

The Eternal 1701

Chapter 1701-Misha Mystic feather

“Lord, corpse fiend sect and Mu family are both important members of the heaven Alliance. How can they kill each other?” mu Jie was shocked and hurriedly said.

“Don’t worry,” Jing Qi said. If I kill you and then refine you into corpse puppets, although your strength will drop, you already have an undying body. One side loses while the other side gains, and you’ll become even more powerful. In this way, the overall strength of the heaven Alliance has not changed.”

Mu Yu,”Zhenzhen.”

Suddenly, mu Yurong shouted in fear, ” “Poison, poison, this is poison!”

At some point, his body had already begun to turn green-black, and livor mortis had appeared on his skin.

“?! Could it be that the legends are true?”

Mu Jie was shocked. Her eyes were filled with fear, and she couldn’t help but retreat.

“Legend? What legend?” Mu Yurong was so anxious that he turned around.

“Stop!”

Mu Jie shouted and extended her palm to signal him to stop. She said in fear,”The poison in your body is contagious. Don’t come over!”

Mu Yurong was startled and immediately stopped. He anxiously said, ” “Elder Tong, quickly tell us how to remove this poison.”

The dark green and livor mortis on his body increased, and hair was growing in some places. It was extremely terrifying.

Mu Wenchang frowned and said, "isn't it just corpse poison?" The poison of the corpse poison shouldn't be able to harm us."

"Black sand Xuan feather."

this corpse poison is refined from meteorite sand and Mystic feathers," Yunxiao suddenly said. it's a poison.

"Black sand Xuan feather?"

Mu Wenchang was stunned for a moment, his face full of doubt, obviously not understanding.

However, mu Yurong's expression changed drastically, and he turned ashen.

Mu Jie sighed and said, "sigh, you understand now." &Nbsp;

Mu Yurong almost cried as he muttered to himself, " how is this possible? the five major poisons of extinction are only a legend. How can there really be a Suan ni in this world? "

"What? Great extermination of the five poisons!"

Mu Wenchang's face twitched violently, and he also revealed a look of horror and disbelief.

Mu Jie sighed, "even a godly state expert would die if he were to be poisoned by this poison." It was said that the ancestors of corpse fiend sect obtained this poison and refined it into the body of the divine fiend corpse puppet. No one had seen it for so many years, so it was unexpected that it was true. I didn't expect that Lord Jing Qi had also mastered this poison."

“As a member of the MU family, it’s not strange for you to know about this after hearing all kinds of rumors,” Jing Qi said. He pointed at Yunxiao and said, ‘I’m quite surprised that you recognized it at first glance. Who are you, and how do you know him?’”

‘I’m just a small fry,’ Yunxiao said with a wry smile. would you let me go if I told you? ”

“Of course not,” Jing Qi said.

“Then why should I say it?” Yunxiao asked.

Jing Qi frowned. What she said was true, but no one had ever talked back to him like this, so he didn’t know how to answer her.

“If you answer, you can die happily. If you don’t answer, you’ll die in pain,” Diao Wu said coldly.

what kind of stupid words are you saying? ” Yunxiao sneered. what kind of stupid words are you saying?
” If you want to die of happiness, I can just self-destruct my dantian and take you to heaven with me. Is there a need to waste so much time?”

Diao Wu was startled. He quickly retreated and hid behind Jing Qi.

Yunxiao’s words reminded mu Yurong of something. His eyes darkened and shone with determination.

“I’m going to die anyway, so I’ll fight you to the death!”

Mu Yurong was determined and immediately triggered the Qi in his dantian. It surged wildly in his body and formed a Yuan Qi vortex around him. It was extremely violent.

Moreover, the poison of the black sand Xuan feather had also circulated throughout his body along with the Qi in his dantian and began to spread out. There were green spots in the vortex. If it exploded, everyone present would be poisoned.

Mu Jie was also shocked and said, "Yurong, you can't do that. You have the poisonous miasma in your body."

it doesn't matter," Yunxiao said. the corpse poison in his body has been passed on many times, and its power has been greatly reduced. If this poison was initially on the corpse puppet, then Jing Qi was a secondary poison, far from the power of the true black sand Mystic feather. This is the third time it happened to mu Yurong. It can't hurt you or me at all."

"I'm relieved then," mu Jie heaved a sigh of relief.

Yunxiao's heart sank. 'Aren't the people of the MU family too cold? He only cared about his own life and death, not considering the feelings of others.

However, not only mu Jie, mu Yitong and the others also had the same appearance.

Jing Qi looked at Yunxiao, as if he had caught his attention. "You seem to have some understanding of the black sand Xuan feather."

"Hehe," Yunxiao said coldly.

"The two words 'hehe' are so hurtful," Jing Qi said.

I can only say that you're too full of yourself for hurting people," Yunxiao said. "

Jing Qi raised his hand and pointed at Yunxiao.

Naturally, Yunxiao was not afraid. He looked back at him with the same cold and unyielding gaze.

Mu Yurong angrily said, "damn it! How dare you ignore me!" Jing Qi, come to hell with me!"

He appeared in front of Jing Qi in a flash and opened his dantian.

Everyone was shocked and hurriedly retreated.

Jing Qi's hand suddenly turned, and his two fingers formed a seal. A circle of white light spread out from his palm and was printed on mu Yurong's dantian.

The violent aura was suddenly suppressed.

"What? Haha, you want to force me to self-destruct? don't you know that this is only a road to death? The power of the explosion will be multiplied!" Mu Yurong laughed wildly after the initial shock.

"You're very noisy," Jing Qi said.

...

His fingers were constantly changing incantation seals, and he struck out three in total.

Mu Yurong suddenly felt that something was wrong and cried out, "Not good!" The White livor mortis on his body continued to expand, and soon, it occupied more than half of his body.

"My body, my body, my body, my body, my body, my body, my body, my body ..."

He found that his body had become extremely stiff and hard to control. Not only that, but the original power in his body, which should have been more violent under the suppression of Jing Qi, had also become weaker.

w-what's going on, Zhenzhen? " he said with difficulty, only to find that he could not even speak.

zombified! Yunxiao cried out in surprise. zombified!

Jing Qi's face flickered. He turned his eyes to Yunxiao, and suddenly, he appeared in front of him in a flash and thrust his palm at him.

Yunxiao had been on guard for a long time. His arm flickered with a golden light as he grabbed at the air. A ball of black light wrapped around his hand, which turned into a fist wind and punched out.

He was confident that the second wave of the black sand Xuan feathers couldn't hurt his imperishable golden body at all, not to mention that he had the protection of the devil essence, which was difficult to hurt by any attribute.

"Bang!"

The two of them exchanged palm strikes in the air, just like the scene of mu Yurong before.

...

li Yunxiao! mu Jie cried out in surprise. why didn't he Dodge when he knew how powerful his opponent was? "

A circle of black and white light appeared between the two's fists and palms. They eroded each other and were actually evenly matched.

"What?"

Jing Qi's expression changed drastically. For the first time, he was shocked. In the past, his black sand Xuan feather had been invincible, and there was no material attribute that could resist it.

"What is this?" He stared at the demonic Qi and shouted.

I'm not obliged to teach you general knowledge," Yunxiao said with a sneer. I'll withdraw!

He shouted loudly, and the power of his fist suddenly increased, forcing Jing Qi back.

Everyone was shocked and widened their eyes in disbelief. They didn't believe that he could force Jing Qi to retreat. Even the people of the MU family didn't believe it.

"I'm very busy," Yunxiao said. "I don't have time to stay for tea. We'll meet again if fate allows it." His body immediately turned into lightning and wanted to escape.

"Young master Yun, bring us along!" Mu Jie shouted. "I'll send you to the deep abyssal water track. Otherwise, you won't be able to find the location."

"Bye!" Yunxiao waved his hand and said, "I'll be possessed if I believe you again."

With a flash of lightning, he had just traveled a hundred meters when darkness descended.

The huge sea beast slammed down with its palm again. This time, it was half an acre in size, suppressing the space and trapping the lightning inside.

Yunxiao felt the sky pressing down on him, and everything was dark.

The sea beast had a disgusting appearance and a hunched back. However, its head reached the clouds and was unusually huge. Its green eyes were ashen. It had obviously died long ago and was only a corpse puppet now.

The palm seemed to contain an extremely strong power of space, and Yunxiao's indestructible golden body felt like it was being torn apart.

"Rise!"

He gave a loud shout, and a ball of divine fire flew around him, evaporating the sea water in an instant.

“Great pinwheel!”

The divine fire and the astral wind suddenly gathered together, turning into a boundless pillar of fire that shot up into the sky.

Yunxiao’s idea was simple. Since the sea beast was also a corpse, it would naturally be restrained by the divine flame.

“BOOM!”

The sea beast’s palm struck the pillar of fire, and as expected, the flames spread along its arm and burned its entire body in an instant.

However, the power of space under the palm wind was also extremely strong. It completely suppressed the pillar of fire and collapsed it into the sea.

“BOOM!”

The pillar of fire collapsed, and the palm pressed down on Yunxiao.

“Huala”

The surface of the sea split open, creating huge waves that rolled and slapped on the sea beast corpse puppet. However, it could not extinguish the fire on his body.

Everyone’s heart trembled as they looked through the layers of waves. They saw a faint golden light appearing on the water’s surface under the giant palm.

“What? Can’t he be killed by this palm?”

Everyone from corpse fiend sect was shocked.

Jing Qi didn't look good either. He stared at them coldly.

At this moment, mu Yurong had long lost control of his body. In his panic and despair, he gradually became sluggish and his entire body gradually turned into a zombie.

"So ugly!"

Yunxiao's voice came from under the palm.

The surface of the sea trembled violently, and countless waves swirled. He had three heads and six arms, and he suddenly resisted the suppression of the palm.

Balls of golden light flickered around its body, constantly flowing into the barrier formed by its six arms, blocking the palm of the sea beast corpse puppet!

"Whoosh!"

The sea beast corpse puppet was hit by a huge force, and its body couldn't help but tremble a few times. It stepped on the sea water and created huge waves.

"How ... How is this possible? is he a physical body Sage? It's actually able to resist the sea Devil monkey's corpse!"

All kinds of exclamations and exclamations rang out. The four people of the MU family were all frightened.

After pushing the sea Devil monkey away with all his might, Yunxiao slowly straightened his six arms and performed incantation gestures.

A huge black shadow appeared behind him, towering into the clouds.

The giant true devil slowly opened its eyes, and a ring of pitch-black Stars appeared around its body. Terrifying power poured out from within, and a weapon could be faintly seen floating up and down.

Chapter 1702-slaying a monkey with a single strike

The giant true devil raised its hand and grabbed at the black ring of stars.

Yunxiao's body trembled, and his eyes suddenly burst with light. The elemental energy in his body was being drawn away by the giant spirit at an unimaginable speed. He was almost out of control.

"F * ck you, what's going on!"

He was shocked. If he continued to smoke like this, he would become a dried man in a few blinks of the eye.

Suddenly, his entire body trembled. A golden light flickered from his chest, and a vast and mighty force surged out.

The illusory light of the chains of law was pulled, and he felt as if his ribs were being pulled out one by one from his chest. It was extremely painful, and bean-sized beads of sweat flowed down his cheeks.

Everyone looked at the golden light on his chest accompanied by a vast and mighty force. They thought it was some big move and were all extremely vigilant.

The sea Devil monkey corpse puppet raised both its hands after it had steadied itself. It clapped its palms together and formed a natural array that spread out in the sky.

The entire ocean became strange, as if there was a song that could stir one's soul.

"Not good, this is Yingluo."

Mu Jie's face paled instantly. the sea Devil monkeys 'innate abhijna-the movement of the sea!

"This monkey is already a corpse puppet, how can it perform a pre-birth divine skill!" Mu Yitong was also aghast.

Mu Jie's eyes glowed with a dim light as she said in fear,"A divine skill! It really is the omnidirectional divine skill!"

Jing Qi also looked serious and surprised. He said, " "Although the corpse puppet has retained most of its power from before, it doesn't remember any martial arts skills from its life, and there's only a very small chance of triggering them. The sea Devil monkey's will must have been enraged, triggering the divine skill-music of the sea."

The entire violent sea began to calm down, and cheerful music began to play. It was as if countless elves were dancing on the surface of the sea. It was a peaceful scene.

However, everyone knew that a storm was coming. What kind of storm would come after this peaceful illusion?

Everyone's eyes were wide open in anticipation, and they appeared very excited.

Jing Qi and the MU brothers were also sweating, but their feelings were completely different.

For the MU brothers, although Yunxiao was not going the same way as them, they would not have a good fate if they were killed by the sea Devil monkeys.

The sea Devil monkey's palms were filled with countless musical notes, and the spiritual Qi within a radius of several miles was instantly sucked dry.

