

The Eternal 1771

Chapter 1771

1771 Facing each other in red

Everyone laughed with understanding. The people of the North Sea smiled apologetically, but cold sweat kept dripping down, and their smiles were extremely ugly.

I have a deep relationship with the North Sea tribe. From now on, all my grudges and grudges are written off.

By the time Yunxiao's voice came slowly, the group had already disappeared from the palace.

Only then did RUO hai stop smiling awkwardly and heaved a heavy sigh of relief. However, her expression gradually turned grave as she looked at the skeleton standing in front of the palace gates and couldn't help but shiver.

RUO long was worried,"big brother, what should we do now?" The Yunsheng clan will definitely vent their anger on us."

RUO hai thought for a while and said, " I'll bring people to personally escort this corpse back to the Yunsheng clan. You go to the ocean emperor's palace and report this matter in detail to the sea Emperor. If the sea Emperor is willing to come forward, everything will be easier to handle.

RUO Long's face was filled with anger as she said, " "This matter has nothing to do with my North Sea, so the Yunsheng family can't be too rude, right? Lord Poseidon won't just sit back and do nothing."

"I hope so," RUO hai sighed. I didn't expect Yunxiao to have grown to such an extent. This man is someone we can't afford to offend in the future."

He knew more than half of the story between runxiang and Yunxiao, and he had been looking for an opportunity to meet this man. But he did not expect to meet him by chance and get such a result.

The people of the royal family all looked sad. The royal family could call the wind and rain on the four Seas. No one dared to disobey their call. However, in front of these true peerless powerhouses, they were no different from ordinary people.

After Yunxiao and the others left the North Sea, they boarded the ninth-grade warship and flew between the sea and the sky, teleporting thousands of miles.

In the divine realm tablet, there was a land with beautiful mountains and clear waters. The wind was gentle and the sun was bright, and it was evergreen.

The stream murmured, and the spiritual energy turned into mist that permeated the earth, making people feel refreshed.

A Palace appeared out of thin air in this spiritual mountain. It gathered all sorts of elements from all directions and was constructed in the air before landing on this beautiful land.

Yunxiao slowly opened his eyes. Although his physical body had only stepped into the divine transcendence realm, his understanding of the great realm divine technique had become much more exquisite.

Since the ocean Emperor Polong had talked about the Maha ancient scripture, the great realm divine technique was one of the four Scriptures closest to the Maha ancient scripture, and the divine realm tablet was an innate heavenly Saint tool when the heavenly martial realm was born.

Even the powerful demon masters could only communicate with the six paths demonic weapon and extract its power. It was the same for the divine realm tablet. There was no way to control it. The so-called divine realm technique was not the tablet technique of the divine realm tablet. It was just that the Almighty used the power of the divine realm technique to control the divine realm tablet, so it was named "divine realm technique."

The divine realm tablet had existed for a long time, while the great realm divine technique had been born in the long history, gathering the comprehension of countless experts toward the heavenly way.

At this moment, Yunxiao had mastered most of the divine incantation, which could instantly turn sand into a tower and turn nothing into something, but he was still puzzled by the power of the divine realm tablet.

“If this thing also has an Artifact Spirit, how do we find it? how do we know if the artifact Spirit is alive or dead? It’s been lost for so many years, it’s likely that it’s dead.” ‘Yunxiao thought maliciously.

Then, he turned around and appeared in the palace. The pavilions inside were well-arranged and the corridors were winding. It was no different from the palaces outside.

A beautiful figure came up to him. When she saw Yunxiao, she could not help but tremble a little, but then she returned to normal and said, “big brother Yunxiao. It was Ding Ling ‘er, who had been recuperating for many days.

“You’ve lost weight,” Yunxiao said.

Ding Ling ‘er’s heart ached, and tears welled up in her eyes. She forced a smile and said, “Thank you for your concern, big brother Yunxiao. I’m fine now.

After all, she had been in charge of the Chamber of Commerce for many years and was extremely strong. She raised her hand to tuck her messy hair behind her ear and said, “Big brother cloudsky, you’re here to see Sister Water deity, right? Her current condition is very stable.”

Yunxiao nodded. The two of them walked side by side, bypassing a winding corridor and coming to a side hall.

Inside, a huge Golden Lotus was spinning. It was the Lotus seat of Fa Hua, so you heard. On the Lotus seat, the water fairy was sleeping peacefully on her side. Her right hand was under her head, and her eyes were slightly closed. She was extremely quiet.

Yunxiao observed her carefully and was quite surprised. Water fairy’s current state was almost one with Amitabha. The fluctuation and frequency of her primordial power were exactly the same, as if they were born together.

The flowing light from Amitabha passed through the water fairy's body without any hindrance and swayed slightly on the Lotus platform. It was like spring water and autumn waves, bringing peace to one's soul with every movement.

Yunxiao stared at the ripples, and gradually, he felt as if he had entered the void.

Ding Ling 'er said softly, 'big brother Yunxiao, did you feel it too? This profound level weapon is exceptionally mystical. Today, I have been taking care of little sister Water deity. Under the fluctuations of this profound level weapon's frequency, my strength has also increased by leaps and bounds. It is hard to imagine.'

this lotus throne is a holy weapon of the four Seas, and it is indeed very magical,' Yunxiao said. no wonder you're about to break through to the martial Supreme realm and only have one last layer left. Let me help you.

"Big brother Yunxiao is helping me? Don't you have to comprehend the heaven Earth Law by yourself to break through to the nine Heavens martial sovereign realm?"

Ding Ling 'er was a little surprised. She had heard of some cultivation methods that could force people to be enlightened, but they were all evil Arts that were extremely harmful to the foundation of martial arts. She immediately said, "Ling 'er hopes to break through through through through her own efforts. I have nothing to rely on now, nothing to worry about, and can only place my feelings on martial arts, hoping to go further and further.

Yunxiao's heart ached a little when he heard that. He smiled and said, "Don't worry, the method I'm using to help you isn't crooked, I'm just giving you some advice. Without your own comprehension and accumulation, it's useless no matter how much I guide you. You're an extremely intelligent girl, and if you can let go of the fetters in your heart, you'll definitely have great achievements on the path of martial Dao."

Afraid that they would disturb water deity's self-recovery, the two of them quietly left the room and came to the top of a mountain.

A huge waterfall fell from the opposite side, creating countless splashes. There was also a rush of spirit Qi. Even if one was inside, they could feel their cultivation rising.

brother Yunxiao's Saint weapon is getting more and more amazing," Ding Ling 'er said with a smile. it's been barren at the beginning, but now it's full of vitality. Even those spiritual mountains, great rivers, and super sects can't compare to it.

Yunxiao smiled wryly. Ling 'er, you're blind. I'm just trying my best to gather the spirit energy in the entire stele in a few places for everyone to cultivate. The whole world is basically still barren, and there hasn't been much change. I wonder when it will truly become a world."

at least it's getting better and better," Ding Ling 'er comforted him. it will get better and better.

The two of them stood side by side. The mountain breeze was slightly cold. They did not know when they had gradually come close to each other. They felt each other's body temperature and their hearts trembled.

Ding Ling 'er's cheeks blushed, and she hurriedly straightened her body and lowered her head shyly.

I almost forgot what I'm here for," Yunxiao said hurriedly. sit down. I'll help you break through that layer of window paper.

Ding Ling 'er gathered her thoughts and sat cross-legged.

Looking at the woman in front of him, Yunxiao thought to himself, 'now that Ding Ling' er has no one to rely on, I have to cherish her more.'

After making up his mind, he cast aside all distracting thoughts and the dynasty Bell slowly flew out of his palm.

"Dang!"

A clear sound rang out, and a clear sound wave spread from the peak of the mountain.

Ding Ling 'er's body trembled, and the yuan power in her body vibrated along with the frequency of the bell. The verdant mountain also swayed in the sound waves, and the sound of the waterfall gradually weakened. The whole world naturally became one with Ding Ling' er.

Ding Ling 'er felt that the barrier in front of her disappeared in an instant, and a smooth road to heaven spread infinitely under her feet. She had never felt so close to the heavenly Dao.

Countless law runes fell from the sky and slowly fused into her body, but she was completely unaware.

He was like a tree in the world, a weed, quietly growing over countless years.

One flower, One World, one dynasty, one century.

...

In the blink of an eye, Ding Ling 'er seemed to have experienced a century. She slowly opened her eyes, and the warm Emperor aura on her body shimmered.

The confused look in her eyes gradually became clear.

"How long have I been through?"

the bell rang three times. That's a total of nine breaths.

"Nine breaths, a golden millet dream, a vast sea that has turned into mulberry fields." Ding Ling 'er's face was full of shock.

Yunxiao smiled. you're in a very good state. You fit well with the changes of time. From what I can see, your Foundation is even more stable than those who have been martial sovereigns for years.

her life has changed a lot, " Ding Ling 'er said with a bitter smile. it's indeed very suitable for such a change.

Yunxiao immediately realized that he had said the wrong thing, so he said guiltily, " "I'm sorry."

Ding Ling 'er chuckled and looked at Yunxiao tenderly as she said, " big brother Yunxiao is right. You don't have to apologize. Unknowingly, the two of them were pressed together again.

The sound of water and the faint fragrance made Yunxiao's heart skip a beat, and he could not help but pull her into his arms.

Soft jade and fragrant. His hand fell along with her hair. The fragrance pouch was secretly untied, and the ribbon was gently separated.

...

At this moment, the mountains were covered with clouds, and the sky was vast.

The peak was covered by the sunset glow, and the green grass was clear. In the depths of the cold morning, one could see a red robe.

Time passed by quietly.

After a long time, a stream of light flew away from the mountain peak, escaping in a hurry and with embarrassment.

Yunxiao was the only one left on the cliff.

At this time, the mountain peak was lonely, with dew drops and fragrant dust, and the night wind blowing. Under the bright light, he looked at the Scarlet dots, which were as beautiful as peach flowers.

Thinking back to how the two of them were entangled just now, it felt like a mist or a dream.

flowers are not flowers, fog is not fog. It comes like a spring dream, but it goes like the clouds, far away.

Yunxiao also felt a little shy after that, so he flicked his sleeve and left the divine realm tablet.

The ninth-grade warship sped across the North Sea for more than ten people and finally returned to the sea area where the heaven Alliance had fought.

At that time, the heavens and earth cracked, the sea water evaporated, and all the living beings in the sea area within thousands of miles were annihilated.

Now, at a glance, it seemed to have returned to normal, but under the sweep of the spiritual sense of an expert, they could find that there was something different about this place, and that was the deathly silence. There was still no living creature within a hundred miles. All the sea creatures that drifted over with the sea water had all died.

Su lianyi was shocked. there is a large amount of chaotic aura in this sea. The most serious ones are the devil Qi and poison Qi. I'm afraid that for many years, not a single blade of grass will grow, and neither will any fish or shrimp survive.

Chapter 1772-escape

at the peak of combat strength, it's common to move mountains and seas, " Yunxiao said. many changes in the landscape in the heavenly martial realm are caused by absolute combat strength. I'm only concerned about the whereabouts of the bi Luo sect. "

Su lianyi said, " all kinds of auras are scattered and in disorder. There aren't even any living creatures in the vicinity. The ocean is vast. It's like trying to find a needle.

Yunxiao thought for a moment and said, " let's go to the bigwheel Island, then. We should be able to find the location of the Jade drop sect there. We can also ask about the current situation of the corpse fiend sect.

The ninth-order warship immediately turned around and headed for big wheel Island.

A few days later, the warship sailed into the waters of bigwheel Island and was immediately monitored by several divine senses.

Then, a figure flew over and shouted, "Who are you?"

you deal with them," Yunxiao said to su lianyi. when everything is done, we'll meet on the island. I'll go first.

"Yes!" Su lianyi hurriedly replied.

Yunxiao's figure flickered and disappeared from the warship.

The figure outside suddenly frowned, and his pupils contracted. He seemed to have sensed a fluctuation of essence force just now, as if a flash of green light had passed by, but he was not sure because it was a little unreal.

He looked around in confusion but did not find anything strange.

At this moment, a beautiful woman in Palace clothes slowly flew down from the battleship and said with a smile, "I'm su lianyi, the pavilion master of the heavenly one Pavilion on the heavenly martial continent. I'm here on the big wheel Island for some business. I'd like to ask the master of the natural moat cliff to make an exception for me.

"Keep the ship and follow me to register," the man nodded.

Yunxiao teleported directly to the island, and in a few flashes, he appeared in the stronghold of the blue sky sect.

It seemed a little deserted in front of the gate. He swept his divine senses across the stronghold and found that there were only twenty or thirty people inside, and the strongest one was only a three-stars Martial Emperor.

settle all the accounts for this month and call for a meeting tomorrow.

alright! the Martial Emperor waved his hand and said, " go do your own things.

