

## The Eternal 1681

### Chapter 1681-reversal

Darknorth demi-Jue's heart sank. The strength of the people from shenxiao Palace was completely suppressed, and if they could not make a breakthrough, it would be difficult for them to kill Yunxiao.

At this moment, he did not want to waste too much energy. After all, even if the Mantis pounced on the cicada, there was still the Oriole behind. He did not want to make the wedding dress for others.

Everyone's focus was on the one sword United formation. Under the continuous attacks of the 13 experts from the divine cloud Palace, Wan Yiqian and su lianyi were like arrows at the end of their flight, their bodies covered in blood.

"Feiyang, quickly save us!"

Wan Yiqian cried out for help, her eyes filled with anxiety.

At this moment, he completely ignored his injuries and activated a profound level weapon that looked like a tent. It flew in the sky, but it was already riddled with holes and in imminent danger.

The sword rays that filled the sky continued to press down, piercing through the tent and slashing at the two of them, who were struggling to hold on.

go! Yunxiao patted the bull's back and said.

The heaven patrolling Bulldog strode forward and moved in the direction of the sword formation.

Han Junting and the Xian nu were both shocked and furious, and their attacks became even fiercer. They slashed at the nine Heavens Douluo ring, causing it to burst out with light.

Yunxiao took out the divine realm tablet, performed an incantation gesture, and pointed it out of the ring of light. "I'll leave these two women to you."

The three figures that appeared were the crocodile, the DarkThunder, and the evil spirit.

In the battle of the red moon City, the evil spirit had seized the body of Chang 'an, the ugly of the eight demon tribes. After a long time of continuous integration and cultivation, it had completely integrated into one.

After devouring the Thunder Tiger and fire leopard's thunder beast, the DarkThunder had also stepped into the ninth rank. Its wild demonic Qi soared to the sky, and its body was constantly flashing with golden lightning. Its power was astonishing.

The crocodile was extremely ugly, and anyone who looked at it would feel a chill run down their spine. It was made up of two extremely powerful elements, and it was attached to countless black pieces. The dense black spots on its body were even more terrifying.

Three figures appeared in front of han Junting and the fluxer, giving the two girls a fright and forcing them to retreat.

"Hehe, I haven't used this body properly since I got it!"

The evil spirit roared, and the aura on its body burst out. It was a peak nine-star demonic power, and it swept up the weather in the sky.

Moreover, he had left behind the axe from his dragon body, and then shamelessly asked Yuan gaohan to refine it. Now, it was even more powerful and wild in his hands.

"Stinky woman, eat this Lord's axe!"

His body flickered, and he appeared above the flux girl, fiercely slashing down.

In her alarm, the string girl smacked her zither, and countless lines of rhythm wrapped around him, but they were unable to restrain his enormous strength.

“Clang”

The seven strings of the zither trembled continuously as the giant axe struck the zither, producing a deafening sound.

There was even an axe mark that landed on the zither.

“Ah!”

The string girl stared at the axe mark and screamed, as if it was more painful than being chopped on her body. Her eyes turned red and tears fell.

The evil spirit’s eyes widened and he shouted, ” “What broken axe? that old man Yuan gaohan lied to me. I can’t even cut it with a zither! When we return to the divine realm tablet, I’m going to chop off that old man’s head. How dare he lie to me!”

He raised his head and shouted a few times, then he raised his axe and hacked down randomly.

The string girl was so frightened that she hurriedly fled.

The moment the evil spirit made its move, DarkThunder turned into a bolt of lightning and pounced towards han Junting.

Han Junting’s face turned ugly. She had seen the Thunder beast and the evil spirit with her own eyes. The evil spirit had even seen him possess the body of the demon, Chou bu an. She didn’t expect him to be able to fuse with it flawlessly.

What gave her a bigger headache was that Ann’s body was almost immortal, and she could regenerate after being cut off.

The sudden appearance of these three strong enemies had caused her confidence to collapse.

Darknorth duel was also startled, and a bad feeling welled up in his heart.

As a result, the power of the divine firmament Palace was completely suppressed, and only God knew what else was in Yunxiao's Saint artifact.

Just as he was deep in thought, a rainbow-like sword Qi from che you suddenly swept over like a thousand mountains and waves, layer upon layer, endless.

It was as if the power of 100000 mountains had been condensed under this sword!

"Thousand autumn peak!"

Darknorth demi-Jue was greatly alarmed. He hurriedly turned his right arm, and a layer of ice covered his arm. A cold light bloomed from it, and he clenched his fist and punched forward.

Circles of cold air spread out from his arms and fists, and the infinite power of the fist bombarded the sword!

"BOOM!"

The ice helmet instantly shattered, and the sword wave swept up a storm that sucked him in.

The darknorth skill continued to roll around in the storm, but it kept its hands in an incantation gesture and protected itself with a layer of stellar energy.

He didn't panic and quietly stared at che you outside the storm, not daring to be distracted.

Seeing that his sneak attack had failed, che you laughed and continued to attack.

After suppressing the fluxer and han Junting, Yunxiao rode the Iron Bull to the sword formation.

The heaven patrolling Bulldog turned its neck, and the nine Heavens Douluo hoop above it instantly flew out and pressed down on the sword formation.

“Bang Bang Bang Bang!”

Countless sword lights surged up and struck the great Luo ring, shooting out countless sword radiances.

The pressure on Wan Yiqian and su lianyi was greatly reduced.

The two of them immediately shrunk the battle circle and withdrew their defenses. They swallowed pills to heal their injuries while supporting the battle circle and waiting for help.

it’s indeed a little troublesome to use one sword as one,” Yunxiao said. but as long as I break you up, you won’t be able to work together anymore.

...

“The 13 of us have been practicing this sword formation for more than 30 years. We’ve been working together for a long time. I’d like to know how you’re going to change our minds,” the woman in the lead said coldly.

Without saying anything, Yunxiao threw the Tushita heavenly peak out. It grew in size in the air, and in an instant, it was about three or four acres in size, then it fell on the sword array.

“Not good, quickly retreat!”

The woman in the lead was greatly alarmed. She had just seen this object crush the nine heavenly wave building with her own eyes and did not dare to take it head-on.

“Swish!”

The heaven patrolling Bulldog stomped on the ground and countless green light spread out, sticking to the feet of the three women closest to it.

The three women were shocked and struggled to break free, only to see the big Luo ring fall from the sky and instantly cover them.

“BOOM!”

The heaven-patrolling bull took a step forward, and the nine Heavens Daluo hoop trembled violently as if it was being stepped on.

The three women inside were also shaken. Their internal organs were injured, and they spat out blood.

The Tusita heavenly peak did not smash down, but was pulled back by Yunxiao with a feint. “Give me another kick.”

...

“BOOM!”

“BOOM!”

“BOOM!”

The heaven patrolling Bulldog raised its leg again and stomped three times.

The nine Heavens Daluo hoop shook three times, and the three women inside spat out mouthfuls of blood. Their faces became extremely pale, and their breathing became weak.

The remaining ten people immediately cried out in alarm and stood in the air in a daze, completely flustered.

For more than 30 years, they had advanced and retreated together in order to practice this sword formation. Now that they were missing three people, they didn't know what to do.

Wan Yiqian and su lianyi hurriedly ran out and hid behind the patrolling Bulldog. They were in a sorry state.

"Feiyang, quickly kill these three b \* tches and then kill those ten people!" Wan Yiqian roared.

after all, I have a deep relationship with the divine firmament Palace, " Yunxiao said. let them go.

The sky-patrolling bull let out a long "Moo" and the nine Heavens Douluo hoop instantly flew back and hung around his neck before disappearing.

The hearts of all the women of shenxiao Palace fell to the bottom. Once the sword formation was broken, they had completely lost the chance to turn the tide. Moreover, the Xian nu and han Junting were at a disadvantage and were in an extremely dangerous situation.

"All of you, stop."

Yunxiao cried out in surprise.

Everyone's brows were slightly furrowed, but they still listened to the order. Even the evil spirit, who was excited to kill, also retreated.

Darknorth demi-Jue's expression was extremely gloomy as he stood in the sky and coldly looked on.

I don't need to talk about my relationship with shenxiao Palace, " Yunxiao said. but, in the end, it is a private matter between me and Hongyan. Why are you b \* tches so excited? " For the sake of Hongyan, I won't kill you. Other than han Junting, the rest of you can get lost!"

All the women were shocked, not expecting Yunxiao to let them go. Han Junting, on the other hand, looked as pale as a sheet.

"Lord Feiyang, you're so generous," Chi Lei cupped her fists and said,"I'm ashamed." However, Jun ting is the palace Lord's beloved disciple, I hope that my Lord can also pardon her. "

"Impossible!"

Yunxiao said coldly.

If han Junting had not tried to kill him time and time again, he would have really wanted to let her go and let the people of shenxiao Palace get out of here.

After all, he didn't know how much danger there was around him, so it was wise to minimize the number of enemies.

However, han Junting had crossed his line many times and he had to keep her!

Min Lei's face turned unsightly, but she seemed determined. "If we can't let Junting go, then we won't leave either. We can only fight to the death!"

She glanced at the void and said coldly, " "Those of you who want to take advantage of us, if our divine cloud Palace and Lord Duan Jue retreat, will you still be able to take advantage of us?"

Yunxiao said slowly, " "I don't know how many people are hiding around here, but since they haven't come out, I'll pretend I don't know. If anyone dares to show themselves, they will be my greatest enemy. Even if I don't kill you today, I will remember this debt. I will come back to kill you after I break through the shackles of martial Dao!"

His words were directed at the hidden experts.

The sky was silent, and it was clear that everyone was hesitating.

“I’ll show my face first.”

Suddenly, a clear wave rippled in the air, and a transparent rune appeared. It slowly turned into water and disappeared, and several figures suddenly appeared.

a cleansing invisibility talisman? ” Yunxiao’s pupils constricted. no wonder I couldn’t detect it with my divine sense.

The three people who had appeared were somewhat familiar, but he couldn’t remember who they were at the moment. However, they were most likely once famous existences.

After the man appeared, he cupped his fists and said, ” “Zhong Hong of the broken Mountain Valley greets the Lords.”

“Broken Valley? One of the ten great sects of the North Region, no wonder I also find it familiar.” Yunxiao’s face darkened as he remembered it. “You want to take this young master’s life with just a piece of trash like you?”

“Of course not,” Zhong Hong quickly replied. I didn’t come for Lord Yunxiao, but for the sake of a thousand.”

Chapter 1682-fear

“Brother Yi Qian?” Yunxiao turned around.

Wan Yiqian’s expression suddenly changed, and he said coldly, ” “Zhonghong, what’s the matter?”

Zhong Hong smiled and said, " actually, it's not a big deal. The broken Valley and the ten thousand treasures tower have business dealings all year round. Now that Lord Yi Qian is in trouble, I would like to invite you to the valley as a guest.

Wan Yiqian asked, 'a guest? This old man almost lost his life just now. If you really wanted to invite this old man as a guest, you should have saved me just now."

"You think too highly of me, my Lord." Zhong Hong laughed. Shenxiao Palace's sword formation is unparalleled in the world. I don't dare to attack."

Wan Yiqian sneered. since that's the case, there's no friendship between us. Forget about being a guest. Go back.

Zhong Hong said, " since I've come out, I'm not willing to return empty-handed. I hope you'll think twice. Although the world is chaotic, the broken Valley is still a powerful force. I believe it can still protect Daren's safety."

Everyone understood Zhong Hong's intention.

Wan Yiqian laughed and said, "protect me? what a joke!" If you kill these b \* tches from shenxiao Palace, I'll go with you."

"What if you don't? you better clean your dog mouth!" Chu Mei angrily said.

Zhong Hong said, " Lord, don't make things difficult for me. I know my limits. It's better for Your Excellency to come back with me as a guest than to leave with someone else. I'm confident that I still have the strength to compete with you today."

Oh? " Yunxiao's expression changed. are there many people? " He looked at the sky and asked suspiciously, " "They're all clear invisibility talismans?"

most likely, " Zhong Hong said with a smile. since he used such a high-grade spirit talisman, even Lord Yunxiao couldn't detect it. I naturally wouldn't know.

the clarity invisibility talisman is a top-secret high-grade talisman, ” Yunxiao said. only a few people can make it. How come so many of them have appeared all of a sudden? ”

“I don’t know,” Zhong Hong said. I bought the talisman from Tianyuan trading company for 100 million Supreme-grade primordial stones. In addition to the talisman, there’s also a Jade slip that records in detail some of the ancient secret treasures that Lord Wan Yiqian possesses.”

“What?”

Wan Yiqian’s eyes popped out and he roared, ” that damned ding Shan, I hate him!!

