

## **The Eternal 1631**

### Chapter 1631

1631 A hundred years in a single glance

“What’s going on?” Luo Gaoyuan was shocked. This is only the Purple Room’s illusory space. Even if it didn’t die under my blade, it should have revealed a flaw!”

“That’s Yingluo.”

He was shocked and stared into the distance. A dried corpse was slowly floating over.

“Li Yunxiao!”

Nie Gaoyuan was so scared that he retreated several feet, staring vigilantly at the dried corpse, and his forehead was covered in sweat.

Even if Yunxiao had been swallowed into the void, it was impossible for him to turn into a mummified corpse so quickly. Moreover, the mummified corpse’s eyes were extremely demonic, as if they were staring at him, and they kept floating over.

He swallowed his saliva with difficulty and felt his body turn cold. He gripped the void Gong saber with both hands and was extremely vigilant.

Li Yunxiao, don’t try to play tricks in front of me!

In a rage, he slashed down with his saber. A huge saber beam streaked across the night sky like a New Moon and cut Yunxiao’s mummified corpse, completely shattering it into dust and dissipating.

“This bi an ...”

Luo Gaoyuan raised his saber and shouted in shock and anger, "come out!" I know it's you, li Yunxiao! Come out and fight me to the death if you have the guts! What kind of skill is this, relying on illusions!"

He was suddenly shocked and scolded himself for being careless. Gu Feiyang's eye sorcery was unparalleled in the world. When he had suppressed Gu Feiyang earlier, he seemed to have felt a trace of abnormality, but he had not paid much attention to it. He did not expect that he would be deeply trapped by the time he discovered it.

"Come out, come out!"

Nie Gaoyuan suddenly swung his knife and slashed out. The knife light flew through the night sky in a beautiful way, but it was useless. The whole night was quiet.

Suddenly, a trace of fear welled up in his heart. If Yunxiao never answered, would he have to stay in this void until he died?

"Come out, come out!" Luo Gaoyuan was scared. He realized that he couldn't break through this illusory space at all. No matter how he attacked, the entire night sky remained unchanged.

It was as if those stars had never changed since the beginning of time, until the endless future.

Suddenly, a star appeared, and the light gradually changed, revealing Yunxiao's figure. He crossed his arms over his chest and said with a smile, "I'm very curious. Who is the 'Lord' you were talking about? Who did you come with?"

fight me to the death if you dare! Luo Gaoyuan roared. I'll tell you if I lose!

why should I fight you to the death for no reason?" Yunxiao laughed. Who Do You Think You Are?"

Luo Gaoyuan was furious, and his entire neck was red as he roared, "Then you'll never know who I came with!"

“Forever?”

Yunxiao looked at him contemptuously and said leisurely, “Can you hold on until ‘forever’ and not say anything?”

“What do you mean?”

Luo Gaoyuan frowned, only to see that Yunxiao’s figure had disappeared, and the place had turned back into a star, shining with a faint yellow light.

It was as if Yunxiao had never appeared, and what he had just seen was an illusion.

Luo Gaoyuan felt that his brain was a little muddled, as if he couldn’t tell the real from the illusionary. He roared, “Come out, trash, pig, come out!”

The Phantom Gong blade slashed down, shattering the star into pieces.

Hao Gaoyuan: “hehe.”

Time slowly passed by.

One day.

Three days.

One month.

One year.

Nie Gaoyuan came back to his senses from his cross-legged position. His eyes were filled with sorrow, followed by endless fear, and his body began to tremble.

He realized that he had been cultivating in the void for an entire year, but his strength had not improved in the slightest!

How could this be?

He was finally afraid.

He had thought that Yunxiao's strength was at the peak of martial arts at most, and so was he. Even if he was slightly inferior to Yunxiao, he would be able to break the illusion in this place sooner or later as long as he cultivated for a while.

However, to his horror, he realized that no matter how hard he cultivated, it was useless!

A feeling suddenly welled up in his heart, and he roared, "Li Yunxiao, come out, come out! I'm begging you, please come out!"

Once again, it was useless. There was no sound in the void except for the stars.

"No, it can't be that a year has passed! It must be an illusion of time created by an illusion!"

Luo Gaoyuan suddenly came to a realization and immediately consoled himself, "Perhaps in two hours, or even shorter, that Lord will definitely make his move!" His face twisted as he said coldly, "When that Lord makes his move and the illusion is broken, I'll definitely Pierce your bones and scatter your ashes!"

His hatred was boundless, and it spread in the void, accompanied by an endless killing intent.

However, another ten years had passed.

Hao Gaoyuan: "hehe."

30 years.

50 years.

A hundred years.

Three hundred years.

"Ah!"

He woke up from his deep sleep. When he saw that he was still in the same environment, he finally broke down!

...

He couldn't remember how long it had been, and he had even forgotten many things. He didn't remember why he was here or where he was going.

"

Nie Gaoyuan held his head. The hairpin broke, and his long hair was in a mess. He let out a painful cry and directly used his hands to strangle himself.

His movements suddenly stopped, as if he had realized that something was wrong, as if he had a different feeling.

There was another person not far from him. He had an extraordinary aura and was looking at him with a smile.

You're Li Yunxiao, Xuanji!

A flash of lightning appeared in his mind, as if he had suddenly recalled many things.

"Ahhhhhhh! Li Yunxiao, I'm going to kill you! I'm going to kill you!"

Not only did Luo Gaoyuan go mad, but his eyes also turned red and he even cried. He had been locked up in this place for 300 years!

"Three hundred years! I'm going to kill you!"

The illusory Gong blade slashed out, but it went straight through Yunxiao's body, leaving him unscathed.

...

"Tsk, tsk, it's only been three hundred years."

Yunxiao smiled faintly and said, "It seems that this young master's pupillary abilities have regressed a little. I thought that a thousand years had passed."

Luo Gaoyuan's entire body trembled, and he suddenly cried and begged, "Milord, Milord, please let me go! I beg you to let me go! Wuwuwu!"

'It's only been three hundred years, and you can't hold on any longer? In the past, I banished some idiots for 100000 years, and when they came out, even their mothers couldn't recognize them.'

"A-a hundred thousand years old bi an"

Luo Gaoyuan shivered and cried, "Lord Yunxiao, I was wrong. I won't dare to fight you again, so please let me, this ant, go. Wuwuwu."

first, tell me how you came to the Purple Room to deal with me," Yunxiao said. and who came with you?"

"Purple Room?"

Luo Gaoyuan's eyes revealed a look of confusion. After all, he had experienced too much time, and he had forgotten many things in three hundred years.

"I remember now!"

He was shocked and roared, "Su lianyi! It's that b \* tch, su lianyi! I've been trapped here for 300 years, but she didn't come to save me. Damn it!"

Oh, so you're the old witch from the Empyrean one Pavilion," Yunxiao said. I understand. I'll let you go this time, but if there's a next time, remember that it's a hundred thousand years."

He raised his hand and snapped his fingers. With a "ka" sound, the surroundings changed.

Luo Gaoyuan's entire body trembled, and he was overjoyed.

When the sky was bright again, he was still holding the false Gong saber in one hand, half-transformed into a demon, and his two snake teeth were held tightly by Yunxiao's hands.

Yunxiao's feet stepped on the array passage of the void Gong saber, and half of his body had sunk in.

"Ah?"

Luo Gaoyuan understood immediately, and his mind gradually cleared up. Everything appeared in his mind one by one.

“?! It only lasted an instant!”

He was shocked and his heart trembled. A hundred years passed in an instant!

“What’s wrong? why haven’t you put away your venomous fangs and saber?”

With three heads and six arms and a transcendence golden body, Yunxiao looked at him coldly with a sneer on the corner of his mouth.

Luo Gaoyuan struggled violently in his heart. At this moment, Yunxiao was still trapped in his void Gong saber, and he had only used an eye sorcery to make him lose his mind for a moment, but in an instant, he felt like three hundred years had passed, and he even wanted to die!

If he let go now, he might lose the best chance to kill Yunxiao. But if he did not let go of Lao Ai, he would not be able to kill him.

His entire body trembled. He didn’t know if he could Dodge the next eye technique. If he were to be hit again, he would ...

He would rather die!

After a moment of struggle, Wu Gaoyuan finally retracted his demon body and the saber. He retreated hundreds of feet and stared at Yunxiao vigilantly, ‘be careful!’

it’s only been three hundred years, ” Yunxiao sneered. do you really need to do this? ”

Luo Gaoyuan’s face was paler than lime. He gritted his teeth and said, ” I’d rather die than be your enemy. I’ll take it that today’s matter never happened. Goodbye!

'It never happened?' Yunxiao asked. You want to leave after a fight? are you joking?"

Luo Gaoyuan's expression turned unsightly, and he said,"Then what do you want? The person in charge of this matter is still outside, and I'm just hired here. I don't want to do this business anymore. If you're not satisfied, from now on, no matter where Yunxiao goes, the twelve blades of the soaring cloud will avoid him. How about that?"

"Tsk!"

what does your retreat have to do with me? " Yunxiao sneered. what does it have to do with me? " You say it as if I'm afraid you won't retreat. Today's matter won't end so easily, so you must promise me one thing. This matter is directly related to the two of us, so it'll be beneficial to you."

Luo Gaoyuan was stunned for a moment and asked suspiciously,"it's good for me too?" What do you want to say? is it to kill Ling Baiyi?"

of course not, " Yunxiao said with a smile. if you want to kill Ling Baiyi with your strength, you'll have to wait until your next life.

"Hmph!"

Nie Gaoyuan said resentfully,"wait for this Lord to step into the divine transcendence realm!"

Oh? " Yunxiao's eyes narrowed as he said, " that's why I'm looking for you.

"What?" Huang Gaoyuan was shocked and said,"could it be that you're also a Zhenzhen?"

yes! Yunxiao nodded. I was invited by Tianyuan trading company to be one of the eighteen nine-stars martial sovereigns.

Luo Gaoyuan was silent for a moment. with your strength, you can definitely get a pill. I can't figure out why you're looking for me. Could it be that you want to join forces with me to snatch the pill? "

His eyes suddenly lit up as he licked his lips and said excitedly, "If we can snatch all eighteen of the medicinal pills, then ..."

Yunxiao smiled indifferently and waved his hand to stop him from talking. Then, he poured cold water on him and said, "You're too naive. It's hard to say whether it can be formed into a pill or not."

"What?"

Luo Gaoyuan's expression changed drastically, and he said in shock, "What do you mean?"

This alchemy was related to him stepping into the divine transcendence realm, so he had to be extremely careful!

Chapter 1632-protection

don't be nervous," Yunxiao said with a smile. I'll explain it slowly. That's right, how did su lianyi find you and deal with me? why did she want to kill me?"

"How would I know!" Luo Gaoyuan snorted.

Yunxiao touched his chin and thought for a moment, then said, "There are indeed some small misunderstandings between me and Empyrean one Pavilion, but they're only small misunderstandings. This old witch couldn't be so unforgiving, right? Fine, I'll go out and explain it to her later."

Yunxiao and Luo Gaoyuan began to talk.

Nie Gaoyuan's expression became extremely shocked, and then revealed an extremely grave expression that couldn't be resolved for a long time.

you and I know about this," Yunxiao said. you're a smart man, so you should know what to do.

Luo Gaoyuan's brows furrowed into a deep frown, and he remained silent.

"I understand," he said after a while.

Yunxiao smiled and said, "Actually, you don't have a choice."

"I know," Luo Gaoyuan said in a deep voice. Be careful, su lianyi is just outside. I don't want the person who can defeat me to be killed by others!"

don't worry," Yunxiao said with a smile. I won't die even if you all die.

"Hmph!"

Luo Gaoyuan snorted heavily and turned around to leave. With a single step, his body began to turn transparent, and after a few steps, he completely disappeared.

Yunxiao's right pupil shone with a demonic light, and the surrounding scene was immediately retracted, returning him to the Purple Room.

The door was wide open, and there was still a faint elemental energy fluctuation. It was that nie Gaoyuan had already left.

granny su," Yunxiao said with his head held high. come out and meet me.

"Hmph!"

A cold snort came from inside the room. The space twisted slightly, and a woman in blue Palace clothes stood in the air, looking at him coldly.

The woman's Blue robe was embroidered with flowing clouds and dark flowers. Her face was cold and beautiful, giving people a sense of amazement, without a trace of emotion.

granny su, " Yunxiao said with a smile, " there's no enmity between us. You don't have to find someone to cut me down, do you? "

"No grudge?"

The woman said coldly, "from the demon Plains to songyue yang city, I've sent many good men to die in your hands." Even my most favored disciple, Liang Yuyi, went to the blade sect because of you. Aren't all these grudges caused by injustice and hatred?"

Yunxiao laughed. those 'good men' you sent are all fools. Each of them is courting death. How can you blame me? " As for Liang Yuyi, she was also forced away by that stupid Xu danhe. Everyone can testify that day."

