

The Eternal 1811

Chapter 1811

1811 Battle of the seal (8)

Shang's expression changed. Not only him, but everyone else's hearts skipped a beat as they looked towards five Cloud Mountain in shock.

The five Cloud Mountain, which had been quiet all this while, suddenly began to exude demonic Qi, which materialized into smoke and clouds.

"How could this be?"

Everyone was greatly shocked. The demonic Qi in the mountain was surging, and it was a world of difference from before.

"How did this happen?" Ai Jing asked.

Desolate's violent look had changed to a cold one. It's simple. Since the seal has been broken, they could have come out a long time ago. However, in order to lure Shang out, they had to restrain their demonic Qi.

Al Xu said, "in that case, Yingluo ..."

yes! Huang nodded. I've already planned this with the gray demon leader, cruel. Even the appearance of these humans was within our calculations. We wanted to kill Shang!

A cold glint flashed in his eyes as he locked his killing intent onto Shang. The demons were in an uproar before quieting down. They were all ready to fight.

Yi's expression didn't change much as he said indifferently, "But unexpectedly, that human expert was able to injure you."

"I've told you," desolate said, "it's just a small wound. It's nothing." You're testing me repeatedly just because you want to know the extent of my injuries. Master Hu, you're just like your immature subordinate, extremely childish. You'll also die because of your childishness, just like your immature subordinate."

The faces of hei Yuhu and the others were as ugly as pig's liver. Right now, they could only hope that these two groups of demons would kill each other and reap the benefits.

Hearing this, the anger in the referee's heart that he had tried so hard to suppress rose again, and his face turned cold.

Your Majesty, " Ci suddenly said, " there are still people from the sanctum here. It's not easy to kill each other. Why don't we eliminate the foreign enemies first, and then we can discuss the internal affairs of our own race? "

The human cultivators were all shocked. With a whoosh, they pushed back a few thousand feet, distancing themselves from them.

hehehehe, why is the air outside the mountain so terrible? it's better to stay in the mountain with abundant spiritual Qi.

An evil voice came from the demonic Qi that filled the sky. It made people's hearts tremble.

Everyone stopped arguing and looked over.

Above the demonic Qi, various figures began to appear. A red mist enshrouded the mountain, and the terrifying smell of blood spread out. Even from thousands of feet away, it was pungent.

Yunxiao was slightly surprised. This feeling was very similar to Mr. Yang's.

After the ball of blood Qi continued to roil, it slowly took the form of a man with a cold expression, appearing extremely sinister.

“Mr. Yang?”

Yunxiao was taken aback. It was Mr. Yang, and even his feeling was the same. The only difference was that he was far stronger than Mr. Yang.

The man’s eyes narrowed as he stared at Yunxiao and said in a cold voice, “You’ve seen me before?”

exactly the same. Yunxiao nodded. it looks like it’s most likely your avatar.

Everyone was shocked, revealing a look of shock.

The incarnation was a legendary magical power, and no one believed in the existence of it.

“Where is that person now?” the man asked sternly.

he was beaten by me until he only had a drop of blood essence left, ” Yunxiao said. he fled through the air.

“What? You dare to hit my avatar? die!”

die! the man roared and waved his hand. Immediately, a Red Cloud sprinkled down and slashed at Yunxiao like a blade of light.

die your sister! Who Do You Think You Are? ”

Yunxiao grinned hideously as he raised his hand and unleashed a Thunderbolt. The heavenly hammer was rolling inside it, emitting golden runes as it smashed down!

“BOOM!”

The power of the lightning spread out like an infinite ring of stars, pushing forward wave after wave, extinguishing the red light.

The monster race man's face darkened. He realized that the other party's lightning was the perfect counter to his blood shadow technique. He didn't dare to move recklessly and said, "Where did that drop of blood essence escape to?"

if I knew," Yunxiao said, " would he still be able to escape? "

The man pondered for a while. It was indeed difficult to catch the blood essence that had escaped. He couldn't help but grunt, appearing extremely unhappy.

Mr. Yang was originally an avatar of his, and he had taken away a portion of his power. After a long period of time, he had finally emerged from the crack in the seal. He was supposed to be able to do something.

However, he didn't expect that when the avatar passed through the seal, it was affected by the seal's power and gradually developed its own consciousness. It was hidden so deeply that he didn't notice it.

It was only after he broke out of the seal that he was exposed. He wiped out his divine sense and took over the body.

What made the man extremely depressed was that the body was formed from a drop of his blood essence. It had taken away a portion of its power and had to be recovered.

When Huang saw that the man was suppressed by Yunxiao as soon as he appeared, he looked suspicious and said, "The Lord of the blue Demon tribe, Lord Xi?"

"That's me," the man said.

As the demonic Qi continued to surge, many demonic clan existences condensed behind him. They were all very powerful. In an instant, thousands of demonic clan members appeared, like heavenly soldiers and generals. They stood in the sky with an awe-inspiring aura.

Desolate's eyes glowed. Although Yi's strength was not as strong as he had expected, the thousand demon race members that had appeared were all at the martial Supreme realm. This made his blood boil.

"Haha, thank you for your hard work, Mr. Jin! With this group of powerful clansmen, there's no need to worry about our clan's revival!"

Desolate was overjoyed, laughing.

"Thank you for your effort, Your Majesty," Yi smiled faintly.

"Yeah," Huang nodded. The most important thing now is to take down the traitor Shang, and then exterminate the humans."

"Your Majesty, you're wrong," the ancestral temple said. "You should first exterminate the human race, then discuss the matters of our own race?" If the three of us were to start a war, it would probably be the greatest upheaval the demon race has experienced in thousands of years."

Huang shook his finger and said sarcastically, " high priest, you're wrong. It's not three sides. It's two sides. It was just killing a traitor, how could there be any unrest! Shang, I can give you a chance to surrender. After all, you are a rare talent."

"Thank you. If that's the case, I'll give you a chance too," the referee said.

...

"Haha, you haven't changed!"

Desolate's eyes had a murderous intent as he mocked, "In that case, I won't be polite! After this battle, you will be the high priest of our tribe!"

Mo nodded and waved his hand. The demons behind him immediately rushed down from the clouds with a shocking aura.

More than one thousand demons surrounded Huang and the others.

“Mr. Nie, what do you mean?” Huang was shocked and angry.

The human cultivators were also stunned, but they suddenly seemed to have guessed something.

The referee touched his chin and laughed strangely, “What do you mean? Naturally, I’m going to keep my promise to Master Yi and take you down together.”

“What?”

Desolate and the monsters around him were so frightened that they couldn’t react.

Shang’s expression did not change. “Are you the only one who can communicate with Mr. Jin? I can’t?”

“Hey,” Huang said coldly, “don’t you want to learn the host’s technique of our tribe’s Secret technique?”

...

A look of pity flashed across Mo’s eyes as he sighed. Of course I want to learn, but in comparison, Lord Shang wants me to study the armillary sphere’s rules. I want the latter more.

Desolate sneered, “the rules of the armillary sphere?” What a joke! Even Shang himself may not have fully understood it, it’s just a flower in the mirror, the moon in the water, you believe that?”

Mo Dao said, “there are no godly state experts under the sky now. Even if it’s the moon in the water, we have to go and fish it out. It’s better than a pool of stagnant water with nothing. Furthermore, my

mother has always told me to pick the soft persimmons, and the chances of winning by joining Lord Shang seems to be higher.”

“Damn it!”

“Traitors! You’re all traitors!” Huang Zhen shouted angrily. To think that I spent so much effort to release you. You betrayed me today, and you will definitely betray Shang in the future. Do you think Shang can keep you?”

“Betrayal?” mo Xiao asked. You’re speaking as if I’ve sided with you. Is there any meaning in such low-level disharmony?”

“Well done, Mr. Qu,” the referee said.

He turned to the sanctuary people and said, “Today is an internal matter of my clan. Although you have come with ill intentions, I don’t want to make things difficult for you. If you want to leave, you can leave now. However, a cold glint flickered in his eyes, and he said sternly, “ Li Yunxiao, you can’t leave!

“F ** k, no way.”

Yunxiao wiped the sweat off his forehead and said, “ Mr. Shang, it’s inconvenient for me to stay in your internal demon discussion. Let me go too.

Shang’s killing intent seemed to have been set in stone, and he turned to black universe protector. “Lord of the Holy region’s administrative department, do you want to leave or stay?”

Hei Yuhu’s choice was difficult. He was unwilling to leave, but he would not gain anything if he stayed.

of course, ” Yunxiao said. Lord Black universe protector, you can’t leave. We’ve been on good terms with the monster race for generations. Now that the monster Emperor is in trouble, we should naturally help him.”

“You’re right, Sir po Jun!” Desolate’s eyes shot out a bright light. As long as the Holy region helps me to put an end to the internal strife, as long as I’m the Emperor, I’ll be on good terms with the human race forever!”

“Lord Huang,” Yi sneered, “you used to be the Emperor of all demons, but now you’re bowing down to the human race? Where is the dignity of our race?”

Black universe protector could only feel cold sweat on his palms. This thought would affect the stability of the two races for the next few hundred years, making it difficult for him to make a decision.

in fact, the situation is very obvious, ” Yunxiao said. if we crush the demon Emperor and the demon race is unified, with the addition of these great demons from five Cloud Mountain, will the starry and lunar illusion be able to keep these people? I’m afraid a war between the two races is inevitable.”

Black universe Guard’s pupils constricted. Yunxiao’s words had reminded him that a powerful demon was definitely a huge hidden danger.

The unification of the demon race would definitely lead to the expansion of their territory.

If he retreated today, he would have to spend more energy to make up for today’s mistake in the future.

The entire sky was so silent that it was depressing.

The human race martialist seemed to have sensed black universe Protector’s thoughts as well, and he was so nervous that his entire body was covered in sweat. After all, if they really had to fight, none of them would be able to return alive.

Black universe protector took a deep breath and said, ” Yunxiao is right. Our clan has been on good terms with Your Excellency demon Emperor for generations, and we live in peace. Today, Your Excellency demon Emperor is in trouble, and we can’t turn a blind eye to it.

Chapter 1812

1812 Battle of the seal (9)

Shang's expression was dark, but the result was within his expectations.

"My Lords, won't you consider it again? If you leave now, I promise that my race will not have any conflicts with the human race for the next 50 years."

Although he was not a Demon King, his prestige was still very high, and Shang did not object to it.

The human race in front of them was not weak. There were four divine transcendence experts, including Hei Yuhu, Xuan Hua, Yunxiao, and Wei Shishi, and there were also countless experts on Yunxiao's divine realm tablet. The demons would not have an easy time in the battle.

What was more serious was that if he killed all these sanctuary powerhouses, he would have to face the pursuit of the human race.

Unless it was absolutely necessary, he did not want to have a conflict with the sanctuary at this time.

"50 years?" If you can make a promise of five hundred years, I'll leave."

"Your Excellency, aren't you making things difficult for us? We can't even live for more than five hundred years, so how can we make such a treaty with our descendants?"

"Then there's no other way," black universe protector replied.

It's not that there's no other way," Yunxiao suddenly said. If you can let the demon Emperor go, the people of the Holy region can also consider leaving. This isn't too difficult, right?"

Hei Yuhu's eyes lit up as he secretly praised Yunxiao's wit. "Indeed. As long as you release the demon Emperor and don't start a conflict here, we will leave immediately."

As long as the demon Emperor was not dead, even if they were weak, the battle between the two major forces within the demon race would not stop, and they would have no time to deal with the human race.

On the other hand, the sanctuary could secretly support the weaker party, grasp the balance, and cause internal friction to last forever.

li Yunxiao, " the judge sneered, " you've come up with a good idea. You're indeed my biggest threat. I can't agree to either of the two conditions. Since you all have chosen to court death, then I'll be a gentleman and help you fulfill your wish."

"Kill!"

A sharp killing intent burst out from Shang's body. As soon as he said the word "kill," the sky changed color and the clouds surged.

Before anyone could do anything, the entire world seemed to have turned into a purgatory. A bone-chilling cold invaded their blood, and everyone could not help but shiver.

"Leave desolate to me. High priest, Mr. Ke, I'll leave the rest to you!"

As Shang spoke, he appeared in front of the Emperor in a flash. His body transformed into the true form of Huo Dou. With a roar that came from the wilderness, he threw a punch with the power of Thunder.

Desolate flew out of the chariot and kept stepping back. Then, he threw a punch as well.

