

## The Eternal 1721

### Chapter 1721-bigwheel Island

Yunxiao's mouth was wide open, big enough to fit a watermelon.

Mu Wanshan, on the other hand, looked ashamed and angry. His cheeks were hot, and his eyes were red. He stood in the crowd and couldn't help but cry.

"This is an ..."

Yunxiao finally understood what was going on. He immediately refused, "No, I can't agree to this."

Mu Wanshan was stunned. His heart rippled slightly as he thought to himself, "did he not know all along?"

"Ah, it's just a temporary measure. We'll talk about the details later," mu Jie hurriedly said.

Yunxiao refused firmly.

young master Yun, the arrow is already on the bow, and we have no choice but to fire it," mu Zhuang said. with Wan Shan's talent, it's not impossible for him to match you. If you don't want to get through this, it'll only damage his reputation.

"Even if you don't agree now, Wan Shan's reputation has been damaged. You can't let her sacrifice her reputation for nothing," mu Yu said.

Mu Wanshan's eyes turned red. He finally couldn't hold back his tears and said, "It turns out that I've wronged you before. You don't need to feel burdened. I was willing to do this. For the sake of the clan, this little sacrifice is nothing."

you're good, mu Jie! Yunxiao said angrily, "you acted first and reported later! You only told me when the arrow is already on the bow!"

“How can everything in the world be as one wishes? one must choose the bigger picture.” Mu Zhuang sighed.

you can settle this matter yourself! Yunxiao snorted angrily. after the martial arts duel, I have nothing to do with your Mu family anymore.

Seeing that he was in a fit of anger, mu Jie didn't say much and directly ordered to set sail, saying, “Go to Luofu Island!”

The building they were in suddenly trembled. Yunxiao frowned, only to find that the building was growing taller, and two legs were stretching out from below, like a robot.

The puppet's knees bent slightly, and it suddenly jumped up. With a boom, it charged into the fog and quickly arrived above the sea.

The puppet then extended its hands and performed a simple incantation gesture. Several formations appeared on its huge body, and it disappeared from the sea in a flash.

Yunxiao immediately found that it was dark all around him, and he had entered a spatial portal. “A puppet with its own teleportation formation? H-how is this possible?”

He had never heard of anyone carving a teleportation array on their body and teleporting them away.

“Hahaha.”

“Young master Yun, what do you think of the MU family's mobile mecha?” mu Zhuang laughed.

‘A mobile machine?’ Yunxiao asked. It was unique and domineering. I still don't understand why we can enter the spatial tunnel directly.”

“This space passage has always existed,” mu Zhuang explained. For the sake of safety, heavenspan Island didn’t have any teleportation formations to prevent foreign enemies from breaking through the passage. The entrance to the spatial passage was hidden in the sky above the sea. Just now, the mobile Suit found the entrance and entered directly.”

so, this is a one-way teleportation? ” Yunxiao asked. is it a one-way teleportation? ”

“That’s right, the biggest transfer Island to the hidden aristocratic families is the big wheel Island near the natural moat.” It’s a special teleportation Island, and it leads to almost all the hidden sects.”

“Bigwheel Island.” Yunxiao immediately understood that if he wanted to go to the natural moat cliff, he had to go through the transit point of big wheel Island.

Mu Zhuang said, ” the martial arts competition will be held on Luofu Island. It’s dead silent and lifeless. The environment is extremely harsh. The rock formations are very firm. It’s the most suitable place for the martial arts competition.

Yunxiao nodded, then continued to sit cross-legged and meditate to restore his strength, turning a deaf ear to what was happening outside.

Mu Wanshan bit her red lips. When she saw that he was not looking at her, she immediately heaved a sigh of relief. However, a trace of disappointment suddenly appeared in her heart, which made her quite surprised.

The mobile engine was very stable in the tunnel, but it sacrificed a certain amount of speed, and it took several hours to rush out of the tunnel.

A clear sea appeared, with many black spots floating in the sky. They were all kinds of warships, constantly rising and falling from big wheel Island.

The mobile mechanical puppet made another hand seal, and its body suddenly rushed forward. It retracted its legs, like a huge fireball crossing the sky, and fell to the big wheel Island.

There seemed to be no defense on the island, and the fireball fell directly on one end of the island, causing flames to shoot up into the sky, but they were quickly extinguished.

Inside the defensive barrier, Yunxiao and the others were not affected at all. They could only feel a slight tremor.

I remember that the defense of this Island is extremely strong, " Yunxiao said in surprise. why can the mobile Suit fall directly and cause such a big commotion? "

"Young master Yun, you've been to this Island before?" mu Zhuang asked in surprise.

yes, " Yunxiao nodded and said. I've been here. He didn't say anything more.

"This island's defense is indeed very strong, and the people from the natural moat ocean are in charge of it. After all, this is the biggest transit point of the entire hidden sect, so we can't afford to be careless." However, when the mobile armors came out of the passage, they had already contacted the guards of this Island, so they opened the defense and let us land."

"I see." Yunxiao said with a sudden realization.

Mu Jie laughed. although bigwheel Island is huge, every inch of land is like gold. This landing area is our Mu family's exclusive land. We have to pay three billion mid-grade primordial stones to rent it every year.

so many? " Yunxiao was surprised. so many? " Just renting out the land of bigwheel Island would make you as rich as a country."

At a glance, the entire Island was tens of thousands of acres wide.

"Haha, not all sects rent land," mu Jie laughed. The main income of bigwheel Island comes from the teleportation fee. The advantage of renting land is that you can waive the teleportation fee."

The mobile mechanical suit stood up from the ground, spread its legs, and walked forward toward the other end of bigwheel Island.

Yunxiao spread out his divine sense and immediately covered the entire Island. There were thousands of arrays scattered on the island, and hundreds of thousands of people were coming and going.

It seemed that the number of hidden sects was more than he had expected. They were probably equivalent to half of the heavenly martial continent.

The mobile mecha soon arrived in front of a huge teleportation array, large enough to accommodate its huge body.

In front of the formation, there were more than ten guards nervously arranging primordial stones. One of them shouted, "Hurry up, it's the people of the MU family. They're heading to the Luofu Island."

The mobile mecha walked into the center of the formation, and very quickly, the commander shouted, "destination-Luofu Island. The cost is 95 million medium-grade primordial stones."

As soon as he finished speaking, the huge array emitted a burst of white light, which swallowed the mobile machine and immediately disappeared from the bigwheel Island.

The scene around Yunxiao changed, and he entered the spatial tunnel again. "Didn't we rent land and teleport for free? Why do you still need to pay more than 90 million?"

Mu Jie explained, "that's for the energy consumption of the teleportation, the teleportation array management fee, the big wheel Island Construction fee, and the additional fees for the items that are being teleported that exceed the standard value. We're taking the special passageway that doesn't need to line up. There's also a special passageway fee."

Yunxiao, 'hehe'.

...

The teleportation speed was very fast this time, and it did not take long for them to enter the waters of Luofu Island. A huge land emerged, the largest island Yunxiao had ever seen, but it was desolate and without any trees or creatures.

There were strange rocks everywhere on the island, and barren mountain valleys rose and fell one after another. At a glance, the heights were uneven, and the mountains were endless.

Hundreds of figures were already standing on the island, and many sects had come.

The appearance of the mobile machine immediately attracted everyone's attention. Many people exclaimed, "it's the MU family!"

The people on the island scattered like ants, for fear of being accidentally injured by the MU family's big fireball.

"BOOM!"

The large fireball landed on the ground and transformed into a mobile mechanical puppet again. It walked to the side with a 'Dong Dong Dong'.

The mobile Suit was domineering, but no one dared to say anything.

"It's the MU family's head, mu Zhuang. Even he has come personally!" There were many exclamations from the crowd.

the martial arts competition this time is too important. All the major forces don't dare to neglect it. Didn't the sect Masters of blood Crow Palace and pill sun sect come in person? "

"Tsk! How can these two small sects compare to the MU family?" Someone in the crowd immediately said disdainfully.

...

The disdainful man's face was cold and full of ridicule. Suddenly, his body trembled as if he was being stared at by a venomous snake and he hurriedly turned his head away.

There were more than ten black-robed men behind him, each of them with a huge blood-red Crow embroidered on their clothes. They were all staring at him coldly.

The man was so scared that he was trembling, and his teeth were chattering.

"This friend here seems to know blood Crow Palace very well. Come, let's have a good talk."

Blood Crow Palace's Lord, Mei Hong, walked over step by step with a grim expression.

More than ten people followed behind him, and a powerful aura pressed down like a mountain. The cultivators beside the man all changed their expressions and flew away, leaving only the man in the open space.

"I, I, I was wrong."

The man trembled in fear and was on the verge of tears. He knew that he would not be able to escape, so he gritted his teeth and turned into a ray of light to escape.

Mei Hong waved his hand and a ray of blood-red light flew out. The CAW of a Crow could be heard in the sky.

The man was hit by the blood light. He screamed and his body exploded into a cloud of blood mist, falling from the sky.

"My blood Crow Palace might be a small sect, but we don't like people who don't have a say in this!" Mei Hong snorted coldly.

After killing that person, Mei Hong turned into a ray of light and flew towards the mobile puppet.

Several more rays of light followed. A total of four people landed in front of the building and greeted mu Zhuang.

They were the pill sun sect's Chai Jun, the Burning Moon sect's yang Tianpeng, the flying dragon sect's Tang Jiye, and the blood Crow Palace's Mi Hong. The four of them were sect leaders, but they were standing in front of mu Zhuang respectfully. greetings, Lord mu Zhuang.

"Just the four of you?" mu Zhuang smiled indifferently. It seems that I got it early."

In addition to the four sects, the island was full of rogue cultivators living in seclusion overseas. Because the spiritual energy overseas was far superior to that of the mainland, there were many rogue cultivators.

Although they wouldn't be able to gain any benefits, it was still a rare experience to observe martial arts competitions and participate in the festival.

Chai Jun laughed. there's also the purple flame sect and the Heavenly King Palace. They belong to the earth Alliance. I don't think they'll be with us.

"How's everyone's preparation for the martial arts competition?" mu Zhuang nodded.

The four of them looked at each other and smiled bitterly. Yang Tianpeng said, "We're just a foil,"

"There will be a total of 12 places in the martial arts competition. Whether it's going to the eternal world or the secret treasure of the true dragon, they're all very well-received, so it's not difficult for you four sects to get into the top 12," mu Zhuang said.

Chapter 1722

1722 The heroes gathered

A hint of fighting intent flashed in the eyes of the four men. Although it was not obvious, Yunxiao could easily catch it. It seemed that these four sects were determined to make it into the top twelve.

Mei Hong's gaze shifted and landed on mu Fenghua. He smiled and said, "I wonder how young master Fenghua's preparations are going? How confident are you in winning the championship?"

Mu Fenghua's expression changed slightly, but he remained silent.

"Fenghua isn't the one who's going to fight this time," mu Zhuang chuckled.

"What?" The four men were taken aback. They glanced at the crowd with puzzled eyes, and finally their eyes fell on Yunxiao. Only Yunxiao's young age and temperament met the requirements of the martial arts competition, but his appearance was extremely strange.

"Could it be that the MU clan invited external help?" Chai Jun asked.

"The four of you have good eyes, indeed." Mu Zhuang nodded and smiled.

The four of them could not help but give Yunxiao a few more looks. They saw that he remained calm and indifferent, and the more they looked at him, the more frightened they felt.

Chai Jun said, "the chips for this martial arts competition are too heavy. All the sects are doing their best. The ranking competition will be extremely intense." According to what I know, the Dragon's Tooth Manor has also found an external helper. In order to give that person an identity, the manor lord Jue Tianhan has married his most beloved twin daughters to that brat."

"Oh?"

Mu Zhuang's expression turned serious as he said, " the strength of the Dragon's Tooth villa can not be underestimated. I've seen the Twin daughters before. They're indeed outstanding beauties. If Jue Tianhan is willing to spend so much money on them, I'm afraid that the person who helped them must not be simple, right? "

Although his expression was slightly fluctuating, he was not worried at all. No matter what kind of foreign aid the other party had found, it was impossible for them to defeat Yunxiao in the martial arts competition.

Thinking of this, mu Zhuang couldn't help but smile. He picked up the fragrant tea and took a sip. He only felt that it was unusually fragrant and his heart bloomed with joy.

as far as I know, the foreign aid is called li Yunxiao," Chai Jun said. he's the latest rising expert on the heavenly martial continent.

"Pfft!"

Mu Zhuang spat a mouthful of tea onto Chai Jun's face, causing him to choke and cough.

All the people of the MU family were in an uproar as they looked at Yunxiao.

Chai Jun wiped the tea off his face. He did not understand what was going on and looked at the crowd in shock.

Yunxiao was speechless. what did you say the foreign aid's name was? " he asked.