Zhong Hong said with a pained expression, ” ding Shan is indeed sinister. After buying it, I found out that almost everyone had one. The news has already spread throughout the entire North Region. It’s impossible for me to monopolize the ancient treasure trove. Sir, I don’t expect to make much money, but it’ll be enough to let this one earn back some capital.”

Wan Yiqian’s face was gloomy and he said coldly, ” “Break even? I’ll give you all the secret treasures, okay?”

“Aiya, please don’t do that. This is too much.”

Zhong Hong quickly declined. I know my limits. I can’t accept this. If I really take all of them, I’m afraid I won’t be able to walk out of Ishikawa city today. My Lord, you can just give me one or two profound level weapons like the cosmic light plate.”

Wan Yiqian almost vomited blood in anger. He said angrily, ” “Alright, here you go!”

With a wave of his hand, seven or eight golden beads appeared, each of them flashing with runic light. It flew in front of Zhong Hong and exploded.

“Bang Bang Bang!”

The metal-elemental beads gave off countless golden lights, and each of them shot out tens of thousands of sharp blades.

Zhong Hong didn't dare to be careless. He took out a sword and unleashed countless sword lights, which covered his body like a light curtain and broke all the attacks.

Wan Qian was at his wit's end. In his current state, he was no match for Zhong Hong at all. He could only stare in anger.

Zhong Hong said, 'Sir one thousand, it's better if you know your place. Lord Yunxiao is busy dealing with the Beiming family and the divine firmament Palace, so he doesn't have the energy to care about you. Don't drag Lord Yunxiao down.'

Wan Yiqian sneered and said, 'even if I die, I won't give the secret treasure to trash like you.' Now that we've come to this point, I know that I no longer have the ability to protect that thing. If any of you have the ability, take it!

His expression was one of utter despair, and his eyes were filled with determination.

A pitch-black Cube of metal was tossed out from his sleeve, constantly reflecting light in the air. Furthermore, a pattern appeared, within which the shadows of countless treasures could be seen, flashing non-stop.

"This is the key to the ancient secret treasure that has been passed down from generation to generation in my ten thousand treasures store. Not only is it the key to opening the secret treasure, but the map also contains it. This old man firmly believes that only the capable can obtain it. Zhonghong, trash like you can stop dreaming!"

Wan Yiqian's face kept twitching, and his eyes flashed with anger and helplessness.

Zhong Hong was shocked and hurriedly grabbed the key.

Suddenly, the space around the key trembled slightly. A large hand reached out and grabbed the key before disappearing.

Zhong Hong was shocked. Just as he was about to give chase, the space began to fluctuate. A huge saber radiance slashed down from the sky, hitting the area several hundred feet away.

“BOOM!”

The space was split open, and the figure of a Man in Black appeared in a sorry state. He couldn't care less about finding the murderer. He suddenly made a hand seal and activated his escape technique to the maximum, covering a hundred miles in an instant.

“BOOM!”

Before he could even escape a thousand feet, he seemed to have hit a wall and spat out a large mouthful of blood.

The space opened up, and a huge axe suddenly chopped down.

“BOOM!”

The Man in Black was no match for him. He was hit head-on and was split in half on the spot.

The owner of the axe was a short old woman. She grabbed the key of the black Cube in the air and grinned.

All that was left was an afterimage that slowly disappeared.

“Ah!”

Suddenly, the old woman screamed and her body was revealed. She was trapped under a huge glass cup and could not escape.

Standing on the ground, Yunxiao and the others were dumbfounded. How many experts had come to Ishikawa city?

Zhong Hong was also dumbfounded. He regretted exposing himself too early.

Yunxiao sneered at the people of shenxiao Palace and said, "Everyone's plan has failed. These people are all here for the ancient treasure trove. Other than you stupid women and Lord Duan Jue, it seems that no one wants to kill me. Come to think of it, I, Gu Feiyang, am a decent person. How could I have so many enemies?"

"Master Duan Jue," Chi Lei hurriedly said, panicking.

Darknorth demi-Jue's face had been gloomy the entire time, and he was starting to get a little impatient. What he was most afraid of wasn't these people in front of him, but the unknown about the divine realm tablet. The unknown caused fear.

No one knew what kind of people were still in the divine realm tablet. If he made up his mind to fight with his life on the line, and the other party sent out a few peak nine-stars or even divine transcendence experts, he might lose his life.

...

He was the one who had sent a voice transmission to Cangwu Qiong in new Yan city a month ago. At that time, han Junting had come to him to discuss the plan to join forces with him to deal with Yunxiao.

Originally, when ding Shan defeated Yunxiao, the injury would take at least a year and a half to recover.

He and Cangwu Qiong, two divine transcendence experts, had almost an absolute advantage over che you. Moreover, with the arrangement of the experts of the divine cloud Palace, they should have been almost certain of victory. However, they did not expect to be suppressed by the other party.

Che you's strength was above his estimation. Although the cold-faced man and the divine Phoenix Iron Bull did not have the power of a Saint, they were beyond the peak of nine-star. The rest of the people might look disgusting and had strange appearances, but they were also extremely powerful.

Even if there were a few more of these strange figures, it would be difficult to determine the outcome of the battle, let alone another divine transcendence.

Cangwu Qiong was also hidden in the void, his face as dark as water. Like beiming Duan Jue, he was also measuring the depth of Yunxiao's strength. He was more cautious than beiming Duan Jue, and he wanted to hit the target with one strike.

However, the results of the measurements caused their hearts to sink. If they were to take the test one step further, they would definitely have to invest even more strength, and then they would have to reveal almost all of their trump cards, fighting with their backs to the water.

darknorth Duan Jue, " Yunxiao sneered. I've looked down on you before, and I still do. Although your strength is remarkable, you're indecisive and unscrupulous in order to achieve your goals. It'll be very difficult for you to achieve anything like this."

don't try to Bluff me, " darknorth judge said coldly. you've used up all your cards. If we really fight, the price may be high, but I'll definitely be the winner.

if that's the case, " Yunxiao sneered, " what are you waiting for? "

Darknorth duel's hands clenched so tightly that the sound of bones cracking could be heard, and cold air continuously gushed out.

...

He knew that Cangwu Qiong was also hiding in the surroundings. Not only that, but there were also a few experts from the beiming family hiding nearby.

Killing Yunxiao was his primary goal, and searching for the ancient treasure trove was also his planned mission. But now, it seemed that he might not even be able to complete the first one.

The pitch-black metal cube was still being fought over by people. The old woman who had been trapped by the glass cup had long since been beheaded, and even the owner of the glass cup was heavily injured.

These minions weren't important, and he didn't put them in his eyes. He was waiting for Cangwu Qiong's message. As long as Cangwu Qiong was determined to fight with his life on the line, he would immediately go all out.

However, other than the sounds of battle, there was only silence. No one was transmitting their voices.

This made him even more impetuous, which meant that Cangwu Qiong was not confident.

no! the evil spirit cried out. if they don't do it, we'll do it. Let me go and kill those women first! His eyes were shining and his face was filled with a demonic aura.

The faces of the divine cloud palace women turned pale in fear, and they could not help but retreat.

Yunxiao cursed in his heart, 'idiot! I'm obviously at an advantage in terms of strength, but darknorth Duan Jue still hasn't left. Obviously, he's still hiding his strength, and he's just hesitating because he's afraid.'

If they were incited to fight again, his side might not win. Although he scolded the evil spirit for being stupid in his heart, he still smiled playfully and said, "Calm down for now, I'll have plenty of opportunities for you to cut me down."

Suddenly, a voice came from the sky and shouted, "All of you, stop! Whoever takes another step forward, I'll destroy this key!"

All the sounds of fighting instantly stopped, and everyone's eyes turned to look.

Yunxiao looked up as well, and he was immediately stunned. It was Li Yi who had snatched the key.

“Brat, don’t mess around! If you dare to hurt the key, you will be killed today!” There were seven or eight people surrounding Li Yi, all of them with Vulture-like expressions.

Seeing that he had stunned everyone, Li Yi could not help but feel smug. He chuckled and said, “The key is simple.”

His eyes flashed with ferocity as he looked down and said, I’ll give the key to whoever brings me Li Yunxiao’s head!

Chapter 1683-saving the beauty

Everyone was stunned, even Yunxiao.

A bare-chested bald martial artist sneered, “Kid, you want to use us as guns? you’re too inexperienced, aren’t you? If you have the guts, try destroying the key!”

The rest of the people also exuded a violent aura, which made Li Yi’s face pale. He kept retreating and shouted, “One more step and I’ll really be destroyed!”

A ray of light flew up from his hand, wrapped around the key, and then spread out, pressing down continuously.

Everyone immediately stopped in their tracks, their faces filled with panic. They were afraid that he would really destroy the key.

Li Yi sneered. I’m a man of my word. If you’re not afraid of getting nothing out of this, feel free to come up and try.

“You can take the key, but if you want to use us as guns, you’re too naive,” a martial artist said coldly.

Li Yi said, 'the key is in my hands now, so I have the initiative and the right to speak. Yunxiao and Wan Yiqian are in cahoots. Do you really think you can hold the key if you don't kill him?'

This little brother is right. After we kill li Yunxiao, we'll go open the secret treasure together.

At this moment, darknorth duel also spoke up, 'Instead of fighting to the death for the key, why don't we put our energy on opening the secret treasure? As long as you help me kill li Yunxiao, I, darknorth judge, promise that I'll take you to find the secret treasure, and everyone will have a share.'

This time, everyone was somewhat moved.

They also knew that it was impossible for them to keep the secret treasure for themselves, but who would be willing to give up the benefits that were within their reach? at least, they could earn back 100 million Supreme-grade primordial stones!

If they had the darknorth Duan Jue to lead them in the search for the hidden treasure, it would be much safer.

Yunxiao immediately felt many malicious gazes sizing him up.

"Hehe, it's been so many years. Why haven't you grown a bit?"

Yunxiao chuckled. Suppressing his injuries, he took a deep breath and teleported right in front of Li Yi, sneering at him.

"?!"

Li Yi was shocked. His heart jolted in panic as he backed away.

Yunxiao raised his foot, which was still three feet away from the man, and reached out to grab his neck.

“Don’t move! If you move again, I’ll destroy the key!”

Li Yi’s heart was in a state of panic, and his face was pale. For some reason, he was overwhelmed with fear.

At this time, he was ashamed and angry to find that he would never be able to take revenge in this life. The gap between him and the other party was getting bigger and bigger. The scene of revenge that he had imagined countless times seemed so ridiculous in front of the great fear in his heart at this moment.

After countless failures and blows to his confidence, he had completely lost his confidence in front of Yunxiao, and even the courage to fight. The fear made him tremble and sweat like rain.

“Destroy it, go ahead and destroy it.”

Yunxiao said casually, and then the claw turned into a palm and slapped down hard.

“Pa!”

A loud slap resounded, and Li Yi was sent flying into the air, spitting out a few mouthfuls of blood.

The key had also fallen into Yunxiao’s hands.

This change came too quickly, and everyone was dumbfounded. At the same time, they were shocked by Li Yi’s incompetence and trash.

As he tossed the black metal cube in his hand, Yunxiao weighed it in his hand and sneered, “Now, if you want the secret treasure, it will depend on my mood.”

The bald martial artist from before cupped his fists and said, “Lord Cloudsky, we have no intention of offending you. We have no intention of interfering in the feud between you, the Beiming family, and the Divine Cloud Palace. It was better to split the main road into two and walk on their own. Settle your grudge and return the key to us.”

“Yes, yes, you’re absolutely right.”

The rest of the people also nodded in agreement.

“Return?”

Yunxiao sneered and said, ‘whose key is this? In terms of origin, it naturally belongs to brother Yi Qian. In terms of ownership, it should be mine now. Why should I give it to you?’

it’ll be troublesome if you think that way, ” a warrior said. if you hold the key, you’ll definitely make everyone an enemy.

Yunxiao licked his lips and said with a cold smile, ” “Don’t worry, you can be as bold as you want to be my enemy. I won’t threaten you with the key. I’ll kill you first, and then destroy the key when I can’t.”

Everyone was speechless. Zhong Hong also said, ” “Lord cloudsky, why must you make things difficult for us?”

I’m not making things difficult for you, ” Yunxiao said. it’s just that I’m born to be afraid of death, so I just want one more life-saving treasure. As long as this young master has nothing to do today, I will give this key to everyone for free. If anything happens to it and I’m injured, then I will be in trouble.”

“What do you want us to do, my Lord?” the bald martial artist asked with a frown.

it’s simple, ” Yunxiao said. we’ll just watch from the side. I’ll give you the keys after I’ve killed the darknorth Duan Jue and those foolish women from firmament Palace.”

When everyone heard this, they were all shocked and looked at him in disbelief.

Putting aside the fact that it was impossible to kill the beiming Duan Jue with his incredible strength, even if he had the chance, would he really dare to kill the beiming family's clan master and the women of shenxiao Palace?

