

The Eternal 1821

Chapter 1821

1821 Battle of the seal (18)

Gu Qing Qing's face reddened, and she returned to her frivolous self, saying angrily, "Can't you just let me see it?" She carefully stretched out a finger and moved it in front of her eyes.

"No,"

no! Yunxiao immediately refused. unless you leave yunshang's body, this matter can still be discussed.

Gu Qing Qing's face suddenly showed a difficult expression.

Mo sneered. the Holy artifact has its own host. You can't force it. Even if he really gives it to you, you won't have the life to take it. Let's not waste any more time and follow me. "

He calmed down when he found that Yunxiao had taken out a Saint artifact.

Not to mention how powerful the Saint artifact itself was, he had no confidence in it. Even the three people in front of him were not easy to take down.

His ultimate goal was only the Buddhist Demon Sacred art, and he didn't want to engage in such a meaningless battle at all. Moreover, there were still many variables outside.

If they really ended up fighting to the point where both sides were injured and lost the clues to the Buddhist Demon Sacred art, who could they cry to?

Gu Qingqing snorted,"little Cang Cang, how old are you?" You really don't know the immensity of heaven and earth, and you're a laughingstock for daring to come and give me advice! When I was researching Saint artifacts, your grandfather wasn't even born yet!"

The referee's killing intent rose again from her rebuttal, and he snorted angrily to suppress it. He shouted, " "Stop wasting time and follow me!"

Yunxiao raised his sword, pointed it at him, and sneered, " "If you want to take Gu Qing Qing away, then fight to the end."

He could also see that the referee did not want to fight anymore, so he did not want to fight either. He was eager to resolve this.

Mo sneered. she's been bound by the silver nomological patterns on my bone-scale blades. There's no way she can escape. If she doesn't come with me, her strength will become weaker and weaker. In the end, her Foundation will collapse, and her martial Dao will no longer exist.

Yunxiao's heart trembled. After all, the silver pattern was very similar to the runes of the chains of law, and he could not tell its power.

Gu Qingqing chuckled. you're good, little Cang Cang. You're so bad. How can you treat me like this? " don't worry, " she said to Yunxiao. this old demon can't hurt me. I'll go with him.

I don't care if I can hurt you or not, " Yunxiao said coldly. leave yunshang's body here, and I don't care whether you live or die!

Gu Qing Qing blinked and smiled, " even if I leave my body here, it has already been struck by the silver runes of the laws. Other than the bone and scale blades of the kun, there's no other solution. What can you do? "

Yunxiao's face darkened, and he felt dizzy. Yunshang's body had not been recaptured yet, and now it was bound by the strange silver runes, which was really adding fuel to the fire.

Gu Qingqing laughed, "I can see that you have a conscience for my disciple." How about this, I'll have a good talk with you when I return. As long as you agree to do something for me, I can consider returning this body to you."

Yunxiao's eyes lit up. what's the matter? " he asked hurriedly. He was very suspicious. How could there be such a good thing in the world? besides, Luo yunshang's body had already swallowed the blood God bead. How could Gu Qingqing bear to give it up?

Gu Qingqing said,"as for what it is, I haven't thought about it yet. I'll tell you when I think about it." You have the divine realm tablet, so I'll definitely come back for you, so you don't have to worry about me running away."

Yunxiao's face darkened, but he was in a dilemma. Let alone whether he could make Gu Qingqing stay, even if he could force her to stay, how could he get rid of the silver runes on yunshang's body?

you came to me for the divine realm tablet. Do you know this tablet very well? "

Yunxiao began to probe, hoping to find some clues about the artifact Spirit.

Gu Qingqing said, " this stele is related to the fate of the heavenly martial realm. It is obvious that you are also a person with destiny. I don't know much about it. Even if I knew, I couldn't tell you.

Yunxiao cursed in his heart. His words were useless, so he went straight to the point and asked, " "Although this monument is in my hands, it is missing its Artifact Spirit. Do you know of any way to retrieve it?"

"Artifact Spirit?"

Gu Qing Qing was shocked, obviously not knowing. After a moment of silence, she said, " "This thing also has an Artifact Spirit? Although I don't know, there's someone who should know. I can ask him for you."

"Who is it?" Yunxiao asked in surprise.

Gu Qingqing chuckled. even if I tell you, you won't recognize him. He might not even give me face.

what? " Yunxiao was surprised. from what you're saying, it seems that you know him? " Then his age?"

Gu Qing Qing laughed, "haha, don't ask." I'll ask around about the artifact Spirit for you. If that person knows that the divine realm tablet has come into being, I wonder what kind of expression he'll have. I'm looking forward to it, haha."

Yunxiao was suspicious and did not know what to say.

don't laugh too early, " mo sneered. if we can't find the Buddhist Demon Sacred art, you'll be the one crying.

Yunxiao was a little worried. After all, the real Buddhist Demon Sacred art was with him. He gave Gu Qingqing a questioning look.

Gu Qing Qing smiled and shook her head, indicating that she would not be in danger.

alright, " Yunxiao said. since you insist on going, I won't stop you, and I believe you will come back. However, I have one condition for Lord mo. You must withdraw the demon Army outside."

Mo's expression changed and he said coldly, "why?" What qualifications do you have to make me withdraw my troops?"

no reason, " Yunxiao said. with your strength, how can you be inferior to Shang? I'm afraid that you sent out your clone to confuse Shang. If the three thousand great demon Army continues to fight, it will be disadvantageous to you if there are too many casualties."

Mo's face showed some hesitation, but he suddenly laughed out loud, "Haha, since you've seen through me, I won't hide it. I'm going to be the king of the beasts. I can retreat, but you humans must help me get rid of Shang and Huang."

Yunxiao's heart stirred as he stared at him and said, " "Are you sure you want to eliminate two people this time?"

Killing intent flashed across Mo's face. I don't know how Shang's condition is now that he has the armillary sphere. If there's a chance, of course I'll get rid of him! he said.

if they fight outside and both of them are injured," Yunxiao said, " there's a chance. I don't mind helping you get rid of a great enemy." Shang was also a thorn in his side.

"BOOM!"

Just as the two of them were discussing, the ground suddenly trembled. It was as if an impact force had come from the outside and rippled through the space. Everyone could feel it was extremely strong.

what?" Gu Qingqing was shocked. this five Cloud Mountain is connected to the sky and the earth. It can directly trigger the rhythm of the earth. It must be extraordinary to be able to produce such a huge vibration!

Shang and my men should have the upper hand," mo said with a serious expression. why is there such a huge disturbance? did something happen? "

Yunxiao's eyes lit up as he said in great joy, " "Could it be that Tenshou Zi has come?"

Other than che you, the others all frowned, not knowing who Amaterasu was.

Yunxiao explained briefly, " "Amaterasu is one of the current leaders of the human race. Let's go out first. If Amaterasu is here, then this battle will be worth fighting. Perhaps we can only find a chance to get rid of Shang."

As for Huang, they thought that he was no match for Shang after being injured by Wei Qing's blade of execution. He had probably lost.

The five of them and the crocodile flew out of the grotto-heaven.

...

The few people who had been fighting to the death previously kept changing their roles between friend and foe. In the end, they flew out of the heavenly abode together.

Outside, a Brilliant Silver light could be seen. A terrifying aura surged in the sky, and the flames of war were burning everywhere. All kinds of Emperor Qi were running rampant.

The battle seemed to have entered an extremely fierce level, and the killing was in a stalemate.

“How did this happen?”

Mo Xin was shocked. The situation was completely different from what he had expected. Although the demon race still had the upper hand, they had also suffered heavy losses.

He scanned the area with his spirit senses and found that hundreds of the demons had been killed. It seemed that the situation had changed again. Previously, Huang had been on the side of the humans, but now, he had joined forces with Hui to fight against the human army.

The ones with the most energy fluctuations were the three people fighting in the sky above five Cloud Mountain. One of them was Shang, who had transformed into the true form of the bane and spun the armillary sphere in his hand, his vast weapon aura shaking the world.

However, the other party was two divine transcendence experts. One of them was wearing a green robe and had a cold expression. The Golden battle blade in his hand was constantly slashing out blade lights, but they were all suppressed by the armillary sphere.

The Golden Saber was suppressed by the level of the profound level weapon and lost more than half of its power. The man was having a hard time fighting.

The other person was a woman with a frosty expression. She wielded a round profound level weapon with both hands, which shone with a terrifying green light as she fought with Shang.

Although the two of them were at a disadvantage in terms of profound level weapons, their own strength was extremely strong. Under their joint efforts, they could fight to a draw.

...

Yunxiao was taken aback. They were Cangwu Qiong from the council office and Si tingyu, who rarely showed her face. As for the big wheel in si tingyu's hand, he was no stranger to it. It belonged to the ghost king of Red Moon City.

He didn't expect that she would be able to refine it in such a short period of time. Although it was still very unfamiliar, it could still exert a part of its power to contend against the armillary sphere, which was at least more useful than a ninth tier profound artifact.

He swept his gaze across the battlefield. Not only had Cangwu Qiong and Si tingyu come, but a large number of experts had also arrived. In addition to the Saints, the sea of soul formation had also sent out many experts, but Liu Feiyan was nowhere to be seen.

"That's Yingluo."

On the other side of the battlefield, high up in the sky, it was like another battlefield, much gentler and more beautiful.

The two silver rays of light were like the Milky Way, changing forms in the sky. It was beautiful.

Yunxiao was horrified. Two figures were sitting cross-legged in the room, occasionally performing incantation gestures, but they were both covered in cold sweat and their faces were pale.

"Amaterasu!"

That person was one of Shen DU's three elders, Amaterasu Zi, who had long since stopped asking about the truth. He was known as one of the two pinnacle figures of the current generation's art.

The other person who was competing with him was Ai from the monster race. The two of them were competing purely with their mental energy, without any tricks.

The Silver River around him was formed by his spiritual power, and it was like the celestial phenomena of the universe, shaking and attacking back and forth.

Chapter 1822

1822 Battle of the seal (19)

“This bi an ...”

Yi and Gu Qing Qing were also shocked. Such an intense scene was like an all-out war between the two races.

Yunxiao also came back to his senses. It seemed that the sacred zone and the sea of soul formation were planning to annihilate the demon race here.

ever since Gu Qingqing suppressed the monster race under the five Cloud Mountain, the resentment between the two races has been growing. However, the monster race has always been weak, so they have been holding back. Now that they are on the verge of revival, the conflict has finally exploded. Yunxiao said with a serious look.

Gu Qing Qing was dazed for a moment, then said with an innocent look, “Why are you putting the blame on me? It was little Cang Cang’s grandfather’s grandfather who asked me to do this. It was clearly their own request.”

what? ” Yunxiao rolled his eyes at her. for thousands of years, Gu Qingqing has been living in the world as the hero of our ancestors.

Gu Qingqing giggled, “I’m so shy.” Why don’t you go and tell everyone that the incident at five Cloud Mountain was entirely the Azure demon clan’s own scheme and that I was just helping them with their wishes.”

are you an idiot? ” Yunxiao was speechless. who would believe you? ” Go and tell them you’re Gu Qing Qing, see if they’ll believe you.”

Gu Qingqing said, ” what should we do now? the battle is so intense. I’m afraid that more than half of the Masters of the two clans have gathered here.

Yunxiao was also shocked by the determination of the two Holy Lands. Four from the Holy Council had come, as well as tenzhaozi and countless experts. In addition to Xuan Hua and Zhen Yu, many experts from the Art Garden had also come to the sea of soul formation. They were probably going to completely defeat the demons and Exchange them for thousands of years of luck for the human race.

“But can Yingluo really do it, Yingluo?”

Yunxiao was a little worried. He sneaked a glance at mo and saw that the latter’s face was very calm, and he could not tell what he was thinking.

Yi’s power was no weaker than Shang’s, and if he joined the battle, the balance would tilt.

“Is that the might of a Saint artifact? If I can get the blood God bead, he won’t have to worry about having a Saint artifact.”

Mo’s heart ached as he glared at Gu Qingqing.

Gu Qing Qing was also attracted by the fierce battle in the sky, and said in surprise, ” “Is the heavenly Dao really going to change in the era of Saint artifacts?”

The armillary sphere seemed to have fused with the banner, and the Twin axes of heaven and earth continued to evolve in the air. The heavenly Dao was like the rolling wheels of time, pressing forward.

In the world formed by the armillary sphere, Yi’s expression was solemn as he made a hand seal with one hand.

There was no demonic Qi on his body. It was purely his powerful weapon accumulation that was shaking the heaven and earth. He seemed to have become a star in the universe.

Si tingyu and Cangwu Qiong's faces turned pale. Their connection with the realm of heavenly martial arts seemed to be slowly lost under the mighty power of the artifact, which was constantly being integrated into the armillary sphere.

the power of the world is getting stronger and stronger, " Cangwu Qiong said. if we drag this on, we'll fall into a quagmire. Let's use our full strength to break this shackle and leave this space!

