

## **The Eternal 1841**

### Chapter 1841

1841 10 points for acting tough

As a dragon descendant, che you knelt on the ground, his body was trembling and he was unable to recover.

Yunxiao was shocked. He patted cheyou on the shoulder, and his energy flowed through his palm and into cheyou's body, helping him dispel the horror. is it that exaggerated? "

"Supreme Overlord Supreme pressure Overlord"

Che you trembled as he raised his head, his face filled with fear, " that's the Supreme aura of the true dragon Lord! The bone-scale double-edged Taowu was forged from the true Dragon's divine body!"

His words were like thunder striking across the sky. Everyone was shaking, their faces filled with fear.

Yunxiao was equally surprised. the remains of a true dragon? " he asked. This Yingluo, how is this possible?"

However, he immediately thought of the Dragon's Tooth that was taken away by Wu Dacheng at the Dragon's Tooth villa. He was stunned for a moment before he said in a daze,"Could it be true?"

Even the first Dragon of the eastern sea didn't have such a terrifying presence.

Only the head of all creatures, born from the essence of heaven and earth's spiritual energy, and the ancient true dragon that was almost condensed by the rules, could be above the first Dragon!

Yunxiao licked his lips, his eyes shining. the remains of a true dragon? "

Yi himself was taken aback. He knew that the bone-scale daggers were the legacy treasures of the grey Demon tribe, but he had not expected them to be so powerful. He was both surprised and delighted.

He was happy that such a treasure could still have a lot of room to unleash its power. He had never known about the roar attack just now. If he wasn't facing life and death, he would never know.

He was shocked that the attack just now had also exhausted his power. The other party was an existence that surpassed him, the strongest realm that could be reached in this world-void extreme divine realm!

Thinking of this, mo hurriedly retreated and fled towards the demon Army.

They were already extremely lucky to have escaped from Wei Wuya.

Although the remaining four ghost Asuras were injured by the aftershock of the two's exchange, they did not feel anything and quickly chased after them.

Wei Wuya stood a thousand feet away and looked on coldly. His aura had also dropped back to divine transcendence.

"I knew it," Gu Qing Qing suddenly said.

Yunxiao frowned. what are you trying to say? If you have something to say, just say it. Don't be so ridiculous."

Gu Qingqing glanced at him and then at qu Hongyan. Her eyes were full of praise as she said, "Indeed a perfect match. Hongyan's looks make this lady love and hate at the same time."

Qu Hongyan smiled and bowed. "You're too kind, senior."

"Senior?"

Gu Qing Qing laughed, "you should be calling me grand-master," she said.

"I'll only acknowledge you as my Grand Master after you return yunshang's body," qu Hongyan said.

The conversation between the two shocked the people around them, and they looked at Gu Qingqing up and down. The great Grandmaster of the divine cloud Palace Master, wasn't this identity a little too scary? It was far above Amaterasu.

"Y-y-you're y-y-y-y-y-y-y-y-y-y-y-y-y-y-y-y-y-you're

Gu Qingqing smiled and said, "I don't need to look into his life." Wei Wuya's state can't be maintained for too long."

Everyone's heart trembled as they perked up their ears to listen.

Wei Qing was shocked. b \* tch, what nonsense are you talking about?! he shouted in anger.

Gu Qingqing laughed, "what? you don't allow me to say anything?" This lady is going to say it! Xu Ji was at the third level of the Supreme Dao stage. Wei Wuya was too arrogant and thought he was the first in a hundred thousand years. Both ye Nantian and I have reached this level before, but we couldn't stay for long because of the rules. Ye Nantian was powerful, but he could only hold on for six hours. Although I'm not as talented, I can still last for an hour. If I'm not wrong, this Wei Wuya can only last for the time it takes an incense stick to burn."

Hearing this, everyone was shocked, not only by the information revealed, but also by Gu Qing Qing's identity.

She had once stepped into the void divine realm and was also the Grand Master of the divine firmament Palace Master.

" what? " tenzhaozi and the others were suddenly shocked, and they seemed to have thought of a name."You're Yingluo, you're Yingluo."

no! Gu Qingqing waved her hand and interrupted, " no matter who you guess who I am, I will not admit it at this moment.

After recovering from his shock, Tian zhaozi hurriedly bowed and said, " "Greetings, senior."

All the human warriors felt strange.

Amaterasu was already at the top of the human race, and almost no one could surpass him. But now, this little girl had become his senior.

However, everyone did not dare to be rash and hurriedly followed suit.

Except for Yunxiao, beifeng Nan, and che you, all of them were extremely respectful.

Yunxiao had fought with her for a while, so he naturally did not have any respect for her. As for che you, he was still lying on the ground, frightened by the true Dragon's Roar. Even if he did, he would not pay her any attention.

Beifeng Nan's face was calm, and he had been healing his injuries. In terms of seniority, when he was dominating the world, Gu Qing Qing's 18th generation grandfather might not even have been born.

Wei Qing was also shocked, as if he had also guessed Gu Qingqing's identity, and his mouth was wide open.

Gu Qingqing laughed. actually, this Wei Wuya is already very strong. He's at the void God Realm. Even 100000 years ago, he was one of the top figures.

"If that's the case, then he's already invincible in the world. Isn't there no more progress for him?" qu Hongyan asked.

Gu Qingqing shook her head. Wei Wuya's words are wrong. Under the current rules of the heavenly Dao, there is no proof of whether the void realm can advance further. In other words, no one has ever

done it before. No one knows whether this is the end of the path. Even so, reaching the immortal level is still a lifelong pursuit because once one reaches the immortal level, it means that one's lifespan will increase greatly, and one can live for more than a thousand years."

"A mayfly over a thousand years old."

Everyone's heart warmed up. Who didn't want to live long? even the experts who had reached the peak of perfection had never heard of a lifespan that exceeded 500 years. Most of them were only over 300 years old.

To them, the meaning of living another thousand years was not to enjoy a good life, but to continue pursuing the heavenly Dao.

Gu Qingqing continued,"in addition, every step forward in the immortal state will greatly increase one's lifespan." It's said that those who reach the end of the divine path can live forever and live as long as the heavens and earth."

While everyone was still immersed in their beautiful visions, bei Xiaonan suddenly opened his eyes and said, "The end of the divine path? Hehe."

Gu Qing Qing was enjoying everyone's adoring gazes, and he laughed at her, which made her angry, "what are you laughing at, you zombie?!"

Bei Xiaonan's handsome face had returned, but Gu Qingqing had already seen the Zombie's body.

"It's nothing," said bei Xiaonan.

...

He closed his eyes again, not wanting to say anything to her.

Gu Qingqing stomped her foot in anger and kept pushing his body, not letting him go.

Beiming Nan was speechless for a while, he could only say, "there is no end to the divine path. Or rather, no one has ever reached the end of the divine path. He paused for a moment, then shook his head slightly, and said, "I wonder if that senior has reached the finish line and what the scene after the finish line is like."

Gu Qingqing was stunned and looked at him strangely. She couldn't help but size him up a few more times.

He was arrogant because he had the capital to do so, but why was this zombie even more arrogant than him?

Yunxiao gave him a thumbs-up and chuckled, "I'll give you 10 points for this act."

However, he knew that Beifeng Nan wasn't trying to be pretentious. He was just expressing his thoughts. At the same time, he was also very curious about the senior that Beifeng Nan was talking about.

Gu Qingqing said coldly, "aren't you afraid of laughing your head off?" Why don't you tell me who the senior who stepped into the end of the divine path is?"

Beiming Nan thought for a while and said, "Lord Mahaka Yapa,"

Gu Qingqing's face changed drastically, and Tenzhaozi, Yunxiao, and the others were also shocked.

It was clear that these people had all heard of ancient God Maha's name.

...

Gu Qingqing laughed. I was wondering who you would be talking about. It turns out you're using ancient God Maha to fool me. Hmph! Obviously, she didn't mind.

It seemed that Beiming Nan knew a lot about ancient God Maha, and he would ask him more about it later.

Everyone's eyes returned to the battlefield, and it seemed that Gu Qingqing was right. After Wei Wuya returned to the divine transcendence realm, he stood still and coldly looked at the referee, who was hiding behind the crowd.

The four ghost Asuras chased after them, but were stopped by a large number of demon experts. The battle was fierce.

The twelve ghost Asuras that were chasing after Shang and Huang were also in a difficult situation.

Shang immediately cast heaven's seal, suppressing the six ghost Asuras. He walked forward step by step, his hands shining with gold and silver light, and slapped the temple of one of the ghost Asuras.

The ghost Asura's body trembled and turned into two colors that flickered continuously. After a few breaths, it exploded with a "bang" and exploded into countless pieces of flesh.

The referee then walked towards the other five.

Wei Qing and the others widened their eyes. Wasn't this killing too easy?

Wei Wuya's expression also darkened.

Whether it was Yi or Shang, to possess such a large area of effect divine power was like a nightmare for the ghost Asura.

Only Desolate was fighting the six ghost Asuras head-on. He seemed to be struggling as if his strength was lacking.

"BOOM!"

Yet another ghost Asura was smashed to pieces.

Although Shang looked relaxed, maintaining the seal of the heavens and using the ghost-shattering Shura technique was a huge test for him, who was already injured.

Yunxiao could even see that his physical strength was rapidly declining, and his injuries were worsening.

Wei Qing couldn't stand it anymore and shouted, "All of you, kill this person first!"

The remaining ghost Shura immediately followed the order and charged at Shang.

Wei Qing also seemed to have noticed something. The sky-sealing seal had to be maintained at an extremely powerful level. With so many ghost Asuras charging at it, it was impossible to withstand it.

As expected, Shang's expression changed. He could not care less about killing the other four. He immediately put away the sky-sealing seal and escaped into the Army like Yi.

Desolate had been fighting six Asuras, so when he saw the two of them run away, he turned around and ran away.

Chapter 1842-the heavenly Dao is not up to man

Asura ghost and the Golden-armored death warrior finally met up and charged towards the demon Army. The battle became extremely fierce, almost like a massacre.

Shang's condition seemed to have worsened, "Retreat. This battle is meaningless."

"Leave?"

Desolate sneered and said, "This entire area is being suppressed by the true earth Sigil, how can we leave?"

leave some high-level martial artists to cover the retreat, ” the referee said. let the Army retreat in batches. I don’t believe they’ll keep chasing us.

’m the Emperor of demons of this generation, ” Huang said slowly with a cold tone. I’ll lead this battle and create a Golden Age for the demons. Anyone who dares to take a step back will be killed without mercy!

The referee was shocked. Not only him, but the referee, CI, and the others also frowned, feeling a little surprised.

The other party’s killing machine was so powerful that even if they had the advantage in numbers, they would still be using their lives to fight. In the end, both sides would suffer.

Moreover, there were more and more experts on the other side, and the void extreme divine realm couldn’t resist.

Mo’s face darkened, ”Huang, are you crazy?” If you want to fight, then fight. I’m going to leave with my subordinates.”

Desolate turned around, looking at him coldly. ”I am the Emperor of all demons. Do you really want to disobey my order?”

”The Emperor of ten thousand demons?” mo sneered. Tsk, tsk, so impressive, did you self-proclaim it?”

Shang’s heart skipped a beat, as if he had a bad feeling. He clenched his five fingers in the air, and a ball of light gradually condensed under his palm. Desolate’s host beast, the southern Dipper Purple Deer, was faintly visible within.

”Desolate, I don’t care what you’re thinking, but don’t forget this thing!” Shang said coldly. He exerted some force with his fingers and a force bound the deer, causing it to wail in pain.

Lord Huang, ” CI also said in a deep voice, ” this concerns the fate of our clan. We must not have any internal strife now.

“Hmph, don’t have any internal strife?”

Desolate’s eyes were cold. high priest, why don’t you tell the two traitors?!

Shang had a bad feeling and frowned. Even bi clenched his daggers and stared at them warily.

Suddenly, with a deafening sound, desolate burst through the air and pounced forward, his five fingers forming a claw as he clawed at Shang!

Cl was shocked, knowing that Shang’s condition was terrible and might not be able to take Huang’s attack. He rushed forward.

Suddenly, a figure flickered, and the saber Light fell directly in front of him, blocking him. “High priest, if you want to fight, let me be your opponent,” Zhe said coldly.

Cl’s face turned ugly. He was not in the mood to fight as he watched Huang grab Shang.

Shang was taken aback as well. He did not expect the beast to suddenly attack him. In a fit of anger, he clenched his fist. The southern Dipper purple elk let out a blood-curdling screech as its huge body was dragged out of the imprisonment space and thrown over.

