

The Eternal 1831

Chapter 1831

1831 Battle of the seal (28)

" don't worry about me, " Tenshou Zi said, his expression stern. even if I can't kill the enemy, I can still protect myself.

In the battle with Ai, although he had consumed a lot of energy, fortunately, he had not suffered any injuries.

"What? you don't believe me?"

Tian zhaozi was extremely displeased when he saw si tingyu's worried face.

Si tingyu hurriedly replied, " your subordinate would not dare to. However, my Lord, please rest assured. Shentu yixiao just said that Nanfeng Xuan and the other nine divisions are on their way here. They should be here soon.

Hearing this, Tian zhaozi's expression turned to worry. "I'm afraid that even if they come, they won't be able to turn the situation around. After all, these three peak existences are difficult to shake. I wonder what Wei Wuya and old man Meng are doing right now."

Si tingyu's expression was solemn as he bowed and said, " I fought with all my might, but I still have no regrets."

Tian zhaozi seemed to be a little moved. He waved his hand and said, " Let's fight, don't worry about me."

Si tingyu didn't say anything else and walked out of the battle ring to meet the demon Army.

Amaterasu looked at the overwhelming demonic Qi outside the circle and muttered to himself, " Thousand revolution array?"

Yunxiao also looked at the rolling demonic aura and said, "Sir Zhenan."

"Alright, I hope so." Beifeng Nan immediately understood.

Two rays of green light flew out from his hands and wrapped around his arms like vines. They were green and glistening, attracting everyone's attention.

Meanwhile, Yunxiao performed an incantation gesture with his right hand, grabbed the hammer with his left hand, and raised it high. The Thunderbolt flowed down from the hammer like water and spread all over his body, crackling everywhere.

Their actions immediately attracted the attention of the crowd, especially Shang and the others, whose eyes never left Yunxiao.

"That's Yingluo."

The power of the lightning continued to increase, and the momentum increased exponentially. The Golden Maha ancient character flickered on the hammer, as if it had gathered the power of ten thousand lightning on one point.

Bei Feng Nan crossed his hands in front of his body. The seven Illusion Green Poison almost turned into Jade, flashing with a transparent color, like a plant that was constantly extending upward.

"What's that?" Huang frowned.

He had never fought with beifeng Nan before. Although he felt that this item was extraordinary, he did not expect it to be poisonous.

Shang's heart skipped a beat. He knew that it was poisonous gas, and then he remembered the eight charm Vermillion saliva and looked at the young man.

The young man's body was trembling as he looked at Yunxiao and Beiming Nan in horror. As if he had sensed the heaven and earth poison body, red poison kept oozing out of his black robe.

"Not good!"

stop them! the referee shouted. stop them!

All the demons were shocked by him and revealed suspicious expressions. Although the lightning was strong, if it was a large area attack, it would definitely disperse the power, so there was no need to make such a fuss.

The judge did not have time to explain to the crowd. With a flash, he tore open the space and teleported to Yunxiao's side. Then, he grabbed the Golden and silver lightning ball with both hands and threw it directly at Yunxiao's head!

Che you was prepared, he shouted: "scram!"

The two swords pierced straight into the two balls of light, and the power of the Dragon Realm spread out.

"BOOM!"

Under the forceful resistance, Che you was at a disadvantage, his swords were vibrating and his dragon body was also in a state of shock. He spat out a mouthful of blood but he did not take a step back.

I told you to get lost. Didn't you hear me?!

A cold voice came from beside him. The Xuanhua star shattering blade came slashing horizontally. He knew how powerful Shang was, so he used all his strength in the strike, splitting the sky and earth!

"Bang!"

“Bang!”

Shang’s face was dark as he shook the two true dragon Swords away before punching the blade. With a boom, the blade images were shattered.

The two of them were both shocked and retreated several steps.

The judge was furious. With a clench of his right hand, he held the armillary sphere in his palm and threw it at Yunxiao.

A wave of World Energy spread out, spreading out under the starry sky and devouring all energy.

Even if the eight charm Vermillion saliva incident happened again, he could suppress it with the power of the Holy weapon.

“Go and help Gu Feiyang!”

With a loud cry, Tian Zhaozi teleported up and appeared directly behind Yunxiao and Beiming Nan, then struck their backs with both hands in an incantation gesture.

Suddenly, the space was compressed, as if a hand of rules had forcibly pulled the two out of the space, and the three of them instantly disappeared in front of the armillary sphere.

Che You and Xuan Hua were the closest. Under the suppression of the world power, they didn’t dare to resist and hurriedly flew away.

The referee was shocked. His attack had missed, while Tenshou Zi and the other two had appeared thousands of feet in the air. Tenshou Zi had used up almost all his energy in that teleportation. Not only was his face pale, but his skinny body was also trembling.

The lightning and the poison were growing and slowly fusing together. Shang panicked and shouted, “Quickly stop the two of them! That’s the five major poisons of extinction!”

There was a commotion among the demons as they said in horror, "What?"

In particular, those who had managed to survive the attack of the eight charm Vermillion saliva were so frightened that they trembled.

As soon as he said that, several beams of light shot up into the sky.

The demons 'Shang, Xun, Huang, and Ci, the humans' che you, Xuan Hua, Bin Chen, E, si tingyu, hei Yuhu, Wei Shishi, Tian Xingzi, and even Wei Qing also charged over.

Although the human race lacked powerhouses who had reached the peak, most of them were Saints. Even if they couldn't win, they could still delay the pace.

"Is it that hard to get you out?"

Che you's swords were like rain, turning into countless sword rays that slashed towards Shang. Xuan Hua's blade light was also like a dark shadow, her body flashing continuously.

However, after two moves, Shang took out his armillary sphere and the two of them spat out blood, but they did not Dodge.

...

you Wan na die?! Shang's brow furrowed.

"Dead? Die, your sister! I've lived for countless years, but I've never seen anyone who can kill me!"

Che you went all out. Blood continued to burst out from the Dragon's body, and the two swords in his hands turned into Golden Dragon claws to block the armillary sphere.

Xuan Hua's condition was even worse. The star shattering blade was originally exquisite and had countless beautiful jades and precious stones on it. At this moment, they shattered one by one. The spiritual energy on the blade became weaker and weaker, and there was a vague spirit that was gradually dissipating.

He gritted his teeth, unable to speak under the pressure of the world force, and could only glare at Shang.

"The spirit of the two of you is worthy of praise. In that case, I'll send the two of you on your way first!"

The judge's eyes were filled with killing intent. He pushed the armillary sphere and the two axes of heaven and earth turned into a slash. The power of the world surged and was about to break through the duo's defense. Suddenly, a ray of light descended and turned into the Samsara wheel. It pressed down on the armillary sphere!

It was si tingyu. Seeing that the two could not hold on any longer, and recalling Yunxiao bombarding the armillary sphere with the divine realm tablet, she decided to go all out and forcibly drove the Samsara wheel to crash into it!

"BOOM!"

An extremely powerful light burst out like the explosion of a scorching sun. It was about to engulf the three of them.

Suddenly, a strange feeling emerged. It was as if time had stopped and everything had returned to 'silence'.

...

Cangwu Qiong appeared beside the three of them and waved the universe light plate in his hands. Although it was only a moment of 'silence', he saved the three of them.

However, the force of the impact was too strong. Although the three of them weren't swept up, they were ruthlessly sent flying, and their blood splattered into the sky.

Even Cangwu Qiong himself was forced to retreat with the universe light plate in his hands, spitting out blood.

On the other side, the officials blocked Desolate's way and clapped their hands together.

"Stop, take my Kuafu chasing the sun!"

A strange formation light appeared behind him, and countless talismans flew up from his divine body.

"Tsk, an ant trying to shake a tree!"

Huang sneered, his face full of disdain. He pressed down with his palm, blocking the power of the fists.

He clenched his fist hard, and Bin Chen's expression changed. The vision behind him collapsed, and some of the acupuncture points on his body exploded one by one like the force of his own fist.

The peerless divine body with all seven gates open was actually broken so easily!

Desolate grinned cruelly as if he was playing with a mouse.

Suddenly, he frowned and raised his head. The crocodile had grown to ten times its original size. He had no idea when it had appeared above him and was about to bite him!

Not only that, but he also felt a creepy feeling spreading from the bottom of his heart. He hurriedly looked to his right.

Wei Qing's face was cold. His left hand formed a seal and his right hand was placed beside his body. A majestic aura of hostility gathered and was about to take shape!

Desolate was shocked. He didn't care about the officials or the alligators, but he didn't want to experience the feeling of hell brought by the blade of judgment.

No longer in the mood to play with the guests, he raised his palm and sent the guests flying back, spitting out blood.

Desolate dodged the crocodile's attack and reappeared dozens of meters away.

However, the crocodile was transformed from the astral wind and was extremely fast. It chased after him and bit him.

Huang was furious. He stood firm and punched out. The space exploded and the crocodile's body exploded. A black hole appeared in front of him.

The black hole seemed to have an extremely strong tearing force. The crocodile was scattered into astral winds and was continuously swallowed by the black hole.

Desolate sneered. Just as he was feeling proud, he was startled and thought, Not good!

Wei Qing had appeared behind him without him knowing, and the blade of judgment in his hand had already taken shape. He grinned gloomily and said, "The Emperor of all demons? Pfft, die!"

The blade cut across the sky and came directly!

Desolate was horrified. It was too late to Dodge, so he could only roar. His body seemed to expand as he punched again!

"BOOM!"

The purgatory of Asura appeared. It looked like the entire sky had been dragged into the eighteen levels of hell. Countless evil ghosts and souls were writhing, dashing toward desolate.

The people of the soul Devourer sect trembled as they looked at the scene of the purgatory of cultivation with shock and horror.

Huangfu BI's face was gloomy and his eyes were flickering. No one knew what he was thinking.

Many experts left in the air, but he remained calm and stood still.

Suddenly, the Golden Whisperer appeared in the sky and shone brightly. It was actually hiding around and devouring the souls. It had just eaten its fill and flew into Huangfu BI's body with a satisfied look.

Huangfu BI's aura suddenly rose. He gave a long roar, grabbed the Pangu banner and rushed forward.

However, he had picked the weakest opponent, the high priest, and struck him down!

CI was already exhausted from the long battle, and although Huangfu bi was injured by Yi's attack, he had recovered quite a bit and was able to suppress CI.

Huangfu bi glanced at Tian Xingzi who was not far away from him. Tian Xingzi had also picked the weakest opponent-li and was having a great time fighting.

The two of them seemed to be the only humans who had the upper hand. He couldn't help but snort coldly. His eyes flickered, and no one knew what he was thinking.

Chapter 1832

1832 Battle of the seals (29)

Suddenly, a mirror appeared near Yunxiao, and as the light flickered, Zhe's figure appeared.

He had relied on the power of the thousand revolution array to forcefully teleport over and was actually faster than everyone else.

“Gu Feiyang, I bet you never thought that you would die in my hands!”

Zhe’s face turned cold. He held the mirror in his left hand and made a hand seal with his right hand. A lute fell from the sky and he took it into his arms.

Yunxiao’s face was calm, and he and Beiming Nan seemed to be completely indifferent to everything else. They were trying to merge the Thunder World with the green Poison, completely ignoring him.

Zhe snorted and seemed to be a little annoyed. He plucked his five fingers in the air and the sound of the PIPA’s string vibrated, turning into a slash.

“I’ll be your opponent.”

Suddenly, a black shadow appeared in front of him, and a sharp sword slashed out, cutting the string sound with a bang.

The black shadow continued to shrink, finally revealing Shentu Yixiao’s shadow. Looking at the sword in his hand, he exhaled a breath of air onto the sword. With a buzzing sound, he said, “The edgeless sword.”

Zhe’s expression immediately turned ugly. The person in front of him was obviously a difficult master. He held the lute in his arms, and the Golden Spear Iron Horse’s ancient sound turned into a sword and flew out.

Not far away from where the two were fighting, Wei Shishi grabbed in the air. A dense net suddenly appeared in her hand, and she threw it out.

A dense mass of threads spread out and shone towards Mo’s blood light.

“Swish!”

A Saber Light shot out from the blood light. It carried an extremely strong Dragon's might and instantly cut the net. It then rushed over.

"Stop!"

Black universe shouted as he slashed down with his blade!

"Bang!"

The saber shattered the sky, and the saber Light cut through the air for hundreds of feet. The blood light was split into two!

However, two of the judges immediately attacked black universe protector from the left and right.

die! black universe protector was shocked as he spun his saber and sent it toward the two.

However, he was already heavily injured. He would not be able to deal with even one of them, let alone two.

"Bang!"

The saber in his hand was sent flying, and one of the referees slapped his chest, shattering his internal organs and causing him to spit out a large mouthful of blood.

Among the three great experts of the monster race, mo Wuyi was the strongest in terms of combat strength.

