

## **The Eternal 1881**

### Chapter 1881

#### 1881 Unwilling

“Land of godhood? Man-made?”

The three of them were shocked, their gazes landing on Yu Sheng Feng.

“Since the eternal world is about to open and we’re allies, there’s no harm in telling you,” Yu Shengfeng said. After the demon-sealing war a hundred thousand years ago, the path to becoming a god was completely closed. In order to step into the God Realm for a hundred thousand years, countless experts have tried all kinds of ways. The eternal world is the space of God that was opened up by the ancient Heavenly Phoenix Feather!”

“The ancient celestial Phoenix?” qu Hongyan asked. It’s said that the heavenly Phoenix has its own spatial abilities and can travel through territories at will. It’s the king of all birds and is second only to the true dragon among the countless true spirits. It’s not impossible to use its feathers to open up space, but what’s the point of becoming a god?”

Yu Sheng Feng rolled his eyes at her, “how would I know, the opening of the eternal world might be the best opportunity ..”

Qu Hongyan said, “but we need the natural moat ocean’s order to enter the heaven of Langya.”

“Hahaha!”

Yu Shengfeng laughed and said, “Palace Master is really kind. At our level, why would we need that token?” It’s best if you give me a token, but you’ll have to go in even if you don’t.”

Qu Hongyan frowned but did not say anything.

the coordinates of the Fairyland in the North have appeared, ” Yunxiao said. but it will take some time for the entrance to be fully opened. He stared at the token. The color of the coordinates was wax yellow, with only a little Scarlet. Only when the entire coordinate turned Scarlet would it mark the opening of the entrance.

“From the appearance of the coordinates to the activation, it will take at least three months, at most half a year,” said Tong Shengfeng. He could use this time to cultivate his mo skills and strive to advance to the next level. Li Yunxiao, do you want to talk to me?”

Yunxiao had obtained several inheritances of the devil master’s demonic techniques, while Yu Shengfeng was a demonic servant and also had demonic techniques. Both of them were the top existences among The Fiend cultivators in the world today.

Yunxiao could not ask for more.

Qu Hongyan immediately entered the divine realm tablet, while Bo Yuqing returned to the magic God Island. Yunxiao and Yu Shengfeng sat opposite each other, each making a hand seal and beginning to communicate.

After all, Yunxiao’s demonic technique was more Orthodox, while Gu Shengfeng’s was the result of countless years of constant deliberation and summary. There were some slight differences, but there were many more changes. At the same time, he also wanted to know about the six paths demonic weapon. As the two talked, they immediately benefited a lot, and both were happy.

Dozens of days later, the two of them were silently nourished by the demonic Qi.

Yunxiao had been meditating for a long time, completely closing his five senses and six Senses. His whole body was one with the environment, and every cell in his body was open. With each breath, the devil Qi was swallowed and spat out, flowing through his meridians and dantian before being deposited.

It was as if he didn’t exist at all. He was just a little demonic fiend who had been floating in the devil World for countless years. He only knew how to absorb energy every day and didn’t have his own thoughts.

“Who is it?”

All of a sudden, Yu Shengfeng shouted, pulling him out of that strange feeling.

Yunxiao was in a daze for a moment. He had a clear feeling that he was dreaming of a butterfly.

He suddenly thought that perhaps it was the influence of the demon master’s demonic vitality in his body. Even the invincible demon master had started from a demonic fiend and continued to grow. Perhaps what he had just sensed was the memory that the demon master had sealed up countless years ago.

At this moment, a figure slowly walked out from the darkness. His eyes were filled with hatred and murderous intent as he stared at the two of them.

Yu Shengfeng laughed, “I was wondering who it was, so it’s Lord Yuan de.” Strange, this place isn’t that big, so where has Lord Yuan de been hiding?”

The person who walked out of the darkness was Yuan de, and the demonic aura on his body was rumbling. It was obvious that he had already recovered his strength in the past few dozen days. His entire body was exuding a wave of energy that was even more powerful than before.

Yunxiao frowned slightly. With his Mystic spirit eyes, he could clearly see that Yuan de’s strength did not seem to be stronger, but was indeed stronger than before.

Lord Chu Shengfeng, this is a private matter between Yunxiao and me, ” Yuan de said coldly. I hope you won’t interfere.

what? ” Yunxiao asked. do you still want to be beaten? ” Lord Yuan de’s Dao heart is truly firm, and his skin is thicker than the city walls. No wonder he was able to become the Vice President. This one is impressed!”

li Yunxiao is my friend, ” Yu Shengfeng chuckled. I can’t just watch you bully him.

Yuan de's face flickered with anger as he pointed at Yunxiao and said, " Gu Feiyang, you're a titled martial sovereign and an honorary elder. Don't you even have the courage to fight me fairly?!"

Your Excellency, this is not the first time you've goaded me, " Yunxiao said with a sneer. you think you can succeed a second time with the same method? "

"Fine. Even if you don't have the Dao heart of a martial artist, don't tell me you're going to abandon your own disciple?" Yuan de coldly asked.

"Yang di?"

Yunxiao was taken aback. In his rage, he unleashed his fiend energy and let out a thunderous roar, " "Yuan de, I've always respected you as a senior, yet you're actually so shameless!"

Yuan de sneered, " don't get too worked up. Yang di is fine at the moment. He's only been sent out on a mission. As long as we have a fair fight, I'll tell you his whereabouts regardless of the outcome!"

He had lost to Yunxiao here last time, which had made him feel indignant.

He always believed that it was because of his carelessness that his body was shattered by the purple Thunder, which allowed Yunxiao to take advantage of him.

The shame of defeat almost made him demonic, and in the battle dozens of days ago, he was seriously injured by the joint efforts of several people. This anger was lingering in his heart, and it was getting deeper and deeper.

Yunxiao also understood Yuan de's situation. Yuan de was not a bad person, or else he would not have been respected only second to Lu congzi in the sea of soul formation for so many years. However, the cultivation of demonic techniques had affected his mind, and now, with a knot in his heart, he had become even more evil.

"After the battle, you must tell me yang Di's whereabouts regardless of the result!"

“Good, this Lord’s words carry enormous weight!”

Yuan de was overjoyed, and his eyes shot out endless battle intent. He wanted to wash away his previous humiliation!

Yunxiao’s face was solemn. He had indeed been lucky in the previous battle. If it had not been for the purple Thunder, it would have been extremely difficult for him to win. Moreover, Yuan de seemed to be a little stronger than before.

“Be careful, I’m going to make a move!”

Yuan de shouted loudly and directly turned into a ball of demonic Qi as he charged down. The simplest and crudest method was to extend a long spear from the demonic Qi and directly stab down!

Lord Yu Shengfeng, ” Yunxiao said. please help me.

Yu Sheng Feng laughed, ”don’t worry, I’m here, I won’t let him kill you ..” He also wanted to see Yunxiao’s current strength, and he was happy to see it.

Yunxiao performed an incantation gesture with one hand while he raised his right hand over his head and grabbed the spear!

Under the tremendous impact, the tip of the spear pushed forward by a few inches and touched the spot two fingers away from his glabella. His body couldn’t help but take a few steps back. With every tap of his foot, circles of demonic patterns spread out and dissipated the power.

“What?”

Yu Shengfeng and Yuan de were both shocked. The other party had actually received such a powerful impact with his body!

At first, Yuan de thought that Ling Han definitely had a divine ability up his sleeve, but he did not expect it to be pure physical power. Instead, he was stunned.

Yunxiao grinned hideously as he grabbed the spear with both hands, lifted Yuan de up, and threw him out.

...

He was strong enough that Yuan de was like a rock that was thrown into the air. He spun a few rounds in the air, but then suddenly sucked in a cold breath.

He saw that the world power of the devil World was in front of him. If he were to crash into it, he would be crushed on the spot. He was so scared that he hurriedly used the stop technique to stabilize his body and slid in the air for thousands of feet.

But, as soon as he stood firm, he saw a green light flash as Yunxiao teleported up and transformed into three heads and six arms. Each of them performed an incantation gesture, and then three seals combined into one and slammed down!

“Kid, you dare to underestimate me!”

Yuan de roared. Although he knew Yunxiao’s identity, he was still furious to see such a young man make such an unscrupulous move.

He also formed his palms and struck out at the same time!

“BOOM!”

The palm prints collided, and the space trembled violently. Rings of devil essence and golden light surged and swept across the two.

Yunxiao grunted. His cultivation base was weaker, so he had to rely on his body to make up for the great pressure. He could only hear the cracking of bones and bones and the twisting of muscles coming from his body.

However, the imperishable golden body was not only extremely powerful, but it could also absorb the damage and turn it into nourishment.

He took two steps back and completely received Yuan de's palm strike. The two of them were in a stalemate!

...

"What?"

Yuan de's eyes were about to burst open. They were as big as copper bells.

Yu Shengfeng was also shocked. He could see that Yunxiao had opened seven divine bodies, and he was only one step away from the completion of his physical body.

However, after a brief emotional fluctuation, he returned to normal. Although there was only one last step left, it was the most difficult step. It was as deep as the sky, and it could not be crossed without a great opportunity.

Yunxiao's body flickered with golden light and devil essence at the same time, and his face turned extremely ferocious under the huge suppression. Suddenly, countless devil energy burst out of his body and instantly condensed into a giant true devil spirit behind him.

The giant Spirit's face was even more intelligent than before. As it glared angrily, its five fingers turned into a small mountain in the air and pressed down on Yuan de.

"Ha!"

Yuan de also glared at him and spat out a black ray that turned into a long spear and pierced through the demonic palm!

At the same time, he increased the strength in his hands again, putting almost all his strength on his palms, trying to crush Yunxiao completely!

“Gugugugugugu!”

Yunxiao’s face paled as he hurriedly performed an incantation gesture with one hand, and then his body exploded with a bang, turning into countless Thunderbolts that scattered in all directions!

Yuan de’s palm strike immediately missed, but the demonic Qi spread out from his palm and caught up to the lightning in circles, wanting to devour it all.

Suddenly, a purple Thunderbolt flickered and scattered the pursuing demonic energy, revealing Yunxiao’s true body. He performed a sword incantation with one hand, and circles of ice fiend Heart Flame flew out of his palm, turning into a sword death that cut the red!

“A sword that won’t be stained by dust!”

It was the sword move on the world sword. As it swept out, the sword Qi slashed down with the dancing flames!

“Ice fiend Heart Flame?”

Yuan de was greatly alarmed, but his body trembled with excitement. He shrieked, “Double rainbow stones, you have double rainbow stones on you!”

Chapter 1882-disappeared

what’s it to you? ” Yunxiao sneered. I have the two stones of Japan.

As the sword swept over, the demonic Qi in its path was burned away by the flames.

After a brief moment of excitement, Yuan de suddenly quivered. He seemed to be a little afraid and did not dare to face the sharp edge head-on, so he hurriedly dodged.

Yu Shengfeng's eyes were also wide open as he stared at the sword in a daze, as if he didn't dare to believe it.

"Swish!"

A sword swept across the sky. Yuan de used several movement techniques to avoid all the flames.

"Rainbow Demon Sword! It's a sword made of two stones!"

Yuan de suddenly sensed the sword intent, and his eyes turned Scarlet. He stared at the sword like a hungry wolf looking at meat.

Yu Shengfeng's body also trembled, and his eyes burst with light. His hands clenched so tightly that his bones cracked, and he was so excited that he trembled slightly.

Yunxiao cursed in his heart. Both of their expressions fell into his eyes, as if they had revealed something they should not have.

"Give me, give me the sword!"

After dodging several sword strikes, Yuan de suddenly pounced over. His face was as ferocious as a fierce beast as he tried to snatch the sword.

"Get lost!"

die! Yunxiao shouted angrily. Suddenly, his sword intent rose, and thirty-six Northern heaven cold star swords flew out like stars in the sky, slashing in front of him like a waterfall and blocking Yuan de.

After that, a sword technique fell down, and the sword World opened up. The thirty-six rays of cold light also refracted into silver light, like a cold Moon shining down, sweeping away all the demonic Qi in their path.

A huge sword talisman formed in the sky and suddenly turned into ten thousand swords!

Yuan de's current state was a little strange. He did not fear the million sword illustration at all and continued to stare at the sword death slashing at Hong. The ferocity in his eyes became more and more intense, like a primordial beast.

With a loud roar, his body swelled up and doubled in height. He suddenly threw a punch at the sword talisman!

"Bang!"

The 10,000 swords exploded in the air. The sword talisman couldn't withstand the power of the punch and began to crack!

Yunxiao's expression froze as he held the red sword in his hand, desperately pouring his primordial energy and fiend energy into it. The entire sword was burned white by the ice fiend Heart Flame.

"Star sword slash!"

Countless sword intents flew up and charged into the million sword illustration as one, slashing towards Yuan de!

At this moment, Yuan de was trying his best to tear the sword realm apart with his hands. The thirty-six Northern heaven cold stars were sent flying when he saw a terrifying sword coming from the sky.