In front of him stood five people who looked like housekeepers. They all nodded and bowed, leaving one after another, leaving only one person standing there motionless.

"Manager Zhang, is there anything else?" the Martial Emperor asked.

Manager Zhang looked left and right and said in a low voice, " "My Lord, since the bi Luo sect doesn't want this place anymore and there are still two years before the lease, why don't you sublet this place to have a look?"

The Martial Emperor's eyes lit up as he said, " "Transferring rent can indeed avoid waste, but the matter is urgent, where can we find someone? Furthermore, if the sect finds out about this, even I will not be able to bear the consequences."

Manager Zhang chuckled and said, " I have a nephew who runs a business between the heavenly martial continent and the great Wheel Island. I can sublease this stronghold to my nephew. The Jade drop sect will be completely hidden anyway. They won't know about it. As for the natural moat ocean, you just need to give me a document to transfer the rent, and my nephew will have a legitimate reason to do so. As for the price, my nephew is willing to pay five billion mid-grade primordial stones to rent the remaining time."

The Martial Emperor's heart thumped, but he still sneered, " "Five billion? Hmph, manager Zhang, I don't need you to do business like this. According to the normal price, it should be at least 30 billion."

"If it's 30 billion, my nephew would have gone to the natural moat ocean to rent it." Manager Zhang smiled.

Hmph! the Martial Emperor snorted coldly. that's not something that can be bought with five billion. It's at least 20 billion!

Manager Zhang cursed in his heart and showed a difficult expression. He shook his head and said, "Al, if that's the case, then this sublet is in vain. My nephew doesn't have that much money. Forget it, forget it." He turned around and was about to leave.

"Hey, wait!"

wait! the Martial Emperor hurriedly stopped him. the price can still be negotiated. You know that I'm in charge here now.

Manager Zhang sneered in his heart. He knew that this man would return to bi Luo sect the next day. If he didn't sign the sub-lease, he wouldn't be able to get a single piece of primeval stone. Now that he had suddenly gained a few billion Yuan, he must be overjoyed and couldn't control his joy. He was just insatiable and wanted to get every single piece of benefit.

Seeing him stop, the Martial Emperor heaved a sigh of relief and said seriously, " five billion is too little. You should at least add a little more.

"Then I'll go back and ask my nephew first." Manager Zhang smiled.

hey, don't, don't. You know that I'll be leaving tomorrow. It'll be impossible for your nephew to rent it again. The Martial Emperor hurriedly stopped him.

Manager Zhang said,"then the price is too high." He felt a burst of pride in his heart. The other party was a martial artist who only knew how to cultivate. How could he be a match for these merchants when it came to negotiating prices?

The Martial Emperor gritted his teeth and said, " five billion is indeed too little. Manager Zhang, you can add a little more, however much you want. If I think it's okay, then it's a deal!

Manager Zhang paced back and forth a few steps, muttering to himself, "Then I'll add another 200 million!"

"Alright, 200 million it is!"

The Martial Emperor made his decision, and the two of them heaved a sigh of relief. They were both overjoyed.

Manager Zhang hurriedly took out a storage bag and a document made of Platinum. He placed it on the table and said, "Then, my Lord, please press your fingerprint."

what?" the Martial Emperor was stunned for a moment and said, "so you've already prepared for this.

"Sir, you're leaving tomorrow. Of course, we have to hurry," manager Zhang said, smiling.

The force Emperor became infuriated as he knew that he had suffered a loss. However, after thinking about it for a short while, he realized that it was also an unexpected fortune. Therefore, he pressed his fingerprint on it straightforwardly.

A layer of blood-red light surged on the Golden foil, which then condensed into a symbol. With a flash, the transaction was completed.

Manager Zhang happily kept the Golden foil document and said with a smile, "It's getting late. Lord, please rest early. I will take my leave."

The Martial Emperor counted the vitality stones and was extremely excited. He waved his hand and said, "Go down, go down. I also want to rest."

After manager Zhang left, the Martial Emperor couldn't help but burst out laughing, "hahaha, hahaha!"

The laughter suddenly stopped. He saw that a figure had appeared in the room at some point in time. He was sitting upright in front of him and drinking tea with an indifferent expression, as if he had not heard him.

The Martial Emperor was taken aback. He immediately knew that an expert had come, and he must have seen what had happened just now. He couldn't help but feel a little scared and said in a trembling voice, "You, Who are you?"

The person in front of him was very young, so young that he felt that he shouldn't be an expert.

"Where's Yin Hui?"

The man's first sentence almost made him kneel in fear.

After trembling a few times, he steadied his body and said, "You, you're looking for the sovereign? I'm really sorry, this one's position is too low, how could I know about Lord sect master's whereabouts."

The man was Yunxiao. He nodded and said, "Where is the blue sky sect? You wait for me."

"This is an ..."

...

The Martial Emperor quickly said, "we must have the teleportation coordinates to go there. However, the sect has already used a great divine ability to hide the coordinates from the sea a few days ago. No one can find it now. The original coordinates from before have all become invalid."

Yunxiao frowned, and a cold light shot out of his eyes as he said, "You mean, no one can find the Azure heaven sect now?"

The Martial Emperor felt as if his soul had fallen into a bottomless abyss under his gaze. He was so frightened that he knelt down on the spot and cried, "I don't know, I don't know. A nobody like me"

can't find it. Besides, I can't go back to the sect anymore. A few days ago, the higher-ups gave me a sum of metastones and told me to go to the heavenly martial continent to develop a small branch."

Yunxiao could naturally tell that he was not lying, and his frown deepened.

It seemed that Yin Hui was afraid that he would come back for revenge, so he hid the entire sect in advance. This was quite bold.

If the Azure heaven sect had completely disappeared, then Xiao Hong's condition was probably not good. Who knew when he would have to wait for Xiao Hong to appear again?

"What about Jing Qi?"

"Jing? Ah, Lord Jing Qi! I don't know, I don't know anything. Wuwuwu, please don't kill me, I really don't know, spare me, spare me, Sir! I'm willing to offer all my primeval stones to you, Daren!"

The Martial Emperor was so frightened that tears and snot came out of his eyes and nose as he kept kowtowing and begging for mercy.

He didn't dare to use his essence force to block, and very quickly, his forehead was injured, fresh blood flowing all over the ground.

After kowtowing for a while, there was no movement. When he raised his head again, Yunxiao was no longer there.

...

Suddenly, manager Zhang walked in from outside. When he saw the scene in front of him, he couldn't help but be stunned and said, "Your, Your Excellency, what, what are you doing?"

Force Emperor said as he wiped off the cold sweat over his face, "I accidentally fell. Why are you back?"

Manager Zhang was full of doubts, but he didn't ask, " I just remembered something. Master asked us to find a spiritual mountain on the heavenly martial continent. My nephew said there's a good place.

"Oh, then hurry up and get it done for me."

Force Emperor waved his hand. The joy in his heart had long disappeared due to fear, and he could still not get rid of the deep fear. He only felt that his whole body was soaked in sweat and sticky. He said, "I'm really going to rest, don't disturb me,"

After Yunxiao left the blue sky sect's stronghold, he received a message from su lianyi.

The two of them quickly met.

When su lianyi saw Yunxiao's look, she could guess what was going on. "The Jade drop sect has escaped?"

"I'm afraid he's completely hidden this time," Yunxiao nodded. "it'll be more difficult to find him.

Su lianyi said, " if they were truly intent on hiding, it would indeed be hard to find them in the four Seas. If he isn't, he'll reveal some clues sooner or later."

"That's the only way we can think about it," Yunxiao said. "Even Jing Qi's immovable forest was destroyed in the battle. I don't believe that he can endure it. Also, the eternal world is about to open soon. Can these two really endure it?"

Su lianyi said, " just now, when I was registering at the Great Wheel island's branch in the natural moat cliff, I heard a piece of news. The hidden sects have already started to plan with the WAN clan to take back the merchant Union. They saw that I was quite strong and wanted to recruit me, so they leaked some information. I wonder if young master Yun is interested?"

let Wan Yiqian worry about the merchant Union for now, " Yunxiao said. if we can't take back the merchant Union with the help of the hidden sects, then we'll be too useless. Although I also have the intention to deal with ding Shan, there are more important matters, so I'll let ding Shan go."

Chapter 1773

1773 Dragon's Tooth villa

Su lianyi asked, " more important things? I don't know what young master Yun is referring to, Zhenzhen."

Yunxiao was about to answer when a man suddenly rushed over and came in front of the two men in a few steps. He saluted and said, " Are you Lord li Yunxiao? "

Yunxiao immediately knew the man's identity when he saw his clothes and the mark on his body. "The Dragon's Tooth villa is really a good place to have ears and eyes. I just arrived here for a moment, and I already found you."

The man was overjoyed and said, " it's indeed Lord Yunxiao. I'm the messenger of Dragon's Tooth villa. Greetings, Lord. I hope that Your Excellency can come to my villa for a gathering. The villa Lord has been looking forward to this for many days."

Afraid that Yunxiao would not go, he added, " in order to wait for Your Excellency, our entire Manor's intelligence team has been mobilized. We've been searching everywhere for twenty-four hours a day. Only then can we know where your Excellency is.

I don't know Jue Tianhan at all, " Yunxiao said with a frown. why is he looking for me? " Are you trying to cut me down?"

The man was shocked. He smiled bitterly. my Lord, you really know how to joke. The manor master is sincerely inviting me. I hope Lord Yunxiao can go for a while.

alright, " Yunxiao said. in that case, I'll go with you to see what Jue Tianhan is up to.

With his current strength, he could go anywhere he wanted in the world.

The man was overjoyed. Finding and bringing Yunxiao back would be a great merit. He hurriedly led the way in front of them, fearing that the two would go back on their words and run away.

Yunxiao also wanted to go to Dragon's Tooth villa to find out about Wu Dacheng, or he would not have the time to talk to Jue Tianhan.

The two of them were quickly brought to the Dragon's Tooth villa's encampment. The person in charge of this place personally came out to welcome them and informed them at the first moment.

Soon, they arrived at the teleportation formation, and several hours later, they arrived on a massive island.

The entire Island was like a tall mountain. Looking down from the top, one could see that the mountain was filled with buildings. It looked like the long family of the heavenly Ridge, but not as towering as the heavenly Ridge.

'Isn't the Dragon's Tooth villa said to be built on a huge Dragon's Tooth? This Island is very ordinary.'

The person in charge also personally came to send him off. He smiled and said, "How could there be such a big Dragon's Tooth in the world? there is indeed a Dragon's Tooth, and it is said to be the tooth of a true dragon. I don't know if it is true or not, but it is the treasure of my Manor."

"True Dragon's Tooth?"

Yunxiao was taken aback. If it was really the tooth of a true dragon, it was not as simple as a Dragon's Secret treasure.

The so-called Dragon's Secret treasure was only the remains of the dragon clan in the ten directions divine realm, while the remains of a true dragon were not on the same level.

He you's voice sounded and he said excitedly, "quickly go and take a look at that Dragon Tooth. If it really belongs to a true dragon, then snatch it!"

be more civilized," Yunxiao said with a voice transmission. we're all civilized people who have read books. Don't always use the word 'snatch'. We can' borrow'.

"Yes, yes, yes, borrow, it's borrow! If it's really the tooth of a true dragon, then I'll borrow it for a hundred years!" Che you Chan howled.

His cultivation had reached a bottleneck and he needed a chance to break through. He had thought that the secret treasure of the true dragon would be in the Dragon field, but it was only a storage space. He was greatly disappointed.

let's wait and see," Yunxiao said. the villa may not be so easy to talk to.

Suddenly, a loud and clear voice rang out, "Haha, young master Yunxiao, you're making me want to die!"

A sharp beam of light came through the air and stopped in the sky, then gradually turned into Jue Tianhan's figure. He flew down and gave Yunxiao a big hug.

Yunxiao was a little baffled. He dodged to the side and reached out to stop him, saying, "Daren's enthusiasm is really a bit scary, it's better to explain clearly first."

Although Jue Tianhan's face was full of smiles, one could tell that he was extremely worried. He said bitterly, " young master Yunxiao, you're a straightforward man. I'll get straight to the point then. However, this is not the place to talk. Follow me back to the manor.

Without saying a word, he took Yunxiao and su lianyi's hands and turned into a stream of light, leaving.

At the very top of the island, there was a resplendent Palace that seemed to be hidden in the clouds.

Jue Tianhan had already ordered people to set up a banquet and bring out all sorts of bejewelled nectar spirit fruits. He sat alone at the head of the table and did not make a toast. Instead, he poured himself a cup of wine and drank several cups, sighing continuously.

Yunxiao and su lianyi sat at the lower seats, accompanied by the beautiful twin sisters on the right. The two looked anxious and Haggard, and they did not say a word.

The atmosphere in the hall was a little oppressive, and the soft sobs of the sisters could be faintly heard.

