

The Eternal 1861

Chapter 1861

1861 Soul formation realm sea

The old man with the mustache was also very shrewd. It was not easy for him to get close to these big shots, so he had to get closer to them. If any Big Shot was in a good mood, he could just reward them with something, which would be enough for him.

He had been in charge of the teleportation in the Mirage City for decades, and he had seen images of almost all the elders in the sea of soul formation. However, he just didn't recognize them. It was rare to meet a top-notch existence like Xuan Hua.

Therefore, after he ordered the teleportation to be delayed, he ran over eagerly, hoping to be at his beck and call.

The shop assistant naturally recognized the old man and hurriedly bowed. "So it's Lord Zhu Bai."

Zhu Bai bowed and nodded to Xuan Hua and the others in greeting, his face full of reverence.

Xuan Hua only took a glance and nodded in acknowledgment. He then looked at the Azure frost pill and asked, "What's wrong?"

Yunxiao took out the pill and crushed it. The wisp of fiend energy emerged in his palm, wrapped in primordial Qi and drifting erratically.

"This is demonic Qi," He said calmly.

Xuan Hua frowned. Over the years, there has been a lot of research on demonic techniques in the sea of soul formation. There are also many elders who specialize in this path. Lord Zhen Yu was one of them. Unfortunately, he died on the five Cloud Mountain.

Zhu Bai's expression changed drastically when he heard this. Zhen Yu was also a well-known existence. Although he didn't know his true appearance, he had heard of him.

so, it's normal to infuse devil Qi into the pill? " Yunxiao asked. is it normal? "

Xuan Hua crossed his left arm in front of his chest and supported his chin with his right hand. He muttered, " I don't know about that, but it's most likely there. Is there a problem with this? "

as far as I know, " an elder said, " the effect of adding some demonic Qi into the pills is excellent. Many elders have begun to study this path, hoping to achieve results.

have you studied its safety? " Yunxiao asked. you've refined it on such a large scale? "

The elder shook his head. I don't know about that. However, this matter has been approved by the chief. The safety of this matter should be guaranteed.

The chief Alchemist was Lu congzi, the leader of the sea of soul formation and the president of The Alchemist Association.

Yunxiao scanned the shop with his divine sense. Not only this shop, but many other shops in the surroundings also had items mixed with demonic energy, and they were not limited to medicinal pills, but also profound level weapons.

He went to a shop nearby, picked a sword, and observed it carefully.

Zhu Bai naturally paid the primeval stones quickly.

Clang! Clang!

Yunxiao knocked a finger on the sword, producing a clanking sound. He listened to it for a while.

The shop assistant took the primeval stones and naturally didn't care what he did. He smiled and said, "Milord, don't worry. This Class 7 crown sun sword is incomparably sharp. It can be considered a Supreme-grade weapon even among Class 7 weapons."

it's indeed a Supreme-grade, " Yunxiao said. it's a Supreme-grade one.

"Bang!" The sword was instantly broken, and he grabbed the demonic Qi in the air.

Although the demonic Qi had entered the core and equipment, it could not be refined and remained the same as before.

"Ah?"

The shop assistant's face turned green with fear. His eyes popped out as he looked at the broken sword in a daze.

He rubbed his eyes in disbelief and said, " "This Suan ni, this Suan ni"

He was afraid that they would accuse him of selling fake goods and demand compensation. Fortunately, after these people broke the sword, they left the broken sword on the counter and left.

Looking at the broken sword and the primeval stones in his hand, the shop assistant felt like he was dreaming.

Yunxiao and the others soon left the Mirage and entered the sea of soul formation.

A cloud of mist, like a Fairyland, condensed into a material spirit Qi, spread under his feet.

When the person in charge of the teleportation point saw everyone, he immediately stepped forward and saluted.

“Let’s go directly to the spell God Island to meet the Chief,” Xuan Hua said.

The person in charge immediately let out a long whistle, and a giant Peng bird flew over from the sea and circled in the sky.

Xuan Hua and the others immediately flew up and landed on the back of the ROC. The ROC spread its wings and flew. Immediately, the space distorted and they flew far away.

After half a cup of tea’s time, a huge island appeared in front of them, showing its loftiness in the spiritual mist.

Everyone directly flew down. Xuan Hua heaved a sigh of relief and said, “He’s finally back. This battle was truly a nightmare. It’s a pity that Zhen Yu and the other elders will never come back.”

Qu Hongyan said, “what’s more nightmarish is that this nightmare is far from over. I don’t know what kind of turmoil will come next.” The sea of soul formation must shoulder the responsibility.”

Xuan Hua nodded and said, “that’s natural.” Let’s go directly to the chief. I wonder if the elders will come with us?”

The few elders looked at each other and shook their heads. let’s leave the report to Lord Xuan Hua. We’ll go directly into seclusion. I’m afraid it’ll be difficult to come out for a year and a half.

The injuries on their bodies were too serious, even shaking the foundation of their martial arts, and they would not be able to recover in a short time.

Moreover, although they belonged to the sea of soul formation and also served as elders, they were not alchemists, nor did they major in alchemy. Instead, they were elders in charge of martial arts, so they did not care about the sea of soul formation at all. They were only worshipped by the sea of soul formation and could be dispatched at any time.

After they said their goodbyes, they flew directly to the technique garden and prepared to enter seclusion.

Xuan Hua and Yunxiao went to the center of the island and stopped in front of a huge statue. The statue's face was unclear, or rather, it had no face. It was said that it was the last sorcerer God in a hundred thousand years, and also the great existence who established the sea of soul formation.

In front of the statue was a White Palace, majestic and solemn. It was unusually quiet, without any sound or people. There were no guards in front of the palace.

Suddenly, a figure appeared. It was as red as the sunset. It swept its gaze over the three of them and said, "My foster father is already waiting for you inside. I didn't expect sister Hongyan to come out of the mountain as well."

Qu Hongyan took off her veil and smiled. "It's been a long time since we last met, I'm very touched."

Liu Feiyan also smiled and said, "me too." it's been half a year since we last met in Hongyue city, " he said, glancing at Yunxiao.

Feiyan is still as beautiful as ever, " Yunxiao said with a smile. I'm sorry.

Liu Feiyan's cheeks were slightly red as she choked, "You said I'm pretty in front of sister Hongyan. Are you mocking me or mocking me?"

Qu Hongyan's bright eyes rippled like water as she said, "You've indeed changed a lot after living two lives."

Yunxiao seemed to have heard something, and he did not dare to say anything more.

...

Xuan Hua laughed and said, " why didn't I see you come over for this battle? you're still enjoying your life in the sea of soul formation. Do you know how tragic it was? do you know how many people died? "

Liu Feiyan looked at him like he was an idiot and said, "I've already heard some information. You'll report it to foster father later. There's no need to tell me first. Let's go."

Xuan Hua was snubbed. He snorted and the four of them entered the palace.

With a flash of light, it passed through the restriction and disappeared from the front of the hall.

An old man with white hair and a face full of wrinkles sat in the hall. Only his eyes, which were bright and full of spirit, twinkled like stars in the dark night. Only then could one tell that he was the leader of a generation.

Both Yunxiao and qu Hongyan's expressions turned serious as they cupped their fists and said, "Greetings, chief."

Xuan Hua also hurriedly bowed.

Lu congzi smiled slightly, and his old and clumsy appearance was swept away, giving people a feeling of being capable. He said, Feiyang, Palace Master Hongyan, it's been decades since we last met. I'm so happy.

Yunxiao smiled. we'll meet again when we meet again. I'm also very happy to return to the sea of soul formation and see you again, chief.

"I'm the same," qu Hongyan said.

"Good, good, this is really great!"

...

Lu congzi stroked his beard and laughed. "Quickly sit down, we must have a good chat today."

Light flashed in the hall, and five Thrones appeared in the air and descended.

Yunxiao, Qu Hongyan, Xuan Hua, and Liu Feiyan sat down respectively. Suddenly, a gust of wind came from outside the hall, and then a figure flickered. An old man appeared on the fifth throne. He was slightly fat, and he was dressed in brocade, looking slightly rich.

Lord Yu Chen? ” Yunxiao was surprised. It’s Lord Yu Chen!

“Yu Chen is now the Deputy President of The Alchemist Association,” Xuan Hua said in a low voice.

The old man turned around slightly and cupped his fists, ” “So it’s Palace Master Hongyan. I’ve been disrespectful.” He did not even look at Yunxiao, as if the man did not exist.

Qu Hongyan was angry to see him looking down on Yunxiao, so she said coldly, ” “Forgive this Queen’s poor eyesight, and you are?”

Yu Chen furrowed his brows. He was clearly unhappy. He snorted and said, I’m Yu Chen, the Deputy President of The Alchemist Association.

“I’ve never heard of it,” Qu Hongyan replied with a smile.

“You coward!”

You ... Yu Chen flew into a rage and almost jumped off his throne. Who in the world would dare to provoke him like this?

If the other party was not the sect leader of the world’s largest sect, he would have lost his temper on the spot and taught him a lesson.

Xuan Hua couldn’t help but turn his head and hold his stomach while laughing secretly. He tried his best to hold it in, but his body was trembling badly.

Everyone present was a master, so how could his expression be hidden from others? he consciously lost his composure and hurriedly pressed on a large acupuncture point on himself, holding back his laughter so much that his face was deformed.

don't be angry, Sir," qu Hongyan said with a smile. although I've never heard of it before, I'm sure you know it now.

"Good, good, qu Hongyan!"

Yu Chen was furious. He turned around and ignored him.

"Hahaha."

haha! Yunxiao laughed and said, " Lord Yu Chen, don't be angry. You don't have to lower yourself to Hongyan's level. Shexiao Palace has been sealed off for twenty years. Twenty years ago, you were just a small fry. Who Do You Think You Are? who knows you?"

"You coward! You!"

Yu Chen's face turned red. He was so angry that he almost vomited blood. His eyes were filled with killing intent.

Even twenty years ago, he was a world-famous alchemy master, and no one dared to say that they did not know him.

"Yu Chen, Palace Master Hongyan and Feiyang are our guests," Lu congzi said unhappily.

Yu Chen cupped his hands in anger and said,"Yes."

However, the frosty look on his face clearly indicated that he didn't mean what he said. Moreover, he had a Vulture-like face, and only God knew what kind of bad idea he was thinking.

Xuan Hua, " Lu congzi said. tell us what happened at five Cloud Mountain in detail. Don't miss out any details.

"Yes!"

Xuan Hua's expression became solemn and extremely serious, and there was even a trace of pain.

It was difficult to count the number of casualties in this battle, and it was likely that no one would ever know how many masters had been annihilated.

He began to narrate that after leaving the sea of soul formation, he had thought that it would be an ordinary mission, but he did not expect to fall into a situation where he had nine lives and one death.

Chapter 1862-past

There was only Xuan Hua's heavy voice in the hall. Everyone listened silently, and it took a full four hours before he finished the story in detail.

After that, there was a deathly silence. Everyone seemed to have entered the realm and felt the blood and tragedy.

"Hmph! I didn't expect Gongyang zhengqi to be so despicable. In my opinion, we should invite all the heroes of the world to the high Saint realm to seek an explanation!"

Yu Chen was filled with righteous indignation. After a moment of silence, he suddenly flew into a rage and said, Wei Wuya and his son are not good people either. They used human bodies for their experiments and created such a large-scale killing machine. They have to give the world an explanation!

Lu congzi's face was gloomy as well, and he didn't say anything. After Yu Chen finished speaking, the others all fell silent, as if waiting for him to make a statement.

After the time it took to brew a cup of tea, Lu congzi finally said, " now that the Holy region has suffered a great loss, and the sects of the Western Region have suffered even more losses, it's not the right time to seek punishment. Let's just wait and see what the Holy region does.

what?! Yu Chen said angrily, " the sacred zone has done such a thing that angers both man and God. Are we just going to let it go?!

Lord Amaterasu has personally come out to control the Holy region, " Lu congzi said. there's also the balance between Wei Qing and his son, as well as Gongyang zhengqi. In addition, it's difficult to cause a big storm with the demon race around. If we do anything now, we'll be throwing down huge rocks and setting off endless waves. It's not like we'll let them do whatever they want. We'll settle everything after the matter with the demon race is settled."

Although Yu Chen was displeased, he still sat back down and said, " "I'll listen to the chief's arrangements."

Lu congzi looked over and said, " "I wonder what elder Feiyang and Palace Master Hongyan think about this?"

Yu Chen frowned and said, chief, Gu Feiyang is indeed an honorary elder of the sea of soul formation, but he has been dead for many years, and Yunxiao can't prove his identity. Even if he can, it still needs to be discussed. We can't be careless with the word 'elder'. After all, it concerns the reputation of the sea of soul formation and the allocation of a lot of resources.