He roared and charged forward like a wild beast without any strategy!

“Swish!”

The sword death easily pierced into his body and opened a hole in his chest. Blood and demonic Qi mixed together and flowed down, making it impossible to distinguish the color.

“Pa!”

Yuan de was seriously injured, but he seemed to be unaware of it. He grabbed Yunxiao’s arm with one hand and the hilt of the sword with the other, as if he did not dare to touch the sword.

are you crazy?! Yunxiao cried out in shock.

“Hahaha, I’m crazy, I’m crazy! This is a neon stone!”

Yuan de was so excited that he tried to grab the sword with all his might, but Yunxiao’s physical strength was so strong that he could not move it at all. give it to me, give it to me! he kept roaring.

Yunxiao’s hair stood on end as Yuan de’s wound continued to expand under the burning of the ice fiend Heart Flame. If this continued, he might die.

If Yuan de were to die in his hands, he would be in deep trouble.

He didn’t care about the other party’s tearing and formed a hand seal with one hand. The red sword killer instantly turned into a white light and returned into his body. In the end, it turned into a lotus pattern in his palm.

“Ah? My neon stone?”

When Yuan de saw the sword disappear, he suddenly turned ferocious as if he had lost his soul. He pounced on Yunxiao with his mouth wide open and tried to bite his head!

Yunxiao was taken aback. His entire arm had been grabbed by Yuan de, and he could not shake it off even if he tried. He hurriedly moved his left palm and slapped it hard on Yuan de's head, blowing it apart with a loud bang!

However, there was no flesh or blood!

"What?"

Yunxiao was taken aback when he saw The Fiend energy transform into more than a dozen fiends in the air, rushing down while screaming.

A new head grew out of Yuan de's neck, and it opened its mouth and bit down again!

is this Yingluo even human?!

Yunxiao was shocked and frightened by the scene. These fiends were far more powerful than the ones he had seen when he first came to the ancient Devil's well.

"Go!"

Suddenly, Yu Shengfeng shouted and a piece of Jade appeared in the air, shooting down ten thousand rays of green light.

In addition, countless runes surged out of the beautiful jade and pressed down from the sky!

Shua shua shua!

Those demonic fiends made strange sounds. When they were illuminated by the green light, they immediately revealed painful expressions.

Then, the precious Jade expanded to half an acre in size and enveloped the area. All the demonic Qi that came into contact with it was instantly dispersed.

Yunxiao immediately felt that Yuan de's strength was greatly reduced under the green light, so he hurriedly performed an incantation gesture with one hand and threw out a purple Thunder, shattering Yuan de's arm and fleeing in a flash.

"BOOM!"

The beautiful jade was finally completely suppressed, and all of the demonic Qi dissipated in an instant. Yuan de also let out a blood-curdling scream, as if he had been crushed into pieces. In the end, he no longer made any sound.

...

Yu Shengfeng frowned and reached out to grab the Jade. The Jade flew back into his body.

Yunxiao was shocked. This precious Jade was the most precious treasure of Yu Shengfeng's, the Imperial carriage. He had seen it before, but he did not expect it to be so powerful. Perhaps, Yu Shengfeng was limited by his own strength and could not fully exert the power of the carriage.

"Is He Dead?"

Yunxiao asked with some concern. If Yuan de died, they would be in big trouble.

If Lu congzi lost this right-hand man, he would definitely make a move in advance and use all his strength to fight against Chu Shengfeng.

Yu Shengfeng shook his head and said, "although I don't know how he escaped, he's indeed not dead." This place seems a little strange, perhaps there are some secrets we haven't discovered yet."

"A secret?"

It suddenly occurred to Yunxiao that Yuan de's two appearances had been inexplicable, and the crack was not big, so he could scan almost the whole place with his divine sense.

Yu Shengfeng was vigilant for a while, but he did not find Yuan de's figure. Then, he turned to Yunxiao and said solemnly, "Is the sword in your hand made of rainbow stone?"

Yunxiao nodded. In fact, he knew that the other party already knew about it, and he only asked so seriously to make sure.

"As expected!"

...

Yu Shengfeng's eyes lit up and he seemed a little excited, you little brat, when you schemed against me earlier, you said that there were still two pairs of them that I didn't know where they ended up. It turns out that one of them is in your hands!

Yunxiao did not know how to answer, so he told her the origin of the stone in full detail.

"What? The secret treasure of the true dragon, the original stone of rainbow?"

Yu Shengfeng shrieked, then beat his chest and stomped his feet, angrily saying, "Those damn hidden families and the damn Wan Bao Lou merchant Union actually have such a divine item! Oh my God, it's a Nihon rough stone. How, how is this possible!"

His eyes were scarlet red as he stared at li Yunde with a more and more ferocious gaze, just like Yuan de's.

Yunxiao was immediately on guard. He dodged and moved hundreds of feet away as he said, "My Lord, you've got a heart demon."

Yu Shengfeng was startled and hurriedly made a hand seal to slowly suppress his inner emotions. After a while, he recovered.

it's just a rainbow stone, " Yunxiao said. it's indeed powerful, but it's not enough to make you lose your mind, my Lord.

Yu Sheng Feng looked at him deeply and snorted,"You don't know much about the demon Lord, so you won't understand the importance of the rainbow stone. He didn't expect that there was a rainbow stone in this world besides the body of the demon master, and it was a raw stone! Could it be that the ancient true dragon had once entered the devil realm?"

A speculation formed in his mind, and then the expression on his face became more and more shocked and complicated, as if he had thought of a series of things.

what have you thought of, my Lord? " Yunxiao said. you can tell me so we can discuss it together.

Yu Shengfeng muttered to himself for a while before shaking his head."I just had a flash of inspiration and didn't think of anything."

Yunxiao knew that he was being perfunctory, but since he did not want to tell him, he could not force him. "Let's go. I'm afraid we can't continue cultivating here. I don't know when Yuan de will come out again."

"Leave?"

Yu Shengfeng's eyes turned cold as he said, " there's still a secret in this crack that I don't know about. How can I leave in peace if I don't solve it? you have the rainbow origin stone, and there's a rainbow stone embedded in your heart. You've also obtained the devil Lord's devil essence and cultivated devil techniques. You can be considered to be someone who has an extreme fate with the devil. Why don't you stay with me and find out what's going on? "

Yunxiao was also surprised by Yuan de's news, so he said, " "Alright, I'll go with Daren so that we can take care of each other."

Yu Shengfeng thought for a moment and said, " can you give me the rainbow Demon Sword? you can name a price. I might be able to do it.

Yunxiao shook his head. I don't plan to do anything for the time being. If I don't want it in the future, I will think of you, Your Excellency.

"Al!"

Yu Sheng Feng let out a long sigh, as if lamenting why he didn't have such good luck, his eyes full of envy, jealousy, and hatred.

Yunxiao did not mention the matter again, but began to observe by himself.

Both of them were peak-level alchemists, and the strength of their divine senses was rarely seen in the world. Coupled with his magical spirit eyes, it was almost impossible for Yuan de to hide.

After the two of them searched for a while, they searched almost every corner of the space, but they still couldn't find a trace.

Yu Shengfeng frowned and said,"how is that possible?" Disappearing and reappearing out of thin air, could it be a bi an?"

"Don't tell me ..." Yunxiao suddenly cried out.

The two of them looked at each other and seemed to have seen each other's answer. They looked at the devil World barrier in surprise!

The only possibility now was that Yuan de had directly escaped into the barrier, but this possibility seemed to be even smaller than if he had disappeared for nothing.

"Impossible, impossible!"

“If he had the strength to escape into the devil World and not die, he wouldn’t have been defeated by you and me.” Yu Shengfeng shook his head.

Yunxiao touched his chin with one hand and said thoughtfully, “Maybe he didn’t enter with his own strength, but with some other secret skill that we don’t know about?”

Yu Shengfeng’s expression became serious as he gently touched the barrier. He was only half an inch away from the barrier and didn’t dare to get too close.

“You’re saying that he has a secret technique to open this Devil world’s barrier? Haha, this deduction is even more terrifying than the previous one!” Yu Shengfeng still shook his head in disbelief.

## Chapter 1883

### 1883 The human face

I don’t believe it either, ” Yunxiao said. but he did disappear under our eyes, and he appeared suddenly without any warning. Daren is an experienced person, you can give an explanation.”

Demonic Qi was constantly gushing out of the barrier, and the two of them felt very comfortable standing inside.

Yunxiao, in particular, had been desperately absorbing devil essence in the battle just now, which was of great benefit to his body.

Yu Shengfeng extended a finger and poked at the barrier. Without any sound, the finger was crushed into dust by the realm power.

After confirming that the realm power couldn’t be broken, Yu Shengfeng sighed and retracted his hand. The devil Qi in the surroundings gathered and condensed into a finger.

if the realm power is indeed unbreakable, ” Yunxiao said, ” then the problem lies in the passage. After all, Yuan de’s ability to suddenly disappear can only be found here. Previously, when he was beaten half to death in the abyss, he still didn’t disappear.”

“Yes, that’s what I’m thinking too.”

Yu Shengfeng waved his hand and the devil essence lock appeared on his arm. He flew up and formed a formation in the air, spreading out like a spider web and extending infinitely.

Yunxiao saw that wherever the chain passed, the demonic energy would avoid it, as if it was very disgusted.

“What?”

Yu Shengfeng’s eyes suddenly opened wide as he looked into the distance. He saw that within the area covered by the devil essence lock, where the devil Qi had dissipated, a cloud of stars gradually appeared. It was speckled with black light, like a Galaxy.

a passageway?!

Yunxiao was also taken aback. There was another passage in the ancient Devil’s well!

“Hmph, there’s indeed a problem!”

Yu Sheng Feng put away the chains and walked towards the passage.

With the removal of the demonic vitality lock, the demonic Qi in the sky rolled over again, annihilating the passage. It was impossible to identify it with the naked eye and divine sense.

The two of them quickly arrived in front of the passage. If they didn’t know that there was a passage in front of them, they wouldn’t have been able to sense it.

“Do you want to go in and take a look?” asked Yu Shengfeng.

let’s go in,” Yunxiao said. since Yuan de can go in, we can naturally go in as well.

“Yes.”

Yu Shengfeng responded and secretly thought that he was actually so cautious and his courage was not as good as the man in front of him. He couldn't help feeling a little ashamed and stepped in first.

As soon as he entered, he immediately felt a shocking demonic Qi blowing in his face. The concentration was dozens of times higher than the outside world.

The two of them were shocked to see such a strong demonic Qi hidden in the ancient Devil's well. They felt that something was wrong.

Even the lingmu flute in the divine realm tablet was alarmed. It said in a solemn voice, “Let's continue forward and investigate the source of this demonic Qi!”

Suddenly, several black lights flashed in front of him. They increased in number and shot over like stars passing through the tunnel.

The two of them looked over and saw that the black light was a long spear formed from demonic Qi, covering the entire passage.

“Hmph, as expected, he's inside. Such a small trick, is Yuan de out of tricks?”

Yu Shengfeng sneered. He shook his right hand and the ancient dust sword was slashed out. It turned into countless roaring sword Dragons and destroyed all the black Spears. It also cut open countless cracks in the tunnel.

“Let's go!”

After the two of them confirmed that Yuan de was in front of them, they increased the speed of their escape technique. With a flash of light, they had already teleported a thousand li.

This crack was not long, and they soon saw the demonic boundary. Amazing demonic Qi poured out of the boundary power.

“That’s Yingluo.”

Yunxiao was taken aback, and what he saw almost blinded him!

There were hundreds of human faces embedded in the boundary wall of the demon world. At a glance, they were so densely packed that it made people’s scalps tingle.

“?!”

Yu Sheng Feng also sucked in a breath of cold air. He was shocked by this scene. what, What is this?!

Those human faces all had their eyes closed, peacefully embedded in the regional wall, it was unknown if they were alive or dead.

“Are these people still alive?”

Yu Sheng Feng looked on in a daze, “how did they enter this regional wall?.” He stretched out his hand and touched the regional wall, but as soon as he touched it, one of his fingers was crushed into dust.

“The power of the realm is not decreasing, what’s going on?”

Yu Sheng Feng said in surprise.

Around Yunxiao’s demonic eyes, strange magatama shapes flickered, slowly sweeping over the faces of the people on the regional wall. Unconsciously, cold sweat flowed down from his temples as he muttered to himself, “How is this possible, Yingluo? how did this happen, Yingluo?”

Yu Sheng Feng saw his somewhat dazed appearance and hurriedly said, “What did you find?”

Yunxiao's lips were a little pale as he said in a trembling voice, " these human faces didn't come in from the realm of heavenly martial arts, but rather, they came from the Tao Wu.

Yu Shengfeng's brows furrowed, and his expression suddenly changed as he cried out, " "You mean Yingluo?"

Yunxiao nodded with a livid face and said, " these human faces came out from the devil realm, which means they are all Devils. They seem to want to break out of the wall, but they are blocked by the realm power of the heavenly martial realm, so they only have faces on them.