At that time, his main body was fighting with Gu Qingqing for the blood God bead, while his clone was fighting fiercely with Yunxiao. Now, not only had he fused with Mr. Yang, but he had also eaten the self-evolved Mr. Yang. Even Yunxiao's demonic weapon of six paths could only slightly injure him.

The palm had struck half of black universe protector's spine. If it had been intact, black universe protector would have been dead.

Even so, black universe protector could feel his power being drained away. He held onto his saber as he retreated in midair. His vision started to blur and his consciousness started to fade.

"Lord Black universe protector!"

Wei Shishi cried out in alarm and hurriedly rushed over. Her body flashed with light and actually became somewhat transparent. The sound of a sword rang out, simple and melodious, deafening even the deaf.

"What?"

Mo furrowed his brows. With a flash of blood-red light, he combined his two bodies and gave up on chasing after hei Yuhu. He turned around and slapped Wei Shishi's sword.

"Bang!"

The bloody palm pressed on the sword, causing countless talismans to vibrate and circle in the air, forming a wonderful song.

"Interesting," mo Yushan said.

The bone Jade knife flew out and slashed down. It hit the sword and instantly extinguished the music. The vast Dragon might and the knife light clashed.

Although Wei Shishi was in a wonderful state, her arm was still numb from the shock, and she was forced to retreat three hundred meters in the air.

However, mo Yun laughed. Blood escape was a powerful movement technique that was not weaker than Thunder escape. He arrived almost instantly and the Golden scale blade slashed horizontally.

“Dang!”

Wei Shishi forcefully raised her Zhen Yuan and blocked with her sword.

Pieces of sword talismans shattered like wind chimes, crisp but sad.

“Pfft!”

Wei Shishi’s face turned pale as she spat out a mouthful of blood. Her body trembled like a wind chime. The Dragon Qi on the Golden scale saber had already broken through her protective Zhen Yuan and rushed into her body, shattering her meridians!

There was no expression on her beautiful face, but her eyes, which had always been indifferent, became sad.

“Eh? This is interesting.”

The referee seemed to have noticed something. He stared at Wei Shishi’s face and suddenly grinned evilly as he reached out to grab her.

Wei Shishi’s body trembled even more violently. Her eyes were filled with resentment and shame, but there was no longer any killing intent. Instead, under the blood-red Hand, she became desperate. Tears welled up in her eyes, and her vision began to blur.

At this moment, it was as if there was no life and death battle, no heaven and earth, only she was left alone, and there was an unprecedented peace.

Under thousand leaves Island, there was a peach tree. Under the tree, he was dressed in a robe whiter than snow. The zither music was like the mirror flowers in the water Moon, but it made her thoughts fluctuate.

Countless drops of red fell from the sky, and the green leaves came and went calmly. All of them turned into the sound of the fingertips, flowing in the long river of time.

He recited, "life is like knowing everywhere, it should be like a flying swan stepping on snow and mud." There's a claw occasionally left on the mud, and Hong Fei's counting thing."

The sound of the poem entered his ears.

Her vision blurred, and tears fell down her cheeks. at this moment, we look at each other but don't hear each other. May the moon shine on you.

Suddenly, the blood-red Hand stopped in mid-air and Mo's eyes narrowed as he looked forward.

...

With a clear sound, the fleeting years suddenly felt like a dream.

Past and present lives, hundreds of generations, thousands of years.

Wei Shishi's entire body trembled as she suddenly raised her head. Tears flowed down her cheeks, washing away her disguise and transforming into another peerlessly beautiful face.

A zither note tore through the air, transforming into waves of ripples that resonated endlessly in the world.

"Buddhist Sea Clear sound Tune!"

In the vast sky, the sound of Sanskrit reverberated and turned into runes that sprinkled down like pearls falling on a Jade plate.

The notes condensed into a figure holding a zither and descended from the void.

In the distance, Zhe was shocked to find that the lute in his hand had lost all its spiritual Qi, and the wisp of Ancient Music had become silent.

Not only him, but all the people who practiced music could not make a sound no matter how hard they tried.

Ten thousand strings made no sound, but he knew who he was speaking to.

Even Yunxiao and beiming Nan were slightly distracted by the music, and both of them looked surprised.

...

“You’re here.”

Wei Shishi’s tears were already falling like rain.

“I’m coming.”

The man with the zither only said three words, but they contained the helplessness of many years and the feelings of ancient and modern times.

The sky was filled with red peach blossoms, and the ground was filled with love and yearning.

“Whoever comes will die!” Mo’s face was cold.

The Jade bone and golden scale daggers joined together and transformed into a Dragon to slash!

The harp in the man’s hand flew up. It was like a lofty mountain, like the murmuring of water, like the traceless time, like the sound of nature.

Wei Shishi trembled and laughed from crying. She raised the long sword in her hand and sent several incantation seals into it.

Countless notes flew up and melded into the zither. They actually reflected each other and rippled in the sky.

The zither and sword combined, turning into threads of condensed killing intent, hard and soft as one.

Everything they had learned and missed in their lives had been turned into this song.

With the support of the heavenly stars and the condensation of the Earth's Qi, there was the image of a soaring Tiger in the universe that directly split the sky for a thousand miles and slashed out!

“BOOM!”

As the Twin blades transformed into Dragons and collided with the sound slash, the Dragon's body collapsed and countless cold glints shot out in an earth-shattering manner!

“What?”

Mo was shocked. He had used all his strength, but he couldn't withstand his opponent's zither and sword. The terrifying music was like an eternal echo that swallowed him!

This ensemble changed the color of the wind and clouds, and the wails of ghosts and howls of gods shocked the entire audience!

Black universe protector forcefully supported his body that was on the verge of collapse and said in surprise, “Li Huachi!”

The man in white held the zither in one hand and held Wei Shishi's hand in the other. The two of them were like a celestial couple. They stood in the sky and looked at each other, as if they had set their fate for three lifetimes.

At this moment, Wei Shishi's appearance had already changed. She looked even more like Xue Chenxi, who was rumored to have died long ago.

"How did you know I was here?"

your precious body, your sword sound, once you step into the continent, my zither will be able to find it.

The clear sound of the Buddhist sea illuminated a little spiritual connection.

let's go," li Huachi said. no one will be able to separate us from now on.

Xue Chenxi covered her mouth and could not hold back her tears. She nodded heavily and was about to follow him to the ends of the earth.

"You guys can't leave! The battle isn't over yet!" Black universe protector was shocked.

"What does the outcome have to do with me?" li Huachi said indifferently.

He did not care about the conflict between the two clans. He held Xue Chenxi's hand and was about to leave this purgatory of Asura.

Xue Chenxi suddenly trembled and pulled him back. "I can't leave."

Li Huachi frowned slightly and seemed to be displeased, but he didn't say anything.

Xue Chenxi smiled and said, "the seal on the five Cloud Mountain was broken because of me. I have to end this karma." After this, I'll let go of everything in this world and follow you from the past to the present."

good! li Huachi also smiled and said, " then I'll end this with you.

"End this matter? Is this something you can decide?"

The judge's voice resounded in the sky as countless blood rays gathered to form a true body. The true body had a gloomy face as it stared at the two of them with hatred.

Li Huachi put down his zither and was about to make a move, but his expression suddenly changed as he looked up at the sky.

The Thunderbolt and the green Poison were almost overlapping with each other. Yunxiao and beifeng Nan each performed an incantation gesture while controlling the powerful green ball of lightning with one hand.

Amaterasu, who was behind him, was extremely anxious. He was sweating profusely as he said, " I've bought you so much time. Are you done? how long more do you need? "

I've already fused them together a few minutes ago, " Yunxiao said with a faint smile. I've already done it.

"What?"

" you've already recovered? " Amaterasu jumped up and said angrily, " why are you still dawdling here? why aren't you using it?!

this is a new move that brother Zhenan and I created, " Yunxiao said seriously. I've been thinking about what domineering name I should call it. I haven't thought of it yet, so I haven't put it into practice."

Amaterasu,"Yingluo."

He only felt his chest tighten, and he couldn't help but spit out a mouthful of blood. He almost roared in anger, "Don't mess around! Hurry up and use it!"

why don't you think of a name for us, Lord Amaterasu?" Yunxiao asked.

Tenzhaozi thought,'haha!' He even wanted to kill Yunxiao.

Not only him, but the two of them did not try to cover up their conversation. Almost all the martial artists who had survived until now could be said to be experts, and they all heard it clearly. There were at least nine hundred people who wanted to kill him!

"Since it's the combination of the 'yi wood Green lightning' and the 'seven illusions green lightning', why don't we call it the 'yi wood Green lightning spell'?" said Beiming Nan thoughtfully.

Yunxiao's face turned green as he said,'can you be normal? Aren't you afraid of people laughing at your intelligence?"

Chapter 1833

1833 Battle of the seals (30)

Bei Xiaonan furrowed his brows. I think that's a pretty good name. Come up with one, then. But be quick. I think some of them are about to be beaten to death.

Tian zhaozi was on the verge of tears as he said helplessly, " stop playing around, Yingluo. Let's call it lightning and poison fusion technique, alright? "

Yunxiao was dissatisfied. Why don't we establish a sect and name it poisonous Thunderball?"

Beiming Nan shook his head and said, " not good. The lightning and green lightning are both evolved from the second wood element. They should highlight the verdant and vibrant nature of wood. Why don't we call them 'yo-yo'?"

Li Huachi smiled. I think 'Hua Yin treading in snow' is suitable. It means that Chenxi and I have finally reunited after a long time. We will finally meet again.

Xue Chenxi held hands with him. Her face was red, but it was filled with sweetness.

Yunxiao rolled his eyes at him and said, 'do you think you're giving your son a name? I have a premonition that the power of this move will be unparalleled in history, and its name will go down in history. We must be careful.'

Shentu yixiao looked back and said, "this ball is not only endless, but it also repeats itself. It contains the meaning of good after bad. How about adding a 'rotation'?"

"A spinning yo-yo?" asked beiming Nan. Hmm, I feel okay."

'Although these four words will be repeated and contained in them, they lack the domineering aura that can be passed down for generations,' Yunxiao said thoughtfully. 'I'll add four more words, how about 'cool and alluring spinning yo-yo'?"

"I think it's a good idea," said beiming Nan, his eyes lighting up.

Amaterasu Zi, "is this four words?"

"What a shitty name!" Che you cursed.

Yunxiao changed his hand seal and pointed forward as he shouted, "Spin!"

Rings of lightning appeared on the green ball, circling around it like a ring of stars. It was like a flower bud blossoming, becoming more exquisite.

"Turn!" Beiming Nan also changed his technique and shouted.

Some jade-green branches and tendrils came out of the ball, shuttling back and forth in the lightning as if they were alive. They bloomed like runes, and the whole green ball became full of vitality. The light shone on the two people's faces as if they were poisoned, and they turned green for a while.

Meng Bai stood in the distance and watched quietly, his face full of horror.

The eight charms Vermillion saliva in his body had almost dried up after the previous attack, but at this moment, under the influence of the green Poison, it was constantly secreted. The black robe was covered with drops of Vermillion poison.

Shang's expression turned ugly. Even he felt the pressure from that move.

Meng Bai's strength was not strong, but the damage caused by the Rudra Mystic Water and the eight charm Vermillion saliva was astonishing and terrifying.

Both Yunxiao and Beifeng Nan had extraordinary physical bodies. One of them had mastered the heaven and earth poison body, while the other had transformed the second wood into Thunder. The two elements fused together and soon caused a change in the world. Rolling dark clouds gathered, with Thunder and purple light rolling inside.

"What's going on?" Amaterasu asked in shock. The heavenly Dao is actually forming lightning?"

Beifeng Nan's face was also extremely serious as he shouted, " everyone, retreat! This move is extremely powerful and will harm the peace of the heavens. I'm afraid it won't be tolerated by the heavenly Dao and will be destroyed by lightning!

As soon as these words came out, everyone was so shocked that their blood ran cold.

Everyone understood what " intolerable by the heavenly Dao " meant. It meant going beyond the rules of a realm and being rejected by the realm's power.

Shang and the others' faces turned even uglier. The move was powerful, but it was still far from touching the realm's power. The reason it was rejected by the realm's power was probably because the attack's range was too wide, and it really hurt the mercy of the heavens.

"Retreat! Everyone, retreat!"

Desolate also thought of this, so he cried out in fear.

Zhe's face darkened as he waved the flag desperately to disperse the formation and let the demons go.

"It's too late to retreat now. I can't control it anymore."

Yunxiao was shocked and bewildered. The ball of lightning poison in front of his palm grew stronger and stronger, and as the thunderclouds in the sky rolled, a purple light shot out of it. The Thunder energy kept rising above his limit, and his face paled with fear.

