

The Eternal 1851

Chapter 1851-Golden Age is like a dream

The green balls in their palms gradually fused together, emitting crackling lightning. A green vortex appeared around them, like a huge green flower of light.

The human warriors retreated immediately after receiving the message. Most of them were members of the earth Alliance. They had only realized how terrifying the monster race was after fighting them. They had wanted to run away for a long time. Now, they ran away as if they had been pardoned.

The weapons of slaughter reacted much slower, and this delay was just enough to cover the retreat of the earth Alliance. In an instant, several people were killed, and this was the first time they officially retreated from the battlefield.

At a glance, they were all covered in wounds. There were more than ten people with broken arms. Each killing weapon had a terrifying fatal wound on its body, but all of them were expressionless, like The Walking Dead.

The Golden-armored men of sacrifice were more spiritual. Some of them frowned deeply and stood there in pain.

Asura ghost, on the other hand, took out origin crystals and devoured them, not stopping for a moment.

In terms of function, the ghost Asura was obviously more powerful than the Golden-armored deathsworn, and it had its own recovery ability. However, the difficulty and cost of the ghost Asura were much higher.

As soon as the crowd retreated, the morale of the demons soared. They roared and chased after them.

Al was shocked. He forcefully gathered his Qi again and roared, "Retreat, quickly retreat!"

Many people had also noticed the strange behavior of Yunxiao and Beiming Nan, and they immediately recalled the trick they had used earlier. They were so frightened that they fled as fast as they could when Ai called out.

The demon Army immediately fell into chaos.

Behind them was Huangfu Bi who was besieged. The three elders had been torn to pieces and he was the only one left killing. He wanted to open up a path, but those demons were so bloodshot that they didn't care about their lives anymore. Many of them pounced on him and self-detonated their dantian, leaving him unable to escape.

He had also heard Tian Zhaozi's voice transmission, but he had been forced into a corner and had no time to spare.

Yunxiao and Beifeng Nan naturally ignored him, and they threw out a cool and spinning yo-yo!

“BOOM!”

The ball exploded and turned into a world that spread forward.

The demons were immediately thrown into chaos and fled in all directions. However, how could they escape the speed of the lightning? In an instant, thousands of demons were trapped within it!

A large number of people began to be poisoned. Although the poison was not as strong as before, there were more people who were injured now. Once the poison entered their wounds, it flowed through their blood and into their bodies, killing many on the spot.

Some of the stronger ones hurriedly circulated their vital energy to block the poison.

Only then did everyone realize that this move was not as heaven-defying as before, where almost anyone who touched it would die. The power of this move was much weaker, and it could be considered a pocket-sized version. Many strong people could withstand it.

“That’s all we can do,” said beiming Nan with a frown.

His handsome face began to rot, and the venom in his body was drained. His body withered and returned to his original appearance.

” that’s already very good, ” Amaterasu said happily. the damage of this move is equivalent to 100 killing machines.

A large number of demons were poisoned to death and fell from the sky. Some of them were poisoned but they could still resist it. These demons made up the majority. Only less than one-tenth of them could completely resist and not be infected by the poison.

Tears flowed down from Ai’s eyes as she cried bitterly, could it be that the heavens want to exterminate my monster race?!

After living in the illusory realm of the stars and moon for thousands of years, a peerless demon Emperor finally appeared. He signed a contract with the true spirit wujian, broke the seal on the five Cloud Mountain, and released the terrifying Azure demon clan. Shang of the calamity tower clan also woke up from his deep sleep tens of thousands of years ago and brought the Holy weapon, the armillary sphere. With this rare genius in the art of cultivation, this era should have been prosperous.

But now, tens of thousands of elites had been killed or injured in this battle. The high-end combat power of the entire demon race had almost collapsed.

Under the effects of this move, nearly two thousand demons were killed, and more than half of the remaining two thousand demons were poisoned by this move.

Yi turned a blind eye to everything that was happening. The ash-gray demon clan had always been feeding on blood. Since they were young, they had killed countless of their own kind in the five Cloud Mountain. The other demon clans were basically food in his eyes.

He was still immersed in the pleasure of continuously increasing his strength, but soon his expression changed greatly. His eyes burst out with shock and anger, and he stopped the blood forbidden style.

It turned out that the blood energy beads that filled the sky had also been poisoned by the cool and alluring eternity mayfly ball, and were then absorbed into his body.

Mo suddenly raised his hands and saw a Green Poison as thin as hair swimming in his meridians. He immediately stopped absorbing the blood energy beads and retracted the blood light around him. He rushed out in anger and shouted, "Die!"

It was not easy for him to have such a battlefield to replenish his strength and make up for the loss of the blood God beads. However, he was poisoned, which made him extremely angry. He poured all his anger into the saber in his hand and directly slashed at Huangfu bi who was the closest to him!

Huangfu bi was killing the surrounding demons in anger, but he was also covered by the Thunder World. He was shocked and quickly used his power to block the poison. Many demons around him were too busy to care about themselves and did not have the time to pay attention to him. He was overjoyed and turned into a light to fly away.

However, an overwhelming force came at him, and the murderous aura locked onto him directly. The sky was already split open before the saber Light reached him!

"?!"

Huangfu bi was shocked. He turned around abruptly and merged the Golden speaker into his body. His two souls merged into one, and at the same time, he activated the Pangu flag to the maximum and slapped it toward the blade light!

"Bang!"

The sound of a profound level weapon breaking made everyone's heart tremble.

The Pangu banner was cut into two by the bone Jade knife. However, the knife Qi did not die out and went through Huangfu BI's body!

"Ah!"

Huangfu bi gave a blood-curdling screech as a bright red line of blood appeared from his forehead to his lower jaw.

The gold Whisperer's shrill cry was heard as it slowly flew out from Huangfu BI's head. It screamed in pain in the air, then suddenly flew down and bit Huangfu BI's head, trying to pull his soul out.

Huangfu BI's soul struggled in the Golden speaker's mouth, and just like the countless martial artists who were swallowed by it, it was useless no matter how hard it struggled. It was slowly being devoured.

After the Golden speaker devoured Huangfu bi, it was still in great pain. It seemed to have a connection with the Pangu flag. Now that the flag was destroyed, it lost its lodging and could no longer live in the human world. It was afraid that it would gradually dissipate.

”

The huge Golden Soul shadow flew in a circle and then rushed into the sky, disappearing before everyone's eyes.

Huangfu bi seemed to have died without a reason. His eyes became lifeless, but they were wide open and could not be closed.

Hmph, another divine transcendence expert's blood. Tsk, tsk, this is really good. Moreover, it's the peak of divine transcendence. I'm afraid it's just one step away from the peak!

Huangfu bi had absorbed too many souls on this battlefield, he had been holding back and not saying a word, and was almost about to advance in rank, but now, it had become an advantage for the enemy.

Mo was ecstatic. He grabbed Huangfu BI's body and extracted his blood, instantly turning him into a dried corpse.

Huangfu BI's death had greatly shocked all the human warriors.

Tian Xingzi was stunned for a while. It was as if in a dream, the opponent he had painstakingly planned to kill for decades had been cut down by the demon race just like that, and even his soul had not escaped.

...

Having his soul eaten by the Golden Whisperer could be considered as a natural cycle, and it was karma.

Although everyone was shocked, they were gloating in their hearts. It was all because of the soul Devourer sect's bad reputation.

this is troublesome," Gu Qingqing said worriedly. Yi seems to have stepped into the void extreme divine realm.

the elites of the demon race have been destroyed," Yunxiao said. I'm afraid the remaining two thousand people will not be able to recover in thousands of years. What was the use of only two peak-level great demons? Furthermore, a mountain can not hold two tigers. They will definitely kill one of them. At that time, we only need to deal with some of the remaining soldiers and a peak-level demon."

"Are you saying that Yingluo is leaving now?" Tenshou asked.

Yunxiao nodded and said, "yes. Leaving now is the wisest choice. Let the demon race return to their internal conflicts. After they've suffered great losses, we'll think of a way to encircle and annihilate them."

Everyone fell into deep thought, and Gu Qing Qing also said, "My little lover's method is wonderful. Previously, the demon Army was strong and had three leaders, so it was difficult to have a conflict. Now that there were only two of them left, and their mainstays had been destroyed, it was inevitable that they would compete for the position of demon Emperor. Even if we didn't intervene, the monster race probably wouldn't be able to rise again for the next few thousand years."

"That makes sense!" Tenshou said. If that's the case, then let's leave!"

They were quite nimble, especially those Warriors who had been crippled. As soon as they heard that they were leaving, they immediately perked up, as if they had completely recovered.

all clansmen, retreat from the battlefield immediately! No more fighting!

Tian zhaozi immediately sent a message.

...

It immediately caused an uproar, but more of it was joy. All the martial artists immediately began to run away as if they were running for their lives.

Gongyang zhengqi also understood the current situation and shouted, " "Let's go!"

Although I've revealed all of my trump cards, the demons have basically been crippled. Wei Wuya has also revealed his strength, and those who are against me in the Holy region have all been killed. Although it's not perfect, I've achieved my goal, so I'm in a good mood."

The five of them were about to leave when ning keyue's eyes narrowed."You want to leave? Are you not afraid of being laughed at by the world?" A force circled around her body, as if she was about to make a move.

The five people were immediately shocked. They did not dare to underestimate him and became vigilant.

Gongyang zhengqi sneered,"whether I'm ridiculed or not has nothing to do with you, right?" You're really worried about us. Thank you."

you're welcome, " ning keyue said indifferently. since you're so determined, I'll do it to the end. I'll give you a chance to not be laughed at by the world.

With the surge of power from her body, a Blood Moon appeared behind her, occupying half of the sky. It was unusually bright.

The Blood Moon's meridians were faintly visible, and there were all kinds of strange runes and formations on it. It was like a work of art that had captured the sky.

However, it was a living creature. After it appeared, it slowly opened its eyes and looked at the world.

Chapter 1852-void forms

As the eye of the ultimate opened, the entire sky became clear under the gaze of the eye, as if it had cleansed everything.

Everyone's heart trembled and a strange feeling emerged. It was as if after being swept by that gaze, they had experienced thousands of years and the vicissitudes of life.

"This is a Kasaya!"

Just as everyone was in shock, they found that time and space had been twisted, and the world had been changed. They were now in a strange place.

They were originally standing in the air, but now they were all standing on the ground. Below them was a thick layer of rock, which gave people a sense of sturdiness. The structure of the rock layer was extremely ancient.

"This spiritual energy is dense."

Many people were surprised. They felt the spiritual Qi was even more abundant than the spiritual mountains and treasured lands on the heavenly martial continent.

Tian zhaozi squatted down and touched the rock, his expression strange. "Immemorial Dragon Rock!"

Many of them were proficient in the Dao of sorcery, and a few experts from the soul formation Sea Spell garden were also shocked.

Yunxiao clenched his fists, and sweat dripped down from his temples. This is just an eye technique of the sinkhole. It created a scene from the primordial era, so there's no need to take it seriously.

"An illusion?"

Tian Zhaozi looked up at the sky and looked down at the earth. He touched the ground lightly and muttered to himself, "but this sense of reality, is it really an illusion?"

Gu Qingqing was also confused, "such a realistic illusion. Who knows if the space-time we were in was not an illusion?"

Yunxiao's heart stirred as well. It was because he felt that this place was extremely real, completely different from the illusions he usually cast. When he asked Gu Qingqing, he seemed to have thought of something and said, "All laws are like dreams and bubbles, like fog and lightning, and should be observed like this."

It was the Lotus platform of Fa Hua, like the Scripture I've heard.

He formed a hand seal with one hand, and golden light appeared in his eyes. He wanted to see through everything, but his eyes were suddenly suppressed by a force. He felt an intense pain and instantly shed tears of blood!

"What's wrong?"

Che you and the rest were shocked, they immediately surrounded him.

"I'm fine," she said.

Yunxiao reached out to stop them and closed his eyes. Only then did the tears of blood gradually stop. the power of the sinkhole's eye technique is too strong. It can almost mix the fake with the real and turn the void into reality. Only the eye of truth can see through it.

"Oh?"

Ning keyue looked over and said, "are you talking about the Bo family, the master of the four Seas? the eye of truth that has been passed down for generations?" If the rumors are true, I'm really surprised."

"It seems like I have to make a trip to the four Seas," Tian Si's eyes gleamed with excitement.

Yunxiao was shocked. If polong was in his Prime, he might be able to fight the ultimate, but he was in an extremely bad state at the moment. If the two of them went to the ocean emperor's palace, there would probably be another storm of blood, and he would be the sinner.

"This world isn't a place where you can do whatever you want!"

everyone! Yunxiao gritted his teeth and said angrily, " the only way to leave this illusion is to kill the ultimate! Otherwise, there is no other way!

