### Chapter 1761

#### 1761 The battle of the heaven Alliance (9)

Everyone present was a master. Although many people were injured in the previous battle, they had recovered a lot after a little adjustment. At this moment, under the terrifying aftermath, no one was killed, but many people's injuries were severely aggravated.

The corpse fiend sect suffered the most. After the motionless forest was summoned, it had been anchored in the distant sky. Swept by the terrifying aftermath, a large number of martial artists exploded and died on the spot. They didn't even have the chance to become corpse fiends.

The DarkThunder was the closest to the two, and it was instantly smashed into bits of golden lightning. After the energy surged, it reappeared a thousand feet away, also spitting out large mouthfuls of blood.

The crocodile had managed to escape Xiao Hong's attack, but it had also lost its divine flames and physical particles, so it had returned to its astral Wind Spirit form. It had just caught its breath when it was instantly shattered again. When it reformed, it was in a daze and was severely injured.

The only one who was fine was the calabash little Vajra. His body of divine refined steel was the strongest in the world, and he was actually fine after taking the terrifying impact!

"Pfft!"

Yunxiao also coughed up a mouthful of blood as he was sent flying backward.

The heavenly Sword picture was instantly dodged, and everyone's swords flew back to their Masters. The 36 Northern heaven frigid star swords also fell into the sea.

Xiao Hong stood on the spot without moving, but the demonic patterns on its body were all in disorder, and there were shocking wounds everywhere. Even though the blood that flowed out was red, it was extremely strange. It was bright red like crystal.

“Pfft!”

Xiao Hong held it in for a long time, but he still spat out a mouthful of blood and coughed continuously.

The mo matrix on his body flowed into his body through his wounds and disappeared in an instant. However, the wounds were still numerous and did not seem to heal easily.

“Strong, so strong, so strong!”

This was the thought in everyone’s mind at this moment as they looked up at the sky in horror.

Che you even cursed, ” f \* ck! When did he learn such a terrifying sword intent? it’s even above mine!

Everyone recalled that moment and felt a lingering fear in their hearts.

In the sky, the calabash Little King Kong instantly turned into a stream of light and flew away, catching Yunxiao who had been sent flying.

Yunxiao kept coughing up blood, and his body flickered with a golden light. Fortunately, he had opened the six gates of the divine body, which gave him a physical body strong enough to compete with a peak Martial Emperor. Otherwise, the consequences would have been unimaginable if he had been shaken by the blow just now.

Yunxiao pushed away the calabash and stabilized his injuries, then took out a large number of heavenly materials and earthly treasures and began to devour them.

At this moment, the power of the imperishable golden body was circulating rapidly, repairing his body. Beams of bright moon divine light shot out from his body and formed a strange image in the air, as if a bridge across the shore.

a divine body phenomenon, ” Xiao Hong said. big brother is so powerful. That sword attack almost killed me.

it's a pity," Yunxiao said, his expression unchanged. I didn't manage to kill him in the end.

Xiao Hong suddenly chuckled and said,"hehe, Xiao Hong's strength is classified according to the equivalent of this era. It's called" peak of perfection."" Even some of the godly state experts back then did not have such powerful combat strength. Big brother is only at the peak of the martial Dao. It's already hard to imagine that he could injure me to this extent."

that year?" Yunxiao asked. Have you already absorbed all of di ye's memories?"

not yet," Xiao Hong said bluntly. that's why the bad guy will still run out from time to time. I have to use a part of my power to suppress him. Otherwise, if I had used my full power in that attack just now, I might have killed big brother.

Everyone's expression changed drastically. That terrifying power just now was actually not even used at full strength!

Yunxiao's face finally changed as he said coldly, "In that case, there's still a fight."

Xiao Hong shook her head and said,"he won't. Although big brother's body is strong, his injuries are much more serious than Xiao Hong's." The battle will be over soon."

She leaned forward slightly, then suddenly leaped up and appeared in front of Yunxiao in the blink of an eye, throwing a punch at him.

The divine body suddenly shattered, and Yunxiao's face was almost deformed by the boundless pressure.

"Pa!"

He raised his hand and used the Dragon-catching move to catch the fist in his palm.

“Bang!”

In an instant, a wave of demonic might burst out from his palm, and the two of them trembled slightly.

Xiao Hong suddenly pulled back his hand and formed another seal. His expression became ferocious as he said viciously, “Since big brother is still so stubborn, Xiao Hong can only be ruthless!”

The true fiend Dharma seal condensed once again and suddenly blasted down!

However, it was not as powerful as before. It seemed that Xiao Hong had also expended a lot of energy, and each attack was getting worse than the last.

Yunxiao’s pupils constricted, but he could not care less. He clenched his fist, and countless demonic runes began to emerge on his body. A small white sword flew out of his palm, spinning like a lotus flower.

“That’s Yingluo.”

Xiao Hong’s eyes suddenly widened as she exclaimed in shock, “Orirocks! The Nihon rough stone!”

Yunxiao held the sword in his hand and poured an infinite amount of demonic power into it. Immediately, a terrifying force spread out.

Not only the demonic Qi, but another sword rune also appeared in the air. The entire sea and sky changed color, as if it was night.

Tens of thousands of Starlight specks flickered and fell like a rapid rain, turning into a rain of stars.

A small white flower appeared on the sword. It was the ice fiend Heart Flame, and there were even circles of sword patterns revolving around it. It shone with the Starlight that had never been extinguished since ancient times in the vast sky.

“You actually refined the stone into a sword!”

Xiao Hong’s heart trembled violently. It hurriedly formed hand seals with all its might, increasing the power of the seal in its hand again. It didn’t even care about suppressing di ye in its body and poured all its power into the seal.

Yunxiao’s face flickered with a trace of sadness under the light of the sword. “This sword was refined from the original stone of rainbow and was originally nameless. But today, big brother will use this sword to kill you. From now on, this sword will be named: Sword death cuts red.”

“Red slaying? What an arrogant name, I won’t let big brother get his wish!”

Xiao Hong’s face became extremely ferocious, and she even grinned hideously. Her slightly curved lips were exactly the same as di ye’s.

“One sword cuts Red Monkey, one song leaves people and dies!”

Yunxiao’s eyes were as calm as autumn water. A powerful sword intent rippled on the rainbow sword, and countless sword runes flew up. sword slash-stars!

“BOOM!”

The sword death slashed at red and pierced through the true fiend Dharma seal. It came out of the seal and stabbed little Red’s heart.

...

Meanwhile, the power of the seal also hit Yunxiao, shaking up the illusory light of laws.

The power of the illusory light was greatly weakened and was penetrated by the Dharma seal, which struck his chest.

“Pfft!”

The two of them spat out large mouthfuls of blood and were sent flying.

This time, everyone was shocked.

At this moment, the water in the ocean had long been evaporated. The bottom was like a deep abyss, and the two of them continued to fall.

The calabash Little King Kong hurriedly flew over and caught Yunxiao, while Xiao Hong fell straight into the bottom of the sea, smashing a big hole in the ground and shattering everything within ten thousand feet.

“Haha, we won!”

Che you shouted and jumped up. Although everyone was worried, they all smiled. As long as Yunxiao did not die, it would not take long for him to recover with his physical strength.

The members of the heaven Alliance were on high alert.

Yin Hui said coldly, “ don’t be happy too early. According to the rules, either one party admits defeat or one party dies. That’s the only way to determine the winner. Your Excellency has not lost yet!”

...

Che you sneered, “he didn’t lose, but he’s definitely dead ..” Even if he had an imperishable golden body, he would still die from that sword through his chest!”

The people of the heaven Alliance all looked worried, especially Jing Qi and Yin Hong. If the heaven expert died, the entire heaven Alliance would collapse in an instant. They had offended Yunxiao so deeply today, and if they could not kill him completely, they would be doomed for all eternity.

look! mo Xiaochuan suddenly exclaimed, " master seems to be in trouble!

Everyone looked over and saw Little King Kong gourd holding Yunxiao. Demonic aura kept pouring out of his body, growing stronger and stronger. Yunxiao and Little King Kong gourd were shrouded in the demonic cloud, and they could hardly be recognized.

"Not good!" Lingmu di was shocked. He suddenly rushed over.

Suddenly, a figure appeared in front of him and said coldly, " the competition isn't over yet. Are you going to admit defeat in advance? "

admit defeat your sister! If you don't move, go to hell!

Che you was furious, he also rose into the air and slashed down with his two swords. Two Azure Dragons flew into the air and roared as they descended.

Jing Qi was furious. The fiendish God corpse puppet appeared behind him. The two of them joined hands and made a hand seal at the same time, throwing out four palms!

"BOOM!"

The momentum of the Azure Dragon was shattered by the wind created by the palm. Jing Qi and the fiendish God corpse puppet also retreated, but they still blocked the way.

Lingmu Di's face darkened. Yunxiao was in a critical situation at the moment, and he could not care less about the martial arts competition. He raised one hand and struck out with the reversed soul whip.

The rest of the people also rushed into the sky one after another, trying to break through by force.

"Go!" Yin Hui shouted.

The members of the heaven Alliance rushed over immediately. If the two factions started fighting again, it would immediately fall into chaos.

Suddenly, a man's maniacal laughter came from the bottom of the ocean. The voice was extremely evil, and it entered everyone's heart.

Then, a black beam of light shot up into the sky, flashed past everyone, and came to the sky in an instant. haha! Li Yunxiao, you've done me a great favor! It's all thanks to you that I was able to escape today! In order to thank you for your kindness, I'll take the Rainbow Rough Stone, drain your body of mana, and finally send you to hell! It's a one-stop service, no need to thank me!"

The voice was evil, and the face had also changed greatly. Although it was still Xiao Hong's body, its face was gradually becoming more like di ye's.

Yin Hui laughed. haha! The Lord heaven expert is not dead yet. The martial duel is not over yet. You can all leave!

Everyone's faces were gloomy. How could they retreat? they were in a deadlock in the sky.

forget about the martial arts, " che you said anxiously. I'm afraid Yunxiao can't withstand the demon master's attack. Let's go!

Under his guidance, the two swords slashed horizontally. Everyone also activated their vital energy to break through the defense of the sky Alliance.

However, the other party's strength was originally above theirs. How could they charge over? instead, they were forced to retreat several thousand feet.

Di ye flew quickly in the air and appeared in front of Yunxiao in a few flashes. He suddenly slapped down with his palm and shouted, " "Go to hell!"

"Dead?"

Suddenly, a strange sound rang out from inside Yunxiao's body, followed by a chuckle. "Haha, is it an Emperor clone? You're just a mere clone, yet you dare to say 'die' in front of me?"

Chapter 1762

1762 Battle of the heaven Alliance (10)

Di ye's face flickered, and he suddenly stopped, his palm still a few feet away from Yunxiao.

'Li Yunxiao' was covered in demonic runes, and he slowly stood up. His aura suddenly changed, and he stared at di ye with a mocking look in his eyes.

The gourd Little King Kong beside him seemed to have sensed something, and its burly body made of divine refined steel trembled.

'Yunxiao' turned his hand and slapped the gourd little Vajra, sending him flying with a vast amount of devil energy. "Don't touch me, you're so ugly."

Humph! It's you, you idiot! di ye's eyes narrowed. I didn't expect you to still be alive! His figure rose again, and suddenly slapped over.

"I won't die even if you die."

'Li Yunxiao' sneered as he also performed an incantation gesture with one hand, then clenched his right fist into a palm and struck out.

"BOOM!"

Under the palm of the two, boundless demonic Qi turned into spiritual pressure and spread out. The darkness in the sky continued to expand. Everyone was dumbfounded and had a bad feeling.

"Lord mu di, what should we do?" che you asked in shock.

Lingmu di did not have any better ideas, so he said, " "Let's just wait and see." The last time he had been possessed by the demon Lord, it had taken everyone's strength to seal him. He didn't know what to do this time.

Di ye's face darkened, and the giant true devil spirit appeared behind him instantly. He shouted, " "Die!"

That true fiend Dharma idol's expression was Savage. Forming a seal in the air, it suddenly pressed over. A huge fiend seal was like a flying rock from outer space, falling from the sky.

"It's just a true fiend magic seal. Don't tell me this Lord doesn't know it?"

He also formed the same seal, and the black demonic essence behind him continued to rise, turning into a giant spirit, which also formed a seal.

The two huge true fiend Dharma seals collided in the air, and rings of demonic light spread out, forcing everyone to retreat. The people from both sides stopped their dispute and once again separated to watch the battle between the two devils.

"BOOM!"

The two huge true demons collapsed under the surging power. Di ye's face turned cold and he immediately turned into his three-headed and six-armed Dharma form, his six arms forming a seal.

"It's been 100000 years. If it weren't for your extreme stupidity back then, I wouldn't have been sealed until today. Now, I'll settle all my old grudges with you!"