Yunxiao understood the situation at the first sight. He smiled and said, " what's bothering you, my Lord? is it because of Wu Dacheng? "

Jue Tianhan's arm trembled, and he was unable to hold the wine cup in his hand, causing it to spill over onto the table.

The two sisters also stopped crying. They looked up with red eyes.

Jue Tianhan hurriedly replied,"that's right, that's right!" Young master Yunxiao was indeed a God! Do you know where Wu Dacheng is now?"

Yunxiao thought to himself,'you've made your two daughters come here crying. If I still can't guess it, do you think I'm normal?'

"Wu Dacheng is your son-in-law, why are you asking about me?" he asked, feigning surprise.

Jue Tianhan groaned and sighed, " "Did he leave or die? Al, Al, seeing my two beloved daughters wash their faces with tears every day, as a father, my heart feels like it's being twisted by a knife!"

"Wuwuwu!"

The two beauties sobbed again and covered their faces with their handkerchiefs.

"I hope that young master Yunxiao can tell me everything that happened in the cloud formation that day without hiding anything," Jue Tianhan said.

Yunxiao thought for a moment and said, 'I didn't meet him in the formation that day. I even went to look for him at the time, but I didn't find any clues. In other words, he disappeared on his own not long after he entered the formation.'

"Disappear on its own? Young master Yunxiao, do you think he's Dead or Alive?" Jue Tianhan's eyes flashed with a sharp light as he hurriedly asked.

Yunxiao avoided the question, but said with a smile, "So what if he's dead? so what if he's gone? Are you worried about your daughters?"

"Naturally," Jue Tianhan replied with a serious expression. He's the son-in-law of my Dragon Tooth villa, how can I not care about him?"

with his true dragon Dharmakaya, not many people could kill him in that environment, " Yunxiao said honestly. in my opinion, he must have escaped.

"Did he escape?"

Jue Tianhan muttered to himself, and his eyes flickered with uncertainty, as if something was weighing on his mind.

The two daughters cried even louder.

it seems like he doesn't like us sisters, " the elder sister cried. everything he said was fake. Liar, a big liar.

The two sisters hugged each other and cried.

...

Jue Tianhan was getting impatient, and he slammed his hand on the table as he shouted, "What are you crying for, stop crying! I will definitely bring him back to you!"

“May I know what relationship Wu Dacheng has with young master Yunxiao? why did he impersonate you?” Jue Tianhan asked.

“I’d like to know about it too,” Yunxiao said with a wry smile. it’s strange to say it. He immediately recounted what had happened in Yongxiang city all those years ago.

Jue Tianhan’s face turned blank when he heard this, and he said in a daze, “It’s that simple?”

Yunxiao nodded. it’s that simple. Does my Lord know nothing about him? ” he asked. If that’s the case, why would he marry his two beloved daughters to him? this young master really can’t believe it. ” He had a suspicious look on his face.

Jue Tianhan fell silent, his face filled with worry.

and he was definitely not as powerful as he is now in Yongxiang city that day, ” Yunxiao continued. his current strength should have risen during this period of time. Especially that true dragon Dharmakaya, it’s said that it’s impossible to cultivate it unless you’re a descendant of a Dragon, but he actually has two.”

Jue Tianhan seemed to have made up his mind, and said, ” “Since young master also knows about the true dragon Dharmakaya, then there’s nothing to hide. Young master, please follow me.”

He immediately stood up and left the main hall with the two of them. After walking for an hour in the manor and passing through dozens of corridors, they finally arrived at a secret room.

It was very spacious inside, and both Yunxiao and su lianyi were startled as soon as they entered.

What came into view was a huge statue of a true dragon that stretched for several miles. It was very lifelike, and although it was fake, its aura was still pressing forward.

...

Yunxiao was taken aback, but then he smiled and said, "I didn't expect you to have such an interest in building such a magnificent dragon body."

Jue Tianhan looked at the Dragon for a moment before saying, "You think I did this?"

did the ancestors of Dragon's Tooth villa leave it behind?" Yunxiao asked.

"You can say that, but it's not entirely correct. This Dragon's body was indeed left behind from a long time ago, but it was not created by man, but by the will of heaven and earth."

the will of heaven and earth?!

Yunxiao's heart trembled as he seemed to think of something. "A true dragon that failed to form? That's impossible, that's impossible!"

"Why is it impossible?" Jue Tianhan asked. A true dragon was formed from the essence of heaven and earth, but only one true dragon could exist in each era. The ancient true dragon had fallen countless years ago, so what was strange about the heaven and earth giving birth to a dragon again? Otherwise, where would there be Dragon crystals in this world?"

A Dragon Crystal was a Supreme treasure that contained dragon power after the heavens and earth failed to give birth to a true dragon.

Yunxiao closed his eyes slightly to feel the power of the dragon's breath. Then, he opened his eyes, and his lunar pupils appeared as he looked through them. He saw that the Dragon's body had all its limbs, bones, meridians, and everything. It was indeed impossible for it to be man-made.

"But, Yingluo, why is this Dragon Breath so weak? If he really failed to transform into a Dragon, this is a land of wealth!" He said with emotion.

Jue Tianhan laughed bitterly, "there are many stages to dragonize. Only when you fail at the deeper stages will the Dragon Crystal appear." This Dragon should have failed a long time ago."

that's a rare thing," Yunxiao said. it's a rare thing.

Jue Tianhan replied, " that's right. This Dragon is The Eye of the Dragon's Tooth villa. It is a spirit gathering Island. It continuously absorbs spiritual Qi from all directions.

"Oh?" Yunxiao asked. Although the spiritual Qi on this Island is extremely strong, I didn't sense any fluctuations in formation power, nor did I see any signs of spirit gathering. Could it be that it leads to the bottom of the ocean, from the bottom to the top?"

Chapter 1774

1774 White teeth and bright moon

Jue Tianhan heaved a long sigh, and said, " "Young master Yunxiao, do you see what's in the dragon's mouth?"

Yunxiao had noticed it a long time ago. There was an offering board there, with four small golden words written on it: White teeth sun and moon.

"Could it be that the rumors are true? that the Dragon's Tooth villa really has a true Dragon's Tooth?" his pupils contracted.

"That's right," Jue Tianhan replied.

Yunxiao clenched his fists, and his emotions began to fluctuate. He you laughed wildly and said, " "Haha, borrow, quickly borrow it!"

"It's a pity that the White teeth Sun Moon has been taken away by Wu Dacheng," Jue Tianhan said as he looked at him.

Although Yunxiao had guessed a little, he was still very surprised. "Such a precious item, how could Daren be so at ease to give it to him?"

Jue Tianhan sighed. to tell you the truth, the White teeth Sun Moon has been in the hands of the Dragon's Tooth villa for a long time. However, it has always been used as the eye of the formation to gather spiritual energy. I don't know how Wu Dacheng was able to unleash the power of the true dragon from the White teeth, but he was able to display the true dragon Avatar that young master had seen before.

so, this is the origin of the true dragon Avatar, " Yunxiao said in surprise. what secret does he have that he can completely control the body of a true dragon? "

"That's exactly what I want to know," Jue Tianhan said worriedly. In order to win this martial arts contest, I had him carry the White teeth Sun Moon with him, but he disappeared. This matter is too important. Other than my two daughters, no one else knows about it. If he did not find the White teeth sun and moon soon, the effect of the spirit gathering formation would slowly weaken and eventually dry up. Then the entire Dragon's Tooth villa will be finished."

just because he can control the true Dragon's Tooth, you think so highly of him, my Lord, " Yunxiao said. tsk, tsk. His tone was full of sarcasm.

Jue Tianhan replied, " I was indeed a little careless. However, if I were to do it again, I'd still make two women marry him. I'd do everything I can to win him over. Not only because of the power in the White teeth, but also because of the comprehension of the heavenly Dao contained within. True dragons are born from the essence of heaven and earth, condensed from the power of the world. Even a white tooth contains the purest heavenly Dao. If it's broken, the benefits are incalculable."

His words made Yunxiao's heart race.

"We have to find that Wu Dacheng! We can't let that brat get away with it!" Che you shouted excitedly. The remains of the true dragon should be in the hands of a descendant of the Dragon like me. Otherwise, it would be an insult!"

it's a pity that Wu Dacheng is missing, " Yunxiao said with a sigh. his origin is a mystery. How can we find him in this vast world? "

Jue Tianhan suddenly made a hand seal, and a red light shot into the dragon's mouth, landing on the offering board.

The words "white teeth, sun, and moon" emitted a golden light, and a shadow slowly penetrated through the air, slowly becoming clear in the air.

In the mist, a huge white tooth appeared in front of them. It was like a white bone. Although it was only a projection, it was still soul-shaking.

"The remains of a true dragon. This is definitely a true Dragon's regret!"

Che you shouted, he was too excited.

Yunxiao also knew that it must be true. The vast power was absolutely impossible to imitate, as it was as vast as the world.

Jue Tianhan replied, "it's not that there's no way. The projection that young master is seeing right now isn't an influence. It's really a projection from white teeth.

"What?"

Yunxiao was taken aback, but then he understood and said, "Thousand-mile tracking technique!"

Jue Tianhan nodded and said, "the true Dragon's Tooth is an important treasure, so it's only natural for it to have special means." Even if Wu Dacheng knew that his ancestors had left some marks on the White teeth, he was not strong enough to erase them. That's why I still have a way to sense white teeth's existence."

in that case, why don't you hurry up and search for it, my Lord? " Yunxiao asked.

Jue Tianhan said, "this is where the problem lies. Although I can sense white teeth, I can't pinpoint its location." At first, I was worried about Wu Dacheng's life and death. I was afraid that he had died in some strange space, which caused white teeth's positioning to fail. Now, it seems that he did it on purpose."

a technique that can interfere with spatial positioning must be a powerful one. Even if Wu Dacheng can interfere with it for a while, can he interfere with it forever?" Yunxiao asked suspiciously.

"This is also what I find strange. I've been monitoring for more than a month, but it's still the same. I can only see the influence, but I can't find the spatial coordinates. This is something that has never happened before. Wu Dacheng must have done something."

Jue Tianhan said angrily, his eyes flashing with killing intent and Fury.

Yunxiao crossed his arms over his chest and touched his chin with the other as he said carefully, "Now that you've mentioned it, I've thought of something. I can almost be sure of it now."

"What's the matter?" Jue Tianhan asked, stunned.

the ten Supreme treasures in the secret treasure of the true dragon must have been taken by Wu Dacheng," Yunxiao said.

"Ah? H-how is this possible?"

Jue Tianhan was shocked, and he couldn't believe what he had just heard.

that explains it," Yunxiao said. one of the ten Supreme treasures is called: The universe light plate is a powerful Xuan artifact that can control space. It's very likely that the White teeth sun and moon are placed inside the universe light plate, which is why it can easily erase the coordinates."

Jue Tianhan said awkwardly, "I know about this item as well. It is the universe of the upper and lower four directions. Now that young master Yunxiao has said this, my doubts have been cleared up. Then what should we do now?"

it's not completely impossible to find Wu Dacheng's traces," Yunxiao said. it's just that ...

“But what? As long as we can find Wu Dacheng, the dragon’s teeth Manor will forever owe young master Yunxiao a huge favor!”

Jue Tianhan was both anxious and happy. No matter what Yunxiao’s conditions were, he had to agree to them. Even if he wanted his daughter, he would marry her to him.

“I want to discuss this with a friend,” Yunxiao said.

A light flashed on his forehead and che you’s figure appeared beside him.

Jue Tianhan’s heart trembled. Although he knew that Ling Han had a Saint tool on him, seeing it with his own eyes was a completely different matter.

After che you appeared, he looked at the huge dragon body and was unable to move for a long time. The feeling of being in the real world made him even more shocked, as if he was in the middle of the wonders of the heavens and earth, unable to escape.

The three of them didn’t disturb him and just waited quietly.

After a long while, che you let out a long sigh, but there was indeed a dragon essence circulating around his body. His scales reflected a green light, as if they were new.

haha! Yunxiao laughed. you’ve made a breakthrough? ”

Che you shook his head,“it’s not that simple, it’s still far from it ..” However, if there really is a white tooth in the dragon’s mouth, the power of creation will be even stronger, and my chances of breaking through will be extremely high.”

Jue Tianhan’s heart trembled violently. The person in front of him was indeed a divine transcendence expert, and he was even slightly above him. The breakthrough he was talking about could only be described as the final realm-greater heights.

"This Sir is?" he hurriedly cupped his hands and asked.

my friend, che you, is also a Dragon," Yunxiao said. he might have a way to sense where white teeth is.

Che you glared at him and snorted, " you think too highly of me. If I could sense it, I would have gone to Dragon's Tooth villa long ago. But I have an idea to find Wu Dacheng. It might work.

"As long as we can find Wu Dacheng, I'll be eternally grateful," Jue Tianhan hurriedly replied.

...

"Hmph," he snorted.

