

The Eternal 1741

Chapter 1741

1741 Meeting di ye again

Yunxiao went over and patted Xiao Hong on the shoulder as he said, "Don't be afraid. Stay with big brother."

Xiaohong calmed down and nodded.

The rest of the people looked at each other and flew into the clouds without saying a word to begin searching for the formation's eye.

At first glance, Yunxiao found the 81 array eyes guarding the secret treasure a little strange. He could not clearly sense where the array eyes were, and he was afraid that it would take several days to break all of them, so he was not in a hurry.

Jing Qi looked at him coldly. The cold eyes in his eyes were dead silent. He snorted and went in.

Yunxiao took Xiao Hong's hand and said, "Let's go."

The two of them were the last to enter the clouds. Little red couldn't help but turn around to look at the back of the battleship.

The clouds were endless and boundless. After entering it, it was like the ocean, with no direction and no end.

The two of them strolled in the clouds, not in a hurry.

when we parted at the East Ocean, Xiao Hong was taken away by bad people," Yunxiao said. I was very worried about you. What happened to you after that, and what happened to that bad guy?"

After Yunxiao asked the question, he clearly felt Xiao Hong's hand tremble, and then she clenched it even tighter.

"I ... I didn't know that Yingluo was in Xiao Hong's body all this time!"

Xiao Hong was a little scared, and her big eyes were filled with fear.

Yunxiao's pupils constricted, and his eyes turned black as he fixed his gaze on Xiao Hong.

Her Jade-like body, rainbow stone spirit body, and her flawless body were completely revealed to him.

Yunxiao's heart skipped a beat, as if he had seen something he shouldn't have seen. He quickly murmured in his heart, 'don't look at impolite things', then checked Xiao Hong's condition. However, there was no fiend.

Xiao Hong also seemed to have felt the strangeness. Her face turned red and she said in a trembling voice, "Big brother, you, what are you doing?"

She became nervous, and a strange force surged out of her body to block Yunxiao's light. Under her magical spirit eyes, a white mist appeared, and she could no longer see anything clearly.

Yunxiao was taken aback. Xiao Hong, " he said, " the power in your body is dense!

"What's the matter?" Xiao Hong asked in embarrassment.

Yunxiao suddenly became alert. He found that Xiao Hong's strength was increasing, and it was now unusually strong.

"Big, big brother, Yunxiao, big brother, B-bad guy Yingluo"

Xiao Hong's body began to shiver, and its face and body began to twist as demonic runes began to appear on its body.

Yunxiao's hand had long been shining with a golden light and as hard as iron and stone, but the other party was still increasing the strength, as if he was afraid that he would escape.

"Hehe."

Xiao Hong's mouth suddenly let out a sinister laugh that didn't match the situation. The corners of her mouth curved like a New Moon, giving her a strange appearance.

Yunxiao was not flustered, but very calm. He had expected di ye to hide in Xiao Hong's body. I'm curious. Why is it Xiao Hong who occupies this body, not you?"

"Eh, kid, you're much stronger than before."

Black clouds kept rolling on Xiao Hong's face, making it look very ferocious. It vaguely resembled di ye, and its big eyes shot out cold light.

it's my fault," Yunxiao said. I shouldn't have investigated Xiao Hong out of curiosity. If I had done that, you wouldn't have been able to come out. How can I make you and her come back?"

Hmph!" Xiao Hong" snorted coldly. once I take over this body, she will never return until she dies!

Yunxiao sneered and said, "If it was that simple, Xiao Hong would have died long ago. If I'm not wrong, you failed in the fight for this body, so you can only exist as a copy of this body."

hahaha!" Xiao Hong" laughed. I'm the immortal demon master! What kind of joke are you making?"

don't lie to yourself," Yunxiao said. just accept this cruel reality. The demon master may have been powerful once, but no powerful existence can stop the passage of time. Now, the demon master is just struggling on his last breath."

“Shut up!”

Xiao Hong! ” Xiao Hong ” shouted in anger, ” I’ll make you grovel at my feet and gasp for breath today!

A large amount of fiend energy gushed out of the hand holding Yunxiao, turning into countless runes that crawled up Yunxiao’s body and instantly covered his skin.

child’s play. After spending so much time with little red, has your heart become that of a child’s? ”

Yunxiao grinned hideously. He did not care about the demonic runes on his body at all as he performed an incantation gesture with one hand.

The devil talismans dissolved instantly, turning into the most primitive devil essence power, and were absorbed into his body.

“You coward!”

Startled, Xiao Hong’ suddenly thrust out its left hand and reached for Yunxiao’s heart.

Yunxiao put two fingers together and pointed them down. With a whoosh, the space was torn apart, and the sword Qi was fierce.

“Dang!”

The finger sword hit Xiao Hong’s palm and was suppressed by a force.

The two of them continued to pour power into their hands, and circles of light spread out at different angles. The space around them began to tremble under the huge spiritual pressure.

Yunxiao's face flickered. In this competition of pure strength and cultivation base, he was gradually suppressed by his opponent, and the sword finger on his right hand began to tremble slightly.

haha, you also have powerful demonic essence in your body. After this Lord devours you, my strength will rise to another level!

Xiao Hong " laughed wildly, and a demonic shadow gradually appeared behind him. It was not the true demonic giant spirit, but di ye, who was staring at him with a grin.

Yunxiao's pupils constricted, and he suddenly transformed into three heads and six arms. With one hand forming an incantation gesture, countless sharp swords flew out, and the other hand held the divine realm tablet and smashed it down at di ye.

His remaining hands continued to form seals in the air and he slammed them onto Xiao Hong's chest.

Di ye was slightly surprised and sneered,"you want to expel me from her body?" You're daydreaming!" He formed a seal with his hands, and countless rings danced around him. The thirty-six Northern heaven frigid star swords were blocked by the monstrous demonic Qi and could not be slashed down.

With a ferocious look on his face, di ye struck down with both hands, clashing with Yunxiao's seals in front of Xiao Hong.

...

"BOOM!"

A terrifying force exploded, and the balance between the two was lost.

Yunxiao was sent flying hundreds of feet away, while Xiao Hong only took three steps back before it stabilized itself.

the powers in your body are a mess. They're all very powerful, but it's a pity that you can't focus on cultivating one of them. It'll be hard to reach the peak.

After di ye's attack, he instantly returned to Xiao Hong's body.

Xiao Hong's body flew up into the air and continued to form hand seals.

Circles of mo matrices flew out from his palm. The entire sea of clouds instantly churned like boiling water. Large amounts of clouds turned into air bubbles. It was a spectacular sight to see thousands of them.

today, I'll let you, a country bumpkin, experience what kind of terrifying power a rainbow body with the power of devil essence has!

Xiao Hong's face was full of sarcasm, and she looked at Yunxiao as if she was looking at a dead man.

Yunxiao's face was indeed very unsightly. Under the bombardment of the two seals just now, he knew that di ye's strength was stronger than his, and the demonic technique he performed through Xiao Hong's body at this moment was even more powerful than before.

He didn't dare to be careless. His three heads and six arms were on high alert, each hand holding a profound level weapon, ready for battle.

...

Suddenly, Xiao Hong's brows furrowed, and her expression changed drastically.

His eyes were filled with anger, anger, unwillingness, and other complicated expressions. He roared, "You're lucky today!"

Her body began to tremble violently, and cold sweat flowed down her cheeks. Her hand seals stopped.

All of the power dispersed in an instant, turning into a huge light circle that swept across the sea of clouds.

Yunxiao's heart trembled. The force was pushing at him like a wave, and the power of his cultivation dissipation alone was so strong.

He put away all the profound level weapons and made a hand seal with his six arms. A golden light rose from the hand seal and turned into a barrier.

The wave of air hit the golden light and forced it back a few steps.

The shock in Yunxiao's heart was even stronger than the shock wave. If di ye had used the complete demonic technique just now, he would have been dead.

"Wuwuwu."

Xiao Hong returned to her original appearance and started crying alone in the sea of clouds.

Yunxiao swallowed with difficulty. His face was very solemn as he walked over carefully and said, "Little red, what's wrong?"

"Wuwuwu, I've become bad again just now and was locked up by bad people. He's using my body to do bad things." Xiao Hong was crying very sadly.

Yunxiao gently patted her hair and said, "don't be afraid. As long as little red maintains a kind heart, she won't be afraid of bad people.

Xiao Hong raised her head, her eyes red. "Really? But that bad guy is getting more and more powerful, I can't control him anymore."

every time he takes over your body," Yunxiao said. do you know what he's doing? "

“Sometimes I do, sometimes I don’t.” I could feel that he wanted to kill big brother Yunxiao just now, so I rushed out desperately and threw everything into the prison.”

Yunxiao nodded and stroked her forehead as he said with a smile, “Big brother, thank you, little red.”

I won’t let him kill big brother, ” Xiao Hong said. at most, I’ll just die with him.

don’t worry, Xiao Hong, ” Yunxiao said. he can’t kill big brother. Big brother will definitely find a way to get him out of your body.”

“Really? That’s great!”

Xiao Hong’s tears turned into a smile as she stood up from the clouds.

Yunxiao smiled and gave him an encouraging look.

However, his heart was extremely heavy. There seemed to be a strong connection between the mana and the rainbow stone. It was no longer a difficult problem to separate them by force. He had no idea at all.

“Let’s go. We’ll break the formation together with big brother,”

Yunxiao took her hand again and walked forward.

Xiao Hong suddenly pulled his hand back and stood on the spot with a determined look. “Big brother, you can go on your own. Little red wants to be alone.”

what? ” Yunxiao asked in surprise. what? ”

"I've promised Lord sect master that I'll work hard to win the ranking." If I'm together with big brother, I can't possibly snatch the formation core that big brother has found and break it, right? if that's the case, Xiao Hong's ranking will be very low."

"Can you find the array core?" Yunxiao asked.

"I can sense it, so it shouldn't be too difficult," Xiao Hong said, nodding.

She was a rainbow stone spirit body, transparent and flawless, and her perception of all living things was above all living beings.

Chapter 1742-power of everyone

alright, " Yunxiao said after thinking for a while. be careful.

"Don't worry, I'm working hard. I won't lose." Big brother has to work hard too, don't let little red surpass you."

Yunxiao smiled and patted her hair, then watched her jump into the clouds and disappear from his sight.

On the back of the battleship, on the water screen where twelve names were arranged, a token symbol suddenly appeared under ao Wuxin's name, which meant that he had successfully broken through one of the array eyes.

haha, it's unintentional. I knew that the champion would definitely be my ao family!

The fat monk laughed wildly and danced with the thin monk, making faces at the crowd.

Jue Tianhan coldly snorted and said," can the two of you stop for a moment? We've only broken one formation core, there are still 80 more, 80, do you guys understand?"

“So what if there are 80 of them?” the fat monk snorted coldly. Wuxin was able to break the first one, which proves that he is the strongest. Whether it’s his ability to find the formation eye or to break the formation, he is unparalleled.”

Although the fat monk’s words were a little far-fetched, they were not without reason. The people from the other sects all took a deep breath and stared at the water screen without blinking, hoping that their disciples’ names would be quickly marked with a few more tokens.

that terrifying power just now came from the clouds,” Yin Hui said. could it be that ao Wuxin made a move? ”

Everyone’s expression changed slightly. Thinking of the shock just now, their hearts were all extremely unsettled.

it’s hard to say who did it, ” nanqiu Yu said. but to be able to penetrate the cloud formation and cause such a powerful impact on the battleship’s enchantment, the person must have reached divine transcendence.

“Could it be that Jing Qi is killing people again?” Wei Shishi asked in surprise.

The other contestants’ sects were all nervous. If Jing Qi attacked, even the instant teleportation talisman would be useless.

Nanqiu Yu looked at the water screen in the sky and said, ” “I don’t think so. If someone is killed, the token will most likely be destroyed. Once the token is destroyed, the name will directly turn gray.”

Hu yugong’s name was currently in gray.

“What kind of logic is that? can’t we just kill without destroying the token?” the skinny monk shouted. If I were Jing Qi, I would take his token so that you wouldn’t know it was me who killed him.”

“Haha, look at your IQ!” The fat monk laughed. Why did he snatch the token? If you carry this thing with you, what if you record the credit in the other person’s name when you break the formation?”

“Aiya, that’s right.” “I forgot to remind Wuxin. What if he does that?” the skinny monk said.

“Do you think Wuxin is as stupid as you?” chubby TOU tuo laughed.

The shriveled monk was furious. damn you! How dare you call me stupid in front of so many people? you didn’t even give me any face. I’ll kill you!

He raised his fist and punched out without any mercy. The dozen people behind him were sent tumbling in the air by the strong wind.

