

The Eternal 1691

Chapter 1691-times have changed

The old man's face suddenly sank and he shouted, "Capture the four of them!"

Hundreds of heartless sect's disciples immediately rushed forward. Their killing intent shook the sky. The small bell tower, which was already in ruins, exploded and completely ceased to exist.

Chen Yuyu blocked in front of Yuan gaohan and shouted, "Be careful, my Lord."

Yuan gaohan pushed him away and said, "I can handle it alone, you protect Princess water fairy!" If something happened to the princess of the four Seas, it would be a more serious matter than if something happened to him.

Su lianyi hurriedly said, "Chen Yuyu, you should protect Lord Gao Han. I will protect Princess water deity.

She was also a world-renowned expert, and her strength was not below Chen Qianyu's.

As the two of them unleashed their attacks, they instantly crushed the heartless sect disciples who had rushed forward fearlessly into pieces.

I don't need your protection," water deity shouted. these ants can't hurt me.

A few pieces of the Golden sea god set covered his body, and the golden light flickered, making him look majestic. Even Yuan gaohan and the other two were stunned for a moment.

"?!"

They were all shocked. Those who didn't die felt cold all over and their palms were covered in cold sweat. They suddenly retreated.

They had been living in seclusion for a long time, and most of them had not even seen a greedy snake. The heartless sect was the Overlord of this area, so they had never seen such a bloody scene.

The friends who usually ate and drank with them were all scared silly when they saw that only their heads or half of their bodies were left. Some were dead, and some were even worse.

don't go! Come and eat the sword! The water deity stared at the crowd coldly and sneered, "Didn't you want to kill us? don't leave!"

"Peak nine-star! They are both peak nine-stars martial sovereigns!"

The great elder screamed as if someone had grabbed his neck. He was instantly dumbfounded.

The entire heartless sect was stunned. The monstrous killing intent from before was instantly gone. Even their temper had disappeared.

Chen Yuyu sneered. so you're all ants. You made me think how strong you were. I was almost scared by you! It seems that I have to reason with you and talk about morality."

Suddenly, dozens of people flew in from outside. Their auras were extremely powerful.

A loud shout came from far away and instantly reached its peak.

don't be afraid, great elder. We're here to help you!

The people of the heartless sect were overjoyed when they saw the dozens of powerful auras approaching.

"It's a person who has returned home!"

“The people from the phaseless sect have also come!”

The Grand Elder was overjoyed. He cupped his fists and saluted from a distance, “Thank you, Lord GUI Lu, thank you, Lord Xia Qing!”

it’s the head of the Gui Family, the head of the phaseless sect, and many other experts. Haha, we’ll definitely win!

The disciples of the heartless sect immediately cheered. The fear they had earlier was swept away, and their bodies emitted a violent aura. They wanted to take revenge.

be careful,” Chen Yuyu said warily. these people are not simple!

“I’m not afraid!” The water deity replied. The three of you, be careful. If you can’t take it, tell me. I’ll come and save you!”

The three of them were speechless, thinking that she should thank the heavens that she could keep herself alive. They were all vexed at Yunxiao for not taking her away.

Just as he was thinking, a golden light flashed and the water deity rushed out to kill the two groups of reinforcements.

“?!”

Su lianyi was shocked and immediately went over to help.

The entire area above the palace of the heartless sect turned into a killing field. All kinds of blood and screams rang out continuously.

Yunxiao, on the other hand, was chasing after the figure. He had long passed through the snake’s interior and was flying over the North Sea.

The speed of the person in front of him was also unexpectedly fast. Under the pursuit of his Thunder escape technique, the distance between him and the person in front of him would widen every time he got close.

This stalemate continued for several hours.

The person in front suddenly laughed and stopped in the air. He turned around and said with a smile, "Li Yunxiao, long time no see. Your strength has become even more unfathomable.

Yunxiao's face was a little pale from exhaustion as he said, "So it's you, Lord mu Jie. How did you end up in the heartless sect, kill the sect master, and steal the merciless Bell?"

The man was mu Jie, an elder of the MU family. They had a friendship in the Black Tortoise Star Palace in borderline mountain, and Yunxiao's Mystic spirit eyes was taught by him.

"Haha, it's a long story. I should be the one asking you. Why are you in the heartless sect?"

Mu Jie's eyes flickered with a strange light. Her face was filled with disbelief as she said, my wondrous spiritual eyes can't see through your strength. What kind of lucky chance did you get?"

I came here for this heartless Bell, but I didn't expect you to get it before me," Yunxiao said. I hope you can borrow it for a while, and I'll return it to you later.

"Oh?"

Mu Jie held her chin with her right hand and chuckled,"You can borrow this Bell. How's the matter I asked you to consider in the two world Mountain?"

Yunxiao pretended to be confused and said, "What is it?"

"Haha, you don't have to pretend in front of me." "Marry into the MU family and I'll grant you the surname mu. You'll be a noble and high-status person from now on," mu Jie said.

“I really can’t see what’s so great about the surname mu,” Yunxiao said.

“Haha, you’ll find out sooner or later. This old man’s condition is right here, if you want the heartless sect, then marry into the MU family. You must know that this Bell is also very useful to the MU family, so I made a special trip here. How can I just give it to someone else?” Mu Jie said.

you’re making things difficult for me, ” Yunxiao said. my Lord, you’re making things difficult for me.

“I’m not trying to make things difficult for you, I’m just giving you some pointers,” mu Jie sighed.

“Forget it,”

Yunxiao flicked his sleeve and said coldly, ” “Long time no see, it seems I have to reason with you and talk about morality.”

...

“Eh? Be reasonable? moral? What’s that?”

Mu Yu was stunned for a moment and frowned in confusion.

“This is it!”

Yunxiao’s body flickered, and he instantly turned golden as he threw a punch.

A flame rose up on the surface of the sea. The air was actually directly burned by the pressure of the fist force. The sea water instantly split apart, and huge waves surged.

“Waa! Do you think I’ll be afraid of you?”

Mu Jie snorted and her arm actually began to turn. Green light shot out from her skin and turned into a formation that revolved around her arm.

The terrifying power accumulated bit by bit and instantly magnified.

The seawater under his feet could not withstand the violent explosion, forming a Whirlpool.

“Huala”

Yunxiao’s punch broke all the waves and pressed down.

...

“BOOM!”

The two fist forces collided, creating a shocking energy. The ocean was directly evaporated, and a terrifying vacuum appeared.

An immense spiritual pressure surged around the two of them, and both of them had ferocious and merciless expressions.

Huge waves surged in mu Jie’s heart, and the shock was even more turbulent than the waves around her.

His arm had been completely transformed into a mechanical puppet and could withstand the force of a hundred million Jin. However, he felt an obvious shock from this punch, and some of the internal structures actually felt loose.

“Damn it!”

die! mu Jie shouted angrily as she clenched her left fist and struck out.

“BOOM!”

The two fists met again, once again stirring up thousands of waves. The figures of the two appeared and disappeared from time to time in the waves, completely without any skill or strength.

Yunxiao was also quite surprised. Even though mu Jie had concealed her strength in the two world Mountain, she was much stronger now, and she must have gotten a lot of opportunities.

“Hehe, now that both your hands are suppressed by me, let’s see how you’re going to take this move!”

Mu Jie’s lips curled into a vicious smile. She bent her arms inward slightly and her elbows joined together with a “crack” sound, forming a wedge. Seven small metal spots appeared on her skin.

Ding! Ding!

A crisp sound trembled on the metal points, from one point to seven points, constantly making “ding ding” sounds.

Then, these sound waves stacked together, and the rhythm immediately began to become chaotic, making people feel irritated.

“Hey, take this new move of mine-striking gold and stone!”

“???”

The tune turned into a terrifying vibrato that tore the surrounding space apart.

Yunxiao’s sleeves were instantly turned into ashes, and a cracking sound came from his skin. Meanwhile, his strength kept increasing, sweeping through his body like a storm.

At the same time, mu Jie's fists strengthened once again. She wanted to suppress him so that he couldn't move and resist the sound wave storm.

"What a joke! If this is a problem for me, how can I still have the face to stay in the realm of heavenly martial arts in the future?"

A bell-shaped pattern emerged between Yunxiao's brows, and the dynasty Bell immediately appeared in the air and pressed down on mu Jie.

The sound Storm shook the dynasty Bell, making strange notes and flying randomly on the sea.

As the huge Bell continued to strike, the entire area where the sound waves were vibrating was suppressed. At the same time, through the reflection of the bell wall, the concentrated explosion under the dynasty Bell was multiplied!

"Ah!"

arghh! mu Jie screamed. The Soundwave storm on her arm was amplified by the dynasty Bell, and it hit her.

"Huala"

The surface of his body actually crumbled, and he couldn't take it anymore. He suddenly withdrew his fist and retreated.

Yunxiao spread his fists and pressed them down.

The entire ocean churned as the fist force landed on mu Jie's body, causing his puppet body to explode.

"BOOM!"

Mu Jie was like a small boat in the ocean. Like a cannonball, she was thrown into the boundless ocean and disappeared.

The dynasty Bell fell into Yunxiao's hand. He looked over and said coldly, "You want to leave?"

In the storm, a figure flashed and immediately appeared at the bottom of the sea.

Mu Jie's chest was smashed, and the inside was a bloody mess. One could vaguely see a metal material inside. However, he had also injured his true body, and he kept retreating with a pale face.

you and I had a good time in the two world Mountain. Are you going to kill me?" His face was filled with hatred.

Yunxiao laughed in surprise. you are overthinking it, my Lord. From the beginning to the end, I just wanted to borrow the heartless Bell. You forced me to do it.

"You won't kill me if I give you the merciless Bell?" mu Yu asked in a serious tone.

of course not," Yunxiao said. I won't kill you.

Mu Jie was silent for a moment before she said,"the patriarch sent me to retrieve the heartless sect. If you were to snatch it away from me, I'm afraid you'll have provoked a great enemy." If you really want it, why don't you follow me back to the MU family and personally borrow it from the chief?"

Yunxiao frowned. my Lord, you must be joking. When did this Bell become yours?" If you want to borrow, you should borrow from the emotionless sect. "

Chapter 1692

1692 The river of space

"Hehe, this Bell is already in my hands, so it's mine." Mu Jie laughed.

my Lord, " Yunxiao said coldly. you want me to kill you, " he said.

"You won't," mu Jie's expression changed and she said warily.

"Oh? Where does your Excellency get your confidence from?" Yunxiao raised an eyebrow.

"Because I don't dare to offend my Mu family," mu Jie said proudly. Once you offend the MU family, even if you escape to the ends of the earth, you will be hunted down and killed. No one in this world dares to take this risk."

Yunxiao suddenly felt that he was really bored. Why did he have to talk so much nonsense with him?

"For the sake of our Past Fate, hand over the merciless Bell and you'll be fine. Otherwise, you'll only have yourself to blame and die."

let's go, " Yunxiao said. Then, he appeared in front of mu Jie in a flash and thrust his fingers into her right shoulder, which were made of hard metal.

"Crack!"

With a strong twist, his entire right arm was torn off. It was full of puppet structure, but there were meridians running through it for control. Yunxiao cut off all of them.

"?!"

Mu Jie could still feel the pain and said in shock, " "You ... You really dare to kill me? do you really want to go against the MU family?"

"I can't be bothered with you."

Yunxiao grinned hideously and continued to remove his left arm.

Mu Jie was shocked once again. This time, she was truly afraid. She exclaimed, "Crazy! You're a complete madman, you actually dare to make an enemy of my mu clan! Stop, stop now, I'll give you the merciless Bell!"

In the face of the cruel reality, he abandoned his sense of superiority as a disciple of the MU family and hurriedly compromised.

Yunxiao retracted his claw and chuckled. "People are all cheap, they only wake up when they're about to die, but it's usually too late. However, you and I have a deep relationship, and I don't dare to provoke the MU clan, which is so powerful. I'll give you a chance to repent."

you stole the heartless Bell, li Yunxiao! mu Jie's face was livid. you've gotten yourself into big trouble!

why are you still talking to me?" Yunxiao frowned. I'm sorry.

Mu Jie said, " I'm just giving you a friendly reminder. Don't you have a bell-shaped profound level weapon? it broke my sound wave combat skill just now. I can feel that its power is not shallow. It's not weaker than the heartless Bell.

I'm not coveting its power," Yunxiao said. if it were really that powerful, you wouldn't have killed the sect master of the heartless sect. I just want to borrow it to go to the deep waters."

"Deep abyss water path!"

"What are you doing there?" mu Jie was shocked.

Oh?" Yunxiao's heart skipped a beat. a narrow escape?" It seems that Sir mu Yu has some understanding of this place. I wonder if you can tell me a thing or two."

“No wonder you’re so insistent on getting the merciless Bell. Although there are many ways to enter the deep abyssal water path, the merciless Bell is the most secure and reliable one.” Mu Jie suddenly realized. The clock had the absolute coordinates of the water-path. He could directly teleport there. If you’re just borrowing the way, why don’t you let me send you there? that way, the merciless Bell will still belong to me, and we’ll pretend that nothing happened between us, and there’s no need to make enemies.”