Lu congzi's face showed his displeasure, and he seemed to be a little impatient. He waved his hand and said, " If your identity is still open to discussion, then I'll now officially employ Yunxiao as an honorary elder of the sea of soul formation. As for the allocation of resources, if the Academy can't provide it, it'll be deducted from my share.

"Mr. Chief, this, how can this be!" Yu Chen said in shock.

"Why can't I?" Lu congzi snorted.

li Yunxiao is just a young boy, " Yu Chen said. how can he enjoy such honor? "

Yunxiao turned around and said with a smile, " "Lord Yu Chen, you're being mean again?"

“What?”

Yu Chen flew into a rage. He jumped off his throne, pointed at Yunxiao, and shouted, “Boy, you dare to be ridiculed?”

Yunxiao’s aura exploded and pressed down like a dragon or a Tiger!

“BOOM!”

The air kept exploding. Yu Chen spat out a mouthful of blood. He was sent flying dozens of Zhang away. He crashed into the wall of the hall and shattered.

transcendent, divine transcendence!!

Yu Chen’s eyes were filled with shock, disbelief, and fear.

Yunxiao restrained his aura as if nothing had happened, but his eyes were much colder than before. Lord Yu Chen, your stupid illness is acting up again. I had no choice but to save you. I wonder if you’ve learned your lesson?”

Yu Chen’s eyes were filled with fear, and Lu congzi’s pupils contracted violently, filled with horror.

A divine transcendence in his twenties!

It had never been heard of in the entire history of the heavenly martial continent!

Yu Chen’s stomach was filled with resentment. He could only swallow his broken teeth and return to his seat with a gloomy face.

Divine transcendence experts were already at the peak of the world. Any one of them could run amuck in the world without being restricted by any organization. To put it bluntly, they were not afraid of anyone, let alone such a young divine transcendence expert. When Yu Chen thought of that age, he couldn't help but tremble.

congratulations, Feiyang," Lu congzi praised. you've returned to your peak.

it's already too crowded in the divine sky," Yunxiao said. there's nothing to be happy about.

His expression was calm, but what he said was true.

Twenty years ago, the realm of heavenly martial arts had been peaceful. Those who could condense their origin power and become Saints were all great figures.

Now that the world was in chaos, all kinds of heroes and geniuses emerged in large numbers. They were as bright as the stars, and it would be difficult for them to get into the top ten with extraordinary and divine strength.

Gu Feiyang's cultivation had been stuck at the peak of perfection for his entire life. Although he had touched the barrier, he had never been able to break through it.

Having lived two lives, he had a deeper understanding of the heavenly Dao and could see further. At this moment, although he had just stepped into divine transcendence, he was 90% confident that as long as he accumulated enough, he would eventually reach the peak of perfection.

Moreover, the physical body of this life was strong, far beyond that of many demon race mighty people. In addition, with all kinds of profound level weapons and magical powers, the strength of the strength was no longer inferior to that of the past.

He was surrounded by many friends, disciples, and beautiful women. All of them were powerful enough to fight against any force or sect. Yu Chen had dared to disrespect him, so he slapped him back without any hesitation.

Not to mention that the soul formation realm would not do anything to him, they would not dare to do anything to him!

Feiyang, you're too humble," Lu congzi praised. his power is equivalent to a true immortal realm warrior. It's very lethal and has a lot of control.

yes," Yunxiao nodded and said, " in the past, divine transcendence was enough to suppress and balance one side, but it's obviously impossible now. Not only was the balance between the two Holy Lands weakened, but even the deterrence of the seven great sects was gradually decreasing. This was not a good thing. Thus, it clearly isn't a good time to question a Saint."

"I think so too," Lu congzi said."Let's wait and see what it'll be like when the three old men of Luoyang regain control of the Holy region." Feiyang, I'm very glad that you can return to the sea of soul formation at this time."

Yunxiao knew that he was talking about the half-year agreement with Gu Shengfeng. He frowned and said, " "Although that person is strong, is the chief afraid that he can't deal with him?"

Lu congzi let out a long sigh. He closed his eyes and slowly said,"This old man's heart aches, it hurts like a knife is being twisted. Back then, he had studied under his master and cultivated with his Junior Brother. The friendship between them was still vivid in his mind. I didn't expect that a hundred years later, when I heard that my master didn't die, but became enemies, it was like a pain on my skin!"

Yunxiao frowned. what exactly happened between you and Yu Shengfeng back then? if it's just a misunderstanding, I don't think Yu Shengfeng is such a stubborn person as long as we make it clear.

Lu congzi was silent for a while before he said, " "I wonder if you have heard of the dual polarity divine body?"

Both Yunxiao and qu Hongyan looked at each other in surprise.

is it because of the two rainbow stones? " Yunxiao asked thoughtfully. did he achieve the body of extreme Yin and body of extreme Yang by relying on the two stones? "

“Feiyang is indeed knowledgeable,” Lu congzi said. The dual polarity divine body was the two extreme physiques of extreme Yin and extreme yang. However, it was not refined by the rainbow twin stones. It was originally an extremely powerful divine body. However, the power attribute of the rainbow twin stones could allow the body of an ordinary martial artist to move towards these two extremes. I remember that there’s a technique in shenxiao Palace called the ‘nine yang divine technique’. It’s a technique created specifically for the nine yang divine body, and it’s said that it can allow the nine yang divine body to create an extreme yang body. Is that true?”

Qu Hongyan nodded. there is indeed such a saying. But the details are not simple. It’s hard to tell outsiders at the moment.

Even the divine body of nine yang needed to be combined with the power of the rainbow stone. It was because of this that Luo yunshang had fallen into Gu Qingqing’s trap. Now that her body had been taken away and she had disappeared, it was a headache for her.

I met Bo Yuqing in the East Sea back then, ” Yunxiao said. he seemed to be cultivating the extreme Yin divine body.

“That’s right,” Lu congzi sighed.”Back then, he almost went into Qi deviation when he cultivated the extreme Yin divine body, and it was difficult to control it. I sent him to the eastern sea to find a way to suppress it, but I didn’t want to go without a word for so many years. I thought he had already died, but the heavens took pity on him, and Shidi is still alive.”

...

Qu Hongyan said, ” if that’s the case, you should have a very good relationship with my Junior Brother, chief. Why are you so angry? ” on the way here, she had also learned from Yunxiao about the half-year agreement and the matter of the three people.

Lu congzi shook his head and said, ” I don’t know either. I don’t know what master said to him. Back then, his honored master had obtained a piece of aegirine and started cultivating the extreme Yin divine body. Later on, it backfired on his cultivation body. Fortunately, his honored master’s strength was tyrannical and he managed to escape in time. However, the temptation of the dual polarity divine body was too great, and master didn’t want to give up. He finally thought of a method called ‘death sacrifice’.

”

“A death sacrifice?”

Everyone was stunned. Although they didn't understand, they felt that something was wrong just from the name.

Lu congzi's eyes flickered as if he was recalling something. He said slowly, “It's the ‘death sacrifice’. When one cultivates the extreme Yin divine body to the end, one's soul will definitely dissipate and one will die completely. However, that physical body can advance to the level of great success and finally be cultivated successfully.”

Yunxiao's heart stirred as he immediately thought of Yu Yixian. Yu Yixian's body was not a fleshly body of great accomplishment, but a little incomplete, because he had left a wisp of his soul behind, waiting for the opportunity to be resurrected.

It seemed that this “death sacrifice” method wasn't thought of by Yu Shengfeng. At least Yu Yixian had started using it and he was using himself as a sacrifice.

“Could it be that Yu Shengfeng chose Bo Yuqing as his sacrifice?” he asked.

A pained look flashed across Lu congzi's face. He nodded and said, “That's right, Lord Feiyang was right. At that time, master couldn't bear to give up the opportunity to obtain a complete physical body. In addition, he had been affected by the aegirine for a long time, so he walked the evil path and began to teach Junior Brother the ‘death sacrifice’ method. I discovered this in time and stopped it in time. Master was finally injured by the two of us and escaped.”

Qu Hongyan was slightly surprised. The cultivation process of the extreme Yin divine body was very similar to that of the extreme yang divine body. She comforted him, “Since it was Chu Shengfeng who stepped into the evil path, you can't blame the chief. If he dares to be rude this time, we won't just stand by and watch.”

Yunxiao, on the other hand, fell into deep thought. He knew more things, so he did not simply believe Lu congzi.

...

After all, Yu Shengfeng knew where Yu Yixian's body was buried, so there was no need for Bo Yuqing to cultivate the 'death sacrifice'. He could use it on Yu Yixian's body, and that was what he was doing now.

Chapter 1863

1863 Zirui

"Thank you for your help, Palace Master Hongyan," Lu congzi said gratefully.

Qu Hongyan quickly returned the greeting and said, "you're too serious, chief." With the current situation, the stability of the sea of soul formation and the Holy region is too important. Since I'm the sect master of the divine cloud Palace, I won't let others destroy this stability."

Yu Chen had not said a word after being taught a lesson by Yunxiao, and only now did he say, "We won't let Fu Shengfeng act recklessly, even if he was once the owner of this place, times are different now, we can't let him act so atrociously!"

Xuan Hua and Liu Feiyan also nodded slightly to show their determination.

did Yu Shengfeng come here to settle his grudge with you, chief? " Yunxiao asked. or, do you want to seize the power of the sea of soul formation? "

Lu congzi frowned slightly and said, "No matter what my master's purpose is for coming here, I only have one purpose, and that is to let go of the past with my master."

I'll do my best to help you fulfill your wish, " Yunxiao said.

"Thank you, everyone," Lu congzi said gratefully.

Everyone hurriedly stood up and returned the greeting.

After that, there was nothing else to do. Xuan Hua immediately arranged for Gu Feiyang to be brought back to his courtyard.

Every elder had their own territory, and outsiders were not allowed to enter.

After Gu Feiyang had fallen twenty years ago, the small courtyard on the magic God Island had been abandoned. Later, there were people who had become elders one after another. They had also thought of using the courtyard, but they were all stopped by Xuan Hua and Liu Feiyan, so it had been left empty until now.

The small courtyard was extremely large. There were more than ten bedrooms inside, and all of them came with a secret cultivation room.

Since the last visit to Red Moon City, Xuan Hua had asked someone to clean the yard again, because he knew that Yunxiao would come back one day.

“Haha, don’t you feel emotional?”

Xuan Hua could not help but laugh when he saw Yunxiao’s nostalgic look.

it’s indeed very touching,” Yunxiao said. life is like a dream. There are thirteen bedrooms here. Hongyan, you can stay here for the time being.

Xuan Hua was shocked. how can you do that? what are you thinking? ”

“Pa!”

Liu Feiyan knocked on his forehead and said coldly, “What’s in your head? Do you think that everyone in the world is as unbearable as you?”

Qu Hongyan’s cheeks were slightly red. After all, she was a little embarrassed.”I’ve also suffered some injuries in this battle, and I’ve consumed a great deal of Yuan Qi. I’ll go into seclusion first.” She randomly chose a room and went straight in.

The three of them were slightly stunned and showed a strange look, because the room that qu Hongyan had chosen was the room where Gu Feiyang had lived.

Yunxiao coughed when he felt the strange looks from the two men and said, "I'm also going to go into closed-door cultivation. See you." Then, he walked towards another room.

"Didn't you want to look for elder Zi Rui?" Xuan Hua said.

Yunxiao stopped and said, "Oh, I forgot."

you're not in your right mind," Xuan Hua said. is there something on your mind?"

Yunxiao raised an eyebrow and asked, 'what's on your mind? You're just a martial artist, don't try to learn psychology from others, you don't know shit!"

After saying that, he ignored the two of them and flew away.

Xuan Hua shouted. the direction is wrong. Elder zirui isn't there. You're not in your right mind!

Yunxiao's face darkened. He flashed in the air and went in the opposite direction.

come back early," Xuan Hua shouted. I still have a lot of things in martial arts that I want to discuss and compare notes with you.

But, Yunxiao had already flown away.

Xuan Hua muttered, " this won't do. It wasn't easy for him to come to the spell God Island. He has to fight for seven days and seven nights. I have to advance another level.

"Since you want to fight so much, I'll keep you company anytime." Liu Feiyan said.

Xuan Hua shook his head repeatedly and said, " you can't. I'm too familiar with you. There's no creativity at all in fighting. Don't talk about breaking through. It's just a waste of essence energy.

"Since you're in such a good mood, why don't you let me play with you?"

Qu Hongyan had walked out of the room with a smile on her face.

"You, didn't you go into closed door cultivation?"

Xuan Hua was stunned for a moment, then immediately said with great joy, "if Palace Master Hongyan is willing to lower your status, I would be more than happy to do so." Shenxiao Palace is the number one sect in the world, and they have countless martial arts techniques and divine arts. I'm sure you'll gain something."

"I'm also looking forward to the surprise that the Silver Moon Martial Emperor will bring me," qu Hongyan nodded.

Xuan Hua laughed loudly, clearly in an extremely good mood, and said, "Palace Master Hongyan, please follow me!"

