

## The Eternal 1731

### Chapter 1731

#### 1731 Drawing lots again

“You b \* stard, at least I know what’s weird about him. You don’t even know how he’s weird.” Che you retaliated.

since his footwork is so powerful, ” Yunxiao said, ” does that mean no one can hit him? ”

“Of course not,” che you snorted,”all we have to do is lock the space.” However, I’m afraid that no one in the same rank can hit him. This martial arts duel is either won by him or a draw.”

Yunxiao was lost in thought. This Wu Dacheng was too strange, and he felt that it was not just a problem of his pace, but also seemed to be hiding a deep secret.

Suddenly, a blood-curdling screech was heard. Baili Fu was hit in the chest by Wu Dacheng, and he was sent flying backward after spitting out a mouthful of blood.

“What?”

Everyone was shocked, and their eyes widened.

old dragon, ” Yunxiao asked in surprise. did you see what he did just now? ”

“Wasn’t I talking to you? I didn’t see anything!” You’ve been using the power of the moon pupil all this time, but you didn’t see it?”

chatting will ruin my life! Yunxiao said in frustration. it’s a joke! “Elder Muyu, did you see how Wu Dacheng attacked?” he turned around and asked.

Mu Jie also used her wondrous spiritual eyes to carefully observe and was not distracted. After thinking for a while, she said, "There's nothing strange about it. I just punched out like this and hit Baili Fu's chest. It's just that it's too ordinary, so I don't find it strange. On the contrary, it's strange."

"That punch looked normal, but it's not normal at all. It must have been thoroughly tempered to be able to deliver such a 'normal' punch," mu Zhuang said.

Both Yunxiao and che you were shocked at the same time, and they cried out in surprise, " "True dragon Avatar!"

"The true dragon Avatar is a combination of strength, attack, defense, and speed," che you said in a deep voice, "he must have used an attack that was close to the laws!" To be able to grasp the 'attack' and 'speed' of the true dragon Avatar, one is already invincible among those of the same level."

have you mastered the other two? " Yunxiao asked. &Nbsp;

of course not, " che you said, " didn't you see that he's starting to bleed? his strength and defense are trash. His eyes lit up and he smacked his lips, " tsk, tsk, we can't let this guy go. Capture him and refine him. I want to force out the origin of the power of these two Dharmakaya!

if that's all he can do, " Yunxiao said, " there's nothing to fear. What I find strange is, can humans also cultivate the true dragon Dharmakaya?"

Che you was stunned for a moment, he also became silent, " "It's all comprehension of the rules of the great Dao, so it should be possible. However, without a Dragon's body, it was very difficult to grasp such a great Dao. It was indeed strange. This person is most likely related to the dragon clan. In any case, it's definitely not wrong to capture him first!"

Wu Dacheng had been running for a long time before he seized the opportunity to throw a punch. It was an ordinary and inconspicuous punch, but it directly determined the victory.

After Baili Fu was hit, he only felt that the timing of that punch was indescribable. It just happened to hit the weakest part of his Qi circulation, causing the entire body structure to collapse and his vital Qi to be cut off. It caused a chain reaction in his body, and all his aperture acupoints were damaged.

His heart trembled wildly. He didn't know if this punch was calculated so exquisitely and accurately by the other party, or if it was an accidental coincidence.

Although he was inclined to the latter, the probability was too low.

No matter what, Baili Fu no longer had time to think about this. The situation had been reversed. He was half a realm weaker than Wu Dacheng, and he had been attacking wildly. Now that he was injured, the situation became more and more worrying.

"Haha, who asked you to chase after this young master? watch how I slaughter you!"

Wu Dacheng suddenly jumped up and sent a flying kick.

Baili Fu hurriedly put his hands in front of his body to defend. The force of the kick landed on his arms, and he could clearly hear the sound of bones cracking. He kept retreating, and the ground cracked with every step he took. It was clear how heavy the force was.

"Pfft!"

Baili Fu couldn't take it anymore and spat out another mouthful of blood.

After that, Wu Dacheng showed no mercy. His fists rained down without any pattern, causing Baili Fu to vomit blood continuously.

Yunxiao watched quietly. The fist momentum was indeed without any order. At this moment, Wu Dacheng's momentum was unstoppable, and he was in a sure-win situation. It was easy to crush him with the gap in cultivation realm.

After all, using the true dragon Avatar also consumed a great deal of origin power.

stop fighting! We admit defeat!

The Holy Wind sect's sect master saw that he could not change the situation and immediately stood up to admit defeat.

Baili Fu's face was full of resentment and unwillingness as he stared at Wu Dacheng.

"What, you're still not convinced? If you're not convinced, I'll hit you again!"

Wu Dacheng's eyes widened in anger. He raised his fist and was about to punch, but he was bound by an invisible force and couldn't move. He knew that it was the three from the natural moat ocean.

"Li Yunxiao from Dragon's Tooth villa wins," said Qin Fei indifferently.

Wu Dacheng snorted coldly, flicked the dust off his clothes, and shouted in all directions, "I'm Li Yunxiao! Remember this! Whoever dares to disobey me, I'll beat him with my fists until he is convinced!"

"Shh!"

Boos came from all around, filled with disdain and contempt.

what idiot? it wasn't easy for him to win. Did he forget that he was beaten up and had to run around?"

to actually dare impersonate Lord Cloudsky's name! This fellow is really courting death!

we're all indebted to young master Yunxiao. Why don't we join hands and teach this idiot an unforgettable lesson when he comes up?"

"Good, this suggestion is very much to my liking!"

The sky above the ocean was suddenly filled with killing intent. Hundreds of cold and sharp eyes were staring at Wu Dacheng. Although he was a peak seven-stars Martial Emperor, the aura of hundreds of people condensed together and was as majestic as a mountain, causing Wu Dacheng's expression to change drastically.

"Cough, cough, you guys are really giving face to my Dragon's Tooth villa,"

A slight cough came from the Dragon Tooth villa's warship. Everyone immediately recognized who it was, and their faces changed. They couldn't help but take a step back in the air.

The iron bucket-like momentum suddenly collapsed, and Wu Dacheng took the opportunity to leap up and fly back to the warship.

"It's Jue Tianhan. I didn't think that he would still be so protective of this imposter," mu Zhuang replied.

"I'll figure out this man's true face in the final," Yunxiao said. "I'll make sure to find out his true face. He is definitely not as simple as he looks."

"That's right, it's impossible for him to win Jue Tianhan's attention if he only relied on his movement techniques. Young master Yun, you have to be careful. It would be best if he could meet Jing Qi, ao Wuxin, and the others in the final. Hehe, that would be interesting."

my Lord, your plan to deal with Jing Qi can be put on hold," Yunxiao said. "With Jing Qi here, he might be of help."

"Oh?"

...

"Are you sure you don't want me to do anything to Jing Qi?" mu Zhuang asked.

yes," Yunxiao nodded. the more experts, the better. The more chaotic it is, the more chances there will be.

Mu Zhuang pondered for a while and said, " under the circumstances where we can't control the overall situation, the more chaotic it is, the better it is. In that case, I will postpone the matter of dealing with Jing Qi. The matter of him killing two of my elders will be resolved sooner or later.

After the battle with Wu Dacheng, the rest of the matches were calm.

Soon, nineteen powerhouses were decided, and they entered the final round of the top 20.

"In the final selection, 10 people will be chosen from 19 powerhouses, and another two will be chosen from the remaining nine. A total of 12 people will enter the final. For the sake of fairness, we'll invite the 19 powerhouses to come on stage and draw lots again."

"Draw lots again?"

Everyone was shocked, but they didn't have much of a reaction. After all, it didn't matter if they drew or not.

Only the 19th ranked cultivator's expression didn't look too good. If it was according to the original rules, he could have directly advanced into the top 10, but now he was most likely going to enter the war.

it's so troublesome to fight a few rounds," the fat monk said. why don't you give our Wuxin the right to advance directly without fighting? anyway, Wuxin's first place is what the public wants.

The crowd snorted. If the fat monk had said this before the selection round, most of them would have believed him. But now, they were all sneering.

...

Although ao Wuxin might not lose, the chances of him getting first place had been greatly reduced.

It was quiet all around the Luofu Island. Everyone was discussing in a low voice. Only three contestants were on the island and standing there quietly.

Qin Fei said, " all participants, please get on the stage within ten breaths. Otherwise, you will be treated as forfeiting. Those who are dissatisfied, please get lost.

As soon as he finished speaking, several rays of light landed on the island. All twelve of them were present.

Most people's eyes fell on Yunxiao, and they all had complicated expressions.

"Big brother," Xiao Hong called out nervously.

Yunxiao smiled. Xiao Hong is only this big now. I was very worried when you were caught by the bad guys.

"So big brother still remembers me! I'm so happy!" Xiao Hong's face was flushed red.

Everyone's heart skipped a beat. So these two people knew each other.

Yunxiao looked up and said in a serious voice, " Brother Dacheng, after we parted at Yongxiang city, how is your swollen face that I slapped?"

w-what nonsense are you talking about?!

you're Wu Dacheng! Wu Dacheng was furious. I'm Li Yunxiao!

eh?" Yunxiao said in surprise, " I'm just calling you brother Dacheng. How did you know your surname is Wu?"

Wu Dacheng was stunned for a moment, then he snorted coldly. "Don't try to be glib with me, I'll let you know how powerful I am later!"

I'm looking forward to it," Yunxiao sneered.

don't worry, big brother," Xiao Hong said. I'll beat him up for you later. He actually pretended to be you!

Wu Dacheng glared at Xiaohong and grinned. hehe, little girl, you've developed well. Big brother will give you a physical examination later.

Xiao Hong didn't understand what he was saying and snorted, "I don't want you to check me, I'm perfectly fine!"

"Hahaha!"

Laughter suddenly came from all around. Many of them were making weird sounds and even whistling.

Wu Dacheng also laughed. what a pure girl. What a pure body. Haha. A glint flashed in his eyes.

But, Yunxiao had been paying attention to him, and he immediately caught the sharp look in his eyes. He was slightly startled. 'That' pure body'. .. Has he discovered something?'

Chapter 1732

1732 Three seals in one

"You really are a shameless slut!"

Xiaohong," Cheng qingsi scolded coldly. I'll beat this b \* stard with you later.

great! Wu Dacheng said angrily, " you little girl, don't think that you're awesome just because you have the thunderous treasured body. To tell you the truth, you're more like carrying my shoes!"

Cheng qingsi's body trembled, and her eyes were filled with horror, and then burst with endless killing intent.

"Thunderclap treasured body?"

Yunxiao was slightly taken aback. He knew that this must be the name of the Fuyao Palace's saintly being, but he could not find any clues even after searching through his memory.

Looking at Cheng qingsi's murderous look, Wu Dacheng was probably right, but how did he know? He couldn't have seen through it at a glance, right? Yunxiao was even more shocked.

The rest of the people also had a flash of surprise in their eyes as they began to think.

The Fuyao Palace of thousand leaves Island had an extremely high status among the reclusive families, and the 'sacred body' that had been passed down from generation to generation was even more fascinating. However, no one knew the details, and they did not want to be exposed by the fake Yunxiao.

Wu Dacheng said smugly, " "What, you want to kill me? You're not qualified."

"Is that so?" Cheng qingsi asked coldly. I hope it will be as you wish!"

Wu Dacheng didn't take it seriously. He looked confident and sneered.

Qin Fei was also secretly shocked, but his expression did not change. He took out an iron box and placed it in his hand. there are 19 cards in total. Only number zero is odd and can advance directly. The rest of the cards, number one to nine, will be used for martial arts.

He patted the metal box, and a ray of light instantly scattered into the sky. Nineteen metal plates flew out and dispersed like fireworks, turning into nineteen streams of light. It was unusually gorgeous.

At the moment the stream of light was released, a green light flashed. Yunxiao was the first to make a move. He teleported over and grabbed one of the cards.

“Pa!”

Suddenly, a pale-white palm struck his forearm, and as if a thousand pounds were pressing down, his entire arm immediately sank and lost its direction.

The owner of the arm flickered and was faster than him by a point, grabbing the card.

my Lord’s strength is extraordinary. You should give me this card.

Yunxiao’s pupils constricted as he reached out to grab Jing Qi.

His five fingers seemed to hook on Jing Qi’s right shoulder, and actually pinched a little bit. It felt like he was grabbing hard wood, and his skin was not elastic at all. No wonder everyone called him a dead zombie.

Yunxiao clenched his fingers and pulled hard.

Jing Qi’s hand was only three inches away from the iron medal, but Yunxiao pulled it away.

He snorted and did not turn around. His body swayed slightly and he kicked backward, forming an arc of light.

Yunxiao, on the other hand, shrank his body and leaped into the air as light as a swallow.