Even darknorth demi-Jue was stunned.

The question he was considering now was whether he could kill Yunxiao with his life on the line. As for being killed by Yunxiao, it was something he had never thought of. At the same time, he found it extremely absurd, so he sneered and snorted heavily.

Lord Yunxiao, you're so bold, " Zhong Hong said. you actually dare to form a deadly feud with the two strongest sects in the world.

it's not a matter of courage, " Yunxiao said slowly. the two sects want to kill me at the same time, and they are the ones who have made me their mortal enemy. They are the bold ones.

These words were extremely impressive, but no one could refute them.

Zhong Hong and the rest retreated to the side quietly. They did not have to do anything anyway, and they were happy to see experts fighting.

Yunxiao glanced coldly at the crowd and said, " "If there's no need, everyone can just watch. But I'll say this first, if we encounter any danger that can't be resolved, I'll destroy this key at the first moment. What ancient treasure? let's be buried together!"

Everyone looked at each other in dismay. This was too much of a hooligan, wasn't it? if they still had to protect him from death, wouldn't they still be enemies with the beiming family and the divine cloud Palace? Rather than that, it was better not to have the key.

Darknorth judge's expression became even more unsightly. He had originally thought that he had an opportunity, but who knew that it would only worsen.

Cangwu Qiong did not reply either. He had most likely given up.

...

There was no point in staying any longer, and he was too lazy to waste any more time. With a cold snort, he flicked his sleeves and left, not even bothering to say another word.

“Hey, don’t go. Hey, hey, stop. I’m calling you. Don’t be so rude.”

Yunxiao shouted at the back of the darknorth skill, but there was no response.

As they watched the darknorth duel disappear into the city, the faces of the people from shenxiao Palace turned ashen. They knew that the situation was over, and there was no chance of turning the tables.

“Hmph, what’s there to be afraid of? at worst, I’ll just die. It’s a pity that I’ll die in the hands of a scumbag like you. I’d rather kill myself!”

Han Junting knew that she had no chance of survival and did not want to drag her fellow disciples down, so she grabbed the short blade and cut her neck.

“Bang!”

A figure appeared in front of her and pointed at the blade, shaking it away. “You can’t!”

The newcomer was shocked and anxious.

Yunxiao looked over with a hint of surprise in his eyes. It was Qin Chuan.

“Tsk tsk, black universe protector is here too?”

...

His heart trembled slightly as he felt that the situation was far more severe than he had expected. If Beiming Duanjue hadn't left and had joined forces with Black Universe Protector, he would truly be in danger.

"What are you doing!"

you want me to be humiliated to death by this scumbag?! Han Junting was furious.

don't worry, Junting," Chi Lei said seriously. we won't abandon you. If we have to die, we'll die together!

"If you die, what will happen to me?" Qin Chuan looked at her tenderly and asked.

Everyone was stunned.

Han Junting was also stunned for a moment before she sneered, "Who Do You Think You Are to be qualified to determine my life and death? Don't be so delusional and make this Lord feel disgusted!"

"I don't care about your life or death, I just don't want you to die," Qin Chuan replied.

"You like me?" Han Junting sneered.

Qin Chuan appeared a little nervous. He wiped the sweat off his hands and nodded. "Yes, it's been a long time."

alright! Han Junting raised her eyebrows and said, "go and kill Li Yunxiao for me, and I'll marry you."

The moment these words came out, they were all stunned.

Zhu leijing said, "Junting, why don't you ..."

She thought about it again. At this moment, her life was in danger. If Qin Chuan could save Jun ting, and with Qin Chuan's identity, the two of them would be a good match. Therefore, he swallowed the words that were on the tip of his tongue.

Yunxiao frowned as well, and his eyes flickered with killing intent as he said coldly, "it seems like you won't give up on killing me. Don't blame me for not taking your master's face today. Even if I don't take your life, I'll break your dantian and cripple your cultivation!"

Han Junting's face turned pale and fear flashed across her eyes, but she still said calmly, "I'm not even afraid of death, why would I be afraid of you crippling my cultivation?"

"Junting, calm down," Qin Chuan said anxiously.

"Don't you like me?" han Junting laughed. Now that someone wants to destroy my cultivation, you can just watch from the side. You're really a promising man. "

li Yunxiao? " Qin Chuan looked embarrassed. it's impossible for me to kill li Yunxiao with my current strength, but I'll work hard. Since you want him to die, I will work hard with you."

Han Junting looked at him coldly and said, "work hard?" If I can't kill him now, he'll kill me. In the future, you can work hard on your own. It has nothing to do with me. "

"Don't be so agitated, I'll definitely save you," Qin Chuan said.

"Save? It's too difficult."

han Junting will not be able to escape today, " Yunxiao said coldly. even with Hei Yu's protection, she will not be able to escape today. This young master will not allow such a dangerous person to exist. I've already given her enough opportunities!"

Qin Chuan calmed his emotions, then cupped his fists and said, "My master is not here, I'm alone."

Oh? " Yunxiao said sarcastically, " you've fought dozens of US alone? "

"Hahaha, come on, let me go first!"

The evil spirit laughed and waved his axe in the air, making loud clanging sounds.

young master Yun, you must be joking, " Qin Chuan said. I'm no match for any one of you, so I can only negotiate with you, young master Yun.

Chapter 1684-shocking

what right do you have to negotiate with me? " Yunxiao said coldly. what right do you have to negotiate with me? " To put it bluntly, Who Do You Think You Are?"

Qin Chuan was neither servile nor overbearing. He knew that he couldn't afford to panic at this moment. Otherwise, not only would he not be able to save han Junting, but he might also lose his life.

The strong belief of saving his lover made him calm down.

I'm indeed nothing in young master Yun's eyes, but everyone has their own shortcomings and strengths. How do you know that I'm worthless, young master Yun? " Qin Chuan said unhurriedly.

He spoke very slowly, but his mind was moving at lightning speed. He was thinking quickly, afraid that he would make a mistake.

you're right, " Yunxiao said slowly. even a roll of toilet paper can play a great role. But han Junting's life is not something that can be exchanged for a roll of toilet paper."

"Bah!" Han Junting said angrily. Disgusting, vulgar, vulgar!"

“That’s only natural,” Qin Chuan nodded. Junting’s life is a priceless treasure, and after much thought, I’ve decided that I must use young master Yun’s priceless treasure to exchange for it. ”

Yunxiao’s pupils constricted as he said coldly, ” “My priceless treasure?”

“That’s right,” Qin Chuan replied. I heard that young master Yun took in a disciple named Meng Bai when he was in the state of Tianshui in the southern domain?”

Yunxiao’s heart trembled. He slapped Iron Bull with his right hand, and a vast pressure immediately spread out.

The heaven patrolling Bulldog let out a low growl and a green light appeared under its feet, instantly suppressing Qin Chuan.

Qin Chuan’s expression changed drastically, and he felt as if he was carrying a mountain on his shoulders. His body couldn’t help but tremble as he exclaimed,”Young master Yun, what do you mean by this?”

I don’t mean anything, ” Yunxiao said coldly. I just want to prevent you from escaping. If we’re not satisfied with the conversation later, I’ll have this Iron Bull kick open your stomach, pull out your intestines, and strangle your neck. Tsk, tsk, that scene will most likely be very handsome. I wonder if your goddess will feel disgusted, vulgar, and uncouth after seeing it?”

Qin Chuan’s entire body trembled. He wasn’t afraid of death, but when he thought about that disgusting and miserable state in his heart, he felt incomparably terrified. Not to mention, he was in front of his goddess. In an instant, his face turned pale and his eyes were filled with hatred.

you don’t have to look at me like that, ” Yunxiao said. I think everyone will be happy as long as the conversation is satisfactory. Just now, we were talking about my disciple, Meng Bai. What happened after that?”

The experts watching from the sky all sighed in their hearts that Qin Chuan was too young, and Yunxiao was too cunning.

In such an unequal situation, it brought great physical and mental pressure to Qin Chuan. He would inevitably retreat in the conversation and be in an extremely disadvantageous position.

Although Qin Chuan also knew the other party's intention, he still couldn't remain calm. After calming his mind, he said, "Then, Meng Bai has an elder sister named Meng Wu?"

A cold gleam flashed in Yunxiao's eyes as he exerted an aura.

Qin Chuan only felt a sudden pain in his shoulders. His shoulder blade had shattered with a "pa pa" sound. The pain made him grit his teeth and cry out in shock, "What are you doing?"

"I'm not in the mood to talk to you," Yunxiao said coldly. "I'll give you a chance to say everything you need to say. You'd better think about it, this will decide the fate of you two!"

A sharp pain came from Qin Chuan's shoulders. He had wanted to go back and forth with Yunxiao to get some information so that he could state his conditions. But, he did not expect Yunxiao to be so brutal, which completely shattered his little plan.

"I know where Meng Wu is, and I can use her to exchange for Jun ting's life. Qin Chuan revealed what he was thinking.

"just Meng Wu?" Yunxiao said coldly. "Where's my disciple Meng Bai?"

Qin Chuan's body trembled violently as he replied, "I don't know about Meng Bai's situation. He should be somewhere in the Holy region, but I really don't know where he is.

"Meng Wu only has the cultivation base of a warrior, while Han Junting is a nine-stars martial sovereign," Yunxiao said. "Qin Chuan, do you think I'm a fool to exchange a warrior's life for a nine-stars martial sovereign's life?"

Qin Chuan was immediately dumbfounded, "this, this Zhenzhen ..."

The surrounding people were also speechless. Could it be measured this way? This was too much bullying.

Cangwu Qiong stood in the void and looked on indifferently.

Zhou Chu's expression kept changing as the situation changed. He kept stealing glances at his master, but Cangwu Qiong's face remained calm and expressionless.

"You ... How do you think I should change?" Qin Chuan said painfully.

go back and have a good rest," Yunxiao said lightly. heal the wound on your shoulder. Then, bring mengwu and her brother here. I'll give han Junting to you unscathed."

I really don't know where Meng Bai is," Qin Chuan said anxiously. I'm very confident that I can bring Meng Wu out, but I have no idea how to bring Meng Bai out.

Yunxiao's heart sank. Wei Qing had most likely imprisoned Meng Bai in a hidden place, and he must be of great value. Otherwise, even Qin Chuan would know about him.

if that's the case, then there's nothing we can do," Yunxiao said coldly. you want to exchange a warrior for a martial sovereign? you're completely bullying him. I can only kick open your goddess's stomach and wrap her intestines around her neck for you to see."

Han Junting's face turned white with fear and she cursed," "Scumbag, you, you won't die a good death!"

haha, good idea! Let me do it!

The evil spirit cried out in excitement. Ever since it had obtained Yao an's body, it had never had the chance to perform properly," this Iron Bull is too reckless. It wouldn't be fun if he broke her intestines with a kick. Let me use my axe to cut open her stomach!

A surge of demonic Qi spread out. Ann was the leader of one of the eight tribes of the monster race. Her strength was extremely high. Coupled with the evil spirit's evil smile, it made one's blood run cold.

Many experts in the sky frowned, revealing fearful expressions.

"Stop!" Qin Chuan shouted. I beg you to let him go. I'm willing to promise you anything. As long as it's within my power, I beg you, young master Yun!"

His shoulders were badly mangled by the pressure, and his clothes were stained red. He could not help but shed tears.

li Yunxiao, " the guest could not help but say, " this boy is a good man. Let his girl go.

"A girl?" Han Junting was stunned for a moment, then her face turned red and she said angrily, "Shameless! All of you are shameless people, each more obscene than the last!"

"Little girl, you can even understand this in seconds. It seems that you're not that simple after all," Bin Chen chuckled.

"You, I'll kill you!"

Han Junting was so angry that she rushed up to him.

"Junting, calm down!"

Min Lei stepped forward and blocked her way.

At the same time, Chu Mei also moved and patted her shoulder, pressing her down.

it's not that I don't want to let her go," Yunxiao said. it's just that the boy's conditions are really insincere.

Qin Chuan's tears continued to fall as he spoke in a trembling voice, as long as it's within my power, I'm willing to die. I only ask that young master Yun be magnanimous and let her go.

...

"Yes."

that can be considered," Yunxiao said after some thought. I'll consider it. He patted Iron Bull and immediately retracted the boundless pressure.

Qin Chuan's shoulders loosened, and the blood vessels on his shoulders that had been suppressed burst, causing a large amount of blood to spray out. His entire body almost fell, and he staggered unsteadily.

how about this?" Yunxiao said. bring Meng Wu out first. As for han Junting, she'll stay in my holy artifact for now. Don't worry, as long as you're obedient, I won't hurt her. "

Yunxiao gave the evil spirit a look, and it rushed up while laughing and swinging its axe at the people of the divine cloud Palace while shouting, "Get lost!"

