

The Eternal 1801

Chapter 1801-choice

Desolate's punch caused the space to shake, and the faint sound of wind and thunder could be heard.

The rules of the four sides rushed in from all directions and squeezed toward the center. Ci was trapped inside and couldn't get out. He used all kinds of movement techniques, but he couldn't get rid of the power of that punch.

Suddenly, a ray of light appeared silently in the center of the fist force, enveloping Ci's body. In a flash, he disappeared and reappeared a thousand feet away in the next moment.

"Bang!"

Desolate's punch missed and created a huge hole in the sky. Strong winds surged inside, and a powerful suction force appeared, tearing the surroundings apart.

"Mr.ai, what do you mean?"

Desolate grimaced, turning around to look at Ai.

the high priest is my teacher and friend," Ai said. I don't want him to die because of your imperial power struggle. It'll be too great a loss for my race.

"Letting these traitors wreak havoc is the real loss," Huang said angrily."Mr.ai, please distinguish between right and wrong!"

Ai frowned, looking very troubled.

"You've saved him once," said desolate,"and you've done your best." This Emperor has always respected teacher. If teacher insists on opposing this Emperor, can this Emperor be worthy of the sincerity this Emperor has shown to teacher?"

Al let out a long sigh, turned around, and walked back into the chariot to show that he no longer cared.

“Thank you, sir,” Huang said.

Without Al’s obstruction, Huang strode to the temple and said coldly, high priest, you’ve really worried so much for our race. However, the choice of the era is not up to you. High priest, you can rest in peace!

Instead of backing down from the powerful aura, he said indifferently, “ thank you for your concern, Your Majesty. I still want to keep a useful body and wait for the choice of this era.

His body began to emit silver light, which turned into countless Silver Snakes dancing around him.

“Too bad you won’t have the chance,” Huang mocked. His five fingers closed together like a blade and directly slashed down from the sky.

“Swish!”

The silver Snakes around Cl were instantly cut into pieces, and cracks appeared on his body. His entire body exploded in the silver light, turning into thousands of snake shadows, which shuttled through the air at high speed.

“You only have one chance to live. You’ve already missed it.”

Huang sneered and looked at the countless Silver Snakes with a mocking expression. The entire space of the five Cloud Mountain was under his control. It was impossible to escape.

The tens of millions of snakes flew to Li’s side in an instant, and the figure of Cl condensed again.

Li seemed to have been prepared for this.

After CI transformed, he performed the same seal. The two of them combined their four seals, and a circular formation light spread out from their bodies.

“Not good!”

Desolate’s expression changed. He shouted and flew up, throwing a punch.

“Bang!”

The force rushed into the silver formation light and immediately shattered it. However, CI and Li’s figures also turned into a faint light and dissipated.

Huang was furious. He struck out with his palm, sending out countless beams of light that shattered the sky.

However, the two of them had already disappeared without a trace.

“Come out!”

Desolate shouted. His furious voice reverberated around the entire mountain.

However, there was only silence and no response.

The entire sky was under his Power’s perception. If he were to open a passage, he would definitely not be able to escape. Li He CI had just used a secret skill to hide himself so that he could not be detected.

Unless it was AI’s soul consciousness. However, as AI had expressed that it wouldn’t care about their battle, it wouldn’t help desolate either.

“Hmph, high priest, you’ve really made me look down on you, trash!”

Desolate shouted. He knew that he couldn't use words to provoke them. He turned around and returned to the war chariot, shouting, let's continue forward. Since you clowns don't dare to show up, I'll break the seal in front of you and see who the era has chosen!

The war chariot continued to rumble in the sky. All the demon clansmen's faces were more serious and determined.

A few thousand feet away from the five Cloud Mountain, li HECI's figure appeared, and the four seals slowly separated.

The two of them had a heavy expression on their faces. CI's face was even paler. His true energy had been damaged by Huang's countless Silver Snakes. He coughed violently, releasing a thick bloody smell.

"High priest, your body is unwell." Li Guan said with concern.

"I'm old," CI said, waving his hand. I won't live long even if Lord Shang didn't show up. I'm honored to meet you in the last few years of my life.

"High priest, don't say such sorrowful words," li frowned."The future of the monster race is on you."

"I can't," CI chuckled,"but I'll be satisfied as long as I can see Lord Shang unite the monster race." He stopped smiling and looked into the distance."I hope desolate won't find them,"

"Those humans seem to have a secret technique," Li said."They can use the power of the five Cloud Mountain to hide themselves. Even we can't find them. What I'm worried about now is Mr. AI's light of consciousness. Nothing can hide from it. "

AI is really a peerless genius that only appears once every tens of thousands of years, " CI chimed in. it's the Warlock God's light. How did he do it? " CI's eyes were also filled with shock and amazement.

"With Lord Shang and Mr.ai around, the future of the monster race will be a Golden Age. I'm looking forward to it," said li.

I'm also looking forward to it," Ci said, his eyes shining. It's just that the road to prosperity is too bumpy.

"Any change will be accompanied by sacrifices," Li said. I just hope that those humans won't be found so soon. The longer we can seal them, the better. When the Warriors of the Saint realm and the sea of soul formation realm come, desolate won't have an easy time."

"I've already used a secret technique to send the news to the Holy region and the sea of soul formation," Ci nodded and said. "They should be here soon. The only pity is that we've stopped the seal from being broken this time, and the humans have taken precautions. It'll be even more difficult to break the seal in the future."

when Lord Shang has united the monster race," Li Xiao said, "with the help of a genius like Mr. Ai, the seal of five Cloud Mountain will be nothing.

Ci's eyes brightened, as if thinking of the grand scene in the future, he couldn't help but smile.

Yunxiao had witnessed their conflict from a distance, and through their conversation, he could roughly guess what had happened.

...

It must be Shang's appearance that split the entire monster race into two factions that supported the monster Emperor and the high priest. The leaders of the eight tribes that he met outside the red moon City back then should have been on the high priest's side.

The demon Emperor was in a hurry to break the seal of five Cloud Mountain. Judging from the contents of the gold slip, the demon Emperor had probably reached an agreement with the demons in five Cloud Mountain, which was what Ci had said—"chase the wolf and drive the Tiger"—and planned to work together to deal with Shang.

After all, Shang was powerful, and he had refined the armillary sphere. He also had the help of the high priest within the demon race. Even the demon Emperor felt that he was in danger, and it was only natural for him to take such actions.

However, he did not understand why Shang did not show himself if he wanted to stop the demon Emperor. Other than himself, no one else could be a match for the demon Emperor.

Even if the key was destroyed, he should still have a high chance of success if he used the power of the demon clan to bombard the seal.

Could it be that she had yet to recover from the large amount of demonic energy that Li Yi had drained of her in the Redmoon city? It was not possible, Li He Ci's injuries were even more severe than Shang's, and he was still alive and kicking. With Shang's talent and power, he should have recovered long ago.

Yunxiao could not figure out the link, so he did not bother to pay attention to it. He followed the demon race a thousand feet away. As long as the seal was broken, he would be able to save the person. As for the infighting between the demon race, of course, the more deaths the better. It would be best if both sides suffered, he thought maliciously.

The demon Emperor's chariot soon stopped three hundred meters away from the five Cloud Mountain.

"Mr.ai," Huang said.

Only then did Ai walk out of the chariot, raising both hands and soaring high into the air.

The light of his divine sense flowed around his body, quietly sensing the demonic Qi on the mountain.

...

Because of desolate's attack on the temple, the demonic Qi in the entire space was turbulent, and the tiny demonic Qi became difficult to detect.

Time slowly passed.

On the other hand, Huang was able to keep his composure and had no expression on his face. On the other hand, the Yao behind him were getting impatient.

After a while, Ai Hui retracted his hands and stared at the mountain. there are a total of 372 cracks in the seal. Three of them can allow low-level demonic beasts to enter and exit, but they are all extremely unstable.

“Three hundred and seventy-two cracks?”

what? ” Huang was stunned. the seal is still working? ”

“It’s indeed a little strange, but my previous speculations can’t be wrong. The power of suppression here is the endless power of the earth. I don’t understand why the seal was broken. But even with such heavy losses, it’s still firmly sealed.”

“What’s the chance of breaking the seal by force?” asked desolate.

unless we destroy this five Cloud Mountain Mystic artifact, ” Ai said. but this thing’s original body is a mutated earth essence. The probability of breaking the seal by force is extremely low.

Desolate’s face was filled with killing intent. He snorted, “I have to try even if it’s extremely low. There’s no other way.”

“Although it’s more difficult than I expected, there might be other ways. I’ve also discovered something else. There seems to be someone hidden in this seal,” Ai said after a moment of silence.

“Someone is hiding?”

“Who is it?” Huang was surprised.

In the distance, Ci and Li’s expressions changed slightly, and they knew that things were not good.

“No wonder we couldn’t find them,” Ci said solemnly. “They were hiding inside the seal. It must be a hidden space.” This is going to be troublesome. If they get the key ...”

“High priest, don’t panic. Let’s just watch how things develop,” Li said.

Yunxiao had also guessed that it must be Bai Sheng and the others who had hidden in the seal.

I don’t know,” Ai said. but judging from their hiding methods, they should be very familiar with the seal. They’re most likely from the thousand mountains Prefecture.

“Oh? That’s great.”

“Is there any way to catch them?” asked Huang Xi.

“Although it’s difficult, it’s not impossible. I’ll give it a try,” Ai said.

“Thank you,” Huang said.

Ai took a few steps forward and said loudly, “Those who are hiding in the seal, please come out. The demon Emperor is merciful and can give you a way out.”

All the Yao’s faces were black. The so-called method was to shout, who didn’t know this!

Chapter 1802-black pot

Ai continued to shout, “this seal seems to be the kind that can be used for both offense and defense. You’re controlling it through the key. It seems that the high priest lied to us about the key being destroyed. Even without the key, I can still break the seal, but you won’t be able to survive.”

The people hidden in the seal were the victors of a hundred battles and they were in a dilemma.

The victors of a hundred battles arrived and had just handed the Jade seal to Fei Cheng and Li Fei when they encountered Ci and Li Fei's fight. They hurriedly opened the gap in the seal and hid in it.

They had thought that everything would be fine, but they did not expect the demon emperors to come in person. They could feel the terrifying aura from before even through the seal, and they were all miserable.

"Milords, what should we do now?" Bai Sheng asked in a low voice.

Fei Cheng and Tai Yuan both frowned and groaned inwardly. Their goal was the same as the demon Emperor, so they naturally didn't want to fight to the death and lose their lives for nothing.

However, they couldn't do such a thing as handing over the key. Otherwise, they would be gossiped about, and they wouldn't be able to live in the future, unless they killed all the victors. But even if they did kill them, the demon clan members would bear witness, and sooner or later, the news would spread.

The victors Bai's eyes flickered as he read their minds. He couldn't help but feel proud. Yunxiao told him their purpose, but he did not point it out. The two thought that they did not know, and they wanted to make a name for themselves.

"Ahem."

"This Jade seal is the token of the thousand mountains Prefecture's sect master," Fei Cheng said. "Although it's given to the two of us to keep, it's still up to the thousand mountains Prefecture's sect master to decide how to use it."

He took out the Jade seal and wanted to force it on the victors.

The victors of a hundred battles cursed in his heart. This was forcing him to step forward and hand over the Jade seal. Then, all the crimes would be piled on his head.

He naturally refused and hurriedly dodged, saying, "You must not! Didn't the two lords come to the thousand mountains Prefecture to protect the Jade seal and prevent it from being snatched by the

monster race? Now is the time for the two of you to show your usefulness. If this key is in my hands, I'm afraid I won't be able to keep it."

"Um, Yingluo, this Yingluo."

Fei Cheng was at a loss for words and felt rather awkward.

"Sect leader is right. We will wait for the two lords to show their might, hehe," elder sun said.

The other elders of the thousand mountains Prefecture also sneered. They had long been displeased with the arrogance of these two people. Now that they saw them cowering and completely forgetting about the danger in the outside world, they were overjoyed.

"Don't play games with us," Grand ape coldly snorted, "let's be frank. If you don't hand over the Jade seal, you'll die." The two of us will definitely not accompany you to your deaths, nor will we hand over the Jade seal. You can do as you see fit!"

Seeing that he couldn't fool them, he directly said it out loud.

Then, he grabbed elder sun in the air and forcefully stuffed the Jade seal into his hand.

Elder sun's expression changed, but the two of them were so powerful that he couldn't push them back. He looked at the victorious Bai in a daze.

"This seal can't be handed over to us either. This is really troublesome. If I had known this would happen, I would have given it to the demon race's high priest," Bai Sheng muttered.

At this moment, Al Hui's voice rang out again. He wanted them to leave, or else they would attack the seal and die.