"BOOM!"

The two fist forces collided and exploded in the air, sending out endless light waves that scattered in all directions.

Many of the surrounding demons were sucked into the vortex, and they were all sent flying with severe injuries.

Huang was shocked. His subordinates were all around the chariot. He flew up into the sky with a shout to prevent his subordinates from being affected.

The referee sneered and chased after him.

CI looked at desolate's men and said, " you are the backbone of our tribe. The death of any one of you is an unbearable loss. I hope you can forsake the darkness and join the light. We can let bygones be bygones.

"Hmph!" Soul snorted coldly,"who is the dark and who is the light?" Could it be that the ruler of all demons for the past hundred years had been in the dark, while these great demons that had suddenly appeared were in the light? The one who needs to wake up is you, high priest!"

for generations, the demon race has always respected the king. Any tribe or person must obey the Demon King's orders without hesitation. If this rule is broken, even if Shang becomes the new Demon King, it will be overthrown sooner or later. AI said in a deep voice.

"I know you have your own reasons for not turning against me, but the will of the heavens can not be chosen by humans," CI shook his head and sighed.

"There's no point in talking, let's fight!" Soul said.

The demons behind him were also full of heroic spirit. They rushed towards the thousands of five Cloud Mountain demons with a look of fearlessness.

They were all thinking of killing as many as they could. Although the enemy had thousands of people, their line of defense was broken in an instant, and they suffered heavy casualties.

The referee seemed to be indifferent as he laughed, " tsk tsk, very powerful. This is the first time I've seen my clansmen fight outside the mountain. It's very impressive.

"All humans, follow behind these demons!" Black universe protector ordered.

Desolate's dozens of powerful demons and beasts were quickly buried by the demons. Black universe protector knew that if they died, he and his men would be killed even earlier. They had to work together to have the greatest chance.

li Yunxiao, " Xuan Hua said. what should we do? "

Wei Shishi also moved closer to the two of them. At this moment, she could not stay out of this matter. Moreover, she was the one who had given them the seal-breaking technique, so she felt a trace of guilt in her heart. However, what she did not understand was why that person would want the demon race to break out of the seal.

I'm afraid we'll lose this battle without a doubt if no strong reinforcements come, " Yunxiao sighed. I'm afraid we'll be defeated. We naturally don't need to die with hei Yuhu and the others. Kill as many as we can, and if we can't kill them, we'll immediately leave."

"Alright!"

yes, " Xuan Hua replied. I'll kill a few more to recoup my losses, but if you want me to give up my life here, I'll definitely not do it.

Zhen Yu and Wei Shishi naturally had the same thoughts. They immediately spread out in the air and rushed into the demon Army.

"It's not that easy to leave!"

die! CI shouted. These people were all divine transcendence experts. If they were allowed to kill, the demon race would suffer heavy casualties.

His figure flashed and appeared in front of Xuan Hua. A silver sword appeared in his hand and he stabbed over.

Because among the few of them, Xuan Hua was good at long-range attacks and was probably the one with the greatest threat. Even if he couldn't defeat the other party, he had to stall him.

Li also took out his battle drum and stopped Wei Shishi, " "Since you're a woman, then let me fight."

"Alright, I don't want to go to such a bloody place either," Wei Shishi said.

In the battlefield of a thousand demons, blood was everywhere, which made her feel uncomfortable.

Li smiled bitterly and said, "There are many demon tribes, and killing each other is a common thing. Every great demon has been struggling to come back from the line of death. I'm afraid that many of you human martial artists who have cultivated to the martial Supreme realm have never seen blood before."

"The humans aren't as brutal and Savage as you, but they're not kind either. Don't let the seal of the five Cloud Mountain break and let the human race be bullied."

Li Dao said, " history is always changing. Every race and tribe has their ups and downs. The heavenly martial arts realm was once ruled by the demon race, but it was later settled in the illusionary realm of stars and moon. However, I believe that with Lord Shang's appearance, the heavenly Dao will be reversed again."

"In your dreams! The heavenly Dao has never been driven by human power. To rashly talk about the heavenly Dao, it can be seen that you're also an arrogant person!"

Wei Shishi didn't want to say anything more. She raised her left hand, and countless strings twined around her hand as she suddenly struck out.

...

Li didn't dare to delay. His figure flashed and turned into countless afterimages.

The shadow was pierced by the sound strings, and the body was revealed immediately, retreating continuously.

On Zhen Yu's side, he was also held back by Meng Hexian of the eight demon tribes. After the battle at Red Moon City, the two had followed Shang with all their might.

"Tsk, tsk, tsk, tsk, so bloody."

Mr. Nie looked at the massacre everywhere and laughed strangely. He seemed very excited.

"Uh, it's quite bloody. If Mr. Nie likes it, I can go down and kill a few more people for you to see, how about it?"

Yunxiao asked with a smile.

"Hahaha, you're an interesting kid. You're quite good at talking. It's good that you can make me happy. I'll let you die in a more comfortable way later."

Mr. Nie laughed, and then a cold light gradually gathered in his eyes. The corners of his mouth curled up, and he looked at Yunxiao as if he were looking at a little white mouse.

no one will feel comfortable when they die," Yunxiao said. if you don't believe me, you can try it yourself.

"Do you think you have the strength to fight me just because you took one of my moves?" Mr. Nie said sarcastically.

...

I don't dare," Yunxiao said humbly. I don't dare.

"But you look like you dare," Mr. Nie said.

I dare you," Yunxiao said lazily with a smile. then I dare you.

Mr. NIE's face darkened and he said coldly, "Your current appearance is very annoying."

Yunxiao touched his chin, blinked, and said, "Oh, really? Thank you for the compliment."

Suddenly, he struck out with his palm in the air and slapped behind him without turning his head.

"Bang!"

A blood shadow had formed behind him and was dispersed by his Golden Palm. However, it didn't dissipate. Instead, it turned into countless balls of blood that floated quietly in the sky.

"Childish."

Yunxiao sneered.

Mr. NIE's face turned cold and he rushed forward.

The blood flew down and gathered toward Mr. Nie. They were all absorbed into his body and into his skin.

At the same time, Mr. Nie came up to Yunxiao. His face suddenly turned ferocious as he opened his mouth and let out a long breath, spitting out a nauseating smell of blood.

"Gulp."

Yunxiao felt his stomach churning, and he could not help but throw up.

Just as he was feeling extremely uncomfortable, Mr. Ke chuckled, turned his palm into a spear, and thrust it at Yunxiao's heart!

Yunxiao raised his hand and pointed his index finger down. A golden light appeared on his fingertip.

“Dang!”

The tip of the finger directly touched the front of the spear, suppressing the attack.

“Eh?”

Mr. Nie let out a cry of disbelief. The spear suddenly broke into pieces, turning into several streams of blood that flowed up Yunxiao’s fingers and completely wrapped around his arm in an instant, then spread to his body.

Yunxiao felt pain in the places where the blood flowed. The power of the tainted blood was corroding his body. If it were not for his strong body, any other peak nine-star martial artist would have been turned into a skeleton in an instant.

Even for him, the pain was unbearable.

“Hahaha, you’re too careless, aren’t you? If you’re stained by my blood, even if you’re a divine transcendence expert, you’ll still lose half of your life, hahaha!”

Mr. Nie laughed proudly.

you sure have a lot of nonsense to say in a fight,” Yunxiao said coldly.

He clenched his hands into fists, and the origin power in his entire body trembled. The tainted blood that was bound in front of him was instantly shaken off, and not a drop was left.

Chapter 1813

1813 Battle of the seal (10)

Mr. Nie said in surprise, "you're stunned!"

Yunxiao's skin was covered in black blood, but beams of glazed light spread out and washed away the traces.

"Ignorance will lead to overconfidence. Moreover, you've been imprisoned in the small space of the five Cloud Mountain, but you can't be blamed."

"I'd like to see who's the ignorant one! When I capture you, I'll extract your blood essence and refine your soul!"

Mr. Nie was furious. He did not dare to underestimate his opponent anymore. He clenched his fist and conjured a ball of blood, which spun continuously.

The shadow of a weapon slowly emerged from the blood Qi. It was actually two blades, one long and one short, and the ends were connected by chains.

The long blade was white and transparent, like jade and bone. The short knife was as yellow as gold and dazzled.

As soon as the two weapons were taken out, a great sense of oppression spread out. Even Yunxiao felt his heart palpitate, and he could not help but become vigilant.

"That's the secret treasure of the centipede Dragon!"

Yunxiao took a closer look at them. It was the mighty dragon might coming from the weapons, and he was sure that they were Dragon artifacts.

"Just what level of existence is it to be able to leave behind such a powerful artifact!"

He you also felt the waves of weapon essence and was extremely shocked.

“Hehe, are you scared?”

this is the ‘bone-scale double-edged sword’, ” Mr. Nie grinned hideously. it’s a treasure passed down from generation to generation in my tribe. It’s a Dragon’s body!

I’ve seen a lot of things with Dragon bodies, ” Yunxiao said disdainfully. I’ve even seen the true body of a Dragon son. What’s there to be surprised about? ”

“Haha, you’ve seen the true form of the Dragon child? You’re really arrogant and ignorant, I’m so angry!”

then let my blood stain your bier and search your soul. Let me see what the true form of the Dragon son looks like! Mr. Nie laughed in anger.

The Jade bone knife slashed out a ray of light, and a cold killing Qi like the cold light of the moon flew out.

Yunxiao did not dare to be careless. The Dragon power contained in the slash was extremely strong, and if he were hit, he would be injured even with all seven gates opened and a pure Thunder body.

“Demon slaying!”

The sword death’s Red slash landed in his hand and a sword technique slashed out. It streaked across the sky and collided with the cold light of the Cold Moon!

“BOOM!”

The power of the two slashes exploded in an instant, and the vast Draconic Aura and sword intent entangled in the air, devouring each other.

In the boundless sword will, many Heart Flames were born. They exploded in the air one by one, burning the endless dragon power.

“What? What kind of sword energy is this?”

Mr. Nie seemed to be a little dumbfounded. It was hard for him to accept that the two swords were evenly matched.

In fact, strictly speaking, he was at a disadvantage, but this result was something he could not and was not willing to accept. Therefore, he automatically filtered it and treated it as an equal.

Yunxiao was shocked as well. There were not many people who could block his sword technique, and his opponent had only relied on the power of the Jade bone knife.

“This bone-scale double-edged sword is interesting. I’m going to borrow it to play with.”

Yunxiao chuckled and rushed forward, bringing with him a Thunderbolt.

Mr. Nie was furious, as if he had been insulted. He swung the bone Jade knife in his hand and the Dragon scale short blade flew toward him. A golden light lit up.

“Dang!”

Yunxiao’s sword death blocked the attack and immediately knocked the Dragon scale dagger away, but the chain stretched out infinitely. The dagger drew a circle in the air and then came back from behind.

“Dang!”

Yunxiao struck out with the sword again. The golden light trembled, and after the short blade was knocked away, it did not follow the fixed trajectory, but kept spinning.

Yunxiao frowned and immediately realized that something was wrong. The chain had formed an array around him, trying to trap him.

The moon pupil stared at the chain. There were countless tiny runes engraved on it, and the power flowed evenly on it, like a stream of water. It was actually integrated into one.

What surprised him the most was not the impregnable profound level weapon, but the fine runes. Other than the color, they were very similar to the chains of law!

What he could be sure of was that the person who forged the bone scale double-edged sword must have seen the lock of realm power and the chain of law!

The sword death slashed out again, and a wave of burning flames and sword Qi rose up. There were no flaws at all. It gathered at a random point and slashed out, trying to break the formation.

“Do you think I can grant you your wish?”

With a flash of blood light, Mr. Nie appeared in front of him and slashed with the bone Jade knife!

The entire chain formation was affected, causing clattering sounds to ring out.

Under the gaze of the moon-like pupils, the tiny runes on the chain continued to roll. Power gathered from all directions and poured into the saber.

A vast Dragon might erupted like a volcano, directly suppressing Yunxiao’s sword intent!

“Bang!”

The two weapons clashed together, and the blinding light of the blade and the shadow of the sword spread out in circles, drowning the two figures.

Yunxiao felt his hand sink, as if thousands of giant Dragons were coiling on the sword, trying to crush him!

With an evil look on his face, Mr. NIE's face was almost touching Yunxiao's as he said with a hideous smile, "The feeling of being suppressed by the Dragon Qi must be terrible, right?"

