

The Eternal 1711

Chapter 1711-true primordial art

Feng Yaoli's eyelids twitched, and he sensed danger. The harmless little flower looked ordinary, but it made him more alert.

His left hand kept making hand seals, and all kinds of ice runes appeared in the air. Then, he slapped the flower.

The world was so quiet that there was almost no sound, only light shining in front of everyone's eyes.

The White sparks and the blue ice crystals were like fireworks when the two colors of light were embedded together.

The terrifying light dispersed, and everyone was shocked. Then, they heard an earth-shaking sound.

The entire snow country trembled, the snow melted, and the sky collapsed.

"What? You can actually withstand my palm!"

Feng Yaoli was shocked and furious. The blue light continued to press down, attacking the ice fiend Heart Flame. Its power was stronger than the other party's, but the elemental power was on par with it, and it was even slightly inferior.

However, he didn't know that mu lingdi was even more shocked. His calm and composed face was now full of shock.

The opponent's Azure Palm could actually suppress the ice fiend Heart Flame!

Apart from Yunxiao and beifeng Nan, the others did not show much expression, because they did not know what the ice fiend Heart Flame was.

Yunxiao was also shocked as he cried out, " how is this possible? what is this power?!

Feng Yaoli's Zhen Yuan was an extremely cold Qi, similar to the beiming family's, but different.

He was purely cold, extremely cold, while the beiming family's cold was filled with Yin, and they even used the power of extreme Yin as their main force. Those who were hit by him would have endless trouble, and most of their cultivation bodies would be destroyed.

Back then, Xiao qingwang had been struck by a little of this cold energy, and he had been crippled for several years.

In other words, Feng Yaoli's true core strength was even more honorable.

The gourd Little King Kong's Green bean-like eyes stared at the blue Qi and suddenly shrank. It seemed to have thought of something and said in surprise, " "This is the true primordial secret art!"

Feng Yaoli's body trembled as he shouted in shock, " "Who are you?"

He pulled his arm back violently, making an ear-piercing sound. The ice sword was pulled out of the neck of the gourd Little King Kong, and it was again aimed at the lingmu Di's forehead.

There had never been an immortal body in this world. Even a first-rate Holy physique had its own death acupuncture point. Feng Yaoli could not find the other party's death acupuncture point at the moment, so he could only randomly cut it into seven or eight pieces.

Yunxiao was also shocked, and his pupils constricted.

The blue aura was boundless and majestic. It was one of the four great divine arts, the true primordial art!

Lingmu di suddenly retracted his hand and retreated. At the same time, his hands kept making hand seals in front of him. Around his hand seals, a vacuum was formed.

A violent power poured out. He suddenly raised his hands and slapped them above his head!

“BOOM!”

A hurricane rose from the ground and rushed into the boundless sky, shattering everything in its path!

Feng Yaoli's sword cut into the vacuum and landed on the head of the lingmu flute, splitting the entire head in half, but it was useless. Lingmu di raised his leg and kicked at the other's eyeball.

“Hmph!”

Feng Yaoli groaned, his fingers turned into claws and fell down. With a “ bang “, he hit the calabash Little King Kong's calf, and the whole leg was frozen in an instant.

“BOOM!”

A huge tremor suddenly came from the sky. The blow from the MU lingdi had caused the heaven-Sealing Stamp to tremble continuously, and a Taiji diagram was drifting in the sky.

Feng Yaoli grunted. He felt that the qi and blood in his body were in a mess, and he was seriously lacking in follow-up.

However, he still couldn't figure out the opponent's weak point, so he couldn't kill the opponent in a short time.

Yunxiao and the others were also constantly resisting the power of the seal, and the whole space suddenly began to drift.

“Hmph, I’ll let you all off this time!”

Feng Yaoli’s eyes were cold, as if he was extremely unwilling, but also helpless.

He raised his cold sword, Ice Frost, and a circle of sword realm spread out, covering the entire snow country. Everyone could feel the magnificent power.

this power! Yunxiao cried out in shock. this power is so strong!

Feng Yaoli looked at him coldly and said, “For countless years, heaven’s will has returned to the snow country, and you are the one who brought heaven’s will to this Lord. I’ll leave that wisp of Huo Dou’s remnant soul in your body, and I’ll come and take it back in the future.”

Everyone felt as if the space was being torn apart, and their bodies were pushed out by an irresistible force.

The scenery of the entire world changed. The white sky turned dark, and a long river flowed down below.

“Deep abyss water path!”

Everyone was taken aback. They were actually swept out of the snow country by that force.

“We’ve been chased out!” Mu Jie said, stunned.

Feng Yaoli is too powerful! Yuan gaohan said. he was a real immortal state warrior back then!

“Even if he’s at the God Realm, if he doesn’t comprehend the ten rules of Order for a long time, his strength will gradually decline. The next time we meet, it’s unlikely that he’ll be able to maintain his current strength,” said beiming Nan indifferently.

Due to the presence of lingmu flute, Yuan gaohan appeared a little ill at ease. He cupped his fists and said, "What does my Lord think?"

The body of the gourd Little King Kong had basically recovered. "This person isn't simple. When I was in charge of the North Region, I also heard about the matters of the snow country, but I didn't expect the true primordial secret to be in his hands."

Everyone trembled and looked at the lingmu flute in horror.

Control the North Region?

Everyone's mind went blank for a moment, unable to react to these four words. They couldn't imagine what kind of situation it was, so most of them revealed a suspicious look.

Beiming Nan's brows were also slightly furrowed. He didn't know what the "true primordial tactics" were.

"My Lord, is the true primordial secret art really that powerful?" asked beimang Nan. It can actually resist the ice fiend Heart Flame."

...

Lingmu di nodded and said, "if it's the complete power of the true primordial tactic, it'll be enough to compete with the devil Lord's ice fiend Heart Flame. It won't be like this toy-like flower in my hand. I don't know if it's because he hasn't had enough power after sleeping for too long, or if he hasn't fully mastered the true primordial tactics."

Beiming Nan was shocked, "he can actually resist the demon master?! Why have I never heard of such a Divine Art?"

The other people's expressions also changed slightly. They more or less smelled something.

Yunxiao knew the origin of these four divine arts, so he did not find it strange.

Lingmu Di's face was filled with reverence as he looked up at Yunxiao, as if he was speaking to him specifically. "Back then, the two lords, realm King and Yan Shen, cultivated the great realm divine technique and great expansion divine technique respectively. This true primordial technique is not any weaker than these two divine techniques."

Yunxiao's heart trembled. It was the first time he had heard the names of 'realm King' and 'Yan Shen'.

Beiming Nan's expression changed drastically, he was shocked beyond words.

"Since that true art is so powerful, why don't we go back to the snow country and take it back!" Che you said.

good, good! Let's go back and take Huo Dou's body!

The evil spirit also had a fierce look.

"I don't think we should take any more risks," mu Jie said."After all, we've already achieved the goal of this trip. The true primordial tactics is just a reflection of the moon in the water, a flower in the mirror."

...

He didn't want to take any more risks, because he knew that even if he got the manual, he wouldn't get a share. It had nothing to do with him.

li Yunxiao, " lingmu di said. what do you think? "

what do you think our chances of winning are if we go in again, my Lord? " Yunxiao asked.

even if Feng Yaoli can perform the Taiji sky-sealing seal again, it won't last long," said lingmu di. the chances of winning are 50 – 50.

Yunxiao sighed and said, 'well, I want to go in again, too. Although the true primordial tactic was beautiful, it was like the moon in the water or the flower in the mirror, just as elder Hao had said. I'm really reluctant to part with my ice sword. It's accompanied me for so long, and I'm really reluctant to lose it. However, did you all realize that the power that tore us out was the purest form of world power?'

"Realm power?" Everyone was stunned for a moment and began to carefully recollect the experience.

There were strong and weak realm powers, big and small. The strongest realm power was naturally the realm power of the heavenly martial realm, which was the origin of all rules.

"The snow nation's realm power?" Ling mudi asked.

Yunxiao nodded and said, " yes. The reason why I couldn't become a saint artifact when I refined the star severing sword was because I lacked this pure power of the world. I could only use the power of the sword World to replace it, which was why it was nondescript and fell to the bottom. The quality of the frost Blade is not below that of my star slasher. Even though it is rumored that this sword was forged by another person, it is most likely related to Feng Yaoli."

what? " lingmu Di's expression changed slightly. according to what you said, Feng Yaoli only needs to guide the world power of the snow country into the ice and frost of the cold sword, and it can be upgraded to the level of a holy weapon? "

Yuan gaohan was also shocked. As a peak-tier ninth-tier Alchemist, he had also reached the peak of perfection in theory, so he immediately understood the key.

what I'm afraid of is that the extraditor has already been completed," Yunxiao said. I'm afraid that it's too late.

"What do you mean?" che you frowned.

“I understand what you mean,” lingmu di muttered, “now that I think about the last force of the realm, it was indeed so. That was the pure snow nation’s boundary power. Feng Yaoli had just awakened, so it was impossible for him to draw out the snow nation’s boundary power so quickly. In that case, it can only be that this was done back then, and the key lies within the frost of the cold sword. If this goes on, then the snow country is actually the space within the frost of the cold sword.”

Everyone was confused.

The alchemists were even more shocked.

what exactly happened back then? ” Yunxiao asked in a serious voice. that clairvoyant and Feng Yaoli actually refined the entire Kingdom into a cold sword of ice. Although it’s extremely cruel and incredible, it’s really amazing!

“Cruel? How is it cruel?” Che you was stunned, he did not understand.

“Although I don’t understand this kind of refining method, the people in the snow country will definitely die,” Yuan gaohan said as he glanced at him.

Only then did everyone’s expression change, understanding the cruelty of this.

what? ” Chen Yuyu exclaimed. he’s treating the lives of his own people like grass and ants and refining them directly? ”

I’m afraid Feng Yaoli is the only one who knows what happened back then, ” Yunxiao said. it’s not convenient for us to speculate. However, I’m very confident that when he wakes up this time, he’ll definitely guide the entire snow country into the cold sword’s frost and improve the quality of the sword to that of a Saint weapon.”

if he can really control the power of the snow World with his Frost Sword, ” lingmu di said, ” then we won’t have a 50% chance of winning if we go in again. After all, in one’s own space, one would be the master of a world.”

Chapter 1712-secret

Everyone turned to look at Yunxiao. He was the only one who had a Saint artifact, and he was the only one who understood the feeling of control.

that's what I'm worried about," Yunxiao said. I'm not sure. It was likely that he was the master of this space back then, but it was unknown why the extraditor of the space had stopped, and he had seized the body of the catastrophe, and had been sleeping until now. In addition to the true primordial tactics, the next time we meet, this person's strength will definitely be on a higher level."

"That means we can never get the sword back?" Che you frowned.

not necessarily," Yunxiao said. there are many experts in the world, and I'm not a pushover. It's just that I don't want to take the risk when I'm not confident.

The friends around him were all his companions who had saved his life many times during critical moments. He didn't want everyone to risk their lives. Even if they could defeat Feng Yaoli, they would have a slim chance of survival. Someone would definitely die.

"Then what are you going to use in the future if you lose your sword?" The star Destroyer?"

'Don't you have two good swords? Just give me one."

"Get lost!" Che you raged.

"Since we've decided to retreat, let's leave," said lingmu di. This man is quite ambitious. I'm sure we'll meet again on the heavenly martial continent."

let's go back to my divine realm tablet," Yunxiao said.

Everyone disappeared in a flash, allowing the realm power to pull them in. Only mu Jie's face twitched, and she stood still.

Soon, only the two of them were left. Yunxiao smiled and said, "Lord mu Jie, I'll have to trouble you to send me out."

"This is what I should do," mu Jie took out the heartless Bell.

"Dang!"

"Dang!"

The bell rang on the deep water path, and the two figures quickly disappeared from the river. A moment later, they appeared in the sky above the North Sea.

Yunxiao scanned the area with his divine sense and found that it was not the sea area of the deep abyssal track. But, it was not strange that there would be deviations in spatial teleportation.

"Sir mu Jie, it has been a pleasure working with you this time. I hope that the next time we meet, we will still be friends and not enemies."

Mu Jie looked at Yunxiao with a complicated expression and said, "I hope young master Yun can seriously consider my proposal. With young master Yun's talent and strength, coupled with the MU family's power, you'll definitely be a powerhouse whose name will shake the world in the future."

Yunxiao smiled and said, "I appreciate your kindness, but I like this 'li' surname very much. You don't have to change it. See you later."

He was too lazy to talk to the other party and turned to leave.

"Wait!" Mu Jie hurriedly said. "There's no need to change your name. If young master Yun can help us this time, we'll definitely reward you handsomely! Don't, don't go! Young master Yun, have you ever heard of the world of eternal life?"

Yunxiao had already fled a thousand feet away when he finally stopped. He turned around and said, "What does the eternal world have to do with you?"