"Calm down!" Beimang Nan shouted. It's the field energy of the heavenly Dao lightning that has affected this move, and it can't gather lightning anymore!"

His green damask power could no longer keep up with the speed of the lightning. If he lost his balance and exploded on the spot, the two of them would probably die instantly!

Yunxiao also understood this, so he shouted, "I'm done playing. Everyone, retreat!"

He also felt compassion. Even the demon Army did not want to see the scene of corpses strewn all over the ground.

The two of them began to quickly make hand seals, and countless runes were sent into the green ball. The terrifying power turned into circles of light and spread out. Everyone knew that it was going to explode, and they fled in fear.

Yunxiao finished his action first. He pointed at the air with an incantation gesture and shouted, "Cool!"

Beifeng Nan then formed a hand seal and shouted, " "Thousand years and ten thousand years!"

The ball had already expanded to several feet in size, and its light shone in one direction. Under the combined efforts of the two, it suddenly transformed into a world and extended in the endless sky.

Wherever the green light passed by, everything became obscure and dark, and everything withered.

The entire universe lost its color, and even lost its sound. Those who were sucked into the Thunder World were all stunned. After that, their bodies gradually turned into dust without any resistance.

Countless years later, this "madly pulling and cool" spinning yo-yo "was still known as the most terrifying large-scale attack divine skill in history, causing people's expressions to change.

This move had also reversed the situation between the two races and extended the human race's luck for thousands of years, earning it the respect of thousands of generations.

In the countless research done by later generations of martial artists on the battle of the seal, there were countless bizarre points of view. However, everyone agreed that the appearance of this move was the turning point of the entire battle.

Countless monster race Masters were instantly turned into ashes, not even dregs were left after being struck by the power of the lightning poison.

The leaders of the monster race were all furious and roared.

Shang took out his armillary sphere at once and a world spread out with him as the center. At the same time, he cast the heaven-Sealing Stamp, trying to seal the power of Bi An's spherical world!

Other than this patch of light, the entire world was enveloped in an endless green of despair.

Many human warriors who were too slow to escape were also caught up in it. They didn't even have time to scream or think before they turned to dust.

“BOOM!”

Thunder boomed in the sky, and a purple dragon suddenly appeared and fell from the sky.

The world destroying divine lightning of Shangqing Zifu tore the Thunder World apart without any hindrance and fell on the intersection point of the armillary sphere and the Thunder World, which was the strongest point of the entire Thunder World!

...

“BOOM!”

A terrifying power swept through everything, and the entire Thunder World suddenly collapsed. The armillary sphere also trembled violently and let out a sorrowful cry.

Shang was the first to be hit, and he spat out a mouthful of blood as he was sent flying.

Many demons who were taking refuge in the power of the world also felt the pressure of the world-destroying godly Thunder. They were like ants under the impact of the waves, and their fates were not in their control.

However, under the impact of this aftermath, it was better than being hit by the yo-yo ball. One might die, while the other would definitely die.

As the Thunder World was broken, Yunxiao and Beiming Nan coughed up blood on the spot. Even though they had Extraordinary Bodies, blood kept bursting out of their bodies, and their auras were rapidly weakening.

To love all living beings, to bring joy, is to be kind.

Pity all living beings, get rid of their pain, and become sad.

The heavens had the virtue of caring for all living things, and the heavenly Dao had a compassionate heart. It could not bear the suffering of all living beings, so it sent down boundless power to break the killing barrier.

The green world of death was blasted into pieces and dispersed by the power of the heavenly Dao.

The world returned to its previous colorful state, and light descended.

...

But, everyone shuddered and felt cold all over. Their eyes were full of fear as they looked at Yunxiao and Beiming Nan.

The tens of thousands of rolling demonic Qi that had surrounded them were swept away!

The leaders of the demon race felt cold all over, and cold sweat broke out on their foreheads. Although the attack just now had been short, no one knew how many of their people had died. They only knew that there were a lot, a lot of them.

Li's voice trembled and she couldn't help but cry. She sobbed, "a-beast bi an, are they still ... Are they still human?!"

Desolate's face was also white. The loss this time was unprecedented in the history of the demon race.

But now, he was the Emperor of all demons, and he would leave a mark in history!

"Damn it!"

He was almost screaming, and the veins on his forehead were bulging. He was almost going crazy.

Suddenly, a mirror light flashed in the sky and Zhe's figure appeared. Then, the mirror shattered with a bang.

Zhe's expression was also unsightly, his eyes bulging like a dead fish's. He said in a trembling voice, "A total of 9000 people have set up the thousand revolution array, but only 5000 are left."

"Pfft!"

After reporting this figure, he spat out a mouthful of blood essence. It was unknown whether he was injured just now or was triggered by this matter, but his body trembled violently.

"?!!"

The demons were in a state of panic. In just one move, they had killed 4000 elite demons, with almost half of them dead or injured!

If it wasn't for the fact that Yi had used the armillary sphere and the heaven-sealing seal to suppress some of the power, and that the power of the heavenly Dao had shattered the Thunder World in time, the number of deaths would have been even more terrifying.

Mo he Ci and the others broke out in a cold sweat, not knowing what to do.

Although the five thousand elites and the two thousand under Mo's command still held the overall advantage, their confidence had already crumbled and their morale was completely gone.

hehe, hehe, what's the matter? why do you all have such unsightly expressions? "

Wei Qing also came back to his senses from the shock. He gave Yunxiao and Beiming Nan a look of dread, then turned to the demons and said with a sneer, " "Since it's a battle, isn't it normal to die? It's

just that more people will die than they will die. Moreover, there are only 4000 of them. That's not a lot, hehe." He was gloating.

Si tingyu and the other governing officials turned pale as they looked at Wei Qing emotionlessly, thinking to themselves that this person was indeed a formidable man.

Although this kind of situation happened to his opponent, he couldn't be happy. He was ruthless and determined enough.

In a battle between two races, the death of 4000 people was indeed not considered a lot, but to kill 4000 people in one move was shocking!

From the beginning of the battle until now, the killing had been so fierce and miserable, and only a thousand people from each race had died. Now, it was like a dream that 4000 people had died in one go. No matter who the leader of the demon race was, he couldn't help but tremble.

Yi clenched his teeth and said, "Kill, kill! He had to kill Yunxiao no matter what! No matter who it is, even if it's just a cat or a dog, as long as Yunxiao is killed, I'll make him the demon Emperor!"

The voice was filled with a shrill scream, boundless hatred, determination, and unwillingness.

Chapter 1834

1834 Battle of the seal (31)

Yu finally realized how right Shang's bet was.

everyone, get your spirits up! desolate gritted his teeth. gather and fight again!

all generals, listen up! the judge shouted in a deep voice. you must kill li Yunxiao and avenge the dead of our clan!

The word "revenge" immediately triggered the ruthlessness in the bones of the demon race.

The originally low morale began to rise, and the sky was once again shrouded in demonic Qi. The ferocious and brutal aura spread on every demon, spreading like an infectious disease.

“Revenge!”

“Revenge!”

All kinds of cries rose and fell, and in the end, they joined together like a tsunami, bringing with it endless grief and indignation!

Yunxiao did not expect the move to be so powerful. Not only did it trigger the heavenly Thunder, but the aftermath of the Thunder and the backlash also affected his body. Even the combination of the tyrant body tempering technique, the bright glass body, and The Fiend body felt very uncomfortable and kept vomiting blood.

It was as if he had touched the mercy of the heavenly Dao. Even with the three-colored light on his body, his internal injuries were still healing extremely slowly.

Beifeng Nan was not any better. His handsome appearance had long collapsed, turning into a rotting corpse. It was a creepy sight. No one knew what kind of monster he was, and they did not dare to get close.

“Pfft!”

Yunxiao coughed up another mouthful of blood as he pointed angrily at the sky and shouted, “What mercy of the heavenly Dao? The strong preyed on the weak, and only the fittest survived. Only 4000 people died, and now the heavens have sent a punishment to me. That day, when Moon Song was in the city, I used the lives of the entire city to cultivate the armillary sphere, was there any mercy from the heavenly Dao?”

Everyone was silent.

In this world, the strong preyed on the weak, and the strong were respected. Even in the eyes of the human race, the 300000 people in the city were just mortals. Their lives were far less valuable than the 4000 demons who had been annihilated.

haha, the mercy of the heavenly Dao is also so snobbish?!

Yunxiao laughed wildly and forced himself to stand straight, showing his unyielding attitude.

It was like an ancient pine tree, or the bright moon in the sky, indestructible for a long time.

Gu Qing Qing looked at the three-colored light flowing on his body and said in shock, "The light glass body of the king of the southern region!" Her voice was extremely low and no one heard her.

"You're just an ant!" Huang said angrily, "how can you compare to the elite of our race?" Today, not only will the heavenly Dao want to kill you, but I will also kill you!"

"Kill! Kill! Kill!"

He roared several times, the battle flag fluttered, and the drums shook the sky.

Li beat the war drum in grief and anger, and the melody reverberated in the sky. It was as if it was summoning thousands of troops and horses, but it also seemed like it was ferrying the dead.

Although the demons had suffered heavy losses, the grief gathered all the demons together, and the killing intent was overwhelming.

Wei Qing led the more than two hundred ultimate body existences and walked forward without fear.

Lord Wei Qing! Meng Bai suddenly called out. Lord Wei Qing!

Wei Qing stopped in his tracks and said without turning his head, "What's wrong?"

Meng Bai's eyes were filled with confusion as he said, "I only feel that the person looks very familiar, as if I've seen him a long time ago."

"You're thinking too much," said Wei Qing lightly. Maybe it's because I used too much strength just now and used up too much physical strength. Don't think too much and have a good rest."

Meng Bai frowned and could not help but look at Yunxiao a few more times, while Wei Qing's big hand patted his hair.

Meng Bai nodded and said, I understand.

He cast aside all distracting thoughts and began to recuperate.

His heaven and earth poison body had also sensed the alluring and cool thousand autumn and ancient revolving mayfly ball and secreted a large amount of eight charm Vermillion saliva, which was extremely effective in recovering his strength.

Wei Qing looked at him and immediately felt relieved. He continued to lead the ultimate form and walked towards the demons.

However, his mind was spinning. After witnessing the power of the cool and magnificent spinning yo-yo, Meng Bai's status in his heart had risen to an extremely high level, and he had to control him tightly.

Si tingyu said to the crowd with a solemn expression, "No matter what the outcome of today's battle is, our names will be remembered for thousands of years. I only hope that everyone will do their best and fight for the good fortune of our race!"

"Don't worry. All the powerhouses of my thousand mountains Prefecture have fallen in this battle. I won't live alone even if I win a hundred battles."

The victors said indifferently. There was no joy or sorrow on his face, and his eyes were clear.

In addition to his and Yunxiao's friends, the rest of the people here were from the two Holy Lands and the seven sects, and they had also expressed their stance to fight to the death.

Those who were heavily injured and no longer had the strength to fight all retreated, trying their best to recover and wait for another battle.

The experts of the sea of soul formation also took out elixirs and Mystic artifacts to distribute to the crowd.

"They're here!"

Si tingyu shouted and the demon Army charged over, drowning Wei Qing and the other two hundred men.

"Lord Tianqin, I hope you can take charge of the situation!"

Si tingyu pleaded earnestly.

Other than Wei Qing, she, hei Yuhu, and Cangwu Qiong were all heavily injured and could no longer fight.

He had originally wanted Shentu yixiao to take charge of the situation, but since li Huachi was present, and he had left a good impression in the previous battle, coupled with the title of Martial Emperor Tianqin, he was the most suitable person to take charge.

Li Huachi looked around and found no better candidate, so he agreed, " "Good. It would be impolite to refuse the act of righteousness."

He held Tian Qin in his arms and held Xue Chenxi's hand as they walked towards the monster army.
"Everyone, please follow me."

Previously, the two Holy Lands had less than 200 people who had survived and could still fight. Including shadow agency, myriad Stars Valley, and soul Devourer sect, there were less than 300 people. They had all faced death with equanimity and headed towards the 7000-strong demon Army.

Si tingyu's nose twitched as she looked at everyone's backs.

At her level of cultivation, she was supposed to be pure-hearted and emotionless, but this time, it was too miserable. After this battle, the Holy region's power would probably be reduced by more than half.

Only the old, weak, and disabled soldiers were left behind. Mo Xiaochuan and the others also rushed forward, while Yunxiao and beiming Nan sat cross-legged in the air alone to regulate their breathing. The crowd was too afraid of the two of them to approach.

...

Even Gu Qingqing, after hesitating for a while, also followed and joined the battle.

At this moment, no one had any thoughts or emotions. Only the word "battle" remained in their minds.

Suddenly, ripples began to appear in the sky. They appeared in circles and spread out for dozens of miles, attracting everyone's attention.