Yunxiao grunted, and his blood-red eyes transformed into Jade-like stars as he sent out a vast spiritual power.

"Tian que!"

Wherever his eyes focused, everything turned into nothingness. The tens of millions of Dragon might gradually dissipated under his gaze.

"What?"

...

Mr. Nie was shocked. Not only was the Dragon power on his saber losing a lot, but green lotuses had also begun to appear on the strange long sword. They bloomed one by one and turned white, like dancing flames, giving him an unusually dangerous feeling.

Mr. NIE's face darkened and he made a hand seal with one hand.

The spinning Golden Dragon scale blade flew down and slashed at the back of Yunxiao's head!

"Hmph!"

With a sneer, Yunxiao also performed an incantation gesture with his left hand, summoning three heads and six arms. Then, he suddenly put his hands together behind him and held the Dragon scale blade between his palms!

"What?"

Mr. Nie was shocked and felt the danger in front of him. The power of the Jade bone knife was flowing away too fast and could no longer suppress the sword death.

He suddenly pulled out his saber and turned into a blood-red light in the air, trying to escape.

“You’re only thinking of leaving now? Did you eat shit before?”

A mocking voice rang out. Then, seven white lotuses arranged themselves in the air one by one and chased after the blood light before suddenly exploding!

“Boom boom boom!”

...

The terrifying power of the flames scattered and directly slashed out thousands of feet away, swallowing the blood shadow in an instant.

“Bang!”

The arms behind his back also shook with all their might, shaking away the Dragon scale blade in his palm.

Yunxiao retracted his transcendence golden body and stepped out of the Nebula chain.

Dozens of feet away, Mr. Nie transformed into his human form. His face was pale, and he had obviously been injured by the sword Song.

However, as soon as he appeared, he impatiently held the Jade bone saber horizontally in front of him and continuously inserted incantation seals into it with his left hand.

Countless streams of light flew from the blade into the chains, and the entire sky began to sway.

Yunxiao suddenly stopped. An unusual fear spread from the bottom of his heart, and for some reason, he broke out in a cold sweat, as if he was being stared at by some wild beast, making him extremely uncomfortable.

The clattering of chains came from behind him. It was clear and pleasant to the ears, but he was not in the mood to appreciate it. Instead, he slowly turned his head.

The chains took form in the sky and turned into a huge Dragon. It lowered its head and its eyes were full of spirit. It kept shaking its head and wagging its tail.

“This is an ...”

Yunxiao was taken aback. The Dragon of the iron chain was so lifelike that it was as if a real Dragon had crossed time and space to stand in front of him.

“Haha, to be able to force me to use such a big move, you can die with honor!”

Mr. Nie laughed wildly. He swung his Jade bone knife forward and shouted, “Furious Dragon Strike!”

The huge Dragon Shadow trembled violently, and countless chains spun with its movements. In Yunxiao’s lunar pupil, all the nodes of the chains were perfect, making it a flawless profound level weapon.

Furthermore, after it condensed into the shape of a Dragon, its aura became one, as if it was one entity.

A Dragon’s Roar resounded through the nine Heavens, shocking almost all the martial artists who were fighting. They all slowed down their movements and couldn’t help but turn their heads to look over, revealing shocked expressions.

the power of the Furious Dragon Strike is as strong as an attack from a true spirit! Mr. Nie laughed hideously. let's see how you're going to be turned into ashes!

"A true spirit attack? Are you sure?"

Under the pressure of the Dragon's might, although Yunxiao found it difficult to circulate his energy, he did not panic. Instead, he sneered and said, "A frog at the bottom of a well should have the awareness to shut up, or else you will only become a laughingstock!"

He raised his hand, and a five-colored ray of light flew up. It turned into a mountain and flew towards the giant dragon.

"That's Yingluo."

Mr. NIE's sneer suddenly stopped. He looked at the Tusita peak in a daze and frowned.

That mountain peak gave him a very bad feeling. Just like the five Cloud Mountain, an extremely strong Earth Rhythm spread out, shaking people's hearts.

Even though he knew that the mountain was extraordinary, he did not think that it could withstand his furious Dragon Strike. He was ready to rush up to Yunxiao and tear him to pieces when he was seriously injured.

Xuan Hua couldn't help but swallow his saliva and said in shock, "It's the mountain peak."

In the battle of Red Moon City, he had personally seen this peak heavily injure the ghost king.

CI was also one of the witnesses at the time and exclaimed, "not good! Lord mo, quickly avoid that mountain peak!"

Mr. Qu's face darkened. He was a little unhappy with CI's words, as if he felt that he was being looked down on. He snorted coldly.

The five-colored light of the Tusita heavenly peak collided with the Dragon's might, causing the world to shake. Everyone felt as if the sky had turned into a turbulent sea, and they could not stand steadily.

This was just the collision of their abilities. Then, the chain and the mountain came into contact with each other. Instantly, a black hole was blasted open, and endless terrifying power rushed out in all directions.

The people who were fighting in the distance all hurriedly fled into the distance in shock to avoid being affected.

At the moment of impact, Yunxiao transformed into a Thunderbolt and fled thousands of feet away.

Mr. NIE's eyes widened in shock. His mouth was so wide open that it could almost fit a watermelon.

He immediately entered the ice cave and felt the terrifying power spreading towards him. He wanted to escape, but the Jade bone saber was still in his hand.

This item was a treasure passed down from generation to generation in the grey tribe and could not be lost.

Making up his mind, Mr. Nie held the Jade bone knife in reverse and stabbed it down.

A barrier condensed from Saber Light and Dragon's might spread out, protecting him within it. At the same time, he made a single-handed seal, and a blood-red light surged again, tightly wrapping him up. He could only watch as the terrifying power rushed toward him!

Chapter 1814

1814 Battle of the seal (11)

The shadow in Mr. Qu's heart at the moment was immeasurable. He cursed everyone and secretly thought that he was really unlucky to have met such a perverted opponent.

However, he stopped in the blink of an eye because the force came and shook the barrier. The backlash caused his body to become dizzy.

High up in the sky, Shang's expression was serious as he said, "Li Yunxiao!"

Desolate was also shocked. Even he wouldn't be able to withstand such a terrifying power.

But at this moment, he was overjoyed. The stronger his ally was, the greater the hope of victory. He didn't have much hope at first, but now there was a glimmer of hope.

He continued to punch out, filling the sky with fist shadows.

Both of them were of the firm and fierce strength type, and there was not a trace of trickery in their fight. Although it was not pleasant to look at, each move and form was a hard fight, and it was very strenuous.

"Huang, do you really want our race to suffer?" Shang asked coldly.

"What a joke!" Desolate sneered. This Emperor is the Orthodox lineage, and you, a traitor, still have the face to say such words? All of this was caused by one hand!"

"If that's the case, then I won't show any mercy. I wanted to take you in for my own use because of your strength."

"Subdue me?" Huang Ying laughed. Is that even possible? in your dreams!"

The referee suddenly punched the other party away and retreated a thousand feet before saying, "actually, I could have killed you a long time ago. However, not only did I lose you, who possessed unparalleled strength, but I also lost the heavenly Demon tribe's host technique. That's why I've kept you alive until now.

"Oh?" Huang snorted. From your tone, you're going to use a big move. I'll accompany you at any time."

He clenched his fist so hard that it cracked, and he got into a defensive posture.

Shang did not make a move, but said indifferently, "Aren't you curious at all why I'm so late?"

"You're just discussing with that traitor mo to deal with me, aren't you?" desolate frowned and snorted.

"That's what we've discussed before," Shang shook his head. The reason why I'm late is because it's the best time for you to leave the illusory realm of stars and moon."

"What?"

Desolate was shaken hard as a bad premonition arose in his heart. He cried hoarsely, you, what do you mean?!

His voice trembled as if he had thought of something.

"It seems like you've guessed it," the referee said,"then let me show you something."

He raised his hand, and the armillary sphere slowly flew up from his hand. The surrounding world transformed into a starry sky.

A purple demonic beast was walking aimlessly under the starry sky, exuding a terrifying demonic aura.

Desolate's face turned as pale as a sheet of paper. He couldn't even speak as if someone had grabbed his neck.

Shang looked at him. this is your host's beast-the southern Dipper Purple Deer. This demonic beast's attack power is not high, but it is powerful. It is most suitable to be the heavenly Demon tribe's host beast. The moment you left the illusory realm of stars and moon, I entered it. "

Not only was desolate's face pale, but his eyes were also lifeless. He seemed to be dejected, but he still said coldly, do you think that by capturing my host's beast, I'll be at my wit's end?!

His voice was extremely mournful, and coupled with his expression, he was clearly hysterical.

"Of course not," Shang replied with a rare smile. I know a little bit about your heavenly monster tribe. If the host beast dies, it will attack the host body. With your current competence, although you won't die on the spot, your cultivation base will be damaged and your cultivation base will drop. Unless you can step into the deity realm and escape the fate of this host, but that's clearly impossible."

Huang stared at the southern Dipper purple elk under the stars, his eyes filled with struggle.

"I'll give you one last chance," the referee said."Abdicate the throne to me and be loyal." Your strength is more than enough to match the sum of the eight divisions. It would be a pity to lose you."

Desolate's face was pale, and he didn't say anything.

you can think about it, " Shang said. I can still wait for a long time, so I don't mind waiting for a moment.

At this moment, the sounds of killing were still shaking the sky, and it was extremely tragic.

What they didn't know was that the battle between the two leaders had stopped, and everyone's fate had begun to change.

After the Tusita peak and raging Dragon break's terrifying attacks, the shockwaves gradually calmed down.

Yunxiao withdrew the mountain and looked over.

Mr. Nie seemed to have been badly injured after receiving the impact. He flew toward five Cloud Mountain in a blood escape technique.

“Escape?”

Yunxiao murmured and frowned.

Although he had gained the upper hand in one move, his opponent still had the upper hand on the battlefield. There was no need to escape at all.

Moreover, the thousands of great demons were basically Yi’s subordinates. As long as he called for them to surround him, he would be the one to escape.

could it be that his blood art was broken and his strength fell greatly? ”

Yunxiao thought of another possibility. If that was the case, it must have suffered a great loss in strength, and then sensed the danger, which was why it wanted to escape.

no, if that’s the case, he shouldn’t have escaped in the direction of five Cloud Mountain, but to the ends of the earth.

With the question lingering in his mind, Yunxiao pondered for a moment, then transformed into a bolt of lightning and chased after the man.

After all, the five Cloud Mountain was also a mutated earth element. It was a good time to go and take a look at what he wanted to get.

Moreover, there was also the matter of qu Hongyan and Luo yunshang. It had been a long time since the seal was broken, but the two had not appeared. He was a little worried. Perhaps he could find some clues in five Cloud Mountain.

The five Cloud Mountain connected heaven and earth. It was huge and filled with demonic aura. Once inside, one could not find Mr. NIE’s figure with divine sense.

“Hmph, this mountain may be big, but where can you escape to?”

Yunxiao blinked, and then a nine-colored light shot out of his eyes. With his Mystic technique spirit eyes, he caught a faint Dragon might in the air, which was a wisp of blue and fluttering.

It was indeed extremely difficult to find Yi's demonic Qi from the aura of thousands of demons, but the Dragon's might was unique and could not escape the pursuit of the wondrous spiritual eyes.

He turned into a bolt of lightning and quickly circled the mountain several times. He chased after the Azure Dragon and arrived at the entrance of a cave.

"That guy has stayed in this mountain for his entire life. This place is most likely his old nest."

...

As soon as Yunxiao entered, he sensed a strange aura. He frowned, only to find that there was a whole new world inside.

The faint Dragon aura spread into the distance, and he carefully chased after it.

Suddenly, they stopped in the distance and saw a formation light in front of them. There were countless formations spinning slowly in the air like gears, dazzling everyone's eyes.

And in the middle of those formation lights, two figures were entangled in a battle, and it was difficult to tell who was winning.

He recognized both of them and had even fought with them before. They were Yi, who had escaped, and yang, who had turned into blood essence and escaped.

"You animal, quickly return to my body!"

Mr. NIE's eyes almost popped out of their sockets, and his face was almost deformed. The Jade bone knife and dragon scale blade kept dancing in his hands, but it seemed that he had been seriously injured just now. No matter how angry he was, he could not take down yang.