When mu Jie saw that he had stopped, she hurriedly ran over and said, "It seems that young master Yun has indeed heard of it. As long as you can help our mu clan win first place in this martial arts competition, I can guarantee that I'll get you a place to enter the secret realm, Langya heaven."

With a flip of his hand, Yunxiao took out the natural moat token and said, "You mean this?"

"T-this bi an ..."

Mu Jie's eyes popped out and she said in a daze, "You ... How did you get it?"

you don't need to know about that," Yunxiao said as he put away the iron plate. I wonder how much you know about the world of eternal life, Lord Chi?"

Mu Jie could not come back to his senses for a long time. He found that Yunxiao's ability had long exceeded his imagination.

"It's said that the world of eternal life is the biggest secret of the Langya Fairyland and the only way to become a God in the world. It's just that there's no fixed time for it to open, and it hasn't been opened for over a thousand years."

"Don't even think about becoming a god. Even if it opens once every thousand years, if one can really become a God, the legend of the God Realm wouldn't have disappeared in this world. However, I'm sure there are good things in the eternal life realm."

that's right. If young master Yun is willing to help us this time, our Mu family will definitely take great care of you when you enter the eternal world.

"Do I need you to take care of me?"

“Oh, this ...”

Mu Jie was also taken aback. With the strength Yunxiao had shown this time, and with so many experts in the Holy artifact, he indeed did not need their care.

Young master Yun, do you lack a sword? ”

“Oh? Could it be that your mu clan is hiding some peerless sword? you should know that I don’t care about ordinary things.”

“Hehe, the sword I’m talking about is no ordinary item. In terms of its origin, I’m afraid only Saint artifacts can compare to it. ”

Yunxiao’s interest was piqued, and he quickly said, ” “Oh, what sword is it?”

“The true Dragon’s sword!” Mu Jie said word by word.

A wisp of che you’s consciousness exploded in Yunxiao’s mind as he shouted, ” “What? He had the true dragon Sword? Quickly, quickly agree to him, agree to whatever conditions he has!”

Yunxiao was taken aback for a moment, then he asked curiously, ” “I’ve also heard of the true dragon Sword. Does your Mu family have it?”

“No,” mu Yu replied.

Yunxiao’s face darkened as he said, ” “You’re playing with me?”

“Although our Mu family doesn’t have it, we know where to find it,” mu Jie hurriedly said.

Yunxiao stared at him coldly and mocked, ” you want to trick me into working for you with just some inexplicable and uncertain news? ”

“How can you say that I’m not confident? I’m very confident!” Mu Jie said.

Yunxiao snorted coldly and said, ‘do you think I’m an idiot? If you had the confidence, why wouldn’t your mu clan go and get it? Could it be that the MU family is a living Lei Feng?’

“The true Dragon’s sword is hidden in the secret treasure left behind by Lord True dragon, and the outcome of this martial arts competition will determine the opening of this ancient secret treasure,” mu Jie hurriedly explained.

an ancient secret treasure?!

Yunxiao was taken aback, and he suddenly thought of a possibility. Wan Yiqian also claimed to have a secret treasure. After all, on thousand leaves Island, this secret treasure couldn’t be the same as Wan Yiqian’s, right?

“Could this ancient treasure have come from thousand leaves Island?” he asked.

“You ... How do you know about this?” mu Jie was stunned.

...

Yunxiao was rendered speechless, and he suddenly felt that it would be a tragedy.

He had been counting on the secret treasure he had hidden with great difficulty to get back to the merchant Union, but it had been sold out by the people of thousand leaves Island and used as capital for the martial arts competition.

since young master Yun also knows about the ancient treasure trove, it’ll be easy, ” mu Jie said. I can promise on behalf of the chief that the MU family will definitely take the true dragon Sword and present it to young master Yun.

I don't know much about the ancient secret treasure," Yunxiao said. tell me in detail about it and the martial arts.

"Alright," mu Jie said. Martial arts competitions weren't very important. They were just a way for the hidden families to get to know each other, increase their prestige, and understand the situation of other sects. They could be considered a more important form of communication, but they were just communication and didn't have much of a relationship of interest. But it's different this time. It's directly related to two major matters, the quota to enter the heaven of Langya and the distribution of the ancient treasure trove."

the way to open Langya heaven has always been in the hands of the natural moat cliff," Yunxiao said curiously. but you reclusive families don't seem to be interested in it. I've never seen anyone enter it.

Resentment flashed in mu Jie's eyes as she snorted,"That's because the natural moat ocean has never allowed us to enter."

"Oh, why?"

"Hmph, I don't know!"

The resentment on mu Jie's face remained for a moment before it slowly subsided, as if she had a deep resentment.

Yunxiao's curiosity was piqued, and he did not know why the man was doing this. "But you're allowed to enter this time?"

...

"That's right," mu Jie nodded. Because the opening of the eternal world was a major event. If you don't, Hmph Hmph, I'm afraid that the entire hidden family will be in chaos!"

how are the spots distributed?" Yunxiao asked.

“First of all, each sect will have at least one quota. Next, it will be distributed according to the martial arts ranking. If you get first place, you’ll get thirty quotas as a reward.” Mu Jie hesitated for a moment.

“Thirty?” what? ” Yunxiao was taken aback. that’s a big reward! he said.

“More than 30?” mu Jie snorted. In terms of strength, there are far more than thirty people in my mu clan who are qualified to enter.”

it’s impossible for one faction to have thirty spots on the heavenly martial continent, ” Yunxiao said. three is the limit, and it will cause a storm of blood. If the outside world knows that your sect has thirty spots, hehe hehe hehe.”

Mu Jie’s face was full of pride as she said nonchalantly, “Hmph, so what if you know? Who would dare to snatch it? Even if my Mu family’s doors were open, no one would dare to come!”

Yunxiao waved his hand weakly and said, ” “Let’s not talk about the MU clan’s strength. Let’s get to the point. What’s with the ancient treasure trove? how should we distribute it?”

Mu Jie said, ” we didn’t know about the hidden treasure before. It was told by the earth Alliance. Qianye Island admitted that there was indeed a copy of the hidden treasure left by the true dragon. That’s why it caused a sensation. They asked qianye Island to take out the hidden treasure and give it to everyone who sees it.

“Earth realm?”

Yunxiao frowned and said, ’according to your speculations, it is very likely that ao changkong is the earth master. As for ao changkong and Wan Yiqian, he’s the best!”

He knew the origin of ao changkong’s heavenly tyrant body tempering technique, so it was very likely that ao changkong was the Earthling. This was because very few people knew that the secret treasure was on thousand leaves Island.

It was likely that ao changkong had been peeking at Wan Yiqian's Secret treasure ever since he had obtained the tyrant body tempering technique. Perhaps he had only recently discovered the location of the secret treasure.

But with ao changkong's ability, why didn't he go and take it himself? why did he announce it and let all the hidden aristocratic families put pressure on thousand leaves Island? could it be that he was also afraid of the power of thousand leaves Island?

A series of question marks appeared in his mind.

Mu Jie was stunned, "what if?" What if it's a thousand?"

I'm fine, " Yunxiao shook his head. and then? "

after the news of the secret treasure of the true dragon spread, not only the earth Alliance, but even the heaven Alliance has started to put pressure on the thousand leaves Island, " mu Jie said. at this point, the thousand leaves Island has no choice but to take out the secret treasure. Thousand leaves Island hasn't opened it for many years, so we can use the Tiandi Alliance's power to open it. "

Yunxiao thought to himself, 'if Qian goes to thousand leaves Island at this time, she'll be walking right into a trap.

"It hasn't opened yet, and you're already thinking about how to split it?" he said.

Chapter 1713

1713 Heavenspan Island

"This is also the best way to avoid large-scale chaos," mu Jie said."The reclusive families are still very harmonious."

Yunxiao laughed and said, " yes, they are very harmonious. You offended the corpse fiend sect, so they only killed two of your elders. They wouldn't go so far as to send a whole faction to attack the MU family."

Mu Jie's face twitched, and her anger could be seen. She snorted, "Corpse fiend sect must have the guts to do that!"

A violent murderous aura rose and fell from his body, and there was no sign of harmony at all.

Yunxiao laughed a few times before he returned to the topic. "Even if it's a secret treasure left behind by the true dragon, how do you know that the true Dragon's sword is inside? From what I know, there's more than one true dragon sword."

"Young master Yun, you really know everything," mu Jie praised. The true dragon sword had indeed been split apart. The one inside the secret treasure was only a fragment, but it was still a complete divine sword. Thousand leaves Island has an Appendix hidden in the secret treasure, which was forced by the Tiandi Alliance to announce. The number of treasures hidden here is uncountable, and the true Dragon's World sword fragment is one of the most precious treasures."

Yunxiao thought to himself, 'if Qian Qian is unlucky this time and the secret treasure is divided up by the hidden sects, it will be almost impossible for Dong mountain to rise again.'

"What other treasures?" he asked.

"As long as young master Yun agrees to win the first place for the MU family's martial arts competition, I'll give you the appendix," mu Jie said with a chuckle.

"There are two problems," Yunxiao said indifferently. First, I will never change my surname to 'mu'. Second, even if I agree, I can only do my best. Who dares to say that I can get first place?"

"Haha, young master Yun is too humble. As long as you do your best, you will definitely be number one!"

Mu Jie recalled the sword strike he used to split the sea Devil monkey. Even Jing Qi was shocked by it. That kind of power was something that even the fiendish God corpse puppet couldn't withstand.

“As for the matter of changing surnames, it’s not a mandatory requirement. You can randomly pick the most beautiful woman in my Mu family and marry her. She’ll be my Mu family’s son-in-law, and participating in the competition will be a piece of cake.”

Yunxiao was taken aback. how can I do that? ” he said hurriedly. I’ll just be harming others.

“Haha, isn’t it normal for a man to have three palaces and six courtyards? The women of the MU family are not like those ordinary women on the heavenly martial continent. You’ll naturally understand the benefits after you marry him. At that time, if he really didn’t like her, he could just divorce her, or even kill her. The key is to deal with the issue of the identity of the participant.”

Mu Jie said casually. In the MU family, a woman’s fate was arranged by her parents. However, the elders could control the fate of any family at will. In his opinion, this was not the same thing at all.

I’d better think of another way, ” Yunxiao said with a frown. I can’t do such an immoral thing.

Mu Jie was taken aback as she looked at Yunxiao in surprise. How did something that seemed so simple and indifferent to him become immoral? if any woman has the Fortune to be chosen by young master Yun, ” he explained, ” it would be a great contribution to the family. It would also be her fortune and honor.

don’t mention this again, ” Yunxiao said. I won’t agree to it. Please think of another way.

“That’s troublesome. Marriage and the bestowment of a surname are the two simplest ways.” Mu Jie was put in a difficult position. But don’t worry, young master Yun, there’s always a way. As long as you agree, everything will be easy to solve.”

alright! Yunxiao nodded and said, ” I agree. However, other than the true Dragon’s sword, I’m going to choose another item.”

“What?” Mu Jie’s face darkened and became extremely unsightly. She said, ”Young master Yun, please don’t be too greedy. If you lose two Supreme treasures, the benefits of being first in the martial arts competition will basically be gone, and there won’t be much point in me inviting you to join us. Besides, with the strength of my Mu family’s disciples, it’s not impossible for us to get first place!”

Yunxiao smiled. He knew that it was impossible for the MU family to win the first place, or they would not have tried so hard to win him over. But, he did not point it out, and just chuckled. "I don't care about that. Other than the true dragon Sword, you have to let me choose any one of them. Otherwise, I won't do it."

"Young master Yun, you're too greedy!" Mu Jie was furious. Even if we win first place, our mu clan will only have the best choice. The first item must be the true dragon Sword. When the second item was chosen after the first round, the quality would already be extremely low, and you would have to take two items at once. In other words, our mu clan will have to start from the third round. If that's the case, then what's the point of being first in the martial arts competition?"

it does make sense, " Yunxiao thought for a moment and said. "

"Although the secret treasure of the true dragon is rich, there are many hidden sects. There aren't many good items after going through so many of them!" Mu Jie scoffed.

let me see the appendix of the secret manual first, " Yunxiao said.

Mu Jie pondered for a moment before casually throwing out a Jade slip.

After taking it, Yunxiao put it on his forehead and read it carefully, scanning it with his divine sense.

divine fire Mirror: shaped like a bronze mirror, able to spew true Phoenix Fire. Forged from pure Geng metal, forged from Heavenly Phoenix Fire.

Hidden Dragon talisman: made from the horn of a single Dragon in the earthly sea. It can avoid the power of the five elements and disperse the Supreme Dragon's might.

heavenly spirit leaf: shaped like a leaf, a treasure for invisibility. Only one leaf remains.

ice silkworm: formed by the yin ice Qi in the wind Cave, shaped like a Jade silkworm.

“.....”