Tian zhaozi's eyes brightened, and he said in joy, " "It's a ninth-order Saint-level warship! Nan fengxuan and the others are here!"

Everyone was overjoyed, and their eyes lit up as if they had found a life-saving straw.

Within the countless ripples, the rumbling of battleships could be heard. Then, huge ninth-grade battleships appeared. Although there were only five of them, they covered a huge area!

The leaders of the monster race all had ugly expressions.

The entire elite demon race was here. If they were defeated in this battle, it was likely that they would not be able to recover for thousands of years.

“Aiya, it’s so tragic!”

A silvery female voice rang out, and Nanfeng Xuan’s figure gradually appeared in front of Si Tingyu and the others.

Then, more than ten shadows appeared and saluted. They were the leaders and Deputy of the divisions, all of whom were strong leaders.

...

“Quickly go and help Wei Qing and the others!” Si Tingyu said hurriedly.

Nanfeng Min glanced at the battlefield and said worriedly, “So many demons? It’s a miracle that you’re still alive.”

Black Universe Protector’s face darkened and he shouted, “What are you saying?” Why are you still so long-winded, hurry up and send reinforcements!”

“Hehe.”

With a smile, Nanfeng Xuan’s exquisite figure disappeared from where she was standing. Her voice rang out from afar, “Let’s go, don’t just stand there!”

The leaders of the divisions followed him.

The experts on the five giant battleships also flew out. Shadows flashed unceasingly, entering the battle.

However, there was still a limit to the number of people, but it had increased by four or five hundred people. It was still an astonishing one to ten ratio against the Yao.

Soon after, the sea of soul formation sent reinforcements again, supplementing them with more than a hundred people.

Moreover, the iron law of the Holy region had been spread to all the sects, forcibly dispatching the experts of the major sects to come over. From time to time, martial artists would appear from all over the place and join the battlefield.

However, there were also some who wanted to escape with a changed expression after seeing the situation.

Cangwu Qiong had specially arranged for two experts from the Shadow Agency to keep an eye on the scene. If they found anyone escaping, they would be executed without mercy.

Even so, the humans were still being pushed back and their casualties were increasing. It was as if they had fallen into a quagmire that they could not extricate themselves from, taking away countless lives.

Si tingyu and the others felt their hands and feet turn cold. They had no idea how many humans had died in this battle. They only knew that the number was getting higher and higher. It seemed impossible to reverse the overwhelming momentum of the demons with only a few martial artists on the battlefield.

Unless he pulled out the cool, eternal spinning yo-yo again, but Yunxiao and beiming Nan were still in pain, so it was impossible for them to make another move.

Meng Bai was not strong enough, and he could not be counted on at all.

what?! hei Yuhu's face turned green as he said angrily, " of the seven great sects, why are the red moon City, the long family, the blade sect, and the beiming family nowhere to be seen? "

Cangwu Qiong sighed. Aiya, the Redmoon city is now completely under Wei Qing's command. After the long family's head, long qianren, died, he seemed to have broken away from the sanctuary's control. The blade sect and the beiming family have always obeyed on the surface but opposed on the surface.

At this moment, they realized that the sanctuary-realm was not as powerful as they had thought, and their control over the world was weakening.

Wei Qing once said that if we want to control the world, we should first control the seven major sects," Cangwu Qiong said. he's right.

Si tingyu snorted,"that's easy to say, but how difficult is it to control the seven major sects?" The situation is so difficult now, it's not the time to be lamenting. Everyone, quickly think of a way!"

I'm afraid we're going to lose this battle," Cangwu Qiong said worriedly. unless one of the ten martial sovereigns or the seven great sects come together, we might be able to turn the tables.

" it's impossible to gather all of them at once," Tenshou Zi said, " but the situation might not be as pessimistic as you think. There might be one person who can turn the tide.

"Who is it?"

Everyone was shocked. Even peak of perfection might not be able to turn the situation around by himself.

However, if there was another powerful being at the peak of perfection, the situation could at least last for a while.

Chapter 1835

1835 Battle of the seals (32)

"Could it be the other two lords in the fairy's capital?" si tingyu asked.

” they’ve always been mysterious, ” Tenshou shook his head. I haven’t seen them in years. I wonder if they’re dead. He turned his gaze to the five Cloud Mountain and said, ” “Everyone, don’t forget that the palace Master of shenxiao Palace, qu Hongyan, is also at the foot of the five-Cloud Mountain.”

Everyone suddenly recalled what Gu Qingqing had said, and they could not help but look at Yunxiao.

At that moment, the five Cloud Mountain released a brilliant light that shone into the nine Heavens.

At the same time, talismans flew up from the mountain, and the five Cloud Mountain, which connected the sky and the earth, seemed to have begun to change and was about to rise.

Mo Zheng, li Huachi, and the others were in the middle of a killing spree when they were suddenly shocked. They looked around and found that Gu Qingqing was no longer there, and they cried out in their hearts.

The five Cloud Mountain was like a profound level weapon, hanging in the air. The powerful weapon essence was absorbed into it, and finally turned into a big seal, falling into the palm of a person, Gu Qingqing.

She heaved a sigh of relief and revealed a gratified smile. “Don’t argue with me yet. The two races are in a life-and-death battle right now, and we need your strength. As for your disciple’s body, I think I might, should, maybe, I will return it to her.”

“How do you expect me to believe you?”

Qu Hongyan’s voice came from the ground, but no one could see her.

Gu Qingqing giggled, “I’m your senior. You must be Lord Yu’s grand-disciple, right?” Hehe, you should know that Yu Jun is this lady’s grand-disciple.”

Qu Hongyan did not speak again. Suddenly, a purple cloud rushed up from the ground, and all the stars in the sky appeared.

A sword Qi gathered countless Starlight, rolled up a Thousand Waves, and broke through the edge!

The battlefield was like a purgatory of cultivation, where countless souls of dead Warriors and evil spirits were gathered. Suddenly, a purple light shone in and a passage was instantly split open!

Huang was shocked. Even he did not dare to take the sword head on. He yelled, "Spread out!"

Many people were unable to Dodge in time and were instantly crushed by the sword Qi. A broad path appeared in the battlefield, leading to a distance.

The entire battle was shocked by this sword, and almost stopped.

After that, a beautiful figure appeared like water or a breeze. In this killing field, it gave people a sense of peace and a beautiful feeling in their despair.

"Clang"

A sword sound rang out, and the figure had already passed in front of the crowd and thrust his sword at Yunxiao.

Beifeng Nan was shocked. He wanted to stop her, but his injuries were aggravated and he felt a sharp pain in his body.

The heaven and earth poison body and poison nourished each other. Under the divine power just now, almost all the poison in his body was extracted, and his body was also showing signs of collapse. It was extremely difficult to recover in a short period of time.

Qu Hongyan's sword had already stabbed at Yunxiao, the tip of the sword pressed against his throat.

Yunxiao looked down and saw that the sword was only 0.01 centimeters away from his throat.

“You actually didn’t die. You lied to me.”

“It’s true that he died, but it’s an accident that he didn’t.”

“Then why didn’t you come find me?”

“Aren’t they already here?”

If they had never met in life, he would still be the unrivaled Martial Emperor, and she would still be the palace Master of the divine cloud Palace, respected by thousands.

Fate had arranged for you to meet the person you met among millions of people. In the tens of millions of years, in the boundless wilderness of time, he was neither too early nor too late. He just happened to catch up.

Some people say that loneliness is not innate, but it starts from the moment you fall in love with someone.

“Then do you know how lonely I’ve been all these years?”

“Hehe, if you’re serious, you’ll lose.”

“You’re a coward, I’ll kill you!”

Qu Hongyan’s body trembled, and her eyes widened as much as possible.

It wasn’t that he wanted to see clearly, but that it wouldn’t be easy for him to shed tears.

A bright red dot gradually appeared on Yunxiao’s throat. It was the sword Qi that was trembling uncontrollably and had pierced his skin.

Yunxiao smiled bitterly and said, "Actually, I lost too."

As the sword fell, the tears couldn't help but flow. However, they flowed willingly. With this sentence, everything seemed to be worth it.

It was engraved in his heart, and he returned with peace of mind.

Whoever you've loved deeply, a day is equivalent to a year.

"Then why didn't you tell me? You never looked back, even when I let go of all my pride and restraint."

"Because you're too beautiful, so beautiful that I can't say it."

It turned out that there was such a thing in the world. In just a moment, one's love for a person could reach the peak.

"I didn't let you out so that you two could be lovey-dovey and date."

Gu Qing Qing appeared beside the two of them and said, "Everyone in the world is watching. Can't you guys restrain yourselves and pay attention?"

Qu Hongyan smiled and said, "so what if it's the people of the world?" A place without him and me is not the world."

Gu Qingqing was stunned for a moment, and said, "This lady can't do such a thick-skinned thing like you, aren't you ashamed?"

Hearing this, qu Hongyan's face turned red and her eyes flashed with embarrassment and anger.

senior Gu Qingqing is right, " Yunxiao said. let's end the battle here first. With you here, Hongyan, the situation may be reversed.

Qu Hongyan nodded and took out a plate-like thing and handed it to Gu Qingqing. "Senior," he said.

Gu Qingqing naturally recognized it. It was the unique thousand-mile sound transmitter of shenxiao Palace, which only the palace Masters of the past generations had. It was impossible to replicate. you mean the Suan ni? "

Qu Hongyan said, " of course, let the experts of the divine cloud Palace come. Everyone has a responsibility in the war between the two clans. Besides, the divine cloud Palace has stood on the continent for tens of thousands of years. It has nurtured vast righteousness and should be the first in the world.

...

Gu Qing Qing's eyes flashed with praise, " "You can go, leave this matter to me."

Qu Hongyan looked back at Yunxiao, smiled sweetly, and then turned into a breeze and left.

Her appearance had always attracted the attention of everyone, especially the leaders of the monster race. They all revealed expressions of shock and anger.

I think she has the power to reach the peak, " shouted Huang. who will fight her? "

At this moment, the referee was being suppressed by li Huachi and Xue Chenxi. Their attacks were fierce and difficult to deal with, so he had no time to spare for other things.

I'll do it, " Yi said. you should quickly kill the rest of the humans. Otherwise, the longer this drags on, the more disadvantageous it will be for us.

not necessarily, ” said desolate. in this battle, our tribe won’t be able to stop us. It’s not a bad thing to let their Hotshots come here in batches and be killed.

“Preposterous!” The referee angrily rebuked. If the entire human race on the heavenly martial continent is mobilized, we won’t be able to stop them even if our combat power is several times stronger!”

Desolate’s face was dark as he said coldly, Mr. Shang, mind your own business. I’m still the Emperor of all demons. It’s not your place to lecture me!

Gang Qi’s face turned ashen. If it weren’t for this critical moment, he would have killed desolate’s host beast with one palm and dismembered it.

In this situation, he could only snort angrily and charge at qu Hongyan with the armillary sphere.

...

Looking at him, Huang gave him a mocking smile.

The pressure on the battlefield was greatly reduced after qu Hongyan took down a master who had reached the peak of perfection. The speed of the defeat had also slowed down a lot, but it was still like a meat grinder, with heavy casualties.

Jun ruyun, haolian, and shaohuang were also badly injured, and they were ordered by Yunxiao to retreat back into the divine realm tablet.

Tian zhaozi looked at the five ninth-grade warships floating in the sky and said, ” “Have everyone retreat to the Starship and use the starship’s attack and defense.”

if that’s the case, ” si tingyu said worriedly, ” it’s no different from a complete defeat. I’m afraid it’ll be difficult to raise our morale again.

it's no different from a complete defeat," Amaterasu replied. we can only delay time and continuously summon more experts. The palace Master of Hongyan also sent a voice transmission back. As long as the experts of shenxiao Palace arrived, they might be able to turn the situation around. Don't forget that the elite force of the monster race is limited, while the heavenly martial continent is vast and has countless Masters."

Lord Amaterasu is right," black universe protector said. we're at a disadvantage in terms of numbers. It's almost one against ten. No matter how strong we are, we won't be able to hold on. As for the battle power of a peak level martial artist, the advantage is already starting to lean towards us."

that's right," Tenshou Zi said. stall their peak powerhouses. That way, it won't be so easy for those small troops to break through the ninth-grade warship. The battleship will be personally commanded by the few of you. Set up the five stars formation!"

"Yes!"

At this moment, Wei Qing had already retreated from the battlefield, and the four senators from the Holy region immediately flew into the warship. Including Amaterasu himself, there were exactly five people, and each of them was a commander of a warship.

The martial artists who were unable to fight also followed.

Yunxiao and the others followed Amaterasu to a warship.

When the order to retreat was passed down, the cultivators who were still struggling in the battle immediately felt relieved and hurriedly turned to flee.

However, it also caused their morale to collapse, and many people were killed on the spot.