“Bang!”

Desolate smirked. He turned his claw into a fist and smashed the deer into pieces!

“Ah?”

A few people exclaimed at the same time. Their eyes suddenly widened, as if they couldn’t believe it.

Desolate didn't stop after crushing the deer with his fist. Instead, he continued to attack.

"BOOM!"

After a moment of shock, Shang came back to his senses and hurriedly punched out as well. He coughed out a mouthful of blood and was pushed back hundreds of feet.

This sudden attack also affected the battle and even attracted the attention of all the human martial artists.

"They seem to have started fighting?" Xuan Hua said in surprise.

where there are people, there will be martial arts," Yunxiao said slowly. even within the demon race, they are not as united as we are. Just like us humans, there are all kinds of people.

He glanced at Gongyang zhengqi and Wei Qing, intentionally or unintentionally. The two of them felt his gaze and snorted heavily with a gloomy face.

In the monster clan, Mo Jing said,"desolate, your host is a Suan ni!"

"Hahaha!"

Huang laughed wildly. His cold eyes swept across Shang, Ci, and the others. the violet Rain beast of the southern Dipper was indeed my host beast. I have been heavily guarding it to prevent it from being captured. But what you traitors don't know is that as long as our heavenly demon clan's power reaches the peak, we can sever our fate and sign a new contract with the beast of our master!"

Ci's expression changed greatly, and he said in shock,"sever fate, sign a new monastic robe."

The other people's expressions also changed drastically.

Zhe Jing said, "Your Majesty, you just said you passed the peak of perfection Kasaya."

Yuan and the others were startled. They looked at Desolate in fear, feeling cold.

Desolate's eyes glowed with a never-before-seen domineering and arrogant attitude. High priest, do you still believe in the heavenly Dao's choice you've made?"

A violent energy gushed out from Desolate's body, surging like a tsunami and forcing the others to step back.

In just a breath, the aura quieted down, and the pressure dissipated.

However, even though it was only for a moment, Shang and the others' faces had already turned as ugly as a pig's liver. Even Cl's face was ashen.

The power at that moment was the same as Wei Wuya's, the void extreme divine realm!

In the distance, Yunxiao and the others were also dumbfounded, and Wei Wuya's face paled with horror. His eyes flickered with a gloomy light, and no one knew what he was thinking.

Huang walked toward the temple and said coldly, "As the high priest of our tribe, you betrayed us. You deserve to die ten thousand times!"

Zhe was shocked and hurriedly stood in front of Cl, saying, "Your Majesty, please give the high priest another chance!"

Huang slapped Zhe away and said, "I've already given him a chance. Tsk, do you think that your cultivation is so high that you can see the heavenly Dao? The so-called choice is just a one-sided choice of fate. When you gave up the last chance I gave you, you were already doomed. Go to hell and repent, my former high priest!"

Cl Zi stood rooted to the ground, his face full of shock and disbelief. Countless questions appeared in his mind.

However, he didn't have much time to think. Desolate appeared beside him, grabbed his head, broke it, and threw it into the sky!

“Chi Chi!”

...

Blood gushed out like a fountain, shooting several Zhang high.

Shang and the others wanted to save him, but it was too late. Cl's headless body fell backward.

”

The judge roared and activated the armillary sphere to its maximum. The dual-axis force turned into a blade and slashed down!

Hmph, what transcendent-grade profound level weapon? what calamity fiend true body? too weak, too weak!

Desolate laughed loudly. His strength was pushed to the peak as he grabbed the two axes and tore them apart!

“Bang!”

The huge force bounced back, causing Shang to spit out a mouthful of blood, his body's functions dropping rapidly.

“Even if you’ve reincarnated for ten thousand years, if you want to hide from my throne, you’ll have to wait for your next life!”

Huang’s eyes were filled with killing intent. He rushed forward and slammed his palm down on Shang’s head!

“Don’t!”

...

Li screamed and rushed up. He had almost burned all of his energy to stab the dagger at Desolate’s vital parts.

“Hmph, foolish!”

Desolate changed his palm and smacked Li away as if he was smacking a fly. Li’s blood spilled in the air.

Then, he seemed to have changed his mind. He did not want to take Shang’s life directly. Instead, he stepped forward and kicked Shang’s chest, shattering his bones, bones, and meridians.

Yi spat out a mouthful of blood. Many of his internal organs were broken. His aura dropped to the lowest point and he fell from the sky with Li.

Huang looked at the two of them falling and said, “Zhe, keep an eye on the two of them and send them to the death row.”

Shang still had the armillary sphere with him, and before he could figure out the secret of this Saint item, Shang’s life was still of great use to him.

This change immediately caused a huge commotion. Under the slaughter of the killing weapons, the number of casualties among the demons rapidly increased.

However, Huang didn't seem to mind. He looked at Yuan and said coldly, "Mr. Jin."

Mo's expression changed several times and he immediately bowed. "Greetings, Your Majesty!"

"Haha, you're a smart man, Mr. Nie. However, this is also your last chance. If you can't grasp it, I can only express my regret." Desolate said coldly.

Mo's forehead was covered in sweat as he hurriedly said, "Don't worry, Your Majesty. I'll definitely be loyal."

Desolate's eyes were cold, but he became enthusiastic as he complimented, "I'm very pleased that you have such an idea, Mr. Ke. It's a great fortune for us."

Yi forced a smile, both of them knew what the other was thinking.

"My ancestor seemed to have obtained something before he was suppressed in the five Cloud Mountain," Huang said, deep in thought.

"Things? What's that?"

Mo's heart trembled, but his face was still filled with confusion.

"The Buddhist Demon Sacred art!" Huang said word by word.

what?! Yi's face was filled with shock as he cried out involuntarily, "my race's most powerful Divine Art, the Buddhist Demon Sacred art?!"

Huang stared at his face and said, "it's this Saint Art!" Back then, the Buddhist demon clan used this to rule over our clan for tens of thousands of years, creating the most prosperous era in the history of the demon clan."

the fan Yao clan has been extinct for countless years, ” mo hurriedly said. I’ve only heard of the fan Yao sacred art. My ancestor has never obtained it.

“Oh, you mean you’re useless now?” Huang said slowly.

“Let me think. Oh right, I remember now!” Mo’s heart trembled. He smacked his head and said excitedly, ” “The ancestor’s notes did mention this item. There seems to be a clue. It’s a pity that the ancestor’s notes were destroyed, so I can’t remember it clearly. I have to think about it slowly, and I should be able to recall it. ”

if that’s the case, ” Huang sneered, ” Mr. Nie, you can try to recall it. I hope you can remember it after today’s battle.

“I will, I will!”

Mo hurriedly replied, but his heart was filled with all sorts of thoughts.

today’s battle concerns the fate of our two races, ” said Huang. I hope you can do your best. How’s your rest? ”

Ten thousand alpacas ran through Yi’s heart. He showed a difficult expression and said, ” “My injuries are still severe, but I’ve recovered a little. I’ll fight to the death for my race.”

Under desolate’s gaze, Yuan charged into the battle and attacked Asura GUI as if it was going to throw away its life.

Desolate looked satisfied. He rushed forward and shouted, ”Hold on for this Emperor, those who retreat will die! The past of brave warriors will not be investigated!”

Chapter 1843

1843 Accept my bow

There were still some of Shang and Bi's subordinates, so Huang's shout dispelled many people's concerns.

In particular, the eight monster race members were all terrified. Those who had surrendered to them had already been thrown into the ground and become prisoners.

When they heard that they could fight bravely, they became even more courageous in killing.

Wei Wuya's face darkened as he looked at the crowd. "Palace Master Hongyan, Martial Emperor Tianqin, Lord Gongyang, it's time for you to make your move."

"As long as we work together and stall the demon sovereign, we will definitely win," Gongyang Zheng said curiously.

Qu Hongyan's beautiful eyes flickered and she chuckled, "I'm sorry, it's hard for Bengong to be United with Daren."

Li Huachi also said, "I can work with Palace Master Hongyan, but I really can't work with the Lords of the Holy region. It's better for the Lords to play by themselves. We'll just watch.

"The two of you are renowned experts of our clan," Wei Wuya retorted angrily, "yet you're acting so recklessly. Aren't you afraid of being ridiculed by the world?"

"If you're not afraid, what are we afraid of?" Li Huachi said. "Hurry up and fight. After you're done, release the seals on the sky. I still want to go to the ends of the earth with Chenxi."

The two of them held each other's hands even tighter and smiled at each other. It was a warm and sweet smile.

Wei Wuya almost vomited blood in anger. He looked at Qu Hongyan, and Qu Hongyan quickly said, "Shenxiao Palace is about to open its Mountain Gate. The sect is busy and has no time for other things. Lord Wuya, please do as you please and don't call me again."

The ten great martial emperors and the seven great sects were not forces that the Holy region could mobilize at will. Previously, it was for the sake of the two races' righteousness, and everyone had a responsibility to do so. Now that Gongyang zhengqi and the others were acting in such an unsightly manner, everyone had long lost their patience. If not for the fact that the world was sealed, they would have left long ago.

if you don't care about this, then I won't care about this mess either! Wei Wuya said angrily. the demons can do whatever they want!

"As long as you're happy," li Huachi said with a smile.

Wei Wuya was so angry that he turned around to leave.

"Are you really going to stand by and do nothing?" Gongyang Zheng asked, stunned.

"I'm no longer the governing body of the sacred zone," Wei Wuya said coldly. This world belongs to the people of the world, not just me. "

"Lord Wei Qing is from the governing division," Gongyang zhengqi said with an unsightly expression.

"I won't be the governing division," Wei Qing said indifferently.

"You coward!"

"Why didn't you say this earlier?!" Gongyang zhengqi said angrily.

"I forgot. It's not too late to say it now," Wei Qing said.

All the leaders of the Holy region's divisions looked sad. They didn't expect that the administrative division would look like this.

Hei Yuhu was dead, Si Tingyu was dead, and Cangwu Qiong was recuperating in silence. This was the state of the remaining two.

“Everyone, stop fooling around!”

“No matter who it is, just give this old man some face!” Tenshou Zi shouted. At this moment, if we are defeated, the monster race will rise on the heavenly martial continent and conquer the land. It will be difficult to destroy them then! No matter what thoughts or selfish motives you have, if you retreat now, how can you face the countless heroes who have died in this battle? how can you face your own heart of martial arts?”

Everyone looked at Si Tingyu’s body, which was lying quietly under Nan Fengxuan, with a face full of unwillingness and eyes wide open. The pain lingered on for a long time.

Wei Wuya, Gongyang Zhengqi, Palace Master Hongyan, Martial Emperor Tianqin, and Palace Master Chen Xi are all left with their peak combat strength. Please accept the challenge!

” thank you! Tenshou Zi sighed and bowed deeply to the few of them.

Everyone’s expression changed drastically. Even Wei Wuya did not dare to say that he was worthy of the bow. The rest of the people hurried forward and several forces held up Tian Zhaozi, not allowing him to bow.

Li Huachi said solemnly, ‘how can I not fight if you have such a heart?’ However, this is the last time I’ll hear from the Holy region. From now on, we’ll have nothing to do with each other, and the Holy region can forget about making me do anything.”

“Thank you, Martial Emperor Tian Qin,” Tenshou Zi said with a trembling voice as he cupped his fists.

Qu Hongyan gave Yunxiao a look. After getting an affirmative answer, she said, ” “Since it’s Lord Amaterasu who has stepped in, I dare not disobey. However, from now on, the divine cloud Palace will no longer have any contact with the Holy region. Let’s go our separate ways.”

Tengzhaozi's heart felt like it was being cut by a knife. The sanctum's strength and unity were slowly crumbling, but who could he blame? The fact that these few people were willing to help was already giving him a lot of face.

"Thank you, Palace Master Hongyan."

"Your Excellency is also dedicated to the affairs of our clan. Hongyan is really ashamed, this should be part of my duty."

Qu Hongyan also held back Tenshou Zi, not daring to accept his bow.

Tian zhaozi then turned around and said, "Lord Gongyang!"

Gongyang zhengqi was shocked. He hurriedly cupped his hands and bowed, "Your Excellency, please don't treat me badly. As the Holy region's Executive Office, it is Gongyang zhengqi's duty to do his best for the power of our tribe. He will naturally do his best!"

"Just do your best," Tenshou nodded. Finally, he turned to Wei Wuya and said, "old ghost Wuya, Qianqian."