The light on his palm grew brighter and brighter, shining on the waves of the sea.

"Roar!"

When its strength reached its peak, the sea Devil monkey let out a loud roar, setting off boundless waves. Everyone was forced to retreat.

His dead grey eyes seemed to flash with a bright light.

The seal of the two palms suddenly slammed down.

Suddenly, the sea and the sky trembled, and a boundless power surged out, shaking people's hearts.

At this moment, Yunxiao was trembling all over. Everyone thought that he was trembling under the pressure of the divine power. With such a powerful momentum, once the divine power fell, he would be crushed into pieces in an instant.

On the other hand, Jing Qi's face was filled with wild joy. This Sea Devil monkey had activated the supernatural power in its body. If he went back and refined it again, its power would probably be raised to another level.

"You want to take the opportunity to come out of my body? Lord PU."

you don't have the strength to break the seal," Yunxiao said, trembling. if I'm killed, you'll lose this passage forever. And in this world, other than me, no one else knows where you're trapped. Do you want to sleep forever?"

Only after he sent his thoughts did the power that was causing trouble calm down.

If he allowed the extraction to continue, his blood essence would probably be drained dry, and he would become a dried corpse.

Yunxiao's trembling stopped immediately after the extraction force disappeared.

The demonic Qi on the true devil giant Spirit's body churned, and its face kept changing. At times, it was the face of an Emperor, and at other times, it was the face of an ordinary person. However, its face was cold and expressionless.

Then, he reached into the ring of stars and slowly pulled out a sword. The shape of the sword was unstable, as if it could not be condensed.

The giant true devil transformed into an ordinary face and raised its left hand to form an incantation gesture. A circle of golden light flashed on its fingertips.

The giant sword was immediately stabilized and slowly lifted up.

There were 12 fortune wheels on it, and they were spinning rapidly, making a "Chi Chi" sound that sounded like thousands of birds chirping.

In the distance, Jing Qi's eyebrows suddenly twitched, and his heart trembled. An indescribable feeling spread through his whole body.

The strange long sword gave him a strange feeling, and he was in a trance for some reason.

"What's going on?"

He was greatly alarmed. With his cultivation, it was impossible for him to be so indecisive.

The giant true devil raised its sword and slashed down, shouting, "The amok wheel."

"BOOM!"

The space trembled imperceptibly. The sea Devil monkey's movement of the sea seemed to have frozen. The vast power seemed to have been stopped and could not fall.

“Boom boom boom!”

The sword power shot out, and the huge fortune wheels turned into light and shadow.

The entire sky and sea were instantly cut in half, and the music of the sea was also shattered. The giant monkey stood there in a daze as it was cut in half by the sword force!

“Huala”

There was a huge sword mark in the air that ran for thousands of miles, splitting the sea and the sky in half. It was like two seas facing each other.

The sword mark was pitch-black, like a crack in space. It remained there for a long time.

The sea water roared at the edge of the sword mark, and the flow of the entire sea was completely reversed.

A large number of corpse fiend sect’s powerhouses were also annihilated by this sword. They did not even understand what was going on in their minds before they directly died.

...

Silence, a strange silence.

Apart from the roaring of the waves, it was like a ghost’s domain. Hundreds of figures stood in the air, but they made no sound.

“Huala”

The two halves of the sea Devil monkey fell to the side, splashing the water.

The giant turtle that was carrying the island suddenly quivered. Many buildings in the unmoving forest collapsed, and the barriers were destroyed.

Soon after, the turtle corpse began to sink slowly toward the bottom of the sea.

That sword had only slashed past the side of the immovable forest and had not really struck it, but it had already caused such an effect.

If he directly struck the Tao Wu

Jing Qi's face turned extremely pale. He didn't dare to imagine it.

The sword that shouldn't have existed in the world just now had the power to cut the motionless forest into pieces!

A shadow flickered behind him, and a Jade coffin appeared beside him. It was exuding a jade-green and white aura.

...

The MU family members also came back to their senses and were shocked wave after wave.

They looked at Yunxiao again in horror, and then their eyes fell on the Jade coffin. "Divine fiend corpse Qi!"

Jing Qi's face was unusually serious as he stared at Yunxiao as if he were facing a great enemy. Light formations kept flashing and disappearing on the coffin.

The true devil giant spirit turned into motes of devil essence and dissipated into the sea after one move.

Yunxiao's face was as pale as paper, and he stood on the sea, his body flickering with a golden light. He had used all his strength to make the strike just now. If it were not for PU's help, it would have been impossible for him to condense the true form of the Dharma Treasure.

At this moment, the after-effects were also very serious. He was completely out of strength. There was a faint breath in his dantian, and the imperishable golden body returned to its normal skin color after a few dazes.

The clothes of the MU family members were already soaked with sweat. They looked at the Jade coffin in horror. The dried corpse of The Fiend God was very famous among the hidden families.

On second thought, they turned to look at Yunxiao again and muttered in their hearts. No matter how powerful gan Qi was, he couldn't have blocked that sword, right?

The power of that sword had been deeply imprinted in everyone's hearts, even to the bone marrow, and could not be wiped away.

For the people of corpse fiend sect, it was even more of a nightmarish existence. Many of their companions were completely annihilated before they could even react. Even now, they didn't know how many people had died.

"It's not my business."

Yunxiao took a deep breath and said helplessly, "It was the SeaMonkey who attacked me first, everyone saw it. If there's nothing else, I'll take my leave."

He turned around and started to walk on the sea. Without looking back, he walked a thousand feet with each step.

Jing Qi's face was pale, and his eyes were full of struggle.

Just like the MU clan, even the fiendish God corpse puppet couldn't withstand that earth-shattering sword strike.

But, Yunxiao's power had been depleted to the lowest point, and many powerhouses had sensed it.

Jing Qi was struggling to decide whether to stop her or not.

If he was allowed to leave, this person would be a big problem sooner or later. However, if he were to make a move to intercept it, he would probably end up like the sea Devil monkey if he could make another strike with the sword momentum he had just displayed.

"Ta!"

Yunxiao stopped and stepped on the surface of the sea, creating a circle of waves.

"What, you don't like it?" he turned around and snorted.

As soon as Jing Qi caught up with him, he immediately stopped and became alert. The Jade coffin was on his back, which was out of proportion to his body.

"Hmph, you want to leave after killing my Sea Devil monkey?"

"Then what do you want?"

Jing Qi stared into his eyes, his heart sinking.

Through Yunxiao's eyes, he saw nothing but an ancient well without any emotional fluctuations.

It proved that Yunxiao had no fear in his heart, which was a sign of extreme self-confidence. He did not know where Yunxiao's confidence came from. However, it was certain that the other party was not afraid of another battle.

“You should at least leave your name.”

The faces of the corpse fiend sect and Mu family all changed slightly, revealing a look of disappointment.

It was obvious that Jing Qi had given in. This battle was probably not going to happen.

Mu Jie and the others had grave expressions on their faces. They constantly exchanged looks with each other, trying to think of a way to escape.

my name is li Yunxiao, ” Yunxiao said with a smile. I’m Li Yunxiao.

‘Li Yunxiao!’

Jing Qi mumbled to himself a few times and said, ” “I’ll remember this name, you can go.”

He was also decisive. After making his decision, he turned and walked away, no longer paying attention to Yunxiao.

Yunxiao breathed a sigh of relief in his heart. Although he was not afraid of another battle, Jing Qi was a divine transcendence expert, and with the addition of a divine fiend corpse puppet with unknown strength, as well as many experts of the corpse fiend sect and countless zombies, it was bound to be an extremely fierce battle, and the outcome was unpredictable.

The other party was most likely afraid of his sword, so he was wary. If he knew that it was impossible to slash out that kind of sword again, he would probably attack without a second word.

Jing Qi? ” Yunxiao did not dare to stay any longer. I’ll also remember the name Jing Qi.

His figure turned into a bolt of lightning and disappeared from the sea in a flash.

Chapter 1703-friendship

The moment Yunxiao turned into a Thunderbolt, the four men of the MU family attacked at the same time, turning into a huge beam of light and fleeing in the direction Yunxiao had left.

“You guys want to leave too? Die!”

Jing Qi’s eyes turned cold, and he caught up with her in a flash.

The experts of corpse fiend sect also came back to their senses, and with cold and angry expressions, they rushed over.

All his hatred and anger erupted at this moment, and he planned to vent his anger on these four people.

Even mu Yurong, who was charging with a group of corpse fiend sect disciples, had completely lost consciousness.

The MU clan members were already prepared, and they all attacked instantly.

Mu Jie’s body continued to disintegrate, and a puppet that was eight feet tall appeared. It held a sword and stood in the sky to block the pursuers.

After the death of mu Yitong’s Mountain-splitting heavenly soldier, two short puppets also flew out, each holding a copper hammer and standing on the left and right.

Mu Wenchang waved his hand, and a net of swords and sabers appeared. They densely covered the sky and turned into an array of swords and sabers.

Mu Yijun even threw out a field of golden light spots, and hundreds of puppets appeared and arranged themselves in a formation.

The four of them knew that this was a moment of life and death, so they used all the means they had in their lives.

After casting a few incantation seals to have a large number of puppets charge forward, he transformed into a stream of light and fled with all his might.

“Damn it!”

Jing Qi was immediately surrounded by the magic bean soldiers puppets. With a cold expression, he punched with his left fist and his right palm, smashing a piece with each move.

The rest of the corpse fiend sect members quickly rushed over, forming a one-sided situation and completely crushing the puppet sect.

However, it also delayed the time, allowing the four people of the MU clan to escape from their sight.

Jing Qi flew into a rage. His figure flickered and he sped across the sea, chasing after her alone.

The people of corpse fiend sect looked at each other and didn't know what to do. If they were chasing, they would have already disappeared. The sea was so vast that it was impossible for them to catch up with them with their strength.

At this moment, the immovable forest had also sunk to the bottom of the sea, and a large number of body parts and dismembered limbs were floating on the surface of the sea.

The most eye-catching thing was the two halves of the sea Devil monkey's body, which were bobbing up and down on the surface of the sea.

What left the corpse fiend sect people with lingering fear was that the crack that the sword had created was still on the surface of the sea, not reducing in the slightest.

This battle caused a shadow to appear in the heart of the corpse fiend sect disciple who had always been proud.

Cracks began to appear in his heart, which had been full of confidence in dominating the continent.

They hadn't even set foot on the heavenly martial continent yet, but an unknown kid had turned the world upside down.

"Gulp."

A corpse fiend sect elder swallowed his saliva and said, "Clean up and bring back all the corpses. The sea Devil monkeys can still be pieced together, but their power won't be as great as before."

Long Yuanwu and the other two felt their blood run cold. Looking at the two halves of the monkey's corpse and the corpses floating everywhere, they thought that it was no wonder the corpse fiend sect was so powerful. An ancient martial art practitioner could be completely utilized even after he died, which was equivalent to him not dying. This sect's combat power had only increased without decreasing.

my Lords, the gluttonous snake is gone. Why don't we stay in the unmoving forest for now?" The elder came over and looked at long Yuanwu and the other two.

The three of them felt their hair stand on end, feeling that the corpse fiend sect was too terrifying. They hurriedly said, "The three of us still have important matters to attend to, so we won't disturb you for the time being. We'll meet again after we've settled our matters."

"What? You're leaving?"

The elder's face darkened and he said coldly, "Are the three of you looking down on my corpse fiend sect? You won't even give me a cup of tea!"

The three of them were given a fright, and they immediately felt several powerful auras pressing down on them. Many unfriendly gazes were directed at them.

Corpse fiend sect's disaster this time could be said to be completely caused by these three people. Although everyone was extremely unhappy in their hearts, they still treated each other amicably for the sake of face. Now that they saw that they were about to fall out, they immediately burned with anger and all gathered around.

Long Yuanwu's cheeks were covered in cold sweat as he hurriedly said, "What are you saying? elder, you've misunderstood us. If that's the case, then the three of us will stay here for the time being. We'll have to trouble you."

The elder snorted coldly, and his face looked better. I won't disturb you. We're all members of the heaven Alliance. It's our duty to help each other.

The three's faces were uglier than bitter gourds. They knew that it would be difficult to get off after getting on the pirate ship.

After Yunxiao left, he turned into a stream of light and headed toward the deep water path.

After flying for an hour, he felt that his essence force was completely exhausted. Only then did he let su lianyi out and let out the ninth-grade warship to cross the sea.

The journey was calm and peaceful. After a few days, they finally arrived at the deep and quiet water path.

Yunxiao took out the heartless Bell. He had been studying it with Yuan gaohan all the way, and he had almost figured it out.