Yu Shengfeng was stunned for a moment before he gradually believed it.

Those faces were indeed a little strange, and around the faces, there were also protruding blocks, which were the other parts of the body that were squeezing out.

the space here has already changed, " lingmu Di's voice came. who knows how long those Devils have been inside the regional wall. They actually showed their faces.

"What should we do now?" Yunxiao asked with a voice transmission.

This scene made him a little confused. He had never encountered such a situation before, and he only felt his scalp go numb.

don't worry too much, " lingmu di said. although the face has appeared, who knows how long it will take for it to really pass through the realm power. You may not see it in your life.

"Really?"

...

Yunxiao breathed a sigh of relief and said, " phew, you scared me to death. Since that's the case, I won't bother anymore.

that's just my guess, " lingmu di continued. if the changes here continue, these Devils might come out in the next second.

what the hell should we do? " Yunxiao asked angrily, his face dark.

"Don't be anxious," Ling mudi said."Let's find that Yuan de first and ask him about the situation." He and Lu congzi must know something."

Yunxiao was taken aback, and he thought to himself,'how could I forget Yuan de?

His gaze started to search the surroundings. Not far away beside the regional wall, Yuan de was sitting cross-legged in the void and recuperating from his injuries, as if he did not see their arrival.

When the two of them had first arrived, they had been frightened by the hundreds of human faces and had not noticed Yuan de's existence.

Yunxiao looked over and said in a deep voice, " "Lord Yuan de, shouldn't you give us an explanation?"

Yu Shengfeng also came back to his senses after hearing his shout. He looked at Yuan de with a complicated expression and his face was also gloomy.

Only then did Yuan de slowly open his eyes. He did not put down the seal in his hands, and continued to frantically absorb the demonic Qi, saying,"Didn't the two of you already see and make your judgment?"

Yunxiao did not expect him to be so calm, and he could not help but feel a little strange. "Oh? It seems like Lord Yuan de is already used to this scene. I wonder when this spatial crack appeared, when did Lord discover it, and whether there was any difference between when he discovered it and now?"

...

Yuan de did not move. He was still performing incantation gestures to absorb the devil Qi, as if he had entered a meditative state, and turned a deaf ear to Yunxiao's words.

The two of them waited for a while before Yu Shengfeng became impatient and shouted, "Kid, I'm asking you a question!"

This shout contained a sound wave technique, and even the space trembled. It was like an iron wall crushing over!

Yuan de finally could not move. He opened his eyes and struck down with his palm, cutting apart the power of the sound wave.

"I thought you were dead!" Yu Sheng sneered coldly.

Yuan de's face was full of anger. what I saw was exactly the same as what you all saw. You're asking me? who am I supposed to ask?!

did you or Lu congzi discover this crack? " Yunxiao suddenly asked.

Yuan de furrowed his brows, and only after a while did he say, "It's the chief,"

since you are promoting fiendish cultivators, why don't you announce this crack? " Yunxiao asked. after all, The Fiend energy here is dozens of times more than the outside world. If we let those fiendish cultivators and Warriors in, the sea of soul formation can produce a large number of powerful warriors in a short time.

After saying that, Yunxiao's heart jolted as if he had thought of something, and he could not help but be taken aback.

Beside him, Yu Shengfeng also seemed to have thought of something. The two of them looked at each other in shock, as if they were confirming each other's thoughts.

Judging from the reactions of these devil cultivators, the devil technique was not perfect, but Lu congzi was promoting it unscrupulously. The reason was probably to create a large number of powerful warriors.

Just like Gongyang zhengqi had the Golden-armored death Warriors and Wei Qing had the ghost Asura, Lu congzi might also want to form a secret force of the devil cultivators.

Yuan de did not know what the two of them were thinking, and said, "How can I know what the chief is thinking?"

"Then when did you enter this crack? what was the state of these faces at that time?" Yu Shengfeng shouted with a gloomy face.

Yuan de glanced at the faces, his eyes glimmering. He only said indifferently, "I've forgotten."

"Hmph, you reckless thing, you're an eyesore to me now!"

Yu Shengfeng was furious. He took out the ancient dust sword and walked over step by step, "since you don't know anything, then I'll find the answer myself!"

Yunxiao also teleported and appeared at the entrance of the passage, blocking Yuan de's retreat. He sneered and said, "This young master still wants to see Lord Yuan de perform a sudden disappearance."

Killing intent shot out from Yuan de's eyes, and he coldly said, "Are you really going to start a fight here?"

Yunxiao crossed his arms and looked at him coldly. "It seems that Daren forced us. This crack has already undergone a mutation and is very likely to form an existence like the tiandang mountain range. When that time comes, it will develop into a passageway between the two worlds, and there will be endless trouble in the future. As the Vice President of the sea of soul formation stage, does your Excellency not have any awareness of the safety of the world?"

Yuan de's pupils constricted, and a fierce light shot out of his eyes as he stared at Yunxiao and said, "You really know a lot!"

Yunxiao was about to say something when he saw Yuan de suddenly jump up from where he was and rush straight at Gu Shengfeng. He held a spear in his hand and thrust it down!

"You don't know what's good for you!" Yu Shengfeng mocked.

Gu Chen lifted up a sword light and hacked at the spear. With a bang, the sword light hit the spear, causing demonic patterns to spread out.

Chapter 1884-Demon Lord

Yuan de's body violently trembled a few times, but he was not split apart by Yu Shengfeng's sword. He still tightly held onto the long spear and pressed it against the ancient dust sword, demonic Qi rolling around his body.

"Eh? Your strength is so strong!"

Yu Sheng Feng was quite shocked. Normally, it was impossible for Yuan de to receive his sword, not to mention that he had been injured quite a bit.

be careful, my Lord! Yunxiao's demonic eyes flickered. there's something strange about Yuan de.

He didn't need to say it, Yu Shengfeng also noticed it, but he didn't take it to heart. He smiled and said, "In this world, other than the demon master himself, is there anyone else who can surpass my master's line of cultivation?"

A trace of devil essence gushed out from his body and transformed into three heads and six arms. One of them held the underworld wheel and slashed in the air!

The green light shot up, and Yuan de hurriedly retracted his spear to block it. However, the power of the attack was too strong, and with a “bang,” his entire spear and body were cut in two.

Yu Shengfeng didn't stop. He raised his large sword, and several Jade Dragons coiled around it as he slashed towards the two halves of the body!

“BOOM!”

As the Jade Dragon roared, it shattered the bodies of the yuan de cultivators that filled the sky. They exploded into dozens of demonic spirits that let out strange cries and flew in all directions.

Yu Sheng Feng frowned, “the demonic Qi in my body is actually directly condensing into fiend, what's going on?.”

Yunxiao also found it very strange, as he had encountered it before. He wanted to ask lingmu di, but lingmu di didn't say anything, so he probably didn't know either.

“Gah gah gah!”

Those demonic specters let out strange sounds and flew all over the sky for a while. They gathered in front of him and fused together.

Yu Shengfeng wasn't in a hurry to make a move, as if he wanted to see what was going on.

Very quickly, Yuan de's figure appeared once again. His face was filled with rage. Not only that, a head and a pair of arms had appeared behind him.

“This Suan ni has two heads and four arms?”

Yunxiao and Yu Shengfeng were both stunned.

However, they soon discovered that something was wrong. It was not two heads and four arms, but someone was sticking to Yuan de's back.

It was as if they were conjoined. The person had a head, hands, and feet. He had everything, but their backs were only connected.

"Hehe, did you encounter an expert that you can't deal with? You still have to summon me, hehehe!"

The conjoined twins behind Yuan de let out a cold and sinister voice as they laughed strangely.

"Hmph, enough nonsense, quickly kill these two people!" Yuan de said angrily.

yes, they're not weak at all. One is at the returning to true realm, and the other is at the divine sovereign justice realm. No wonder they forced you to this point.

"But since I've appeared, it's their end!" The person behind him laughed strangely.

Yuan de turned his body and the person appeared in front of him. The person's expression was cold and strange, and demonic Qi was rolling around his body. He also gave off an evil feeling.

"Keke!"

He stuck out his Scarlet tongue, which was several inches long, and licked his lips. He stared at Yu Shengfeng and said, " he actually has a true fiend Dharma idol. Could it be passed down by the Thearch?"

Yu Shengfeng stood up and said coldly, " "Who are you?"

"Hehehe, this King? You won't know even if I tell you, but my name will soon be known throughout the entire heavenly martial continent!"

The man was a little excited, and his eyes were constantly emitting a dark demonic light.

Lingmu Di's voice suddenly came, "We're in big trouble. This person is a Demon Lord from the demon world."

Yunxiao was taken aback and cried out, "How is that possible? Could it be that he broke through the wall?"

"It should be," said lingmu di. It seems that the situation here is more complicated than I thought. I'm afraid it will evolve into a second tiandang mountain range. I don't know what level of Demon Lord he is, but if Xun Shengfeng is defeated too quickly, you should quickly escape."

Yunxiao was a little nervous as he said, "There are levels for demon lords? This person doesn't seem to be too strong, or else why would he be stuck together with Yuan de? he's most likely under the suppression of the heavenly martial arts realm, and his movements are restricted."

the demonic monarch is already the highest life form in the demonic realm," lingmu di said. he evolved from the ten-sided Blackfire fiend and can be considered a creature with full spiritual intelligence. However, even demon lords had different strengths. The demon Lord Emperor who descended back then was the peak existence of the entire demon world. What you said makes a lot of sense. He should be borrowing Yuan de's body to resist the suppression of the heavenly martial realm's realm power. If he was really too strong, he should have been able to adapt to the realm power long ago."

Yunxiao suddenly felt a pain in his head, and the great expansion divine technique kept flashing in his mind, as if some missing memories were slowly opening up. "I remember now! The tiandang mountains also have demon lords!"

Lingmu di said, "the tiandang mountains are a spatial crack. For countless years, there will be fiendish demons. Even the ten-sided Blackflame fiend will come out of the devil World. It's not surprising that it has evolved into a devil Lord with the passage of time. But countless experts have placed seals there, so even the demon Lord will find it difficult to come out."

Yunxiao recalled the time when he was dormant in the Phoenix's consciousness and saw her fighting with the ten-sided Black Flame fiend in the tiandang mountains.

The existence of the true spirit was much longer than that of the demon-sealing war, which showed that the demons had entered the heavenly martial continent for a long time.

However, 100,000 years ago, they encountered the Lord of the demon world, the strongest Demon King, who almost destroyed a world.

your name resounded throughout the heavenly martial continent, ” Yu Shengfeng sneered at the demonic monarch. I’d like to hear your name.

The demonic monarch grinned. listen well. My name is Yi. You can call me demonic min. Or Shijun.

“Oh?” Yu Shengfeng’s heart shook. He had some guesses about Yu’s identity, but hearing the meaning of the name seemed to confirm his suspicions.

what grade of devil monarch are you? ” Yunxiao suddenly asked. what grade are you? ”

The regicide’s pupils constricted as he turned his cold eyes over, almost piercing into Yunxiao’s body. Who are you? you seem to know a lot about my Devil World!

Yu Shengfeng was also shocked,”what level of devil monarch?” What do you mean by that?”

the devil King is the true top existence in the entire devil realm, ” Yunxiao said unhurriedly. he is the devil King. In the devil World, after countless years of absorbing the essence of the world power, the devil Qi could give birth to a trace of spiritual consciousness and condense into a living body, which was the demonic fiend. The demonic spirit was the lowest life form in the demonic realm. After countless years of devouring each other, it could further improve its strength and intelligence, and step into the same level as the ten immortal state in the heaven martial realm. It was called the Black Flame evil spirit. Not only does the Blackfire fiend absorb demonic Qi to cultivate, it also devours demonic Qi. If there’s a chance, it will also devour other Blackfire fiends. Just cultivate like this until its strength breaks through, its intelligence is fully opened, and it becomes a demonic monarch.”

The regicide listened to him quietly, and his eyes became even colder. He said in a cold voice, ” “Where did you learn all this?”

While shocked, Yu Shengfeng also found it strange. He did not know how Yunxiao knew more than he did about the inheritance of demonic servants.

first, tell me what level of devil Lord you are, ” Yunxiao said. it’s said that the Blackflame fiend must devour more than nine of its own kind, or absorb fiend energy to reach the same strength, before it has a chance to evolve into a devil Lord. Even the lowest first level Demon Lord is equivalent to the void extreme divine realm.”

“Void extreme God Realm!”

Yu Sheng Feng was shocked and immediately became extremely alert, his face solemn.

...

“The lowest level?”

The regicide was furious and almost roared, ” “You damn low-level creature! You dare to call this Lord the lowest level of Demon Lord!”

Yunxiao breathed a sigh of relief and said with a smile,“it seems that you are only a first-grade demon.”  
&Nbsp;

“Even if you’re only level one, killing you will be as easy as stepping on ants!” The king Killer said coldly.