Wei Wuya interrupted him, "There's no need to say anything more. These things should be done by us. Although this old man has some small thoughts, I can still distinguish between what is important and what is not. Just now, he was just angry and said some words in a fit of anger. I'll deal with the Emperor of ten thousand demons. You guys think of a way to deal with the rest."

"Then Chenxi and I will continue to deal with that Pale Demon," Li Huachi said.

Yi's strength had been greatly reduced, and he was no longer a match for the two of them.

"Leave the demon advisor Zhe to me," Gongyang Zheng said curiously.

these three are the leaders of the demons," tenzhaozi said. if we can kill them, the momentum of the Army will collapse, and we can win without a fight.

"You've taken all the powerful ones, so I'll try my best to pick the more difficult ones to kill," qu Hongyan said.

"No matter how tough the bone is, it can't withstand a single strike from Palace Master Hongyan," Gongyang zhengqi laughed.

"Why do I feel so awkward when you say that?" qu Hongyan said indifferently.

Gongyang zhengqi was asking for a snub. He grunted and turned around to ignore her.

Tenshou Zi was afraid of another conflict and quickly said, "Let's fight our own battles."

With a few flashes of light, the few of them rushed into the battle.

Although the killing machines were besieged by ten times the number of people, the attribute of fighting to the death made them unusually strong, and they did not retreat a single step from the beginning to the end.

After Wei Wuya and the others rushed into the battle and lured away desolate and the other powerful cultivators, the number of casualties on the weapons decreased rapidly.

...

In particular, qu Hongyan was wandering among the Army, killing the powerful demons to reduce the burden of killing weapons.

Desolate's face darkened. He was almost enraged. A peak expert was hiding like a killer. It was too terrifying.

He couldn't be bothered to chase after Wei Wuya, so he turned around and ran toward Qu Hongyan.

"Heh, this old master is here, and you still want to leave?"

Wei Wuya chuckled and stepped in front of him with his arms wide open.

"Die!"

Huang was furious. He increased his power to the void divine realm and threw a punch.

Wei Wuya was slightly shocked, but he didn't dare to be careless. He also exploded with the power of the void extreme divine realm and slammed down with both hands!

"BOOM!"

The terrifying power spread out like waves. They were the two strongest people in the world. The impact of the extreme power shocked everyone.

"I'm afraid you can't even maintain the void tier for half the time I can, right?"

...

Wei Wuya immediately noticed this and was overjoyed. He drew in another breath of zhenqi and charged forward.

At this moment, Desolate had recovered to its peak state, and it seemed that the void divine realm could only last for a moment.

He stared at Wei Wuya's movements and formed another seal before his eyes.

Desolate adopted a strange posture. He put one hand in front and the other behind. A black hole seemed to appear between his palms. It was pitch-black and bottomless. He was stunned when he looked at it. It seemed like it would never end.

Yunxiao had been paying attention to the battle, and when he saw the black hole, his heart trembled as if something was wrong.

An ordinary black hole was nothing more than a passage that opened up after the sky shattered. He had long since gotten used to it, but the one in desolate's palm had a kind of intimidating power, and it was filled with a demonic and ancient aura.

“What's with that black hole?”

Symbols sparkled around desolate's arms and palms as if they were continuously sending energy to keep the black hole from disappearing.

“BOOM!”

die! Wei Wuya's hands had already formed a seal.

In his eyes, the power of the void God Realm was enough to crush everything in the lower realm!

“Boom boom boom!”

Desolate's qi and blood were rolling in his body. He felt suffocated, and blood trickled down the corner of his mouth.

However, his body did not take a single step back!

“What?”

All the cultivators who were paying attention to the battle between the two were shocked, revealing incredulous expressions.

Their thoughts were the same as Wei Wuya's. The power of the void extreme divine realm was enough to destroy the power of the peak of perfection, but it was blocked by Huang.

how did he do it?!

Xuan Hua was also greatly shocked and looked on in horror.

Under Yunxiao's gaze, he saw the black hole in Huang's palm was constantly devouring Wei Wuya's power, and a lot of the vast power of the void realm was being devoured, and more and more were being devoured.

"W-what's going on?"

Amaterasu had also noticed this, and he was so shocked that he couldn't speak.

Normally, a black hole of this size would be destroyed by a powerful attack. However, this black hole was so special.

the black hole that devours power shall devour this Suan ni.

Yunxiao was stunned as well. He was a little dazed, and he seemed to have thought of something.

you ... How is this possible?! Wei Wuya exclaimed.

"Hehe, why not?"

I'm sure you've all heard my conversation with Shang, the traitor," Huang sneered. after I reached the void God Realm, I cut off my connection with my original host and found a new one. Aren't you all curious about my new host?"

Everyone was shocked, as if they had thought of something.

The host of the heavenly Demon tribe could share power and divine abilities with the heavenly demon main body.

who is your host?! Wei Wuya asked in shock.

There didn't seem to be any existence in this world that could swallow void extreme divine realm power by force!

Chapter 1844-power of the host

Although Huang's face was ashen and his forehead was covered in sweat, he couldn't help but laugh wildly. haha, you don't have to know about this. You'll be a muddled ghost in hell later!

Wei Wuya's expression changed several times. If even his void extreme divine realm attack couldn't kill him, he was in big trouble.

He hurriedly lowered his cultivation level and returned to peak of perfection. Then, he removed the seal and left.

"You want to escape? You must be dreaming!"

Huang sneered, instantly increasing his power to the void divine realm. He took back his palm and punched out with both fists.

Wei Wuya's cultivation had just dropped, so he couldn't switch instantly. He could only grit his teeth and take the blow.

“Bang!”

Desolate’s fists shattered his hand seals, and the power of one of his fists penetrated his chest and exploded!

“Pfft!”

Wei Wuya felt as if his internal organs were being stirred by a Whirlpool, and he spat out a few mouthfuls of blood before falling to the ground.

how did this happen?!

This sudden change immediately caused Tenshou Zi and the others to turn pale with fright.

Desolate’s momentum dropped sharply after the strike, but he was only exhausted. Wei Wuya, on the other hand, had been severely injured.

“Hahaha! Can you still break into the void extreme God Realm after your extraordinary meridians are injured?”

Huang laughed wildly as he charged at Wei Wuya, wanting to kill him!

Wei Qing was shocked. He took a deep breath and rushed down.

Wei Wuya raised his hand behind him and shouted, “No need!” His face was extremely gloomy, and he drew a circle in front of him with his hands. A cyclone rotated around his arms, and the spiritual Qi within a radius of several thousand feet seemed to be instantly sucked dry by that move.

It was as if a blazing sun had been condensed in Wei Wuya’s hands, and it shot out beams of light!

Yunxiao’s heart trembled as well. “A divine skill!”

Everyone was extremely nervous as they watched with wide eyes, not minding the blazing sun's glare.

"Splendid sunlight!"

Wei Wuya roared as he unleashed the blazing sun wheel in his hands!

The blazing sun was like a chariot in the sky, rumbling with Thunder as it flew across the sky.

"What?"

Huang was shocked. He immediately sensed the unusualness of the move. He clenched his fist and retracted the move. At the same time, he retreated.

However, the glorious sunlight was too powerful. It directly sealed the void and compressed all the power into one point, making it impossible to avoid.

In his shock, Huang quickly formed a seal with his hands and held it in front of him.

The circle turned pitch-black, like a huge mouth, rapidly devouring the power of the sunlight.

"What? It's here again!"

Everyone was shocked as they looked at the black hole in horror. It seemed to be able to swallow everything.

However, desolate's face was also in great pain. It seemed that the sacrifice of energy to maintain this move was great. His face was twisted, and his eyes were filled with anger.

"BOOM!"

When the sunlight was almost gone, desolate couldn't hold it any longer. He clapped his palms together to disperse the black hole. Then, he pushed his palms out. Two huge palm prints formed in the void, dispersing the remaining power.

Desolate's huge body seemed to have shriveled up, and blood was flowing from the corner of his mouth.

"What's that host's item?" Amaterasu asked in shock. From the looks of it, the agreement hasn't been fully formed yet, and the demon Emperor is clearly under the control of that item!"

"Under the control of Qianqian."

Everybody was shocked. When signing a contract, the weaker party would always be restricted by the stronger party. In other words, the host was even stronger than desolate!

Yunxiao's heart stirred, and he immediately thought of the eastern sea Shi long. But, he immediately dismissed the thought, as it was obviously impossible.

After Wei Wuya used the glorious sunlight, his aura dropped rapidly and he could no longer fight.

"Father," Wei Qing stepped forward and said with concern.

The father and son turned around and flew back to the battleship. They could do their best to fight, but they could not risk their lives.

Huang didn't chase after her. After the discomfort disappeared from his body, he rushed into the battle and attacked qu Hongyan.

no! Yunxiao cried out. not good! Desolate's power is very strange. I'm afraid that Hongyan can't deal with him."

Gu Qingqing said, "being too concerned will make you confused. With qu Hongyan's power, she should be able to deal with it." The demon Emperor's greatest reliance is the host's beast. This lady is also very curious, and I have some thoughts in my mind. I wonder if I've guessed correctly."

what do you think? " Yunxiao asked in surprise. what do you think it is? "

Gu Qingqing smiled and said, " "It's just a guess. I don't think so. If it's that thing, then it's really hehe."

Everyone had a bad feeling, because although Gu Qing Qing was smiling, it was a forced smile, and her pretty face became ugly, with cold sweat dripping down.

Obviously, the possibility of that "hehe" was very high.

"Senior, please ..." Tenshou Zi could not help but say.

don't ask, " Gu Qingqing interrupted him. tell everyone to get ready. If the demon Emperor summons the host, run at once!

"Summoning host?"

" what? " Tenshou Zi was shocked. can the host also be summoned? "

Yunxiao was also surprised and worried. He kept his eyes fixed on qu Hongyan, fearing that she would be hurt.

...

Gu Qingqing said, 'there is a strong connection between the heavenly demon clan and the host. They can tear space apart and protect each other. Even if the demon Emperor's power was not as strong as the host's, as long as the demon Emperor died, the host would also be injured. The demon Emperor is an extremely intelligent person. He must have used the short moment when he entered the void God Realm to sign a contract with that thing."

“Tear space?”

“This place is sealed by the hundred thousand true earth seal,” Wei Wuya said, “I’m afraid it’ll be extremely difficult to tear a passage here.”

Gu Qing Qing looked at him and smiled bitterly, “If it’s that thing, then even the ten million true earth seal would be useless.”

Everyone sucked in a breath of cold air. Wei Wuya clearly didn’t believe him. “Senior, don’t be an alarmist. In today’s world, I’m afraid that there’s no one who can tear apart the ten million true earth seal!”

Gu Qingqing snorted, “each generation is worse than the last.” This lady doesn’t want to say too much and just quietly watch. I just hope it’s not that thing.”

His words made everyone’s heart, which had finally been comforted, become heavy again. They all silently adjusted their breathing and recovered, waiting for the worst.

After Qu Hongyan was held back by Huang, the two armies were equally matched.

In reality, it was still the killing machines that were constantly being reduced. However, be it Asura ghost or the Golden-armored death warrior, they were both forcefully holding on and were not willing to take a step back. Only then did it look like they were evenly matched.

But, the casualties of the demons were also astonishing. After Yunxiao and Beiming Nan used the cool and dazzling thousand-year ancient spinning yo-yo, nearly two thousand demons were killed or injured, leaving the Army with only about five thousand people, many of whom were injured.

Desolate’s face turned even uglier. Although more than half of his killing weapons had been lost, they were just weapons in his eyes, while his dead clansmen were living.

...

Furthermore, if this situation continued, it would probably take another 2000 people to annihilate these killing machines.

When he thought about how the church's 3000-strong Army out of his 10000-strong Army would only have 2000 to 3000 men left, he felt a chill and a sense of madness.

Such a high number of casualties had probably never appeared in the history of the demon race in the past hundred thousand years.

Moreover, even if they were to destroy these weapons, there were still experts like Wei Wuya and Amaterasu. If they were to kill these people, would these two to three thousand people still be able to survive?

The more Huang thought about it, the more upset he became. His movements suddenly became impatient. Qu Hongyan seized the opportunity and stabbed seven times. It was as if there were seven of them. The sword momentum was connected with each other and overwhelmingly came down.

"Woof! Whoosh!"

Blood kept coming out of desolate's body. Although he had avoided the attack, he was in a disadvantageous position. He couldn't Dodge the attacks.

"I'm furious! You're going too far!"

As the Emperor of ten thousand demons, he was dodged left and right by a human woman, and more and more wounds appeared on his body. He couldn't help but roar in anger.