Fei Cheng's expression changed. hurry up and leave. Hand over the Jade seal and we'll pretend we didn't see anything. We won't pursue this matter.

Bai Sheng's expression changed several times. He looked behind him and his eyes fell on the weakest elder who only had the strength of a four-star Martial Emperor.

The elder's expression changed drastically, and he took a step back in shock.

The victors sighed and walked forward, "Elder su, this Jade seal has been passed down from generation to generation in the thousand mountains Prefecture. It is related to the seal of the five Cloud Mountain's monster race and is extremely important. Now that the war is urgent, we can't guarantee that we can leave here alive. This sect master will pass this Jade seal to you for safekeeping."

Elder SU's expression was uglier than a pig's liver. He took the Jade seal with trembling hands and said, "Sect ... Sect leader ... You ... You want me to be condemned by the world and be cast aside by everyone!"

"Elder su, what do you mean?" the victors Bai asked sternly. I don't understand, but does everyone?"

"I don't understand, I don't understand."

The rest of the elders also shook their heads and turned their faces away. They were too embarrassed to look at elder SU's pleading and tearless gaze.

He was the weakest here, and elder su knew that he had to take the blame. He was unable to escape, so he immediately hardened his heart and said, "Alright. I will definitely protect this seal with my life. However, I'm still weak. I hope that sect leader can give me some nine-colored exquisite pills to increase my strength."

After suffering such a huge loss, he had to fish for some benefits.

"That's what I should do," the victors Bai heaved a sigh of relief and smiled. He took out a Jade bottle and gave it to the other party. Then, he took out a lot of good things and handed them over as compensation.

Only then did elder su feel better.

Fei Cheng sneered. what a waste of time. The time limit is almost up. Quickly open the seal and get out.

The victors of a hundred battles quickly made hand seals. Runes flew up from the Jade seal and formed a formation in the air. They flew in all directions, and a passage immediately appeared under their feet.

The group of them stepped into the passageway and appeared in front of the demons.

Several extremely powerful divine senses and pressure instantly crushed over from a distance and locked them up. It was as if they were wearing a pair of handcuffs and anklets, making them extremely uncomfortable.

Everyone's expression changed slightly, and they didn't dare to move or even make a sound.

Desolate laughed coldly. you guys are smart. Where's the key? "

The victors Bai and the others did not say anything. Instead, they looked at elder su in unison.

All the demons followed everyone's gaze and looked over. Elder su suddenly felt as if there was a dagger on his back. He was covered in cold sweat and his face was pale with fear.

"Give it to me," Huang reached out his hand.

"If we hand over the Jade seal, will you let us go?" elder su asked with a trembling voice.

Desolate laughed and nodded,"you're just ants. Killing you will dirty my hands." Since Mr.ai has already spoken, this Emperor will naturally keep his word."

Elder su couldn't care anymore. He hurriedly took out the Jade seal and handed it over with both hands.

Fei Cheng snorted coldly and pretended to be angry. He shouted, elder su, you're so cowardly! Your thousand mountains Prefecture is actually so spineless!

The people from the thousand mountains Prefecture also hurriedly glared at elder su, trying to draw a clear line between them and him.

"Elder su, you've really disappointed me!" Bai Sheng heaved a long sigh.

Elder su lowered his head, a venomous look flashed in his eyes as he let out a muffled groan. He felt really aggrieved to be the scapegoat. When this matter was over, he would have to change his appearance.

Yunxiao watched coldly from a distance, his arms crossed over his chest and his right hand constantly stroking his chin. The corners of his mouth curled up slightly, revealing a playful smile.

Elder SU's strength was the lowest, and he knew the reason with a single look. This was something that could not be helped. The strong were respected, and he was the weakest.

...

"Hahaha!" Desolate took the Jade seal and laughed. He glanced at Fei Cheng's group and said, "These guys look like they have a backbone?"

Fei Cheng and the others immediately felt waves of killing intent and retreated in fear.

"You can't kill us! Didn't we already hand over our Jade seals?!" One of the elders exclaimed. A man must keep his word!"

"Hmph, the one who handed over the Jade seal is this Lackey, but does it have anything to do with you lackeys?"

Huang sneered, his killing intent not decreasing as he pointed at elder su.

The demons behind them also burst into laughter and looked at them as if they were toys. Only Al frowned, seemingly quite unhappy.

“Ah?”

Everyone was dumbfounded, and after a short moment of shock, elder su couldn't help but laugh out loud, saying, “Haha, who asked you to act tough? you've brought it on yourself, haven't you? Hahaha!”

The pleasure of revenge welled up in his heart, and he was indescribably happy and comfortable.

“Shut up, you traitor!” The Grand ape roared.

He threw a punch across the air, and the space exploded with a bang. Elder su only had the power of a four-star Martial Emperor, so how could he Dodge his punch that was at the peak of the martial Dao? he was instantly smashed into pieces.

...

“Ah? This minion is too happy to be happy, hahaha!”

Desolate couldn't help but laugh. He held the Jade seal in his hand, looking brutal as if he was going to kill them all.

Fei Cheng's face was livid with anger. you broke your promise. You're the Emperor of the demon race. No wonder the demon race has declined to this point for thousands of years!

Huang's laughter stopped as an evil look appeared on his face. Fei Cheng's words had hit his sore spot. Ever since Shang's appearance, more and more people had begun to doubt him and started to betray him.

“How dare you talk about this Emperor!”

He was extremely angry. He clenched his five fingers, and a terrifying fist force surged in his hand.

Fei Cheng and the others' expressions changed drastically. They felt the threat of death and kept retreating, being on guard.

“Your Majesty, these people have to unlock the key,” Ai said.

Desolate put down his fist and said coldly, “Who is the owner of the key? come out and you can live.”

“That’s me. I’m the thousand-mountain Prefecture’s sect master. I’ve always been in charge of the key!” Bai Sheng hurriedly replied.

“You traitor! Die!” Grand ape turned around and shouted.

he punched out, not because he was a traitor, but because he didn’t have a chance to live.

The victors of a hundred battles snorted coldly and grabbed the air with both hands. With a flash of light, he formed a seal in front of his body and struck down!

“BOOM!”

A huge force shook the area, and Bai Sheng was at a slight disadvantage. He retreated a few hundred steps, defused the force of the impact, and became extremely alert.

The Grand ape still wanted to attack, but it was suppressed by an extremely strong demonic power. It immediately woke up in fear and stood in the air, not daring to move.

“Will you use this key to open the seal?” Huang asked, staring at the victors of a hundred battles.

no," Bai Zhansheng said. the method to open the seal is still in the Holy region, but I have mastered the many changes of this key.

that's fine," desolate said. hand over the transformation techniques and you can live.

I have a presumptuous request," Bai Zhansheng said. other than these two lords from the sanctuary, the rest of them are elders of the thousand mountains Prefecture. I hope you can let them go, Lord Demon King.

"I've defeated you in a hundred battles, bi an!" Fei Cheng was shocked and furious.

Chapter 1803

1803 No matter

so many of you are going to live," desolate frowned. I've lost a lot, haven't I? "

"Thousand mountains Prefecture is just a small sect," Bai Sheng quickly said,"they pose no threat to the demon race at all. Guarding the five Cloud Mountain all these years is also a request of the Holy region. There is no need for Lord Demon King to make things difficult for us."

alright," Huang nodded. as long as you can help me break the seal, I'll spare your lives.

"Thank you, Demon King! I'll do my best!" Bai Sheng was overjoyed.

"You traitor of the human race!" The Grand ape roared,"you'll die a horrible death!"

The victors Bai coldly retreated to the side and snorted.

Desolate looked at the two of them and mocked,"The two of you seem to have a lot of backbone, and you're even from the Saint domain."

Fei Cheng wiped his cold sweat and said awkwardly, "Lord Demon King, you have unparalleled magical powers. You don't have to take small fries like us seriously, do you?"

"That's right, that's right. Lord, please let us two small fries go," said Grand ape hastily.

Everyone's face darkened, and there was a look of contempt in their eyes. As peak nine-stars Martial Emperor experts, they actually called themselves minions. They were probably the only two people in the world.

The people of the thousand mountains Prefecture were cursing in their hearts.

Even desolate was surprised, "You ... Aren't you two very unyielding?"

Feicheng said awkwardly, "of course he has a bit of backbone. However, he who understands the times is a wise man. He must keep up with the times to be on the right path. Holding on to his weakness will only lead to his own destruction.

you're right, " Huang said while rubbing his head. but I can't think of a reason to let you go. You should just die.

As soon as he finished, desolate appeared in front of the Grand ape, reaching out his hand to grab his neck.

The Grand ape was terrified. He wanted to turn around and escape, but he couldn't move his body. He could only watch the big hand grab him and touch his throat. Then, he felt a sharp pain and lost consciousness.

In the eyes of others, it was the Grand ape's neck that had been shattered, and its head drooped down.

A peak nine-stars Martial Emperor expert had been crushed to death like an ant.

"?!"

The elders of the thousand mountains Prefecture all gasped, their faces pale with fear.

Fei Cheng was also trembling so badly that he even forgot to escape. He stood in the sky and trembled as he said, "Spare me, please spare me, demon Emperor!"

"I don't keep useless people," Huang shook his head.

"I'm still quite capable," Fei Cheng wailed. "I'm willing to join you, my Lord. I'll be at your beck and call, even if it means going through fire and water."

"I don't need you to go through fire and water," Huang said sarcastically. "You just need to die."

Fei Cheng only felt his body stagnate as a sense of death crept into his heart. A look of despair appeared on his face, and he couldn't even make a sound.

Just when he thought that he was going to die, a ray of Starlight suddenly appeared in the sky. It streaked across the sky and flew down with a long tail.

Huang's eyes narrowed. He extended his hand, wanting to grab the space and explode it. However, he stopped in his tracks and stared at the incoming Starlight.

In the distance, Yunxiao was startled. "Oh no, why is he here? He's going to ruin my plan."

It was an arrow with unparalleled power. Like a falling meteorite, it was aimed at Desolate!

"A Saint? Good!"

Desolate clenched his fingers and used his physical strength to hit the arrow.

With a boom, the arrow exploded in the air, shattering into a large flame that burned thousands of feet in the sky.

Fei Cheng, who had just escaped death, was so scared that his face turned ashen. He gritted his teeth and ran in the direction of the strangers.

Under the burning flames in the sky, a human figure appeared above. He had profound patterns on his sleeves and held the star shattering bow. It was Xuan Hua. "Oh, it's really the demon Emperor, this Baobao was scared to death."

The space beside Xuan Hua kept spinning, turning into a spiral, and a person slowly appeared. He was dressed in gray, his hair was white, and he was covered in wrinkles, but his eyes were bright and full of spirit.

Yunxiao also knew this man. He was an elder of the sea of soul formation, a dual cultivator named Zhen Yu.

The two of them appeared in a domineering manner, causing the demon clan members to be on guard. Their killing intent soared to the sky.

"Saint domain?" Huang asked.

"Tsk!"

Xuan Hua laughed coldly in disdain and said, "Didn't one of the two from the Holy region die and the other is injured?"

Fei Cheng's face turned red, but he was still happy in his heart. No matter what, his life was saved. He quickly flew over and said, greetings, Lord Xuan Hua and Lord Zhen Yu. Thank you for saving me!

Al Dao said, 'so, you're a titled martial sovereign. You two must be from the sea of soul formation. Why is the sea of soul formation here?"

Xuan Hua rolled her eyes at him and said, "you think I wanted to come?" After receiving the message from your high priest through a secret technique, the sea of soul formation sent the two of us here without any explanation. I didn't think it was true. Tsk, tsk, it seems like the monster clan isn't United."

"Damn you, CI!"

Huang was furious. He turned around and stared at the two figures thousands of feet away.

He had sensed li HECI's presence a long time ago, but he was too far away to be sure that he could keep them here.

thank you," CI said with a smile. I didn't expect the cultivators from the sea of soul formation to arrive first.

Xuan Hua smiled and said, "really?" Didn't the Saints arrive long ago? tsk, tsk."

Fei Cheng directly pretended not to hear it, standing behind Xuan Hua and the other two, turning a deaf ear.

Yunxiao secretly calculated in his heart. If Xuan Hua and the other two joined forces with CI and the others, they would be in great trouble, and even the power of a demon Emperor might not be able to deal with them.

As for the sacred zone, since no one had come yet, it was likely that no one else would come.

He had to find a way to delay Xuan Hua and Zhen Yu. Although his relationship with them was not shallow, it was related to the seal of five Cloud Mountain after all, so the two might not follow him.

Xuan Hua's expression suddenly changed slightly. She stared at AI for a while and said in surprise, "I recognize you, you are Mr.ai!"