The interior of the bell was engraved with powerful Space Array patterns. The patterns were ancient and unrecognizable. Even the two of them had to go through a lot of trouble to recognize a little of it. It was clear that this Bell was old and had an extraordinary origin.

Not only that, it also stored more than 100 permanent spatial coordinates, many of which did not exist in the world. After careful consideration, they chose six of the most likely coordinates.

many of the coordinates of this Bell don't exist at all. Those spaces should have been annihilated in the heavenly martial realm long ago, just like the little icy sky in the extreme north. This Bell is too ancient. I wonder if the teleportation will fail." Yuan gaohan revealed a worried expression.

the deep water Trail is the land of exile for the heartless sect, " Yunxiao said. it's most likely still useful. I'm afraid that we'll be teleported to the void that has already disappeared. Fortunately, Noah's ship is in our hands, so we'll probably be able to come back even if we go through a lot of trouble."

The two of them discussed for a while, formulated several plans, and began to implement them.

Suddenly, Yunxiao's heart skipped a beat. He looked into the distance and chuckled. "There's no need to blindly feel the stones to cross the river."

In the distance, a ray of light was flying on the surface of the sea. It rose and fell unsteadily, and would even fall into the sea from time to time.

"Mu Jie!" Yuan gaohan also saw it and exclaimed.

It was mu Jie who was running over from the distance. Her face was as pale as a sheet of paper, and she looked like a lamp that had run out of oil.

"Young master Yun, save me!"

When mu Jie saw the ninth-grade battleship, she also saw the people on the ship and shouted in joy.

Without waiting for Yunxiao's reply, he took his last breath and soared into the sky. Then, he landed on the warship and lay on the ground, gasping for breath.

...

Yunxiao looked in the direction in front of him, and found no one but mu Jie in his divine sense. "Where are the other elders?"

Mu Jie's body was drenched in water, and her face was pale. She panted, "Wen, Wen Chang is most likely dead.?????????????????"

“Oh? Has elder mu Wenchang died?” I wanted to return this black saber to him, ” Yunxiao sighed. but in the blink of an eye, things have changed. I can only keep it for my own use.

A black light flashed in his hand, and the huge black Moon saber disappeared in a flash.

Mu Yu,“Zhenzhen.”

“Let me guess,” Yuan gaohan said with a smile,“it must be Jing Qi who’s chasing you and the other three. Mu Wenchang stepped forward and fought to the death to buy you time to escape. In order to increase your chances of survival, you split up and fled in three directions, am I right?”

Mu Jie rested for a while before she nodded.”That’s right. Wen Chang was too slow and was caught by Jing Qi. He was also poisoned by the other party’s five major poisons of extinction and is already dead.” There was still a lingering fear in his eyes as he said, ” Jing Qi’s strength is too terrifying.

Yunxiao thought to himself,‘although the people of the MU family are a little cold in nature and indifferent to others, they are extremely efficient.’ If not for this, if it were some wishy-washy people, none of them would have been able to escape.

“There’s no need to be afraid, my Lord.” Yuan gaohan smiled and said,“since you’re on our ship, we won’t just stand by and watch.” Jing Qi’s strength is terrifying, but there’s an even more terrifying one here.”

Mu Jie could not help but tremble as she looked at Yunxiao in horror.

Thinking of that earth-shaking sword, he would probably never forget it in his life.

...

Not long ago, they had fought with this person and had even gathered four other people to besiege them. If the other party had not been in a hurry to save them, the five of them would have long been buried at the bottom of the sea.

“I’ve offended you before, I hope young master Yun doesn’t take it to heart. Do you want us to waste our time in the Black Tortoise Star Palace in the dual World Mountain?”

Mu Jie immediately apologized sincerely and began to talk about how they had worked together to fight against the enemy in the past.

Yunxiao was speechless for a while, but he waved his hand and interrupted, “Stop, stop, stop. I understand what Sir mu Yu is saying. We’ve been through life and death together, and our friendship runs deep. Don’t worry, once you board this ship, I’ll definitely ensure your safety. However, if Daren still has other thoughts in the future, this young master’s sword will not spare anyone.”

“No, no, it definitely won’t!”

Mu Jie hurriedly promised. She finally heaved a sigh of relief and thought to herself that she had finally managed to keep her life. With his protection, she wouldn’t be afraid even if Jing Qi caught up to her.

that’s good,” Yunxiao said. I just happen to have something to trouble you with, Sir.

“It’s about the deep waters, right?” mu Jie asked. Don’t worry, as long as I have the merciless Bell, I’ll take care of this.”

the deep water Trail is one of them,” Yunxiao said. there’s one more thing I want to ask you, my Lord. What kind of organization is the heaven Alliance?”

“How do you know about the heaven Alliance?!” Mu Jie shuddered and exclaimed. But on second thought, he had mentioned it before, so Yunxiao must have heard a lot of rumors. It would be strange if he did not know.

He sighed faintly and said, “sigh, since young master Yun asked, I’ll tell you everything I know.” The heaven Alliance was actually an Alliance formed by some reclusive aristocratic families. Their purpose was to dominate the continent and occupy all kinds of spiritual mountains, great rivers, and resources. In recent years, the resources in the ocean have been severely depleted, and many hidden sects have long been ready to make a move.”

“What a joke!” Yuan gaohan angrily replied. The resources of the four Seas were endless, so how could they be exhausted? Just the vicinity of this Sea region alone was comparable to the mansions of some powerful sects. In my opinion, it’s more likely that you’re ambitious and want to dominate the continent!”

Mu Jie’s face turned red. I don’t know the details. It’s probably this organization.

“What are the members of the heaven Alliance?” asked Yuan gaohan. Your mu clan is also one of them, right? how does your mu clan compare to corpse fiend sect?”

Mu Jie said,“the heaven Alliance has a total of 17 sects in an Alliance. My Mu family, corpse fiend sect, heartless sect, phaseless sect, and GUI family are all part of it.” As for comparing strength, Hmph, although corpse fiend sect is strong, how can it be compared to my Mu family!”

Yunxiao knew that they were arrogant, but he did not bother to make fun of them. In his opinion, the MU family was probably similar to the corpse fiend sect. Otherwise, Jing Qi wouldn’t have dared to kill a few people without restraint if the gap between them was too big.

Chapter 1704

1704 Entering the waterpath

“How’s the strength of the other 12 families?” Yuan gaohan asked with a solemn expression. Who is the leader of the heaven Alliance?”

Mu Jie frowned and said,“their strength varies, but they’re all pretty good.” The three sects like the heartless sect were considered the weakest. As for the leader of the sky Alliance, I don’t know who he is.”

What do you mean you don’t know who it is? ” Yunxiao asked curiously. is it not someone from your seventeen sects? ”

“I don’t know,” mu Jie shook her head. We only know that he’s called a ‘heavenly being’ . ”

“A heavenly being? What a big tone!” “You really don’t know the immensity of heaven and earth!” Yuan gaohan laughed and scolded.

“Since the 13 sects are willing to respect him, he must be an extremely powerful expert,” mu Jie’s expression changed slightly and she said coldly.

are you saying that a stranger you don’t know is the leader of your thirteen hidden sects? ” Yunxiao asked suspiciously.

“I don’t know him, but that doesn’t mean the others don’t know him. At the very least, the patriarch or Jing Qi would know him.”

“Since you’ve established the heaven Alliance, when do you plan to dominate the continent?” Yuan gaohan asked.

“How can I know such a secret?” mu Jie asked. However, the first and greatest obstacle is not to dominate the continent, but to resist foreign aggression, we must first pacify the internal forces.”

“Opposing forces?” “Is it the natural moat ocean?” Yuan gaohan asked.

“No,” mu Jie replied. In order to stop us, the opposition formed an organization called the earth Alliance. Their leader calls himself ‘earth’.”

Yunxiao and Yuan gaohan exchanged a look. They both found it fun, but also felt that the situation was serious.

then, who is the so-called ‘earth man’? ” Yunxiao asked. is he also a stranger I don’t know? ”

Mu Jie’s eyes revealed a look of contemplation as she said,“We don’t have any concrete evidence to prove the identity of an earth user, but we’re guessing that it’s most likely ao changkong.”

“What?”

Yunxiao and the others were all taken aback, their faces filled with shock.

Ao changkong's reputation was simply too great. This was a name that could shock the entire era.

I understand," Yunxiao said. the AO family, where ao changkong is from, is also a member of the earth Alliance. So, you speculate that the only person who can lead the earth Alliance and convince everyone is the tyrant martial sovereign, ao changkong.

"That's right," mu Jie said. I can't think of a second person other than ao changkong."

"What's the attitude of the natural moat ocean?" asked Yuan gaohan.

Mu Jie said,"the natural moat ocean doesn't have any attitude, and they're just letting us do whatever we want. This has always been their attitude." Otherwise, if they did, the Tiandi League would not be in a stalemate. One of them would have to fall apart."

that's right. No attitude is still attitude. The natural moat ocean is the true hidden sect. Yuan gaohan praised.

I didn't expect that the overseas sects, which have always been peaceful, are hiding so many bloody storms," Yunxiao said. What dog shit seclusion, it's all bullshit."

Mu Jie's face was ashen, but she didn't dare to say anything. She only snorted heavily.

tsk, tsk," Yunxiao snorted. why?" Where there are people, there will be martial arts. Who in this world can truly be detached from the world?"

"Hmph, do you think everyone in the world is like you?" mu Jie could not help but mock back.

I'm not interested in your Tiandi League at all," Yunxiao said with a smile. I'm not interested in dominating the world. He hoped that the two of them would quickly turn the world upside down and fight to the death so that they wouldn't be an eyesore. For now, send us to the deep waters."

"Dang!"

The heartless Bell was thrown by Yunxiao to mu Jie's side and made a loud noise, which startled him and made his ears bleed.

"You coward!" Mu Jie was furious, but she did not dare to resist. Her eyes were filled with anger.

"Ah, Yunxiao, why are you so insensible?" Yuan gaohan asked. How can you treat him like this? what if he uses some Cheap Trick to teleport you and me into the endless void? I'll see how you cry then."

"Aiya, brother Gao Han has really reminded me."

it seems that I have to take brother mu Yu with me," Yunxiao said, patting his head. that way, if there is any danger, there will be one more person to bear it.

Mu Jie's expression changed drastically, revealing a trace of fear."Don't worry, I won't play any tricks."

what are you afraid of then?" Yunxiao laughed. what are you afraid of? "

"The extreme North's little frozen Sky in the Deep and serene water path is extremely dangerous. It's said that there's only a slim chance of survival. I don't want to take the risk for no reason," mu Jie said anxiously.

Yunxiao patted him on the shoulder and said, "How is it without reason? the friendship between you and I goes back a long time. Do you have the heart to see me take the risk alone?"

Mu Jie looked at their grinning expressions and knew that she couldn't escape. Her face, which had finally regained some color, turned pale again.

don't worry," Yunxiao said. do you think I'm stupid enough to throw my life away for a mere material? " Take a good rest and recover your elemental energy. Make your preparations."

Mu Jie did not have any injuries on her body. She was only exhausted from trying her best to escape. After absorbing enough primordial stones, she had recovered to her full state.

On the second day, a crisp bell sound reverberated over the sea and sky.

As the bell rang, circles of waves appeared in the sky. The sea responded accordingly, and all kinds of strange patterns appeared on the water.

"Clang! Clang!"

The body of the bell rippled, and the sound waves disappeared.

the ninth-grade warship quickly disappeared, leaving only circles of patterns that spread out in the sky.

In a dark river, the water was a light yellow color. The water flowed continuously, as if it was flowing through time.

"Dang!"

Suddenly, a Bell rang, and circles of ripples spread in the air above the river.

"Huala"

Then, a magnificent battleship broke through the air and smashed into the water, causing endless waves.

The warship landed on the river and went downstream.

Su lianyi's expression suddenly changed as she cried out in shock, "not good! The warship is out of control!"

...

"what's going on, my Lord?" Yunxiao looked at mu Jie and asked. "what's going on?"

Mu Jie's face was grave as she snorted with a livid face, "I've never been here before, how would I know!"

yes! Yunxiao nodded and said, "the water here seems a little strange."

He grabbed in the air, and with a "Hua la" sound, a pillar of water rose from below. It condensed into a ball and landed on his palm. He began to observe it carefully.

"This is a tunnel between two spaces. Isn't it normal for the water to be strange? It would be abnormal if it wasn't strange!" Mu Jie coldly snorted.

Yunxiao fell into deep thought.

An idea came to him. He remembered the Jade tablet at the bottom of the river at the back cliff of the Mei family, which wrote "winding river leading to hidden depths", which seemed very similar to this place.

"The winding river connects to the abyss, the deep water path is filled with mist."

'Is that also a place where space borders on each other? And the Mei family's appraisal ability might come from another space?'

