

The Eternal 1641

Chapter 1641-turmoil in Empyrean one Pavilion

Su lianyi's expression was extremely unsightly as she angrily rebuked, "our Empyrean one Pavilion is having a meeting. Who let you in?"

The old man laughed, "lady lianyi, you're being too serious. What do you mean by barging in?" The Empyrean one Pavilion and Tianyuan Chamber of Commerce have always been on good terms. They've helped each other and joined the same Chamber of Commerce in person."

"In-laws?" Su lianyi sneered. are you guys forcing me to join the myriad treasures store?"

"Myriad treasures store will also become a thing of the past. With Your Excellency's intelligence, you won't be unable to see the situation clearly," old Lai said.

More than a dozen people behind him surrounded the crowd, and the cold killing intent emitted from their bodies made people tremble.

Su lianyi was extremely shocked. Although the so-called golden edge and silver Radiance weren't strong, the killing intent that caused one's heart to palpitate was something that was honed from countless life-and-death situations. With just one look, one could tell that they were all experts in killing.

However, she still had a mocking expression on her face as she laughed, "Ding Shan is too arrogant. By using schemes and intrigues, he brought harm to countless powerhouses to climb up the ranks. Sooner or later, such a person will be killed by the powerhouses of the world. I am ashamed to be associated with him."

sigh! the old man sighed and said, "are you going to the bloodshed heavens Pavilion today?"

"Hahaha, old dog, you're too arrogant!"

Su lianyi was so angry that she laughed and shouted, "These low-level goods dare to talk about a bloodbath? If you dare to be rude again, don't blame this Lord for sending you to the West!"

She circulated her vital energy, and two rays of light gushed out. They intertwined in the sky and condensed into a purple-black flower. The bewitching colors kept jumping around, and it was abnormally terrifying.

The old man's expression changed slightly. He clenched his fists and shouted, "Daren, do you really want to go against the situation?"

"The situation is human's doing, enough nonsense, if you want to fight, then fight! If I want to take over the Empyrean one Pavilion, I'll have to fill Ding Shan's stomach until it breaks!" Su lianyi's face was filled with determination and she didn't take a single step back.

The elders were also bewildered. One of them said in a deep voice, "Su lianyi, how can your will represent the entire Empyrean one Pavilion? I don't agree to go against Tianyuan trading company. We are merchants, do we have to sacrifice our benefits for the sake of harm?"

This man was the elder who had proposed to submit to Tianyuan trading company. Everyone looked at him with different expressions, each having their own thoughts.

Gong qiaozhen! su lianyi was furious. She shouted, "you've been bribed by Tianyuan trading company!"

Gong qiaozhen felt a little guilty under the powerful pressure, but she still gritted her teeth and said, I'm right. Is stopping you from bringing the Empyrean one Pavilion into eternal damnation the same as being bribed?"

Su lianyi swept her gaze across the faces of the elders. Their expressions were fluctuating as if their hearts were wavering.

even if we want to surrender, we should discuss it first before making a decision," she said angrily. we can't surrender under the pressure of others. What dignity is there to speak of like this?! All of you are also world famous experts, don't tell me you don't even want this bit of face!"

Her words made everyone's faces turn red, and then they were all angry as they stared coldly at the old man.

Gong qiaozen's expression changed and she shouted, " elders, don't be fooled by her words. Tianyuan trading company is going to unify the merchant Union. Lord Lai personally came to persuade us. Even with such sincerity, she still stirred up trouble. I feel that su lianyi is not suitable to be the pavilion master of the heavenly one Pavilion with her ability!

Everyone's expression changed slightly, and some of them were in an uproar. They all smelled the scent of conspiracy and subversion.

However, those who could discuss matters here were all experienced people. At this juncture, no one would rashly express their opinions or pick a side. After all, it would directly affect their future prospects and even their lives at this moment.

The old man laughed and said,"it seems that there are still people in the Emyrean one Pavilion who understand." President Lian Yi, a wise man submits to fate. Many people understand this saying, but why don't you?"

Gong qiaozen cupped her hands together and said with a pious expression,"Lord Lai, su lianyi is so stubborn. Not only did she harm herself, but she also wanted to drag the Emyrean one Pavilion into the abyss. The elders and I will never agree to this. We hope that Lord Lai will take into account the fact that we're all from the merchant Union and help us clean up the mess and remove this man from his position as President!"

Su lianyi and the other elders 'expressions changed drastically. They were extremely furious. This was already an internal and external collusion to force the abdication.

The old man stroked his beard and nodded. Elder Gong is right. We're all from the merchant Union. How can we bear to see your Emyrean one Pavilion decline? " Fine, I'll just contribute a little to the Union of the merchant Union."

With a wave of his hand, more than a dozen people immediately unsheathed their profound level weapons. The light of swords and blades slowly lit up the hall. The killing intent gathered together like an iron wall, rolling over.

The purple and black lights in front of su lianyi were flickering under the air pressure. She raised one hand, made a hand seal, and said in a cold voice, "Is this the power that ding Shan has been hiding by his side-golden edge and silver Radiance? I'll turn all of you into history today."

With a change of his hand seal, the dual-colored flower bloomed in the sky, and a vast power surged out continuously.

In an instant, the entire Hall turned into a rain of flowers. Countless petals fell and scattered in all directions.

Each petal fell on the killing intent barrier like a stone thrown into a Lake. With a bang, it shook the waves. In an instant, countless ripples spread in the surroundings. The entire Hall became dazed and collapsed.

"Su lianyi, don't be so arrogant! What punishment do you deserve for destroying the headquarters main hall?"

Gong qiaozen raised her hand, and a golden light fell into her palm, turning into the Golden Dragon scissors.

He opened the scissors with both hands and cut it. With a "Kacha" sound, a flood dragon actually appeared indistinctly. It roared and advanced in the rain of petals.

Su lianyi's expression changed as she shouted, "Traitor, I'll send you to the West first!"

Her five fingers changed shape and formed seals. Her right palm turned black and hit the Dragon's forehead.

"Bang!"

Su lianyi's palm turned into a black flower and pressed on its forehead. Cracks kept appearing on its forehead.

The flood Dragon's body constantly struggled and trembled, roaring repeatedly in extreme pain.

"Damn it!"

Gong qiaozhen leaped up and formed a hand seal. The flood Dragon immediately turned into a golden light and flew back into her hand. It turned back into a pair of Golden Scissors and flew down.

Now that the gang was undergoing a great change, she had to show enough sincerity to Tianyuan Chamber of Commerce in order to gain more benefits in the future.

Moreover, since they had already fallen out, there was no turning back.

Su lianyi's eyes turned cold as her killing intent rose. She had to cut the Gordian knot immediately and execute Gong qiaozhen on the spot. Only then would she be able to suppress everyone's impetuous emotions and stabilize the situation.

She formed a hand seal and a Lotus appeared in her palm. White light appeared on her forehead and it opened up like a water mirror. In the mirror, there was a similar flower, but the color was different.

The flower in the mirror shot out a ray of light and landed on his palm. The two flowers merged into one, shining with a myriad of colors.

"Impermanence twin life flower!"

Su lianyi let out a soft cry as killing intent burst out from her eyes. Both of her hands shot out towards the Golden Dragon scissors.

Gong qiaozhen was shocked. She knew that this was her opponent's most powerful technique, and she couldn't take it on with her own strength. But since things had come to this, she could only brace herself and pour all her Yuan force into the Golden Dragon scissors. Rays of golden light burst out, and there were Dragons moving stealthily inside.

However, it was useless.

The dual-colored flower landed on the Golden Scissors, and it was as if spring had come to an end, as if a Hundred Flowers had bloomed.

The power of the Golden Dragon scissors was completely suppressed.

...

Gong qiaozhen's heart trembled as she cried out, "Lord Lai, save me!" She threw down the scissors and wanted to escape.

Su lianyi's expression was cold. She had already made up her mind to kill Gong qiaozhen. How could she allow her to leave? she changed her hand seals and instantly, hundreds of flowers condensed into two colors-purple and black. They fell on Gong qiaozhen's head, determined to take her life.

"Savage!"

shut up! the old man shouted, followed by a burst of gray light. A thick and big hand full of calluses slapped down on the double-colored flower.

"Rebuking palm!"

"BOOM!"

Her palm force blocked the dual-colored flower, but the spiritual pressure was shaken off. Gong qiaozhen suddenly spat out a mouthful of blood and fell from the sky, her face pale.

Su lianyi's expression changed drastically. Her impermanent two lives incantation was firmly restrained by old Lai. The two forces were unable to move in the air.

The entire Hall began to shatter as it continued to shake. Some of the tougher rocks were blasted away, most of them turning into dust and dissipating into the sky.

All of a sudden, a silver light bloomed and a white figure came over on a sword. He put his hands together to form a sword force and pointed it at su lianyi's glabella.

The sword force squeezed a gap between the spiritual pressure of the two palms. It was like a black line spreading in the water. It walked along an irregular path, twining and winding, and directly swam towards the space between su lianyi's brows.

...

Although it looked beautiful, su lianyi's heart was filled with endless fear. If the ink thread sword Qi were to pierce the space between her brows, she would definitely die.

All the elders were watching coldly from the side. She suddenly felt a sense of despair and exhaustion. She suddenly felt that perhaps death was not a bad thing. She had killed countless people along the way.

Those who came out to make a living would have to pay sooner or later.

"Dang!"

That black ink thread sword Qi was suddenly blocked by something and emitted a metallic sound. It also produced a slight ripple that spread between the spiritual pressure of old Lai and su lianyi.

"What's going on?"

The three of them were shocked and stared at the head of the black thread. Suddenly, a golden finger appeared!

It was the sharp golden light that seeped out from the tip of the finger that blocked the sword energy.

“What? Who is it?”

The white-robed man’s expression changed. Old Lai and su lianyi were also shocked. However, their feelings were completely opposite.

The finger stretched out of the void and slowly turned into a palm, a right arm, and then half of the body, until it was completely exposed.

He had a delicate and handsome face, eyes like the sea of stars, and an evil, playful smile.

“Young master Yun!”

Su lianyi was overjoyed and exclaimed in excitement. Her eyes were slightly moist.

Old Lai’s heart sank and he said solemnly, ” “Young master Yunxiao!”

Yunxiao smiled. He bent his golden finger and flicked it, shattering the black thread with a clang.

The man in white felt his arm go numb and almost lost all feeling. He retreated in shock.

Then, Yunxiao’s fingers turned into a claw and clawed at the old scoundrel. The spirit pressure that filled the sky was almost nothing to him, and the Golden figure strode in the air without any hesitation.

The old Rascal’s body trembled, and he was almost scared out of his wits.

He was confident that he was not Yunxiao’s match even when he was facing the enemy head-on, let alone in such a situation. He was immediately distracted and confused.

Chapter 1642-suppression

Su lianyi's impermanence twin life flower instantly gained the upper hand. It pressed down and forced his palm force back.

The power of spirit pressure in the sky immediately fell to one side.

The old man grunted as a mouthful of blood flowed out of the corner of his mouth. He had suffered internal injuries, but what frightened him even more was Yunxiao reaching out his five fingers with an evil smile and grabbing at his throat.

His eyes were filled with fear. If those five fingers and those golden fingers that could cut through iron like mud were to grab his throat, he would definitely be killed in an instant.

Suddenly, a golden light bloomed, and countless sword Qi and saber beams rushed up. More than a dozen experts with golden and silver Blades attacked together, forming a dense sword net that flew toward Yunxiao.

The white-robed man took the first step and raised his sword.

The countless sword shadows seemed to have become one with him, turning into his sword intent and stabbing over.

"Boom boom boom!"

Before the sword force arrived, the spirit pressure from old Lai and su lianyi kept on shattering. The terrifying air waves spread out in all directions.

The two of them were the first to suffer the backlash, and they flew back as if they had been hit by a heavy hammer.

Yunxiao retracted his right hand and clenched his five fingers into a fist. The cold sword of ice appeared in his hand, and he slashed out long sword trajectories.

Clang! Clang! Clang!

The two swords clashed, and countless sword lights shot out. The sharp arcs of light bounced off the two men. Yunxiao's entire body was golden, and there were only shallow marks on his skin. But, every time the arrows hit the man, blood would spurt out.

His white clothes were dyed red in an instant, and hundreds of wounds appeared in an instant. The man's face turned pale.

I remember you," Yunxiao sneered. you're the murderer who killed Yuwen Bo that day. It seems that ding Shan is indeed the mastermind."

The man in white was Tian Jue, who had met Yunxiao once that day.

At this moment, tianjue's heart was filled with all sorts of feelings. The ant that he could have easily crushed back then had become someone that he could only look up to in just a few years.

"You didn't kill me that day for any reason. I'll let you off today."

Yunxiao's sword trembled, and a huge sword intent spread out, shattering the power of the opponent's countless sword auras.