"What?"

Everyone was shocked, and their hearts sank.

They had finally received the order to retreat. They thought it was over, but they were caught in another crisis.

"You're wrong," ning keyue said. "There's another way to dispel the illusion other than killing me."

Yunxiao frowned, his face full of confusion.

Ning keyue chuckled and said, "I want to dispel the illusion." &Nbsp;

then, what will it take for you to dispel the illusion?" Yunxiao asked.

Ning keyue's smile turned cold. "As per the Demon king's promise, I'm here to kill all humans except you."

All the humans were furious. Gongyang zhengqi said coldly, " "Since that's the case, then you can die first!"

Knowing that the war was inevitable, Gongyang zhengqi swept his spear and stabbed ning keyue between her eyebrows!

"Clang"

A rapid sound pierced through the sky. The spear pierced through ning keyue's forehead. Blood was dripping from her face.

Gongyang zhengqi's face changed. This realistic scene made him feel irritated. He roared and swept his spear. Ning keyue's body suddenly exploded into pieces.

When ning keyue reappeared, she was already standing on the eye of the ultimate. She was as cold as a fairy in the moon. With a contemptuous look, she looked at the earth and all living beings coldly.

Huang and ao changkong had also realized that they could change the world. However, they had already traveled thousands of miles in the pursuit and killing. They appeared and disappeared from time to time, so they had no time to care about this.

Gongyang zhengqi raised his spear and shouted, "Kill her! If the five of us join forces, there's no one who can match us in this sky!"

"Tsk, tsk, is it really good to be so confident?"

Tian Si's mocking laughter rang out as he appeared in front of Gongyang zhengqi. The sharp light from his battle halberd turned into a ray of sunlight as it slashed down, instantly blinding everyone.

"Hmph!"

Hmph! Gongyang zhengqi grunted and said, "I'll kill this guy. I'll leave the woman to the four of you! The spear trembled as a ferocious roar sounded out. It pierced through the sun and charged forward, trapping Tian si within a spear light.

The corners of Tian Si's lips curled up into a cold smile as he retreated with his dagger in hand. The two of them quickly became one.

Qu Hongyan and the other three people flew up to the Blood Moon and surrounded ning keyue.

Ning keyue glanced at the four of them and chuckled. "Kill me? Do you think that's possible?"

Qu Hongyan was about to say something, but li Huachi shouted softly, "Kill!"

He plucked the strings of the zither cleanly, and a murderous sound reverberated, turning into countless slashes.

Xue Chenxi's sword melody was also soaring. As the two of them played together, the rhythm increased by several times. The entire sky was torn apart, and the cracks spread in the shape of ripples.

The attack tore ning keyue into pieces and turned her into countless light curtains.

...

"Damn it! This girl's illusionary techniques are extremely powerful!" Jue Tianhan said in a low voice. Suddenly, an unusually terrifying feeling appeared in his heart. He felt that he was about to step into the gates of hell!

At the moment of life and death, a ray of purple light fell and the sound of a profound level weapon vibrating was heard behind him.

Qu Hongyan's sword struck out and blocked ning keyue's golden sword.

Jue Tianhan had managed to pick up one from the gates of hell, and in his shock, he didn't even turn his head. He grabbed his battle saber and slashed behind him, shouting, "You want to kill me? go to hell!"

"Shua shua!"

The sky was cut open, but ning keyue was nowhere to be seen. Not only that, but even qu Hongyan, li Huachi, Xue Chenxi, and even gong yang zhengqi, as well as everyone else in the distance, had disappeared.

Jue Tianhan was greatly shocked. He immediately knew that he had fallen into an illusion, and he did not dare to move. He stood with his saber in hand and spread out his divine sense, becoming more vigilant.

Suddenly, the sky was split open like a curtain, and qu Hongyan's peerless face appeared. She held the Zixiao sword in her hand, looking valiant and heroic. She stood in the air and said, "everyone is under an illusion. Quickly follow me!"

Jue Tianhan was overjoyed. as expected of the divine cloud Palace's Palace Master, " he praised. I've also heard of you overseas. You truly live up to your reputation!

you're too kind, " qu Hongyan said. now is not the time for pleasantries. How to kill the enemy is the most important thing.

"That's right," Jue Tianhan said as he cupped his fists. He came to qu Hongyan's side, turned his palm, and chopped down with his saber!

...

“Bang!”

Qu Hongyan was taken aback. She hurriedly dodged and raised her sword to meet the attack. A wave of weapon essence spread out and almost cut her. She said angrily, “Are you crazy?”

Jue Tianhan’s lips curled into a cold smile as he said, “I’m crazy, but my cold tooth saber isn’t!” It can recognize your aura, ultimate!”

Qu Hongyan’s face was indifferent. She turned into ning keyue’s real body and said in surprise, “Interesting, there’s actually such a weapon.” She looked at the battle blade that was like a row of saw teeth and revealed a look of admiration.

“Hmph, there are many interesting things!”

“Let’s see if you have the life to play with it!” Absolute heaven coldly laughed.

Qu Hongyan’s figure suddenly appeared behind ning keyue and silently stabbed her sword.

Jue Tianhan’s words were meant to distract her, but it seemed that she was still aware of it. Her figure flickered and disappeared in front of the saber, allowing qu Hongyan to stab empty air.

“Clang!”

The sound of the zither came from the sky, sometimes slow and sometimes fast. The big strings were like heavy rain, and the small strings were like whispers. The sound of the zither was mixed, and the big and small pearls fell on the Jade plate.

As the string was played, the sky began to fluctuate like a musical score. The sword notes were like musical notes, floating and circling in the sky.

Brahma Sea Clear sound song.

As the sound wave reverberated, the central sky flickered a few times. Ning keyue could not hide and reappeared.

However, there was no panic on her face. In fact, there was not even a trace of expression on her face. She just stood there with the sword in her hand and listened quietly, as if she was intoxicated by it.

Her eyes were closed as she faced the breeze. Her cheeks were slightly red as if she was in a daze.

He sighed in his heart and held the golden sword in front of him. Looking at it carefully, the talisman light on it flashed and the words "time is like a song" seemed to have experienced the vicissitudes of life.

"In this lifetime, meeting on a narrow road, one can not be spared from the Suan ni."

The person playing the zither seemed to have felt the change in her state of mind. The rhythm became faster and faster, and the sword sound danced rapidly. It seemed to spin around ning keyue, and the sword momentum kept climbing.

Qu Hongyan also seemed to be touched, and her eyes seemed to be in a trance. The scene on the snowfall peak that year suddenly appeared in her mind, and she couldn't forget it.

Suddenly, li Huachi's voice came, like the city Bell of the evening drum, and he shouted, "Palace Master Hongyan, don't be distracted!"

Qu Hongyan's heart trembled, and all her reverie was dispelled. Her eyes narrowed and shot out a little coldness.

He raised the Zixiao sword in front of him, and the 72 streams of power of the Earth Star on it flickered in response.

"Clang"

The Buddhist Sea Clear sound Tune suddenly changed its tone. The noise pierced through people's hearts, numbing their pores and making them feel so uncomfortable that they wanted to tear themselves apart!

"Ah!"

Ning keyue screamed under the voice. Her face became extremely horrible, and blood oozed out of her seven holes.

At this moment, a figure flickered in the sky. It was Xue Chenxi. Her body was like a musical instrument, melding with the sound sword in her hand and turning into a huge sword essence. It flew out from the countless notes and slashed down!

Qu Hongyan and Jue Tianhan also did not attack immediately.

The heavenly stars responded, the earth fiend condensed, the cold Qi on the Zixiao sword vibrated, the night Black Frost fell into the purple sky, don't ask the common people, ask the ghosts and gods, one sword ask the common people!

Chapter 1853-willingly

Jue Tianhan was taken aback when he felt the sword Qi. He did not dare to be negligent and hurriedly brandished his cold tooth saber to slash at it.

With the four of them working together, it was a destructive attack!

Ning keyue's body was shaken by a ray of purple light that shot directly to the ninth heaven. She seemed to be in extreme pain. Her body continued to crack under the joint attack, and her flesh and blood rolled out. Her face became extremely terrifying, like a round ball of flesh. There were no facial features on it, only a strange eye!

Anger and hatred shot out from those eyes. Everyone felt as if they were being stared at, and their hair stood on end.

“Again!” Qu Hongyan shouted.

The Zixiao sword turned in the air, and he stabbed forward as one with the sword.

The other three didn’t hesitate either. Zither music, sword music, and treasured sabers all slashed down!

“BOOM!”

A red energy sphere appeared on ning keyue’s body and blocked the attacks of the four.

The light of the ward slowly condensed into the shape of an eye. Ning keyue was attacked by the four people. Under the huge eye on her face, blood spurted out from her blurry flesh.

The power of the barrier began to become unstable, and the sky trembled.

Ning keyue’s body was also trembling. Suddenly, the eyes on her face became sad and started to bleed. She opened her mouth and said in a very hoarse voice, ” “Let’s go, quick, let’s go, let’s go!”

“You ... You’re ning keyue?” qu Hongyan was shocked.

Ning keyue’s body trembled even more as if she couldn’t control it. Her eyes were filled with pain as she said, ” I’m about to lose control! I can’t control it anymore!

“Let’s retreat!” Qu Hongyan said.

The four of them withdrew their power, and the round red enchantment suddenly disappeared. Ning keyue’s body stopped trembling, and she bent her body in the sky, gasping for breath.

The four of them didn’t dare to go forward and were still on guard. Li Huachi said, ” “How can I save you?”

Ning keyue shook her head and said, " just now, the Buddhist Sea Clear sound song distracted the ultimate for a moment and allowed me to temporarily regain control of my body. I wanted to kill myself, but as soon as I thought about it, my consciousness would be taken back. Leave quickly. You can't kill the sinkhole for now with your strength."

"Then how can we kill it?" qu Hongyan asked anxiously.

Ning keyue's face was wriggling, and her facial features slowly grew back. She had returned to her original appearance, but it was covered in blood.

Everyone had seen her terrifying appearance just now. Even with her beautiful face now, they still felt a little scared and did not dare to approach her.

Ning keyue shook her head. I don't know. The sinkhole was famous in ancient times. In the memory fragments I obtained, it even fought with the ancient true dragon but didn't die.

"?! What?"

The four people's expressions changed drastically, and they were petrified on the spot.

"Even the ancient true dragon can't kill it?!" Li Huachi exclaimed in horror.

I've received too little information, " ning keyue said. but the sinkhole has long lost its power. It seems to have been injured by the true dragon and fallen into an endless sleep. And to make it fully recover, it will need the power of tiansi and Li Yunxiao. I don't know how to kill it, but you must stop it from getting li Yunxiao, or Lao Ai will kill tiansi!"

She mustered up all her courage to say the last sentence, and her face turned ugly.

When qu Hongyan heard that it was about Gu Feiyang, her face was immediately filled with killing intent and her eyes flashed with cold light.

Jue Tianhan was thinking even more, and he said worriedly, " Do you mean that if the sinkhole gets li Yunxiao, there will be another monster comparable to the ancient true dragon in this world? "

"Yes," ning keyue said.

Jue Tianhan's eyes turned cold. in addition to killing tiansi, " he said, " in my opinion, li Yunxiao should also be killed to avoid future trouble! I don't know what the three of you think about this."

Before he could even finish speaking, Jue Tianhan suddenly felt that something was wrong. A wave of coldness came from nowhere and enveloped his entire body, making him feel as if he had fallen into an ice cave.

The three of them turned to look at him. Except for Xue Chenxi, who was still calm, li Huachi and qu Hongyan's eyes were full of killing intent.

Especially the killing intent from qu Hongyan, which was almost tangible!

"Swish!"

A streak of purple sword light rose up. Jue Tianhan was caught off guard, and a piece of flesh on his right shoulder was sliced off. The tip of the sword pressed down on a vital point on his throat. Although it did not pierce through his skin, blood was already seeping out.

"Palace Master Hongyan, what is the meaning of this?!" Jue Tianhan cried out in fear.

I'll forgive you for offending me with your ignorance, " qu Hongyan said coldly. if there's a next time, as long as you have the slightest intention to deal with li Yunxiao, you won't be able to keep your head!

Li Huachi reached out his hand, patted him on the shoulder, and said, " "Not only will we lose our heads, but the Dragon's Tooth villa will also be finished."

Jue Tianhan immediately understood where he had gone wrong, and he silently blamed himself. As a member of an overseas aristocratic family, he had not heard much about the affairs of the continent, so he should not have spoken so casually. There were many hidden dragons and crouching tigers on the continent, and a single mistake could have brought about a fatal disaster.