Yang Ziwen was not the referee's opponent, and even at this moment, he barely managed to tie. He sneered as he fought, "You and I are one, isn't it the same if you return to my body?"

Yunxiao could roughly guess what was going on, but he felt a little dizzy. This situation was very similar to The Fiend Lord's clone.

Mo's face was dark, "you're just a drop of my blood essence that produced your own consciousness." As long as you offer me the power of your blood essence, I can consider keeping your consciousness intact and giving you another body."

"Hehe, what a joke. Could it be that this blood essence was born on your own? Wasn't it formed by absorbing the blood of countless demons? I'm also formed by the blood of ten thousand demons, what does it have to do with you?"

...

Mister yang laughed coldly. in order to increase your power, you made a living by killing so many people. You are the biggest enemy of the monster race. You should die! It's no wonder that the demon Emperor didn't dare to save you for thousands of years. It's because you're a scourge. It's better to be sealed in the five Cloud Mountain than to go out and harm people!"

Mr. Nie said angrily, " the grey clan is fed on blood. If I didn't drink the blood of my people, how could I have improved my power? how could I have cracked the seal and let you out? " I'm angry because you betrayed me!"

Mr. Yang continued to laugh in disdain."Don't flatter yourself. Before being sealed in the five Cloud Mountain, the Azure demon clan had done many evil things. How many tribes are keeping a respectful distance from you, fearing you?"

this is a world where the strong prey on the weak, " Mr. Nie said. I can't deny that our tribe has always been the strongest among the demon race. As long as we have blood, we can continue to evolve! Also, you're a manifestation of my blood essence. Logically speaking, you're now part of the blue Demon clan. If you didn't suck blood in the outside world, where would you get your current strength?"

it's good that you understand, " Mister yang said. my current strength is completely based on my own cultivation. It has nothing to do with you. If you want me to return my power, you must be dreaming. Unless you return to my body."

you ... mo was furious. He gritted his teeth and said, " then I'll kill you and regain my strength!

The two of them were locked in a fierce battle. Originally, Yi's power was far greater than Yang's, but now they were evenly matched. Yang's injuries seemed to have not recovered, but he was much better than mo.

This was a battle of life and death. Both of them were eager to absorb each other, so they fought without mercy, and blood flew all over the sky.

In terms of strength, yang was still slightly stronger than Yi, but his opponent had the bone and scale blades, so he had a big advantage, making the battle extremely difficult.

Yunxiao was speechless, but he was not in a hurry to show up and attack.

Otherwise, the brothers would fight against each other from outside the wall. If he appeared, they would probably join forces to deal with him. It was the right way to let them fight until both sides were injured.

At this moment, he was extremely shocked by the array that was floating in the sky.

These formations seemed to be formed from the structure of an even larger formation. Furthermore, the universe inside the cave was boundless. It seemed that this was the center of the five Cloud Mountain.

Mr. Yang had left the seal a long time ago, but he had returned now. Mr. Nie had also escaped here with serious injuries. It seemed that this place was not ordinary.

Chapter 1815

1815 Battle of the seal (12)

Yunxiao looked at it for a long time, but he could only judge that this was the core of five Cloud Mountain, and the array sequence was an augment of a large array. There must be a stronger array hidden in this Grotto-heaven world.

However, he couldn't see most of it. His wondrous spiritual eyes were blocked by waves of power when they tried to see through the formation light.

Yunxiao could not help but frown. The item behind the array must be extraordinary since it could block his magical spirit eyes. Perhaps Yang and Xiao were fighting here for this reason.

The two of them were standing at the entrance to the front. He wanted to go around them, but it seemed difficult to avoid their eyes and ears.

After pondering for a while, he stopped and patiently waited for the outcome of the battle.

I'm the one who passed all your cultivation techniques to you. Isn't it a joke to think that you can devour me?!

Mo Jiu couldn't defeat the other party and became more and more angry. After all, his injuries were not light. If this continued, he would lose more than he would win.

Yang seemed to have seen through this and was secretly happy. He couldn't wait to drag it out. He sneered, "All of them are your techniques? What a joke, open your dog eyes wide and watch."

His hands continued to form seals in the air, and suddenly, cold air shot out in all directions. He slapped the air and shouted, "Proud snow follows the wind!"

“Bang!”

The power of the seal pressed down on the Jade bone knife and immediately dispersed.

Yunxiao could tell that it was the ultimate technique of thousand mountains Prefecture, but it was useless against the judge.

Yang’s figure flashed and dodged the Jade bone knife’s counterattack. He laughed wildly and said, “Did I learn this move from you? I’ve hidden myself in the thousand mountains Prefecture for more than ten years, and I’ve learned a lot!”

Mo’s face was dark. He knew that the other was deliberately teasing him to stall for time. His power was depleting faster than the other.

With a slash of his two blades, he split the sun in half and turned around to walk towards the array formation.

“Don’t go! The winner hasn’t been decided yet!”

Yang gan laughed as he chased after it. His eyes flashed and he couldn’t help but lick his lips. This was the best time for him to turn the tables and devour the kun!

“Get lost!”

Mo let out a furious roar and seemed extremely irritated. He slashed out with both his blades again, but his opponent was like a piece of sticky candy, sticking to him and constantly consuming him.

“Idiot, you’re so stupid! Do you really think that you can devour me?”

Yi’s face twisted for a moment before returning to normal, but it was covered in a layer of frost. He said with an extremely cold voice, “Have you ever wondered why my strength has fallen to this level?”

Yang was stunned and immediately retreated a few meters. He didn't dare to get too close and said, "Naturally, it's because you're heavily injured."

"Even if he's injured, it's not something you can touch." Moreover, with my strength, who in the world can hurt me?"

Yang's expression changed slightly. He seemed to be very familiar with the power of the Holy See and became suspicious.

"The person who fought with me was the one who injured you. Do you think he can hurt me?"

Yang was shocked and took a few steps back, "If it's him, it's indeed impossible to hurt you. The injuries on your body are really serious."

Yunxiao frowned and grunted in his heart. Both of them had been defeated by him, but he was still looked down by them.

"Naturally, it's because I left most of my power in that place!" Mo Han said coldly.

Yang's expression changed greatly and he said in shock, "you're talking about bi an?"

Mo said coldly, "do you think you can still devour me at this moment?" The worst case scenario is that I'll withdraw some of my power and eat you in the blink of an eye."

Yang retreated again and said warily, "Hmph, are you going to blink?" Then why didn't you pull it back? I'm afraid you have no time to spare!"

Mo nodded. that's right. The power there is beyond my imagination. My main body is being restricted. I've returned to this place so that I can return to my main body and deal with the other side together. I'm the same as you, I'm just a clone of my main body."

Yunxiao was greatly shocked when he heard this. Yuan's power was already divine transcendence, and much stronger than ordinary divine transcendence. If this was just a clone, how strong was his true body?

"No wonder he said that the grey tribe was the strongest of the monster race."

Judging from the fluctuation in his emotions, it seemed that Yuan was not a simple man. He was afraid that his main body was no weaker than Shang and Huang, and the key to his submissive and submissive behavior was what he said about his main body.

Yunxiao was at a loss. If such a powerful existence came out, he was afraid that it would turn the world upside down. Should he kill Chu and Yang's two clones now to weaken the strength of his main body?

Yang's expression was a bit unsightly, and he didn't dare to get any closer, but he also seemed a bit unwilling, "Since you have your own consciousness, why are you being swallowed by him? why don't you leave with me? The world is big enough for us to be free and unfettered."

"Hahaha!"

Mo laughed and said sarcastically, " you still haven't given up on devouring me. Or you still haven't given up on that thing? " No matter which one it is, it's not something you can interfere with. Listen to me, you should run now, as far as you can. When this matter is over, the first thing this Lord will do is to find you all over the world, capture you, and swallow you!"

Mo's eyes lit up as he licked his lips. The smell of blood filled the air.

Yang's face was extremely gloomy. He didn't know what to do and was in a dilemma.

"If you don't want to leave and you have the guts, then come with me," mo sneered. He no longer paid any attention to yang. Instead, he turned around and walked towards the front of the array formation.

Yang gritted his teeth as his eyes filled with determination. "Since you're in such a sorry state right now, it proves that my main body has no time to care about anything else. After I've eaten you, I'll have the qualifications to contend with your main body, and then I'll find an opportunity to eat him!"

Yang made up his mind and charged forward, revealing a ferocious expression.

"Damn you, you stupid thing!"

Mo was furious. He turned around and slashed out with his dual blades.

However, Yang's figure flickered and two slashes pierced through the blood light. He appeared in front of Mo in an instant and his body turned into a pool of blood that wrapped around Mo.

"Arrogant!"

The referee was shocked and angry. He kept waving his two blades, but he could not cut off the blood that filled the sky. His heart was filled with anxiety.

"As expected, my guess was right. Stop struggling and become one with me, hahaha!"

Yang laughed crazily and started to spread over Yi's body. It was like a blood-red cloth was sticking to Yi's body and was about to eat him.

Yunxiao watched the two fight quietly, and a cold look appeared in his eyes. If Yang Zhen swallowed the bone, he would definitely kill him at once. Otherwise, it would be difficult to deal with him in the future if he left.

Just as he raised his guard and was about to attack, the spreading of the bloody clothes suddenly stopped.

...

Yi stood there quietly, but his face was twisted and cold.

Yunxiao's eyes widened as he looked over with his Mystic spirit eyes. He saw Mo's aura begin to increase violently at an unbelievable speed!

"You coward!"

yang also cried out in shock. Xue Yi immediately retreated from Yi's body and turned into a blood light to escape.

"This level is enough."

Mo muttered to himself, his eyes filled with anger as he stared at the escaping yang."Stupid thing, you've ruined my plan. How can I let you escape?"

With a wave of his hand, all the formations in the space began to spin like countless gears, affecting each other.

Yang had already escaped a few thousand feet away, but he somehow travelled through space and returned to his original spot. His face turned pale in an instant.

Mo looked at him coldly and said sarcastically, " there's a path to heaven, but you don't want to take it. You're really going to die this time!

A terrifying power burst forth from Mo's body, and at the same time, his body exploded into a bloody mist that surged towards the sun.

Yang was shocked and used blood escape to escape again.

...

Yunxiao was a little speechless. The situation had changed too quickly, and the roles of hunter and prey had changed all of a sudden.

“Boom boom boom!”

A loud boom suddenly rang out from the front of the array, and the space around them began to become unstable.

“Damn it!”

Mo roared, burning with boundless anger, “You stupid thing, it’s all your fault!”

Yang saw that the blood mist had enveloped him and knew that there was no hope of escape. He gritted his teeth and said, I understand now. You must have extracted power from your main body, so there’s a problem with your main body!

“I can’t compensate for all the losses even if I kill you a thousand times!”

Mo was extremely angry and turned into a blood arrow that shot towards yang.

Yang’s state of mind had actually calmed down. He became calm and composed. His hands formed a strange seal in front of him and he said, “Didn’t you say that all my cultivation techniques came from you? I’ll let you experience a powerful martial technique I learned from humans!”

Yunxiao’s eyes also turned from the distance to yang. Although the seal was only the beginning, for some reason, he had a feeling that it was very powerful and must have an earth-shaking power.

“Hahaha, what a joke!”

Yang’s hands continued to form seals and he began to laugh. He seemed to be talking to himself, but also to mo ting. it’s laughable that such a powerful martial skill has been passed down in the thousand-

mountain Prefecture for thousands of years, but not a single one of them has learned it. It's actually an advantage for me!

Yunxiao's heart jolted, and then he seemed to have thought of something. His pupils constricted as he looked carefully, imprinting every move he made in his eyes.

In just a short moment, yang had already formed hundreds of hand seals. Suddenly, rays of red light shot out from his body, turning into five-colored rays that scattered in all directions.

Yi's blood mist seemed to have been pushed away, and the overwhelming power suddenly lost its advantage and kept retreating.

In the end, the blood mist had no choice but to condense into a ball and roll in the air, turning into Chi's figure.

"This kind of power ..."

Mo's heart trembled in disbelief as he exclaimed, " the ten directions divine skill?!"

Yang Jiang went all out and ignited his blood to detonate the power of this move. He said coldly, " "It's the ten directions divine skill, Grand secular world!"

Chapter 1816

1816 The battle of the seal (13)

The blood light on Yang's body continued to decrease, turning into circles of light that scattered in all directions. He was completely burning his life.