"Pfft!"

Tianjue spat out a mouthful of blood and fell far away.

The rest of the powerhouses with golden blades and silver Radiance also suffered from the backlash. They were all injured and their eyes were filled with fear.

it's just a few more days for you to catch your breath," Yunxiao said. Yuwen Bo died in your hands, but I'll definitely kill you one day. There's also ding Shan who can't escape."

* Young master Yun, where have you been these days? * su lianyi asked. I've sent people to look for you."

thanks to Lord ding Shan, my cultivation base has improved a lot, " Yunxiao said with a smile. I've been cultivating in seclusion in the quiet elegance Holy Land for the past few days.

Su lianyi was stunned, " quiet elegance Holy Land? I've also been there, but I didn't see any information about your registration."

Yunxiao scratched his head and said with a smile, " I did find one that looked pleasing to the eye. I just knocked the person inside out and used it.

Su lianyi said, 'Yueyue, it's good that you're here. Since you've already made your move, does that mean you've agreed?"

Yunxiao nodded seriously and said, " "He agreed."

Su lianyi was overjoyed. I knew you would agree. You're smart enough. It's a win-win situation! she said.

Old Lai's expression was very ugly. He endured his injuries and cupped his fists, " "Young master Yunxiao, what do you mean by this?"

nothing special, " Yunxiao said. it's just that from now on, I'll be in charge of the heavenly one Pavilion. You can go now. He waved his hand to send the guest off.

The old man's face was uglier than a bitter gourd, and the elders of the Empyrean one Pavilion looked at each other in dismay. For a moment, their hearts were wavering, and they didn't know what to think.

"You think I'll protect you just because you say so?" Gong qiaozhen angrily retorted. Who Do You Think You Are!"

Yunxiao's gaze was as deep as the ocean, and it made her heart skip a beat. She was so frightened that she retreated a few feet, regretting what she had said.

"Stupid woman." shut up! Yunxiao scolded.

Gong qiaozen was embarrassed and resentful, but she didn't dare to do anything. She could only grit her teeth and her eyes were filled with hatred.

elders, " su lianyi said coldly, " I'll be Frank now. From now on, the Empyrean one Pavilion and Li Yunxiao will be on the same front. Good fortune and bad luck depend on each other. They will suffer together and prosper together. If there's anyone who's not willing, Lian Yi won't force you. On account of your many years of hard work, I'll gift you plenty of primeval stones and send you off."

An elder said worriedly, " President, why are you so confident to bet the future of Empyrean one Pavilion on this man? although he's the reincarnation of Gu Feiyang, that's all in the past. He's only a nine-stars martial sovereign now.

Su lianyi said, " life is like a game of chess. Who isn't gambling with every step they take? " I won't force anyone to do anything."

The elder pondered for a while and said, " all good things must come to an end. Thank you for taking care of me all these years, President. Yuwen will be leaving now, so there's no need for primordial stones. She cupped her hands and bowed to su lianyi before turning around and leaving.

Su lianyi nodded slightly without much expression on her face.

When she was fighting with the old Rascal just now, none of the elders came to her rescue at the moment of life and death. This had completely chilled her heart, so it didn't matter even if they all left.

Gong qiaozen hurriedly said, " elder Yuwen, please wait a moment. This heavenly one Pavilion was built by everyone's hard work. How could su lianyi have the right to monopolize it all? "

Yu Wen stopped and turned her body to the side. Although she felt that it was reasonable, she did not know how to reply. She was indeed a little unwilling to leave empty-handed.

Seeing that she was convinced, Gong qiaozhen was immediately overjoyed and started to talk arrogantly, "This heavenly one Pavilion belongs to everyone. Even if you want to leave, you can't just leave with some vitality stones. You have to split it fairly to convince everyone."

"Oh? Then how do you want to split it?" Su lianyi's eyes were filled with coldness. She already had the intention to kill her.

Gong qiaozhen warily kept her distance and coldly snorted. She then turned to the elders and said, "It's very simple. Take out Empyrean one Pavilion's accounts and we'll split it!"

"It's easy to say, but there are too many things in the Chamber of Commerce that have a price, and it's difficult to estimate how to distribute them. Also, how do you estimate the prices of the shops all over the world?"

Another person held his chin and thought, "we can roughly estimate the price based on the level of the item and the distribution of the shops. It doesn't need to be too precise." With our status, it doesn't matter if it's more or less. "

"Not bad, this is a good idea." Everyone agreed and nodded in agreement.

The old man also watched quietly, thinking that if they could be separated like this, it would be good for him to gather these elders again, which would directly avoid a head-on conflict with Yunxiao. In this way, it would be equivalent to driving su lianyi out.

"Come, come, come."

...

Yunxiao waved at Gong qiaozhen, signaling her to go over.

“What’s the matter?” Gong qiaozhen frowned. If you have something to say in front of everyone, there’s no need to talk privately if you’re just doing it in the open.”

well, it’s nothing, ” Yunxiao said unhurriedly. I just want you to come here so that I can beat you up. I really want to kill you.

“What!”

Gong qiaozhen was shocked and immediately felt a wave of pressure coming from the sky. She screamed in fear and flew up into the sky, turning into a ray of light and fleeing into the distance.

“Can you escape?”

Yunxiao grinned hideously. His eyes narrowed, his face seemed to twist a little, and his mouth made a strange gesture. A surge of primeval essence that had been brewing for a long time rushed out from his internal organs. He opened his mouth and spat out a strange sound wave!

“Roar!”

The space trembled violently, and the sky and earth began to spin. The faint shape of a Dragon could be seen within the sound wave, and it directly struck Gong qiaozhen.

“Bang!”

Blood spurted out from Gong qiaozhen’s body as she was sent flying dozens of meters before crashing heavily onto the ground. She was motionless, and it was unknown if she was Dead or Alive.

...

“Dragon roar! It’s actually a Dragon’s Roar!”

The old man's face turned pale. Even he was shaken by the roar just now, and his injuries worsened. The shock in his heart was even more difficult to describe.

The Dragon's Roar was the most powerful sound wave attack. It could shake the nine Heavens!

However, because the human body's structure was completely different from that of the Dragon race, it was impossible to imitate the Dragon race's pronunciation. In order to cultivate this sound wave martial technique, one could only settle for the second best, which was to cultivate the tiger's roar.

However, he had never expected that someone would actually be able to learn the Dragon's Roar!

The elders of Empyrean one Pavilion also turned pale.

Yunxiao closed his eyes and faced the breeze as he said leisurely, "the flies are finally gone. The world has become quiet. He opened his eyes and looked at the group of elders. "Anyone else who wants to split the assets, step forward."

All the elders looked at each other in dismay. That dragon roar just now had scared them out of their wits, so who would dare to step forward and court death?

Yunxiao pointed at one of them and beckoned with his finger, "You, come out. I heard you talking about the distribution plan just now, and it seems to be very powerful. Let's talk about it in detail."

"No, no!" The elder was so scared that he quickly stepped back and said, "I'm not powerful at all. I was just spouting nonsense!"

"Oh?" now, " Yunxiao said, " I want you to tell me seriously, how should we divide the property? "

The elder's expression was extremely ugly, but he quickly calmed down and said, "In my opinion, although everyone in Empyrean one Pavilion has worked hard, the only one who can be considered to have made a contribution is President su lianyi. Since she's the president, this Empyrean one Pavilion naturally belongs to her alone. We've only helped out a little, so if you really want to distribute it, just give us a little Yuan stone each year. What do you think?"

right, right. That's right. This distribution plan is good! The rest of the people also echoed, appearing to like it very much.

the president is the core of the Chamber of Commerce. He has single-handedly developed the Chamber of Commerce to its current state. If anyone wants to leave, it's already very kind of them to take some metastones.

"Isn't that so! There's nothing to say even if you don't give us primordial stones. After all, we've been in the Chamber of Commerce for so many years and have obtained quite a lot of resources. The president has never mistreated us."

yeah, if we still take the vitality stones away, we'll really be ashamed of being elders of Empyrean one Pavilion. I think we should offer some of our private collection to make up for all the years we owe the president!

"That's right, that's right, you've said what's in my heart!"

Everyone started clapping and praising the distribution plan.

The old man's face turned ugly, and his wishful thinking fell through in an instant. This world still spoke with strength.

Chapter 1643-returning on a snowy night

Su lianyi looked at the elders' expressions. At first, she was speechless. Then, she felt a deep sorrow.

It was no wonder that among the seven great merchant alliances, one of the four core alliances that was originally at the top would fall apart in the first batch and become the existence at the bottom.

She also began to deeply blame herself and reflect on herself.

it's rare for you to have such a high awareness and feelings," Yunxiao said. I'm really touched. How can I not fulfill your loyalty and righteousness? Leave behind all your storage profound level weapons and precious items and you can leave."

"What!"

The crowd was dumbfounded. All the praises stopped and the hall fell silent.

Even su lianyi was a little dumbfounded. She looked at Yunxiao with a strange expression, then at the elders. She could not help but want to laugh in her heart, but she tried her best to hold it in.

Lord cloudsky, this, this is too difficult for us. An elder's expression was extremely unsightly.

Yunxiao's face immediately darkened as he said coldly, "Difficult? Are you saying that you were lying to me?"

"No, no!"

Everyone saw that he was about to fly into a rage, and that pressure made everyone's heart turn cold. it's just that after we take away the Xuanji storage Mystic artifact, we'll be penniless, and we'll only be left with our life Mystic artifact, Xuanji.

what?" Yunxiao cried out angrily, "you're left with your Natal Mystic artifact? Are you all deaf? did you not hear what I said? Leave behind your storage Mystic artifacts and other valuable items. Aren't life Mystic artifacts supposed to be valuable?"

"Ah?"

Everyone was dumbfounded and said in embarrassment, "Life profound artifact, Suan ni, this Suan ni"

Yunxiao took a step forward, and his power was exuded without hiding. Golden light and lightning flickered, suppressing all the elders until their faces turned pale, and they dared not say anything.

“Do you think this young Master’s words are empty words?” Yunxiao said coldly.

“You’re too much! Sisters, let’s fight it out with this beast!”

An elder was so angry that he was trembling. He grabbed a lancets in the air and slashed it while shouting, “ at most, I’ll just die. Why are you so arrogant?!”

A killing intent flickered in Yunxiao’s eyes as he said coldly, “ “Then you can go to hell.”

He threw out a punch, and the space kept twisting under the pressure of the fist. The blade stopped a few inches away from the fist, completely restrained by a powerful force. The elder tried his best to move, but he could not move any further.

“Thunder World!”

break! Yunxiao shouted as he spread his fingers. A Thunder barrier spread out from his palm and spread out in all directions like the axis of a celestial body.

“BOOM!”

The elder’s body instantly exploded under the impact of the opening power of the Thunder World, and his Willow-leaf saber also broke with a bang.

The saber was destroyed and the person died.

Yunxiao put away the Thunder World, and the sky turned clear again. However, there was no temperature in the heavenly one Pavilion. Except for su lianyi, everyone felt a chill.

“What a joke, you’re talking about splitting the assets in front of me with this little strength? You even talked about it so well, are your brains damaged?”

Yunxiao muttered disdainfully as he glanced at the crowd, intentionally or otherwise.

When the elders heard his words and saw Yunxiao's eyes sweeping over them, they trembled in fear.

That's right. I don't have the power. Why should I divide the Emyrean one Pavilion? isn't that courting death?

One sentence made them return to the cold reality-the strong are respected, and the weak are like ants!

young master Yunxiao, you're right. We were too muddled before.

An elder hurriedly took out his storage Mystic artifact and his own Mystic artifact and placed them on the ground carefully. He cupped his fists and said, " thank you for taking care of me for so many years, Mr. President. I'll take my leave now.

She didn't want to stay any longer. She turned into a ray of light and flew away.

The rest of the elders saw her leave safely and followed suit. Although it was extremely painful, it was clear that their lives were more important. With their strength, no matter which sect they joined, they would be put in an important position and would not have to worry about resources.

In an instant, all the elders had left, not a single one was left.

Su lianyi's heart was filled with melancholy as she heaved a long sigh. Suddenly, she felt that she was the only one left in the world. She felt empty and lonely.

what are these inhumane subordinates doing here?" Yunxiao chuckled. they're all flying around at critical moments. What are they doing here?" To train your subordinates, you have to learn from ding Shan. Look at these people, each one more loyal than the other."

The old Rascal's face twitched, and he cupped his fists. "Since young master Yunxiao has messed up today's matter, I will return without any results, and the president will not blame me. I'll take my leave now. I hope young master Yunxiao will think twice and not oppose Tianyuan trading company."

don't be in such a hurry to leave," Yunxiao said hurriedly. I still want Lord Lai to stay for a few more days.

what?" old Lai's expression changed, and he said, " what does Lord cloudsky mean by this? "

Yunxiao sighed. I don't have a choice. Ling 'er is still being held by ding Shan. I want to see if I can use you to exchange for her.

