

The Eternal 1791

Chapter 1791-infiltration

“We discovered traces of demons when we first arrived at the ancient martial Kingdom,” mo Xiaochuan replied.

“What, this Yingluo?”

Jun ruyun was stunned for a moment, then said awkwardly, “How is that possible?”

“Do you think you’re being secretive?” young Emperor haolian sneered. I’m afraid the whole world will know.”

“You stupid thing, what kind of stupid words are you saying!”

“If the whole world knew about this, the thousand-mountain Prefecture would have fallen apart long ago,” Jun ruyun said in frustration.

Mo Xiaochuan said, “it seems like you know a lot of inside information and understand the importance of it. If the thousand mountains Prefecture has dealings with the demon race, it’s no different from playing with fire. You’ll definitely burn yourself. As the Prince Consort of the ancient martial Kingdom, I’m afraid you won’t be able to get out of this, regardless of whether you’re involved or not.”

Jun ruyun stood with his hands behind his back and said expressionlessly, “I naturally know about this. However, the thousand mountains Prefecture and the monster race had been in contact for a long time. How could they get away so easily? Therefore, the most urgent thing for me now is to improve my strength. As long as I can become a nine-stars martial sovereign, I can go anywhere in the world.”

Mo Xiaochuan replied, “Junior brother’s cultivation base seems to be at beginner eight-star at the moment. You’re not even as strong as shaohuang and me.” However, his combat strength is almost at the level of a Peak Eight-stars martial sovereign. What’s going on?”

Jun ruyun said, " you two don't have to worry about my Affairs. As for the matters of the thousand mountains Prefecture and the monster race, you must not meddle in their business. Otherwise, even I can't protect you. I'll take care of the land of no return right now, but can you tell me why you're going there?"

Mo Xiaochuan thought for a while and said, " it's not convenient for me to say it now. I'll have to trouble you with this, Junior Brother. It's better to do it sooner than later. We still have a few companions who want to go in with us, so it's best to do this in secret."

"Secret? This is a little difficult."

Jun ruyun said, " although I believe that you won't do anything harmful, it'll be extremely difficult to hide from the thousand-mountain Prefecture and send several people inside. Then, you'll have to come out to welcome them.

Mo Xiaochuan smiled. Junior Brother, just do your best. It's fine if you can't do it.

Jun ruyun thought for a moment. alright. I hope you won't do anything out of line. It'll be easier to handle things as long as everything is under my control.

He didn't waste any more time, turned around, and fled in the direction of the thousand mountains Prefecture.

Then, a beam of light appeared in the hall. It was Yunxiao, who seemed to be thinking about something.

Mo Xiaochuan and young Emperor haolian hurried forward to pay their respects.

"Master, why don't you want to meet Junior Brother?" mo Xiaochuan asked, puzzled.

he doesn't believe that I have reincarnated, " Yunxiao said. besides, the situation in thousand mountains Prefecture is a little complicated. It's good for me to hide behind the scenes and wait for an opportunity to make a move.

with master's current strength and everyone's help, it's not a problem to destroy the entire thousand mountains Prefecture," young Emperor haolian said. what's there to fear? "

Mo Xiaochuan said, " Jun ruyun was right to call you an idiot. The situation in the thousand mountains Prefecture is a matter of the human and demon races. It's not just a matter of one sect. It's good that master is hiding behind the scenes. Let the two of us deal with the current situation.

I'll ask su lianyi to come out and help you," Yunxiao said.

Soon after, he changed his appearance to that of an old man and held a walking stick in his hand.

"Ah? Han Junzi!"

Both of them were stunned. Even su lianyi, who had just come out of the divine realm tablet, was taken aback. She could not help but take a few more glances at Yunxiao, who looked exactly the same as han Junting, who was dressed as han Junzi.

I should be able to fool everyone this way," Yunxiao said with a smile. I'll be able to get away with it.

After Jun ruyun left, Bai wuchen and his sister quickly came back to entertain the few of them again, asking questions about their relationship.

Although the appearance of these two people had shocked them, they didn't dare to speculate the actions and thoughts of these Masters.

At the same time, Bai wuchen was overjoyed. The two extra people seemed to be unusually powerful. So many experts had appeared all of a sudden, and they were all friends and not enemies. This made him extremely excited.

After a few hours, Bai Xiaoyue walked into the hall and smiled, " my Lords, my husband has just sent a message saying that everything has been settled. He wants you all to head to the thousand-mountain Prefecture's Mountain Gate. He's waiting there.

“I’ll let this Little King send you there,” Bai wuchen said hurriedly.

there’s no need for that,” mo Xiaochuan said. with our speed, you’ll be a burden.

He was not polite at all. Bai wuchen laughed awkwardly. Then, the four of them disappeared from the hall in a flash.

The two siblings looked at each other and shook their heads with bitter smiles.

Although they were noble princes and princesses, they were no different from ants in front of the true powerhouses of the heavenly martial arts realm.

“Little sister, do you think it’s possible for me to win over these experts?” Bai wuchen asked.

Bai Xiaoyue glanced at him and smiled, “The probability of this happening isn’t in my brother’s hands, but in my husband’s.”

indeed,” Bai wuchen said with a bitter smile. success or failure all depends on ruyun. I’ll put in a good word for my brother.

don’t worry, ninth Royal brother,” Bai Xiaoyue said. I’m also very interested in the Taiyou hongchen scroll. I’ll do my best to help you.

Bai wuchen said, “this brother is at ease.” With Prince Consort Yun’s talent, he might be able to completely comprehend the vast world of mortals.”

Bai Xiaoyue’s heart skipped a beat, and her face lit up.

As the saying went, a wife’s honor would follow her husband’s. As Jun ruyun’s strength continued to rise, her status would also rise.

While the two were discussing, Yunxiao and the others took to the air and appeared outside the mountain range of thousand mountains Prefecture an hour later. They did not break in by force, but flew to the mountain Gate.

Jun ruyun, who had been waiting for a long time, said with a grave expression, "It seems that something has happened inside the mountain Gate. The martial law is very strict now. Everyone, follow me. Don't leave without permission."

His eyes swept over Yunxiao and su lianyi, and both of them looked shocked as they said in horror, "These two mayflies ..."

"This is the owner of the star and moon school, Mr. Han Junzi. This is the owner of the Emyrean one Pavilion, lady su lianyi," mo Xiaochuan introduced.

Jun ruyun jumped in shock. He glanced at the two of them in disbelief. That kind of aura that was drawn but not released was indeed the nine-stars martial sovereign Wu Yi.

Cold sweat broke out on his forehead as he said, "Senior brother, what do you want to do? Why did these two famous Lords come? With your status, you only need to inform the thousand-mountain Prefecture's head and you can enter at any time, right?" He could not help but be suspicious and worried.

don't you worry, " mo Xiaochuan said. what we're going to do has nothing to do with the thousand mountains Prefecture. We just don't want to attract attention.

This was the first time Jun ruyun had lost his manners. He wiped the cold sweat from his forehead and said, "Mo Xiaochuan, I suddenly realize that I can't see through you. What kind of luck have you had all these years to be able to befriend these big shots in the merchant Union?"

"Since when did Jun ruyun like to talk nonsense?" mo Xiaochuan asked.

Jun ruyun only felt his heart clench. He shook his head speechlessly and said, "Since that's the case, follow me,"

...

He led the four of them into the mountain, and the disciples guarding the gate did not dare to stop them and hurriedly made way.

The five of them concealed their auras as they moved through the mountain range to avoid attracting attention.

Jun ruyun said, " it seems that someone has barged into the thousand mountains Prefecture and caused a great commotion. There's a manic aura everywhere. Everyone, try your best to hide.

After the time it took to brew a cup of tea, the five of them arrived at the top of a mountain. There was only an ordinary White House.

Several people were standing in front of the house, and they were none other than the guarding disciples. One of them, who looked like a commander, glanced at Yunxiao and the others, and he looked surprised as he said, " Lord ru Yun, try to come out as soon as possible. Don't take too long.

don't worry, " Jun ruyun said. I'll have to trouble you all.

The commander seemed to be a little worried and said nervously, " "If the sect finds out about this,"

don't worry, " Jun ruyun said. I'll bear the responsibility with all my might. I'll definitely not implicate you all.

"Then we can rest assured. My Lords, please come in."

The commander heaved a sigh of relief. He immediately opened the door and made a respectful gesture.

Although he did not know Yunxiao and the others, the aura of these four people was no weaker than Jun ruyun's, so he knew without asking that they were important people.

...

He had thought that it was just a small favor in private, but after seeing so many big shots appear, he realized that it might be a big problem, so he was uneasy.

Even Jun ruyun himself felt uneasy, let alone him. His eyelids twitched involuntarily.

When the five of them entered the White House, they were all stunned.

He saw an old man sitting in the room, carefully reading a Jade slip in his hand. A yellow lamp emitted a bean-sized light, but it illuminated the entire area.

Jun ruyun cried out in surprise, "Sect leader!"

The guards were all dumbfounded and knelt down at the door, shivering and sweating.

Yunxiao looked up. The old man was gentle and elegant, and he was also a peak nine-stars Martial Emperor. However, he was old, and the traces of time were very obvious.

Jun ruyun was also rather embarrassed. He took a few steps forward, cupped his fists, and bowed. "Greetings, sect master."

Bai Sheng put down the Jade slip and said, "you're not from the thousand mountains Prefecture, so you don't need to be so polite and reserved." These must be your friends. Please take a seat."

The victors Bai's gaze swept across the four of them. Although his expression did not change, he was extremely shocked in his heart.

Naturally, Yunxiao and the others would not be polite. Since their whereabouts had been exposed, there was nothing to be afraid of. The four of them each found a chair and sat down.

Jun ruyun pointed at the row of disciples kneeling in front of the door and said, "This matter was completely my doing. Sect master, please don't blame them."

The victors Bai snorted coldly, scaring the disciples so much that they almost cried.

"It's a serious crime to let outsiders enter a land of no return. However, since young master Yun has said so, I will pardon them this time. If there is a next time, I will not let them off easily!"

The few disciples felt relieved and kowtowed gratefully before hurriedly retreating.

"Thank you, sect master," Jun ruyun said as he bowed.

Bai Sheng stretched out his hand and lifted him up, saying, "Young master ruyun is too polite. I'm just bringing a few friends into the realm of no return. Such a small matter, you only need to tell me and I'll definitely agree. However, Yingluo "

His eyes flickered as he slowly said, "However, aren't these friends' cultivation levels a little too high?"

Chapter 1792-worried

Jun ruyun braced himself and began to introduce, "these two are my senior and junior brothers, mo Xiaochuan and young Emperor haolian. As for these two, it's my first time meeting them. They're the big shots of the merchant Union, Lord su lianyi of the Empyrean one Pavilion and Lord han Junzi of the star and moon school.

"What? It's the two of them!"

The victors of a hundred battles were slightly shocked when they heard of mo Xiaochuan and haohuang's identities. When they heard of su lianyi and han Junzi's names, they were even more shocked, and their eyes were filled with emotion.

The four of them looked at each other and smiled, then nodded at the victors.

The victors of a hundred battles didn't dare to be careless and hurriedly returned the greeting. "I don't know why the four of you are together and want to go to the land of no return at the same time?"

no?" Yunxiao asked without answering. have any outsiders entered the land of no return before us? " It'll be within this half year."

"There are many outsiders who have entered the realm of no return, but none in the past six months," Bai Sheng said.

Yunxiao nodded and did not say anything else.

Qu Hongyan must have entered directly without informing the thousand-mountain Prefecture.

"Why do you ask, head shopkeeper han?" asked Bai Sheng curiously.

I'm just asking," Yunxiao chuckled. I don't mean anything else.

Even a fool could tell that it was not a casual question, but since he was not willing to say it, it was not convenient for the victors to continue asking.

Jun ruyun could not help but give Yunxiao a few more looks. Although Yunxiao's disguise was flawless, he gave Jun ruyun a strange feeling, which made his heart skip a few beats.

Bai Zhansheng asked,"what's the purpose of you going to the land of no return?" Although this place isn't a Spirit Mountain or treasure land, it's still a wandering space under the jurisdiction of the thousand mountains Prefecture. I hope you can tell me the truth."

"We're going to look for him," Yunxiao said. My friend's whereabouts are unknown, and I've recently found out that she's most likely gone to the land of no return. We just want to find her. "

"Looking for someone?"

Although this reason was a little unreliable, it was very consistent with Yunxiao's previous question, so the victors could not help but believe it a little. Otherwise, he could not figure out why some big shots would come together.

we're not lying to you," Yunxiao said. once we find the person we're looking for, we'll come out immediately.