After reading through them one by one, Yunxiao could not help but gasp. Of the 1773 treasures recorded in the appendix, more than thirty of them were Supreme treasures, all of which made him drool.

Che you’s trembling voice could be heard, “ true dragon Sword, demonic Dragon Armor, Dragon Crystal, Hidden Dragon talisman, universe light plate, void technique-wheel of death ”

He called out a large number of names in succession, unable to contain his excitement.”Quick, quickly agree to him! We’ll agree to all of his conditions. When we reach the land of the secret treasure, it won’t be up to them anymore. We’ll take everything!”

“What’s the matter? are you so tempted that you can’t control yourself?” mu Yu chuckled. He seemed to have expected Yunxiao’s expression. No matter who read the list, they would have the same expression.

Yunxiao breathed out heavily and suppressed the greed in his heart.

Many of the Supreme treasures inside were probably no longer there. For example, the Red Dragon staff and the cosmic light plate were all in Wan Yiqian’s hands, but they were also recorded in the appendix. He had also seen some of them in the ten thousand treasures tower.

However, one thing was certain, and that was if it really was a treasure. No wonder myriad treasures store could become the number one Chamber of Commerce on the continent and had not declined for a long time.

“Alright, I agree to participate in the martial competition.”

Yunxiao said without hesitation. The other treasures were fine, but the true dragon Sword and the large dragon Crystal were items that he had to get.

If che you could gather Four Swords of the world, with the help of a large number of Dragon crystals, he could become an existence that was infinitely close to a true dragon.

As for reaching the level of a true dragon, it was almost impossible. This was not due to the rules of heaven and earth.

Instead, it was because true dragons were born from the essence of heaven and earth and were the most powerful living beings. One could even say that they were condensed from the power of the world. Unless che you's body and bloodline were cultivated to a level that surpassed true dragons, that was basically impossible.

Che you's excited voice could be heard again, " "The location of the secret treasure is very likely to be the core space of the true dragon Dragon Realm! Just the power of the Dragon Realm alone is a Supreme treasure that surpasses everything else!"

He was so excited that he cried out, " after I refine this core Dragon Realm and the third World sword, I'll kill Feng Yaoli for you and take back the cold sword, Ice Frost!

don't be so optimistic, " Yunxiao said with a voice transmission. these reclusive families are not to be trifled with. No one will agree if you want to monopolize all the treasures.

Che you also calmed down, " "Yes. Fortunately, they only took a fancy to the treasures in the space and ignored the space itself. I must get this core Dragon Realm! The world sword and the Dragon Crystal are secondary. Even if we can't get them this time, we just have to remember who has them, hehehe."

With such a precious treasure in front of him, Yunxiao knew that he was going to get it at all costs.

Mu Jie was overjoyed,"haha, I knew young master Yun would agree." I'll make the arrangements for your identity. Young master Yun, you just have to cultivate quietly and wait for the battle. However, with young master Yun's strength, it doesn't matter much whether you cultivate it or not, haha!"

when will the martial duel begin? " Yunxiao asked.

...

"It'll be in seven days. Young master Yun, please come to the MU family so that we can go to the martial arts competition ground together," mu Jie said.

Yunxiao nodded, but just as he was about to move, he suddenly stopped and said, "By the way, don't tell me you're still coveting the divine armor and Saint weapons on me?"

"I didn't know about young master Yun's background before," mu Jie said with a wry smile, "so I was naturally envious when I saw the divine Phoenix. Even if the MU clan were to use all their strength to snatch it, they would definitely suffer heavy losses and their vitality would be greatly damaged!"

that's good," Yunxiao said. that's good. If I discover that something is wrong, don't blame me for leaving with a flick of my sleeves and even starting a massacre!"

The ice-cold killing intent was faintly discernible, yet it caused mu Jie's body to turn slightly cold. She hurriedly said, "No, I definitely won't!"

Following that, mu Jie led the way, and the two of them quickly disappeared into the sea.

Several hours later, somewhere in the ocean, through the endless fog, the two appeared in the sky above a huge island.

Yunxiao was surprised. The magical nature of the four Seas was far beyond that of the continent. These reclusive families were all better at choosing places.

They had just passed through an endless fog that could confuse one's mind. There was also a large amount of pink crystal dust within it. Mu Jie had actually used the spatial power of the pink crystal dust to shuttle through it many times before she could see the island space.

"Hehe, what do you think of this Island, young master Yun?" Mu Jie said with a smug smile as she stroked her beard.

The island was thousands of acres wide and magnificent. It was shrouded in a mist formed by spiritual Qi, like a fairy.

...

"It's truly remarkable. It's fortunate that you were able to find such a spiritual mountain and treasured land. He even said that the resources of the four Seas have withered and that he wants to occupy the heavenly martial continent. He's simply shameless." Yunxiao's praise and criticism made mu Jie feel embarrassed.

"Hehe, let's not talk about dominating the world. Young master Yun, what do you think of my Mu family's heavenspan Island compared to the corpse fiend sect's unmoving forest?"

"Heavenspan Island? This name was a little too arrogant. In terms of dominance and momentum, it was far above the motionless forest. However, the forest of motionless ashes was refined from the corpse of a giant tortoise, so it's far more wondrous than your Island."

Chapter 1714

1714 The MU clan's head

"Hmph, magical my ass!"

Mu Jie's face was full of disdain as she laughed, "I just found a big turtle to settle down. My mu clan's heavenspan Island is a genuine man-made island. It was built bit by bit by the countless ancestors of my mu clan!"

Yunxiao was stunned as he looked down at the island in horror. is ... Is this a man-made island?!

Mu Jie looked at his shocked expression and felt an indescribable sense of pride in her heart. hehe, I'm afraid this is the only one in the world.

Yunxiao was indeed surprised. He had seen such a large-scale construction-type profound level weapon, such as the giant city brought by Luo Tian during the war in the east Sea.

However, although the city was Grand, it had a simple structure and few functions. It could only be used as a temporary residence.

The interior of this heavenspan Island was clearly divided and arranged in an orderly manner. There were mountains, rivers, and lakes. No wonder it looked so beautiful. It was actually a work of craftsmanship.

“The MU family is indeed not bad.”

Yunxiao praised from the bottom of his heart. Apart from the MU family, who were extremely proud, in terms of puppetry and strength, they were indeed comparable to the seven superpowers.

other than the fog defense we’ve just passed through, the defense of heavenspan Island is also unparalleled in the world, so the MU family doesn’t need guards outside at all. Follow me! mu Jie said proudly.

He was the first to fly down, and at the same time, he threw down a token-like object.

The piece of metal tumbled in the air and fell, shooting out circles of colorful light. Suddenly, a vacuum passage leading to the island was formed. The two sides of the passage were filled with colorful rainbows, which were extremely beautiful.

The two of them followed the tunnel to the bottom. In an instant, ten people appeared beside them, staring at them vigilantly.

Only when they saw mu Jie’s appearance did the ten of them bow respectfully. The captain in the lead bowed and said, “Greetings, elder Hao!”

“Did you see elder Yitong and elder Yilun return?” mu Jie asked.

“The two elders have returned a few days ago,” the captain quickly replied. He raised his head and looked at Yunxiao suspiciously.

“This is an honored guest that I’ve invited,” mu Jie said. “Prepare a heaven-grade guest room immediately. I’ll go see Lord clan leader first.”

The captain was taken aback. He looked at Yunxiao in disbelief and said, “Sky, sky-level specifications?”

“What? are you questioning my orders?” mu Jie’s face darkened.

“I don’t dare!”

“I’ll do it right away,” the captain quickly lowered his head.

He hurriedly gave some instructions to the guards beside him and then left in a hurry.

Mu Jie smiled as she led the way. young master Yun, this way please. I’ll take you to see the chief now.

The guards beside him were greatly shocked. They had never seen mu Jie so polite before. Who was this young man? Could he be the leader of the two Holy Lands of the heavenly martial continent?

From their point of view, even the leaders of the two Holy Lands were not worthy of such hospitality from the MU family elder. As for the heaven-class treatment, they had only seen nanqiu Yu in the sky moat ocean enjoy it.

Yunxiao strolled along with mu Jie. As if to show off the structure and magnificence of heavenspan Island, mu Jie deliberately took him on a long detour and walked almost through the entire Island before they walked to a magnificent White Palace.

Now, the whole island knew that an important guest had come, and everyone was shocked. They had never seen a guest who could make elder mu Jie accompany them in person in their lives, so they could not help guessing Yunxiao’s identity.

A thousand feet in front of the White Hall, mu Jie stopped and said, young master Yun, please stop. I’ll inform the chief first.

He took out a Jade card, cast a few incantation seals, and threw it out.

The Jade token flew into the palace in a straight line and flashed with a blue light.

Soon after, the Jade token flew out again and landed in mu Jie's hand.

"Lord clan leader has long known of our arrival and is currently waiting for us in the hall," mu Jie said joyfully after scanning the area with her divine sense.

Yunxiao was also very curious about what kind of existence the head of the MU family would be. He was most likely a divine transcendence expert, or even a late-stage expert. Otherwise, it would be very difficult for him to suppress Jing Qi and The Fiend corpse puppet of the corpse fiend sect.

The roads were all paved with white jade, making them look extremely Holy.

The two of them quickly entered the hall. A man in a black and gold brocade robe was sitting peacefully in the upper part of the hall. As soon as he saw the two of them enter, his eyes flashed like lightning.

Yunxiao's heart trembled as if he was being stared at by a venomous snake, and his raised foot stopped in the air.

That gaze was extremely penetrating, almost as if it could see through him inside and out.

He was greatly shocked. Could it be that the MU family head had also cultivated the wondrous spirit eyes? However, mu Jie had destroyed her own eyes in order to cultivate this divine ability. Could it be that the MU clan's head also had a pair of fake eyes?

He stepped down with his right foot and raised his head, following the gaze without the slightest bit of satisfaction.

The slight tremble in his heart also dissipated as he secretly circulated the great expansion divine technique. His eyes were like stars as he looked directly at the MU clan's head.

Only then did he see the face of the MU family's master clearly. He looked like he was only forty years old, but he exuded an air of authority without being angry. The aura of a person who had been in a position of power for a long time was endless.

Mu Jie hurriedly stepped forward and respectfully greeted, Greetings, chief. I've brought Li Yunxiao here.

The head of the MU family stared at Yunxiao for a while, his face expressionless, and then he said, "I heard that you have a divine Phoenix and a holy weapon?"

Yunxiao's face flickered, and he immediately became alert, his eyes cold.

The head of the MU family raised his hand and said, "don't worry. Mu Jie has already promised you. The MU family will no longer covet the treasures on you. This is naturally effective. I'm just very curious."

I hope so," Yunxiao said coldly. otherwise, we will lose face.

Mu Jie's face was a little pale, and she was nervous. She was afraid that the two of them would have a conflict, so she quickly said, The MU family's words carry enormous weight. Young master Yun, you can rest assured.

The master of the MU family asked, "young master Yun, can you let me take a look at these two items?" I won't covet it, it's just for show."

I'm sorry," Yunxiao said. I can't.

The master of the MU family did not get angry. Instead, he smiled and said, "If that's the case, then so be it. I've heard about young master Yun from he Yijun. You're a young man, and even Jing Qi might not be your match."

they're flattering me," Yunxiao said humbly. I'm sorry," he said.

"Hehe, the MU family never praises people casually. This is definitely not a coincidence. With young master Yun's help, I'm sure I'll win this martial arts competition. Young master Yun, you can take a good look around the MU family's heavenspan Island these few days. If you have any needs, you can ask at any time. Just treat this place as your own home and don't be an outsider."

don't give me so much mental pressure," Yunxiao said. if I lose, how can I face you? "

...

"Hahaha." Mu Jie laughed and said, " don't be humble, young master Yun. The participants of the martial arts competition must be young disciples of each sect, and their bone age is limited to thirty years old and below. If even you are defeated, then my mu clan will be sincerely convinced and will have no complaints."

After what happened in the corpse fiend sect and the snow country, he had full confidence in Yunxiao. No one in the reclusive sects could defeat him except those divine transcendence experts.

"Then, about my identity," Yunxiao said.

"There's no problem with that," the MU family head said. I heard that young master Yun is also a ninth-tier Alchemist? My Mu family also has a lot of research on profound level weapons. If you don't mind, we can exchange more information and improve together."

that's great! Yunxiao said happily. that's great! It's just nice to pass these seven days of boring time." He was also extremely impressed and moved by the MU family's puppetry.

"If that's the case, I'll have all the elders come to listen in three days," the master of the MU family said thoughtfully.

so formal? " Yunxiao asked in surprise. what? " Don't give me too much pressure."

The head of the MU family smiled and said, "why can't I see that young master Yun is under pressure?" The MU family has never liked to put pressure on others. Young master Yun, you should also prepare well. It's been a long time since we've had an artifact refining exchange with the outside world, and I'm also looking forward to it. "

I'm looking forward to it, " Yunxiao said with a smile. anticipation +1.