Che you snorted and thought, "there's no need to be grateful, just give me the true Dragon's Tooth, haha."

But of course, he would not say what he was thinking, only saying, " if Wu Dacheng took ten secret treasures of the true dragon, one of them would be the world sword left behind by the true dragon!

Yunxiao's heart stirred, and he seemed to understand what he meant. "You mean you can sense the existence of the world sword?"

not necessarily, " che you replied, " it's not possible if it's too far away. Also, Wu Dacheng has to activate the sword. If he doesn't use it, then there's nothing we can do.

"This person definitely has a great connection with the Dragon race. Since he has obtained the world sword, he will definitely use it as his personal sword," Jue Tianhan said.

"I hope so, I'll try," che you said.

He sat down cross-legged and put his palms together in his dantian, allowing himself to quickly enter a meditative state.

Then, he flicked his fingers twice and two green lights shot out. They turned into swords in front of him and stood still.

The swords flashed with light and he kept on sending seals into the two swords. Above the swords, the shadow of a Green Dragon started to appear and it continued to move around in the same manner.

Jue Tianhan's jaw dropped, and he said in shock, "This, this sword ..."

...

these two swords are also the world swords of the true dragon," Yunxiao said.

"Ah?"

Not only Jue Tianhan, even Su Lianyi's mouth was wide open.

when the world sword was broken, it split into four and fell to the ground," Yunxiao explained to them. this is only two of them. As long as Wu Dacheng refines the other one, the other two will be able to sense him within a certain range."

"I see!" Jue Tianhan was overjoyed.

His attitude toward Yunxiao and the others became even more respectful. Not only was Yunxiao's strength extremely strong and equipped with all kinds of treasures, but even a random friend of his was an existence with an extraordinary background and could not be provoked.

Everyone waited quietly, after the time it takes for an incense stick to burn, he opened his eyes, he made a hand seal and kept the two swords into his body.

“How is it?” Jue Tianhan asked impatiently.

Che you’s face turned serious, he shook his head and said, “There’s no result.”

“What should we do about this?”

Jue Tianhan’s face instantly turned ashen, and a look of despair appeared on his face.

don’t worry too much, my Lord,” Yunxiao said. I don’t think Wu Dacheng has yet to refine the sword. After all, it’s an item of the true dragon, and it’s not easy to refine it. During this period of time, you can choose other objects as the formation’s eye to absorb the spiritual energy in the surrounding area.”

“That’s the only way,” Jue Tianhan said dejectedly. “We’ll try our best to stall for time.”

He looked much older in an instant. He stared at the empty Dragon mouth in a daze.

if there’s nothing else,” Yunxiao said, “we’ll take our leave first. If there’s any news of Wu Dacheng, I’ll report it to you.”

“If you receive any news, you must tell me!” Jue Tianhan said.

“Don’t worry,” Yunxiao said. By the way, if your Excellency has any news about the bi Luo sect and corpse fiend sect, please let me know.”

Chapter 1775-begging to meet

Jue Tianhan was taken aback, “the Jade drop sect and corpse fiend sect?” What happened to them? I’ve heard that there’s been some movement recently, but I’ve been too busy to pay attention.”

Yunxiao briefly explained the situation and said in a cold voice, “I must have a good talk with Yin Hui and Jing Qi about their life and dreams.”

Jue Tianhan's jaw dropped when he heard this, and he said in shock, "Young master Yunxiao is fighting against the entire heaven Alliance alone? And the whereabouts of the person who injured the Lord of Heaven is unknown?"

His heart was in turmoil, and he could not calm down for a while.

He had always thought highly of Yunxiao, but he did not expect him to have such strength.

At the same time, he was also extremely shocked. Although there had been various news about the Azure heaven sect and corpse fiend sect recently, he did not expect it to be so serious. The motionless forest was destroyed, and the Azure heaven sect had erased its spatial coordinates and disappeared.

It seemed that the power structure of the hidden sects was going to change dramatically after this battle.

He walked out of the sadness and anxiety of losing the White teeth sun and moon and began to think about the future.

Yunxiao chuckled and said, "Your Excellency, please go ahead. If you have any news about these people, please let us know as soon as possible. We'll take our leave first. He also knew that Jue Tianhan would not be able to digest this information in a short time, so he could not be bothered to waste any more time.

"I'll respectfully send you off. Dragon's Tooth Manor will always welcome young master Yunxiao and you two as guests," Jue Tianhan hurriedly said.

no need to see me off, " Yunxiao said with a smile. please stop, my Lord.

The three of them turned into streams of light and flew out of the Dragon Tooth villa. They immediately released the ninth-grade battleship and disappeared into the horizon.

Jue Tianhan watched as the battleship's tail light disappeared, and it took a long time for him to regain his senses. He immediately sent out orders to do everything in his power to search for the whereabouts of the Jade drop sect and corpse fiend sect.

On the ninth-grade warship, Yunxiao looked into the distance. The sky was high and the sea was wide, and the sky was as clear as blue.

"Old dragon, you really can't sense it?" he suddenly asked.

"Hehe."

Che you's voice came from behind, "You know me best, haha."

Su lianyi's body trembled when she heard that. She immediately understood and said in shock, "He sensed Wu Dacheng's whereabouts?"

I don't know if it's Wu Dacheng or not," che you said, "but I did feel the presence of another sword. However, I can't pinpoint its coordinates yet. I only know that it's extremely far away. I'll get the coordinates as soon as possible.

Yunxiao nodded. not only do I want to get those treasures back, but I'm also more interested in this man's background. This time, I'm going to peel off a few layers of his skin and crack it open bit by bit to see who he is."

"I'm going to continue tracking down the coordinates," che you chuckled. With a flash, he disappeared into Yunxiao's forehead, where the divine realm tablet was.

"Young master Yun, where are we going now?" su lianyi asked.

Looking into the distance, Yunxiao's eyes flickered with deep reminiscence. After a long time, he sighed and said, "North Region, divine cloud Palace."

Su lianyi's heart trembled and she immediately went to carry out the order.

The ninth-grade battleship accelerated in the air and headed toward the heavenly martial continent.

The divine firmament Palace was located in the dreamy cloud swampland in the northern region, and it occupied more than 30 giant peaks with the most abundant spiritual Qi.

The summit where Palace Master qu Hongyan was at was the snowfall peak. It was called snowfall, but it was verdant throughout the years. It was so tall that it reached the sky. Clouds and snow piled up on the peak, complementing each other and giving off an extraordinary aura.

Under the cover of the verdant peaks, there were many ancient sect buildings scattered around, or in groups, adorning the verdant peaks and mountains, forming a leisurely sect.

“Dang!”

Suddenly, the sound of a bell rang from the top of the mountain, surprising countless birds. Many demon beasts could be vaguely seen, seemingly frightened, and they rushed down the mountain.

It seemed that they had not heard the bell for a long time.

Figures began to move from within the ancient buildings. They were all women with lithe figures, and most of them began to whisper to each other.

“It's the bell from the Baoyin mountain. Is this a meeting for all the elders? Isn't there still a month or so left?”

who knows? there must be a lot of things to prepare for such a big event as our sect coming out of the mountain again.

“Dang!”

Just as everyone was discussing, another Bell rang out. It was clear and melodious, and even more urgent than the previous one.

“This melody, it seems like those at The Guardian level are about to ascend the snowfall peak. It should be a big movement.”

“What is it? It’s been more than ten years since I’ve heard the bell. It’s really nostalgic.”

“Dang!”

The third bell rang, followed by another rapid “dang dang dang” sound. There was a total of nine times, and the sound reverberated throughout the entire dreamy cloud swampland. The sound continued to spread, and all the birds and beasts were startled, running in all directions.

“Nine? “Ah!” This is an urgent report, there are enemies!”

“Enemy? How is that possible? we’ve sealed off the mountain for almost twenty years. How could there still be enemies?”

I’m not sure, but these nine urgent orders are indeed an urgent signal of an enemy attack. Whoever hears the nine sounds, no matter where they are, must rush to the snowfall peak at the first moment!

our fellow disciples from the other peaks have already rushed to the snowfall peak. Let’s go too!

After the crowd chattered for a while, they couldn’t care less and hurriedly turned into flowing lights and rushed to the main peak.

On the snowfall peak, more and more people gathered, and the snow that had not melted for ten thousand years shone with a cold light.

There were people constantly appearing on the peak. A desolate Purple Palace stood on the peak of the mountain. For countless years, it had been gazing at the endless sky and the dreamy cloud swampland.

On the mountain peak, everyone's eyes were focused on one person.

The person was a young man, dressed in clothes whiter than snow and spotless.

The slender figure was reflected on the snow, motionless, like a statue.

The man's eyes were fixed on the purple Palace, but the emotions in his heart were not as calm as his face. Ripples were spreading out in his eyes.

The people around him stared at him vigilantly. Although they didn't know him, they could feel his powerful aura. At the same time, they were shocked by his youth.

There were nine elders standing in front of the purple Palace. The youngest was 67 years old, but they had all changed their appearances, looking like they were only 30 or 40 years old.

...

The man's gaze finally withdrew from the palace after a long time and landed on the nine people. He swept his gaze over them one by one and said, "I'm just here to see my beauty, elders, there's no need for such a scene."

tsk, shenxiao Palace is not a place where you can come and go as you please. You can meet whoever you want!

The leader of the nine elders, Luo chunrou, shouted angrily. She immediately pointed two fingers at the man and shouted, "I order you to leave the mountain immediately, or I'll kill you without mercy!"

"The mountain has been sealed off for so many years, can't it wash away the ruthlessness in your bodies?" the man said with a bitter smile.

The other elder, Gu Shanshan, had a kind expression. She heaved a long sigh and said, " Gu Feiyang, it's been twenty years. Why did you come to shenxiao Palace again? "

"Huala!

As soon as these words came out, all the women on the mountain were shocked and looked over again in horror.

The man in front of them was Gu Feiyang, the martial sovereign Vanquisher, the culprit who had caused their divine cloud Palace to seal off their mountain for twenty years.

Suddenly, all kinds of emotions such as shock, shock, doubt, and anger spread in the crowd.

In any case, they were very hostile to each other. A murderous aura filled the sky above the sea of clouds and snowy peaks.

They might not know what had happened between qu Hongyan and Gu Feiyang, but this name was deeply imprinted in everyone's heart. It was enough to make the number one sect in the world close its mountain for twenty years.

...

However, this glory was an incomparable humiliation to the divine cloud Palace!

Yunxiao, who had also sensed the malice of the crowd, said with a wry smile, " "Is it so difficult to see a beauty again? Is she going to avoid me for the rest of her life?"

you don't have to worry about that, " Luo chunrou shouted. just get out of shenxiao Palace!

Yunxiao looked at the purple Palace and suddenly said slowly, " "Could it be that Hongyan is not in the palace? Otherwise, she would have come out at the sound of the nine notes."

The nine elders' faces flickered, and suddenly, they moved. Yunxiao felt his vision go blurry for a moment, and then the nine of them formed a formation and surrounded him, their faces as cold as frost.

I was right," Yunxiao said. since Hongyan is not here, I will leave, so you don't have to do anything. But, I'm curious where she is.

"Gu Feiyang, we can't blame you for what happened back then," Gu Shanshan tried to persuade him with kind words,"but 20 years have passed. You're still you, and the divine cloud Palace is still the divine cloud Palace. I hope that the two sides of the road will not come into contact with each other, and you don't have to care about the matters of the divine cloud Palace."

Suddenly, two women flew over from outside the mountain. One of them shouted anxiously, "We can't let him go, Jun ting is still in his hands!" He shouted.

The two women quickly landed on the mountain peak. They were Chi Lei and Chi Mei.

"What? Junting is in his hands?"

Luo chunrou's expression changed and she rebuked angrily, "Gu Feiyang, you've been at odds with my divine cloud Palace in both your previous and current lives, haven't you? Quickly release Jun ting!"

The nine elders immediately took out their weapons and got into formation.

In order to make preparations for the opening of the mountain, all the intelligence of the world's major events flew back to the mountain like snowflakes through the star and moon House, so that all the elders could learn about the outside world, including Yunxiao's various deeds.

As the direct disciple of qu Hongyan, han Junting's arrest was a big deal. Only a few people knew about it, and it was kept a secret.

At this moment, when Yunxiao came to his door, he could not care less and immediately announced the matter.

Not only were the nine elders shocked, but all the disciples in the sect were also moved and angry. Their anger almost melted the snow-capped mountains.

“Feiyang, is this true?” Gu Shanshan asked in surprise.

At this moment, the flux girl also walked out and said with an ice-cold face, “ Li Yunxiao, do you dare to deny it? ”

Yunxiao’s eyes swept over the faces of min Lei, min Mei, and the string girl, and the three of them were flustered.

He sneered, “hehe, did I deny it?” The three of you are witnesses, so you should know why I want to arrest han Junting. Why don’t you tell me the whole story?”