“Is that so?” Yunxiao asked. If you were in the devil realm, perhaps you would, but this is the heavenly martial arts realm, and you are still suppressed by the realm’s power. Otherwise, you wouldn’t need to borrow Yuan de’s body to resist the realm’s power.”

The regicide’s face fell as he glared at Yunxiao and said, ” “You’re mostly right, but you’re wrong about one thing. The Demon King’s power far exceeds your void extreme God Realm! There was a basic hierarchy of power in the chaosverse, and all the planes of the universe followed these laws and had corresponding relationships with each other. My power is indeed equivalent to the void God Realm of the heavenly martial realm, but the realm power of the demon Realm is much higher than that of the

heavenly martial realm. Thus, under the same correspondence, my power is indeed far superior to your void God Realm.”

Lingmu di also seemed to have heard of this for the first time. He seemed to have thought of something and looked enlightened. He kept reading, “So that’s how it is, so that’s how it is,”

The regicide continued. there’s another level between the ten-sided Blackfire fiend and the demonic monarch. It’s a half-step demonic monarch. It’s equivalent to the divine realm in the heavenly martial realm, but it’s stronger than the divine realm.

so what? ” Yunxiao said. the gap between us has completely disappeared under the suppression of the realm power, and we’ll still beat you up!

“Damn it!”

“You still don’t understand after all that I’ve said?” the regicide angrily said. Even if my power is suppressed by the realm power, it’s still comparable to your void extreme God Realm! As for the two of you, one of you is only at the returning to true realm, and the other is only at the divine sovereign justice realm. How are you going to fight me?”

...

Yunxiao smiled and said, “ I only know how to speak with strength. If you had the cultivation base of the void divine realm, you would have long chopped off their heads. Why would you be here talking nonsense? it’s most likely that you can’t defeat them, so you’re bragging to boost your courage.

“Die!”

The regicide was furious. He left Chu Shengfeng behind and waved his hand. A stream of demonic Qi shot out and spread out in a fan shape in the air, covering the entire passage!

Yunxiao did not dare to be careless. The attack was indeed extremely dangerous, and it had the ability to kill him.

The Tusita heavenly peak flew up from his palm and turned into a small mountain in front of him, using it as a shield.

“BOOM!”

The mountain was cut down and was forced back several feet, causing countless gravel to roll down and six-colored light to spin.

Yunxiao thought he was safe and sound, but he was pushed back a distance by the mountain in the air. His blood and Qi were tumbling and surging, and his body was flashing with a golden light.

Yu Shengfeng’s expression changed drastically. He knew very well how strong the Tusita heavenly peak was. It was already shocking that this regicide sky peak could shake the mountain!

“Let’s join forces and kill him!” He shouted, not daring to be careless.

The arm behind him raised The Dark Wheel and slashed. The small capital Heaven dark wheel formation appeared in the sky and flew forward!

Chapter 1885-worry

“Swish!”

The regicide’s figure flashed, leaving only an afterimage that was cut into pieces by the underworld wheel.

Yu Shengfeng didn’t dare to stay where he was. He teleported away and cast out the devil essence lock, which turned into a cloud of stars.

Yunxiao put away the Tusita heavenly peak as well, then performed an incantation gesture with both hands. The northern heaven cold star sword flew out and danced around him.

The two of them were extremely vigilant, and their divine sense and spirit eyes were looking for the regicide.

The demonic Qi on the wall of realm power gushed out several times and was sucked into a mass of demonic clouds like a hurricane!

The regicide's figure condensed, his hands forming a strange seal, and he shouted, "Exterminate!"

A cloud of shocking demonic Qi spread out and a black light enveloped the area. The entire space trembled so much that it was about to collapse, and it kept on twisting and changing.

Yunxiao threw out the Tusita heavenly peak again and shouted, "Come here!"

Yu Shengfeng teleported down, and the two of them hid behind the mountain peak at the same time. The demonic Qi collided with the six-colored light, and various-colored gravel constantly crumbled.

However, no matter how strong the demonic light was, it could not break through the six-colored light's earth-elemental enchantment.

The entire chaotic space also stretched out and relaxed once again the moment the Tusita peak appeared.

Just as the two of them breathed a sigh of relief, they suddenly felt a chill. The regicide appeared in front of them like a ghost, and its huge hand turned into the size of a millstone as it slapped toward Yunxiao!

It was obvious that the Tusita peak had angered him and he wanted to kill this person first.

Yunxiao performed an incantation gesture with his hand, and the heavenly Sword diagram flew down to protect him. At the same time, he clenched his left hand into a fist beside his body, producing crackling sounds as he condensed purple Thunder!

"BOOM!"

The palm had pushed away the heavenly Sword picture, but it had also absorbed most of its power. Instead of retreating, Yunxiao rushed toward the palm and met it with his left hand.

The purple Thunderbolt spun in his palm, condensed into a small dragon, and suddenly shot out!

“Bang!”

A hole appeared in the huge demonic palm, and the Thunder fire burned the hole, expanding the wound.

Most of the pressure from the palm force dissipated as Yunxiao transformed into a Thunderbolt and shot forward, fleeing a thousand feet away.

At this moment, Yu Shengfeng also threw out the Royal carriage. Countless runes flew into the air and turned into a white world that pressed down on the regicide.

The regicide’s palm missed and was injured. He was furious and retracted his hand after roaring a few times. He clenched his fist and punched at the white light!

“BOOM!”

The runes that filled the sky trembled and shattered one after another. The Royal carriage became transparent, and a faint golden light appeared. It suppressed the demonic Qi and did not dissipate. It directly fell down!

“What?”

The regicide’s expression changed drastically, as if he couldn’t believe it. His fist shattered under the suppression of the carriage, turning into countless demonic Qi and hundreds of demonic fiends, screaming wildly.

Yu Shengfeng's expression darkened as he slashed out with his ancient sword. Countless Jade Dragons flew up and shattered the demons!

"Bang! Bang! Bang!"

There were explosions everywhere, demonic Qi was everywhere, and the situation was chaotic.

Yuan de was extremely shocked and furious. He cursed behind him, "Didn't you say that with your strength, you are invincible in the realm of heavenly martial arts? How come you can't even take care of two small fries!"

"Shut up!"

"If not for the realm's suppression, I would have long crushed them into pieces!" The regicide was furious and roared.

"Losers always have many excuses," Yuan de sneered.

"Shut up, shut up!"

The regicide roared again and again, his face twisted, "Wait until this Lord gets used to this realm power, the first one I'll dismember is you into ten thousand pieces!"

"We'll talk about it after you're alive," Yuan de snorted coldly. "I think you'll most likely be killed by them this time."

The regicide was so angry that he almost fainted. He roared, "If you say another word, I'll kill you right now! At worst, I'll just return to the devil realm!"

Yuan de immediately fell silent and closed his eyes.

Suddenly, there was a flash of light in the sky, which turned into hundreds and thousands of sword shadows, falling like a heavy rain.

With the sword in his hand, Yunxiao waved it and nine lotus flowers bloomed in front of him, bursting with a dazzling light. Then, he slashed down!

“Star sword slash!”

In an instant, the countless sword lights lost their color and dimmed. The nine lotus flowers shrank in the middle and stuck under the sword essence. Then, they were slashed down!

“That’s Yingluo!”

The regicide felt as if someone was strangling him. He lost his composure and screamed, “rainbow stone! Oh my God, it’s a niongshi!”

His entire body felt uncomfortable. His eyes were wide open, and his face was filled with shock and fear. That terrifying sword had descended, and he only came back to his senses when he was several dozen feet away from him.

The blazing light of the ice fiend Heart Flame was something that no other unique skill could imitate.

The regicide stared at the nine lotus flowers and his face lit up. He roared, “it’s really a neon stone. Haha, that’s great!”

“BOOM!”

Just as he was overjoyed, it was already too late for him to Dodge. He was struck by the sword essence and his body was directly split open.

Then, the nine lotus flowers merged into one and bloomed in the air.

The huge light shot out and completely swallowed the regicide.

“Boom boom boom!”

...

The flower of light kept producing the sound of wind and thunder. The cracked space was also swallowed up and everything was burned.

Yu Shengfeng’s face was also a little pale. He looked at the power of that sword in horror, and his palms were sweating as he asked, “Is He Dead?”

Yunxiao’s chest heaved up and down violently. The sword attack had consumed too much of his strength. Staring at the flower of light, he said coldly, “He’s not dead yet, but soon.”

Yu Shengfeng’s pupils shrank. He immediately raised his ancient dust and slashed out. His sword turned into a million Jade Dragons that rushed into the flowers of light like a tsunami, stirring up the entire sky!

“BOOM!”

Countless Jade Dragons swept in and instantly blew up the devouring power of the ice fiend Heart Flame. The entire crack passage was torn apart again by this attack, and a new crack that was 300 meters long appeared!

A black light rushed out from the explosion and escaped to the demon world’s boundary wall with lightning speed.

Yunxiao’s magical spiritual eyes flickered as he teleported up and caught up with the Emperor killer, then he slammed his palm down!

Purple lightning gathered in his palm and chased after him like a long nail.

“Bang! Bang!”

Two huge tremors sounded, and the regicide’s body crashed into the demon world’s boundary wall. Yuan de’s body was facing everyone, and his chest was directly pierced through by the purple lightning, creating a large hole.

...

“Ah!”

Yuan de seemed to be in extreme pain. His face was constantly contorting as he angrily said, “Damn it, you actually used me as a shield. You lowly minion, get out of my body!”

The regicide did not say a word, his body stuck to the regional wall and kept moving.

Yu Shengfeng was about to attack when Yunxiao stopped him and said, “Wait a moment!”

The two of them looked at the regicide and were shocked to see that his body had started to merge into the regional wall. He had already entered one-third of it.

“He’s trying to escape!” Yu Sheng said in shock.

Yunxiao shook his head and said, “let him go. He’s just one of The Fiend Lords on the wall. It doesn’t make much sense to kill him. Let’s just observe how long it will take him to come out again.

Yu Shengfeng thought for a moment, then agreed with Yunxiao and began to watch quietly.

More than half of the regicide’s body had melted into it. He turned his head and stared at the two viciously, as if he wanted to engrave their faces into his mind forever.

Finally, his eyes fell on the sword in Yunxiao's hand. With a demonic look of desire, he stuck out his long Scarlet tongue and licked it up and down.

”

Yuan de suddenly let out a pained roar and angrily said, "Quickly, get off me!"

The regicide's body was almost completely integrated into the regional wall, and Yuan de's body finally came into contact with the regional wall. Without a sound, he could only watch as he was crushed by the regional power and dissipated into the most primitive demonic Qi.

The two of them were shocked. The visual effect was too shocking.

An expert at the peak of perfection and the Vice President of the sea of soul formation realm had died so quietly and wistfully without leaving any dust behind.

After a long time, Yu Sheng Feng snorted and said, "Those who play with fire will burn themselves!"

Yunxiao fell into deep thought and said, " why did the power of virtue instantly die when it touched the power of the world? how did the regicide come from the devil World? the human faces on the wall are also continuously seeping into the power of the world. How did they do it? "

Yu Shengfeng was stunned, " I've never thought about that. However, I should be able to find information in the Holy region and the sea of soul formation. I'll go back and check it out. In addition, that Rascal most likely knows something."

Yunxiao nodded. Lu congzi must know, and he must also know that the regicide and Yuan de are stuck together. Perhaps he is also responsible for the regicide penetrating the realm power.

Yu Shengfeng's expression was as dark as water as he said coldly, " "This Rascal is so bold, he really dares to play! Where did he get the courage to think that he could control everything?"

A cold glint flashed in his eyes as he said, "Why don't you and I join forces and wipe out that evil disciple as well!"

Yunxiao was taken aback. no! he hurriedly said. you can't! Let's not talk about whether we can kill him together. Even if we can, the death of the chief of the sea of soul formation will surely cause an uproar. Perhaps it will directly cause the sea of soul formation to fall apart."

Yu Sheng Feng unhappily flicked his sleeve and snorted, "You're a person who's always hesitant when doing things. You're too apprehensive, and you're so indecisive!"

"Did I?"

Yunxiao smiled wryly.

Yu Shengfeng said, " now that Yuan de is dead, that unfilial disciple will find us sooner or later. Why don't we strike first? if we strike later, we'll suffer.

my Lord, you came back to the sea of soul formation to deal with him, " Yunxiao said with a smile. do you think you're afraid that he'll come to you? "

Yu Shengfeng revealed a worried expression. I've underestimated the strength of this traitorous disciple. If not for my old friend's avatar in the heavenly abyss, he would have already attacked.

my Lord, " Yunxiao said in surprise. your good friend is Lao Ai, but he can deter Lu congzi? "

"True Lord Meng Ling!" Yu Shengfeng said.

"What? It's him, no wonder!"