Suddenly, the demonic clouds surged around him. He reached into it with his arm and grabbed an ancient bronze axe-shaped profound level weapon. The weapon's face was like the head of a beast, with its teeth and mouth open, and its eyes were embedded with Jade.

As soon as the profound level weapon appeared, the whole world began to feel suppressed. There was a constant sound of thunder, like lightning and thunder.

Mo PU's expression turned cold, revealing a serious expression, "If you use the six paths demonic weapon in your current state, be careful of the backlash and you'll turn into ashes."

"Don't worry about it. Just mind your own business first!" Di ye sneered.

As the bronze battle axe was raised high into the air, the entire world began to tremble violently. Xiao Hong's tender body also began to sway as if it couldn't withstand the weight.

Mo PU's eyes were filled with anger. He put his hands together in front of him and slowly opened them.

A black hole the size of a fist appeared between his two palms, with rings of stars constantly spreading out. If one looked closely, there were countless patterns on it, like a shield that was constantly growing.

The shield devoured all divine sense. Everyone wanted to check out the situation, but it was like a stone sinking into the sea.

Di ye's pupils shrank. you're just a mortal, how dare you play with me? do you want to die?" he shouted.

"Why do you care?" mo PU sneered. Let's see who will die!"

"You're crazy!" Di ye said angrily. I will end you completely today! Break everything, Alay Xuanzang!" The bronze battle axe in his hand suddenly chopped down, and the entire sky was split in half with a "boom", and the boundless power dispersed to the sides.

Everyone's body and mind trembled as if the end of the world had arrived.

Even the high-level martial Supreme powerhouses could not withstand the powerful weapon accumulation. Many of the heaven Alliance members cried out in pain as their bodies were finally turned into minced meat and blown away by the air blast.

The forest of no return in the distance was even more tragic. All the buildings were instantly shattered, and a large number of zombies were also sent flying into the air before exploding.

Mo PU's face was filled with anger as he shouted, "Ah Nan gan Sha!"

His hands constantly formed seals to send the demonic Qi into the shield in front of him. The black Shield immediately expanded to several acres in size and devoured all the power like a black hole!

"BOOM!"

The axe light struck the black hole and an even more powerful force exploded.

"Boom boom boom!"

Only this roar was left in the world. Darkness swallowed thousands of miles of the sea. There was not a single drop of water on the sea ten thousand miles away. Countless creatures were completely annihilated.

"Bang!"

The unmoving forest was originally a sea turtle corpse. Under the repeated attacks, it finally exploded, turning into countless gravel that fell to the ground like rain.

"No!"

Jing Qi screamed and flew over in an instant, but the whole turtle zombie had been shattered and no longer existed.

This wave of power spread out, and even a powerhouse at the peak of martial arts could not resist the terrifying demonic power. He was shaken until he spat out blood.

In order to protect mo Xiaochuan and shaohuang haolian, che you immediately transformed into his true dragon Avatar. A Dragon Realm condensed in front of him, and he was also forced to retreat.

No one could tell what was going on. They were all terrified by this apocalyptic power, and their hearts were beating wildly.

At this moment, there were thousands of energy beams surging between the sea and the sky, all of which were extremely terrifying. If one was hit by them, he would be seriously injured if not dead.

Lingmu di flew up and faced the circles of power. His body was bombarded by all kinds of aftershocks, but it was difficult to hurt him.

The sky was filled with darkness and energy beams. He couldn't use his divine sense at all, so he could only see with his naked eyes.

Finally, he saw a petite body flying backward from a distance of several thousand feet. She was like a Fallen Leaf in the wind, completely unable to control her own fate and at the mercy of others.

"Li Yunxiao!"

Lingmu di cried out in a hurry, and after a few leaps, he came to Yunxiao's side and hugged him.

At this moment, Yunxiao's entire body was charred black, and his face was also a charcoal color, so he could not be recognized.

...

Lingmu di was greatly shocked. He suddenly felt for his breath, but he didn't know the specific situation.

"Let's go!" He shouted to the crowd.

He could not stay here any longer. If Yunxiao was not treated in time, he would really die.

The rest of the people did not hesitate and immediately followed lingmu di.

“You want to leave? Kill them all!”

Yin Hong cried out and chased after Yunxiao. He was also very anxious, not knowing if Yunxiao was alive or dead. If he was still alive, he would be in great trouble.

“Kill? It’s too difficult!”

Che you slashed out with his two swords, using all his strength to send out a wave of sword might.

It forced everyone to retreat, not daring to chase too closely.

Yin Hui panicked and said to Jing Qi, “Lord Jing Qi!”

Jing Qi was lying on the bottom of the sea, his whole body trembling. The ground was covered with the fragments of the motionless ashes and the remains of the zombies. The huge turtle’s head was not far away.

...

“It’s over, it’s over, Yingluo. It’s all over, Yingluo.”

Jing Qi had almost lost his mind. His mind was blank and he couldn’t think at all.

Yin Hui stomped his feet in anxiety. He could not stop them alone, so he could only watch Yunxiao and the others fly away and soon disappear from his sight.

Between the sea and the sky, there was only a vast expanse of ruins and cracks everywhere, which made one's heart jump.

"Where's His Excellency?"

One of the cultivators asked in shock. When the two destructive forces had collided, Xiao Hong had completely disappeared.

Yin Hui also spread out his divine sense to look around, but the whole world was filled with a large amount of negative energy wreaking havoc. Everything within thousands of miles was affected, and the seawater evaporated. It was impossible to find them with just eyesight.

"D-dead? Is the Lord Heavenly Expert dead?"

The martial artist's heart trembled as if he had heard of something extremely terrifying.

Yin Hui said, "the Lord of Heaven's strength is mysterious and has reached the peak. How could he have died? he must have been lost somewhere. Let's look around first. If we can't find anything after three days, we'll invite you all to the bi Luo sect for a gathering to discuss important matters!"

After this battle, the heaven Alliance's vitality was directly damaged. Although they did not lose many peak-stage martial artists, the middle force of high-level martial sovereigns was almost wiped out. Even the corpse fiend sect could be considered to be completely destroyed.

Yin Hui looked down at Jing Qi, who was almost petrified. He had mixed feelings. In the past, he would have been so happy that he would have had a few more drinks to celebrate. But now, he felt sad for Jing Qi, as if he could see his own end.

He could not help but tremble. When he thought of Yunxiao's promise to destroy the Jade drop sect, he felt a layer of haze shrouding his heart, lingering and growing heavier.

RUO long and her nephew's faces turned pale. No one knew what they were thinking. RUO long directly cupped her fists and said, "My friends, I will take my leave first. I will go back and report to my elder brother what happened here."

Their minds were almost blank, and they had lost the ability to think about this matter. More importantly, the princess of the four Seas was seriously injured, and it was unknown whether she was Dead or Alive.

Just thinking about it gave them a headache. After a simple greeting to the crowd, the two of them turned into a stream of light and headed in the direction of the North Sea Palace.

Lingmu di and the others ran at full speed on the sea for several hours before they finally saw a small island. They all landed.

Other than lingmu di and the calabash Little King Kong, everyone else was covered in injuries. Even the heaven patrolling Bulldog had been beaten until half of its body had sunk in and was completely deformed.

Lingmu di placed Yunxiao on the ground and began to examine him carefully.

Yunxiao's body was like charcoal, and at first glance, he was completely lifeless. Lingmu Di's face grew more and more solemn.

"My Lord, how's my master now?" young Emperor haolian asked anxiously.

that's right! che you quickly added, " his injuries are so severe, will it destroy his martial arts Foundation? "

As soon as he said this, everyone's expression changed drastically. If the foundation of his martial arts was destroyed, it would be worse than killing him.

"Don't worry, his martial arts Foundation isn't destroyed. It's just a mayfly," lingmu di sighed.

“Phew!”

Only then did everyone take a deep breath, and their hearts that were hanging in their throats finally sank. As long as the foundation of martial arts was not destroyed, everything else was easy to deal with.

“What did you just say, my Lord?” young Emperor hao lian asked hurriedly.

Lingmu di looked at the crowd and said sadly, “ But li Yunxiao is already dead.

Chapter 1763-treatment method

The entire Island was eerily silent, leaving only the waves and the cold wind.

“Ah, what?”

Che you was stunned for a moment before asking.

he’s dead,” lingmu di sighed and said. he’s dead.

“Gulp!”

Only the sound of swallowing and the cracking of bones could be heard.

“Ha, what kind of joke is Milord making? In all these years, little li-Zi has experienced things a hundred times more dangerous than this, but he didn’t die. You really know how to joke.”

Che you laughed and shook his head, as if he was recalling, “ Yanwu fought a Martial Emperor with the power of a martial King, Donghai fought an entire race by itself, we met the true body of the first Dragon in the rain land, we saw the sky when we were old, we saw the devil Lord everywhere, but he’s still alive. Now, he’s dead after being hit by a little girl. Who are you trying to fool?”

The rest of the people were also in disbelief.

Young Emperor haolian's entire body was deathly pale without a trace of blood. His body trembled like a sieve as he roared in a low voice, "Sir, please tell me that you're lying to us!"

I'm not lying to you," lingmu di said. li Yunxiao's heart has stopped beating, and his vitality is gone. If he's not dead, do you think he'll only die when his head is cut off?"

"Bang!"

Young Emperor hao lian punched the ocean hard. He could no longer hold back his tears, and they fell like a curtain of beads in the wind.

Mo Xiaochuan's fingers dug into his flesh. Blood gushed out like a fountain, and his tears and blood dripped onto the island.

Che you also fell silent, his face was expressionless.

The entire Island fell into silence and sorrow. No one could accept the reality in front of them.

The guest sighed and said,"the heavens are truly jealous of such a talented person." you've already been burned to this state by the demonic flame. My condolences, everyone. The path of martial arts is filled with danger. Whether it's you or me, when we set foot on this path, who wasn't prepared to die at any time? I think Yunxiao, who used to be a Playboy, is now in such a sorry state. I'm afraid he doesn't want everyone to see him in such an ugly state. I'd better find a place to bury him first."

"Don't touch him yet," lingmu di said.

"What, do we have to pay our respects first?" the guest asked in surprise.

"I'll think about how to save him," lingmu di said, shaking his head.

“What?”

Everyone shouted out in shock. Those people who were crying immediately stopped crying, and their eyes widened.

Che you wiped his eyes, he was shocked: ” “He can be saved after he’s dead?”

Lingmu di said, ” originally, he couldn’t. But his situation is a bit special. Although he has no life force, his body is immortal. Look carefully. It’s still recovering. Furthermore, even I can’t study the wondrous power of the great expansion divine technique. In his current state, his physical body is undying and his soul is undying. Although he is in a ‘dead’ state, he contains infinite vitality.”

Che you cried tears of joy, he said emotionally,”Lord, you must save him!” Although he’s ugly, disgusting, evil, and unsympathetic, and has a weak kidney, he’s not a bad person.”

Lingmu di,”hehe.”

“Plop!”

Shaohuang haolian and Mo Xiaochuan immediately knelt down and kowtowed with all their might. my Lord, please save our master!

Lingmu di gently lifted his hand, and an invisible force lifted the two of them up. He said, ” “Don’t argue, let me think.”

Everyone immediately quieted down, not daring to disturb him.

After several hours, lingmu di sighed and said, ” “I really can’t think of any good ideas.”

Everyone’s body trembled, their hearts sank, and their eyes began to tear up.

“That’s the only way,” lingmu di said.

Che you said angrily, “can’t you just say everything in one go?.” I only have one question, can he be saved or not?”

of course, ” lingmu di said. but it’s very troublesome.

“Huu.”

Che you let out a sigh of relief, ” no matter how troublesome it is, we have to save him. There are so many of us here. If we work together, what is there to be afraid of? ”

let’s find a way to restore his damaged body first, ” lingmu di said. otherwise, I’m afraid he won’t be able to withstand the stimulation of the method and will turn into ashes.

Bin Chen frowned and said, ” it will be very difficult to recover his physical body. I have observed him just now. With his current recovery speed, it will take at least a year and a half to fully recover.

he has a divine body and has cultivated extraordinary physical techniques, ” said beimang Nan. it’s not too difficult for him to recover. At least, I know a few ways.

He once had a body at the phenomenal success stage, so he naturally had a high level of research and attainment in this Dao.

“What is it?” Che you asked impatiently.

“It’s to use the yin and yang balance between the divine bodies,” said beimang Nan.

Everyone’s eyes turned to the guest. The guest shuddered and retreated a few hundred feet. He said angrily, ” how disgusting! You can’t kill me!

not all divine bodies are compatible with each other, ” said beimang Nan. there are very few that can match each other, but once matched, the power will be great, and it will benefit both sides.

Che you immediately thought of yunshang and said, ” “I know one person who can do it, but that person’s whereabouts are unknown. Xiao Li-Zi has been looking for her for a long time.”

“Then we can only use spirit herbs to nourish it,” said beiming Nan.