"Ha, bullying? Then I'll bully you to the end!"

Qu Hongyan's smile was like a spring breeze in this bloody killing field. It gave people a sense of beauty, worthy of being called a beauty that could cause the downfall of a city.

Desolate's anger was reduced by her smile, and he calmed down.

"You're very strong and beautiful. I didn't expect that there would be such a peerless beauty in the human race."

Qu Hongyan was stunned for a moment. She did not expect the other party to praise her. She smiled and said, "Demon King, you're too kind. As long as you don't blame me for sending you to heaven, I'm fine."

"Hmph, send me to heaven? There's no longer such an expert in this world."

Even though desolate was dodging in a rather sorry state, he still had a confident expression on his face.

Qu Hongyan was a little surprised. The confidence of the other party seemed to be genuine and not fake. She became cautious all of a sudden and the sword in her hand continued to speed up, pressing closer and closer.

"Woof! Whoosh!"

Blood gushed out of desolate's body. No matter how beautiful the other was, he couldn't hold back his anger anymore. beauty, I'll give you a chance. Surrender to me and become the Queen of all demons. I can spare your life and take you to the peak of the world!

Qu Hongyan blushed and said, "Damn hooligan! You want to marry bengong, are you worthy?"

"Haha, if I'm not worthy, then no one else in this world is!"

Huang laughed out loud as a stern look flashed through his eyes. His entire being became strange. He did not Dodge the continuous sword attacks. Instead, he stood up abruptly and reached out to grab them.

“Bang!”

The broad hand grabbed the purple firmament sword and suppressed the sword momentum.

“Void extreme God Realm!”

Qu Hongyan’s pupils shrank, but she was not too worried. She chuckled and said, “Lord Demon Emperor is really risking his life. Every time he tries to break through to this realm, the backlash to his body must be extremely great, right? You’ve really worked hard.”

“Hmph!”

“Do you think I’m trying to suppress your sword force?” Huang shouted with a deep voice and sneered.

Qu Hongyan’s heart skipped a beat as if she had a bad feeling. She pulled out her sword and tried to recall the purple firmament sword, only to find that Huang’s hand was like an iron block, not moving at all.

All of a sudden, an extremely strong energy emerged from desolate’s palm, sucking The Purple Cloud sword as if it wanted to swallow it!

“That power again!”

People in the distance had been watching the battle. At this moment, a terrifying demonic Qi emerged from desolate’s body, which was completely different from before. It was as if another powerful being had arrived!

Chapter 1845-endless darkness

“Not good!”

Yunxiao cried out in surprise as he teleported up and appeared in front of desolate. “If you have the guts, then stand there and don’t let go!”

The Tusita heavenly peak flew up from his palm and smashed down!

Huang's pupils shrunk. He had seen how Tusita peak had injured Shang, and even Shang did not dare to take the attack head-on. He was not happy about it, but he did not want to take the risk. "Retreat!"

He loosened his five fingers and then slapped the sword with his palm, shaking Qu Hongyan away.

ten thousand swords! Yunxiao shouted. one!

He suppressed the injuries in his body and made a hand seal with one hand. In an instant, thousands of sword Qi were formed. The heavenly Sword picture opened up in the sky and illuminated the earth.

Qu Hongyan was shocked and immediately understood.

The purple firmament sword released a sword radiance that evolved into a realm. It rose from the earth and reflected the thousands of swords in the sky.

Gu Qing Qing was shocked, her eyes widened, and she cried out, "heaven and earth dual sword formation, evolve into million sword illustration!"

Back then, the two of them studied the million sword illustration and were immersed in it for a long time. However, it was impossible for them to perform the complete sword illustration on their own. Therefore, they tried their best to split the sword illustration into the heaven and earth double sword formation and integrated all the changes into it. Each of them learned half of it and joined forces to form the complete sword illustration.

The thirty-six Northern heaven cold star swords were like chess pieces, fixed in the sky. They flashed and then disappeared.

The purple firmament sword glowed with a pearly light and shot out 70 sword lights, which transformed into a Sword World. 72 streams of evil Qi soared in the sky, contrasting with the heavenly stars.

The two peerless divine swords acted as the eye of the formation, one bright and the other bright. They evolved into thousands of sword wills, as if the world was rotating.

At this moment, all the swords lost their color and were like scrap metal.

Che you's two true dragon Swords shrieked as if they wanted to fight but were unable to do so. Che you was afraid of affecting the million sword illustration, so he quickly kept the true dragon Sword.

damn it, What Is This Feeling?!

Desolate was shocked and furious. Under the ten thousand swords, he felt a great threat. The host power in his body was surging. He had to summon it before the ten thousand swords came down. Otherwise, everything would be in vain.

How could Yunxiao not see this? he performed a sword incantation gesture with both hands, and the entire Sword World seemed to come to a standstill.

The Zixiao sword changed its form and slashed down from the sky. Qu Hongyan shouted, "A single spirit can transform into ten thousand swords!"

Yunxiao spun in the air and shouted, "Ten thousand swords return to one!"

Countless sword lights danced in the air. Those sword essences were like a floating ocean of flowers. They fluttered and became faster and faster until they finally turned into a rapid rain.

It was as if there was nothing left in the world except for the countless sword essences. In the end, they merged into one, and the sword slashed down the entire world!

A sword aura, without any form, rumbled out and crushed everything!

"BOOM!"

The sword aura landed on desolate's body. He cried out, but his body didn't shatter. Instead, he kept absorbing the sword intent as if he was going to suck in the entire world!

Even if the sword aura was as vast as the ocean, it could never fill the void.

"BOOM!"

A loud sound came from within desolate's body, and then golden light appeared in the sky. The hundred thousand true soil seal flickered, and outside the million sword illustration was a world of runes that was abnormally beautiful.

Everyone was shocked. The hundred thousand seals were all activated to the extreme. Clearly, something was about to break in!

"Boom boom boom!"

The 100,000 talismans in the sky exploded like firecrackers, and the entire sky collapsed. It was as if heaven and earth had been turned upside down, and everything fell into darkness!

Gu Qingqing was shocked, "not good, it really is that thing!" Hurry up and run!"

With a single breath, she was also stunned. The entire world had turned pitch black, and the space had been completely shattered. There was no North, South, East, or West, and she had no idea how to escape.

Yunxiao and Qu Hongyan's sword strikes seemed to be suddenly hindered, filling the black hole and then exploding!

"Bang!"

Desolate's chest exploded, and he was sent flying hundreds of meters away with a scream. He was covered in blood, and he fell to the ground after losing his balance.

"Your Majesty!"

Some high-level monsters screamed and flew toward desolate.

At this moment, the world had changed and everything had fallen into endless darkness. All the battles had stopped, and all of them had lost their color in shock and confusion.

After the attack, Yunxiao and Qu Hongyan's primordial energy was greatly reduced.

Yunxiao's old injuries had relapsed, and he could not help but vomit blood.

Qu Hongyan hurriedly took out a few pills and handed them over.

"I do," Yunxiao shook his head and said. "I do. He grabbed a large number of natural treasures and ate them."

However, it was impossible for him to recover in a short period of time just by eating this. Otherwise, he would have recovered long ago. He just wanted to calm Qu Hongyan's heart.

Qu Hongyan might not have seen through him, so she just smiled and said, "You're still so arrogant and stubborn."

"Now is not the time to talk about this," Yunxiao said. "We're in trouble now. What's going on with this black shadow? Why does it give me a familiar feeling?"

Qu Hongyan looked around and said, "What a strong demonic Qi. This power seems to be even stronger than the demonic Qi. Could it be some ferocious beast that has survived from ancient times?"

Suddenly, Yunxiao had an idea and cried out, " "Heavens! It's actually this!"

Qu Hongyan's words reminded him of the true spirit that he had seen in the demon land that could devour the void and even himself-none!

It was the only true spirit that had survived the myriad spirit era and had been drifting in the realm of heavenly martial arts for countless years!

"The true spirit Kasaya is actually a true spirit void!"

Che you was also surprised. He knew more than Yunxiao, so his face turned uglier.

...

Back in the demon land, because Wu's body was too huge, he could not see Wu's face clearly. It was the same at this moment. This endless dark space was not somewhere else, but Wu's figure!

Gu Qing Qing looked at che you in surprise, she didn't expect anyone to recognize this true spirit. She smiled bitterly, this is bad. We might have already been swallowed by Wu.

"What? Swallowed?"

Everyone was shocked, including Amaterasu. we've been at the same spot the entire time. It doesn't feel like we've been devoured. It's just that the surrounding space has changed after it shattered.

Qu Hongyan frowned, obviously not having heard of the word 'Wu'.

Yunxiao explained briefly, and then told him in detail what he had seen in demon land.

"Devouring yourself?" qu Hongyan was stunned.

Yunxiao nodded and said, "that's right. This true spirit can swallow anything. When I saw it in the demon land, it was eating itself, and then it disappeared after eating. I didn't expect that desolate would sign a host contract with it!

"No wonder Huang's move could even swallow void extreme divine realm power and million sword illustration," qu Hongyan said.

Yunxiao looked around. Desolate had disappeared after he was sent flying and the endless darkness appeared.

"Let's go back to the battleship first and see what other people can do."

...

The two of them flew back to the warship. Li Huachi and Xue Chenxi also flew back.

The two races were stunned by this. Even though it was desolate who had caused this, the demon race was panicking when he disappeared.

Mo's face was dark. He was looking for a chance to kill desolate. If he couldn't, he would escape.

He couldn't control his subordinates anymore. He would return for revenge after obtaining the Buddhist Demon Sacred art, but he didn't know how to escape with the scene in front of him.

On the battleship, Gu Qing Qing said to Amaterasu, "I don't know much either, but I feel very strange right now. The possibility of being devoured is very high."

"If Wutun really did it, I'm afraid he'll never be able to get out," che you said. Unless you have an extremely long lifespan, you might be able to leave on your own in the future."

"Hmph, Hmph, hehe."

A series of snorting and mumbling sounds rang out in the darkness, filled with ridicule and ridicule.

Mo was shocked. The voice belonged to Huang and it seemed to be full of energy. It didn't seem to be injured.

His divine sense had never left desolate, and he had just seen him get wounded in the chest by Yunxiao and Yunxiao. He was already very lucky to be alive, so how could he hear such a vigorous sound?

Al Hui's eyes were slightly gloomy. His deified soul swept across a thousand feet and seemed to have sensed something.

what the hell are you laughing at? " Yunxiao shouted. come out if you have the guts!

Although he was shouting, he was much calmer than before. Desolate was here, so the possibility of him being devoured was low.

"Come out? I'll naturally come out, and I'm going to catch all of you in one fell swoop!"

The endless darkness seemed to surge like water, and everyone could feel it.

Yunxiao said in surprise, " "The darkness is shrinking!"

"Shrink? What's going on?" The rest of the people asked in surprise.

Yunxiao shook his head and said, " I can only see the darkness shrinking. I don't know what it means. Let's just watch quietly.

"Tsk, tsk, you've really worn out your iron shoes in a long search, but you found it without any effort."

Suddenly, an unfamiliar voice rang out in the darkness. Everyone frowned as if they had never heard it before.

Only Yunxiao's face changed drastically in surprise. He was very familiar with the voice, but he did not know why it was here!

"Who is it? Who is it?"

Desolate's voice arose, his voice stern and shocked. He couldn't believe that someone was still hiding.

hehe, who I am is not important. What is important is that you can actually tame Wu. This Lord is really surprised.

I was just here to beat Yunxiao up, " the voice said jokingly. I didn't expect to watch such a wonderful fight and find news about Wu. The heavens are really kind to us. Tsk, tsk.

As the voice fell, a touch of red appeared in the endless darkness. Then, it slowly opened, revealing an eye. It was as red as blood, and it looked down at the earth with a strange gaze!

"?! Moon pupil!"

Many experts who had seen Yunxiao's moon eyes cried out in surprise and fixed their eyes on him.

Yunxiao's face was as cold as ice, and his eyes were filled with coldness and killing intent.

In front of the huge eyes in the darkness, two figures slowly appeared. It was a woman wearing a light yellow dress with a blue sea image embroidered on it. The hem of her dress fluttered without the wind, making her look graceful.

The man had a Golden dagger-axe placed on his shoulder, his hands resting lazily on his shoulders. He looked at the crowd with a mocking expression, and finally, his eyes fell on Yunxiao. trash, I didn't expect to meet you again so soon.

## Chapter 1846-looking after the World

Qu Hongyan was furious that someone called Gu Feiyang trash. She couldn't bear it. But after seeing the faces of the two people, she was shocked and said, "Murong Zhu, Ning keyue!"