“It was this one’s slip of the tongue, please don’t blame me,”

Jue Tianhan could also be considered an outstanding person of his generation, and he was able to adapt to circumstances. After thinking things through, he immediately apologized. At the same time, he turned his gaze to Xue Chenxi. They were both members of an overseas sect and also members of the earth Alliance, so he hoped that she would put in a good word for him.

he doesn’t know about the matter between you and Li Yunxiao,” Xue Chenxi said. he doesn’t know about the friendship between li Yunxiao and big brother li. This is a critical time, so I hope you don’t take it to heart.

Qu Hongyan retracted her sword and said, “I’ve already seen it and I’ve already spared him once. No matter what time it is, there won’t be a next time!

Jue Tianhan wiped his neck, and his entire body trembled. He hurriedly cupped his fists, and said, “Don’t worry, Palace Master Hong Yan, there won’t be a next time. Speaking of which, young master Yunxiao and I are friends.”

Ning keyue suddenly smiled bitterly. I’m really happy to see you guys reunite with the person you love.

Qu Hongyan did not know what to say. “Murong Zhu, he’s so weak!”

Ning keyue shook her head. he really died a long time ago. Now, apart from his body, his entire soul is filled with thoughts. There was a trace of sadness in her eyes as she said, “I don’t know what I’m still infatuated with and obsessed with. Perhaps even if it’s just my body, it can calm me down, or perhaps it’s more like I’m willing to do it.”

“What do you mean?” qu Hongyan was shocked.

Ning keyue said, 'if I didn't follow him willingly, the sinkhole wouldn't have had the chance to occupy my body. Although I can't turn back now, I've never regretted it since I left the red moon City.'

Their hearts trembled slightly, and they couldn't help but feel sympathy.

They were both emotional people, so they could understand the pain. For ning keyue, prosperity was in the past, and now only withering was left.

Ning keyue tied up her hair and smiled miserably. "Now is not the time to talk about this. You must remember my words and leave quickly. The next time the ultimate takes control of my body, I'll become even more lost, and the degree of fusion will be even greater than now."

...

"Take care of yourself," qu Hongyan said.

She couldn't bear to look at ning keyue anymore, so she turned around and left. The other three also waved goodbye.

Ning keyue began to cast a spell with one hand to dispel the illusion.

All of a sudden, a ray of golden light descended, and Tian si appeared beside her. She frowned and said, "Why did you come out?"

Ning keyue was stunned and smiled bitterly. "do you hate me that much?" she asked.

what?! Tian Si's face was filled with displeasure, "do you know that this will spoil the ultimate's plans?!"

they're my friends," ning keyue said. I can't watch them be killed by the ultimate.

“Save a friend?” Tian si sneered. Tsk, tsk, I’m really touched. Don’t you want to save the owner of this body?”

Ning keyue’s body trembled, and her chest heaved up and down violently. She only calmed down after a while and said, “You don’t need to lie to me. The dead can not be brought back to life, not to mention that big brother Murong has been dead for so long.”

Tian si laughed mockingly, “haha, who told you that the dead can not be brought back to life?” Wasn’t Yunxiao the reincarnation of Gu Feiyang? Lord guixu is an existence comparable to an ancient true dragon. He controls the rules of a realm, and whoever he wants to die will die, whoever he wants to live will Live!”

if that’s the case, why did it become half-dead by itself? ” ning keyue asked. did it not want to live? ”

...

“Ka!”

Tian Si was furious. She grabbed ning keyue’s neck and pressed her handsome and evil face close to her. Her eyes were like those of a poisonous snake.

Ning keyue’s heart ached. don’t look at me like that! she shouted. I can’t bear brother Murong’s gaze!

“Tsk, tsk.”

A sneer appeared on Tian Si’s face as he slowly retracted his hand. Then, he stabbed his hand into his chest, and with a muffled groan, a large amount of blood stained his chest.

“Argh! You!”

Ning keyue screamed and shouted, “What are you doing?”

“Hehe!”

“Don’t be so nervous, I’m just punishing you.” Tian si smiled evilly. To me, this body isn’t anything special. If I lose it, I can still find a better one. But to you, if you lose it, you’ll really lose it forever and never come back.”

Ning keyue’s breathing became rapid, and two lines of tears fell. “I beg you, please don’t do this.”

if you want this body back as soon as possible and bring it back to life, then you have to cooperate with Lord sinkhole and complete the fusion as soon as possible so that Lord sinkhole can recover his strength as soon as possible! Tian si said.

“I’ll try my best,” ning keyue said with tears in her eyes.

There were some things that one knew were wrong, but one would still persist. It was only because one was unwilling, and more importantly, because one really wanted to see you again, even if it was just once, for a moment.

“Yes.”

Only then did Tian si return to his normal appearance. After treating the wound on his chest, he said, “I’ll let it go this time. I don’t want there to be a next time. Since you’ve already come out, Lord guixu won’t be able to control his body in a short period of time, and you don’t have enough power to deal with them, so you should leave first.”

Ning keyue then calmed down and kept making hand seals. The whole world faded away and gradually left the ancient environment and returned to its original state.

Chapter 1854

1854 There can not be two tigers on a mountain

Heaven and earth returned to reality. Ning keyue and Tian si had no intention of staying any longer. They turned around and were about to leave.

Qu Hongyan and the others looked at her bleak back and couldn't help feeling emotional.

Gong yang zhengqi frowned and said, "Palace Master Hong Yan, why didn't you kill her?" Do you know that letting a Tiger return to the mountain will cause endless trouble!"

Qu Hongyan's eyes flashed with disgust and she said coldly, "I'm sorry, bengong's strength is low and I can't kill her. If Lord Gongyang feels that this is inappropriate, please go by yourself."

I'm the same," li Huachi said with a smile. I'm sorry to disappoint you, Your Excellency.

Gongyang zhengqi snorted. Although he was unhappy, he didn't say anything. "Thank you for your hard work. Once the sinkhole is gone, these demons will no longer be a threat."

All of a sudden, a powerful force erupted, shaking the world. Everyone's heart beat wildly as they hurriedly looked up.

Countless talisman light gushed out from Yi's body, and the laws of heaven and earth swirled around his body like a Whirlpool, constantly being absorbed into his body.

After killing Huangfu bi, he did not fight again. Instead, he drew all of Huangfu BI's blood and continued to absorb blood energy beads.

Although the blood energy beads were poisonous, they were still within his control.

If he lost this great opportunity, he would probably never be able to find the blood of so many experts again, and it would be too difficult to reach a higher level.

Therefore, he gritted his teeth and continued to absorb more blood after he had sucked all of Huangfu BI's blood. The blood energy beads that filled the sky were like a huge net, pouring into his body endlessly.

Finally, after a great accumulation, he broke through the shackles of the peak and stepped into the void divine realm.

“Hahaha!”

Mo stood in the sky, laughing wildly. He retracted his aura and stopped the blood seal.

The essence energy on his body rippled out at an extremely mysterious frequency, and the surrounding demon clan members could not help but want to prostrate in worship.

He broke through on the spot, which shocked everyone. Even Huang and ao changkong, who had been chasing him, sensed it. Huang stopped in shock.

He did not pay much attention to the returning ruins and Tian Si's defeat just now, but now that Yi had stepped into the extreme void, his face turned cold, and he immediately stopped chasing ao changkong.

The two of them separated from each other in the sky and flew down to their respective camps like meteors.

As soon as ao changkong's figure landed on the warship, he could not help but spit out a large mouthful of blood. The blood landed on the warship and glowed golden. It took a few breaths for it to turn back into normal blood.

“How is it?” Amaterasu hurriedly stepped forward.

Ao changkong took a deep breath and said, “so strong!” By relying on the power of nothingness, he seems to be able to maintain the void extreme divine realm without limit!”

“Maintain the Kasaya without limit!”

Everyone was shocked. This was definitely not good news. Wei Wuya's face turned ugly.

“Not only that,” ao changkong said, “as the battle progressed, his degree of fusion with nothingness became higher and higher, and the power he could control became stronger and stronger. I even suspect that if he continues to fight, he might even be able to reach a higher level!”

“?!”

Wei Wuya, Gu Qingqing, and a few others gasped. The void God Realm was the strongest power in the last one hundred thousand years. Even ye Nantian could only maintain it for a few hours. It was already shocking to hear that Huang could stay in the void God Realm indefinitely. It was beyond their imagination that he could reach a higher level!

‘It’s impossible that there are no side effects, right?’ Yunxiao frowned. After ning keyue was possessed by the returning ruins, she lost her mind. If desolate had fused with her too much, he should have been swallowed by Wu.”

Ao changkong pondered for a moment and said, “ it’s possible. In the battle just now, I could clearly feel that he still had more power. It seemed that he was drawing it out but not releasing it. Now that Feiyang has said it, I seem to understand. He doesn’t dare to borrow that even stronger power.”

Gu Qingqing’s eyes lit up, and she said, “yes!” After all, Wu was an existence that could even devour him. If it was so easy to control the desolate energy, there would not have been a need to open the seal of five Cloud Mountain and work together with Yi to deal with Shang! Once he borrows too much power and allows nothingness to start devouring, he will be the first one to seek death!”

this is indeed a delightful speculation, ” Yunxiao said. but whether it’s true or not has yet to be proven. However, now that two void-extreme divine realm experts have appeared in the demon race, it’s beneficial to us.

The entire monster race was extremely nervous as they watched the two leaders stand in the sky. They could not help but break out in cold sweat.

One mountain can not accommodate two tigers, everyone understood this principle.

If Shang was still around, the three of them would be able to restrain each other and form a united force against the external forces. Now that it had become a situation where two tigers were fighting each other, the entire demon race would not be at peace before the throne of the demon Emperor was finally claimed.

“Congratulations, Mr. Nie,” Huang said coldly while staring at Yuan. There’s one more person at the top of the sky.”

Mo chuckled and said, “thank you, Lord Huang.” The scenery in the sky of the void God Realm is really good.” His presence stayed at the void God Realm for a moment and then fell back to the peak. He couldn’t maintain it for long.

Huang’s expression changed drastically. The way the other party addressed him had changed from “Your Majesty” to “Lord Huang. it was clearly a change in their stance. Although the sky above the peak is beautiful, it can’t accommodate so many people. I’m already feeling a little crowded.”

“Hahaha!”

Mo Kuang laughed a few times, and his eyes flickered with coldness.”It can’t be helped if there are too many people. This is not up to Lord Huang’s wishes.”

it’s possible to change a little bit, ” Huang said coldly. for example, you can artificially reduce one or two numbers.

The referee held the bone-scale double-edged sword in his hands, and the chain spun in the air, making a clattering sound. then, I wonder who Lord Huang wants to cut off? ”

Desolate’s face was ashen. Anger and frustration surged in his heart. If he attacked Yuan at this moment, the entire monster clan would be finished.

However, if he didn’t get rid of him now, there would be endless trouble in the future. However, there was still another problem. With his current strength, if he wanted to leave, could he get rid of him?

Unless he extracted the power of nothingness excessively, but if he did that, the consequences would be dire.

The thought of Wu's terrifying devouring power, if he was not careful, he might even be killed.

Huang's face was filled with conflict. He was extremely regretful that he hadn't killed him for the Buddhist Demon Sacred art.

Al Sheng was afraid that the two of them would have a conflict, so he said, "Your Majesty, you can't."

Huang looked at Al with a pleading and worried expression. He snorted and clenched his fists. "Get lost!"

Mo Yun laughed and didn't take it seriously. She said loudly, "Little ones, follow me!"

There was a commotion in the demon Army. Hundreds of people flew up directly and arrived behind Yi. They were all his subordinates who had followed him out of the five Cloud Mountain.

The referee's face twitched. He was also very distressed. Only four or five hundred people were left from the 3000-strong Army. Nine-tenths of the Army had been killed or injured. This outcome made him feel dizzy, as if it was not real.

He looked at the battleship in the distance with a gloomy face and said, "Gu Qingqing, let's go!"

Although the humans had guessed Gu Qingqing's identity, it still caused an uproar when mo said it himself.

...

Yunxiao frowned and stopped her, saying, "Don't! We'll find a way to deal with the restriction on your body!"

Gu Qingqing pushed Yunxiao's arm away with a smile and said, "He's not the only one in the world who can break this restriction, but it's more difficult to ask the others to help than him. Don't worry, I'll be fine. The realm of heavenly martial arts is very dangerous. My little lover, don't run around. Wait for me to come back and find you."

"Hehe."

Gu Qingqing laughed heartily, and without any reservation, her figure flashed and she was about to fly away.

Suddenly, Yunxiao thought of something. He reached out his hand and suppressed her light, then said, "I forgot something. Can you give me the five Cloud Mountain?"

Gu Qingqing was surprised. She stretched out her hand, and the five Cloud Mountain appeared in her palm, emitting a red light. "You want this?"

Yunxiao's eyes shone with a hot light as he nodded heavily.