...

“Lady Silvermoon, it’s been many years since we last met. How have you been?” Al smiled.

Xuan Hua said, “ oh my, it’s really been a long time. Mr. Al’s achievements have probably far surpassed those of the past. I’m afraid there’s no one in the world who can be your opponent now.

“There are many capable people in the world, lady Silvermoon, you flatter me,” Al qianxun said.

Xuan Hua said, “ all the Lords in the sea of soul formation miss you very much. Why don’t you come with me to the sea of soul formation? don’t worry about this seal.

I haven’t been around the continent for a long time, ” Al said. I miss the scenery of the sea of soul formation very much. I’ll pay you a visit when I’m done here.

Xuan Hua was overjoyed and said,“haha, that’s great.” I really hope that you can display your divine skills again and properly humiliate those old fogeys who think they’re extraordinary!”

Al smiled and did not say anything else.

Xuan Hua said, “ Lord Demon King, I originally couldn’t be bothered with the matter of the five Cloud Mountain’s seal. But since I’m here, I can’t return empty-handed. You should all leave. Everyone should disperse early and save time.

“Do you think you’re a Big Shot?” Huang said coldly.

Xuan Hua smiled and said,“otherwise?.”

“Since you dare to interfere, you can die!” Huang said.

...

I'll kill Silver Moon," he ordered. you guys quickly kill the other person. Mr. ai, I'll leave the sealing to you.

After he finished speaking, he rushed out at a speed so fast that it was as if he had teleported.

Xuan Hua's expression changed drastically, and the broken star bow was instantly placed horizontally in front of him. Almost before he could catch the other party's movements, a vast fist force blasted on the bow.

The string instantly snapped and turned into the shape of a blade, almost deformed by the pressure.

"Bang!"

Xuan Hua's entire person was sent flying, and a trace of blood actually seeped out from the corner of his mouth. He said in shock, "peak of perfection?!"

He didn't have time to think. Desolate's figure flashed by him again, and he retreated in a hurry.

However, an extremely powerful force came bombarding him again. He was both shocked and angry, and he completely lost his calm. With a flash of Saber Light, he slashed forward in anger!

"Bang!"

The huge force shook the knife, and Xuan Hua only felt the web between his thumb and forefinger split open. The star shattering knife almost flew out of his hand.

Zhen Yu was also greatly shocked. He teleported over and formed a seal with his hands, slapping toward the shadow.

"BOOM!"

They couldn't defeat desolate and were sent flying away.

"How can he be so strong?" Zhen Yu also cried out in horror. Peak of perfection?"

who knows? " Xuan Hua said bitterly. let's go quickly!

The two of them quickly turned around and fled after saying a few words.

"Ah?"

Everyone was stunned. This was too ungentlemanly.

"Milords, you can't leave! The five Cloud Mountain is sealed!" Fei Cheng exclaimed.

Xuan Hua's voice came from far away and said, " I can't even save my own life, so why should I care about the seal? to hell with the seal!

Everyone,"hehe."

The two of them did not really run away. Instead, they stopped far away and watched from a distance, just like Ci and Li.

Huang didn't go after them. Instead, he glanced at the people in the boundless space and snorted. Mr.ai, let's begin. I'm personally guarding this place, so you don't have to worry about being disturbed.

AI nodded, took the Jade seal, and said to Bai Zhansheng, " "Teach me the method to activate and transform this seal."

Bai Sheng's expression was very ugly. He was a traitor in front of the people from the sanctuary and the sea of soul formation. However, the people from the two Holy Lands could not do anything to him. What good idea could he have?

Without any reservations, he explained the method of controlling the Jade seal in detail.

Cl's face began to turn ugly, and he said from afar, "Lord Xuan Hua, is there no way to stop it?"

Xuan Hua adjusted the essence energy in his body, then glared and said, "Who knew that the demon Emperor was so powerful? You didn't write it clearly when you sent the message. Also, why did the Holy region send two of these scumbags? what use could they be? I can't meddle in this matter, I don't want to die in vain."

Zhen Yu was silent at the side. Then, he quickly formed hand seals with both hands. A large amount of black light surged from his body, and runes rolled around.

Yunxiao, who was hiding in the dark, was taken aback, and his pupils constricted. The black mist was devil essence!

In his impression, Zhen Yu didn't know any demonic techniques.

"What are you doing?" Xuan Hua also frowned.

although we don't have enough power, this is a serious matter," Zhen Yu said. I want to send it back to the sea of soul formation as soon as possible.

Chapter 1804

1804 Battle of the seal (1)

Zhen Yu's entire body was quickly engulfed by the rolling demonic aura, and even Xuan Hua, who was close by, couldn't see his movements clearly.

Yunxiao's pupils shrank as he turned them into pitch-black demonic pupils and looked straight into the hole.

Zhen Yu's entire body was covered in demonic patterns. There was a black hole the size of a millstone in front of him, and all kinds of runes were floating up and down.

He mumbled something and his hand seals kept changing. Each seal was sent into the black hole and was swallowed.

After a while, the black hole slowly disappeared, and the demonic energy poured into Zhen Yu's body, returning him to normal.

Xuan Hua frowned. your demonic technique is getting more and more demonic. If you feel any discomfort, stop it as soon as possible.

"I know what I'm doing, don't worry," Zhen Yu said indifferently.

A ray of green light suddenly appeared in front of the five Cloud Mountain.

The Jade seal of the thousand mountains Prefecture's head flew out of Ai Hui's hand and kept spinning in the air, emitting circles of light.

Then, the size of the entire Jade seal suddenly increased. In an instant, it turned into a building and spun in front of Mount wuxia. The entire body became transparent, and there was a continuous stream of light flowing down. At the bottom of the Jade seal, a pattern began to gradually appear.

The victors Bai's mouth was wide open in shock. Even he did not know that the man in front of him could see through the mystery and display such a magical change just by passing on the control method to him.

"Not good! The key has been activated!"

"Lady Silvermoon, are you humans going to just watch as the seal is broken?" Ci asked in alarm. The most terrifying clan of the demon clan, the grey clan, is sealed within the five Cloud Mountain. If the grey clan were to be born, all living beings would be plunged into misery and suffering!"

Xuan Hua's expression was also somewhat gloomy, but he still snorted lightly and said, "If I don't watch, am I supposed to turn into a corpse and watch? It's strange. We humans aren't in a hurry, so why are you, the high priest of the demon race, in a hurry? If you want to fight, please take the lead, Zhen Yu and I will cover you from behind."

He took out the broken star bow, nocked an arrow on it, and pulled the bow as a cover.

Cl seemed to have gone all out, gritting his teeth, "If the four of us work together, we should be able to resist Heng Huang!"

Xuan Hua said, "even if we can fight against the demon Emperor, what about the rest of the demon clans?" There were still people who were strong, even those beasts had Grade 9 strength. You can go all out, with just the few of us, it's really like a moth flying into the fire. In short, I won't go up and resist."

Zhen Yu said in a deep voice, "we can only wait now. The Art Garden already knows the situation. We'll just wait for them to make a decision." &Nbsp;

Xuan Hua said, "if those old men in the technique garden are really determined, they can call for hundreds of people to gather all the strong people in the world. They can also seal these demons in front of us into the five Cloud Mountain. Wouldn't everything be fine?"

Cl's face twitched a few times and he snorted angrily.

Li suddenly took down the battle drum from his waist, held it in his hand and smacked it. With a "Dong", a clear sound spread out, and the sound wave swept across the sky like water.

"Thump! Thump thump!"

A strange rhythm shook the sky, becoming more and more rapid. The sound waves stacked on top of each other and pushed toward the five Cloud Mountain.

All the Yao's expressions changed slightly, knowing that the other party wanted to make trouble.

Al also frowned, as if it had been disturbed. The Jade seal seemed to stop for a moment and slowed down.

“Hui,” Huang snorted.

“Yes, Your Majesty,”

A man in a long green robe beside the chariot replied. He took out a musical instrument that looked like a flute but was not a flute. He put it to his mouth and started playing.

Suddenly, a “Wu Wu” sound rippled, and traces of green strings of temperament fluttered like messy hair, scattering into the drum of dawn.

In an instant, all the rhythm was broken, and an unpleasant sound pierced into the eardrums.

The birds and beasts roared and danced in the sky.

Suddenly, the rhythm of the emblem changed. His ten fingers pressed rhythmically on the brass instrument. Suddenly, a Dragon’s Roar came from the ancient times, and the countless black hair scattered instantly.

The Dragon’s Roar was clear and loud, spreading throughout the entire space. Everyone’s mind trembled as they were affected by it.

The sound of the Li drum was instantly suppressed. The nine Li war drum seemed to be suppressed by the Dragon’s Roar. No matter how it was hit, there was no sound at all.

“Well done,” Al praised, “what a great song of Dragon roaring to the nine Heavens.” As he spoke, he formed a seal with his hand and a ray of light shot into the Jade seal. The huge seal flew up, and the strange runes below danced.

Xuan Hua's pupils constricted, and he immediately pulled the bow and nocked the arrow. The arrow was grayish brown, like volcanic rock, and was engraved with golden characters.

The bowstring was pulled back into a full moon, and a strange phenomenon of the starry sky appeared behind him. Countless streams of light flew over and gathered into the arrow. The bright light was like the rising sun.

"Golden Crow chasing the sun!"

The golden light was like fire. It flashed across the sky like a rainbow with a long arrow tail. The shadow of a three-legged golden Crow appeared in the sky and attacked the Jade seal along with the arrow.

Hun's heart trembled. He looked over and said in shock, "It's a divine arrow forged from the feathers of the true spirit three-legged golden Crow!"

"Martial Emperor Silvermoon sure is willing to pay the price," Huang sneered.

His figure flickered and blocked the arrow. He reached out and a profound level weapon that looked like a knife but was not a knife fell. It was a bronze battle armor with a beast's face engraved on it.

"BOOM!"

Desolate grabbed the war hou with both hands and swung it down. The sky was split open, and the Golden Crow arrow exploded as if the sun had exploded!

"BOOM!"

The blinding light and flame swallowed desolate instantly, and the shockwaves scattered.

Although Xuan Hua was thousands of feet away, his mind was also shaken. He couldn't help but spit out a mouthful of blood, and the aura in his body dissipated instantly.

“So strong!”

He couldn't help but say, his eyes filled with shock.

“As expected of the Emperor of ten thousand demons. Are you alright?” Zhen Yu asked solemnly.

Xuan Hua shook his head and said somewhat dejectedly, “He's far away, so it's just some light injuries. It's fine as long as he doesn't chase us.”

Yunxiao, who was standing in the distance, was also shocked. The power in desolate's body seemed to be endless, violent, and powerful, like a prehistoric beast.

However, it seemed that this power could not be maintained at all times. It was as if it had suddenly burst out from a secret technique.

...

Moreover, under the gaze of the moon eyes, they felt something strange about desolate's body. However, they couldn't put their finger on it. It gave people a mysterious feeling.

“What?”

Suddenly, Huang snorted and turned his head around. His eyes glowed with an ominous light as he swung his war hound toward the distance!

A half-moon-shaped stream of energy appeared in front of Yunxiao in an instant, pressing down on him with an irresistible force.

“Not good!”

Yunxiao was taken aback. He had been discovered when he peeked at the other party with the lunar pupil.

His figure flickered in the air for a moment, and then he quickly retreated, leaving only a faint green shadow.

“BOOM!”

The space where he had been standing was instantly crushed into pieces, and the shockwaves only dissipated after the explosion spread a thousand feet away.

“That’s Yingluo!”

Xuan Hua was startled. He rubbed his eyes and said, “Did I see wrong? The one who flashed by just now seemed to be li Yunxiao?”

...

“Gu Feiyang’s reincarnation?” Zhen Yu was also surprised. That person’s speed was too fast, and he appeared too suddenly. I couldn’t see him clearly, but that person is definitely not ordinary.”

“Hmph, I didn’t expect there to be so many grasshoppers hiding around!”

Desolate sneered disdainfully. no matter how many ants there are, they can’t shake a big tree. You can just hide in a corner and wait for the great moment to come!

Although Yunxiao was fast, he was still caught by Ci and Li, and both of them were overjoyed.

“Lord Yunxiao, please show yourself and suppress the seal together,” Ci said hurriedly.

“F * ck, it’s really him!”

Xuan Hua was taken aback and was also pleasantly surprised. He shouted, "Since you're here, why don't you come out? this isn't like you."

Feeling helpless, Yunxiao had no choice but to show himself and teleport to Xuan Hua's side in a flash.

"Hahaha!"

Xuan Hua laughed and said, "I've finally realized it. Wherever there's a big event, you'll be there. You deal with this demon Emperor, leave the rest to us!"