"BOOM!"

The axe beam shook off the sisters, then the evil spirit grabbed han Junting and threw her in front of Yunxiao like an eagle holding a chick.

Han Junting was about to resist when she suddenly felt a sharp pain in her shoulders. Yunxiao's incantation seals fell down and entered her through the acupoints on both sides of her shoulders, then flowed down along her Yin Meridian and turned into a net, sealing her dantian!

She turned pale with fright and felt a wave of fear in her heart. If her dantian was crippled, that would be even more terrifying than death.

you don't have to look at me with resentment," Yunxiao said. I'm just sealing your dantian. As for whether it's dangerous or not, that will depend on your man's performance."

He threw the divine realm tablet out and said, "let's go in.

...

The divine realm tablet turned into a Jade tablet and stood upright on the ground. It immediately attracted the attention of countless people, and they all revealed looks of greed and envy.

The hatred in Han Junting's eyes didn't diminish, but she was still a beauty of her generation. She quickly calmed down and turned to Qin Chuan, "You don't need to save me. I won't appreciate it even if you save me. If you really want me to like you and marry you, you have to kill Li Yunxiao."

"I'll think of a way to get you out first." Qin Chuan's face was filled with difficulty. We'll discuss the matter of killing Li Yunxiao at a later time."

Han Junting laughed and looked at the experts in the sky, "I, Han Junting, hereby swear that I will marry whoever can kill Li Yunxiao, no matter if he is old, ugly, weak, or disabled!

His words shocked everyone, and their hearts trembled.

Qin Chuan's face was filled with shock as he cried out, "Junting, why are you so stubborn?"

"Qin Chuan, you're one of the best of the younger generation. If you want to marry me, you'll have to work hard." Han Junting smiled. But I don't think you have much hope, so why don't you let your master come? it's not bad for me to marry him."

"Cha!"

Qin Chuan clenched his fist and pressed it against the ground, shattering countless rocks and dust. Tears welled up in his eyes.

Everyone in the sky was looking at her. It was impossible to say that they were not moved. Han Junting's face was as beautiful as Qu Hongyan's.

Moreover, he was already a nine-star Martial Emperor at such a young age. His future achievements were limitless, and he was even very likely to become the master of the divine cloud Palace.

With such talent and looks, and a limitless future, there was no man who would not be moved.

Yunxiao immediately sensed many malicious gazes, and he knew that many people were tempted. Besides, his divine realm tablet was even more attractive than Han Junting's.

"I'm curious, do you hate me that much? The sky is going to rain, mother is going to get married, can you manage your master's matters?" Yunxiao frowned, as if he was extremely puzzled.

"Hehe, do you want to know?"

Han Junting leaned over and put her beautiful face next to Yunxiao's ear. She breathed out a breath of orchid fragrance, which softened his ears, enjoying it very much.

"Yes, I want to know." Yunxiao! Yunxiao nodded. you won't keep it from me just because you're in a bad mood, will you? "

Chapter 1685

1685 The answer

"Hehe."

Han Junting laughed and said, "I'm not as bad as you."

that's good," Yunxiao said. I'm all ears.

Han Junting pressed her lips against Yunxiao's ear and said softly, "Because I love you, master."

"Ah?"

Yunxiao's mouth was wide open, and he was stunned. He looked at her beautiful and crazy appearance in a daze, then pulled open a barrier and covered the two of them in it to prevent anyone from eavesdropping.

"But, but Yingluo"

He was stunned for a long time and couldn't help but swallow. Then, he said, "But you're a girl!"

"So what if I'm a female?"

Han Junting's face turned ferocious, and she said viciously, "Who said that a daughter can't like a daughter? Who said that!"

Her eyes shot out a fierce light, as if there was endless hatred. This Lord has a peerless beauty and extraordinary talent. I've also been by master's side every day! But why? Why can master like a scumbag like you, but not me? It was you who hurt master and snatched her away, so I'm going to cut your stomach open and burn your Bones to Ashes!"

She rushed up crazily, grabbed Yunxiao's neck with both hands, and clenched her fingers as hard as blades. However, her origin power was sealed, and she could not even leave a mark.

Han Junting was so furious that she punched and kicked him, then rushed up and bit Yunxiao's ear with her teeth, but she could not hurt him at all.

“Why, why? In what way am I inferior to you? in what way am I inferior to you? You scumbag, tell me! How did you steal shizun’s heart!”

Han Junting fought with all her might for a while, and only stopped when she felt very tired. She kept gasping for breath and stared at Yunxiao with hatred.

Yunxiao did not move from the beginning to the end, because he was also a little dumbfounded.

“Does she know about this Xuanji beauty?” he asked after a long while.

“Of course I do,” han Junting replied. Her eyes turned red and she sobbed, “But she couldn’t accept me. She had the same reaction as you, saying that a daughter can’t like a daughter. Who made this rule? Who said it can’t be done?”

“Gulp.”

Yunxiao swallowed and said, “no rule says it can’t be done. But, since she doesn’t like this Yingluo, there’s nothing we can do. Even the most powerful God art in the world can’t make someone who doesn’t love you fall in love with you.”

Han Junting’s face turned blank as she muttered to herself, “No matter how powerful the divine Art is, it can’t make a person who doesn’t love you fall in love with you, Yingluo.”

Yunxiao patted his head and said, “what a headache! The world is so big, and there are all kinds of strange things. I suddenly lost the desire to kill you. You can stay in the divine realm tablet first.”

“But I don’t want to! I don’t want to!” Han Junting cried like a madwoman. Why? Why? How are you better than me, you scumbag!” She pounced on him again.

Yunxiao opened the barrier, flicked his finger, and sent han Junting flying into the tablet.

The entire world fell silent.

“What did Junting say just now?” Qin Chuan retorted with hatred. Why did she become so crazy and desperate?”

Yunxiao gave him an indifferent look and said, “Brat, this woman is a lunatic. You can’t touch her. I advise you to turn back as soon as possible.”

“Hmph, repent and be saved? Hahahaha!”

Qin Chuan laughed out loud in grief and indignation, “You’ve captured my lover and you’re asking me to turn back?”

Yunxiao was speechless, so he could only say, “But she doesn’t love you.”

“It’s enough that I love her,” Qin Chuan replied coldly. I’ll do my best to find Meng Bai and bring him and his sister back to you. Also, before I have the ability to kill you, you can not die!”

Qin Chuan’s fingers dug into his flesh, and his blood dripped onto the ground like water. An incomparable hatred and humiliation spread in his heart.

”

die! he roared unwillingly and turned into a stream of light that shot into the sky, disappearing in the horizon.

Looking at the disappearing light, Yunxiao heaved a long sigh and said, “Become stronger. I’ll wait for you to kill me.”

He didn’t know that Qin Chuan was Ding Shan’s son, and he didn’t have much enmity with him.

In this world, among the younger generation, besides Luo Qingyun, Qin Chuan and Han Junting were the most outstanding. He also hoped that on the path of martial Dao, there would be more and more outstanding juniors who could continue to move forward.

Yunxiao glanced at the people of Shenxiao Palace in the distance and said, "Elder Min Lei, Elder Mei, and the Flux Girl, we're all old friends. We shouldn't be fighting."

Zhi Lei and the others were all extremely embarrassed.

The string girl said, "If you still remember our old friendship, then let Junting go." Otherwise, the Palace Master will definitely come to find you personally."

"Has Hongyan come out of seclusion?" Yunxiao asked.

The string girl was startled, and after pondering for a long time, she said, "We're almost there,"

Yunxiao nodded. I also know that she has not come out of seclusion. Otherwise, she would never have allowed you to do as you please.

"Messing around?" Zhi Lei snorted. Hmph! You've caused the Palace Master to go into seclusion for 20 years, and you've caused the Divine Cloud Palace to seal off their mountains and go into seclusion. It's not wrong to plot to kill you today."

so, Elder Min Lei, do you mean that I should kill all of you?" Yunxiao asked. "

Min Lei's face changed, and she kept quiet.

I won't argue with you about what happened today," Yunxiao said. but, I hope you can tell me where Yunshang is now. It's not only related to Yunshang's comfort, but also to the legacy of your Divine Cloud Palace. Han Junting is most likely crazy. If something happens to the other disciple of Hongyan, Shenxiao Palace will be in trouble in the future."

“Are you crazy? What do you mean by that?” “What did you do to Junting?” Chi Lei asked in shock.

don’t worry,” Yunxiao said. I won’t touch her at all.

“I hope so,” min Lei’s face darkened, “otherwise I’d like to see how you’re going to explain this to the palace Master.” As for yunshang, it’s a top secret of our sect, so we don’t know about it. ”

a bunch of stupid women who only know how to make trouble and can’t do anything about official business! Yunxiao said angrily, annoyed. get lost!

“You coward!”

Min Lei and the others were furious, but when Yunxiao looked at them with a murderous look, they trembled and their faces turned livid.

...

“Let’s go!”

let’s go! Zhi Lei said angrily and left with the others.

The crisis of life and death was finally resolved.

Yunxiao breathed a sigh of relief, but he could not relax. Han Junting had been captured by him, and Luo yunshang’s case had become a mystery.

“Young master Yun, can you give us the key now?”

In the sky, the bald expert asked carefully.

“Um.”

Yunxiao took out the key and played with it in his hand for a while, then said, “One thousand brothers,”

Wan Yiqian sighed and looked a little old. He said, “This key is with me. It’s more misfortune than blessing, so I’ll leave it to Feiyang to deal with it,”

in that case,” Yunxiao said, “I’ll throw it out. I’m not interested in the ancient treasure trove.”

He picked up the key and threw it into the air, and it was actually directed at Li Yi. He smiled and said, “I’ll return it to you.”

...

Li Yi was stunned for a moment before he took it with his bare hands.

Immediately, dozens of gazes and divine senses locked onto him, followed by a monstrous killing intent.

His face flickered. He knew that Yunxiao was up to no good, but he could not bear to throw away the key. With a loud cry, he transformed part of his body into a demonic form and turned into a beam of light, fleeing.

“Hmph, you want to leave with such puny strength? In your dreams!”

Zhong Hong sneered and chased after him.

Rays of light flickered in the air, and in an instant, twenty to thirty figures flew out, all of them chasing after Li Yi.

ding Shan really has a good business mind," Yunxiao praised. he didn't come to fight for the ancient secret treasure himself, but sold talismans and information. I'm afraid he's making a lot of money.

"Hmph!"

"One day, I'll come back and crush his bones and scatter his ashes!" Wan Yiqian snorted angrily.

"I hope so," Yunxiao said. With ding Shan's thoughts and strength, it wouldn't be that easy to take revenge.

Wan Yi Qian said,'it seems like Feiyang doesn't have confidence in me. Let's go."

the teleportation array in front leads directly to several major cities in the North," Yunxiao said. you'll be able to go to thousand leaves island after a few more turns. I still have something to do, so I won't go with you, brother Yiqian.

"You, you're not going?" Wan Yiqian asked, stunned.

brother Yiqian's key to the secret treasure has been abandoned," Yunxiao said. there won't be too much danger on the way. We can teleport to the North region's main city and rest for a month before leaving."

Wan Yiqian thought for a while and said,"it's fine. The road ahead is indeed smooth. There won't be any danger." After a long journey, there will always be a farewell. I will take my leave here."

Without being pretentious, he took a step forward, grabbed Yunxiao's hand, and said, "I'm grateful that you didn't abandon me in this disaster and saved me many times. I'll remember this in my heart and never forget it."

Yunxiao smiled. brother Yiqian, you're too polite. You promised to be a guest minister again that day, so you will naturally do your best. Hurry up and go to thousand leaves Island, and rebuild the ten thousand treasures tower."

“Okay, then I’ll take my leave first.”

Wan Yiqian cupped her fists again and saluted. Then, she turned around and flew away without looking back in the direction of the teleportation formation.

Lord lianyi, ” Yunxiao said. how are your injuries? ”

thank you for your concern, young master Yun, ” su lianyi hurriedly said. although it’s serious, it has been suppressed. It’s just that I’m afraid I can’t use force for ten days to half a month.”

it doesn’t matter, ” Yunxiao said. you can go back to the divine realm tablet to rest.

He hit a seal on the divine realm tablet and it slowly flew up.

In the end, the stele turned into a stream of light and flew into Yunxiao’s forehead.

He swept his gaze across the void, sneered, and teleported away.

After a long time, there were ripples in the air, and a ray of light burst out, heading in the direction Li Yi had escaped.

These people had been waiting for an opportunity to seize Yunxiao’s divine realm tablet, but they did not have a chance to win. So, they had to settle for the second-best option and go after the ancient treasure trove.

Yunxiao did not want to be followed, so he transformed into an ordinary teenager after a few flashes and began to drink tea in the city.