Following the arc of light from the kick, he flipped in the air and his right hand, which was holding Jing Qi's left shoulder, turned into a palm and slapped down. After pressing down Jing Qi's body, he used the force to teleport away.

"This Lord has never had the virtue of giving way to the pear!" Jing Qi snorted coldly. His eyes glowed with a green light as he clenched his fingers in the air.

The space in front of him twisted, and the metal token was sucked into a spatial stream before disappearing.

Yunxiao had just teleported over, but his right hand grabbed nothing. "How wicked!"

Jing Qi had only used a small area of space distortion, so the iron medal would only move in the air above the island and not go too far.

"Haha, this single zero is mine."

Suddenly, a strange laugh was heard. Wu Dacheng's face was full of smiles, and his eyes were shining as he looked around in the void.

With a step, he incredulously appeared a hundred feet away and stretched out his hand into the void.

The space was pulled out like marshmallow, and a metal plate appeared in the barrier between his fingers.

His face was filled with joy as he laughed, "Haha, you let me win, you let me win!"

"Hmph, you want to take zero? dream on. You should take the same number as me."

Cheng qingsi's cold voice rang out. She made a hand seal, and rule force immediately emerged around her. "Minor teleportation technique!"

She flicked her fingers, and the nearest flying iron plate suddenly disappeared, switching with the one inside the wizardry barrier at Wu Dacheng's fingertips.

Wu Dacheng's expression changed suddenly. The force of the ward in his palm dissipated, and the iron plate fell down. He turned his hand over and saw that it was number seven.

The number zero was moved far away and shot into the sky.

Yunxiao and Jing Qi flashed at the same time and chased after the number plate.

Cheng qingsi chuckled, but her eyes were filled with killing intent. "Just wait for your death." She also disappeared in a flash and grabbed the other number seven metal plate in her hand, looking at him with a "you're dead" expression.

Wu Dacheng's expression changed slightly. He sneered, "You're number seven, can't this young master change?"

His eyes fell on the nearest cultivator, and with a single step, he instantly appeared next to him, snatching his iron plate and placing his number seven Card into his opponent's hand.

The entire movement was as smooth as floating clouds and flowing water, as if it had happened in an instant.

The man only reacted after a few breaths. He looked at the number in his hand and then at Cheng qingsi, his face ashen.

you are a fake li Yunxiao! Cheng qingsi was also angry. do you have no shame?!

"Haha, I'm resourceful," Wu Dacheng laughed. You have a good plan, I have a wall ladder, hahaha!"

you'll fall into my hands one day, " Cheng qingsi said coldly.

If she tried to snatch another number, Wu Dacheng could also snatch it and Exchange it, but it was useless. Therefore, he directly sat cross-legged and ignored her.

The martial artist whose number plate had been stolen was called Zhao Ritian. He was also an eight-stars Martial Emperor and had a high chance of entering the top twelve.

But now that his opponent was Cheng qingsi, all hope was lost. Boundless anger rushed to his head, and he drew his sword and slashed at Wu Dacheng, roaring, " I, Zhao Ritian, am not convinced. Give me back my number plate!

"BOOM!"

...

As the sword Qi fell, a crack about three meters deep and a thousand feet long appeared on the ground.

The Luofu island's ground was extremely solid. If it was on any other Island, half of the island would have been destroyed.

Wu Dacheng had been on guard for a long time. He dodged to the side and dodged the sword from a distance.

Zhao Ritian's face was as pale as paper, and his eyes were spitting fire as he chased after him. He was in a state of madness.

Although Wu Dacheng wasn't afraid, he was depressed to be chased all the time. He shouted, " "Pig, if you don't want to fight with that crazy woman, you should go and grab someone else's number plate!"

These words reminded Zhao Ritian that he knew he could not catch up with Wu Dacheng. It would be good if he could snatch someone else's.

He immediately turned his eyes to the weaker martial artists.

It immediately alerted everyone, and they all retreated.

Only a cultivator standing a hundred feet away was still standing there calmly, as if he was not afraid.

Zhao Ritian swept his divine consciousness and was immediately overjoyed. That martial artist only had the strength of a four-star Martial Emperor, so he would definitely be captured.

He immediately pointed his long sword at the man's throat and stopped three inches away from it. He shouted, "If you don't want to die, then exchange your number plate with mine!"

...

The man smiled wryly and immediately took out his number plate, number three, the other number three is ao Wuxin. Sir, if you want it, you can change it.

"Pfft!"

Zhao Ritian spat out a mouthful of blood and shouted, "Get lost!"

If he were to fight against ao Wuxin, his winning rate would be almost in the negative.

In his anger, he immediately used the back of his sword to hit this person, knocking him over, and then rushed to the other martial artists.

At this moment, in the sea around Luofu Island, everyone's eyes were drawn to the sky. Yunxiao and Jing Qi were constantly crossing each other, fighting for the iron plate number zero, which would directly advance to the next round.

In just a few short breaths, the two had exchanged hundreds of moves.

Yunxiao's body was covered in a golden light as he unscrupulously unleashed the imperishable golden body. Ao Wuxin was shocked when he saw this from below.

Instinctively, he felt that Yunxiao's imperishable golden body was different from his, but he could not tell what was wrong.

"A brand new approach? Without any talent in body tempering, Yunxiao is really an unparalleled genius to be able to cultivate the tyrant body tempering technique to such an extent!"

Ao Wuxin sighed with emotion in his heart. Their ao family was a body-tempering family that had been passed down from generation to generation, but for so many years, only he and ao changkong had the same talent because of their outstanding talent. That was why they could cultivate the tyrant body tempering technique.

Many geniuses in the clan had spent too much time and energy studying the tyrant body tempering technique, hoping to find a path that suited everyone, but all of them had failed without exception.

The two men in the sky were getting more and more furious. As Yunxiao's fists and palms opened and closed, sword Qi flew around him, extremely sharp and cutting through the void with each strike.

A cloud of white smoke was dancing around Jing Qi's arm. It was the poison of the jiusha profound feather, but it couldn't break through the demonic Aura Protection of his opponent.

At the beginning, the two of them were only fighting for the sword, but as they fought, their strength gradually increased and they became more desperate.

If Yunxiao had been afraid of Jing Qi before, he had now stepped into the peak of nine-stars, which was enough to fight with divine transcendence without any concern.

"Since you're so stubborn, brother Jing Qi, I'll have to send you to the West first!"

Yunxiao's face was solemn, and his eyes were filled with killing intent. All of a sudden, he transformed into a transcendence golden body with three heads and six arms.

His six arms kept forming hand seals in front of him, and the surrounding spiritual Qi gushed in wildly. A vigorous power gushed out from the three hand seals.

Everyone was shocked. On one hand, they were awed by the powerful divine ability, and on the other hand, they sighed at Yunxiao's words.

He had just reached the peak of the nine-star level, while Jing Qi had been an expert who had reached the divine transcendence level for many years. It was hard to say who would send the other to his death.

"Floating like a dream, flying with a seal."

"The sea of suffering in the mortal world, transcending the other shore."

"Boundless heaven and earth, six paths of reincarnation."

His six hands formed different hand seals, which were the floating life seal, the mortal world seal, and the heaven and earth seal. They were all placed in front of him, shining with golden light like the sun and the wheel.

Three mighty forces swirled around the avatar as Yunxiao raised his three seals at the same time and condensed them into one in the sky, forming a golden light shield that was several acres in size, with tens of millions of runes rolling and flashing inside.

Chapter 1733

1733 The broken Jade coffin

"Boom boom boom!"

There seemed to be Thunder rumbling inside the golden light shield like a heavy rain. The entire golden light shield actually transformed into three golden dragons, roaring and rolling in the air.

Yunxiao was also surprised. It was his first time trying to combine the three seals into one, and he did not expect it to produce such an effect.

In his previous life, he had also thought of using this technique, but he had never succeeded. Only under the three-headed and six-armed transcendence golden body could he use it freely and complete the three seals as one.

Dragons were spiritual creatures of heaven and earth. When pure power was condensed to a certain extent, it was the easiest for it to take the form of a Dragon.

After rolling in the air for a while, the three golden dragons roared and charged at Jing Qi as the golden light of the seal fell.

The scene was too shocking. The entire sky was covered in a Golden Ocean, and the three dragons seemed to have come from the vast sky. The magnificent and magnificent scene was shocking.

Jing Qi was a little surprised, but he did not panic. As long as Yunxiao did not use that shocking sword strike, he was confident that he could take it.

A layer of livor mortis appeared on his thin body, and his face turned ferocious. His body continued to expand, and two fangs grew out.

He raised his large hand that was covered in livor mortis, and several thick golden arcs of light continuously appeared on his arm. They were actually lightning!

Jing Qi opened his mouth and let out a roar. He spat out a mouthful of blood essence into the Thunderbolt. Half of the sky turned blood-red.

Yunxiao was also an expert with Thunder divine abilities, but he had never seen such a bloody Thunderbolt, which was full of ruthlessness, bloodiness, and strangeness.

However, when the three seals combined to form a Golden Dragon, its energy was vast and majestic. It was specialized in breaking this kind of evil thing.

“BOOM!”

The three golden dragons charged into the blood-red lightning. The dragons were immediately wrapped in blood-red lightning, and countless arcs of electricity flickered.

However, the Dragon’s body trembled, and a large area of blood began to spread.

Jing Qi’s expression changed drastically. He put his hands together again, and the Jade coffin flew out from behind him, falling into the Thunder.

“BOOM!”

As soon as the Jade coffin fell into the Thunderbolt, a terrifying power spread out. The three golden dragons seemed to be nailed and struggled violently. Their bodies were constantly disintegrating, turning into countless symbols that danced in the sky and scattered in all directions. It was a beautiful sight.

Yunxiao was not in the mood to enjoy the beautiful scenery. With a cold gleam in his eyes, he changed his hand seals in front of him, and the Tusita peak immediately flew out. Amidst the golden light that filled the sky, a shadow streaked across and smashed toward the Jade coffin.

“Argh! It’s this profound level weapon Kasaya!”

Mu Jie’s heart skipped a beat as she exclaimed.

“What, is this profound level weapon very powerful?” mu Zhuang asked.

Mu Jie smiled bitterly. in my opinion, this profound level weapon isn’t that powerful. It’s just that it’s very heavy. It’s so heavy that I can’t understand it.

“Unable to understand?” The people of the MU clan couldn’t understand this sentence.

“Yitong’s Mountain-splitting heaven ding was crushed by this mountain peak,” mu Jie said.

“Ah!”

At this moment, the people of the MU clan all exclaimed in shock. Their eyes were wide open, and they were somewhat dumbfounded.

Mu Zhuang was also stunned for a moment before he said awkwardly, “That’s impossible, right? The mountain splitter is the MU family’s most powerful strength-type puppet. It can easily overturn rivers and seas, shift stars, and even an immortal state warrior would find it hard to destroy it.”

“If I didn’t see it with my own eyes, I wouldn’t have believed it no matter who told me.” Mu Jie smiled bitterly. This peak is so powerful. Everyone, watch carefully. Jing Qi’s Jade coffin has been completely destroyed. You can enjoy his expression later.”

The people of the MU clan were all skeptical and looked over carefully.

Jing Qi frowned, but he didn’t take it too seriously. Based on his understanding of the Jade coffin, it was enough to resist this kind of heavy profound level weapon.

All of a sudden, countless streams of light flashed on the Jade coffin, and three formations appeared. They rotated one by one, like the center of a knob.

The three formations glowed with a nine-colored light, which was extremely beautiful.

“What?”

Jing Qi trembled in fear. what happened?!

The Jade coffin was about to open on its own, and the God fiend corpse puppet sleeping inside wouldn’t come out without his call.

Unless ...

He thought of a possibility, and that was that the divine fiend corpse puppet had sensed danger, a danger that was enough to destroy itself. That was why it had awoken to resist the enemy without being summoned!

The Jade coffin quickly opened under the rotation of the three array cores, and a shadow rushed out from it. Just as half of its body left the Jade coffin, it welcomed a half mu of mountain peak with the pressure of Mount Tai!

It was only then that Yunxiao saw the so-called fiend corpse puppet clearly. Its face was as fair as Jade, and it wore a Jade crown on its head, looking like a living person. At least, it looked more like a living person than Jing Qi, who had turned into a corpse.

As soon as the divine fiend corpse puppet came out, it opened its mouth and let out an unpleasant sound. Then, it opened its hands, which were also covered in electric arcs, and formed a seal in front of it.

“BOOM!”

The divine fiend corpse puppet’s hands touched the Tusita heavenly peak, and the lightning in the sky was instantly dispersed.

The Tusita Heavenly Mountain seemed to have stopped for an instant, and the divine fiend corpse puppet was sent flying with a loud cry.

“Bang!”

Then, the mountain peak crushed the Jade coffin and shattered instantly without any suspense.