Che you said, ” this kid emptied the palace of Donghai. He has countless spirit herbs on him. But now he is in a state of suspended animation. The entrance to the divine realm tablet is also sealed. Where can he find spirit herbs? ”

“I have quite a few on me,” su lianyi replied.

As the master of the heavenly one Pavilion, she had taken all kinds of precious things with her when she left the merchant Union, which were only a little more than what Yunxiao had.

She took out three bracelets of gold, silver, and bronze colors and threw them to beiming Nan, saying, ” “Milord, take a look and see if there’s anything useful inside.”

The restrictions on the three bracelets had already been removed. Bei Fengnan’s divine senses swept over them one by one. After that, he grabbed a pile of items and placed them in the air. He threw the bracelets back to Su lianyi and said, ” “These things can speed up the recovery of his body, but it’s still too slow. I suddenly thought of something that the palace of North Sea might have.”

“Could it be the essence of the myriad year spiritual milk?” lingmu Di’s heart moved.

...

Su lianyi was shocked. the 10000-year spiritual milk is already an extremely rare item. It’s hard to find even with a thousand gold. As for the essence of the spiritual milk, I’ve never even heard of it before.

it's true that this thing can only be found in the four Seas," Ling mudi said. if we can find two or three drops, it will definitely restore Yunxiao's body in an instant.

great! che you was overjoyed," then let's hurry to the palace of North Sea. As long as there's such a thing in the palace, I'll dig it out even if I have to dig three feet into the ground!

"It's possible that the spiritual milk essence is in the palace of North Sea," the chemical cultivator suddenly said.

"I almost forgot that you're from the ocean emperor's palace," che you said,"the ocean Emperor must have some too, right?"

The chemical cultivator shook his head. the ocean emperor's palace doesn't have it. If there was such a treasure, master would have given it to mistress long ago.

The water deity's mother, rouwei, had been in a deep sleep for decades.

"However, if I step in, the royal family of the North Sea will give me some face. If there really is ten thousand year spirit milk, they won't hide it," the chemical cultivator said.

"Alright, let's go to the palace of North Sea immediately. There's no time to waste." It's a pity that Xiao Yezi is still in seclusion, and the entrance to the divine realm tablet is sealed. Otherwise, with the power of Noah's ship, we would be many times faster."

Su lianyi immediately took out a ninth-rank warship and everyone flew inside.

Suddenly, a beam of light flew over from the distance and arrived in front of them in an instant. It was a middle-aged man with a large body. When he saw the people on the battleship, he shouted with a happy expression, " Are you Lord li Yunxiao's companions? "

...

“What is it?” che you asked. The man in front of him was a little unfamiliar, and he had no impression of him at all. However, this man was only an eight-stars Martial Emperor, so it was not enough to prove his strength.

“I’m Leng Qing of the Dragon’s Tooth Manor. The manor master sincerely invites Lord Yunxiao for a chat,” the man quickly replied. He took out an invitation and handed it over with both hands.

Che you made a grabbing motion in the air, and the invitation immediately fell into his hands. It was indeed the symbol of the Dragon’s Tooth villa, as well as Jue Tianhan’s personal invitation.

li Yunxiao is in seclusion, ” che you said. I’ll give this invitation to him. We have an urgent matter to attend to now. He’ll give you a reply when he’s done.

“This bi an ...”

Leng Qing was stunned for a moment, as if he felt that something was wrong.

Che you said impatiently,“What is this?.” Get out of the way and don’t delay our work!”

He waved his palm, and suddenly, the wind and clouds in the sky surged, and Leng Qing was thrown thousands of feet away.

Leng Qing jumped in shock and hurriedly tried to resist the power of the wind and cloud, but it was like a Mantis trying to stop a chariot. When he finally stabilized his body, he saw that the battleship had become the size of a soybean and had disappeared into the sky.

His heart palpitated. Fortunately, the other party had no ill intentions, and he was not injured at all.

no matter what, the invitation has been sent. It’s good to go back and report to the villa Lord.

Leng Qing sighed and also turned into a stream of light and flew away, disappearing into the sea.

The ninth-grade battleship activated its speed formation to the maximum and trembled along the way as if it was about to fall apart. However, everyone still felt that it was not fast enough and was worried.

After all, the longer Yunxiao's injury dragged on, the more troublesome it would be.

Under the guidance of the chemical cultivator, they sailed into a peaceful sea half a month later.

"This is the place!"

After the chemical cultivator confirmed that there was no mistake, he pointed below and said, "the royal family of the North Sea is located 30000 meters below.

"Then what are we waiting for? let's go!"

Che you was impatient.

Su lianyi immediately drove the warship. Layers of bubble-like defense wrapped around the warship. Suddenly, the head of the warship faced down and rushed into the sea, sinking continuously.

who dares to trespass here?!

A loud shout came. Then, more and more figures emerged from the sea, surrounding the battleship and staring at it fiercely.

"We have an important matter to discuss with the North Sea ruler. Please accommodate us," the chemical cultivator hurriedly said.

He threw out a token and it flew towards the guard leader.

"Hmph, do you think you can meet my Lord Wang as you please?"

The leader snorted coldly and looked at the token in his hand.

The angry face suddenly became stunned, then shocked, and finally terrified. "O-Ocean Emperor Palace!"

Chapter 1764

1764 The royal family of North Sea

The guard was so scared that he almost threw away the token in his hand. He hurriedly bowed and said, "So it's the Lord from the ocean Emperor Palace. I'll go report it now."

there's no need to report," che you said. we have an urgent matter to see the North Sea ruler. Please lead the way immediately.

The guard was startled for a moment and said,"this, this is not in accordance with the rules, right?"

"Then why don't you hurry up and report it!" The chemical cultivator shouted.

"Yes, yes!"

The guard hurriedly turned around and disappeared into the sea with a few flashes.

"If I didn't have a favor to ask of them, I would have rushed in right now," che you cursed. It could be seen that he was burning with anxiety.

we've already waited for more than half a month," Ling mudu said. can't we wait for an hour? "

Only then did everyone's manic hearts gradually calm down.

Very quickly, the guard led a group of people over. The people in the lead were actually runtong and runtong.

The two of them were shocked when they heard that someone from the ocean Emperor Palace had come. The princess had just been injured and her whereabouts were unknown. It was too fast for the ocean Emperor Palace to send someone.

The uncle and nephew immediately came out to greet him.

“Ah? It’s you guys!”

When RUO long saw this, she immediately cried out in alarm.

“I won’t settle the matter with the heaven Alliance for now. Quickly bring out the essence of the 10000-year spiritual milk!” Che you said coldly.

RUO long was shocked, “ten thousand year spirit milk essence?” You’re here for this item?”

Leap sect’s eyes darted around, and he immediately thought of the key point. He quickly said, It’s a pity that the North Sea Palace doesn’t have the essence of the myriad year spirit milk, but we do have a few drops.

The chemical cultivator’s face darkened as he said, “ this is not a joke. Yunxiao’s life and death are not only related to himself, but also the safety of Princess water immortal. If you have the essence of spirit milk, don’t hide it.

“Of course not. Please leave,” Ruizong said.

The chemical cultivator was stunned and didn’t know what to do. If the other party really didn’t have it, it wouldn’t be good to ask.

Che you's heart was burning with anger, he had come here with great hope, but it was all for naught, he said coldly: "If there's no spiritual milk essence, then we won't leave. Let's settle the score with the nine Heavens ten earths killing formation!"

RUO long was shocked. Knowing his strength, she hurriedly retreated, " don't mess around. This is the royal family of the North Sea. What are you doing?!"

"What are you doing? That Nine Heavens ten earths killing formation has caused us a lot of trouble. This debt will be paid with the lives of your entire royal family!"

Che you was enraged, he poured all of his resentment into the sword in his hand, causing huge whirlpools to form in the water and the grade 9 battleship to collapse.

the royal family's orders?!

RUO long and her nephew were both extremely shocked. They didn't think that the other party would be so brutal. They both cried out repeatedly, " stop, quickly stop!"

"Lord chemical cultivator, we really can't take out the spiritual milk!" RUO long said anxiously.

The chemical Elementalist also wanted che you to stop, but was that possible? If he tried to stop this anger, he might be killed by the sword.

Furthermore, he didn't believe that the North Sea didn't have the spiritual milk essence, so he snorted and stood to the side.

"Having the spiritual milk essence is only to forgive your sins, if you don't have it, then use your death to atone for your sins!" Che you replied coldly.

The Xumi anatta sword transformed into a Green Dragon that coiled around it. The entire sea retreated into the distance, and the sea was instantly split apart. The huge sword power pressed down on runtong and her nephew until they couldn't breathe.

Both of their expressions changed drastically. That sword had already locked onto them, and if it were to slash down, they would die without a doubt.

At the moment of life and death, Leap Sect did not care about what he was thinking and hurriedly shouted, "Lord, please stop. I suddenly remembered that the royal family of the North Sea still has a few drops of spiritual milk essence!"

Many people's expressions changed drastically when they heard him.

Especially the chemical Elementalist, his face was full of anger as he glared at him. How dare he lie to him!

Leap Sect lowered his head, not daring to look at the transformation cultivator. However, at this moment, his life was more important, and he could not care about other things for the time being.

"Pooh, you actually dare to trick this Lord!"

Chen You was even more furious, but he was overjoyed in his heart, he said coldly: "I'll remember this for the time being. If you offer me the spiritual milk to satisfy me, then nothing will happen. Otherwise, not only will I exterminate your clan, but I'll also exterminate your nine families and overturn half of the North Sea!"

Ruo Long and her nephew only felt extremely sullen, but they didn't dare to say anything.

Ruo Long's face was gloomy. Everyone, please follow me. If we want to use the essence of the ten thousand year spirit milk, we must first get Brother Wang's approval. We don't have the right to make this decision.

Only then did Chen You keep his sword and everyone followed Ruo Xi.

The Lingmu flute protected Yunxiao as they shuttled through a blue round passage and soon disappeared into the bottom of the sea.

The tunnel led directly to the bottom of the sea, to a huge independent space.

The inside was illuminated by countless crystals, making it as bright as day. A Grand and magnificent Palace sat in the center, decorated with all kinds of rare treasures.

“Everyone, please wait here. I’ll go and inform brother Wang first,” Runchen said.

“There’s no need to report, we’ll go with you,” she said.

Suddenly, a voice came from the palace, “There’s an important guest coming from afar. Runhai has failed to welcome you, please forgive me.”

The voice was loud and clear, deafening from far away. It was extremely powerful.

Then, a Black Dragon Shadow circled above the palace. After a few flashes, it appeared in front of everyone and turned into a man in a black robe. He was not angry but he was mighty. His entire body exuded the aura of a superior.

“Brother Wang!”

“Father!”

Runchen and her nephew hurriedly came forward to pay their respects.

Runhai’s gaze swept across Runchen and the others, and he couldn’t help but feel his heart jump. He didn’t know where these experts had come from.

...

Runchen lowered her head and secretly transmitted her voice over, briefly explaining the whole story and the origins of these people.

RUO Hai's expression changed drastically. If these people came to seek revenge, then the entire royal family of the North Sea would really be in big trouble. He hurriedly said, "So you are all friends of Lord Poseidon's disciple, Lord chemical cultivator. I've been rude."

He grabbed onto this clue and hurriedly tried to establish a relationship.

you don't have to care who we are. You've offended us, if you can hand over the spiritual milk essence to our satisfaction, we'll write you off. Otherwise, we'll call it a day! che you replied.

He said the word "fight," and the entire space trembled. The members of the sea Race were all greatly shocked.

RUO hai also cried out in his heart. He had also noticed Yunxiao, who was standing next to lingmu di, but in order to save this man, he frowned and said, "Although the essence of the myriad year spiritual milk is miraculous and can bring the dead back to life, that's just an exaggeration. As the saying goes, medicine can not cure the sick. I think this friend is already dead."

"He's currently in a state of suspended animation. If he really dies, hehe, your entire North Sea royal family will be buried with him!" Che you said coldly.

RUO Hai's heart trembled, and she was also burning with anger. For countless years, no one had ever dared to be so impudent in the palace of North Sea!

The other party's tone was overbearing, threatening to annihilate his entire clan at the drop of a hat. No matter what, he was still an expert who controlled an entire sea and whose name shook the world. When had he ever suffered such vexing anger?

However, even though he was angry, when his gaze swept across the crowd again, he still did not dare to say anything. He forcefully suppressed his anger and said, "I still had the myriad year spirit milk essence a moment ago, but it's gone now. That's why my son, Ruizong, didn't lie to you all before."

The chemical cultivator couldn't help but be angry. Lord runhai, you were the ones who set up the formation to hurt people first. Why are you so stubborn? you've brought disaster upon yourself!

...

RUO hai sighed, "Lord transformation cultivator, what I said is true." Just now, the Yunsheng clan's elder had already asked for the spirit milk essence."

the Yunsheng clan?!

"Is that true?" the chemical cultivator's expression changed drastically.