Qu Hongyan and the others were shocked and did not know what was going on. However, Tenshou Zi quickly transmitted his voice to them and explained the plan, asking them to hold off Shang and the other top powerhouses.

Ever since the five battleships had crossed the region to come here, they had been hovering in the sky and had not flown away. They were afraid of accidentally injuring their own people, so they had not used their battleships.

Under Tenshou Zi's command, they began to move slowly. All the formations were activated, and they were like five giant chess pieces that were fixed on the astrolabe.

The defenses of the five warships immediately connected together, covering a radius of several thousand feet.

"Attack! Bombard it ruthlessly!"

A large number of human cultivators entered the defensive perimeter and were immediately safe.

There were also some who could not retreat in time and could no longer care. With an order, all kinds of attack formations were activated. Countless rays of light were like rain droplets that covered the sky and earth, blasting indiscriminately.

"BOOM! BOOM! BOOM!"

The sky was filled with a huge roar, but it gave everyone a sense of security, and they couldn't wait for the sound to be louder.

Those monsters weren't idiots. Seeing the light beams coming, they immediately scattered, swarming toward the battleships through the gaps between the attacks.

Although the attacks were overwhelming and looked extremely fierce, in reality, they did not kill many people.

When Yunxiao glanced at the Warriors on the five warships, he was shocked. There were only a hundred or so people left, and all of them were seriously injured.

Many of the familiar faces from before had almost disappeared. Even Zhen Yu, who had come with Xuan Hua, had disappeared without a trace. He must have died on the battlefield.

Chapter 1836

1836 Battle of the seals (33)

Before this, they had only thought about fighting. Now, looking at the defeated soldiers on the five battleships, they were all frightened. They didn't know how they had held on for so long.

The victors seemed to be disheartened. They coughed violently and spat out large mouthfuls of blood mixed with some crushed internal organs. Their morale was getting lower and lower.

The entire battlefield seemed to be held up by these high-level martial sovereigns. Everyone was under tremendous pressure. The powerhouses below the high-level martial sovereigns were like meat grinders as soon as they entered the battlefield. They were crushed instantly.

"Can we really win?"

The water deity was also a little terrified. Before this, she thought it was fun, but now that she had killed so many people, she was numb to it. She only knew how to kill, kill, kill. Now that she stopped, she thought of the blood that was flying all over the sky and couldn't help but want to vomit.

"Little Junior Sister!"

The chemical cultivator was shocked and quickly expressed his concern. He was also covered in blood and did not dare to take a step away from water deity. He was afraid that something would happen to his Junior Sister.

Water deity shook her head. I'm fine. Why don't you summon Doudou and the rest? they can hold out for a while.

She had had this idea for a long time, but Yunxiao did not agree with it. After all, the battlefield was too cruel, and if those deep-sea beasts died, the little princess would cry like hell. So, he decided to forget it.

“Let’s wait a little longer. It’s not the time yet,”

He was waiting for a chance to turn the tables, but he did not seem to see any hope.

master Amaterasu, ” Gu Qingqing said. is this really all the power the sanctum has? ”

Tian Zhaozi’s face was livid, but he did not say a word. He just stared at the defensive battle circle, which was constantly bombarded by the demon race. If it were not for the several peak demon races being held back by Qu Hongyan, Li Huachi, and the others, they would have already been broken through.

Even so, it was only a matter of time before it was broken.

Gu Qing Qing shook her head and sighed, ”each generation is worse than the last.” &Nbsp;

are we still going to keep defending like this? ” Yunxiao asked. are we going to keep defending? ” Even if the experts of the divine cloud Palace come later, I’m afraid they won’t be able to withstand the attack. Why don’t we tear the passage and escape? we’ll fight again another day.”

At the mention of ” escape, ” everyone looked over as if they had lost all their will to fight. If the defense of the five stars formation was broken by the demon race, they would not be able to resist at all.

Tian Zhaozi was upset. Since things had come to this, if he left, all his previous efforts would have been in vain, and all the martial artists he had sacrificed would have been in vain.

Gu Qingqing also agreed. the monster race has three great beings at the peak of perfection. We can’t stop their luck anymore. If we stay any longer, I’m afraid we won’t have the chance to escape.

Xuan Hua’s face was pale, and he covered his chest with his hand, which was bleeding continuously. it’s been a while since anyone has come. I’m afraid the prestige of the two Holy Lands is limited, and they can’t move people anymore.

how is this possible? ” a sanctuary Division Chief said in shock. although there are many people here, the sanctuary’s forces are definitely not limited to this!

Gu Qingqing said, ”Oh, then which part of the plan went wrong?”

As soon as these words came out, their expressions changed greatly.

Amaterasu seemed to have been moved as well. His pupils shrank as he shouted, ” “Open the passage and retreat!”

The order was sent to the other four warships, causing a great uproar, but no one objected.

The five battleships emitted formation light at the same time. They sensed each other and overlapped, spreading in the sky like water ripples.

“What?”

The demons outside the defense also immediately discovered this and stepped up their attacks, their hearts burning with anxiety.

“Are you going to escape?”

Desolate looked at the rippling water, his face calm as if he didn’t have any big change.

Shang and Bi’s expressions changed drastically. Both of them had the same thought-they must annihilate these humans here, or the consequences would be unimaginable.

Shang, on the other hand, believed that killing Yunxiao was more important. Even if everyone fled, Yunxiao could not leave!

The appearance of the ripples in the sky made everyone's hearts race, and they all had their own thoughts.

However, no matter how anxious Ren Shang was, this beautiful woman in front of him could take it calmly. If he was weak, the other party was weak. If he was a little stronger, the other party's strength could also be improved.

Huo Dou's true body was injured by the aftermath of the heavenly Thunder, and the armillary sphere had lost a lot of spiritual energy. Even if he were to risk his life, he would not be able to take down this human woman in a short time.

Qu Hongyan's plan was simple. She just wanted to keep Shang busy. As for winning or turning the tide, it was impossible without more powerful forces on the battlefield.

Now that she saw that the human race had the intention to retreat, she was even more disinclined to continue fighting. As long as everyone retreated, it would be difficult for the demon race to stop her. He looked back at Yunxiao and smiled.

All of a sudden, the water-like ripples gradually dispersed after a violent wave. The sky returned to its calm state, as if nothing had happened.

"Hmm, what's going on?"

Everyone was stunned.

"Not good! The space here has been suppressed, and we can't tear a passage out!"

A cry of alarm came from the warship, followed by some panic.

Yunxiao and the others looked outside the defense in surprise. The demons were still fighting, and they did not seem to have made any moves.

Xuan Hua was shocked. no wonder no one appeared for a period of time. The passage was actually sealed. Was it done by the demon race? ”

Amaterasu’s expression was unsightly. He looked up at the sky and shouted, ” “Who is it?”

A wave of mental energy as vast as the ocean transformed into a Dragon and charged forward.

A loud noise came from the void. The ground shook and the battleship also shook. However, it could not break the iron bucket-like shackles. Instead, it affected the five stars formation and became extremely unstable.

“BOOM!”

Finally, one of the defenses was broken. The demons were overjoyed and rushed down to the first warship!

“Kill!”

Deafening roars shook the heavens. The demons pounced on the first battleship like a swarm of locusts, drowning it in an instant!

the other warships immediately withdrew their defensive power, each taking their own positions.

As the demons were all moving towards the first warship, the pressure on them was reduced significantly. However, they all looked at the submerged warship in front of them in horror.

...

“That’s Lord hei Yuhu, Qianqian!”

Everyone was covered in cold sweat. Battle light kept rushing out of the battleship, but demons could be seen everywhere.

“Not good! The battleship is about to self-destruct, run!”

Suddenly, a member of the demon clan shouted, and hundreds of figures immediately flew out and scattered in all directions.

All the formations on the ninth-grade warship were activated at the same time, emitting a dazzling light!

“BOOM!”

There was an earth-shattering sound, as if the sun had exploded in the sky. The terrifying aftermath spread out and swallowed hundreds of demons.

Yunxiao’s face was pale as he stared at the explosion.

No one was able to see what was going on inside, but he could see clearly with his Mystic spiritual eyes. This explosion was caused by black universe protector, and that imposing figure was unyielding and unyielding. He shattered into dust in the explosion.

“How could it be?”

Cold sweat trickled down Xuan Hua’s sideburns as he grabbed Yunxiao and said, “How’s Black universe protector?”

...

Yunxiao closed his eyes slightly and shook his head.

Everyone immediately understood. They were all silent, as if they couldn’t believe and accept it.

One of the Holy region's five great administrative divisions had actually fallen just like that.

Desolate was overjoyed. He laughed crazily. haha, one is broken. There are four left. Go! Kill them all!

Although the explosion had killed hundreds of demons, it had brought great morale. Everyone rushed to the other four ships.

Amaterasu was also dazed for a moment, and he felt a little dazed. He said in a daze, "How could it be like this?"

The five stars formation was broken. Although the defense of the ninth-level battleships was strong, they could not withstand the attacks of the demon clan. They were quickly broken.

Qu Hongyan was shocked, and without caring about her life, she immediately slashed back with her sword, opening up a path in an instant, and flew back to Yunxiao's side. "The situation can't hold on any longer, let's go!"

Yunxiao grabbed the dazed Tian zhaozi and said, "the tide has already been set. Milord, don't be conflicted anymore. Let's go first!"

The leaders of the demon race were all staring at the warship. The two most important figures to them, tenzhaozi and Yunxiao, were both here, so how could they let them escape?

Both Huang and Shang appeared on the warship at the first moment and charged at Yunxiao and Tian zhaozi.

Xuan Hua, Gu Qingqing, and the others had long been surrounded by the other Locust-like demons. They were also pushed back step by step and became weaker and weaker as they fought.

"I won't really die Here this time, will I?" che you cursed.

Desolate punched his sword several times, and his meridians exploded. He fell on the battleship and couldn't stand steadily.

"Hmph!"

Suddenly, a cold snort came from the sky. It seemed to come from the desolate years. The voice was not loud, but it was clearly heard by everyone.

" Oh? " Tenshou Zi's eyes suddenly lit up, and he hurriedly looked up.

The figure of an old man slowly appeared in the sky. His long green robe fluttered in the wind, and his silver hair and white beard fluttered in the wind. He had the posture of an immortal.

The elder's appearance immediately shocked everyone, especially the demons. This person was clearly a human expert, and his cultivation seemed to be unfathomable.

Amaterasu was overjoyed, and he roared, " "You're not dead yet, old ghost!"

"If you're not dead, how can I be?" the old man snorted coldly.

Amaterasu's eyes seemed to be a little moist as he said in a trembling voice, " "It's good that you didn't die, it's good that you didn't die! Hurry, hurry and save everyone!"

The old man's eyes swept across and landed on another battleship. He made a hand seal with his five fingers and suddenly cast an incantation seal!

A huge rune spread in the air, as if a mountain was pressing down.

"BOOM!"

The seal landed on the battleship and exploded, sending blood and flesh flying. Many human warriors were also injured by the explosion, and their bodies were crushed.

A ray of green light shot out from within and hid behind the old man. It was Wei Qing. Covered in blood, he bowed to the man and said, "Father!"

Everyone was shocked.

This man was Wei Qing's father, one of the three elders of Shen du who had been in seclusion for many years, Wei Wuya!

His appearance immediately brought hope to everyone. Even though the four battleships were full of demons, they were still fighting desperately.

Yunxiao frowned and said in a serious voice, "the space here has been completely suppressed. Even Lord Amaterasu's attack couldn't shake it. How did Wei Wuya get in?"

Chapter 1837

1837 Battle of the seals (34)

Tenshou's expression changed as well, and his ecstatic enthusiasm was extinguished. His eyes turned cold.

Wei Qing wiped the blood off his face and said, "Father, you finally couldn't help but come out."

"If I don't come out now, you'll probably end up like black universe protector," Wei Wuya snorted coldly.

The people of the sanctuary were all slightly shocked, as if they had heard something wrong.

Wei Qing's face turned pale and he seemed to be a little scared. He gritted his teeth and said, "Gongyang zhengqi, that bastard, is really good at enduring. He's been hiding until now and hasn't made a sound."

“Say something?” Wei Wuya snorted. Perhaps this was what Ren Jia le had seen. The hundred thousand true earth seal has sealed up everything within a ten li radius. His intentions are clear.”

“What? Hundred thousand true earth seal!”

Everyone was dumbfounded. Si tingyu and the others felt their bodies turn cold as if they had thought of something. Their faces were filled with disbelief.

“Father, what should we do now?” Wei Qing asked.

“What should we do?” Wei Wuya snorted. Naturally, we should stop this battle first so as not to satisfy his wishes.”

He casually cast a seal, which turned into countless runes that danced in the sky. Then, one turned into two, two into three, and there were actually human figures that were all golden in color, as if they were wearing armor.