"You're overthinking, young master Yunxiao," old Lai said. Miss Ling 'er is the president's beloved daughter. It's just that she was disobedient and was imprisoned by the president. She'll be fine."

I see," Yunxiao said. but I'm still not at ease. Why don't you take me there, Mr. Lai?"

The old man frowned. fist salute. The place where miss Ling 'er is imprisoned is a secret of Tianyuan trading company. I'm sorry I can't follow your order.

then there's no other way," Yunxiao said. my Lord, you'd better stay and have some tea. The others can go now.

Although his tone was calm, as if he was chatting with you, it was so overbearing that it made people uncomfortable. At the same time, it made people feel that it was difficult to resist.

The old Rascal's face was filled with anger as he said in a deep voice, "Young master Yunxiao, do you really want to go against Tianyuan trading company? Tianyuan trading company has helped you a lot all this while, and we've always worked together. But today, you're going against me. I'm a little disappointed!"

"Cold-hearted?"

don't you think it's a little strange that you're saying that?" Yunxiao said coldly. If Ling 'er can't come back to see me in one piece within three days, I'll kill you as a sacrifice to my sword, and then I'll kill my way to Tianyuan trading company, rendering ding Shan's 20-year plan useless."

He turned to Tian Jue and said, "Bring my words to ding Shan."

Tian Jue's heart trembled, and fear actually flashed across his cold and unfeeling Dao heart. He looked at the old Rascal, asking for his opinion.

The old man's face darkened, and he said after a while, "You can go back first and tell the president everything that happened here."

...

Only then did Tian Jue nod. With a wave of his hand, everyone turned into a silver light and shot out of the Emyrean one Pavilion, disappearing into the sky.

Suddenly, Yunxiao appeared in front of the old man, then performed an incantation gesture with one hand and patted him on the chest.

The old man was shocked and hurriedly retreated. He drew a circle with his hands, trying to block it, but it was to no avail.

The palm hit his chest hard, like being branded by a red-hot iron. He groaned in pain, and then the pain disappeared.

He lowered his head and saw that there was an array on his chest that disappeared.

Soon after, he was shocked to find that the formation had appeared above his dantian. As it circulated, it continuously seeped into his limbs and bones, locking his meridians.

"This is the misty essence lock!" The old man cried out in horror, his head full of cold sweat.

There were thousands of ways to seal one's origin power, but all of them were different. However, they all had one thing in common, and that was that they were extremely dangerous. If the seal was not properly sealed, it could damage one's meridians and destroy the foundation of one's martial arts. In serious cases, it could cause Qi deviation and cause one to die on the spot.

Yunxiao turned around and ignored him as he said, " lady Lian Yi, I have already sealed this old man's dantian. Lock him up. Don't let anyone save him.

Su lianyi said, " don't worry. I will personally guard this person. I'm going to reshuffle the entire Emyrean one Pavilion and form my own trusted team."

The collapse of the group of elders had a great impact on her. Now, she didn't believe in anyone, and all kinds of ideas formed in her heart, planning to reorganize the Emyrean one Pavilion.

...

yes, this is very important, " Yunxiao said. I'm relieved to have you personally guard it. Ding Shan must still be in closed-door training to stabilize his divine transcendence realm. I'll go to the star and moon school."

"Why are we going to the star and moon school?" su lianyi asked curiously.

"I'm looking for a way to save Ling 'er," Yunxiao said. He took a step forward and disappeared.

Su lianyi pondered for a while, then raised her head and stared at the old scoundrel with a cold and mocking smile. Just as she was about to sneer at him, a bolt of lightning suddenly flashed, and Yunxiao had returned.

He stood there unmoving, as if he had never left. His expression was extremely solemn, and he had never been so serious before.

"What's going on?" what happened? " su lianyi was shocked. what happened? "

Yunxiao's eyes narrowed slightly, but he did not answer. Instead, he looked up and felt the throbbing of the sky.

Su lianyi followed his line of sight, but she saw nothing. Just as she was about to ask, her expression suddenly changed. Her pupils contracted as she stared at the White dot that was slowly floating down from the sky. She cried out, "Snow!"

June would never let feixue off the hook!

The old man was taken aback as well. He raised his head and looked around. Yunxiao had sealed his primordial energy, and his five senses and six Senses had been completely locked, so he could only see with his eyes. There was no one in the vast sky, but he could see faint snowflakes, and they were increasing in number.

Did the president come to save me? His eyes lit up, and his face was filled with anticipation.

The snowflakes continued to fall, and Yunxiao was covered in a layer of white flowers, but he remained as still as a statue.

Su lianyi also stood quietly at the side. She was on high alert and her hands were already sweating.

She didn't even know who the enemy was, and she was already so nervous. This was the first time since she was at her height that she felt an invisible pressure that made her breathing a little rapid.

She stole a few glances at Yunxiao, and her pretty face was devoid of any emotion in the snow.

Yunxiao suddenly moved, not his body, but his eyes. His pupils turned blood-red and demonic.

Suddenly, snowflakes swirled in the air.

In the midst of the colorful snowflakes, there was a white figure that slowly descended.

The sky above the entire Empyrean one Pavilion became beautiful, as if people were returning on a snowy night.

Chapter 1644-pointing at Snow White

Su lianyi's vigilant heart suddenly collapsed. In this snowy world, she had completely given up on any resistance. A deep sense of fear and powerlessness welled up in her heart. She even couldn't stand steadily.

Old Lai's face was also pale. He knew that the person who had come was definitely not Ding Shan. No matter how much Ding Shan's strength had increased, he would not have this kind of profound intent.

The White snow danced in the sky as the pure white figure landed. She was like the purest snowflake, standing quietly in the sky, never changing.

Su lianyi finally saw the person clearly. Her heart suddenly trembled as she cried out, "Ling Baiyi!"

This cry seemed to have used up all her strength. She sat on the ground, paralyzed, unable to muster any strength.

Ling Baiyi's figure blended in with the scenery in the sky.

The White snow fluttered around him, and the endless sky turned into his reflection, isolated from the world.

Blue veins bulged on Yunxiao's face, and his Crescent pupils almost protruded out, taking up half of his face, making him look very strange, terrifying, and ferocious.

His body finally moved, and his hands formed a seal in front of him.

A wave of sword light gushed out from his body and turned into a 36 sword array, spreading out in all directions.

Countless sword intents surged. He grabbed the cold sword and raised his hand. The entire earth seemed to condense into a shadow that stretched out behind him.

Only the White snow and the pitch-black shadows were left in the world.

Suddenly, a snowflake fell without a sound. It was the only 'movement' in the entire world.

The snowflakes themselves did not change, but they were magnified in their eyes until they saw the crystal clear ice crystals, which was beautiful.

The entire world was within this flower.

"I mean white snow."

These three words came out of his thin lips, and his white clothes fell.

Yunxiao's pupils constricted, and his whole body trembled involuntarily. The northern heaven cold star swords around him all buzzed.

The cold sword frostiness shook off a layer of frost, and then became extremely stable.

The ripples in Yunxiao's eyes disappeared in an instant, and they became as deep as the starry sea.

All his emotions were swept away at this moment. The only things left in the world were the White snow and the sword in his hand.

The thirty-six Northern heaven frigid star swords kept on vibrating violently. Countless sword talismans and cold light gushed out and danced on the ground. They all gathered into the sword in his hand, and his sword intent surged!

“Bang!”

The sound of swords breaking rang out in the air, and all the northern heaven cold star swords were sent flying into the sky by a force. The frost on the cold sword in Yunxiao’s hand also sank and instantly dimmed.

There was a snowflake on the tip of the sword. It was crystal clear, as if it had always been there. It was like a piece of unpolished jade, perfect and flawless.

“Clang”

Yunxiao’s arm drooped down, and the long sword was thrust into the ground. The whole sword trembled, and the snowflakes melted into water, flowing into the ground and disappearing without a trace.

The snowy sky gradually dispersed, and the clear sky returned. Everything that had happened before was like a dream, so unreal.

Su lianyi rubbed her eyes and felt a little dazed. Was what she saw just now real?

She was not sure, but when she turned her head, she saw Yunxiao’s face as pale as paper, and his moon-like eyes had long disappeared. His right hand, which was holding the cold sword, was trembling violently, and countless shining swords were scattered all over the place.

“Pfft!”

Suddenly, Yunxiao coughed up a mouthful of blood. The bright red blood fell on the snow-white ground, which was extremely dazzling. At this moment, his entire body was trembling. It was as if a huge fear had been injected into his body and was now all released.

“Young master Yun, are you alright?”

Su lianyi gradually regained her strength and hurried over to help him up.

Yunxiao shook his head slightly, but his face was still extremely pale. After coughing out a few mouthfuls of blood, he suddenly laughed.

“Hehe, ha, haha!”

Blood kept spurting out of his mouth, but he couldn’t help but laugh, accompanied by a violent cough. so strong, really strong! Are you trying to get back the humiliation of your defeat from me? Hahaha! I really want to go one step further and trample on you again!”

Su lianyi’s entire body turned cold when she heard that. Under that imposing aura, she couldn’t even muster up the slightest bit of resistance. Yet, this person in front of her still wanted to fight.

The old man’s face was also pale. Under the pressure just now, he had already knelt on the ground and was still trembling.

After swallowing some medicinal pills and heavenly materials and earthly treasures, Yunxiao came to his senses and put away the northern heaven cold star swords on the ground. “Ling Baiyi is already here. Is myriad treasures store still sleeping? Perhaps it won’t be as intense as I imagined and will end soon.”

Su lianyi was shocked, “young master Yun, you mean Zhenzhen?”

who knows? ” Yunxiao raised his eyebrows and said, “ no matter what, we’ll have a result soon. The situation is getting more and more interesting. I must save Ling ‘er as soon as possible.”

“That damned Ling Baiyi!” He gritted his teeth and cursed. He had just broken through to the mid-stage nine-star Martial Emperor realm and was full of confidence. He could have broken into Tianyuan trading company to save the people. However, he did not expect to be seriously injured after being hit by one move.

Without further delay, Yunxiao turned into a bolt of lightning and disappeared from the courtyard of the Empyrean one Pavilion.

Su lianyi's expression was filled with complicated feelings. She couldn't calm down the emotional fluctuations in her heart. She felt as though she had just escaped from the gates of hell and had a new lease on life.

Is this the power of the world's peak? " she laughed bitterly and said, " "After so many years, I've really been a frog at the bottom of a well."

Yunxiao turned into a bolt of lightning and flew across the sky toward the star and moon school at an extremely fast speed.

"Old dragon, how was that power just now?"

"Very strong, much stronger than he was back then." Che you's voice resounded in his mind, he was very serious.

Yunxiao smiled and said, " Ling Baiyi's talent is unparalleled in the world. Twenty years have passed, and he must have made further progress. I really want to fight him! He could only feel his blood heating up, and his battle intent was aroused.

"Battle?" che you laughed. You're thinking too highly of yourself. Even I might not be able to defeat him."

"Not necessarily? Tsk. 'You're the one who's praising yourself, aren't you? You can't win at all, you have no hope."

"Your sister! I have the true dragon conjured body and two world swords. I'll kill all gods in my way!" Che you shouted in anger.

...

you can't even beat Wei Qing, " Yunxiao snorted. you won't die if you stop bragging.

“F * ck you, I’m going to kill you!” Che you shouted.

A moment later, Yunxiao arrived at the headquarters of the star and moon school.

However, han Junting was not among them. The person in charge recognized him and quickly welcomed him.

“Head shopkeeper went to the myriad Treasure Tower to discuss matters.”

“Myriad treasures store?”

Yunxiao smiled in surprise. ding Shan has stepped into the divine transcendence realm and swallowed Mando and the thunderwind Chamber of Commerce. What if he can’t sit still anymore? ” Tsk, tsk, with both internal and external troubles, can they force the ten thousand treasures tower to use all their strength?”

He chuckled and turned into a Thunderbolt again, heading in the direction of the myriad Treasure Tower in a flash.

From time to time, there were martial artists forcibly flying with the wind in the air, all in the direction of the myriad Treasure Tower. Everyone’s expression was very serious.

There were also many who came directly from the elegant silence Holy Land.

According to the rules of Xinyan city, all the cultivators in the Holy Land of jingya had to accept the deployment of the merchant Union when an emergency occurred in the city.

...

Although this rule was disgusting, it still attracted a large number of itinerant martial artists because the cultivation resources opened up in the quiet elegance Holy Land were very attractive. In addition, there

were few people in the world who dared to cause trouble in new Yan city, so this rule had never been applied. It seemed that this was the first time.

Many of the ancient martial art practitioners were deeply worried because they all knew who the great enemy that new Yan city was facing at the moment was.