"Hehe, it's not that I can't give it to you, but I don't like to do things without any benefits." Gu Qingqing tilted her head and laughed.

"Hmph, you talk too much. Just tell me what you want. This young master will agree to everything!"

Yunxiao snorted in dissatisfaction and reached out to grab it. Gu Qingqing did not Dodge, and the five Cloud Mountain was caught in his hand and put away in a flash.

Since he had promised her one thing, and Yunxiao's body was still under her control, he would have to do it even if she forced him to do ten or a hundred things.

...

"Hahaha."

Gu Qingqing laughed and disappeared from the battleship in a flash. She appeared directly next to the judge and laughed, "Congratulations to little Cang Cang for stepping into the void extreme divine realm."

Hmph! mo snorted. cut the crap. Let's go!

The group of demons flew into the distance under the watchful eyes of the crowd.

The judge's eyes were cold and full of mockery. He only heaved a sigh of relief after flying for thousands of feet.

Although he had broken through to the void divine realm, the poison in his body became out of control within a few breaths of the breakthrough, wantonly destroying his body. On the contrary, he could only suppress the poison after falling back to the peak of perfection.

If desolate had really made a move just now, it would have been a huge problem. Fortunately, desolate had many concerns.

Seeing Yuan retreat with hundreds of Monster Warriors, desolate's face was grimaced. Today's battle had cost them a lot of lives. Almost all of them were elite warriors. The future situation would be unpredictable.

Al's eyes were also filled with pain as it stepped forward and said, "Your Majesty, let's go."

Desolate knew it was useless to stay here, so he shouted, "Let's go!"

"You want to leave now? In your dreams!"

Wei Wuya shouted, "Surround them!"

At this moment, Asura ghost only had nine people left. He rushed forward to "surround" the demon Army, but the number of nine people was laughable.

"Lord Gongyang!" Wei Wuya turned around.

Gongyang zhengqi was the most powerful force at the moment. The Golden-armored warriors and members of the earth Alliance, especially the high-end combat forces, occupied more than half of the available combat forces. Ao changkong, Jue Tianhan, and Gongyang zhengqi himself.

Chapter 1855-declining

Gongyang zhengqi pondered for a while and looked at the crowd."What do you all think?"

Wei Wuya flew into a rage. He couldn't even command Gongyang zhengqi anymore. It was as if Gongyang zhengqi didn't even put him in his eyes.

the demon race is on the verge of collapse! he said angrily. are you still disloyal?!

Gongyang Zheng asked curiously, "a starving camel is still bigger than a horse. The few of us left might not be able to hold off the thousand elites of the demon race. There's also the demon Emperor Huang. Even Lord changkong is no match for him. Who can stand up to him in the world?" Is Lord Wuya certain that we'll be able to take them down?"

"Nonsense!" Wei Wuya laughed coldly. Ao changkong, qu Hongyan, li Huachi, and Lord Gongyang are all here. Almost half of our clan's top Warriors are here. Are you joking with me if you still can't keep Huang here?"

"Of course I'll do my best, but are the other Lords willing to do so?" Gongyang Zheng asked.

"Ahem."

Ao changkong clenched his right hand into a fist and coughed a few times. He stretched out his hand and saw that he had coughed out blood. He said, "In the battle just now, I've already been seriously injured. It's really not suitable for me to fight anymore."

we've never stopped either," li Huachi said. we're already exhausted. I'm really sorry, but we can't keep you company.

Qu Hongyan was the only one left. Her face was calm and she did not express her opinion.

After all, the divine cloud Palace was the head of the seven major sects and the first sect in the world. As the palace Master of the divine cloud Palace, she had great responsibilities, unlike ao changkong and Li Huachi, who were free and could not let go of many things.

"Good, good! You're all very good!"

Wei Wushang's body trembled with anger, his hair and beard flying in the wind, but he could do nothing but sulk.

Wei Qing's face was also gloomy, and he didn't say a word.

"Your Excellency is also very good," li Huachi said with a smile.

Desolate's cold voice came with a hint of mockery. hehe, it seems that the human race is not United. Hahaha, since you don't dare to fight, I won't keep you company!

With a wave of his hand, he left with more than a thousand demon elites with a heavy heart.

This battle was unprecedented in the history of the demon race for tens of thousands of years. It made the demon race, which was already in a remote corner, even weaker and more unstable.

Shang and Li were already unconscious from their injuries and were taken away as prisoners.

"This matter has been settled. Chenxi, let's go."

Li Huachi put away the zither and suddenly felt relaxed, as if there was nothing in the world that he could care about. From now on, they would fly together at the ends of the earth.

Xue Chenxi looked at Gongyang zhengqi and nodded. earthly venerable, thousand leaves Island will withdraw from the earth Alliance, and I will pass my position to qingsi.

Gongyang zhengqi had a reluctant expression as he waved goodbye. "Since Palace Master has already made your choice, I won't keep you."

Xue Chenxi smiled, took li Huachi's arm, and left together.

Oh, right! Yunxiao suddenly called out. busker, thank you for what you did in Yanwu last time!

Li Huachi didn't even turn his head. He waved his hand and said, "I owe you a favor from back then, so I'm just returning it to you. We'll meet again when we meet again."

The crowd watched the two of them disappear into the sky. They were envious, but there were also some who were disdainful.

After all, everyone's pursuits were different. Among the current survivors, almost all of them were famous existences on the continent. Many of them were wholeheartedly pursuing the pinnacle of martial Dao and simply disdained the relationship between men and women.

Gu Feiyang had done the same in the past. He could not help but sigh and steal a glance at the person beside him. Qu Hongyan immediately sensed it and revealed a resentful expression.

Xuan Hua suddenly laughed out loud and said, "haha, there'll be one less competitor on the Billboard in the future." After li Huachi leaves, he'll be immersed in love, and his cultivation won't increase anymore. He'll just wait for me to surpass him."

you're wrong, " Yunxiao said. these two are an immortal couple. You play the zither, and I use the sword, shining on each other. When we meet again in the future, I'm afraid you'll be even more inferior.

what? ” Xuan Hua frowned when he heard that and said, ” hearing you say that, I have to hurry and pick up a girl too? ”

“Don’t you have one?” Yunxiao raised his eyebrows.

Xuan Hua’s face pulled down, full of black lines, and said, ” “You, you can’t be talking about Yingluo.”

it’s good that you understand, ” Yunxiao said with a smile. you don’t have to say it out loud.

Xuan Hua clutched his head and shouted, ”just kill me!” Other than her bigger breasts, longer legs, and slimmer waist, what else is worth hitting on?”

Qu Hongyan laughed and said, ” “You’re still not satisfied with a woman with so many good qualities?”

Xuan Hua stared at qu Hongyan, drooling, and said, ” if she had half, no, one-tenth of the beauty of the palace Master, I would be satisfied and would have chased her crazily.

Qu Hongyan blushed and said, ” “You’re so talkative!”

Xuan Hua shouted, ” I’m telling the truth. Look at her, she’s already so old, and she’s still a leftover woman. Now, it can be said that the leftover is the king. It can be seen how big the problem is!

Gongyang zhengqi and the others frowned as they listened. They seemed to be uninterested in this kind of thing and said, ” “This battle has come to an end for now, but I’m afraid that the situation on the continent will not be optimistic after this battle. No matter if it’s desolate or Yuan, they’re both extremely powerful forces. I don’t know how much impact they’ll have on our clan. Do you have any good ideas?”

Everyone was silent. Cangwu Qiong, who had been silent for a long time, suddenly said, ” “We can’t let them wander around the continent. Otherwise, it’ll be too dangerous. We have to gather our forces to kill them or negotiate directly. We have to give them a piece of land to stay,”

“Land?”

Everyone disagreed and shook their heads.

Although the realm of heavenly martial arts was huge, territory was the foundation of a foothold. Although it would not affect anything if it was casually divided, it would be too embarrassing.

Cangwu Qiong replied, “ actually, we don’t lose anything by dividing the land. If you don’t agree, we can only encircle and annihilate them. As long as we plan carefully and gather more experts, we have a high chance of defeating them.”

Although the human race had suffered heavy losses in this battle, there were still many hidden dragons and crouching tigers on the continent. There were still too many experts who had not participated in the battle. If they were given enough time to organize and mobilize, the demon race would not be able to stop them.

“It’s extremely difficult,” Gongyang zhengqi said worriedly.

“Tsk, it’s not just extremely difficult, it’s impossible!”

“With the sanctuary’s current strength, who else can they mobilize?” Wei Qing sneered. Those nobodies were completely useless. The ten great martial sovereigns and seven great sect Masters who were useful, who else would listen to the Holy region’s orders? And how much power did the sanctuary-realm itself have left? Hei Yuhu and Si tingyu are dead, and more than half of the Department heads are either dead or injured. I’m afraid it’ll take at least a few decades of rest for them to recover.”

I don’t think it’s a problem at all, ” Yunxiao said. the killing weapons made by you two are so powerful. As long as you can make thousands of them, not to mention demon emperors, even the four Seas will be leveled.

Wei Qing and Gongyang zhengqi almost coughed up blood from choking, and they glared at him.

The killing weapon was a secret weapon made by the two of them, and it was not glorious in the first place. Some people would say that Yunxiao's words were obviously sarcastic.

...

"If I could get thousands of them, would I still be here talking nonsense with you?!" Wei Qing sneered.

In this battle, his ghost Asura had suffered heavy losses. He was already pained to death, and now his face was covered in frost.

The discussion quieted down after a while. No one could make a decision. After all, it was a major event that concerned the human race, and even the entire realm of heavenly martial arts. They had to be cautious.

Tian Xingzi stood up and said, "everyone, take your time to think. I'll be taking my leave first." The myriad Stars Valley has suffered heavy losses in this battle, and I must return to the sect to reorganize. I'm afraid that for a long time, the myriad Stars Valley will not be able to contribute much to the human race. I hope that all of you can forgive me."

The experts who rushed over from the entire myriad Stars Valley were only left with him and another elder who was seriously injured. That elder's injuries were extremely serious, and he was afraid that half of his lifetime's cultivation would be destroyed in a day.

Although Tian Xingzi was extremely depressed, the complete annihilation of the soul Devourer sect made his blood boil. The two sects had been fighting for so long, and finally, a historical opportunity had appeared.

He planned to reorganize the experts when he returned and uproot the soul Devourer sect with the strength of his entire clan. Then, he would recruit experts from all over the world, recuperate, and dominate the Western Region.

take care, my Lord," Yunxiao said in a hurry. I'll remember your help last time.

It was only then that Tian Xingzi smiled. Last time, he had almost died in exchange for Yunxiao's favor, and it was not in vain. He waved his hand and said, "It's just a small matter, not worth mentioning. We'll talk about it another day."

He didn't wait for the others to bid farewell. He supported the elder and turned into a stream of light, disappearing into the horizon.

Hmph! Shentu yixiao snorted and said, "Is this a disguised way of telling us that the myriad Stars Valley is no longer under the jurisdiction of the Holy region?"

...

"When have the seven major sects ever been under our jurisdiction?" Cangwu Qiong asked indifferently. Tian Xingzi only told us that it's not easy to give him face."

The people of the sanctuary were all dejected. They felt a strong sense of defeat, as if they had been abandoned by the whole world.

Gongyang Zheng said curiously, "The East region's Red Moon City has fallen. The West region's myriad Stars Valley is not under any dispatch. Huangfu bi has also died unexpectedly. The seven great sects are only left with the four sects of the North Region.

the long family of the sky Ridge has gone out of control as well," Cangwu Qiong said. the new family head is feini. She seems to be young master Yunxiao's confidante.

All of a sudden, everyone's eyes were focused on Yunxiao, making him feel like he was being steamed.

In particular, when qu Hongyan looked over, two lines of cold sweat ran down her face, and her eyes flickered.

A trace of coldness flashed in qu Hongyan's eyes, but she quickly recovered and said indifferently, "Feiyang, what's wrong? Is it because the weather is too hot? You're sweating so much that your shirt is completely wet in the blink of an eye.

Yunxiao raised his sleeve and tried to wipe the sweat off his forehead, only to find that his sleeve was wet as well. Ah, yes, yes! The weather is so hot. What's going on? "

Xuan Hua said,"eh, did I?" Why do we all feel cold? Aiya, I'm so cold. Palace Mistress Red face, why has the temperature around you dropped to the freezing point? Aiya, it's so cold, it's so cold."

Chapter 1856-each with their own plans

"Yeah, it's so cold."

The people around them hugged their bodies and spread out to avoid being affected.

Yunxiao felt as if he had been thrown into boiling water, or roasted under the sun. He was wet and extremely uncomfortable.

Lord Cangwu Qiong, " Xuan Hua said. the enmity between you and Li Yunxiao has been formed. It's a fight to the death!