"Li Yunxiao," Chai Jun said.

what? " Yunxiao's face darkened. do you know this man's background? "

Chai Jun said, " this person is a genius who has recently risen on the heavenly martial continent. It is said that many strong people have been defeated by him. A few years ago, the Crown Prince of the North Sea, runxiang, was defeated by this person in the battle at the red moon City. Furthermore, it's said that he's a suave and lustful man. The moment he saw Jue Tianhan's twin daughters, he immediately sought refuge with them, and he almost changed his surname to Jue."

Yunxiao immediately felt the strange gazes from the MU family, and his forehead was covered in cold sweat as he said angrily, "Sect leader Chai, I suggest that you push out the disciple in charge of intelligence and execute him. Otherwise, your sect will die in the hands of intelligence sooner or later!"

Chai Jun was stunned for a moment, completely confused.

"How could such a lecherous and lecherous person have any abilities? old man Jue Tianhan is most likely going to be scammed this time," Mei Hong sneered.

Mu Zhuang, on the other hand, turned his eyes to mu Jie, as if he was asking her if there was any problem if the Li Yunxiao in front of him was the real li Yunxiao.

Mu Jie's face was full of black lines. She hurriedly nodded to make sure it was true.

Mu Zhuang heaved a sigh of relief. However, he thought about it again. It didn't matter if the person in front of him was real or fake. As long as he was willing to fight for the MU family, it didn't matter even if he was a fake.

"We can't be careless," Chai Jun hurriedly said. "I'm sharing the information so that everyone can be prepared. Our four sects don't expect to defeat the Dragon Tooth villa, so this young master should be more careful. By the way, may I know your name, young master?"

Yunxiao's face twitched, and he did not know how to answer.

Mu Wanshan looked at his appearance and couldn't help but burst into laughter. However, he immediately felt that he had lost his composure and hurriedly covered his small mouth, his face blushing.

Fortunately, she sneaked a glance around and heaved a sigh of relief when no one noticed her.

"Ahem."

Mu Jie coughed and introduced, This is li Yunxiao, the young hero who defeated runxiang in Red Moon City.

Chai Jun,"hehe."

The sect leaders of the other three sects looked at each other before turning to look at Chai Jun.

Chai Jun only felt that his entire body was sticky and drenched in cold sweat. He wiped his face with his hand and said angrily, "When I return, I'll immediately kill the disciple in charge of intelligence! If we don't kill this person, our sect will be killed by him sooner or later!"

that might not be the case, " mu Zhuang said. maybe someone is impersonating him. We'll know the truth later.

Yunxiao suddenly felt a little strange. Back in Yongxiang city, someone had pretended to be him to deceive the city Lord's daughter, and now that he had met him again, he felt that something was off.

Furthermore, the strength of the city Lord of Yongxiang city was not high, so it was excusable that he had been deceived for a while.

Logically speaking, Dragon Tooth city shouldn't have been deceived by such a powerful person. What on earth was going on? He was also confused.

"If there's no special reason, I'll definitely kill him," Chai Jun agreed repeatedly.

At this moment, there were more and more people on the Luofu Island.

From the horizon in the distance, waves suddenly surged up, pushing forward like a wall.

Yunxiao looked over and smiled.

In the center of the waves, a huge turtle was flying forward.

Although corpse fiend sect's unmovable returning forest was also an Island, it was far inferior to Luofu Island.

"It's corpse fiend sect's unmovable returning forest!"

When the turtle got closer, everyone could see it clearly and exclaimed.

I didn't expect the corpse fiend sect to even bring their lair here. It's clear that they're determined to win this martial arts competition!

"The corpse fiend sect has always been extremely mysterious. I don't know what kind of experts the sect has, but it's definitely a hot favorite to compete for the top three!"

Everyone was getting excited. This martial arts competition was obviously a Golden Age that had not been seen in the hidden sects for hundreds or even thousands of years.

Just as everyone was focused on the large turtle in the distance, countless green leaves suddenly fell from the sky, adding a lot of vitality to the desolate Island. It seemed to be full of life.

...

"This is a Kasaya."

Someone cried out in surprise and looked up, only to see a huge green leaf slowly descending from the sky.

A big red flower was placed in front of the leaf, and they complemented each other well.

The tender laughter of many women came from inside the leaf. It was actually a battleship, and there were three women steering the ship, chatting and laughing from time to time.

“It’s the people from the Fuyao Palace of thousand leaves Island!” The crowd cried out in alarm.

The MU clan’s people’s expressions were not too optimistic. They stared at the two groups in unison. The people from the two groups seemed to have a deep grudge.

Yunxiao also spread out his divine sense and swept over the area without restraint.

As expected, when he touched the green leaf battleship, he was immediately blocked by an invisible force and couldn’t see what was inside.

He retracted his divine sense and stopped wasting his efforts.

The green leaf battleship slowly descended, landing on a mountain peak in an extremely low-profile manner. The three women of the Fuyao Palace watched as the crowd whispered to each other, occasionally covering their mouths and laughing.

“Hmph, what are you laughing at, you bunch of bitches!” Mu Jie snorted coldly.

...

Yunxiao was embarrassed. It was really awkward for such words to come out of the mouth of a highly respected expert like him.

However, there was nothing unusual about the MU family. Except for mu Zhuang, who looked normal, the rest of the people showed hostility.

At this moment, the motionless forest had also swum to the vicinity of Luofu Island, and huge waves were hitting the shore.

The big turtle stopped a few miles away from the shore, motionless.

Corpse fiend sect's people also didn't seem to be in a hurry to go ashore. The defense on the motionless returning Forest Island had been opened, and no one could see inside.

"Hmph, each one more mysterious than the last. The blood debt of Wen Chang and elder Yurong must be paid in blood!" Mu Jie's eyes darkened. She recalled how she had begged for mercy and ran away without dignity when she was chased by Jing Qi. She was so angry.

"What's wrong?"

Chai Jun and the other three were shocked. They didn't understand what was happening between the two sects, but they could feel the killing intent from the MU family. Even mu Zhuang's face was gloomy.

"Jing Qi killed two elders of the MU family, Wenchang and Yurong," mu Yitong said coldly.

"What!"

The four of them were all shocked, and their hearts were surging.

Everyone was from the heaven Alliance, and the MU family and corpse fiend sect were extremely important in the heaven Alliance. If the two sects were to have a life-and-death conflict, it would be a big problem. Small sects like them might even be implicated.

The four of them sneaked a glance at each other, all extremely worried.

The number of people on the Luofu Island was increasing. Almost all the hidden sects were alarmed, and all the major forces appeared one after another.

Among them, the people from Dragon's Tooth villa caught Yunxiao's attention. These people had also come here by warship, so it was impossible to see their condition from the outside. Only a huge Dragon's Tooth was carved on the body of the warship, which looked gloomy and terrifying.

It was said that the entire villa was hidden in a huge Dragon's Tooth, drifting about and hard to find.

There were all sorts of noises in the crowd. Chai Jun and the other three sect leaders also took their leave and went to greet the other sects.

Only large sects like the MU family, thousand leaves Island, and corpse fiend sect could sit still and wait for the other sects to come and pay their respects.

Suddenly, the noisy crowd was in an uproar, and everyone was exclaiming in shock.

"The AO clan! It's the AO clan!"

A warrior screamed loudly and looked up at the sea with his neck straight. He was very excited.

The Luofu Island suddenly became quiet. Everyone looked at the sea, even the MU family was shocked and had to face it.

Yunxiao looked over and saw a golden light emerging from the sea, from which three warriors were riding on the waves and running over.

The speed was so fast that it was no longer slower than flying.

"Wow, so handsome! They couldn't have come directly from the AO family, right?"

"It's highly possible. The AO family focuses on body refining techniques, and running on the sea is also a kind of cultivation."

I wonder if ao changkong has arrived. The world's most powerful man. I'm really looking forward to meeting him!

All sorts of discussions broke out, and everyone's excited emotions were pushed to the climax.

Yunxiao shook his head with a wry smile. There was no sign of ao changkong. Among the three people, two were fat and thin itinerant patriarchs, and the other was a young man with a golden body. He was most likely the contestants this time.

Chapter 1723

1723 Drawing lots

The young man from the AO family was about twenty years old, and his body was shining with golden light. It was obvious that he had cultivated the tyrant body tempering technique.

Moreover, under Yunxiao's eye technique, he found that the young man's body had already opened six gates. His aura was restrained, and his skin stretched and relaxed with every breath, which contained an extremely terrifying power.

Mu Jie's wondrous spiritual eyes had also noticed something. She asked nervously, "Young master Yun, how is it?"

very strong," Yunxiao said. this man's physical strength is enough to compete with a peak nine-star expert.

"What?"

The people of the MU clan were all greatly shocked and had looks of disbelief on their faces.

although I could see an extremely powerful aura, I didn't expect it to be this strong," mu Jie said. young master Yun, are you confident? "

In fact, he believed that Yunxiao would win, but after all, the martial duel was too important, so he was so nervous that his hands were sweating.

let's see," Yunxiao said with a smile. let's fight and see.

Everyone looked disappointed. How they wished to hear an answer that they would win.

Even mu Zhuang was a little disappointed, but he still smiled and said, young master Yun, you don't have to be humble. Unless ao changkong comes in person, no one on the Luofu Island is your match.

Yunxiao smiled wryly. In fact, the entire Mu family had overestimated his strength, and it was all because of the sword strike of the devil Lord, Puna.

Back in the red moon City, when the demonic Lord possessed him, even the ghost king, who had reached the peak of power, was killed by the six paths demonic armament with two swords. That mere Sea Devil monkey was nothing.

But, with his own strength, he might not be able to defeat the sea Devil monkeys.

The MU family's boundless confidence was built on that sword, and they had overestimated Yunxiao's strength.

"Haha, it's very lively. Hurry up and pay your respects to the genius Junior of my ao clan."

The fat monk stomped on the sea water and launched himself onto the island. With his hands on his hips, he raised his head and chest and shouted loudly.

The young man and the skinny monk immediately followed.

The young man looked a little shy and his face was slightly red. He was not as shameless as the fat and thin dhuta.

what? is there no one to receive you on such a Big Island? "

The skinny monk shouted. His voice spread in the air and enveloped the entire Island, shaking many people's blood and Qi.

Everyone's expression changed and they all retreated, staying as far away from the three of them as possible. Who knew what these people would do when they went crazy?

Only the people of the AO clan would dare to shout so arrogantly. If it were other sects, they would have been beaten to death.

"You have no manners at all!" The fat monk snorted.

Everyone was speechless. This Luofu Island was a deserted island with no one around. How could there be a reception?

Suddenly, a voice came from one of the battleships in the sky, "If the three of you don't mind, you can come to my falling Jade Pavilion. We have top-grade spirit wine and spirit fruits to entertain you."

"Where's the natural moat ocean?" the fat monk asked. Why don't I see them? As the host, there's actually no trace of him. Rather than that, it's better to let the two of us host it. "

it's the best for you two to host the event, " Yin Hui, the sect master of the falling Jade Pavilion, said with a smile. why don't I see Lord Ao changkong? "

"Do you really need my young master to show up in such a small competition?" chubby TOU tuo laughed. The one standing behind me is the youngest genius of the AO clan, ao Wuxin. He's the champion of this martial arts competition."

Everyone's eyes were fixed on ao Wuxin, sizing him up.

Ao Wuxin only felt thousands of divine senses sweeping across his body, and his face couldn't help but turn red.

It was obvious that this young man was leaving the AO family for the first time, and he seemed very nervous.

All of a sudden, an unhurried voice came from afar, "The AO family only sent you two buffoons. It seems that they don't care about this martial art at all."

As the voice traveled over, huge waves rose in the sea and separated into two sides.

Within the waves, there was actually a White Horse,"ta ta ta" as it walked forward. Behind the horse was a luxurious carriage that was decorated with jewels and pearls.

The waves on both sides were pulled apart by a force, constantly splitting apart, allowing the carriage to walk as if it was on flat ground.

When everyone saw this, they immediately felt a deep sense of respect.

Because the emblem on the carriage was the one from the natural moat cliff.

Who are you? how dare you spout such nonsense? do you believe that the two of us will tear you apart?  
" the fat monk said angrily.

Everyone's face was filled with black lines. Only these two would dare to talk back to the people at the natural moat ocean. Even if ao changkong was here, he wouldn't be so reckless.

However, the person in the carriage didn't seem to mind and didn't make a sound.

The White Horse landed on the Luofu Island in a few steps. Everyone hurriedly made way for the carriage. After walking for more than two miles, it came to a flat ground and stopped.

the martial arts competition this time is related to the quota to enter the eternal world and the distribution of the true dragon's treasure," Yunxiao said in surprise. why is nanqiu Yu not here? is there something more important? "

“Ao changkong didn’t come either,” mu Zhuang also said in a serious tone, “does the AO clan really not value this?” The Fuyao Palace only managed to retrieve the true Dragon’s Treasury under his pressure.”