As if he was afraid that Yunxiao would disagree, he added, “Although the heartless Bell can accurately enter the deep and quiet water path, not everyone knows the method, and I happen to have it.”

Yunxiao pondered for a moment and said, ‘if that’s the case, it can’t be better. My Lord and I fought together against the enemy in the two world Mountain. We can be said to be life-and-death friends. We shouldn’t have fought each other. I was too impulsive.”

Mu Jie sneered in her heart and thought, Hmph, brat, you also know how to be impulsive and almost took this old man’s life. This debt won’t be settled so easily, but he still said politely, you’re too kind. It’s my fault for being too rash and self-righteous, which led to the conflict. I should be the one to blame.

Yunxiao thought to himself, ‘so you know that you’re so full of yourself, you’re a pure idiot.’ But, he still looked touched.”Sir, you’re too serious, too serious.”

The two of them had just been fighting and turning the world upside down. Now, it was as if nothing had happened. They called each other brothers and were in harmony.

how much do you know about the deep water Trail, my Lord? ” Yunxiao asked. I wonder. From what Daren just said, it seems that there is another way to enter?”

Mu Jie looked at him strangely and said, “I think it’s strange. Why did young master Yun go to the deep serene Water Trail?” That place is extremely strange, it seems to lead to many unknown spaces.”

“Many?”

what? ” Yunxiao was taken aback for a moment. isn’t the deep serene Water Trail the ruins of the little frozen sky in the extreme north? ”

Mu Jie said, "you also know about the little frozen sky in the extreme north?" Could it be that you went to the deep water path to go to this place? No wonder, the closest and most stable spatial zone to the deep serene water path is the little frozen sky's historical remains."

Yunxiao's interest was immediately piqued, and he flattered her enthusiastically, "The MU clan is indeed extraordinary, even knowing the top secrets of the heavenly martial arts world like the back of your hand. It really makes me gasp in amazement and feel ashamed of my inferiority. I hope Lord mu Yu can share some inside information so that it'll be less dangerous when I go to little ice sky."

Mu Jie immediately became happy. She stroked her beard and chuckled, "It's nothing much, just some secrets. The deep water path was like a river of space. Although there was a chance of leading to other places, it was too dangerous. If one was sucked in, they would die without a doubt. The ruins of the extreme North's little ice sky are on the other side of this River of space. You can reach it by crossing it, and the safety factor is very high."

"The river of space?"

It was the first time Yunxiao had heard of this concept. It seemed that a lot of the knowledge and wisdom passed down had been buried in history, and these great families, which had been passed down for tens of thousands of years, had inherited a lot of it.

yes, the space in the world is actually connected together. This is also why when one is strong enough, they can break through the barrier of space and be directly transported to another place. Mu Jie explained.

Yunxiao naturally understood this, so he asked, "If that's the case, then the deep serene water path is only a long river of space. Why did Daren say that it had a 90% chance of survival?"

Mu Jie's brows furrowed as she looked at Yunxiao and said indifferently, "because this deep water path leads directly to your destination-the ruins of the extreme North's little frozen sky. That place is the place where death is most likely to come.

it's just a ruin, and it's been here for tens of thousands of years," Yunxiao said curiously. what danger is there? "

"I'm not sure about that," mu Yu said.

Yunxiao cursed in his heart. He had made a lot of sense, but when he asked about the key point, he became unclear. Obviously, he did not want to tell him.

Mu Jie changed the topic and asked,"what are you going to do in little frozen sky?" As far as I know, that place is dead silent and cold, and everything is depressed. There doesn't seem to be any value in going there, right?"

my Lord, " Yunxiao said bluntly, " you should know about the extreme northern ice Spirit, right? "

"So it's for this thing."

Mu Jie was shocked,"it's most likely still in the ruins, but it's extremely difficult to find." Although this item is precious, it doesn't have much value unless it's a Suan ni."

As the number one aristocratic family of puppets, the MU clan knew all kinds of refining materials like the back of their hands.

"Oh, unless what?" Yunxiao asked tentatively.

Mu Jie's eyes narrowed slightly as she said,"for countless years, almost all the things that need to be refined with the ice of the extreme north have either been replaced or lost." However, there is a very powerful metal in ancient times that requires this item, and it is irreplaceable!"

His eyes gleamed as he stared at Yunxiao and said, " "Don't tell me you want to make divine steel!"

...

Yunxiao was shocked, but he still laughed and said, " "Lord, you're thinking too much. That divine steel is a tenth-grade item. How can it be refined in the current world?"

“Although it’s difficult, it’s not impossible,” mu Jie looked at him suspiciously.

Oh? ” Yunxiao asked. has someone refined it before? ”

Mu Jie’s face twitched, and she fell silent.

look at you, my Lord! Yunxiao was surprised. has someone really refined it? ”

“There’s no need to talk about this anymore. I have nothing to say,” mu Jie snorted. If he really wanted to refine divine steel, he should give up. It’s not something that can be done with just the extreme northern ice essence, it’s far from enough!”

Yunxiao had watched the whole process of Ling mudi’s refining, so he naturally knew how difficult it was. However, looking at mu Jie’s appearance, it was possible that someone had refined it before, and that person was definitely from the MU family.

He couldn’t help but think a little more highly of the MU family.

Thinking about Wan Yiqian’s estimation of the hidden aristocratic families ‘strength, it was most likely true.

Mu Jie said, ” I’m severely injured at the moment. I’ll use the heartless Bell to send you there after I’ve recovered a little. However, I have to be in the sea area where the gluttony snake is. That’s because the two spaces overlap. The teleportation power required is the least.

Yunxiao’s pupils suddenly constricted as he cried out in surprise, ” “Not good! My companions are still in the heartless sect. They won’t be in any danger, right?”

...

Mu Yu chuckled and said, "what do you think?" Their sect master was killed by me, so they'll most likely think we're on the same side."

Yunxiao's face turned unsightly as he said, " "My Lord, please return with me. We will teleport directly after we rescue our companions."

"But I'm injured. Young master Yun was really cruel," mu Jie said.

Yunxiao's face turned unsightly as he said coldly, " this injury shouldn't be a problem for you, Sir. If you don't do it and run away, where am I going to find you? "

"Young master Yun, is this how you view my character?" mu Yu said unhappily.

in that case, " Yunxiao sneered, " my Lord, please find a place to heal your wounds first. I'll take care of the merciless Bell for now. I'll be waiting for you in that area."

Mu Jie was put in a difficult position. She did not want to hand over the heartless Bell, but Yunxiao had run out of patience. Thinking of Yuan gaohan and the other three, he felt a little annoyed, and his eyes kept shooting cold beams, which made mu Jie feel a little guilty.

"Fine, I'll leave the bell with young master Yun for now."

As a last resort, he finally took out the bell. It was the size of a small bell in his palm, and it was blue in color.

but young master Yun, you must remember not to use it recklessly. Otherwise, if you teleport to the wrong place, you will die!

He was afraid that Yunxiao would leave on his own, so he kept reminding him.

"I know," Yunxiao said.

He grabbed the small blue Bell and turned into a bolt of lightning. In the blink of an eye, he disappeared at the end of the sea.

Mu Jie's expression kept changing. After thinking for a long time, she finally took out a voice transmission device and reported everything that had happened to the MU family. She also asked for more manpower.

Chapter 1693-imprisonment

In the sea where the deep water paths overlapped, the snake kept writhing in the sea, as if it was in extreme pain, rolling up waves that rushed to the sky.

"Hualala!" The seawater kept exploding.

Within a radius of several hundred li, all the sea beasts had fled. They were intimidated by the gluttonous snake's terrifying ninth-grade aura and didn't dare to stay where they were.

After a few hours, the snake's body gradually calmed down. It swayed its body slightly and swam slowly in the sea. The bottom of its belly rose and fell as it devoured the spiritual Qi in the sea.

Inside the snake, the center of the city was in a mess.

A large number of buildings were destroyed, and there were piles of bones and broken walls everywhere. It was a terrible sight.

There were only thirty to forty people left from the hundreds of people before, and most of them were seriously injured, covered in blood and fear.

An iron chain was suspended above the ruins, forming an array in the air. It was like a spider web that locked Yuan gaohan and the other three people, making them unable to break free.

Other than the water deity, who was still clean, the other three were already in a sorry state, covered in blood. Their Zhen Yuan had been greatly consumed and they could not fight anymore.

Moreover, the iron chain formation was very powerful. It constantly extracted the strength of the four people and turned it into the power of the formation. Under this situation, the four people were bound and completely lost the power to resist. They could only be tied up weakly.

has Qianqian finally subdued these four Fiends? Qianqian? ”

The head of the Gui Family, GUI lǚ, said in a trembling voice. Her eyes were full of fear, and she looked like she was about to cry.

In this battle, almost all of the elites of the other two factions were destroyed, and they had never suffered such heavy casualties.

“Although these four people are strong, those who offend the heartless sect will be killed no matter how strong they are!”

The emotionless sect’s great elder Long Yuan Wu’s eyes were filled with boundless coldness as he pulled his hands forward.

The iron chain clattered and seemed to tighten even more. The four people’s faces began to show pain.

“We still have to rely on Grand elder’s divine might, or else we almost couldn’t hold on any longer,” the sect master of phaseless sect, Xia Qing, said. There was a lingering fear in his eyes.

“Don’t tie us up with chains if you have the guts. Fight us fair and square!” Narcissus said angrily. Her golden sword struck the chains, causing some sparks to fly, but she was completely unscathed.

At this moment, her strength was also weakening. As she walked along the iron chain, she didn’t even have the strength to hold her sword. After grumbling for a while, his hands fell limply, and his entire body hung weakly on the internet.

Moreover, the internal space of the snake seemed to be restricted by the rules. She could summon the deep-sea Giant beast at any time, but she could not contact it at all.

Xia Qing's son, Xia Jiong, stepped forward and said, "father, this woman is unusually powerful and has a beautiful appearance. Why don't you let her be my wife?" Hasn't father been having a headache about my marriage recently? I think this woman is very suitable."

Xia qingxuan said, "this Yingluo."

The water fairy was indeed beautiful and powerful. If she could be subdued and become his daughter-in-law, it would be the best of both worlds. However, these people were not captured by him, so he had no right to dispose of them.

Long Yuanwu could also see his dilemma. He frowned and said, " "Although these four have injured countless disciples of my sect and deserve to die a thousand times, they are still a bunch of weaklings. However, without the help of the experts of the phaseless sect, this old man will definitely not be able to pass this tribulation. If Lord Xia Qing takes a fancy to this woman, you can take her away, but she must be subdued, otherwise, there will be endless trouble in the future!"

Xia Qing was overjoyed and quickly cupped his fists, "thank you for your help, great elder!" Jionger, hurry up and thank the great elder!"

Xia Jiong was also overjoyed. He was so excited that he was about to thank her.

Suddenly, another person stood up and said, " "Father, this girl is too overbearing and difficult to tame. It would be a pity to cripple her cultivation. If I don't cripple her, I'm afraid third brother won't be able to subdue her. Why don't you let me marry her?"

This person was Xia Qing's eldest son, Xia Qiong. His eyes were filled with greed and his tongue licked his lips.

"Poor Xia, you bastard, how dare you fight with me over a woman!" Xia Jiong flew into a rage and slashed at him with his knife.

"Clang!"

The knife was caught by Xia Qing and he gave him a backhand slap. He said angrily, "Who are you scolding!"

"Pa!"

Xia Jiong was slapped so hard that he could not even stand properly.

The crowd found it funny, but with blood and corpses everywhere, they couldn't laugh.

Long Yuanwu was also speechless. He was both amused and angry, so he snorted and said, "This woman can be taken away by Lord Xia Qing. You can decide how to deal with her."

"Thank you, great elder," Xia Qing hurriedly said.

The two sons also hurriedly thanked him. Their eyes were filled with excitement, but they also looked at each other with resentment, as if they wanted to kill each other with their eyes.

GUI lü said, "the remaining three can't be killed so easily!" After we force them to reveal their origins and purpose, we will slowly skin them alive and kill them one by one to avenge the countless disciples who were killed or injured!"

A large number of experts had been killed when they returned home, and even he himself had almost died. He was already gnashing his teeth in hatred.

A cold glint flickered in long Yuanwu's eyes as he coldly said, "I can't let them get away with it. However, these three people were extremely powerful, and it would be a pity to kill them just like this. Why don't we pay the people of corpse fiend sect to refine them into corpse fiend puppets for us to use?"

Everyone's eyes lit up as they praised, "That's good!"

“The corpse puppets that corpse fiend sect makes can retain more than ninety percent of their strength. If these three people succeed in making them, the strength of our three sects will definitely increase greatly!”

At this moment, the survivors were all overjoyed. This battle was too tragic. Since they were born, they had never experienced such a tragic thing.