"Alright!"

that armillary sphere is too powerful, " si tingyu said sternly. he can actually use it so exquisitely. I'm afraid that we can't suppress him with our strength alone.

"Let's leave first," Cangwu Qiong replied.

He waved his Golden Saber in front of him and performed several incantation gestures with one hand. Countless forces poured into the saber, and shadows of beasts roared out and circled around him like hundreds of beasts galloping.

The power of the blade was constantly increasing. Within a few feet, the power of the world was shaken by the blade light, and it seemed like it was going to break through the air.

Si tingyu flew up and landed on the Samsara wheel. Countless runes flew up.

Shang's calm face twitched a little. He opened his eyes and sneered, " "You want to leave? It seems that my use of the armillary sphere still has flaws."

He changed his hand seal, and golden and silver light flew out of the horns on his forehead. He pressed his hands forward.

The two rays of light instantly turned black and white, spinning in the air like a Tai Chi fish. They suddenly pressed down on the endless sky and directly enveloped the two of them.

Gu Qingqing was shocked, [the huodou clan's Tai Chi sky-sealing seal!]

Yunxiao remembered that Feng Yaoli had sealed a wisp of Huo Dou's soul in the space of his right pupil. That fellow would probably not let him go.

As soon as the Taiji sky-sealing seal was unleashed, Cangwu Qiong and Si tingyu's powers were immediately suppressed.

Si tingyu's expression changed slightly, but she instantly calmed down and said, "Once this seal is out, even you can't do anything, so what's the use? It's a very weak move."

Shang's lips curled into a cold smile. "Oh, really? It seems like your understanding of the huodou clan is still limited to tens of thousands of years ago. How sad."

The armillary sphere transformed into a small ball and merged into his glabella, spinning continuously.

Yi shouted loudly, and the dual axis of heaven and earth burst out with an extremely strong light. The demonic aura that had never appeared before suddenly surged.

"What?"

Cangwu Qiong and Si tingyu were both shocked. They looked at each other and saw the shock in each other's eyes.

Shang laughed coldly and walked over.

Perhaps he had deliberately slowed down his pace, but every move was full of demonic power, directly shaking the other party's heart, making the internal organs of the two people feel as if they were being fried in water.

“So strong! Under the sky-sealing seal, his strength didn’t decrease at all, how did he do it?”

Mo Jing asked, his eyes filled with horror.

In the Dao of heaven, the surplus would be damaged, the insufficient would be supplemented, the high would be suppressed, and the low would be raised.

It meant that the heavens would compensate for the areas that were lacking and suppress the areas that were strong.

For example, the calamity tower clan’s heaven-Sealing Stamp could seal all laws and divine powers, which was against the heavenly Dao. If the heaven-Sealing Stamp was used, it would seal one’s own power, which was a balance of the heavenly Dao.

But now, after Shang used the sky-Sealing Stamp, he did not seal his own strength and the balance of the heavenly Dao was broken. Who in the world could be his match?

Yunxiao also fell into deep thought. Not only had Shang broken through the shackles of this divine power, but so had Feng Yaoli. If they could not find a way to break it, they would be in great danger.

He observed carefully, wanting to see how these two from the sanctuary Council would break through.

At this moment, black universe protector, Xuan Hua, and the other experts were busy killing each other and couldn’t even be distracted.

“Master si tingyu, is there a way to break it?” Cangwu Qiong asked anxiously.

Si tingyu’s expression was cold, but her eyes were rippling. She was obviously very anxious as well. “If I can fully control the Great Wheel of Samsara, I might be able to break it. However, the time is too short and there are too many profound meanings that I can’t learn!”

Cangwu Qiong observed the battle from the corner of his eyes. Even though it looked like a close fight, the humans were actually the weaker side. It was impossible for them to spare any manpower to rescue them. Even if they did, who would have the ability to rescue them from Shang's sky-sealing seal?

...

"What should we do then?" Cangwu Qiong asked anxiously.

Shang walked over step by step. His aura was so strong that it shook their hearts. If they had not forcefully suppressed it, they would have vomited blood.

Si tingyu gritted his teeth. can you buy me ten breaths of time? I'll try my best to activate the secret skill on the wheel and break the seal with the power of the treasure. Even if I fail, I'll at least be able to return us some freedom.

"Ten breaths? Haha, what a joke. Right now, not only is your origin power sealed, even your profound level weapons are suppressed. Don't even think about it for a single breath!"

Yi laughed wildly, showing off his domineering aura that had been around for tens of thousands of years.

Ever since he had awakened in this era, he had never felt so comfortable and carefree before.

In a flash, he appeared in front of Cangwu Qiong and smacked him with his palm as if he was smacking a fly and a mouse. He was looking down on him with the contempt of a superior.

Cangwu Qiong's face turned pale, and his eyes suddenly lit up. With a loud roar, a golden light appeared in front of him, turning into countless golden runes that spun in the sky.

Yi was shocked. Under this seal, all kinds of divine arts were sealed. The other party shouldn't have any strength left.

Si tingyu was also taken aback, but he was immediately overjoyed. With a shout, he quickly formed a seal with both hands and slammed it on the Samsara wheel.

Obscure sounds echoed around the wheel, as if the gate of hell was slowly opening.

...

A green light gushed out from the wheel, resisting the power of the seal.

Yunxiao was taken aback when he saw figures emerge around the Great Wheel of Samsara. They were the thirty-three merit Cao!

“Yi, this profound level weapon is a Kasaya.”

Gu Qing Qing was also shocked, and she said, “The small wheel three phase life transformation wheel? I’m not dreaming, right?”

you also recognize this thing? ” Yunxiao asked in surprise. what? ”

After a short moment of shock, Gu Qing Qing came back to her senses and snorted, “When this lady was studying the Saint artifact, your grandfather was still playing with mud! The number of Saint artifacts in this world is far greater than you can imagine. The Samsara wheel is formed by a wisp of the power of Samsara, and it’s not within the Three Realms or the five elements. No wonder the heaven-Sealing Stamp of the calamity tower clan couldn’t seal him.”

“But Yingluo”

Gu Qing Qing looked at him suspiciously, “What’s that thing in that old man’s hand? it’s actually able to resist the seal. I seem to have some impression of it. I’ve seen similar records, but I can’t recall it at the moment.”

Golden runes appeared in Cangwu Qiong's hands and formed the ancient Maha character. Three rays of Starlight shot out and turned into three wheels, namely the sun, the moon, and the stars.

Shang's movements became extremely slow under the three rounds, as if time was constantly shrinking.

that's the cosmic disc," Yunxiao said. it's a cosmic disc.

"The cosmic light plate? It's actually this item!"

Gu Qing Qing called out again, her face was full of shock, and then it was filled with regret and jealousy. She said angrily, "Why is there so much good stuff in this era? In this lady's era, there was only bird shit!"

"Can't you just be quiet!" Mo nu glared at her.

However, he also seemed to be very curious, so he asked, "What is the cosmic light plate? In the demon race's legends, Huo Dou's heaven-sealing seal can seal all divine powers. It's truly unbelievable and incomprehensible to see both of them break it."

"Please be quiet!" Gu Qing Qing snorted.

this is originally half of a pair of profound artifacts," Yunxiao explained. since ancient times, it has been known as the universe, and it controls the rules of time. The other half is space, and I'm in control of the rules of space."

I see," Mo Jing said. time and space are part of the heavenly Dao. No wonder it can resist the sky-sealing seal.

Chapter 1823

1823 Battle of the seal (20)

Shang's face turned dark, and his eyes seemed to be burning with anger.

The attack that he had thought would definitely win had actually turned out to be so pathetic. His speed seemed to have been slowed down infinitely, and time had been distorted.

On the Great Wheel of Samsara, a powerful force crossed over from the void. The 33 gongcao materialized and each made a hand seal.

Under the 33 incantation seals, the light of reincarnation slowly condensed!

“Ha!”

Si tingyu yelled and slammed her hands on the Samsara wheel!

“BOOM!”

The light of reincarnation shot through the sky and instantly tore a hole in the sky of seal!

“Ten breaths are up!”

Cangwu Qiong was overjoyed. He had already been overwhelmed by the power of the cosmic light plate. Now that the seal had been broken, the laws in the sky descended, and his strength was restored.

The cosmic light plate was retracted, and the Golden Saber beside him slashed out!

“Bang!”

The Golden Ring-shaped blade instantly struck Shang’s fist wind, and a golden light burst out.

Cangwu Qiong spat out a mouthful of blood from the impact. He retreated with his Golden Saber, but he heaved a sigh of relief. The Taiji diagram that filled the sky dissipated.

Si tingyu also forcefully activated the wheel. After condensing the light of reincarnation, she suffered a backlash and retreated with injuries.

The thirty-three techniques instantly turned into a green light and disappeared like smoke.

“So what if I can escape once?” Shang replied coldly. Even if I don’t use the heaven sealing mark, I will still blow you up one by one!”

The armillary sphere appeared again and fell into his hand. The two axes of heaven and earth rotated, and two illusionary lights appeared and fell on the two. Si tingyu retreated in shock, but he couldn’t escape in time and was trapped inside.

Cangwu Qiong was shocked. He took out the cosmic light plate again to block the power and then retreated.

The referee sneered and ignored him. Instead, he appeared in front of si tingyu and threw a punch!

Si tingyu’s face was livid. The backlash from the light of Samsara was so severe that she didn’t dare to use the big wheel anymore. Instead, she cupped her hands in a circle in front of her body. A cold light flashed, and a six-sided meteor dart that was two feet long and wide flew out.

“BOOM!”

Shang’s fist landed on the DART, and the originally dim runes and lines on it suddenly became clear and bright, and countless runes glowed.

However, it still couldn’t block the punch. The demonic aura landed on si tingyu’s body and she spat out another mouthful of blood as she retreated.

The defeat of the two was almost a foregone conclusion.

Yunxiao frowned. He could see the situation very clearly. If the two of them were defeated, the stalemate would be torn apart, and no one would be able to defeat Shang. The situation would then be one-sided.

Black universe guard was entangled by desolate, so he couldn't even spare a moment to escape.

Xuan Hua, the forces of the sea of soul formation, and Wei Shishi were also drowned in the demon Army, and their casualties continued to increase.

The two Holy Lands had joined forces, but they were still in such a sorry state. The situation was precarious.

Gu Qing Qing also saw it clearly, and said, "Little Cang Cang, didn't you want to seize the position of demon Emperor? If I join forces with the human race now, I might still be able to suppress him. If I lose this opportunity, I'm afraid it'll be very difficult for me to make a comeback."

tsk, old witch, you want to trick me into making a move with your IQ? "

Mo Yun said sarcastically, "snatching the demon Emperor's position is a major event. Isn't defeating the human army a major event? " In my opinion, the humans still have some strength left. If they struggle, they might be able to injure Shang severely, and then I will avenge you."

He looked on coldly, waiting to reap the benefits.

Gu Qingqing was speechless. She turned to Yunxiao and said, " little lover, quickly summon your Army of thirty thousand from the divine realm tablet and sweep them away!

Yunxiao's face was full of black lines as he said resentfully, "If I had 30000 troops, would I still be bullied by you?"

"Hehe."

Gu Qing Qing laughed, " "Then what should we do? Are you going to watch as my clan members are annihilated? Tsk, tsk, I didn't think that after thousands of years, the human race would become such trash. You've really disgraced me. "

'The key thing now is that Mr. Ke is here,' Yunxiao said. If I summon all my friends from the divine realm tablet, I might be able to hold Shang back, but I'll end up benefiting Mr. Huang instead. I might even end up dead. If you can keep Mr. Huang in check, I will suppress Shang."

Gu Qingqing was troubled. look at me now. Can I suppress little Cang Cang? " she asked.

there's one person who can, " Yunxiao said. he can.

"Who?" Gu Qingqing was stunned.

the divine firmament Palace, " Yunxiao said word by word.

Gu Qing Qing's eyes flashed with surprise. She slapped her head and said, " "How could I have forgotten about her?" She looked up at the five Cloud Mountain and muttered to herself, " "If it's her, even if she can't defeat little Cang Cang, she should be able to suppress it."

Mo's expression changed and he angrily snorted,"impudent!" You actually ignored my existence!"

Gu Qingqing chuckled. no, we're not. We're just afraid of you. That's why we're so careful.

"Do you think I'll let you have your way?" mo sneered.

lady Gu Qingqing, " Yunxiao said. go and let Hongyan out. I'll hold her back.

With a wave of his hand, a bolt of lightning shot towards Yi.

Mo's eyes narrowed. you really can't be left alive, " he said coldly. you've finally started to court death!

Che you and beiming Nan also brandished their long swords and restrained Yi from the left and right, ready to attack at any moment.