Su lianyi's face turned ugly as she said, " no matter what, the Emyrean one Pavilion has suffered a great loss because of you. How should we settle this? "

Yunxiao spread his hands and shrugged as he said helplessly, " "If you think this way, you will only suffer greater losses in the future. As for how you want to settle the score, Yingluo, it's up to you. You can't beat me now anyway, so I'm not afraid of you."

"You coward!"

Su lianyi was infuriated by his scoundrel-like behavior. She gritted her teeth and said, " "Good! I'll see for myself how strong Gu Feiyang is after he reincarnated!"

With a point of her finger, a beam of light, half purple and half black, shot up into the sky and condensed in her palm. Eventually, it turned into a double-colored flower and flew toward Yunxiao.

The dual-colored flower released a terrifying power, locking the space in the Purple Room and shattering it.

Yunxiao's thin figure was constantly in a daze. Under the strangulation force, hundreds of golden lights burst out from the surface of his skin.

"BOOM!"

Suddenly, the entire space began to tremble violently, and the purple and black were constantly torn apart. With Yunxiao as the center, a storm spun, and countless birds cried out!

"I'll take the wind and cloud!"

Yunxiao's eyes narrowed, and a cold gleam flickered in them. With a playful smile on his face, he thrust out a palm.

The wind was strong and the clouds were flying!

All the power was repelled, and the body of golden light became solid.

The dual-colored flower exploded with a 'bang' and turned into two wisps of green smoke. The Purple Room returned to silence, and only the sound of su lianyi's rapid breathing was left.

"Granny su, do you want another round?" Yunxiao looked at her with a smile.

"Hmph!"

After su lianyi's expression changed several times, she turned around and was about to leave.

tsk, tsk. You really think you're the Lord of new Yan city. You come and go as you please. Do you think I'm easy to bully?"

Yunxiao's face turned cold as he flicked his finger, shooting out an electric arc.

“Bang!”

The electric arc exploded in front of su lianyi and turned into circles of lightning. They stacked together and covered her body.

what? ” su lianyi was shocked and said angrily, ” you want to trap me with a mere finger lightning? you’re underestimating me!

Her long robe fluttered and her hands danced in front of her. Beautiful flowers flew out and swirled around her arms.

A total of nine flowers were formed and su lianyi pushed forward with both her palms.

“Bang Bang Bang!”

The nine flowers of light shattered at once, and a terrifying power suddenly exploded, surging out like waves.

“BOOM!”

The lightning in the surroundings was instantly drowned out. Su lianyi stood in the air with a cold expression. The light was like a huge flower that had bloomed, illuminating her until her face was extremely gloomy.

But in an instant, the huge Garland was cut into pieces, and even the light condensed and turned into a faint blue.

A sword as fast as lightning cut the space in the room into two.

...

It was as if nothing existed in the world except for this sword strike. Everything seemed to have fused into it.

Su lianyi's eyes were filled with shock. She raised both of her hands and continued to perform incantation gestures. Her ten fingers danced and finally formed a hand seal. Her ten fingers interlocked and pressed down on the sword's edge.

Artifact spirits appeared on her fingernails, and like a beast opening its mouth, it bit down!

"Clang!"

There was a short and rapid sound of friction. The cold sword stopped three inches away from su lianyi's chest. However, the sharp sword intent and cold air directly touched her heart.

The plum blossom-sized blood print seeped through, but was frozen by the cold air in the blink of an eye.

"Bang!"

The helmet on the ten fingers that were holding the long sword suddenly cracked, and blood dripped onto the sword.

Su lianyi's face was pale, and her eyes were staring at Yunxiao with confusion and emptiness.

"Heh, this young master has already said that you can't beat me. Since it's your first offense and you're a woman, I'll only cut off your arms today as a slight punishment!"

Yunxiao grinned hideously as his long sword trembled slightly, sending out a boundless chill and sword Qi.

...

Seeing that it was about to cut down, su lianyi screamed in fear, "Don't! Please let me go!" Her face had long lost all color and was deathly pale.

"Let you go? "Granny su, you were the one who wanted to kill me a cup of tea ago," Yunxiao said coldly.

Su lianyi's lips had turned white. She bit her lips so hard that they bled."Lord Feiyang, I actually came here today for another matter. Put down your sword and I'll tell you in detail."

Yunxiao frowned. do you think I'm a child?" he asked. do you think I'm a child?" Seeing that you can't kill him, you're starting to talk business?"

I did want to kill you at first, " su lianyi said hurriedly. but it's also a test to see if you have the strength to come and talk to me.

Yunxiao sneered as he put the sword away and said, "Let's talk. I want to see what interesting things you can talk about to save your life. If the negotiation doesn't go well, the master of the Emphyrean one Pavilion will die Here today."

Su lianyi took a look at the red bloodstain on her chest before raising her head and saying slowly, "I asked nie Gaoyuan to kill you to test your strength, but if you didn't pass, then so be it. After all, you do have a grudge with the Emphyrean one Pavilion."

Yunxiao did not say a word and just waited quietly.

Initially, su lianyi wanted to test his reaction. However, she was obviously disappointed. There wasn't even a single ripple in his eyes. He was looking at her calmly and even if there was, it was a hint of mockery.

She sighed in her heart, but she was also a little happy. She continued, "If you can defeat nie Gaoyuan and join forces with me, I plan to make a deal with you. Your current performance is even better than I expected."

“A deal?”

let’s see what you have to buy back your life,” Yunxiao said with a sneer. let’s see what you have.

Su lianyi’s face revealed a hint of anger. After pondering for a while, she said something earth-shattering, “I want to join you with the Emyrean one Pavilion!”

“What?”

At last, Yunxiao’s expression changed. He was stunned at first, and then he looked puzzled.

Su lianyi let out a long sigh and said, “I said I’m here to seek refuge, but I’m actually here to seek your protection.”

“Protection?” did the heavenly one Pavilion get into big trouble?” Yunxiao asked.

Su lianyi shook her head and replied, “No.”

“What’s going on?” Yunxiao asked. I want to know what you mean by ‘protection’.”

“What do you think of the merchant Union’s future?” su lianyi asked.

your future is boundless,” Yunxiao said with a faint smile. your past is bright.

Su lianyi smiled bitterly. I am speaking with Lord Feiyang openly. Why do you have to say such conventional words?”

“Oh?” Yunxiao asked. What do you think of the merchant Union’s future?”

Su lianyi shook her head repeatedly and put on a helpless look. She smiled bitterly and said, "Then I'll be direct. "It's still unknown whether new Yan city can successfully survive this time. Even if it does, I'm afraid that there will be earth-shattering changes. The structure of the seven council members will be completely broken."

I've also heard about it," Yunxiao said. your Emyrean one Pavilion is strongly opposed to the declaration of war against Ling Baiyi this time.

Su lianyi nodded and said, "that's right. The thunderwind Chamber of Commerce, the Mando Chamber of Commerce, and my Tianyi Chamber of Commerce are all strongly against it. However, our strength is limited. We can't control the general direction of the merchant Union.

Yunxiao grabbed a bamboo chair from the air and sat down. "Who came up with this stupid idea to deal with Ling Baiyi? Anyone with eyes could tell that something was wrong. The Business Alliance's development is based on interests, and this extremely uneconomical and completely reversed thing is not in line with the Business Alliance's style and interests."

Oh?" su lianyi was sad for a while before she said, "Lord Feiyang has also seen through it.

so, it's very normal to object," Yunxiao said. what's abnormal is that the other four families actually agreed.

Su lianyi's expression changed several times and she said with a serious face, "That's why I can't figure it out. Myriad treasures store is the initiator of this matter, so they naturally strongly agree with it. But why do money sect, star and moon school, and Tianyuan Chamber of Commerce also agree?"

She lowered her head and paced slowly in the room, analyzing to herself, "The rise of the star and moon school is too sudden and unbelievable. I've always had a guess, and now it seems to be true!"

Chapter 1633-situation

you mean the force behind it?" Yunxiao raised his eyebrows.

Su lianyi smiled and said, "Lord Feiyang, you probably know that it's the divine cloud Palace, right? More and more people knew about this, and it was no secret. However, the divine cloud Palace is only a

well-known sect that has been sealed off for twenty years. Even if they are powerful, they are just outsiders in the business of the Chamber of Commerce. How can they support the star and moon school in an instant?"

what? " Yunxiao's heart trembled. do you mean that there's someone else behind the star and moon school? " Could it be the myriad treasures store?"

Su lianyi praised, " Lord Feiyang, you're really smart. Other than the ten thousand treasures tower, who else in this world would have such great ability?! He took over the four extremes sect's stall and gave it to the star and moon school. If the star Moon school was not under their control, how could they be so generous?"

Yunxiao's face was solemn as he fell into deep thought.

Su lianyi looked at him and smiled bitterly, " I've long guessed this. Not only me, but I think the other presidents also know about it. However, the myriad treasures store is powerful, and with the cooperation of shenxiao Palace, we can't stop them.

how confident are you in your guess? " Yunxiao asked.

Su lianyi said, " originally, I had 80%. Now that the declaration of war against Ling Baiyi was announced, I can basically confirm it. Not only me, but the Presidents of Mando and Thunder wind Chamber of Commerce are also certain!"

what? " Yunxiao was shocked. do you mean that it's very likely that the divine cloud Palace will intervene in Qianqian's declaration of war against Ling Baiyi? "

Su lianyi said, " otherwise, what would Lord Feiyang think? Other than having a lot of money, what does myriad treasures store have to compete with Ling Baiyi?"

Yunxiao's face was unsightly, and an inexplicable irritation welled up in his heart.

Su lianyi said worriedly, " now, Lord Feiyang, do you understand our predicament? Myriad treasures store had been dormant in the Business Alliance for so many years and had been working hard. It was not an ordinary thing! After this battle, I'm afraid the merchant Union will be unified!"

you want to use my power to resist the unification of the merchant Union?" Yunxiao said. you think too highly of me.

Su lianyi said, " with Lord Feiyang's current strength, it's indeed hard for him to turn the situation around. Even if he were to recover to his peak state in his previous life, he might not be able to do it. However, it's different now. Because you have a Saint weapon!

Her eyes brightened as if she had seen the light of hope. With some excitement, she said, " "I've heard that there's a world inside the Saint artifact, is that true?"

Yunxiao gave her a strange look and said, " "You want to move the entire Empyrean one Pavilion into the Holy artifact? It's fine to let you hide inside, but what's the point if all of the Empyrean one Pavilion's businesses all over the world are harvested?"

Su lianyi's excited expression turned dejected. "How could I not know that? it's just that I don't have many solutions now. I can only take one step at a time. However, I will never stay under the thousand treasures tower and listen to his every command!"

you're just finding a way out for yourself," Yunxiao said with a cold smile. it's not for the sake of the Empyrean one Pavilion.

Su lianyi said angrily, " Empyrean one Pavilion will fight to the end. As long as all the core members are still alive, there will be hope to take back everything. The so-called Chamber of Commerce and sect, didn't they all refer to people? As long as you don't die, there will always be hope!"

you do have a point," Yunxiao said. but why should I help you, or should I say, why should I 'protect' you? To make myriad treasures tower and divine cloud Palace my enemy for this, am I not courting death? Right now, everyone in the world knows that I have a Saint artifact, and the number of people who want my life is uncountable. If there are two more of these people, I might really die."

“I won’t!”

Su lianyi said with certainty, “ you’re a guest of the myriad treasures store. Although that was in the past, it’s a critical moment now. The myriad treasures store must want you to go back. Moreover, the relationship between the palace Master of the divine cloud Palace and the Lord is very close. Hehehehehe.

“As for the benefits, as long as you agree, my Lord. From now on, the Emyrean one Pavilion belongs to you, and I’m just your steward.”

Her face was filled with determination, as if she had made up her mind.

Yunxiao was stunned for a moment, then he stroked his chin and said, “ this offer is really tempting. There are not many people in the world who would refuse it. Even if they know it’s a trap, being trapped in such a huge wealth would be worth it to die.

The corner of su lianyi’s mouth curled up into a smile as she said, “ “Then, does that mean Daren agrees?”

let me think about it, ” Yunxiao said with a wave.

what? ” su lianyi was stunned. do you still need to consider such conditions? ”

a gentleman loves money, ” Yunxiao said. you must be alive to get it!

Su lianyi frowned and said, “ Sir must be joking. If it really doesn’t work out, you can just go far away. With your strength, who would dare to say that they can kill you? ”

the heavenly martial realm is so vast that you can’t imagine it, ” Yunxiao chuckled. there aren’t many people in this world who can kill me, but there are also quite a few. Give me three days and I’ll give you an answer.”

that's great! su lianyi was overjoyed. I will wait for your reply!