Under the influence of the wandering red dust technique, rays of formation light flickered from Yang's body. Formations that were as clear as water appeared and turned into pure power that surged within the array formation array that filled the sky.

Yunxiao was taken aback, not because the move itself was very powerful, but because when it was performed, it actually had an effect on the array in the space, forming an overlapping effect.

As if in accordance with the frequency of the formation, the entire sequence began to roll forward.

A strange power emerged, like layers of water rippling, and Yang and Xun were immersed in it.

However, the two's mood was as different as heaven and earth. The pressure on Yang's body had suddenly decreased. When he had just started to cast the spell, his essence and blood had almost been sucked dry by the divine skill, but at this moment, he felt a burst of warmth, and his face had become ruddy.

Yi's expression changed drastically as a sense of horror spread from the bottom of his heart. It was as if the heavens and earth were under the control of the other party. Under the fluctuations of the vast and enormous force, he had become a praying mantis blocking in front of the carriage!

"How could it be like this!"

Yi's entire body was filled with fear and shock. The huge force was like a rolling wheel that was crushing towards him. He was unable to resist at all. His body began to explode under this force, and it was actually on the verge of collapse.

"No, impossible! You're just a drop of my blood essence. How can you turn around and kill me?"

Mo Jing roared in anger, unable to accept the reality in front of him!

"Haha, it's actually like this? Hahaha, laughable, laughable!"

Yang himself was overjoyed, but he soon laughed sorrowfully. "I didn't expect that the wandering mortal world scroll was actually a secret technique to power the formation in this place. It's a pity that I learned about it too late, or I would have absorbed you long ago. But the only thing I'm glad about is that I can drag you down with me before I die!"

Yang's face became ferocious. Bang Bang Bang “, countless drops of blood essence exploded and formed several huge seals in front of him. He suddenly flew up and rushed directly towards Yi.

His only chance of survival was in this attack.

No matter what price he had to pay, the only way to survive was to kill and devour Yi!

As the countless formation light swirled, Yang's entire body turned into a blood-red light and flashed up.

Yi was extremely powerful under the restraints of the formation. Even before the vast attack reached him, he was already suppressed to the point where he could not fight back at all.

Yunxiao was also shocked. Yang had unintentionally occupied the right place and time, and if he were in the referee's position, he would be in extreme danger.

“Even if I can't get that thing, I'll kill you first!”

The referee suddenly roared madly, and an extremely strong killing intent burst out from his eyes. His sharp gaze shot out like a Burning Blade, causing people to shiver.

His entire aura suddenly changed, and his strength continued to rise, pushing away the suppressive power of the array.

Countless blood-red light turned into runes and flew out of his body, forming seals with his hands.

“Clang”

The bone Jade knife let out a crisp sound as it wrapped around Mo's body. Mo grabbed it and swung it!

“Slash!”

“BOOM!”

The power of the blade light tore through space and split the Yang gan in half!

“What?”

Yunxiao was taken aback. The one-sided situation had been reversed in an instant, and he could not accept it.

“Boom boom boom!”

After shattering the sun, the Jade bone saber’s blade aura did not decrease. It directly turned into a vast Dragon’s might that spread in the air, sweeping away the power of the wandering red dust technique!

“Your strength is vast.”

After Yang was cut in half, he instantly condensed his true body in the distance.

However, his strength had fallen greatly. His body was constantly in a liquid state, as if it was difficult to condense. He looked ahead in horror.

Mo’s aura was still growing. All the arrays stopped moving after losing the influence of the art of the wandering red dust.

The entire space became deathly silent.

Yunxiao held his breath as he felt cold sweat in his palms.

At this moment, Mo's appearance had not changed, but his temperament was completely new. He had a vague superior aura that was not inferior to the demon Emperor.

traitor! You're throwing an egg at a rock! Die!

"Bang!"

Mo raised his hand and flicked his finger. Yang, who was a thousand feet away, didn't have time to scream and exploded into a pool of blood.

A drop of blood essence flickered within it. It was much more vibrant than the surrounding blood mist. It spun in the air, wanting to break open the surrounding space and escape, but it was powerless.

"Tsk! This Lord's strength has returned, and you still want to leave at this moment. Your intelligence really scares me!"

Mo Yun laughed and opened her mouth to suck. The drop of blood essence immediately flew back and was directly eaten by her.

Mo looked satisfied and rubbed his belly. "Finding this drop of blood essence is like picking up a sesame seed, but I can't give up on the watermelon either! This traitor has activated the array. I wonder if there are any changes to that thing!"

He snorted and turned around, disappearing from the front of the array.

Only then did Yunxiao emerge from the void. He was surrounded by the nauseating smell of blood, which made him feel uncomfortable.

However, he suppressed his disgust and chased after mo. To his surprise, the array formation around him started to disappear.

"Eh, you're back? Is it possible to get the blood God bead now?"

After flying for a while, a burst of giggles came from the front. It was a woman, with a sense of satisfaction.

The judge's voice also sounded, " Humph, I've just retrieved my clone and a drop of blood essence, so I'm more confident in taking The Blood Divine bead. Hand it over if you don't want to die!

The woman laughed and said, " I'm really sorry. When you were gone, the center of the array turned. I've already eaten the blood God bead. Hehe, it's delicious.

...

"Dammit! Then I will refine you into a Blood God bead!"

Mo's furious voice rang out, followed by a terrifying energy shock wave.

The woman laughed. this Blood Divine Pearl was formed by borrowing the body of your ancestor, combining my nine transformation blood formation, and the power of the earth of the five Cloud Mountain. It has been thousands of years. Even if you kill me, you can't refine The Blood Divine Pearl.

Yunxiao was taken aback. From what the woman said, it seemed that she was joking.

He looked in front of him in disbelief. He activated the power of the moon pupil and instantly passed through layers of fog. As the array in the space gradually faded, he could see more and more clearly.

In an independent space up ahead, Mo Zheng was furiously chasing after a yellow-robed woman. The woman was as light as a swallow and giggled, completely unconcerned. She ran around in the space and did not seem to have any intention of fighting.

Yunxiao was horrified. The woman looked exactly like yunshang, but whether it was her voice, her temperament, or what she had just said, everything had changed!

Mo furiously slashed and killed, but he could not even touch Yunshang's lapels. Yunshang's movement technique seemed extremely simple, but she had a spatial divine power. It was so close yet so far. Mo was so anxious that he kept roaring.

"Eh? Little Cang Cang, you've even invited help?"

'Luo Yunshang' made a soft sound of surprise and turned her bright eyes over, as if she had caught the demonic aura of Yue Tong.

Mo chased for a while before stopping, his face gloomy.

...

He snorted coldly, then turned his head and threw out a slash, which formed a blood-red half-moon that pierced through the sky and slashed toward Yunxiao.

"I'll go!"

Yunxiao cursed as he dodged the attack.

Knowing that it would be difficult for him to hide, he revealed himself and teleported in front of the two.

"It's you!"

Mo's face sank as he spoke in anger, his eyes burning with anger.

If Yunxiao had not injured his clone, he would not have been forced into a desperate situation by Mr. Yang, and he would not have lost the opportunity to snatch the blood God bead.

Yunxiao nodded slightly as a greeting. He knew that the referee would not act rashly at this time.

So, he turned to look at Yunshang with relief. With a sad look in his eyes, he sighed and said, "I shouldn't have let you come here alone."

'Luo Yunshang' looked confused, but she suddenly blinked and said with a smile, "What, you know me? They seem to be very familiar with each other."

I know him," Yunxiao said sadly. more than that. How are you doing?"

'Luo Yunshang' naturally understood what he was referring to, so she said with a smile, "she's fine. I can see that you two are very close. Don't worry, she won't be in danger. She blinked her eyes and her eyes flickered as she giggled. "Because I will protect her."

you've taken over someone else's body," Yunxiao said in surprise. how can you say that he's not in danger? "

'Luo Yunshang' nodded and said, "yes, this body is very good. I cherish it very much. If I were to kill her completely, I'm afraid it would destroy the integrity of my body."

Yunxiao's heart trembled as he said angrily, "Damn it!"

that's why she's the safest person in the world now," Yunshang said with a smile. no one can hurt her unless I die.

in that case," Yunxiao said coldly, "you can go to hell!"

In a fit of rage, he slashed out with his sword, bringing with it boundless Fury. The sky also began to burn under this sword Qi!

"Swish!"

With a flash of sword light, 'yunshang' easily dodged it and said with a smile, "Ah, young people are so hot-tempered. You're a couple with her, right? Hehe, how can this be good, this lady is so embarrassed."

"If you're shy, then go to hell!"

Yunxiao was furious, and all he wanted to do was to kill her. He performed an incantation gesture with one hand, instantly summoning ten thousand swords and slashing them down from the sky!

'Luo yunshang' was startled and cried out, "million sword illustration!"

This divine power came from shenxiao Palace, so she naturally recognized it.

The 10,000 swords fell, creating countless ripples. 'Luo yunshang' had nowhere to escape. Her Lotus-like hands repeatedly made hand seals, and three rays of light appeared in front of her and swept down.

A passage was instantly swept out of the sea of Swords, extending directly out of the sword World.

'Luo yunshang' chuckled and teleported away.

Yunxiao's face was frosty as he stared at her coldly. He knew that it was difficult for him to win by himself, so he withdrew the swords and said, "Lord mo, let's take her down together. I'll take the person for The Blood Divine Pearl!"

Chapter 1817

1817 Battle of the seal (14)

The judge's face twitched. He hated Yunxiao so much that he was extremely reluctant to join forces with him. However, it was true that 'Luo yunshang' could not be kept alone. At the thought of the blood God Pearl, he would probably agree even if he was asked to call him 'father', let alone the two of them.

"Alright, we'll do as you say, we'll each take what we need!"

yes! the referee agreed without any hesitation. He held the two blades in his hands, and the silver chain circled around his body. Waves of Dragon might and weapon essence were released at the same time.

At this moment, his body was complete, and the aura of the bone and scale blades was completely different from before.

“Hehe.”

‘Luo yunshang’ was still giggling, but she blinked her eyes and said resentfully, “You still say we’re a couple, but you’re so heartless. This disciple of mine must have been blind to have taken a fancy to you.”

Yunxiao’s face was covered with frost as he said, “Let me ask you, where is the palace Master of the divine cloud Palace, qu Hongyan?”

Previously, in the realm of no return, qu Hongyan had clearly been trying to prevent yunshang from being infected by the rainbow stone. Now, it was obvious that she had failed. Moreover, qu Hongyan had disappeared without a trace. An extremely bad feeling made people feel as if their hearts were being twisted by a knife.

“The palace Master of shenxiao Palace, qu Hongyan?”

‘Luo yunshang’ said, “with such a beautiful face, that person must be the current master of the divine cloud Palace. Is her name qu Hongyan?”

I’m the one asking you now! Yunxiao roared. where is she?! It was almost as if he was roaring. The fluctuation in his emotions was so great that it caused waves of demonic Qi to jump on the sword death’s slash red.

‘Yunshang’s pupils constricted as she stared at the sword and the heart Flame, her eyes filled with surprise and shock. She suppressed the ripples in her heart and put on a lovely smile, saying, “Aren’t we a couple? What is his relationship with qu Hongyan?”

The devilish Heart Flame on the sword death's Red slash turned into wisps of flame, forming rings of fire around the trembling sword, just like Yunxiao's mood at the moment.

'Yunshang' was shocked when she saw the sword, but she could also see that Yunxiao's patience was almost at its limit. Not wanting to provoke him any further, she giggled and said, "Young people these days, Al, Al, this lady can't care so much, just do as you wish. If you want to know qu Hongyan's whereabouts, you'll have to exchange it with the sword in your hand. If you truly like her, you wouldn't be reluctant to part with a sword, right? Young man, it's time to test you."

When her voice came, he said seriously: "You must stay calm! With qu Hongyan's strength, she won't die so easily. Moreover, this crazy woman is from the same origin as her. Even if she can win, she won't kill her."

Yunxiao knew that, but he was too worried to control his emotions. At that moment, he clenched the hilt of the sword with his right hand, and the trembling flame seemed to suddenly calm down, as if time had stopped.

"It's a test of your eighteen generations of ancestors!"

"Jian Ge!"

The ice fiend Heart Flame was still for a moment, and then it suddenly shot up with an even more powerful aura, turning into white lotuses.

Yunxiao's body and sword became one, and in an instant, he returned to the calmness that a top swordsman should have. Then, he slashed out a terrifying sword strike.