Yunxiao sneered. it's all because of Mr. Ke's good plan. You want to be the demon Emperor, and at the same time, you want to hurt our people. There's no such good thing in the world. An ancient Sage once said that you can't have both. If Hongyan were here, I'm afraid you wouldn't be able to get both."

Mo's expression changed slightly. He did have such thoughts.

He had never seen qu Hongyan's strength, but since she was the master of the divine cloud Palace, she must be an extremely difficult person to deal with.

...

If the human race turned the tables in the end and he lost the opportunity to ascend to the demon Emperor throne, he would really be in deep trouble.

The referee seemed to be moved by his words, " "In your opinion, what should we do?"

'Let's join forces and kill Shang! You're the demon Emperor, I'll save everyone!'

"It's really hard to convince the public that I'm having an internal strife in the face of the two races 'righteousness,'" mo buyue said.

the winner is king, and the loser is a Bandit," Yunxiao said with a smile. only the winner can convince the masses. You killed Shang, suppressed Huang, and United the demon race. You can fight us again in the future. Don't think that just because the demon race has the upper hand in front of us, they will win for sure. If I'm not wrong, the two Holy Lands are sending reinforcements. When the time comes, this battle will be a quagmire, and no one will be able to get out of it. Behind our race is the boundless heavenly martial continent with countless powerhouses. Do you really want to bet on this, Mr. Ke?"

Gu Qing Qing slightly nodded and said seriously, "My little lover is right. Only the peaceful coexistence of the two races is the right way. No matter who wanted to destroy the other party, it was not only a fool's dream, but they would also fall into an endless quagmire and be unable to extricate themselves. Furthermore, the demons were weak. Even if they could win today, could they withstand the counterattacks of the humans in the future? The two clans have always been in constant conflict, but there has never been a real large-scale battle that directly involved the foundation of the two clans."

you still have the face to say that?" Yunxiao scolded. if you had not suppressed the demon race under five Cloud Mountain thousands of years ago, the hatred between the two races would not have reached such a deep level.

"Then it's my fault," Gu Qingqing laughed.

what are you still doing here?" Yunxiao said angrily. what are you doing here?" Quickly go and release Hongyan!"

Gu Qingqing said, "this five Cloud Mountain was originally a profound level weapon that I refined. But now, it's only a wisp of divine sense that has descended into Yunshang's body. When I used the wandering secular world technique earlier, I found that I could no longer control it. I'm afraid it won't be easy to take it back.

then what should we do?" Yunxiao asked anxiously.

...

Gu Qingqing said, "I'll teach you the "art of the wandering world". When this is over, you can slowly explore it. This five Cloud Mountain is my gift to you.

Yunxiao,'hehe'.

Yi suddenly laughed and said,"haha, looks like I don't need to make a choice." The divine firmament Palace Lord won't be able to come out any time soon, so you can just wait for Shang and your tribe to be defeated and reap the benefits."

Yunxiao, 'hehe'.

Gu Qingqing cried out, "Aiya! What should we do now? those two people from the sacred zone are about to be killed!

As they were conversing, Si Tingyu and Cangwu Qiong were constantly spurting out blood from their attacks as they struggled to hold on. Meanwhile, Shang was strolling around leisurely.

It's all your fault! Yunxiao said angrily. You've said everything!

"You're blaming me again," Gu Qingqing said, feeling wronged.

Yunxiao was speechless. I can't care about that anymore. Although I don't like the people from the sacred zone's administrative department and the Mystic Garden, they are the two pillars of the human race after all. They can't fall.

"Let's take one step at a time!"

After saying that, Yunxiao flew up and went after Shang.

He felt a wave of worry in his heart. What kind of joke was this? If the four from the Holy region's administrative department, Lord Tenzhaozi, and many experts from the Art Garden were to fall here, what kind of earth-shattering event would that be? It would probably directly shake the influence and leadership positions of the two Holy Lands.

If the two Holy Lands were to collapse, then the world would truly be in chaos!

The crocodile also opened its mouth and turned into a strong wind that dragged him up to the sky.

After absorbing the astral Wind Spirit in the deep and quiet waterpath, the crocodile's personality seemed to have changed. From being lazy all day long, it became aggressive and fierce. It was hard to say whether it was good or bad.

“Do the two of you want to rest for a while?”

Just as Cangwu Qiong and Si tingyu were spurting blood from the beating, they heard the most beautiful sound in the world.

it’s Li Yunxiao!

Cangwu Qiong was taken aback for a moment, but then he was overjoyed. He hurriedly retreated behind Yunxiao and said, “I’ll leave it to Martial Emperor Vanquisher.”

Si tingyu also staggered and dodged behind him without saying a word.

are there any reinforcements coming? ” Yunxiao asked. are there any reinforcements? ”

we’ve already sent a message back, ” Cangwu Qiong replied hurriedly. I’m afraid that an Army will arrive soon. We’ve underestimated the enemy’s strength.

that’s good, ” Yunxiao nodded. I think I can still delay it for a while. If there are no reinforcements, I’ll turn back home now, and maybe I can make it in time for dinner.”

Si tingyu,”Yingluo.”

“You must be joking, Sir po Jun,” Cangwu Qiong replied with a bitter smile. Not only did they send a message back to the Holy region and the sea of soul formation, they also sent a message to the soul Devourer sect and the myriad Stars Valley, which are the closest to this place. There should be reinforcements soon.”

Chapter 1824

1824 Battle of the seal (21)

Only then did Yunxiao feel relieved. alright, I'll try my best to stall him for a while. If the reinforcements don't arrive after a long time, I won't keep you company any longer. My mother is asking me to go home early for dinner.

Si tingyu's face was pale, and her forehead was covered in cold sweat. She didn't know why she was sweating."Sir po Jun, please do your best. We are extremely grateful."

it's related to the rise and fall of my clan," Yunxiao said. although I don't like you, I can't care about that at this time.

"Are you done explaining?" the referee sneered.

are you sure that reinforcements will come?" Yunxiao asked again.

Si tingyu,"Yingluo."

"I'm sure," Cangwu Qiong replied bitterly.

Only then did Yunxiao feel relieved, as if he had gained some confidence. He chuckled at the judge and said, "It's a coincidence that we meet again. I didn't think we would meet so soon."

"You want to buy time for reinforcements?" the referee asked. Although I don't dare to say that I'm invincible, there aren't many people in the world who can save you. Compared to killing them, I'm more interested in killing you."

Yunxiao shook his head. waiting for reinforcements is just one of the reasons. I still want to tell you something. The Azure Demon Armor is no weaker than you, and he's waiting for you to get injured so that he can reap the benefits."

At the foot of five Cloud Mountain, Mo's expression changed and he roared, " li Yunxiao, you deserve to die!

Gu Qing Qing laughed, "haha, my little lover is really interesting."

Shang's eyes narrowed as he looked down, shooting out a killing intent. He then sneered and said, "The Azure Demon tribe is indeed a little troublesome, but with the armillary sphere in my hands, I can suppress all the demons and become the Emperor again. You don't have to worry about this, you should worry about how you're going to die!"

With a "Zheng" sound, an axis shot out from the armillary sphere and cut across the sky.

Yunxiao's face flickered. After he had pulled out the Alay xuangang, his strength had not yet recovered, but the horizontal line was so powerful that it made him feel powerless.

"Is this a completely refined Saint weapon?"

Yunxiao was horrified. He finally understood why Cangwu Qiong and Si tingyu had been defeated so easily even when they had joined forces.

"Let me do it. A battle of this level is not something you can participate in."

Che you chuckled and the Xumi anything's sword slashed through the air, it was light and clean.

"Bang!"

The sword was struck by the axis and trembled, the Dragon Qi was scattered, causing che you's arm to go numb. He could not help but take a step back to dispel the impact.

"How can he be so strong?"

Che you was shocked as well, but he was in a much better state than Yi, after all Yi's bone scale blades were a huge counter to him.

be careful," Yunxiao said seriously. don't die Here. Just delay him as much as you can and wait for reinforcements."

Che you did not dare to be careless, he said,"do your best." He transformed into a Dragon and charged forward.

Without saying anything, beifeng Nan also followed up with his sword.

The crocodile roared and turned into a blade of astral wind.

Although there were still many people in the divine realm tablet, those below divine transcendence would be cannon fodder. Only the patrolling bullfighting could be sent out, but it wouldn't increase the combat power by much, unless it was the lingmu flute, but the lingmu flute wasn't something he could command.

li Yunxiao," the judge said," don't you understand the situation yet? I'm the only Saint weapon that can display its full power in tens of thousands of years. It's enough to suppress all experts below the godly state!"

The power of the armillary sphere spread out, and the starry sky evolved. In an instant, the four of them were enveloped within it, and an extremely strong suppressive force came from the sky.

Cangwu Qiong and Si tingyu knew how powerful it was, so they ran far away to rest and regulate their breathing.

Beifeng Nan frowned. The sword in his hand began to tremble under the power of the armillary sphere, and it kept whimpering. It was being suppressed by the power of the level.

Che you's two swords gave off green Dragon Qi which clashed with the rule world of the armillary sphere. There were constant sounds of battle and the shape of a Dragon could be seen.

The four of them were extremely vigilant.

Chi laughed and pointed his finger down, "Stars like rain!"

The stars in the sky immediately began to sway and fall from the sky, turning into a heavy rain. Countless beautiful meteors flashed across the sky and smashed toward Yunxiao and the other three.

With a shake of his right hand, beifeng Nan kept the eternal Imperial Sword. He then formed his palms and used a strange physical technique to resist the Starfall with his physical strength.

Countless stars were shattered a few feet away from his palm, unable to get close to him.

And beifeng Nan walked towards Shang, facing the falling stars. He knew that he had to attack the main target, otherwise, the battle under the armillary sphere would only get worse.

He you's sword split open a path and headed straight for Shang. He turned into a Dragon and roared.

"A Mantis trying to stop a chariot, thousand deaths!" Yi's expression turned cold as he said softly.

The entire world spun, and the two of them were suddenly shackled, unable to move forward.

Yunxiao's pupils constricted as he cried out in surprise, "Not good, quickly retreat!"

The twisting space was like a tightened spring that suddenly bounced back. In an instant, countless beams of light appeared in the air and turned into tens of thousands of slashes that shot toward the two of them!

Yunxiao patted the crocodile next to him, and the crocodile immediately understood what he meant. It turned into a strong wind and rushed up, forming a wind shield in front of the two men, twisting and shattering the beam of light.

"Bang Bang Bang."

However, there were still many that passed through. The two of them fought back with great difficulty and were beaten into a sorry state. Fortunately, their physical bodies were strong, so they were not seriously injured.

With a solemn expression, Yunxiao immediately took out the divine realm tablet and activated it with all his might.

Countless Maha ancient characters emerged on the stele and turned into Scriptures that danced in the sky.

The armillary sphere suddenly made a " clang " sound, as if it had encountered a strong enemy. The vast suppression of the weapon essence fell from the sky, trying to suppress the divine realm tablet.

At the same time, the divine realm tablet also made a sound and flew over uncontrollably, turning into a huge Jade tablet and directly blasting at the armillary sphere.

Yunxiao was taken aback. He could not control the divine realm tablet as he wished, for fear that he would not be able to defeat the other party.

"BOOM!"

...

The two profound level weapons clashed together, and a dual-colored light spread out. It was as if two worlds were colliding.

Everyone was shocked and looked over in horror.

The primordial astral wind took the opportunity to spin and roll up che you and beiming Nan, bringing them back to Yunxiao's side in an instant.

Many experts in the entire battle circle slowed down their moves and looked over. They felt the terrifying collision of the world power, and their hearts were overwhelmed with horror.

Gu Qingqing and the judge stared at it without blinking, their faces full of shock.

It was difficult to even take a look at a Saint artifact, let alone two Saint artifacts clashing. This was even more unheard of.

Cangwu Qiong and Si tingyu looked at each other in surprise. They seemed to be deep in thought.

At this moment, the divine realm tablet was almost an independent resistance instinct, which was beyond Yunxiao's control. He did not expect it to have such an effect, and he was overjoyed.

If he could counter the armillary sphere, it would be much easier to deal with Shang.

He pretended to be able to control the divine realm tablet freely and laughed confidently. "Haha, you're so arrogant just because you have a Saint artifact? It's the era where everyone has a Saint artifact!"

The thousands of people on the battlefield were all upset. Looking at the profound level weapons in their hands, they felt that they were like scrap metal and were extremely disdainful.

...

Shang was initially shocked, worried that his armillary sphere might be damaged, but when he realized that they were basically on par, his expression eased.

When he heard Yunxiao's words, he was so angry that he said angrily, "Even if I don't have a Saint weapon, I'll Still Kill you all!"

The two horns on Yi's forehead shot out golden and silver light, which directly struck the air and turned into a large area in front of them. It looked like thunder, but it was not Thunder, and its power was far stronger than Thunder.