Yunxiao nodded. this matter is of great importance, so I have to be cautious. Do you know what the other Chambers of Commerce are thinking? "

Su lianyi said, " indeed, we have to be more cautious. "As for the other Chambers of Commerce, Xu Wansen and Zhu qishui were also strongly against declaring war on Ling Baiyi and forming an alliance with me. However, for some unknown reason, you've been acting mysterious and distancing yourself from me recently." "It's exactly because of this that I'm feeling more and more uneasy, which is why I thought of seeking your protection," she said with a frown.

"Oh? You've been isolated?"

anyone can see the situation in the merchant Union, " Yunxiao said in surprise. we should be working together to deal with myriad treasures tower. How come you're all alone now? "

"Hmph!" Su lianyi's face was filled with anger as she said coldly, " "God knows what these idiots are planning! It'll be too late to destroy them after they've been swallowed. I really want to see their faces when they kneel and cry in front of Wan Yiqian!"

Yunxiao pondered and said to himself, " Could it be about the nine Yin nine yang disaster breaking pill? If a large number of experts could be born, they could indeed compete with the myriad treasures store, but what if they failed?

Su lianyi said, " it seems that you have something on your mind. I won't disturb you any longer. I will wait for your good news.

you can go back first, " Yunxiao said, waving his hand. I'll give you a reply in less than three days.

After su lianyi left, he pondered for a moment and also turned into a beam of light and rushed up.

It flashed in the sky above the cultivation ground and disappeared.

A moment later, Yunxiao materialized above the myriad treasures store's headquarters and descended.

"Who is it?"

A loud shout came out of the headquarters, and then a beam of light shot up and headed toward Yunxiao. Within the light, there was a majestic figure with a gloomy expression.

"Stop!"

That person's five fingers formed a claw and locked onto the opponent's throat.

Yunxiao held one hand in front of him, clenched his fingers into a fist, and stretched it out.

"Pa!"

The two of them exchanged a palm strike in the air, and the man's face sank as he felt something appear in his hand. After taking a closer look, his whole body trembled and he involuntarily cried out, "The ten thousand word Wang token!"

A figure flashed past, and Yunxiao took the token back and floated down without any obstacles.

"Hehe, if you want to come, then come. There's no need to make such a big commotion."

Wan Yiqian's voice rang out from inside, "Come in,"

...

A beam of light flew out and slowly expanded in the sky. It actually turned into a curved Rainbow Bridge that hung in the sky.

Yunxiao smiled and stepped on the bridge with both feet. With a few steps, he disappeared from the bridge, and the rainbow gradually dissipated.

The scene shocked almost everyone in myriad treasures store. They looked in the direction in which Yunxiao had disappeared in shock, all of them guessing in their hearts.

The burly figure in the sky was also shocked. Then, he became serious and said, " Li Yunxiao, Gu Feiyang! he cried.

In a side hall, a large brass cauldron was placed in the center, from which a faint fragrance was constantly emanating.

"You're finally here. I'm very pleased," Wan Yiqian said with a smile.

I'm not here to answer your question, " Yunxiao said with a smile. I'm just bored and want to find someone to chat with.

"Hahaha."

Wan Yiqian laughed and said,"you're not a person who has a lot of time." The fact that you're here means that you're still interested in Ling Baiyi."

I'm more interested in the Business Alliance, " Yunxiao said.

"Oh? What's the matter?" Wan Yiqian raised his brows, and the Red Dragon scepter appeared in his hand. The tip of the scepter touched the ground, and he began to pace slowly.

...

of course! Yunxiao said seriously. it's about the merchant Union dominating the world!

Wan Yiqian seemed to have anticipated this. He just smiled and said, " all kinds of rumors have been flying around recently. If we can't get through this, how can we dominate the world? "

it seems that you really want to dominate the world, " Yunxiao said. it's true. How confident are you in the battle against Ling Baiyi?"

Wan Yiqian's expression became serious. He muttered, " divine transcendence is already the peak in this world, and Ling Baiyi is the strongest among the strong. No matter how confident I am, I can only try my best.

Yunxiao stared into his eyes, then suddenly sighed and said, " "What if, you and I have known each other for a long time, how can I not understand you? If you don't have 100% confidence, you won't make a move. What I'm curious about is this '100% confidence'. What exactly gave you such great courage and determination?"

Wan Yiqian turned to look at Yunxiao and said, " "I do indeed seek stability when doing things, and the myriad treasures store has achieved its current situation precisely because it has been steadily and steadily building up its Foundation step by step. However, I no longer want to continue being so stable. Because I'm running out of time. The ten thousand treasures tower can continue for hundreds, thousands, or even tens of thousands of years, but what about me?"

His eyes flickered with a cold light and he said coldly, " this is a great opportunity. It's worth it for me to take this risk and gamble!

'Are you sure that Ling Baiyi will come? Or perhaps he's having a drink somewhere and wasting your time."

Wan Yiqian laughed and said,"if I don't even have this little bit of confidence, then wouldn't I become a laughingstock in the world?" Feiyang, you must help me this time!" He patted Yunxiao's shoulder with his broad hand, his face full of expectation.

Yunxiao smacked his hand away and said, " don't pretend to be affectionate in front of me. Let me ask you this. If you have the time to beg me, why don't you spend some time to unite the merchant Union? if everyone works together, the chances of success will be greatly increased, right? "

Chapter 1634-condescending

Wan Yiqian looked at him strangely and suddenly laughed. haha, Feiyang, are you trying to get information out of me? I'm very curious about your purpose in doing this. You've never cared about the internal affairs of the merchant Union. Is it because of the Tianyuan trading company?"

Tianyuan trading company has its own experts, " Yunxiao said. I don't have to worry about it. There is indeed a purpose, but you just have to answer me.

Wan Yiqian laughed and said,"tsk, tsk. Only you would dare to talk to me like this." The more insolent you are, the more I feel like martial sovereign Vanquisher is back. Do you also think that ding Shan of Tianyuan trading company is not simple?"

are you merchants simple? " Yunxiao asked.

haha, merchants will always be merchants. How can they be compared to a titled martial sovereign? " Wan Yiqian couldn't help but sigh. even if my wealth is comparable to a country's, so what if I'm the richest in the world? "

you're talking nonsense with me, " Yunxiao said. is it inconvenient for you to answer? "

Wan Yiqian smiled and said,"I have nothing to hide from you." The merchant Union would inevitably strive for hegemony and become the eighth super force in the world, but the premise was that they could survive this catastrophe. I don't really care about the attitude of the other members of the merchant Union, because they are all unreliable and don't have enough power for me to rely on. The current situation is completely within my expectations."

"Of course, you know the background of the star and moon school. Qian Sheng of the money sect is by no means an ordinary person. As for Tianyuan Chamber of Commerce, hehehehehe, have you received ding Shan's alchemy invitation?"

Wan Yiqian looked at Yunxiao teasingly with a smile on his face.

"You also know about this?" Yunxiao was a little surprised, but he quickly regained his composure.

Gathering 18 nine-stars martial sovereigns in new Yan city ... It would be terrible for the intelligence work if they still didn't know about such a big event.

"What do you think of the success rate?" Wan Yiqian asked.

I don't know yet, " Yunxiao said. it seems that you have no confidence in producing the pills. Otherwise, you wouldn't be so calm.

"Haha, you saw through that too."

Wan Yiqian laughed and said,"it is impossible to refine the nine Yin nine yang breaking crisis pill under this sky!" If he can really refine it, I'd be happy to see him promote the entire merchant Union. An illusory pill formula had already caused ding Shan's confidence to swell to the extreme. The moment he exploded, he would return to the cruel reality. But it will be too late by then, and Tianyuan trading company will soon be mine."

but ding Shan seems to be very confident, " Yunxiao said.

Wan Yiqian sneered and said,"there will be a result soon. You will know." As for the Empyrean one Pavilion, the thunderwind Chamber of Commerce, and the Mando Chamber of Commerce, it was a foregone conclusion that they would be swallowed up by the myriad treasures tower. After I've devoured the four Chambers of Commerce, it won't matter even if Star Moon school and money sect leave the merchant Union."

it seems that everything is going according to your plan, " Yunxiao said. as for dealing with Ling Baiyi, I'll give you an answer after ding Shan finishes refining the pill!

"Alright!"

"Don't have too much hope, or you'll be disappointed!" Wan Yiqian was overjoyed.

Yunxiao nodded. I came to you for another matter. I heard from Chen ZhongXi that the fat and skinny idiots have also come to new Yan city? ” he asked.

Wan Yiqian’s face darkened, and he said solemnly, ” “Indeed, I’m also worried about this matter. I’ve already sent more people to search the entire city. I don’t know if that person has also come with us and what his purpose is.”

if he comes, ” Yunxiao said, ” with his help, you’ll have a great chance of killing Ling Baiyi.

“How do you know that he will help me? why didn’t he just cause trouble or help Ling Baiyi?” Wan Yiqian asked.

that depends on how you got the divine technique you gave me back then, ” Yunxiao said with a smile. ”

Wan Yiqian’s pupils constricted, and she said, ”I’ve been thinking about this for a while, but I haven’t been able to find a suitable opportunity to ask you.” How’s your cultivation of the tyrant body tempering technique?”

not bad, ” Yunxiao said. it’s pretty good.

“Oh?”

Wan Yiqian had a strange look on his face as he stared at Yunxiao, but he could not find anything wrong with him. He chuckled and said, ” “That’s good. Back then, I was afraid that there was a problem with this cultivation technique. Fortunately, nothing happened.”

Yunxiao’s heart jolted. Although the tyrant body tempering technique was extremely powerful, the process and problems of cultivating it were beyond his expectations, and it seemed to be incomplete. He could not help but sneer in his heart as he said, ” “Tower Lord, you seem to have known that there was a problem?”

Wan Yiqian hurriedly said, ”how is that possible?!” It was extremely difficult for me to acquire such a Supreme divine ability. I was just worried. You also know my temperament, I’m suspicious by nature.”

you're being suspicious," Yunxiao said with a faint smile. you're making me suspicious as well.

Wan Yiqian laughed awkwardly and said, "Feiyang, we've known each other for so many years. How could I give you a cultivation technique with a problem?"

of course, I trust you," Yunxiao nodded. I trust you, brother.

The two of them chatted for a while, and when they asked about the tyrant body tempering technique more than a thousand times, Yunxiao seemed to be vague and avoided talking about it.

After the time it took to boil a cup of tea, Yunxiao took his leave.

Wan Yiqian stood next to the bronze cauldron, his thoughts uncertain and his expression darkening.

"I didn't expect him to cultivate the tyrant body tempering technique, and it was you who gave it to him." A faint voice rang out, carrying a shocked and dissatisfied expression.

that was many years ago. I didn't expect Feiyang to not die, and it seems like there was a problem with the refinement. Wan Yiqian said after some thought.

"Oh? Is there a problem with the divine technique?" The voice asked.

"How would I know? This kind of peerless magical power is imprinted on the medium of inheritance, and can only be passed on to one person. I don't know the content at all."

Wan Yiqian frowned and said,"didn't you fight him before?" You should know what to do."

"Hmph! Let's not mention that fight! I won't let him have a good time next time!" The voice said coldly, carrying a hint of resentment.

After leaving myriad treasures store, Yunxiao transformed into a bolt of lightning and flew through the sky. A moment later, he appeared above Tianyuan trading company.

Lord cloudsky, I was just sending people to look for you.

As soon as he entered the Chamber of Commerce, he saw an anxious Su Hong and said, " who knew that you had already left the sacred land of serenity? I was worried that I would delay things and sent people to look for you. He hurriedly led the way and brought Yunxiao into the headquarters.

I had something to do, " Yunxiao said. where's Ling 'er? "

"Lady Zhao is not here for the time being," Su Hong said.

"What?" Yunxiao stopped and looked at him suspiciously. "At such a critical moment, what can Ling 'er do?"

"I don't know," Su Hong shook his head.

Yunxiao turned to look at the corridor and said indifferently, " "Ask Ling 'er to come see me. Otherwise, I won't participate in this pill refining."

ah, this ... Su Hong was stunned. He was so anxious that he was sweating profusely. Your Excellency, you can't go back on your word like this. How am I going to explain this to the president? "

I was just talking nonsense, " Yunxiao said with a smile. let's go.

...

Su Hong was speechless, and countless alpacas ran through his heart, but he did not dare show it. He hurriedly led Yunxiao through several corridors and into a Great Hall.

The hall was very spacious, and it was not crowded at all with twenty to thirty people.

As soon as Yunxiao and Su Hong entered the hall, all the conversations stopped, and dozens of eyes turned to them.

Being stared at by so many experts, Su Hong trembled for a moment, but he heaved a sigh of relief in the blink of an eye. All of them turned to look at Yunxiao. It had only been a moment, but they felt like they were about to collapse. They hurriedly lowered their heads and gestured for Yunxiao to enter.

Naturally, Yunxiao would not have stage fright in a place like this. With a slight smile, he strode into the hall.