Bai Sheng hurriedly said, "with the four of you're of high status, you wouldn't lie to me. I'm here to look for you, but I didn't expect to meet you. It's fate. How about we meet after you come out of the lost space?"

that's great," Yunxiao said with a smile. we dare not decline your kind offer, sect master.

Jun ruyun was a little surprised. When han Junzi had spoken, the other three had remained silent. Even mo Xiaochuan and haolian shaohuang had stood quietly to the side, as if this man was their leader.

"What is sect master looking for me for?" Jun ruyun couldn't help but ask.

"It just so happens that your two senior and junior brothers are here, so I'll be Frank," said Bai Sheng after some thought.

Jun ruyun was even more puzzled and could not help but glance at mo Xiaochuan and Mo liuxi. However, he saw that the two of them were indeed very calm and did not have any special expressions.

"I hope to meet your master," Bai Zhansheng said.

"What?"

Jun ruyun was startled, and his mind immediately turned as fast as lightning. He said in surprise, "My master has been dead for more than twenty years. Are you talking about li Yunxiao, sect master?"

This time, it was the victorious hundred battles 'turn to be stunned. He said, Yes, it's Li Yunxiao. Isn't he the reincarnation of your master? "

Jun ruyun sneered and said, " sect master, you're just like my two senior and junior brothers. You've been blinded, haven't you? " Reincarnation was unheard of in history. How could it exist? I've heard about that li Yunxiao, and I plan to have a good chat with him when my cultivation base improves. Let's see if he still dares to pretend to be my master!"

is that li Yunxiao really not your master? " asked Bai Sheng suspiciously.

Jun ruyun was about to deny it, but he didn't know why the words didn't come out.

Mo Xiaochuan asked,'sect leader, why are you looking for my master? I can pass on the message."

The victors of hundred battles were stunned once again. They were even more confused as they looked at the three senior and junior brothers.

li Yunxiao is indeed my master's reincarnation, " mo Xiaochuan said. it's just that Junior Brother ruyun doesn't believe him. You don't have to pay him any attention.

"This bi an ..."

if li Yunxiao is really the reincarnation of Martial Emperor Vanquisher, " Bai Sheng said awkwardly. I'd like to talk to him in private.

Mo Xiaochuan replied, " it's not impossible for the sect leader to be unwilling to reveal anything. However, it'll depend on my master's mood. I can't make the decision.

The victors Bai was silent for a while before he said, " this matter is very important. Sir po Jun should have gotten some clues about it. It's related to the five Cloud Mountain. The seal that Gu Qing Qing left behind won't last long."

“What?”

Jun ruyun was greatly alarmed, and his expression became abnormally unsightly.

Mo Xiaochuan and the others had already expected this, but they were still shocked when they heard it from the victorious hundred battles.

what’s going on here? ” Yunxiao asked seriously. can the seal be strengthened? ”

“I’m afraid it’ll be very difficult,” the victors said worriedly. At the very least, I’ve been unable to do so even after trying all these years.”

what? ” su lianyi was shocked. why didn’t you inform the sacred zone about such an important matter?
” Wouldn’t it be better for the Holy region to handle it? if I remember correctly, the thousand mountains Prefecture has a branch under the Holy region’s direct jurisdiction.”

“Outsiders don’t understand, but it’s actually very simple, because the news was suppressed by the sacred zone,” said the victorious hundred battles with a sigh.

Su lianyi was shocked. why did this happen?!

Yunxiao’s mind raced as he thought through many questions. Suddenly, he cried out in surprise, ” “Not good! I’m afraid Yuan gaohan is in danger!”

Mo Xiaochuan and the others ‘expressions changed slightly. Su lianyi was the head of the Emyrean one Pavilion. She understood the key point after a moment of hesitation.

The situation of five Cloud Mountain had never escaped the control of the sanctuary, which meant that the current state of the seal being opened was also known by the sanctuary, but it had allowed it to develop. There must be some hidden secrets!

“Yuan gaohan?” Bai Sheng was surprised. Lord Yuan gaohan, the head of the spiritual division in the Holy region? What’s wrong with him?”

Yunxiao could not help but feel a little upset. “To tell you the truth, we’ve also noticed what happened in the thousand mountains Prefecture. Yuan gaohan felt that the situation was serious and personally went to the Holy region to report the matter. Now that I’ve heard you say this, I’m afraid Yuan gaohan is already in danger.”

The victors of a hundred battles also immediately understood. After a brief moment of shock, he muttered, “This might not be a bad thing. Lord Yuan gaohan’s position was high and powerful, so even if someone in the Holy region wanted to deal with him, it would definitely cause a stir. I only hope that the five council officials will know about the matter of five Cloud Mountain, and then it will be a great success.”

Yunxiao, on the other hand, was not so optimistic. The problem was likely to lie with the Council. A fierce gleam flickered in his eyes as he muttered to himself, “Wei Qing, Oh Wei Qing, was this your doing?”

...

Both victors Bai and Jun ruyun were taken aback as they looked at Yunxiao in disbelief.

Jun ruyun’s heart was still pounding, and he did not know what was going on. Just now, the cold gleam in Yunxiao’s eyes had given him a very palpitating feeling.

no matter what, ” Yunxiao said, ” we must guard the seal of five Cloud Mountain. As for the realm of no return, I can go alone. Xiaochuan, the three of you will stay and assist the sect master of the hundred victories sect in case of emergency.”

“But you’re the only one,” mo Xiaochuan retorted with a look of concern on his face.

it’s more convenient for me to go alone, ” Yunxiao snorted. you’ll be a burden if I take you with me.

Mo Xiaochuan and the other two were speechless. Even though he did not give them any face, it was almost the same.

The victors Bai and Jun ruyun also found it very strange. They didn't understand why the three people would listen to him.

it seems that I have to intervene in this matter," Yunxiao said cautiously. Yuan gaohan's return to the Holy region may speed up the opening of the seal. We can't let anything happen to the seal of the five Cloud Mountain before he replies. I'll leave this to the great sect leader."

The victors were stunned. This was originally his business, but now it was the other party who asked him for help. He hurriedly cupped his hands and said,"Sir, you're being too serious. This is my duty."

Yunxiao said no more. He nodded and walked into the room.

There was a teleportation array inside, which was the passage to the land of no return.

...

Jun ruyun's heart stirred. my Lord," he said," you might not be familiar with the terrain here. Why don't I lead the way?"

Yunxiao gave him a glance. Although it was a casual glance, it made Jun ruyun tremble for some reason. "You're quite strong. Stay here and help Lord hundred victors."

These words carried an irresistible Majesty. Jun ruyun didn't understand why he couldn't feel a trace of resistance or unwillingness in his heart. Instead, he respectfully replied," "Yes."

Yunxiao nodded, then disappeared into the light of teleportation with a worried look.

Everyone was silent.

I've heard about the merchant Union," said Bai Sheng suddenly. It seems that a new era has begun after the battle in Xinyan city. The original seven merchant unions seem to have been reshuffled. Now, there's one Super League and three strongest.

Su lianyi was stunned, "one against three? What is this?"

The victors Bai looked at her and said suspiciously, "Lady su lianyi is the head of the Empyrean one Pavilion. How could she not know about such a big matter? The top three are the gold and money Chamber of Commerce, the star and moon House, and the Leyman Chamber of Commerce, which was previously formed by the thunderwind Business Alliance and the Mando Business Alliance."

Su lianyi was furious when she heard that. She snorted coldly, "Ding Shan has done many unjust things, he won't have a good ending sooner or later!"

There were many doubts in the victorious hundred battles' heart. Even Jun ruyun was a little confused at this moment.

"How did you all end up together? and who is head shopkeeper han looking for?" the victors Bai could not help but ask.

Mo Xiaochuan said, "sect master, you don't have to be suspicious. We mean no harm. After we find that person and the seal on the five Cloud Mountain is strengthened, we will leave."

"You're leaving?" Jun ruyun asked. Where are you guys going?"

The corners of mo Xiaochuan's lips curled up as he said with a playful smile, "This will depend on head shopkeeper han Junzi's decision."

Jun ruyun frowned and said, "you've all joined the star and moon school? It was said that the star Moon school was backed by the divine cloud Palace, but he didn't know if it was true. If that's the case, it's a good place."

“If we’re leaving to investigate master’s death in the tiandang mountains, are you going or not?” mo Xiaochuan stared at him and asked.

Chapter 1793-realm of no return

“Are you seeking death with your measly strength?” Jun ruyun sneered.

Mo Xiaochuan’s expression turned cold as he said, “So you’re saying that you’re not going?”

Jun ruyun’s face twitched a few times as he snorted, “I’ll be frank with you. I will never step into the tiandang mountains without the strength of divine transcendence! The death of the master naturally had to be investigated, but it was not a brainless act. Previously, your strength was so weak that I couldn’t be bothered to care if you died. But now, you’re so lucky to have become eight-stars martial sovereigns. I hope you two have more brains and don’t make unnecessary sacrifices. Save your useful bodies to do the right thing.”

Mo Xiaochuan and haolian shaohuang’s expressions changed several times, but they remained silent in the end.

is that li Yunxiao the reincarnation of Martial Emperor Vanquisher? ” the victors of a hundred battles asked with a bitter face. is he the reincarnation of Martial Emperor Vanquisher? ” After all, the five Cloud Mountain incident is too important. I’m afraid it’ll be difficult to handle it without someone like martial sovereign Vanquisher.”

Mo Xiaochuan replied, “ of course, it’s my master. Don’t worry, my Lord. With master around, the sky can’t be stepped down.”

Jun ruyun’s expression changed slightly, and he snorted softly. He only thought that the two of them had been bewitched, and did not believe in such things as reincarnation.

“I’m relieved.” Bai Sheng was slightly relieved. With the help of the two lords from the merchant Union, our chances have increased.”

sect master, ” Jun ruyun suddenly asked, ” forgive me for being presumptuous. What is the stance of the thousand-Mountain Manor in the war of the princes of the ancient Wu Empire? ”

This question was originally an unreasonable one, but at this moment, the relationship between Bai Sheng and the others seemed to have become much closer, and they seemed to be on the same side. Jun ruyun couldn't help but ask.

Bai Sheng Sheng laughed. that's not important. Whether it's the ninth Prince Bai wuchen or the third Prince Bai gan GE, they're both the best.

"But this matter is related to the wandering secular world manual after all," Jun ruyun said.

The victors waved their hands and smiled. no one has ever deciphered the Taiyou hongchen scroll for so many years. The divine item has its own owner. You can't force it.

Jun ruyun replied,"I naturally understand this. As for the matter of succession, Xuanji."

Although the divine item had its own host, if it was the third Prince, he would not even have the chance to see the divine item. Moreover, the ninth Prince had always been on good terms with him, so he had to use his own power to influence the Crown Prince.

Bai Sheng smiled. since young master Yun is so concerned about it, I'll side with the ninth Prince. However, the forces in thousand mountains Prefecture are complicated now. Even my wish might not be fulfilled.

thank you, sect master! Jun ruyun was overjoyed. you're too kind!

The victors smiled and nodded. To him, it didn't matter who he chose. He had the right to read the Taiyou hongchen scroll, but it was useless.

It was a good deal for him to rope in Martial Emperor pojun's bloodline with the matter of the Crown Prince.

"Please come to my residence to rest first, and we'll slowly talk in detail. I'll have someone guard this place. Once head shopkeeper han comes out, we'll immediately bring him over."

After the arrangements for the victors of a hundred battles were made, everyone left the small house.

Yunxiao was sent to the land of no return alone, and what he saw was a barren land in ruins.

With a sweep of his divine sense, he found that there was a violent aura in the air, and from time to time, a terrifying energy would emerge from the void and spread in all directions.

He frowned. Although this space was broken, it was extremely vast, and he couldn't tell which direction he was in.

Yunxiao took a few steps on the ground before he finally stopped. He could not walk aimlessly like this, and he regretted not bringing Jun ruyun with him.

Suddenly, his divine sense swept across an area a few thousand feet in front of him. Countless void energy slowly gathered and soon condensed into a huge Phantom monster that was staring at him.

"Strange, this space is so broken that it's almost merged into nothingness, yet it still exists independently."

Yunxiao could not help but be surprised. It was like a ship riddled with holes that should have sunk into the sea a long time ago, but to his surprise, it did not sink at all after floating on the sea for a long time.

The Phantom monster suddenly let out a roar and pounced over.

With a casual palm strike, Yunxiao shattered the space with only the power of his physical body. With a "Hong" sound, the illusionary figure was smashed into pieces, turning into countless tiny energy particles that scattered in all directions like earthworms, quickly disappearing completely.

it seems that there is a very strong force in this space. It is not an ordinary space. Gu Qing Qing must have done something.

Although he could not tell where he was, Yunxiao felt much more at ease, knowing that he had found the right place.

“Since that’s the case, I’ll use my ‘heart’ to feel it.”