Yunxiao’s heart stirred as he said, “didn’t you say the pressure from the Earthlings? Are you sure that the one on the ground is ao changkong, my Lord?”

“I can’t be sure, but I’m pretty close.” Mu Zhuang shook his head.

The carriage’s door opened and three white-robed old men walked out. From the natural moat cliff, there was Qin Fei, Weng Yangyu, and Wang Tianlu. They all had white hair and youthful faces, and they were all smiling.

“So it’s you three old plagues! How dare you scold us brothers!” The skinny monk shouted in a sharp and unkind tone.

The three old men looked at each other and chuckled. They were not angry.

“The three of us will preside over today’s martial arts competition and be fair. We’ll decide the twelve victors according to the usual method, then proceed to the second round’s ranking battle.” The rules for this ranking battle are different from the past. The three of us will announce the specific details after the twelve experts are decided.”

“What? The rules have changed!”

The crowd was in an uproar, and all kinds of discussions could be heard.

“Who allowed you to change the rules?” the fat monk shouted. Did we all agree to this change in the rules?”

...

The fat monk’s words immediately gained the support of the crowd, which was all one-sided.

Qin Fei had already anticipated everyone's mood and chuckled. "The martial arts competition is supposed to be organized and judged by the people at the natural moat cliff. Whoever is not happy can choose not to participate. Did we force you to come?"

"This Wufu!" Everyone was speechless and instantly lost their temper.

The fat and thin dhuta had nothing to say.

Qin Fei said, "isn't this it?" If you want to participate, then participate. If you don't want to participate, please get lost. There's nothing strange about the rules being changed, as long as it's not fair, what are you all afraid of?"

Yin Hui's voice came from the battleship, "As long as it's fair, there's no problem with the competition."

Qin Fei laughed, "the sect master of the Azure sky sect is a reasonable person." If no one has any questions, then let's begin drawing lots like the previous years."

He took out a crystal ball, which emitted a clear blue light, and threw it into the sky.

The ball cracked and turned into countless pieces with a bang, shooting in all directions.

The cracked pieces all shrank on their own, forming hundreds of small balls.

A large number of Warriors on the Luofu Island flew into the sky and grabbed those small balls.

...

"This is drawing lots. Young master Yun, you can pick one of your own," mu Zhuang said.

Yunxiao looked over and saw that all the small balls were marked with numbers, and they were all in pairs.

“What if some numbers are missed?” he asked curiously.

“That’s a direct advancement. There’s always a large number of martial artists who advance directly in the first round.” Mu Zhuang laughed.

Yunxiao nodded. With his magical spirit eyes, he could see the numbers of all the balls at a glance. When he saw one ‘No. 77’ fall into the sea, he made a grabbing gesture in the air and caught another one.

After all the small balls had disappeared, Qin Fei said, “Any sect that doesn’t have a signature doesn’t have the right to participate in the martial arts competition. Now, please show your signatures.”

Weng Yangyu and Wang Tianlu, who were behind him, began to make hand seals, creating a water screen in the sky. The huge light screen displayed numbers from one to two hundred, clearly marking the various advancement routes.

Qin Fei said, “everyone, please leave the venue now. Enter the arena one by one according to the martial arts competition’s number. The three of us will verify their qualifications one by one. Anyone who violates this will be disqualified.

A large number of Warriors began to fly into the sky and watched from the sky above the Luofu Island.

The mobile puppet also bent its legs and jumped up, standing still in the sky.

All of a sudden, only the three men were left on the island.

“Number one, go up,” said Qin Fei.

He shouted three times, but there was no one. It could be seen that the two No. 1 balls had fallen into the sea.

“Number two.”

As soon as the voice fell, two figures flew down. They looked at each other and revealed great hostility.

Qin Fei said, “en, two 2s, not bad.” I’m sure you all know the rules of the martial arts competition, so I’ll repeat them again. The competition must continue until one side admits defeat or dies. Also, if the sect leader of the sect appears to admit defeat, it’ll be considered a loss. Other than finding someone to help, you can use any method in the competition, there are no restrictions.”

The two of them nodded, clearly aware of the rules.

Both sides looked at each other with fear. They carefully moved their steps, looking for an opportunity to wait for that thunderous strike.

Yunxiao glanced at it and said, “ the Man in Black on the left wins. This kind of competition is too boring. I’ll take a rest first.

The people of the MU clan were all stunned. How could they tell the outcome before the competition even started?

Both of them were two-stars martial sovereigns. Moreover, the Man in Black on the left only had the strength of a beginner-stage martial sovereign, while the man on the right was a high-level two-stars martial sovereign. Judging by their cultivation bases, the right side should be the winner.

Mu Wanshan was so curious that she could not help but ask, but Yunxiao closed his eyes and sat cross-legged in the air to cultivate. She had to give up in embarrassment and focus on the duel below.

“I also think the man on the left will win,” mu Zhuang smiled. “Elder Hao, did you see those number plates clearly?” he turned his head and asked.

“Take a good look at it. Remember every single number in your mind,” mu Yu said.

## Chapter 1724-loop hole

“Very well, then tell me about the strong opponents that young master Yun will encounter,” mu Zhuang said.

Mu Jie smiled and said, “there’s no strong opponent at all.” Those powerful sects also deliberately avoided us when choosing their names. Before the battle of the top 12, those who have the strength to enter the top 12, such as thousand leaves Island and dragon teeth villa, are not in the battle.”

Mu Zhuang also laughed and said, “these sects are pretty smart.” I’m afraid that only young master Yun randomly picked a number, while the other sects only picked a number after thousands of calculations.”

Mu Jie’s eyes flickered with determination as she said, this way, the other sects should also know my strength and determination. They won’t have any worries and will be unstoppable.

The people of the MU clan all grinned, obviously full of confidence.

Mu Wanshan sneaked a glance at Yunxiao, who was sitting cross-legged in the void, as still as a mountain, and her heart skipped a beat.

Suddenly, a beam of light flew over and landed in the mobile armor. It was the sect leader of the flying dragon sect, Tang Jiye. He sighed and shook his head with a bad expression.

“Lord Shang ye, what’s wrong?” mu Jie asked.

Tang Jiye smiled bitterly, “elder Hao, aren’t you asking the obvious?” When we were taking the numbers, Mei Hong snatched number 10 first. I’m only taking number 21. I’m afraid that I’ll be eliminated in the next round and have no hope of entering the top 12.”

“Lord Shang ye, you don’t have to sigh. Anything is possible,” mu Jie said with a smile.

Tang Jiye's expression was extremely ugly. He shook his head and said, "There's no need to comfort me, elder Tong." He looked at the battleship in the sky, which was the blue sky sect, and sighed.

The blue sky sect had obtained number twenty-three. The two sects would meet in the next round, so Tang Jiye knew that he would lose without a doubt.

At this moment, the outcome of the duel on the Luofu Island had been decided. As expected, the black-clothed man had won. He bowed to you qinfei and the other two in great joy and flew back to his own sect while laughing.

The sect was filled with joy and congratulations.

The defeated man's face paled as he resentfully retreated. He immediately felt the cold gaze of the sect leader and the derision of his companions. His face ashen, he lowered his head, not daring to say a word.

Although Yunxiao was cultivating with his eyes closed, he had left a trace of his divine sense on Luofu Island. These hidden sects were just like the secular sects on the heavenly martial continent, where the strong were respected and profit was King. They were extremely snobbish.

Only one person from the sect with the number three had directly advanced, and that person was overjoyed.

However, the second and third martial artists' faces quickly turned ashen, without any color.

This was because when Qin Fei shouted number four, the huge sea turtle that was parked outside Luofu Island moved. A ray of light flew up from the forest of unmoving homeworld and landed on the island.

The hearts of the possessors of number two and three immediately sank to the bottom. This also meant that even if they entered the third round, they would be directly eliminated by the corpse fiend sect.

Everyone's eyes fell on the Luofu Island, looking at the young figure.

Lord Jing Qi, " Qin Fei said with a frown. please leave. It's fine to let the participating disciples go on stage directly.

"I'm a participant from corpse fiend sect," Jing Qi said expressionlessly.

"What?"

His words were earth-shattering, and the entire sky above the sea was in an uproar.

The faces of the MU family changed drastically, and even Yunxiao opened his eyes with a puzzled look.

"Do you still have any f \* cking sense of shame? You're already an old zombie that's a few hundred years old, hurry up and get down!"

The first one to shout was the fat monk, who mocked him without restraint.

"Jing Qi," mu Zhuang couldn't help but sneer,"your skin is as thick as the coffin in your house."

The other grandmasters also expressed their dissatisfaction, and for a moment, they laughed at him.

Qin Fei's face also darkened, and he said, " Lord Jing Qi, please don't make any trouble. You may leave.

Jing Qi stood still and didn't seem to have any intention of going down. He said, " "This Lord is under thirty years old, so I'm in accordance with the rules of the competition. Why can't I participate?"

The surroundings suddenly became quiet, and then there was a loud laughter.

Jing Qi had been famous in the secluded sect for more than 30 years.

However, there were also many people who didn't laugh, and mu Zhuang was one of them. His eyes lit up as he exclaimed, "Could it be, Zhenzhen? Zhenzhen?"

Yunxiao's pupils constricted as he said, " "Could the standard for monitoring the age of the participating disciples be bone age?"

Mu Zhuang said, " that's right. No matter how powerful you are, you can't change your bone age unless you're reborn. What makes Jing Qi say that he's not even thirty? "

it's not that there are no ways to modify bone age, " Yunxiao said after some thought. it's just that they are extremely rare.

At the very least, he knew that Wei Qing's Daluo Golden Bones was one of the heaven-defying cultivation techniques that could change the age of bones.

Qin Fei didn't laugh, but his expression changed drastically. "The two of you, please check!"

Behind him, Weng Yangyu and Wang Tianlu's expressions changed as well. The two of them moved and appeared on either side of Jing Qi, shouting, " "Lord Jing Qi, I'm sorry!"

The two of them performed incantation gestures with both hands and cast several incantation seals at the same time, which kept hitting Jing Qi.

Jing Qi didn't move, allowing the two to attack.

Ordinary people's bone age could be seen at a glance, but peerless experts usually had concealment techniques that made people unable to see clearly or make a mistake. This kind of direct examination was enough to ensure that it was absolutely correct, and even an immortal state warrior couldn't conceal it.

A moment later, their faces looked as if they were covered in a layer of frost, becoming extremely unsightly.

Everyone's heart skipped a beat, and a bad feeling welled up in their hearts.

Qin Fei also seemed to have a premonition, and his face was as yellow as paper as he said, "Milords, what do you think?"

Weng Yangyu's lips moved as if he didn't want to say it, but in the end, he shook his head and sighed, "indeed, he's not even thirty years old. His accurate bone age is twenty-three years old.

"What?"

This judgment immediately caused the surroundings to tremble. Even the calm sea surface was suddenly surging with waves that swirled in all directions.

Mu Zhuang's expression changed drastically. Not only the MU family, but everyone else's faces were also in a daze.

Jing Qi was directly participating in the competition.

Yin Hui snorted heavily and said, "Jing Qi, you can't be too shameless!"

...

Jing Qi said coldly, "I've always followed the rules of the competition set by the heavenly chasm court. How is that shameless?" Lord Yin Hui, are you saying that the rules are shameless? Are you instigating everyone to break the rules?"

Qin Fei's pupils suddenly contracted as he shouted, "I understand, I understand! The corpse fiend technique that you've cultivated is to refine yourself as a corpse fiend, so the bone age of your body is forever fixed at the year you've cultivated this divine ability-23 years old! There's a loophole, a loophole, there's a loophole in the bone age testing method!"

When he said that, everyone finally understood what was going on.

Jing Qi sneered, "what does it have to do with me?" I just want to know, are you still going to follow your own rules?"

The faces of the three men from the natural moat cliff changed drastically, and they were all in a difficult position.

Jing Qi sneered, " if we don't have to follow the rules, our corpse fiend sect will withdraw from the martial arts competition immediately. Fairness and justice are all Bullsh \* t! Even if you win first place, you can just go back on your promise with a few words, hehe hehe."

Qin Fei's expression changed several times before he finally gritted his teeth and said, " alright, I hereby announce that Jing Qi is qualified to participate in the competition!

"Huala!

This result was both unexpected and within expectations. It immediately caused a large area of clamor and boos, and everyone was furious.

I understand your determination to uphold the rules, " Yin Hui snorted angrily. but isn't it ridiculous to let Jing Qi participate in the competition? "

I know it's absurd, " Qin Fei said. but even if there are loopholes in the rules, we can't just ignore it. Otherwise, how can we use the rules to convince people? " After this martial arts competition, the natural moat cliff will definitely change the rules."

...

Although the boos from the crowd were not small, they gradually calmed down.