Nanqiu Yu’s expression changed slightly. She took a step forward and her body appeared beside the skinny monk. She grabbed his arm with both hands and broke it with a crack. The wind from the fist dissipated on its own.

“Ah!”

Shriveled dhuta screamed in pain. He was sweating profusely and his eyes were wide open as he looked at his right hand, which had been folded into a sharp angle.

“Nanqiu Yu, how dare you hit us!” The fat monk bellowed.

Although these two lunatics would never be soft-hearted when they fought and hated that they couldn’t kill each other directly, they were surprisingly United when they encountered an external enemy.

this is just a small punishment, ” nanqiu Yu said indifferently. if you continue to mess around, you’ll break your neck.

The two of them were so frightened that they quickly shrank their necks and didn’t dare to make a fuss.

“Although these two idiots are fooling around, their words are not without reason. If it was just breaking the formation, it wouldn’t have caused such a big commotion. It was most likely a battle between two people. We’ll see whose name doesn’t increase, that person is most likely dead.”

Jue Tianhan looked at him and chuckled, ” “Brother mu Zhuang, aren’t you worried at all?”

“Worried?”

Mu Zhuang raised his eyebrows and looked at him strangely.

the direction of the energy fluctuation just now is very similar to the direction your li Yunxiao went, ” Jue Tianhan said. he might have been killed by someone already.

Mu Zhuang laughed and said,”now that you’ve mentioned it, brother Tianhan, I’m a little worried.” Yunxiao could easily crush Jing Qi’s chaos Jade coffin, which meant that he was one of the strongest among the ten people. He should have been the one who killed them just now. I wonder who he hates the most out of the nine.”

“Of course it’s the person who impersonated him. If someone impersonated me, I’ll kill him first even if I have to give up the martial arts competition,” mu Jie replied hurriedly.

“That makes sense.”

Mu Zhuang clapped his hands and said, ” elder Hao, you have to look carefully at the fake li Yunxiao’s name and see if there are any marks. If there is no response, we’ll have to be prepared to apologize to Sir absolute heaven.

he’ll probably have to pay for this, ” mu Jie said with a worried face. alas, why is this li Yunxiao always causing trouble? he can’t stop at all.

Jue Tianhan was furious. He snorted, ” I don’t know whose mark will remain unmoving. Just wait and see!

“May I ask, Lord Nanqiu Yu, how do we determine the winner if both of them have zero marks?”
Shenyang Yangmiao suddenly cupped his fists.

Nanqiu Yu glanced at him and said, “Of course, it will be based on the time he left the sea of clouds. Although Hu Yugong died, he lost later than you. You are naturally at the bottom. He is the second from the bottom.

Shenyang’s expression was a little ugly, but he didn’t dare to disobey. He said, “Thank you for explaining, Sir.” He then bowed and retreated.

Inside the sea of clouds, Yunxiao flew for a while, keeping his eyes on the surroundings. But, he did not find anything unusual within his field of vision.

He flew for several hours before stopping, deep in thought.

“I’m afraid I can’t ‘see’ the formation core. That old fox Nanqiu Yu is deliberately misleading me, but how can a mere formation pose a challenge to me?”

He clenched his fist, and the heavenly hammer flew out, bringing with it a thunderbolt as it landed in his palm.

Then, he smashed it into the air. With a loud boom, the ancient character of Maha of Thunder flickered in the air as Yunxiao performed an incantation gesture and shouted, “Thunder World!”

A layer of green shadow spread out from his body and covered the four extremes and eight desolations.

Yunxiao sat down cross-legged and began to sense all the energy fluctuations in the Thunder realm.

A moment later, he opened his eyes. A sword Qi shot out from his fingertip and into the space ten thousand feet away.

“BOOM!”

The sword Qi struck the barrier, and a layer of seven-colored light appeared and spread out like a rainbow.

...

Yunxiao teleported over and saw a white bone-like object floating in the colorful light, about the size of half a palm.

He was slightly surprised. Although there were many formation eyes here, the object guarding it should also be extraordinary, and what he saw here was indeed just a beast bone.

If there really was a beast bone inside, it would at least be an existence of the true spirit level.

He slammed his palm down, and the power of the barrier was activated to the limit. It was unusually brilliant, but it still couldn't block the power of this palm and suddenly exploded.

The white bone fell into Yunxiao's hand as well. After carefully sensing it, he found that it was exactly as he had guessed.

He put it away carefully. Although the bone was small, it was an object of true spirit, after all, and an excellent alchemy material.

With the power of the Thunder World, it became much easier to find the array's eyes. After more than half a day, Yunxiao had broken five or six in a row, and all of them were suppressed by broken bones.

"I don't know how the others are doing, just in case, aww."

Yunxiao thought for a moment, and a vicious plan immediately formed in his heart.

He took out the divine realm tablet, summoned che you and the others, and told them about the current situation and the plan.

“What? Only delaying and not killing? What’s the point of that?”

...

The evil spirit was the first to be unwilling, its face full of complaints.

Yunxiao thought for a moment. The others all had instant teleportation talismans in their hands, and it was impossible to break them without extraordinary divine power. “If you want to kill, then kill them. In short, stall everyone you see in this cloud formation and don’t let them break the formation. Come back when I summon you.”

“I understand.”

A cold light flashed in the you’s eyes, he said, “I’ll go and see what’s the background of that Wu Dacheng!”

He took the lead and disappeared into the distance.

After that, the officials, bei Xiaonan, the evil spirit, su lianyi, DarkThunder, and the others all went in different directions.

Suddenly, Yunxiao had an idea. He reached out his hand and pulled out a crocodile from the divine realm tablet, then said coldly, “You dare to pretend to be asleep in front of this young master?”

The crocodile flapped its tail, looking scared and begging for mercy.

When Yunxiao’s divine sense swept over it, he could not help but be overjoyed. Even he was shocked when the surging power covered its body, which was full of black pieces.

“Haha, after eating that astral Wind Spirit, you should have recovered your complete body, right?”

In the battle of songyue in Yangcheng, half of the crocodile was taken away by ding Shan, causing its strength to drop greatly. Later, Yunxiao replaced it with divine fire and turned it into a Wind and Fire crocodile, and then refined a black body for him, which restored a lot of its strength.

Now that it had devoured the astral Wind Spirit on the deep water path, it had improved even further, and its strength far exceeded what it was before.

The crocodile nodded desperately, as if it were trying to please Yunxiao.

Yunxiao patted its forehead and said, " be good, I won't hit you. You can go out and carry out your mission. Other than a little girl, if you see anyone you don't know, just rush up and hit them.

The crocodile nodded sensibly. It then wagged its tail and flew away.

Yunxiao could not help but laugh out loud when these humans, demons, and spirits went out to make trouble. He was almost certain that he would win the first place.

He immediately strode through the clouds in a carefree manner, searching for the formation's eye.

On the back of the battleship, Jue Tianhan's expression became more and more unsightly. In fact, it even looked as ashen as death.

There was not a mark under the words 'Dragon's Tooth villa', which were Yunxiao's name!

The beautiful twins behind Jue Tianhan also turned pale, and they could barely stand. One of them even had her shoulders trembling, as if she had guessed something.

Chapter 1743-rumors

"Younger sister!"

One of the beautiful twins hurriedly held her sister and asked someone to bring a stool over to sit so that she wouldn't fall.

"Older sister, husband is tired."

The younger sister's face was extremely pale, and she couldn't help but cry.

The elder sister's expression wasn't much better, but she was still a little stronger. She gritted her teeth and said, "No one knows what will happen until the end. Don't think too much."

Although she consoled her sister not to think too much, how could she not think too much? her heart had long risen to her throat. She looked at the water curtain and secretly prayed. Even if there was an extra mark, it would be good.

However, things did not go as he wished. Among the ten people who entered the clouds, even the worst had three marks, and only Yunxiao's name was still marked with a zero.

Jue Tianhan couldn't hold it in any longer, and elemental energy continuously flowed through his body. He suddenly turned around and glared at mu Zhuang.

Everyone's hearts jolted. They thought of that terrifying power and the conversation between the two.

Mu Zhuang and mu Jie were also shocked. They were just making a casual remark. Did Yunxiao really kill Wu Dacheng?

The direction of the energy explosion was indeed the direction Yunxiao had entered, and judging from the record on the water curtain, it was very likely.

If they killed him, then so be it. Although it would be a little troublesome, their Mu family was not afraid.

Under Jue Tianhan's sharp and resentful gaze, mu Zhuang said leisurely, "Since it's a competition, it's normal to have wins and losses, and to have life and death. Since you're here to participate in the

competition, you should be mentally prepared to die. You can't just say that just because you're from a certain sect, others can't kill you, right? what kind of logic is that? Lady nanqiu Yu, am I right?"

Nanqiu Yu was also staring at the water screen, suspicious. She nodded and said, " "Lord mu Zhuang is right. Life and death are determined by fate. Moreover, I gave everyone an instant teleportation talisman. If they still die, they can't blame anyone else."

Jue Tianhan snorted heavily, trying his best to suppress the anger in his heart. He didn't say a word.

At this moment, on the water screen, it showed that ao Wuxin was the one who had broken the most arrays. He had broken a total of sixteen array eyes. The fat and thin dhuta had long been singing to each other on the side, and they were all crazy.

However, because she did not hurt anyone, nanqiu Yu could not be bothered.

Next was Jing Qi's fourteen, followed by Yunxiao and Cheng qingsi, who each had nine.

Xiao Hong also broke four lines. Yin Hui shook his head with a bitter smile. He knew that Xiao Hong was most likely going to lose this way.

Suddenly, a light flashed on the battleship, and a figure fell to the ground with a thud, his body covered in blood.

"Yongyuan!"

The star Valley's Valley master hurriedly walked over and helped the disciple up. He tested the disciple's aura and found that he was still alive. He heaved a sigh of relief and quickly stuffed a few elixirs into his mouth.

Bu Yongyuan caught his breath. When he saw his sect master, he immediately knelt on the ground and said, " "I'm useless and only managed to break five formation eyes. I'm sorry to disappoint you, master."

” don’t worry, ” the valley master said, ” you’ve already done a good job. Who injured you? ”

Everyone’s eyes were on him.

A trace of fear flashed in bu Yongyuan’s eyes as he said, ”It’s a demon, it’s a demon!”

“What?”

As soon as he said that, the entire place was shocked and in an uproar.

Nanqiu Yu’s expression changed as well. She stared at him and said, ” “A member of the demon clan? Impossible. I’ve studied this cloud formation for many days, but there’s no living creature in it, let alone a demon.”

“It’s true, I was really injured by a demon!”

Bu Yongyuan grew anxious when he saw that nanqiu Yu did not believe him. He gestured with his hands and described the demon.

Mu Jie’s expression changed as she immediately understood.

He had seen the man described by bu Yongyuan before. It was the leader of the demon clan’s Uglies, who had been possessed by the evil spirit. He immediately thought of Yunxiao’s strategy, and he could not help but be overjoyed.

Mu Jie looked at the water curtain and seemed to have sensed that the number of people breaking the array had stopped.

He quickly lowered his head and whispered into mu Zhuang’s ear.

Mu Zhuang’s eyes lit up and he couldn’t help but chuckle.

Jue Tianhan suddenly turned around and said in a cold voice, "Mu Zhuang, what are you laughing at? Could it be your doing?"

"Are you f * cking crazy?" mu Zhuang said angrily. I can't laugh even if I want to! Does this battleship belong to your family? It's your family's territory, right?"

Jue Tianhan's mind was already in turmoil, and now that the MU clan had spoken up against him, he was on the verge of exploding. He gritted his teeth and said, "Laugh your sister!" Circles of aura spiralled out from his body and spread out continuously. The people around him were so frightened that they fled in a hurry.

Jue Tianhan! nanqiu Yu's expression changed as she shouted, "Jue Tianhan!"

Jue Tianhan's heart jolted, and he gritted his teeth to suppress his aura. However, his chest was still heaving up and down, and he was clearly quite furious.

Nanqiu Yu looked at him and then at mu Zhuang. "I hope everyone can restrain themselves. No matter what happens in the clouds, it's still a competition of personal strength. Even if there really is a demon, if you're not strong enough or if you're unlucky enough to meet one, you can only blame yourself."

Bu Yongyuan nodded. He also understood this principle. He sighed a few times and blamed his bad luck.

Nanqiu Yu, on the other hand, looked at the water screen with a gloomy look in her eyes, as if she had understood something.

Yunxiao was not very famous among the reclusive families, but his name resounded throughout the entire heavenly martial continent, and everyone knew that he had a holy weapon.

At this moment, the speed of everyone breaking the array shown on the water screen had almost stopped, leaving Yunxiao and Xiao Hong to increase their speed.