The three people’s expressions changed slightly, and they looked at each other.

“What’s going on?” Gu Shanshan shouted.

it’s US, ” Chi Lei said after a moment of silence. we worked together with the darknorth Duan Jue to set up an ambush to kill li Yunxiao, but he caught Jun ting instead.

“What nonsense!” Gu Shanshan angrily rebuked.

elder Shanshan, ” Luo chunrou said, ” there’s no point in saying anything now. Let’s save Jun ting first.

Chapter 1776-the ninth Moon

if you’re reasonable, then be reasonable. Yunxiao sneered. if you’re unreasonable, then be unreasonable.

Luo chunrou said, " this is not something you can ignore. It's normal for the disciples of shenxiao Palace to hold a grudge against you. It's inevitable that they will do something out of line. Even if Jun ting is really at fault, you should not have imprisoned her.

Yunxiao's face darkened as he said coldly, " "Elder chunrou's meaning is for me to kill her?"

"You're so impudent! Naturally, I'll let him go!" Luo chunrou was stunned for a moment before she said angrily.

"Haha, release?"

nonsense! Yunxiao sneered. what a group of cold, unsociable, and twisted old, ugly, stupid, and foolish women! If it weren't for you foolish women, Hongyan and I wouldn't be like this, and the divine cloud Palace wouldn't have sealed off the mountain. You're not repenting, and you're blindly arrogant and supercilious. You're beyond redemption. The mountain you've been sealed for the past twenty years has been in vain."

"You're so bold!"

Luo chunrou was so angry that her entire body was trembling. Every word of these curses was so piercing that her face was twisted.

The rest of the elders also cried out in anger, and killing intent kept bursting out of their bodies. The aura of the nine-man formation instantly rose, as if there was an invisible force in the air that kept pressing down on Yunxiao.

"Gu Feiyang, you've gone too far!" Gu Shanshan also said angrily.

"Too much?"

it's true, " Yunxiao said with a sneer. it's just that you old perverts don't want to admit it.

“Why are you still talking nonsense with him? take him down and throw him into the Avici Hell to undergo tribulation. Directly skin him and cut off his bones!” An old woman in gray gritted her teeth in hatred and almost pounced on him to bite him.

“Stupid woman, you want to kill me?”

Yunxiao’s gaze was as sharp as a knife as it swept over the old woman, causing her to take a few steps back in fear.

elder Wei Cui, don’t be afraid! Luo chunrou shouted. we can kill him with this nine moons illuminating the sky formation!

The nine men immediately shifted their feet and began to shuttle around Yunxiao.

Yunxiao only felt his aura change, and as the nine men moved, the world turned upside down. They were as tall as mountains and as smooth as flowing water, like old steeds waiting to catch up with their steeds, ambitious to travel a thousand miles, and like chasing after the stars and the moon, the world had changed.

Yunxiao could not help but be shocked. Although these foolish women had twisted hearts, the martial arts and array techniques they learned were all the best in the world.

He had never seen the nine moons shining in the sky formation before. It must have been created by some genius ancestor of the divine cloud Palace. Such a peerless cultivation method was as brilliant as the Galaxy in the divine cloud Palace.

Just as she was thinking about this, a Willow-like blade came silently from behind her. Luo chunrou could not help but attack first.

At this moment, the formation was arranged like a star. It was as if the power of the stars had descended and combined with the blade, increasing its power by several times.

Yunxiao moved his body and elegantly stretched out two fingers, gently pressing them on the back of the saber.

The entire blade light instantly dimmed, and the aura was scattered.

Everyone's expression changed drastically. That was a blade that had been condensed with formation power, but it was actually broken by him so easily.

In fact, Yunxiao's movement only looked elegant. At the moment, his physical strength was much stronger than his cultivation base, and he had almost gathered all his physical strength in that one finger.

Luo chunrou's face also changed drastically, but she did not panic. Her face twitched as she performed an incantation gesture with her left hand and pointed her finger at Yunxiao's forehead. A beam of light shot out from her fingertip.

Unhurriedly, Yunxiao formed his fingers into a claw and instantly extinguished the light, then grabbed at Luo chunrou's two fingers.

A ring of extremely sharp finger radiance shot out like silk. Luo chunrou felt her fingers turn cold, as if they would be cut off at any moment. She was so frightened that she quickly retracted her hand.

At the same time, the other eight people changed their positions, and their surroundings became mottled.

Yunxiao immediately felt several attacks coming from different directions, which was impossible to guard against. He immediately retracted his claws and formed a hand seal in front of him, forming a golden Dharma with three heads and six arms.

The expressions on The Three Faces were different. Some were mocking, some were sneering, and some were cold. However, their eyes were all filled with pride and arrogance, as if they didn't put anyone in their eyes.

what kind of sorcery is this?!

As soon as the transcendence golden body appeared, it immediately caused the surrounding people to cry out in alarm. The voices were somewhat panicked.

His left body grabbed onto the star Destroyer divine sword, sweeping out green lotuses that bloomed one by one, turning into endless sword intent that slashed in all directions.

His right hand held the heavenly hammer, which turned into a lightning bolt that flickered above the clouds. The sky was filled with a Green World.

Under the impact of the sword radiance and lightning, the attacks of the other eight elders were forced back.

However, the nine of them changed their steps, and the entire formation began to rotate. The nine of them split into four in the front and five behind, advancing forward like a wedge. A feeling of unparalleled sharpness was born, as if an unparalleled treasured sword was slashing over.

Under the joint attack of the nine people, the clouds on the entire mountain peak were dyed with a touch of red, like the setting sun.

Yunxiao's pupils constricted. As the sharp aura approached him, he felt a faint pain on his skin, as if a knife had just gently cut across it.

One had to know that his physical body had opened the seven gates of the divine body, directly reaching the power of extraordinary and divine. Otherwise, he would have been seriously injured by such a powerful force.

But even so, the attack of the nine people as one still made him feel pressured. He took three steps back to get rid of the extreme discomfort, and then his six arms formed seals at the same time.

the three seals shot into the sky and fused into one, transforming into a fierce Golden Dragon that slammed down.

“Roar!”

The Dragon’s body glowed with a golden light, and the scales on it shone brightly. It was like a ray of heavenly light that shot into the clouds as it bombarded the formation!

“BOOM!”

Endless snowflakes shook up, filling the sky with white spots, which then evaporated and dissipated.

The disciples of shenxiao Palace all felt the impact of a vast and mighty force. A large number of people were sent flying, and some even fell directly to the top of the mountain.

Amidst the countless white snowflakes, the violent golden light was still trembling on the mountain peak. It was being forced back by the combined forces of the nine people.

Three-colored light gushed out of Yunxiao’s body, and the huge force kept pushing him back.

Luo chunrou laughed wildly. haha, Gu Feiyang, you came and left with ease twenty years ago. Twenty years later, the divine cloud Palace is no longer the same as it was. Stay here forever!

The nine of them joined forces, and the power of the entire mountain continued to gather. A deep trench was carved out on the ground at the peak of the mountain.

Yunxiao had already retreated to the edge of the cliff. If this continued, he would be cut in half even if his divine body was strong.

...

Although Luo chunrou and the other nine had the upper hand, the shock in their hearts was even more chaotic than the snowflakes in the sky. Under the nine moons illuminating the sky formation that they had used, even divine transcendence realm experts would have been defeated.

Chi Lei, the string girl, and the others were even more shocked. The Li Yunxiao in front of them was even stronger than when he fought the darknorth Duan Jue, and they knew that he had a Saint artifact with him, as well as several extremely powerful experts.

But, at this moment, Yunxiao alone had forced the nine elders to join forces in the battle formation, and they could not defeat him for a long time.

Min Lei felt a little dizzy, as if she knew the result was not good.

“Back then, Hongyan couldn’t even stay in the dreamy cloud swampland with the help of the entire terrain. How can you small fish have the ability to boast like this?”

Yunxiao waved his six arms at the same time, each holding a ball of golden light in his palm. Then, he threw it in front of him, which turned into a golden vortex.

“Star Jade explosion!”

He made a hand seal and the Golden vortex suddenly exploded. The violent aura swallowed the three-seal Golden Dragon and stopped the nine people’s formation.

Then, his true fiend dharma body emerged and stood on the peak of the mountain, his body towering into the clouds.

The giant spirit lowered its head and looked down at the ground. Its hands quickly formed seals and pressed down from a height of 10000 meters, pressing down on the nine people!

“Boundless nature, true fiend magic seal!”

...

“It’s a demonic technique! What should we do?” Wei Cui exclaimed.

A restless emotion emerged from the formation, and the mountain Formation began to crack.

“Don’t panic!” Luo chunrou shouted. With the nine of us working together, even if the other party is from the ten directions divine realm, we’ll still die!”

The nine people’s formation changed again, from a wedge shape, they scattered like birds and beasts, but in reality, they each took their own steps and did not mess up.

“BOOM!”

The true fiend Dharma seal slammed directly on the mountaintop, and boundless demonic might exploded, swallowing the disciples of shenxiao Palace in all directions.

all disciples, run! Chi Lei was shocked, ” get off the snowfall peak!

Over a hundred rays of light flew down from the mountain peak, exploding like fireworks.

After the true devil giant spirit made a seal, it also transformed into three heads and six arms. Its six hands formed hand seals, and a black demonic Star Cloud swirled around the giant spirit, sweeping away the clouds in the sky.

Yunxiao secretly praised the nine moons illuminating the sky array. Without the cooperation of the array, these nine people would have died in his hands long ago. But now, with the combination of the array, they had actually suppressed him and made it impossible for him to escape.

After the true fiend Dharma seal bombarded him, although the nine of them seemed to have dispersed, they still contained the array formation and trapped him within.

the martial arts of the divine cloud Palace is indeed shocking. It’s extraordinary.

Yunxiao praised him from the bottom of his heart. Other than admiration, there was coldness in his eyes as he said, "however, you underlings are not talented enough. You've brought shame to the ancestors of shenxiao Palace.

"What are you talking about? A bunch of nonsense, damn it!"

he's still talking nonsense even when he's at death's door! Luo chunrou rebuked angrily. elders, use your ultimate moves and kill him!

"Yes!"

A few cold and stern voices rang out. Although the other elders frowned, their eyes also flashed with determination.

The nine elders each formed hand seals, and the aura on their bodies continued to rise, quickly reaching the peak.

A red light floated above the nine people like a ghost. It was the condensed breath of the nine people and gathered under the power of the array.

The boundless demonic Qi was mighty, but it couldn't devour the light. Instead, it kept retreating.

"The ninth Moon shines upon the heavens, a finger like the sun!"

Luo chunrou suddenly let out a loud shout and raised the seal in her hand high up.

The other eight people also raised their hands at the same time. All the power in their bodies was continuously drawn away by the red light and gathered inside, forming a huge sun.

Under the might of the great sun, the demonic light around the true Devil's body began to recede.

Yunxiao's eyes flickered as he praised, " "What an amazing formation."

Luo chunrou laughed hideously and said, " you're still pretending to be calm when you're about to die. What's the use of that?! Go to hell, great sun finger!"

The huge great sun Power came down like a huge fireball, suppressing the space around Yunxiao and making it impossible for him to escape.

Yunxiao's clothes began to burn under the force of the finger.

Chapter 1777

1777 The great sun finger

It was as if there was only a giant finger left in the world. It was like a god had descended to the mortal world and was about to crush an ant to death.

Yunxiao had turned into a giant man of fire, and his pressure had burned more than half of the entire mountaintop.

In the raging fire, three-colored light circulated around his body, and his eyes were as red as blood.

The true devil giant spirit also stood in the air, its three faces of the same color as dark water.

All of a sudden, the giant spirit grabbed the agama bone Cleaver in the demonic Star Cloud and twitched it slowly. Its entire giant spirit body began to tremble violently.

Not only the true devil giant spirit, but even Yunxiao could not help but tremble. It seemed that he could not bear the great sun finger, but in fact, he could not bear the power of the six paths demonic weapon.

"Clang"

A loud trembling sound rang out in the air as the giant spirit pulled out a blade. Unfortunately, it was only an illusion and not a real body.

The blade kept shaking in the devil Nebula. Obviously, Aghan's bone crusher was being pulled out. Unfortunately, it was not strong enough to pull out its true body.

Even though it was only a saber's shadow, the moment the true devil giant spirit drew its saber, it immediately slashed at the great sun!

"BOOM!"

The saber shadow brought out a patch of pitch-black darkness, which completely countered the power of the great sun.

this is not enough! Yunxiao's pupils constricted. it's not enough!

After failing to extract the demonic weapon of the six paths, his body stabilized and continued to demonize. Countless demonic patterns covered his body and a White Lotus flower appeared on his right fist.

Following that, the sword light shone brightly and was blinding even in the flames. It even isolated the surrounding flames. The flames of the great sun seemed to be dancing abnormally, revealing an extremely strong sense of fear as they fled into the distance.