“BOOM!”

The four of them were instantly sent flying, and the space where they had been standing exploded into pieces.

“BOOM! BOOM! BOOM!”

Yi’s expression was cold as he continued to use the power of his horns to bombard them, causing the four of them to flee in all directions.

that’s not right. Yunxiao’s primordial energy is extremely weak, and he has not been distracted to control the Holy artifact at all. This is the Holy artifact’s independent resistance!

Shang suddenly came to a realization. He looked up at the two Saint weapons fighting in the sky and immediately understood.

With his talent, it had taken him tens of thousands of years to refine the armillary sphere to this point. He would never believe that Yunxiao could control a Saint artifact as well as he could.

there are also different levels within Saint artifacts. This Jade monument can fight equally with the armillary sphere, so it must be extraordinary. Why haven’t I heard of it before? ”

Shang was bewildered.

But, he was not too worried, because the higher the grade of a profound level weapon, the more difficult it was to refine. In his opinion, Yunxiao would never be able to refine this Saint weapon in his life.

I don’t believe it. The armillary sphere is the demon clan’s inheritance treasure. How could it lose to a mere Jade tablet!

Shang's temper flared up all of a sudden. He attacked the few of them with his twin horns while making hand seals, constantly sending incantations into the armillary sphere to suppress the divine realm tablet. The vast power became stronger and stronger.

The two forces of the world surged in the air, and the divine realm tablet seemed to show signs of being unable to withstand it. It began to be suppressed, and the light circle kept shrinking.

For some reason, Yunxiao felt a sense of oppression. It was the backlash from the divine realm tablet, and he immediately vomited blood.

He immediately sensed the great danger. If the divine realm tablet was suppressed, the world power of the armillary sphere would all be added to his body. No matter how strong his physical body was, he would probably be crushed into pieces!

"Bang!"

Just as he slowed down and was restrained by the backlash, a dual-colored light shot down, but was sent flying by the you's sword, he said anxiously, "What's wrong with you? The injuries are acting up?"

Yunxiao shook his head and looked up at the sky worriedly as he said, "if the divine realm tablet is suppressed, I'm afraid I'll be finished.

His hands quickly formed hand seals and immediately, Tusita heavenly peak was released, turning into a small mountain and pressing down towards the sky.

The five-colored light of the Tusita heavenly peak swept into the power of the world. Although its speed was slowed, it continued to spin without stopping.

"That's Yingluo."

Gu Qingqing was stunned and asked in surprise, "it's not suppressed by the weapon essence of a holy weapon? what kind of profound level weapon is this?" It looks unusually rough, but I didn't expect this kid to have so many good things."

Yi's expression changed drastically, and he felt a sense of lingering fear. This thing was the one that had directly shattered his Dragon lock starry sky formation. He couldn't help but feel worried that the armillary sphere would be destroyed by this attack. After all, it was the most precious treasure of the demon race.

Chapter 1825

1825 Battle of the seal (22)

Shang was equally shocked. Although he did not think that the Tusita peak could damage the armillary sphere, he had personally witnessed it injuring the ghost king. It was definitely a nightmarish profound level weapon.

He didn't dare to take the risk and hurriedly recalled the armillary sphere.

The force that suppressed the divine realm tablet retreated, and the tablet suddenly glowed. The two profound level weapons shook in the air and then flew back to each other.

Si tingyu looked pensive. She also had a Saint artifact, but she couldn't use it as freely as the two of them, and the power she could exert was extremely limited.

Yunxiao's figure flickered as he flew up into the air and retrieved the divine realm tablet. At the same time, he made a hand seal and slapped both hands on the Tusita heavenly peak.

The speed of transformation was more than ten times faster, and in an instant, it became a towering mountain, falling towards Shang like a giant pillar that held up the sky.

Yi's heart trembled. He didn't know if he could withstand this mountain, but he obviously didn't want to try. With a loud roar, he twisted space and directly shattered the passage, moving sideways as if he had teleported.

Yunxiao sighed in his heart. The biggest flaw of Tusita heavenly peak was that it was too clumsy.

His hands formed a seal in the air, and the mountain returned to its original state with a bang, returning to his palm.

In an instant, Yi appeared thousands of feet away. The moment he appeared, he felt an extremely strong sword will slashing down.

With an angry grunt, he punched out, and with a bang, countless sword lights were sent flying.

Che you's two swords clashed. Everything within a radius of a few yards was within the compressed Dragon domain. He increased his power as much as he could and forcefully pressed down on the fist radiance.

Shang's eyes flickered. As his horns glowed, even his pupils turned gold and silver.

Che you cursed in his heart as a dangerous aura began to gather in front of him.

Just as he was about to withdraw his sword and retreat, he heard bei Xiaonan shout, "Hold on!"

Countless green lights appeared above the two of them and gathered to form a palm that suddenly pressed down like a meteorite!

The green light on the palm pulsed and gave off a sense of decay. At a glance, it was obvious that it was highly toxic.

Shang was taken aback. At his level, he was extremely sensitive to the heavenly Dao. The palm was extraordinary, but what made his heart Twitch more was the green Poison.

"Open!"

Shang roared, gathering the power on his horns and turning them into a ball in his palm. He slammed it into che you and sent him flying.

The Dragon Realm created by the two swords was also shaken and scattered.

After shaking the car off, Shang did not dare to stay any longer. The poison on the palm was too strong, and he dodged to the side.

“BOOM!”

The green palm hit nothing but air. Within the explosion of poisonous light, beifeng Nan’s illusionary figure appeared and directly flew over.

His palms were like butterflies flying through the flowers, attacking Shang continuously.

The seven Illusion Green dagger was like smoke in his hands, spreading out.

“Hurry up!”

Beiming Nan suddenly said.

“Faster?”

Both che you and Yunxiao were taken aback, but their eyes lit up when they realized what was going on.

There was a flash of dragon light and che you appeared above Shang. He turned into countless Dragon shadows and slashed down with the sword of the true dragon, aiming for Shang’s vital points.

Yunxiao teleported up as well. With a flash of red and white light, the sword killer stabbed toward the man’s eyes.

Both of them had fought countless life and death battles, and they immediately understood what bei Xiaonan meant. He was using speed to attack, forcing the other party to have no time and space to fight back.

Under the pressure, he was overwhelmed and had no chance to use the armillary sphere or the sky-sealing seal.

Any powerful move would require a certain amount of time to be used.

Unless Shang was willing to give up on resisting and use his body to take a hit in exchange for time, he would not be able to deal with them.

Whether it was the true dragon dual swords, the sword death slashing red, or the seven Illusion Green damask, he didn't dare to use his body to receive them.

Even if he were to madly push back two people, there would definitely be one more person who would take turns to attack him, forcing him to be unable to use his big move.

It might be difficult to win in this way, after all, there was a gap in strength, but it was extremely effective in stalling for time.

All of Shang's power was gold and silver. Under the cover of the dual-colored light, he could not break free from the three's attack.

The crocodile roared as well and transformed into a 30-meter-tall giant spirit. It roared and shot out countless wind blades, cutting through the gaps between the three's joint attacks. Shang was both shocked and furious. For a moment, he was at a disadvantage and was in constant danger.

Cangwu Qiong and Si tingyu were overjoyed. They did not expect Yunxiao and the others to have such an effect, and their spirits were lifted.

Gu Qing Qing also smiled, " "Using speed to pin them down, these brats really do have a way. It's extremely difficult for the four of them to win with their combined strength, but it's not a bad idea to just delay them while waiting for reinforcements."

The judge looked on in shock and didn't say a word, as if he was thinking about something.

At this moment, a cold voice suddenly came, "Tsk tsk, so many strong souls, what a good place!"

Yunxiao could tell who it was. He frowned and looked over coldly.

"Huangfu bi!" Cangwu Qiong was overjoyed.

A ball of green light appeared in the sky, and it grew larger and larger. More than ten figures appeared in it, all of them wearing the same black robes.

The leader's face was pale and strange, as if he had applied makeup. His eyes were fixed on the battlefield.

"You're finally here," Cangwu Qiong said happily.

As Huangfu BI's eyes swept across the battlefield, his joy grew stronger and stronger, and he laughed wildly, "haha! Sir Cangwu Qiong, you've taken so long to get me here with such a delicious meal!"

The eyes of the soul Devourer sect's experts behind him also glowed with green light. They were extremely excited. They could clearly see the souls flying in the sky, and all of them were powerful. They all laughed happily.

"Please do your best, my Lord," Cangwu Qiong replied.

...

"Don't worry," said Huangfu bi with a smile.

Si tingyu wanted to say something, but he couldn't help but interrupt, "You must not take the souls of our clan's experts."

“Um.”

Huangfu bi gave a perfunctory reply and said with a somewhat dissatisfied look, “I’ll be careful.”

“Hahaha!”

The experts of the soul Devourer sect seemed to have been injected with chicken blood. They rushed into the battlefield and used all kinds of soul devouring flags to absorb the wandering souls in the sky. They didn’t care what race they were from.

Si tingyu said angrily, “Lord Huangfu bi, you’re so cowardly!”

Huangfu bi patted his forehead and said, “ ah, Lord si tingyu, it’s all my fault. I didn’t manage to restrain my subordinates well. Please forgive me, Lord si. I’ll definitely punish them severely when we get back.”

Si tingyu was furious. They were all experts from the Saint realm and the soul formation sea. They had already sacrificed themselves heroically, and now, their souls were being refined by them. She was so angry that she almost charged forward.

Cangwu Qiong appeared in front of her and stopped her. He shook his head slightly, indicating that she should not act rashly.

Si tingyu’s face was livid. He snorted heavily and turned around, ignoring her.

...

“Hahaha!”

Huangfu bi sneered and released the Golden speaker, then rushed into the battlefield.

The soul Devourer sect's participation caused a commotion in the arena, and the human race's weak situation was alleviated to a certain extent.

"Soul Devourer sect?" Gu Qingqing was also surprised. Her eyes flickered, and no one knew what she was thinking. She turned around and said, "little Cang Cang, I'm afraid that the human race's experts will continue to descend. Are you really confident that you can win in the end?"

Shang crossed his arms in front of his chest, paying attention to Shang's condition. He ignored everything else and snorted, "If there's no other way, Shang will definitely give the order to retreat. Moreover, don't forget that most of the monster clan's forces are my subordinates. The monster clan that used to belong to desolate doesn't have many people left. I'm afraid that they're on the way to gather."

Gu Qing Qing was shocked, "if that's the case, then we still have a chance to fight." But aren't you worried that Yingluo is draining the power of your direct line?"

"What's there to worry about?" mo sneered. After today, all of the monster race's forces will be my subordinates." Shang's strength lies in the armillary sphere and the heaven's seal, " he mumbled to himself. as long as we force him to the point where he can't fight back, we still have a high chance of winning.

"You've received a revelation?" Gu Qing Qing smiled.

Mo nodded. unless he's willing to take one of their attacks and use heaven's seal to open up a distance, it'll be difficult for him to escape their fast attacks. This tactic might be difficult for others to pull off, but it suits me very well."

He could split himself into a few divine transcendent beings. Furthermore, the blood escape was one of the most powerful movement techniques in the world, so it was the most suitable for entangling with Shang.

The tactics of beiming Nan's group of three had inspired the referee, making him extremely happy.

Mo's figure suddenly flickered and disappeared.

Gu Qingqing was stunned, and immediately shouted, "not good!"

Yi charged into the huge battlefield like a ghost. With a flash of blood, a human expert died on the spot.

He thought he had found a way to deal with Shang, and so he started to attack the humans without fear.

Wherever the blood light passed, heads would fall to the ground, and the blood would be gone as soon as it shot out. The dead people instantly became mummies, without a drop of blood left.

what demons and ghosts?!

One of the incarnations, elder hai, angrily rebuked. The blood-red light rushed in front of him, and a thick battle saber slashed out with a loud cry.

"Bang!"

The battle blade was broken, and the elder's head flew off. His body turned into a dried corpse.

More than ten human martial artists had died, but Yi's figure was still not clearly seen.

Huangfu bi was 30% combat and 70% soul-sucking, so he quickly discovered that the blood light was coming towards him.

He laughed coldly and said, "you're looking for death!" The Pangu flag was sent over.

"Bang!"

The blood shadow approached him and turned into Yi's figure. Suddenly, he struck out with both palms and hit the Yi, shattering countless souls.

Moreover, the palm force penetrated the long banner and blasted toward his body.

“What?”

Huangfu bi was instantly shocked as this person’s strength was actually above his!

Without time to think, the Golden speaker suddenly entered his body. His two souls merged into one, and his strength instantly increased. His entire body was golden, and he roared as he struck out with his palm!

“Bang!”

The huge palm force exploded on the battlefield, shocking everyone.

Huangfu bi vomited blood on the spot and was instantly pushed back a few thousand feet, his body trembling.