“Kid, have you really given up on the ancient treasure trove? This isn’t your style.” Che you’s voice of doubt resounded in his mind.

Chapter 1686-chance of winning

“Oh? Do you think I’m such a greedy person?”

Yunxiao sipped his fragrant tea leisurely, oblivious to the noise outside.

The people in the surroundings were discussing what had happened in the city. The shockwaves from their battle earlier had a huge impact on the surrounding area.

“Isn’t that so?” Che You sneered.

“Alright, let’s say you’re right.”

When I weighed the key just now,” Yunxiao said, “I found that it was a fake key, although it was exquisitely made.

“What? A fake one?”

Che You was shocked, he said, “This Wan Yiqian is indeed an old fox. He probably created this fake key to confuse everyone, right?”

If Yiqian has placed all his hopes on this secret treasure,” Yunxiao said seriously, “he will not give up the secret treasure even if he has to give up his life. If he really did lose it, would he still have the heart to go to Thousand Leaves Island?”

Che You said angrily, “This old fox, he even lied to you!” No wonder you don’t want to travel with him anymore. It turns out that you’ve seen through his character!”

“No!”

Yunxiao leisurely drank by himself and said, “This young master’s consideration is that even though we can use a fake key to hide it for a while, we can’t hide it forever. The fake key would be discovered very

quickly, and it would still be very troublesome. It would be best for me to leave as soon as possible. As long as he can get to thousand leaves Island, this trouble will naturally belong to the island.”

that’s true, ” che you said, ” you already have enough treasures on you. No matter how rich that ancient treasure is, it can’t possibly be more valuable than what you have. There was no need to get himself into trouble for that chicken rib. Where do you plan to go now?”

Yunxiao held the teacup in his hand and looked at the green ripples in it as he drank it all in one gulp and said, ” “I originally planned to use the Dragon blood to temper my body and step into the peak of nine-star before going to meet Gu Shengfeng. However, his power was absorbed by his body and he opened the six gates of the divine body. His cultivation was still at the intermediate nine-star level. I was thinking of looking for the extreme northern ice essence and forging the divine refined steel first. Ever since Lord mu di invited that Yuan gaohan to participate in the next stage of refinement, that fellow has been urging me to find the extreme northern ice essence.”

“Isn’t that thing still missing?” che you asked.

Yuan gaohan found some clues in the ancient books of the Holy region, ” Yunxiao said. it’s worth a try.

what a waste of time! che you shouted, ” why don’t you come with me to the eastern sea’s rainy land? ”

“Rain?”

you want to snatch the world sword from the Dragon head? ” Yunxiao asked in surprise. you want to snatch the world sword? ”

“Yes.”

Che you did not hide his thoughts, he replied: ” not only the world sword, but the so-called rain land should also be evolved from the Dragon field, and it’s a very large piece.

His tone was filled with greed and excitement.

let's not talk about whether we can snatch it or not," Yunxiao said. after all, it belongs to someone else. Wouldn't we be bandits if we tried to snatch it?"

"Hmph, what do you mean by other people's things? The things left behind by the true dragon Lord belonged to every descendant of the Dragon race. Why should they be theirs? In terms of bloodline and status, I'm more legitimate than them!" Che you called out in dissatisfaction.

Oh, right! Yunxiao asked curiously, "longlong, what's your background?" He's so mysterious."

Che you said coldly, "I am the Supreme descendant of the Dragon. What other background do I need?" It's the true dragon race, completely different from humans like Luo Qingyun and long qianmiao who have dragon blood."

aren't the royal families of the four Seas also descendants of the dragon race?" Yunxiao asked.

"That's right," che you replied,"the true dragon heritage is only left in the four Seas. It's extremely rare on the heavenly martial continent, and even if you do, most of them are mixed with other species."

then what's with the Dragon field?" Yunxiao asked. isn't it a domain formed by your own power after you broke through the spatial limit?"

"Yes, it's the power of a domain," che you replied. The dragon clan's domain is a completely different concept from the so-called 'domain' that you human ancient martial art practitioners have after breaking through to the martial honor realm. A martial venerable of the eight desolation realm was extremely powerful. He could suppress the space in all directions and could be enhanced by his own aura, making him invincible. That was why he was known as the Supreme martial artist. On the other hand, the Dragon domain is a completely independent space, filled with the rules of its own power."

'So, that's the realm power? For example, this young master's lightning world and Sword World."

"But it's still above this small realm." Your so-called 'boundary power' is just a 'barrier' filled with the power of magical powers formed after one's magical powers have reached the limit by using and absorbing the rules of the heavenly martial realm. On the other hand, the Dragon domain was

condensed by the rule force that was born on its own, and it was completely independent of the heavenly martial realm. To put it simply, it's beyond the Three Realms, not within the five elements."

Yunxiao was shocked, but he still glared at her and said, " you've said so much. Are you trying to say that you're more awesome than us and of a higher level than us? "

Che you laughed,"haha, even if you don't want to admit it, it's true .." When I use the divine ability of the dragon clan, I can also form a certain amount of the power of the Dragon Realm, but it's too weak and is only in its embryonic form. The land of myriad rain in the East Sea was created by one of the shattered Dragon Realms created by Lord True dragon. It also contains extremely powerful true dragon power."

Yunxiao finally understood most of it. No wonder the dragon clan could recover from even the most serious injuries in the rain.

"You're thinking of going to the rain land to absorb the power of the true dragon and snatch the boundless calamity sword? But don't forget, in the center of this land of rain, at the end of the sky, there is a true ancient true spirit!"

Yunxiao's heart trembled when he recalled Shi Long's gaze and roar, and he felt a sense of powerlessness.

Shi long was the ancestor of the East Sea Dragon race, the true Son of the Dragon. Even among the ancient true spirits, he was a very powerful existence.

"It's probably because of the great changes in the laws of the world that it's in a deep slumber. Even if he does wake up, he won't have the power he had back then."

Yunxiao pondered for a moment and said, " but it's still too dangerous. Let's go when we're confident. Last time, we'll empty the earth veins and hidden treasures of Donghai Palace. Next time, we'll excavate their ancestor's Cemetery, the land of infinite rain." A drop of cold sweat trickled down his face as he laughed embarrassedly, " I'm afraid that the four Seas won't be able to sit still. Poron is going to bring people to kill me again."

“Hahaha!” Che you laughed, “hurry up and deal with polong’s daughter. I don’t see any resistance from her. You can deal with her at any time. As long as we can make her belly bigger, we’ll have our own people in the key positions, hehe.”

Yunxiao wiped his cold sweat and said awkwardly, “You idiot, you only know how to give me bad ideas! I’ll follow you to the eastern sea after I become a divine transcendence expert!”

With that, his figure disappeared from the teahouse, leaving only the faint fragrance of tea.

“Eh, where is he? Where did he go? he was here just now!”

A moment later, the teahouse waiter realized that there was no one there. He looked out from the window and saw that there was no one there. His face immediately turned green.

Because there was only cold tea left on the table, and no primeval stones at all, the young man just now left without paying!

“Pa!”

He was hit hard on the head. The shopkeeper ran over angrily and punched him. “I’ll teach you to open your eyes. Someone drank Overlord tea again! My teahouse will be destroyed by you sooner or later! This is the best spirit tea. Eight mid-grade primordial stones for the tea, and I’ll deduct two months of your salary!”

“Ah?” The shop assistant was stunned and said with a sad face, “Who knew that the person who was so polite just now was a scoundrel? Shopkeeper, you’ve already deducted half a year’s worth of my salary. My family doesn’t have any rice to fill the pot, and I really can’t hold on much longer.”

The shopkeeper twisted his ear and swung it back and forth. He said angrily, “who asked you to be so blind? you let your guard down just because he rolled his eyes. You like to look at all men. You deserve to die!”

The waiter’s ears were in pain, and he kept shouting.

“Don’t be noisy, be quiet. I’ll pay for the tea of the person in front of me. Bring me a new pot of the same tea.”

“Clang.”

...

A pile of origin stones was left on the table. There were actually more than ten high-grade origin stones.

The shopkeeper and the shop assistant’s eyes blurred, and they found two men sitting in Yunxiao’s previous seat.

The two of them knew that he must be an expert, so they didn’t dare to neglect him. They quickly took the primeval stones and made a new pot of tea.

They were Cangwu Qiong and Zhou Chu, both of whom were silent, as if they had something on their minds.

Zhou Chu carefully offered the green tea to Cangwu Qiong and said, “master, please enjoy the tea. then, he sat down quietly.

Cangwu Qiong had not said a word since they entered Ishikawa city. Zhou Chu could not guess what he was thinking, so he did not dare to speak.

Cangwu Qiong picked up the teacup, and the green color suddenly changed drastically, turning into light blue ice crystals in an instant. His entire arm was frozen as well, covered in a layer of frost.

“?! Master!”

Zhou Chu was shocked. He couldn’t help but scream and stand up, his face full of vigilance.

Cangwu Qiong raised his eyes and gave him a reproachful look. Zhou Chu swallowed his saliva and did not dare to speak.

Cangwu Qiong moved his arm, and the frost receded.

...

The teacup was placed back on the table, and the tea turned back to a clear green color. It slowly emitted a light smoke, and the tea was heated up again.

At some point, another person had appeared at the tea table. He was expressionless, but his eyes were cold and full of solemnness.

“Lord Duan Jue!”

Zhou Chu was shocked and quickly saluted, but he didn’t dare to make a loud noise.

“The tea is cold, but it can be heated again. Once the opportunity is lost, it’ll be hard to find it again.” Darknorth duel’s eyes flashed with coldness.

Cangwu Qiong finished his tea and said, “You’re blaming me for not making a move?”

Hmph! darknorth Duan Jue snorted. if you make a move, you have at least an eighty percent chance of killing Yunxiao.

“80%?” “Do you really think I’m 80% confident, or are you blaming me on purpose?” Cangwu Qiong smiled.

“That’s at least a 50 – 50 chance,” darknorth duel said.

Cangwu Qiong nodded. you're right. It's a 50 – 50 chance. It's not enough.

“Gu Feiyang is too terrifying,” darknorth demi-Jue said with a grave expression,”his current body is only twenty years old! The next time we meet, I'm afraid there won't be a 50 – 50 chance.”

Thinking of this, he couldn't help but feel a chill in his heart.

Chapter 1687-returning to dingtian city

“Based on the power he displayed today, and my guess, even three divine transcendence experts might not be able to kill him!” Cangwu Qiong said.

Zhou Chu was so shocked that he couldn't speak.

Darknorth duel's face was filled with hatred as he gritted his teeth and said,”I also have the same thought. Unknowingly, he had actually formed such a terrifying force. It was probably enough to compete with the seven major sects. When he first rose to power, this King didn't pay too much attention to him, until my son, beiming Laifeng, died at his hands. By the time I found out the truth, he had already grown to a point where he could not be removed!”

The atmosphere at the tea table suddenly became heavy. The two peerless experts of the current generation had ugly expressions.

that's why it's very important to hit the target in one shot, ” Cangwu Qiong said. we need to have at least an 80% chance of winning before we make our move.

“An 80% chance of winning, will there be such a day? This time, he had thought that he had a hundred percent chance of winning, but in the end, deep worry appeared in darknorth judge's eyes.

“I will, but be patient.” Cangwu Qiong replied. I already have an initial idea. Let's wait for the situation to change.”

“Alright, I trust Sir Cangwu Qiong. Let me know at any time when you kill Gu Feiyang. I have to go back and prepare.” Darknorth demi-Jue solemnly nodded. As if he was vexed and unwilling to stay any longer, he disappeared from the table without any warning.

Cangwu Qiong continued to taste his tea. After a while, he suddenly muttered to himself, “Meng Wu, Meng Bai, and Qingqing.” His pupils contracted, and he said in a serious voice, “If it’s really as I thought, Wei Qing, you’re really bold. I really admire you!”

Zhou Chu frowned and repeated the name in his mind a few times. He didn’t find it strange, but his face was full of doubt.

“Let’s go,” he said.

Cangwu Qiong finished the tea in his pot, and the two of them disappeared from the teahouse.

In front of a Jade wall in the mountain of mind, divine realm tablet.

A map appeared faintly, exuding an ancient aura. Under the convergence of light and shadow, it gradually became clear, as if it had been there before.

Yuan gaohan pointed to a corner and said, “This is Thule, covered in ice and snow. Even today, there’s no one here.”

Yunxiao and su lianyi were standing in front of the map, which was filled with light and shadow.

Su lianyi pondered, “I didn’t expect the changes in the land to be so great. Now, this area is completely the North Sea. There’s nothing here. It’s almost impossible to find the ice essence.