“Ah!”

Jing Qi let out a heart-wrenching scream. White hair grew on his livor mortis and stood up. He screamed again and again, crying as he watched the Jade Coffin Break.

The cry made everyone's hair stand on end. They kept retreating to avoid being affected.

The fiendish God corpse puppet also showed a painful expression. After being sent flying, its two arms were completely broken. It flew back behind Jing Qi and also opened its mouth to reveal its fangs.

Yunxiao was shocked. The Fiend corpse puppet could withstand the Tusita heavenly Peak's attack, and although it was sent flying, it was fine at the moment, with only two arms broken. How strong was its body?!

Little did he know that the shock in the hearts of the sect Masters was far greater than Yunxiao's. They knew a lot about the corpse fiend sect, and they also knew how powerful The Fiend corpse puppet was. It was impervious to weapons, water, and fire.

...

For so many years, no one had ever heard of anything that could hurt the fiendish God zombie, but now, it had its hand broken by Yunxiao's Mountain, and it was sent flying with just a touch. If it had to withstand the mountain's attack head-on, wouldn't it be crushed to pieces?

All the members of the reclusive families felt a chill in their hearts, and many of them even shivered.

"Ah!"

"

Just like the fiendish God corpse puppet, Jing Qi made the same sound, which made people's hair stand on end.

Even Yunxiao could not help frowning. He held the mountain in his hand and looked vigilant.

“Huala Huala!”

Outside the Luofu Island, the giant sea turtle corpse suddenly became violent. It waved its four limbs and separated the sea water.

The waves formed vortexes under the giant sea turtle’s four feet, and they whirled with a whooshing sound.

An idea suddenly came to Yunxiao’s mind. The sea turtle moved extremely slowly, so if Jing Qi went crazy and fought with him, he would throw the Tusita heavenly peak at the unmoving forest of returning. He did not believe that the sea turtle would not save him.

And if he saved her, then only death would await him.

...

He believed that no one in the world could withstand the Tusita heavenly peak unless they were godly state experts.

However, after Jing Qi and the fiendish God corpse puppet let out a terrifying cry, they slowly stopped. Their violent auras gradually calmed down.

The White hair and livor mortis on Jing Qi’s body began to degenerate gradually, and he returned to his normal state, a young man with a delicate face.

He immediately made a hand seal in front of him. A square array appeared under the hand seal, and a golden coffin slowly emerged.

With a flash, the divine fiend and divine Phoenix fell asleep in the coffin. The coffin then slowly sank into the void and disappeared.

After the whole process, he stood still and stared coldly at Yunxiao. The violent killing intent in his eyes gradually calmed down and finally turned clear.

The sea turtle corpse also gradually quieted down. It turned back into the shape of an Island and quietly stopped on the sea.

Yunxiao praised him in his heart. 'This Jing Qi is also a man. He can actually wake up from that violent state, and he looked like he was about to go berserk just now.'

"Very good," Jing Qi said after staring at him for a while.

Yunxiao also put away his guard. Then, he made a grabbing motion in the air, and the iron plate number zero fell into his hand. He waved it and said, "Now, my Lord won't fight with me, right?"

Jing Qi's face twitched. In order to compete for this meaningless iron medal, he had shattered his Jade coffin and damaged his fiendish God corpse puppet. It was a huge loss.

He would definitely be able to advance to the next round no matter which number plate he randomly took. Previously, he was just trying to make himself proud, but he didn't expect to shoot a stone in his foot.

"Hmph," he snorted.

Suppressing his anger, Jing Qi snorted coldly and flew down.

At this moment, everyone had received one token, and only the number six token was left on the island. He reached out his five fingers and grabbed it.

The other martial artist with number six's face changed greatly.

Although Jing Qi seemed to have suffered a loss in the battle just now, he would rather face Yunxiao than Jing Qi. He had made up his mind to admit defeat later, so as to avoid being killed in a hurry.

After all, there was still a two out of nine competition. He still had a chance to preserve his strength.

Qin Fei glanced at the crowd and said, "Did everyone get their own number plate? Now, show them all, and we'll begin the martial arts competition."

Everyone spread out their hands and showed the number on their iron plates. Only li Yunxiao, number zero, had been automatically promoted without fighting.

The metal plate in Zhao Ritian's hand had also changed to number eight. He had forcefully swapped it with the other unlucky fellow.

"Everyone, leave the Luofu Island. Number one will enter the arena for the martial arts duel."

Qin Fei said loudly. The huge water screen in the sky also changed, and a new battle schedule appeared.

The group flew off the island, leaving only two people on the island. One of them was Xiao Hong.

The other martial artist's expression suddenly changed, and he was at a loss whether to fight or not.

He wanted to take the risk, but the scene of Yu Shengjie being blown to pieces was still vivid in his mind, which made him shudder.

Little red immediately made a gesture of invitation and said, "Let's start, please advise me."

The martial artist's face twitched. After an extreme struggle in his heart, he finally let out a sigh and said, "There's no need to fight, I admit defeat."

"Admit defeat? Why?"

Xiao Hong was stunned for a moment, then immediately became alert and said, "You're lying to me, right? Someone has tried to use trickery to win before!"

Chapter 1734

1734 So what if you are Yap liangchen?

That cultivator's face was gloomy as he innocently said, "You think I want to admit defeat? You can think whatever you want!" She turned around and flew away angrily.

all strategies can be used in the martial arts competition," said Qin Fei. however, if you admit defeat, you'll really lose. The Jade drop sect's Xiao Hong wins and advances to the top 12.

The other party surrendered without even fighting. Although this result was a little unexpected, it was still within expectations. It did not cause much of a reaction.

The following few martial arts duels were not too intense, and the victor was quickly decided.

Ao Wuxin, Jing Qi, and Cheng qingsi's opponents all admitted defeat. Even Wu Dacheng's opponent also admitted defeat on the spot, as if he wanted to save his strength to fight for the chance to advance to two out of nine.

In the mobile phone, mu Zhuang asked with concern, what do you think of Jing Qi in the battle just now, young master Yun? are you confident in suppressing him? "

Yunxiao came back to his senses. This was the first time he had performed the three-in-one seal, and its power was beyond his imagination. He had also gained some new insights, so he had been pondering over it in detail after the battle.

Only when mu Zhuang asked did he come back to his senses and said,"It's just a warm-up match. We haven't fought each other yet, so it's hard to say who will win or lose. However, I already have a rough idea of his true strength. Even if I can't win, I won't lose."

Mu Zhuang laughed, "haha, you even crushed his chaos Jade coffin and you say it's just a warm-up?" If Jing Qi, that old thief, heard it, he would be so angry that he would die on the spot."

Mu Jie was also gloating. She laughed and said, "Young master Yun, as long as you have the sword that killed the sea Devil monkey in your hand, Jing Qi will not dare to fight you. But you're indeed a bit ruthless here, that's corpse fiend sect's chaos Jade coffin, tsk tsk."

"Chaos Jade coffin?"

is that coffin very strange? " Yunxiao asked in surprise. what's so special about it? "

"It's more than just strange!" Mu Zhuang replied. This coffin could be said to be the number one treasure of the corpse fiend sect, aside from the divine fiend corpse puppet. It was said that it was made of chaos Jade, so it could nourish zombies. If corpse fiend sect couldn't find a replacement corpse raising coffin after losing this item, it would be a huge problem. The Golden coffin he just summoned is a substitute, but it's far inferior to the chaos Jade coffin."

"That's right, if the fiendish God corpse puppet didn't have the chaos Jade coffin to support it, its strength would've continued to decline!" Mu Jie was also delighted. The corpse fiend sect will also come to an end!"

"Haha, I'm afraid that Jing Qi wants to die this time!" Mu Zhuang laughed.

He was in a good mood and said, "even if we give him the true Dragon's Secret treasure, we might not be able to make up for the loss." Young master Yun, you've really done a great deed, haha!"

Yunxiao was shocked when he heard that. He smiled wryly and said, " "Your so-called good thing, in my opinion, is a complete trap! I didn't expect the coffin to be so important. It seems that Jing Qi will not let me off until I die."

"That's for sure, so if there's a chance, don't hold back!" The smile in mu Zhuang's eyes didn't fade.

he provoked me first this time, " Yunxiao said. if he continues to be stubborn, I will not let him off easily.

Although he was a little depressed that he had inadvertently made a deadly enemy after a simple fight, he was not a person who was afraid of trouble. If the other party did not know what was good for him, he could let everyone in the divine realm tablet come out and fight together, and the entire corpse fiend sect could be destroyed.

After thinking it through, he had nothing to worry about and began to watch the martial arts on the Luofu Island.

It was Zhao Ritian. He had snatched someone else's iron token and was the eighth to go up. He carried an iron sword on his back and had an overbearing aura.

"The Burning Moon sect?"

Zhao Ritian frowned when he saw the other party's scholarly and soft appearance. He vaguely remembered that the other party was a disciple of the Burning Moon sect.

In the distance, blood Crow Palace's Mi Hong laughed eerily, "haha, brother Tian Peng, I think your disciple is going to be in trouble. This Zhao Ritian is not simple." Just this name alone is enough to shock the entire world."

Yang Tianpeng, the leader of the Burning Moon sect, snorted. "The martial arts competition is about cultivation, battle strength, and intelligence, not names. Even in terms of name, my disciple wouldn't be too bad."

"Oh?" "That disciple of yours looks a little unfamiliar. What's his name?" Mei Hong was astonished.

Yang Tianpeng did not reply. The disciple on the island smiled and flicked the dust off his robe. "Hehe, you just have to remember that my name is Yap liangchen."

"So what if you're Yap liangchen?" Zhao Ritian frowned and snorted. I, Zhao Ritian, am not convinced!"

"If you think you have the strength to play with me, liangchen, I don't mind playing with you to the end."

The disciple smiled and said with confidence, "Liangchen loves to fight those who think they are outstanding."

Zhao Ritian sneered. I don't know who's the one who thinks so. The martial arts competition should be decided by strength. It's not about shooting empty cannons with your mouth!

"Hehe, I'll let you understand that liangchen never speaks empty words," the disciple said calmly.

"If you don't say empty words, then let's fight!"

The long sword on Zhao Ritian's back was released, and he immediately flew into the sky. His hands kept making hand seals, and the sword became huge, slashing down.

"BOOM!"

Yap liangchen's body flashed and he retreated ten meters away. The huge sword hit where he was standing and created a huge crack on the ground. The entire Island shook.

The giant sword's Qi waves poured out in all directions.

As soon as Yap liangchen landed on the ground, the wave of sword Qi swept over and hit him, forcing him back for another hundred feet.

The broken stones on both sides were constantly shaken into the sky by the sword wave. The sky was filled with stones like catkins flying in the air.

Zhao Ritian landed on the giant sword and stood up straight. He crossed his arms in front of him and laughed, "ye liangchen is nothing!"

Yap liangchen was furious and threatened, you can do whatever you want, but I'm telling you, don't force me to use my trump card. I have at least a hundred ways to deal with you, and you can't do anything about it.

"I'm really f \* cking a dog!"

Zhao Ritian cursed and charged forward.

The giant sword flew out from the ground and grew to three feet in size. He grabbed it in his hand and slashed it down.

His swordsmanship was bold, fierce, and domineering. He was extremely powerful, or else he would not have been able to get the numbered metal plate.

The sword Qi fell like rain and covered Yap liangchen completely.

The area within a radius of several Zhang was covered in sword energy, and the flying stones were instantly shattered.

Yap liangchen had no other way out. He had to block the attack with his sword. A bright sword flew out of his hand and moved through the gaps of the sword energy.

"Eh, you still have some skills."

Zhao Ritian sneered, "But tricks are tricks, and they're useless against my Sword Art."

He took a step back and held his sword in front of his chest, blocking Yap's attack.

"Dang!" A crisp sword sound was heard.

...

Zhao Ritian formed a hand seal with his left hand and pointed at the sword. Immediately, a violent sword force pressed down. Yap liangchen's sword bent as if there was a mountain pressing on his arm. He could not bear it.

Yap liangchen was shocked. He wanted to pull his sword back, but he found that his sword was stuck by a strong force. He could not move forward or backward. He could only let the sword attack him.

The space around his body was also deformed by the sword momentum, and he was almost unable to move. His feet sank into the ground, and the ground cracked.

"Die!"

die! Zhao Ritian shouted, killing intent flashing in his eyes. His sword momentum was like a mountain collapsing!

"BOOM!"

The ground that Yap liangchen was standing on shattered and blood splattered in the air. He was sent flying.

"Clang!"

Zhao Ritian brandished his sword and attacked again.

Everyone understood the principle of taking advantage of his weakness to kill him, especially in this kind of life-and-death battle.

The huge sword turned into a Sea of Swords, and the layers of swords crashed down like hailstones.