The bone age test was the fairest way to test one's age, and the natural moat ocean didn't let Jing Qi pass on purpose, but they had no other choice. If the rules were to be changed at will, it would be extremely dangerous.

Moreover, most people were just there to watch the show. It would only be interesting if there were twists and turns, and they couldn't wait for the ups and downs.

Finally, for most of the participants, even if Jing Qi didn't participate, it wouldn't be a problem for the corpse fiend sect to enter the top 12, which wouldn't affect their ranking at all. The ones who should be worried were those who wanted to fight for the first place.

"This is ridiculous! It's too shady!"

Sure enough, only a few large sects were left dissatisfied. The fat and thin dhuta jumped up high and shouted in dissatisfaction.

Qin Fei's gaze turned cold as he said in a cold voice, "fat and thin dhuta, you should know your limits even if you want to show off. If you dare to talk nonsense again, I'll kill you two first!"

The fat and thin dhuta wanted to continue scolding, but he was grabbed by ao Wuxin, who tried his best to stop them. He felt so embarrassed that his face turned red.

who else is number four?" Qin Fei continued. please come to the island for a martial arts duel. If you don't come, you'll automatically forfeit.

A man stood on the sea and sky and smashed the number in his hand on the Luofu Island. It broke with a "bang" and he snorted, he admitted defeat. How can we fight? fight my ass!

When this man saw that number four was from corpse fiend sect, he knew that he would lose without a doubt, and now he had no burden.

if you admit defeat, then admit defeat," Jing Qi said coldly. but you're making a lot of noise.

The man's expression changed drastically. He immediately felt an extremely strong sense of danger spreading in his heart, and he hurriedly tried to escape in fear.

trouble comes from the mouth. This is a principle that has never changed. Why don't so many people understand it? ”

Jing Qi raised his hand and struck out a palm in the air.

Without any warning, the martial artist had just run a thousand feet when his body exploded into a cloud of blood and flesh with a bang.

Everyone's faces changed drastically, turning as pale as paper.

The participating disciples were all trembling, thinking that if they met Jing Qi, they would never be able to get on the island. It would be better to admit defeat. Otherwise, he wouldn't even have the chance to admit defeat.

“Jing Qi, you murderer!” Mu Zhuang said coldly. “That man has already admitted defeat, yet you still killed him. Isn't that against the rules?” With Sir Qin Fei, please restrain him.”

“Haha, mu Zhuang, you should just give up on that idea!” Jing Qi laughed. The rule was that after one party admitted defeat, no one was allowed to kill. However, that person wasn't on the Luofu island after he admitted defeat, so the martial arts competition's time has passed. My killing of him is only a personal grudge and has nothing to do with the martial arts competition. Could it be that I can't kill him for the rest of my life because he admitted defeat?”

Chapter 1725-unexpected person

yes! Qin Fei also nodded. after the outcome of the battle is decided, it's no longer the time for the battle. We're not restricted by the rules.

Mu Zhuang's face turned extremely ugly as he clenched the armrest of his throne and said, Young master Yun, do you have the confidence to beat him? ”

let's see, ” Yunxiao said indifferently. let's fight and see.

Mu Zhuang's face was gloomy and his eyes were flickering. No one knew what he was thinking.

The MU family's mobile mecha was filled with a depressing atmosphere. The number one position that was originally secure had now become a variable.

"Don't worry, the first place is still ours." Mu Zhuang suddenly sneered.

Everyone was stunned, not knowing how he had such confidence.

Mu Zhuang's eyes were filled with killing intent as he coldly said, "Just now, Qin Fei also said that non-martial arts time is not restricted by the rules. Jing Qi killed two of the elders of the MU family. I'll settle this score with him before the final of the top 12!"

After the shock, everyone was dazed.

"Haha, we'll kill Jing Qi before the finals!" Mu Jie was overjoyed.

Yunxiao was also speechless. There was really no limit to the number of traps and tricks he had.

As expected, you can't walk in this world by brute force alone.

"It's not realistic to kill him, but we should at least severely injure him," mu Zhuang replied coldly. Moreover, the other sects will probably be happy to see this. I'll be back soon."

His figure flickered and disappeared into the mobile engine.

Yunxiao knew that he had gone to find help. With mu Zhuang's strength alone, he could not do much if Jing Qi avoided the battle in order to preserve his strength, but if two divine transcendence experts joined the fight, he was very confident that he could seriously injure Jing Qi.

After the disturbance caused by Jing Qi, the martial arts competition continued in an orderly manner.

When it was the Jade drop sect's turn, a white-robed girl slowly flew out of the battleship and gently landed on the Luofu Island.

The young girl's face was very delicate and young, and everyone felt that she was extremely unfamiliar, so they could not help but be stunned.

Even Qin Fei and the other two were taken aback. At first glance, this girl was only a martial Lord.

"What? She, she's Yingluo."

On the mobile Suit, Yunxiao's body trembled as he looked at the girl in horror, as if he could not believe what he saw.

The people of the MU family had thought the girl was strange, but when they saw Yunxiao's expression, they felt even stranger.

"Young master Yun, do you know this little girl?" mu Yu asked with a frown.

Yunxiao's face was extremely solemn as he nodded deeply.

Mu Xi said, "Oh? Who was this little girl? was she really only a martial Lord? What is the blue sky sect thinking?"

Even with his magical spirit eyes, he could only see the strength of the girl's martial Lord, so there was no way he could be wrong.

Yunxiao stared at the girl for a while before he said slowly, " It's really only a martial Lord, but her combat strength is no less than mine.

"What?"

This time, it was the MU family's turn to be dumbfounded, all of them with their mouths wide open.

Mu Jie was also stunned for quite a while before she wiped the cold sweat off her forehead and said in embarrassment, "Young master Yun, you must be joking, right?"

The heavy look on Yunxiao's face made the MU family know that he was not joking, and everyone's heart sank.

"How's that possible?" mu Jie cried out. "If his combat strength isn't below yours, doesn't that mean he has divine and extraordinary combat strength?" How can a martial Lord have the combat strength of a divine transcendence?"

Mu Wanshan's heart trembled as he looked at Yunxiao in disbelief. 'Is this young man a divine transcendence? Her heart was filled with shock and complicated feelings.

I can't explain it at the moment, " Yunxiao said. you'll know when she's up against the experts of the flying dragon sect in the next round.

He didn't want to say anything more, but his eyes never left the girl.

That was because that girl was the rainbow stone spirit Xiao Hong who had acknowledged him as her brother back in the eastern sea!

At that time, Xiao Hong had absorbed the aegirine and combined it into a perfect rainbow body. Later, di ye possessed her and took her away. After that, her whereabouts had been unknown. No one had expected that she would appear here and become a participant of the bi Luo sect.

"Haha, that's great, that's great!"

Suddenly, a maniacal laugh was heard. Tang Jiye flew back into the mobile Suit and said happily, " "Now, our flying dragon sect can enter the top twelve. I didn't expect the bi Luo sect to send a little girl who is a martial Lord."

He suddenly realized that the MU clan's people didn't look too good. He was stunned for a moment and said, "What's wrong, everyone? Where did Lord mu Zhuang go?"

Mu Jie shook her head and said, "Lord clan leader left for a while due to some matters. Lord Shang ye, don't be happy too early. Don't you think it's strange for the Azure sky sect to send a little girl to participate in the competition?" Maybe this girl is a martial Lord on the surface, but she has extremely strong combat strength."

"It's a little strange, but there's a limit to a martial Lord's combat strength," Tang huiye said. The way I see it, the bi Luo sect must have given this opportunity to this girl in order to cultivate their next generation."

Mu Jie frowned and said nothing. In fact, he had the same thought, but he had no choice but to believe Yunxiao's words. Although he didn't believe that the woman had the power of a Saint, at least she wasn't simple.

In the sky above the sea around the Luofu Island, there was an uproar and sighs.

Many people were secretly remorseful. If they had known that the bi Luo sect would send such a little girl to participate in the competition, they would have snatched the number next to number twenty-three.

Blood Crow Palace's Mei Hong's face also twitched a few times. He looked at Tang Xinye in the mobile phone with hidden bitterness and snorted coldly.

The three men from the natural moat ocean were also stunned. They stared at Xiao Hong for a long time before they finally confirmed that they were not mistaken.

Xiao Hong was a little nervous and stammered, "I, I'm number twenty-three."

"I know, is there still number twenty-three?" Qin Fei laughed bitterly.

When they saw the Jade drop sect snatch number twenty-three, no one dared to steal it, so no one answered.

Qin Fei's face was filled with black lines as he waved his hand and said, " "Little girl, you've advanced to the next round."

Xiao Hong was overjoyed. She bowed down and said, " "Thank you, thank you three grandpas." She happily flew into the battleship of the Jade drop sect.

Everyone was speechless. They looked up at the battle list on the water screen. Yu Shengjie of the flying dragon sect would be facing this little girl in the next round. They couldn't help but envy the flying dragon sect's good luck.

...

Tang Jiye was also very happy and couldn't stop smiling.

After that, the highly-anticipated Fuyao Holy Palace also sent out a contestant. It was the female disciple named qingsi, whom Yunxiao had met in the East Sea, and also the 'sacred body' of this generation of Fuyao Holy Palace.

Yunxiao took a closer look. The woman was a Peak Eight-stars martial sovereign when she was in the East Sea, and now, she had made a breakthrough, and her cultivation base was the same as his, reaching the mid-tier nine-stars.

although this woman's strength is inferior to young master Yun's, we can't underestimate her either, " mu Jie said with a grave expression. I hope you'll be careful if you encounter her.

Yunxiao nodded. although this woman only has a cultivation base of mid-tier nine-stars, I'm afraid her combat strength has reached the peak. In my opinion, her strength may not be lower than ao Wuxin's. The Fuyao Holy Palace's 'Holy body' is indeed worthy of its reputation."

The woman landed on the Luofu Island and chuckled, " I am Cheng qingsi, a participant from the Fuyao Holy Palace. Greetings, my Lords.

Qin Fei sized her up a few times and had a look of praise on his face. He stroked his beard and said with a smile, " You're indeed a peerless talent and a peerless beauty. In this old man's opinion, if it wasn't for someone being so shameless, the first place of this martial arts competition would have been decided between you and ao Wuxin."

Cheng qingsi giggled. I don't care who's first. I'm happy enough to be able to fight with master Jing Qi and brother Wuxin.

Ao Wuxin's face blushed slightly in the distance, and he hid behind the fat monk shyly.

Cheng qingsi didn't advance immediately, but an unlucky guy got the same number as her and forced himself to go to the island.

you think I'm easy to bully?" Cheng qingsi asked. I'm just a woman, right? "

...

the man hurriedly shook his head and waved his hand. no way. Lady qingsi, you flatter me.

"Then why did you take my name?" Cheng qingsi asked.

"I'm too weak to see so many numbers, so I just randomly picked one," the man said with a bitter face.

"Hahaha." The crowd burst into laughter.

Those who were able to distinguish all the numbers in such a short time and avoid being grabbed by experts were all sects with a certain level of strength.

Cheng qingsi was also amused and laughed. "Then come over and let me beat you up."

The man was very anxious and hurriedly retreated. He said, "I ... I'll acknowledge Yingluo."

Before he could say "lose," he was punched in the chest by Cheng qingsi, and he fainted on the spot.

That person's sect leader hurriedly stood up and shouted, "We admit defeat. We admit defeat."

Then, he flew down to the Luofu Island and took that disciple away.

"Cheng qingsi advanced," Qin Fei said.

Not long after, it was number 77's turn. Everyone's eyes were focused on the moving machine. Unfortunately, there was a barrier, so they could not see the inside clearly.

Yunxiao leaped out and landed on the island. He took out a number and threw it over, saying, "I'm Li Yunxiao, the MU family's participant in the competition.

Li Yunxiao?"

Although this name resounded throughout the heavenly martial continent, it was not well-known among the hidden sects, and only a few people knew it.

However, those who knew about it had a huge change in expression.

Even Jing Qi, who was sitting cross-legged in the forest of unmoving ashes and in the White Palace, opened his eyes and looked up abruptly.

Qin Fei's expression also changed, and he said in a serious voice, "Li Yunxiao? I've heard of young master Yunxiao's name, but I don't think he's qualified to participate in this martial arts competition, right?"

A beam of light landed on the Luofu Island, it was mu Zhuang. He slightly nodded to the three men from the natural moat cliff and said with a smile, young master Yunxiao has married the MU family's WAN Shan and is officially representing the MU family in the battle.

“What?”

Everyone was shocked. Mu Wanshan's name was also well-known among the reclusive families. He was the object of admiration in the hearts of many young men on white horses.

If it was just a random name, most people wouldn't believe it. But when it came to mu Wanshan, they suddenly became silent.

Qin Fei also looked at the mobile Suit as if he could see through it. He said, “Mu Wanshan, is that true?”