"One sword cuts the red, one death leaves the person!"

"Sword slash, stars!"

The moment the true demonic giant Spirit's agama blade came into contact with the great sun finger, it was shattered in a few breaths. The entire true demonic giant spirit began to collapse, dissipating along with the blade's Phantom.

The great sun cast away the devil, and the dark clouds in the sky instantly dispersed, returning the clear sky to its original state.

However, just as Luo chunrou was feeling ecstatic, a terrifying white light shot up into the sky. It was mixed with boundless demonic might and the power of flames that could burn everything.

“BOOM!”

The black light and white flame rushed into the great sun finger. The two overbearing forces collided and all the snow on the snowfall peak instantly melted. It was as if the scorching sun had exploded in the sky. A destructive force covered the entire mountain range and surged in the sky above the dreamy cloud swampland.

The nine elders all trembled. The terrifying power rushed into their bodies, and they were all seriously injured. The nine moons illuminating the sky formation was broken in an instant.

The nine of them spat out mouthfuls of blood as they were sent flying from the sky.

The snowfall peak became desolate. It was unknown what the purple Palace was made of, but it was undamaged under the impact. It was as if it had existed since ancient times, and it was constantly gazing at the dreamy cloud swampland.

“Is He Dead? Is li Yunxiao dead?”

The disciples of shenxiao Palace who had not fled were all shocked. They looked around in fear, hoping to find Yunxiao’s body, but it turned out to be the opposite.

The force of the impact just now was too strong. Not only could they not open their eyes, but even their divine sense was swallowed by the aftermath. They could not sense anything. At that moment, everyone felt that they were small, like a drop in the ocean.

Both Chi Lei and the Xian nu’s faces turned pale. They looked at each other, and their hearts were filled with endless fear.

They were certain that Yunxiao was not dead from the blow just now, but they could not be sure if he was seriously injured.

However, to kill nine elders by himself, and under the circumstances of setting up the nine moons illuminating the sky formation, this kind of strength was already terrifying to the extreme.

“He’s back. That terrifying Gu Feiyang has returned.”

Min Lei mumbled in a voice that only she could hear, and her mind was almost blank.

However, the flux girl was right beside him and heard him clearly. Her whole body couldn’t help but tremble as she said, “In the entire divine firmament Palace, only the palace Master can fight him. Is everything going to repeat itself after twenty years?”

Zhilei was confused, “a battle?” What if I lose again?”

There was no answer to this question, and no one could answer her. The Xian nu also remained silent.

Suddenly, a few beams of light landed on the peak. They were the elders who had been sent flying. All nine of them had returned. No one had died, but they were all seriously injured. Some of them could not even stand steadily, almost damaging their martial arts Foundation.

Luo chunrou’s ferocious face immediately contorted as she howled, “Come out! Gu Feiyang, come out and fight to the death! Hiding like this, do you still want face? Are you still the fearless Martial Emperor Vanquisher from the past? Get out here!”

But no matter how she screamed, the entire purple Hall was silent.

“There’s no need to shout, he has already left.”

Suddenly, an old voice came from the purple Hall, and then a red figure appeared in front of everyone.

“That’s Yingluo.”

Both Chi Lei and the string girl were stunned. They frowned and looked at the red figure. His back was hunched, his face was old, and his hair was all white. He held a walking stick in his hand and stood in the wind, trembling as if he was about to ascend to heaven at any time.

“Ah?”

The two of them exclaimed at the same time, as if they had thought of something. The expressions on their faces became extremely shocked and unusually rich.

The faces of Luo chunrou and the other nine people also changed greatly. They hurriedly turned around and bowed to the old woman, calling out in unison, “Greetings, Grand Elder zhihan!”

“Argh! It’s her!”

The string girl couldn’t help but exclaim in surprise and immediately covered her mouth. As if realizing that she had lost her composure, she hurriedly knelt down on both knees.

Chi Lei didn’t dare to be careless. The shock in her heart was indescribable, but she was more happy. With this person here, the strength of shenxiao Palace could be improved to another level.

There were also many disciples who were confused. They were obviously unfamiliar with the names of the old woman and Zhi Han. However, when they saw the nine elders being so respectful and guessed something from the words “Grand Elder,” they didn’t dare to be rash and hurriedly followed suit.

The red-clothed old woman was dressed in very bright and eye-catching clothes. She said, “Gu Feiyang has already left. There’s no need to shout here.”

Luo chunrou was shocked and angry at the same time. that Gu Feiyang has gone too far. He’s the mortal enemy of our divine cloud Palace. I hope that Grand Elder can kill him!

Yan zhihan glanced at her and said indifferently, "If I hadn't come out, do you think Gu Feiyang would have left?"

...

Their hearts trembled as they finally understood the situation. If the Grand Elder had not been here, the purple Hall would have been destroyed, and Yunxiao would have been absorbed by her power. Otherwise, they would have been in danger.

Luo chunrou was so shocked that she couldn't speak and stammered for a long time.

you may leave," Xin Xin Han waved his hand. if you don't provoke him, he won't come to provoke you. I'm also getting on in my years, and I don't want to trouble you juniors anymore. If it doesn't endanger the safety of this snowfall peak, I won't take any action. You can all leave."

Luo chunrou seemed to want to say something, but the red in front of her had disappeared. The purple Hall was empty.

"Great elder, what should we do now?"

The others all gathered around to discuss countermeasures.

Luo chunrou was also frustrated. With her intelligence, how could she know what to do? she could only shout, "What else can I do? The first Supreme elder has already said to retreat and send people to investigate. Report back immediately if there's any news about Gu Feiyang!"

"Yes!"

The others responded, but all of them had serious expressions.

Gu Shanshan couldn't help but ask, "so what if he reported the news?" Even with the combined strength of the nine of us and the terrain, mountains, and rivers of the dreamy cloud swampland and the snowfall peak, we still can't defeat him. Don't tell me that we'll go and encircle and annihilate him after we get the news?"

When he said this, everyone fell silent.

...

Although it was very unpleasant to hear and made the other people frown in displeasure, every word was true and could not be refuted.

Luo chunrou rolled her eyes and said, " we'll cross the bridge when we get there. What's the point of asking so many questions now? " We'll talk after we get some information about him!"

"Yes, yes, you're right."

Everyone agreed in unison.

Soon, the snowfall peak regained its peace and everyone went down the mountain.

It was just that the bell spirit was so beautiful that it created the sea of clouds. The accumulated snow that had accumulated over the years had been swept away, and it became somewhat dispirited, losing its original color and spiritual energy.

The news of the battle on the snowfall peak quickly spread throughout the entire shenxiao Palace. Everyone was talking about it. Every time they met, they had to talk about the battle, or it would seem outdated. Soon, the news was so amazing that it was unrecognizable.

"That battle was extremely brutal. The heavens and earth were shattered, and the entire snowfall peak was flattened. The nine elders couldn't stop Gu Feiyang in the end. The palace Master was captured in front of thousands of disciples. I'm afraid he's going to be trampled on by Gu Feiyang."

“You’re lying through your teeth. Look up, isn’t the snowfall peak still there? Don’t talk nonsense if you didn’t see it with your own eyes. I’m the one who witnessed the entire battle on the mountain top. In the end, the one who was captured wasn’t the palace Master, but the first Supreme elder who had always lived on the snowfall peak, gan zhihan.”

“Ke zhihan? This name is very unfamiliar, since she’s the first Supreme elder, she should be very old, why did you capture her?”

“Hehe, who knows? it’s said that the first Supreme elder was also a stunning beauty when she was young. Maybe Gu Feiyang has this kind of taste. You must know that Gu Feiyang is not young either.”

that’s true. A man like him can get all kinds of young beauties. Perhaps he’s tired of playing with young and beautiful women and his taste has become heavy.

what nonsense are you all talking about? ” a cold and stern voice suddenly shouted.

The few female disciples who were making groundless accusations immediately turned pale with fright. They hurriedly bowed and said, ” “Greetings, elder Shanshan.”

Gu Shanshan walked in with a gloomy face. Her eyes swept over the faces of the several people and said in a cold voice, ” “What kind of nonsense are you spreading? be careful of what you say. It seems that I’ve neglected to discipline you, and you’ve become lawless! When something happens, even I can’t save you!”

“We know we were wrong. Please punish us, elder Shanshan.”

The female disciples were so frightened that they knelt down and kept kowtowing for mercy.

Gu Shanshan was already in a bad mood, and with her injuries, she couldn’t be bothered to pay attention to them. She shouted, ” “Get out, all of you. Go receive a hundred whips each.”

The few of them were so scared that their faces turned pale. The whip must have been extremely terrifying, but they did not dare to disobey. They all ran away in a single file with sullen faces.

Chapter 1778-encounter in the passage

As she watched the female disciples leave, Gu Shanshan suddenly spat out a mouthful of blood. She hurriedly covered her chest and sat down cross-legged to condense her Yuan Qi and regulate her breathing.

In the battle just now, she had suffered extremely strong internal injuries and had held on until now.

When he recalled Gu Feiyang's current strength, he could not help but tremble, especially at his age. He was only in his twenties. Such talent could no longer be described as terrifying, but unprecedented.

Thinking about that, the emotions in his heart were fluctuating and he couldn't calm down no matter what. His injuries were gradually expanding.

Suddenly, she raised her head and shouted, "Who is it?"

A white figure appeared in front of her out of nowhere. He held a Jade box in his hand and said, "I have some healing pills from the North Sea. They'll be very useful for elder Shanshan's injuries."

Gu Shanshan's entire body was shocked as she shouted, "Gu Feiyang! Why are you here? take your medicine. Shexiao Palace is the number one sect in the world. There are all kinds of healing medicines we can't get. Leave now!"

I've set up a barrier around this area," Yunxiao said. it won't work if elder Shanshan wants to pretend to shout for someone.

When she shouted just now, Gu Shanshan had indeed used a sound wave martial technique in an attempt to send a message out of solitary Summit so that all the elders could rush over. However, she didn't expect that the other party had already taken precautions.

She suddenly remembered that the person in front of her not only had a profound cultivation, but also a clever and resourceful person. Her heart sank and she said sternly, "What do you want to do?"

Yunxiao placed the jade box in front of her and said, "I have no ill intentions. I just want to see Hongyan. I hope elder Shanshan can tell me the truth. Where is Hongyan?"

you can give up on that idea! Gu Shanshan sneered. I won't tell you even if I die!

Yunxiao frowned slightly and said, "Why do you have such a big prejudice against me? Also, elder Shanshan, you'd better not do anything stupid. You look so serious, as if you want to risk your life. If you're the only one who dies, it'll be fine, but if the other people in the sect come here, hehe, you won't be the only one who dies."

Gu Shanshan suddenly trembled, not because she was surprised that Yunxiao had seen through her mind, but because what he said was true. Even if she broke the barrier around her with a life-risking strike and summoned her fellow disciples, who could kill this man in front of her?

Just now, the nine of them had formed a formation, and even the great sun finger was helpless against him. Now that they were all seriously injured, if they really rushed over, they would only be courting death.

She struggled for a moment and said sternly, "Hmph, don't forget that there's still first Supreme elder ke zhihan on the snowfall peak. I don't believe that she can't subdue you with her abilities!

Yunxiao smiled and said, "that old woman does have some skills. She can force me to retreat. But do you think she can kill me? If I'm not wrong, she is still relying on the terrain of the dreamy cloud swampland to sustain her life. If she leaves the snowfall peak, she will die without me having to do anything."

"Nonsense! What a load of nonsense!"

Gu Shanshan cried out in shock and anger, but there was panic in her eyes. Obviously, she believed it in her heart. Although she did not know why Yunxiao made such a guess, she did believe it.

among these abnormal elders in shenxiao Palace, elder Shanshan is considered a normal one, " Yunxiao sighed. otherwise, I wouldn't have come to you. If I really want to do something to shenxiao Palace, or if

all of you really make me lose my temper, then I'll start with that old hag, ke zhihan. I don't believe I can't find out Hongyan's whereabouts."

"Don't you dare!"

Gu Shanshan shouted out in fear. Her voice was trembling. Obviously, she believed that the other party would dare to do so. A sense of powerlessness emerged in her heart, as if all her defenses were collapsing.

The coldness in Yunxiao's eyes grew stronger and stronger as he said, " my patience is limited. If I don't get an answer soon, I'll kill all your disciples on this lonely peak before I kill these old women!

"Don't!"

Gu Shanshan completely gave in. She begged and said in a trembling voice, " "Can you tell me why you're looking for Hongyan?"

Yunxiao's face was covered with a layer of frost as he said coldly, " "Hmph, I've wanted to tell you about this for a long time, but have you ever given me a chance to say it?"

He briefly told Gu Shanshan about Luo Yunshang and his own speculation, which stunned her.

this, this, how is this possible?!