Yunxiao rolled his eyes at him and said, "do you think I'm invincible? That demon Emperor's strength is abnormally terrifying. I'm not his match." He said honestly.

Moreover, he couldn't stop the demons from breaking the seal, but he couldn't say this out loud.

"Doesn't Lord Yunxiao have a Saint artifact in his hands?" There seem to be many experts inside."

Displeased, Yunxiao snorted. you know me very well, don't you? I'm sorry, but my friends have been bored of staying in the Holy artifact for too long, so they've all formed groups to go on a trip."

"Travel? Where did you go?"

Xuan Hua was stunned for a moment and asked in a daze.

Yunxiao was speechless. He waved his hand and said, "Don't ask too much, just watch quietly. The power of the times is not something we can stop. The monster race has been suppressed for thousands of years, but it can not be suppressed forever. Perhaps today is the choice of the times."

Xuan Hua was stunned again and said suspiciously, "Why are you so pessimistic? This isn't like you. So what if it's the power of the times? The Gu Feiyang I know is a man who can turn the tide of the times."

Yunxiao gave him a look and said indifferently, " unfortunately, I'm Li Yunxiao.

Xuan Hua frowned and said,"what the hell are you doing?" Are we really going to watch them open the seal?"

like you said before, " Yunxiao said. if I don't watch it, do I have to turn into a corpse and do it? "

Xuan Hua pointed at him and said,"no, you must have some thoughts in your heart, right?" Quickly tell me!" He went forward and rubbed it.

Yunxiao slapped his hand away and took a few steps back vigilantly. "I'm not interested in men, stay away from me!"

Just as they were mumbling, the Jade seal suddenly emitted an intense green light in the air and slammed down on the five Cloud Mountain seal!

Everyone held their breath and focused their attention, their eyes all gathered over.

"BOOM!"

The huge luster was like a broken piece of precious Jade, shaking in all directions. The entire five Cloud Mountain rumbled like thunder, and the earth shook.

The entire mountain space began to shatter, revealing the thousand mountains Prefecture's Mountain range.

Countless rays of red light shot out from the five Cloud Mountain, striking everyone.

Yunxiao was overjoyed. The feeling was indeed the Earth's rhythm, the mutated earth element that he had been dreaming of.

Chapter 1805

1805 Battle of the seal (2)

damn it, this is really a big deal. The seal has been broken!

Xuan Hua cried out in shock and looked at the five Cloud Mountain with a grave expression. It was red as if a fire cloud was burning.

Countless runes and all kinds of Artifact Power erupted from the mountain, and the majestic power of the earth turned into rings of stars that scattered in all directions. Everyone felt tiny under this mighty force.

Hundred victories and the others also fled in horror, flying directly behind Yunxiao and the others. This was the only place they could be a little safer.

Yunxiao's eyes were bloodshot as he looked over with the power of the lunar pupil. However, there was no joy on his face, and his brows were furrowed into a deep frown.

The five Cloud Mountain was indeed broken, but the power of the barrier on the mountain seemed to be intact. It was not broken at all.

Al also noticed the abnormality immediately and frowned.

"How is it, Mr.ai?" Huang asked. His voice trembled, clearly very excited.

"There are two layers to the five Cloud Mountain's seal. I only managed to break the outer layer," Al shook his head.

"The outer layer?"

Desolate's excited mood turned cold."The Jade seal has also been shattered. What should we do with the inner seal?"

"I don't know, let's see what happens." Ai shook his head.

Huang nodded. don't worry, Mr.ai. Just take your time. I'm here to protect this place. Those clowns won't dare to do anything.

Xuan Hua suddenly patted Yunxiao's shoulder and laughed, "haha, you're really something. You must have known about the inner layer, so you didn't care at all, right?"

Yunxiao was speechless. He slapped his hand away and said, "How annoying. Don't disturb me while I'm looking at the seal."

He was extremely shocked. The feeling that the five Cloud Mountain was exuding now was purely the rhythm of the earth, which was exactly the same as what Ai Hui had said. If that was the case, it would be extremely difficult to break the seal.

In the distance, Ci heaved a sigh of relief and smiled. "Looks like the choice of the times is still Lord Shang."

"Shut up, traitor!" Huang Yuan shouted.

He also felt the heavy earth element power in the five Cloud Mountain and said, "If Mr.ai can't think of a way in a short time, why don't you let me break it with force?"

it's not impossible to break it with force, but I'm afraid that once this seal is opened, the profound level weapon will be destroyed directly, and the clansmen inside will also be annihilated. Ai said worriedly.

"If they can't survive, they can only blame themselves for not being strong enough," Huang snorted.

"Let's wait a little longer. Let me try first," Ai said with a frown.

Huang had run out of patience, but he still respected Ai's opinion."Alright, I hope Mr.ai can succeed."

Al Hui took a few steps forward and began to spread out his divine sense to sense the seal.

The entire world became quiet as everyone waited.

All of a sudden, a golden light appeared in the sky, falling like raindrops. It grew bigger and bigger, and only then did they realize that it was a Golden Leaf, swaying in the wind.

Everyone present was an expert, and the moment the golden light appeared, it attracted everyone's attention.

Yunxiao's pupils constricted and he opened his eyes in surprise.

He was no stranger to that Golden Leaf. He had seen it not long ago at the overseas sect competition. It was the flying profound level weapon of the Fuyao Palace on thousand leaves Island.

The leaf stopped after falling a certain distance.

"Which family is courting death again?" Huang said with cold eyes.

A melodious female voice came from the Golden Leaf."I didn't expect the purpose of this trip to be such a big event."

Xuan Hua also seemed to recognize the origin of the Golden Leaf and said in surprise, "Fuyao Holy Palace?"

yes! Yunxiao nodded and said, " this voice should be Wei Shishi, the current Palace Master of Fuyao Holy Palace.

"Senior Sister Xue Chenxi?" Xuan Hua asked softly.

Yunxiao nodded.

Xuan Hua snorted and said in a low voice, "she's most likely not a good person. In my opinion, Xue Chenxi's death is most likely related to her."

what? " Yunxiao was taken aback. do you have evidence? "

Xuan Hua shook his head. there's no evidence, but according to the final winner, whoever benefits the most is generally the murderer. With Xue Chenxi's death, she became the palace Lord of the Fuyao Holy Palace, so she's most likely the murderer."

Yunxiao was speechless. all you care about is conclusive evidence. Put away your imagination. I just find it strange that Wei Shishi is here.

He wasn't the only one who thought it was strange. Everyone was astonished.

A figure slowly emerged from the Golden Leaf, which slowly turned solid and finally condensed into the appearance of a beautiful woman. It was Wei Shishi, who he had met overseas. She slowly flew down and glanced at the crowd. She was quite surprised when she saw Yunxiao.

greetings, Palace Master Shi Shi, " Yunxiao greeted. long time no see. How have you been? "

"I didn't expect to see two titled martial sovereigns, Vanquisher and Silvermoon, here. I'm really surprised." Wei Shishi nodded in agreement.

"What?"

Al, who had been carefully observing the seal, suddenly trembled when he heard that. He turned his eyes in Yunxiao's direction and instantly locked them on him. "Gu Feiyang?"

With a wry smile, Yunxiao cupped his fists and said, "Mr. Ai, I haven't seen you for many years, and you're even more elegant than before. If you use another technique, I'll definitely admit defeat. I'm afraid that no one in the world will be your match."

He said it very sincerely. In fact, Ai was almost the best in the world back then. The only ones who could defeat him were Lu Congzi and Tenzhaozi. However, the two of them were concerned about their reputation and did not dare to fight. That was why Gu Feiyang won by a narrow margin.

Ai was stunned for a while before he said, "seizing the body of an innate fetus?" Lord Feiyang is truly gifted, daring to do such a dangerous thing. The world even said that you died in the Tiandang mountains. When I heard about this, I was sad for a long time."

the situation is very complicated," Yunxiao said. it's not something I can explain in a few words. Mr. Ai, you'd better get busy with your work first.

This sentence stunned everyone, and they all looked at him in confusion.

Ai was stunned again. He nodded and said, "After I break the seal, I will definitely confirm it with Sir Po Jun."

"Hey, Li Yunxiao, are you sure? let him continue? We should have asked him to come over for a cup of tea." Xuan Hua was a little dizzy.

...

"Will he come to have tea with us at this time?" Yunxiao asked. It's better to drink it after he's done with his work."

"I'm done, Yingluo."

"You can't really be thinking of letting them break the seal, right?" Xuan Hua said in shock.

“We’ll talk about this later,” Yunxiao said. “May I know why Palace Master Shi Shi is here?” he asked.

Wei Shishi sighed and said, “I’ve been entrusted with a gift.” But I didn’t expect it to be like this. I already know what it is.”

Everyone was puzzled.

“You’re the demon sovereign, right?” Wei Shishi turned to look at Huang.

Desolate, who had been watching coldly, said, “If you have a fart, then let it out!”

Wei Shishi’s face reddened with a faint trace of anger. She flicked her sleeves and said, “If not for someone’s request, bengong will leave now.” She shot out a gold light, flying toward desolate.

Huang grabbed a Jade slip. He frowned and scanned it with his consciousness. He was stunned. “Who asked you to hand it over to me?”

“I’m not obliged to answer your questions, so you’re on your own,” Wei Shishi coldly replied.

...

She returned to the Golden Leaf in an instant, and all the meridians on the Golden Leaf emerged, emitting an extremely strong formation light. It was about to break through the air.

Desolate’s expression changed slightly. He wanted to stop Ai, but he stopped himself. He handed the Jade slip to Ai and said, “Please take a look, Sir.”

seal-breaking technique?! Ai Hui’s expression changed. a seal-breaking technique?!

“I don’t know if it’s true, but you can use it as a reference,” Huang said.

Everyone was shocked, and Xuan Hua said angrily, "Wei Shishi, what's the meaning of this!" He immediately drew his bow and nocked an arrow. A sharp aura locked onto the Golden Leaf, ready to shoot it down at any time.

The Golden Leaf's air-piercing power was continuously dispersed by the Arrow's momentum, and it could not leave for a long time.

Yunxiao was also very surprised. He did not understand where Wei Shishi got the method to break the seal. That thing should be in the Holy realm.

And how could thousand leaves island's seclusion be related to the Holy region?

"Please calm down, Martial Emperor Silvermoon. I'm only doing this on someone's request," Wei Shishi said.

Xuan Hua sneered and said, "Hmph, can you explain it just by saying that you were entrusted by someone?" Who entrusted you to say it!"

"I'm sorry, but I can't," Wei Shishi said.

then there's no other way," Xuan Hua said in a cold voice. don't blame me for not knowing how to have tender and protective feelings for women.

The two of them were at loggerheads, and the situation was triggered at once.

The demons were discussing in low voices, but they were just watching the show. Huang crossed his arms in front of his chest and sneered.

wait! Yunxiao stopped Xuan Hua and said, " don't be impulsive.

Xuan Hua was a little angry. I'm not impulsive. I just want to see who is so bold to do such a thing that risks the world's condemnation!

in fact, I also want to know, " Yunxiao sighed. but, you can't keep her with your strength. There's still one more person you can ask if you want to know who the person behind the scenes in the sanctuary is."

"Who?" Xuan Hua asked.

Yunxiao's eyes turned to Fei Cheng, who was not far away.

Fei Cheng was so shocked that his face turned pale. Yunxiao's glance seemed to have read his mind, and he took a few steps back in shock.

"Oh? You're with that woman?"

Xuan Hua also looked over and said coldly.

"No wonder the Holy region hasn't made any moves. If that's the case, there's a big problem!" Zhen Yu frowned.

save me! Fei Cheng suddenly shouted, " Lord Shi Shi, save me!

With a "bang," he disappeared from his original spot and used his fastest escape technique to rush toward Wei Shishi. One had to know that there were two titled martial sovereigns in front of him. If he was even a little slower, he might have already died.

Yunxiao and Xuan Hua did not make a move, but let him escape to the Golden Leaf. They breathed a long sigh of relief.

Seeing Wei Shishi's confused expression, Fei Cheng hurriedly said, " I'm also under that Lord's command. I was sent here for the same purpose as Palace Master Shi Shi.

“Oh?”

“Tell me, who is that Lord?” Wei Shishi asked in disbelief.

Chapter 1806

1806 The battle of the seal (3)

Fei Cheng hurriedly made a gesture on his palm, then opened it. The light on it flashed and disappeared. Everyone frowned, and even Yunxiao could not see what was written on it.

Wei Shishi muttered to herself for a moment before she said, “So it’s him.”

“What do you mean?”

Fei Cheng was stunned for a moment and said in confusion, “Wasn’t the palace Master invited by that Lord?”