He had already guessed the key point, but he was still very surprised.

It would take at least three peak nine-star experts to stop the other nine people at once.

Judging from the huge energy fluctuations and Wu Dacheng's zero battle record, it was almost certain that he had been killed by Yunxiao.

"Swish!"

Another beam of light fell, and someone teleported out.

Blood Crow Palace's Mei Hong immediately went forward to support that person and said, "Yunpeng, why did you come out?"

Tu Yunpeng's body was unscathed, but his face was extremely ugly. He bowed and said, "Sect master, I'm being attacked."

...

"Who is it?" Mei Hong was shocked.

"I don't know him," tu Yunpeng shook his head.

Mei Hong was stunned for a moment before his face turned solemn, "How can I not know him? How strong is that person?"

Tu Yunpeng hurriedly said, "I really don't know him. That man is very strong. He is at least a peak nine-star expert. With one punch, all my defensive abilities crumbled. If I hadn't activated the instant teleportation talisman earlier, I'm afraid I wouldn't have been able to come back!"

Everyone was shocked when they heard this, and all kinds of discussions and suspicions arose.

“Is there really something strange in the clouds?” Yin Hui asked.

“Of course it’s strange,” mu Zhuang laughed, “otherwise, how could it be a formation to protect the secret treasure?” Perhaps these two people encountered an illusionary formation and created an illusion. They couldn’t withstand it and escaped on their own.”

Many people agreed with him.

After all, if one were to fall into an illusory formation, it would be difficult to distinguish between the real and the fake.

Even tu Yunpeng himself was frowning as he tried to recall if it was an illusion.

“What did that person look like?” nanqiu Yu asked.

...

Tu Yunpeng quickly described.

When mu Jie heard this, she immediately knew that they were guests. She couldn’t help but chuckle to herself. Then, she leaned close to mu Zhuang’s ear and whispered.

“What are you two secretly talking about? It must be related to you!”

Jue Tianhan roared once more as he glared at the two of them.

Mu Zhuang sneered, “what, can’t I even talk secretly now?” What kind of rule is this?”

Absolute heaven replied coldly, “if we’re open and aboveboard, what’s there to hide?” You obviously have a guilty conscience.”

Mu Zhuang lazily stretched his waist and said, "Ah, someone wants to inquire about the internal information of my Mu family. However, my Mu family has always been open and aboveboard, so there's nothing to hide. Elder Hao, please tell him what he just said."

Mu Jie smiled and said, "I just told Lord chief that I had a mushroom fried chicken before leaving heavenspan Island. It was made by a new chef. It's delicious. I asked Lord chief to have a taste when you go back."

"Pfft!"

"Hahaha!"

Everyone laughed, and the people of the MU family were laughing so hard that they were bending forward and backward.

"Haha, Lord Tian Han, do you want to come back with me to Tongtian island after the treasure hunt?" mu Zhuang laughed as well.

"Pa!"

The fingers of the absolute heaven frigid Qi dug into the palm of his hand, and the fist force exploded on its own, causing all the laughter to stop. Everyone walked away in fear, afraid that they would be affected.

Although not many people knew that Yunxiao had a Saint artifact, some people had heard of it. Coupled with the MU family's gloating, and the number of arrays broken on the water curtain, many people had begun to spread the news in private.

I heard that li Yunxiao has a Saint artifact with him, and there are many peerless experts hiding in it. It must be him.

yes. Although li Yunxiao has extraordinary strength, the MU family has always been proud. If he doesn't have a holy weapon, he will most likely not be interested in him. I believe him, too.

"You guys just found out? I've seen that Saint weapon when I was on the heavenly martial continent. I heard that it's a world of its own with more than 100000 people. Not only are there a large number of peerless experts, but there are also a large number of beautiful women. The chef that elder Muyu mentioned just now was also someone Yunxiao found in the Saint artifact."

"That's too much. What's the point of competing? If he were to call out more than 100000 people, wouldn't the other contestants be killed immediately?"

Suddenly, all kinds of discussions and speculations spread like a virus, and almost everyone could hear them.

"A Saint artifact?"

Soon, Yin Hui heard it. He didn't hide his shock. Brother muzhuang, does that li Yunxiao have a Saint weapon?"

In an instant, the battleship fell silent. Everyone held their breaths and perked up their ears to listen. After all, the matter of possessing a Saint artifact was too shocking. Although everyone was talking about it, it was very difficult for them to believe it.

"It's not fair, it's not fair!"

The fat and thin dhuta suddenly cried out. They had also heard the rumor, and most importantly, Yunxiao's number of formations breaking directly surpassed ao Wuxin's, reaching twenty-three, while ao Wuxin's was only twenty-two, and it had not increased for a long time.

Chapter 1744

1744 Difficult

The whole warship began to clamor, all complaining about the unfairness. Even Jing Qi's number of marks had stagnated. Only Yunxiao's was growing rapidly, and Xiao Hong's was slowly increasing.

Moreover, the close relationship between Xiao Hong and Yunxiao made everyone understand that it must have been Yunxiao's doing.

In fact, most people were just making a fuss. It didn't matter to them who came in first or second, but there were people who liked to make a fuss when it was lively.

Nanqiu Yu could no longer sit still. He was almost certain that Yunxiao had used the people in the divine realm tablet, but they were so powerful that even he was surprised.

"I'll go take a look."

Just as he was about to move, mu Zhuang blocked his way.

"Lord mu Zhuang, what is the meaning of this?" nanqiu Yu asked unhappily.

let's not talk about whether li Yunxiao really has a Saint weapon, " mu Zhuang said. even if he does, he doesn't violate the rules of the martial competition. If lady nanqiu Yu enters rashly, I'm afraid it will disrupt the fairness."

"Fair? Fair, my ass!"

Jue Tianhan cursed in anger. using a Saint tool! A hundred thousand people coming out to attack a few people! Is this what you call fair?!

"Yeah, fair my ass!"

The people around them also followed suit and clamored, their emotions surging.

Mu Zhuang's pupils contracted as his sharp, knife-like, murderous gaze swept across the surroundings, causing gasps to ring out as everyone retreated.

“Elder Tong, look carefully at those people who are blindly making a ruckus. After the martial arts competition, we’ll personally visit them to have a heart-to-heart talk, to talk about life and ideals.”

Everyone’s expression changed drastically, and they hurriedly covered their mouths, not daring to speak anymore. The warship immediately fell silent.

“Mu Zhuang, who the hell do you think you are?” absolute heaven coldly laughed. How dare you threaten someone in the territory of the natural moat ocean?”

Mu Zhuang snorted coldly, “of course I’m not an onion, you’re the onion, Sir Tian Han.” I just wanted to reason with lady nanqiu Yu. The martial arts competition has already started, and the rules have been set. Are you trying to break them at the last minute?”

we didn’t consider this when we set the rules, ” nanqiu Yu said. there have been rumors that li Yunxiao has a Saint artifact, and now it seems that it’s most likely true. Sir one thousand, you are familiar with li Yunxiao. What do you think?”

Wan Yiqian didn’t say a word, and only said at this moment, ” “I’m not sure if he has a Saint artifact. Who would take out such a precious treasure to show off?”

even Mr. One thousand can’t be sure, ” mu Zhuang sneered. besides, even Jing Qi can participate in the martial arts competition under the age of thirty. Can’t li Yunxiao participate with a holy artifact? ” If the competition were to end now, or if a special ruling was made on Yunxiao, then why has Jing Qi been here all this time?”

Nanqiu Yu was also stunned and fell into a dilemma.

The existence of the sacred artifact had indeed broken the balance, but the rules had not taken it into account before. Moreover, if Jing Qi, who had obviously played until now through the loopholes in the rules, had been specially dealt with, then Jing Qi would have to deal with Yunxiao as well.

What was even more troublesome was that Jing Qi had killed Hu yugong. If they dealt with Jing Qi now, Hu yugong’s death would be nothing.

The benefits involved in a martial arts competition were too great, and every sect would fight for it. As long as there was a small mistake, it would immediately be magnified infinitely, and it would be even more difficult to clean up the mess.

we don't care if the seventh Bureau of Jing doesn't deal with him, " the fat monk cried. but this li Yunxiao must be dealt with! Just cancel his results and let him be at the bottom. My Wuxin will be the first!"

"Mu Jie, you old man! You're a half-puppet! What are you staring at?" the skinny monk also shouted. Come, come, we welcome you to come to the AO family to chat with us brothers after the martial arts competition, to talk about ideals and life."

Mu Jie was speechless. She turned her head away and couldn't be bothered to look at the two.

"I think brother mu Zhuang's words are reasonable," Yin Hui said."You can't blame anyone for the loopholes in the rules. Besides, Jing Qi didn't deal with him because he took advantage of the loophole, but now Yunxiao is going to be dealt with because he took advantage of the loophole. How can we convince the public?"

Hmph! Jue Tianhan snorted coldly and said, " Yin Hong, you're only saying this because you're benefiting Yunxiao, aren't you? " If Yunxiao hadn't trapped the others, that silly girl from your sect would have been at the bottom for sure!"

Everyone looked at the water screen. Xiao Hong's ranking was rising steadily. She was already at the 13th place and was about to surpass Jing Qi to third place.

"Hehe, Lord Tian Han is right, but so what?" Yin Hui asked. Of course, I'm only saying this because I'm benefiting from it. Do you think I'm only saying this because I'm losing? Wouldn't I be an idiot then?"

"You coward!"

Jue Tianhan was rendered speechless, not knowing how to refute.

I also think that the rules can't be changed," Wei Shishi chimed in. there's a slip-up this time, so we'll just make it up next time.

Mu Zhuang was slightly surprised. He did not expect Wei Shishi to be on his side.

But, he immediately realized that Wei Shishi was not helping him, but Yunxiao.

Nanqiu Yu pondered for a while and said, " this martial arts competition involves too many benefits. All of you are trying to figure out a way around the rules to catch the natural moat cliff off guard. However, since things have come to this, the rules can not be changed. Let the competition continue."

After he finished speaking, he sat down calmly.

The rest of the sects on the list were immediately a little unconvinced, but only Jue Tianhan and the AO family showed a fierce performance, because the results of the other sects were almost within their expectations. Even if they dealt with Yunxiao, their rankings would not change much.

Meanwhile, Wu Dacheng's death had caused Jue Tianhan's anger to be insatiable. The AO family, which had originally been first, was now clearly going to become second, or even third.

as expected, everyone thinks that I'm old and easy to bully," nanqiu Yu said coldly. no one is convinced by my decision.

Suddenly, his body flickered and disappeared from the spot. He appeared in front of the fat and thin dhuta and struck out with his palms.

The two of them were the ones who were the loudest. They did not expect nanqiu Yu to suddenly attack, and in their shock, they hurriedly blocked with their palms.

Even if the two of them were well-prepared, they could not withstand a single blow from nanqiu Yu, let alone when they were completely unprepared.

“Bang! Bang!”

The two palms landed directly on their chests, and two lines of blood shot out. All the sounds stopped.

The two of them were directly sent flying, somersaulting in the air. They flew out of the warship and fell to the endless earth below.

“?!”

Dozens of gasps could be heard, and all of them had pale faces.

Only the people at the natural moat ocean would dare to attack the AO family, and he didn't even know if those two lunatics were dead or not.

Jue Tianhan immediately calmed down and did not say another word.

Nanqiu Yu returned to her seat and said, “A person must know how to respect others. If they keep making trouble without reason, this old man has no choice but to teach them some principles. If the AO clan wants this old master to talk to them about life and ideals, this old master wouldn't mind.”

No one dared to make a sound. Fortunately, there were no more ao family members on the warship. Only three of them had come.

...

“Hehe, lady nanqiu Yu is fair and just, which is why everyone believes in her.” Mu Zhuang laughed.

“That's right, everyone has to follow the iron-clad rules of the natural moat ocean, no exceptions.” Someone immediately praised.

that's right. They're just and righteous. Those two lunatics don't know what's good for them. They're always crying and making a fuss here. It's really annoying!

rules can not be broken. Once the rules are changed at the last minute, the consequences will be unimaginable. All sorts of flattering words came out, all of them were praises.

Nanqiu Yu didn't seem to be interested and said indifferently, "Don't mention this matter again."

Mu Zhuang smiled and looked at the water curtain happily. Yunxiao had firmly taken the first place, and there were not many array eyes left. Even if ao Wuxin broke all of them, he would not be able to catch up.

"Swish!"

Another ray of light fell from the sky. It was Zhang Haoge of the pill sun sect.

Chai Jun, the sect leader of pill sun sect, looked at the ranking on the water screen and smiled. Zhang Haoge was ranked seventh. He was already very satisfied with this result.

