes, you do have some strength."

this is not something you should know," the man in gray sneered. besides, so what if you know? you're about to die.

it's fine if you don't want to talk about it," Yunxiao said. it's just extraordinary and divine. I've seen it many times, and you're not one.

"Hahaha! He's really unbridled!"

The man in gray sneered, and a cruel killing intent gradually appeared on his face. He said coldly, "Just divine transcendence?"

that's the truth," Yunxiao said. it's up to you to believe it or not. Also, forgive me for my lack of knowledge, but I've never heard of this so-called "twelve blades of the cloud." Is it an organization that sells blades?"

The atmosphere suddenly turned cold. Everyone was furious, and their violent killing intent continued to spread, causing sand and stones to fly.

...

The man in gray said coldly, " you have a cheap mouth that makes one want to tear it into pieces. If your purpose is to provoke my anger and skin you alive, then congratulations! You've done it!

The water deity grabbed Yunxiao's arm and said, " big brother Yunxiao, these people are all disgusting. I don't want to see them again. Let's go and ignore them.

The man in gray suddenly raised his eyebrows and said in surprise, " "Yunxiao? Li Yunxiao? You are li Yunxiao?"

This shriek pierced through the quiet atmosphere. The other eleven people's expressions changed drastically, and then they revealed looks of shock.

They had just been talking about Yunxiao, and they did not expect to meet him so soon. How could there be such a coincidence in the world?

yes! Yunxiao nodded and said, " I'm the one you said was not as difficult to deal with as you.

The man in gray immediately became alert. He stared at him like a venomous snake and said, " "I heard that you have a Supreme grade profound level weapon? Is that true?"

Yunxiao thought for a moment and said, 'what does it have to do with you? You can't get it, so why are you asking so much?"

“Hahaha!” The man in gray suddenly laughed and said, “In that case, it must be true! The heavens are really kind to me! First, you let me see the hope of stepping into divine transcendence. Now, you’ve given me a Supreme grade profound level weapon and a beautiful girl to enjoy. Hahaha, this year is really my lucky year!”

The water deity’s expression changed drastically. you Toad! she said angrily. don’t you dare speak without thinking! She tugged at Yunxiao’s arm and said, “ big brother Yunxiao, this person is too despicable. Kill him!

I don’t need to kill him, ” Yunxiao said. he’ll come here and seek his own death.

...

Hmph, I don’t care if you’re the reincarnation of martial sovereign Vanquisher or not. You’re courting death by challenging me with your current strength!

The man in gray grinned hideously. In a flash, he appeared in front of Yunxiao, his fingers forming an eagle’s claw as he clutched at his neck.

did you see that? ” Yunxiao said coldly. I told you that he’ll come here to die. He immediately raised his hand, raised a finger like a sword, and fiercely pointed at the acupuncture point in the other party’s palm.

The gray-robed man’s expression changed. He hurriedly clenched his five fingers into a fist and punched.

“Bang!”

The sword Qi collided with the fist wind and burst out with a burst of energy impact, shaking the other party away.

The man in gray’s expression changed drastically. He shouted and put his hands together. Suddenly, a saber became one with him and slashed down!

“Void Gong blade!”

Yunxiao frowned and said, “ what? minion saber? The saber is really like a person’s name.”

He made a hand seal in front of him, and thirty-six Northern heaven cold star swords flew out and formed a sword formation around him.

Countless rays of light rolled up and condensed into a huge sword shadow in the sky, which suddenly slashed down.

“BOOM!”

The saber Light was shattered, but the sword intent did not decrease. It instantly disintegrated into countless sword shadows that fell like rain!

“BOOM! BOOM! BOOM!”

The void around the man in gray was cut open. He kept waving a short blade in his hand, which looked like a knife but was not a knife. He shattered the sword shadows and his face was extremely gloomy.

Chapter 1620-returning to new Yan city

“Oh? You still have some skills.”

Yunxiao snorted coldly as he changed the incantation gesture in his hand and raised it high above his head. myriad swords-thousand swords stream!

The countless sword shadows immediately flew up and turned into a storm of sword Qi that swept over.

The man in gray was shocked. He turned into a beam of light and was about to leave, but he found that he was completely sucked in by the storm. His entire body was almost torn apart.

“Whoosh!”

After struggling for a while, he was finally sucked into the sword Qi storm.

“?!”

The other 11 people were greatly shocked and suddenly retreated. Their faces were filled with shock. This was the first time they had seen someone force their blades to such an extent.

“Void Gong blade-Demon Dance!”

“BOOM!”

A huge saber shadow cut through the storm and opened a passage in an instant. The man in gray escaped with great joy and instantly appeared a thousand feet away.

Only then did he stare at Yunxiao with a cold face and remain silent for a moment. I don't care if you're Gu Feiyang or not, but the name li Yunxiao is well-deserved to be the number one among the new generation!

what does this have to do with you? ” Yunxiao asked. Are you going to make way for us to enter the city, or are you going to die and let me kill you all before entering the city?”