Yunxiao's expression changed several times. He had only heard of true Lord Meng Ling, who was the most mysterious person in the entire Holy region.

my Lord, are you afraid that Lu congzi will reveal his trump card after knowing that perfected Lord Meng Ling has left? ”

“If that’s the case, Bo Yuqing and I really can’t resist it.”

Yu Shengfeng was deeply worried. He had come to the soul formation sea with confidence, but after seeing the situation inside the crack, he immediately lost his confidence.

He looked at Yunxiao with a pleading look in his eyes and said, ” “I know that you still have many experts in your Saint artifact. If you help me, I’ll most likely be able to contend with him!”

Chapter 1886

1886 Good luck to you

Yunxiao smiled wryly. you think too highly of me, my Lord. I don’t know how many of them are still in the heavenly martial realm. If there are a dozen of them, I’m afraid the entire world will not be able to withstand them.

“?!”

“Ten or so, don’t scare me!” Yu Shengfeng was startled.

since a Demon Lord can break out of the realm, why can’t there be a second or a third one? ” Yunxiao asked. why can’t there be a second or a third one? ” Daren is so sure that the regicide was the only one?”

Yu Shengfeng was stunned by Yunxiao’s words, but it was indeed very possible.

When these demon lords appeared in the realm of heavenly martial arts, the first thing they had to do was to overcome the pressure of the realm power. Judging from Yuan de’s situation, they seemed to have possessed the bodies of devil cultivators to adapt to the realm power of the realm of heavenly martial arts.

The expressions of the two men changed drastically at the same time, as if they had thought of something, and they both revealed a look of horror.

“Speak!” Yu Sheng Feng said in a deep voice.

He wanted to see if Yunxiao had the same idea as him.

Yunxiao swallowed and said, “Could it be that Lu congzi promoted the demonic Cultivation technique and increased the number of demonic cultivators for the sake of the Tao Wu?”

A chill ran down both of their spines.

Yu Shengfeng’s expression was unusually ugly. He had clearly thought of this.

cough, cough. Feiyang and master are indeed extremely intelligent. No wonder they’re both my greatest worries. An old voice came from the crack.

Both Yunxiao and Yu Shengfeng trembled. They felt a chill run down their spines, and they could not feel any warmth.

Lu congzi was standing quietly at the passage of the crack. He looked calm, and his body exuded an ancient and ancient aura. He also had the aura of a superior, which made people look up to him.

“Unfilial disciple! Do you really want to be condemned by history?”

Yu Sheng Feng angrily rebuked, his face ashen.

Lu congzi said, ‘master, are you saying that I can leave my name behind for thousands of years? I’m very happy to receive such high praise from you, master.’”

chief, why are you doing this?" Yunxiao asked seriously. have you also suffered from Qi deviation while cultivating a demonic technique?"

"Since I'm cultivating a demonic technique, I've naturally become a demon," Lu congzi smiled faintly and said.

Yu Shengfeng stood there in a daze and looked at Lu congzi for a long time before sighing, " my disciple, seal this place and send soldiers to guard it. I'll take your Junior Brother and leave the sea of soul formation. We'll never step in here again.

Yunxiao was a little surprised. Chu Shengfeng's words meant that he had completely admitted defeat and handed over the entire sea of soul formation to Lu congzi.

But was this really a good idea? In the past, he would naturally be happy to see Lu congzi, but now that he had a deep understanding of Lu congzi, how could he hand over the sea of soul formation to such a person? I'd rather let nie Shengfeng regain power.

"Master, are you angry with me? do you want to never see me again?" Lu congzi laughed. Moreover, if master was willing to leave, what about Junior Brother? Is Shidi really willing to do so?"

"What do you mean by this?" Yu Sheng Feng frowned.

Lu congzi smiled and didn't answer. A figure slowly walked out from the tunnel behind him and gradually revealed his face. It was Bo Yuqing. There was no expression on his face, as if he was frozen.

"Yu Qing, you're a coward!" Yu Sheng was shocked.

Bo Yuqing said numbly, " if master is going to leave, then I won't follow master. I'll stay here and help senior brother. I'll try to start a career together and win glory for master.

Chu Shengfeng looked at Lu congzi in anger and said, " "Unfilial disciple! What did you do to him?"

I didn't do anything," Lu congzi said. I just told you what happened back then.

Yu Shengfeng's expression changed drastically as he shouted, "What is it? What nonsense are you making up?"

master, you don't even know what it is. How did you know that I was making it up?" Lu congzi asked in surprise.

Yu Shengfeng's face was dark as he turned to Bo Yuqing, "I don't know what this traitorous disciple told you, but you must not let him provoke our master-disciple relationship."

I'm not provoking you," Bo Yuqing said lightly. I actually understand what happened back then. With such a smart master and senior brother, it's normal for me to be your test subject. To be honest, my hatred for master and senior brother is not as strong as I thought."

Yu Sheng Feng was stunned for a moment and then fell silent.

"Back then, master, you were tempted by the extreme Yin body and wanted to use me as your cauldron, but I saw through you," Lu congzi said. However, this disciple also really wanted to know what was going on with the extreme Yin body, so she played along and let Junior Brother take the lead. The reason why we became enemies later and acted ahead of time wasn't because I wanted to save junior martial brother or because I felt threatened, but because I accidentally discovered this crack!"

Both Hu Shengfeng and Bo Yuqing were shocked, and Bo Yuqing's expression struggled for a moment before returning to normal.

Yu Shengfeng gritted his teeth and said,"I see, I've always felt strange." Even though you've been peeking at the extreme Yin body, it seems that you've acted too early. I thought that it was because your heart wasn't strong enough, or that you've felt master's killing intent and couldn't hold back!"

Lu congzi smiled indifferently. I've always been aware of master's killing intent. I also know that once the ultimate Yin body is cultivated, I'm afraid that you'll be the first to attack me. But I'm not worried about this.

Hmph! Yu Sheng Feng snorted angrily, " you're worthy of being someone I fear. You're really my good disciple!

"Master, you're too kind. After master died and left, Yu Qing naturally fell into my hands. I didn't dare to disobey master's last wish and was determined to complete the extreme Yin body, so I let Yu Qing continue."

Bo Yuqing's face twitched and he said sadly, " "It's just that shizun and Shixiong are using me, I've always known. It's just that at the time of the incident, whether it was when shizun was present or when Shixiong was controlling me, if I had shown the slightest bit of unwillingness or seen through it, would I still be alive now?"

Yu Shengfeng felt a little guilty, as if he had found his conscience, and said,"Back then, shizun did indeed let you down. But right now, he definitely won't harm you. It's better for you to leave with master. Following this sinful disciple will not have a good end!"

Bo Yuqing didn't react and continued, " "I've also sensed many problems with the cultivation of the extreme Yin body, but I'm able to overcome them. It's just that I've never revealed them. Once I show that I'm used to the aegirine and cultivate an extreme Yin body, I'm afraid that will be the end of my life. Thus, all this while, the key to not being able to achieve the extreme Yin body was not because of the flaws in the cultivation method, but because I had always been in conflict with it!"

Yu Shengfeng, Lu congzi, and even Yunxiao were all stunned for a while as they looked at him in a daze.

What kind of helplessness and sorrow was this? he clearly had an extremely strong talent and could cultivate the extreme Yin divine body and become a physical body Sage. However, because he had such a master and senior brother, he would probably die the day his physical body became a Sage.

Bo Yuqing looked at the two indifferently and said, " "That's why I constantly destroyed my meridians to stop the fusion. It wasn't until my body completely collapsed that I finally showed resistance to the aegirine, and a real problem occurred. However, I was truly overjoyed at that time because I didn't need to cultivate the extreme Yin divine body and I could live on. "

Yu Shengfeng's expression was extremely unsightly as he lowered his head in shame.

Lu congzi still looked calm. He suddenly laughed and said, "Tsk, tsk, Junior Brother, I've always underestimated you. I didn't expect you to be so scheming and patient. Haha, you're worthy of being master's disciple and worthy of being my Junior Brother."

so what if he has such a scheming mind and patience?" Bo Yuqing said. he can only drag out an ignoble existence under senior brother's great strategy and wisdom.

that's already very rare," Lu congzi praised. at least you've deceived master and me.

"In that case, I won't say anything if you don't follow me." But why do you want to follow this traitorous disciple?"

Bo Yuqing's eyes flashed, "I'm not following him, I'm following myself. Before I started cultivating the extreme Yin divine body, it was the happiest time of my life. After that, he lived in fear every day. He was afraid that he would accidentally cultivate a divine body and be taken away by his master and senior brother. After that, he drifted in the East Sea and sought a cure, hoping to cure the injuries he had suffered from destroying his Foundation for many years. Now, I want to be myself again, to be Bo Yuqing again!"

...

Yu Shengfeng seemed to have understood something and said,"Are you saying that you want to stay in this crack to cultivate your demonic Arts?"

"Yes!" Bo Yuqing said firmly. With the aegirine, what else is more suitable for me than cultivating mo skills? From today onwards, I'm going to start walking my own path, the path of the strong that belongs to me, Bo Yuqing, instead of continuing to live in your shadows and fears!"

Yu Shengfeng was silent. He didn't know what to say and could only let out a long sigh.

Yunxiao was also quite moved. "I can understand your thoughts, but do you think you can fight Lu congzi if you stay here? It will definitely fall into his hands again and be controlled."

“No one can control me,” Bo Yuqing shook his head. This crack was created by senior brother. In return, I’ll be willing to do something for him. But if I’m not willing, he can’t force me with his threats!”

what? ” Yunxiao frowned. are you really that confident? ” Where did you get your confidence from?”

that’s because my body and Foundation have basically been restored, ” Bo Yuqing said word by word. as long as I have time, I can also step into the extreme Yin body and attain great success in my physical body!

Yu Shengfeng’s body trembled. Although he still found it hard to believe, he could tell from Bo Yuqing’s determined gaze that he definitely wasn’t lying.

He had easily solved a difficult problem that none of his ancestors had been able to solve. Moreover, he had endured so many years of humiliation for fear of being discovered.

Yunxiao heaved a long sigh, knowing that he could no longer persuade him. “We’re acquaintances, I wish you good luck.”

Bo Yuqing gave a light “en” and didn’t say anything else.

...

“Hahaha.”

Lu congzi suddenly laughed and said, “I didn’t think that my Junior Brother would be so outstanding, so scheming, and so tolerant. I’m really happy. None of master’s disciples are easy to deal with.”

Chapter 1887-falling out

Chu Shengfeng said, “ Yuqing, I have indeed let you down in the past. Since you have chosen the path you want to walk, I will not force you. I am also happy for you.

Bo Yuqing’s face was indifferent, without any expression.

Yu Shengfeng continued, " I, Yu Shengfeng, am content to have two such outstanding disciples. However, this crack is a huge matter. I can't have any illusions about it. I must seal it as soon as possible. Otherwise, not only the sea of soul formation, but the entire world will be implicated."

if the world is involved, there will be people in the world to stop it, " Lu congzi said with a smile. why do you have to trouble yourself, master? "

Not only did Yu Shengfeng's face change drastically, but even Yunxiao was furious as he scolded, " "Mr. Chief! You're the leader of the sea of soul formation, the best Alchemist in the world!"

"So what?" Lu congzi asked.

Yunxiao's face was livid, and he clenched his fists so hard that his knuckles cracked. I don't understand. You are already the most respected person in the world. Why do you have to do this? "

Lu congzi's turbid eyes suddenly became clear, as if he had become dozens of years younger in an instant. I can't become a God in this world, so I'll join the devil.

Yunxiao and Yu Shengfeng both trembled.

Bo Yuqing's face also revealed a strange expression, but he was more excited.

"Hahaha!"

Yu Sheng Feng laughed,"to have such courage, then master won't say much!" "Let me test your strength and see if it matches up to your ambition!" He said with a cold look.

Yunxiao's heart trembled, and he knew that Yu Shengfeng had made up his mind to fight Lu congzi.

He was the key. If he helped nie Shengfeng, he might have a chance. Otherwise, with Lu congzi's power in the sea of soul formation, nie Shengfeng would definitely lose.

Lu congzi nodded, then looked at Yunxiao and said, "I wonder what Feiyang's attitude is in this battle between master and disciple? Oh right, I remember that Luo Tian was looking for yang Di's whereabouts a while ago. Hehe, he didn't know that yang di had been sent out on a mission. I also forgot to tell Feiyang about this."

Yunxiao's face flickered, and he could not make a decision for the time being.

li Yunxiao, " Yu Shengfeng said in a deep voice. if this crack continues to exist and develop, you should know the consequences.

Lu congzi said, " this crack has existed for countless years, but there have been no consequences. Occasionally, one or two demonic monarchs break through the realm. This kind of thing has been common since ancient times. I haven't seen anything wrong with it. However, Junior Brother Feiyang has a deep relationship with the sea of soul formation, and this friendship is hard to bear."

you're threatening me, Lu congzi! Yunxiao said angrily. you're threatening me!

"If you don't want to, no one in the world can threaten you," Lu congzi said.