“What are you talking about?” Yuan gaohan frowned.

Yunxiao threw the ball of water back into the river and said, “It’s nothing, I just recalled some things. Other than the fact that this place is out of control, there doesn’t seem to be anything unusual. Are all the exiled disciples of the heartless sect really dead?”

...

Yuan gaohan said, “this waterway isn’t deep. I’ve been using my divine sense to check along the way. There’s no skeleton or any other remains.

Mu Jie was startled and looked at Yuan gaohan in shock. She snorted in disbelief, “This water has the power to isolate divine sense. Although it can’t completely block it, it can eliminate most of it. Even I don’t dare to say that I can see the entire River. You’re talking too much!”

Chen Yuyu couldn’t help but curse, “you’re so annoying! If your Mu family can’t do it, then no one else can? Your Mu family is the most awesome, the most awesome, and the most invincible, alright? He’s really an idiot!”

“You coward!”

Mu Jie was furious. When had he ever been humiliated like this before? he charged forward in anger.

Suddenly, an invisible force bound him, and his body froze for a moment.

Just as Chen Yuyu was preparing to fight, his expression also changed slightly. He felt that it was difficult for him to use his elemental energy.

Yunxiao looked at the two and said, “the warship can’t even control itself. Stop messing around. The power suppression here is very strong.

Only then did mu Jie stop snorting, her face still filled with anger.

look at this suppressing force, ” Yunxiao said. even if someone from the heartless sect is teleported here, they must have been washed away by the current. It’s very difficult to resist. Even if there are, the bones must be at the end of the water flow.”

The few of them stood on the warship and looked on quietly. Although the river was dark, it was very wide. Even if a Grade 9 warship was to flow through it, it would not have any obstacles.

They didn’t know how long they had been following the river, but it seemed like there was no end to it. Everyone started to get impatient. They couldn’t just keep floating like this forever, could they?

Several hours later, Yuan gaohan suddenly stopped and shouted, ” “Be careful, there’s a situation!”

His expression turned serious as he said, ”there are skeletons appearing near this River.” Other than human bones, there are also beast bones, all of which were once very powerful.”

Mu Jie was slightly startled, revealing a suspicious look, and looked at Yuan gaohan a few more times.

there’s something strange about this water, ” Yunxiao said. it must be a powerful existence for it to be able to survive until now without rotting. But, how did they die? ”

The few of them began to be on guard, staring outside the warship, not daring to be distracted.

Yuan gaohan also directly grabbed at the water, and with a loud crash, a corpse directly flew up and fell on the warship.

Mu Jie’s heart trembled as he looked at Yuan gaohan in disbelief. Only now did he believe that the other party could indeed reach the bottom of the river.

The corpse belonged to a sea beast. It had a tail and its body was covered in scales without any damage.

Its body swelled up after being soaked in the river for a long time.

Yunxiao's pupils constricted as he stared at the corpse and said, "strange, there's no injury on his body, and his body is very swollen, but his skin is thick.

Where the scales couldn't cover, there were cracks on his skin, spreading out like a net. It was a hair-raising sight.

brother Gao Han," Yunxiao said. can you tell how this sea beast died?"

Yuan gaohan looked at it for a while before saying what he was thinking, it must have been drained of all the water, and its entire body was chapped. It was only after it died and fell into the water that it swelled to such a state.

Chapter 1705-Gale spirit

"Drain all the water? There's water vapor all around, I'm afraid it'll be difficult!" Su lianyi was shocked and fear flashed in her eyes.

Yunxiao stared at the corpse for a long time before he said, "There's a way to do it. Could it be that there's something like that here?"

Yuan gaohan's body suddenly trembled, and he raised his head and said,"You mean the ancient astral wind?"

Back when they were in the outer space, the barrier that sealed Di Jun was protected by the immortal astral wind. The astral wind turned into a crocodile.

"Yes," Yunxiao said. To be able to drain the water in such a humid place, the immemorial astral wind was the most likely. If it really is this thing, then it's a great fortune."

As soon as he finished speaking, the warship suddenly trembled violently and began to sway left and right.

The defensive barrier was in a daze and constantly distorted.

The ship's body seemed to be lifted up by a force and directly left the river surface, starting to flip.

Yuan gaohan looked at the violent wind outside the battleship's barrier in surprise and said, "Could it really be the power of the astral winds that circulated from the ancient times?"

it's probably true, " Yunxiao said. be careful, everyone!

He took out the heavenly hammer and smashed it down.

"BOOM!"

A bolt of lightning transformed into a Dragon and shot out, directly blasting into the squall.

The lightning Dragon's body was instantly twisted by the wind and was crushed into pieces with a " PA " sound. Countless green lights scattered in the wind until they disappeared.

The astral wind seemed to have a spirit. It was enraged by the power of this attack and let out a low roar.

Then, the wind power condensed into half a giant Spirit's body. It raised its hands and clenched them into fists, then smashed down!

"Bang!"

The barrier of the battleship was instantly shattered, and the entire hull began to collapse. A large number of components burst out and were torn into pieces by the astral winds.

Everyone jumped up, the light of Emperor Qi flowing on their bodies to resist the attack of the astral wind.

“BOOM!”

Countless astral winds turned into sharp blades and slashed into the grade 9 warship. All of its main components were completely destroyed, and the huge warship fell into the river and was washed away by the water.

The giant Spirit's dark eyes began to turn to look at Yunxiao and the others.

elemental transformation?” Yuan gaohan was shocked. this thing can't be a true spirit, right?”

even if it's a true spirit,” Yunxiao said, ” I'll have to give it a try!

A ball of wind and Fire appeared beside him and turned into the black crocodile. He said, ” “I've found a great tonic for you, quickly go and swallow it. After eating this giant spirit, you should have the strength of a true spirit, right?”

As soon as the crocodile saw the giant spirit, it immediately retracted the power of wind and Fire all over its body. It was as if it had been stimulated, and all the particles in its body were highly tense. It stared vigilantly, and its four feet slowly retreated. It actually felt timid.

“Roar!”

When the giant spirit saw the crocodile, its dark and empty eyes narrowed. It roared excitedly and pounced on it.

The crocodile shrieked and ran back.

Yunxiao,'hehe'.

Yuan gaohan wiped his sweat and said, ” they're both astral wind manifestation. Your crocodile has even fused with a tenth-tier divine fire and has the body of a Blackie. Why is the difference so great?!

this beast only knows how to sleep, ” Yunxiao cursed. I’m afraid his strength has declined instead of improving. Hurry up and do something, don’t let this thing eat the animal I raised!”

It would be a huge loss if the crocodile was swallowed.

Yunxiao immediately slashed out with his sword, and the sword beam shot out, piercing through the giant spirit and cutting into the distance.

“BOOM!”

It caused a ripple in the distance.

The giant Spirit’s body froze for a moment, but it was not affected. It continued to chase after the crocodile.

“Wind elemental body? this is troublesome!” Yuan gaohan exclaimed.

elementals are also living beings, ” Yunxiao said. where there is life, there is death. There is nothing to be afraid of.

The Tusita heavenly peak flew up from his palm and smashed over.

The five-colored light swirled continuously in the air, illuminating the entire River.

The giant spirit seemed to have sensed something. Its body trembled, and it suddenly turned around, roaring and punching with both fists.

“BOOM!”

The fists of wind landed on the Tusita peak and shattered instantly.

The Tusita Heavenly Mountain trembled as well, but it continued to spin slowly, crushing the giant Spirit's body.

Gusts of strong wind flew out from the Tusita heavenly Peak's suppression like blades, slashing in all directions!

Huala, Huala.

The entire River was cut into pieces.

Yunxiao and the others were also under the indiscriminate attack, and they were all trying their best to resist.

The crocodile narrowed its eyes and stared vigilantly. The wind blade was like a tonic to it, and it opened its mouth and swallowed it.

The Tusita heavenly peak kept making rumbling sounds as it spun, and finally, it completely crushed the giant Spirit's body. After spinning in the air, it flew back into Yunxiao's hand.

The wind blades that filled the sky slashed for a while before finally disappearing.

"D-dead?" Mu Jie looked at him in horror, and her fear of Yunxiao grew.

...

The five-colored mountain peak was a profound level weapon that had directly shattered the mountain-splitting heavens.

He didn't know how strong this giant spirit was, but that mountain-splitting heavenly ding was the toughest and most powerful pure strength-type puppet among all the puppets of the MU family. It was almost close to the physical body of a large success, but it could still be smashed.

His heart was about to collapse. What the hell was that five-colored mountain peak?!

Holding the mountain, Yunxiao said vigilantly, "Be careful! I've only scattered his body, but I'm still far from killing him!"

Other than the sound of water flowing, there was no other sound in the entire River. It was as quiet as a ghost town.

The black particles on the crocodile's body moved little by little. It was in a high state of tension, and bright red flames seeped out of it, flickering.

"Bang!"

The flame suddenly exploded, and countless sparks flew.

The crocodile let out a roar as if it was extremely frightened. Its body trembled continuously and it was shrinking rapidly.

Through Yunxiao's lunar pupils, he saw a layer of transparent wind emerging around the crocodile, constantly devouring its body.

He took out his sword case, and 36 swords immediately flew out to form an array. They densely surrounded the crocodile and trapped the astral wind.

...

Mu Jie and the others also moved in an instant. They quickly formed hand seals outside the sword formation and set up a barrier to prevent the astral wind from escaping.

Then, Yunxiao turned into a Thunderbolt and rushed straight into the sword array. The Thunderbolts that filled the sky rushed toward the crocodile, and a huge blue arm stretched out of the Thunderbolt to grab the crocodile's tail and pull it out.

On the other side, the giant spirit appeared and grabbed the crocodile's body with both hands. Half of it was already in its mouth.

The two of them were like a tug-of-war, their bodies growing longer and longer.

It finally exploded with a bang, turning into particles that filled the sky.

Yunxiao's eyes turned cold as he opened his palm and slapped it on the giant Spirit's body while shouting, "Five lightning strikes!"

"BOOM! BOOM! BOOM!"

Bolts of lightning streaked across the sky, blasting into the giant Spirit's body and exploding. In an instant, the sword formation was filled with lightning.

"Roar!"

The low sound of the wind howled, and a strong wind swirled within the lightning, blowing the lightning away. Finally, it condensed one by one and turned into a wind domain to resist the lightning.

Yunxiao performed an incantation gesture with one hand and pointed at the sky.

The sword array shone with a cold light. A boundless Sea of Swords spread out and turned into sharp sword edges that slashed down!

"Whoosh! Whoosh! Whoosh!"

The blade of the sword pierced through the wind domain. Although it couldn't seriously injure it, it was continuously consuming the other party's true essence and scattering the condensed power.

At the same time, the Tusita Heavenly Mountain was thrown out again, and the five-colored light illuminated the entire sword formation.

"Roar! Roar!"

A huge tremor came from the wind domain, followed by a low roar. It was obviously afraid of the Tusita peak.

The wind trembled more and more violently, striking the lightning in the surroundings and crashing into the sword array, trying to escape.

Yunxiao pointed at the sky with one hand and controlled the Tusita peak with the other. The collision force of the gale had stirred up his qi and blood, and he tasted a salty and sweet taste in his throat. His internal organs had been injured.

His eyes turned cold and his left hand flipped down.

The Tusita peak descended in an instant and smashed into the wind domain!

"BOOM!"

The entire whirlwind was smashed into chaos. Sharp wind blades flew in all directions, but they could not cut out the sword array.

Yunxiao hurriedly put down his hand and formed a defensive barrier with his fingers, but a large number of wind blades still cut through and only disappeared after hitting him.

"Gulu Gulu!"

A large number of black particles in the sky gathered together in a frenzy and quickly turned into crocodiles. They stood up and roared as they swallowed the whirlwinds.

After the astral wind giant spirit was smashed for the second time, it seemed to have lost its ability to gather energy for a short period of time and could only be eaten by the crocodile.

The crocodile's body grew bigger and bigger as it ate, and its eyes shone with excitement and ferocity. Soon, it had devoured all the astral winds.

"Roar! Roar!"

After it finished eating, it looked up to the sky and roared continuously, as if it was abnormally excited.

Yunxiao retracted the sword array, and the rest of the people pulled open the barrier. Only then did they all breathe a sigh of relief.

After the crocodile roared for a while, it returned to its four-legged crawling state and fell asleep with its head lowered.

Yunxiao kicked him as he cursed and said, "You'll only have this little bit of future in this lifetime!"

With a "PA" sound, the crocodile was kicked far away and fell on the river. It followed the current and went down, but it still looked like it was sleeping.

Yunxiao, 'hehe'.

Yuan gaohan said, "It has just swallowed such a powerful existence. It won't be able to digest it in a short time. That's why it has entered a long sleep. I'm afraid it won't wake up for a while.