Yunxiao touched his chest with his right hand and felt the powerful heartbeat. The power of the rainbow stone was emanating from it, and a glazed light emerged from his body, constantly resisting and purifying the power of the rainbow stone.

Ever since Ming Yue’s body had evolved into this kind of glazed multicolored light, the rainbow stone’s influence on his heart was minimal. He carefully felt the heartbeat, and his feet began to involuntarily take a step forward.

He stepped forward with his right foot, and the ground shrank to an inch, covering ten thousand miles in an instant.

A moment later, they arrived at a void space, which seemed to be the sky above the realm of no return.

Only then did Yunxiao put his hand down from his heart, opened his eyes, and looked around.

The empty void began to change under the gaze of his moon pupils. Space was like plasticine that could be kneaded by anyone, constantly changing shape.

At this moment, not only the space, but even time seemed to be changing along with it, as if it was moving forward.

Suddenly, a ray of multicolored light appeared out of thin air. It turned into a Crescent-like shape and slashed in all directions.

Yunxiao was taken aback. The power of the slash actually gave him an extremely dangerous feeling. He suddenly made a grabbing motion with his right hand, and the red slash sword of the sword death fell into his hand as he performed a sword technique.

The two powerful forces collided in the air, forming a huge cross that split the entire sky.

The center of the cross was as dazzling as the sun, and it lasted for a long time before it gradually faded away.

Yunxiao's face turned extremely serious as he stared at a certain spot in the void, his eyes bloodshot.

Suddenly, a voice came from the ethereal void, and each word shook Yunxiao's heart. He could not help but tremble, trying to reach out to grab something, but he put it down just as he lifted it.

The voice was so melodious and so familiar. Although it was only talking about numbers, it made his heart surge with emotion and he found it difficult to calm down.

"Who are you?"

Yunxiao took a deep breath and tried to calm himself down as he said, "Li Yunxiao."

There was no response from the void. After a while, he said, "Li Yunxiao? This name sounds familiar, what are you here for?"

Yunxiao sighed in his heart. It seemed that Han Junting had not told Qu Hongyan about him, but that she had only heard of him because of his fame.

Since that was the case, he didn't want to talk about it at the moment. He only said, "I'm here to save Luo Yunshang, just like you."

Qu Hongyan's voice was cut off again, and the void became dead silent.

...

After a while, she said, "You're Yunshang's good friend? Do you know her current situation?"

"I know," Yunxiao said. "She has cultivated the nine yang divine body and came here to accept Gu Qingqing's inheritance. I'm afraid the rainbow stone has already entered her body."

Qu Hongyan's voice sounded a little surprised as she said, "I don't know how you know so much, and I don't want to know. Yunshang's current condition is indeed very bad. I'm using all my strength to save her, but I can only contain the rainbow stone's power and can't save her from the root."

What? Yunxiao asked in surprise. What should I do?"

Qu Hongyan's voice came intermittently, "The boundary of this space is connected to the seal of the five Cloud Mountain. To save Yun Shang, we have to break the seal of the five Cloud Mountain."

"What?"

Yunxiao was taken aback. Break the seal of five Cloud Mountain? he asked. Do you know the consequences?"

"Of course I know," Qu Hongyan replied. When I first arrived, I still had the power to control the rainbow stone to devour the cloud garment and break the seal. It's because of the importance of this matter that after hesitating, I no longer have the power to break the seal. Even if I control this rainbow stone, I'm afraid I won't be able to maintain it for long."

What will happen if I fail to control the rainbow stone? Yunxiao asked in a deep voice. What will happen?"

"Yunshang's mind will be completely devoured," Qu Hongyan said.

How long can you maintain it? Yunxiao asked. How long can you keep it up?"

...

“If there are no changes, at least half a month, at most a month,” qu Hongyan said after thinking for a while.

I also have a divine body of purification, ” Yunxiao said. perhaps I can dissolve the power of the rainbow stone and save Luo yunshang.

Qu Hongyan sighed and said, “it’s useless. The power of the rainbow stone is only a superficial corrosive force.” If I’m not wrong, this rainbow stone still has Gu Qing Qing’s divine sense left behind, and it’s probably going to occupy Yun Shang’s body.”

Yunxiao’s heart trembled as he thought of Yu Shengfeng and Yu Yixian. These Almighty experts from back then did not seem to be good people.

His face was extremely gloomy and his heart was extremely irritable. “Is there no other way other than to break the seal on five Cloud Mountain?”

Qu Hongyan said, ” although I don’t know who you are, the power of your sword just now was very domineering and fierce. It can be seen that your cultivation is not below mine. You should understand the restriction. As long as the seal of the five Cloud Mountain is not destroyed, Yun Shang will inevitably be occupied by Hongshi or Gu Qingqing’s divine thoughts.

Upon hearing that, Yunxiao turned and strode away.

“What are you going to do?” qu Hongyan’s voice came.

of course, ” Yunxiao said without turning his head. I’m going to break the seal.

The voice paused for a moment, then continued awkwardly, ” once the seal is broken, all the demons will be released. I’m afraid the entire heavenly martial continent will be plunged into war and All Souls will be burned to ashes.

you can't even protect your own people, " Yunxiao snorted coldly. and you want to protect all spirits? " What a joke, ten thousand spirits will save as much as they can, but if they can't, they'll naturally save their own people first."

As soon as he finished speaking, he stepped into the endless void and disappeared.

Qu Hongyan seemed to let out a cry of surprise and then said in a trembling voice, " "W-Who are you?"

His unruly and disdainful words gave her a strong feeling. She couldn't help but tremble as the figure of that man kept appearing in her mind.

Chapter 1794-biting back

Yunxiao soon caught the coordinates of the teleportation array in thousand mountains Prefecture. The two spaces were closely connected, so he tore the void apart and stepped into it.

The entire space kept shrinking under his feet. He quickly found the node of the array and walked over.

Suddenly, a golden light shone and formed an array pattern in front of him. It spread up, down, left, and right. A vast power instantly condensed and directly turned into a Dragon, charging over!

Yunxiao frowned as he drew a circle with his right palm and threw it out!

"BOOM!"

The Dragon was instantly shattered by the force of his palm, but as the broken golden light spread out, it formed a world in the void, forming a beautiful picture that spread around Yunxiao.

"What happened?"

Yunxiao's face turned unsightly as he stared at the node of the teleportation array in a daze before he disappeared.

At this moment, on the other side of the teleportation space, in a small house in the thousand mountains Prefecture, the smell of blood spread.

The few disciples guarding the place were nowhere to be seen, and the ground was covered in blood, flesh, and bones. Two men stood in front of the teleportation array, staring at the light that was shining through the array, and heaved a sigh of relief.

I didn't expect him to return so quickly. Fortunately, we arranged it quickly, otherwise, we would have missed the big deal! One of them said with fear in his eyes.

"Hmph, so what if it can't be sealed? I don't believe that li Yunxiao can turn the world upside down." The other person was disdainful and said coldly, "I don't understand why the higher-ups value him so much and even use the searing parasol as the eye of the formation. If we have the burning parasol and work together, we can easily kill him!"

"It's a good thing you didn't do that," the man from before snorted coldly. "Otherwise, we'd be the ones turned into mincemeat right now. I finally understand why the higher-ups chose me to be responsible even though you're stronger than me."

"Aren't you praising others while diminishing your own prestige?" the man was unhappy.

that's enough," the man said. if you don't agree, you can go to Yunxiao and fight him alone next time. But before you go, give me all the rare treasures you've collected over the years, so that li Yunxiao won't benefit from them."

"Hmph, you jinx!"

The man was not convinced, but he did not say anything more. He changed the topic and said, "The seal has been placed, it's time to do proper business. Breaking the seal of the five Cloud Mountain, just thinking about it makes me excited. You and I are finally going to do something earth-shattering!"

The two of them disappeared from the small house in a flash, leaving behind only the stench of blood.

All of a sudden, the teleportation formation emitted a white-hot sword light, and a lotus flower bloomed on the entire formation.

Countless flower petals spread out like a flight of stairs that extended to Infinity.

Stepping on the petals, Yunxiao walked up the stairs, and as he walked out of the passage, the flowers and shadows fell.

“The burning parasol? As expected of someone from the sanctuary, he actually wants to break the seal of the five Cloud Mountain. What a f * cking dog!”

Yunxiao cursed. Although he also wanted to break the seal, he was still furious at the moment.

fine, let these scumbags do it. I'll keep an eye on them in the dark. He also disappeared from the house in a flash.

The headquarters of the thousand-mountain Prefecture suddenly rang with urgent bells, startling countless birds and beasts in the mountains.

Suddenly, hundreds of lights rose into the sky. Everyone was shocked and quickly flew back to the headquarters.

In front of the meeting hall, there was a wide area of a few thousand feet. Hundreds of people had gathered there, and they were all looking at the center in surprise.

The great elder Mao haokong was followed by a group of people. Their auras were monstrous as they charged into the main hall.

Everyone scattered in all directions in shock, not daring to step forward.

The grudges between the great elder and the sect leader had long been known by everyone in the sect, but they had never thought that there would be a day when they would openly become enemies.

“What is the meaning of this, great elder? Today is not the day to give out offerings, return it.”

The voice of the victors came from the hall. It was cold and emotionless.

Everyone could feel the tension in the situation. Since the great elder dared to bring people up to stir up trouble, he was probably prepared to fight to the death. There would definitely be a river of blood.

Hmph, I, Mao haokong, don't care about that little bit of tribulation. Today, I've brought many disciples here to accuse you of winning a hundred battles!

die! Mao haokong shouted and pointed at the hall. A powerful aura spread out, stirring up dust on the ground.

All the disciples flew up into the sky. They didn't dare to stand in front of the mountain Gate and could only watch from a distance. They were all frightened.

“Blame? I, the victorious hundred, have been cautious and conscientious ever since I took the position. I don't dare to say that I've made great contributions, but I've also followed the rules of the thousand mountains Prefecture and become one of the few major forces in the Western Region. This is something that everyone has seen. Did great elder eat something bad for the past few days?”

As the voice was heard, the victors of a hundred battles slowly walked out of the hall. A group of Warriors followed behind him, including mo Xiaochuan and the others.

The two groups of people immediately clashed with each other in terms of aura, secretly competing with each other, and the surrounding sand and stones were shaken.

Mao haokong shouted, “you shameless person, you actually took the credit of others and put it on your head!” If it weren't for the support of the Holy region, with just the foundation of your hundred victories

and thousand mountains Prefecture, you think you can make a name for yourself in the Western Region? bah, in your dreams!”

Even though the victors didn't look too good, they were still calm. “This naturally has the contributions of the Holy region, but I don't know where the” crime “that first elder mentioned comes from?”

Mao haokong sneered and said, “Hehe, do you think that you can hide your technique from everyone? Today, I'll expose you in front of the world. Victorious hundred, how dare you collude with the demon clan to break the seal of five Cloud Mountain and release the great demon inside. You deserve to die ten thousand times!”

As soon as these words came out, murmurs could be heard all around.

It was not strange for the demons to appear in the thousand mountains Prefecture frequently. Many people knew about this, but they did not know the inside story. When they heard Mao haokong's words, they were shocked and found it hard to believe.

Bai Sheng's expression changed drastically, and even the people behind him were stunned.

Then, someone stood out and angrily rebuked, “Mao haokong, you are really shameless. It was clearly you who did this dirty thing, and now you are blaming it on the sect leader. You deserve to die!”

Mao haokong sneered, “we'll find out who's the shameless one.” Right now, the two saints are both here. They can be the judges!”

Yunxiao, who had been hiding in the dark, saw two people walk out from behind Mao haokong. They were the Saints who had placed the seal in the cabin. Both of them were peak nine-star cultivators. One of them had a solemn and expressionless face, while the other had a sneer on his face.

Their auras and their status as domain sages immediately intimidated everyone present. Even the victors of a hundred battles turned pale and their auras were suppressed.

The expressionless man said, " "This one is Fei Cheng, this one is Tai Yuan, from the Holy region." He took out a token and threw it over.

"The dark agent!"

Everyone was shocked. Dark agents were not well-known, because they had always only been active and did things that were inconvenient to see the light of day.

Yunxiao glanced at the two men. Although they were both peak nine-stars, they were much worse than the head of the dark Agency he had killed. He wondered if the dark Agency had a new Secretary.

...

If someone in the Holy region really wanted to break the seal of the five Cloud Mountain, it was indeed logical to let the dark agent come out. It was just that he didn't know who the person behind it was.

Bai Sheng's expression turned even uglier. He returned the token in his hand and cupped his hands in obeisance."So it's the two lords of the Holy region. However, can the Holy region be clear about the right and wrong of the thousand mountains Prefecture?"