In addition to a dozen experts, there were many attendants and servants of Tianyuan trading company who were looking at him coldly. Most of them were people Yunxiao knew.

At the very front, a throne with a Dragon carved on it was empty, probably reserved for Ding Shan. On the lower left sat two people, Ding Peng and Jing Shaoyi.

One of them had a look of fear on his face, while the other was filled with anger. His eyes were filled with killing intent, and he was obviously trying to suppress his emotions.

Yunxiao also saw him and knew that Tianyuan trading company must have come forward to get him back.

The three elders of Liuming mansion were also there. Jing Ming's injuries seemed to have recovered a lot, and he stared at Jing Jiu with his eyes wide open.

Everyone present could feel the unkind aura from these three people, and they all looked like they were watching a show.

...

Yunxiao chuckled and went straight to the chair led by Su Hong, then sat down with a wave of his robe. He then picked up the spirit fruit and spirit wine beside him and began to eat and drink as if no one was around.

“Hmph, what arrogance!”

Finally, someone couldn't stand it anymore and snorted. However, it wasn't Liuming mansion.

An old man with an iron face and long eyebrows sat in the opposite row. He did not hide the mockery in his eyes and coldly said, does someone think he's a titled martial sovereign? he's so arrogant!

Yunxiao smiled faintly, as if he had not heard anything, and continued eating.

The moment the people present entered, they saw everything clearly. Other than one or two relatively young experts, the others were all well-known existences, and a few of them were famous even in his previous life.

This iron-faced old man with long eyebrows was one of them, and his name was Qi jingnian.

Everyone's spirits were lifted, and they were secretly delighted. Finally, someone had stood up for Yunxiao, and he was considered to have extraordinary strength among them, so they could test his strength.

But, Yunxiao paid no attention to him and continued to munch on the spirit fruit and drink the spirit wine. He did not look like a gentleman at all.

“Bang!”

Qi jingnian finally lost his temper. He slammed his palm on the table and stared at Yunxiao with wide eyes as he shouted, “I'm talking about you!”

All the spiritual wine and fruits on the table flew up into the sky and tumbled.

A green-robed old man sitting beside him was stroking his beard. He gently raised his hand and clenched his fingers, stopping the fruit wine and slowly putting it back on the table. It did not spill or damage anything.

Chapter 1635

1635 Gathering

The old man's name was Mao yingyan, and he was also an expert who had been famous for a long time.

Yunxiao was still eating his fruit slowly, as if nothing had happened.

"You're going too far!"

Qi jingnian flew into a rage and rose up from his seat. He drew circles in front of him with his palms, and the wind from his palms flew in all directions.

"Master jingnian, don't do it!" Ding Peng was shocked. Don't forget my father's agreement with all of you. If you recklessly make a move and ruin the pill refining process, the portion that should be yours will be used as compensation!"

Qi jingnian's body froze for a moment before he retracted his palm technique. He sat back in his original position in a fit of rage, but his aura fluctuated with his anger, causing the entire Hall to become extremely oppressive.

However, the people present were all experts, and they looked completely fine. They continued to chat and laugh, calmly tasting the wine. Only those attendants and servants' expressions changed greatly.

you're really bold. After I'm done refining the elixir, I'm going to have a good fight with this titled Martial Emperor!

Qi jingnian snorted heavily and slowly retracted his aura.

Yunxiao stuffed a pomegranate-like spirit fruit into his mouth, chewed carefully, and swallowed it, then said slowly, "I know you. I think you're called something Jing Nian. Speaking of which, I don't think we have any grudges, right?"

"Hmph, no grudges? Hahaha! This is the funniest joke I've heard today!"

Qi jingnian's face was covered with a layer of frost as he said, "Do you still remember the master of the northern falling water stream, Qi taisui?"

Yunxiao pondered for a moment, then said in a daze, "I remember now. There is indeed such a person who abduct women to be used as human cauldrons and then kills them after extracting their primordial Yin. Back then, when I found out about it, I killed him." Qi 'is a rare surname, so Qi taisui is most likely your father."

As soon as these words came out, everyone's faces changed slightly, revealing a look of shame at the same time.

"PAH!"

"That's my big brother!" Qi jingnian said angrily.

"Oh, oh, oh. I'm sorry, I made a mistake."

but, " Yunxiao said apologetically, " your brother has cultivated an evil art, so he should die. I wonder if you have cultivated an evil art? "

"Stop pretending to be a good person!" Qi jingnian said angrily. What does my big brother's cultivation have to do with you? In short, I will definitely take revenge for this irreconcilable hatred!"

I've been killing Mount taisui for many years, and I've been staying in the North all this time, " Yunxiao recalled. why haven't I seen you come to seek revenge? "

Qi jingnian grunted and said, "I happened to be cultivating a powerful Divine Art at the time. When I came out of seclusion, I looked everywhere for you and found out that you were already dead." Fortunately, the heavens have eyes, and I can take revenge with my own hands!"

Everyone's lips curled into a mocking smile as they sneered in their hearts.

"Brother jingnian, how did this happen?" Mao yingyan asked in surprise. I remember that you were very free before Gu Feiyang died, and you even went to the Western Region to travel for a few years. Do you remember that you have an apprentice who you took in in the Western regions at that time?"

Qi jingnian's face turned red and he snorted, "I'm going to the Western regions to cultivate the divine ability. If I know that my brother has been killed, I will definitely kill Gu Feiyang first!"

"Who wants to kill Gu Feiyang? How could someone be more ambitious than me?"

A lazy voice rang out and everyone turned to look outside, only to see a dozen or so people walking in.

Yunxiao's eyes were smiling as he nodded slightly at the man.

It was the twelve blades of Lingyun. Not daring to act arrogantly, nie Gaoyuan cupped his hands at Yunxiao respectfully, then swept his eyes across the hall and finally stopped at Qi jingnian. He could not help but sneer and say, "Big fool, are you the one who wants to kill Gu Feiyang?"

"Pfft!"

Mao yingyan spat out a mouthful of wine and choked on it on the spot. He started coughing violently.

The rest of the people were also surprised and looked at Gao Yuan. Many of them didn't recognize this person.

"W-what did you say?"

Qi jingnian almost fainted from anger. His entire head was red from holding it in, and anger rushed to his head.

Luo Gaoyuan laughed and said, " come on, come on. Come and hit me. As long as you dare to make a move, you'll be violating the contract with ding Shan. That nine Yin nine yang crisis-breaking pill will be yours, you big idiot!

"Pfft!"

Qi jingnian, who was about to kill someone, spat out a mouthful of blood when he heard this. His face was full of hatred.

"Haha, boss, you're so bad."

The yellow-clothed woman among the 12 blades covered her mouth and laughed, while the rest of the people couldn't help but burst into laughter.

"Y-you're

Qi jingnian trembled in anger. Powerful elemental energy waves rippled from his body, but he still suppressed it firmly, afraid that he would not be able to hold back and attack.

Ding Peng hurriedly stood up and led nie Gaoyuan and the others away. He said, " "You're all extraordinary powerhouses invited by my father. I hope you'll give Tianyuan trading company some face and don't cause trouble."

"Almost everyone's here, where's your father?" asked Yan Gaoyuan. Why are you putting on such airs and making everyone wait?"

Ding Peng was displeased. He thought to himself that the others were the ones who had been waiting for a long time, but he didn't dare to complain, so he hurriedly explained, " "My father has something to do. He will come immediately."

“Haha, Luo Gaoyuan, you’re too impatient.”

Just as he said that, an old but powerful voice was heard.

Three people appeared outside the door. They all had extraordinary bearings and Noble looks on their faces as they entered with a smile.

“Father!”

Ding Peng was overjoyed and hurried to greet him.

Yunxiao’s pupils constricted. Although it was not ding Shan’s first time seeing this, he had not paid much attention to it before. But now, upon closer inspection, he did have the demeanor of a King.

The other party’s eyes, intentionally or otherwise, glanced at him, as if he was smiling.

Ding Shan was dressed in silk clothes, with two small white whiskers on his upper lip. He always had a smile on his face as he greeted everyone one by one.

The two people beside him were the president of the thunderwind Chamber of Commerce, Zhu qishui, and the president of the Mando Chamber of Commerce, Xu Wansen.

Yunxiao recalled su lianyi’s words. No wonder these two Chambers of Commerce were so far away from her. It turned out that they were with ding Shan. But, he did not know why ding Shan did not go to su lianyi. If they joined forces with the four of them, perhaps they could really fight with the myriad Treasure Tower.

...

After ding Shan exchanged a few pleasantries, he said, “I’ve retired from the merchant Union for many years, but I didn’t expect to have so many friends here. I’m really grateful and honored.”

Everyone also became polite and said, since the president has invited me, how can I not come? "What my strength can do is within my generation's scope," "it is my honor to be able to witness the success of this pill," and so on.

Ding Shan had a smile on his face from the beginning to the end. He gently stroked his small beard and said, "Since everyone is so kind, I won't say any more polite words. If there is anything Tianyuan trading company can help with in the future, feel free to look for me."

Everyone was overjoyed. Being able to form a good relationship with a super Chamber of Commerce would bring great benefits to any warrior.

everyone's getting impatient," Zhu qishui said. brother ding Shan, please start.

Ding Shan nodded and said, "I won't waste any more time. Everyone, please refer to the process. If you have any questions, just ask. He waved his hand, and more than ten rays of light flew out from his sleeve. They were all Jade slips, and they shot toward everyone.

Yunxiao grabbed his one and scanned it with his divine sense. After finding no problem, he put it on his forehead and carefully read the information inside.

The hall immediately quieted down, and even their breathing became extremely thin.

Very quickly, everyone took down the Jade slips. Most of them had calm expressions. The process inside was very simple, and there was basically no suspicion. Even the distribution method after the pills were formed was written clearly.

"If everyone understands, then let's begin," ding Shan said. He struck a seal directly into the ground. Suddenly, countless rays of light slowly lit up, and a square array appeared under everyone's feet. "Elder Jing Yuan," he suddenly called out.

Jing Yuan's eyes focused, staring at the array under her feet. Then, she made a hand seal, and a seal flew out of her ten fingers, constantly churning in the air.

...

His palms turned Crimson and dark as he struck out.

“Boom boom boom!”

The hall trembled and an ancient Xuan artifact cauldron appeared from the seal. It fell to the ground with a loud bang.

Yunxiao fixed his eyes on it. The cauldron was divided into two colors, giving off a strong ancient charm and a sense of vastness. Obviously, it was an ancient precious Mystic artifact.

Jing Yuan swept a glance at everyone’s surprised gazes and said proudly, “ this is liuming mansion’s treasure, the yin-yang cauldron. It’s the best profound level weapon to refine the nine Yin nine yang breaking crisis pill. If it wasn’t for President ding Shan’s repeated begging, liuming mansion would never lend it to you.

Jing shaoyi suddenly added, “ I hope that guild leader doesn’t forget the conditions.

Everyone’s head was full of black lines. Borrowing the cauldron was definitely an exchange of interests. Everyone knew that it was really worrying to bring it up so openly.

Ding Shan was also a little embarrassed, but he smiled and resolved it. He said, “ “Of course. Tianyuan trading company is very famous.”

“Hmph,” he snorted. Jing shaoyi snorted, and his eyes turned sharp as he gave Yunxiao a smug look.

Ding Shan’s expression became serious, and he said, “ “Everyone, please take your positions. We’re about to begin. I’ve been planning for this day for more than twenty years, finding all kinds of materials and finding many substitute materials. If I fail, I’ll have to wait another twenty years to refine it again.”

don’t worry, father! ding Peng clenched his fists and said firmly, “ we won’t fail!

Ding Shan nodded, patted his shoulder in relief, and said, "As expected of my son! Although your martial Dao talent isn't high, everyone has their own destiny. Father has never forced you, but for today's refinement, you must do your best! This is also my biggest test for you. As long as you pass it, I'll be able to retire with peace of mind and hand over all the affairs of Tianyuan trading company to you."

Ding Peng was excited and nervous. He said, "Don't worry, father. Even if I die, I'll definitely refine this pill!"

Jing Tian suddenly frowned. although young master ding Peng is born with a body of balance between yin and yang, and is most suitable to be the medium of the Yin Yang cauldron, his strength is still too low. Will there be any mishaps? "

Ding Shan said, "elder Jing Yuan, don't worry. I've already studied it countless times for today's refinement. There's definitely no mistake. Ding Peng's only function is to transmit power, so he doesn't need to be too strong."

Chapter 1636-trap

it's good that you're confident, " Jing Yao said. I don't want to waste an opportunity for nothing.

Luo Gaoyuan licked his lips and chuckled, "Hurry up and start, I'm a little thirsty, hahaha!"

Everyone smiled and sat down according to the positions described in the Jade slip. They each made a different seal.