The two of them flew into the distance. Liu Feiyan slightly frowned and followed behind. She also wanted to see the martial techniques of shenxiao Palace, and she had a strong desire to fight.

The island had not changed much, especially for alchemists. Twenty years was not a long time.

Yunxiao soon found zirui's residence based on his memory and flew down.

Two huge puppets stood in front of the house. They were about eight feet tall and stood on the left and right like door Gods.

Just as Yunxiao was about to walk in, the two puppets moved, each holding a saber and blocking his way.

Yunxiao was stunned for a moment. He wanted to say that he wanted to see elder zirui, but the two puppets in front of him could not understand him at all. But, they were blocking his way without saying anything.

After pondering for a moment, he shouted loudly, " Is elder zirui here? li Yunxiao has something to ask of you.

The voices converged into a line and rushed into the courtyard.

Suddenly, there was a flash of light in the courtyard, and a huge monkey appeared. It opened its five fingers and slapped forward.

There was a mirror embedded in the palm. The sound waves hit the mirror and made a trembling sound. Then, they were scattered in the air.

Just as Yunxiao was speechless, the big monkey's eyes shone with a fierce light as it locked onto him and strode over.

At the same time, the two men God puppets swung their sabers at Yunxiao.

...

"F * ck, what the hell is this? I can't even visit him?"

Yunxiao cursed under his breath. He was not afraid of these puppets. He rushed forward, and his hands turned golden as he grabbed the saber and cried out, " "Get lost!"

With a powerful swing of his arms, the two 80-foot-tall puppets were immediately thrown into the sky.

The big monkey let out a squeaking sound and jumped up. It raised its hands above its head and waved them down.

Yunxiao chuckled. With a flip of his right hand, the mirror of the evening clouds of great sorrow appeared in front of him, which expanded to dozens of feet wide!

“Bang!”

The monkey’s fists landed on the sunset Cloud Mirror, and immediately, layers of mirror light were shaken out. They rippled on the surface of the mirror like water, and even directly left the mirror, rippling in the air.

However, an even greater force was sent back through monkey’s arm!

“Squeak!”

The big monkey cried out in pain a few times, and its huge body was also sent flying into the sky, rolling continuously.

Yunxiao put away the mirror and walked inside.

...

Suddenly, an ice-cold voice rang out, “You dare to trespass this old man’s forbidden area, die!”

Yunxiao remembered the voice. It was zirui’s voice. He was a man of few words among the many elders, and he spent all day in his yard doing research, so he did not have any worldly wisdom.

“Isn’t this the courtyard? How did it become a forbidden area?”

Yunxiao asked in surprise.

“Hmph, this old man’s courtyard is a forbidden area!”

A figure appeared in a flash, and without saying a word, a sword stabbed over. The sharp sword Qi cut through the air, making a sharp sound.

Yunxiao chuckled. Many alchemists had their own quirks. These people were immersed in the art of alchemy all day long, almost forgetting themselves in their research, so he was no longer surprised.

“Dang!”

Yunxiao reached out his hand and tapped on the sword with his finger, immediately suppressing the sword intent. Then, he gently pinched the sword between his two fingers and looked at zirui with a faint smile.

“What?”

Zirui was shocked and then he shouted angrily.

“Clang!”

Then, he pulled out another sword from the body of the sword and thrust it toward Yunxiao’s eyes. At first, a cold light flashed, blinding the eyes, and then a sharp sword light came slashing at him. If he were careless, not only his eyes, but his head would also be cut off.

“Dang!”

Unfortunately, Yunxiao could see the sword clearly with his magical spirit eyes. He clamped the new sword between two fingers again and said with a smile, “Are there any more swords in this sword?”

Zirui revealed a cold smile. kid, you do have some skills. No wonder you dare to barge into my forbidden area. He swung his arm fiercely and abandoned the sword. He turned around and left with a flick of his sleeves.

Yunxiao threw away the sword and followed behind, saying, "Elder zirui, I've also studied puppetry a little and would like to spar with you."

Zirui stopped in his tracks, turned around, and gave Yunxiao a few looks. "Little brat, you've even studied puppetry, haha!"

Yunxiao seemed to be very patient with these alchemists as he said, "alright, just pretend I didn't do any research. I just want to ask you a few dozen questions.

"A few dozen?"

Zirui stopped again and sneered, "Do you think you're my disciple? Even my disciple can't answer dozens of difficult questions at once. Seeing that you're quite capable to be able to barge in here, I'll let you ask me a question. After you're done, get the hell out of here!"

Yunxiao thought for a moment and said, 'the two giant puppets in front of the door just now should have developed their own sentience, right? However, its spiritual intelligence was extremely low, and it was similar to an Artifact Spirit. However, when they attack, they are secretly cooperating with each other. I really want to know how two or more puppets can be as one?"

Zirui was taken aback, and then his face darkened as he stared at Yunxiao with a murderous aura and shouted, "Speak! Who sent you to investigate my puppet technique?"

Yunxiao smiled wryly and said, 'are you going to break your promise, elder? You promised to answer my questions."

Zirui replied coldly, "I don't mind answering your question. You won't understand even if I tell you. I just want to know who's behind you. How dare you covet my research results!"

what? ” Yunxiao asked in surprise. is there anyone else in the entire sea of soul formation who is interested in this thing besides elder zirui? ”

Zirui was stunned for a moment and then frowned. After thinking for a while, he said, ” you’re right. It’s strange. Except for my few disciples, no one in the sea of soul formation has studied this Lao Ai. he could not help but look at Yunxiao again.

Chapter 1864

1864 Heart-refined puppet

What he saw shocked zirui, as he found that he could not see through Yunxiao’s cultivation base.

“Who are you?”

Zirui became cautious. To be able to walk around the sea of soul formation at will and at such a young age, he probably had a powerful background.

I’m Li Yunxiao, the honorary elder newly hired by the chief, ” Yunxiao cupped his fists and said. I’m here to ask elder zirui about puppetry.

honorary elder?!

Zirui was taken aback. He sized Yunxiao up again and said, ” “Although I’ve been studying hard all year round and don’t care about worldly affairs, it’s impossible for me to not have heard of the matter of inviting an honorary elder to the soul formation realm. Where’s your token?”

I just hired you, ” Yunxiao said. I don’t have a token yet.

“Isn’t this lie too low-level?” zirui laughed coldly.

my identity is not important, ” Yunxiao said. what’s important is to compare puppet Arts.

“Sparring? Haha, what a joke, what qualifications do you have to compare notes with this old man!”

Zirui didn't hide his contempt.

Yunxiao took out a Jade slip and handed it over, saying, “Elder, look at this first.”

Zirui scanned it with his divine sense and frowned. He took the Jade slip and held it in his hand to sense its contents.

His expression changed instantly. At first, he was shocked, then he was greatly shocked, and then he began to ponder, his brows furrowed into a deep frown, but he was completely unaware.

The two of them stood still as Yunxiao watched them with a smile on his face.

He stood there for four hours before zirui slowly came back to his senses and said, “Where did you get this Jade slip from?”

it's from a secluded overseas sect,” Yunxiao said with a smile. mu Zhuang, the head of the MU family, gave it to me.

“The MU family's head? No wonder, no wonder!”

Zirui's face was filled with shock. He held the Jade scroll with both hands as if he had obtained a treasure. “The insights and understanding of puppetry within it are priceless treasures, yet you're willing to let me see them without holding back. It's clear that you're still too young to understand the value of this item.”

“Hahaha.”

it's not that I don't understand the value of it,” Yunxiao said with a smile. but if I don't take out the precious treasure, Will Elder zirui pay attention to me? ”

“Hehe.”

Zirui laughed awkwardly. that’s true. Since I’ve received such benefits from you, I naturally won’t be stingy. If there’s anything you don’t understand, feel free to ask.

He looked confident and did not think that Yunxiao would be able to ask any valuable questions.

Yunxiao nodded. I’m afraid it’ll be difficult to discuss it in a short time. Elder zirui, aren’t you going to invite me in? ”

Zirui frowned, “you can’t explain it in a short time?” This old man’s time is limited and precious.”

Yunxiao cursed in his heart, ‘I’ve given you such a big advantage, but you’re still putting on a show.’ He took out a human-shaped puppet and threw it over, saying, ” “Milord, please take a look at this.”

The puppet was very thick and strong, and its face was very blurry. It looked very rough, and there was a ” ding ” on its chest and a ” Mao ” on the back. It was one of the six ding and six Jia.

When zirui held it in his hand, he was first disgusted by the rough workmanship. Just as he was about to make a few sarcastic remarks, his eyes suddenly shrank, and a look of surprise appeared on his face. He raised the Ding Mao puppet high in front of his eyes and carefully observed it.

“?! Formation puppet! This is a formation flag, and it’s the highest grade heart refining formation flag!”

Zirui suddenly screamed as if he had seen a ghost. He knocked himself on the head a few times to prove that he was not dreaming and that he was not seeing things.

“Oh, so this thing is a formation puppet, this one understands. Elder zirui’s time is very limited, so I won’t disturb you any longer. I’ll come visit another day.”

Yunxiao reached out his hand and made a grabbing gesture. A shadow flashed, and the Ding Mao puppet was taken back from zirui’s hand. Then, he turned and was about to leave.

“Don’t go!”

Zirui was so anxious that he stepped out and teleported to the door to stop Yunxiao, then said anxiously, “ then show me the heart refining formation puppet again. How can such a divine object still exist in this world? impossible, impossible, it should have been extinct a long time ago!

Yunxiao raised his brow and frowned. “Whether it still exists or not has nothing to do with elder zirui, right? Moreover, elder’s time is too precious. Every time you delay it, I will feel guilty. I’ll take my leave first, no need to see you off.”

Yunxiao did not bother to pay attention to him. In a flash, he bypassed zirui and walked out.

He knew better than anyone else what these alchemists were thinking. Since liuding and Liujia could attract zirui, they would definitely pester him.

“Don’t go!”

Yunxiao! zirui cried out in pain, as if some precious treasure had just left him. He rushed up to Yunxiao and held him in his arms, dragging him into the yard while constantly shouting, “ “It’s not precious, it’s not precious. This old man’s time is trash time, how can it be precious? It doesn’t matter even if it’s a delay of ten or a hundred years!”

Yunxiao’s face darkened. He did not expect the man to be so shameless, and the feeling of being held by an old man was terrible. He hurriedly shook the man away and said, “ “Alright, then I’ll be delayed for a while.”

Zirui was overjoyed and hurriedly called for a servant to boil wine and tea.

what’s the heart refining array armor you mentioned just now, elder?” Yunxiao asked. what’s that about?”

let me see it again,” zirui hurriedly said. I still can’t believe that such a thing exists.

Yunxiao handed Ding Mao over.

Zirui hurriedly got up and took it with trembling hands. He began to observe it carefully. The intoxicated expression on his face was like he was admiring a beautiful woman.

Yunxiao did not urge him, but just drank his wine and tea quietly.

After a long while, zirui finally recovered from the silence. He hugged the Ding Mao puppet to his chest and said, "Could this item also be from the MU clan?"

you have a good eye, elder," Yunxiao said with a smile. you have a sharp eye.

Zirui sighed. in this world, I'm afraid no one else can make this thing except the MU family. It's been a long time. It should be an unparalleled treasure even in the MU family. "And the Jade slip from before!" His eyes lit up."Could it be that Your Excellency has dug up the MU clan's Treasury?"

Yunxiao almost spat out the tea in his mouth. He coughed a few times and said, "Can elder's brain be any bigger? I have a friendship with the MU clan, and he gave me the Jade slip. As for this puppet, I obtained it by chance. It's because it's extremely precious that I didn't dare to let the MU clan have a taste."

"You did the right thing!" Zirui quickly said. If the MU clan sees this, they will definitely not be able to return. You must not leak this information, or else I'm afraid they will kill their way to the sea of soul formation to take it!"

what?" Yunxiao was stunned. are you exaggerating?"

...

"Yes, definitely!"

Zirui suddenly thought of something and hurriedly cast out several incantation seals, setting up a barrier around him.

As if he was still worried, he instructed the servants, " activate all the mechanisms and arrays. Don't let anyone get close to the courtyard. Kill anyone who comes! "Even if the chief is here, kill him without mercy!" He ordered after a pause.

Yunxiao, 'hehe'.

However, the servant was very loyal. He said solemnly, " "Yes!" He turned around and left.

After the servant left, zirui set up two more barriers and took out several array flags to completely seal off the space. Only then did he heave a sigh of relief.

Yunxiao wiped the cold sweat from his forehead. Fortunately, he knew a lot about alchemists, and he knew that this was not the only abnormal Alchemist in the sea of soul formation. He could find them everywhere.