However, the people who stayed calmed down a little when they thought of the fact that the merchant Union was a powerful force, and even Ling Baiyi would not be able to win.

Yunxiao was also surprised. He wondered if myriad treasures store had already noticed Ling Baiyi and had begun to gather the Warriors.

He caught up to a martial artist and called out, "Friend, may I ask why you're rushing to the myriad Treasure Tower?"

The man was startled by the sudden, Silent Voice. He hurriedly pushed back a few feet and said vigilantly, "Who are you?"

Yunxiao smiled in a friendly manner. I just saw that you were in a hurry, my Lord. So, I couldn't help asking someone what happened. Is Ling Baiyi here?"

The man stared at Yunxiao's face for a long time before he suddenly cried out in shock, "Y-you are li Yunxiao!"

Yunxiao was taken aback, then he frowned and said, "You know me?"

The man became very excited and said in a trembling voice, "I know him! Back then, the battle with North sea's runxiang in Red Moon City shook the world! And you've been wanted by the red moon City for so long, who in this world doesn't know you!"

"Eh?!"

Yunxiao touched his chin and thought, 'I've become a celebrity by accident. Should I change my appearance?'

"Please don't, my idol! You're my idol!" The man quickly said. He was extremely excited as he handed over a piece of paper and said, "My idol, please give me an autograph! When the Jiang family's second young lady was looking for a spouse through martial arts, I wanted to go as well, but the gap was too big. It was all thanks to our idol that we were able to defeat the Prince of the sea tribe and win glory for our human race!"

"....."

After Yunxiao gave him an autograph, he said, "May I ask if you rushed to the ten thousand treasures building because of Ling Baiyi?"

"That's right. It's for practicing the ancient formation. We'll use it against Ling Baiyi later," the man said.

"An ancient formation?"

Yunxiao frowned. Let's not talk about the fact that most ancient arrays have been lost. Even if there are some left, they are mostly damaged. Coupled with the evolution of the laws of heaven and earth, they may not be suitable for this place.

The man was stunned and shook his head. I don't understand this. With so many people going together, it must be the kind with great power. My idol, are you also going to the ten thousand treasures tower?"

That's right," Yunxiao said. I'm going to join in the fun. I'll take my leave first.

Without waiting for the other party's reply, his body disappeared in a flash, leaving only a few crackling electric arcs.

An hour later, Yunxiao revealed his true form above myriad treasures tower. Immediately, countless divine senses locked onto him, and all kinds of auras came crashing down like waves!

Chapter 1645

1645 Agree

“Who is it?”

Who are you? ” a stern voice rang out, and a shadow appeared in the air. It was The Guardian who had appeared earlier.

He was taken aback when he saw Yunxiao, but then he waved his hand, and the pressure and countless divine senses that filled the sky immediately dispersed like a tide.

The sky was extremely quiet, as if there was no one at all.

so it’s Lord Yunxiao. Please come in.

This person was very straightforward and didn’t waste any time. He made a gesture of invitation and then disappeared in the air.

Yunxiao scanned the area with his divine sense and immediately sensed Wan Yiqian’s aura.

At a glance, there were only a few people walking around in the entire myriad Treasure Tower’s headquarters, carrying out daily transactions.

However, under his divine sense, there were at least a hundred strong auras hidden in the surroundings. There were also all kinds of dangerous ambushes, and even he could not count them all.

The defense this time was obviously much stronger than the last time, and even a fly would be closely monitored.

“It’s Feiyang! Hurry up and come over!”

Wan Yiqian’s voice came from afar, and he seemed a little excited.

Following the voice, Yunxiao walked down from the sky without any hindrance, and in the next moment, he appeared in the meeting hall.

Wan Yiqian welcomed him with joy. There were five other people in the hall-great elder Chen Zhongxi, han Junting, grandma sunflower, the sect master of money sect Qian Sheng, and Qian Wudi.

Wan Yiqian grabbed Yunxiao's hand and walked inside, then said happily, "Haha, you've finally appeared. Come, come, there are no outsiders here, so you must be very familiar with these few people."

Among the six, only Qian Sheng was unfamiliar, but he had met him several times in his previous life.

Qian Sheng stood up and smiled.

Yunxiao smiled and nodded in response. Then, his eyes fell on Qian Wudi as he cupped his fists and said, "Brother Wudi, we meet again after our farewell."

Qian Wudi panicked for a moment and hurriedly cupped his fists in return. He squeezed out a bitter smile and said, "Lord Yunxiao is a titled Martial Emperor. You're flattering me by calling me brother."

Qian Sheng also laughed. Lord Yunxiao, you can just call him Wudi. This kid doesn't know the immensity of heaven and earth. If he offends you in the future, I'd like to apologize here. I hope you can forgive me.

Yunxiao stopped him. brother Qian Sheng, you're being too polite. Young master Wudi, you don't have to belittle yourself. Among the younger generation in the world today, you are also an outstanding person, and your future achievements will be limitless. Besides, Gu Feiyang is dead, and I'm Li Yunxiao in this life."

Qian Sheng smiled and said, "it's my son's good fortune to be able to befriend Lord Yunxiao. Wudi, hurry up and thank Lord cloudsky."

Qian Wudi hurriedly went up to thank him.

Yunxiao sighed in his heart. He knew that there was a huge gap between the two of them, and unless the other party caught up with him in terms of cultivation base, the sense of awe would not be eliminated.

Qian Sheng stroked his beard and smiled. I still have one thing to thank Lord Yunxiao for. It's just that I haven't had the chance to see him in person. Today, I can finally thank him in person.

Yunxiao hesitated for a moment before he understood what he meant. "You're talking about lots of money, right?"

Qian Sheng was a little surprised. He didn't expect him to be able to guess it. He immediately sighed and said, "That's him. Thank you for taking care of him all this time, Lord Yunxiao. He's still in Yanwu. I wonder if he's fine."

Yunxiao looked at him with a faint smile. He felt a little scared as he stared at Qian Sheng, and he tried to avoid his eyes.

Yunxiao laughed. what are you talking about, President Qian Sheng? the money gang is spread all over the world. How can there be no spies in Yanwu? "I won't believe it even if you beat me to death. On the other hand, I know nothing about what's going on in the city. I should ask the President."

"Hehe." Qian Sheng smiled awkwardly and stroked his beard. "I also don't know."

Wan Yiqian saw that the atmosphere was a little awkward and quickly said, "Daren is an acquaintance, there is no need to be so polite. Feiyang, where have you been these past few days? I've been trying to find you many times, but I couldn't find you. I thought you'd left the city." His eyes suddenly narrowed as he stared at Yunxiao's face and said in surprise, "You're injured?"

"Hehe, don't worry, it's just a small injury."

I got some lucky chance a few days ago," Yunxiao said. my cultivation base has improved a lot, so I went to find a place to stabilize my realm.

Wan Yiqian's pupils constricted, and he was secretly surprised. He could tell that Yunxiao's injury was by no means a minor one, but a direct injury to his internal organs. Clearly, it was the work of an extremely powerful expert.

How many people in new Yan city could injure him to such an extent? Could it be Yingluo?

He immediately thought of Ding Shan, and his heart couldn't help but be happy. If the two of them directly became enemies, that would be for the best.

"Feiyang, a great battle is imminent. You must not harm your body. I must rest well these few days."

Wan Yiqian asked with concern.

don't worry," Yunxiao said with a smile. it won't take long for me to recover from this minor injury.

Only then did Wan Yiqian show a relieved look and said with a serious expression, "let me ask you one thing. Has Ding Shan really entered divine transcendence?"

The other five also narrowed their eyes and looked over with grim expressions.

yes," Yunxiao nodded. it's true.

"Hu!"

Wan Yiqian let out a long breath. The complicated expression on his face suddenly became calm. After thinking for a while, he seemed to be a little irritated and kept pacing back and forth in the hall.

The other five people also wore solemn expressions and seemed to be deep in thought.

It was a big deal for a warrior to enter the divine transcendence, even in the realm of heavenly martial arts, not to mention that it was such a critical moment in the merchant Union.

Wan Yiqian seemed to be talking to himself as he kept whispering, "How is this possible, how is this possible? How can this be? it doesn't make any sense."

Everyone present could hear it clearly.

Han Junting still looked like an old man and asked, "Tower Lord, why not?"

Wan Yiqian was stunned for a moment, then shook his head and said, "It's nothing. Feiyang, you were one of the participants. Can you describe the situation in detail?"

Yunxiao explained everything in detail, including the identities of Ding Peng and Ding Ling'er. However, he kept Cangwu Qiong's matter a secret.

The six people's faces were all covered with a layer of ice, and their eyes flashed with anger. The deaths of Zhu Qishui and Xu Wansen made their faces extremely ugly.

Although everyone was competing with each other and even fighting to the death many times, they had fought for many years after all. At this moment, when they heard such a tragic death, they all felt a sense of sympathy.

...

Wan Yiqian nodded slightly. Yunxiao's description was exactly the same as what he had heard. After all, many people had escaped back then, so it was easy to know the details.

"If we really had to fight, would you have been able to defeat Ding Shan?" Han Junting asked.

"You're joking, chief shopkeeper," Yunxiao said with a smile. "You're right. How can I possibly win when I'm suppressed by my cultivation level?"

ding Shan wanted to kill you," Wan Yiqian suddenly said. a mysterious person appeared and stopped him. Do you know who it was?" His eyes shone as he stared at Yunxiao.

The information collected by all parties was exactly as Yunxiao had said, but no one knew who the mysterious man was.

Yunxiao pretended to be deep in thought and said, "I have a guess, but I can't be sure. This is a matter of great importance, so you can't simply talk about it."

Wan Yiqian was upset, but he still said indifferently, "Since that's the case, I can't force you. Since ding Shan has already entered the divine transcendence realm, he will naturally become the peak force in the fight against Ling Baiyi. I've sent people to visit him several times, but they all said that he's still in seclusion. It was understandable if he was really in seclusion, but in the past few days, Tianyuan Chamber of Commerce had almost swallowed up the Mando Chamber of Commerce and the Thunder wind Chamber of Commerce, and a large area of the heavenly one Pavilion had also been swallowed up by them. That's why I suspect that he's using seclusion as an excuse to expand his territory!"

Yunxiao said in his heart, "What do you plan to do with 1000 Yuan?"

Wan Yiqian said seriously, "the merchant Union is one. We advance and retreat together. I have to ask clearly, what does ding Shan want to do? is he trying to split the merchant Union or something? At this critical juncture, I will not allow such internal strife to happen."

The six of them thought to themselves,"two out of the seven merchant alliances have already been devoured, and internal strife is still not allowed." As for what ding Shan wanted to do, at this time, even a blind man could see it.

However, these were all thoughts in everyone's heart, and no one could say it out loud.

...

that's right," Qian Sheng echoed. that's why we're gathered here to discuss countermeasures. We want to ask ding Shan for an explanation.

Yunxiao thought to himself, 'since they didn't even invite su lianyi, it's clear that the Empyrean one Pavilion is indeed of no importance in their eyes.' so, are you planning to go to their door and force them to abdicate? "

Wan Yiqian nodded. that's right. We don't have much time left. We must get to the bottom of this today!

when I came here, I saw many Warriors gathering, " Yunxiao said. I heard that they are going to practice the ancient array? "

Wan Yiqian said, 'that's right, I just got the news. Ling Baiyi would probably arrive at new Yan city in a few days, so he had to hurry up and practice the formation. This is also the reason why I'm anxious for ding Shan to express his position. Feiyang, I need your help.' His gaze was very sincere.

Yunxiao thought that Ling Baiyi had come here, but instead of going straight to myriad treasures store, he had played a trick on him first. It was obvious that he did not take myriad treasures store seriously at all, or perhaps he was waiting for this ancient great array or something.

One side was like facing a great enemy, while the other side was like playing around. The winner was obvious.

Yunxiao sighed and said, " alright, I'll help you. But I have two conditions."

"Say it. Even if it's 200, as long as I can do it, I'll definitely agree!"

Wan Yiqian was overjoyed and patted her chest as she promised.

first, " Yunxiao said. I want you to help me get Ding Ling 'er out.

Wan Yiqian said seriously, "as long as Ding Ling 'er is fine, I will try my best to negotiate with ding Shan." If the negotiation fails, I'll save Ding Ling 'er even if I have to destroy Tianyuan trading company!"

Yunxiao was very satisfied. second, I've been looking for two heavenly materials and earthly treasures. I wonder if myriad treasures store has them.

Wan Yiqian laughed and said, "don't you know myriad treasures store?" As long as there is something in this world, I most likely have it. "

the iron of Earth's core and the extreme heavenly ice essence, " Yunxiao said. it's them.

Chapter 1646-abdication

Everyone was stunned and looked at each other. Han Junting and Qian Sheng also frowned, as if they were thinking about these two things.

Even with their vast experience, they had never heard of it.