Cangwu Qiong coughed and said, " it's my fault. I don't know anything. I shouldn't have said anything.

well, in fact, this has nothing to do with li Yunxiao, " Xuan Hua said. I remember that feini almost died for li Yunxiao outside Red Moon City. It was a touching scene. If she hadn't given up her life, I'm afraid li Yunxiao would have turned into a skeleton long ago."

Qu Hongyan's expression changed slightly. The cold atmosphere seemed to ease up and the temperature became warmer.

Yunxiao breathed a sigh of relief. He was wet and sticky, but it was not a problem for him. With a slight circulation of his Origin Energy, he evaporated the water vapor and dried it in an instant.

if that's the case, " Amaterasu continued, " the long family and shenxiao Palace, one of the four great sects of the North, are all very close to Lord pojun.

that's good, that's good," Yunxiao said in embarrassment. but what does this have to do with you, my Lords? " Don't keep using me as an excuse, alright?"

the world is in chaos," Tian zhaozi said. I hope Sir po Jun can help.

"Hehe," Yunxiao chuckled.

Tian zhaozi frowned. The two words " hehe " were extremely hurtful, but he sighed in his heart. With a faction war in the Holy region and a great loss of vitality, it was indeed difficult to convince others.

Lord Amaterasu, you'd better reorganize the Holy region first," Yunxiao said. don't command others to do this and that all day long. First, look at what you've done. The people of the world regard you as their leader. If it's worth this young master's effort, this young master will naturally do it. "

you're right, Sir po Jun," said Tian zhaozi. it seems like I'll have to call perfected Lord Meng Ling out. The three of us will have to reorganize the Holy region.

Gongyang zhengqi's expression changed slightly, but he quickly returned to normal.

"I'll go to beiming Dark Palace and blade sect myself," Wei Wuya said,"I believe they can still distinguish the greater good."

Tian zhaozi, Gongyang zhengqi, and the others 'faces turned grave. With Wei Wuya's void extreme immortal state power, he was probably going to forcefully subdue the two great sects. Then, the power in the hands of the Wei father and son was too great, and they would not be able to get rid of it.

"We're short of people now. It's time for us to reopen the heaven and earth Power chart and select the latest generation of titled martial sovereigns to deal with the current crisis," Gongyang Zheng said curiously.

A strange look flashed in the eyes of Wei father and son. The danger Gongyang zhengqi spoke of was probably not only limited to the demon race. He was also afraid that they would make a big deal out of it, so he had thrown out a move to target them.

If another ten titled martial sovereigns appeared, it would naturally be a good thing for the entire human race. However, to the Holy region, there would be many variables.

However, Wei Qing did not object and only said, " this is a good time. I just don't know which experts will participate this time.

"Haha, I'm not interested in it anyway."

I'm old," Xuan Hua said lazily. I'm already indifferent to this kind of thing that fights for fame and profit. It's better to leave it for those young people to play with.

Yunxiao crossed his arms over his chest and said with a smile, " Aiya, I'm too young and not strong enough. I hope I don't get beaten to death on stage. It's too scary. I think I'd better not go.

Ao changkong, on the other hand, clenched his right fist and coughed. He slowly closed his eyes and began to regulate his origin power.

Tenshou's face darkened, and he said, " ahem, it's good to leave the opportunity to the newcomers. I hope they can unearth surprising power.

Tian zhaozi looked at the ruins and sighed. "I'm afraid that this place will be barren for the next few decades. We'll return to the Holy region first. Those who sacrifice themselves will erect a memorial tablet and offer it to the heavens and earth."

Everyone's expression was solemn as they mourned for the sacrificed martial artists.

Lord Amaterasu, " Yunxiao suddenly asked. where's yuan gaohan? "

Tian Zhaozi cupped his hands and said, "I have to thank Lord Po Jun for this. Thank you for taking care of Gao Han all this time." Before I came out, he was on the verge of a breakthrough, so I had him go into seclusion."

a breakthrough?!

Everyone was shocked. Yuan Gaohan was already a peak ninth-tier Alchemist. What would it be like if he made another breakthrough?

"Sir Po Jun, did you see that Al earlier?"

the light of the Sorcerer God? " Yunxiao was shocked. what? "

"I don't know what realm I'll be in after I break through, but I'll be able to possess the spell God's light," Tenshou Zi nodded.

That's great! Yunxiao said happily. At least in the next few hundred years, there will be an Alchemist in our clan who can compete with Al Hui.

The experts of the sea of soul formation frowned. It would be a bit ironic if the best Alchemist in the world was not in the sea of soul formation.

"We'll meet again, everyone," Tenshou Zi said with cupped fists.

He turned around and turned into a ray of light to leave. The rest of the Saints followed behind him.

The father and son of Wei clan pondered for a moment, then waved their hands and summoned Asura GUI. They took Meng Bai and flew away.

Yunxiao's pupils constricted as he watched Meng Bai's figure disappear, but he did not say anything.

“Lord changkong, what are your plans?” Gongyang Zheng asked curiously.

“I’ll return to the ocean with the others first, and we’ll discuss the future further,” ao changkong said.

Gongyang zhengqi nodded. that’s good. Thank you for your help.

Ao changkong and the others waved their hands to bid farewell and also disappeared into the air one by one.

Gongyang zhengqi didn’t stay any longer and also left.

As soon as the people from the Holy region and the earth Alliance left, the entire sky became empty. Only the few people from the sea of soul formation and a few surviving Warriors were left. They all sighed.

This place used to be the thousand mountains Prefecture’s territory, but now, not only was it razed to the ground, but even the victors of a hundred battles had fallen in this battle, and the entire thousand mountains Prefecture had been completely annihilated.

Yunxiao summoned everyone out of the divine realm tablet and asked Jun ruyun, ” “What are your plans?”

Jun ruyun’s face was full of worry as he looked at the land that had been changed beyond recognition. He found it somewhat difficult to accept.

Young Emperor haolian pushed him and said, ” “What other plans can I have? I’ll naturally follow master!”

Yunxiao could see his embarrassed look, so he chuckled and said, ” “Don’t worry about me, just do what you really think.”

...

Jun ruyun mustered up his courage and said, " the ancient Wu Empire is my home. Now that the thousand mountain Prefecture has undergone a great change, I'm afraid it will directly affect the situation in the Empire. I want to return to the Empire first. I'll follow master after the storm has calmed down.

Yunxiao nodded. of course. But, can you calm the storm by yourself? " Why don't you let the young Emperor help you?"

Jun ruyun smiled. I'm strong enough. If the young Emperor comes, he'll only be a burden. He'll directly drag me down.

"Damn it!"

Furious, young Emperor haolian raised his fist and was about to punch, but Yunxiao stopped him.

Yunxiao took out a Jade slip and handed it to Jun ruyun, saying, " You are the one with the highest comprehension ability among all my disciples. Inside is my comprehension of the Dao of the sword in recent years. But don't be too hasty to avoid the opposite effect."

Jun ruyun was overjoyed. He immediately knelt down and raised his hands above his head. He carefully took the Jade slip and kowtowed three times.

don't worry about it, " Yunxiao said with a smile. you can go.

"Yes, thank you, master."

Jun ruyun took a few steps back respectfully, turned around, and turned into a stream of light, heading back to the ancient martial Kingdom.

Hmph! He's too arrogant and doesn't know his place! young Emperor haolian said angrily. I'm afraid he'll die in the ancient martial Empire this time. He deserves it!

...

Mo Xiaochuan's face darkened. He frowned and said, "Your words are too vicious."

"Hmph!"

Young Emperor hao lian snorted angrily and didn't say anything else.

At this moment, the few sea of soul formation elders exchanged glances with each other, and finally, their gazes all landed on Xuan Hua.

Xuan Hua understood their meaning and went forward. "Yunxiao, are you willing to return to the sea of soul formation with me?" When he saw Yunxiao's puzzled face, he said, "Do you still remember the half-year agreement between Yu Shengfeng and the sea of soul formation outside of the red moon City?"

Yunxiao's heart stirred as he counted on his fingers. The half-year agreement was indeed imminent, and he had an agreement with nie Shengfeng. They had agreed that he would give the rainbow stone to him after he rescued yunshang.

However, although yunshang had appeared, she had not escaped, so she could not be considered to have broken her promise.

The rainbow stone in his body had already fused with his heart, so it was impossible to take it out. He could only wait for Gu Qingqing to return Luo yunshang's body and then take out the rainbow stone for nie Shengfeng.

He and Yu Shengfeng didn't only have the rainbow stone agreement, but also the place where the devil Lord PU was sealed. He had promised him that if he went to the sealed place, he would definitely bring him along. However, that seal was too important, and he was afraid that he would never go there again in this life.

But if he went to the sea of soul formation and met with Yu Shengfeng, would he let him go? After all, it was very likely that there were still ten rules left in the sealed land, and it was where the opportunity to truly step into the godly state lay.

you're still an honorary elder of the sea of soul formation after all," Xuan Hua said when she saw him hesitating. and have you forgotten about yang di?"

Yunxiao's heart trembled as he thought of his disciple. "Alright, I'll go with you to the sea of soul formation."

Xuan Hua was overjoyed, and the few elders of the sea of soul formation realm also revealed rare smiles.

All of a sudden, a cloud appeared in the sky, and a large number of figures slowly descended from the void, accompanied by a sky full of flowers. They were all women.

"Greetings, Palace Master!"

There were more than a hundred women who flew to Qu Hongyan and bowed.

They were the reinforcements from Shenxiao Palace. The world had been sealed previously, and the passage could not be opened. They had only arrived at this moment.

Behind all the women, only one man stood calmly. It was a black-robed old man. Yunxiao was slightly surprised that the old man would rather ...

When he looked carefully, Ning Keyun was also among the many disciples, as well as the elders who had been defeated when he went to Shenxiao Palace not long ago.

The few elders had also discovered his presence, and their expressions were not too good.

Yunxiao smiled. He would not pay any attention to these people.

Qu Hongyan said, " I didn't expect Lord Hua Shang to come out of seclusion. I'd rather come as the city Lord. Both of you have worked hard. Everyone has worked hard too. There's no need to be so polite.

Chapter 1857

1857 How many beautiful women

"Palace Master, you're being too serious," ning Kewei said.

The leading lady was wearing a purple dress with a hundred silver butterflies embroidered on it. She had a natural charm and said, I heard that the demons are invading five Cloud Mountain. I came here on orders, but I didn't expect to be too late. I wonder what the outcome was? "

Qu Hongyan said, " it's a long story. I'm afraid the whole world will know about this soon. Please tell martial granduncle zhihan that I have to leave for a while and can't go back in time. I'll leave the matters of shenxiao Palace to Hua Shang and the elders to bear."

Hua Shang was quite surprised. She gave Yunxiao a look and seemed to understand what was going on. "Shenxiao Palace is about to leave the mountain. It's not good that the palace Master is not in the mountain, is it? In addition, there are so many things happening in the world now, if there is no Palace Master to hold the fort, it would be unreasonable."

Qu Hong's face turned pale. Obviously, she did not want to leave Yunxiao, and she did not even want to be the palace Master."Did you find Junting?"

Many people frowned and looked at Yunxiao.

Qu Hongyan noticed something strange and said, " "What's wrong?"

Yunxiao touched his chin, not knowing how to start, so he said, " han Junting was in my divine realm tablet. It's hard to explain the whole story. She wanted to kill me, so I caught her. But the details are a little complicated.

Qu Hongyan's face darkened and she said, "Junting is really reckless! Elders, did you not know what Junting had done, or did you deliberately keep it from me?"

Luo Chunrou and the others' expressions changed drastically, and cold sweat began to form on their faces. They hurriedly said, "We didn't know."

Qu Hongyan asked, "What about Grandma Sunflower and the String Girl?" Bengong told you to stay by Junting's side, don't tell me you don't know!"

Grandma Sunflower and the String Girl's faces turned ashen as they hurriedly kowtowed in the air, not daring to speak.

Qu Hongyan waved her hand, and a force held the two of them back. She said, "You don't need to take the blame now. I'll investigate this matter thoroughly and punish you according to your crimes!"

The two of them shuddered and did not dare to kowtow again.

Feiyang, "Qu Hongyan said. Han Junting is both my disciple and a disciple of Shenxiao Palace. I hope you can return her to me. I will give you an explanation.

There's no need for an explanation between you and me," Yunxiao said with a smile. However, I can tell that Han Junting is intelligent and cunning, so you must keep a close eye on her."

A ray of light shot out from his forehead and Han Junting appeared.

As soon as she saw Qu Hongyan, she cried out 'master' in surprise and hurried forward. When she saw Yunxiao, many elders, and disciples present, she immediately understood something, and her face turned pale.

"Do you still see me as your master?" Qu Hongyan said coldly.