Yunxiao looked in the direction where the crocodile was drifting, and a spot of light suddenly appeared in front of him.

“Could it be the exit?”

The few of them were overjoyed and hurriedly chased after the crocodile.

The light grew brighter and brighter, and it was impossible to see what was inside. However, it was obvious that it was a passage to the outside world.

“BOOM!”

With a low, trembling sound, everyone suddenly rushed over.

In an instant, the temperature plummeted, and a World of Ice and snow appeared before their eyes.

“The extreme North’s little frozen sky!”

Yuan gaohan shouted excitedly.

The entire world was covered in silver and white. It was made up of Jade and pink. The heaven and earth were one color. The atmosphere was surging. It was magnificent and beautiful.

Thousands of birds flew away, and thousands of people disappeared.

Everyone’s breath turned into white smoke as soon as they exhaled.

Yunxiao put the crocodile away and looked around with the power of the lunar pupil. it’s indeed a dead silence. There’s no sign of life. How do we find the ice essence? ”

“Since it’s the ice soul essence, it’s naturally the essence that’s formed after the cold energy is condensed to the extreme,” Yuan gaohan said. There should be a large amount of ice soul in this world

of Ice and snow." His eyes were filled with greed as he licked his lips and said, "If you can, move them all back."

Chapter 1706-little frozen sky

"Hehe, of course we can't waste it," mu Jie agreed.

Yunxiao's eyes suddenly turned solemn as he said, "Did anyone discover that this place is actually a city?"

Everyone's heart trembled, and they looked carefully.

Under the White snow, there were many signs of buildings, and the scale was extremely large. Everywhere his divine sense covered, it was full of ruins.

"This is an ..."

The few of them were stunned.

Lord mu Jie, brother Gao Han, " Yunxiao said. do you have any information? "

The two of them shook their heads.

"I only found the ancient map from the ancient books," Yuan gaohan said."As for whether there are people living here, I have no idea."

"And it looks like it's not a small city either. Perhaps it was once a famous giant city," mu Jie said.

let's figure out the terrain of this city first, " Yunxiao said. then, we'll find a way to find the ice essence.

that's right," Yuan gaohan also said. since there's a city, there's naturally a core. Perhaps there are ancient treasures that have been dormant for countless years waiting for us.

When the few of them heard this, they felt that it made sense, and their hearts began to heat up.

The five of them flew into the sky and began to explore the terrain in different directions.

Yunxiao flew for a while, but he did not find anything. The structure of the entire city was not complicated, but the material used to build it was quite different from the current one.

He looked down and shot out a flame from his hand.

The fire turned into the shape of a Phoenix and flew past the snow.

A large patch of white snow immediately evaporated, revealing a wide street.

Yunxiao flew down and stepped on the hard stone. He could not help but frown when he saw several corpses lying on the street.

Three human corpses and one beast corpse.

Without the Snow's ice and the rising temperature from the fire, the corpses began to change shape and rot. Then, they shrank into a mummified corpse and became unrecognizable.

Yunxiao carefully examined every corpse.

The final conclusion was that the three people had died at the hands of the demonic beast, and the demonic beast had been killed by a powerful sword Qi that had pierced through its back.

“What’s going on with this city? Even if there were a fight between demon beasts and humans, the bodies should have been cleaned up after the fight, so it shouldn’t have been left on the streets, unless it was a Suan ni.”

A conclusion came to his mind. That was, this battle had directly led to the destruction of the city and was thus buried in history. This was why the traces of the last battle were preserved.

“Swish!”

Suddenly, a hurried sound of something breaking through the air rang out. It shot straight into the clouds and exploded above the entire city.

Yunxiao’s face flickered. That direction was exactly where Yuan gaohan had gone, so he must have thrown out the signal when he encountered danger.

His figure disappeared in a flash.

He performed a dozen large-scale teleportations in the air in one go, then transformed into a bolt of lightning and fled at high speed.

In just half a cup of tea’s time, Yunxiao appeared in the sky above the signal and looked down.

Yuan gaohan was sitting cross-legged on the top of a huge building, a defensive barrier around him, struggling to resist the attacks coming from all directions.

Those attacks did not have physical bodies, but some strangely shaped spirits.

“Demonic soul!”

Yunxiao immediately recognized those spirits as the souls of dead demon beasts.

There were a total of four monster souls attacking Yuan gaohan. They were of the same shape and weren't very strong, but Yuan gaohan seemed to be extremely weak and couldn't hold on much longer.

Yuan gaohan sensed Yunxiao's presence at the first moment, and he said with great joy, " young master Yun, please save me! I can't hold on any longer!

With a wave of his hand, Yunxiao shot out four beams of flames toward the demon Souls.

The four demonic souls felt the extreme heat and all let out sharp and miserable cries. They plunged into the ground and flew into the building, disappearing.

"CAW!"

The flames flew past Yuan gaohan's body and slowly burned out.

Overjoyed, Yuan gaohan jumped up and flew to Yunxiao's side. He patted his chest and said, " "I almost died."

Yunxiao looked at his extremely pale face and asked in confusion, " "That demonic soul isn't that powerful. It shouldn't be a match for you. And with your spiritual power, even if you can't win, you should be able to easily escape."

Yuan gaohan glared at him and said,"what do you think I'm doing here?" He had escaped from there. I don't know what those four monster souls were formed from, but they're specialized in countering mental energy attacks. Under their joint attack, I can't even use teleportation."

"It's specialized in countering spiritual attacks?"

Yunxiao was taken aback, and then he seemed to remember something. "Could it be the dark Demon clan of the demon clan?"

“You’re right,” Yuan gaohan said in surprise. I’ve read about that form in an ancient book before. The dark Demon clan is very strange. They possess powerful mental power, and they specialize in devouring mental power for cultivation. They are very rare.”

Yunxiao frowned. but, why are the souls of the dark Demon clan here? ” And there are four of them.”

Yuan gaohan pointed below and sneered,”There are even more inside. I encountered at least twenty demonic souls, and when I teleported out, these four caught up to me and kept absorbing my energy, which was why I was trapped here.”

is it true? ” Yunxiao asked. was the last destructive battle here against the demons? ”

“It’s very likely.” Yuan gaohan nodded,”you should have found a lot of corpses along the way.”

it’s not strange that the city was destroyed after the war with the demons, ” Yunxiao said. what’s strange is how a large number of Demon Souls were produced. Then, do the souls of these humans still exist?”

Yuan gaohan was stunned for a moment before he burst out laughing,”How can it still be here? If there is, the two sects will fight again, and only one side will be left.”

...

‘That’s true,’ Yunxiao said. We should avoid these Demon Souls as much as possible. We can’t be bothered to find out what happened in the past and what happened now. It’s fine as long as it doesn’t affect the extraction of the ice essence.”

“If you think so, I’m afraid you’ll be disappointed,” Yuan gaohan said with a strange expression.

what? ” Yunxiao asked. what? ”

"I found the ice essence under this building," Yuan gaohan said. "I was overjoyed and was about to take it when a large number of Demon Souls gushed out from the ice essence. The reason why these demons would leave behind their souls after death was most likely related to the environment and the ice essence. The ice essence became their best home."

Demon Soul? " Yunxiao's face flickered. doesn't that mean we'll encounter a Demon Soul when we take the ice essence? "

"It's most likely so."

Mu Jie's voice was heard. He had also rushed over after seeing the signal. He took out a blue ice Stone from his sleeve, and said, " "I also encountered a demonic soul when I took this Ice Spirit."

"It's indeed the extreme northern ice Spirit, what a strong chill!"

Yunxiao's pupils constricted, and he looked overjoyed. Although he knew that there were many ice spirits here, he was still very happy to see them.

"I don't care what kind of Demon Soul it is. If it stops us from taking the ice essence, then it will die with us!"

Chen Yunyu and su lianyi also arrived one after another. The five of them immediately sneaked into the building in front of them.

...

From the internal structure, it could be seen that this was originally a Palace. The internal structure was very magnificent, but it had been frozen into ice crystals and was covered in silver.

Large amounts of ice and snow were frozen, sealing off the surrounding passages.

Yunxiao snapped his fingers, and a flame flickered on his fingertips.

The flames continued to expand and spread in all directions.

A “Hua la” sound spread out, and a large amount of white smoke rose everywhere. The shape of the palace’s interior was gradually revealed.

Although everyone had sensed that something was amiss when they entered, they were still shocked when their overall form appeared under the flames.

Carved beams and jade carvings appeared in the mist. On the dome, there was a carving of a Phoenix spreading its wings, a Green Dragon absorbing water, and a straight road slowly descending along the White jade steps.

The four walls of the hall were lit with crystal lamps, pearls were the curtains, and the pillars were inlaid with Platinum.

There was a huge Moon Pearl hanging on the dome of the hall. Under the illumination of the flames, the ice gradually melted and gave off a brilliant light, like the sun and the moon.

The White jade floor tiles under everyone’s feet were carved into the ground to form a Lotus. A huge five-stem lotus flower was in the center, giving off the feeling of a Lotus blooming with each step. It made people stop in their tracks and not dare to move forward.

“Is this Xuanji the Imperial Palace?”

Everyone was stunned, and Yuan gaohan’s eyes widened even more. He had come down once before and could feel the vast and magnificent surroundings, but he didn’t expect it to be so magnificent and luxurious.

The concept of “country” was not strong in the realm of heavenly martial arts, and there was not much difference between a country and a sect. Moreover, there was no ‘country’ among the powerful forces in the realm of heavenly martial arts.

In the Western Region, there was the ancient martial Kingdom that guarded the five Cloud Mountain, the neighboring Yin Chu Kingdom, and the East Han Kingdom that bordered the northern and eastern regions. They were considered the top three empires in the heavenly martial continent.

However, even among these three countries, other than the ancient martial Empire, who guarded the five Cloud Mountain and was supported by the sanctuary, the other two empires only had one main city. They did not have much of a reputation.

The magnificent scene in front of everyone was definitely not the structure of a sect. With a glance, they knew that it was the Imperial Palace of a 'country'.

Yunxiao came back to his senses. No matter how magnificent and powerful this place was in the past, it had become a speck of dust in history.

"Brother Gao Han, where's the ice Spirit?"

Yuan gaohan also came back to his senses and pointed to the passage at the side, "If I didn't remember wrongly, I should have encountered an Ice Spirit after entering this place, followed by a large number of demonic souls."

stop sighing, " Yunxiao said. let's go.

He was the first to walk into the passage. The divine flame turned into the shape of a child and flew in front of him, melting the ice.

The extreme northern ice essence was the essence of ice soul. It would not change after being roasted for a short period of time.

The group walked down the Jade steps. On the floating windows on both sides, there were many pictures that recorded the major events of this country. There were conquests, sacrifices, duels, cultivation, and various clan emblems that highlighted the ancient clans that had once existed.

After walking hundreds of meters down the stone steps, Yunxiao stopped.

There was an extremely large ice wall blocking their way. The flame child opened its mouth and spat out a ball of fire. It burned the ice wall, but it was unable to melt.

“?! It’s such a big piece of ice essence!”

Yunxiao’s eyes popped out, full of excitement and joy.

The ice wall was more than ten Zhang in both length and width, and its value was immeasurable if dug out.

Chapter 1707

1707 Guiding the demon Soul

“Don’t be happy too early,” Yuan gaohan said coldly. “Be careful.” The demonic souls that chased me before all came from here, and this ice essence is much bigger than you can imagine. It directly sealed the space inside.”

Yuan gaohan had come in through the narrow gap before and hadn’t seen it clearly. At this moment, his divine sense penetrated the wall of ice essence and felt the existence of the space inside. It was actually a large block of ice essence that had condensed and filled the entire space.

Only then did Yunxiao react. He looked over and saw everything clearly. After a brief moment of joy, he calmed down.

“Why is it that in the same Hall, only this place will produce ice essence? I’m afraid it’s not that simple. If I’m not wrong, there’s something else other than the ice essence inside.” Mu Jie analyzed.

“Do I need you to tell me that?” Yunxiao said. Aren’t there a large number of demonic souls inside?”

“I’m referring to other natural treasures, or rather, things that can produce ice essence,” mu Jie said gloomily.

“Did you carefully observe these embossed on your way here?” Yuan gaohan asked.

you mean the state of their country? ” Yunxiao asked. what do you mean? ” There was already a large number of demons in the first place. It seemed to be a country where humans and demons lived together. Later, for some reason, there was internal strife. Unfortunately, the relief embossed ended when the last king succeeded the throne.”

Yuan gaohan nodded. it seems like the problem lies with the last king. It’s a pity that there are many ancient characters on the mural that can’t be recognized. Otherwise, we could have found some information.

On the last embossed, a young king was sitting on a throne, receiving the worship of the people.