The cloud clan was extremely powerful in the sea, and not many people knew of this clan. However, even the sea Emperor would not dare to not give face to the clan leader of this clan. His eldest martial brother, Gu Hong, was from the cloud clan.

"Where is the Yunsheng tribe?" he you asked coldly.

The chemical cultivator was shocked. He said hurriedly, " you must not go to the Yunsheng tribe. They are too terrifying. Otherwise, you will never be able to return!

Lingmu Di's pupils contracted. He stared at the palace and said, " "Are the three sitting inside drinking tea the Yunsheng family's elders?"

Everyone's expression changed drastically. This time, even RUO hai was shocked. He re-sized up lingmu di and was secretly shocked. He couldn't see through the state of this person's cultivation at all.

"Hmph, you have good eyes."

A cold sneer came from the palace, and one of them said, " "Since everyone is here for the spiritual milk essence, and it is now in the hands of the three of us, we can not sit back and do nothing."

As soon as he finished speaking, there was no movement, but three old men immediately appeared in front of RUO hai.

“Three elders.” RUO hai hurriedly stepped forward and bowed.

One of them had white eyebrows that drooped down to his shoulders, and there was a murderous aura flickering between his brows.”Milord doesn’t need to be so polite. These people have come to make things difficult for my Lord for the sake of the spiritual milk essence, so they are also making things difficult for us.”

“The essence of the myriad year spirit milk is with you three?” che you asked.

The White-browed old man raised his head and said with a disdainful look, ” “Yes, I am.”

“Phew!”

Che you let out a long sigh of relief, his mood became extremely good, he smiled: ” “Haha, I finally found it.”

“What do you mean?” the White-browed old man asked coldly. Don’t tell me you dare to snatch it from our hands?”

“Rob? No, no, no, of course not.” Che you squinted his eyes and laughed.

“At least you know your place,” the White-browed old man snorted.

The smile on che you’s face turned cold and sharp, he said, ” “It’s for you to obediently hand it over with both hands.”

“What?”

The three old men were shocked, and even the royal family of the North Sea changed their expressions. However, the royal family was secretly delighted and couldn’t wait for a conflict to break out.

One of the three old men, a skinny old man in blue, said sternly, "Are you really stupid or are you just pretending? Are you trying to feign ignorance about our origins?"

"Playing dumb? The three of you are too serious."

"I'm too lazy to talk nonsense with you guys, if you don't hand over the spiritual milk essence within ten breaths, you'll die!" Che you laughed.

The three of them were dumbfounded, as if they couldn't believe it. Their Yunsheng clan had dominated the four Seas, and no one had ever dared to not give them face, let alone resist.

The transformation cultivator was extremely anxious. He naturally knew how terrifying this race was and hurriedly said, "Lord che you, let's discuss this!"

Chapter 1765-activation

"The Yunsheng clan, I remember now," said beifeng Nan suddenly.

The White-browed old man snorted heavily and shouted arrogantly, "Hmph, don't you think it's a little too late to only remember now? This matter won't end so easily!"

"Why don't I have any impression of it?" lingmu di asked.

"Have you forgotten, my Lord?" beiming Nan asked. In the great battle that year, there was a sea tribe member with outstanding strength who was saved by Daren. He cried and shouted that he would follow Daren to the death, but Daren did not agree. That person seems to be the Yunsheng clan's clan leader, it's called an important place or something."

Lingmu di recalled for a moment. now that you mention it, I do remember. It's been too long, so I forgot what it's called. It's like a sea tribe with the size of a mountain, a pair of wings, red body, five fingers, claws, and teeth. Although he didn't remember his name, he had described all the characteristics of his opponent's battle.

“You, you guys really dare to talk nonsense!”

The White-browed old man trembled in shock and anger.

The royal family of the North Sea was also shocked as they looked at the two of them in shock. They were probably the only two people in the world who dared to mock the Yunsheng family.

But what they didn't know was that Ling mudi and Bei Xiaonan were just telling the truth and didn't tease him.

The important place was the Yunsheng clan's first generation clan leader. A huge statue was placed in the clan, but ordinary people did not know about it.

“Who can't bear it!”

The skinny elder of the Yunsheng tribe roared in anger. He rushed over and slapped his palm toward the South of the northern River.

Beifeng Nan was not afraid. He turned his body to the side and struck out with his palm.

“Bang!”

The wind from their palms surged, and the skinny old man was suddenly shocked. He realized that the other party's power was far above his own. He wanted to retreat in a hurry, but he found that his palms were sucked in by a huge force.

There was no way to retreat, and the palm force of the other party in front of him was getting stronger and stronger, constantly crushing his metacarpal bones. His two arms felt as if countless blades were scraping through his bone marrow, and the pain made him break out in cold sweat.

“Impudent!”

The other two old men were furious at the same time. Powerful demonic Qi surged out, and they didn't care about their face as they attacked from the left and right.

Beifeng Nan suddenly exerted force on his palm and pushed his opponent away. At the same time, he turned around and made a hand seal, causing a sword shadow to appear.

“Octagon shadow, eternal sword control!”

The sword split into two and slashed at the two elders.

“Bang!”

“Bang!”

The two of them were both shocked. They felt their qi and blood surging and their internal organs tumbling. They forcibly suppressed the blood in their mouths and kept retreating to dissolve the sword momentum.

One person used two moves to force the three of them back.

The White-browed old man knew that the situation wasn't good and shouted, “Let's retreat first, we'll settle the score with them in the future!”

“Retreat? This is a big joke!”

Che you's figure flashed and blocked the three of them, he said coldly: “Hand over the essence of the myriad year spirit milk, and I'll let you go.”

“My Yunsheng clan has a great use for the 10000 year spirit milk essence. If you know what's good for you, then move aside!” The White-browed old man said angrily.

“I’m sorry, I’ve never been tactful,” che you said coldly.

The White-browed old man gritted his teeth in anger and said, “It seems like you don’t know how powerful my Yunsheng clan is!”

“Too much nonsense, I don’t like it!” Che you said coldly.

The Xumi anatta appeared in his hand and he slashed down with his sword!

The three of them were shocked. They didn’t expect the other party to attack directly. The sword power was vast and they couldn’t block it at all. They were so scared that their faces turned pale.

RUO hai really couldn’t stand it anymore. With a flash, she stood in front of the three people.

He formed a hand seal, and a golden ring flew out from his arms, turning into layers of light.

“Bang!”

The Halos dispersed, and the sword Qi struck the Golden Ring, creating a crisp sound. Run Hai’s arms went numb, and he was abnormally shocked.

“Sir run hai, you block these people. The three of us will return to the clan to report and send experts to kill them!” The White-browed elder said.

The three of them immediately turned into flowing lights and flew up, wanting to break through the sky.

Run hai was speechless. He felt aggrieved but had nothing to say. He didn’t dare to offend the Yunsheng clan, and he couldn’t just watch the three of them die in his territory. Otherwise, it would be troublesome. It would be best if the three of them could escape.

“BOOM!”

Suddenly, a huge light circle appeared in the sky. The nine Heavens Daluo hoop expanded to a few acres in size and pressed down on the three of them.

Soon after, lingmu di pulled out a silver whip. Countless runes flickered as it struck down.

“Pa! Pa! Pa!”

With three consecutive sounds, the three of them vomited blood on the spot. They felt the world spin, and their divine sense was severely injured, falling from the sky.

“These three are too stubborn,” che you said, “Lord mu di, you should just search their souls.”

“Soul search!”

The three of them were all shocked. They hurriedly struggled to get up from the ground and roared in shock and anger.

Run hai also said anxiously, “you can’t, these three elders are highly respected in the Yunsheng clan. Even the ocean Emperor Palace doesn’t dare to offend the Yunsheng family!”

“And which force is the ocean Emperor Palace?” lingmu di asked with a frown.

The people of the North Sea were all dumbfounded, their mouths wide open.

In the era of lingmu di, there was no ocean Emperor Palace, and even the four Seas were in chaos, not as orderly as they were now.

...

“Hahaha!”

Che you laughed out loud, “don’t bother about these idiots, hurry up and search their souls.” What Yunsheng clan, what Ocean Emperor Palace, what Saint realm, what soul formation sea, what natural moat ocean, have we ever put them in our eyes? If you need to be beaten, you need to be killed!”

Everyone was dumbfounded when they heard this, especially those from the sea Race. The ocean Emperor Palace was the Holy Land in their hearts, and the cloud life tribe was an even more terrifying ancient force. As for the Holy region, the soul formation sea, and the natural moat cliff, they all knew that they were the Holy Lands of the human race. What was going on with these people? He was so arrogant!

The lingmu flute’s Silver whip cracked. With a “pa” sound, an old man once again spurted out blood, and his whole body was shaken into the air. Lingmu di clenched his five fingers and pulled him down, hanging him in front of him.

Then, he kept making hand seals with both hands, sending all kinds of seals into the other party’s body one by one. He violently tore apart the other party’s spiritual altar and sea of consciousness, and his divine sense rushed in crazily.

”

The old man screamed as his body convulsed in the air, but it completely stopped after a while. His face was blank and his eyes were lifeless.

“Bang!”

After the soul search was completed, the body was thrown away. It lay on the ground like a pile of rotten meat. However, it did not die, but was completely crippled.

“?!”

The other two people screamed in horror and trembled in fear.

...

Lingmu di looked at the White-browed elder and said, "The essence of the myriad year spirit milk is on you. Do you want to hand it over or do you want me to do it?"

The White-browed old man was so scared that his face turned pale. He hurriedly took out a Jade bottle and handed it over, his voice trembling, "Don't, don't kill me!"

Lingmu di made a grabbing motion in the air and caught the Jade bottle in his hand. When he opened it, his face immediately lit up with joy.

"W-we ... Can we leave now?" the White-browed old man asked with a trembling voice.

"Stay here and see the effects of the myriad year spirit milk. If it's not effective, I'll take it out on you!"  
Che you snorted.

The two of them started to shiver in fear.

Lingmu di slowly poured the Jade bottle into Yunxiao's mouth, and an indescribable fragrance immediately spread throughout the entire space.

Wenzhi du felt refreshed and a hundred times more energetic.

Run Hai's face revealed a pained expression. If this bottle of spiritual milk essence was taken away by the Yunsheng clan, it would be equivalent to him doing a big favor, and he would have an easier time in the four Seas in the future. Now that it was taken away by these people, it was like throwing meat buns at dogs. The other party wouldn't even give him a single origin crystal.

As the essence of the spirit milk dripped into his body, the wounds on Yunxiao's body began to heal at a speed visible to the naked eye. The black charcoal burned by the demonic flame kept peeling off from his skin, and new muscles grew.

Everyone was watching this amazing scene without blinking.

Soon, a vibrant and radiant Li Yunxiao appeared in front of him, and he looked younger and more energetic than before.

“The essence of the 10000-year spiritual milk is indeed a priceless treasure,” praised Lingmu Di.

“It’s so magical,” Che You also exclaimed, “Lord Ru Hai, does your Palace have more? I would like to buy a few bottles.”

Ru Hai’s face was filled with black lines as she snorted heavily and said, “What do you think?”

“Hehe.”

Che You laughed, he knew that he was delusional, “Lord Mu Di, what’s the situation now?”

“His physical body is fine, and it’s even better than before,” Lingmu Di said. “The most important thing now is to repair his heart meridian. I didn’t want to use this method, but I’ve just checked and his condition is worse than I thought. I can only take the risk.”

Everyone became nervous.

“Don’t worry, everyone,” Lingmu Di said. “The probability of saving him is very high. I’m just worried about the side effects.”

He raised his head and looked at the gourd Little King Kong. Suddenly, he made a hand seal with one hand and stretched out his other hand. His five fingers were like claws as he grabbed the front of the gourd Little King Kong.

“Roar!”

The gourd Little King Kong's burly body trembled, and he let out a low roar. He seemed to be in extreme pain, but he still endured it and did not move.

A stone that was emitting white light was pulled out of the gourd Little King Kong's chest.

"?!"

Che you sucked in a breath of cold air in shock, he naturally recognized this rainbow stone, he said in shock: "My Lord, you're Yingluo."

implant this rainbow stone into Yunxiao's heart," lingmu di said. activate his functions.

"But, but these are rainbow stones!" Che you exclaimed in shock.

I know," lingmu di said expressionlessly. even I couldn't resist the temptation of the rainbow stone. That's why I said it was troublesome.

Che you's heart was filled with anger,"if that's the case, why are you still using this method?" Do you think he can handle it?"

Lingmu di glanced at him and said indifferently, " yes, because he is li Yunxiao.

Che you was stunned for a moment before falling silent, but the worry on his face did not decrease.

The lingmu flute did not dare to touch the rainbow stone, so it slowly wrapped it with its primordial energy and placed it directly on Yunxiao's chest.

The rainbow stone seemed to have a mind of its own, and it instantly disappeared into it uncontrollably.

A beating sound like a heart came from Yunxiao's body, and his body twitched violently, tugging at everyone's heart.