She also recognized the two of them.

Ning keyue nodded slightly as a form of greeting. She said, "Palace mistress Hongyan, I didn't expect to see you again in my lifetime."

"What's wrong with you guys?" qu Hongyan asked in surprise.

Yunxiao whispered in his ear, "ning keyue was possessed by the ancestor of the moon eye. Brother Murong died twenty years ago. The brother Murong I see now is a real pity.

"Sinkhole, tiansi?"

Qu Hongyan was a little surprised. It was the first time they had heard of it, but seeing Yunxiao's pale face, she did not ask further.

"Who are you?" desolate's voice came. A human's body, yet filled with demonic Qi, coming all the way here to die?"

Tian si laughed, "the mystical powers of the demon race are truly interesting. To be able to form a contract with Wu Ding, you can consider yourself extremely lucky. In the past tens of thousands of years, although you're not the first person to have come into contact with Wu Ding, there are only a few of them.

Desolate kept silent while the darkness was still shrinking.

Many people had discovered that the darkness was not endless, but it was so huge that they could not see the end. At this moment, it was like a huge black cloud that was beginning to collapse.

In the center of the shrinking area, the darkness became deeper and deeper. Desolate's tall and sturdy body emerged.

However, his entire body had turned dark, and his eyes slowly opened. They were as bright as stars, and there was a strange pattern between his brows that emitted a shocking power.

The pattern was like a swallow fish, and it seemed to be alive and moving.

Everyone felt an extremely strong sense of oppression coming from the front, as if the person in front of them was not the Emperor of ten thousand demons, but the true spirit that had passed through thousands of years!

Tian Si's eyes lit up and she praised, " amazing! Truly amazing! To think that you can merge nothingness into your own body so perfectly!

The human warriors were all shocked. it's not in his body? "

Even the members of the monster race were shocked, especially cruel. His heart turned cold. With such a powerful existence, how could he turn the tables?

Huang raised his head and looked at ning keyue and Tian si. He said coldly, "Knowing this, you still dare to show yourself. Are you stupid, stupid, or stupid?"

Tian si laughed. demon sovereign, please don't get angry yet. How do you know that we're enemies? we might even be friends.

"Oh?"

"Why can't I think of anything? when did I have friends like you?" Huang said coldly.

"I didn't in the past, but perhaps I am now." We need a little help from the adults. Of course, we won't be doing this for free."

"Oh," desolate said,"you want to help. If it's really a 'small' favor, like you two are short of a few vitality stones or a few low-grade profound armaments, I'm still very kind and I like to help people."

"Hehe, Milord must be joking."

"To be exact, we need to borrow the power of the true spirit void. If your Excellency is willing to help, we are willing to help you kill all the humans except li Yunxiao."

A cold light flashed in his eyes, and all the human martial artists 'expressions changed drastically. They were shocked, angry, and on guard.

Desolate arched his brows as if he didn't care."What if I don't want to?"

The killing intent in Tian Si's eyes immediately dissipated, and was replaced by a faint smile. haha! Then, we can only help the human race to kill all of you!

Desolate furrowed his brows, his face angry. He sneered,"Have the two of you considered yourselves?"

"Of course I've thought about it," Tian si chuckled.

"If you want to trade with me, we'll have to see if you two are qualified!" Huang snorted.

As soon as he finished speaking, his right arm trembled and he raised it. His five fingers clenched into a fist, and the vacuum was directly shattered under the pressure!

A Black Vortex appeared on the tip of the fist, as if it was the Milky Way.

The pattern on desolate's forehead kept flickering, which was breathtaking. He shouted, "If you can take one punch from me, I'll grant you the right to negotiate!"

"Straight cut fist!"

"BOOM!"

The void shattered as if layers of void space had been shattered. A large number of dark fragments scattered and the heavens and earth fell into boundless chaos!

The power of one punch was so strong!

Ning keyue and Tian si were the first to bear the brunt of the attack. Tian Si's face was solemn as he took off the spear and held it in one hand.

"I'll do it."

Ning keyue stopped him and grabbed him. A ball of golden light stretched out in her palm and turned into a scepter. Time was like a song, and it was placed in front of her.

"These past few years should be a good time and good scenery in name. Even if there are thousands of amorous feelings, who can I talk to?"

The Song of Time turned into spots of golden light and disappeared in his hand. They scattered on ning keyue's body as if they were blown by the wind, turning into a golden battle suit.

A round Blood Moon rose in the sky, shining on the golden light, making it seem a little dim.

Ning keyue stared at the mighty punch, slowly raised her sword, and cut it down. She said, "illumination!"

Under the golden light, a pair of eyes appeared in the blood Moon. It was as if it had returned to the human world after sleeping for hundreds of millions of years!

“BOOM!”

When the golden light struck the fist, it was as if two worlds were intertwining and eroding each other. In the end, the golden light seemed to weaken and was devoured by the black light. The golden light tore through the sky and dyed the vast sky Black!

However, ning keyue and Tian si had already disappeared. They only reappeared after the black Qi had dispersed.

Desolate’s face changed slightly. He was extremely shocked. He had thought that he would be invincible after he had merged with the true spirit void. However, he didn’t know where these two mysterious people had come from. They had the power to resist him.

Although his opponent’s sword had been shattered by the fist force, he could tell that his opponent had not used his full strength, or perhaps he did not want to have an intense conflict with him.

In fact, his guess was half right and half wrong. Ning keyue had used all her strength in that strike, but she was not integrated with the ultimate enough to use all the power of the ultimate.

...

Ning keyue said, “how is it?” Does your Excellency demon Emperor think that we are qualified to negotiate?”

“Hmph!”

Desolate snorted, deliberately disdainful. “It’s so-so. But to be able to survive a punch from me, you’re quite impressive. Speak, how do you want me to help you?”

Ning keyue stared at him and said, " "We want to Enter the Void."

"Void space?"

"Are you looking for death?" Huang was shocked. Even I can't control the void. At the same time, I don't understand it at all. Since ancient times, nothing that has been devoured by void has ever survived."

Ning keyue said, 'you don't have to worry about that, Demon King. As long as Your Excellency agrees to let us Enter the Void once, I'll help Your Excellency eliminate these humans today. Of course, li Yunxiao is an exception."

"Why is he an exception?" asked desolate, his brows furrowed.

"This man is still useful," ning keyue said.

It was just a few simple words, and he didn't need to explain too much. If he was useful, then he was worth living.

Yunxiao's heart burned with anger as he watched his two closest friends, one having his body taken away and the other having his mind taken away, completely turning into passers-by or even enemies.

...

Qu Hongyan felt his emotional fluctuation and gently squeezed his hand.

Yunxiao immediately felt a cold breath flowing in his palm, and his mind calmed down. When he turned to look, his eyes were filled with honey.

Qu Hongyan returned the smile, which was like a Hundred Flowers blooming, and said, " "If life was like the first time we met, why would the autumn wind be sad? The heart of an old man changes easily,"

it's over, " Yunxiao continued. the words of Xiao Mountain are over, and the rain of tears is no longer resentful. It's better to be lucky with a man in a brocade robe and compare our wings to a branch's wish."

The two of them looked at each other and smiled. They felt that the sky was high and the clouds were far away. They had completely forgotten about this scene, as if there was no one else around.

"So, this kid is your sweetheart. We can't spare his life!" Desolate glared at him and shouted.

Yunxiao was angry, but not angry. He said in amusement, " "Do you think you're awesome just because you stuffed a true spirit into your body? The demon race has more than 10000 elites, and it would be very lucky if 100 of them could return. Why don't you run away with your tail between your legs? why are you still bragging to some strangers?"

"Die!" Huang was furious.

The dark figure flashed and almost teleported over, its thick palm slamming toward Yunxiao's head, trying to blow it off.

The two of them were prepared. They stabbed both swords at desolate's eyes.

No matter how strong an existence was, unless it was from the eye race, the eyes would always be a weakness.

After merging with the No-descendant, desolate's body was emitting a powerful energy. It would be hard to break through the protective true Yuan in a short time. The two of them had the same thought, and they both went for desolate's eyeball.

Huang was shocked. He felt a coldness in his eyes, and he almost lost his sight. He quickly pulled back his hands and grabbed the two swords.

"Bang! Bang!"

His wide arms caught the sword, but he didn't press it against his palm. Instead, he used his true essence to hold it, making the two unable to move.

"You're awesome!"

With a sneer, Yunxiao performed an incantation gesture, and several lotus flowers flew over from the sword.

Sensing the danger, desolate turned his wrist and pushed away the red sword death before smacking down on the Lotus flowers!

"Boom boom boom!"

The ice fiend Heart Flame exploded, its impact burning everything. Although it couldn't hurt desolate's body, it still hurt his hand, which made him withdraw it in fear.

Qu Hongyan also waited for an opportunity to strike with her sword to shake off his left hand, and then both of them retreated with Yunxiao.

Huang was furious. Not only had his confidence of being invincible after merging with Wu Hou been damaged, but he had also been ridiculed and teased in front of qu Hongyan. It made his eyes burn with anger.

"Lord Demon Emperor."

Ning keyue suddenly called out from behind him. Her voice was extremely cold. I just said that this person is still useful.

Huang stopped as he felt the threat behind him. If he chased Yunxiao, he was afraid that the latter would attack immediately.

Thinking back to the blow that he had not used all his strength in, this woman's strength was probably not far from his. If they fought now, he would be at a great disadvantage.

However, Huang didn't give in. He shouted angrily, I can't kill you just because you said so? Who Do You Think You Are?!

Chapter 1847

1847 Earthly venerable

Ning keyue said indifferently, "I'm just a weak woman. I'm not that old." But if I can't do what I want to do, I'll make the other party not that old."

Huang was furious at the blatant threat, but he could only force a laugh after weighing the pros and cons. "Haha, you have character! Alright, for your sake, I'll let him live for a few more days!"

The weight of these two people was too heavy. If they sided with the human race, the demon race would probably be completely annihilated today.

Even if the two of them wanted to pee on his head, he could only endure it.

you're indeed wise, " ning keyue said. I think you'll make a wise decision too.

alright, " Huang said. I agree!

Ning keyue wasn't very happy, as if all of this was natural. She just said indifferently, " that's good. As long as you make an oath, we'll support you in annihilating these people.

"What? Swear!"

"I'm a man of my words!" Desolate shouted angrily, "why do I need to swear?" Don't you even believe my words?"

“Yes, I don’t believe you,” ning keyue looked at him and nodded.

Huang, ”hehe.”

“Good, good, good!”

Huang said ‘good’ three times in a row. He was furious, but he couldn’t do anything. He raised his hand and swore. His eyes were burning with rage and his face was purple-black.

Ning keyue was satisfied. master, don’t worry. Do it. With us as your backup, these people will die for sure.

“What?” Huang was furious. Backing? Aren’t you guys going to make a move as well?”

“If the demons are no match for us, the two of us will make our move to ensure that these humans are wiped out,” Tian si replied with a smile.

Desolate Qi was furious. These two people didn’t want to do anything at all. They only came out to threaten him at this critical moment to get a big bargain.

As long as the two of them didn’t cause any trouble, he didn’t need anyone’s help with his current strength.

please don’t be angry, my Lord, ” ning keyue said. I was just judging the situation. Times have changed.

“Good, you two are good!”

The desolation Qi was not light, but even if it was a pile of dung, he had to endure it and swallow it. He would settle the score after autumn!

kill, kill, kill!!

He furiously commanded the Army and roared, " kill them all! Kill them all!

The demon Army's morale immediately soared. More than 5000 of them spread out like locusts, surrounding all the killing weapons. The rest of them rushed towards the three warships.

Desolate flashed and appeared on the battleship. A domineering force spread out instantly. The people who were healing on the battleship were shocked, and they scattered immediately!

"BOOM!"

The battleship was already damaged, and now, it couldn't even withstand his aura and exploded.

The violent explosive force swept up some of the people who were slow to escape, and they were instantly crushed into pieces.

"Haha, die!"

Desolate laughed wildly, releasing all of his pent-up anger. He threw a punch at the fleeing Warriors, and darkness descended as if the sky had opened its bloody mouth and swallowed everyone.

After the darkness disappeared, those people also disappeared without a trace, completely gone.

"Ah?"

The people on the other two warships were all shocked. This was too terrifying, right?

Wei Qing's face suddenly changed, and he flew off the warship. He grabbed Meng Bai and said, " Let's go!"

He couldn't stay in this place for long. Not to mention the ruins of end and tiansi, even desolate was invulnerable and almost invincible.