Behind him was the young Queen, beautiful and lifelike. Through the craftsmanship, one could almost feel the chill of the Queen.

In the distance, a large number of demons were watching. They were just there to watch the show.

It seemed that even though humans and demons lived together, the demon race did not submit to the king of this country.

Mu Jie said,“I can recognize these words. They’re the common characters used in the extreme north in ancient times. There’s no record of any events, only some names.” The new king’s name is Feng Yaoli, and the Queen is called Shuiyan Luo.”

Yunxiao trembled and said in horror, ” “What? What do you think the names of the King and Queen are?”

An indescribable emotion spread in his heart. Although he had already confirmed it, he still found it hard to believe.

“What’s wrong?” Yuan gaohan and the others were all frightened by his appearance.

On the murals on the two sides of the passage, the figures of the calamity tower clan appeared many times.

“Why are there so many disasters everywhere? Could it be that this race was mass-produced in ancient times?”

Yunxiao pondered for a moment and immediately denied it. Powerful races must be scarce in number, or the balance of the world would be broken.

Li Yunxiao, what’s going on? did you think of something? ”

Yuan gaohan became impatient, urging him to quickly speak.

it’s nothing, ” Yunxiao said. it’s just that under this cold ice wall, I can’t help but want to draw my sword and dance. I want to show off my peerless heroic figure to my heart’s content.

Everyone wanted to beat him to death.

Sensing the anger of the crowd, Yunxiao wiped his sweat and briefly told her about the origin of the cold sword, Ice Frost.

The few of them were dumbfounded and could not help but look at the sword in his hand.

Yuan gaohan said, ” I’ve always found your sword strange. Its sharpness is unparalleled, and it’s also cold. There’s no record of it in the ancient books. It turns out that it came from this small icy sky in the extreme north, and this place is called the country of snow.

Mu Jie said, ”then the matter is simple. The entire snow country must have been destroyed after that disaster.” That’s why it’s like this now.”

look at these embossed carefully, ” Yunxiao said. how many are there? ” He didn’t tell them about Huo Dou’s remnant soul in his right eye.

“A few? Haha, Yunxiao doesn’t know the demon race well.”

Yuan gaohan sneered. Huo Dou is extremely famous among the Yao. Every time it appears, it can stand on the stage of history. It can only appear once at a time, without exception.

“One!”

Yunxiao’s pupils constricted as he said in a serious voice, ” “If there’s only one, does that mean that the parents have to die when the son is born?”

Yuan gaohan said, ” although Huo Dou is called a clan, in fact, only demons who have inherited their talents can be called Huo Dou. The others are all extremely weak. They can’t even transform into demons. In other words, the huodou clan can only produce one powerful being who can transform into a demon at any time.”

so, even if he’s Huo Dou’s son, it’s very likely that he’s a good-for-nothing? ” Yunxiao frowned.

“That’s right,” Yuan gaohan nodded. This is a completely hidden bloodline inheritance. I don’t know when one will appear, but I’m sure that there will only be one in the same generation.”

“What if two of them appear?” Yunxiao asked.

“That’s impossible,” Yuan gaohan shook his head.

Yunxiao fell into deep thought. Shang had been sleeping for tens of thousands of years, so he could be considered to have traveled through time. If there was also a calamity among the demons now, wouldn’t they meet?

Or if Shang did not die, there would not be a second one?

Yunxiao felt that it was a little strange, but he did not care about it, so he threw it to the back of his mind after thinking for a moment.

...

“Since I’ve obtained this sword, I’m also considered a fated person of the snow country. Perhaps it was heaven’s will that guided me to collect these ice essences. Since that’s the case, heaven’s will can’t be disobeyed, so I won’t be polite.”

Yunxiao licked his lips and looked at the ice essence with shining eyes.

“You’re a damn hooligan!” Yuan gaohan cursed. “I really don’t understand how you got so many good things!” Let’s not talk about it anymore. Let’s quickly find a way to dig this Ice Spirit out and be careful of the demon Soul inside. Since all of Huo Dou’s remnant souls are in your sword, there’s nothing to fear from the souls of these little monsters.”

“Well, I’ll try to see if I can cut out this Ice Spirit.”

Yunxiao raised the cold sword and thrust it in. With a crisp clang, the tip of the sword slowly penetrated an inch.

“Sure!”

Although the resistance was great, at least there was a way to retrieve it. Yunxiao tried his best to thrust it in.

Suddenly, with a clang, the hissing of Demon Souls came from the ice wall. Then, a large number of wandering souls flew out from the wall where the moon eye could see.

Yuan gaohan and mu Jie also discovered this and shouted in surprise, “Be careful!”

it doesn't matter," Yunxiao sneered. they're just some wandering ghosts. It's just the right time to send them to heaven.

His left hand formed a series of hand seals and pointed at the sword. Immediately, rings of sword runes spread out and went into the ice wall.

...

The speed was not fast, but it rippled like water as it ran over the demon soul's body.

The demon Souls cried out in fear, and their bodies twisted. They were obviously injured by the sword patterns, but they still rushed out.

"Ji Ji! Ji Ji!"

More than a dozen Demon Souls surrounded Yunxiao, screaming and attacking him.

More and more souls flew out.

"You're so noisy!"

Yunxiao performed an incantation gesture with one hand, and a strong electric current ran through his body. Arcs of light kept bursting out of his body, and those Demon Souls did not dare to approach him.

But, there was also a powerful one. A red demon Soul gradually transformed into its original form, roaring as it slammed its palms down toward Yunxiao's head.

Yunxiao changed his hand seal into a palm technique and slapped over his head with one hand.

"Bang!"

A golden light shot out from his palm and collided with the red light, forcing the demonic soul to retreat.

At this moment, several more powerful auras came from the ice wall. Yunxiao looked through them, and finally, a serious look appeared on his face.

This Ice Spirit was the home of these Demon Souls. When it was destroyed by external forces, it attacked them with all its might, becoming extremely violent.

It was unknown how many tens of thousands of years had passed. They might have lost their initial consciousness and were only left with protecting this patch of ice spirits and their own residence.

“Since you’re already dead, why stay in this world?”

Yunxiao pulled the sword out and flew back. Then, he performed a sword incantation gesture, and a cold light appeared, placing himself in a Sea of Swords.

He then stabbed his icy sword into the ground and formed an incantation gesture with one hand before spitting out a string of dark words.

Outside the Sea of Swords, a golden light suddenly appeared and formed the text of the great expansion divine technique, flickering incessantly.

Their eyes almost popped out of their sockets.

Yuan gaohan felt as if his neck was being strangled and he screamed, “The ancient Maha word! The complete Maha ancient scripture!”

Mu Jie’s mind was also greatly shaken. He naturally recognized the ancient Maha character, and those that could appear in chapter were all earth-shaking great divine powers.

Following the appearance of that great expansion divine technique, a soul force fluctuated in the air.

All the demonic souls quieted down. The violent aura was dissipating. Even the red demonic soul that had been pushed back and several powerful auras that had just appeared quieted down, as if they were listening.

Yuan gaohan swallowed his saliva and said with difficulty, "He's guiding these Demon Souls!"

Chapter 1708-water mist radish

Mu Jie was shocked, "extraditing Demon Souls?" How, how is this possible!"

"The soul is made up of pure energy and consciousness," Yuan gaohan said. After a long period of time, these Demon Souls did not have much consciousness left. They were almost instinctive consciousness and energy bodies. And Yunxiao's Maha ancient scripture was in a mess.

His face turned pale as he gritted his teeth and said, " "It should be a soul-refining divine ability! Damn it, he actually had such a precious treasure and hid it from me!" His eyes were red, like a hungry wolf staring at meat, and he kept swallowing his saliva.

Mu Jie and the others were also completely stunned. Although they did not know much about it, they knew that it was something very powerful, but they did not understand it.

Under the power of Yunxiao's divine incantation, those Demon Souls began to dissipate their consciousnesses and return to their most original soul power, scattering in the air bit by bit.

The red demonic soul's body trembled slightly, and it seemed to be in a daze as it froze in the air.

At this moment, four more powerful Demon Souls appeared. They also stood quietly, feeling the power of purification.

Yunxiao's forehead was covered in cold sweat, and his physical strength was gradually running out. He raised his eyes and cursed in his heart, " Why haven't these five stubborn old men gone to heaven yet?

After half a cup of tea's worth of time, the red demonic beast began to gradually calm down, turning into a mass of pure energy and dissipating.

"I can't hold on any longer!"

Yunxiao suddenly cried out. The runes scattered all over the sky, and he instantly retreated.

The four demonic souls' originally calm gazes suddenly tightened, and they emitted a violent aura.

Yuan gaohan and the others were watching attentively and were startled by his sudden shout. They also ran back while cursing, "If you don't have the ability, then don't show off!"

don't run! Yunxiao said in a hurry. fight!

Only then did the four of them come back to their senses. They immediately stopped and vigilantly looked at the four Demon Souls.

Mu Jie flew up and rushed towards one of the demon Souls. "There are four of them, one for each of us,"

Chen Yuyu and su lianyi didn't say a word as they aimed at one and attacked.

The last man roared and rushed at Yunxiao and Yuan gaohan.

Yunxiao's face turned pale. He was too lazy to do it himself, so he summoned the evil spirit and had it face the enemy.

Yuan gaohan suddenly let out an "eh" sound and said, "They are actually the same kind."

It was only then that Yunxiao discovered that the demon Soul looked like an evil spirit, an ugly demon.

The evil spirit and the demonic soul were also stunned, especially the demonic soul, who looked stunned and didn't know what to do.

wow, wow, how dare you look like me? die! The evil spirit swung his axe.

The wandering soul was split open on the spot. It seemed to still retain the undying characteristics of the ugly demon race. After being split open, it immediately split into two and bit at the evil spirit with a roar.

Yunxiao took some pills and recovered some of his primordial Qi, then looked at the ice Spirit. The space inside seemed a little unusual, but he could not see through it.

"The structure of this ice essence is extremely hard," Yuan gaohan said. "No wonder it's an indispensable raw material for refining divine refined steel. I'm afraid it'll be very difficult for you to open this space with this sword lever. Why don't you use the star slasher to hack it in half?"

in that case," Yunxiao said, " I'm afraid everything inside will be destroyed.

Yuan gaohan said, " do your best to aim at the side. Moreover, our goal is only this ice essence. If we can have additional items, we will. If we can't, it's fine. I hope to quickly take out the ice essence and leave this place to refine the divine steel!

Yunxiao's heart was burning as well. He gritted his teeth and said, " "Alright, we'll do as you say and completely split this place open!"

He raised his cold sword, frost, and countless runes danced in the air. The entire Palace's passageway instantly darkened.

A sea of sword Qi spread out.

The four people who were fighting intensely in the distance all felt the sword essence and were secretly shocked.

All the power of spacetime seemed to stop the moment the sword momentum was raised. The entire world seemed to shrink in that sword.

The cold light shone on the water, and the sword blade was transparent.

Yunxiao suddenly had an illusion in his heart. When the sword was raised, it seemed that the shadow of the water-smoke radish had appeared in it.

However, this feeling was instantly rejected. He focused his mind and body on the sword, becoming one with it.

“Sword slash-stars!”

He spat out these four words from his thin lips. The vast sword force flashed continuously, and all the rules in the entire space gathered. The first to be impacted was the passageway. With a rumble, it was completely split open, and the ground began to crack along with the sword force.

“Boom boom boom!”

Countless buildings in the palace were instantly reduced to ashes. The terrifying sword force struck the ice wall and crushed it without any hindrance.

“BOOM!”

All the ice spirits in front of him seemed to have exploded, turning into countless pieces and flying in all directions.

As Yunxiao’s sword cut through the palace, everyone was exposed to the silver-clad sky. A dark crack stretched across the ground, like a crack on a silver robe.

Everyone was shocked by this sword. The demonic souls also stopped their attacks and turned around to look.

A secret chamber emerged from the inside of the ice essence. Although half of it had been cut off, Yunxiao had controlled his strength and cut off the side by relying on his senses.

At this moment, the scene inside the room stunned everyone.

The ground was chiseled with a huge figure of a woman sitting on a Lotus with thousands of eyes and hands, half of which had been cut off by Yunxiao.

A giant body floated above the pattern. It was Huo Dou, who had golden and silver horns and was covered in scales.

It was lying quietly in the air, its body neither rotten nor rotten, as if it was in a deep sleep.

The four Demon Souls were shocked. They quickly flew back and circled around Huo Dou's body, letting out shrill cries.

"Is ... Is this thing dead?" mu Jie was shocked.

Yunxiao's face was a little unsightly as well, though no one knew if it was because he had consumed too much energy or for some other reason. hurry up and collect the ice essence. We'll leave once we're done. Whether they die or not is none of our business.