"Bang Bang!"

"Bang Bang!"

The rainbow stone was like a heart, constantly absorbing the blood in Yunxiao's body.

Chapter 1766

1766 Light glass body

Time seemed to have stopped in the space of the royal family of the North Sea. Everyone watched this unbelievable scene with wide eyes.

They were all experts, and they could tell at a glance that Yunxiao was dead. The so-called 'Living Dead' and 'flesh growing from bones' were just exaggerated. How could he be resurrected if he was dead?

But, Yunxiao slowly opened his eyes, and a strange look flickered in them.

"Haha, I'm finally alive!"

Che you was overjoyed, and the rest of the people heaved a sigh of relief. Haolian shaohuang and Mo Xiaochuan were so happy that they cried and hugged each other.

The lingmu flute quickly tapped Yunxiao's chest several times and laid down several seals in succession, then asked, "What do you think?"

Yunxiao's pupils constricted. there seems to be a violent aura in the blood," he said. I can't help but want to kill someone. Did Daren place that rainbow stone in my chest?"

“This is the only way to save you,” Lingmu di said. He immediately explained the entire situation and said, “your heart’s pulse needs to be maintained by the rainbow stone. It will continuously repair the damaged heart.”

Yunxiao frowned. this strange feeling is very uncomfortable. It’s always a troublesome thing for rainbow stones to enter my body. When can I take them out?”

the heart is the head of the five internal organs,” Beiming Nan said. no matter how strong your divine body is, it’s impossible to repair itself. Only a complete physical body has the ability to repair everything. When your fleshly body is complete, you can take out this rainbow stone.”

the trouble is,” Lingmudi said. by the time you step into the first-rate sacred body, this rainbow stone will have already fused with the heart. I’m not sure if I can still take it out.

I can’t wear this stone heart for the rest of my life,” Yunxiao said gloomily. I can’t do that!

what are you afraid of?” he you said,” his entire body is made of stone. You’re just a heart. Furthermore, this rainbow stone will be used as the formation core to set up a seal. It will replace the nomological light and seal the passage for you. If mo PU were to forcefully take over your body again, he would definitely destroy this rainbow stone seal. Once the rainbow stone is broken, you’ll be finished in an instant, and it’ll be meaningless for him to take over your body.”

Yunxiao said, ‘Huahua, can I swear? This seal is too f \* cking wicked, right? In the past, when the body was occupied by a demon master, there was still a chance to snatch it back, but now, we’ll directly perish together!’”

“It’s good to be alive. Let’s just take one step at a time. Can you be worse off than me?” bei Zhi Nan comforted.

His physical body had long turned into a zombie, and he had to change his appearance before he could meet people. Normally, a body at the phenomenal-success stage wouldn’t decay, but ten to ten thousand years was simply too long.

“Forget it,”

Yunxiao did not ask for much. He was already very lucky to be able to keep his life.

“Good-for-nothing, your eyes are red from crying.”

He knocked shaohuang hao lian and Mo Xiaochuan on the head one by one, and the two of them cried tears of joy.

we haven't reached the peak of martial arts yet,” young Emperor haolian sobbed. master, you can't just leave us behind.

the path to the peak of martial arts is paved by one's own self,” Yunxiao scolded. master only showed you the way. You are not far from the peak, but the peak is only a starting point.

The peak was only the starting point. Yunxiao suddenly remembered what di Jia had told him, and he could not help but say it.

Except for lingmu di and beiming Nan, everyone present felt a chill in their hearts and had an infinite yearning for the road in front of them.

“Yes, this disciple has learned!”

Young Emperor haolian and Mo Xiaochuan both bowed.

“What should we do with these Yunsheng tribesmen?” che you asked.

“Please spare our lives! We have already given the myriad year spirit milk essence to our Lords. Please keep your promise and let us go.” The White-browed old man began to beg for mercy.

“Pfft, did I say I'd let you off?” che you cursed. I said it would depend on my mood, and I'm in a good mood now.”

The two elders heaved a sigh of relief and smiled awkwardly.

Yunxiao frowned. you are in a good mood, but I am not. Just kill him! he said.

As soon as the word “kill” came out, his expression changed drastically. There was an indescribable frenzy in his heart, and countless demonic patterns surged on his body in an instant.

With a flash, he appeared in front of the two elders and slashed out with his sword.

The sword ray was as white as fire, and a lotus flower could be vaguely seen.

“Swish!”

Wherever the sword light passed, the heads of the two elders flew up directly, and blood spurted high.

“Ah?”

Everyone was caught off guard. They were completely dumbfounded as they watched the two headless bodies spurting out blood.

Yunxiao’s body was filled with a murderous aura as he turned to stare at run hai and the others and said in a cold voice, ” “You insects, go to hell too!”

Sword death’s Red slash shone with a white light and a terrifying aura spread.

Suddenly, a red ring of light fell and locked Yunxiao up, binding him up. It was the nine Heavens Daluo ring.

“Guard your mind, don’t be possessed by the devil!” Lingmu di also shouted.

Yunxiao's body trembled, and his body immediately emitted a transparent light. It was the phenomenon of the bright moon divine body, which kept purifying the demonic energy.

Beifeng Nan frowned, "Lord, his God Body seems to be a bit of an..."

"I've noticed it too," Lingmu di said. "It's Xiaofeng can't light glass body."

Beiming Nan's expression changed, but he quickly returned to normal and did not say anything.

"What's wrong with his divine body?" he asked. "Is there a problem?"

He had seen with his own eyes when he obtained the divine body inheritance in the heavenly jewel sect of the southern region. Furthermore, the place where the inheritance was obtained was filled with extremely precious moon pearls from the East Sea. Now that he heard mu di and the other man's words, it seemed like they were things with some background.

Lingmu di seemed to be reminiscing, "This is the ultimate technique of the king of the southern region, Xiao Fengcan. There's nothing special about it, just that it will shine, but in the end, it was still killed by the demon Lord with a single palm."

"Che you," hehe."

"No wonder his demonic Qi didn't turn into a demon," said Beiming Nan. "Instead, he's able to use it well. He actually got the light glass body. This magical power is one of the few powers that can resist the power of demonic Qi."

The people of the North Sea were on high alert. Their faces were extremely pale, and they were complaining in their hearts. Why did such a group of fiends come?

The bright moon divine light on Yunxiao's body was as bright as the moon, like a precious pearl. After flickering a few times, his eyes gradually became as calm as water.

...

The red light from the sword death gradually became smaller in his hand, shrinking into a White Lotus flower, and disappeared into his palm.

"I'm sorry, I was too excited, too excited."

Yunxiao chuckled in embarrassment.

Run hai and the others were in a difficult situation to speak of. You killed the elder of the cloud life tribe in a moment of excitement. Even the royal family of the North Sea couldn't escape this debt and would be more or less implicated.

He you laughed,"haha, luckily it didn't cause a huge disaster!"

RUO long couldn't help but shout,"He killed three elders of the Yunsheng clan, and this still hasn't caused a disaster? You're already in deep trouble!"

the Yunsheng clan is the clan that your senior brother, Gu Hong, is from, right? " Yunxiao asked the chemical cultivator.

"That's right. The Yunsheng family's strength is not even on par with the ocean Emperor's. Even master has to be polite to them," the chemical cultivator said with a serious expression.

When he thought of the bone rainbow, he couldn't help but shiver. An uncontrollable fear spread in his heart.

Yunxiao nodded and said, " that's good. I haven't settled the score with him yet. Quickly send a message to the Yunsheng clan and ask them to send someone to die. I'll be waiting here.

The people of the North Sea were all dumbfounded.

...

He originally thought that he would escape immediately after killing people, but who knew that he would stupidly stay and wait for death. He was instantly overjoyed. As long as the Yunsheng clan sent people over, his responsibility would be much smaller.

“Quick, quickly send a message to the cloud race!” Run hai hurriedly said.

Afraid that everyone would go back on their word, RUO hai hurriedly said, “My Lords, why don’t you all return to the palace and rest for a while?”

Yunxiao’s eyes lit up. He had benefited a lot when he emptied the palace of Dong Hai, but he had been sitting around doing nothing and did not have many natural treasures with him.

“Alright, let’s all go in and rest. Please get us some natural treasures to help us recover our essence energy. We still have to kill that stupid bird from the cloud life tribe later.”

you must make sure it’s a large amount, ” Yunxiao said seriously. if you don’t, don’t blame me for being impolite. I’ll settle the new and old grudges together!

RUO hai had controlled the North Sea for many years and was also an old fox-like existence. Naturally, she could hear the implied meaning. The other party was extorting them.

However, he had to bear with the extortion. As long as he could keep these Masters here, when the Yunsheng clan came over, it was fine to pay some blood.

“Naturally, I will not mistreat you.”

Run hai immediately ordered people to get heavenly materials and earthly treasures for everyone to enjoy.

The crowd immediately swarmed into the palace, sat down, and drank to their heart's content. Yunxiao had come back from the dead, and everyone was in a very good mood.

"Young master Yun, is your divine body about to break through The Seventh Gate?" beiming Nantian asked.

Yunxiao smiled, put down the wine glass, and said, "You have good eyes, how did you see it?"

The guests were shocked and asked, "are you really going to break through the seventh door?" You have a sign?"

a little, " Yunxiao nodded. vaguely, and I can't figure it out.

"Haha, I was just saying!"

He you laughed, "no wonder you stayed behind to wait for the Yun Sheng clan, you were looking for an opponent to temper your body!."

"That's right, it's a wonderful method," said beimang. As long as the other party is strong enough, the chances of breaking through The Seventh Gate during the battle are extremely high."

"I also want to fight later!" The officials said. A faint formation light appeared on his body, as if he was very excited.

anyone who wants to cultivate can come up later, " Yunxiao said with a smile. I hope the people sent by the Yunsheng family will not disappoint us.

"If you're disappointed, we'll go straight to your door." Since this so-called lousy clan is so famous, they must have a few powerful people."

RUO hai was scared witless when she heard this. She didn't know how to reply and just kept smiling and toasting at the side.

The officials began to ask beifeng Nan about the cultivation of the physical body. Although he did not know the background of this person, his explanation and knowledge left him dumbfounded, more than ten times better than his own.

Everyone also joined in from time to time, discussing happily and benefitting greatly.

Chapter 1767

1767 Snake transformation bone

The people of the North Sea were also overjoyed when they heard this. The most unique characteristic of a Dragon's descendant was its tyrannical body, so they quickly joined in the discussion.

As the King of the North Region, lingmu di knew all the techniques in the world. He had a deep understanding of the divine path, let alone the martial path. Everyone felt like they had been bathed in a spring breeze when they heard him. Later, the discussion was not only limited to the physical body, but also all kinds of phenomena.

After an unknown amount of time, everyone was in high spirits and didn't feel tired at all.

Suddenly, a surge of elemental energy came from the outside and interrupted their conversation. Following that, an angry roar reverberated throughout the entire Palace, reverberating through the air.

"You bastards who dare to offend my Yunsheng clan, get out here!"

Each roar contained boundless Fury and Supreme might. The palace was shaken, and a large number of guards and servants of the sea tribe were so scared that they knelt on the ground and trembled.

Run hai and the other members of the royal family were also filled with anger. Their eyes were slightly red.

Just as he was listening to the explanation, he was interrupted. If it was anyone else, they would have rushed out to kill him at the first moment!

Even if it was the Yunsheng clan that came, Runhai's expression and attitude changed completely.

It was not only because the newcomer had interrupted his hearing, but also because he was more and more shocked through the conversation. The knowledge and understanding of the heavenly Dao of Lingmudi and the others were far above his own. It could be said that they were far behind him. The origin of such a person was probably no worse than the Yunsheng clan.

"The target is here," Yunxiao said with a smile. "Let's go."

The space in the hall became blurry for a moment, and everyone turned into a stream of light and disappeared in an instant.

The next moment, they all appeared in the sky above the palace of North Sea.

He saw two figures slowly appear in a dark tunnel not far away.

One of them had a slim waist and a sharp back, with protruding cheekbones, while the other had thick eyebrows and big eyes. The moment the two of them appeared, the entire space seemed to twist.

The biting cold killing intent swirled in the sky, and the anger in Runhai's heart instantly dissipated. Only then did he remember the terror of the Yunsheng clan. How could he still have the slightest look of dissatisfaction? He hurriedly went up to meet them.

"So it's the two Grand Elders Hua She and Di Gu!"

Runhai was incomparably shocked in his heart. These two Grand Elders of the Yunsheng clan had already lived for hundreds to thousands of years. Even he did not know that these two people were still alive!

"Are you the incompetent son of Rufeizi?"

The slim-backed old man said coldly with a gloomy face, " as the ruler of the North Sea, you actually watched my people get killed. It seems that your life as the ruler of the North Sea has come to an end!