'Luo Yunshang' did not dare to be careless. She drew a circle with her hands in front of her, and several long rainbows danced in the air, binding the sword momentum like colorful silk, preventing it from advancing any further.

Aiya, you heartless man. For a sword, you're even willing to give up your lover's life!

The words tugged at Yunxiao's heartstrings again, and he roared, " you're a thousand-year-old witch, why are you pretending to be a lady? go to hell!!

Countless demonic patterns appeared on his body and poured into the sword death's Red slash. The heart Flame that had been suppressed by the rainbow light seemed to gain strength and bloomed one by one.

'Yunshang' looked surprised, as if she recognized the ice fiend Heart Flame. She made a series of hand seals, and the rainbow light turned into a mirror and flashed in front of her.

"Bang!"

The mirror light was immediately shattered, and Yunxiao's sword instantly pierced through the obstacle and went straight through her body.

'Luo yunshang' smiled and said, " "This lady is a lady. So what, so what? if you have the ability, cut me."

As the mirror light shattered, it was so close yet so far away. Sword death's Red slash pierced through it, but her figure had already turned into broken mirror light and teleported away.

A few thousand feet away, 'yunshang' had just appeared when she let out a soft cry of surprise. She stepped on a chain Nebula and fell into the trap.

"This Lord has been waiting for you for a long time!"

The judge's cold voice rang out, " this draconic starry sky formation can seal the heavens and earth. Why don't you try using your spatial divine ability? "

'Luo yunshang' was slightly surprised. She secretly tried to pull the space, but found that it was ineffective.

“Hand over the blood God’s Pearl now. Not only will I let you go, but I will also kill this human for you. How about it?”

The referee began to list his conditions.

Yunxiao’s eyes flickered with a trace of anger as he looked at them coldly, his face full of ridicule.

it’s nothing, ” ‘Luo yunshang’ said. the blood God Pearl has dissolved in my body. Unless you refine it with thousands of years of time, you can forget about getting a second one.

Mo Qi’s seven orifices were fuming as his entire body transformed into a blood-colored giant that was eight Zhang tall. The bone-scale double-edged sword also transformed. The Jade bone knife was burning with killing intent as it suddenly slashed over!

At the same time, the silver chain flew up into the air and spun around ‘yunshang’, completely sealing the space.

‘Luo yunshang’ did not dare to be careless again. For the first time, she looked serious. She quickly made a hand seal, and a red glow flew out of her body.

Yunxiao fixed his eyes on her. Starting from her forehead, chakra after chakra opened. Her divine body of nine yang was like a scorching sun, and a ball of light that looked like fire and blood was swimming over her body.

The path that the ball of red light took was exactly the eight gates Meridian, and one by one, it attacked the opening, rest, life, death, shock, injury, and du Qianqian.

Finally, it stopped in front of the eighth door. The red light disappeared into his body in a flash.

‘Luo yunshang’s’ body was as hot as the sun, and her face was flushed. Her lips were bright and succulent, as if she had sucked blood.

Yunxiao's eyes almost popped out of his head in shock. He had gone through countless hardships and narrowly escaped death to break through seven gates and step into the divine transcendence realm, but his opponent had opened seven gates in a row in the blink of an eye!

This intense contrast almost made him vomit blood and die.

As for the ball of light that had just attacked her body, under the gaze of the moon eye, it was like the purest and most vibrant blood bead, so crystal clear that it made people want to swallow it in one bite.

It must be The Blood Divine bead!

With the help of the blood God bead, 'Luo yunshang' instantly opened the seven gates of her divine body, and her eyes shone with a blood-red light that was no different from Chi's.

As he formed hand seals with both hands, countless hand seals were formed in the air!

"That's Yingluo."

Both Yunxiao and the judge were taken aback. They were no strangers to this move, and the judge had just experienced it a moment ago.

"The wandering red dust technique!"

...

'Luo yunshang' shouted as she formed a seal with both hands and threw it out. Countless rays of light swirled around her, and the Dragon lock starry sky formation trembled constantly. Under the cover of the red clouds, the iron chains were dragged along with clattering sounds.

"BOOM!"

The bone Jade knife's blade light fell like a giant dragon falling from the nine Heavens. It suddenly slashed the incantation seal and emitted boundless light. It shook every chain until it straightened. Countless symbols on the chain trembled violently as if they were about to break at any time!

'Luo yunshang's' momentum was instantly suppressed. Although she retreated, she was not defeated. The shock only made her qi and blood boil, and a trace of blood flowed out of the corner of her mouth.

The two's vast powers were constantly fighting against each other.

Mo's pupils constricted. He was shocked to find that "yunshang" was not only using her own strength, but also the space around her under the influence of the drifting red dust technique. She was also using the rules of heaven and earth to resist him!

Yunxiao had also keenly noticed this. Otherwise, even if all seven gates were open, he would not have been able to withstand the slash.

Before this, mo had fought with 'Luo yunshang' for the blood God bead, while his clone was trembling with Yunxiao outside five Cloud Mountain. At this moment, not only had he merged with his clone, but he had also absorbed Mr. Yang into his body, and his strength had reached the peak.

Among all the people Yunxiao had met, there were few who could compete with him.

'Luo yunshang' also felt a burst of bitterness in her heart. Originally, this body had met her expectations very well. Not only had it perfectly fused with the rainbow stone, but it had also eaten the blood God Pearl that she had painstakingly planned for thousands of years. With time, it would break through the shackles of martial Dao and step into the divine Dao.

However, she had not expected to be entangled by the current Palace Master of divine cloud Palace and be trapped after a hard fight. Then, she had encountered a strong practitioner who had reached the peak of perfection and had directly caused her internal injuries.

...

If it wasn't for the fact that this space was set up by him and he could use all the rule force, he would have been killed.

She felt depressed and blood kept flowing out of the corner of her mouth. It wouldn't take long for her to be cut into pieces by the Jade bone knife.

"Little lover, hurry up and save me. Do you want to watch me die?"

'Luo yunshang' gave Yunxiao a resentful and reproachful look with her big eyes, which were filled with endless affection.

"Hmph!"

Yunxiao snorted coldly and looked at her sarcastically.

However, he became vigilant in his heart. Looking at the situation, he was afraid that yunshang's body was really going to collapse. He clenched the red slaying sword tightly in his hand, planning to save 'yunshang' when she could not hold on any longer.

"Pfft, you really have no conscience. Don't even think about touching my pomegranate skirt in this lifetime."

'Luo yunshang' cursed angrily.

When she saw that Yunxiao was unmoved, she looked at the judge with a smile and said, " little Cang Cang, I have not digested the blood God bead yet. Take back your blade and I will spit it out for you.

How could mo fall for it? he sneered. with your IQ, don't scare me with that!

"Hehe, really?"

even if you don't want the blood God's Pearl, don't you want the Buddhist Demon Sacred art?"
yunshang said with a smile.

"BOOM!"

The Jade bone knife trembled violently and created a cyclone. It was as if a Thunderbolt had exploded, and the judge could no longer remain calm!

"W-what did you just say? The Buddhist Demon Sacred art? Wasn't that thing lost a long time ago?"

Yi's body trembled and he roared as if someone was strangling him. He even had difficulty breathing. It seemed that he did not have such a big reaction to The Blood Divine Pearl.

Yunxiao cursed in his heart and said in a hurry, "Mr. Qu, don't fall for her tricks!"

Chapter 1818

1818 Battle of the seal (15)

"Tsk, tsk, what are you saying? With little Cang Cang's intelligence, how could it fall for my trap?"

if I die," yunshang giggled, "the Buddhist Demon Sacred art will be lost forever!

Mo's face darkened and he shouted, "stop talking nonsense with me!" Quickly hand over the Buddhist Demon Sacred art, and I can spare your life!"

my current body doesn't belong to my original body," 'yunshang' said. how could I carry the Buddhist Demon Sacred technique with me? "

"Don't play tricks! Then where is it?" Mo shouted, his face turning ferocious and terrifying.

The Jade bone knife began to tremble violently. Clearly, it was not calm at all. It seemed to have relaxed its strength a lot, for fear that it would really kill 'Luo yunshang'.

I've hidden it somewhere," 'yunshang' said. it's in a secret place.

"Do you think I'll let you off for some vague information?" mo asked. Do you really think that your IQ is high? The Buddhist demon Divine Art has been lost for tens of thousands of years. If our ancestors had this Divine Art back then, would they have been killed by you and refined into Blood God beads?"

'Luo yunshang' said,'this item is like a divine skill, and not everyone can learn it. This item had always been in the hands of your ancestor, but he didn't have the opportunity to learn it and was afraid that others would learn it, so he announced that it was lost. Otherwise, why would I have fought with him back then? The bet is this 'Fan Yao sacred art'."

"Since you won and took the Buddhist Demon Sacred art, why did you suppress my clan under the five Cloud Mountain, suppress our ancestor's body with the power of the earth, and wash it with the power of time?" Mo Han said coldly.

'Luo yunshang' chuckled and said, " "It's all because of the blood God bead. Don't look at me in anger, this is what your ancestors requested, otherwise how would I know such a secret."

"What? You're lying!"

Mo Zhen angrily said,"no matter how stupid my ancestor is, he wouldn't be stupid enough to let his clansmen be oppressed and refined!" If you speak any more nonsense, I'll behead you right now!"

The Jade bone knife let out a clanging sound, and its power fluctuated between strong and weak. The judge's emotions were fluctuating greatly, and it was directly manifested in his power.

'Luo yunshang' forcibly took a breath and said, " "Didn't your ancestor do it for you? The blue Demon clan has always been the most terrifying existence among the demon race because you live by sucking blood, especially from your companions. So as long as there is an infinite amount of blood to absorb, one can become infinitely powerful."

"However, for tens of thousands of years, no godly state experts appeared in this world. Even the grey Demon tribe stopped before the divine Dao. In order to create an even more powerful Cang Yao, he

discussed with me to set up the barrier on the five Cloud Mountain to seal the Cang Yao tribe and many other 'blood head' tribes. Then, he would use his body as a drug to extract the power of time and earth to refine the blood God bead in order to create a godly state expert!"

Richard was dumbfounded and petrified.

Yunxiao's mouth was so wide open that a watermelon could be stuffed in it. He did not expect that Gu Qingqing's Secret of sealing the demon race was like this.

"Bang!"

'Luo yunshang' took advantage of Mo Mo's daze to suddenly form a seal and throw it out, shaking the bone Jade knife away. Then, a long rainbow flew out of her sleeve, and she flew out of the Dragon lock starry sky formation with the rainbow light, reappearing thousands of feet away.

hehe, didn't you notice that the demon tribes sealed in the five Cloud Mountain are all tribes whose blood is very beneficial to the Azure Demon tribe?"

'Luo yunshang' took a deep breath and adjusted her vital essence before she continued, " "Your ancestor's plan back then was to seal up the grey tribe and the 'blood head' tribe. This way, the grey tribe would continue to grow stronger in the five Cloud Mountain until they break through the seal! Other than my power, this sealing power also contains ancestor Ling's own power. Otherwise, I would have gotten the blood God's Pearl long ago. Why would I argue with you? That's because of the restrictions set by your ancestor to protect the blood God bead, so you can use it!"

to be able to break out of the seal on his own, he must have the power of the peak. With the power of the blood God bead, he can break through the peak and become the first godly state expert in tens of thousands of years!

She looked at Mo's dazed expression and chuckled. "Do you believe my words now?"

you are the only one who knows what happened back then, " Yunxiao said. who can tell the truth from the false? now, in order to survive, even if you say you are Mr. NIE's mother, it will be difficult to tell the truth.

He did not want the referee to let 'Luo yunshang' go, or there would be endless trouble.

From what he had just said, he could tell that the blood God bead was no trivial matter. With Luo yunshang's nine yang body, the rainbow stone, and Gu Qingqing's power, it would only be a matter of time before she broke through to the peak of perfection. In that case, it would be even more difficult to save Luo yunshang.

"Hahaha, my little lover is so funny."

'Luo yunshang' could not help covering her mouth and laughing.

The judge gave Yunxiao an angry glare and scolded, "I have my own judgment on whether it's true or false!"

even if what you said is true," he turned to 'Luo yunshang' and said, "how can you prove that the Buddhist Demon Sacred art is on you?"

I knew you'd still have doubts," yunshang said. I'll create the inheritance of the Buddhist Demon Sacred art, and you'll naturally know whether it's real or not.