Only then did zirui place the Ding Mao puppet on the table. His eyes were like needles as he stared at it, afraid that it would fly away.

young master Yunxiao, do you know what is the most powerful among the ten million puppets? "

Yunxiao pondered for a moment and said, " puppets are also a branch of sorcery. In terms of strength, they should naturally be divided by their ranks. For example, divine puppets? "

'The heaven-patrolling bull is a divine Phoenix,' Yunxiao thought to himself. If this lunatic knew that he still had a divine venomous insect on him, he wondered if he would tear him apart.

...

this is the traditional prejudice of alchemists, " zirui said with a sneer. but we puppeteers have broken through the shackles of winning by ranking and have opened a new field, which is the heart-refined puppet!

what's up with this heart-refined puppet? " Yunxiao asked. what's going on with it? "

The six ding and six Jia were one of the MU family's three great Puppetry Arts, so they must be extraordinary. However, he didn't expect Zi Rui to take them so seriously.

"In terms of profound level weapons, this heart-refined puppet is the most similar to a combined profound level weapon," zirui said.

Yunxiao immediately understood that the sea god's suit on water fairy was a combined Mystic artifact. It was not as simple as one plus one equals two, but the power of one plus one was far greater than two.

that's just a combined profound level weapon. It doesn't seem to be new. How can you say that it's a new field? "

Zirui laughed coldly. I was just afraid that you wouldn't understand, so I made a rough analogy. How can a combined profound level weapon compare to a heart refined puppet? " No matter if it's a puppet or a profound level weapon, there will always be a weapon spirit, and the weapon spirit of a puppet will always be a level higher and have stronger spirituality. However, the weapon spirit of this heart refined puppet is not simple!"

this thing is dull and lifeless, " Yunxiao said with a frown. there is no Artifact Spirit in it at all.

"That's because you're shallow and don't know what a treasure is!"

shut up! zirui snapped. Obviously, he was not happy with Yunxiao's comment on Ding Mao's puppet.

Frowning, Yunxiao carefully observed the puppet again, then said with great certainty, " "There's indeed no Artifact Spirit."

As a ninth-tier Alchemist, his achievements in the art of alchemy were no less than zirui's. Unconvinced, he said, "Although this young master doesn't dare to be arrogant, I believe that I still have this bit of common sense and the ability to distinguish."

Zirui laughed coldly. this is the difference between heart-refined puppets. Any set of heart-refined puppets is based on a great divine ability or formation. They are refined on this Foundation to reproduce the power of the divine ability and formation. This ding maotong should be the heart refining formation Gu, and their weapon spirit was the soul of the formation. It could only be manifested after the formation was complete. The intelligence of the formation soul is comparable to that of an ordinary person."

what? " Yunxiao was taken aback. are the two men divine puppets in front of your courtyard the heart-refined puppets refined based on divine martial techniques? "

Zirui cursed,"how can those two pieces of trash compare to a heart-refined puppet?!" I only transformed a simple combination technique into a formation and engraved it on their bodies, so they can only perform some simple attacks. It's simply like the difference between cloud and mud!"

Chapter 1865

1865 Body-strengthening returning yang pill

Yunxiao thought for a moment and said, " I understand what you mean. The core of mind-refined puppets is to derive divine abilities or arrays. They live on divine abilities and array power.

Zirui's eyes lit up and he praised,"your comprehension is very high." The puppet itself was only a carrier. The key lay in its 'soul', which was also the art of divine power. However, when all of these heart-refined puppets are gathered together, they will be able to evolve into artifact spirits and use that divine ability."

then, is it possible that many artifact spirits appear at the same time? " Yunxiao asked. is it possible? " For example, there are many formation eyes in a formation, the kind that requires the combined strength of many people."

the situation you're talking about exists in theory, but it's very difficult to achieve, " Zi Rui said. no matter how many formation eyes there are, they usually belong to one formation soul, which is the 'Artifact Spirit' of the heart refined puppet.

He looked at the Ding Mao puppet with a sigh and said, " what a pity. If I had a complete set, I might be able to reproduce this world-shaking great puppet technique.

However, his dispirited spirit was swept away very quickly. He said somewhat excitedly, " "It's already a great fortune for me to be able to obtain a heart-refined puppet. As long as I continue to study it, I'll definitely be able to make a breakthrough. How much is this puppet? I'll buy it. "

"Not for sale," Yunxiao said.

"Not selling? Haha, little brat, this thing is useless to you. If you really like puppets, this old master can make a few beautiful and powerful ones for you."

Zirui was full of confidence. not just a puppet. If you have any wishes you want to fulfill, you can also say it. With my abilities, I can definitely help you fulfill them.

Yunxiao's eyes lit up, and his face was full of admiration as he said, " "Really?"

Zirui confidently stroked his beard and smiled, " "Of course!"

I want to step into the immortal realm, " Yunxiao said.

"Wanwan, are you f * cking kidding me?" zirui asked.

Yunxiao shook his head. I'm not kidding. I'm serious. Unless I can step into the deity realm, I will not sell this puppet."

"Hmph!"

Zirui slapped the table and stood up. He grabbed Ding Mao's puppet and said coldly, " "You have to sell this puppet, whether you want to or not!"

I can see that elder zirui really likes this thing, " Yunxiao said with a smile. don't get excited. Let's have a good talk. I'm also quite fond of the Dao of puppets. Does elder zirui have any insights or experiences that you can share with me?"

Zirui's face turned a little unsightly. Insights were like treasures to every Alchemist, and every step on the path of alchemy research was very difficult. No one would share their insights with others, unless they could get the same benefits.

elder, " Yunxiao said. I have shown you the insight of the head of the MU family without holding back.

you didn't comprehend those things yourself, " zirui said coldly. of course you think they're worthless. You can show them to anyone.

Yunxiao's face darkened as he said coldly, " "I also discovered a Jade slip from the same generation as the Ding Mao puppet. It seems to have been left behind by the puppet's owner, Mu Chen."

He took out the Jade slip that contained Mu Chen's thoughts on the puppet technique and fiddled with it.

Zirui's face froze as he stared at the Jade slip. With his ability, he could naturally tell that this item was as old as the Ding Mao puppet.

Moreover, the two words "Mu Chen" were very awkward.

"Mu Chen?"

Zirui suddenly screamed, " "The MU family's first generation head, the legendary puppet master Mu Chen? The Jade slip he left behind?"

"Hurry, hurry and show me!"

Zirui pounced on him like a hungry tiger.

With a cold smile, Yunxiao sat where he was, and without making a move, he teleported away with a flash of light, making zirui miss.

Zirui then realized he had lost his composure and hurriedly said, " young master Yunxiao, that thing's value is immeasurable. It's a waste to keep it in your hands. Quick, quick, let me see it!

That appearance was as if his heart was burning with anxiety and he was unable to endure his thirst.

Yunxiao sneered. this is the insight left by the puppet master, Mu Chen. It is a priceless treasure. How can I let anyone see it? my Lord, you'd better give up. Give me the Ding Mao puppet, my mother is calling me home for dinner."

Zirui was so embarrassed that his cheeks turned red. He hurriedly took out a Jade slip and carefully handed it to Yunxiao, saying, " this is my many years of experience in puppetry. I've recorded everything in it. Young master Yunxiao, destroy it after you've read it. You can't give it to a third person.

Yunxiao put the Jade slip away and said, " "I've shown you the experience of the head of the MU family, so we're even. Return the Ding Mao puppet to me, I'm going home to eat."

"Ah? You!!!"

"Give me perfected Mu Chen's puppet knowledge!" Zirui's eyes were wide open as he said angrily.

you think I'll give it to you just because you say so? " Yunxiao sneered. You're speaking as if I owe you something." His figure flashed past zirui and retrieved the Ding Mao puppet.

How could zirui stop his movement technique? in the blink of an eye, he discovered that the puppet was gone. Immediately, it was like he had lost a child. Waa, waa! He screamed and madly rushed over.

if elder could have been honest with me earlier, ” Yunxiao said coldly, ” I wouldn’t have been so stingy with Mu Chen’s insights. As for now, I’ll come back to you when I have more questions. If everything goes well, then we won’t have to meet again.”

He stretched out his hand and formed a seal with one hand. In an instant, he broke several restrictions and turned into a ray of light to fly away.

stop him! Stop him! Zirui howled at the top of his lungs, his eyes completely red.

Several beams of light shot up from the courtyard, but Yunxiao was nowhere to be seen.

“Pfft!”

Zirui spat out a mouthful of blood on the spot and fell to the ground, unconscious.

Yunxiao fled thousands of feet away before he transformed into his true form and strolled on the sea of clouds.

He thought to himself, ”I’m afraid zirui will die this time. It won’t be too late to show him Mu Chen’s experience after I’ve taken control of the twelve Capital Heaven divine fiend formation.” If they encountered any difficulties, they could ask him for advice at this price. Otherwise, without any restraints, they really couldn’t move that old thing.

The entire magic God Island was very vast, and it was surrounded by boundless spiritual Qi. It was like a paradise, and it was difficult to tell the direction.

Suddenly, a black beam of light flew over, and Yunxiao’s pupils constricted. It was a powerful demonic energy.

One of the Warriors in the black light had a sullen look on his face, and he even seemed to be struggling in pain. Suddenly, his pupils constricted, as if he had discovered Yunxiao. He suddenly emerged from the light and landed directly beside him.

“Which elder’s disciple are you?”

what’s wrong?” the warrior asked, staring at Yunxiao with a cold face. He withdrew his fiend aura and hid the fierce and painful look on his face.

I’m under elder zirui,” Yunxiao said. Your Excellency is Lao Ai.

The person in front of him was very unfamiliar. He was most likely a martial artist who had entered the sea of soul formation later.

...

That martial artist said, “I’m the sea of soul formation elder, Xing Chun. Humph! You actually didn’t recognize this seat’s identity. What crime should you be punished for?! He shouted sternly, his face completely black.

Yunxiao pretended to panic and said in a hurry, “I’m sorry, I’m sorry. So it’s elder Xing Chun. I’ve heard of your name for a long time, but I’ve never seen you in person. Please don’t blame me.

Xing Chun frowned. Most people would be scared to kneel down after being scolded by him like this. However, although this disciple in front of him was flustered, he didn’t have a fearful expression.

He thought that zirui was also a weirdo. It was rare to see him in a few years, and his disciples seemed to be the stupid type.

“No harm! I’m an elder of the martial arts world, and I have little contact with you people of the art path, so it’s normal that I don’t know you. However, I have something that I need your help with.”

Xing Chun said slowly, his eyes flashing with a glint that was not easily noticed.

But, how could Yunxiao hide that look from him? he played dumb and said, “What is it? I still have important matters to attend to, and I need to hurry to the Warlock God Hall.”

“What? Why are you going to the Warlock God Palace?”

Xing Chun was stunned for a moment. Unless something major happened, there were very few elders who wanted to go to the spell God Palace. Moreover, it was usually the elders who would go personally and very few disciples would be sent.

Yunxiao put on a troubled look and said, “It’s not convenient to say this Yingluo, Yingluo.”

Xing Chun frowned and shouted, “what’s so inconvenient about it? could it be that you’re doing something shameful?” Quickly tell this Lord!”

...

As expected, the other party’s face paled and he began to tremble.

Xing Chun laughed coldly in his heart. This kind of young brat was still not easily toyed with by him.

Yunxiao was a little embarrassed. He covered his mouth with his hand and said in a low voice, “ the Vice guild leader, Lord Yu Chen, brought in a group of female singers and entrusted Lord zirui with the task of refining 300 body-strengthening returning yang pills. These pills ... Hehe ... You know ... Hehe ... Hehe ... Hehe ... The pills have been refined, and he has sent me to deliver them.

Xing Chun was completely stunned. After a long while, he looked at Yunxiao suspiciously and said, “You’re not lying to me, are you? Lord Yu Chen, he ... He ... He ... He ... He ... He ...”

Yunxiao panicked. how would I dare lie to you, my Lord? ” he said in a hurry. look, the medicinal pills are here!

He took out a suet Jade bottle and handed it over, saying, “Lord zirui has repeatedly warned that we must not tell anyone. Oh my, this is bad. Sir, you must not tell anyone about this, or else I will be severely punished.”

He had a look like he was finished, begging Xing Chun to keep it a secret.

what?” Xing Chun was really stunned this time. He looked at the bottle of Crimson medicinal pills. There were more than three hundred of them, and they were emitting astonishing spiritual energy. One look and one could tell that they were not ordinary medicine. His previous half-belief turned into a basic belief.

He thought to himself, “you’ve already revealed this matter. If Yu Chen were to find out, not only would he be severely punished, he might even want to kill your entire family.”

it’s master Yu Chen’s private illness. I’ll keep it a secret,” he said with a straight face. you can’t talk about it again.

Yunxiao nodded hurriedly and put away the pill. “Of course not. This matter is extremely confidential. It was master Yu Chen who personally came to the small courtyard to ask elder zirui to make it.”

Xing Chun laughed coldly in his heart, thinking that Yu Chen actually had such a bad habit. Now that this secret had fallen into his hands, if he didn’t make good use of it, how could he live up to this news? hehe hehe.