RUO hai jumped in fright. Seeing that the situation was about to vent his anger on her, she hurriedly said, "Senior Hua she, these people are extremely powerful. I'm not capable of stopping them,"

"If you can't stop me, Why Don't You Just Die?" Hua she said coldly.

With a wave of his sleeve, an earth-shattering force attacked. RUO hai was both shocked and angry, and he suddenly slapped out with both palms.

"BOOM!"

The palm momentum was actually shattered by the power of the other party's sleeve, and his body was sent flying a thousand feet away.

"The Kings of the four Seas are getting worse and worse with each generation," Hua she said.

The old man with thick eyebrows and big eyes, di Gu, snorted coldly, and said, "If there's really no other way, I think the Yunsheng clan should come out again to maintain the order of the four Seas."

Run hai was furious but didn't dare to speak. Her face was gloomy as she stood far away.

they've attracted two divine transcendent old men," che you said. it seems like the Yunsheng tribe is quite powerful.

of course! Yunxiao laughed. if you don't have some skills, would you dare to hit the King of the North Sea? " The North Sea ruler didn't even dare to make a sound after being beaten. This is enough to show how powerful he is."

Run Hai's face turned red, and he wished there was a hole in the ground to hide in. The rest of the people from the North Sea were also ashamed and angry.

But even though they were angry, they didn't dare to move.

Hua she and di Gu glanced at the crowd, and their expressions changed slightly. These people were either divine transcendence or peak martial arts. There were also a few things that were neither human nor ghost, and they couldn't even tell their strength.

"Which force are you from?" Hua she asked coldly.

Yanwu? " Yunxiao thought for a moment and said, " the city of Yanwu.

Everyone was taken aback, wondering where Yanwu was.

Hua she pondered for a while and had no impression of it at all. Then, she said, " it seems that the two of us have been in seclusion for too long, and the distribution of forces in the world has changed too much. But no matter how it changes, only those families with true Supreme foundations can last forever and laugh proudly in the world.

what a joke! Yunxiao laughed. there is no eternal power in this world.

Hua she snorted. that's because you're ignorant. My Yunsheng tribe will never decline!

that's because the ancestors of the Yunsheng family knew how to hide their strength and bide their time," Yunxiao said. they never came out to cause trouble, let alone offend people like me. However, the current Yunsheng tribe no longer understands these principles."

"Savage!"

I've never seen such an arrogant and ignorant junior in my entire life! the earth skeleton shouted angrily. why are you talking nonsense with them? just kill them all!

Hua she said, " these people are indeed quite capable. The Dragon body Master himself is a divine transcendence. The rest of them are not easy to deal with either.

Di Gu said coldly, " even if we're all transcendents and Saints, the difference is like heaven and earth. The further we go, the more we'll be competing in our comprehension of the heavenly path. Could it be that these people's comprehension of the heavenly path surpasses yours and mine? "

RUO hai thought to herself from a distance. They might not be able to compare to others, but in terms of comprehension of the heavenly Dao, these people were truly terrifying.

"The reason," said Hua Gu.

hold that dragon expert back, " di Gu said. I'll come and help you after I kill the others.

I don't know who will finish first, " the melting bone dhole laughed. I only need to kill one person, and you have to kill several.

Just as he finished speaking, his figure flickered and a stream of light flew down, attacking che you.

Earth skeleton laughed. old fox, how cunning. Let's see who kills first! A cold glint flashed in his eyes as a monstrous aura spread out from his body. He stomped down with one foot.

"BOOM!"

The ground exploded in an instant as Yunxiao and the others tore open the space with their bare hands and teleported out of the mighty aura.

Che you formed hand seals and pointed forward, resolving Hua she's attack. Then, the two of them were completely engulfed by the aftershock of the kick.

...

“Eh?”

Hua she’s surprised voice could be heard from the aftermath, as if she couldn’t believe it.

“Yi your sister!”

He cursed and saw a sword radiance shoot up into the sky. It was as if a hundred thousand mountains were moving towards him.

“Thousand autumn peak!”

“Boom boom boom!”

A vast might descended continuously, and the space around Hua she was completely suppressed. The terrifying sword force slashed down!

“?!”

Hua she sucked in a breath of cold air and exclaimed, “This person’s strength is not right!”

His demonic body instantly appeared and became several times larger. With wings on his back and sharp claws on his feet, he stepped on the sword!

“Bang!”

...

A figure was sent flying. He turned into a snake and crashed heavily into the ground. One of his legs was a bloody mess, and a large number of scales had been chopped off!

Di Gu's pupils also shrunk as he said in shock, "How can he be so strong?"

Hua she was both shocked and angry. She gritted her teeth and said, "there's something strange about his sword. Not only is it extremely sharp, but it also seems to have a suppressing effect on us!

"Suppressing effect?"

Di Gu was stunned for a moment, and then his eyes lit up. He said coldly, "There aren't many things that can suppress my Yunsheng clan. Could it be that this sword was passed down from the famous true spirit? It's stained with a powerful aura."

Hua she's eyes were cold as she stared at the Xumi anatta and said, "This might be the true dragon Sword!"

"What?"

Di Gu was shocked, and he cried out in shock, "that's impossible! The ancient true Dragon's sword?!"

He was not the only one who was shocked. The royal family of the North Sea was also shocked. They were also descendants of Dragons, and their ancestor, the Black Dragon, was one of the nine sons of the true dragon. Naturally, they were also very eager and eager for the things of the true dragon.

RUO Hai's heart trembled violently. He was almost certain that it was the true Dragon's sword!

When the sword first appeared, he felt his heart palpitate in fear, as if his soul was under pressure. He thought that it was because che you's strength was unparalleled, but now he realized that it was the fear and pressure that was buried in his bones!

"Haha, I didn't expect to have such a harvest on this trip!"

Di Gu licked his lips and said in wild joy, "Hua she, you hold on for a while. After I kill these B \* stards, I'll join forces with you to kill him!"

alright, " Hua she said in a deep voice. hurry up. Don't let this person escape!

The earth skeleton revealed a cruel and contemptuous gaze, saying, " hehe, don't worry. It's just nine pieces of trash. Just give me nine breaths of time!

At this moment, the calabash little Vajra, the evil spirit, the crocodile, and the DarkThunder had been taken into the divine realm tablet by Yunxiao. Only the guests, beiming Nan, lingmu di, su lianyi, Chen Yuyu, the chemical cultivator, haolian shaohuang, and Mo Xiaochuan were left.

The chemical cultivator's expression was the ugliest. Although he knew that the earth bones could not kill them, he had offended the Yunsheng tribe and was afraid that it would bring endless trouble.

But on second thought, if the Yunsheng family could kill Yunxiao, or if they fought to the point where both sides were seriously injured, perhaps Little Junior Sister would be his.

As he thought of this, his depressed mood disappeared. Instead, the corners of his mouth raised slightly, revealing a knowing smile.

nine breaths is too long, " Hua she said coldly. I'll give you five breaths.

Di Gu scratched his forehead and chuckled, " "Five breaths? It's very challenging, I'll try."

"BOOM!"

A muffled sound burst out from the earth skeleton's body. Then, its figure changed greatly, turning into Yun Sheng's original form with a monstrous aura.

"Bastards, go to hell!"

The wings on the back of its huge body flapped, and it seemed to have teleported over. It threw a punch at haolian and Mo Xiaochuan.

Because these two people were the weakest, he also knew to first crush the soft persimmons before gnawing on the hard bones.

The two of them were shocked. They clenched their fists and pulled out their swords, ready to meet the attack. However, the difference in strength was like heaven and earth. The momentum of the fist alone was enough to force them to retreat.

Suddenly, a ray of sword light streaked across the sky, drawing a white-hot trace and cutting off the pressure in the air.

Only then did mo Xiaochuan and shaohuang haolian feel their bodies relax. They hurriedly executed their movement techniques and retreated.

“What?”

Di Gu was stunned for a moment, and he turned around in disbelief.

Yunxiao stood with his sword in hand and said with a smile, “What were you two talking about? I didn’t quite understand. Come, come, let’s play.”

Chapter 1768-berserk

you! di Gu’s face darkened, and he said coldly, “ since you want to die, I’ll kill you first!

With a flap of its wings, its entire body rushed forward, causing the space to burst. That powerful momentum was like a meteorite falling to the ground.

Yunxiao put away his sword, got into a fighting stance, clenched his fist, and threw out a Vajra fist.

“What?”

Many people were shocked, and Yun Hai's heart skipped a beat. Although he knew that these people were thinking of using the Yunsheng clan to temper their bodies, he was still taken aback when he saw Yunxiao put away the terrifying sword and fight the enemy with his fist.

"How arrogant! Die!"

Di Gu was exceptionally furious, and with a loud roar, he increased the might of his fist!

"BOOM!"

The two men's fists collided, and Yunxiao was sent flying while coughing out a mouthful of blood.

His body was covered in golden light. From time to time, demonic patterns would flash, but they were washed away by a water-like moonlight. Blood burst out of his fist bones, but they recovered at a speed visible to the naked eye.

Di Gu's pupils constricted, his heart filled with shock. He had thought that his punch should have taken his opponent's life, but it had only caused a simple injury. Moreover, when he withdrew his hand, he felt the bones in his fist also hurt.

"Again!"

A series of loud laughter rang out in the air as Yunxiao appeared in front of him in an instant and threw a fierce punch. The Golden fist was like a clay pot, and there were still blood stains on it.

"Die!"

The earth skeleton let out a loud roar, and his hands instantly formed a seal and slapped out fiercely!

His hand was in pain, so he wasn't so stupid as to fight head-on with the other party.

“BOOM!”

Yunxiao’s fist force did not touch the man’s body, and it was bounced off the moment it hit the mark. The terrifying force hit him directly and sent him flying.

“Let’s see if you’ll die this time!”

Earth bone shouted angrily, its wings flapping as it chased after him.

Li Yunxiao, I want to play too!

go! the guest shouted as countless formation lights surged from his body, dazzling his eyes. His divine body was known as the most powerful and peerless divine body, and when he saw that Yunxiao had surpassed him, he could not sit still any longer and rushed forward.

“Kuafu chasing the sun!”

He put his hands together, and a divine body phenomenon appeared in the air and struck down.

“Damn it!”

The direction of the impact of the earth bone changed, and his body nimbly spun in the air, kicking the sky.

“Bang!”

The divine body phenomenon shattered instantly, and the Minister spat out a large mouthful of blood. He was kicked into the endless sky like a cannon.

This place was an independent space under the sea, and there were no white clouds.

haha, I'm feeling it. I'm still lacking a little!

In the distance, Yunxiao stood up. He was covered in blood and had lost a lot of primordial Qi, but his eyes were filled with excitement as he threw out another Vajra fist.

Di Gu was shocked and furious. He had never seen a peak nine-stars Martial Emperor who could take such a beating.

He didn't know what he was thinking, but he was filled with killing intent. He formed a seal with his hands and circles of red light appeared in his palms.

Lingmu Di's pupils constricted. li Yunxiao, this is a dangerous move! he said. is it a bit dangerous? "

Yunxiao's eyes also lit up as he shouted, "No need! Let me handle it!" Three different colors appeared on his body, mixing together chaotically. A violent power was constantly surging in his body.

"I'll take it with you!"

The voices of the guests came from the sky. As if they had sensed the surging frequency of Yunxiao's divine body, they resonated with it, and countless formation lights shot out of his body like meridians, as hot as the sun, and came crashing down!

"BOOM!"

The three forces collided, and a huge shockwave spread out. In the distance, the North Sea Palace was also half destroyed by the impact.

Two streams of blood sprayed into the sky as Yunxiao and the guests were thrown back and fell to the ground far away. The light on their bodies was circulating rapidly, making them look extremely irritable.

The shock in di Gu's heart was indescribable. Under his shock, he even felt a fear that he had not felt for hundreds of years.

"These two can't live anymore!"

This thought suddenly appeared in his mind. His figure flashed, and he was about to make up for it and kill the two of them.

"It should be about time. Let's make our move."

Lingmu di said slowly, then raised his foot and took a step forward to stand in front of Yunxiao to protect him, then he performed an incantation gesture with one hand and threw a palm strike.

die! di Gu's expression darkened, and he shouted angrily, " die together!

His five fingers closed like a knife and instantly cut open the seal of the lingmu flute, directly cutting the head of the lingmu flute!

"Bang!"

Di Gu felt that all his fingers were broken and in great pain, but lingmu di seemed to be fine. He just frowned and said coldly, " "You dare to hit this Lord's head!" A silver sword appeared in his hand, and he directly stabbed down.

Di Gu couldn't care about the pain in his palm, and suddenly kicked, his sharp nails like hooks grabbing the silver sword.

However, the sword suddenly softened and turned into a long whip that wrapped around his legs and finally tied his entire body.

Tiny silver runes flowed on the whip like a tide. The silver whip became extremely thin, and it kept digging into the earth skeleton's skin and flesh, causing blood to ooze out.

“What is this whip? Shatter!”

...