“Ascend the mountain, ascend the mountain, and reach the peak!”

He spat out another mouthful of blood after uttering those words with great difficulty. His face was ashen in an instant.

“What?”

Everyone was shocked, and almost everyone couldn’t help but look over.

Chapter 1826

1826 Battle of the seal (23)

When the demon clansmen saw Yi’s figure, they couldn’t help but cheer.

The human martial artists' faces turned pale, and their morale plummeted.

Desolate was also in the crowd. A gleam of ruthlessness flashed across his eyes. He grunted heavily, his eyes filled with a Vulture.

Hei Yuhu, Cangwu Qiong, and the other leaders were also dumbfounded. A single peak of perfection expert was enough to turn the tides of the battle.

Shang's existence alone made it difficult for them to advance, and they were almost defeated.

Fortunately, Huang had been injured by Wei Qing and had fought with Shang for a while, so his strength had dropped significantly. Under the joint attack of a few strong cultivators, he was in a stalemate and did not show any unusual signs.

And now, another monster race expert had appeared, Lao Ai.

One of the seven sect Masters, Huangfu bi, was injured in one move. The human warriors were on the verge of despair.

"Ants, turn into a beautiful rain of blood and make me laugh," mo sneered.

Huangfu bi was right in front of him. He was so frightened that he kept retreating under the pressure of the cold Qi.

This set off a chain reaction, and the morale of the human cultivators behind him collapsed. There were people who kept failing and being killed. For a time, miserable cries rang out endlessly, and the light of blood soared into the sky.

With one side losing and the other gaining, the battle that was originally at a stalemate was now one-sided.

All the human cultivators couldn't care about fighting anymore. They were defeated and fled.

"Haha, kill!"

The demons' morale soared as they laughed wildly and chased after him.

Si tingyu panicked and immediately executed a sound wave martial technique. He shouted, "No one is allowed to retreat!"

She forcibly raised her true Qi and directly flew to the battlefield. The six-pointed meteor dart in her hand was thrown out, extending like a great array, blocking the pursuit of the monster race for a moment.

"Bang!"

However, it was only for a moment before the meteor dart shattered. The backlash caused si tingyu to spit out blood again. She was almost at her limit.

"Si tingyu!"

Hei Yuhu hurried over to help him up, his face filled with anxiety.

The human warriors calmed down after being yelled at by her, and most of the fear in their bodies was dispelled.

The martial artists who were able to reach this stage had gone through countless trials and tribulations and were indifferent to life and death. They were only frightened by the overly bloody scene in front of them, so they calmed down a lot after si tingyu's shout.

Furthermore, si tingyu was a woman, so how could they have the face to escape if they were to fight to the death? they all calmed down in shame and anger, and their faces revealed expressions of resistance.

tsk tsk, not bad. Hot-blooded and full of vitality. This Lord likes this kind of hot-blooded feeling.

Mo laughed mockingly, his blood-red eyes sweeping across the crowd. Everyone who was swept by his gaze felt a chill in their hearts.

Wei Shishi was also on the battlefield, and there was a faint look of regret in her eyes. After all, she was the one who had brought the seal-breaking technique, but in the end, it had drawn out such a powerful enemy. However, her eyes were also filled with confusion, not understanding why that person had done this.

“Lord Shishi, please give me a hand and kill this demon!”

“We have to suppress this person, otherwise we’ll have to make a huge sacrifice,” black universe protector said solemnly.

Hei Yuhu was standing beside Si Tingyu. He was also covered in blood, and his face was covered in blood and something sticky, but he didn’t seem to notice.

Wei Shishi said awkwardly, “I also want to suppress him, but the power of the peak is too strong.”

even if we can’t suppress him, we’ll have to force our way in,” black universe protector said. at the very least, we’ll be able to delay him for a while. More reinforcements will be coming.

“I’ll go with you,” Xuan Hua also said. He was also in a sorry state, his star shattering blade was covered in blood and minced meat.

“Great! With Martial Emperor Silvermoon’s help, our chances of winning will be even greater,” protector Hei Yu said with joy.

Xuan Hua smiled bitterly. this greater chance of winning is just an increase from one percent to two percent.

If the three of them were not injured and were at their peak, they might have a 50 – 50 chance of winning if they joined forces. But now, they were bound to lose.

But sometimes, even if you knew you were going to lose, you still had to go up.

“I’m afraid they won’t be able to hold on if the three of you leave,” Zhen Yu said worriedly.

At a glance, all the martial artists looked dejected, their morale extremely low.

“Aiya, it’s already like this, what’s the point of fighting, hurry and run. Escape as much as you can. We’ll just gather our Army and fight the demons in the future.”

Gu Qing Qing also flew into the sky and couldn’t stand it anymore.

“Who are you?” black universe guard asked with a frown.

Gu Qingqing gave him a very unusual feeling, but there was a faint power floating in her body, as if it was suppressed.

Gu Qingqing said, “you’ve probably heard of my name, but you won’t believe me.” What was the point of pestering him now? It would only increase the casualties. The other side has two peak existences. Do you think you can win with just your defeated soldiers?”

Hei Yuhu and the others fell silent. They understood what Gu Qing Qing meant. They were in a mess right now, and unless there were powerful reinforcements, their lives would be in danger.

“You think they can escape?” mo Yun laughed.

With a wave of his hand, the demon Army immediately spread out and formed a large circle, in a semi-surrounded state.

Moreover, the demonic Qi was overflowing, and everyone's morale was high, full of killing intent.

Even Huang's subordinates and Shang's eight were fired up, following the command of cruel.

Among them, Ci and Li looked at each other with worry. One mountain can not accommodate two tigers. Even if the human race was annihilated, they were afraid that there would be big trouble.

Si tingyu looked at Gu Qingqing and said, " you're right. However, if we run now, our morale will collapse. We'll die for sure. If we press forward with indomitable will, we might still be able to survive after a battle to the death."

Gu Qingqing sighed. it's all your fault for going too far. They came to break the seal, and it had nothing to do with you. You had to interfere, and now you're full of sh * t.

Si tingyu and the others furrowed their brows. Although he was right, the analogy was too disgusting, and they felt uncomfortable.

...

Cangwu Qiong said, " you're wrong, miss. The realm of heavenly martial arts may be vast, but it's not rich in resources. If the demon race grows stronger, they'll surely take over our interests. This is the best opportunity to give them a blow, but we misjudged the other party's strength, which led to us being passive. Does miss have a brilliant plan that can let us escape smoothly?"

He saw that Gu Qing Qing's temperament was extraordinary, and she was definitely not an ordinary person, so he followed her suggestion and asked.

Gu Qingqing glared at him. there are so many men here, but you can't do anything. I'm just a little girl. What can I do? "

Cangwu Qiong's heart was stifled. He snorted gloomily and did not say a word.

At that moment, only Yunxiao and a few others were left in the sky, fighting Shang.

There was also Ai Hui and Tian Zhaozi in the distance. The two of them seemed to be completely immersed in the vast sea of spiritual energy. The two of them were in a stalemate. Although it was hard, they were also happy and did not seem to stop at all.

Yunxiao had also noticed the change in the battle. "Retreat!"

He released his spirit from his eyes, and Shang's vision blurred for a moment before the four of them left.

He had been suppressed to the extreme, and at this moment, he punched out with both fists in anger. Two rays of light came from the left and right, pressing down on the four people.

"BOOM!"

The Golden and silver light collided with an astonishing force, but the four of them had already disappeared without a trace in a flash.

...

The judge snorted angrily as he stared at Yunxiao, who had appeared in the distance, with an extremely cold look in his eyes.

Every time they met, he would try to kill Yunxiao, but he had never succeeded. His premonition was constantly turning into reality, and Yunxiao had become a great threat to him.

He didn't even worry about Yuan, Huang, or the other human experts.

Because as he comprehended the tenth-tier rules in the armillary sphere, it was only a matter of time before he suppressed these people. But, Yunxiao, who also had a Saint artifact, was a lingering shadow in his heart.

Looking at the deathly silent battlefield, Yunxiao chuckled and said, "Are you done? After the fight, they should go home. Who wasn't born and raised by their parents? why fight to the death? Mom and dad have prepared dinner and are waiting for us to go home."

Everyone was speechless. Coughs sounded one after another, all coughing out blood, worsening the injuries of many people.

"Keke!"

Gu Qing Qing couldn't help but laugh out loud, and her eyes flickered as she said, "Little lover, you still have the mood to joke."

Xuan Hua also said gloomily, 'can you stop teasing me at this time? Do you have a plan to retreat?"

what?" Yunxiao rolled his eyes. can't you see that I'm trying to find a way to repel the enemy?"

He shouted at the demons, " Lord mo, you and I had an agreement just now. We were supposed to join forces to kill Yi and help you ascend to the throne of the Demon King. You asked us to leave. Why are you not counting now?"

"Whoosh."

Yunxiao's shout immediately caused an uproar among the demons, and everyone's face changed.

On the other hand, Shang and bi were calm, but their expressions were cold.

Mo Leng said coldly, "is it useful to sow discord at this time?" Your IQ is so low that it's scary."

that's right, " Ci also said. everyone, don't be fooled by his plan to sow discord. We must annihilate these humans in one go.

Yunxiao chuckled and crossed his arms before his chest as he said, "High priest, what are you worried about? Since you say that I'm trying to drive a wedge between you and Huang, then I'll be bold and ask, who will be the Demon King after Huang abdicates?"

The demons' expressions changed drastically as they looked at Shang and Bi, knowing that things were not looking good.

If this problem was pointed out at this time, it would be difficult not to split.

Cl's heart trembled and he shouted angrily, "His Majesty has yet to abdicate, so how can you worry about the matters of the demon race? All clansmen, listen up! Kill these humans now!"

A small group of monsters rushed out, including the eight tribes of monsters who had followed him to Shang. Not to mention Shang's subordinates, even the monsters who followed Shang did not move. No one listened to his command.

After the bloody battle, there were only about a hundred people left in the eight troops. Standing in front, they didn't know whether to charge or not.

Cl's expression turned ugly.

Since the demon Emperor has not abdicated, Yunxiao sneered, "How can you command the Army? How many people still acknowledge your status as a high priest?"

Chapter 1827

1827 Battle of the seal (24)

"What does this have to do with you?" Cl angrily said. Don't even think about messing up the morale of my Army before two formations!"

What does it have to do with you? Yunxiao laughed. What do I do? The three demon sovereigns haven't said anything yet, so why are you making such a fuss?"

The faces of the demons turned green. The three demon emperors were stunned.

This form of address was too taboo. Not to mention what the three of them were thinking, even their subordinates felt very depressed and unconvinced.

Everyone could feel a hint of uneasiness spreading within the monster race.

Si tingyu and the others were overjoyed. They did not expect that Yunxiao's few words would create a Rift between them and disintegrate the overwhelming aura.

hehe! Shang suddenly laughed and said, " three demon emperors, Lao Ai, you're really good at stirring up trouble, li Yunxiao. This Lord's premonition was right. You will eventually become a great threat to my monster race. I have a suggestion, would Lord mo be willing to listen?"

Mo said, "Oh? I wonder if Mr. Shang has any suggestions?"

you may not know much about li Yunxiao, " the judge said. but I've been entangled with him since I was reborn in the light song woods. I've seen him grow from a martial King to his current level, and he has many Saint artifacts and peerless divine abilities. I'm very afraid of him.

Yunxiao cupped his hands with a smile and said, " you flatter me, Mr. Shang. I have also seen you grow from a minion to what you are now. I hope I can see you register as a demon Emperor with my own eyes. That will be perfect.

The judge looked at Yunxiao indifferently, seeing that every word he said was instigating.

I can't say for sure who will be the Demon King, " Shang said with a smile. I would like to make a deal with you, Mr. Ke.

"A bet?"

“What bet?” mo raised his eyebrows.

The referee’s eyes flashed with a stern look, and he said word by word, “ The one who kills Yunxiao will be the Emperor!

As soon as his words came out, they were all shocked, and they could not help but look at Yunxiao.

Even the people of the sacred zone frowned. Although they knew that Yunxiao was difficult to deal with, they did not expect him to hold such a high position in Shang’s heart that he would decide the position of the Emperor of all demons with his life.

what?” Yunxiao was shocked as well. Mr. Shang, is this how you play?” I’ll let Mr. Nie hack me to death to take revenge on you. I’ll see what you can do then!”

“If you’re willing to hurt me with your life, I’d be happy to see it,” Shang laughed.

Mo frowned and pondered for a while. He then said coldly, “ when has li Yunxiao’s life ever been so valuable? is he worthy? ”

“Whether you’re worthy or not, as long as you can kill him, I’m willing to serve you as the Emperor. Otherwise, if you want to ascend to the throne of the Demon King, it won’t be enough without my support!”