"The sanctuary naturally doesn't know," Feicheng replied.

Mao haokong was stunned and said awkwardly,"this, my Lord, please."

Fei Cheng raised his hand and interrupted him, " we don't care if it's right or wrong, but it's true that some demons have infiltrated the thousand mountains Prefecture in an attempt to break the seal. Now, as a law enforcer of the sanctuary, I want you to hand over the key to the five Cloud Mountain seal for the two of us to keep.

Yunxiao cursed in his heart,'shameless!' But, it was indeed a good idea, as it could save him a lot of effort.

Bai Sheng's expression became unnatural, "It's not impossible to hand over the key, but it's very difficult for me to do so just based on the words of the two lords. Unless there is a personal order from the director of the Council."

Fei Cheng's expression did not change. this matter is of great importance. The two of us came in a hurry. We have not had the time to write an order.

"If that's the case, I'll be in a difficult position," said victorious hundred, troubled.

"Difficult my ass!" Grand ape angrily said, "don't tell me our dark master's face isn't enough?" The sanctum entrusted you with the key to the seal of the five Cloud Mountain, right? you're just returning it to its owner!"

it's precisely because of this that I can't be careless, " Bai Zhansheng said. without a written order, I'm sorry, but I can't do it.

...

Mao haokong was secretly happy. He could not wait for the victorious hundred to fall out with the two from the sacred zone. It would be best if they fought. He quickly fanned the flames and said, "Milord, it seems he really is colluding with the monster race. Our sect's elder Zhi taiqing was placed under house arrest by him after he was injured, and now he has completely disappeared. I'm afraid he found out something and fell into his vicious hands."

"If that's the case, then it's true." The Grand ape chuckled and said, "it seems our Holy region must enforce the law fairly!"

No matter how well the victors had recuperated, they finally couldn't hold it in and shouted, "Mao haokong! I was just about to settle this with you! You've killed a few of our fellow disciples and kidnapped Zhi taiqing. Now, you're also trying to frame me!"

The disciples were shocked and confused, not knowing who was right or wrong, good or bad.

Fei Cheng snorted coldly, "it's a mess. The key in your thousand mountains Prefecture is a hidden danger!" Quickly hand it over, or don't blame us for being impolite!"

The aura on his body skyrocketed, and it pressured the victors and the others so much that their expressions changed slightly. It looked like he was going to use force to settle this.

Mao haokong sneered coldly. you've won a hundred battles, yet you dare to fight against a Saint realm law enforcer. You're indeed harboring evil intentions. Fortunately, we discovered it early!

a sanctuary enforcer must have an enforcer's token! victors Bai was shocked and furious. my Lords, you only have the identity tokens of dark agents. It's not enough!

Chapter 1795-Jade seal

"Enough?" the Grand ape grinned hideously, "how can the head of a small sect like you decide whether it's enough or not?" Hand over the key or die!"

He also took a step forward, directly causing the ground to crack. The hall behind everyone suddenly collapsed, and the entire mountain peak was constantly crumbling.

"You're going too far!" Bai Sheng said angrily. I'm going to the Holy region to seek justice from the City Council!"

"Go to the Saint-level? You collude with the demons and collude with the enemy. You deserve to die ten thousand times. Today, the two of us will execute you on the spot!"

The Grand ape's aura continued to rise, and his eyes burst out with killing intent. The Warriors who were swept by his gaze were all scared out of their wits.

Mo Xiaochuan and the others had grave expressions on their faces as well, as if they were facing a formidable enemy.

The expression on Fei Cheng's face turned cold as he said, Sir victors of a hundred battles, this is your last chance. Hand over the key or die.

Bai Sheng's face turned white. He could not fight against Tai Yuan's power, not to mention that his opponent had Fei Cheng. In addition, with Mao haokong's power and influence, if they really fought, the chances of winning were very low.

On his side, only he and su lianyi were peak nine-star martial sovereigns. However, su lianyi was just an acquaintance. It was impossible for her to offend the sacred zone just to help him.

Hundred victories gritted his teeth and said with a gloomy face, "Do the two of you know what that key is?"

"I don't care what it is," the Grand ape snorted. "Take it out and spare your life!"

"What is it?" Fei Cheng was much calmer.

Bai Sheng's expression was extremely ugly as he said, "The key to the five Cloud Mountain seal is the token of the thousand mountains Prefecture's sect master, passed down from generation to generation. Back then, when he used this as a token, it meant that all the past thousand mountains Prefecture's sect Masters would swear to protect this item with their lives! Although I'm not talented, I don't dare to go against the wishes of my ancestors!"

Fei Cheng said slowly, "this is not against the wishes of our ancestors. The Holy region has given this key to our ancestors for safekeeping. Now, we are just returning it. Who asked you to be so incompetent and let the demon race infiltrate the thousand mountains Prefecture?"

I don't know why you're taking the key by force," Bai Sheng said excitedly. but if it's to prevent the seal of five Cloud Mountain from being broken, I'm willing to destroy the key completely and stop all evil people from thinking about it!

He flipped his hand over, and a yellow jade seal began to spin above him. It emitted a gentle light, and there were dozens of characters on it that were constantly shining.

Viciousness flashed in the eyes of the victors. He raised his hand and slapped the Jade seal!

“Stop!”

Several angry rebukes rang out, and the one with the biggest reaction was to split into two people, and an earth-shattering force pressed over.

In the midst of the flying dust, a red light flashed and instantly wrapped around the Jade seal. It turned into a light and rushed into the sky.

“Who is it? Stay here!”

A few shocked and angry voices rang out. Then, the Grand ape transformed into a giant spirit and raised its huge palm to slap the red light.

“BOOM!”

The sky was shattered by the palm, and the big hand fell directly into the air. The red light tore through the space under the huge pressure and broke through the sky.

The victors Bai was also shocked and cried out, “Cang Yao!”

“The gray demon clan?” Fei Cheng’s expression changed drastically.

Bai Sheng swallowed his saliva and his face turned pale. “It’s that Cang Yao, there’s no mistaking it. We’re in big trouble!” He seemed to have lost his soul.

“Damn it!”

The Grand ape was furious and directly took out its anger on him. After letting out an angry roar, it slapped his body with its large palm!

Although the victors were a little dazed, they still had their cultivation. They came back to their senses in an instant and stood up in anger. They formed a seal with their hands and slapped out!

“BOOM!”

With a loud bang, the entire mountain was blown to pieces. All the thousand mountains Prefecture’s disciples either fled or died.

“Stop!”

Fei Cheng shouted and stopped the Grand ape, “Stop! The most important thing now is to find the key!”

Only then did Tai Yuan return to his normal state. A trace of slyness flashed through his eyes. He pointed at the victorious hundred battles and grinned, “If the seal on the five Cloud Mountain is broken, you’re dead. Let’s see how you’re going to explain this to the Saints and the world.”

“I will definitely tell the world what happened today. If you didn’t take it by force, the Jade seal wouldn’t have been lost!” Bai Sheng said angrily.

Mao haokong shouted, “the victors of a hundred battles have committed a heinous crime, and their deaths are not to be regretted.” Milords, I hope that you can enforce the law impartially and take him down first, then go find the key!”

Fei Cheng’s expression changed and he recited, “This Yingluo isn’t very good.”

In fact, he couldn’t make up his mind. Since the seal key had been taken away by the demon clan, they most likely had to break the seal. This was a good thing. It saved them the trouble of doing anything, and they could naturally push the blame to Bai Sheng.

“This victorious hundred has long been in cahoots with the demon clan. Even if we want to retrieve the key, the best way is to start with the victorious hundred,” Mao haokong cried out excitedly.

that's right! the Grand ape grinned. no matter what, since he's the one who lost the key, let's take him down first!

With a flash, he appeared in front of Bai Sheng and threw a punch.

Furious, the victors Bai didn't bother to explain and shouted, "Since the people of the Holy region can't tell right from wrong, then I can only resist to the end. In the future, I will make a clear decision in front of the Minister of Affairs! Fellow sect members, are you willing to come with me?"

The powerhouses from the thousand mountains Prefecture behind him were filled with righteous indignation as they shouted, "I'm willing to follow the sect leader!"

Mao haokong laughed maniacally. haha, it's a good time to get rid of all of you stubborn people. Everyone, follow me!

He led his subordinates and instantly rushed towards those elders. As for the hundred victories, with the two experts of the sacred domain's dark agent present, it was naturally easy to capture them.

Hundred victories dodged Tai Yuan's attacks continuously and said anxiously, Lady su lianyi, young master ruyun, help me!

Fei Cheng frowned and looked at su lianyi.

At this moment, there were only two peak nine-star experts left in the hall. He was also a little confused about the other party's background. After hearing this, he suddenly raised his eyebrows and said, "su lianyi, the pavilion master of the Emyrean one Pavilion?"

Su lianyi's expression was indifferent. She wasn't affected by the chaos in front of her. "Yes, I am."

"I don't know why you're here. Do you want to help the victors?" Fei Cheng asked.

Su lianyi shook her head. this is a matter between the thousand mountains Prefecture and the Holy region. I don't have to interfere.

These words immediately stunned everyone. Seeing that she was standing so close to Bai Zhan Sheng before, they thought that they were in cahoots.

...

Even the victors of a hundred battles were extremely depressed, thinking that merchants really valued profit over righteousness. He couldn't help but say anxiously, lady Lian Yi, you have helped me through this difficult time. I will definitely reward you heavily in the future!

Lord victorious hundred, " su lianyi said, " I'm sorry. I have my own stand.

Behind him, mo Xiaochuan and shaohuang haolian also stood there quietly, unmoving, as if they were unmoved by what they saw.

Jun ru Yun was shocked and furious,"you guys are so cowardly!"

Mo Xiaochuan crossed his arms in front of him and said, " Junior Brother, I hope you won't interfere. It's a wise move to stay out of this.

"I didn't expect you to be so afraid of death," Jun ruyun rebuked angrily. I've always looked down on your intelligence, but at least you have courage, perseverance, and loyalty worthy of my praise. Now that I've seen you, you've really disappointed me. I'm afraid that even master will be greatly disappointed if he knows in the underworld."

His face was frosty. Without a word, he drew his sword and charged towards Mao haokong and the rest.

Young Emperor haolian's face twitched slightly as he snorted. I always thought that this fellow was cold-blooded. It seems that I have misunderstood him.

Mo Xiaochuan sighed slightly in his heart. Just now, the three of them had received Yunxiao's voice transmission, telling them not to act on their own and not to get into a conflict with the people from the sacred zone for the time being, or they would have attacked long ago.

Even so, shaohuang haolian was still itching for a fight. As he watched the victors of the hundred battles get killed one after another, he frowned and said, "I don't think this is a good idea."

Mo Xiaochuan, on the other hand, was much calmer. master has his own judgment on whether it's good or bad. You'd better stay calm. Don't get into a conflict with the people from the sanctuary, lest you get reprimanded by master.

...

Fei Cheng looked at the three of them and said, "Since the three of you are so tactful, I won't make things difficult for you. Please leave."

Su lianyi said, "although we won't help those who have won a hundred battles, we have never thought of leaving. We will just stay here and watch the show."

"What?" Fei Cheng was stunned for a moment before he sneered, "This show isn't that good."

my Lord," su lianyi said unhurriedly, "you can do whatever you want. Just treat us as non-existent."

Fei Cheng frowned. He naturally knew about the background of su lianyi and the others. It was already strange that they didn't help those who had won a hundred battles. He thought that they were afraid of him. Now, it was obvious that wasn't the case. What medicine were they up to?

He was only a little afraid of Yunxiao, but when he thought that the latter was still sealed in the land of no return, he was a little relieved. since you want to see, then open your eyes wide and look carefully. Don't throw your little lives in there!

He no longer paid any attention to the three of them. With a wave of his sleeve, he walked towards the victorious hundred battles.

The victors of a hundred battles instantly felt an immense pressure. Their faces turned pale and their eyes were filled with despair.

Suddenly, everyone's hearts trembled. An extremely powerful aura appeared in the sky, and they couldn't help but look up.

It was Yao Zhe with a few other demons. They stood in the air and watched coldly, as if it was none of their business.

Under the pressure of the powerful auras of the few demons, everyone stopped fighting and suddenly separated.

"Yo, why did you stop? There's no need to worry about me, please continue."

Yaozhe laughed and gloated.

"Sir Zhe, help me!" Bai Sheng hurriedly said.

"Help you?"

Yaozhe had a playful look on his face as he laughed, "There are times when you beg me? My Zhe is also the military advisor of the demi-human race, and his status is a hundred times higher than yours. Why is it so troublesome for you to handle such a small matter?"

"The key is no longer in my hands." Victorious hundred gritted his teeth and said.

"What?"

Yao Zhe's expression changed as he looked at Fei Cheng and the others, his eyes flashing.