“These two are peak nine-star experts. With such a powerful corpse, I’m afraid the corpse fiend sect will take it for themselves,” Xia Qing said worriedly.

we can’t care so much now, ” long Yuanwu said. even if the corpse fiend sect wants it, we can do them a favor and sell it for a good price to make up for the loss.

GUI lü nodded. that’s right. It can also increase our territory in the heaven Alliance. In the future, we can get more benefits when we rule the continent.

“I think so too!” Long Yuanwu nodded.

GUI lü said sorrowfully, “originally, I was full of confidence in dominating the continent.” With the strength of our three sects, even if we can’t rival the Holy region and the sea of soul formation, we’re at least one of the seven superpowers. I don’t want to lose more than half of our strength in this battle, and even your sect master is afraid.”

“It’s such a pity that Lord sect master died before he could complete his mission!” Long Yuanwu said with hatred.

“Hahaha!”

Chen Yuyu couldn’t help but laugh and said sarcastically, “You want to dominate the continent with your little strength? hahaha, I’m laughing my head off! To tell you the truth, any one of the seven great sects can instantly exterminate a hundred existences like you. Hahaha, you’re really frogs in a well!”

The expressions of Long Yuan Wu and the others changed drastically. Their anger and hatred were overflowing.

“You’re looking for death!”

...

Long Yuanwu suddenly slapped his palm, which transformed in the air, and hit Chen Yunyu’s chest.

“Pfft!”

Chen Qianyu had already suffered serious injuries. Now, he spat out a mouthful of blood and fainted on the spot.

“Great elder, be gentler. It won’t be worth much if he’s killed,” Xia Qing hurriedly said.

“Hmph, who asked him to make irresponsible remarks! I’ll cut off his tongue before selling him to corpse fiend sect!” Long Yuanwu said coldly.

Water deity shouted, “ what nonsense! Chen Qianyu is right! You guys are not strong enough!

Xia Qing saw that everyone’s expression was ugly and hurriedly pointed with one hand, hitting water fairy’s throat and sealing her mute acupuncture point.

He was very satisfied with this daughter-in-law, but he was afraid that she would anger the crowd and kill her.

The water deity’s face was filled with anxiety. She struggled a few times, but could not say a word.

GUI lü said coldly, " these Warriors from the continent are all extremely arrogant. They really don't know the height of the mountains and the depth of the sea. They think the heavenly martial continent is the peak. They should be the ones who make people laugh their teeth off.

Long Yuanwu nodded and said, " according to my detailed analysis and calculation, there are only seven superpowers on the heavenly martial continent that are worth looking at. The Holy region and the sea of soul formation are considered Supreme existences. Their strength is most likely above our three sects. Try to avoid them as much as possible and don't provoke them easily. As for the seven great sects, although they are not as strong as us, they are not far from us. We can take them down one by one if we are careful."

...

"Great elder is right," Xia Qing said. After the great change, it's no longer appropriate for our three sects to occupy the sects on the continent by force. We'll just follow the heaven Alliance and drink some soup. I'll make plans after I recuperate."

Hearing this, Yuan gaohan was shocked and couldn't help but ask,"What do you want to do? To dominate the heavenly martial continent? Aren't you guys supposed to be living in seclusion?"

"Hmph, hiding from the world, are you going to hide for the rest of your life? The resources overseas are getting more and more scarce, why should we give a large number of resources to weak existences like you?"

GUI lü sneered. the current heavenly martial continent is like a frog that's being boiled in warm water. Soon, it will have a taste of our hidden sect's strength. At that time, we can only choose to surrender or die!

Yuan gaohan's heart was filled with shock. He didn't expect that the ocean, which had always been calm and peaceful, was also brewing great danger.

At this moment, Bai lingyue, the Secretary in charge of the Holy region's intelligence, had passed away in new Yan city. No one knew who was in charge of the intelligence Division and whether they could get a timely glimpse of the overseas risks.

“Is this the idea of the natural moat ocean?” Yuan gaohan asked.

The expressions of long Yuanwu and the rest changed, and they snorted. “The natural moat ocean is beyond us, we don’t care about these things at all.”

“Then what kind of organization is the heaven Alliance you mentioned just now?” Yuan gaohan asked again.

GUI lü saw that long Yuanwu wanted to answer and hurriedly stopped him, saying, “Great elder doesn’t need to say anything more to them, just sell them to corpse fiend sect and let them be confused ghosts.”

“F * ck!” Yuan gaohan cursed, “you guys are too ruthless.”

Long Yuanwu nodded. yes. I’ll wait for my essence converting lock to absorb all their essence force before imprisoning them. Then, I’ll interrogate them to find out their identity and purpose.

Runes kept rising from the chains, further squeezing out the strength of the four.

“There’s no need to torture me.” Yuan gaohan forced a smile and said, “you can ask whatever you want. I’ll tell you everything I know.”

“Hmph, spineless!”

Long Yuanwu sneered in disdain and continued to cast the art.

Very quickly, the four of them had their origin power completely sucked out. Strange talismans were stuck on their bodies, and they couldn’t use any strength at all. They were locked up in special metal cages and hung high up.

Chapter 1694

1694 Tracking

Floating in the sea, the gluttonous snake continued to swallow the spiritual Qi in the water. It slowly recovered a little and began to slither into the distance.

With a few flashes, he disappeared into the sea.

An hour later, a green Thunderbolt flashed in the sky, and Yunxiao took his human form.

His divine sense swept down, directly through the bottom of the sea, and even covered a radius of a thousand miles. His expression immediately changed!

“Oh no, the snake is gone!”

When a snake entered the sea, it would disappear without a trace and could not be traced.

“Did something happen to old Yuan and the others?”

Yunxiao’s heart sank. Although Chen Yunyu and su lianyi were not weak, they were in someone else’s territory after all. It would be hard to say if they were besieged.

the snake is gone, and there’s no blood. It must have left by itself. The sea is so big, we’ll be in trouble, Qingqing.

He muttered to himself for a moment before disappearing in a flash of green light.

In the next moment, in the ocean a hundred miles away, a thousand meters deep.

A towering Palace stood tall, surrounded by a powerful aura. On top of the palace, there was a ferocious beast’s head that was vivid and lifelike, staring ahead.

Suddenly, a ray of green light appeared and shot into the hall.

The guards on both sides frowned and couldn't help but turn their heads to look at each other.

"Did something go in Yingluo just now?"

"You saw it too? However, it's too fast, too fast. It shouldn't be possible, right?"

"Um, Zhenzhen, that was probably an illusion."

yes, you must have drunk too much yesterday. I didn't sleep last night, so I'm a little absent-minded. We must have had hallucinations together.

Suddenly, a few screams came from the hall, followed by the sound of weapons breaking.

The two guards were shocked. Their bodies trembled and they hurriedly rushed in.

The hall was already in a state of chaos. The clan leader trembled as he lay on the ground, almost transforming into his beast form. He was a large fish, and his mouth was blowing bubbles.

His body was constantly changing between a human and a beast, his eyes filled with fear as he looked at the human man in front of him.

The guards in the hall were already lying on the ground, twitching and groaning.

Yunxiao said coldly, " it's good to talk nicely. We can live in peace, but you have to show your superiority. Do you feel comfortable now? "

spare me! Spare me, Sir! Spare me, Sir!

The leader transformed into his human form and kept kowtowing and begging for mercy, tears streaming down his face.

there's no need to bow," Yunxiao said. I don't want your lives. I've already told you that I'm here to inquire about something. Not long ago, there was a ninth-grade gluttonous snake near the southern sea. Where did it go?"

"Did the snake leave?" the leader asked in surprise.

you're the Overlord of this Sea area?" Yunxiao frowned. you don't even know such a big thing?"

The leader was enraged and scolded, "That bunch of useless bastards, they didn't even report back for such a big matter. Wait for me to tear their heads off! Your Excellency, please wait a moment. I will definitely find out the whereabouts within a day!"

one day?" Yunxiao said coldly. I'm sorry, but I can't wait that long. I'll give you four hours at most. If you can't tell me the direction in four hours, there'll be no point for your clan to exist."

The leader was shocked. He hurriedly got up from the ground and ran out, shouting, "Investigate! Quickly go and investigate!"

After roaring for a while, as if venting the fear in his heart, the leader immediately ordered people to serve spiritual fruits and spiritual wine to entertain them.

Yunxiao was also bored, so he started to chat. "How much do you know about the snake, my Lord?"

that snake is an ancient species," the leader replied carefully. it has a noble bloodline. We don't even dare to get close to it.

uh, then you don't know about the group of humans living inside?"

“Hehe, Milord, what are you saying? Our clan has accompanied that great snake for several thousand years, so we naturally know about it. There were three hidden sects of the human race, all of whom were extremely powerful. That giant snake has never left this place for thousands of years. I didn’t expect it to have left.”

The leader sighed with emotion. At the same time, he looked puzzled and said, “Perhaps something big has happened?”

Yunxiao’s heart skipped a beat, and he became even more uneasy.

“It seems that my Lord knows the situation in your own sea like the back of your hand. Then, does my Lord have any conjectures as to where that great snake will go?”

“That snake must have no family or friends. It’s wandering alone in the world, but it only likes that Sea area because there’s an overlapping space there. From time to time, extremely cold air will leak out, which is in line with its habits. I don’t really believe that it will leave. It’s most likely because of the human race.”

Yunxiao was quite surprised. It seemed that these sea people were really not good for nothing, and their analysis was quite accurate. then, do you know where these human beings are going? ”

The leader cupped his chin with one hand and curled up into a ball. “About 100000 li to the southeast, there’s another hidden family that seems to have some dealings with these people in snake.”

a hundred thousand miles! Yunxiao’s eyelids twitched as he cried out in surprise. a hundred thousand miles!

A hundred thousand li was a very long distance, but it was not considered a long distance in the four Seas.

The leader nodded. that reclusive family is stronger than the three sects. I’m not too sure about the details. After all, they’re out of my jurisdiction.

A moment later, a Clansman hurriedly reported that the snake had left in the southeast direction.

After asking for the direction of the reclusive family, Yunxiao immediately took his leave. He left behind some treasures of the East Sea as a reward, then left like a bolt of lightning.

Every time they arrived at a Sea region, they would find a group of high-level members of the sea tribe and explore the route. After a few inquiries, they could almost conclude that the snake was heading to another hidden family.

Without any hesitation, he pushed his escape technique to the extreme, so fast that he couldn't be caught by the naked eye.

Half a day later, a storm suddenly rose on the surface of the sea. A huge circle of light came from the sky and covered the lightning.

The Halo kept shrinking, and the Thunderbolt instantly turned into Yunxiao's figure. He raised the cold sword and slashed down!

"BOOM!"

...

A huge sword aura descended, and thousands of sword talismans danced around it. It instantly broke through the light circle, and a great Dao of vacuum appeared under his feet.

He carried his long sword and walked out calmly.

"Eh?"

A surprised voice came from the sky, seemingly in disbelief.

“I told you, this kid is no longer the same as before.” Mu Jie’s voice was heard.

Yunxiao’s eyes turned cold as he looked up into the sky.

He saw a flash in the clouds, and then five figures appeared.

They were all dressed in gray robes, and their expressions were filled with pride, as if they were superior.

Yunxiao had seen two of them before, and he said in surprise, “Mu Yijun, mu Yitong?”

Mu Jie’s body was already complete at this moment. Her arm had been replaced, but her combat strength had yet to recover.

Two of the other four people were the MU brothers who had saved them on the way when they had fled the eastern sea with Guang Yuan.

...

The other two had wax-like faces and cold looks of disdain.

Mu Yitong was bewildered. it’s true that a scholar who has been away for three days must be looked at with new eyes. When we parted at Donghai, you were only a five-star martial sovereign. Now, you’ve actually stepped into the peak of nine-stars. How ... How did you cultivate? ”

“Peak nine-star? How is that possible?” The expressions of the other two members of the MU clan suddenly changed.

“Elder Yitong, are you sure he’s a peak nine-star?” mu Yurong said in a gloomy voice.

Mu Yitong said, "judging from the power of that sword just now, it's probably not bad." Elder Tong, what do you think of your wondrous spirit eyes?"

Mu Jie's face blushed. She clenched her right fist and coughed twice before saying, "My spiritual eye was injured by this brat in the previous battle, so I can't see anything for now."

"Eh?!"

The other four people all revealed strange expressions.

"What about what I saw before?" mu Yijun asked.

"Um, what before?"

"Don't worry about his cultivation level. Let's get the heartless Bell back first." Mu Jie pretended to be stupid and waved her hand. This brat has a precious treasure on him."

His eyes glowed with greed.

Back in the two world Mountain, when the heaven patrolling bullfighting bull had fallen into Yunxiao's hands, he had also been brooding over it.

"A great treasure?" The pupils of the four people shrank and shot out cold light.

They knew that mu Jie's standards were extremely high. Anything that he called a treasure was definitely not an ordinary item.