Wan Yiqian's face turned serious. "Forgive me for saying more, but I don't know what Feiyang wants these two things for? Only ancient recipes can use this."

you're right! Yunxiao said in delight, " does myriad treasures store really have it? "

Wan Yiqian pondered for a moment and said, " the geocentric iron is also known as the eternal wood. It was a very common raw material in ancient times. Later, it was basically extinct. Only some tyrannical roots were buried deep in the earth and turned into an existence as hard as iron, so it was called the geocentric iron.

Yunxiao was a little surprised. when I heard about the eternal wood, I didn't know what it was at all. One thousand is far better than me in identifying heavenly materials and earthly treasures.

Wan Yiqian laughed. Feiyang, you're being too modest. As the president of the number one Chamber of Commerce in the world, it's natural that you know a few things. The myriad treasures store does indeed have a small section of the eternal wood, but not a lot."

Yunxiao was overjoyed. He did not expect myriad treasures store to have the two most troublesome raw materials for refining divine steel. where is the extreme heavenly ice essence? ” he asked.

Wan Yiqian’s expression became a little strange. After a while, he said, ” “The extreme heaven ice essence you’re talking about is the ice soul essence from the extreme North’s small icy sky?”

yes! Yunxiao said. this is it!

Wan Yiqian shook his head and said, ” fist salute. This thing doesn’t exist in the world anymore. Even the myriad treasures store doesn’t have it. And I dare say that it no longer exists in this world. Unless we can find the little frozen sky of the extreme north that was lost in the past.”

Yunxiao looked a little disappointed, but he still had a glimmer of hope in his heart.

At that time, he had asked Yuan gaohan, and although the other party had also insisted that there was no such thing, he had some clues. As long as there was a slight possibility, it was worth a try.

“There’s one thing that’s already beyond my expectations.” He still said contentedly.

Wan Yiqian said, ”alright, Feiyang, you’ll help me overcome my sadness.” I’ll help you find Ding Ling ‘er and give you the wood of eternity.” He whispered a few words to Chen ZhongXi and discussed the matter of transferring the eternal tree.

This kind of heavenly treasure was rare in the world, and even as the president, he could not easily obtain it.

The two of them discussed for a while before Chen ZhongXi took his leave.

Yunxiao’s eyes shone with a hot light. According to lingmu di, even without the extreme heavenly ice essence, he could still use the remaining materials to refine sub-grade divine steel.

Finally, with the blood of true spirit and the extreme heavenly ice essence, the grade of the refined product would be raised one step further, and it would be condensed into the hardest metal in this world-divine steel.

He thought of Luo Qingyun. He had to find a way to obtain the true spirit blood from him. His dragon blood was the most precious bloodline in the world.

After Wan Yiqian made the arrangements, he said, "Let's not delay any further. Let's go now to avoid any more trouble. If we can't resolve this before Ling Baiyi arrives, the situation will become even more serious."

Everyone was a nimble person. After leaving the hall, many experts quickly came to welcome them.

Then, dozens of beams of light shot into the sky and headed toward Tianyuan trading company.

Many people saw the large number of spots of light in the sky and felt the extremely strong pressure. They were so shocked that they ran back into their houses or ran around, not daring to stay alone on the streets.

The group of people arrived at the headquarters of Tianyuan trading company an hour later. However, they seemed to be blocked by a force and flew slowly.

Wan Yiqian was the first to stop. stop," he said. there's a barrier.

Everyone stood in the air and looked down coldly.

what a strong barrier," Qian Sheng sneered. who is ding Shan guarding against? "

Some people in Tianyuan trading company had already noticed the situation outside. They were so scared that they ran inside when they saw the powerful figures in the sky.

"You may leave," Wan Yiqian said.

Everyone landed in front of the Chamber of Commerce, and Wan Yiqian shouted, "Ding Shan, quickly come out. Don't even think about hiding today."

His voice passed through the barrier and entered the room.

A moment later, a lazy voice replied.

"So many good friends have come to visit this old man, I'm really grateful. Don't worry, I've only been in closed-door cultivation for a few days. I'm fine, so there's no need to worry."

"Hmph, I'm not worried about you! You're still not coming out? do you want us to break your barrier and pull you out?"

Wan Yiqian said coldly without any trace of politeness.

After a while, a group of people slowly walked out of the gate of Tianyuan trading company, as if they knew that they couldn't hide anymore.

The leader wore a crown on his head, looking refreshed and had the appearance of a Grandmaster. It was Ding Shan, and his aura was completely different from his previous plain and simple demeanor.

If he had concealed his strength and concealed his abilities before, then at this moment, he was like a dragon in the field.

Behind Ding Shan was a golden edge and a silver light, and Tian Jue, who had just been released by Yunxiao, was also among them.

The crowd was fearless. After they strode out, Ding Shan and Tian Jue's eyes actually ignored Wan Yiqian and fell on Yunxiao first. Their pupils constricted, but they quickly regained their calm expressions.

Wan Yiqian sneered, "finally willing to come out?" I thought that Lord Ding Shan was cultivating the Ninja Turtle technique and was going to lie low for a few thousand years!"

"Hahaha!"

The crowd burst into laughter, their eyes filled with mockery.

Heaven sense and the rest's faces all changed abruptly, each and every one of them showing anger on their faces, killing intent gradually surging up.

Ding Shan raised his arm, signaling them to calm down. He then swept his lazy gaze across everyone and said, "It's a quarter past noon now, and the weather is hot. Everyone has worked so hard to come here, have you all eaten?"

Wan Yiqian, "Yingluo."

Yunxiao smiled and touched his belly as he said, "I've eaten, I'm full. Have you guys eaten?"

"Ahem."

Ding Shan clenched his fist to his lips and coughed twice. He didn't expect to be asked a question in return, so he said somewhat embarrassedly, "I just ate."

Everyone was floored.

Wan Yi Qian's face had a faint anger. He had gathered so many people, but the atmosphere had suddenly become strange and ridiculous.

He immediately felt embarrassed and shouted, "Ding Shan, what the hell are you doing? The merchant Union has always been one, but you've taken advantage of the crisis to swallow the other two families. What are you doing? you must give us an explanation today!"

...

Ding Shan raised his eyelids and said in surprise, " what? swallow the other two? Who slandered me like this, I'm more wronged than Dou 'E!"

Wan Yiqian said coldly,"stop acting." Everyone knows what you've done. Under the pretense of alchemy, he deceived eighteen world famous masters and used despicable tricks to drain their true essence, truly outrageous!"

"I'm outrageous? Hmph, you're the one who has to take responsibility for those eighteen experts, what if!"

hehe. ding Shan sneered and said, " if you hadn't deliberately tampered with the pill formula, the situation of refining failure wouldn't have occurred, and such a serious accident wouldn't have happened.

"What?"

Everyone was shocked, and they all looked at Wan Yiqian. Could it be that the pill recipe was his, and he had tampered with it?

Yunxiao was also taken aback for a moment, but he immediately understood.

It was no wonder that Wan Yiqian was so convinced that the alchemy was bound to fail and was so dejected after ding Shan stepped into divine transcendence.

"What do you mean? You actually dare to slander people in front of the world, calling a deer a horse, and reversing black and white!"

Wan Yiqian flew into a rage and threw the Crimson Dragon staff on the ground. He was so angry that his entire body was trembling.

“Hehe, I’m slandering you and turning black into white?”

...

Ding Shan sneered, “ back then, which despicable fellow deliberately let me obtain it and changed all the key parts? You thought I didn’t know? Hehe, if it weren’t for my great talent, I would’ve been destroyed during the refining process.”

Wan Yiqian’s expression changed slightly, and he said coldly, “What a joke. What do you mean by deliberately letting you get it? It wasn’t easy for me to get that pill recipe, and there’s no way to tell if it’s real or fake. When it was stolen, I was furious and searched the entire city, but to no avail. It turns out that it was stolen by a despicable villain like you, and you even said that the pill refining was an accident? Shameless!”

Ding Shan spread his hands and said, “alright, say whatever you want.” the heartbreaking thing has already happened. Although I’m also at fault, my original intention was for everyone’s good. I didn’t expect this situation to happen. Now that it’s like this, we can only let the dead die and the living should be encouraged.”

Everyone was speechless. They had never seen such a shameless person before. He was clearly the instigator, but he had become the victim.

Wan Yiqian was also stunned and didn’t know what to say.

Yunxiao also felt a little helpless. Such a person was like a piece of soft candy that you could not crush no matter how hard you pinched him. He was lazy and soft, making you feel uncomfortable. Lord ding Shan was right. The dead are gone, and the living should be encouraged. I wonder how Daren plans to ‘encourage’? ”

Ding Shan said unhurriedly, “naturally, I’m doing my best to run the Chamber of Commerce and give back to everyone.” As for Zhu qishui and Xu Wansen who died in this accident, I will take good care of the Chamber of Commerce for them so that they can leave without worry.”

Everyone felt a suffocating feeling in their chest, and they couldn’t let it out.

that's good," Wan Yiqian said coldly. now that you've gathered more than half of the seven council members of the Business Alliance, I hope that President ding Shan can spare some time to lead the Business Alliance to deal with the upcoming crisis.

"Ling Baiyi?" ding Shan asked.

"Yes," Wan Yiqian said.

Ding Shan smiled and said,"Ling Baiyi was provoked by myriad treasures store. What does it have to do with the merchant Union?" The Tianyuan trading company is willing to offer 100 million Supreme-grade primordial stones and 100 pieces of profound level weapons to support you as a token of our sincerity."

Wan Yiqian's face darkened, and killing intent shot out of his eyes. He said coldly, "As expected, you're raising a Tiger to cause trouble. I'm too lazy to talk nonsense with you. There are only two paths in front of you now, either surrender or die!"

He couldn't argue with the other party. What if Qian ran out of patience and directly laid his cards on the table? he said coldly,"If you don't know what's good for you, I'll have to deal with the foreign forces first."

what? " ding Shan's brows raised slightly, and he said, " are the one thousand Lords trying to kill each other and exhaust their strength? "

"If we don't go the same way, how can we kill each other?" Wan Yiqian said coldly.

Chapter 1647-stopping the fight

In case Qian Yi directly laid his cards on the table, the atmosphere immediately became tense. Ding Shan's frivolous appearance also restrained a bit, and a cold glint constantly flickered in his eyes.

Qian Sheng also spoke up,"ding Shan, this is your fault." We've been together for many years, and we've always been happy. You've taken over the Mando, thunderwind, and Tianyi business alliances, taking up

half of the power of the Business Alliance. Now that we're facing a great enemy together, you actually want to stay out of it. This is too unreasonable."

Ding Shan said, "Mando, I'm only helping them manage the Thunder and Wind Chambers of Commerce. It's too hurtful to say that I'm annexing them." As for the Empyrean One Pavilion, they have already rejected my good intentions and sided with young master Yunxiao."

"Eh? There's such a thing?" Qian Sheng was taken aback as he looked at Yunxiao.

Wan Yiqian and the others were also a little surprised, and their eyes revealed a look of inquiry.

From the conversation just now, I can see that Lord Ding Shan's logic is rigorous," Yunxiao said with an embarrassed smile. How could he have made such a basic language mistake? "I was invited by Lady Su Lianyi of the Empyrean One Pavilion to help them fend off the strong enemies and protect myself."

"Oh, I wonder where that powerful enemy is now?" Ding Shan said in a daze.

He's probably in the dungeon of the Empyrean One Pavilion," Yunxiao said. Who knows? "

Ding Shan's eyes flashed with a trace of coldness, and he said, "It's a pity that young master Yunxiao treats my left and right arms as enemies. I hope that we can let go of our past grudges and try to look forward. Otherwise, if fate ends early, I'm afraid my daughter will be very sad."

Yunxiao's face darkened as he said, "Where is Ling'er now?"

"He should be in Tianyuan Trading Company, who knows?" Ding Shan said.

The two of them were at loggerheads, and Yunxiao's killing intent gradually grew stronger.

He didn't care about Ling Baiyi, the Business Alliance, or the world. If Ding Shan refused to hand over Ding Ling'er, he would certainly turn Tianyuan Trading Company upside down.

When Wan Yiqian saw that Yunxiao was really angry, he was overjoyed and said, "Feiyang, don't waste your breath on him. Now we can suppress him and then let our men slaughter Tianyuan trading company. We will definitely be able to save miss Ling 'er."

"Hmph, a bloodbath?" ding Shan said angrily. What if the enemy is right in front of you? you really dare to mess around!"

Wan Yiqian sneered and said, "don't think that just because I'm focused on dealing with Ling Baiyi, I have no time to deal with you. You can use this opportunity to make it big and defeat me." I'll tell you the truth, I didn't expect you small fries to be of any use. Now that you can't hold back and jumped out first, I'll use your head to calm the hearts of the people!"

At his command, the crowd immediately rushed forward and surrounded ding Shan and the entire Tianyuan trading company.