The judge stared at Yunxiao for a while and said, “ “Although killing him isn’t easy, it’s not that difficult either. If you beat me to it, wouldn’t I have to bow my head and listen to you?”

since it’s a bet, ” Shang laughed, “ there are wins and losses. You want to win for sure? is there such a good thing in this world?” With the majority of the demon experts gathered here, our words would carry enormous weight, and the world would be our witness! If you don’t even have the courage to gamble, how can you be an Emperor?”

Yi was conflicted as well, but the demon race had always revered strength. If he did not agree to Shang’s suggestion in front of everyone, his reputation would be damaged.

“If you and I fight over it, the injuries will be uncountable, and this is something none of the clansmen want to see. It’s the most appropriate bet for the throne with Yunxiao’s life!”

“Alright, I’ll bet with you!” The referee made up his mind and gritted his teeth.

He had already thought it through. Even if he lost, he would temporarily bow his head and submit. It would not be too late to deal with Shang after he obtained the Buddhist Demon Sacred art.

What if Li Yunxiao dies in my hands? ”

A murky voice rang out. It was the demon Emperor Huang, who was staring at the two of them coldly.

“You?”

“Mr Huang,” Shang smiled faintly, “you’ve already submitted to me, why think so much? Your host’s beast is still under my control. Even if I kill Yunxiao, do you think I can return it to you?”

“You coward!”

Huang was furious as his resentment increased. However, he still suppressed his emotions and gritted his teeth, “Alright, don’t you regret it!”

I believe you’re a smart man, Mr. Huang, ” Shang said. if you die, even if you survive, you might not be able to keep your divine transcendence cultivation.

“I know what to do,” Huang said coldly, “you don’t need to worry.”

Desolate’s subordinates were indignant, but he suppressed them and said indifferently, “I have my own plans.”

“No matter what, Zhe will always be with His Majesty,” someone said.

Zhe had woken up earlier, but he hadn't made any moves. Now, his injuries had recovered quite a bit.

it's only now that I know you're my true confidants, ” Huang sighed.

Mo looked at them coldly. times change. Sticking to the old ways will only lead to death.

“You think you're the new generation,” Zhe said indifferently,”but will the era really choose you? Where do you get your confidence from?”

Mo Dao said, ” with strength comes confidence. If you can control your own fate, you can control the change of this era. What's the use of an outdated demon Emperor whose fate is in someone else's hands? ” Hahaha!”

He laughed for a long time, and then with a flash of blood light, he disappeared from where he was and rushed toward Yunxiao.

At the same time, he shouted,”kill!” Kill all the alien races!”

“Kill!”

“Kill!”

The sounds of killing shook the heavens. Thousands of demons once again raised their voices, shaking the nine Heavens. The human martial artists were extremely nervous.

After all, most of them were the subordinates of the referee. With a single order, a hundred people responded to it and charged forward as the referee made his move.

Yunxiao was the first to bear the brunt, and he felt a great pressure coming from the sky.

The judge made the first move, as if he wanted to win quickly and kill Yunxiao with his powerful cultivation base.

damn you! You want to kill me to ascend the throne? I'll tell you all honestly that the position of Demon King will be empty forever!

Yunxiao was furious. He did not expect that he would get himself into trouble by standing up for her.

Feeling depressed, he struck out in anger. Thousands of sword Qi gathered and formed a sword realm in front of him.

...

Beiming Nan and Che you also drew their swords at the same time. They could not let Yunxiao die.

“Bang!”

The bone Jade knife released a powerful earth energy that pressed down on the four Swords of the three people. It was like a huge Dragon lying dormant, and countless sword lights were released.

Che you's power was instantly suppressed by the bone Jade knife, and he felt extremely aggrieved.

All three of them had extremely powerful bodies, but they were still forced back by the blade light.

don't panic! Xuan Hua shouted. I'll help you!

With a Flash of the Blade's radiance, he appeared in the sky. He held the star shattering blade with both hands and slashed at Chi's head.

“Where did this trash come from?”

The referee grabbed with his left hand and the Golden scale knife slashed over. With a “ bang “, Xuan Hua’s knife light was blocked.

Xuan Hua was already injured, and after receiving the backlash from the Golden scale knife, blood burst out from many wounds on his body. His hands were trembling. damn it, how can he be so strong?!

The four of them had to work together to block Yi’s attack.

...

The human cultivators were all shocked, but the demon Army quickly rushed over. They didn’t have time to think and fell into a chaotic battle again.

Cl appeared behind Shang and said worriedly, “ Lord Shang, what about the bet?”

“It’s fine,” Shang replied with a smile. Even if I lose, I’ll be happy as long as I can kill Yunxiao. Was the so-called demon Emperor’s position really that important? Moreover, even if you’re the high priest, what makes you think you’re on the side of the times? The seal of the five Cloud Mountain was broken and Yi was sent out. Isn’t this also the choice of the era?”

Cl and Li were both stunned.

Shang controlled the demon race’s holy weapon, the armillary sphere. The two had never doubted his destiny. He must be the key person who led the demon race to prosperity.

But after hearing Shang’s words, they both fell into deep thought.

Shang looked at the two and smiled, “ So, li Yunxiao is the best touchstone. As for who the era will choose, we’ll determine the result from this bet.”

“I believe that Lord Shang will win,” said Ci.

Shang smiled confidently, but still said, “Who knows? The battle for the position of Demon King is a bet between me and Yi. It’s a major event for the demon race to inflict heavy losses on the human race and fight for the luck for the next few hundred years. It can’t be delayed.”

“Yes!”

The two of them immediately rushed into the formation with the eight.

Shang was not in a hurry. Instead, he stood with his hands behind his back and watched the battle between the judge and Yunxiao.

With his understanding of Yunxiao, he naturally knew that the latter was not a pushover. If he could die so easily, he would have been killed in the soft song forest.

In the distance, Desolate had also sent his men into the battlefield while he was also watching.

have a good rest,” the judge looked at him and said. later, we’ll kill li Yunxiao together.

Desolate furrowed his brows as he was extremely discontented. However, he was more suspicious. He snorted, a human with peak nine-star cultivation needs reinforcements. Do you and I work together?”

“Rest well, you’ll know later,” the referee said.

Huang’s face was gloomy and cold. He had never been ignored like this before as the Demon King. He grinned hideously, and his eyes were filled with killing intent.

Shang naturally understood that he was not convinced, but now was not the time for him to be convinced. This could only be done later, as it was more important to control the situation first.

On the battlefield, as the demons charged in, blood once again filled the sky and screams rose and fell.

Si tingyu and Cangwu Qiong also joined the battle with their injured bodies. Without Shang and Huang, their burden was greatly reduced.

Gu Qingqing couldn't just stand by and watch, but too much of her power had been sealed, so she could only wander around the battlefield and find some weaker monsters to fight.

She couldn't help but feel a little depressed. Back then, she could be said to be invincible in the world and directly challenged the Emperor of ten thousand demons. Now, time was merciless, and things had changed with the passage of time. She could only fight some small demons.

The battle between the referee and Yunxiao's group of four was getting more and more dangerous. Powerful forces kept blasting in all directions, leaving no one within a radius of several thousand feet, as everyone had avoided the battlefield.

you're working so hard to be the vanguard! Yunxiao gritted his teeth. are you really smart? "

"Don't think of using flowery words to get through this, I'm going to kill you today!" Mo said coldly.

Chapter 1828

1828 Battle of the seal (25)

"You're determined to kill me? What a joke, I'm telling the truth when I said your IQ is low!"

Yunxiao grinned hideously as he lifted the Tushita heavenly peak with one hand, and the five-colored light began to spin.

Mo's heart trembled as he suddenly realized that something was wrong. How could he have forgotten that he had such a thing? now that the four of them were working together to keep him in check, it wouldn't be easy for him to escape.

"Stupid thing, go to hell!"

Yunxiao grabbed the Tusita heavenly peak and smashed it down!

Mo was shocked. The overwhelming momentum pressed down on the air with a “boom” sound. In his panic, he couldn’t care about resisting the combined strength of the four people. He suddenly put away his twin sabers and turned into a blood light to escape.

The four of them had long been prepared. They saw that he would escape and suddenly pressed forward with all their strength!

“BOOM!”

The Tusita heavenly peak missed its target and the surrounding space was distorted. However, several sword and saber gleams tore through the air and chased after the blood light!

“Swish!”

The blood light flew and the avatar dodged, but he was still hit by a sword light. Yi’s figure was formed and he groaned. He was obviously injured.

Yunxiao put away his sword and said coldly, “ you’ve been sealed in five Cloud Mountain for too long. You don’t know how dangerous the world is. The spear hits the bird that takes the lead. I can’t blame you.

“You coward!”

Mo was so angry that he wanted to vomit blood, but he was helpless. It was indeed very difficult for him to deal with four people and one astral Wind Spirit transformation with his strength.

“How many helpers do you have? I have thousands of subordinates. Even if the humans escape, I’ll Still Kill you!”

go! Mo Li shouted. He was about to summon his subordinates to deal with Yunxiao when suddenly, a strange phenomenon occurred in the sky, and countless nebulas emerged.

They were like vortexes that covered the vast sky. It was a magnificent sight.

“The reinforcements are here! Everyone, hold on!”

Si tingyu couldn't help but exclaim in joy when she saw the nebulas.

All the humans were excited, as if they had been injected with chicken blood before they died.

Xuan Hua was also overjoyed. he's finally here. Haha, I can't hold on much longer.

Shang lifted his head and looked at the vortexes. He did not say a word, nor did he show much emotion.

Yunxiao frowned as he stared at the vortexes and said, “Are you sure these are the reinforcements?”

Xuan Hua was startled and said, “what do you mean?”

Yunxiao's face turned serious as he said, “These nebulas are filled with extremely strong demonic Qi. I'm afraid we're in big trouble.”

Xuan Hua, “hehe.”

“Hey, did you see wrong?” che you also couldn't help but ask.

But when he saw Yunxiao's blood-red eyes, which were as dark as ink and emitting a light that seemed both real and illusionary, he immediately shut his mouth.

If he could not even see through the demonic Qi with the little cycle three phases life transformation Mystic technique, he would be blind.

Demonic Qi visible to the naked eye began to appear in several of the nebulas. It churned non-stop, and many ninth-order demon beasts slowly emerged from within.

Many powerful monsters appeared beside the monsters, some standing and some riding.

“Ah!”

All the human powerhouses were dumbfounded.

Even the demons themselves were stunned, and then they laughed wildly and cheered.

“They’re finally here?” desolate’s lips curled up.

“We don’t have to worry anymore,” Zhe said.

He took out a palm-sized yellow flag and waved it in the wind, turning it into a large flag with the word “heaven” written on it.

Countless demons appeared from the Nebula. There were more than 10000 of them. When they saw the flag, they immediately flew down and shouted in unison, “Greetings, Your Majesty!”

His voice shook the heavens and spread far and wide, causing all the humans to feel fear and despair.

Si tingyu and the other leaders’ faces were ashen as well. They were completely dumbfounded.

“Why aren’t the reinforcements here yet?!” Black universe shouted.

No one could answer, and no one could answer. They were all struggling to hold on. Seeing their companions getting fewer and fewer, and the familiar figures disappearing completely one after another, their hearts fell to the bottom of the valley.

Xuan Hua's expression was also unsightly as he said, "what do we do?"

Yunxiao was speechless. if these demons attack too, " he said, " run away as soon as possible.

"You mean, they might not make a move?" Xuan Hua was stunned.

who knows? " Yunxiao shook his head. let's just wait.

Everyone's expression was very serious. These were the elites of the starry lunar illusion. All the elite experts of the monster race on the heavenly martial continent had gathered here.

Desolate revealed a rare smile, everyone, you have worked hard. Set up the thousand revolution array within a hundred miles. No one can leave. He took out a bronze mirror and handed it to Zhe."Use this mirror as the center, and you will be in control."

A strange look appeared in Zhe's eyes. He took the bronze mirror with both hands and disappeared in a flash.

Then, it appeared high in the sky, its large apricot-yellow flag dancing rhythmically.

Tens of thousands of demon soldiers followed the command of the flag and spread out in the air in an orderly manner, running into the distance.

"Desolate, what do you mean?" Mo's face changed.

calm down, " desolate said. I'm just going to seal the space to kill them all.

...

“Who do you mean by ‘they’?” mo asked coldly.

“What do you think?” Huang smiled.

“Huang, I don’t know what you’re thinking, but I hope you won’t make a mistake. Otherwise, you’ll be beyond redemption!” Mo said angrily.

don’t worry,” Huang said leisurely. we’re all from the same clan. I won’t burn the beans and fry them from the same root.

As the demon formation in the sky was laid down, si tingyu and the others fell into despair.

The leaders exchanged glances and transmitted their voices, planning to break out of the encirclement and escape.

Although they were all injured, with their divine transcendence or peak nine-star power, it would be difficult for them to stop the other party if they were to escape.