“Not necessarily,” Yuan gaohan said. I’ve carefully studied the information about the extreme North’s little icy sky. It was suddenly erased from the heavenly martial arts realm by a force, and the entire space disappeared from this place. However, there are still a large number of ice rocks that sank into the boundless earth. It seems like it should be the bottom of the sea.”

There was a square rock in front of the Jade wall, and the light shadow was cast from it.

Yuan gaohan sent out several incantation seals into the stone, and the whole image suddenly changed. A familiar picture slowly unfolded in front of the Jade wall, overlapping with the picture behind him.

this is the current heavenly martial arts realm. The world has changed. The space coordinates of the extreme North's small icy sky were here. if we can't find the extreme northern ice essence here, the entire heavenly martial arts realm will cease to exist, " Yuan gaohan said, pointing. we can only find a way to replace it with other materials.

Su lianyi looked at the map and pondered, " this Sea region might not be simple.

"Oh?"

Both Yunxiao and Yuan gaohan found it strange.

"This Sea area should be a no man's land," Yuan gaohan said."Could it be that there are some fierce beasts here?"

With their strength, unless it was a beast at the level of divine transcendence, it would not be a problem.

Su lianyi replied,"not necessarily fierce beasts." The Empyrean one Pavilion's business was spread all over the world, and they often had business overseas. In addition to the sea Race, most of them were from the hidden families. I've also tried to find out about the situation of these forces. Although I don't know much, I have some guesses in my heart. There might be a hidden family in the vicinity of this sea."

"There's such a thing?"

what? " Yunxiao was taken aback. He frowned and said, " if there are reclusive families, I'm afraid the resources at the bottom of the sea will be vast.

Yuan gaohan's expression also turned ugly, "But no matter what, we have to try. Let's go now."

Ever since he had received the invitation for the divine refinement, he had been restless. Even in his dreams, he had been thinking about how to find the extreme northern ice essence.

Su lianyi suddenly said, " what if Qian also went to the hidden aristocratic family? it wouldn't be such a coincidence, right? "

"How's that possible?" Yuan gaohan asked. Thousand leaves Island is a half-hidden sect, and although its location is extremely secretive, many people know about it. It's not in this Sea area."

then let's not delay. Yunxiao nodded. we'll leave now.

let's find a ninth-grade warship, " Yuan gaohan said. Noah's ship is too conspicuous. You have many treasures on you and have become a thorn in the eyes of the world, so it's better to be careful."

ninth-grade warship? " Yunxiao laughed. ninth-grade warship? I don't have such a precious thing, why don't we find a nearby sect and Rob one?"

don't get into trouble! Yuan gaohan snorted angrily. don't you think that the current heavenly martial arts realm is not chaotic enough?!

haha! Yunxiao laughed. in fact, when has the heavenly martial realm ever been peaceful? Ye Fan is in closed door cultivation, I will not disturb him. Lady Lian Yi, can you get us a battleship?"

I do have a ninth-grade battleship, " su lianyi said. but it's not as Grand as the ten thousand treasures building.

She rolled up her sleeves, and an exquisite bracelet appeared on her wrist. Her right hand turned slightly, and a projection of three ninth-grade battleships appeared on the wall."Young master Yun, you can choose one."

we don't have many people," Yunxiao said. we just need to be fast enough. He stared at the smallest ship, which was dressed in pink and many plum blossoms. It was extremely feminine.

Yuan gaohan said, "this ship is excellent. Let's go to dingtian city first. I've already contacted Chen Yunyu. He'll wait for us there.

how's myriad Stars Valley?" Yunxiao asked in a hurry. how is it? "Do you have Tian Xingzi's whereabouts?"

Yuan gaohan shook his head with a sullen expression, "I'm afraid Tian Xingzi's injuries were too serious in the battle of fighting Soul Mountain. There were only two possibilities. One was that he was too seriously injured and was trapped in some strange space. Secondly, it's inconvenient to show your face in case of any unnecessary accidents. You can go back after you've recovered."

yes," Yunxiao said. at that time, he was shaken into the spacetime storm and swept away. I think it's most likely the latter. There are very few strange spaces in the world that can trap him."

"Since this person has a life-and-death friendship with you, he's a force that's worth roping in," Yuan gaohan said. If three out of the seven major powers stand on your side, with the support of the sea Emperor, and your own strength, you'll be an important force in keeping the world in check."

"The third?" Yunxiao said, raising his eyebrows.

"The long family of the sky Ridge, the myriad Star Valley, and the divine cloud Palace," Yuan gaohan said.

Yunxiao pulled a long face and said, "stop bullshitting. The people from shenxiao Palace tried to kill me just now.

"For the sake of the world, you should just sacrifice your looks," Yuan gaohan said with a sneer. Besides, Palace Master Qu's beauty is unparalleled in the world. You're taking advantage of her, not sacrificing her."

brother Gao Han, Lord mu Di's divine refinement is in my divine realm tablet, " Yunxiao said. I'm the master of the divine realm tablet, so I have the final say on whether I'm qualified to participate in it. Have you forgotten about it so quickly? "

Yuan gaohan was covered in cold sweat and hurriedly said, I've spoken too much. I've spoken too much. Young master Yun, please don't take offense.

don't do it again! Yunxiao snorted. don't blame me for not warning you! As for the sea Emperor, no one knew what he was thinking. Saying that he would support me would be a bit too much of a joke. Let's go to the set Sky City first. I hope that this search for the extreme northern ice Spirit will go smoothly."

...

At this moment, a shocking battle was taking place outside of the city. Energy waves kept surging into the city, and some buildings nearby collapsed one after another. Everyone was fleeing into the city.

The city Lord of Ishikawa city and the other experts looked into the distance. They did not dare to get close. They could only pray that it would end soon. Any one of those powerful beings could crush them to death.

Yunxiao knew that the fight for the secret treasure key had finally begun. He did not know how Li Yi was doing, but he knew that the kid had extraordinary strength, was very cunning, and had a good fortune. He would most likely be able to escape successfully.

'Of course, it would be best if he dies,' Yunxiao thought evilly.

Then, he squeezed into the crowd and headed toward the teleportation array.

A few hours later, Yunxiao appeared in dingtian city.

After the battle of Seawood town, the entire town had been completely destroyed. It had now become a small island with few people living there.

Dingtian city had become a city that one must pass by on the way to the sea. Compared to how prosperous it was before, the largest family in the city was the MU family.

Yunxiao arrived in front of the city Lord's mansion.

When the guards saw that there was suddenly one more person, they immediately surrounded him vigilantly.

"Who are you?" one of them shouted.

...

I'm looking for mu Youyun," Yunxiao chuckled. I have something to discuss with him.

When the guard heard him mention the city Lord's name and saw how young he was, he immediately shouted, "Do you have a visiting card?"

"No," Yunxiao said.

The Guard's face immediately sank and he shouted, "Are you playing with me?" The other people's expressions also became unkind.

Lord mu Youyun," Yunxiao said loudly with a smile, "an old friend has come to visit. I hope you can meet him.

His voice was like the waves of the ocean, spreading into the mansion.

The guards were shocked and shouted, "Shut up! Who allowed you to make such a big fuss!" "Hurry up and leave. Otherwise, don't blame us for being impolite!" "The city Lord is currently in closed-door cultivation, he absolutely can't see you!"

“Is the newcomer Qianqian?”

A shocked voice suddenly rang out in the mansion, and all the guards immediately shut their mouths. They only felt a blur in front of their eyes, and then they saw the city Lord, mu Youyun, who had long since been in seclusion, appear in front of them, and he respectfully and pleasantly greeted them.

“Haha, it’s young master Yunxiao! Come, come, come, quickly come in!”

Mu Youyun stepped forward enthusiastically, took Yunxiao’s hand, and walked in. When he saw the few guards still standing at the door in a daze, he immediately shouted in a deep voice, “What are you still doing here? A bunch of idiots, get out of the way!”

With a wave of his sleeve, a strong wind swept over and ruthlessly pushed the guards away. Then, without even looking at them, he enthusiastically pulled Yunxiao inside.

Chapter 1688-deep waters

“\*’ve missed you so much since our last meeting \* and I’m very happy to see you again \* young master Yun. This time, I must stay for a year and a half!”

With unusual enthusiasm, mu Youyun pulled Yunxiao’s hand into a small living room and led him to the seat of honor before reluctantly putting it down.

When the guards outside the mansion heard the voice, they immediately understood who the young man was. They were all scared silly and kept quiet out of fear, crying without tears.

it’s not a problem,” Yunxiao said with a smile. I can stay for a day or two. I’ve come to the dingtian city to wait for a friend, then we’ll go out to sea together.” He went straight to the point.

“Go out to sea?” “Young master Yun, why do you want to go out to sea now?” mu Youyun asked curiously.

Yunxiao saw that his eyes were flickering a little, and he asked curiously, “What’s the matter? is there a problem with going out to sea now?”

“No, no, no, of course not.” Mu Youyun smiled. it’s just that something big has just happened in new Yan city. Young master Yun’s reputation has spread far and wide. Aren’t you going out to sea to avoid something?”

haha! Yunxiao laughed. Lord Youyun, you’re overthinking it. I’m going out to sea purely for a private matter, and I’m here in the dingtian city to wait for a friend. We’ve already agreed to meet here, so I have no choice but to disturb you for a few days.”

Mu Youyun was instantly furious and reproached, “Young master Yun, you’re being too polite! The MU family of dingtian city will always be open to you, young master Yun. You can come here at any time, just treat this place as your home!”

thank you, ” Yunxiao said. I’ll have to trouble you then.

Mu Youyun patted his chest and said, ” it’s just a small matter. If young master Yun continues to be so polite, I’ll really be embarrassed! May I know why young master Yun has gone out to sea, and if my Mu family can help? As long as it’s within my power, blade mountain flame sea Guild will not frown!”

Oh? ” Yunxiao thought for a moment and said, ” have you ever heard of the little frozen sky of the extreme north, my Lord? ”

Mu Youyun stared blankly and pondered for a while. He shook his head and said, I’ve never heard of it, but the North Sea is indeed the extreme north of the heavenly martial continent. My clan is neighbors, so I’m quite familiar with this Sea region.”

Yunxiao waved his hand, and a ray of light spread out from his hand, projecting a real picture of the sea in the air.

One of the areas was circled in red.

“Is Lord Yun familiar with this area?”

“This is a Kasaya.”

After mu Youyun watched for a while, he suddenly exclaimed, “Deep abyss water path!”

“Oh? It even has a unique name. It must be very unusual, right?”

Yunxiao was surprised. It was just a casual question, but he had really learned something.

Mu Youyun said, “yes, this Sea area is indeed strange. People who go out to sea will try their best to avoid it. Once they fall into it, they will most likely die. However, with young master Yun’s strength, it’s naturally not a problem.”

“A narrow escape?”

Yunxiao was taken aback, but then he said with a wry smile, “There’s always Mountains Beyond Mountains and heavens beyond heavens. Lord Youyun has overestimated me. Since I know there’s danger, I’ll be more careful.” He had a few more expectations in his heart. If it was ordinary, perhaps he really would have gained nothing.

Mu Youyun stared at the sea and frowned. “People who go out to sea try to avoid this area of the sea, but if they deliberately look for it, they may not necessarily meet it.”

what do you mean?” Yunxiao was taken aback. what do you mean? ”

“Although this area has been marked out in various versions of the sea landscape, most of the time, it’s just a plain and ordinary scene,” mu Youyun said.

what?” Yunxiao frowned and said, “does that mean there are overlapping spaces?” This deep water path isn’t in the sea?”

young master Yun is indeed very intelligent, ” mu Youyun praised. you’ve guessed the key point. I don’t know much about the specific situation. I’ll get someone to collect information on the deep waters trail.

Young master Yun, please wait patiently. May I know who young master Yun's friend is and when he will come?"

that man's name is Chen Yunyu," Yunxiao said. he'll probably be here in a few days.

Mu Youyun muttered to himself, then said in surprise,"Are you a Saint? I've also heard that he's a great expert at the peak of the nine-star level."

that's him," Yunxiao said with a smile. it's him.

Mu Youyun didn't dare to delay and immediately had people make the arrangements.

Three days later, Chen Yunyu arrived as expected. A ninth-grade warship appeared above dingtian city and flew towards the North Sea.

Yunxiao slowly took the Jade slip off his forehead and threw it to su lianyi, Yuan gaohan, and the others to read.

After su lianyi read it, she frowned slightly. However, she didn't think much of it and said, "The information that mu Youyun has gathered isn't of much value. The only thing that was worth noting was that five years ago, an eight-star Martial Emperor had entered the deep aqua path and never came out again. There were two possibilities: The first possibility was that there were ferocious beasts above rank eight inside, so the Martial Emperor had died. The second possibility was that there was a space passage inside, and the Martial Emperor had left directly. No matter what it is, we can handle it. "

After Yuan gaohan finished reading the Jade slip, he said, " there are still many details in it. For example, it's cold all year round. There are often stiff sea beasts that die nearby. They should have been frozen to death. To be able to freeze a sea beast to death, hehe, that's not simple!" He was slightly excited.