“Maybe,” Wei Shishi said. Since it’s him, I’ll help him this time and keep this secret.”

“What do you mean, Palace Master?” Fei Cheng asked.

Wei Shishi took a step forward and stood right in front of Fei Cheng. With only a short distance between them, Fei Cheng could only smell a burst of fragrance. Immediately after, he felt an intense pain in his heart. He let out a miserable cry and said, “You coward!”

A small golden sword pierced through his chest. There were three beautiful blood grooves on the sword, from which blood gushed out like a fountain.

there are too many experts here,” Wei Shishi said. you won’t be able to keep the secret with your strength, so I’ve no choice but to use this simple method.

Fei Cheng's eyes began to turn dull. He wanted to shout something with all his might, but his throat was completely out of his control. After a moment of discomfort, he completely lost consciousness.

Xuan Hua said coldly, "killing people to silence them. Can I still let you go?" Zhen Yu, stop him together!"

The two's divine senses immediately locked onto Wei Shishi, and Zhen Yu appeared at the front of the Golden Leaf battleship in a flash. His body was covered in rolling demonic Qi as he stared at Wei Shishi.

Yunxiao frowned and tried to persuade them, but judging from the cold and angry looks on the two men's faces, it seemed to be useless.

"If the two of you really have the ability to stop the demons from coming out, you should have killed the demon Emperor instead of making things difficult for a woman like me," Wei Shishi said.

Xuan Hua sneered and said, "you don't have to goad me. I admit that I'm a coward. Is that okay?" Since I can't kill the demon sovereign, I can only vent my anger on you."

He was indeed a little resentful. After all, breaking the seal of the five Cloud Mountain was of great importance. There was nothing he could do about it if he acted like he didn't care. What could he do if he couldn't beat the other party? However, Wei Shishi had directly given him the method to break the seal, causing him to be extremely furious.

He took out the broken star bow and pulled it to a full moon. A long Silver Arrow shot out.

At the moment the arrow broke through the air, Xuan Hua also disappeared from the spot, keeping up with the speed of the arrow. With a tap of his foot, he rushed in front of the arrow and ran towards the warship.

At the same time, seals flew in front of Zhen Yu, and he suddenly attacked with a shout.

As the terrifying palm energy struck out, Wei Shishi's expression turned solemn. She then jumped up and tried to escape.

She didn't want to fight with the two of them, and she wanted to find a way to escape.

At this moment, the Silver Arrow arrived and pierced through the Golden Leaf warship. With a boom, it exploded into countless golden lights.

In the golden light, Xuan Hua's figure flashed, and the saber Light slashed toward Wei Shishi.

Everyone was watching the three of them fight with different thoughts in their minds.

All of a sudden, countless golden runes danced in the sky. Ai Hui made a hand seal and then spread it out in the air. Under the runes that filled the sky, a huge golden seal appeared and combined with the shape of the key.

Everyone's eyes were attracted to it. Even Xuan Hua and the other two stopped fighting. They separated a few thousand feet away and quietly looked at the void Jade seal.

Al's face also flickered with excitement. "This seal-breaking spell seal is completely correct."

As soon as he finished speaking, he pushed the seal forward.

The Jade seal was like a mountain, rumbling through the air and smashing toward the five Cloud Mountain.

"Everyone, back off!" Desolate shouted.

The Jade seal exuded an earth-shattering aura. He was afraid that the aftermath would be too strong and affect everyone. After giving the order, he appeared beside Al in a flash to protect him.

The demon team began to retreat rapidly. Dozens of birds and beasts also followed suit, roaring non-stop.

“BOOM!”

The illusory Jade seal bombarded the mountain, and the multicolored light transformed into nine layers of halos. However, they shattered layer by layer, and finally, a muffled sound rang out. The green and red halos both disappeared.

The entire mountain seemed to have lost its color, and it suddenly became quiet.

Everyone’s eyes were fixed on the mountain peak, feeling the historic moment.

Time passed slowly, and the entire mountain range was silent. Everyone could almost feel their own heartbeats.

“What’s going on?” desolate suddenly asked. There’s no demonic Qi at all, not even a single demon.”

Al was also puzzled. Staring at the mountain peak that stood in the clouds, it asked suspiciously, “The seal is indeed gone, but why is there no demonic Qi? Even before the seal was broken, there were still traces of demonic energy flowing out, but now it’s all gone.”

“Haha, I understand! The impact just now must have been too great. As the five Cloud Mountain’s seal was broken, the demons inside must have been killed by the shock!”

Xuan Hua laughed. this must be a backup plan that Gu Qingqing left behind. She was afraid that one day, the seal would not be able to hold on. So, the power of the nine seals is the backup plan to eliminate the root of the problem!

All the Yao’s expressions turned ugly. The scene in front of them seemed to be possible.

Al shook his head and said, “the energy fluctuation when the seal was broken just now wasn’t strong. It’s absolutely impossible.” However, I’m also quite puzzled as to why there’s no demonic aura at all. It seems I’ll have to enter this mountain to find out.”

“Should we go in?” Huang asked in a low voice, a little worried.

“Don’t worry, Your Majesty,” Ai replied. No matter how strong Gu Qing Qing was back then, her methods were only at the peak. After so many years, even if I don’t break the seal, the grey demon clan will be able to break it sooner or later. Even if there are traps in this mountain, they won’t be able to stop us.”

“Alright, I’ll explore the five Cloud Mountain and see what else is there!” Huang said in a deep voice.

The demons gathered, and the chariot rolled across the sky. The demon Emperor and Ai Hui got on the chariot and began to head for five Cloud Mountain.

Xuan Hua, Ci, and the others looked on, not knowing what to do.

Yunxiao, on the other hand, was concerned about Yunshang and Qu Hongyan’s current condition. He cupped his fist and said, “I still have some matters to attend to, so I’ll leave for a while!” Then, he flashed away.

Wei Shishi was not in the mood to fight, so she turned around in the air and flew away.

“Leave? Since you’ve come, then we’ll take things as they are. Everyone, stop!”

Suddenly, a loud and clear voice came from the sky. A cloud dispersed in the sky, and a vast and mighty force descended on the mountain range.

Everyone’s heart trembled. They felt as if there was a barrier blocking them and trapping them inside.

...

In the distance, a green light flashed. Yunxiao and Wei Shishi, who had just flown away, seemed to have encountered some resistance. They materialized and looked up at the sky with a frown.

Even the demon race's war chariots suddenly stopped. More than ten figures appeared in front of them, blocking their way.

"Saint domain!"

Everyone's heart trembled as they immediately guessed the identity of the newcomer.

Countless war chariots began to pour out of the clouds, and on them were Warriors wearing golden armor and holding Spears.

In the center of the chariots, black Qi gathered and slowly condensed into a figure. He was dressed in a long black robe and had his hands behind his back. His face was cold and stern. It was one of the council members, Hei Yuhu.

The demon Emperor's expression suddenly changed. He stared at the people in front of him and said in a cold voice, "If you don't want to die, get lost!"

When those people who were blocking him felt the powerful demonic Qi, their expressions changed and they became extremely vigilant.

"I don't want to die, and I don't want to get lost either. What should I do then?"

A green shadow appeared in front of the demon Emperor. He had sword-like eyebrows and star-like eyes, and he was extremely handsome. It was Wei Qing, one of the council members.

He crossed his arms in front of him and stared at the demon Emperor coldly without fear. His aura was not weak at all.

...

The entire thousand mountains Prefecture mountain range became deathly silent and oppressive.

“Aren’t your Holy region in cahoots with the demon race?” Xuan Hua suddenly asked curiously.

“What kind of joke is Martial Emperor Silvermoon making?” he Yuhu asked coldly. The seal of the five Cloud Mountain was broken even with the two lords of the sea of soul formation here. It’s really disappointing and heartbreaking.”

Xuan Hua was furious and shouted,“he Yuhu, what nonsense are you talking about with your eyes wide open!” If it weren’t for your Saints interfering, this seal would simply be unbreakable. You’re a thief crying “thief!””

“What did you just say?” black universe protector frowned.

Xuan Hua ridiculed,“hehe, pretending?” No wonder you chose to come out at this time. The seal has been broken, and it’s too late. I also want to know what your purpose is for you to release all the demons.”

shut up! black universe protector’s face darkened, “ I don’t understand what you’re talking about!

Xuan Hua sneered,“hehe, don’t understand?” You’ve seen Wei Shishi from the Fuyao Palace of thousand leaves Island, and you’re still acting like you don’t understand?”

Black universe protector raised his head and looked at Wei Shishi in the distance,“I’m also very curious as to why the master of the Fuyao Palace, a reclusive family, is here.”

“I’ve been entrusted with a task by someone, and now that it’s over, I hope Lord Black universe protector can open up a barrier for me to leave,” Wei Shishi replied.

“Huh?” black universe protector asked. May I know what matter the palace Master has come to settle?”

“This bi an ...”

“I don’t think I need to report to my Lord, do I?” Wei Shishi asked after a moment of silence.

“Originally, there was no need for that. However, the situation now is special, so I hope that Palace Master can cooperate,” black universe protector replied.

“Cooperate? Didn’t she cooperate with you and give you the seal-breaking technique?” Xuan Hua laughed coldly. She didn’t believe hei Yuhu at all and firmly believed that they were just acting.

“What?”

Everyone from the sanctuary was shocked and furious.

“Is this true?!” Black universe protector asked coldly.

“I’m indeed here to deliver something, but I don’t know what it is,” Wei Shishi said. She paused and continued, “but it really seems to be the method to break the seal.”

Black universe protector’s face was ashen as he said angrily, “Where did this technique come from?”

Wei Shishi sighed, knowing that she was in big trouble, but she still shook her head and said, “I’m sorry, but I can’t reveal it.”

Wei Qing also snorted coldly and said, “why are you talking so much nonsense with her?” We’ll just leave her to the side and deal with her later. Even if she runs away today, we’ll just go to thousand leaves Island and get her back.”

Wei Shishi’s expression finally changed. She bit her lips, knowing that she had been involved in a great storm, and her heart could not calm down.

Chapter 1807

1807 Battle of the seal (4)

Wei Qing turned his eyes to Yunxiao again and said coldly, " I really see you everywhere. Don't tell me you're here to guard the seal.

Yunxiao thought for a moment and said, " in the beginning, it was true. But, I was helpless. My strength was limited. Now that the seal has been broken, what do you all want? Kill all the demon clan members?"

Hearing that, Huang laughed out of anger, "haha, kill them all?" Do you humans know the immensity of the heavens and the immensity of the earth, and what arrogance is?"

Hei Yuhu's face turned serious as he looked at the five Cloud Mountain, " "Although the seal on this mountain has been broken, there is no aura at all. Perhaps we can find a way to seal it back."

"Seal it back?"

Oh? " Yunxiao's heart stirred. is Lord Tenshou coming? "

Everyone's hearts trembled, and even the expressions of the demon clan members changed slightly.

Tian zhaozi's name resounded throughout the world. Not only was he one of the three elders above the Holy region's Council, but he was also one of the two top alchemy Masters of the current generation, revered by all.

If he was in charge, it was not impossible to re-seal the five Cloud Mountain.

"Grandmaster Yuan gaohan has already opened up a passage to Shen du and invited master Tian zhaozi over. The result is still unknown," hei Yuhu replied bluntly.

'No wonder Yuan gaohan has been missing for a long time,' Yunxiao thought to himself.'I thought something had happened to him, but it turns out he has gone to the divine capital.'"If the three elders of the Holy region and the five governing bodies are all gathered, I suggest that you all seal the demons in front of you as well. Then, the demons won't be able to do much for thousands of years."

All the demons were furious, and even Ci and Li were furious, regarding Yunxiao as their mortal enemy.

“You want to seal us? dream on!” Huang said angrily. I’m going to enter the five Cloud Mountain now. Anyone who blocks me will die!”

He also realized the seriousness of the problem. If the three elders of the Holy region had also arrived, perhaps the high-level demon race would have been captured in one fell swoop.

At his command, the chariot rumbled forward, rolling toward Wei Qing and the dozen or so Saints.

Wei Qing sneered, “those who block it will die?” I’d like to see who in this world can kill me. ”

He raised his hand, and the picturesque landscape flew out of his palm, forming a strange image in the air. The scroll unfurled like a great wall, trapping all the demons within.

“What a joke!”

Desolate raised his hand and clenched his fist. Immediately, a Nebula swirled on the tip of his fist. The vast power of the mountains and rivers fell down and was absorbed into the nebula.

It was not just the mighty force on the painting scroll. The expressions of all the demon powerhouses changed drastically. They felt that the spiritual Qi in the sky and even the origin power in their bodies were being absorbed by that punch. They hurriedly circulated their origin power to resist.