Ding Peng sat down in front of the yin-yang cauldron with a nervous look on his face. He slowly placed his palms on the cauldron.

"Swish!"

A trembling sound came from the cauldron, and suddenly, yin and yang Qi gushed out, surrounding ding Peng and overflowing in all directions.

All the cultivators felt a chill in their hearts as they felt that powerful aura. It was as if the world had just been split into yin and yang. They were all in awe as they hurriedly sat down and poured their Yuan power into the palm seal.

Suddenly, a vast and mighty force gushed out from everyone's body, disrupting the yin and yang Qi. They were like origin points, constantly spreading out ripples.

Ding Shan's pupils shrank, and he directly flew into the air. He shook out a large number of various natural treasures and scattered them into the large cauldron. They were swept up by the yin and yang Qi and disappeared without a trace.

He directly sat cross-legged above the cauldron, and at the same time, he sent countless seals into the surroundings, setting up layers of barriers.

The entire Tianyuan trading company was under extremely tight defense, and the area several miles around the headquarters was marked as a forbidden zone.

The power from the Yin Yang cauldron combined with the formation on the ground. A dual-colored light appeared in the hall and slowly flowed around everyone.

Yunxiao frowned slightly as he felt a large amount of primordial energy pouring out of the incantation gesture in his hand. Not only that, but even the pores in his limbs and bones opened one by one, and his primordial energy flowed out.

He was shocked. These signs no longer seemed like he was refining pills. It was as if he had become a vitality stone, and his true essence was constantly being extracted by the yin-yang cauldron for refining.

"Everyone, don't panic. This is a normal phenomenon. The yin-yang cauldron needs the power of the nine Yin and nine yang attributes. There's no need to resist, just guard the void and concentrate your mind in your dantian. You can't make any mistakes." Ding Shan's words slowly came.

At first, many people were frowning, but after hearing the story, they gradually relaxed and allowed the Yin Yang cauldron to absorb their power. Although they felt a little uncomfortable, they could still bear it.

Yunxiao's frown deepened. The current refining process seemed to be completely different from what was recorded in the pill recipe.

Could it be that Ding Shan had changed the refinement recipe?

This possibility was extremely high. After all, the laws of heaven and earth were different, and the refining process of the past might not be suitable for the present.

But, as a ninth-tier Alchemist, Yunxiao still felt that something was very wrong, and a bad feeling grew stronger and stronger in his heart.

He changed his hand seals slightly and circulated his spirit energy. Wherever it passed, the pores would close.

His entire body became like an iron bucket, and no more strength seeped out. Not only that, but he also began to meditate and regulate his breathing, constantly recovering the power he had lost.

After a few hours, there seemed to be an irritable mood spreading in the field.

Yunxiao opened his eyes secretly and saw that a large number of experts had beads of sweat on their foreheads and their clothes were wet.

The dual-colored light was still spinning, and alchemy fire was constantly spurting out of the yin-yang cauldron. It was indeed refining an elixir.

Only three people in the field looked calm, including Yunxiao, Hao Gaoyuan, and Ding Shan. Even Ding Peng was sweating profusely, and his body seemed to be alternating between hot and cold as he kept trembling, but he still gritted his teeth and held on.

Yunxiao thought to himself, 'judging from the color of the alchemical fire, it does look like a peerless medicinal pill, and Ding Peng's appearance is definitely not fake. Am I overthinking it?'

Ding Shan's face was also serene and dignified. From time to time, he would change his hand seals and send them into the yin-yang cauldron to drive the alchemy fire.

Yunxiao kept observing the handprint, and the knot on his brows grew deeper and deeper. The handprint seemed to contain a power that he did not understand, and he had never seen it with his experience.

"I can't, I can't!"

Suddenly, one of them shouted. His face was pale, and beads of sweat were dripping down his face. His body was trembling.

"Lord Wan Yuan, you must hold on!"

Ding Shan opened his eyes and said, "it's already half done. Don't be distracted. If you make a mistake, it will directly affect everyone else. The consequences will be unimaginable."

That person gritted his teeth and said, "but Zhenzhen."

"no buts," Ding Shan interrupted. "everyone here is struggling to hold on. Can't you, who has cultivated to the level of a nine-stars martial sovereign, even endure this little hardship?"

Although the rest of the people also had ugly expressions, their eyes lit up when they saw the alchemy fire in the yin-yang cauldron. They licked their lips, closed their eyes, and continued to support themselves.

Ding Shan flicked his finger, and a golden light shot down. He said, "This is my secret restoration pill, it'll be of great help to you."

Wan Yuan caught it, looked at it, and swallowed it. "Thank you, Mr. President."

A moment later, his face revealed a look of shock and his eyes were filled with joy. It seemed that the effect of the pill was extremely strong, making him unable to contain his joy.

Yunxiao's pupils constricted. Under the gaze of his moon-like eyes, the primordial Qi that surged out of Wan Yuan's body became thicker and thicker after he swallowed the pill, and it even looked like his hair was in a state of puffiness.

Shock flashed through his eyes, and at this moment, Another Gaze looked over. It was none other than Nie Gaoyuan, who also had a face full of doubt.

Yunxiao gave him a look, then slowly closed his eyes and began to cultivate in peace, no longer caring about the situation outside.

All of a sudden, he felt a slight pain on his chakra Sea Point. Then, the pores on his body began to open one by one. The spiritual energy in his body circulated and actually began to absorb the yin and yang energy from the outside world!

"What? What's going on?"

Yunxiao was taken aback. He had closed all his pores because he was afraid that his energy would leak out, but how could they open on their own and absorb it without any restraint?

After the yin and yang Qi entered his body, they circulated around his meridians and were finally absorbed by his body. He could clearly feel his strength becoming stronger.

"This is an ..."

Although Yunxiao was surprised, he was more pleasantly surprised. The surging power contained infinite power, much stronger than the primordial Qi He usually absorbed!

Having tasted the sweetness, he could not help but become bolder. He began to channel the one Qi of fortune and accelerated the absorption of the surrounding yin and yang, constantly transforming them into his own power.

Several hours later.

“No, no, no!”

Suddenly, Wan Yuan shouted in surprise.

The crowd shuddered and opened their eyes to look at him.

...

“?!”

Everyone sucked in a breath of cold air. Wan Yuan, who had been full of energy just a moment ago, had his eyes sunken in. His entire body was almost skin and bones. There was no blood on his body at all, and his blood vessels could be clearly seen under his skin. It was as if his entire body had been sucked dry.

how did this happen?!

Everyone was greatly shocked, and they couldn't help but look around. The result was shocking. Everyone's face was black, and they looked extremely exhausted. Their skin was constantly wrinkled.

stop, stop! I'm going to die!

Wan Yuan looked at his own body and screamed in horror. He raised his hands and kept grabbing forward, but he felt powerless.

ding Shan, what's going on?!

The president of thunderwind Chamber of Commerce, Zhu qishui, was shocked. He was horrified to find that his vital essence had almost been sucked dry, and his body began to feel very weak.

This time, even a fool would know that something had gone wrong, and they all looked on in shock. Ding Shan, on the other hand, was in an extraordinary mood. His face was red, and he was filled with joy.

“Ding Shan, you’re so silly!”

Xu Wansen also screamed in fear.

...

The rest of the people couldn’t sit still. They were all terrified.

Ding Shan slowly opened his eyes and said, “ everyone, don’t panic. This is a normal phenomenon. He’s about to condense his core. After taking the nine Yin nine yang pill, not only will all of you recover, but your strength will also increase by another level.”

why is it that everyone’s strength has been drained? ” Jing Tian asked with a pale face. only you and Li Yunxiao are advancing instead of retreating. It seems that you’ve become stronger!

Ding Shan’s face flickered as he turned to Yunxiao with shock and anger in his eyes and shouted, “ Li Yunxiao, what are you doing? ”

I’m just doing the same thing as Lord ding Shan, ” Yunxiao said with a smile. I’m doing what you’re doing.

Ding Shan’s expression changed drastically, and his face darkened in an instant. His eyes were spitting fire as he said angrily, “ “No wonder I felt that something was wrong. It was you!”

I just did the same thing as you, my Lord, ” Yunxiao said in surprise. is there anything wrong with that? ”

Ding Shan's expression was extremely sinister, but this was clearly not the time to settle scores. He could only swallow his bitter pill in silence, directly closing his eyes and continuing to absorb.

At the same time, Yunxiao was also crazily circulating the Qi of creation, and the yin and yang energy in the hall began to surge toward the two men in a visible state.

Even a fool would know what was going on.

"Stop!" Jing Yuan angrily shouted. Ding Shan, stop!"

He was shocked to find that he had been suppressed by the formation below. He had even lost contact with the Yin Yang cauldron and could not command it at all.

Not only him, but everyone else could feel the attraction from the ground and the pressure from the Yin Yang cauldron. They had completely lost the power to resist. They were like primordial stones embedded in the ground, allowing the array to draw out their power limitlessly.

Instantly, all sorts of curses and curses were heard, and they were all filled with anger.

But soon, everyone found that it was of no use. Ding Shan and Yunxiao were still absorbing the energy very quickly, and they had no time to pay attention to them.

The followers of the experts outside the formation, as well as some servants of Tianyuan trading company, all looked extremely pale. They were also suppressed by the force of the barrier and could not move at all.

Jing shaoyi panicked and said, "ding Shan, stop!" You dare to be disrespectful to the three elders. You can't bear the anger of liuming mansion!"

At this time, all kinds of wails and pleas for mercy rose and fell, but it was still useless.

"Boss, why are you fine? Save me, quickly save me. "

The second blade of Ling Yun's 12 blades, Xiang Hefeng, was trembling all over, and so was his third brother, Tangyu. The two of them looked at Luo Gaoyuan with pleading eyes.

Chapter 1637-truth

Although Luo Gaoyuan's expression was also unsightly, he wasn't beaten to a pulp like everyone else.

But, he was also very anxious. Yunxiao had only told him to be on guard, so he had been careful in the beginning. Not much of his power had been drained, but he had lost a lot of it. At the moment, he was suppressed by the array and the yin-yang cauldron, unable to move.

Luo Gaoyuan gritted his teeth and started to move slowly. Bean-sized beads of sweat rolled down his forehead. He wanted to force himself to stand up, but his body was shaking badly.

Ding Peng also felt dizzy, and he almost lost his balance. He said in a trembling voice, "Father, what's going on? I feel like I'm about to be sucked dry."

"Don't panic, you'll be fine," Ding Shan said anxiously. "You're just a medium. It's normal for you to feel this way when everyone's power is gone. Just hold on for a little longer."

"En!"

Ding Peng gritted his teeth and continued to hold on.

At this moment, Ding Shan's hands quickly formed a seal, as if he was increasing the absorption of power. Light smoke rolled up from the surface of his body and continuously entered his skin.

Yunxiao did not hesitate either. He had gradually felt the shackles of the mid-tier nine-star, and he was constantly extracting yin and yang energy to break through.

A terrifying phenomenon appeared around his body. The two Qi turned into the image of Nine Dragons and poured into his body.

All the Warriors were stunned. No one had ever seen such a cultivation scene.

Ding Shan's face was gloomy. Everyone's strength had almost been extracted, and the two of them had directly fallen out. No longer pretending to be gentle, they sucked as much as they could, but he found that he was far inferior to Yunxiao!

Jing shaoyi saw that the three elders' breathing was getting weaker and weaker and said anxiously, "Ding Peng, stop! Since our two families are connected by marriage, we're one family. You can't kill each other!"

"What?"

Yunxiao's heart trembled, and his eyes gleamed as he snapped, "What did you just say?"

Jing shaoyi was startled by his sharp gaze. He took a few steps back and said, "Ding Shan has already agreed to betroth Ding Ling'er to me.

Ding Shan stared coldly at Yunxiao and said, "That's right. My daughter and young master shaoyi are in love with each other. They are a perfect match."

Yunxiao felt a loud boom in his mind, and his mood became unstable for a moment. Under the obstruction of his Origin Energy, his entire body trembled uncontrollably, and his meridians became chaotic.

The strange phenomenon of the nine Dragons filling the body beside him immediately disappeared.

Ding Shan was overjoyed. While frantically absorbing, he said with a mouth full of nonsense, "My daughter fell in love with young master shaoyi at first sight a few months ago and has been living in Liuming mansion for the past few months. Don't you know that?"

Although Yunxiao knew that the man was deliberately provoking him, the chaotic mood still spread in his heart, and the aura in his body became more and more chaotic.

He hurriedly gave up on continuing to absorb. Instead, he changed his hand seals and began to guide his Qi to calm himself down.

Ding Shan was overjoyed and accelerated the absorption of the energy in the field. Everyone was lying on the ground in despair, their eyes full of resentment.

Jing shaoyi looked at the three elders lying on the ground in fear. He said in a trembling voice, "Lord ding Shan, since the two families have already formed a friendship, and Ling 'er likes me so much, the three elders are also one of us."