Yunxiao was lying on a bench as he said lazily, "I hope everything goes well."

Su lianyi smiled. young master Yun, you're overthinking. With our current strength, there are not many places in the world that we can't go. The only problem now is to find the crack in the overlapping space so that we can enter smoothly."

"It's just an ancient site," Yuan gaohan agreed.

Yunxiao raised his eyes and looked into the sky as he said, "Historical site? Can an eight-stars martial sovereign never return from an ancient site?"

"Perhaps it has already become the territory of a ferocious beast," Chen Yuyu said with a frown.

Yuan gaohan and su lianyi also nodded in agreement.

how can there be frozen sea beasts in the territory of fierce beasts? " Yunxiao asked. Ordinary sea beasts will die with a single touch if they can kill an eight-star Martial Emperor."

"You're making things more and more complicated. Why do you have to complicate a simple matter?" Yuan gaohan said with dissatisfaction.

it's not complicated," Yunxiao said. it's more calculation than victory, and less calculation means less victory. I think this deep serene Water Trail is not as simple as it looks. Besides, there's definitely more than one eight-star martial sovereign who's gone in over the years. I'm afraid that even more experts have fallen in there. We'd better be careful."

The ninth-grade warship continued to fly above the North Sea. After a few days, its speed gradually slowed down and finally stopped.

Yunxiao, su lianyi, and the other three flew down from the sky, sticking to the surface of the sea several feet high. They looked around and saw a vast ocean with no end in sight.

Yuan gaohan frowned. sure enough, everything's normal. My divine sense reached the bottom of the sea and there's nothing wrong.

Yunxiao looked down at the blue sea under his feet. After staring at it for a while, he said, "This is the place."

"What did you find?"

The others all gathered around with looks of disbelief on their faces. They had already used their divine senses to clearly see that this Sea region was no different from the other seas.

there are a total of thirteen sea beasts above the fifth-tier within ten miles," Yunxiao said. "

"Isn't that normal?" Hmm, it seems to be a little more than other places, but that's normal, right?"

...

"All Water-type sea beasts?" Yuan gaohan was suddenly startled.

that's right," Yunxiao said with a smile. although most sea beasts are Water-type, it's normal. However, unless it was occupied by a race, there would always be some existences from the other four elements in each region. Furthermore, brother Gao Han, if you look closely at the existences below the fifth rank, they are all Water-type."

"That's right!" Yuan gaohan clapped excitedly. If that's the case, it must've been affected by the overlapping space, and a large amount of cold air was released, which was why the Water-type sea beasts were attracted here."

brother Gao Han," Yunxiao said. if we want to find the coordinates of the overlapping space, we'll have to put in some effort.

"That's what I should do," Yuan gaohan said with a serious expression. I can't be of much help, so leave the search for the spatial node to me. We'll still have to rely on young master Yun."

When two spaces overlapped, there was bound to be an intersection point, which was also the key point to step from one to the other.

This kind of node was extremely difficult to find. It required a special profound artifact or a powerful divine sense to carry out a carpet search, and Yuan gaohan was undoubtedly the best candidate. However, it was a waste of talent for a peak ninth-tier Alchemist to do this kind of work.

But Yuan gaohan clearly didn't care and was very happy.

He sat down cross-legged and began to spread out his divine sense, searching inch by inch.

Su lianyi said, " a ninth-grade warship also has the ability to detect nodes. I wonder if I can find the overlapping point under such a state. I'll go and try. After saying that, she flew into the warship and activated all kinds of search arrays.

Chen Yuyu stood quietly beside Yuan gaohan to protect him.

...

He suddenly frowned and looked at the water below. A huge shadow slowly floated up.

It was a seventh-rank sea beast. Its body was like a whale, but it had fangs and was covered in fur.

The sea beast's eyes glowed with a strange blue color, shooting out a fierce light that refracted through the surface of the sea.

In fact, beasts were far more sensitive to danger than humans, but Yunxiao and the others had long returned to their original state, and their auras were completely concealed, not leaking out a single bit.

This demonic beast's level was not high, so it could not sense any danger. Therefore, it wanted to devour everyone.

A sneer appeared on Chen Yuyu's face. He put two fingers together like a sword and pointed at one point.

"Whoosh!"

The surface of the sea was slightly split open, and the finger sword directly penetrated the head of the sea beast and shot down.

"Gulu Gulu."

The sea beast died on the spot, and no blood flowed out. A large amount of seawater poured into the wound, and its huge body floated quietly in the sea, neither rising nor sinking. It was dead silent.

Yunxiao grabbed at the sea beast, and a hole appeared on its back. A Blue Demon core the size of a pigeon's egg flew into his hand.

"What's the use of such a low-level inner core?" Chen Yuyu laughed.

Yunxiao swallowed it in one gulp and closed his eyes.

He then slowly opened his eyes and said, "there's a trace of extremely cold Qi in the demonic core. It must have been condensed after absorbing the ice Qi from the mini ice sky ruins for a long time.

His eyes lit up and he said excitedly, "so many years have passed, but there's still such cold Qi. It's very likely that there's still ice soul essence!"

"Eh?!"

Cold sweat broke out on Chen Yuyu's forehead. He was shocked by this meticulous thought. He could actually find clues like this.

Chapter 1689

## 1689 The snake of gluttony

no matter what kind of power you absorb, it will eventually be deposited in your dantian, constantly condensed and consolidated," Yunxiao said proudly. This sea beast's cold energy is of sufficient quality and quantity, and it's been hiding here for a long time. It's clear that the cold energy in small ice sky ruins is quite alluring."

Chen Yuyu was filled with admiration and sincerely praised, " "Young master Yun's eyes are indeed sharp. If I kill this sea beast, it should be able to intimidate the other sea beasts, and we can be quiet for a while."

As soon as he finished speaking, an even larger shadow appeared in the sea.

Chen Yuyu's face turned red and she said angrily, " what a beast! It doesn't have any intelligence and doesn't know what's good for it!

It was a sea snake that was a few hundred feet long. It was almost a giant beast, at the peak of the eighth rank.

If it charged up and opened its mouth wide, it would be able to devour everyone.

Chen Yuyu naturally would not wait for it to make the first move. Once again, he pointed his finger at the sword and shot it down.

The sea snake twisted its body, and its huge body trembled. It became blurry, and the sword light passed through it, but it missed.

"What?"

Chen Yuyu's eyes widened in disbelief.

"Huala!

Not far away, the sea water exploded, and a huge snake head emerged. Its eyes were cold, and it opened its mouth to bite.

“Damned beast, you dare to make a fool of this Lord? watch how this Lord beheads you!”

Chen Yuyu was a little angry from embarrassment after missing his attack. He closed his five fingers into a knife and continued to gather Qi. The knife light swallowed and spat out at his fingertips.

The sea snake seemed to have sensed great danger and stopped its attack instantly. It flicked its tongue and actually wanted to retreat.

“Now you’re afraid? I’m Xuanji.”

Chen Yuyu sneered and was about to make a move, but was interrupted by a stern voice.

“Stop!”

The voice seemed to have appeared out of thin air, but it was clearly heard by everyone.

Yunxiao and Chen Yunyu were taken aback. They looked in the direction of the sound and found that it was coming from the snake’s stomach.

Yuan gaohan also couldn’t help but let out a surprised “Yi” as he opened his eyes and looked at the snake’s stomach.”This is a Pixiu.” His expression showed that he had some guesses, but he wasn’t sure.

“Who is it? Who’s in the snake’s stomach?” Chen Yuyu shouted.

The sea snake’s body was covered in blue patterns that could block divine sense, making it impossible for anyone to see through it.

brother Gao Han, " Yunxiao said. do you know this snake? "

"I've seen some records, but I can't be sure," Yuan gaohan said after some thought.

After the sound came from the snake's stomach, it stopped moving and looked at them vigilantly with fear in its eyes.

there's one person I definitely know, " Yunxiao said. I'm sure of it.

There was a flash of light between his eyebrows, and the divine realm tablet emerged. A white figure then appeared.

"This is a Pi Xiu gluttonous snake."

The White figure was the water deity. As soon as she saw the snake, she immediately screamed.

"It really is a snake?" Yuan gaohan revealed a look of disbelief,"This is an ancient mutant."

The water deity jumped up excitedly on the surface of the sea and said, " "I raised one when I was young, but I don't know where it went. It's much worse than this one. This gluttonous snake should have formed an independent space, right?"

"Independent space? What do you mean by that?"

Yunxiao and Chen Yuyu both looked puzzled.

"It's an independent space," water deity replied. She gestured a few times with her hands, but the two of them still looked confused.

"Ahem, let me say it."

Yuan gaohan said, " the gluttonous snake is a descendant of a true spirit that possesses extremely powerful spatial magical abilities. The cultivation process of this snake is to keep eating, as if it will never be full. Its body will grow as it continues to eat, and when it reaches a certain limit, the substances it has eaten will gather in its body and start to form a space."

"So magical?" Chen Yuyu was shocked. No wonder there's someone in the snake's stomach!"

Yuan gaohan said,"the condensed space also has different sizes and levels." I wonder what's going on in this snake's stomach."

Both Yunxiao and Chen Yunyu looked at him in surprise and wonder, thinking that the world was so big that there were all kinds of strange things.

"It's very big,"

"It's about half the size of a city, and there are many people," water deity suddenly said.

"What?"

The three of them were shocked. There was a faint golden ring around her eyes, and they knew that she had used the eye of truth to see through it.

Yunxiao was even more shocked. If he cultivated his wondrous spirit eyes to the extreme, its power should be above the eye of truth, but it was far inferior at this moment.

Although his cultivation was not enough, his water fairy bloodline was not strong enough.

"You can see what's inside?" Yunxiao asked tentatively.

"Yes, it's a little blurry, but you can basically see it. There's a small city there with a lot of people, up to a few hundred thousand." The water deity said.

“What? So many?”

The three of them were shocked.

Yuan gaohan instantly reacted and exclaimed, “A hidden family!”

Chen Yuyu also came to a realization and said, “that must be the case! This reclusive family is really ‘hidden’. They actually hid in the snake’s stomach, who can find them!”

Yunxiao was also surprised, but he was more concerned about the eye of truth at the moment. “Did your spirit eyes get a lot stronger?”

...

The water deity nodded. yes, I lost too much blood in the red moon City. After I recovered, my strength has become much stronger. My eyes have also become more powerful.

When Yunxiao heard that, he pondered for a moment and then understood that it was most likely the power of the Lotus throne.

The truth was just as he had guessed. Amitabha contained the power of the eye of heavenly Dao. When it was borrowed by the sea Emperor poron in the red moon City, that power was immediately opened. As the water fairy continued to integrate and refine Amitabha, the power of the eye of heavenly Dao gradually appeared on her body.

“Hmph, Who are you?”

The voice came from the snake’s stomach again. Then, vortexes kept appearing in the space around the snake. Eight vortexes appeared at once, and a person walked out of each vortexes. They all held a sword in one hand and looked at the few people coldly.

Only then did Yunxiao look over and say to himself, " a spatial sea beast? it's indeed magical.

The moment the eight sword-wielding men appeared, they immediately looked at the battleship in the sky with vigilance.

The leader, a man in blue, had a higher cultivation level than the other seven, so he was obviously the leader. He suddenly cried out in alarm, that's a ninth-grade Suan ni warship!

The other seven people were also shocked. It seemed that even though they had been in seclusion for a long time, they were still very clear about the power of a ninth-grade warship.

Who are you? why have you come to this Sea area? "

This time, the blue-robed man became even more vigilant.

...

Su lianyi was also alarmed. She flew down from the warship and revealed a look of shock in her eyes.

"May I know which sect this friend is from?" Yuan gaohan asked. We've come here to search for the ruins of the extreme North's little ice sky, do you know of it?"

"What little frozen sky of the extreme north? I don't know!"

The man in blue rebuked, " as for our sect, how would you people in the secular world know? this place is already the territory of my heartless sect. If you know what's good for you, then get lost! Otherwise, it will be too late to regret!"

Chen Qianyu furrowed her brows, anger flashing in her eyes.

Yunxiao, on the other hand, looked calm. He knew that these reclusive families had been away from the continent for a long time and did not know the situation at all. All of them thought that their father was the best in the world, and this was not the first time he had seen it.

Yuan gaohan didn't get angry and cupped his fists, "So it's an expert from the heartless sect. I dare you to ridicule me."

"What? How do you know about our sect?"

The blue-robed man shouted in shock.