Fei Cheng could already feel how powerful this person was. When he was swept by the unfriendly gaze, he hurriedly said, " the key has been stolen. It's not in our hands.

"Who stole it?!" The philosopher Yao asked coldly.

Chapter 1796

1796 Life is like chess

it's impossible for Sir Zhe to find the key without my help, " Bai Zhansheng said. even if I tell you who it is, you can't do anything.

Yao Zhe's face darkened. if you want me to save your life, show me something, " he said coldly. you'll die easily if you only know how to talk.

Lord Zhe, don't believe his nonsense! Mao haokong said hurriedly. the one who stole the key was the ash-gray demon clan who escaped from the crack in the seal of five Cloud Mountain!

"What?"

Most of the people present were shocked. Even Fei Cheng and Tai Yuan were shocked. All of a sudden, their eyes fell on him.

Yaozhe's body trembled as he exclaimed, " "The grey demon clan!" His eyes suddenly burst out with boundless killing intent, and all the martial artists were terrified. They only felt that the killing intent was so deep that it almost froze their bodies.

Mao haokong was the first to bear the brunt of it. He was so scared that he trembled.

Yaozhe's face was frighteningly dark, and his body was almost turning into a demon uncontrollably. when did the Azure demon clan escape? Why didn't you tell me about such a big matter?"

Mao haokong's teeth chattered continuously. He was completely unable to resist the pressure of yaozhe's aura. He trembled and said, " it's been a long time. I'm not sure, so I didn't tell you, Sir.

The victors of a hundred battles suddenly laughed and said, "Haha, Mao haokong, you've been slandering me for colluding with the demon race. Now, everyone can see who's right and who's wrong, right? The two lords of the Holy region, please examine the details!"

"So that's how it is. The great elder is actually colluding with the demon race. He even called a deer a horse and called it a thief."

There was a sigh from all around. Everyone's expression changed as they looked at Mao haokong.

Fei Cheng glared at Mao haokong. He seemed to be blaming him for hiding the matter of the ash demon, but also seemed to be blaming him for being too stupid to expose himself on the spot, embarrassing the two of them.

Yaozhe was furious and said coldly, "I don't care what your purpose is. If you didn't have any value, I would have killed you right now for hiding such a big thing from me!"

Mao haokong's face turned pale. However, since things had come to this, he could only go all out. If he walked down this path to the end, he would be the king. If he lost, he would be the bandit.

He gritted his teeth and said, "Lord Zhe, please kill the victors of a hundred battles. I'll definitely be responsible for finding the key!" And our goal is the same!"

An elder behind victorious hundred rebuked, "Shameless brat, you've finally admitted it!"

Mo Xiaochuan suddenly laughed. haha, we're in trouble now. What should the two lords of the sacred zone do? "

what else can we do? " young Emperor haolian glared at him. we're obviously going to catch the real traitor.

"That might not be the case," mo Xiaochuan laughed.

Young Emperor haolian had a carefree look on his face as he said, "I don't believe it. Could it be that the Holy region has also colluded with the monster race?"

"Actually, I don't believe it either. Let's take a good look," mo Xiaochuan said.

Fei Cheng's and Tai Yuan's expressions were extremely unsightly. The two of them didn't know what to do.

It was certain that he could no longer play with Mao haokong, but if he stood on the side of the victors, wouldn't he have to deal with Yao Zhe? The great demon in front of him was clearly a divine transcendence. Wasn't he courting death?

Yaozhe seemed to only care about the matter of the ash demon. "How's Cang Yao's strength?"

Mao haokong shook his head. I don't know. When Cang Yao escaped, I thought he was dead. I didn't expect him to still be alive. However, he was deceived by that bastard Zhi taiqing.

"What use are you if you don't know anything?" the philosopher Yao said coldly.

Mao haokong was shocked. He immediately felt a strong killing intent surging toward him. He quickly said, "I can help you find the key. After all, I am the Grand Elder of the thousand mountains Prefecture. I know the key very well. I am also familiar with the terrain of this mountain range.

"I've kept that key for nearly a hundred years," replied Bai Sheng coldly. "How can you be more familiar with it than me?" And I know how to find it. "

Mao haokong was shocked and said angrily, "you've won a hundred battles, bi an!"

"If that's the case, then the great elder is completely useless," Yao Zhe laughed coldly. He raised his hand and played a few zither strings in the air. As he played the strings, they shot out a strong Halo.

“Don’t!”

Mao haokong felt the killing intent and was scared out of his wits. He quickly fled.

“Bang!”

Two strings sounded, and two halos hit him one after another, directly exploding into minced meat, which was blown away by the wind.

Everyone’s expression changed drastically. As the great elder of the thousand mountains Prefecture, Mao haokong was extremely powerful, but he was still killed in a single move. The entire place immediately fell silent, and no one dared to make a sound.

so useless,” yaozhe said contemptuously. to think that I even plucked two strings.

“Let’s go, I’ll go find that Cang Yao,” he turned to Bai Zhan Sheng and said.

Everyone’s heart trembled. It seemed that the other party’s interest in the Azure demon was above that of the key.

The two saints looked at each other, their hearts uncertain. But no matter what, they couldn’t start a conflict with these demons.

His goal was to open the seal of the five Cloud Mountain, and most of these demon race people were the same. He just needed to watch quietly and save trouble.

“Didn’t the two lords of the sanctum want to keep the key to the five Cloud Mountain in case the demons took it?” young Emperor haolian asked curiously. Now that the demon who stole the key has appeared, why aren’t you two moving?”

Fei Cheng and Tai Yuan were both embarrassed as they glared at young Emperor hao lian. If looks could kill, young Emperor hao lian would have already been crushed to pieces.

Mo Xiaochuan laughed and said, "you're a blockhead. Aren't you just embarrassing the two lords by saying this?" With the strength of the two lords, if they rushed up, it would be suicide, but if they didn't rush up, they would lose face. It was in such a dilemma that you went to ask, which was too tactless. If the two Daren become angry from embarrassment and transfer their hatred to you and take your life, don't blame your senior brother for not saving you."

"I see. I was wrong," young Emperor haolian nodded.

Fei Cheng and Tai Yuan's faces were ashen with anger, and their eyes glowed with a cold light. They wanted to kill mo Xiaochuan and Mo Wuji countless times in their hearts.

Victorious hundred turned around and said to one of the elders, "elder sun, when I'm not here, you will take over the position of sect leader. The rest of you must assist with all your might.

"Sect leader, be careful!! The old man was shocked and quickly said.

"I'll try my best to come back alive. If I can't, the thousand mountains Prefecture will be in your hands from now on," Bai Zhansheng said.

The rest of the people were also filled with grief and indignation, reluctant to leave.

Yaozhe was getting impatient. He said coldly, "If you delay my time and let the ash demon escape, I'll use the entire thousand mountains Prefecture as a blood sacrifice!"

Everyone's expression changed drastically, but they didn't dare to say anything.

"That Jade seal has been left behind by the previous thousand-mountain Prefecture's head and my consciousness. It's impossible for Cang Yao to erase it in a short time," Bai Zhansheng said. He looked at the two of them and said, "Milords, please guard the sealed entrance to prevent others from taking advantage of the situation."

...

The two of them frowned. The victors of a hundred battles probably wouldn't be able to guess that their goal was to open the seal.

"Don't worry, just leave the sealing entrance to the two of us," Fei Cheng said.

Yaozhe snorted disdainfully and shouted, "Let's go!"

The demons and the victorious hundred battles turned into streaks of light and fled into the distance.

"Let's go too," mo Xiaochuan said with a frown.

The three of them followed the light.

Fei Cheng's face darkened. He wanted to stop them, but he thought about it and stopped. He turned to elder sun and said, "Where is the entrance to the seal? Hurry up and bring us there."

"My Lords, please follow me," elder sun did not dare to delay.

Jun ruyun stood in the sky and pondered for a moment before hurriedly chasing after mo Xiaochuan and the others.

In a deep valley among the endless mountain range, a waterfall was flowing down, making a loud noise.

A ray of red light landed inside and revealed a figure in front of the waterfall. It was Mr. Yang.

...

Holding the Jade seal of the Qianji mansion's sect master in his hand, he looked angry and said to himself, "A sealing key? Hmph!"

He made a shocking move. He threw the Jade seal into the air and then punched out!

The Jade seal continued to flash with all kinds of light in the air, and the seals and restrictions were triggered one by one. However, they still couldn't withstand the evil punch. Under the flash of red light, all the restrictions were broken.

The Jade seal seemed to have a spirit. It let out an ear-piercing sound and tried to break free from the restraint of the fist force.

"Tsk, a mere profound level weapon wants to escape from my hands? That's really F * cked up!"

Mr. Yang increased the strength of his fist and the Jade seal lost its resistance. Its light dimmed and it was about to shatter.

Suddenly, Mister Yang's expression changed and he shouted in fear, "Who is it?"

A sense of death crept into his heart, and a powerful sword force appeared behind him, cutting through the air.

He had no doubt that if he was hit by that sword, he would be cut into pieces on the spot.

Mr. Yang was shocked. He could not care less about crushing the Jade seal. His body flashed and he used the blood escape technique. He turned into a shadow and disappeared.

"Swish!"

The sword Qi streaked across the space where he had been, tearing a long crack and cutting into the waterfall.

Then, a ray of green light appeared in the air and took the Jade seal.

“It’s you!”

After Mister yang dodged, he reappeared a few hundred feet away. His eyes were bloodshot as he stared coldly at the figure. It was the man who had ambushed him in the courtyard.

Holding the Jade seal, Yunxiao said leisurely, “ the situation is really complicated. The person guarding the seal wants to break the seal, but the person being sealed wants to protect the seal. Why is this world so strange? ”

“Then, do you want to break the seal or protect it?” Mister yang asked coldly.

I wanted to protect the seal before, ” Yunxiao said. now, I’m going to break it.

Mr. Yang was taken aback. He did not expect this answer. Besides, Yunxiao’s face was full of sincerity. Obviously, he did not, and there was no need to lie to him.

“Why?” He could not help but ask curiously.

alas, ” Yunxiao sighed. the world is really like a game of chess, and it changes all the time. I can’t help it. I’m curious, why do you want to guard the seal and not let your companions come out?”

Mister yang waved his hand and said unhappily, ” “This is my business, you don’t need to care!”

Chapter 1797-armor

I understand. Yunxiao nodded. every family has its own difficulties. He turned around and was about to leave.

“Stop!”

Mr. Yang suddenly shouted. With a flash of blood-red light, he stood in front of Yunxiao and said coldly, "Leave that Jade seal behind!"

do you think it's possible?" Yunxiao chuckled. do you think it's possible?"

Mr. Yang stared at him coldly for a while before saying, "This Jade seal has already been contaminated by my blood. Even if you take it away, it's useless."

Yunxiao looked down at the Jade seal in his hand. Sure enough, there were bloodstains on it, and the power of the artifact was weakening.

"Thank you for the reminder."

Yunxiao performed a Thunder incantation gesture with one hand and slapped it directly on the Jade seal. Immediately, the power of Thunder poured out and washed the entire seal.

The seal flickered with lightning, and the gloomy atmosphere from before was swept away. It was now full of spiritual energy.

"Ah? You!"

Mister yang was dumbfounded. This was the first time something like this had happened. Anything that had been contaminated by his blood technique had never been restored.

What he did not know was that Yunxiao's divine Thunder was the most righteous thing in the world, which was specialized in countering all kinds of evil Arts. In addition, as a ninth-tier Alchemist, Yunxiao's understanding of profound artifacts was far beyond that of ordinary people.

"Leave the Jade seal!"

Mister yang was furious and vexed at his own carelessness for letting the other party snatch it. He immediately put his palms together in front of him, and in a flash, he appeared in front of Yunxiao and threw out a palm strike.

Countless blood-red beams appeared in the sky like mist and smoke, wrapping Yunxiao up in an instant.

Yunxiao put away the Jade seal unhurriedly, then formed a seal with both hands, summoning a huge golden seal that broke through the blood-red light and smashed toward the enemy.

“Floating like a dream, flying with a seal.”

“BOOM!”

The mark directly blasted away his opponent’s palm force and sent Mr. Yang flying hundreds of feet away.

Mr. Yang’s eyes were filled with shock and disbelief. He gritted his teeth and said, you’re clearly only a peak nine-star. Where did you get such powerful strength?!

‘You’re asking too much,’ Yunxiao said. I’m in a good mood right now, so I can let you go. Otherwise, you’ll be sentenced to death for your sneak attack on me in the small courtyard.”

“I will never let you break the seal!” Mister yang said coldly.

He was almost screaming out loud. As his hands continued to form seals, countless rays of blood-red light flew out from his body. Each ray seemed to turn into a human figure, wailing in pain.