Ding Shan suddenly opened his eyes, stared at him and shouted, "Shut up! If you say one more word, I'll kill you right now!"

Jing shaoyi was frightened by his terrifying aura and didn't dare to make a sound.

Xu Wansen's face was also pale, and his body trembled as he said, "I see. So that's how it is. Divine transcendence. You're actually trying to break through to divine transcendence."

Ding Shan's body was constantly rolling, and the pressure that multiplied made everyone's heart greatly shocked.

This kind of power was the power that they had been looking forward to for a long time but could not obtain-divine transcendence!

Ding Shan's expression became more and more peaceful. He slowly said, "If not for this, why would I have to spend so much effort and sacrifice you all?"

Lord ding Shan, " Qi jingnian said in a trembling voice. since you've already entered the divine transcendence realm, and our cultivation is almost exhausted, please be merciful and spare our lives.

The others looked at him shamelessly, their faces full of disdain.

Almost everyone had the same thought when their strength fell from that of a nine-stars Martial Emperor. They did not intend to live at all. After all, losing their cultivation base was worse than death.

"I'm also forced to do this. I hope you can understand," Ding Shan sighed.

"Understand? I understand your mother's bear!" "If there's a chance, I'll kill all your ancestors!" Mao yingyan gritted his teeth and shouted.

Ding Shan shook his head, and said, "none of you are good people. How many people have died in your hands? " Which unparalleled expert didn't step on piles of white bones to reach the top? It's just that it's your turn to be stepped on now."

we're using our strength to trample on you openly, " Tang Yu said coldly. you're a despicable villain who's playing tricks and plotting!

Ding Shan said,"this can only be said to be an intellectual victory." The winner is king, and the loser is Bandit. Why do you need to say so much? isn't it better to quietly accept this cruel reality?"

Everyone felt a chill in their hearts. They had been peerless experts just a moment ago, but in the blink of an eye, they had all become weak old men. Not to mention commanding the wind and clouds, even extending their lives was difficult.

Luo Gaoyuan's face was pale, and he was still struggling. since you've already entered divine transcendence and everyone else is basically useless, they won't pose any threat to you. Why don't you release the formation and let everyone live? "

Ding Shan said,"although everyone has become medicinal dregs, it's a rare opportunity, so let's do our best to make full use of our remaining energy." I've just stepped into divine transcendence, so my realm is still unstable. I need the residual power of your medicinal dregs to stabilize my realm."

"Zhao Yao, you animal!"

Zhu qishui's body was also pale. He gritted his teeth and cursed, "We've known each other for so many years, but I was blind to have met you, you bastard!"

"That's too serious," ding Shan said. "When have we ever been friends?" Don't think too highly of yourself."

"Plop!"

Suddenly, ding Peng knelt down on both knees and said in a trembling voice, "Father, I can't hold on any longer either. I feel like my dantian is about to be emptied."

His body trembled even more violently than the others. All of the origin power was poured into the yin-yang cauldron through his body, and then released for ding Shan to absorb.

"Good son, hold on for a little longer." Ding Shan closed his eyes.

"Persist, you scum!"

Luo Gaoyuan suddenly let out a loud roar, and the blade light in his hand flashed as a huge blade shadow slashed out in the air.

Countless runes swirled around the blade, and its power was boundless!

Ding Shan's expression suddenly changed, and a trace of anger flashed through his eyes. He clapped his hands together and directly slapped out!

"BOOM!"

...

The blade shape shattered instantly, and the terrifying power spread out. The entire formation was broken, and the yin-yang cauldron was also sent flying into the sky, spinning and trembling.

“Pfft!”

Ding Peng finally spurted out a mouthful of blood. His body seemed to be torn apart, and countless Qi rushed out of his body, leaving many wounds. He fell to the ground, bleeding all over, and it was unknown whether he was still alive.

“You’ve spoiled my plans, die!”

In the chaotic Hall, Ding Shan’s cold voice rang out. He leaped down and pointed his finger towards the zang plateau.

A terrifying Aurora descended, so dazzling that it almost blinded everyone.

Luo Gaoyuan was shocked, and a sense of death welled up in his heart. He hurriedly turned The Phantom Gong blade and blocked in front of him.

“Bang!”

When the Aurora light struck the blade, Luo Gaoyuan instantly spat out a mouthful of blood, and his entire body was sent flying.

The humongous sound of the saber rang out continuously, but the surface of the saber glowed with a black light that devoured the surrounding spiritual energy. The Aurora seemed to be sucked in.

“Eh?” “This saber is not bad, it saved your life,” Ding Shan said with a slight frown.

...

“Clang!”

Nie Gaoyuan’s face was full of vigilance, but in the end, his injuries were too severe and he couldn’t support himself. He stabbed his blade into the ground and knelt down on one knee.

As soon as the formation was broken, everyone outside the formation ran in and carried the experts in their arms. They were all terrified.

Su Hong also helped Ding Peng up and said in fear, “Mr. President, the young master can’t hold on much longer!”

Ding Shan looked over and said, “You’re really useless. You’re dying so quickly. If you can’t, then forget it. Everyone has their own fate, you can’t force it.”

“What?”

Su Hong was shocked. Mr. President, ” he said in disbelief. young master is your son!

“Don’t say that, I don’t have such a useless son,” Ding Shan said leisurely.

Yunxiao opened his eyes in surprise and said, “Old man Ding Shan, have you cultivated to the point of stupidity? You don’t even care about your own son’s life?”

Ding Peng was also looking at Ding Shan in shock. His eyes were filled with confusion and confusion.

Ding Shan indifferently swept a glance at him and said, “Are you surprised? Do you think that father doesn’t even want your life? Hehe, how could a father be so heartless as to abandon his own son? The reason is that you’re not my son.”

“What?”

As soon as he said that, everyone was shocked. Ding Peng was completely dumbfounded. His eyes widened like those of a dead fish.

“Hehe.” Ding Shan stroked his beard and chuckled. although I’m not some peerless figure, I’m at least the leader of a Guild. I can be considered a hero of a region. How could I have such a useless son like you? ” This bloodline doesn’t make any sense.”

“How could this be, Yingluo? how could this be, Yingluo?”

Even Su Hong was dumbfounded. He stood there, not knowing what to do.

“You’re lying, you’re lying!” Ding Peng forced himself to take a deep breath and called out in a hoarse voice.

Ding Shan sighed and said, “it’s fine. Even if we’re not related by blood, we’re still father and son.” I don’t mind telling you the truth. Back then, I adopted you because you have a body with a balance of yin and yang. If I hadn’t cultivated you since you were young, how could you have obediently listened to me and willingly become the Medicine’s primer?”

Everyone in the hall felt their blood run cold. He had actually planned so far and wide for today’s situation!

Everyone had a strange feeling, but they suddenly felt relieved. They felt that it was not an injustice that they were schemed against today.

then, what is Ling ‘er’s identity?! Yunxiao suddenly asked.

Ding Shan looked at him, smiled strangely, and said, “Can you guess?”

guess? ” Yunxiao said coldly. guess? ”

“Hahaha!” Ding Shan laughed loudly, clearly in an extremely good mood, and said, “a titled Martial Emperor is indeed different from the rest. He can still be so calm at this moment.

Chapter 1638

1638 Ling ‘er’s background

what do you mean?” Yunxiao asked in surprise. What do you mean, President ding Shan?” I’m in a pretty good state right now. I’ve just absorbed so much spiritual Qi, and my whole body is full of true essence. How can I not be calm? I’m not like these people who have all turned into dregs.”

Everyone lowered their heads in shame and anger, full of anger.

“Lord Feiyang, since you’ve already seen through ding Shan’s scheme, why didn’t you inform us?” one of them said resentfully. As a titled martial sovereign, I can’t believe you have such a despicable character!”

Yunxiao sneered. who is this? do I know you?” he asked. You’re so stupid that you’ve been schemed against, and you’re actually blaming me? Everyone, running amuck in the world doesn’t just rely on strength, it also relies on intelligence.” He pointed at his head and drew circles.

“Also, this master Qi jingnian is still waiting to settle the score with me after this. The three experts from liuming mansion wished they could skin me alive. There’s a hole in my brain!” Yunxiao said coldly.

“Pa pa! Pa pa!”

Ding Shan clapped his hands and laughed, “good scolding!” In the pugilistic world, one could only blame oneself for losing. Reality was cruel. A loss was a loss. However, young master Yunxiao, are you sure you’ve won?”

I didn’t bet,” Yunxiao said. what do you mean by winning or losing?”

“Stepping into this Hall is gambling with your life,” ding Shan said.

are you trying to take my life? ” Yunxiao smiled faintly. do you want to take my life? ”

Ding Shan slowly raised his hand and pointed at Yunxiao as he said, ” “That will depend on you, not me.”

hehe! Yunxiao laughed hideously and said, ” let’s not talk about this first. I’m very curious, how did you change the nine Yin nine yang breaking crisis pill into this evil technique? And what’s with the pill fire in the Yin Yang cauldron?”

Ding Shan’s eyes brightened, as if he was interested. He said proudly, ” “This is the result of my research over the years.” He walked to the front of the Yin Yang cauldron and smacked it.

The lid of the cauldron flew up with an explosion. A bright light flashed out, and the fragrance of the pill filled the air.

disaster-breaking pill?!

Everyone was shocked and looked at the pill excitedly. A few experts even wanted to get up from the ground and struggled over, roaring, ” “Break disaster pill, give me the pill, give me the pill!”

Ding Shan looked at them with pity and said, ” “There’s no need to struggle. Even if you take all five of these pills, you won’t be able to recover.” He kicked away a person who was crawling over to him.

The man was instantly penetrated by the Qi and died on the spot.

Yunxiao seemed to have come to a sudden realization as he said, ” “I roughly understand. This process is actually still alchemy, but with the exception of these five pills, all the other pills have melted and were absorbed by you on the spot. The advantage of doing this was that he didn’t have to worry about the pill’s backlash, and he could methodically break through the barrier to the peak. Tsk, tsk, what a genius.”

Ding Shan’s face was full of admiration, and he said, ” “As expected of martial sovereign Vanquisher, you saw through the situation with one look. Other than that, the most important thing is that I’ve modified the formation so that the power of the medicinal ingredients can be extracted to the greatest extent.

It's a pity that we left out young master Yunxiao and nie Gaoyuan, and these medicinal ingredients weren't completely extracted. What a pity."

by the way, young master Yunxiao used up a lot of them. Is it really good for you to take the fruits of my labor for free?" Ding Shan's face was full of blame.

"Hehe, I'll just take it as a red packet from the president."

congratulations, my Lord," Yunxiao cupped his hands and said with a smile. you've become a transcendent and divine being. From now on, you're an unparalleled expert in this world. Your cultivation base isn't stable yet, so you should rest more. I won't disturb you, so I'll leave first." He turned around and was about to leave.

"Martial sovereign Vanquisher is so humorous."

A sneer appeared at the corner of ding Shan's mouth, and he said,"No wonder my daughter is so smitten by you." In a flash, he appeared in front of Yunxiao and stretched out his five fingers.

Yunxiao's body flickered, and he took two steps back. Then, he slapped his palm, which had turned golden, on ding Shan's arm and knocked it away with a bang.

Ding Shan's move missed, and he was slightly shocked. He originally thought that with his extraordinary strength, he would be able to easily capture anyone below the martial Dao. However, he didn't expect the other party to look so relaxed.

He grunted in his heart and changed his moves again. Several dazzling lights jumped on his fingertips and directly pointed at it.

"Whoosh! Whoosh!"

The space was pierced, and the sound of friction was painful to the ears.

Yunxiao's body transformed into a green Thunderbolt, which exploded into nine Thunder Dragons and scattered in all directions, avoiding the power of the Aurora.

In the next moment, lightning flashed and all the lightning gathered above the hall, transforming into his true body. He looked down with a cold smile.

The wrinkles on Ding Shan's forehead became even deeper, and his eyes were filled with a grave expression of disbelief. He said, "You dodged my attack so easily?"

I told you, President, you've just been promoted," Yunxiao sneered. your realm is not stable yet, and you need more rest.

"Hmph!"

Ding Shan coldly snorted, and his gloomy face gradually dissolved into a smile. He said, "I'm very pleased that young master Yunxiao has such strength. I'm relieved to entrust Ling'er to you.

Ling'er?" Yunxiao frowned and asked, "where is Ling'er?"

"Don't worry, she's very safe now." Ding Shan smiled. What, she missed him after not seeing him for a few days? If young master Yunxiao is interested, why don't I make the decision today and let you two be together forever? That way, we'll be one family." He blinked his eyes and said with a smile.

Ling'er?" Yunxiao's face was dark. is Ling'er your biological daughter?"

Ding Shan smiled bitterly and said,"of course he's my biological son." Ding Peng's role was to balance yin and yang, and he was used as a medium. Ling'er is a girl. If she's not my biological daughter, why would I raise her?"