Ding Shan was furious, and the aura on his body spread out. Instantly, the sky and earth surged, and the terrifying power set off Qi waves, forcing everyone to retreat. Everyone revealed a look of fear, not daring to move forward.

"I've already stepped over the shackles of the martial Dao. There really aren't many people who dare to say they'll kill me these few days!"

He was full of confidence as he stared coldly at Wan Yiqian. The latter's eyes had a hint of seriousness.

This power was indeed divine transcendence. Although it was still at the elementary level, it would be very difficult to kill him.

Ding Shan sneered, " what's wrong? you're not going to fight? If you really want to force me to my death, then don't blame me for joining forces with Ling Baiyi to destroy your ten thousand treasures tower."

"How dare you!"

Wan Yiqian shouted angrily. He was still hesitating at first, but after hearing these words, it seemed that he had touched his reverse scale and shouted, " "This time, even if Ling Baiyi wins, I will get rid of you first!"

The Crimson Dragon staff in his hand turned red, and that light wrapped around his body. Circles of red light spread out, as if countless Dragon shadows were flying in the surroundings, suppressing Ding Shan's aura in an instant.

"Divine transcendence!"

Although everyone was shocked, they were still calm.

After all, the leader of the merchant Union was the richest man in the world. If he didn't have the strength to challenge Ling Baiyi, he wouldn't be able to match up.

Ding Shan was finally moved. He said coldly, " "You really dare to make a move? I don't believe it!"

As he formed a hand seal, streaks of colorful auroras flew up and revolved around his body. The flame instantly rose and pushed away the 1000 Scarlet Dragon power.

The two terrifying forces clashed in the air, and the space was constantly distorted.

The surrounding people retreated a thousand feet in shock, not daring to get close.

Just the might of the spirit pressure alone was enough to make people's hearts palpitate with fear. If a battle were to break out, there was a 100% chance that the bystanders would be implicated.

Only Yunxiao and the others were still standing in the distance, watching coldly with their arms crossed over their chests.

Yunxiao also put his hands together and transformed them into swords, sending out fierce sword Qi. He knew the identity of the man behind Ding Shan, so he had to be on guard against Cangwu Qiong's appearance.

If Cangwu Qiong didn't show up, he wouldn't mind joining forces with Wan Yiqian to kill Ding Shan.

Wan Yi Qian's face became extremely calm, and his eyes flashed with pride. He laughed and said, "Ding Shan, you think too highly of yourself, and you overestimate yourself. You've always kept a low profile, how could you be so high-profile? It seems that after stepping into divine transcendence, you've become so arrogant that you don't even recognize yourself. Expansion can make a person go crazy until death."

His right hand formed a seal and pointed forward. A red light flashed on his arm. The Scarlet Dragon scepter in his left hand immediately transformed into a Dragon and coiled up his arm. With a roar, he charged forward.

"Owwuuu!"

A Dragon's Roar resounded in the sky above Tianyuan trading company. The entire space was rippling under the Dragon's Roar.

The surrounding people covered their ears as their expressions changed.

However, it was useless. The sound wave didn't seem to enter his ears. It resounded directly in his spiritual altar and sea of consciousness, shaking his soul!

Ding Shan's expression changed drastically, and he couldn't help but take a step back. He was also furious, and shouted, "Since that's the case, even if I can't kill you, I'll make you pay a heavy price!"

His five fingers formed a series of hand seals, and nine streams of Aurora light gathered in the palm of his hand. He suddenly slapped out, and a power that could penetrate the heavens and earth spewed out.

Nine Aurora vortexes appeared in front of him, constantly devouring the power of the Scarlet Dragon. Even the Dragon's roars were suppressed outside the vortexes, constantly being transmitted over.

The sky instantly split into two distinct halves, and the terrifying pressure collapsed in the middle. It was as if the sky had burst its banks and the Milky Way had descended from the nine Heavens.

Even Han Junting, Qian Sheng, and the others were shocked and took a step back.

Not to mention those ordinary martial artists, each and every one of them was silent like cicadas in winter, their whole body soaked in cold sweat. Was this the power of divine transcendence? If the two of them were so powerful, how terrifying would Ling Baiyi be?

For a moment, everyone was filled with worry about the future.

Suddenly, two discordant voices rang out in the air, unaffected by the spiritual pressure, spreading wantonly in the air and clearly falling into everyone's ears.

Aiya, they're really fighting. Who do you think will win? "

"It's definitely a thousand. This old man has hidden his strength very well. In all these years, no one has seen his true strength, and he even dared to declare war against Ling Baiyi. His strength is most likely not weaker than Ling Baiyi's."

"Mm, that makes sense, but I still think more highly of Ding Shan. Don't be fooled by his gentle and weak appearance, he's not careless at all when it comes to sucking people's true Qi and bone marrow. Such a ruthless person won't be defeated so easily."

...

"So what if you're ruthless? If you don't have enough strength, you'll just be a dish for others."

Hmph, if you're so capable, go drink with it. If you can do it, then go. If not, don't ****.

“I’m going to

***** You speak as if you’re very powerful. If you’re powerful, then go.”

“You go, you go.”

“You go. Of course, you should go.”

As the two of them argued with red faces, the originally nervous martial arts competition suddenly became calm.

Not far away, a fat and a thin man had appeared. They were quarreling with each other and were about to fight.

When Wan Yiqian and ding shanyi saw these two people, their expressions changed slightly, and they withdrew the aura on their bodies at the same time. However, they still looked at each other coldly, not willing to accept each other.

When Yunxiao saw the two men, he also withdrew his sword and said with a frown, ” “You two idiots? Where’s ao changkong?”

“?!”

Everyone gasped and looked at the fat and thin man in shock. Could it be that these two men were related to the number one titled martial sovereign in the world?

...

One must know that ao changkong was a very mysterious person. He was not famous decades ago, but he had suddenly risen like a comet and shocked the world in one fell swoop.

After that, he disappeared like air, and no one knew about him anymore. Was he going to appear again now?

The fat and thin duo immediately stopped quarreling and looked over.

“You’re really Gu Feiyang?” asked the fat monk in a strange tone. That’s weird, he’s clearly dead, how can his soul reincarnate? what’s going on?”

The skinny monk laughed and clapped his hands. “Haha, you don’t understand. It’s an evil art with a very low success rate.”

Hmph, how could I not know about taking over an innate fetus? but he’s obviously not one of them. The fat monk was furious.

Yunxiao was taken aback. For the first time in so many years, someone could tell that he was not as simple as possessing an innate fetus. He could not help but think a little higher of the fat monk in front of him. Although the intelligence of these two men was worrying, their strength and vision were still good.

“Why not?” the skinny man laughed. It was obviously, haha, embarrassing. Please don’t tell anyone that you know me. I can’t afford to lose face like this.”

The fat monk blushed, but he still shook his head and mumbled, “strange, it’s really strange.

“Fat and thin dhuta, where is Lord Ao changkong?” Wan Yiqian asked.

“Maybe it’s in this city. Who knows?” the skinny monk chuckled.

Wan Yiqian’s expression changed slightly, and the others were also shocked, but these two fools spoke in a crazy manner, so they didn’t know if they were telling the truth.

"If he didn't come out to meet you, what are you two doing here?" Wan Yiqian frowned and asked.

"We're here to stop you guys from fighting," the skinny monk said.

Everyone was a little dizzy. These two lunatics almost fought themselves, so what was there to persuade?

Wan Yiqian also found it funny and said, "you want to stop the fight with your weak strength?."

"You don't have to rely on your strength to stop a fight," the fat monk hurriedly shouted. He pointed at his head and said, "it's intelligence."

Wan Yiqian, "Yingluo."

Chapter 1648-two different people

Qian Sheng couldn't help but laugh. the two of you have extraordinary intelligence. I wonder how you can stop the fight? "

"Didn't you see?" Fatso chuckled. When the two of us appeared, Wan Yiqian and ding Shan naturally stopped. This is intelligence."

Everyone was speechless. After thinking about it carefully, it was true. They didn't know if these two people were really stupid or just pretending.

"The internal strife of the merchant Union has nothing to do with you two idiots!" Wan Yiqian said angrily.

"I wonder who's the idiot here. Ling Baiyi has already entered the city, and you're still causing trouble here. You're just digging your own grave," the Shorty said.

"What?"

Everyone's expression changed drastically. Wan Yiqian's entire body trembled as he said in shock, "Is this true? How did you guys know?"

I saw him fighting with Li Yunxiao in the Empyrean one Pavilion," said the fat monk. He's in the Empyrean one Pavilion.

Yunxiao, 'hehe'.

Everyone's eyes fell on Yunxiao, but they were mostly filled with shock.

You idiot! Yunxiao scolded. You idiot! I was so focused on dealing with Ling Baiyi that I didn't notice you hiding nearby. Otherwise, I would have dragged you out and beaten you up!"

"Feiyang, could it be true?" Wan Yiqian was shocked.

I did meet Ling Baiyi in the Empyrean one Pavilion," Yunxiao said embarrassedly. I even exchanged a blow with him.

Wan Yiqian's expression changed drastically. With a reproachful look on his face, he asked very unhappily, "What's the result?"

The result was that I was seriously injured, and he left," Yunxiao said. He left.

"What do you think of his strength?" Qian Sheng asked.

Strong," Yunxiao said with a serious expression. Much stronger than when we fought back then.

Everyone fell silent, and the atmosphere was very oppressive.

Don't worry, everyone," Yunxiao said with a smile. I know a thousand people. He won't do anything he's not confident in. I'm sure he already has a complete plan."

“Hmph, who would dare to say that they have absolute confidence in dealing with Ling Baiyi!”

Obviously, Wan Yiqian was angry that Yunxiao did not tell him about such a big matter. but Ling Baiyi is so conceited that he did not show up even after coming. Obviously, he will wait until the beheading meeting three days later.

“What’s the beheading conference?” Yunxiao was stunned.

Everyone was even more shocked. Qian Sheng was speechless, ” “You don’t even know about the beheading conference?”

Yunxiao shook his head and said, ” whose head? Ling Baiyi?”

Qian Sheng explained, ” Dongmen Yuan, who is ranked second among the death God’s eight guardians, died in Red Moon City that day. He’s now under the control of myriad Treasure Tower. They plan to execute him three days later. This was also the reason why Lord Qian was certain that Ling Baiyi would come. It’s because Ling Baiyi is arrogant and conceited.”

Wan Yiqian sneered, ”now it seems that you’re really conceited!” Then I will set up a formation three days later and send him to the West!”

“That’s right. It’s such a big deal, and you’re still playing around here. According to the information I’ve received, in order to teach you a lesson, Ling Baiyi is planning to use a bamboo pole to stick the heads of the seven leaders of the merchant Union up and put them at the city gate as a warning to others.”

“?! What the f * ck!”

Everyone sucked in a breath of cold air. When they thought of that scene, they couldn’t help but feel a chill in their hearts, and they were scared even before the battle.

Ding Shan’s expression also changed drastically, and he said sternly, ” “Skinny monk, where did you get the information?”

“Aiya, I can’t tell you that.”

The skinny monk covered his mouth with his hands and said, “Believe it if you want, get lost if you don’t. However, you won’t be able to leave new Yan city either, because Ling Baiyi wants your head too.”

“Haha, why can’t I?” the fat monk laughed. Tell them that I’m the one who asked around and let them know how powerful I am. However, in my opinion, Ling Baiyi’s idea can not be realized.”

“Oh? Are you that confident in the merchant Union?” “In the past, there would be seven heads on the bamboo pole at the city gate in three days,” the skinny monk rolled his eyes and said in disdain.

Wan Yiqian and the others’ expressions changed drastically. They glared at the skinny monk with anger on their faces.

“Why don’t we make a bet?” chubby tuo laughed. The loser will have to be a grandson, and in the future, he will have to lie on the ground and be a Mount for the winner.”

The skinny monk shuddered and said in shock, “What a vicious bet! What makes you so confident? Why don’t you tell me?”

Wan Yiqian sneered and said, “skinny monk, be careful of what you say!” How can you think with your dumb donkey brain? Fatty TOU tuo’s IQ was still higher and he was insightful! They’ve always been inseparable, so why is there such a big difference in their intelligence?”

“Haha, Lord one thousand is right!” The fat monk laughed proudly. Zhu qishui and Xu Wansen were already dead, and their bodies were burned by ding Shan. Even if Ling Baiyi was extremely capable, he would not be able to gather all seven heads. Therefore, I believe that only five heads can hang on the bamboo pole at the city gate in three days.”

Wan Yiqian, “Yingluo.”

"It's true!" The skinny monk was shocked and quickly said. Tsk, luckily we didn't bet!" He placed his hands on his chest, his face full of fear and lingering fear.

Wan Yiqian shouted angrily, "you two idiots, get lost within three breaths!" Otherwise, I'll hang your heads on the city gate!"