"By the way, there's one more thing I'd like to ask young master Yun," the master of the MU family said. I wonder what your ranking on the heavenly martial continent is with your strength, young master Yun?"

His question was very light, but the atmosphere in the entire Hall became heavy. Only the light and long breaths of the three people could be heard.

...

Yunxiao tilted his head and thought for a while, then said, " "I can probably make it in the top hundred."

"Hahaha."

The MU family head laughed and said, "Young master Yun, you really know how to joke. A master who could intimidate Jing Qi ranked in the top 100 on the heavenly martial continent. His tone was full of mockery.

Yunxiao smiled but said nothing.

"What? was my smile wrong?" the master of the MU family asked.

the world is vast, wider than the four Seas, " Yunxiao said. there are countless experts and capable people. I thought I overestimated myself by ranking in the top 100."

The MU clan's head and mu Jie's expressions changed drastically as they fell into deep thought.

Yunxiao smiled. He knew that they were worried about dominating the continent, so it would be good to give them some psychological pressure so that the so-called heaven Alliance would not dare to act rashly.

“Elder Hao, please take young master Yun to rest,” the head of the MU family said. While we’re at it, we’ll also prepare for the social gathering that’s going to be held three days later.”

“Yes,” mu Jie replied respectfully. Then, he left with Yunxiao.

When Yunxiao came to the door of the hall, he suddenly turned around and said, “That’s right, I still don’t know the name of Lord patriarch.”

“My name is ‘Zhuang’,” the master of the MU family said.

“Zhuang? This one will remember.”

Yunxiao smiled and followed mu Jie.

Mu Zhuang sat quietly in the main hall, his body leaning on the right side of the throne, his hand holding his face as he pondered.

He muttered to himself, a hundred? Hehe.”

The throne flashed and mu Zhuang disappeared.

Mu Jie’s nervous mood only relaxed after they left the main hall. She said, “You were really bold just now to ask for the name of the patriarch. It’s all my fault for not introducing you first. Fortunately, the chief is not angry.”

Yunxiao laughed. angry? If you get angry just because I asked for your name, then what’s there to talk about?”

Mu Jie was stunned for a moment, and then shook her head speechlessly. She took him to a courtyard with red flowers and green leaves. At a glance, it was several acres in size, and what was even more surprising was that the scenery of the Four Seasons could be seen inside.

Chapter 1715-traps Pavilion

the layout of this scenery is ingenious and ingenious," Yunxiao said in surprise. Lord Chi, you are very thoughtful.

"Hehe, only the most important guests of the MU family can live here. This place is called 'Spring Court moon'," mu Jie said proudly.

Yunxiao thought carefully and said,'the spring Court is full of moonlight.' He looked up and saw a line of poetry on a building in the distance. There is only love in the spring Moon, like the flower falling from the sky.

"It's a good name," He sincerely praised.

Mu Jie smiled and said,"the name is good, but the scenery is even better. Have a good rest, young master Yun. If there's anything, let the servants inform me at any time. We'll meet again in three days."

"Alright," he said.

After watching mu Jie leave, Yunxiao stepped into the spring Court moon. The scenery of the Four Seasons emerged in front of him: spring flowers, Autumn Moon, summer, and winter snow.

As soon as he stepped into the pavilion, he was greeted by a fragrant scent.

Two rows of beautiful maidservants knelt in an orderly manner, their hands forward, their upper bodies on the ground, and their buttocks raised high. They said in unison, "Welcome, young master Yun."

The maidservants wore very little clothes, but their beauty was faintly discernible. Their different grace and grace were like the fragrance of pure wine.

This was clearly the MU clan's deliberate arrangement, allowing him to pick and harvest as he pleased.

Yunxiao touched his renzhong acupoint and said with a wry smile, "Such beautiful scenery is even better than the Four Seasons. It's a pity that I can't enjoy it."

He chuckled and then disappeared, leaving the women with wide eyes and shocked faces. They didn't believe that someone would abandon them.

Yunxiao teleported directly into Chun tingyue's Secret cultivation room.

Just as he had thought, this secret chamber was indeed an illusion set up by an array. It was vast and boundless, similar to the Purple Room in the cultivation place of new Yan city. The background could be changed at any time.

However, he didn't care about this and entered the divine realm tablet directly. He had already found the extreme north Ice essence, and he could directly upgrade the quasi deity grade steel to true divine grade steel.

Yuan gaohan had long been impatient, and with a look of complaint, he angrily said, "What could be more important than refining divine steel? it took so long!"

the Emperor is not in a hurry, " Yunxiao said. I'm in a hurry. Let's go.

With a flash, the two of them appeared outside the forbidden area of the flute. After getting permission, they entered together.

Beiming Nan was already waiting by the side.

"Greetings, my Lord," Yuan gaohan hurriedly bowed.

I've been waiting for you for a long time, " lingmu di said. why are you only here now? "

Yuan gaohan lowered his head and looked at Yunxiao, his eyes full of resentment.

"I was delayed by something," Yunxiao said with a smile.

it's fine, " said lingmu di. if it wasn't for the sake of helping you comprehend a higher art, I would've refined it myself.

Yuan gaohan was shocked. It seemed that this mysterious Big Shot took special care of Yunxiao, which was a good thing. The world was in chaos, and Yunxiao's strength was equivalent to his own strength.

"Thank you, Your Excellency," Yunxiao said hurriedly.

"Let's start," said lingmu di.

His soul slowly flew out of the gourd Little King Kong's body, and then kept patting on the gourd Little King Kong's body. Every time it patted, a seal would be branded on it.

"Take out your cauldron of mountain and river." Lingmu di said.

'My Lord, you want to use the cauldron of mountain and river?' Yunxiao asked in surprise. He felt that it was strange. The last time he refined quasi deity grade steel, he didn't use any cauldron. This time, it should be easier to level up.

"You're the one using it, not me," said lingmu di. This time, you'll be in charge of the refining, Yuan gaohan will assist you, and I'll guide you from the side."

"What?"

The two of them were both surprised and overjoyed. They were so surprised that they were not prepared.

“If there’s only a little bit of the extreme northern ice essence, then it naturally can’t be wasted. I have to do it,” said lingmu di. We have a lot of materials now, so it’s good for you to practice. Let’s use this Vajra scepter to test it.”

I treasure this puppet very much, ” Yunxiao said in surprise. why don’t you change it to another one? ”

Lingmu di said indifferently, ” if you treasure it very much, just focus on refining it. There won’t be any problems. There’s no need to change it. His tone was unquestionable.

Yunxiao had a bitter look on his face. Although it was only an upgrade of the material level, it was still an upgrade to divine-grade after all. If he failed, the little king Kong gourd would be scrapped.

Yuan gaohan was so excited that he couldn’t control himself, and he hurriedly said, ”Hurry, hurry up and take out your cauldron. What are you waiting for?”

Yunxiao thought for a moment. Since lingmu di dared to let him refine it, he must be confident. With a wave of his hand, he placed the cauldron of mountain and river above his palm and began to unseal it.

Lingmu di looked at the cauldron of mountain and river and seemed to be deep in thought, but he did not say anything.

Yunxiao shot out a divine flame and a strong wind. Under the power of wind and Fire, the cauldron spun rapidly and shot out tens of thousands of beams of light.

Lingmu di picked up the calabash and threw it into Little King Kong. Then, he sent two marks into the foreheads of Yunxiao and Yuan gaohan, and a message immediately spread in their minds.

do as you’re told, ” lingmu di said. I’ll be your assistant. You’re only allowed to win. No defeat is allowed. Because if you lose, I won’t give you any more opportunities to learn and practice.”

The two of them were shocked, and they became extremely focused.

Yuan gaohan had yet to start, but his palms were already covered in cold sweat.

Yunxiao was sweating profusely. If he lost, the little king Kong gourd would be completely useless. According to the information from the lingmu flute, upgrading a profound artifact to the divine tier would result in complete failure without the repair of the ten square rules, and the little king Kong gourd would die.

The two of them were like primary school students, following the prescribed order and starting to refine the pill step by step.

Three days later, in the mechanism Pavilion on heavenspan Island.

From time to time, there would be figures flashing and flying in.

Soon, 20 to 30 people were sitting inside. In the center of the pavilion, there was a purple cauldron, from which green smoke was rising.

Everyone was sitting cross-legged on both sides, resting with their eyes closed, waiting for something.

“Lord patriarch really thinks too highly of a brat from the outside world. He actually made all twenty-nine of us elders come here to observe and Exchange ideas. It’s really hard to understand.” Elder mu wen was clearly dissatisfied and started to complain to elder mu Bai Rong.

...

Mu Bairong also frowned. He put down the seal he was cultivating and snorted, “I’ve heard that someone was scared by that kid and came back to delude the people in front of the chief, saying it like it was a God.”

His eyes couldn't help but glance upwards, intentionally or unintentionally sweeping across mu Yitong, mu Yijun, and mu Jie, who were sitting on the upper right, and mu Jie, who was on the upper left.

"Oh? To be able to scare off the elders of my Mu family, it seems that this kid does have some ability." Mu wen sneered, his face cold.

"Hehe, that's not a skill, it's a trick. How pitiful, how lamentable, a mere three or four people were cheated, causing us to be in bad luck as well."

Mu Bai Rong laughed and said lazily.

"That's good too," mu wen said. "Let's expose this liar in public." However, if we do that, it will damage the unity of the MU family."

"How did it hurt our unity?" mu Bai Rong asked, puzzled.

"If that's the case, won't three or four of them lose face and be too embarrassed to face you, Sir?" mu wen sneered.

Mu Bairong laughed, "haha, those three or four people brought it upon themselves." Moreover, it's nothing to lose face in front of one's own family. It's called learning from one's own mistakes, so that they won't lose face outside in the future. It'll be really embarrassing and embarrassing for the MU family!"

Mu Jie and the other two's faces instantly turned cold. Their bodies couldn't help but tremble, and they wanted to hit someone.

Everyone's expression was different. Although most of them were dissatisfied with gathering them all to exchange refining experience with an outsider, they still felt that the two of them had gone too far.

...

you don't have to complain," elder mu Qiu said. we'll soon know what kind of person that li Yunxiao is. There was a reason why the clan leader had invited everyone. Elder Hao, you're the one who brought that li Yunxiao to heavenspan Island, so why don't you talk to everyone first to find out who he is so that we can have an idea of his background?"

"Yes, yes." Mu Qiu's suggestion was immediately approved by everyone, and they all looked at mu Jie.

Mu Jie placed her hands on her knees and tidied up her long robe. She then said, I don't want to say much about li Yunxiao, but there is one thing I want to say. None of you here are his match.

elder Hao, aren't you being too arbitrary?" mu Qiu frowned. could it be that li Yunxiao is a divine transcendence?"

"An intermediate nine-star Martial Emperor," mu Jie replied after some thought.

"Hahaha!"

Mu wen couldn't help but burst out laughing. among all of you here, there are six who have reached the peak of nine-stars and more than ten mid-stage nine-stars martial sovereigns. Has elder Tong been beaten silly by that kid?"

Mu Jie couldn't bear it anymore. A boundless rage rushed to her head. She immediately rushed up and slapped him with her palm. She shouted,"Mu wen, I've tolerated you for too long!"

The vast palm wind floated over everyone's head and fell to the lower left side.

"Hmph, the same!"

Mu wen stood up and stretched out his arm. His five fingers suddenly grew longer, and his palm became the size of a futon, like a round shield. An eight-trigram array was carved on it, and the array talismans were activated.

“Bang!”

Mu Jie slammed her palm on the shield, shattering the talismans and sending mu wen out of the traps Pavilion.

Mu wen sneered and stopped in the air. He provoked, ” “If you have the guts, come out and fight for three hundred rounds. This old man has long found you an eyesore. However, I didn’t expect you to be thrown out of our house. You’re the shame of our Mu family!”

“Why do I need to fight you for three hundred rounds? I’ll send you to the MU family’s graveyard to meet our ancestors in three moves!” Mu Jie said coldly.

He put his hands together in front of his body, and countless steel nails emerged from his arms, making a clear sound wave.

The rhythm rippled on his arms and began to rotate rhythmically.

“Receive a melody from this Lord-striking gold and stone!”

“Clang clang!”

Countless vibrating voices reverberated and stacked together, creating countless ripples in the air. They spread out of the pavilion and covered the entire world!

Even though the main direction of the sound wave was outside, the expressions of the elders in the mechanism still changed slightly. They felt a sharp pain in their eardrums, and they hurriedly circulated their Qi to suppress it.

Mu wen stood in the sky, his body trembling with the rhythm. His expression changed as he gritted his teeth and said, ” “Who’s afraid of who!”

Three wounds opened up on his shield-like arm, and three black snakes crawled out. Their bodies sneaked in the air, and they bit down separately.

However, they all stopped when they were three feet away from mu Jie. The snake's body trembled continuously and began to fluctuate with the rhythm. It was obvious that it could not withstand it anymore.