...

Yap liangchen's pupils shrunk. He did not know if it was because of the blood loss or the fear on his face. He quickly said, "Sir, please stop. One must know the times. If you give up now, I'll definitely reward you heavily in the future."

"I'm just sending you to heaven, no need to thank me!"

go! Zhao Ritian shouted, and the sword will of hailstones smashed down.

"BOOM! BOOM! BOOM! BOOM!"

The ground was constantly cracked by the sword. Yap liangchen waved his sword in front of him to protect himself, but he could not withstand such a domineering sword power and was finally broken.

"Pfft!"

He spat out another mouthful of blood, and his body kept retreating. He was already trembling. don't go too far!

Zhao Ritian did not bother to answer him. He flew up and swung his sword again. Yap liangchen was shocked and jumped up, trying to escape.

However, the momentum of the sword was obviously faster than his body technique. He was cut on the spot, and blood spurted out again. His whole body shot into the sea along with the sword Qi.

"Huala"

The seawater was also split open, and a faint blood-red color could be seen.

"Liangchen!"

Yang Tianpeng let out a miserable cry and jumped into the sea, stepping on the waves.

Zhao Ritian's sword Qi also cut into the sea, stirring up endless waves in the sky. Yap liangchen was nowhere to be seen.

"Hmph, you're talking so much nonsense with me! So what if you're Yap liangchen? please remember that my name is Zhao Ritian. You don't have to thank me on the road to the West!"

Zhao Ritian said ruthlessly. He put the sword on his back and turned to you qinfei, " "Lord, please give your judgment. Yap liangchen is dead."

"Liangchen, liangchen!"

Yang Tianpeng was still standing on the sea, calling out anxiously.

The disciples of the Burning Moon sect all landed and dove into the sea to search.

A Qin Fei frowned slightly and said with some difficulty, " Yap liangchen is missing. We don't know if he is still alive. If he doesn't come out in an hour, Zhao Ritian will win.

As the rules of the competition were either death or surrender, or the sect leader surrendered, it was not easy to make a judgment now that ye liangchen was missing. Therefore, Qin Fei had given them an hour of buffer time.

Unfortunately, Yap liangchen did not come up again.

Yang Tianpeng and the disciples of the Burning Moon sect searched the nearby waters for a long time, but they couldn't find him. Most likely, he was killed by the sword Qi and sank to the bottom of the sea, then eaten by some sea beast.

After the battle between Zhao Ritian and Yap liangchen, there was another earth-shattering battle.

One of them was Hu yugong, who had previously won by using a trick. This time, he had fought openly, and he had won by a narrow margin after exchanging thousands of moves.

“Haha, thanks for letting me win!”

Hu yugong was overjoyed after his victory. He flew into the sky and began to recuperate under the protection of the sect.

The martial artist and sect member who had been defeated by him earlier looked on with a cold expression. If Hu yugong had not been so treacherous, they would most likely be in the top ten now.

Chapter 1735

1735 Temporary teleportation array

Qin Fei stretched out his hand and stroked the air, and the names on the water screen became clear.

The ten people were Yunxiao, Xiao Hong, ao Wuxin, Jing Qi, Cheng qingsi, Zhao Ritian, Wu Dacheng, Hu yugong, Zhang Haoge of the pill sun sect, and tu Yunpeng of the blood Crow sect.

the next round was supposed to be two out of nine, but ye liangchen from the Burning Moon sect is dead. Now it's two out of eight. We'll draw again.

Qin Fei once again took out a crystal ball and threw it into the sky. It exploded into eight small balls and scattered. Eight figures then flew into the sky.

Out of the eight, only four were in good physical condition, and they had directly admitted defeat in the battle of the top ten. The other four who were defeated all had ugly faces. They knew it would be hard to win.

After several battles, the final two spots were decided. They were bu Yongyuan, a disciple of Star Valley, and Shenyang Miao, a disciple of White Crane dock.

The two of them were covered in blood, and they were constantly using medicine to stop their injuries. However, they could not hide the joy on their faces.

As long as they entered the top 12, the sect would have great benefits in the quota of the Lang ya immortal realm and the secret treasure of the true dragon. Their status and benefits in the sect would also be greatly improved.

Mu Zhuang turned his gaze to the four major sects that were on good terms with the MU clan. Chai Jun of the pill sun sect and Mei Hong of the blood Crow sect were all beaming with joy as they talked and laughed.

On the other hand, the two people from the Burning Moon sect and the flying dragon sect had gloomy expressions. Not only had they lost the martial arts competition, but their disciples had also died. Not only had they died, but their disciples' corpses had also disappeared.

don't be depressed," he consoled. as a martial artist, from the moment they stepped onto the path of martial arts, they could die at any time. It can only mean that their fate is not good and that they don't have enough opportunities.

Yang Tianpeng and Tang Jiye both heaved a long sigh. They could only comfort themselves like this.

The entire round of 12 competition lasted for three days and three nights. This time passed in a flash for everyone.

Besides, they had gained great benefits through Yunxiao's advancement, so everyone felt that they had not come in vain.

At this moment, twelve names were clearly displayed on the water curtain in the sky, but two of them were 'li Yunxiao', which looked a little strange.

the top 12 have been decided," said Qin Fei. all sect members stay behind. The rest of you can leave on your own.

The crowd was puzzled, and the itinerant martial artists were even more confused and dissatisfied.

One of them said, "are we not allowed to watch the most exciting battle of the top 12?" He's never been this overbearing before!"

Qin Fei laughed. it's not that I don't allow you to watch the battle. It's just that the situation this time is very special. It involves some secrets of our hidden sects. I'm sorry I can't reveal them.

This explanation made everyone even more dissatisfied.

One of them complained, "why?!" You're considered reclusive during the martial arts battle between the reclusive families, but aren't us rogue cultivators considered reclusive?"

"I've been living in seclusion in the North Sea for almost two hundred years, and I've watched every martial arts competition from the beginning to the end. I've never seen anything like this before," another person also shouted.

However, the three of them didn't want to explain any further, so they started to set up their formation on the island.

At a glance, Yunxiao knew that the three men had set up a medium-sized teleportation array. With the array disc, it was not complicated to set it up.

All the wandering cultivators did not leave either. They continued to watch coldly and grumbled.

After a few hours, the medium teleportation formation was completed. It covered an area of several mu and could teleport more than a thousand people at a time. Moreover, it was a directional teleportation formation that could only go to one place, which saved a lot of materials and energy.

Everyone was suspicious. Could it be that the top 12 martial arts competition grounds had to go through this transmission channel?

It was so mysterious. Where did the other end lead to?

Qin Fei said, "I've made everyone wait for a long time. The other end of this teleportation array is the martial arts competition grounds of the top 12. Please enter the array."

The sky was completely silent, and no one moved. Only the sounds of whispering and whispering could be heard.

Yin Hui's voice came from within the Jade drop sect, "If I may ask, what is the other end of this formation?"

"You'll know when you get there," Qin Fei simply said.

This answer was obviously not satisfactory, and Jue Tianhan's voice rang out coldly, "Hmph, if the other side is some kind of danger zone, then the entire hidden sect will be finished."

The voices of suspicion in the sky became even louder. All the sects were worried about this. The changes made by the natural moat ocean this time were really confusing, and now, they were going to be teleported to another place. It was inevitable that they would be worried.

Qin Fei laughed, "what good would it do to the natural moat ocean if we bury everyone?" Moreover, with everyone's strength, if you join hands, where in this world can you trap everyone? If you don't believe me, you can choose not to come."

Mu Zhuang said, "with Lord Qin Fei's arrogance, if we really don't go, Lord won't be able to report back, right?" At the very least, you have to tell us some clues about the other end of the teleportation formation."

"I'm sorry, Lord mu Zhuang." Qin Fei shook his head. If you really tell me, I won't be able to report back."

"If that's the case, how can we convince the masses?" mu Zhuang snorted.

“Hehe.”

From the Fuyao Palace’s leaf-shaped warship came Biyue’s bashful laughter, “A large group of men who are afraid of death to this extent. If they’re not going, then let’s just go as the Fuyao Palace. That way, we’ll be able to secure first place.”

The battleship flickered in the sky for a few moments before rapidly shrinking. In the end, it revealed more than ten people, all of whom were women.

The two leading them were bi Yueshan and Cheng qingsi.

The Starship fell into bi yueyan’s hands. She carefully put it away, glanced at the sky with ridicule, and then led everyone into the array.

thank you, my Lords, ” Cheng qingsi said with a smile. I wonder if the first one to go to the battlefield will be rewarded? ”

Qin Fei stroked his beard and said with a smile, ” lady nanqiu Yu is on the other side. You can go and ask for your reward from her. However, the sect that goes first can go and understand the environment first, which will be of great help to win the martial arts contest.”

A dozen or so women from the Fuyao Palace stood within the several mu wide teleportation formation, appearing to be quite sparse.

Weng Yangyu and Wang Tianlu started to cast spells to activate the formation.

A powerful spatial energy began to spread out, spinning in the air above the formation. The figures of the Fuyao Palace disciples gradually blurred, and finally disappeared.

Qin Fei said, ” as for the rest of you, feel free to leave or stay. This teleportation formation is a temporary one. It can only be used for a limited number of times. Once the formation is damaged, there’s no need to go.

“Let’s go,” Yunxiao said.

Mu Zhuang’s expression froze and he looked hesitant.

“Young master Yun, aren’t you afraid that the natural moat ocean will set a trap for us?” mu Yu asked. Although it usually doesn’t, this kind of random teleportation is too strange.”

what Qin Fei said just now is right, ” Yunxiao said with a smile. if all of you here join hands, there will be no danger zone in the world. Furthermore, there’s no mistaking that this formation is a one-way teleportation formation. We’ve already gone to the Fuyao Palace, so what are we afraid of?”

...

“Young master Yun is right. Let’s go,” mu Zhuang said.

The entire mobile mechanism came to life and flew into the array from the sky.

Qin Fei frowned. Lord mu Zhuang, please put away this profound level weapon. It’ll definitely consume several times the primordial stones to teleport such a large object. It’ll also damage the formation.

Mu Zhuang’s voice came from the mobile phone,“What does it matter to me if the primordial stones are consumed and the formation is damaged? As long as my mu clan is teleported over, it doesn’t matter even if the formation is destroyed.”

“Isn’t Your Excellency’s words too selfish?” Qin Fei said.

Mu Zhuang snorted coldly, ” my Lords, the heavenly chasm sect sent you here to serve the martial arts competition. In other words, you’re here to serve everyone. We didn’t want you to cause trouble for everyone. We can leave however we want. If you’re so capable, remove the teleportation array and don’t teleport us.

The three of them,”hehe.”

All the warriors in the Sky were sweating. Only the MU family's leader dared to talk to people from the natural moat cliff like that. If it was anyone else, they would have been chased away.

The three men from the natural moat ocean looked a bit upset, but they really didn't dare to deactivate the teleportation formation, and they didn't dare to do anything to the MU family.

"Lord mu Zhuang is indeed amazing, I wish you success!" Qin Fei said coldly.

His face was filled with anger, but he couldn't show it. The three of them violently activated the teleportation array. The entire space trembled violently, and the moving machine shook violently.

...

"Hmph, do you think this little trick can stump my Mu family? Activate the stabilization mode."

Mu Zhuang's sneer could be heard. The mobile machine was covered in a layer of red light and suddenly became quiet. It was completely unaffected by the spatial turbulence and then gradually disappeared into the sky above the array.

The faces of the three men from the natural moat ocean were extremely unsightly, and they could almost feel the violent elemental energy flowing through their bodies.

"Haha, that's mu Zhuang's character. My Lords, please don't take it to heart."

"BOOM!"

The battleship of the blue sky sect also fell, causing a large cloud of dust to rise.

Qin Fei's expression turned even uglier as he said coldly, "Yin Hui, are you going to try a tyrannical one too?"

Yin Hui laughed, " the natural moat ocean is all about fairness and justice. If the MU clan can do it, why can't the bi Luo sect? " Otherwise, where is the fairness?"

if that's the case, " Weng Yangyu said coldly, " the three of us will only be responsible for the teleportation. If the formation collapses, it's none of our business.

"That's right," Qin Fei nodded.

The three of them were expressionless. They immediately activated the array and teleported the battleship away.

Seeing that the Fuyao Palace, mu clan, and bi Luo sect had all left, the crowd did not hesitate any longer and flew towards the formation.

All sorts of teleportation lights flashed non-stop as a large number of sects were teleported away.

Qin Fei saw Jing Qi, who was standing coldly at the side, and said, " "Could it be that Lord Jing Qi is going to take the motionless forest with him?"

Jing Qi snorted and flew into the formation alone. He was obviously in a bad mood and didn't want to talk to anyone.