Chapter 1866-Qi deviation

Yunxiao saw through his mind at a glance and chuckled to himself. ‘Looks come from the heart. I can tell you’re not a good person just by looking at your silly face. Who knows what kind of wicked idea you’re thinking of now?’

Xing Chun’s eyes flickered as he thought for a while before he came back to his senses. He looked at Yunxiao with a kind expression and said, “What’s your name?”

my name is che you,” Yunxiao said. my name is che you.

“Che you? Go to the Sorcerer’s Palace and deliver the pills. Come find me at my place when you’re back. I have something I need you to do. As a reward, I’m willing to spend some time to help you come up with a better name.”

Xing Chun took out a coordinate mark and gave it to Yunxiao.

“.....”

Yunxiao was speechless for a moment. this name is indeed terrible, ” he said. I agree with that, but I don’t think it’s a good idea to give it a new name.

Xing Chun’s face fell. He said in a cold voice, ” why? you feel that this reward isn’t good. Or perhaps, it’s not enough? ”

Yunxiao, ’hehe’.

He only felt that the person in front of him was an extremely amusing idiot, and really wanted to slap him to death, but he held back and said, ” “It’s not Yingluo.”

“Hmph! This Lord has read a lot of books and there are many people who ask me to take them, but I’m too lazy to care.”

Xing Chun seemed to feel that the other party was not satisfied with the ‘benefit’ of giving a name. After thinking for a moment, he took out a white medicinal pill and handed it over, saying, ” “Eat it.”

Yunxiao was startled. He covered his mouth and said, ” “How can you eat medicinal pills?” At a glance, he could tell that the elixir contained a trace of demonic Qi. The elixir itself had no problem. It was a spiritual elixir that could increase the power of a rank eight.

Xing Chun sneered and said, ” truly unable to tell good from bad. This seat is giving you benefits. To think that you’re even elder zirui’s disciple. Can’t even recognize tier 8 spirit pills? ”

Yunxiao took the pill and swallowed it immediately. The wisp of fiend energy was absorbed by his body in an instant like a drop of water falling into a Great River, and there was no reaction at all.

When Xing Chun saw him eat it, he immediately revealed a trace of an evil smile and patted his shoulder, saying, "that's right. Hurry up and deliver the pills. If you're late, I'm afraid master Yu Chen will be unhappy. Haha.

Yunxiao chuckled as well, and then he headed in the direction of the Sorcerer's Palace.

Xing Chun pondered for a while and revealed a ferocious expression. He suddenly turned into a ball of demonic Qi and flew away in the direction he came from.

After walking for a while, Yunxiao saw the Sorcerer's Palace in the distance. As the Vice President, Yu Chen also lived in a side hall not far from the temple.

He had only wanted to make a joke, but seeing that the Warlock temple was right in front of him, he decided to do it to the end.

As he thought of this, he took out a large amount of materials from his storage space and threw them into the cauldron of mountain and river to start refining.

Very quickly, three hundred extremely powerful pills were produced. After he packed them up, he walked towards Yu Chen's side hall.

"Who's there? stop!"

The guards in the side hall immediately stopped Yunxiao.

Yunxiao hurriedly took out some pills and handed them over. "I'm elder Xing Chun's disciple. I'm here to deliver the pill to Lord Yu Chen."

"Elder Xing Chun? Give me pills?"

The Guard's eyes narrowed. He stared at the White jade bottle for a while and said, "What pill?"

"This bi an ..."

Yunxiao put on an embarrassed look and said, "This Suan ni, this Suan ni"

why are you hemming and hawing? do you have a guilty conscience?!

The guard grew vigilant. He snatched the pill from Yunxiao's hand, opened the lid, and began to observe it.

"Ah?"

Yunxiao panicked and cried out, "This pill is a top secret and can't be shown to outsiders."

The guard also had a certain Foundation in the art of magic. He put it to his nose and sniffed it a few times. Suddenly, a stunned expression appeared on his face. He said, "This Pixiu, this pill Pixiu"

"Aiya, you've found out!"

it's the kind that will make you very powerful after eating it, " Yunxiao said anxiously. Lord Yu Chen asked elder Xing Chun to get it for me. You must keep it a secret! Please, I beg you, or I'll be skinned by elder Yu Chen!

"This bi an ..."

The two guards were stunned. After a short moment of daze, they looked at each other and saw the strange look in each other's eyes.

“Don’t worry, we won’t tell anyone about this,” one of the guards said. “Don’t go around talking about it either.” This is Lord Yu Chen’s private matter. If you talk about it, you’ll die.”

of course! Yunxiao hurriedly said. of course!

yes. the other guard nodded and said, “ Lord Yu Chen is not in the hall at the moment. We’ll keep this pill on his behalf. We’ll return it to you later.

thank you, ” Yunxiao cupped his hands and said. I’ll be counting on you then. He then turned into a flight light and headed towards Xing Chun’s residence.

Originally, he did not have much interest in Xing Chun himself. It was just that the demonic technique all over his body aroused his curiosity.

After the time it took to brew a cup of tea, he appeared in front of a small courtyard. He knocked on the door and entered.

Yunxiao scanned the courtyard with his divine sense and found that it was quiet, with only Xing Chun’s aura. He could not help but frown.

Every elder in the sea of soul formation would be allocated a certain number of servants and maids. Although there were also elders who liked to be alone, they would at least bring one or two servants to clean up the rooms and courtyards. However, Xing Chun’s place was empty.

“You’re back just like that?”

A black shadow flickered, and Xing Chun instantly appeared in front of him. He stared at him and was a little surprised that his speed was too fast.

In fact, Yunxiao had deliberately delayed the time. “Something happened to His Excellency, so I had to run back as fast as I could.”

Xing Chun chuckled and said, " not bad. You're very clever, kid. Come in.

Yunxiao followed him into the courtyard and found that it was a little shabby, as if no one had cleaned it for a long time. why doesn't Your Excellency have a servant here? "

Xing Chun turned around, a cold light flashing in his eyes as he said with a hideous smile, " You want to know the reason?"

Yunxiao pretended to be afraid and said, " Did you kill him, my Lord?"

...

"Ha, you're quite smart, kid!"

Xing Chun laughed and immediately flicked his sleeves. The entire surrounding environment changed. The two of them were actually on a fighting arena. There were quite a number of shattered bones scattered on the ground.

what are you doing, my Lord? " Yunxiao asked in surprise. what are you doing? "

Hmph! Xing Chun snorted coldly and said, " I'll tell you the truth. This seat's cultivation of demonic Arts isn't quite smooth. I need you to be the medicinal primer to dissolve the violent energy in my body!

As soon as he finished speaking, a layer of white smoke rose from his body and slowly transformed into a ferocious beast in the air, baring its fangs and brandishing its claws!

Xing Chun's face also instantly contorted, no different from that ferocious beast. A large amount of demonic Qi was bubbling on the surface of his skin like boiling water.

"Is Tao Wu suffering from Qi deviation?"

Yunxiao was taken aback. At a glance, he could tell that the other party had gone mad and lost his nature, which was why he had become so cruel and violent.

“Since mo skills are so dangerous and difficult to cultivate, why does Daren want to take the risk?”

Yunxiao sighed as he looked at the bones on the ground. these are your servants and maidservants, right? you’ve used them to vent your anger.

Xing Chun laughed hideously. haha, you’re indeed clever. Furthermore, you’re brave enough. You’re still so calm even when death is near! That’s right, I’ve used these people to vent my anger. If these lowly lives can die for me, then their deaths will be worth it!”

...

then, my Lord, are you trying to make me valuable next? ” Yunxiao asked.

Although Xing Chun was completely possessed, he was not stupid. When he saw Yunxiao’s calm look, he finally sensed that something was wrong and shouted, ” Who are you?!

it doesn’t matter who I am, ” Yunxiao said. my Lord, if you want to vent your anger, I have a good idea. I just happen to have a dozen puppets with me, so I can play with you.”

“A puppet?”

Xing Chun hesitated again. In the entire sea of soul formation, only zirui and his few disciples played with puppets. Could this person really be zirui’s disciple? She was just too calm.

With a wave of his hand, Yunxiao performed an incantation gesture with one hand. Immediately, twelve golden beams of light flew out and landed around the arena, forming a circular array and surrounding Xing Chun.

After he left zirui's place, he had wanted to find a fighting arena to practice with the six ding six Jia, and now he had a live target.

Xing Chun's eyes darkened. The twelve puppets were not even the size of a fist, but under Yunxiao's incantation seal, they turned into human-shaped figures after they landed on the ground.

However, his eyes were still dull, and his face was simple, just like an apprentice's inferior product.

"Hahaha!"

hahaha ... Xing Chun could not help but laugh wildly. He was now basically sure that Yunxiao was zirui's disciple. if it were a puppet made by your master, perhaps it could play with me. As for these trash you made, they don't even know how to do art. They've really disgraced your master!

"Roar!"

The layer of beast-like white mist outside Xing Chun's body suddenly roared loudly, just like the endless hostility in his heart, it spread out in circles along with that sound.

Yunxiao quickly performed incantation gestures, and the twelve puppets seemed to have changed as they also reached out their hands and performed incantation gestures.

Suddenly, a light barrier appeared on the puppet's body. The handprints connected to the twelve people were like a star Ring shining on the fighting arena, and the impact of the roar was blocked.

"What?"

Xing Chun was startled and somewhat didn't dare to believe it, but he wasn't worried. He only sneered and said, " no wonder you're so calm. You're really something. You can play with me!

His figure flickered and disappeared from where he was. In the next moment, he appeared in front of Yunxiao's nearest puppet and slammed his hand down.

Demonic Qi and violent Qi rolled in his palm like layers of dark clouds pressing down, trying to smash the puppet into meat paste!

Yunxiao's pupils constricted, and the speed of his hand incantation gestures grew faster and faster. He could already sense the power contained in these puppets, but he could not use it no matter how hard he tried, as if he was pouring dumplings into a teapot.

Xing Chun's enormous pressure descended. The puppet seemed to be unable to withstand it. Cracks began to appear on its face, and it immediately peeled off!

"What?"

Yunxiao was taken aback. He opened his eyes in horror and saw a white, smooth skin slowly revealing a beautiful face.

As the surface of his body completely peeled off, it revealed an extraordinarily beautiful man with an imposing appearance. His eyes were embedded with gems, like twinkling stars. His eyes were cold, and the corners of his mouth seemed to carry a mocking sneer. His hands were forming hand seals in front of him.

Chapter 1867

1867 Ancient Devil's well

Not only was Yunxiao startled, but Xing Chun also sucked in a cold breath. He felt a heart-shaking force coming at him like a prehistoric beast.

The puppet man's eyes emitted a soul-shaking power that shot directly into his heart. He felt like he was being stared at by a prehistoric beast, and he was already half a step into the gate of hell.

The fear of death struck his heart, causing Xing Chun to instantly recover from the state of Qi deviation. His mind was clear, and the vital Qi in his dantian gushed out wildly. His hands rapidly formed seals, slapping towards that puppet!

The puppet's hand seals were extremely simple. After changing them three times, it drew out a ring of light and charged forward.

“Bang!”

A huge force exploded, but it did not seem to be as terrifying as Xing Chun thought. It was as if he had hit an iron wall. A huge circle of light surrounded the entire fighting arena, shaking him back.

Yunxiao saw the whole process clearly with his magical eyes. The puppet's seal was only for defense and did not make any offensive move. Xing Chun was sent flying back by his own power.

The moment the seal appeared, the other 11 puppets also changed their hand seals. The power of the entire barrier instantly condensed and poured into the handsome man's hand, blocking the attack as if it was impregnable.

Yunxiao was shocked. The tacit understanding between the twelve puppets was as good as one, and they could produce the greatest effect with the smallest force.

When Xing Chun attacked one point, the power of the entire barrier would gather over. The other places were abnormally weak. The power of the entire barrier was not evenly distributed. Instead, it was distributed according to the point of attack.

This speculation gave him a shock. Even if 12 zhenrens were to set up such an ideal formation, it would be impossible to achieve such precision, let alone puppets.

He continued to observe patiently, trying to verify his thoughts.

After Xing Chun was jolted back with a blow, although he suffered a little injury, he escaped from that terrifying feeling of death.

The state of Qi deviation was also frightened back to normal. At this moment, his eyes were much clearer and his viciousness had reduced by a lot.

how do you feel, elder xingchun? ” Yunxiao smiled. how do you feel? ” I see that you’re in a good condition. Using these 12 puppets as medicinal catalysts, the effect should be alright, right?”

“Hmph!”

Hmph! Xing Chun snorted angrily and sized Yunxiao up again. He had believed that Yunxiao’s strength had been suppressed to the level of a martial honor, but now he felt that something was wrong.

However, he was not too worried. Although zirui was silent about puppetry, he was not very famous and had not researched anything powerful. These 12 puppets were most likely zirui’s peak masterpieces, so it should not be difficult to break them.