"Let me keep you in suspense for a while. If he can get this treasure, I'm afraid the position of the MU family's second strongest expert will be his." Mu Jie chuckled.

"The second strongest? Mu Jie, You must be joking!"

“Do you know what you’re talking about?!” The other man, mu Wenchang, was shocked.

Mu Jie nodded and said, “of course I know.” If it wasn’t for my recent poor health and him taking advantage of a loophole to defeat me, do you think I would ask for help from my family and let you guys have a share of the loot?”

Mu Wenchang licked his lips and chuckled, “Since that’s the case, let’s capture this kid first!”

He stretched out his hand, and a thick, three-meter-long saber appeared in his hand. It was completely black, and in a flash, he slashed it.

Yunxiao kept looking at them coldly without saying a word.

But he didn’t expect that the other party would start a fight without saying a few words to him. This time, it was a naked contempt.

“Hu Chi!”

The black battle blade was extremely heavy. It was like a piece of black iron with a sharp edge. One could feel the force of ten million Jin just by listening to the sound.

Yunxiao did not want to clash with this profound artifact with his cold sword, so he immediately summoned three heads and six arms, and two golden hands reached out to grab.

“Dang!”

He slapped his palms on the sides of the saber, then locked the saber with his four arms.

Mu Wenchang’s face turned ugly when he could not move it even a little. His saber was made of the heaviest material in the world, and ordinary Martial Emperor powerhouses could not even move it.

you're cultivating body techniques?! His pupils constricted as he immediately discovered that Yunxiao's divine ability was unusual.

But, Yunxiao ignored him. With his remaining arms, he performed an incantation gesture with one hand and slashed at the man with the sword in the other.

A bright sword shape instantly condensed and slashed down horizontally, wanting to split the other party in two. It was extremely overbearing.

Mu Wenchang was greatly shocked. He desperately pulled out his saber, but he couldn't move at all. He could only abandon his saber with both hands and retreat to avoid the sword Qi.

Yunxiao snatched the knife and shook it in his hand as he said with a sneer, " what kind of broken saber is this? I'll sell it as scrap metal when I get back. He casually put it away.

Chapter 1695-unstoppable

Mu Wenchang was both angry and embarrassed. He threw away his weapon after one round and shouted angrily, "Damn it, despicable!"

Yunxiao was speechless. I took your weapon back after you slashed me with your saber. How is that despicable? " Do you want me to stand still and let you cut me? that's not despicable!"

"No matter how glib your tongue is, it's useless!" Mu Wenchang sneered.

Yunxiao suddenly found that he could not communicate with them at all. He slapped his forehead powerlessly and said, "Mu Jie, I'm busy at the moment and don't have time to play with you. If you move away, I can pretend that nothing has happened."

"Hehe, I don't want to make things difficult for you. After all, we're friends who have joined forces to fight against our enemies. As long as you hand over the merciless Bell and heaven patrolling bullfighting, and marry into the MU family at the same time, I will not only let you go, but also keep my promise and send you to the deep abyssal water track."

“What? Marry into the MU family?”

The other four people were shocked. Mu Wenchang said angrily, “What qualifications does he have to marry into my Mu family? Elder Hao, don’t be bewitched by him!”

“You don’t have to worry about this,” mu Jie said unhurriedly. “I’ve reported this to the clan leader after the incident, and he agreed to it.”

“What!”

The four men were shocked again, and then they looked at Yunxiao as if he had made a big profit.

Mu Yurong’s brows were deeply furrowed as he said in disbelief, “elder Tong, it’s not that I’m suspecting you, but it’s really hard to believe!

“Have you all forgotten about this year’s martial arts competition?” mu Jie asked.

Mu Yurong said, “our mu clan has a very high chance of winning the martial arts competition. Even if we can’t win, we don’t have to let an outsider marry into our family to obtain this honor.

Mu Jie’s expression was solemn as she said, “the martial arts competition this time is different from the past. You’ll know the details when the time comes. There’s no need to doubt anything that Lord clan leader has agreed to.

Mu Wenchang frowned. After a while, he said, “Since that’s the case, we’ll naturally obey. But even if you change your surname to mu, you’re still an outsider. Don’t think that you can get the same treatment and honor as the MU family’s bloodline.” He looked at Yunxiao coldly.

“Motherf * cker, are you guys done?”

Yunxiao was furious when he heard that. He was worried about the safety of water fairy and the others, so he said in a cold voice, " "Since you won't move, then all of you can go to hell!"

He finally realized that communicating with them was completely futile. He had to reason with them and talk about morality.

The heaven's light sword case instantly appeared in his hand. He made a hand seal with one hand, and the sword case opened on its own. Endless silver light shot into the sky.

Thirty-six Northern heaven cold star swords flew out and formed a great formation in the sky, pressing down fiercely.

The boundless sea of sword Qi instantly enveloped the five of them. The seawater rose and turned into countless steam, blinding their eyes.

Although the five of them were surprised, they didn't take it to heart.

The sword boundary pressed down, and tens of millions of sword lights danced inside, forming a huge pressure. The five of them were on guard, but the sword power did not slash down, only suppressing the space.

"Is this sword formation just for show?" mu Yurong sneered.

Yunxiao threw out the divine realm tablet, which danced over the waves and emitted tens of thousands of golden beams.

Apart from mu Jie, the other four were shocked and their eyeballs were in pain.

Mu Yitong gazed at it and said,"elder Huang, is this the treasure you were talking about?" What kind of profound level weapon is this? what a powerful and boundless weapon power!"

Mu Jie was also stunned. She kept blinking her eyes, but she could not identify the grade of this profound level weapon.

Suddenly, a golden light emerged from the bodies of the five men. Yunxiao kept performing strange incantation gestures, and the golden light rippled on the surface of the sea.

“Hualala.”

Gradually, the sound of chains rippling could be heard. In an instant, the five of them were bound by the divine realm tablet’s chain of laws and had to make several rounds.

what?” mu Jie was shocked. She looked at the golden chain and found that it was not made of metal. It was made of tiny runes and connected to an infinite distance.

A bad premonition and speculation surfaced in his mind-the realm power lock!

The other people also struggled hard, but they couldn’t break free for a while, and their expressions changed greatly.

li Yunxiao! mu Jie cried out in horror, ” w-what the hell is this? ” Could it be the legendary realm power lock?”

As soon as the words “realm power lock” were mentioned, the other four people were all shocked.

Mu Yurong laughed. haha, elder Xi, you’re overthinking it. How can it be the power of that world? the rules of all things. If this kid had such strength, we would have been annihilated long ago.

Only then did the rest of the people calm down. Mu Jie thought the same, but the golden chain still gave him a great sense of oppression, and he couldn’t shake off the heavy feeling in his heart.

“It doesn’t matter what it is. What’s important is that I don’t have the energy to waste time with you guys!”

Yunxiao's eyes were as cold as a knife as the Tusita peak slowly rose from his palm and turned into a huge mountain, which suddenly pressed down on the five.

The immense pressure caused the air to explode continuously. Even the northern heavens cold stars sword formation was trembling, almost unable to withstand it.

Only then did the five of them understand that the sword array and the Golden lock were just to restrain them. The mountain peak was the real killing move!

Mu Yitong's face was solemn, but he still sneered, " he wants to defeat the five of us in one move. Even a divine transcendence expert can't do it. He's too young and childish!

The space behind him became blurry for a moment, and a shadow appeared. It grew larger and larger, like a true magic image.

Yunxiao's pupils constricted as he stared at the shadow. It was a huge puppet standing on the sea, towering into the clouds.

He had seen the power of this puppet in the Battle of the East Sea. It was called the mountain-splitting heavenly ding.

Mu Yitong's entire body trembled, causing the chains of law to shake non-stop. A large number of runes were jolted up.

The mountain-splitting heavenly God suddenly opened his eyes, and the light from his lantern-like gem eyes shone down. Then, he raised his big hand and grabbed at the Tushita sky peak.

Mu Yurong laughed loudly. haha! The elders 'mountain-splitting heavenly ding can overturn rivers and seas, shift the stars, and change the stars. No matter how magical this mountain is, it can be split open with bare hands!

"BOOM!"

Kai Shan Tian's hands grabbed the Tushita sky peak, and with a "splash," his entire body suddenly sank. His feet actually stuck into the sea, causing endless water to splash.

Mu Yitong's expression changed drastically as his hand seals danced in the air. A formation emerged from the feet of the mountain-splitting Heavenly Dragon and spread out on the surface of the water. Then, he bent down and used his head and shoulders to carry the mountain, trying to push it away.

"Boom boom boom!"

...

A huge trembling sound came from Kai Shan Tian Ding's body, as if ten thousand horses were galloping. The head was pressed into the neck, and the shoulders of the horse were sinking inch by inch.

"What?"

The six of them were all shocked and exclaimed at the same time.

The five people of the MU family naturally knew the structure and power of this mountain-splitting heaven ding. At this moment, it seemed as if it was about to fall apart. The sound coming from its body proved that the main structure was constantly collapsing.

Yunxiao's eyes bulged out. This was the first time he had seen something that could resist the Tusita heavenly peak. Although it could not hold on for long, it had indeed pushed the peak several feet away and changed its landing point.

He turned into a flash of lightning and appeared on the Tusita heavenly peak. His eyes were cold as he raised the heavenly hammer in his hand and smashed it down!

"BOOM!"

Countless lightning talismans shot out from the hammer and fell down the mountain. They hit the mountain-splitting heavens and exploded like thousands of Thunderbolts!

“Bang! Bang! Bang!”

Finally, Kai Shan Tian couldn't hold on any longer. His huge body collapsed instantly, turning into countless pieces of broken body fragments that fell down like garbage.

The five people below had already turned pale from fear and were struggling with all their might.

...

Mu Yijun's face turned cold. His hands, which were trapped, forcefully made a hand seal. Suddenly, a golden light spread out from his hands and turned into thousands of soldiers and horses, which fiercely attacked the Golden chains.

The other half of the puppet army was charging at Yunxiao.

“Bang! Bang! Bang! Bang!”

The entire sky was filled with the sound of metal clashing. It was a chaotic scene.

In the air, Yunxiao flicked his fingers and pointed out a sword incantation. The thirty-six Northern heaven cold star swords flew up into the sky, turning into countless swords that rained down.

“Thousand sword style!”

“Bang! Bang! Bang! Bang!”

The sound of the sword condensed into a vortex, blocking the thousands of puppets a thousand feet away.

At this moment, mu Jie and the other four broke free from the chains of law and quickly fled into the distance.

“BOOM!”

The Tusita heavenly peak finally landed and crashed into the sea, causing huge waves.

The sea water spiraled into the sky, and a huge wave spread out in all directions. The sea and the sky were completely connected, and there was no distinction between them.

“Huala Huala!”

His ears were filled with noise, and his eardrums hurt from the vibrations.

After a long while, the surface of the sea gradually calmed down. However, a large amount of seawater had gathered in the sky, turning into raindrops and falling down.

The five figures gathered in the heavy rain. The rain did not stain their clothes, but the five people's faces were unusually ugly.

“What should we do? he ran away!”

Mu Wenchang's face was gloomy. He gritted his teeth and said angrily, “My black-moon blade is still in his hands. I must get it back!”

“What's important isn't the Black Moon saber, but the merciless Bell and the divine Phoenix in his hands,” mu Jie said.

“What?”

The four of them were shocked and started to tremble.

Mu Yitong said in a deep voice, "elder Hao, what did you just say?" A divine Phoenix?"

Mu Jie nodded and said, "that's right. He has a divine venomous insect." I've already reported this matter to the clan leader. I originally planned to focus on finding him when I dominate the continent, but I didn't expect him to deliver himself to me, and I didn't expect that the five of us couldn't capture him even after joining forces!"

This time, everyone's expression was extremely ugly.

"No wonder the clan leader sent the four of us to assist you!" Mu Yurong said. If it's really a divine Phoenix, then I must get it no matter what!"

"Hmph, you make it sound so simple. Tell me what to do."

Mu Yitong's face turned ashen as he snorted. I'm sure everyone knows the strength of the mountain-splitting heaven. I can't even withstand a blow from that mountain. If it were to hit you and me, even if I have a tempered steel body, I would still be dead!

Mu Jie said, "I didn't see him have this peak in the last two mountain peaks. I think he must have obtained it not long ago." I think there must be a problem. otherwise, why would he run away if he was so powerful? They can easily kill us!"

Chapter 1696-returning to the forest

Mu Yurong also pondered and said, " elder Hao is right. Before he used the mountain peak, he first set up a sword array and a locking array. He used the overlapping power of the two arrays to imprison us. Only then did he display that earth-shattering attack. Although this thing is powerful, I'm afraid it's not very agile. If it can't lock onto the opponent, it's useless no matter how powerful it is."

"That's right, agility is definitely a weakness!" Mu Yitong's eyes also lit up.

The five of them were all experts, and they understood the situation after some analysis.

“Elder Tong, did you see where he ran off to?” Mu Yurong asked.