Mu Wanshan's shoulders trembled, and his whole body trembled.

Hundreds and thousands of people were looking at her, waiting for her reply.

Chapter 1726

1726 An even more unexpected person

“Wan Shan!” Mu Jie frowned and said.

Mu Wanshan bit his lips and said with difficulty, “Yes, he is my husband.”

This sentence seemed to have used up all the strength in his life. After he finished speaking, he instantly collapsed. He only felt endless grievances, and tears fell down.

Mu Jie consoled her, “the situation forced us to do so. What's the big deal about making this little sacrifice for the family?” Moreover, everyone in the clan knows about your information. If anyone slanders you or disdains you because of this, this old man will be the first to cut him down!”

A cold sneer came from the green leaf warship, "The MU family has good means. They sacrificed mu Wanshan to get such a powerful foreign aid. Tsk, tsk, you're really not simple."

Although his words were sharp, no one had anything to say.

"It's none of your business," mu Zhuang coldly replied.

"You! Shameless!"

A furious roar rang out from within the Fuyao Sacred Palace.

Yunxiao immediately recognized that the voice belonged to elder biyueshan, whom he had met in the East Sea last time.

"You don't have the right to call me shameless," mu Zhuang laughed. Old chicken granny, now that Wei Shishi isn't here, do you believe that I won't tear your mouth apart?"

Everyone's face was filled with black lines. The leader of a sect, a peerless expert of this generation, actually cursed "chicken granny" all over the place. It was really beneath his status, but no one dared to say a word.

She didn't know if bi Yue was angry to death or what, but there was no sound.

In the unmoving returning forest, Jing Qi also slowly restrained his aura and looked away.

He touched his palm in front of him, and a Jade coffin immediately appeared and spun in front of him. Then, it stood side by side.

It was as if this coffin could give him a sense of security. He calmed his heart and sat down to cultivate.

On the Luofu Island, Qin Fei's face was also full of black lines. He waved his hand and said, "Since that's the case, you're considered qualified."

Yunxiao nodded slightly, then flew back to the mobile Suit with mu Zhuang. His eyes fell on the warship of Dragon's Tooth villa, wondering what kind of existence the man who had impersonated him was.

"Lord clan leader, how's the situation?" mu Jie hurriedly asked.

Mu Zhuang nodded and said, "we'll play it by ear." We still don't know the new rules of the natural moat cliff yet. How will the top 12 fight each other? if you have the chance, you should fight against Jing Qi."

I'm afraid Jing Qi is not our biggest enemy now," Yunxiao said with a wry smile. "

"Who's that?" mu Zhuang was stunned. Cheng qingsi?"

Mu Jie hurriedly told him about Xiao Hong's appearance and Yunxiao's judgment.

"Are you sure that little girl's combat strength is not below yours?" mu Zhuang's face changed.

that's most likely the case," Yunxiao sighed. but I'm afraid it won't be so easy for her to defeat me.

Mu Zhuang's face darkened as he said, "how is that possible?!" I saw that little girl just now, and she's a real sixteen-year-old martial Lord!"

it's a long story, and the implications are great," Yunxiao said. I'm sorry I can't speak bluntly, but I'll try my best to get first place.

Yunxiao was sure that the reason why the Jade drop sect had allowed Xiao Hong to participate in the competition was that they had discovered her true strength, and di ye was most likely lurking in her body.

Since he had encountered her this time, he had to do everything he could to save her. Even if he had to break the rules of the competition and let her take action, he would do so.

Moreover, this matter concerned the devil Lord, so Lingmu Di would not stand by and do nothing.

Within the Jade Drop Sect, Xiao Hong's face was still full of smiles. She was still immersed in the joy of advancing in rank as she muttered continuously, "Little red can do it, little red can definitely do it."

Yin Hui nodded with a bitter smile, "Little red, of course you can do it. I'm very confident in you."

As soon as he said this, everyone around him gave him strange looks.

Yin Hui smiled bitterly. He asked himself, he didn't believe it himself.

The faces of the people from the Jade Drop Sect were not very good. A man with sharp eyes snorted heavily and clenched his five fingers so hard that a "pa pa" sound could be heard.

He was supposed to be the one to participate in the battle, but it was suddenly replaced by this strange girl.

For the past few days, the entire sect had been spreading rumors that this little girl was the illegitimate daughter of Sect Master Yin Hui.

Even so, he shouldn't be so willful in such an important martial arts competition!

Yin Hui also had unspeakable bitterness. This little girl was recommended to him by an adult, and he couldn't reject her. He naturally knew about the rumors in the sect, but he could only swallow it down.

Xiao Hong clenched her fist and nodded firmly. "I will definitely work hard. I know that everyone has some opinions about little red, but I will definitely work hard!"

Yin Hui smiled and touched her forehead to encourage her. But in his heart, he was thinking, 'you're only a martial Lord, so what's the point of working hard?'

"Lord sect master, I feel that what mu Zhuang said just now is extremely inappropriate." From the number they took just now, it could be seen that they must have had the determination to get first place, which was why they took the number without any restraint. It's a little difficult for our Xuanji to get first place. There's no need to offend Jing Qi by helping others."

Yin Hui smiled. I'm just saying that we'll act according to the situation. If there's a chance, it's not impossible to severely injure that dead zombie. It'll save him from being so thick-skinned. Moreover, I'm quite tempted by the reward that mu Zhuang promised. Although this martial arts competition is a bit difficult, but this is good, we don't have any psychological burden. We'll just watch them fight and try to benefit from it. "

"I'm relieved to hear that the sovereign thinks this way, but I'm afraid that mu Zhuang will use us as tools." The old man nodded.

Yin Hui laughed. it doesn't matter if you're a gun or not. The key is to get the corresponding benefits. That way, you'll be satisfied.

"Sect master is wise." The old man replied, and only then did he feel relieved.

The battle of queue numbers continued in an orderly manner. More than 20 battles had been fought, and it had lasted for a day and a night. It was finally the Dragon's Tooth villa's turn in the early morning of the next day.

Everyone looked over and a man flew out and landed on the Luofu Island.

Yunxiao hurriedly looked over and was taken aback. "It's him! How, how is this possible!"

His mouth was so wide that a watermelon could be stuffed in it. He was a little dumbfounded.

On the Luofu Island, the lazy, Grinning Man dressed in gold and silver and adorned with jewels and pearls was Wu Dacheng, who had impersonated him to cheat women in Yongxiang city that day!

“What’s wrong, young master Yun? do you know this person?”

Mu Jie’s heart skipped a beat, and she was a little worried. She had never seen Yunxiao lose his composure like this. Even when little red appeared, she was shocked, but not to the extent of losing her composure.

...

The entire Mu family was on tenterhooks.

“Could it be another peerless expert?” mu Zhuang asked in a deep voice.

Yunxiao stood there, not knowing how to answer. He could not wrap his head around it, and he was completely dumbfounded.

After exposing Wu Dacheng in Yongxiang city, he beat him up so badly that he was almost on the verge of death. Later, he handed him over to the city Lord of Yongxiang city to deal with. He should have died without a doubt.

Could it be that Yongxiang city’s city Lord let him off?

That was impossible!

The whole city knew what had happened at that time, and the mayor’s family had lost so much face that they must have wanted to kill Wu Dacheng’s whole family. How could they let him go?

If he had killed Wu Dacheng, then who was this Wu Dacheng in front of him?

Yunxiao rubbed his eyes and fixed his gaze on the man. The Wu Dacheng in front of him was one hundred percent the same Wu Dacheng from that day, which could only mean that Wu Dacheng had miraculously survived that day.

“Gulp!”

He swallowed his saliva with difficulty and immediately understood how terrifying this person was.

...

On that day, Liu Feiyan, Xuan Hua, Luo Tian, the three elders of Red Moon City, and so on had also attended the banquet. All of them, including himself, had actually misjudged him. This was almost impossible!

Wu Dacheng stood on the island in an ostentatious manner. He wiped the dust off his hat with his finger, then raised his head and said loudly, “ I’m Li Yunxiao, and I’m representing the Dragon’s Tooth villa in the competition. I’m the son-in-law of Jue Tianhan, the manor master of the Dragon’s Tooth villa, and his twin daughters have married me!

Boos, laughter, and curses came from all directions, but Wu Dacheng’s face was full of pride. If one looked carefully, they would find that he did look a little like Yunxiao.

“This man only looks like an advanced seven-stars martial sovereign. Is he that terrifying?” mu Zhuang asked suspiciously. He turned to look at mu Jie.

Mu Jie activated her wondrous spiritual eyes, but she still could not figure out the reason, so she shook her head helplessly.

“Young master Yun, could it be that you’re overthinking things?” mu Zhuang asked. And that Xiao Hong from before, I noticed a trace of helplessness on Yin Hui’s face, as if he himself didn’t think well of it. ”

“Oh?” what? ” Yunxiao’s heart stirred. are you sure Yin Hui doesn’t think it’s a good idea, my Lord? ”

"I can see that the people of the bi Luo sect don't look too good, so I can't be too sure," mu Zhuang said after a moment of silence.

I don't know what's going on with the Jade drop sect," Yunxiao said. but that Xiao Hong is definitely a super expert. As for the person who impersonated me, he might even be stronger than Xiao Hong."

Mu Zhuang was stunned and said,"is it that exaggerated?" I think this person is also extremely ordinary. There aren't many people in this world who can hide from this Lord and elder Hao's wondrous techniques."

Yunxiao nodded. he's indeed good. Even I can't see through him. But because of this, this person is not simple."

Mu Jie laughed out loud and said,"haha, I was wondering what the reason was." Young master Yun, you're thinking too much. This person's strength is only so-so. The Dragon's Tooth villa has been tricked this time."

Yunxiao did not argue, but said lightly, " "Although I don't know the master of Dragon Tooth villa, do you think he is that easy to fool? He even sent the Twin daughters out."

"Uh, this Yingluo."

Mu Jie was dumbfounded. Jue juehan was definitely not easy to fool. He was also very smart and powerful. In the hidden sect, he was also one of the few people that mu Jie feared the most.

Mu Zhuang's pupils constricted as well. Yunxiao's words made him feel pressured. Besides, Jue Wuhan loved his daughters very much, so how could he be fooled so easily?

Yunxiao immediately gave a brief account of what happened in Yongxiang city, and everyone was dumbfounded.

"W-who the hell is this Yingluo?" Mu Jie was dumbfounded.

Chapter 1727

1727 The peak of martial arts

Yunxiao frowned. It looks like this man is a lecherous man. But, why does he always use my name to deceive people? "Are you trying to ruin my reputation? There's no need to."

From what young master Yun said, "mu Zhuang said, "I thought that my biggest enemy was that shameless Jing Qi. I didn't expect so many variables to appear.

"No matter how many variables there are, I'm still very confident in young master Yun," mu Jie said with a smile.

The sword strike that day had left a deep impression on him. No matter how strong Xiao Hong and Wu Dacheng were, they could not have escaped the power of that sword.

Yunxiao smiled wryly, but he could not relax.

However, he was not a coward. He thought, Since you've targeted this young master time and time again, using my name to cheat my body, then this young master wants to see who you are!

On the Luofu Island, Qin Fei frowned and said, "He's called Li Yunxiao? Are you the real one, or is that person from the MU family the real one?"

Wu Dacheng's eyes widened in anger. He pointed at himself and shouted, "Naturally, I'm the real one!"

The three from the natural moat cliff all had a strange feeling. In the martial arts competition, one's name didn't matter, the most important thing was one's age and identity.

"I'll have to trouble the two of you to check his bone age," Qin Fei said.

Weng Yangyu and Wang Tianlu immediately appeared beside Wu Dacheng and used their probing seals on him.

you didn't need to check the bone age of the previous people, but I did! Wu Dacheng cursed. you don't trust me, Yunxiao, and Dragon's Tooth villa!

"Why are you talking so much nonsense?" Qin Fei said coldly.

The two of them checked once, then retreated behind Qin Fei and said, "His bone age shows that he's exactly twenty-eight years old."

Only then did Qin Fei wave his hand and say, "you've passed."

Wu Dacheng snorted heavily, showing his extreme dissatisfaction. Then, he flew back to the battleship of the Dragon's Tooth villa. He glanced at the mobile Suit, intentionally or otherwise. His eyes seemed to be smiling, as if they could penetrate the defense of the suit.

When Yunxiao met the gaze, he was startled, and a cold feeling spread through his body.

"So strong!"

His heart trembled. His guess was right!

The other party had a provocative look and knew that he must have seen through it, so there was no need to pretend anymore, so he was unscrupulous.

Mu Zhuang could sense Yunxiao's nervousness. He frowned and said, "Young master Yun, what's wrong?"

Wu Dacheng's gaze just now made my heart go cold, " Yunxiao said. he is really unfathomable. This person's strength must have reached a terrifying level."