“Don’t think that you can do whatever you want with just a few puppets. If that’s the case, then who in the world still practices martial arts? who wouldn’t get a few puppets to play with? I’ll tell you today that no matter how powerful a puppet is, it’s still created by man. It can’t compare to the strength of a human!”

After Xing Chun gave a sermon, he leaped up and smacked his palms continuously in the air. A ball of light grew rapidly, pressing down on the puppet’s body from the sky like a millstone.

Yunxiao had been in a defensive state since the beginning, suppressing Xing Chun. He did not know what the twelve puppets would look like when they attacked. After all, they were the three great killing arrays mentioned in the legends. He was also very curious, so he changed the incantation gesture in his hand.

The puppet received the order, and a murderous look shot out of its gem-like eyes. It raised its hand and made a grabbing motion.

The Rings of light that swirled around the entire arena were all drawn in and gathered in the puppet’s hand, turning into a sword of vital Qi!

Yunxiao was taken aback. The sword of primordial Qi gave him an unusually sharp and terrifying feeling, and he could not withstand it with the strength of pure star.

It was a big deal to kill an elder in the sea of soul formation. Although he was not afraid of trouble, he did not want to get into trouble for no reason.

After all, the sea of soul formation was already in enough trouble.

He hurriedly formed a seal with both hands and dissolved the essence Qi sword.

The sword continued to expand, once again forming a ring, but it was no longer able to keep up with the speed of the puppet's slash.

The vital Qi sword, which had lost most of its power, was already a little penetrating. However, it still slashed down and directly cut the millstone-like ball of light in half!

The remaining force of the sword Qi pierced down directly, penetrating Xing Chun's right shoulder. His entire arm was cut off along with a large piece of flesh!

"Ah?"

arghh! Xing Chun screamed. The aura in his body instantly fell to the bottom of the valley. The evil energy in his body disappeared without a trace. The demonic energy also hid in his body and completely returned to normal.

Yunxiao was shocked by the power of the sword. If he had not stopped in time, Xing Chun would have been cut in two.

After losing her command, the beautiful male puppet regained her ice-cold expression and stood there motionless. Her face constantly became dull, looking silly.

It was the same for the other eleven, but Yunxiao was sure that under their rough faces, there must be a superb art.

Xing Chun's strength was too weak, only at the level of a mid-tier nine-star Martial Emperor, so he could not test the strength of six ding and six Jia at all. With a wave of Yunxiao's hand, the twelve puppets immediately turned into rays of light and flew back into his storage Mystic artifact.

"You, Who are you? You can't be zirui's disciple!"

Xing Chun struggled to his feet while wailing, looking at Yunxiao in pain and fear. He stopped the bleeding and swallowed a large number of medicinal pills before his face recovered a little.

hehe, who I am is not important, " Yunxiao said. I just want to have a good talk with Lord Xing Chun now. Where did you learn that demonic technique? " Who are the elders that cultivate devilish techniques and use devilish Qi to refine items in the sea of soul formation?"

Xing Chun was startled and said,"why are you asking this?" Are you not from the sea of soul formation?"

I don't like people asking me questions, " Yunxiao said with a frown. I don't like it when people ask me questions.

The shock in Xing Chun's heart was even greater. The other party's temperament was completely different from before. There was a feeling of standing in the wind and floating out of the world, causing him to have a heart of admiration.

The moment this feeling appeared, Xing Chun's heart panicked and he hurriedly said, " "Demonic Arts have always existed in the sea of soul formation. Furthermore, this kind of art can advance very quickly and allow one to obtain great power in a very short time. Its weakness is that devil essence is scarce, and very few people can have this kind of resource. Moreover, it's easy to go crazy and lose one's mind."

At this point, his face turned pale again. He was in such a state.

When he was possessed by the devil, he wanted to kill people, but when he was sober, he hated everything he had done. He had been in this confused and contradictory state.

then why are there so many people refining it now? " Yunxiao asked with a frown.

“As expected, you’re not from the sea of soul formation. You don’t even know about the ancient Devil’s well,” Xing Chun said.

“Ancient Devil’s well? What the hell is that?”

Yunxiao was taken aback, and he had a bad feeling when he heard the name.

Xing Chun was a little hesitant, but he still said, “ Since you have the ability to enter the sea of soul formation and your strength is unpredictable, you will find out even if I don’t tell you. He first said a few words to exonerate himself, and then said, “ “The ancient Devil’s well is an abyss that appeared in the sea of soul formation. It leads directly to the tiandang mountains, and from time to time, large amounts of devilish energy will come out from the well.”

“What?”

Yunxiao was taken aback. He could hardly believe it. it leads to the tiandang mountains and is erupting with demonic Qi?!

Xing Chun said, “ that’s right. Although humans don’t know what’s inside the tiandang mountains, we can be sure that there were a large number of devil cultivators and even Devils in the ancient times. After they died, their devil Qi didn’t dissipate and was stored inside. This ancient well in the sea of soul formation leads to the inner part of the mountain range, which is why it can erupt with demonic Qi, allowing demonic cultivators and the study of art to enter a whole new world.”

...

Yunxiao’s face was unusually solemn. Although he did not know what was going on, the demonic energy was unusually spiritual. The tiandang mountains had stood there for countless years. If it was the remaining demonic energy after the death of The Fiend cultivator, it should have condensed into a fiend long ago and never spurted out of the passage.

“Does the chief know about this?”

“Of course, how could the chief not know about such a big matter? what a joke!” Hmph! Xing Chun snorted coldly and said, “ you’d better leave quickly. Diving into the soul formation sea isn’t something fun. Although you have a precious treasure on you, it’s not to the extent of being naïve to think that you can contend against the entire soul formation sea, right? ”

where is the ancient Devil’s well? ” Yunxiao asked. where is it? ”

Xing Chun was shocked, “ you want to go to the ancient Devil’s well? Haha, an outsider like you wants to go to the ancient Devil’s well? you must be crazy!”

He smiled, but his smile froze in the next moment, because he found that Yunxiao was not joking. The more grim his face looked, the more pressure he felt.

“It’s at the end of the sea, at the heavenly abyss!” yes! Xing Chun said hurriedly.

He didn’t know why he was so obedient, as if he couldn’t resist the orders of the person in front of him.

Yunxiao turned and was about to leave. With one step, the illusion in the fighting arena shattered instantly, and he returned to Xing Chun’s small courtyard.

Xing Chun’s heart trembled. Only then did he discover to his horror that the other party did not just rely on puppets!

It was just that his strength was so strong that he couldn’t even touch it. That was why he couldn’t feel it at all!

...

“The ancient Devil’s well is personally guarded by Vice President Yuan de, so no one dares to approach it,” he said fearfully. If you need demonic Qi, you’ll have to apply for it. ”

“Yuan de?”

Yunxiao frowned. Yuan de had been the Vice President of the sea of soul formation twenty years ago, and he was in charge of all the martial cultivators in the sea of soul formation. He was so strong that he had already reached divine transcendence twenty years ago.

Many people secretly believed that Yuan de was the strongest in the soul formation sea and was far above Lu congzi.

Yunxiao turned into a beam of green light and disappeared from the courtyard in a flash, leaving only a few electric arcs that flickered in the courtyard before completely disappearing.

It was as if Xing Chun was in a dream. He discovered in despair that he couldn't even catch the other party's fleeing light. If it wasn't for one of his arms still on the ground, he would have really thought that it was a dream.

He hurriedly picked up the broken arm and turned into a ray of light to fly away, looking for a friend in the art of healing.

In a place like the sea of soul formation, treating a broken arm was as easy as eating. As long as it was not a broken neck, there was no problem. Even if his neck was broken, as long as he was not dead, it would not be a problem.

Chapter 1868-barging

The sea area where the sea of soul formation was located was not within the four Seas, nor was it above the realm of heavenly martial arts, but an independent space. It was like an ocean floating in the universe, but it was restricted by the realm force of the realm of heavenly martial arts and suspended within the scope of the heavenly martial continent.

The so-called end of the sea was the border between the sea of soul formation and the heavenly martial continent. It was a boundless void of the universe, also known as the heavenly abyss by the people of the sea of soul formation.

It was not strange for a spatial passage to appear in the heavenly abyss, but Yunxiao did not believe that there was such a coincidence in the world that the passage happened to lead to the tiandang mountains.

Other people might not know much about the tiandang mountains, but after experiencing it personally and hearing the descriptions from mu lingdi and the others, he basically understood the structure of the tiandang mountains.

It was originally a spatial crack, which directly tore open the intersection point between the heavenly martial arts realm and the devil realm.

From the ancient times until now, it wasn't only 100000 years ago that demon masters descended. There were demons that constantly appeared on the continent, but they were suppressed by the realm power, so it was difficult for powerful demons to appear.

Even so, generations of experts had attached great importance to the crack in the tiandang mountains. For countless years, experts had constantly added seals to the crack. The tiandang mountains were a miraculous scene that was directly formed by the combination of those complex forces.

Until a hundred thousand years ago, for some unknown reason, the demon Lord Emperor was able to break through the suppression of the realm power of the heavenly martial realm, tear open the crack completely, and descend with his extremely powerful body, which led to the demonic tribulation a hundred thousand years ago, and the demon-sealing war that later affected the entire realm.

After the demon-sealing war, the surviving experts began to re-seal the tiandang mountains, completely blocking the space crack.

But now, an ancient Devil's well had appeared in the sea of soul formation. If the ancient Devil's well really led to the tiandang mountains, then a spatial Rift had appeared in the tiandang mountains.

Secondly, according to his speculation, even if there was demonic Qi left in the tiandang mountains, it must have formed something with a spirit. It could not be the chaotic demonic Qi itself, nor could it cross such a long passage and burst out in large amounts.

He immediately transmitted this situation and his own speculation to Lingmu Di. After all, Lingmu Di was one of the leaders of the demon-sealing war.

Lingmu Di's expression also changed greatly. He muttered, "If it really leads to the Tiandang mountains, then we'll be in big trouble. The only possibility is that the many seals I laid down in the past failed, and a crack appeared not only on the heavenly martial arts realm, but also on the devil realm, connecting the two realms again. That's why a large amount of devil Qi crossed the passage and came here."

Do you think that's possible, my Lord? " Yunxiao asked. Do you think so? "

Lingmu Di analyzed, "It's very possible. As you said, there is a large amount of demonic Qi left in the Tiandang mountains. Most of them have already dissolved. The strength of these things varies. If they keep devouring, they will produce something like the Black Flame fiend. It is also very possible for them to break through the seal and open the passage. After all, the demonic Qi in the Tiandang mountains is limited. If such a powerful existence or even a higher level demonic monarch appears, there will be a great demand to return to the devil World.

Yunxiao's face darkened. After hearing what you said, why do I feel like the passage between the two worlds has appeared? " he asked. The demonic tribulation is about to start again!

This is just an analysis, " Lingmudi said. The premise is that the so-called 'ancient Devil's well' leads to the Tiandang mountains. This is the worst case scenario.

What about the good situation? " Yunxiao asked. What about the good situation? "

"The good news is that this ancient Devil's well is a crack that leads directly to the devil World," Lingmudi said.

"What? Directly to the demonic realm? Wouldn't that be even worse?"

Yunxiao was shocked.

of course! lingmu di laughed indifferently. do you think the realm of heavenly martial arts is as chaotic as a chicken, without any cracks? ” In fact, the tiandang mountains were not the only place that had a crack between the heavenly martial arts realm and the demon Realm. It existed in many places, but the demonic Qi that seeped out was limited, and it was difficult to form high-level demons. The tiandang mountains were just one of them. However, it was later pierced through by the Demon King and became a passage that allowed powerful demons to pass through.”

He said, ”it’s like a wall. Although there are many cracks, only a few flies and mosquitoes can get in.” And one day, a huge gap was forcibly opened, and the Tiger and Wolf could enter smoothly. Even if you later filled up this gap, it could not return to its previous sturdiness. This gap has finally become the weakest part of this wall.”

I see, ” Yunxiao said. the tiandang mountains are the gap in the heavenly martial realm. If the ancient Devil’s well leads directly to the devil World, it’ll only be a small crack that can only allow flies and mosquitoes to fly in. Stronger Devils won’t be able to come through.”

”That’s the truth,” lingmu di said.”Alas, the existence of the devil World has always been a hidden danger.” I’m just afraid that the gap between the two realms will increase and in the future, they will completely merge into one realm.”

is that possible? ” Yunxiao asked in surprise. is that possible? ”

Lingmu di laughed, ” the Dao becomes one. One begets two, two begets three. Three begets all things. The demonic realm was derived from one of the three Qis transformed from Dao, and in terms of level, it was far above the heavenly martial arts realm. My guess is that even if there is such a day, it will be the heavenly martial arts realm that is devoured by the devil realm. But that is not something we can see, so we don’t have to worry.”