She made a hand seal in the air and a ray of light flew out. It condensed into an object in front of her and gradually became clear.

The Golden Elephant that was as tall as a human was a female demon. Her face was blurry, but she exuded a soul-stirring aura. One look at her and one would feel shocked.

"?!"

Yunxiao sucked in a cold breath and almost cried out in shock. He hurriedly covered his mouth, but his eyes were wide open.

This statue was the one that had been fished up from the endless Milky Way in the outer realm!

He was extremely intelligent to begin with, and at this moment, his mind moved like lightning. He immediately understood that the statue was the so-called inheritance of the 'Buddhist Demon Sacred art'.

No wonder every time he looked at the statue, he felt his heart and soul being taken away. It turned out that it was hiding such a big secret.

From the conversation between the two people in front of him, he could tell that the 'Buddhist Demon Sacred art' was definitely very insignificant. It was even more precious than the blood God bead.

the Buddhist Demon Sacred statue, the Buddhist Demon Sacred art, it's indeed the Buddhist Demon Sacred art!!

Yi screamed in excitement. He could tell at a glance that this thing was not fake. If he had not seen it with his own eyes, he would never be able to create it.

'Luo yunshang' smiled charmingly, but she was sneering in her heart. Back then, your ancestor used this trick to deceive me. I didn't expect that karma would be so bad. Now, I'm using it to deceive you.

Back then, the ancestor of the ash demon clan had also condensed this form, and Gu Qing Qing had memorized it. Now, she had made a copy of it to deceive his descendants. It was something that the ash demon clan had not even dreamed of.

'Luo yunshang' narrowed her eyes and said with a smile, "See, I didn't lie to you."

Mo's rapid breathing only gradually calmed down after a while, and a complicated expression flickered on his face.

"Since the Buddhist Demon Sacred art is really in your hands, then this Lord can naturally spare you from death. Take me to get it now!"

He focused on the Buddhist Demon Sacred art and couldn't care about anything else. Moreover, after obtaining the Buddhist Demon Sacred art, he would not spare Luo Yunshang's life.

'Yunshang' naturally knew this, but she would try to stall for as long as she could. Besides, she did not have any real divine power. As long as she separated the Chi from Yunxiao, she was confident that she could get away.

Furthermore, the blood God Pearl had already taken effect in his body. It was constantly repairing his injured body and his power was steadily increasing.

Lord mo, " Yunxiao sneered, " it's too careless of you to believe the other party just by imitating him. This so-called Buddha demon statue can be conjured after seeing it once."

He made a hand seal, and a light flashed between his eyebrows. Suddenly, a Holy statue identical to Yunshang's appeared in front of him, with the same intimidating aura.

Yunxiao's eyes flickered as he quickly made up his mind. He could not let 'yunshang' leave at this moment, or else he would never be able to save her again!

...

The referee was dumbfounded, and he said, "this is an."

'Luo Yunshang's face darkened as she cursed, " you're so heartless. If I'm going to die, I'll twist my head off first. Since you want to harm me, I won't live!

As soon as she said that, she really turned her head, which frightened Yunxiao so much that he quickly shut his mouth and his face turned pale.

Although he didn't believe that she would really twist it, he couldn't bear the consequences.

"Giggle!"

'Luo yunshang' laughed and put her hand down from her head. Looking at Yunxiao's pale face, she snorted and said, " "At least you still have some conscience."

Yunxiao, 'hehe'.

'Yunshang' snorted coldly and said, " my little lover's talent is indeed amazing. He can make it look so real after only one look. However, it is up to you, little Cang Cang, to decide whether you believe me or not. In short, if this lady dies, the Buddhist Demon Sacred art will be buried in the mortal world forever, and perhaps it will reappear in the mortal world hundreds of thousands of years later."

Yunxiao saw how serious she was when she was lying. If the real statue was not in his hands, he would have believed it. He coldly snorted in depression. He couldn't take out the real statue. From the looks of it, this referee's demand for the statue was like he had taken aphrodisiacs. Otherwise, he would be in big trouble.

And what he was most afraid of was that if Gu Qingqing was forced into a corner, she might really twist Luo yunshang's head off.

Yi seemed to have come to a decision. alright, as long as there's a slight possibility of obtaining the Buddhist demon Divine Art, I'll keep you alive. But if you lie to me, what awaits you isn't as simple as just having your blood essence sucked dry!

...

A cold light burst out from his eyes. He waved the dual blades in his hands, and the silver chains that filled the sky flew over with clattering sounds, instantly forming a formation.

What do you mean, little Cang Cang? " yunshang was shocked.

since I've spared your life, I naturally have to be more careful. How can I let you be free? " mo sneered.

Chapter 1819

1819 The battle of the seal (16)

'Luo yunshang' looked a little surprised, but she soon regained her composure and let the chain fall on her body. Then, it turned into beams of formation light from all directions and bound her body.

Yunxiao looked over and saw several tiny silver runes circling around yunshang's body, which were very similar to the ones on the chains of law.

'Luo yunshang' also seemed to have sensed that something was not right, and her face finally turned a little unsightly.

you're very smart," mo laughed. if you had resisted, you would have ended up in a miserable state. Now, you should just leave obediently.

'Luo yunshang' turned around and gave Yunxiao a resentful look as she said, "useless man, watching his little lover being taken away. My disciple is really blind.

Yunxiao,'hehe'.

I'll save you," he knocked on his forehead and said, "but you have to leave yunshang's body.

'Luo yunshang' shook her head and said, "how can I do that? this body has already fused with the rainbow stone and the blood God bead. How can I bear to part with it?"

Yunxiao waved his hand and said, "then goodbye. Have a safe journey with Lord mo.

'Luo yunshang' did not seem nervous at all, and she scolded him with a smile, "You're so heartless. This goodbye will be forever."

Yunxiao's heart trembled, and he could not help but clench his fists.

'Luo yunshang' seemed to have seen through his mind. She tilted her head and chuckled, "What, you still want to hesitate? You're the only one who can save me now."

Lord mo, you are at the peak of perfection," Yunxiao said. isn't it the same as seeking death if I save you? "

'Luo yunshang' snorted and said, " "To think that you're still a man, a hero saving a beauty, dying a worthy death! If you die, my disciple will be very touched."

Yunxiao was speechless. He felt both mentally and physically exhausted when he met such a fiend, and he did not know how to save yunshang. let me ask you, where is the palace Master of divine cloud Palace? "

'Luo yunshang' rolled her eyes and chuckled. "I didn't expect you to be such a sentimental person. All the good girls in my shenxiao Palace have been taken away by you! However, that qu Hongyan is indeed devastatingly beautiful. Even I'm quite tempted when I see her, not to mention that you're a man. If you save me, I will tell you where qu Hongyan is."

"Alright, deal!"

Yunxiao did not wait for her to go back on her words. He agreed and swung his sword at mo.

No matter what, he would not let the referee take 'Luo yunshang' away. He had nagged for so long just to negotiate some conditions. It was not a small gain to find qu Hongyan's whereabouts.

As long as he could save Hongyan, he might be able to suppress Gu Qingqing.

The two men had long lost their patience and were about to urge him, but what they did not expect was a sword that cut the sky.

He only came back to his senses when the sharp sword Qi was almost close to his face. He could not believe that Yunxiao would dare to attack him at this time.

After all, he had become one with Yunxiao, and he had eaten the Yang, so his strength had reached the peak. If it were not for the fact that he had great power, he would have killed Yunxiao long ago. But, he did not expect that Yunxiao would not escape, but come to seek death.

“Hehe, a hero saving a beauty? He was really an idiot to the extreme! Anyway, I’ll kill you sooner or later, so killing you now will only delay me for a few breaths!”

As if the dignity of an expert had been challenged, Mo Han laughed. Her eyes were filled with killing intent as she held her Jade bone knife horizontally in front of her.

“Bang!”

The two weapons collided, and a sharp light shot out.

‘Luo yunshang’ was also stunned for a moment. She did not expect the other party to be so sharp and straightforward, and an imperceptible look of admiration flashed in her eyes.

“Die!”

die! Mo Li shouted as the bone Jade saber pressed down on the sword death, and the terrifying saber Qi pushed Yunxiao and the sword away.

The saber transformed into a Dragon, and with a loud roar, it chased after him.

“What an abnormal strength!”

Yunxiao was horrified. Among the many experts he had fought, only the ghost king of Red Moon City, the number one Martial Emperor ao changkong, and Feng Yaoli, the King of the Snow country, could firmly compete with the man before him.

Even Xiao Hong, Ye Ying, and Ling Baiyi were slightly inferior.

The saber beam turned into a Dragon and chased after him. Yunxiao immediately turned around and slashed out with his sword again, shattering the saber beam with a loud boom.

Suddenly, a sense of danger rose in his heart. He didn't need to look to know that the referee was coming.

In an instant, he transformed into a transcendence golden body with three heads and six arms. Each hand held a profound level weapon, and he transformed into a sea of golden clouds!

“Star Jade explosion!”

At the critical moment, he immediately displayed the moves of the demon master and poured all the power of the profound level weapon into the sea of clouds, which suddenly exploded!

“Eh?”

Two voices of disbelief rang out, one from the referee and the other from ‘Luo yunshang’.

“BOOM!”

The terrifying golden power exploded and rushed in all directions. Yi's figure appeared several feet away and was directly swallowed up.

Yunxiao did not dare to stay after the first move. He transformed into a Thunderbolt and disappeared from where he was.

In the next moment, he appeared beside ‘Luo yunshang’, grabbed her, and shouted, “Let's go!”

The two of them had just moved a few hundred feet when a terrifying smell of blood came over. The whole Grotto-heaven became a sea of blood. A blood spirit that was more than a hundred feet tall appeared in the space in front of them. It raised its hand and slapped at the two of them.

do you have a way to unseal me? ” ‘yunshang’ asked. as long as I can move freely, I can take you with me with the power of space. Otherwise, we have no chance of winning.

She had used the rules of this Grotto to deal with Yi. Although their strength was quite different, Yi could not do anything to her. It was not until Yunxiao made a move that she fell into Mo’s dragonlock starry sky array.

Not only did the blood spirit block his way, but he also slapped with both hands.

Chains appeared in the sky once again, transforming into an array that descended.

“Just don’t give me any more trouble!”

Yunxiao pushed ‘Luo yunshang’ away, and The Fiend marks all over the sky rolled and condensed into a true fiend Dharma idol, which towered over the blood sea!

‘Luo yunshang’ was taken aback and said in horror, ” “This bi an ...”

...

She was extremely shocked. Who on earth was this kid? he actually had so many peerless cultivation techniques, and he even had the rainbow sword and many demonic techniques and divine powers.

The true fiend Dharma idol stood proudly in the sky and its six arms formed hand seals.

Rings of stars rippled out, and demonic Qi rolled in the sky.

Yunxiao’s entire body was shrouded in demonic aura, and his eyes had turned black.

“Six paths demonic weapon!”

shut up! Yunxiao shouted. The true Devil's Dharma form turned serious as it reached into the nebula, and its entire dharma body trembled. Yunxiao's six arms were also trembling, and three-colored light was flowing in them.

'Luo yunshang' was so shocked that she was dumbfounded. She stared in horror at the devil Nebula, where a bronze battleaxe was slowly drawn out. It looked simple and ordinary, but it was a little old.

"Alay Xuanzang!"

Di ye had once used this copper axe when he fought Xiao Hong overseas. Yunxiao recognized it at a glance, and he could not help but get excited.

This was the first time he had ever held onto a six paths demonic weapon and he could feel the immense power within it. It was as if it had traveled through time and space.

It was a power that did not belong to this era or even this world!

...

"Slash!"

As the true devil giant spirit spoke, the Alay xuangang was immediately pulled out and slashed at the Dragon lock starry sky formation.

The entire Grotto-heaven of five Cloud Mountain seemed to be under the attack. The moment the Xuan 'GE slashed out, the blood spirit was shattered by the power of the weapon.

Then, an earth-shattering light slashed into the array!

"Boom boom boom!"

Countless fine silver patterns instantly flew out from the formation, like water vapor that constantly evaporated, completely vanishing in the air.

this strength is overwhelming. It's impossible!

Yi's figure appeared above the draconic starry sky lock formation. He crossed his bone and scale blades in front of him to resist the power of Alay's Xuan 'GE, but he was forced to retreat.