A few hours later, all the hidden families and sects had been sent away, leaving behind a large number of independent martial artists who stood in the air, extremely dissatisfied.

Qin Fei said, " this is the arrangement of the natural moat cliff. It's not something the three of us can decide. Please go back, everyone. If we let you all go, the three of us will be punished."

Many parts of the medium-sized teleportation formation had collapsed due to the excessive force. Qin Fei struck out with his palm again, and a sharp astral wind immediately swirled and destroyed the entire teleportation formation.

The three of them then turned into flowing lights and left, no longer paying attention to the hundreds of people left in the air.

Chapter 1736

1736 The ancient green vine tree

The mobile Suit flew through the space tunnel at a slow speed. Because it was in a stable mode, everyone felt as steady as a mountain inside, without any discomfort.

“The people from the Jade drop sect have caught up to us. Should we change our mode?” mu Jie looked behind her and asked.

“No need, let them come forward. If there’s danger at the finish line, we can let them go first.”

The battleships of the blue sky sect slowly approached and slowed down a few dozen miles behind the moving machine, as if they were unwilling to catch up.

“Haha, even that old fox Yin Hui isn’t willing to go forward, so let’s open up a path in front. Change to speed mode and shake them off!” Mu Zhuang laughed.

The red glow on the mobile mechanical puppet immediately turned golden. The crowd could only feel a strong tremor and its speed suddenly increased by several times. In an instant, the distance between them and the Jade drop sect was widened and they disappeared in front of them.

Several hours later, he finally flew out of the exit.

It was dark outside, and the sky was dotted with a few stars, giving off a weak light.

Looking down, it was a huge forest and swamp.

“It seems like there are ancient green vine trees below!” Mu Jie exclaimed.

the ancient green vine tree has gradually gone extinct on the continent, " Yunxiao said. it's rare to find one, but it was the most common tree in ancient times, covering at least a third of the heavenly martial continent. This ancient tree is so huge, it must be a space left behind from ancient times."

Mu Zhuang said,"ancient space?" The secret treasure of the true dragon!"

"Could this be the location of the true Dragon's Secret treasure?" mu Jie asked in surprise. Why did you let us in directly?"

Everyone was also puzzled.

don't think too much about it, " Yunxiao said. since we're here, we'll take things as they are. Didn't Qin Fei say that nanqiu Yu was also here? I will definitely give everyone an explanation."

Mu Zhuang nodded. this kind of long-distance teleportation will lead to some deviation in the landing point. Let's look around and activate the search mode.

A circular formation appeared on the mobile Suit, and an extremely low energy spread rapidly, searching for any suspicious points.

A disciple hurriedly ran over and gestured in front of mu Zhuang, as if he was trying to use some kind of secret code.

"Young master Yun, you're not an outsider. Just tell me directly," mu Zhuang said.

"Yes!"

"There are signs of a large number of demonic beasts under these ancient Ivy trees, and their strength is unusually strong!" The disciple hurriedly said.

"Project the Atlas over," mu Jie said with a frown.

The disciple took out an array disc and cast a seal. A beam of light shot out from the array disc and directly took form in the air.

Circles of light illuminated the dense forest below, showing many colorful spots of light.

Everyone's eyelids twitched as they revealed shocked expressions.

Mu Jie also drew in a cold breath and said in shock, "W-what the hell is this place?!"

Yunxiao was also shocked. This was the commonly used spectral detection, which would reveal itself in the form of light spots when it encountered a powerful living being.

The red dots represented beings above the ninth rank!

"Gulp!"

Mu Jie swallowed with difficulty and said in a trembling voice, there are hundreds of level 9 and above demonic beasts?!!

Yunxiao's pupils constricted. So far, there were more than thirty red spots in this small area, and there were countless other colors.

And the area of the forest and swamp in front of him was infinite!

Mu Zhuang was also completely stunned as he muttered, "According to this ratio, it's definitely not just a hundred, but thousands of Suan ni."

"Hahaha!"

Mu Jie suddenly burst out laughing and said, "it's broken. The instrument must be broken. Haha." Tens of thousands of ninth-order monster beasts! Haha, I'm afraid this scene only happened in the ancient times, where true spirits were everywhere."

As soon as he finished speaking, the entire warship fell silent.

"The space left behind by the ancient Suan ni, the secret treasure of the true dragon, the Suan ni"

Everyone seemed to have thought of something, and their faces turned pale.

Suddenly, Yunxiao's pupils constricted as he stared at the projected light screen and said, "Look, the light is disappearing."

Everyone looked over in a hurry. Those seven-colored spots of light were indeed decreasing at an extremely fast speed.

"Haha, didn't I say that the instrument is broken?" mu Jie was stunned for a moment before she laughed. He turned around and glared at the disciple, shouting, "What are you guys doing? He didn't even know that such an important instrument was broken! We'll deal with him after we return to the MU family!"

The disciple trembled in fear and stammered for a while, unable to say anything.

The device was clearly not broken. They had checked all the components of the mobile engine one by one before they set off, and there was no problem at all.

However, the signs on the spectrum could not be explained. The only explanation was that the instrument was broken.

"We can't let this go easily!" Mu Zhuang said in a low voice.

The disciple's face turned ashen. He knew that he was done for after such a major incident. The rest of his life would be ruined.

Yunxiao stared at the light spectrum projection for a while, and the light spots on it were almost all gone.

"That's normal. Even if it's an ancient remnant space, it should be completely dead after so many years," mu Jie said.

wait here," Yunxiao suddenly said. I'll go down and have a look.

"What?"

Everyone was taken aback. Mu Jie hurriedly said, young master Yun, you mustn't. This place is too strange. You must not take the risk.

didn't you just say that all the demon beasts should be dead, Lord Hu? " Yunxiao laughed. I thought you said that all the demon beasts should be dead. Besides, the light spectrum doesn't show any powerful life forms, so what are you afraid of?"

"This Zhenzhen." Mu Yu did not know what to say and looked at mu Zhuang in a daze.

...

"Since young master Yun wants to go down, be careful," mu Zhuang did not seem to object.

don't worry," Yunxiao said. even if there are true spirits down there, they can't stop me.

He jumped down and entered the dense forest in a few flashes.

The forest exuded a strong ancient aura, which strongly affected the divine sense, making everything inside blurry.

After entering it, Yunxiao frowned. The ancient aura contained a strange aura that flowed in the air.

After all, this was an ancient space. For safety's sake, he put on the devil Sky silk. Immediately, the devil Qi rolled and isolated all kinds of abnormal forces.

Then, they began to shuttle through the forest.

These ancient green vine trees were shockingly huge. Each of them was like a Castle, and their leaves and branches extended for several li, crisscrossing each other and making them indistinguishable.

Under the tree was a swamp that had been formed by countless fallen leaves over thousands of years, constantly bubbling.

"This feeling ..."

Yunxiao stopped on a branch of an ancient tree, which looked like flat ground.

...

His expression was solemn as he closed his eyes to sense the aura in the air. Then, his eyes shot out a sharp light and he said, "it's indeed demonic Qi, and it's unusually chaotic and wild. It's really an ancient demonic beast, as if it had just left. But how is this possible?"

There was no way to explain the phenomenon at the moment, but Yunxiao knew that the MU family's spectrum detector was not wrong. There were indeed countless demon beasts just now, but they had disappeared in the blink of an eye.

"Could it be an illusionary figure projected from afar?"

In such a strange environment, it was not strange for a Mirage to appear, but what was with the demonic energy?

the Mirage is a projection of light. That was a spatial projection.

Mu lingdi's voice rang out in his mind.

Lord mu di, " Yunxiao said, surprised and delighted. have you completed the fusion? "

After making the divine steel, the lingmu flute had been merging with the new body and had entered seclusion.

it's not complete, " lingmu Di's voice came. but I can sense your current situation. You're outside the land of myriad spirits.

"Land of ten thousand spirits? What is that place?"

Yunxiao was surprised. Lingmu di was the leader of the North Region in the past, so he must know a lot.

"It's an ancient space where many real spirits are buried," Ling mudi said. Back then, we called it the land of ten thousand spirits, an independent existence from the realm of heavenly martial arts."

"Back then, I tried many ways to get in, but none of them worked. Could it be that you've found a way?" he asked after a moment of silence.

Yunxiao briefly told him what had happened and said, " "Could that land of ten thousand spirits be the secret treasure of the true dragon?"

I don't know if it's the secret treasure of the true dragon, " Ling mudi said. but the land of ten thousand spirits is indeed the Key to Time and space. We may be able to find the answer from the broken history.

“A chasm in history?”

what history are you talking about, my Lord? ” Yunxiao asked in confusion. what history are you talking about? ”

“In ancient times, this land was ruled by true spirits,” Ling mudi said.”After that, the powerful true spirits were all exterminated, and this ushered in the era of human rule. For countless years, humans had always found it strange how those powerful existences had fallen. Ancient true dragons were born from absorbing the essence of heaven and earth, condensed from the power of the world, and are almost undying. They also disappeared from heaven and earth, leaving only legends.”

this part of history is indeed a mystery, ” Yunxiao said. but it’s too long ago, so I’m afraid it’s difficult to find it.

“I think there must be some clues in the land of ten thousand spirits,” said lingmu di,”but unfortunately, we can’t find the correct coordinates. The place you are in right now is the outside world of the land of ten thousand spirits. If you are lucky, you can see the spatial projection. There are many demonic beasts and even true spirits that you have never seen before.”

“What?”

there are still true spirits in that place now? ” Yunxiao was shocked. are there still true spirits there? ”

that place is independent of the realm of heavenly martial arts, ” Ling mudi said. you said that it’s very likely to be the true Dragon’s Domain. This speculation makes a lot of sense. If that’s the case, then what’s so strange about a true spirit with rank 10 laws intact?”

so, the opening of the secret treasure of the true dragon is to enter the land of ten thousand spirits, ” Yunxiao said in surprise. that bi an ...

I don’t know what’s going on with the secret treasure of the true dragon, ” Ling mudi said. but the possibility of entering the land of ten thousand spirits is very low. Back then, I even gathered a few strong Masters and tried to leave by tearing the air, but they returned without success. Hehe, a true dragon domain? No wonder I can’t tear it open.”

Yunxiao, 'hehe'.

don't worry, " lingmu di said. if that's really the Dragon field, you minions won't be able to get in.

Back then, he had tried to forcefully tear open space. Naturally, he knew how powerful the Dragon Realm was.

Chapter 1737-back of the earth

Yunxiao was shocked to hear that. It seemed that there were still too many secrets in the heavenly martial realm that he could not come into contact with even with his achievements and height in his previous life.

Che you was also listening to their conversation quietly. He suddenly said, " "If the land of ten thousand spirits is always sealed, then the secret treasure of the true dragon is definitely not the land of ten thousand spirits. Don't forget that the tyrant body tempering technique also came from the secret treasure, and the myriad treasures store has even taken out many good things."

"Hmm, what the old dragon said makes a lot of sense."

no wonder very few people can cultivate the tyrant body tempering technique, " Yunxiao said. it turns out that this technique is not a human body cultivation technique. But, I wonder if this body tempering technique is related to the true dragon Avatar? "

"Most likely not," che you replied, "it's hard to cultivate a true dragon Avatar without the bloodline of a true dragon. Back then, Lord True dragon ruled over the world and had countless rare treasures. It's only normal for him to have a few extraordinary cultivation techniques."

what about Wu Dacheng? " Yunxiao asked. what's the matter with him? "

Che you, "Ling Ling, can you f \* cking talk properly?" You really don't know how to chat!"

I'm just pointing out some suspicious points," Yunxiao said. you don't have to be so agitated.

He you said angrily,"you f\*cking slapped my face!" As a descendant of the true dragon, Laozi had cultivated for countless years, used Dragon secret treasures to refine his body, and obtained the tenth-grade dragon blood to refine the strength and defense of Dharmakaya. He's an idiot and extremely lustful. How could he have the speed and attack of a Dharmakaya? how could I not be excited? how could I be balanced?"

The more he spoke, the angrier he became, almost to the point of roaring.

Yunxiao did not bother to talk to him, so he cut off the connection with him. After taking out a space locator and recording the coordinates of the place, he flew out of the ancient green vine forest and returned to the mobile engine.

"How is it?"

Mu Jie immediately came up to him and asked hurriedly.

nothing happened, but there are indeed many auras of demon beasts," Yunxiao said. the spectrometer should not be broken, but I don't know why there are no demon beasts.

"H-how is this possible?" mu Jie was stunned.

Mu Zhuang seemed to have thought of something and exclaimed, there's only a chaotic aura and no demonic beasts. Could it be that what we detected earlier was a spatial projection? "

Yunxiao was a little surprised. The MU family was indeed extraordinary, as he could figure out the key point in an instant.

However, he still pretended to be puzzled. After chatting for a while, he left it at that.