Wei Wuya was even more shocked. He had cultivated for many years and finally reached the void God Realm. He thought he was invincible, but he found that it was just a dream.

However, he still stopped Wei Qing and said, "It's not over yet."

"What? father still has a backup plan?" Wei Qing was stunned.

"It's Gongyang zhengqi who has a backup plan," Wei Wuya shook his head.

Wei Qing's face was filled with shock as he looked at Gongyang zhengqi in disbelief. He could not believe that Gongyang zhengqi still had any tricks up his sleeve at this point in time.

am I right, Lord Gongyang?" Wei Wuya looked at him and said, "or should I say, Lord earthly venerable?"

Gongyang zhengqi's pupils contracted, and the aura on his body changed, as if he had become a different person.

Many people frowned, but they all turned around when they heard Wei Wuya's words.

Yunxiao's heart trembled as he cried out, "what? Gongyang zhengqi is an earth expert?! He suddenly turned around.

Not far away, Xue Chenxi's body was also trembling slightly. Although her expression was a little ugly, it was as calm as water, as if she had known that this would happen, and there were no waves.

Yunxiao immediately understood why Xue Chenxi had appeared here and had the method to unseal the five Cloud Mountain. It turned out that the administrative department of the Holy region was the mysterious earthly venerable from a secluded sect!

If that was the case, he was shocked and spread his divine sense into the sky, as if he had sensed something.

Before, when Wei Wuya wanted to deal with Gongyang zhengqi, it seemed like someone had transmitted a message to him and stopped.

The only person who could make Wei Wuya feel fear and stand up for Gongyang zhengqi was probably Wufu from the earth Alliance.

Almost everyone thought that he was the leader of the earth Alliance, but they did not know why he was inferior to Gongyang zhengqi.

Desolate had killed an entire ship of martial artists with a single punch. Just as he was about to teleport away, his body suddenly froze as he felt an extremely powerful might tearing through the air and crushing everything!

“Woof! Whoosh!”

The space around desolate cracked as if countless wind blades were tearing his body. Tiny cuts appeared on his domineering body.

...

His heart was filled with shock, and he suddenly felt as if there was always someone better than him.

He had broken through to the void immortal realm and didn't merge with his true spirit. He should have been able to sweep the world, but he was stopped time and time again. Although he wasn't afraid of the enemy, his state of mind was hindered.

no matter who you are, I'm invincible as long as my true spirit is alive!

Suddenly, desolate became more confident. The symbol between his eyebrows glowed, and endless darkness gushed out from his body. He crossed his fists and punched out!

“Cross shape destruction!”

The two vast fist forces collided with each other, making a thunderous sound.

Then, a cross was torn out of the darkness to meet the domineering punch that was like a meteor!

“BOOM!”

The entire sky split open, and the cross directly tore a thousand miles apart. A huge ravine appeared in the sky as if it was going to swallow the entire world!

A gold light dot glistened in the ditch, falling like a shooting star. It was a human figure, who appeared in front of desolate in just a blink. great illusion fist!

The previous attack did not cause him to retreat. Instead, it aroused his fighting spirit. The light from his entire body was like a golden-armored God of War as he charged forward.

...

the tyrant martial sovereign, ao changkong!

Huang immediately understood who this person was. He was the only person in the world who had such a powerful battle form and such a fierce aura!

“So what if he was once the number one in the world? That was just a distant past. The sky now is no longer up to you to do as you please!”

Desolate’s body had disappeared into the darkness. Perhaps, the endless night was his body.

“The elephant is invisible, it can destroy the heavens and earth!”

“BOOM!”

The darkness was boundless, while the Golden fist was like a spear piercing into the night sky, about to tear it apart!

Everyone hurriedly fled in panic. Not far away, only the fearless killing weapons were still entangled with the demons. Many of them were caught up in the aftermath and turned into ashes, disappearing directly.

“So strong!”

Shocked, Qu Hongyan waved the purple firmament sword and created a sword energy that covered Yunxiao and herself.

Suddenly, a green light flashed down and merged with the sword intent defense. He laughed and scolded, “You only care about your little lover and don’t even care about the Grand ancestral master!”

Gu Qingqing hid behind the sword and heaved a sigh of relief. Her eyes were filled with excitement as she said, “Who is this man? What a powerful force! I like it!”

Qu Hongyan spat shyly and said, “this man is the most powerful man in this world, the tyrant sky martial sovereign, ao changkong, with the immortal golden body.

the strongest?!

Gu Qing Qing’s eyes lit up, and she praised, “ tsk tsk, imperishable golden body. It’s indeed a body of great accomplishment. There might be hope now.

“A phenomenal-success physical body?”

Yunxiao was taken aback as he looked at the golden light in the darkness. Ao changkong's face was solemn, and he could not tear the darkness apart for a long time.

"Even the world's most powerful person is here," he said indifferently. "If we still can't be saved, then we're really dead."

"Aiya, you jinx, quickly look!"

Gu Qingqing shouted.

Ao changkong's light was gradually swallowed by the darkness. Eventually, he was completely trapped in it. With a "boom" sound, the fist force was shattered, and the Golden color was completely dispersed. The dark color swallowed the sky and the earth, as if it was day and night!

Yunxiao's mouth was wide open in shock as he said in a daze, "It can't be?"

They weren't the only ones who were shocked. All the human warriors were dumbstruck.

Ao changkong's appearance was not only a reinforcement in terms of strength, but also a dose of cardiac stimulant. At this moment, everyone's heart was like dead ashes, and the darkness had directly pervaded their hearts.

However, a moment later, a golden light flashed in the corner of the sky.

Ao changkong's figure emerged. His skin was covered with all kinds of golden runes, which seemed to have a life of their own.

Ning keyue also frowned and said, "a tenth level upper-class sacred body. This man is so strong."

Tian Si was surprised. a first-rate saintly being was not rare back then, especially those true spirits. Almost all of them had a saintly being. It's just that it's very rare to be able to cultivate to such a level in today's world.

Ning keyue said, " it's not just rare. I know the environment of this sky very well. It's almost impossible to achieve a saintly being. I don't know how he did it.

"Then, can we kill this person?" Tian si asked.

Ning keyue said,"it's easier to defeat him than to kill him." Although the demon sovereign has fused nothingness into his body, the power of nothingness he can exert is still very limited. The situation is very similar to mine. Maybe we really have to take action."

The two of them looked over. After Huang's attack, the darkness dispersed. Not only did ao changkong appear, but a large number of Warriors also appeared one by one. They were all from the earth Alliance.

Even Jue Tianhan, whom Yunxiao knew, was among them.

The entire Earth Alliance was led by the AO family, Dragon Tooth villa, and thousand leaves Island, along with dozens or even hundreds of small sects.

"Greetings, Lord Earthling!"

Three to four hundred people shouted in unison and looked respectfully at Gongyang zhengqi. His clone no longer had any doubts!

Chapter 1848-one more time

Gongyang zhengqi had released the seal of the five Cloud Mountain. He had wanted the two races to fight to the death, especially when the forces of the other factions in the Holy region had been worn down. He would then rely on the Golden-armored death Warriors and the power of the earth Alliance to clean up the mess, destroy the demon race, and rebuild the Holy region.

But Man proposes, God disposes. First, the demon race's power was unexpectedly strong, and the war dragged on for a long time. As a result, the Holy region's various divisions had no choice but to participate.

The fall of the secretaries was not something he wanted to see. After all, these people were the backbone of the Holy region. What he wanted was to control an absolute and complete Holy region. If everyone died, what was the point of coming here?

The appearance of Wei Wuya and the ghost Asura was like a huge rock falling into a Lake, completely disrupting his plans. Whether it was Wei Wuya's void extreme divine realm power or the ghost Asura's killing weapon, they were all out of his control and were almost devoured by Wei Wuya.

At this moment, ao changkong had appeared and intimidated Wei Wuya. The situation was still going according to plan, but the changes on desolate and the appearance of ning keyue and Tian si had caused everything to go out of control.

Gongyang zhengqi's status as a chess player fell to a chess piece in the game. He had no way of knowing what the next step would be. Now that his identity as an earth expert was revealed, he had already revealed all the power he had in his hands. If he still couldn't control the situation, he would be completely defeated.

"Can Lord changkong suppress the demon sovereign?" Gongyang Zheng asked curiously.

"Haha, suppress me?" Huang laughed wildly. Gongyang zhengqi, when I expose your dantian and cripple your cultivation, you can still make a living by telling jokes in your next life."

Gongyang zhengqi was so angry that he almost vomited blood. He glared at him and then at ao changkong.

Not only him, everyone was waiting for an answer. If it didn't work, there was no need to fight this battle.

Ao changkong's eyes were full of light. His voice was vigorous and powerful as he said, "I'll try my best. I can at least stall them for an hour."

Although this answer didn't boost their morale, it did make their eyes light up. As long as they could stop desolate, the rest would be easy.

how arrogant! I'll make you disappear in half an hour!

Huang was furious, but he didn't dare to underestimate his opponent. After all, his opponent was rumored to be the strongest human. He wasn't confident that he could defeat him in half an incense stick of time.

However, he could not afford to lose his morale at this moment. He appeared beside ao changkong in a flash and launched a punch. "My two friends, it's time for you to act!" He shouted at the same time.

Ao changkong didn't take it head-on. He had only used his full strength to test how strong his opponent was. Now, he basically had an idea in his heart. As long as he controlled his strength well and didn't fight head-on, he was very confident that he could delay his opponent for an hour.

After he made up his mind, he flew backward and controlled the distance between them to deal with desolate.

Gongyang zhengqi appeared in front of ning keyue and Tian si in an instant. A red spear appeared in his hand. It was covered in a layer of blood light and blocked the two.

"You?"

Tian si sneered as she took out her dagger-axe and pointed it at him.

"Tianhan, Chenxi, master Tianqin, and Palace Master Hongyan, I'll have to trouble the four of you," Gongyang Zheng said curiously.

Without another word, Jue Tianhan flew down and stood behind Gongyang zhengqi. He took out a thick and wide saber that was emitting cold air.

Xue Chenxi's eyes were filled with complicated emotions.

Li Huachi didn't want to put her in a difficult position, so he smiled and said, " let's go. We must do our best in this battle. Life and death will depend on this one move.

Xue Chenxi hummed softly and said, " after this battle, I'll put aside everything in thousand leaves Island and follow you to the ends of the earth.

I've been waiting for so many years, " li Huachi said with a smile. I don't mind this moment.

The two of them walked up hand in hand and landed beside Gongyang zhengqi, blocking ning Kewei and tiansi.

Yunxiao said, " guixu's sword strike just now was extremely powerful. I'm afraid they might not be able to withstand it. Hongyan, you go and help them.

Qu Hongyan said worriedly,"there's a disturbance in the demon Army."

we'll try our best to stall them, " Yunxiao said. don't worry.

After a long time, they had recovered a lot of strength. With the killing weapons in front of them and hundreds of experts from the earth Alliance, they could at least hold on for a while.

The only ones he needed to worry about were mo Hezhe, but the two had been fighting for a long time, and their vitality had been greatly damaged.

Qu Hongyan hesitated for a moment before she flew over and landed beside Gongyang zhengqi. The five masters surrounded the two of them. The somber atmosphere seemed to have become quiet.

Tian si suddenly called out,"Milord!"

Ning keyue interrupted him, " I understand. Don't say anything. Just stand there quietly. At least we've stalled five experts. The rest will be up to the demons themselves."

"Are the two of you not planning to fight?" Gongyang zhengqi frowned.

Ning keyue smiled and said, 'the five of you came together. I'm afraid you've estimated that you can suppress the two of us, right? Since that was the case, why not restrict each other and save the trouble of fighting. Furthermore, I can see that the other three don't have much origin power. Are you that confident? It's better to take this opportunity to rest."

She was referring to qu Hongyan, li Huachi, and Xue Chenxi. The three of them had been fighting for a long time and were much weaker than Gongyang zhengqi and Jue Tianhan at their peak.

Gongyang zhengqi pondered for a moment and said, " "Alright, then the five of us will waste time with the two of you. Palace Master Hong Yan, master Tian Qin, quickly recover your elemental energy. I'll protect the three of you."

Although qu Hongyan and the other two felt that it was a little strange, it was beneficial to them and did not harm them, so they did not bother to say more. The three of them had the same thoughts and directly formed hand seals in the air to regulate their breathing and recover.

They could tell that ning keyue and ningxin didn't really want to fight. They were probably worried that they would be trapped in a battle. After all, they weren't really on the same side as the demon clan. They were just using each other. There was no need for them to really fight.