Han Junting bit her red lips and knelt down immediately. Her eyes were filled with hatred. I just want to avenge my master. Who is Gu Feiyang? why is he worthy of my master's love? "

"Shut up!"

"It's none of your business!" Qu Hongyan said angrily.

Han Junting did not dare to make a sound. She lowered her head and dug her nails into her flesh. She felt as if her heart was being cut by thousands of knives.

go back to the cliff of reflection, " qu Hongyan said coldly. you're not allowed to leave without my order!

"Yes!"

Han Junting's face was dark as she replied.

Qu Hongyan could see that she was unruly. She sighed in her heart and said, " "Lord Hua Shang, you will be in charge of Jun ting's matter, you must not tolerate her!"

"That's not a problem," Hua Yao said,"but is the palace Master really not going to return to the mountain?" I can't answer to martial granduncle Zhi Han."

Qu Hongyan took out the sect leader's token and handed it over. "You can use this as an explanation."

Hua Shang took the token. Although she frowned, she didn't say anything.

Qu Hongyan looked at the father and daughter, ning Kewei and ning keyun, and then at Yunxiao. She wanted to say something, but she did not know how to start.

"Palace Master Hongyan looked at me as if she wanted to say something, but she stopped herself. Have you seen my daughter?" ning Kewei asked.

yes. qu Hongyan nodded and said, " ning keyue's body has been taken over by the ultimate. She then explained in detail what ning keyue had said when she regained her consciousness during the battle with the ultimate.

Everyone was taken aback by his words. Yunxiao's face was even gloomier, and his eyes were rippling.

If Murong Zhu hadn't died for him, ning keyue wouldn't be in such a state. If Jiang Churan hadn't died for him, Red Moon City wouldn't have fallen to this day.

And all of this originated from the Eastern Region's celestial realm, from the moon pupil clan!

Ning keyun couldn't help but cry."In that case, my sister won't be able to return."

Ning Kewei's forehead was also wrinkled, and the wrinkles on his face suddenly increased. He seemed to have aged dozens of years in an instant.

Qu Hongyan said, " there is no absolute in everything. We can only take one step at a time. As long as Feiyang is not captured by them, the ultimate will not be able to recover its full power. It should not be able to control ning keyue completely.

Although these words were just wishful thinking, they also gave the father and daughter a lot of comfort.

kill tiansi! Kill the ruins of end! ning Kewei said coldly.

Yunxiao frowned. I'm afraid it won't be easy to kill them. Perhaps we'll have to ask for the help of that Lord. But, he's a coward.

"Could it be the Emperor of the Sea, poron?" qu Hongyan asked in surprise.

Yunxiao nodded and said, "only the eye of truth inherited in the Bo family's bloodline can see the truth of all laws. Only then can we break the illusion of the ultimate, or the Suan ni. or maybe I can cultivate wondrous spiritual eyes to the extreme. But the fifth level of wondrous spiritual eyes is still a long way to go. I don't know when I can cross the boundary.

"Polong's status is extremely noble, so he won't help us easily," qu Hongyan said.

Xuan Hua cried out and said,"ah, I remember!" The beloved daughter of the sea Emperor, the princess of the four Seas, seems to be deeply in love with Yunxiao. If I'm not wrong, she has also appeared in the previous battle."

Yunxiao trembled as he immediately felt qu Hongyan's strange gaze. Cold sweat trickled down his face as he said, "Don't, don't listen to his nonsense!"

Qu Hongyan nodded and said slowly, "How many other female confidants do you have? tell me."

Yunxiao touched the cold sweat on his forehead, not knowing what to say.

Qu Hongyan said, "I remember it too. There was a very cute little sister who was taken into the divine realm tablet by you. She should be the princess of the four Seas, right? "

Yunxiao wiped his sweat and said in embarrassment, "Yingluo, is there? How come I don't remember, Yingluo?"

Qu Hongyan did not pull a long face like before. She said indifferently, "Since you've managed to get your hands on the princesses of the four Seas, it shouldn't be a problem to ask Poseidon to help you. We need to plan this out carefully and secure victory in a single strike. Otherwise, if we let the guixu ruins and tiansi escape, it'll be difficult to encircle them again."

Ning Kewei cupped his fists. I will listen to the palace Master and young master Yunxiao's advice on how to do this. I would rather go through water and tread on fire than hesitate!

...

you're welcome, my Lord," Yunxiao quickly replied.

Xuan Hua said, "encircling and annihilating the ruins of end and tiansi is a matter for the entire world. We can't let you guys fight alone. We should let the sanctum do their best for this matter. My sea of soul formation will definitely not stand by and watch.

the sacred zone is in a terrible state right now," Yunxiao said. we'll see what happens after tenzhaozi is reorganized. We can't place our hopes on them. We have to rely on ourselves.

that's right," qu Hongyan also said. with the strength of the few of us and the sea emperor's palace, it should be enough.

Yunxiao frowned slightly. The ocean emperor's palace was an extremely powerful existence in the eyes of the world, but Yunxiao knew that Poseidon was no longer as brave as he used to be, and it was hard to say whether he could resist the ultimate.

as long as Yunxiao is still an elder of the sea of soul formation, this matter is also a matter of the sea of soul formation," Xuan Hua said. the sea of soul formation will definitely not sit by and do nothing.

The other elders nodded as well. Their meaning was clear. As long as Yunxiao was still an elder of the sea of soul formation, he could use the resources of the sea of soul formation and get the greatest support. Otherwise, he would be doomed.

Yunxiao understood that as well. He smiled and said, "In that case, let's not delay any further and head to the sea of soul formation first. We're all seriously injured, and I'm afraid that we won't be able to recover without a few months of light."

Xuan Hua laughed and said,"with the resources of the sea of soul formation, these injuries are nothing." My friends, you have been brave and tenacious in this battle. You have done your best and made great contributions to our clan. The sea of soul formation will not be stingy. If you need any help in the future, you can come to the sea of soul formation at any time."

With a wave of his hand, he shot out more than ten beams of light toward the crowd.

Those martial artists were all overjoyed. They hurriedly grabbed it in their hands. It was an arrow with a mark on it.

...

To them, being able to find the sea of soul formation to do something was a great way to make up for the losses of this battle. Many small sects had been completely annihilated in this meat grinder, and they were considered extremely lucky.

Many thanks, Lord Xuan Hua!

The dozen or so people all hurriedly expressed their thanks.

Xuan Hua smiled and said, "it's what I should do." Yunxiao! he turned to Yunxiao and said, " we should get going, right? "

"Alright," Yunxiao said. He put mo Xiaochuan and the others back into the divine realm tablet.

The elders of the sea of soul formation were envious, but they did not dare to go in and experience it.

One of the elders took out a battleship, and everyone entered it one after another. Then, they turned into a stream of light and disappeared into the sky.

"Let's go too," Hua Yan said.

Luo chunrou's face was gloomy and uncertain. She said, " "Palace Master has left with Gu Feiyang, I'm afraid it'll be hard to explain to first Supreme elder."

Hua Shang said indifferently, "the sect leader's token is with me. This is an explanation." There's no need for you all to say anything, I have my own plans for this."

Luo chunrou's face was filled with displeasure. She snorted and said, "Should we just open the passage and go back?"

we're too far away," Hua GUI said. it'll take too many resources to tear a passage, and it'll be difficult to locate it accurately. We'd better find a sect nearby with a teleportation formation and take it one step at a time.

"Stay by my side and don't leave," she said to han Junting.

Han Junting was extremely displeased, but with Hua Shang's finger on her body, all her cultivation was sealed. She could only look on with anger.

Chapter 1858

1858 Sun Moon Crystal Toad

Hua Shang ignored her anger and left the sky with the people of shenxiao Palace.

Only the rest of the seriously injured martial artists were left. They supported each other and left.

A moment later, a large number of runes appeared in the sky. They formed a circle and spun continuously. Gradually, they condensed into a round profound level weapon. On it, there were engravings of the four directions of heaven and earth and boundless light.

A figure appeared on top of it. He swept his gaze around and held his chin with one hand as he fell into deep thought.

Soon after, the runes flew into the round profound level weapon and disappeared with the figure.

Somewhere tens of thousands of miles away, seven to eight warships appeared in the sky. They were not of high grade, and the one at the front was only a sixth-grade blueluan warship.

The battleship was filled with injured demon race members, all of them sitting cross-legged to recover without exception.

Inside the blue luan warship, Gu Qingqing kept talking, which made Mo frown. Finally, he couldn't help but shout, "Shut up! Are you done?"

Gu Qingqing mumbled, "Great! You're actually scolding me. Do you still want the Buddhist Demon Sacred Art?"

"If it wasn't for the Buddhist Demon Sacred Art, I would have torn your mouth apart long ago!" Mo Nu said. "B*tch, you're a b*tch! Can't you be quiet!"

Gu Qingqing was furious. She was about to jump off the battleship and said angrily, "If you call me a b*tch, don't even think about getting the Buddhist Demon Sacred Art in this lifetime!"

Mo Kuang felt dizzy. A killing intent welled up in his heart. The poison in his body grew stronger and stronger along with the killing intent, causing his face to almost turn green.

Suddenly, Gu Qingqing calmed down. She stood on the battleship and looked up at the sky in the distance, showing a surprised expression.

Richard also noticed the abnormality and followed her gaze.

Countless runes flew out in the sky and circled in the air.

"Stop!"

The judge immediately ordered the battleship to stop when he found something strange. He vigilantly looked ahead.

A round profound level weapon gradually appeared among the countless runes. The engravings on it were wide and horizontal, giving off a feeling of vastness.

Gu Qing Qing's eyes were filled with doubt, and she suddenly exclaimed, "Universe light plate!" He had just seen Cangwu Qiong use the cosmic light plate during the battle of five Cloud Mountain and immediately thought of this item.

"Tsk, tsk, this little girl has good taste."

A figure appeared on the space light plate, and with a casual grab, the space light plate was put away. His eyes fell on Gu Qing Qing, and with a look of surprise, he said, "A descending technique?"

Gu Qing Qing was shocked. The other party actually saw her abnormality at a glance, and said in surprise, "Who are you?"

The man was Wu Dacheng. He chuckled and said, "I don't know who you are, and you don't need to know who I am." He twisted his waist, then looked at the referee and said, "I heard that you have three pieces of the remains of a true dragon on you. They are the bones, scales, and tendons. Can I take a look?"

Gu Qingqing was shocked. She now realized that the Dragon lock starry sky was actually a Dragon tendon. No wonder it was so strange.

Yi's expression changed drastically. Although he knew that the bone-scale blades were extraordinary, he only realized that they were the remains of a true dragon after this battle. He didn't know what the Dragon lock starry sky was either, but the other party knew that it was Dragon tendon. Furthermore, the bone-scale blades had been in the five Cloud Mountain for thousands of years, but this person had never seen them before.

Who are you?!

hehe, why do we need to be so familiar when we've just met? let this Lord take a look first. Maybe I'll like it.

"Like your head!" "Get lost if you don't want to die!" Mo laughed in anger.

Wu Dacheng's eyes flashed with a cold light. He sneered, "I can see that you've been poisoned by the seven Illusion Green damask. This poison moves along with the fluctuations of your Yuan power. The stronger the power you use, the stronger the poison will be. If you want to kill me, I'm afraid you'll be poisoned to death first."

Mo was shocked. His current symptoms were exactly like this. He said in shock, "You, Sir, do you have a way to resolve this?" His tone immediately became dispirited.

"I happen to have some antidotes on me," Wu Dacheng said with a smile. He stretched out his hand and there was a Jade box in his palm. It was crystal clear and one could directly see the item inside. There was a green toad lying inside, and it was unknown whether it was alive or dead.

Gu Qing Qing's pupils shrank, and she cried out, "Sun Moon Crystal Toad!"

I don't know who you are," Wu Dacheng praised. but since you can perform the descending technique, you must be a powerful figure in this world. You are indeed knowledgeable.

"You have the universe light plate and the sun Moon Crystal Toad. Who are you?" Gu Qingqing asked in a low voice.

"Hahaha."

there are countless strange people and strange things in the world," Wu Dacheng said with a smile. how can you know everything?"

"Gu Qingqing, what is this Sun Moon Crystal Toad?" Yi asked.

Gu Qing Qing was silent for a while, then said, "This item has only been recorded in ancient records, and many people even suspect that it's just a legend. It's an ancient true spirit that possesses great power and can dispel all abnormalities. After it dies, it will transform into this Jade-like form, called the sun Moon Crystal Toad."

Gu Qing Qing saw that he was a little tempted, and was afraid that he would be fooled by the other party, so she quickly said, " "However, what you've been poisoned by is one of the most poisonous poisons in the world, the seven Illusion Green damask. I've never heard of anything that can cure this poison."