Mu Yu said, “towards the southeast, that seems to be Wufu.”

“Corpse fiend sect!” Mu Yurong’s eyebrows twitched.

Mu Yitong asked, “what’s he going to corpse fiend sect for?” Could it be that they have some sort of relationship?”

Mu Jie pondered for a moment and said, “I fought with him in the sea before. When he left in a hurry, he said that he had a companion left in the snake.” When we went to the sea area of the deep serene water path, the gluttonous snake had long disappeared. From this, it seems that those people from the heartless sect and phaseless sect have most likely gone to the corpse fiend sect. ”

Mu Yitong said, “ the snake hasn’t changed its coordinates for so many years. Did you kill their sect master and cause the three sects to panic? is that why they turned out in full strength to join the corpse fiend sect? ”

“It’s highly possible,” mu Jie said. The three sects have always been subservient to the corpse fiend sect, and now there’s an unforeseen event, in addition to the establishment of the heaven Alliance, a great change is coming, so it’s very reasonable for them to turn in all their nests to join.”

so, li Yunxiao is in a hurry to save the people, ” mu Yurong said. he will most likely have a conflict with the corpse fiend sect? ”

“Elder Yurong, do you mean that Wanwan wants them to fight each other?” mu Yitong asked.

it’s a good thing for snipe and clam to fight each other, ” mu Yurong said. I’m just afraid that Yunxiao will be trapped in the corpse fiend sect and have his divine venomous insect seized. That will be a big problem.

“Why don’t we help him turn the corpse fiend sect upside down? this way, the MU family’s status in the heaven Alliance will be even higher!” Mu Jie’s eyes shot out a cold light.

“If they find out that we’re secretly attacking, I’m afraid it’ll cause internal strife in the heaven Alliance and we’ll be attacked from all directions,” mu Yurong said worriedly.

Mu Yitong said, ‘we can’t care about that now. If it’s related to the divine Phoenix, it doesn’t matter even if we leave the heaven Alliance.’ Let’s act according to the situation. The priority is to intercept the divine Phoenix.”

Then, the five of them turned into a huge ray of light and headed Southeast.

A hundred thousand miles away from the deep abyss, a bolt of lightning suddenly appeared and turned into Yunxiao.

After the battle with the five members of the MU clan, he had to rush back with all his might. His essence force had been greatly exhausted, and he only recovered a little after taking out some medicinal pills and swallowing them.

“According to the sea Race, the corpse fiend sect should be in this Sea region, carried by a giant turtle. However, this place is so vast that I can’t see any sea turtles.”

Yunxiao fell into deep thought as he kept releasing his divine sense.

The spiritual energy in the nearby sea was extremely rich, and there were few giant sea beasts, which indeed matched the characteristics of a powerful existence occupying it.

“Don’t tell me we have to steam the seawater dry to force the sea turtle to appear?”

His expression was unsightly. Under the moon pupil, there was no clue within the surrounding area. There was not even the slightest fluctuation of a powerful existence’s aura.

“Could it be that it has hidden itself in another space? If this place is correct, then as long as I make some noise, their sect’s disciples will definitely appear.”

After making up his mind, Yunxiao took out the dynasty Bell and kept ringing it.

“Dang!”

“Dang!”

The sound of the bell reverberated through time and space, reverberating above the sea and the sky.

Sure enough, it did not take long for Yunxiao to find something strange.

At the bottom of the ocean ten thousand meters deep, some powerful beings began to appear.

“Eh? It’s hiding under the sea?” Yunxiao was taken aback. It was hard to imagine such a scene.

“Huala!

Not long after, two figures broke through the sea and flew directly into the air. They were both dressed in strange clothes and had serious expressions.

stop! one of them shouted. who is provoking us? ”

“A provocation?”

Yunxiao shook his head and said, ” you misunderstand. I was just passing by and saw the beautiful scenery, so I couldn’t help but strike the bell and have some fun.”

“Making fun?”

The man frowned and shouted, " what's the fun in just striking the bell? you've stirred up my unmoving returning forest. Come with me and explain it to the sect!

"Oh."

Yunxiao put the bell away and said, " Alright, let's go."

The two of them were stunned for a moment, and then revealed a sinister smile.

"Leave?" one of them asked. Let me seal your dantian first before you leave."

Without another word, he pointed his finger over.

Yunxiao stood still, his face filled with fear as he said anxiously, " T-this bi an ..."

When the finger touched his dantian, he immediately felt a wave of murderous aura surge in and open up his dantian. However, it was instantly struck by the purple lightning and not a single trace was left.

It was only then that the two guards looked satisfied, and they grinned at Yunxiao.

"Little brat, your clock is not bad. Let me have a look!"

"This bi an ..."

I'd better follow you back to the sect first, " Yunxiao said, speechless.

"You seem to want to follow us to the immovable forest?"

I just want to quickly clear up the misunderstanding so that I can leave," Yunxiao said. I'm just trying to leave.

"Eh? Kid, you're quite arrogant, aren't you? why do you have so many excuses when I'm talking to you?"

...

The two of them surrounded him, their eyes flashing with an ominous glint.

my God! Yunxiao said. how am I unreasonable? " He felt that he had been wronged.

"You still dare to talk back? Hit! Let's beat him until he's honest!" One of them shouted, and the two of them attacked at the same time, one from the left and one from the right.

It was as if she thought that he had sealed his dantian and couldn't fight back, so she was afraid that she would kill him in a moment. Therefore, she showed mercy.

"F * ck, I'm so cheap. Why am I acting like a grandson to you?"

Yunxiao reached out his hands and grabbed both men's arms. At the same time, he tapped on their meridians to cut off the circulation of their primordial energy, then threw out his palms.

"Ah?"

The two of them were shocked and cried out in alarm,"you're so angry!" They turned around and tried to escape.

With a " bang ", a person was directly turned into dust by the palm.

The other slightly stronger expert was sent flying by Yunxiao's palm, but he quickly reached out his hand and pulled the man over.

Then, his eyes turned into moonlight as he looked over.

...

“Ah!”

The guard screamed and lost consciousness. Yunxiao’s divine will rushed into his mind and read his memories.

A moment later, Yunxiao’s eyes returned to normal.

“You’ve already become an idiot, and you’d rather die than live. I’ll help you free yourself from this.”

A ball of flame shot out and instantly burned that person to ashes.

“No wonder I couldn’t find the giant turtle. It was a dead turtle buried in the deep sea. This corpse fiend sect’s cultivation technique seems to be somewhat similar to Qiu Mujie’s corpse controlling technique, but it’s much more brilliant. It seems that we still have to be careful!”

After searching his soul, he had a basic understanding of the corpse fiend sect’s situation.

The so-called forest of unmoving dreams was the corpse of a dead turtle that had been refined into a giant Island. It could float and sink under the sea. It could live directly underground, and sometimes it could also float on the surface of the sea.

From the Guard’s mind, he confirmed that the snake had indeed entered the forest of unmoving ashes.

Yunxiao immediately dove into the sea and found the entrance. A faint green light emitted from under his feet, and he instantly teleported in.

It was deep and dark inside, letting out an Azure light. Under the moonlight, one could see the shape of an Island with dense forests.

“Why did you go out for so long? did you kill that idiot who rang the bell? Quickly return to your position, we’re about to reach the surface!”

A reproachful voice was heard. The source of the voice was extremely far away, but it still resounded in his ears.

Yunxiao knew that it was The Guardian in charge of the island’s defense. ‘I’ve just come in, and this big turtle is about to float to the surface!’ He cursed in his heart.

He hurriedly flickered to the front of the two small formations and cast several incantation seals into them.

The corpse fiend sect disciple had the incantation seal of this formation in his mind. With a slight change, he could operate both formations at the same time.

Beams of formation light shot out from the formation, and countless runes swirled in the air.

The ground began to shake. Looking through the moon eye, a colorful light began to spread out from the center of the island, instantly enveloping the entire Island.

Other than the huge tremor, there was no other discomfort. Then, he felt the island rising rapidly, and the sea water receded.

“Huala”

The surface of the sea was split open, revealing a giant turtle-shaped Island floating on the sea. Layers of colorful light spread in the sky, condensing into a barrier that disappeared in a flash.

“Those people from the heartless sect went to see the sect master of the corpse fiend sect, Jing Qi. This Jing Qi is indeed a god-like existence in the corpse fiend sect, and I don’t know what his true cultivation level is. If I rashly charge in, I’ll definitely be surrounded by the entire sect. I don’t know if I can save them.”

Yunxiao was very worried. From his memory, he knew that the corpse fiend sect was also an extremely powerful existence, and it did not have a good relationship with the MU family.

It could even be said that these hidden aristocratic families were very independent existences and rarely had good relations with other sects. However, recently, many hidden sects had come to visit and seemed to be close to each other.

Unfortunately, that Guard’s rank was too low. Apart from having a specific understanding of corpse fiend sect and this motionless returning forest, he didn’t know anything else.

In a flash, he went to Jing Qi’s Palace, where there was a huge stone coffin in the center of the island.

As the corpse fiend sect’s main occupation was to refine corpses, the island was filled with dried corpses of various sea beasts and a large number of stone and Jade coffins. The surroundings were filled with a thick corpse fiend Qi, causing extreme discomfort to normal people.

After flying for a while, Yunxiao’s eyes suddenly lit up.

The gluttonous snake was currently spiralling in front of the giant stone coffin in the center. Its head was drooping over its body as it quietly coiled up.

His palms were slightly perspiring as he thought to himself that nothing must happen to everyone, or else that greedy snake and corpse fiend sect of his would all be blasted into ashes!

All of a sudden, a beam of green light appeared, causing his body to stagnate slightly. An extremely oppressive and nauseating aura came over.

“Not good! It’s a barrier set up by the corpse Qi!”

He was shocked. He had been distracted for a moment and accidentally bumped into the barrier. In a flash, he disappeared from the spot.

In an instant, a few figures appeared in the space in front of him.

Only the leader looked normal, his eyes rolling. Behind him were four other figures, all of them with shriveled skin and dull faces!

Chapter 1697-vice sect leader

The man looked around and immediately frowned. "Come out!"

No one responded for a long time.

The man sneered, "you think you'll be fine if you hide?" Since you won't show yourself, then die!"

He raised his hand, and a ball of green gas kept changing in his palm. Then, it exploded with a "bang".

The green light dispersed around him and instantly enveloped the surrounding area.

Yunxiao was hiding in a certain node, and the green gas gushed in, sticking to his skin like particles of powder and corroding his flesh.

The smell was extremely pungent, very similar to the corpse Qi on the entire Island.

At the thought that the thing was extracted from a corpse, Yunxiao felt nauseated, but he could only hold it in.

After waiting for a while, the man's expression changed slightly, but he quickly recovered. With a cold snort, he turned around and left with the corpse puppets.

Only then did Yunxiao slightly circulate his energy and drive the water energy of heaven and earth to wash his body clean of the green powder. After that, he continued to move stealthily in the dark, not daring to rush over in the open.

The inside of the stone coffin Hall was gloomy and terrifying, and green corpse Qi filled the air.

In the hall, long Yuanwu, GUI Lu, and Xia Qing were a little restless. They were extremely uncomfortable with this kind of environment.

it's been so long. Why hasn't Lord Jing Qi come yet? could it be that we don't like him? "

GUI Lu started to grumble as she got a little impatient.

Long Yuanwu glanced at him and said,"calm down, have some tea and quiet down." After all, it's someone else's territory, and Lord Jing Qi hasn't shown up yet, so something must have happened."

"Hmph, what's up? I'm afraid they're looking down on us!"

GUI lü said coldly and picked up a palm-sized insect from the tea tray. Its body was full of red and green spots, and its eyes were like flies."And the refreshments served to us are actually worms!"

"Pa!"

He angrily threw the insect to the ground and crushed it with one foot.

"This spirit insect is indeed a good ingredient for medicine, but it's a little disgusting to swallow it raw like this," Xia Qing said with a frown.

"I'm afraid corpse fiend sect knows that we definitely won't eat it, so they deliberately took it out," GUI lü sneered.

All of a sudden, the three of them felt something in their hearts and hurriedly looked out of the hall.

A man walked in slowly. He was wearing a purple cloud silk robe with golden threads and a blue-green robe with butterflies. His face was a waxy yellow, which made him look a little strange.

When the three of them saw him, they immediately stood up and cupped their fists. "Lord concealed light!"

Corpse fiend sect's vice sect leader's eyes lit up, the corner of his mouth slightly raised, and he returned the greeting, "The three of you are too polite. It was this Lord who neglected you and made you three a little impatient."

GUI lǚ's expression changed slightly, and she became somewhat embarrassed.

Long Yuanwu hurriedly replied, "my Lord, what are you saying? I've only waited for a moment." It's just that the corpse Qi in this Hall is too heavy, making one feel a little impatient."

"So that's how it is. Then it's my fault for not considering it properly. This corpse Qi is all coming from gan Qi's body," Concealed light smiled.