"The last formation core has been broken!" One of them exclaimed.

At this time, everyone's eyes were fixed on the ranking on the water screen, watching the last mark of the array eye fall below Yunxiao's name. There were a total of eighty-one marks, all of which were complete.

...

"Haha, not bad, not bad."

Yin Hui twirled his beard and smiled, extremely happy.

Little red had obtained the third place, just one place less than ao Wuxin. Although it was a bit of a pity, it had far exceeded his expectations.

The clouds in front of the warship began to roll and retreat to the sides, disappearing into the distance.

A rainbow shot down from an unknown place and enlarged in the sky, making the sky look beautiful.

The clouds had receded hundreds of miles away, revealing the participants.

Yunxiao had a carefree look on his face, while Xiao Hong was stomping her feet, as if she had not had enough fun yet.

The rest of the people looked frosty and tired. Some of them were injured, and Zhao Ritian was even more seriously injured. He stood in the air with his sword and panted.

When they looked over and saw the ranking on the water screen in the air, they were all shocked and angry, and all turned their eyes to Yunxiao.

Only Xiao Hong covered her mouth and jumped up high. She clapped her hands and said, " third, Xiao Hong is third. Sect master, did you see that? "

Yin Hui laughed. haha, I saw it. I saw it. Xiao Hong is amazing.

li Yunxiao, " Cheng qingsi said coldly. it's all your fault!

"Good thing?" Yunxiao said lazily. You're here for something good?"

"Pfft!"

Cheng qingsi was so angry that she spat out a mouthful of blood. She was both embarrassed and angry."I'm going to kill you!"

She rushed over and appeared in front of Yunxiao in the blink of an eye. The boundless anger in her palm turned into a blade and slashed down.

Unhurriedly, Yunxiao clapped his hands in front of him and caught her palm blade, sending a terrifying power to both sides.

The air around the two of them started to burn, and a raging fire rose.

Cheng qingsi was extremely furious, but no matter how hard she tried, the palm knife could not be pressed down. In a fit of anger, his left hand clenched into a fist and punched again.

Yunxiao pushed with both hands, pushing Cheng qingsi back a few feet, then pulled back his right hand and struck out.

“Bang!”

Both of them were extremely strong and fierce. Under the impact, Cheng qingsi was once again thrown back several feet, while Yunxiao remained unmoved.

Cheng qingsi’s hands were clenched tightly, and her body was trembling slightly. The air of Fury was swirling around her, and her long hair was a little messy. However, the emotions in her eyes were gradually calming down, and they became sharp and clear!

Chapter 1745

1745 Storage space

Yunxiao frowned. He knew that Cheng qingsi was using some extremely powerful move, and he did not dare to underestimate it, but he was not afraid.

Wei Shishi’s pupils shrunk as she shouted, ” “Qingsi, stop!”

Cheng qingsi's body trembled violently, and she turned back to look at her master. She seemed extremely unwilling, but she still stomped her foot and dispersed all the origin power in her body in anger. In a few flashes, she was back on the battleship, and she stood angrily behind Wei Shishi, her back facing her.

I know you're resentful, and I know that Yunxiao has played some tricks," Wei Shishi said. but the Lord of the natural moat cliff is here, and so are the sect leaders of all the sects. It's not your place to make trouble.

The remaining people in the air also flew back, their faces extremely gloomy.

Ao Wuxin's eyes swept over the place and he said in shock, "Where's the fat and thin dhuta?"

they're despicable," nanqiu Yu said. I've already struck them down from the warship.

"Ah? You!"

Ao Wuxin was very anxious, and he suddenly stomped his foot and flew down from the warship.

Jue Tianhan's face was covered with a layer of frost, and his two daughters had almost fainted. He said in a cold voice, "Li Yunxiao, where's Wu Dacheng?"

Yunxiao's face lit up as he said, "You know his name is Wu Dacheng?"

Everyone also felt that it was strange. So Jue Tianhan knew that this person was an imposter, but why did he still marry his own daughter to him?

"You don't have to worry about that. I just want to know, did you kill him?" Jue Tianhan said in a dark voice.

Yunxiao sneered. He wanted to say that he had killed Wu Dacheng, but he did not. Wu Dacheng had disappeared after entering the clouds, and he you had been looking for him for a long time, but he could not find him. Could he have been killed by someone else?

He looked at Jing Qi, who was the most likely person to kill Wu Dacheng.

“Hmph!”

Jing Qi snorted heavily, and his expression was even uglier than Jue Tianhan’s. He had shamelessly participated in the martial arts competition as the sect leader, but he had only come in fourth place!

Moreover, the chaos Jade coffin was also lost. He felt that he could no longer suppress his inner feelings. All he wanted to do now was to start a massacre!

“Did you kill him or not? give me an answer!” Jue Tianhan roared in anger.

I didn’t kill him,” Yunxiao said after a moment of silence.

“What?”

Everyone was stunned for a moment, and they all had looks of disbelief.

From Jing Qi’s expression, it was obvious that he did not kill anyone. Jue Tianhan’s gaze turned to Cheng qingsi, Xiao Hong, and Zhao Ritian. All three of them shook their heads. That left only ao Wuxin. Ao Wuxin did not seem like someone who would kill people for no reason.

“Since you didn’t kill him, then where did Wu Dacheng go?” Jue Tianhan asked.

Yunxiao glanced at Wu Dacheng’s zero record on the water curtain and was also puzzled. “This young master also wants to know where he went.”

Jue Tianhan's expression seemed to have improved slightly, but he still asked, "Then the extremely powerful energy fluctuations that came from the clouds earlier were your doing?"

Yunxiao naturally knew that he was talking about di ye's move. "Do I have to report to you even if I'm peeing and picking my nose inside?"

Jue Tianhan snorted, but he did not insist. After knowing that Wu Dacheng was not dead, his heart could be considered to have calmed down.

"Brother Tianhan, who is that Wu Dacheng?" Yin Hui asked. Since you know that he is a fake li Yunxiao, why are you still teasing him?"

He glanced at the beautiful twins. Although the two beauties had ugly expressions, they were in a much better state than before.

"It's none of your business," Jue Tianhan replied.

Yin Hui didn't get any response, so he was too lazy to ask.

After a while, ao Wuxin flew up from below. He grabbed the fat and thin dhuta in each hand and threw them on the deck. The two of them were not dead, but had fainted from severe injuries.

"Lady nanqiu Yu, you're really heavy-handed," ao Wuxin complained.

"I also feel guilty," nanqiu Yu said.

although the fat and thin dhuta is a little crazy, he's not a bad person," ao Wuxin said. my Lord, you're not being considerate.

Nanqiu Yu nodded and said, 'I feel guilty because I didn't kill them. If it were anyone else, they would have long been smacked to death with a palm. It seems that I'm still afraid of your ao family, so I've spared their lives. I'm truly ashamed.'

Ao Wuxin,"hehe."

Everyone's face was filled with black lines. This nanqiu Yu was too direct. If they really killed the fat and thin dhuta, it would be a big deal.

Ao Wuxin was also speechless. He didn't know what to say, so he simply didn't say anything. He directly dragged the fat and thin dhuta to a corner to heal his injuries.

the clouds have been broken, " nanqiu Yu said. let's head to the secret treasure.

Countless formations were activated on the battleship, and it suddenly turned into a beam of light and rushed forward.

After the formation was broken, not even a single cloud could be seen. The sky and earth had completely changed.

Everyone's mood began to become excited. There were thousands of people standing, but very few people made a sound.

The light in the surroundings began to slowly dim, and soon, it was as dark as night. There was nothing to be seen.

His divine sense could extend infinitely here, but he couldn't find anything at all.

"Are you sure this is the right place?" mu Zhuang asked.

Nanqiu Yu turned to look at Wan Yiqian, who had become the center of attention.

Wan Yiqian seemed to be a little excited and said, " "Yes, this is the place. My Lord, you can stop the warship."

Nanqiu Yu immediately ordered the warship to stop.

A black light flashed on Wan Yiqian's hand, and an iron block fell into his palm.

Yunxiao took a closer look and found that it was exactly the same as the fake one he had taken out the other day. It seemed that the old fox had made a fake one and brought it with him.

Then, he threw the key up into the sky and started to float up as well. He kept performing all kinds of incantations and seals on the key.

...

The speed of the hand seals was extremely fast. There were only afterimages in the sky, as if there were more than ten Wanyi Qian being used at the same time.

The key finally opened slowly, and the four sides of the cube fell down like a flower bud.

A ray of light shot up to a height of 300 meters and spread out in the sky like fireworks. A circle of light spread out in all directions, and the entire dark night sky began to brighten.

At this time, everyone realized that they were in an independent space. Before this, their divine senses could not sense anything at all, nor could they sense the end. But now, they could clearly see that this space was about ten miles long and wide, and there were some things floating everywhere.

the secret treasure! It's the secret treasure of the true dragon!

Someone cried out in alarm as they saw an object slowly floating over from the void not far away. It was a Jade box.

However, those with sharp eyes could see that the seal on it was definitely not ordinary.

“Don’t move!” Nanqiu Yu shouted.

The voice suddenly exploded, shaking everyone’s heart. Those who were eager to try all changed their expressions and calmed down.

Yunxiao’s expression was a little strange as he frowned deeply.

Although this space was large, it was not strange at all. There was no power inside.

...

“That’s not right,”

Che you’s voice sounded in his mind, he also felt that something was wrong, he said: “ this is definitely not the Dragon field. It’s just an ordinary storage space.

storage space? ”

Yunxiao was taken aback, and he immediately guessed something. ‘Perhaps this so-called secret treasure is really just the interior of a storage Mystic artifact? However, the profound artifact space can not accommodate living beings.’

“What’s so strange about that?” che you snorted coldly, “perhaps this storage Mystic artifact was once a Saint artifact.” Or perhaps this profound level weapon has already died out, leaving only this space undying and undergoing self-evolution over countless years.”

Yunxiao nodded. Che you’s deduction was very reasonable, and it seemed to be the truth.

“You made me happy for nothing, but it’d be great if I could get a true dragon Sword,” che you sighed.

If this place was just a storage space, where was the so-called 'land of ten thousand spirits'? Was it really like what Nanqiu Yu said? Was it a projection of time and space, directly projected from the ancient times and did not exist in today's time?

Wan Yiqian was also very excited, but he also felt pain in his heart. In order to return to the Merchant Union, he had to go all out. "These are the secret treasures that our ancestors painstakingly passed down. I'm sure you've all seen the contents."

That's right," Nanqiu Yu said. It's just that these things have all been sealed. We can't find out what's inside, so it's hard to choose.

"Why don't we do it this way? We'll collect all the items and unseal them one by one. Then, we'll choose again. This way, we won't go wrong," Mu Zhuang said.

"No!"

Jue Tianhan immediately objected. The rules didn't say so. Li Yunxiao is the first in the martial arts competition, so he can choose first. But he can't be unsealed!

He felt a burst of pride and joy in his heart. Those seals were extremely strong, and he could not see through them at all.

"Yes, it can't be unsealed!"

This attracted everyone's support, and they couldn't help but feel a little excited. In this kind of blind groping, their chances of obtaining good things were also extremely high. There was not much advantage in choosing first.

Mu Zhuang's face turned ugly.

"Haha, everything has to be done according to the rules. If the rules are not stated, they can not be changed at will." Jue Tianhan emphasized once more, using the words "rules" to suppress the matter.

Nanqiu Yu pondered for a moment, and when she remembered that Yunxiao and Jing Qi had cheated, she nodded and said, "Lord Tian Han's words are reasonable. Everything was as he had said before, but these things must not be unsealed. I'm just afraid that if some heavenly treasures are sealed inside, all of the spiritual Qi will instantly disappear once the seal is removed. That would be a great loss."

Mu Zhuang and Yin Hui looked at each other helplessly.

Mu Jie also shook her head. Even with his magical spirit eyes, he could not see through it.

"It doesn't matter if you can't unseal it. I'm going to start choosing."

Yunxiao suddenly said. His eyes flickered, and strange runes rolled around them, as if they could see through the seal.

"Y-you can see through the seal?" Jue Tianhan asked in shock.

it's alright," Yunxiao said with a smile. it's just so-so.

Everyone's expression changed drastically, and their eyes widened.

If they were blind, but someone had seen it clearly, how could they choose? All the good things had to be chosen by him, not to mention that the other party had the first pick!

"You, this Yingluo."

Jue Tianhan suddenly felt as if he had shot himself in the foot.

Chapter 1746-missing treasure

"Young master Yun, what do you plan to choose?" Wan Yiqian asked.

the sword of the true dragon," Yunxiao said without hesitation. it's the sword of the true dragon.