In an instant, the entire world turned into a world of blood. Even the color of the waterfall was gradually dyed red.

a demon wants to protect the seal of five Cloud Mountain so desperately, ” Yunxiao said with a sigh. it’s really sad.

“Go to hell!”

The power in Mister Yang’s body became more and more violent. He roared, “Dark blood Devouring The Heavens!”

The countless Blood Shadows continued to condense, like a net of blood mist, devouring from all directions.

Not only did the blood mist corrode the yuan power Emperor Qi, but all sorts of wails could also be heard from within. It was as if it was from hell, and it attacked one’s spiritual altar and sea of consciousness.

Yunxiao put his hands together and slowly separated them, bringing out a Thunderbolt that illuminated his face with a green light.

Rings of stars burst out from his body and spread out in all directions. His entire person gradually turned into lightning. The power of the Thunder World was like ten thousand horses galloping, attacking the blood-red world.

“Give me the key!” Mr. Yang roared. Give it to me, you scum!” He had completely gone mad, and his entire person had lost his form. He turned into a blood shadow, and he was like a giant spirit that hung in the sky.

The countless blood-colored living beings continued to attack the Thunder World, wanting to tear it apart!

With an indifferent expression on his face, Yunxiao performed a Thunder incantation with one hand and raised the other high as he chanted, “Wind and thunder move the nine Heavens!”

“BOOM!”

Countless thunderclouds gathered in the sky, and the endless green clouds swallowed and spat, gradually forming the shape of a Dragon. With a long roar, it shook the nine Heavens and swooped down!

Yao Zhe and the rest were also shocked by the phenomenon in the sky. They all increased their speed and flew towards the lightning Dragon.

The nine Heavens Thunder Dragon swooped down like a meteorite falling to the ground, directly rushing into the valley!

“BOOM!”

The valley that was soaked in the boundless sea of blood instantly stirred up thousands of thunderclaps, and layers of Star Rings exploded, rushing in all directions.

Countless mountains were instantly reduced to ashes.

Mr. Yang's body was instantly destroyed by the lightning. He wailed and could no longer maintain his form. He shrank and finally turned into a drop of blood essence, which disappeared into the lightning.

Yunxiao put away the Thunderbolts in the sky. At this moment, the area within ten thousand feet had been flattened. He recalled the situation when the drop of blood essence escaped and muttered to himself, “The blood Elementalist's techniques are indeed evil enough to let him escape. However, this person's blood Elementalist abilities don't seem to be that simple. It seems to be related to his main body.”

However, he couldn't be bothered to care about these things. Even the Holy region wanted to release the demon race. At the moment, he only wanted to break the seal of five Cloud Mountain, rescue Luo Yunshang, and then leave with everyone.

At this moment, he looked up and saw Yao Zhe and the others stopped a few thousand feet away, staring at him coldly.

Lord cloudsky! the victors were both surprised and delighted. Lord cloudsky!

Yunxiao gave him a slight nod.

“Master!”

Mo Xiaochuan and the other two also arrived in a flash, and they flew behind Yunxiao.

Yunxiao turned his eyes to Jun ruyun, who was staring at him not far away. He smiled and did not comment.

Jun ruyun’s entire body trembled, and an indescribable emotion spread in his heart.

He was overwhelmed with shock. Although he couldn’t believe that the young man in front of him was his master’s reincarnation, there was an emotion that he couldn’t understand. It slowly warmed his blood and made him restless.

“What about the ash demon?” yaozhe asked with a dark expression.

...

are you talking about the demon covered in blood?” Yunxiao looked at him and asked. you mean the demon?”

Yao Zhe’s body trembled slightly, unable to calm his emotions. He said anxiously, ” “That’s right! Where is he?”

Yunxiao shrugged, spread his hands, and said, ” “I’m sorry, that’s all. He was reduced to a drop of blood by my lightning, and he immediately fled.”

escaping with blood?!

Yaozhe cried out in shock. His entire body turned gloomy as if he was shrouded in mist, and his eyes were filled with a cold light.

who is that gray demon? ” Yunxiao asked curiously. is it that important? ”

The cold air around Yaozhe continued to surge as he said, ” “It’s more than important! What about the key to the five Cloud Mountain seal?”

Yunxiao suddenly laughed. the key is naturally with me. You want to snatch it? ” Tell me first, are you going to guard the seal or break it?”

“Just hand over the key and the demon Emperor gold slip. You don’t have to worry about anything else!”

Yaozhe knew that he would not surrender without a fight. He hugged the air and immediately conjured a lute. He played the Silver Strings and several beams of silver light shot down.

“Let’s go!”

...

Yunxiao cried out as his eyes turned blood-red and he reversed the space, teleporting himself, mo Xiaochuan, and the others away.

“Ah!”

Jun ruyun cried out in horror as he looked at Yunxiao in disbelief. His eyes were blood-red, and an evil aura was shooting out of them. It was so familiar that he trembled all over. Although his reason kept telling him ‘impossible, absolutely impossible’, he could not help but whisper, ” “Master!”

“Hmph, if you don’t hand over the key and the gold slip today, you won’t be able to escape even if you have wings!”

Yao Zhe’s hand changed its tune, and as quick as rain, a giant net fell from the sky.

“The three of you, back off,” Yunxiao said to mo Xiaochuan.

The three of them hurriedly retreated, knowing that they would only be a burden in this extraordinary battle.

The giant net was dense and didn’t have a physical body. Instead, it was formed by countless musical symbols. It was like water boiling a River, constantly stirring up waves.

“Interesting.”

Yunxiao performed an incantation gesture with both hands in front of him, and a starry cloud swirled in his right eye, as if it had formed a space of its own.

“Helios Luna,”

With these two words, the entire giant net entered his eyes and disappeared into the sky.

“What?”

Yaozhe was so shocked that his eyes almost popped out. He had never seen such an outrageous thing.

Clang! Clang! Clang!

He played the lute even more rapidly, creating countless afterimages. Countless light blades came from all directions, cutting across the sky.

Yunxiao slowly closed his right eye and performed an incantation gesture with one hand. A golden light emerged from his body, within which were rolling demonic patterns and a pure glazed light.

The countless sound blades cut through the sky and pierced people's eardrums as they hit Yunxiao's body, producing clattering sounds, but they could not break through his three-colored divine light shield.

The demons were all dumbfounded, including Yao Zhe himself. His mouth was wide open, and he was almost in a daze.

If he just stood there and let you hack at him without being able to move him, how could he fight?

"You actually opened seven of the eight gates of the divine body!"

Yaozhe finally understood what was going on. He suppressed the shock in his heart and gritted his teeth. "No wonder you can compete with me with your peak nine-star cultivation! But when it comes to physical strength, we demons are the strong ones!"

His body suddenly swelled up, and his muscles bulged. His entire body turned green, and he was more than three times bigger than before. A pair of pitch-black horns grew on his forehead.

He held the lute in his hand and slapped it with an incantation seal. It was instantly unsealed and turned into a sharp saber.

"Whoosh!"

With a flash of Saber light in the sky, Yao Zhe's body disappeared in an instant, and in the next moment, he appeared behind Yunxiao and slashed out!

The entire space was actually compressed by the blade light, but it did not shatter or tear apart, which was extremely strange.

“Lord Zhe is the leader of the armored demons,” one of the demons laughed. “He’s the best in his race in terms of physical strength! This laughable human actually dares to show off his skills before an expert!”

The other monster race man said with a serious expression, this person has opened the seven gates of the divine body. He’s only one step away from achieving phenomenal success in his physical body. Even if he can’t defeat Sir Zhe’s armor, he shouldn’t be too weak.

Yunxiao could also feel the sharpness of the light, so he did not dare to be careless. He kept waving his hands in the air, using the Dragon Transformation incantation to slap them on the blade and hold it with both hands.

“Bang!”

A loud vibrating sound came from the saber, and a terrifying force spread out, forcing Yunxiao to take a few steps back. Under the impact of the remaining force of the saber, the Golden body kept flashing.

“What a powerful force!”

Yunxiao was shocked, and he also heard the conversation between the two demons. When he looked at Zhe, he saw that his muscles had swelled up like iron walls, as if he were indeed wearing armor.

Chapter 1798

1798 The Emperor of ten thousand demons

Yaozhe’s eyes were filled with anger as he snorted.

“Clang” Silver Strings emerged from the blade and wrapped around Yunxiao’s hands like vines.

Yaozhe’s face lit up with joy, and he said ferociously, “The warm-up is almost over. I’m so disappointed.”

Yunxiao's eyes were fixed on the Silver Strings, and his expression remained unchanged. He still clenched the blade with both hands and said, "What, you're going to admit defeat?"

"Haha, you're so funny." Yao Zhe laughed coldly. The sound string on my demonic blade was condensed from a wisp of sound that drifted in the ancient times when the world was first created. It was condensed into a string by the ancestors of the demon race. It can destroy anything!

He sneered sarcastically and said, "Gong!"

The Silver Strings trembled and let out a long, drawn-out sound as they suddenly slashed at Yunxiao.

"Pfft! Pfft! Pfft!"

Yunxiao's arms exploded one after another, turning into green smoke and clouds.

The demon Blade in Yao Zhe's hand followed the momentum and cut him in half. The entire sky was then split open as if it had been cut horizontally. The sky above fell a little and the firmament shook.

Yunxiao's entire body was shattered into pieces, turning into a faint shadow of Thunder that kept spreading.

"Ah?"

In the distance, Jun ruyun cried out in surprise and almost lost his balance, but he soon realized that Yunxiao's death was a little strange, and there was no blood at all.

"Eh? Yi wood spirit transformation body!"

Yaozhe's heart trembled as he retracted his sword and slashed at the lightning shadow with a cold light!

The five-element spirit body was almost immortal, but that was only in terms of characteristics. It was harder to die than ordinary people, but he would still die if he was injured too much.

The Thunder shadow seemed to have felt the blade intent, and with a flash of lightning, it turned into its true body.

However, the blade auras seemed to have a spirit of their own. They chased after him, like countless birds of light chasing and chirping.

Yunxiao took out the heaven light sword box and performed an incantation gesture with one hand. Immediately, the sky was filled with sword shadows, and a sword enchantment opened up and rushed toward the saber beam, but it was all shattered.

“Thousand sword style!”

Yunxiao changed the incantation gesture in his hand, and suddenly, tens of thousands of sword shadows appeared in the sword World, slashing out like a storm.

Yao Zhe was shocked. He hurriedly wielded his blade and clumsily slashed a few times. His body seemed to be fixed in place as a Cold Moon-like blade light shot out to protect him.

“Bang! Bang! Bang! Bang!”

Countless swords rained down, but they were all blocked by the saber Light. Countless rays of light burst forth, like thousands of fireflies flashing in the night sky.

Yaozhe’s stupid blade techniques were actually great wisdom but appeared to be foolish, great skill but appeared clumsy, protecting his body tightly.

Yunxiao frowned, and his eyes turned cold as he slowly raised his hand, which was forming an incantation gesture.

The sword shadows that filled the sky turned into a moving starry cloud with countless sword talismans rolling inside.

Billions of sword wills gathered from all directions, forming a sword diagram and evolving into a world.

All the cultivators were greatly shocked, especially Jun ruyun, who was an expert in the way of the sword. He felt an indescribable sword intent in his body about to burst out.

He raised his head with difficulty and looked at the million sword illustration. He was instantly captivated and could not control himself.

“Pfft!”

Spurting out a mouthful of blood, the sword intent in his body seemed to have been sucked dry. His entire person lost all spirit and became dispirited and listless.

Mo Xiaochuan quickly hit a few acupuncture points on his body and shouted, “ calm your mind and focus. You must not look at the sword picture!

It was the second time he had seen Yunxiao use this move, so he naturally understood its power. All sword experts were deeply affected.

At this moment, the sword diagram in the air was the sword will of all the swords in the world, containing the Supreme Sword way.

The 36 Northern heaven frigid star swords each formed an eye, giving birth to a starry sky of swords and the great Dao of swords.

After being wounded by yaozhe, Yunxiao’s primordial Qi was also damaged, so he could not fight with him any longer. Therefore, he used his Supreme Sword Dao to send him to the West.

Yaozhe seemed to have realized that something was wrong as well. He was shocked beyond words. Under the ancient sword Dao runes, just the pressure made him feel extremely dangerous.

“Damn it!”

Yao Zhe wasn't a reckless person. He knew that he couldn't win against this move, so he turned around and left.

“You want to leave? That's too late and childish.”

“Ten thousand swords return to one!”

Yunxiao sneered as the sword diagram spun in the sky and slashed down!

Yao Zhe was shocked. His huge body stopped running and stood still.