Chapter 1716-public target

elder Wen's Spider-patterned black water snake is an ancient species that can't be injured by ten thousand swords. Yet, it can't withstand this melody?"

everyone was shocked. They reached behind the sound wave attack and felt their ears hurt. A pressure spread from the bottom of their hearts, but they weren't within the attack range and couldn't feel the power of the sound wave.

"It seems like the rumors about this black water snake are exaggerated," mu Bai Rong said, bewildered.

Another elder said, "the people of the MU clan aren't focusing on studying mechanical puppets. Instead, they're doing some demon beast taming. They're putting the cart before the horse and going down the wrong path. It's no wonder that their strength has regressed.

Mu Qiu said in a deep voice, "it's not the black water snake. It's stronger than before." It's just that elder Hao's kun body has been modified to be even more powerful this time."

"Chi Chi Chi!"

Explosions kept coming from the air. The three black water snakes kept flicking their tongues, rolling their bodies and gradually curling up.

Mu wen was shocked, and his eyes were filled with anger. He said resolutely, "mu Jie, you actually refined such an evil technique to deal with my black water snake. I'll fight you to the death!"

He made a hand seal with one hand, and the three black water snakes curled up even more, almost coiling up.

Their bodies also kept expanding as if they were filled with air. They actually turned into three huge meatballs, emitting a terrifying aura.

“Haha, specially trained for you? What a shameless narcissist.”

Mu lianyi laughed. a Lackey like you is also an elder of the MU family. You’ve really brought down the entire Mu family’s style. Go to hell!

His face was full of mockery, but his eyes were shining with a bright light that was getting stronger and stronger. The three black water snakes had entered a self-destructive state, and the power was even stronger than what he could bear. He had to deal with them before they self-destructed!

He changed his hand seals and drew a circle with his five fingers.

A white halo flickered in the ring between his hands. The power rippled and spread in all directions.

Suddenly, there was a soft “ PA ” sound. An arm smacked on his right arm, and his entire right hand drooped down as if it had lost its molar.

All the power was instantly eliminated.

Mu Jie was so shocked that she did not see the person clearly. She only saw a figure flash in the air and appear next to the three black water snakes, tapping three fingers on their bodies.

The inflated state immediately deflated, as if leaking air, and it slowly relaxed from its curled state.

Then, the elders shouted in unison, “Welcome, Lord clan leader!”

Mu Jie and mu wen were shocked. They hurriedly retreated into the traps Pavilion and bowed.

Mu Zhuang slowly walked past the crowd until he reached the end of the hall. He sat down and said, "There's no need to be so polite, elders."

Only then did everyone stand up straight and sit down on both sides, not daring to say anything.

"Elder mu Jie and elder mu Wen's strength has greatly improved, it's a cause for celebration," mu Zhuang said.

Mu Jie and mu wen were both embarrassed and stammered, not knowing what to say.

Mu Zhuang acted as if nothing had happened and asked, "Have all the elders arrived?"

Everyone scanned with their divine senses and saw that there were still two empty seats.

"Reporting to the clan leader, two elders, Wenchang and Yurong, have yet to arrive," mu Qiu cupped her fists.

"The two elders will never come. They have already fallen on this mission," mu Zhuang sighed.

"What?"

Everyone was shocked, and there was an uproar.

Only a few elders who had already known the situation remained silent, sitting cross-legged quietly.

After a brief moment of shock, mu Qiu said in a deep voice, "I wonder if clan leader knows who did it?"

"Elder Hao, please tell everyone the ins and outs of the matter." Mu Zhuang glanced at mu Jie and said.

Mu Jie nodded and sighed, "this time, Lord patriarch sent me, Yitong, Yijun, Wenchang, and Yurong to carry out a mission. I didn't expect to meet the corpse fiend sect." Elder Yurong was poisoned by Jing Qi's poison, the jiusha xuanyu, and has turned into a corpse puppet. Elder Wenchang, on the other hand, died at Jing Qi's hands in order to cover for us to retreat."

"It's Jing Qi!" Everyone was furious, and the whole traps Pavilion was filled with anger.

"Let's kill our way to corpse fiend sect and sink their giant turtle!"

"That group of neither human nor ghost things, this old man has long found them to be an eyesore. Lord clan leader, lead us to kill them!"

"How dare you kill an elder of my mu clan! I won't forgive you!"

Amidst the chaos, mu Qiu slowly said, "Jing Qi wouldn't kill a member of the MU family for no reason. Elder Hao, is there a hidden story?"

"We didn't provoke him. We just happened to bump into his anger," mu Jie said.

"If that's the case, we can't let him off!" Mu Qiu said.

Mu Zhuang said, "of course we can't let this matter go. However, the corpse fiend sect is not a small matter either. Now that we're all members of the heaven Alliance, it's not appropriate to make a big move. We must think of a long-term plan and come up with a foolproof plan.

members of the heaven Alliance can't kill each other," mu Qiu said. why don't we report this to the heaven experts and let them handle it?"

"No!" Mu Zhuang said. If this matter is handled by a heaven expert, it will definitely turn a big matter into a small one and a small matter into nothing. We can't let corpse fiend sect get away with it so easily!"

“Your subordinate didn’t think it through,” mu Qiu quickly replied.

“It’s fine, we’ll think of a way after the martial arts competition.” The most important thing now is to win the martial duel, and that’s why I have high hopes for Yunxiao.”

Everyone was suspicious, and they discussed, “ Does that li Yunxiao really have such great ability? ” Obviously, most of them didn’t believe it.

Lord clan leader, ” mu Bairong said, ” all the members of the MU family have come to today’s artifact refining exchange, but that li Yunxiao is so arrogant. I haven’t seen him yet.

Everyone was extremely dissatisfied, and their faces were ugly. This was too embarrassing for them.

“It’s most likely that he’s been delayed at a critical point in his cultivation. The more powerful he is, the more confident we will be. Elder Tong, how are the twenty-four Jade girls who have cultivated the Yin Yang pure maiden technique?”

“I haven’t touched it,” mu Jie frowned.

“Oh?” “When he was young, he was full of vigor and vitality, yet he could resist such temptation. He’s indeed not simple,” mu Zhuang said in surprise.

...

Mu Jie said,“I originally planned to seduce him with a woman’s charm. As long as he’s moved, I can make him the son-in-law of the MU family. Who knew that he only took a glance and never appeared again?” this man has high standards, and i’ve already arranged for wan shan to be betrothed to him.”

“What? You can’t!”

Wan Shan is the most outstanding woman among the MU family's younger generation, " mu Bairong said in shock and anger. her talent is so high that it's rare to see one in thousands of years. Even her beauty can't be compared to her. How can such an important junior be used for a marriage alliance!"

The rest of the elders were also strongly against it and unanimously disagreed.

it's because of Wan Shan's excellence that we can keep li Yunxiao, " mu Jie said coldly. it's possible for him to stay.

"Mu Jie, you've really lost your mind!" Mu Bai Rong said angrily. With Wan Shan and Fenghua's abilities, it's enough for them to win first place in the martial arts competition. Why do they have to lower their heads and beg outsiders?"

"We can't afford to make any mistakes in this martial arts competition. If Wanshan and Fenghua can't get first place, Will Elder Bai Rong be willing to take the responsibility?" mu Yu said. If you're willing to take the responsibility, then I'll forget about li Yunxiao's matter."

"You!" Mu Bairong snorted angrily. How could he bear this responsibility? he looked at Mu Hong angrily and said, " elder Hong, that Wan Shan is your granddaughter. Are you really willing to do this? "

Mu Hong, who was seated at the bottom, said respectfully, " "The MU family is the most important. We will follow the arrangements of the chief."

"The clan leader agreed to it?" mu baichen was shocked.

"Mu Jie told me about it, I have no objections," mu Zhuang nodded.

...

"Haha, you're all crazy!" Mu Bairong immediately stood up and said angrily, " "I don't agree, I will never agree! Unless li Yunxiao can defeat me, then I'll shut up and say no more, or I'll never agree!"

“Don’t be rude in front of the chief!” Mu Jie shouted.

Mu Bairong immediately realized that he had lost his composure, but he still wasn’t convinced. He sneered, “I have no intention of offending Lord clan leader, but mu Jie, you bastard, how dare you bewitch the clan leader! What punishment do you deserve?”

Mu Zhuang’s expression changed and his eyes turned cold. He was obviously angry.

Mu Jie sneered and said, “bewitched?” You said that you would shut up as long as Yunxiao could defeat you. Now, please recuperate properly and wait for your beating.”

“Haha, this old master will wait for him here. I’m just afraid he won’t dare to come!” Mu Bairong’s face was full of ridicule.

He was a great expert at the peak of the nine-star and had been in this realm for a long time. Ordinary experts at the peak were not his opponent. He did not believe that an intermediate nine-star teenager could win against him.

The other elders also smiled knowingly. With mu Bairong’s help, Yunxiao was most likely going to suffer a setback. For some reason, they were filled with resentment toward this man.

“Ahem, sorry, I was held up by something. I’m late.”

An extremely discordant voice rang out in the traps Pavilion. Everyone’s attention was focused on the conflict, so no one noticed Yunxiao’s arrival.

Immediately, everyone’s gazes converged on him. Most of them were cold and unfriendly.

Yunxiao also felt a great deal of hostility, and he could not help but be baffled.

“You’re here.” Mu Zhuang smiled gently. “You don’t look too good. You’ve been cultivating too hard these past three days.” His eyelids twitched.

Yunxiao's face was as pale as paper, and his blood vessels could be vaguely seen. With a slight ruddy complexion, he smiled and said, "It's a little bitter, but it's okay."

what hard cultivation?" mu Bai Rong grinned. I'm afraid you're just scared after hearing our conversation just now.

"Talk? Scared?"

what did you talk about?" Yunxiao frowned. why did you scare me? "

"Hmph, still pretending, go to hell!"

Mu Bairong had been holding back his anger for a long time. Now that the main character was here, he couldn't hold it in anymore. He punched out angrily.

A flaming passage was drawn in the air, and a huge flame was produced by his punch, which instantly devoured Yunxiao.

"Mu Bai Rong, it's not fair to take advantage of someone's perilous state to win!" Mu Jie was shocked and furious.

With his wondrous spirit eyes, he also found that Yunxiao's body was weak. In fact, it was not weak, but empty, as his spiritual power had been completely drained.

Mu Zhuang frowned as well, his eyes narrowing slightly, for fear that something might happen to Yunxiao.

"Bang!"

A huge explosion rang out, and the flames scattered, revealing a golden light. Yunxiao's fingers were like claws as he took mu Bairong's punch!

Chapter 1717-you brought it upon yourself

“What?”

All the elders in the hall were shocked.

In fact, almost everyone could see that Yunxiao was mentally exhausted, which was obviously a sign of excessive artifact refining. Naturally, his primordial energy and physical strength would be greatly affected.

“What?” Mu Zhuang let out a soft “huh” and a smile appeared at the corner of his mouth. His anxious heart was instantly put at ease and he became very interested.

Mu Bairong was also greatly alarmed. He immediately recalled mu Jie’s evaluation of this person and didn’t dare to be careless.

The power of his fist kept increasing, but it was still clenched tightly by Yunxiao’s five fingers, unable to move an inch further.

“Arrogant!”

He shouted angrily and lifted his right leg to kick.

Yunxiao chuckled as he put two fingers on his left hand together and poked at the aperture acupoints on the man’s leg.

“Plop!”

He tapped his fingers on the other party’s yaqiao acupoint, causing a slight pain. It was as if he had knocked on a brick, and a ring of light appeared.

“Fake legs?” He couldn’t help but be dumbfounded.

“You’re the one with fake legs!”

Yunxiao! mu Bairong shouted as he spun his left leg and kicked at Yunxiao’s head like a long whip.

Yunxiao stepped back and waved his fists, which turned into countless fist shadows.

“Bang Bang Bang” sounds were heard as the two of them started fighting.

They were all head-on moves without any tricks, and every move created a powerful air wave that pushed to the sides.

All the elders’ faces changed, and their opinions of Yunxiao kept changing.

Yunxiao retreated as he fought. His opponent’s legs were fierce and strong, like countless iron hammers.

At first, he thought that they were fake legs, but later he realized that it was not. The legs were real, but the acupuncture points on the legs seemed to have been specially modified and were actually indestructible! His weakness had suddenly become his advantage!

“Bang! Bang! Bang!”

Mu Bairong’s kicking technique became more and more rapid, like a storm, just like his mood.

The two of them soon fought outside the pavilion, and the sky was filled with shock waves.

A large number of mu clan disciples were watching from afar, their faces full of shock.

Mu Bairong roared and kicked down like a battle axe. “Don’t hide if you have the guts!”

The wind from the kick created a long rainbow in the sky with shocking power.

Yunxiao grinned hideously as he stepped back and said sarcastically, "Why shouldn't I dodge? Are we just going to stand there and wait for you to come back?"