Many people's expressions changed and became extremely unsightly. It was clear that they also desired this sword.

Yunxiao flew out in an instant and began to wander around the entire space at an extremely fast speed.

Everyone was staring at him without blinking.

After the time it took to boil a cup of tea, Yunxiao appeared on the top of the warship again with a somewhat unsightly expression. "There's no true dragon Sword here!"

"What?" Everyone was shocked.

Wan Yiqian was stunned and quickly said,"impossible!" No one has entered this secret treasure ever since our ancestors came in."

of course! nanqiu Yu nodded. the cloud formation outside has not been broken yet, and we don't have the key. It's indeed difficult to enter. Could it be that the true dragon Sword was sealed too well, so you were unable to sense it?"

Yunxiao took out a Jade slip and said, " there are 1773 treasures recorded in the talismans given by brother Yiqian. Your ancestor took five hundred of them back then. So, there should be 1273 left. There are only 1263 items here, ten items missing."

As soon as he said this, everyone hurriedly swept their divine senses over. With the power of the divine senses of these great experts, they naturally could see clearly that there were indeed 1263 pieces.

Everyone looked at Wan Yiqian.

Wan Yiqian asked anxiously,"how did this happen?" The ancestor's record can't be wrong."

although these 1773 treasures are all rare, they can be called Supreme treasures, ” Yunxiao continued. only thirty-two of them can make me drool. The value of these 32 treasures was far above that of the other items. The WAN family’s ancestor had taken away 20 of these 32 treasures without any hesitation, leaving only 12 of them. You’ve all risked your lives to participate in this martial arts competition, and your goal should be these twelve items. I just went around and found that the ten missing items are from these twelve items.”

“What?”

This caused the crowd to be even more shocked. Even nanqiu Yu’s expression changed as she said, ” “How confident are you, young master Yun?”

how confident are you? ” Yunxiao asked coldly. This young master’s wondrous spirit eyes can clearly see what’s inside these seals. How confident do you think I am?”

At this moment, everyone’s eyes fell on Wan Yi Qian, and many of them had killing intent in their eyes.

Wan Yiqian’s body turned cold, but he quickly calmed down and said, ” “This old man has never entered this secret manual before. Even if there is a conflict with the records in the appendix, you can’t blame this old man, right? Furthermore, who among you can say that you can snatch those treasures? most people can only obtain a thousand or so treasures, which is already a great fortune.”

“Brother Yiqian is right, he can’t be blamed for this,” nanqiu Yu said.

Everyone thought about it calmly. This was indeed the case. Even if those ten treasures were still there, they would not be able to get them.

“What are the other two treasures?” Yin Hui asked.

Although he was ranked third, as long as ao Wuxin did not choose him, he would have a great chance. Moreover, it seemed that Yunxiao and Xiao Hong had a very good relationship, and he had a good relationship with mu Zhuang, so he could totally let Yunxiao choose for him.

“Ethereal mystical book and magic stones,” Yunxiao said.

Everyone’s heart skipped a beat. Even if there were only these two items left, they should still be extremely valuable and would make people drool.

Especially that ethereal mystical book, it must be some kind of peerless cultivation technique.

Moreover, the tyrannical body tempering technique of the AO family had also flowed out from here, so it was very fanciful.

“I wonder which one young master Yun plans to choose?” mu Zhuang asked.

He did not feel any heartache about losing ten Supreme treasures, because the first choice had been given to Yunxiao. It was already worth it to win the first place in the martial arts competition and get thirty more spots in Langya heaven.

magic stones! Yunxiao said. magic stones!

He grabbed in the air and a square Jade box the size of a watermelon fell into his hand.

Everyone’s eyes were focused on the jade box. No one knew what the so-called “ Demon Stone ” was, but since it was a treasure, it must be extraordinary.

Many people’s eyes flickered with surprise, not only because of the demon stones, but also because of the rumors that he had a holy weapon. It was almost confirmed, so it was impossible to say that they were not excited.

However, due to his powerful strength and the fact that everyone had received his grace on the Luofu Island, he still had some conscience, so he dispelled the idea.

In fact, Yunxiao also wanted to take a look at the ethereal book, but the demonic stone was too weak.

When he scanned it with his divine sense, his heart couldn't help but beat faster. There was a feeling of rainbow stone inside, and the name bi an.

He could not help but choose the magic stone.

However, his magical spiritual eyes could see through the seal. The stone the size of a watermelon was grayish-white in color, completely different from the rainbow stone, but it gave him a sense of familiarity.

"Wuxin, it's your turn," nanqiu Yu said.

As Wuxin walked out, cupped his fist at Yunxiao, and said, "Young master Yun, may I ask where the ethereal mystical book is? I can't see through these seals, so I hope you can teach me."

Yunxiao chuckled. Wuxin, you're a good boy. But, I'm sorry. You're on your own now.

"Al."

As Wuxin seemed to be mentally prepared. He sighed and started to search by himself. Soon, he found a long box that seemed to contain a Jade slip. He put it away.

After opening it, he saw that it was indeed a Golden Jade slip.

Everyone's faces lit up, but as Wuxin was not excited. Instead, he glanced at Yunxiao and saw a smile on the corner of his mouth. "Looks like it's not."

As Wuxin didn't even look at the Jade slip. He put it away and returned to the warship.

third place," nanqiu Yu said. choose the blue sky sect.

come here, Xiao Hong. Yunxiao waved his hand and said, "I'll teach you."

Yin Hui couldn't stop smiling. He patted little red and said, "Let's go."

Xiao Hong hopped to Yunxiao's side, who raised his hand and made a grabbing gesture in the air. Immediately, a beam of light shot over from the distance and hovered in the sky.

that's it! Yunxiao pointed at the item and said, " I'll choose this one.

"Big brother, I want the magic stones you chose earlier," Xiao Hong blinked.

what? " Yunxiao was taken aback. Xiao Hong, have you noticed something? "

...

Xiao Hong shook her head. I don't know. But I really want that magic stone. I really want it. Big brother, can you give it to me? "

Yunxiao touched her forehead and said, " "I'm sorry, little red, but I can't give you that magic stone."

Xiao Hong's body trembled, and ripples began to appear in its eyes. Circles of black demonic patterns rippled out, as if it was trying to suppress and endure.

Xiao Hong! Yunxiao was shocked. Xiao Hong!

His pupils suddenly shrank, and he hurriedly made a hand seal and sent it into Xiao Hong's body. Seals flew into her major acupuncture points, temporarily sealing the power of the demonic essence.

Xiao Hong squatted on the ground, trembling. After a while, he stood up with tears in his eyes. "Big brother, bad, bad guys almost came again."

Everyone looked at them in shock, somewhat confused.

don't be afraid," Yunxiao said seriously. with big brother here, I'm not afraid of bad people. Take this ethereal mystical book first. We'll talk after we leave."

He planned to ask for help from the lingmu flute. With the lingmu flute's ability, he might be able to expel di ye.

Xiao Hong nodded her head and grabbed the ethereal mystical book.

Everyone was sighing and shaking their heads, lamenting why such a good thing didn't happen to them.

...

The fourth place was Jing Qi's. His face was so gloomy that no one dared to stand beside him, for fear of being involved in the disaster.

He didn't even look at them and just casually grabbed one from the air. He couldn't see through it anyway, so it was the same no matter what he chose.

The people behind him were about the same and didn't have much interest. On the contrary, those small sects were extremely excited.

Half a day later, more than a thousand treasures were all taken away.

Because of Yunxiao's presence, the people of the MU family had basically taken good things. When mu Zhuang saw the depressed looks on the others' faces, he could not help but smile.

the secret treasure is empty," nanqiu Yu said. let's return now. The back of the earth will bring everyone back to big wheel Island. As for the placings to the heaven of Langya, they will all be given away when the martial competition opens."

“It seems like Daren isn’t going back with us?” Wei Shishi suddenly asked.

I suddenly thought of something,” nanqiu Yu said. I have to leave alone. You guys can go first.

Everyone found it strange and was about to ask again when they saw the entire back of the earth start to tremble. It activated the space jump and wanted to use its great power to directly travel through space.

“Swish!”

Rings of light shot out from the battleship, and the huge ship disappeared on the spot.

After losing the boisterous atmosphere, the entire space of the secret item started to become tranquil.

An hour later, a circle of light suddenly rippled at a certain point. The ripple grew larger and larger, and a figure slowly walked out. It was Wu Dacheng.

He held his chin with his hand, tilted his neck, and muttered to himself, “the ethereal technique is nothing, but the demon Stone has been taken away by li Yunxiao. What a pity.

He shook his head. Suddenly, his pupils contracted and he looked ahead vigilantly.

A thousand feet away, in the space where the battleship was, a figure gradually walked out and slowly said, “You took ten treasures for yourself, and you call that a pity?”

Wu Dacheng stared at him for a while and suddenly laughed, “haha, lady nanqiu Yu, are you here to steal my treasure?”

It was nanqiu Yu, who had not disappeared with the warship.

“Although I like the Supreme treasure as well, since you want it, I won’t snatch it from you,” he said calmly. However, I want to know your identity and background.”

“It’s very rude to ask about other people’s privacy,” Wu Dacheng chuckled. I’m very curious as to how Milord knew that I was here. There’s no reason for you to discover me. ”

you’ve indeed hidden it very well, ” nanqiu Yu said. I really didn’t find it.

“That’s Yingluo.”

Wu Dacheng was stunned for a moment. He flipped his right hand and a plate appeared in his palm. He smiled bitterly and said, ” “So it’s this. I actually forgot to throw it away.”

Chapter 1747

1747 Change in mentality

“Yes,” nanqiu Yu replied. I’ve carved an instant teleportation talisman on this command medallion, so I’ve naturally left a mark on it. If it wasn’t for such a coincidence, no one would’ve discovered you. You’re really brilliant.” He sincerely praised.

Wu Dacheng threw the token over and said, ” “I’ll return it to you.”

Nanqiu Yu raised her hand to block it, but it shot back at once, ” “Keep it as a memento,”

Hmph, ” Wu Dacheng said coldly. you’ve already marked it. Who would dare to take it? ” He stretched out his hand and crushed the token into pieces.

it’s fine if you don’t want it, ” nanqiu Yu said. the ten treasures on you will be the condition for me to find out your identity. Is that enough? ”

Wu Dacheng snorted coldly, ”this thing is mine. What do you mean you paid for it?” If you want to know my background, let’s see if you have the ability to do so.”

Nanqiu Yu frowned. Even though the other party's strength was a little strange, if she were to make a move, she would definitely win. She did not know where his confidence came from.

"What? are you scared?" Wu Dacheng chuckled. "Come, let's see how powerful the master of the natural moat ocean is."

"As you wish," nanqiu Yu nodded.

He walked toward Wu Dacheng, and there was no elemental energy fluctuation on his body. He was just like an ordinary person, strolling slowly in the void.

However, Wu Dacheng's expression changed and he shouted, "He's really coming? I'm not going to play with you anymore, goodbye."

A round plate flew out in front of him, and countless golden runes appeared on it. They circled around the round plate, and circles of Maha ancient characters flashed inside, spinning non-stop.

Nanqiu Yu's expression changed and she said in shock, "Universe light plate!"

He disappeared from where he was and rushed toward Wu Dacheng as fast as he could. However, the space around him became extremely strange, and no matter how hard he tried, he was still far away from Wu Dacheng.

Wu Dacheng laughed and said, "the past is the universe, and the four directions are the universe. This universe light plate controls the rules of space. I wanted to have some fun with you, but considering that my strength is far from yours, I'd better leave first. Let's play again next time. See you.

Nanqiu Yu's expression was grave. She drew a circle in front of her body with her hands, and a force rose continuously, reaching a terrifying level in an instant. She struck out suddenly!

"BOOM!"

The laws of space in the surroundings were shattered, and the Maha ancient character on the universe light plate was shattered.

Wu Dacheng's expression changed drastically, and he said in shock, "your strength is incredible!"

Before he could finish, his body had already been teleported ten thousand miles away under the effects of the universe light plate.

Only the shattered Maha ancient character was left on the spot. It gradually turned into tiny golden symbols and disappeared.

Nanqiu Yu's long robe fluttered in the air despite the lack of wind. She looked into the distance with a grave expression. She could no longer sense Wu Dacheng's existence. He must have been teleported far away.

"Who is this Wu Dacheng?"

even if I had a treasure like the cosmic light plate, it would take me a year and a half to refine it before I could use it so easily," nanqiu Yu said solemnly. he actually used it so easily. This man is impersonating Yunxiao, and he seems to know Yunxiao. Even when Jue Tianhan knew that he was an impersonator, he still married his beloved daughter out of Yunxiao. It seems that we will have to start with Yunxiao and Jue Tianhan if we want to investigate this man's identity."