He realized that he couldn't avoid the sword at all. His powerful talent as a martial artist made him calm down instantly. He held the saber behind him with both hands, and countless rules of martial will rolled on the saber. The ancient sound also turned into Silver Strings.

“I'm Yiru with the blade!”

As he said those words, a similar blade light shone from Yaozhe's body. He became one with the demonic blade in his hand and slashed at the sword picture.

It was as if a shooting star had streaked across the sky and merged into the endless Starry Night. Then, it exploded and gave off a dazzling light, illuminating the entire sky and land.

“Boom boom boom!”

A terrifying Saber Light and sword intent spread out, turning into countless tornadoes that swept through the world!

One of the most dazzling rays of light even shot up into the sky, causing the entire thousand mountains Prefecture to shake.

Yao Zhe's body was caught in the sword light. His armor kept breaking apart as he screamed in pain and was swept up into the sky.

The other demons were horrified and hurriedly turned to flee.

...

Yunxiao retracted the sword Qi that filled the sky and returned it to his body, not bothering to chase after those demons.

Under the million sword illustration, the entire mountain range's terrain was completely changed. Bai Sheng woke up from his temporary petrification and hurriedly went up to pay his respects, "Greetings, Sir po Jun!"

you don't have to be so polite, " Yunxiao said. I'll go with you.

"Greetings, master!"

In the distance, Jun ruyun's entire body was also trembling. He couldn't help but shed tears as he knelt down in the air.

His expression couldn't be seen, but his shoulders were trembling violently and he was sobbing in a low voice.

get up, " Yunxiao said with a faint smile. you've made great progress over the years. Just now, I saw that you were distracted by the million sword illustration. With your talent, you will definitely step into the nine-star realm after you go back and carefully comprehend it. "

"Yes, yes!"

Jun ruyun kept kowtowing, so excited that he couldn't stand up.

you don't even need to touch the ground when you kowtow. young Emperor haolian frowned. you're such a hypocrite.

Jun ruyun's body froze. He said coldly, " "I really want to tear you apart, you stupid thing!"

...

"With Sir po Jun in charge of the thousand mountains Prefecture, the seal on the five Cloud Mountain is safe," Bai Sheng said with emotion.

I'm afraid I'll have to disappoint you, sect master, " Yunxiao said, a little embarrassed.

"Are you leaving, Sir?" the victors Bai was stunned for a moment and asked anxiously.

Yunxiao shook his head. the seal of five Cloud Mountain is related to another matter. I'm sorry. I have to break it.

"Ah?"

Everyone was shocked, even mo Xiaochuan and the others.

"This, this Sir Xuanji pojun, don't you care about the common people?" asked the victorious hundred battle expert.

“All the living beings of the world?”

who said that the demons will harm the common people when they come out? ” Yunxiao said indifferently. who said that? ” This was only a possibility, not an absolute. Moreover, even the Saints don’t care about this matter, so why should I care?” He immediately explained the matter between Fei Cheng and Tai Yuan.

“Ah?”

This time, the victors of a hundred battles were even more dumbfounded with their mouths wide open. After a long time, they became dejected and said, ” “Since even Saints are like this, then what’s the point of me stupidly persisting?”

His words were filled with endless boredom and disappointment, as well as grief and indignation.

which Department of State is behind these two people? ” Yunxiao said. we still need to investigate, but I must break the seal on five Cloud Mountain.

“Lord po Jun’s name is known all over the world. Even if he has some hidden secrets, aren’t you afraid of the world’s tongue if you do such a big thing?” Bai Zhansheng said.

I’m not afraid, ” Yunxiao said with a smile. but there’s no need to get into this trouble. Since the two of them have the same goal as me, I’ll leave this matter to them.”

He took out the Jade seal and handed it to Bai Zhan Sheng, ” “Give the seal to the two of them. When they break the seal, we will come out and catch them. This crime will be placed on the Saints.”

Looking at the Jade seal, the victors of a hundred battles felt bitter in their hearts. But neither Yunxiao nor the two from the Holy region were people he could afford to provoke. Besides, the Holy region had already given up, so why should he insist on it?

After thinking it through, he also became free and easy, put away the Jade seal, and said, "Then we'll do as Sir po Jun says."

After the few of them agreed, they headed towards the sealed area.

Suddenly, a roar came from the sky, as if hundreds of beasts were galloping and thousands of birds were chirping.

The few of them stopped in their tracks and looked up at the sky in shock.

In just a moment, the sky was filled with dense purple grid lines, criss-crossing and penetrating the universe.

On the grid lines, there were shadows of wild beasts and birds, as well as four monsters that looked like dragons and horses.

"Domain-teleportation formation!"

The victors of a hundred battles shrieked as cold sweat broke out on his forehead. Demonic Qi filled the air. It was obvious that there was a demonic clan mighty figure teleporting through the air, and it was not just one person.

"What the hell is this?"

Yunxiao's face darkened as he looked on coldly.

After the four monsters that were neither Dragons nor horses appeared, they were all wearing golden equipment. Their four hooves ran on the grid line, slowly pulling out a completely Golden Chariot. It appeared in the sky and kept moving forward.

The chariots were filled with beautiful patterns, with hundreds of beasts and birds engraved on them. Powerful demonic beasts emerged continuously and followed the chariots, galloping around them. There were even birds hovering in the air, chirping.

“T-this bi an ...”

The victorious hundred’s heart was beating so fast that it almost jumped out of his chest. He cried out, “Demon Emperor!”

Yunxiao clenched his fists and became vigilant. Although the newcomer had not shown himself yet, there was no one else in the demon clan who could have such an aura, except for the Emperor of all demons.

As four golden chariots, which were neither Dragons nor horses, and birds and beasts, appeared one after another, powerful auras broke through the air and turned into demonic figures, following the chariot closely.

“Sir po Jun, what should we do?” Bai Sheng asked in a low voice.

the demon Emperor’s appearance is most likely due to the loss of the gold slip, ” Yunxiao said thoughtfully. it seems that now is the time for them to work together to break the seal. In that case, I have nothing to do with this. It doesn’t matter if it’s a Saint or a demon Emperor, as long as the seal is broken, it’s fine.”

Chapter 1799

1799 Five Cloud Mountain

Bai Sheng’s face turned pale. Breaking the seal was almost a foregone conclusion. What he was concerned about now was how it would affect the thousand mountains Prefecture.

If a large number of demons appeared and a conflict broke out, the thousand mountains Prefecture would probably be reduced to dust in history.

Yunxiao saw through his thoughts and said, "it's best to order all the disciples to evacuate from the thousand mountains Prefecture and hide in the ancient martial Empire for a while. At the same time, inform all the nearby sects to be on guard. After all, the consequences of the monster race coming out of the five Cloud Mountain are unpredictable.

"You're right, my Lord, I'll do it now," Bai Zhansheng said.

He hurriedly took out a few communication Jade tokens and sent out all kinds of messages in the air. Then, he disappeared in a flash. He then used an escape technique and headed in the direction of the seal.

The tank in the sky suddenly stopped after traveling for a while.

A few demon shadows appeared in front of him, knelt down, and said in unison, "Greetings, Your Majesty!"

A man's voice came from the chariot, "Why are there only a few of you? where's my military advisor?"

The demons broke out in cold sweat. One of them said in a trembling voice, "Lord, Lord military counselor, he, he's hehe!"

"What happened to him?"

The man in the chariot seemed to have predicted something bad, and his voice was a little hurried and stern.

Suddenly, a demon man behind the chariot pointed at the sky and said in surprise, "That's the military advisor of Xuanji!"

His eyes glowed with green light, and he seemed to have some kind of spiritual eye ability. He immediately noticed that ten thousand miles in the sky, a demon's body was floating. Its limbs were spread out, and it was unknown whether it was alive or dead.

“Ah? It’s Sir Zhe!”

The kneeling demons also cried out in alarm.

A demon next to the chariot spread his wings and appeared in the sky with a flap. He carried Zhe down.

“Your Majesty, Sir Zhe has passed out. His life is not in danger,” he said as he landed gently beside the chariot.

There was silence in the sky. Everyone was shocked as they looked at Yao Zhe, whose body was covered in cracks and his armor was in pieces.

the military counselor’s strength is extraordinary, ” a voice came from the chariot. is there anyone from the sects near the five Cloud Mountain who can be his match? ”

“It’s like this.”

Yunxiao! a demon who was kneeling on the ground said hurriedly. He told Yunxiao everything clearly, from their encounter in the teleportation channel to the robbery of the gold slip and the Jade seal, to the appearance of the gray Demon tribe, and the battle between Zhe and Yunxiao.

“The reincarnation of the Vanquisher martial sovereign, Gu Feiyang!”

Another man’s voice came from the chariot. His voice was trembling, showing that he was unable to control his emotions.

“Can you be sure of this?” the man’s voice from before asked.

“I can’t be sure, but it’s 8.9% certain,” the kneeling monster replied.

“If Gu Feiyang is really here, it’s not surprising that you’re injured, counselor,” the other man said. Bring the military counselor in, I’ll give him some treatment.”

The curtain of the chariot was rolled open, emitting a slight fluctuation of light. It was extremely spacious inside, and only two people were sitting inside.

One of them had a burly figure and was imposing without being angry. His skin was a faint yellow, and he was wearing a purple gold crown embedded with treasures. He was also wearing a red brocade robe with a hundred butterflies. He looked luxurious and happy.

He was the Emperor of all demons, desolate!

The other man had a dignified appearance, brows like ink paintings, and was gentle and elegant. He was known as the most talented Alchemist of the demon race in tens of thousands of years, AI!

The demon with wings appeared in the chariot with Zhe in his arms and gently placed him in front of the elegant demon.

He then nodded to the two of them before bowing and taking his leave.

Desolate glanced at the wounds on Zhe’s body, and his eyes narrowed with sharp light. what a powerful sword intent. Even the military counselor’s protective demonic Qi was broken.

AI examined it carefully and said without much expression, “It’s a good thing you met us. Otherwise, it would’ve been dangerous if you had been left floating in the void. Gu Feiyang might not be the only one in the world who has such a powerful sword will, but the possibility of him is very high.”

Gu Feiyang is here too,” Huang said. he even took the gold slip. I’m afraid this trip to five Cloud Mountain will be full of twists and turns. Please wake the military advisor up as soon as possible.

“Yes.”

Al responded and took out a pill for Zhe to swallow. Then, his five fingers gently brushed over Cong Zhe's body, and rays of light rose from his palms.

The countless sword wounds on Zhe's body began to heal, and his face changed colors. The spirit Qi in his body was constantly activated.

The demon team started to move forward in the sky again. They were not fast, but they were heading towards the place where the victors were going, where the seal of five Cloud Mountain was.

Yunxiao followed them quietly just in case. The situation was complicated now, and he was afraid of any unexpected changes.

In order to avoid exposing his whereabouts, he asked everyone to enter the divine realm tablet while he followed them alone.

A moment later, the chariot arrived in the sky above the thousand mountains Prefecture. The dozens of mountains had already received the news, so no one had left.

Many of the demons frowned. Apparently, they couldn't sense anything with their divine senses.

"It seems like our presence has been discovered," Huang said slowly. "The thousand-mountain Prefecture has fled with preparations." However, they are not the target of our trip. Don't pay attention to anything else and go directly to the five Cloud Mountain."

The chariot didn't stop and directly went into the distance.

Yunxiao sent a voice transmission to Jun ruyun through the divine realm tablet, "Where is the seal of the five Cloud Mountain?"

"Your disciple doesn't know," Jun ruyun hurriedly replied. We don't even know the exact location of the five Cloud Mountain. This has always been a secret of the thousand mountains Prefecture, and I'm afraid only the elders in the sect know about it. "

it seems that there are traitors in thousand mountains Prefecture, ” Yunxiao said with a frown. ”

He regretted not asking for the exact location of the victorious hundred battle team. Now, he could only follow behind the demons, which seemed a little passive.

Suddenly, the chariot came to a stop. The four monsters that were neither Dragons nor horses raised their heads and cried for a while before they gradually stopped.

A few demons walked forward and muttered to themselves. One of them then threw a scroll down.

The scroll danced in the air and emitted a golden light. Countless strange symbols flew out from it.

At a glance, Yunxiao knew that those symbols were spatial coordinates. This scroll should be an alchemy product that recorded and stored countless coordinates, and it was now released to find the real location.

...

Suddenly, one of the coordinates lit up. One of the demons was overjoyed. He quickly formed a seal with both hands and sent it into the coordinates.

Then, with the symbol as the point, a power of confusion spread out and the surrounding scene changed.

The mountain range where the thousand mountains Prefecture was located kept turning into light spots and dissipating. Another scene appeared. In a huge void, a beautiful mountain peak appeared out of thin air, emitting colorful light.