The disciple of the MU family, on the other hand, was very grateful. Yunxiao's words had absolved him of his crime.

The mobile Suit flew in the air for an hour, and there were no more demon beast spots in the detection light. The sky was starting to light up, and finally, they found the gathering point of the natural moat cliff at dawn.

It was a huge ninth-grade battleship. It was as large as a mountain and had a strange shape. The wide deck extended out limitlessly like a huge piece of land in the sky.

The warship was constantly sending out weak signals, radiating to the surroundings so that people could sense it.

The mobile mechanical suit accelerated and flew away. It bent its body and legs in the air and jumped into the air, landing on the deck. There was a loud boom, but the entire warship did not move at all.

"Haha, it's Lord mu Zhuang and young master Yunxiao. You're very welcome."

Nanqiu Yu's voice was loud and clear, and everyone on the warship heard it clearly. They all stopped talking and looked over.

Many other sects had already arrived before the MU family, and some of the lucky ones were directly teleported to the vicinity of the natural moat cliff.

"Lady nanqiu Yu, you don't have to be so polite," mu Zhuang's voice was heard.

Nanqiu Yu's figure appeared under the mobile, and she looked up. "Lord mu Zhuang, please put away this puppet. This battleship has a limit to its capacity and I'm afraid it will collapse."

"If it collapses, my Mu family will pay for it," mu Zhuang said.

what? ” nanqiu Yu was speechless. if everyone brings their own battleship, how can the battleship withstand it? ”

Mu Zhuang said, ” you’re being too humble, my Lord. This is the best battleship in the sky moat ocean. It’s called the ‘back of the earth’. It seems like it can be enlarged by several times. It won’t be a problem for it to withstand a hundred of these machines.

No matter how good-tempered nanqiu Yu was, she finally lost her temper and said coldly, ” “Lord muzhuang is indeed knowledgeable to know so much about the back of the earth. I wonder if Lord knows anything about this old man? This old man’s temper is very bad.”

“Haha, Daren’s temper has always been very good, and he’s very humorous.”

Mu Zhuang laughed loudly and gave mu Yu a look, indicating for her to put away her mobile phone. He could ignore Qin Fei and the other two, but he did not dare to ignore nanqiu Yu.

Together with Yunxiao, the people of the MU family flew out of the chariot. There were thirty or forty of them, and all of them landed on the deck.

Mu Jie flew around the mobile phone and patted a few parts of it before she kept it in her pocket.

Only then did nanqiu Yu return to her usual good-natured self and greeted him with a smile, ” “It’s been many years since we last met, but you’re still as elegant as ever, Sir mu Zhuang.”

Mu Zhuang laughed. haha, that’s my Lord. I haven’t seen you for many years. I’ve missed you.

The two of them were like old friends, very warm and intimate.

Nanqiu Yu turned to the side and smiled. I didn’t expect young master Yunxiao to come here and become the MU family’s son-in-law. It’s truly a cause for celebration. I wish the two of you to be united forever and be together for a hundred years.

Not far away, mu Wanshan's face instantly turned red. He lowered his head and fiddled with the corner of his clothes. A complicated look flashed in his eyes, as if he had a lot on his mind.

Yunxiao yawned and said lazily, " lady nanqiu Yu is in good health. She's running around all day. Not long ago, she went to Wutian in the Western regions and now she's in this godforsaken place. She's very energetic.

Nanqiu Yu knew that Yunxiao was blaming him for not being able to save Huangfu bi in the sky last time, so she smiled awkwardly and played dumb. "Haha, really? Hahaha."

Yunxiao cursed in his heart, 'ha, your sister!

However, he still laughed with a fake smile on his face, meaning: You know.

Nanqiu Yu quickly turned her face away and gestured to Yunxiao, " I don't understand.

"You two knew each other before?" mu Zhuang was shocked.

Nanqiu Yu took the opportunity to get off the stage and said with a smile, " "Haha, who doesn't know young master Yunxiao? Come, come, please come in."

The group followed him into the ship's cabin. It was as wide as a Palace, with huge stone pillars that were seven or eight feet tall. It was completely impossible to tell that they were in a battleship. Compared to an ordinary Palace, it was much more majestic.

But, only Yunxiao and a few high-level martial sovereigns from the MU family came in. The rest of the people were stopped by a force in front of the door, and they were all stunned.

A martial artist in front of the door crossed his arms and leaned against the beam, saying, " "Inside is the place where the Lords discuss matters. You goons don't need to go in, just find a place to stay." He looked up at the sky and didn't even look at these people. He acted as if they didn't exist, and his contempt was unbridled.

Everyone was furious. At the same time, they felt the mocking gazes of the people around them. Those people were also from other sects, and they were the underlings who had been stopped.

Mu Zhuang said from inside, "we'll do as this Lord says, you can all wait." You can't blame others for your own lack of strength."

...

The people of the MU clan who were stopped outside lowered their heads in shame and said, "Yes." At the same time, he felt a wave of humiliation in his heart. He secretly made up his mind to work hard in cultivation and make a name for himself.

Reality was cruel. When you were weak, the whole world was cold. Once you had strength, the whole world would be pleasant.

Therefore, no one had any complaints. They all secretly made up their minds to work hard.

There were more than forty chairs in the hall, and more than ten people were already sitting on them. There were also many people standing behind them.

When everyone saw the arrival of the MU family, they all hurriedly stood up to welcome them, but there were still some who sat still and were completely disdainful.

Yunxiao noticed that a beautiful woman in a Palace dress was sitting in the chair in the front row with a veil over her face, looking very quiet.

Bi Yueshan, Cheng qingsi, and a few elders of the Fuyao Palace were all sitting around the woman. It was the Fuyao Palace Lord, Wei Shishi, but her face was covered with a blue veil, so her face could not be seen clearly.

Mu Zhuang greeted the crowd one by one. In the end, his cold eyes fell on Wei Shishi. With a cold smile, he strode forward and sat down directly in front of Wei Shishi.

“Lord Shishi, long time no see, you’ve gained a lot of weight. It seems that the Fengshui of thousand leaves Island is good. You’ll be fat if you’re wide.”

The Fuyao palace women were all stunned, and killing intent filled the entire Hall, their eyes spitting fire.

Even Wei Shishi’s body trembled as she trembled with anger, her bright eyes shooting out boundless killing intent.

...

“What? you don’t allow people to talk about how fat you are?” mu Zhuang sneered.

you’re shameless,” Cheng qingsi cursed. did you eat your rice? ” Did he eat your meat?”

The atmosphere in the hall was extremely tense. In the tense atmosphere, a faint spiritual pressure emerged and turned into circles of light that spread out.

“What are you guys doing?” nanqiu Yu asked with a headache. You’re not giving me any face.”

He walked forward, and with every step, the aura on his body grew stronger. The spiritual pressure continued to dissipate until the tense atmosphere completely dissipated.

The expressions of the people from the two sects changed slightly. A trace of deep fear also flashed through mu Zhuang and Wei Shishi’s eyes.

I’m getting old,” nanqiu Yu sighed. my face is becoming less and less valuable.

“What are you saying, my Lord? it’s just that we’ve been apart for a long time, so it’s inevitable that we’re a little excited,” mu Zhuang quickly replied.

Wei Shishi also nodded and said, ” “I was too excited.”

Nanqiu Yu nodded and said, " everyone, don't forget the purpose of this martial arts competition. It's to obtain greater benefits. It's definitely not to settle personal grudges. Although I, nanqiu Yu, am not strong enough, I will leave my harsh words here first. Whoever doesn't give me face will have no chance of getting a spot in Langya heaven and the benefits of the secret treasure of the true dragon."

Everyone's expression changed slightly, and they all became well-behaved immediately, not daring to have any other thoughts.

Yunxiao's eyes had been fixed on Wei Shishi since he entered the hall, which made Wei Shishi's hair stand on end.

Chapter 1738-distribution plan

"You're so rude, why do you keep staring at my master!"

Cheng qingsi had also noticed Wei Shishi's awkwardness. She stood up and angrily rebuked her, immediately attracting everyone's attention.

Yunxiao looked away and said, " it's nothing. I've met Xue Chenxi from your sect several times. Now that I've seen her Senior Sister, I can't help but take a few more glances at her. I'm too excited.

When the people of Fuyao Palace heard the words "Xue Chenxi," their expressions changed slightly, and many of them even revealed looks of surprise.

Mu Zhuang's expression also changed as he asked in shock, "Young master Yun, you've met Xue Chenxi? I remember that she died more than ten years ago. How is this possible?"

it's hard to explain the details in a few words, " Yunxiao said. I'll tell you in detail when I have time, my Lord.

Mu Zhuang thought for a while and nodded.

He was getting more and more curious about Yunxiao's identity, so he looked at mu Jie as if he was asking for advice, and mu Jie was also confused.

who knows what you're thinking," Cheng qingsi sneered. what evil intentions you have.

what?" Yunxiao curled his lips. only you can be excited, but I can't? " Where's the fairness?"

Cheng qingsi was furious and was about to burst out in anger, but Wei Shishi stopped her.

"Qingsi, don't be rude."

Wei Shishi's beautiful eyes flickered as she stared at Yunxiao and said softly, " "This one's junior Sister Xue Chenxi died fifteen years ago. It's rare for you to remember her."

I don't really remember," Yunxiao said. but an old friend of mine does. How did she die? "

An imperceptible tremble flashed through Wei Shishi's eyes, and her Jade-like fingers seemed to tremble for a moment. She closed her bright eyes, as if she was afraid of being noticed.

But, her emotional fluctuations could not escape Yunxiao's magical spirit eyes. He found it a little strange that she was most likely related to Xue Chenxi's death.

Wei Shishi closed her eyes and remained silent for a while before she opened them again. who knows? maybe she died of illness, or maybe she accidentally fell to her death. There are thousands of ways to die in this world. How would Shishi know about Junior sister's death? "

Yunxiao,'hehe'.

ahem, alright, everyone's been excited. Don't be excited anymore. Seeing that something was amiss, nanqiu Yu hurriedly tried to smooth things over.

He knew a thing or two about the relationship between Yunxiao, li Huachi, Xue Chenxi, and Wei Shishi, and he did not want to be affected by the opening of the secret treasure of the true dragon.

fortunately, lady nanqiu Yu reminded me in time, ” Yunxiao said. otherwise, I would have been too excited.

Nanqiu Yu’s face was full of black lines as she said awkwardly, ” “It’s good that you’re not excited, it’s good that you’re not excited.”

haha, ” Cheng qingsi laughed coldly. who’s afraid of your agitation? ” If you have the ability, then come and take a look excitedly!”

Yunxiao pointed at her and said to nanqiu Yu, ” “My Lord, she’s the one who made me excited. You have to distinguish right from wrong later.”

Yunxiao and Li Huachi did not have a good relationship, but they appreciated each other. In his previous life, li Huachi owed him a favor. Although he had returned the favor in this life, he had also saved him and all his friends and family in Yanwu.

After realizing that Xue Chenxi’s death was related to Wei Shishi, he could not help but feel angry.

Now that Cheng qingsi had provoked him, he immediately stepped forward.

The five fingers on his left hand closed together like a knife and directly chopped down.

“Pa!”

A figure flashed in front of him and gently patted the back of his hand. The saber Qi immediately dispersed, and the primordial energy in the meridians in Yunxiao’s arm was blocked and drooped involuntarily.

It was nanqiu Yu who attacked, and she sighed, "Don't get too excited, young people shouldn't get too excited."

At the moment Yunxiao moved, Cheng qingsi also made her move. She was naturally not afraid, so she faced him head-on and fought back instead of retreating. However, she was suppressed by a force and could not move an inch forward.

"Master!" She cried out in panic.

"Back down!" Wei Shishi scolded.

With a wave of his hand, an invisible force flashed through the air. Cheng qingsi immediately took a few steps back and sat back in her chair, her face full of regret and unwillingness.

"Elder Yue Yan, look after her!" Wei Shishi said. If you mess around again, you'll be sent back to thousand leaves Island to be punished, and you won't have to participate in the martial arts competition!"

"Yes." Bi Yue was shocked and quickly said.

However, his heart was shocked. The palace Master rarely issued such a serious punishment.

Cheng qingsi's expression changed drastically. Although she still looked unconvinced, she was afraid and dared not "get excited" anymore.

Yunxiao came back to his senses after being patted by nanqiu Yu, and the anger in his heart gradually dissipated. He snorted lightly, turned around, and sat back down beside mu Zhuang.

"My Lord, where is this place?" mu Zhuang asked. What about the martial arts and the secret treasures?"

these two matters are the same thing," nanqiu Yu said. let's talk about it when everyone is here.

At this time, many small sects and clans arrived, but they were all received by Nanqiu Yu's subordinates, and he did not move himself.