Mu Zhuang's face turned ugly and he said, "unusually terrifying?" Could it be the peak of perfection? That's too exaggerated."

“The peak of perfection?”

Yunxiao’s face was solemn, and his eyes shone with a cold light.

A weak cyclone flowed between the two fists, and the words aroused Yunxiao’s infinite fighting will.

Peak of perfection was an existence that possessed the strength of the God Realm.

Mu Jie shook her head and said, “I think you’re overthinking it, young master Yun. How can there be so many young experts in this world?” That person’s bone age test was only twenty-eight years old. A twenty-eight year old who has reached the peak of perfection? haha, impossible, impossible.” He laughed out loud.

although there are very few ways to change one’s bone age, and they are extremely heaven-defying, it’s not impossible. Let’s just wait and see,” Yunxiao said.

He dispelled all the worries in his heart. His eyes flickered and his fighting spirit was high.

Seeing this, mu Zhuang and mu Jie couldn’t help but sigh in admiration.

Mu Wanshan had stopped crying a long time ago. At this moment, when he looked at Yunxiao, an extremely strange feeling spread in his heart.

The first round of selection ended not long after. A total of thirty-seven sect disciples were left.

Yunxiao was a little surprised. “Why don’t I see anyone from the Murong family?”

“You know someone from the Murong family?” mu Zhuang asked in surprise. It seemed that something big had happened to the Murong family not long ago. They had sent a large number of Masters to the realm of heavenly martial arts to hunt down someone, and many of them had been killed or injured. I’m

afraid he's still in the midst of recuperating and plotting, so he won't have the energy to participate in the martial arts competition."

Yunxiao's heart trembled slightly. The matter mu Zhuang was talking about was most likely to hunt down Tian si.

It seemed that the Murong family had suffered heavy casualties in that battle.

"We have some history, but we're not familiar with each other. It's just that I'm curious since I haven't seen him yet." Yunxiao explained, but he could not calm down.

Mu Zhuang said, "now that all the contestants have come out, the final victory will still be fought between the AO clan, corpse fiend sect, Fuyao Palace, Dragon Tooth villa, bi Luo sect, and my mu clan." If it wasn't for young master Yun, I'm afraid Fenghua would only be able to get sixth place."

In the crowd, mu Fenghua's body trembled. He clenched his fists tightly and his face was full of shame and anger.

"Fenghua, you don't have to belittle yourself. This martial arts competition is indeed special. With the exception of the AO clan and the Fuyao Palace, all of them were considered to have cheated. However, you have to work harder. Today's battle will let you know how strong the peak of the younger generation is."

"Yes, Fenghua has learned!" Mu Fenghua finally calmed down and bowed.

On the Luofu Island, Qin Fei took a look at the water screen in the sky. The new round of battle was out. Except for the last place, everyone had an opponent.

Yunxiao took a look at the match list. His opponent was Shi Ming, a disciple of the Tiger leopard sect. He had observed him just now and found that he was only a two-stars Martial Emperor, and he did not fight at all.

Qin Fei said, " the second round of the martial arts competition has begun. There won't be any rest before the top twelve are decided. All participants should make good use of the time to rest. The first group, go on stage."

Immediately, two warriors flew to Luofu Island and stood facing each other, looking at each other vigilantly.

Yunxiao sat cross-legged in the air and began to sink into his cultivation world, completely cutting off all contact with the outside world and trying to adjust himself to his best condition.

He was only a step away from the peak of nine-star and could break through this window paper at any time. The only thing he lacked was the accumulation of cultivation base.

The pressure that Wu Dacheng gave him made him calm and composed.

The elemental energy in his body surged joyfully, and the entire world was left with only one type of pure energy. It flowed smoothly through his limbs and bones, as if thousands of years had passed.

In the eternal tranquility, Yunxiao came back to his senses slightly. He seemed to feel countless runes surging around his body and sinking into the bone armor's blood.

He knew that he had broken through and was about to break through the last barrier of the martial Dao.

However, there was no joy or sorrow in his heart. He guarded the void like a mountain and felt the flow of energy. Countless rules were deposited in his body.

...

In contrast to his calm state of mind, the entire mobile mechanical suit was in shock.

Everyone watched in shock as countless power of laws fell from the sky, rose from the ground, and came out of the water, turning into dense golden runes that spun around Yunxiao and poured into his body.

Upon closer inspection, these tiny runes were exactly the same as the ones on the chains of law.

“T-breakthrough!”

what?” mu Jie was shocked. he is breaking through to peak nine-star!

His tone was filled with surprise and joy, but even more so with excitement.

Mu Zhuang was also overjoyed. A breakthrough at this juncture had undoubtedly increased his chances of winning the first place.

He immediately ordered, “ all elders, be on alert. No one is allowed to get close to the moving machine. All the disciples of the MU family are to meditate and cultivate. They are to comprehend the rule force of this peak nine-star. It’ll be hard for you guys to encounter such a situation a second time in your life!”

The MU family’s disciples, who were still in shock, reacted one after another. They sat cross-legged with great joy, feeling the baptism of the power.

Mu Wanshan and mu Fenghua also hurriedly closed their eyes to cultivate. This kind of Supreme rule within a world was as deep as the sky, as deep as the earth, and as profound as the four Seas. It made their hearts surge with excitement.

Not only the people of the MU family, but everyone around the entire Luofu Island was shocked.

...

Many people recognized that this was a peak rank nine rule force, and they were all shocked.

Even the two people who were fighting on the island were separated and looked at the runes spinning in the sky in horror.

someone from the MU family has broken through to peak nine-star? ” Qin Fei was shocked. who is it? ”

Weng Yangyu pondered and said, 'it can't be that Li Yunxiao, can it? When I was on the island just now, I observed that his cultivation was at the intermediate nine-star, only a fine line away from the peak.'

Qin Fei and Wang Tianlu were silent and watched quietly.

The peak of the nine-star level represented the highest achievement in martial arts. Further up was the sublimation of the power of martial arts, from which the Dao and the self were one, extraordinary and divine.

The entire sky above the ocean was filled with shock, but a large number of cultivators quickly reacted and went into meditation to cultivate with ecstasy.

To be able to personally witness an expert breaking through to peak nine-star and feel the ultimate rule force was something that would not happen once in a lifetime.

Everyone was extremely excited, rejoicing that they had made the right decision to come.

Even the disciples of the big sects were sitting cross-legged and cultivating. For a while, no one paid attention to the Luofu Island.

In the falling Jade Pavilion, Xiao Hong's body trembled as she said, "It's big brother, big brother is breaking through."

are you sure it's Li Yunxiao? ” Yin Hong asked. Are you sure? ”

Xiao Hong nodded her head with all her might and said with joy, "I'm sure that it's big brother who's making a breakthrough. I didn't expect to see big brother here, this is great."

Yin Hui frowned and murmured to himself, " the one from the MU family is called li Yunxiao. The one from the Dragon's Tooth villa is also called li Yunxiao. Which one is the real one? "

In the green leaf warship, Cheng qingsi also looked up in surprise and said, " Sigh, we have another strong enemy."

"This man is not simple. Qingsi, you must be careful." Bi Yueshan walked over.

yes, yes. I knew he was not simple back in the eastern sea.

Cheng qingsi smiled. I was worried that brother Wuxin's strength was not enough to take my power. This is a good chance to test my skills with this kid.

Bi Yueshan's expression changed slightly,"if I can win, I won't use that move if I can to avoid exposing too much of my strength." Moreover, your Holy body is not mature yet, so it's likely that you'll suffer a backlash. You must take it easy!"

don't worry, elder Yueshan, " Cheng qingsi giggled. I know what I'm doing.

Biyue shook her head shyly and said,"Al, Jing Qi is already in the competition. I'm afraid it's inevitable that you'll use that move." I hope you'll meet Jing Qi again in the final round, so that you can catch him off guard and give him a fatal blow. Otherwise, his fiendish corpse puppet is no small matter, and you may not be able to withstand it. "

Chapter 1728

1728 Five times the time

don't worry, " Cheng qingsi said, still smiling. I know what I'm doing.

Her Phoenix eyes narrowed with a smile as she looked at the law runes that filled the sky. She then slowly closed her eyes and calmed her heart to sense them.

haha, I've broken through! I've broken through!

A cultivator in the sky suddenly laughed in ecstasy. The bottleneck that had been shackled for a long time had been broken, and his heart was incomparably happy, causing him to lose his composure and dance with joy.

However, he immediately stopped laughing, and his face turned pale because he felt the murderous gazes around him, and a chill ran down his spine.

The whole process of advancement wouldn't take too long. At this moment, every inch of time was like gold. No one wanted to be delayed for even a moment. If they were interrupted by this man, the dozens of people around them would want to kill him.

Many people were overjoyed, and the light of breakthrough constantly flashed on many martial artists.

The two men from the martial arts competition on the Luofu Island were bewildered. They were secretly angry about why they chose to have a martial arts competition at this time.

The Man in Black on the left said, " friend, this is a rare opportunity. Why don't you and I calm down and comprehend the laws in the sky first? we'll continue the competition after that person has advanced.

This was exactly what the man in gray on the right wanted. He immediately said, " That's right, that's right. This is a once in a lifetime opportunity, we can't waste it. Let's push back the martial arts competition."

After he finished speaking, he immediately sat cross-legged in the air and began to comprehend the laws.

The Man in Black grinned hideously. He suddenly raised his palm and circulated his Qi, throwing out a palm strike with all his strength.

He instantly moved in front of the man in gray, and his palm came down like a mountain.

“You’re so silly!”

ah! the man in gray screamed and quickly defended himself, but it was too late. The palm hit his chest.

“Pfft!”

A large mouthful of blood spurted out of the man’s mouth. His aura instantly collapsed, and he was sent flying.

“You’re shameless!”

He struggled to get up from the ground, his eyes full of unwillingness and anger.

The Man in Black sneered, “Hmph, I’m shameless?” All’s fair in war, you’re the one who’s not smart enough!”

The man in gray could only feel his meridians breaking apart and his injuries becoming more and more serious. He gritted his teeth and said, “You actually gave up such a rare opportunity to gain insight into the peak laws and used it as a ruse. Is the victory of the martial arts competition more important than the progress of your martial Dao?”

The black-robed man sneered. of course it’s equally important. I’ll send you to heaven as quickly as possible now. Won’t you still be able to comprehend the laws in time? ” I can even obtain victory, having both the fish and the bear’s paw, so why not?”

His body flickered rapidly and rushed forward. He wanted to seize every minute and second to defeat his opponent so that he could comprehend the rules.

The man in gray was flustered and exasperated. With such heavy injuries on his body, he knew that there was no hope of winning. He shouted, with Lord Qin Fei, the opponent is despicable and shameless, winning with deceptive means. It’s an unfair victory!

Qin Fei glanced at him and said, " since you're on the martial arts stage, you can use any means. Cheating is not against the rules.

The man in gray's heart sank. His face was ashen. He gritted his teeth and said, " "I admit defeat,"

The black-robed man's eyes flashed with a gloominess. He did not stop his palm attack, but instead increased his origin power. He knew that the enmity between the two of them had been completely formed, and the best way was to send the other party to the West.

The man in gray was shocked and immediately understood that the other party was going to kill him. He roared, " "I won't let you off even if I become a ghost!"

He was just about to detonate his dantian to fight for his life when an invisible force of spirit pressure suddenly appeared between the two of them. The black-clothed man's palm was immediately suppressed and could not advance any further.

Qin Fei expressionlessly said, "the other party has already admitted defeat, so you can't kill him." If you want to settle your personal grudges, then please go outside the island."

"Hu yugong wins and advances to the next round," he raised his head and announced.

A trace of regret and regret flashed in the eyes of the Man in Black. If he couldn't kill the other party this time, he would probably be a lifelong enemy.

The man in gray glared at him viciously and immediately flew out of the island, returning to his own sect.

Hu yugong continued to stay on the island. He sat down cross-legged and began to comprehend the laws that filled the sky. He didn't dare to leave the island to comprehend, afraid that the man in gray would come back and attack him.

Qin Fei didn't seem like he was going to chase him away, and he said loudly, " "A friend who has broken through to the peak of the ninth step is worthy of celebration. The rules of the great path run in a circle,

and it's a rare opportunity. We'll wait for this friend to completely break through before we carry out the martial arts."

Even the three from the natural moat ocean closed their eyes and started to comprehend the laws.

In the sky above the ocean, a large number of cultivators began to shine with the light of breakthrough. Everyone was ecstatic, while those who hadn't broken through were anxious. If they couldn't break through even with such a rare opportunity, they were afraid that their martial path would come to an end.

After a long time, the law runes that filled the sky started weakening before gradually dissipating.

Only the mobile engine was left with many flashing runes around it. Everyone came back to their senses from their meditation and looked at the mobile engine with envy.

The experts of the various large sects also opened their eyes. Other than the opportunities and benefits of comprehending peak regulations, they were even more shocked and confused.