All the people of the human-demon clan suddenly quieted down. They all looked at the mountain with complicated expressions. They couldn't see the top of the mountain. It went straight through the clouds and the bottom was bottomless. It went straight to hell.

This mountain was not only majestic, but also had an extraordinary meaning to its existence. It pressed down on the hearts of every demon, making it hard for them to breathe.

The curtain on the carriage slowly opened, and Huang and Ai Zhu walked out. They looked at the mountain peak from the sky. Although the scenery was beautiful, the setting sun made them feel like they were the flowers of the past.

“This five Cloud Mountain is actually a profound level weapon,” Ai said.

Everyone was shocked upon hearing this, but no one doubted Yao Ai’s words.

“What kind of profound level weapon can suppress my people for thousands of years?” Huang asked seriously. And where does this endless power come from?”

Under the colorful light of the five Cloud Mountain, Ai’s figure was a little red. She pointed down and said, “From the earth. This mountain was probably formed by the mutated elements of the earth essence, and Gu Qingqing had refined it a little to form a mountain. This object is an element of the earth, so it’s naturally one with the earth, giving birth to infinite power.”

In the distance, Yunxiao’s heart trembled violently. He had been puzzled by the light and felt that it had a very strong sense of heaviness of the earth. Now, after hearing Ai Yi’s words, he was even more convinced.

...

His eyes were fixed on the five Cloud Mountain, and they became fiery.

Since the seal was going to be broken anyway, he naturally didn’t intend to be polite about this mountain peak.

However, what puzzled him was that the five Cloud Mountain was right in front of him. Where were the elders of the victorious hundred and thousand mountains Prefecture and the two from the sacred zone?

Could it be that she had listened to his words and ran away? Wasn't this too much nonsense?

Mr.ai," Huang Yan said, "since this mountain is a profound level weapon, do you have a way to break it? you know it very well.

"If it were any other profound level weapon, I'd naturally have a way." However, the earth elemental origin source was connected to the boundless earth and had an endless source of power. It would be difficult to succeed in one try. Because of this, it was much more difficult than I had expected. It's best to find the key to have the greatest confidence."

"Is it that difficult?" Huang frowned. Not only can they communicate with each other, but even some special low-level demons can escape. It should be riddled with holes, right?"

"His Majesty's words are lacking," Ai shook his head.

The expressions of the demons around them changed slightly, but they quickly returned to normal and did not have much of a reaction.

Only Ai Hui had the qualifications and courage to point out the shortcomings of the demon Emperor.

He continued, "this space is definitely not a heaven and earth that is deliberately hidden or isolated. It is formed by the territory of the five Cloud Mountain. If your Majesty can sense the power of this space, you will understand that the seal's damage is ridiculous.

"If that's the case, how did so many small demons escape from there?" asked Huang.

"I don't know about this yet. I'll observe further when the seal is broken," Ai said.

I'll have to trouble you, Mr.ai," Huang nodded. let's find the entrance to the seal first.

humans are really strange," a great demon behind him said. could it be that they're so afraid of death that not a single one of them escaped? "

Another demon sneered. His Majesty is here personally. No wonder they fled. It would be abnormal if they didn't.

"Don't talk nonsense," the great demon snorted coldly. "If the human race were so easy to deal with, we would have broken the seal and rescued our people." There must be something wrong. We can't be careless."

Chapter 1800-internal strife

"Soul's right," said desolate, "we must be careful." The sanctuary-realm's strength is far above ours, so we must not underestimate them."

it's a pity that we can't be United," the other monster said hatefully. otherwise, we wouldn't have been able to survive in the starry and lunar illusionary realm. If all the tribes can unite, we can even dominate the entire heavenly martial realm, not to mention the heavenly martial continent.

All of the monster race cultivators "expressions became unsightly, as if something was weighing on their minds, and several of them even cast reproachful gazes at him.

The monster was shocked and quickly covered his mouth, not daring to say another word.

"As long as you guys stay with me, we'll be invincible," said Huang slowly.

"We swear to follow His Majesty to the death!"

All the demons shouted in unison, and their voices shook the sky. Even the birds and beasts roared with them, and their surging demonic power spread out, filling the entire space.

Al frowned. everyone, keep your demonic aura. I'll investigate the seal of the five Cloud Mountain and see where the demonic aura is seeping out. It must be the weak point.

His divine sense spread out from his body and instantly, it was like a rainbow, emitting light that illuminated the entire space. It reflected the red light of the five Cloud Mountain.

Yunxiao's heart trembled violently. He had only seen this kind of divine sense light in ancient books, and only tenth-tier Alchemist gods could condense their divine sense into light. Even Yuan gaohan could not do it.

The scene in front of him almost made him lose his mind. What was going on? AI was a level ten Warlock God? How could one become a God in this world?

Countless questions surfaced in his mind, none of them answered.

The light of his deified soul was like the water Moon shining on the earth, constantly spreading.

Yunxiao was on guard. He had no confidence that he could still hide under this divine sense. After all, it was a move that could only be used by a tenth-tier Alchemist.

If his whereabouts were to be exposed, he planned to escape at the first opportunity.

It was not that he was afraid of these demons, but he had already determined that their goal was exactly the same as his. He did not want to engage in a pointless fight. His priority was to save Yunshang.

After spreading out thousands of feet, the beam of divine sense stopped about two or three hundred feet away from Yunxiao.

AI Hui's eyes moved as he looked at a certain spot in the void. He sighed and said, "Is it Lord li? Come out."

Everyone's eyes turned in that direction.

Under the light of his deified soul, the space shook slightly and a figure appeared.

Yunxiao looked over and saw that it was li, who had been away for a long time after the battle in Red Moon City. Not only had he fully recovered, but he had also advanced a level.

As soon as li appeared, he was immediately locked on by countless divine senses. All of them were filled with killing intent, as if they had an irreconcilable hatred.

“Deified soul light? You ... You’ve entered the God Realm?”

Li was also incomparably shocked. He looked at Ai in a daze, unable to believe it.

“I’m still half a step away. My deified soul can only spread out to a range of seven thousand feet. Otherwise, you wouldn’t be the only one who’d find me,” Ai replied with a smile.

“7000 feet of divine sense light, bi an.”

Even so, li was still very surprised, and his face was a little dull.

Desolate’s face was grim and solemn. “Since you’re here, the others should be here as well, right? Since you’re all here, then come out. The members of my monster race have always been open and honest, there’s no need to hide.”

“I’m not hiding,” li helplessly said, “I wanted to leave but you all came too quickly. I couldn’t leave.”

“So, Lord Shang has escaped?” Huang snorted.

“Escape? It seems that Lord Huang is uneducated, and your words are inappropriate.”

Li looked calm and said, “Lord Shang pitied the state of the universe and the people. He did not want a violent conflict to occur within our clan, so he left early in the morning.

“Hmph!”

but he's the source of the conflict," Huang said sarcastically. if he's so righteous, he wouldn't have separated the monster clan!

"The king of all monsters, the capable shall be the one," Li said slowly,"Lord Shang is more capable than you." I hope that Lord Huang is sensible and knows how to adapt to the current situation."

"How audacious!"

"Who Do You Think You Are? how dare you speak to His Majesty like this!" Soul rebuked angrily.

Desolate's face turned dark, and his eyes glowed with a cold light. It was obvious that he wanted to kill Shi Yan. He sneered,"What Lord li means is that I don't know what's good for me."

"That's right," replied li with a serious expression. If His Excellency could understand the current situation, he would abdicate and give up his position. Lord Shang would certainly bring the entire demon race to the peak. Just like what he had said just now, not only the realm of heavenly martial arts, but the entire heavenly martial continent would have to respect the demon race. The high priest saw this, and so he followed Lord Shang without a care."

"Hehe, that old fool who won't die."

Desolate sneered,"and how many of the eight demon clans that followed that old fool are still alive?" The battle at Red Moon City disgraced our clan, so why didn't they all die? You still have the face to ask me to abdicate?"

"Ahem, isn't it a little too much for Your Majesty to speak of me like this?"

A coughing sound came from the distance, and the High Priestess appeared. She looked very old and held a walking stick in her hand as she walked over step by step.

When Ai Hui saw this, he bowed from afar and said,"High priest."

Other than him, the rest of the demons were a little touched, but they stood still and looked on coldly. Many of them had pained expressions, as if they couldn't forgive his betrayal.

Desolate clasped his hands behind his back and clenched his fists. It was obvious that he was shaken. He said coldly, "High priest, do you still recognize me as your Emperor?"

"As long as His Majesty has not abdicated, he is still my Emperor," the ancestral temple saluted.

"High priest, your betrayal is the most painful thing for me!" Huang said coldly.

The master sighed. it's hard to go against heaven's will. I'm only doing my duty as a high priest. Please forgive me, Your Majesty.

although your betrayal has caused great losses to the demon race, " Huang said. it has even caused the demon race to be divided, and it's still expanding. As long as you come back, I'll let bygones be bygones. You'll still be my high priest.

"The heavenly Dao is constant, and it can't be changed by man. The times are constantly moving forward. Not only can I not go back, but the monster race can also not go back."

"Nonsense! Even if the era moves forward, it will be me who will lead the demon race forward!"

Desolate's face darkened as he shouted, "High priest, I'll give you one last chance!"

...

"My choice is the choice of the times, and it can't be changed." I'd be more than happy to sacrifice my blood for the beginning of this era."

"Then you can go to hell!"

Desolate's patience finally wore out. He raised his hand, and a vast power churned in his palm.

"Please don't be anxious, Your Majesty," Al hurriedly stopped him. He turned to the temple and said, "high priest, for you to appear here, you must also be here for the matter of five Cloud Mountain, right? do you have the key?"

"I've already destroyed the key, so please go back," Cl said, looking at him.

Al's expression did not look too good as she said, "I have no intention of interfering in the battle between Mr Shang and his Majesty, but the five Cloud Mountain has trapped my people for thousands of years. It is really unreasonable for the high priest to destroy the key!"

The monster race people around the chariot were also filled with righteous indignation. Before, they still had some feelings for the temple, but now they all had evil looks on their faces.

"If His Majesty had the intention to break the seal, he would have done it decades ago, but nothing has happened," the temple master said. Yet, he chose this moment to break the seal and save her. His intentions are clear."

The monsters were all frightened, their faces uncertain. They peeked at desolate and pondered.

"Nonsense!" Huang snorted. I've been trying my best to save my compatriots, and I've only had the chance now. If it weren't for you traitors causing trouble, I'm afraid the seal here would have been broken by me long ago."

"I've tried many times to break the seal on five Cloud Mountain, but why have I been rejected by His Majesty?"

...

Desolate's face darkened as he shouted, "high priest, you're too cunning!" He actually tried to sow discord at this time? But who would believe a traitor like you?"

Cl's expression did not change. let's not talk about what happened back then. It's naturally necessary to let our people out of the mountain. It's just that the time is not right. We can't let them out now.

"Then when will you come out?" Huang sneered.

"When the demon race is United and no longer has any major differences," Cl said. Otherwise, it's already chaotic enough. If more people come out, who knows what kind of chaos it will be."

"What a joke!"

Huang said coldly,"you traitors are the source of the 'chaos', and you still have the face to say that!" I'll definitely break this seal today! If the high priest and Mr. Shang are not happy, you can come and stop me!"

A domineering aura spread out of his body, intimidating all directions. Even Yunxiao, who was standing in the distance, felt his heart palpitate at the aura.

Cl's expression changed slightly, as if he was unwilling to face his sharp edge. He retreated to the side and said, "Your Majesty, please consider the overall situation of our clan!"

"Impudent!"

how dare you talk nonsense here? " Huang said angrily. not only will I break the seal today, but I'll also kill all of you traitors! You have no chance, high priest!"

That monstrous killing intent directly condensed into a ghostly shadow in the air, and suddenly grabbed towards Cl.

Cl's face was livid as he took a few steps back. The hand seals in his hands changed continuously, blasting towards the manifestation of the killing intent as he shouted,"If His Majesty wants to break the seal, it's nothing more than chasing the waves and driving the Tigers away. But is Your Majesty so sure that the Azure demon clan in the five Cloud Mountain will help you? You must know that the blue

Demon clan is not any weaker than His Majesty. How can a mountain accommodate two tigers, let alone three?"

"You don't need to worry about that, high priest," desolate said coldly. Moreover, breaking the seal was The Last Wish of the past demon emperors. I'm only doing this for the good of my clan, and I have no selfish motives at all. As for chasing the waves and driving the Tiger, that's a joke. Let's see who's the wolf and who's the Tiger if you have the ability to get Shang out!"

The manifestation of the killing intent was dispersed by CI's palm, turning into smoke and clouds in the air.

Desolate sneered, murderous intent shooting out of his eyes. He disappeared from the chariot in a flash and attacked CI directly!