The man in gray's face twitched and he snorted, ” “It's not that I'm afraid of you, but I still have important matters to attend to. It's not a good time to fight you now, but I'll remember what happened today and marry you in the future. As for this beautiful girl, I'll let you play with her for a few more days.”

“Damn it!” The water deity said angrily. If brother Yunxiao doesn't kill you, I'll kill you myself!”

Her body glowed with golden light as the broadsword landed in her hand. She suddenly waved it in the air, and the eight distresses sword essence spread out. A sea of bitterness appeared, and it was as good as turning back.

The man in gray's pupils shrank. He raised his saber in shock, and a barrier opened up.

"BOOM!"

The sword essence of the sea of bitterness hit the saber enchantment, one wave after another. It was continuous and getting stronger.

The shock in the gray-clothed man's heart was even greater. The cultivation of this beautiful girl in front of him was not strong, but her sword intent was unfathomable. It made him feel like he was looking up at a tall mountain. In his great shock, he hurriedly turned his blade.

"Bang!"

A blade light rose and split the sea of bitterness.

"BOOM!"

The water deity was so shocked that she quickly retracted her sword and retreated a few steps in the air. Her eyes were filled with anger as she said, "a good man doesn't fight with a woman. If you have the ability, fight with big brother Yunxiao. What ability do you have with me?"

The gray-clothed man's face was filled with black lines as he said, "You're the one who started it, and I didn't hit you, okay? Is self-defense not allowed?"

it's still useful to keep him alive for the time being," Yunxiao said. I want to see how he will become a divine transcendence expert, and how he will kill Ling Baiyi. Tsk, tsk, young man, the ignorant are truly fearless."

Although the man in gray felt a little awkward, when he thought of the other party's identity, he didn't think much of it. He snorted coldly and said, "Hmph, how arrogant and despotic! Do you really think you're still a titled martial sovereign? If I didn't have something important to do, I would take your life right now, but I would only let you live for a few more days! Let's go!"

He turned around and led the other 11 people into a ball of light, flying into new Yan city.

"Hmph, I'll let him live a few more days!"

The water deity clenched her fist and said fiercely, "when he has no value, big brother Yunxiao, help me kill him!"

Yunxiao wiped the sweat off his forehead and said in embarrassment, "this person's strength is extraordinary, but he is extremely ambitious. It's hard to say if he can live long enough for me to kill him. If he can, then I'll kill him."

"Alright!" Water deity clapped her hands and laughed, "I knew big brother Yunxiao would stand up for me .."

there are all kinds of people in new Yan city," Yunxiao said. you'd better go back to my divine realm tablet. You don't want to cause me any trouble.

Water deity shook her head. no, no. I just want to stay outside. It's too boring inside. New Yan city is the headquarters of the merchant Union. It's said to be the most prosperous city in the human world. There must be a lot of beautiful bags to buy. I want to buy a bag."

Yunxiao patted his head and said in a speechless manner, "It's only been a few days and you've already been led astray by feini."

"Big brother Yunxiao, do you miss big sister feini?" the water deity chuckled.

"No, I didn't,"

Yunxiao pondered for a moment and answered.

“No? Then why do you still want to think about it?” The water deity asked, blinking her big eyes.

what? ” Yunxiao was taken aback. when did you become a thoughtful person? ”

“Hmph, there’s obviously one.”

but don’t worry, big brother Yunxiao, ” water deity mumbled. Lord Qiu Mujie has also stayed in the heavenly Ridge. No one will dare to bully her.

Yunxiao naturally knew the purpose of Qiu Mujie’s stay, which was to be able to carry out experiments. But at the very least, he would not experiment unscrupulously like Wei Qing at this moment. It had to be done willingly by the long family.

This was the bottom line Yunxiao had given him on this matter, and he did not dare to disobey Yunxiao too much now. After all, they were all Wei Qing’s enemies and allies on the same front.

“Let’s not talk about feini anymore, I hope she’s well in Tian Ling, otherwise ...”

A cold gleam flickered in Yunxiao’s eyes as he said, ” “Otherwise, I’ll really wash the heavenly Ridge with blood!”

The two of them quickly turned into a ray of light and entered new Yan city.

The city wasn’t as lively as he had imagined. The pedestrians were in a hurry, and it was much more deserted than the last auction.

Moreover, the streets were filled with a tense atmosphere, and the number of martial artists on the road and in the restaurants on both sides of the road had increased.

“It’s just Ling Baiyi. Is there a need to make such a big move?”

Yunxiao sighed. The entire merchant Union had probably been mobilized as if they were facing a great enemy, which led to a large number of merchants leaving to avoid any setbacks.

let’s go to Tianyuan trading company first, ” water deity said. I also want to see sister Ding Ling ‘er. I wonder what kind of person she is.