The violent energy in his body directly transformed into two bright red blade auras, which mercilessly chopped toward the two people's heads.

The fat and thin dhuta were shocked. They both shouted and turned into a ray of light, escaping without a trace.

"BOOM!"

The two blade auras missed and lifted countless black bricks on the ground. Two terrifying cracks appeared in the distance.

please calm down, my Lord, " Qian Sheng said. don't be angered by those two idiots. The most important thing now is to practice the formation and make sure that we can kill Ling Baiyi.

Wan Yiqian was obviously very angry. After his chest heaved up and down violently for a while, he gradually calmed down. He turned around and said, " Ding Shan, you also heard what I said just now. You and I are already on the same boat. You are a smart person, so you should know what to do."

"If the fat and thin dhuta didn't say it, I would've thought that you were deliberately trying to provoke me," ding Shan slowly said. With Ling Baiyi's personality, he would definitely do such a thing. I have no choice but to join forces with you to resist the enemy."

"With brother ding Shan's sincere participation, our chances of winning have increased," Qian Sheng said, overjoyed.

Wan Yiqian nodded and said, "yes, ding Shan's strength can indeed be of great use." The premise is to be sincere. If you still play tricks at this time, it's no different from courting death."

Ding Shan sneered, "don't worry just because it's a 1000% chance. I can still distinguish what's more important." I'm confident in dealing with you, but I can't be careless in dealing with Ling Baiyi."

Wan Yiqian snorted heavily and said, "That's good! Let's go back now and start setting up the formation. Three days later, he won't be able to return!"

...

I'm very curious about the fat and thin dhuta's behavior," Yunxiao suddenly said. it's impossible for them to come to new Yan city for no reason and communicate with you. It's likely that ao changkong is here as well. What is his purpose?"

"That's right, this matter is indeed worth discussing." However, I don't have time to think about it anymore. Let's deal with Ling Baiyi first."

Yunxiao nodded, then turned his eyes to ding Shan and said coldly, "Where's Ling 'er? If you don't bring Ling 'er out today, I don't care if you're on the same side, or if you're Ling Bai Yi or Ling hei Yi, I'll definitely destroy your Tianyuan trading company."

Ding Shan's face sank, and his anger was evident on his face.

Wan Yiqian recalled the conditions he had promised Yunxiao, and immediately said, "ding Shan, that Ding Ling 'er is not your daughter, and she is in love with Feiyang. Why don't you fulfill their wishes and help them? "

of course, we can help them," ding Shan said. but li Yunxiao has never been tactful. The door of Tianyuan trading company is always open to him.

what a joke," Yunxiao said coldly. since Ling 'er is not your daughter, I will naturally take her away. What does this have to do with your Tianyuan trading company?" Ding Shan, I don't have time to chat with you. I can't take Ling 'er away today. I'll kill the old Rascal first, and then raze Tianyuan trading company to the ground!"

“Impudent!” “Do you really think you’re martial sovereign Vanquisher?” ding Shan was furious and shouted.

“You can try if you want!” Yunxiao did not give in at all. “There are many people in this world who can stop me, but you, ding Shan, are definitely not one of them!”

how arrogant! I’ll see how powerful Martial Emperor Vanquisher is.

Ding Shan turned hostile on the spot and pointed his finger over. A yellow light broke out from the tip of his finger and pierced through the space.

...

“Dang!”

Wan Yiqian raised his Red Dragon staff and blocked the finger radiance. He advised, “We’re in a critical moment right now, so why should we panic over an irrelevant woman? Ding Shan, don’t be silly.”

Ding Shan’s face was extremely gloomy. How could he not know the reason? however, he was already a divine transcendence expert, yet he was still threatened by a martial Supreme. Moreover, he was in front of so many people, which made him unable to vent his anger.

“Tianjue, bring that girl to him and get the old Rascal back.” Ding Shan flicked his sleeves and left, obviously extremely angry.

Yunxiao was relieved to see him compromise. He was not afraid of fighting ding Shan, but he did not know Ding Ling ‘er’s whereabouts, so he was afraid that ding Shan would put her in more danger. But now, it seemed that he had made the right bet.

The current result was a happy ending for everyone.

Wan Yiqian left with everyone and began to practice the formation. Yunxiao, on the other hand, followed Tianjue to exchange for someone else.

Ding Shan returned to the headquarters and directly walked into a secret room. It was unknown whether it was an illusion or reality, but it was actually a forest.

There was a trickle of water inside, and a stone path led to a thatched cottage. Cangwu Qiong was reading a scroll in front of the cottage, and incense was burning.

“The fat and thin dhuta has also come to new Yan city.”

Ding Shan sat down at the stone table, picked up the teapot, and poured himself some tea. The clear green tea overflowed with spiritual energy, refreshing one’s heart.

Cangwu Qiong was unmoved. He turned the page gently and said, “the whole world is paying attention to the incident in new Yan city. I won’t be surprised no matter who it is.”

“Oh? What do you think of the current situation?” Ding Shan picked up a cup of fragrant tea and drank it in one gulp. There was a smile on his face, and there was no trace of the sullen expression from before. It was as if he was a completely different person.

Cangwu Qiong put down the book and chuckled. “You’re quite scheming. You pretend to be all-powerful and arrogant outside, but in fact, you’re meticulous and careful. Even when you’ve stepped into the divine transcendence, you’re neither humble nor arrogant. You’re really terrifying!”

Chapter 1649

1649 Fate has never been decided by people

hehe, the more you lose, the more you gain. I understand this principle.

Ding Shan lightly savored the fragrant tea and said with a smile, “There are many people in this world who are far superior to me, so I have nothing to be proud of.”

Cangwu Qiong also picked up his teacup and blew at the hot steam. He took a sip and said, "It's important to have self-awareness. Unfortunately, there aren't many people like this."

Ding Shan smiled bitterly and said, "with self-awareness, one can live a little longer at most. Only with absolute strength can one stand tall. I wanted to stay out of it, but the fat and thin dhuta said that Ling Baiyi wanted to behead the seven presidents of the merchant Union. This is such an unexpected disaster, and I can't avoid it even if I wanted to."

"Didn't you strongly agree to deal with Ling Baiyi?" Cangwu Qiong laughed.

that's to cover up the alchemy matter," ding Shan said. to let the myriad Treasure Tower make full preparations for the battle and have no time to worry about me. Otherwise, with my personality, how could I do such a reckless move?"

Cangwu Qiong nodded and said, "this is indeed a good opportunity. Otherwise, why would Wan Yiqian keep an eye on him when he gathered eighteen nine-star martial emperors to refine pills?" However, there's no way out now. We can only take one step at a time."

"Do you think we can beat Ling Baiyi?" ding Shan asked.

"Not us, you guys," Cangwu Qiong replied. It was naturally possible if they worked together. Wan Yiqian's power was very strong, and he wasn't alone. Moreover, even if it's you, ding Shan, I can't see through you completely."

you must be joking, Lord Cangwu Qiong," ding Shan laughed. I'm just a merchant without any backing. I've only managed to get to where I am today carefully by myself. In addition to your support and your own good fortune, you have crossed the threshold of martial arts. Even so, in front of the truly powerful people like you, you are just an ant."

Cangwu Qiong's eyes glowed as he stared at him and said, "It's precisely because you don't have any backing that you've managed to reach this stage by concealing your strength and biding your time. If there's anyone in the merchant Union that I'm afraid of, it's you and Wan Yiqian."

"What if Qian Yi is so powerful that he can make you fear him?" ding Shan asked in surprise.

Wan Yiqian's background isn't small, " Cangwu Qiong said with a smile. you'll know if there's a chance in the future.

"Fine, since my Lord doesn't want to say, there must be a secret," ding Shan said. I'm only thinking about how to survive this crisis."

"You're more than capable of protecting yourself," Cangwu Qiong said with a smile. As for the fat and thin dhuta, ao changkong was most likely here to watch the show. After all, if they spread the word that they're going to encircle and annihilate Ling Baiyi, it'll be a major event that will shake the world. Who wouldn't want to come and see it?"

"We can only take one step at a time," ding Shan sighed. It's a pity that Ding Ling 'er is an excellent chess piece to control li Yunxiao, but she has completely lost her effectiveness after what happened."

Cangwu Qiong's expression turned serious for the first time. li Yunxiao, don't touch him for the time being. This man has the will of heaven, and he is very strange. I'm afraid it will be extremely difficult to kill him.

"Looking at Sir's appearance, could it be that you also have an idea?" ding Shan's heart moved slightly.

Cangwu Qiong raised his head and looked at him. The solemnness on his face disappeared, and he smiled."Ding Shan, you're trying to get information out of me."

"If you don't say anything, that means you've admitted it," ding Shan said with a smile.

"There are some things you should know less about," Cangwu Qiong replied. You don't have to worry too much about Ling Baiyi. If he's powerful enough, he'll be able to protect himself even if he can't win."

"Thank you for your guidance, Sir," ding Shan cupped his fists.

Cangwu Qiong nodded slightly and did not say anything more. He picked up the book and continued reading.

Outside the Empyrean one Pavilion, Yunxiao and su lianyi were waiting quietly with the rascal.

After a while, tianjue came with Ding Ling 'er.

Ding Ling 'er's face was still filled with confusion, and she did not know what had happened. She only calmed down after seeing Yunxiao.

"Big brother Yunxiao, old Lai, what happened?"

Ding Ling 'er returned to Yunxiao's side. When she saw the two groups of people looking at each other with hostility, she felt nervous.

Yunxiao sighed and touched her forehead affectionately as he said, "Fate has never been decided by anyone. Ling 'er, you must be mentally prepared."

Ding Ling 'er's heart twitched violently. She said, "Did big brother Yunxiao have a conflict with my father? It's alright, with me around, any problem can be solved."

Yunxiao felt a slight pain in his heart, and he did not know what to say for a moment.

Ding Ling 'er turned around and grabbed the old man. She said anxiously, "Old Lai, what happened?"

Old Lai also sighed and cupped his fists, "Miss, please take care of yourself in the future." He turned around and left with Tian Jue, leaving Ding Ling 'er in a daze, her mind in a mess.

"What happened?"

Su lianyi also let out a long sigh. She came forward to hold her hand and said, "Ding Shan isn't your biological father, and your brother, ding Peng, has already been killed by ding Shan."

Ding Ling 'er's body trembled, and her brain almost short-circuited with a " buzz ". She almost lost her balance. w-w-what did you just say? "

Yunxiao gave su lianyi a reproachful look, but his face was also gloomy. No matter who it was, they would not be able to accept it.

He held Ding Ling 'er in his arms affectionately and said softly, " everything su lianyi said is true.

His chest was soaked with tears, and Ding Ling 'er's tragic cries came from his arms. She was already sobbing silently, and her delicate body was constantly trembling.

Yunxiao stood still and did not comfort her. He just kept stroking her hair to let her feel his existence. Because at this time, any words were pale and powerless, only the passage of time could gradually wash away the grief.

Gradually, the moon rose to the top of the city wall, and Ding Ling 'er's cries had long been hoarse and inaudible. Then, she finally fell asleep.

Su lianyi said softly, " Lord Yunxiao, please let me take care of miss Ling 'er. In case Qian sends someone to ask you to go over earlier."

Yunxiao gently waved his hand and picked Ding Ling 'er up in his arms. it's fine. I'll take care of her. You may leave.

Su lianyi sighed. She didn't want to disturb him any further and turned around to leave.

A light flickered between Yunxiao's eyebrows as he stepped into the divine realm tablet with Ding Ling 'er in his arms. He came to the water fairy's cultivation place in a flash and said, " "Water deity, I'll leave Ling 'er to you for now. I've added a seal on her body that can reduce her pain. She should be sleeping for a longer time."

Yunxiao had talked to the water immortal before. She was the only woman in the entire divine realm tablet, so she was the most suitable one to take care of Ding Ling 'er.

Water deity's large teardrops were already falling down. She said softly, "Sister Ling'er is so pitiful."

everyone's opportunities are different," Yunxiao said. they all have their own destinies. All of this is a catastrophe destined for her, and she must bear it with her own strength.

Water deity gently covered Ding Ling'er with a blanket and said, "I'll take good care of sister Ling'er. Don't worry, brother Yunxiao.

Yunxiao nodded. Looking at Ding Ling'er's tear-streaked face, which was as thin as a flower, he could not help but feel sad. In a flash, he disappeared from the divine realm tablet.

He looked at the vast sky alone and muttered to himself for a moment. Then, he turned into a bolt of lightning and headed toward the myriad Treasure Tower.

Suddenly, the sky came crashing down layer by layer, as if it was collapsing. It stirred up countless storms and swallowed the lightning.

Yunxiao's face flickered. A beam of sword Qi shot out of his fingertip and directly split the terrifying force in half. With a leap, he appeared a thousand feet away.

...

The terrifying power of the tornado was still spreading in the air, blinding everyone.