The earth skeleton was greatly shocked and roared in anger. Terrifying energy shot out from its body, trying to shatter the whip. However, it only shook up countless silver symbols. The whip was still firmly held, and it had no effect.

However, lingmu Di's expression changed slightly. The reverse soul whip was connected to his mind. Although it could not be shattered by the other party, under the strong resistance of the earth bones, the power reflected on his mind, which was a hundred times more severe than directly attacking his body.

He formed a seal with one hand and the reverse soul whip flew back into his hand like a snake and turned into a silver sword.

The earth bone's body was covered in circles of red strangulation marks, which looked extremely ridiculous.

He lowered his head to take a look and felt extremely humiliated. White smoke instantly rose from his body, and his originally red body became even more bright red.

he's going crazy," lingmu di said warily. let's suppress him together!

At this moment, Yunxiao and the guests were in extremely bad condition. The light on their bodies flickered irregularly, and a lot of blood and crushed internal organs were coming out of their mouths.

Shaohuang haolian and Mo Xiaochuan joined forces to set up a barrier in front of them.

The rest of the people instantly surrounded the earth bone and didn't make a move, as if they were waiting for him to go berserk.

Hua she who was far away was getting more and more scared as he was completely suppressed by che you. He would also peek at the situation from time to time, and every time he did, his heart would be in his mouth.

“Earth bone, you Wuwu!”

...

When he saw the current state of the earth skeleton, he cried out in shock. This was because berserk was the cloud life tribe’s most powerful mystical power and also their final trump card.

Ordinary clansmen would not dare to use this move unless it was a matter of life and death, because they would lose all their intelligence when they went berserk. Even after killing the enemy, they might not be able to recover. As long as there was a chance of survival, they would not try it.

Even at their level of strength, they could not guarantee that they could recover after going berserk. The longer they went berserk, the lower the possibility of recovery. Once the recovery failed, then they would never be able to find their spiritual intelligence and become a ferocious beast that would not recognize their own family.

Hua she was still bitterly waiting for the earth bone to help him in nine breaths ‘time, but he didn’t expect such an outcome. He was momentarily at a loss, not knowing what to do.

Che you was also observing the situation here. He did not push too hard because it was almost impossible to kill someone of the same cultivation level. If the other party was determined to escape, they would not be able to stop him unless everyone attacked him together.

As Hua she was not in the mood to fight, he was also fighting while watching. The two of them were focused on the earth bone.

Beiming Nan said, “ it’s indeed berserk. His power has multiplied. But is he confident in recovering? ” Back then, Daren was the one who helped him recover his consciousness at the important place.”

Lingmu di said, " maybe it's because of his blind arrogance that he can't accept the setback in front of him. That's why he went berserk. There's nothing to pity.

The people of the North Sea were all dizzy. Under this terrifying aura, they were all worried for these people, and these people began to sympathize with the earth skeleton.

Hua she was also speechless, but a bad feeling spread in her heart.

why not? " Chen Yuyu frowned. since this person is so powerful after going berserk, why not kill him now? "

the breath in his body is very chaotic now, " lingmu di said. if he is attacked, I'm afraid he will instantly counterattack with an overwhelming force. It's safer after the berserk is over.

No one could understand these things, but Hua she was frightened when she heard them. She couldn't help but look at mu Lingyu di a few times. The more she looked at him, the more unfathomable she felt.

I see, " Chen Yuyu said, suddenly enlightened. then let's wait quietly.

no need to wait, " said beimang Nan. I'll use my poison to soak him in a bubble first. He'll die naturally later.

Everyone,"hehe."

"Naturally dead?"

Everyone was dumbfounded. Was it that simple?

Beifeng Nan had already made his move. He formed a strange seal in front of him, and immediately, circles of green patterns appeared on his body.

He then raised his hand, and a green light appeared in the air. It was as round as a mirror, and there seemed to be a spirit creature swimming within it.

The green light spun slowly, lowering continuously. Finally, like a layer of water film, it wrapped around the Earth bone and slowly stuck to his skin.

Earth bone's body seemed to tremble slightly, but it did not have much of a reaction.

Everyone's eyes widened. That green color started to spread on di Gu's skin, forming countless poisonous spots.

"The process of the Yunsheng tribe entering the berserk state is a little slow, but their own counterattack divine ability is extremely strong, so it's still very safe," said beimang Nan.

"Roar!"

Just as he finished speaking, the earth bone finally reacted. A heaven-shaking roar came from the violent body.

His entire body had become bright red like fresh blood, but the strange thing was that the bright red was filled with poisonous spots, and they were still expanding.

Even Hua she was dumbstruck. Although he didn't think that the poison could hurt the earth skeleton, the color of the green spots was too bright. Furthermore, they were spreading through the skin of the earth skeleton and had even seeped in.

Chapter 1769

1769 Seven gates of the divine body

As the earth bone roared, a terrifying aura spread out. The expressions of Chen Qianyu and the others changed. Even with their cultivation, they were forced back several feet.

In the distance, Shaohuang Haolian and Mo Xiaochuan's expressions changed drastically. They almost knelt down on the spot after hearing this roar. Shaohuang Haolian even let out a muffled groan as he felt a sweetness in his throat.

"How is it?" Mo Xiaochuan asked.

Young Emperor Haolian snorted again and said, "I can, no problem."

"Mm, that's good!"

Mo Xiaochuan took out his sword, held the hilt with both hands, and stabbed it into the ground. Instantly, a layer of sword light appeared, increasing the power of the barrier.

Di Gu's entire body was filled with a berserk aura, and the nine Heavens Douluo hoop descended from the sky. At the same time, everyone attacked together, and a vast power shattered the space and came from all directions.

"Bang!"

The wings on the back of the earth skeleton suddenly flapped, and countless red lights rushed out, scattering all the attacks. The ground in the surrounding area directly sank a few feet, turning into a vacuum.

The nine Heavens Douluo hoop also shattered in the air with a bang, turning into countless red lights and flying back to the heaven patrolling Bulldog's neck. They disappeared in a flash, leaving only a tiny mark.

The terrifying aura caused their hearts to tremble.

Hua She was both surprised and happy. He was happy that the earth bone was so violent that it could crush everything, but he was surprised that those people didn't run away under this terrifying power. There wasn't even a trace of panic in their eyes. This gave him a vague bad feeling.

“Senior, can you still fight?” su lianyi was shocked.

She was the weakest among the group, and she was terrified by the power of the earth bone.

it’s good,” said beimang. this force is within our calculations. Lord mu di and I will be the main attackers. You and Chen Yuyu will surround him. Don’t let him escape. At other times, help him if you can.

“What? Don’t let him escape?”

The people of the North Sea were all dumbfounded. They were still guessing whether this group of people would run away. Why were they worried that the other party would run away?

Lingmu di also nodded and said, “ after going berserk, he will lose his mind. He will be like a ferocious beast. If he can’t win, he will naturally run. Everyone, guard well.

The silver whip in his hand was like a silver mace. It turned into a shadow in the air and struck down directly.

Chen Yuyu and su lianyi immediately retreated, leaving the battlefield to lingmu di and beiming Nan. At the same time, they protected shaohuang haolian and Mo Xiaochuan behind them.

The two of them looked at each other and heaved a sigh of relief.

“Bang!”

The shadow of the reverse soul whip struck the earth skeleton’s body and dissipated.

The earth skeleton let out a roar, and it seemed to be in pain. It rushed toward the lingmu flute, and its wings spread open. A spatial force appeared, and the lingmu flute was bound and pulled into the wings.

“Hahaha!”

Hua she suddenly laughed wildly and said, “ the wings of my Yunsheng clan all contain the power of divine arts. Although that person’s body is like Vajra, it’s difficult for him to resist the corrosion of divine arts. He’ll definitely be sucked dry of his flesh and blood and die!

As soon as he finished speaking, a circle of silver light appeared on the wings that the earth skeleton was hugging, and a talisman flickered on them.

Following which, a beam of silver light appeared beneath earth skeleton’s feet and turned into a huge formation. Earth skeleton’s body trembled violently as countless silver rays shot up into the sky.

It slowly spread its tightly-folded wings, and a scene that left Hua she dumbstruck appeared.

Not only was lingmu di fine, but he also held the reverse soul whip horizontally in front of him and pointed to the sky with one hand. The light of countless silver runes shone on his body that was made of divine steel. It flickered like the shadow of a lamp, solemn and dignified.

On the contrary, di Gu’s body was trembling violently, as if he was in great pain. His tough body was being torn apart by the silver light and gradually became a bloody mess.

“This, this Tao Wu, it’s impossible, it’s impossible!”

Hua she cried out in fear. He was already quite frightened. In his subconsciousness, the violent Yunsheng tribe should be invincible, but the scene in front of him had a huge impact on him.

“I don’t believe it, I don’t believe in Yingluo!” He roared madly, and his eyes turned Scarlet. He seemed to be going berserk.

Che you’s pupils shrunk and he slashed out a Dragon domain with his Xumi sword!

He didn't want Hua she to go berserk as well. The aura on di Gu's body was already terrifying enough, and he was probably at the peak of divine transcendence, not far from the peak.

The reason why he was easily restrained by the lingmu flute was that the poison of the seven illusions green damask had already penetrated deep into the blood of the earth bones and had begun to corrode its functions. The lingmu flute also had an undying body, otherwise, it would have died just now.

Moreover, lingmu di seemed to understand the Yunsheng clan quite well, while the earth skeleton had lost its mind. The huge gap in intelligence was difficult to cross.

Watching helplessly as the earth skeleton's body was torn apart by the silver light, turning into a bloody mess, Hua she could no longer remain calm and let out a long howl under che you's barrage of attacks!

A shrill and strange sound pierced through the air and resounded in the sky above the palace of North Sea.

The earth bone trembled violently under the piercing sound, and its body slowly turned. A violent aura passed through the silver light, and a layer of red light surged around its body, gradually blocking the silver light.

"Not good!"

"Be careful!" Lingmu di exclaimed.

"BOOM!"

Di Gu's eyes shot out a vicious aura. His wings flapped and slapped on lingmu Di's body, sending him flying like a cannonball, flying several hundred Zhang away.

"Swish!"

As the silver array's restraint was gone, the earth skeleton's figure flickered, and a red beam of light rushed at Yunxiao at an extremely fast speed. It still maintained the will it had before going berserk, determined to kill Yunxiao and his guests and wash away its humiliation.

"Not good!"

Chen Yuyu shouted in surprise. Fortunately, he and su lianyi were prepared and had been waiting for him.

One of them slashed out with a sharp sword, which turned into countless sword shadows.

The other person made a hand seal, and a precious flower fell from the sky and slapped out from the palm of his hand.

"Bang!"

However, under the collision of the red light, the sword shadow dissipated and the precious flower was shattered.

...

The two of them received a huge impact and were instantly sent flying.

how can he be so strong?!

The two of them were in disbelief. Seeing that lingmu di was toying with this thing, they thought to themselves that they could at least fight for dozens of rounds if they joined forces. However, they did not expect to be seriously injured and sent flying with just one move.

As soon as Chen Yuyu and su lianyi were defeated, haolian shaohuang and Mo Xiaochuan immediately felt a terrifying aura blowing in their faces. Just the pressure alone made them tremble.

The Tiangang demon-slaying sword was also stabbed into the ground and kept on trembling.

“Squeak!”

Suddenly, the chirping of countless insects came from the sky, and an overwhelming number of corpse beetles flew over. Like a heavy downpour, they instantly fell on di Gu’s body.

Looking closely, those corpse puppets were all trying their best to burrow into the earth skeleton’s body. This terrifying scene made one’s hair stand on end, and a chill ran through their entire body.

At the same time, the heaven patrolling Bulldog stomped its front foot and spread out a green net, which spread to the bottom of the earth skeleton’s foot and climbed up along his body, wrapping him up.

“Roar!”

Angry roars and violent sounds continued to ring out. The corpse beetles were shaken off in large batches, and the green net under the heaven patrolling Bulldog’s feet was also unstable, as if it would shatter at any moment.

...

“BOOM!”

Finally, the red light continued to burst out from the inside, and all the corpse puppets were sent flying. They flashed in the air and then turned into a sword, floating in the sky.

“Stop him!”

Beifeng Nan instantly appeared beside the sword and grabbed it. He began to perform hand seals with his fingers, and a wave of sword intent spread out.

“Eternal sword control!”

Countless sword shadows condensed and turned into thirty-six sword shadows around him. Countless sword talismans flew around and instantly pressed down.

Beiming Nan was also a peerless swordsman. After seeing Yunxiao’s million sword illustration, he had thought of some ways to transform it, and he had integrated it into his sword.

The million sword illustration was an unrivaled treasure of shenxiao Palace. It contained the Daoist magic of heaven and earth, and it was a realm where ten thousand swords were one.

Back then, qu Hongyan took it for Gu Feiyang to study, hoping to help him further improve his swordsmanship. Unfortunately, her wish was not fulfilled.