Yu Shengfeng said in a deep voice,"as long as we capture him, your disciple will naturally be saved. Otherwise, not only will we not be able to save your disciple, but we will also be threatened by him for the rest of our lives." You're a smart person, surely you won't make a mistake at this juncture!"

Lu congzi laughed. master is so bad. He has no love for his disciple at all. Feiyang is not that kind of person.

I'm sorry, Lord Chi, " Yunxiao sighed. I can't let go of my disciple.

He revealed a determined expression, turned around, and walked towards the passage.

Yu Shengfeng's expression became extremely unsightly. His origin power fluctuated on his body, and he couldn't calm down. He was going to die if he fought Lu congzi alone.

haha, master Feiyang is really smart. Yang di really has a good master. We, as his disciples, are so envious of him.

Lu congzi laughed and looked at Hu Shengfeng with a proud expression, but his eyes kept turning cold.

Suddenly, his laughter came to an abrupt stop. His body flickered, and he instantly fled several hundred Zhang away. However, a sword Qi still chased after him like a rainbow piercing through the sun.

“Swish!”

He grabbed the white-hot sword light with one hand, and the blood that seeped out was steamed dry, leaving only a circle of dark blood that appeared between his fingers.

“Gu Feiyang! You really don’t care about your disciple’s life anymore?”

Lu congzi roared angrily. His face twisted, and his eyes were spewing fire.

On the other end of the sword beam, a flash of lightning appeared and turned into Yunxiao’s true body. With a cold face, he said, “When I was sure that you were going to use the spatial crack, I had already made up my mind to kill you! Not only for yang di, but also for the people of the world!”

“Haha, the people of the world? Who Do You Think You Are! I’m the leader of the sea of soul formation. I seem to be more qualified to represent the world than you are!” Lu congzi laughed angrily.

Yunxiao sneered. the people of the world never need to be represented by anyone. Even if there is, have you asked them?!

Yunxiao looked fierce, but he was actually terrified. The shock in his heart grew stronger and stronger. Zhan Hong, the sword killer, was held in Lu congzi’s hand, but he could not move it at all.

Not only that, but he also activated his demonic Qi, and circles of ice fiend Heart Flame spread out on his sword, all of which were blocked by Lu congzi.

“There’s still something in this world that can contend against the ice fiend Heart Flame?”

His heart was shaken as he realized that he was in big trouble. This battle would be more difficult than he had imagined.

“Haha, well said!”

Yu Shengfeng laughed out loud. His emotions were at their peak. He raised the ancient dust sword and rushed forward, I haven’t taught you well for so many years, and I’ve finally caused you to become demonic. I feel extremely guilty. Today, I’ll make up for the past and teach you how to be a human!

The big sword emitted a burning sword light and slashed at Lu congzi’s head!

“Hmph!”

Lu congzi snorted in anger. He finally let go of the red sword and slapped it on the body of the sword. With a “ bang “, the heart Flame was ignited.

Yunxiao felt the sword sink, and the recoil was transmitted to his arm, forcing him to take a step back.

After Lu congzi shook off the sword death’s Red slash, he displayed his body technique. His feet moved quickly, leaving countless afterimages. However, his entire body didn’t move much. He just dodged 30 feet away and avoided the sword.

Yu Shengfeng furrowed his brows and snorted as well. His sword aura swept out like a moving dragon, covering the entire space.

Lu congzi still displayed his body technique, dodging left and right, wandering in the gaps. Although it was a little chaotic, everyone present was an expert, and it could be seen that he was taking a stroll in the courtyard with ease.

Yunxiao frowned. Seeing that Lu congzi seemed to be fearless, he knew that the situation today was not good. At the same time, he unleashed his sword force and thrust it forward.

He could clearly see Lu congzi's steps with his wondrous spiritual eyes and accurately predict his next step.

Lu congzi's body suddenly froze. He found that if he moved his feet, he would directly send his chest to Yunxiao's stab, but if he did not move, he would be cut by Yu Shengfeng's sword.

Feeling depressed, he snorted and forcefully changed his position. He raised his foot and kicked sword death slash red. Heart Flame ripples appeared on the tip of his foot and the body of the sword, causing sword death slash red to miss.

Yunxiao was shocked. He was almost certain that Lu congzi was indeed not afraid of the ice fiend Heart Flame, but he had no idea how he did it.

...

After kicking away the red sword, Lu congzi quickly opened his hands and drew a circle in the air. He caught Yu Shengfeng's big sword in his palm and pushed it with the force.

The sword also followed in a circle, and Yu Shengfeng was pulled a step away, and he was thrown several feet away.

Yunxiao's face turned even uglier. From the beginning to the end, Yu Shengfeng had not made a move. He was using a very delicate fighting method, not using an extra bit of strength. It could only be done with a certain degree of control over martial techniques and strength.

To put it bluntly, it was an extremely deep comprehension of the heavenly Dao, wondrous to the extreme.

“You want to kill me? is this all you’ve got? Could it be that the two of Yuan de and the Shidi just now haven’t warmed Feiyang and shizun enough?”

After shaking off the two, Lu congzi flew back hundreds of feet. He looked at them coldly with a sneer on his face.

Yunxiao’s heart turned cold as he said, “Yuan de died an unnatural death. Although he deserved it, he was still on the same path as you. How could you just watch him die?”

Lu congzi didn’t mind and said indifferently, “life and death are determined by fate. He only has this level of strength, so this is his fate.

nonsense! Yunxiao said angrily. He died an unnatural death today because he colluded with you in your evil ways!”

Lu congzi laughed and scolded, “Gu Feiyang, are you crazy? Yuan de was clearly killed by the two of you, yet you’re blaming me for not saving him?”

Yunxiao was taken aback. He stroked his chin and said, “Kill him because he deserves to die. It’s immoral if you don’t save him.”

...

“You’re lying!”

Lu congzi shouted angrily and suddenly opened his hands. Countless golden lights flew around his fingertips and turned into countless sharp lights that shot toward him.

Those sharp lights were silent and could only be caught by the eyes. When he used his divine sense to scan them, he felt nothing.

Yunxiao was taken aback. He could see that there were thirty to sixty flying nails in those sharp lights, and they were all flying toward him and Yu Shengfeng.

To be able to directly conceal the fluctuations of elemental energy and achieve such noiselessness, it was definitely not an ordinary profound level weapon.

Yunxiao did not dare to delay. He shone the mirror at the eighteen flying nails in front of him. As soon as the mirror light flashed, the eighteen flying nails in front of him were clearly seen, and their speed slowed down.

Yunxiao cast an incantation seal on the mirror, and the mirror light immediately turned and split into eighteen beams in front of him, forcibly changing the direction of the flying nails and shooting them all to his side.

“What? the great sorrow sunset Cloud Mirror?”

Lu congzi was stunned for a moment, and his face darkened.

Yu Shengfeng waved his sword and slashed at the flying nails while shouting, “Shadowless demonic nail, it’s useless Against Me!”

“Bang! Bang! Bang! Bang!”

The eighteen long nails were all knocked away by the sword.

Yu Sheng Feng held his sword and sneered, “If you’re only at this level, then I’m really disappointed!”

“I’ll try not to disappoint you, master,” Lu congzi said with a smile.

He spread out his ten fingers and formed a seal in front of him.

Yu Shengfeng was just about to slash out with his sword when the scenery in front of him suddenly changed. A giant pillar appeared, followed by a second, and a third.

Soon, giant pillars surrounded him and trapped him inside.

Yunxiao was also deeply trapped in it. He put away the great sorrow Twilight Cloud Mirror, flew to Yu Shengfeng's side, and said, "A formation?"

Yu Shengfeng's expression was dark. these iron pillars are the thirty-six shadowless demonic nails. He didn't shoot them to attack us. He did it to form a formation.

Yunxiao felt the great pressure coming from the iron pillars and cried out in surprise, "What kind of formation is this?"

Chapter 1888-fierce spirit fiend

what a strong demonic Qi," Yu Shengfeng said in a deep voice. it's most likely related to demons. Let me see if I can break this formation!

He raised his hand, and with a flash of green light, the small capital Heaven dark wheel-great formation immediately flew out.

"BOOM!"

With a huge tremble, one of the iron pillars was instantly cut off, and several other pillars were also cracked.

"It doesn't seem that strong!" Yu Sheng Feng was overjoyed.

But in an instant, his smile froze. A large amount of demonic Qi gushed out from the pillar that had been cut off. It kept churning in the air and condensed into a giant demon. Its upper body was thick and powerful, and its lower body was like a snake.

ten-sided Blackflame fiend! Yunxiao cried out. it's a fiend!

Although this brutal soul was different from the others he had seen before, he could basically tell that it was a brutal soul at first glance.

The other pillars that had been cut apart trembled and soon tore open the cracks. The iron pillars were broken and the evil spirit climbed out.

"There are a total of thirty-six pillars. There can't be thirty-six of them, right?" Yu Shengfeng's face was pale.

"Hehe, there are indeed thirty-six of them. Master's mathematics was not in vain."

Lu congzi's voice was heard, and then a black light fell and stepped on the iron pillar that had been cut off. this is the simplest 36 Tiangang formation. The only difference is that I've used fiendish souls to form this formation. I've never used it before. I've always wanted to find someone to test its power. Thank you, master and Feiyang, for helping me today.

He regained his calm and controlled appearance. He looked quiet with a kind gaze, but the corners of his mouth held a trace of a cold smile that seemed to control everything.

Yunxiao's forehead was covered in cold sweat as he said, " thirty-six evil spirits and thirty-six divine transcendence experts, bi an. You motherf \* cker, are you kidding me? "

I'm the chief Alchemist in the world, " Lu congzi said with a smile. I never joke.

don't be discouraged, " Yu Shengfeng said in a deep voice. do you still remember the regicide? after being suppressed by the world power, its strength fell drastically. These 36 evil spirit fiends definitely don't have the power of a divine being.

“Master’s analysis is reasonable, but do you know why I sealed them in the shadowless nails?” Lu congzi laughed. Firstly, it’s for better use and to be shot out as a hidden weapon. Secondly, these 30 to 60 shadowless nails are made of aquamarine Kirin gold.”

Both Yunxiao and Yu Shengfeng frowned. The aquamarine Kirin gold was indeed a rare and precious material, and its value was even higher than that of the northern heaven cold star Iron, but they did not understand what it meant.

Lu congzi looked at the two’s puzzled expressions and said with a faint smile, ” “It seems that the two of you don’t know much about Crossing Worlds. The grade of Jade Qilin gold is extremely high. Although it’s not a tenth-grade material, it’s still far superior to ordinary ninth-grade materials, so the deeper the laws of heaven and earth it contains. It was used to seal the evil spirits in order to allow them to adapt to the suppression of the heavenly martial realm’s realm power. It’s the same logic as the regicide possessing Yuan de’s body. These evil spirits have existed for a much longer time than the regicide.”

Yu Shengfeng snorted. are you trying to tell us that these evil spirits have adapted to the rules of the heavenly martial realm? that they are very powerful and awesome? that we are going to die for sure? ”

Lu congzi chuckled and nodded. “Shizun is wise, that’s probably what I meant.”

“Get lost!”

Yu Shengfeng shouted in anger. His dark wheel turned and a slash flew out!

“Swish!”

Lu congzi’s figure was cut in half, but it was only an afterimage. A sneer appeared on the corner of his mouth.

In the next moment, Lu congzi’s real body appeared on another iron pillar, and he kept making hand seals.

A large number of formation patterns began to appear on the remaining iron pillars. Then, like an iron cage with its gates opened, ferocious beasts were released. The entire heavenly stars formation was completely shrouded in demonic Qi, and a large number of fierce souls came out of the pillars.

Yu Shengfeng approached Yunxiao and said in a low voice, " Do you have 36 divine transcendence experts in your Saint weapon? "

Yunxiao's face darkened as he asked, " "What do you think?"

Yu Shengfeng's sideburns were dripping with cold sweat as he said in embarrassment, " that's true. There might not even be a monastic robe in the entire realm of heavenly martial arts. However, these evil spirits might not have adapted to the realm power as my sinful disciple said. If they had completely adapted, they wouldn't need to be sealed in the aquamarine Kirin gold.

you're right, " Yunxiao said. but, at least he has broken through the peak of martial arts. Can your fiend lock be of any use? "

Yu Shengfeng smiled bitterly and said, "since that Rascal can come up with a solution, it's most likely that he won't be able to use it. However, we can still try." There are too many evil spirits, how should we fight them?"

you take on eighteen, " Yunxiao said. I'll take on eighteen.

Yu Shengfeng's face was filled with black lines. you're sending me to my death. How many people do you have in your Saint artifact that can be of use? "

Yunxiao thought quickly and asked, " "How many can you deal with?"

Yu Shengfeng muttered to himself for a moment before extending his hand, these evil spirits shouldn't have the power of divine transcendence, but the difference shouldn't be too big. I can only hold back eight at most.

Yunxiao's face darkened as he said angrily, " eight? You mean you want me to deal with twenty-eight of them?"