Mu Zhuang didn't ask any more questions and the hall fell silent. No one spoke a word as they waited quietly.

Yunxiao no longer stared at Wei Shishi. Instead, he calmly sat down in a chair with his eyes closed to regulate his breathing.

Time passed quickly, and after a few hours, all the sects had gathered.

Only high-level martial sovereigns were allowed to enter, so the main hall still appeared spacious. Some small sects only had the sect master who was qualified to enter.

Yunxiao frowned and slowly opened his eyes. He found that many people were looking at him, such as Wu Dacheng, Jing Qi, Xiao Hong, and even Ao Wuxin, as well as many others.

However, the moment he opened his eyes, everyone quickly turned their gazes away, leaving only Xiao Hong to wave and greet him.

Yunxiao smiled and winked at Xiao Hong, which amused her.

Nanqiu Yu scanned the hall and said, "Everyone's here, thank you for your hard work."

"You've worked hard, my Lord," Everyone replied in unison.

Nanqiu Yu gestured for everyone to be quiet before she said, "I believe everyone has a stomach full of questions, so don't be anxious. Let me explain them one by one. If you still don't understand, you can ask me later. This space is an ancient ruin, and it's the passage to the true Dragon's Secret treasure."

...

Everyone listened quietly. They had basically guessed it.

“Some sects must have detected something strange in this passage, such as the aura of a large number of demonic beasts,” Nanqiu Yu continued.

The expressions of many people from the various sects changed drastically, but even more people were confused.

That spatial projection could not be projected all the time. On the contrary, the probability of meeting it was small, and most people did not know the situation.

Blood Crow sect’s Mi Hong said, “that’s right. Those auras all disappeared not long after we detected them.” If I’m not wrong, there should be several hundred extraordinary ninth-order beasts among them. I was almost scared to death.”

“What? Hundreds of ninth-order monster beasts?”

The hall was abuzz with discussion. Everyone was nervous, but most of them didn’t believe it.

Nanqiu Yu smiled. everyone, be quiet. There’s no need to panic or doubt. Lord Mei Hong’s detection was indeed correct. There weren’t just a few hundred rank nine demonic beasts, but thousands of them. In addition, the detection abilities of the battleship’s back of the earth are even higher. We’ve even found quite a few tenth level true spirits.”

At this moment, the hall was in an uproar, and all kinds of exclamations and doubts were heard.

“Are you joking? Tens of thousands of ninth-order monster beasts and many true spirits?”

our sect has also discovered it. We thought that the detector was broken, but it turns out to be true!

...

“Hehe, if the news is true, would you all still be able to sit here?”

With this point, the hall fell silent again, and everyone looked at nanqiu Yu.

the Lord was right, ” nanqiu Yu said with a smile. those auras are not local. They’re spatial projections. Not only did they project the light and shadow over, but they also projected the auras.

“Spatial projection?”

Yin Hui frowned, “if that’s the case, there really are tens of thousands of ninth-rank beasts and true spirits?” Could it be the secret treasure that we’re going to?”

When he said that, many people’s faces changed.

“Even if that place isn’t in the secret treasure, it’s not far away. We haven’t found its exact location yet,” nanqiu Yu said. According to Lord Shi Shi and I’s analysis, the demon beasts we saw were not only spatial projections, but also time projections. They were fragments of time and space preserved from ancient times, and I don’t know why they have remained here for so long.”

an overlapping projection of time and space? ”

Yunxiao was slightly surprised, and he thought that nanqiu Yu’s analysis was very reasonable.

Under the current Sky, it was indeed a bit of nonsense to say that there were still many true spirits. It was hard to believe.

Even the so-called Dragon Realm, according to che you, was only a fragment of the Dragon Realm. How could it have the power to trap so many powerful creatures? if it did, it would have escaped long ago.

Lingmu Di’s analysis of this place was only based on his own speculation. He had never entered and seen it before, so how could he be sure that it really existed?

After some careful thought, he also believed nanqiu Yu's double projection of time and space.

"If that's the case, the possibility of the true Dragon's Secret treasure being here is even greater," mu Zhuang said.

"It's not a possibility, as far as I know, there's definitely one. Now, let's talk about the distribution of the secret treasure. I don't want you to kill each other or even destroy the secret treasure by accident."

"A distribution plan?"

"Didn't we already agree that we'll use a martial arts duel to decide?" Jue Tianhan asked.

Everyone was also puzzled.

that's right, " nanqiu Yu said. but the martial arts competition is a distribution method within our hidden sect. Outsiders also have to participate in the distribution.

"An outsider?"

Everyone was stunned. As if they had thought of something, their faces all changed.

Jue Tianhan said, 'the outsiders that lady nanqiu Yu mentioned ... Could they be from the heavenly martial continent? If that's the case, let's join forces to get rid of them first, then we won't have to discuss the distribution of the loot."

"Sir Jue Tianhan is right."

Everyone agreed unanimously. Their eyes were filled with contempt and disdain. They didn't think that outsiders had the right to distribute it to them.

Nanqiu Yu did not make a sound, only maintaining her smile. When her voice became softer, she said, "The key and method to open the secret treasure of the true dragon are in the hands of that outsider."

Only then did the hall fall into absolute silence.

Jue Wuhan furrowed his brows and said, "can't we?" Hasn't the secret treasure always been in the hands of thousand leaves Island?"

Chapter 1739-Best Actor

"If our sect had the key and the method to open it, would we still have the right for you to sit in this Hall and discuss?" Wei Shishi asked. That was the contract between the ancestors of our sect and that person's ancestor. Our sect would guard the entrance of the secret treasure, and that person would guard the key. Now that person is in trouble, he came to our sect to take out the secret treasure, and I don't know how this matter reached the ears of the earth cultivators, but they forced me to disclose the secret treasure, Hmph!" Her tone revealed her extreme dissatisfaction.

"Hehe."

it's very dangerous to open this secret treasure, " nanqiu Yu said with a smile. more people means more insurance.

"Since that's the case, we'll just let that person have a share. It's impossible to ask for more," Jue Tianhan said.

"I'll let that person talk to you all himself," nanqiu Yu said.

He clapped his hands, and an old man in luxurious clothes walked into the hall. He had silver hair and a white beard, and his face was ruddy.

The old man's appearance was extraordinary, and one could tell at a glance that he was a peerless expert. However, some of the cultivators with sharp eyes could see that although this person looked strong, he was actually seriously injured.

Yunxiao chuckled and nodded at the old man. It was just in case.

Wan Yiqian also saw him at a glance. After being shocked, he immediately laughed and said, "Haha, brother flight, I didn't expect you to be here."

it's really a small world," Yunxiao said with a smile. it seems that I'm really fated with you, brother.

"Brother, you're here too. I'm very happy," Wan Yiqian said happily.

Everyone's eyes turned to Yunxiao. They did not expect him to know this man.

When Wei Shishi heard the word 'flying', her body trembled slightly, and her eyes flickered with uncertainty.

let me introduce you," nanqiu Yu said. I'm sure many of you already know him. This Lord is the leader of the heavenly martial continent's merchant Union, Lord Wan Yiqian, the head of the ten thousand treasures store.

Wan Yiqian strode forward with his head held high, greeting several people in the hall who knew him, and then directly walked to the chair to the right of nanqiu Yu and sat down.

This behavior immediately caused many people to be dissatisfied, but the reputation of the ten thousand treasures tower in the hidden sects was even greater than that of the two Holy Lands, so they all grumbled in a low voice, and no one publicly rebuked.

In their opinion, if they offended the myriad Treasure Tower, some of the sect's material transactions on the continent would be completely destroyed in the future. This was a very serious matter.

"I wonder how Mr. Qian would like to split it?" mu Zhuang asked.

"Simple, I'll take half, and you guys take the other half," Wan Yiqian said.

“Huala!

The entire Hall exploded. Everyone no longer cared about the trade and began to curse. Some people were even more agitated, and their elemental energy flowed out of their bodies.

“Are you kidding me? You take half and we’ll take half, are you out of your mind?”

“Hmph, so what if he’s the leader of the merchant Union? If you piss us off, leave the key and the method to open it and get lost!”

I think he’s just here to mess around. Is the merchant Union that bored?”

Yunxiao frowned and fell into deep thought.

In the off chance that such a distribution would definitely cause a lot of criticism, it was impossible for an old fox like him to not know that it was most likely to fight for greater benefits.

What he was sure of was that these people from the hidden aristocratic families were simple-minded and blindly arrogant. They would definitely not be able to outwit the old fox.

Mu Zhuang’s face darkened and he said coldly, “Mr. One thousand, You must be joking! You want to have half for yourself? this is the funniest joke I’ve ever heard in my life!”

the key and the way to open it are in my hands,” Wan Yiqian said slowly. if I’m not willing, you won’t get a single cent.

“Even so, it’s not up to you now.” Mu Zhuang scoffed.

Wan Yiqian nodded. that’s right. That’s why I agreed to share half with you.

Mu Zhuang, “Yingluo.”

“Hmph, half is too little!”

Jue Tianhan suggested, “ I suggest that we split it according to the number of people. There are a total of 223 people in this Hall. You can take one out of the 223.

“Yes, yes, this is the fairest method!”

Jue Tianhan’s proposal was immediately met with agreement from everyone, and someone even shouted, “If you want to count the number of people, you have to add in the disciples outside the hall.”

Wan Yi Qian sneered in his heart, but his expression remained unchanged. He nodded and said, “ everyone’s words are reasonable. However, I’m not representing myself at this moment. I’m representing the entire myriad Treasure Tower.

He said slowly, “ the myriad treasures store is spread all over the world. There are more than 9000 strongholds of various sizes. There are more than 100000 disciples in total. Including some temporary workers and the like, there are at least 500000 people.

The hall immediately fell silent, all sounds gone.

Even if all the disciples of these hidden sects were added up, they would only be able to split it evenly with the other party.

“Hahaha.”

Nanqiu Yu suddenly laughed and said, “ “Lord one thousand is indeed the leader of the merchant Union. No one can match his calculation method. That half a point is really hard to accept. I hope you can reconsider.”

Wan Yiqian frowned and said, “ this secret treasure was left behind by our ancestor. We’ve already let our ancestor down by giving him half of it. We’re too ashamed to face him. Nanqiu Yu Daren’s words really put this old man in a difficult position, but Daren’s face can not not be given to Yingluo.”

His brows were deeply furrowed, and he looked troubled.

Yunxiao chuckled inwardly and thought, 'this old fox is really good at pretending, and he's probably laughing in his heart at this moment.'

Wan Yiqian hesitated for a while and shook his head. no, no, half is already very little. I must get it.

The atmosphere in the hall suddenly turned cold. Several divine transcendence experts stared at him coldly, and the atmosphere was very stiff.

Nanqiu Yu smiled, her thoughts unknown. Shishi, you're on good terms with Mr. One thousand. You should talk more.

"One thousand Lords? this kind of distribution is indeed hard to accept," Wei Shishi nodded.

Wan Yiqian sighed and said, "sigh, it's not that I'm greedy." With the treasures of ten thousand treasures tower, it might not be below this secret treasure. However, Xuanji is facing internal and external troubles now and is in a precarious situation. I need a large number of treasures to recruit experts and restore order in the merchant Union."

"I see, it's excusable," Wei Shishi said. He didn't speak anymore.

"In any case, it's impossible to distribute it like this. At most, we'll just destroy the secret manual, and no one will be able to obtain it!" Absolute heaven coldly said.

Wan Yiqian's expression changed slightly, and he muttered, " "How about this, I don't really care about these secret treasures. Over the years, you've cooperated with the merchant Union a lot, so you should know myriad treasures store's reputation and magnanimity. As long as anyone is willing to help me, not only will I give him half of the secret treasures, but I will also give him a 30% discount on all future business deals with myriad treasures store."

...

Everyone was moved by this condition.

Yunxiao praised in his heart. 'Nanqiu Yu and Wei Shishi are echoing each other. It seems that they're on the same side. The two of them kept trying to make things easier for just in case, and finally, they revealed their purpose.'

However, this was also the best way for Wan Yiqian. If he could get the help of these hidden sects, it would only be a matter of time before he reorganized the Business Alliance.

Jue Tianhan laughed heartily. haha! What if? your goal is to make us work for you!

Wan Yiqian's expression did not change. businessmen pay attention to harmony when there are benefits. Division when there are no benefits. Yi Qian did not force anyone. Every transaction is mutually beneficial and voluntary. Lord Tian Han is also an adult, and a noble sect leader, how can you say such childish words?"

"Hmph!" Jue Tianhan snorted in anger.

"I wonder who Sir's enemy is?" mu Zhuang muttered.

The hidden sects didn't know about the changes in the merchant Union. Wan Yiqian's conditions were indeed attractive, and everyone listened carefully.