Yunxiao was speechless, but he chuckled and said, ” “Daren’s brain hole is really big.”

”Let’s go and see where the ancient Devil’s well leads to first,” lingmu di said, smiling.

While the two were talking, Yunxiao had flown straight to the end of the ocean. Thousands of feet ahead, he could see the endless void universe, in which countless stars were shining.

“Who is it? stop!”

Suddenly, a loud cry came from the front, and then a golden light shot over from the distance, forming a huge golden figure on the surface of the sea. The figure had a cold face and a pair of Starry Eyes, staring at Yunxiao.

Yunxiao showed up and said, “ Li Yunxiao, the new honorary elder of the sea of soul formation, requests an audience with Lord Yuan de.

The Golden projection stretched out his hand and said, “ “Where’s your elder token?”

I’ve just been appointed, ” Yunxiao said. I don’t have a token yet.

The Golden projection waved his hand and shouted, “ “If you don’t have the token, then go back. Come back when you can prove your identity.”

I can’t get the token for a while, ” Yunxiao said awkwardly. I hope you can make an exception.

The Golden projection stretched out his hand to block it, and said, “ “No exceptions.”

I see, ” Yunxiao said. then tell me where the ancient Devil’s well is, and I’ll go there myself.

don’t say such reckless words! the Golden projection shouted. leave now, or I’ll be merciless!

Yunxiao regretted not inviting Xuan Hua with him, but he could not care less at this moment. After all, the matter of the ancient Devil’s well was of great importance, and he needed to figure it out as soon as possible.

Moreover, the spread of a large number of devil techniques and devil cores also carried great risks. Since Yuan de was in charge of the ancient Devil’s well, he had to find Yuan de to understand the details.

Yunxiao performed an incantation gesture with one hand, and a monstrous demonic energy gushed out of his body. His skin was covered with black demonic patterns.

His eyes also turned pitch-black as he looked toward the heavenly abyss.

“Ah? You!”

The Golden projection was shocked and looked at him in disbelief.

The devil aura around Yunxiao rolled, and he soon sensed the devil power in front of him. With a crackling sound, he transformed into a bolt of lightning and went straight through the Golden projection.

“Stop, don’t go!”

The Golden projection was shocked and hurriedly turned around. It grabbed a light sword in the air and slashed over.

“Huala”

The seawater below was split open by the sword Qi, and the water splashed and rolled, but Yunxiao was nowhere to be seen.

The Golden projection made a hand seal and disappeared in the air.

At the junction between the end of the sea and the heavenly abyss, a White Palace was suspended above it, isolated from the world. A golden figure suddenly flew out of it, holding a halberd and extremely alert.

...

“Stop!”

The Golden figure waved the halberd in his hands and with a loud roar, he slashed down!

A white beam of light streaked across the sky and slashed at Yunxiao!

“Hahaha.”

Yunxiao laughed as he transformed into a Thunderbolt and stepped directly on the slash. With the help of the force, he leaped forward and disappeared in a flash.

“What?”

The Golden Man’s eyes almost popped out. Then, he felt a weak electric current pass through his right side. He suddenly waved his halberd and swept it horizontally, but he missed.

“Thanks for letting me win!”

Yunxiao’s hearty laughter came from behind him to the left. When he turned around, he saw a flash of green disappearing into the distance.

The Golden figure was extremely anxious. He did not pursue and attack, but instead waved his halberd. A ray of light shot up into the sky and exploded with a “bang.”

After sending out the emergency signal, he immediately turned into a golden light and chased after Yunxiao.

...

Then, dozens of figures rushed out of the White Palace, most of them possessed by demonic Qi, and chased after him.

After bypassing the Golden figure, Yunxiao immediately locked onto an area dozens of miles ahead, where the demonic aura had come from.

A bolt of lightning streaked across the void of the universe, and a moment later, Yunxiao flew into the area and came out.

In front of him, there was a dark nebula spinning. It was so deep that he couldn't see the bottom, as if there was no end.

With a solemn expression, Yunxiao asked lingmu di and beimang Nan to come out of the divine realm tablet as well. Both of them were frowning and deep in thought.

"How is it?" Yunxiao asked.

Lingmu di shook his head. the area is too large. It's hard to survey. I'm afraid we'll have to go in and explore it to find out what's going on. But the three of us are very powerful.

this kind of spatial crack is too dangerous, " said beimang Nan. moreover, it's very likely that the other side is the demon world. Without void realm cultivation, you can't take the risk to enter.

"Void extreme cultivation base, Xuanji."

there are only a few people in the world today, " Yunxiao said with a wry smile. and they can only stay in this realm for a short time.

that's not necessarily true, " lingmu di said. Yunxiao has the power of devil essence, which is much stronger than this ordinary devil aura. As long as the crack itself doesn't show any signs of danger, there won't be any substantial danger.

then, my Lord, do you mean for me to go in and have a look? " Yunxiao asked.

“Yes,” lingmu di said.

“Alright, I’ll try.”

Without further ado, Yunxiao put the two men back into the divine realm tablet, then turned into a ball of fiend energy and rushed into the nebula with a Black Flash.

Chapter 1869-absorbing demonic Qi

The ancient Devil’s well was pitch black. It was a spatial tunnel that extended into the distance.

Even though Yunxiao had the wondrous spirit eyes, the area he could see was very limited. Moreover, The Fiend energy in the surroundings was not gushing out like a fountain as Xing Chun had said. Instead, it was very scarce, like a trickle of water in a passage.

Nothing unusual happened along the way. Yunxiao flew at a very fast speed, and it was only after flying for several hours that he sensed the change in the surrounding fiend aura, which was much denser than before.

it can’t be the tiandang mountains ahead, ” Yunxiao said. this crack is so long, and the demonic energy can still leak through it. It’s most likely a crack that connects to the devil World.

Lingmu Di’s voice was heard. this crack must have existed for a long time and has been deformed. That’s why it can extend so long. Keep going. I want to see how big this crack is. We should be more vigilant when it comes to deformed cracks. The crack in the tiandang mountains was twisted so badly that it was torn apart by the devil Master.”

A deformation meant that there was a change. It could increase the strength of the crack, or it could decrease.

Yunxiao flew for a few more hours, and the amount of fiend energy was no longer insignificant. As he moved through it, he had a strange feeling, as if the cells in his body were opening and closing, devouring The Fiend energy.

The devilish Qi that was swallowed flowed through his meridians and settled in his dantian. He could clearly feel that his strength was increasing.

Yunxiao was both surprised and overjoyed. If he continued to move forward and cultivate in this spatial crack, his demonic technique would be greatly enhanced, and he would have a greater chance of controlling the six paths demonic weapon.

Suddenly, mu lingdi's urgent voice came, " "Stop!"

Yunxiao had been immersed in his cultivation and did not pay attention to the front. He was so frightened that he stopped in a hurry and said in surprise, " "What's wrong?"

He looked ahead and saw a dark chaotic scene. It was different from the void of the universe. It was like a boundary formed by endless demonic Qi blocking his way.

The demonic Qi that filled the sky had emerged from the barrier.

Devil World?!

Yunxiao was taken aback as he looked at the boundless realm power in horror, which was as dark and unpredictable as a chicken egg.

Lingmu di said, " it's a spatial domain formed by the power of the demon world. If we go any further, we'll be suppressed by the power of the world. If we're unlucky, we'll be turned into ashes at any time.

Yunxiao's face was gloomy as he said, " "Now we can be sure that the ancient Devil's well doesn't lead to the tiandang mountains. We can rest assured."

Lingmu di came out of the divine realm tablet and walked straight to the space domain. He stopped in front of it and stretched his hand into it.

Yunxiao's pupils constricted, and he almost cried out in surprise. Without making a sound, he saw the hand of the lingmu flute Pierce directly into the dark power of the realm and turn into powder in an instant.

It wasn't extremely corrosive, but it spread like poison. The parts of his arm that didn't enter the realm power also disappeared instantly.

Lingmu di frowned, but he did not panic. Instead, he decisively took out the reverse soul sword and cut off one of his arms to avoid a greater injury.

my Lord! Yunxiao cried out in surprise. this power is so strong!

Lingmu Di's body was made of divine steel, the hardest metal in the realm of heavenly martial arts, but it was so fragile.

Lingmu di smiled. that's normal. This is the power of a world. If crushing divine steel can't be done so quickly, I'll be worried.

Your Excellency, do you mean that the stronger the power, the better? " Yunxiao asked.

Lingmu di nodded. that's right. This means that the crack here does not affect the power of the two worlds. Even if there are powerful demons on the other side, it will be extremely difficult for them to tear the power of the two worlds apart and come over.

but I still don't understand, " Yunxiao said with a frown. this is only the power of the devil realm. Why is there no power of the heavenly martial realm? "

Lingmu di laughed. the effect of power is reciprocal. This is the intersection of two realms. The power of the realm of heavenly martial arts is as strong as the power of the devil realm. Otherwise, there will be no balance. Because we were all born in the realm of heavenly martial arts, we were naturally accustomed to it. However, if an external object crossed the realm, it was inevitable that it would be suppressed by the realm power, and it would take a certain amount of time to adapt. Back then when the demon Lord Monarch was split into two, it was also the result of the influence of the world Energy."

I understand," Yunxiao said. if we enter the Devil realm, we will also be suppressed.

that's right," lingmu di said. but as time goes by, you'll get used to this power of suppression and will no longer be suppressed. The space we're in now is still protected by the realm power of the heavenly martial realm, so the demons can't break in."

there's an end to man's power," Yunxiao sighed. but creation is endless.

Lingmu Di's eyes also flashed with melancholy. "Our cultivation is to pursue the Supreme great Dao. Hearing the Dao in the morning, we can die at night, so there is nothing to regret. The demonic Qi here is too strong. Even if you have Emperor demonic essence and cultivate a demonic body, you shouldn't stay here for too long to avoid affecting your mind."

Taken aback, Yunxiao hurriedly told her about how he had been absorbing the demonic energy all the way here.

Lingmu di frowned. the level of your demonic technique is still too low. You have the light glass body of the Prince of the southern region, Xiao fengcan. It can protect your mind for the time being. If you stay here for a long time, I'm afraid it will have a subtle influence. Once you find something wrong, immediately leave this place."

"Alright!"

Yunxiao agreed. He did not feel anything strange for the time being, but he felt a strong desire in his heart to keep devouring the demonic energy to strengthen himself, like a hungry man who wanted to eat.

Lingmu di didn't say anything more. He returned to the divine realm tablet to repair his broken arm.

Yunxiao was sitting cross-legged in front of the demonic dimension, feeling the demonic energy rushing into his face and pouring into his body.

After an unknown amount of time, his mind suddenly moved slightly. He saw a large mass of demonic Qi rush out from the space, which seemed to be different from the previous one.

The density of the demonic Qi was very high. Unlike those small streams, it was like a viscous paste that was constantly rolling.

To Yunxiao's surprise, the ball of fiend energy was absorbing the scattered fiend energy around it like a vortex, sucking in all the thin streams of fiend energy around it.

"That's Yingluo!"

He was shocked to see that the ball of demonic Qi actually began to form human faces. The faces were like those of ghosts and monsters, extremely ferocious, but also a little dull and without intelligence.

"Demonic fiend!"

Yunxiao was taken aback. He had heard mu di say that the demonic energy that had been floating in the devil World for countless years could absorb the essence of the world power and turn into tangible things, which then possessed life. It was also the foundation of all life forms in the entire Devil World, and that was demonic fiends!

Lingmu Di's voice came from the divine realm tablet, "It's just an ordinary demonic fiend, there's no need to panic. There are tens of thousands of such existences in the devil realm, just like the mortals in the realm of heavenly martial arts."

Yunxiao was taken aback. my Lord, you seem to know a lot about the situation in the devil realm. Have you been there before? " he asked.

Lingmu di did not answer.

Yunxiao watched the demonic fiend gradually take shape. Then, the demonic fiend seemed to have noticed him as well. It slowly flew over and opened its mouth to bite him.

The instinct of these demonic spirits was to devour. They continued to drift in the demon world, constantly devouring demonic Qi and other demonic spirits. After an unknown number of years, they could evolve into a higher level, a tenth-grade existence-the Black Flame fiend.

Sensing the extremely strong demonic energy in Yunxiao's body, the demonic fiend opened its mouth and bit down as if it had smelled blood.

Yunxiao was speechless. He had wanted to observe it more carefully.

He directly closed his five fingers together like a knife and directly slashed over.

...

With a hiss, the demonic fiend was split into two. As if in great pain, his original human-shaped face could no longer be maintained and kept twisting.

The two masses of fiend energy were trying their best to absorb The Fiend energy around them, as if they were trying to condense into two fiends. But, after a few breaths, they clearly failed, and directly turned into two masses of pure fiend energy, quietly floating in front of Yunxiao.

"F * ck, this is really fun."