Her mind went blank for a moment. She could not imagine that the other party had barged into the divine cloud Palace to save the disciples of the divine cloud Palace.

And the speculations about Gu Qing Qing and the rainbow stone were hard to believe.

I've already told you the whole story, and I've almost run out of patience, " Yunxiao said coldly. if elder Shanshan is still unwilling to tell me, I'll cut off the branch of the solitary Cloud Peak!

Gu Shanshan's face turned pale when she felt the fierce killing intent. She gritted her teeth and said, "I have one last condition. Can you release Han Junting? She is the palace master's direct disciple. If anything happens to her, you will not be able to answer to the palace Master.

"I'll tell Hongyan about this," Yunxiao said. You don't have to worry about it.

Gu Shanshan thought to herself that with his relationship with the palace Master, Han Junting would most likely be fine, so she did not force him. The palace Master went to the place of inheritance left by Gu Qingqing's ancestor, which is where Yunshang is now, the land of no return.

a realm of no return?!

What? "Yunxiao cried out in shock and anger, "I can tell there's something wrong with the name! Where is the land of no return?"

"I only know that it's within the sphere of influence of the Thousand Mountains Prefecture, but I'm not sure where it is exactly," Gu Shanshan replied.

"Thousand Mountain Prefecture? The ancient martial country of the Western Region?"

Yunxiao's pupils constricted, and he frowned.

The biggest sect in the ancient martial Kingdom was the Thousand Mountains Prefecture. It was passed down from the royal family and could be said to be the strongest organization in the entire ancient martial Kingdom.

The area under the jurisdiction of the Thousand Mountains Prefecture was even larger than the entire ancient martial Empire because the Thousand Mountains Prefecture could definitely manage the areas under the Empire's jurisdiction. However, the areas that the Thousand Mountains Prefecture could manage could not be managed in the ancient martial Empire.

The ancient martial Kingdom was adjacent to the Five Cloud Mountain, where Gu Qingqing had sealed the monster.

Could there be a connection between the two?

After a moment of silence, Yunxiao said, "Does anyone from the thousand mountains Prefecture know where the land of no return is?"

"I don't know," Gu Shanshan shook her head and said.

alright, I'll believe you this time," Yunxiao said. if you lie to me, the lives of all the disciples of the solitary cloud will be the price!

"You coward!" Gu Shanshan was frightened.

I don't have the time to play games with you now," Yunxiao snorted coldly. since the divine cloud Palace treats me like an enemy, why should I pity you ants? " Those who should be killed will naturally be killed."

Gu Shanshan felt her entire body turn cold. The temperature in the small courtyard was as cold as the winter in the twelfth lunar month. The man in front of her disappeared in a flash.

She couldn't care less about her injuries and hurriedly turned into a ray of light to head towards the snowfall peak.

A moment later, on another mountain peak, there was only a single teleportation array. A few disciples guarding the array were already kneeling on the side, trembling.

The pressure emanating from Yunxiao's body had directly crushed their spiritual will to fight, and they could not even muster the slightest will to resist.

Soon, the array light lit up, and Yunxiao's figure slowly disappeared into it.

...

The teleportation formation of shenxiao Palace could reach the Western Region directly.

It was pitch-black in the endless portal, and a very strong suction force was guiding Yunxiao's body far away.

"What?"

Suddenly, his pupils shrank. The magatama in the depths of his eyes condensed into runes and he looked into the endless darkness around him.

Under the gaze of his eye power, there seemed to be an object moving rapidly in the distant void, which was also being transported forward.

"That's a bronze-skinned ancient orchid giant lizard. It's rumored that it can directly traverse the void, and it's true. The people on that giant lizard should be from the demon race. They don't look weak and seem to be heading in the same direction as me."

Yunxiao pondered for a moment, then performed an incantation gesture with one hand. A stream of light flashed between his eyebrows, and the divine realm tablet flew out.

His hands suddenly grabbed to the sides and immediately twisted the spatial power of the teleportation. His entire body turned into lightning and flashed, directly breaking away from the restraints of the trajectory.

The next moment, it appeared on the divine realm tablet. Using the Jade tablet as a battleship, it flew toward the bronze-skinned ancient orchid giant lizard.

There were seven demon men standing on the bronze-skinned ancient orchid lizard. A few of them were sitting cross-legged, regulating their breathing and condensing their Yuan Qi. They looked almost the same, so they were obviously from the same race.

"Who is it?!" One of them suddenly shouted.

...

His cultivation was the highest among the seven, so he immediately sensed someone.

“What’s wrong? Wen, you’re thinking too much, this is the transmission channel, how could there be a Yingluo?”

Before the other demon could finish his sentence, he was rendered speechless. His mouth was so big that it could fit a watermelon. A young human man was standing on the tail of the giant lizard.

“?!”

He sucked in a breath of cold air and was scared out of his wits. He shouted in shock, “You, Who are you?”

Immediately, all seven of them were shocked and became vigilant as they stared at Yunxiao as if they were facing a great enemy.

Yunxiao smiled and said, “don’t be nervous. I’m just a little curious. Where did you come from, and where are you going?”

“And who are you?” Wen asked in a deep voice. Humans and demons do not invade each other’s territory, nor have they ever meddled in each other’s Affairs. I hope that Your Excellency will leave immediately!”

He spoke politely and did not dare to be rash because he could not sense any aura from the person in front of him. Moreover, he had appeared in such a strange place. It was obvious that his strength was unfathomable and he did not dare to offend him.

“I’ll leave immediately after you solve my doubts,” Yunxiao said. “Otherwise, I can only follow you to take a look.”

The seven people's expressions changed drastically. Their trip this time was extremely confidential, and their mission was extremely important. They couldn't make the slightest mistake. If they were targeted by this person, it would be a huge problem.

"I hope you don't meddle in other people's business, or don't blame us for being impolite," Wen once again said in a deep voice. Not only is this bronze-skinned monitor lizard a ninth-order monster beast, but it also possesses an ancient rare blood. Its strength is above the seven of us."

He didn't dare to make a move. He only hoped that the other party would measure their strength and retreat on their own.

But unfortunately, things didn't go as he wished. The human didn't care at all and said, "You mean you're going to fight?"

Chapter 1779-gold slip

The seven demons all had anger on their faces. Although they knew that the other party was strong, they were still unruly. Yao Wen said coldly, "Don't forget that this is the spatial passageway. Even if you can defeat us, will you be able to survive once you're thrown out of the teleportation power?"

how do you think I got here? " Yunxiao smiled indifferently. how do you think I got here? "

The hearts of the seven people trembled, and they immediately became extremely vigilant. A few of them even began to move, pulling away from each other to make it easier for them to attack.

I don't know what profound armament you've used to come here, " he said gently. but if you want to die together, the seven of us don't mind accompanying you!

"Die together? Everyone is overestimating themselves."

Yunxiao's figure flickered, and a green light flashed across the giant lizard's back. All seven of them trembled as their defenses were broken by a powerful Thunderbolt, and their limbs and internal organs were severely injured in an instant.

“Pfft!”

“Pfft!”

The sound of blood being spat out one after another caused the breathing of the seven people to instantly weaken. They sat paralyzed on the back of the giant lizard, their eyes full of fear.

In his shock, Yao Wen hurriedly cast an incantation seal on the giant lizard’s body. Immediately, the giant lizard’s skin began to turn red brass, and its demonic aura burst out.

The huge lizard slowly turned its head, its eyes as red as blood as it stared coldly at Yunxiao.

“There’s indeed an ancient blood.”

Yunxiao opened his mouth and let out a vigorous and magnificent ancient dragon roar.

Not only were the seven monsters trembling, but the bronze-skinned ancient orchid lizard was also shrieking and trembling in fear.

Yunxiao patted the giant lizard’s body and said, “Be quiet, it’s fine.”

The giant lizard’s body gradually stabilized. It turned its head, retracted its demonic Qi, and continued to fly.

The seven demon clansmen were dumbfounded and completely despaired.

now,” Yunxiao said. are you all obedient? ”

kill us if you want! Yao Wen threw caution to the wind and said coldly, "it's impossible for us to reveal any information!"

The other people all had complicated expressions. Some were determined, some were desperate, and some even had flickering eyes, as if they were begging for mercy.

"Alright, I'll fulfill your wish. This young master also doesn't have the time."

Yunxiao's fingers were like claws as he clawed at the air, and a ring of light spread out.

Yao Wen's body was instantly lifted up and trembled violently in the air. His memories were forcibly searched, and he let out a painful groan as blood oozed out of his seven orifices.

A moment later, his body was thrown heavily on the lizard's back. His limbs twitched, his mouth frothing, and his eyes gradually lost their light.

"Lord Wen, Lord Wen!"

The other six people were filled with grief and anger, they were shocked and scared, angry and sad, but they were helpless.

Yunxiao's face was covered with a layer of frost as he stared at Yao Wen's body. Then, he made a grabbing gesture in the air, and a storage bag from Yao Wen's body flew up and fell into his hand.

"Not good, it's that thing!"

The other monster was shocked. He couldn't care less and directly rushed over. He shouted, "Give me back my things!"

Without even looking, Yunxiao performed an incantation gesture with his left hand and slapped it.

“Bang!”

The demon was instantly blown into pieces and scattered into the endless void, leaving no trace behind.

Although the remaining five people also wanted to charge forward, the tragic scene in front of them was like cold water being poured on their bodies. Their feet froze, and they could not move.

Yunxiao kept performing incantation gestures with his right hand and tapping the storage bag. Beams of golden light flew up and scattered like snakes.

The faces of the five people turned pale, and their eyes were filled with despair. If they lost this thing, they would definitely die when they returned.

After a while, the golden light gradually disappeared.

“Tsk, tsk, to think that there’s such an exquisite restriction on a trash’s storage bag.”

With a sneer on his face, Yunxiao clenched his fist, and the storage bag exploded with a bang, revealing a Golden Jade slip that slowly fell into his palm.

The moment his palm touched the Jade slip, it was as if he had been electrocuted and a faint arc of light bounced off.

He frowned. Three small round formations appeared on the Jade slip and disappeared in a flash.

There was also a powerful restrictive seal on the Golden Jade slip.

Yunxiao pondered for a moment and began to observe carefully.

The three formations on the Jade slip were sealed with three different powers. If one couldn’t break them all, the entire Jade slip would shatter instantly if there was the slightest mistake.

The other five people's faces were all pale, and they looked at each other.

One of them mustered his courage and quietly moved his body. A cold light suddenly flashed and he slashed horizontally with his saber.

In any case, losing the Jade scroll meant death. Snatching the Jade scroll might give him a chance of survival.

The other four also instantly raised their strength to the extreme and rushed forward.

Their mission was to escort the Jade slip. If they encountered any danger, they should destroy the Jade slip at once. However, they had never expected that the other party would suddenly search their soul and find the Jade slip.

Yunxiao did not even raise his head. He just frowned slightly, and a murderous look flashed in his eyes.

“Bang!”

A beam of sword Qi struck out, and the demon who had attacked instantly exploded. The sword Qi spread out and cut another person who was following closely behind into two halves.

“?!”

Finally, the three demons came to a sudden stop. They were so frightened that their bodies trembled and cold sweat dripped down their bodies. They were on the verge of tears.

...

Yunxiao continued to study the Jade slip with his head lowered, completely ignoring them.

The three demons finally understood that they were as insignificant as ants in the eyes of the other party.

The time of the teleportation slowly passed and they were about to reach the end. The three demons were in complete despair. Their eyes were empty and lifeless as they sat on the ground.

Suddenly, Yunxiao's pupils constricted. He raised his head and looked ahead, and he vaguely felt something was chasing after him.

One of the demon clansmen suddenly stood up with his eyes wide open, as if he had seen something. He cried out in ecstasy, "Sir Zhe!"

The other two demons trembled as if they had seen their Savior. They also hurriedly stood up and shouted.

Three silhouettes appeared in the tunnel ahead, and they directly flew through the air.

The leader of the group leaned against the throne and closed his eyes to rest. The two demon men behind him were expressionless as they crossed their arms before their chests. Suddenly, they opened their eyes.

"A Jade slip? What Jade slip?"

The demon man's eyes gleamed as he stared at the item in Yunxiao's hand and cried out, "The demon Emperor gold scroll!"

The moment he finished speaking, he rushed up from the throne, and the two men behind him disappeared.

...

The three of them landed on the bronze-skinned ancient orchid lizard in an instant and stared at Yunxiao coldly.

The leader, Yao Zhe, stretched out his hand and shouted, "Hand over the demon Emperor gold slip!"

Yunxiao's eyes were filled with surprise as he said, "Divine transcendence? You're quite strong, Who are you?"

"Impudent!" Yao Zhe shouted.

With a flash, he appeared in front of Yunxiao without any warning and reached for the gold slip.

His Jade-like fingers suddenly became like withered branches. With a grab, the Golden slip turned into countless golden rays and scattered like powder.