"BOOM!"

Mu Bai's kick missed. He cried out in anger, his legs dancing like whips as he spun around and kicked like a madman.

Yunxiao was slightly surprised. He knew that although the leg technique seemed to be random, it was actually extremely powerful.

However, he was not flustered. He was able to calmly receive every attack from his opponent. In addition, he was constantly retreating to dissipate the force. Even if he fought another 300 rounds, he would definitely not lose.

Mu Jie was overjoyed to see this. With his eyesight, he naturally knew that Yunxiao was invincible.

The other elders frowned as well. From the beginning to the end, mu Bairong had been constantly attacking while Yunxiao had only been dealing with him. In other words, mu Bairong had already lost.

Mu Zhuang's pupils constricted as he stared at Yunxiao's golden light. He began to think and said in an imperceptible voice, "Why does this divine power look so much like ao changkong's inextinguishable golden body?"

"Argh! "Ah!" Ah!"

"Bang! Bang! Bang!"

Mu Bairong's leg technique became faster and faster, and soon, only afterimages were left. Martial artists below the rank of a high-level martial Supreme could not catch their figures at all. They could only sense the golden light and gray shadow flashing continuously.

Mu Zhuang finally couldn't stand it anymore and said, "Elder Bai Rong, stop!"

Mu Bairong had already gone crazy from the fight. He couldn't win even after a long time. Moreover, his opponent's mental energy was obviously exhausted. Where was he supposed to put his face in front of the entire Mu family?

"I'm going to kill you!"

He was almost possessed. He kicked Yunxiao away with a leg technique, and then a shadow flickered behind him, from which appeared a puppet of the same size as him.

His eyes were spewing fire as his hands kept forming hand seals.

The puppet also performed incantation seals in a close coordination. In the end, the four palms touched and the two seals combined into one.

A huge seal wheel appeared in the sky, shining with boundless golden light.

It's elder Bai Rong's most powerful divine ability-thousand utility seal!

Everyone was shocked. This was mu Bairong's Secret magical ability. He wouldn't use it unless he was in a life-and-death situation. He was indeed so angry that he had lost his mind.

Mu Zhuang was furious. He slammed the table and shouted, "Mu Bairong!"

Mu Bairong's eyes were already red from killing. He gritted his teeth and said, "Lord clan leader, don't stop me. I'll come to you for disrespect after I kill him!"

The thousand revolution seal was several acres in size and covered the entire area.

The disciples of the MU family in the distance also felt the aura and retreated in shock to avoid being affected.

One of the men had an extraordinary appearance. It was mu Fenghua. He was staring at the battle between the two, his face pale.

When they first met in Red Moon City, although Yunxiao was extremely talented, he was still confident that he would have a 50 – 50 chance of winning.

However, a 50 – 50 chance of winning was simply a great humiliation to him, the genius youth of the MU family.

...

In order to crush his opponent without any suspense, he had been cultivating in seclusion after returning to the MU family, using the most brutal way to torture himself. He thought that when they met again, he would have a 90% chance of winning, but now he found that his chances were already zero.

His younger brother mu fengjun's face was even paler. He rubbed his eyes from time to time. He couldn't believe that the young man in front of him was the opponent who had fought with him in the past.

Mu Jie was anxious. If Yunxiao was injured, the martial duel would only have three days left.

If Yunxiao was in his Prime, he would not have the slightest worry no matter how strong mu Bairong was. He couldn't help but glance at mu Zhuang, but seeing his gloomy face, he didn't say anything to stop him.

The huge thousand revolution seal shrank in the sky above heavenspan Island. The terrifying power was compressed through the seal, and its purity continued to increase. In the end, it was compressed to the size of a millstone. This was the limit that mu Bairong could do!

“Die!”

die! mu Bairong roared and slammed down the seal!

Yunxiao looked at him coldly and said with a sneer, “Hmph, don’t think that only your mu clan has puppets. This young master has one too!”

A ray of light flashed between his eyebrows, and the gourd Little King Kong flew out. Its whole body was black and gold, and under the scorching sun, it flashed with nine-colored divine light.

Mu Zhuang’s brows suddenly twitched and he was suddenly in a daze. He said in shock, “Divine steel!”

Mu Jie’s entire body trembled, and her eyes were filled with shock.

...

Suddenly, he understood why Yunxiao’s mental power was so depleted.

He had just obtained the extreme northern ice essence, and he had actually refined divine steel!

The shock he felt was indescribable. It was as if the waves were constantly hitting the shore. He was a little dazed and lost.

However, no one noticed his absent-mindedness because mu Zhuang’s mention of “divine steel” made everyone’s necks stand up straight and their eyes widen.

The calabash Little King Kong instantly appeared in front of the thousand revolution seal. Its pupils shrank, and it got into a fighting stance, throwing out a King Kong fist.

Wind and clouds surged on his fist, and space spun under the force of his fist. A small white flower was also jumping around.

Mu Jie's heart skipped a beat as she looked over.

The white flower was the same terrifying divine power that lingmu di had used to deal with Feng Yaoli in the snow country.

“BOOM!”

The calabash Little King Kong moved forward and struck into the thousand machine seal along with the king Kong fist.

A heaven-and-earth explosion erupted, and the entire heavenspan Island exploded into a vortex of clouds, leaving behind a pitch-black hole. Even the layer of mist in the sky was torn apart by several kilometers.

At the center of the energy fluctuation, mu Bairong looked ahead nervously, not knowing if Yunxiao was dead or not.

However, his pupils suddenly contracted as a huge black shadow appeared in front of him. Its five fingers grabbed his throat and lifted him up high.

“Crack!”

Mu Bairong only felt that his throat was broken. His heart was filled with fear and horror. All the vital parts of his body had been specially forged, and the bone armor around his throat was harder than metal, but it was crushed with a pinch!

He hurriedly performed an incantation gesture, and the puppet beside him immediately raised its hand to attack. Sharp blades suddenly extended from its five fingers and directly chopped down.

The gourd Little King Kong didn't avoid it at all. It let the sharp blade cut its body and struck out with the king Kong fist again.

"Bang!"

The puppet's five fingers were instantly broken, and the Vajra fist also landed on his chest, causing a hole to appear. He was forced back several feet.

Mu Bairong was shocked. His puppet was inferior to the other party in terms of attack, defense, spirituality, and other aspects.

"Bang!"

After forcing the puppet back, the gourd-shaped Little King Kong punched mu Bairong's chest with its left hand, shattering all his ribs and shattering his internal organs. He spat out a mouthful of blood mixed with pieces of his internal organs.

Mu Bairong's aura and momentum instantly collapsed. His strong self-confidence was also shattered on the ground. He had completely become a dead dog.

However, the calabash Little King Kong obviously didn't intend to kill him. After crushing his hyoid bone, he just stood there in a daze.

Intelligence flashed across his dull face from time to time, but he was still very dull.

The energy ripples gradually dissipated, and four figures gradually appeared in the air.

Yunxiao stood where he was, unscathed, and did not even move.

Mu Bai Rong's puppet was also thirty meters away, and it seemed to be damaged. In the center, the gourd little guardian deity was sticking to mu Bai Rong. Mu Bai Rong looked more than a hundred years older. His limbs were limp, and his eyes were ashen.

Countless gasps sounded one after another, and there were also cries of fear. They seemed to be in disbelief and unable to accept the scene before their eyes.

As for the MU clan's powerful existences, they had already seen everything clearly. While they were shocked, they also sighed deeply.

"Pa pa pa!"

A round of applause rang out. Mu Zhuang was the first to clap and praise, "It was a very exciting battle. It was soul-stirring and eye-opening. My confidence in young master Yun was only 70% before, but now it's 100%."

"Lord chief! Li Yunxiao has seriously injured elder Bai Rong!"

Mu wen cried out in shock, his eyes filled with dissatisfaction.

The rest of the elders felt that it was inappropriate, but since mu Zhuang was the one complimenting him, no one dared to say anything. However, many of them frowned.

Mu Zhuang's gaze swept across the crowd and finally landed on mu wen. He coldly said, "Mu Bairong only has himself to blame!"

Chapter 1718

1718 Three great puppet divine arts

"?!"

Mu wen sucked in another breath of cold air. Mu Zhuang's cold gaze made him shiver and he hurriedly retreated, not daring to say anything more.

The MU clan's hierarchy was extremely strict, and the clan head's words held supreme authority. The words 'he brought this upon himself' were enough to define mu Bai's character, and no one dared to say anything more on his behalf.

Mu Zhuang said coldly, "mu Bai Rong ignored my words and was extremely rude. He should have been punished." But since he's seriously injured, I'll spare him this time and bring him down for treatment."

Yunxiao did not want to kill anyone, so he snapped his fingers, and the calabash Little King Kong immediately threw mu Bairong out.

Immediately, a disciple of the MU clan flew up and caught mu Bairong before bringing him down.

Mu Zhuang finally smiled and said, young master Yun's cultivation base is astonishing. You've opened the eyes of us old men. Please come in and have a seat.

there are so many elders in there, " Yunxiao said with a smile. it won't be very dangerous, will it? " If a few more come, I'm afraid I won't be able to walk out alive."

"Haha, young master Yun, you're so funny."

Mu Zhuang laughed awkwardly and said in a cold voice, elders, listen up! Whoever dares to be rude to young master Yunxiao will be dealt with by me personally!

All the elders were silent, not daring to be rash.

Only then did Yunxiao put away the calabash King Kong and enter the heaven secret Pavilion in a flash.

Mu Zhuang was very enthusiastic and personally pulled him to sit beside him, as if they were old friends who had not seen each other for a long time.

All the elders were shocked. Anyone who could sit next to the clan leader was a giant of a region, a great expert of divine transcendence.

Although Yunxiao had proven his strength, it seemed that he was still a long way from that position.

Yunxiao, on the other hand, looked calm and composed, as if he should have been sitting there, which made the elders angry again. But, with the previous example, they did not dare to act rashly.

“The puppet young master Yun used just now is very strange,” mu Zhuang said. “It’s very agile, as if it has a life of its own. Looking closely, there’s no soul attached to his body. Could it be that he has developed his own spiritual consciousness?”

Yunxiao laughed. is it spiritual? I still think that thing is too stupid.”

“Haha, young master Yun is so greedy. It is much more difficult for a puppet to produce spirituality than a pure profound level weapon.”

Mu Zhuang’s face was full of envy as he continued to ask, “I saw that the material of the puppet was extraordinary. Could it be divine steel?”

Everyone perked up their ears and listened carefully.

Yunxiao blinked and said, “divine steel? What’s that?”

“Eh?!”

Mu Zhuang choked. When he looked at mu Jie’s expression, he immediately knew that Yunxiao was pretending. He laughed and said, “it’s that black and gold body. From time to time, nine-colored divine light will be refracted out.

Yunxiao smiled. Oh, so that’s the divine steel. Thank you for your explanation, Lord mu Zhuang. Otherwise, I wouldn’t have known.

Mu Zhuang smiled and didn't point it out, According to elder mu Jie, your puppet was only made of ordinary hard materials before. How did young master Yun upgrade it? "

Yunxiao knew the other party's intention, which was to ask about the recipe of the divine steel. He laughed and said, " "After obtaining the extreme northern ice essence, I tried to refine this thing. Who knew that it would produce such a miraculous effect? tsk tsk, it's really strange."

Mu Zhuang was still smiling as he said, it seems that young master Yun is indeed a blessed man. I wonder how you tried it, and what raw materials did you use? "

Yunxiao pretended to be deep in thought and said, " "Unmoving tears, Green Sun Stone, Black Tortoise armor, mournful glazed tile Gu, Aiya, there are too many, I can't remember them all at once."

Mu Zhuang and a group of elders were listening attentively and carefully memorizing the information. They all frowned and showed an unhappy expression.

oh, by the way, Lord mu Zhuang, you recognize that divine steel. Does the MU family also have it? "

Yunxiao asked.

"Uh, I've read about it in an ancient book. I didn't expect to be able to see his true appearance, it's truly fortunate."

I heard that the MU family has three great puppet Arts, " Yunxiao said with a smile. I've seen elder mu Yijun use magic beans to soldiers. I wonder what the other two divine arts are like? "

Mu Zhuang cursed this little fox in his heart. He didn't manage to get anything out of him and instead, he started to trick him. He said generously,"The MU family's three great Puppetry Arts are indeed comparable to divine skills, but only those with extremely strong talent can learn them. Elder Yi Jun's talent is very suitable for casting beans for soldiers, but this divine skill is only ranked third among the three great Puppetry Arts."

"Lord clan leader, the three great divine arts of puppetry are the MU clan's top secrets. It's not appropriate to spread them," mu Qiu could not help but say.

“It doesn’t matter. Young master Yun is not an outsider,” mu Zhuang smiled.

‘I’m flattered,’ Yunxiao said with a smile. ‘I’m really flattered.’