"If it were an ordinary Sun Moon Crystal Toad," Wu Dacheng said with a smile, "I'm afraid there's no cure for it if the poison reaches the bone marrow. However, you're suppressing the poison to a certain extent, and the one in my hands is the sun Moon Crystal Toad King."

The green toad was the size of a fist, and it was very lifelike. It didn't look dead at all.

Mo swallowed and couldn't help but say, " "Can this thing really cure the poison in my body?"

"I guarantee that the medicine will cure the disease," Wu Dacheng said with a smile.

The referee fell silent. He was in a very high realm. Although he did not know how to detoxify, he could tell from the feeling in his heart that the item in Wu Dacheng's hand was what he wanted.

"Then how can I obtain the sun Moon Crystal Toad in your hands?" Richard said the main point of the conversation.

"Hehe."

"I'll exchange it with dragon bones, scales, and tendons," Wu Dacheng said with a smile.

"What?"

"You want my bone-scale double-edged sword?" mo was furious and shouted. In your dreams! At most, I'll let you take a look!"

Wu Dacheng squinted his eyes and put away the sun Moon Crystal Toad with a flip of his hand. He touched his chin and said, "See? That thing wasn't pretty, so what was there to look at? If you're only going to let me take a look, then I'll have to give you the sun Moon Crystal Toad."

Mo's body burst with killing intent. With a wave of his hand, hundreds of his subordinates flew up and surrounded Wu Dacheng.

"What, you want to fight?"

Wu Dacheng sneered and looked fearless.

...

I can't give you the bone scale daggers," Mo Han said coldly. the sun Moon Crystal Toad must also be left behind!

Wu Dacheng looked at him meaningfully and said, "Be careful not to be too greedy and end up with nothing."

Mo's heart trembled. Wu Dacheng's sharp gaze seemed to penetrate his heart. He instantly felt as if his soul had been seen through. He was so shocked that he took in a deep breath, making him hesitate.

The other party had appeared out of thin air, and he had many treasures on him. Clearly, his background was not simple. He was also extremely poisonous. If they really fought, it was unknown who would win. More importantly, if he lost the sun Moon Crystal Toad, he really didn't know how to get rid of the poison in his body.

"You should state your conditions. These bone scale blades have accompanied me since I was young, and it is difficult to part with them." The referee gave in.

Wu Dacheng said, "it's precisely because it's hard to part with one's love that it highlights the preciousness of life." If you die from the poison, the bone scale blades will be gone, and I'll come back to

get them. In my opinion, if you can't detoxify it, you'll die of poison in three years at most. I can still wait for a mere three years."

"Nonsense!" Mo angrily said. As long as you hand over the sun Moon Crystal Toad to me, I will owe you a favor. In the future, I will not hesitate to go through fire and water!"

tsk, tsk, " Wu Dacheng said sarcastically. you won't even give me a pair of weapons, and you say you'll go through fire and water? don't you think that's too hypocritical? "

"If that's the case, I'd like to see how you can take my weapon!" Mo said sternly.

"Kill!"

With that one word, mo instantly raised his strength to the peak of greater heights and slashed out with his saber!

...

"Swish!"

Wu Dacheng's figure was cut into two, but it was only an afterimage.

Wu Dacheng's figure appeared a few feet to the right. He said coldly, " "Since you're seeking your own death, I'll be leaving. See you in three years. No, I mean, you won't be able to see me when I come back to see you three years later."

After a few long laughs, the universe light plate flickered and he disappeared into the sky.

Yi's face was extremely gloomy. The moment he moved his blade, the poison in his body acted up and spread to his limbs and bones, showing signs of almost losing control.

If this continued, he would probably die in less than three years.

At that time, there were many people who were poisoned, but no one was like him, who had absorbed countless blood energy beads, all of which were poisoned. If it were not for his own tyrannical strength and the blood Art's own purification ability, he would have fallen down long ago.

Gu Qing Qing looked at him and said, "if that thing is really the sun Moon Crystal Toad, it might be the only thing in the world that can save you." It's said that there are a few other sacred objects that can cure poison, and the difficulty of finding them won't be any lower than this Sun Moon Crystal Toad."

The referee gritted his teeth and immediately shouted, " come out! Friend, come out! I'm changing!

Although the bone and scale blades were important, they were not more important than his life.

"Haha, a wise man submits to fate. Perhaps you'll have the chance to take this blade back from me in the future. Haha."

Wu Dacheng suddenly appeared in the distance, his eyes full of ridicule. Obviously, he didn't think that the other party would have such an opportunity.

"Bring me the sun Moon Crystal Toad first!" Mo Han said. Otherwise, what if I give it to you first and you run away with the cosmic light plate?"

Wu Dacheng laughed. since you don't trust me, that's fine. Let this little girl be the middleman. We'll give her all the treasures.

Gu Qing Qing laughed and said, "hehe, you think so highly of me." But you have a good eye, this lady is that reliable!"

"Cut the crap!" Mo snorted.

He couldn't wait any longer, and threw the bone-scale blades to Gu Qingqing.

Wu Dacheng took out the sun Moon Crystal Toad and handed it over.

The transaction process was smooth, and Gu Qingqing smoothly switched places. She put the bone scale double blades in Wu Dacheng's hands, and her fingers seemed to touch them, intentionally or otherwise.

Chapter 1859-seeking a breakthrough

Wu Dacheng immediately sensed it. His pupils contracted, and then he showed a half-smile and turned his palm to touch it. At the same time, he said with a perverted smile, "Hehe."

Gu Qingqing was so scared that she quickly withdrew her hand, and he touched nothing.

what?" Wu Dacheng chuckled. you're the only one allowed to touch me, but I'm not allowed to touch you?"

Gu Qingqing dodged a few hundred feet away and said, "Stinky and shameless, this lady is as pure as ice and as clean as Jade, how can I let you touch me as you wish!"

"Haha, not bad, not bad. I like it. You can consider following me." Wu Dacheng laughed.

Gu Qingqing rolled her eyes. you know that I'm only in this body. What if my original body is an ugly old woman?" she said.

Wu Dacheng said,"if it was an ugly old woman, I would have killed you first." In addition, I only want this descending body, and I don't have much interest in your main body."

Gu Qing Qing's face turned red, and she cursed, "Stinky hooligan, get lost!"

"Hahaha."

Wu Dacheng laughed and disappeared into the sky with a flash of the universe disc.

Mo's eyes lit up as he grabbed the sun Moon Crystal Toad. "How do I use this?"

"It's simple, just eat it," Gu Qingqing said.

"Alright, everyone stand guard for me!" Mo said.

He carefully sat cross-legged and opened the jade box. The green toad was like a living creature, full of spirit. It gently inhaled and directly burrowed into his body.

Yi's expression changed drastically. His originally green face turned completely green, and his entire body was the same color as the toad.

Gu Qingqing took a look and knew that the antidote was starting to be removed, so she fell into deep thought.

She had touched Wu Dacheng's body with her hand earlier and immediately sensed that it was dead. Wu Dacheng had also been possessed by an expert, but she had no idea who it was.

It seemed that the realm of heavenly martial arts was indeed full of hidden dragons and crouching tigers. He had underestimated the heroes of the world.

Then, she thought of Yunxiao's divine realm tablet and the man's words. She could not help but feel her heart burn, and her eyes shone.

At this moment, Yunxiao and Qu Hongyan were on the warship, on their way to the sea of soul formation.

Everyone entered a secret chamber to cultivate in seclusion. The battleship locked onto the coordinates of the nearest city and automatically flew in the sky.

After the battle at five Cloud Mountain, especially when Yuan was trying to break through to the void divine realm, the heaven and earth perception had loosened Yunxiao's realm. As he absorbed a large amount of spirit Qi, the primordial energy in his body kept condensing and settling.

It was a sign that he was about to break through to divine transcendence. Yunxiao was nervous for a moment, but then he relaxed. Sitting cross-legged in the spirit gathering array, he let the spirit Qi around him form into the shape of a Dragon and pour it directly into his body to consolidate the power.

The peak of nine-star was already the limit of martial arts. Under the condition that one couldn't enter the immortal state, one could only compress all the essence force in one's body in the dantian, and then step into the divine transcendence, which was equivalent to the true immortal state.

This process was a walk in the park for him. It was just a repetition of the process from back then, and there was no difficulty in doing so.

With the condensation and accumulation of that power, the injuries on his body were obviously better.

After a long time, the spiritual Qi in the secret room gradually dispersed, and nearly 100 million Supreme-grade primordial stones were gone. This was an amount that many Warriors could not use in their entire lives.

Yunxiao had finally returned to being an extraordinary Saint, not just in terms of cultivation base, but also in his unparalleled confidence, and his eyes flashed with an aura of looking down on the world.

But in just an instant, it was retracted and became ordinary.

His heart suddenly moved as if he had sensed something. He clenched his fists so tightly that his bones cracked. His face was extremely gloomy.

His eyes were as red as blood, and he saw two figures moving further and further away in the vast world.

The two of them suddenly stopped, as if they had also sensed his presence.

eh? divine transcendence? so fast? ”

Tian si turned around, his handsome face filled with astonishment.

Ning keyue’s body trembled, and a trace of fear and confusion appeared on her face. Through the infinite space, she seemed to be looking at Yunxiao’s moon-like eyes.

I’ll save you, ” Yunxiao said in a deep voice. I’ll definitely save you.

Ning keyue covered her mouth with her hands to stop her tears from falling.”You should find a place to hide. I can’t come back.”

“Tsk tsk, welcome to redemption.”

hahahaha ... Tian si burst out laughing. you should enjoy your time here. When Lord guixu returns, we’ll come and find you.

The dagger-axe flashed, and the sun ray cut off the power of the moon pupil.

Yunxiao’s vision went blind, and his vision turned into boundless darkness. Slowly, his eyes returned to the secret chamber.

“Are you here to find me? Sinkhole, tiansi, I’ll be waiting for you!”

Yunxiao’s face was livid. Although his cultivation base had returned to divine transcendence, it was still far from enough to deal with the two. As for higher realms, it would be difficult to reach them in the short term.

“Power?”

He immediately thought of the sealed demon land in the southern region, which was the place with the highest possibility of becoming a god. As soon as he thought of this, his thoughts uncontrollably spread wildly.

“Seal it?”

A clear spiritual energy flashed through his mind, and he immediately came back to his senses from that terrifying thought. He couldn't help but shiver.

Back then, when the demon master descended, he almost destroyed an entire world.

Mo PU, who was sealed in the southern region, had at least half of the demon Lord's strength. If he were to find an opportunity to escape, who in this world could match him?

Even desolate, who had merged with nothingness, or ning keyue, who had been taken over by the sinkhole, couldn't stop PU.

He dispelled that terrifying thought and calmed down.

It was already very difficult to improve his cultivation in the short term, so he could only improve his combat strength in other ways.

He stretched out his hands. On his left hand was the five Cloud Mountain, and on his right hand was a human-shaped puppet. The front was engraved with "ding" and the back was engraved with "Mao". It was one of the six ding and six Jia.

...

“The twelve divine beings killing formation?”

Yunxiao's pupils constricted as he stared at the human-shaped puppet and said to himself, “Can one of the three ancient ominous formations really be formed from these twelve puppets?”

He took out the Jade slip that mu Zhuang had given him and started to read it carefully.

It was filled with some basic knowledge about puppetry, as well as mu Zhuang's own understanding of puppetry over the years. It opened a whole new door for Yunxiao, and his vision brightened as he quickly immersed himself in it.

The warship soon arrived at a small city nearby. Everyone got off the warship and turned to the main city of the Western Region before returning to the sea of soul formation.

As the symbol of the sea of soul formation on the warship was too conspicuous, it alerted the higher-ups in the city, who immediately came to welcome them. But before they arrived, they had already left and teleported directly to Shangli city, one of the main cities in the Western Region.

The guards in charge of the city's teleportation were stunned by these people. They only felt that their auras were extraordinary, but they couldn't feel any elemental energy fluctuations at all.

One of the women was as beautiful as a celestial being, causing him to instantly suffocate. It took him a while to come back to his senses, but he still felt as if he was in a dream. Was there really such a beautiful woman in this world?

These guards had stayed in Shangli city for a long time and naturally had some experience. They immediately understood that an extraordinary person had come. As they quickly sent people to inform the higher-ups, they stepped forward and carefully asked, "It has been hard on all of you to come to Shangli city. I don't know why our Lords have come to Shangli city, and if there's anything we can do for you."

His words were watertight and extremely appropriate for an experienced Daoist.

"we're going to the sea of soul formation," an elder said. help us Open the passage immediately.

...

The guard was shocked and cried out, "Soul formation sea? If you want to go to the sea of soul formation, you must get a special approval letter. Do you have it?"