Yunxiao looked at him suspiciously, clearly not believing him.

"Sister Qianqian, sister Qianqian is my biological sister Qianqian"

Suddenly, ding Peng's weak voice was heard, and he struggled to say, "there's a birthmark on my sister's waist that's exactly the same as mine. It's definitely not the devil's!"

He tore his long robe, and there was indeed a crescent-shaped birthmark at the waist. He pointed at it and said, "Big sister's birthmark is the same as mine."

Yunxiao immediately saw the birthmark, and he felt an indescribable sense of relief. "I see."

"Unfilial son!"

die! ding Shan shouted coldly and said angrily, "disgraceful! Die!"

He struck out with his palm, and several beams of light interweaved in the center of his palm. With a boom, the space in front of him was instantly torn into pieces, and ding Peng was completely crushed before he could even scream.

"Hmph! I've raised you for over ten years, and this is how you repay me? This is the consequence of being unfilial!" His face was cold as he looked at the ground full of minced meat with a cruel expression.

Yunxiao had sensed danger and wanted to stop it, but it was too late.

After all, ding Peng was Ding Ling 'er's younger brother. Such a big change in his background, and his younger brother had been killed by his adoptive father after being used by him, would be a big blow to him. He was so upset that he blamed himself for not being able to save ding Peng.

young master Yunxiao, please don't believe what that unfilial son said, "ding Shan said seriously. Ling 'er is undoubtedly my beloved daughter. Otherwise, I wouldn't have let her manage Tianyuan trading company for so many years.

Yunxiao was taken aback. These words suddenly solved some of his doubts. No wonder the power of the entire Tianyuan trading company seemed so weak when Ding Ling 'er was in charge. It turned out that

Ding Ling'er was not her biological daughter, so the core power had always been in Ding Shan's hands and had never been demoted.

...

"Didn't you already betroth Ling'er to the eldest young master of Liuming mansion? A daughter doesn't marry two husbands." Yunxiao said slowly.

"Ha, what a joke. What eldest young master of Liuming mansion? who the hell is he?" Ding Shan coldly laughed.

you're good! Ding Shan, you're good! Jing shaoyi, who had been squatting on the ground and healing the three elders, stood up when he heard this. He was so angry that his face turned red. "You've completely offended our Liuming mansion. What's waiting for you is Wufu."

"Bang!"

A yellow Aurora shot into his head, and before he could even speak, it exploded like a watermelon. He became a headless corpse on the spot and fell down.

"Ah?"

The three elders of Liuming mansion were dumbfounded. Soon, they cried out in grief and indignation, "young master! Young master! We're useless, we're useless to protect young master!"

The three of them were already like lamps that had run out of oil. Their hair was white and their skin was wrinkled. At this moment, they looked even more miserable as they cried.

The rest of the Warriors also felt sad. They knew that they couldn't escape this time, and their eyes couldn't help but turn red.

“Al.” Ding Shan heaved a long sigh. it’s rare for the three elders to be so loyal and righteous. How can I break other people’s moral integrity? I’ll send you to follow your young master now.

The three elders were also pierced through the chest by Aurora Polaris, spurting blood and dying on the spot.

...

no! Zhu qishui gritted his teeth. the one who started this will have no descendants! Ding Shan, you’ll definitely die without descendants!

“Tsk, tsk, thank you for your concern, brother wishui.”

Ding Shan smiled elegantly, and there seemed to be a trace of pride on his face. He said, “ “This little brother has a son for a long time, it’s just that he’s never been by my side. Don’t worry, he’s already accomplished, and his future achievements will definitely not be below mine. On the other hand, brother qishui, your words are so vicious that I’m already harboring hatred in my heart. I’ll go investigate my three clans ‘relatives later.”

His words were neither fast nor slow, and there was no color in them, as if he was talking about a trivial matter in life. However, when everyone heard it, they couldn’t help but shiver, and a chill kept surging from the bottom of their hearts.

Zhu qishui’s eyes almost popped out of their sockets as he roared, “Bastard! The whole merchant Union will not let you off for what you’ve done!”

thank you for your reminder, brother, ” ding Shan said. I believe that everyone here is a man of integrity and will not spread what happened today.

Everyone shivered and didn’t dare to make a sound.

Xu Wansen’s face was livid, “ding Shan, if you had killed the two of us, Mando and the thunderwind Chamber of Commerce wouldn’t have fallen into your hands. Myriad treasures store and money gang

have always been eyeing us like tigers watching their prey.” If you can let the two of us live, we can obey you, which means that you have control of three Chambers of Commerce behind the scenes at the same time, which is enough to become an existence to compete with the myriad treasures store and money gang!”

Chapter 1639

1639 Be my son-in-law

Ding Shan cupped his fists and said, ” thank you for thinking about me, brothers. However, since I’m using you as medicinal herbs, I’ve naturally thought of the next response. Once the two brothers die, the two large Chambers of Commerce will naturally fall into my hands.

“You’re so silly!”

The two of them were stunned. They felt that the person in front of them had calculated everything correctly and was too terrifying.

Xu Wansen let out a long sigh and said, ” “Lord ding Shan, we admit defeat, and we are sincerely convinced of our defeat. I, Xu Wansen, am a hero with a reputation in the world. I don’t want to be humiliated by you. After you leave today, I hope you won’t implicate my family!”

He slammed his palm on his own forehead, and a line of blood instantly shot out. His body fell to the ground, dead.

Zhu qishui knew that he would not be spared, so he immediately knelt down and kowtowed three times to ding Shan. He said with tears of blood, ” “It was my slip of the tongue just now. I hope you can forgive me if I have offended you in any way. Please don’t involve my family.”

“Bang!”

Zhu qishui slammed his head on the ground after he finished speaking. The rocks were shattered, and his head fell off. Blood flowed in all directions through the cracks in the rocks.

Two of the seven Chamber of Commerces, the two famous presidents, had died a tragic death.

What was even more lamentable was that they had to beg the enemy before they died.

Everyone's faces turned pale, and endless sorrow spread in their hearts.

"Too tragic, too tragic."

Yunxiao shook his head and said, "I can't stand it anymore. So, I plan to go back and take a nap to drive this nightmare out of my mind. Goodbye, Lord Ding Shan."

He turned into a bolt of lightning and tried to escape from the hall.

young master Yunxiao, you're being naughty again. Back then, the East Ocean killed eight thousand miles of the ocean, and the entire ocean was covered in dazzling red rainbows, but you didn't have any nightmares.

Ding Shan's figure flickered, and nine-colored Aurora gushed out from his body. As he flicked his five fingers, they criss-crossed with each other and turned into a large net that covered the sky and covered the earth. The entire Hall was immediately enveloped by nine lights.

"You should stay and be my son-in-law!"

"Pa la!"

As soon as Yunxiao's figure touched an orange light, it bounced off and transformed into his true form, with countless electric arcs rising from his body and shining brightly.

Luo Gaoyuan stood up with his saber in hand and shouted, "Lord Feiyang, let's join forces and kill this old thief!"

Yunxiao's face darkened. It was not that he had not thought about killing Ding Shan, especially since he was almost certain that he was the murderer of Yuwen Bo. But, if he were to fight with all his might here, half of New Yan City would be destroyed.

At this moment, there were countless experts in the city, and no one could say for sure what kind of chain reaction would occur. Moreover, Ding Ling'er was still in his hands, so he seemed to be a little cautious.

The other party was also a divine transcendence expert. Even if he joined forces with Che You, if he insisted on escaping, it would be very difficult to escape. For a moment, he was hesitant.

Good son-in-law, as long as you submit to me, the great situation of the Merchant Union will be in my pocket. It will be a great benefit for you. Let's have a good talk.

Ding Shan stared at him, his divine sense completely locked on Yunxiao. The whole field fell silent under a powerful suppression, and only some heavy breathing could be heard.

Yunxiao's heart lurched. He saw a kind of determination in Ding Shan's eyes, a determination that he must get rid of.

"Where do you get your confidence from? Do you think you're invincible just because you've entered divine transcendence?"

"Hehe, of course not. However, without this kind of power that transcended the martial Dao, it was impossible for one to conquer the world. This is just the beginning."

Ding Shan's eyes shot out a bright light, and he said heroically, "With your help, I can compete not only in the Merchant Union, but also in the whole world!"

"I'm sorry, but I don't have any great ambitions," Yunxiao said. "I just want to practice my martial arts and alchemy in peace and be a beautiful man."

Ding Shan revealed a look of deep disappointment and sighed, " my heart was with the moon, but the moon shone on the ditch.

His clothes fluttered in the wind, and his entire body slowly floated up. His body shone with a bright white light, like a Pearl.

Yunxiao immediately became vigilant. He held the frost Sword in his hand and pointed the tip of the sword forward, letting out a sword sound that lingered in the air. According to his estimation, ding Shan had just broken through the shackles of the peak of martial Dao. There was still a certain distance between his realm and the true divine transcendence. It was almost impossible to keep him here.

Everyone hurriedly retreated to the sides, both surprised and overjoyed. They were overjoyed because if Yunxiao attacked, they would have a better chance of escaping, but they were shocked because they were afraid that the aftermath of the battle would turn them into ashes.

Suddenly, an opening was slowly torn open in the extremely oppressive air current. Glazed light flickered out. Someone had actually entered by force!

"This aura is dense."

Yunxiao was taken aback. He took a few steps back and turned his sword around, putting up a defensive posture.

"Let him go," The ray of light was still in a daze as it spoke faintly.

But, under Yunxiao's gaze, he had already seen the man's true identity, and all the doubts in his heart were swept away. With this man's support, it was no wonder that ding Shan had such great confidence and courage.

Ding Shan seemed to be very unwilling, frowning as he said, " "But Yingluo"

"You can't stop him with your current power," the man said."Even with me, you might not be able to."

“How is this possible?” Ding Shan was shocked and said in disbelief. He’s only just broken through to the mid-stage nine-star Martial Emperor realm, but he’s already so far from you and me in terms of realm!”

don’t forget that he has a Supreme grade profound level weapon and a divine transcendence expert as his follower, ” the man said. if we really fight, new Yan city will be in ruins before Ling Baiyi comes.

Ding Shan’s entire body trembled, and he said in shock, ” a divine transcendence expert? How is this possible?”

The rest of the people were also shocked. It was known to the world that Yunxiao had a Supreme-grade Mystic artifact, but it was simply unimaginable that he had an extraordinary expert following him!

The man’s voice was still flat and unremarkable. “I’m certain of this. Even if I can keep that man busy, are you sure you can keep Yunxiao here?”

Ding Shan snorted and smiled bitterly. “Even if I’m confident, I can’t do it in such a critical moment.” He slowly landed on the ground, the light on his body completely dissipating.

Yunxiao’s eyes turned from the glazed light to Ding Shan suspiciously. The white light gave him a sense of trepidation, as if it contained an extremely powerful move and artifact, and even a little familiar.

good son-in-law, I don’t want to fight you. I hope you can consider my suggestion today. Ding Shan was also an outstanding person, changing his face faster than turning the pages of a book.

Yunxiao turned his eyes back to the glass light and said with a smile, ” “So it’s you. Since you’ve already come out, why don’t you show yourself for everyone to see? Besides, I haven’t seen you for many years. Have you gained weight or slimmed down? This young master really misses you.”

The man didn’t speak for a long time before he said, ” “We’ll meet again soon. You and I are friends, not enemies.”

I hope so, ” Yunxiao said with a smile.

He turned around and left with his sword in hand. A ray of sword radiance struck out and instantly shattered the barrier around him. The space around him seemed to blur for a moment. Then, with a flash of lightning, he disappeared.

...

As soon as the barrier was broken, everyone was thrown into chaos and flew in all directions.

Ding Shan flew into a rage and scolded Yunxiao. He quickly performed incantation gestures with both hands, sending out beams of auroras that shot through the air and formed a net, trying to stop the crowd again.

“Forget it, let them go.”

you’ve already caused such a big commotion, ” the man in the glazed light said. the whole world will know about it soon. There’s no point in killing these people.

Ding Shan muttered to himself for a moment, then waved his hand. Instantly, the light that filled the sky dispersed.

More than half of the hall had been destroyed during the battle with Yunxiao, so there were only a few corpses and a large piece of minced meat left on the ground. The people of Tianyuan trading company were also trembling in fear, not daring to speak.

Su Hong, get someone to clean up this place. At the same time, tidy up the meeting hall. I have to entertain the important guests, ” ding Shan said.

“Yes!”

Su Hong quickly replied. After experiencing this, his mind was still in a daze and he could only do things mechanically.

“No need, I didn’t want to appear. But, when I saw that you were going to deal with Yunxiao by force, I had no choice but to come out and stop you.”

“At the same time, I’d like to ask for a pill from you,” the figure in the glass light said.

...