Yunxiao was taken aback. Those golden-armored men were indeed Asuras ghosts, but they were more murderous and ruthless than the ones he had seen in Red Moon City. It seemed that they had made a lot of progress on the foundation of Asuras ghosts.

Especially in terms of physical strength. With a sweep of his magical spirit eyes, he could sense a powerful force that was like an iron wall coming at him.

There were not many ghost Asuras, only 49 of them.

The others might not know, but Yunxiao, Xuan Hua, and the other Warriors who had experienced the battle in Red Moon City were both frightened and delighted. These were all peak ninth-tier existences!

They were even more powerful than peak type 9 powerhouses because they were not afraid of death. They were killing machines through and through!

Yunxiao was shocked. Where did Wei Qing and his son get so many test subjects?

Wei Wuya looked down at the chaotic scene and said, "Everyone, stop! Otherwise, I'll kill you all!"

Desolate and the others had been watching him, but they didn't listen to him. On the contrary, they kept attacking him.

There were too many demons. After the two battleships were destroyed, everyone gathered on the other three battleships, which could only accommodate about a thousand people. More demons stood in the air and looked at them ferociously. If someone died, they would immediately replace him.

The human martial artists were harvested like wheat, falling in large numbers.

Si tingyu's injuries were too severe. She kept spitting out blood and her vision became blurrier. A large piece of flesh was torn off from her back by sharp claws, and blood gushed out like a fountain.

"If that's the case, then let's kill them," Wei Wuya said.

With a wave of his hand, the golden light in the sky flickered and in the blink of an eye, the forty-nine ghost Asuras disappeared and reappeared on the three warships, killing the demon race.

"Swish!"

Each of the ghost Asuras had a different weapon in their hands, and they all used their life's ultimate skills. With every move, a large number of demons were killed and directly turned into broken limbs and minced meat. Their techniques were extremely ruthless.

Yunxiao and Xuan Hua exchanged a glance, both horrified. These ghost Asuras had indeed changed from when they were in Red Moon City. They had become more fierce and tough, and even existences of the same level could kill them in a few moves.

Furthermore, many weapons only managed to scratch their skin when they struck their bodies. Their wounds were burning with golden light, and it seemed difficult to cut through.

“What?”

The leaders of the demon race immediately realized that something was wrong. The forty-nine ghost Asuras were like meat grinders, leaving behind dismembered limbs and minced meat wherever they went. Almost no one could defeat them!

They were not the only ones who were shocked. Even the humans' mouths were wide open.

Although this was Asura ghost's second appearance, this was the first time he had made such a large-scale appearance in front of everyone. Everyone was terrified. He was a complete killing machine!

Shang and the others felt their hands and feet turn cold as they watched, and quickly shouted, “Retreat!”

Thousands of elite demon soldiers immediately spread out, with the three warships as the center, thousands of feet away.

The fierce battle once again quieted down. The sky was filled with the strong smell of blood, which formed a strong contrast with the golden light on the ghost Asura's body. It stimulated people's vision and taste, and many seriously injured martial artists began to vomit violently.

In fact, there weren't many humans left. Almost all of them were dead.

Si tingyu couldn't stand steadily either. After staggering a few steps, she knelt down on the battleship and supported herself with her hands as she vomited blood.

The injuries on her body were shocking. Even her neck had been cut by a knife, which was about an inch deep. One look at it and she felt creeped out. She was afraid that she could not hold on any longer.

Wei Qing flew to her side and said in surprise, " "Master si tingyu, let me treat your injuries."

Si tingyu shook her head. Every time she moved, a large amount of blood would flow out. She probably didn't have long to live. She raised her head with difficulty and said in a trembling voice, " "Lord Wuya, what's going on with Wuya? Please tell me Yingluo."

Wei Wuya glanced at her, but there was no emotion in his eyes. He remained as calm as water. si tingyu, don't say anything. Hang in there and just watch quietly.

Amaterasu's face was also pale and filled with anger. He pointed at Asura ghost and said coldly, " "Wei Wuya, what are these things?"

"Something to save your life," Wei Wuya said.

Amaterasu,"Yingluo."

a few decades ago, Qiu Mujie captured a large number of martial artists for live research. He was regarded as evil and was chased away and hunted by all alchemists, " Xuan Hua said. I can't believe that Lord Wei Wuya, the leader of the sacred zone, has also done such a thing.

"If it weren't for me, you'd all be dead by now," Wei Wuya sneered. How can you still have the life to reason with me?"

"I hope that the power that can save my life is the power of justice, not these crooked and evil Arts," Tenshou Zi said angrily. The monsters that your son brought with him before were even worse than these!"

Wei Wuya's brows furrowed and his face darkened."Since that's the case, I'll be leaving now. You guys can continue playing with the monster race."

With a wave of his hand, the ghost Asuras immediately flew into the sky and stood behind him in an orderly manner. It was obvious that they were going to leave.

! Please don't be angry! my Lord!! Cangwu Qiong said hurriedly.

If Wei Wuya left, no one would be able to survive except for li Huachi and qu Hongyan, who were still powerful.

Wei Wuya didn't really want to leave, and he only put on an act."If I really wanted to leave, I wouldn't have shown myself. As one of the three elders of Shen du, I naturally have to be responsible for my clan and the world. I can't let some despicable people have their way."

Wei Qing stared at the sky and coldly shouted, " "Gongyang zhengqi, it's time to come out!"

...

Talismans suddenly appeared and danced in the sky. Rays of golden light flashed and then extinguished the vast sky, illuminating it like beautiful fireworks.

"True earth Sigil Kasaya"

Yunxiao had a bad feeling as he looked up at the sky.

The faces of the people of the sanctuary turned pale, as if they had realized something.

Even the thousands of demon troops quieted down and watched quietly.

However, Shang and the others did not look too good. It seemed that this battle would not end.

Yi suddenly said, " even if we can't annihilate the entire human race, it's not without any gains. At the very least, countless humans have been killed or injured in today's battle. At the very least, we've dealt them a heavy blow. I'm afraid that they won't be able to recover for hundreds of years. As for the war for fortune between the two races, there's still a long way to go."

“Is there a long time in the future?”

Shang stared coldly at Yunxiao, who had been worrying him. Perhaps, as the owner of a divine artifact, he could better sense the arrangement of fate.

Mo Dao said, “didn’t you notice that they’re not as united as you think?” Perhaps it will collapse on its own without us having to do anything.”

The true earth Sigil that filled the sky was continuously destroyed. Then, a large number of chariots and martial artists appeared. They were like heavenly soldiers and generals that rode over from the void in an awe-inspiring manner.

...

The people of the sanctuary were all dumbfounded. The marks on the chariots and the armors worn by the Warriors were undoubtedly of the sanctuary.

However, they had never seen these people before. Even Cangwu Qiong and Si tingyu were at a loss. Then, they seemed to have come to a realization, as if they finally believed Wei Qing.

“Lord Wei Wuya, I didn’t expect you to come out from the fairy’s capital.”

A faint voice rang out, and a gray-robed figure appeared in front of everyone. His face was thin, and his eyes were as calm as an ancient well. The light in his eyes flickered, as if he had experienced the vicissitudes of life.

“Gongyang zhengqi, it’s really you!” Tenzhaozi exclaimed.

Everyone’s heart turned cold. The sanctuary’s ruler and the various secretaries all looked at him in disbelief.

Nanfeng Xuan couldn't help but spit out a few mouthfuls of blood as she said sorrowfully, "Lord Zhengqi, is this really a trap you set up?"

Gongyang Zhengqi glanced at her and sighed, "Nanfeng Xuan, what are you thinking about? The war between the two clans is also the will of the heavenly Dao. I don't have such great power."

Nanfeng Xuan covered her mouth with her right hand and couldn't help but burst into tears. But if you had sealed the 100,000 true earth talismans, we would have already left and Lord Black Universe Protector would not have died.

"Life and death are determined by fate. I'm also very sad about Hei Yu's death. My condolences, everyone," Gongyang Zheng said.

"Pfft!"

Si Tingyu spat out a mouthful of blood and roared, "Gongyang Zhengqi, my condolences, your sister!"

Her voice was incomparably mournful as it streaked across the vast sky. She suddenly gathered a breath of true Qi and charged forward. She actually grabbed that hexagonal meteor dart and slashed it at Gongyang Zhengqi!

Incomparable anger turned into strength. It was the kind of anger that came from being pranked and betrayed by his companions.

"Bang!"

Gongyang Zhengqi frowned and stretched out his arm. A defensive barrier extended in front of him and blocked Si Tingyu. Si Tingyu, calm down.

"Calm your head! So many people have died, including Hei Yuhu. How are you going to face your comrades? How are you going to face the world?"

Si tingyu cried so hard that two lines of blood flowed from her eyes. "You wasted our trust in you!"

"You can't be naive on the path of the strong," Gongyang zhengqi heaved a long sigh.

"Bang!"

He pressed his hand down and the defense shook. Si tingyu spat out a mouthful of blood and all his injuries were exposed.

The six-sided meteor dart flew out of his hand like a Silent Warrior, flying toward the sky alone.

Chapter 1838

1838 Killing weapon

"Si tingyu!"

Several shrill voices cut through the sky, all of them filled with grief and indignation. There was Tian zhaozi, Cang wuqiong, and so on.

Gongyang zhengqi also frowned. A few ripples flashed in his eyes, but he quickly calmed down.

Nanfeng Xuan flew up and hugged her. She slowly landed back on the battleship and slowly lowered her back.

However, she was already lifeless. Blood from her entire body stained the ground, soaking her clothes. Nanfeng Xuan sobbed in a low voice.

"Bang!"

The six-pointed shooting star Dart fell from the sky and stabbed into the ground not far away. It lost all of its spiritual energy and became dim.

This scene, this silence, all was sad.

Yunxiao was also furious as he scolded, "Gongyang zhengqi, you old man, I didn't expect you to be so vicious!"

Gongyang zhengqi suddenly turned his head and stared at him coldly. "Li Yunxiao, you have unparalleled lunar pupils. Can't you see it? I'm not the one who killed Si Tingyu. She killed herself. As for the death of her and Hei Yuhu, I'm also very sad."

It's true that Si Tingyu died from her own destruction of meridians," Yunxiao sneered. "But it was you who made her so sad that she felt like her heart had died. You made her completely desperate."

"Hmph, since I didn't kill him, why should I be the one to blame? Moreover, with her injuries, I'm afraid that there's nothing she can do to save her."

Gongyang zhengqi shouted angrily as he casually clicked on it.

Si Tingyu's body glowed with a green light and flew into his hand. It was the Samsara wheel.

It's not up to you to decide whether she can turn the tables," Yunxiao said angrily. "You are undoubtedly the one who directly caused her death. You sealed the passage, killed the black universe protector, and forced Si Tingyu to die. Do you think you can escape the crime of killing your own kind?"

Gongyang zhengqi's expression finally changed. If this crime was confirmed, then his name would be tarnished for thousands of years. He said coldly, "I laid down the true earth sigil to trap the demon race and then dispatch an army to exterminate them. Such good intentions were slandered by you, aren't you trying to chill the hearts of the people? As for the deaths of Hei Yuhu and Si Tingyu, they were purely accidental."

"Hmph, what a good" pure accident "!"

Amaterasu was furious, but he couldn't do anything about it. He gritted his teeth and said, "Then what are you going to do now?"

Yunxiao sneered, but he did not argue.

As the saying went, the winner was King. Right now, Gongyang zhengqi and Wei Wuya were in control of the situation, so there was no point in being angry.

you speak so righteously! Wei Wuya laughed. shouldn't there be some applause? " He clapped his hands and praised.

Wei Wuya, I respect you as my senior, " Gongyang zhengqi said coldly. but I didn't expect you to hide in the dark and watch as countless of your fellow tribesmen are killed. It's truly disheartening!

"Haha, Gongyang zhengqi, are you joking?" Wei Qing laughed angrily. What you command is the power of a Saint. You should be the first in the world, but you hide and don't come out. What my father controls is his own power, and it has nothing to do with the sanctuary. He can't come out as he wishes."

Gongyang zhengqi sneered,"your own strength?" Without the large supply of resources from the Holy region, would these ghost Asuras be able to appear? As for me, I was planning to capture all the demons in one fell swoop. How could you and your father guess my thoughts?"

what a good one, " Wei Qing said coldly. since that's the case, I'll just sit here and watch you show your might.

"I will naturally deal with these demons. However, both you and your father are the rulers of the Holy region. Is it really appropriate for you to use the Holy region's resources to cultivate your own strength?" Gongyang Zheng asked curiously.

"What are you trying to do by saying all this?" Wei Qing frowned.

Gongyang zhengqi placed his hands behind his back and said slowly, "At this moment, the war between the two races is very intense. I want to conscript these ghost Asuras."