Yi's blood shadow body also gradually exploded under this vast and mighty force, turning into clouds of blood mist. However, it did not shatter in the end. Instead, it continued to suppress the power of Xuan 'GE's slash.

Yunxiao was shocked that the demonic weapon of six paths could not kill him with one strike. He had no more illusions at the moment. He grabbed 'yunshang', who was completely petrified and shocked, turned into a Thunderbolt, and fled out of the grotto.

After extracting the attack from the six DAOs demonic weapon, Yunxiao's strength had dropped sharply, and he was almost at the end of his rope. His desperate escape at this moment was the last of his strength.

Even 'Luo yunshang' beside him could clearly feel it. She giggled and said, " this little lover is not bad. He's really hardworking. He's both strong and good-looking. I'll introduce you to more beautiful women in the future.

While fleeing in a panic, Yunxiao did not forget to cup his hands and say, " "Many thanks."

'Luo yunshang' covered her mouth and laughed, saying, " "You're welcome, it's what I should do."

"BOOM!"

Just as the grotto was thrown into chaos by the Alay xuangang, the entire mountain suddenly shook violently. A huge force came from nowhere, and Yunxiao's body of lightning was shaken by the impact.

“Pfft!”

Under the impact of the force, Yunxiao finally could not hold on any longer. He transformed into his true form and coughed out a mouthful of blood.

Without another word, he hurriedly grabbed a large number of heavenly treasures and swallowed them.

In the distance, Yi suppressed the profound astral power as well. His body, which had exploded into a bloody mist, was also being absorbed bit by bit, and he was rapidly recovering.

At the same time, it stared at Yunxiao with a pair of Crimson eyes, which were as venomous as a snake's, and locked on him with its divine sense and killing intent.

‘Yunshang’ said, ‘please stop fighting. The space here was extremely sturdy. Unless the entire five Cloud Mountain was destroyed, it would be indestructible. The shock wave just now came from the outside and directly shattered the spatial array here. It’s no small matter.’

Mo spat out a mouthful of blood and sneered, “So what?”

aren’t you two afraid that the people outside will take advantage of you after both of you are injured?”
yunshang asked.

hahaha, both sides are injured?!

Mo laughed out of anger and said ferociously, “he can fight me to the point where both of us are injured?” That move just now had probably exhausted all of his strength, and he would only be waiting for death. I’ll slowly break apart his bones and extract his blood essence, then I’ll scatter his soul!”

Chapter 1820

1820 Battle of the seal (17)

‘Yunshang’ folded her hands in front of her and said in shock, “It’s so brutal and bloody.”

After he said that, the horror was gone, and it became a little comical.

Mo was stunned for a moment before he glared at her.

'Luo yunshang' chuckled and said, " I like this little lover of mine very much. Don't kill him. Otherwise, I won't give you the Buddhist demon divine power.

"You dare to threaten me!" Mo da said angrily.

'Luo yunshang' snorted and said, " "Don't forget that this young lady is a girl. Girls are generally not very smart. If I'm not happy, I might do something stupid."

Richard: "Richard!"

Yunxiao was also speechless. "Where is Hongyan? She might be the only one who can save us at this moment. Moreover, you are her ancestor after all, so she won't make things difficult for you."

I've trapped her under this five-Cloud Mountain with a trick," yunshang said with a smile. she won't be able to get out unless we uproot this mountain from the ground.

you old witch! Yunxiao said angrily, " you are so cruel!

'Luo yunshang' said coldly,'you said I'm cruel? I was going to tell you how to pull it out, but it seems I was overthinking."

Qianqian, senior, senior Gu Qingqing, " Yunxiao said. no matter what, you're a highly respected, respected, and immortal master. You don't have to make things difficult for us juniors.

"You keep calling me" senior "and" senior."I'm getting old. Fa Kaisen, I'm done playing."

'Luo yunshang' refused, her face full of displeasure.

Yunxiao's heart burned with anger, and he wished he could kill her with one palm.

'Luo yunshang' laughed when she saw the anger in his eyes and said, "If you don't even have this much patience, how can you do great things and bear great responsibilities?"

Yunxiao could see that 'yunshang' was fearless at this moment, which was why she was acting so frivolously. When he recovered his strength, he would beat her up and make her behave.

After thinking about it, he no longer paid attention to her. Instead, he swallowed large mouthfuls of natural treasures and displayed the one Qi creation technique to absorb the spiritual energy around him.

what a strange method of exhaling Qi and absorbing Yuan energy. Little lover, your ability is not low. Where did you learn all those divine abilities? "

'Luo yunshang' could not stay still, so she began to push and knock left and right.

"You're really long-winded, why is a dying person asking so many questions? Calm down. After I kill him, I'll leave this place and find the Buddhist Demon Sacred art. "

Even cruel could not take it anymore. He wanted to recover some elemental energy to deal with the situation outside, but after some thought, he realized that only Shang and Huang could be a threat to him.

As long as he was determined to leave, even these two people would not be able to stop him.

He was eager to ask for the Buddhist Demon Sacred art, so he did not want to wait any longer. He strode toward Yunxiao.

'Luo yunshang' said in surprise, 'you're not really going to kill him, are you? Although this brat is weak, you won't feel good even if he's struggling in his death throes. Why don't we leave now and ignore him?'

Yunxiao had too many secrets, and 'yunshang' did not want him to die.

"Hmph, a last-ditch struggle? What a joke!"

The judge paid no attention to him and sneered. Yunxiao was already an arrow at the end of its flight, so how could he not see that?

In a flash, he appeared about ten feet in front of Yunxiao and slashed down with the bone Jade knife!

"Don't!"

'Luo yunshang' cried out in surprise. She saw the space beside Yunxiao become a little blurry, and a Jade tablet rose and fell out of it, from which several figures broke out.

One of them held two swords in his hands and slashed at the bone Jade knife with a grave expression!

"Bang!"

Two completely different sword intents surged and slashed onto the bone Jade knife, causing a Dragon's Roar to resound through the nine Heavens!

On the three weapons, there were constantly Dragon shadows that rushed out in all directions!

Yunxiao was too close, and under the impact of the aftershock, he was instantly injured internally and sent flying thousands of feet away.

'Luo yunshang' and Chi were stunned by the sudden change in front of them. They rubbed their eyes in disbelief.

The referee quickly recovered from the shock of the inexplicable appearance of several people. He turned to the shock of the countless saber lights and sword lights turning into Dragons, and his eyes widened even more than before.

what kind of profound level weapon is this Suan ni?!

The Dragon's might on those two swords was actually not inferior to his bone and scale dual blades. They were completely equal!

Che you's heart trembled in fear as well. He had the nine secret dragon body and was enhanced by Luo Qingyun's tenth level dragon blood. His physical body was almost as strong as a tenth level true spirit, but under the threat of the bone and scale blades, he trembled.

what kind of existence did this pair of blades come from?!

Che you gritted his teeth and asked, when Yi regained his senses, his strength continued to increase, causing him to feel immense pressure.

The strength was secondary, especially the Dragon Qi on the bone scale blades, which could directly shock the soul.

Beifeng Nan also came out of the divine realm tablet. His sword fell from the sky and directly stabbed toward Yi's head.

"Ant, get lost!"

Mo shouted as his left hand grabbed the Golden scale blade and slashed upwards!

"Bang!"

A dazzling golden light burst out and shook the two of them.

Layers of golden light pushed past beiming Nan's body, and his appearance began to disappear, revealing a terrifying zombie appearance.

"What, this, what is this thing?"

The referee was shocked and immediately understood that the other party was also an abnormal human. He shouted, "What demons and ghosts? go to hell!"

With a twist of his left hand, the Golden scale blade circled around the eternal Imperial Sword and slashed upwards. As the sharp blade sliced through the sword, it exploded as if it could not withstand the pressure.

...

"Buzz buzz buzz!"

The originally crystal clear and bright as water sword body turned pitch black in an instant. The buzzing corpse puppet suddenly flew down.

"?! What the hell is this?"

Mo was given a fright, and he didn't dare to push his golden scale blade any further. Instead, he pulled it back and formed a barrier of light around him.

Those corpse puppets continued to charge down, but they were shattered by the saber Light.

After beiming Nan made his move, the pressure on che you was greatly reduced.

Suddenly, an astral wind came and turned into a blade in the air, slashing at the referee from behind!

Yi was already being attacked from both sides, and the power of the astral winds made his hair stand on end. Although it was not fatal, if he was hit like this, his skin would most likely be peeled off.

He shouted and the bone scale blades slashed in front of him, shattering countless corpse puppets. Che you was also pushed away by the ferocious force.

Mo then turned around and slashed with his two blades, shattering the astral winds.

However, the shattered astral winds instantly transformed into tens of thousands of blades that struck down!

...

“What?”

Mo was shocked, but the thousands of blades were already in front of him and he had no time to Dodge.

“Pfft! Pfft! Pfft!”

His body was cut open by the astral wind blades, and his entire body turned into a curtain of blood. He had completely lost his human form.

After being slashed by thousands of blades, it turned into the shape of a crocodile in the distance. Its eyes were filled with ferocity as it stared at the blood curtain vigilantly.

‘Luo yunshang’ was so shocked by the scene that her face turned blank. She suddenly jumped up and screamed, “A Supreme grade profound level weapon! You have a super-grade profound level weapon, and it’s the divine realm tablet!”

The voice was shrill and flustered, and its eyes were fixed on Yunxiao like goldfish, as if it were staring at food and could not help but pounce on him to eat it.

Yunxiao was a little surprised. You also know about the divine realm tablet? ”

“?!!”

‘Luo yunshang’ gasped and retreated in horror. She found it hard to believe and said in a daze, ” it’s really the divine realm tablet. The divine realm tablet really has a Suan ni in this era.

what do you know about the divine realm tablet? ” Yunxiao asked. what do you know about it? ”

After the initial shock, ‘Luo yunshang’ stood there in a daze, as if she had lost her ability to think.

Yunxiao was asking more questions about the divine realm tablet, especially about the artifact Spirit. If the divine realm tablet, which was also a heavenly Saint artifact, could exert the same power as the six paths demonic weapon, he would be able to sweep across the world with this profound artifact, and he would not be in such a sorry state.

However, even after he called out ‘yunshang’ a few times, she seemed to ignore him, as if she had something on her mind.

Roars came from the blood curtain that mo had turned into, and then he gradually materialized his true body. Obviously, he was stunned by the three people who had appeared one after another. It was not until ‘yunshang’ shouted that he came to his senses. With a ferocious look on his face, he stared at Yunxiao and said, ” you have a holy weapon?!

I won’t give it to you, ” Yunxiao said. why are you asking? ”

“Can’t I even ask?” mo nu asked.

no! Yunxiao shook his head. No.

”

Mo was furious. His entire body turned into a pool of blood once again and began to roll. Heat was emitted like water vapor, and waves of pressure surged out.

Che you and the other two immediately became vigilant. They flew to Yunxiao’s side with solemn faces.

With Yi’s strength, even if the three of them joined forces, it would still be extremely difficult for them to fight against him, not to mention that he had been hit by Yunxiao’s Mystic pin. Otherwise, he would have been even more difficult to defeat.

After a moment of rage, the judge stared at Yunxiao with his red eyes, which made the latter’s hair stand on end.

However, that malicious gaze gradually faded away, and the blood Qi that filled the air gradually gathered back into his body. The air in the grotto-heaven became fresher.

Yi’s blood body also disappeared, turning back into a normal human body, as if he didn’t want to fight anymore.

Yunxiao frowned, not knowing what he meant.

“No more fighting,” the referee said directly. Gu Qingqing, you come with me. ”

Gu Qingqing seemed to come back from her daze. Ignoring the judge, she asked Yunxiao, ” “What’s your name?”

what? ” Yunxiao frowned. are you completely dumbfounded when you saw that I have a Saint artifact? ” With your strength and experience, you shouldn’t be so surprised, right?”

Gu Qingqing didn't seem to be as cynical as before, and snorted, "What do you know, little wimp? The birth of a Saint weapon is extraordinary, not to mention that you have the divine realm tablet in your hand. Do you know the origin and significance of this tablet?"

I don't know," Yunxiao said. are you willing to tell me? "

Gu Qingqing nodded. I do know a lot, but I can't be sure if the tablet in your hand is the divine realm tablet. Let me take a closer look first.

"Hahaha!"

do you really think I'm a child? " Yunxiao sneered. do you really think I'm a child? " Such a low-level trick?"