Yu Sheng Feng wiped his sweat and stretched out two fingers,"I can add two more at most, no more."

With his strength, it was already a bit difficult for him to deal with eight of them. After all, they were all opponents of the ten directions divine realm. Although they were suppressed by the realm power, the heavenly stars formation was also formed by imitating the heavenly stars, so it had a certain amount of power of the realm. With one side losing and the other gaining, it was not much weaker than a true divine transcendence.

Yunxiao's face was still very unsightly. In the divine realm tablet, only qu Hongyan, che you, beiming Nan, lingmu di, the sky-patrolling bull, and the ministers could fight the evil spirits. These people could only deal with a dozen at most, and there was no way he could defeat the remaining ten.

All the brutal souls came out of the iron pillars and stood in a certain order.

Lu congzi grabbed with both hands, and several triangular flags of different colors appeared in front of him. They were the command flag.

He chuckled and said,"have the two of you finished discussing?" I'm also looking forward to a miracle, because I'm tired of the feeling of having everything under control."

Lingmu Di's words came from the divine realm tablet, " the twelve divine beings killing formation that you've used before can trap some of them. We'll come and help you after we've killed the others.

that array is strong, " Yunxiao said in surprise. first of all, my mastery is limited, and second, it's impossible to trap more than a dozen divine transcendence experts, right? "

that's the only way now, " lingmu di said. the key to victory is how many you can trap.

Yunxiao's palms were sweating as he rubbed his fists and said, "I'll try."

try to trap as many as possible," lingmu di said. I think it's better to give Yu Shengfeng eight. If he collapses, we're finished too.

"Alright!" Yunxiao nodded.

master Hu," he said in a deep voice," you should deal with eight of them. Come and help me after you kill them!

Yu Shengfeng stared blankly for a moment, then immediately rejoiced,"Good! As long as you can resist the others, I'll solve it as soon as possible!"

Lu congzi laughed leisurely. judging from the determination on your faces, you must have already discussed it. Then, let me have an eye-opener, hahaha!

His face was full of mockery, and his eyes were full of killing intent.

...

In the entire realm of heavenly martial arts, no one could rival this heavenly stars formation.

He stretched out his hand and pointed at the flags. As if they had all been activated, they shot out light.

All the Black Flame fiend fiends' eyes lit up as if they had suddenly been set on fire. Endless demonic Qi surged up, and then their figures flashed and immediately rushed around the two.

The brutal souls were so fast that the sky was filled with afterimages, as if countless brutal souls were spinning.

Yu Shengfeng let out a loud shout and immediately transformed into three heads and six arms. He formed a hand seal with one hand, held The Dark Wheel in the other, grabbed Gu Chen in the other, grabbed the Imperial carriage in the other, the MA Liang divine brush in the other, and the devil essence lock in the last hand.

As soon as the Dharma true body appeared, all kinds of profound level weapons were launched at the evil spirits. At the same time, the underworld wheel cut open a path and teleported a thousand feet.

It immediately attracted a group of fiends to chase after them.

divine realm tablet! Yunxiao cried out as the divine realm tablet flashed out of his glabella, shooting out a five-colored light and countless golden runes dancing and spinning.

Yunxiao kept using the great realm divine technique, and the power of the world crushed them like a wheel, making the evil spirits not dare to approach, as if they were being suppressed.

In an instant, the light of the divine realm tablet shot out for hundreds of thousands of feet, illuminating the thirty-six iron pillars and the entire heavenly stars array!

Yunxiao was taken aback. Although the divine realm tablet's power of the world was strong, it did not seem to be able to suppress the evil spirits. But under the light of the world, those evil spirits seemed to be greatly affected. They bared their teeth and showed their evil faces as they roared and pounced at him!

...

Lu congzi, who was watching from afar, was also stunned for a moment. His pupils shrank and widened as if he could not believe it.

Several beams of light rushed out of the divine realm tablet. It was qu Hongyan and the others who had appeared and attacked the fierce souls directly.

After lingmu di appeared, his face revealed a rare joy. how could I have forgotten? this divine realm tablet is a heavenly Saint tool, an item that appeared with the opening of the heavenly martial realm. It contains the highest rules of realm power, and it directly produced realm power suppression on these demonic creatures.

” that’s great! ” yunxiao was enlightened. ” we have a greater chance of winning! ”

“Divine realm tablet! That’s the divine realm tablet!”

Lu congzi suddenly screamed, and his eyes almost popped out. His hands clawed in the air as he roared, ” “it’s the divine realm tablet! Your sacred weapon is the divine realm tablet? how is that possible? give it to me, give it to me. It should be mine!”

Yunxiao was speechless and did not bother to pay attention to him. He waved his right hand, and twelve beams of light shot out.

“BOOM! BOOM! boom!”

Every ray of light that landed on the space made a loud noise and then grew to a height of five Zhang, like a giant.

Yunxiao quickly performed incantation gestures with both hands, and the twelve puppets did the same, but they looked a little clumsy.

One of the puppets was remarkably lifelike and exquisite, just like a living, beautiful man. The other eleven puppets were crudely made, like the work of a child.

“A puppet formation?”

Lu congzi came back to his senses after a short moment of losing his composure.

those puppets did not have a very strong aura. other than the beautiful man, the rest of them gave him a sense of mediocrity, but his inner instinct made him vigilant.

Chapter 1889-godfiend giant spirit

After seeing the divine realm tablet, Lu congzi’s killing intent became even more determined.

He also knew something about the divine realm tablet, so he was determined to get it.

Under the intense desire, he became even calmer and more composed as he carefully observed the twelve puppets.

He then grabbed a few triangular flags in front of him and waved them a few times. A brutal soul immediately flew out and attacked one of the puppets.

Yunxiao performed an incantation gesture with both hands and sneered, "All of you, come in!"

He changed the hand seals in his hands, and the 12 puppets changed their hand seals at the same time. A barrier light suddenly opened up and enveloped everyone. It even extended into the distance and pulled Lu congzi into it.

Lu congzi frowned slightly. He was bold because he was skilled. He didn't Dodge or hide. He felt the change in the power of the barrier. It wasn't very strong.

"Is this all you've got?"

He sneered coldly. Although it was a sneer, he did not let down his guard.

Because the puppet formation that could be used by Yunxiao at this time was by no means simple. However, he couldn't see through it, which made him even more vigilant.

The brutal soul that was attacking the puppet clasped its hands together and attacked.

"BOOM!"

The puppet made a hand seal, and a layer of protective white light appeared on its body. However, it was shattered by the fierce Spirit's punch. Its two fists landed on its head, and countless cracks spread all over its body.

what? ” Yunxiao was taken aback. that’s a Suan ni!

Lu congzi’s pupils also shrank, and he looked stunned. Blood was seeping out of the cracks on the puppet’s head and flowing down.

“A living person?” he asked.

Although Yunxiao was also surprised, he knew that it could not be a living person.

The patterns on the puppet’s body cracked continuously, revealing its Jade-like skin.

“Whoosh.”

The puppet raised its hand, and a flash of lightning appeared. Its thumb and index finger joined together, and a formation appeared on its palm with lightning flashing within.

“BOOM!”

A huge beam of light shot out from the puppet’s palm and hit the fierce spirit, forcing it back a few hundred feet.

The evil spirit roared again and again. Its body was covered in lightning, and most of its demonic Qi was scattered. It cried out in pain.

After the puppet’s attack, it withdrew its hand and formed an incantation gesture in front of it, the cold light in its beautiful eyes fading.

It was as if he had done nothing but stand there quietly, allowing time to flow. The blood on his forehead quickly formed a scab.

All kinds of earth-shattering battles were going on in the array, so no one noticed the details of the puppet. Only Yunxiao and Lu congzi were frowning, shocked by the lifelike puppet.

At the same time, Lu congzi's expression turned a little ugly. The strength of this puppet was far beyond his estimation, and the other 11 puppets were most likely not weak either.

He made a hand seal and cast dozens of incantation seals at the same time. They hit the triangular flag in front of him, and the flag light rolled and shone.

Eleven evil spirits flew out of the field, including the one that had been injured earlier and was wrapped in demonic Qi. They attacked the surrounding puppets like big flies.

The pressure on qu Hongyan and the others was immediately reduced. Chu Shengfeng had lured eight away, the puppets had lured twelve away, and the remaining sixteen were held back by them. For a moment, the battle was extremely fierce, and all kinds of terrifying impacts continued to burst out in all directions, but they were all suppressed by the formation and could not be broken.

The divine realm tablet hung high in the air, and the power of the world enveloped the formation. All the demonic specters were suppressed by the endless power of the world, and they became restless.

The twelve evil spirits attacked the puppets in a frenzy. All of the puppets' outer skins were broken, revealing their true appearances.

It was only then that Yunxiao discovered that all of them were beautiful, and they were six men and six women, each with a vivid expression.

Although the twelve puppets had withstood the attack, it was a one-on-one battle and they had not unleashed the power of the formation.

Lu congzi had also noticed this. He could not see through the formation, and the quality of these puppets made him know that they were definitely extraordinary. It must be some great formation left behind from ancient times. If its power was really exerted, his evil spirits might not be enough. That was why he had ordered 12 evil spirits to be sent out to stall all 12 puppets.

Yunxiao pondered for a moment, then slowly cast an incantation seal and disappeared into the air.

Soon after, Thunder and wind came from the formation and it started to shake.

The twelve puppets glowed with flowing light as a portion of their energy was drawn away by the formation. They condensed in the sky and turned into a huge blade that slashed down with dazzling light!

The brutal soul in front of one of the puppets hurriedly turned its head and roared as it threw a punch.

“BOOM!”

The blade light stabbed into the demonic Qi, and the evil spirit's chest was immediately penetrated. It exploded into countless demonic spirits, which scattered in all directions with a “shua shua shua” sound.

Lu congzi was greatly shocked. Although this was the first Evil spirit to be destroyed, it didn't seem to be a good sign!

After the huge blade killed the evil spirit, it did not die. The puppet made a hand seal with both hands and a huge hand appeared on the handle of the sword. Power was constantly transmitted from the array and slowly condensed into a stalwart body with an unclear appearance.

That majestic body grabbed the light blade and stood in front of the puppet. It was as if the puppet had used the giant spirit divine ability!

Sensing the surging power coming from the giant spirit, Lu congzi's face turned ugly. He gritted his teeth and said, “What kind of formation is this?”

Hmph! Yunxiao snorted coldly and said, “the array that will take your life!”

The moment the giant spirit appeared, his confidence was instantly boosted. The so-called twelve divine beings did not refer to these twelve puppets, but the divine beings condensed by the twelve puppets' formation. Although it was his first time seeing it, he was sure that it was the giant spirit in front of him.

He could kill fierce souls with one saber move. If he condensed 12 fierce souls, he could even kill Lu congzi, let alone the 36 fierce souls!

All kinds of incantation seals flew into the array and disappeared in a flash. Yunxiao was full of excitement. The thought of the scene was spectacular, but the array was dazed for a moment, and the incantation seals all dissipated, but they had no effect.

"What?"

Yunxiao was taken aback, not understanding what the problem was.

Lu congzi saw all his movements and immediately heaved a sigh of relief. He shouted, "I'll kill you first!"

He no longer had the time to command The Fiend and let them fight on their own. In a flash, he disappeared from behind the triangular flags and reappeared in front of Yunxiao.

...

His right hand clenched into a fist, while his left hand gently caressed the area in front of him.

A dazzling golden light emerged from his palm and turned into a golden Mace, with twelve segments in total, each of which was covered with hundreds of runes. Then, it was thrown at Yunxiao's head!

Yunxiao was taken aback. Under the strike of the truncheon, all the laws in the surroundings were shattered, as if the world had collapsed, and he could only be destroyed with it.

"Impossible!"

He roared in anger and raised his hand. A flash of lightning appeared, and the heavenly hammer appeared in his hand. It flickered with dense purple light as it smashed towards the Golden flame!

“BOOM!”

The two profound level weapons clashed against each other and the purple and gold devoured each other before exploding!

“BOOM!”

Under the second impact, Yunxiao was knocked back thousands of feet and coughed up a mouthful of blood. He looked up in horror and saw Lu congzi staring at him with a murderous look and a mocking look.

One of Yunxiao’s arms was covered in lightning, with electric arcs jumping and crackling. The hand holding the hammer was trembling as it slowly recovered from the numbness.

you have the divine realm tablet, refined the purple Thunder, and have the help of countless experts. You also have such a terrifying puppet formation. You are indeed worthy of being someone I value. Today, I will kill you personally. You will die a worthy death.

...

With an arrogant look, Lu congzi walked over with the Golden Mace in his hand.

Each move was extremely slow, but it was fused with the power of rules, which shook Yunxiao’s heart and made his blood and Qi boil, unable to calm down.

It was as if a huge pot had been placed in his body, constantly boiling and steaming his internal organs. It was extremely uncomfortable.