“Conscription? Haha, in your dreams!”

“Gongyang zhengqi, you’re also a cautious person. How could you say such a ridiculous thing!” Wei Qing laughed in anger.

Gongyang zhengqi said coldly, “ridiculous?” If you and your father find it laughable, then I’ll have to consider whether to resist foreign aggression and settle the internal affairs first.”

Wei Qing and his son’s expressions changed drastically as they glared at Gongyang zhengqi. Wei Wuya stared at him for a while and said, “Good, good, as expected of the person chosen by old man Meng, you really surprised us. No one would dare to mess around in the face of the war for karmic luck between the two races, yet you’re still able to calmly think of infighting. This has truly opened my eyes.”

“Of the five governing bodies in the Holy region, to be fair, apart from me, who else has ever managed the affairs of the world?” Gongyang Zheng asked curiously. Now, I will take responsibility for this world. As the Holy region’s administrative department, how can I allow such a huge number of ghost Asuras to be out of my control? Lord Wei Wuya, are you going to go against the Holy region and establish your own sect?”

On this matter, Wei Qing felt that he was in the wrong and snorted coldly, “no matter how you try to sweet talk, don’t even think about the so-called ‘conscription’. But I can guarantee that the ghost Asura will help you in this matter.

“Participate in the battle? In my eyes, the threat of these forty-nine ghost Asuras is even greater than that of these demons. If we can’t all submit, I don’t have the mood to participate in the war.”

Gongyang zhengqi’s eyes were cold. With a wave of his hand, the sky full of golden armored martial artists stepped on the chariots and flew down, surrounding Wei Qing and the others.

“Gongyang zhengqi, do you really want to fight among yourself?” Wei Wuya’s face turned cold.

Gongyang Zheng was curious. Lord Wuya, please consider the big picture. I’ll take these forty-nine ghost Asuras into my ranks for now. It won’t be too late to discuss this later.

haha, I'll temporarily take them in. F * ck off! Wei Wuya cursed, " "Since you want to die, this old man will kill you first! I've been in seclusion for decades, and it seems that the world no longer remembers my name!"

A murderous aura burst out from his body, and suddenly, dark clouds rolled in the sky. The heavens were sad and the earth was miserable, and strange phenomena appeared.

The forty-nine ghost Asuras had also devoured quite a lot of primordial stones during this period of time, and their injuries had all recovered. Their strength was at its peak.

This change caused Gongyang zhengqi and the other demon race members to be extremely shocked and fearful.

To be able to recover his strength in such a short time by devouring vitality stones, he was already a complete killing weapon and was extremely terrifying.

Gongyang zhengqi's subordinates also frowned, but it was only for a moment. Then, they became arrogant and contemptuous, as if they didn't care about these ghost Asuras.

Wei Qing looked around and said, "are these the men of sacrifice you've trained?" I've tried so hard to get even a little bit of information, but I couldn't. You've really kept it a secret."

"Did I?" "Didn't you notice the clues?" Gongyang zhengqi said indifferently. Qiu Mujie's research has opened up a new path and combined the ultimate form, corpse reincarnation technique, and blood purification to create such a killing weapon. It's truly admirable."

Wei Qing's expression changed greatly as he shouted, "shut up!" What nonsense are you spouting!"

He dared to admit to all the other evil spells, except for the reincarnation of corpses, which used the corpses of many seniors in the Holy region. If this matter was found out and confirmed, it would be a big problem.

“Hehe, it’s fine if you two don’t want to admit it.”

Gongyang zhengqi looked indifferent and said, I just can’t bear to see the killing weapons that you two have spent so much effort to create be destroyed. Even if they are evil weapons, as long as they are used correctly, they can still work for the righteous, just like the blade of judgment.

“Evil weapon?” Wei Wuya laughed coldly. Correct? Who gave you such a great authority to distinguish between good and evil? What qualifications do you have to determine the good and evil?”

“If that’s the case, then only the winner will be King,” Gongyang zhengqi said indifferently.

His eyes turned cold, and a wave of spiritual power spread out. All the Dare-to-die soldiers immediately obeyed the order and rushed over on their chariots.

...

The auras of these death Warriors were not very strong, but their strength kept increasing as they charged. Some of their bodies even underwent visible changes, and their powerful auras multiplied!

“What? What’s going on?”

Wei Qing and his son were both shocked.

Yunxiao’s heart trembled. He cast his Mystic spirit eyes and saw that the bodies of those men of sacrifice had indeed undergone a series of reactions, and he had seen these changes before!

When he was in Red Moon City, there was a man named Wen Lin who came from the Holy region. At that time, he searched his memory, but he was blocked by a seal.

After Wen Lin escaped, his body underwent a series of changes that were extremely similar to these death Warriors.

However, when the Wenlin demon transformed into an ape, these men of sacrifice didn't show any reaction on the surface.

Tian Zhaozi's body trembled as well. "Atavism of the bloodline!"

atavism?" Yunxiao was surprised. bloodline reversion?" Could Gongyang Zhengqi be able to control atavism?"

Tian Zhaozi seemed to be in disbelief and said in a trembling voice, "The secret of the bloodline, the genetic chain, could it be that he has solved all of them? This, how is this possible?"

Yunxiao immediately understood. When Wenlin transformed into an ape, he had always felt that something was wrong. It turned out that it was not an ordinary demon transformation, but a bloodline atavism.

...

"Is atavism related to breaking the genetic chain?" he asked.

Qiu Mujie had once said that the three most difficult barriers in the study of the art of the human body were the soul, the bloodline, and the genetic chain. Even a genius like Qiu Mujie was stopped before these three great barriers. He could only attain the ultimate form and could not advance any further.

Tian Zhaozi gritted his teeth and said nothing, but his face was pale as he stared at the Golden-armored death Warriors and the ghost Asura.

The path of the divine Dao had been cut off for a long time. For a hundred thousand years, in order for countless elite warriors to charge into the divine Dao, there was no lack of all kinds of geniuses, racking their brains to think of countless methods, but in the end, they could not cross that threshold.

However, in front of this Ridge, countless strange things were created. Some of them had unusually powerful powers, but at the cost of losing their consciousness and potential, they were almost equivalent to walking corpses and were called killing weapons.

These golden-armored men of sacrifice and Asura ghost were two of them, and they were extremely fierce.

When the Golden-armored death Warriors 'strength reached a level close to Asura ghost's, Wei Wuya's expression finally changed.

"Good, very good! The person recommended by old man Meng is truly amazing. Gongyang zhengqi, this old man has always been wrong about you!"

Wei Wuya's hostility continued to rise, reaching the peak, but it showed no signs of stopping. It was still rising!

The ghost Asuras nearby were all afraid of that aura and unconsciously scattered. That wooden face actually revealed fear.

Chapter 1839

1839 The three stages of the divine Dao

The monster cultivators in the distance also felt the power. They were all extremely shocked, and their faces became extremely ugly.

Especially the three from the Holy See, they were all peak stage experts. They could clearly feel Wei Wuya's power, and it made their blood boil.

Gongyang zhengqi's expression changed drastically, and he cried out, " "God Realm?"

"Huala"

No matter if it was the human race or the demon race, everyone was shocked. These two words were like a curse that affected everyone's heart.

"Hehe? The God Realm?"

“So what if you’re an immortal?” Wei Wuya sneered.

These words were extremely arrogant and domineering, almost laughing at all the heroes of ancient and modern times in the past 100000 years!

Although Gongyang zhengqi was shocked, he remained calm and said, “Lord Wuya’s joke isn’t funny at all.”

“Because whatever I tell is never a joke!”

Wei Wuya’s mouth was full of mockery. “As the Holy region’s administrative office, do you know that there is a higher level above the immortal state?”

“Void extreme divine realm!” Gu Qingqing suddenly exclaimed.

Yunxiao and the others were all taken aback and gave him a look.

Tian Zhaozi’s expression also changed, and he couldn’t help but look at Gu Qingqing. Very few people knew about the divine realm, even in the Holy region.

Gongyang zhengqi waved his hand and immediately stopped the gold-armored death warrior. He listened to him quietly.

The entire sky fell silent. This was the first time everyone had heard of such a secret, and they were all stunned.

Wei Wuya looked at Gu Qingqing with surprise in his eyes. “The end of the martial Dao isn’t the end of cultivation, but the starting point of the divine Dao. Starting from the divine Dao, there were the Three Realms of truth, sovereign patriarch, and ultimate void. Although we don’t have the rules of the ten directions and can’t truly step into the ten directions realm, we can move mountains and overturn seas with our strength and display the power that only the immortal state has. That is, after the peak of martial arts, we can break through the limit and become extraordinary and divine!”

This terrifying power struck everyone's heart, as if they were witnessing the birth of a peerless master. Their expressions were extremely complicated.

"Void extreme divine realm?"

Yunxiao also felt his blood boiling. Under the pressure of Wei Wuya's terrifying power, a voice that was eager to become stronger was shouting in his heart.

Suddenly, he smelled a faint fragrance. Qu Hongyan leaned slightly on his side, holding his arm with both hands and gazing at him affectionately.

With just a glance, they had the same idea.

On the path of the strong, they would travel together.

At the same time, Yunxiao began to worry. With The Grudge between him and Wei Qing, he was afraid that Wei Qing would not let him go easily. He had to find an opportunity to escape later.

Li Huachi and Xue Chenxi also held each other's hands tightly, and they could feel the cold sweat on each other's hands.

Wei Wuya exploded with the power of the void extreme divine realm and pressed toward Gongyang zhengqi. He sneered, "You're a frog in a well, a laughable Toad. Do you think you can run amuck in the world just because you made some killing weapons?"

Gongyang zhengqi's face was pale. The powerful force made him tremble in his heart. He didn't dare to block it and retreated.

"Wei Wuya! Amaterasu suddenly shouted, "we need to focus on the big picture! Stop fighting among ourselves!"

he's the one who started this," Wei Wuya sneered. If he can't give me a satisfactory answer, then I'll have to learn from this frog in the well. Before resisting foreign aggression, we must first stabilize our internal affairs!

Gongyang zhengqi broke out in a cold sweat. He had never dreamed that Wei Wuya would be able to reach such a terrifying realm. This was the strongest power that a martial arts cultivator could unleash. If he had known this earlier, he would not have exposed himself so early.

"I truly did not consider this matter properly. What does Lord Wuya want?"

At this time, he had no choice but to give in. Gongyang zhengqi was also flexible.

"Easy," Wei Wuya said, "just obey me and hand over the method to open the genetic chain." At the same time, as for these killing weapons, I'll kindly accept them."

Gongyang zhengqi felt a wave of dizziness. The method to open the genetic chain and the killing weapon were his greatest trump cards that he had painstakingly worked on over the years. If he were to reveal everything, he would be completely defeated and would never be able to escape from the control of Wei Wuya and his son.

don't you think that's too much, Lord Wuya?! Gongyang zhengqi protested.

"Too much?"

"Who was the one who wanted to take over my killing machine just now?" Wei Wuya sneered.

"I can give you these gold-armored death Warriors, but I can't hand over the method to open the genetic chain!" Gongyang zhengqi's face was livid.

"You still have the bargaining chips to negotiate with me?" Wei Wuya sneered. Since you don't know what's good for you, I'll have to take it myself!"

As his killing intent rose, countless rule force gathered in his palm. It spread out and locked onto Gongyang zhengqi.

Just as he was about to make his move, Wei Wuya's expression suddenly changed, and he stopped his movements. He stood in the air in a daze.

Everyone could see that someone seemed to be using secret voice-sending, causing his expression to constantly change.

Tian Zhaozi and the others were shocked. Under their divine sense, there was actually someone who could hide in the void without being detected. Other than his own strength, he must have relied on an extremely powerful profound level weapon.

Wei Wuya's expression became more and more unsightly, and he finally seemed to have made a decision.

...

The power in his body continued to fall. In an instant, he returned from the terrifying void extreme divine realm to the peak of perfection, then back to divine transcendence, and finally stopped at divine transcendence.

"I'll let you off this time."

Wei Wuya said coldly, as if he was unwilling to give up.

Gongyang zhengqi heaved a sigh of relief and hurriedly said, "Dealing with the monster race is the main business. With Lord Wuya's invincible strength, we won't have to worry about this battle."

Wei Wuya placed his hands behind his back and said coldly, "You're the Holy region's governing body. You'll fight this battle. I'll just watch from the side."

Although Gongyang zhengqi was depressed, he didn't dare to be dissatisfied. He said, "Then this one will respectfully comply."

With a wave of his hand, the Golden-armored men of sacrifice immediately turned their spearheads and spread out in a fan shape, pushing towards the demon Army.

Gongyang zhengqi glanced at the people on the battleship. They were all heavily injured, and there were only a few who could fight. He said, "Lady Tianqin, Palace head Hongyan, please help me."