"Of course he's an expert," Wan Yiqian said.

Yunxiao wanted to laugh when he heard that, and he secretly praised Wan Yiqian for her deep understanding of the hidden sects.

If it was Ling Baiyi and ding Shan, the latter was still fine, but the former was extremely famous, and they were afraid that these people from the hidden sects would retreat. However, with their pride and arrogance, they would most likely not give a damn about such vague words.

...

As expected, mu Zhuang said coldly, "there aren't many people in the world who can be called experts." My mu clan can consider this deal."

"With the MU family's ability, there's no problem!" Wan Yiqian's eyes lit up and he quickly said.

"Hmph, could it be that your mu clan wants to keep half of the secret treasure for yourself?"

Jue Tianhan snorted in anger, and his expression darkened.

that's right, " Wei Shishi said. the MU family's appetite is too big. My thousand leaves Island is also interested in this deal.

Yunxiao was now one hundred percent sure that Wei Shishi and Wan Yiqian were in the same group.

In their subconsciousness, they regarded the other half of the secret treasures as a huge condition. In fact, the other half of the secret treasures was not just a "in case" at all. Even if they didn't give it up, they couldn't take it.

Now that Wei Shishi was competing with mu Jie over this condition, everyone's thoughts immediately changed from 'do I want it' to 'I want it too'.

An undetectable joy flashed in the depths of Wan Yiqian's eyes.

Sure enough, "we're also interested" voices rose and fell, and everyone's emotions were stirred.

Nanqiu Yu waved her hand, signaling for everyone to be quiet before saying, " "Whether it's the secret treasure or the preferential treatment for cooperating with the merchant Union, I think it's extremely important for every sect. I think it's better for everyone to agree to the 1000 Lords "conditions. Each

sect will send one or two people to follow the 1000 Lords to reorganize the order of the merchant Union, and then we'll share the secret treasure with everyone, and enjoy a 30% discount."

Before anyone could respond, Wan Yiqian shook his head like a rattle-drum and waved his hand repeatedly. no, no. If all the hidden sects enjoy the 30% discount, it would be a big loss for the merchant Union. We can't let that happen.

Yunxiao was speechless. He thought to himself, 'this old fox is really the Best Actor. Now that the merchant Union has changed its name, if I can't get it back, then the 30% discount is just empty talk. If I can get it back, I'll do it even if it's 50% or 30% off, let alone 30%. Why is he still acting like a good boy after getting the benefits?'

With nanqiu Yu and Wei Shishi adding fuel to the fire, ding Shan would be in big trouble if Qian Qian succeeded this time. He also wanted to see how ding Shan would deal with it.

if we can't enjoy the discount to all the sects, it'll definitely cause dissatisfaction. Moreover, this matter concerns the distribution of half of the secret treasures. It'll be difficult to handle.

Yunxiao thought to himself, 'keep acting, you three best actors.

Chapter 1740-battle to break the formation

Wan Yiqian thought for a while and said, " how about this? it's impossible to give a 30% discount to all sects. If everyone is willing to help me, I'll give you a 30% discount for the first 100 billion medial-grade primordial stones that the merchant union deals with you every year. What do you think? "

"This bi an ..."

"I think it's feasible. What do you all think?" nanqiu Yu said after some thought.

Yunxiao was amazed. Wan Yiqian was indeed a business genius, as he had actually come up with such a hunger marketing method.

If the 30% discount was allowed, most people would not cherish it. If the limit was set now, it would definitely attract a lot of people to fight for the discount at the beginning of each year.

Not only would it dispel everyone's doubts, but it would also greatly increase the trade between the two places. The trade with the hidden sects would probably multiply.

Wei Shishi continued to build the stairs and said with a frown, "There are so many sects here, but we only have 100 billion medial-grade primordial stones. 1000 Lords are too stingy. How is this the aura of a leader of the merchant Union who is as rich as a country?"

"That's right, too stingy!"

The complaints from below were endless. our sect's annual transactions with your League have reached tens of billions. "At least ten trillion." "What can 100 billion do?"

The fat monk also shouted, "our ao family wants 100 billion! You must open a special channel for our ao family!"

If Qian Qian was overjoyed, the amount of profit would be meaningless to him. However, he had to curb his hunger so that everyone would not be able to eat their fill. this Qianqian is fine. 300 billion it is. No more!

Absolute heaven coldly replied, "if you want everyone to help you, how can you not bleed a little?" We'll give you a discount of at least 3 trillion, or no more!"

"Yes, yes, yes, three trillion!"

Everyone cheered wildly, extremely excited, as if they had gained a great advantage.

Wan Yiqian's expression changed drastically, and she shook her head desperately, but she still refused.

Nanqiu Yu laughed, 'hehe, three trillion is indeed a bit too much, but three thousand is too little. Why don't we do this? everyone, give me some face, how about 1.5 trillion?"

"This ... Isn't this too much Kasaya?" Wan Yiqian said anxiously.

"If there's too much, it'll just mean that I don't have enough face," nanqiu Yu said.

"A!"

Wan Yiqian shook his head repeatedly, looking defeated. He said bitterly, " I have to give lady nanqiu Yu some face, fifteen thousand it is, no more primeval stones! He had a determined look on his face as he bit on the bottom line of this quota.

With a "Hua" sound, the people below were instantly overjoyed and excited.

Even mu Zhuang and the others were thinking about it. A discount of 1.5 trillion Yuan a year was indeed a lot. They had to be the first to trade with the merchant Union every year before the other sects. They couldn't let the other sects take advantage of this.

Everyone had the same thought, but Yunxiao was speechless.

Dealing with ding Shan was still fine, but with a thousand schemes, he would definitely lead these people to deal with Ling Baiyi. At that time, he wouldn't even be able to cry.

Alright, alright, " nanqiu Yu laughed. don't get too excited, everyone. This is an unexpected surprise. Don't forget the important matter at hand, the one thousand Lords have already given up all of the true Dragon's Secret treasure, so we can distribute it according to our previous plan."

Wan Yi Qian said,"I'm also very happy to see the secret treasure open in my lifetime."

how will the battle of the top twelve be fought? " Yin Hui asked. lady nanqiu Yu, please say something. I'm getting impatient.

the martial arts competition for the top 12 is at the entrance of the secret treasure, at the end of this space. Please take a look, " nanqiu Yu said with a smile.

He shot out a ray of light in front of the hall, and a water curtain was immediately projected, which was where the back of the battleship's earth was at the moment.

It turned out that while they were arguing, the back of the earth had already flown very far and arrived in a strange space. At first glance, it was full of clouds, like a Fairyland.

we can't get out of this place no matter what, " nanqiu Yu said. after many days of research, I've discovered that there's a huge formation here. It's filled with endless cycles of life and death.

"Could it be that even after such a long time, you still can't break it?" mu Zhuang asked.

"It's not that it can't be broken, it's just a little troublesome," nanqiu Yu smiled. This formation contains eighty-one formation eyes, which are extremely complicated. If everyone attacks together, it won't take too long to break it. "

"Then what are we waiting for? let's attack together!" Jue Tianhan said.

there's no hurry, " nanqiu Yu said. this secret treasure of the true dragon has been here for God knows how many years. Do you really care about waiting a few more days? " I've deliberately left this place behind for the final martial arts competition."

Everyone immediately understood.

eighty-one array eyes, " Yunxiao said. are twelve people going to enter at the same time and decide the outcome by breaking the number of array eyes? "

young master Yun is indeed intelligent, " nanqiu Yu said. I didn't know that young master Yun would participate in the martial arts competition. You have the advantage in this competition, but the other contestants are at a disadvantage.

what a joke! Yunxiao snorted. there's a difference in strength. How can you say that you're taking advantage of me? " If Daren feels that it's unfair, then let someone else take advantage of it. "

these eighty-one formation cores are hidden in the boundless clouds, " nanqiu Yu said with a bitter smile. it's hard to find them, but young master Yun's eye technique is unparalleled.

according to what you said, my Lord, " Yunxiao said, " even if it's an arena martial duel, I'm already at an advantage if my sword is even a little sharper than others.

"Haha, young master Yun, you're really good at making comparisons."

"Any divine ability, equipment, strategy, background, luck, and so on are all part of one's strength," nanqiu Yu smiled. There's only strong and weak, victory and defeat, no advantage or disadvantage. I wonder if anyone has any objections?"

Everyone shook their heads without any objections.

Even the weaker contestants were secretly happy. They would most likely be at the bottom in the arena martial arts competition, but by finding the array eye and breaking it, they had a great chance of turning the tables.

"If that's the case, everyone, follow me out," nanqiu Yu said.

The group of people walked out of the hall and came to the huge deck. There were floating clouds all around, and they could not see the horizon.

There were thousands of Warriors standing outside the hall. When they saw everyone come out, they immediately rushed over to find their sects.

Nanqiu Yu took out twelve tokens and threw them to the crowd. this is a positioning recorder. Wear it on your body and it will record your aura. This way, I will know who broke the array eye.

He waved his hand again, and a water curtain appeared on the deck. The water was sparkling, and the names of twelve people appeared on it.

Nanqiu Yu frowned slightly, as if she had seen something strange about the two 'li yunxiao's'. She flicked her finger again, and a beam of light shot out. Immediately, a sect appeared on each name, which distinguished the two 'li yunxiao's'.

"The specific rules?" Jing Qi asked.

there are no rules," nanqiu Yu said. whoever breaks the most array eyes wins.

...

"What if I kill someone?" Jing Qi's eyes turned cold.

Nanqiu Yu glanced at him and said,"try not to kill anyone."

As soon as these words came out, the faces of the few weaker cultivators all changed.

If you try not to kill anyone, it proves that you can kill.

Nanqiu Yu looked at them and chuckled, "No need to worry. The token I gave you has an instant teleportation talisman. You can activate it directly, and you'll be teleported to the battleship. Even a peak ninth-rank combatant won't be able to stop you. Those who teleport back will be considered to have ended the competition early."

Everyone was slightly relieved and carefully looked at the token. As expected, there was a talisman engraved on it, and a small person was drawn on it, indicating that it was teleportation.

Apart from Jing Qi, the strongest among the 12 was only a peak nine-star, so it would be fine as long as they did not meet Jing Qi. If he really encountered them, he would quickly activate the instant teleportation talisman, in case he couldn't escape.

After the rules were made clear, the twelve of them immediately charged into the clouds and headed in different directions.

Meanwhile, Yunxiao moved in front of Shenyang Miao, a disciple of White Crane Square, and without saying a word, he took out the star Destroyer and slashed at him.

Shenyang Yang Yu was shocked and immediately felt like he had fallen into an ice cave. He cried out, young master Yunxiao, you're so cowardly!

one less person to break the array, and I can break a few more array eyes," Yunxiao said. if you don't escape, you'll die.

...

The slash was not fast, as if it was giving the opponent time.

Shenyang yangzhu also understood, and his expression was ashen. He had fought his way into the top twelve with great difficulty, and he didn't want to be defeated without even breaking a formation core.

He wasn't willing to accept this, but his life was more important. In a hurry, he took out the token and activated the formation. A circle of green light immediately surrounded him. As expected, he disappeared under the sword force and teleported back to the deck.

The people of White Crane Square didn't look too good, but they didn't dare to say anything.

Yunxiao, on the other hand, fell into deep thought. He was strong enough to suppress the spatial power triggered by the instant teleportation talisman just now. In other words, if he really wanted to kill someone, he wouldn't be able to escape from his sword.

Not long after the other ten people left, they felt the killing. They stopped not far away and watched, their expressions changing slightly.

you're right, " Jing Qi said. we'll have one less person if we can.

With a flash of his body, he charged toward Hu yugong, who was standing at the side.

"Ah? Lord Jing Qi, please don't!"

Hu yugong was shocked. He hurriedly took out his token and tried to teleport. But as soon as the green light covered him, Jing Qi's arm broke through the space and directly reached in, crushing his neck!

"Ka ka!"

A series of bone-shattering sounds rang out. Hu yugong's head drooped down, and his entire body went limp.

"Hmph," he snorted.

Jing Qi sneered and threw the body back to the deck. how can such a piece of trash be qualified to compete with me? "

"?!"

Not only were the people on the deck shocked, but they also gasped. The participants were so scared that their faces turned pale. A few of the weaker disciples fled in a hurry, and in a few flashes, they entered the clouds and disappeared.

Shenyang yangzhu was trembling all over. He had previously lamented his bad luck, but now that he saw Hu yugong's corpse, he felt lucky.

The few who did not escape were Yunxiao, ao Wuxin, Cheng qingsi, Wu Dacheng, and Xiao Hong.

Xiao Hong's face turned pale and his body trembled. He was so scared that he forgot to run.

Jing Qi's eyes swept over her. His pupils contracted for a moment, and then he turned away, as if he didn't want to attack her.