Qin Fei's face was also filled with shock as he said, "My Lords, when you broke through to peak nine-star, how long did the process of comprehending the rules last?"

Weng Yangyu opened his eyes and said, "It's only about one-fifth of the time this time,"

"I only have one-fifth of the time," Wang Tianlu nodded and said.

"Then that's right, so is this old man." Qin Fei said in surprise. However, why did this friend's breakthrough affect the rule force for five times longer than ours?"

The nine-Star Peak experts on the continent were rare. Even if they were breaking through, most of them would be in the secret chamber for fear of being discovered and disturbed. Therefore, they rarely knew the state of others when they were breaking through.

The conversation between the three of them was not deliberately concealed. The expressions of the peak nine-star experts around the Luofu Island changed because they only had one-fifth of the time to comprehend.

It seemed that the one-fifth of the time was the normal state, and Yunxiao's breakthrough this time was definitely abnormal!

you have five times more time than us," Weng Yangyu said. you're so lucky, my friend! His tone was filled with envy.

In the eyes of ordinary people, a peak nine-star might be the top of the world, the limit of martial arts.

However, only after they broke through did they understand that there was still a long way to go. Even if they were all peak nine-stars, the gap between them was still extremely huge. If they could comprehend for a little more time during the breakthrough, it would have a great impact on their future achievements.

In the unmovable returning forest, Jing Qi muttered to himself with a face full of horror, " five times more time. With his talent, he is extraordinary and divine.

Ao Wuxin, Cheng qingsi, Yin Hui, and the other experts all looked grave.

After reaching the peak of nine-star, other than competing in the accumulation of origin power, it was also the comprehension and condensation of rules. Only by constantly breaking through could one surpass martial arts and enter divine transcendence.

...

Yunxiao, on the other hand, had five times more time to comprehend, so his chances of entering divine transcendence were almost five times higher than that of an ordinary peak nine-star!

Inside the Dragon Tooth villa's warship, Wu Dacheng was also watching quietly. His frivolous face also revealed a look of surprise.

The two identical beauties gently leaned on his sides. They were both slightly surprised because they had never seen their husband show such a surprised expression. This was the first time.

Inside the mobile Suit, mu Zhuang and mu Jie looked at each other and saw the shock in each other's eyes.

At this moment, only the movement engines were still flashing with runes. The disciples of the MU clan were still in meditation, and their faces were filled with joy.

The Golden runes danced around Yunxiao's body, as if they had formed a frequency fluctuation and were constantly trembling.

The elders of the MU family had never heard of such a thing, so they all watched nervously.

Then, the runes arranged themselves in a regular pattern and rotated like a Nebula. There were twelve of them in total.

At this time, Yunxiao also woke up. He was also shocked. In his last life, when he made a breakthrough, the time he took to comprehend the laws was no different from that of ordinary people, but this time, because of the constant trembling of the nomological light seal in front of his chest, the laws of the universe were triggered and did not dissipate for a long time.

At this moment, the 12 nebulas arranged by runes were vibrating at the same frequency as the law light seal. It was as if they were sensing each other and reflecting each other.

Suddenly, the voice of the devil Lord PU came from within his body."How dare you activate the natural order to strengthen the seal!"

...

The devil essence under the seal was agitated, causing the qi and blood in his body to surge and become violent.

The twelve nebulas around him were touched in an instant, and they flew into Yunxiao's body one by one. The power of the twelve laws spread out, shooting Golden Shadows into the sky.

what?! Yunxiao was shocked. it's a misunderstanding!

"Hmph, misunderstanding?" the demon master said.

it's really a misunderstanding, " Yunxiao said. it's none of my business.

"Kid, just you wait!" Demon master PU said coldly.

Yunxiao,'hehe'.

The ball of demonic energy seemed to have quietened down, and there was no longer any sound from Demon Lord PU.

The twelve illusory figures gradually disappeared, and everything slowly returned to normal.

Yunxiao kept sending voice transmissions,'Hey, hey, Lord PU, are you still there? Lord PU?"

However, there was no more sound. He only felt that the seal on his chest had indeed strengthened. He didn't know if the devil Lord PU had been completely sealed or if he was so angry that he was ignoring him.

Not only that, but his strength had also made a qualitative leap after this breakthrough. His ability to comprehend rules was already far better than others, and this time, he had five times more time to comprehend. As long as he was given some more accumulation and settlement, he would be able to step into the divine transcendence in a few days.

"Young master Yun, young master Yun!"

what happened? ” mu Zhuang asked carefully. He did not know what had happened when he saw Yunxiao come back to his senses and smile wryly.

Yunxiao shook his head. I’m fine. Thank you, elders of the MU family, for protecting me. he said.

haha, what are you saying? young master Yun, you’re being too polite. We’re as close as a family!

Mu Zhuang laughed out loud. He was obviously in a good mood, I see that young master Yun’s essence force is full after his breakthrough. It seems like he doesn’t even need to stabilize his realm.

“Thanks to young master Yun, all the disciples of the MU family have improved greatly!” Mu Jie also smiled.

Yunxiao looked over and saw that all the disciples of the MU family had joy and gratitude on their faces, while mu Wanshan’s expression was extremely complicated, and he looked very nervous when Yunxiao looked over.

Chapter 1729-all hair gone

But, she soon felt disappointed. Yunxiao’s eyes only swept across the crowd like a Dragonfly skimming the surface of the water, and he almost did not look at her.

this is your own opportunity, ” Yunxiao said with a faint smile. it’s your own.

“Young master Yun, you’re too humble.” I hope that after this martial arts competition, we’ll be able to have a deeper exchange.”

The abnormality of this breakthrough was too great, and even the extremely conceited Mu family was trying to curry favor with him.

I’m very interested in many things related to mechanical puppets, ” Yunxiao said. I hope to learn more from the MU family.

“Haha, golems, my Mu family is not humble in saying that we are the best in the world,” mu Zhuang laughed.

then, if I have any doubts, I’ll ask you,” Yunxiao said. I’ll be Frank.

“You’re very welcome,” mu Zhuang said.

As expected, Yunxiao did not hold back and began to ask some questions he had when he was studying the six ding and six Jia.

Mu Zhuang and the others were taken aback. Yunxiao’s question was extremely profound, and many of the MU family’s disciples were confused.

Even he had to think carefully before he could answer. He smiled bitterly. it turns out that young master Yun also has such an achievement in puppetry. It’s really unbelievable.

This caused the people of the MU clan to be even more respectful.

On the Luofu Island, the three men from the natural moat cliff also gradually came back to their senses.

“Many thanks to this friend from the MU family, the three of us have benefited greatly,” Qin Fei cupped his fists and said loudly.

Weng Yangyu and Wang Tianlu bowed slightly in respect as well.

At their cultivation level, it was extremely difficult for them to improve even a little. They were overjoyed and grateful to receive such great benefits all of a sudden.

Above the ocean, the various sects also bowed towards the mobile mecha. thank you, ” ” thank you, ” ” thank you, ” and ” thank you ” were constantly heard.

this is your own opportunity," Yunxiao said. it has nothing to do with me. There's no need to be so polite.

Qin Fei immediately recognized Yunxiao's voice. Although he had guessed it, he was still surprised after confirming it. "Everyone didn't come to the martial arts competition in vain this time. It's an opportunity that's hard to find in one's life."

I've comprehended many things," Weng Yangyu said. I'm extremely grateful. I'll remember this favor.

me too," Wang Tianlu said with a smile. but don't just focus on comprehending the rules. There are more important martial arts techniques.

"Let's continue with the martial arts competition," Qin Fei nodded.

Hu yugong, who had been meditating on the Luofu Island, finally left the island.

Tang Jiye of the flying dragon sect smiled and said to a disciple behind him,"Shengjie, it's all up to you now."

The corners of Yu Shengjie's mouth raised slightly, revealing a mocking expression. He said, "Please don't worry, sect master. I won't hurt that little girl, haha."

In a flash, he landed on the Luofu Island and looked at the Azure heaven sect with a smile.

Yunxiao also stopped his inquiry about puppetry and looked down.

The people of the MU family were also watching carefully. They could not see anything strange about Xiao Hong, so they were very skeptical of Yunxiao's words.

Xiao Hong slowly flew down from the battleship and landed in front of Yu Shengjie. She put her hands together and saluted, "Please advise me."

“Little sister, you’re too polite. I’ll show you mercy,” Yu Shengjie said with a smile.

“Hehe.” Strange laughter could be heard from all around.

Xiaohong looked a little nervous, and her face was red.

In the Jade drop sect, Yin Hui was also supporting his head with one hand, as if he couldn’t bear to watch.

All the disciples “faces were ashen, and their eyes were burning with anger. They wanted to rush to the island and tear Yu Shengjie’s detestable smile apart.

“Watch carefully,” Yin Hui said, “don’t let little red get hurt.”

An elder behind him couldn’t help but say, “Sect master, forgive me for saying more, but this martial arts technique ...”

Yin Hui interrupted him directly, “since you know what to say, then don’t.” Keep an eye on her and don’t let her get hurt.”

The elder was at a loss for words, but he had no choice. He could only sigh and shake his head.

don’t worry, sect leader, ” one of the disciples said. no matter how bold the flying dragon sect is, they won’t dare to hurt our people.

On the Luofu Island, Qin Fei couldn’t help but size up Xiao Hong a few more times before saying, “Let’s start.”

Xiaohong immediately got into a fighting stance and stared at the other party nervously.

“Hahaha.” Yu Shengjie was amused by her appearance and couldn’t help but laugh.

Xiao Hong’s face turned purple and anger flashed in her eyes. “Don’t laugh at me!”

She ran over quickly with two pink fists in her hands. With a leap, she performed a set of fist techniques, turning into hundreds of afterimages.

“Haha, Okay, okay, I won’t laugh, I won’t laugh.”

Yu Shengjie endured the pain in his stomach. He blocked the harmless fists with one hand and held his stomach with the other.

Xiao Hong was so angry that smoke was coming out of his head. He stopped his fist technique and started to quickly form hand seals in front of him. “Who asked you to laugh at me, who asked you to laugh at me!”

“Bang!”

Suddenly, a transparent flower the size of a palm appeared in his palm. It was like fire and smoke.

“What?”

Mu Yu’s eyes widened as she cried out involuntarily.

The faces of mu Zhuang and the other elders changed as well. They immediately remembered the flower. It was the white flower that had appeared when mu Bairong provoked Yunxiao and was blown up by the divine steel puppet.

This flower was even bigger than the one that the steel puppet had created.

...

This was the third time that mu Jie had seen it. The first time was in the hands of the lingmu flute, so she was even more concerned about this kind of flame. "What kind of fire is this? it's so terrifying!"

On the Luofu Island, Xiao Hong's face was gloomy with anger. After forming a seal with both hands and striking out the ice fiend Heart Flame, he suddenly slapped it.

"What?"

Qin Fei's brows twitched as he stared at the flower. A strange feeling welled up in his heart, but he couldn't put his finger on what was strange. It didn't seem powerful, but he felt that it wasn't that simple.

"Haha, little sister, you know how to control fire?"

Yu Shengjie laughed and said, "what a pity, my ultimate skill is water control."

He made a simple hand seal, and a water dragon appeared in his palm. "Let big brother give you a bath, haha." He slapped his palm at the flame.

"BOOM!"

The moment the two forces came into contact, a blinding white light exploded, burning everyone's eyes.

Yu Shengjie and Xiao Hong's bodies were immediately swallowed by that force. A huge flower of light bloomed quietly on the Luofu Island.

"Ah?"

...

Everyone's eyes widened in shock.

The three men from the natural moat cliff opened their mouths so wide that they could swallow watermelons. They were the closest to the flower, so they could feel the scorching heat and the terrifying power even more.

Under this extremely high temperature, the three of them felt cold all over and their palms were covered in cold sweat.

ah! was also heard in the Jade drop sect. .

Yin Hui suddenly raised his head and looked outside, saying in shock and anger, "Damn the flying dragon sect! You actually dared to use such a vicious method on Xiao Hong!"

The elder behind him said awkwardly, "this, no, no, sovereign, this Wufu," he stammered and could not speak clearly.

"What's this?!" Yin Hui said angrily. Didn't I tell you to look after him?"

The elder's head was covered in cold sweat as he said awkwardly, "you ... You've misunderstood. This explosion was caused by Xiao Hong, not the flying dragon sect.

Yin Hui was stunned, his anger instantly turning into dullness as he said in shock, "What? What did you just say? I didn't hear you clearly just now. You said that the explosion was caused by little red?"

The elder was stumped by the question. He also felt incredulous and strange. Could it be that he was hallucinating? He tried his best to recall the scene just now and said in a daze, "It seems, it seems so."

Yin Hui couldn't be bothered with him and hurriedly looked outside.