“I’ll let you know now who can make you die!”

Desolate roared. His voice had changed. It was now filled with wildness and cruelty, like the roar of a beast.

The tearing force on the fist stopped as the nebula’s rotation slowed down. Then, it suddenly blasted out like a volcano erupting, directly shattering the world!

“Bang!”

The picturesque landscape had already absorbed most of its spiritual energy. Under the impact of this punch, it suddenly shattered and turned into countless fluorescent spots.

what kind of divine power is this?!

Wei Qing was also shocked, and at the same time, his heart ached. The top grade profound level weapon that had accompanied him for decades had completely disappeared.

After the power of the punch shattered the mountains and rivers like a painting, it did not lose its momentum and instantly arrived in front of Wei Qing. Everything in its way was crushed under the force of this punch.

“Retreat!”

Wei Qing let out an angry roar. He understood that the experts behind him were unable to block it. He grabbed with both hands, and a large amount of golden light appeared. He formed a simple seal in front of him and slapped it out!

“BOOM!”

The terrifying power exploded, and the Saints hurriedly fled. Some of them were hit by the aftershock and were shaken on the spot, fleeing hundreds of feet away.

Wei Qing was the first to bear the brunt of the impact. He was forced to retreat by the force and spat out blood.

The shattering of the picturesque landscape had already injured his mind, and now that he had to take such a punch head-on, his internal organs felt like they were on fire.

The people of the sanctuary were all shocked, and their eyes were full of shock. Even the director of the Council couldn't take one move from the other party, so how could he be so strong?

"High priest, Huang is a member of the heavenly Fey race. What kind of Fey beast is his host?" Li asked in shock. It's actually so powerful!"

The heavenly demon clan was an extremely unique existence in the entire demon clan. In the process of cultivation and growth, the demons of this clan had to find a host to live and die with, and to share power.

Therefore, the heavenly Demon tribe was also an extremely powerful Demon tribe. As long as the heavenly demons had very few conditions, they would choose to find some ninth-rank demon beasts as their hosts. This way, they could borrow the power of the ninth-rank demon beasts and double their strength in battle.

However, not just anyone could become the host of a high-level demonic beast. If one's strength was too weak, it was very likely that they would be swallowed by the host or die from the backlash.

Cl's lips moved slightly, but he finally held back and said, "I've never seen Your Majesty either. I've only heard a thing or two about you. It's not convenient for me to say it now that we're in a conflict with the human race."

The host's power and abhijna could also be borrowed. Now that the seal of the five Cloud Mountain had been opened, there were no more conflicts between Cl and Huang, and they had a United heart against the outside world.

Huang punched through the obstacles, but Wei Qing was still blocking his way. He said coldly, you're really good. You didn't die after taking a punch from me. If you don't step aside, then take another punch from me!

He raised his fist, and the power of the Nebula that could absorb everything appeared again.

Wei Qing's face was gloomy as he wiped the blood from the corner of his mouth and said coldly, "Savage!"

A golden light began to appear between his five fingers. It was as if a sun had risen, and it illuminated his body so much that it was difficult to recognize him.

When Yunxiao saw that they were arguing, he took the opportunity to leave. In a flash, he went to the small teleportation house in the realm of no return.

Suddenly, a figure landed in front of him and blocked his path. It was none other than black universe protector. "At this time, I hope Sir po Jun will not act rashly."

Wei Qing's life is at stake now, " Yunxiao said. instead of saving him, you're trying to control me? do you want to see him die? "

Hei Yuhu replied, " Lord Wei Qing is one of the few geniuses of the sacred zone. How could he die so easily? with the two races in conflict, I hope Lord po Jun can look at the bigger picture.

He spoke very politely. Although he did not know what Yunxiao was going to do, he knew it would not be anything good.

Yunxiao was about to say something when his heart suddenly trembled, and he hurriedly looked at five Cloud Mountain.

Black universe protector also felt the abnormality and said in shock, " the ruling blade?!

A golden light spread out from Wei Qing's hand, and a giant saber slowly appeared. Although it was burning hot, it exuded a sharp chill.

...

"I've said before that the person who can kill me has not been born yet!"

Wei Qing's face became ferocious and terrifying. Countless evil Qi gushed out of the blade of judgment, as if the evil ghosts from hell had been released. The surroundings were like a purgatory.

Even desolate's eyes darkened as he sensed the unusualness of the saber.

The blade of judgment had no physical body. It was formed from the blood and essence of countless powerful people, as well as hatred. It could be said that it was a tombstone for powerful people!

As soon as the blade appeared, desolate's aura was suppressed, his face grave.

the blood and hostility of a demon Emperor. This blade will definitely love it!

Wei Qing laughed weirdly. His voice was hair-raising as if he was affected by the judgment and began to become evil.

"Everyone, spread out and protect Mr.ai!" Huang said in a deep voice.

The blade was surging with a feeling that made his heart palpitate.

"Haha, you're finally afraid? It's too late. I'll use your demon blood to increase the power of this saber!"

"World ruling!"

...

Wei Qing held his saber with both hands and slashed down!

The blade light was like a sea of cultivation. Desolate felt his hair stand on end even before the terrifying power reached him. His burly body couldn't help but shiver.

“Fist radiance of the nine Heavens!”

Demon Emperor Huang roared as his body transformed into a demon and returned to his original form. His fist flickered with countless stars as he punched out!

retreat! black universe protector roared, ” everyone, retreat!

“BOOM!”

The two forces finally clashed, and even the five Cloud Mountain in the distance was swallowed by the aftermath of the attack.

The people of the sanctuary were so scared that they hurriedly put up their defenses. The elders of the victorious hundred and thousand mountains Prefecture had already retreated thousands of feet away. At this moment, they even turned around and left. However, many people were still hit by the aftermath and were sent flying.

The mountain range where the thousand mountains Prefecture was located was also shattered by this move. The terrain that stretched for dozens of miles was completely changed, turning into a piece of scorched earth and ruins.

The entire world was shattered into pieces. Everything was in ruins, and the sun was blood-red.

Everyone trembled in fear as if they were affected by the power of the blade of judgment. They felt like the whole space had become extremely strange, like they were in hell.

Wei Qing and the demon Emperor still stood facing each other. The two of them did not take half a step back and completely received the force of the collision.

However, they didn’t move at all, as if the impact was too great. It was impossible to determine the outcome, or even whether they were Dead or Alive.

They just stared at each other coldly.

Yunxiao looked over and immediately understood that the demon Emperor had been defeated by this blow. At this moment, the demonic aura in Huang's body was extremely chaotic, and his injuries were far more serious than Wei qinglai's.

“Ah?”

He suddenly cried out in shock as he recovered from the shock of the attack. He looked down in a daze. The thousand mountains Prefecture had been razed to the ground. He was completely dumbfounded.

The small teleportation house to the land of no return was completely destroyed, and the passage was completely closed.

“This bi an ...”

He felt a little dizzy.

If the passages between two independent spaces were completely broken, they would be completely separated. It would be extremely difficult to enter the other space unless there were accurate coordinates.

However, on second thought, he realized that it was difficult to enter the realm of no return from the heavenly martial continent, but it was easy to come back. After all, both Qu Hongyan and Luo Yunshang must have a lot of the coordinates of the continent.

However, he didn't know if the two of them had escaped from their predicament.

Chapter 1808

1808 Battle of the seal (5)

Seeing that the tunnel had been destroyed, Yunxiao gave Hei Yuhu a cold glance and flew back to the battlefield.

Blood gushed out of desolate's body, and his wounds started to rot as if they were being corroded by the Asura power of the blade of judgment.

Wei Qing wasn't in a better condition. His body was damaged, but there seemed to be a golden light flickering in his wounds. He looked much better than desolate.

"Tsk! The Emperor of ten thousand demons only has this much strength?"

Wei Qing sneered and waved the blade of execution in his hand, "Can you still take one more slash from me?"

The surging elemental force was poured into the blade again, and the blade of judgment once again evolved into a purgatory on earth and a sea of Asura. It was breathtaking even before it was cut.

Hei Yuhu's expression turned serious as well. Wei Qing's face was filled with evil, and his heart had been greatly affected by the judgement blade. If he were to use it again, he would probably lose 800 of his own.

"Wei Qing, return the blade!" He shouted.

Wei Qing grinned hideously, "backstab?" It's rare for me to be so carefree. Let me cut off this demon Emperor dog's head first!"

"World ruling!"

Another slash was made, and the universe changed color!

Huang was shocked. With his current injuries, he might not be able to withstand another strike. However, as the Emperor of ten thousand demons, he could not escape. He roared in anger and transformed into his original form, punching out again!

“BOOM!”

A terrifying phenomenon occurred once again, and the fear in everyone’s hearts spread even more. The viciousness was so strong that it almost became corporeal, and it turned into evil ghostly faces that flew everywhere.

“Your Majesty!”

Some experts of the monster clan were both shocked and angry. They rushed up against the terrifying shockwaves and held Huang, who was retreating.

“Pfft!”

Huang spurted out a mouthful of blood. He turned back to his human form, his face extremely pale.

The shocking wounds on his body were being eroded by the evil energy, and large areas of his body were rotting.

“Your Majesty!”

All the demons were in disbelief as they shuddered and cried out. The demon Emperor, who had always been regarded as a God and an almost invincible existence in their hearts, had actually been injured so badly by a human with two slashes.

Even Ci and Li couldn’t stand it anymore. The brothers were fighting against each other outside the wall, and their expressions toward Wei Qing became extremely gloomy.

After the saber attack, Wei Qing’s body did not move at all. Suddenly, all the aperture acupoints in his body exploded, causing clouds of blood mist to burst out.

He spat out a few mouthfuls of blood, and the blade of judgment in his hand turned into countless golden specks of light with a bang, scattering in the air. He staggered a few steps back.

Even someone as strong as him couldn't hold the ruling blade for too long. Two strikes were already beyond his limits.

"Hahahaha!"

Wei Qing was covered in blood, but he still laughed wildly, "Is this the Emperor of all demons? I'm really disappointed!"

Desolate was furious and ashamed. He gritted his teeth and said, "Let's go!"

Now that he was seriously injured, he no longer had the strength to fight against the people of the sanctuary. There was no point in staying any longer.

"You only know to leave now? It's too difficult!"

Wei Qing coldly mocked.

All the people of the Holy region immediately flew over and surrounded the demon clan, including Ci and Li.

"What? you want to catch them all?" Huang was furious.

I didn't expect the demon race to be so weak," Wei Qing said. if I had known, I wouldn't have let you guys drag out your ignoble existence in the illusory realm of stars and moon.

you're too arrogant," Ai said coldly. if it weren't for the internal strife in our tribe, which weakened our strength, we wouldn't have been bullied by you.

losers always like to find reasons for their failures," Wei Qing said. victors always step on the corpses of the losers. Today, you will be the corpses under my feet!

“Kill them all!”

A cold look flashed across his face, and killing intent burst forth.

All the demons were furious. They were all on guard and filled with killing intent.

“Wait!” Black universe guard suddenly shouted.

The sanctuary people immediately stopped in the air, not knowing who to listen to.

Hei Yuhu saw Wei Qing’s displeased expression and explained, “We are here to prevent the seal of the five Cloud Mountain from being broken, not to fight a life-and-death battle with the demon race. Now that the demon Emperor has been injured by you, you can let them go, so as not to affect the two races and cause unnecessary long-term conflicts.”

“Hmph, a far-reaching conflict?” “As long as these people die Here today, we can form an Army to attack the illusory realm of stars and moon. Even if we can’t eliminate them all, the demon race won’t be able to do anything for at least a few thousand years,” Wei Qing sneered.

“Wei Qing, what a vicious thought!” CI angrily said. Even if my clan can’t contend against you for several thousand years, can you guarantee the situation after several thousand years? The feud has been passed down from generation to generation, and one day, the demon race will force you into a desperate situation!”

“One day?” Wei Qing laughed disdainfully. The loser could only comfort himself with this kind of fantasy. Why should I care about what happens thousands of years later? If the descendants of the human race were so incompetent, I wouldn’t feel the slightest bit of pity if they were wiped out by you in the future. This is a world of survival of the fittest.”

His words left CI speechless, and his eyes widened as he did not know how to rebut. Even black universe protector was stunned. Even though he did not want to start a war, he did not know how to convince Wei Qing. He could only say, “Even so, there’s no need to kill them all.”

Wei Qing said unhappily, "hei Yuhu, you're too indecisive. You're too soft-hearted. I'll be in charge of today's matter. You just have to cooperate by the side. Kill him!

He gave a tyrannical order and made a killing gesture.