“Aren’t you going to buy bags?” Yunxiao asked.

...

Water deity said, ” it’s filled with a murderous atmosphere. There’s no joy at all. I’ll buy it in a few days. This giant city is so big that we won’t be able to finish exploring it in a short time.”

“Well, I haven’t seen Ling ‘er for a long time, so I miss her a little.”

Yunxiao took out a gold-stamped invitation and gently opened it. A few beautiful words were written on it, and it gave off a faint fragrance. It was written by Ding Ling ‘er. When she sent someone to congratulate feini on his succession, she had specially presented it to him, inviting him to meet her in new Yan city.

“Sister Ling ‘er, did you invite brother Yunxiao to fight Ling Baiyi as well?” water deity asked.

I can’t rule out that possibility, ” Yunxiao said. but it’s most likely not the case.

“Why?” water deity asked.

Yunxiao smiled faintly but did not explain. If it was to deal with Ling Baiyi, Ding Ling ‘er would not have let him come.

“Perhaps I haven’t seen Ling ‘er for a long time, so I don’t know how she is now.”

A sense of anticipation rose in Yunxiao’s heart, and he sped up his journey to Tianyuan trading company.

Moreover, he was also very curious about where Ding Ling ‘er had gone during this time.

“Please, where are you two going? This flying vehicle of mine is the latest batch. There are 420 formations on it, and it’s more than twice as fast as those old flying devices.”

...

Private flights were prohibited in new Yan city. Although this rule was nothing but waste paper to Yunxiao, he did not want to get into trouble, so he chose a trading company to rent an aircraft.

send us to the headquarters of Tianyuan trading company, ” Yunxiao said. it’s the headquarters.

“The headquarters?” The shop assistant was taken aback. Soon after, he realized that the two of them had extraordinary appearances and were definitely not ordinary people. He hurriedly said, “Alright, please go up.”

The shop assistant gave instructions to his companions behind him and boarded the aircraft. The aircraft shuttled at a low altitude with the two of them and headed in the direction of Tianyuan trading company.

little brother, ” Yunxiao said. have there been any changes in new Yan city recently? ”

“Change? You’ve changed a lot!”

The worker smiled bitterly and carefully piloted the aircraft as he said, ” “The two of you are also here for Ling Baiyi, right? We’ve been worried to death, and we don’t even know when we’ll declare war on Ling Baiyi. Right now, we’re just waiting to close the door and hide before the war begins.”

with the strength of the merchant Union, ” Yunxiao said, ” as long as we work together, it should not be too difficult to deal with Ling Baiyi, right? Why is there a need to send out hero invitations and gather experts from all over the world?”

The waiter asked, ”do you know who Ling Baiyi is?” That was a titled Martial Emperor who was ranked fourth. How could it not be difficult? Even the entire merchant Union could not do anything to him. Moreover, the merchant Union didn’t want to suffer such a great loss, so it had offered a great reward to gather all the heroes in the world. Sigh, when the immortals fight, the mortals suffer. He didn’t know what would happen this time. How long had it been since song Yueyang City was destroyed? I hope that new Yan city will not follow in their footsteps.”

Yunxiao was speechless. He did not expect that a shop assistant of a trading company could see so clearly.

“Are the two of you also experts invited by Tianyuan trading company?” the shop assistant asked tentatively.

“Yes,” Yunxiao said.

“No wonder Tianyuan trading company supports the fight against Ling Baiyi,” the waiter said.

“Oh?” Yunxiao asked curiously. Are there any other Chambers of Commerce that don’t support this?”

“Of course,”

The shop assistant smiled. even if it’s a Business Alliance, it’s made up of so many organizations. How can it be as united as a piece of iron? some agree, and some object.

then, little brother, ” Yunxiao said, ” may I know which Chamber of Commerce agrees and which Chamber of Commerce disagrees? ”

“This Yingluo.”

"I'm not sure. You'll find out when you get to the headquarters of Tianyuan trading company." The shop assistant hurriedly shook his head.

He was obviously unwilling to say more, afraid that trouble would come from his mouth.

Yunxiao did not insist. The aircraft was indeed very fast, and it arrived at the headquarters of Tianyuan trading company an hour later.

"The two of you are Yingluo."

The guard in front of the door stopped them. The guard frowned and gave Yunxiao a few looks, but before he could introduce himself, he cried out in surprise, "you ... You are Lord Li Yunxiao?"

that's me," Yunxiao smiled and said. it's me.

"Please wait for a moment, I'll go in and report," the guard said hurriedly, panicking.

A few minutes later, the guard ran out and said, "Lord Cloudsky, please come in. Young master would like to see you.

young master?" Yunxiao frowned. young master? Was it Ding Peng? Is Ling 'er not here?"

miss Ling 'er is in Xinyan city, but she seems to have gone out to handle some business," the guard said. the young master is young master Ding Peng.