“The second-ranked puppet Divine Art is called ‘six ding six Jia’. It is formed by 12 puppets and can set up the 12 divine beings killing formation,” mu Zhuang said.

“Six ding six Jia!”

Yunxiao’s heart skipped a beat, and he looked shocked as he said in horror, “One of the three ancient fearsome formations, the twelve Capital Heaven divine Wraith formation!”

Mu Zhuang raised his eyebrows slightly, feeling that Yunxiao’s reaction was a little too excessive. He nodded and said, “that’s right. It’s a pity that the twelve divine beings killing formation is extremely difficult to set up. There’s no one in the entire Mu family who can cultivate the six ding and six Jia puppet technique.

Yunxiao fell silent. The twelve ugly puppets he had summoned from the man he had killed at han Junting’s party outside new Yan city were none other than the six ding and six Jia puppets.

If it had such power, he would’ve most likely died at that time. It could be seen that although the blue-robed man had stolen a set of six ding and six Jia, he hadn’t cultivated it.

the twelve divine beings fiend formation can only be ranked second. I wonder what is ranked first? ”

“Hehe, the number one divine art of puppetry is the greatest secret of the MU clan. Only the clan leaders of the past generations know about it. I’m afraid it won’t be leaked out.” Mu Zhuang laughed.

‘I’m very interested in these two divine arts of puppets. Yunxiao thought for a moment and said, “ I wonder if you can show me the key to them? ”

All the elders were in an uproar. Mu Jie also jumped up and said angrily, young master Yun, this request is not only excessive, it's simply unreasonable!

The rest of the people were also cursing, saying that he didn't know what was good for him.

Mu Zhuang gestured for everyone to be quiet before he said, "These two divine arts of puppeteers can not be taught to outsiders, unless young master Yun marries into the MU family and changes his surname to 'mu'."

Yunxiao smiled wryly.

"As long as young master Yun is willing to join the MU family for the rest of your life, you can choose one of the two divine arts," mu Zhuang said.

The uproar and opposition from below grew even more intense. They were all extremely angry and clearly did not agree.

I still have a few powerful divine abilities that I haven't cultivated to the extreme, " Yunxiao said. I'll consider them after I've mastered them all.

...

Mu Zhuang knew that he was rejecting him tactfully, so he smiled and said, "I'm also very interested in young master Yun's divine-refined steel recipe. I wonder if I can part with it? The MU clan is rich, and there will definitely be something that will satisfy you."

haha! Yunxiao laughed. if Lord mu Zhuang can change his surname to 'li' and marry into my family, I'll offer it to you immediately.

"What?"

The entire Hall was shocked and furious. This boy is rude, he should be punished! Death is not to be regretted. He should be punished by ten thousand blades!

Even Mu Jie, Mu Yitong, and Mu Yijun looked furious. The entire Pavilion was filled with a murderous aura, and angry shouts rose and fell, demanding Yunxiao to be executed!

Surrounded by a sky full of anger, Yunxiao laughed and continued to ask, "Lord Mu Zhuang, how is it?"

"Hahaha!"

Mu Zhuang's expression changed several times before he finally laughed out loud, "Young master Yun is indeed different from the rest."

Everyone was furious. Mu Wen said sternly, "Lord clan leader, this child is so disrespectful, we can't let him off!"

What Li Yunxiao said just now is indeed too rude," Mu Qiu said. I also think that we can't tolerate it, or the dignity of our Mu family will be lost.

Mu Zhuang looked at the crowd and said, "Since that's the case, Elder Wen and Elder Qiu, we'll do as you say. Li Yunxiao is sitting here. Please take him down and punish him."

...

The two of them were stunned. Mu Wen's face was a little red, while Mu Qiu frowned and muttered to herself.

Judging from the strength Yunxiao had shown just now, apart from his own strength, the calabash Little King Kong was almost immortal. Even Mu Bairong's thousand revolution seal could not hurt him at all. Apart from Mu Zhuang, no one in the hall was his opponent.

Or if all the elders attacked together, they would definitely win. But if so many elders of the MU family attacked a young man, the loss of face seemed to be even greater.

Only mu Jie knew that even if all of them besieged Yunxiao, they might not win.

“Young master Yun, what you said just now was inappropriate. I hope you won’t make such a joke,” mu Yu sighed.

Yunxiao snorted coldly as he swept his sharp eyes over the crowd and said, “I hope that all the elders will not make a joke about making this young master change his surname. Otherwise, the capital punishment that everyone spoke of just now will come true.”

All the elders glared at him, but they didn’t dare to say anything. If mu Zhuang didn’t stand up for them, they wouldn’t have the ability to.

“I didn’t think it through before, I hope young master Yun doesn’t blame me,” mu Zhuang said with a smile.

Everyone felt a wave of dizziness. The one apologizing was actually their clan leader. This was really hard for the proud and arrogant people to accept.

“It’s fine,” Yunxiao said.

He stood up and said, “I’m a little tired. If there’s nothing else, I’ll go back and rest.” We’ll meet again in the martial competition three days later.”

“Rest well, young master Yun,” mu Zhuang said. “I’m looking forward to your glorious performance in the martial arts competition.”

Yunxiao’s body turned into a Thunderbolt and disappeared from the hall in a flash. Everyone’s hearts trembled, and they could not catch his speed at all.

Mu Zhuang's eyes flashed as he muttered to himself.

The crowd below immediately burst into loud clamors and shouts. All kinds of dissatisfaction were vented, and they wanted to catch up with Yunxiao and skin him alive.

Mu Zhuang listened to the crowd's angry roars, but he remained silent, nor did he announce that they could leave.

"Lord clan leader," mu Jie called out softly.

Mu Zhuang finally regained his senses and said, "Oh, what's wrong?"

"What is Lord patriarch thinking? do you have any plans?" mu Jie was stunned and frowned.

Yunxiao?" mu Zhuang's eyes flickered as he asked, " what do you think of this li Yunxiao? "

Chapter 1719-peak of perfection

Mu Zhuang didn't say anything, but instead cursed, complained, and shouted angrily.

The group of elders once again cursed wildly, mostly
"arrogant," "ignorant," "unreasonable," "damn," "unforgivable," and so on.

Mu Zhuang listened patiently. After they were done scolding, he asked the three people below him, Mu Jie, Yitong, and Yilun, you three are the first ones to come into contact with Yunxiao. What do you think?
"

"I agree with what the elders said just now," mu Jie said. But there's one more thing, and that's that his strength is unfathomable."

"There's one more thing," mu Yitong said, "it's hard to estimate how high his talent is."

Mu Yijun also nodded and said, " back when we were saving Guang Yuan in the East Sea, he wasn't even a high-level martial Supreme. Now, he has grown to such a level in just two years. He's simply terrifying.

"Two years, Yingluo?"

Mu Zhuang muttered to himself while the rest of the elders' faces changed drastically. In two years' time, he had grown from a mid-stage martial Supreme to his current level. The word 'terrifying' was not enough to describe him. He was a monster. Even 'monster' was not enough to describe him.

could the two elders have made a mistake? " mu Qiu asked. perhaps he was already a nine-stars martial sovereign back then. He just hid his strength.

Mu Yitong said, " we can't see through his cultivation now. Back then, we could see through it at a glance. We also fought several battles with Guangxian's pursuers. How could we be wrong? "

Everyone fell silent. They had fought a life-and-death battle together, so it was indeed very difficult to hide their strength without being discovered.

"Elder Huang, you just said that his strength is unfathomable. In your opinion, you can just be Frank about how deep his strength is. There's no need to worry," mu Zhuang said in a deep voice.

"This is an ..."

Mu Jie felt a little embarrassed. She looked at mu Yitong and his brother before she mustered up her courage and said, in my humble opinion, Yunxiao's personal combat strength has already surpassed ordinary divine transcendence. Even a great expert like Jing Qi is no match for him.

The entire Hall was filled with voices of doubt and disbelief.

"Mu Jie, you don't have to praise him so shamelessly even if you want to highlight how amazing he is!" Mu wen snorted.

Mu Jie was extremely angry and angrily rebuked, "mu wen, haven't you had enough?" This old man will accompany you at any time!"

fine, I'll take you on, " mu wen said coldly. even if I, mu wen, am not as strong as you, I still have my backbone and integrity!

"I also agree with elder Hao's judgment," mu Yitong stood out and said.

Mu Yijun also looked at mu wen and said, " "Me too,"

Most of the elders were dumbfounded. Mu Jie and the other two were the strongest among the elders in terms of reputation and strength. If the three of them said so unanimously, then even if there was a gap, it wouldn't be too big.

what do the three elders think about li Yunxiao? " mu Zhuang suddenly asked. what do you think? "

The pavilion immediately fell silent. There was no sound as everyone's eyes were focused on the three.

The three's expressions changed slightly, and they were sweating profusely. They hurriedly said, " "Naturally, I'm inferior."

"Oh, do the three of you really think that way?" mu Zhuang was expressionless.

this ... mu Jie's palms were covered in cold sweat. even if li Yunxiao is no match for him, he's very close to Lord patriarch's strength.

They would never dare to say that Yunxiao's strength was above mu Zhuang's, even if they really thought so.

"Looking at the three of you, I can roughly understand what you're thinking," mu Zhuang slowly closed his eyes and said.

The three of them trembled and lowered their heads, not daring to speak.

The shock Yunxiao's sword strike in the unmovable forest of returning had brought to them was too strong. Even Jing Qi was shocked on the spot, and the three of them had been deeply engraved in their bones.

Mu Zhuang opened his eyes again and said, "Even if one is a divine transcendence expert, there's still a huge difference in strength between them. This is an indisputable fact. Although the sky had lost the ten rules and could not reach the tenth level in terms of realm, there were many experts who had reached the godly state in the past 100000 years, and even ordinary godly state experts were no match for them. Among the experts at the peak of the realm of heavenly martial arts, they are called 'the peak'!"

"He has the power of the immortal state and has reached the peak of perfection."

All the elders in the hall held their breath and listened quietly.

what? " mu Qiu was suddenly taken aback. Lord patriarch, do you mean that li Yunxiao is trying to trick us? "

Mu Zhuang shook his head and said, " don't worry. According to the three elders 'description, li Yunxiao has not reached the' peak 'level. In my opinion, only three people among the reclusive families are likely to have reached the peak.

"Which three?" asked mu Jie.

"The first choice is naturally Your Excellency." Mu Zhuang's face was solemn.

Everyone was shocked. The identity of this " heaven's expert " was too mysterious. They had asked him several times, but mu Jie had kept quiet about it. Now, it seemed that his strength was at least above mu Jie's, and he was convinced.

"The second is the earth realm. These two are probably the pinnacle of this world," mu Zhuang said. His eyes revealed a look of fascination.

“Then what about one person?” mu Jie furrowed her brows.

He didn't agree with mu Zhuang's point of view. He had witnessed Feng Yaoli's strength in the snow country. That kind of terrifying strength could even kill a godly state expert.

“I'm not sure about the third person, but even if it's not perfect, it's not far from it. That's nanqiu Yu,” mu Zhuang said after a moment of silence.

As soon as this name was mentioned, everyone nodded in realization, as if they were very convinced.

it's a pity that the two Venerables can't work together, ” mu Qiu sighed. otherwise, it would be a piece of cake to sweep across the heavenly martial continent.

Mu Zhuang said, ” I thought so too. But now, it seems that we may have underestimated the strength of the heavenly martial continent. Any random monstrous talent like Yunxiao would be enough to sweep away all the secluded sects and find no worthy opponent. Could it be that only a world Knight or a warrior at the natural moat ocean can stop him?”

don't listen to mu Yu's nonsense, Lord chief, ” mu wen said. you can definitely suppress li Yunxiao with your power!

The rest of the people nodded in agreement.

“I'm self-aware, unlike you guys who are blindly arrogant,” mu Zhuang laughed. Although I'm sure I can defeat Jing Qi, it'll be very difficult for me. Given Jing Qi's temperament, it's impossible to intimidate him unless he has absolute power. And the most terrifying thing is that this li Yunxiao only has a cultivation base of mid-tier nine-stars!”

Everyone trembled as they felt a chill in their hearts. They had forgotten the most important point. It wasn't just a matter of cultivation level, but also their young age.

Mu Jie was thinking even further. There were also the many experts in the Saint artifact. If they were to go all out, it would be enough to compete with any major force.

He thought to himself, 'in order to prevent the elders from coveting and being greedy, Lord patriarch did not tell them that Yunxiao has the divine armor and Saint artifacts. Now, it seems that he is right.' If they became enemies with Yunxiao because of 'greed', it would definitely be a disaster. The funny thing was that these pedantic elders still didn't understand the situation.

if he continues to develop like this, I'm afraid he'll have the strength to reach the peak when he enters divine transcendence, " mu Zhuang said. with his talent, it's only a matter of time before he enters divine transcendence. I can even feel that it won't be too far away.