Black universe protector's expression changed and he was clearly a little angry. However, Wei Qing was used to being overbearing and if he were to argue with him, he was afraid that it would ruin the current situation. Thus, he could only snort and say no more.

Many cultivators of the Holy region immediately rushed toward the demon clan, their killing intent shaking the sky.

Although there were few members of the demon clan, they were all extremely powerful existences. With the addition of a group of ninth-rank demon beasts, a large number of deaths and injuries occurred as soon as the two sides clashed. They were pushed back in the blink of an eye.

Cl, in particular, killed everyone with ease and ease with his extraordinary strength. Wherever his silver sword passed, blood would splash.

Black universe protector's face darkened as he teleported forward. He circulated Qi in his palms and attacked Cl, suppressing him and slowing down his own defeat.

...

Wei Qing looked into the distance and said, "Xuan Hua, Zhen Yu, the two of you are also here for the matter of the seal, right?" At this moment, I hope that the two of you can help us and contribute to our thousand-year plan."

The two of them raised their eyebrows and looked at each other, not knowing what to do. They felt that it was not right to attack, but it was also not right to not attack.

what about you, li Yunxiao?" Xuan Hua asked.

Yunxiao smiled and said, " the Lords of the sacred zone are brave and powerful. Their strength is extraordinary. They already have the upper hand. There is no need for me to make a move. If the situation changes, I will not stand by and watch."

yes, yes, yes, that's what I meant. It's exactly what I want!

Xuan Hua laughed. if the situation is reversed, we won't stand by and watch. Now, we've joined the battle. That's obviously looking down on you.

Wei Qing grunted in anger and glared at Yunxiao, but the latter's fearless expression made him even more depressed. He simply turned his face away and ignored him, so as not to affect his mind and aggravate his injury.

He immediately saw the victors Bai and the others who were watching from a distance, and said, "Lords of the thousand mountains Prefecture, please do your best."

The victors of a hundred battles did not dare to learn from Yunxiao, so they quickly cupped their fists and said, " "It's only right, it's only right."

The people from the thousand mountains Prefecture braced themselves and charged into the battle.

However, the killing intent within it was extremely strong. A few elders who were slightly weaker were struck by lightning spat out by a flying beast as soon as they rushed in, and they were completely blown into pieces.

...

Although there were many sanctuary powerhouses, the ones who came out with the demon Emperor were all tribe leaders with powerful magical powers. In just a moment, they had killed so many people that they were frightened and kept retreating.

Zhen Yu also couldn't stand it anymore and said, "Make your move."

His figure flickered and turned into a cloud of black Qi. He rushed into the array and slammed into an 80-foot-tall demonic beast, killing it instantly.

“Detestable!”

The demonic soul, who was excited from the killing, noticed Zhen Yu’s participation. It roared and teleported up, its sharp claws directly striking at Zhen Yu’s head.

“You’re not my match,” Zhen Yu said indifferently.

He flicked his long sleeve, and his left hand formed an incantation gesture and pointed over.

A ray of black light pierced through the air and stabbed at the palm of the soul claw. With a “ bang “, it broke through the demonic Qi and directly pierced through the palm.

The demonic soul sucked in a breath of cold air and quickly retracted its palm in pain.

Zhen Yu did not back down. His figure flickered as he chased after the demon Soul. He never left within three feet of the demon Soul as he quickly formed a seal and slapped it.

“Bang!”

The demon Soul took another seal from him and was sent flying after spitting out a mouthful of blood. At this moment, a bird swooped down from the sky and grabbed Zhen Yu with its sharp claws. The rest of the demons also split up and attacked.

Zhen Yu’s expression changed. He knew that he could no longer kill the demon Soul and groaned.

He retracted his hand and sent out a palm strike, shaking the bird away. Then, he began to fight with the other demons.

“Hiss!”

Suddenly, a shrill cry was heard. A bloody hole appeared on the bird that had been blown away by Zhen Yu. It died on the spot and fell from the sky.

It was Xuan Hua. He didn't use a physical arrow. He only pulled the broken star bow and used the Emperor Qi to congeal an arrow. Every time he shot, a demon would die on the spot.

The demons were all focused on the battle. They did not expect someone to launch a sneak attack from afar, let alone the fact that the person who did it was a titled martial sovereign.

“Damn it!”

Many demons discovered the situation. In their shock and anger, they saw two figures rush up to the sky and kill Xuan Hua.

“Bang! Bang!”

Two consecutive explosions rang out as the two demons were pierced by a Silver Arrow each and exploded to death.

In just a few breaths of time, Xuan Hua had killed the most demons.

Just as the demons were in shock, a faint light suddenly shot into the sky.

Al Hui's hands formed an incantation gesture in the sky, and countless golden runes flashed and disappeared into the air.

“Whoosh!”

Xuan Hua shot another arrow down. Suddenly, he frowned. That virtual arrow landed on the barrier and disappeared in a flash. It was actually teleported a thousand feet away and shot away.

“This bi an ...”

Xuan Hua snorted, clearly unconvinced. He took out a Silver Arrow, and the runes on it flickered. He pulled the bow and shot!

Chapter 1809

1809 The battle of the seal (6)

“Whoosh!”

The Silver Arrow was like a shooting star. As soon as it shot into the barrier, the barrier immediately revealed its true form. A Milky way-like light appeared and circulated in the sky, surrounding the entire battlefield like a moat.

The Silver Arrow flashed and disappeared in the Silver River. It was moved hundreds of meters away.

Xuan Hua was completely dumbfounded and said awkwardly, “such strong mental energy! To be able to set up such a powerful barrier!

Yunxiao summoned the moon eye and stared at the barrier for a while, then said with a serious face, “The Galaxy formation?”

Al Hui looked over and smiled. Lord po Jun has a good eye. It’s from the Galaxy formation. It can be called a small galaxy formation.

“The minor galaxy formation? Interesting.”

The corners of Yunxiao’s mouth turned up as he put two fingers together and cried out, “Moon shade!”

In front of his eyes, a Crescent-like cold light was condensed and slashed down!

The cold light slashed into the Silver River, causing ripples. The entire Silver River seemed to be boiling water, churning and churning.

However, after a few breaths, the moonlight was completely melted. The Silver River returned to its calm state and gradually disappeared into the void.

Yunxiao's face flickered. what a powerful force! Take another move from me! he said.

He changed his hand seal and his pupils turned pitch black.

The magatama around the Ren Kong formed into countless snowflakes, and the Blood Moon's shadow gradually appeared behind him.

"A bird peeking from beyond the bamboo, a water peeking from beyond the tree, a cloud rustling from beyond the peak."

It was the omnipresent divine skill "sky lacking" that he had learned in Red Moon City. With his eyes focused, everything turned into nothing.

A vast and surging wave of mental energy poured down like an ocean.

"Sir po Jun, why are you making things difficult for me?" Al's expression changed slightly and he smiled bitterly.

He raised his hands high, and a rune flew into the vast sky. The small galaxy formation immediately appeared. It was extremely bright, and the silver light inside was like a heavenly River, but also like a Jade belt in the sky. It was beautiful.

"Boom boom boom!"

Suddenly, a thunderous roar came from the Silver River. The vast spiritual power of the divine skill, sky lacking, was like water from the sky, pouring down and hitting the beautiful jade belt.

The entire heavenly River began to flow violently, and the sky and earth began to become unstable. The space within a radius of 30000 meters began to twist and distort.

Even the fight between the two races in the minor galaxy formation had almost stopped. They looked at the scene in front of them in horror and felt their bodies begin to change shape as the space moved.

“What’s wrong with this Yingluo, Yingluo?”

Suddenly, a cry of alarm rang out as a Saint was sucked in by the spatial force.

Then, the second, the third, and many other cultivators were pulled in by the power of the spatial rotation, instantly disappearing from the battle.

However, in the next moment, he was thrown thousands of feet away and was not injured.

The coordinates of the entire space began to become chaotic. After a moment of teleportation, they appeared on everyone’s bodies. They disappeared in the space of 10000 feet, reappeared, and disappeared again, repeating the cycle.

Some unlucky ones were directly swept into the minor galaxy formation. Under the impact of the two strong spiritual powers, their spiritual altars and seas of consciousness were instantly destroyed, and they became unconscious fools after spitting out a mouthful of blood.

“F * ck, this is too chaotic!”

Xuan Hua cried out in shock. Even he could feel the tearing of the spatial power. He made a hand seal with one hand and locked onto himself. Only then was he as stable as Mount Tai and stood still.

However, those who were slightly weaker were not so lucky. The sky was filled with people teleporting here and there, like ants in a Whirlpool, at the mercy of the vast power.

Al Hui's expression was also a little grave. His hands began to form seals, and with every change, a symbol would disappear on his fingertips.

“Yuan, Qing, long, ye, Zhan zhirou”

With the appearance of the seals, the spatial power began to stabilize, and the bright silver River shone in all directions.

“Pfft!”

Suddenly, Yunxiao coughed up a mouthful of blood. He put down his hands, and the strange phenomenon behind him disappeared. He closed his eyes, his face as pale as paper.

His pale forehead was covered in sweat, and his body trembled slightly as he stood in the sky.

In the battle of spiritual power between the two of them, he had lost.

Al drew a circle in the air with both hands, and streams of mental power rippled out. All the chaotic coordinates from before began to recover.

The martial artists who had just managed to stand still screamed in pain as they were sucked into the spatial vortex again and teleported back to their original positions.

The minor galaxy formation was still floating in the air, separating the battlefield from the outside world.

After everyone returned to their positions, they immediately discovered that they were surrounded by aliens. They roared and continued to fight.

Although hei Yuhu and Zhen Yu's participation had alleviated some of the pressure, they were still at a disadvantage. As more and more experts fell, the sanctuary side began to collapse.

what? " Xuan Hua was shocked. even you can't break this bird formation. What should we do? "

Yunxiao opened his eyes again, which were filled with fatigue, and said slowly, " I'll have to trouble Lord Wei Qing to use the ruling blade again."

Wei Qing's expression changed and he snorted coldly, " what a joke! Do you think the blade of judgment is an ordinary profound level weapon? With my current strength, it's impossible for me to even make it manifest, let alone use it. "

Lord Wei Qing? " Yunxiao looked incredulous. is Lord Wei Qing that weak? " I didn't study much, so don't lie to me. "

"Hmph, why Would I Lie to You!" Wei Qing flicked his sleeves.

Yunxiao nodded, and his eyes gradually gleamed with a fierce light as he said, " "So you're saying that even if I slap you a few times now, you won't be able to retaliate?"

Wei Qing was shocked and quickly became alert. He said angrily, " "What do you want to do?"

Xuan Hua also wiped his cold sweat and said awkwardly, " "No way. What are you doing at this time?"

Yunxiao walked toward Wei Qing step by step and sneered, " don't worry, I won't kill you while you're in danger. But thank you for the resentment you've left in my heart for so many years. Today, I'll take advantage of you to collect some interest!

...

A three-colored divine body emerged from his body. In a flash, Yunxiao teleported in front of Wei Qing and gave him a hard slap.

Wei Qing was shocked and angry, and his feet instantly moved.

At this moment, his physical body was almost completely destroyed. He could not avoid that slap at all. He could only use his ingenious steps to step into the best defensive position. Then, he grabbed the Dragon catcher with both hands at the other party's arm.

Then, he transformed his hands into Dragons and grabbed Yunxiao's arm, choking the palm.

Even though a huge force was transmitted over and caused his physical body to be injured, causing another mouthful of blood to flow out of his throat, he heaved a sigh of relief in his heart. Otherwise, he would never be able to wash away the humiliation of being slapped in this life.

Li Yunxiao, don't mess around!

He stared at Yunxiao, his eyes almost spurting fire.

But, the corner of Yunxiao's mouth curled up slightly as he gave a mocking smile.

Wei Qing's heart trembled, and a bad feeling welled up in his heart. Yunxiao, who he had grabbed, suddenly turned into a light and gradually disappeared in front of him, and when he tried to catch the Dragon with both hands, he had grasped nothing!

"Not good, it's an illusion!"

Wei Qing instantly reacted, but it was too late. His vision suddenly darkened, and a Golden Palm came from the sky, slapping his face fiercely!

...

"Pa!"

The crisp sound of a slap resounded through the sky, and it seemed as if everyone trembled slightly and glanced over from the corner of their eyes.

Then, they all looked shocked as they saw Wei Qing's body roll in the air and fly out with a slap.

"Ah?"

Xuan Hua and Wei Shishi, who were the only ones free in the air, had their mouths wide open. They couldn't believe what they had seen. He had really done it and slapped the Holy region's administrative department?

Xuan Hua even rubbed his eyes and looked at it a few times before he believed it.

He broke out in a cold sweat and said awkwardly, "You ... You've caused a lot of trouble."