Li Huachi smiled slightly. I'm injured. It's really inconvenient for me to move around. My Lord, you'd better be independent.

Xue Chenxi's body moved slightly as if she wanted to say something, but she held back.

"I feel the same way. I believe in your strength," qu Hongyan said.

...

After what happened just now, no one had a good impression of Gongyang zhengqi and was too lazy to help.

Even the division commanders of the sacred zone turned around and began to recuperate.

Gongyang zhengqi was furious, but he couldn't vent it out. He could only say, "Alright, then I'll fight first. If I can't win, I'll have to ask Lord Wuya and the others to help."

The hundreds of gold-armored warriors advanced on the chariot.

These death Warriors all had their own intelligence, and were much better than the ghost Asuras. Although their strength was not as tyrannical as the ghost Asuras, they were still extremely powerful killing weapons.

The demonic humans' attitudes had changed drastically, especially after Wei Wuya displayed the power of the void God Realm. They lost all will to fight.

Not to mention the strength of these golden armored death Warriors, even Wei Wuya and the 49 ghost Asuras were not something they could match.

"Stop, all of you!" Desolate shouted.

The gold-armored men of sacrifice would not listen to him. They all sneered and continued to move forward steadily. Everyone's face was filled with the desire and excitement to kill, without a trace of fear.

this battle is meaningless," desolate continued. let's call it a day. We can shake hands and make peace.

Gongyang zhengqi frowned and immediately stopped the Golden-armored death warrior. He said coldly,"Shake hands and make up? How many of my people have you killed? Now that you're no match for him, you want to shake hands and make up?"

"It seems you've killed more of my people, right?" desolate was enraged. Besides, you were the ones who started this!"

Gongyang zhengqi sneered. no matter what happened before, now that my clan is in control of the situation, we will win without a doubt. Why should we make peace with you? "

Although his words were cold and he seemed to want to fight to the end, he stopped the Golden-armored death warrior. In fact, he didn't want to fight.

After all, the demon Army was still there, and these golden-armored death Warriors were a force that he had painstakingly cultivated. If they really fought to the death, they would probably all be lost here.

Unless Wei Wuya's ghost Asura went up to fight, he would be happy to see it.

Desolate snorted coldly, "won without a doubt?" This was too big of a claim! Our Army is more than ten times your size, what do you have to guarantee victory? If they fought to the end and both sides were injured, what was the point? Everything can be discussed, you don't have to kill each other."

"Bah!" Wei Qing angrily laughed. Why didn't I see your brain this bright when you were killing my clansmen?"

The human warriors on the three battleships were also full of resentment. They all looked like they were going to kill each other. Obviously, they didn't want to make peace.

Chapter 1840

1840 The vast wilderness

Shang said, "that was then and this is now. There's nothing in the world that remains unchanged. It's wise to follow the trend. You were weak before, so we naturally had to take advantage of the victory and pursue you, annihilating you as much as possible. If I want to catch all of you in one fell swoop now, the price I'll have to pay will be too great, so I have to consider it. We all know about these things, so there's no need to feign ignorance."

Wei Qing sneered, "since you all understand, I'll be Frank. This matter can't be let go just like that." Even if he had to destroy this batch of killing weapons, he had to eliminate the disaster that had been plaguing him for thousands of years. Lord Gongyang, what are you waiting for?"

Gongyang zhengqi cursed in his heart. It was his own gold-armored death warrior that was charging in front, so he naturally didn't feel any heartache. However, in the face of Wei Wuya's power, he could only brace himself and shout, "Kill!"

The hundreds of golden-armored warriors drove the chariots and charged at the demon Army with killing intent.

Shang and the others were shocked and furious. Huang's eyes glinted coldly as he shouted, since you want both of you to suffer, I won't be weak. Let's fight!

The war drums were beating like thunder!

The demon Army shouted in unison. Under the impact of the drums, their blood boiled as they charged forward. In an instant, they surrounded the Golden-armored death Warriors and began to fight.

Although they had the advantage in numbers, there was still a huge difference in individual combat power. They soon fell into a life-and-death battle with great casualties.

The gold-armored men of sacrifice all seemed to have gone mad. The more they killed, the more ferocious they became. They couldn't even tell who was the demon and who was the human.

One of the men of sacrifice had his eyeball pierced by a sharp sword and came out from the back of his head. However, he still laughed wildly and pierced his head through. The moment his head was split open, he also cut his opponent into two.

Such shocking scenes continued to happen. Even the humans who were watching the battle from afar felt their blood run cold. Many of the demons in the battle had their hearts broken down.

Gu Qing Qing was frowning, and suddenly said, " if these killing weapons can be mass produced, they can deal with almost any crisis.

Yunxiao was taken aback by her words. "Mass production? Do you think you're a hen laying eggs? Although I don't know the process, it's extremely difficult to produce a killing machine. Even if we rely on the resources of the Saints, the number of golden-armored deathsworn and ghost Asuras we have should be the limit."

no! Gu Qingqing shook her head. don't underestimate the resources of the realm of heavenly martial arts.

even if there are abundant resources, " Yunxiao said, " what about the people? Where are we going to find so many martial artists who can be transformed? who would be willing to be transformed?"

Gu Qingqing was silent, and seemed to be thinking about something.

Desolate couldn't stand it anymore. He gritted his teeth and said, "The two of you, attack together with me and tear these death Warriors apart!"

At this moment, the only ones who could suppress these golden-armored death Warriors were divine transcendence and peak nine-star experts.

Shang and Bi nodded. The danger was right in front of them. At least Huang was the king of demons, so they shouldn't disobey him.

The three of them flew into the battlefield, filled with anger. They instantly tore apart three golden-armored warriors.

Among them, the church had the most damage. The bone-scale double-edged sword slashed almost every one of the men of sacrifice, causing the crowd to cheer.

Gongyang Zhengqi's face was gloomy. He looked back at the crowd and said, "Those three demons who have reached the peak of perfection are too strong. I hope that you can restrain them."

Lord Gongyang, you have always hidden your skills," Yunxiao chuckled. We are all looking forward to seeing you show your skills.

Xuan Hua said, "Right right right, very well said."

Tian Zhaozi wanted to say something but stopped. He felt that this was a little inappropriate. If all the gold-armored death Warriors were killed, then it would be troublesome.

However, it was obvious that Gongyang Zhengqi had angered the crowd. Unless they had no other choice, most people would not be willing to make a move.

Moreover, the only people who could fight against the three monster race Masters were Qu Hongyan, Li Huachi, and Wei Wuya.

Yunxiao was most likely the leader of qu Hongyan. Li Huachi and Wei Shishi's joint attack was very powerful, but they seemed to be indifferent to worldly affairs, so it would be difficult for them to make a move. Only Wei Wuya was left.

Gongyang zhengqi also understood the situation. He turned around and said, "Lord Wuya,"

"Those three peak of perfection experts are indeed troublesome. I'll lend you 18 ghost Asuras to hold them back," Wei Wuya said.

Immediately, 18 rays of light flew up from behind him. It was Asura ghost. He instantly rushed into the battlefield and attacked the three demons.

Gongyang zhengqi groaned in his heart. He originally wanted Wei Wuya to fight personally. Even if he was at the void extreme divine realm, he wouldn't be able to gain an advantage under the siege of three experts who had reached the peak of perfection. It would be best if both sides were injured.

However, he didn't do anything and only sent a few ghost Asuras to fight. However, this was better than him fighting alone.

Every six Asura ghosts would hold one of them back and release the Golden-armored warriors to continue the slaughter of the demons.

Huang and the other two were shocked. Asura ghost's killing power was even higher than the gold-armored deathsworn, and his defense was far better.

Mo Huanhuan's blade directly chopped down on the shoulder of a ghost Asura, directly cutting off more than seven inches from the shoulder to the chest, but it could not be cut off.

Asura ghost roared in anger. Not only did he not die in this state, but his combat power did not decrease at all. The five fingers of his left hand were like sharp claws as they stabbed toward Chi's face.

The other five ghost Asuras also stayed close to each other and fought in close proximity. Their fighting style was completely shocking. Their heads, teeth, and bodies were all weapons.

“Hmph, what’s the use of killing without intelligence!”

Although Yi was shocked and angry, he did not panic. With a “ bang “, he exploded into a mist of blood and fled a thousand feet away. Gu Lin waved his double blades and the chains formed a formation in front of him.

The six ghost Asuras didn’t care about this, and directly charged over.

Wei Qing’s brows furrowed. He could naturally tell how powerful the formation was, but he didn’t stop it.

“Huala”

The chains that blotted out the sky instantly formed a formation and trapped the six ghost Asuras like a spider web. No matter how they struggled, a silver talisman light trembled, but they were unable to break free.

“That’s Yingluo.”

Both Tian Zhaozi and Wei Wuya were shocked, and their eyes lit up as if they had recognized the origin of the silver rune.

“Die!” Mo shouted coldly.

The bone Jade knife slashed down and hit the wound of the ghost Asura. It cut into the chest of the ghost Asura again, and this time, it was cut in half!

“Die!”

With another shout, the bone Jade knife slashed at the other ghost Asura, directly cutting his neck. His head flew up, and blood spurted out.

This time, Wei Qing and his son were finally moved. It was not easy to get a ghost Asura, and two of them had died so easily. Both of them felt a burst of heartache.

“Stop!”

Wei Wuya let out an angry roar as he stepped onto the Dragon lock starry sky formation and slashed down with a single hand.

...

Just as the judge was about to kill the other ghost Asura, Wei Wuya appeared in the air and slammed his palm onto the blade, forcing the judge back.

The referee waved his two sabers and held them horizontally in front of him, staring at the other party vigilantly.

Wei Wuya's aura had left a lingering fear in his heart. At the same time, he felt vexed. If he had devoured the blood God bead, they might have been at the same cultivation level.

Wei Wuya shot out several streams of energy from his hands and struck the iron chain one by one, shaking off the power that bound the ghost Asura.

The four ghost Asuras immediately roared and pounced over.

“A thing without intelligence will always be a weapon,” mo sneered.

He formed a hand seal, and the chains that filled the sky condensed in front of him. They exploded and stuck to the four ghost Asuras again with a “clatter” sound. He then slashed at them with both blades.

Wei Wuya was shocked. He didn't know what this strange weapon was. Ordinary chains couldn't lock the ghost Asura so easily, and this person's existence was too dangerous for the ghost Asura.

The moment he thought of this, he had the intention to kill. Even if he couldn't kill kun, he had to destroy the bone scale blades.

“Bang!”

He stomped on the chains, causing countless silver runes to appear. Then, he grabbed at the air, and tens of thousands of rays of light gathered.

...

His aura continued to rise, directly charging into the void extreme divine realm. Then, the blade of judgment formed in his hand.

“Slash!”

With a loud shout, the vast evil Qi came down and slashed!

“BOOM!”

The entire dragonlock starry sky was engulfed by this aura, and countless streams of hostility and resentment transformed into all kinds of attacks that rushed towards mo!

Mo was shocked and hurriedly brandished his two sabers. A Dragon vaguely appeared and formed a defense in front of him!

“Bang! Bang!”

The two sabers trembled. This had never happened before.

The terrifying power of the Asura purgatory caused Yi's body to explode, and clouds of blood mist were blasted out. The chains around him fluttered continuously, resisting the terrifying power.

Wei Wuya's pupils contracted, and he shouted, "He's actually still not dead!"

He raised his blade and rushed over. The blade of judgment turned into a solid form and slashed down, wanting to take Yi's life.

Everyone was shocked by this scene.

As the terrifying power dispersed, even Asura ghost and the Golden-armored death warrior were forced to scatter.

Fear also gripped Mo's heart as a sense of death that he had never felt before began to spread.

This was the first time he had tasted such a feeling since he was born.

"Dead?"

"No!"

He roared and brought his two sabers together. The chain searched rapidly and circled around his body several times.

A Dragon Realm spread out. Not only that, the Twin blades were pushed to their limits under the power of the Chi, and ancient dragon roars came from within!

The power on the saber slowly condensed and turned into an Azure Dragon. It lay dormant in the void and roared!

"BOOM!"

The scene of the Asura purgatory that filled the sky instantly shattered. The Dragon's might was vast and mighty, shocking the vast wilderness!

Everyone in the sky trembled from the roar, as if they were trembling from the depths of their souls. They couldn't help but kneel down.

Wei Wuya was shocked. Not only had the power of the roar dispelled the blade of judgment, but it had also sent him sliding in the air for hundreds of feet before he could stop.

The saber that had materialized in his hand also seemed to be in a trance, as if it could not condense into a physical form.

"How is that possible? What kind of power was that! What exactly is the bone and scale blades made of?"

Wei Wuya was also shocked. Even with his void extreme divine realm strength, he couldn't help but tremble under that roar. He had to continuously retreat to dispel the fear.