Ding Shan’s gaze fell on the Yin Yang cauldron. Inside, there were five medicinal pills that were overflowing with light and color, and their spiritual energy was overbearing.

The glazed light became stronger and stronger as it shook. The space was gradually torn apart, and the ball of light slowly fell to the ground, turning into three figures.

The one in the lead wore a plain gray robe and looked calm. He was Cangwu Qiong, one of the Holy region’s administrative divisions.

One of the two people behind him was his disciple, Zhou Chu, and the other was Qin Chuan.

Ding Shan looked at Qin Chuan, his eyes becoming somewhat hot.

“The spirituality of these five pills is extremely high,” Cangwu Qiong said. “I wonder how high they are?”

Ding Shan retracted his gaze, sighed, and said, “Yunxiao’s interference this time has achieved my intended purpose, but it’s a great pity. These five pills only have the power of seven Yin and seven yang, and their effects are one-tenth of the real nine Yin and nine yang.”

“That’s already pretty good,” Cangwu Qiong replied. “I didn’t know that Li Yunxiao was among the people you picked, or I would have stopped you.”

“It’s all because Ling ‘er begged me to let Li Yunxiao come,” Ding Shan said with a bitter face. “Besides, he has a Supreme-grade profound level weapon. How can I not be tempted? Who would’ve thought that he’d be able to see through my technique and even get a share of the loot?”

Cangwu Qiong's expression changed as well, and he said in a deep voice, "Don't forget that he's Gu Feiyang! In the future, don't go against him at will. He's involved in too many things, and I'm afraid he's holding the will of heaven, so don't provoke him lightly!"

Ding Shan had never seen him so cautious. He was stunned for a moment before saying, "I know."

"Now that you've become a divine transcendence expert, you'd never have imagined that the fake pill formula he intentionally leaked would actually create a peerless expert! He'll receive the news soon, and I wonder how much regret he'll have."

Ding Shan sneered coldly, "Wan Yiqian still thinks that everything is within his calculations, but he doesn't know that countless variables have already been created." Now that I have the four Chambers of Commerce in Tianyuan, Leifeng, Mando, and Tianyi, it's impossible for him to even unify the merchant Union, let alone dominate the world." His face was full of excitement, and the more he spoke, the happier he became. However, his eyes would occasionally look at Qin Chuan.

Chapter 1640-father and son

Cangwu Qiong said, "if you weren't afraid of Ling Baiyi's incident, I would've let you use this move later and break through to divine transcendence. At that time, the power of the myriad treasures tower would be weakened. You could then take advantage of the situation and rise. That would be the best. However, I'm afraid that you're not strong enough. It'll be troublesome if an accident happens midway."

"I'm in a very good state at the moment," Ding Shan said. the feeling of standing at the peak of life is too wonderful. I can't wait to arrive as soon as possible!

Cangwu Qiong laughed, "we've already waited for more than twenty years, so why would we care about such a short time?" As for how far you can go, that'll all depend on your own luck."

Ding Shan chuckled. don't worry. I've been scheming for twenty years. Furthermore, I've been lurking in the myriad Treasure Tower for more than ten years. It'll definitely be foolproof. His gaze was fixed on Qin Chuan the entire time, and it became more and more heated, as if he wanted to say something, but he hesitated.

Qin Chuan's expression was also somewhat excited. Finally, he took a step forward and bowed, saying, "Your child greets Lord father!"

"Hahaha!"

Ding Shan laughed happily and hurriedly went forward to help him up. He said happily, "The day I've been waiting for has finally come. You and I, father and son, will be reunited!"

The two of them were very excited, their arms and legs tightly intertwined.

Ding Shan's eyes were slightly red as he said, "You must have suffered a lot following black universe protector! Father has not fulfilled his responsibility for so many years. When I unify the merchant Union and rule the world, I will make it up to you."

"Father, you're being too serious. I'm fine being by master's side," Qin Chuan replied with a smile.

"Good, good! I should really thank Lord hei Yuhu for raising my son to such an outstanding level!"

Ding Shan was very gratified and happy, and said, "Come back to my side now. Your mother's surname is Qin, so she asked you to call her Qin Chuan. Now, it's time for you to change your surname back. From now on, you'll be Ding Chuan!"

Qin Chuan said, "I've been using the surname Qin for so many years. I'm not used to changing it all of a sudden. Moreover, I also want to commemorate my mother who I've never met. I'll still be called ding Qinchuan."

"Ding Qinchuan, ding Qinchuan!"

Ding Shan repeated it a few times and repeatedly applauded. He said, good name, good name. From now on, you'll be called ding Qinchuan!

Qin Chuan faintly smiled, and his emotions were also mixed. He immediately hugged Ding Shan and affectionately called out, "Father."

"Yes, good son!"

The father and son hugged each other tightly, both extremely happy.

Zhou Chu was dumbfounded. Only now did he know Qin Chuan's true identity. He couldn't help but laugh. "Congratulations Brother Qin Chuan for recognizing your ancestors and clan."

Qin Chuan smiled as he expressed his thanks. He then said, "Ding Peng is dead. What about Ling 'er? How does father plan to deal with little sister Ling 'er?"

I know you have a good relationship with Ling 'er," Ding Shan said. If you like her, you can marry her and be her wife or concubine. Or you can just play with her. It's up to you. It's just that father killed her younger brother, and that year, he killed her family. I'm afraid that this hatred will be buried in her heart, and one day, it will sprout."

Qin Chuan sighed worriedly and said, "I really didn't expect things to come to this. I've always regarded Ling 'er as my younger sister. Moreover, I already have someone in my heart. Father, you're overthinking things."

"Oh? Which family's daughter is so lucky to be able to receive my son's favor?" Ding Shan Yi's interest was piqued.

"I won't say anything for now," Qin Chuan said with a smile, his face slightly red.

"Haha, you're shy. Fine, I'll just wait and see who in this world is worthy of my son!"

Ding Shan laughed, then immediately retracted his smile. A cold light flashed in his eyes as he said, "Since you are not interested in Ling 'er, this girl will always be a scourge, Yingluo."

Qin Chuan's entire body trembled as he hurriedly exclaimed, "No! Although I won't marry Ling 'er, I don't want her to be hurt. Moreover, her existence won't have much of an impact on us, so I hope that father won't fight with her!"

"Alright, since you're the one asking for her hand in marriage, I'll spare that girl. Besides, this girl will be an excellent card to use against Yunxiao."

I hope sister Ling 'er can be with li Yunxiao in the end," Qin Chuan said with a worried look. I hope she can be with li Yunxiao in the end.

Ding Shan looked at him, and said earnestly, "Son, a man can't be too sentimental, or he'll be a hero!"

"I'll remember father's teachings," Qin Chuan said as he cupped his fists.

Cangwu Qiong laughed. this is the first time you've reunited as father and son. You should be enjoying your time with your family. However, now is not the time. Let's meet again in the future.

"Sir Cangwu Qiong is right, I still hope to learn from master for a few more years," Qin Chuan replied.

Ding Shan patted his shoulder and said in relief, "That's good. Following Lord Black universe protector is indeed better than staying here. Work hard, son, this world will be yours in the future!"

"I will," Qin Chuan said with determination.

Cangwu Qiong replied, "it's getting late. I'm afraid that Wan Qian will send someone over soon. It's not appropriate for me to stay here. How many of these pills can you give me?"

Ding Shan frowned and said,"how many?" How much do you need? I was planning to give it all to my son."

"With Qin Chuan's current strength, it's a bit of a waste to consume five pills," Cangwu Qiong muttered. How about this, I'll take two and leave three for him, what do you think?"

Ding Shan looked at Qin Chuan with a slight inquiry. Qin Chuan hurriedly said, "Three pills are enough."

after you take these three pills, " Cangwu Qiong said with a smile, " you'll be invincible among all the young people in the world, except for li Yunxiao.

Qin Chuan's eyes flickered with a cold glint as he replied, "I hope that one day, I will be able to catch up to him and battle him at the peak."

Ding Shan laughed, " haha, you're ambitious. I like it! But don't be discouraged. After all, Yunxiao is the reincarnation of Gu Feiyang, and he has the experience of his previous life, as well as the heaven-defying opportunities. You can't compare to him in all aspects."

"There will be a chance. Let's go," Cangwu Qiong said.

He waved his arm, and a ray of light flew out and swept up the five elixirs in the yin-yang cauldron. Three of them were shot towards Qin Chuan.

Then, he turned around and the three of them turned into glass lights and disappeared from the hall.

In a short time, all kinds of rumors and news spread throughout the whole new Yan city. The whole city of the merchant Union was shocked, and the great influence continued to spread to all parts of the realm of heavenly martial arts.

I heard that ding Shan killed 18 nine-star martial sovereigns sent by Ling Baiyi by himself. He drank their blood and directly crossed the peak of martial Dao, becoming one of the few experts in the world.

"Are you stupid? where did you hear that from? The 18 nine-star martial sovereigns were the hidden experts of Tianyuan trading company, and they were all killed by Ling Baiyi in one night! Tsk, tsk, Martial Emperor Night Shadow is indeed scary!"

"No way? Ling Baiyi had come? He really dares to come?"

“Why wouldn’t I? Even the young master of Tianyuan trading company, Ding Shan’s son, Ding Peng, had half of his head cut off by Ling Baiyi’s “Wild Geese falling on the sand” technique. He died on the spot. Ding Shan almost went crazy, and he only managed to force Ling Baiyi back after going crazy!”

“A titled martial sovereign is so powerful! That Ding Shan has to send off his black-haired son. Such a huge business without a successor, it’s really pitiful.”

exactly. I’m afraid that Tianyuan Chamber of Commerce will never recover and will withdraw from the Council of the business union. Alas!

The matter of Tianyuan trading company had stirred up a storm in New Yan City, and for a time, people were even more anxious.

...

It was quiet in Empyrean One Pavilion, but it seemed a little bleak under the sunlight.

Su Lianyi was deeply worried and her face didn’t look good.

The news she received was naturally the most accurate, and she knew everything. Besides, Yunxiao had disappeared after the incident, and there was no trace of him at all.

“How is it?” She asked one of her disciples.

All the core members of Empyrean One Pavilion had gathered together. They had different expressions on their faces as they conversed carefully.

“Yes, President,” the disciple said hurriedly. “There’s still no news of Li Yunxiao. The new president has already taken over the Thunderwind Chamber of Commerce and the Mando Chamber of Commerce. He announced that the Tianyuan Chamber of Commerce would be the leader of the two Chambers of Commerce, and the three Chambers of Commerce will work together to form an eternal alliance.”

“Hmph! What did it mean to be allies forever? Wasn’t the Business Alliance an ally? They actually secretly made some kind of Alliance!” One of the elders was in a bad mood.

Su lianyi only felt a wave of exhaustion. This result was inevitable after the incident happened. Also, she finally understood why Zhu qishui and Xu Wansen suddenly distanced themselves from him. It turned out that they were on ding Shan’s side and wanted to fight against the myriad treasures store together. However, they didn’t want to be the first to die tragically. The two major Chambers of Commerce were just handed over to someone else.

She couldn’t help but feel a chill in her heart, and her whole body was cold.

What kind of people were in the merchant Union? how could they have such a deep and terrifying plan? He was like a lamb waiting to be slaughtered, either by myriad treasures store or Tianyuan trading company.

“Mr. President, since things have come to this, why don’t we choose a side earlier to avoid falling into a passive situation where neither side will benefit?” One of the elders suggested.

...

“Then which side do you think is more suitable?” su lianyi said coldly.

The elder’s eyes brightened. although ding Shan has entered divine transcendence and swallowed up the other two Chambers of Commerce, he still hasn’t had enough time. He’s not powerful enough yet. I suggest he join the ten thousand treasures tower.

“No, although myriad treasures store is still the leader of the merchant Union, they are old. In my opinion, the situation is more powerful than the people. The strong rise of Tianyuan trading company is the replacement of the old and the new forces. We can get the best benefits if we join President ding Shan earlier.” Another elder carefully analyzed.

“Hmph, seek refuge with ding Shan? You can’t be a spy he planted, right? You should know that ding Shan is ranked behind our President in terms of seniority.”

“Don’t slander me! This wasn’t an era where seniority mattered, but where the strong were King! Do you dare to say those words in front of Ding Shan?”

“Enough!”

Su Lianyi was annoyed by the two’s argument and angrily rebuked, “ the Empyrean one Pavilion won’t side with anyone. Let’s see which one of them can eat us up!

“Pa pa! Pa pa!”

A burst of applause and teasing laughter came from outside the hall. Lady Lian Yi is a woman who is not inferior to men. She is so heroic. It’s a pity that this is not a wise move.

All the people of the Empyrean one Pavilion were shocked. They all stood up and looked out of the hall.

More than a dozen figures rushed in, led by the Golden-edged and silver-edged old Lai, the leader of Tianyuan trading company!