The sword in his hand suddenly trembled with a "clang" and let out an even more shrill and sharp cry. Circles of sword patterns uncontrollably spread out.

...

what's wrong, li Yunxiao? " Yuan gaohan asked in surprise. what's wrong? "

Yunxiao's hand trembled violently, and he could not hold the sword steadily. The ice and frost on the sword flew out of his hand and spun in the air.

I'm afraid it's going to be troublesome," Yunxiao said in a deep voice.

He raised his palm, and countless golden lights floated in the center of his palm, and he suddenly slapped forward.

The cold sword and frost flew to the sky above Huo Dou, constantly emitting sword patterns. Then, a circle of light condensed into a world and suddenly expanded.

"BOOM!"

The boundless Palm Power landed on Huo Dou, but it was blocked by the sword realm power 30 feet away.

"What's going on?" Chen Yuyu asked in surprise. The sword protected Huo Dou by itself? Wasn't it the one who killed it back then?"

"That's just a legend," Yuan gaohan replied in a deep voice, "no one knows what the truth is. The most troublesome thing now is, won't this thing come back to life?"

Just as everyone was worried, a silver bell-like melodious female voice slowly sounded in the air.

"On the ninth day of the Lunar New Year, the Shaer spirit

...

The female voice was obscure and difficult to understand, and everyone was frowning as they listened.

93 RI 62 Huang Li *****"

Just as he was immersed in the voice, the shadow of a woman appeared on the ice sword. She sat cross-legged in the air and formed a seal with her hands, turning into the image of a thousand hands and a thousand eyes.

what?" Yunxiao was shocked. this ... This is a Pixiu!

Mu Jie was also taken aback. Like Yunxiao, he had seen someone use such a divine ability in two world Mountain. Duanmu Cang!

This thousand eyes and thousand hands palm was exactly the same as the one that Duanmu Cang had displayed back then.

this divine ability is so strange," Yunxiao said solemnly. it's impossible for them to be wearing the same clothes. Duanmu Cang and this Shuiyan Luo must have been inherited from the same lineage!

Shuiyan Luo's illusory figure was in a trance. As she chanted an incantation, the light from her thousand hands shone like the sun and wheel, shrouding Huo Dou's body.

Then, a soul light shot out of the sword and flew into Huo Dou's body.

Yunxiao could clearly see that the soul light was the remnant soul of Huo Dou. "Not good, he's really going to be resurrected!"

Yuan gaohan's expression also turned ugly,"What do we do? Should we go or attack?"

Yunxiao's eyes darkened as he said coldly, " Naturally, I've made my move! I can't lose my sword!"

"This sword might be Huo Dou's, or at least Shuiyan Luo's. What does it have to do with you? you're just snatching her things," Yuan gaohan said angrily.

it might have been theirs countless years ago," Yunxiao snorted. but in this era, it's mine. This isn't the same as the past, not the people of this era. Why do you have to force your way here?"

He raised his hand, and the Tusita heavenly peak flew out slowly, directly smashing towards the dipper.

“Clang!

The body of the sword rippled rapidly, giving off an ear-piercing sound.

The sword enchantment continued to disperse, turning into a round and solid green light.

“BOOM!”

The Tushita Heavenly Mountain landed on the barrier, causing the ice and frost on the cold sword to tremble violently. The illusion of the Shuiyan Luo also rippled like water, as if it was going to disappear at any moment.

“BOOM!”

The sword barrier only lasted for an instant before it exploded, and the shadow of the water mist radish dissipated.

The barrier’s power transformed into boundless sword energy and slashed outwards!

The five of them were shocked and hurriedly dodged, not daring to take the power of the sword essence head-on.

After tens of thousands of swords rained down, everyone looked over and saw that half of the secret room had completely collapsed. Huo Dou’s body had also disappeared, leaving only the ice sword stuck in the ground. It looked lonely, cold, and arrogant.

“Indeed, the more you fear, the more likely it is to happen!”

hurry up! Yunxiao's face was livid. collect the ice essence and leave!

That Huo Dou was most likely going to be resurrected. Back when the snow nation existed, there were godly state experts, but even they couldn't subdue this thing. He didn't want to face it.

The four of them hurriedly collected the ice essence fragments around them, while Yunxiao rushed forward and grabbed the hilt of the sword.

"Clang"

Another sword energy was condensed on the sword, turning into the power of a boundary, blocking his hand, as if unwilling to leave with him.

"F * ck, you won't screw up and betray me at this critical moment, right?"

Yunxiao's eyes shone with a cold light as he clenched his fist, his fingers turning golden as he clenched his fingers into the sword.

The sword trembled violently, and a boundless cold and violent aura spread out, constantly resisting his power.

Chapter 1709

1709 Feng Yaoli

be good, don't mess around. Have you forgotten the happy times we had on our way here?"

Yunxiao kept persuading Leng Jian and Bing Shuang, clenching his fingers even tighter and touching the hilt of the sword through the sword energy barrier.

Suddenly, a strong current came through the hilt of the sword and hit his hand. His whole body was shaken off as if he had been electrocuted.

He was shocked. Looking at it, the body of the sword began to change. It became as white as snow and emitted a cold intent that chilled people's hearts.

"This young master doesn't believe it!"

An unyielding stubbornness welled up in Yunxiao's heart as he rushed forward again.

Suddenly, an extremely powerful demonic energy came down from the sky, and the entire space was pressed with layers of wrinkles.

His body froze. Under this pressure, he was also in a daze. Space-like ripples appeared on his body, rippling from top to bottom.

An unusually dangerous aura surged in his heart.

He immediately circulated the tyrant body tempering technique, causing his bones, bones, and muscles to tremble violently, shaking off the suppressive force around him.

Then, his eyes narrowed, and his spiritual power was raised to the peak as he teleported away.

"BOOM!"

Where he had been standing earlier, an extremely violent force fell, directly smashing a huge pit in the ground.

The pit was in the shape of a palm, about half a mu in size, and it was so dark that the bottom could not be seen.

Yunxiao appeared in front of the pit and looked at the cold sword from a distance.

Then, a huge black shadow slowly descended. The surging demonic Qi spread in all directions, shocking everyone.

The other five people also flew over in an instant and stood next to Yunxiao, staring at the huge creature in front of them in horror-the true form of Huo Dou!

wow! the evil spirit exclaimed. what kind of demon is this? the demonic aura on his body is stronger than mine! Young master Yun, can you help me get this body?"

Yunxiao's face darkened as he said coldly, " "Alright, you go up and kill him first."

The evil spirit was shocked and said,"are you serious?" You're not lying to me, are you?"

Yunxiao narrowed his eyes and nodded with a sincere look. "Of course it's true. If I don't cut him down first, how can I let you possess me? You take the lead, we'll cover you."

The evil spirit had a look of disbelief and said, " "Why am I the first one to fight, and you guys are not? Why don't we switch? I'll Cover You guys."

Yunxiao thought to himself,'it seems that this stupid thing is not that stupid.' He snorted coldly. it's not like we're coveting this body. If you want it, then take it. If you don't want it, then forget it.

The evil spirit was stunned. don't, don't, " it said hurriedly. I'll take the lead. I'll take the lead.

Although he was a little scared, the powerful aura coming from this giant body made his heart palpitate.

Greed grew and spread in his heart. He couldn't help drooling as he looked at Huo Dou's real body. He made up his mind and said firmly, " "Good! I'm about to attack, remember to cover me!"

Yunxiao and the others all looked at him with a 'don't worry' look.

The evil spirit roared, and its aura rose to its peak. It charged forward, raised its axe, and chopped down at Huo Dou's head.

"Go to hell! Leave your body behind for Grandpa!"

"BOOM!"

The huge axe landed on Huo Dou's horns, and a huge light spread out.

Huo Dou's eyes had been closed since he landed.

After the axe hit his head, he slowly opened his eyes. His gold and silver eyes were like a pair of horns, flashing with a heart-palpating light that could see through people's hearts.

Yunxiao and the others all sucked in a cold breath and cursed in their hearts, then turned and retreated.

The evil spirit was horrified, " how is this possible?! You're fine after taking a blow from my axe!"

The blade of the axe had already penetrated half an inch into his head, and there was blood oozing out. However, it was obviously just a superficial wound.

Huo Dou's eyes glowed with gold and silver light. He raised his hand and tried to grab the ice sword.

The sword was stabbed into the ground and kept on vibrating.

He suddenly put two fingers together and pointed at the sword. Instantly, an extremely sharp light shot out from the sword and slashed at the evil spirit.

"Wahhhh, cover me!"

Sensing the danger, the evil spirit cried out, hurriedly put away his axe, and fled backward. When he looked over, he found that Yunxiao and the other three had already retreated thousands of feet away.

“You, you guys are so stubborn!”

“Swish!”

The sword light instantly cut the evil spirit’s waist, cutting it in two and causing it to fall from the sky.

what? ” Yunxiao was shocked. this is too brutal! The body of a great demon can’t withstand a single sword Art?”

The few of them felt a chill run down their backs and their bodies turned cold. They thought about how terrifying it would be if the sword had landed on them.

“Gulp.”

“You tricked this fool into testing the sword? aren’t you being a little too vicious?” Yuan gaohan gulped.

Yunxiao gave him a cold look and said, ” “Since you’re so kind, then go ahead and invite Lord Yuan gaohan to test the strength of this Huo Dou.”

Yuan gaohan immediately shut his mouth.

“That big demon was only concerned about running away, so it was cut in half by a sword,” mu Jie said. If he had some fighting spirit, he wouldn’t have died so tragically.”

The two halves of the evil spirit’s body that had fallen to the ground suddenly trembled, and countless pieces of flesh and blood burst out of them, turning into two evil spirits. They climbed up from the ground and fled toward Yunxiao.

“Ah?”

...

Yuan gaohan and the others were all dumbfounded.

Yunxiao was the only one who knew that he had the body of an ugly demon and the talent of immortality.

“Wow, wow, that’s so scary! You scared me to death!”

The two evil spirits ran over, their faces filled with fear.

Yuan gaohan and the others, “hehe.”

Looking at the two evil spirits, one of them even holding an axe with both hands, everyone’s heart collapsed.

Even Huo Dou raised his brows slightly, a thoughtful look flashing in his eyes.

The four wandering souls flew around Huo Dou, chirping non-stop.

“The eight demonic tribes.”

Huo Dou looked at the four wandering souls and finally spoke slowly.

Yunxiao and the others were startled as they stared vigilantly at Huo Dou.

...

The other party's expression was as if he had been in a deep sleep for countless years and was constantly waking up from his drowsy state. The scar on his forehead had already formed a scab, and his eyes were constantly becoming clearer.

The four wandering souls trembled as if they were struggling, and their screams became even sharper.

Huo Dou stretched out his hand and spread his fingers.

A Circle of Blue light rippled out from his palm, and the surrounding space was frozen. The four wandering souls were instantly frozen.

A layer of blue ice crystals had formed on most of Huo Dou's body. White smoke was coming out of his nostrils, and the light in his eyes was getting more and more exquisite.

a remnant soul of the monster race's eight actually left behind. It's truly a strong will.

Huo Dou said, as if he was thinking about something. He mumbled, "it's a pity that the king you're protecting is already dead. His remaining soul is now my slave.

"Bang!"

The ice crystals exploded and the four demonic souls disintegrated into countless ice shards.

Yunxiao and the others were shocked. The words just now contained too much information, and the trouble-maker in front of them was not a trouble-maker.

"Clang"

Huo Dou clenched his fingers, and the ice sword flew into his hand, letting out a joyful cry.

Sorrow flashed in Huo Dou's eyes as he said with a pained heart, "Yan Luo, my beloved wife will definitely bring you back to life!"

Yunxiao thought quickly and said in horror, "Feng Yaoli! You are the monarch of the snow country, Feng Yaoli!"

Huo Dou raised his head and looked down at Yunxiao with a pair of lightning-like eyes. A powerful divine sense locked onto Yunxiao as he said, "Who are you? You actually recognize this Lord."

The hearts of the five people shook violently.

Yunxiao finally understood why the ice sword was unwilling to go with him. It turned out that its true master was here!

I understand," Feng Yaoli said. you are the intruders of this era. The person who will bring back Huo Dou's remnant soul and Yan Luo for me. Speaking of which, this Lord has to thank you all."

it's nothing," Yunxiao said hurriedly. you're welcome. It's nothing. If you really want to thank me, why don't you give me the sword in your hand?"

"Oh? You want it?"

Feng Yaoli raised his sword, looked at it affectionately, and said, "I can't do that. This sword means a lot to me. If you really like it, then follow this Lord and conquer the world with this Lord!"