“BOOM!”

Just as everyone was thinking about this, a tremor suddenly came from the five Cloud Mountain in the distance. The entire mountain shook, and an extremely strong rhythm shook out, reaching the sky.

High up in the sky, Al Hui and Tian zhaozi were locked in a stalemate.

However, it was obvious that Tian zhaozi was getting on in years. The longer they delayed, the more disadvantageous it would be. Suddenly, the rhythm of the earth in five Cloud Mountain shot up to the nine Heavens and shook their spiritual seas, causing the two silver rivers to surge rapidly.

...

“That’s Yingluo.”

Yunxiao was taken aback as he saw layers of halos shooting out of the five Cloud Mountain, as if it was trying to pull itself out of the earth.

He hurriedly turned to Gu Qingqing, his face full of questions.

Gu Qingqing was also shocked. she’s breaking the seal! She can even move the earth elements! She’s also at the peak of power!

Everyone’s hearts twitched. Although they didn’t know who was being suppressed at the foot of the mountain, they all felt a sense of powerlessness.

The peak of perfection was an existence that only appeared in legends. Today, he had met three of them, and another one was about to appear.

it’s a last resort! Yunxiao said. it’s a dead horse! With a flash of his figure, he rushed toward the five Cloud Mountain.

The three demon race leaders ‘pupils shrank as they stared at him.

“Shang, stop him,” mo shouted. The palace Master of divine cloud Palace is the one sealed under five Cloud Mountain. We’ll be in trouble if he comes out!”

His words shocked everyone present, especially si tingyu and the others. After a brief moment of shock, they all revealed looks of joy and shouted, ” everyone, hold on. We’ll be saved as long as the palace Master of divine cloud Palace comes out!

In fact, everyone understood that even if a person at the peak of perfection appeared, it would be impossible to change the situation. The other side's three great beings had yet to enter the arena, unless three of the humans also appeared.

But even in the entire world, could there be three who had reached the peak of perfection?

However, everyone had thrown their rationality to the back of their minds. Right now, they were only left with their survival instincts and determination to die, struggling to hold on.

"Alright," the judge's expression changed.

He was the closest to five Cloud Mountain, so in a flash, he was in front of Yunxiao. With his arms crossed over his chest, he said, "This road is blocked."

Butong, your sister! Yunxiao cursed.

However, he did not force his way through. Even if he did, he could not use the art of the secular world to lift the five Cloud Mountain under Shang's attack.

At this moment, the battle between Ai and Amaterasu was affected by the rhythm of the earth and began to fluctuate.

The two vast seas of spirit began to slacken and gradually spread, filling the sky with silver light spots.

Blood flowed from the corners of both Ai Hui and Amaterasu's mouths. Amaterasu's condition seemed to be even worse, as blood began to seep out of his seven orifices.

The strange phenomenon in the sky immediately attracted everyone's attention. After all, the two masters of Dao techniques were renowned throughout the world, and they were both important figures in their two clans. No matter who died, it would be a great blow to either side.

The corner of Ai's mouth suddenly rose, and he smiled slightly. "Grandmaster Tian Zhaozi, it's my great fortune to see you today."

Amaterasu frowned and grunted. Ai continued, "What I've learned today is enough for Ai to figure out for half a lifetime. Why don't you stop here?"

Tenshou was shocked and immediately looked ashamed. "I've lost this competition."

As soon as these words came out, everyone was in an uproar. It was even worse for the morale of the human race martial artists, and they were hit hard.

Not only did the demon race have three existences who had reached the peak of perfection in martial arts, but they also had such geniuses in the art path. What was even more terrifying was Ai Hui's age, and his future achievements were immeasurable.

Yunxiao sighed inwardly. This result was both expected and unexpected.

He could roughly estimate the strength of the two. They were originally on par with each other. After such a long battle, it was reasonable for Tenshou Zi to lose because he was old.

Moreover, this kind of spiritual force collision was extremely dangerous and usually ended with the death of one side. Ai Hui's call to stop at this time clearly showed that they appreciated each other, which was extremely rare.

How could Tian Zhaozi not understand? he was ashamed.

master, you lost because your physical strength was insufficient," Ai said sincerely. "I'm only taking advantage of my age. You and I will recall our spiritual seas at the same time."

"Alright," he said. yes! Tenshou Zi replied, a trace of gratitude growing in his heart.

The two of them formed hand seals at the same time, and the vast silver ocean began to withdraw into their bodies. The pressure on each of them instantly disappeared.

All of a sudden, a black ray of light sneaked silently in the silver ocean and appeared in front of Ai Hui in an instant. Then, it suddenly slapped Ai Hui's head with both palms!

"Be careful!"

Several screams pierced through the sky, including Shang, Huang, and even Yunxiao. But the one who cried the most miserably was tenzhaozi, whose eyes were almost popping out of their sockets!

Chapter 1829

1829 Battle of the seal (26)

Amaterasu Zi had a very good impression of Ai, and this kind of impression was even gratitude. If Ai had not suggested to stop, he might have ended up with the collapse of his sea of consciousness.

At the same time, the two of them were at the peak of the art Dao, and they appreciated each other. As a senior, he also had an extreme love for each other.

Seeing that he was being ambushed, and that he was at his most relaxed state, he did not have any sense of defense or vigilance.

The fact that the person who had launched the sneak attack was able to sneak into his side at this time showed how strong he was.

Everyone's hearts were in their throats!

"Bang!"

The black Shadow's palms landed directly on Ai's head, and blood immediately spurted out. Ai's head exploded!

“Ah?”

A series of exclamations rang out, all of them extremely distressed.

Al Hui’s status in the demon race was extremely high, even not below the demon Emperor. Everyone respected him. When he slapped down, it was as if he had slapped them on the head. All of them were furious and cried out in pain.

“Mr.ai!”

Desolate cried out in pain and clutched his heart. It was extremely uncomfortable.

Tian zhaoyi even spat out a mouthful of blood. His entire body rapidly aged, and he could barely stand.

After the black shadow smacked Al Hui to death, it seemed to want to go up and help Amaterasu.”Sir, take care.”

“You, Who are you?”

” die! Tenshou Zi pointed at him and shouted, his body trembling.

Everyone wanted to know the answer to this question.

The man was covered in a black robe, and the silver sea of consciousness had not yet dispersed, blocking the divine sense and making it difficult to distinguish him.

I’m Shentu yixiao, the head of the shadow Company,” the man said graciously. it’s an honor to meet you, Sir.

shadow agency?!

Tian zhaozi was stunned for a moment, then angrily said, "Who asked you to kill AI!"

The human martialists' hearts skipped a beat, and they couldn't help but feel a hint of joy, especially Si Tingyu and the others. Although they were frowning, they were still overjoyed.

Since Shentu Yixiao had appeared here, then the reinforcements should be arriving soon!

The shadow and dark divisions were the two most mysterious divisions in the Holy region, especially the head of the shadow division. Other than the five governing divisions, no one else knew about them.

Shentu Yixiao seemed to ignore Tian zhaozi's anger as he indifferently said, "Your Excellency, that's a strange question. The two races are fighting to the death now. Isn't it normal for me to kill a demon Alchemist?"

Tian zhaozi was stunned for a moment, and his face immediately turned gloomy. Although what Shentu Yixiao said was extremely reasonable, he felt as if a knife was being twisted in his heart, and his eyes were filled with anger.

kill him to avenge Lord AI!!

Countless demon experts gritted their teeth, and a rush of hot blood rushed into their minds.

Shang and Bi's expressions were extremely ugly. They stared at Shentu Yixiao as if they were looking at a dead man.

Alright, alright, "Yunxiao suddenly said. calm down. AI isn't dead, why are you all so excited?"

"What?"

Upon hearing this, everyone was stunned. Shentu Yixiao's pupils also contracted, and his face revealed a look of shock.

A white light flashed not far from them. It flew down from the sky and landed by desolate.

With a face as pale as paper and a head full of cold sweat, he could not help but shiver. It was AI, who had been "slapped to death" by Shentu yixiao!

"Mr.ai, you're fine. That's great!"

Huang was overjoyed. He hurried forward to support him.

"I almost died. How can I be fine?" AI smiled bitterly.

"You're a genius, Sir," Huang said."It's good that you've dodged this." I'll tear that person apart and take revenge for you."

AI didn't say anything. He closed his eyes and started to recuperate.

All the demons went from great sorrow to great joy. Even the referee took an unusual liking to AI.

It was very difficult for the demon race to produce an Alchemist, not to mention such a shocking talent. No matter who was the demon Emperor, he was highly respected.

Desolate lifted his head, his face filled with murderous intent. He said coldly,"I don't care who you are. Today, you'll definitely die!"

"That will depend on Lord Demon sovereign's ability," said Shentu yixiao with his usual expression.

"Hahaha!" Huang laughed,"could it be that you can't see the current situation?"

"I admit that the demons have the upper hand, but that's only for now," Shentu yixiao said.

Many figures suddenly appeared beside him, as if the light was still on his body, casting shadows.

The shadows kept splitting up and turned into more than 30 people. They were all high-level martial Supreme experts, the elites of the Shadow Agency.

This power was considered extremely strong under normal circumstances, but it was not enough at this moment.

“That’s it?” Huang couldn’t help but laugh.

Shentu yixiao looked at the void in the distance and said, “Lord Tian Xingzi, since you’ve been here for a long time, shouldn’t you show yourself?”

A few coughs came from a few thousand feet away. Then, countless runes appeared in the darkness and a piece of profound level weapon gradually appeared.

Then, Tian Xingzi, who was dressed in a gray robe, walked out first and kept the profound level weapon. Suddenly, twenty to thirty people appeared, and their auras were also extraordinary.

Si tingyu and the others felt an unknown fire in their hearts. It turned out that the people from myriad Star Valley had arrived long ago, but they had been hiding.

...

Lord Tian Xingzi, “Yunxiao cupped his fists and said, “I’m glad to see you again after a long time.

Back then, in the battle against Wutian, Tian Xingzi was on the same side as him. Later, he was injured and disappeared, and he felt a lot of emotions.

“Lord po Jun, how have you been?” Tian Xingzi also returned the favor.

Tian Xingzi's expression wasn't very good. Originally, in such a bad situation, he wanted to hide until the end of the battle, and then quietly go back. However, he didn't expect to be seen through by the people of the shadow Department, so he could only brace himself and come out.

Although the people from ten thousand stars Valley and shadow agency had increased their strength by a lot, it was still a drop in the bucket, and they couldn't resist the demon Army.

"Any more?" Huang was still sneering. Show me all of them."

Shentu yixiao nodded and said, "Lord Wei Qing, since the forces you've cultivated for so many years have come, why don't you show yourself? This is a good time to show off your skills."

Everyone was taken aback, especially the people of the Saint realm, including Yunxiao. Yue Tong looked around and finally sensed a strange power not far away.

"Hmph Hmph, Gongyang zhengqi's dog, you're keeping a close eye on me."

Wei Qing's voice rang out faintly, and then circles of green light emerged, gradually revealing its true appearance.

His face was cold, and his eyes were filled with Vulture-like glint. He first glanced at Shentu yixiao, then at Yunxiao, his eyes flickering with infinite killing intent.

...

Yunxiao's pupils constricted. Wei Qing's strength had recovered a lot, and he must have used a lot of peerless medicinal pills to recover in such a short time.

As a member of the Holy region's administrative department, it was normal for him to have all kinds of top-grade treasures. However, after recovering, he had actually endured it until now. It seemed that he was still too scheming.

Huang Yi was moved by his appearance. The blade of judgment was too powerful. Even if he had reached the peak of perfection, he still found it hard to bear.

Shentu yixiao's brows furrowed for a moment, but he quickly relaxed and said, "Your Excellency's words are really unpleasant to hear. As the director of the shadow Company, I serve five Lords and am loyal to the Holy region. Aren't you afraid of disrespecting me by saying this?"

"I'm not going to talk nonsense with you at this moment," Wei Qing snorted coldly. What, did Gongyang zhengqi send you to die? He's afraid of death and is hiding in the Saint-level, not willing to come out?"

Shentu yixiao said, "four out of the five council officials are here. Lord Gongyang zhengqi must be in charge of the Holy region." Nan fengxuan and the other experts of the nine divisions have also entered the passageway. They should be here soon."

"Great!" Si tingyu and the others were overjoyed.

"What's the use of all these trash?" Wei Qing snorted.

"Shut your mouth, Wei Qing!" Black universe shouted angrily. Everyone is fighting to the death, but you're hiding after recovering your strength, and you still have the face to Shout!"

Wei Qing was also furious, he retorted coldly, "Black universe protector, you'll die if you speak nonsense! Which eye of yours saw this Lord Dodge?"

"Let's not argue at a time like this. Let's work together," Cangwu Qiong said.