The sea of soul formation was very strict with the control of teleportation. Anyone who was teleported from any place had to inform the person in charge of the sea of soul formation in advance and receive approval before the passage could be opened.

The elder threw out a token and said, "we're from the soul formation Sea Spell garden. This is a token, which is more useful than that approval letter.

The guard held the token in his hand and felt that it was heavier than a mountain. His head was covered in cold sweat. How could he tell whether this token was real or fake? he hurriedly said, "There has only been one Lord in the city who has been to the sea of soul formation in the past few years, and he has received special approval. If you all want to go, I really can't make the decision. Please wait a moment, I'll report this to the city Lord."

He immediately got someone to bring everyone to the VIP room to rest.

However, that elder had always stayed in the technique garden and had always been high and mighty. With a single call, he would have a hundred responses. He had never seen such a dilly-dally before. He immediately said angrily, "I'm going back to the sea of soul formation. How can I be delayed by you? Open up a path for me immediately, or you'll have to bear the consequences!"

The guard put on a long face and said, "my Lord, please don't make things difficult for me. I don't have the right or the ability to open the passage. The passage to the sea of soul formation and the Holy region is exclusive. I need the key of the city Lord.

Yunxiao knew that he was telling the truth, so he did not want to make things difficult for him. He waved his hand and said, "Just do it according to your procedures, just be quick."

The guard felt relieved and quickly ran away, letting some other people take them to the nearby VIP lounge.

this is ridiculous! the elder said angrily. he wants to return to the sea of soul formation and he wants us to wait here!

Yunxiao knew the temperament of these elders. First, they were ignorant of the world, and second, they were used to being in a high position, so few of them had a good temper. "Good things take a long time, I don't mind this bit of effort."

"Hmph! Would these ants understand the value of this little bit of martial arts? They won't be able to match this bit of martial arts in their entire lives!"

The elder was still angry, and the others didn't look too good either.

But, when they saw Yunxiao and Qu Hongyan's calm faces, they could not get angry, so they just sat there and got angry.

It's been a long time since I returned to the sea of soul formation," Yunxiao said with a smile. I really miss you. I remember that Elder Zirui had devoted himself to the study of puppetry and had quite a lot of experience. May I know where Elder Zirui is now?"

They were taken aback, not understanding why Yunxiao had suddenly mentioned this man.

In the sea of soul formation spell garden, this person's reputation and achievements were very ordinary. He was an existence that didn't attract much attention.

Xuan Hua asked curiously, "do you have a good relationship with him?" It's just ordinary?"

you've misunderstood," Yunxiao said with a smile. it's just that I've been studying the art of puppets recently, and I have a lot of things I want to discuss with him.

Chapter 1860-Mirage

Xuan Hua said, "I see. But I feel that my realm is stuck. It's hard to advance for a while. So, I want to start from other aspects to find a way to increase my strength.

Yunxiao's eyes flickered with surprise as he said, "You've seen through me,"

Xuan Hua laughed. I've thought about this too, but I can't make up my mind to stop my cultivation. I'm still constantly fumbling about the way to reach the peak of perfection. I'm afraid I won't give up even if I die.

I'm not giving it up," Yunxiao said. I'm just using it to increase my strength in the short term. Constantly seeking your own breakthrough is the right path. Borrowing from others is never the right way."

Qu Hongyan was a little worried. that day, I saw that although your cultivation was only at the peak of the nine-star level, your strength was stronger than the average divine transcendence. It shouldn't be too difficult for you to make further progress. I'm afraid that it will backfire if you are distracted by other things at this time.

extraordinary?" Yunxiao laughed. divine transcendence?" I'm already one."

"What?"

Everyone was taken aback, but qu Hongyan's eyes lit up and she said happily, "I always felt that you seemed to be a little different, but I couldn't put my finger on what was going on. It turns out that you actually broke through!"

Yunxiao's aura instantly rose to its peak, and an extraordinary power spread out, shocking everyone.

The other elders were also quite surprised, and they all stood up to congratulate.

Xuan Hua also congratulated him. you're good, kid. You've actually returned to divine transcendence so quickly. With the potential of your body, you'll definitely stabilize the void extreme divine realm in the future!

Yunxiao returned their greetings one by one and said, "there's nothing to be happy about. This little strength is not enough. I don't know how long it will take me to reach the peak of perfection. So, I want to get something else to increase my combat strength first.

Xuan Hua said, "you're a pervert. Your strength is already terrifying enough. Before I entered divine transcendence, I didn't have the confidence to win against you. Now, it's even more impossible. He looked a little dejected.

where there's a will, there's a way," Yunxiao said with a smile. "

At this moment, a voice came from outside the door, "I am the Thunder garden of the Thunder City Lord of Shangli city. Greetings, seniors."

The voice trembled with fear and didn't dare to enter.

The Thunder garden had rushed over as soon as they received the news because the recent battle at five Cloud Mountain had shocked the entire Western Region. The Holy region had constantly sent reinforcements from the major sects, and many masters had also gone to Shangli city, but they had all been annihilated without even leaving a corpse.

After Yunxiao and the others appeared, Thunder garden immediately judged that they were very likely to be the experts who had survived the battle at five Cloud Mountain. So, instead of having fun with the dancers, they hurried over.

As soon as he entered the courtyard, he was shocked by the aura released by Yunxiao. His face turned pale with fear, and it took him a while to come back to his senses.

"Come in," Yunxiao said.

Only then did the Thunder garden dare to push open the door and enter. Still trembling with fear, he respectfully said, "The Thunder garden greets the Lords."

The elder from before shouted, " stop talking nonsense. Hurry up and open the teleportation to the sea of soul formation. We're going back now. Can you afford to pay for wasting our time? "

With their fiery temper, their contemptuous and arrogant attitude, and the terrifying aura from before, the Thunder garden immediately determined that these people were undoubtedly elders of the sea of soul formation. It immediately bowed and said, " "This one has been negligent, I will arrange it now!"

He quickly bowed and left. He immediately began to arrange the teleportation.

After all, the major cities did not necessarily have teleportation arrays that led to the sea of soul formation and the Holy region. Shangli city happened to have one, but it might not be used even once in decades.

Soon, the Thunder garden returned and informed them that the teleportation formation had been set up.

The group then entered the teleportation array and quickly disappeared from Shangli city.

The lightning garden heaved a heavy sigh of relief as it watched the light of teleportation disappear, its eyes flickering with uncertainty.

A warrior behind him frowned and said,"city Lord, if they are really returning from the battlefield, then the experts we have sent over should be ..."

With a pained expression, Lei Yuan patted his head and shook his head,"I'm afraid he's in trouble. This time, almost all the elites in the city were sent, but they were all annihilated. This time, not only will the nearby cities be eyeing us covetously, but I'm afraid that the few big families in the city will also stir up a storm. My position as the city Lord is in danger!"

as far as I know, the surrounding cities have also sent many powerhouses, " the warrior said. most of them never returned. Their losses might not be less than ours.

"Let's hope so," the Thunder garden sighed,"we'll leave everything to fate."

He shook his head in distress and went back.

In the sea, a golden light appeared and extended for dozens of kilometers. It didn't disappear for a long time, making the sea water shimmer.

Even after the sun had set, the golden light of the fire trees and silver flowers here was even more brilliant. It was as if there was a giant treasure hidden at the bottom of the sea, breathing in and out spiritual Qi.

There was no treasure within the golden light, but rather an Island. It was covered with buildings that were thousands of acres wide. Roads crisscrossed the island, and people flowed back and forth.

It was the Mirage city under the sea of soul formation!

A few hours later, Yunxiao and the others appeared directly in the Mirage, which was a large teleportation area.

Suddenly, the alarm went off, and dozens of lights and shadows danced in the sky.

As soon as they appeared from the tunnel, they were immediately locked on by a large number of divine senses.

they're from Shangli city in the Western Region. Who are they? they're being sent here without any application or approval. How rude!

A thin old man with a mustache was already waiting on the side. Dozens of martial artists stood beside him, and some were hidden in the dark. There were probably more than a hundred people.

The elders of the technique garden were about to get angry, but Xuan Hua stopped them and said to the old man with the mustache, "We're from the spell garden. We're going back now."

a spell garden?!

The bearded elder was shocked. The Art Garden was where the elites of the sea of soul formation gathered. It could also be said to be the most powerful organization under the sea of soul formation elders. However, even many elders were also members of the Art Garden.

“You are Qianqian, why didn’t I inform Qianqian?”

The old man’s face was full of suspicion and he was still a little vigilant. After all, it was a great crime to let people into the Mirage City, not to mention that they were going to the sea of soul formation. However, he could not offend the elder of the technique garden, so he lowered his body and carefully asked.

Xuan Hua said, “there’s a reason for this. He left in a hurry.” This is my token, please inspect it. ” A golden light shot out.

The old man with the moustache took it and looked at it. He was so scared that he almost fell to the ground. His whole body trembled and he said in shock, ” “Xuan ‘GE, Xuan’ GE, you’re Xuan ‘GE, you’re Xuan’ GE”

Xuan Hua smiled slightly and took the token back in the air, saying, ” that’s me. Make the arrangements. We’ll go directly to the sea of soul formation.

“Please wait a moment, it’ll be ready in a moment!”

The old man with the English mustache immediately dismissed the crowd and quickly made arrangements.

There was a teleportation array in the sea of soul formation that could directly transport him to the continent. If he wanted to enter the sea of soul formation from the heavenly martial continent, he had to pass through this Mirage.

...

The Mirage City was also known as the city that never slept. Although the city was bustling with people, there were basically three kinds of people: merchants, alchemists, and Warriors.

More than half of the human race's high-end profound level weapons and medicinal pills transactions were completed here.

Yunxiao sighed with emotion as he kept sweeping his divine sense out, covering the surrounding area.

If it wasn't for the fact that Yu Shengfeng's half-year agreement was imminent and he needed to improve his puppetry, he really wanted to stay in this Mirage City for a few days.

Lord Xuan Hua, everything has been arranged. Please!

The old man with the mustache returned very quickly and respectfully made a gesture of invitation in front of Xuan Hua.

The surrounding guards were in an uproar as they looked at Xuan Hua with their eyes wide open. Although they had been cultivating in the Mirage City, they had never seen this legendary titled martial sovereign. Even if they had seen him, they didn't know his identity. At this moment, when the old man mentioned him, they were all surprised and excited as they sized him up.

Xuan Hua, on the other hand, was looking at Yunxiao. His movement was noticed by the shrewd old man, and he was shocked. This was enough to prove that the young man's identity was above Xuan Hua's.

But was this possible?

The old man frowned and stole a few glances at Yunxiao. He had all kinds of guesses in his heart, but he could not find a clue.

Yunxiao stood there motionlessly, but his eyes flickered like stars, with colorful glows emerging around them as he stared at a shop thousands of feet away.

...

“What’s the matter?” qu Hongyan asked in surprise.

Yunxiao retracted his gaze and said with a calm face, “Nothing, I just found something interesting.”

“Something interesting?”

Qu Hongyan and Xuan Hua were both quite puzzled. Xuan Hua said, “Why don’t we go and take a look?”

yes! Yunxiao nodded and said, “let’s go and take a look.

Xuan Hua immediately said to the old man with the mustache, “We’re busy for now, so we’ll delay the teleportation.”

The old man didn’t dare to say no and immediately accepted the order.

At the same time, he became even more curious about Yunxiao’s identity, and he could not help but look at the shop in the distance. There did not seem to be anything strange about it. It was just an ordinary shop that had been in existence for a long time.

The few elders of the Art Garden naturally followed Yunxiao, and they arrived in front of the shop in just a few steps.

“What do you want to buy, my Lords?”

The shop assistant could tell that these people were extraordinary, especially qu Hongyan. He couldn’t help but take a few more glances at her.

When Qu Hongyan was in Shangli city, she found herself too eye-catching and had long put on a veil. However, she still attracted attention wherever she went.

Yunxiao pointed at more than a dozen Jade boxes on the counter, all used to store pills, and said, "What kind of pill is this?"

The shop assistant smiled and said, "You have a good eye, Sir. This is an eighth-ranked Azure frost pill. It's hard to find even with a thousand gold." These are all fresh out of the sea of soul formation. They are definitely top quality and the price is fair!"

Yunxiao picked up a Jade box and opened it. Inside was a round pill, pale green in color and emitting a strong spirit energy. But, under his magical spirit eyes, he could clearly see a trace of demonic energy inside.

When the shop assistant saw him open the box, he was shocked and hurriedly went forward to snatch it, saying, "Milord, you can not! This will cause the pill to lose its spiritual energy and its quality to drop!"

At this moment, a bag of vitality stones was thrown on the shop's front. The old man with the English mustache, who was in charge of the teleportation formation, had come over. He pointed at the waiter and said, "Don't babble here, these Lords can see whatever they want!"