"Gan Qi!"

The three of them were shocked, as if they had heard something terrible. Their hair stood on end, and cold sweat oozed out of their temples.

Flarite laughed: " don't be nervous, everyone. It's just a little aura.

it's just a little aura, but it has such a strong elemental effect. It's indeed the world's number one corpse! Xia Qing's face was a little pale.

Concealed light's face was filled with unconcealed pride as he laughed: "Of course. This is the immortal's body that has been evolving for tens of thousands of years! This is also the reason why Lord sect master is unable to meet you, so I can only receive the three of you. I hope you can forgive me."

Long Yuanwu said,"so Lord sect master is refining Qi and shield, no wonder." The three of us didn't come here for anything important, but we just captured three powerful enemies and would like to ask your sect to help us refine them into corpse puppets."

"Oh? This foreign enemy must be quite strong."

Flarite rolled his eyes and chuckled,"I heard that your sect master has been killed and even the heartlessness Bell has been lost." The gluttonous snake that hasn't moved for ten thousand years also left its territory and came to my motionless returning forest. What exactly happened?"

"Al!"

Long Yuanwu sighed. the sect has suffered such a great change. It's making everyone anxious. It's really hard to say!

Flarite laughed, " fine. Since elder long doesn't want to say it, then don't think too much. Just stay in the forest of unmoving ashes. May I know the strength of the cultivators you've brought?"

"Two of them are peak nine-stars martial sovereigns, and one of them is only a one-star martial sovereign," long Yuanwu said.

Flarite was shocked and lost his composure, " two peak nine-stars martial sovereigns?!

His reaction was within the expectations of the three, and they all sneered in their hearts.

GUI lü said in a deep voice,"exactly." We've paid a great price to capture these three, and we've suffered countless casualties."

Flarite's face was filled with a complicated expression, his eyes flashing as he said: "Do you know the identities of these three?"

"Two of them are from the sanctuary, and the other one is from the merchant Union," long Yuanwu said. They wanted to take the heartless Bell and enter the deep waters, so the sect leader was killed by them, and one of them even escaped!"

the Holy region, the merchant Union, the escaped bi an.

Flarite carefully considered the information, continuously analyzing it in his mind. He muttered to himself, "on the heavenly martial continent, only the two super Holy Lands and the seven great sects have the strength of a peak nine-star. I didn't expect there to be peak nine-star martial artists in the merchant Union. They're not simple."

Long Yuanwu said, "that's right. When these people attacked, I guessed that they must be powerhouses from these major forces. I just didn't expect that there would be a peak nine-star martial sovereign in the merchant Union."

"The world is so big that I can't count everything." It was normal for some sects to hide some of their strength. It's easy to refine that one-star Martial Emperor into a corpse puppet. I can get someone to refine it immediately. However, the two peak nine-stars martial sovereigns, Tao Wu, would consume a lot of energy to refine a corpse puppet, and they might not succeed. If we fail, all our previous efforts will be in vain, and all our resources will go down the drain."

The three of them sneered in their hearts. With so many excuses, wasn't he still trying to monopolize it?

Long Yuanwu held his breath and said, "why don't we give up one as the cost of refining?" Your sect can help us refine one."

To be able to add a peak nine-star corpse puppet, it was also a great help to the three sects that had just suffered heavy losses.

Concealed light knocked his forehead with his finger, feeling troubled: "I'll try my best, but I can't guarantee success. After all, refining such a high grade item is too risky. In my opinion, it would be

better for the three of you to sell these two cultivators to our sect. After all, our sect has a lot of resources, so we can afford to take this risk. As a reward, I'll help the three of you refine that one-star Martial Emperor and give you an eight-star Martial Emperor's corpse puppet. What do you think?"

...

The three's faces turned ugly, and their hearts were filled with anger.

A peak nine-star Martial Emperor would become an eight-star Martial Emperor. As for the one-star Martial Emperor corpse puppet, it was just a gift that was dispensable. This deal was too much.

Flarite saw the three's ugly expressions and laughed: "How about this? I'll make the decision again and change the eight-star Martial Emperor corpse puppet to a beginner nine-Star One. This condition is already the limit of our sect. If you can't agree, then forget it. "

He flicked his sleeves and crossed his hands behind his back, waiting for an answer with an indifferent expression.

The three people's expressions changed several times. They communicated with their eyes and all felt helpless. They knew that the other party had them in the bag, so they could only give in.

"I have to thank Lord Hong Guang for such preferential treatment."

Long Yuanwu suppressed the anger in his heart and said expressionlessly with cupped fists.

"Haha, you're welcome, you're welcome!"

Concealed light was overjoyed, his face blossoming with a smile as he said affectionately, "We're neighbors, so it's only right for us to help each other. 'Besides, we're all members of the heaven Alliance now, so there's no need to be polite with me.' Haha, quickly take me to see those two experts!"

In his heart, those two people were already corpse puppets, and he directly used the word “corpse” to describe them.

The four of them walked out of the hall and saw the gluttonous snake lying there motionlessly. Its head was curled up on its body as if it was sleeping.

...

However, if one looked carefully, one would find that the lines on the snake’s body were constantly flowing. Spatial power appeared and absorbed the corpses around it, preventing the corpse Qi from entering its body.

Flarite’s eyes shone as he praised, “If this giant snake is refined into a Gu, its power will be immeasurable.”

The three people’s expressions changed drastically, and they were filled with shock and anger.

“What is the meaning of this, my Lord?!” GUI lü said angrily.

“Haha, don’t be nervous,” flarite laughed. This gluttonous snake and my sect’s unmovable forest of returning are both ancient species, so there’s nothing wrong with refining it into a Gu. Look at this unmovable forest of returning, isn’t it very good? It’s even easier to control.”

“Forget it,” long Yuanwu said in a deep voice. This snake is the foundation of our three sects, so it’s best if everyone doesn’t have any ideas about it, otherwise ...”

“Haha, that won’t happen. Look at how nervous you are!” Concealed light’s eyes flashed as he chuckled.

“It’s good that you don’t know,” said GUI lü coldly.

The four of them walked in front of the gluttonous snake. Long Yuanwu cast an incantation seal onto the snake’s body, causing it to instantly raise its head to look.

Then, the space around the snake's body blurred, and the four of them were instantly teleported in.

In a flash of green light, Yunxiao appeared in front of the snake. After pondering for a moment, he shuttled forward.

The space suddenly froze and became solid, freezing Yunxiao's body in the air. Half of his body had already reached inside, leaving the other half outside.

The snake raised its head and stared vigilantly at Yunxiao with a vicious look in its eyes, as if it had recognized the man in front of it.

"Aiya, you animal, are you looking for death?"

Yunxiao's mind raced. If he killed the snake, it would definitely attract the people of corpse fiend sect.

Thus, his hands turned golden as he forcefully tore open the space and headed inside.

"Hiss hiss hiss!"

The snake was extremely dissatisfied. It flicked its tongue and opened its mouth to bite.

"Bang!"

A divine flame suddenly rose from Yunxiao's hand, which transformed into a Heavenly Phoenix and flew in his palm. The powerful aura caused the snake's body to tremble, and it immediately stiffened.

He sneered and rushed into the space.

Suddenly, a surge of corpse Qi rushed in from behind him, covering the sky and the earth, trying to swallow him.

Yunxiao turned around and gave him a palm strike.

“BOOM!”

The two forces shook, and the vast corpse Qi was scattered. The man let out a scream as the bones in his hand shattered.

It was the man who had appeared in the enchantment barrier before, and he was looking at Yunxiao with a horrified expression.

Chapter 1698-saving people

“Who are you?” The man felt his arms go numb and almost all the bones in his hands were broken. He was in great pain.

Just as he was about to summon the corpse puppet, the flowing space collapsed in an instant, and a storm swept over.

The two of them were sucked into it and fell in.

The snake’s entire body shuddered, and only then did it recover from its startled state. It hissed a few times in a low voice, then continued to sleep with its head lowered and eyes closed.

Yunxiao fell into the space, which was inside the snake.

Everything in front of him was the same as before, but the heartless sect in the center was almost destroyed.

“Who is it?”

His and the man's fall immediately caused a shock, and a large group of martial artists surrounded them.

With a sweep of his divine sense, Yunxiao immediately sensed the location of water fairy and the other three, and he hurriedly teleported there.

"Take him down, he's an enemy!" The man who had fallen with him shouted. He immediately released four corpse puppets and looked at Flarite in the distance. He shouted, "Sir Flarite, there's an enemy!"

In the center of the snake's body, a ring of iron chains was suspended in the air like a cobweb. Four metal prisons hung below it, covered with all kinds of runes.

The iron chain pierced through and turned into a huge array, constantly extracting the strength of the four people, causing them to be completely exhausted and only have the strength to breathe.

There were powerful martial artists standing guard in the surroundings, all of them with fierce gazes, wishing they could rush up and cut the flesh of the four people.

Suddenly, a figure flew up and hung in front of the metal cage on the right. He called out softly, "Beauty, beauty, can you hear me?"

The water deity fell asleep in the cage. She opened her eyes in a daze and wiped the saliva from her mouth. "Who are you?"

"I am Xia Jiong, the young sect master of the phaseless sect. I am the one who saved the beauty from the brink of death," the man said with a chuckle.

"Save? you saved me?" The water deity was overjoyed. She stood up excitedly, but found that her body had no strength at all. She swayed and fell back down again, "Why don't I have any strength at all?"

Xia Jiong looked at her body that was as soft as Jade and weak all over. He reacted immediately and felt his throat dry and thirsty. He swallowed his saliva abruptly and said, "Yes, I saved you. Otherwise, you'll have to wait to become a zombie like them."

Water deity was stunned, "corpse puppet?" What was a corpse puppet? There's something strange about this cage and chains. It's like they're draining my strength. Get me out first."

"Not now, unless you agree to marry me," Xia Jiong coughed.

"What? I'll marry you!" The water deity jumped up, suddenly full of strength.

"That's right," Xia Jiong said. This way, you will be the young sect master's wife of the phaseless sect. After we dominate the continent, you will be the sect master's wife whose name will be known throughout the world. Your status will be incomparably noble."

"You, you Toad, you scoundrel, how dare you have designs on me, you, you'll die a terrible death!"

Water deity was so angry that she was on the verge of tears. She wanted to kill him but she did not have the strength to do so.

"Haha, well said! He's just a Toad, he actually dared to have ideas about young miss!"

A voice came from the side. Xia Qiong walked out slowly, his cold eyes staring at Xia Jiong. brother Cheng is not here, yet you want to touch my woman. You're really my good little brother!

Xia Qiong, you bastard! How dare you snatch my love away from me! I'll kill you today!

Xia Jiong's face contorted in anger as he roared and swung his sword.

"Hmph, if I'm an animal, then what are you!" A murderous look flashed in Xia Qiong's eyes as he stepped forward and drew his knife to meet the attack.

Both of them knew that if they wanted to get this beauty, one of them had to lie down.

Moreover, this battle was not only related to the fight for beauty, but also related to the battle for inheritance in the future. Therefore, they were all merciless and each move was fatal.

The people below frowned as they watched, but first of all, it had nothing to do with them, and second of all, the two young masters were of noble status, so it was not convenient for them to interfere, and they were just happy to see it.

Yuan gaohan took a few glances and said, "Xia Jiong, your cultivation level is not as good as your brother's. Don't fight him head-on. I can see that your footwork is not bad. You have to make use of your strong points to make up for your weak points and win by trickery.

Xia Jiong was being forced into a corner, and he immediately understood what was going on when he heard that. He was overjoyed as he unleashed his movement technique with all his might. He transformed into countless afterimages and started to fight, instantly turning the tables.

"This damned outsider! I'll kill you in a moment!" Xia Qiong shouted in shock and anger.

Yuan gaohan laughed and said, "didn't you want to refine us into corpse puppets?" If you kill me, how are you going to explain it to your father and the others?"

Xia Qiong was flustered, but this was not the time to bicker. After Xia Jiong changed his strategy, he was at a slight disadvantage.

my Lord, " Chen Yuyu said, puzzled. they're fighting each other. Why are you giving them advice? "

it's boring lying here anyway, " Yuan gaohan said. wouldn't it be more interesting to let them fight more fiercely? "

"That's right, Your Excellency, you're wise," Chen Yuyu said in realization.

Suddenly, a golden light appeared, and Xia Qing appeared in the field. He slapped his two palms in anger, and with two bangs, his two sons were sent flying.

Two lines of blood sprayed down from the sky. It could be seen that he attacked extremely ruthlessly, completely not showing any mercy. It was seriously too embarrassing!

“I’ve embarrassed myself in front of everyone!”

Xia Qing’s face was livid, and he turned around with shame.

At this moment, the crowd realized that long Yuanwu and the others had returned. They all stood up and saluted.

haha, young people are hot-blooded, it’s normal to argue over women.