After making up her mind, nanqiu Yu turned and left.

The space of the secret treasure became completely silent, and the air of death returned.

The back of the battleship soon appeared on the big wheel Island, and the sects and sects took their leave one after another. They had gained a lot on this trip and planned to go back to research the treasures.

The sects that suffered the greatest losses were those that lost their elite disciples, and corpse fiend sect.

As soon as the back of the earth arrived on the bigwheel Island, Jing Qi turned into a stream of light and flew away, disappearing into the sky.

Mu Zhuang looked into the distance and said, "young master Yun has thoroughly offended this person. I'm afraid you'll have to be more careful in the future." Why don't you follow me back to the MU family? With young master Yun's talent and intelligence, as long as you cultivate in stealth for a few decades, you'll be invincible in this world in the future."

He valued Yunxiao to an unprecedented level, and his keen intuition told him that the man in front of him would be the Overlord of the heavenly martial realm for hundreds of years to come.

if he could really kill me," Yunxiao said with a smile, " he would not have left.

"That may be true, but Jing Qi is a despicable man, so we have to be careful," mu Zhuang said. Moreover, young master Yun is currently in a quarrel with Wanshan."

"Cough cough!"

it's your own arrangement," Yunxiao interrupted. I've made it clear to you.

Mu Wanshan's face was a little pale. He bit his lips until they were red. He wanted to hold back his tears, but they still flowed.

Mu Zhuang sighed and handed him a Jade slip, I've seen that young master Yun is very talented in mechanical puppets. This Jade slip has recorded some of the questions you've asked, as well as my understanding of mechanical puppets. It's all recorded in detail, and you must not spread it to anyone else.

The people of the MU clan were all shocked. Mu Jie also anxiously said, "Lord patriarch, this puppetry technique is so ..."

“With young master Yun’s talent in this field, it’s a pity that you don’t learn how to make puppets,” mu Zhuang interrupted. Besides, I believe that he won’t tell anyone.”

Yunxiao was also a little touched. He took the Jade slip and said, ” “Thank you. Just take it as I owe the MU family a favor. In the future, if you need anything, you can look for me at any time.”

He didn’t stay any longer. After cupping his fists and bowing, he flicked his sleeves and left.

There were many people on bigwheel Island, and Yunxiao quickly hid his aura and entered the crowd.

The MU clan also released their Mobile Suit, which flew up from the back of the earth and directly fell into the MU clan’s territory.

Mu Wanshan finally couldn’t hold back his tears. He covered his mouth and ran away.

Mu Jie looked at her and seemed a little guilty, but it was only for a moment. She then said,“Lord patriarch, the puppet technique has always been a treasure and has never been taught to outsiders. It’s not that mu Yu is reproaching me, but Lord clan leader is indeed lacking in consideration.”

“I understand what you’re saying, but it’s hard to tell whether what I did today was right or wrong. Let’s wait for time to test it.” Mu Zhuang nodded. Besides, it’s mostly his questions and my insights, so it can’t be considered a leak.”

“Forgive me for saying too much, but Lord clan leader’s attitude seems to have changed,” mu Jie said.

The surrounding people of the MU clan held their breaths and couldn’t help but break out in a cold sweat. Mu Jie’s words were extremely impolite. It could be considered as offending one’s superior. In the MU clan, which had extremely strict rules, she would be punished.

Mu Zhuang wasn’t angry. Instead, he smiled and said,“Haha, really? I’m also aware that perhaps I’ve been sealed off for too long, or perhaps I’m getting old. This martial arts competition has made me feel like a frog at the bottom of a well. Not only me, but the entire mu clan and even the entire hidden sect are the same.”

The people of the MU clan in the surroundings widened their eyes in shock. They looked at each other, as if they couldn't believe that these words came from the mouth of their clan leader.

Mu Jie frowned and said, " Lord clan leader, you don't have to be so depressed. This li Yunxiao is just a unique and monstrous existence on the heavenly martial continent. There are no other experts on the heavenly martial continent except for him.

"Oh, really?"

"What about Xiao Hong?" mu Zhuang asked indifferently. What about Wu Dacheng?"

...

"This bi an ..."

Mu Jie was stunned for a moment before she said, " Xiao Hong only got third place because of her relationship with li Yunxiao. As for Wu Dacheng, he's gone without a trace. God knows if he's Dead or Alive.

no! mu Zhuang shook his head and said, " don't forget that even li Yunxiao is very afraid of these two. Xiao Hong's white flames were extremely terrifying. Wu Dacheng's peerless movement technique was even more unheard of. I've been thinking, could the ten treasures that disappeared from the secret treasure of the true dragon be related to Wu Dacheng?"

that's impossible!

Mu Jie jumped in shock and shook her head repeatedly,"That's impossible. The formation there was still intact, so even nanqiu Yu could not enter. Wu Dacheng's movement technique is only powerful. Lord patriarch, you've overestimated him."

"If it's only his movement techniques that are powerful, would that old fox Jue Tianhan marry his daughter to him?" mu Zhuang asked.

Mu Yu was instantly rendered speechless. He said in a daze, "Maybe, maybe I was just confused."

Mu Zhuang laughed coldly and said, "do you even believe this explanation?" In this world, the result of being muddled once could be a disaster. The reason why the Dragon's Tooth villa has been able to survive until now is because Jue Tianhan has never been foolish."

Mu Jie shook her head and said, "no matter what, I still can't believe that the disappearance of the treasure is related to Wu Dacheng." If he really did take it, why did he only take ten and not all?"

Mu Zhuang faintly spat out two words, "Time."

don't forget, " he continued, " Wu Dacheng hasn't broken a single formation eye, which will certainly arouse suspicion. But even so, he still didn't break the formation because there wasn't enough time. Although I don't know how he entered the cloud formation, I'm sure he'll need a lot of time. In addition, those treasures are all sealed, so I don't think he can get all of them at once, so he needs time."

...

"If that's the case, why didn't he take away all 1200 items?" mu Jie asked.

"It doesn't matter if he's missing ten pieces," mu Zhuang said. "No one will even suspect him. But if all of them are gone, I'm afraid that the entire hidden sect will go crazy, and he won't be able to escape."

"Lord clan leader's analysis is indeed reasonable, but I still can't believe it," mu Jie shook her head and said.

Mu Zhuang laughed, "hehe, things will always develop in the worst direction. I'm almost certain that Wu Dacheng was the one who took the ten treasures!" Nanqiu Yu's so-called last minute matter is probably to investigate this matter."

Mu Jie pondered for a while. even if my guess is right, clan leader, these three are special cases. I'm afraid it's hard to find such a monster on the heavenly martial continent.

Mu Zhuang looked at him meaningfully and said, the heavenly martial continent has such a monster. This proves that their fate has not ended.

“What do you mean, Lord patriarch?” mu Jie’s heart skipped a beat.

“Let’s go back first. I’ll consider whether I should leave the heaven Alliance,” mu Zhuang said.

All the members of the MU family were shocked and confused. If the MU family left the sky Alliance, it would be a big deal in the hidden sects. It would directly affect the balance of the Tiandi Alliance and cause another storm.

Chapter 1748

1748 Nine Heavens and ten lands

Yunxiao landed on bigwheel Island. In order to avoid trouble, he suppressed his aura and made it look like he was only a Martial Emperor. Then, he headed for the Jade drop sect.

The Azure heaven sect also had its own territory, so the disciples all recognized him and hurriedly reported to him.

Soon, an elder-like person left and cupped his fists. I’m Chang Zi ‘an from the bi Luo sect. Greetings, young master Yunxiao.

I’ll have to trouble you to inform me, ” Yunxiao said. I want to see Xiao Hong.

I’m really sorry, ” Chang Zi ‘an said. the sect master and miss Xiao Hong have already left through the teleportation array.

“What? So fast?”

Yunxiao was taken aback and a little suspicious. “But I didn’t see anyone from your sect leave.”

Chang Zi 'an laughed, " the sect master and miss Xiao Hong have really left. With young master Yunxiao's wondrous spiritual eyes, I would not dare to lie to you. If you are interested, you can come to the Azure sea tide to have a chat. The Azure heaven sect would welcome you with open arms.

"The Jade Sea tide?"

That should be the location of the Jade drop sect. Yunxiao pondered for a moment and said, " "In that case, I'll have to trouble you."

He had to think of a way to take Xiao Hong away and force di ye out. He naturally couldn't do it alone, but there might be a way with mu lingdi.

Chang Zi 'an was taken aback. He had just invited Yunxiao out of courtesy, but he did not expect Yunxiao to really go. However, he did not show any dissatisfaction on his face. On the contrary, he said with a very warm smile, " haha, young master Yun, please come in. If the sect master and miss Xiao Hong know about this, they will be very happy.

He immediately arranged for someone to take Yunxiao to the encampment of the blue sky sect, while he hurried to contact Yin Hui.

With his status, it was certainly not a problem for him to bring someone back, but Yunxiao was not just anyone. He had to inform his superiors as soon as possible.

Yunxiao did not have to wait long before he saw Chang Zi 'an, who came in a hurry, seemingly full of thoughts.

"What, could it be that Yin Hui doesn't welcome me?" Yunxiao asked first.

Chang Zi 'an was stunned for a moment, then he laughed, " haha, young master Yun, you're really good at joking. How could that be possible? "

I saw that you looked normal before, Your Excellency," Yunxiao said. but after I went to inform you, you became a little absent-minded. I thought it was because Yin Hui did not like me.

Chang Zi 'an's body trembled, and shock flashed through his eyes. He forced down the shock in his heart and smiled awkwardly, "Haha, how is that possible? how is that possible?"

However, his expression was extremely unsightly, and beads of sweat were flowing down his cheeks.

Yunxiao had seen all of this, and he knew that something must have happened. But, since Yin Hui did not want to say anything, he did not bother to point it out. He had to take Xiao Hong away, and no matter what Yin Hui thought, he had to go to the Azure heaven sect.

Chang Zi 'an hurriedly led the way in front. He felt that his whole body was soaked in sweat. The person in front of him was even more terrifying than he had imagined. He didn't know if the sect leader's decision was right or wrong.

Soon, the two of them arrived in front of a small teleportation formation. It was only a few feet wide, and the number of people that could be teleported each time was limited.

Chang Zi 'an said, " this small teleportation formation is unique to our blue sky sect. It's not under the management of the big wheel Island. It's forbidden on the island. But we hid it well and we have enough strength. Even if the big wheel Island knows, they can only turn a blind eye. The sect master and Xiao Hong were teleported away from here, so young master Yunxiao didn't notice it. "

Chang Zi 'an explained with a smile, and his expression improved.

"Let's go," Yunxiao said. He stepped into the transfer array.

Chang Zi 'an immediately ordered people to activate the array.

what? " Yunxiao frowned and asked, " my Lord, aren't you going with me? "

I still have things to deal with, ” Chang Zi ‘an hurriedly said. I’ll go later.

the blue sea tide is so big, ” Yunxiao said. what if I get lost? ”

Chang Zi ‘an laughed. this is a fixed teleportation formation. It will definitely appear directly in the bi Luo sect. Young master Yunxiao, you don’t have to worry.

I’m a timid person by nature, ” Yunxiao said. please accompany me, my Lord. He clenched his fingers, and a strong suction force spread in the air, dragging Chang Zi ‘an over.

Chang Zi ‘an was shocked and hurriedly said, ”let go, let go!” I really have things to take care of, my Lord!”

However, no matter how much he struggled, he still fell into the teleportation formation, and his face instantly paled.

The light of the magic array appeared in the surroundings, and the two figures disappeared in an instant.

A few hours later, on a Barren Island, a beam of light flickered, and then Yunxiao and Chang Zi ‘an appeared.

Not a blade of grass grew on the island, and the ground was very hard, which was somewhat similar to the Luofu Island.

Moreover, the ocean stretched as far as the eye could see outside the island, and it was impossible to tell the direction.

and you said you won’t get lost? ” Yunxiao said. Lord Chang Zi ‘an, you lied to me. The sect grounds of your hidden aristocratic families are all very secretive, so hidden that I can’t find it. Daren, please take me into the bi Luo sect. ”

Chang Zi 'an's expression was extremely ugly. He opened his mouth and stammered for a while before suddenly turning into a ray of light and flying toward the distant seaside.

slow down," Yunxiao sneered. I can't keep up.

His body gradually turned into lightning as he looked at Chang Zi 'an coldly. His opponent only had the strength of a Peak Eight-stars martial sovereign, so it was impossible for him to escape from his grasp.