Yunxiao's pupils constricted. With his magical spirit eyes, he immediately saw where the enemy was, and he thrust his cold sword at him.

The sword Qi was like a rainbow, splitting the sky!

"Swish!"

All the storms were annihilated by this sword, and a figure flashed out of the void, changing his body technique to escape.

so, it's you, you stupid thing! Yunxiao sneered. you can stay here!

In a flash, he appeared in front of the man and blocked his way.

The man was shocked and suddenly stopped. He smiled embarrassedly and said, "It's Gu Feiyang indeed. Amazing, amazing." It was the fat dhuta who was smiling.

Yunxiao pointed his long sword at him and said in a cold voice, "There's something even more powerful. Then come and taste it with your head!"

Feeling the sharp edge of the sword, the fat monk retreated in fear and said, "Gu Feiyang, don't do anything stupid. I was just joking with you."

jokes can easily kill people," Yunxiao said coldly.

...

"I know. I won't dare to open it again," the fat monk quickly said.

Yunxiao frowned slightly and said, 'it looks like you're not stupid. You're still afraid of death?"

"Hehe." The fat monk laughed. He looked harmless and radiant.

The space beside him turned slightly, and the thin monk was revealed. He said, "Gu Feiyang, I'm sorry. I didn't keep an eye on him and let him escape. I'll bring him back now."

The two of them turned into streaks of light and were about to leave when a bone-chilling cold struck them, causing them to tremble and reveal their true forms.

Sword Qi filled the sky, and an ocean of swords rippled in the air.

“You can leave just because you’re sorry? Then this young master will first cut off your dog heads before apologizing to the two of you.” Yunxiao said coldly.

The fat and thin dhuta’s face turned pale when he saw him approaching with his sword. He said hurriedly, “Don’t mess around, don’t mess around!”

“It’s just a joke. Can’t you take a joke?” the skinny monk said anxiously. You’re so narrow-minded!”

that’s right, ” Yunxiao said. I’m a narrow-minded and vengeful man. Whoever dares to touch a single strand of my hair, I will cut off one of his legs.”

The cold light on the sword was piercingly cold. As it shone, it shook between the two men’s legs, causing them to shiver in fear. They immediately covered their third leg and broke out in cold sweat.

“You ... You ... What do you want to do so that you’ll let it go?” the fat monk said, trembling.

tell me first whether ao changkong is here or not, ” Yunxiao said. then, tell me your intention to attack me!

Chapter 1650

1650 Ancient formation

intention? what other intentions could there be? I was just joking with you. Who knew that you would be so easily fooled? ” “If I knew this would happen, I wouldn’t have played with you. You’re such a killjoy!” The fat monk said, feeling wronged.

“We’re not sure if our young master is here,” the shriveled monk nodded.

“Is that so, Yingluo?”

Yunxiao leisurely brandished his sword, and light and shadow flickered as he said, “You’re saying that ao changkong is most likely not here. Even if I kill you now, it’ll be fine, right?”

His eyes glowed with a cold light as he glared at the two.

The killing intent was so strong that it almost passed through their bodies. The two of them were shocked and quickly shook their heads and hands. My young master is in the city. If you kill us, he will definitely make you pay with your life!”

“Oh, so ao changkong has come.” Yunxiao said with a sudden realization as he restrained his killing intent and regained his calm.

The fat and thin dhuta’s expression changed slightly, and they both covered their mouths.

second question, ” Yunxiao said. what’s your intention in attacking me? ”

“Didn’t I tell you that I was just playing with you?” the fat monk said angrily. They had accidentally revealed their secret and were very angry.

“Oh, playing? If I accidentally cut off the heads of these two wise men, it would be a huge loss for the realm of heavenly martial arts.” I’ll kill you, ” Yunxiao said slowly. He threatened again and released his sword energy.

The two of them gritted their teeth and the skinny monk said angrily, ” “Just kill us! We won’t say anything even if you kill us! Young master will definitely avenge us! You won’t live for long!”

Oh, you won’t tell me even if I kill you. It seems that it’s not as simple as playing around.

Yunxiao performed an incantation gesture with one hand, and all the sword Qi in the sky was retracted. “I already know. You two can go now.”

The skinny monk,"hehe."

The fat monk suddenly cried out, clapping his hands and gloating, haha, skinny monkey, you've leaked the secret. You're dead!

don't slander me! I didn't say anything! I won't let you off if you accuse me! the skinny monk said angrily.

you were the one who revealed it to Gu Feiyang! Let's see how the young master deals with you! Haha!

"Slander! I'm going to kill you!"

The skinny monk roared and attacked without hesitation. Countless sharp blades appeared around him and flew over.

"Hmph, do you think I'm afraid of you?" The fat monk also cried out. He spread his limbs and his skin seemed to expand. There was a faint golden light on it.

Yunxiao's pupils constricted. The martial technique the fat monk was using at the moment was also a powerful body technique, but it was obviously not the tyrant body tempering technique.

"Bang! Bang! Bang! Bang!"

The fat monk punched out with both fists, which were incomparably fierce. All the sharp blades were shattered, and many of the blades that landed on his body exploded.

"Damn monkey, go to hell!"

The fat monk took a deep breath, and several major acupoints on his body suddenly sank. A hurricane rose up, and the space within a radius of hundreds of feet was sucked into it.

“You’re the one who’s going to die!”

The skinny monk was also furious. The figure in the sky shook and countless blades flew around. Under the impact of the two forces, the destructive power instantly expanded by several times.

Yunxiao was also hit by the impact, and he was knocked back thousands of feet.

However, his expression did not change. The corner of his mouth was still holding a smile as he said in a soft voice, “Are these two idiots for real or just pretending to be stupid?”

Her moon-like eyes flashed with a demonic light as she stared at the storm.

The wind and clouds surged, and the sky changed color, but the two figures had long disappeared.

“Ao changkong, are you really here to watch the show?”

you asked the fat and thin dhuta to attack me, ” Yunxiao chuckled. so you want to see my indestructible golden body, right? ” Tsk, tsk, I just don’t want to show it. Let’s see what you can do to me. If you have the ability, do it yourself!”

His sneering voice echoed in the air, and Yunxiao’s figure disappeared.

In front of the ten thousand treasures tower, all the buildings had been torn down, revealing a huge open space. Hundreds of figures were shuttling back and forth, and a strange power kept appearing among them, layer upon layer, appearing extremely chaotic.

Chen ZhongXi sat cross-legged in the air and continuously cast all kinds of spells. His lips were quivering rapidly and all kinds of notes were transmitted out, directing every step.

In one of the ten thousand treasures tower’s pavilions, Wan Yiqian and the others were watching attentively, their expressions very calm.

Han Junting looked at it for a while and said, " this formation is really mysterious. It's so mysterious and unpredictable. It's impossible to understand everything. It's really powerful.

Wan Yiqian said, " so what if it's powerful? I don't know how much of the array's power can be exerted. I'll be satisfied if it's even 10%.

"Ten percent?"

"What kind of formation is this? just 10% of the formation's power is enough to kill Ling Baiyi?" han Junting asked.

"Head shopkeeper, have you ever heard of the three ancient ominous formations?" Wan Yiqian asked.

"I don't know much about formations," han Junting replied. However, since it's one of the three great ancient ominous formations, it must have earth-shattering power."

Suddenly, a voice with extreme shock could be heard, " "Could it be the great Bliss Formation?"

As soon as his voice fell, Yunxiao's figure appeared. With a shocked look in his eyes, he stared unblinkingly at Chen Zhongxi's array, as if he wanted to record it.

"The great rebirth formation?"

Han Junting and Qian Sheng both looked at Yunxiao in confusion.

Wan Yiqian, on the other hand, was extremely shocked. He immediately laughed and said, " haha, Feiyang, you're indeed a man of great talent. You've studied such a lost formation? "

Yunxiao felt ashamed in his heart. As soon as he arrived here, he had heard about the formation, so he had imprinted the formation in front of him into his mind through the moon eye and performed it in the divine realm tablet for PU Jinshan to see. With the name of the three ancient ominous formations, it

was naturally not difficult for PU Jinshan to recognize them with his attainments in the Dao of formations.

At that moment, PU Jinshan was so excited that he knelt on the ground and begged Yunxiao to show him the complete array.

That was why Yunxiao had been watching it attentively, which made Wan Yiqian think that he was proficient in it, and that was why he was so surprised.

“I’ve only heard of it, but I didn’t expect to see it with my own eyes. On the other hand, brother Yi Qian, the wealth of the myriad treasures store is beyond imagination.”

...

He looked at Wan Yiqian with deep meaning.

Wan Yiqian chuckled and said, “since it’s the number one Chamber of Commerce in the world, it naturally has some collections.” In addition, I’m very interested in these ancient items, so it’s only natural that I’ve hidden some incomplete copies.”

“Incomplete? Could it be that this formation isn’t complete?” Han Junting asked in shock.

what? ” Qian Sheng frowned. if it’s an incomplete formation, will there be a huge flaw that will cause everything to fail? ”

Wan Yiqian chuckled and turned to Yunxiao. “Feiyang, do you have any opinions?”

as brother Yiqian said just now, ” Yunxiao said, ” as long as I can exert ten percent of the full power of this array, I can kill Ling Baiyi. So, it doesn’t matter whether it’s complete or not. For example, there are 10000 variations in the formation, and it’s enough to use 100 of them. It’s better to focus on these 100 variations than to bite off more than you can chew.”

“Not bad!” Wan Yiqian praised, “ Feiyang has always been the person I admire the most. He saw the key at a glance. If any of the three ancient great ominous formations were to appear in the human world, it would be enough to destroy the world.”

“World destruction?” Qian Sheng was shocked. it’s hard to imagine how powerful it will be. The spiritual Qi and rules of heaven and earth have changed greatly. I’m afraid it’ll be difficult to reproduce such a terrifying thing.

“Yes,” Wan Yiqian nodded. The reason why I’ve come to arrange the formation at the last minute is because I don’t have much control over the formation in my hands. I have three days to complete it. If it was too early, he was afraid that it would cause trouble. Hmph, I didn’t expect Ling Baiyi to be so arrogant. He deserves to die!”

Anger could be seen on Wan Yiqian’s face. Ling Baiyi had appeared in new Yan city but was quietly waiting for the beheading assembly. It was obvious that he did not take them seriously.

it seems that great elder Chen Zhongxi has not learned many changes, ” Yunxiao said. I think he’s only learning within his means.

...

Wan Yiqian said, ‘that’s right. Haste makes waste. It’s enough to be able to practice ten percent of the transformation.”

He took out a light blue storage bag from his sleeve. It was embroidered with a circle of formation with golden thread and sealed at the mouth of the bag. It was obviously very precious.

“Feiyang, this is the eternal tree you wanted. I’ve flipped through some ancient books. Eternal wood, extreme northern ice essence, true spirit blood, ten cubes of Qi of regulation, and 3600 Supreme-grade raw materials should be enough to refine divine steel! The most difficult to find and almost extinct items are those four.”

Yunxiao was shocked, and he was more and more surprised by myriad treasures store’s ability. He even knew about divine steel and could casually name several other raw materials.

“What is divine steel?” Han Junting furrowed her brows. She had seen many things, but she had never heard of it before. Moreover, it was something Yunxiao needed, so she had to keep a few more precautions.

hehe, it’s an extremely powerful tenth-tier item. It’s probably the hardest metal in the world.

Wan Yiqian smiled and said, “it’s just that it’s as difficult as ascending to the heavens to refine it.” Feiyang only asked me for the eternal wood and the extreme north Ice essence. I’m afraid he’s already found the other two items, the tenth-grade Qi and the blood of true spirit.”

tenth-tier Qi is little, ” Yunxiao said with a smile. but there are still many items left. I have the tenth-tier divine herb that was auctioned off by the myriad treasures store in Xinyan city. As for the blood of the true spirit, hehe, the ten thousand treasures building’s Information Network is unparalleled in the world. Even the Saints can’t compare to it. You should know what I’m thinking.”

“Oh?” Wan Yiqian smiled, “Feiyang, could it be that you’re interested in the city Lord of Red Moon City?”

Han Junting and Qian Sheng’s hearts skipped a beat. The news that the newly-promoted city Lord of Red Moon City, Luo Qingyun, had tenth-grade dragon blood had gradually spread throughout the world.

With a tenth level atavism bloodline, there was no doubt that he would be a peerless powerhouse whose name would shake a region in the future.

I know Luo Qingyun, ” Yunxiao said with a smile. I’m sure he won’t refuse when I ask for some blood next time.

Behind him, Qian Wudi sighed with emotion. The few people who had charged into Mount Meru and fought the demon master together had now left him far behind.

Wan Yiqian said, ” then we’re only missing the extreme northern ice essence. I hope Feiyang can find it soon. He can make the divine refined steel and broaden my horizons.