Flarite stroked his beard and laughed. His gaze swept across the four cages and finally landed on water deity. His eyes narrowed and he praised, tsk tsk, you’re indeed a stunning beauty. No wonder you’re tempted.

Xia Qing was even more embarrassed and said shyly, “Those two bastards should be struck to death!”

“Well, they’re young people, after all. Find a few more girls to let them have some fun, and they won’t be so hot-blooded anymore.” Concealed light laughed.

“You’re right, Sir,” Xia Qing said with a low voice.

“These two experts are indeed not bad,” flarite squinted his eyes and said in delight. His gaze sized up Chen Yunyu and su lianyi, causing the two of them to shiver.

“I’m weak and don’t have much use for it, so I don’t need to refine it, right?” Yuan gaohan hurriedly said.

Flarite glanced at him and said, “ a one-star martial sovereign is indeed a bit of a scumbag. However, he’s still a martial sovereign who has mastered the rules of the nine Heavens realm. He can be used as a medicinal primer.

...

Yuan gaohan,"hehe."

Suddenly, there was a commotion in the distance. The man arrived with four corpse puppets.

"Diao Wu, why are you here?" concealed light frowned.

The man pointed forward in fear and said, "My Lord, this person trespassed on our unmovable returning Forest Island!"

Flarite and the others all trembled and looked over in shock. Only then did they discover that a young man had unknowingly appeared on top of Yuan gaohan's iron cage.

A large number of disciples from the three sects also swarmed over, forming a dense crowd of several hundred people.

"Big brother Yunxiao!"

Water deity cried out in joy. After jumping twice, she lost all her strength and fell into the cage. She was so aggrieved that tears welled up in her eyes.

"Well, don't jump if you don't have the strength."

Looking at her clumsy appearance, Yunxiao felt both amused and distressed. He breathed a sigh of relief in his heart. As long as the four of them were fine, everything was fine.

"You're finally here," Yuan gaohan said.

...

“Oh?” Yunxiao asked. You look very scared. You’ve lived for so long, yet you’re still so afraid of death?”

“I’m not worried at all,” replied Yuan gaohan with a smile. With the water fairy princess here, you will definitely come to save him. If there were only the three of us, we would really be scared.”

Yunxiao chuckled. at least you know your own limits. I am indeed here to save water fairy. You can stay here for a few more days.

Chen Yunyu and su lianyi were both speechless.

The water deity was touched beyond words, sipping lightly, ” wuwuwu, big brother Yunxiao came back to take risks for me.

Yunxiao, ‘hehe’.

“Who are you?” Long Yuanwu’s expression darkened, and killing intent shot out from his eyes.

of course, ” Yunxiao said. I’m their accomplice. I’m helping you to chase the murderer, but you captured my companion. You’re returning kindness with ingratitude.”

“Hmph, chasing after the murderer, do you think we’ll believe such a childish excuse? It seems that you are the one who escaped that day!” GUI lü sneered.

Yunxiao spread his hands helplessly and said, ” “It’s no longer important whether you believe me or not. I’ve already done what I wanted to do. I’m going to take the four of them away now, so please give me some face.”

“Hahaha! What a joke! I’ve never heard such a joke!”

GUI lü laughed wildly and said savagely, "then I'll give you face and let you also be refined into a corpse puppet." Lord concealed light, do you think this brat is suitable to be a corpse puppet?"

Flarite, who had been sizing Yunxiao up, was shocked when he found that he could not tell his cultivation base. He sneered and said, "that will depend on his strength. If he's about the same level as that one-star Martial Emperor, he can only be treated as medicinal dregs.

Sir, you can't underestimate this kid," Diao Wu hurriedly said. I just exchanged a move with him, and my hands were almost crippled!

Flarite looked at his arm and coldly said, "Who's going to take this person down?"

Long Yuanwu said, "of course, it'll be the people from our three sects. Since he dares to come back to save people, he must have some ability. Everyone, don't be careless.

GUI lü said coldly, "no matter how capable you are, can you escape from this inescapable net? Go!"

As soon as he gave the order, hundreds of martial artists around him rushed forward, and their killing cries shook the sky.

Yunxiao was rendered speechless. "You're sending your minions to their deaths? So many minions, should we kill them or not?" He was put in a difficult position.

"Your ocular Arts are unparalleled in the world, so why are you still worried about this?" Yuan gaohan said.

Oh?" Yunxiao nodded and said, "how could I forget?" I've learned a lot, so I can't remember."

His eyes instantly turned blood red, and his entire face became demonic.

Wherever he looked, the martial artists' bodies froze and they began to become sluggish, their faces full of confusion.

shut your eyes! GUI lü was shocked and shouted, " don't look into his eyes!

However, it was useless. Even if he closed his eyes, he could not escape the large area illusion of the moon pupil. Because you don't need to look at him. As long as he looks at you, you're done for.

"?!"

Long Yuanwu and the others turned pale with fright. They immediately understood that they had encountered an expert. Even they were somewhat unsettled, and their eyes became dazed.

Chapter 1699-take action

"Calm down!" Concealed light suddenly shouted.

He bit his lips and spat out a bit of heart blood, making his eyes clear.

The other three also bit the tip of their tongues, and a little pain instantly attacked their minds, driving away the trance.

this person is not simple! long Yuanwu shouted. attack together!

The three experts immediately flew up and struck at Yunxiao with their palms at the same time.

Suddenly, a violent storm rolled up between heaven and earth like rolling waves and instantly reached Yunxiao.

The three of them joined forces and their might was monstrous. Yunxiao did not want to take the attack head-on, so he stepped back quickly.

"You want to leave? In your dreams!"

die! Long Yuanwu shouted and rushed forward. At the same time, he struck out with his left palm and formed a seal in front of his body.

The other two men followed closely behind, attacking from both sides and blocking Yunxiao's retreat.

The violent aura almost transformed into a Dragon as it surged around him, causing Yunxiao's qi and blood to surge wildly.

He immediately stood up with his sword in hand. The cold sword of frost instantly split into three sword shadows, which were actually different sword forces and sword wills, and stabbed out separately.

Some were as powerful as the waves, some were as heavy as the mountains, and some were as sharp as Thunder.

With one sword, three kinds of sword intent streaked across the sky, each with a different meaning.

"What?"

Long Yuanwu and the other two were greatly shocked. Although the sword energy was not enough to defeat them, it was gorgeous and colorful. It had a kind of endless beauty that made people gasp in amazement.

Concealed light and Diao Wu were both dumbfounded.

don't panic. No matter how many changes there are, they're just gaudy! Xia Qing shouted, his eyes ferocious. He put one hand in front of him and pinched his fingers, pointing at the air.

The other hand clenched into a fist and struck out. The two forces merged and made a whistling sound as they condensed into a strong wind and slashed out.

"Bang!"

When the astral Wind Slash collided with the sword radiance, a powerful spiritual pressure burst forth, tearing the surrounding space apart.

The layers of sword light were like a thousand mountains, and they were endless. This was the thousand autumn peak that he had comprehended from the you.

Xia Qing's expression changed drastically, and the horror in his heart surged like a violent wave.

Just one of the three moves of the sword was able to compete with his sacred art and not be at a disadvantage. If it was a one-on-one fight, he would probably be defeated on the spot.

Although he was shocked, he did not panic, because Long Yuan Wu and GUI Lu also attacked at the same time. With the three of them working together, even divine transcendence would not dare to underestimate their opponent.

"Sword World!"

break! Yunxiao said softly. The ice on his cold sword rose up, and a pure and vast sword force rippled out. A green sword barrier spread out, covering the area within a radius of several miles.

The auras of the three sword essences suddenly increased and swept across the world like a flood.

"Bang!"

Xia Qing's astral Wind Slash suddenly collapsed, and the qianqiu peak moved like a hundred thousand mountains, crushing everything!

Long Yuanwu and GUI Lu were similarly impacted. Their minds were greatly shaken, and their entire bodies were swallowed by the world of swords.

The three of them no longer had the heart to hurt the enemy. Instead, they gathered their power and turned it into a defense to avoid being injured by this vast sword force.

“Bang! Bang! Bang!”

After struggling to hold on, it was difficult for them to fight again. The three of them consciously retreated and followed the sword force to get themselves out of the barrier, minimizing their own injuries.

However, they still felt their blood surge and their mouths were filled with a bitter taste. They forced themselves to swallow.

Yunxiao had knocked back three people with one sword strike, which shocked everyone.

The martial artists who had been restrained by the eye technique were also jolted awake by the vast sea of Swords. They all looked on in horror.

He put away his sword and stood up. He stepped on an iron cage again and said, “I’m going to take the four of them away now, please give me some face.”

This time, there was no mockery, not even a sound. The entire place was dead silent.

The faces of long Yuanwu and the other two were paler than paper.

“Impossible, it doesn’t make sense.”

Flarite suddenly said, “this kid’s strength has always been at the mid-stage nine-star martial sovereign level. In terms of cultivation, he’s no match for the three masters even if he were to fight them one-on-one. How could he have forced three of them to retreat with a single sword strike?” I’m afraid even divine transcendence can’t do it!”

The three people's expressions were all unsightly, feeling greatly embarrassed. GUI lü even said with resentment, "Is Lord concealed light mocking us? If your Excellency has any doubts about this brat's strength, you can personally test him!"

Flarite frowned, "I didn't mean to mock the three of you, I'm just ridiculing you."

Long Yuanwu interrupted him and said loudly, "boy, we've already given the two peak nine-star martial sovereigns to the unmovable forest-returning corpse fiend sect. We don't have the right to dispose of them. As for this one-star Martial Emperor and this little girl, you can take them with you if you want."

Flarite's expression changed. Long Yuanwu was trying to direct the spearhead at him, and he could not help but be furious.

Long Yuanwu sighed softly, "Lord concealed light, you saw it just now." It's not that we don't want to protect these two experts, but we're simply powerless. If Daren also doesn't want this corpse puppet, I will reject it on Daren's behalf and let him take it away."

Flarite was also put in a difficult position. If they fought, they most likely wouldn't be this child's match, but if they didn't fight, they would lose two peak nine-star corpse puppets, which would be a great loss even for the corpse fiend sect.

However, they didn't touch the returning forest, so they naturally wouldn't give up their base easily.

"Sir long Yuanwu is right. Two of these powerhouses already belong to my corpse fiend sect. Friend, I hope you can give me some face and take the other two. In this way, we are friends and not enemies, and we welcome you to come to the immovable returning forest as guests."

"Don't come often as a guest, this young master doesn't want to come to this damn place in this life. This young master is also not interested in becoming friends with corpse fiend sect. After today's farewell, we shall not meet again."

Yunxiao's merciless refusal sent chills down everyone's spine.

In their hidden aristocratic families, the corpse fiend sect was an existence like the Big Dipper Mount Tai. Who would dare to not give face? This brat was simply courting death by slapping his face every minute!

...

Long Yuanwu and the other two were overjoyed and could not help but exchange glances smugly.

As long as Flarite was enraged and Corpse Fiend Sect attacked, this brat would die without a doubt.

Sure enough, concealed light's face turned green, and he coldly said, you're too arrogant. Do you think you can do whatever you want in the unmovable forest just because you can do whatever you want on the heavenly martial continent? Even if the experts from your two Holy Lands were to come to this Island, they would still have to kneel down!"

Yunxiao pointed at Yuan gaohan in the cage and gave him a thumbs up. there, this is the expert from the sanctuary. As expected, he's lying on the ground. Impressive!

"You ruffian!" Yuan gaohan was furious and scolded,"you still don't forget to tease and humiliate me at this time!"

a gentleman has no worries and no fear," Yunxiao said. brother Gao Han, are you afraid that people will know your identity? "

Yuan gaohan was speechless for a moment and snorted heavily. He simply slipped into the cage and closed his eyes, so as not to see him get angry.

"I can see that friend's background isn't small, and your relationship with the person in the cage doesn't seem to be good. Why do you have to be so impulsive and cause such a big disaster?"

I can also see that you have a high status, my friend," Yunxiao sneered. why would you lose your life because of a little impulse? "

Concealed light had been holding in his anger for a long time, but at this moment, he finally couldn't take it anymore. He angrily rebuked, "Since you're courting death, I can only refine you into a corpse puppet to be worthy of your repeated death-seeking!"

Diao Wu, pass on my order to mobilize 18 corpse puppets to surround the gluttonous snake. The rest of you, follow me. Anyone who retreats will be treated as a traitor!

...

"Yes!"

Diao Wu was greatly shocked. Those 18 corpse puppets were the most elite combat force of corpse fiend sect, and almost all of them had never been deployed.

However, he also knew that this was a serious matter, so he hurriedly turned around and left the spatial zone.

The people from the three sects looked at each other in shock. Hong Guang was clearly using them as cannon fodder.

Long Yuanwu said in a deep voice, "Lord, you've seen this boy's strength just now." The strength of our three sects is too low, I'm afraid it's very difficult for us to be of any use. If we go up, we'll just be courting death."