Just as he was about to teleport and give chase, a layer of multicolored light suddenly appeared in the sky above the sea several thousand feet away. It directly blocked Chang Zi 'an's escape light and sent him flying back several hundred feet.

Chang Zi 'an's face was filled with fear and he shouted, "sect master, it's me. Let me out!

No matter how much he begged, there was no response from the surroundings. He tried to break through several times but was bounced back by the defense.

Yunxiao was taken aback for a moment. Then, all the Thunderbolts on his body disappeared, and he returned to his normal state. He looked coldly at the man who was wailing and struggling.

Suddenly, a sigh could be heard, "Zian, why did you come here with li Yunxiao when you know this is a dead end? I'm very touched by his spirit of sacrificing his life for justice."

A figure slowly appeared in the distant sky. It was Yin Hui, his hands behind his back and his face expressionless.

I didn't come here of my own will, sect master," Chang Zi 'an said hurriedly. it was li Yunxiao who dragged me here. Quickly open the defense and let me out.

"I see," Yin Hui said,"I thought it was strange. When did you become so enlightened?" But, I can't turn on the shield. Yunxiao is ten times faster than you, and if I let you out, I won't be able to trap him."

Chang Zi 'an was so anxious that he almost cried, " "Then, then what should I do? When can we go out?"

you'll come out when li Yunxiao dies," Yin Hong said. you'll be able to come out.

Chang Zi 'an's face became extremely ugly, and he said in a trembling voice, " "Y-Your Excellency, if we activate the killing formation, Zian might die before him!"

...

Yin Hui sighed,"Zian, I can't bear to leave you." However, things in the world often don't go according to one's wishes, even I can't help it. "

A cold voice came from the side and snorted, " "Are you still saying goodbye to your subordinates? He's just an eight-stars Martial Emperor's Lackey, and it's his honor to die with Yunxiao."

Yunxiao's pupils constricted. The space next to Yin Hong turned, and a young man with a cold face walked out. It was Jing Qi.

Chang Zi 'an's face was filled with despair, as if he knew that he was going to die.

Zian, don't worry," Yin Hui said. I'll take good care of your family.

Chang Zi 'an cried and bowed, " "Many thanks, sect master."

just the two of you?" Yunxiao said coldly. just you two?" "You want to kill me with a formation?"

"Although young master Yunxiao's strength is shocking, you shouldn't overestimate yourself," Yin Hui said. The nine Heavens ten earths killing formation around this Island can't compare to the ancient killing formation, but it's enough to kill you."

Yunxiao's face flickered. the nine Heavens and ten earths killing array of the royal family of the North Sea?!

"Young master Yunxiao, you are indeed knowledgeable," Yin Hui said.

is the royal family of the North Sea here too? " Yunxiao asked. is that so? "

...

Suddenly, the waves on the sea churned, and a huge killer whale emerged from the surface of the sea. A water column that was thousands of feet high shot up from the back of the whale, and several figures flickered on top of it. It took a few moments for the figures to become clear.

A man, served by two attendants, sat on a throne in a natural and poised manner. He poured himself a cup of wine and tasted it. He smiled and said, " although the royal family is here, they have no ill intentions towards young master Yunxiao. They only lent out this array, so they came to take a look.

A young man stood beside the man. His face was cold and stern, and he exuded a sinister aura. It was none other than the person he had fought in Seawood town, leap sect.

the Lord of the North Sea? " Yunxiao asked. the Lord of the North Sea? "

The man smiled. young master Yunxiao, you're flattering me. The Lord of the North Sea is my elder brother. I'm runtong. This young master Yunxiao should still remember, right? This little nephew is called Ruizong."

The expression on leap sect's face was extremely complicated, gloomy, and uncertain. His heart was in turmoil. After they parted in Seawood town that year, Yunxiao had already become a peak nine-stars Martial Emperor.

that's strange, " Yunxiao said suspiciously. it's only been a short time since we left the secret treasure, and you've already made an agreement to deal with me? and you still have time to go to the North Sea to borrow the killing array? "

RUO long laughed, "I'm not sure about that. I'm only here to set up an array and see how strong it is." As for who you're going to deal with, I just found out about it. Coincidentally, you're familiar with the person who came with me, leap sect."

then, can you explain it to me, Lord Yin Hui?" Yunxiao asked.

Yin Hui said, "it's actually very simple. I've already set up to kill you when I was on Luofu Island." Originally, I was worried that I wouldn't be able to lure you here, but I didn't expect you to come to me on your own initiative. This really saves me a lot of trouble, thank you very much." His face was full of sincerity, and he thanked her very seriously.

'You're welcome,' Yunxiao said. Then why do you want to kill me? Who's the main instigator, or are you all taking what you need?"

"It's hard to say for sure about this Wufu," Yin Hui said. "In short, we'll just have to kill him."

'Isn't this too careless?' Yunxiao said gloomily. No matter what, it's still murder, so at least you have to find a better reason."

"The reason is that you deserve to die," Jing Qi said coldly.

alright, " Yunxiao said helplessly. pretend I didn't ask that question. One last question, are you really confident that this Nine Heavens ten earths killing formation can take my life?"

Chapter 1749

1749 Golden flag of chaos

RUO Xiao poured a cup of wine and slowly savored it. She smiled and said, "Of course, I'm very confident in this formation. It's the number one killing formation of the four Seas. Otherwise, how would I dare to leisurely sit here and taste wine?"

even if this formation can't kill you, it'll at least injure you all over. If we attack you, we'll almost certainly win, " Yin Hui said.

you two salted fish?" Yunxiao asked. what are you doing? "

Yin Hui and the others were all speechless. The two of them were Saints and almost Lords of the world. This was the first time in their lives that they had been called salted fish.

"It doesn't matter," Yin Hui said,"just treat us like salted fish." However, it's not just two of us. There are many of them."

He tapped it with two fingers, and with a " PA " sound, there were ripples in the air.

People kept appearing in the sky. Other than the experts from the Jade drop sect and corpse fiend sect, there were also people from other sects.

Yunxiao was taken aback. A total of forty-three people had come out. At a glance, he found that the lowest cultivation base among them was a high-level martial sovereign, while twelve of them were peak nine-stars martial sovereigns. Three of them were the Masters of a sect he had seen in the secret treasure!

Those people had all received the benefits brought by Yunxiao's advancement on Luofu Island, and they looked somewhat apologetic.

Two divine transcendence experts, twelve peak nine-stars experts, and thirty-one high-level martial sovereigns. Such a powerful force was enough to destroy any sect!

Even RUO long was taken aback. She looked on with a face full of shock and said in a daze, " this, this, they actually used so much battle strength for this person. Is this person really that powerful? " He looked at Yunxiao in confusion.

"Great uncle, this person was only a mid-stage martial Supreme when we were in Seawood town, but he was able to fight against the lightning Tiger and fire leopard," Ruizong said.

Run long was shocked, "I've also heard you say it before, but it's too unbelievable." In order to kill him, all the high-level members of the heaven Alliance have been mobilized?"

Yunxiao's pupils constricted as he said in a cold voice, "The one who wants to kill me is the sky Alliance?"

Yin Hui looked at RUO long with a reproachful look and said, "Since you already know, I won't hide it from you. Although this King is coveting the treasures on you, you've helped Xiao Hong a lot in this martial arts competition, after all, and we're all indebted to you. I won't return kindness with enmity, but the heavens have given orders, so we have no choice."

who is a divine being? " Yunxiao asked. why did he want to kill me? "

"I'm not sure about that," Yin Hui said.

even if it's the heaven Alliance, it's just an Alliance, " Yunxiao said. I don't believe you will listen to the words of the gods.

"Ahem ahem ahem ahem ahem ahem ahem ahem ahem ahem."

Yin Hui coughed twice and said, "people, of course, won't wake up early if there's no profit." The heaven expert promised that he would only take one of your treasures, and the rest will be ours."

"Oh, what do you want?" a Saint artifact? " Yunxiao was puzzled. a Saint artifact? "

As soon as these two words came out, everyone felt their blood heat up. The little bit of guilt they had disappeared, and their eyes shot out greed.

"We don't know, but I think so," Yin Hui said.

Jing Qi had been impatient for a long time. He reproached, "Are you done? Quickly kill him, I want him to be refined into a zombie puppet and be under my control for all eternity!"

Yin Hui nodded and cupped his fists. young master Yunxiao, I'm going to activate the formation now. Take care.

take care, your sister! Yunxiao cursed. take care!

Chang Zi 'an's face turned ashen. He swayed in the air and flew back to the island, his eyes full of despair.

Yin Hui waved his hand, and a small golden flag appeared in his hand. He threw it out.

Suddenly, the entire island's climate changed, and the bright environment instantly darkened. A cold wind blew, and the figures of Yin Hui and the others disappeared.

Yunxiao! Chang Zi 'an cried out in horror and hurriedly leaned behind Yunxiao, as if it was safer this way.

you're dead for sure, " Yunxiao said. what are you afraid of? "

Chang Zi 'an's face was pale and he cried, " "Lord Yunxiao, I'll be extremely grateful if you can save my life. Even if I have to give you all my resources, I'll be happy to do so."

don't be like this, " Yunxiao said. this array is extremely fierce, and I can't take care of you. You'd better stand far away. Even if you die, stay away from me.

He lifted his leg and kicked.

How could Chang Zi 'an block it? he was kicked in the chest, and he flew out with a scream.

Chang Zi 'an spat out a mouthful of blood and flew into the wind. When he landed on the island again, he was already dead.

Yunxiao's pupils constricted as he looked into the cold wind. He saw that it was filled with an extremely violent power, rolling and rolling, and the amount was increasing.

He didn't use too much strength in that kick, so Chang Zi 'an would at most be slightly injured. However, he didn't expect to come into contact with the yin wind and die with a touch, so he had to be careful.

He had only heard of the nine Heavens and ten earths killing formation when he was in the light, but he had never seen it before. The cold wind seemed to contain an extremely strong evil Qi. Just by looking at it with his wondrous spiritual eyes, he felt that his spirit was somewhat hazy.

He hurriedly retracted his gaze and suddenly struck out with a palm.

Suddenly, the divine fire astral wind turned into a huge wheel of Wind and Fire in front of him and slashed forward.

"Boom boom boom!"

The huge wheel flew into the yin wind and instantly split open a path. The haze that filled the sky was continuously dispersed by the Wind and Fire.

"What?"

Yin Hui, who was in the sky, was shocked. "It's so easy to break?"

RUO long was also taken aback, and hurriedly said, what the hell? that Wind and Fire magical power is extremely strong. It can actually split this Yin fiend. Hurry up and throw the chaos golden flag down!

Yin Hui cast several incantation seals, and the small golden flag that was hanging in the air immediately fell.

A huge golden light pierced into the array, and its vast power spread out in all directions, instantly extinguishing Yunxiao's Wind and Fire.

The baleful yin force circled around the Golden flag and suddenly turned into nine gray Dragons that roared down.

When the Golden flag of chaos was planted in the ground, a vast golden light filled the entire array, and Yunxiao felt an irresistible pressure coming at him.

The golden light covered his entire body like an invisible chain, completely locking him in.

The nine gray Dragons roared as they descended.

“BOOM! BOOM! BOOM!”

...

One after another, they rushed into his body, and Yunxiao’s face turned ferocious and terrifying as he roared in pain.

His entire body suddenly exploded, turning into a cloud of dancing lightning.

The nine Dragons appeared once more and chased after the green lightning.

The green Thunder was suppressed by the golden light and its speed was extremely slow. A mass of demonic essence appeared in the green Thunder and grew larger and larger. In an instant, it reached the sky and turned into a true demonic giant spirit. It raised its hand and pressed down on the nine Dragons.

“BOOM!”

A palm struck down from a hundred thousand feet high in the sky, directly scattering a gray Dragon. It was jolted into the ground of the island, and countless gravel flew up.

The surroundings of the giant pit had turned gray, and the brown rock layer had completely decayed.

The true devil giant spirit raised its hand again and slapped at another gray Dragon.

The seven dragons circled around the demonic shadow and attacked it continuously, but they couldn't disperse the demonic aura. The gray Dragon that was attacked actually fled in the direction of the Golden flag of chaos.

"BOOM!"

However, it still couldn't escape its fate. It was smashed into pieces by a huge demonic seal in the air, exploding into a cold wind and dissipating.

...

Yin Hui and the others were dumbfounded as they watched from the sky.

The green Thunder came back to its senses from the gray Dragon's attack and transformed into Yunxiao's appearance in an instant. It had three heads and six arms, and its six hands quickly formed seals.

Three huge seals condensed above Yunxiao and merged into one. An even more dazzling golden light appeared and then slammed into the Golden flag!