Wei Qing snorted and said with a cold expression, "I'll let you see what I did just now!"

His hands quickly formed a seal, and several rays of light flew up, forming a huge coordinate in the air. It was like a door standing there quietly, and a blue hexagonal pattern on it gradually opened.

A flash of light appeared from the pattern. It was actually a battleship that sailed out with a rumble, blinding everyone's eyes!

"Ah? A warship?"

Both the human and demon races were dumbfounded.

The battleship wasn't big, and it was covered with arrays. It was obviously used for transportation.

Wei Qing said coldly, "if Gongyang zhengqi had the intention to deploy manpower, the reinforcements would have arrived long ago." As expected, that fellow is unreliable. I can only mobilize the forces under my command."

Cangwu Qiong's eyes lit up as he said in surprise, " "Do you have any chance of winning?"

"The odds of winning?" Wei Qing's eyes narrowed as he muttered. He remained silent. Facing three powerhouses who had reached the peak of perfection, who dared to say that they had a chance of winning?

"BOOM!"

The transport ship exploded, and a terrifying demonic Qi gushed out from it.

"Demonic Qi?" Everyone was shocked.

On the other hand, Yunxiao's expression remained the same. He had long since seen that the people inside were all monsters like Qiu Mujie, Warriors who were pieced together with the limbs of various demon beasts.

He didn't know why, but the ghost Asura wasn't among them. He didn't know if the long family didn't have enough samples because they lost control, or if there were other reasons.

“Ah, this is Yingluo.”

When those monsters appeared in front of everyone, they were all stunned.

Only 30 to 40 martial artists were like Qiu Mujie, who could transform into human form during normal times and only reveal their demonic form during battle. The remaining 200 to 300 martial artists maintained their pieced-together bodies, causing everyone to be dumbstruck.

w-what are these?!

“Heavens, is it a human or a demon? This is a ghost!”

The elders of the spell garden paled, and they said in shock and anger, “Wei Qing, you’ve actually gotten together with Feng zijie!”

if you don’t like it, ” Wei Qing said coldly, ” I’ll take my subordinates and leave now. You can have your fun.

The few elders immediately shut up.

“These are all defective products of your research, right?” Cangwu Qiong asked suspiciously. I wonder how strong he is?”

“Damn it, you dare to call us defective goods!”

The monsters were martial artists and possessed the intelligence of a normal person. They were furious upon hearing Cangwu Qiong’s words, and their murderous intent surged toward him, forcing him to take three steps back in shock.

Chapter 1830

1830 Battle of the seal (27)

alright, stop fooling around! Wei Qing shouted. we have serious matters to attend to!

The monsters seemed to be very obedient to him. They quieted down immediately, but their eyes were still staring at Cangwu Qiong with hostility.

“Is everyone here?” Huang asked coldly. I’ll open up a path, and if there are any reinforcements, they can come together, so we don’t have to kill them slowly in the future.”

you’re very confident, ” Wei Qing snorted. haven’t ruling blade suffered enough? ”

that’s because the ruling blade is powerful, ” desolate retorted. you make it sound like you’re very powerful. With just a few hundred monsters, you want to take on my Army of ten thousand? I’m drunk just thinking about it. ”

Desolate’s words made people’s hearts drop to the bottom of the valley. That was an Army of tens of thousands of Warriors. In the world of warriors, such a large-scale battle was impossible unless it was a war between different races.

Wei Qing’s expression didn’t change, as if he didn’t care. He coldly said, ” “Tens of thousands of them are just minions.”

“Haha, what a good” only a minion “!”

“I’ll tear your mouth open later and see how long your tongue is!” Desolate laughed in anger.

With a wave of his hand, demonic Qi immediately rolled in the sky. Thousands of demons appeared in an instant, roaring as they charged over.

Among the hundreds of demons, a warrior who had retracted his form sneered and said, ” “Four times our numbers, why not ten times? With our strength of one against ten, we need at least three thousand people to be enough!”

Another long-nosed and fanged martial artist sneered, "Don't talk nonsense, tear them into mincemeat."

"Calm down, everyone. Back off," Wei Qing said.

"What?"

The demons were stunned, but when they saw Wei Qing's cold expression, they knew that he was not joking. They all retreated obediently, revealing a large empty space in front of them.

"Come out, let me see the results of your cultivation," Wei Qing said indifferently.

The space shook slightly, and a figure appeared behind him. The figure was wrapped in a black robe, and his face could not be seen clearly. However, he gave off the feeling that he was unusually young.

Yunxiao's heart trembled as he looked over. Although the black robe had the effect of blocking divine sense, it could not block his magical spirit eyes, which allowed him to see the man clearly. The man had sharp edges, Eyes Like Stars, and slightly wavy bangs on his forehead.

The man walked out from behind Wei Qing and faced the attack of thousands of demons. He was calm and composed, and his robe fluttered in the wind, as if he was all alone.

Everyone frowned. This man didn't seem to be very strong, but they didn't know what Wei Qing was thinking.

The man raised his hand, and a drop of water condensed on his palm, continuously growing into a ball.

The surroundings started to become moist. A large amount of mist appeared and gradually condensed into water. It swirled around the man's body but did not stain his clothes at all.

The man's hands were half-closed in front of his chest as he slowly lifted the ball of water. Suddenly, a Scarlet luster appeared in the ball of water. The color became clearer and clearer, and even his body was surrounded by a Scarlet and Vermillion color, which gave off a crystalline feeling.

Beifeng Nan's face revealed a look of surprise. As if he had sensed something, a faint green luster gradually appeared on his body, reflecting the light.

"Rudra Mystic Water, eight charm Vermillion saliva!"

The man said softly. The red Mystic Water seemed to have stopped for a moment. Then, it roared and actually transformed into a Dragon in the sky, fiercely charging towards the demon Army.

The red water dragon rushed to the front of the demon Army. The man made a hand seal and shouted, "Explode!"

"Bang!"

A large number of runes appeared on the mysterious water poison Dragon and exploded instantly, turning into countless water arrows that shot over. It was like a celestial maiden scattering flowers, and the area exploded!

"Ah!"

The few demons who were the first to be hit by the explosion screamed in pain. However, they were not strong enough. Although they were slightly injured, it was not a big deal.

As soon as they recovered from their shock, the demons suddenly felt a sharp pain in their wounds. When they looked down, they were scared out of their wits. They saw a large patch of red on their wounds that continued to spread. Before they could react, they felt their brains go numb and lost consciousness forever.

The red poisonous water spread in the air. The demons were like harvested wheat, falling from the sky one by one.

The poison Dragons had turned into countless arrows, and the water had turned into mist. Almost all the demons had been infected.

Fear and screams spread in the air. Some decisive people immediately cut off the poisoned parts and kept their lives.

However, the air was already filled with the poison of water. Many people who had just cut off their hands and feet would immediately get it on their wounds, and they would die in an instant.

In just a few breaths, the thousand demons fled in pain and screams. In an instant, seven or eight out of ten were killed or injured, leaving only two or three hundred people.

“?!”

Alarmed gasps sounded one after another as they looked at the black-robed young man with fear.

Many of the leaders of the monster race were also dumbfounded. Their mouths were wide open, and they could not speak.

Beiming Nan was also surprised, “I didn’t expect the combination of the mutated water elemental and the eight charm Vermillion saliva to have such power.”

“The eight charm Vermilion saliva Suan ni is one of the five great extermination poisons, the eight charm Vermilion saliva!” Ai exclaimed. This poison will dissolve upon contact with water, and you will die upon contact!”

Yunxiao stared at the black-robed young man and did not speak for a long time. It took him a while to come back to his senses, then he turned to beiming Nan and said, “How is your poison compared to yours?”

Beimang Nan said, “the five poisons of mass extinction actually correspond to the five elements of heaven and earth. The eight charms Vermillion saliva is a poison of water to begin with. It’s terrifying

when it spreads. My seven Illusion Green Gu is actually a wood poison. Its single attack is extremely powerful, but it's very difficult to produce such a large area of effect."

"Wood poison?"

if you and I join forces, can this poison spread in my Thunder World?" Yunxiao asked.

Beiming Nan was stunned and frowned,"I've never tried it before. I'm afraid I'll only know after a while." But if it's possible, it'll be extremely powerful."

Even beifeng Nan himself felt a little frightened. Under the power of the Thunder World, if he were to overlap it with his seven Illusion Green damask attribute, he would probably be able to kill thousands of people in an instant.

Yunxiao had also thought of this possibility. The two of them exchanged a look and saw the shock and bewilderment in each other's eyes.

After the black-robed youth made his move, the sky became deathly silent.

The demon clansmen's faces turned pale. How could they fight? No matter how many soldiers there were, they would not be able to withstand such a terrifying attack.

Although the humans were overjoyed, they were also frightened and had goosebumps.

Desolate slowly closed his mouth. He swallowed and asked,"Mr.ai, what should we do?"

...

"According to historical records, only the heaven Earth poison body can give birth to the five major poisons of extinction," Ai said. The toxicity of the poison also increased with the cultivation of the heaven Earth poison body. However, the young man had released so much poison in his attack just now.

It would be difficult for him to attack again in a short time. However, Your Majesty still has to be on guard against him. It's best if we can kill him first to avoid future trouble."

I understand," desolate said. soldiers, listen up! Kill all humans! Whoever beheads that kid will be heavily rewarded!"

War drums thundered and battle cries shook the heavens.

Zhe appeared in the sky, his flag waving in the air. The demon Army surged in from all directions like a tide, and endless demonic Qi enveloped the world.

The demons of five Cloud Mountain, who were already on the battlefield, were shocked. Then, they saw the referee waving his hand and flew back, leaving the human warriors in the center. All of them returned to the back of the referee and watched.

The members of the eight monster race also returned to Shang's side, watching Huang's men show their power.

Although the subordinates of ultimate entities such as shadow agency, myriad Stars Valley, and Wei Qing had joined in, less than 100 human warriors had died on the field, and they still looked desperate.

Other than the victors of the hundred battles, the thousand mountains Prefecture had been completely annihilated. Even the victors of the hundred battles were covered in wounds and had no hope of leaving this place alive.

Yunxiao took out the divine realm tablet and called out su lianyi, the guests, the heaven-patrolling bullfighting machine, the evil spirit, the DarkThunder, mo Xiaochuan, haolian shaohuang, Jun ruyun, the transformation cultivator, the calabash Little King Kong, and even the water immortal, Duan Yue, and Yue julin.

The crowd spread out beside him, immediately attracting everyone's attention. Although there were not many of them, they were all strong practitioners who could fight one against ten, and the aura they exuded was not inferior to that of one division or one faction.

Richard's eyes were shining, as if he was calculating something.

...

Yunxiao had already informed everyone of the situation, and he said in a deep voice, "everyone, just try your best. Don't fight to the death. If you can't hold on, come to me. I'll send you back to the divine realm tablet."

"Yes!"

Everyone responded in unison, but their faces were full of killing intent and eagerness to try.

However, the chemical cultivator was a little unhappy and mumbled, "This is a dispute between you humans and demons, what does it have to do with me?"

The water deity's expression darkened and she shouted, "chemical cultivator, if you're afraid of death, then go back. Don't embarrass the sea Emperor Palace outside."

The chemical cultivator was depressed. He did not dare to refute the water deity's words.

brother huaxiu, I'm not asking you to work hard," Yunxiao said with a smile. you don't have to do anything. However, my temple is too small to accommodate a Bodhisattva like you. You'd better leave on your own."

The huaxiu was furious and said, "If you drive me out of this place at this time, will the monster race let me go?"

Yunxiao spread his hands and said helplessly, "That's your business, what does it have to do with me?"

The chemical cultivator had no choice but to yield. "Alright, I'll go with you. But Little Junior Sister must return to the divine realm tablet. If anything happens to Little Junior Sister,"

The water deity was already very anxious. She threw a punch over and said angrily, "Chemical cultivator, why do you care about my business!"

He had recuperated for a long time during the battle with the heaven Alliance overseas. He had only recovered with the help of Amitabha's power and had made great progress in his strength. He had long wanted to come out for a breath of fresh air.

don't worry about that," Yunxiao said. I'll ensure water fairy's safety. He had already decided to let the gourd Little King Kong follow beside the water fairy. After the gourd Little King Kong lost the rainbow stone, its strength was greatly reduced, but it was still immortal.

Not far away, black universe protector's roar could be heard, "everyone, raise your spirits. In any case, the worst case scenario is death. Since we're not afraid of death, what's there to think about? kill as many as you can!

"Yes! At most, we'll die. Isn't the best ending for people of my generation to die in battle?"

haha, I've never thought of leaving this place alive. I'll kill as many as I can!

A wave of heroic spirit rose, affecting everyone. At the same time, killing intent began to spread.

Lord pojun, "si tingyu looked at Yunxiao and said, "please take Lord tenzhaozi into your divine artifact to avoid being affected.