Everyone could feel the heaviness of the atmosphere. In this vast Hall, they felt extremely oppressed.

...

Mu Zhuang looked at everyone's heavy expressions and couldn't help but laugh, Don't worry too much, everyone. Don't forget that li Yunxiao is now on our side. If everything goes well, he might even become the son-in-law of the MU family. This is a great thing.

Everyone had an indescribable feeling in their hearts when they heard this. Mu Wen's face even twitched a few times.

Mu Zhuang said no more, stood up, and flew away.

The group of elders then began to speak up and whisper among themselves.

Mu wen felt mu Jie's sharp gaze and his expression changed. He hurriedly turned into a ray of light and left.

"Hmph, at least this little brat ran fast!"

Mu Jie snorted and left. He was not in the mood to fight with mu wen. Yunxiao's appearance had brought great psychological pressure to everyone, and they all went back to their cultivation.

After returning to Chun tingyue, Yunxiao entered a secret chamber and set up several energy barriers in succession.

After making sure that everything was in place, he took out the six ding six Jia puppet and examined it carefully.

One percent of the power of the great Bliss Formation, one of the three great ancient ominous formations, was comparable to the divine transcendence. If he could set up the twelve divine beings killing formation, he would be able to run amuck in this sky.

He picked up a storage ring. It was the one left behind by the man from the MU family. The name "Mu Chen" was engraved on it.

...

It was unknown if this "Mu Chen" was the blue-robed man, but the Dao of puppets recorded in it was extraordinary, so it was most likely not that man.

One of the Jade slips contained an overview of the puppetry technique and a general outline, as well as some speculations about its future development.

Yunxiao had read it before, and at that time, he found it very novel and strange. It was about the ability to develop puppets into a new race, which had intelligence no weaker than that of humans.

Now that he was reading it again, he couldn't help but be moved. Mu Chen had said in the Jade slip that he had created a puppet that he thought was the most perfect. It was called the "Royal chariot" and had achieved a qualitative improvement. However, he didn't go into details.

As for the MU family's so-called three great puppetry techniques, transforming beans into soldiers and six ding six Jia, although they were miraculous, they did not verify Mu Chen's puppetry ideology. Could the "Royal armor" that he had refined be related to the number one puppetry technique?

If that was the case, then Mu Chen definitely wouldn't be the blue-robed man who had died.

Yunxiao pondered for a while, but to no avail. So, he stopped thinking about it and began to study the six ding and six Jia carefully.

These 12 puppets were also created by Mu Chen, and they were all ninth-rank. The puppets were wearing battle armors and holding different profound level weapons. Their expressions were very similar, and they were all different.

Yunxiao took one out and held it in his hand. It was three inches long and extremely heavy.

On the chest and back of the little person were two ancient characters, "little seal," which were the names of the Dingjia.

Chapter 1720

1720 Inexplicable

According to the Jade slip, each of the twelve little figures had a divine ability. However, Yunxiao was at a loss as to how to drive and cast them, and how to form an array.

He spread out his divine sense and probed the little person's body.

It was immediately blocked by a force and could not enter.

Yunxiao's heart was filled with joy, and his interest was immediately piqued. He was afraid that if there was nothing unusual under the investigation, there would be something to be done.

However, his spiritual power was exhausted at the moment, and he felt dizzy even after forcefully condensing a little consciousness. He had to give up and cultivate the great expansion divine technique to recover his strength first.

Suddenly, a red light flickered outside the door, and a message came in. There was a situation.

He frowned and revealed an extremely unhappy expression. Someone actually dared to disturb his cultivation.

After leaving the secret room, he came to Chun tingyue's living room. Twenty-four beautiful women stood on both sides of him. One of them carried a Jade plate and walked up. She bowed and said, young master Yunxiao, this is the Jade divine pill that the clan leader and Lord mu Jie sent over. It's a Supreme-grade pill that recuperates one's spirit.

The woman's voice was extremely moving, and there was a hint of charm in it. Her smile could topple a city.

The women on both sides also laughed at the same time, charming all living beings and infinitely radiant.

Yunxiao felt a little dazed for a moment, and his heart thumped.

Suddenly, a cold laugh resounded in his mind, he you said, "Hehe, you're tempted, aren't you?"

It was only then that Yunxiao quivered and immediately recovered. He bit the tip of his tongue and scolded, "Your smile is giving me goosebumps!"

This was because his spiritual power was exhausted, so his resistance to this kind of charming technique was almost zero. He was completely relying on his self-control, and the opponent was twenty-four beautiful women who used it at the same time. Even a eunuch would not be able to withstand it.

The woman holding the Jade plate spat out orchids and her face was flushed.

But when he saw Yunxiao's eyes turn from sad to clear, he was extremely disappointed, and his expression instantly became dignified.

The women on both sides were also virtuous and gentle, without the slightest bit of their previous charm.

Yunxiao smiled wryly. If he had not suddenly interrupted him, he would have been hit. But on second thought, it was not a bad thing to be hit. His eyes swept over the women, and he couldn't help but swallow a few times. Suddenly, he felt a desire to be seduced.

"Please help me thank Lord mu Zhuang and Lord mu Jie for their kind intentions."

Yunxiao took out the Golden Calabash from the Jade plate and poured out seven Jade-like medicinal pills. They were round and smooth, and he swallowed them all at once.

"Ah!"

The woman was shocked. She covered her mouth with a scarf and her eyes widened.

In their opinion, any pill of this grade would cause their bodies to explode and die, but Yunxiao was completely fine after taking seven at a time, and it seemed that it was not enough.

Yunxiao smacked his lips and chuckled, "Not bad, it's indeed a miraculous elixir. This young master's mental power has recovered twenty to thirty percent."

All the girls were dumbfounded and speechless.

"Li Yunxiao, attack! I want to fight you!"

A woman's voice suddenly came from outside Chun tingyue. It was extremely sharp.

All the women's expressions changed drastically, and they looked out of the door in shock. Young master Yunxiao was a heaven-rank guest of the MU family and was extremely distinguished. They wondered who would dare to court death like this.

A figure flickered and barged in.

The woman in front of Yunxiao was obviously the leader of the crowd, and she said in shock and anger, "Who is so bold?"

She was sent flying, but in the next moment, she was hit by a palm force. She spat out blood on the spot and fell into the hall.

This time, all the women were flustered and attacked the intruder in shock and anger.

"Shadow of the swallow, teeth palm!"

The woman who barged in was dressed in red. Her movements were extremely fast, and only her afterimages could be seen in the air.

die! she shouted softly, and an iron wall immediately formed around her body. Suddenly, it exploded and turned into countless palm shadows, like butterflies flying around.

"BOOM!"

The twenty or so women who had rushed forward were all hit by the palm and were sent flying in all directions, wailing in pain.

"You're indeed an evil person!"

The woman in red glanced around. Those maidservants were dressed in bold clothes, and now that they were on the ground, they looked even more radiant. Even she could not help blushing. She snorted, then grabbed a sword from the air and thrust it at Yunxiao.

“Clang”

Yunxiao pinched the sword between his two fingers. From the beginning to the end, he still felt a little baffled. “Who are you? what nonsense are you spouting? why do you want to kill me?”

The red-robed woman pulled out the sword with all her might, but it did not move at all. She was shocked, anxious, and angry. She shouted, “You’re asking the obvious. I’m going to kill you today!”

The injured woman in the hall forced herself to stand up and said, “Her name is mu Wanshan, the granddaughter of elder Mu Hong.”

Yunxiao remembered Mu Hong. He was the one who first came into contact with the MU family with mu Fenghua and mu fengjun, and he had also met them in the traps Pavilion just now. However, they had no more contact with each other, so they did not bother to greet each other.

“Let go of me, you villain!” Mu Wanshan said angrily. If you don’t let go, I’ll kill you!”

Yunxiao was speechless. if you can kill me, why are you making a fuss here? ” he asked. why? ” If you call me a villainous disciple again, I’ll really show you how evil I am.”

Mu Wanshan was so scared that his face turned pale and he didn’t dare to say anything. However, his eyes were staring at Yunxiao resentfully, as if they were two blades.

is there some misunderstanding between us? ” Yunxiao asked. I don’t know what you are thinking. I swear, I’ve never done anything bad to you. I hope you can calm down and find the real murderer.”

Mu Wanshan was so embarrassed that his cheeks were red and hot. He was so anxious that he almost cried.

“Shameless! Hooligan!”

But she didn't dare to say "evil."

"Go, don't let the real murderer get away." Yunxiao said indifferently, then gently flicked his finger on the sword.

"Dang!"

...

Mu Wanshan suddenly felt a huge force pressing on his arm. His entire right hand went numb, and the long sword fell off. He was sent flying along with the sword and fell far away from Chun tingyue.

"Wuwuwu!"

She crawled up from the ground, covered in mud, and couldn't help but cry. For a moment, she felt that the world was so lonely, and she was the only one left. She might as well die.

She raised her sword and was about to cut her neck.

Suddenly, a figure flickered and appeared in front of her. It was Yunxiao, who gave her a fright. She quickly stepped back and pointed her sword at him as she said fearfully, "you, what are you doing?!"

don't be afraid," Yunxiao said. I won't stop you from committing suicide. I just want to ask you one thing, have you heard of the name 'Mu Chen'?"

"Mu Chen?"

Mu Wanshan was confused and immediately shouted, "Venerable puppet Mu Chen!"

that's right! Yunxiao was overjoyed. do you know him? "

Mu Wanshan said coldly, " Lord Mu Chen is the most outstanding puppeteer in the MU family's history. Therefore, he is respectfully called the puppet master. He was an important figure from tens of thousands of years ago. Every disciple of the MU family knows him.

"I see."

...

It confirmed Yunxiao's guess that the man in blue was not Mu Chen.

the most powerful puppeteer in the MU family's history. Hehe, this is getting interesting.

"What's interesting? You bastard, hooligan, I won't listen to you!"

Mu Wanshan shouted. He felt wronged and tears streamed down his face.

The clan had betrothed her to Yunxiao, whom they had never met before, and her grandfather, who had always doted on her, had agreed without a word. As for those young disciples who had pursued her daily, none of them stood up as if they were dead.

It was as if she was the only one left in the world, and she began to sob.

I told you, you've got the wrong person," Yunxiao said. if you can't find the murderer yourself, report this to mu Yu and let him help you find it. Also, there's no obstacle that can't be crossed in this world. Think positively about everything and don't try to commit suicide. That's all I have to say. As for whether you listen or not, that's your business."

As soon as Yunxiao spoke, he disappeared in front of mu Wanshan.

Mu Wanshan stood still in a daze for a long time. He picked up his sword and desperately slashed. I'll chop you to death, you bastard, rogue, rogue!

After chopping for a while, he didn't want to die anymore. He didn't even want to cry anymore. He stomped his feet and ran away.

What mu Wanshan didn't know was that this "bastard, hooligan, scoundrel" had only interacted with her during this period of time.

After that, Yunxiao reigned over the world and gained a reputation that shone like the stars in the sky.

She could only look at the starry sky in silence under the same Starry Night, thinking of the scene today and leaving an endless sigh.

Yunxiao returned to Chun tingyue, gave the women a simple treatment, and then entered a secret chamber to cultivate.

After taking the divine Jade pill, he had recovered 30 – 40% of his strength. He focused on circulating the great expansion divine technique and quickly entered a meditative state.

Three days later, a red light flickered on the door.

Yunxiao opened his eyes. Although he had not fully recovered his energy, he was not far from it.

Mu Zhuang and several elders had been waiting on heavenspan Island for a long time. When they saw Yunxiao flying over, they immediately stood up to welcome him.

"I'm relieved to see that young master Yun's forehead is full," mu Zhuang laughed.

thank you, Lord patriarch, " Yunxiao cupped his fists and said with a smile. thank you for the pill.

"It's a small matter," mu Zhuang laughed.

Mu Jie also stood out from behind and said, "I've heard about what happened in Wanshan. This child is really insensible. She actually dared to disturb young master Yun's cultivation. Wan Shan, quickly come out and apologize to young master Yun!"

Mu Wanshan was still dressed in red. He walked out of the crowd without any expression on his face and said in a dull voice, "Wan Shan apologizes to young master Yun,"

Her attitude immediately infuriated mu Jie. She was about to scold him, but Yunxiao stopped her and said, "I don't even remember such a small matter. Why would my Lord blame her?"

Mu Wanshan was stunned, and an imperceptible strange look flashed in his eyes.

"Hurry up and thank young master Yun," mu Yu snorted.

Mu Wanshan's expression turned cold again. He said unwillingly, "thank you, young master Yun.

Yunxiao smiled indifferently. He did not take it to heart, but he was a little baffled.

"Everyone is ready. Let's set off now," mu Jie said.

have you solved the identity problem?" Yunxiao asked.

"Cough, cough cough."

cough cough! mu Jie coughed a few times and said, "we've announced to the public that young master Yun is the MU family's son-in-law, and he's marrying Wanshan.