"Roar!"

A huge roar came, and the three seals combined together. A huge Dragon soared into the sky, its face full of ferocity. It seemed to contain extreme anger, and its light was brilliant.

"BOOM!"

Everyone watched in shock as the Golden Dragon crashed into the chaos golden flag, sending out a Golden Wave that spread in all directions.

Yunxiao was the first to be hit, and he was forced to retreat by the backlash.

The entire Island crumbled under the Golden Wave. Even the seven gray Dragons were constantly transforming and disintegrating, dissipating into the most primitive Yin wind.

After the terrible shock, Yunxiao's face darkened. The small golden flag was gone, but it had turned into nine big golden flags, which surrounded him like iron buckets.

Furthermore, the entire world had disappeared. The sea, the sky, Yin Hui, and the others had all disappeared, leaving only these nine huge flags that stood there strangely. The patterns on the nine flags were all different.

Above the sea and the sky, Yin Hong and the others saw another scene. The entire Island was completely destroyed by the Golden waves, and as the golden light swept across the sea, Yunxiao and the true devil disappeared, leaving only the Golden flag of chaos standing above the sea, with circles of golden waves spreading out from it.

"W-what's wrong? Is li Yunxiao dead?"

Yin Hui said in shock, his face full of shock.

Jing Qi didn't look too optimistic either. He stared down vigilantly, in case he attacked at any time.

But, after a while, Yunxiao was still nowhere to be seen. Only the Golden flag was still emitting golden waves.

RUO Long's mouth was also wide open, her hand still holding a wine cup. She didn't move at all and said awkwardly, "It, it's sucked in, Yingluo"

Leap sect swallowed with difficulty and said, "Uncle, what do you mean? Is that Li Yunxiao dead?"

"He's not dead yet, but he won't be far from it." RUO long shook her head.

Yin Hui also flew over and landed on the pillar of water that the killer whale had shot out. "What's going on?"

RUO long pointed at the mixed gold flag and said, "This flag is born by absorbing the resentment, hatred, death, anger, and other negative emotions of countless creatures in the four Seas. It is indestructible by itself, and ordinary peak nine-star experts can't withstand the evil Qi of the nine Dragons at all. But, Yunxiao destroyed it easily and attacked it with his vast power, which then led to him being absorbed. Now, he's dead for sure, and the troublesome thing is that everything on him will be destroyed.

Impossible! Yin Hui's expression changed. He has a Saint weapon!

RUO long frowned. A Saint artifact is indeed very special. I've never encountered such a situation before. However, there's definitely nothing other than a Saint artifact.

"Can you release it when you're about to die or just died, so as not to destroy your personal treasures?" Yin Hui muttered. He seemed to be a little unwilling.

Chapter 1750

1750 The method to break the formation

"You're too naive," Runchen Xi said. This golden flag of chaos only goes in and not out. The things inside will definitely turn into endless hatred, death, and anger.

This is troublesome," Yin Hui said. How should I explain this to the Celestials?"

It's up to you how you want to explain it," Runchen said. When that Li Yunxiao is completely gone, I'll take the Golden flag of chaos back to report on my mission.

He gradually calmed down, leaned back on the throne, and continued to taste the wine. However, his eyes were clear, as if he was thinking about something.

Jing Qi's face was full of death. He stared at the Golden flag and said, "How does it completely melt?"

"When those golden waves disappear, it means that the item inside has been refined." Looking at the strength of the waves, I'm afraid it will take a while."

Everyone looked over and saw that the Golden ripples were powerful and clear as they spread across the sea.

"My Lords, you may return first. Yunxiao is dead for sure after entering the Golden flag of chaos, and even I can't save him, so you can rest assured."

I'm not at ease at all," Jing Qi said coldly. don't overestimate your profound level weapons. I'll wait here and see if he'll really die."

let's wait for him to die before we leave," Yin Hui agreed. that's safer. After all, that kid is too freakish.

RUO long was rather unhappy, but it wasn't appropriate for her to refute everyone's face. She snorted lightly and started drinking by herself, too lazy to pay attention to everyone.

At this moment, Yunxiao was sitting cross-legged in the middle of nine huge golden flags. Waves of mighty power surged from all directions, turning into circles of ripples.

"This kind of power ..."

His body swayed along with these golden waves, and the frequency became more and more in tune with them. It was as if he was about to merge into them, and his mind was hazy and his will was unstable.

"It's too strange."

Yunxiao's heart skipped a beat. He immediately performed an incantation gesture with one hand, and demonic runes gushed out of his body to protect himself.

Many of the Golden ripples were devoured by the mo matrix, but some were still reflected back. Immediately, the energy in the entire space began to become chaotic.

"These golden waves are light."

He pointed in the air, and a yellow light flew out from the tip of his finger. It slowly grew larger, blooming with a sparkling light.

It was the great sorrow sunset Cloud Mirror. With the incantation gesture, the entire mirror split into two, then four, and soon countless mirror surfaces were formed, which then condensed into dozens of rhomboids, which slowly flew down and landed around Yunxiao.

Those golden waves rippled on the prism and were immediately reflected. For a moment, the ripples in the entire space became chaotic and the entire space began to tremble.

Yunxiao was protected by more than ten mirrors, and there was not a single ripple in the air. It was the most stable place in the space. Outside the prism, the ripples were constantly colliding with each other.

On the surface of the ocean, the waves around the Golden flag of chaos suddenly became chaotic, showing different ripples and becoming a little rushed.

"What's going on?"

The crowd immediately noticed the abnormality. RUO long hurriedly observed and then said, "It's fine. That li Yunxiao is using all his strength to resist the melting power of the Golden flag. It may take some time, but it's still in vain.

Yin Hui and the others weren't so optimistic. They just said indifferently, "I hope it will be as you wish."

Run long was a little unhappy and snorted, "If you don't have confidence in me, why did you come to the North Sea to borrow the array?"

Yin Hui smiled. Caution is the parent of safety. It's not that we don't have confidence in you. We just want to make sure everything goes well.

Inside the Golden flag of chaos, Yunxiao was also thinking.

The light waves emitted by the nine golden flags were all reflected back by the mirror of great sorrow. This way, the two forces collided with each other and did not dissipate. This way, the energy accumulated in the space would increase and eventually reach the limit.

The great sorrow sunset Cloud Mirror was like a dam in a River. Although it was blocked for a while, as long as the river water continued to accumulate and rise, it would eventually collapse.

"If this continues, one of the nine golden flags or the sunset Cloud Mirror will be destroyed first. Just now, when I combined my three seals to bombard the Golden flag, I was actually unable to injure it. I'm afraid that the sunset Cloud Mirror will be the first one to be unable to withstand it."

Yunxiao was a little worried. He raised his hand, and the Tusita heavenly peak turned into a five-colored light and flew out, smashing into one of the flags.

"BOOM!"

The flag was smashed into pieces and turned into countless golden light spots.

However, in an instant, the Golden specks of light gathered together again and formed a huge flag, just like before.

At this moment, Yunxiao's expression finally changed. He immediately understood that these nine flags were just illusionary shadows, and only one of them was real.

His pupils contracted as he used the power of the lunar pupil to look over. He immediately noticed that one side of it was different from the others. He laughed proudly and smashed the Tusita heavenly peak down. let's see how you can recover this time!

“BOOM!”

The Golden flag also crumbled, and countless golden lights scattered.

However, in the blink of an eye, it condensed into a flag again, exactly the same as before.

“What?”

Yunxiao was taken aback, and it was only then that he realized that the flag in front of him was also an illusion. He swept his gaze around and saw that the real golden flag had already become the one beside it.

so all nine incarnations were fake, and all nine incarnations were real. We're in big trouble now.

Yunxiao's expression changed several times. Unless he had the power to destroy all nine golden flags at the same time, he could not break the array.

At this moment, the light waves were continuously being deposited. Although the speed was very slow, there would come a time when it was filled. If the mirror of great sorrow was broken, then when the vast power surged over, he was afraid that he would be crushed into pieces in an instant.

the accumulation of these light waves is also an impact on the nine golden flags. If I release all nine attacks at the same time when the mirror of great sorrow can't hold on, I should have a high chance of winning.

He immediately asked che you and the others to come out of the divine realm tablet, explained the details one by one, and assigned them their tasks.

Yunxiao and Beiming Nan's strength was second, and they each attacked one of the attacks.

After the crocodile absorbed the astral wind giant spirit, its power had been increasing continuously. It was already above the others and was now the main attacker.

Bin Chen's unparalleled divine body had also opened six gates. He was stronger than ordinary peak nine-stars and focused on one Dao.

Even though the evil spirit had possessed Yao An's peak nine-star body, it was still an external body. After DarkThunder stepped into tier 9, it lost its opportunity and had been stagnant all along.

Their combat strength was extraordinary, but they mostly relied on their immortal bodies and Thunder incarnations, which made them slightly weaker in terms of attack. So, Yunxiao asked them to join forces and attack one of them.

...

The heaven-patrolling bull was a divine Phoenix with extremely strong abilities. It also attacked one Dao alone.

The combination of Calabash Little King Kong's Vajra fist and ice fiend Heart Flame was also extremely fierce in a single attack, but Yunxiao was a little worried. So, he had the water immortal and the transcendent cultivator work together on his left and right, while the three of them attacked together.

The water deity was very surprised by this puppet. She looked at it curiously and patted it left and right.

The eyes of the gourd Little King Kong kept following her, making her laugh.

Lastly, Chen Yunyu and Su Lianyi were left behind as backup in case something unexpected happened.

With this arrangement, it was almost foolproof. Yunxiao was immediately relieved, and he began to regulate his breathing in the array formed by the sunset Cloud Mirror while waiting for time to accumulate.

Everyone sat in a circle in the space and waited quietly. The waves outside the mirror reflected the great sorrow sunset Cloud Mirror at a faster speed, just like a pool storing water, and more and more water was produced.

Suddenly, a ray of light flickered among the crowd and gradually condensed into an imposing figure.

“Sir!” The few of them exclaimed at the same time.

my Lord, ” Yunxiao said in surprise, ” is this body suitable for you? ”

The person who came was mu lingdi. He nodded slightly and said, ” “It’s almost done. This divine steel body is even tougher than before. The only regret is that I can’t cultivate it. However, a hundred thousand years have passed. To be able to live once more is already a blessing from the heavens.”

...

the heavenly Dao is impermanent, ” Yunxiao said with a smile. I don’t think you could have dreamed of such a scene, my Lord.

Lingmu di also gave a rare smile. He looked around and said, ” “What’s wrong? are you trapped by the formation?”

Yunxiao gave him a brief account of the situation.

Lingmu di nodded. your idea is feasible. When the mirror of the evening clouds of great sorrow can’t resist it, the nine golden flags will be almost finished as well. How can they withstand a blow from you people? ”

it would be even better if my Lord is willing to help, ” Yunxiao said with a smile. it’ll be great if you can.

that’s good, ” lingmu di said. I’ll be the second-string then. I’ll make a move if something goes wrong.

Yunxiao was overjoyed and quickly thanked him. Now, with mu lingdi, su lianyi, and Chen Yuyu as the second line, it was almost foolproof in case of any mishaps.

“What about the land of ten thousand spirits?” asked lingmu di.

Yunxiao told him the details, especially about Xiao Hong.

Lingmu di also frowned and said, ” “The demon master’s clone and the rainbow stone have combined? It’s indeed very troublesome, and it’s almost impossible to separate them.”

what? ” Yunxiao’s heart trembled. even you can’t do anything about it, my Lord? ”

“It’s almost impossible to do it under this sky,” lingmu di said. Back then, it took almost the power of an entire world’s powerhouses, with countless casualties, to suppress and dismember the demon master. It’s really strange that the rainbow stone has developed intelligence on its own.” He held his hand and placed a finger on his cheek, as if he was thinking about something.

I hope your Excellency can teach me a way, ” Yunxiao said firmly. I’ll give it a try no matter what!

Lingmu di thought for a while and said, ”let’s not talk about this for now. I’m very interested in Wu Dacheng, who has the true dragon Dharmakaya.” How could one comprehend the second true dragon Dharmakaya without the Supreme bloodline of the true dragon? Mr. Cheyou, what do you think?”

Che you was also confused, he shook his head: ” “If I knew, I would have completed my Dharmakaya long ago, and I wouldn’t be far from becoming a true dragon.”

there are so many interesting things, ” lingmu di laughed. if there’s a chance, I’d like to meet this man.

I want to, too," Yunxiao said hatefully. I just don't understand why he has to pretend to be me to cheat me every time. Isn't he ruining my reputation?"

reputation is nothing but fleeting clouds," lingmu di said. why do you care so much about it?"