Just like the Jade slip, Yunxiao's figure turned into specks of fluorescent light and disappeared from the bronze-skinned monitor lizard.

"What?"

Yao Zhe's expression changed instantly. The other party must be extraordinary to be able to escape right in front of him.

He made hand seals with both hands and moved on the bronze-skinned ancient orchid lizard's back. His entire body's movements were one.

Runes kept flying out of his body, and the green light in his palms was like a Jade plate. He shouted and struck into the void.

A huge formation appeared in the sky, and its light illuminated a radius of ten thousand feet.

Yunxiao's figure was revealed under the blue light.

"Here, go to hell!"

die! yaozhe cried out as his hands kept spinning in the air. The green light shrank violently and pressed down on Yunxiao.

At this moment, a bright light appeared in front of him, getting bigger and bigger. It was the coordinates of the teleportation destination.

Yunxiao felt as if his whole body was stuck to paste. The green light retracted, and suddenly, countless black spots appeared inside, all shooting toward him.

Not only did the paste-like energy stick to his entire body, but it also made it difficult for him to circulate his elemental energy.

The sacred art of this green jade plate seemed to have the effect of a world domain, which could suppress the power of the opponent.

Yunxiao spread his fingers wide open, and demonic runes spread out all over his arm. A small white sword appeared in his palm, slowly burning like a lotus.

"Jian Ge!"

An indifferent and emotionless voice rang out, and the flame in Yunxiao's palm flickered.

Yao Zhe's heart trembled for no reason, and his pupils shrank.

"Bang!"

The flame exploded like a lotus, devouring all the green light. The white light grew larger and larger, overlapping with the exit of the passage.

The bronze-skinned ancient orchid lizard rushed out of the tunnel and appeared under a blue sky.

Yaozhe's divine sense had been locked on Yunxiao the whole time. The moment the green light was destroyed, Yunxiao turned into a beam of light and was about to leave. He caught up with him and shouted, "It's too difficult to leave!"

He clasped his hands in front of him, and a lute fell into his arms. As he plucked it with his ten fingers, countless strings turned into green lights that flashed in the air, like a dense prison that trapped Yunxiao's escape light.

Then, as the lute was played, countless blades were sent flying along with the sound waves. They were like a drizzle of ice cannons, falling all over the sky.

Yunxiao came out of the beam of light and clenched his fists. His body turned golden as he threw out a punch.

A golden fist shadow streaked across the sky, creating countless ripples in the air and crushing all the blades.

Even the green string of light began to shake, as if it would be broken at any time.

At this moment, there was still a large group of people at the place where they had appeared. They all looked up in horror, not understanding why these people started fighting as soon as they came out of the passage.

A few human ancient martial art practitioners were even more shocked. One of them exclaimed, "Sir Zhe, why are you back again?"

"Quick, stop this person!" Yao Zhe shouted.

The two demon experts behind him also made their moves at the same time. They flew up from the left and right sides, and their figures pierced through the net of light and quietly appeared next to Yunxiao. Then, two extremely powerful forces suddenly blasted out!

“You’re looking for death!”

Yunxiao’s eyes flickered with fierceness as he performed an incantation gesture with his right hand and pressed his left palm down. Suddenly, sword intent burst out of his body, and his clothes fluttered in the wind.

Chapter 1780

1780 The blood pool

The human powerhouses were shocked. In the face of such a powerful confrontation, just the aura alone was enough to make them feel intimidated.

Instead of advancing, the human ancient martial art practitioner retreated a thousand feet away in an instant.

A sharp sword shape emerged around Yunxiao, exuding an extremely fierce sword will of stellar energy. As it buzzed and trembled, the boundless will of spiritual mountains and rivers came.

“Thousand-fold peak!”

“Boom boom boom!”

A surge of power burst out from the sword, and the entire zither prison was instantly shattered.

Under the joint attack, the two demons immediately felt their palms hit a steel plate and were jolted back.

The arms of the two men suddenly burst open, bursting into a bloody mist. They screamed and were sent flying with heavy injuries.

Yao Zhe was shocked as well. The string cage was broken, and the lute made a hurried sound. Blood dripped from his fingertips.

After the attack, Yunxiao disappeared into the sky, leaving no trace behind.

“My Lord,”

The two severely injured demons hurriedly struggled to their feet and flew over in a few staggering steps, their faces filled with horror.

“The human has escaped!” One of them exclaimed in shock.

Yao Zhe’s face was dark and his eyes were cold. He kept the lute and said, “Even if he doesn’t run, I can’t make him stay.”

“What?”

Everyone was shocked, and the humans in the distance also flew over in a hurry. They were all extremely shocked when they heard this.

Everyone was well aware of Yao Zhe’s strength. He was a great expert who had transcended the mortal world. He could run amuck in the world, but he couldn’t stop that person.

Then that person’s strength was obvious.

“Who is that?” one of the human powerhouses asked in shock.

Divine transcendence was definitely not a nameless figure.

Yaozhe also wanted to know. He looked back at the three people on the bronze-skinned ancient orchid lizard with a dark face.

The three of them were dumbfounded and completely petrified.

After being disheartened, under everyone's questioning gaze, one of them explained the entire matter in detail, not leaving out a single detail.

Yaozhe's expression grew uglier as he heard this. He turned around and said with a cold face, "The rest of you have already sacrificed yourselves, how can the three of you still have the face to continue living in this world?"

The three of them trembled and looked at each other with pale faces. Then, they raised their hands and patted on the top of their heads.

Suddenly, three heads exploded at the same time, and three corpses fell from the giant lizard's body. They lay limply on the ground, covered in brains, livers, and blood.

this means that we just happened to meet him! a demon behind him exclaimed. then it's even more difficult to find out this person's background!

At this moment, the expressions of the humans were not much better. An old man with red face and white hair stepped forward and said, "That person is so young and has divine power, so it's not difficult to find out. I even have an idea at the moment, but I hope it's not like that, or else we'll be in big trouble."

Yaozhe's pupils contracted as he asked, "Elder Zhi taiqing, who are you guessing?"

The old man looked worried and said while stroking his beard, "The young man who's been the talk of the town recently, the one who's said to be the reincarnation of the Vanquisher martial sovereign, Gu Feiyang. He's the only one who can reach the divine transcendence realm at such a young age."

"The reincarnation of the Vanquisher martial sovereign, Gu Feiyang?" Yaozhe muttered to himself.

The rest of the People's expressions changed drastically.

In particular, the people of the human race behind Zhi taiqing all had panicked expressions.

Yaozhe seemed to be deep in thought, " "You're talking about that despicable man who used tricks to defeat my clan's Lord AI in the art of divination?"

"It's him. He's ranked third among the ten titled martial sovereigns." Zhi taiqing said. His achievements in martial arts are far above that of the art path. I didn't expect that he would have the power of his previous life at such a young age in this reincarnation. It's truly terrifying."

Zhi taiqing could not help but shiver.

"Tsk, so unreliable!"

The philosopher Yao sneered. I might have believed in resurrection, but reincarnation is too absurd. How is that possible? is that all you humans can do? "

Zhi taiqing frowned and said, " I don't really believe this either. However, the whole world has already been abuzz with this news. There are many versions of it. Some say that it was Gu Feiyang's reincarnation, some say that it was his disciple or son, and some say that Gu Feiyang had successfully taken over the innate fetus."

these theories are reliable, " the philosopher Yao said. but no matter what, I'm still very suspicious that this person has something that can change his bone age to be able to reach divine transcendence at this age. I don't care about his identity, but this person has the demon Emperor gold slip. I must get it back!"

"What? The demon Emperor gold slip!"

Zhi taiqing was shocked,"could it be Zhenzhen?"

“That’s right,” Yaozhe nodded. A few days ago, the demon Emperor sent me a message and mentioned this matter. I didn’t think that there would be such a big problem.”

Zhi taiqing looked flustered and hurriedly said, “What was written in the gold slip?”

“Don’t worry,” the philosopher Yao glanced at him. Lord Demon Emperor told me that there are three layers of lunar seals on the gold slip. It’s impossible for that person to break them.”

“What’s a Triple Moon restriction?” Zhi taiqing asked, stunned.

“You don’t have to know that, my Lord. In short, that person will definitely not be able to open it.” The philosopher Yao laughed. However, the demon Emperor gold slip is of great importance, and it would be too humiliating to lose it. We must get it back!”

Zhi taiqing was furious, but he didn’t want to show it. He just said coldly, “No matter who that person is, his status isn’t low. I’m afraid that the news of Daren’s appearance here will be spread.”

Yao Zhe’s eyes narrowed as he stared at him and said coldly, “Therefore, the most important thing now is to find that person and then avoid any future trouble!”

Zhi taiqing trembled under his stare and took a few steps back under the pressure of his overbearing aura. He was angry but did not dare to say anything. He could only swallow his anger and say, “Alright, I’ll immediately send people down to search. Once there’s any news, I’ll immediately inform Milord. After all, no one in the entire thousand mountains Prefecture can take down a divine transcendence expert!”

“Alright,” Yao Zhe said after some thought, “since there’s a change, I’ll stay here.”

The group of people discussed for a while more before they left.

Zhi taiqing’s mind was full of thoughts as he hurriedly flew in a direction.

...

In the distance, a faint green light flickered in the sky, and Yunxiao appeared a thousand feet behind Zhi taiqing, following him closely, but he did not notice it at all.

The two of them flew more than ten miles to the North. Above a mountain range, they could vaguely see a series of palaces.

Zhi taiqing suddenly fell down and kept making hand seals. A five-colored light appeared on the mountain. His figure disappeared and flew into the mountain.

Yunxiao followed them quietly, but he was blocked by the light and found it difficult to move forward.

eh, it's actually a wood attribute mountain-protecting formation. This saves me a lot of trouble. Otherwise, I could only break through by force, which would definitely raise the alarm. But now, I don't have to worry.

As Yunxiao muttered to himself, his body turned into a bolt of lightning and grew fainter and fainter, slowly merging into the five-colored array light and penetrating it.

After that, a layer of lightning slowly gathered under the formation light and transformed into his true body. He disappeared into the sky in a flash.

In the next moment, Yunxiao appeared in a corridor in the row of palaces. Zhi taiqing was walking in front of him in a hurry, his face as dark as water.

Yunxiao followed him quietly. He had already locked his divine sense on Zhi taiqing, and nothing within a thousand miles could escape his palm.

Zhi taiqing seemed to be a little panicked and hesitant. He walked back and forth in the corridor for a long time before he seemed to have made up his mind. He suddenly raised his fist and slammed it on his hand, then turned and walked in one direction.

A moment later, he walked into an unremarkable courtyard and stood in a corner. Then, he began to move in a regular pattern, matching his hand seals at the same time.

...

Soon, a ray of light rose in the courtyard, revealing a passage.

He hurriedly walked in.

Yunxiao frowned slightly. He did not dare to search with his divine sense over a large area in thousand mountains Prefecture, but he had probed the passage with his divine sense directly, and found that there was a whole new world inside.

Out of curiosity, he followed her down.

There really was a heavenly passage below, directly opening up an area of several kilometers in radius, and a pungent smell assaulted his nose from inside, making him want to vomit.

Yunxiao only realized what was going on when he saw the dark blood stains all over the ground. It was the smell of blood, but it had accumulated over the years, making it a little strange. There was a sour taste in the blood, and his stomach was churning.

Zhi taiqing walked to the end of the passage. There were many pillars in the center. Several beams of light shot out from his hands and hit the pillars directly, immediately igniting the flames.

The pillars of fire seemed to be arranged in a certain direction, and there were all kinds of formations below them. It was obviously a formation.

Zhi taiqing walked into the formation and hit the ground with his palm.

In an instant, a rumbling sound came from the ground, and the entire ground began to shake.

Zhi taiqing was shocked. A light flashed in his hand, and a Jade bottle appeared. He opened the lid and poured it on the ground.

Fresh blood flowed out of the bottle and fell to the ground, allowing the earth to absorb it. The trembling gradually weakened.

The blood seemed to be endless, and it had been flowing for half an hour.

Yunxiao's eyes flickered sharply. He could tell at a single smell that it was human blood. How many people must he have killed to have so much blood? moreover, the place was covered in blood scabs, which seemed to have been like this for a long time.

“Shh.”

After a long time, a hissing sound came from the ground, like the sound of a beast.

Only then did Zhi taiqing show a smile.

Yunxiao's pupils constricted as he looked into the array.

Even though the formation had the power to block out divine sense, it couldn't block his eye technique. Through the power of the formation, he could see that there was an extremely small space below, like a pool filled with blood that was seeping in from all directions.

In the middle of the pool, a monster covered in scales sat cross-legged.

Upon closer inspection, that thing was not a monster, but a member of the demon clan, only in a more beast-like state.

The blood in the surroundings churned and surged into the demon's body.