The light from the explosion of the ice fiend Heart Flame was dazzling and even swallowed his divine sense, making him unable to see the situation inside.

A moment later, a figure was revealed.

Xiao Hong was standing on the Luofu Island, gasping for breath. Her red face was covered in sweat.

Yu Shengjie had already disappeared.

“W-where is he?”

Everyone widened their eyes and rubbed them repeatedly, thinking that they had seen wrongly.

Tang Jiye and the flying dragon sect’s disciples were so shocked that they couldn’t come back to their senses. Their faces were dull as if they had been petrified.

“S-where’s Shengjie?”

Tang Jiye finally moved his fingers and came back to his senses, but his face was still full of confusion. He searched the Luofu Island with his divine sense and eyes and said thoughtfully, that earth-shattering attack just now shouldn’t have been able to escape with Shengjie’s strength. Where did he hide? ”

The three men from the natural moat cliff exchanged a look, and they could see the shock and fear in each other’s eyes.

Qin Fei also wiped his sweat and said, “ Yu Shengjie of the flying dragon sect has been annihilated. Not even a strand of hair was left. Xiao Hong of the Jade drop sect wins.

“Ah?”

This result once again shocked everyone. What did it mean to lose all their hair?

The common saying of turning into ashes meant that there would at least be broken corpses and rotten flesh. At the very least, there would still be ashes. If there were no hairs, then it meant that everything had been burned. It was completely, 100% burned out and directly turned into smoke.

Tang Jiye, "hehe."

"Yay, I won, I really won!"

Xiao Hong was overjoyed. She clapped her hands happily and waved her arms and legs, saying loudly, "Lord sect master, big brother Yunxiao, did you see that? I've won!"

In her joy, she jumped high into the sky and flew into the warship.

Yunxiao's heart trembled as he said with a wry smile, "She still remembers me."

From the looks of it, the power that Xiao Hong had just displayed was her true strength. No matter what cultivation level she was at, her rainbow body controlling the ice fiend Heart Flame was enough to defeat all experts.

How was di ye now? How did she end up in the bi Luo sect?

Yunxiao's heart was filled with doubts, and he was trying to find a chance to figure it out.

The people of the MU family gradually came back to their senses, and the way they looked at Yunxiao changed again.

young master Yun, " mu Zhuang said. that girl called you brother. Are you her biological brother? "

Yunxiao's forehead was covered in sweat as he said in a daze, "Of course not. We met for a while, but he was kidnapped by bad people and disappeared. I'm also curious as to why she's here."

The hearts of the MU family members became heavy.

Xiao Hong was as powerful as Yunxiao had said, so Wu Dacheng from Dragon's Tooth villa should be a real super expert.

"Yin Hui, that old fox, he actually dared to hide so deeply. I was almost fooled by him," mu Zhuang muttered.

What he didn't know was that Yin Hui's shock was at least a hundred times greater than his.

Chapter 1730-strange steps

Within the sect, everyone looked at Xiao Hong in shock. Their disdain and contempt had completely transformed into shock and fear.

Xiaohong clenched his fists in excitement and said, "I won! Lord sect leader, did you see that?"

Yin Hui shuddered and came back to his senses. He looked Xiao Hong up and down a few times, and confirmed that she was indeed a martial Lord.

"That, that flame just now, what, what was that?" He stuttered.

I don't know either," Xiaohong replied. whenever I'm angry, my body becomes especially violent, and those white sparks will come out.

The people of the bi Luo sect were all shocked. From her tone, it seemed that she had an extremely special body that could produce that terrifying fire with the fluctuation of her emotions.

"Then can Xiao Hong use fire when she's not angry?" Yin Hui asked.

Little red tilted her head and thought for a moment. I've tried. Sometimes it works, but the success rate isn't high.

Yin Hui more or less understood now. Xiao Hong had a kind of physique with extremely terrifying potential, but she was unable to control it at will. No wonder that Lord would let her participate in the martial arts competition. Perhaps it was to let her continue to grow.

Xiao Hong was still in a state of excitement as she clenched her fists and calculated. "We just need to win one more time to enter the top 12! Little red, work hard! Little red, you can do it!"

Everyone looked at each other, thinking that with the power of your move just now, there was probably no need to fight the next round, and the opponent would directly admit defeat.

Little Red's heaven-shaking move cast a shadow over the hearts of all the contestants. Who could guarantee that they could withstand or dodge such a terrifying move? Even if he was lucky enough to withstand one move, would he be able to withstand the second or third?

In the next few martial arts competitions, both sides had gloomy faces and didn't smile or speak. It was as if Yu Shengjie's strange laughter was still echoing on the island.

Soon, it was Yunxiao's turn. As he stood on the Luofu Island, he immediately attracted countless respectful and grateful gazes.

Even the three men from the natural moat ocean smiled and cupped their fists.

The opponent admitted defeat with a bitter smile and didn't even go to the island.

Yunxiao smiled and waved at the others before flying back to the mobile Suit.

hundreds of people have used young master Yun's breakthrough as an opportunity to advance and win the hearts of many, " mu Zhuang said with a smile. this martial arts competition will definitely be a legend for the ages.

After that, Jing Qi, ao Wuxin, and Cheng qingsi all won without a fight and advanced directly.

“That Wu Dacheng has left the stage,” mu Yu said in a serious tone.

The people of the MU family all looked over nervously. Xiao Hong’s amazing performance had already shocked everyone, and this time, they were staring at Wu Dacheng without blinking.

Yunxiao’s pupils constricted, and a circle of strange runes spread out around his eyes, like two tiny arrays embedded in them.

He wanted to see Wu Dacheng’s every move clearly.

Wu Dacheng was still acting like a nouveau riche, ordering people around arrogantly. He stared at the other party with a cold face and shouted, “Hmph, this young master is here, and you still dare to come out and fight. It seems you’re really tired of living!”

That martial artist was Baili Fu from the God Wind Valley. He sneered, “I’m sorry. In my heart, young master Yunxiao is only the one from the MU family. I’ll take care of you, fake. It’s a pity that you’ve ruined the pair of sisters in the Dragon Tooth villa.”

“Damn it!” Wu Dacheng was furious and roared. Look at how this young master will deal with you for underestimating me!”

The aura on his body burst out. He was a peak seven-stars Martial Emperor, and he was a little stronger than when he had met him in Yongxiang city.

Wu Dacheng’s five fingers turned into a claw and directly grabbed the other party’s throat. This was a move of naked contempt.

Baili Fu was furious. His body swayed slightly as he kicked, and the tip of his foot glowed with a cold light.

“Pa!”

“Ah!”

Wu Dacheng’s hook was kicked away, and he immediately retracted his palm in pain. His fierce look turned into a “ wa wa ” scream.

The MU clan’s members were all speechless.

Mu Jie frowned. I was able to send his claw flying with a kick from someone of the same rank. That look of pain was not an act at all.

Yunxiao could see them even more clearly. Even the primordial energy fluctuations around them were fully displayed under his magical spirit eyes.

Just now, Baili Fu’s kick had indeed broken Wu Dacheng’s palm defense, and he had concentrated all his strength into one point. When they made contact, it exploded, and a large amount of Qi rushed into Wu Dacheng’s palm, which caused him to feel pain and his arm to go numb.

It was impossible for him to fake these details. In other words, Wu Dacheng’s current strength was indeed only at the peak of seven-stars Martial Emperor, or even less. This was because Bai Lifu was only a mid-stage seven-stars Martial Emperor, but he had already surpassed him in terms of combat strength.

Mu Zhuang trusted Yunxiao very much at this moment. let’s just wait and see. Xiao Hong’s strength has never exceeded a martial Lord’s, but she still won in one move.

The people of the MU family all nodded and continued to watch the battle.

After Baili Fu kicked Wu Dacheng away, he had a certain estimation of his opponent’s strength and was secretly happy. He was afraid that he was not a match for Wu Dacheng, who was half a realm lower than him, but now he was bold enough to attack.

Taking advantage of the pain in Wu Dacheng's palm, he jumped up and kicked him several times in a row, each kick aimed at his vital parts.

Wu Dacheng was shocked and quickly covered his lower body with his hands. The kicks landed on his eyes, throat, heart, and brain, causing him to bleed.

Wu Dacheng felt blood gushed out of his throat as he was injured in many places. He swallowed the blood in one gulp and quickly retreated.

"Haha, you want to leave?"

Baili Fu laughed maniacally and immediately rose into the air. His body was like a whirlwind as he flew away.

Wu Dacheng was both shocked and angry. He turned around and ran toward the center of the island in a flash.

"BOOM!"

Baili Fu's move missed, shaking up a large amount of gravel on Luofu Island. He was bewildered and shouted, "Don't you dare leave!"

His body flew up once more and chased after her.

Everyone was dumbfounded. This was the first time they had seen someone run away from a fight in a martial arts competition.

Yunxiao was also stunned. Wu Dacheng had really fled. He could clearly see that Wu Dacheng was indeed injured and could no longer fight.

"What's going on?" He was confused.

Although the entire Island was huge, it was nothing to a high-level martial sovereign. The two of them quickly began to chase each other on the Luofu Island.

...

Wu Dacheng's body movement technique was unknown, but there was always a ball of green light under his feet. No matter how Baili Fu attacked, he couldn't hit him. Every attack missed by just a few points.

"Don't run! As a participating disciple of the Dragon's Tooth villa, don't you feel ashamed of running around like this?"

Baili Fu had gone a little crazy. No matter how he attacked, he was just a little bit off. He immediately cursed.

you can't even hit me with all your might," Wu Dacheng said coldly. as a disciple of God Wind Valley, don't you feel ashamed? "

"You coward!"

Baili Fu was extremely depressed. He slowed down his movements, but he realized that he was still a little short. He could not help but calm down.

This proved that the other party's movement technique had not been used to its limit, so no matter how he attacked, he was still dodging to a fixed degree.

Yunxiao was also very surprised. He could naturally see that Wu Dacheng had escaped with ease, and wondered if he had escaped from Yongxiang city with this movement technique.

"This movement technique is so brilliant, I can't even see through it," mu Zhuang said.

every step seems to be very casual, " Yunxiao said. but in fact, it contains complicated laws of heaven and earth, and every step is the best position.

"Young master Yun, can you tell the origin of this footwork?" mu Zhuang asked in surprise.

...

Yunxiao shook his head and said, " I've also studied movement techniques. The founding principle of any movement technique is to make the body move to the best result, so it must be in harmony with the laws of heaven and earth. This set of footwork is the most in harmony with the laws I've ever seen.

He was constantly calculating Wu Dacheng's steps in his mind, but he felt that it was extremely complicated, and his brain could not keep up with the speed.

Suddenly, che you's voice sounded in his mind, he was filled with shock, " "That's the true dragon Avatar!"

what? " Yunxiao was taken aback. isn't the true dragon dharma body supposed to strengthen the body and turn it into a Dragon's body? "

"That's a misunderstanding," che you said. True dragons are born from the essence of heaven and earth, and they are almost condensed from the rules themselves. A true true dragon is not only strong physically, but also most compatible with the great Dao of heaven and earth in terms of attack, defense, speed, and other aspects."

then, why do you only have your muscles swell and your body turn into a Dragon every time you use the true dragon dharma body? " Yunxiao asked.

"Are you making fun of me?" che you said angrily. If my true dragon Dharmakaya can be completed, I will be able to transform into a Dragon and kill all gods in my way. You will be the first one I kill!"

Hmph! Yunxiao snorted coldly. it seems that you won't be able to achieve great things in your life.

Hmph! che you snorted and said, " this is weird, this kid's body is extremely weak, how can he have such an exquisite true dragon Avatar? "

maybe this guy only learned a set of footwork, " Yunxiao said.

"If you don't know then don't talk nonsense, no one will take you for a fool." The 'astral Dharma' of the Dharmakaya was the 'law of the heavenly Dao', and his set of steps was a law, not a divine power. In this world, other than the Maha ancient character that once appeared, is there anything else that can inherit the rules?"

what? " Yunxiao was taken aback. do you mean that he might have obtained the inheritance of the Maha ancient scripture? "

"That's one of the possibilities, the other possibility is that this person is also a descendant of the true dragon, and has awakened a certain ability, thus creating this footwork on his own."

he doesn't look like someone who understands the Maha ancient language, " Yunxiao said. it's most likely the latter.

Che you laughed coldly, " If he comprehended the rules through the power of his bloodline, then his bloodline must be thick to a certain extent, perhaps even no less than mine. But do you see any Dragon's might or dragon's breath on him?"

what? " Yunxiao was surprised. did he inherit it through the Maha ancient language? " In this world, apart from the sea Emperor, was there anyone else who could recognize the ancient scripture? Even the sea Emperor, poron, is unable to read hundreds of words."

"Yes, that's why I said he's weird," che you muttered.

who doesn't know that he's strange? " Yunxiao scolded. do I need you to tell me that?!