Flarite said coldly, "it should at least consume some of his energy." In the face of a great enemy, how could he worry about his own life and death? My Lords, since you've brought the snake to the unmoving returning forest, I'm afraid you're here to join my corpse fiend sect? Now is the time for you to show your loyalty! Otherwise, Hmph!"

He snorted coldly, causing the hearts of all the people from the three sects to sink.

Long Yuanwu and the other two had indeed brought a team here with the intention of joining them.

He had not said anything because he wanted to negotiate a good deal and join them with preferential conditions. If he was really dissatisfied, he could still lead the team and leave.

But now, they had fallen into a situation where they had to immediately choose a side. If they didn't listen to Flarite's command, not only would their plan to join the sect turn into bubbles, they would also offend corpse fiend sect, making it difficult for them to even leave the forest of motionless.

"My Lords, don't be indecisive. The opportunity will pass by in a flash!" Flarite said coldly.

Long Yuanwu gritted his teeth, his eyes filled with determination as he shouted, "Kill, kill, kill! We'll tear this brat into a thousand pieces and take revenge for Lord sect leader!"

Xia Qing and GUI Lu also trembled, and they immediately made up their minds. They both shouted, "kill! Kill them all! We will never retreat!"

Flarite then revealed a cold smile, saying: the three of you, come with me. If we work together, even divine transcendence will be defeated. I don't believe this kid can turn the world upside down!

Immediately, the four of them also rushed forward. The three of them were even more afraid that the casualties of their sect's disciples would be too heavy, so they gritted their teeth and charged ahead.

the first time, I showed mercy because I was afraid of killing too many people. The second time, if I don't repent, I'll be guilty of dying!

Yunxiao's eyes turned cold, and a surging killing intent burst out of his body, turning into Thunderbolts that spread out in all directions.

The entire internal space of the gluttonous snake was enveloped by the green lightning. In order to end the battle as soon as possible and avoid falling into the quagmire of the corpse fiend sect, he also released the DarkThunder and the evil spirit.

Under the power of the Thunder World, DarkThunder was like a fish in water. Its body continued to absorb the Thunder around it, and its body grew more than ten times larger. It spat out golden lightning from its mouth, killing a large number of people with each strike, as if it was sweeping away flies.

The evil spirit was even more excited. It picked up its axe and swung it at concealed light and the others. He was fighting with all his might, not afraid of death. This was because his ugly monster body had the undying power of disintegration, which was the most suitable for a Berserker like him who didn't care about his life.

what's going on with this Tao Wu and these two demonic beasts?!

Long Yuanwu was shocked and said in horror, " could it be that Yingluo is also a Beast Tamer?!

Chapter 1700-Jing Qi

"Scold your grandmother! How dare you call me a beast? I'll kill your entire family!"

The evil spirit's eyes almost popped out of their sockets as it roared and chased after the monster.

Flarite's body trembled as a chill spread from the bottom of his heart. He knew that he was in big trouble and shouted, " don't be afraid, don't be intimidated by his might. We'll definitely win with our numbers!

After shouting, he suddenly gathered his true Qi and actually flew up into the air to escape.

"Shameless enough!"

With a teleportation, Yunxiao appeared in front of Hong Guang with only a crackling Thunderbolt and slashed down with his sword.

"Thousand autumn peak!"

The endless mountain range was stacked with green, and the will of a hundred thousand mountains flowed over, as if an endless mountain range had been moved over and pressed down.

Flarite was greatly shocked, his hands quickly forming a seal, and two corpse puppets immediately appeared beside him, emitting a nauseating corpse Qi to meet the attack.

“Bang!”

The two corpse puppets took the sword attack head-on and were both sent flying a hundred meters. Deep sword marks appeared on their bodies, and their chests were completely split open, but no blood flowed out.

Flarite was shocked. friend, let's talk this out. I don't want the bodies of those four experts. You can take them all. Just treat it as making friends!

“It's too late for a ghost to be friends with you!”

Yunxiao's killing intent rose. With a flash between his eyebrows, a fireball rolled out.

It was filled with dense black particles that transformed into crocodiles in the air. It stood up on both feet and roared as it charged towards the two corpse puppets.

The crocodile's entire body was covered in level ten divine flames, and it was the most nemesis to this kind of fiendish Yin creature.

With the immemorial astral wind, the wind started to burn, and its power instantly increased by several times. Just the aura that burst out from its body turned the sky into a sea of fire.

As soon as the two corpse puppets charged forward, they were spurted by the flames, and their bodies were set on fire. They howled in the air, and their violent aura turned into thick white smoke.

Concealed light was truly afraid now.

If he had run away in the beginning, it was only because he didn't want to fight this young man head-on and avoid getting injured.

As long as he left the snake's dimension, he could summon the experts of the corpse fiend sect and stomp him to the ground in minutes, refining him into a corpse puppet.

But at this moment, he realized that it was as difficult as ascending to the heavens for him to leave.

On the other hand, the other party's trump cards seemed to be endless. It was as if he was at ease at any time, completely suppressing him.

the eternal Starlight that has never been extinguished since the ancient times.

Yunxiao came with the sword, and a vast sword intent filled the entire space, as if the shadow was the only thing left in the world.

Everyone stopped fighting and looked at the lone figure in horror.

"?!"

Flarite sucked in a breath of cold air, a boundless chill spreading from the bottom of his heart. He had never been so close to the danger of death.

"No, don't!"

He shouted with all his might, " spare my life! I beg you, spare my life! There was a sobbing tone in his voice.

The morale of the people from the three sects immediately collapsed. Their fighting spirit instantly vanished like smoke, and they immediately became scattered sand.

The hearts of long Yuanwu and the other two sank to the bottom.

Yunxiao's face was as calm as water, and his eyes were calm. In his perception, there was nothing but endless sword will.

“Star sword slash!”

Boundless sword marks appeared on the ice and frost of the cold sword, rippling in the air, and then slashed down.

Everyone was stunned as they looked at the sword's beauty. It was like the laws of heaven and earth and the great Dao was simple.

Flarite cried and begged for mercy, but his hands didn't stop. He kept forming hand seals, using all his life's knowledge to condense a huge blue palm print, which he suddenly slapped forward.

“BOOM!”

The sword light was like water without a trace, like moonlight spilling down.

The blue palm print suddenly split apart in the air. Flarite's eyes widened, and his pupils instantly shrank to the size of a green bean. He didn't have time to call for help as he watched his body split into two.

“BOOM!”

On the unmoving Guilin Island, the snake was rolling in the air in pain. Suddenly, its stomach exploded, and a sharp sword intent rushed out, shooting into the boundless sea.

“Bang!”

The snake's body immediately broke into two pieces. It opened its mouth and stuck out its tongue, hissing in pain.

However, as soon as the space exploded, it immediately turned into a vortex that shot into the nine Heavens.

The two halves of the snake's body were torn apart by the space vortex until they were completely devoured.

“BOOM!”

The barrier above the forest of unmovable nagerius was directly blown apart by the storm, and the entire Island trembled.

The huge turtle beast floated quietly on the surface of the sea. When it felt the impact, it slowly opened its two huge eyes. His eyes were emerald green, and they were a dead gray.

Inside the stone coffin Palace, there was a secret room.

A man was sitting cross-legged on a Jade coffin. The room was filled with Green Death Qi, and green flames would spew out from time to time, which would drift a few times and burn away.

Suddenly, the entire secret room trembled.

The man suddenly opened his eyes, and a sharp gaze shot out, as if it was going to penetrate the secret room and look at the outside world.

...

His body moved and he disappeared. The Jade coffin that was emitting a terrifying ghostly light also disappeared with him.

The snake exploded, causing the space to collapse and explode. A large number of martial artists from the three sects were crushed into pieces.

The rest of them, along with Yunxiao, were sent flying into the clouds by the shocking force.

Under the surge of this power, a black hole was torn open in the sky. It continued to spread and sucked in many broken corpses of martial artists.

big brother Yunxiao, save me!

The water deity's cry could be heard in the storm, and the four metal cages were also being sucked in.

With a few dodges, Yunxiao hacked open the cage and rescued all four of them. He breathed a sigh of relief after he sucked them directly into the divine realm tablet.

The power of space continued to surge upwards. Not only the people from the three sects, but even the things on the motionless Guilin Island were also pulled up by the suction force and poured into the black hole.

Although long Yuanwu and the other two were not dead, they were injured by the explosion. They were supporting their bodies to stay still so that they would not be sucked into the black hole.

Yunxiao looked at the three and said, "I'll say it again. I'm not the murderer of your sect master, but I'm not afraid that you will come for revenge. Goodbye.

Long Yuanwu's heart trembled. He knew that at this moment, the other party would not lie to him. He shouted, "Who is the murderer?"

...

"Mu Jie from the MU family," Yunxiao said after a moment of silence.

“What?”

The three of them were all shocked. Their faces were full of anger and they gritted their teeth in hatred.

li Yunxiao, how dare you betray me!

An angry groan suddenly came from the sky. It was mu Jie’s voice, but she was nowhere to be seen.

“Mu Jie, the heartless sect has no enmity with the MU family. Why must you kill us?” long Yuanwu was shocked and furious.

Mu Jie sneered and said, “simple, because you don’t know what’s good for you!” Since I’ve been exposed, I’ll kill the three of you as well to avoid any future trouble!”

A cold figure slowly emerged from the storm. It was mu Jie, and she walked toward the three of them with a cold face.

Soon after, mu Yurong and the other three also appeared one by one and spread out in the surroundings, afraid that the three of them would escape.

The three of them immediately recognized the five of them, and their faces turned ashen.

“Are the three of you going to end your own lives and leave your corpses intact, or do you want us to make a move and die without a burial place?” mu Jie sneered.

Suddenly, a cold voice rang out. It seemed to come from the nine Serenities, and it made one’s heart turn cold.

I was wondering who dared to cause trouble in the immovable forest. So it’s the people of the MU clan. They’re really gutsy to dare to bully this Lord.

Mu Jie and the other four trembled as they exclaimed, "Jing Qi!"

"You ... How did you get out?" mu Yurong was horrified. Aren't you refining the giant axe? It's impossible to interrupt it out of thin air!"

Yunxiao's curiosity was piqued. He wanted to see the master of corpse fiend sect, the Super expert who had awed the overseas reclusive families.

Suddenly, a figure appeared in the storm. His face was as white as snow and he was very young. He was dressed in a long black robe, looking calm and majestic.

"You don't need to know."

Jing Qi raised his hand and slapped mu Yurong.

"We can't fight them head-on! Run!" Mu Jie shouted in shock.

Then, he turned into a stream of light and headed in the direction of the storm instead of the sea. He wanted to escape into the black hole in the sky.

At this moment, a huge sea beast suddenly jumped down from the clouds. With a "Hua la" sound, its feet stepped on the sea, and it slapped the black hole with its palm.

"BOOM!"

The black hole was smashed apart by its palm, and in an instant, it flew towards the center and disappeared without a trace.

The entire sky instantly regained its clarity.

The faces of the MU family members instantly turned pale.

Mu Yurong was still under the cover of Jing Qi's palm. He didn't want to fight with force, but there was no way to escape. He could only brace himself and meet the attack with his palm.

"Bang!"

His body trembled, and his qi and blood churned violently. He vomited a mouthful of heart blood and was sent flying hundreds of meters away. A strange feeling welled up in his heart. It seemed that this person was not as powerful as the rumors said.

Yunxiao's pupils constricted as if he had seen through something, and his expression turned serious.

The moment Jing Qi appeared, he knew that this person was extraordinary, but he didn't pay much attention to him. After all, he had met many divine transcendence enemies, and only the palm attack just now caught his attention.

At this moment, in addition to the giant sea beast that destroyed the black hole with one palm, hundreds of people appeared in an instant. They were all experts from the corpse fiend sect.

18 powerful corpse puppets were in the innermost area, but all the space was sealed, not even a mosquito could enter or leave.

"Sect master!"

Diao Wu suddenly flew up and greeted, "It's like this, Yingluo."

He briefly explained what had happened.

After Jing Qi had defeated mu Yurong with one palm, he had been standing with his hands behind his back, his face expressionless.

After hearing Diao Wu's words, he said, "Where's concealed light?"

master! Long Yuanwu hurriedly stepped forward. Master Jing Qi, Master Hong Guang was cut in half by this kid. Not even his bones are left.

Although it was clear that Yunxiao was not the murderer, Snake had been killed by Yunxiao with a single sword strike, causing them to lose their eternal residence. The hatred they felt for him was greater than killing the sect master of the heartless sect.

“Lord Jing Qi, everything is clear now.” Mu Jie cupped her fists and said with a solemn expression. Everything was done by Yunxiao, and it has nothing to do with the five of us. Please let us go, so as not to hurt our Alliance.”

Jing Qi waved his hand lazily and said, “Kill them all. Don’t destroy the corpse, keep it for corpse refining.”

A murderous aura suddenly condensed in the sky. The people of the MU family and Yunxiao felt a rolling corpse aura, which made them feel both terrified and disgusted.