A heroic aura shot out from his eyes.

since you don't want to give it up," Yunxiao said in embarrassment, "forget it, Sir. Just remember that you owe me a favor. I suddenly remembered that I still have very important things to do. Goodbye, we'll meet again."

He gave a look, and the other four people understood and hurriedly escaped.

“Don’t you dare leave!”

go! Feng Yaoli shouted and slapped down.

Suddenly, the sky cracked and the earth cracked. Countless ice crystals shot out from the ground like bamboo shoots after a rain, turning into ice peaks that pierced into the sky.

The five of them were immediately blocked. The extremely cold aura on the ice Peak penetrated into their bones, and even their palms were cold.

Your Excellency has just woken up, ” Yunxiao said hurriedly. I’m afraid you still have a lot of things to deal with. You don’t have to keep us for tea.

yes, yes, ” the evil spirit said hurriedly. the tea doesn’t taste good. It’s bitter. His body had also fused back into one.

my country has snow tea, ” Feng Yaoli recited. I haven’t had it for many years. I really miss it.

Huge snowflakes fell from the sky. His face was full of reminiscence as he stood proudly in the snow.

Yuan gaohan gave Yunxiao a look.

Yunxiao shook his head. He understood what the other party meant, which was to ask Ye Fan to use Noah’s ship as soon as possible. But at the moment, Ye Fan was still in seclusion, so he did not want to disturb him unless it was absolutely necessary.

“It seems that I have to drink this tea even if I don’t want to,” Yuan gaohan sighed.

I can feel that there’s still a remnant of Huo Dou’s soul in your body, ” Feng Yaoli said. give it to me, and I’ll become the Supreme body!

Yunxiao was taken aback, and his right pupil constricted as he said, " you've already taken over Huo Dou's body. What's the use of that soul? "

it's fine to tell you, " Feng Yaoli said. I can't control the body of calamity. I have to use its original soul to control it. Back then, Huo Dou's original soul was split into three parts. One was in my hand, one was sealed in the ice sword, and the last one was taken away by that person. Now that you have a third soul fragment in your body, you must be that person's successor!"

who is that?! Yunxiao cried out in surprise. who is that?!

Feng Yaoli frowned. Oh? what? you don't know? " he asked. Then where did the remnant soul in your body come from?"

Yunxiao thought to himself. When the people of the Lu family told him the story of the snow country, there was another key figure, the man who could peer into the past and the future and really create the cold sword, frost!

Chapter 1710-siege

Seeing that he was silent, Feng Yaoli said, 'it doesn't matter whether you're that person's successor or not. The trajectory of fate is just as predicted in the past. The heavens have returned to the snow country, and this King has once again returned to the earth. No one in the world can stop me!"

"And the choice of fate is at your feet. Those who follow me will follow me to rule the world. Those who defy me will use your blood as an offering to the divine sword in my hand!"

you've slept for too long, " Yunxiao said coldly. your brain is muddled, isn't it? "

you! Feng Yaoli was enraged. so, you've chosen to sacrifice your blood to my divine sword!

The cold sword of ice drew a trajectory in the air and slashed down.

“BOOM!”

The huge group of ice seals was directly shattered by this sword. The vast sword force swept across the world and the entire snow country seemed to be split open by this sword!

“So strong!”

The few of them were all greatly shocked. This guy was definitely immortal level back then without a doubt. It was just that he had just awakened and the world had changed greatly, so he couldn't unleash God-level power.

“Eh? This heaven and earth is in a disdainful mood.”

what are you doing in the snow nation?! Feng Yaoli's expression changed drastically. He shouted angrily.

The sword slashed down again, and the huge sword energy shattered the vacuum. Under the terrifying sword force, the five of them were as small as ants.

“BOOM!”

The entire ground was lifted up, and countless ice crystals shattered into pieces and shook the sky.

Feng Yaoli's face was filled with shock as he said, ” “There are no rules of the ten directions in this world! Where is the snow nation now?”

Yunxiao and the others were even more horrified. Even without the rules of ten directions, the sword could still have such a powerful force, and the power of the aftershock made everyone's blood and Qi surge.

“Since you don't obey this Lord, then die!”

Feng Yaoli leaped up. This time, he did not attack with his sword, but stared at Yunxiao and slashed down!

Because Yunxiao had the third piece of Huo Dou's soul fragment that he needed.

The danger of death spread in his heart. If he took on this sword in his current state, even if he didn't die, he would be crippled. He could only summon Che You to fight.

"Eh, what a powerful force. Is this the power of the God Realm?"

Che You's expression was also serious, he formed a hand seal and the Xumi Anatta was unleashed. The sky was filled with desolation.

"True Dragon's sword-dustless."

Once the sword technique was used, the heaven and earth became clear, without self or form, without a speck of dust.

What? " Feng Yaoli's pupils constricted. You have a Saint weapon! he exclaimed.

Even in the years of a deity realm expert, a Saint artifact was an extremely rare item.

Moreover, Che You's true dragon sword had a profound sword essence that shocked him.

"BOOM!"

The two sword Qi collided with each other. One move was overbearing and powerful, while the other was ethereal and ethereal.

A huge amount of stellar energy shot out and pressed towards Che You, he was actually at a disadvantage.

“Damn it!”

Che you gritted his teeth and took out the heaven and earth oblivion with his left hand, unleashing a Thousand Autumns peak, shattering the stellar energy.

Then, in a flash, he appeared in front of Feng Yaoli and slashed down with his two swords.

“Bang!”

The three swords shook together, and the sword wind whirled, constantly slashing at the two people, shaking their scales and making them roll. The sound of collision was endless.

“A Dragon Demon?” Feng Yaoli’s eyes turned cold.

His left hand conjured a spell, his index and ring finger pointed down at the same time and the temperature of the entire space dropped to the extreme. Che you was instantly turned into an ice sculpture.

Feng Yaoli sneered. He retracted his cold sword and slashed vertically.

“What a joke, you want to freeze my true dragon celestial body with this little temperature!”

The ice crystals instantly shattered as che you blocked the attack with his swords.

“Bang!”

The ice sword clashed with the two swords again and che you felt his arm go numb. His opponent’s strength was beyond his imagination and his body was forced back a thousand feet.

“I’ve always heard that the demon clan’s Huo Dou is very powerful, but I didn’t expect it to be so strong!”

it’s indeed very troublesome. Don’t worry about your face anymore. Everyone, come out and beat him up!

Yunxiao called out all the people who could still fight in the divine realm tablet, including the ministers, beifeng Nan, DarkThunder, and sky-patrolling bull.

In the distance, mu Jie was dumbfounded. She was shocked and said, “Saint artifact, you have a Saint artifact!”

Chen Yuyu sneered and said, “ look at your country bumpkin appearance. Why are you in a daze? why don’t you join forces and attack together? otherwise, you’ll all die Here!

All of them surrounded Feng Yaoli at once. Suddenly, their momentum soared to the sky, overshadowing the demonic Qi.

let’s attack together! Yunxiao sneered. even a real immortal state warrior will be defeated today!

Feng Yaoli seemed to have realized the trouble as well. He stood there coldly with his sword in hand, not moving an inch.

The evil spirit roared, “ this guy even tried to cut me with a sword just now! Everyone, go and cut him to death!

Although he shouted fiercely, he did not dare to step forward.

Everyone was also watching with rapt attention, ready to strike at any moment.

...

“Do you think you’ll be able to do anything just because you have more people?” Feng Yaoli sneered.

His eyes flickered with golden and silver light, and a Taiji diagram appeared in the air. It instantly expanded to several acres in size and pressed down.

“Not good, quickly leave! It’s the innate divine ability of the huodou clan-the Taiji heaven-sealing seal!”

Yunxiao cried out in surprise. He had seen Shang use it several times.

However, it was too late. As soon as the Tai Chi diagram appeared, the entire world was locked down. Everyone trembled and could no longer move.

“What? This innate divine ability, Kasaya, is too abnormal!”

Che you was extremely shocked, even his true dragon Force was having a hard time circulating, every movement required hundreds to thousands of times more energy.

The rest of the People’s faces also changed greatly, and they suppressed everyone with one move.

don’t panic,” Yunxiao said in a hurry. once the Taiji sky-sealing seal is used, Huo Dou’s Origin Energy will be sealed as well.

Upon hearing this, the fear in his heart eased. Otherwise, he would be waiting to be slaughtered.

Feng Yaoli’s eyes narrowed, and he said coldly, “It seems that you’ve done some research on the huodou clan, but unfortunately, you’re wrong. This technique doesn’t seal one’s origin power, but rather, it consumes a huge amount of energy, making even a person with a calamity tower’s body extremely weak after using it.”

...

What's the Difference? " Yunxiao said coldly. is there a difference? " In an environment without reinforcements, wasn't using this move a very stupid move? When your energy is depleted and you can't support your divine ability anymore, that's when we'll make our move."

"Haha, attack? The biggest joke ever!"

Feng Yaoli laughed wildly. He clenched the sword in his hand, and a wave of sword energy spread out.

Everyone's expression changed drastically, and Yuan gaohan exclaimed, "Why are you so cowardly?"

although my body is a disaster, " Feng Yaoli said coldly, " using the sky-Sealing Stamp is only activating the power of this body, not my true power!

The ice and frost on the cold sword were constantly stimulated in his hand, and the cold light and sword Qi turned into sword energy that spun in the air.

Everyone's faces turned ashen. Under such circumstances, being struck by the sword essence was certain death!

"Proud Sword Art!"

die! Feng Yaoli shouted, and the ice sword slashed down. The huge sword energy swept across the sky, heading straight for the crowd.

Everyone's heart sank, and the danger of death shrouded everyone's heart.

"It wasn't easy for me to be free, but I haven't even had a few moments of freedom before I'm going to die in this strange place," che you said bitterly.

don't be so dejected! Yunxiao scolded. he's not dead yet!

“What?”

Everyone’s heart trembled as they hurriedly looked over.

A burly figure appeared in front of Feng Yaoli and grabbed the ice sword with his hand. The sword energy was destroyed.

“Bang!”

The sword Qi spun in the man’s hand and kept slashing in front of him, leaving countless marks, but it couldn’t kill him.

“My Lord!” Beimang Nan was shocked.

Yuan gaohan was also shocked for a moment, but then he excitedly said, “It’s that Lord!”

Apart from che you, no one else knew the identity of lingmu di.

They could not help but be shocked. How many experts were hidden in Yunxiao’s Saint artifact?

“Who are you?”

Feng Yaoli was shocked. His gold and silver pupils contracted, and he shouted, “Divine steel body!”

“Feng Yaoli, the monarch of the snow country,” lingmu di said indifferently, “I’ve heard of your name before. This divine sword, Ice Frost, was born in your hands, but it later flowed into the hands of a good friend of mine. It played a significant role in the demon-sealing war and was one of the demon-sealing divine items.”

I don’t know what you mean, ” Feng Yaoli said angrily. but under the Tai Chi heaven-sealing seal, everything in the Three Realms and five elements is sealed. How can you still move? ”

“Sealing everything is only relative,” said lingmu di, “there are too many things that can’t be sealed.” Moreover, your heaven-sealing mark has yet to unleash its full power, so it’s reasonable that it can’t seal me.”

“Shut up!” Feng Yaoli said angrily. Even the true dragon celestial body has been sealed by me, Who Do You Think You Are!”

He struck out with his palm, and boundless cold air condensed.

Lingmu di loosened his fingers and let the sword go. He also turned his hand to meet the sword.

“Bang!”

The cold air was shattered by lingmu Di’s palm, but half of his body was frozen, covered with a thin layer of frost.

Feng Yaoli instantly appeared behind him and slashed his sword at his neck.

“Bang!”

With a loud vibrating sound, the ice sword cut half an inch into lingmu Di’s neck.

Lingmu di didn’t seem to have much of a reaction. He shook his body and shattered the layer of ice. Then, he touched his neck with his right hand.

The crack quickly recovered, and the cold sword’s frosty blade was embedded in his neck.

“You’re so silly!”

Feng Yaoli's eyes widened, and he was speechless.

Yunxiao was overjoyed. The body of the calabash Little King Kong had been fused with the memory origin gold, so it could recover itself in a very short time.

Moreover, although Feng Yaoli could still move freely under the influence of the Taiji sky-sealing seal, his strength had obviously been greatly reduced. Otherwise, with his previous overbearing sword momentum, the gourd Little King Kong would not even be able to withstand one strike, let alone his head and neck.

Lingmu di remained calm and unhurried. After embedding the frosty blade of the cold sword into his neck, he made a hand seal with both hands, and a small white flower condensed in his palm.

It was as white as snow, but it was almost transparent, as if its existence could not be felt.

“Ice fiend Heart Flame!”

go! he mumbled, then formed a seal on both sides of the white flower and slapped it toward Feng Yaoli.