Everyone, "hehe."

that's right, " the water deity said. how did Lord Gao Han know about their sect? did they do business with each other? "

Everyone, "hehe."

"I understand." The man in blue pondered seriously. although the heartless sect has been in hiding for many years, we have still left a great reputation on the continent. You were all afraid of us, so you guessed it.

Yuan gaohan was somewhat speechless and was too lazy to pay attention to this nonsense. He politely asked, "Friend, do you know where the nodes of the overlapping space are?"

"What? You're looking for the deep water Trail!"

The blue-robed man's expression suddenly changed, and he said angrily, " "How audacious! The deep water Trail isn't a place you ordinary people can enter as you please!"

Yunxiao was not angry. Instead, he was happy. ha! It seems that we have found the right place. he said.

Yuan gaohan also revealed a knowing smile and said, "Hehe, let's hope there's something to be gained."

"Why don't you let me take down these idiots and let them lead the way?" Chen Yuyu asked.

Yuan gaohan said, "be careful, Yingluo."

"Hmph, what's the use of being careful? You commoners actually dare to have designs on us. It seems like I have to let you all experience the true power hidden within this continent!"

The man in blue sneered and interrupted Yuan gaohan's words, the sword in his hand shining.

Yuan gaohan continued, "be careful, Zhenzhen. Don't kill them all. After all, this is someone else's territory. You have to be kind to them. Try not to make enemies.

"Yes!"

Chen Yuyu accepted the order and rushed forward in a flash.

"What? You dare to underestimate us, you deserve to die!"

The man in blue was furious. He raised his sword, only to see a blur in front of his eyes, and then a huge force slapped his face.

pa! after a crisp sound, his entire head went numb and he lost all feeling, but he could clearly feel that his face had grown bigger.

"Bang! Bang!"

"Pfft! Pfft!"

“Argh! Ah!”

There were a few short sounds of swords breaking, as well as the sound of blood spurting and screams. Then it quieted down and there was no sound.

The man in blue turned around and saw his seven subordinates lying on the snake’s body, unconscious.

“?!”

He sucked in a cold breath, finally understanding that he had encountered a tough opponent, and his body couldn’t help but shine.

“Can you still talk with your swollen mouth?” Chen Yuyu asked coldly.

The man in blue hurriedly touched his mouth and found that he couldn’t grab it with one hand. He was shocked and opened his mouth with great difficulty. He whimpered a few times and gradually began to feel severe pain.

“If you can’t speak, then I’ll kill you and interrogate someone else!” Chen Qianyu said coldly.

As soon as his sword Qi rose, a sense of death immediately spread in the blue-robed man’s heart.

“Yes, yes, I can talk!”

The blue-robed man was greatly shocked and screamed with all his might. Although the syllables were a little distorted, his pronunciation was still clear.

please ask, my Lord,” Chen Yuyu sneered. he’s been honest.

“Yes.” “Zhiyu, you can’t be so violent in everything. We have to win people over with virtue and reason,” Yuan gaohan replied.

Chapter 1690-death of the sect master

“Yes!” Chen Yuyu looked like she had been taught.

“Where’s the spatial node of the deep abyssal water track?” Yuan gaohan asked.

The blue-robed man said in a muffled voice, “I don’t know,” He even shook his head and hands.

“Eh? Why are you still so stubborn?”

what? ” Yunxiao laughed. have these hidden sects degenerated to the point of being unreasonable and immoral? ” Then, we’ll talk some sense into them and talk about morality.”

Seeing that Chen Qianyu was about to hit him again, the man in blue was so scared that tears came out. He quickly waved his hand and said, ” “I really don’t know, wuwuwu.”

Yuan gaohan stopped Chen Yuyu and said in surprise, ” “What’s going on with this deep water Trail?”

“That’s our sect’s land of exile,” the blue-robed man stammered.”Any disciple who has made a grave mistake will be banished there. Once you enter, you can’t come out.”

‘The land of exile?’ Yunxiao asked. At least he knew how to get in. Weren’t these two spaces supposed to intersect? Why can’t I come out after I go in?”

The man in blue touched his mouth to stop the bleeding, and said, ” “Our sect’s merciless Bell can send people directly into the deep water path, but it can’t bring them back. The two spaces will indeed cross each other, but there is a power limit. Those who have grasped the power of rank five rules will not be able to penetrate the barrier between the two spaces.”

Yunxiao immediately understood. Just like Mount Meru, it had suppressed the power of the transmigrators.

young master Yun, " Yuan gaohan looked over and said, " if we go in, how confident are we in coming out? "

I can't say for sure without trying, " Yunxiao said. but I don't think it's a problem for us.

"Yes, even if it's difficult, we still have to go in," Yuan gaohan said. This friend, please lead the way, we want to borrow your merciless Bell."

"What? This Yingluo "

The blue-robed man was stunned. He had never encountered such a situation before, and he didn't know how to handle it.

lead the way! Chen Qianyu shouted. do you want me to reason with you again?!

The man in blue shivered, thinking that if he didn't lead the way, he would most likely die, and if he led the way, he would at most be punished. He had to choose the lesser of two evils. Thus, he put two fingers in his mouth and blew the whistle.

The gluttonous snake immediately swayed its body, and the patterns on its body actually jumped up and down, dazzling everyone's eyes.

Yunxiao and the others felt the space begin to blur, as if a strange force was flowing around them. Then, the scene in front of them changed and opened up completely. They found themselves on a huge beacon tower, and under their feet was a Space Array.

Yuan gaohan glanced at the array and said, the function of this formation is to connect the snake's spatial power. This beacon tower is the Sentry that connects the outside world and the outside world.

The Beacon tower was a thousand feet tall. At a glance, the buildings below were scattered. Although the style was a little different from modern times, it was indeed the size of a medium-sized city.

where is the heartless Bell? ” Yunxiao asked. where is it? ”

The man in blue was stunned, as if he couldn't believe it. He said awkwardly, ” “You ... You really want to snatch the merciless Bell?”

I'm not robbing you, ” Yunxiao chuckled. I'm borrowing you.

“That's the sect's treasure, the sect will definitely not lend it out,” the blue-robed man shook his head.

Yunxiao patted him on the shoulder and said, ” “Don't worry. We'll reason with him and talk about morality. He'll be able to borrow it.”

The man in blue,”hehe.”

“Are all the people in this space from your heartless sect?” Yuan gaohan suddenly asked.

The man in blue shook his head. there's also the phaseless sect and the Gui Family. They're three forces in total. However, the heartless sect is the most powerful. The Beacon tower that connects to the outside is also controlled by the heartless sect. If the other two want to enter, they must first get our permission.

“Among the hidden sects, our heartless sect's strength can be ranked in the top ten,” he said with a proud expression.

“What are the top ten sects?” Yunxiao's interest was piqued.

The man in blue shook his head. I don't know either. My duty is only to guard the entrance. The other hidden families are like us. They all have their own hiding places, and I don't even know the names of many of them. I only heard the sect elders say so last time.”

Yunxiao was speechless. He waved his hand and said, ” forget it. Lead the way. Let's go find the heartless Bell.

“L-lead the way, Yingluo.”

The man in blue was dumbfounded. If he led the way, he would probably be treated as a traitor. He pointed to a building in the distance and said, “The grandest one over there is where the sect is located, and on top of it is the clock tower.”

Yunxiao looked over and saw a small bell tower, protected by an array. But, he could vaguely see a bell-shaped Mystic artifact under his spirit eyes.

“Alright, let’s go.”

Yunxiao locked onto his target, and the few of them turned into beams of light and flew toward the bell tower.

The blue-robed man watched them leave. He immediately took out a Beacon token and cast a seal on it.

Suddenly, a brilliant light shot into the sky and exploded above the entire city.

“BOOM!”

The sound reverberated through the entire space.

“Not good, there’s an enemy!”

Exclamations came from all over the city. In a few blinks of an eye, dozens of light beams shot up into the sky, and the number kept increasing.

“F \* ck, I’ve been tricked!”

you! Chen Yuyu shouted in shock and anger. if I had known, I would have killed that guy!

stop it, " Yunxiao said. hurry up and borrow the merciless Bell and leave.

Hundreds of people swarmed in from all directions. Although they were not fast, they would arrive soon.

Yunxiao stopped and took a deep breath. The surrounding spiritual energy gushed into his stomach, and a wild and overbearing pressure kept spilling out. Yuan gaohan and the others were all shocked.

"Wuwu!"

A sound came out of his mouth and almost transformed into a Dragon. It rushed into the sky and exploded, shaking in all directions.

"Boom boom boom!"

...

The entire city trembled violently, and many of the hundreds of figures were knocked down. Many of them were swept into the sound waves and sent far away.

In the North Sea, the snake's body could not help but convulse violently, stirring up the sea water.

Huge splashes of water continuously exploded from the surface of the sea. Clouds gradually gathered in the sky, and it darkened.

After Yunxiao roared, he rushed toward the bell tower again. The people around him were shaken, and for a moment, they could not catch up.

"Dang!"

Suddenly, a crisp Bell rang in the building.

The few of them suddenly froze. A powerful spatial force swept over, and the surrounding buildings kept disappearing before their eyes, being transported away without a trace.

However, all of them were powerful. As they formed hand seals, the sound waves rippled around their bodies and distorted the space, but they could not take anyone away.

“Bang!”

An explosion came from the bell tower, followed by a huge light that shot into the sky.

Yunxiao looked up and saw the shadow of a huge ancient Bell in the light, with a figure standing on it.

...

“That’s Yingluo.”

He was shocked and changed his hand seal. He instantly turned into a bolt of lightning and rushed in.

The interior of the clock tower was a mess. Everything had been reduced to dust. A man in luxurious clothes stood on the ground in a daze. There was a large hole in his chest, and blood was still gurgling out. He had clearly died not long ago.

The dome had been completely blown up. After the huge light shot into the sky, it quickly dissipated.

A human figure appeared in the sky, flying on an ancient Bell.

“What?”

That person was also stunned for a moment. He looked back down, his eyes were dead gray, but there was a bright light in them. that's a Kasaya.

“Young master Yun, how is it?”

Yuan gaohan and the others also rushed in, looking at the wolves in front of them.

someone got it first! Yunxiao said in a deep voice. chase!

He immediately teleported out and shot up 10000 meters into the sky. Then, he turned into a bolt of lightning and chased after that figure.

Yuan gaohan and the others were shocked. At this moment, the people of the heartless sect also rushed in and surrounded them tightly.

The four people's faces changed, and they knew that this was not good.

“Sect master!”

A few old men with messy beards cried out in grief and bowed to the dead man.

sect leader, Lord sect leader! Anguished wails and screams could be heard all around.

Yuan gaohan and the other three immediately felt a strong killing intent, which was almost solid, floating in the air and surrounding them.

“Who are you? What enmity do you have with the heartless sect?”

An old man trembled, but he suppressed the sorrow in his heart and gritted his teeth in anger.

“Your sect’s master was already dead when we came in,” Yuan gaohan explained. “One of my companions has already gone after the murderer.”

The old man sneered, “haha, do you think the people of the heartless sect are fools?” He’s already dead when he entered?” His gaze fell on the body of the man in luxurious clothes and he said coldly, “ the wound has just closed. It’s obvious that you were killed when you came in!

The people of the heartless sect were filled with righteous indignation, and their killing intent grew stronger and stronger, pressing down like a mountain. The voices of “ kill them for revenge ” rose and fell, and the atmosphere was extremely heavy.

“That’s right,” Yuan gaohan replied unhurriedly, “so one of my companions went to chase the murderer. Think about it, with your sect’s master’s abilities, how could we have succeeded in an instant? you’ve overestimated us!”

“This ... This is also about Zhenzhen.”

Not only was the old man stunned, but everyone else was as well. They were all very confident in their sect master’s strength. They wouldn’t believe that he was killed instantly.

“And before we came in, we heard the merciless bell ring,” Yuan gaohan continued. “You should have heard it as well.”

“Then who are you, and where are you from?” the old man muttered.

“This Yingluo.”

“It’s a long story. We’re indeed outsiders, but we don’t have any ill intentions,” Yuan gaohan said awkwardly.

“Great elder, don’t listen to their excuses. These people are here to snatch the merciless Bell. Lord sect master’s death is most likely related to them!”

A loud shout came from behind the crowd. Then, a blue light flickered and the man in blue appeared in the bell tower. He said with grief and indignation, "Great elder, I was the one who released the signal. It was also these people who wanted to kill snake, and they used the lives of their fellow disciples to force me to bring them in!"

"I'm guilty, Grand Elder! I've let down the sect, I shouldn't have brought them in to save the lives of my seven companions. Great elder, please pardon me!"

The man in blue Beat his chest and stomped his feet, crying to the heavens and earth.

Yuan gaohan and the other three were speechless, but they also knew that he was trying to exonerate them, so he made them sound dirty.