Yunxiao clapped his hands, looking indifferent, and said, "Big trouble? It's Wei Qing who's in big trouble, this slap is just the beginning."

Xuan Hua and Wei Shishi were covered in cold sweat, thinking to themselves that they really couldn't afford to offend this person.

li Yunxiao, I'm going to kill you!

Wei Qing's angry roar came from afar, and a green light instantly flew over. Wei Qing almost lost his mind as he roared and punched down!

Yunxiao chuckled and stepped back with a tap of his foot, loosening the force of the punch.

Wei Qing's eyes were red with anger, and there was a clear handprint on his face. He suddenly grabbed his right wrist, and a golden light appeared in his right palm, slowly gathering power.

The golden light was unstable and turned into a knife shadow, but it was trembling violently.

“Pfft!”

Wei Qing spat out a mouthful of blood, and his aura collapsed. The golden light disappeared from his palm.

He tried to condense the blade of judgment again to kill Yunxiao, but he failed in the end.

“Phew.”

Yunxiao exhaled and shrugged. I’m really helpless. If you don’t want to die, then get lost and watch quietly. “Besides, I don’t want you to die so soon. I’ll play with you slowly when I return to my peak.” As for now, get lost!”

The sound waves of his shout were like a vast wave.

Wei Qing spat out blood again and was sent flying several thousand feet away. He staggered a few times in the air and fell to the ground with endless anger and resentment.

Xuan Hua’s expression was grave as he stared below and said, “You humiliated him like this today. I advise you to go all out and eliminate him at the root!”

I will,” Yunxiao said. but not now.

“You’re afraid of Wei Wuya?” Xuan Hua frowned.

since I dared to slap him, I naturally am not afraid of Wei Wuya,” Yunxiao said. I’m just telling him that I, li Yunxiao, am here. I’ll go to the Holy region to get back what he took from me.”

Xuan Hua's brows were still tightly furrowed, and he didn't feel relaxed. He sighed. "Since you've thought about it, I won't say much. But now that the two races were fighting, it was better to solve the problem at hand first. How can we break the minor galaxy formation?"

Yunxiao looked at the slowly flowing Silver River that was hidden in the void and said, "It's actually very simple. I only wanted to test the difference in our spiritual power when I fought him with divine arts. If we really want to break this formation, who in the world can stop us if you and I join hands and each use one of our strongest moves?"

"Good, we should have done this earlier, breaking the formation with martial arts!"

Xuan Hua laughed out loud and heroically took out the broken star bow. It was embedded with countless spirit stones and was as bright as the night sky.

Al Hui's expression changed slightly, and he looked serious.

The two of them did not conceal their conversation at all, so he had heard it clearly. If the two titled martial sovereigns joined forces, his minor galaxy formation would be in trouble.

Looking inside the formation, he saw that the demons had the upper hand. Other than hei Yuhu and Zhen Yu, the rest of the people in the Holy region were in danger. As long as they could hold out for the time it takes to brew a cup of tea, they would be able to win.

Al Yi gritted his teeth and took out a heart-protecting pill and put it in his mouth. If he couldn't withstand it, it wouldn't affect his life.

Yunxiao saw his action. He chuckled, turned around, and said, "Palace Master Shi Shi, are you willing to contribute?"

Wei Shishi seemed to be hesitating.

Your Excellency has caused a great disaster earlier, ” Yunxiao said. if the five Cloud Mountain can't be sealed again, I'm afraid it will be difficult to rest.

Although Wei Shishi appeared to be in a difficult position, she still nodded and said, ” “Sir po Jun's words are very true. Then this Prince will do his best and hope to recover some losses.”

Al Hui's expression changed drastically, and his forehead was covered in cold sweat, which flowed down like water.

When three divine transcendence joined forces, even a level ten sorcerer God would not be able to withstand it, unless they were a level ten sorcerer God, and they had to maintain such a huge and vast array.

A lotus flower appeared in Yunxiao's palm, which slowly turned into a red sword. Holding it in his hand, his sword intent kept rising.

He stared at Al Hui and sneered, ”Mr.ai, although I admire your unparalleled talent, I can only choose the latter when it comes to the righteousness of the two races.” If you have the confidence to block the combined attack of the three of us, then you can try. If you can't, I advise you to stop in time, otherwise, you will die.”

“Martial Emperor Vanquisher understands the righteousness of the two races, so how can I not?” Al replied coldly. Even if I die nine times, I will not regret it. ”

I respect you, Sir, ” Yunxiao nodded. I'll do my best in this strike. When we met in the art of Dao, I only won by a narrow margin. Now that we meet again, I didn't expect to send you on your way with martial Dao. Farewell.”

He sighed and raised his sword horizontally. It emitted a hot and strong light, and lotus flowers bloomed on the sword. It was beautiful, but dangerous.

Xuan Hua also raised his longbow, and a strange phenomenon of Starlight and night spread out from the bow, as if there was only the shadow of the bow left in the world.

A hesitant look flashed across Wei Shishi's face. She stretched out her hand and made a grabbing motion in the air. The sound of a zither trembled, and countless strings appeared in the air. They converged in her hand and formed a sword that emitted a burning flame.

The three of them were all ready to go, and the whole world became gloomy and oppressive because of their powerful aura.

Inside the small galaxy formation, desolate's face was ashen as he gritted his teeth, "Mr.ai, quickly remove the formation! The tribe leaders can die, but you can not!"

"You must be joking, Your Majesty. I'm just a member of the demon race, no different from everyone else." Ai smiled calmly.

no different from everyone, " Yunxiao said. what a good one!

He suddenly moved his sword, not toward the small galaxy formation, but to his back.

The seven lotus flowers bloomed one by one, and a figure was reflected under the light of the ice fiend Heart Flame. At the same time, he turned pale with fright and suddenly retreated.

Yunxiao had already seen the man's face clearly. It was the great demon wing. He smiled and said, "You want to sneak attack this young master? pay for your naivety with your life!"

"Jian Ge!"

A cold light flashed, and the seven green lotuses exploded one by one. The terrifying sword force and the ice fiend Heart Flame were like an overwhelming force.

Yi was shocked and instantly felt death approaching. He roared and spread his wings. His potential exploded in an instant, directly twisting the space and teleporting away.

However, the space was also swallowed by the flames. The sword will was like the sea, and his life was like a small boat swaying.

“BOOM!”

The terrifying power of the sword was sent flying ten thousand feet away, and everything was destroyed along the way, completely destroyed by the sword force and the heart Flame.

“Wing!”

Several sounds rang out in the air. Then, wing’s figure appeared a few hundred feet away from the power of the sword Song. Both his wings were destroyed, and the right half of his body had been cut into pieces. He struggled in the air in pain, and large pieces of flesh and blood fell.

More than ten figures appeared in the air. One of them had a cold look on his face. It was Shang. He walked to wing’s side and held him up. He said in a deep voice, ” “Hold on!”

Wing gritted his teeth in pain. Sweat dripped down his forehead as he shook his head repeatedly and said, “Lord Shang, I can’t take it anymore. I’ve been following you for tens of thousands of years. I’m sorry, but I’ll have to leave first.”

“What nonsense!” Shang gritted his teeth. As long as you’re not dead, you’ll be able to live!”

Wing gave a wry smile and said, ” Yunxiao’s sword was too powerful. Although I managed to escape, I was burned into my body by that terrible flame. Now, I’m struggling to resist it, and I’m like a lamp running out of oil. I’m afraid I’ll be turned into ashes in a moment. Daren must be careful of his sword, it’s so strong, it’s really so strong.”

Wing muttered to himself. What remained of his body began to burn. Balls of white flames burned out of his body, turning him into dust in an instant.

Shang’s hands trembled as he tried to grab onto something, but he kept losing it.

He suddenly felt dazed. Wings, talismans, and Spears appeared in front of his eyes one by one. Now, only Li was left. Was what he had pursued for tens of thousands of years really important?

“Li Yunxiao!”

die! Shang growled. He clenched his fists by his side, allowing the dust from the wings to scatter into the world.

The surrounding demons were also extremely angry, but at this moment, they were shocked by Shang’s anger. They subconsciously retreated a few feet, not daring to come too close.

Yunxiao could also feel his grief and indignation. “All good things must come to an end. They have followed you for tens of thousands of years, and there will be a day when they part. Maybe it’s just too sudden, so you can’t accept it. ”

hahaha, you piece of trash. You killed wing, and now you’re still talking nonsense in front of me!

Shang’s anger burned as The Phantom of his true body appeared behind him. He was clearly enraged.

not good! Yunxiao said in a hurry. Xuan Hua, Palace Master Shi Shi, break the array!

If Shang and the others interfered, they would not have the time to break the formation. Once the Saints in the formation were destroyed, it would be impossible to seal five Cloud Mountain again.

“Alright!” Xuan Hua immediately replied.

The star shattering bow was raised and the cloud piercing arrow was shot out like a shooting star.

Wei Shishi also made her move at the same time. She slashed down with her sword, and tens of thousands of strings danced in the air, turning into countless musical notes that jumped in the air and fell one by one.

“Mr.ai, withdraw the formation!” CI hurriedly shouted.

...

AI hesitated for a moment. Shang and the others had also appeared. Although there were internal conflicts, they were brothers who were united against external humiliation.

With this in mind, he no longer needed to set up the small galaxy formation. Immediately, he withdrew his hand seal, and the Galaxy in the sky flashed and disappeared.

“Everyone, run!” Desolate shouted at the same time.

At the same time, AI Hui made a hand seal, and all the nearby demons were instantly teleported away by his divine sense.

“BOOM!”

Two vast forces fell from the sky like a torrential rain, wanting to wash the sky and the earth!

All the human warriors were shocked and turned to run away. A few of them were already seriously injured, so they were swept up before they could escape. They turned to dust before they could even scream.

After two moves, the entire world fell silent, without a single sound, as if another storm was about to begin.

Black universe protector’s face was extremely unsightly. More than half of the Saint realm Warriors were either dead or injured, and those who survived were all injured. Even Wei Qing had been thrown into the ground by Yunxiao and disappeared without a trace.

On the other hand, the number of demons increased as they fought, and they became stronger and stronger.

He was extremely anxious and hoped that Yuan gaohan would be able to persuade Tian zhaozi to send strong reinforcements. Otherwise, the situation today would be irredeemable.

...

Shang kept his eyes on Yunxiao, and his anger began to be suppressed as time passed.

The illusion of Huo Dou behind him also returned to his body, as if he had suppressed his emotions.

Li HECI also returned to Yi's side and joined the other demons.

Li abnormally was filled with grief and indignation. He couldn't help but cover his face and sob in a low voice. His eyes were completely red.

The forces seemed to be divided into three factions. Everyone was standing quietly, trying their best to regulate their Yuan power, and no one spoke.

In the end, it was Shang who spoke, but not to Yunxiao. Instead, he looked into the distance and said, "Desolate, until today, you've submitted to me to complete the great undertaking of the unification."

Desolate's face turned cold. why? don't forget that I'm the king of ten thousand monsters in this era!

the era has been divided here, " Yi said. your era as the Emperor is in the past, and it will not belong to you in the future.

Desolate laughed angrily, " haha! The choice of an era isn't decided by words. It's decided by power! Do you think you've got me?"

you're heavily injured right now, " Yi said. even if I suppress you by force, it's not a fair victory. You won't be convinced.

“Haha, what a joke! Do you really think that you’ve got me?”

“I’ve been waiting for you for a long time, Shang!” Huang mocked.

All of a sudden, Desolate stood up from the chariot. His body, which had been wounded by the evil aura, was healing at a speed that was visible to the naked eye. A powerful aura was spreading out from his body.

Ai Jing said, “Your Majesty, what are you doing?”

Desolate snorted and said disdainfully, I am the Emperor of all demons. Although the blade of judgment is sharp, Wei Qing is not strong enough to defeat me completely!

The demon Emperor’s aura continued to rise, and his injuries quickly healed.

After a brief moment of shock, the demons behind him all cheered, all of them extremely excited.

The human cultivators’ expressions were even uglier.

Shang’s expression did not change much as he said, “The blade of judgment was born from all the evil Qi in the world and absorbed the resentment and blood essence of countless Warriors. You can’t be safe. Don’t you think it’s ridiculous to act like nothing happened in front of me?”

“So what if I’m slightly injured?” Huang snorted. I can easily suppress it. The reason why I haven’t made a move yet is because I was waiting for you to appear!”

“You think you can beat me?” the referee asked. If that’s the case, there’s no need to rush to break the seal.”

that's right, " Huang nodded. you have my clan's holy artifact, the armillary sphere. I'm not confident, so I came to the gray demon clan. Now that the seal has been broken, you're walking right into the trap. Isn't this the perfect time and place?"