“Chi Chi Chi!”

The countless sword shadows instantly pierced into the earth skeleton’s body, cutting open his skin and flesh. A large amount of green blood flowed out, showing how deep the green Poison was. It had already penetrated deep into his bones and blood. Even if he didn’t fight, the earth skeleton wouldn’t be able to live for long.

The heaven patrolling Bulldog also ran over in large strides and directly used the two horns on its head to block.

“Bang!”

The earth skeleton raised its wings and blocked in front of it like a shield, blocking the force of the heaven patrolling Bulldog’s impact. Another piece of flesh exploded.

“Ahhhhhhhh! Roar!”

Human and beast roars were mixed together, and it was hard to tell if it was a human or a beast in front of him.

“Bang!”

The earth bone flapped and sent the heaven patrolling Bulldog flying. It broke through the sword formation again, its eyes filled with determination and ferocity.

Even if he had to die, he had to kill those two!

Clang! Clang! Clang!

Mo Xiaochuan’s sword continued to slide upward from the impact. Cold sweat poured down their foreheads like rain, but they were also unafraid of death.

“If you want to kill my master, you’ll have to step over our dead bodies!”

Shaohuang haolian was also determined. His trembling body suddenly stabilized, and his dantian slowly lit up. He was actually going to self-destruct.

Suddenly, a hand patted his shoulder and said, “Idiot, if you can’t beat him, then you’ll fight to the death. This is the stupidest way.”

Both of them were taken aback. They hurriedly turned their heads and saw Yunxiao’s body flickering with three-colored lights, which were as soft as water and flowing on his skin: a golden body-refining light, a dark light of devil essence, and a transparent white glaze light.

The three-colored light represented three different types of power. They had already sorted out each other and were clearly separated.

However, Yunxiao’s body did not look injured at all. It was as smooth as Jade and as transparent as glazed glass.

Mo Xiaochuan and shaohuang haolian were both surprised and overjoyed. They carefully condensed their primordial energy into their eyes, but they could not see Yunxiao's face clearly.

"Master, your injuries are bad."

"Yes, I've recovered."

let's go," Yunxiao said softly as he walked past the two.

Not far away, the guests were still vomiting blood, and the light on their bodies was still in a mess. They tried to support their bodies, their eyes full of envy, jealousy, and hatred."The seventh sect of the Tao Wu"

"Roar!"

The earth skeleton's Red eyes suddenly contracted, and an extremely unwilling sound came from its throat. Its wings were like blades as it slashed down!

He had used up almost all of his energy, and all of his hatred and anger had melted into it.

"Thank you."

Yunxiao smiled at him, and demonic runes surged up from his body. The dark and strange demonic runes did not seem to be on his skin, but instead turned into a light that flickered around him.

He clenched his fist, and a burning force emanated from his palm. Sword talismans appeared around his fist, and there were even faint sword shadows circling his arm.

"Thank you for sparring with me. In return, I'll use this demonic sword to send you to the other side."

Chapter 1770-invincible

The transparent sword body was like the moon, emitting a scorching light like the sun. Countless white lotus flowers bloomed on the sword.

“Sword death slashing red, green Lotus Sword Song!”

He swept his sword across, and seven white lotuses bloomed on the sword, turning into a colorful sword Qi. It was like the spring light returning to the earth, and hundreds of flowers competing for beauty.

The earth skeleton’s wings slashed down, and the terrifying red light was instantly blocked. Two forces exploded in the air!

“BOOM!”

The power of red and white shot out in all directions, but soon the red light was devoured by the white flame of sword Qi. The whole space began to shatter, and the first to bear the brunt were Yunxiao and the earth skeleton, who were swallowed by the shock.

The guests in the distance were already seriously injured. Under the impact, they felt as if their bodies were about to explode. The chaotic formation light became even more chaotic.

Just as he was complaining incessantly, a faint light suddenly appeared in the aftermath of the impact. A majestic figure stood quietly in front of him. Even under such a terrifying power, he still looked calm.

‘Li Yunxiao!’

Bin Chen’s heart skipped a beat. His divine body seemed to have sensed something. All the apertures in his body seemed to have opened up and started to jump along with the feeling.

He was overjoyed. This was the sign of a breakthrough.

“Eh?”

Yunxiao seemed to have sensed something as well. He turned around and gave the guests a look. He immediately understood what was going on, so he smiled and gave them a thumbs-up.

The guest's eyes were filled with gratitude as he raised his two hands and gave a thumbs up.

The Golden formation light on his body continued to dissipate, but endless power surged out of his limbs and bones, constantly washing his body. A ball of faint light gradually condensed at the seventh door.

The aftershock of the impact gradually dissipated. Hua she and the people of the North Sea were all dumbfounded by the scene in front of them.

The flesh on di Gu's body was like willow catkins, falling off bit by bit. They danced in the wind and scattered with the wind. Slowly, they turned into a white skeleton that stood on the ground.

The seven Illusion Green damask's poison was too deep and had already seeped into his bone marrow. There was no turning back.

"?!"

Hua she took in a few cold breaths and shivered all over. A fear that she had never felt in hundreds of years spread in her heart.

He wasn't afraid of death. With his and di Gu's age, they didn't have many years to live. He was just afraid, feeling a deep fear.

"Swish!"

He made a prompt decision. Hua she immediately used her escape technique and was about to soar into the sky.

“Tsk, you think you can still leave?”

He sneered and formed his true dragon Avatar. His powerful Dragon aura was vast as he slashed down!

“Thousand-fold peak!”

The sword transformed into the power of 100,000 mountains, as if the entire mountain range was being moved horizontally. At the same time, the Dragon Realm opened up and locked the space in all directions.

Yunxiao and his guests had successfully broken through, so he had no more worries. Therefore, he planned to use all his strength to kill Hua she!

“Let him go,”

Yunxiao’s voice suddenly came.

“Why?” he was confused. This person’s strength is extraordinary. If he leaves, it will bring endless trouble.”

The rest of the people were also puzzled, and they all looked at Yunxiao.

At this moment, his body was like colored glass and was shrouded in a dense Qi, as if his true appearance could not be seen.

The glass-like light gradually dispersed, revealing a valiant and handsome figure.

Everyone’s heart skipped a beat. At this moment, there was no fluctuation of primordial energy in Yunxiao’s body. It was completely converged, and even as peak martial artists, they could no longer see through his cultivation base.

Above the peak of martial arts, a term that made people burn resounded in everyone's heart.

Divine transcendence!

"Little Li, you've reached divine transcendence?" che you was also slightly surprised.

Yunxiao shook his head. no. I just reached the peak of martial arts not long ago. How can I break through so quickly? I need a lot of primordial energy to accumulate.

Che you said,"then how is your current state?"

"The power of the seven gates of the divine body is enough to tear the world apart and travel through the void," beimang Nan said. Just the strength of his body alone can contend against divine transcendence."

that's right, " lingmu di said with a smile. body cultivation is very difficult. But if you can open the eight gates and achieve the immortal body, you will be invincible in this sky where the peak of perfection is the limit.

"Invincible!"

Everyone's heart trembled violently. Since ancient times, who dared to say that they were "invincible" in the world? who could bear the word?

"Haha, look at how you've all been frightened. Was it possible to be invincible? You've all seen the power of a Demon Lord. Even if one's body is sanctified, it's impossible for them to withstand the power of a six paths demonic weapon."

Yunxiao smiled in embarrassment and did not take it seriously.

An image appeared in his heart. In his mind, a sentence that he had heard in the red moon City echoed in his ears: enemy of a thousand, enemy of ten thousand. Since ancient times, he has been invincible!

Lingmu di nodded. it's true. But the devil Master is not from this world. He's an exception. He can't be measured.

"Not a person of this world?"

Everyone was taken aback, and their faces were filled with shock. They didn't understand what he meant.

However, lingmu di did not explain much. He just smiled and said nothing.

Che you seemed to have understood something, he came back to his senses and said: "Is Hua she really going to let him go?"

Hua she's heart trembled. Even he himself couldn't believe that the other party would let him go. He thought that there must be some other conspiracy.

...

let him go," Yunxiao said. killing him is meaningless. As for him or the Yunsheng clan, there's no need to be afraid of them, so why bother with these minions?"

"Minions!"

He was probably the only one in the world who could call the snake transformation and the Yunsheng clan minions.

The members of the North Sea tribe were dumbfounded and petrified.

"Haha, I like this kind of heart and confidence."

Lingmu di laughed out loud, which was a rare sight. He waved his hand and said, "Let this minion go."

Although Yunxiao's realm was still a step away, his strength had already reached the divine transcendence, and he had recovered a lot of his former arrogance.

Moreover, through his contact with lingmu di and the others, his vision and heart of martial arts had improved. The Yunsheng clan was not even his cup of tea.

Everyone fell silent. With their current strength, they could even fight against the Tiandi Alliance of the hidden sects. No matter how strong the Yunsheng clan was, it was impossible for them to be stronger than the Tiandi Alliance.

"Alright, get lost, minion!"

Che you shouted as he kept his Dragon Sword, the Dragon Realm seal was released.

...

Hua she felt a great sense of humiliation. Her whole body trembled, her hands clenched tightly, and she stood in the air with a pale face.

huh?" che you frowned, "you're not leaving? you want to stay and die?"

Hua she's face was so gloomy that it looked like water was about to drip down. She gritted her teeth and said, "You will regret this!"

After saying that, as if afraid that everyone would go back on their words, he hurriedly turned into a ray of light and left, not even caring about the skeleton of the earth bone.

Che you laughed coldly, "see that? letting him go means trouble. These people are brainless. They won't remember until their entire clan is exterminated."

there is no eternal power in the world, ” Yunxiao said. if they don’t know what’s good for them, the wheel of history will crush them.

The members of the North Sea clan were all terrified when they heard this, and cold sweat covered their bodies.

RUO long and RUO Zong were so scared that they didn’t dare to speak. When they thought about how they had used the killing array and the Golden flag to fight against this person, they were so scared that they almost cried.

At this moment, the bodies of the guests and ministers had completely recovered, and a dense golden light covered their bodies. It was different from Yunxiao’s phenomenon, but it was just as daunting.

“Huu.”

The guest heaved a long sigh of relief and clenched his fists. Suddenly, two golden nebulas appeared between his palms.

A powerful and vast force spread out, suppressing the people in the surroundings to the point that they could not breathe, and they all retreated.

haha, power, what a powerful power!

The guest laughed out loud, his burly body shimmering with golden light, as if a God had descended.

“Now that you’ve fully recovered, you’ll have the same strength as you did in my previous life, where are we going now?” che you asked.

Yunxiao nodded and said, “the strength I have now is indeed comparable to that of my previous life, but as for the present ...” His eyes suddenly turned cold as he said coldly, “I’m not going to let you go.” Naturally, I’m going to the heaven Alliance to get back at them!”

“Hahaha, that’s just what I want!”

When you laughed loudly, he had an angry expression on his face, “ I’m really vexed about being attacked by the heaven Alliance this time. I’ll go and kill them all now! He made a killing gesture with his hand.

The people of the North Sea were also shocked and nervous. They were considered accomplices of the sky Alliance, but they did not know what these people were thinking.

Yunxiao pondered for a moment and said, “ I wonder how Xiao Hong is doing now. I pierced his chest with my sword, and then he was sucked in by the power of the six paths demonic weapon. I’m afraid it won’t be so easy for him to recover. But, it’ll be extremely difficult to find him.

yes, ” che you said, ” then Xiao Hong can wait for him to appear. With our current strength, we can all rush up and fight him. It doesn’t matter if he is Xiao Hong or di ye! Before that, let’s have a heart-to-heart talk with corpse fiend sect and Jade drop sect. ”

that’s right, ” Yunxiao said. but we’ve all been injured and consumed a lot of our Yuan Qi after coming to the palace of North Sea. As the owner of this place, shouldn’t Sir run hai think of a way to let everyone recover some vitality?”

When run hai heard this, how could he not understand that this was extortion? however, even if it was extortion, he had to smile and let them knock him. Otherwise, it wouldn’t be extortion, but knocking on his head and knocking on his life.

of course, of course, I want it, I definitely want it!

He chuckled and hurriedly ordered his men to collect all kinds of heavenly materials and earthly treasures, which were then piled up in front of the palace like a mountain. There were nine piles in total, and Yunxiao and the others could choose from them.

With a wave of his hand, a beam of light flew down and collected all the things. “We still have important matters to attend to, so we don’t have time to carefully choose. We’ll return the extra to you when we have time in the future.”

no need to return it. It's not anything good. It's just a little token of appreciation from me. It's rare that you all can come here, and it's an honor to the North Sea.

RUO hai said hurriedly. He didn't want these fiends to come again.

Besides, he didn't even dare to mention the heaven Alliance now, but he knew that the other party knew about it, so he would just take it as a way to get rid of the disaster.

all right, " Yunxiao said with a smile. since you are so kind, we can't refuse you. We'll accept it.