Yunxiao found it interesting. With a casual grab, one of the balls of fiend energy fell into his hand. Under his perception, it was no different from ordinary fiend energy, the only difference being that it was denser.

He casually inhaled it into his body and then grabbed the other ball and inhaled it as well. He immediately felt refreshed. The effect was even stronger than sitting here and absorbing it for hours.

"This is good stuff!"

Yunxiao's eyes lit up as he thought to himself, 'if a few million fiends come, perhaps I can directly break through the extraordinary and become a saint with my demonic art, and step into the peak of perfection.'

Suddenly, a stern voice rang out, "Who is it?"

Then, the black shadow flickered in front of Yunxiao, and without saying a word, it threw a palm at him.

The palm was so powerful that it instantly absorbed all the demonic Qi in the surroundings and expanded to half an acre in size, covering the entire area.

Yunxiao was taken aback. This man's strength was extremely strong, no weaker than his!

...

He took out the sword death and slashed at the red. Immediately, a beam of sword Qi, like a burning white flame, cut a hole in the big hand with a "Chi" sound.

Then, he transformed into a bolt of lightning and disappeared from the spot with a crackle.

"Bang!"

The giant hand missed and exploded in the crack, sending a powerful force in all directions.

Yunxiao was horrified. The demonic energy that came at him had been refined by his opponent, so he flew back a thousand feet in a flash. Then, with a flip of his right hand, he produced a beam of light from the great sorrow Twilight Cloud Mirror, which condensed in front of him and blocked the aftermath.

"Bang! Bang! Bang! Bang!"

Just the aftershock of the attack shattered the mirror.

Yunxiao waved the mirror, and a beam of light shot out. It suddenly grew larger in front of him, like moonlight, illuminating the surrounding space, and the figure of the man appeared.

An ice-cold and snow-white face flickered under the mirror as if it had not seen the sun for decades.

The man was hit by the mirror light, and anger appeared on his forehead. He also felt that it was dazzling, so he used his arm to cover his eyes.

But, Yunxiao had already seen the man's face, and he cried out in surprise, "Lord Yuan de!"

Chapter 1870-battle

The man was touched when he heard Yunxiao's cry. "Who are you?"

"Li Yunxiao," Yunxiao said as he put away the mirror.

The demonic aura around Yuan de had also been completely retracted. When he was shrouded in the demonic aura earlier, Yunxiao could not see through it with his Mystic spirit eyes, and he could not help but be shocked.

"Li Yunxiao? I seem to have heard of it."

Yuan de furrowed his brows, and his eyes were ice cold. "How did you get in?"

"I've just been hired as an honorary elder of the sea of soul formation," Yunxiao said. "I've just been hired as an honorary elder of the sea of soul formation."

"Even honorary elders are not allowed to enter the ancient Devil's well without my permission!" Yuan de said coldly. He pointed at Yunxiao and shouted, "You've barged in!"

Yunxiao chuckled and said, " I guess so. I'm just very curious, so I came in to study it. My Lord, there's no need to be angry.

"Hehe, there's no need to be angry,"

Yuan de laughed coldly, and a dark glint flashed across his eyes."Then let's kill them!"

With a loud cry, he turned into a demonic shadow and rushed at Yunxiao. Five streams of demonic energy flew down from above like giant claws, but when they were halfway through their attack, they suddenly disappeared.

"Not good!"

Yunxiao cried out in his heart as he turned into a Thunderbolt and was about to escape. Suddenly, five streams of fiend energy appeared on the green Thunderbolt and tied him up like iron chains.

The five wisps of demonic Qi were like the sharp claws of a ferocious beast, directly imprisoning him. Even his body of lightning could not escape and could not break free.

Soon after, Yuan de appeared in front of him. He raised his hand and condensed a wisp of demonic Qi, which turned into a slash and struck down.

Yunxiao performed an incantation gesture with one hand, and the giant true devil appeared behind him. With a loud cry, it pressed its palm down, causing the sky to collapse and the earth to sink!

"What? This is Yingluo."

Yuan de's entire body trembled as he looked at the giant spirit in shock. His eyes suddenly burst out with a brilliant light as he roared,"True fiend dharma body! It's a true fiend dharma body!"

"BOOM!"

The palm pressed down like a mountain, crushing the slash. His entire arm exploded in an instant, but the power of the slash was also shattered.

A Heart Flame burst out of Yunxiao's body, burning the five demonic restraints and turning them into ordinary demonic aura.

"That's Yingluo."

Yuan de was taken aback again as he stared at the white flame on Yunxiao's body in disbelief. His eyes were filled with contemplation as he stood there and did not make another move.

"Who are you?" He asked.

I've said it before, li Yunxiao," Yunxiao said with a smile. I've said it before.

Yuan de racked his brains in his memories. Suddenly, his expression changed drastically, and he exclaimed,"You're Gu Feiyang!"

yes! Yunxiao nodded. my Lord, you finally remembered me.

Yuan de's face was filled with shock, which soon turned into a bitter smile. He said, why didn't you say so earlier? I just remembered that the name li Yunxiao is a little familiar, but after thinking about it carefully, it turns out to be your current identity.

"Did you just cast a true fiend dharma body?" his eyes lit up.

Yunxiao nodded.

"Can you teach me this Divine Art? I'm willing to pay any price!" Yuan de was ecstatic. He said it with certainty.

let's talk about it again, " Yunxiao said hesitantly. let's talk about it later.

This move was left behind by beiming Nan's elder brother, the owner of the thousand Autumns tyrannical saber, back in the transdragon pool. Although it was not said that it could not be passed on to others, he did not want to teach it so easily.

Yuan de's face was filled with disappointment as he implored, Feiyang, this is the divine ability of the demon Lord. All of us cultivators of demonic techniques are eager to learn it. Please don't hesitate to spread it!

that's exactly what I'm worried about, " Yunxiao said seriously. now that the demonic technique has spread widely, and even medicinal pills and Mystic artifacts have been added with demonic energy, is it really safe? " Did Lord Yuan de consider the consequences?"

"Consequences?"

"You're overthinking it," Yuan de said with a smile. Any cultivation technique or art was controversial at the beginning, and it was extremely dangerous. Only by going deeper and deeper would he be able to find the method of removing the false and retaining the essence, and then carry it forward. What we're doing is leading the research of demonic Qi."

pioneer? " Yunxiao asked. pioneer? " Demonic Qi had been on the continent for a long time, and its age was unmeasurable. Why had it never appeared on a large scale? Don't tell me that the demonic Qi resources are insufficient. This is indeed a restriction, but there should be many cracks between the two realms over the countless years. As long as you have the heart, it can still satisfy your cultivation needs. Even a sect like the soul Devourer sect, which takes people's souls, can develop, but the cultivators of the devil Arts have never been successful. It can be seen that his shortcomings are far more beneficial."

Yuan de was a little unhappy, and he snorted, but he still endured it, and said,"Even if our predecessors didn't find the way, how do you know we can't? All paths are created by humans, so why can't we create a new situation!"

even if we can create a new situation, " Yunxiao said with a frown, " it's not suitable for such a large-scale expansion under the premise that we can't guarantee that the demonic technique will not go wrong.

“Hmph, a large area?”

Yuan de said coldly, “isn’t it limited to the sea of soul formation?” If I wanted to expand, I’m afraid half of the people in the realm of heavenly martial arts are demonic cultivators!”

Yunxiao was taken aback, and a fierce look flashed in his eyes as he looked at Yuan de. Although it was hard to detect, it could not escape his magical spirit eyes. The man in front of him seemed to really have such an idea!

“My Lord, I think you’ve been possessed by the devil!”

Yunxiao said coldly. From Yuan de’s current performance, he had already discovered the seriousness of the problem.

In the past, Yuan de had also been wooden and dull, and was a man of few words. However, he was definitely not a bad person, or perhaps it could be said that he was definitely not a crazy person. Now, he had clearly become crazy.

“Possessed? Hmph, who in this world isn’t crazy!”

Yuan de’s expression suddenly turned malevolent as the surrounding demonic Qi gushed into his body. hurry up and transfer that true fiend dharma body to me! A huge pressure fell on Yunxiao.

“I’m sorry, I’ve already decided that I won’t teach you.”

Yunxiao’s body was also covered in demonic runes as he withstood the pressure. The red sword killer in his hand emitted hot air, not yielding in the slightest.

“In that case, I can only take you down and search your soul directly!”

Yuan de wasted no more time. He grabbed at the air, and demonic Qi condensed into a huge spear that instantly disappeared.

Yunxiao's pupils constricted. The giant spear did not really disappear, but it was too fast, piercing straight into the void. In the crack full of demonic energy, he could only catch a shadow with his Mystic spirit eyes.

...

But this was already enough!

"Bang!"

The red sword death slashed at the void, and an ear-piercing explosion sounded. The giant spear was split in half by the red sword death as soon as it emerged from the void.

Yuan de was startled, and said, "your strength is extremely weak."

Even if Yunxiao had the strength at his peak back then, Yuan de believed that he could take him down. Because of the demonic aura surrounding the place, even Gu Feiyang would be weakened if he were here.

But at this moment, Yunxiao gave him a vague and unpredictable feeling. Although it was not bottomless, at least it made him feel uncertain.

"Devil essence flash!"

Yuan de waved his hands outward, and a wave of demonic essence instantly shot out. It was like lightning, crackling as it continuously exploded and attacked.

Yunxiao's figure flickered in the void and dodged several attacks. Then, he suddenly slashed out with his sword. The sword beam was like a rainbow as it hit The Fiend flash, as if it had cut off a heavenly River.

Then, with a flash of the Thunder escape technique, he appeared in front of Yuan de and slashed down at his neck!

“Savage!”

...

Yuan de was furious. Not only did the other party not escape, but he also dared to take advantage of him and turn defense into attack. This made him so angry that he laughed and rebuked, “Die!”

“Bang!”

The sound of profound level weapons clashing rang out. Yuan de held a black spear in his hand, which was covered with demonic patterns. He blocked the sword death and Zhan Hong, then raised his leg and kicked at Yunxiao’s heart.

With a sneer, Yunxiao grabbed the heavenly hammer, which instantly brought up a large amount of lightning and smashed down!

“Bang!”

Yuan de kicked the heavenly hammer, and demonic Qi and lightning instantly intertwined. Suddenly, a purple light flew out from the hammer and shot into Yuan de’s foot!

“Bang!”

“Ah?”

One of Yuan de’s legs exploded in an instant, and countless pieces of flesh and blood burst out. In his shock and pain, he still didn’t understand what had happened.

He clearly had the upper hand, so how did his leg explode?

There was no time to think, and Yunxiao would not let go of this opportunity. With a clang, seven lotus flowers appeared on the sword killer's Red sword, and they bloomed one by one.

Yuan de instantly felt that something was wrong. He shook his long spear and deflected the sword death before flying back.

The seven lotus flowers had already flown out and circled around Yuan de before suddenly exploding!

"Bang! Bang! Bang! Bang! Bang!"

The entire passage exploded with a dazzling light. Yuan de roared several times before he was swallowed by the flames.

But, Yunxiao knew that his opponent's strength was not limited to this. He had only wounded him by chance with the purple Thunder, which gave him the upper hand. He suddenly condensed his sword energy and sent out thirty-six Northern heaven cold star swords.

Countless sword talismans condensed in the sky and turned into the million sword picture, falling into the fire like a heavy rain!

"Bang! Bang! Bang! Bang!"

With a series of explosive sounds, the aimless and crazy rain of swords swept through the passage!

Soon after, the northern heaven frigid star sword flew back and returned to his body. The ice fiend Heart Flame was also gradually extinguished, and a stream of demonic Qi rushed out from within and fled a few thousand feet away from the original spot. It was the disheveled Yuan de, who was covered in blood!

“Argh! Damn it! Gu Feiyang, I’m going to kill you!”

Yuan de let out a few wild roars before turning around and disappearing into the endless darkness. He immediately fled.

even Yuan de, who controls the ancient Devil’s well, has been deeply affected and almost suffered from Qi deviation. This is indeed a big problem. The research and production of devil Qi must be stopped immediately, or the consequences will be unimaginable!

With a heavy expression, Yunxiao turned and flew back.

Although there was some element of luck in his battle with Yuan de, the other party was an expert who had reached the peak of perfection. He was already very satisfied to be able to seriously injure him and force him to retreat.

He thought to himself that if he had used the six ding and six Jia, he might have been able to capture Yuan de.

However, he was not familiar with the six ding and six Jia, and the corrosive nature of the demonic Qi was too strong. If he were to be damaged in this battle, no one in the world would be able to cultivate it. It would really not be worth it.

All kinds of thoughts flashed through his mind. He immediately raised his escape technique to the limit and finally arrived at the exit after several hours.

He saw a group of people outside the entrance of the ancient Devil’s well. He didn’t know what they were doing.

“He’s here, he’s out!”

Suddenly, someone exclaimed, causing an uproar. Dozens of gazes were cast over.