At this moment, there were less than 100 people left in the killing machine, but they were still stubbornly resisting the demon Army and did not retreat even half a step.

The Warriors of the earth Alliance didn't know what was going on, but they were touched by their courage. Their blood boiled, and they roared as they rushed into the battle.

Yunxiao returned to beiming Nan's side and said, " "How is it?"

Beiming Nan, who had been adjusting his breath at the same place and didn't pay any attention to the outside world, finally opened his eyes and said, "You want to do it again?"

The people in the surroundings were all shocked, and their faces were filled with fear. They naturally understood what it meant to do it again.

I still have thirty percent of my strength left," Yunxiao chuckled. if I use all my strength, it won't be a problem to open the Thunder World again.

"But the amount of seven illusions green Gu in my body is far less than 30%, not even 10%. It'll take me at least several years to recover." Beiming Nan shook his head.

so long?" Yunxiao frowned. what?"

"The five major poisons of extinction are harmful to the harmony of heaven and earth, so it's not easy to get them," said beimang Nan.

Meng Bai, who was beside Wei Qing, was also listening attentively to their conversation.

Yunxiao suddenly turned around and looked at him, which gave him a fright. He felt an inexplicable nervousness and could not help but take a few steps back.

Wei Qing suddenly stood in front of him and stared at Yunxiao coldly, his eyes full of hostility.

...

"Hmph!"

Yunxiao snorted heavily, and the corners of his mouth curled up in mockery and killing intent. Wei Qing naturally understood, so he snorted in response.

Obviously, he had erased Meng Bai's memory, so Yunxiao was not in a hurry to acknowledge him.

Moreover, the strength that Meng Bai had displayed at this moment was extraordinary, especially the combined attack of the strange water and the Vermilion poison. Even if he had been by Meng Bai's side for all these years, he might not have been able to train such strength.

Although Wei Qing was out of place with him and was involved in all kinds of old grudges, Yunxiao had to admit Wei Qing's unparalleled talent.

"If I had the eight charm Vermillion saliva of a first-rate Holy physique to stimulate me, the secretion of the seven Illusion Green pomegranate would be much easier. Unfortunately, this young man is still too weak," said Beimang Nan.

by the time he has a first-rate Holy body," Yunxiao said with a smile, "you'll have recovered a hundred times!

"I'll try my best, but I'm afraid the power this time won't be as strong as before," said Beimang Nan.

Yunxiao's eyes lit up as he said, 'ten percent is enough to make them suffer! It's also good to lower the power so that we won't attract heavenly lightning again, and neither of us can withstand it!"

"En!"

The two of them immediately looked at each other and began to quickly make hand seals.

...

The green lightning and poison rose from their bodies, changed in the air, and fused.

"Protect them!" Wei Wuya shouted.

The injured soldiers and generals also became nervous and surrounded the two of them.

“Not good!”

Far away in the demon camp, Ai Yi noticed the situation and exclaimed, they’re using the five major poisons of extinction again. Quickly interrupt them!

The entire demon race was shocked by his words. Thousands of people on the battlefield were in an uproar.

The previous time was too unforgettable, and he would never forget it. Now, he was really scared.

“Don’t panic!”

Zhe shouted with anger in his eyes, “I’ll go kill those two!”

He flicked his lute blade and it disappeared from his hand. He was about to rush out to kill.

However, he was stopped by a ray of blood-red light. Yi appeared in front of him and said, “You command the Army, I’ll go.”

Zhe was shocked, “Mr. Nie, your body is weak.”

Yi had killed his way here, and his body was badly damaged. It seemed that his injuries were even more serious than his.

Mo’s eyes flickered with a strange light, “I’m fine, but I need some time. I should be able to finish before they do.”

“What do you mean, Sir?” Zhe was stunned.

“Have you forgotten the source of our power, Mr. Zhe?” mo laughed sinisterly.

“Blood?” Zhe frowned.

“It’s blood!” Mo’s eyes shot out a sharp light as he said. Is there anything more attractive to me than the blood of tens of thousands of elite human and demon race soldiers?”

“Mr. Cang, you ... What are you trying to do?” Zhe was shocked.

“I’m not doing anything,” mo said in a deep voice. “It’ll be a waste if I don’t use the blood.” I only need you to protect me. When I use my divine technique to absorb the blood of origin, I will be able to kill them!”

Zhe immediately understood. The ash-gray Demon tribe was bloodthirsty, and this place was the best blood pool.

However, as he was on desolate’s side, he couldn’t just watch mo become stronger. At this moment, he couldn’t care about that.

Chapter 1849-forbidden blood technique

“As long as you swear to be loyal to His Majesty, I will protect you,” Zhe said.

“An oath?”

Mo’s face darkened and he snorted. how can you make an oath so casually? if you don’t believe me, then forget it. The poisonous lightning can’t hurt me anyway.”

Zhe’s expression turned ugly, hesitating.

Al said, "at this point, don't worry too much." Mr. Nie, I'll have to trouble you."

Since Al had spoken, Zhe didn't say much, so he said, "Alright, I'll stand guard for you, Mr. Nie."

Mo was overjoyed. He chuckled a few times and flew back, his hands forming a seal.

A layer of blood-red light immediately appeared and covered his entire body. Blood-red runes flew out from his body and floated in the air like willow catkins.

The entire battlefield was filled with a strange force. Suddenly, countless red dots appeared in the air. Looking closely, the red dots kept becoming clearer. Around them, countless blood-thread like streams gathered, turning into blood beads. There were hundreds of millions of them.

Al was shocked. He could clearly feel the power contained in each blood bead.

Moreover, there seemed to be a field of attraction between them. Under Al's perception, the whole world was in the inescapable net formed by the blood beads.

The Constitution of the Azure Demon tribe was very unique. They could directly extract and break down blood, devouring the power contained within. The power of blood itself was closely related to the master of blood.

How many experts had been killed on this battlefield? the blood that was scattered in the sky and the ground was filled with energy, and it was constantly refined by cruel's blood art. It began to fly towards him drop by drop, and when it hit his skin, it directly penetrated through.

Such a large-scale spell immediately attracted everyone's attention.

It wasn't just the blood of the dead. Even the people on the battlefield felt their power draining away with their blood, turning into blood droplets that flew into the sky.

Zhe was shocked, "Mr. Nie, what's wrong?"

Even he could clearly feel his power being drained away with his blood. He could not help but be shocked when he saw drops of blood oozing out of his body and flying toward Chi.

Al also said in a serious voice, "what a domineering cultivation technique!" However, that was then and this is now. Although this person is powerful and has two minds, we need to borrow his strength at this time."

Zhe's face was grave. He clenched his fists tightly as he looked at desolate, who was fighting with ao changkong in the distance. He controlled the blood in his body and stopped his power from flowing out.

Al was right. The battle for the position of demon Emperor had always been an internal matter, but now it was a battle for the luck of the demon race, so there should be a balance of importance.

After thinking it through, she was relieved and stood quietly in front of mo to protect him.

"That's Yingluo."

Gu Qing Qing, who was standing far away, was also shocked, " "The innate divine ability of the grey demon clan-blood seal!"

"What's so powerful about this?" tenzhaozi asked in surprise.

Gu Qingqing said, " it's actually a method of absorbing energy. It's not fundamentally different from some of our cultivation techniques that extract the power of vitality stones. The only difference is that the vitality stones of the blue Demon clan are blood! Back then, the ancestors of the Christian Church used this move to seal themselves and then used the power of the earth to refine them into Blood Divine beads for their descendants to enjoy."

Everyone was shocked, " he sealed himself and refined himself into a Pearl. This bi an ...

Thinking about that kind of determination and spirit, he couldn't help but feel a chill.

Gu Qingqing chuckled. but I couldn't have predicted it. In the end, I still got the advantage.

Yunxiao's eyes flickered as he said, " don't be too proud of yourself. The blood energy on this battlefield is too strong. The billions of blood beads are connected to each other and almost form a net. The power of the blood beads might not be less than that of the blood God beads. If we can't stop it, maybe another void extreme divine realm warrior will come out!

"You're right, but this person is being protected by tens of millions of demons. How can we stop him?" Wei Qing said in a deep voice.

In the distance, Gongyang zhengqi and the others were also surprised to see this phenomenon. Li Huachi slapped his palm on the strings of the zither, making a buzzing sound. He pulled the tail string with two fingers, wanting to strike.

Suddenly, a golden light flashed and turned into the power of the sun, burning his skin.

As long as he moved the strings slightly, the sunlight would attack him instantly.

The sky above the zither strings was burning with sunlight, and the combat dagger-axes were dancing. It was the sharp light of heavenly thoughts.

The rest of the people also became vigilant, all holding their weapons in their hands, ready to attack at any moment.

"Since you're here to watch the show, then be quiet. Otherwise, you'll be putting on a show yourself," Tian sitian laughed.

Li Huachi thought for a moment. If he and the others made a move, ning keyue and tiansi would definitely stop them, and they would not be able to divert their attention. So, he restored the strings and watched quietly.

Only then did Tian si retract the sharp light and place it behind his back. He also looked at the blood beads that filled the sky, his thoughts unknown.

in my opinion, " Yunxiao said, " Lord Huangfu bi is the most suitable person to stop this man's blood forbidden style.

Huangfu bi and Tian Xingzi were the first to join the battlefield. Both sects suffered heavy casualties. Only Tian Xingzi and an elder were left in the myriad Stars Valley, while the soul Devourer sect still had four people.

Huangfu BI's face darkened and he said coldly,"Li Yunxiao, what do you mean by this? Are you trying to harm this Lord?"

you're overthinking it, Lord Chi, " Yunxiao said with a smile. although your sect has sacrificed a lot in this battle, it might be an opportunity for you and the other three elders. The Holy See absorbed the blood of the battlefield, and the four of you have been absorbing the souls of the battlefield. I'm sure you've gained a lot. Although Daren has been pretending to be seriously injured and unable to fight, under this young master's wondrous spell Spirit's eyes, Daren's body is not only full of vitality, but it seems to be even stronger than before!"

His words caused the expressions of the soul Devourer sect's people to change drastically, and everyone glared at him.

Huangfu bi coughed a few times under everyone's gazes, he said, " Although I've recovered twenty to thirty percent of my injuries, I'm by no means fully recovered like li Yunxiao said. As for me going further, it's even more of a nonsense.

"Oh, really?"

Yunxiao's faint smile made his and the other three elders 'scalps tingle, as if nothing could be hidden under his wise eyes.

Huangfu Qi was instantly enraged and shouted,"Naturally! I think the one who has hidden the deepest is you, li Yunxiao! You're an expert with a holy weapon. I've seen the power of a holy weapon when you

suppressed the armillary sphere, but I've never seen you use it since. If I use the Holy artifact, who can stop these demons and that Yi?"

Yunxiao was speechless, and he did not know how to explain.

Previously, it was completely suppressed by the armillary sphere, and the divine realm tablet had activated its power on its own. However, even if the truth was explained, most people would still be suspicious. Now, many people had doubts in their eyes.

not everyone can use a Saint artifact," Yunxiao sneered. if I could use it so smoothly, I would throw it out now and smash you to death!

"You coward!"

Huangfu bi coughed up blood from the rebuttal and felt a suffocating feeling in his chest, but he also became vigilant. Yunxiao had a Saint artifact in his hand, and he was his enemy. He would surely be a major threat in the future.

At the thought of this, his eyes turned cold, and he was even gathering killing intent.

...

Yunxiao's explanation was reasonable. Even if he had a Saint artifact, he might not be able to use it as he wished. Moreover, the backlash was not something ordinary people could bear, just like si tingyu's wheel of Samsara.

This dispelled everyone's doubts.

Tian zhaozi was afraid that the two of them would have a conflict, so he quickly said, " Li Yunxiao is condensing the lightning poison at the moment. I hope the soul Devourer sect can bear the task of cutting off the blood forbidden style.

Huangfu Bi's face revealed a difficult expression, he was extremely unwilling.

However, everyone was staring at him, and his injuries had already healed. He might have been able to put on an act when he was in the crowd, but now that almost all of them were experts, he was afraid that it would be difficult for him to continue pretending.

The other three elders were also extremely unnatural, their faces filled with embarrassment.

Huangfu Bi gave Yunxiao an angry glare and said, "Although the task is very important, it is related to the life and death of our tribe. The three elders and I naturally have to do it."

With that, he and the three elders turned into golden lights and shot out like flying arrows.

damn it! Xuan Hua cursed and said, "this old fox, let me help him.