His chest was so tight that it felt like it was about to explode, but the space was sealed, so he couldn't shout.

Yunxiao's face turned red as he performed an incantation gesture with both hands and opened his mouth. A sound wave broke through the suppression and rushed out!

Dragon roars the nine Heavens!

A Dragon's Roar seemed to take form and rush into the boundless sky, shattering the frequency of heaven and earth that Lu congzi had adjusted!

Yunxiao immediately felt his body relax, and the boiling feeling in his body disappeared in an instant. He could not help but cough up blood again, but he did not dare to stay any longer. The moment he broke the seal, he disappeared with a flash of lightning.

In the next moment, he appeared beside the fiendish God giant spirit and stood with the puppet, staring at Lu congzi vigilantly.

At this moment, all kinds of fighting were in full swing. Lu congzi's face was gloomy. He teleported to Qu Hongyan's side and hit her with his golden Mace.

But, he glanced at Yunxiao from the corner of his eyes and said sarcastically, "I told you to hide, so I'll kill the people around you one by one. Let's see if you still want to hide!"

Qu Hongyan had killed two evil spirits and was fighting with the other evil spirits. She suddenly felt an extreme danger and a chill ran down her spine.

In his confusion, he was almost hit by The Fiend, and Lu congzi's golden Jian also came.

"Despicable!"

Yunxiao arrived in an instant, his face filled with anger as he slashed his sword at the Golden Rapier. With a bang, it stirred up countless beams of light that devoured both of them at the same time.

Qu Hongyan screamed and rushed into the light. As soon as she got close, she felt a burning sensation. Her skin was in pain and began to be carbonized.

She was so shocked that she stepped back and didn't dare to get any closer.

Inside the light was a huge lotus flower that formed a world of its own. Only Yunxiao and Lu congzi were being roasted by the ice fiend Heart Flame.

Sword death's Red slash and the Golden Jian clashed together, unable to be separated.

However, the hundreds of runes on the Golden Jian all flew out and surrounded the banner, fighting against the ice fiend Heart Flame. However, they were getting weaker and weaker, clearly no match for it.

Although the ice fiend Heart Flame was released by Yunxiao, it was burning more and more fiercely at the moment. Evil souls were being killed outside, turning into countless fiends that flew in the air and exploded when they touched the ice fiend Heart Flame, making the fire burn even stronger like fuel.

Chapter 1890

1890 The mask and the Twin maces

Lu congzi's expression changed, and he said sternly, "Gu Feiyang, once this ice fiend Heart Flame burns a large area, the consequences will be unimaginable. Don't think that you'll be fine just because you have the rainbow demonic sword. You'll also burn yourself when you play with fire!"

Oh?" Yunxiao grinned hideously. Was the chief scared too? This ice fiend Heart Flame didn't have any effect on you, so I thought you weren't afraid. It turns out that the fire wasn't big enough!"

Lu congzi glanced at the sword truncheon. Those runes could no longer resist the power of the heart Flame, and it would break soon. At that time, even the Golden truncheon would melt. He said angrily,

“The ice fiend Heart Flame can burn everything, but my resistance to this Heart Flame is definitely above yours. If you really want to hurt me, you’ll definitely be the first to die!”

so what if I die?” Yunxiao sneered. it’s worth it to die with the top Alchemist in the world.

Not only did he not hold back, but he also poured more demonic Qi into the sword. The flame’s luster seemed to become more transparent, almost losing his control. It continued to devour the surrounding demonic Qi to strengthen itself.

He was naturally unwilling to die with Lu congzi, but he didn’t believe that Lu congzi had no choice.

Outside the light, as the ice fiend Heart Flame continued to expand, the fierce souls all fled in fear and swarmed in all directions, causing the originally intense battlefield to become chaotic.

Many demonic fiends were screaming and running around. They were either killed by qu Hongyan or swallowed by the heart Flame.

“Flying!”

Qu Hongyan was shocked. The ice fiend Heart Flame had also devoured the divine sense, so she could not detect the situation inside.

Lingmu di said in a deep voice, “ don’t be distracted. The divine realm tablet’s light hasn’t diminished. He’s obviously fine. Focus on killing the enemy!

Only then did qu Hongyan react. She looked at the divine realm tablet in the air. The power of the world was not reduced. It was like the sun shining down, giving people a warm feeling.

She hurriedly turned around and pulled out her sword. With a face full of anger and coldness, she once again charged at the evil spirits.

In the raging fire, flames kept rising from Yunxiao and Lu congzi's bodies, burning their bodies. But Yunxiao clearly had the upper hand, while Lu congzi was gradually weakening, and he felt that he could not hold on any longer.

"You don't have the qualifications to die with me!"

damn it! Lu congzi shouted angrily. He finally did not dare to resist the heart Flame. The protective light of the sword Mace had been burned out, and a low humming sound came from the sword Mace.

Suddenly, Yunxiao's heart trembled as a bad feeling welled up in his heart.

Lu congzi's face seemed to have changed and was constantly stiffening. His skin color formed an Earth-like Shell with one side white and the other black, like a Tai Chi fish mask covering his face, leaving only two unchanged eyes.

Yunxiao's pupils constricted as he looked at it with his Mystic spirit eyes. It was indeed a mask, exuding a power that made his heart palpitate, and the black and white colors of the Tai Chi fish seemed to be spinning.

He felt dizzy, as if his soul was captured by the mask with just one look.

Not only that, but the mask also gave him a very familiar feeling. The surroundings spread out around Lu congzi, and the golden light on the Golden Jian shone brightly again.

"This is a Kasaya."

Yunxiao was shocked, but he immediately understood why the man was not afraid of the ice fiend Heart Flame, and why the mask was made of the two rainbow stones!

"Since you already know, there's no chance of you surviving!"

Lu congzi's eyes turned cold, and his golden hairpin turned into a golden light as he struck down!

Yunxiao hurriedly recited the great expansion divine technique to dispel the trance in his mind. Not daring to look at the Rainbow stone Mask again, he raised his sword and blocked in front of him.

“Bang!”

A huge beam of light spread out, and Zhan Hong was pressed against his chest. A vast force hit Yunxiao, and even though he had a strong physical body, he could not help but cough up blood and be sent flying.

“What’s going on?”

His mind was filled with horror. After Lu congzi put on the mask, his strength seemed to have increased several times, and he was completely unable to resist it!

As he was sent flying, the surrounding flames started to weaken.

Suddenly, a Silver Ray swept across the sky, as if it was riding the wind and Breaking the Waves, and all the sea of fire was cut open.

As soon as Yunxiao steadied himself, his face turned pale with fright. Under the silver light was another long truncheon, which was covered in silver light and looked exactly the same as the golden one, but in a different color.

Two words suddenly flashed through his mind, and he exclaimed, “Emperor slaughter, Yi Shi!”

However, there was no time to think. The silver Jian set off a huge wave as it struck down from the sky. The entire Capital Heaven divine demon formation trembled as if it was going to shatter the world!

Yunxiao quickly performed incantation gestures with both hands, sending several incantation seals into the void.

A beam of spirit light came from behind and blocked Yunxiao's way. It was the demonic spirit. The formation light that filled the sky surged like waves, and a large amount of spirit energy fell and poured into the demonic Spirit's body.

The huge blade of light was raised, and it was dazzling. It was like the sun shining on it, and it clashed with the silver light.

The giant spirit slashed out with its saber, directly splitting the sky and striking the silver World destroyers, sending out endless light waves that spread in all directions.

Lu congzi was shocked and furious. He felt a trace of fear for the power of this fiendish giant spirit. He teleported in the air and caught the silver Jian that had been shaken off. He flew down and raised both of the silver Jian high up to strike!

A golden and a Silver ray of light descended from the clouds like a rainbow.

“BOOM!”

The giant spirit raised its saber to resist again. The blade finally shattered and turned into countless pure forces that returned to the array.

The giant Spirit's body was suppressed by the power of the two truncheons and split open like a mountain. In the end, it no longer existed with a bang.

Yunxiao's eyes were like torches as he saw the puppet suddenly tremble and let out a faint cracking sound, while unnoticeable cracks appeared on its body.

He was extremely anxious and tried to recall everything about the puppeteering technique in his mind, continuously casting all kinds of spiritual arts into the formation.

The formation light flashed in the void, and a giant spirit slowly formed in front of another puppet. It was different from the previous one, but it was just as mighty. It held a light sword and stood there like a Guardian.

“What?”

Everyone was shocked, not understanding what was going on with this formation.

Yunxiao was even more stunned. The incantation seal he used was no different from before, but he could not condense two giant spirits at the same time. Otherwise, when the twelve fiendgods appeared at the same time, even two more Lu congzi would die.

However, if one died and another appeared, that would be good too.

Yunxiao touched his chin and fell into deep thought. But, there must be some key points that he had not grasped, and he could not figure them out no matter how hard he racked his brain.

The most depressed and angry one was Lu congzi. These fiendish spirits were extremely powerful, and if they kept appearing, he would definitely lose.

...

He pointed forward with two fingers, and those triangular command flags immediately flew up, turning into rolling devil clouds that connected together, covering the sky and blocking the world power of the divine realm tablet.

“What?”

Yunxiao was taken aback. The array power on the demonic clouds surged and condensed the heavenly Spirit’s corresponding power, which had completely isolated the divine realm tablet.

Without the suppression of the world’s power, the evil spirits instantly became violent and their strength rose!

“Hurry up and disperse the demonic clouds!” Lingmu di exclaimed.

The divine realm tablet was too crucial in this battle. If they couldn't suppress these evil spirits and break through to the level of divine transcendence one by one, they would all be in danger.

Among the few people who had come to fight, Ling mudi, bei Fengnan, the sky-patrolling bull, and the astral wind crocodile were still in good condition. After all, they were almost immortal. However, the ministers, qu Hongyan, and especially Yu Shengfeng, were already covered in injuries and could not hold on alone.

Yu Shengfeng had fought eight vicious souls alone and had already killed half of them. However, he was still heavily injured and was bathed in blood.

At this moment, the demonic clouds covered the sky, and the remaining evil spirits were all freed from the suppression of the world power. Their strength instantly skyrocketed, and they directly hit the few of them until they spat out blood.

Yunxiao was also very anxious. He did not have the time to control the divine beings killing formation as dozens of Maha ancient characters flew out of his palm.

The divine realm tablet in the sky shone even brighter and turned into an immortal monument. It fell down like a mountain, trying to penetrate the demonic clouds!

...

Suddenly, a beam of silver light shot toward him. It was the silver sword Breaker. Under its unparalleled power, the space was crushed, and Yunxiao could only hear the explosions in his ears, almost losing his hearing.

The rest of the people were also shocked by Lu congzi's attack. They had never seen his power after he wore the mask.

Yunxiao could not care less. He threw out the Tusita heavenly peak, which transformed into a giant mountain in front of him.

“BOOM!”

The silver Jian struck the mountain, sending six-colored rays of light into the air. The mountain rumbled as it spun downward, distorting the space within the formation and destroying the formation power of the entire Capital Heaven Divine Evil formation.

The twelve puppets seemed to have sensed something, and golden light flew out of their bodies. Even the puppet with the crack was still moving.

The golden light poured into the boundary of the array and restored the space crushed by the Tusita sky peak. The giant spirit seemed to have locked onto its target, and it raised its big sword to slash at Lu congzi.

“Bang!”

Di tu, the Golden flame Emperor, struck out a dense golden light and shattered the sword force. At the same time, Lu congzi made a hand seal, and the silver mace flew up and hit the giant spirit.

Yunxiao was anxious. He saw that their injuries were getting worse, especially the guest, who was the weakest and kept vomiting blood. If not for his unparalleled divine body, he would have died a long time ago.

With that thought in mind, he immediately executed his demonic technique. The true fiend Dharma image rose into the clouds and grabbed at the demonic clouds with a roar, wanting to tear them apart!

Lu congzi stopped fighting with the fiendish God and giant spirit. He turned around and left, striking the true fiend Dharma idol with his two truncheons. As long as the demonic clouds covered the sky and blocked the suppression of the realm power, it was only a matter of time before he won.

Yunxiao’s pupils constricted as he performed an incantation gesture with both hands. The true devil also manifested three heads and six arms, and as he performed the incantation gesture, demonic energy rolled and filled the sky.

The three Dharma forms had different expressions on their faces, but they all glared at him with either killing intent or a cold smile.

Following which, the sky trembled violently as he stretched out his six arms. A weapon fell from the sky and was caught in his hands.

Knife, sword, dagger, shield, book, lock dagger

The Dharma was solemn, and a sacred and vast power spread out.

The entire world seemed to have stopped for a moment.

Even Yunxiao's heart trembled, as if he had sensed something. His body could not help but tremble, and large beads of cold sweat rolled down his face.

"Gulp!"

Lu congzi's face turned pale, and he swallowed hard. He felt that his throat was dry and burning.

Although the six weapons were only illusionary, they carried a boundless level pressure, as if the power of an entire world was intimidating the demons!