He nocked his bow and shot out a thick black arrow. It turned into countless runes in the air and scattered into hundreds of arrows. They caught up with the speed of the four people and shuttled around them.

Xuan Hua's strength at this moment was not even at its peak, and after the arrow, he was even weaker. He didn't even have the strength to hold the bow anymore, and his hands directly fell down.

...

The hundreds of arrows opened up a path in front of the soul Devourer sect.

Several demon clansmen leaped out of the battlefield. One of them was about 80 feet tall, holding an escape token in both hands, and he suddenly flew out.

The shield spun in the air, knocking away half of the arrows and returning to his hand. He laughed wildly and hid his huge body behind the shield, then thrust it towards Huangfu Bi.

“Ignorant!”

Huangfu bi sneered, then cast a spell with one hand. The Golden speaker flew out of his body and rushed over while laughing.

“Swish!”

The big shield made a vibrating sound, and the Golden speaker went through it.

The demon’s body trembled, and his face was filled with fear and confusion. His expression gradually became sluggish, and he fell from the sky with the shield.

The Golden Whisperer’s big mouth was biting a soul, which looked exactly like the demon. It was struggling desperately, but to no avail. It was swallowed bit by bit by the Golden Whisperer. The big mouth was still chewing and eating with great relish.

“?!”

Dozens of gasps sounded in succession, and even Amaterasu and the others paled in fear.

Not to mention the demons, who were so scared that their hair stood on end.

The greatest fear came from the unknown. Most of the martial artists would die in battle. Everyone was mentally prepared for this, so they were not afraid of fighting to the death.

However, they had never heard of their souls being eaten by monsters. They didn’t know what would happen if their souls were eaten, so they were all afraid.

The dozens of demons in front of them immediately turned pale and retreated to the sides, not daring to block the four of them.

“Useless trash!” Zhe cursed.

He held the PIPA blade with both hands and poured demonic Qi into it. He kept accumulating power, and circles of green light emitted.

Chapter 1850

1850 Your injury

“Hey, if they’re trash, what about you?”

Huangfu bi suddenly appeared in front of Zhe and looked at him with a mocking expression.

“Me? I’m the one who will Cut You Down under my saber!”

Zhe’s battle blade had been accumulating power for a long time. The force of a thousand catties exploded and he slashed fiercely.

“BOOM!”

Under the sea of blades, the heavens collapsed and the earth cracked!

Huangfu bi instantly activated the Pangu banner, causing the world to change color and all the saber Qi to be sucked into it.

At the same time, golden speaker flew into his body. Under the soul battle technique, his strength climbed to the peak. He formed a seal with both hands and slammed it up.

Zhe was shocked. He pulled back his saber and blocked in front of him!

“Bang!”

Both of his hands formed a seal and slapped on the blade. Zhe instantly spurted out blood and was sent flying.

However, the blood that was spat out did not spill down. Instead, it condensed into beads of blood and flew towards Chi.

“Stop him!” Huangfu bi was shocked and shouted.

The other three elders shouted and rushed forward. Each of them had a soul devouring banner, and they had all obtained countless benefits from the battlefield.

The three of them took out their soul devouring flags and trapped mo like an array. Three golden souls flew out and bit at mo.

“Hmph, what a joke!”

Mo’s face darkened. such a small trick! he shouted. three pieces of trash want to hurt me? ”

His body suddenly became absent-minded, and he actually created a clone that rushed out of the blood light. He struck out Three Palms in a row, hitting the heads of the three primary souls. All of them let out shrill screams and exploded in an instant.

“Bang! Bang! Bang! Bang!”

The three elders immediately spat out mouthfuls of blood. The soul devouring banner immediately retracted and flew back to their sides.

Huangfu BI’s eyes glowed with an ominous light as he leaped up and slapped down with both palms!

“BOOM!”

Yi's doppelganger also met the attack with his palms. Under the collision, the doppelganger was no match for Yi's attack and exploded into a bloody mist.

The blood mist didn't disperse, but condensed into blood beads that mo swallowed again.

However, it was clear that he had suffered an impact, as the elemental energy fluctuations on his body had become somewhat violent.

"Die!"

Huangfu bi gave a loud growl, then took out the Pangu flag and threw it violently towards the blood-red light shield.

Zhe rushed over. He didn't care about his injuries and welcomed the attack with his saber.

"Bang!"

Countless sparks burst out of the blade, and a tearing feeling appeared in Zhe's body. His internal organs felt as if they were being cooked by a frying fire. He forced himself to stand against the Pangu flag, his eyes filled with ferocity and awareness.

"Eh? Since you have this determination, I don't mind drawing one more divine soul!"

Huangfu Bi's eyes lit up. The Golden Whisperer was refined from the soul of an ancestor of the soul Devourer sect. Although hei Yuhu and Si tingyu had died before, he didn't dare to touch their souls in front of so many experts, so he only devoured the souls of the other experts.

Cl was also a divine realm expert. After desolate killed him, he was too far away to come close. He could only watch his soul disappear. Now, he had a chance.

Huangfu bi opened his mouth and spat out a golden light, which turned into a golden speaker and pounced on Zhe, biting his head.

“Ah!”

Zhe shouted in fear, but his battle sword was suppressed by the Pangu banner. He couldn't move his body and could only let the Golden speaker bite him. He felt an indescribable pain in his heart, as if his soul was really being pulled out.

“Stop!”

In his shock and anger, Ai Hui waved his hand and a ray of colorful light flew out. It turned into a purple cauldron and fell down, suppressing Huangfu bi.

Then, the cauldron shone brightly and spat out a purple cloud. The surroundings were lit up with true fire and the entire space was burning.

Huangfu BI's surroundings immediately turned into a sea of fire. Purple light flickered in the fire, burning through his skin and into his soul!

”

The Golden speaker was the first to bear the brunt. With a scream, it burrowed into the Pangu flag. Zhe managed to save his life at the last moment, but his head was covered in blood and fear.

“Bang!”

The Pangu banner absorbed the Golden speaker and its power surged. It knocked away Zhe's saber and hit his chest with a huge force, breaking a piece of bone.

“Pfft!”

Zhe spat out another mouthful of blood and flew away like a kite.

Suddenly, a blood shadow appeared behind Zhe and grabbed him. "Lord Zhe, you're so seriously injured that I'm afraid you won't be able to live. Why don't you give me your blood essence and I'll avenge you?"

It was Yi's clone. Zhe was already so injured that he couldn't speak. The clone turned into a shadow and entered Zhe's body!

"Bang!"

Zhe's body exploded into countless pieces of flesh. What was shocking was that there was not a single drop of blood!

Only a blood shadow flickered and returned to Mo's body.

Al, who had always been gentle and elegant, was also furious. It completely lost its self-control, and its whole body trembled as it roared, "Woof! You're worse than an animal!"

Mo Weiwei opened her eyes and the corners of her mouth curved up. "What, did I say something wrong? Mr.ai, please don't get angry and hurt your body. You're a rare genius in the art of cultivation in our clan, so I'll have to rely on your power in the future."

...

Al Hui's body trembled with anger. Suddenly, a force passed through the purple cauldron and struck him, causing him to spit out a large mouthful of blood.

A gust of cold wind blew around Huangfu bi, isolating the purple light from the vacuum. He said coldly, "You actually want to use heaven and earth as a furnace to refine this Lord. You've really gone crazy from artifact refining!"

Several runes flew up from the Pangu flag, turned into a palm under Huangfu BI's incantation gesture, and struck at the purple cauldron!

“Bang!”

The purple cauldron trembled violently, and the spreading flames gradually extinguished. The body of the cauldron was summoned back by AI.

First, AI couldn't take it anymore. Second, seeing how cruel Yi was, AI's heart turned cold. Its eyes were filled with sadness and disheartened, as if it didn't want to fight anymore.

“I'll kill Yi first, then I'll kill you!”

Huangfu Qi glared at him coldly and flew toward mo. The Golden speaker was lying on his shoulder like a ferocious beast. It revealed a sinister smile that made one's hair stand on end.

“Oh? Are you going to kill me?”

Mo Yun chuckled. The blood beads that filled the sky continued to gather from all directions and merge into her body. The entire blood forbidden technique seemed to be incomplete.

However, the corner of his mouth was raised in disdain and his eyes were cold as he stared at Huangfu bi as if he was looking at a dead man.

...

Huangfu bi cursed in his heart. As if he had sensed that something was wrong, he suddenly straightened his body.

“What, are you scared?”

Mo raised his eyes, full of contempt.

Huangfu bi said in shock, "your injuries are terrible!"

"No, it's your injury," said mo Yun with a smile.

Huangfu Qi's heart turned cold as he turned around and left.

"With this kind of intelligence, you can stay here forever!"

The judge shouted coldly and slashed out with his saber. The roar of a true dragon could be heard from the saber, suppressing Huangfu Qi!

"What?"

Huangfu Yan was shocked, but he did not panic. Although the saber radiance was strong, it was not enough to kill him. He grabbed the Pangu banner and swept it across.

"Bang!"

The power on the flag was scattered, and the strong power struck on Huangfu BI's body. He felt his arms shaking, and even sensed the souls in the flag wailing under the Dragon power.

"Let's go!" He shouted timidly.

Together with the other three elders, they turned into rays of light and were about to escape back.

"Stop them!" Mo shouted.

Hundreds of demons flew up in front of them, cutting off their path and charging forward.

a Mantis trying to stop a chariot! All of you, go to hell! Huangfu Bi's face darkened and he shouted angrily. He led three people and charged over.

Previously, Ai had been sneak-attacked by Shentu Xiaoyao and had been seriously injured. At this moment, his old injuries had been aggravated and he had finally managed to control them. He looked at Mo Dao and said, "How much longer do you need to succeed?"

Although Yi had made him extremely angry, it was undoubtedly one of the two pillars of support for the monster race.

The blood beads that filled the sky were still condensing and flying over, being absorbed into his body.

Yi had a satisfied look on his face, as if he was intoxicated by it, "The power contained in these blood beads is much more abundant than I had imagined. My injuries have already healed, but it doesn't stop me from continuing to absorb it and increasing my strength!"

His eyes lit up. Gu Qingqing had taken the blood God bead away from him, which had almost become an eternal pain in his heart. Fortunately, he had obtained the whereabouts of the Buddhist Demon Sacred art, which made his heart feel a little better.

Now that an opportunity that was not weaker than the blood God bead had appeared, the blood in his body became boiling hot and he was unusually excited.

don't forget the condition for you to use the blood forbidden technique," Ai said in a deep voice. it's to stop those cool and ancient mayfly balls. You already have the strength to stop them now.

"Really?" Mo chuckled. I don't think those two have much power left, so it's impossible for them to make such a terrible attack again. Why don't you let me absorb more blood energy beads and stop them later?"

"You coward!"

Ai was so angry that he spat out a few more mouthfuls of blood, and he suddenly looked old.

Mo sneered and ignored him. He continued to absorb the blood energy beads, and his speed was getting faster and faster. When the beads merged into his body, they emitted a "Bobo" explosion, like the sound of boiling water.

In the distance, Tian Zhaozi's expression turned unsightly, "we're in big trouble. I didn't expect Huangfu Bi to be so unreliable." With his strength, he could've interrupted Yao Rao's blood forbidden technique and stopped her from increasing her strength. However, we've wasted this opportunity!"

His voice was filled with disappointment. With a glance, one could see that Huangfu Bi and the other three had already fallen into the ocean of demon race, besieged and unable to get out.

The three elders had been seriously injured before, and now they were even more in danger. They could die at any time, and they were all sweating.

"Hmph, when has that grandson ever been reliable?"

Tian Xingzi's face was full of ridicule, but he was gloating more.

he's too afraid of death," Yunxiao said. he doesn't want to take any risks.

"this isn't the time to talk about this," Amaterasu shook his head. how's the fusion going?"

Yunxiao's body was covered in green lightning, and crackling sounds could be heard from time to time. However, Beifeng Nan's face was pale as he tried very hard to condense the seven illusions green damask. Finally, he managed to produce a watermelon-sized ball, which was far from what he had before.

this is already my limit," said Beifeng Nan. let's try this.

alright! Yunxiao said. tell them to back off!

The two of them faced each other with one hand, and the lightning and poison gradually fused together. A green light flickered, illuminating the two of them.

In order to avoid detection by the demons, Amaterasu used the great sound transmission technique to directly transmit information to the ears of every human and their weapons.

cool! Yunxiao performed an incantation gesture with one hand and shouted. cool!

“A thousand years!” Beimang Nan’s eyes narrowed.
